No. 23

To,

G. S. Forbes Esqr.

Secretary to the

Board of Revenue

Fort St. George

B7 No. 1027.

From the Asst. Collector of Gunjam - - -

Sir,

In reply to the Endorsement on Petition No. 3523 of 1857.

Fort St. George 1st April 1858.

1857. the Acting Collector has the honor to state that the Enam referred in this Petition does not appear to have been excluded from the assets of the Estate. It was subsequently granted by the Villagers in lieu of the fees paid by them. It was therefore ordered to be incorporated with the Ryotwar. The order from which the Petitioner now appeals does not in any way affect his title to collect the usual fees.

Ganjam District ....

No. 53

To

J. D. Sim Esqr.

Acting Secretary to the

Board of Revenue

Fort St. George

Dr. No. 1349
From the Collector of Guntoor ....

Sir

1 I have the honor to acknowledge the receipt of the Board's Circular of 30th Ultimo directing the introduction of a new System of Salt Rowanahs and calling for a specification of the area in which they are in future to be current and to annex a Statement of the Circuit of 30 Miles inland from the China Ganjam stores taken in the mode which seems most convenient for a fixed boundary line. The portion of the boundary falling in the Nellore District has been simply traced from the Map. But the Local authorities there may perhaps suggest some more definite description for a part of the distance.

In reply to the Board's Circular of 13th Ultimo declining the award of 30 Miles from the China Ganjam stores in which Salt Rowanahs are to be current and stating likely to arise from the new system unless modified over.

With

2. With regard to the new order now passed. I cannot refrain from expressing my opinion that if measures are taken to enforce it rigidly it will result in great hardship and the injury to the salt trade as at the ordinary rate of travelling on the roads of this District it will certainly take more than 2 days for the Bunjaries to travel 30 Miles and it appears impossible also to impress upon the smaller traders the necessity of passing the limits of 30 Miles without delay as they have been accustomed in many cases where the salt is for consumption in the District to linger on the road with the view to securing the sale of the article wherever it may be most needed with regard to the large dealers also

also who came from Hyderabad circumstances of forage and water sickness of Cattle &c. generally render it impracticable or inconvenient for them to clear the 30 Miles in less than 3 or 4 days in ordinary weather and there seems therefore no alternative but in the Majority of cases to confiscate the large stocks of salt they may have. As it seems to be the opinion of the Board that the salt should in future be "infallibly confiscated" if found within the prescribed distance after 2 days from our leaving the Cotaurs. A few example of this kind would I fear be sufficient to disturb the whole course of this traffic and have a serious influence upon the salt Revenue.

Collector
Document

5091

Fort St. George 1st April 1858.

Document executed and granted by Catoor Camarajoo, to Vendee Kristnama-charloo, on the 22d September 1820.—

As the Garden that belonged to you formerly was granted to my father by Mr. Travers on Summud as a Surva-Enam, I hereby grant you the whole of the Garden, (excepting however, the house that was built thereon by my father to the west of the Garden, with their backyards and compounds, and the empty space remaining yet to be built upon to the North of the houses and backyards as far as the Channel.)

As the house built and given to you by Rayajee is in ruins, I grant you for its repair a donation of 80 Rupees together with 8 Beams of Timber, 80 Rafters and 60 Bundles of Bamboos

I

Fort St. George 1st. April 1858.

I give you also the summud granted by Mr. Travers to my father.

You may enjoy all the produce of that Garden and live comfortably. Neither I nor any of my family shall hereafter have any claim upon that Garden.

Of the above stated sum of 80 Rupees I give you only 59, after deducting the remainder, 21 Rupees, on account of the amount you owe me. After this date any of your documents that may be in my prospession shall be null and void and in no matter whatever shall we have any dispute with each other.

Translated.

not follow that because the Cutcherry Offices is not open on Sundays, no work is done by the Native servants The contrary is, I well know, the fact, and that work is very nearly as much done on Sundays as on other days, with the difference only that it is done in private houses work has to be got through and if the week days, are insufficient Sunday is brought in to make up the deficiency. and I am therefore of opinion that the only result of Mr Reade's measure in Vizagapatam is to transfer work from the open Cutcherry on Sundays to the private houses of the Native servants, not to stop it altogether. Of course Salt sales he can of course enforce; but I think such measure to be one of great grievance to the Brinjaries & others, and must be productive of inconvenience,

inconvenience, when large droves of Cattle are collected at the Pass.

3 The Native holidays new Moons, and various private ceremony leaves give, the Native Servants as much leave in the year as they require, and certainly do not necessitate their having an additional fifty two days of leave. If these additional days are enjoyed by the Moozoorees servants, so far as the Public Cutcherry is concerned it must be remembered that for the 6 days of the Week. they are under much greater restraint than their brethren of the Talooks. They have to come in dressed to Office and to work during hours they would not work in the Talooks. At the Moozoor they work throughout the heat of the day. In the Talooks they work from about 6 to 8 in the morning, and then not

again

again till 4 in the afternoon, confining themselves to their own Lines, and Native habits. No inconvenience would follow a closing of Arrack Cutcherries on Sundays if an Extra Hand was allowed to do the work of Sundays during the week days. but the Establishments are too weak to allow of work being absolutely left undone on Sundays, and brought on duly the existing Establishment afterwards.

4. I think it is essentially necessary that Police Officers should be opened for all urgent business on Sundays, as well as on week days, and in petty cases it would be a hardship to detain parties perhaps, in Custody for 24 hours before enquiry, who after enquiry might be let off with a fine of a few Annas, or an imprisonment of 2 or 3 hours. considering the difficulties the Police have to contend with in this Country

Country, where scarcely an individual ever gives them any assistance, there should in my opinion be no "decision" at all and I did not previously know that such existed any where in Law except in Civil Actions.

5. The Government have not referred to the religious aspect of the question, and I have therefore only written regarding the necessity and the inconvenience. If the religious question is put to me, I should say decidedly the Offices should be closed and provision made for entertaining the extra hands that would be necessary, when work would not need, as now I presume, in Vizagapatam, to be done in private houses. Police matters being matters of necessity or such of them as were matters of necessity, would of course under any circumstances have to be conducted on Sundays

as

as on week days. The extra labor for week days would afford no relief to the Individual incarcerated on a Sunday —

B. No. 1234 From the Collr. of North Arcot

Ex: In: C: under date 12th January 1858 No. 239.

I have the acting additional Sub Collector Mr. Banbury having been appointed Deputy Directing Avenue Settlement I have the honor to request the instructions of the Board regarding the disposal of his Establishment.

The accompanying Statement includes both the Avenue and Police Establishment sanctioned for Mr. Banbury as Sub Collector and Joint Magistrate and the Establishment entertained for the revision of the assessment. Both these Establishments were sanctioned two* years and although Mr. Banbury's services have been called for in another direction the Office of additional Sub Collector has not become vacant, for it is held by Mr. Pannerselvam. Under these

Fort St George 1st April 1858.

these circumstances I am in doubt whether I have authority to retain the whole or any part of the Establishment in question. The services of many at least of these Public servants would be of great utility in conducting the Arzmaish now in progress in Chendragherry and which it would apparently be advantageous to extend to Tatghoor. They would also be of great use at the Summahundy Settlement which will be of an unusually laborious and important character.

3. I request therefore I may be informed whether I am authorized to retain the services of the whole or any part of the Establishment in question.

Sir,

B. No 908 from Actg Collr of Tanjore

I have the honor to report on the Petition noted in the margin.

x Govt No 1713 Dated 5th August B. No 290 of 1857

2. The land reserved to is included in a grant of 13. 1. 2. Ms 50 G. in the Village Madapparum Taluk Sholinghy, which is alleged to have been made by Pratapsing a former Rajah in endowment of Mattam at Chittoor baram in the North Arcot District. The Mattam Trustee is styled Agheda Ismail Khan Sahib. The Grant is entered as No 15 in the Collector's register of Inams held without grant and is set down in the Anoobhogum account of Fasly 1258 as held by Petitioner. It amounts to 1 V 12 M. 5 G. and appears to have been transferred to Petitioner by the present Trustee for Rupees 700, on a conditional sale. It was leased by Petitioner to

Fort St George 1st April 1858.

to one Nulloo Pillay on the responsibility of one Iyattoryen, the Agent of the Mattam, for a term of years which has expired. Petitioner states that as Iyattoryen has not acted up to the agreement he wishes to institute a suit against him for the recovery of the land and its usufruct.

3. Petitioner need not, I consider, solicit permission from Government to bring his action in the Courts, as claims regarding Inams of this description or those which fall under Regulation III of 1817. are by the Sudr Adalut Circular x order declared to be admissible by the Courts without such permission.

Recommendation of the Collector and the grounds on which it is made.	Recommendation of the Board of Revenue	Decision of the Government.
8	9	10

The deceased left two Enams Viz. the Village of Keelamattoor and a Poonjah Garden at Anoopanady. The claim of Mokayed Law the incumbent to the first was in a Circular Report dated 19th March 1855, brought to the notice of the Board & recognized by them in their Extract dated 30th July 1855 No. 1952. As regards the latter Enam, it was not included in the Report as no report of its lapse had been made by the Tahsildar or the party claiming it. In March 1857, the existence of the Enam in the name of the deceased was however discovered on a reference having been made to the Accounts of the Village, for another purpose.— The Tahsildar who was called upon to furnish explanation of the cause of his silence acknowledges the fact of his not having reported the case to the Collector but attributes it to the failure of the Village Officials to bring the same to his notice. As the title of the incumbent to succeed to the Enam has been already established the continuance in his favor of this Enam is recommended.—

I.

Fort St George 1st April 1858.

2 I have had noted the cor=
=respondence with a view to its elucidation

3. The matter, the Board will observe is a boundary dispute, which has been pending for upwards of 6 years, in regard to which both Messrs Conolly and Chatfield, officers of many years experience in Wynaad matters, were fully impressed with the justice of our case, and the Board may rest assured that the whole or a very large portion of the disputed tract is within the Malabar Frontier, as laid down by the authenticated and official Survey Maps.

4. Mr Conolly did assent to Mr Tod's meeting Captain Stephens (It will be observed that Captain Stephens had made up his mind about the boundary long before it was the same which Mr Tod seems to have been led along - Vide his Report dated 31st July 1854) and Mr Tod's Report was submitted to Mr

Fort St George 1st April 1858.

Mr Conolly but Mr Conolly did not affirm it or ratify his proposal and it is said in the office and among the Paloosh officials that he Mr Conolly, had become aware of the error and confusion that had occurred and had no intention of doing so. —

5. Mr Clarke permitted the stones to be put down - but he had never himself visited Wynaad, and in com=
=munication with Mr Tod was evi=
=dently under the impression conveyed by Mr Tods Report and Sketch that all we claimed and far more was conceded. —

6. Such is not the case the Mysore authorities have run a new frontier line well within the Malabar District tranferring to Mysore all our most valuable Government Forests in Wynaad. —

7. I have had some experience in

in Malabar frontier dispute and find that they have generally been reported to Government for decision and confirmation and I should deem it unsafe to admit important alteration of frontier to take place without such ratification.—

8. I have to express my regret at having fallen into a hasty style of correspondence in this matter—I have merited the censure of the Board and should be glad if my apology to which they are entitled on this account, were conveyed to the Commissioner for the Government of the Territories of H. H. the Rajah of Mysore and Captain Pearse—I trust that the merits of the case and the Public interest may not be allowed to suffer—I will only add that I have taken some personal trouble and made some personal exertion in the matter.—

Malabar, ---
Collector's Office,
Calicut, ---
8th March 1858

/Signed/ W. Robinson
Acting Collector.

To

No. 420.

To,

The Magistrate of
Malabar

Sir,

I have the honor herewith to forward copy of an Urzee from the Amildar of Heggadevencottah on the subject of the forcible seizure, by the Addekarray and others of Sultan's Battery in your District, of 38 Carts with their Bullocks, the property of the inhabitants of that Talook, on the plea that they were cutting wood in the Jungles of that District.—

2. It appears from the Amildars report that the place where the seizure was made is within the Mysore Boundary, but as it is probable that the Addekarray was acting under your orders in taking possession of these Carts &c. I request you will have the goodness to inform me of the particulars of

Fort St George 1st April 1858

of the case, to enable me to dispose of it.—

Captain H. Montgomery
Superintendent of the
Ashtagram Division of
Mysore.

Sir,

In acknowledging your letter of the 20th September last, I have the honor to forward Copy of a Communication from my Joint Magistrate and a Canarese version of its enclosures, by which it would appear, that the spot, where the seizure complained of was made, is decidedly within the Malabar District.—

dated 11th Ultmo

A careful inspection of the Maps in my Office bears out the correctness of

Mr.

Fort St George 1st April 1858

Mr. Chatfields views

The parties seized it will be seen have been released with a warning, and I shall feel obliged by your issuing such orders as you may deem the case to require.—

Calicut, ———
4th November 1851.

/Signed/ H. V. Conolly.
Magistrate.

To,

H. V. Conolly Esqre
Magistrate of Malabar.

Sir,

I have the honor, in reply to the letter of the Superintendent of Astagram Division under date the 20th Ultmo, complaining of the forcible seizure of certain wood together with 38 Carts and their Bullocks, to send you the Tahsildars report on the subject and to observe that, after inspecting the Map in my possession with the Plan submitted, there seems no doubt of the Hill whence the logs were cut, being a

a part of the Wynaad and not of Mysore.—

A comparison to superior Maps in your Cutcherry may still more clearly substantiate the claim set up for Wynaad.—

Joint Magistrates Office,

Statement given by Rama gouda Shanoger of Herd No 27 of the Malawally Tookry regarding the Iyanoor Maury Jungles.-

The Talooks to which the Iyanoor Maury Jungles are attached Viz: Heggadadaven Cottah Nunjengode Goondulpett, and the border of the Malabar or Company's Country.-

1 Kulleypoorah	These waste Villages are attached to the Heggadaven Cottah Talook
1 Kenchanahully	
1 Chickabeyasega	
1 Doddabeyasega	
1 Amarapoorah	
1 Techinhully	

Fort St George 1st April 1858

1 Coodaghee	Talook on which the Cattle of Honorable Company's Amrut Mahal graze from Sangayet.
1 Warunchee	
1 Wasanah	
1 Nunjeepoorah	
1 Maudunday	
1 Iyanoor Maury Goody	
1 Coondoor	These waste Villages are attached to the Nunjengode Talook on which the Circar Cattle graze as usual.-
1 Beyalacoopa	
1 Herahally	
1 Nullagoode	
1 Muckrinhally	
1 Gunyalittoor	
1 Kenchenhully	
1 Ubbaloor	
1 Codachenhully	These waste Villages are attached to the Goondlepett Talook on which the Circar Cattle graze as Mamool.-
1 Neerhalakempasenhully	
1 Banatickry	
1 Poorudguddabyloo	
1 Munchaulguddhy	These waste Villages is attached to the Malabar or Company's Country on which the Circar Cattle were grazed formerly.-

The

Fort St George 1st April 1858

The Iyanoor maury goody or the Temple[2] of the deity called Iyanoor maury is situated in the Kegyadadaven cottah Talook from Langayot- The Circar Cattle are used to encamp in the vecinity of the Temple and to graze in the abovementioned waste Villages or Junglas and their boundaries.-

2 The Temple is close to the bank of the River which here forms the boundary as a reference to the map will shew.-

The boundary of the Mysore Country is extended about two Miles to the South of the above Maurygoody thence there is a waste Village called Munchaulguddy, which is attached to the Malabar Country, and the Circar Cattle are used to graze as far as that Village.-

3 Mr. Scott in his report places this Stone 2 miles North of the Iyanoor Goody instead of the 1st Stone of the new boundary which as is supposed it was intended to set up at this spot has been placed about 5 Miles South of the Temple to Arenchala any cattle found on that war.-

No 2129

To
Captain T. Clerk
Officiating Superintendent of the
Astagram Division of
Mysore

Sir

I have the honor acknowledge the receipt of your letter No 379 of the 27th September last.-

The Wynad Tahsildar as will be seen by the accompanying translation of his Urzee shews that an investigation was held by himself and the authorities of the Kegyadaven Cottah Talook in 1851 in regard to the question at issue, and that it was then decided by them the disputed tract belonged to Malabar[5] after this decision I feel doubtful whether the deputation of the same authorities again will lead to any better results than what they have already arrived at.-

Dated 29th October 1853

5 This is unquestionably done as ascertained by myself and old official maps are to be thrown aside altogether and all testimony on the point discarded.-

of the boundary dispute of Atjoor Mooraty Gode

Jungles, and directing me to inspect the spot

with the Tahsildar of Heggadaven Cottah

Talook and other old and experienced

inhabitants and proceed with the Settle-

-ment of the dispute, and in the mean-

-time to report the day

6 An Officer of great experience and activity who personally traversed the tract.

Fort St George 1st April 1858.

on which I set out and when it has been settled.

