From the Sec.y to Govt.

Extract from the Minutes of Consultation in the Revenue Department under date the 19th April 1858—

Sanctioning the remission to certain Ryots of the Adoni Taluk of Bellary of Rs. 49 the value of crops destroyed by the encampment of General Whitlocks moveable column on their lands—

(See No. 497 in Separate Volume)

No. 149.

To

J. D. Sim Esq.re

Acting Secretary to the

Board of Revenue.

Fort St. George.

B. No. 4257

From The Acting Collector of Ganjam

Sir

I have the honor to submit the following annual report detailing the results of the revenue administration of the Ganjam District during the past Fusly 1266 The figured statements accompany this.

2 Having gone down to Kennedy on account of the late disturbances I took the opportunity with reference to the standing orders of the Board of Revenue to assume charge of the Sub Division for the purpose of making the Settlement for Fusly 1266 — Mr. Davidson then Acting Principal Assistant Collector settled Goomsur. Sooradah and a part of Pobacandah but was compelled by ill health to go to England before completing the

to

the latter Talook Mr Thornhill who joined his appointment in the Month of February last immediately entered upon his revenue duties and completed the settlement of Poobacoondah and made that of Mohery and Ithapore

3 During the time I was occupied in the Jummabundy of the Sub Division I retained under my charge the salt Cotars of Nowpodah Vomaravelli to Mr Davidson and afterwards to Mr Thornhill was entrusted the management of the Ganjam Cotar during the time they were in charge of the Collectors division after the completion of the Jummabundy I have again assumed the charge of the Collectors division and Mr Thornhill has been managing the affairs of the Sub Division.

During

4 During the months of April and May last, Cholera raged all over this District and carried off numbers of people. The want of good drinking water was much felt particularly along the Trunk road where the disease was most Severe.

5 The rains were not as abundant during Fusly 1266 as they were during the year preceding it Yet the Dry grains Gingelly Mustard &c yielded an average crop With regard to Paddy the crop was a full one only in those places where there exist means of irregation The Sugar Cane crop also suffered Notwithstanding all this the demand being large and prices high the revenue was paid up without any difficulty

6 The average prices do not exhibit any remarkable difference They are generally the same as those which ruled during the last year the prices of the Dry grains shew a slight fall attributable to

to the abundance of their crop The prices of paddy at the various market town is slightly higher

7 The exports were not to the same extent during the year 1855 and 1856 There was a falling off in the exports of paddy rice and Sugar In the Gingelly seeds the exports shew an increase

Statement XV Quinquennial

8 The following figures are extracted from the Statement No XV Shewing the number of Govt Villages

	Villages	Hamlets	Total
Ryotwar	655	426	1081
Rented	574	63	637
Waste	8	"	8
	1237	489	1726
Enams	233	100	333
Petas paying Misturpha and subject to the fishery rent only	33	"	33
	1503	589	2092

Note The mutations from one kind of revenue system to another are frequent in this District it is therefore suggested that this statement accompany the Summa Lundy Report every year

9 The number of Villages during the last year was 1491 It will thus appear that the figure shewn above exhibits an increase of 12 Villages This increase occurs in Goomsur where the Khonds have newly built same Villages subject to the usual conditions of paying revenue to Government Their revenue is at present Rs 121-6- giving us about Rs 10 for every one of the 12 Villages The number of Villages under Rent

Rent is shewn to be 574 of these 158 are under village rents paid by the Ryots collectively and the number of villages given to renters has been reduced from 778 to 116 when I first took charge in Fusly 1263 Three of these villages have been given on rent for 10 years on a progressive Cowle under the sanction given in Extract Proceedings dated 25th August 1856 The Cowle has taken effect from the fusly under review In Goomsur three Villages are under quinquennial Cowle The Cowle there also has taken effect from fusly 1266 other villages are under Cowles not exceeding three years

X Extract Proceedings Board of Revenue dated 21st August 1856

10 One of the Enam villages belongs to Government and it is now enjoyed by Seerya Bala Puttamahadevi the wife of the late Soondersing under a grant for life made by the Government.

Lunyapilli in Moherry

11 This is the Statement of the existing works of irregation The following are the figures extracted from it

Statement XVIII

	Works belonging to Government	Works belonging to private individuals	In repair	Out of repair	Total
Tanks	2340	736	2343	733	3076
Nullahs from rivers	359	37	361	35	396
Streams of small extent	448	121	463	106	569
Wells	73	1296	1308	61	1369
Total	3220	2190	4475	935	5410

12 Most of the Tanks are very inconsiderable in extent and for want of proper Sluices and Calingulahs their usefulness for purposes of irregation is very much lessened none of them command extensive Cultivation The Nullahs led from the rivers are very valuable works they are Chiefly in Vadadah Itchapore and Goomsur they too require in many parts head Sluices and Calingulahs The wells are dug for temporary use They are not strong and do not last long

Statement XX Quinquennial

13 This Statement shews the Goodcut of this District the following is an extract from it

Fort St George 30th April 1858

Zemindaries

Inam Estates

from this statement we gather that about 12461 acres of land are yet to be reclaimed and this I believe will be found far below the mark when the District is surveyed The figures in Columns 3 comprises extensive tracts of Jungle much of which I believe to be under cultivation tho' it is impossible to discover it among the hills The conditions of the 20 years Cowle which now exists have been made known to the people There have been but few applications on the part of the people for waste jungle land according to the existing Cowle The terms are not as far as I can learn sufficiently inviting 20 years is in the estimation of the people but a small period and one in which there is not room for a fair return for capital sunk in the land It must not be forgotten that a farmer on leaving his holding can take but little away with him except live Stock while the Manufacturer has his Machinery Vizt People might be induced to take up Jungle and waste land if the cist which is to be assessed at the end of the term were made permanent (or what would in my opinion be far better if long leases of 80-90 years were given) but this cannot be done successfully and fairly both as regards Government and the Ryot until the District has been regularly assessed It must be remarked that the figures which this statement shews are for the most part assumed The Cummums of

of Wadadah, Polaky Itchapore Poobocandah and Moherry have generally been induced to adopt the new forms of accounts In Goomsur and other tracts the difficulty has not yet been got over The Cummums do not understand the forms In many places the Hoozoor Goomastahs have put the Cummums in the way in others the cummums unable to write on paper have employed volunteers to prepare the accounts for them, same time must still elapse before the adoption of the new forms become general throughout the District and before they can be fully relied on all that could be done by the Collector for the introduction of these forms has been done.

Statement III 14 The number of the Ryotwar villages was during the Fusly 1265 to 639. During the fusly under review 8 of these villages have passed to the other modes of land tax owing to the poverty of the Ryots on the other hand there have been added to the Ryotwaree System 24 Villages 15 of which belonged to the coast goota System and the remaining 9 were under renters The number of villages settled under the Ryotwaree System has therefore during the Fusly 1264 risen to 655 The state of these is described below.

The

Fort St. George 30th April 1858

	Talooks	Number of Villages	Rent for Fusly 1265	Rent for Fusly 1266	Increase	Decrease
1	Itchapore	65	47874	48794	917	"
2	Poobacondah	136	94397	95366	969	"
3	Mohenry	48	30108	30033	"	75
4	Goomsur	265	69393	70687	1294	"
5	Sooradah	2	796	803	7	"
6	Wadadah including Blacky and Wadapand	121	152304	154521	2217	"
7	Palatalagam	13	5047	5205	164	"
8	Gatalavalsah	2	1478	1478	"	"
9	Putchempoorum	3	1774	1787	13	"
	Total	655	403168	408674	5581	75

The increase which is apparent here is attributable to the following causes

1 Cultivation of waste lands in Itchapore Wadadah and Poobacondah } 3612 " "

2 Conversion of the Dry and Garden lands into Wet in Wadadah } 231 " "

3 Cultivation of the lands left waste during the Fusly 1265 but fully cultivated during the Fusly 1266 } 1705 " "

The small decrease in Mohenry which is produced by various causes and in individually small amounts does not require notice.

The following is the description of the lands which are comprised in the villages noticed above.

6729 Fort St. George 30th. April 1858

15 The causes of increase have already been noticed The increase in the ready money items Rupees L.S. 13-5 are Cuttoobady on several small Enams in Inheary the holders not being able at first to make good their claims the land was during the year 1265 treated as Jeroyatee The Enamdars have however subsequently produced reliable titles and the enams having been continued to them the Government Demand has again been limited to the established Cuttoobady This increase is counterbalanced by a Decrease of Cuttoobady of Rupees 2-- on an unauthorized grant which has been re-sumed and incorporated in the Jeroyatee lands in the Estate of Polaky The net increase is thus Rupees L.2 13 5

6730 Fort St. George 30th. April 1858.

Fort St. George 30th April 1858.

This will I feel satisfied be considered a satisfactory proof of the progress of the District.

Statement III

16. The amount of remissions was Rupees 715-3-1 for Fusly 1266. This is about one third of the amount remitted during the year 1265. The amount of cist assessed on land left waste during the Fusly 1266 was 349. Of this amount Rupees 299-0-0 belong to Wadadah and Palaky owing to a partial failure of rain in some localities. For failure inundation and destruction of Crops there was remitted Rupees 153-0-0. For two Villages the amount thus remitted was Considerable Viz. Rupees 115-0-0. The ryots of the Villages have experienced a succession of bad Crops and are much impoverished and consequently required consideration. The remaining sum was scattered in small amounts over a number of Villages. The amount shewn under deduction on account of Cawle occurs in Ittchapore where waste land of 15 acres has been granted on a 5 Years Cawle to a private individual for cultivation on his agreeing to pay Rupees 1½ per acre this is his first year and 3/4 of his cist is consequently remitted.

* Hertepoor 50-0-0
Andavarum & Ramachundrapoor 65-0-0
115-0-0

Fort St. George 30th April 1858.

17. In the Talook of Wadadah there is an item of remission called "Sery Waya" this is a kind of remission made when Jeyati land is cultivated by the Curnum and Carje of the Village. During the last Summabundy it came to notice, that in the Village of Dilada the ryots actually cultivated at the reduced Cist a certain piece of land while it was nominally shewn as under the Cultivation of the Village Curnum. This of Course could not be permitted and the deduction of this 28 Rupees from the usual amount of Sery remissions produces a decrease in that item.

The following figures describe the ready money items.

	Fusly 1265	Fusly 1266	Increase	Decrease
Cuttoobody on Enams.	17,484	17,610	126	.
Jodgey on Agraharums &c.	13,035	13,035	.	.
Quitrent.	247	279	32	.
Topes.	586	538	.	48
Chayroots.	40	42	2	.

Valed.

Fort St. George 30th April 1858.

Valid titles having been produced several Enams which were classed under the head of doubtful origin in Mokarry were continued to their holders and the Cuttoobady assessed on them realized this amount have already been noticed while speaking of the Ryotwar Villages Vide Para 15—

* Rs 44 of this

shews an increase of Rs 126—"—" under the head of Cuttoobadies. At Setarampoor in Poobacondah a site has been taken for the construction of a school house for the Ouslow institution and at Soradah the Roman Catholic Missionaries have occupied a piece of ground for building purposes These two are new additions to the item of Quit rent hence the increase evident in it The topes of Soradah did not yield a full crop there was therefore a decrease of Rupees 108—"—" but this is Counterbalanced by an increase of Rupees 60 obtained from the topes of Mokarry hence a not decrease of Rupees 48—"—" in the item of Topes There are 132 Separate fishery rents in this District according to the orders of Board of Revenue quoted in the margin the system of quinquennial rent has been introduced 128 have been taken up

29th October 1855 No 2363

Fort St. George 30th April 1858.

up for five years these give an increase of — Rupees 519 Four have been taken up for one year only and in these there has occurred a decrease owing to local circumstances —

183 All the quitted Enams belong to Mokarry The men who once owned them would not take them up upon a moderate cist thinking that by so doing they would forfeit their claims to them as Enamdars The ryots under whose cultivation they have been also could not be induced to take them up as they supposed that this act on their part would injure the cause of the men who once owned them — The affairs of these have therefore been managed solely by the Talook authorities Owing to the high prices their income shews an increase of Rupees 312—"—" over the Basiz of the Fusly 1265 The Report on these Enams will be submitted within a short time as they have all been looked into and the accounts are prepared —

Statement 7 19 This Statement shews the particulars of the Extra Revenue &c The item of irrigation or water cess shows a decrease this is owing to the arrears of Fusly 1264 having been —

Collected

collected in 1265 The non realization of the balances outstanding against the ryots in the reverted Estates the remission of some unclaimed Enam lands the non cultivation of any lands subsequent to the settlement the conversion of certains lands in Gomsur claimed by different Villages round into a separate Village and the non imposition of fines to any large extent produce in these several items a decrease of Rupees 2105 — — The sale of Books of Rules to the Curnums produced Rs. 75 — — Commission for managing the Estates of the minor and incapacitated Zemindars amounted to Rupees 33 — — Surplus collections amounted to Rupees 23 — — Refunds amounted to Rs. 427 In the other items there is a small increase all these combined to produce an increase of Rs. 1602 — The refunds consists of unclaimed salaries the recipients having in several instances died without heirs this is consequent on the system of preaudit as waiting till all the Talook Mujeer Jabitahs came in would occasion too much delay it therefore sometimes happens that fines are imposed on vacancies occurred are not known when the bill is prepared at the

the sudr station and the whole amount of the salary is charged according to the audited bill and the difference carried to credit in another time The misconduct of the servants employed in the salt department which subjected them to heavy fines and the sale of a surplus quantity of straw purchased for covering the salt heaps have produced an increase. The sea customs exhibit a decrease and is attributable to the ordinary causes the non receipt of Tonnage duty vessels having departed within the allowed time and the registration fee not being an item of collection every year The decrease in the interest account is owing to the absence of any large deficit on the part of Zemindars &c. In fusly 1265 there was a sum of Rupees 1339 interest on the arrears of peishcush of the Haughtghur Talook for Fusly 1263 It was adjusted in Fusly 1265 In the abkarry interest account there is apparent an increase of Rs. 23 owing to the introduction of the practise of charging interest on every Kist not paid as it falls due instead of on the balance outstanding at the close of the fusly —

