Read a report from the Collector of Masulipatam dated 11 and entered in Consultation 21 July

Fort St George 8 January 1858

No 136.

To J D Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St George.

264

BR No 3080

From the acting Collr of Masulipatam } Sir,

No 2433

Para 1. In obedience to the instructions contained in Extract Boards Proceedings dated 20th July, I have the honor to forward a copy of the decree of the Sudr Udalut in Special appeal No 10 of 1829 dated 15th April 1852 and also copies of the entries in Mr Oakes & Mr Russells accounts.

2 I would also refer the Board to a letter to their address from the Collector of this District dated 30th January 1837 with which were sent Mr C P Browns decision and the appeal answer proposed by Mr Goldingham as Collector.

3 With reference to Para 2, I beg to explain that I agree entirely with Mr C P Brown when he non suits Plaintiff because the Desavy family had no grants to shew for the land and the excuse that these title deeds had been burned, was not accepted because not believed and tho' Mr Brown's opinion was eventually overruled still the highest Court of appeal subsequently admitted his estimation of the document

No 19

Fort St George 8 January 1858

documents produced as supporting
Dasoo family claim was correct, namely
they were bad and the claim of the Pagoda
pronounced bad.

4 The question is simply
-sit necessary for an Enam holder to ha
title deeds which he can prove were
-ceived at the Permanent Settlement. I
with Mr C. D Brown that it is but fair
-cumstances. This is not the case
and may be in some cases even to the
rights of Government when Sp
parties had been pronounced
titles and Sp ... a
proceedings on both sides of the
Court ... to the real Register and
If Plaintiff originally does not produ
Register ... and appears
both and fair probability that the
Respondent the Pagoda and the
received from Mr Brown that he
had claimed the land on
no way alleged any
unfounded ... the
Government should ...
Settlement be ...

Masulipatam Collr
Cuttack 26th July 1857

Fort St George 8 January 1858

Decree of the Court of Sudder Udalut

Before the late Principal Sudr Ameen of Masulipatam — Original suit — N° 1 of 1843
Civil Court of Masulipatam — Appeal suit — N° 57 of 1845
Court of Sudr Udalut Special — Appeal suit — N° 10 of 1849

Special appellant: A.S. Mathieson Esqr Acting Collector of Masulipatam — Versus — Special Respondents: Dasoo Gungaraugo and D° Cummah

Government Vakeel
Goolam Moortoogah
Signed / G.A. Hooper
1 — — / T.L. Strange
1

(L.S.)

The original suit was instituted by Dasoo Gangaraugo and D° Cummah against the Collector of Masulipatam and Gundecherla Seetaiah Rajah Commadana Pamjiah Row for the recovery of Rupees 567-7- being the value of grain collected by the Collector and appropriated to the Estate of the 2d Defendant from the produce of their Surva Doombala Enam lands at Semmerisah and Gamoneerpoody and also to allow them to enjoy the entire produce of the said Lands situated in those Villages viz. 4 Cuttas in the former and 1 Cutta in

Fort St George 8th January 1858

in the Latter, free of any deduction

2 Both the Lower Courts de
in favour of Plaintiffs. Their decisions b
chiefly based on the ground that the
evidence both oral and documentary
adduced by the Plaintiffs in support
of their claims was more worthy of cr
than that of the Defendants, grea
stress being laid by both the Courts on
the fact that much more dependance
must be placed on Mr Russell's th
on Mr Cockes Register the former
which strongly supported the Plaint
claims.

3 The Special Appellan
(Defendant) impugned the correctness
of these Decrees which he maintain
were based upon an incorrect appre
ciation of the evidence. He contend
that the two principal documents
which the Plaintiffs founded
claims were the Counterpart Pet
more than 100 years old, and
Defendants the Counterpart

Fort St George 8th January 1858

to have been granted was not in charge
of his Estates, and further that under section
XII Regulation XXV of 1802 he had not
the power to alienate any portion of his
Malgoozary Lands.

4 With regard to the Register
in which the Lower Courts placed so
much reliance, the Special appel-
lant asserted that it was not only
incorrect and incomplete but that it
did not even bear the signature of
Mr Russell: that its incorrectness
was subsequently admitted by that
Gentleman and again by his Success
Mr Roberts.

5 And finally the Petitioner prayed
the Court would pause ere they confirmed
a Decree which materially affected the
present System of Revenue Management,
and would probably raise many claims
for remission on the part of other Inamdars.

6 A Special Appeal was admitted
by the Court of Sudder Udalut in order that
they might determine after due consideration
of the Record of this case, the following
three

Fort St George 8th January 1858

three points viz: 1st Whether the sums
and Demands, documents Nos 192 and 193
by the Plaintiffs were; under the circum-
stances they were found, sealed or the
evidence 2d which Register, Mr Roberts
Russell should in this instance have
upon and 3d whether the percentage fix
by the Revenue arrangement on Enam
Lands and assented to for some years
the parties can be ascertained.

7 After a full and attentive con-
sideration of this cause the Court of Sud
Adalut are of opinion that the decree
of the Lower Courts should be set aside
Judgment given in favor of the Special
appellant.

8 The Court of Sudr Adalut
observes that the evidence adduced by
the parties is certainly very conflicting
but the Court considers that the evidence
oral and documentary of the Special appel
lant is of greater weight and entitled
to more credit than those produced by the
Plaintiffs Special Respondents.

9 The documents from 12 to 92

Fort St George 8th January 1858.

and others filed by the Special appellant,
shew that the Special Respondents possessed
only 2 cuttas of Enam land in the Zemeendary
Village and Nos 94 & 96, supported by oral
evidence, prove that the collection of a per-
centage was established 20 years ago, by
the then Collector Mr Roberts, for the pur-
pose of preventing fraud in the appropriation
of the produce and continued uninterrupted-
ly as an established rules of Revenue
management without any legal steps
having been taken by the Special Res-
pondents for more than 12 years to
put a stop to it. It moreover appears
that the same practice has in like manner
obtained throughout the District with
regard to Enam lands, and is acquiesced
in by other Enamdars.

10 In respect to the documents
192 & 193 upon which the Special Res-
pondents rely so much as having been
executed in their favor in 1819 by the
2d Defendants father in lieu of those
alleged to have been destroyed by fire.
The Court observe that they appear
to have been executed / if executed

at

Fort St George 1st January 1851.

at all and there seems to be good re-
to doubt the genuineness of the Signat-
while the Genuine Copy was under Seal
and under the Management of the Collr
and therefore the Court are of opinion
Special Appellant is borne out in his
plea that the Defendants Father had
no right or authority to execute such
documents at that time and that the
said documents are therefore invalid
and of no avail in proof of Special
Respondents averring that they are
entitled to 1 Cutties of land in the
Tamarava Village.

11 With regard to the question
as to whether Mr Russells Register of
Inams or Mr Cockes is to be preferred
as correct as showing the quantity of
Inam Land held by the Special Res-
pondents in the said Village. The
Court are of opinion that the preference
is decidedly to be given to the Collr
Register, inclusive in the Collectors
Statement that the former was made
compleated by Mr Russell and not
signed by them and that it has

Fort St George 8th January 1858

been admitted by the authorities in the
District to be correct - altho the extracts
there from filed by the Special Respon-
dents (Nos 130 & 131) were authenticated
by Mr Rossells signature - whereas the
latter Register is accurate and com-
plete and has always been relied
upon as such by many authorities
on various occasions.

The Court of Sudr Udalut
12 are hence of opinion that the Plain-
tiffs (Special Respondents) claim
to 1 Cuttes of land in the Tamarava
Village is not established and that
their contest to be exempted from the
Collection of the said percentage on
the produce of their Inam Lands in
the Village, is barred by the Statute
of limitations as well as by longest
established usage and practice.

It is accordingly re-
13 solved to reverse the Decrees of
the lower Courts and dismiss Plaintiff
Special Respondents claim with all
costs of Suit.

B2. N.100 Proceedings thereon.

(264-265)

Fort St. George 8th January 1857

These letters relate to a claim advanced to a half share in the Agraharam Village of Nellore, at present and for some years past under the Collector's attachment.

2. This Village is entered in Mr. Oakes's Register of 1799 as an Agraharam granted in 1761 by the Zemindar to one Desoo Gungaramze and it was in the possession of that person's family in 1821 when it was attached by the Collector. Mr. Russell under Regulation VII of 1817 as being the right & property of a Pagoda.

3. An action was in consequence brought against the Collector by D. Gungaramzoo grandson (by adoption) of the original grantee who claimed one half of the Village and stated that the other half belonged to D. Cumniah the representative of the second branch of the family. Much litigation ensued. In the first instance the Auxiliary Court dismissed the suit on the ground that no summons or Grant had been produced by the Plaintiff, but subsequently the Zillah, Provincial and Sudr

Sudr. Courts decided in D. Gangaraungoo's favour, and in 1850 he was formally placed in possession of his half share, recovering afterwards his arrears for this time he had been kept out of enjoyment by a summary suit.

4. During the progress of this litigation every facility should have been afforded by the Provincial Courts for the different branches of the family to come forward and adjust their claims to the remaining half of the Village but D. Subbanna has obstinately refused doing so. He expressed his willingness to leave the decision of a few Surbarakaries called Chatties of D. Gangaraungoo's claim to be settled by the Collector, but could not be induced to do so by any pledge given by the Government that they would precisely abide by

5 According to his own request that his half of the Village which is still under the Collector's attachment, may be delivered to him, and there is no dispute as to his being entitled to share with D. Gangaraungoo, whose title Courts of Law have placed in possession of the other half.

But

6. But the Acting Collector has felt doubts on the point because in another Suit brought against the Collector by D. Gangaraungoo and D. Cunniah jointly for a different share, the Sudr. Adalut have repudiated the claim, Mannieum, the Sudr. Adalut have produced by Mr. Russell's Register, and the documents produced by the Plaintiffs. Now these were the same documents, Mr. Howe observes, as were produced in the Suit for the Village of Ulloor and under those circumstances he hesitates to restore the remaining half of the Village to D. Cunniah and enters into a discussion whether the Pagoda on whose behalf the Village was attached by the Collector or the Government have the best title to it.

7. But it appears to the Board unnecessary to discuss this point at any length. The Collector had every opportunity during the very protracted litigation to produce all documents and accounts which tended to establish the right of the Pagoda but all the Courts decided against it and there is no occasion therefore to review its

claim

Fort St. George 8th January 1858

claim now against us regards any right which the Govern-
ment may possess it would only be profitable for the
Government to step forward at this stage of the proc-
eding to claim the Village on its own account in dis-
pensing with any clear proof of its right and of the op-
site party being arranged for in the Board's Bastion the
Board's opinion this is not the reason.

8. In the Decree of the Sudr Adawlut which
Mr. Kindersley forwards as stated to D. Gungaraz
claim, the Board find Mr. Baker Enam
Register of 1797 speaking of it the following terms
"This Register is accurate and complete in and has
always been solicited in power was such by many and the
rities on various occasions". Now in this Register
the Village of Ullavoor is entered as an Agraharam
granted on a quit rent of 10 Pagodas in favour of the
by the Zemindar of Calastry Dasaradu Gungaraz
son. Ch. Narasinga was then in possession the
same family enjoyed the Village 200 years
Rules. or in 1321 when Ullavoor was taken by the Col-
in

Fort St. George 8th January 1858

on behalf of the Pagoda, and with such proof of the
family's right supported as it is by the rejection of
the Pagoda's claims by the Civil Courts, the Board
consider that the attachment should be removed
and the remaining half of the Village given up
at once to D. Cunniah.

9 Authority is accordingly requested for the ac-
ting Collector to restore the half Village to
D. Cunniah accounting to him for the proceeds
in deposit. This course will not prevent future
enquiry into the tenure on which the Village
is held, and the imposition of a fair assess-
ment if it is found to be held in Enam without
due authority, but the Board consider that no
time should be lost in removing a mistaken
attachment and restoring possession to the
Grantee's family.—

submitted for the consideration and orders of the Right Honorable the Governor in Council.

2. The Collector reports the decease on the 27th January 1856 of Mahomed Yacob, who was in the enjoyment of a yeomiah of Rupees 11—11—4 per annum, and he explains that the delay which has occurred in reporting the lapse was occasioned by the yeomiah holder's having no apprehension that the allowance would be discontinued after his father's decease.

3. It will be seen from the Statement submitted to Government on the 1st December 1828 by the then Sub Collector in charge of the Arcot Circar allowances of Rupees 111 per annum was originally conferred on Mahomed Yacob by Hoolamallah Khan Subahdar of Sunneraporam &c. for rewarding "Theology religious books in the Mosque of Ramgaveram the Colemaly family Village in the

Fort St. George 8th January 1856

no document forthcoming to support the grant and it is not known when it was granted.

4 On the resumption of the Jaghire in 1829 the Government authorized the monthly payment of Rupees 413 to the yeomiah holders attached to it, and the apportionment of the amount among the several parties without reference to the allowances formerly enjoyed by them respectively.

dated 30th Sept 1829
From Govt 30 Sept
in Cons 18th Feb 1830
No. 125 R. D.

5 In the distribution then made the allowance of 14 Rupees per annum formerly drawn by Mahomed Yacob was reduced to Rs. 11—11 as and a list of the yeomiah holders with the amount of their former and present pension was submitted to Government on the 12th July 1847

6. The family left by the deceased consists of

1 Son Mahomed Ebrahim aged 21 years
2 Widow Rokeyah beebee aged 40 —— Do.
3. Daughter Asarah beebee aged 11 —— Do
4 Daughter in law Cauder beebee aged 8 — Do

The

Fort St. George 8th January 1856

83. No. 93
Resolutions thereon
268

Resolved that the foregoing papers be submitted for the consideration and orders of the Right Honorable the Governor in Council.

2. The Collector has submitted under the 3d January 1856 a Mahomed Yacob's address in the enjoyment of a yearly allowance of Rupees 11—11—0 per annum, and explains that the delay which has occurred in reporting the decease was occasioned by the yearly allowance not having been specifically stated in the Allowance Book kept in the Collectorate.

3. A similar case from the Mofussil submitted to Government on the 1st December 1828 by the then Acting Collector in Charge of Salt Accounts that an allowance of Rupees 11 per annum was originally conferred on Mahomed Yacob by Hooseinah Lebbe Khan in lieu of his hereditary share of Sunnaspooram Pay for rendering certain religious books in the Moorish Dialect of Persian to the Colombo family, & that on the

Fort St. George 8th January 1856

no document forthcoming to support the grant and it is not known when it was granted.—

4 On the resumption of the Jaghire in 1829 the Government authorized the monthly payment of Rupees 413 to the yeomiahdars attached to it, and the apportionment of the amount among the several parties without reference to the allowances formerly enjoyed by them respectively.—

Called 30th January 1829
From Govt 30 May
in Cons 18th Feby 1829
No. 125 R. D.

5 In the distribution then made the allowance of 11 Rupees per annum formerly drawn by Mahomed Yacob was reduced to Rs. 11—11 as and a list of the yeomiahdars with the amount of their former and present pension was submitted to Government on the 12th July 1847

6. The family left by the deceased consists of
1 Son Mahomed Ebrahim aged 21 years
2 Widow Rabeyah Beebee aged 40 ——— Do
3. Daughter Aserah Beebee aged 11 ——— Do
4 Daughter in law Cander Beebee aged 8— Do

The

Fort St. George 8th January 1858

The means of subsistence possessed by them is not detailed. The date for which the pecomah was granted have been and are still performed by deceased's son.

From Govt 8th Decr 1847 No 1214 R.D.

I am of opinion that this pecuniary Government continued to the sons of the deceased in consideration of their having yearly should not be treated as hereditary being this precedent the Board recommend that a Pecuniary gratuity of Rupees 11—11 per annum be continued to Pecumal Chetty the son of deceased for his life—

Fort Saint George 8th January 1858

No 117.

To

J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort Saint George

269

Bd No 4/1858

From the Collector of Cuddalore 3 Para. 1.

Sir With reference to Extract from the Proceedings of the Board of Revenue dated 30th June 1857 No 2216 requesting me to report upon the Enam lands under the Rungadamoonee Dasavundum Tank in the Village of Goomasamoodrum referred to in Lieutenant Palmers list of observations for the Month of March 1857. Extract of which was sent for my information I have the honor to state that a Petition was presented by one Wobanah, a small Puttadar during the Jamabundy of Fusly 1262 requesting that the Dasvundumdars may be ordered to perform the repairs of the said Tank upon which an order was sent to the Talsildar of Mudderpully Talook to report on the subject but owing to some cause or other no report seems to have been received from

Fort Saint George &c. January 1858.

from that officer and the matter was thus
lost sight of. This tank has been in the
possession of the Dasavandanmdars long prior
to the Cession of the Country to the British
Government how long before it was granted
cannot now be ascertained but in the
Dynnish accounts of Fusly 1217 or 1807 the
tank is there entered as Dasavandanm
also in the Enamaty accounts of Fusly 122[illegible]
This gives the claim to the present occu-
pants who built the Tank and received
for doing? 20 acres 11 — — 15 as Enam but the
is no documents to shew the tenure or ob-
ligation by which the Dasavandanmdars
are bound. But throughout the District
in General it is understood that the
holders of the Enam shall keep the banks of
the Tanks in repair.

