Resolution No: 49 Madras: junum pen: sioner

1. The Government authorize the pension of Rampury Ramraj being dis: : bursed and continued to him from the date of his application to the Resident at Tanjore, but as no particular reason has been assigned for his long absence of 3½ years, they must decline to sanction the payment of his arrears for that period.

2. In the letter from the Govt

Fort St. George 10th November 1857

Government of India above recorded it is intimated that the Rule laid down in the notification published at page 808 of the Fort St. George Gazette for 1856, in regard to unclaimed Civil Pensions and Pensions to Uncovenanted Servants in the Military and Marine Departments, applies to all pensions under ordinary circumstances.

This letter will be communicated to the Civil Auditor and also the Resident at Tanjore for information and guidance.

3. It is desirable that the Civil auditor should issue a Circular to all Officers paying Civil as well as Political pensions calling their attention to the above notification and requiring them to make known the same to the Pensioners paid by them.

No. 121.

To, I. D. Sim, Esqre.
Acting Secretary to the
Board of Revenue

(384)

Bd. No. 3095

From the Collector of Madras — Sir,

I have the honor to supply thro', in a very general manner, the information called for in Extract Board's Proceedings 29th October 1855, No. 2868, respecting the cost of huts at the Pans, and on sheds at the Cotaurs, for the better preservation of the Salt.

From Supt. 7th July 1857

2. The Superintendent reports that our present system of covering the Salt casts for 10 lacs of Indian Maunds, about 5,330 Rupees, or about 8 annas and 6 Pice per 100 Indian Maunds, and that a permanent shed might be constructed for about a lac of Rupees or at a cost of one Rupee per 100 Indian Maunds. He thinks that huts might be run up at the Pans for about 41,000 Rupees the

Fort St. George 10th November 1857

the Government being at the first expense. but recovering it at the rate of 8 annas per Garce annually, at the same time adding this sum. to the present amount of Coodemarum.

3. The one course appears to me to neutralize the other, and that the Government under this plan would have to bear the cost of the huts.

4. The Board may perhaps be of opinion that the matter may well lie over for the present. To my mind the existing system works well enough, and that we turn out very fair Salt.

Madras, 1st August 1857 } (Signed) B. Cunliffe, Collector.

Proceedings

384-385

Bd's Jr. 3850

Proceedings thereon.

Considering the great expense which would have to be incurred in the erection of sheds and huts the Board concur with the Collector that it is inexpedient at present to make any alteration in the existing system of covering Salt.

2. They remark that probably from a clerical error the charge of the shed is stated in para 2 to be equivalent to 1 Rupee per 100 instead of 10 Indian Maunds.

B. No. 3708.

From the Collector of Bellary, Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 12th Ultimo, No. 2687, objecting to the abolition of Sherkarahs and 3 Peons for meeting in part the expenses of the Printing Establishment reported upon in my letter of the 24th March last, and directing me to make reductions in those Departments in which the labor is lightened by the introduction of printing and also recommending the increase of the Printing Establishment by transferring the English and Vernacular Copyists to the Resp.-

In reply, I have the honor to

2.

report that I could have made arrangements for putting the printing Establishment on a satisfactory basis by a reduction in the other Establishments had it not been that I have proposed no increase of Gomastahs for the work of the revision of the Assessment

Fort St George 11th November 1857

Appointment which has been lately sanc-
-tioned- There are now more Gomastahs
than are necessary for the Current business
of the Collectors Office, and advantage might
therefore have been taken to transfer their
Salaries to the Printing Office- But this
cannot be done until the Revision of
the Assessment is completed, as in my
Estimate of the cost of that work I reckon-
-ed on the services of the full Establish-
-ment of the Cutchery-

3. I therefore take the liberty of requesting
the orders of the Board to postpone the reduction
of the Hoozoor Establishment until the com-
-pletion of the revision of assessment now
in progress, and to allow the arrangement
already made for the Printing Establish-
-ment to be continued till that time-

Bellary Collectors Office,

Signed J. C. Pelly
Collector-

Recorded

Fort St George 11th November 1857.

Bd No 3855.
Resolution thereon.

(388-389)

Resolved that the foregoing letter and a copy
of the Tabular Statement received with the Collectors
letter of the 24th March last be submitted for the
orders of the Right Honorable the Governor
Council-

2. From the above Statement it will be
seen that the Collector originally proposed to dis-
-pense with one Sheristah and two Peons among
the arrangements suggested for providing an
Establishment for his Press- In this part of

3. In the letter recorded above the Collector explains that he could have complied with the Board's requisition had it not been for the circumstance that reckoning on the services of the whole of his Goomastahs for the work of the revision of assessment, he abstained from applying for additional Servants of this grade for this important duty. He therefore requests that the arrangements already made for the Printing Establishment may be allowed to continue until the completion of the revision of Assessment.

Under the above explanation

4. the

17884 Fort St. George 10th November 1857

the Board resolve to submit the Collector's pro-
-position for the sanction of Government as
a temporary measure—

5. The Establishment proposed for
the Pesprs is as follows.—

1 Superintendent	50	—	—
1 Pesprman	7	—	—
1 Canarese Compositor	7	—	—
1 Telugu Do	7	—	—
1 Ballman	6	—	—
1 Extra keeping hand	6	4	—
Total	83	4	—

and the reductions effected to omit these charges are
as follows.—

1 Goomastah at Hozoor	21	—	—
1 — Do — Do	18	—	—
1 English Writer	14	—	—
1 Talook Goomastah	14	—	—
1 Hozoor Peon	6	—	—
1 — Do	5	—	—
1 — Do — Kurkaul	5	4	—
Total	83	4	—

6. The Establishment entertained
seems to the Board inadequate to the work
which it will have to perform and may
have called the Collector's atten-
-tion to the circumstances—

From the Collector } Sir,
of Ganjam }

I have the honor to report that
Dansputt Nauck, the Mookasdar of Keepo-
-ssillie in Purlakemidy, died leaving three
sons. Radhacarana Putnaik the eldest of
these claims the Mokasa village on the
ground that several Mokasas made by
Mr Ruspell have been continued to the
sons and heirs of the original Mokasdars
the services which Dansputnaik rendered
to the State are described in para 70
of Mr Ruspell's printed report on the
affairs of Purlakemidy. In para 140 he
recommends that the Village of Cherpoo-
-ssillie be granted to the above named
Dansputnaik. In para 10 of
the Order of Government dated the
9th December 1834. this grant was con-
-firmed but I no where found
any

* Selections from the Records of the Madras Govern-ment 1856. No XXIV

17888 Fort St George 10th November 1857.

any mention as to whether it was to be continued to the successors of Dansputnaik or resumed on his death during the period of the grant of this Village to Dansputnaik, his services have never been required. I request that you will be pleased to inform me how I am to act in this matter, whether I should permit the family of the late Dansputnaick, to enjoy the Village or resume it at once. The Village yields about Rupees 100 and is subject to a Cuttoolundy of Rupees 50 per Annum. Some of the Villages granted under similar circumstances by Mr Rupell have been continued to the heirs of the original Grantees, and looking at the good services rendered by Dansputnaik, I would think the hard that his son should be the first to lose his Village, but I beg leave to propose that in all future instances 25 per cent be added to the Cuttoobady on the death of the Original Grantee, 25 at the death of his successor, and that on the death of the third in descent the Village or land should revert to Government the family being allowed to hold it at a fair rent.

Ganjam District
Collector's Office
Chittapoor 15th September
1857.

[signed] William Knox
Acting Collector

17887 Fort St George 10th November 1857.
(390-391)

Bd A° 3857.

Resolution thereon. Resolved that the above letter be submitted for the Orders of Government.-

2. The Mocasah Village of Cherpooroo-pillie in Purlakemidy was granted to the deceased Dansputnaik as a reward for valuable services rendered during the Disturbances in Purlakemidy in 1832/36.-

pl 4 to 46 Vol 1 Printed Report forming A° XXIII of Selection from the Records of Govt

3. From paras 70 to 73 of his report it will be seen that these services were highly appreciated by Mr Rupell, and that in bestowing himself friendly to the cause of Government the deceased incurred considerable personal risk.-

4. The grant of the Mocasah was proposed in para 140 of the same report pl 190 Vol 1 and approved by Government in para 10 of Extract Minutes Consultation 9th Decr 1834 / p XXVII appd pl /-

5. Mr Rupell did not expressly state that he intended the grant to be hereditary and the intention of Government is also silent on this point. The terms however in which he mentions the assistance received by him from the deceased satisfy the Court that such was his intention.

6. Mr Knox states that

Sons

17888

Fort St George 10th November 1857.

some of the Villages granted under similar circumstances by Mr Russell have been continued to the Heirs of the Original Grantee but he has omitted to give any particulars or to refer to the correspondence regarding them. The present case should also have been submitted in the usual Tabular form which if properly filled up, affords all the information requisite.—

7. The case however is a peculiar one and the Court are inclined to think that the information contained in Mr Russell's printed Reports will satisfy Government of the propriety of continuing the Village to the Eldest sons of the deceased without the Quit Rent, a measure which the Court would dedicate in the present instance. The Village yields about Rupees 150 per annum and the Quit Rent is 50 Rupees.—

8. With regard to other grants of a similar kind, the Court think it unnecessary to lay down rules. Those not expressly hereditary should be reported on lapse and each can then be dealt with according to the value and character of the services originally rendered.

To J. D. Sim Esqre
Acting Secretary to the Board of Revenue.

Order thereon

(392-393)

Bd No 4196.
From the Acting Collr of Tanjore

Sir,

(394)

I have had the honor to receive your Board's letter dated the 13th instant No 3178 in which I

I regret to find that the Board notice what they consider a "grave omission" on my part in sending on without Comment to Captain Priestley

10th July 1857 a communication to myself from the Sub Collector Mr Cadell

2. Mr Cadell will be requested in his Magisterial capacity to reconsider the matter of the insults and obstructions offered to Lieutenant Hefley and again exert himself to bring the offending parties to punishment.

3. In the absence of Captain Priestley's letter to the Board dated the 12th August last of which I see that a copy will be sent home I shall not trouble the Board with any lengthened explanation at the present time however I deem it just to myself to show that I have all along appreciated the importance of supporting Captain Priestley's operations to which end, when I received his Communication dated the 21st May last, I forwarded to the Sub Collector and joint Magistrate, Mr Cadell, the letter of which I now beg to inclose a Copy

26th May 1857.

4 In subsequently passing on the Sub Collector's Communication of the 10th July to it the Captain

Captain Priestley, I did not expect that the correspondence would there end. With reference to the Sub Collector's remark that if Captain Priestley "had put himself in communication with the Sub Collector, nothing of this kind could have occurred." I addressed the intimation which the Board have noticed that transcripts of Captain Priestley's letters to me of the Marginal dates had been furnished to the Sub Collector leaving it thus clearly to be inferred that with these transcripts in his possession the Sub Collector had all the information relative to the intended Survey which I myself possessed.

* Para 6
† 16th March No 27
31st Do No 34

5. My impression was that under the circumstances Captain Priestley in further reply would have furnished me with such additional information as would have enabled me through the Sub Collector, to sift the Complaint more completely but not hearing again from him the affair passed from my mind and was altogether forgotten by me.

No. 171.

To,

W. A. Cadell, Esqre

Sub Collector and Joint Magistrate

of Tanjore.

Sir,

21st May 1857. I have the honor to forward an original a letter from Captain Priestley, Superintendent of Revenue Survey, and beg to request that such measures may be adopted as will serve in your opinion effectually to repress the insults & annoyances to which his Assistant Simtea Heggy has been subjected.

I shall be glad to learn that your enquiries have enabled you to detect the cause of the difficulties experienced as well as the authors of them. The conduct of the Mauyas would seem to deserve severe notice.

I am Sir
Your most obedient Servant
(signed) H. D. Phillips
Acting Collector

Bd. No. 4240

From the Actg. Collector of Masulipatam

Sir,

Para 1. I have for some months paid much attention to the position that this District occupies as compared with other countries whose staple produce is rice.

2. I have from accounts extending over many years ascertained that 10—6 per cwt. is an average price in London for Madras rice, and that the price fluctuates greatly, while I find that South Carolina rice always commands a steady and high price of 18/ per cwt. I immediately desired to ascertain the cause of this difference but I have not yet obtained any detailed accounts of South Carolina and the rice growing countries of America however I think no demonstration is required when I assert that it would be greatly for the interest of this District and the Presidency generally that its rice could enter the London market and compete with

with the American rice.

3 I believe I am safe in asserting that we cannot grow inferior rice cheap enough to compete with that grown in the wet climates of Pegu and other parts.

4 I beg to annex a very interesting extract from a letter of the Times special correspondent in South America which entirely supports my view that we must attempt by high farming and Machinery to produce rice for Market that will rival that of the American slave states we have as good a climate and as magnificient irrigation work and as intelligent a population, tho' the difficulty of procuring women to beat rice, has within the last few months deprived us of large orders from Merchants in Madras, and I know Machinery would be purchased if procurable.

5 My object in addressing the Board is to solicit that Government be requested to instruct Lieutenant Haig of the Engineers lately ordered to America to report minutely on the cultivation of rice as there practised, and, what is of greater importance, to obtain every information on the Machinery used for beating and cleaning rice. His experience of India and professional skill

skill will enable him to observe what is applicable to India; and the opinion of Lieutenant Haig formed on the spot, would afford satisfaction to Merchants, and others wishing to order Machinery which, it may be remarked is not likely to be met with in England.

Masulipatam
Collectors Cutcherry
23d October 1857

(Signed) J. J. Knox
Acting Collector

Enc: 1

Extract from a letter of the Times special Correspondent in South America.

× × ×

The cultivation of rice requires more skill and care than that of any other kind of grain, and would not be profitable unless those qualities were constantly exercised. A rice plantation is an example of very "high farming" indeed with elaborate appliances of dykes, embankments, canals, locks, and floodgates to guide the artificial irrigation. A fertility equal to that of the valley of the Nile, is produced under conditions much more difficult than those imposed on the Egyptian. The labour and machinery necessary to

to command the supply of water at the proper time and get rid of it again, are much more complicated than the simple ploughing and sowing for the grain of Northern soils and climates. And with the raising the rice plant to ripeness the work is little more than half done; steam mills with yet more expensive machinery are required to prepare the grain for market, the rice planter must be something of a manufacturer also. The grain has to be crushed out of the husk, its inner skin to be scaled off and the germ removed by a process like pounding in a Mortar, and it must be rubbed and brushed to a pearly whiteness and winnowed clear of the dust and flour before it is fit for sale. On the larger plantations the work is done by the private Mills and machinery erected on them but there are public mills in the towns in which the grain is prepared, and payment for the work is taken by a toll. Altogether, raising and preparing rice involves and amount of skilled labour, or skilful direction of labour, equal to that displayed in the highest cultivated countries, there is nothing more perfect, in Belgium or Holland.

426
B. No. 1734
From the Collector of South Arcot. }

Sir,

I have the honor to request that you will be so kind as to bring to the notice of the Board that it has hitherto been the practice in this District

District to pay the Sweepers at the different Public Bungalows from the surplus Chuttrum Funds.

2. The consequence of this arrangement has been that 876 Rupees have been expended from the sum of 6256 Rupees, the appropriation of which was sanctioned by Government under date 5th April 1855 for the purpose of building three Chuttrums on Trunk Road No. 9.

3. Upon referring to the Records, I find that the subject was submitted by Mr. Maltby for the consideration of the Board, in the Department of Public Works, by his letter dated 21st February 1853, and that he subsequently forwarded a Tabular Statement in obedience to the orders of Government contained in Extract from Minutes of Consultation dated 17th May 1853.

4. No final orders however appear to have been passed, authorizing the Collector to debit these charges to the General Revenue, so that the practice of defraying them from the surplus Chuttrum Funds has continued up to

this time.

5. Under the proposed arrangements for furnishing the Travellers Bungalows at Tindevanum and Oolundoorpet with servants and articles of common use the Sweepers who are now there will be absorbed, but there are others employed in Bungalows which are not to be immediately supplied with servants, where it will be necessary to them and these two new Bungalows about to be built on Trunk Road No. 9.

6. I beg therefore to submit a revised Tabular Statement with Copies of the correspondence which has passed on the subject as given in the Margin, and to solicit early sanction for charging the pay of the Sweepers in question to the general Treasury from the 1st of the Current Month (May).

No. 1

Encl. No. 2.

No. 31.

To,

The Secretary to the

Board of Revenue.

Sir, Fort St. George

As the Sweepers at the Public Bungalows continue to be paid from the surplus Chuttrum funds, and this course diminishes the amount which, under the sanction of Government, was to be devoted to works of public utility in the District, I have the honor to address the Board on the subject-

2. In his report of the 31st October 1853, the Collector Mr. Davis when proposing the resumption of the Chuttrum Enams, requested sanction for disbursing in future from his treasury the monthly sum of Rupees 52-8-- on account of the pay of the Sweepers, whose employment at the Public Bungalows was necessary. It would seem that this arrangement was intended to be carried out, as Mr. Davis' recommendation were generally approved, and Government sanctioned the recommendation made by the Board that the surplus

surplus amounts of the Chuttrum funds then in hand should be expended on Public Works in the District- But although it was represented by the Board in their letter to Government that "Sweepers for the Public Bungalows have been provided under the rules" it does not appear that final sanction was obtained for paying these sweepers from the public treasury, and they have since continued to be paid from the surplus Chuttrum funds-

+ 11th July 1857 Para 14.

