No 1

From Clement Dale Esqr Government Pleader
Sudur Udalut.

To

Henry Forbes Esqr
Acting Secretary
to Government
Madras 26th April 1858

Sir

Para 1 In continuation of the letter
I had the honor to address to you under the
21st April 1858 No 230 Date and No noted in the margin I have
the honor to report for the information
of the Right Honorable the Governor in
Council that in consequence of my not having
then received from the Acting Collector of Mas-
sulipatam any reply to my letter of the 11th Inst
Instant (referred to in para 4 of my letter
noted above) the Court of Sudr Udalut
were pleased this morning to direct that
the further hearing of the Appeal Suits
should stand over till next wednesday viz
the 5th May 1858

I

2 I have now the honor to inform
you that I have since received a reply a Copy
of which I do myself the honor of enclosing
for the information and instructions of His
Lordship in Council

(Signed) Clemt Dale
Govt Pleader

No 166

To Clement Dale Esqr
Government Pleader
Court of Sudr Udalut
Madras.

Sir

Para 1 In reply to your letter dated 11th
1833 Instant regarding Appeal Suits Nos 103 and 135
of 1857 on the file of the Court of Sudr Udalut
I have the honor to state that V Ramanapah
the late Zemindar of Vissunanakpetta who died
in 1810, was a Brahmin and this fact must
be

be admitted.

2. It appears to me on Answer to the ruling of Hindoo Law that the Estate of a Brahmin can never escheat to the Crown, is that in the Succession to ancient Zemindaries, Common Hindoo Law gives place to the usages of the Country, or the pleasure of Government, and hence eldest Son Succeed. The Sudr Courts Decree in a Suit No 20 of 1840 declare this and for a Similar reason Hindoo Law in this instance must give way because that the Sovereign of England is ultimate heir of all British Subjects, and the prerogative of the Crown cannot be affected by any Law not made by the Imperial Parliament.

3. I may remark that the Hindoo Law gives a Childless widow an indefeasible right to maintenance, and the

the usufruct of the deceased husbands immovable property, and apparently if maintenance cannot otherwise be procured She may to obtain it, sell a portion of the immoveable property but neither the question of escheat nor of the widows necessities have been thoroughly gone into before the lower Court, and I am quite prepared to hear that the Sudr Court order a review of Judgement if not a trial denovo

See A 1862 of 1847 Sudr Udalut Mac Hindoo Law Vol II Page 211

Masulipatam Collrs Cutcherry 21st April 1858

Acting Secretary to

Government

Sir

Para 1 With reference to the Extract from the Minutes of Consultation noted in the margin and the subsequent correspondence thereon I have the honor to report for the information of the Right Honorable the Governor in Council that the Appeal Suits Nos 103 and 135 of 1857 (Appealing in cross appeals from the Decree passed by the Civil Judge of Masulipatam in O.S. No 103 of 1851) came on for hearing on the 11th Instant before the Court of Sudr Udalut, when the Counsel for Cavaly Venkata Narrainappah asserted, that it being the Estate of a Hindoo of the Brahmin Caste the property could never Escheat to

In C 16 may/58 No 451 Rev. Dept.

to the Sovereign Power, I shewed to the Court that it was not pleaded either in the lower Court or in their Court, that Varegonda Ramanapah the Zemindar who died in 1810 was a Brahmin, that in fact the question was never mooted, the Court referred to the questions propounded to the Pundits, as set out in the 8th para of the Civil Judge's Decree where the word "Brahmin" is introduced in a Dowar thesis in alluding to the Hindoo widow. The Court also referred to their Head Interpreter to know whether the name Ramanapah was that of a Brahmin. He answered in the affirmative. The Court then asked me to admit that Ramanapah was a Brahmin caste, which I declined to

to

to do, as I had nothing before me to shew how the word "Brahmin" had been introduced into that question it being totally irrelevant to the question in which it was introduced and because, as I apprehend it does not necessarily follow that a man with a name usually borne by the Brahmin Caste must be a Brahmin-

2 The Court ultimately determined to adjourn the case for 14 days (28th Instant) to enable me to enquire whether Varegonda Ramanapah. The Zemindar who died 1810 was really and in fact a Brahmin and to consider whether there was any objection to offer on that point

3 One of the officers of the Sudr Udalut informed me in Answer to questions I put to them that the name is not such an one as would be as a matter of Course

taken

taken, even by natives, as the name of a Brahmin, and on my subsequently shewing the name to an intelligent native he thought the name was that of a man of Sudra Caste upon what grounds he arrived at that conclusion I do not know It however has convinced me it would not have been safe to have made the addmission asked for from the Court, merely on the Interpreter pronouncing it to be the name of a Brahmin moreover, I believe among Mahrattas it is not at all unusual for men who are not Brahmins to bear names similar to those usually borne by Brahmins-

4 I have the honor to state that on the 14th instant I addressed the Acting Collector of Masulipatam requesting him to satisfy himself upon the point; and if there should be any doubt as to Varegonda Ramanapah

Fort St. George 15 May 1858.

Ramanapah having been of Brahmin caste, that he would inform me on what evidence his not being so could be supported letting an intelligent writer on the Government or Vakeel, take down a statement of the evidence each witness could give, with the names &c of each Witness as also that he would favor me with any observations he might think it desirable to make on the point.

5 I have solicited Mr Knox's immediate attention to the matter in order that I may receive his reply in time to communicate it to Government and obtain the necessary instructions previously to the 28th Instant so soon as Mr Knox's reply is received I will do myself the

honor

E.R.

Fort St. George 15th May 1858.

honor of again addressing you.

6. In preparing for the argument of this case, I had prepared myself for what appeared to me the fact that Varegonda Ramanapah was not of Brahmin Caste, I have carefully looked over all the correspondance Minutes of Consultation &c relating to the case and now in my Office, and I cannot find the slightest allusion to his having been of Brahmin Caste; I cannot tell what information was laid before Mr Norton my Predecessor for I observe he on requisition from time to time returned all the papers laid before him, (a very inconvenient practice by the bye but which has become very general) on looking however at his letter of the 14th March 1855 it appears to me, that in penning that letter he was under the impression that

6. In preparing for the argument of this case, I had prepared myself for what appeared to me the fact that Varegonda Ramanapah was not of Brahmin Caste, I have carefully looked over all the correspondance Minutes of Consultation &c relating to the case and now in my Office, and I cannot find the slightest allusion to his having been of Brahmin Caste; I cannot tell what information was laid before Mr Norton my Predecessor for I observe he on requisition from time to time returned all the papers laid before him, (a very inconvenient practice by the bye but which has becomes very general) on looking however at his letter of the 14th March 1855 it appears to me, that in penning that letter he was under the impression that

that Varegonda Ramanapah was not of Brahmin Caste, for his quotation of "virtuous Brahmins" is the term used in 1 Strange 148 where treating of the lawful Heirs of Cshatrya Vaisya and Sudra Castes.

7. The Pleadings also are silent on the point the defence referring to the advances by the Defendants Father and to the widows for the discharge of the peishcush and other liabilities incurred on account of the estate, the Suit No. 18 of 1838 the Razeenamah, the subsequent proceedings and the Defendants right under that Razeenamah, the answer traverses the attachment of the Estate by the Collector as an escheat and denies that the Title of the Government is paramount to that of the Defendant proceeding to assert that the widow had authority under Hindoo Law to alienate, or incumber the Zemindary in perpetuity

perpetuity, and beyond her own life as against those entitled to the Zemindary next in possession, and that on her death (if not incumbered or alienated) it would have vested in her Heirs and that the "estate is of such a nature "as could under no circumstances "escheat to Government, the order "of succession to such property being expressly pointed out by Hindoo "Law," and in his answer to the Collectors Petition of Appeal after setting out the same grounds of defence as to the powers of the widow to alienate or incumber the Defendant submits "that by "Hindoo Law Government cannot "under any circumstances claim "the property in question as an "escheat" It is under such pleadings as these, and by introduction of the word "Brahmin" in a question to the Pundits that

Fort St. George 15th May 1858.

that the Court of Sudder Adalut
entertain the question of Varegonda
Ramanapah having been a Brahmin.
The Counsel for the Defendants
felt naturally that the Privy
Council would not be likely to
view such pleadings through a
similar medium, and prefsed
that the Court should make
Declaration that Varegonda Ra-
napah was a Brahmin, fearing
that if not made the Honourable
Company might by a jesuitical
evasion prevent the Privy Council
from pronouncing a judgment
on that point most assuredly
if by the Pleadings I have alluded
to it were intended to raise the
question of Varegonda Ramanapah
having been a Brahmin, that Epithet
might most justly be applied
to the Pleadings filed on behalf
of the Defendants.

The

Fort St. George 15th May 1858.

8, The object of the Government
in instituting the suit was merely
as I understand, to obtain a judgment
whether under such Circumstances as
are disclosed in this case a Hindoo
widow has the power to alienate or
incumber real Estate inherited from
her husband to the prejudice of Government
who claim as ultimus Hares to her
Husband he having died without
natural Heirs by the disclosure now
made as to the Caste of the Husband,
the question to be decided is enlarged,
but as it appears to me the question can
be satisfactorily settled in the present
suit, if the fact of Brahmin
or no Brahmin be ascertained
and admitted on the record
I therefore propose to admit
the fact as it may be

be communicated to me by the Collector, if positive without requiring the Court to remand the case, or to take further Evidence themselves under the powers reserved by the Regulations but if the information from the Collector be not positive then I propose to suggest that further evidence to prove the fact be taken in this suit.

9. Having given the matter much earnest consideration since it was before the Court, I am of opinion, that the law with regard to the Escheat of property belonging to a Brahmin dying without heirs, is too general and vague or (to use the words of Sir Thomas Strange when treating of the right of Escheat in respect of property belonging to the lower Castes) "too comprehensive" as laid down in the text-Books, or where

where it is stated that the "Estate of a Brahmin is dying" descends eventually and ultimately to Brahmins or learned "Priests" and although, so far as I have at present ascertained there is no case in which the question as regards Brahmins has been decided, I agree with Mr. Norton in opinion that the Courts would not uphold or enforce such proposition at the present day.

10. By the course adopted by the Sudr Adalut in passing the Order of the 21st October 1854, that Court has placed the parties in false position it is clear that the Defendant has no right to the Estate, & if from his being Defendant such wrongful possession will be maintained if the facts should prove to be that Varegonda Ramanapah was of Brahmin Caste, and the Court should hold that therefore the Government

Government are not entitled to take by Escheat.

11, If the Collector should inform me that Varegunda Ramanaja was of Brahmin Caste I propose on the case again coming before the Court Submitting that the Law as regards the Succession to Brahmins as laid down in the Text Books is too vague and general to be carried out and that as in the case of Succession to the other castes, the Text must be narrowed in construction and that the estate has escheated to Government.

I have &c.

in the Revenue Department

Fort St. George

Sir

Para. In obedience to your letter dated 10 February requiring an early report on the truth of certain complaints that urgent repairs are not as speedily executed now as formerly I have the honor to state that I have heard of no such complaints in this District where the Public works Department is divided under 2 District Engineers.

2 I believe the ryots prefer the old System because it is in their opinion easier & quicker to move one authority than two & because they fancy the Collector is more interested in these minor repairs being done than the District Engineer whose attention is given to grander

work

Fort St. George 15th May 1858.

works. Tent I do not believe the Ryots have any real grounds to complain.-

3 There is a rumour abroad that the Public Works Department are becoming opposed to the repairs of tanks, because it is considered their existence is unnecessary under the present System of Channels & I shall feel it my duty to bring very prominently before Government the mischievous policy it would be to neglect tanks should I find from enquiry there is any ground for the fears now expressed- every day experience teaches me that the Department Public Works should confine its operations to supplying with water its reservoirs or tanks leaving the distribution of this water to the Villagers to be benefited thereby

Bd No 1851
From the Collector of Masulipatam

Sir
Para.

I have the honor to submit for the approval of the Board and for publication in their Office, and in the Fort St George Gazette an advertisement in the prescribed form for the sale of certain Zemindaries and Proprietary Estates which are in arrears of their Kists on this day.-

2 The first on the list is Cumberpettah the Proprietor of which is absent at Madras - adversity of the season is the alleged cause of the default. The Proprietor is understood

to

Fort St George 15th May 1838

to be able to pay up if he chooses and it is not likely this Estate will have to be sold.

3 The second on the list is the Weyoor Zemindary for the arrears on which the Zemindar Rajah Sobhanady Apparoo could give no better reason than the delay attendent upon the sharing system by which he settles his annual revenue. There is no doubt of his paying up before the day of sale as he is very well off.

4 The third is the Davercotta Estate. This Estate has been of late every year in difficulties. Most of the Villages are assigned over to the Creditors who lent the Zemindar money last year, and a large portion of the current years Revenue was also advanced to him last year by the Ryots. To this Day he has not paid a rupee of this

Fort St George 15th May 1838

this years Peishcush or any part of his last years outstanding balance, and his only hope of averting the sale of the Estate is by pursuing the same plan of borrowing, and anticipating the plan of borrowing, and anticipating the revenue as he had recourse to last time. This time his liabilities will be heavier than ever before, & he may not be able to meet them.

5 All the other Estates in the advertisement will have no doubt pay up within the time. My object in including them in the proposed sale, is simply to have it in our power to sell if by any chance they are in arrears on the day of sale.

6 I have this day attached the Davercotta estate and will take the same step with the Weyoor Zemindary, and the Ambarpetta Estate if the balance is not wholly

or

7705

Fort St. George 15 May 1838.

or in great part paid by the 15 Instant
I propose the 15th of June
for the day of Sale.-

Fort St George 15 May 1838.

5 As regards Weights there seems to be greater room for diversity of opinion, and more difficulty in coming to a satisfactory conclusion.

6 I consider that the Seer should be adopted for the unit but that it should be a Seer of 175 Grains. This appears to have been the average of the numerous kinds of Rupees of the Native Mints and there cannot therefore I think be any unexpected objection to its adoption should Government so determine, simultaneously with the introduction of a uniform system of Weights & Measures. With this slight modification the advantages of the system proposed by Mr Bayley are very great, 80 Tolas of 175 Grains each would be exactly 1 Seer (2 lbs English) 40 Seers 1 Maund (80 lbs Avoirdupois) and 25 Maunds 2000 lbs the proposed new Ton for Great

Pamphlet Para 28.-

Fort St. George 15th May 1838

that the measures to be introduced should accord as near as may be with the Native measure. The Seer proposed by Mr Bayley equivalent to an Imperial Quart appears remarkably well adapted for this in capacity as well as name

8 Government I consider should only recognize a Struck measure though the use of heaped measures is so consonant with Native practice. The fact therefore that the proposed Seer Struck is the equivalent of the average Seer Measure when heaped would be likely greatly to facilitate its introduction. The Multiple of the Seer Measure might as suggested be of 100 Seers and the Sub Multiples eights as more in accordance with Native usage

Pamphlet Para 52.