2. The ayacut was ascertained
by actual survey of the said Tank
as per Statement
and Sketch annexed
which shews the
Land actual Index whole ayacut
a c a s a c a s
Circar ayacut — 13 3 6 22 5 11 . . .
Dasavandanm Enam — 11 " 15 24 1 8 2 5
Other Enams — 5 3 8 13 3 2 . . .
Total 30 3 15 60 0 3 2 6 8
Circar ayacut
for

Fort Saint George &c. January 1858.

particulars of the Cultivation for the last
10 years together with the Fusul jas-
tee and Teerwajastee and it will be
seen that there is a Decrease in the Culti-
vation of a few years on account of the
failure of rain but on the whole in-
cluding Teerwajastee &c. the Cultivation
for 5 years from Fusly 1262 to 1266 shews
a small increase above the ayacut Ba-
riz altho' there were some lands still
left waste.—

3. The Dasvandanmdars state
that 38 years ago the bund of the tank was
breached in two places of which the one
towards the east was closed immediately
and the other towards the west was
left open to drain off the surplus
water and therefore if the tank be now
repaired according to the present estimate
amounting to Pagodas 310 it ought to
be Carried out by Government and
they (the Dasvandanmdars) ought not
to be called upon to do so as altho' the
whole Circar ayacut has not been
Cultivated yet other lands on which

Teerwajastee

Peermaipettee has been excluded making use of a larger sum than if the whole ayacut had been cultivated and Government cannot therefore be said to be the losers. This argument does not appear to me to be valid and I think that as the Durumdumdars enjoy a large Enam under the tank it is their duty to keep it always in the same state of repair in which it was when the Enam lands under it were originally assigned to them. They declare that they can only build at their own expense a stone embankment to secure two cubic depth of water sufficient for the cultivation of the ayacut lands and nothing more as they are unable to bear any further expence but as it appears from Lieutenant Pollock's list of observations under notice that in the event of the Tank being repaired according to his estimate an increase of revenue would accrue to Government by Peermaipettee lands being brought under cultivation and from the information obtained by a Thoroughgoomastah sent to examine the tank 50 Acres of dry land may be converted into wet and that the Ryots are anxious to take

them up when the repairs have been completed. I would propose that one half of the estimated amount be contributed by the Durumdumdars and the other half by Government.—

4. In Para 3 of their Proceedings the Board wish to be furnished with a list of Durumdum Tanks in the Cuddapah District with the Enams under each in round numbers Orders were immediately issued to all the Tahseldars with a form to shew how the lists should be prepared and as the preparation of these lists in the Talooks will take some time in Consequence of the existence of numerous Durumdum tanks in this Zillah especially in the Southern Talooks delay will be occasioned in submitting them to the Board but they will be furnished as soon as practicable.—

Cuddapah

Resolution thereon (269-270) Forwarding to the Chief Engineer with the Boards observations a letter from the Collector of Cuddapah reporting on the subject of the Dasawundum Enam referred to in Capt. Collyer's letter of the 4th June last

In Cons 30th June 1857

Resolved that the above letter be forwarded to the Chief Engineer with reference to Captain Collyer's letter of 4th June last No 889.-

2. The Dasawundum Enam referred to is of very old standing but no record is forthcoming of the exact conditions of the grant.-

3. The Ayacut of the tank is 30-37 a c assessed at 60 Pagodas of which 11 acres with a Net Assessment of about 20 Pagodas forms the Dasawundum. Of this however it would appear that only 29-38 a c were under cultivation in Fusly 1266 A.D. 1856/57.-

4 The Tank was breached 38 years ago and only partially repaired by the Dasawundumdars.-

5 The Board are of opinion that the Dasawundum Enamdars are strictly speaking bound to place and keep the Tank in such repair as will ensure a sufficient supply of water in all ordinary seasons for the ayacut but their liability extends no further whatever portion of the estimate of Rupees 310 is intended to provide irrigation for the 50 acres of land convertible into wet but not forming part of the ayacut must

Fort St. George 8th January 1858

annual Allowance be borne by Government but on the
other hand the Commander will not be entitled to
any participation in that additional Remu-
neration.

6. The Collector proposes that Licences
for one of the professions should also be borne
equally by Government and the Inhabitants
according to their respective estimated in equivalents
to one and a half years allowance and the Bank
does apparently by the enclosed statement for 38 yrs
this seems a minimum equitable arrangement but
probably a minimum below which it may not be safe
exactly how much of the estimate is ob-
jectable to Government and the Commander
for the permanent and repairs respectively. Must
also be remembered that Government bears the loss
on realised Revenue of a bad Season annually
in Peace and Hostile Seasons.

7. The Board will be glad to be favored by the Collector
Minutes Consultation 15th May 1857 Sl. No 1
8. The Board recommend that the application
for a reduction of the Collector's Collection
Rate be negatived for such a long period
They presume the Collector has ordered
confined of his estimates in the manner

Transmits the Collectors of Trichinopoly Dindigul } Sir

I have the honor to acknowledge the receipt
this day of your letter of the 20th November 57
No. 4050 requesting an early reply to the Proceedings
of the Board of Revenue under date 18th De-
cember 1856 No. 4320 and stating that the Gov-
ernment having called for a report as to the delay which
has occurred in the disposal of the case regarding
the zeemia entered as No. 490 I am directed to
afford information upon that point.

2. In my letter to the Board dated 30th June
1857 No. 154 I submitted the additional information
called for in their Proceedings of the 18th December
1856 on the subject of the zeemias recommended
for purchase in my letter of the 3d September 1856

No.

Fort St. George 8th January 1858

No. 181. In pursuance of my Letter Agreement for as I could ascertain the details of information regarding pensions No. 1190 called for on the Collector's proceedings of the Board's Proceedings of the 18th December 1856

3. In reply to my communication of the 31st Ult. received an Extract from the Proceedings of the Board of Revenue dated 28th October 1857 No. 3534 in which the Board observe that this proposed commutation exceeds the limits prescribed in the Circular Orders of the 23rd July 1857 and cannot therefore be complied with. The number of the pensions proposed by the Board are given in the Margin of their Proceedings and among them is No. 190.

4. On the receipt of this communication I considered the matter to be finally disposed of and that the pension was therefore to be continued to the pensioner.

From the Sr Collector of South Arcot
Submits lists of articles for publication in the Fort St George Gazette on which payment of duty is to be enforced on Export & Import between this District & Pondicherry

As required by your letter of the 6th Ultimo, I have the honor to submit for eventual publication in the Fort St George Gazette a List of articles on which payment of duty is to be enforced on Export or Import between this District and the French Territory. This list includes those articles which are already liable to frontier duty as well as those upon which duty is now recommended to be charged. The latter are written in red Ink in order that they may be readily distinguished. A separate statement in which the latter articles find of course no place is transmitted shewing the Amount of duty collected during last year.

2. The articles of Export from No. 21 to 31 which I now recommend to be added to the list of those to be declared liable to

* See Board's orders 29th May 1851.

+ No. 2

to duty are exported by sea in considerable quantities at Pondicherry and the duty can be collected with the concurrence of the French Government under arrangements similar to those formerly sanctioned with respect to Grain.—

3. The additional articles of Import from No. 28 to 44 inclusive not being in the strict sense of the term, either, paddy or necessary articles of consumption, would recommend to be declared liable to duty when imported into this District from Pondicherry, as already specially provided with respect to Timmenelly and Tanjore.—

4. Some means of ascertaining what the probable value of the Trade in these Articles may be, but the Levy of duty at the Sea ports appears to me necessary for the protection of our Sea Customs Revenue, as well as with a view to assimilate the system to that of the neighbouring District of Tanjore.

Vict. Regina George 8th January 1858.

No. 112.

To
J. D. Sim Esqre
Acting Secretary
to the
Court of Wards.

(277)
Bd. No. 178.
From the Government Pleader
Stating his views as to the most advisable course to be pursued with reference to the claim preferred by certain Chettees of Madura to the judgment by the Court of Wards of a debt due to them by a former zemindar of Shevagunga.

Sir,

I do myself the honor of acknowledging receipt of your letter to my address noted in the Margin and to state for the information of the Board that I have since perused all the papers inclosed and given them my best consideration.

Letter from Acting Secretary to Court of Wards to Government Pleader 14th November 1857 No. 3921.

2. I do not find that a Translation of the Bond of the 10th April 1837, has been forwarded to me; from the Translation of the plaint I observe that the obligor (Bodugoora Swamy) promised to pay the Amount "out of the revenues of the Zemindary" within 3 years. The true construction of the bond may therefore prove to be that it is not such an Instrument as bound his successors. The point however has not been raised in the pleadings, and cannot now be urged, unless the

the pleadings are amended. I am unable to advise on the point without having a correct Translation of the Bond before me. nor am I sanguine that the Mofussil Courts would decide in favour of that construction, unless a decision in point by the Sudr. Adalut or Privy Council were laid before them. which I cannot aware could be done.—

3. From the portion of the Evidence laid before me I am of opinion that the Civil Court will decide that the Bond was executed by the obligor. and that the Rupees 1000 were paid by the Minor's Mother, on account of their Bond.—

4. These are the only issues raised by the Pleadings.—

5. Of the opinion proposed in para 5 should prove to be correct, a decree must be passed in favor of the Plaintiffs.—

6. We have seen that if the Plaintiff would compromise the said former suit of Rupees 1000 it would be necessary for the benefit of the Infant or any party who may succeed to the Zemindary.—

7. Were I advising a respondent I would

no hesitation in advising that he should enter into an arrangement for adjusting and compromising the claim.—

8. Or if the proceedings were in a Court of Equity conducted on principles similar to those by which the Court of Chancery is governed. I should have no difficulty in advising the Course to be pursued. for there the Court would take upon itself to enquire whether the compromise were for the benefit of the Infant, and if the Court were of opinion that it would, they would Order the Compromise to be carried out, and the Guardian would thereby be relieved from all responsibility.—

9. I am not aware that the Company's Courts pursue such a Course. although I see no reason why they should not.—

10. On a careful consideration of the case I would advise the following Course to be pursued. If all the four Plaintiffs will agree that the subject matter in dispute shall be referred to the Members now constituting the Court of Wards. the Civil Court might be moved by the Plaintiffs under

the pleadings are amended & I am unable to advise on the point without having a correct translation of the Irish before me. nor am I sanguine that the Irish Court would decide in favor of this construction, unless a decision in point by the Irish Welsh Privy Council were laid before them. which I cannot ensure could be done.—

3. From the perusal of the evidence laid before me I am of opinion that the Civil Court will decide that the Bonds were executed by the obligors & that the Respondent was paid by the Minors Father on account of this Bond.

4. Where are the only issues raised by the Pleadings.

5. If the opinion expressed in para 3 should prove to be correct, no case could be passed in favor of the Plaintiffs.

6. We cannot perceive that if the Plaintiffs would compromise the suit for one half of the Respondents claim, it would be necessary to pay the benefit of the Infant or any party who may succeed to the Boundary.—

7. Were I advising a Respondent I was on behalf

no hesitation in advising that he should enter into an arrangement for adjusting & compromising the claim.—

8. Or if the proceedings were in a Court of Equity conducted on principles similar to those by which the Court of Chancery is governed. I should have no difficulty in advising the course to be pursued. for there the Court would take upon itself to enquire whether the compromise were for the benefit of the Infant, and if the Court were of opinion that it would they would Order the compromise to be carried out, and the Guardian would thereby be relieved from all responsibility.—

9. I am not aware that the Company's Courts pursue such a course although I see no reason why they should not.—

10. On a careful consideration of the case I would advise the following course to be pursued. If all the four Plaintiffs will agree that the subject matter in dispute shall be referred to the Members now constituting the Court of Wards. the Civil Court might be moved by the Plaintiffs under

under Regulation 21 of 1802 to that effect; whereupon the Guardian and Collector might by their Vakeel consent to such reference if the Civil Court thought it, that such a Course would be for the benefit of the Infant. If these proceedings were clearly specified in an Order, and the Court proceeded to record its opinion that an arbitration would be for the benefit of the Infant and to direct the Arbitration accordingly. Some of opinion that the Guardian would be relieved from all responsibility. Of Course the requirements of the Regulation must then be strictly adhered to.

11. I am not aware that the Court of Wards could, under any Circumstances, incur any risk or responsibility. It would be the guardian that would be responsible.

12. I observe that only 2 of the Plaintiffs agree to the reference. Any such proposition cannot be listened to for a moment. I likewise remark that these 2 Plaintiffs are desirous to bind those representing the Infant to abide by

by the award, while they wish to retain to themselves the power of judging whether the award is equitable; in other words to see what sort of a case can be made for or against them, and to abide by, or to repudiate it as they may think will best suit their own purpose. Such a preposterous proposition cannot be entertained, notwithstanding the opinion expressed by Mr. Cockerell that by it the Plaintiffs will only retain a position of equality; to render the positions Equal, both parties should be at Liberty to reject the award; in such case of what good would be an arbitration? Evidently Mr. Cockerell did not look upon the Court of Wards as totally indifferent Parties; which I do; for it matters not to those Gentlemen which of the parties is benefited so that even handed justice is awarded.

13. I observe that the 1st Witness for the Defendants speaks of 4 bonds having been executed by Bodagooroswamy in lieu of one bond given by the Sitimrar Zemindar. The Witnesses does not say to whom 3 of these

these bonds were given care should be taken that in any reference to arbitration all outstanding claims by or between these Parties should be referred and the Plaintiffs concluded thereby.—

4. The several circumstances stated by Mr. Parker, Vol. are decided by many Inspeximus, but in my opinion they would not have been sufficient (even if they had been all proved in the Cause) to have warranted the Court in deciding against the claim of the Guidance of execution of the Bonds, and of assignment of the 3000 Rupees having been made on account of this bond, was secured to his safety.—

5. The conduct of the defence by the Government Pleader does not in my opinion redound to his credit.

6. Observe that (according to the Translation furnished) the 1st witness for the defendant was examined on the 7th April 1857 and the proceedings to the examination of Plaintiffs witness

7. Observe all the papers which accompanied

now under acknowledgment.—

Madras, December 31st 1857 } /Signed/ Clement Dale.—
Government Pleader.—

B. P. 83.

Proceedings thereon. (277-278)

The Court resolve to furnish Mr. Hathaway with an Extract from Mr. Dales professional opinion on the proposal to enter into a Compromise in O. S. No. 8 of 1856 against the Junior Zemindar of Shevagunga.—

2. The Court are prepared to assent to the adoption of the Course advised by Mr. Dale in para 10.—

3. The Acting Collectors attention is particularly drawn to paras 12 & 15.—

4. Mr. Hathaway will report as soon as possible his proceedings under these instructions. He will be careful of Course in the Course of his arrangements to abstain from any admission of the claim.—

Pro. Sd. Govt. 28 June 1858 From Do. 19 July No. 870 Para 2 to Con 28 July

} Signed C. Whittingham Collector

Under the circumstances explained in the correspondence marginally noted the Dehat Enam Village of Perunjee was resumed in 1851 and an annual allowance of Rupees 1024-8 granted to the parties their in possession

The lapse reported on consists of a 5/16 share (Rupees 210) of the grant held by Syed Sirpoor whose name appears in the Statement of allowances sanctioned on the 13th June 1857.

Government having declared the grant to be hereditary from the demise of the original Purwanah and submitted on the 28th June 1858 the Board recommend the renewal of the lapsed share of Rupees 210 per annum in favor of the widow of the deceased from the 11th July 1852 the date of his demise as proposed by the Collector and also the payment of the arrears due to her for Fasalies 1260 and 1261. The claims of the foster son of deceased are inadmissible.—

B. No. 4801.

From the Acting Collector of Madura

Dated 22nd August 1857. No. 161

Sir,

In reference to the Board's Proceedings of the 8th July last conveying Minutes of Consultation of Government dated the 13th June, I have the honor to forward a copy of a letter from the Acting Sub Collector together with a Statement prepared in the manner suggested by Government in para 6.

2. As regards the village of Combay it appears from the explanations now furnished that the considerations put in this Office upon the Acting Sub Collectors' letter of the 19th Dec. were the Acting Sub Collectors' letter of the 19th Dec. were the contrary was an erroneous one.