I shall act agreeably to order, but beg to state that in 1851, when there was a dispute in consequence of the people of that (Mysore) District having felled trees from the aforesaid Jungle, I visited the place and examined the old and experienced inhabitants of Gunapady-watton Unahom and made a Report to the Joint Magistrate of what I had observed under Police No 215, dated 2d September 1851, and also forwarded the Proceedings held by me when the order No 205 dated 11th October, was sent to me, stating that the Spot in 7 question appertains to this District. On the above occasion the Peshcar and Amean of the Heggadaren Cottah Talook Came here and examined the people of this place before me, and the people of that District were examined by me in the same way.

7 The question must be carefully examined in the presence of Mysore and the other deputies for the purpose.

In the present letter it is stated that the enquiry should be conducted in the presence of old and experienced inhabitants of the place as Punchayets.

If the people of this Talook are ~~to~~ taken to that place, it will be necessary to take them to the distance of 4 or 5 leagues.

The

Fort St. George 1st April 1858.

The place is also full of jungle, overgrown with long grass and Swampy, and this being the time of cultivation, it is impossible to go there now. It is an Elephant Jungle. As the grass is grown to the height of a man, it will be difficult to make an inspection of the spot. It is not known whether the people of that Talook will describe the locality I should imagine I think it will take about 8 or 10 days to settle the affair It is the opinion of the people of that Talook that the spot in question should be annexed to that District If the matter is to be settled by Punchayets, it will be necessary to include the inhabitants of this District as well as those of that Talook It will only be possible to go and inspect the place after the Jungle is burnt down or after the Month of Magarom January/February which will be the time to go. I beg to submit herewith a copy of the Joint Magistrate's order. No. 205

Sir

I have the honor to acknowledge the receipt of your letter No. 2129 of the 10 Instant on the subject of the Tynoor Maury Goody Jungles and in reply beg to observe that I fully agree with you in thinking that the deputation of the same parties that were once employed in the settlement of the same question on both sides, cannot be productive of any better result but as the parties that I now propose to depute are different from those originally sent, and in my opinion better qualified to arbitrate on the important question at issue I would beg to suggest the advisability of having the question tried once again.

2 The parties may if you deem proper be ordered to assemble on the spot in the hot Season when the ground would be clear of the long grass or in June after a little rain has fallen and before the grass has grown.

Magistrate

Order from R Chatfield Esqre Joint
Magistrate of Malabar to Soobramanyen
Tahsildar of Wynaad Talook

Government
Versus
Kooroman Abookally Kalin and 2 others

I have received the Proceedings held
by you against certain people charged with having in

From Supt Astagram Division dated 25th September 1851 -
To Do 4th Nov "
From Do 27th Septr 1853
To Do 10th Novr "
From Do 28th Do - "

Fort St. George 1st April 1858

in opposition to orders and by force felled Trees
in the Forest which are Government Parary
which you forwarded with your Urzee dated
the 21st September 1851

From a perusal of the whole I do
find that altho' the Defendants clearly admit
having Cut Trees they deny having done so on
their own account, stating that with the per-
mission granted by the Kondalyka Sherkdar
of the Wegada Devankote Talook they felled
the Trees for the Merchants Narana Ragoo
and Shashayen and it appears that these people are not
of any respectability but were coolies I find that the Trees
were cut in the Forest called Manyalla and the Forest
attached to it called Charathawattom in the
Ganapathy Umshom while it is contended on the
opposite side by the people of the Wegada
Devankote Talook that these forests are
in Inoormady attached to the Goody
Gramam in the aforesaid Talook You yourself
proceeded to the locality and held an enquiry
and investigation in this matter The examination
you held there of the people who reside in the
vicinity, the Mookyastens the principal inhabi-
tants, tenants, many of the people who had formerly cut
Trees

Trees there, and the Adighary I think not only satisfactorily prove that these forests are within the boundary of the Ganapathy wattom Umshom, but that it also appears thereby that formaly people and by verbal and written agreements with the Cottiyom Rajah and after his death with others, to cut Trees on cotty Kanom, and that after the Rajahs property was made Pauay, the Government, in 1074, gave the forests on cotty Kanom to Majud Khan and he worked them. Besides, it appears by a deed of agreement from Nellevul Comupen Kidavoo to Vuna Rago, dated the 17th Thulam 1019, that the boundary of Anjiti Va. is Ramapooram Oranjathode, and the plan which was made in 1849 shews the boundary thereof to be the same Oranjathode, while at the same time the 12 map of the Province which is here, clearly shows that the forests the subject of dispute, are within this District.

The accounts produced by the people of the Hagada Dewankote Talok, in support of their pretensions give no boundary and the assertion that there are stones marking the

boundary, is open to suspicion. The Mysore people obtain their Timber from these forests and this circumstance coupled with their anxiety to have entire possession of them, when considered, induces me to think that they have no just cause for thus contending but there is in my opinion not sufficient grounds for punishing the Defendants. You will therefore release them with a warning not to do so in future, and You will also write immediately to the Hagada Dewankote Talook not to permit any one to enter this boundary and cut Trees.

Tellicherry 11th October 1853

P. S. In future business connected with Timber should be in the Revenue Department If they pay the cotty Knom for the felled Timber, they can take away the wood.

Sir

I have the honor by the commissioners desire, to acknowledge the receipt of your letter No. 7 of the 10th Instant on the subject of the Iyanoor Manny Goody Jungles, and in Reply to inform you that after a perusal of the correspondence with the Collector of Malabar, he is no more convinced than yourself that the right and

was ascertained by the partial investigation in 1851, nor has he any hope that a more satisfactory Result would be arrived at by any inquiry conducted by natives alone He therefore wishes that you would write once more to Mr Conolly, informing him that such are the Commissioners views and inviting him to name the time when it would be convenient for him to send one of his assistants to the spot to meet either yourself or Lieutt Elliott, for the commissioner cannot perceive the force of Mr Chatfield's Reasoning (vide his order to the Tahsildar of Mynaad) that because the Mysore people procure Timber from these jungles, and are anxious to obtain entire possession of them therefore they have no just Claim to them.

Collr. of Malabar dated 21st Dec. 269.

Fort St. George 1st April 1858

of a disputed boundary in the jungles of Iyanoor Inany Goody, and which has been submitted by Captain Clerk for my instructions, I have the honor to inform you that on a comparison of the Report drawn up by the Assistant Superintendent on the Spot, with the details of the Official Map compiled by Colonel Mackenzie, no doubt Remains on my mind that the charge of encroachment against the inhabitants of Mysore is altogether untenable.

2 I have now the honor to forward the Sheet of the map which contains the Survey of the country in question, together with a copy of Lieut. Stephens Report and to Solicit your attention to the fact that the Village of Ramapore or Rampore, which is now claimed by Malabar, is clearly set down as being in Mysore and that the boundary line evidently follows the features of the

Fort St. George 1st April 1858

the Country which would naturally define it.

3 Lieutenant Stephens was also successful in finding at last one boundary Stone of indisputable authenticity and a Temple whose Mysore origin is not to be questioned. I hope therefore that no further time will be lost in bringing this question to a satisfactory settlement.

4 I shall feel obliged by your returning the map at your earliest convenience.

Bangalore, 2nd September 1858.

(Signed) M. Cubbon Commissioner

To

The Superintendent of Ashtagram

Sir,

1 I have the honor to inform you that in accordance with your instructions I have surveyed the

5150 Fort St. George 1st. April 1858

the Heggadavencottah Talook and with reference to the correspondence connected with the subject of the disputed boundary between that Talook and the Malabar District, I beg to submit the accompanying observations.

2 The circumstances are as follows.

3 On 20th. September 1851 the Superintendent of the Astagram Division addressed a letter to the Magistrate of Malabar stating that he had been informed by the Amildar of Heggadavencottah that certain inhabitants of Mysore with their carts had been seized by the authorities of his District on the plea that they were cutting wood in the Territory of the Honorable Company.

4 In reply Mr. Conolly on 1st. November 1851 wrote to the Superintendent of Astagram forwarding

5151 Fort St. George 1st. April 1858

forwarding copy of a communication from his joint Magistrate Mr. Chatfield with other documents and adding, that the seizure complained of was made within the Malabar District and that a careful inspection of the Maps in his office supported the correctness of Mr. Chatfield's version.-

5. This version rests apparently upon the report of the Tahsildar of the Wynaad Talook dated 1851, 19th. September, who states that he had visited the Jungles in question and ascertained that the individuals seized had cut Wood within the Territories of the Honorable Company; he adds that he visited one of the boundary Stones upon the line claimed as a Frontier by the inhabitants of the Heggadaven Cottah Talook, which is 2 Gowes from the Synoor Mauny Goody; and he argues against the authenticity of this boundary Stone on the ground that the writing is not in Malyalum Character as well as in Canarese. He further refers to a Map prepared in 1842 by one Iyaswamy Pillay, shewing that the Northern boundary of Malabar is the Wurmjee Thodoo and concludes with a suggestion that, for the final Settlement of the dispute, a reference

a Gow is equal to about 3 miles.
Mile to Malabar.

Mr. Chatfield's Letter only to the Collector & Magistrate of Malabar Map

reference should be made to the Authorities in this division and to the Maps and Accounts at the Malyalum Kuzzee.

6. Mr. Chatfield upon the receipt of the Tahsildar's Report, had written in reply, defining certain boundaries lines for the Mysore Territories, and directing the Tahsildar "to write to the Amildar of Heggadavem not to permit any one to enter this boundary and Cut Trees".

7. In this letter Mr. Chatfield states his opinion that the Proceedings of the personal Enquiry held by the Tahsildar in this matter, satisfactorily prove that the Forests within which the partees apprehended had Cut wood, are within the Gunnapathy Wattom. Unshom quotes a Certain Deed of Agreement and concludes by pronouncing the Statement made by the people of Heggadavem Cottah to the effect that there are boundary Stones "open to suspicion".

Executed in 1026 between the Government and an individual named Mujeed Khan.

8. Mr. Chatfield also states that the Pumpoorum Warunjee Thodoo is the proper frontier, but in this assumption he has I think made some mistake, as the places are some Miles apart, the former bearing the name of a deserted Village and of a ford on the Brogoo River.

The

9. The boundary defined by the authorities of Malabar is a small River, rising in the Javataka Bettah Hill, for some Miles from its source it runs in a E.N.E. direction, and is known by the name of Mavina huttah as far as a ford near the deserted Village of Kalleen hutter, from this point it is called Warunja huttah, and after running some distance towards the E, it takes a Southerly direction and falls into the Brogoo River.

10. Along this line there are no boundary Stones, nor any local features which can in my opinion be held to support the Conclusions so summarily arrived at by the Authorities of Malabar.

11. On the contrary a reference to the accompanying Map, which was prepared on the Spot after personal examination of the disputed tract, and which will I think be found tolerably Correct, shews that the tract of Country claimed on behalf of the Honorable Company is bounded on three sides by land admitted to belong to Mysore, and that in the Centre of the said tract and at a distance in a S.W. direction of about three Miles and a half from the point at which the road to it Crosses the Warunja Thodoo, there is a very Ancient Pagoda called

called Iynoor Maury, which gives a name to the adjaining forests, the Jewels of this Pagoda and the accounts connected with them have for many years past been kept in the Heggadaven Cattah Talook, and the Priests, who for several generations have been Members of a Mysore family, state that the warshippers are exclusively inhabitants of the Mysore Country.—

12. On the 23d Ultimo I proceeded from the Iynoor Maury Pagoda to inspect the boundary Stone, which is situated thence at a distance of about five Miles and a half in a nearly S. W. direction 75 yards from the banks of the Brogos River.—

13. The inscription on this Stone is in the Canarese Character and though the writing is in some places illegible, there is enough to prove that it is a boundary Stone erected by H. H. the Rajah of Mysore in 1800/1.

14. From this point I proceeded in nearly a N. W. direction to the Salay Cuttay, an old Tank now out of repair, but constructed upwards of a Century ago by order of a dancing Girl, who lived in the Mysore Territory, having heard that there was a boundary Stone in or

or near this Cuttay. I caused a search to be made in the bed of the Nullah below the Tank and found a Stone having the exact appearance of a boundary Stone, but bearing no inscription.—

15. From this Cuttay I went in a direct line to Javatoor a Bettah, crossing a small Hill, the name of which I could not ascertain. On Javatoor a Bettah, I found no boundary Stone, for though I was informed that there was one near the Summit, I found the Grass and Jungle so high as to render any search hopeless.—

16. The following day I proceeded to another point where I heard there was a boundary Stone. The position can be seen by a reference to the accompanying Map.—

17. The name of the place in which it was found is Doolagala, a deserted Village.—There is no inscription on this Stone and nothing peculiar in its appearance to warrant any conjecture as to its nature, but I found in its immediate neighbourhood evidence, which is in my opinion conclusive as to the fact of this Spot belonging

belonging to the Mysore State, and if this point is conceded, I think the line proposed in this Map as our proper boundary cannot be considered an Encroachment on the Territories of the Honorable Company.—

18. The evidence I allude to is a small Pagoda evidently of great antiquity on the face stone is a carving of the Lingum Buswah, a worshipper, dancing girls, armour bearers and other figures; these figures and general appearance of this Pagoda correspond exactly with those of this Country, and are no where I understand to be met with in the Malabar District.—

19. The line I would propose as our proper boundary is from the Stone near the Bragoo River by Soolay Cuttay to Javalaka Bettah, and thence to the Pagoda marked if the boundary in the latter instance is to be exactly defined, I would suggest that it should be traced hereafter, as there is no land mark along the line which must be determined by observation.—

20 I should not have so long deferred making this Report, but I was in hopes of

of receiving certain documents connected with a sale of land, said to have been effected many years ago between a Poligar & H. H the Rajah of Mysore:—

21. As this land adjoins the Territory in dispute, as it is said to be now in possession of the Honorable Company, and as the documents connected with this transaction are reported to be in the possession of an individual formerly Employed in the Foujdary Cutcherry and as they have been officially called for, I was in hopes of Supplying this additional information, but as it is desirable that this Report should no longer be delayed, I forward it in its present form and shall do myself the honor of addressing you again whenever I am furnished with the documents connected with this transaction.—

Mysore
31st July 1854.

Secretary to

Fort St. George 1st April. 1858.

No. 1931.