Statement X

Sns

Fort St. George 30th April 1858

In the rents for more than one year there appears an increase while in those for one year there is a decrease The ryots of Villages in Goomsur begged Mr Macdonald to allow them to keep their Villages for 3 years certain as they dreaded the renters coming forward with higher offers year by year This request of the ryots are complied with and the consequence has been an increase of Rupees 89-- which is willingly paid by the ryots The number of the Villages under each head not being the same in both years there must be a vast difference in the amount of their cist which could only be explained by an account particular of each head The causes for the difference in the other Sources of Revenue will be noticed hereafter—

Statement XI 21 From the Statement it will be seen that at the end of the Fusly 1266 there remained a balance on all Sources of Rupees 16870-- This is more than double the balance which remained at the end of the fusly 1265—

The—

Fort St. George 30th April 1858

The following are the causes of this large balance. as the Abkarry Kists fall due at the end of every Month owing to the change of 11 days in the fusly year the Kist for the last month in the fusly year remained due at its close. There was also a large amount which although collected in the Talooks could not be shewn in the Hoozoor accounts before it reached the Hoozoor Treasury. These two items added amounted to Rs. 5,545-- the small balance left on the 1st September has been much reduced, the actual balance now outstanding is within 10 Rupees. The land Revenue balance was I am sorry to say double that which remained at the close of the fusly 1265 and after deducting the subsequent Collections up to the end of August we have still a balance of Rs. 7,363-- of this sum Rs. 3,634-- was outstanding against Moherry. Against Goomsur there were a sum of Rs. 1153-- outstanding. In the former instance it was attributable to great and I fear I must add wilful remissness on the part of the Tahsildar who is now under suspension. A younger and more active man has been sent to Goomsur and every exertion is being made to realize as much as is recoverable and much has already been recovered. With regard to the

amount

Fort St. George 30th April 1858

amount which may remain desperate the ma
Jummabundy report will furnish particulars. Ba
balance on 1st October was 5,332.—

Statement XII 22 Against the permanently settled Es
tates there appears to be outstanding at the close of the
fusly a balance of Rs. 2881-14-1 including the arrears
Of this Rs. 2801-"-" is the balance of Peishcush of
+ Vide Para 50 of the Jummabundy report for Fusly 1265— + Bramin chayi purchased on account of Government
The current demand has in all other instances be
duly paid up—

Statement XIII 23 This shews the amount of arrears
outstanding on the different Talooks on accoun
of each fusly— It will be seen from this that
the amount of arrears was at the close of fusly
1266 Rupees 21491-14-3. This was reduced by subse
quent collections upto the end of August last to
Rs. 21259-15-3 The amount that will have to be
written off the accounts as being desperate is
Rs. 16803-3-10 as will be seen in the 11th Column
of the above statement. This amount includes Rs. 1
15-7 sanction for remitting which was solicited in
Jammabundy reports of those years to which it be

&c

Fort St. George 30th April 1858

In his proceedings dated the 31st March 1856 review
ing the Jummabundy of Fusly 1263 the Commissioner
for the Northern Circars accorded sanction for writing
off Rupees 2164-11-11. But this amount being Rupees 1-"-".
less than that proposed to be written in the Land re
venue item, reference was again made to the Commissi
+ 24th April 1856 No. 299— oner. In his + reply he stated, that he was going to ap
ply for sanction for writing it off in the review on
the Jummabundy of this District for the next fusly
as the particulars of the amount not sanctioned
to be written off were not known it was not
possible to write off even the sactioned amount,
Viz. Rupees 2164-1-11. It is therefore now requested
that sanction for writing off the whole amount
may be accorded as soon as practicable, as its existence
as an item in the accounts mearly serves to make
the outstanding balances appear heavier than
they are in reality. From what has been stated above
it will appear that there remains only a sum of
Rupees 1613-2-10 still to be accounted for.
This amount is not recoverable as has been
ascertained by a careful scrutiny during
the Jummabundy time and I request that
sanction may be given to write off
this sum also. Its particulars are
as below.—

J

Fort St. George 30th April 1858

I beg now to offer a brief explanation of the foregoing figures. It will be perceived that the Statement includes Rupees 192-12-1 belonging to the fusly 1265. The season of fusly 1265 was a good one and the collections were made with perfect ease. The only large item is Rs. 113-5-11 for Fishery taxe, this was the amount remitted by orders of Government dated 4th November 1856 to Boatmen who registered their Boats at Pon=jam and Munsoorcottah they being merely called on to pay the difference between their taxe and the registry fee. The reservoir of Salt water at the Nowpadah Pansaud is put in repair and the fishery renter of a neighbouring Village of Maghaneram experienced much loss as the water was not as deep as usual in the backs waters

Fort St. George 30th April 1858

water where they fished a sum of Rupees 30 was remitted to these men. The remaining amount is composed of Rupees 23-11-6 Cattoobady on certain Service Enams in the Talook of Poolacondah which after having been abandoned for several years on account of the heavi=ness of the Jut rent were taken up again on the condition of one half of the regulated amount being remitted for two years and of Rupees 23-11-7- remis=sion in small sums granted in two Villages in Mohery on account of the poverty of the debtors. The remaining

amount

Fort St George 30th April 1858

amount of arrears Vizt

Rupees 1,420-6-9 extends o

over five years Vizt from fusly

1260 to fusly 1264 it was at one

time hoped that this would

have been recovered but it has

been ascertained to be desperate owing

to the poverty of the parties by whom

it is due or to their having left

the country or died - In Palakye

the system of settling with the Cultiv-

vator for a certain quantity of the grain

he produced prevailed o

until

Fort Saint George 30th April 1858

until fusly 1264 - In fusly 1263 the prices were high and the demand which depended upon him was also high at the time of fixing the Cost but the prices fell immediately and the Cultivators who had agreed to pay according to the then ruling prices could not be compelled to pay what they did not get - The ryots too are difficult to manage and make away with their produce and tho' now recovering were much depressed by previous mismanagement under the late Proprietor, this has rendered the recovery of this arrears a very difficult task and I think it desirable on all accounts that they should be wiped off and the ryots allowed a fair start now that the old system has been compounded to a money settlement I went personally into each mans case and only gave remission where I felt sure the ryots was unable to pay his balance -

24 During the settlement of Goomsur for fusly 1265 under Captain Macdonald there was a case of a renter against whom there was outstanding a sum of Rupees 32-13-4. This balance remained uncollected owing to the remissness of the then Tahsildar in the first instance, but in fusly 1265 he did not only suffered a failure of crop but he was robbed of a large sum of money and he is now unable to pay this balance the Cuttoobudy Rupees 7-8-0 due on an assessed assessment Cowle should also be written off -

25 In Mohurry there is a sum of Rupees 42-0-3 belonging to the fusly 1263 this Mr Thornhill found to be desperate, the payers having become very poor and lost all credit -

The

6719

Fort Saint George 30th April 1838.

26 The 9 and 10 Columns of the statement No. XIII exhibit a sum of Rupees 4,456-11-6 as recoverable and as doubtful. Of this amount Rupees 3,294-11-6 belong to Mohurry, and include Contributions the income of certain resumed Enams not Watan. The settlement as regards the Contributions and the income of the resumed Enams can be made as the question of the Enamdar settlement is still under consideration. With request to Mr. Thompson I beg to state that minute inquiry is necessary to decide upon every individual amount and I have not been able to give my attention to it owing to other important duties and to my having no assistant here which therefore many petty duties of no great importance but to Ryots upon whose time on my hands.

Vatt 27 The following Statement gives in a concise form the Amount of Vatt received and expended during the past year

Jenjeeram

Fort Saint George 30th April 1838

Statement of the Number of Ryots Remaining at the Close of the Fusly Columns 1 2 3 4

Name of Talook or Division	Number of Ryots Remaining at the Close of the Fusly	Number of Ryots who have Emigrated from the Talook during the Fusly	Number of Ryots who have Immigrated into the Talook during the Fusly	Total

Total	3,10,121	1,885	4,587	3,12,823

28 The season was I must allow a very favourable one and the Crop of the year under review was nearly double the average Crop of the preceding five years and about one half greater than that of the Fusley 1263 which turned out greatest quantity of the five years. The whole crop of Fusly 1266 was Maunds 930,838 of this the produce of Nanjanad Land above amounted to about Maunds 564,000. On Romaravelle work to commence was not received till 28th January 1857 and the work was not begun with the same fulness as in the preceding years under the impression that I was to last for only one year, but even with this drawback the capture is very fair. In Ganjam the work men struck for an increase of remuneration and required much management and firmness to bring them to reason the capture is therefore creditable to the superintendent indeed I may say the three Officers in charge of the Farm have exerted themselves vigorously to check fraud and extend the manufacture and with success.

Fusly 1266 Crop stored within the season

29 Over the margin is shown the crop of the Fusly under review and that immediately before it with the amount stored within the season this affords proof that every exertion was made in this important Branch of the

Ganjam	176,358	98,400

Romaravelle	85,596	85,596
Total	417,443	377,248

since received into store the difficulty in obtaining sufficient strain for the watching presented

Fusly 1261 5,89,726
" 1262 0,85,201
" 1263 5,86,452
" 1264 2,81,647
" 1265 4,21,841
Total 23,05,267
Average 4,73,013

Extract Proceedings of the Board of Rev

prevented the completion of this work at Ganjam as speedily as at the other Cotours.

30 I propose in a few days to submit a separate report on the future management of the salt in this District and the rates of hire to manufacturers which must I think be raised as owing to the high price of grain and the work afforded by Government in public work labourers hire has risen all over the District.

Fusly 1265 5,35,413
" 1266 4,75,025
60,388

31 On the sales there appears to be a falling off both in the "Home consumption" and "Inland consumption" to the extent of above 60,000. The want of salt at all the Cotours owing to the partial failure of the crop in Fusly 1265 is the cause of this deficit tho' the new salt was sold at as early a date as practicable. The quantity of wastage is within the mark. no remark is therefore needed.

Statement No. XIV 32 This Statement shews a deficit of Rupees 51,418-- "in the Salt receipts and in the Charges there is an increase of Rupees 6,391-- "consequent chiefly on the maintenance of the Establishment on an extended scale. These two items reduce the profits to Rs. 57,809-- " below those of the former year this will however be more than met by the proceeds of the salt stored in this season for sale in next.

Sea Customs 33 Of the seven seaports which exist in this District that of Calingapatnam is the most important and the number of European merchants there is increasing. Mansoor which enjoys next its fine harbour very much increased of late and its position and proximity to many of the most fertile

Yemin Lewis

Net Profit	51,121	37,551	"	13,570

34 There is an increase in the Amount of charges and this is owing to the fact that there were several items on which tonnage duty was refunded to the owners of the Vessels, in consequence of their having been made over to its collection. The salaries of the Establishment were disbursed within the fusly for the whole year—

35 There are 20 Arrack farms in this District these were offered on rent for five years excepting Coonsur and Chinna Kenady farms the whole of which Rent on the advertized terms. The Coonsur and Chinna Kenady farms were taken for one year only. These all described below in figures

Arrack

The

Fusly 1266

	One Years rents	Increase	Decrease
	35,855-	2,552	"
	24,829	30,329	3,193
	37	19	"
	5200	53921	5713

36 The large increase Viz^t Rupees 3780-- occurred in Punla Remedy. The improved state of the Talook and the execution of Maramut work on an extended scale produced this increase. With regard to the rise and fall in the Gaviz of the former no remarks is needed as none of them are extraordinary-

37 There remained a balance of Rupees 5,445-3 at the close of the fasly. The subsequent collections to the end of August last amounted to Rupees 5,011-37 The remainder Viz^t 33-13-8 have been collected since-

38 Of Rupees 576-11-10 the arrears of Abkarry revenue belonging to the fasly 1263 Rupees 39-1-- have been collected. The remaining sum also could be collected-

† Vide Para 52 of the Summary report for fasly 1265-

Mutteepha

39 The following figures relate to the Mutteepha tax-

	Gaviz	Collected within the fasly	Balance outstanding at the close of the fasly
Fasly 1265	9,535	9,106	429
" 1266	9,935	9,358	577
Increase	100	"	148
Decrease	"	48	"

40 The Gaviz for fasly 1266 is Rupees 100-- more than that of the preceding year. This is owing to the imposition of this tax upon the houses of such deserted them during the fasly 1265 on which none

have been newly tenanted, the tax has not as here been newly imposed but of course towns where it already existed all new owners are liable and are called on to pay it-

41 The balance that remained at the close of the year was Rupees 577 but this was reduced to Rupees 309 by subsequent collections to the end of August last. Of this amount Rupees 295-- belong to Mohenys and Mududuk the remaining amount is scattered over the other Talooks in considerable sums. All that is recoverable will be collected with as little delay as possible

Stamps

42 The revenue of the Stamp papers is shown below-

	Receipts Fasly 1265	Fasly 1266	Increase	Decrease
Sale proceeds of stamp Papers	18,534	17,181	"	1,353
Extra Revenue	2,025	912	"	1,113
	20,559	18,093	"	2,466
Charges Commission to stamp vendors	925	"	"	925
Refunded Stamp Duty	1,076	740	"	336
	2,001	740	"	1,261
Net profit	18,538	17,353	"	1,205

43 The decrease in the Stamp revenue is attributable to the decrease of litigation. The amount of commission due to the Stamp vendors for Fasly 1266 is Rupees 858 a bill has been submitted to the Civil Auditor for payment. It will be disbursed as soon as the audited bill is received-

The

Statement XIV

44 The annexed Statement No XIV discribes the results of the past years revenue management more specifically the causes of increase and decrease in the several resources of revenue have already been adverted to.-

45 In the charges there is an increase of Rupees 11,530.- Owing to the disbursement in full of the salaries of the Collector and the Principal Assistant Collector. Captain Campbell's Military salary is also included in this increase

46 In the Salaries of the Establishment there will appear an increase of Rupees 13,580. This is owing to the disbursement of the salary at the head to the appointment of Head Sheristadar to the following incumbents on full for some months during 1864 and 1865.- During the fusly 1265 the salary of the Head Sheristadar was disbursed in full. The salaries of the other public servants for Mayjam June belonging to 1265 were disbursed during the fusly 1266.- These are the causes of this large increase

47 In the Extra Revenue Charges there is a decrease of Rupees 1240.- Owing to the non disbursement as yet of the travelling batta to some of the public servants due to them for several Months during the fusly 1266. The Prisoners batta is also to be paid up for several Months Bills have been submitted to the Civil Auditor and the Amount will be disbursed as soon as they are returned audited

48 The increase in the Extraordinary Allowances arising -

C.B

owing to the protracted stay of the Collector and his Principal Assistant in the Kemedy Country for the suppression of the disturbance.