3. The expression in para 7 that the rates should be reduced to 3 fanams was taken to mean that the several rates in the villages should be reduced to 3 standard ones.

4. The entries in column 9 supported this view and the word "fanams" was treated

(Sd) [illegible]

Fort St. George, 9th January 1858

Statement No 3 forwarded to the Board with letter of the 31st March 57

[illegible] as a clerical error, but the Acting Sub Collector now reports that the term "rates" was intended to apply to the rates above 4 fanams which he would reduce to that standard and that the "3 fanams" was a clerical error.

5. With respect to column 9 of Statement No 3 the acting Sub Collector is unable to furnish an explanation.

6. Passing over the previous mistake I now beg to support the recommendation of the acting Sub Collector which limits the proposed reductions to the rates above 4 fanams.

7. I do not recommend the reduction below 4 fanams of the rates on the land in the village of Combay, which it is stated is covered with thorn forest and situated at a distance from the village; half of the land in the village is now under cultivation and the soil above alluded to is of a rich quality and well able to bear the rate of 4 fanams.

8. The enclosed statement exhibits the financial result of the statement proposed.

No 151.

Enclosure 1.

To,

R. I. Sullivan Esqre

Acting Collector of Madura.

Sir

In reference to Extract Minutes Consultation dated 13th June last and under the orders of the Board of Revenue I have the honor to state that the expression used in my letter referred to in para 3 of the Extract Minutes Consultation under reply "the rates" was intended to apply to the rates above four fanams per Gooly and not to those of and below that amount. I proposed that all the rates in the Combay village above four fanams per cooly should be reduced to that rate but that the rates of and below that amount should remain in fact.

2. It appears that in the Para of my letter alluded to, Para 7, the reduction was put down at 3 fanams this was a clerical error.

3. The error pointed out in the concluding

Fort St. George, 9th January, 1858.

concluding part of Para 3 of the Extract Minutes Consultation as existing, in the Statement annexed to Para 8 of my letter were also owing to inadvertence.-

4. My reason for not disturbing the rates in the Combay villages of and below four fanams per Goorly referred to also in the last period but one of Para 6 of the Extract is stated in para 7 of my letter. It is because the lands cultivated under those rates lie at a distance from the village and are from this fact and the fact of their being covered with thick forest not likely to be cultivated, and should they be so are not in any instance too heavily burdened with their present assessment.-

5. The variance with the proposition contained in my letter pointed out in the second clause of para 4 of the Extract Minutes of Consultation as attributable to the unperfect nature of Statement No 3 and I can only offer no explanation why in Column 9 the proposed rates were not shown and made

Fort St. George, 9th January 1857

and 2 fanams at lines 9- 12, and 13.

6. In regard to the first Column of Statement No 3 I have the honor to explain that the rates indicated in lines 4. 5- 7, 9, and 12 were changed by the Poligar to those shewn in Column 2.-

7. But the whole of Statement No 3 is very defective and requires explanation. No Column of it shews the rates now levied on the land Column 1 exhibits the Hoolos on the Fysul rates Column 2 those Fysul rates the Poligar altered leaving the others untouched the latter indicated by dots Column 3 and 4 explain themselves column 5 shews the sum of the Fysul rates on the ayacut and those rates the Poligar augmented under each rate of assessment Column 6 shews the Cundita Inam, which will be explained hereafter granted by Mr Hardis and which applied only to the lands cultivated at the Fysul as well as the reductions made subsequently by the Poligar Column 7 shews the net leviable teerwa according to the preceding

preceeding columns and Column 8 the average on each Goolay in the Aycaut ascertained by devideing the net Sicca Rent shewn in Column 7 by the number of Goolies in the Aycaut exhibited in Column 3.-

8. No other explanations as regards this statement seem called for, I enclose another to supersede it prepared in accordance with the directions of Government from which it will be seen that I recommend all the rates in the Combay villages above 4 fanams should be reduced to that standard leaving the others as they are for the reasons already stated. The financial result of this measure will be an immediate loss of Rupees 261 and a reduction on the Aycaut assessment of Rupees 1146-12-2

9. The statement also exhibits the rates now payable in the Chinnamanoor and Makiencottah villages the extent of land in each this cultivation the waste and the description of soil on which my propositions both on the present cultivation and on the Aycaut

10. I have nothing to add to my recommendations in regard to these villages, I would explain however why I propose the 5 and 3 fanams rates in the former should be reduced to 3 and 2 fanams respectively - My reasons that if any reduction is made in this village it appears but equitable a reduction should be made on all the rates because it is to be inferred that the land assessed at the 5 and 3 fanams is of an inferior quality to that bearing an assessment of 7 fanams.-

11. It may be said and the question is in fact asked why, if it is not thought expedient to reduce any rates of and below 4 fanams in the village of Combay, it should be found necessary to do so in Chinnamanoor - My answer to this question is that the circumstances differ in Combay, the lands rated at and below 4 fanams be at a great distance from the village. In Chinnamanoor these lands are mixed up with the others in the vicinity of the village.-

12. In regard to Makiencottah I would explain

explain that my object in marking all the rates uniform with a trifling exception and fixing them at 3 fanams is, considering the great extent of waste at the higher rates to hold out such an inducement to the ryots as will lead to an immediate extension of cultivation and to the taking up of the greater part of the lands at once the more especially as the relinquishment of revenue involved in the arrangement is comparatively trifling.

13. The error adverted to in para 8 of the Collector's Minutes Consultation is clerical as a cypher should have been added to the figure in the first line of column 3 of the Statement.

14. It remains for me to explain the term "Circular Swamp". Mr. Wardle's remissions were of two descriptions, the one termed as Hoolas Swamp. The other Circular Swamp. The first was a remission on the Hoolas or Tyrul assessment of a fixed sum of so much on the Fanam on each rate of assessment. The latter a gross remission of the

the collections on the entire Tyrul cultivation of a village which was apportioned out to the individual fields by the Curnums after it was granted the Tyrul waste received no remission whatever.—

15. In conclusion I beg to express my regret that such an imperfect account as statement No. 3 should have been allowed to leave my Office I found the account prepared when I took charge of the Sub Division but I cannot excuse myself for having neglected to scrutinize it before despatching it with my letter

Dindigul.

A. Collector

Fort St. George, 9th January 1858.

Bd. No. 118.

Proceedings thereon.

(299-300)

With the foregoing communication the Acting Collector submits a letter from the Acting Sub Collector relative to the discrepancies pointed by the Board and Government in their report and Statements regarding a proposed reduction in the rates of assessment in the villages of Coombay, Simmanandoo, and Mackerimmalai in the Vedasundy Valook of the Dindygul division of Madura.

Proc. of Bd. of Rev. 6th May 1857 No. 11449

Govt. Cir. Gen. 13th June 1857 No. 8

July 57 No. 3587 & 3

From Actg. Coll. 31st March of Madura & Encl.

2. It was found that Statement No. 3 having reference to the village of Coombay which was enclosed in that report was wrongly inconsistent with the Acting Sub Collector's Letter of which it purported to furnish the details. The explanations now offered are in fact single admissions, that the both Report and Statement were full of errors and a fresh Statement is now submitted in supersession of the former.

Actg. Sub Coll. Dindygul to Coll. 22nd Augt. 57 Encl. in Govt. Madura 18th Nov. 57 Encls 9th Jan. 58

3. From this it would appear that the Rates now claiming to be Equal to the

C. Bertram

Fort St. George 9th January 1858.

number ranging from 6 to 1-10 instead of from 8 to 2 Therefore shewn whether these present rates were fixed by the Zemindar previous to the incorporation of the estate with the Government lands or subsequently by the Government is not stated. It would seem from Para 6 of the Acting Sub Collector's letter that the Poligars Rates were 8-6-5-4-3-2. as shewn in Column 2 of Statement 3 but the Board do not think it necessary to dwell on this point as the Government Chairman declared it unnecessary "to know "how the present rates were arrived at "nor how high the rates were 50 years ago "under the Native Government what is "required being information of the Ryacut the cultivation and the waste under each rate as the rates at present stand."—

Encl. Mr. T. 13 Jan. 57 Para 8 Encl. Con. 8 July 57

Encl 1 Para 8.

4. Mr. Cocherell explains his recommendation to be as the Board supposed that all the rates in Coombay above 4th should be reduced to that Standard leaving the others intact.—

Encl. No. 2.

5. On reference to the revised Statement

Fort St. George 9th January 1858

Statement it is seen that of the land bea
3 rates above 4 Fs per Goolty more than
2/3rd is waste.-

Ayacut 3754-0-1
waste 2698-5-5-

5. This fact seems sufficient
to prove the necessity of a reduction
the assessment and the Board accord
Resolve to recommend that the deduc
=tion of so much of the demand on
lands above 4 Fs as at present exceed
that Amount which was sanctioned
the Minutes Consultation of Governm
of the 13 June 1857 may be Converte
into a permanent reduction pend
a Survey.-

Para 5
In Cons: 8th July/57.

7. The Government expresses the
desire for information why when the
whole of the land rated at 4 Fs (Hon
Rate) is waste no reduction there
necessary The extent of land under
rate as entered in the former State
was only 7/6 The explanation of
would seem to apply to this and al
of and has low 4 Fs per Goolty and is a

Fort St. George 9th January 1858.

Covered with thick Forest not likely to be
Cultivated and should they be so are not
in Mr Cockerells opinion too heavily
leavened with their present Assessment.-

8- As stated in the Minutes Con=
=sultations of Government under date the
In Cons: 8th July/57. 13th June 1857 this village of Combay
Contains an Ayacut of 23122 goontahs
out of which 17000 goontahs (nearly)
are waste It is known to the Board
that there is a very large extent of
waste in other villages also. in short
that the extent of cultivable
land in the Talook the area of which
may be roughly stated at 1200 Square
Miles is far beyond the power of the limited
population to cultivate in full Under such
Circumstances it seems unnecessary pending
a Survey to reverse the Assessment of out
lying lands not now heavily taxed - As
population increases Hamlets will be
formed and the waste, the Board have
little doubt gradually brought under
Cultivation even should the Assessment
be maintained at its present Rate since
that is stated by the local officers to be not
disproportionate

Fort St. George 9th January 1858.

disproportionate to its value. While on the land should a reduction also be made on consideration of distance from the village effect might be to draw off capital and labour from the lands now under tillage. Such a village as Combay (and the Board are aware that there are several of the large size in the Taluk) is too large for a village and requires to be split up for full development of its resources.

9. In para 7 of his letter now records the Acting Collector states that of the land in Combay is now under Cultivation which is a mistake - as shown in the para the cultivation is not more than 1/3rd of the Ayacut. -

10. The financial result of the proposed reduction in Combay is shown by Columns 12 and 13 of the Statement to be as follows:- Ayacut of 1146-12-6- and assessment of Cultivation of 261-15-0.

Encl. No. 2

11. The Board proceed to notice of the 2 remaining villages selected and the Registered Letter regarding Government declined to receive to the

C. No. 13 June 57
Letter 8th July
Para 7 & 10

Fort St. George 9th January 1858.

the Collector and the Board pending the receipt of further explanation but authorized the grant of the same indulgence to the ryots as had been sanctioned for Combay ie all demand above 4 fanams to be reduced to that Amount and rates at 4 fanams and below it are to be left intact. -

12 The particulars of these 2 villages are included in enclosure No. 2 now submitted. -

Chemanamanoor Para 10 Cent No. 1.

13. In Chemanamanoor out of an Ayacut of 4869 goolies 4508 are waste the bulk of the land being assessed at 3 fanams per Gooly. The Acting Sub Collector adheres to his former recommendation that the 7 Fanams rate should be reduced to 4 fanams the 5 fanam rate to 3 and the 3 fanam rate to 2 and argues that if any reduction be made in this village it is equitable that it should be allowed on all the rates because it is to be inferred that the land Assessment at the 7 and 5 and 3 Fs. is of an inferior quality to that bearing an Assessment of 7 Fanams and that the lands out of Cultivation are mixed up until the others in the vicinity of the village

Para 11

as.

14. As already observed the bulk of land is assessed at 3 Fanams advertingfore to the fact of about 9/10ths being waste it seems to the Board clear that a general reduction is required as as 732 Gls of 74 assessed at 5 Fanams is waste they resolve to support the recommendation that the scale should be as proposed by Mr. Cockrell and specified in the preceding Para. The loss on the present Cultivation owing to the adoption of this Course will be only 80-10 on the ayacut the reduction will be 4. 8. -

Mathiencotah

15. In Mathiencotah the present according to the revised Statement from 8 Fanams to 2 per gooly The class of Conditeman is not separately shown but Mr. Cockrell explains the meaning of the term Mr. Hinde's remission she stated "more of two descriptions - The one termed Hooloos Mauf. The other Cundita Mauf. First was a remission on the Hooloo Fixed Assessment of a fixed sum of so much in the Fanam on each rate of Assessment - The latter or grass remission Collections on the cultivated Fixed & Cultivated of a village which was a portion of the

Para 14 ent 18th inst 601/57.

the individual fields by the Canongo after it was granted The fixed waste received remission whatever. -

16. Out of an ayacut of 1203 Encl No 2 in 4601/57 Goolies 4887 are waste only 316 being cultivated The proposition is to reduce the rates above 3 Fanams per gooly viz 8-6-5-8-4-9½ 3-15- to 3 Fanams which is the Assessment of the bulk of the land - There is but one rate below 3 Fanams viz. one of 2 Fanams per Gooly the extent of land under which is only 12 as of a Gooly - under the rates above 3 Fanams only 109 Goolies it will be seen is Cultivated Such being the case the Board have very reason to suppose that 3 Fanams per gooly is the appropriate rate of Assessment and resolve to recommend its adoption as the extent of land Assessed at 2 Fanams is so insignificant the rate may the Board then be abolished.

Ordered

Fort St. George 9th January 1858

Ordered that a Copy of the foregoing Proceedings be Submitted to Government with reference to the Minutes Consultation of Government under date the 13 June 1857 No. 587 R. D. and that a Copy also be furnished to the acting Collector of Madura:—

Bd No 4978
From the Collr of Trichinopoly

No. 170

To,
I. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir.

In furtherance of the 3rd para of my letter No. 150 dated the 17th Ultimo, I do myself the honor to furnish Copy of an Extract from the Proceedings of the Civil Court of Salem under date the 4th December 1857 upon my Petition of Appeal against the injunction issued by the Subordinate Court prohibiting the Cutting of the Channel from the Cauvery to Karr for the benefit of Mooring a Cullathone Village.-

2. Your Board will observe the Civil Court has directed the injunction to be with drawn, and that if such prohibition be necessary due Notice be then given to the Defendants to shew cause against it.-

Trichinopoly Collectors Office, 9th December 1857.

I Signed J. Bird
Collector

Fort St. George 9th January 1858

cause against it and that after a careful consideration of all that may be urged on both sides and the exception of such evidence as may be necessary a decision do now be passed in the

Order that Extract from the Proceedings be sent to the Subordinate Judge of Salem for his information and guidance and as Copy thereof furnished to Government Vakeel on his application.

I True Extract

To

A. D. Sim Esqr.
Acting Secretary to the
Board of Revenue
Fort St. George

(308)
B. No. 109
From the Collr of Nellore

Forwards copy of a communication with Statement from the Acting additional Sub Collector on the subject of the Cassimcottah Enams.-

Dated 16th Decr 1857

Sir,

I have the honor to submit a copy of a letter with its enclosures from the Acting additional Sub Collector on the subject of the Cassimcottah Enams.-

2. When this matter was submitted for the consideration and orders of the Board in my letter of the 15th May 1857 No. 111, they in reply stated that they did "not see any necessity for considering this matter at present. When the revision of assessment should be completed a separate statement could easily be prepared

Should

Extract Proceedings Board Revenue Dated 16th June 1857 No. 1957.-

Fort St George 9th January 1858.

showing what amount of Cawdies
to be levied by the Cattabadies, the Pay
payable thereon, and the assess-
ment to which the Cawgaroos
be liable if it were not Exempt
The question could then be
satisfactorily determined. The
period and mode to be by the Board
Law annexed and the Statement
queried in manner directed.

3. Should you concur with
Mr Banbury in the propriety
of the exemption from the general
Guardians the double Coss of Step
tion from service, and the consti
equipment of their Canoes and
of this proposal that those
who have thrice failed to perform
Police and attain distinction
be free from service, and
that the same indulgence
be extended to their Canoe
men at the Out

Fort St George 9th January 1858.

numbered, classed and assessed, as
have recently been sanctioned
for the Talooks in which those
lands are situated.