To,

Lieutenant General M. Cubbon

Commissioner for the Government

of the Territories of H. H. the

Rajah of Mysore

Bangalore

Sir,

I have the honor to acknowledge your communication of the 7th. Instant on the subject of a boundary question between Malabar and Mysore.—

2. In forwarding a sheet of a Map which contains the Survey of the Country in question, you "solicit my attention to the fact that the Village "of Ramapore or Rampore, which is now claimed "by Malabar, is clearly set down as being in "Mysore, and that the boundary line evidently "follows the features of the Country which would "naturally define it."—

3. Without disparaging your Map, I may be permitted to doubt whether its authority is of a higher nature than that prepared by Captain B. S. Ward, during the years 1875 to 29.—

4. In this Map, which is on a considerable larger Scale than yours, Rampore is

† It arrived on the 9th Instant.

30 It was returned

31 The Trigonometrical Survey

32 M. to Jo.

is given as well within our frontier.—

I forward a sheet of this Map as also, for convenience of reference, a Sheet of Arrowsmith's Map which follows its leading you will see exactly.—

5. As regards Lieutenant Stephens's remark, I can merely say that what he states from his own personal knowledge is of course entitled to every weight.—

6. But looking to the discrepancy between the Maps, I think it would be desirable if the matter were finally settled by parties inspecting the ground from both sides, and if you think it fit I will, though with some slight inconvenience, depute my Head Assistant to go over the boundary with Lt. Stephens.—

7. It was with regret that I was forced to recede from my arrangement with Captain Clerk, to send Mr. Sandeman in June last, as explained in my letter of the 7th Idem. No. 1092.

Mysore

Sir,

Under the circumstances mentioned in your letter No. 558, dated 24th Ultimo, I agree with you that the examination of the disputed boundary may well be deferred till June next.

Calicut
2d November 1854

/Signed/ H. V. Conolly
Collector

No 306.

To,
The Magistrate of
Malabar.

Sir,

I have the honor to request the favor of an early reply to my letter No. 258 of the 8th Instant on the subject of the Deputation of one of your Assistants to meet Captain Stephen's to

slightest [38] clue to any thing of the sort, I am convinced that the boundary. I have, in conjunction with Captain Stephens determined upon, will prove to be the correct one. The stone in question lies about 5 Miles N. W. N. from the Sunnoor Muury Pagoda.

3 From thence we proceeded to the N. W. N. taking accurate bearings with the compass every Mile till we arrived at what was reported to be the next point West as stone on the bank of the [illegible] Pun R. said to have been placed there by a dancing Girl from Mysore, after whom the place was named Suley Cottah distance about 4½ Miles as reckoned by the rate of our walking. This place brought us about 2 Miles inside what was formerly considered the Mysore Country. There were remains near what had been the Pun R. from their shape and general appearance indicated the former existence of a Pagoda on the top of the eminence we placed the stone and having fixed on this as the correct spot we

38 Vide paragraph 8 of my letter of 29th March 1858 in which I have reported to the Government the circumstances which induced me to adopt the Pun River as the natural boundary here.

39 Capt. Stephens (Vide para 12 of his letter of 31st July 1854) gives its position as 5 Miles N. W. N. from Sunnoor but I have found it to be 5 Miles N. W. N. at least

40 Noted by Capt. Stephens in Para 12 of this letter.

41 The boundary Captain Stephens and before proposed as the proper boundary.

we piled up as many of these stones as we could collect and placed the boundary stone on the top to serve as a land mark in future and also carved on a Tree against which the stone was raised the names of the two districts whose boundaries we intended to define.

4 I regret that we were here very unexpectedly deprived of the valuable assistance, to say nothing of the previous local experience of all the native Officials who had accompanied us to the first stone referred to and whose absence we only discovered on arrival at the Suley Cottah. The weather being exceedingly wet and disagreeable they had left us and returned home immediately Captain Stephens and myself left the first boundary.

5 The Jungles through which we passed were so dense that it was utterly impossible to see any place at all distant and even the highest of Hills were invisible from any distance, and from this circumstance it

it was nearly impossible to determine any definite boundary by other natural features than Rivers but though many Streams are set down in the Map we failed to discover more than two (of course excepting the large river Broyoo) during the 3 days. wherein we made the Stream referred to therein must only have existed at the close of the Monsoon after very heavy rains and this being the case cannot be considered as proper land mark all the year round.

We went on the following day from Iyunnur Many days to the last mentioned place with a hopes of being able to determine the exact locale from the Dooab Pellah hill (said to be one of the highest in this part of the Country

we hit on very large fires at the Valley Cottah and there proceeded taking the exact bearings as before to the top of this hill distant in a N. W. W. direction about 4 Miles and at the top of the Hill we found a Ring of Cairn of Stone, which as it was in the exact line I imagined the proposed line to take seemed as a third mark From here the highest point in the surrounding Jungles was evident from the density of the Jungles surrounding of our last determined point so proceeding down the Hill in a N. W. direction we came at the distance of about 1/2 Mile to another Stone of exactly similar formation to the last and which we were told served the same purpose tho' bearing no inscription This part of the Jungle bore no name whatever and the only way to determine the site of the said Stone

Fort Saint George 1st April 1858.

Stone is that it is in an exact line with the three boundaries previously mentioned and on the bank of a small stream. It is altogether about 9½ Miles from the 1st stone on the Bank of the Boyar River and 5 from the Sulay Cattah

7 We continued to make our way through the jungle till we came to the Temple referred to by Captain Stephens in his report to the Mysore Commissioner. It is a very old Pagoda but difficult to say of what origin and by whom erected as the figures consisting of Singing Dancing Girls &c are common both to the Districts of Mysore and Malabar.

8 Crossing the Boorumaur gulam road still keeping the same direction we after another

Fort Saint George 1st April 1858.

search, succeeded in finding & fourth Stone near a deserted Village named Madapullahi. This stone is situated on a Hill in the midst of the densest Jungle and is so surrounded and concealed by the long grass and brushwood that it was with great difficulty we could ascertain the fact of its existence. It bears the same features as the last three and from the strong resemblance between them all their equidistance and the absence of any evidence to lead to a different conclusion

24 Persons of this kind should be examined

Captain Stephens and myself have decided on marking the boundary along the disputed tract. The trees have been "blazed" all along the line agreed upon a distance of nearly 16 Miles from end to end so that no difficulty

difficulty will be found on any future occasion in tracing it if necessary—

9 The only remains to prove the existence of any thing of a similar nature at the junction of the Cabbany[43] River with a small Stream bearing no name but which is set down in Col. MacKenzie's Map at about 6 Miles distant from Madapollam to connect the line of demarcation we have fixed on with the recognized boundary of the two Countries to the North

Captain Stephens has sent men acquainted with that part of the Country to make every enquiry as to this, and has promised to forward me the result of their investigation

10. It will be seen by the accompanying rough Sketch that by

43 How has no connexion whatever with the matters in dispute and under reference to these Offices. It is another part of the Country in regard to which there is no record of a disputed frontier

44 This part of the boundary are never visited by those Gentlemen but appears to have been laid down by Mr Todd's Sketch Map—

45 This accompanies and is near Red R.

by the newly determined line a strip of land from 2 to 3 Miles broad and some 18 or 20 in length is added to the Malabar District.

11 I regret I could not discover the exact spot that the trespass to which the present enquiry owes its origin was committed. The Country for miles round Pavoor Mauny is very scantily inhabited and excepting the people who were in attendance on Captain Stephens and my own Catcherry we only saw 3 men almost Savages during the stay we made on the frontier, besides which none of the Mynaud Tahsildars Subordinates who accompanied him had been at the former enquiry made on the same spot in 1651 and consequently I have derived very little benefit from their attendance

46 Mr Todd found unfortunately taken no Officer with him of experience in such enquiries.

With reference to your letter No. 3165 of the 18th December last I have the honor herewith to transmit duly attested by myself and my Assistant Captain Stephens a copy of the Sketch prepared by Mr Ford of the boundary in dispute between Mysore and Malabar taken placed on record in your Office.

I beg at the same time to add that I have directed my Sub Sheristadar to proceed to the spot on the 5th proximo and in conjunction with the Salook authorities of Beggadavencotta to fix the boundary stones on the line indicated in the Sketch and to request you will have the goodness to direct the Salook authorities of Mysore to be present on the occasion.

Signed J. Clark
Supt Chelgraum Division

49 This is not forthcoming and I am at a loss to account for its attestation. One thing at all events is clear enough that the second time-circled tracing has not been followed in laying down the stones the names many have been placed but not the bearings.
I would likewise add I attempted to trace on paper the line on which these stone boundary marks have been merely as I supposed it to say that the 1st stone has been placed opposite Kopen (the fort as mark'd by me on the Sketch) and the new line running S.W. direction from that point as signing to Mysore the whole disputed tract & cutting off from this District far more than Mr Ford conceived has been stated to be.
The 1st Boundary stone as now placed & what Mr Ford has mark'd as 1st Boundary stone in his Sketch are at least 4 to 5 miles apart.

Mysore.

Sir,

The Wynaad Head of Police reports that a complaint has been made by the party noted marginally before the Porakady Police Ameen, to the effect that an inhabitant of Mysore, by name "Oorally Kooroomen Ketan" has surreptitiously carried away an Elephant caught in a pit dug by the complainant in the Government Reserve denominated "Echa Coonoo" situated in the Wynaad Talook. Under these circumstances, I have the honor to request that you will be good enough to have the man apprehended and forwarded with the animal in question to the Porakady Police Ameen at Sultan's Battery.

The Elephant is stated to be a young male one, and secured in a shed near his house, in a jungle called "Vandeekularah".

Sir,

With reference to your letters as per margin, I have the honor to state that no person of the name of Keata could be found in the Kunjungode Talook. An individual of that name

No. 4378 of the 11th. September 1857
No. 5213 of the 28th. November 1857.

lives in the Heggadadavem Cattay Talook, who formerly owned some Elephant pits which he sold to other parties - and in one of these, a small Elephant was caught some time ago. The pit in question was an old pit at Kullerhutty, many miles within the Mysore frontier, and when on the spot myself a short time since, I made every enquiry to try and ascertain if a young elephant had been stolen from a shed within your boundary but could not gain any information on the subject, and under these circumstances I did not deem it expedient to apprehend any one in those Talooks.

Sir,

Being in possession of a document which proves that the proprietors of the Davishmarrain Pagoda in the

the Malabar District, sold to His Highness the Rajah of Mysore the Teak Jungles thereto attached and which they still retain by some means not easily ascertainable, I have the honor to solicit the favor of your directing the attendance before the Heggadavanacota Amildar on or before the 15th of January of the present proprietor - I am obliged to apply to you as the individual has refused to attend in conformity with a notice issued by the Amildar of Heggadavana Cotta and should he fail either to attend or show cause for his being in possession of the Jungles in question, I beg you will be so good as to warn him that I shall consider it necessary at once to prohibit the export through our Forests of any Timber from those Jungles pending the settlement of the case.

Superintendents Office
Madoor
24th December 1837

(Signed) J. L. Pearse
Officiating Superintendent Astagram Division.

To

No. 5502.

To
Captain J. L. Pearse
Officiating Superintendent
of the Astagram Division
Mysore -

Sir,

With reference to your letter dated 10th Instant No. 1597, I have the honor to inform you that you have been misinformed in respect to Kullerhutty where it is admitted on all sides - that the Elephant was entrapped. Kullerhutty is among the spurs of the lower part of the Kally range of forest Hills, and as a reference to the map, when on the spot, if you visited it would have shewn you, is within Malabar - I therefore still call on you to send back the Elephant and to repress these unjustifiable transgressions within the limits of the Companys Territory -

2. The personal examination into the circumstances of this ccase has however brought under my notice a much more serious matter Viz. the attempt to interfere with and alter the long establishment boundary as fixed

fixed between the two countries of Mysore and Malabar. and the setting up by the Mysore authorities of a line of so called boundary stones far within the limits of the Company's territories so as to run from the turn of the Pongoly Rampoor Ayenoor. mara Goody River, along the spurs of the Kally range to the Koor. chyaad range, thus transferring to the Mysore country all the fine Teak Wm forests of the Cochecoon tarrah of the Gunnapathy Munshom which cover these Hills and Vallies to the North East of this line being a large portion of the Manchala Hills and Forests. Kuller. hutty, Chavadavattom, Koorchyaad Wm Wm Wm Forests, the fee simple property of the British Government, (not of Malabar Jennies) and worth lacs of Rupees. I have carefully rang. ed the whole of this country myself and satisfied myself of the blunders.

opposite Ayenoor Cottah.

3. This unjustifiable and unauthorized substitution of a novel boundary seems to have taken its rise in some measures taken by a

Mr. Tod

2d Assistant of this District and Lieut. tain Stephens in 1855. No boundary could be clearer or better defined than that existing between Mysore and Malabar at this point, but some inter. ested parties had expressed doubts and outrageous robberies were being committed in the Malabar Government Forests by Mysore people and our own inhabitants. After some correspondence, Captain Stephens and Mr. Tod met to see how the boundary ran. not to fix a new boundary. The amusing record of this business is before me and the parties who accompanied them, accompanied me thro' the careful examination I have just com. pleted of those parts.

4. Captain Stephens and Mr. Tod seem at all events to have known that Ayenoor. mare Goody is one of the points in the Boundary. indeed it were difficult to have mistaken such prominently marked spots as the Rampoor ferry and the Pagoda, which are even shewn in the lithographed

Map

Map. But even this certain and fixed spot however has been entirely lost sight of in the subsequent operations, and I find a stone placed on the opposite side of the river at Hoosencottah, six miles to the south of the Pagoda, and not far from Pongoly cottah, now this is a spot which these Gentlemen never visited with all their hesitation and uncertainty, it is clear that their course was at least northerly and westerly from the Pagoda and the setting up a boundary mark opposite Oosen-Cottah, can only be termed a bold and unjustifiable attempt at fraud. —

5. The record of the wanderings of these two Gentlemen show that they had but hazy notions of where they were throughout and what they were about, but if the "N. W. by W." "W.N.W." bearings from Iyenoor Mara Goody frequently noted in Mr. Iods report, mean any thing they dont at least indicate that the spots now marked by you with stones W.N.W. were never

were ever visited by these gentlemen, and if they were so visited the Compass could not have indicated the bearings recorded.

6. Be this as it may, these novelties cannot for a moment stand. The thing was a simple farce and the innocence of Mr. Iod at least as to where he was is clear from his having come away with the impression that "a strip of land from 2 to 3 miles broad" and 18 or 20 long had been added to Malabar". While nearly as much would be transferred were countenance given to the assumption of the power to fix new boundaries between the two countries.

This I should deprecate.

7. But all this was unnecessary the boundary was clearly laid down between 30 and 40 years ago, the record of which will be furnished to you, being a transcript of what Captain Stephens and Mr. Iod should have been guided by Viz. the boundary line as fixed when the Trigonometrical survey was made In this and from the map you will find that the boundary between the countries runs in nearly a direct line

he and Captain Stephens had actually visited this spot and fixed it while he of Mr. Iod imagined that he was 10 miles to the North of it. Viz. on the spot marked in his sketch as that arranged between Captain Stephens and himself. Should this turn out the true version it is clearly to be regretted that I used the expression I have. The merits of the case remain the same. —

line from the Pagoda at Ayenoor Goody to the Trigonometrical station at the gabetta, at the back of the Koorchyaad forest and within this line I beg you to have the goodness to keep your forest operations, and likewise at once to remove these unauthorized monuments of blunderings which might lead, if left, to an extensive portion of the Government Forest being transferred to Mysore and may entrap Mysorians into criminal Proceedings in Malabar.—

8. I must at the same time warn you against placing reliance on the testimony of the 3 worthies named in the margin. They were the great Robbers of the Government Forest, till at length they were caught at the Rumpoor ford in the very act of stealing wood. they were committed and convicted and worked on the roads at Tellicherry after the expiration of their period of penal servitude they have, I am glad to find, transferred their allegiance to

*therefore easily ascertained.