3. The amount which is available for public Works is thus diminishing and there is a further difficulty about applying the remaining sum to its intended purpose until the pay of these sweepers is provided for- By late reductions in the number of Bungalows the monthly expense on their account is now lessened to Rupees 30 as shewn in the accompanying Statement and I request that the sanction of Government may be solicited for repaying that charge hereafter or from the 1st Proximo from the public treasury-

South Arcot, Collector's Cutcherry, 21st February 1853.

(Signed) E: Maltby.
Collector.

To

No. 221.

To,

The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue, with reference to Para 14 of my letter dated July 11th 1850, to submit the accompanying letter from the Collector of South Arcot recommending that the pay of the sweepers attached to the Public Bungalows in that District, hitherto drawn from the Surplus Chuttrum funds, may from the first instant be defrayed from the public treasury -

No. 596
February 21st 1853.

2. The Board were not aware that the Sweepers had been paid after the resumption of the Chuttrum Enams in South Arcot, differently from those of other Districts, but believed that the escpense was charged to Government under the rules by which bungalows in general have been provided with the usual establishments -

3. It would appear therefore proper that the whole charge from the date of the resumption of the Enams should be transferred to the public accounts

accounts, but should this appear objectionable, the Board would recommend for sanction the Collector's proposition that from the 1st of March the expense of the reduced establishments namely Rupees 30 per month may be charged to Government

Madras, 21st March 1853.

(Signed) J. H. Bell.
Secy: Bd. Revr. D. P. W.

No. 183.

Extract from the Minutes of Consultation in the Public Works Department under date the 17th May 1853.

The Right Honorable the Governor in Council considers it objectionable that the charge on account of the Sweepers entertained in the District of South Arcot for the care of Bungalows provided expressly for the accommodation of European travellers, should be defrayed from the Surplus Chuttrum funds and approves of the proposition to discontinue it and make it hereafter payable from the Public Treasury. He desires however that the proposition be submitted in the prescribed Tabular form in view to the sanction of the Government of India being obtained to the alteration.

In

2. In submitting their application the Board of Revenue will furnish a Statement shewing the Roads on which these Bungalows are situated, and the number of travellers who may have visited them during the years 1851 and 1852 to enable Government to judge of the propriety of recommending the continuance of further expenditure on all of them.

(Signed) W. C. Montgomery.
Chief Secretary.

No. 1122.

Ordered that Copy of the foregoing correspondence be communicated to the Collector of South Arcot, who is requested to report the number of Travellers in the Bungalows referred to during 1851 and 1852, the remaining information required by Government having been supplied in his letter of December 23d 1852.

(426-427)

Bo. No. 3911.

Fort St. George 11th November 1857.

Proceedings thereon-

The prospect of supplying all the public Bungalows in South Arcot with furniture and levying an occupation fee for their use has prevented the Board hitherto from disposing of this reference as the Establishments kept up in the buildings will of course be defrayed from the funds thus raised-

2. The Board request the Acting Collector to inform them briefly how the new system has answered so far as it has been introduced- how much has been received from travellers and the Current expenses incurred for establishment &c.a.-

3. They presume that the batta of the Sepoy in the Bungalows is paid from the General Treasury.-

Reports on the progress of the Printing Press points out the difficulties experienced in Connection with it submits information relative to the amount and value of the work done and requests the sanction of Govt. to disburse the pay of the Head Printer and other additional hands from the proceeds of the work.—

Sir,

The Printing Press for this District Sanctioned by Government under date the 13th December 1855. with its fount of English Types, arrived on the 18th September 1856, and was brought into operation during the last week of that month, by commencing with the various forms of letters and Tabular statements in use in the English Department. The amount of work struck off in the Revenue account and Magisterial branches of this Department up to the end of april last bears an assumed value as per accompanying Statement No 2 of Rupees 71—4—0 and is estimated to be sufficient to meet its requirements for a couple of years. In the Sea Customs, Marine and other minor branches of Salt Stamps &c. the Value of the work done is assumed at Rupees 164—8—0 and is calculated to suffice for a year or in the Customs—

Fort Saint George 11th November 1857.

Custom Department for one Shipping Season.-

2. There is no other or private Press within the District, and it was found that the public would readily avail themselves of the convenience. Out door or Job-work was therefore undertaken after the middle of November 1856, and although some little difficulty was experienced in carrying it out so satisfactorily as could be wished, owing partly to the inefficiency of the present Compositors, and partly to the amount of Type being limited, the Press in the course of the six months ending 30th April 1857 has realized as per Margin

November/56	Rs	12	4
December	"	6	8
January/57	"	82	2
February	"	18	4
March	"	96	12
April	"	89	14
	Rs	305	12
Average	Rs	50	15	4

Rupees 305 — 12 — 4 or on an average of Rupees 50 per Mensem from this Source alone. If to this be added the amount realized by the sale of Manifestos &c. in the Sea Custom and other Departments Viz. Rupees 158 — 9 — 4 the average receipts exclusive of the reduction of Rupees 34½ per Month authorized in the Collectors fixed Establishment will amount to Rupees 7 6. or in the aggregate to Rupees 100 per Month and with reference to Exctract Minutes of Consultation

Fort Saint George 11th November 1857.

of Government dated 6th March last.

I do not anticipate that it will be necessary to make further reduction in the Establishment.-

3 The Press and its Establishment cannot be said to be in fair working order as yet — most vexatious delays have occurred in bringing the Vernacular portion of the Printing arrangements into operation owing to the fount of Malialim Types not having been completed, they were ordered from England on the 2nd December were received in part only on the 9th March last, and is not expected to be complete for another Month or so — When this is received, and a better set of Compositors obtained than we have yet been able to procure, I feel pretty confident that the Press will need no aid from Government beyond that already allowed, and that there is every probability of its being able to meet its own requirements. But until the whole can be brought to work more efficiently, or at least for another year, I would beg to be permitted to defer offering

any

* all double letters wanting

any final proposition as to the actual amount of the Establishment that will be required, and the mode in which the cost should be met.—

6. I have just succeeded in procuring the services of a Head Printer from Bangalore on a Salary of Rupees 30 per Month on the understanding that he acquits himself to my satisfaction in the management of the Press, and so soon as the fount of Mahratta Type is completed it will be necessary to entertain a good Mahratta Compositor on a Salary of Rupees 12— or 15— an additional Ballman on Rupees 5, and a Peon to aid in guarding the Printing Materials and conveying proof sheets &c to and from the Collectors Office on Rupees 5 per Month— I would therefore beg the sanction of Government to disburse from the proceeds &c in hand, Rupees 30 per mensem to the Head Printer from 1st May 1857— being the date he resigned an appointment which he held under the Mysore Commissioner for the present post, Rupees 15/5 to a Mahratta Compositor and additional Ballman, and Rupees 5 to a Peon

Peon respectively from the dates on which they may be entertained.—

Very great difficulty has been experienced in finding qualified persons in this or the neighbouring Districts, and it has therefore been found necessary to give larger Salaries than would be required for Printers in other Districts nearer Madras.—

Nos 1 to 3. 5 The three accounts shewing the amount and Value of Work done by the Press— and how the cost has been met— as required by Extract of Minutes of Consultation of Government dated 12th April 1856. №2375, are herewith submitted. I also enclose a List shewing the quantity of Printing Stock supplied by Government and that procured by me as directed in the Boards letter dated 7th March last.—

(439)

B. of R. No 4311

From the Collr of Canara. } Sir

With reference to para 11 of Extract from the Proceedings of the Board under date the 1st Instant. I have the honor to lay before them the results of the sales of the contracts for the supply of Goa salt required to meet the existing deficiency in our present stocks.

No 3260

	Madras Garce of 424 marcals	Contract rate per garce Rs	as	p
At the Depôts of Pane	700	22	0	0
Mangalore & Buntwalls	640	21	0	0
Mangalore	300	19	4	0
Moolky	100	23	7	0
Cajergode	60	20	0	0
	average 1800	21	0	5

2. The average rates of the contracts made are Rupees 21 — 0 — 5 per garce which I consider favorable under existing circumstances and as compared with the prices paid by Government in former years when we had to make similar purchases from Goa. Prior to July 1857 Goa salt was purchased at about 14 Rupees per Garce. But the increase of traffic in that salt consequent on its admission both on our land frontier and along the Coast has, I imagine raised its value as

		Rs	as	p	
Paid in 1257	1847/48	18	8	0	
1258		19	12	0	
1259		26	3	0	
		64	4	3	
	Average	21	0	9	
Add 6 per cent on the present difference of a Garce of 424 Marcals		1	4	7	
		22	11	4	
Present contract		21	0	5	
Less by		1	4	11	

as the supply is limited and the two last seasons have been unfavorable to the manufacture of Salt.

3 Mr. Robinson proposed the purchase of 2,30,000 Ind: Mds. in his report dated 27th July last and the Board I find recommend in their abovementioned Proceedings that the smallest quantity which can safely be considered sufficient for the years consumption should be purchased. With due attention to these injunctions and the present stocks at our several depôts Mr. Robinson found that his Estimate could not be safely reduced to any great extent. Contracts have been consequently taken for 1,800 Garce or 216,000 Ind: Mds being 14,000 less than the original Estimate and I now solicit sanction for the purchase of this quantity at the estimated Cost of Rupees 38,518 a third of which amount must be advanced to the contractor

Collector's Cutchery ...
Mangalore 27th October 1857

I Signed I. Fisher
Collector

Bd. No. 3878
Resolution thereon.

(439-440)

Resolved that the above letter be laid before Government with reference to para 11 of the Board's Proceedings dated 1st Ultimo No. 3260.

2. The Collector of Canara reports that he has accepted contracts for the supply of Indian Maunds 216,000 of goa salt to make the stock in hand equal to the probable requirements of the District. The rates which average Rupees 21-6-5 per Garce are considered reasonable under existing circumstances and the Board recommend that the arrangement may be sanctioned and that the Collector may be authorised to advance 1/3 of (Rupees 38,518) the purchase money to the contractors

(441)

R. of No. 4313
From the Acting
Mint Master

Sir,

Agreeably to the request conveyed in your letter of the 20th September last, I have examined the Salt balances sent from England; and after trying them at the Salt Stores, and making some slight alterations in them, I have no hesitation in

Fort St George 1st Novbr 1857.

in saying that they are better suited to their purpose than that prepared by Major Bell, although that balance was found by no means unsuited to the work required of it.

2. The balance did not on trial require to be altered in height, but one of the handles used for wheeling it from place to place, coming in the way of the bag, when placed so as to receive Salt from the scale, it was necessary to make the handle so that it might be removed and replaced when required. By this arrangement the Machine answers its purpose exceedingly well, but it might be better still, to have the handles on the opposite side of the balance, with a leg to support it, the right for use, so placed as not to interfere with the bag when standing under the scale.

3. The arrangement of these small Machines is ingenious and clever, and they will facilitate greatly the process of weighing the Salt.

Fort St George, Mint, 2nd November 1857. [Signed] T. C. Cotton, Lieut. Acting Assist Master

Bd No 3898

Order thereon. Ordered that a copy of the foregoing be sent to the Collector of Madras.

The Board believe that a sufficient number of weighing Machines either of Major Bell's pattern or at present shewn at the Mint, and that the best plan will be to write to England for the number required.

2. The Collector of Madras is requested to report on the Machine now in use for coining as soon as he has given it a fair trial, not less than the space of six months allowed by Government. He will give his opinion as to which of the two above referred to, is the best for practical purposes.

3. The Board are much obliged to Lieut Cotton for his ready compliance with their request to examine & report on the Machines.

(441-442)

Fort Saint George 11th November 1857.

(443)

Bd No 4300

From the Collr of Madras

To J D Sim Esqre
Ag Secy. to the
Board of Revenue

Sir

1 The Board will not be unprepared to receive reports of destruction of property in consequence of the late heavy floods

2 I have now to communicate the loss on the salt stored at the Madras Golauns, which I regret to state has been very severe.—

3 The Coumbar was timely opened and our platforms would have been secure from the freshes of an ordinary monsoon, but so continuous was the rain and such the rush of water from the exterior that by the night of the 24th the entire New Platform was submerged and the whole of the salt stored upon it swept off, with the exception of some 25,000 Indian Maunds out of an amount stored of 6,25,000 Indian Maunds

4 Platform No 2, suffered also on the South and west sides, but No 3 being high, escaped with little injury.—

5 The total loss may be given as follows

Platform No 1.	Indian Maunds	3,100
2		16,500
3.		600,000
		6,19,600.

representing

representing as many Rupees at the retail price, but an actual loss in the cost price together with storing charges, of about Rs 93,000

6 I had such a large amount of Salt stored that I had almost decided on suspending the manufacture in the coming season, but under present circumstances it must proceed as usual.—

7 Some 60,000 Indian Maunds. has been reported as destroyed at the pans, a loss which will fall on the manufacturers who will however be compensated by this years manufacture, a contingency of which I had given them little hope.

8 The loses of last year followed by the heavy one now reported, renders it necessary that we should secure ourselves from such accidents for the future.

9 On proposing the formation of the New Platform the estimate provided

provided for raising it to the height to the old Platform, but as material was procured with great difficulty and as the experience of many years had led to the inference that half the proposed elevation only was required under ordinary circumstances, both Mr. Secretary Bourdillon, the Superintendent and I thought the present height sufficient.—

10 It seems now indispensably necessary to raise the New Platform to the level of the old, which we may perhaps be enabled to do by laying on it the material dug from the proposed ditch round Platform No 1 and in widening the ditch round the new Platforms.

11 It was suggested to enter these works in the Budget for 1888/89, but the Government in Extract-Minutes of Consultation under date the 8 October 1887—No 1895 have requested further information as to their "necessity" and proposed entry in the Budget" and this I shall endeavour

From Dt to Chief Engineer 26 August No 2868

representing as many Rupees at the retail price, but an actual loss in the cost price together with storing charges, of about Rs 92,000

6 I had such a large amount of Salt stored that I had almost decided on suspending the manufacture in the coming season, but under present circumstances it must proceed as usual.—

7 Some 60,000 Indian Maunds have been reported as destroyed at the pans, a loss which will fall on the manufacturers who will however be compensated by this years manufacture, a contingency of which I had given them little hope.—

11 It was suggested to enter these works in the Budget for 1885/86, but the Government in Extract-Minutes of Consultation under date the 8 October 1884—No 1895 have requested further information as to their "necessity and proposed entry in the Budget" and this I shall endeavour

From Dr to Chief Engineer 26 August No 2565

endeavour to render, explaining the expediency of guarding our Platform No 1 with a ditch, as it abuts upon the general gathering place for carts from the interior, and pointing out, the necessity of raising the New Platform, and providing the material for so doing from the excavations of the ditch and recommending that the work be taken on hand at once.—

12.— The Railway will have, I think such effect in increasing our sales, that it is expedient to economize our storage space and in this view I beg the Board's permission to revert to the old plan at these Cotaurs of storing in 20 Garce heaps Mr Stokes directed the storage in 10 Garce heaps under Para 10 of the Salt Rules (23rd December 1850) but I see no objection to heaps of 20 Garce, save a greater facility of heaping in excess without detection but with the vigilance now exercised at the Cotaurs I think that we shall guard against this contingency

13.— The Superintendent states that the wholesale dealers will be indifferent to the change, and as we shall soon require to make the most of our available room I shall have to request the Board's consent to the alteration.—

Madras—
3rd November 1857

(Signed) B Cunliffe
Collector

Proceedings

Bd No 3880

Resolution thereon.

Submitted with the Board's remarks and endorsement a letter from the Collector of Madras reporting on the loss of Salt at the Madras Cotaurs occasioned by the overflowing of the Cooum river during the late heavy rains.—

443-464

Resolved that the above letter be submitted for the information of Government.—

2. The Collector reports that notwithstanding the timely opening of the Bar of the Cooum river the fall of rain was so continuous and the influx of water from the interior so great that by the night of the 24th Ultimo the entire "New Platform" was submerged and the almost all the Salt stores on it, swept away. The two other Platforms suffered but not to any considerable degree.

3 The total loss of Government Salt is said to be about Indian Maunds 6,19,600 the value of which at the retail price would be as many rupees but at cost price and charges about Rupees 92,000.—

4 The Manufacturers have also suffered severe loss, 60,000 Indian Maunds being reported as swept away at the pans.—

5 It is to be regretted that the new Platform was not raised to the full height originally intended but the experience of many years certainly seemed to justify the belief that a lower elevation would suffice.—

6 The Board have not the whole of the correspondence on this subject on their records but conclude the estimate referred to by the Collector is the one mentioned in para 4 of Extract Minutes Consultation dated 4th January 1856

(Public

1947

Fort St George 11th November 1857.

