9	Do.	Do.	In the year Fasly 1788 the Vellalar Caste Villagers granted Nos. 3-4-30.	Do.	Do.	Do.	The Circumstances of this Enam are very analogous to those in the Case preceding the period of purchase being however some what later or 1833 but as this was 24 years ago former precedent shew that that period has been held to Constitute a Recognized Claim. It is therefore Recommended for Continuance on the understanding that no alienation be permitted.
			a free Enam to Dr. Lutchmajee				
			Is entered in his name in the Permanent Settlement accounts. The late Proprietor G. S. Narrain Row assigned the land with a Cuttubady of 2½ Rs. entering the Enam as 3/4 Vecoms which was paid till Fasly 1842 subsequent by the payment of Cuttubady was discontinued. Atchootaramiah son of the said Lutchmajee sold the Enam to Namenew Byrauamoorty on the 9th April 1853 for Rupees 105 3/4 Here is a Cuttubady of 2½ Rs. in the accounts but not paid. Here is a bill of sale translate of which marked Fa accompany this.				
10	Tamasoody Talooty Patavardee Proprietor & Vellalar Caste Villager	Prior to 1802 the Villagers granted a free Enam to Namanew Byrauamoorty's Brothers Byrava Anadandava Bhava no entry in the Government Settlement accounts Byrauamoorty's name is entered	Do.	Do. Brothers original grantees	Do.	Do.	This Enam finds no entry in the Permanent Settlement accounts but its enjoyment prior thereto has been established its Continuance is therefore Recommended agreeing as in the Similar Cases a

B/N:o 1182
From the Coll.r
of Nellore. } Sir

With reference to Extract from the Minutes of Consultation under date the 25th June Communicated with the Boards Proceedings of the 6th July last I have the honor to state that the Vasely Solamon alias Cundrega in Sangum Palook Consists of acres 338 held at a favorable rent of Rupees 272 as per 15-7 of which 8-22 assessed at Rupees 29-9-10 were taken up for a Road There seems no reason to treat this Case in a manner different from the other three Shotrium Villages in respect of which the recommendation made by me to remit the assessment of the lands taken up is sanctioned by Government in the same Minutes of Consultation This is all that is demanded by the Rundregadars in the present case

Fort St. George 16th April 1858

Case and it does not seem to be objected to by Government as they observe after directing that a ready Money Compensation should be proposed that the teerwa on the land taken should of Course be remitted.—

2 I beg therefore to recommend that Rs 29-9-10 the full teerwah assessable on the land taken up, should be remitted no ready money Compensation having been applied for.—

Collector

To G. S. Forbes Esqre
Secretary to the
Board of Revenue

Sir

Para 1. I have the honor to request that you will be good enough to obtain the permission of the Board to submit to Government with their favourable recommendation this, my application that the leave granted me under sections XII & XIII of the absentee Rules in the Gazette of the 30th May be cancelled.

2 When I availed myself of this leave I was not aware of the order of the 26th of September 1856. Virtually cancelling section XIII and the fact of my application under that section XIII having been passed by the

Fort St. George 16th April 1858

the Civil auditor, led me naturally to suppose no objection existed to my obtaining the balance of my Commutation leave hereafter.

3 During my service I have had no leave whatever consequently I believed I was entitled to a commutation leave of three months, which I am now informed will be forfieted by my application for seven days leave as noted above.

4 I left my District on the 30th and have today rejoined having thus been absent from my Station for six days at a time at which leave is granted for the Easter Holidays.

5 I beg therefore that the Board will be pleased favorably to recommend to Government that my leave of the 30th May be cancelled and that I may thus be enabled to avail myself hereafter

of.

Fort St. George 16th April 1858

of my Cumutation leave.

not shewn in the account current for September 1855 as it had not been sold then. It must on the other hand included in the aggregate balance of salt in store at that time. Since the introduction of the new forms the smuggled and spontaneous salt has been shewn in the account current also.

2.— With regard to the quantity to be written off Augt 27,430 Indian Maunds I have to state that 11,381 Indian Maunds of this were lost sustained in giving 240 Parcals for every heap sold according to the new standard the remaining 16049 Indian Maunds were wastage under the usual head. Of this quantity Augt. 27,430 Indian Maunds the loss and wastage sustained in the months of July, augt & September 1855 were added to the quantity entered in the account current for June 1858 Augt 31,075 would correct.

3.— In para 3 the Board notice the difference between the balance of salt at the end of June and that at the beginning of July 1858 Augt 404

404 20 8 In the account current for June 1858 the smuggled and spontaneous salt was included in the aggregate balance while in the same return for the ensuing month 404 20 8 the quantity of difference noticed by the Board plus 13 15 remained in store during that month were shewn in their proper Columns.—

Most Honored Sir.

Yrs &c.

I most humbly beg leave to state that the season to commence the Manufacture the salt in the present year will be expired in the end of the February If your honor will be pleased to order that the commencement within the above period I beg to state that a quantity of 60 thousand white salt of the value of £6000 or 50.000 thousand Rupees can be easily manufactured till the end

5800 Fort St George 17th April 1858.

end of the year. The manufacture of the salt in Carrytah renders a profit of forty or fifty thousand Rupees to Government and commissions to the people at this District. I also beg to state that at the time of Manufacturing the salt in the salt Pans situated in the 3 Tanks of this District should it happen to rain the salt cannot be manufactured according to their respective estimates which will also become for the scarcity of salt if your honor be pleased to order to manufacture salt in salt Pans at Carrytah it will be endurable for the abovementioned occasions I beg to inform that 3 or 4 thousand Rs. only required to Manufacture the salt of the value of 40 or 50 thousand Rupees exclusive the charges of the Establishment.—

the Board's Proceedings of date the
29 January forwarding for my early
consideration and report an Extract
from the Diary of the Engineer of
the District for the Month of De-
=cember last on the subject of re-
=pairs to the Salt Tanks of Cu-
=rrasalt. I have the honor to re-
=fer the Board to my detailed report
on this subject dated the 12th Janu
=ary in which I dwelt at length
on all the advantages accruing
from the reopening of the Cur-
=salt Golaur for the manufacture
of salt I would only add in ex-
=planation of the Engineers stating
remark that the salt at Curra-
=salt was inferior to that at Tanka
produced that this is not the case
as I have already stated the Tanka
compounds the Juice of Cocoanut fibre
with that of Currasalt the former

5802 Fort St George 17th April 1858.

I do not propose to re open it is not
necessary, while the salt manufactured
at the latter is not inferior to any
produced in the District.—

2.— I have recently visited the
salt Stations of Coopilly and Condak
and my own personal observations
most fully bear out every thing
I have represented in support of
my proposition to re establish
the Golaur of Currasalt. The diffi-
=culties at both the former places
in securing a supply of salt water
owing to the nature of the bar are
great, and will annually involve
additional expence beyond what
is ordinarily sanctioned; from all
of these difficulties and their cost
Currasalt is perfectly free.—

B/d 794
From the Collector of Guntoor

Sir,

Forwarding a Statement shewing the actual number of Village Moonsiffs and their aggregate salary—

With reference to para 5 of Extract from the Proceedings of the Board of Revenue No 2213 of the 27th November last I have the honor to forward a statement of Village Moonsiffs in this District with the amount of their aggregate pay—

2 In some of the Villages in Column 32 the Moonsiffs were dismissed for Misconduct and in others none appear to have been nominated. Measures will be taken to fill up these vacancies as early as practicable.

3. The Board are aware that the salaries of Moonsiffs in this District are not paid from the Public Treasury but by a deduction from the demand on their lands. Where a Moonsiff holds no land he receives no pay at all & in cases where the demand on the land is less than the amount of the annual allowance, he loses the difference. I would therefore suggest that in such instances the amount of Pay should be made good by a deduction from the Revenue payable by other Ryots.

B/ No. 1192
From the Collr
of Bellary—

Sir,

With reference to the Board's Remarks dated 21st December last held on the Statement of lands proposed to be given to Village Officers in lieu of their unproductive Enams submitted by me on the 21st September 1857, I have the honor to state that in the 1st and 3rd cases new lands will be granted after making careful enquiry as to the extent of land which has become unproductive, and as to the values assigned to that retained and to the fees, as ordered in the 4th para of the above remarks.

2. With regard to the 2nd Case I beg to report that there are no more Enam lands besides those entered in my Statement of 21st September last. These are held by the only potails of Dimmagoody Viz.—

Total

Fort St. George, 17th April 1858.

Note.
There is a difference of 10 Cawnies between this and the Statement of 21st September arising from Clerical error but the assessment is the same as entered in the former accounts.

	Extent in acres.	
Total Enam	11. 33-13	2
Deduct unproductive land both Dry and Garden	4-1-9	1
Remaining productive dry land	7-32-4	2
Amount of reduced assessment now fixed at 1¾ Rupee per acre		2
Amount of fees		12
		20

According to the scale established by Sir Munro the recommendation to the Pol
of this Village, the Revenue of whi
amounts to 177 Rupees, would be 35 Rup
but the present income inclusive of fe
also, falls short of that sum, and the
proposed land (irrigated by a well be
No. 2, extent 3½ Acres bearing a reduc
assessment of Rupees 10½ at 3 Rupees
acre) should be granted to the Pol
for remuneration of his duties.

Bd. No. 745
From the Collr. of Cuddapah

Sir,

With reference to Extract from the Proceedings of the Board of Revenue under date the 8th Ultimo No. 215 I have the honor to state, that the Cutcherry station of the Talooks of Poolevendalah and Cudree the latter of which, is proposed to be the Cutcherry station of the Sub Collector, is only twenty two miles from the former and is accessible by Bullapah pass, any information by Robbers in to that taloork would be more speedily reported to the Sub Collector and Joint Magistrate than to the Hoozoor station of Cuddapah Royachoty is nearer the Magistrates' station than it would be to Cudree and there being a made road intelligence can be more speedily conveyed than to Cudree.

2. The Bullapa pass cannot be stated to be a good road, neither can that from Poolevendalah to Timpully neither of which have ever been made but both, can be very much

much improved when funds are available for the purpose. The distance between Cudda-
and Poolwendalah as a crow flies, is 21 Miles between Cuddapah and Poolwen-
dalah, is 40 but by the roads consi-
derably longer.

Secretary to the Board of Revenue-

Bo. No. 1348. Sir,

From the Collector of Coimbatore — I have the honor to acknowledge the receipt of Esctracts from the Boards Proceedings dated 29th and 29th January last Nos. 365 and 502, and in reply beg to forward a Statement shewing the amount of balance due

due by the Abkarry Renters of Carur and Palladum inclusive of loss sustained by the resale of the Farms -

Carur 2 - Of the balance due by the Sub Renters Viz^t. Rupees 1533-2-- as shewn in Col^n. 4 only Rupees - 15-5-2 will be recovered and Rupees 116-7-2 are recoverable from the sale proceeds of the property of the Renter and the Renters now under attachment the remaining balance Viz^t. 1401-5-8 is due by the Renter and his Sub Renters who are reduced in circumstances all necessary measures have been adopted for the recovery of the balance but with no effect, from the adverse nature of the Season -

3. As regards the loss of Rupees 6631-10-2 by the resale of the farms the renter is liable for the same according to the Documents entered into by him but as he (Renter) has no estate except that which already attached, amounting only to Rupees 73-2-10 I fear there is no hope of its recovery even though he be sent to Jail -

Palladum 4 - The amount of balance due by this Renter, is Rupees 1492-5-2 of fasli

only Rupees 164-5-- will be recovered now Rupees 105-4-2 will be so, by the sale of the Property already attached. As regards the remaining balance 923-4-- effort is still going on for its recovery and the result will be made known in due course -

5 - The amount of loss by the resale of the Rent is Rupees 7687-4-- the Renter has no Estate in this District being a Native of Salem - I have therefore written to the Collector of that District and his property valued at Rupees 73-2-10 has been attached the Renter appears to have no other means endeavours were made in vain for the recovery of the balance due by him - He is waiting at the Cutcherry for several Months I have little hope of its recovery even if the Renter be dealt with according to the Regulations -

6. Under the foregoing reasons, I am of opinion that the loss by the resale of the Farms of both viz. Palooks must be struck off as entirely irrecoverable.

7. As regards the actual balance due by the Defaulters, I request the Board's sanction for selling the property of both the Renters and Sub Renters now under attachment - I shall still try to recover the remaining sum due by the Sub Renters &c. and report the result -

Jo

No. 161

To James Duncan Irvine Esqr.
Acting Secretary to the
Board of Revenue

Sir,

Fort St. George

B.R. No. 218
From the Collr. of Rajahmundry
Furnishing further information regarding the Enam Lands held by the family of the late Nabob Johoorollah Khan as called for in Board's Proceedings of the 13th October 1836

With reference to the Extract from the Proceedings of the Board of Revenue dated the 13th October 1856 forwarding an Extract from the Minutes of Consultation of the 1st idem calling upon me for further information in regard to the Enam Lands held by the family of the former Nabob Johoorollah Khan I have the honor to submit a statement shewing in detail the former and present holders of the 170½ Portions of land bearing the light assessment of Rupees 1093 which was fixed under the orders of Government dated the 10th November 1826.