49 From my Assistants I have received as usual much zealous co-operation and assistance and the want of Mr. Davidsons services has been much felt and prevented my giving my full attention to revenue business by giving me much extra work in other departments.-

50 My Head Sheristadar joined me in August 1856 and was with me during the Summahbundy to which he gave his best attention, he is now on leave and his place is filled by the Naib who has exerted himself much in getting up these accounts.-

Fort St. George 30th April 1858

in accordance with the forms Received from Government on 23d August 1856.

2 The Sub Division did not come under my management until the 16th April 1857 previous to which date it was under the Gentlemen noted in the margin.

× From 1st July to 15th Nov. 1856 under Mr. Jones. From 16th Nov. to 18th Jan. 1857 under Mr. Davidson. From 18th Jan. 1857 to 15th April 1857 under Mr. Knox.

3 I took Charge at Chicacole of the Office of the Principal Assistant Collector of Ganjam on the 22d January 1857 but at the Requisition of the Acting Collector I proceeded at once to settle the Jamabundy of the Talooks of Itchapore Makery and part of Pooracundah in the North of the District. The Veds for Fusly 1267 was also made at the same time as all the accounts have been forwarded to the Acting Collector's Office the Settlement will not be reported on here.

Statement No 1

Total	Stations		Collected during the Year
Wet Land Rate	Bypiee and Chicacole		6171
Dry Rate			699 6
Assessed Taxes			395
Tolls	Rayagada	Sayer	44
Ferry Tolls			
Land Customs			126
Stamp Duties			

4 The Jamabundy of the Talooks of the Sub Division was settled by the Acting Collector in the place noted in the margin and the Reports and Papers from the Records left by that Officer.

5 On the whole the year was a favorable one as the monsoon was not abnormal. Still Rain fell when it was most wanted

Fort St. George 30th April 1858

the irrigation Channels, leading from the Rivers Nagavalla and Voumsadhara were well supplied throughout the season. The prices of grain though somewhat lower than in Fusly 1265 owing to a decrease in the quantity required for exportation were still high in Comparison with former years and consequently Ryots were enabled to pay their dues without difficulty and to extend their Cultivation. The Sanitary Condition of the Country both as regards men and cattle was good until the month of March when Cholera and Small Pox appeared and were fatal to many. The great want of water for forage in the Country at this time also produced deaths amongst the Cattle. All Sickness however disappeared with the first rains in

Account III
Fusly 1265 15,762
" 1266 15,904
Increase 142

7 In the villamy Beriz under the head of ryotwary there is an increase of Rupees 1408.— The particulars of which are given below

1 780 Acres of Bunjur land newly brought under plough and assessed chiefly by the aid of improved irrigation in Wadada and Polanky. 1312

174 Acres of dry land converted into wet land with increased assessment by the same means. 231

Fort St. George 30th April 1858

3 Cist on 40 acres of jungle land granted on progressive rent to be brought into Cultivation at the renters own Cost 100

4 Increased Cist imposed upon some lands at the time of revising assessment.— 363

1998

Deduct—

1 Land measuring acres 125-9-13-1 occupied by Channels and Roads 113

2 Ditto measuring Coontahs 32.15 become barren — — — — } 8

3 Ditto Ditto acres 0-15 Carried away by Encroachment of river } 3

4 Ditto Ditto acres 8 occupied for houses — — } 1

5 Cest reduced upon some lands at the time of revising assessment — } 165

590

1408

8 The above sum of Rupees 1408

Fusly 1265 — 1553
" 1266 — 565
988

added to Rupees 988 being the difference in remissions in favor of 1266 amounts to Rupees 2396 which is the net increase in the Settlement.—

Statement IV 9 By the Statement No 4 it appears that the remissions in the year under report are much lower than in Fusly 1265 because no lands

lands owing to the favorable State of the season were left waste and because the assessment of lands occupied for roads &c was included in the Vel in fusly 1265 and afterwards remitted whereas in the year under report the amount was struck out of the Veel in the first instance.—

10 The increase of Rupees 230 under the head of Sundry Items of the same statement is due to the Fishery tax, at Cabingapatam which has been rented for 6 years the tax worthy Resistance of the Fishermen having been hitherto concealed as well as to an item of Rupees 60-8- hitherto included under the head of Moturpha in the Polanky Talook which has been added to the head of Fishery. A charitable Garden bearing a Cattorbady of 2 Rupees in the Village Gallaluddy of the Polanky Talook which was under the head of Enams has in the year under report been added to the Jeroty on the same assessment and therefore a decrease of 2 Rupees appears under this head of Jody of Enams Suba corresponding increase having been made on the rent of Chagrut of Pathgam Koondah there is no difference in the total.—

Statement V 11 The Statement No 5 requires no remarks.

Statement No VII

N B No intimation having been received of the issue of the cowl and the Collector's Cutcherry having failed to discover the true State of the Case the Land 1·2·3 acres was charged for as new Cultivation the cowl will now date from the current Fusly

12 There is only one item to be entered in the Statement No VI. An application was made for 40 acres of jungle land in the Village of A K Koondah of the Wadadah Talook on 20 years progressive tenure to dig a Tank and clear away the jungle for cultivation. The application was approved of and the full assessment viz Rupees 100 was carried to account, of which sum 95 Rupees were remitted in the year under report as per Conditions of the cowl of the 40 acres applied for only 3 have been brought under plough and the rest will by degrees be brought into Cultivation.—

Statement No VIII 13. Sugar Cane is only grown in small quantities in a few villages of Purla Rimedy Kara Kavalsa and Wadadah. It covers 796 acres of land bearing a Cist of Rupees 2,531 as per statement No 7. The Soil does not appear well suited for the Culture of Cotton and a very limited quantity is only produced.—

Statement No VIII

× Fusly 1265 — 2,353
" 1266 — 2,375
Increase — 22

14 The increase appearing in the Item of Moturpha is very trifling and requires no remarks.—

Statement No IX 15 The Statement No 9 will Explain the causes of increase and decrease in the item of Sevay Jama and it therefore requires no comment here

Statement

Fort St. George 30th April 1858

Statement No. X

16 A Comparative Statement of the whole Settled demand for fuslies 1265 and 1266 under the sub division is given below vide Statement No. X

Land Revenue	Items	No. of Estates	No. of Villages	amount of Settlement Fusly 1265	amount of Settlement Fusly 1266	Increase	Decrease
Government Estates Permanently Settled	Purla Rimedy under the management of the Court of wards	1	895	82530	82530	"	"

	Total of Land Revenue	"	"	403911	391711	"	11564
	Sewoye Jamah	"	"	2289	1776	"	513
	Grand Total	"	"	406200	393487	"	12057

17 The above Statement shews a net decrease of Rupees 12,057 on the whole Settlement, notwithstanding there is an increase of Rupees 2,387 in the Land Revenue. This is owing to the decrease of Rupees 14,431 in the Salt and Sea Customs &c.

Fort Saint George 30th April 1858

Vcu branches and that of Rupees 513 in the Item of Sewoye Jamah.

Fusly 1265 - 3796
" 66 - 5033
Increase 1237

18 Under the head of rents for more than one year an increase of Rupees 117 vcu was Caused by the Condition of the leases, on progressive rents of Govindapore Vcu 7 Villages in the Polamky Taloo K which were under the same mode of settlement in the last year but at lower rents, their leases Extend also to the Ensuing fusly. The remaining Sum of Rupees 1120 is due to Codoor, Omelada and Imburpetta which Reverted from Ryotwary to rent under the Sanction of the Board of Revenue dated 25th August 1856 and the increase is therefore only apparent. The actual increase over last year on this Item is Rupees 476.-

Fusly 1265 - 1876
" 1266 - 242
Decrease 1634

19 Under the head of Rent for one year in Fusly 1265 there were Six Villages bearing a Cost of Rupees 1,876, of which 4 assessed at Rupees 1,676 in the year under report Reverted to Ryotwary for increased assessment and the 2 remaining Small Villages were again rented at an advance of Rupees 42 the decrease shewn in the Margin is therefore only nominal.-

20 The land Revenue of Government.-

Talooks

Fort Saint George 30th April 1858

Talooks including Sodi &c. amounts to Rupees 178628 which if Compared with that of previous fusly will Shew an increase of Rupees 2887.—

No.	Talooks	Fusly 1276	Fasly 1266	Increase	Decrease
1	Wadadah	138701	140217	1516	"
2	Polauky	25889	26941	1052	"
3	Odeypaudoo	127	140	13	"

5	Cadoor	1219	1309	90	"
6	Galalavalsa	1576	1578	2	"
7	Sutchinapow	2153	2519	66	"
	Total	175741	178628	2887	"

21 Increase appears in all the Talooks and chiefly in those of wadadah Polauky Which is owing to improved irrigation.—

Fusly 1265 — 25052
" 1266 — 28507
Increase 3455

22 Under the head of abkary there is a net increase of Rupees x 3455, an advance of Rupees 3780 appears in Pulakinedy alone and is due to the General prosperity of the Zemindary arising from good Crops high prices and an extended market for their produce. There is a slight decrease in the Seekaly Talook which reduces the net increase of Rupees 3455.—

23 There is a net decrease of Rupees 9206 in the Salt Revenue as detailed below. this falling off, is entirely in the foreign sales both the

Fort Saint George 30th April 1858.—

the Home and Inland Consumptions having largely increased & shewing a diminution in the grands so Common in these items.—

Statement No. II

25 The Peishcush against the permanently Settled Estates Viz.t Rupees 180430 has been fully Collected together with a Sum of Rupees 29 on account of interest on some Estates the proprietors of which neglected the punctual payment of their Kists

26 On the demand viz.t Rupees 178628 against the Government Estates Rupees 178256 was collected with in the Fusly and Rupees 84 subsequently so that leaving a balance of Rupees 288 the particulars of which are as follows.—

No.

Fort St. George 30th April 1858.

No.	Talooks	Beriz	Collections within the Fusly	Collections subsequent Collection	Collections Total	Balance
1	Wadadah	140217	139908	28	139936	281
2	Polanky	26941	26934	"	26934	7
3	Odeypandoo	140	140	"	140	"
4	Pattelgam	5924	5924	"	5924	"
5	Codoor	1309	1278	31	1309	"
6	Gatalavulsa	1578	1578	"	1578	"
7	Lutchmepore	2519	2494	25	2519	"
	Total	178628	178256	84	178340	288

27 Of this balance the Sum of Rupees 129 is against the Shroff of Ursavilly who embuzzled that Sum from the Collections of the village. He is now in the Jail at Chicacole and an enquiry is being made to find out if there is any property belonging to him from which the Sum embezzled can be made good. Rupees 39 are due by some Zeroyty Ryots of the Wadadah and Polanky Talooks who plead that some lands newly Cultivated by them are too highly assessed. For some part of this balance their property is under Attachment and the greater portion of the demand will shortly be collected. The remaining Sum of Rupees 120 stands against the Renter of the fishery at Coringapatam who has had some disputes with the fishermen. The disputes have since been settled and the Sum due will be speedily realized.—

Under

Fort St. George 30th April 1868

28 Under the head of mistunpha there appears a balance of Rupees 61 of which Rupees 37 is against the town of Chicacole and the remainder against Wadadah and Pilaiky Taloks. A portion of this sum is due by some very poor people and for the remainder property has been attached and it will be speedily realized.

29 For the Collection of the trifling balance under the head of Sewayee Jamah strict orders have been issued to the Taluk authorities the amount of interest due has been fully recovered.

Olibbalance statement K3

30 Of the balance in the Land Revenue the most part was for fusslies prior to fusly 1262. Of the recovarable balance Rupees 10 is 6 was collected in the fusly under report and with Regard to the remaining Sum of Rupees 6 to 8 strict orders have been issued to realize it without delay. The balance pronounced irrecoverable seems somewhat greater than that mentioned as such in the report for fusly 1266. This is owing to a portion of this so called recoverable balance, having upon Scrutiny by the Asst Collector in the year under Report been pronounced desperate and entered as irrecoverable.

31 Of the balance under the head of Mothuphas

Fort St. George 30 April 1868

Mothurpha Rupees 55 have this year been collected and Rupees 37 still appear as recoverable. The individuals against whom this sum stands seem to be very poor but measures will be taken to collect as much as possible.

32 Of the recoverable balance viz. Rupees 98 under the head of Sewayee Jamah Rupees 69 is against the late Naidoos and Cummums of Bologa from fusly 1263. These men were convicted of Embezzlements and were for some time kept in Jail under Regulation IX of 1822 but were afterwards released by the Orders of the Acting Collector. No property belonging to them is forthcoming. The remaining balance is in small items and will be recovered as far as possible.

33 Of the irrecoverable balance viz. Rupees 55,829 ample explanation

Fort St. George 30th April 1858

explanation was given in the reports of
Justices 12, 63, 66 and 65, further comment
is therefore unnecessary.—

31 In Conclusion I have only to add
my testimony to the industry intelligence and
thorough knowledge of his work evinced by
the Sub Sheristadar Canta Row Puntolou to
whom the preparation of the accounts attached
to this report has devolved I also take this
opportunity of acknowledging the valuable assistance
received from the Nair Sheristadar Banee Desapah Pantulu
in the settlement of the Ithapore Talook before I was fro
by my own establishment.—

Bd No. 13444
From the Acting
Collr. of Ganjam

Sir,

Fort St. George

With reference to the accompanying Copy
of a letter received from my Principal Assistant
I have the honor to submit an Estimate
framed by Captain Campbell and corrected
by the District Engineer shewn in red-
Ink for repairing the Houses of the Zemin-
dar of Purla Kemedy at a cost of Rupees
9,700—-— and request that you will be
pleased to obtain the sanction of
the Court to Commence the same, I am
able to state that the Palace
stands greatly in need of
repair.—

Acting Collr.

Enclosure 1

No. 66

To

W. Knox Esq.re

Acting Collector and Agent

Sir,

Having taken the opportunity of the absence of Mocalinguum of the Rajah and the Ranee of Kemedy during the Swarattra festival to inspect the private apartments of the Palace I have the honor to bring to your notice the almost ruinious condition in which I found them.

2. A sum of money was sanctioned for the repairs 4 Years ago and some portions of the buildings have had small sums laid out upon them but nothing like general repairs have been attempted and the rooms occupied by the Rajah and Ranee are so dilapidated as to be quite unsuitable for their residence.