9 Finally I consider that the new System should be introduced gradually beginning with large Towns and Cantonments and Government

Government transactions, but that its adoption
should be obligatory and Ultimately extend
over the whole of the British Territories in S

723	Jummulmadeegoo talook Bhatavilly Surva Enam in Demmara Nundiala	dry	15	26	27	00	It is not known when or by whom this Enam was granted nor who was the original grantee No Summuds &c.a are forthcoming This Enam is entered in the Pymash Tarway and Enamaty accounts in the name of Akoonoor Sashachellum	Granted in Charity	Oodatala Mungummah the last holder aged 55 years died on the 5th Srivana Soodda of the year Ananda or 7th April 1854 The deceased was the daughter of Akoonoor Sasha-chellum whose name is entered in the Accounts
724	Jummulmadeegoo talook Wurragutta Enam In Jungle Jeully	dry	13	26	14	55	14 4	When or by whom granted is not known but in the Enamaty Accounts for prepared in Jeusly 1245 it is re-marked that the Enam in question was granted to one Soobareddy for establishing the Village No Summuds &c.a are forthcoming This Enam is registered in the Pymash and Tarwary	Granted for establish-ing a Village	Pennatata Pedda Ammee the last holder aged 30 years died on the 10th Chitra Soodda of the year Ananda or 7th April 1854 The de-ceased's mother-in-law Putchumma-mah whose name is entered in the accounts was the 5th Successor from the original grantee Soobbee	Share enjoyed by the deceased 27-15-2 Ditto by Na-ranareddy Chenchireddy and Trakera 27-15-2 Total 55-14-4	The deceased has left no legal heirs	Upon the demise of the last holder Pedda-anee two Claimants appeared for the Enam Viz Pedda Poollareddy and Narain-areddy who respectively claimed the Enam enjoyed by the deceased The former urges as his Claim that when he was a year old his mother died when the deceased his mother's Sister

Fort Lt Georg 15th May 1858

Sister reared and adopted him 16 years ago and two days before her death She executed a deed of Gift transferring over to him her Enam land and that he buried with her jointly

The 2d Claimant Swaminadeddy urges that he is the Cousin of the deceased's husband and that She the deceased has left no other heirs but himself to inherit the Enam

Soobbereddy Balagurru Anjupah was the grand father of the husband of the deceased Honnor was the younger male of stile title

January Accounts in the names of Balagorroo Anjupah and Honnor And in the Enamaly Accounts in the names of Pulchinnummah and Honnor

* herewith forwarded with reference to the C.O.B.R. No 740 dated 10th March 1857

With respect to the claim advanced by the former it may be remarked that the adoption has never been registered nor is his name to be found in any of the public Accounts It is not satisfactorily established from the depositions of his witnesses Soobbiah Pulchinnurroo Buspoo Nagadoo and Ranka that the adoption was regularly performed and the document advanced was prepared whilst the deceased was on her death bed

With regard to the claim of the latter

For Lt Jeorge 15th May 1858

father it appears.

that he with his nephews

separated and lived distinct

from the husband of the deceased

during his lifetime and enjoyed a separate

share in the Enam Amounting to Pdh 27-15-2

As the adoption is not

proved and as the deceased had no right to adopt a son

after the demise of her husband the adoption must be set

aside and the Claimant is only the Son of the Sister of

the deceased and it is probable that She took and reared him

out of Compassion as he was left motherless at a tender

age

The second claimant having

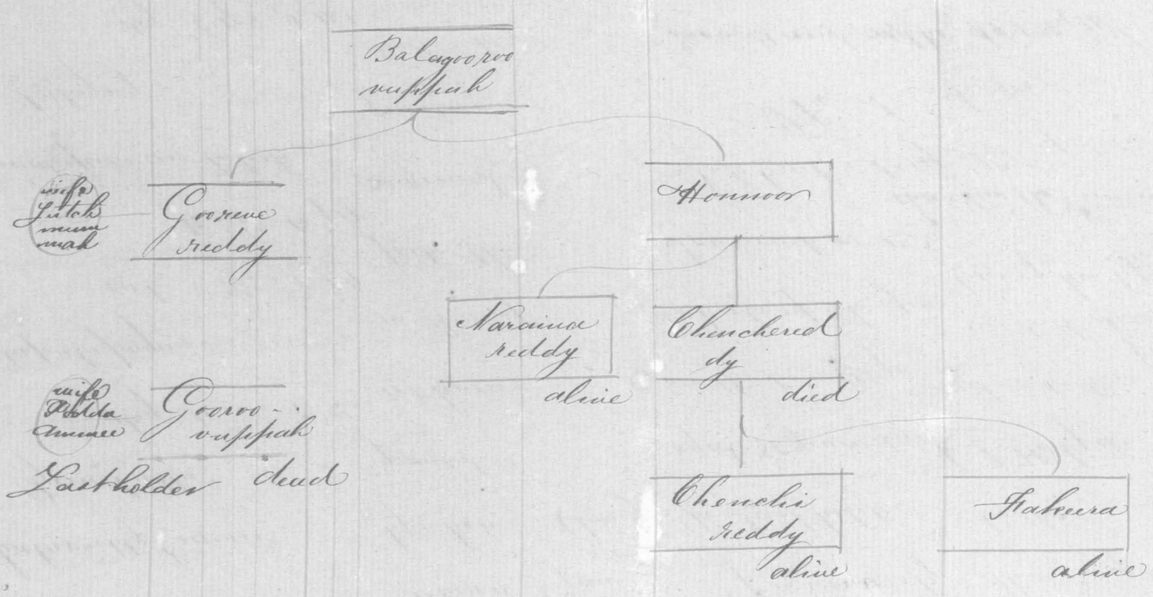

separated himself from the family

of the deceased it is recommended that

the Enam enjoyed by the deceased Amounting to

Pdh 27-15-2 be resumed She having died without

heirs

This Enam is entered in the Pymash in the name of Bogum Chellimee and in the enamaty accounts in the nouns of Lutchmee & other documents

Adalut Court of Cuddapah dated the 21st February 1835 to the effect that a portion of the enam which had belonged to one Kinnara paupiah assessed at Rupees 21-3-10 was put to public sale by orders of that Court and was purchased by the deceased Mootial Sashoo for Rupees 170

/ Stamped deed of sale dated the 10th Kartee ka Sohoola of the year Doormookhee or 3d December 1836 of a portion of the Enam assessed at Rs 10-10-0 and sold for

Mootial sashoo, the last holder, died on the 1st Visaka ba-hoola of the year Peama deecha or 24th May 1853.-

The deceased was not related to the registered fier sons

Share enjoyed by the deceased as per document dated the 21st February 1835 ditto ditto dated the 3d December 1836

21-3-10

10-0-0

enjoyment 21-3-11

Total 53-1-9

/ Balacondoo elder son of the deceased by his 1st wife aged 36 years

/ Rungiah younger son ditto aged 32

/ Pedda gunga Summah deceased daughter by his 3d or wife

/ Chinna gunga deceased eldest daughter by his 1st wife aged 10 years.

/ Narummah 2d daughter aged 8 years

/ Lutchmummah 3d daughter aged 4 years

/ Veerummah deceased 4th wife aged 32 years

/ Naucharummah elder wife of Balacondoo elder son of the Deceased aged 30 years

/ Atchummah younger wife of ditto ditto aged 20 years

/ Ramucka wife of Rungiah 2d son of the deceased aged 20 years

The enam as per document dated the 21st February 1835 was purchased by the deceased Mootial Sashoo at public sale by order of the late Adalut Court of Cuddapah in satisfaction of a decree of the 1833 of Cuddapah-moonsiffs Court, against the original enamdar Kinnara Soupiah

The other portion of the enam amounting to Rupees 10-10-0 as per document dated the 3d December 1836 was purchased by him from one

Besides the above a Enam assessed at Rupees 58-4-2 is granted by Government for a choultry in the town of Cuddapah built by the deceased They also carry on a vast trade and are in rich circumstances

Fort St. Georges 15th May 1858

Papers 85 by the son of
sunka Kristnummah to
the deceased Mootial savboo
which enam the said Sunka
Kristnummah had pur=
chased from Kinnara
Chenchunna Bapanic
ka and Govindoo, descen=
dants of the family in
virtue of a stamped
deed of sale dated the
5th Maghasoodalah of the
year Chitraba nooo or 17th
January 1823

The above 3 documents
are herewith forwarded
with reference to C.C.B.R.
No. 740 dated the 10th
March 1857

one Goo
roovuppah whose father
Sunka Kristnummah had obtained the
same in satisfaction of a debt due to him
by Kinnara chenchummah Bapanicka
and Govindoo said to have been related to
the parties entered in the accounts

What relation the parties
from whom these enams were alienated
were to the persons registered in the
accounts, and how they came to en=
joy the Enams are not known.
The deceased purchased them at a
rate not below their value previous
to the promulgation of the notification
which accompanied the Board's Circular
dated the 27th July 1848 and the documents
of sale are forthcoming

The period of enjoyment of the 1st en=
Enam by the 1st deceased amounts to years 18 and
months 3 and that of the 2d amounts to years 16 and months 5 Thus
to complete 20 years there is a deficit of 21 months in the former case
and years 3 and months 7 in the latter. The former enam having
been legally purchased at a sale by order of the Court recommended
that it be continued in the name of Palacondoo elder son of the
deceased. With regard to the latter it appears that the deceased
had not been in possession of the lands for 20 years reckon=
ing from the date of purchase to that of his demise, the enam
is liable to be resumed or continued at the discretion of
Government.-

No. 28

To,

G. S. Forbes Esqr.

Secretary to the

Board of Revenue

Fort St. George.

BR. No. 1580

From the Collector of Cuddapah.

Sir, I have the honor to ac-
knowledge the receipt of Extract
from the Proceedings of the Board
No. 613. of Revenue under date the 13th February
1858, in para 2 of which it is stated,
the Board presume that the usual
tax mentioned in Para 3 means
the ordinary assessment of the
land. In this, the Board are
perfectly correct the amount charg-
-ed being that assessed on the land
in the Tarwary accounts after grant-
-ing the usual remission.

2. The Board wish to be
informed whether it would not be
preferable to abolish the Mahraturpha
tax upon sheep and goats and in lieu
thereof

at Dowlaiswaram 30th December 1857. -

(Signed) H. Mutton
Collector

thereof to raise a revenue by renting the more extensive jungles and giving it out to others on puttahs at moderate fixed rates of assessment. The tax would thus fall on cattle as well as sheep, would be on the land itself and would probably be as productive as the present Mohaturpha. In renting out the jungles several obstacles present themselves which I shall endeavour to point out. The jungles in Cuddapah have never been rented out up to the present day, all parties have hitherto had a right of pasturing their cattle and sheep in them and they may now be considered to have a prescriptive right so to do. The jungles for the most part are hills many of them void of timber or brush-wood on which a coarse grass is produced used for thatching the houses of the poorer classes; this grass when nearly dry is not fit for fodder and the hills

hills on which it is produced are annually set on fire to burn down the older grass and enable the young shoots to spring more rapidly after the first showers of rain have fallen. The grass having been set on fire nothing is left but the blackened roots and the pasture is not available for several months subsequent. The land upon which this grass is produced is worthless for agricultural purposes, no plough could be made to pass through it and no crop, if sown, would be produced on it; it consists of large stones over which it is difficult to travel. If these jungles are rented it is to be feared the renters will in the first instance endeavour to prevent the poorer classes cutting the grass for thatch to their houses and thus cause distress and discontent. During the last season many poor families, when they cannot find employment near home, avail themselves of

of the privilege heretofore allowed, they proceed to the hills, cut and convey this grass to their houses and dispose of it to those who require thatch either to repair the old or cover new buildings - To deprive these poor people of the right of cutting grass and adding a little more to their comforts appears to me by no means advisable as they by long permission have obtained an absolute right it having been allowed them prior to the cession of the country and since the cession of it by the British Government.

3. It is to be feared that if the jungles were rented the renters would endeavour to obtain as much as possible for the privilege of pasturage from those who send their cattle and sheep to graze on them and they would collect a larger sum than that now raised by the Motorpha tax - which

which would fall heavier on the shepherds and more particularly upon the ryots who possess sheep for manuring their fields and which were hitherto considered a portion of their agricultural stock which has hitherto been exempt from taxation; work cattle would also be taxed upon which no tax has been collected and it is to be feared depriving the people of the privilege (amounting to right) which they have long enjoyed, would tend to breed discontent and disloyalty which it would be very injudicious to do, more particularly considering the small sum at stake. It would be better to remit the moturpha at present collected both on sheep and goats than impose a new tax on stock.

4. It is only the wealthier classes who would rent the jungles near their villages and a handle would be given

given them to make Collections upon the poorer which would be better avoided. The more extensive jungles cannot be rented, they are situated in the interior of the Hills, as for instance, the Mullah Mala Hills which from Kristnumsettypy in the east side to Mahadavapoor on the west is 25 miles and run from Tirputty to the Kristna River; the middle of the jungles have seldom been entered except by the chensoowars, a wild tribe, who inhabit them in search of game. the climate is feverish for a great portion of the year and in the interior of the more extensive jungles people accustomed to reside in the plains cannot live. I am decidedly of opinion it would be impolitic to rent the jungles or permit a poollary tax to be raised (though not for the benefit of Government but the renter) when such a

a tax has hitherto been unknown, I must therefore add, it is my decided opinion, that renting out the jungles would not answer the purpose contemplated by the Board and I question whether those who have so long enjoyed the privilege of pasture can now, with any show of justice, be deprived of it.

5. In para 4, the Board request the Collector's attention to para 26 of the + Extract of minutes of Consultation, which he has omitted to notice. To this, I would beg in reply to state, that the para above referred to, is inapplicable to this district as no jungles are rented out on account of firewood no tax collected upon it and in many places it would fall very heavy upon the poorer classes were such tax collected.

+ 8th Sept. 1855 No. 1026.

6. The hills upon which the trees used

used for firewood grow, are, in some places very far from the Towns and Villages, as from the Town of Prodatur and the neighbourhood firewood has to be brought a distance of from 10 to 15 miles. It is the practice among the better classes of ryots when their cattle are not required for agricultural purposes to drive sufficient wood for the use of the family during the hot weather, which is stored on the roofs of their houses against the monsoon. at Lunimulmudgoo firewood is brought from a distance of 8 or 10 miles, Coilcoontlah for a much greater, Doowoor 5 or 6 miles the poorer classes employ themselves in bringing firewood, among them, are the families of the Lumbadies who thus manage to maintain themselves while the male portion of the community have proceeded, it may be to

to the western coast, with jaggery, and bring back beetle nut and salt, or they may have been employed by merchants in conveying grain from one part of the district to another or one Zillah to another. In the western portion of the district, the Villages are at some distance from the jungles where firewood is cut, the placing a tax upon it and raising the price of fuel will be severely felt by the lower classes and will, to some degree, impede the improvement of the land by the poorer ryots, as, if the price of firewood be raised beyond their means, they will be compelled to convert what ought to be used for manure into fuel and thus deprive the land of nutriment. at present, there is not one tenth of the manure obtained which is required by the land, the consequence is,

Fort St. George 15th May 1858

is, a field is manured once in 5.6. or 7 years this can easily be perceived on passing through the villages particularly, in Raggada and Dry lands. It would therefore not be politic to raise a tax upon firewood which up to the present time has never been collected. I would bring it under the serious consideration of the Board, whether the people have not a positive right to cut wood in the jungles free of tax, they having been permitted to do so for so many years long prior to the cession of the country, and it has been a settled rule in this District that on six kinds of wood only a tax be collected, Sandal, Palmira, Teak, Chanden, Toomkee, (blackwood) Jetaga all other kind are allowed to be cut for the use of the people

7. I see no objections to a tax being placed upon all beams above a certain size which may be cut in the

Fort St. George 15th May 1858.

the Jungles. Railway sleepers for instance are cut to a very large extent in the Government forest for which nothing is paid. The contractors are allowed to cut whatever they please and so dispose of them to the Railway Company, receiving for themselves the whole profit, tho' the Wood actually belongs to Government. In a former communication this was brought under the consideration of the Board and it is unnecessary further to dwell on the subject. As the Railway contractors are allowed to cut whatever wood they please without restriction, it will not be fair to tax the poorer classes for the firewood which they have been in the habit of obtaining gratis.

Madras 27th April 1858

pSigned H. A. Bird
Collector

Enc. 1.
No. 62.

To,

H. Forbes, Esqr
Acting Secretary to
Government
Fort Saint George

Sir,

I have the honor to acknowledge the receipt of your letter of the 10th Instant, No 234 requesting me to state whether in my District there are good grounds for supposing that there is any general neglect or delay in executing repairs to Tank Rs &c under the present system of Tunnel operations, and, if so, how far such neglect or delay is the result of imperfect information or inefficient Establishments.

2 I beg to state in reply that I

not find in this District any foundation for the Complaints referred to. During the two years that the District Engineer has had Executive control, the expenditure on repairs has considerably exceeded the average expenditure under the old system.

3 Reference is made in Extract from the Minutes of Consultation under date the 23d July 1857, No 1413 to a Journal written by Major C. Lunsford Superintending Engineer V. Circle bearing date from the 14th to the 20th June 1857. In Paras 3 of that Journal, Salem District, Major Lunsford adverts to a report made by the Tahsildars of Dofsoor that great delay had taken place in the execution of emergent repairs to two Tank Rs. It appears that in these two instances there was some delay on the part of the Executive Engineer in replying to the Tahsildars Moyee forwarding the Emergent Estimates. In that

Acting Secretary to
Government
Fort Saint George

Sir

I have the honor to acknowledge the receipt of your letter of the 10th February last. No 234 requesting me to state whether in my District there are good grounds for supposing that there is any general neglect or delay in executing repairs to Tank Bunds under the present system of Management operations, and, if so how far such neglect or delay is the result of imperfect information or inefficient Establishments.

2 I beg to state in reply that

not first in this District any foundation for the Complaints referred to During the two years that the District Engineer has had Executive Control, the expenditure on repairs has considerably exceeded the average expenditure under the old system.—

3 Reference is made in Extract from the Minutes of Consultation under date the 23rd July 1857 No 1413 to a Journal written by Major C. Lawford Superintending Engineer S. Circle bearing date from the 14th to the 20th June 1857. In Paras 3 of that Journal, Salem District, Major Lawford adverts to a report made by the Tahsildar of Dofsoor that great delay had taken place in the execution of emergent repairs to two Tank Bunds. It appears that in those two instances there was some delay on the part of the Executive Engineer in replying to the Tahsildars Moozee forwarding the Emergent Estimates. In that

Fort Saint George 15th May 183[illegible]

that case the Tahsildar ought to have written to the Engineer to remind him that no reply had been received. It was a mere accidental delay or omission which can prove nothing against the new system. I believe it is impossible for any one to be more active in the discharge of his duty, whether in his Office or in superintending our Works than Lieut. Gahagan, the present District Engineer.

+ Arundinaceum
Moreenlum
Spinomaleg/Sinth

Varchavoor
Malahoor

only have been sold and 2 left for disposal as reported to the Board in that Communication since which the one at Bowanghurry has been made over to the Engineers Department and converted into a store shed, leaving only the four which Mr. Hall recommended to be retained in his letter of the 5th January last No. 6.

