No. 119

To

G. S. Forbes Esqr

Secretary to the

Board of Revenue

Fort St. George.

Sir,

Re No. 2693

From the Collector of Masulipatam.

With reference to the Board's circular order dated 15th March 1852. I have the honor to forward herewith an unused Stamp paper of the value of Rs 32 purchased by Calangery Apiah and Dr Seroomalaroyadoo for the purpose of preferring an appeal in the Civil Court at this station. The purchaser has returned the stampt paper on the 9th Instant with a request that as he has reframed from appealing to the Civil Court the value of the stampt paper Rs 32 may be refunded to him.

I therefore beg that you will obtain the sanction of Government for so doing

Masulipatam Colls Cutchery 18th June 1858

To. G. S. Forbes Esqr

Secretary to the

Board of Revenue

Fort St. George.

Re No. 2695

From the Collector of Chingleput.

Sir

I have the honor to report on the accompanying Petitions Nos 2113 of 1857 and 1024, 1328 of 1858 bearing the Endorsements of Government dated the 3d October last 1st Ult.o and 15th instant respectively.

2. Petitioner states that her husband and his younger brother were of a divided family and lived separately each enjoying 9/24 share of the villages of Caderpoor and Maradum and on the demise of the former his twenty fourth share in Caderpoor was allowed her for her maintenance and that in Maradum was placed in the possession of the latter and that her efforts to recover the same having proved unavailing she requests that it may either be ordered to be made over to her or an endorsement furnished to her by Government under the

Provisions

Provisions of Regulation IX of 1831 to enable her to prosecute her claims in the Civil Court.

3 With reference to the 1st point it may be observed that the Records of this office and the enquiries recently instituted through the Tahsildar of Conjeveram clearly show that the two brothers were of an undivided family, and on the demise of the Petitioner's husband in 1838 his shares in the two Villages were made over to his brother who was his legal heir in the absence of male issue of his own, he having executed an agreement in favour of the Petitioner binding himself to pay her annually Rupees 21 for her maintenance under a penalty of forfeiting his share in Caderpore in default of payment till such time as the balance due was made good.

4 Contrary to the terms of the agreement her husband's brother failed to pay Petitioners maintenance allowance up to 1843 whereon her complaint Mr. Freese ordered her husband to transfer fourth share in Caderpore to be made over to her which was accordingly done and

she has enjoyed it for some years past.

5 For the recovery of the arrears of maintenance due to her from 1839 to 1843 Virgt. Rupees 84 Petitioner prosecuted her husbands brothers in the Provincial Judge's Court and obtained an award in her favor which has also been since carried into effect.

6 Her husband's brother having subsequently petitioned the Civil Court praying that in consequence of the allowance due to Petitioner both current and arrears having been paid up he might be reinstated in the possession of the 7/24th share of Caderpoor in her enjoyment agreeably with the terms of the agreement and having furnished good and sufficient security for paying her fully in future the Civil Judge addressed me a letter requesting that under the circumstances just explained the 7/24th share in Petitioners enjoyment might be made over to her husband's brothers.

7 It is to avert the consequences of the Court's application being carried out in this Department that the Petition under report appear to have been presented to Government

and

and accordingly the foregoing explanations it will be seen that Petitioner is only entitled to a maintenance allowance according to the Hindu Law for the payment of which security has been taken. There seems to be no objection to the Court's application being carried into effect and I have accordingly issued the necessary instructions on the subject which are now being executed.

8. The other requests contained in the Petition are unreasonable and undeserving of notice - The authority sought for by her for prosecuting her husband's brother in the Civil Court should not, I think be granted for the reasons herein assigned.

9. The delay in the transmission of this Report has been consequent on the non receipt of the necessary information from the Tahsildar till the 19th April last, and the Summary Inquiry then in progress -

Chingleput District
Collector's Office
Sydapet 21st June 1858

Signed C. J. Shubrick
Collector

No. 110

To,
G. S. Forbes Esqr.
Secretary to the
Board of Revenue
Fort St. George

Sir

I have the honor to inform you in the Board's circular No. 496 of 5th February last it is stated that the Board of Revenue having been furnished with a Printing Press resolve from time to time to forward to Collectors Copies of such papers as may be of general service or interest - An Index of reference to these should be kept in each Cutcherry - "In the Circular No. 576 of 8th Idem it is stated that they will hereafter forward to the Collectors two Copies of every letter and Proceedings which they may address to them" and it is suggested that these papers be carefully filed and at the end of the year they can be bound in Volumes with a Manuscript Table of contents and Index and thus have for each year a Duplicate Volume in print of all the communications which may be received from the Board.

2 But in several instances only one copy of the orders of Government are forwarded with 3 or 4 copies of the Board's Proceedings giving covers to the same and in several instances of late the orders of Government in reply to references to Board

B. of R. 2787
From the Collector of Bellary.

11532

Fort St. George 12th July 1858.