(Public Works Department Revenue Gurnal No 11).

7 It will of course be necessary to raise the Platform to the level of the old, which the Board conclude is clearly shown to be sufficient by the experience of this season. The Collector will forward the report promised in para 11 as soon as practicable.

8 The Board authorise the Collector to revert to the former practice of storing Salt in 20 Garce heaps if he is satisfied that he can Guard against fraudulent heaping.

Proceedings of the Board of Revenue
Thursday the 12th November 1857.

Read the following Papers.

463 Bd. No 1031
From the Actg Secry to Government.-

Memorandum.

The Acting Secretary to Government Revenue Department has the honor to request that the Secretary to the Board of Revenue will explain with reference to the Board's Proceedings No 3095 dated 16th September 1857 on the subject of the revision of the assessments in the Bellary District, how it is that in enclosure No 4 in the Collector's letter, there appear to be 76 rates under one Rupee for red land alone, and 187 for the three sorts of land whereas in Para 5 of his letter, Mr Pelly asserts that the whole number of rates under one rupee only amount to 76 and the Board repeat his assertion.

x i.e. for the 3 sorts of land Para 5 end

The Acting Secretary to Government would also beg that the meaning of the heading of the fourth division of the same Statement may be explained - From that it is to be inferred that the modifications of rates below 1 rupee were made by Government

Comprising Columns 8 & 9 to 11

whereas

whereas they expressly declined to modify those rates – If Mr Pelly intended to exhibit in Columns 8-9-10-11 the rates above one rupee as modified by Government and those below one rupee as he now wishes to modify them, then it is not clear why the entries in these Columns do not correspond so far as the rates below one rupee are concerned with those under the third division recommended originally by the Collector.–

Columns 5-6-7

Fort Saint George ----- 14th October 1857 ----- To the Secy to the Bd of Revenue } / Signed / H. Forbes. Agt Secry to Govt

Ordered that the following Official Memo. be sent in reply–

Bd. No 3912

Official Memo To the Agt Secry to Government } / In reply to the Memo of the Acting Secretary to Government dated 14th Ultimo, the Acting Secretary has the honor to state (with reference to para 1) that the number of different rates below 1 Rupees is 76– The aggregate number of rates in each of the 3 Classes of land is 137 but many of these are common to all 3 so that the number of rates varying in amount between the maximum rate of 15–11/2 and the minimum of 3/2

463-464

3/2 price is 76–

2 As regards the latter part of the above Memo the Acting Secretary begs to state that the Heading of the 4th Division comprising Cols 8–9–10–11 of Statement No 1 appears to have been intended to exhibit the rates above one Rupee as modified by Government and those below one Rupee as Mr Pelly now wishes to modify them– the reason why the entries in these Columns (as far as the rates below one Rupee are concerned) do not correspond with those under the 3d Division Columns 5–6–7 recommended originally by the Collector is that in the first instance he proposed only 4 rates whereas the number has now been increased to 14

Circular to all Collectors

Circular

Resolved that the above Extract Minutes Consultation and the Honorable Courts Despatch* be circulated to the Collectors and the Officiating Agent at Kurnool.

* No. 8 Dated 9th September 1857

The

Fort Saint George 12th November 1857.

2. The latter Officer and the Collectors of Bellary, Cuddapah, Nellore, Coimbatore and Malabar, will report specially on the projects named in para 3 of the Extract Minutes Consultation.

3. The Board request the opinions of the Collectors on the general question of allowing private Companies to undertake works of irrigation and Navigation. In para 8 of the Despatch the Honorable Court prescribe that the profits of the Water Companies are to have no connection whatever with the land Assessment and are to be realized simply by the sale of Water to those requiring it. They apprehend however that the present union of the land tax and water charge in one gross sum which forms the assessment of a large extent of land in this Presidency the existing rights of the proprietors of irrigated land to a supply of water and various other peculiarities will present difficulties in carrying out the project of having irrigation works executed by private Companies. The Board wish that the difficulties anticipated may be fully stated and also suggestions offered for overcoming them so that the Honorable Court may have the means of forming a correct judgement on the question.

4. The Collectors will also make careful enquiry

enquiry on the alleged injurious effect of artificial irrigation on the cotton crop and will apply to both European and Native Merchants and agriculturists for information on the subject

5. The Board will forward a copy of para 6 of the Extract Minutes Consultation to the Madras Horticultural Society, the Chamber of Commerce, the Trade Association and the Gentlemen named in the Margin with a request that they will favor the Board by endeavouring to procure reliable information on this point—

Dr Cleghorn
Mr Fisher
Dr Hunter
Conniah Chetty
Mr McIver Calicamand Gardens.
Colonel Reid.

6. A Copy of the para will also be forwarded to Dr Mayer with a request that he will inform the Board whether an analysis of the Cotton plant and the soils in which it flourishes is likely to throw any light on the subject

491
Bd. No. 2830
From the Collr. of Chingleput

Sir,

In returning the accompanying Petition No. 1684 of 1857 received with your letter No. 1898 of the 4th Ultimo. I have the honor to refer the Board to Para 2 of my Communication No. 88 of the 27th February last from which it will be seen that the claims of the several competitors to succeed to the Shrotriem Village of Erungadicottah therein adverted to were left in abeyance pending the issue of the Pregnancy of the Petitioners client. The Tahsildar of the Iraiumunga-lum Taluk having now reported that she has been brought to bed of a male child and there being nothing to warrant suspicion of the fact or its attendant circumstances

Fort St. George 12th November 1857

circumstances I beg to recommend that the estate now

under Sequestration may be taken under the manage-

-ment of the Court of wards till the boy becomes of age.

2. The adoption referred to in the Petitioner is

not recognized in this Department as reported in

my letter No. 384 of the 19th November 1855.

3. The amount of monthly allowance to be

paid for the maintenance of the Minor and other

circumstances connected with the management of

the village will be reported on shortly.

Fort Saint George 12th November 1857.

No. 226.

To

S. D. Sim Esqre

Acting Secretary to the Board of Revenue

Fort Saint George

(493)

Bd. No. 3062.
From the Collector
of Chinglepute

Sir,

In continuation of my letter No. 205, of the 15th Instant I have the honor to report for the Boards information that a Sum of Rupees 513-5-0 has been realized during the period the Shrotriem Village of Eroongaudoo Cottah therein adverted to, has been held under sequestration, and that the amount is now in deposit in my treasury.—

2. The widow of the late Shrotriemdar has represented to me that she has incurred a debt Rs. 1,200 for the performance of the obsequies of her deceased husband and the maintenance of herself and child and solicited that the amount in deposit may be disbursed to her. Although some expence must necessarily have been incurred in performing the funeral ceremonies of the late Shrotriemdar, the debt alleged to have been contracted by his widow seems to be enormous and scarcely

Fort St. George 12th November 1857.

scarcely credible. I have therefore directed that a sum of Rs. 250 only be paid to her on the above account, and propose paying her hereafter a monthly allowance of Rupees 20 for herself and child which I trust the Board will approve of. It is calculated that the village will yield an annual Profit of Rupees 700 in a fair average year. Clear of all charges of management and Peishcush. The surplus proceeds will therefore accumulate on behalf of the Minor Proprietor till he becomes of age on the Civil Court where a suit is now pending between his mother and the mortgagee of the Shrotriem should issue injunctions for its disposal.

Tahsildar	Rs.	5-0-0
Peon		3-8-0
		8-8-0

3. The Establishment noted in the margin has been maintained for the management of the Estate since the date of its sequestration, and I propose to continue it under the supervision of the Tahsildar which will obviate the necessity of employing Extra hands or incurring additional expenditure on the above account. The guardianship of the Minor will be entrusted to his Mother there appearing to be no other Person in the family interested in his welfare.

4 In conclusion I request that the several arrangements above performed may be sanctioned, and that I may be permitted to register the Shrotriem in the name of the Minor Proprietor.

To the Collector of Chingleput

To
The Collector of
Chingleput

Sir

In Bd. 12th Nov. 1857

With reference to your letter dated 29th July last No. 225, I am directed to inform you that the Board have requested permission to assume charge of Eroongadoo-Cattah on behalf of the Minor.

2 The Board will issue instructions to you hereafter regarding the Management of the property, meanwhile the arrangements you have effected seem unobjectionable and need not be disturbed.

3 The Board think it desirable that, without taking part in the suit brought by the widow of the Mortgagee, you should advise the mother of the Minor as to the conduct of it. The claim is clearly untenable as the Mortgagor had only a life interest in the Village which by the very terms of its grant is inalienable "by gift, sale, or otherwise," until you are formally authorised to take the Minor under Wardship

you

Bd No 3030

From the Trustees to the Pacheappahs Charities

1799 Fort St. George 12th November 1857

495-496
Bd No 3901

Proceedings thereon,

Recording the views of the Board on the matter of sundry differences which have occurred among the Trustees of Patcheappahs Charities

With this communication, the Native Gentlemen whose names are mentioned above, lay before the Board of Revenue the papers relating to a discussion of a painful nature which has occurred among the Trustees of Patcheappahs Institution with the view of obtaining through the interference of the Board reparation for what they conceive to be insults cast upon them by other Members of the Trust.—

2 The Board feel themselves to be placed in a very delicate position by this appeal, though vested to a certain extent with the general superintendence or supervision of Patcheappahs Charities they do not consider themselves thereby empowered to interfere authoritatively in differences like the present, but as the restoration of concord in a body charged with the Care of such important Charities, is a matter of great public moment, the Board cannot refrain from an attempt to bring about so desirable a result.—

3 In their endeavour it is not necessary for them to review the Minutes and Proceedings which have passed. This has been sufficiently done by Mr John Bruce Norton the Patron of the Institution to whom the Parties, who now address the Board in the first instance, appealed.— In the

the sentiments expressed in the excellent Minute of that Gentleman the Board entirely concur and the course suggested by him with a view to the termination of the differences seem to them the only one by which this object can be fully and satisfactorily attained.—

4. The course adverted to was that Ranganadan Sastry should sign a paper, which he had consented to read, expression of regret that he should have used language in some of his Minutes calculated to occasion personal annoyance. The Board quite coincide in Mr. Norton's opinion that the expressions alluded to gave reasonable cause of offence, and they are therefore of opinion that Ranganadan Sastry should, in justice to himself as well as the persons aggrieved, sign the paper unless the other party is willing to waive this forms and rest content with its being simply read. Every honorable mind must find relief in atoning for an injury which it has been led, in the heat of discussion to inflict, and Ranganadan Sastry may rest assured that by apologizing for a fault he will not only not degrade himself, but on the contrary rise considerably in the opinion of all those whose

esteem

esteem is worth possessing. The Board therefore, if the differences have not already been made up, would strongly advise Ranganadan Sastry to offer to take this course, and it may be then hoped that the Appellants will shew their magnanimity by dispensing with the signature and being satisfied if the paper is merely read.—

(497 Bo. No. 3232 From the Asst. Collector of Masulipatam.)

Reporting upon Petition No. 1990 of 1857 from Rajah of Bommadavarah Nagunnah Naidoo Bahadar bearing the Board's Endorsement dated 22d July regarding his claims for the Goodsor Estate and stating the Circumstances under which it was given up by the Petitioner.

Bo. No. 3232
From the Ag. Collector of Masulipatam.

No. 149

To J. D. Sim, Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George

Sir

Reporting upon Petition No. 1990 of 1857 from Rajah of Bommadavarah Nagumnah Naidoo Bahadar bearing the Board's Endorsement dated 22d July regarding his claims for the Goodoor Estate and stating the Circumstances under which it was given up by the Petitioner.

Para 1. In obedience to your Endorsement on Petition No. 1990 of 1857 dated 22d July 1857, requiring a report on the claim of Rajah Bommadavarah Nagumnah Naidoo Bahadar, I have the honor to state first the circumstances under which he gave up the estate, and secondly my opinion as to his claim.—

2 In August 1856, this Zemindar owed Government about Rupees 19,400 on this Estate, and the Estate was advertised for sale— for some reason best known to himself, he proposed both

Fort St. George 12th November 1857

both to the Commissioner and the Collector that the Government should appropriate the Estate and free him from all liability for the arrears so due on it— He then asserted the estate was a losing concern.—

3. This proposal was, in due form, forwarded by the Collector on 18th August 1851 to the Commissioner and approved of by the Commissioner on 16th August and the transfer was accordingly effected— however on 24th December 1857. the Commissioner forwarded an Extract Minutes of Consultation 20th December 1851, directing a nominal sale of the Estate in order to render the title of Government good against third parties, which was accordingly done, and on 25th June 1852, the Commissioner forwarded the sanction of Government to this nominal sale.—

4 I forward herewith a Statement which shew the Collections and disbursements on account of this Estate— It will readily appear how for the first 3 years, under the Collector's Management, the Estate was a bad bargain and the present rapid improvement is due to irrigation. Works and no doubt this change in its productive powers, causes the late owner to covet its restoration.—

5— I cannot however see any reason why his request should be complied with tho' of course there

Fort St. George 12th November 1857—

there is no limit to the generosity of Government.—

6 The fact is, this Zemindar does not keep up any Establishment of bullocks here but from his influence and prestige he is generally able to provide carts and bullocks when required, tho' in this my experience his agent has entirely failed even in this.—

7 The Tuccavi advances he exhibits as given over to Government and amounting to 70 000 Rupees, are figures on paper and nothing more, for 3 years the Collector could not collect the Current demand out of the Estate.—

8 The advantages or disadvantages of his contract with the Commissariat Department can afford no reason why the Estate should be restored to him— if his contract is not advantageous, he can in due course cancel it without blunting, in the slightest degree, his sense of honor, which if it is so strong in the Commissariat Department, should also be strong enough in the Revenue Department to bind him without further remonstrance to his own agreement made in 1851, altho' after 6 years he may think he then made a bad bargain.—

9 I cannot find he can plead distinguished services, or poverty, or ignorance, or any other reason why his Estate should be restored to him and I cannot recommend that it should.

Masulipatam,—
Collector's Cutcherry
6th August 1857.

499

Bl. No. 3631

From the Collector of Chingleput—

Sir,

In reply to Extract from the Proceedings of the Board of Revenue No. 2987 of the 8th instant, I have the honor to state for their information that an Estimate for the construction of a Cutcherry at Trivalloor is now under preparation in the Department of the District Engineer, and that the same will be submitted for sanction through the Chief Engineer as soon as it is received at this Office— In the meanwhile as the site selected for the Building is centrical and is proposed to be disposed of by its Proprietor by Private sale, in the event of its not being immediately purchased by Government for public Purposes, sanction is requested for the purchase of the same as soon as practicable—

2 There is no regular Cutcherry at present— The Cutcherry is held in a Muntapum which is a perfect oven in the day time and pitch dark at 4 P.M.

Chingleput District Collrs Cutcherry

Proceedings

1977

Fort St. George 12th November 1857

Bl. No. 3888

Proceedings thereon

Requesting information on certain points in reference to the new Cutcherry to be erected at Trivalloor and as regards the eligibility of that Town for the Cusbah station

499-500

In the above letter the Collector states that an estimate is under preparation in the Department Public Works for the construction of a Cutcherry at Trivaloor the Cusbah of Peddapollium Talook for the Tasildar who now holds his Office in a "Muntapum" which is wholly unsuited for the purpose—

2 A site for the new building can be procured in the Town for Rupees 293-5-2 and the Collector requests permission to purchase it at once— The price is considered moderate for the situation, though at the rate of nearly Rupees 1200 per cent. its extent being only 6 Cs 5 Ts 1976—

3 The Board apprehend that Government will require information whether the District Engineer considers the site adopted for a Cutcherry on one of the new Standard Plans—what class of building is contemplated and whether no other eligible situation is procurable on more reasonable terms—

4 The Collector should also state whether Trivellore is the most eligible place for the Cusbah station with reference to its position in the Peddapollium Talook as well as its own importance for any charge that may be desirable must be effected before a Cutcherry is built— In reporting on this point—

Fort St. George 12th November 1857

paint the Collector will have regard to the effect of any rectification of the Talook boundaries which may seem necessary or probable in his judgment.—

5 An early reply is requested in order that the sanction of Government may be obtained for the purchase of the site at Trivellore should that Town be finally selected as the Cutcherry station.—

(501)

Bd. No. 3704

From the Collector of Bellary

†See letter to the Board of Revenue dated 3d July 1857 No. 74

In my estimate for the Revision of the Assessment, it will be observed that no provision is made for Extra Goomastahs because I believed the present Goomastah Establishment of the Hoorjore was sufficient for the work, the current duties of the Office would allow me to dispense with four or five Goomastahs, and there are now four Vacancies not filled up, but which must now be filled up for the work of the revision of the assessment.