No. of Travellers

Avalanpet 11
Trizwaluy 4
Munalakpet 1
Tricullore 2

3. The marginal note gives the number of Travellers who halted at these Bungalows during the past 3 months from which it will be seen that there were few persons who availed themselves of the accommodation and these few were residents in the District travelling on business or pleasure. In point of fact the building at Avalaur is in ruins the doors and windows being kept in the Mooreiffe's house for safe and that at Trinomalay through the

little better preservation is of no use except occasionally to an Officer of the Public Work's Department I would recommend their being disposed of forthwith similarly with those at Varchavoor and Mala Roor, for what they will fetch.

4 The building at Munalakpet consists of two open verandahs resembling soldiers sheds which are useless for the purpose intended and indeed never inhabited I would very strongly urge their being converted into a Police Pusheary Chauttry, which is much required at that place and which could be built out of these materials without any extra cost to Government and I request the Board's sanction to this arrangement

The

5 The Bungalow at Tricullore though rarely frequented by Travellers is a tolerably substantial building upon the old plan and as it affords frequent accommodation to Officers of the Department of Public Works employed in the District, and occasionally to Revenue Officers who may have occasion to visit it I propose to retain it and will cause it to be looked after by the Talook Village Servants If sold by Auction it would not realize probably a tenth of its value

Fort St. George.

Bd. No 3820
From the Collector
of Trichinopoly

Sir,

Para 1. I do myself the honor to submit my Report on the Annual Settlement of the Land Revenue of this District for the past fusly year A.D. 1266/1856/57 with the several statements and accounts connected with the Report, drawn up in accordance with the formula which accompanied the Memorandum from the Secretary to Government dated the 23d August 1856- also the Quinquennial Statistical returns referred to in the 6th Para of the above Memorandum.

Season.

2. The past season has not been a favorable one either, in its early or latter period. At the commencement of the cultivating season, that is in May, June and July, the rains were very partial and scanty, insufficient for getting in the dry grain seeds of the country- But the rains of the subsequent months August, Septem-

bre

Fort St. George 15th May 1858.

ber and October were more favourable for Agri-
cultural purposes, and the Ryot in the upland
or dry villages, was enabled to extend his culti-
vation, and the crops harvested with a tole-
rable return.

3. The ordinary monsoon rains
from the North-East failed considerably
these were never at any time heavy- and
what rain did fall was partial and capri-
cious. The Northern and Eastern, or dry
Talooks, being tolerably well supplied; while those
to the South and West of the Province receiv-
ed no rain scarcely, and all the Tanks in these
parts were quite dry.

4 The rivers Cavery and Cole-
roon were late in receiving their freshes, and
were unusually low throughout the year. Only
one high fresh being received, and that at the
beginning of August. These rivers had
no North east Moosoon flood whatso-
ever. The irrigated Talooks off these
rivers were fully cultivated; but the out-
turn of Rice grain has not been so full
as customary. In some villages the

yield did not exceed three fourth
crop, while in others not more than
half produce was realized.

Paravullay Pungonny and Ayen Vykal.

5. The great channels from
the Cavery in the Laulgoady Ta-
look failed in their supply
of water at the end of the Season
(December and January) and in
consequence much of the Sumbah
Paddy as well as the late Cour
perished from drought. But this
has been met by considerable re-
missions of tax amounting in
the aggregate to about 29,648 Rup-
pees. The chief loss was on
Nunjah Lands under the Paravallay
Channel.

Statement No. 5

6 The Province was on the
whole pretty healthy during the
year. There was a good deal of
Cholera in December 1856, and all
January, February and part of
March 1857, both in the town of
Trichinopoly and in the nine Ta-

Looks

7776

Price of grain.

8 The following State-
ment exhibit the prices of Grain
relatively with last Fusly. The
Board will observe there has been
a slight fall of price in every
description of Grain. Yet still this
compared with former periods
and thus the Ryots though
having ground of complaint, as regards the
season and their harvest, have been
able to realize good profits and
to satisfy the Government de-
mands with ease.—

Statement No 2.

Grain

7779 Fort St George, 15th May 1858.—

In Fusly 1265 Shumbah was quoted at 113-13-3 Rs. As. P. and Cawn at Rupees 101-12-4. The quotations during the period under report were for Shumbah Rupees 153-15-11 and Cawn Rupees 90-10-3, exhibiting a fall on both sorts of 8 15/16 and 10 15/16 per cent respectively.—

Statement No 3

9 The subjoined comparative statement gives the cultivation and settlement of the Ryatwar Land Revenue of the Fusly, compared with the past one, and shows a net increase of 36,854 acres assessed at Rupees 99,832 in round numbers.

Enclosure A in No 3.

Boards Proceedings 1st February 1855 No 24 and 24th February 1857 No 580

10. This increase is the result of the reduction lately allowed on the land tax throughout the four dry Talooks and portions of the whole Province, where an abatement of no less than Rupees 2,38,436-11-3. was allowed. It is satisfactory to mark the rise in the cultivation consequent on the lowering of the Assessment notwithstanding the season was adverse in the cultivating portion of the period.—

To

The Board of Revenue

Sir

I have the honor to submit for the Right Honble the Governor in Council's information the Dry & Wet Assessments of the Ryotwar villages of Tallur Taluk in the Cuddapah District, and the Garden Assessments of the Ryotwar villages of Tallur & Kandukur Taluks in the same District, as settled by me during the late Inspection, and to request that the Board will be pleased to submit the same for the sanction of Government.

2. The Settlement has been effected on the principle of a Money Assessment on the Land, and not on the Crop, and the Rates have been fixed with reference to the Soil, Water, Situation, Facility of Irrigation, Markets, Communications, Capabilities of Cultivation, and other circumstances affecting the Value of Land.

3. The Settlement has been made with the Ryots themselves, and not with Renters or Middlemen, and the Rates have been fixed with reference to the Rates paid by the Ryots themselves for Land of similar description and quality in the neighbourhood.

4. The Settlement has been made for the term of Thirty Years.

5. The Rates are fixed in Rupees, Annas & Pies, and the Assessment is payable in Rupees.

6. The Rates are fixed on the Land, and not on the Ryot, and the Ryot is at liberty to throw up any portion of his Land at the end of any Year, on giving notice thereof to the Village Officers before the 1st of March.

7. The Rates are fixed on the Land, and not on the Ryot, and the Ryot is at liberty to take up any portion of waste Land at the Rates of the Village, on giving notice thereof to the Village Officers before the 1st of March.

8. The Rates are fixed on the Land, and not on the Ryot, and the Ryot is at liberty to take up any portion of waste Land at the Rates of the Village, on giving notice thereof to the Village Officers before the 1st of March.

9. The Rates are fixed on the Land, and not on the Ryot, and the Ryot is at liberty to take up any portion of waste Land at the Rates of the Village, on giving notice thereof to the Village Officers before the 1st of March.

10. The Rates are fixed on the Land, and not on the Ryot, and the Ryot is at liberty to take up any portion of waste Land at the Rates of the Village, on giving notice thereof to the Village Officers before the 1st of March.

11. The Rates are fixed on the Land, and not on the Ryot, and the Ryot is at liberty to take up any portion of waste Land at the Rates of the Village, on giving notice thereof to the Village Officers before the 1st of March.

Statement to Rupees 2,54,593 as Subsidiary

In this calculated assessment.

The

12. The item of waste has charged to the extent of Acres 3885- assessed at Rupees 6407-2-9 is land taken up by the Ryots in the Talooks of Conaud, Laulgoody, Torriore, Woodiarpollium and Aneaikoil for cultivation under progressive Cowle but left untilled. It includes also portions of the lands expected to be cultivated under the new Pomairy channel in the Woodiarpollium Talook excavated off the North bank of the Coleroon river.

Remissions Statement No 4

13. The following abstract account affords the full amount of Remissions allowed on the cultivation, and a comparison is shown between the years of 1265 and 1266 Fasly resulting against the latter in the sum of Rupees 114,374.

Items

Items.	Fusly 1265	Fusly 1266	Increase	Decrease
	Rs. A P	Rs. A P	Rs. A P	Rs. A P
Shawry withered crops	19,815 2 5	20,648 6 "	833 " "	" " "
Allegal Crops destroyed by inundation	270 10 10	568 15 9	299 " "	" " "
Remission granted in the 4 Dry Talooks	145,783 10 7	2,38,436 11 3	92,653 " "	" " "
Second crop land allowed	19,264 2 11	39,853 8 7	20,589 " "	" " "
General Remission	81 4 6	81 4 6	" " "	" " "
Total	1,85,214 15 3	2,99,588 13 1	1,14,374 " "	" " "

14. The Board will observe from the foregoing that, the amount of remission on account of Shawry or withered crops is greater in the Fusly under report, than in the past one by Rupees 833, and is attributable to the unfavorableness of the season, as noticed in this report under the head of season. This indulgence was not granted until after searching enquiry was instituted.

Statement No 4 & 5.

There

Statement No 4

15. There is a small increase in the item of Allegal above the past fasly settlement, and brought about by crops destroyed by inundation of the Maundayaur streams.

16 The reduction on the land tax granted in the 4 dry Taloks under the orders of the Board dated 1st February 1855 and 24 February 1857 No 280, exceed that of the past year by Rupees 92.653 Consequent on the extended cultivation made by the Ryots.

Statement No 4

17. The remission on account of second crop not cultivated amounting to Rupees 29,589 by habits an increase above last Fasly, because this item was heretofore entered with the general waste. The present arrangement being in conformity with the orders conveyed by Extract from the Proceedings of the Board No 2404 of the 14th September 1855 Para 10.

There

C.R.

Sundry items Reduy money Collection

18. There is a net decrease of Rupees 1167 under this head when compared with the preceding Fasly. This is to be ascribed chiefly to the decrease in the collection on account of extra cess for using Government water, and the rent from fruit trees. The following account gives the particulars.—

Cultivation of sugar cane & Indigo

Fasly 1265—4815
" 1268—1624

Statement No. 7

20.— In the culture of sugar cane there has been a decrease. Acres 1624 were under this crop, being acres 191 below last fasly. Nearly all the sugar is grown in the Talooks of Pulligaody, Porriore, and Waddarpallium where the soil is best for such crops. No sugar fit for foreign market is manufactured in the District The operations being confined to Jaggary and country sugar.—

Fasly 1265—5227
" 1266—8670

24.— The culture of cotton in this Province is a little in advance acres 8070 were under this product. This being about acres 2843 above last year.—

Fasly 1265—1289
" 1266—1159

22.— In Indigo the area is estimated there being acres 1159 under this crop and that is about acres 120 below last year. This is chiefly because the crop did not grow much Indigo This crop is chiefly in Pulligaody to the East and of that Talook along the sandy tracts on the North bank of the Coleroon River where irrigation exists.—

Particulars of Water Tax Statement No. 8.

23.— There is a net increase under this head to the amount of Rupees 48 resulting from the usual fluctuations in the Loom tax.—

24.— The Loom tax is chiefly collected in the Villages of the dry Talooks and the Bazar tax in certain Villages of the Inam Talook The other items are obtained from the Permanently settled Kottahs Kattoopattoo The particulars are detailed below.—

Statement No 9

Foot St George 15 May 1858

25. The subjoined abstract exhibits the current Demand of Extra Revenue and Interest account.

Items	Fasly 1265	Fasly 1266	Increase	Decrease
	Rs a p	Rs a p	Rs	Rs
Extra Revenue	4494 4 2	3042 15 11	"	1451
Interest account	1306 9 11	1589 8 10	283	"

The decrease in the Extra Revenue is from Royalties levied on dates and remitted by the Village Principal Lude amounts (rents being lower than the past year while the Increase in the item of Interest Rupees 283. is owing to a higher charge occurring by the Bills falling in arrear and defaulters neglecting thereby the Ude to Interest demands.

Borough Sall 26. The following Statement exhibits the Demand of all the sources of Revenue for the entire Fasly resulting in a total net decrease of Rupees 20668.

27.— Of the contents of the Decrete in the Land Revenue and extra tenrent, and the Increase in the Returns for tay and Intent account explanations have already been afforded in paras 9-23 & 25 of this report.

Encl. Ann Statement B.10. 28.— The Decrete Report given in the Akkarry Revenue which forms the principal head of Extra Revenue in this Collectorate is attributed to the bids for the Tarrent being lower than the Kistbundy

Encl. Ann B.10 29.— The Stamp Revenue exhibits a Decrease of Rupees 2929 resulting from the reduced sale of Stamp papers.

30.— The extent of Cultivation and average assessment per acre at the survey, and the Schedule of permanent remissions given in enclosure B to Statement B.10 this affords in part the information required by the Circular of the 7th August 1858 No. 2533.

Statement B.11 31.— The subjoined exhibits the Demand Collection and Balance of all Sources of Current Revenue

34.— A report on the entire outstanding balance of Revenue in this District at the end of 1265 was submitted to the Board

1799

Fort St. George 15th May 1858

Board, on the 15th October 1856. A further report on the present outstanding balances will be submitted in a few days.—

Coercive process employed in the collection of the Revenue.—

35 During the fusly numerous Notices of attachment of land and personal property have been served upon Defaulters, and property advertised for Sale. It became necessary in thirty nine Villages to sell the landed property of fifty seven Ryots. The amount of arrears being Rupees 1359, while the actual sale value of the land realized Rupees 1,695 and that of the personal property Rupees 187- These particulars are given in Enclosure A of Statement No. 13. The Sale of land took place prior to the Circular orders of ~~date~~ 6th February 1857 No. 430.

Gross Collections and Charges.

36 Statement No. 14 exhibits the full and complete details of the Collections and Charges simple, of the Revenue of the Province. The gross Collections within the Fusly were Rupees 14,53,728- 6— while the disbursements amount to Rupees 179008- 5— giving a percentage upon the receipts of

of 12 5/16 per Cent.-

37 There does not appear on the face of this return any material or large fluctuations in the receipt and Charges, under any one head of Revenue which requires explanation, except the items arrears and Current which are for the following reasons.-

38 The increase in the Collection of arrears is occasioned by the Amount being greater in the beginning, and Collected within the Fusly, which necessarily exceeds the Sum Collected during the past year. The increase in the Current Collections is owing to the Kists received from the Inanapara Talook transferred from Madura to this District. Also to Ryots having paid up their Kists with punctuality.-

Villages Statement No. 15

39 The subjoined Statement will shew the number of Villages in this District, and the tenure under which they are held.

The Villages have been augmented by 39.

This

This augmentation is obtained by the transfer of 31 Villages comprizing the Talook of Inanapara, lately made over to this Province from the Madura District. And 8 from the Talook of Woodiar. -pollam which were once ruined but now reoccupied and reclaimed.-

7802

Fort St. George 15th May 1858.

40 Statement No. 16 shews Talookwar the number of Ryots and Puttahs in this District, prepared agreeable to the form furnished me.—

Statement No. 17

41 A Statement of the Houses and Population of the District is herewith transmitted. Your Board will observe that the Hindoo Population is in the proportion of twenty four to one greater than that of the Mahomedan. The population of the Province has increased* when compared with the censrus last* taken.—

* 100384

× Fusly 1260.
+ 14 Sept. 1855
P. 13

42 Agreeable to instructions a Memo. Shewing the number of new wells dug at the expense of the Ryots. and the extent cultivated under these wells, is entered in the margin.—

Number of wells 398
Extent of land Cultivated Acres 1432
Amount of Assessment Rs. 858

The total number of wells under the Rules issued since Fusly 1262 is 1033, a result which may be considered as most satisfactory.—

Remarks on the

43 Although Mr. H. C. Sim my Acting

the conduct of the Subordinate Officers.—

Acting Head Assistant arrived too late for me to depute him to undertake the settlement of his Division of the District, I have much pleasure in bringing to notice the very ready and able Assistance he has always afforded me. I have the greatest confidence in his good judgment, and I have ever found him both apt for business and attentive to his duties.

I wish to express my obligations to both the Serishtadars of this Collectorate for their attention to their respective duties. The Nail Serishtadar especially, Appasawmy Modelar, has been most assiduous and laborious in his exertions. Babajee Rao the Head Serishtadar, is a man of more than forty three years Service, advanced in years, and of consequence both mentally and physically incapable of much exertion. He ought to apply for his pension.—

44 In conformity with the instructions conveyed by Circular No. 2533 of date the 5th August

August 1856, I furnish a statement marked A. shewing the average assessment per acre on the various description of land cultivated during the Fasly exclusive of the permanent remission. The Board must be aware that the Province has not been regularly Surveyed or assessed at fixed rates. In fasly 1228 and at other periods considerable reductions in the demand of the land tax were made. And the assessment then fixed and retained, I have entered in Column 3 as the Survey assessment.

45 As directed by Circular No. 1566 with Extract from the Proceedings of the Board dated the 22nd May last, I do myself the honor to furnish hereunder a brief report on the progress and effect of Public works in this District for the past Official year made up to the 30th April 1857.—

46 As observed last year the works executed in this District during the period of 1856/57 were for the most part of an ordinary

the conduct of the Subordinate Officers.-

Acting Head Assistant arrived too late for me to depute him to undertake the settlement of his Division of the District, I have much pleasure in bringing to notice the very ready and able Assistance he has always afforded me. I have the greatest confidence in his good judgment, and I have ever found him both apt for business and attentive to his duties.