Acting Collector.

—. Enclosure No. 1.—
—. No. 51.—

To,

J. I. Knox Esquire
Acting Collector
of Masulipatam.

Sir,

1. I have the honor to request your sanction for the discontinuance of a portion of the moturpha tax in the Padamah Talook, which goes by the name of Purra Punnoo which means swamp tax.—

2. The amount is 49 Rupees It is collected from peons who dig up grass near the swamp only in the two Villages of Padama and Cuppaladoddy.

3. Sixty Eight of these are women, and their husbands who are weavers pay a separate moturpha tax for their looms. One is the wife of a Comaty who pay a separate moturpha tax, and the remaining two of whom are women pay no tax at all I have already ordered the Tahsildar not to collect this tax

5204 Fort St. David 7th April 1858

case, till instructions from you are received on the subject.—

Masulipatam Head Assistant Collectors Cutcherry at Padanaha 30th December 1857

(Signed) J. A. St. Chase

Pymaysh Enamaty and Tarwary Accounts in the name of Cunchanapully Sashuppah-

Enams land sold by Canchanapully Sashuppah according to the following documents-

For wet lands of Codoor Village-

1 Unstampt deed of sale to Poolayala to Vencutnursoo-soo and Vencut rumpuntoolo-soo on the 1st adhika badrapada bahula of the year Bhava or 31st August A.D. 1811 for Rupees 120 - -

2 Ditto Ditto to Shroffs moorty on the 1st Vyaka Soodha of the year Prawady or 25th April 1819 for Rupees 16 - -

3 Stampt deed of sale to P. Vencutnursoo on the 5th Jaista Soodha of the year Paramady or 29th May A.D. 1819 for Rupees 23 - -

4 Unstampt deed of sale to N Pavanumbutloo or 15th Chaitra Soodha of the year Vishoo or 17th April A.D. 1821 for Rupees 16 - -

5 Stampt deed of sale to P. Vencutnursoo on the 3d Cartee Kabahoola of the year Swabanu or 21st November A.D. 1823 for Rupees 32 - -

6 Stampt deed of sale to Woothoor Kristnatoo on the 15 Chaitra Soodha of the year Vijaya or 1st April 1833 for Rupees 60 - -

7 Ditto Dto to R Rungaroo on the 5th Cauchanapully Sashuppah whose name is entered in the accounts

in Column 3 and the names of the persons who enjoy them at present

By Seetaramiah adopted son of Venkutnursoo under deed

No 1-3-85-1-24-2½-2315

By Ethimapah son of S. Moorty under deed

No 2 - - 10 - 3 - 4 - 6

By N Pavanumbutloo under deed

No 4 - - 10 - 3 - 4 - 6

By Woothoor Kristna row under deed -

No 6 - 1-12-8-17-3-7

By Seena was a row son of R. Runga row under deed

No 7 - 1-15-4½-20-4-6

4-32-6-67-2-6

Grand Total 197-3-136-0-7

whose name is entered in the Accounts. The shares on Rupees 68-11-3 held by the last holder, who died without heirs is recommended for Resumption.

The rest of the Enams had been alienated by Canchanapully Sashuppah, the maternal uncle of the last holder, who sold on eight various occasions part of his Enam Amauntoy to Rupees 67-2-6 as shewn in Column 6-

In accordance with the Boards Proceedings under date the 19th February 1849 No 387 it seems necessary that the alienation of the said Enams by sale should be reported for their Orders-

1 With regard to the unstamped deed of sale dated 31st August 1811 No 1 to P. Vencutnursoo and Vencut rumpuntoolo some doubt was thrown upon its authenticity as the adopted son of Vencutnursoo

Fort Saint George 7th April 1838

Vysakabaho
lah of the year Ahavalumby on 23d May
A. D. 1837 fs Rupees 52.

Venculnursoo
Seetaramiah did not at first
produce it but as the enam has been in
the posession of the party to whom it was sold
since the date of the deed the probability is in favor
of the deed of sale being genuine - There was only one surviving
witness who supported the note dated 7th Chaitrabahoola of the year Seya,
corresponding to 30th April 1834 at the back of the deed, which settled that the
buyer should pay the Sodee - Of the other documents 3 - 5 6 and 7 are on stamped paper,
2 and 4 are unstamped and posession has followed in accordance with them - There
seems no reason to doubt the authenticity of any of the documents produced -

2 Soobbarow and Venculnursoo cousins of the last holder P. Appeak claim to succeed as
being of an undivided family - There can be no admission of their claims because the last holders
funeral rites were performed by no one he having died without heirs at Ramasamoodrum and more
particularly as P. Appeak himself had no legal right to the enam as his succession was derived through the
female line, his mother being the sister of the party mentioned in the accounts - The statement
of the claimant is untrue, as they did not live with the deceased P. Appeak. —

in 1846. Nejeabee his mother enjoyed the enam, Viz^t 43 11 1 to she died in October 1852 Calunder beg's paternal Aunt, Janebegum, and her Son Bickoomeeyah claim to succeed to this share on the ground that a decree of the Cuddapah Zillah Court in A. S. No 21 of 1838 decided that calunder beg the grandSon, and Jumneebegum the daughter should each succeed to a half share of Jamneebees property This

5287 Fort St. George 7th April 1858

This decision which indeed was never carried out in regard to Jauneebegum/however will not support a claim to the enam, made by Beeboobeegum, who is 1st Cousin of Calundur beg but of a divided family.

2 Jaulbee the 1st daughter of Rajah beg and surviving grand son thro' Nunnubee the 2d daughter of Rajah beg advanced a claim to the above share, but as they are of divided family, and have separate shares according to the Decree in O.S. No 753 of 1841 on the file of the Cuddapah Udalat Court and passed by the extra Suder Ameen on reference their claim is not admissible. The share enjoyed by the last holder calunder beg should be resumed.

/Signed/ A Wedderburn
Sub Collector

Recommendation of the Collector.

The Collector differs in opinion from that expressed by this Sub Collector who recommends that the enam be resumed. It is to be remarked that the present claimants Janeebegum and Bichoomeyah her son, the former is the daughter and the latter the grandson of Janeebee deceased, and as Government have recognized the claims thro' the female line Janeebegum would succeed to the share held by her nephew calunder beg the last holder and her son Bachoomeyah after her death.

From the Ky feet taken on the 2d Strawana Soodha of the year Bahoodanyah at 1/2 August or 1st Aug. 1818 & Ap. this enam pears that was granted this enam ed to was granted Vengunnah by Lachmanah be- cause his father Vencatapathy died in fighting with one Kristnumma- =nah entered in the Py- maish and Sarwary Ac- counts.

From the Ky feet taken in the year Bahooda- nyah it appears that was granted to Vengun- nah by La- chmanah be- cause his father Vencatapathy died in fighting with one Kristnumma- =nah entered in the Py- maish and Sarwary Ac- counts.

Annually Poolliah the last holder aged 60 years died on the 5 Strawana= Soodha of the year Sa- darana or 27th August 1850

He was the grand son of the original grantee and younger brother of

The enam entered in Co= lumn 2 was enjoyed by the deceased.—

1 His eldest daughter Nariamah aged 27 years

2 His 2d daughter Soonda= =rammah aged 14 years.

3 His eldest daughters husband Lutchmiah aged 30 years.

4 His 2d daughters husband Venkatadree aged 25 years

His eldest daughters sons Viz.—

5 Vencut ramiah age 8 years

6 Soobbiah aged 5 years—

Besides this enam the deceased posessed Puttah lands in Cattaganepully Valued at Rupees 10 1. The family is in moderate circumstances.—

This enam was put un= der Amanut 1220 1810-11 on account of its doubt- ful title and has been enjoyed by the descendants of the grantee since then under Security There are no lineal male descendants left by the deceased whose daugh= ters are all married and live in other Villages and appear to be in moderate circumstances There being no grounds for continuing the enam to them or their descendants it is recommended to be re= sumed. The proceeds of the enam since the death of the last holder will be credited to Government

No Original summuds This enam is entered in the name of Odsunmully Krishnummah in the Pymaish and January accounts In the enam accounts for Fusly 1220 it was entered as Jufft.—

to Vengunnah by La- chmanah be- cause his father Vencatapathy died in fighting with one Kristnumma- =nah entered in the Py- maish and Sarwary Ac- counts.

but the date when granted is not known.

The lateness of this report is stated by the Tahsildar to have arisen from the delay of the female descendants who are said to be Goshha women to appear by Vakeel and give depositions regarding the family of deceased upto the 11th July 1852 and subsequently to his having an over press of business.

It is to be remarked that the labor of collecting evidence regarding lapsed enams is a most arduous addition to the already multifarious duties of a Tahsildar and seems to call for the appointment of a distinct subordinate Native department to collate the information requisite for the correct and speedy disposal by the Revenue Authorities and Government of lapsed enams.

5292

Total	6	22	21 33

These enams are entered in the Pymaish or enamaly and Sawary accounts in the name of Cunchanapully Vencatrow.

Other Documents

1 Stamped deed of gift by the deceased to her son in law Cunchanapully Vencatrow dated 6th Jaistabahooda of the year Sadaranah or 30th June 1850

It is not known when and by whom these enams were granted nor who was the original grantee

No summuds &c.

These enams are entered in the Pymaish or enamaly and Sawary accounts in the name of Cunchanapully Vencatrow.

Charity. Ramaputta Vencatummah the last holder aged 60 years died on the 1st Sawarnaroodha of the year Sadaranah or 8th August 1850. The deceased was the daughter of C. Vencatrow whose name was entered in the accounts.

The enams entered in Column 2 were enjoyed by the deceased.

Sub Division

Vencatrow aged 55 years.

1 Her daughter Soobbamah aged 41 years -

2 Her Son-in law C. Nellore Shristadar

3 Vencatrows adopted son Varada-raw aged 17 years.

The last holder Ramaputta Vencatummah a female received the above enams Viz. Rupees 21 3 3 enjoyed by her from her father whose name is in the accounts. The late Vencatummah executed on the 30 June 1850 on Stamped paper an illegal document which was registered in the Nellore Principal Sudder Ameens court giving the enams to her son in law C. Vencatrow Sub Division Sheristadar of Nellore, and the latter, has given a Deposition before the deputed Hoozoor Gomastah in support of his claim.

Besides the above enams the deceased had a few puttah land in Pauta Cuddapah acres 3 20 9 assessed at Rupees 37 3 0 They are in good circumstances.

It is observed that the deed of donation was executed, subsequently to the circular order of the Board of Revenue 27th July 1848, disallowing the future alienation of such enams from the family of the original grantee, in favor of a high Government Officer, who must have known of the illegality of the transaction. The Sub Collector recommends, as the daughter of the deceased is married and in good circumstances that the enam be resumed. Should the Board of Revenue order the resumption, their instructions are solicited as to whether the enam is to be credited to Government from the date of the lapse 8th August 1850.

/ Signed A. Wedderburn
Sub Collector

Recommendation of the Collector

The Collector differs in opinion from that expressed in this case by the Sub Collector on the grounds that the deceased Ramaputta Vencatummah granting a document in the name of her son in law will not vitiate the claim of her daughter and as it appears the enam descended to her from her father and Government permit enams to descend in the female line, her daughter Soobbammah is the natural heir. Recommended that the enam be continued in the name of Soobbammah

Fort St. George 7th April 1858

The enam of Bollooputty acres 8-11-8 assessed at Rupees 0-11-6 is entered in the Pymaish and enamaty accounts in the name of Pungum Veeriah and in the Sarwary as Pungum Kyratee.

The name of Arraceed acres 3-0-0 assessed at Rupees 3-8-0 is entered in the Pymaish and enamaty accounts in the name of Bogum Pungy and in the Sarwary as the Kyratee of Dancing girls.

The enam of Arraceed acres 2-10-0 valued at Rs. 1-10-7 is entered in the Pymaish and enamaty accounts in the name of Pungum Wooddundy Veeriah and in the Sarwary as Kyratee.

Charity

Pattay Patteah, the last holder aged 60 years died 13th Ny

Sahabahadah of the year Pinmadeecha or 4th June 1853.

The deceased was the son of Veeriah whose name was entered in the accounts of Bollooputty.

The deceased was not related to the parties whose names are entered in the accounts of other Villages

The enams entered in Column 2 were enjoyed by the deceased

1 His daughter on Rantsama aged 30 years.

2. His Son in law Javajee Veerunnah aged 40 years

Besides the above enams the deceased possessed Pattah lands acres 10-16-4 assessed at Rupees 10-10-5 and Service Enam of a temple acres 2-19-0 valued at Rupees 0-11-4 which after his death his son in law enjoyed

The deceased enamdar P. Patteah regularly inherited one of the enams that of Pattapoolputty Rs. 3-8-0

Rupees 3-8-0 be obtained from one Bogum Pungy on condition of performing puja at the Village temple but no record is extant of this donation, the puja however continues Rupees 1-10-7 was enjoyed by the deceased but how it came to him no one seems to know. Mallaya, the grandson of the party Veeriah, whose name was entered in the accounts claims it on account of his descent. It has not been under cultivation for the last 10 years.

The 2 first Enams under the circumstances noted above may be continued to the daughter of deceased for her life, subject then to report.

The last Enam of Rupees 1-10-7 having passed out of the family of the original grantee without any proofs of the transaction the Collector thinks should be resumed.

Nalgamah (Present)

Share enjoyed by the deceased 1-g-8.

By her brother in laws son Chellum and his brothers son Nagamah 1-4-4

By her brother in laws 2d son Venganah 0-8-4

Total 3-3-4

This enam was Cultivated undividedly and the produce enjoyed according to the several Sharers.

1 Her 1st daughter Sagamah aged 35 years married.

2. Her 2d daughter Chennaka aged 30 years widow

3 Her 3d daughter Moogepilla aged 25 years who is dumb and whose husband

The share of the last holder Pallereddy Boochy Goorroo Rupees 1-g-8 was married to aged 17 years since to the reddy of Kaveed but is now free as it has been so long out of the familys profession and the date of deceased death was 12 years since it would seem that the daughters left by deceased were not dependent for their support there upon, it may therefore be resumed unless it is thought proper to regrant the same to the married and widowed daughters of deceased.

Sydney A Wedderburn
Sub Collector

Recommendation of the Collector.

The enam never having been alienated from the family of the last holder Recommended that the share held by the deceased amounting to Rupees 1-g-8 be continued in the name of Sagemmah eldest daughter of the deceased.

It is not known when and by whom these enams were granted nor who was the original grantee Redemmded 86 Rs

The enams of Rupees 6 1/2 are entered in the Pymaish and Tarwary accounts in the name of Sauta charloo — The amount Enam of Rupees 41 14 3 is entered in the Pymaish and Tarwary accounts as clear and in Enamaty no mention is made. An endorsement by Mr Cochrane allowing the deceased to adopt

Charity

Boskaputnum Rangha charloo the last holder aged 60 years died on the 7th Saista Sooddi of the year Sadaranah 20th May 1850

He was the son of Sreenewas charloo

The enam entered in Column 2 was enjoyed by the deceased. —

He is in poor circumstances.

I Heir adopted son Narsimha charloo aged 16 years.

Besides the above enams the deceased possessed property to the land Acres 13 37 8 assessed at Rupees 7 14 9

This being a case of an Enam held without document or summud, merely on a long prescription of charity in the accounts the Collector observing that the adoption by the deceased holder of Narsimha charloo is sufficiently authenticated, and that the said Narsimha charloo's parents are deceased and he does not appear to have other means of support than the property left by the deceased and when the quit rent on the Enam is deducted the residue

younger brother whose name is entered in the Pymaish and Tarwary accounts and the son of Sauta charloo in the enamaty accounts.