They

Fort St. George 12th November 1857

They are as follows.—

1 — Hoorjore Goomastah 21 Rupees
1 — Ditto — Ditto — 18 — Ditto
1 — Ditto — Ditto — 18 — Ditto
1 — Talook Goomastah 12 — Ditto
4

The amount is Rupees 69 and it would be a great convenience if I might be allowed to dispose of that amount among a larger number of Goomastahs than four, until the revision is completed; and I request the sanction of the Board for permitting me to make such arrangements as I may deem expedient; providing, of course for the total amount in salaries not being exceeded.—

Bellary Collector's Office 14th September 1857

505

B. No. 3898

From the Collector of
South Arcot

Sir,

Reports on Petition No. 2754 of 1857 presented to the Board by Condy Condiasoon on behalf of Moottoosamy Moodely of Chellumpum in Cuddalore Talook.—

In returning Petition No. 2754 of 1857, I have the honour to state that in July 1857 the Principal Sudr Ameen at Cuddalore attached 6 Cawnies & 6 Cawnies of land in 4 different Villages in the Pindiranum Talook and sold them in July 1858 in satisfaction of a decree — Moottoosamy Moodely of Chellumpum in the Cuddalore Talook, whose Goomastah Petitioner is, appears to have purchased the whole extent

extent of the land in question.—

2. In July 1855 the Court delivered over the land to one Soobroya Pillay who was also a Goomastah of Moottoosamy Pillay, and a few days afterwards the Petitioner appeared on behalf of the said Moottoosamy Pillay before the Head Assistant Collector and solicited him to issue orders for Puttahs being made out in his name on account of his master. The Head Assistant Collector Mr. Elliott issued an order to the Talsildar to have the Puttahs made out as the Petitioner requested.—

3. When the latter Officer ordered the Curnums to do so, some of the Ryots of the same Village started objections to the Puttah being made in the name of the Petitioner for the 6 Cawnies 13 cs of land alleging that the land had been lying waste for more than 8 years and that they (Ryots) had tendered Durkasts and obtained puttahs for it.—

4. Upon an enquiry being made into the matter by the Talsildar it was proved that altho' the land in question formed a portion of that which was purchased by the Petitioner at the Court Sale, it had been lying waste as the Ryots alleged, and that they (the Ryots) had been put

put in possession of it and had received Puttahs for 5 years previous to its being given over to the Petitioner by the Court.

5. A period of about 8 years elapsed between the date of sale and the date of delivery of the land to the Petitioner, and he ought not to have been so long quiet without moving the Court to give him the land he had purchased for his Master. It was clearly in consequence of his own neglect that the 6 Ca. 13 As. were made over to the Durkastdars without any objection being preferred. He has also got Puttahs for 62 Ca. 9 As. of land about which there was no dispute.—

6. As the Revenue authorities cannot dispossess the present occupants of the 6 Candies and 13 annas of land in question for which they have held Puttahs for the last few years, the Petitioner has been informed that his request cannot be complied with, and I do not see that any thing further can be done, as the Revenue authorities are fully authorized to dispose of the land to Durkastdars.—

South Arcot
Collector's Cutcherry
Encd. alone, 30th Sept. 57.
B. No. 3919.

Collector.

Proceedings thereon. The Board approve of the decision passed

(505-506)

passed in this case and resolve to pass the following Endorsement upon the above petition and upon Bds. 3076 & 3437 of 1857." It appears that in July 1857—6 Ca. 9 As. of land were attached by the Principal Sudr Ameen in satisfaction of a decree of Court and in the following year were sold to Petitioner's Principal Moottoosamy Moodely. This individual on applying in July 65—or 7 years afterwards through his Gomastah for puttah was put in possession of 62—9 the remainder (6—13) being refused him on the ground that in consequence of his having allowed it to lie waste for more than 5 years it had been made over to other parties who had given Durkhast for it. He never, until July 65, sought to have the title he acquired under the sale recognized, and he could not claim to have his interest in the land kept alive while he left the decree virtually unenforced any more than he could if he had been in actual possession and holding puttah. The land was sold to him, and it mattered not whether he took possession or no: his leaving the land waste for so long a time was clearly a default which justified the Collector in making it over to those who would pay for it. The Collector's decision is confirmed.—

Fort St. George.

573
B. No. 4231
From the Collector of Paral
North Arcot

Sir.

I have the honor to forward for the consideration and Orders of the Board the accompanying copy of a letter from Mr. Bambury submitting the revised rates for the Southern Taloofs together with its enclosures, which I have this day received.

2. The permission conceded in Minutes of Consultation under date 22d August 1857, to dispense with every part of Mr. Nesbett's former operations and to base the present reduction in the Southern Taloofs on the Manual Assessment, has enabled Mr. Bambury to bring his revision to a speedy and as it appears to

to me satisfactory conclusion; and I would therefore request that early sanction may be accorded to the scheme now submitted.—

3. I have already stated in my former correspondence that the attainment of an equality between Taloo[illegible]s in the rate per Cawny" not attainable without an entire revision of the classification a work that was never intended to form a part of the reduction of assessment the object of which was to give early relief in the mode least liable to objection

It will be observed the Mr. Banbury has not attained this equality of rate per Cawny In the Taloo[illegible] of Wundiwash the rate per Cawny in Nunjah is 7-15-4 while in the Taloo[illegible] of Arcot the rate is 7-12, yet it is admitted in para 3 of Mr. Banbury's letter, that the Taloo[illegible]

Taloo[illegible] of Wundiwash is deficient in means of irrigation; and that circumstance and its want of a market induced Mr. Banbury to treat it more liberally than Arcot in the application of the new rates.

But this is not all, for as the rates are of necessity applied indiscriminately to 1 and 2 crop land, the mean rate per Cawny includes both descriptions and as the extent of land capable of yielding two crops would be less in a Taloo[illegible] wanting means of irrigation, than in one more favored there must be less really two crop land in Wundiwash than in Arcot; and consequently the rate per Cawny in Wundiwash is in fact comparatively even higher than the statement exhibits it.—

4. I do not advert to this fact as an objection to Mr. Banbury's scheme I have already recommended that it may be sanctioned. But as a main objection taken to the former scheme submitted was the inequality between Taloo[illegible]s of the mean rate per Cawny. I have wished to notice the subject in deprecation of any objection, which it is impossible to obviate without a complete reclassification of the land, which is

Fort St. George 12th November 185

is not the object of the prede
remission.—

5. In Poonjah the rate
Cawny is lower in the Wun
-wash and Poloor than in the
3 other Talooks; and I think
Mr. Banbury assigns in para
of his letter sufficient reas
why it should be so.—

6. It is certainly very desira
that if possible the reduced
rates should be introduced
this fusly, but with refere
to the late period at which
we must arrive before sanc
can be reasonably expected
that the introduction of the ne
rates during the current fusly would
impracticable, without dep
-ing the Jummabundy settlemen
to so late a period as seriou
to affect the collections for
experience has shown
that in this

District

Fort St. George 12th November 1857.

District the habit of the ryots
withholding the greater part of
their Kists till the puttahs have
been distributed, has become
inveterate.—

No. 19
No. 47

To
Charles Whittingham Esqre
Collector of
North Arcot

Sir,

I have the honor to forward for Submission to the Board of Revenue the revised rates for the Southern Talooks, the scheme for the reduction and remodelling of which has been based upon the Mamool Assessment agreeably to the instructions conveyed in Minutes of Consultation dated 22d August 1857.-

2. The same principle has been adopted as in reducing the Assessment in the North, the various old rates existing throughout each Talook have been first ascertained and then the reduced scale applied to them Numerous old rates thus falling into one new one. In carrying out the reductions I have had in view the wishes expressed by Mr. Bourdillon in the latter part of para 42 of his letter to the Board dated 23d October 1854 thus with regard to Runjah it will be seen that the reduction is more liberal on the higher classes than on the lower in that it descends in fact proportionately with the old rates themselves, also that the Talooks Poloor and

* Vide list of enclosures which accompany this letter.

and Wandiwash have one rate more reduction down the scale than those of Arcot, Trivattoor, and Vellore and that finally no remission has been granted less than 10 per cent. The assessment in the South is consolidated there being no distinction of one and two Crop lands & the reduction has consequently been applied to this consolidated Cess. By the above process the mean Nunjah rates of the five Southern Talooks stand thus.-

	Old rate per Cawny	New rate	Percentage of reduction
Arcot	1 1 — 3	7 — 12 — 0	29 — 10 — 5
Vellore	13 — " — "	8 — 14 — 8	32 — 13 — 9
Trivattoor	11 — 14 — 6	8 — 5 — 10	29 — 11 — 9
Poloor	8 — 15 — 8	6 — 7 — 4	28 — 0 — 7
Wandiwash	11 — 15 — 2	7 — 15 — 0	33 — 9 — 3

Vide Statement No. 17

3. The total percentage of remission granted to these Talooks in Nunjah amounts to 30 — 11 — 10 being as was at first intended some what more liberal than that conceded to the Northern Talooks. I have been enabled to make the old rates of Arcot, Vellore, and Trivattoor fit into one standard Scale of reduction so that every individual old rate is similarly reduced in each of these Talooks. The remaining two Talooks Wandiwash and Poloor owing to their want of streams of irrigation, and distance from a ready

* See Statement No. 17

marked

market were ordered to be treated more liberally. the old rates of these two Talooks have consequently been brought one Step lower down the scale than those of the other three thus in Arcot the old rate Rupees 33 — 10 — 2 comes to 15 Rupees, but in Wandiwash the same old rate falls to Rupees 14, and so on down the scale

* See Statement No. 2

* See Statement No. 10

The rates of Poloor and Wandiwash are similarly reduced so that according to the plan now Submitted, Vellore, Arcot and Trivattoor have one similar Set of rates and Poloor and Wandiwash another. It would certainly have been better to have had uniformity throughout the whole of the Sub Division but as it was determined that two Talooks should be more benefitted than the others the distinction was unavoidable.

4 With regard to Poonjah remissions the same plans have been adopted and the result is as follows.-

	Old rate per Cawny	New rate per Cawny	Percentage of reduction
Arcot	2 — 7 — 4	2 — 4 — 11	16 — 6 — 9
Vellore	3 — 4 — 6	2 — 4 — 11	23 — 13 — 6
Trivattoor	2 — 12 — 5	2 — 4 — 10	17 — 2 — 1
Poloor	2 — 10 — 6	1 — 8 — 10	44 — 10 — 2
Wandiwash	3 — 2 — 5	1 — 12 — 8	43 — 2 — 2

Vide Statement No. 13

The

Vide Statement No. 13

The total percentage of reduction being 28-4-3. It will be seen that the rate of reduction given to Poloor and Wandawash is higher than that of the other three it being always intended that these Talooks should be more liberally treated. It may be remarked that sufficient percentage of remission has not been granted to Arcot and Trivattoor but it will be seen that the old mean rate is already less than that of Vellore and Wandawash there being less highly assessed lands in the former than in the latter Talooks There is also the following cause for the discrepancy appearant in the rate of percentage I have mentioned before when speaking of Nunjah that one set of new rates was similarly introduced for Vellore Trivattoor, and Arcot and another for Poloor and Wandawash the same plan has been adopted with regard to Poonjah, Poloor and Wandawash falling into one similar Scale and Arcot Trivattoor and Vellore into another. If we now tried to assimilate more nearly the proposed mean rate of each Talook by raising that of one and lowering that of another we should have to destroy the present arrangement of only two scales of reduction, and most probably have to introduce

introduce two more schemes, so that four different systems of reduction would prevail in the Sub Division instead of two, this would be perplexing and intricate, although I have considered the matter carefully with a view to removing the existing differences in the mean rates and percentages of reduction there appears no method of doing so satisfactorily, and it must be borne in mind that although the mean rates of Trivattoor, Arcot and Vellore may be deemed some what high they are Talooks most favorably situated having the large Towns Vellore, Arcot and Conjeveram available for the sale of their produce, and also that as I shall shew hereafter the total percentage of Poonjah reduction throughout the District, has already exceeded the authorized 25 per cent by

See Statement No. 13 1-2-8 so that we have in fact nothing more to give-

5 With regard to arical lands, and pasturage Nunjah the same system has been followed as in the North Vide enclosures No. 2-4-6-8-10.

6. I will now proceed to shew the financial result of the revision operations both in the North and South, this I am now enabled to do, the proposed plan for the Southern Talooks being

Fort St. George 12th November 1857

being completed. In Nunjah the reductions on the cultivated area including both Ayen & Nunjah and Tank and Channel Waterd lands brought to Nunjah amount to Rupees 3,44,794 or 28–10–2 per cent on the Revenue, this is within the limit of 30 per cent sanctioned by Government, but the total amount of remission granted in money exceeds that authorized Viz. 3,26,000 by Rs. 18,794 this is owing to the following cause. In paras 50 of Mr. Bourdillon's report before referred to the calculations are all made with reference to a ten years average Beriz amounting to Rupees 1,08,666, after deducting Settawaide, but when the remission became actually to be carried out it was impossible to take an average as the basis of operations as some lands would come into the average as cultivated one years, and being waste another year would not appear at all, it was therefore necessary to select one single year for the accomplishment of the end desired, and the year chosen was fusly 1262 the Beriz of which amounts to Rupees 1,15,5014. being Rupees 68,347 in excess of the average Struck by Mr. Bourdillon, and taken by him as the standard by which the Revenue result should be calculated on thirty per cent reduction had consequently to be applied to cultivated land amounting to Rupees

* See Statement No. 18

Fort St. George 12th November 1857

Rupees 68,347 more than that which formed Mr. Bourdillons average, it is no actual loss as according to Mr. Bourdillon's calculation these excess lands were when the average was struck reckoned amongst the waste The Nunjah result is therefore as follows.–

Cr.

To Sanctioned amount exclusive of Settawaid	3,26,000	
To 30 per cent to be granted on the excess of Rupees 68,347 as above explained	20,505	
To remission to be granted on Total cultd lands Tank & Channel agreeably to the proposal made in para 59 of Mr. Bourdillons report	2,495	
To Hall Bagayet lands remitted as per Order	62	
To Settawaide Talook remission Vide para 48 of Mr. Bourdillons report	1797	
Total	3,50,859	

Dr.

By amount remitted in Ayen Nunjah	3,40,440	
Do on total cultd lands irrigated by Tank & Channel	2,495	
Do on Hall Bagayet	62	
Do in Settawaid	1797	
	3,44,794	
By amount being the balance of Sanction remaining unexpended	6065	
Total	3,50,859	

With

Fort St. George 12th November 1857

being completed. In Nuncjah the reductions on the cultivated area including both Ayens Nuncjah and Tank and Channel Watered lands brought to Nuncjah amount to Rupees 34,779 or 28—10—2 per cent on the Revenues, this is within the limit of 30 per cent sanctioned by Government, but the total amount of remission granted in money exceeds that authorized Viz. 32,000 by Rs. 18,794 this is owing to the following cause In paras 50 of Mr. Bourdillons report before referred to the Calculations are all made with the references to a ten years average Beriz amounting to Rupees 108,666/7 after deducting Setuwaide, but when the revision became actually to be carried out it was impossible to take an average as the basis of operations as some lands would come into the average as cultivated one years, and being waste another year would not appear at all, it was therefore necessary to select one single year for the accomplishment of the end desired, and the year chosen was fusly 1262 the Beriz of which amounts to Rupees 11,5,014. being Rupees 6,847 in excess of the average Struck by Mr. Bourdillon, and taken by him as the standard by which the Revenues result should be calculated one thirty per cent reduction had consequently to be applied to cultivated land amounting to Rupees

* See Statement No. 18

Fort St. George 12th November 1857

I think no difficulty in our introducing the new rates, and the accompanying modifications at the ensuing Jummabundy for the current fusly.

10 I will now say a few words with regard to the waste and the reductions granted thereon. It will be seen by Statement No. 18 that in Nuncjah reduction has been applied to 6,479 Cawnies assessed at 7,5,386 the percentage of remission on which comes to Rs. 32—2—2 or Rupees 24,456 leaving Rupees 5,09,930 as the revised assessment on Nuncjah waste a comparison with the financial estimate drawn up by Mr. Bourdillon in para 50 of the letter before alluded to will show that the result now actually produced exhibits a decrease in the amount of waste land to be dealt with, and consequently in the amount of assessment to be lowered this is owing as before explained to our having taken fusly 1262 as our basis instead of Mr. Bourdillons average and consequently to the revision being applied to more cultivated and less waste than that Government anticipated the Beriz of fusly 1262 being higher than that of the average of ten years taken.—

11 With regard to Poonjah waste the remissions granted amount to Rs. 2,02,425 or 25—14—1— per

to concede to the District at large. I trust the slight increase in Poonjah will not be considered objectionable as although means were tried to reduce the percentage within the sanctioned limits to the wishes already expressed by the Higher authorities and by Mr. Bourdillon in his remission letter before referred to could not be carried out satisfactorily without slightly exceeding the authorized 25 percent.—

9. I would earnestly beg to request that should any alterations or corrections be deemed requisite speedy orders may be given as it appears very necessary that the long promised revision should not be put off for another fusly for not only are the ryots very impatient for the expected reductions, but they have this season suffered considerable loss by the unfavorable out turn of their Poonjah Cultivation, a large breadth was sown with dry grain but owing to failure of rain the return was but scanty, there is no remission granted at the Settlement for poonjah shary so that the Government demand will be paid as usual this season therefore appears a most fitting one for introducing the long promised boon, and should a sentence of approval be passed shortly by the Higher authorities there is

I think no difficulty in our introducing the new rates, and the accompanying modifications at the ensuing Gumma-bundy for the Current fusly.