I wish to express my obligations to both the Serishtadars of this Collectorate for their attention to their respective duties. The Said Serishtadar especially, Appasawmy Modelar, has been most assiduous and laborious in his exertions. Babajee Rao the Head Serishtadar is a man of more than forty three years Service, advanced in years, and of consequence both mentally and physically incapable of much exertion. He ought to apply for his pension.-

44 In conformity with the instructions conveyed by Circular No. 2533 of date the 9th August

1856, I furnish a Statement marked A. shewing the average assessment per acre on the various description of land cultivated during the Fusly exclusive of the permanent remission. The Board must be aware that the Province has not been regularly Surveyed or assessed at fixed rates. In fusly 1228 and at other periods considerable reductions in the demand of the land tax were made. And the assessment then fixed and retained, I have entered in Column 3 as the Survey assessment.

45 As directed by Circular No. 1566 with Extract from the Proceedings of the Board dated the 22nd May last, I do myself the honor to furnish hereunder a brief report on the progress and effect of Public works in this District for the past Official year made up to the 30th April 1857.-

46 As observed last year the works executed in this District during the period of 1856/57 were for the most part of an ordinary

Fort St. George 15th May 1858

in Ordinary Character, designed for the improve-
-ment of the irrigation of land already
under culture, and for the protection
of existing Revenue.-

47 The undermentioned great
projects for the extending of irrigation
and for the increase of the
Revenue were sanctioned, and
undertaken during the year 1855.
They are under the execution of
the District Engineer and are
Still incomplete.-

Fort St. George 15th May 1858.

		Date of Sanction	Estimate. Rs. A P
Conard	Extending the Hhyacondam Channel further East ...	10th February 1855.	34134 - -
Saulgoody	Annicut across Munthay Coolayaur and Varahaloor Channels	10th Feb 1855.	29,999 12 9
Woodcarpolliem	Cutting New Ponairy Channel.	10th Feb 1855.	52951 12 3

When the works are completed it is calculated that about 5,051 Cawnies of land will be brought under irrigation, and a Sum of Rupees 29,375 added to the Revenue of the Country

7809 Fort St. George 15th May 1858.

49 I have reason to believe the made roads and communications of the District to be in good order. — Your Board is aware that the entire execution of the Public works was transferred from my charge to that of the District Engineer on the 1st of July this year.

The Department are paying attention to the Roads. And I may name the following lines as being in good order

Madras Trunk Road No 8.
New Salem Road
Combaconum Road
The new Dindigul Road No 6 is just Completed

50 The aggregate Sums expended on all works may be Set down as follows.

Irrigation works	69827-3
on Navigation	22-15-3
on Roads	10952-7-10
Public buildings	1941-0-7
Grand Total	82743-13-11

some

some years ago and of consequence the 142 Rupees chargeable to him cannot be recovered.

4. The total amount of over payment for which my Establishment is answerable for the first three descriptions of frauds is Rupees 211- and by the resolution of Government in para 3d., a deduction of ten per Cent of the loss suffered by the state from the frauds under notice, is to be made from the pension of the late Head Serishtadar Babajee Row. For this purpose, I beg to enclose Babajee Row's pension Certificate, in view to the necessary alteration being made.

5 Ten per Cent upon Rupees 211 will reduce the late Head Serishtadars pension by Rupees 21-1-7.

6. The Board will observe a trifling difference of three Rupees between the

the amount given in the present Statement of over payment and that exhibited in the margin of para 7 of my letter No. 48 of date the 2d. April 1858. This arises from a Clerical error in regard of Suit No. 200 The legal refund should be Rupees 4 whereas Rupee one was then entered.

7. With reference to the individual Soobba Naick, I beg to assure the Board I have done all in my power to apprehend him both in this District, and in Tanjore, and elsewhere, but to no purpose. Property he has none, nor has his family any, while the Father, the third Gomastah of the District Moonsiffs Court died shortly after his dismissal.

8. Nothing can be recovered, and I trust the sums over paid may be written off to "profit and loss".

Fort St George.

B/ No. 903
From the Actg Collr
of Madura

Sir,

With reference to the Board's endorsement to Petition No. 2630 of 1833 I have the honor to observe that of the 12 documents marked A to K and one other not marked, submitted with

with the petition, C.D. & H, were filed in the decision of the late Ag. Collector. A B, J & K form part of the record but were not allluded to in the decree.

2 Of the remaining five documents E. F. G. I. and one not marked, E & F were received after the decision, and the other three are copies of Court documents procured subsequent to the decree.

3 The Ag Collector in his decision remarks that the Amlalum Meerajy in question and the emolument were proved to have been in the possession of Respondent for more than 81 years in the 1st Instance by Mortgage and afterwards by purchase. It would appear that Document A & B. (A being a Summalumdy account & B being a Poolay Abbudy and Pymash account) could not have been perused by the late Ag Collector, as they both shew that Appellants father held the Amlalum from Fasly 1228 to 1260.

by

by document A. and from 1226 to 1253 by document B. It is worthy of Notice that document B under the head of "name of persons who signed" proves that Respondent had signed the accounts as appellants Gomastah from Fasly 1235 to 1243 subsequent to the date of the bill of sale.

4 Documents J & K clearly shew that Respondent was in possession by Mortgage of the Amlalum rights during 1250 & 1253. The deed of sale is dated 14th December 1839 15 years prior to the Mortgage of the same Amlalum to the same party.

5 The stipulation in the deed of sale, which deed is on plain Cadjan, that Respondent should pay 30 fanams annually to Appellants father, which 30 fanams Respondent declared to have been subsequently mortgaged to him at two different times to the amount shewn

in

Date of Mortgage	Amt. Mortgage	Amt obtained on Mortgage
3d Swany Calendy	20 fanams	285 — 8 — "
17th August 1838		
11th Assessy Ellum	10 D°	57 — 8 — "
		335 — 14 — "
25th October 1841		

in the Margin together with the account that appellants brother again Mortgaged the same 30 fanams for a further period of 60 years for Rs A 124 — 2 in excess of the two former Mortgages It thus appears that Respondent bought up right for 409 — 8 Rs A with a Mortgage on it worth more than the original right; for he pays 400 Rupees for the redemption of the Mortgage.

6 Documents E and F shew that Respondent was duly appointed gomastahs by appellants father on the 9th October 1835.

7 The Documents accompanying the petition are returned and the matter is left for the consideration of the

By No. 880
From the Collector of Tinnevelly
Received 3rd May 1858
Per Common Post

Sir,

As the Kists due by the Estate of Shenelputty in this District for the month of December 1857 were not remitted to the Treasury, the Tahsildar of Sauttoor in whose Talook the Estate is situated, was directed to ascertain and report the cause of the same, and he reports to me, that Semmy Naig who was appointed as Manager of the Minor Zemindar of Shenelputty under the orders of the Court of Wards dated 20th April

was

Fort St. George 15th May 1858.

was unwilling from from indisposition to manage the affairs of Estate, and that the Kists were in consequence allowed to fall in arrears.

2 The Mother of the Minor was called upon to report on the state of the Manager's health, and she reports that the Manager is at present incapacitated from indisposition from performing the duties of his Office and requests that the Estate may be taken under the circar Management till the close of the current Fasly.

3 Under the foregoing circumstances I have thought it proper to take the Estate under circar Management on behalf of the Minor. The Establishment entertained for its management is exhibited in the Margin for which I request the Sanction of the Board.

P.C. No. 1716
From the Collector of Timmerelly.

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 11th January 1838, I have the honor to inform you that agreeably to the orders of the late Collector Mr. Bird, the Tahsildar of the Brammadasum Talook advanced to the Petitioner Rupees 185 out of the amount Estimated for the work (Viz: Rupees 560 9 4) of the above sum of Rupees 185. Rupees 175 5 8 have been recovered from the party

Fort St. George 15th May 1838.

party, the balance of Rupees 9 8 4 - which was ascertained to have been expended in excavating a portion of the Channel was not refunded by the Petitioner.

2 A further Sum of Rupees 43 1 2 is stated to have been expended in the preparation of materials; this Sum has been recovered, it having been considered that the materials upon which the above outlay had been made, were capable of being rendered available to reimburse the Petitioner for the expenditure incurred by him. and therefore it does not appear that the Petitioner has been required to refund any portion of the advance that had been really expended by him for a work Sanctioned by competent authority.

Acting Collector

Decree of the Subordinate Court Zillah Calicut

Original Suit No. 17 of 1857.

Shekary Varma Valia Rajah of Palghaut /died/

Supplemental

The present Shekara Varma Valia Rajah, by Vakeel Vengadeswara Ayen

Versus

1 Mr. John Joseph Tomlinson, by Vakeel Seshoo Retter
2 Krishna Chetty, son of Annayen Chetty
3 Amakara Rowten
4 W. Robinson Esqre Acting Collector of Malabar by Vakeel Amboo Podwall & Shekary Nair

1 Original Suit brought to procure the transfer to Plaintiff of 11 hills valued at Rupees 2685-12-" with the rights appertenant alleged to be

be his Jenm property & to have been wrongfully passed to 1st & 2d Defendants on a wood cutting contract. The damages of Rupees 1871 14 3 were asked for the wood cut.

2 The 1st Defendant answered that his right was derived from Government.

3 The 3d joined in accordance with the vicious practice of our Courts, answered that he was in possession of a portion of the land & had expended money in clearing &c. to the amount of Rupees 5,000-

4 The 4th Defendant, Collector of Malabar answered on behalf of Government that the land sued for was the property of Government by escheat from one Chennath Nair-

5 Points were recorded on the 7th January 1858-

1. Plaintiff to prove the Jenm of the places stated in the plaint to be his & not that of Chennath Nair-

2. 4th Defendant to disprove this & prove the places to have been the Jenm of Chennath Nair

It being wholly inexpedient to enter upon the 4th Defendant's title until found absolutely necessary-

6 Plaintiff cited 15 Witnesses of whom 8 were examined

4 Maunattil Rama Menon
5 Anna Putter Pattamaly
7 Canapadatta Roonjee Komby Menon
9 Pottenvittil Krishna Nair
10 Chatapa Menon alias Ellia Nair
13 Allatoo Veloo Nair
14 Hallamboratoo Rannoo Maunady
15 Chenath Parangodasha Menon

} To prove the 1st point

7 4th Defendant cited 12 witnesses of whom 5 were examined

1 Toowakat Thoopoo Menon
2 Melepoorakel Koyedei
7 Vadekat Koonhoony Pamkar
8 Karoopolle Koonhen
12 Mootloo Karoopa Pellak

} To prove the 2d point

Judgement

8 The evidence adduced to prove the Plff the right ful owner of the 11 hills Sued for is of a very unsatisfactory character. The first three witnesses who have all attempted to describe the location of the Several hills have all varried in their Statement - This is Scarcely Surprising Seeing that their Knowledge of the locality is not great and that verbal description of Such locality is very difficult. These agents of the Plaintiff then Strive to Show that the hills are those of the Plaintiff because he executed a document in 1017 and another in 1029 - granting them - Now in itself nothing can be more inconclusive on Such a Subject than the execution of a document - Where it is Sought to prove ancient possession, old documents are receivable, but unless acts of ownership have been exercised under them in the presence and therefore with the acquiescence of Some person interested in opposing Such acts they are entitled to no weight. In this case the Statement that wood was cut by one Lutchman Putter in accordance with the authority conveyed by this document is not entitled to any weight. The witnesses themselves have no real Knowledge upon the Subject, and Seeing the large number of hills belonging to Plaintiff, it would be very difficult without much more Satisfactory

Satisfactory evidence to believe that the wood in which Lutchman Putter dealt, if he did deal in it, for now he is a mere miscellaneous Store dealer, was Cut from these Specific hills. The document under which he acted is wholly unreceivable in evidence, for there is no mention of the Specific locality and the happy generality with which the boundaries are described might include not only these hills but a hundred others. The acts of user by taking honey from these hills and hunting thereupon are obviously quite worthless as evidence, for they would be Capable of establishing the Jeum right of at least 100 persons as well as the Plaintiff, for we have no game laws and natural products such as honey may be gathered without obstruction on any unoccupied hill. Moreover the very Story as to the honey is wholly worthless, for when pressed the Cheruves who gathered it appeared to be the 2d witness informants on the Subject. As to the boundary Stone which the 1st and 2d witnesses allege to exist and which the witnesses for the defence deny it is obviously wholly immaterial, Seeing that its bare existence would point nothing to the manufacture of evidence than to its bona fide character. While the evidence thus received is vague scarcely touching on Substantial facts, that of the witness (5th) who asserts

Cultivation

Cultivation of land enclosed in these hills since 1000 is wholly irreconcilable with the Statement of Plaintiffs own witnesses 1st 8 9th who allege that their first knowledge of these hills was when the land under them was made cultivable about 5 years ago. As to these hills being included in one Umshom while property alleged to be that of Chenooty Nair and now that of Government is in another, this fact would be of no relevancy whatever, seeing that the police and revenue division was long subsequent to Chenooty Nair's property in such lands as he possessed.

The second contract granted by Plaintiff where wood was largely increasing in value at Rupees 40 per annum with liberty to cut as much as he liked (3d witness) shows very forcibly the conviction of Plaintiff that he had no title and his desire to set up a third party to try the question following the inveterate Hindu belief that a title gains strength by passage through one or more hands which in its nature it does not possess.

In

Fort St. George 15th May 1858

9. In my judgment nothing can be more worthless than the evidence to the claim here set up but all the unnecessary seeing that the Defendants are charged with a daring trespass, I must add that the evidence of Defendants has satisfied me that the servants of Captain Williams for years without any opposition exercised over the hills here claimed rights of ownership of the most substantial character. That gentleman was the Government, timbers agent, and there is evidence wholly uncontradicted that the Defendants 3d witness, another contractor, whose evidence showed him intimately acquainted with the spot has also exercised such rights under the authority of Government seeing no weight whatever in the evidence adduced on behalf of the Plaintiff and no reason whatever for discrediting that adduced on behalf of Defendants, I dismiss the original suit with costs.

From the Collr of Madras
From Superintendent of Salt 12 April
From Actg Master Attendant 9 April

Sir

I have the honor to forward Copies of a letter to me from the Superintendent of Salt, and of one to his address from the Acting Master Attendant, on the subject of the present year difficulty in procuring boats for the export of salt.

2 Several of the Commanders of Chittagong Dhonies now in the Roads, having complained to me that very great delay had occurred in providing them with the salt requested for the fulfilment of their contract with the Chittagong Salt Agent, and having requested the return of their money, if salt could not be speedily supplied; I have been under the necessity of adopting the latter mentioned course.

3 Messrs Binny & Co. the Agents for the "Himalaya" have also complained of the slow delivery

Fort Saint George 15th May 1838

delivery to their ship now loading, and lest other parties should be equally disappointed in their expectations of a supply of salt, I would suggest the publication in the Official Gazette of the notice at foot, as the removal or even mitigation of these difficulties are beyond the Control of this Department.

No. 228. From S. J. Franklin Esqr.
Acting Master Attendant

To R. P. Campbell Esqr.
Superintendent of Salt

Sir

Fort St George 15th May 1858

Sir I have the honor to acknowledge receipt of your letter of yesterday's date, which has just come to hand, representing the difficulty experienced in obtaining boats to carry Salt to the Chittagong Dhoneys at One Rupee three annas the trip, while you are paying One Rupee twelve Annas per trip for its conveyance to the Day Dream, anchored inside of them, and asking that some fixed principle might be laid down whereby to regulate the hire in future.

2 With reference thereto, I can only point to the Act IV of 1842, which lays down the rates at which boat hire is to be charged. It is not in my power to authorize any increase or decrease in those rates, and if any Boat owner refuses to let on hire his Boat at the rates specified without good and sufficient reason, he is liable to punishment.

3 I am aware that considerable difficulty is experienced in providing for the wants of the port in consequence of the number of Ships now loading or unloading. Many of if not all the Merchants are paying boat hire in excess of the regulated charges. Even this department does so in an indirected way by taking advantage of the present fine weather, and permitting more than the prescribed tonnage to be taken in each boat paying extra for the excess so carried. To enable you to expedite Your Shipments I would advise you to do the same taking care to See that the Boats are well dunnaged.