Boards from this Office are received without the Board's Proceedings in a single copy which is liable from their Office. There are not therefore 2 complete files of all the papers received from the Board's Office with their enclosures. The papers printed at the Board's Office can be filed in two Books but the enclosures thereof being sent in single Copies cannot be filed in both Books. In their Circular dated 8th June No. 2018 the Board say that they are only able to supply Collectors with spare copies of papers printed at their own press and that they have not the means of circulating Extra copies of papers which they receive from other Departments.

3 From this it is assumed that only the Boards despatches addressed to Governments or Collectors of which several Copies are received are to be filed but the filing simply of the Boards orders or Proceedings without their enclosures is of little use.

4 Under these circumstances I solicit instructions as to what papers should be filed in Duplicate as directed in the B. C. O. No. 376 dated 8th February 1858.

Bellary Collector's Office
25th June 1858.

Sir

B. No. 2972
From the Jt. Coll.
of South Arcot.

In reference to the Board's Circular No. 2296 of the 3d Instant Communicating Extract from the Minutes of Consultation dated 27th May 1858 I have the honor to state

that the System of weighing instead of measuring Salt has not been brought into operation in this District pending the receipt of the new balances indented for.

2 I beg however to suggest that the

Fort St. George 12th July 1858.

the change may be introduced gradually and in the first instance on the receipt of Salt from the manufactures, as this measure will obviate any inconvenience resulting from the difference which will probably be found between the quantity received by measurement and that sold by weight.

South Arcot

8th July 1858

Signed by A. Taylor
Acting Collector

Fort St. George 12th July 1858

No. 88.

To.

G. S. Forbes. Esqr.
Secretary to the
Board of Revenue
Fort St. George.

B. No. 2033 From the Collr of Tanjore.

Sir

Referring to the correspondence noted in the margin - I have the honor to submit for the Board's approval a Statement of the Establishment which I consider necessary for the efficient conduct and supervision of the Tanjore Choultries.

Bd's Proc. No. 601. 11th February 1858.
To B. No. 43. 2d March 1858.
From B. No. 1275. 13th April 1858.

2. In framing this Statement I have confined myself to proposing such establishment as has seemed to me requisite for ensuring a proper superintendence of the alms houses and their fixed resources without attempting to remodel the local chuttrums Establishments the monthly charge on account of which now accounts to Rupees 2000

3. These are doubtless susceptible of reduction and might be rendered more efficient by placing

placing matters altogether on a new footing but considering the large amount of distress which the restriction of the Rajah has already entailed upon the people of the District and adverting also to the fact that many of the demands daily recognized at the charities seems to have acquired a sort of hereditary character for the equitable cancelment and compensation for which I see no available opening I do not think it expedient or politic to deprive present incumbents of their only means of livelihood and such a measure indeed would be of very doubtful economy as the individuals whose services might be dispensed with would of necessity throw themselves on the chuttrums and by a system of tours through the District which it would be impossible to prevent would secure an easy livelihood by aiding to

absorb

absorb the alms distributed to needy visitors at the several Charity Houses.

4. Whilst however I abstain from at present curtailing the Chuttrum Establishments at the outstations I propose to take every legitimate opportunity on the occurrence of Vacancies or offences of an impardonable character particularly connected with the dishonest application or the dissipation of the resources of the institution to modify them so as to render them efficient and proportioned to what a further experience of the ordinary

demand

Fort St. George 12th July 1858

demand on the charities may prove to be their actual wants and requirements in each case

5 The Chuttrums Superintendent I have proposed I consider to be indispensably required for an efficient and suitable administration of the charities and such was the view taken of this point of their future management by my predecessor Mr. A. Forbes. For want of proper supervision and upright disinterested control the funds are more or less wasted and ons applied - The superintendant I would appoint will be required to be constantly on the move to visit the different choultries and report upon them to the Collector. As he will thus be required permanently to keep up a travelling establishment and it is essential to secure the services for a man of character and place him above temptation as far as pay can secure this

A.

Fort St. George 12th July 1858

Rs 140 per mensem I have for obvious reasons fixed his salary on a somewhat liberal scale.

6. The servants of the subordinate grade entered in the List are necessary to assist the superintendant and for examining and checking the accounts in the Horzoor

7 The total monthly cost of the proposed Establishment is thus Rs 330-8-0 or Rs 2766 per Annum which will be apportioned rateably on the Revenues of the different chuttrums as shewn in the Statement already reffered to.

8 It is trusted that under the measures now recommended the future administration of the funds will be secured from waste and misappropriation as observed by the Board the present dependents on the charities will be left to derive aid as usual during their lives.