2 It will be seen that a large portion of the lands have passed out of the enjoyment of the Families of the original Grantee

Fort St. George 19th April 1858

Grantees having been either sold or transfer
to others at pleasure without any material
change in the aggregate amount of the Cuttub
3 Referring to Para 8 of the Minutes o
of Consultation under acknowledgment the
Honor to state that the net profit s
annually derived by Raja Brahmen s
annexed Statement on the 2 Pottias of land
which was taken for the Sappers and
Miners Cantonment is estimated at Rs
per Pottah while the average assessment
of the adjoining fields in Rupees 20- The
latest plan, it appears to me will be, to
allot the party other land in lieu of that
taken up to bear such assessment, as
it may be determined to impose upon
the Rest of the land similarly situated-
4 With Regard to the question of
increasing the present light assessment
I would beg to observe that the assets o
originally estimated in 1826 on 170½ Pottis
was Rupees 3[illegible]86 and that at present
detained is Rupees 3776-4-3 including
the existing [illegible]

Vide statement sent to Board on the 18th May 1826-

Fort St. George 19th April 1858

amount is that entered in the Cowles in force
between the holders and the Cultivators-
5 The 170½ Pottias of land are at present
in the enjoyment of different parties as
follows-

1st	79	10	10½	in the possession of the Families of the original Grantees-
2d	10	15	"	Mortgaged for loans contracted-
3d	"	16	4	Appropriated for a Charitable tank-
4th	"	10	"	Do. for houses-
5th	69	18	12	Sold or transferred to others-
6th	6	15	"	Transferred to others by Gift-
7th	"	3	12	Transferred on a Service tenure-
8th	6	10	"	In the possession of Certain parties supposed to belong to the families of the original grantees-
9	1	5	"	Said to have been incorporated in the lands of the neighbouring village of Vallumpallem- 5-14-"

	170-10-" as per report of Mr. Gardiner the former late Collector Found correct upon measurement by Muruhum Shoddeen-
176-4-"	176-4-"

6 The detailed enquiry ordered to be made into the tenures or title of all the present holders has not I regret to say yet been completed owing to the number of parties concerned but I trust but little longer delay will occur I am of opinion that the lands under the first two items may be continued as heretofore to the families of the original grantees without any change in the present assessment during their lives in consideration of the long undisturbed enjoyment as well as from the circumstance of certain other claims for a portion of the land similarly situated having been as herein after explained admitted both by the Judicial tribunals and Government on former occasions. The assessment on the 3d and 4th Items may be struck off the land being occupied by a tank and building while on the 5th 6th and 7th Items I recommend that the assessment may be raised to the ordinary rate seeing that the transfers were given unauthorized in regard to the 8th and 9th further enquiry is

is necessary which will at once be made -

7 The Pensions noticed in Para 9 of the Minutes of Consultation under reply lapsed long ago -

8 With respect to the 60 Pootties of land held by the Ramachendrapooram Zemindar, I beg to state that 15 Pootties in the Village of Coormapooram being part of the above, were made over to one Podoka Saheb by the late Zillah Court of Masulipatam in pursuance of the orders of the Provincial Court dated 6th July 1842 as shewn in the Correspondence noted in the Margin and the land is now in the enjoyment of his sons under Inayat tally while Ready money allowances were granted to the several parties for the Remainder amounting to 45 Pootties resumed by the former Zemindar of Peeta Ramachendrapooram under the Sanctions conveyed in the Extracts from the Minutes of Consultation of the 20th June 1818 and the 6th January 1855 -

To Bd 18th Febry 1818 Para 6
From do 27th April do Para 4
To do 13th January 1849
From do 22d Febry do
To the Commissioner 15th November 1850 Para 8 & 9 -

See No 2-3-84 under the Head of Muhammadans in the statement submitted to the Board on the 18th February 1848 -

Rajahmundry District Collrs Office Pittapoor - 31st December 1858 -

(Signed) A. Purvis
Collector

Fort St. George 19th April 1858.

No. 20

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Bd. No. 969
From the Collector
of Rajahmundry

Sir,

With reference to the 9th Para of the Board's Proceedings of the 16th November last and to the 23d Para of the Minutes of Consultation of the 19th February 1857 No. 179 I have the honor to state that the irrecoverable balances for Fuslies 1262 and 1263 have been written off under the sanction of Government of the 19th February 1857. A Statement of similar balances for Fuslies 1264 and 1265 was submitted with my Summahbundy report for the past Fasly. In it was included the then undisposed of balance for the two first mentioned years. A Statement referring principally to the two latter only is now forwarded but in it a sum of Rupees 994-9-4 for Fasly 1262 and Rupees 342-0-11 for Fasly 1263 is included as still requiring sanction. The balances for Fasly 1266 are now under investigation and will be reported on in due course.-

Rajahmundry District
Collector's Office
Dracharum 24th February 1858

(Signed) A. Purvis
Collector

Translation of a Sunnud Granted to Moorteza Dervish.

This has been given according to order

(Seal of Mahomed Abdoolah)

Be it Known to all Desmooks and Despondyas of the Sogadanoo Circar in the Carnatic attached to the Hyderabad Government.

That 4 Cawnies of arable waste are granted to Moorteza Dervish for his maintenance free of all rent by the Amildar of the Town of Vaniembady.

The lands should be measured after specifying the boundaries and should be put into the possession of the said Dervish who should live by enjoyning the land praying at the same time for the prosperity of the state. This should not be interrupted from any cause no fresh document shall be required for granting the Enam. This should be considered as the final order on the subject dated 15th Shawalum of the 1175 year of the Hejeree.

Bd No. 1033
From the Collector of North Arcot

Sir,

I have the honor with reference to your letter of the 28th January 1858 No. 412 to state that the appeal suit in the Court of Sudr Udalut has terminated in favor of Coopenaicken and that his son Vengama Naidoo has not been registered as Proprietor of the Marguntty Poliem, but has been merely placed in possession of it pending the decision of the Sudr Udalut. Copies of the Sunnuds addressed by me to Coopenaicken and to Vengama Naidoo when placing them in possession are herewith submitted for the information of the Board.

2 The Civil Judge has informed me that Vengama Naidoo has not given security pending the final decree. It was in consequence of his Father Coopenaicken having tendered security that the Civil Court directed Coope Naidoo should be placed in possession,

as

† The vernacular Sunnuds are sent in order to shew the exact terms employed.

as was stated in my letter of the 17th March 1857 No. 66.

3 A special appeal was made by Lutchemadavunmal to the Privy Council in December last against the decision of the Sudr Udalut.

4 An earlier reply would have been submitted but that the answer of the Government Vakeel to a reference made to him was not received till this day.

Bd No. 1250
From the Ag Collector of Tanjore — —

Sir,

In a note appended by the Civil Auditor to the Abstracts of the Salaries payable to my Office for November last, it was required that in all future abstracts a certificate should be entered declaring that the orders of Government in regard to the division of salaries are not violated.

2 If the Civil Auditor had restricted this innovation to wilful violation I should not be under the necessity of now troubling your Board for when signing the Pay Abstracts for December, January, and February last I have certified to the desired esctent and the usual audit has been made.

3 But it occurred to me a few days ago to enquire whether what I was so certifying was quite justifiable and I am sorry to find that taking for granted that the Head Accountant had inserted in its proper place

for

for my signature, only what was correctly certified erroneously for. I learn that the salaries assigned to the Dalayets of the Districts, although their aggregate is not in excess of the sanctioned sum have been apportioned in a manner which differs from the rates of pay originally authorized.

4 The present rates have obtained for many years past and it would be undeserved hardship to reduce their recipients from 7 to 6 Rupees a month and those drawing 6 to 5.

5 I have therefore the honor to request your Board to procure the sanction of the Government for the division and payment of the Dalayets salaries as they stood on the 1st Instant the particulars of which are given in the enclosure.

From The Collector & Agent to the Governor Vizagapatam

Forwards the annual report of the Land & other revenues of the Vizagapatam District for Fusly 1266 1856/57. with 24 Statements in illustration thereof

Sir

I have the honor to forward the usual annual Report of the Land and other revenues of the Vizagapatam District for the year just expired, with 24 Statements in illustration thereof. It had been customary to supply 59 under the orders of Mr. W. Elliot but these are now discontinued, the Commission being at an end.

2 The season in the past year was generally favorable. The rains were early and fell abundantly. The North East Monsoon was almost unfelt but such was the previous abundant supply of water that its want was hardly felt. The prices of all sorts of grain have ranged high throughout the entire year, as will be seen by the Comparative Statement of prices for ten years appended to this report.

Land Revenue

3 The Vizagapatam District consists of ancient and Hill Zemindaries in number 14, and of 24 Proprietary Estates. The number of these Properties has not changed in 1856/57. The permanent Peshcush upon them is 97,602:13:2. The Lands belonging to the Government consist of Palcondah Talook rented by Messrs. Arbuthnot & Co. for Rupees 1,10,908. and the Talooks of Survasiddy and Golgondah with some Dutch Lands at Bimlipatam. The gross demand on these was 2,87,595:3:2 Rupees, which added to the Peshcush formed an aggregate gross current demand for the year under notice of Rupees 13,63,556:4:—

4 The Settlement of Survasiddy Talook was made by the Principal Assistant Mr. Knox and was nearly completed before his removal to Masulipatam in January last. Golgondah was settled by myself. The Settlement was chiefly ryotwar with separate Puttahs, with the exception of a few joint village rents

rents and some small Hill hamlets which are usually rented out. The details of this settlement it is needless to notice item by item in each year. It will be sufficient to state that the gross demand of the year for Sevagutty land was Rupees 168008. 6. 6. exceeding the demand of the preceding season by Rupees 2108 8. 6

6 The reductions from this demand in the shape of remissions were very small in the post year, being Rs 1364:7:6. only under every head. Deducting this the settlement on the land was Rs 166653. 15. —. and adding the quit rent on Agraharms, Mocasoahs &c. the entire demand was Rupees. 176577. 9. 2. This settled demand exceeded that of the preceding year by Rupees 2106. —

6 Of the demand as above set forth Rupees 175625:7. were brought

to account within the year. The balance outstanding was Rupees 952-1-7 of this Rs 1008.- has been subsequently recovered. The rest is principally owing by indigent cultivators and by owners of Enams whose lands from various causes had not been cultivated. —

7 The arrears outstanding in the Government Talooks against ryots &c. at the close of last year were Rupees 7900:10:

7. In my report dated the 8th November last it was recommended that Rupees 6009:12:4 should be altogether relinquished but no reply has yet been received. It will be necessary to report hereafter on the remaining balances with a view to there adjustment in the accounts of this Office

8 The last instalment of the rent of Palcondah which is paid into the General Treasury in Madras, was not brought to account in my Books till after the

the close of the revenue year A sum of Rupees 27727 appears therefore as a current revenue balance in this Collectorate.—

9 The entire collections of the Government Lands current and arrear were Rupees 28959.5.3. exceeding those of the previous season by Rupees 21387.3.7.—

10 The Peishcush of the several Mootahs included in the Surrawiddy Talook was Rupees 99918:8.—The Settlement in the last Fusly amounted to Rupees 119392:13:9 exceeding the permanet demand by Rupees 19974:5:9.—

11 The Estates comprized in the Golgondah Talook formerly were assessed with a Peishcush of Rupees 40500:—: The Settlement of the present Fusly were Rupees 56564:9:5 showing an increase of Rupees 16064.9.5.—

12 In Golgondah there are villages yielding Rupees 4000 with a small Buttobady, set aside for the support of Ichinna Bhoopty and other members of the Golgondah Family which are not included in the settlement; These villages were meant as permanent provision for the family in lieu of their Zemindary resumed by Government without payment of its value on more than one occasion this Mocorah has been appa: rently viewed by the Supreme authori: ties as a provision for life only But this in my judgement is an erroneous supposition.—

13 The rent of Poleondah is Rupees 4,40,45:12: in excess of the former Peishcush, so that on the whole the pre: sent Land revenue of the Government Talooks is Rupees 80084:11:2. in excess of the Zemindary taxation irrespective

of

Port St. George 20th April 1858

of Moturpha which in most instances was included amongst the permanent assets especially in the first division of this District.—

14 It has been already stated that the fixed current demand on Zemindars and Proprietors was Rs. 97 602 0 13

Of this demand Rs. 97 3087-7-5 were collected within the year

The outstanding balance was Rupees 2933-5-9 since reduced to Rupees 536-5-9 payable by the Zemindars and Proprietors marginally noted. The Rishoush has been generally discharged with great punctuality

15 The receipts from all Zemindary Estates including interest and arrears were Rupees 97 68 21-7-8. in the year under notice.—

16 The only balance due from a Zemindar remaining unadjusted in the

Wallair — 532-10-9
Bobbagunnatam — 13-15-0
536-5-9

Port St. George 20th April 1858

accounts is an old demand of Rupees 770-8 due by the Pachipentah Zemindar for Fusly 1259, and of Rupees 551-15-10- for interest charged thereon. Proposals for the final adjustment of these sums were made under date the 8th November last when orders are passed on that proposal this balance will be adjusted.—

17 If the entire Zemindary receipts current and arrears be added to the Government Land Revenues brought to account the entire Land revenues of the year current and arrears will be found to be Rupees 12637-80. 12-11- and to exceed the collections of the preceding year by Rupees 1174-1-15-5-

Extra sources.