3. I learn from Captain Campbell by whom the buildings have been inspected that the timber in the roofs is almost entirely destroyed and

and that new wood work throughout will be required but that at the present season the requisite timber cannot be properly undertaken till after the next Monsoon.

4. The rooms at present occupied are quite unfit for use during the rains as the roof leaks in all directions and is so rotten that minor repairs are almost impracticable.-

5. I have explained to the Rajah and Ranee that the repairs cannot be undertaken at present and have arranged for them to occupy a building now used as a storehouse but quite sufficiently commodious and in better repair than their own rooms when the latter may be no longer tenable, their own rooms appear very confined and inconvenient but they both desire that no alteration may be made in their demensions and arrangements.-

6. The public portions of the buildings are in better order, but on the South Side of the enclosure, opposite the private rooms are two buildings that are unoccupied and are also in the house formerly occupied by Guzzahaty Pattah. Maha Davee

a

a perfect ruin which should I think be removed and the other a house built for the use of some members of the present Ramnes family who have since been removed might be so far repaired as to prevent its further decay at a small cost.

7. The public buildings and all those buildings in the immediate occupation of the family should I think be put in thorough repair with as little delay as possible.

8. Captain Campbell has plans of the buildings and Estimates are being prepared in his Office and I have the honor to request that he may be furnished with the instructions to collect the materials and proceed with the repairs as soon as he is able to do so.—

3d. No. 25020
From the Collector of Vizagapatam

Sir,

I have the honor to forward herewith a Statement showing the amount of several fines imposed on account of the illicit manufacture of Salt, the aggregate being Rupees 98—2. The sums proposed as remuneration to the seizer under section VIII Regulation I of 1805 being also entered, the amount having been already carried to the account of Government under the head of Magisterial Receipts, I request the Board will obtain the sanction of Government to disburse the sum of Rupees 32—11—4. to the persons who seized the salt and I take this opportunity to mention that the sanction of Government is likewise required for paying Rupees 24. 15. 11 being the amount due under the Regulations to the individuals concerned in the seizure of the smuggled salt also referred to in the Statement—

Comparative

6823 Fort Saint George 30th April 1858.

3 Of the lands rented out by the Pyats assessed at Rupees 112,809-13- the whole extent was cultivated with the exception of such fields bearing an assessment of Rupees 1,860-15- a remission of only Rupees 217-3-8 was granted on the whole rented demand.

4 The entire settlement including the rents on gardens and the fixed quit rents on Cranes is put down at Rupees 1,32,980-9-8 of which Rupees 1,32,191-1-6 were realized within the Fusly. Thus the balance outstanding at its close was only Rupees 789-8-2-

5 A sum of Rupees 3,011 is stated to have been advanced to the cultivators but all of which was realized within the year.

6 The arrears at the commencement of the season due by the ryats to the renters was Rupees 4,390-7-2 of which Rupees 1,415-1-6 have been collected and a balance of Rupees 2,978-5-8 in the 6 years noted in the margin still remains for realization.

Pt. No. 1472

From A. F. MacKenzie Esqr. } Sir

Bimlipatam ---

Regarding the Estates of Palcondah and Bonjavarum &c.

I had the honor some time ago of forwarding to your address the Abstracts of Accounts for the Estates of Palcondah and Kanjavarum, also the Village Kyfeuts for Fusly 1266.

2 I am happy to observe in the first place that this Fusly has been much more prosperous than the one immediately preceding, prices of every discription of grain having much advanced and had not the least difficulty been found in leasing out the lands for the ensuing three years indeed great competition being observable among the ryots and had we allowed it they would gladly have gone to the full Goodsecurities Dowle of the Sayer lands, of which Rs. 19237-6 were remitted in the preceding Fusly

6829 Fort Saint George 30th April 1858.

A Kowbady in order to relieve them for the burden of the high cist incompatible with the low prices then ruling. I have raised cists to the extent of Rupees 5,812-8, minutely enquiring first where it might be raised without effecting the prosperity of the ryots, and remitted them to the extent of Rupees 485 where it was considered advisable the ryots fully concurred in these measures.

3 I had the Marahmats registered by the ryots and which were requisite for Fusly 1266 estimated first by the ameen, and then Sheerad by an individual employed apart from the Ameens Establishment for the purpose of looking after the cane and Indigo plantations &c.) and got the different works executed under the latter's superintendence while the former watched his proceedings and examined the work done they amounted to Rupees 12,46-13-

Leaving

Owing to these precautions the following Manahments are required by the ryots and necessary for irrigation were made although the tenement is moderate—

Arrowsdale Whepungchy Munthoroad Govindapooram

4 The Villages mentioned in margin of the Palaroodah and Honjoram Salvoo Rs were rather in a depressed state partly owing to the want of rain and partly to the ryots thereof being in indigent circumstances before and at the time when the Estates were leased out to us by the Government these now slightly improving under our management and therefore required the particular attention

attention of the Amuen whose duties being too extensive to admit much of it— Itrans ferred their management to the individual Superintending the Indigo and cane plantations &c. that the (not having much business in the revenue department) might devote his whole attention to them

5 The Ootkoody Dowle

of the Fusly was Rupees ——— 133,197-13-4

from which was remitted ——— 217-3-8

leaving a demands of ——— 132,980-9-8

Of this were collected up

to the close of the Fusly ——— 1,32,191-10

subsequently ——— 14-13-55

1,32,205-14-10

leaving a balance of Rupees ——— 774-10-9

The balance at the commencement

of the Fusly amounted to ——— Rs 4,393-7-2

of which were collected ——— 3,415-1-6

leaving outstanding ——— Rs 2,978-5-8

Compared

6832 — Fort St. George 30th April 1858

Composed as follows —

Fasly 1255	Rs	57	13 4
1261		1	10 "
1262		38	"
1263		1439	14 7
1264		1226	15 3
1265		214	" 5
		2978	5 4

I am happy to state that there is also an increase in the Indigo cultivation. In the preceding Fasly lands occupied with Indigo was to the extent of 27¾ Pootees whereas in the present Fasly it is 18¾ Pootees, this amount will greatly be augmented when the vends be completed.

7 I have also to notice that the ryots have learning an improved method of manufacturing Jaggery from the cane prior to its conversion into sugar

From the Collector of Vizagapatam

Sir

In acknowledgement of an Extract from the Proceedings of the Revenue Board under date the 24th December 1857 No 4683 requesting my opinion on the Diary remarks of the Acting District Engineer therein brought to my notice I have the honor to

to submit Copy of a letter to my address from my Principal Assistant and it appears only necessary to add my opinion in concurrence with what Mr Pelly has stated which is the wish of the Board to the effect that there is no special impediment to the formation of Cocoanut Plantations on the locality referred to or any particular reason why Special encouragement should be afforded for such plantations.

2 I do not think it necessary here to offer any comments on the speculations of the Engineer in the rest of his Diary entered with the Boards Proceedings it will be sufficient to do this when any definite proposal is entertained or any plan is called for having in view the improvements of the Vizagapatam Harbour at present there being no such proposal or plan in contemplation discussion would seem premature and as equally

equally useless.

No 1

To C. W. Reade Esqr
Collector and Agent
to the Governor
Vizagapatam

Sir

I have the honor to acknowledge the receipt of your letter of the 5th January requesting me to furnish you with my opinion on the project brought to notice in Para 12 of Presdt Vertues general observations for the month of December 1857 quoted in the margin and with reference thereto to state as follows.

2 In the Para under consideration the Acting District Engineer marks the following Remarks "the planting of this ground with Cocoanut trees would be enormously remunerative and a little further

x herein returned The soil is of the description peculiarly suited for the growth of the Cocoanut tree which flourishes best close to the sea in a light sandy soil mingled with decomposed granite and sand stone and containing a portion of saline matter the very description of soil now marked of of Sfel convinced that in dependent of all

all other consideration the planting of this ground with Cocoanut trees would be enormously remunerative and I doubt not that should government feel disinclined themselves to take up the matter private individuals in Vizagapatam severally or a company of such could be induced to rent a portion of the ground and experimentalize thereon the ground being of course granted them at a small rent for a few years and I would even recommend it being given gratis & there is an imminent difference in the eyes of a native between ground on which rent is payable and that which is free from one should the difference be in reality most ridiculously trifling &c

further on recommends that the ground referred to be given at a small rent for four years or even gratis if as the Acting District Engineer supposes the project would prove enormously "Remunerative" I cannot see why the ground should be given at a small rent for a few years or gratis

3. It is further observed and I do not that should the Government feel disinclined themselves to take up the matter private individuals in Vizagapatam severally or a company of such could be induced to rent the ground how I regret to be obliged to differ from the Acting District Engineer and my knowledge and experience of the native character lead me to regard the suggestion of the possibility of inducing a company of natives to rent a swamp or any portion of it to experimentalize upon as wholly incapable of realization

You

4 You are fully aware that the Town of Vizagapatam contains many private individuals of considerable wealth probably more than would be found in any Town of the same size in the Presidency land in the vicinity is highly valued the Capitalists of the Community are fully alive to their own interests good Judges of the value of land and I have no doubt that if a reasonable prospect did exist of the planting of the swamp turning out remunerative it would have been planted at least to a considerable extent long since

5 That the planting of this swamp would prove remunerative experience has I think shewn to be more than questionable for I find that some 20 years ago one Baljapully Davadas was a Sooty and some others obtained portions of the ground most favorably situated in the vicinity of the road adjacent to the market and about 10 years ago one

H. Ramasawmy

H. Ramasawmy and one B Venkaya also obtained portions similarly situated considerable expense was incurred in draining them and improving the soil Cocoanut trees were planted and of these the majority perished

A few months ago one Peroopen Venkiah a man of some position in the Town applied to me for a small portion of the Swamp at the Back of the main adjoining the high road This lies higher that the rest is only inundated at high is in short the portion most likely to pro remunerative and by making a small Channel across the road the stream which runs parallel to it could be made available for irigation I propos to him to hold it on a mere nominal but gradually increasing rent for 5 years and at the expiration of that time to pay the same as is paid for the land on the opposite side of the road but he declined

in carrying the expense of reclaiming on any other terms than a grant in perpetually rent free This is the only application that has been made of late and I believe that if the Swamp generally is offered to private individuals on condition of planting Cocoanut or other trees within a given time not more than one or two will come forward and these only on the above terms in fact I am convinced that if a reasonable prospect of the speculation proving remunerative one did exist every acre of this land would have been planted years ago and experience has shewn that private individuals are not willing to experimentalize on it at a Small Rent for a few years

Looking at the Speculation as one to be undertaken by Government I cannot recommend its adoption it would entail expense for years to

to come an Establishment would have to be entertained for planting watering and attending, to the young tree the ground would have to be fenced in to prevent their being injured by Cattle &c and probably Raised and judging from the eagerness with which any ground in the vicinity of the Town at all Suited for Such plantations is Sought after I am inclined to think the Speculation would prove a losing Concern

8 In the case of land of this description I have generally observed that the natives are practically good Judges of the Capabilities of the Soil and that

that when a Swamp Situated in the immediate vicinity of a wealthy Town has not been planted Some good grounds for the Same exists though it may be difficult to ascertain them and I have reason for considering that no number of the native Community will be induced to experimentalize on any portion of this particular Swamp on terms other than a free grant in perpetually and that even on these terms only a very Small portion in the vicinity of the market will be occupied

9 In conclusion I may observe that I am not aware of any reason why Special encouragement Should be afforded for Such plantations as

Fort St. George 30th April 1858

on the vicinity of this Town
as there is neither count of
Capitalist or wealthy individual
ready to invest it on the cultiv-
ation of land likely to prove in
any degree remunerative

Sir

I have the honor to
submit copy of a correspondence which
has passed between the Civil Auditor
+ and myself as noted in the margin +
and to state that Pallara Mahalutchmy
the pensioner therein alluded to, to whom
+ a life pension was granted in consequence
of her husband having been killed
while working at the Godavery Anicut
was actually paid up to the end of
September 1855. It was subsequently
discovered that she had been re-
married to one Dhooly Potadoo on
the 8th January 1854 The Civil
Auditor

+ To the Civil Auditor 21st December
From do. 9th January 57
To. do. 22nd Feb. do
From do. 4th March do.

+ M. of Bd. 23d November 58

6844 Fort St. George 30th April 1858

Auditor requires the sanction of Govern-
-ment for the Amount paid to her
from 8th January 1854 the date of her
remarriage to the End of September
1855— I therefore request that the Board
will be pleased to obtain the Sanction
of Government for the sum of Rs
Rupees 36—5—8— thirty Six Annas five
and pice Eight actually paid from the
Treasury.—

2 The Board will observe
that the pensioners remaining single
was not a positive condition of the
Continuance of the Pension which
is the reason the circumstance of
remarriage was not brought to
notice when it occurred— The party
has lately become a widow a second
time, and the question arises whether
she

6845 Fort St. George 30th April 1858

She is not again Entitled to the pension
-on from the date of her second
husbands death.—

From the Collector
Rajahmundry

In reply to your letter
of the 14th Instant No. 212, I have the honor
to inform you that P. Mahalutchmys
pension was stopped from 1st
October 1856+ the time I was informed
of

+ This should have been 1855.—

Fort St. George 30th April 1858

of her having married again. It was
the loss of her first husband which
duced the Government to grant her a
Subsistence allowance of Rupees 1¾ p
mensem and it appears to me that u
der the order of Government dated 2
May 1847 published at page 474 of th
Official Gazette of that year her pensio
should cease—

2 P. Mahalutchmy's pension for
October November and December 1856 was
also sent to the Amildar of Rajahmundry f
payment to her but after the abovemen
oned occurrence was brought to light th
allowance for those months was recall
and is now under the head of Depo
sits in my accounts It will be carried
to

Fort St. George 30th April 1858.

To. G. S. Forbes Esqr.
Secretary Board of Revenue
and Court of Wards
Fort St. George

Bd. No. 14640.