From Bd 13th April 1858 No 275-P.3

From the Collector of Tanjore

Sir

1 I have the honor to acknowledge the re-
-ceipt of a Circular from your Office dated the 21st ultimo, No
1415 communicating the orders of Government on the subject of the taxa-
-tion of Topes and Trees and requesting information on certain po-

2 My opinion is called for on the question whether
any new measures or inducements are advisable to encourage the
planting of sterile and sandy tracts with date, Palmyra or other Trees
I consider the existing Tope Rules sufficient for this object as regards this
District at least. I have lately taken advantage of the Printing Press to circu-
-late these rules extensively in the District and I hope that when they are
better understood than they are at present the result of the encourage-
-ment they hold out will be more apparent.—

Para 3 3 I do not believe that in Tanjore there are any cases of
the kind contemplated in this Paragraph Viz.t of scattered Topes on
waste land or in cultivated land but in the enjoyment of some person other than
the tenant of the land Here the owner of the land is invariably the owner also of
any Trees upon it—

4 Cocoanut Gardens like other Topes and Trees, are taxed in
this District on the Tree toll system whilst Betel Gardens are subject only to a fixed
assessment on the land—

Para 4 5— Trees in backyards are already free from tax in this District
and there is no uncertainty in the local practice and rules as to what constitutes
privileged backyards—

Para 6 6— as required in the concluding paragraph of the cir-
-cular under reply I beg to forward for the Board's approval a draft of a noti-
-fication embodying so much of the orders of Government as affects this District.

Tanjore Collectors office
Chittorbawah 8th May 1858

(Signed) W.D. Phillips
Collector

Draft Notification—

Whereas under the system of taxing topes and trees which at present prevails in
this District a tax is levied on the Trees which grow on the banks of Tanks or are oth-
-erwise scattered over land already paying full assessment, The Government consid-
-ers it inexpedient to realize revenue on Trees where the land on which they
stand already pays an established Tax with the view of affording every
to the Merassidars and encouraging the population of Topes and trees, directed that
such tree tax be remitted. From the ensuing Fusly 1268, therefore no tax will
be paid on Trees growing on Dittum Lands or on the banks of such Lands al-
-ready yield assessment—

all those restrictions have been removed which heretofore prevented
Landholder from felling Trees which he had planted on his own property
Merassidars and others therefore will be hereafter at liberty to cut down such
-ing to their pleasure—Trees planted by them on their own lands.—

in making similar arrangement in future— All
that is requisite is a clear understanding that
the Service required must be rendered at the
convenience of the Revenue Servants and not
whenever it may suit the Officers of the D.P.W. to
exact it— In this District in which Public Works
consists

consists in roads, and buildings for the use of the various revenue or Judicial Establishments, may required by the Engineer Officers may in most instances be forwarded by the peons of some one or other of the Talook remittance guards. These remittances are regularly made and the only condition required in order to take full advantage of this species of Conveyance is that the work people be paid on the dates at which the guard usually pass the point where they are employed. As the distances these remittances are necessarily sent is very considerable, and the country through which they must be escorted is often wild and forest clad, it is the practice have to send these Talook Collections to the District Treasuries at Honore and Mangalore once a fortnight instead of once a month as is the case elsewhere hence be monthly payments can be secured to the work people and this I think is all that can reasonably be required by them.

No 73.

To G. S. Forbes Esqre
Secretary to the Board of Revenue
Fort St George

Bd No 2250. Sot

From the Actg Collector of Malabar - - - } 1

With reference to Extract from the Proceedings of the Board of Revenue dated 1st April 1858 Para 50, I have the honor to forward Accounts of the public grants reported to belong to certain Cheltrums of this District.-

Forwards with reference to Extract Proceedings Board of Revenue dated 1st ultimo No 1176 accounts of the Public grants reported to belong to certain Cheltrums of this District

2. I must again advertize the Board that little weight can be attached to the information - In making the returns, even the Tahsildars disclaim responsibility in the matter, giving merely the information obtained from the Village Officers. Such comparison as our old registers admit of has been substituted.-

3. Further examination has led to one of the items submitted with my letter dated 27th November last No 186 being struck out and one not then entered being added.-

4 The absence of Enam Registers and the difficulty of administering the Enam rules in the District had long been a subject of anxiety, and soon after taking charge, I turned my attention to the question - Returns have been called for from all Talooks and those of most Talooks have already reached this office and it is my intention so soon as the press of Summabundy business has decreased and the reports for the Official year have been dispatched to have the question carefully sifted, and the Returns compared with the Adwa Paimash account of 1806/10 and other returns on record and further to prepare a careful Register of all Enams of the District.-

1577 Fort St. George 12th July 1858

To J. D. Sim Esqre
Secretary to the Board of Revenue
Fort St. George

Sir

I have the honor to forward the Trade statements of this Presidency for the official year 1857/58 for transmission to the Honorable Court of Directors and respectfully to recommend that they be transmitted in the same manner as suggested by me last year

Vizt through the Peninsular and Oriental Steam Navigation Comy's Parcel Department

The subjoined statement exhibits the result of the Trade for 1857/58 compared with that for 1856/57

			Amount
1857	March	Statements of Exports	231 3 7
"	April	Do. Do.	1014 10 0

B. No. 2964

From the Reporter of External Commerce

Forwarding the Trade statements of this Presidency for the official year 1857/58 for transmission to the Honble Court of Directors observing that it is hoped that the Trade Returns of this year have been prepared with the despatch desired, and stating that it will afford the Reporter of External Commerce great pleasure to be enabled to forward to the several Maratime Collectors a recognition by superior authority of their services, as also to communicate to the Department the appreciation of their services further soliciting sanction for 200 copies of the Statements being printed as heretofore