B.d No. 1984

From the Coll.r of Chingleput

Sir,

Para 1 I have the honor to report on the Revenue administration of this District for the past Official Year 1857/58.-

2 Owing to the unfavorable nature of the Season, the Land Revenue has experienced a Considerable decline. The settled demand upto the end of the previous Official year, was Rupees 885039; that in the current year is Rupees 876,168. The decrease is at present Rupees 8871, but this will considerably swell when the remissions for withered crops are adjusted. The details of cultivation under the different heads of Dry, Wet, and Garden, are exhibited in the accompanying Statement A.-

3 The Collections from all sources

of Revenue, and the Charges incurred for realizing the same, are entered in Statement B This Document will shew that Rupees 1,10,2,145 were realized during the past year under the head of Land Revenue, and Rupees 11,93,125 in the previous year. The decrease is Rupees 90,980 and has been consequent on the adverse nature of the Season. The Charges for realizing the amount are Rupees 10,378 5 or 9 per cent.-

1. No customs duty is levied in this District, its foreign trade finding an outlet through Madras.-

5 This is the 2nd year of the 5 Years lease of the Abkarry Farm which was rented for Rupees 92,650 per annum. The Collections Current, and arrear, were Rupees 1,04,975 being Rupees 1923 below the amount realized during the preceding year.-

6 The Stamp Revenue exhibits a decrease of Rupees 3,153 attributable to diminished

litegation in the Civil Courts. The Charges amount to Rupees 936 or 5 per Cent.-

7 The receipts under the head of Salt in the year under report amount to 2,13,673 or Rupees 80393 below the amount realized in the preceding year. The decrease has Chiefly arisen under the head of Sales for Export to Bengal. The Salary Charges incurred for realizing this branch of Revenue were Rupees 12,581 or 5 per Cent.-

8 The Collections under the head of Motorpha amounted to Rupees 29,445. or Rupees 7,714 below the amount realized in the preceding year, and correspond with the general depression observable in the other branches of Revenue.-

9 The only branch of Revenue that presents any improvement at all is that of the Postal Department. It consists of the Sale proceeds of Labels, and ready money Collections, amounting, in the aggregate

aggregate, to Rupees 6145 being Rupees 1326 in excess of the Amount realized in the preceding year. The Charges under this head amount to Rupees 8006, or Rupees 2024 below the Charges of the preceding year.-

10 Madras and Calcutta are being connected by means of the Electric Telegraph. The expenditure incurred in the year under review under this head, amounts to Rupees 65699 or Rupees 39579 in excess of the Amount disbursed in the preceding year.-

11 The population may be Estimated at 605221 Souls.-

12 Emigration to the Mauritius was stopped at one period of the year by order of the Supreme Government.-

13 The only forest of importance which supplies the Madras market with fuel is that of Shevaroys, an light portion of which was rented out for the current

Fasly at Rupees 8500 per annum. The Rentat System being considered detrimental to the conservancy of the forest is under the consideration of Government.-

14 The iron ores in this District cannot be brought to any practical use, as great difficulty is experienced in the supply of fuel to work them.-

15 The total number of persons vaccinated in the year under report is 8197. Of these, the operations performed on 7335, are reported successful the ramainder were either a total or partial failure. The dispensary at Chinglaput continues to afford relief to patients seeking European treatment.-

Little

Fort St. George 17th May 1858.

16 Little or no progress appears to have been made in the continuation of the Southern Canal beyond Sadras, which is therefore not likely to be of much use to the Mercantile population. The expenditure incurred on this account in the present year is Rupees 3609.

17 No large works of irrigation at present beneficially affect the District.

18 Education is making progress. 3 Talook schools have been established in the year under report, in additions to those which had been already set on foot.

19 The Railway continues to be of use.

20 Beyond the above there seems to be nothing of importance to communicate.

B. No. 1807.

From the Collr of Bellary

Sir,

With reference to Boards endorse-
ment dated 29th September last on Petitions
No. 1474 and 3140 of 1857, requesting me to
quote the order of Government referred to
by me in my endorsement granted to one
G. Donapah Head Weaver of Cottoor in
the Koodleghee Talook, and to report
upon that part of the Petition which
asserts that Petitioner's tent has been
withheld from him. I have the honor
to report that the Petitioner who is a
Member of the left hand caste com-
plained that he was prevented by the
Dyvacharum

* herewith Sent

Fort St. George 17th May 1858.

Dyvacharum or Right hand caste people,
from pitching his Tent in the part of
the Pettah occupied by themselves and
selling his Cloths therein. On enquiry
it appeared that the Petitioner's attempt
to pitch his Tent within the Dyva-
charum Pettah was contrary to Inamol,
and likely to cause a disturbance of
the peace. he was therefore ordered
to refrain from doing so. Upon this
the Petitioner appealed to Government
who having called for a report in the
case, the above facts were reported, and
the Government then endorsed on his
Petition No. 1901 of 1855 to the effect
that they saw no reason to interfere.
This Petition was returned to the Petitioner,

Statement

individual had taken the Village on lease for 10 years from the last Jaghiredar. at the date of the death of the last incumbent 4 years only of rent had expired. That death took place on the 13th June 1857 i.e near the close of fusly 1266. all the agricultural operations of that fusly had been concluded and the profits had gone to the renter. The Jody for fusly 1266 amounting to 226 Rupees had been collected in full. From the commencement of the current fusly 1st July 1857 the Cultivators have been required to pay to Government the full teerwah of the Village. Puttahs will be at the present Summabundy made out in the names of the Cultivators. a Puttah will also be given to Mookthar Beg for that portion of land which he himself cultivates, should it be found that he has a title thereto

5 No original summud is forthcoming The promise to furnish the grantee with one

one was not fulfilled.

6. The amount of rent paid by Mookthar Beg, and former renters to the Jaghiredars appears from accounts for the last 10 years to have been Rs. 1977 from fusly 1257 to fusly 1264. and Rupees 1995 from fusly 1265 to 1266. Out of this amount were paid the Jody Rs. 226 and the emoluments of the Village Servants 108. The remainder was enjoyed by the Jaghiredars. What the profits of the renter were cannot be ascertained. The ayacut according to the old rates amounting to Rs. 2732, but there are no accounts in my Office of the extent of the cultivation. This Summabundy will determine the present value of the Village

7. The family now consists

Sir,

I have the honor to solicit the sanction of the Board to the removal of Anundarow from his present position as Tahsildar of the Manargoody Talook to the lower situation of Talook Sheristadar. I feel it right to make this recommendation both on public grounds, and out of consideration for the individual himself. I consider him to be quite unfit for the important and responsible duties of the Head of a Talook, and believe that his continuance in that position would lead to his greater disgrace. He was formerly Sheristadar of the Talook and was promoted by Mr. Hall of about 2 ½ years ago simply as I am informed because of his long services and of there being no man at that time available who was thought more

more competent or who had better claims. I have reason to believe however that Mr. Hall was disappointed with his selection, but as the immediate charges of the Manargoody Talook was entrusted to the late Head Assistant and additional Sub Collector he had little personal experience of Anundarows ministerial incapacity.

2. I have from the first been much dissatisfied with the carelessness and inactivity displayed by this Tahsildar in the performance of his various duties. arrears have been allowed to accumulate and important matters needlessly delayed. but it was not until the Summabundy of the current year that I discovered he was almost a nonentity in his Talook. His Revenue and Police functions are performed by his subordinates and it is only from them that information of any kind can be obtained. at the Head of a Talook like Manargoody where land is yearly increasing in value, a man of character and energy

2. I have from the first been much dissatisfied with the carelessness and inactivity displayed by this Talookdar in the performance of his various duties. arrears have been allowed to accumulate and important matters needlessly delayed. but it was not until the Summabundy of the current year that I discovered he was almost a nonentity in his Talook. His Revenue and Police functions are performed by his subordinates and it is only from them that information of any kind can be obtained. at the Head of a Talook like Manargoody where land is yearly increasing in value, a man of character and energy

to

is required and more particularly at this
time when the Tahsildars knowledge experience
and ready cooperation will be of much assis-
tance to the Deputy Director of Revenue
Settlement.

3. In Police matters also Anundarow has
been found wanting I have been compelled to
report to the Court of Fouzdaree Udalut a case
in which a serious error of Judgement on his part
resulted in the death of a native woman
of respectability but I have requested the Court
to suspend their orders in the matter until
the result of this reference to the Board is
known the punishment recommended in this
case by the Joint. Magistrate who inves-
tigated it, was a fine of 20 Rupees, but if the
Tahsildar be degraded as I propose no
further punishment will probably be
inflicted

inflicted by the Court.

4. Anundarow has served the
Government for a period of
36½ years of which 28 years were
passed in the Hoozoor in the situations
of Revenue and Mahramut Goo-
mastah and nearly 6 years as
Talook Sheristadar. He is not inca-
pacitated by old age or infirmity &
from further work and is
therefore ineligible to Pension, but by
reverting to his former post in the
same, or in another Talook where
the

Fort St. George 17th May 1858

the duties are perhaps more onerous and important than those which devolve upon the Head of a Talook his period of service may be further extended to Several years.

Board's No. 1717.
From the Acting Collector of Tanjore

To G. S. Forbes Esq.
Secretary to the Board of Revenue
Fort Saint George

Sir,

I have the honor to report on the Government Petition marginally noted.

No. 1130 of 1856.

2 The Petitioner is the Renter of a Tope held under attachment agreeably to a receipt of the Combaconum Subordinate Court whereat was sold to him in June 1856 for an annual sum of Rupees 32 The number of Trees in the Tope at the time of concluding the lease was exclusive of Bamboos 1197 of which 332 of different descriptions were productive The above mentioned amount of 32 Rupees was apportioned upon these productive trees with reference to the usual rates of tree tax prevailing in the District The terms of the rent were that the amount was to be annually paid for the enjoyment of the produce of the trees Bamboos excepted and that the rent was to become null and void on the release of the Tope from attachment The Petitioner paid

paid the amount of the rent in full up to
July 1861.

3 After the Hurricane of
March 1853 the petitioner complained
of the destruction of several productive
trees and requested remission of
the tax on them On examination
it was found that there were only 262
productive trees and that the tax on them
at the rates regularly fixed amounted
to Rupees 23 8 a which with Rupees
2 8 a the assessment on land then
under dry cultivation formed a total de-
mand of Rupees 26 a a for Fusles
from 1262 to 1264.

4 Petitioner again complained
that a further number of productive trees
have ceased bearing and on examination
the number of trees liable to tax was found
to be 220 the Demand on which amounted to Rupees
18. 11. 6 which added to Rupees 2 8 a the
assessment on the Poonjah cultivation
already referred to made a total demand
of Rupees 21. 6. 6 for Fusly 1265.

5 These are facts deduced
from official records, and the account with
the Petitioner from the date of his rent
stands thus.

Fusly	Demand	Collection	Ballance
	Rupees As. P.	Rupees As. P.	Rupees As. P.
1256	32 a a	32 a a	
1257	32 a a	32 a a	
1258	32 a a	32 a a	
1259	32 a a	32 a a	
1260	32 a a	32 a a	
1261	32 a a	32 a a	
1262	26 a a	25 a a	1 a a
1263	26 a a	18 6 6	7 9 6
1264	26 a a	14 a a	12 a a
1265	21 6 6	a a a	21 6 6
1266	21 6 6	a a a	21 6 6
1267	21 6 6	a a a	21 6 6
Total	334 3 6	249 6 6	84 13 6

So

6 So far therefore from there having been any over collection the Petitioner owes a considerable arrear the full amount of the demand, it will be seen being outstanding for the last 3 Fusleis.

7 Petitioner has been examined in person in the Shrozoor, but he has not been able to produce any proof of the over collection alleged by him He asserts indeed that the accounts forwarded to the Shrozoor from the Talook Cutcherry were not based upon the original accounts of examination furnished by the village Curnums but were what were framed in the Taloo Cutcherry on other and different Data. The Petitioner does not seem to be aware that the village Curnums examination and accounts are not always implicitly depended on but that there is always a second check examination made by the Taloo Servant In the Petitioners case there was such second examination the result of which was adopted

8 I should add that under the terms of the Rent Mocturlika the Petitioner was not entitled to any remission whatever on account of trees destroyed by the storm, any more than he was liable to be called on to pay any think over and above the rental for any profits derived by him The indulgence shewn to him in the remission of Seerwah on unproductive trees was a mere act of grace.

9 Under these circumstances I consider the Petitioner has not been in any way aggrieved and that his allegations as to an over collection are wholly unfounded.

10 I have to regret the delay that has occurred in reporting on this Petition It has resulted from some of the original papers connected with the case having been mislaid which has prevented the required investigation from being speedily brought to a close.

From the Jt. Collector
of Tinnevelly

Sir,

With reference to Extract from the Minutes of Consultation, dated 6th January 1858, reviewing the report of the Board on the Management of the ferry and other Local funds during 1856/57 received with the Board's Proceedings of the 19th Idem, I have the honor to forward, for the consideration and Orders of the Board, Copy of a letter received from the Sub Collector of Tinnevelly, on the subject, and to inform you that from the early records of the district, it appears that the Avenue trees were planted and nurtured by the Villagers on the condition that the Villagers should enjoy the profits.—

2. It is most desirable that the funds arising from the Avenue trees shall be appropriated for the immediate advantage of the Villagers as recommended by Mr. Levinge, for such a measure will not only induce the payets to preserve the existing Avenues, but also encourage them to extend the plantation of trees on Roads and suitable places

places within their own neighbourhood.—

3. In para 11 of Extract from the Minutes of Consultation above mentioned Government was pleased to order that the Sale proceeds of Avenue trees under Similar circumstances in Tanjore Should be retained for disposal at the discretion of the Collector for such minor works as may tend to improve the convenience of the Villagers but which cannot be charged to the State. The introduction of this rule into the Tinnevelly District would be attended with much advantage.—

W.S.

To,
O. Mayne Esqre
Acting Collector of
Tinnevelly.

Sir,

In Para 11 of the Extract from the Minutes of Consultation under date the 8th January 1858. No. 9. referring to the disposal of the proceeds of the Sale of Avenue trees

trees in the District of Tanjore, the Government have directed that the Same Should not be carried to the head of "Local fund" as the avenue trees are the property of the Villagers, but that the proceeds Should remain with the Collector to be laid out for the convenience of the Villagers.—

2. Up to the passing of the rules dated 11th April 1856, the proceeds of the Sale of the Avenue trees in this District was always so disposed of by the Collector, and I could name many instances in which the Villagers Subscribed largely to increase the fund so derived, the whole amount of which was laid out in repairing the Village roads.—

3. I have two applications before me now, in which the Villagers offer to subscribe and request me to cut certain of their Avenue trees, and to devote the proceeds of the Sale to the repair of their roads. Without the assistance of the proceeds, the Subscriptions will not be Sufficient, and under the present rules, if I cut the trees, the Amount will be carried to the head of "Local fund" the expenditure of which has to be Sanctioned, and carried out by the Engineer.—

The

4. The avenue trees in this district are the property of the Villagers having been planted by them without any pecuniary aid whatever from Government. They were first planted in 1802 by order of Mr. Lushington, and in the Circular Orders passed between 1841 and 1840 directing the Tahsildars to call upon the Villagers to plant, they are expressly promised the value of the trees.

15th September 1841
11th November 1842
28th February 1844

5. I have the honor to request you will apply to Government for liberty to put the proceeds of the sale of the avenue trees in this District under the same rule as that sanctioned for Tanjore.

To
G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George.

B/ No. 1738.
From the Collector of Canara ... } Para 1. Report with reference to Boards Proceedings dated 12th November last on the suggestion of Goa measurement of salt.

Sir,

With reference to para 5 Extract Minutes of Consultation under date 10th November 1857 communicated to me with the Extract Proceedings of Board dated 12th November last, I have the honor to state that from the best information I can procure, the mode of measuring salt differs at the several Goa Ports, and does not appear to be particularly accurate at any.

2. In January 1855 Mr. Mattby applied to the Government of Goa to certify in Export manifests the number of Indian Maunds contained in any Cargo shipped for the Ports of this District.

3. These documents have since shewn the salt therein entered in Indian Maunds, but on weighing the Cargoes on arrival at our Ports the quantity has

has usually been found less than that which ought to have been landed.

4. I have again addressed the Governor of Goa on this subject; and for the last 3 years more attention has been paid to the representations made, and only one case has occurred of late in respect to which it was necessary to have the manifest corrected. These corrections are always obtained it seems, and there is no means of judging whether or not there were proper grounds for making them.—

5. I find on comparing the quantity of Goa Salt received on account of Government with the Export Manifests, that a little more is generally landed than is entered as shipped: in all cases of import on private account the quantity weighed is less than that manifested. The percentage of increase and decrease is given in the Margin.

Private Trade	Exported	Imported	Decrease	per Centage
Indian Maunds	550	492	58	10½
"	428	425	3	1
"	418	409	9	2
"	245	230	15	6
		Average		5¼

Imported for Govt. Monopoly	Export	Import	Inc.	Dec.	per Centage
Indian Maunds	1,600	1700	100		
"	1200	1246	46		
"	550	621	71		
"	475	502	27		
	3825	4089	24		6¼

6. It must be observed however that salt imported by private traders is weighed, whilst that for the use of Government is at present measured. This arises from the necessity of weighing in the one instance in order to ascertain the amount of duty to be collected, whilst want of the necessary apparatus prevents the general introduction of weighment instead of measurement in Government transactions.—

7. Measuring is more favorable to importers, than weighing if established rules of conversion are used as a standard, although if our former experiment gave correct results and 120 Maunds ought to measure 480 marcals, the quantities received into store are less than they ought to be, and whether Goa salt is imported by private traders, or on behalf of Government, the quantities entered in the Goa Certificates exceed the receipts.

Result of the above salt Imported for Government monopoly at 480 marcals per 120 Indian Maunds.