4. Mr Banbury proposes
to exempt from resumption, certain
Cattobadj Inams held in the
Sholinghur and Palmanair Talooks
for the performance of such
services as guarding the Treasury
escorting Circar money, assisting
in procuring supplies for Troops
&c. In the Sholinghur Talook how-
ever this latter duty cannot often
be required of them, and the other
duties specified, are performed
in other Talooks by Peons, and
certainly not less efficiently.

A ground of recom-
mendation for exemption, is stated
to be the fulfilment by the Cat-
toobadars of their duties. But
the same plea might be advanced
for exempting some of the other
Cattobadj Inams from re-
sumption, for although the
general charge of neglect of
duty

8

Fort St. George 9th. January 1858.

duty is sufficiently borne on organized Municipalities, & would be registrated by proof that of them are not obnoxious to the charge. The fact that their powers are no longer required, because those powers can be more efficiently performed by Panchayats is sufficient to justify the resumption of the Religious and Palmanamin Endowments, as well as those of other Inferior.

5th Paragraph. Mr. Thomas's claim to the land granted by the Nawab of Arcot, which has no connection whatever with the Temple, should be rejected. The question of the validity of the Nawab's grant, & the question of the validity of the Mokhtar's grant, should be investigated, and the Board should be instructed to report on both.

Fort St. George 9th January 1858.

Enclosure No. 20

No. 56.

To Charles Whittingham Esqre.

Collector of North Arcot.

Sir,

In compliance with the Instructions conveyed in an Extract from the Proceedings of the Board of Revenue dated 10th of June 1857 I have the honor to forward the accounts and information concerning the Cuttoodies therein called for and as it may save time I will briefly recapitulate the correspondence which has hitherto past regarding these Enams.

2. In para 67 of Mr. Bourdillons report to the Board dated 25th October 1854 it was proposed that the Cuttoodies should be relieved of all service and permitted to hold their lands paying only the Sidy and

Fort St George 9th January 1858

as heretofore which should in future be considered as the air tenwash due thereon. In my letter to your address dated 11th May 1857 it was pointed out that accomplishing this object from service and allowing them still to retain their favourable tenures was a greater boon than they could reasonably expect and that it would be a more advisable measure after relieving them of service to apply to the Sarvum tenwash of their Inams the reduced rates sanctioned at the permission and thus put them on the same footing as their fellow Vellegers. The balances remaining between the Jodys & Basic fund and the revised tenwash to be expended in marking better fences arrangements them these were suggestions your appearance of which [illegible] forwarding

Fort St George 9th January 1858

forwarding my letter to the Board who in answer call for the accounts and information now supplied.

3 Whilst preparing the detailed accounts an additional reason for adopting the course proposed manifested itself as it appeared that in many instances by taking the Jody as the assessment not only should we get many rates of tenwash which do not now exist in the new scale but that the Jody would be actually higher than the reduced tenwash this could never have been intended and would not be fair towards the Cultivators. This will be clearly seen in Statement No 19 of the Enclosures in one instance the Jody for Ninjah is 11—4—3 per Cawney for one crop

Crop which is somewhat above the highest Nunjah rate of 10 Rupees for the same taluk. I have in applying the reduced rates to the various townships of the Cuttaday lands been careful to observe the same rules as were followed with regard to dry lands situated in tanK and Channel townships under the head of Nunjah and Puttaday to land under Punjah. I have also applied to the lands in question the same reduced rates as were granted to the several taluKs of which they form part. The rates now proposed for the Pycarnadoo Cuttaday lands of Tamilian do those sanctioned for the same lands in the neighbouring Pycarnaiadoo Villages so that in purchasing the Cuttaday

when freed from service will be in all respects on the same footing as their neighbouring cultivators.

4 Mr Bourdillon when proposing the abolition of Cuttaday service — spoKe only of those in the old Pennaru TaluK now transferred to Chendraghiry but they exist also in Satghar, Chittoor Tiruvellum Maunnadoor Polliem and Ven-cutgherry / one only in the latter / the Tahsildars report unfavorably of the worK done by this class and of their total neglect of their duties there is reason to believe that like their fellow servants in Pennaru "instead of aiding the police are partly by plunder themselves" / Vide para 67 of Mr Bourdillons report / upon personal enquiry I find that the Cuttaday in the Tirumoolum TaluK although liberally

Fort St George 9th January 1858.

liberally remunerated Some few years past done sweet to nothing, and disregarded the summonses sent them. These Villages included the Cultivated lands of the Talooks above named in the Statements now furnished. There are in the Talooks of Mallingha Villore Palmaneir and Polore Cultivated lands which hold their Cowles either on Special tenure or free from the performance of Service of those I will speak in a subsequent part of this Letter.

5 It will be seen from the enclosures that there are five Kinds of Cultivated Lands

1. Mella Cultivated Lands paying Jodee equal to 1/2 the Common Peruvah.
2. Pollam Jodee or Regah equal to 1/3 of D.

Jodee

Fort St George 9th January 1858.

3 Jodee equal to 1/3 of D.

4 Kayem Jodee or fixed Peruvah like quit rent.

5 Dumbulah Jodee altogether although there are these different Systems exctant the most advisable plan appears to be to bring them all to the reduced rates now paid on similarly assessed ayen lands this although it may press hard in a few cases is the fairest plan as the revised rates will yield the Cultivators a liberal profit, they will have no Service to perform and it must be remembered that their former conduct and good done for the State does not entitle them to more lenient consideration than the Ryots in General. The reductions now proposed for the Cultivated lands includes the mamool 12½ per Cent originally

Originally granted to agan Bandee
in the Northern Salsette Kc.

6 It will be seen by Statement
No 15 that the amount available
for Police purposes i.e. the surplus
of the remised Tarwah over the Sebe
hitherto paid to Government amounts to
Rupees 8790-14-5. This is not so
large a sum as I had anticipated
but still a good deal may be done
with it and the result will be double
less for more beneficial to the State
than the present defective arrangement
I have made the Calculations so that
none of the Sebe hitherto paid or pay-
able should be relinquished but
that merely the excess together deducting
this Item from the reduced Cutbundy
Tarwah Tarwah should be rendered
available for Police purposes gene-
rally the Salaries of the establishment
now

+ See Column 37.

now abolished thus:

	Rs. A. P.
Revised Tarwah	34,387-12-6
Deduct Sebe hitherto leviable	25596-14-1
	8791-14-5

The surplus thus remaining includes both cultivated and waste it will not therefore be safe to advocate the expenditure annually of the whole sum lest the Tarwah of the Cutbundy land tilled does not reach this amount and we should then be encroaching upon the Agan revenues although I do not expect much of the land will be left untilled at the present low rates as if the Cutbundees the former holders who will of course have the first chance of "taking" these lands under the new tenure do not do so, numerous ryots will readily come forward there being no reason for believing that the Cutbundy holdings are

left

Fort St George 9th January 1858

Cfs favorable for cultivation in any respect than the aycut Lands Add'l reserve fund of Rupees 1790 might be retained in order to meet deficiencies this would be about 20 per cent of the whole sum derivable. The waste of the Curtlandy Lands in proportion to the Cultivation under the whole regime has been 31 per Cent but with the exemption from various computation of other rights and in many instances tenants Cyttlee than the former Jodey are many just Ryots but for a less proportion being annually waste.

7 With regard to the measures to be adopted for dispensing the police of the Curtlandies I would propose that Twelve Police Peons be added to those Talooks wherein they are most required and which have been formed

Fort St George 9th January 1858

of the Services inefficient though they were of the class now abolished - By deducting as above proposed the sum of Rupees 1790 we have 7000 Rupees remaining and with this an Extra force of 102 Peons and 10 Duffadars might be maintained thus

	Rs
102 Peons at 5 Rs per Mensem for 1 year	6120
10 Duffadars at 7 Ds per D for D Ds	840
	6960

This leaving 40 Rs un-expended - I would propose that the additional Duffadars, Peons thus obtained be Distributed as follows -

	Peons	Duffadars
Sattyhur	20	2
Tirunellum	15	1
Chandraghurry	40	4
Chittoor	15	1
Vencatagherry and Palmaneir	12	2
	102	10

From what experience I have had in the Police of North Arcot this seems a desirable arrangement the newly nominated Peons

Fort St George 9th January 1858

persons should not at all be stationary but on patrol in parties of 6 or more under the dafadars. In localities like the Jungles suspected and the road up to the Sriperumbudur Pergoda some must necessarily be stationary I have consequently recommended a large number for the Jungly Chendrayenny Taluk. Although there was only one Curtobardy in Vencatagherry still that Taluk is so many badly supplied that I have been induced to recommend 12 to be distributed between it and Palmanair.

8 I will now proceed to say a few words regarding the Curtobardies held on fixed tenures or without any requisition for service. In Sholinghur Palmanair Vellore and Polore Taluks in the resumed Villages of the Avilicondah Jaghier and in some instances in Chendrayenny as will be seen by a reference to Statement No 16 17 18

Fort St George 9th January 1858

these Inams are held on payment of ½ taram teervah, as Tolee one third &c similarly with those in which service is required The whole amount of taram teervah on these lands amounts to Rupees 4,688 and the Tolee payable thereon to Rupees 662-- In the Taluks of Sholinghur and Palmanair the Curtobardies hold their Inams with the proviso that certain services such as guard to the Treasury escorting Circar money assisting in procuring supplies for troops &c should be performed by the holders of the Grants. When in charge of these Taluks last year I made a close enquiry as to whether these services were duly rendered and the result was satisfactory the Tahsildars of these two Taluks likewise report that the Curtobardies fully perform the duties appertaining to their offices. In Sholinghur there are 25 and in Palmanair 29 persons enjoying these grants the taram teervah of which is Rupees 1977 and it appears

Statement No 16 17

Statement No 16 17 18

Statement No 16 17 18

-ent

but just that they should continue to do so no charge of nonfulfilment of contract having been urged against them.

9 In the Taloks of Vellore Polore and in the presumed Inglies of Arnicondah and in certain cases in Chendraghery no service is either required or performed the Cuttoobadies enjoy their grants like other Inams with the exception that no scrutiny or enquiry takes place when a lapse occurs these Cuttoobadies are 57 in number and enjoy Inams the Jamma assessment of which is Rupees 2711- I would advocate that in these Taloks these grants should come under the heads of Inams free from service and those in Shalingchur and Polore manair be considered as service Inams and entered in the Inam Register they would then come under proper enquiry and determination lapses occur and be disposed of similarly with other Inam cases by the higher Authorities.

Bd No 98
To the Collr of North arcot

To The Collector of
North Arcot.

Sir,

Para 1. With reference to your letter of 24th December 1857 enclosing a report from Mr Bambury on the Cuttoobady Inams, I am directed by the Board of Revenue to ascertain what would be the new or revised assessment on in the following Lands alluded to in Statements 16 and 17.

1. 1,117 Cawnies held in Palmanair and Sholingur for occasional Treasure service without any Judee at all.

2. 14,8 Cawnies held in other Taluks without Judee and without any conditions.

3. 274 Cawnies held in Chendraghierry &c Taluks on small Judee but without condition of service.

2 The Board observe in Statement 17 that 6 Cawnies of Nunjah in Chendraghierry are now assessed at Rs 229 but the cause of such an excessive tant demand is not stated. The proposed assessment should be shewn also on the same Taluk 7 Cawnies assessed at 171½ Rs

Fort St George 9th January 1858

Respecting the same observations apply to the amount of Jody actually paid on these 13 Cummies seems to have been by Mr

3 With reference to para 5 of Mr Bamfylde's letter, he should explain the difference between the ordinary Jody of items 12. 3. and the Kayam Jody of item 4 With reference to para 9 of Mr Bamfylde's letter the Board desire to be informed why the lands referred to were granted since it is stated that they contain no conditions of Service. The Board are not disposed to receive recommendations for the continuance of Enams held rent free, without some proof of right of tenure. You will be good enough to explain why such Enams are called Cattledy.

4 A reply to this communication need not be delayed for the information required in para 2.

310

B. No 60
To the Collr
of North Arcot

Sir,

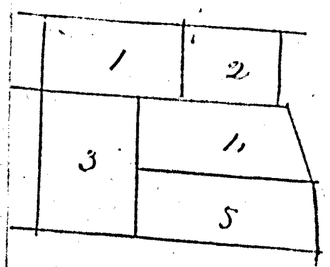

Para 1. I have the honor to acknowledge the receipt of your letter of the 24th December 1857 No 4686 in para 2 of which you state, that you are desired by the Board to inform me, "that they approve of the Notification, but consider that it would be advisable to insert in it, instead of the wide terms vizt in Para 7 that in consequence of the general reduction of assessment remission will not be given for Shamlot Bunjer, or Khet Poondoo or by whatever local term parts of fields left waste are known".

2 As immediately preceding the vizt in the Notification the term Stulla cummee is used, I am led to suppose that the Board consider that Stullacummee is something else than what is intended by Shamlot Bunjer or Khet Poondoo The exception parts of fields

is

is also somewhat ambiguous in connection with the practice of the District in regard to these remissions. I would therefore after stating what the practice is in this respect, solicit the orders of the Board on the subject.

3. The signification of the word Stulla Cummee Means, that by that term it was intended to express the waste portion of a Stull or Pymash Number, but such is not the meaning of the term according to the usage of the District. It is always held to mean the waste part of that portion of a Number, which constitutes a ryots holding. The in the annexed diagram which represents a single Stull or Pymash Number the waste portion has Numbered 5 being 6/8. Now a quarter of the whole Stull would in the event only of a ryot holding the whole Stull be charged

charged to that ryot; but in the case supposed which is one of most frequent occurrence, as the parts Numbered 1, 2, 3, and 4 are cultivated by different ryots no account whatever is taken of the part Numbered 5, and the rules relative to Stulla Cummee remission are applied to each Numbered portion of the Stull just as if each portion constituted a complete Stull. If for instance the ryot who cultivates the portion 2, leaves half that portion waste, he obtains Stulla Cummee remission altho' the waste should be only 1/8 of the whole Stull.

4. This system is obviously open to great abuse, as the extent of cultivation and waste of each of those portions is ascertained by the Cummums only, the frequent measurements dealing only with whole Stulls. There would however be a difficulty in altering the practice, for in the case supposed to whom of the 4 cultivating ryots should the

Fort St George 9th January 1858

the waste portion Number 6 be charged. Those who cultivated portions of 2 or 3 might reasonably object that Nos 2 & 3 having their cultivation adjoining to the waste portion should be made to pay for what they neglected to cultivate. The expedient of making all four ryots pay equal portions of the waste part would be impracticable, and perhaps not unjust in the case supposed but if the Shist had continued as it often does for several Cowries and a ryot or two had cultivated both 2 or 3 of them, it would be extremely impracticable to charge them under the assessment of the remaining good Cowries. In the case of waste Cowries the Pyemash Numbers are still more extensive than in cultivated land.

5 I would also beg to suggest that the present practice of applying the Shotta Commissioner should be considered in discontinuing these remissions generally, and that remissions should still be granted for

Fort St George 9th January 1858

for such portions of Pymash Numbers as are not in the occupation of ryots. The Notification as it stands in the Proclamation that no remission will be granted for Shotta Cowries would be taken in the sense in which it is now understood viz. that no remission will be granted for any part of a ryots holding whatever proportion the waste part might bear to the rest of the holding, and I would beg to suggest that this part of the Notification should remain as it is, with the omission perhaps of the term &c.

6 As the season of cultivation has nearly passed, I would beg also to suggest that the Notification that land left waste from last years Puttah shall not obtain remission should also state that the rule will not be enforced till next fasly.

North Arcot,
Collector's Cutcherry,
Chittoor,
30th December,
1857

Signed W. Whittingham
Collector

Proceedings

Fort St George 9th January 1858

B2 No 110

Proceedings thereon.

(316 - 311)

Under the explanation afforded by Mr Whittingham, the Board do not consider it necessary to insert in the Notification the clause proposed in their Acting Secretary's letter of 21st December 1857 No 4686, and the Notification on that respect, may stand as it is.

2 The practice in North Arcot of allowing Stalls, or Pymash fields to be broken up into separate holdings is one which should no longer be permitted and the rule that prevails as to Stalls Kummee namely to charge no one with waste on a waste portion of a Stall, if the rest of it consists of Puttah holdings fully cultivated, seems to be by no means sanctioned in para 11 of the Gunnavaloondy Mr Kummee's enclosed in the Collector's letter of 23rd December 1857. Stalls para refers simply to a portion of a Stall, and has no reference to holdings forming parts of a Stall.

Inhabs 9th Jany 1858

The

Fort St George 9th January 1858.

3 The present Notification will of course put an end to the practice of granting remission on portions of these Holdings left waste, but before passing orders for charging the waste of the Stall which is not a Holding on those who do occupy the holdings that make up the rest of the Stall the Board would wish to receive some further information from the Collector. The only restrictions they will impose at present is, that no waste Stalls be granted to Dunkhastdars except in whole Stalls except where the Stall is above 4 acres of Nunjah or 16 of Poonjah in which case it may be made into 2 fields.