		1856/57	1857/58	Increase	Decrease

	Total	81402616	96284797	14882181	"

3 I trust the Board of Revenue and Government will consider that the Trade Returns now forwarded have and this occasion as on others been prepared with the despatch desired the several maritime Collectors have cordially cooperated with me and enabled me to despatch the Statements so soon after the close of the official year. It will afford me great pleasure to be enabled to forward to them a recognition by superior authority of their services as also to Communicate to the Department the appreciation of their services - The servants have for some period worked late at Nights at their duty -

4 It will be my endeavour to forward the Trade Statements of subsequent years at an earlier date than this year, for the reason stated in Para. 4 of my Letter to the Board of Revenue dated 15th June 1858. -

I have Respectfully to c.

From the Collector of Rajahmundry — Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of the 21st Ultimo forwarding Extract from the Minutes of Consultation of 7th Idem and to state that the salaries of those Engineer Officers located in the Talooks who wish so to receive them, are now sent 6 months ly from the Tahsildars Treasuries by peons of the Revenue or Police Department, as well as those of their immediate establishment. The salaries of the general subordinate establishment are paid to the District Engineer at Dowlaisheeram, (where the money is understand, distributed to those to whom it is due by peons belonging to the Department. I do not apprehend any difficulty in carrying out the plan proposed in the 3d. Para of the Minutes of Consultation if it should be thought fit to direct that it be generally adopted.

/Signed/ F. B. Elton
Collector

To

P. S. Forbes Esqre

Secretary to the

Board of Revenue

Fort St. George

Bd. No. 2755

From the Collector of Chingleput.....

Sir,

In reply to Para 2 of Extract from the Board's Proceedings, No.

No. 1473, of the 26th April last, I have the honor to state that the Village of Valapaukum therein adverted to was regularly surveyed and assessed by Mr. Maclean on the principles and Data which guided him in making the Settlements of the other Villages in the Peddapolliem Talook although it was then held on Shrotrium tenure.

2 With reference to the remarks contained in Para 3, I regret to observe that owing to some unaccountable misconception on the part of my Native Establishment, the Merchants wholesale prices were entered in Columns 2 and 3, of Statement No. 2 which accompanied my Settlement Reports for 1265 and 1266 instead of the "commutation rates" for which they were intended and the quotations obtained by retail sale entered in Columns 4 to 10 instead of the Merchants wholesale prices for which they were specifically headed. The whole return having been thus vitiated, there is hardly any utility in further attempting

attempting to explain it, Future Returns will be prepared correctly.

3. The assumption made by the Board in Para 4 is correct. The instruction contained in the latter part of the Para will be duly attended to.

4 The Demand entered under the head of Extra revenue consists of the Nuncupay cultivation carried on in all the Talooks in April and May after the Summabundy Settlement which up to Fusly 1266 had been credited under the head of Land Revenue.

5. Para 6 and 7 do not seem to call for any special Remarks.

6 The sum of Rupees 2,400 referred to in Para 8 was inadvertently entered in Statement No. 9. It will be duly inverted hereafter in Column 13 of Statement No. 10. There was no entry on this account in Statement No. 9 of the previous fusly as there was no

no receipts.

(Signed) C. Pelly
Collector.

To

No. 64.

To G. S. Forbes Esqre

Secretary to the

Board of Revenue

Fort St. George

Bd. No. 2790.

From the Collector of Cuddapah.

Sir,

1. I have the honor to state for the information of the Board of Revenue, that the Public Bungalows in this District are all in good repair. they are situated in the villages mentioned in the margin. those from Ballapully the frontier of North Arcot to Tallapodatoor on the Bellary Frontier, have been erected many years ago at convenient distances from each other. The road between Ballapully and Cuddapah is seldom used by travellers and probably will be still less so, as the Rail Road now being marked out, when completed, will convey the travellers the whole length of the journey. The Railway Engineers have written to me to know whether the Public Bungalows on this line of the road are to be disposed of as the Railway Company wishes to purchase them. I forwarded their application to the Board with my letter, dated 7th Instant No. 64, stating that I consider this a good opportunity

Cuddapah to Bellary. From Ballapully to Cuddapah.

1 Balapully
2 Codoor
3 Poollumpatte
4 Nundalore
5 Kontemittah
6 Cuddapah
7 Appiapully
8 Chelamakoor
9 Settiwarepully
10 Tallaprodatoor

Cuddapah to Chittoor Bungalows.

11 Curbah Royachoty
12 Goorramcondah

and relieving Government of unnecessary expence.