From the Collector of Rajahmundry - - Sir

With reference to the Courts Proceedings dated the 24th August 1857 authorizing me to disburse from the funds of the Pittapore Estate a sum of Rupees 1107 being the estimated charges for bringing the sister and brother in law of the Minor Zemindar from Vaswelvalsa to Cocanada, I have the honor to request that as the party came with a larger number of followers than was expected and as they are to remain at Cocanada a month longer than was in the first instance anticipated in order to be present at the ceremony which is to take place in April referred to in my letter of this days date. I may be authorized to disburse from the surplus funds of the Estate a further sum of Rupees 800 to cover the expenses which the

usages

usages of the family render it necessary should be incurred.-

returned

Sir

I have the honor to acknowledge the receipt of the Petition No 2867 1858 presented by Pocherany Seetaputtiy late Tahsildar of the Tandemullah Talook in this District bearing an Endorsement of the Board requesting me to state whether, with reference to the Original Proceedings before the acting Sub Collector the Petitioner should be altogether excluded from employment infuture.-

2 Nothing has since transpired to induce me to take a more favorable view of the conduct of the Petitioner in the case under reference than I at first did, nor do further

further consideration furnished any grounds for modifying the opinion given in my letter of the 30th June 1856 to the late Commissioner and I am compelled to adhere to the opinion then given that P. Seetaputtiy is unworthy of Employment in any situation.-

No 90.

3 The Petition No 3,924 of 1857 is also returned herewith.-

No. 127

To

J. D. Sims Esqr
Acting Secretary to the
Board of Revenue
Fort St. George

B. No. 3551
From the Actg Collr of Guntoor
Reporting on petition No. 1988 of 1857 and submitting two Statements for the consideration of the Board on the subject of certain Enams resumed

Sir

In reply to the Boards endorsement of the 22d Ultimo I have the honor to State for their information that the Enam the resumption of which is complained against in Petition No. 1988 of 1857 is of the same nature as those adverted to in para 3 of the communication from the late Commissioner for the Northern circars dated the 29th April 1856 but it was not entered in the Statement furnished with Mr Unwills letter of the 11th February 1856 to which only the Sanction of the Commissioner conveyed in the letter above quoted was held to apply.

2 With a view to avoid unnecessary References caused by Petitions which are so frequently presented to the Board of Revenue I beg leave to enclose a statement shewing the Enams resumed under circumstances similar to those exhibited in the Statement forwarded by the late acting Collector but there is no explanation on record as to the cause of their Omission in it.

* 11th February 1856

3. A memorandum of Enams resumed but on which payments were made by Parties subsequent to the date prescribed by Mr Wood is also transmitted herewith in some instances the amount was refunded to the Parties while in others they have refused to receive it back.

4 I think it necessary also to remark that, so far as the resumed Enams are concerned the arrears outstanding against them were remitted under the orders of Government but in the event of the Board of Revenue sanctioning the restoration of any of them the Amount given up will have to be recorded and carried to account.

5 The Petition No. 1988 of 1857 is herewith returned

Guntoor Collectors Office

No. 13

To

G. S. Forbes Esqre

Secretary to the

Board of Revenue

Sir Fort St. George

B. of R. No. 930
From the Collr.
of Guntoor

I Advertising to a communication from the late commissioner for the Northern Circars No. 558. bearing date the 17th July 1856. I have the honor to forward a Statement Shewing the operation of the Petition Rules ordered to be introduced into this District experimentally

2 It will be Seen from Column 4 of the Statements that the number of complaints in the Several departments of revenue, inclusive of arrears, were 5193 during the 12 Months previous to the operation of rules — all these were preferred to the Collector or his Subordinates and referred by them to the Tahsildars for report of these 3980 were disposed of by them leaving 1213 to be reported upon. —

3 The number of complaints referred Since the introduction of the rules during the same period

6863 | Fort St. George 30th April 1858

Statement of Petitions referred to the Tahsildars for report during the 12 Months previous to the introduction of the Petition Rules

period including the arrears, were 3420 for report and 124 for disposal, or 3544 in all - in addition to these 2018 complaints were prepared direct to the Tahsildars of which 1164 were Settled by them, and 334 reported upon making the aggregate number of complaints 5438. In the absence of the rules, the whole work would have undoubtedly fallen upon the Collector, to Say nothing of the expence and inconvenience to the parties concerned in being obliged to proceed to the Huzzoor Cutcherry for the mere presentation of a Petition. ——

4 I would remark that the result now Communicated is not So favorable as it would have been, had the rules in question been Strictly adhered to. for it appears that Several complaints were admitted and received by the Collector, which were not either preferred to the Tahsildr authorities in the first instance or were under investigation by them and there can therefore be no doubt that if the provisions of the Petition rules are fully carried out, much of the work now devolving on this office will be lightened. ——

5 The mode of procedure laid down in the above rule does not Seem to be a novel one and if I recollect right, it is followed in Some of the Southern Districts of this Presidency and under these Circumstances, I beg leave to recommend its adoption generly. ——

6 With reference to the Suggestion contained in para 2 of the letter under reply that the heads of Villages be required to furnish Parties with a Statement of their case for production before the Tahsildar, Such a rule would be a very desirable one but I doubt whether it would practically answer the purpose for which it is intended. I apprehend it would afford opportunities for exaction on the part of the Curnums in the Shape of a bonus. It would also enhance the difficulties in the Settlement of cases to be brought before the Tahsildar In this District there are generally two or more Curnums in every village and in all Such Villages there is invariably a party Spirit and therefore Complaints of a Conflicting Character will Surely rise if the heads of Villages are entrusted with the duty of drawing out cases for the Complainants who if left to themselves would be less litigious and more regardful of truth. ——

Guntoor Collectors Office 24 February 1858

Guntoor Collector's Office 24th February 1858

/ Signed / A. Wood Collector

No. 25

To

G. S. Forbes Esqre

Secretary to the

Board of Revenue

Fort St. George

Sir,

Bo. No. 1291 From the Collector of Guntoor . . .

With reference to Extract from the Proceedings of the Board of Revenue No. 807 of the 5th Instant, I have the honor to state for their information that Mr. Cotton's proposition that "no party who gives up his present cultivation will be permitted to hold land under the proposed terms" was of a precautionary character dictated by a consideration that the combined advantages of reduction of assessment and the extension of the period of Cowle might possibly induce the ryots to relinquish their existing holdings, but as the Board did not permit a departure from the Ordinary Cowle rules of the District, no such apprehension need now be entertained, and their view of the matter

matter, as communicated in the proceedings under re

is therefore perfectly correct..

Secretary to the
Board of Revenue
Fort St. George

Sir,

Bo No. 1302
From the Collr of
Nellore . .

With reference to Mr Sim's letter of the 15th Instant, I have the honor to state that the wastage of Salt in a finely 1264 was first entered in the Accounts at a Indian Maunds 26434 - 29¼ seers but was subsequently altered to Indian Maunds 25127-7 seers in June 1856 to 1308 Maunds being the difference consequent on 424 Maunds being allowed as the equivalent of a Garce on the salt stored by measurement..

Wastage of white Salt stored by weight —	3334-20-4
Ditto of brown Salt stored by measurement —	2310-9-*

No. 28

To

G. S. Forbes Esqre

Secretary to the

Board of Revenue

Sir,

Fort St. George

Adverting to Extract from the

Board's Proceedings No. 3995 of the 16th

November 1857 and to a subsequent letter

of the 20th January last, I have the honor

to forward a Statement shewing the arrears

of Land revenue at the close of Fasly

$\frac{1264}{1854/55}$ and the amount since recovered, and

remitted under the orders of Government

2. It will be seen from Column

15 that the ryotwar arrears do not exceed

Rupees 3090-8-11 the requisite enquiries

will be made regarding them during

the settlement of the current Fasly

and

B. of R. No. 1408

From the Collr. of

Guntoor

No. 240

Fort St. George 30th April 1858

and the same disposed of as early as

practicable.

3. I take the opportunity of

acknowledging the receipt of Mr.

Sim's communication No. 80 of the 7th January

1858, and to state for the information of the

Board that the investigation into the arrears

due on Aggraharams and Charitable Grants,

has not yet been completed. I hope to be able

to take up the subject when the present Settle-

ment is finished, and to report upon it in due course.

From the Collector of Chingleput Read Exhibition No. 51

To,

G. S. Forbes Esqre
Secretary to the Board of Revenue
Fort St. George

B.R. No. 820

From the Coll.r of Chingleput.

Sir,

With reference to Extract from the Board's Proceedings No. 572 of the 6th Instant, I have the honor to state that the Ayacut entered in Column 12 of the Statement therewith returned, is in accordance with the accounts prepared at the time of the survey & that of Dry land assessed at Rupees 2-5-3 / the difference between Column 7 and Column 15 / 23 and not Rupees 97-10-9 as remarked by the Board / and 3 Cawnies of wet land assessed at Rupees 9 have since been reclaimed, which are included respectively in the 415 5/8 Cawnies of Dry land and in Column 22 and 68 Cawnies of Wet land in Column 24. The total of 415 5/8 Cawnies / Col. 22 / and 68 / Columns 24 / and not 478 3/4 as formerly entered / Column 28 / but 483 5/8 which, when and 387 3/4 / Column 20 / make Cawnies 871 3/8 or Cawnies 4 7/8 in excess of the total Cawnies 866 1/2 entered in Column 12. There is also a difference of Rupees 11-5-8 between the Ayacut

Ayacut Boiz / that of the total sheegal and waste tributable to the cause above explained.-

2. The whole of the settled demand has been fully recovered, nothing having been left unliquidated by the Proprietor on account of inability to pay. The usual remissions were of course granted to him agreeably to the rules in force, and were excluded from the settled demand.- Petitioner is the sole Meerasidar of the Village.-

3. Considering that the Proprietor will have to pay the amount once permanently fixed in all seasons and under all circumstances, I think that the Prayer of the Petitioner is favorable to the interests of Government, and may be reasonably listened to.-

From the Collector of Chingleput

Fort St. George

Sir

In reply to Extract from the Board's Proceedings No. 808 of the 5th instant, I have the honor to state that the Petitioner therein adverted to, cannot be placed in possession of his share of the Shrotrium alone, as, under that arrangement, the estate will have to be divided into three equal portions and one made over to him, and the remaining two held in trust for the other two Minor Proprietors till they come of age, which is strictly prohibited by the Board and Government.× There seems, however, to be no objection to the Petitioner being allowed 1/3 of the Proceeds of the Village at the end of each Fusly when the accounts are closed, the entire estate being returned under the management of the Court of Wards till all the Minor Proprietors come of age.

1. I have the honor to report on the herewith returned Petition No 514 of 1858 Petitioners complain that although they do the entire duty they receive but a portion of the Maniem, the rest being in the enjoyment of Share holders who do no duty

2 This Petition has been forwarded to me for further consideration. If this were an isolated case I should have no hesitation in recommending the removal of the new working shareholders. But the case is far from uncommon accounts showing to what extent the practice exists of allowing new workers to share in the Maniem are not at hand, but the following are a few instances in the Chattoo Taloock-

Village	Number of Working Meerasdars	Number of new Working Meerasdars who enjoy Shares in the Maniem
Talumbadoo	4	5
Gungadavuvelloor	2	8
Bennavasamudrum	2	15

Similar instances occur in all the Talooks.

3 The question is one that may I think be brought forward with advantage when the changes effected in the emoluments of the Village Servants by the recent reduction of assessment are under discussion.

Fort St George

Dy No 1301 Sir,
From the Acting Collr
of South Arcot

I have the honor to forward the accompanying Statement No 13 with its enclosure A exhibiting the outstanding arrears of this District, to be appended to Mr Hall's Settlement Report of the 25th September last, and to offer the following explanation of the Remarks entered in the Return

2 I premise by stating that the Statement of arrears annexed to para 90 of Mr Hall's Report was not quite correct as it was drawn up previous to the receipt of the Taluk accounts but the Items have since been carefully scrutinized and the result is now submitted to the Board.

3 The outstanding arrears on the 1st July last amounted to 20,443-14-5 of which 9,480-10-6 will be disposed of in the manner after the receipt of the Sanction applied for by the Board in their Proceedings

of the 5th December 1857- subject to the deduction of the sum of 123 since realized which will give a total of 9,579-13-0 to be deducted from the said arrears.

4 From the remaining balance of 10,864-0-0 a sum of 7,248-2-8- has been retained as recoverable, of which 1372-8-5 have since been realized, and the residue Rs 5,875-10-3 is left for future adjustment- This Amount is due for the periods Marginally noted, the first Item by defaulters whose lands are at present under attachment by the Civil Courts, but there is reason to believe that this amount will be eventually realized from them, as well as the sums due for the year subsequent to the revision of the assessment.

Upto Fasly	1263	765	8 10
—"—	1264	618	11 6
—"—	1265	491	5 4
		5875	10 3

5 I shall now advert to the balance of Irrecoverable arrears amounting to Rs 3,615-14-3- regarding which I beg to invite the Board's particular attention.

6 Of this sum Rupees 1,779-0-5 are entered in the Remarks as doubtful of recovery and remaining as irrecoverable on the grounds Specified, but from enquiries made on the subject, I find that the former amount, besides appertaining to periods anterior to

the

the reduction of the assessment, is due by the poorer class of ryots whose circumstances have become so straightened by the current adverse season, that there is no chance whatever of realizing any portion of it without having recourse to coercive measures.

7 Under these circumstances I am led to recommend that the Board will be pleased to obtain the sanction of Government for the whole amount of 3615-15-3 being written off the accounts of this District.

and Poodoocottah an Survamanium or Villages attached to the Rajahmuttum or Choultry, one of the richly endowed Charity Houses belonging to the late Rajah.

To King advantage of the forbearance shewn by the late Rajahs Durbar in the enforcement of the just dues of the Chuttrum, the Ryots of these Villages have evaded for some time the payment of the regular Teerwah on their Topes In 1829, they executed a Moochulkah to the Palace authorities consenting to the Trees being held under aymany and their produce devided in the proportion of 2/3rds to themselves and 1/3rd to the Choultry.

Description of trees	Rate of tax A	P
Coco fruit	"	10
Do Toddy	1	"
Mango	2	6

Palmyrah fruit	"	4
Do — toddy	"	10
Tamarind	2	6
Alpah	2	6
Lime	2	6
Orange	1	3
Pumgranate	1	3
Goya	"	8
Nelli	"	8

This System prevailed till 1835 when they executed another document engaging to pay tree tax, at the rates noted in the margin. This however, has not been strictly adhered to in all cases, or

Some

some of the Ryots praying others evading and refusing all payment.

When in Fasly 1263 the District suffered from a general distressing adversity of Season, and the demands on the alms Houses became unusually great, the Collector Mr Forbes thought it right to afford to the Manager of the Rajahmuttum Chaultry same countenance and official aid in enforcing the liquidation of the tax. On that occasion indeed the Villagers in question admitted in writing before Mr Forbes the right of the Chaultry to Seerwah, and some of them even discharged the arrears due.