18 Proceeding to the Extra Sources of revenue in Vizagapatam a Statement

Fort St. George 20th April 1858

Statement is submitted shewing the entire current demand under each head for the year under report.—

	Increase	Decrease
Abkarry	55611	
Motorpha	53316	
Salt	1191256	
Sea Customs	29850	
Stamps	19295	
Total	2653349	312898

Fort St. George 20th April 1858

Abkarry 19 The Abkarry shews an increase of Rupees 55611: 6.11- The Settlement in Fusly 1266 was Rupees 611911-4- against Rupees 611577: 13-1 in Fusly 1265. The Source of revenue has been let out in the year under review, on rents for five years— of the entire demand Rupees 66887-6-" were collected within the year and the balance Rupees 731. 15. will be immediately recovered.—

Motorpha 20 Of the Motorpha demand of Rupees 5272-12-1 Rupees 5154-11-1 were recovered within the revenue year. The balance of Rupees 118-1-- it is hoped will be in great measure realized shortly.—

Salt 21 In Salt the sales shew the considerable increase of Rupees 27650-7-2 in the year under review the receipts being Rupees 176837-2-6 in Fusly 1266 against Rupees 449286-11-4 in the preceding year. The revenues from this source would have been still more extensive but from the small stock on hand throughout

throughout the year a very considerable annual increase of revenue would, in all probability be obtained if an adequate Establishment were organized to superintend the manufacture, and to repress smuggling throughout this District.—

The wastage of salt in the year under notice was considerable, and particularly at the Carafsah Pan which has now been abandoned and where the salt being of small grain and inferior quality had been in store for some three or more years. the quantity found deficient in Fusly 1266 was 6592 ÷ 3 ÷ 5 ÷ 5 ÷ 7 ÷ 5 ÷ 7 for writing off which in the accounts authority is now requested. It may be observed that sanction has not yet been received for writing off the wastage of the two preceding years.—

Sea-Customs 22

In the Sea Customs department the receipts in the year were Rupees 28,692—5— shewing

an increase of duties to the extent of Rupees 8835—3—3— The Coastal trade of the Vizagapatam District has made immense progress of late years. From the Port of Bimlipatam the Exports of sugar, Gingely seeds and Rice continue annually to increase and promise to exceed those of the vaunted Harbour of Cocanada, and the Exports of the Godavery Delta of which so much is sung and said.—

23

There is an apparent increase of Rupees 5660—8—6 in the sale of stamps principally to enable parties to enter suits against the bankrupt Firm of Healy and Co. The increase is more nominal than real, inasmuch as the receipts of stamp duty were very large—

24

Besides these there was a collection under the head of Miscellaneous

Port St. George 20th April 1858

Miscellaneous Receipts, or Sayer Jumma of Rupees 67 85-3-1 in Fusly 1266.—

25 The Revenues under all heads current and arrears amounted to Rupees 319642-3-10 and were Rupees 48252-12-11 in excess of the Receipts of the preceding year

26 And if the Land and all Extra Sources of revenue in the Vizagapatam District be compared in the aggregate the current revenues will be found to be Rupees 15 6 1123-6- in Fusly 1266. and Rupees 14 81 939-2-7- in Fusly 1265. If the comparison be made including Current and arrears, then the figures will stand at Rupees 15 83768-9-10 in the one and Rupees 15 23 682 3-11 in the other. There is an increase of Rupees 60086-6- in the year under review.

Increase Rs. 6 9184-3-5

Port St. George 20th April 1858

27 On the whole the Board of Revenue may be assured that in no modern period has this District ever attained to a state of greater prosperity a prosperity attributable in most part to the fact that the largest portion of the province is private property. The lands in private ownership has been improved, and the Estates now yield on an average nearly as much again as the tribute paid to Government. There is — thus a large amount of income — retained and spent in the District The Exports of raw produce by Sea amount in value to perhaps double the Government land revenues received — Trade and Commerce flourish, and there are some thirty — Lacs of Public securities held in — the names of the land lords of this District - Jangrodabaries as well

Fort St. George 20th April 1858

well as Highway roberies have wholly disappeared, and the industrious classes have full and regular employment. If care be taken to foster and protect the landlords interests of this District as I have endeavoured to uphold them this state of ease and comfort will in all likelihood continue, If it be sought to neglect and buy them out then this Province will fall into the same poverty stricken condition which characterizes the ryotwaree Districts of the Madras Presidency.

No. 101

To

J. D. Sim Esqr
Acting Secretary to the
Board of Revenue
Fort St. George

R. No. 3305

From the Collector of Rajahmundry } Sir With reference to my endorsement dated the 7th Instant on Petitions No. 361 of 1852 and 1055 of 1853, I have the honor to report on another Petition* No. 97 of 1853, presented to the late Commissioner by one Doomulrow Sreenevasarow connected with the Subject and containing imputations against the then Sheristadar of the Sub Division. It is true that the late Sub Collector recommended the resumption of the Nagavarum Estate in the first instance under Section XXX of 1802 but on XIII Regulation a Subsequent and more full enquiry and examination of the accounts of former Fusslies, of the Ranzeenamahs tendered by the then Proprietors and the Mocaspadar, and of the other documents

* Was returned

documents relating to the Mootah in question, being satisfied that the Mootadars had invariably retained it under their own mangement paying a fixed cattoobody to the estates of Ganapavarum and Gootalah the Sub Collector gave as his opinion that the Nagavaram Estate should be retained by its holders during their lives.—

2 The circumstance connected with the allowance to the Hill Chiefs of Pada Copullay were reported to the late Commissioner in Para 6 to 10 of my letter dated the 16th April, 1856 and his orders on the are contained in para 17 of his proceedings dated the 30th June 1856 No. 527.

No 7

To

J. D. Sim Esqr
Acting Secretary to the
Board of Revenue
and Court of Wards
Fort St. George.

Bd. No. 1147

From the Collectors of Rajahmundry

Submitting annual Report of the Pittapore Estate for Fasly 1266, under the Court of wards

Sir

I have the honor to forward the Report on the Settlement of the Pittapore Estate for Fasly 1266 under the management of the Court consequent on the death of the late Zemindar Sooria Row in 1850, with the prescribed Statements Explanatory of the same.—

Season

2 The season commenced favourably Rain fell in May and June, which favoured the Semination of the first dry as well as of the wet rice crops. In the months of July August, and September there were abundant falls which did some damage to the early dry crops. The rain was moderate in October but very heavy again in November. In

December

Fort St. George 20th April 1858

December last little rain fell.—

3 The season was on the whole a very fair one for the wet crops except where they were damaged from inundation. The early dry crops did not yield a full Return for the rains already given and the Cholum crops principally in the Cudyem Mootah near Rajahmundry, suffered from the continued rains. The last series of dry crops were good. The return from the Summer / Dalwa rice / cultivation under the anicut channels was very fair and the Sugar cane plantations yielded a good return.

4 The marginal Statement shows the number of death from small pox, Cholera and other diseases, as well as the mortality among the Cattle. The loss in the latter was considerable from an epidemic

Cholera	162
Small pox	53
Fever and other diseases	549
	764
Cattle	5141

1 Pittapore Talook at Pittapore
2 Cocanada Dt at Cocanada
3 Cudyem Mootah at Rajahmundry
4 Chellore Dt at Nellore
5 Chullapully Dt at Bundermalanka

5 The places at which the [illegible] abundy of the different districts of the estate was made as shown in the margin. The settlement of the Land Revenue was conducted by myself.

6 The statement given below exhibits the prices of grain in Fasly 1265 as compared with those in the previous Fasly 1266

Fort St. George 20th April 1858

Description of grain	Fasly 1265			Fasly 1266			Increase			Decrease		
Paddy first sort	9	4	8	9	4	13 4	4	8	8	"	"	"
Ditto second sort	7	4	"	8	4	11 4	13	7	4	"	"	"
Raggy or Natcheay	88	"	6	97	4	"	9	3	6	"	"	"
Rajarah	72	13	5	113	10	8	40	13	3	"	"	"
Cholum	122	5	4	121	1	2	"	"	"	1	4	2
Greengram	182	7	8	162	10	8	"	"	"	19	13	"
Minnoolooor black gram	185	4	"	161	4	8	"	"	"	23	15	4
Cundoolee or Red gram	150	1	6	144	6	8	"	"	"	5	10	10
Horse gram	112	12	1	90	7	4	[illegible]			22	4	9
Bobberloo	125	13	3	164	2	4	38	3	1	"	"	"
Unnoolee	140	14	"	104	12	"	"	"	"	36	2	"
Bengal gram	193	"	"	219	9	4	26	9	4	"	"	"
Gingily Seeds	239	11	2	288	10	8	48	15	6	"	"	"
Lamp Oil Seeds	190	4	"	198	1	4	7	13	4	"	"	"

Fort St. George 20th April 1858

Deficiency of produce caused a Rise in the price of Bajaru. The demand for export by Sea for Bombay, Bengal Grain and Gingily oil Seeds caused a Rise in the price of these Kinds of produce. The fall in the prices of some of the different Kinds of pulse is attributable to increased production

7 The number of Villages and the mode of Settlement are made known.—

Items	Fasly 1265	Fasly 1266	Comparison Increase	Decrease
Joint Rent —	120½	123½	3	"
Whole Rent —	10½	7½	"	3

Irrigation

Remissions

Dy Rupees 959

9 The decrease is the net result of a gross decrease of Rupees 2563—13—4 and a gross increase of Rupees 1205—6—8. The decrease is partly attributable to a Reduction in the Rent of a few Villages which were in a somewhat impoverished state and partly to lands having been transferred to the head of wet and garden in consequence of the means of irrigation having been afforded. The increase is ascribable principally to transfer of certain lands from the head of wet and garden to dry from a failure of the means of irrigation.—

Islands Rupees 164

10 The small increase in Islands is mainly the assessment on an increased extent of land found on measurement.

Wet lands Rs 933

11 The decrease under the head of wet land is the net result of gross decrease of Rupees 2,964—5—11 and a gross increase of Rupees 2,131—4—9 The decrease is owing principally to certain lands having been converted

into garden, and other lands into dry cultivation, and to a Reduction in the Rent of a few Villages under the circumstances already detailed. The increase is mainly from the conversion of dry and garden lands into wet and the assessment on Poonumbokk land cultivated.—

Gardens Rs 308.

12 The increase in the garden cultivation is occasioned by certain dry and wet lands being brought under this description of cultivation.—

Remissions

13 The decrease under the head of Remissions amounts to Rupees 1891— The principal item of decrease, is under the head of the whole Renters profits and is mainly from the transfer of the three Villages already named to joint rents, nothing now going into the pockets of the middleman as the whole Renter may be called In the year under comparision certain remissions were made on account of land occupied by houses and by the cantonment of the cops of Suppers and Quiners, at Dow- [illegible] - last warum, Such Remissions have not occured in the year under Report as the assessment on these lands had been struck out of the demand.—

Rupees 132-

14 The increase in the Ready money collections is principally from certain fruit trees having been more productive.—

Rs 241-8-

15 The increase in the Ready money allowances or deductions is the net result of a gross increase of Rupees 311—14—— and a decrease of Rupees 70—6— the particulars of which are given below. Items

Items	Fusly 1265	Fusly 1266	Increase	Decrease
Village moonsiffs and Pettendars	6071 14 "	6095 4 "	23 6 "	" " "
Curnums	616 11 6	618 11 6	52 " "	" " "
Pagodas	1247 11 9	1297 11 9	50 " "	" " "
Shroffs	209 8 "	217 8 "	8 " "	" " "
Nattawadies	142 1 "	142 1 "	" " "	" " "
Vetty men and sundry Village Servants	83 " "	83 " "	" " "	" " "
compensation in lieu of Resumed lands and annuities to Brahmins	59 2 "	59 2 "	" " "	" " "
Remuneration to Ryots for damming up water to Render it available for their lands and for Repairs of Channels	162 9 "	169 1 "	6 8 "	" " "
Remission usually allowed to Ryots who gained the Zemindars favour by settling the amarasane of Villages and thus bettering their condition and by holding lands in such Villages as an inducement to others to take up lands	2252 1 "	2181 11 "	" " "	70 6 "
Subscription for Village Schools	" " "	172 " "	172 " "	" " "
Total	10794 10 3	11036 2 3	311 14 "	70 6 "

The increase is principally owing to Subscriptions having been offered by Ryots for vernacular Village Schools which was therefore included in the gross demand and deducted under Village charges, as also a Sum in support of Pagodas, in two of the villages transferred from whole to joint Rents, It was also necessary to employ a Shroff and to arrange for Remuneration of a Pettandar &c

Demand Collection and Balance

Irrecoverable

Ft St George 20th April 1858

Fuslies	Rupees
1260	51,805-13-8
1261	55,011-13-2
1262	35,154-12-1
1263	44,457-9-11
Total	18,420-0-10
Statements submitted with last report	16,391-9-5
Difference	2,028-7-5

24.