2. Travellers proceeding from Madras to Cuddapah, or from Madras to Bellary or Kurnool, generally take advantage of the Railway as far as Vellore, thence by Chittoor, the Damul cherroo ghaut, Pelair, Royacholy and Cuddapah, this road has been partially made and is much better than that between Cuddapah and Balapully. the Government have sanctioned a Bungalow at Pelair, but I understand the erection of it has not yet been commenced, the distances between the Bungalows and this road are great and it would be advisable to turn the Bungalow at Calcudda formerly built for the Officer in charge of this road into a Public Bungalow for the use of the Travellers, it is 17 miles from Royacholy and it would also be advisable to have a small Bungalow built either at the tope of the Goolcherroo Pass or at Neelacuntarow-:pett, a distance of 13 miles from Royacholy and 17 from Cuddapah.

3. In the road between Poonganoor and Cuddapah there are only two Bungalows, the first at Goorramcondah, where the old Palace has lately been turned into a Bungalow.

Fort St. George, 13th July 1858.

Bungalow. It is 34 Miles from Poonganoor and 17 Miles from Muddenpully and 27 from Royacholy. These are the only Bungalows throughout the District and a Sepoy and Sweeper are appointed to each, with the exception of Gurumcondah, not yet nominated, application has been made to the Board of Revenue for a Sepoy and Sweeper, and a Sweeper for Royacholy as they have recommended the appointment of the above servants, they will no doubt be sanctioned in course of time.

4. The Bungalow between Cuddapah and Tallapodatoor, on the Bellary frontier are all in good order and I think it would be advisable to dispose of them to the Railway Company should they wish to purchase, as travellers will probably prefer going the whole length of the journey by Rail instead of travelling stage by stage or proceeding by Palanqueen. Should this supposition be correct, the Bungalows will be little frequented, along the Bellary and Cuddapah line of Road, 24 bonâfide travellers do not take advantage of the Bungalows yearly, but they are used by the Engineers of the Public Works Department. These Bungalows or there is no objection to dispose of.

5. In my letter under date the 30th

Fort St. George, 13th July 1858.

June 1856 No. 67, I have stated the number of travellers who halted in Royacholy Bungalow shewing who were actual travellers and who were residents of the District.

Report

Fort St. George, 13th July 1858.

suggested by Government be carried out, this is may be done and peons furnished when required within the limit proposed, without inconvenience to any branch of the public Service.

4. An Executive Agent when in the neighbourhood may frequently come to the Talook Cutcherry in person and receive the money, and when at a distance from the Cusbah a Talook peon can be deputed to accompany the Lascar who presents to the Tahsildar, the District Engineers' Cheque. In the case of the lower Subordinates who are not provided with Establishments a peon may be sent with the money instead of a Cooly as at present. It will be necessary in every instance that the Tahsildars be made acquainted with the hour when the money is to be delivered to the Subordinates and the District Engineer will arrange that this information is supplied.

5. This is just one of those points in which little difficulty would be felt if the Native Revenue officials and the Public Works Subordinates could be brought to act more in concert and with greater cordiality than has been usually the case since the severance of the two Departments.

Fort St George

Bd. No 3001
From the Sg Collector
of South Arcot

Sir

In reply to your letter No 1877 dated 26th May 1858 I have the honor to State for the information of the Board that the existing laws for the repression of smuggling are found to operate efficiently in this District both as regards Salt and the Sea and Frontier customs

2. The return of Smuggled goods for the last 3 years which is herewith forwarded gives no correct idea of the extent to which the practice is carried on. The Value of goods which pass the frontier into the French Territory without payment of duty and without detection I believe to be very considerable. This does not arise however from any defection in the present law but from the inadequate and ill paid Establishment which is maintained to protect the frontier Revenue.

So in the case of Salt with a Sufficient Establishment the practice of smuggling would be effectually checked under the existing laws.

South Arcot Collector's Cutcherry
Cuddalore 10th July 1858 } Signed J. N. Taylor
Acting Collector

No. 76.

To

L. S. Forbes Esqr.
Secretary to the
Board of Revenue
Fort St. George.

B No. 3036
From the Collr. of Rajahmundry } Sir.

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of the 28th April last, and of the Minutes of Consultation of the 29th of the previous month, reviewing the reports of the working of the Presses in the Collectors Offices for the year 1856/57.-

2. Before the receipt of these papers I had, as reported in my letter of the 26th Ultimo, purchased 1 lbs 617 a further supply of Telugu types I regret that I am unable to prepare such a statement as is required in Para 2 of the Proceedings of the Board as no Memo was sent me with the type first received, but if a similar quantity to that sent on the first occasion with the Press, is now furnished me. the font will be very efficient which, as the work is increasing, is, notwithstanding the addition lately made, hardly the case at present. The English type now on hand is quite sufficient for all purposes. I have also a good supply of brass and tin lines 8vo 8vo.

3. A book binding apparatus will be of very great utility but I cannot ascertain here the probable cost of a good one under any circumstances it must be forwarded from

11616 Fort St. George 14th July 1858

from Madras. The Board are most likely already aware of the sum for which such a Machine could be obtained complete. It is desirable that it should be of a tolerably large size.