4 The Board wish to be informed of the holdings forming a Stall, such as described in para 3 of Mr Whittingham's letter, have each a number separate from the Stall or Pymash number, and how these numbers are arranged. Whether a separate Puttah is given for each; and

and its content stated; and whether in general the Pymash number and its boundaries found recorded extent are obtainable. That in any further Survey they may be recognized measured and mapped. The Board are disposed to think that where a Shall does not exceed 2 acres of Nunjah, or 1 of Punjah, any portion of it left waste should be charged to the occupant or jointly to the occupants of the remainder. It is most desirable that every means should be taken to discourage the splitting up of fields into these fragments and as before directed no new pymash should be given for a portion of a Shall if it does not exceed 4 acres of Nunjah or 16 of Punjah. The sub division of these Shalls and the issue of a separate pymash for each portion has never, as far as the Board have ascertained, been authorized.

5 The Board do not observe in the Notification any reference to the abolition of the Jeddy remissions

remissions.

6 With reference to para 6 of Mr. Whittinghams letter the Board concur with him that the rule by which land left waste from last years Puttah is not to obtain remission should not be enforced till next fasly.

Fort St George 9th January 1858.

Form of Contract.

1 I agree to convey the whole quantity of Salt required during the years 1858 and 1859 from the Manaar Salt Pans to the Manaar Cotiaur, at the rates of hire hereto annexed, this hire being paid to me three times a month upon the Salt being measured and received into stores.

2 I shall at all times obey the directions of the Collector of Manaar and Superintendent of Salt as to the number of boats within 50 which it may be thought necessary to send at any one time, to any of the places named and in all respects submit to their directions in all matters concerning the transport of Salt from the Pans to the Cotiaurs.

3 Within a week from date of this contract, I will have not less than 30 boats ready daily at the place in the preceding and at the Salt named from such time as shall be deemed absolutely necessary by the Superintendent of Salt. Should

Fort St George 9 January 1858.

my failing to supply the number of boats required, or upon my causing any unnecessary delay, I shall be adjudged by the Collector of Manaar to pay a fine not exceeding Rupees 250, or to forfeit my contract.

4 Should the Monopoly of Salt be discontinued by government this contract shall in that event be null and void.

5 For all losses of Salt which may take place during the transport of Salt from the Pans to the Cotiaurs, by the negligence and delay of the men employed under my orders I hold myself responsible and, in such matters I will submit to the decision of the Collector of Manaar, with reference to the estimated loss sustained.

6 I hereby bind myself my Heirs executors administrators and assigns to fulfil all and every condition of this contract, and in the case of wishing myself to discontinue the contract or in the case of my death I hereby engage that

Fort St. George 9 January 1838.

that myself or my Heirs &c. shall so refund any loss which a sudden relinquishment of the Contract may cause to the Circar.-

7 The Sumities for my fulfilling this contract are Gy. Ds. and S. Subbiah Chetti of Madras) state their Style or calling in life.

8 Nothing in this Contract shall prevent the Collector of Madras or the Superintendent of Salt with his concurrence entering into any other Contract for similar provision of canal boats provided that in case of requisition from either of them as fixing a period for supply by any of a larger number than 50 boats may fail to be complied with the event of any meeting the requisition within the given time. Schedule then have the sole privileges of supplying boats for conveying Salt from the Pulicat Lake to the Madras Collectorate.-

To J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

With reference to the Board's Endorsement

328
Bd. No. 2813 —
From the Collector
of Tinnevelly —

Fort St. George 11th January 1858.

Endorsement on Petition No. 700 of 1857, herewith returned. I have the honor to state that an advance of Rupees 185 was made to the Petitioner from the Amount of the Estimate Viz. Rupees 560-9-0 Sanctioned for Cutting a new Course for the channel supplying the Paracolum Tank and for constructing a Dam. Of the said Sum of Rupees 185, the Petitioner states that nearly Rupees 70 had been expended by him on account of the work in question, whereas he has now rendered accounts of expenditure before the Tahsildar only to the Amount of Rupees 52-9-6 which are made up of the following items. —

Amount expended in Cutting a portion of the Channel		9-8-4
Value of Crowbar and other Tools	12-2-0	
amount advanced for Chunam	10-0-0	
Ditto Ditto for Bricks	20-15-2	
		52-9-6

2. The Tahsildar reports that from his inspection of the Channel pointed out by the Petitioner, work to the value of Rupees 9-8-4 appears to have been executed by the Petitioner as stated by him, but the work having been partially executed and in an indifferent manner, any correct measurement

Fort St. George 11th January 1858.—

Measurement of the same is impracticable.—

3. The Tasildar further states that there are 10,000 bricks ready in the Kilns the value of which he estimates at Rupees 17-8-0 and that no Chunam has yet been supplied to the Petitioner by his contractor, and that the Tools purchased by him are in his possession.—

B. of R. No. 115.

Proceedings thereon.

328-29

The Collector is requested to state who gave the order in the first instance for the excavation of the Channel who advanced the money to Petitioner and whether the Amount advanced has been entirely or in part recovered. He should also give his opinion as to whether Petitioner would not be hardly under the circumstances required to refund such portions of the advance as had been really expended by him on a work sanctioned by Competent authority.—

No. 105.

To, J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

330

B. of R. No. 2794

From the Actg. Collector of Tanjore.

With reference to the Board's Endorsement

Fort St. George 11th January 1858.

No. 1200 of 1857

Endorsement on the accompanying petition. I have the honor to report, that the Village Malayoor of which Petitioner is an inhabitant and which with others formerly Composed the town of Caverypatam abounds with the remains of ruined Pagodas, mundapums and other traces of the place having formerly been much more numerously populated than at present. The Pagoda in question was one of those edifices and as there was proved to have been no worship or ceremonies of any Kind therein for a period of 60 years, the stones of which it had been built were with the knowledge and partly with the assistance of the villagers themselves taken by the Sub Collector for constructing the aprons of the Calingulahs at the rivers, chellanaur Cauvery Levanaur and Ambanaur.—

2. These works have been going on during the past 2 years and though the Sub Collector has had his head quarters at Caveri-
8th June 1857. patam during that period he states that this Petitioner's is the first Complaint that has reached him on the subject.—

3. The Petitioner has but a small share in the Village, and there is reason to believe that his statement that the stones were wanted for the building of another Pagoda is altogether

false

520

Fort St. George 11th January 1858.

false. Several of the Large Sheeravaddy Sidars have assured the Sub Collector, as it appears from the report of that officer, that no such intention exists on their part, and the number of Pagodas now still existing in all stages of decay, shews beyond doubt that the wants of the Community in this respect are already more than amply provided. —

Tanjore — 11th July 1857. — Signed / H. D. Phillips, Acting Collector. —

B. of No. 121.

Order thereon. (330-331)

Ordered that the following Endorsement be passed upon the above petition: —

"The Board learn from a report received from the Acting Collector that the stones of the pagoda referred to, now in ruins, were with the knowledge and assistance of the Villagers themselves taken by the Sub Collector for the construction of Caliengal Calls. No services or ceremonies have been performed in the building for a period of 60 years and from the Statements of the principal Meerasidars there is reason to believe that Petitioner's assertion that these stones which have been in Courses of removal for upwards of 3 years more required to

527

Fort St. George 11th January 1858.

to provide materials for another Pagoda is erroneous. The Board see no occasion for their interference". —

B/D No. 3140
From the Collr. of
Rajahmundry.

With reference to my letter of the 27th June 1855, No. 140. I have the honor to state that further enquiry into the outstanding balances on account of costs of Suits thereon alluded to has shown that the exact amount to be actually accounted for under this head is Rupees 252–5–– and not Rupees 347–11–3 as specified in Para 2 of the above letter, certain sums already paid by the parties having in the first instance been erroneously included as due by the Government Vakeel. There was also a sum of 17 Rupees stated by the Peon deputed in his letter of the 13th April 1853 to be payable by him, but the suit in which the sum was decreed by the Civil Court to be paid by the 3d Defendant, was connected with the other minor

The Collector

Fort St. George 11th January 1858.

Minor Zemindaree Estate of Pittapore, and the various
inhabitants thereof in suits wherein charges are made against the Minor
Zemindary. Their claims therefore is made payable to
Government, and has accordingly been included
2. The details of this sum of Rupees 252-6-0 are
as follows.-

1	Amount actually collected, including the 3% Remuneration in virtue of the 27th June 1855	Rs. 244-5-0
2	Amount of claims by individuals against the Estate, and to be charged against the property	7-12-0
3	Do by Inhabitants of various villages for amounts of claims against the Estate	0
4	Do by Inhabitants of Cottapilly for amount of claims against the Estate	0
	Total	Rs. 252-5-0

Items 2. 3. and 4 are those for which recommendation
is now solicited from the Board of Revenue.

Rajahmundry District
Collector's Office
Cocanada 29th July 1857.

(Signed) A. Bannerman
Collector
Proceedings

Fort St. George 11th January 1858

B. No. 124
Proceedings thereon
334-35

In para 3 of their letter to
Government dated 5th October 1855. No. 2587
the Board reported that the amount of
the outstanding balances of costs in suits
brought against the Officers of Government
in Rajahmundry was Rupees 310—11—3 the
total sum reported by the Collector as
standing in his accounts was Rupees 317—
11—3 of which Rupees 7 however
had been realised.-

2. From his present communication it
appears however that the sum of Rupees
317—11—3 included 7 Rupees chargeable
against the Pittapoor estate and various
items (amounting apparently to Rupees
178—6—3) already recovered.

317-11-3
252-5-0
65-6-3
7-0-0
178-6-3

The

Fort St. George 11th January 1858

3. The proper amount should have been Rupees 252—5—0 of which Rupees 5—4 have been realized.

4 The remainder Rupees 27 is for various recoverable irrecoverable and the Board recommend that the Collector may be authorized to write this sum off his accounts.

Read again Letter from the Collector of Vizagapatam dated 16th October Number 337 in Consultation 23d November 1857.-

N.B. The Sum of 225-5 includes the Rupees 37 reported in the Coll.r's letter of 27th June 1855 Nevertheless amount would stand Thus Rupees 215-5 not 310-11-3 as stated by the Board.

Sir

I have the honor to forward herewith a Statement shewing the Annual Expenditure incurred on account of the Survey and assessment and the work performed from April 1853 to September 1857.

2. The Survey Establishment was entertained in the Year 1853 for the purpose of Surveying the Limits of the Town of Madras and the Suburbs, and the Assessment Establishment was entertained in the Year 1855 for the purpose of assessing the Houses and Lands within the Limits of the Town of Madras and the Suburbs.

3. The Establishment was entertained in the Year 1853 for the purpose of Surveying the Limits of the Town of Madras and the Suburbs, and the Assessment Establishment was entertained in the Year 1855 for the purpose of assessing the Houses and Lands within the Limits of the Town of Madras and the Suburbs.

4. The Establishment was entertained in the Year 1853 for the purpose of Surveying the Limits of the Town of Madras and the Suburbs, and the Assessment Establishment was entertained in the Year 1855 for the purpose of assessing the Houses and Lands within the Limits of the Town of Madras and the Suburbs.

I have the honor to be
Sir
Your most obedient Servant
(Signed) D. Shaw Esqre
Assistant Commissioner of Police

To
The Secretary to the Board of Revenue
Fort St George

Encl 1

Statement shewing the Annual Expenditure incurred on account of the Survey and assessment and the work performed from April 1853 to September 1857.

Period of charge	Amount of Expenditure on Survey	Amount of Expenditure on assessment	Total Expenditure	Amount of work performed Sq re Miles	Acres	Average Cost per Square Mile	Remarks

Proceedings

B.P. No. 123
Proceedings thereon
(336-338)

In this Proceedings of 26th August last the Board reported the outlay on the survey in the South Arcot and Trichinopoly Districts under Captain Priestley from 31st October 1856 to 1st June 1857 and submitted a

X G.O. No. 628 dated 18th 1857 No. 993 in Con. 2nd Oct.

minute this Communication Government called for a Statement shewing "the expenditure actually incurred under the authority of this Government and the Government of India in each year under this distinct heads of "Survey" and Assessment" from the Commencement of operations in 1853 or fasly 1262 to the close in contrast with the work performed and shewing also the proportion which

which the total aggregate expenditure for Survey bears to the whole extent surveyed." The letters recorded at the head of these proceedings supply this information.-

2. According to the received Statement forwarded by the Collector of South Arcot, the total expenditures from the Commencement of operations to September 1857 amounts to Rupees 119126-3-5 of which Rupees 114471-11-10 were expended on the Survey and Rupees 4654-7-7 on Assessment. The area Surveyed is 1259 Square Miles and

Fort St. George 11th January 1858

and the expenditures on the Survey thus comes to Rupees 90-11-9 per square mile.-

3. The outlay has thus exceeded by Rupees 35,546—3—5 the Sum of Rupees 83,580 which was sanctioned for an experimental Survey by the Government of India and this excess of expenditure will be chargeable to the general Survey of the Presidency in accordance with the instructions given in Extract Minutes of Consultation 10th June 1857 No 573 Revenue Department

8th Sept. 1854 Sw. No. Govt. 12 in Cons. 16th Oct. 1854 No. 1318 R. D.

To

J. D. Sim Esqre
Acting Secretary to the Board of Revenue
Fort St. George

341
Bd. No 1,296
From the Collector of Bellary

Sir.

The Board in their Esteem of

Fort Saint George 11th January 1858

of Proceedings of the 29th October 1855 observed that there is a very marked difference between the construction of a Tank or Well on the land occupied by a ryot, and the construction of a channel intended to convey the water from land occupied by him into the land which he does not occupy. They stated that it was their wish that owners of the land should have the full liberty to use their holdings to the best advantage by the construction of any works within their boundaries whether Wells or channels, but they considered it right that they should be prohibited from the use of any land beyond their own boundaries without making special application and receiving permission.

2 If the Board's permission to be obtained previously in every application for a channel being constructed it will only entail much delay but be very much and I feel very greatly check inspiriting this direction which it is so desirable to encourage as much as possible

Fort Saint George 11th January 1858.

these inconveniences I take the liberty of submitting the following proposition for the consideration of the Board.—

3 That there should be two general rates established for taxing lands irrigated by channels constructed bona fide at the Ryots own cost - one rate to apply to lands in or adjoining Villages now irrigated largely by channels which are supplied by the principal rivers such as the Pennar, Hagary Chitravaty and Hundry, and another rate for channels in the Villages not affected by those streams, or which are supplied by smaller jungle streams or springs. The application of the rule to be limited however as in the case of Wells and Tanks to such channels only as will not affect any other work of irrigation either belonging to government or private individuals or otherwise affect the government or private interests.—

4 The assessment in the first class of Channels noticed above should be two Rupees and in the second class one Rupee inclusive of the dry rate. The land would then be classed as irrigated land. In both instances it would be subject as all Nullah lands

Fort Saint George 11th January 1858.

lands are proposed to be subjected) to a Fusl
Jasty of one half a fusseymul for the 2nd crop
If this rate is adopted and made generally
known it will seldom be found to answer inter-

5th If the Government or private
interests are affected detrimentally by
the projected Channel, the Construction
of it will not be permitted but
in exact instances where Channels
will be better than worthless Canals of
little or no value the above should be
the Standard Rule for new Channels leaving the
rygts at their own expense and any particular
case requiring a modification of the rules to
be specially decided on by the Collectors-

The Rule might run thus:-

Rygts are at Liberty to dig Channels
at their own Cost and irrigate therewith
Lands from them on payments of
an assessment.

1st Of 2 Rupees per acre for one crop
exclusive of the Dry assessment if the Channel
is dug from the River or any of the Streams

Fort Saint George 11th January 1858

of the Pennar Hagary Chitravathy
and Hundry.-

2nd And on payment of 1 Rupees
per acre for one crop inclusive of Dry assess-
ment if the Channel is taken from
any other of the Smaller Streams or is
dug from a Spring.

3rd Fusl Jasty will be added on
when a second crop is raised-

4th No rygt will be permitted to
dig a new Channel if any Circar or private
interest is affected thereby, which must first
be ascertained before permission is granted.-

5th These Rules do not apply to
the Joambadra River.-

6. I have not included the Joambadra
River, as this is entirely subject to the Control
of the Circar and if private individuals
wish to take Channels from it they should
apply for special permissions.-

Proceedings

Fort Saint George 11th January 1858.

B. No. 122.

Proceedings

(341-342)

Thirteen.

In the above letter the Collector proposes rules for the assessment on lands so irrigated by Channels constructed by Govt at their own expence.