Cuddapah
Collector's Office
31st August 1857

the receipt of your Circular letter No 1070 con-
veying Proceedings of the Board of Revenue
dated the 25th Instant together with Minute
of Consultation of the 23d Idem No 377 requir-
ing to be informed the number of Medical
Officers of this Zillah and their respective
appointments. I have to state in reply that
there is at present no Zillah Surgeon
attached to Cuddapah. Doctor W. a Sar-
M. D. who stands nominated to the ap-
pointment was ordered to do duty with
the 49th Regiment Native Infantry and
proceeded to join in December last. Doc
Fitz Patrick in charge of the 30th Regiment
Native Infantry performs both the
duties of the Regiment and the Zillah.

2 There is a Second Dresser attached
to the Collector's Department whose services
cannot be dispensed with at present
on account of the unhealthiness of the Station
and the amount of Sickness among the
Servants attached to my Establishment
The Head Sheristadar has lately been
seriously indisposed, but it is to be hoped
he is now in a fair way of recovery under the
treatment There is a first Dresser attached to
the Collector's Establishment at Cumbum the
Head

Head quarter of which, it is believed, will shortly
be transferred to another part of the District where
they will be 70 miles from medical advice. it
would therefore not be advisable to remove
him from the Sub Division.

3 There is an apothecary attached to the
Military Department Stationed at Cumbum
in charge of the garrison. The Military authori-
ties are more competent to state whether his
services can be dispensed with than the Collector
There is a pensioned Apprentice attached to the
Zillah Jail of Cuddapah in the room of the 1st
Dresser lately removed and a first Dresser attached
to the Civil Hospital. I am not aware of the number of
the Medical Staff attached to the Garrison and
Hospital of the 30th Regiment Native Infantry Sta-
tioned here-

4 The above is a detailed list of Medi-
cal Staff attached to the Zillah, with regard
to whom the Board have called for information-

Bo No 1426
From the acting Collr of Tanjore

Reporting the number of Assistant Surgeons in this District and their duties

No 1070

Sir,

In reply to the Board's Circular dated the 25th instant I have the honor to report that at the present time there are only two Assistant Surgeons employed in the Tanjore District.

2 One Dr Joseph is located at Combaconum where he has charge of the Zillah Jail, the Detachment of N. I. and the vaccinating Department of the Collector. The Local Dispensary a very important institution is also under his superintendence and the European society of the place

place is rather large. I do not consider that it will be possible to dispense with his services by the substitution of any inferior agency.

3 The case is perhaps different at Tranquebar where Dr Nott is stationed of the European Covenanted service, the only other fixed residents besides the Doctor are the Clergyman, the Revd Mr Little and the officer in command of the Detachment of Native Infantry.

4 About 6 weeks ago some sick prisoners from the Jail at Combaconum were sent down to Tranquebar for the improvement of their health and of these men Dr Nott has medical charge whilst they there remain.

5 The District Engineer has made Tranquebar his head quarters, but I do not regard an Officer of that class as a fixed resident.

6 There now live at Tanquebar several elderly Danish ladies and persons who were formerly in the service of the Danish Government and I have heard that when the place was ceded to the India Company in 1846 some engagement was made for the permanent retention there of a medical officer and a clergyman, but I have not been able to trace the report to an official source.

If

Fort St George 7th April 1858

7 If it should be determined to depute the District of one of the two Medical Officers now at it there can be no doubt that the one at Trangambar can best be spared. But in a Collectorate where there are 4 Detachment of Europeans 50 Sepoys and a numerous body of uncovenanted public Servants belonging to the Public Works educational and Electric Telegraph departments besides the members of the Civil Service, and their families, I would express a hope that two Medical attendants will not be regarded as more than strictly necessary.

of Tanavayel in the
Shevagungah Zemin-
dary with its
Mesne Profits
to the Plaintiff
and requests per-
mission to apply
to the Sub Court
for a review of
Judgment under
Clause II Section
VI Regulation XV
of 1816.

To Court of Wards
10th March 1863
From Do. 11th April —
To Do. 7th Sept. 1855.
From Do. 24th Do. "

In C.S. No. 25
of 1855.

With reference to the correspondence noted in the Margin, I have the honor to submit a Copy of the Decree of the Sub Court of Madura awarding the Village of Tanavayel in the Shevagungah Zemindary with its mesne profits to the Plaintiff.

2. The History of the case is fully stated in my letter of the 10th March 1853, and the resolution of the Court of Wards to return the Village till the Minor should come of age was communicated in their Proceedings of the 11th April following.

3 The Acting Sub Judge has rejected the evidence of the Putimvar Accounts, because they

they were furnished to the Collectors Cutcherry by the Zemindar, not at the time of the Permanent Settlement, but afterwards in Fusly 1226 and because their correctness is impeached in the letter of Mr. Peter to the Zillah Judge Copy of which is enclosed, and which is alluded to in Mr. Blackburne's letter to the Board of Revenue dated the 4th February 1847.

21st Jany. 1824

4 It is represented to me that the assertions of Mr. Peter and Blackburne, in disparagement of the Settimvar accounts, were made without enquiry, and that although furnished in Fusly 1226 these accounts were correctly prepared from the original accounts of Fusly 1211 in the Zemindar's Cutcherry. To ascertain the truth or otherwise of these allegations would, I fear be difficult, as I have reason to suppose that the accounts of Fusly 1211 have received injury from lapse of time and the attacks of worms and it would certainly take a considerable time

time.

5 As regards the Villages of Tunavayel, however, the correctness of the Settimvar accounts can be established with facility, by production of the Summabundy Accounts of Fusly 1211 and its Abstract. The Cowjums containing the particulars of Nunjah Cultivation are wanting, but those of the Poonjah Cultivation and ready money Collections are forthcoming. The Abstract shews quantity & Melwaram Paddy of Tunavayel. The particulars abovementioned are not exhibited for Manneam and Durmasanam Villages, the entries regarding which are confined to the Amount of Dust Rent. These accounts should have been produced before the Court in support of the Settimvar Accounts. Why they were not, I do not know, as I was at the time employed at Madras

6 The Sub Court further decides that assuming the Village to be Enam it was not competent to the Zemindar to assume it on account of

of the service for which it was granted not being performed such resumptions being practicable only under the provisions of Regulation VII of 1817 that is by the Government Officers I infer from their Proceedings of the 13th of March 1832, that the Board of Revenue then held a different opinion, and considered that, as the Judge Adalat had pronounced these Enams generally to be an appendage to the Zemindary, the Regulation VII of 1817 did not apply to them.

7 It appears to me that the correctness of the Decree now submitted admits of considerable doubt, and that it is desirable to make an effort to support the validity of the Settlement accounts, at all events when supported by additional evidence; for, if these accounts are entirely rejected it will be found difficult in many cases to protect the Zemindary from false claims.

Holding

8 Holding this view I propose, in the first place, that the Government Law Peon should be directed to apply to the Sub Court for a review of Judgment under Clause II Section VII Regulation XV of 1816 and if I do not receive the order of the Court before the 20 Instant, when the time for appeal expires, I shall take this course on my own responsibility. In case the motion for the purpose fails I would recommend a regular appeal, and shall submit draft of an appeal Petition for the consideration of the Court, after applying for an extension of the period of Appeal

Madurea
15th March
1858

I have the honor to be
Sir
Your most obedient
humble Servant
(Signed) P. D. Parker
Collector

Enclosure

Fort Saint George 7th April 1858.

Pandarasanna they — 2 R. D. abad Pandara Dfts.

Collector and Agent to the Court of Wards Government of Madras

Vadkel Soobbramania Iyer and Ramasawmy Iyer — Soobbah Row on his demise Shanmo Row

1 Plaintiff sues to obtain possession of a Village called Tamangalam consisting of 80 Culums 10 Marals and 3 Measures of said land annually yielding Rupees 500 and paying the Zemindar Rupees 120 as Peishcush favorable rent, and also to receive Rupees 2,471 — being its Measure profit in the deposit of the Collector's Office.

2 Plaintiff stated that the original Zemindar of Shevagunga gave the

Fort Saint George 7th April 1858.

the Village in question to one Nunny Thaivayy by assigning it with a perwanna or favorable rent to be held by him both for the use of Durmavanum and for performing the charity of water Pandal. That 7/8th of the Village was held by the Plaintiff by right of purchase, and other 1/8 by right of Mortgage from the descendants of the said Nunny Thaivayy; that by virtue of an order of the Collector dated 1837. the necessary entries in the account relative to the Village were transferred in the name of the Plaintiff, who have enjoyed the produce thereof till Fasly 1256; that in 1857 the Zemindar took possession of the Village but died before the Plaintiff could get it restored; that the 2nd Defendant to whom the Plaintiff applied for restitution, enquired into his right and sent a letter in his favor to the Court of Wards, who gave an order to the effect "that the Minor Zemindar will on attaining his Majority, restore the Village to Plaintiff, if he pleases," and that the Court of Wards is not justified in retaining under their management property

Enclosure No. 1.

Madura Subordinate Court Decree

Subordinate Court Original Suit No. 25 of 58

Pltff. Versus Deft.

Poamumbala Thasiah Rao Punderaswamy they — 1 Premier Guardian of the Minor Zemindar of Shevagunga 2 R.D. abel Parkar Esqr. Collector and Agent to the Court of Wards Government Wallah Soobbah Rao on his demise Shanmd Rao

Va Reel

Soobbramunia Iyer and Ramaswamy Iyer

1 Plaintiff sues to obtain possession of a Village called Tamangal consisting of 80 Colums 10 Morahs and 3 Measures of seed land annually yielding Rupees 500 and paying the Zemindar Rupees 120 as Peishcush favorable rent, and also to receive Rupees 2,471 — " being its Mesne profits in the deposit of the Collector's Office.

2 Plaintiff stated that the original Zemindar of Shevagunga gave

the Village in question to one Nunny Thaivvay by assigning it with a peishcush or favorable rent to be held by him both for the use of Dharmavanum and for performing the Chavity of water Pandaal. That 7/8th of the Village was held by the Plaintiff by right of purchase, and other 1/8 by right of Mortgage from the descendants of the said Nunny Thaivvay; that by virtue of an order of the Collector dated 1837. the necessary entries in the accounts relative to the Village were transferred in the name of the Plaintiff, who has enjoyed the produce thereof till Fasly 1250; that in 1857 the the Zemindar took possession of the Village but died before the Plaintiff could get it restored; that the 2nd Defendant to whom the Plaintiff applied for restitution, enquired into his right and sent a letter in his favor to the Court of Wards, who gave an order to the effect "that the Minor Zemindar will on attaining his Majority, restore the Village to Plaintiff, if he pleases," and that the Court of Wards is not justified in retaining under their management property.

property that does not belong to their work
Hence this suit.-

3 The 1st Defendant filed a motion saying that is satisfied with the defence that shall be made by 2nd Defendant (Collector).-

4 The 2nd Defendant urges in his answer that the Village in question is entered in the Estimate Account of the Zemindary as an Agra Village, and as Durmasanum, that it was once granted to an Individual on condition that he should maintain a water Pandal &c., that his descendants having failed to continue the Charity and made over the Village to others, the Zemindar resumed it, as he was entitled to do; and that the Village being granted for Charity was not alienable.-

5 The reply states that the Zemindar is by Regulation XXV of 1802 authorized to grant the Villages of his Zemindary to any individual at his pleasure, that the purchaser of the resumpatty Village, which is of the same description as the one in question holds uninterrupted

uninterrupted possession of the same and that the Plaintiff never discontinued the Charity of water Pandal.

The 2nd Defendant in his Rejoinder asserts that the Regulation quoted in the Reply is not applicable to the land granted, as in the present instance, on a certain specified condition; that if the object for which it was originally granted has been lost sight of, it is liable to resumption and that if the water Pandal Charity had never been discontinued, as asserted by Plaintiff it would not legalize the transfer of the Village granted for its support.-

Points for Plaintiff-

7 1st Prove that the Village in question is Durmasanum and was an outright Gift to the original Donee.-

2nd Prove that Plaintiff acquired the said Village by two different and bonâfide purchasers from the heirs of the said Donee.

Points for 1st Defendant

8. 1st Prove that the Village is Agra

2nd Prove that the person to whom it was granted for specific purposes and

had no right or title to alienate it.

Plaintiffs Exhibits.

A. (No. 26) A Deed of sale passed to Ambalava Tumberaud Agent of the Plaintiffs Predecessor on the 14th December 1818 by Vrancaup Iyengar and another for 1/16 of the Village of Tunavayel for 105 Porto Nova Pagodas.-

B. (No. 27) A Deed of sale passed on unstamped Cadjan to Tunavai Rungamma Pundarum the Plaintiffs Predecessor by Moyandy Thaira vagar and his party and Pundyum Thairvagaren on the 7th October 1833 for 1/4 of the Village of Tunavayel for 200 Star Pagodas.-

C. (No. 28) A Deed of sale passed on unstampt Cadjan to the Plaintiff by Vyapoory Thairvagaren and his party and Pundyum Thairvagaren on the 12th December 1836 for 1/8 of the Village for 150 Star Pagodas.-

D. (No. 29) Do Do passed on Do to Do by Do on the 22nd June 1837 for 1/4 of the Village for 131 Star

Judgement.

13 The first point to be considered in this case is, whether the Villages in liti-
gation Viz^t Tamavayel Villages is Ingeyen or
not. The Plaintiff besides producing
14 the original sale bundes A to E. of which B.C.
and

and ID mention that there are certain chargeable duties connected with the possession of the produce also an original Pattah from the late Principal Collector to a certain Pundaram dated 7th August 1837 (IIIth) in which the Collector speaks of the Village as Thurnavanum.

15 The Plaintiff also calls to the said Document II & III produced by the Defendants in the former of which an authenticated Extract from the Attavanay accounts furnished by the Izemindar of Fusly 1213 or A.D. 1803 the Village is stated to be a Mattum Village the account from which there is an Extract which also be observed is allowed by Defendants Pattah to be an account which distinguishes inclusive any Agra Villages in the latter a Document III which is an authenticated Extract from the Register of Muniums of the Madura District sent to the Board of Revenue and dated 31st December 1810 the Village is entered as an Canam Village granted in perpetual endowment to support the charges of a Mattum

16 The Defendants on their

lay stress on a Document I purporting to be an authenticated Extract from the Settimvar Account of the Izemindary of Fusly 1211 or A.D. 1801 in which the Village in dispute is entered as Agraram even this account unimpeachable it would go far to settle the matter

The Plaintiff however insists that the Settimvar Accounts of Fusly 1211 are not in existence, and that Document I can be no Extract from them and that moreover that it is not an Extract from any correct Copy but from certain accounts cooked up by the Izemindar in Fusly 1226 that these accounts have always been looked upon as Cooked up Accounts of Fusly 1211 that as such as they have always been refused credence and that an Extract from such impugned Accounts can have no value when set in opposition to the acknowledged authentic Accounts of Fusly 1213 and 1224 A.D. 1803 and 1814.

18 In support of this Statement Plaintiff produces Documents C to J which certainly show that the Settimvar

Sistimvar Accounts of Fusly 1211 are missing, and that those of Fusly 1216 (made instead) are not to be trusted he also produces Document K. shewing that the present is not the only instance in which Villages entered as Crum in Fusly 1213, are entered as Oyn in the above said impugned Accounts of Fusly 1226.