As directed in Para 4 of the Proceedings under reply I beg to submit a statement shewing the cost, as per Messrs Caslon & Co's account, of the type, lines, &c referred to in the 4th Para of my report for 1856-57. The total cost being £11—6—11 or at 2 shillings a rupee Rs 113—7—4.

Rajahmundry District Collector's Office, Cocanada, 7th July 1858.

To

J. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George.

B No. 2811
From the Collr
of Nellore.

Sir.

With reference to Extract Minutes Consultation under date 21st August 1857 communicated by the Board of Revenue on the 1st September following. I have the honor to forward the result of the further investigation directed by Government to be made.

2. The circumstance of the case will be found detailed in my letter of the 24th August 1853. but it was settled Some years previously by Mr Smith a former Collector. The depositions now given are confirmatory of the relationship of the different Members of the family then given. and of the Genealogical tree appended to this letter which contains

the names of some more Members of the family, and others connected with the present claim. The circumstances of the case may be thus briefly recapitulated -

The Members correspond with those in the genealogical tree.

3. Comara Naidoo the original Poligar was succeeded by his eldest Son Trimal Naidoo 2. During the life time of the latter Sahib Naidoo, Rajahmendroo, Chenapa Naidoo, & Chinna Kistnapa Naidoo Nos 3 4 & 5 and 7 died - Pedda Kistnama Naidoo No 6 succeeded to the possession of the Poliaput - He died in 1838, and in the absence of any Surviving Male Members of the family was succeeded by his Widow Ramanoojummah No 8.

She

She adopted Chennapa Naidoo No 9. who however died in her life time, without being Married and the Poliaput reverted to her Ramanoojummah before her death in 1847 bequeathed the Poliaput to the Petitioner, who is her brother's Son, and is also step son to No 10 Widow. The Petitioners claim as he is not a descendant out of the Original Poligar, rests on the bequeathment thus made to him by Ramanoojummah, who in respect of prosperity inherited from her husband (as was the case in regard to this Poliaput) is competent to make it only if devoid of heirs to the remotest grade - The point therefore for decision is whether any of the surviving Members of the Original family

Strange's Manual Page 30. Para 163.

†Narainapah Boopathy Naidoo
Mootealamah
Kistnappa Naidoo
Veerasawmy Naidoo

family Nos 10 11 12 13 & 14 is or is not her within the remotest grade to Pamanoo=jumman.-

4. I am of opinion that any one of the surviving Members of the original family has a preferable claim to the Petitioner, and see no cause to disturb Mr. Smith's decision in favor of Mootealamah, Widow of Chinna=Kristnapa Naidoo, at whose request Veera=sawmy Naidoo No. 14. her grand adopted son, was appointed, though the adop=tion is not valid in Hindoo Law, having been it appears made without her husband's consent, as he died many years before Kistnapa Naidoo No 13 being his elder brother might after Mootealamah's death have better claim, but he has not brought it forward.-

5. Great delay has been occasion=ed by the non attendance of

naidoo who has been repeatedly sent=for, and has only lately made his appearance by Vakeel at the Cutcherry.-

B No 2982
From the Collector of Nellore ... }

Sir.

With reference to my letter of the 29th Ultimo No 109 on the subject of the claims to a Poliput in this District I have the honor to report for the information of the Board that I have since received some further information which I think it right to lay before them.

2.

The Vakeel of the Petitioner Latchme Ragavappah has given a deposition stating that Pedda Kristnama Naidoo No 6 in the genealogical table had a sister who had 2 Sons both now dead, the elder of whom left Son named Chengal Naidoo, who is now living at Madras. He has

Fort St George 14th July 1858

not however brought forward any claim, which is probably the cause of his name not having been before mentioned. The annexed addition may therefore be made to the Genealogical Table.

3.

The other party having left Nellore there has not been any opportunity as yet of ascertaining from him whether he admits the fact or not. I do not consider that the circumstances newly brought to light affect the claims of Mootey Alum Mahi though the right of Chengal Naidoo would be preferable to that of Veerasawmy Naeidoo or his brother.

4

The Petitioner Latchme Ragavapa is the Paligar of Chittaten are pollem in this District, of which Poliput he is in actual possession.

B. No. 2574.

From the Collector of Chingleput. } Sir.

Para. I have the honr to inform the Board in reply to Para 7 of Extract from their Proceedings No. 1065 dated the 24th March last, that the claims for remission therein adverted to were only urged by Mr. Kenrick in general terms, but no definite sum was sought by him to be remitted.