2. Mr Petty proposes two rules one applicable to lands in villages now irrigated by Channels supplied by the principal rivers (the Toombudra excepted) and another for villages not affected by these rivers and for Channels supplied by single Streams.

3. The rates proposed are respectively 2 Rupees and 1 Rupee per acre inclusive of the Poonjah assessment but if a second crop raised Punt Jaly at 50% is chargeable the assessment therefor will be 3 and 1½ Rupee per acre for the Crop and 2 and 1 Rupee single Crop.

4. In all cases the construction of Channels is only to be allowed after neither public nor private interests will be affected by them.

5. The Board are unable to

Fort Saint George 11th January 1858.

these rules at present. The state of the assessment on the Dry. lands of Bellary is not yet sufficiently known and moreover as they learn from the Collectors recent report on Public Works) the practicability of turning the rivers to better account for irrigation is still under special consideration. The rates of assessment proposed are so low that the existing Punjah lands could not successfully compete with the new channels lands and on the other hand if as Mr. Petty anticipates many such channels should be constructed the plans of the Engineer Department for the future supply and distribution of water might be seriously affected.—

6. The question of permitting ryots to make temporary use of petty rivulets not at present required by Government is under consideration and will be separately settled meanwhile the Tank and Well rules afford a large opening for the investment of private Capital.—

Bd's No 1193
From the Acting Collr
of Madura

Sir,

With reference to the Proceedings of the Court dated 14th October last I have the honor to state that Mr McGregor is not inclined to undertake the Superintendence of the Survey of the 17 Villages therein alluded to. He does not possess the acquaintance with the subject that is required and there being no other Assistant Resident in Madura his absence would be felt as the Estate will only remain under Management for about 2 years. I would suggest that the Survey be conducted on the ordinary principles of native survey with which the present Establishment of the Talook is well acquainted and therefore recommend the entertainment of

Fort Saint George 11th January 1858.

of the temporary Establishment to aid the fixed one as shewn in the list enclosed.—

2. The Revenue to the Zemindar whether in grains or money being realized on each separate Stall of which the owners are distinct the Survey effected in the manner pointed out by the Court in pursuance of the Proceedings under reference, without a detail of each field with it is considered not forming trustworthy record whereby to settle disputes and protect the Zemindar from frauds.—

3 The whole Ayacut of the Village in question is assumed (there being no correct accounts with the former Renters) at 1000 Cawn Nunjah and 1000 Cawn Poonjah and it is hoped that it will considerably augment when the Survey is completed. The Cultivation in last year was according to the Renters accounts.—

Nunjah	1091 Cawn
Poonjah	788
Gardan	73

4 The villages have 85 Tanks supplied

Fort Saint George 11th January 1858.

supplied by a river and 28 rain fed Tanks.—

5 The mode and amount of assessment could not be ascertained as the Renters realized the revenue on no fixed principles, but set as much per Kurray or share on agreement with the Ryots as explained by Mr. Parker in para 4 of his letter of the 25th September 1856.—

Fort St. George

(349)
Bd's No 4929.

Sir.

From the Collr of Chingleput—

Affording further information of Peons in various duties.

Referring to the 3rd para of Extract from the Board's Proceedings of No 4304 of the 3rd Instt. I have the honor to state that though the Tahseldar statements which accompanied my letter No 312 of the 20th Ultimo shewed the manner in which the Peons

Peons allotted to this District were usually employed the actual distribution varied with every month with the nature of the work required to be performed in each Department, and should more Peons be found to be required for any particular work than are usually allotted to it they are necessarily employed on it by drafts from other works or from those available for general service as the case may be.—

2. The 43 Peons alluded to in Para 1 are not exclusively employed on river Channels all the year round but when not required on them, attend to any other duties the Tahsildar may put them to. They are consequently not debitable to the Public Works Department as that would release them from the Control of the Tahsildar and leave them for half the year or more with little or nothing to do. The Peons stated to be employed on Postal duties are not all of them employed in distributing letters sent to the local residents, though some of them are, but in carrying the Tahsildars and other Official letters to and from the regular Post Offices, and are consequently, equally with the above, not to be debited to the Post Office any such transfer or Debit would, it appears

Fort Saint George 11th January 1858.

appears to me only have the effect of working the Lahsildari Establishment with loss in any way benefitting any other and consequently seems to be very undesirable.—

3. As regards the Board's observation in Para 4 that the number of Peons retained for general service seems unnecessarily large, and in Para 6 that 402 Peons would seem sufficient for general and revenue duties in a small District like Chingleput I have to observe that the duties in Chingleput are proportionately higher than in any other District from the fact of its being traversed by all the roads leading to the Presidency and that while other Districts have perhaps on[illegible] one line of road on which troops and convicts under escort of transportation are marched, Chingleput has 4 aggregating a length of 190 Miles.—

Bd. No 120
Proceedings thereon
(345-350)

E. M. C 15th Dec 1857
No 1629 Judicial Depart
In Ft. St. Govt 12 in Cons
8th Jany 1858
No 4 R. D.

From the Collectors Remarks in para 2 the Board observe that he has not fully understood the meaning of para 7 of their proceedings dated 3? Ultimo. The Board did not intend that the Peons referred to should be simply transferred to the Public Works and Postal Departments but that their salaries should be debited against those Departments and that other peons should be employed in their stead and placed solely at the disposal of the Collector and Magistrate This course Government have recently ordered for adoption in the Post Office and the principle is equally applicable to other Departments.

2. In their Proceedings above referred to the Board did not intend to prescribe the exact mode in which the Collector was to employ each peon on his establishment. They pointed out the defects — — — of the present system and showed that without difficulty the Collector could assign 350 — Peon

Fort St. George 11th March 1858

Peons for regular Police duties still having 402 for Revenue and General purposes.

3 To this opinion they still adhere and they think that 402 peons will usually be sufficient for Revenue and General purposes if the Village Officers are compelled to perform their Legitimate duties.

4 The Collector will of course still have the power of disposing of the Police peons as his local experience prompts and for any emergency they will be as available as they now are but the Board deem it essential to the efficiency of the Police Department that such a number as they have indicated should ordinarily be employed exclusively on such duties.

Report in answer to the Board's Proceedings of the 12 Nov. last on the proposal of the Irrigation Company.

Sir

I am directed by the Board of Revenue to report as directed in Extract from the Proceedings of the Board of Revenue dated 12 November 1857 on the proposals of the Irrigation Company.

2 The Company seem to proceed on the supposition, that it is desirable to irrigate all possible land and that all such land will by irrigation necessarily increase much in value and be able permanently to pay a heavier assessment to Government this view, though right in the main, must not be narrowed by confining it as is sometimes the case to Rice land only as Crops on irrigated land are chiefly confined to rice, and sugar cane Betel Plantains &c. are of small extent now Rice may I think be produced to such an extent as to fall greatly in price, and

Fort St. George 11th January 1858.

and became almost a glut in the Indian market (not unmade going to European markets or likely to bear cost of such long carriage); and the Land tax on it would then have to be reduced. All investment of private European capital and skill must of course be a benefit to the country if judiciously applied and tend to develope more speedily and more fully the resources of each District.

3 Sugar cane is only grown to a large extent where there is a foreign market or encouragement on the spot. In ordinary seasons large consumption demand for it by the Native cane or sugar is like long. It would all produce manufactures which might be an immense (I believe without doubt) wealth be determined, or quite exported to over mountains they should be or dry soil with only the natural Rains to maintain them.

4 On the above considerations through by no means exhaustive the great value of large Reservoirs and more fully irrigation than at present exists, I would earnestly

Fort St. George 11th January 1858.

point out that even in India as irrigation for rice only may be overrated and overdone.

5 The means proposed as regards this District (Coimbatore) are tanks below constructed on the Nelgherry Hills there are two points for early and plain consideration on this Head. Is there Rain enough in these Hills fully to supply these Tanks when made and is there sufficient area on the Nelgherry Plateau to form Tanks sufficient, in number and magnitude, to carry out the scheme proposed namely the filling of 2 large channels to be carried along the Quarter sheds as indicated in the Company's prospectus as regards the western portion of the Nelgherries. I should hope there is enough Rain in good Monsoons to supply the proposed Hill Reservoirs. I dont not I fear, on the Eastern or Northern sides of either the Nelgherry or Anamalle Hills where the Rains are scanty and beyond the range of the South west Monsoon.

6 As regards the Plateau of these Hills I should therefore suggest

Ft. St. George 1st January 1858.

suggest careful examinations to see if there be practicably situations sufficient in number and ability to supply 2 large channels at a distance of 35 and 50 miles off their feeders and from an elevations of from 5 to 8000 feet marking full and fair allowances for the inevitable loss of water by evaporation absorption and other processes which reaches the intended channels. All these are considerations which Engineers and Locality alone can make for them (with all deference) as knowing the localities spoken of and to suggest full careful and practical examinations of localities and capabilities before commencing so large and if possible to desirable a project.—

7 It may be observed in passing that very little of the rain now falling on the Neilgherries is ever lost the most of it which falls on the Northern and Southern slopes finding its way down by the Bowany & Noyal and other tributaries to the Cauvery from which it derives little even nearer the sea

Ft. St. George 1st January 1858

all or nearly all being caught up in artificial channels or Tanks, etc. it can reach the ocean what may escape. Therefore during high floods in the Monsoon is the only portions that is available, and not already turned to account or that could be spared to be held back and retained on the Neilgherries. But the quantity escaping and lost in the sea may be more than I am aware of. I write as I said before with all deference and on precautions only, and as called upon by the Government to give my opinion on the projects so far as they concern Coimbatore in which I am especially interested: and have known for some years of the large Reservoirs projected in the Plains and at the base of the Hills I should have no fear or doubt.

8 As regards Rice it may be asked: can there be any evil in accumulating a redundant produce of a wholesome and natural article of food? I would reply: yes first because rice only is

is not the natural or necessary & staple food of the Community it is rather a luxury than a necessary of life. the Brahmin and the wealthy classes no doubt live & chiefly on rice. but the great body of agricultural Ryots (who are not less than four fifths of the population) live and have lived for & centuries on Raghy, Cholum, Cumbu, (Kinds of Millet) by preference, and have done all the hard work of the Country on such grains.

9 I would let all of caste live on Rice, who like and can; but I maintain that the actual wealth and capital of the Country will be more forwarded by all the improved irrigable land being first under other Products (than Rice) which have an exportable and enhanced value for foreign market & than by multiplying & producing articles for food only, and & so enhancing & enabling a larger section of the community to eat Rice instead of millets.

10 I would rather encourage & see a Ryot

Ryot with 100 acres of irrigable land put only ¼ of it under rice and the rest under Sugar cane Hemp, Cotton, Cocoanuts and other more valuable and exportable articles, than have ¾ under Rice, and only ¼ in the other products. I argue, not against irrigation but against that (paddy) view of it that leads only to rice.

11 There is also another simple but important fact on this Head not to be overlooked viz that Rice & (supposing it to become the main food of the people is a perishable grain which no care can Keep beyond 3 or 4 years from insect and decay; while Raghy and some other grains if kept dry, may be preserved good for 20 and even 30 years what I would wish to inculcate is that the great agricultural community of the Ryots, should be induced (best accomplished by a light cess) to keep and use this stored water, not for paddy only but for other produce From a channel running along a high level an occasional flow

of

Fort St. George 11th January 1858.

of water, on either side would water and save many other valuable crops besides Rice for many of which a flood once in 7 or 10 days, is found sufficient even as pasture for cattle in dry season such an occasional supply would be of much value.-

12 I would suggest the cess for irrigation, being not laid permanently on the land but charged on the water used this would leave the Ryot free to use it or not as his interests or change of crops may dictate while an unwatered land tax would tend to limit him to particular modes. The prices of the water taken could be economised easily regulated and managed by a small sluice or other such means arranged by the Irrigation Company I cannot anticipate any real or great difficulty in the distribution or sale of the water from such channels as would almost unavoidably benefit every well within ½ mile of it on either side by percolation into it.-

B. No. 185.

From the Collector of Timevelly

Reporting on the progress and effect of Public Works in his District for the Official year 1856/57.-

Fort St. George 11th January 1858.

No. 7.

To

J. D. Sim Esqre
Acting Secretary to the
Board of Revenue.

Fort St. George.

Sir,

With reference to your letter No. 3852 of the 7th Ultimo, I have the honor to report on the progress and effect of Public Works in this District for the Official year 1856/57.-

2. As the executive charge of Public Works in this District remained in the hands of the Revenue Authorities during the Official year 1856/57, all the works of irrigation with the exception of those noted in the Margin, were performed by the fiscal agency of the Talook.-

1. Subsidiary Tank to Nemmary Percolum No. 284.-
2. Minor Channel from Thirvay Lake No. 285.-

The

Fort St. George 11th January 1858.

3. The total outlay upon the works of irrigation during the year under report, amounted to Rupees 58,600-7-6, as per Bills forwarded to the Acting District Engineer for eventual transmission to the Chief Engineer for sanction- Of this sum Rupees 38,263-4-11, were expended upon ordinary repairs, being nearly one half of the expenditure of the previous year,

Ordinary repairs-

1855 Rupees — 75,797-4-6-
1856/57 — Do. — 38263-4-11-
Decrease — Do. — 37533-15-7-

This decrease is partly owing to the Ordinary Estimates having been reduced in order that the expenditure might not exceed the amount authorized in the Budget for disbursement during the Official year 1856/57; and partly to works other than those of an emergent nature having been sanctioned expressly to meet instructions of the Chief Engineer conveyed in his letter of 22d May 1856 forwarded on the general orders of Government restricting expenditure

Fort St. George 11th January 1858.

expenditure upon Public Works.

4. From the Marginal Statement it will be observed that the extent of lands employed for wet Cultivation during the year under review falls short of that of the previous year by Acres 4437 which is in no way attributable to the limited outlay on repairs of the works of irrigation, but to the failure of timely rains, and this circumstance the Board are already aware of, from the report of the Land Revenue Settlement for Fusly 1266.

Fusly.	Extent of Cultivation Acres.	Revenue Rupees.	Deduct remissions Rupees.	Net Revenue Rupees.
1265	120149	1973335	138231	1835104
1266	115712	1625277	105011	1520266
	4437	348058	33220	314838

The Revenue realized during the year is also comparatively less than that of the previous year, owing to a decrease in Cultivation

Fort St. George 11th January 1858.

Cultivation to the Lowness of the Season, and as to a remission of Rupees 10,501 11 — — — having been granted on account of drought and short produce.

5. From the report of Progress received from the Acting District Engineer of the Collectorate for the Month of November 1857, it appears that the expenditure upon Ordinary repairs during the current Official year is far less than that of the past Official year.—

6. From the Statement now forwarded by the Acting District Engineer to the Central Office of Public works for entry in the Budget of 1858/59. it appears that a sum of Rupees 71299 equal to the average expenditure of the 3 years previous to 1856 has been allowed for Ordinary repairs to works of irrigation, which sum is in my opinion required for the repairs of Tanks and Channels which are numerous in this District. It is highly desirable that the Tanks

Fort St. George 11th January 1858.

Tanks and Channels should be maintained in a state of complete efficiency to preserve the existing Cultivation and Revenue under them.

7. The outlay made upon emergent repairs during the year under reference amounts to Rupees 1,826—2—3 and falls short of that of the previous year by Rupees 6,495—8—9 which is attributable to the number of breaches which occurred during the past Official year having been less than that of the previous year, in which several of the extensive breaches which occurred during the heavy rains of October and November 1854 were also closed.—

Emergent repairs.			
1855 Rupees	8,321	11	"
1856/57 Do.	1,826	2	3
Decrease Do.	6,495	8	9

8. The Bill for new works of irrigation (both finished and unfinished) for the year under consideration

Fort St. George 11th January 1858.

consideration amounts to Rupees 18511—4 of which a great portion was expended in ex former years—

New Works

1855 Finished works	Rupees	5,980	5	1
1856/57 Do— Do—		1,135	3	3
Unfinished works	Rupees	11,375	13	1
Total	Rupees	18,511	"	4

New works were not commenced in the last Official year. Some misfortunes the advantages expected from the above outlay may justly be considered as during the year under notice, while in others the unfavourable character of the season not only prevented the promised extent of additional Lands being Cultivated, but also caused the loss of a portion of the Crops that were raised, as will be seen from the enclosed Copy of a return of the financial results of some of the important works in this District forwarded to the Chief Engineer through Acting District Engineer—

9. During the year under report

Fort St. George 11th January 1858.

the new Works referred to in the 2nd para of this letter, were undertaken by the Engineer's Department the amount of Estimate and that of expenditure on those works are given in the Margin, the works in question were not completed in the ex past Official year—

	Estimate Rupees	Expenditure ex Rupees
Work No. 284—	4,876	441
Do No. 285—	3,263	1,391

10. The total expenditure on road improvements during the year amounted to Rupees 77,860— Of which Rupees 62,417 were expended on the High road No. 4 running from North to ex South through this District connecting Madras with Travancore— Out of the remainder or ex Rupees 15,533 Rupees 11,993 were laid out in improving the roads named in the Margin, and Rs. 3,540, in repairing ex portions of roads ex made in former years and became ex damaged—

Road No. 10 from Tenecauy via Ambaramoodrum and Calaycaud to junction with road ex No. 4 at Panagoody	Rs 4,861	4	2
Road No. 12 from Polamcotah To Trichendoor	3,024	1	2
New Road between Trichendoor and Oodungoody	2,769	11	5
Road No. 9 from Tinnevelly to Tenecauy	1,338	3	7
Total Rupees	11,993	4	4

Tinnevelly 4th January 1858.