19 In further support of this Statement regarding the worthlessness of the Accounts from which Document I is an Extract the Plaintiff desired the Court to send for and peruse

Letter from Collector to Hillah Judges dated 21st January 1824

Do from Do to Board of Revenue dated 4th February 1847

Proceedings of the Board thereon dated 6th March 1847.

20 These and especially the first most strongly support the Plaintiffs Statement regarding them trustworthiness of the Accounts from which Document I is abstracted

21 The Defendants Vakil does not deny that document I is an Extract from the Accounts sent by the Zemindar in Fusly 1226, but suggests that though entered as Crums

Crum in 1803 or Fusly 1213 the Villages might have been granted between Fusly 1211 when the original Sistimvar was made out, and Fusly 1213 when the Attavanny Accounts was sent in, in which case the Villages not being originally Crum, or since separated legally from the Zemindary it might be resumed, but he brings no evidence to support this suggestion. The oral evidence produced by Plaintiff, with the exception of 8th Witness is generally to the contrary, and the Villages being entered in Document III as a perpetual grant is very much against such a supposition

22 The Plaintiff also desired the Court to peruse the Decree in Original Suit 3 of 1844 of the Civil Court of Madura with Appeal Decree of the Sudr Adalut thereon 67 of 1849 as a case in which in a precisely similar case the Plaintiffs were cast and decision entered for the Zemindar and the Accounts of Fusly 1211 received viz the Accounts sent in Fusly 1226 and said to be a Copy of the Accounts of Fusly 1211 but that case was not decided in

in consequence of those accounts, but entirely on other grounds neither did the Plaintiff bring forward on his side any Attavany Accounts as Document II or Mannium Register as Document III

23 Therefore I consider that it is clearly established that the Village is not an Agra Village but is a Mannium Village.

24 As to the second point there is no dispute regarding the evidence Oral and Documentary which is produced by the Plaintiff to prove that he has purchased and received in Mortgage the whole of the Village in litigation and that in case of the resumption not being upheld the Plaintiff is the party to whom it is to be restored.

25 There now remains but one point to be decided. The Village being an Enam Village granted for a charitable purpose, and can it be dispensed of Defendants say it can and that the transfer is illegal, and

quote Morley's Digest Page 361 of Vol I new series published 1852. and Circular order of the Board of Revenue 27th July 1848, but they neither support their proposition in fact Paras 7 and 8 of the Circular Order referred to is decidedly opposed to it and as they can bring forward no stronger proofs, it appears to me that it is legal the purchaser being bound to perform conditions on which the Village was originally granted.

26 Neither do I think that, as asserted by Defendants Vakeel, on the Zemindar, on the ground of the charity for which the Village was originally granted not being performed, and the Devastanum &c being declared by the Sudr Adalut to be an appendage of the Zemindaree, rightfully seized a Village which had never been Agra. If the purposes for which a Village has been granted are not performed Regulation VII of 1817 is the legal relief, and that the word "appendage" will not carry the meaning the Defendants Vakeel wishes to apply to it, as appears I think.

Extract from Decree in Original Suit No. 2 of 1853. in Civil Court, and appeal Suit in the Sudr Udalut 49 of 1856.

27 The Defendants do not raise any objection to the Amount claimed as Mesne profit

28 Therefore the Court awards the Villages of Tanevayel to the Plaintiff together with the Mesne profits as claimed Viz^t. 2,471 Rupees Defendant will pay Costs.

Enclosure No. 2

To

The Judge in Zillah of
Madura

Sir

I have the honor to acknow-
ledge the receipt of your letter of the 2nd
Instant requesting to know whether
Vedenghee and Puttaventhel Villages
considered in my Office to be Durmasanam
or not. In reply I beg to state that
when a Register was made in 1814
in the year 1814 the above two Villages were
Registered as Hamlets attached to Kovelan
ware

Fort Saint George 7th April 1858

ware Puttaventhel Durmasanam Villages.

The Manniem Accounts fur-
nished by the Zemindar of Shevagunga
in 1804 specifies Kovaur Kolum ware
Puttaventhel to be Durmasanam Vil-
lages, but the Hamlets are omitted
in the same manner as Hamlets of
all other Villages which it has not
been usual to insert

In fusly 1220 The Zemin-
-dar furnished an Account.-
Stating it to be the particulars of
Fusly 1211 upon which the Permanent
Settlement was formed, in which
Vedenghee and Puttaventhel are
interlined as belonging to Cannon
Villages, but this Account I have
not considered as being a correct
Copy, or Counterpart of the Ac-
-counts of Fusly 1211.

Ar Kovaur Kolum
ware Puttaventhel Villages are
registered as Durmasanam both
in.

both in the Accounts of 1804 and 1814 as
and as Shedungherr and Putta-
-ventheil have been noted in Register
of 1814 as being Hamlets attached to
them, the interlining, the two Hamlets
in the Subsequent Accounts fur-
-nished in Fusly 1226 or A.D. 1816.
causes suspicion, and renders fur-
-ther enquiry necessary to Esta-
-blish to which Village the Ham-
-lets belong.

From the Actg Collector of Ganjam - - - } Government in their Extracts from the Minutes of Consultation dated 20th July

July 1847 and 19th February 1853 sanctioned monthly stipends to the members of Sooradah family as noted in the Margin but the fifth party not having drawn her pension from September 1855 in consequence of her absence from this place at Sungumnad-sah in the Vizagapatam District where she died on the 23rd January 1857 the 2nd 3rd and 4th parties claim her arrears of pension from September 1855 to 23rd January 1857 Viz.t Rupees 167-6-11 on the score that they performed her funeral rites I have therefore the honor to request the authority of the Board to disburse the amount to them as particularized below should it appear to the Board that they are entitled to the same. It appears to me that were they allowed a sum of Rupees 50 it will be ample for all they have done.-

With reference to the Endorsements on Petitions quoted in the Margin I have the honor to inform you that the Curnums and Naidoos of the Vil-lage called Arasavelly were dismissed after regular trial for making illegal Collections and two other distant Members of their families were put in their places. These in their turn also proved unfaithful to the State and have been removed for an attempt to defraud Government by putting in false accounts. I have therefore appointed two men totally unconnected with the Original families to transact the busi-ness of the Village protempore steps will be taken to select two efficient and good men for the purpose of filling the Offices of Curnum and Naidoo of Arasavelly perma-nently. I may add that this Village is the residence of Court Vakeels who are connected with the degraded Village Officers and are constantly getting up Peti-tions on their behalf.-

I do myself the honor to return the Petitions Marginally noted sent to this Office for report with the following observations -

It

2 It appears from the records of this Department that a report having been made on the 18th September 1844 that Mina Beebee Mocafsadar of Yaradah had died the Head of Police of Vizagapatam under the or-ders of Mr G. N. Taylor attached the property belonging to the deceased.-

3 The property and succession was claimed by various parties 1st by one Fatmabeebee who was widow of one Jareed Said a nephew of the deceased Meera Beebee she had lived with and was supported by deceased during her life and her husband it was said was adopted by Meera Beebee the succession was also claimed by Mahom-med Moofsah said to be a son of Meera Beebees husband's brother was nexct of kin one Masa Beebee a daughter of the deceaseds sister as

also put in her claim to be heirefs to the Estate.-

4 Mr Taylor decided in favor of Fatma Beebee on the 28th September as widow of Meera Beebees adopted son and referred the other claimants to the Court of Adalut if dis-satisfied.-

5 An appeal from the Assistants de-cision was made to Mr Arbuthnot by Meera Beebee who confirmed Mr Taylors order.-

6 Upon this the said Meera Beebee brought a suit in the Chccacole Court against Fatma Beebee and others claim-ing the property under the conditions of a Will but the Court decided in favor of Res-pondents and set the will a side.-

7 An appeal in forma Pauperis was then made to the Suder Adalut. but on the 17th December 1849 the appeal was rejected

8 Last March Mohomed Moofsah again came forward and urged that his claim had not been heard. on this Petition an Endorsement was

was made that the Collector and agent would not further interfere.-

Extract from the Proceedings of the Commissioner for the Northern Circars dated Camp Rajahmundry 26th November 1855.-

Read letter from the Collector of Vizagapatam dated 26th October 1855 reporting on Petitions Nos 1720. 2081 and 2273 of 1855.

(Here enter No 1444)

Ordered that the following Endorsement be passed on the above Petitions.-

It appears that on the death of Mecrabeebee on 18th the present incumbent her adopted sons widow was put in possession of the Mocassa Village as the legal heir. Petitioner and others brought forward counter

counter claims. some of which have been tried in the Civil Courts which have upheld the present incumbent. Petitioner however has not brought forward his appeal to the Commissioner till the present late period and the Commissioner sees nothing in the nature of it to call for interference in the existing arrangements and accordingly declines to accede to Petitioners prayer.-

3d No 1087
From the Collector of Vizagapatam - - -

With reference to the Boards Endorsement of the 18th December last on Petition No 124. I have the honor to report as follows.-

2 The Petitioner it appears brought a compliant before Mr Smollett late Collector stating that for the last 30 years he had held a Manicm land situated in the Village of Jumpapalem of Cafsimcotah Tarah belonging to one Cakerlapoody Jagannadharauze on more verbal engagement he lending money to the Proprietor occasionally on the security of the said land, that while some money was still due to him three persons whom he named were about to take possession of the land on the plea that the Proprietor

Proprietor gave it to them on rent and he prayed for the interference of the authorities.-

3. The 3 individuals mentioned stated that the land lord having rented the land to them they wished to cultivate it. but that they had in no improper way interfered.-

4 The land lord Caherlapoody Jagunnadha rauze was then questioned he stated that it was true. the land had been under mortgage to the petitioner but as he had cut down certain trees and had gradually lessened the sist of the land from 240 120 Rupees, he Caherlapoody Jagunnadharauze had paid off the debt the preceding year and had taken back all his documents and had subsequently rented the land to the above mentioned three persons on the full Last.-

5 Mr Swollett accordingly ordered that as the Petitioner was unable to shew that he either held the land on any valid tenure and had failed to produce any documents in proof of Jagunnadha rauze being indebted to him he could not interfere as prayed for with the undoubted owners right

Sir,

During the present Settlement the residents of several Villages have represented to me that their Villages were destitute of drinking water for six months and more in every year, and they prayed either that Government would be pleased to build permanent wells for them the expense being borne by the State or if that favor could not be granted that Government would advance the necessary funds in the first instance and recover the same from them by five or six yearly instalments without interest like Tuccavee.-

The

† 1 Poolagagodem
2 Neeladryporum
3 Kishnaporum
4 Tandafeully
5 Cawloor

2 The Villages in question are five in number and are situated in the Pentapaud Talook. they for a part from each other. The veins of old wells prove that water will be easily reached. In the present season owing to the failure of rains the supply of water in the scanty ponds and hollows in the Jungle has failed sooner than usual, and even now the inhabitants have to send miles for drinking water and I fear that the complete failure of water will cause very great distress which must continue till the wet season commences unless wells are provided.

Hamlets	Houses	Population	Revenue Dry	Wet	Total
			Rs	Rs	Rs
1 Neeladryporum	57	173	374	21	395
2 Poolbayagoodem	37	128	159	42	201
3. Kalianaporum	51	172	272	93	365
4 Tandafully	265	948	1295	980	2275
5 Cowloor	115	614	917	5	922
Total	525	2035	3017	1141	4158

3. I note in the Margin the Statistics of these 5 Villages. The Population of them is more than 2000 and the revenue they contribute upwards of Rs 4000.

4 The cost of these wells will probably be 150 Rupees each if substantially and properly built so that if the Board are pleased to sanction an advance of 800 Rupees. I will arrange that the wells be speedily constructed and that due care is taken that Government be repaid in 4 or 5 years. I need hardly remind the Board of the great importance of constructing these wells with as little delay as possible.

No. 22

To

J. V. Forbes, Esqr.
Secretary to the
Board of Revenue
Fort Saint George

Sir,

Bd. No. 1407
From the Collector of
Cuddapah

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 12th November last No. 3913, together with extract of Minutes of Consultation dated the 31st October 1857 No. 1113 in which the Collectors of Bellary, Cuddapah and Nellore are requested to report specially upon the proposed plan for providing irrigation and canal transit to portions of their District. The Board also request the opinion of the Collectors on the general question of allowing private companies to undertake Works of Irrigation and Navigation and they wish that the difficulties anticipated may be fully stated and also suggestions offered for overcoming them, so that the Honorable Court may have the means of forming a correct judgment on the question

On

2 On Perusal of the Extract of the above Proceedings the Collectors are called upon to make careful inquiry on the alleged injurious effects of artificial irrigation on Cotton Crop and they will apply to the Native and European Merchants and agriculturists for information on the subject

3 The Project proposed which is intended to benefit the Districts of Cuddapah is an irrigation and transit Canal commencing to the west of Bellary and to the Town of Kurnool and to pass thro' a portion of the Cuddapah District and discharge itself into the Pennair near Cuddapah. The proposal is of so vague a nature at present it is almost impossible to form an opinion of the benefit which will accrue to the Districts by the execution of such a work. The quantity of water it will convey and the number of acres that it will be capable of bringing under wet Cultivation is not specified the line along which it is to be carried has not yet been surveyed nor an approximate of the expence been estimated and

until these are completed and the levels taken it will be impossible to form any probable conjecture of the quantity of land which may be converted from Dry into Wet by means of irrigation from the proposed Canal. With reference to the Pamphlet containing the letter from the Directors of the Irrigation Company to the Secretary of the Honorable East India Company and the particulars of the Plan referred to in that letter, it would appear that this canal is considered by Colonel Cotton capable to convey water during the monsoon sufficient for one Crop from the Farm lands and the supply of water might be materially increased by forming large reservoirs in the feeders of the Rivers above the sircar, but it is not anticipated that a sufficient supply of Water during the dry season will be afforded to enable the lands under it to be cultivated with the 2d Crop

4 There can be no doubt that a Canal conveying a large body of water which can be distributed among the Districts through which it passes will be of great benefit—

and

and enable the cultivators to convert the Dry lands into Wet by which produce of various Kinds not at present grown upon them, may be raised fit for the European market, but at the same time, under instruction conveyed in Para 87 the Honorable Courts despatch I am at a loss to know how the Government will be greatly benefitted by the conversion of a large surface of Dry land into wet, as the water conveyed along the Canal to be disposed of by the Company to the cultivators is to be quite independent of the present assessment on the sale in this District as that if Government supply water for irrigation by Canals or Extra Assessment is collected upon the land so converted, but should the proposed Company sell the water to the Cultivators, Government cannot have Extra Assessment upon the lands irrigated by means of the Canal, as they have been at no expense in supplying them whatever number of acres are converted from Dry into wet will be for the benefit of the Company and

and none to Government. There cannot I believe be a doubt that the more water brought into the Country the greater will be the benefit to the people and the proposed Canal will benefit the Country whether it be constructed by the Government or by a private Company.