With my last report I submitted a statement of the irrecoverable arrears for Fuslies previous to 1264 the statement just given exhibits an increase of Rupees 2,028-7-5 in the Amount now closed as irrecorable for those years which is the result of farther careful enquiry into the Items therein closed as doubtful There is also for the same reason an increase in the Amounts closed as irrecovarable on account of Fusly 1264

25

Part of the Amount closed as irrecoverable Rupees 1671-7-1 has been realized up to 30th September last The Remainder will shortly be brought to account The Amount under the head "doubtful" will be enquired into during the coming Zummabundy of the current Fusly and duly reported on

26. The subjoined statement exhibits the receipts Charges and surplus to the credit of the Estate in comparison with the previous Fusly 1265

The

Fenslies Rupees
1265 — 24586
1266 — 17621
Decrease 6965

27 The decrease in the Extra Collection
on sevoy Jumma is mainly owing to the smaller
smaller amount of Tuccavy outstanding and
therefore to be realized in the last of the two years

28 The small decrease in the disbursement
on account of Poishkush is consequent on the Re-
-mission granted by Government for Lands taken
up for public purposes at Dowlaiswaram

R 260

× Rupees 24549

× The decrease in the Charges of management
was principally owing to the small sum charged
in the year under report on account of irrigation
works the advances for cultivation for the year
× 583 too were disbursed before the Commencement
of the Fusly The increase in the household
Charges of the Minor Zemindar is solely owing
to the allowance for may of Fusly 1265 having
been disbursed in Fusly of Fusly 1266.

Rs 4880 29 The increase in the other charges is
the net result of a gross increase of Rupees 9169
and a gross decrease of Rupees 4289 The former
was increased by payments made in satis
-faction of Decrees and orders of Judicial
Tribunals in certain suits against the Proprie-

30 A Statement with explanatory Re-
-marks marked A of the disbursements requiring
sanction of the Court is submitted

31 The health of the elder of the two Minors
who is now 11 years of age has I regret to say been very
indifferent and he has not consequently made the
progress in his studies that could be wished Under
Dated 21st December 1857 the authority of the Court of Wards arrangement
will immediately be made for his residence at Rajah-
-mundry the climate of which place may possibly
agree better with him and where he can attend the
Provincial School The youngest Prince Duncan Rose
is still under the care of his grand mother and her
daughter He has been with them since the death of the late
Zemindar He is now 10 years of age and should the
plan of sending both the youths to the Presidency not
be shortly carried out he ought I think to reside
with his brother at Rajahmundry and attend the same
School

32 Towards the end of the Fusly under report
I perused the several items of expenditure on account
of the Minor Zemindar reducing the total Amount
from Rupees 18601 to Rupees 1501 per mensem or from
Rupees 22204 to Rupees 18020 a year as per the accompany-
-ing Statement B a reduction which I hope will
be considered satisfactory These charges and those
for management are now but Rupees 15 — — 4
per cent on the permanent Jumma

6 per cent
Household charges
9 Do those for

5977 Fort St George 20th April 1858

Boards endorsement on the accompanying Petition No 2550 of 1857 from Fakeer Saheb and Bava Saheb of Pedamootta Naidoopully in Woodiagherry Taluck, herewith returned

I have the honor to report that, as the transfer of a portion of Petitioners lands to their opponents Puttah, complained of was made at the settlement of the Taluck conducted by the late Head assistant Collector and as it appeared to me that the Karnamah alluded to was open to suspicion, that the case was a civil one, and that the transfer was made on insufficient grounds I have ordered that the lands should be made over to Petitioners, and entered in their names in the Puttah.

No 50

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St George.

Bd No 1609
From the Collr
of Bellary

Sir,

With reference to the orders of the Board of Revenue as contained in Extract of Board's Proceedings No 2225 of 29th June 1857, I have the honor to report on the points discussed in paras 6-7 & 8 of the letter of Captain Collyer Superintending Engineer of the central circle to the Chief Engineer.

I am desired to "state specifically what Class of Servants are charged with the distribution of the water from Government Reservoirs, and whether it would be desirable to place them under the entire control of the District Engineer." The Class of persons who distributes the water from the Reservoirs in this District are called Neerguntees a Statement shewing their number and the emoluments enjoyed by them is enclosed. There are 679 persons who perform duty. They hold 2790 acres of Land assessed at

2

See Enclosure No 1

at 9765 Rupees. But the whole is not cultivated and the actual produce realized is Estimated only at 7483 Rupees. The ryots pay fees also to the value of about 3804 Rupees a Fody is payable by the Neerguntees amounting to 2583 Rupees. So that the net Income of these men is estimated at about 8700 Rupees being about 12 3/4 Rs per man.

Min: Cons: No 563 dated 27th March 1857.

3 By the orders of Government these Neerguntees were transferred to the Department of Publick works but as yet they have not been fully taken over by the District Engineer.

4 The duties of these men is simply to distribute the water to the fields of the Ryots. They receive fees from the ryots for this purpose, in addition to the small Land Enams given by Government. They are responsible to the ryots for the due supply of water to his land. It seldom occurs that any complaint is made against them, and as their duty is so well understood in the Village, and

an appeal to the Reddy or if necessary to the Tahasildar, would be at once settled, I do not think it at all necessary or desirable to place these men under the control of the Engineer. They have as a general rule, little to do with the Meramut business. If they are guilty of any of the offences enumerated by Captain Collyer they as well as any one else should be punished. But how is the District Engineer to superintend and control the distribution of water in a thousand Tanks, and Channels, and to whom are the ryots to complain if the Neergunty chooses to refuse to give them their due supply of water is he to go to the Engineer or his subordinates, miles away, while his crop is perishing. It will be useless to appeal to the Reddy for the Neergunty would set his authority at defiance I can see no good likely to arise, as a general rule from placing these men under the control of the District Engineer.

5 There may be special cases where the experiment may answer, for instance in the Toombudra channels which

Fort St George 20th April 1858

which are now so much under the constant supervision and control of the Department and I have no objection to the experiment being fairly tried here and would allow of the Peerguntees being placed for the present under the entire control of the Engineer, though at the same time I think it would be better that they should, as heretofore, be under the orders of the Reddy of the Village, who should be responsible for the performance of the duties that it is customary and proper for the Peerguntey to perform, in connection with the repairs, For I think that the transfer to the Engineers Department of these men, whose principal duty is simply to distribute the water to the fields of the Ryots, is likely to lead to many disputes and to the interference on the part of the Department of Public works with the internal petty affairs of the Village from all interference in which it is desirable in my opinion to exclude the subordinate members of the Department

6. The Board [para 3 of their order] require

Fort St George 20th April 1858.

require me "besides expressing my sentiments on the observation of Captain Ellyott in the 8th para of his letter to specify the contributions which under existing order, are obtained from Inamdars, towards the repairs of Tanks &c"—

There are a few small Tanks held on Dasavand tenure in which the holders of the Dasavand are required to perform the repairs, and there are some Inam lands (assessed on the whole at Rupees 1515) which were granted by former Governments held by Inamdars or Buffalo men under 51 Tanks and 7 Channels. These persons are required to give assistance grates in the repair of these Tanks to a small amount. The Shrotriem Inamdars also of Shrotriem Villages are required to give their quota for the repairs of their Tanks, in proportion to their Shrotriem share of the Village. With these exceptions the Inamdars who hold Inam Lands under Tanks &c are very rarely asked or required to contribute any thing towards the repair of Tanks when the large Singanamalle Tank was breached so severely in the storm of 1851, the Government demanded that

See Mins Cons. under date 8th May 1852 in Extract Proceedings Board of Revenue dated 20th May 1852

that the Enamdars should contribute to the cost of repairs and (the service Enams excepted) the rest were assessed with a tax that amounted to 8-4 per acre.

7 The large portion of the Enams under Tanks &c are service Enams, and the Enams are frequently assessable with a Quit Rent or a water tax. This is the case of the Enams under the Cumlapoor Tank quoted by Captain Collyer, as an instance of excessive Enams. There are 177 acres of Enam Land assessed by the Survey at 31440 Rupees upon which a Jodee or Quit rent of about two thirds the assessment of the land at the revised rates of assessment which will reduce the Survey assessment to 1835 Rupees. So on the ground of excessive Enam priveleges there is nothing to demand from the Cumlapoor Enamdars.

* Enams	108	Acres
Service Bhutwurthy &c	69	
	177	

8 I do not think with Captain Collyer that the Enamdars have any covenants to perform with respect to contributing to Tank repairs. These Enams were given either for Village Service or as Devastanum or Bhutwurty Enams to Brahmins without

any Conditions stated or implied, of any kind of service beyond the services of the temple &c. The Government have always claimed the right of examining into the titles of these Enams but have never effectually done so yet. But as they did at Singanamulla so they may claim the right of calling on the Enamdars elsewhere to contribute to the repairs. and I purpose as mentioned in the 10th para of my letter of 31st Instant to propose a measure of this kind with respect to the Toombudra channels, as soon as the revision of the assessment is concluded.

I am further requested (para 9 & of Boards order) to state generally the improvements of which this District is susceptible with reference to Captain Collyers remarks" as observed by Captain Collyer the generality of the large Tanks are in good order They admit of improvement and there are still several Tanks (the not promising a very remunerative return) to be put in order. The District Engineers attention is given to these

Fort St George 20th April 1858

works.

10 But the improvement that the District is chiefly susceptible of, is that which will arise from turning the larger rivers to account. The drought that visited this District in 1853/54 drew the attention of the authorities more particularly to the consideration of the feasibility of utilising the waters of the Toombudra, Huggry and Penner rivers which are capable of being stored and used to a vast extent - But the four years that have since elapsed and the attention of several Engineers has been given to this important matter upto this time nothing definite has been done, no complete plan has yet been submitted to Government - But I trust it will not be long before a Plan will be sent in by the District Engineer to whom every assistance possible should be given to enable him without delay to send in his Plans of the ground Projects so long contemplated, in a manner that may

Fort St George 20th April 1858

may enable the Government to dispose of them at an early date - The Toombudra Project is believed to be feasible and has attracted the attention not of the Government only but a private Company in England and there are therefore well grounded expectations that improvements long talked of will be soon commenced in Bellary -

No. 149

To G. S. Forbes Esqr.
Secretary to the
Board of Revenue
Sir
Fort St. George

Bd No. 1629.
From the Collr. of
Bellary

With reference to Boards Circular of the 5th March 1857 No. 691 Submits his report on the subject of introducing the system of Irrigation Cesses in substitution of Village labour for the repairs of Tanks & Channels

I have the honor to acknowledge the receipt of your Circular letter No. 691 of 5 March 1857 transmitting a printed Copy of Extract Minutes Consultation under date the 9th February of that year drawing the attention of Collectors to an arrangement that had been made in the Trichinopoly District in respect to two Channels by which permanent Establishments had been substituted for the labor hitherto contributed by Landholders for performing works of Repairs to Channels a Cess of 2 annas per acre being levied for their Support which plan it appeared to Government to be desirable to introduce in all places suited to it including works of irrigation

of

of every description except Wells and I am instructed to report how far the scheme can in my opinion be applied in this District. The Board require that my Report should include estimates of the Establishments and their cost and of the sums which will be realized by the case the Rate of which is to be stated when payments are now made by Ryots for Maramut purposes. I am instructed to mention the fact and to accompany the Report with a Statement of the principal Channels Tanks and other works of irrigation and to mention any Enams or allowances which are under the new System would appear to be Resumable and in Considering the subject I am to bear in mind the Remark of Government that "it is necessary that a distinction should be made between works which the Ryots are by Custom bound to do and those which have hitherto been done by Government

Government the Rate of the Commutation should represent only the former.

2 After Consideration of the subject upon which my opinion is Requested I am of opinion that the measure will be applicable but to a very limited extent to the works of this District for the Reasons I will briefly state—

First with respect to Tanks—

There are a great many Tanks in this District according to a Classification made several years ago they may be Classed as follows according to the Ayacut Lands under them—

27	Tanks having Ayacut Lands above 500 acres		
	Do	Do	240 "
102			
	Do	Do	100 "
213			
	Do	Do	20 "
451			
	Do	Do below 20	"
320			
1113	Tanks—		

The works performed by

3 the Ryots to Tanks is but trifling and occasional

occasional - The Ryots may generally be
called upon to fill up gutters and similar
petty works to open and close the bunds
for Repairs of Sluices in which or in
part according to Circumstances but
there is no fixed Rule and to stop leaks &c.

4 The estimated amount of Labour
performed by the Villagers on Tank works
does not exceed in any year according
to the Returns that have been called
for and submitted to the Department
of Public works the sum of Rupees 2500
for all the Tanks in the District and
the estimates have been generally less

(See Margin)

Estimated value of labour performed by Ryots to tanks
Rs.
In 1853 — 2458
1854 — 897
1855 — 1626

5 It would not therefore seem desirable
to levy a Cess on the Ryots for this purpose
generally for if the Cess were levied to
Cover the amount of works performed
only it would not pay for an establish-
ment - It would however be expedient
to frame a Law generally authorizing
the Levying of a Cess in any Case in
which

where the Ryots refuse or are Reluc-
tant to perform what may be reason-
ably required of them -

6 But there are some of the
larger Tanks where it might appear
to the District engineer desirable that
a permanent establishment should be
Kept up for performing certain specified
works the Cost of which in whole or in
part it might be but Reasonable should
be defrayed by the Ryots - The District
Engineer should Report specially on
the works where he would Recommend
the employment of fixed establish-
ments and in Conjunction with the
Collector a Cess should be determined
on to defray the Charge and enforced
under the Law - To this there Could be
no valid objection for it would be
merely enforcing Regularity in the
performance of work that should be
properly

occasional - The Ryots may generally be

6 But there are some of the
larger Tanks where it might appear
to the District engineer desirable that
a permanent establishment should be
Kept up for performing certain specified
work the Cost of which in whole or in
part it might be but Reasonable should
be defrayed by the Ryots - The District
Engineer should Report specially on
the works where he would recommend
the employment of fixed establish-
ments and in Conjunction with the
Collector a Cess should be determined
on to defray the Charge and enforced
under the Law - To this there Could be
no valid objection for it would be
merely enforcing Regularity in the
performance of work that should be
properly

properly done by the Village Community
who benefit by the Tank but which
is now frequently neglected by the people.