10 I will now say a few words with regard to the waste and the reductions granted thereon. It will be seen by Statement No. 18 that in Nunjah reduction has been applied to 7,479 Cawnies assessed at 7,51,386 the percentage of remission on which comes to Rs. 32 a 2 a 2 or Rupees 2,41,456 leaving Rupees 5,09,930 as the revised assessment on Nunjah waste a comparison with the financial estimate drawn up by Mr. Bourdillon in para 50 of the letter before alluded to will show that the result now actually produced exhibits a decrease in the amount of waste land to be dealt with, and consequently in the amount of assessment to be lowered this is owing as before explained to our having taken fusly 1262 as our basis instead of Mr. Bourdillon's average and consequently to the revision being applied to more cultivated and less waste than that Gentleman anticipated the Beriz of fusly 1262 being higher than that of the average of ten years taken.—

11 With regard to Poonjah waste the remissions granted amount to Rs. 2,02,425 or 25—14—1— per

Fort St. George 12th November 1857

to concede to the District at large. I trust the slight increase in Poonjah will not be considered objectionable as although means were tried to reduce the percentage within the sanctioned limits the wishes already expressed by the Higher authorities and by Mr. Bourdillon in his revision letter before referred to could not be carried out satisfactorily without slightly exceeding the authorized 25 percent.

9 I would earnestly beg to request that should any alterations or corrections be deemed requisite speedy orders may be given as it appears very necessary that the long promised revision should not be put off for another fusly, for not only are the ryots very impatient for the expected reductions, but they have this season suffered considerable loss by the unfavorable out turn of their Poonjah Cultivation, a large breadth was sown with dry grain but owing to failure of rain the return was but scanty, there is no remission granted at the Settlement for poonjah shavy so that the Government demand will be paid as usual this season therefore appears a most fitting one for introducing the long promised boon, and should a sentence of approval be passed shortly by the Higher authorities there is

Fort St. George 12th November 1857

I think no difficulty in our introducing the new rates, and the accompanying modifications at the ensuing Gummandy for the current fusly.

10 I will now say a few words with regard to the waste and the reductions granted thereon. It will be seen by statement No. 18 that in Nunjah reduction has been applied to 67,479 Cawnies assessed at 7,51,386 the percentage of remission on which comes to 32 2 2 or Rupees 24,1456 leaving Rupees 5,09,930 as the revised assessment on Nunjah waste a comparison with the financial estimate drawn up by Mr. Bourdillon in para 50 of the letter before alluded to will show that the result now actually produced exhibits a decrease in the amount of waste land to be dealt with, and consequently in the amount of assessment to be levered this is owing as before explained to our having taken fusly 1262 as our basis instead of Mr. Bourdillons average and consequently to the revision being applied to more cultivated and less waste than that Gentleman anticipated the Beriz of fusly 1262 being higher than that of the average of ten years taken.

11 With regard to Poonjah waste the remissions granted amount to Rs. 2,02,425 or 25 — 14 — 1 — per

Fort St.a George 12.th.a November 1857

percent on the assessment here as in Nunjah the remission has been applied to more cultivated and less waste than was anticipated owing to the causes above mentioned, the result for Nunjah and Poonjah waste throughout the whole District therefore stands thus.—

	Present assessment	Reduction	Proposed assessment
Nunjah	7,54,386	at 32-2-2 percent 4,1,456	5,09,930
		Do. Do. at-25-14-1-percent	
Poonjah	7,82,115	2,02,425	5,79,690
		Total.	10,89,620

We have therefore waste lands assessed at Rupees 1089620 whereby the present reduction now advocated amounting in to Rs.4,73,662 may be made good, it must also be remembered that the waste now dealt with is only assessed waste and that the unassessed or perambe lands amounting to Cawnies 93,698 the teerwah of which is not fixed until Cultivation commences thereon does not appear in our Calculations at all There is no doubt that this perambe will ere long be extensively brought under tillage as the teerwah is fixed upon the assessment of the neighbouring fields which will by the introduction of the revision be lowered, perambe lands

Fort St.a George 12.th.a November 1857

lands will therefore equally partake in the benefits now about to be conceded.—

12 In conclusion I must also beg to bring to notice the great assistance I have received from the Head Sheristadar Tholasingah Chetty, his extensive experience and the happy facility with which he explains all revenue matters rendering any subject at once clear and comprehensible have aided me most effectually in carrying on the necessary work. Balajee Row the Head Goomashtah in the Revision Cutcherry has also been most industrious and performed his duties satisfactorily. Narain Row and Ramaswamy Iyengar of the additional Establishment have both been very useful and I would beg to recommend that when fitting opportunity occurs Narain Row's qualifications for a Tahsildar ship be taken into consideration as I think his natural talents industry and experience would enable him to fill that post satisfactorily.—

Proceedings thereon.

573-574

The Government having, in para 5 of the Extract Minutes Consultation of 22d August 1857, No. 846, R. D, sanctioned the advancement of the attempt to revise the assessment of these Talooks on the basis of Mr. Nisbet's rates determined 32 years ago, and the records of which are very imperfect, and the Board having dispensed with the proposed Punchayets in their Proceedings of 26th June 1857, copy of which was sent to Government, Mr. Bambury proceeded with the revision on the basis of the "Manool" or ordinary rates which have been for so many years in existence, and has thus been able to bring his labours to a more speedy, and still to the Board a satisfactory termination.

2. The greater portion of the 5 Talooks[x] adverted to, were formerly part of the Southern Division of Arcot and were assessed by Mr. Garrow in 1802,[o] but without so complete a survey as was made in the rest of the talooks of his District. The principles therefore on which their assessment is based, differs somewhat from that determined on by Mr. Greene in settling the talooks that now constitute the Northern talooks of the N. Arcot District, the revision of which has lately been completed by

x Arcot
Vellore
Trivatore
Polore
Wandiwash

o Selections from Govt. Records No. XII para 21 of Mr. Boundillon's letter.

by Mr. Banbury, and reported to Government by the Board in their Proceedings of 12th October 1857.

The chief feature of difference in the assessment of the Northern and Southern Talooks, is in regard to the irrigated lands, which, in the Southern talooks, bears a consolidated rate, instead of a "single crop rate joined to liability to extra cess, if a 2nd Crop is raised." *

* Printed selections No. XII. Mr. Bourdillon's letter, para 25.

3. The object in Mr. Banbury's revision was not so much to introduce an exact revision of the land measurement and field assessment, as to prepare a plan by which general relief on a proportionately equal scale in all localities should be afforded in accordance with the scheme sketched out by the late Collector Mr. Bourdillon in his report dated October 23d 1854.* It is not therefore necessary for the Board to go into any great scrutiny or criticism of minor details, as long as the general principles seem correct, or to use the words of Government

Printed Selections from Records No. XII

E. in C. 3d June 1857 No. 545 Revd Dept. para 10.

"as a reduction of our assessment in a satisfactory manner, is the sole object of the present enquiry, such exactness only as may be necessary to secure that object should be aimed at."

4. The chief points to be attended to were the larger

larger proportionate reduction to be made on the higher assessed lands - the extra reduction in particular talooks - the grouping of the present multifarious rates into a few classes and so to arrange that the remission should be about 30 per cent on the whole, and in no case less than 10.* It was also thought desirable, if it could be done, to equalize the mean rates of each Taluk. This last measure, one of no immediate importance, it was not possible to carry out except with much loss of time and expense, as explained in Mr. Banbury's Report on the N. Talooks, and Board's Proceedings 12th October 1857, para 14; but on the other points Mr. Banbury seems to have carried out the wishes of Government in a satisfactory manner.

Selections from Records No. XII, Para 42. of Mr. Bourdillon's letter. Ib. para 58. he supposes 25 per Cent on Poonjah

5. Mr. Banbury's general plan seems to have been first to ascertain the amount of each and every old rate & then after reducing them (the high ones in greater proportion,) to group several together into one. The scale being thus determined, the rates of the two more needy Talooks* were reduced one step in the scale, taking care that there should be no reduction of assessment less than 10 per Cent.

* Polore & Wandiwash Printed Selections No. XII Mr. Bourdillon's letter para 42.

6. The difference between the average rates per Cawny of Nunjah land, comparing the present with the

Statement 17 in Mr. Banbury's Letter.

Talooks	old rate per Cawny	Proposed rate	Per cent reduction
Arcot	11-0. 3	7. 12. 0	29. 6 5
Vellore	13-0 0	8. 11-8	32. 86
Tervatoor	11-14. 6	8. 5 10	29. 73
Polore	8-15. 8	6 7 4	28.03
Wandiwash	11 15. 2.	7 15. 0.	33.58.

These rates don't quite agree

Fort St. George, 12th November 1857.

agreeing with the enclosure 3 in Mr. Bourdillon's letter (Selection No. XII) but the difference is too trifling to mention.

the proposed is shewn in the margin. The Comparisons are made with fusly 1262 (beginning July 1852) which is considered a good year * for the purpose. The extent of cultivated Circar Punjah in the 5 Talooks was 48770 Cawnies, & the assessment 553406 Rs. which it is proposed to reduce to 383790 Rupees or 30.74 per cent giving an average rate per Cawny of 7—13—9 or close on 6 Rupees an acre. The Board however observe that the average of the waste Punjah as proposed is higher than the cultivated, being 8—7—11 each taluke shewing an increase. The cause of this should have been explained, for though before a revision to expect this result it is not so often. It probably arises from the necessity (in these an exact survey and assessment is not to be had) of making the reductions in as per centages are existing rates.

* Printed Selections No. XII, Para 6 of Mr. Bourdillon's letter.

7. The total reduction is above 30 per cent as which is an excess, for in Mr. Bourdillon's opinion a large amount of reduction is required in these Southern than in the Northern Talooks.

* Statement 17.

8. The classes of land in these Talooks were originally arranged Village by Village, so that when a whole Talook is examined, the difference between two rates is sometimes only 1 pie per Cawny. Mr. Banbury has brought (1) Punjah under Tank

† Printed Selections No. XII para 37 of Mr. Bourdillon's letter.

* In one Talook alone (Vellore) there are 177 rates for Poonjah the highest 10—1—10. the lowest 0—3—6.

Fort St. George, 12th November 1857.

Tanks and Channels (2) Punjah under wells and (3) Garden under wells all under the one head of Punjah and reduced the rates to 30 as follows.—

Class	Rate per Cawny	Class	Rate per Cawny
1	15	16	5. 8
2	14	17	5. 4
3	13	18	5.
4	12	19	4. 12
5	11	20	4. 8
6	10	21	4. 4
7	9. 8	22	4.
8	9	23	3. 12
9	8. 8	24	3. 8
10	8	25	3. 4
11	7. 8	26	3.
12	7	27	2. 12
13	6. 8	28	2. 8
14	6	29	2. 4
15	5. 12.	30.	2.

9. In para 36 of Mr. Bourdillon's letter of 23d October 1854, he recommends 10 Rupees as the highest rate per Cawny for single crop Punjah and 16¼ Rupees for two Crops, but the Board in their Proceedings of 11th January 1855 declared to fix any maximum, and Mr. Banbury has therefore used his discretion.

* Selection XII of 1855.

10. In the Talooks of Poloor and Wandiwash the highest rate is 14 Rupees or No. 2 in the above scale, and soon one step lower throughout. Mr. Banbury, explains it by stating that Vellore Arcot.

† in Para 3.

Arcot and Trivatoor have one similar set of rates and Poloor and Wandiwash another;" but the Board observe that in practice the same rates apply to all 5 Talooks, only bearing in mind that Poloor and Wandiwash have no class I, and in the statements accompanying Mr. Bauburys Report, it will be seen that the first on the list of Nunjah in Poloor and Wandiwash,x is entered as class 2. at 14 Rupees a Cawny and soon, so that class 20 is 4-8-0 per Cawny in Poloor and Wandiwash just as in Arcot Trivatoor and Vellore.x

Statements 8 & 10.

Statements 2-4 6

11. The reductions on the Poonjah assessment have been made on the same principle. The difference between the average Poonjah rate at present, compared with that proposed is shewn in the margin; the comparison being on the cultivated land in fusly 1262 (beginning July 1252) as in the case of Nunjah.

Talooks	Old rate per Cawny	Proposed rate	Per cent reductions.
Arcot	2-7-4	2-0-11	18-42
Vellore	3-0-6	2-4-11	23-84
Trivatoor	2-12-5	2-4-10	17-13
Poloor	2-10-8	1-8-10	41-63
Wandewash	3-2-5	1-12-8	43-13

The extent of Circar Poonjah cultivated in that year in these 5 Talooks was 75163 Cawnies and the assessment 213178 Rupees; which it is proposed to reduce to 152,915 Rupees or 28-26 per cent, giving an average rate per Cawny of 2-0-6,* or 1½ Rupee per acre. Poloor and Wandiwash as the Talooks most

Statement 13.

most requiring relief, have received the larger share of reduction, and Mr. Baubury explains, that though the reduction in the Arcot and Trivatoor Talooks is not up to the average expectation of 30 per cent it is owing to the extent of very high assessed lands in those talooks being comparatively small.

12. Under the head of Poonjah Mr. Baubury has brought Garden land under wells, (a small extent) and about 13 Cawnies of "Maneevary Nunjah" in Trivatoor the whole included in 37 classes as follows.—

Class	Rate per Cawny	Class	Rate per Cawny.
1	6	20	1.8
2	5	21	1.6
3	"	22	1.4
4	4	23	1.2
5	3.12	24	1.0
6	3.8	25	15
7	3.4	26	14
8	3.0	27	13
9	2.14	28	12
10	2.12	29	11
11	2.10	30	10
12	2.8	31	" 8
13	2.6	32	7
14	2.4	33	6
15	2.2	34	"
16	2.0	35	"
17	1.14	36	4
18	1.12	37	3
19	1.10	"	"

13. The Board conclude Mr. Baubury intended to make class 3 equal to 4½ Rupees per Cawny—class 31-9 annas and class 35-5 annas, but they find no land under those classes. They cannot but think the number of classes might have been reduced and that the anna step in the last 13 is too small,

but

but as the accounts have been probably made out already, it is hardly worthwhile to alter them.

The highest class assigned to ordinary Poonjah land is No. IV or 4 Rupees a Cawny* in Vellore No. V or 3 3/4 Rupees in arcot and Trivatoor, and No. VI or 3 1/2 Rupees in Wandiwah and No. VII or 3 in Poloor. In the "garden land watered by well" is found the highest rate or No. I, being 6 Rupees a Cawny, also No. II or 5 Rupees. The "Manavary Nunjah" of Trivatoor, is classed as No. IV Poonjah, at 4 Rupees per Cawny, or on a par with the highest rate put on ordinary Poonjah.

14. The higher assessed lands in arcot, Trivatoor and Vellore (exceeding 7 Rupees by the old rate) have been placed in class V or a 3 3/4 Rupee rate whilst similar lands in Poloor and Wandiwash have been placed in class VI or one step lower, but as explained in para 10 of these Proceedings, when treating on Nunjah, there can hardly be said to be "two sets of rates" as Mr. Baubury considers.* The case is simply that the higher rates do not enter into the accounts of some Talooks. That which is Poonjah class VI, is 3 1/2 Rupees a Cawny in all 5 Talooks. The subject has been adverted to by the Board in their Proceedings on the Northern Talooks.**

* Selection XII of 53 "In accordance with para 10 of 29 M.C 23d April 1855 No. 460 R.D. and para 57 of Mr. Bourdillon's letter of 23d October 1854.

* This is in accordance with para 10 of 29 M.C. 23d April 55.

* para 4 of Mr. Bauburys letter

** 12 Oct. 57 para 16.

15. The total financial result of the reduction of assessment in N. arcot, including both Northern and Southern Talooks, is shewn in paras 6, 7 and 8 of Mr. Banbury's Report. The sacrifice of present revenue expected and considered necessary by Government was about 43,000 Rupees, viz 32,000 on Nunjah, and 11,000 on Poonjah, but first as regards Nunjah Mr. Banbury shows that by his arrangements the sacrifice would be 3,44,794 Rupees or 18,794 Rupees in excess. Mr. Banbury gives satisfactory reasons for this increase which is chiefly owing to there being a larger amount of Cultivation in fusly 1264 (in which he has for good reasons selected) than in the 10 years average adopted by Mr. Bourdillon.*

16. any excess in the actual amount of reduction, owing to an increased extent of cultivation on which to apply it, is of course no cause for dissatisfaction as it is the per centage of reduction of Nunjah assessment is within the 30 per cent limit, being 28 63 per cent** Mr. Banbury concludes he may consider the encreased amount due to the above cause as sanctioned, as also the sum proposed by Mr. Bourdillon.*** (2,495 Rupees) to be remitted on certain Garden lands as also 82 Rupees on account of Real Baghayat Lands* and 1,797 on account of the Satvaid talook,@ these last 3 items not being included in the 32,000 Rupees estimate. Supposing these

E Mt. 23d April 55 para 6.