2. A remission of Rupees 12,000 was granted in Fusly 1263 on account of the losses he sustained in consequence of the unfavorable nature of the season,

the

Fort St. George 14th July 1858.

the destruction of Palmyrah trees, and the removal of the Veteran Battalion from Wallajahbad. The first cause of loss did not exist so fully in Fusly 1264, and I have little or no means of Judging what Mr. Kenricks losses may have been I think he is going to England, and leaving the Farm to be managed second hand, must be one of the reasons which led to his losses and though Mr. Adamson did his best for the Farm, he confessed to me he knew very little above its management in fact, that all the people he had about him were rogues, who robbed him without check. I believe that Mr. Kenrick chief losses from the Farm arose from his incompetency to manage it, and his neglect in leaving it in the hands of Mr. Adamson who was quite bewildered with the responsibility I do not think

that

Fort St. George 14th July 1858.

that these reasons are sufficient to Justify remissions being granted, but that if the Board are willing to allow any thing for the Palmyrah Trees, and Veterans, Rupees 1500 will be enough. The year was so bad in a Revenue sense as year which proceeded it the Revenue being Rupees 9.07.745 against Rupees 7.12.989. and consequently nothing should be allowed for badness of Season

Fort St. George

B. No. 1798.
From the Collr. of Trichinopoly

Sir,

I have the honor to acknowledge
the receipt of Extract from the Proceedings of the
Board of Revenue No. 1438 of date the 23d
Instant Communicating Proceedings of the
Chief Engineer dated the 19th August 1857
No. 3058 and requiring my sentiments on the
proposition to levy a water Cess for the
Conservancy of the River Channels through:
-out the District -

2 From all that I have seen
and Experienced of the working of the
Conservancy System of Channels I am
not prepared to advocate its general ad:
-option in the District or in the remain:
-ing three Irrigated talooks of the Pro:
-vince - I am convinced the System
is distasteful to the landed Proprietors

of

Conrad
Vetticatty
Mossery

Fort St George 11th July 1858

of Conand Vettiecutty & Inossory talooks and that they will not Cheerfully agree to the taxation -

3 The people are better satisfied to Contribute the labour when required than to pay an establishment whose working may prove unsatisfactory For Law few to Contend the Public Works Department cannot have time to attend to or Regulated the irrigation of all the numerous Channels of the District with any degree of efficiency

4 Under the present system as stated in my letter No 80 of the 1st July 1857 not a single Channel head in the District is now under my Control - All the work local or general Connected with the management of the River Channels and other Hydraulic works were transferred and made over to the

Fort St George 11th July 1858

sole authority of the District Engineer My only duty being to furnish the labour required for maintaining the Channel heads and placing the same at the disposal of the District Engineer to be worked by the Channels servants under him -

5 The District Engineer has hitherto acted up to this system and in point of fact takes the Chan: -nels and their irrigation under his sole Control as is proved by his frequent opening the Coramboos in the Talooks of Conand Vettiecutty & Inossory without any reference to me whatever -

6 This Control of the Channels by the Engineer Department I do not hesitate to state to the Board of Revenue is unsatisfactory to the people & often the cause of great discontent & outcry in Consequence of water being deficient - The servants at the Head of Channels and in Charge

11640.

Fort St. George 14th July 1858

charge of the sluices are under the District Engineer and paid by him and of Canoegunnel will not and do not attend to any orders from the Tahsildar while the officer can only produce the labours to be marked by the channel servants who are men of another Department.

7 I consider the transfer of the Channel and Irrigation servants to the Engineer Department a mistake and I would gladly see them all replaced under the Collector who has the Management of the Cultivation & Revenue arrangements of the County

8 Adverting to the Penairy Channel I am clearly of opinion it is at present premature to devise any Irrigation Cess. The Channel is incomplete at present and even when Complete and in full working order I Consider the Villagers holding land under it for too indigent and poor to Contribute to any Extra Cess or indeed to furnish labour for the Channel head. This must for many years be provided by the Government except

No. 65

To G. S. Forbes Esq.re
Secretary to the Board of Revenue
Fort St. George

B.R. No. 3015
From the Coll.r of Canara.

I have the honor to acknowledge the receipt of your official Memo: calling for a reply to the Board's Circular (No. 2039) dated 13th June 1857.

2 This reference was received during my absence on leave and having been last night of a long period has elapsed since the receipt of the Board's orders.

3 Although it does not appear to me that there are any pensions paid in this District to which the rules laid down by Government (as regards the family of Tippoo sultan) can be applied, I will lay one Copy before

Fort St George 14th July 1858

before the Board regarding which is some doubts may exist though in my opinion the pension should cease with the life of the present recipient.

This persons by name Mahomed Sulal Rodeen is the son of Abdool Hallum alias Mahomed Hullum Helladar in the service of Tippoo Sultan to whom a pension of Rupees 1018-8— p/m was granted on the accession of the Company's Govt

Rs 679-4-— sanctioned by Government 11th February 1801 in a letter to the Resident of Mysore.

4 + Two thirds of this allowance was continued to the family on the death of the first incumbent and is now enjoyed by the present Incumbent as the head of the family.

5 The original pension as appears from a certificate signed "Arthur Wellesley" was granted

Fort St George 14th July 1858

granted by the Commissioners for the affairs of Mysore in Consequently with the orders of the Right Honorable the Governor General and bears date Seringapatam 19th July 1799 It was to continue so long as his (Abdool Hallem) Conduct shall be satisfactory to the Company's Government, and so long as he shall remain unemployed by the Company or their Allies.