There is one Tank however where the
system recommended by Government
would I believe be acceptable to the
Ryots I allude to the Canacul Tank
in the Raidroog Taloog. This is a large
Tank on the western Bank of the
Huggry River. It receives its supply
from that River by a Channel of about
5 Miles in length. This Channel has
to be cleared out daily of the accu-
mulation of sand and mud and
for this purpose about 170 Ryots are
daily employed for 7 or 8 hours. The
labour annually bestowed on this
work by the Cultivators is estimated
at 2189 Rupees for the two Crops raised
under the Tank. There are 207 acres
of Land on an average of 5 years under
Cultivation. An attempt to relieve
the

the Ryots of this burdensome task was made
a few years ago during the famine by
the construction of a new Channel which
cost the sum of Rupees 8900 but this
Channel is I regret to say of no use now
as it is not only out of Repairs but it
requires also Head sluices & deepening
But the necessary works have been post-
poned until the Project of an ancient
and new system of Channels from the
Huggry, so very long under Consider-
ation and not yet decided on has been
finally disposed of by the Department
of Public works. For putting all the
works now performed by the Ryots under
the Public works Department it would
be necessary to levy a Cess of 1 Rupee per acre
This would according to the accompanying
Estimate realize a sum of 207 Rupees on
the 5 years average Cultivation and as the
Tank and its supply Channel would be
under the direct Control of the Department
of

Note. Major Henderson projected this work in 1854.

See Enclosure No. 1.

of Public works it is to be expected that measures would be adopted which would secure by a better Regulated supply of water a full amount of Cultivation which might raise the Cess to 27/1 Rupee

The adoption of the Ryotwar System to this Tank may be objected to on the ground that the Tank is one that will be principally affected by the grand projects Connected with the Tombudra and Guggry Rivers still under consideration and the Tank itself may perhaps be dispensed with when the Contemplated works are carried out - But I do not think that this Consideration need prevent the introduction at once of the new System for it must be long before the Guggry Projects can be Completed even if they are approved of and the Cess on the Ryots may still be levied after the new works are completed as it will represent only the labour they have been accustomed to give to procure water

water for their lands which will be procured at the expence of Government though it may be in another way - or should these Guggry projects be abandoned and the new Channels above referred to be completed, the Cess on the Ryots will still be required to Keep that Channel in Repair and the levying of it cannot be Considered but Reasonable -

8 With respect to introducing the System of levying a Cess for the work now done by the ryots on Channels I have to observe first that the Estimated value of works now done by the Ryots is about 61000 to 63000 Rupees per annum, according to the Returns made to the Public works Department -

9 There are many Channels large and small in Bellary District which are either Channels taken from Rivers or small hands spring Channels -

The following is an abstract of those whose ayacut is above 100 acres taken from the accompanying Statement No. 3 -

5998 Fort St. George 20th April 1858

10 And the Coombudra Channels all the works is performed at the expence of Government at an annual Cost of about 16,000 Rupees They would not therefore be affected by the Plan now under Consideration as there is no works done by the Ryots at their own Cost. But I purpose submitting shortly (as soon as the Revision of the assessment on the Coombadra Channels is completed) a proposition for levying a rate on the lands for the Cost of annual Repairs which I think may be fairly assessed on the lands which will reimburse Government not only for work which should properly be done by the Ryots but which is now done by the Circar, but also in part for works which the Department of Public Works should properly perform - but for which in Consideration of the reduced assessment may fairly be paid for in part at least by a Cess which will be more

more fully explained when I make my
Report on that subject -

11 There are Channels from 5 other
Rivers but the Board will observe
that the Cultivation under each Channel
is Comparatively small - These Channels
do not cost Government any annual
regular outlay - some are occasionally repaired
at the cost of Government when necessary
but the ordinary Repairs are performed by
the Ryots themselves - and the labour of
the Ryots is largely bestowed in digging
these Channels in the beds of Rivers, and
daily clearing them out I do not think it
expedient to attempt to substitute any
Establishment for any of these Channels
for the labour hitherto contributed by the
Ryots with the exception of the Channels
Connected with the Canaveral Tanks, already
Commented on - The cost of an Establish
-ment would be too great and would

Amount

amount to a sum that would probably
require a Cess of 2 Rs. per acre which the Ryots
would never Consent to pay -

12 But I see no objection to levying
a Moderate Cess in any Case where the Engineer
may be able by the formation of a
new Channel or by improvement of the
existing Channels to relieve the Ryots of
much of the labour now Contributed
by them It might then be desirable
to keep the new works under the
special Care of the Maramut
Department in the same manner as
suggested above for certain
Tanks, and the levy
-ing of a moderate Cess
for the annual Repairs
would be but just and very
expedient -

13 The other class of Channels
are

J. G. B.

Fort St George 20th April 1858-

are small Channels belonging fre-
-quently to one or more Ryots being Chan-
-nels taken from small Land springs
How had better be left entirely to the
management of the owners-

Enclosure No 283

14 I beg to accompany this Report with
a Statement of the principal Tanks and
Channels in this District as desired
in your letter-

15 The Grants or allowances which under the
Enclosure No 4 proposed new Systems (Should it be uni-
-versally adopted) would appear to
be Resumable are entered in the List that
accompanies this Report-

16 In Reply to the question made
in the 4th para of your letter as to the
propriety of making a distinction
with reference to the amount
of Cess to be levied between
Lands watered by Surplus
water and those watered by
direct

Fort St George 20th April 1858

direct from the Channel I should be of opinion
that no distinction need be made- The Cess
proposed by the System will be small and any
difference between the Lands is generally
allowed for in the Assessment of the Land
and need not to be again allowed for in the Cess.

17 I am also Requested to suggest
any provisions that I may think it
desirable to insert in the Legislative Enact-
-ment contemplated by Government to
give effect to the new System
proposed- This System simply
proposes the levying a fixed Rate
per acre on Land watered by
the Channel Viz in entire substi-
-tution of labour hitherto Contri-
-buted by the Ryot- all that seems
necessary is to authorize the Col-
-lecting of this Rate in the same
manner as the Land Revenue is
Collected- But there is one point
I would beg to suggest for the
Board's

Fort St. George 20th April 1858

Board's Consideration which may perhaps not have attracted their notice, that is whether the Cess is to be levied on the land in occupation of the Ryot if it be not sound or whether it is to be levied only on the land actually sound- This in Bellary especially under Tanks would make a Considerable difference owing to the uncertainty of supply of water I am of opinion that the Cess would be objected to and be unpopular if assessed when there was no crops and I would be inclined to suggest that the Act provide a discretionary power so as to be applicable generally to all Districts- The Establishment would have to be kept up permanently and the Cess should be levied on an average of years the deficiency of one year would then be covered by the surplus of another-

Bellary District --
Collrs office Ramandroog
12th April 1858 --

(Signd) C. Pelly
Collector

Statement

Fort St. George 20th April 1858

No I

Statement of Ryots labour to the supplying Channel of the Canal Rill Tanks in the Raidroog Talook of the Bellary District-

Item	Amount
When the Huggry River flows the Ryots are obliged to throw sand by drill ploughs across the stream to turn the Water to the Channel- This has to be done on four occasions during 6 Months from June to November- on each occasion the average Number of days they are actually employed is 10 days, or 40 days during the 6 Months-	
Viz to	
For 170 Men for driving 170 drill ploughs every day at a-1-4	
each for diem — 14-2-8-	
For 170 Pair of Bullocks every day Rs A P Cs a-2-4	
each pair for diem - 24-12-8-	
	38-15-4
At the above rate for	
Forty days	1558-5-4

Fort St. George 20th April 1858.

Item	Amount
Cost of making the drill ploughs at 1 Rupee each would be 170 Rupees but as the plough once made will serve for 4 years the proportion for a year is	42 8 "
Proportionate cost for one year for 100 wooden pieces for digging sand	6 4 "
Do. for Do. 100 Mammatees	18 12 "
Do. for 100 Baskets at a time or 400 for the 4 occasions at 4 price each	8 5 4 / 1634-2-8
Cost of Ryots labour in clearing out once in four years the supplying channel by which the River water enters the Tank— The channel length is 8720 yards × 6 × 1 yard = 52,320 Sq. Ds.	
Cost of clearing out this Channel at 24 C. Yards a Rupee is Rupees 2180—4 for 1 year Rupees	545 " "
Proportionate cost of Mammatees &c. each Tools including Baskets	10 6 8
	555-6-8
Total estimated cost of Ryots labour	2189-9-4

Fort St. George 20th April 1858

Item	Amount
Add Cost of an Establishment for Executing the above works if done by Government—	
1 Mistry at 10 Rupees pr. Annum for 6 Months	6—"—"
4 Peons at 3½ Ds. each pr. Annum = one for 6 Months	84—"—"
	144—"—"
Total Estimate cost	2333-9-4

Land for which this Channel water is used—

	Cocoa Acres	Enam Acres	Total Acres
Average of 5 years Cultivation under the Canaval Tank	802	192	994
Land attached to the Hamlet of Hosahully to which the Channel water flows	203	10	213
	1005	202	1207
Extent of land which is Cultivated with 2 Crops being 2/3 of the above			800
			2007

Average cost of labour above shewn on each acre of Cultivated land would be Rupees 1-2-7

Highest years Cultivation during

Items

during the last 20 years-

Under Canaum Tank's-	1107	321	1428
Do Tanket of Yerakully-	203	10	213
	1310	331	1641
Estimate of 2d crop cultiviations			1100
			2741

Average cost p.s acre on the highest years cultiviation } 13-7

Estimated amount of cess which would be realized by fixing one Rupee p.s acre- On the 5 years average or 2007 acres as above shewn

On the highest years cultiviation during the last 20 years or 2741 acres

The difficulty that would probably be found if the Ceriar undertook the work would be that of Collecting Coolies at the proper times- The Ryots who now do the work would say, they paid the cess, and might, if inconvenient to them refuse to give their personal labour for the

remuneration.-

Bellary District,
Collectors Office,
at Ramadroog.
12th April 1858.-

Signed C. Pelly
Collector

Note.

It appears that the Ayacut of some of the above mentioned Channels, lands unfit for Cultivation are also included. The Cultivation under some Channels is very small partly for want of Ryots to cultivate, and partly for want of sufficient Number of Ryots to perform the usual repairs to the Channels.

Bd. No. 1622
From the Offg Collr
of Tanjore

Sir With reference to the Board's
Circular order of date the 1st instant No 1163 I
have the honor to state that French Papers is
found

Fort St George 20th April 1858

found to be less durable than the Country Paper formerly in use and far too thin for Official Correspondence whether manuscript or printed. I am wholly unwilled to Native correspondence concerning the manner in which these records are kept, unwrapped up in square pieces of coarse Cloth and filed in Dusters

2. The Country Paper formerly in use an average 2-14-½ a ream whereas the present of French foolscap has been Rs 2-5-5 so there is a saving in the Charges

3. I should add however that the use of Brown Paper has not been entirely superseded by that of French Paper. The latter is used chiefly in the Head Cutcheries for Tahseel, Jadasts, and accounts. Heavy and Statements from the Talooks being still written on Country Paper

Tanjore Collectors Office

No 179

To
J. D. Sim Esqr
Acting Secretary to the
Board of Revenue
Fort St George

Sir

B. No 102
From the Collr
of Trichinopoly

In obedience to the orders conveyed by your Board in Extract from Proceedings No 4088 dated the 24th Instant, I have the honor to retransmit by this days Bangy the Map of Trichinopoly with the several Points marked out as required by the first para of your letter No 3457 of date the 14th October 1857.

2 I am unable to give the boundaries and large Towns or Villages with the Chief roads of the Manapaud Talook for the reasons already assigned while the Map recently forwarded by the Chief Engineer as

Letter of 8th December 1857 No 108.

containing

6025

Fort St. George 20th April 1858.

containing this new Talook had been returned to the Board.

3 The enclosed Statement will show the Villages transferred from Vellicotty to Manapara as stated in my letter of the 2nd February last No. 10. I am not aware of any Villages belonging to Madura being situated in Vellicotty. If there are any such, they must be on the extreme boundary and belong to the Zemindary of Madura and cannot well be put into another Talook.

I have &c.
Collector's Office
30th December
1857.

Signed J. Bird
Collector.

No. 99

To

G. S. Forbes Esqr.

Secretary to the
Court of Wards
Fort St. George

Dy. No. 1549
From the Collr.
of Madura

Sir,

With reference to your letter of the 10th March 1858, I have the honor to transmit copy of the Proceedings of the Civil Court dated the 25th March 1858.

2. I have taken no measure towards the execution of the Bond which the Court considers necessary before it can consent to the Arbitration because Mr. Fischer, as Vakeel of Pichemal Packiar, has strongly urged before me that the Bond on which the Cutcherry claim, is not merely not bona fide as has all along been suspected, but a positive forgery. On enquiry it should appear that Mr. Fischer has good grounds for his opinion, it occurs to me that the

Fort St. George 20th April 1858.

the Court would be unwilling to arbitrate in as much as Regulation XXI of 1802 does not clearly give Arbitrators the power to convict for forgery of papers by the Courts.