I have lately had a few of the principal inhabitants of these Chuttrum Villages before me. The only ground on which they rest their claim to exemption from the tax is that they supply materials and labor gratis on occasions of contributions in the Chaultry and the Pagoda attached to it, but they are unable to show that this practice, (assuming it to be founded on fact,) has any thing to do with their liability to the tax. Tumbichetty Vallavin-cottah also a Durvamanium attached to the same Chaultry and in exactly similar circumstances pays the tax without any demur, and the ryots of the recusant Villages now in question have also repeatedly admitted their own liability to the demand. They also pay the Nuzzuranum on the Nunjah and Poonjah lands which they hold. The same soil of the Villages is extremely well adopted for plantations, and so great is the profit derived from them that the inhabitants are rapidly converting their lands into Topes, so that at some future date the Chuttrum will be deprived of the matters are now progressing of even the land tax it now derives. Under these circumstances I am of opinion that the rates of tree tax prevailing in the rest of the District should be

Bd Bo. 1541
From the Actg Collr of Tanjore

Sir,

In Extract Minutes of Consultation dated the 12th January 1856, No. 55 communicated with your Board's Proceedings of the 5th February following, the Government signified their approval of the Board's proposal that all Survamaniums, which are shewn by the Summuds or Registers to consist of Poonjah land should be charged for the use of water taken from Government works and they directed that the order should take effect at the settlement of Fusly 1265. The question of the rate of Teerwah Sasty which it would be proper to levy was however at that time under discussion, the instructions sent to me, have in consequence been in abeyance. Now that

E. M. of Cons. 1st March 1858 No. 268 Parag

that the water rate has been defined and determined it will be brought into operation from the commencement of the ensuing Fusly 1268.

2. I apprehend however considerable difficulty in carrying out the Boards' views if the original Sunnuds or Enam Registers are to be taken as the guide in determining which Enams were poonjah and which Punjah at the date of the grant Sunnuds are not forthcoming in all cases and where they are they do not always contain particulars of Punjah and Poonjah. The Enam Registers are far from complete. The extent given in them is generally different from the actual extent and boundaries cannot always be traced. There will therefore be an impossibility in the great majority of cases in ascertaining what is which if the application of the new rule is to be based on the original Sunnuds or the Registers, I would therefore propose that I be permitted to take the survey accounts of Fusly

1238 as the basis of Settlement in determining the Enams liable to charge for the use of water. In these accounts each enam is numbered, the boundaries and extent are given and the particulars of Punjah Poonjah Bagayet and Porumpoke are distinctly detailed as existing at the date of the Survey.

3 Taking the Survey Registers as a guide is certainly open to this objection that all Poonjah Enam converted into Punjah prior to the survey will not come under the operation of the new rule and that so far the Government will be deprived of the teerwah chargable on these lands but considering that the great recognized improvements which were effected in the Irrigation works of this District had their commencement about Fusly 1236 almost simultaneously with the Survey. I do not think that any large proportion of the enams which were Poonjah and originally granted can be shewn to have been converted into Punjah by the use of Government water prior to the survey which took place between Fuslies 1236 and 1240.

4 Moreover to go back to the original Sunnuds and Enam books, would as I have endeavoured to explain occasion much confusion and give rise to objections that would be difficult of settlement.

5 Under these circumstances I beg to request authority for taking the Survey accounts as the basis of operations in the levy of Enam teerwah &c &c.

B. No. 1498
From the Collr of Madura
27th March 1858
No. 91

Sir.

With reference to Mr. Hathaway's letter of the 5th February, I have the honor to transmit copy of a letter from the Acting Sub Collector Mr. Child. My object in doing so, is to induce the Board to pause before recommending the abolition of the Hill Peishcars which were sanctioned on the recommendation of Mr. Clarke the Sub Collr supported by myself. Mr. Clarke having been about 8 years in charge of the Hills.

2 Of course the ameens were comparatively useless while permitted to leave off the Hills, but the intention was that they should live on the Hills and the orders to that effect given by

Fort St. George 30th April 1858

me were carried out was the fault of the Sub Collector in charge during the period I myself was, as the Board are aware employed at Madras from the time the appointments took place till the beginning of last month, and therefore had no opportunity of making enquiry on the subject. The care of the Forests is not the only duty of the ameenahs. They are Police ameens and have the power of Village Moonsiffs the exercise of which functions on the Hills will be very beneficial to the inhabitants who altogether on both ranges number nearly 8,000 and suffer hardship &c from frequent descent to the plains. I would not restrict the appointment to any particular caste but make it absolutely compulsory to live on the Hills a rule which will deter those unwilling to leave the plains from seeking the appointment.

To R. D. Parker Esqre

Collector of Madura

Sir,

I have the honor to forward 2 Urzees from the Tahsildar of Syempatty and Tenkara in reply to orders from my predecessor dated 7th January giving information regarding the Hill Peshkars as required by Tamil yadast 11th October 1857 No. 306 It is my opinion that Peshkars on the Hills are absolutely necessary both for Police work and for looking after the timber, and in this my opinion I am confirmed by what I have learnt from Mr Coyle who lives on the lower Hills and who spoke of the great benefit arising from the officers being ordered to live on the

To be returned.

Fort St. George 30th April 1858

No. 55

the Hills which as mentioned in my letter of the 1st Instant on my taking charge I immediately took measures to enforce. As stated before, unless these Officers live on the Hills they are simply useless Increase of cultivation cannot be expected within 18 months even if desirable but further clearing of timber is forbidden.

2 A Police Officer with full powers is necessary on both ranges, and a respectable officer on inferior pay could hardly be induced to take a situation in a climate to them so disagreeable.

3 After the Summahbundy tour is over I hope to visit both ranges and make myself acquainted with the state and requirements both of the people, cultivation and timber.

Bd No. 1372
From the Asst Collr of Tinnevelly

Sir,

Adverting to an Extract from the Proceedings of the Board of Revenue under date the 5th Instant directing that Tyagarajah Moodelliar Salt Peishcar should be restored to his Office from the receipt of these Proceedings and that he should be allowed to draw his salary from the date on which his public apology had been accepted by Mr Silver I have the honor to report for the information of the Board of Revenue as follows.

The Peshkar had been absent on leave on account of sickness from seven days prior to the date of

of Mr. Silver's order suspending him from Office and it was reported to me that he was still unwell and could not appear for some days after the receipt on the 10th Instant of the Boards order although the term for which he had been granted leave of absence, had terminated on the 1st Instant. Finally he presented himself at Cutcherry Yesterday and has requested to be allowed to retire from service upon the Pension to which he may be found entitled and for which I shall forward an application to Government in the prescribed form.

3 Under these circumstances it is unnecessary for me to enter into details regarding the enquiries that (agreeably to Mr Silver's directions) were instituted by the Acting Head Assistant Collector Mr Ames, but

Fort St. George 30th April 1858.

but I may state that it has been my intention to propose that the Peshkar abovementioned should be put on the pension list. His health has evidently been much affected and under pressure of illness, it is to be presumed his mind being in a state of great weakness he resorted to preferring complaints of which the records of the enquiry prove there did not exist the smallest grounds of foundation.

4 There is not any Office of trust to which a person suffering thus mentally as well as bodily could have been transferred and it is clear that he would have been out of place if retained as Superintendent of the Salt Department where he has shown himself to be incapable of ordinary discretion as in making unfounded allegations against a subordinate towards whom it appears he cherishes animosity.-

Grand Total	21,95,200 7 1	22,34,823 1 4	39622 10 3	" " "

Fort St. George 30th April 1858

3 One cause of the above increase in a continued dry year like this, is chiefly from the some extent of wet and dry lands left uncultivated last fusly 1265 being brought under cultivation and entered for full rent, by rains which fell in the early part of the year under report though the produce, reaping was scanty also from the sale of the Sandalwood &c being credited to the Head "Land Revenue" under instructions from Government in their Minutes of Consultation dated 11th March 1856 No. 285 para 19.

Where conducted

4 The settlement was made at the Cushba Stations of each Talook both in my divisions and Head Assistant Collectors and Puttahs were distributed accordingly except in the following cases. In the Talook of Denaicken Cottah the distribution was made at Mettapollium in Chyoor at Avanashy and in Collegal at Bylor, as well as in the Cushba Stations

Fort St. George 30th April 1858

Such a measure tending to the convenience of the Ryots. As regards the settlement and distribution of Puttahs in the Sub Collectors Division, para 2 of his report herewith sent dated 20th Ultimo will afford the necessary information.

5 During the settlement and issue of Puttahs of the Current fusly, all Complaints of the Ryots were heard by myself and my Assistants and all reasonable and possible remissions granted with due reference to the State of the Season. Many of the old Gardens have now been cultivated with Punjah produce only for want of water in the wells, but nothing was remitted in such cases as the rent on the Gardens had been reduced 12 and 15 p.r. Cent under instructions from Government.

6 The following abstract will exhibit the number of villages and hamlets together with the tenure under which they are held, whether Ryotwar, Shrotriem, Jagheer, Poliput &c. and whether inhabited or otherwise.

7 In the Talook of Donaicken Cottah a village called Ackoor which was deserted last year has been reoccupied in the fusly under report and the revenue derived from the lands brought under cultivation is Rupees 18-4-6; another village in the Talook of Collegal has also been restored this year but its revenue is only Rupees- 3-15-5 for the present.

Okalvuttum.

8 As regards the increase in the number of hamlets Viz^t 182, I beg to state that the ryots are accustomed to have such detached building near their fields, for their own convenience and for the security of their crops &c^a. The cost of small thatched houses so built, is trifling and the advantage derived by the Ryots induces their construction. They are usually entered in the accounts as hamlets.

in detail in previous reports, and in Statemen No herewith sent a repetition of it seems unnecessary. The freshes of the river in the beginning of the Cultivating season this year supplied the Tanks with water once only the Tanks of this District being mostly small in comparison with those in other Dists they require a full supply at least twice or even thrice a year to enable the Nunjah crop to yield full produce. The crops of a large extent of lands therefore unavoidably failed this year. In many cases Nunjah lands were sown with Cholum, Raghy and other Punjah Crops. The usual remissions have been allowed to the Ryots for entire failure of Crop and for Cultivation of other than paddy on careful enquiry.-

10 The improvement of the Aracken Cottah Channel alluded to in para 12 of my report on the Settlement of Fusly 1265 having been nearly completed, the Punjah lands under it will be brought under cultivation in the next season. The

Fort St. George 30th. April 1858

The construction of the Head Sluice and other improvements sanctioned by Government under date the 4th. August 1854 for the Calinga Royen Channel in the Talook of Errode will add much to the irrigation of that Channel to the benefit of both Circar and Ryot.-

General Statistics 11 Statement No. 17 prepared in the new Form will exhibit the particulars of the Population as per Census taken last year, vide para 13 of my report dated 31st. October 1856, No. 176. The necessity for the establishment of Tamil Schools in this District has been fully stated in para 14 of my report above quoted. The English School at Coimbatore is progressing well, especially since Government has been pleased to sanction a grant in aid the sanction of Government dated 23rd. June 1857 for Rupees 2,330 - - - for the improvement of the same School, will tend much to its improvement when executed.-

P new Form, as stated in para 19 of my report dated 31st October 1856 on the Settlement of Fasly 1265, while they were granted for Fasly 1266 only in cases where changes have taken place in the holding of the Ryots.

14. With a view to save trouble in details and unnecessary cost of paper and also for greater despatch of business I have adopted the following system subject to the Board's approval; namely, Small Changes in the Puttahs, on either from increase or decrease not exceeding 1/4th of a Ryots Puttah or holding are entered on the back of his Puttah the number so issued in the Current fasly is 4,862 as shown in the above abstract this plan saves a

Fort St. George 30th April 1858

a multitude of fresh Puttahs for mere trifling changes in the holdings is liked by the Ryots (a main point) and saves both time and labour, the same Puttah even with yearly small variations, will still conveniently answer for 4 or 5 years one is enclosed as a specimen.-

15. The marginal abstract exhibits an increase in the number of ploughs and a decrease in that of Cattle the cause is that many Ryots before paying professional taxe now hold lands for cultivation this will account for the increase in the number of Ploughs. As regards the decrease of Cattle the death of bullocks and cows to a large extent, from desease, prevailed this years as also from want of forage consequent on the entire failure of rain there has been indeed a sad murrain amongst the Cattle, both of the Hills and plains.

Ploughs & Cattle	Fusly 1265	Fusly 1266	Comparison Increase	Comparison Decrease
Ploughs	93784	106435	12,671	
Cattle	1206241	1166340		39701

16 In the Talook of Pullodum a local thunderstorm occured in March 1857 accompanied by heavy rain and occasioned much loss to several villages by the loss of their Cattle and by damage done to their Crops &c. vide correspondence noted in the margin an advance of Rupees 500 to the Ryots as recommended in my letter of the 9th May 1857 will relieve them from their present

To the Board dated 15th April 1857 No 955
From Do dated 27th May 1857 No 1381
To Do dated

Fort St. George 30th April 1858

present distressed condition, I therefore request the Board's sanction for the same.

17 The annexed abstract will show the total number of new Wells dug in each Talook, both in the Collectors and Subcollectors Divisions, since the date of the sanction of Government in November 1852 exempting the new Wells from the additional taxe up to the end of fusly 1266. The consecutive adversity of the season during now 4 years, and the consequent smallness of the produce impede the Ryots from constructing more new Wells, in as much as the prices are good the Ryots custom is to pay in kind and in grain. He seldom therefore begins a well till he has a surplus of grain in hand the estimate is under the real increase as new wells in Punjy are increasing daily and some escape notice and registry the number already excavated is most encouraging and satisfactory.