	Exported from Goa	Received at 120 Indian maunds per 480 Mds	Decrease In Mds
In Mds ——	1600	1,501	99
" ——	1200	1,100	100
" ——	350	548	2
" ——	475	443	32
" ——	3825	3,592	233
	Per Centage		6

8. No wastage is allowed in either instance. Contractors are paid for the actual quantity of salt measured, and importers are charged duty on the amount actually weighed.

Sir

3rd No 1563
From the Collr of Madras

I have the honor to report with reference to Extract Board's Proceedings 30th October 1857 No 3897 in what respect according to my judgment, the Abkary System of Madras is capable of amendment.

2. The arrangements under which the sales of Toddy and Country Arrack are carried on, are good and efficient, and no change for the better occurs to me as regards those Departments.

It is the Toddy Abkary which I have on previous occasions styled defective, and to this, and

Para 7 F. Cir. 14 February 1857 No 9
Para 21 F. Do 5th March 1857 No 26.

Fort St George 14th May 1858—

to a proposal of taxing certain wholesale and retail dealers hitherto unassessed the following observations refer.

3. Wishing to learn the practice in Calcutta with respect to Toddy (the name in Bengal for Toddy) I wrote to the Superintendent of Abkary there and have received from the Commissioner of the Nadeea Division a sketch of the Calcutta Abkary System, which I now send for the Board's perusal with a request that it may be returned when no longer required.—

4. As a short account of the management of the Toddy Abkary may be useful I proceed to give it—

5. Previous to 1830 the Madras Toddy Abkary was renter, but as this course in such

a

a populous Town and environs was declared objectionable, the sales of this liquor were taken under the Collector's direct management in that year, but the renters' system continued, as from being dictated by private interest, it was found to be the best available under the many difficulties which surrounded the subject.

6. The Toddy shops were arranged into 4 Classes to each of which a certain number of Account Trees were registered.

1st Class paid per day Rupees 2-8 had 330 Trees including 30 for accidents, supposed to yield 36 Gallons daily.

2d paid Rupees 2-3 had 247 Trees including 22 for accidents estimated to give 28 Gallons daily.

3d paid Rupees 1-5 had 165 Trees 15 for accidents, yielding 17 Gallons daily.

4th paid 12 Annas, had 110 Trees including 10 for accidents, supposed to yield 10 Gallons daily.

7. Trees were given to the several shops from any garden within the 12 mile Abkarry limits, and when a shop required more than the registered number of Trees it paid at the rate 1-3 for every 10 Trees.

8. The odd Trees, first given to cover accidents were declared in 1843 to be a portion of the legally allotted number.

9. Within the Supreme Court limits there are no 4th Class shops and without those limits the shops are chiefly of the 3d and 4th Classes.

In

10. In April an annual inspection of Trees took place, but as this course obviously did not provide a sufficient check over the Shop keepers, the Abkarry limits were in 1892 divided into six divisions, subsequently reduced to four, each of which was placed under charge of an Inspector who examined the gardens of his range in succession, forwarding weekly to the Superintendent an account of his proceedings.

11. The number of Toddy Shops are not limited but the practice has been to decline an application for a Shop, when it would interfere with the sale of a neighbouring one, and when it is thought that the existing Shops were sufficient for the local demand.

12. When permission is granted to open a Shop, the Applicant states

states the gardens from which he takes his trees; these are then inspected by Examiners in the presence of the renters, and all trees of the kind marginally given being included in the number of trees allotted for a Shop of the class applied for, is then made over to the Shopkeeper and these trees are designated "Tuyicks" fit to produce toddy.

1) "Karookkoo" or young trees.
2) "Pala kurookkoo" or trees just beginning to produce Spathas.
3) "Palamaram" or trees which for the time ceased producing Spathas
4) "Palamaram" or totally unproductive Trees.
5) "Pale" or inferior tree for Toddy.
6) "Neva Cancer" or pest nut tree which is unfavorable for Toddy.
7) "Nasamaram" or Stunted tree.
8) "Sottai" or pollen.
9) "Konal" or crooked.

13. Fifteen days are allowed to the renter to prepare his trees and from the D[ate] the Shop is taxed and permits given for the conveyance of Liquor from the registered gardens to the Shop.

14. If a man was found to

to enjoy more than the regular number of trees, he was formerly fined 2 Rupees for every extra but as this punishment was disproportionate to the advantage gained, there since the end of 1856 levied a fine of one Rupee for each tree held in excess.-

15. It may be taken for granted that a shopkeeper will smuggle into his shop as much liquor as he can so the Board will understand the many difficulties in the way of the Department endeavouring to prevent the clandestine introduction of liquor in a place like Madras with Cocoanut Gardens in every direction and intersected with so many roads, and points of

access as this shop. The more liquor that is illicitly run in, the more the revenue both from Toddy and Arrack sales is injuriously affected.-

16. It is necessary then to keep a system which shall prevent liquor being drawn from unregistered trees, or in other words, to provide that no untaxed liquor shall be sold.-

17 The Bengal system being that of taxing the shop only, and permitting any amount of liquor being brought from the Gardens (for I cannot find from the memorandum that the supply of liquor is limited) is extremely simple and easy of management and is one which at once struck me when I first gave consideration to a reform in the Toddy & Arrack

here

here. I soon however abandoned the idea, as it was evident that under it the shops would decrease, and not more than a third of the present revenue realized. Indeed the receipts from "Taxe" in Calcutta are I should say trifling in comparison with the population of the City and the large number of Toddy Consumers attendant on the shipping of the Port.

18. The same obtained there is only 12,000 Rupees against 23,000 collected here. The trade is stated to be in the hands of a certain Class and that competition for shops at the yearly auction is degraded.

Average of 5 years 23,1578 Rupees.

19. The trade is equally confined here though instead of the

the annual sale of the shops the dealer here holds his license as long as he pays the Government demand and obeys local rules. If a plan of a yearly auction was introduced here, and I was to receive from the shops with permission to draw Toddy where and how the shopkeepers pleased, as large or even larger revenue than is collected under the present system of restricting the number of trees enjoyed by each shop, the unceasing watching and labor of the Toddy Department would certainly be at an end, and we should collect our Toddy revenue without the present interference with almost every step of the renters operations. The revenue would however in

in a short time greatly fall
the should have each man
bringing in as much liquor as
he could draw, underselling his
neighbour, and either beating him
out of the field or ruining
himself. and as soon as the trade
was in the hands of the few
who had survived the destructive
rivalry the number of shops
would inevitably decrease -

20. It seems requisite that
that the present close scrutiny
and interference should continue
if the present revenue is to be
maintained, but in addition to
this unavoidable interference
we have the uncertainty that
the renter is sometimes brought
I am sure but seldom unjustly
heard by the Government Officials

and room is given them to com-
plain that they are so treated and
the investigation of such complaints
is laborious and generally unsatis-
factory -

21. To explain more fully
The Board will see that of
the trees marginally noticed in para
12 some at least (the "Salamaurel"
for instance) might very well
become "Layick" - When they do so
being interspersed with the registered
trees, they are added to the "Layick"
and the renter charged Anna 1-3.
for every ten "Trees, for we know
that the renter invariably uses
them. -

22. The Monopoly makes the
charge, the renter opposes it
declaring that the Trees newly
entered as "Layick" are among those
originally entered as such, and for
which

Fort St George 17th May 1858

which he is already taxed.

23. The parties come to me and nothing but the recounting of all the trees by other servants can declare which allegation is correct. In most cases the extra charge is imposed on the representation of the Conicopoly men and not get through, our mark of each appeal against the extra charge would be invalue another counting of the trees.—

24. I am satisfied that when indeed is the renter unjustly charged, but it gives room for plausible complaints, and the Board will remember the many appeals before them on this very subject, of trees having been newly entered as "Lay sick," the petitioners praying that they might

L.B. 17th July 1857, No 19.—

L. B.

Fort St George 17th May 1858.—

might be kept free of tax, as not worked by them, or when used, asserting that the trees had been already registered as those allotted to their shop, and in consequence had been already taxed.—

25. We want therefore some definite by which the registered trees may be at once known, and we have come to the conclusion that this object is best attained by marking them with a stamp showing the number of the trees and the Fusly year, with the affix A for Ady or I for Iyr, as a fresh selection of trees is allowed every six months. We should require the nine numericals and a cipher made by steel for each of the 4 divisions.— The

26. The tree would then be marked

365 Tushy by A

The Stamp would not not injure it, and but small space would be occupied by it the Circle of an ordinary tree being made in five years.

27. I am told that our neighbour at Pondicherry adopt this plan and certainly it is an improvement upon the present practice here.

28. It will not prevent the Government servants and renters from combining for the enjoyment by the latter of excess trees but it will put a stop to the allegation so productive of constant bickerings between the Government servants and renters

renters of "Layick" trees being charged though not in use I will also lessen the very onerous duties of the Conservators as he will do at once what trees are held in excess. The numerals Stamp would be applied by one servant and the Tushy Stamp by another, so that any errors of the former might be corrected.

29. I proposed this plan to 5 or 6 of the more substantial shopkeepers, some of whom had already agreed to it to the Superintendent and they requested time for consideration, and fixed a day for their reply.

30. On the appointed day they attended, in greater force and strongly opposed the introduction of the System. It was

was evident to me that the shopkeepers alluded to in the preceding Para. had not much to say against it, but others denounced it in no set terms.—

31. After listening for nearly the whole day to their objections I must say that I remain against their validity.—

32. They first said that the marking would be troublesome to the Cooly servants: next that the 10% of trees allowed for accidents (vide Para 6) was not enough: and that it should be 20%: and again that if the Registry and marking took place only biennially that the young trees known technically as "Kowdies" would not last the six months but remain and increase.—

33. The first objection of course falls on our own shoulders alone

alone the second I am given to understand is groundless 10% being ample as accepts trees and the number originally fixed upon by the Contractor when the Railway was tendered on.—

34. As to the third objection I would not recommend a Registry oftener than half yearly, though there is some truth in the young trees becoming worn out before the expiration of the six months and it will be necessary when such "Kowdies" trees are taken up to strike them out of the Registry, and substitute others after 4 or 4½ months.—

35. The angry discussion which was kept up by the renters without, in my opinion but one sensible argument against the plan convinces me of its expediency and that it will move

prove a strong check though not a complete one upon their illicit gains.—

36. The demoralization of the Department is so great that I should be glad to see the introduction of a plan which would lessen the temptations to which the Conicopoly is now exposed. Connivance at fraud is so easy, that their honesty is seldom proof against the tricks by which they are plied on all sides.—

37. The cost of the stamping materials will be trifling and the experiment might be tried for six months commencing with the first of Nov. 15 July at the end of which period it might be declared permanent or discontinued.—

38. I must now ask the Board's consideration of an subject the taxation of certain sales of Spirituous and fermented liquors which are now conducted free

J.

39. I propose the tax not so much for the sake of revenue for that will be but small, but because the Shopkeepers may be fairly called upon like their brethren in the trade to contribute to the resources of the state, and because in the Beer and Wine shops at least, a fair tax might be the means of throwing out men of small or no capital, who are now in the trade to the detriment in my opinion of the public health.

40. It seemed at one time so many were the applications that the keeping of a Beer and Wine Shop was the only means of gaining a livelihood, and these shops became so numerous and the cause of so much drunkenness, that in concert with Mr. Elliot the late Chief Magistrate, I restricted them to the present number of 66 and new licenses are only granted on the occurrence

occurrence of vacancies.—

41. They retail often the veriest trash, many of the holders are men of no Capital and it is extremely desirable to introduce into the trade a better class of men.

42. Before the promulgation of Act XII of 1855 a fee of Rupee Re 1/152 for every wholesale of Spirituous liquors was imposed by the Police but the fee has been discontinued as the present Police Act makes no mention of it.

43 Spirituous liquors are charged a duty if imported by Sea of Rupees 1-8- and Wines of 1 Rupee the imperial gallon Beer and Porter are charged 5% advalorem. It is sometimes argued that the payment of these duties should spare the liquor being in addition excise duty

but the import duty is paid in Calcutta in addition to an excise or what comes to the same thing a license fee and such fee was imposed at Madras on Wholesale and Tavern dealers up to 1856.—

44 I would certainly recommend the introduction of a license fee here under Sec: VII Act XIX of 1852, and they to conform the Calcutta rates in juxta position with those I would propose for Madras.—

	Calcutta.	Madras
1. Wholesale Spirituous and fermented liquors	}	16—50
2 Tavern. retail of Spirituous and fermented liquors	}	100—100
3. Retail Beer and Wine to be either sent out & or drunk on the premises	}	—— 100
4. Hotel. retail of Spirituous and fermented liquors for consumption on the Shop	}	200—200
5. Lodging House Do.	}	—— 100

In

45. In the report from Calcutta it is stated that whole sales are not charged, the Excise Department looking to petail dealings only, but in the Statistical Appendix accompanying the report, there are forms of license for both Wholesale and petail Dealers and a license of 56 Rupees annually is charged on the former. I have proposed a fee of 50 Rupees being little above that which they paid to the Police within a short time.

46. By far the greatest number of our petail shops are those for Beer and Wine I am opposed to a petail Sale of Spirits, as interfering with our Arack Shops, and otherwise objectionable. — One

Mr Dunn in his Sessions that Nov 55. Since writing this Mr Dunn has appeared before me and promises not to sell to Soldiers & Sailors so that the nuisance will greatly abate and will continue his License of sale to other parties. No

185	Wholesale Spirituous fermented liquor	50	3,250	
3	Tavern petail Spirituous and fermented	100	300	
23	Beer and Wine shops	100	4,300	= 12,450 Rupees
12	Hotels	200	2,400	
2	Lodging houses	100	200	

47. One such license was granted by Mr Cochrane during my absence last year though peremptorily refused by me, but the Shop is declared to be such a nuisance, and so unfair to our Arrack sales, that I am about to advise the Board for its discontinuance. —

48. Another license for the petail sale of Spirits was granted by me, as it seemed a public convenience to Mr Balls who keeps a Tavern at the Egmore Railway Station. He usually sells to Travellers and is out of Town limits and his shop is not the constant

7948

Fort St George 17th May 1858

constant scene of drinking exhibited by the vend alluded to in the preceding Para. This one license for retail of Spirits might be continued as a special case.

49 These suggestions if approved of would produce about the sum noted marginally and might come into force at the commencement of the ensuing Fasly, the wholesale and retail dealers being warned of the intention by the notices in the Gazette. The Zeddy renders are already informed of my proposal, and within the end of the Fasly year there will be time for the receipt of their objections and a consideration of the subject now submitted.

Madras 13th April 1858. (Signed) B Cunliffe
Collector

7949

Fort St George 17th May 1858

Enclosure No 1 printed Form.
Do No 2.

The Collector of Madras wishes for information regarding the Abkaree Revenue of the Town of Calcutta. A Sketch is desired of the mode in which it is managed and of the sources whence it is derived.

The Abkaree Revenue of Calcutta is managed under 2 Heads.

1st The Distillery Department controls that portion of it which is derived from Rum distilled according to the European method in all Distilleries within 20 miles of Calcutta and exercises surveillance over all dispatches of Bengal Rum brought into Town for exportation from more distant Distilleries.

The

2ndly The License Department controls that portion of the Revenue which is derived from all other excisable articles including all License fees.—

Licenses for working Distilleries according to the European method are obtained from the Collector of Calcutta on a deposit of 5000 Rupees which will entitle the party to work one, two or more Distilleries. The licenses are renewable every year by the Collector on whom devolves the duty of appointing Excise Officers at the expense* of the Department to supervise the works.

The Excise Establishment of each Distillery consists of a resident Daroga and 2 persons subordinate to a Surveyor or Deputy Surveyor. The

* Sanctions Advance Notification of the 7th April 1857.

Monthly Salary
Daroga 24
2 Peons @ 5 — 10
Surveyor 300
& 5 per day travelling allowance 90
Surveyor 150
and 1 Do

The Daroga keeps an account of each days distillation in a register which is inspected and partially filled up by the Surveyor on the occasion of his visits when he gauges and proves the contents of the Vats and Casks. From the Register is prepared a weekly report which with a copy of the Diary kept by the Surveyor, is furnished to the Collector.

No Rum is allowed to leave the Distillery except under Passes from the Collector. Each dispatch is accompanied by a peon and is brought into the Akkarie Godowns in the Custom House yard, where it is gauged and proved by the Collector's gauger if required for local consumption by the Custom House gauger if bonded for exportation.— Rum

Fort St George 17th May 1858.

taken by the Collector on the gauger's report and a pass is then given for removing the Rum from the Custom House Godown.

Bengal Rum is obtained by distilling from a wash, the principal ingredients of which are date Molasses. A mixture of these is extracted by yield 3½ to 4 gallons of Spirits Cane Molasses in the proportion of 1 to 3 or more are mixed with date Molasses. The average strength of Spirit exported is about 30. ob, occasionally but rarely low Wines are added to the wash.

There are now 8 licensed Distilleries under the Collector of Calcutta i.e. within 20 Miles of the City. Thus:

List

Note

C Ganjah and Soodly duty

D. Sale of Abkarree System.

Before entering into further
particulars, it will be well to state
what constitutes a petail sale
for each article.