3. I myself doubt very much whether the Record of the suit before the Court would enable the Court of Wards to decide as to the sum really due to the Cutcherry on a settlement of accounts or the original Bond given by the Zemindar. This Pichemal Packiar's Vakeel asserted that there are many documents in the Cutcherry at Madura and Shevagunga which bear upon the subject, and which have not been produced in the Civil suit.

4. On the whole I would recommend that the Agent to the Court of Wards should be directed to consider well the evidence which can be adduced in support of the charge of forgery and report his opinion to the Court before they finally accept the office of

Fort St. George 20th April 1858.

of Arbitrators, I would also desire for his information on the other point I have adverted to Viz. it the sufficiency of the Record before the Court for the purpose of determining the amount really due to the Cheltiers on the original Bond.-

Madura 6th April 1858. } [Signed] R. D. Parker Collector

No. 1

Extract from the Proceedings of the Civil Court of Madura dated 25th March 1858.-

Read again Miscellaneous Petition No. 40 of 1858 from Ramasamy Naick Vakeel on behalf of Plaintiff in O.S. No. 8 of 1855 conveying their consent to its decision by Court of Wards as Arbitrators.

Fort St. George 20th April 1858.

suit for decision by Court of Wards as arbitrators, should the Court deem such a course to be beneficial to the interest of the Minor Zemindar of Sheragungah.-

Read also order of the late Acting Civil Judge Mr. Mayne dated 1st February 1858.-

It is not for the Court to say whether the reference of the suit for the decision of the Court of Wards would or would not be beneficial to the interests of the Minor Zemindar of Sheragungah, nor can the Court act in this matter unless the consent of all parties concerned in the suit be given for its adjudication by the Court of Wards.

Under Section V Regulation XXI of 1802 it is enacted that before a case can be submitted to arbitrators, the parties concerned shall execute

Fort St. George 20th April 1858.

execute Bonds jointly binding themselves to abide by the award of the arbitrators and agreeing that it be made a decree of the Court.-

The Court therefore calls upon the parties in this suit (if they desire that their case be submitted for the decision of the Court of Wards) to appear before the Court and execute the Bond required by the above quoted Enactment.-

Fort St. George

Sir

I The Sahukar of Nellambadi

Dr No 1371
From the Asst.
Collector of
Timevelly

Fort St. George 20th April 1858.

Sahukar reports that a small piece of waste land (1125 Coolies) situated within the Town of Timevelly, and known by the name of Carroovailangoondoo, being very low, rain water lies in it and thereby injures the walls of the adjacent houses. It is also when dry, made a place for general resort and thereby becomes obnoxious to health and cleanliness. I have therefore the honor to request the sanction of the Board for having this ground sold by auction with the condition that the purchaser will cause the level of the ground to be raised by appropriating it & put an end to its being made a nuisance to those occupying houses in its vicinity. The Sahukar estimates the value of the ground (measuring 1125 Coolies) at 170 Rupees at a probable price of 1 anna per Coolie.-

Sir

I am forwarding copy of a letter from the Commissioner of Customs Salt and Opium dated 28th Ultimo, I must admit myself quite at a loss to suggest a remedy - The pilfering "en route" is most extensive -

With reference to my letter dated 9th December 1857 No 197.

Calicut
6th January 1858

[Signed] W. Robinson
Acting Collector

No 2124

To

W. Robinson Esqr
Collector of Malabar

Sir,

I have the honor to acknowledge the receipt of your letter No 3338 dated the 9th instant on the subject noted in the margin.

Salt Exported from Bombay to the Malabar Coast on a nominal duty of 3 pies to British Ports and 1 Anna to Foreign Ports per Each Indian Maund -

In

Fort St. George 20th April 1858.

2. In reply to your 2nd para I beg to state that a Fee of 3 pies or 1 Anna per Indian Maund (as the case may be) is levied on the full quantity shipped and then if the difference between the quantity shipped as compared with the quantity landed at the Malabar Coast is not more than 10 per Cent, no further enquiries are made on this subject.

3. Adverting to your 3rd para I beg to state that there may be much truth in what you state, but there is no proof that any Salt has been fraudulently disposed of. Admitting that Salt is fraudulently disposed of, the offenders are the Tyndells and the crews, and we have no power over them. and if we were to punish the shippers of the Salt, in such cases out of ten we should punish persons who not only have not committed any offence, but have themselves been defrauded by the Tyndells and crews and suffered great pecuniary loss.—

On

To Sec. to Govt 20th April 1858.

4. On more than one occasion we have attempted to carry out the identical suggestions made by you in the concluding para of your letter and the result was that shipments of Salt fell off, and then urgent appeals were made to me by the authorities on the Malabar Coast, asking me to induce Salt traders to take Salt to the Malabar Coast.—

5 Within the last four months Telegram after Telegram has been received by me, stating that there was a deficiency of Salt and praying that every endeavor should be made to Eastern the transmission of Salt.—

6. Some time ago I induced a very wealthy native, who owned Salt works in this neighborhood to send Salt to the Malabar Coast but after a fair trial was compelled to abandon the trade, as he found it to be not only totally unremunerative, but at the same time it entailed a heavy loss upon him.—

The

7. The Trader's Statement was simply this Viz: that he shipped a certain quantity of Salt and paid duty thereon, and also paid freight that the quantity said to have been landed on the Malabar Coast was much less than the quantity which he had shipped. That the cost-charges-duty-and freight on the deficiency was a clear loss to him, and that the gain which he received on account of the quantity landed did not cover the losses on the quantity which was deficient and, therefore, he abandoned the Trade. The said Trader was unable to ascertain the cause to which the deficiency might be attributed, but imagined that it was partly owing to frauds committed at the place of Import partly to the careless manner in which the Salt was landed from the Vessel and put on shore and partly to the careless manner in which the Salt was landed from the Vessel and put on shares and partly to the great delay in weighing and passing the Salt after

after it had been landed.

8. In the case of the Trader above alluded to, I did not compel him to pay our full 12 annas per Indian Maund duty on the deficiency of Salt landed as compared with what had been shipped. Had I done so, I should have thrown an additional burden upon him in addition to the losses which he had already sustained.

9. So long as the present carious system of allowing a highly taxed article to leave our Ports on payment of a nominal duty exists we must expect frauds to be committed, and it will be impossible to put a stop to them altogether. If we carry out the strict letter of the law, and levy our full 12 annas per Indian Maund duty on all deficiencies of Salt, the trade will be stopped altogether and then the Malabar and Kanbies will be placed in difficulties in consequence of no Salt being conveyed from Bombay to the Malabar Coast. Again in a majority

Fort St George 20th April 1858.

majority of the cases we shall be imposing a burden on the owner of the Salt who may have committed no offence whatever but on the other hand have been plundered by the Salt carriers while the real culprits the Salt carriers or the weighing clerks and others on the Malabar Coast will escape free from all penalties and enjoy unmolested the fruits of their nefarious practices.-

10 We export large quantities of Salt to Calcutta without any difficulties, and without loss to Government, but, in respect to such exports we charge our full 12 annas per Indian Maund duty, & then it matters not to us what becomes of the Salt afterwards. Again the exports are made in Square rigged vessels, and the commanders have probably neither the inclination to pilfer the Salt nor the means of disposing of it afterwards.—

The Acting Collector of Malabar

No 1626

Sir,

With reference to Extract × Minutes of Consultation dated 17th Ultimo No 344, I have the honor to report that the condition described by Mr Reade in regard to the non observance of Sunday, does not and has not for years existed in this District.

2. Not only are European Officers but likewise the Officers of every other Department, Stamp Darogah, Sea Custom House, and Salt Gollahs &c are all closed throughout the District. Sales and auctions of every description are absolutely forbidden.

3. The Officers of the Talook establishment have likewise a day of rest. The Talook Treasury is never

× Conveyed in Extract Proceedings Board of Revenue dated 25th March 1858.

Fort St George 20th April 1858.

never opened either for receipt or
disbursement on the Sabbath day and
the accountants have a rest. Most of
the Heads of such Offices and the Sub-
ordinates readily avail themselves, and
reluctantly allow themselves to be
deprived of the day of rest while at the
Cutcherry. When Subordinate Officers are
detached for the examination of
special cases, into the Villages, there
is little doubt that they work on Sunday
to get home sooner. Some Talookdars
are no doubt less thoughtful of their
Subordinates, and when a press of
business occurs do from time to time
require the attendance of some of their
Subordinates, but this is by no means
the rule and does not apply to ordinary
business.

4. In case of the occurrence
of heinous crime however, the Heads
of Police and their Police Establishment
carry on their enquiry and follow up such
clues as present themselves without
interruption. Under such a contingency
the Sabbath is not strictly observed
indeed scarcely at all, that the Police are

Fort St George 20th April 1858.

or detective in Christian England, does
not permit his close pursuit of
crime on the occurrence of the
Sabbath I consider that the
well being of Society often re-
quires this exception.

5. Mr Conolly and the
Officers of this District have
for years discouraged all Sab-
bath day labor that can be
dispensed with. I have how-
ever repeated the injunction
by Circular Order.

6. With perhaps
one or two exceptions
(to which attention
will

Fort St George 20th April 1858

will be paid) even the day of public sale which were almost universally held on Sundays have been changed to week days throughout the District and no new sale is ever permitted to be established on Sunday

transmitted, respectfully to state that it is impossible to determine the area and out line of the Holdings without admission into the Premises. If they were isolated pieces of land there would be no difficulty, but as they are crowded together, the rear of one adjoining another & situated in a different Street, and moreover of very irregular outline no correct measurement can be obtained in any other way. It is seldom requisite to enter private rooms but in some cases the boundary Walls are so enveloped in buildings that entry is necessary or the measurement must be judged by eye, and check if opportunity offers by measurement obtained in adjoining Holdings in the opposite street. I may observe that to go to the Porch into the Court round which the Rooms are built is the very admission denied.

Perhaps the Board would better understand the matter if I brought the Map with me for their inspection should they desire it.

No. 56

To G. L. Forbes Esqr. Secretary to the Board of Revenue

B No. 698

From the Director of Revenue Settlement } Sir,

In the Boards Proceedings of 23rd Ultimo

Attims regarding the imposition of assessment on the lands irrigated in the Masulipatam District from the River anicuts there is some misapprehension regarding the arrangement quoted in para 8 as brought into operation in the neighbouring District of Guntoor and submitted for imitation in Masulipatam.

2. It is laid down in para 8 that the water rate should be Rs 2 — a 10 — p per acre in addition to the dry assessment with a further rate of 2 — 10 — " per acre for a 2d crop making together 5 — 4 — " for 2 crops, besides the dry assessment; and that the ryots should be at liberty to compound the rates for Rupees 4 whether two crops are cultivated or not.—

+ Note. In Bd's Proceedings thus printed erroneously 5 — " — 4 —.

3 I have not the papers at hand and would speak therefore under correction, but I have a perfect recollection that my proposition for Guntoor was for a consolidated general rate of Rupees 4 an acre to be imposed, progressing in 5 years at the rate of 1 Rupee additional each year after the 1st year in which only the dry assessment was to be made. It was concluded in support of this & that

that the irrigation would be greatly improved and that the Kistna water &c would to a large extent be available for a 2d crop at that period, and it was considered to be very injudicious to attempt to impose a separate tase on 2nd Crops &c cultivation, when the ryots require every encouragement to adopt this course, and could not be induced to do so on the most liberal terms as was afterwards shown by the offer of water gratuitously for a 2nd Crop (which was sanctioned I think by the commissioner of the Northern Circars) being entirely disregarded &c though every publicity was given &c to it.

4 The fact is the ryots are quite unprepared as yet to alter their agricultural operations so as to adopt them to the double crop system and they have moreover a strong prejudice that supposes the land will be greatly deteriorated by this process of

of constant irrigation, and up to the time I left the District I believe there was not an acre of regular 2d. Crop Cultivation. If left to their own prejudices and judgement the ryots would one and all declare themselves for a single Crop only at Rs. 2 — As. 10 — P. per acre and the knowledge that a further charge do. would be added for a 2nd do. crop when raised would effectually check the progress which it is desired to promote. Had there been any idea of drawing a distinction between the rates for a do. 1st do. Crop and 2nd do. Crop, I should have probably proposed some thing higher do. than 2 — 10 — for the former.—

5. The engagements entered into with the ryots, which could not be do. deferred

deferred till final sanction was received do. proceeded upon the basis of a consolidated rate of 4 Rupees an acre imposed progressing as above described and no land whatever has been offered or taken up at the rate of Rs. 2 — 10 —. The arrangement I consider to be best for the interests of the Government and also for those of the ryots eventually. In short it is deciding for the ryots that it is best for them to compound since as above shown there has been insufficient time do. allowed for the prejudices of old custom giving place to better judgement. With a light dry assessment of, I think about 1 — 12 — per acre, in the Tenaly Talook where the teerwajasty mostly applies the additional Rupees 4 at the end of 5 years would not be heavy even for a single crop, as the do. irrigation would by that time be much improved. The arrangement was proposed by me as an experiment but the Government thought it might assume a more permanent character under the circumstances, the do. Board will not probably deem it proper to alter what has been carried out as above explained before final sanction could be obtained. The arrangement do. is

is open if necessary to modification at the end of the 5 year when the full rate will be attained -

6. If I recollect rightly the Government sanctioned the consolidated rate of Rupees 4 an acre water rate for all enam lands without entering into a consideration of 1st & 2nd crops, and this sum / progressively imposed / is what has been fixed for all enam lands in the Delta watered by the anicut works.