For example

Season and sanatory state of the Districts

20 This is the fourth in succession able and dry Season Rain has been very partial during the year under review its average fall throughout the year being only 16 inches the Palaur R of Pulladum and Sunkuramy have fell much the greatest failure of rain. The small increase of Cultivation arose entirely from rains in the early part of the season in some of the Palaur R. The principal Rivers Cavery Bhawany and Noyel did not receive their usual freshes and the Tank were scantily supplied with water, as stated in para 9 of this report the total remissions under different heads amounted to Rupees 54,508. The only means which the Ryots have to fall back on in such seasons, is the Cultivation under their wells new and old the late Sanction of Government for Rupees 15,000 further advances to enable the Ryots to dig new and clear out old wells will prove of especial benefit

Statement of the present Assessment and
Collections of the Land Revenue of the
Zillah of Nellore for Fasly 1266 corresponding
with A.D. 1856-57

The Assistant Collector submits
his Report for Fasly 1266 the Month
of October Season
and December 1858

25 The increase and decrease

shown in the above abstract

is composed of several items

under the Heads of Poonjah

Garden, and wet Lands

the following Abstract will

show them in detail

Steam

The

26 The increase observable from the Cultivation of waste Poramboke lands, of Rupees 63227 is in consequence of land taken for Cultivation this year, under the early showers, as before stated these showers failed latterly, and the crops were scanty. The decrease of Rupees 49,350 under the same Head has arisen from death emigrations, and insolvency of Ryots, as well as from the adversity of the season

27 In the Item of Peramboke there is a decrease of Rupees 610 from lands taken partly for Road and partly for sites of Towns in different Talook. Rupees 424 is entered in the above abstract as decrease from Lands of Cultivation Poonjah lands in the Talook of Pullaveram and the Neilgherries lands assessed at the above sum were Cultivated with Poonjah Crops by the Ryots in the Commencement of the season but from want of the

the periodical Rains the Crops entirely withered - some Ryots with no means of subsistence deserted the Villages with their families finding it impossible to recover the above Sum. Sums under the necessity of remitting the same, subject to the Board's approval -

28 The increase under the Head "Towns Sunsty and Towns cummy" of Rupees 18,823 is chiefly from grass lands to a large extent being brought under Cultivation, and charged with full rent in the current fasly. Rupees 2523 and the decrease under the same Item, caused from the entry of Poonjah lands held for full rent to grass Tax Vz from the drying up of the season

29 The Item of Gardens - shows a net decrease of Rupees 4649 from many Gardens having been left waste owing to the great drought especially in Pullaveram and Parindavoray Talook Rs shewing varnipsion on such Gardens due

due enquiry were made the above decrease comprises also the rent of the Gardens left waste by the death and desertion of some Ryots.

30 Nunjah lands exhibit an increase of Rupees 24,538 and a decrease of Rupees 13710 the former is in consequence of a large extent of Nunjah lands waste last year having been cultivated during the fasly 1266 particularly those depending on channels the latter item of decrease from Nunjah lands has arisen from lands under Tanks in the 8 Talaks marginally indicated having been left waste for want of sufficient supply of Water where there is no hope of water enough for a crop of Nunjah Above encouraged the Ryots to plant Ponjay or Garden produce at ½ Nunjay rate the usual rule have (one watering in 10 or 15 days being sufficient for such crops) instead of losing the entire season and the little water there was

Cairnbatore
Chinnia Roy-
ghevy

be in the Tank the Ryot and the Government thus get ½ a crop at least

31 Nunjah lands paying a revenue of Rupees 600 having been taken for the Pait Road in the Talaks of Erode, and Pullidum, the same has been entered under the Head of Poramboke Lands swept away by streams in the Talaks of Puttemungalum are also included in the same Head.

32 Under the Head of "Shavey" there is a deficit of Rupees 15,000 caused from failure of Nunjah Crops in the Talaks of Cairnbatore, Pullidum Palachy Mudyaur and Chinnia Roughevy in the early part of the season this year, the Channels and Tanks on which the above lands depend for irrigation received a promising supply, and enabled the Ryots to begin to cultivate, but at the time of the crop coming to maturity, the rains failed, and the crop entirely dried up occasioning great loss to the Ryots.

Chinnia Puttemungalum
Dewan Rencatchy
Perundorey
Sheyaur
Rongiem

33 The last item of "Sunda Dustey" and "Sunda Cummie" shows a decrease of

of Rupees 6875 and is chiefly from remissions of rent necessarily granted in cases where Nunjah lands were cultivated with Pomjah and Garden produce for want of sufficient Water.

34 Indigo is not cultivated in this District but the Article is occasionally manufactured from a Kind of Wild leaf called Palatay and used for different purposes, tho' much inferior in quality to the regular Indigo.

35 The annexed Memorandum will exhibit the extent of Cultivation in Sugar Canes and Cotton during the year under report compared with that of the preceding year.

Items.	July 1265		July 1266		Increase		Decrease	
	Extent	Assessment	Extent	Assessment	Extent	Assessment	Extent	Assessment
	Acres	Rs. As. P.	Acres	Rs. As. P.	Acres	Rs. As. P.	Acres	Rs. As. P.

Cotton	135.920	15.5.213 11	6	9105.3	1.098	11	"	44,805

36 With a view to show the result of the revision of Assessment on Nunjah lands, made under instructions from the Board of Revenue dated 27th February 1856 No. 61. I beg to annex an abstract shewing the extent of Nunjah land brought under Cultivation & from waste during fasly 1266 Caused by the above indulgence, similar reduction of Assessment will be made in certain other Talooks where absolutely required under the result reported in due course.

As-

Remarks.

37 As regards Poonjah lands too heavily assessed in some of the Salook's arrangements are in progress for revision of such Assessment as per orders above quoted and when completed I have no doubt a Considerable extent of such Poonjah lands long waste from over Assessment will be brought into Cultivation.

38 Having given the necessary information on the Land Revenue, I beg to annex an abstract to show the demands of Sundry Sources for fusly 1266, Compared with that of the preceding year, the total demand being Rupees 2,23,496 exceeds that of the fusly 1265 by Rupees 23738

Items

Comparison

Items	Demand of fusly 1265	Demand of fusly 1266	Increase	Decrease
Ab Karry	95744 14 "	130883 2 "	35110 " "	" "
Moturphas	59480 "	157911 13 8	" " "	1568 " "
Stamps	23250 8 "	25979 4 "	2729 " "	" "
Extra Revenue	21192 13 4	8563 5 6	" " "	12629 " "
Interest Account	89 5 8	185 10 6	96 " "	" "
Total	199757 9 1	223495 3 8	37935 " "	14197 " "
Deduct Decrease			14197 " "	
Net Increase			23738 " "	

39 From the above it will be observed that there is an increase of Rupees 35110 " " in the demand of the Ab Karry Revenue caused by competition during the sale in Auction for 5 Years from fusly 1266 to 1270 as per Board's order dated 24th December 1853.

40 The Decrease observable under the Head of Moturphas of Rupees 1568 is in consequence of the necessary

Fort St. Vincent George 30th April 1858.

necessary remittances granted to the
Officers of Courts of Quarter Sessions
and also from the Treasurers of the Districts
of Assiniboia, Saskatchewan, Athabasca
and Columbia, and from Their Clerks
Counsel, Solicitors, Their Clerks
&c. &c. &c. On the Estimate of Revenue
There is an increase of £1,223 4s 3d
Sterling on the receipts of the Year
Ended 31st March 1858 over the
Amounts of the Revenue of the
Preceding Year. The Increase
Arises chiefly from the Customs
Revenue, the Land Revenue
and the Sundry Sources of Revenue
Under the Head of Interest

46. Vide collections the above large sum no legal measures have been resorted to in any one case either in the Collectors or Sub Collectors Divisions

46 The Gross Collections Charges & Net Revenue for fasly 1266, are detailed in the abstract in the margin in comparison with

with those for fasly 1265 Vide statement No. 14.

47. The amount of Collections for Current and arrears, this year, exhibit a decrease of Rupees 14,662- caused by a large sum of Money having been deposited in the Salvor Treasuries of Parindooray Cuvrode &c. for payment to the Railway Engineer as per Bills from the Sub Treasurer and not actually received into the Honzoor Treasury

48 The increase of Rupees 21,672 in the Collections on account of Abkarry Revenue has arisen from the punctual discharge of Rents by many of the renters and also from a large increase in the demand of that source consequent on competitions as already stated.

49. The item of Moturpha Revenue shows an increase of Rupees 1255 in the Collections this year notwithstanding the demand there of is less than of the fasly 1265 and is in consequence of a large sum

sum having been recovered on ac-
count of arrears of past years.

50 The increased sales of
stamps and the excess amount re-
ceived from the Judicial Depart-
ment on account of Penalty &c.
during the year under report, will
account for the increase of Rupees
3,280 under the Head of Stamps Revenue

51 In the item of "Land Revenue
Charge" there is a decrease of Rupees 15,181
caused by disbursement of salary to only
one Assistant Collector this year while
the same was paid in fasly 1265 to 2
Assistants and a special Assistant
Collector.

52. The Charges under the
Head of Stamps shows an increase
of 457 arising from the payment of
Comission to different Venders with
reference to the sale of stamps and from
re payment of Stamps duty and issued
to an increased amount than in
fasly 1265.

53. The following abstract
shows that the arrears due for several fas
as

at the commencement of Fasly 1266-
amounted to Rupees 75,462 of which
Rupees 71,542 were collected within
and subsequent to the year under
review, leaving only Rupees 3,920
still due Deducting therefrom Rupees
1562 recommended for remission as
irrecoverable in para 57 and 58 of
my report on the settlement of fasly
1265 the remainder is Rupees 2358 of
this balance Rupees 1721 being recover-
able the necessary measures are in
progress for its realization. As regards
the sum of Rupees 637 entered under
the Head "doubtful" the condition
of the defaulters in each case is un-
dergoing, and the result will
be duly reported in due course
meantime. I request the Board's
Sanction for the abovementioned
Sum of Rupees 1562

I &c.

Fort Saint George 30th April 1858.

Fort Saint George 30th April 1858.

54. Adverting to para 59 of my report on the settlement of Fasly 1265, I beg once more to request the Board's favourable consideration of the heavy Assessment fixed on the Nunjah lands of the Talook of Erode. The Ryots still complain re-peatedly about it. In justice to them and in order to place them on the same fair footing with other Ryots of the District I request the Board's sanction to reduce the above rent as already recommended.

55. The Register of lands acquired by the Public Servants in this District bears some entries this year also; a few of the servants having purchased lands.

56 During the Immediately
settlement-

Fort St. George 30th April 1858.

Settlement of this Fusly, the advan-
tage to be derived generally from
Vaccination has been fully explained
to the Inhabitants, and the Talaks
authorities have been repeatedly &
ordered to use their best endeavours
for the same object.

57 The Curnums of almost
every Village in this District have
acquired a Knowledge of the Man
of instructions and the particulars
of the new accounts prepared in
of the Statements themselves with the
exception of "Pymash Olaoyo" which
is now under preparation in some
of the Talaks Curnums who were
unused to write an paper have learn-
ed since to do so tolerably well
I have therefore every reason to
believe that there will be no fail-
ure on the part of the Village Curnums in

Fort St. George 30th April 1858.

in the preparation of the new accounts
some of the Curnums understand
English figures also.

58. The supply of Curnums Manual
of instructions to the Curnums of Allegal
Talamaloy in Denaicken Cottah and
Vapanoor in Suttimmgalum Talooks
has facilitated the preparation of those
Accounts.

59. The number of Manual
Books furnished to this District is 1990
of which 1067 were sold to the Curnums
as per order of Government at 4 Annas
each and the sale proceeds there of
has been carried to account the
remaining Books Viz. 923 are kept
in the Cutcherry for future use.

60. The sub Collectors report on the
Settlement of his Division for Fusly 1266
is forwarded herewith.

61. There are two points on which
some relief is still desired by the Ryots and
from careful and full enquiry I

I think justly and fairly so namely a further remission of 10 Pr Cent on all old gardens and 10 years cowle on all Drumpsie / Topes / newly made in double rent / Dopsoul / Kunjy.—

Gardens Para. 12—

02. In the Government minutes of Consultation dated 6th October 1854 while conceding the 12 and 15 pr cent respectively in the Northern and Southern Division of Coimbatore / since remitted to the old and heavily taxed Gardens / and only deferring the 25 pr cent asked it was admitted that the full measure of relief might be found necessary I believe it to be so and that its concession will result not only in increased prosperity and confidence to the Ryot but in actual and speedy increase of the Government Rent Roll.

03 The important boon granted in 1852 of freedom from extra cess on all new wells has already produced at a low computation 3480 new Wells a

a most valuable and permanent result both to Ryot and Government the 12 and 15 pr Cent remitted on old wells has also saved many old Gardens from being thrown up and has brought up some old delapidated wells into use but the disparity of the Poonjah tax on the new and the old Garden tax on the old Gardens is still too great to turn capital to the repair of the old wells. Of which a good many still remain in disuse.—

1008.

04. To preserve in use all the old wells now cultivated and bring up the dilapidated ones still in disuse I would strongly recommend the full measure of relief originally contemplated 25 pr cent being now conceded namely 10 pr cent more on those on which only 15 pr cent has been yet remitted & 13 pr cent on those on which 12 pr cent only was conceded.—

05. The decrease to Government would only amount to Rs 57300 to show the

Fort St. George 30th April -

the positive benefit and gain of the former gradual reductions it is only necessary to advert to the yearly increasing rental even under adverse seasons this being really the 4th year in which Coimbatore has only had (as shown by the rain guage and careful observation) a scant supply of rain or 19 inches p.a annum. -

P. The remissions before granted have already proved most beneficial and drawn out the Capital the confidence and the energy of the Ryots & this increased outlay and prosperity of the Ryot is a sure guarantee that the completion of the boon, as now solicited will without any doubt be certainly and early productive of the happiest results. -

Orchards

P. As regards new Orchards on double tase Nunjy land I would earnestly solicit

Fort St. George 30th April 1858 -

solicit a reduction required alike by policy and Justice there are as I have already explained to the Board no Orchards on the Garden lands in Coimbatore, as exist elsewhere and supposed by the Board here also so that the boon to the well land is no way benefits or aids the heavily assessed Orchards there has been and there will be no new Orchards or Trees planted for many years on the best and most suitable lands such land is spoilt and unproductive for 10 years for other Crops when turned into Orchard and yields no return for that period to pay double Crop tase for that time without any Crop return is plainly impracticable and deters from all such valuable planting the simple just and moderate boon the Ryot asks is to pay single tax for the first 10 unproductive years beginning the double tase -

the

(the turnons of the land) immediately the Crop begins i.e. in the 11th year the loss to the Government will be very trifling and gradual the boon to the Ryot Considerable and immediate. If even 1/10 of the double Crop land were at once turned into orchard) a result more desirable than probable) the temporary loss to Government would be only 10,000 Rupees a year while the value of the land to the Ryot and Consequently to Government would be quadrupled. To make the double tax seem heavier and enhance the necessity of alleviation, the practice of extra cess on the Orchard does not exist in 5 of the 15 Talooks.