/Signed/ J. Silver.

Return

		As per above computation	To the above computation	
	Rupees	Rupees	Rupees	
Constructing a revetment wall in cs Streeramencolum	465	172	202	
Widening and raising the bund of Pauncolum and constructing a cs Calingalah in Do.	689	345	217	No 1. The decrease of revenue under this Tank subsequent to its improvement is owing to a falling off in the Cultivation under it caused by the unfavorable character of the season during Fasli's 1265 and 1266 and to remissions granted on account of draught and short produce.
Widening and raising the bund of Aswalcolum in the Nandiapooram limits and constructing a Calingala & a Sluice in Do.	442	41	53	
Widening and raising the bund of Rawcolum in the limits of Nandiapooram and constructing 2 Sluices in Do.	955	91	59	No 2. Unfavourable nature of the season has militated the expected advantages from the execution of this work.
Constructing a revetment wall and a Sluice in Parancolum Tank in the limits of Kulafarvoor	4,595	4,330	4,246.	No 3. The Estimate for this Tank was framed to enable the Ryots to cultivate the lands under it for a second Crop but the usual 1st Crop Cultivation having fallen off owing to the failure of rain, and some of the crops that were raised having withered the 2d Crop Cultivation was not undertaken to the expected extent. Hence the decrease in the revenue under this Tank.
Constructing an Ancut across Vellamoday supplying pettacolum Tank and repairing Masonry works in cs Do.	1092	135	216	
Repairing the revetment wall in cs the Coolasagarapairy Tank in the cs limits of Nadooviel	2,538	2,757	2,366	No 4. The object of this work which is still unfinished was to enable the Ryots to cultivate the lands under this Tank for a second Crop accordingly a portion of the lands was cultivated for the 2d Crop but a falling off in the 1st Crop Cultivation owing to the backwardness of the season, has been the cause of the decrease in the revenue under this Tank.
Widening and raising the bund of Athalycolum and rebuilding a Sluice and a Calingala in cs Do.	595	"	46	

585. Fort St. George 11th January 1858.

Widening and raising the bund of Atchencolum in Marattoray limits and deepening the head of the supplying Channel of Do and constructing a Calingala in Do	388	"	140	
Repairing the Tank bund of Soorooly colum Tank in the limits of Rungasamoodrum	252	45	114	No 5 The insufficiency of rain prevented the promised exctent of additional lands being cultivated and caused the loss of a portion of the crops that were raised.
Repairing the Anicut of Vadoorpully Colum and cutting the supplying Channel of Caroopoorpully	342	125	147	
Revetment wall and earth work to the Valencolum Tank in Gopalasamoodrum limits	574	1733	1758	
Widening and raising the bund of Moottianarcolum in the limits of Chinnareddy pully	573	271	309	
Improving the Channel supplying Caljarcoorchy Pereacolum	1283	457	732	
Rebuilding the Anicut across the Cayacoody River supplying Poolien colum Tank and cutting a Channel from the above Aniecut	529	162	115	No 6. An increase of Cultivation was occasioned by this work though not to the expected extent but the diminution of revenue was caused by the withering of crops consequent on the failure of seasonable rains.

Bd. No. 179.
From the Asst. Collr. of Tanjore

Sir,

I have the honor to reply to the requisition contained in an Extract from the proceedings of the Board of Revenue dated the 17th of March last No. 820, for a report on the operation of Act XXVIII of 1855.

2. So far as I have been able to ascertain the views of the Mercantile community and others interested in the question, they are generally in favor of a continuance of the repealed provisions of Regulation XXXIV of 1802, and are of opinion that the withdrawal of the legal restraint which existed prior to the promulgation of the act under notice, has proved injuriously enabling the lender to take unfair advantage of the borrower.

3. I do not agree in those views and think it is only just to allow parties who possess money to turn it to the best advantage, unfettered by a law which is acknowledged to have been abortive in Countries more Civilized than India and which was specially so, I apprehend, in India itself.

4. Indeed, my own experience leads me to believe that the Act under remark, has put a legalized what was the general practice before the Act came into operation.

Proceedings of the Board of Revenue

Tuesday the 12th January 1858.

Read again Extract Minutes Consultation dated 8th and entered in Consultation 30th July 1857.

376 Bd's No. 139 Proceedings thereon

In the above Extract Minutes Consultation the Board were directed to instruct Collectors to put a stop to the practice of proprietors of Estates levying fines on trespassing Cattle for their own benefit wherever these fines are not included among the assets of the Estate to report the Compensation that should be allowed in lieu of them where they are so entered and to state whether any particular Estates should be exempted from the operation of act III of 57 under its twentieth section.

2

In the 8 Districts noted in the margin the practice of proprietors levying such fines does not obtain and the Collectors are of opinion that act III of 1857 should be operative throughout them.

The Collector of Ganjam reports that

3118 Chingleput 3 Bullocks 15th October 1857
3295 Salem 10 ditto 17th August ditto
3756 Trichinopoly 21 ditto 26th September ditto
3650 Coimbatore 5 ditto 15th September ditto
3199 Madura 6 ditto 15th August ditto
4270 Canara 20 Calves 10 December ditto
4695 Madura 12 Calves 10 December ditto
4673 Tinnevelly 23 ditto 10 December ditto

3

3158 Ganjam 21 Buffaloes 16th September 1857

Fort St. George 12th January 1858

that these fines are not to included in the assets of the Zemindarries though may probably claims would be preferred of the prospect of Compensation here held out. His business ought to mention whether any estates should be exempted from the operations of the act. His omission will now be Remedied.

4 A similar omission occurs in the Reply of the Collector of Bellary but this in free Consequence as there are no Zemindaries or Proprietary estates in that District.

3678 Bellary 12th inCons 18th Sept 1857

3528 Vizagapatam 24th August in Cons 7th Sept 1857

5 In Vizagapatam the Settlement accounts of one Division have been Closed in the other two Fines appear among the assets under this head of Sayer Income and the Acting Collector Considers it advisable that this System should be Continued.

6 In this respect the Board do not Concur the practice has been discontinued for various Reasons by Government & is evidently intended that it shall be discontinued as soon as it can be ascertained what Compensation is payable to the Proprietors for the Loss of this source of Income

7 Mr. Bonds will receive separate instructions and Circular Orders regarding the Claims

Fort St. George 12th January 1858

Claims being admitted. The fact of these fines being included in the assets of 2 Divisions leads to the presumption that they were also included in the third but the Acting Collector will Require Proprietors to substantiate their Claims. He will also state explicitly whether any Estate should be exempted from the operation of the Act.

8 The Collector of Tinnevelly will carry out the orders in para 2 of the Extract Minutes of Consultation and Cause all fines to be appropriated in the manner provided by the Act as Regards para 3 of his letter the Board Remark that there can be no objection to Compromises provided they are voluntary.

1538 Madura 3rd Nov 1857

9. The Extract Minutes of Consultation under Reply do not apply to Madura. The Reports from the Remaining districts have been Called for and will be laid before Government when Received.

10 Ordered that a Copy of these Proceedings be Submitted to Government and that Copies of Para 3-5-6-7-8 be sent to the Collectors Concerned.

No 163

To I. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St George

Sir,

The order marginally noted has been entered on the Petition to your Board No 2895 of 1857.

I do not however understand whether it is meant thereby that the fuller explanation called for should be laid before the Board or supplied to the Petitioner and therefore have the honor to enter herewith a translation of what has now been given to her as my grounds for the rejection of her application

"The Village named in the Petition "is held under the Olungoo System of rent "the demands on it being calculated with "reference to the current selling prices in "it and other Villages of the same class.

"Respecting the Petitioner's request that the

Fort St. George 12th January 1858

"the demand should be permanently fixed
"in the Village as in settled villages
"it is observed that as respects the
"village such an arrangement can be
"made only when similar measures
"are extended to all other villages
"under Oolungoo Consequently the Pe-
"titioners request is not granted - In
"the above effect an Endorsement was
"given on the 4th May last no fresh
"orders can be passed on the subject."

Proceedings thereon

(397-398)

The Board observe that the point on which they required information was Petitioners reason that the assessment on which she took up the land was to be calculated on the average selling prices of the last 10 Faslies and that she signed the cultivation Muchilka drawn up upon these terms. It is presumed that this statement

Vide

Fort St. George 12th January 1858

has been ascertained to be untrue but this point should be distinctly explained by the Acting Collector in justice to the Petitioner who is desirous of reaping the benefit of a fixed commutation rate in the present state of the Market.

No. 21

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

Para 1. I have the honor to enclose a Statement of Enam land in Chittoor to be exchanged for other land; and I beg to request that the Board of Revenue will be pleased to obtain the sanction of Government to the exchange of the five items included in the Statement, the first four are summud Enams while the last is a Village service Enam belonging to the Tollies of Chittoor.

2 The four Summud Enams amount on the whole to 7 - $2\frac{3}{4}$ as bearing an assessment of Rs 19 - $10\frac{3}{4}$ as - The land is situated close to the Town of Chittoor, and the occasion of the exchange is that the increasing population of the place required an addition of ground for the erection of houses, and there was no other land at all convenient for

Fort St. George 12th January 1858

for the purpose - Of the land proposed to be given in exchange the 2 Punjah Enam 2 - 3½ is part of an Enam which lapsed to Government a few years ago; and the Punjah 16-7½ is Pramboke land but of good quality.

The Boundary Stone in every instance agreed to the exchange - The land given up by the inamdar has been already laid out in Lots and has been taken up for building and the amount of the assessment of the whole has been ascertained on all the Lots so that the Government will sustain no loss.

3

Of the Enam Government Enam 2 - 12½ is in the bed of the Cuttamanchy Tank, it was formerly cultivable occasionally, but the Tank having been deepened some years ago and its supply of water improved, above half the Enam has become wholly uncultivable while the remainder is capable of being cultivated

Bds Proceedings 2 July 12th 1849

Fort St. George 12th January 1858

though with much risk as to the crop - The remaining 2 annas is a small piece of the Toty Manieum which has for many years been occupied by the holder of the adjoining land, by a mistake of the proper boundary and has been by him planted as a Cocoanut Tope - The mistake having been now discovered the land ought to revert to the Toty Manieum, but then the Cocoanut trees must go with it, and to them the Toties have no title. It appears best therefore to give the Toties other land in lieu, the occupier of the disputed land continuing to hold it, and paying the Government assessment upon it. The land proposed to be given to the Toties in lieu of both the above is Punjah land to the same annual value though a little more in extent, it is land hitherto uncultivated but for which the means of irrigation have recently been made available all the parties concerned have agreed to the proposed arrangement

Up

4 Copy of Letter dated 12th March 1851 from the Collector of Chittoor to the Secretary to Government

Sir

I have the honor to transmit herewith a statement shewing the extent and assessment of the Enam lands taken up for the erection of houses &c in North Arcot, and the Circar lands proposed to be given in lieu thereof, together with the names of the Enamdars, and the description of the lands, and I have to request that the necessary orders may be passed for the resumption of the Enam lands, and the grant of the Circar lands in lieu thereof.

I have called upon the Enamdars to prefer their claims to the Circar lands proposed to be given in lieu of the Enams resumed, but they have not yet done so, and I am therefore unable to state whether they will accept the lands offered or not. I have however no doubt that they will prefer their claims to the lands proposed to be given in lieu of the Enams resumed, and that the arrangement will be satisfactory to them.

I have &c

To The Acting Secretary to Government
Revenue Department

Sir,

To the Actg. Secy. to Govt. of Government submitting correspondence with the Collector of Canara and recommending that Sanction be obtained as soon as the finances permit for the entertainment of the Establishment proposed by him for the port of Tuddri at a Monthly Charge of Rs. 116.-

I am directed by the Board of Revenue to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the correspondence noted in the Margin regarding the employment of an Establishment for the Port of Tuddri in the Canara District.

From Coll. No. 10th July in Con. 11th October 1857
To Coll. No. 1 11th Oct. "
Fm. Coll. No. 4 4th Dec. "
In Con. 12th January 1858.

2. Tuddri has hitherto been considered a mere out post or dependency of Coompta and as such has not separate Customs Establishment assigned to it, but has been provided for out of the Establishment for the Coompta Ports. Mr. Robinson the late Acting Collector considered it indispensably necessary that a distinct Establishment should be entertained for Tuddri in consequence of the great increase in its trade during the last 3 years, the probability that it will soon become a direct shipping Port to the Markets of Europe, and surpass in importance that of Coompta its

No. 1. Extract from a Memorandum of further Remarks on the closing entries of the Collector of Canara for 1855/56 No. 615.

Extract	Remarks	Replies of the Collector.
Total Amount of unpassed Expenditure exclusive of Local Fund – 270522-8-4 Public Works Extraordinary Civil Gunnel Charges Extraordinary 3200 1857 84.	Rs. The amount there extracted from the closing entries will be increased to Rs. 273722-8-4 by an entry for Rs. 3200-0-0 as here shewn in Red ink which will be made in the General Territorial Books of this Office for 1856/57. This amount from the second item in the Memo. received with the Collector's letter dated 7th April 1857 and is stated to have been disbursed by the Collector for two Roads, one between the Post of the Argyle & Argyle Grant and the Town and Seaport of Tellicherry and the other between the Town and Seaport of Coompta and debited in the Collectors Journal for April 1853 Page 436 to "Public Roads". This item was not taken in adjustment of advances effected in the Collectors Journal for February 1856 nor in his closing entries of the same year. It is entered as unpassed expenditure in the Memo. furnished to this Office & will therefore be reserved to the credit of General Charges extraordinary to which head the charges on account of Public Roads were closed. – The first and the last item in the Collector's Memo. above referred to Viz. Rs. 3000-0-0 and 800-0-0 should be excluded from the Collector's Memo. unpassed expenditure "This Sum form debits to the Superintendent of Roads" on the Collector's Journal. The Collector is therefore requested to forward a revised Memo. in lieu of the one herewith returned. –	The Comparison of this amount with that appearing in the Statement submitted to the Chief Engineer will exhibit Rs. 1418-15-4 as observed in this para as a difference of which will be made in the General Territorial Books of this Office for 1856/57. This amount from the second item in the Memo. received with the Collector's letter dated 7th April 1857 and is stated to have been disbursed by the Collector for two Roads, one between the Post of the Argyle & Argyle Grant and the Town and Seaport of Tellicherry and the other between the Town and Seaport of Coompta and debited in the Collectors Journal for April 1853 Page 436 to "Public Roads". This item was not taken in adjustment of advances effected in the Collectors Journal for February 1856 nor in his closing entries of the same year. It is entered as unpassed expenditure in the Memo. furnished to this Office & will therefore be reserved to the credit of General Charges extraordinary to which head the charges on account of Public Roads were closed. – The first and the last item in the Collector's Memo. above referred to Viz. Rs. 3000-0-0 and 800-0-0 should be excluded from the Collector's Memo. unpassed expenditure "This Sum form debits to the Superintendent of Roads" on the Collector's Journal. The Collector is therefore requested to forward a revised Memo. in lieu of the one herewith returned. –	The Comparison of this amount with that appearing in the Statement submitted to the Chief Engineer will exhibit Rs. 1418-15-4 as observed in this para a difference of Rs. 1418-15-4. This is the cost of Ferry Boats and Jungers appearing as a distinct item in the Statement of unpassed expenditure furnished to the Chief Engineer in No. 12 under the part II headed "Works completed but for which Bills are under preparation." The purchase of the Boats was made under Government authority dated the 20th December 1853 and prior to receipt of Sanction to apply Ferry and toll funds to local purposes which bears the 9th January 1855. This expenditure carried out under former provisions was treated in the P.W. Department as a distinct item of charge incurred prior to the 9th January 1855 and not defrayable out of the accumulations of the Ferry and toll Fund applied to local purposes under authority bearing the above date. As such the expenditure of Rs. 1418-15-4 found a distinct entry in the Statement of unpassed expenditure furnished to the Chief Engineer and a Bill of actual expenditure has been already forwarded to that Functionary under date the 25th April 1857 in common with other charges of the Public Works Department. – In the Journal account the transaction connected with the above Sum of Rs. 1418-15-4 stood to the debit of "advances" and as such it has appeared as a work executed out of the Local Fund. This amount is included in the Sum.