7 I have thought it necessary to enter into this explanation as the course pursued in Guntoor is some what different from that held up for imitation in similar circumstances in Masulipatam. The teerwajasty plan is confined to the Tenaly Talook and a small portion of Mungalagerry. The enams however of the whole Delta are brought under its operation and the rules for the garden lands under Kistna irrigation apply also to the Delta generally.

From Major R. Hunter
Coffee Planter
Ercand Chevoroys

I The Board were pleased in letter No. 205 dated 16th January 1858 to decide that Chevanah had no power to sell his right to me to cultivate in the Ratairy valley owing to an explanation given by the Collector of Coimbatore -

Since leaving the Neilgherries I have been put in professions of Puttah and Tahsildars Receipt for kist paid last October for the lands by Chevanah in front of Witnesses. -

I trust I may be permitted to explain that Chevanah has been obliged by the Collector to repay 100 Rupees the amount I gave for the ryot to cultivate and that his long standing Puttah and his regular payment added to the fact of his residing and keeping cattle on the kraal marked in sketch seem to

have

have no weight whatever in giving him on the Collectors view either a claim to sell his right to cultivate or a claim even to keep cattle in his own kraal.

I would humbly suggest either that my purchase of the Puttah is valid or that Burghers be deemed ousted from all land that they do not cultivate regularly.

I would on the latter case claim for myself all sums of money paid on the Puttah from the time Mr. Wroughton stamped the same as a faithless transaction.

I am willing to pay the full Sayer from date of profession.

Bd. No. 1597

To

The Secretary to the Revenue Board
Fort St. George

From Messrs. Orr & Co.
Madras.

Sir,

We have to apologize for not having replied to your Official Memorandum of the 23d Ultimo, and beg to state that we have no other clock of the kind that we can substitute for the one in your office. It is however a good clock and only requires a little attention, we would therefore suggest that it should be sent to us along with the other Government clocks when it will be attended to.

Madras 17th April 1858

/Signed/ Messrs. Orr & Co.

K.B.

In the Court of Wards at Madras
The humble Petition of Pitchamma Nachiar the mother of the Infant Zemindar of Shevagunga presented by Alexander Macdonald Ritchie her duly constituted Vakeel or Agent.

B. After No. 1549.
J. A. M. Ritchie Esqre.

Sheweth.

That certain parties at Madura in the early part of 1856 instituted a suit in the Civil Court at Madura against your Petitioners son the minor Zemindar of Shevagunga and his present Guardian to recover the sum of Rupees 2,2,8111 and annas 9, on a Bond alleged to have been executed at Shevagunga on the 10th April 1837 for the balance due on a settlement of account on a Bond for 62,000 Pagodas dated some time in 1827.

That the pleadings and evidence in the said suit was closed when it came to your Petitioners knowledge that the said suit had its origin in a conspiracy in which the present Guardian was a principal party he agreeing in his capacity of Guardian and

6

and sole Defendant in the suit to suppress the evidence which existed and still exists in the Records of the Zemindary and to favor the suit in every way in consideration of his getting a large share of the Judgment.

That your Petitioner immediately she heard this caused enquiry to be made and after satisfying herself of the truth thereof did on the 6th day of January 1858 cause a Petition a copy of which is annexed marked A to be presented by her Vakeel Mr Fischer to the Agent of your Court at Madura specifically charging the Guardian of the Minor with conspiracy and forgery to defraud the Minor and praying enquiry.—

That the Agent of your Court on the 7th January 1858 the day after the said Petition was presented without any enquiry whatever furnished your Petitioner with an endorsement on the said Petition a copy which is hereto annexed marked B.

That your Petitioner thereupon caused

caused her Vakeel to enter into communication with the Nail Sheristadar and the Government Vakeel at Madura, and on the 14 day of January 1858 they met in consultation as to the state of suit No 8 of 1856 a note of their proceedings bearing date the said 14th day of January 1858 is also hereto annexed marked C.

That at immediately on your Petitioner preferring the said charges against the Guardian the Plaintiffs in the said suit No 8 of 1856 in Order if possible to get a final Decree on the evidence as it then and now stands in the said suit and to avoid further evidence being taken on an appeal preferred did with the consent of the Guardian apply to the Civil Court that the final decision of the said suit should be referred to the determination and award of this Honorable Court as Arbitrators on which application and consent it was ordered accordingly that the said suit on the evidence as it then stood (with your as Petitioner contends all the material evidence

evidence for the defence purposely suppressed) should be referred to this Court for final determination.

That your Petitioner immediately the above application came to her knowledge at once, and on the 26th day of January 1858 presented a Petition to the Civil Judge of Madura on behalf of her son the Minor Zemindar enclosing a copy of the Petition to the Agent of this Court at Madura dated the 6th January 1858 and the endorsement thereon referring Petitioner to the Court praying that a full investigation should be made and the interests of the Minor protected and objecting to the proposal to refer the case to the Arbitration of this Court on the present evidence which Petition is also hereto annexed marked D

That the Civil Judge by his order made on the said Petition bearing date the 1st day of February 1858 rejected your Petitioners application for further enquiry and affirmed the Order of reference and directed your Petitioner to do that which she had done before without redress

redress of any kind Vizt. to bring the circumstances notified in the said Petition to the knowledge of the Court of Wards and the Collector a copy of which order is also annexed marked E.

That your Petitioner having in her former Petition to your Court referred to the above proceedings under the impression that Copies thereof had been sent up to you by the Agent of your Court at Madura did immediately on the receipt of your proceedings held thereon bearing date the 16th February 1858 in accordance with the directions therein given cause on the 20th February 1858 a letter to be addressed and sent to the Agent of your Court at Madura a copy of which is hereto annexed marked F. referring to the letter of the 6th January 1858 and asking to see the Minor in his presence to explain to him the nature of the charges preferred against his Guardian and to obtain his authority to act as his Agent under Clause 2 Section 23 Regulation V of 1804.

That the Agent of your Court at Madura did in obedience to the directions contained in your Order of the 16th February 1858 speak to the Minor (now 17 years of age) and asked him if he wished to appoint your Petitioner and Mr. Fischer as his Agents to prosecute his Guardian to

Fort St. George 20th April 1858.

to which your Petitioner is informed the minor answered that he did wish to appoint them as his Agents for that purpose.

That your Petitioner on the 23d February 1858 received from the Agent of your Court at Madura an Endorsement in answer to the letter of the 20th February a copy of which is hereto annexed marked G.

That your Petitioner on the 1st day of March instant preferred an appeal to the Sudr Court against the order of the Civil Court praying that all proceedings in the said O.S. No. 8 of 1856 may be stayed until the charges preferred against the Guardian are enquired into by this Court or to allow your Petitioner to put in a statement of the facts alleged in her Petition of the 6th January 1858 and to produce evidence on behalf of the Infant in the said suit your Petitioner thereby offering to pay all or any costs which may be occasioned thereby which said appeal is now pending.

That your Petitioner is satisfied that a gross fraud and conspiracy against her sons interests has been practiced in the said suit; and that she is able to prove the same most satisfactorily if an opportunity is offered to her to do so.

That your Petitioner has up to the present time done every thing in her power to expose the said fraud and conspiracy by applying to the Agent of this Court at Madura and to this Court itself and to the Civil Court at Madura seeking enquiry which is in

P.T.

Fort St. George 20th April 1858.

in every instance has hitherto or been refused when your Petitioner applied to the Collector she was by him referred to the Court; and when she applied to the Court she was referred back again to the Collector but the only thing she sought, (and that too at great personal risk and responsibility as to costs and damages without any possibility of benefit to herself; and the only thing which could expose the fraud and benefit her Infant Son) a fair impartial and open enquiry was rejected.

In conclusion your Petitioner will point out to your Court the position in which her son the minor Zemindar is placed – He as a minor cannot defend himself and his Guardian appointed by your Court must be a joint Defendant under Regulation V of 1804. This Guardian is charged with

Fort St. George 20th April 1858.

with being a party to a conspiracy to defraud the minor by allowing a false suit to be brought against him and the Infant and with suppressing the evidence which would meet the case and with assisting the Plantiffs to prove theirs. This Guardian so long as he remains the Minor Guardian appointed by the Court must be the Defendant he cannot be removed by the courts of Adawlut and another Guardian or next friend put in his place as in the English courts, and it seems doubtful whether or not the courts of Adawlut can appoint a next friend to protect the minors interest in any suit so long as the Guardian appointed by your Court for the Minor is his Guardian and a Defendant in that suit as he.

Fort St. George 20th April 1858.

he must be so that unless this Court will enquire into these charges and remove the present Guardian the minors interests may be finally sacrificed and a well planned conspiracy against his Estate be allowed to succeed notwithstanding a full exposure thereof and that simply for want of a fair enquiry.

Your Petitioner therefore prays that now having the whole of these documents before you this Honorable Court will be pleased without further reference to the Collector to enquire fully into the charges perferred by your Petitioner against the Guardian of her minor son, and that she and her Agent Mr. Fischer the parties named by the Minor himself may be authorized as the minors Agents to prosecute his Guardian under the provisions of Clause 2 Section 23 Regulation

V

607 5

VI of 1802 for fraud and Conspiracy on such terms as to your Court shall seem right and that the said Guardian may be removed from his appointment and a fresh Guardian appointed or for such further and other order as to this Honorable Court shall seem right.

And your Petitioner will ever pray &c

(Signed) A M Ritchie
Sol.r

A

O.S. No. 8. of 1856 of the file of the Civil Court of Madura

A Statement of the case

This is a suit for Rs 2,28,111 9 principal and interest on a bond alleged to be from a late Zemindar of Bodagoorroosawmy Tavee to Perea Curoppen Chetty both deceased for Pagodas 33,015 15/16 & is said to have been executed by the said Zemindar in Shivagunga on

607 6

Fort St. George 20th April 1858

on the 30 Pungooni Doonmoogyor 10th April 1857.

And the bond is said to be the result of a settlement of accounts connected with a contract Bond for 62,000 Pagodas dated 29 Kurthigay Suvvajilloo 1827 from Gauryamullaba Taver the Istimrar Zemindar to Perea Curoppen Chitty.

And Plaintiffs say that 3000 Rs was paid towards it in 1847.

This suit is the work of a conspiracy taking advantage of time & circumstances to defraud the Estate knowing that there was a surplus to that amount and more in the Treasury of a large some of money and to devide it among themselves by the Plff to it and by the present Guardian and others the Guardian undertaking to suppress the evidence that there was in the Cutcheery to refute it and to furnish other evidence in support of it. To that

and

and he ordered the 3 witness Soobrow
& 4 witness Vanniasevoy Moodelly servants
of the Zemindar under his control
to give evidence to the effect they
have done, suppressed all information
of the Copy of the bond in dispute
and 4 others bonds in the records
of the Zemindary all tending to
refute the genuineness of the bond
in dispute & got himself and
Subabuchy Pillay named as Witness
by Plaintiffs persuaded defts that
there was no necessity in consequence
for their naming them Then made the
Plaintiffs dispense with them so as
to escape giving evidence at all.

The Bond on which the suit
is instituted is a forgery on the face
of it & the suit a fraudulent one in
consequence & in the manner it has
been conducted.—

Before entering upon the
question of forgery I would beg to
dispose of another question and
a very

a very important one is that is that the
Bond, even if a good Bond which it is not
is barred by the statute of limitation— It is
was executed in 1837 & no demand was
made on payment or promise of payment
was made towards it or legal steps taken
for its recovery till the demand of the
Partition ——— & the institution of
the suit on the 27th August 1856

The Bond is dated the 1st April 1837 &
is conditioned to be paid off in 3 years con-
sequently was due in April 40 & not being
paid case of action then arose i.e— 17
years ago & not being prosecuted for
the best of reasons / is barred by clause 4 Sec. 18
Regulation 2 of 1802.

Plaintiffs allege that 3000 Rupees was paid
towards it in 1847 this to keep the Bonds
alive but this allegation is altogether false
all the Documents put forth in support of this
allegation Tickets receipts prove it to
be. &c.

The

The Plaintiff put a forced construction on these Documents which they do not bear out Besides had the payment been towards the said bond it would have been entered on the back of it. It is distinctly said to be for another purpose & there were documents representing that purpose Viz the 4 Bonds of the.

And it was not likely so small a payment would have been made towards so great a bond & in the manner indicated by small payments from different sources in the Talook & not from the Zemindary Treasury

Next I will proceed to show that the Bond is a forgery by arguments & facts

1st

The Government Vakeel challanged the Plaintiffs to produce the settlement of accounts in which they say this Bond resulted and they have

have not done it on our side there is in the records of the Zemindars Cutcherry a settlement of accounts connected with the contract Bond of 1827 for 62,000 Pagodas in which 4 other bonds resulted and these 4 other Bonds also are in the records and these alone prove the bond in dispute which is also said to have resulted in a settlement of the accounts connected with the contract Bond for 62,000 Pagodas to be a grose forgery but our side did not put forth these accounts on these Bonds because it did not suit the guardian purpose the information of the 4 Bonds was studiously suppressed by the Guardian and only because

6081. Fort St. George 20th April 1858.

became Known by one of the two witnesses for the defence accidentally mentioning it.