A. License fees. The law defines
it to be a sale of English & foreign

Beer, Wines, and Spirits in any quantity
not exceeding 2 gallons of Bengal
Arrack or Rum or other Country
Spirits in any quantity not exceeding
one Seer of Toddy of any quantity
not exceeding 4 Seers of Ganja
or Bhang or any preparation
or admixture of the same in any
quantity not exceeding one quarter
of a Seer, of Charrus, Opium,
Chundoo or Inodut or any pre-
paration or admixture of the
same in any quantity not exceeding
the weight of 5 Tolahs.

* Equal to 12 quart Bottles

The system of raising
Revenue by license fees has been
introduced since 1850 Prior to
that year Licenses for petailing
Rum were given to parties who
agreed to pay a daily tax of 5 Rs
which entitled them to sell upto

to 380 Gallons per month. They supplies themselves from the Distilleries paying a duty of 8 annas per Gallon L.P.O. on this quantity and on any quantity in excess of 380 Gallons at the rate of 8 annas per Gallon.

Similarly the Revenue on Madduk and Chundoo was levied by daily tax. Both these drugs are Compounds of Opium prepared for use through a pipe or Hookah Madduk is the form in which the Natives of India smoke Opium, which is mixed with Guava and rose leaves and rolled into small pills. Chundoo is a watery extract prepared exclusively by the Chinese and used only by them.

Under

Under the System lately introduced Retail Licenses for Rum, Imported Spirits, Chundoo and Madduk are charged with Monthly fee as follows.—

Rum License——————17 Rupees
Imported Spirits——————14——
Chundoo——————10——
Madduk——————10——

Simultaneously with this change the Rum duty was raised from 8 annas the Wine Gallon to 1 Rupee the Imperial Gallon.

There are 17 Shops dealing wholesale and Retail in Rum and Imported Spirits only, and of the Country Spirit Shops, to be noticed further on, there are 14 licensed to retail Rum, and 49 licensed to retail both Rum & Imported Spirits.

All parties thus furnished with licenses are at liberty to

Fort St George 17th May 1858.

a deal freely in the excisable articles protected by the licenses the general condition of which will be found on the accompanying form. The special conditions are for Rum that the Spirit shall be duty paid and for Cundoo and Modelat that the opium used shall be purchased direct from the Government Stores.

No restrictions are placed on the wholesale trade in imported Spirits or Wines on which a Custom duty of £1-8-0 and 1-0-0 per Imperial Gallon L.P. is levied on importation the Excise Department takes cognizance only of the retail trade which it requires to be licensed.—

Lunch and Coffee Houses used formerly to pay 1 Rupee per

Fort St George 17th May 1858

per day for the privilege of retailing Rum and Imported Spirits. This was changed in 1850 into a licensed fee of 3½ Rupees per Month representing 1½ Rupees for Rum and 1½ Rupees for Wines and Imported Spirits There are now 9 of these licenses.—

Hotel and Chop Houses which had never been before taxed were at the same time brought under excise control and required to be licensed to retail Wines and Spirits. The license fee was fixed at 200 Rupees per year payable quarterly the license authorizing only the sale of Imported Spirits and Wines. A separate license would have to be taken out by Hotel keepers desirous of retailing Royal Rum.

There are 8 licensed Hotels.

B. Daily tax compounds for the excise duty and privilege of retailing

detailing the following articles-

Country Spirit Duarsta

C. Spirits B. B.*
Duarsta is the the only Manufacture Country Spirits used in Calcutta-

is Rum distilled according to the Native method The wash used consists mainly of Date Palm juice the Stills are of simple construction and are incapable of producing a Spirit above 25 U. P. a maximum Strength prescribed by law-

The manufacture of Duarsta for the consumption of the City has for the last 5 years been carried on in a Sudder Distillery at Ranicktallah in the Suburbs about ½ a Mile beyond the limits of the City. The yard which is inclosed by a wall and has but one door will accomodate about 80 Stills. at the present moment. There are 73 in daily work. The Distillery was built at the expense of Government and

paid a monthly rent of Rupees 2 per Still a Spirit shop each Distiller, who is always one of the Town Venders or his representative-

Salary
Daroga 50 Rs
Jemadar 8 "
2 Peons 10 "

The Excise establishment posted at the Sudder Distillery consists of a Daroga, a Jemadar and two peons. Each Distiller has his godown, in which he stores his materials. The Daroga keeps a daily account of the Spirits manufactured and taken out for the supply of the Town Shops-

The duty on Duarsta has been long fixed by the Board of Revenue in whom the power to fix it is vested by law, at 8 annas per Gallon Payment of duty at this rate entitles the Vender who may obtain

obtain the license & the privilege of establishing a shop in a given locality and of selling daily the quantity which he agreed to sell on taking out his license and of obtaining the still accommodation in the Sudder Distillery.

Supplies are passed from the Distillery under a pass which is issued by the Collector monthly to the Darogah and which specifies the number of gallons, which each vender may distill for daily consumption.

The Spirit is removed in glass carthen pots the largest being 6 Gallons and carried by Bungalee bearers. The quantity of Spirit removed is noted by the Darogah on the back of the pass which accompanies the despatch and which

which is returned to the Darogah in the Evening.

The quantity of Spirits to be sold daily at each Shop is fixed at the abkaree settlement which takes place about two months before the close of each year. The Shops are then put up for the ensuing year to the highest bidder. No reductions are allowed on the tax which the Vender agrees to pay though he should not take the full quantity of Spirit to which his license entitles him and if at any time he requires a larger supply he must apply for an extra Pass and pay extra duty at 8 annas per Gallon.

A deposit is made by each Vender of 15 days daily

Tax

Himalayahs. It is an article of small bulk and consequently difficult to be brought effectually under excise control. Charras is used in the North generally over tobacco.—

The amount of daily tax which a party can afford to pay for the privilege of opening a retail shop is fixed by agreement yearly as in the case of Arrack and Toddy. There is no stipulation with regard to quantity.—

There are 13 shops of which the highest pays 1-0-0 per diem, the lowest 0-2-6.—

Majoram.

This is a confection made up of Bhang sugar, butter, and milk. Bhang consisting of the leaves and capsules of the female Hemp plant, brings the confection into the list of excisable articles.

The amount of daily tax is fixed as in the case of Charras. There are 3 shops the highest of which pays a daily tax of Rupees 1-4-3 & the lowest 0-5-0

Ganja

Ganja & Toddy.

Ganja is the male plant of the Hemp (Cannabis Indica) which is supposed to be identical with the Hemp (C. Sativa) of Europe but is ameliorated by climatal influences for yielding in Bengal an useful fibre. It is largely and extensively cultivated in a tract of country comprized within the adjoining districts of Rajahmundry and Bogalpore and is occasionally the subject of garden cultivation in other Districts. The plant is sown in August and harvested in January and when prepared for sale it is tied in bundles, under the control of a supervisor and dispatched to all parts of the Presidencies. The flowers, leaves and small twigs are smoked with and without tobacco. Ganja pays a duty of one Rupee per seer. The rules for the storage and vend of Ganja, will be found in the accompanying Series.

Series forwarded

Toddy

Toddy called also Sadjie or

or Bang, as has already been remarked the female Hemp plant which is a weed in some of the districts of Bengal. The leaves and capsules are used in the form of a decoction, which is a favorite drink of many but to any extent in Calcutta and the Suburbs. The plant is eradicated when it makes its appearance in the Ganja fields and regularly pays a duty of 4 annas per seer.

Until 1853, the excise surveillance of Ganja throughout the Country was very imperfect, in consequence of the impression that restriction would interfere with the cultivation of the Hemp plant for its fibre. Duty was levied on it in the Town of Calcutta & elsewhere in the shape of a daily tax for the privilege of retailing it as in the case of Charas and

and the wholesale trade was left untaxed through the transit of the ~~article~~ article through the Country was watched by the Excise Department.

On its being ascertained that in Bengal the Hemp plant was never cultivated for its fibre and that its cultivation for consumption as an article for luxury was confined to so limited an area as readily to admit of surveillance of the Crop, Rules were framed for Controlling the Ganja harvest and the wholesale as well as the retail trade. A daily tax was fixed provisionally of one Rupee per Seer which is now levied, the article is now taken from the Store of the wholesale dealers for retail consumption.

Under this improved system an Establishment is maintained in the Centre of the Cultivation

1 Sepoy @ Rupees 4/8 per Month
2 Peons @ " 4 per do Each
1 Mohurir @ 10 " do. "

The

The Ryots are not interfered within any way till they have their Gunja Crop which is then not allowed to be removed except under Pass obtained from an Abkarree officer. The transactions between the cultivator and the purchaser, whether this be a wholesale dealer with a Registered Gollah or licensed retail dealer are not meddled with, nor are the transactions again between the wholesale and retail dealer. all that is done is to watch the produce from the cultivator's premises to the Registered Gollah, whatever this may be situated, and from which it cannot be removed without payment of duty.

The Retailer estimates

CB

the quantity which he will require for daily Consumption and agrees to pay a duty upon this quantity at the yearly Settlement as in the case of Doastah—

No Reduction is allowed for short clearances but the Retailer can get extra Passes for more Gunja if required on paying the prescribed duty—

There were formerly 7 Shops in Calcutta which on an in one instance paid a daily tase of Rupees 2–5–0 and the others 2–2–0 the aggregate tase per day therefore was 15–8–0 yielding a Monthly Revenue of 465 Now are now 13 Shops which are licensed to take 1–28½ Gunja for daily Consumption paying a duty of Rs. 68–8–0

JHS

The tase has therefore increased 450 per cent-

Saddy was formerly tased in the same way as Churrus by a daily tase- There is what is kept that pays 3-8- per day The Board have directed this drug which is imported in bags and is of some bulk to be tased on the same principle as Gunja but at only 4 annas per seer- The drugs now yields a tase of Rupees 3-8 per day-

D Sale of Abkarree Opium-

Abkarree opium is manufactured at the Patna Agency according to an Estimate which is furnished every year to the Agent of the quantity required for Consumption in the lower Provinces Its Consistency is higher than that of provision opium being 90

90 Each Chest Contains 60 square Cakes of 1 seer each-

In Calcutta the Collector indents on the Presidency opium Godowns for 12 Chests at a time-

The Retail sale is licensed but no fees are Charged any respectable party may obtain a license in which it is merely stipulated that he shall take his opium from the Collector on paying a duty of 16 Rupees per seer and that he shall not sell a larger quantity than 5 Tolas- If it be desired to purchase more than this quantity application must be made to the Collector for a special Pass-

The amount of duty is fixed with reference to the average rate of Provision opium at

Fort St George 17th May 1858-

at the Monthly sales- It was last fixed in 1847 The Rate of 16 Rupees prevails in all the Southern Districts of the Lower Provinces gradually falling to 10 Rupees in the Manufacturing Districts of the Patna Agency.

There are 33 licensed Opium Shops in Calcutta They are not bound to take any specified quantity but if the Collector finds any Considerable falling off in the Monthly indents of a Vendor he may after due notice, close his Shop No attempt is made to force the Drug into Consumption but where licit Opium

Fort St George 17th May 1858-

Opium is not brought it is apprehended that the license is held only to protect dealings in illicit Opium-

The principles for Regulating the Retail Opium trade will be found in the Series issued by the Board of Revenue which is strictly acted on in Calcutta- There has been a great improvement in the Revenue from this source by the introduction of the license fee system into the Chundoo and Madduk Mehals- The Consumption of Opium in Calcutta in the year 1850 was 72 Md. Srs a year now it exceeds 144 Maunds-

The Abkarree Revenue of Calcutta of the 24 Pergunnahs is now placed in charge of an Uncovenanted Deputy Collector who is appointed a Superintendent of Abkarree Revenue and vested with the full powers of Collector under Section 21 of 1856- The entire Revenue for Calcutta and the 24 Pergunnahs is estimated as follows

Rupees

Great alterations in the Routine of business have been made in the Escise Department since the year 1856 Formerly the business was solely under the management of the Collector but it is now partly under the Management of the Collector and partly under that of the Magistrate under sections 48 to 53 Act 13 of 1856 the Commissioner of Police in Calcutta has overpowering jurisdiction in the Spirit, Toddy, Chundoo, and Maddut, Mehals, and " grants Separate licenses " for the Control of the Shops in addition to the Collectors licence- In the Ganja Churrus Seeddy

7980

Fort St. George 17th May 1858.

Seeddy and opinm Inchals the Commissioner of Police has no jurisdiction - The Change of system has not been pro: ductive of any benefit on the contrary the divided jurisdiction has been attended with misunderstanding on the part of Revenue and Police officers causing much loss of Revenue - In the 24 Peryannahs the Town System has been extended under the provisions of Sections 8 & 9 of act 21 of 1857 but the practical effect of such extension remains yet to be seen -

No 126

To

G. S. Forbes Esq
Secretary to the Board of Revenue
Fort Saint George

Sir,

Board's No 1781.
From the Collector
of Sea Customs
Madras.

Encls Nos dated
26th April 1858.

I have the honor to forward a copy of a letter from Messrs Arbuthnot and Co requesting permission from the Board of Revenue to amend the valuation given of an importation of Corals and to solicit the instructions of the Board of Revenue for my guidance.

Encls Nos 2 to be returned.

2. On Saturday the enclosed application was presented at the office to pass 3 Boxes of Corals valued therein at Rupees 2700. In the ordinary course of business the appraiser required the value to be supported by some document or by an examination of the cases.

(In duplicate)
Encl. No 3
To be returned.

3. On Monday the enclosed Invoice was produced from which it appears that the value

value of the coral is Rupees 7200 and in the letter from Messrs Arbuthnot and Co they state they have a letter from the consignees giving the value and weight in English Pounds sterling and in Genoa Pounds weight which gives the value at Rupees 7200 as stated above This letter was not in the possession of their Custom House clerk when he made out the application.

4 It appears that the prisn gave the enclosed Invoice to the Clerk and the Bill of Lading He states he did not comprehend the Invoice and therefore entered the value in the Bill of Lading I incline to the belief that the proceedings of the Clerk arose from a belief that the value in the Invoice and the Bill of Lading were the same, and therefore through a careless mode of doing business or to save himself trouble entered the value contained in the Bill of Lading It is apparent that the undervaluation which amounts to 170 per Cent / and therefore renders the Goods liable to be taken on account of Government at the

the price named / was the act of the Clerk and not of the prisn a member of which confirms in the accuracy of his Proceedings signed the application

5 The act of the Clerk is without excuse his defence is that he did not understand the Invoice but his obvious duty was to enquire and had he done so he would without any difficulty have obtained the information he desired in the office of Arbuthnot and Co or by application to this Department. Moreover his duty rendered it absolutely necessary that he should in this case as in all others ascertain the weight as it required to be inserted in the application but this Column he left blank The value in the Invoice is given in "Pagodas the word being written in full on the back of the Invoice

6 The question for the decision of the Board is as to whether the valuation is to be permitted to be amended Such a course it is my duty

duty to state is opposed to all precedent and is in fact contrary to order both of the Honorable the Court of Directors and of the Government. In precisely similar case permission was refused the grounds upon which application was then sought was the same as now In that instance the Dubash through carelessness entered the value of the stick lac at 28 Rupees per Candy on a permit to pass it in lieu of the value of 50 Rupees per Candy there being alone 60 per Cent difference in the price The present position in which the firm is placed arises from a similar cause To save the trouble of reference to the Records May I enclose copy of the Minutes of Consultation of Government and the Despatch of the Honorable Court

Cir. No 4 9/12 June 1851 No. 588.

Dc 30th April 1854 No 8.

The Board have before them a case upon which they can come to a decision respecting the application laid before them by the Trade association a decision upon which depends upon Government The english Rule allows an appeal to the Board of

9/23 Sept 1857 Ind Rev Cir News Cr 8 Oct 1857 No 3392

To Dc Revs 4 March 1858 No 80.

of Customs on two grounds first to challenge the correctness of the Statement of the appraiser that the goods are undervalued In this case it is treated on its merits and either taken by Government or given to the party at the value declared The second course is to admit the undervaluation explain the cause and pray for permission to amend

& I offer no recommendation the undervaluation is admitted and consequently the propriety of detaining the goods.

Coll.r Sea Customs.

Sea Custom House
Madras 29th April 1858.

P.S. It is probable the low valuation was put in the Bill of Lading and a corresponding value given to the Agent of the P. and O. Company to evade the payment of Transit duty on the real value in passing through Egypt The value given to the P. and O. Company was 265 lbs. The shippers are therefore mainly responsible for the act of the Clerk It is quite clear they entered a false value in the Bill of Lading and gave a value below

below the truth to the Agent of the Paul & Company whatever the intention was in doing so the fact is patent.

Enclosure 1.

The Collector of Sea Customs.

Sir, We have the honor to inform you that our Shipping Clerk submitted an application on 24th Instant to pass inwards three packages Corals marked C. ◇ D. and valued them at Rupees 2700 being about the sum inserted in Paul & Companys Bill of Lading the specification of the correct value and weight which he had at the time when making out the application was not understood by him

We now beg to state that we are informed in a letter from the Shipper that the corals are valued at £720 and we request that you will lay the case before the Board of Revenue and obtain for us their permission to amend our entry in conformity with the practice of the English Customs.