58. I beg the Board's early concurrence in this point on the policy of which I cannot see a doubt the easier rate now allowed on the single Crop land turned to Orchard makes the double rate press Comparatively heavier

heavier and it is thus felt and Complained of. The request vitiates no Revenue principle or rule of the Board it is simply a just and necessary Cowle for 10 unproductive years - and in the 11th the land returns to its own and proper Assessment converted from ordinary dubious Nunjy into most valuable unfailing Orchard much more salable and giving a good rent to the owner and able to stand a drought which Common paddy cannot so that no remissions need ever to be given upon it, even in a bad year.—

59. The Subcollectors report will speak for itself Mr Walhouse's experience of 14 years in the District entitles his opinions to consideration he thinks with me that a further Concession to the old wells would be politic as it would be no doubt just

just and would probably bring into use again very many valuable old gardens where large sums were formerly spent in wells which it is still not worth the Ryots while under present rates to repair.

70. The continued 4 successive years of drought have been, as the Sub Collector observes in his own Division most trying throughout the District and nothing but considerable energy on the part of the Ryots combined with a moderate assessment could enable them thus to hold up and the Rental also with small balance and no sales a result as desirable as it is instructive. Every reduction yet made in Coimbatore has been followed by additional energy and effect among the Ryots & increase of Cultivation and on 7 years now and 3 formerly of experience in this District I have no hesitation

hesitation in pledging myself that the additional concessions now asked in my present report will result and that speedily and tangibly in increased prosperity to the Ryot which is synonimous with the that of Government and after 4 years of drought and the present disturbed state of the Country there are few readier ways of attaching the people to our Rule than by a moderate demand with every fair and liberal consideration of any burdens still remaining which may be found to press heavily or partially on sections of the great agricultural population who have a large stake in the continuance of a firm and just Rule.

71. With reference to the Board's objection to the entry in the Puttah. I need only observe that the entry now commented on in the Puttah was introduced with the Board's Consent

to

so far back as 2nd January 1851 it was
intended to convey to the Ryot the
element and advantage that the old
annual Puttah did not and which
the Ryotwar is incorrectly said to want
the idea and fact of a permanent and
safe instead of an annual and charge-
able holding fluctuating from year
to year. The few words I had inserted
conveyed that permanent idea I think
a desirable and important one the Ryots
so understand it and value the Puttah
accordingly and wish to retain it
unless the Board insist on the old
yearly lease being reverted to.

72. Whatever frees the Ryot as
this simple insertion does from
the constant scrutiny and inter-
ference of the Officials (Curnum
and Tahsildar) induces the
persuasion of permanency
in an undisturbed holding and

supersedes the necessity and custom
of periodical visits from the Native
Officiers attendance at the Cutcherry
and the petty bribery and extortion in
separable from both tends to raise the
character and independance of the Ryot
and is productive of much positive
benefit without any evil that I can
discover on these grounds simple
and strong I would request and advo-
cate the continuance of the clause the Board
propose to strike and altho it may not
be used in other Districts tho I had
understood it had been followed in
several as Guntoor and Salem.—

73. The District only wants rain
with a moderate assessment and most
of the oppressive taxes relieved (the
Moturpha alone remaining) improve-
ments and investment of Capital now
encouraged) the District holds up though
this is the 4th successive bad year (short rain
during

during the last 6 years 18 inches of rain
in the 12 months has been the maximum
this year only 10 the land is parched
Crops scanty wells nearly dry cattle dying
for want of grass and water in large
numbers and yet with good prices
great industry and much energy among
the cultivating classes the rental note
withstanding all difficulties keeps up
and is collected without oppression
or any balances to speak of I con-
fidently venture to assert that this
District is now in that sound and
elastic state that with a plentiful
year of rain such as we formerly used
often to have 20 or 25 inches the Rental
would rise at once 2 if not 3 lacs
whether it comes in my time or not
I am sanguine of this result - The wells
may be said to be the heart and life
of the District and these have greatly
increased by some thousands so long as there is
water

water in them the field is saleable
yields a rent and will surely be
cultivated.—

7th.— It is satisfactory to observe the
Coimbatore Rental in a bad season
of only 11 inches rain in 12 months when much
wet cultivation has been entirely remitted
and yet there is an actual net increase
more than 1,07,633 of petty and onerous
taxes have been in the last 6 years remitted
yet this years rental exceeds the last as
has steadily risen with every remission being
at the same time sound with small
outstanding balances and a solid prospect
of a continued and gradual further in-
crease. It is fair to trace this satisfactory
result to its causes and I believe them
to be the real freedom of cultivation &
security of holdings which the Ryot now
enjoy - no saddling of "bad & good" lands a rule
as obviously impolitic as it was unjust
and yet long & tenaciously insisted on.

4966 00

on the freedom of all tax or improvement the just relief and encouragement to the wells, improvements of Roads and markets all have tended to raise and at the same time to secure the Rental of the District several evils have also been got rid of advances for Cultivation (once Rs 35,000 p.a. annum) a sad source of speculation & a fictitious and unsound bolstering up of pauper ryots have entirely ceased Discretionary remissions the same evil and partial and a great source of fraud I am confident that the District only wants fair seasons to show its elasticity under present rules it now stands 4 successive dry and bad seasons and an abundent year of rain would raise it at once several lacs. The best lands are coming into Cultivation the barren and inferior formerly forced on the Ryot is being thrown up - the only right and sound principle of farming Topes and Trees are also gradually increasing in Poonjy land. With the sum granted me by the Board I have in the last 3 years sown more than 13 lacs of the Palmyra, in barren sandy localities where nothing else of grain or Tree will grow for its juice its timber its leaves its hardiness it is one of the most

most useful, tho' least Ornamental Trees of the Country, and should be sown largely in all Districts. the Cost is trifling. the benefit great. it will grow in any soil, and survive almost any drought and liberally distil Sugar out of a barren sand Hill - it does so throughout Tinnevelly.

75. I have received cordial and valuable assistance from all my subordinates. the Sub Collector, Acting Head Assistant Collector and late Head Sheristadar.

6998 Fort St George 30th April 1858

No 24

To E. B. Thomas Esqre
Collector of Coimbatore

Sir,

I have the honor to submit the Summabundy Report of the Sub division for the Fusly 1266. The Settlement exceeds that of the preceding Fusly by Rupees 980-4-4 though still falling short of the average of the last 10 years.-

Average Settlement of the last 10 years - - - -	7.21229-6-11
Fusly 1265 - - -	7.01967-12-5
Fusly 1266 - - -	7.11772-0-9
Increase	9804-4-4
Decrease or average of the last 10 years - - - - -	9457-6-2

2. The settlement was conducted by myself in 3 Talooks at the places enumerated beneath the figures over the names shewing the number of Villages settled at each.-

In Caroor[56] at Caroor - Paramatty -
Khangyam - Khangyam[25] - Vellacovil[10] - Moolanoor[7]
Dharapooram - Thoorambuddy[14] - Neelamboor -

The Chuckraghetty Talook was settled by the Head Assistant Mr H. E. Sullivan at Codoomulla-cottah.-

There has been no change in the number of Villages and principal sources of irrigation -

The

Village Statement

Fort St George 30th April 1858

Name of Talooks	Under the Ryotwar tenure — Number of Villages			Number of hamlets			The whole number of hamlets actually inhabited
	Not deserted	Deserted	Total	Not deserted	Deserted	Total	
Dharapooram	31	10	41	319	44	363	404
Khangyam	33	9	42	542	53	595	637
Caroor	83	-	83	636	52	688	771
Chuckraghetty	82	7	89	128	27	155	244
Total	229	26	255	1625	176	1801	2056

Village Statement (Contd)

Fort St George 30th April 1858

Names of Inspectors	Under the respective Poligars — Number of Villages			Number of hamlets			Total
	Not deserted	Deserted	Total	Not deserted	Deserted	Total	
Metathi	1	-	1	5	1	5	6
Soongavi	1	1	1	7	1	7	8
Jotumpulty	1	1	1	2	1	3	4
Nyvandy	1	1	1	4	4	8	9
Vaidapulty	1	1	1	2	-	2	3
Audipulty	8	1	8	39	1	43	51
Total	13	1	13	59	9	68	81

The whole number of hamlets actually inhabited, the amount of hamlets in Dharapooram of 362 instead of 363 and Caroor 688 instead of 689 as stated in the Statement of last July, appears to be accurate, the Poligar of Khangyam has been ordered to report the cause of the deficiency of 5 hamlets in his Talook

Irrigation Statement

Fort St George 30th April 1858

Sources of Irrigation in the Sub Division

	acres	assessment
22 Channels from the Ambravutty	18372 14	137102 155
3 Channels from the Cavary	3716 1 1	30135 98
11 Jungle Streams	1838 3	5899 1
24 Tanks	2999 11 1	12721 10 7
Total	25727 3 1	180869 12 9

the Cavery and Ambravuttty rivers there was no. dificiency of water and full crops were retained. The cultivation dependent on Jungle streams received very scanty supplies of water and yeelded barely half crops, occasioning also remissions for withered crops (Shavi) to the amount of Rupees 84. None of the Tanks were filled at any time A few were about 2 thirds filled early in the season, but received no after accession whatever. the cultivation under them was consequently a failure and a remission of Rupees 391-6-7 granted for withered crops. A portion of the land under some Tanks amounting to 311 acres assessed at 1372 Rupees. was allowed to be taken for Poonjahs.

Fort St George 30th April 1858

Poonjah cultivation at half tax.-

4 Notwithstanding the very unfavourable season 156 New wells were dug in the Sub division and to shew how highly by the late concessions respecting wells appreciated by the ryots it may be mentioned that since the promulgation of the New rules 4 years ago 847 New wells have been constructed in the Sub division, although these 4 years have been successively bad and droughtly almost beyond precedent. I would also here beg to state my opinion that a further reduction of 10 or 15 per cent on all old wells still paying the full garden tax might be advantageously granted.-

This

Fort St. George 30th April 1858

Note.
Only 312 old wells have been repaired against 847 New ones constructed - though the former mostly occupy the best sites, old wells quite repairable may often be seen untouched surrounded by new ones.-

This cannot perhaps be insisted upon as absolutely necessary, or as other than a boon but would be just and politic. It would remove an inequality in assessment that appears continually were invidious as well made under the new rules multiply, and is peculiarly felt in a long series of bad seasons like the past whilst the temporary decrease in revenue would be rapidly made up in Extra cultivations.-

5 The unbroken drought has effected a great and deplorable decrease in Cattle of all descriptions. Decrease doubtless arising from the same cause, has also spread widely and fatally amongst them. I am

a ware of one wealthy Ryot near Dharo-poorum who has lost 150 Cows and bullocks from disease- This Mortality is severely felt by the people of this grazing district who take a pride in and derive much profit from their cattle- The general health was also very bad. Cholera prevailed extensively, especially in the Chuckraghetty Talook. Two thousand one hundred and fifty three persons are reported to have been carried off by it in the Subdivision, a Number probably below the mark.-

In.

Fort St George 30th April 1858

6 In the face of all these losses and difficulties it is gratifying to observe an increase in the Numbers of Ryots both resident and non-resident in puttahs and in ploughs. This taken in connection with an absolute rise in the Rental, is a proof incontrovertible of the wisdom of the late remissions in so many items. The preference of the Ryots for Cudjan over paper Puttahs and their desire for the entry of the names as well as numbers of the fields therein remain unaltered.

and May more than 10 inches fell and in the entire six Months following not quite 5- In Khangyam during the same two Months 9 inches fell and in the succeeding six only 8 — Dharapooram received the scantiest supply only 7½ inches during the eight cultivating Months.-

8 Nevertheless the prices of grains of all sorts except paddy, fell somewhat below the rates that obtained in the foregoing Fusly, but were still beyond the average rates of the last five years and far exceeding those assumed at the Survey.-

12 In the following Comparative Statement of the result of Fusles 1265 and 1266 the increase in Poonjah is owing to the promising showers that fell early in the season at the best sowing time, and encouraged the ryots to plough and take up land largely, but were unfortunately not supported by any after rain. Hense also arose the decrease in the items of Poonjah grass and Garden Poonjah the former having been with drawn to Poonjah and the latter to Garden. The decrease in Garden is attributable to the same general causes of drought and want of water.

14 On the 30th June a balance of Rupees 2733 remained uncollected in the Sub Division of which Rupees 2420-6-8 have been collected up till this date. the remaining Rupees 312-15-3 will soon be brought to account; In the Maturpha Rupees 258-5-10 are still outstanding - but will be realised without delay - There was no resort to legal measures in collecting the revenue.-

15 The old irrecoverable balance of Rs. 131-14-5 spread over several back Fusslies which was recommended in my Report for Fusly 1265 to be struck off. still remains upon the accounts, and I again request permission may be obtained to strike it off.-

16 No advances for cultivation were made, nor was any land purchased by any public officer. I am happy to say that the Sub Division Sheristadar Annajee Row continues to preserve his high character for zeal and integrity.-

Revenue Department

No. 838.

To

The President and Members of the Board of Revenue

B. No. 3227

From the Accountant General

Gentlemen

Agreeably to the request contained in your secretary's letter of the 1st September last, I have the honor herewith to furnish a Statement shewing the Pagoda Funds remaining unexpended as taken from statements received from Collectors.

The seven Collectors noted in the margin and the Commissioner in Kurnool have stated that there are no unexpended Pagoda Funds remaining in their Treasuries.

I also transmit herewith 13 Original Letters from the Collectors specified in the Statement above mentioned explanatory of the nature

Collector of Ganjam
" of Vizagapatam
" of Masulipatam
" of Madras
" of North Arcot
" of Trichinopoly
" of Malabar.
Officiating Commissioner of Kurnool.

× to be returned when no longer required.

Fort St. George 30th April 1858

nature of the funds in question in their possession from which you will observe that some portion of the funds are available for the purpose contemplated in the 3d Para of the despatch from the Honorable Court of Directors in the Public Works Department dated 27th May 1858 No. 7 an Extract of which was subjoined to your Secretary's letter under reply some portions however appear not to be available for the purpose above specified for the reasons assigned by the Collectors.

for the establishment of school or some other work of public improvement.