020 Fort St. George 12th January 1858.

Extract	Remarks	Replies of the Collector.
By the introduction of the entry above referred to the General Territional Books of this Office the aggregate Amount of unpassed expenditure will be augmented to Rs. 27,2722-8-4 which compared with the Amount of Rupees 278941-7-8 exhibited in the Statement sent by the Collector to the Chief Engineer shews an excess in the latter of Rs. 521-15-4- From this excess should be deducted the Sums of Rupees 3000--- and 800--- referred to in the preceding para which it was stated by the Collector in his letter dated 7th March 1857 have been included in the Statement sent to the Chief Engineer there will still remain after the above deduction a difference of Rs. 14 18-15-4- The Collector is requested to explain the cause of this variation and to forward a revised Statement to the Chief Engineer in order that the Amount thereof may tally with the adjustments in the closing entries and the subsequent entry as specified above and report the same to this Office. The Collector should also furnish that Office with a separate Statement shewing the above mentioned two items on account of the Trunk Road.-	Sum of Rs. 3999--- appearing to the debit of the head of Advances for consideration of Works defrayed from "Local Fund" in page 472 of the closing shorts for 1852/56. If this charge be excluded from the Statement of unpassed expenditure submitted to the Chief Engineer the Acting Collector begs to observe that the omission will falsify the Accounts of Local Fund" transactions already furnished to the Board of Revenue and finally adjusted in which this charge of Rs. 14 18-15-4 finds no place. The Acting Collector begs therefore to be informed in what manner the Accountant General has decided to reconcile this difference and give the item place in his territional Books.-

B. No. 1986.

From the Chief Engineer.—

Forwarding with his remarks for the consideration of the Board Copies of correspondence between the Collector and Dist. Engineer of Tanjore relative to the transfer to the Collector's Office of the Compound or Garden attached to the Government Garden House at Poraypoor near Trinquebar, which now form the Office and Workyard of the Engineer Department.—

No. 5916.

Extract from the Proceedings of the Chief Engineer in the Department of Public Works.—

Under date the 14th December 1857.—

Read again Extract Minutes Consultation No. 1114 of 21st and recorded in diary 24th Jany. 1857.—

Read also the following letter from the District Engineer of Tanjore.—

/Here enter No. 167 dated 4th Dec. 1857./

With reference to Extract Minutes of Consultation No. 1114, dated 21st January 1857, the Chief Engineer resolves to forward for the consideration of the Board of Revenue, Copies of correspondence between the Collector and District Engineer of Tanjore, relative to the transfer to the Collector's Office of the Compound or Garden attached to the Government Garden House at Poraypoor near Trinquebar, which now form the Office and Workyard of the Engineer Department.—

2. It appears that the Acting Collector has not considered the order quoted in above as conveying any authority for relinquishing his

his control over the Garden in which the Buildings stand which is framed out for revenue purposes but it is observed that a principal object in pro= =posing the adoption of the known mode out of Officers to Departmental purposes was to afford room for stores of all kinds especially timber and large machines in the compound-

3. Moreover the occupation of the Buildings and grounds by two separate Departments would lead to difficulties which it would be better to avoid-

4. In the 4th Para of his letter of the 3rd Instant No 397 the Acting Collector states that it does not appear to him advisable to permit the Garden to resign from the Superin= =tendance and Control of the Revenue authorities; but no reason is assigned for his objection, and the obvious inconvenience of keeping the premises under two distinct Departments is unnoticed-

5. Unless therefore the Acting Collector should

should have received authority to retain charge of the Garden, it appears to the Chief Engineer that an expression of the Board's opinion may obviate the necessity of a reference to Government for the transfer of the entire premises to the District Engineer which Colonel Faber believes to have been the original intention, and he accordingly solicits the favor of their intimating their views on the point under discussion so as to give the Department Public Works the full advantage of facilities for setting up machinery and deposit of Plant, which for a District so developed as Tanjore ought proportionably to be in much greater quantity for that Province than elsewhere, thus rendering it especially desirable that the entire premises should be at the disposal of the District Engineer-

To,
Colonel C. E. Tiber.
Chief Engineer D. P. W.

Sir,

I have the honor to forward Mr. Phillips's reply dissenting from the transfer of the Porayaur Garden.

Mr. Phillips wishes to store a small quantity of Government stores now in the Building that of Porcor will not always be the case, and the present arrangement

Fort St. George 12th January 1858.

certainly endangers its safety besides which I believe at was always the intention of Government, that the transfer of the property in question should take place. The present state of matters is certainly most unsatisfactory.-

To,
Major W. J. Birdwood
District Engineer
Tanjore.

Sir,

In reply to your letters of the margin. 19th October 1857 No. 784. 18th November No. 307.

I have the honor to state that the 2. Garden has been rented to the Current Fusly to certain parties, and that the revenue derived from that arrangement is realized in the usual manner by the local revenue Officers from

Fort St. George 12th January 1858.

from the Renters - These persons naturally require an ingress and egress to and from the Garden, and I do not feel at liberty to impose any restrictions on them in those respects -

3. If you are of opinion that the Store Keeper Establishment now in charge of the Government instruments which have been provided in a part of the Bungalow made over to your Department is insufficient for the safe custody of those instruments, I shall be prepared to meet your wishes in regard to any further Police arrangements that may seem expedient. At present, however, as you may be aware, there is one police Peon and Lascar on duty at the Garden, and I believe you have located there some Store Keeper Lascars, whose daily business I infer, it will be to look after the instruments and other Stores. -

4. It does not appear to me to be advisable to permit the Garden to pass from

Fort St. George 12th January 1858.

from the Superintendence and control of the Revenue authorities. -

No. 336

To

P. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir

From the Collector of Nellore Dated 24th December 1857 Received 2nd January 1858.

With reference to para 8 of Extract Minutes of Consultation dated 22nd December 1857 No. 1334 and Extract Minutes of Consultation dated 29th December 1857 No. 1335, I have the honor to state for the information of the Board, that as the rates proposed for the Southern Salt Chowkies have been now sanctioned, there will be no difficulty in introducing the revised rates in each Salt Chowkie of this District in the settlement of the current Fusly.

2 On consideration and after communication with the local revenue Officers it was deemed advisable, with a view to prevent fraud on the introduction of the new rates, that the Jedungul account No. 4 of the new forms for the Village accounts should be prepared as in last year with one

Fort St George 12th January 1858

one exception. This account shows the number the class of the number of crops the extent and use of every of all cultivated lands. These particulars are not shown for the greater part of the waste lands. Para 13 of the instructions given for the preparation of these Village accounts, directs that, should there be a succession of fields in consecutive order which are Dooshtee or unremunerative waste, not exceeding by any means, they should be given in one link, showing that they are from such a number. Lands of this description of waste land as does extend without any specification of the class and extent of such number and as it is by the cultivation of this description of land that it is expected that the remainder of the waste of Nature of Pattah 473033 will be made up it was considered to be unnecessary advisable that the accounts to be drawn up in the present year, in which the changes of boundary would, contain the same particulars regarding waste as to class regarding cultivated lands. Still a considerable

Fort St George 12th January 1858

facilitate the detection of any attempt at fraud and with a view also to comparing the revenue from the former rates on the present extent of cultivation with the revenue from the revised assessment it was considered desirable, that the assessment entered in No 4 should be calculated as in last year on the old rates.

3 Orders were therefore sent to all the Taloors on the 12th Instant, to prepare the account No 4 accordingly. This necessary preparatory account will in consequence be ready as soon in the Southern as in the Northern Taloors, and no delay will take place in the settlement beyond what will necessarily follow from the longer time that it will be requisite to devote to the settlement of each Taloor.

4 With reference to this last remark I would beg to submit the following proposal for the consideration of the Board In para 10 of Extracts Minutes of Consultation under

Fort St George 12th January 1858

under date 22nd December 1857 No 1334 it is stated that the time of the officer who has carried out the orders of Government will be now employed in practically introducing and applying the reforms he has framed I am not aware whether it is intended by this expression to direct that Mr Barbury should make the settlement of the entire District for it will be at the Same time necessary that the scrutiny and comparison of accounts relative to the change of Tarums must be made It would however be impossible for Mr Barbury unless him of assistance to undertake the settlement of the entire District If it be not intended that Mr Barbury should attempt this I think he will himself admit that what remains to be done will not occupy his time fully I would beg therefore to propose that Mr Barbury be permitted to make the settlement of as portion of the District simultaneously with Mr Sullivan and employ

Fort St George 12 January 1858

and as the Southern Talooks will require from the number of old rates and other causes peculiar care and experience on the subject I would suggest his settling 2 or 3 of those Talooks

5 I have forwarded a Copy

Fort St. George 12 January 1858.

Copy of this letter to Mr.
Bambury for any observations
he may wish to make thereon
which will be then proceeded for
submitted for the consideration
of the Board.

Fort Saint George 12th January 1858

No 2

To

I D Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St George

Sir,

No 417
Bd No 136.
From the Collr of North Arcot 30th Decr

Para 1 I have the honor with reference to the concluding Para of my letter to the Board of the 30 Ultimo No 336, to submit the accompanying Copy of a letter from the Acting Additional Sub Collector dated 2d Instant on the subject referred to in my letter.

2. Though Mr Bambury states that it would not be impossible for him to make the settlement of the whole District, he yet admits that it could not be done without a deviation from the rule which requires that each Taluck should be settled within its own limits. But it appears to me that the rule requires more especially to be observed this year and that a longer stay should be made in each Taluck to ensure the requisite care and scrutiny in the substitution of the new rates of assessment for the old. This substitution of one set of rates for another is however a simple matter and would not seem to render necessary the

Supersession

supercession of the established Revenue officers of the District by the Acting Additional Sub Collectors on making the settlement.

I am not aware that any orders other than those usually issued in regard to the closing of the Sangeebedy account, the preparation of the Adungal and the arrangements for the Azmaish are rendered necessary by the substitution of one rate for another. These matters relate to the cultivation and are not affected by any change of rate. On the 12th and 15th of last month I issued, as is usual, orders for closing the Sangeebedy Account. The dates were fixed with reference to the usual state of the cultivation in each Taluck. This Account in the Sulivaid Taluck was ordered to be closed on the 31st December. In the Chittoor, Chendragherry, Tirouttany, Salghur and Palmanair Taluchs the account was to be closed on the 31st January – In the Cauvery pauk Sholinghur, Arcot Cottore, Timmery Poloor and Wendeiwash Taluchs, it was to be closed on the 28th February. The reason why a later date was fixed for those latter Taluchs is that the mush Nuncaray is transplanted in the month of February in those Taluchs until it was considered that

that the Azmaish should not commence till all that cultivation had been brought to account. Orders for the preparation of the Adungal account No 4 of the new Village Accounts were issued on December 12th as I stated in Para 8 of my letter to the Board of the 30th Ultimo, a copy of which was sent to Mr Bambury. I trust it will not be considered necessary that the orders and arrangements which I have thus made in the usual course in matters with which I have no connection whatever with the revision of the Assessment should be set a side by the Acting Additional Sub Collector and that any orders which it may be thought proper should emanate from his sole authority may be confined to matters strictly connected with that revision.

Enclosure No 1
No 62

To

C. Whittingham, Esq^re
Collector of N. Arcot

Sir,

With reference to your letter of the 30th Ultimo to the Board of Revenue a copy of which

which reached me yesterday, I have the honor to make the following remarks thereon as requested in the last para.

2. It would not I think be obviously impossible for me to do the Summabundy of the entire District within the 6th of June, the date on which it appears my appointment is to cease as with the help of 3 or 4 additional native servants and permission to settle in some instances two Talooks at one place. I see no difficulty in carrying out the entire settlement within the time prescribed my so doing would doubtless be advantageous in many respects such as ably and immediate correction of any errors discovered would be the result there would be no occasion for any reference or correspondence as will necessarily be the case this year if the settlement is performed by different officers As many points must be referred and ascertained from me I should also have the advantage of doing the settlement with the Head Shirishtadar and any Cutcherry who

who are now well experienced in every point connected with the revision they have had to frame. Although the above benefits are likely to arise, still I cannot doubt that my doing the entire settlement would be any thing but a popular measure. As the subject has however been referred to the Board it only remains for us to act according to their orders. I could suggest that I be allowed to do the Salighur Talook on account of the changes lately made with reference to the Atchoocut Mall Bagayet lands.

3 There is however one point which should I think be immediately settled, which is, whether the necessary orders regarding the settlement and the preparation of the Summabundy Accounts should proceed from your office or mine. By the Minutes of Consultation quoted in your letter per copy of which Minutes I should feel obliged

if

Fort Saint George 12 January 1858

if you could send me it appears that the latter course is contemplated, but from your Communication to the Board now under consideration, it seems to me that such a course would not be consonant with your wishes, I request therefore this point may be at once settled. as if instructions be issued from both offices, confusion and delay will arise. I have already submitted for your information and approval orders which should be issued to the Carnams and Managers regarding the introduction of the revision and preparation of accounts for the Current Fusly both in the North and South, and I would beg that if approved of they may be promulgated as soon as possible. It is also important that instructions concerning the closing of the Sangoobedy Accounts the preparation of the Adungul and the arrangements for the Oymeish should be issued at an early date.

/Signed G. Banbury
Addl. Sub Collr.

North Arcot
Arcot 2 January 1858

/True Copy/
/Signed C. Whittingham

Fort St. George 12th January 1858

B. No 141.

Proceedings thereon

(416-418)

Mr. Banbury. Board 10. Jan. 24 Dis.

The Government in Extract Minutes Consultation 22d December 1857 No. 1384 Revenue Department when sanctioning the proposed revised rates of Land Assessment in North Arcot observed that the time of the officer who "has carried out the orders of Government will now be employed in practically introducing and applying the reforms he has framed."

2 In the first of the Communications noted at the head of these Proceedings Mr. Whittingham first refers to the arrangements he proposes to make in forming the annual adungul account of which the Board approve remarking however that their "Instructions" to which he refers* apply to Peroumboke and Immemorial Waste whereas the expectation of reduced Revenue being made up by increased Cultivation has reference rather to ordinary Curreumboo or Bunjer, i e. land that has been Cultivated within 5 or 10 years.

In

*Page 69 of the Printed pamphlet on the new forms of accounts.

To Govt 12th Jan. 24th January/58 No 39 R. D.

Gazette 13th May 1858. Page 735

Fort St. George 12th January 1858

3 In para 1 of his letter, Mr Whittinghame proposes that Mr Bambury the term of whose appointment expires on the 6th June 1858, should make the settlement of a portion of the District Samuttanadi with himself and the Sub Collectors Mr Sullivan.—

4 Before replying to this letter the Board awaited the result of the communication of a Copy of that letter to Mr Bambury, to whom Mr Whittinghame requested leave forwarded it.—

5 In Mr Whittinghames 2d letter of 2d January 1858, is enclosed a letter from Mr Bambury in which that Gentleman states his ability to complete the Jummabandy of the whole District by himself, with the assistance of the Collectors Assistant and other additional servants, especially if he settles 2 Taluks at one station, and he adds that if the Collector and Sub Collector take part in the Settlement many points must necessarily be referred to him. still as the measure may be unpopular he suggests that he be allowed to settle the Sautghur Taluk, on account of the peculiar changes lately made in the assessment of that part of the District. He also thinks it necessary to consider whether the orders regarding the preparation of the Jummabandy accounts, should emanate from the Collectors Office, or his own, as it appears to him that the latter course is contemplated by Government. He also points out what orders should in his opinion be issued by the Collector at an early date.—

650 Fort St. George 12th January 1858

6 The Board are of opinion that the order of Government has been misunderstood, as they cannot suppose that any intention existed of relieving the Collector and Sub Collector of their share in the important duties of the Annual Settlement. These duties

Fort St. George 12th January 1858

duties are not confined to the question of Assessments and rates, but extend to a variety of miscellaneous, and often complicated subjects on which the general welfare of the ryots and the good order of the District mainly depend, and the Board are not surprised that the Collector should wish to take a prominent part in the Settlement, and if so as usual the orders regulating its details.

7 The Board trust that Mr. Bambury's abilities will be usefully exercised on Subordination to such instructions as he may receive from the officer who has charge of the District. From his personal acquaintance with many details of the revised rates, his assistance will no doubt be available to Mr. Whittingham, who will be good enough to assign to him for settlement, such Talooks as he may think proper and entrust to him, such duties as from his past labours, he is peculiarly fitted to undertake.

Similar