@ para 48 of above letter.

these to be sanctioned Mr. Bauburry shews that his reduction comes short in amount of the estimate as regards the Nunjah lands by 6,065 Rupees*

17. With regard to Poonjah Mr. Bauburry observes (para 7) that the estimate of 110,000 Rupees ought to have been 329 (more correctly 328½) Rupees more, as it was intended to be 25 per cent on a Kerij of 441,318 Rupees,* and he also considers as having been sanctioned in addition, 25 per cent on the amount that the cultivation of 1262 the year* he has taken for a standard (exceeded Mr. Bourdillon's 10 years average, as also the remission he proposed in paras 62 and 48 of his letter, on Garden and Manavary lands. The result is that in the case of Poonjah the estimate is exceeded by 5,484 Rupees.* This small excess seems to be owing chiefly to the opinion expressed by Government in paras 4 and 5 of Extract Minutes Consultation 20th February 1857, that the mean rate in some of the Northern Talooks as at first proposed was still too high.-

18. The per centage of reduction on what is proposed to be classed as Poonjah (that is on the land cultivated in Fusly 1262) is 26 61/100 per cent* whereas 25 per cent was what was originally intended. The Board however believe that

Extent cultivated in 1262.	191018	
Assessment on Do.	484236	
Proposed assessment	353367	
Difference	128869.	

(Statement No. 14)

Printed Selections No. XII para 58 of Mr. Bourdillon's Letter.

* amount proposed to be deducted from the Cultivated Nunjah including the Garden & Manavary lands now brought under that head - 344794 Rs. amount which may be considered to have been sanctioned 350859

* Printed Selections No. XII Statement No. 5 in Mr. Bourdillon's Letters.

* Amount proposed to be remitted on Poonjah including some Garden & Manavary - 128868 Rs. amount which may be considered sanctioned - 123384 Rupees.

that the end proposed has been attained as near as was practicable:-

19. The total results for both Nunjah and Poonjah, for the whole District, are as follows:-

(Para 8 of Mr. Bauburry's Report)

	Considered Sanctioned	Proposed reduction	Difference
Nunjah	350,859 Rs.	344,794 Rs. —	6,065 Rs.
Poonjah	123,384 Rs.	128,868 Rs. ×	5,484 Rs.
	474243.	473,662.	581 Rs.
	473,662.		
Unexpended —	581		

Mr. Bauburry has therefore succeeded in arranging the reductions so that the total shall closely coincide with what Government were prepared to sanction, and at the same time the per centages of reduction (25 per cent for Poonjah and 30 for Nunjah) have been attained sufficiently close; the due allowance has been made for those localities peculiarly situated, and the hundreds of different rates have been reduced to 30 in Nunjah and 37 in Poonjah, and this without any complication in the processes, or accounts to prevent the scheme being carried out speedily and in a manner capable of being well understood and appreciated by the people. The difficulties that at first presented themselves have been overcome, and the Board consider that Mr. Bauburry is entitled to great credit for the manner in which he has performed

performed the duty specially entrusted to him.

They also notice with satisfaction the assistance that has been afforded to him by the Head Sheristadar

T. J. 1262 No. 4 in 23d Oct. 54. Mr. Bourdillon's letter

of the district, Tr. Lasinga chitty and his subordinate Gomastah Balajeerow.

20. As regards the explanation of the proposed reduction of 4½ lacs on the beriz of the Arcot District as shewn in the margin, it is to be observed* that

		Cawnies	Teerwa	
Cultivation	Poonjah	189457 =	4,67,633	Rs.
	Munjah	117870 =	1,19,444	Rs.
		3,07,327 =	16,62,077	

II. Proposed arrangement.

Cultivation	Poonjah	191018 = 355367	Rs. (Statement No. 14.)
	Munjah	117862 = 859315	Rs. (Statement No. 18)
		308880 = 1214682	or 447395 Rs. reduction

NB. No. 1 does not include the "Istacab" or Garden land included in the Poonjah of No. II

* Madt. No. 318 of Mr. Bauburys Report

(there are or were in Fusly 1262 / 67479 Cawnies of Munjah yet waste, proposed now to be assessed at 509930 Rupees being 32 13 per cent below what they have been hitherto rated at, and therefore they will no doubt come for the most part under cultivation. Of Poonjah there are 343964 Cawnies yet waste proposed to be assessed at 579690 Rupees* being 2588 per cent below what they are now rated at, and these also may for the most part, be expected to be cultivated so that on the whole the 4½ lacs will probably be made good in a few years.*

* Statement No. 14.

* E M C 23d April 55 para 7 Printed Selections. No. XII.

21. Mr. Bauburry has not stated whether he has disbursed any part of the 3,600 Rupees sanctioned*

* E M C 27th July 1857 No. 749 Rev. Dept.

for

for Goomastahs to prepare the accounts at that time supposed to be required, but which were afterwards dispensed with, or any part of the 7,800 Rupees for surveying the Villages left unmeasured by Mr. Nisbet.

22. Mr. Whittingham seems to think that sanction cannot be received for the new rates in time to introduce them into the next Jummabundy accounts, but the Board hope this difficulty may be removed by giving the ryots credit in their Puttahs for any excess payment they may have paid in their kists beyond the amount due under the new rates. Mr. Bauburry, it is observed, anticipates no difficulty on this point, and urges strongly the immediate introduction of the revised rates.

23. There is one point which both Mr. Bauburry and Mr. Whittingham have left unnoticed, and that is the "Road Fund," proposed by Mr. Bourdillon and sanctioned by Government.* The Board are inclined to adopt Mr. Bourdillon's proposal to frame it on the amount of puttah rather than on the amount of land held, and they consider 2 per cent a fair levy, taking the Circar Ayacut cultivated in Fusly 1262, at 308880 Cawnies and the assessment at 12,14,082 Rupees, the Road Fund at 1 anna a cawny as in South Arcot would be 19,300 Rupees, if at 2 per cent on the beriz

* Printed Selections No. XII para 14 E M C of 28th April 1855.

18139640

Fort St. George, 12th November 1857.

Teriz it would be 24,000 Rupees. If the Govern-
ment approve the Board will direct this
to be levied at the same time that the
new rates are introduced. The "Teazgary"
or remission of 10 per cent to Brahmins[x] will
of course cease at the same time, and
remissions should no longer be allowed
for "Stulla Kummee" Chickud, Pos-
tady, Natungal, Van— all these
points together with a brief state-
ment of the changes in the tax-
rums, and assessment should
be explained in a printed vernacular
document, and very extensively cir-
culated for the information of the
ryots.

1857.

(Signed) C. J. Shubrick,
Collector

Resolved:

Fort St. George 13th November 1857.

Bd. No. 3914

Resolution thereon:-

524-545

Resolved that the above correspondence be submitted for the information of Government:—

2. The Bungalow at Palavoyel is private property, and being nearly a mile off the road, is little used by Travellers who have frequented another private building at the Red Hills close to the Road. The proprietor of the latter building has consented to its use as a Travellers' Bungalow and the Board have authorized the Collector to transfer the Palavoyel Establishment to it.—

3. Palavoyel and the Red Hills are the first stage (9¾ Miles) out of Madras and few Travellers halt there. The Board therefore see no necessity for Government constructing a building, but advocate the retention of servants to keep this important line of Bungalows complete.—

Do.

(536)

Bd. No. 1012.

From the Collector of Chingleput

Sir,

In Paras 42, 43 and 44 of Mr. Maclean's Report, dated the 31st July 1839, relative to the survey and Ryotwary Field assessment introduced into the Villages which reverted to Government subsequent to the close of Mr. Vivash's Proceedings, the necessity of remitting the mistah rent of Rupees 42 per annum levied from the Enamdar of Moollapolliem, a hamlet of Conjeeveram, was urged on the consideration of the then Board of Revenue, but as no orders were passed by them or their successors, and the amount has been ever since collected to the great loss of the Party, I have the honor to request you will be good enough to obtain the present Board's sanction for remitting the same from the demand of the Current Fusly. I further request authority for

Fort St. George 13th November 1857

for retrospective effect being given to this sanction from the date of Mr. Maclean's recommendation as the Enamdar has ever since been deprived of the full benefit of his Enam lands which he would have enjoyed had timely instructions been issued on the subject.—

Chingleput District Collector's Cutcherry — Sydapet, 16th March 1857.

Signed) G. J. Shubrick, Collector.

(546-547)

Bd. No. 3941.

Proceedings thereon.

In the above letter, sanction is asked for the remission of the mucta rent of Rupees 42 per annum payable by the Enamdar of Moollapolliem recommended by Mr. Maclean in his survey Report of 31st July 1839.

In 8th Augt 1839

Statement B Enc. in a letter from Collector 31st July 1839.

2nd 8th Augt — " —

2. The village in question appears to have been granted during the Mahomedan Government for the support of a tomb. The rent levied from the Enamdar was fixed long before Hyder's invasion (by whom or at what period is unknown) & has ever since been regularly paid. The entire extent of the grant is 3 Cawnies

of

1p-42-43-44

Fort St. George 13th November 1857.

of Punjah and 2 of Poonjah of which 1 c 33/8 as is described as occupied as sites of houses and their back yards, paying a ground rent of Rupees 30 and the remaining portion is under cultivation yielding two crops a year and bearing an assessment of Rupees 34-1-7-

3. The Board do not quite understand howmuch Petitioner pays altogether, i.e., whether he pays the 42 Rupees above referred to and also 34 Rupees land assessment; Rupees 34-1-9 is stated to be the survey assessment of that portion of the land not occupied by sites of houses i.e. 1 Cawney Poonjah and 3 Punjah — The assessment on the remaining 1 Cawney is not mentioned, perhaps owing to the land being covered with houses it was not computed — The Collector is also silent as to whether he still receives 30 Rupees Ground Rent for a portion of his land.

4. The Board gather from the papers that the title to the Enam has never yet come formally under the cognizance of

Government

Fort St. George 13th November 1857.

Government — The Grant however is of the description of Enams referred to in Extract Minutes Consultation 12th April 1849, No. 369, and should be treated under the Enam Rules on the occurrence of a lapse. —

Extract

Fort St. George 13th November 1857

Read letters from the Acting Collector of Madura dated 20th May and 22d June 1857.

528-550

Bd. No. 3927

Proceedings thereon

(Were entered Nos. 95 & 122)

On referring to Statement B forwarded with the letter of the Collector of Madura dated the 20th May 1856, the Board observe an entry of only one sweeper Parala Mootty and the Collector's letter of the 25th September 1856 reports the death of a Sweeper of this name and drawing the same salary Viz: Rs. 1-4 per mensem on the 25th August 1856 and recommends the succession of her daughter in law Curpoyee which was sanctioned by Government.

2d

Under these circumstances the Board do not understand who the Parnahall said to have been dismissed and to have received 9 Rupees per annum could be, and request the Officer in charge of Madura to explain. Possibly the salary sanctioned in the name of one person has been split up to remunerate two. If such be the case it should be stated how long the arrangement has subsisted.

To,

Fort St. George 13th November 1857.

Bd. No. 3916

Proceedings thereon.- The Board remark that a complete line of Public Bungalows is kept up on the South Trunk road. on which moreover the Dich is conveyed in horsed carriages and Travellers can journey in the same manner.-

2. The coast line of Road therefore is little likely to be frequented by Travellers and Government cannot be expected to keep up Bungalows for the few who prefer that route.-

3. The Board however are unwilling to recommend the abolition of the line of Buildings until the completion of the South canal shows whether they will be required by Travellers proceeding by it or

Fort St. George 13th November 1857.

or by the Officers in charge of that work.

4. They resolve therefore to forwarded the accompanying Estimate to the Chief Engineer and request that he will, with reference to the above remarks, sanction such repairs as may be really necessary for the preservation of the buildings.—

B. No. 3903

From the Acting Collr. of Madura.....

Sir,

I have the honor to bring to

Fort St. George 13th November 1857

to the notice of the Board that an ordinary Estimate was in this year framed for repairing the tanks of the 4 Villages of Sudorvadamungalum and Kuckanandul in the Ramnad Zemindary The District Engineer has forwarded for my orders a Report from one of the Sub Overseers in his Department in which it is stated that the execution of the work could not be satisfactorily completed unless the eight huts on the bank of the former Tank measuring 6 grounds and the two huts on the latter measuring 1½ grounds be removed.

2. I am given to understand that the people living in the huts have been occupying the same for a long time and are the Cultivators of the lands under the Tanks.

3. I therefore beg that you will obtain sanction for my granting in lieu of the above lands 7½ grounds / the same extent / of Nunjah which has been lying waste upwards of ten years Viz.t. 6 grounds in the Villages of Sudorvadamungalum and

Fort St. George 13th November 1857

and 1½ in Kuckanandul taxed at Rs. 5 9 and Rs. 1 5 respectively.

Madura ..... Kodicanall .... 28th September 1857 ..

Bo. No. 3931 Proceedings thereon.

559-560

/Signed/ R. J. Sullivan
Acting Collector

It is presumed that the Villages in question form a portion of the Enam lands of Sevagunny Kuchcheri which were resumed to Government at her death. The Board of Revenue under this supposition recommend for sanction the grant of 7½ grounds of Nunjah which has been lying waste for upwards of 10 years in lieu of a similar space occupied for many years in the bed of the Tank by huts which it is necessary to remove as obstacles to the repairs which have been sanctioned.

6 grounds in the village of Sudervadamungalum and 1½ in Kuckanandul taxed at Rs. 5 9 and Rs. 1 5 respectively

Fort St. George

Sir,

B. No. 4054
From the Collector of
North Arcot ... }

I have the honor to acknowledge

Fort St. George 13th November 1857

the receipt of an Extract from the Proceedings of the Board of Revenue dated the 5th Instant calling upon me to furnish certain information regarding the Jaghire Village of Vellavanoor in this District.

2. The Tahsildar of Arcot in his Letter of the 11th August whom reporting on the heirs of Subhadar ally states that the grant was for 3 lives in succession. The petition of Zainub Bee which accompanied the above Extract Proceedings also states that the Jaghire was granted for 3 lives, and in the "Register of Villages and Lands granted on Shrotriem tenure in the District of North Arcot from the year 1800" which was till 1852 transmitted annually to the Board, it is stated that the Jaghire was granted "for Syed Hoossains own life and that of his two next heirs." A reference however to the original grant by Government dated 12th June 1820 shows that the Village in question was granted "for the life of Subadar Syed

* I refer to the letter of that date from the Secretary to the Board to the acting Collector of North Arcot intimating that

Fort St.a George 13th.a November 1857

that Government had confirmed the Village in question as a Saglane - the question regarding the original sum mud will be replied to after enquiry -

Syed Roofeein send for the lives of his two sons Syed Hommed and Syed subbedar all or either of them," and as the last of these 3 has now died, the term of the grant has expired, and I have consequently directed that the Village should be attached.

3. The other particulars required by the Board will be laid before them, so soon as the necessary information has been received from the Arcot Tahsildars to whom instructions have been issued on the subject.

Bd No 4. 189
From the Acting Sub Collr for
a/c Collector Madura

Sir,

I am directed by the acting Collector

Requests — new sanction

Fort St.a George 13th.a November 1857

Sanction for a sum of Rupees 232 3/4 expended on the ceremonies of the Deparvally feast on behalf of and out of the funds of the Minor Zemindar of Sevagungah Yea.

Collector to request the sanction of the Court of Wards for a sum of Rupees 232 3/4 expended on the ceremonies of the Deparvally feast on behalf of and out of the funds of the Minor Zemindar of Sevagungah.

2. Of 87 3/4 Rupees thus expended in 1855-6 Rupees 57 3/4 were covered by savings effected in that year in the allowances made to the Minor for his personal expences.

3. In 1856, 102 3/4 Rupees were disbursed of which no portion has been recovered and this year Rupees 100 have been given to which it is also anticipated there will be no set off as the Minors expenses since his marriage absorb the whole of his allowance.

4. In conclusion I am instructed to say that there are ample funds for the expenditure sanction in retrospect for which is now sought for, the allowances made the Minor falling short of the 10 per cent on the Rs. which he is restricted by the Regulation by Rupees 879 per annum though this margin is about

Fort St. George 13th November 1857

sistant to be curtailed by 480 Rupees on account of his Cutcherry for the entertainment of which permission has been recently accorded.

To,

J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

(569)

B. of N. 4191
From the Collector
of Bellary.

Submits a form of receipt Book to be given to ryots quinquennially and requests the early orders of the Board of Revenue for its introduction.