5 The Irrigation Company propose that the Honorable Court of Directors should guarantee to them a dividend of 5 per cent, otherwise they anticipate difficulties in raising the funds required for carrying their various projects into execution and it may here be remarked that the Honorable Court of Directors have already guaranteed a dividend upon the Railway which it has been decided shall pass through Cuddapah and Bellary thence to join that from Bombay thus there will be a navigable Canal and a Railway competing against each other in the same Districts should the Honorable Court guarantee a dividend upon both. This guarantee will be very expensive the Railway being the more preferable mode of conveyance

convenience and more useful to Government ought the latter to
the performance and be first carried out

6 The project proposed is not only to
bring an irrigation canal from the Coombadoo through
Bellary Kurnool and Cuddapah but also to construct
extensive reservoirs and to improve the Pennair river if
found practicable so as to connect it with the east coast
canal at Nellore This River at Chennoor near Cuddapah
Pass is 1800 yards broad where the canal will probably join

It is sandy and dry in hot weather deep and rapid for short
time during the Monsoon To convert this River into a navigable
canal so as to convey produce to the Eastern Coast Canal
will be laborious and very expensive and Colonel Cotton
does not appear to be aware whether it is practicable if not
the merchandize brought along the canal will have to be con
veyed to Cuddapah and thence transported to the Pinlong
transport to Madras Until careful survey has been made
and Estimate framed and particular enquiries made by

to the advantage and profit derivable therefrom as well as
the practicability of the scheme a guarrantee of 5 per Cent
ought not to be granted unless there is a prospect of a cor-
responding advantage being derived. If the enquiries shew
that the profit would be very large as anticipated by the
Company it would be more advisable for Government to
borrow their money which could easily be done in England
allowing 6 per Cent and carry out the project under
their own supervision

7 I see no objections to permitting private
companies improving the resources of India if it can be done
but so many objections arise and opposing interests particularly
that of Government present themselves I am of opinion that a
private company would have the greatest difficulty in
carrying their scheme into operation which could not be ex-
perienced were it effected thro' Government means It is to be feared
that the cultivators will have constant disputes with regard
to water with the Company which will be a fruitful source of
litigation in the Courts but could be settled at once by the
Collector

Meeter over the distribution of water through his District
placed under his control and be invested with the power
settling such disputes after a summary investigation

8 One of the first consideration that presents
itself on the part of Government will be with regard to the land
required for carrying out the proposition of the Canal Company
As the land required for the excavation of the Canal to be given
in gift or to be purchased from Government The Company re-
quire that a guarantee of 5 per Cent upon the Capital may be
connected to them is Government prepared made deduction to pay
them the quantity of land required for carrying out the work
gratis supposing that the breadth of the Canal and the
bunds on which the excavation has been thrown is 30 yards
and that a mile of excavation is effected this will require
little more than 18 acres for the purpose As the Government
prepared to present this land gratis to the Company We shall
further suppose that this 18 acres of Wet Cultivation would yield
at 8 Rupees an acre this will yield a Revenue of 144 Rupees for the first Crop 144 Rupees
annual

annual total 87 Rupees As Government pre-
pared to sacrifice this Revenue annually
without any hopes of a remuneration until the
profits of the Company rise above 5 per Cent
should the Government Grant this land they
will sacrifice their own revenue and guarantee
5 per Cent upon the expenditure, the loss will
be very heavy without any prospect of re-
muneration as it is proposed by the Court of
Directors that the Company are to dispose
of the water conveyed along the Canal for
their own profit and advantages If the Govern-
ment demand Compensation for the loss of reve-
nue the Company will first be compelled to purchase
the right of Cultivation from the ryot and
second to remunerate Government for the
loss of revenue

9 The proposed Canal will be carried
thro' both Wet and Garden land the proportion
of which is considerable, it will be for the
Government to decide what remuneration they
are to receive for the land now cultivated and
yielding revenue but required for the new Canal
Government

Government might should they consider it
advisable arrange with the proposed Company
that the Assessment now levied upon the lands
thro' which it will pass may be paid into their
Sheque annually

10 As no plan has yet been prepared and
laid down or the line of Canal must Redantee it
impossible to conjecture what lands will actually
be required for the completion of the project but
prior to its execution many hypothetical
questions arise which will require to be duly
considered prior to the undertaking being
commenced a few of which will be mentioned thus
supposing the new Canal to be carried thro' a Government
Tank Channel by means of which one or both are supplied
how is the land dependant on them to be cultivated
and from what source is the water to be received
Will the Company be compelled to supply such
water for the irrigation of the Tunnel Tanks or
Bagayet Gardens lands under the Tank Bunds
they be obliged to pay the Assessment for the lands
which may be thrown waste for want of water
again as the Country thro' which the proposed Canal
is to pass is not a level plane many of the lands

and supplying Channels receive their supplies
from the neighbouring higher grounds & the Hills
should the Canal intervene and intercept the
supply between the source whence it is received
by the reservoirs, how are they to receive the
necessary supply of water required for the irrigation
of the land dependant upon them should the Canal
Company have to fund it Year it will be preg-
nant with many disputes between the Government Ryots
and those of the Company particularly in seasons of
drought when water is scanty Many of the Tank Bs
are dependant solely upon the Monsoons for their
supply of water, during the time of drought they may
not be filled should the Cannal in any way prevent
the supply will the Company be compelled to
furnish the required quantity of water for the
Tank Bs if not a full supply what proportion and
how is this to be determined If the Company
are to yield a full supply are they to receive
any remuneration from the lands under them

11 The Government lands are now irrigated
by Wells belonging to the Government or Private
individuals River Channels and Tank Bs should
the

the ryots refuse to take Govt. water as they may be able to obtain it at a cheaper rate from the Company what Assessment is to be levied upon the Wet lands and what upon garden lands which are now irrigated from Government sources. If the Wet or Garden Assessment to be levied or the Dry and the ryots are called upon to pay for the water received from the Company. If so the Government will be the loser of the difference of Assessment between the Wet or Dry. The Canal Company will be the gainers at the expence of Government, as the Cultivator will receive his supply from the irrigating Company instead of that of Government on which he has hitherto depended and the ryot will naturally go to the market where he will have to pay the smallest rate for the water required for the irrigation of his land. This for the advantage of the Canal Company to dispose of their water at as cheap a rate as they can, as the more water disposed of the greater will be their profit. Allowing the water at a cheaper rate than Government the lands now irrigated from Government sources

sources are which the Cervajastie is charged will be rejected and the water being drawn from the Canal the Government will be the loser of the Cervajastie or Extra Assessment, which with their guarantee of 5 per Cent presenting in gift the lands required for the Canal and the loss of revenue from Cervajastie &c will come to a considerable sum and raise the per centage very considerably above that demanded by the Canal Company viz. 5 per Cent

12 The proposed Canal may be available for the irrigation of lands that are already dependant upon Govt. In such cases are the ryots to be allowed to chose from which source they may draw their supply. Should suppose they will be compelled to obtain the supply of water from the reservoirs supplied by Government and upon which they have been hitherto dependent. But should the Government supply be insufficient to bring the Crop to Maturity and the Cultivator has resource to the Canal Company and avails himself of the means afforded by them how is he to be charged by Government? This Crop-

Crops may have nearly perished for want of moisture, is he to pay Government the full Assessment for his land and be charged by the Company for the quantity supplied or will Government make Regard to the Company the price of the water required to preserve the Crop. Had the Crops perished remissions would have been granted, now they are saved by the additional water supplied from the Canal what proportion of rent is the ryot to be called upon to pay to Government and the Canal Company suppposing that a ryot avails himself of the water brought along the Canal and his Crop be within a month of reaping, when the supply fails and the Crops perish how is the ryot to be charged, is he to pay for the water actually received although it has been insufficient to preserve his Crop will he be granted remission as would be allowed by Government in similar cases where the water from their reservoirs proved insufficient to bring the Crop to maturity

13. It is very probable that the Canal may be carried through Service Inam lands which cannot be disposed of as

on any terms under the provisions of Regulations IV of 1831 and Act XXIII of 1838. How are the parties holding such Inams to be remunerated. They were granted in perpetuity and cannot be transferred. Now they may be required for public purposes and if purchased, the present owner obtains the whole benefit his heirs are deprived of their hereditary right on account of the land being required for the purposes of the Canal. Will Government in Government to supply other lands to the Inamdars who are deprived of their property. If Government do they other lands in exchange they must make a free gift of them which may be objected and perpetuate this will be an additional remuneration to the Canal Company and to Government In all cases where service Inams are required, Government I suppose must supply others or pay an annual remuneration for them to the holders. These lands may have been given as a remuneration for duties performed by Inamdars Reddies, &c Talliaries Curnams &c should the full value be paid to the present occupants of the lands they may dispute the same and the remuneration

remuneration to those who perform the duties subsequently may be inadequate for services rendered, Government must make good any loss sustained by the holders and thereby for such lands. In many Villages the lands required to be given in compensation cannot be found as the whole Country is already cultivated, they will then be compelled to take the land held by other ryots which cannot be done to remunerate those who have lost their Enams granted for services to be performed or grant an annual sum in ready money

14 The holders of the Service Inamdars Shotriemdars and other Enamdars may have greatly improved the lands originally granted to them supposing it to be Dry land they may have levelled and sunk as well built a tank excavated a channel at a very considerable expense trusting that such lands were to be preserved to them and descend to their heirs I presume the Canal Company will have to remunerate them for the improvement they have effected in their lands by the same Capital and industry and Government will

C.R.

will have to supply them with other lands on which will produce a revenue equivalent amount to those required for the Canal It may happen as in many Villages that there is no vacant Burjer or Poromboke Land fit for cultivation in the Villages to be given in exchange for that which may be taken. Now and the parties to be remunerated they must either receive land in other Villages or Government must allow an annual ready money salary to remunerate them for the land they have been deprived of.

15. From the information I have received it does not appear probable that a Canal from the Tongabundra River will afford sufficient supply of water to irrigate the lands for a second Crop which may have been cultivated with a first, as in season of drought the river itself is nearly dry. If so even a Canal of such dimensions which will perhaps be excavated 200 miles, obtain a sufficient supply of water for irrigation and navigable purposes even for one Crop in a season of drought. The quantity expended in evaporation and sinking into the ground will necessarily be considerable and the sources from whence the navigable rivers not having received the usual rains will continue small and be unable to supply sufficient

Fort Saint George 8th April 1858.

sufficient water for the purposes required. But at the same time, it may be anticipated that some supplies may be received from the Rivers in the neighbourhood through which it passes as for instances, the Hindoy and others and it must be considered whether in times of Drought the stagnant water in the Canal will not engender malaria and fever. I have been informed that the Villages situated near the ganges Canal are much more unhealthy than they were formerly and the Villagers suffer from fever.

16 I have now stated the principal objections which present themselves to the Company carrying out the proposed Canal and I have very great doubts of the Ganges Sundra River being able to afford an unfailing and available supply of water sufficient to induce Government to guarantee the dividend required by the Projectors of the present scheme. This ought to be determined prior to final settlement with the proposed Company should the Government finally determine to be

Fort Saint George 8th April 1858.

to be in opposition to the wishes expressed by the Honorable Court of Directors / the whole management of the distribution of water for irrigating purposes, many of the objections which arise will disappear, but it is to be feared that a private Company disposing of the water to the ryots will meet with considerable difficulties in collecting the sum due for water supplied and should the Cultivator refuse to pay the Company will have the only alternative of a law suit to collect their balances while Government could under the provisions of Regulations 28 of 1802 and Act VIII of 1851 so enable the Company to collect the value of the water supplied in a summary manner and to carry out their project would require a Legislative enactment for the purpose but the policy of granting such power as that at present allowed to Collectors for the Collection of public revenue to a private Company is very doubtful and to compel them to have recourse to the usual Courts of Law will be a source of annoyance and vexations which would not be experienced were the

the Government to undertake the
whole distribution of the water for
irrigating purposes should they
do so, separate accounts might
be kept shewing the sum collected
from Government sources on each
or from the Canal

17 With regard to the
information called for in Para 4
of the Boards Proceedings respect-
ing the irrigation of the Cotton Plant
I have the honor to state that from
the enquiry instituted during the
annual settlement I have learned
from the ryots who grow Cotton to
the largest extent that the irriga-
tion of the indigenous Cotton is
very injurious to the produce of the
plant they state that the plant
yields the largest produce when
the

the ground has been thoroughly
saturated prior to sowing and
receives one heavy shower about a
Month or six weeks subsequent after
which no further moisture is required
but should irrigation be applied or
a larger quantity or rain be experi-
enced the plant grows tall and
will not yield above one fourth
of the produce which would have
been grown had no irrigation been
applied or shower received This
confirms the statement of Mr
Unversity that the irrigation of
indegenous Cotton is prejudicial to the crop

18 I have advanced in accor-
dance with the wishes of Government
the various difficulties which pre-
sent themselves in Carrying
the scheme into operation but
they

they are not to be considered as objections raised against the project on the contrary my opinion is that the scheme is one which will benefit the Country and tend to the advantage of the share holders. Should it be considered necessary that steps be passed for carrying out this project the above objections will require consideration Should Government think it advisable that 5 per Cent guaranteed speedily be reimbursed and an additional per Centage accrue to the share holders but should Government not think it advisable to undertake the management of the water I do not see how the difficulties alluded to above are to be overcome.

Bd. No. 1128
From the Offg. Agent
Agent in charge Kurnool

Sir

With reference to the Extract from the Proceedings of the Board of Revenue under date the 11th December 1857 No. 4678 calling upon me to give my opinion as to the result of personal experience on the several points noticed in the Extract Minutes Consultation of the 8th January 1857 No. 33 in the Revenue Department I have the honor to inform you for the information of the Board that no fair assessed lands were included in the statement which accompanied Captain Russells letter of the 4th October 1856 No. 101 but only those whose assessment was so exorbitant as to render the ryot almost incapable of cultivating them and that the denomination of the land which the rates shewn in the statement refer

refer is that of the acre

2. The necessity and advantages that would be derived from the reduction was pointed out by Captain Rupel in his letter No 101 of 1856 and the relief thus afforded by the liberality of the Board and Government is appreciated already and bears its fruit in the extension of wet cultivation wherever waters available

3 Any interference with the present holdings without it is carried out with a survey would only open the door to frauds and shake the confidence with which ryots now look upon their pottahs the high prices obtaining now are most remunerative and but for the failure of water in some tanks a further considerable increase would have been shown

Fort St. George.

Sir,

B/c. No. 737
From the Collector of North Arcot. ——

Submits Copy of a Communication with 3 Statements received from Mr. Banbury the acting addl Sub Collector Conveying the information required by the Board in their letter of the 9th January 1858 No 98 on the subject of the Cutbady Enams of the District.

I have the honor to submit Copy of a Communication with 3 Statements received from Mr. Banbury the acting additional Sub Collector Conveying the information required by the Board in your letter of the 9th January 1858 No. 98 on the subject of the Cutbody Enams of this District.—

2. As Mr. Banbury has apparently given full information on the points noticed by the Board, I will only remark that the term Cutbody appears formerly to have been applied to a Sirdar or officier in Command of a certain number of men, and that some of these Enams having been confirmed on Military servants of former Government the appellation of Cutbady was transferred to the Enam held by them, altho' no service was performed or required.—

3. The exorbitancy of the demand

demand on the lands in Chendragherry Talook, noticed in para 2 of your letter, arose from the method in which the rate payable on the second Crop raised on Nunjah land, was Calculated. This was not uniformly one half of the rate on the first crop, as is now the case, but amounted to 3/4 or 7/8 of that rate, according to the Nature of the irrigation. The usual remission of 12 1/2 percent was not deducted from the Assessment in question which makes the rate per Cawny higher than what was really exacted under the old system

(Signed) C Whittingham
Collector

No 69.

To

C. Whittingham Esqre
Collector of
North Arcot

Sir,

1. As requested in your letter of the 12th ultimo, I have the honor to furnish the information required by

by the Board in their acting Secretary's letter dated 9th Idem.

2 It will be seen by the accompanying enclosures that the revised assessment on the lands referred to in para 1 of the Board's Communication amounts to Rupees 3,275 with regard to the high taram assessment on certain Cuttoobady lands in Chendragherry noticed by the Board in the succeeding para, I beg to explain that previous to the revision two Crop lands were assessed in the Chendragherry Talook as highly as Rupees 42 and Rupees 37 per Cawny the thirteen Cawnies in question are lands of this discription and consequently were highly assessed similarly with other two Crop Nunjah fields in that Talook. The revised assessment of these 13 Cawnies is shown in the inclosed statements and amounts to Rupees 165.