The error was one of mere inadvertence into which our Clerk was led by the sum of £265 being inserted in the Bill of Lading

Read the following letters

No. 77

To the Adjutant General of the Army

Cotacamund

Sir

It has become my duty to submit for the consideration of His Excellency the Commander-in-Chief and should he think fit for reference to Government my reasons for considering that the many drawn on Certificates granted by the Civil Authorities in accordance with G. O. G. No. 263 of 19th October 1855 is not an equivalent to the Native Soldier for the advantage he enjoys when he is allowed to purchase grain from the Public Stores, to the extent and at the price fixed by Regulation.

2. Whatever may be the case in other parts of the Country it is a fact which I have ascertained by careful enquiry that the

third

third or cheapest Sort of rice Sold in the several Districts in the Southern Division, and by which the compensation is regulated is not wholesome food and the men are consequently obliged to purchase a Superior kind which however, is inferior to what is usually issued as Rations to Native Troops Foreign Service.

3 From the information which I have acquired I am able to state without hesitation that permission to purchase grain from the Government Stores at the present fixed rate in time of Scarcity, would be gratefully received and attended by a feeling of confidence on the part of the Sepoys that the Original liberal intention of Government was being fully realized to them; but supposing this to be impracticable I would earnestly recommend that the apparent intention of allowing a money compensation commensurate with the advantage which would accrue from the purchase of rice from Government Stores, be carried out by calculating the rate with reference to the Market price of such grain as is usually consumed by the Sepoys or of such as they would be entitled to receive

in kind if issued by the Commissariat Department

No. 851

From the Adjutant General of the Army

To the Secretary to Government
Military Department

Sir

I have the honor by order of the Commander-in-Chief to forward for submission to the Right Honorable the Governor in Council Copy of Letter from the Officer Commanding Southern Division dated 21st Instant No. 77 bringing to notice that the Certificates of average price of the 3d Sort or cheapest description of rice granted by the Civil Authorities agreeably to the Regulations in force do not secure to the Sepoys a fair equivalent for the advantages enjoyed where grain is issued to them at a fixed rate on payment

2 Lieutenant General Sir P. Grant thinks the attention of the Civil Authorities should be directed to the Subject

in

Fort Saint George 18th May 1858

in view to ascertaining whether the rate is fixed with reference to the true sort of Rice the Native Soldier is in the habit of consuming

3 The Lieutenant General does not himself think it advisable that the Troops should be supplied with Rice from the public Stores. it might answer for a time but in the long run His Excellency feels confident that it would be misconstrued and the good and indulgent intentions of Government towards its Servants not be appreciated or understood

4 Of course there are times of scarcity when issuing provisions in kind instead of giving money compensation is a boon on which no misconstruction can be put, but these are exceptions and as a general rule. His Excellency is persuaded that the best course, and the one least liable to misconception, is to give money compensation (in case being) specially taken that the rate is fixed on the grain the Soldier really consumes

G. B. Forbes Esquire
Secretary to the
Board of Revenue
Fort Saint George.

Bd. No. 1410.
From the Collector of Rajahmundry — Sir,

Adverting to the Extract from the Proceedings of the Board of Revenue of the 5th December last, and the Minutes of Consultation of the 3d Idem, I have the honor to state that the office of Hoozoor Stamp Daroga in this District has long been held by a district officer. He was, till I assumed charge of the District, also the Hoozoor or Cocanada Vendors. It appeared to me objectionable that the two officers should be held by the same party, and I therefore made an arrangement separating the two duties. —

2. I am doubtful whether the orders of Government are intended to apply to Salook Vendors. In this District this office has hitherto been held by one of the subordinate Salook servants. It is intended that separate parties should also be employed in these instances

7994 Fort Saint George 18th May 1858.

*Cocanada
Nursapore

From the Collector
of Nellore
Requesting
opinion of the
Board regarding the Port
dues.

Act 22 of 1855.
Section 11.
Act 16 of 1856
Act 24 of 1857
Act 7 of 1858.

Sir,

With reference to the recent legislation on the subject of Port dues, I have the honor to request the opinion of the Board whether any Port dues are leviable at the several Ports of this District, as none of them are included in the Schedule to act 7 of 1858.—

2. By Section 11 Act 22 of 1855 Port dues usually Collected at the several Ports were permitted to be levied for the period of one year from the time of the passing of that Act.—

3. This period was extended by Act 16 of 1856 for a further period of twelve months, and by Act 24 of 1857 for 6 months more, which has expired on the 13th February last.

4. Under these circumstances it appears to me that Port dues are not leviable at any Ports in this Presidency except such as are named in the Schedule to Act 7 of 1858.—

5. Should this interpretation of the law be correct it may be necessary to apply to Government for authority to refund the Port dues levied since the expiration of the period fixed by Act 24 of 1857.—

Acting Secretary to the

Board of Revenue

Fort St. George.

Bd. No. 11488.
From the Acting Collector of Salem
Forwarding Statements regarding Minor Estates for Fasly 1264.

Sir,

With reference to the Board's Circular dated the 19th September 1855 No. 2417 calling for the statistical returns of the Estates under management in each District, I have the honor to forward herewith Statements 6 in number prepared for Fasly 1264 in conformity to the instructions contained in the above Extract for the Minor Estates under management in the Salem District and to state that certain of the Minor Estates have not been included in these Statements as accounts of them have not been furnished by the guardians of the Minors.

2. The present state of the Law does not sufficiently provide for the enforcing of accounts from the managers of the Estates. No penalty whatever has been attached to a refusal on the part of the guardians to render the required accounts. The regulations make the simple requisitions that monthly as well as annual accounts should be furnished by them, but affords no provision for its due enforcement. The accounts now submitted have been so long delayed in consequence of this general apathy displayed by the guardians of the different Modahs to give in the accounts. In the preparation

Fort St. George, 18th May 1858.

proportion of the present Statements the Curr:
:ents have been called upon in the first instance, but it was pleaded by them in general that they were not allowed the means of keeping accounts of produce, Collection &c. of the Mootahs. The guardians on the other hand do not feel themselves bound to comply with requisitions of this nature, and it is very necessary therefore that certain general powers should be vested in the Collectors to force the guardians to render any accounts that may be required of them. A provision of such kind as the more necessary both as a check upon the way in which the guardians discharge their trust and as a means for the Government to be kept informed of the state and condition of the Mootahs under Minority.

3 I therefore beg to draw the particular attention of the Board to this point principally with the view that these difficulties may not be experienced in the preparation of these Statements for the future years.

4. The Estates under management in the Districts

Fort St. George, 18th May 1858.

Districts in the Fusly under report have been

1. Talore Mootah.
2 Talancoorchy.
3 Chendamungalum.
4 Bellarapully Mootah
5 Noolhully.
6 Nullum Mootah.
7 Bommaycoopum
8 Tenkegerry
9 Toolagerry Poliput
10 Amundoor
11 Kadathoor
12 Luddywady
13 Pooloor
14 Chayloor

14 in number as noted in the margin, of which only the 1st nine are entered in the Statements the accounts for the remaining five not having been furnished by the guardians as above noticed. It will be observed that none of the Mootahs under management are actually under the charge of the Courts of Wards but that they are all under the care and management of the parties unconnected with the Courts but who were appointed by the Civil Judge under section 20 Regulation V of 1804.

Marked A. 5 Annexed is a Statement shewing the names of the minors their ages at the end of Fusly 1264 with the other particulars required in Para 9 of the Extract to which this is a reply.

6. I beg to state that the several guardians have been regular in paying the Peishcush of the Estates under their

control

Fort St. George, 18th May 1858.

controls and that all the Estates with the exceptions of the Senkerrydroog Mootah appears to have been satisfactorily managed. In regard to this latter Mootah it appears that Appavoo Pillay one of the guardians appointed by the Civil Courts for the protection of the Minor Children of the late Ramaswamy Pillay the holder of a fourth share in that Mootah has allowed a person named Yelliah to interfere in an unauthorized manner with the Collection of the rents on the plea that the property was mortgaged to him by Ramaswamy Pillay during his life time. This subject has been brought to the notice of the Civil Judge and he has been requested to call upon the guardians to account for their proceedings and to pass such orders in the case as he may think fit

Statements

8011 For 6 Sts George 18th May 1858.

No 17.

To

G. S. Forbes Esqre

Secretary to the

Board of Revenue

For 6 Sts George

Bd's No 819.
From the Collr of Salem —
Reporting upon the management of the Minor Estates in the District of Salem.

Sir,

With reference to the Board's circular dated the 19th September 1855, No 2417, calling for certain annual Statistical returns of the Estates under management in each District, I have the honor to forward herewith 6 Statements for Fusly 1265 prepared in the given forms.

2 The Statements embrace 11 Mootahs, all of which are under the charge of legally constituted guardians, the heirs to the estates being under minority.

3. The Soolayery Poliput is placed under the management of the minors grandmother Kunjammary, under the sanction of Government conveyed in Extract from the Minutes of Consultation, dated the 24th July, 1851. The other 10 Estates are placed under the care of guardians appointed by the Civil Courts.

Vide Board's Proceedings dated the 31st July 1851.

4. Annexed is a Statement marked A showing the names of the Minors, their ages at the end of Fusly 1265, with the other

8010 For 6 Sts George 18th May 1858.

157 Luddymady in the Nam Naik Taluk	Vencatasoiah Reddy	17	As per Board's Proceedings dated 26th April 1849	3223 1/10
12 Potoor in the Nam mully Taluk	Passyaramma grandmother on mother's side		Minor was under management vide Fusly 1265 when he having attained majority was put in middleman's charge of his Estate.	4355 14 5
13 Kallour in Do				4461 13 1
				12237 13 4
14 Soolagherry Polipat Nam Taluk	Kunjammary Amma grandmother on the Father's side	9	As per Board's Proceedings dated 24th July 1851	5629/29

Note The above Mootahs have been under management owing to their being Minors.

other particulars required in Para 9 of the Board's Circular dated the 19th September 1855. Certain errors which were discovered in the Statements submitted for Fasly 1264 have been corrected in the present Statements.

5. I beg also to state that the several guardians, except in the case of Cadathoor, were regular in paying the Peishcash of the Estates under their control for Fasly 1265. The Cadathoor Modtah was attached for arrears, but was afterwards released on payment of the arrears.

6. The Statements now submitted show that the guardians of Anundoor and Cadathoor have not given in the accounts that were required of them. On this subject, I beg to refer to Paras 2 and 3 of the Acting Collector Mr. Cherry's letter dated the 7th April 1857. No 53½.

Fort Saint George 18th May 1858.

No. 85.

To,

G. S. Forbes Esquire
Secretary to the
Board of Revenue
Fort Saint George

Bd's No. 1978.
From the Collector
of North Arcot.

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 21st April 1858 No. 1414 forwarding to me for immediate report Extract Minutes of Consultation dated 20th April 1858 Financial Railway Department No. 198, by which I am directed to report under what right the Zemindars of Colastry and Canvetnuggur claim to collect the tax reserved to and the probable amount that has been levied.-

2 Previous to the receipt of these orders I had received a communication on the subject from Mr. Smart the Resident Engineer in charge; and had addressed the Zemindars of Canvetnuggur calling upon him to explain why he had levied the Tax in question, and had hindered the railway contractors as complained of by Mr. Smart. In reply the Zemindar states that he was fully alive to the advantages his estate would derive from the railroad and that he had no desire to interfere with the work but that his just dues were demanded by the Contractors and that in levying the disputed tax he was only enforcing his just claims. He complained that the contractors drove their bandies over cultivated land and thereby exposed him to loss. He concluded by stating that he was anxious to render every assistance to the work consistent with his rights and ready to act upon to the intentions of Government.-

3 I then addressed Mr. Smart informing him that the Zemindar requested that the contractors should be directed to pay him the usual tax for the privilege of cutting wood in his Jungles and complained that the contractors were in the habit of conveying wood etc. without paying

Bd's No. 1978. From the Collector of North Arcot. With reference to Extract Proceedings Board of Revenue dated 21st April 1858. No. 1414 reporte Zemindars connected with the demand made by the Zemindars of Canvetnuggur for Rent from the contractors who cut wood in his Jungles.

injuring the cultivation. In a letter dated the 8th Instant Mr. Smart remarks "It would be unreasonable to refuse the payment of any tax which has been levied heretofore, but I decidedly object to pay taxes imposed specially for railways. I cannot learn that the Department of Public Works ever paid any such taxes as are now called for by the Zemindar in the construction of the roads from Nuggery to Circumbandy". Mr. Umant also states "I am not aware of any single case in which it will be necessary to traverse cultivated land in transporting stone to the site of the work and certainly no such injury has yet been done for not one yard of Material has been delivered."-

4 I have again addressed the Zemindar on this latter point but with regard to the tax on the timber I consider the Zemindars claim is just. The right to compensation for the loss of his timber cannot be forfeited by his having waived that right as stated by Mr. Smart when the road was first under contemplation. That the Zemindar is entitled to the assessment of all timber on his estate has been admitted by the Board in Note 4 in appendix 1 of their circular Order Volume II Page 212.-

5 I presume that when the contracts with the timber Merchants were framed, it was understood that the contractors expected to get their timber for nothing. If so the proper course would be for the railway Officers to make new contracts in which the payment of the Zemindars just dues should be conceded.

After Bd's No. 1954 From the Collector of Trichinopoly

Sir

For the information of your Board I do myself the honor to submit Copy of a letter from the District Engineer reporting the destruction of the five Arch Bridge over the Coodamaroolty* river near Trichinopoly on the Carvoy road, as well as other damages to ten Round roads by the recent heavy floods.-

* Named Codingal by Engineer

2 From reports received by me, the rains and floods all over the District have been excessive and quite unusual for the time of year. Here where I am in the Moderan pulbium Talook, the rain has been incessant for eight days. And only cleared up yesterday morning.

No. 79
1858/59

To J. Bird Esquire
Collector of
Trichinopoly

Sir

I do myself the honor of informing you

Fort Saint George 18th May 1858.

you that I have just now received a report that last night three Arches of the Codingul bridge on the Coimbatore road were washed away breaches appear to have occurred in all the local river banks in that neighbourhood and the Chintamunny surplus sluice and bridge is said to be Completely under water and is supposed to be also washed away

2. Communication by the new Carcor road is thus Completely cut off between Trichinopoly and Karlutlay.-

3 I have accordingly this day dispatched a Tahsildar desiring him to warn bandies to keep off the road and have requested Mr Harrington to have the worst parts of that road made passable

4 As a long period must Elapse before the Codingal bridge can be restored I recommend the establishment of a ferry flat for boat or raft to transfer bandies from bank to bank

5 I return now to Trichinopoly to examine the injured work and destroyed bridges and will have the honor of addressing you again after my inspection.-

Bd. No. 1835
From the Acting Collector of Coimbatore

Sir

I have Knowledging the receipt of Extract from the Proceedings of the Board of Revenue dated 23d Inst. No. 1455 giving cover to Extract Minutes of Consultation of the 12th idem No. 175-

I beg to observe that the travellers Bungalow for which Establishment was asked, is at Cotacommund, and not at Coimbatore as stated in the Board's and Government Extracts. As I am new to the District I am quite unable to give any further information but would respectfully refer the Board to Mr Thomas's letter of the

Fort Saint George 15th May 1858.

the 9th November 1857 No 193 in which he has fully explained the necessity of a Travellers Bungalow at Cotacamund I should however beg to observe that at this season of the year the only two Hotels at Cotacamund viz Mr & Mr Connor are all full, and new comers suffer not a little for want of some accommodation at first, until they can get into quarters of their own. Under these circumstances it appears to me that it is absolutely necessary to Keep up a Travellers Bungalow at Cotacamund and I request Government will be good enough to sanction the requisite establishment as per Rediu Mr Thomas's Tabular Statement dated 15th April 1857

Bd No 4519
From the Collector
of Madura

Sir

I have the honor to forward a List of application for Commutation of Pensions and gratuities made to me with reference to Circulars 1821, 21st July 1855 & 2008 11th June 1857 an intermediate Circular 2697, 9th November 1856 having been withdrawn.

2 It would be a great boon to this Office to get rid by a single payment of these 8 Pensions, and if the Commutation could be extended to Pensions of 25 Rupees, I have received Nine other applications in respect to payments from above 20 to Rupees 25 = 4 = 6 annually

3 There are five male applicants whose cases can be disposed of under the rules the Certificate prescribed in Para 5 Circular 1821 from the Government Medical Officer of the District in which

8042

Fort Saint George 18th May 1858.

which the Prisoner resides would appear sufficient to dispose the case for Commutation.-

4 I see much difficulty however in dealing with the applications from these female Prisoners, who are Goshas. Not only was their age fixed in the first instance at a guess made by two female inspectors themselves grown ladies, but who is now to Certify the present State of health of the applicant.-

5 I should be obliged by the Board pointing out what precautions I should take in arriving at this information. It seems to me that nothing short of the declaration of a respectable European would be at all satisfactory and she would probably require to be remunerated even if her opinion as to present health could be confidently received.-