Sir,

The receipts in acknowledgement of sums paid by ryots on account of land and Moturpha Revenue, are at present granted annually on a small piece of paper, as prescribed by the Government Manual of Village accounts. These loose receipts are often mislaid, and are not forthcoming when required for reference. It has occurred to me that it would be better if these receipts were granted quinquennially in a Book form, and I have had prepared and printed a form which I herewith submit for the Approval and orders of the Board of Revenue. It will be observed that on one side is entered the

Fort St George 13th November 1857

the whole Demand against the ryot, and on the other side the payment for the year in the forms prescribed by the Manual.

2. The cost of these Books, for 150,000 Land Revenue and Melvaram ryots of this District may be estimated as follows.

No of sheets for a Book	Total No of sheets for the whole No	Quantity in Reams	Rate per Ream Rs	amount
3/4	112,500	234 1/2	5	1172 1/2

*See Estimate No 2

3. In the proposed* Estimates of Hoozoor, sadder ward which I had the honor to submit to the Board under date the 26th March last, the Board may have seen that 54 Reams of paper valued at 3/4 a Ream or Rupees 175 1/2 in the aggregate, are provided for on account of these receipts for fusly 1267. At this rate the aggregate cost for 5 years would amount to Rupees 877 1/2 being 295 Rupees below the cost of 1172 1/2 Rupees estimated for the Books now proposed. If the ryots are made to pay the cost of these Books, which would be but 3 1/2 pie each, it might be done, but it is to be apprehended that this measure would be a great temptation, on the part of the village servants collecting the price, to make

Fort St George 13th November 1857

make extra collections from ignorant ryots. I am therefore inclined to think it better that the cost be paid by Government.

4 Should my proposition meet with the Board's approbation, I beg to request that the Board will be pleased to obtain a distinct sanction for the above mentioned sum of Rupees 1172 1/2. This would render it necessary that a sum of Rupees 175 1/2 should be excluded from the Estimated amount of Hoozoor sadder ward lately proposed by me. As the time of first collections is now at hand, I would earnestly request an early reply to this application, for I think it very desirable to introduce the Book Form of Receipt at once. It is not quite new for previous to the introduction of the new System of Village accounts I had furnished, some years ago, the ryots with blank receipt books, for entering their payments in, instead of writing them as formerly on scraps of loose papers. In that instance the ryots paid for the books.

Bellary Collectors Office

To

C. I. Master Esqre
Acting Head Assistant

Magistrate Guntoor

Sir,

I have the honor to request you will enquire with reference to the accompanying Petition into the charges made against the Tahsildar of Coorapaud when I have considered it expedient to suspend pending your report and have desired that he give over charge to the Sheristadar of the Guntoor Talook who has been deputed to relieve him.-

2. It appears to me that the truth or otherwise of several of the charges can be ascertained by a reference to the Moturpa and Talook records. It is advisable that the enquiry should be made with as little delay as practicable, and

I

Fort St. George 13th November 1857

I think it would be well for you to proceed to the Talook and take depositions from the Writers of the petitions and if possible obtain from them some more specific information regarding same of the charges made.

3. By the arzees forwarded you will at once see that an ill feeling exists between the Tahsildar and a great many of his subordinates and that he has been endeavouring of late to get them exchanged with parties he has named and there appears grounds for believing that he wishes to pick his subordinates and surround himself with relatives and others, which cannot be permitted

4. You will of course enquire into the complaints made by the Tahsildar himself against the Sheristadar and others and give them due consideration.

5. As the investigation of this case will engage much of your time I shall be happy to relieve you temporarily of any portion of your charges if you will issue the necessary orders that the Arzees &c be sent and reports made to me.

To
The Acting Secretary
Board of Revenue

Sir,

With reference to Extract from

Fort St. George 13th November 1857

from the Proceedings of the Board of Revenue No 3507 dated 19th October 1857, I have the honor to state that, on enquiry, I have been informed that there are no American ploughs in store, and without a pattern, it is difficult to say whether they could be made up in the Arsenal or not. Irrespective of this consideration however it is deemed inadvisable to impose extra work on the Arsenal and Gun Carriage Manufactory in consequence of the present pressure of Ordnance business to complete which, a variety of other important work has been set aside.

Resolution thereon

573-574

Resolved that the foregoing communication be forwarded to Captain Nelson with reference to his letter dated 12th September 1857

2. The Board think it probable that the ploughs required by Captain Nelson could be made up at Dowlaishweram if he can supply a pattern and they resolve to forward the correspondence to the Chief Engineer with a request that he will endeavour to assist Captain Nelson in this matter.

Encl. No 1.

Translation of Plaint in O. S. No 9 of 1857 on the File of the Civil Court of Madura.

Plaintiff

Parvadavardavee Natchear Zemindar of Ramnad and guardian and adoptive Mother of the Minor Moottooveejia Ragoonada Mootoo Rama linga Saithoopady.—

By Vakeel

Gooroosawmy Sastry.

Versus Defendant

R. J. Sullivan Esqr. Acting Collector of Madura

Plaintiff seeks by the Suit to obtain recognition of the validity of her adoption of the Minor Moodooramalingom with a view to his succeeding to the Zemindary yielding annually 5,55,000 Rupees and paying a Peishcush of Rupees 324,1,04—3—10 on her demise.—

Agreeably to one of the conditions set forth in the Razeenamah filed in O. S. No 3 of 1813, before this Court and after obtaining the consent of her mother-in-law and other relatives according to Hindoo law this Plaintiff adopted her nephew Mootoo Rama linga Saithoobady the aforesaid, as her Son, on the 21st day 1817

× Dated 1st March 57

† Sisters Son

Although

Fort St. George 13th November 1857

2 Although the adoption in question is in accordance with the Hindoo Shasters, the Defendants' predecessor, Mr. Parker, nevertheless put forward certain groundless objections to it and reported the same to the Board of Revenue who communicated with Government on the subject — Government accordingly on the 13th July 1847, declared that the question was one of the consideration of the Courts. In 1849. however they stated their opinion that the adoption was invalid.—

3. The adverse opinion entertained by Mr. Parker having been brought to the notice of Government an order was issued by that authority on the 23 July 1855 declaring that the Plaintiff was competent to adopt and that the adoption made by her of Moodooramalingom was considered valid afterwards however the Government issued another order cancelling their former proceedings on the receipt of this order the Collector sent a Communication to the Plaintiff intimating to her that the Zemindary would, on her demise be taken under the management of Government and that the Police Officer of Ramnad had been directed to alienate it on that event taking place.—

15th Novr 55.

The

Fort St. George 13th November 1857

4. The Minor's connection with his own relatives has been entirely dissolved, and he continues to perform the annual ceremonies on account of this Plaintiffs deceased husband and others. For these reasons he is entitled to succeed to the Zemindary. The objection raised by Government against the adoption have induced certain persons to institute groundless suits entailing thereby escpence and trouble to this Plaintiff.—

5. Under these circumstances Plaintiff prays the Court will be pleased to pass a Decree establishing the right of her adopted son the aforesaid Minor to succeed to the Zemindary of Ramnad.—

Acting Sub. Collector

Fort St. George 13th November 1857

Translate of a Razeenamah under date the 21th February 1847 put in by Ramdall Soobba row Vakeel for 1st Defendant Rannee Ourood. vurthanee Nachyar and Sama row Vakeel for Plaintiff Rannee Moottooveeroyee Nachyar and Soobba Nardier Vakeel on behalf of Miscellaneous Petitions Rannee Vejiah Moottooveeroyee Nachyar and Rannee Iunga Mootoo Raukoo Nachyar on O. S. No 3 of 1843 on the file of the Civil Court of Madura.—

The Razeenamah is to the following effect.—

1st The 1st Defendant should enjoy possession of the Zemindary of Ramnad and all its appurtenances referred to in the Plaint and may adopt a son of her own accord as stated in Rejoinder and the son so adopted and his representatives shall after her demise be entitled to enjoy possession of the Zemindary and all its estate.—

2. The Defendant should pay to the Plaintiff

as.

as long as she may be alive a monthly allowance of 1500 Rupees in ready cash from 1st March of this year from the proceeds of the Zemindary for her maintenance on receipt either from her /Plaintiff/ or her Ministerial Servants.—

3. The 1st Defendant should also give a monthly allowance of 100 Rupees each from the month of March to the Miscellaneous Petitioners and to the Plaintiffs husbands other widows for their maintenance as long as they shall be alive.

4. The Plaintiff should have a permanent occupation of the Colonels Bungalow situated within the Fort of Ramnad together with the ground and trees appertaining thereto.

5. The Plaintiffs foster son Sevaswamy Taver and his representatives should enjoy the whole of

of the Ayen Villages attached to Pedaranandel Maganum in Aramoothmungalum Talook in Ramnad District and pay to the Zemindary the kist that may be assessed upon these Villages under the provisions of Section IX Regulation XXV of 1802.—

6th The Plaintiff for the support of her Chuttrum endowment at Ramnad should permanently enjoy the Villages Seroovagel Mangangoolem Cadumboor in Cusbah Talook and Keelapanaiyoor Village in Sickle Talook consisting of 1000 Cullums of Seed land together with a Tope or grove situated without the Fort of Ramnad and pay to the Zemindary a full Teerwah upon those Villages in accordance with the Durmasanem rent.

7th. The 1st Defendant and Plaintiff should thro' means of the Court call for the Companys Bonds Rupees 6,74,983. in the deposit of

of the Collector and take one half of the bonds each The Plaintiff shall dispose of as she pleases all the property she is now made entitled to by this Razeenamah and of all her other estate in her possession

8th The plaintiff should further enjoy one half of the Durmasanem Village of Cully Vyel in the Shevagungah District / the private property of the Zemindary of Ramnad / for her maintenance holding every respons- ible right to dispose of it as she pleases-

9. The plaintiff should pay her own debts and the 1st Defendant pay the debts contracted on account of the Zemindary.-

10. The Plaintiff should have equal res- pects and honors during particular ceremonies such as Dausara and other feasts.

This -

11. This relates to the Palace at Ramnad and limits the portion which each of the con- tracting parties should occupy.-

12. In the event the Zemindary be probably assumed by the Government either for arrears of Peshcush or order any other cau- ses the Plaintiff and the Miscellaneous Peti- tioners should act according to the Razee- namah and enjoy accordingly.-

13. The both parties in this case should pay respectively their own costs of Suit If 1st Defendant fail to act ac- cording to the terms of this Razeenamah the execution of which will be procured by means of the Court.-

Proceedings thereon.

Submitting with a presume of past events connected with Ramnad Zemindary a letter from the Ag Sub Collr in charge of Madura reporting the institution of a suit by the Ranee in the Civil Court to procure recognition of the validity of an adoption by her of a Son to succeed to her Estate on her death & stating the Boards opinion that it would be advisable to consult the Govt Pleader on the matter.

From Collr of Madura 1st & Jr Dy Cons 12th March 1849.

Mootoo Ramalingum Saithoo puttу Zemindar of Ramnad at the end of the last century having rebelled was deposed and confined and the Zemindary afterwards conferred by the British Government on his Sister Mungalaswara Natchear by a Simmd Istimrar She was succeeded by her adopted Son Annasawmy Saithooputty who married Moottooveroyee natchear and having no children was succeeded by his adopted Son Ramasawmy Taven. He married Purvada Vardhance Natchear and by her had 2 daughters who successively obtained the Zemindary after his death, but dying in their minority and childless, were succeeded by their Fathers widow and own mother the aforesaid Purvad Vardhanee Natchear against her the above mentioned Moottooveroyee Natchear the widow of Annasawmy Saithooputty brought a suit in the Civil Court of Madura, but withdrew the same on a Razeenamah dated 26th February 1847 in which she consented to Purvada Vardhana

Vurdhana Natchear enjoying the Zemindary and adopting a son.—

2. An adoption in accordance with this Razeenamah was reported by her to the Collector in an Urzee dated the 21st May 1847. In communicating the circumstances to the Board of Revenue that Officer stated reasons for doubting the validity of the adoption as some of her Principal Relations objected thereto and there were circumstances leading to the supposition that she had not as alleged, obtained the consent of her husband before his death.—

F. Coll. Madura 31st May 47 Inbons 21st June 47

3. On this occasion neither the Board nor the Government expressed any opinion on the Subject.—

Bro. Bd. of Revr 2nd June 1847. Exct. M. C. of Govt. 13th Inst. 22 July 1847 N. 797. 82 D.

4. Afterwards by a letter dated 1st March last the Collector reported a serious illness of the Zemindar and requested instructions for his guidance in case of her death expressing at the same time his opinion that as the Estate would probably by

In Dyleons 12th March 1849.

by law escheat to Government and at any rate the claims to it would be very conflicting it should be in the first instance assumed. The Board Concurred in the propriety of the Course and authorised the Collector to pursue it should the Ranees illness have a fatal termination the claims to succeed to the Estate being left for future discussion.—

5 Purvada Vurdhany Natchear however recovered and it was unnecessary therefore to assume the Estate—

6. The validity of the adoption was further canvassed between the Board and the Collector in 1850 in consequence of an attempt made by the Zemindar to procure a recognition of the adoption by the Civil Courts in a suit with which the point appeared to the Collector to have no natural connection but as no result followed it either one way or the other it is unnecessary to do more than note the correspondence marginally.—

The

Exc. Pro of Bd of Revr 18th July 55

The Subject was again mooted in 1855 in consequence of the Collector in reporting on the Estates in the hands of Proprietors describing the condition of Ramnad as very unfavourable and subsequently bringing to notice another serious illness of the Zemindar.

Exc. Mr. Le 23 July 1855 N° 892 R. D. Jule 21st July 56

On this occasion Government declined to accede to a recommendation of the Board that the Estate should be taken under the Court of wards in consequence of the mismanagement of the Zemindar and considering the adoption as prima facie valid directed recall of the order to assume the Estate in the first instance in the event of the death of the Zemindar

P. to Le. 24th July 1855

The Collector was however to be called upon to state in what respect he considered the adoption invalid.

8. For the grounds of his objection Mr. Parker referred the Board to his letter of the 31st

F. Le. 9th Le. 29th Augt 55 Jule 21st June 57

May 1847 and it will be useful in this place to state the

9. In answer to Interrogatories put by the Sudr

Udalut

Page 101 Select Decree from 1805 to 1826

Udalut in A. S. N° 14 of 1814 these Pundits informed them that "A widow may adopt a "Son with the consent of her husband or with the "consent of her relations" and in her address to the Collector of Madura under date the 23

Encr. N° 6 in letters from Collr of Madura 31st May 47. Jules 21st June 47

May 1847 N° 163 Purvada Vurdhana Natchear informed him that the adoption now in question was made "by order of her late husband and the consent of her relations."

F. Le. of Madura 31st May 1847 Jules 21st June 47

10. With respect to the alleged order of the husband the Collector pointed out that there was no allusion to the circumstance — either in the husbands address to Mr. Viveash the Collector just before his death or in that of Mootooveroyee Natchear and Mootoochella Taver notifying the event and that he left 2 Daughters whom he named his heirs and who one after the other succeeded him —

F. Collr 8th June 1850 Jule 21st June —

11. Moreover the Collector subsequently called the Boards attention to another circumstance tending to shew that the late Zemindar Ramasawmy Taver had given

given no direction to his wife to adopt a son
As reported in Mr. Blackburnes letter of the
Inleons 30th Octr 145 4th October 1845 the Minor Zemindaree Dora
raja matchear before her death made an
adoption the deed of which was forwarded to
the authorities by her husband who in his
address to the Collector alluding to it requested
that his brother in law the present Zemindar
might be acknowledged as Zemindar during
her life time and the Estate transferred to himself
and his adopted Son on her death. At the same
time Puravada vurdhany matchear wrote
to the Collector claiming the Estate and her
letter contained the following clause. "The
"address of my Son in law requesting Surrender
of the Estate to me may have satisfied
you of any legal right to it without
raising any objection to his request that
himself and his adopted Son should Succeed
on her death" which if her husband had left
her instructions to adopt a Son she naturally
would

would have done.

12. In regard to the 2d part the
consent of the Relations it is to be observed
Encr No 3 in Fr Coll 31st May 1847 Inleons 21st June 47 Encr No 2 in D. that the brother in law Mootooveyee matchear
agreed by her Rajeenamah as already shewn
but that Moottoochella Taver the brother
of Purvada Vurdhany matchear and Rama-
sawmy Taver addressed the one the Collector
and the other the Board of Revenue objecting to it.

13. On consideration of the Boards Proce-
dings setting forth the above circumstances and
Pro of Bd of Reve 12th Octr 155 Ex m b. 29th Octr 155 S 1191 Inl 31st Octr " discussing the other claims which might be
preferred to the Estate the Government were
disposed to modify their opinion as to the
probable right of the Government to Succeed
and directed that the Papers should be laid
before the Government Pleader Mr. J.B. Norton
Fr. Govt Pleader 16th inl 16th Novr 155 for his opinion. As regards the alleged adoption
this opinion was expressed in the following words.