3 The Board next requests information regarding Cawyem Jody which I stated in my letter of the 16th December last, to be like quit rent. The

Cawyem

Cawjem Jody appears to have been arbitrarily fixed by the Donors without reference to any proportion of the Varam assessment, or probable outturn of the cultivation. It is likewise paid whether the Cuttoobady holdings are tilled or left waste.

4 With regard to the concluding para of the Board's letter, my enquiries as far as they have hitherto gone Show that the Cuttoobady Inams held free of Service and free from Jody in the Paloor Talook are enjoyed by the descendants of Military Servants of the Nabobs by whom the grants were given before the resumption of the Carnatic, in lieu of pensions it does not appear that any purwanahs are forthcoming. In the Vellore Talook there are 52 3-6 Similarly free from Jody and Service these lands likewise appear to have been granted in lieu of pensions by former Nabobs, in one instance it is shown from

from the Tahsildar's report that a purwanah exists. In the Chendragherry Talook Cuttoobady Enams on payment of Jody but free from Service are enjoyed by the descendants of the original grantees to whom they were presented by the Nabobs and Polygars in former years; the original grantees appear to have been relatives, dependants and darbar Servants of the donors, I might have made more perfect enquiries into these cases in these three Talooks, but did not like delaying any longer my answer to the Board's questions should the Board think proper. I can make necessary investigations find out what orders have been passed by former Collectors and Submit a full report upon each grant; there are at present in the three Talooks above mentioned 24 persons whose claims should be thus investigated. I am unable to discover why these lands were called Cuttoobady but presume the term was given

Fort Saint George 8th April 1858

given owing to their being granted as a reward for police, or other services previously rendered.—

In recommending in my letter of the 16th December last that these grants should come under the head of Enams free from Service, it was with a view that when lapses should occur proper investigation might be made, and the usual report furnished to the higher authorities who would then pass orders of continuance or resumption of these grants as they might think proper—it did not appear to me advisable to recommend their immediate resumption during the life time of the present holders—

5 I regret to say that subsequent enquiries have shewn that in one respect the information afforded me and transmitted by me to the Board was slightly incorrect as I have represented the Cuttoobadies in the respective Villages

Fort Saint George 8th April 1858

Villages of the Avilcondah Jaghire as being exempt from Service, this is incorrect as they aid the Village Officers in making the Collections, and also assist the Taliaries in going rounds at night—they appear to render these Services willingly and punctually So that I would beg to recommend for consideration that those grants be deemed Service enams and that the holders be allowed to enjoy the benifits thereof on due performance of the required duties Similarly with the Cuttoobadies in Palmanair and Sholinghur as advocated in the concluding para of my letter already referred to—

13d No 1987
From the Ag Collector of South Arcot

Govt No 2268/38
Board's No 1370/38

In returning the Petition annexed original noted in the margin I have the honor to state for the information of the Board of Revenue and Government that the enam to a share of which Petitioner lays claim comprizes 12½ Cawneys of Poonjah land situated in the Village of Mampalapattu in Ullapooram Talook bearing an Assessment of Rs as 1-1-2 per annum and is said to have been granted in the year 1805/6 to one Ramanja Iyengar grandfather to the Petitioner in commutation of the Swathandrum formerly enjoyed by him

2. The grant is not supported by any Sunnud or legal Document but it is

5400 Fort St. George 8th April 1858

is entered in the old Survey accounts as
well as in the Enam Register

3. The original grantee left two sons
the Descendants of the Elder branch are now
in the enjoyment of the Enam and decline to
give any portion of it to Petitioner who is the
offspring of the younger brother on the plea that
a Sum of 60 Rupees was once paid by them in
full of all demand

4 As the family have long held
undisturbed possession of the inam which the
6 Oct 17 July 1848 Government have been pleased to recognize as
constituting a valid title there seems to be no objection
to the permission sought by Petitioner being
granted

X Govt No 2249 of 1857
Dated 8th Oct

Sir

Adverting to the endorsement by
Government on the Petition marginally noted
I have the honor to state that the lands therein
referred to are included in a succa Summud
grant of — V. m. D. 12-50 in the Village of Nadeauvery
in combaconam Taluk made by Seyoni Baye
a Woman who is understood to have reigned from
a. D. 1736 to 37 to one Ambo deechit The Enam
appears as No 53 in the Collectors Register for 1809
Out of the above esctent V. m. D. 2-50 were inherited
by Thagaraja Sastry a descendant of the original
grantee To this Thagaraja Sastry added — 2-50
of land included with same grant by purchase
from one Rengacharry who is said to have acquired
it in a similar manner date unknown on the
Sastrys death without male issue the whole
Enam Amounting V. m. D. descended to his
widow who on the 12th January 1856 appears to have
formally given in dowry to her sisters daughter
the

the Petitioner to draw out of the portion which came to her husband by right of inheritance Petitioner states that one Sawmy Sastry a kinsman of Thugaraja Sastry has possessed himself of the land and solicits an endorsement from Government to enable her to sue him in the Civil Court for its recovery. The Enam being of an ancient date and duly supported by a grant I see no objection to the issue of the permission solicited by Petitioner.

Enclosure 1
On Board Petition No 2187 of 1857

Memorandum

With reference to the Boards En-
dorsement on Mr P No 2185 of 1857 I have
the honor to report as follows on the three
pleas advanced by the Petitioner

1st That at the time the Petitioner
was dismissed a very considerable balance
was due both by the Petitioner and the Ameen-
dars attached to him and that the
same

Same remained in arrears for months after

2d That the Extract from the Proceedings
of the Session Court which accompanies this
Petition shows beyond all doubt that the charge
preferred by the Petitioner was considered not
proven

3rdly That the Assist of any particular
month is considered to be due at any date or
within that month and that under Regula-
tion XXVII of 1802 Section II it must be paid
"without demand" over before the 1st of the
ensuing month otherwise it becomes an
Arrear

I may also state that in
practice in Several Talooks the whole of the
Assist is realized within the month for which
it is due and that this has been the Custom
ever Since Tanjore became a British Provin-
-ce If however the Regulation in question
is to be in future so construed that the
Assist of one month is not to be considered
due till the first of the Ensuing month

I &c

the result will inevitably be that the whole of the heists will be thrown back an entire month

To
The Sub Collector of
Tanjore

Sir

1 Adverting to your memo. dated the 20th August last relative to Board Petition No. 2185 from Lutchmanien late Pattamonigar of Vullangeman

2 I have the honor to observe that on reference to the records here available the Circumstances which are brought against the Petitioner in the Revenue department are not borne out by fact

3 Per your order of the 27th December 1856 dismissing the Petitioner from the Pattamaniam

maniamship you state that "the Petitioner "has not only withheld payment of the heists "which was due from him but has also insti- "gated the Pattadars under him to do so." In your English memorandum of the 20th August 1857 you observe that "at the time the Petitioner "was dismissed a very considerable balance "was due both by the Petitioner and the "Mirasidars attached to him and that the "same remained in arrears for months after"

Fuslies	Parties owing arrears	1 Demand	2 Collection	3 Balance
		1	2	3
November and December of 1266	Petitioner	194	194	"
	Pattadars	527	332	194
	Total	721	526	194
1265	Petitioner	1290	1139	150
	Pattadars	3715	3281	433
	Total	5005	4420	583
1263	Petitioner	1045	965	79
	Pattadars	3023	2840	182
	Total	4068	3800	261
	Grand Total	9794	8754	1038

Note The slight difference between entered here arises from the omission of fractions

4 But from the Demand Collection and Balance Statement marginally entered I received from your Office it appears that there was not any balance against the Petitioner on account of Fuslys 1266 till December 1856 the month in which he was dismissed and

and that the Sum of Rupees 194 — — which was outstanding against the Puttadars under him on account of the same Fusly on the 27th of the said month of December was reduced to Rupees. 33-1-5 on the 31st of the month also that this balance was fully recovered in the following January The balance of Rupees. 583 — — for Fusly 1265 had been ordered by you to be suspended from Collection about five months before the Petitioners dismissal on the 29th July 1856 as were also the arrears of Rupees. 261 for Fu 1263 on the 11th January 1857 or within two weeks after his dismissal

5 Further I would observe that the latter part of the observations made in your memo relative to the Sums last demanded from the Petitioner Seem scarcely to meet the point on which the Petitioner takes his stand

6 The Tahsildars Codjan Tahsid to Soobbramien Ponnien and Venkataramien the Curnums

Curnums of Ulungygnaw Uttum and to the Pattamonigar and Nieu pieu dated the 17th May 1856 runs thus The Collection within the Current month of the June exists will prevent any Sum from falling into arrear at the close of the Fusly and render matters easy The Demand (for June) at 15 per cent is Rupees. 1086 — 9 — on Lunganon and Rupees. 6-6 — on the garden of that Village total Rupees. 1092-15- you will prepare two detailed Statements apportioning the above Amount on the Ryots affected and immediately Send one Copy to the Talook and with the other commence the collection of the June last with that of May from the date fully realizing and remitting to the Talook the said two Accounts within the 25th of this month

Under these circumstances

7 I shall be glad to receive any further observations you may desire to make before I Submit to the Board of Revenue

for

for decision by them

8 The second plea has been disposed of by the Government who have declined to interfere.

Encr. 3

No 13

To
H D Phillips Esqr
Acting Collector of
Tanjore

Sir

I have the honor to acknowledge the receipt of your letters noted in the margin relative to the dismissal of Sutchinmanayan late Pattamonigar of Ullungynaun and in reply beg to observe that I was in error in stating that a large balance was due by the Petitioner himself at the time of his dismissal

31st Octr 1857
3d Feby 1858

2 The collection of the arrears for Fusly 1265 having been previously ordered

ordered to be suspended as remarked in the 4th para of your letter, the only balance against Petitioner himself was Rupees 79 due for fusly 1263 It will be observed however that this balance is proportionately larger than that due by the Pattadars attached to the Petitioner for the same Fusly and I submit that this in itself shows, that the Petitioner himself is not forward in paying his own kists Besides it must be remembered that in practice very little if any monies whatever are collected by the Pattamonigars - and that the whole of this duty devolves on the Curnums and Poons and I must respectfully urge, that - a there is sufficient evidence in the compliant preferred by the Petitioner himself to shew that though appointed for the express purpose of collecting the Government does he habitually uses all his influence in the opposite direction -

3. With regard to the Petitioner himself

himself. I have also to add, that he is both from age and infirmity incapacitated for such active employment.

4. . . . With reference to the 3d plea adverced by the Petitioner, I have nothing further to add the order of the Tahsildar to collect the June Kist with that of May, was clearly illegal. but as you are aware the practice of collecting Kists in advance is not an unusual one, and to many of the larger and more respectable Meerasdars the payment of a large sum at one time is more acceptable than being troubled repeatedly for smaller ones.

The matter of the Petitioners complaint having been carefully investigated by the Joint Magistrate and on appeal well sifted and reviewed by the Sessions Judge the latter Officer, as shown by the proceedings of his Court dated the 9th January 1857 has been unable to form any satisfactory conclusion as to the alleged ill treatment of petitioner by the Revenue authorities, or as to the real extent to which the Petitioners charge is entitled to credit at the present time and with the knowledge that the enquiries hitherto held in the usual course have not resulted in eliciting proof of the truth of the petitioners assertions the Acting Magistrate does not see that any benefit is likely to arise from now entering on a fresh enquiry, more Such

Fort St. George 8th April 1858

13 Instant I have the honor to submit further explanation.-

2. This Petitioner asks for that which cannot be granted him namely, land in the possession of another party.-

3. In Fusly 1266 Petitioner gave a tender to Cultivate ten Cawnies of land in the Village of Tennavanillore. On inquiry it was found that this land was included in the land tendered for and obtained by Streenevasa Iyengar in Fusly 1265, and for which pottah was actually granted.-

4 Under these circumstances Petitioner's desire could not be complied with, and he was so informed by two Endorsements dated respectively the 28th August and 10th October 1857.-

B. No. 952

Fort St. George

Tabular Report on a Lapsed Enam in the District of Madura for the 1st Quarter 1858.

8th April 1858

Case No. Taluk and Village of the Enam	Name by whom granted, name of the original Grantee, Sanction and date of the Grant &c.	Nature of the grant, Charity or Service of Service, Hereditary or for the Life of the Grantee &c.	Name of the last holder, date of his decease, and the relationship he bore to the grantee	Share enjoyed by the deceased and whether held by the other Members	Family left by the deceased, Sex and age of the heirs, their connexion with the deceased, and the Shares respectively enjoyed by them.	Recommendation of the Collector and the grounds on which it is made.	Recommendation of the Board of Revenue	Decision of Government
1	2	3	4	5	6	7	8	9	10
Claim to these Enam to Vadarshirty	Madacolum Taloor Malamattoor 17 3/4 16 Cawnies of Nunjah taxed at Rupees 14-2-8-0	Supported by no Summud or documents The Enam is entered in the accounts of Hurly 12.12 in the name of Soobbarama Sastry.	Vadarshirty Hor teaching Vadahs	Soondera Shas try died in march 1855 He was the brother of the person in Column 3	Whole Enam	The deceased left no issue			

Madura 24th February 1858

In heritance to the Enam is claimed by two distinct individuals one is Kistnamah Maternal Grand daughter of Soobbaramma Shastry, the Hyesuldar, and the other is Letchoomi Narrayance Deetchadar, his maternal Country grand son. The former is a widow destitute of any male issue. She has a son in law named Ramakistnavadany, who She says will perform the duty of Vadarshirty when the registry is made in her name This person is declared by the Tahsildar to be incompetent to perform the duty. In his report the Tahsildar states that the second claimant, though less closely related than the first one, is an able Scholar in the Vedahs and well fitted to conduct the service, also that he performed the funeral ceremonies of the deceased. About 15 years ago the Village, where the Enam is situated, contained Agraharums but the Brahmins who occupied them have since abandoned it. Some have removed their habitations to another Village called Codiringalum, & some to Madura. The deceased whose name bears no entry in the accounts, is reported by the Tahsildar to have continued to perform the service to the Brahamins of his Village in both of the two places and enjoyed the Enam to the time of his death.

The case is submitted for the instructions of the Board

Actg Collr

Fort St. George 8th April 1858

No. 98

To G. S. Forbes Esqre

Secretary to the

Board of Revenue

Fort St. George

Sir,

B. No. 1117 From the Actg Collr of Tinnevelly

I have the honor to report for the information of the Board that one Iyaviengar of Caroongolum in the Streeveycountum Talook complains that certain allowance of Rupees 8-3-. per annum granted for teaching readers to Children and enjoyed by his father Sauma Iyengar and himself up to Fusly 1262 has been held in deposit from Fusly 1263 in consequence of the Talook authorities having refused to pay it to the Petitioner on the ground that his name is not to be found in the Sanctioned List of Enaums furnished from the Hoozoor.-

From enquiries made by the Tahsildar under orders from the Hoozoor and in the records it appears that the name Sashiengar instead of the Petitioners was erroneously entered in No. 13 of the

Fort St. George 8th April 1858

the List No. 2 forwarded to the Board from this Office with the Birds letter of the 18th March 1854. It is reported that there is not any person bearing the name of Shashiengar residing in the Village of Caroongolum.-

Under the foregoing circumstances I have the honor to request that the name of Petitioner Iyaviengar instead of Sashiengar may be ordered to be entered in the List No. 2 above referred to, and that sanction may be granted for continuing payment of the allowance in the name of Iyaviengar above mentioned.-