2. It is written on plain paper which would not have been the case i.e. it is not likely it would have been the bond it succeeded is not considering the large sum it was for & the circumstances under which it is said to have been executed and the parties between whom it was, both intelligent and wealthy

6082. Fort Saint George 20th April 1858.

wealthy both with money at command and both aware of the stamp Regulation 13 of 1856.

3d. The Tamil and English dates do not correspond. The Tamil date is 30 Pungoony which is the 10th April whereas the English date in the bond is the 1st April If it had been English figure the omission of the cypher might have been pleaded, but it is Tamil figures and they will not admit of the excuse. Now had the bond been a genuine one and deliberately made in the Sumovgum Cutcherry amidst numbers of intelligent men and accountants as it is asserted to have been the mistake would not have occurred and if it had would have been corrected within 24 years.—

That is was neither executed on the

4.

1st or 10th April is proved by a Document the genuineness of which is admitted by the Plaintiffs 3d Witness soobrow Vizt. the draft of the Bond found in the Zemindars record at the bottom of this draft in hand writing of the person who wrote draft and fair bond is a para or note that the bond was executed in August 1840

The

The said Witness tried to explain away this note in his deposition before the Civil Court but it is a most suspicious explanation denoting a fraud it is not even plausible or admissible.

5 There are 4 bonds in the Cutcherry resulting in a long train of account including interest connected with the 62,000 Pagodas bond The amount of these bonds are borne out by the accounts and of their genuineness there is no dispute such being the case these bonds and the accounts on which they are founded clearly prove the bond now put forth to be a fabricated spurious document

6. Then the bond for the balance of which on settlement of accounts the bond in dispute is said to have been given is in the possession of the Plaintiff. This would not have been the case had a settlement of accounts been really made and a new bond been executed for the balance of the old one and had the transaction of the new been true and bonafide.—

7. Then those well acquainted with the Zemindars signature declare the signature to the

the bond in dispute not to be his and this can be further corroborated by compensation of the signature to it with the signature to the other papers of the same time.—

8. Then there is a regular annual account kept of the debt of the Zemindary the Bond in dispute is not in these accounts

The bond in dispute is said to

9. have been witnessed by Pulumandia Pillay Sungilia Pillay Peria Curoppen Chetty and Allungoody Comaruppa Chetty only the two first were cited and examined and not the two last why is not known and who are these two witnesses that were examined two Omadoowars waiting for situations not any of the Zemindars people or any respectable independent persons.—

And the other only witness who speaks to the execution of the Bond shows by the very tenor of his evidence that he is an interested party as he does that he is a witness to a fraudulent transaction, see his deposition.

10. Then the bond purports to have been executed at Shevagungah on the 10th April 1837

6085

Fort St. George 20th April 1838.

1837. Now on this day the Zemindar was not at Shevagunga as can be proved by the several entries kept by the Zemindar Cutcherry and the Collectors Cutcherry people as also by the accounts of that period.—

11. Then the Plaintiffs allege that 3,000 Rupees had been paid towards this bond in 1847 Now this payment is not on the bond and all the documents they advance in support of this prove the contrary they prove that the 3,000 Rupees in question was towards the Isteemirar Zemindars debt and this had merged in the 4 Bonds above mentioned

12. Then the Plaintiffs says that the Zemindar admitted the Bond to the Provincial Court Southern division what proof is there of this, might not those who forged the bond have also forged the instruction in which the admission was made if any such exist. These instructions must be examined and the nature of the admissions.—

We ought to examine the Plaintiff to this suit and the other two witnesses

6086

Fort St. George 20th April 1838

witnesses to the Bond and much truth might be elicited from them.—

The Sub Cmndy Mutty of Bo will show who were the Cummins of the pres mt day Can say if there are any such accounts

Also the Cummins such as may be alive of the Sivan Cutcherry of the day when Soobrow says in his deposition brought and rendered the accounts to Cutwarn Periacurrapan Chetty and the Zemindar on the deposition of the Bond.—

Are there any such Settlement of accounts on the 10th April 1837.—

—B.—

—No. 7.—

Endorsement on Petition of G. B. Fischer dated 6th January 1838 Vakil in behalf of Rance Pitchonna Nachear to the Acting Magistrate.—

Read again Petition presented on the 6th instant by Mr Fischer as Vakil on behalf of Rance Pitchonna Nachear requesting assistance and access to the accounts &c. in the Collectors and the Zemindary Cutcherries to enable him to prosecute for forgery the Plaintiff in Original Suit No. 8 of 1836 in the file

go

Fort St. George 20th April 1858.

of the Civil Court of Madura and the present Guardian and others as aiding and abetting the same.—

As the Bond which is said to have been forged has been filed before the Civil Court of Madura the Acting Magistrate can take no steps in the matter till the Court has pronounced whether it be a forgery or no. That Court has power if it thinks fit to order a prosecution for forgery.

Madura 7 January 1858 — I

/ Signed / A Hathaway
Acting Magistrate.

C

Note Thursday 14th January 1858
2 O'Clock P.M.

Read the Nair Serestadar and Government Vakeel as the agent of the Ranee Pilchama Nauchian by permission of the Collector my letter† showing cause for such privilege has not been answered met in consultation on the state of the suit No 8 of 1856 of the file of the Civil Court of Madura and on my letter of the 5th Instant charging on behalf of the Ranee Pilchama Nauchian the Bond on which the suit is instituted

† 11th Instant.

Fort Saint George 20th April 1858.

instituted to be a forgery and the suit itself the work of a conspiracy composed of the Plaintiffs to the suit the Manager and guardian and other servants of the Zemindary and some of the principal servants of the Collector or agent of the Court of Wards as he is in this case.—

Read my letter of the 5 Instant and the statement which accompanied it.

Read also Mr Parkers letter to the Court of Wards of the * reporting on the demand made by Pullaneappa Chitty.

* No 3061 & 3431/55 & 1058/56.—

Read the 4 Bonds found in the records of the Zemindary under date 14th August 1836 in favor of the 4 Plaintiff separately and respectively

Read the account to which led to them a statement of which resulted in the balance for which said

Fort Saint George 20th April 1838

said 4 Bonds were granted.—

Read the Takeels ordering payment by grain of 3,000 Rupees towards the Estimirar zemindar debt.—

We ought to have examined the accounts of these payments and the receipts for it, but did not

Examined the Hunzoor and the Canoor or Cusbah Canoor Talook entries.—

The Nail objects to put in the accounts on which the 4 Bonds of the 14th August 1836 are founded lest we raise up all the other old debts therein mentioned—

I say that that is not a good objection because all the debts therein mentioned are lapsed and barred by the statute of limitation

We can't account for the 4 Bonds found in the Records of the Zemindary Those who can tell + wont tell they are in the conspiracy.—

The genuiness of those Bonds or of the accounts which led to them cannot be questioned If the debt in 1836 was 21,000 Pagodas it could not well in 1837, the next year, have been 33,000 or if not so increased the Plaintiff is bound when challenged to prove the increase which as merchants they ought to have no difficulty in doing

The Zemindary has been involved in fierce litigation and its accounts have all been tampered with or destroyed.—

+ Which ought to be the guarded an abd manager old servants of the Zemindary chiefly.—

Even the Estimirar accounts of Fusly 1211—

Fort St. George 20th April 1838

destroyed There is no such excuse for the accounts of the chattles

Mr Parkers letter of the ——— clearly indicate his suspecions of the Bond & his knowledge & his means of rebutting it were such that the Plffs. didn't dare in his time to venture to put it in issue in a Suit in Court.

The entries alluded to above go to show that the Zemindar was not in Shevagungah on the day & date the Bond is said to have been executed by him there

The Collr. Sheristadar Sashagherijttow kept a entry must call for it

The Government Vakeel advanced some arguments against the probability of the Bond which we requested him to commit to paper and submit to the Collector which he has promised to do.—

And the following occurred to me which I stated at the table

1st That if the Bond had been a good one it would not have been allowed to lay over so long without payment or even demand especially as the Zemindar who granted it & his successors were so able to pay it & it could have been so easily tested and not let it lay over till all is involved in obscurity—

Fort St. George 20th April 1858

2 If the Bond had been made as stated by the Witnesses to it Viz. by settlement of accts on the old Bonds for 62,000 Pags surely such accts would be forthcoming either for the Plaintiffs or defts the accts produced by the Depts refute it.—

† The only accts to be found in the Zenny Cutcherry.

3d. Then again if the payment of 3,000 had been made as stated by the Witnesses to it Viz. that the copy in the record was read and compared with the copy held by Plaintiffs & questioned by the Takeeds ordering such payments would surely have mentioned the Bond.—

4th None of the Zemindars other Bonds are witnessed, this bond is witnessed by 4 persons & the only 2 of these Witnesses who were examined were low beggarly Comedmars aspirants for small situations persons not at all likely to have been called upon to witness such a document & at such a retired part of the Zemmdars palace as it is said to have been done in.—

The Naib proposes to compromise the suit by paying the amount of the 4 Bonds which we admit were genuine rather than run the risks of a law suit i e if the Plffs will agree to it.

Fort St. George 20th April 1858

I was doubtful at the time what to suggest but upon mature consideration I should say to compromise in this manner would be to compromise the interests of the estate it would be compounding felony The Bond such upon is indubitably a forgery to give 80,000 Rs & compromise that suit would be to give so much as premiums to forgery and letting a gang during rogues escape a fate that they have richly deserved is a fate that they have richly deserved

The Naib proposes to examine certain accts & parties but I am afraid it will be useless with the manager and guardian and almost all cutcherry servants arranged against us and having such accts & parties under their charge and in their controul.

D

To D Mayne Esqre

Acting Civil Judge of Madura

The respectful petition of Soobramania Iyer & Ramasawmy Iyer Court Vakeels on behalf of Raiee Pitchama Nachiar the Mother of the Minor Zemmdar of Sheraguuga

In O. S. No 8 of 1856 of the file of this court Tulaneappa Chetty and others have sued the guardian of the said Minor and the Collector the agent of the Court of Wards for upwards of 2 lacs of Rupees and now they have given in a motion as requested by the Government Vakeel that he consents that the Court of Wards may be arbitrators and make decree according to Regulation 21 of 1802 that orders may be given that decree may be passed by arbitrators The said suit is unjustly instituted on a forged bond. The Petitioner has given in petition to the Collector thro' her agent giving reasons in full for charging the same to be a forgery and showing how the guardian and others had aided and abetted the same copies of these are herewith submitted To escape from the consequence of this exposure this motion has now been given in by him If the Court will give the Petitioner the opportunity, she is prepared to prove that the Bond is a

a forgery Being satisfied that the guardian and others have leagued together to cause loss to and defraud her son the minor and it being her duty to protect the interest of her son which is greatly jeopardised in this case she makes this motion to the Court according to the District Moonsiffs guide Chapter 2 Page 11 which says on the authority of Macpherson that a friend of the minor may also sue when the guardian is against the minor therefore the Court is requested not to comply with the said motion of the Plaintiffs but to take into consideration the facts and arguments which Petitioners has submitted for charging the bond in question to be a forgery and institute the needful investigation and not only to dismiss the suit but punish the perpetrators of the forgery according to the Regulations.—

Moreover it was under the sanction of the Court of Wards that the answer was put in disputing the claim The aforesaid Regulation gives no authority for such

Fort St. George 20th April 1858.

opponents or Defendants being made arbitrators
In original Suit No. 48 of 1847 in the case of a
similar forgery as this the Court refused to admit
the Razeenamah given by both parties and en-
quired into the forgery and punished the parties
in Calendar No. 32 of 48 and this proceeding was
confirmed by the Fouzdary Udalut.—

To A Hathaway Esqre
Acting Collector of Madura.

Sir With reference to my letter
to you of the 11th January 1858 and with
reference to the proceedings of the Court
of Wards of the 16th Instant copy of
which has been sent to you I again beg
to request I may be permitted to see the
Minor in your presence if need be
to explain to him the nature of the
Charges against the guardian and to
obtain his authority to prosecute him
The Charges against the guardian
in Original Suit No. 8 of 1856 is set
forth in my letter of the 6th Ultimo
and the statement which accompanied
it.

it and the Charges against him in the Arroosal case are set forth in my letters to you of the 24th and 31st December 1857 and in the Statement of the 12th Instant.

Madura ---- }
20th February 1858 }

P S

And I think the guardians receiving in Dhanum out of the Kattathi Villages from Mahavoo Nachiar knowing as he must have done that Mahavoo Nachiar had not power to bestow it except on forged Documents might be made a third charge against him.

G

The Acting Collector declines to grant the interview sought

sought for. The Acting Collector has made a report to the Court of Wards with reference to their Proceedings of the 16th February and must abide by their instructions as regards the previous Petitions in which the Guardian and Managers are charged with complicity in the fraud attendant on the disposal of a Puttay Arroval and in the forgery of the Bond in Original Suit No 8 of 1856 it suffices to remark that

Fort St. George 20th April 1858

that as the former case is under investigation before the Acting Collector and the other before the Court of Wards as arbitrators the expediency or otherwise of such a prosecution must ere long appear — The same remark applies to the Postscript of this Petition