"I have no difficulty in coming to the
"conclusion that the adoption is invalid and

as

Fort St. George 13th November 1857

"as I apprehend unsustainable before any Court
"of Justice on the evidence brought forward
"on its support"

"I think therefore that on the Ranees
"death the Government should at once assume
"the possession of the Zemindary as directed
In Dy C 12th March 1849 in the Revenue Boards letter of the 10th March
1849 and in the Sudr Courts Proceedings
of the 8th May 1854 Para 3"

"I think that the Government should
"without delay inform the Zemindar that
"their opinion of her rights over the Estate
"proceeded from an erroneous view of the subject
"and that acting under advice they cannot
"recognize any adoption or any alienation
"by her by sale gift will or otherwise."

14. The Zemindar as has been seen from the letters recorded at the head of these Proceedings now brings a suit to compel recognition of her adoption and the Board resolve to submit the letter from the Sub Collector in charge with these proceedings to the Government for

Fort St. George, 13th November 1857

for instructions. In the face of the circumstances which have been rebated they cannot themselves give any credit to the assertion of the Zemindaree that she was authorized by her husband to adopt, and Mr. Norton's opinion seems conclusive against the Rajeenamahs of one relation Mootoo Veroyee Natchear being sufficient, in opposition to objections raised by two others to constitute a legal consent by relations, but in a matter of such importance it will probably be deemed advisable to consult the Government Pleader and direct him to prepare a Draft answer should he advise the Government to defend the Suit. In doing this he may find some assistance from the correspondence which took place in 1850 with which the Board would propose to furnish him.

Mr. Norton's opinion as to the other claims which may be prefered to the Estate will be found in his letter dated 22d Inclos 24th Dec 1855.

15. The acting Sub Collector in charge has not mentioned the date by which the answer should be filed, a point which should never be omitted in reporting the institution of a suit. You will be pleased

Fort St. George, 13th November 1857

B.d 13th Nov.r 1856.

pleased to apply to the Court for as much additional time as they can be persuaded to grant and report the leave allowed as soon as possible.-

B.d No. 4430
From the Actg. Collr. of Malabar

Sir,

With reference to Extract Proceedings Board of Revenue dated 2.8th October 1857, I have the honor to state that some days elapsed ere the copy of the plaint was transmitted to me by the Court when it became requisite to call up our Defendants who reside at some distance from Calicut with a view to preparing our answers. A greater delay than was requisite occurred in this stage, but the chief delay occurred in the English Department of the Office where the papers were sent for translation. I have severely reprimanded the Acting Head Writer on this account

Fort St. George, 13th November 1857.

account. My own absence from Calicut on Circuit in the Northern parts of this district prevented, I regret to add, my supervising the matter as I ought.-

2.- Delay so reprehensible will not recur, and as I took the precaution to file the answer, in anticipation of the sanction, no harm was done.-

Chowghaut, 6th November 1857.

(Signed) W. Robinson,
Acting Collector.

B.d No. 3915.
Resolution thereon.

579-580

Resolved that the above letter be laid before Government with reference to Extract Minutes Consultation dated 24th Ultimo

Inl 28th Oct.r/57. No. 1091, Revenue Department. With the delay of 37 days which occurred in the Acting Collectors office before the institution of Suit No. 634 of 1855 was reported, Mr. Robinson states that some days elapsed before he received a copy of the Plaint, and it was then found necessary to send for the other Defendants. This occupied more time than was really requisite, but the chief delay occurred in the translation of the papers in the

English

Fort St. George 13th November 1857.

English Department.

2. Mr. Robinson was himself absent at the time on Circuit.

3. The Acting Collector's letter was 17 days in the Board's Office including in the reckoning the days of receipt and dispatch and two Sundays. The Board much regret that in the press of current business, the subject did not meet with immediate notice.

4. It will be observed that the Acting Collector filed the Draft answer in anticipation of the sanction ultimately accorded by Government and that consequently the delay has not been productive of injury.

To, I. D. Sim, Esqr.
Acting Secretary to the
Board of Revenue.

581

583

B. No. 3949.

Resolution thereon. Resolved that the above correspondence be submitted for the consideration and orders of Government.

1. These papers relate to the succession to the Shrotriums of Eroongadoocottah and Luttoor in Chingleput, and as the subject is one of considerable intricacy the Board will enter into it in detail.

The

2.

N.B. The numbers attached to the names of individuals refer to the genealogical tree in the Collector's letter dated 5th January 1854. No. 102 Inclosure 16th March 1857. Submitted to Government with Board's Pro. dated 16th March 1854.

By first wife
1 S. Singama Naicke
2 S. Royal Naick
3 Bashecarloo Naick
By 2d Wife
4 S. Virdarazooloo Naick

Fort St. George 5th Inclosure 25th Dec. 1844.

The common ancestor of the Family referred to in this correspondence was S. Bheema Naick who was Poligar of the Tripassore Division. This person at his death left 3 Sons by his first and 1 by his second wife and was succeeded as Poligar by the Eldest Son who was dismissed for misconduct in 1796 — The second Son S. Royel Naick was then nominated to the Office by the Collector.—

3.— In 1802 the Poligar System was abolished and the Village of Suttoor was then granted on Shrotrium Service to S. Royel Naick, the second Son, and that of Eroongoocottah to S. Singama Naick the Eldest Son of S. Bheema Naick the original Poligar.—

4. Both these Villages were granted on the condition that they should be inalienable by gift sale or otherwise and in default of legal heirs should revert to Government.—

5.— S. Singamah Naick died without issue and his Village Eroongoodoocotta was conferred by

by the Collector by a Summud dated 11th October 1808 on S. Royal Naick as the 2d Son of Bheemah Naick was clearly the next legal heir within the terms of the Purwannah of his deceased issue left elder brother.—

6. S. Royel Naick mortgaged Eroogoodoocottah to one P. Aroonachellum Moodelly, and in 1809. S. Virdarajooloo Naick / the son of Beemah Naick by his 2d wife / and half brother of Royel Naick / sued for the recovery of Eroogodoocottah on the ground of an alleged adoption by S. Singama Naick the grantee, but the adoption was declared illegal.—

7. The Widow of S. Singhama Naick also sued for the Village as his heirs, but her claim was rejected on the ground that the brothers, though they had lived apart for more than 20 years, had never formally divided and therefore still constituted an undivided

Fort St. George 13th November 1857

undivided Family.—

8. S. Royel Naick died in 1814 and his son S. Moodoo Vencatapah Naick was registered as Proprietor of both Shrotriums.—

9. This person, with a view it is believed of defrauding his creditors placed the Villages under the control of his Uncle S. Vurtharazoolo Naick on condition of his rendering him account of the profits and restoring the Villages when required. This arrangement was recognized and registered by the Collector Mr. Smalley in 1822, and it appears from the entry in the Registry Book that S. Moodoo Vencatapah Naick declared that he and his Uncle enjoyed the Shrotriums in equal shares. Shortly afterward S. M. Vencatapah Naick renewed his father's mortgage of Croongadoo cottah to the Son of Arroonachella Moodelly on condition that he should pay certain sums as maintenance to other members of the Family.

10. In 1825. S. Singanah Naick a cousin of Moodoo Vencatapah Naicks' for of the 3d Son of the original

P.

Fort St. George 13th November 1857

Poligar sued for ½ of both Estates / Bhenia Naick having left 4 Sons if whom his father was one / and this claim was declared valid by the Provincial Court of Chittoor / in No 23 of 1827 / but as Suttoor was under attachment by the Court for former debts and Croongadoo cottah was mortgaged the decree was partially carried into operation only in 1842 when Suttoor was released from attachment and ½ placed in Singanna Naick's possession.

S. Moodoo Vencatapa Naick died in 1844 and his Widow addressed the Collector stating that her husband had adopted a child (the 2d Son of his Uncle Vurdarajoolo Naick) named Gulla Sheranah & Naick and praying that ½ of both Estates might be registered in his name but left in her management. The Collector submitted for consideration whether an adopted Son is a "legal heir" within the meaning of the Perwanah and in regard to the ½ share of both Shrotriums partitioned by the Courts recommended that the decree as one of long standing and supported by precedents should not be disturbed for the present although its correctness seemed to him doubtful so far as Suttoor, which he considered the self acquired

acquired property of Royal Naick was affected

12. The Board laid the matter before

To Govt. 23d Jany 1865 Government giving it as their opinion that an adopted Son was a legal heir and recommending that the decision of the Court, the justice of which was not impugned by the other members of the family whose interest it was to seek its reversal, should be acquiesced in and 1/4 of both Estates registered in the name of the decree holder S. Singama Naick

13. The Government concurred in the

C. In. C. 22d Febry 1865 No 738 R.D. Inlows & Naick views of the Board in both points acknowledging the adoption and the Courts partition of the property.

14. The registary was effected in 1865 and Imilla Steerama Naick died unmarried in 1853

15. On his death there remained of the Family his adoptive mother Sayamma his natural brother S. Bhumma Naick and Uncle

S Singama

S. Singamah Naick the holder of 1/4 of the property

16. The Collector was of opinion that neither of the two latter were "legal heirs" of the deceased the Pundits of the Sudr Adalut having declaired that that term on failure of lineal heirs embraced only the Father's descendants as far as grandsons, the paternal grand mother and paternal grand father the uncles and their sons—Mr. Cochrane recommended that the lapsed Shares should go to the adoptive mother for life or that she should receive a pension—He also remarked that the natural brother, S. Bhumma Naick had as good a right to a 1/4 share of Erroyapoocottah as S. Singama Naick (though not to Puttoo as self-acquired by another branch) and recommended the admission of his claim.

To Govt. 16 March 1854 17. The Board concurred with the Collector that neither of the surviving male members were legal heirs of the deceased and recommended continuance of the lapsed share to the adoptive mother for life—The Board however differed from the Collector

Collector as to the claims of S. Bhuma Naick which they rejected

18. In reply Government pointed out that the Pundits had ruled in continuation of the preceding opinion that "on failure of the paternal grand father's line the paternal great grand father his sons and their issue inherit" They remarked therefore that S. Bhuma Naick's claim as grand son of the Poligar, the great grand father of the last Shrotriemdar seemed valid and referred the matter for further consideration with reference to this view as well as in connection with the ruling of the Sudr that property conferred by a Sunnud - v. Milbent Istimrar was "self acquired" not "ancestral" and with the circumstance that Sutlur had been granted to Royal Naick personally and was not part of the Poligar's ancestral property - The Board replied that the property was not held under a Sunnud Istimrary and therefore the Sudr ruling was irrelevant

E. M. C. 27 April 1854 No. 501 R.D. In Cons 29th June

P. To Govt. 29 June 154

irrelevant

19. The claim of Bhuma Naick they admitted to be valid under the further opinion of the Pundits, but pointed out that S. Singana Naick (already holder of 1/4) was equally a grandson but descended from the 1st wife and so seemed to have a prior claim.

20. In regard to Suttur the Board considered that the Succession was materially affected by the fact that it was conferred on S. Royal Naick and formed no part of the ancestral property of his family - They considered therefore that the lapsed 3/4 of that Estate were now liable to resumption in default of legal heirs, but recommended their being left to the adoptive mother of the late Shrotriemdar for life the remaining 1/4 in the possession of S. Singaniah Naick under the decree already mentioned being also resumed on his death.

21. The Government concurred in

a 22 July in Cons 5th August 1854 No. 8

in these views ordered the 3/4 of Erungadavoottah to be made over to S. Singhanna Naick who thus acquired possession of the whole of that Village and 3/4 of Suttoos to be left to the adopted mother and the remainder 1/4 of Suttoos to be left to S. Singanna Naick for life subject to consideration on his death.

22. S. Singanna Naick has now died previous to his death he informed the Collector that he had adopted the Son of a distant Cousin. Permission to adopt was not sought and the adoption is alleged to have taken place only a month before his death. His widow however declared herself pregnant which would void the adoption. S. Bhemma Naick whose claims were considered second best on the last occasion is still alive.

23. The Collector assumed management of the Village of Erungadavoottah under annuity until the truth of the widow's statement of her pregnancy should be established and in accordance with

with the previous orders already referred to in para 20. attached the 1/4 Share of the Suttoor village held by the deceased.

24. The Collector has since reported that the widow has given birth to a Son who succeeds as a matter of course to the Erungadavoottah Shrotriem. The Board recommend that the Estate may be placed under their charge as Court of Wards. The mother will be constituted the gaurdian of the child and a suitable allowance made to her. The Collector does not give details of the property, but estimates that in a fair average year the net profits will be about 700 Rs. per annum. These matters however will be adjusted by the Board of Government upon of their taking charge of the minor at all events for the present.

25. The difficulty to which the Board adverted at the commencement of these Proceedings is in regard to the disposal of Suttoos.

26. The Collector Mr. Shreve in

Fort St. George 13th November 1857.

In Cons 23d Dec. 1844

in his letter dated 5th December 1844, seems to have been the first to declare that this Shrotrium was "self-acquired" by Royal Sanck and therefore not divisible among the family like ancestral property. The same view was maintained by Government in Extract Minutes Consultation 27th April 1854 and

In Cons 29th June 1864

acquiesced in by the Board in their Proceedings dated 29th June 1854.

27. But now that the facts relative to the tenure of these Villages have come to be examined more in detail, the Board think it their duty to mention that they entertain considerable doubt as to the correctness of the view taken by Government and adopted by themselves in 1854.

28. They beg to point out that both Villages were granted on the same date and on the same terms. The Purwannahs are identically similar and the grants purport to have been made in compensation for losses sustained by resumption of land fees. In both cases the Villages are said to

Fort St. George 13th November 1857

in the Purwanahs to have been previously held on Inocuffah.

29. There is consequently no difference between the grants and the previous possession of the villages would in fact seem to imply that they were originally ancestral property.

30. The decision of the Provincial Court already mentioned seems to show that the latter view was also entertained by that tribunal and that decision was admitted by Government in Extract Minutes Consultation 22d February 1845.

In Cons 3d March 1845

31. So far as is apparent therefore there is no ground to draw any distinction between Suttons and Enungadoocattah, and as the latter was not considered an Escheat on the death of the first Sheotrium dar without issue not passed to his brother's Son 191 Suttons must, the Board presume, be treated in the same manner and cannot escheat while a "legal heir" is forthcoming.

Besides

32. Besides the minor Son of S. Singhama Naick and the person alleged to have been adopted by him, Bhemma Naick, is still alive and he is our undoubted legal heir / within the ruling of the Sudr Court Pundits / to the original grantee of both Villages as a grandson of their common ancestor and through him legal heir to every one of their descendants who has successively held possession of the Villages either wholly or partially.

9-10-11-13

33. If these views be correct and they seem to be supported by the Sunnuds, the decree of the Provincial Court and the course pursued in Extract minutes consultation 22d February 1845 it would follow that the intended resumption of Suttoor and the grant of 3/4 of it for life to the adoptive mother of N. Singama Naick are erroneous, and that so long as a legal heir survives, Suttoor can no more be resumed in their Enamjaderee attalo. The question in fact is not whether either was "self-acquired" or "family property"

In Con 3d March 145

property, but whether in the terms of the grants there is not a default of "legal heirs". The family of the original Sirotriumdar is reported by the Collector to be an undivided one.

34. The Board have instructed the Collector to advise the mother of the minor in the conduct of the suit preferred by the widow of the Mortgagee of the Village whose claim is clearly untenable as the mortgagee had only a life interest in the Village by the terms of its grant is inalienable "by gift, sale, or otherwise". Seyammah / adoptive mother of N. Streeramah Naick and now in possession of 3/4 of Suttoor for life claims the remainder, but if the conclusion at which the Board have arrived, after a very careful consideration of the case, be correct her title even to what she has is questionable.

Assessment which has been lately sanc-
-tioned. There are now more Goomastahs
than are necessary for the current business
of the Collectors Office, and advantage might
therefore have been taken to transfer them
Salaries to the Printing Office. But this
cannot be done until the Revision of
the Assessment is completed, as in my
Estimate of the cost of that work I reckon-
-ed on the services of the full Establish-
-ment of the Cutchery.

3. I therefore take the liberty of requesting
the orders of the Board to postpone the reduction

-pletion of the revision of assessment now
in progress, and to allow the arrangement
already made for the Printing Establish-
-ment to be continued till that time.

Bellary Collectors Office,
14th September 1857.

Signed J C Petty
Collector.

Received

17883

Fort St George 11th November 1857.

Bd No 3855.
Resolution thereon.

(388-389)

Resolved that the foregoing letter and copy of the Tabular Statement received with the Collectors letter of the 24th March last be submitted for the orders of the Right Honorable the Governor in Council.

2. From the above statement it will be seen that the Collector originally proposed to dis-
-pense with one Hercarah and two Peons among the arrangements suggested for providing an Establishment for his Press. In this part of his proposition the Board objected on the ground that the Government had particularly directed that reductions should be made in those Departments on which labor is lightened by the introduc-
-tion of printing.

3. In the letter recorded above the Collector explains that he could have complied with the Board's requisition had it not been for the circumstance that reckoning on the services of the whole of his Goomastahs for the work of the revision of assessment, he abstained from applying for additional Servants of this grade for this important duty. He therefore requests that the arrangements already made for the Printing Establishment may be allowed to continue until the completion of the revision of Assessment.

Under the above explanation

4. the