6 This pension ceased to be drawn for a time under orders of Government dated 3d May 1831, but was again sanctioned from the date on which payment was stopped on the Circumstances of the case being laid before

Fort St. George 14th July 1858

before Government by Mr. Cameron then Principal Collector of Canara -

7 The letter of the Chief Secretary announcing the determination of Government is dated 24th April 1832 but my Records having been destroyed by fire in 1837 I am unable to ascertain the Contents of Mr. Cameron's letter above alluded to (dated 7th April 1832) which will be found I imagine on the Records of the Secretariat -

8 Looking only to the original grant there is nothing therein now to entitle the present pensioner to any portion of the allowance made to his Father and I therefore suppose so. that

Fort St. George 14th July 1858 -

that it must terminate with his life but not having the Correspondence above alluded to on my Records I am unable to learn whether under the Circumstances brought forward by Mr. Cameron any portion of the allowance now enjoyed by Jukal Kodeen would descend to his heirs, and I therefore place before the Board such information Regarding the Case as can be Collected on the spot, with a view to obtaining further instructions and Copies of the Correspondence alluded to -

I have the honor to append Copy of the original Certificate granted to Abdool Hallund alias Mahomed Hallund -

Board of Revenue
Fort St George

B& No 3016
From the Collector of Canara

Sir,

I have the honor to submit herewith the following remarks on the expenditure of the Local Funds of this District during the official year ending 30th April last.—

* A/c Marked A
Statement Marked C
" " — D
* Marked B

2 The particulars of receipts and outlay are given in detail in the Statement herewith enclosed—

3 A Statement of operations proposed to be carried out during the ensuing working Season is likewise submitted.—

4 The Local Fund of Canara is defined in Rule I for the Management of the same and is composed of the proceeds of the Ferry farms and Cart tax which have been made available for local improvements by extracts from the Minutes of Consultation dated 9th January and 14th June 1855.—

The

5 The Board will observe, that these funds have only been partially expended in the manner proposed and that other works than those named in the lists have had a portion of the proceeds expended on them. This arose from a misunderstanding between Mr Robinson and the District Engineer, which ended in the latter declining to make any distribution of the District Funds was included, had been expended on the larger works under his orders. The matter has been referred to the Civil Engineer, and I only allude to the subject here as the expenditure of the local Funds was influenced by the discussion / still unsettled / going on about that belonging to the District.—

Item No 2

6 I shall now speak of such items of outlay as appear to call for explanation in the order in which they stand

stand in the account Current

Item No 1

7 A new road has been opened to the Salt Depots at Hulligaud at an outlay of Rupees 974-2-4 I find from the Progress Reports furnished, that on this line the Engineers Department have constructed one tunnel 8 feet span and two minor ones and also raised an embankment across some paddy fields 1½ feet in order to lessen the gradient of the approach to them.—

8 The old branch road from the Devimunny line to the Salt Cotaurs was very narrow and more circuitous than was necessary. The new line has been designed with the view of meeting the increasing traffic at this point from which goods to a large amount now pass down the river Sudry by boat.—

9 Some progress appears to have been made on the Southern Coast or Mangalore and Coombla road during the past year

year 3½ Miles having been traced and opened into bridle path of from 1 to 3 Yards wide and 3 embankments constructed at an outlay of Rupees 835-14-9.-

10 These Coast lines are no doubt useful as facilitating communication between Village and Village but they must be superceded by a Coast Canal the want of which they can never supply.-

Item No 4

11 The Sum of Rupees 4,000 has been expended in preparations towards the construction of a Pier and Work shop at Tuddry, and a Quay at Kullegaul. The timber for the works at Tuddry has been cut and is being floated down the Tuddry Some fears were entertained for its safety in consequence of the sudden and unexpected rise in the river early in May. but I have reason to believe that most of the timber has been secured. The workshop is far advanced and will be turned to immediate use. The carpenters

carpenters are employed in the construction of the building and in making doors, windows and models for ferry boats.-

12 The erection of a work shop formed no part of the plan for the year. but it was almost necessary to enable us to carry out the improvements designed at Tuddry and Kullegal. and will be of the greatest service to the District. Institutions of this were to be attached to the D. P. W. in every District but want of funds has hitherto prevented their Establishment. In Canara the utter want of all skilled labor made me eager to second the views of the District Engineer and seize the opportunity of having so fit a person as Mr. Lovery (lately employed by Messrs Brice & Co as their Engineer) on the Spot to organize at once what. I felt would really prove a School of industry. in which to educate works in wood and metals. and thus supply one of the great wants of the District. a few good workmen have been brought from Cochin

Cochin for employment on the Pier of which under whom with Mr Lowty's supervision our own people can be taught many useful trades hitherto (I may say) unknown in Canara.-

13 The Board will I trust approve of this measure and in my next annual Report I have to shew that I have not overestimated the benefits likely to arise from it.

Item No 5

14 Rupees 465-4-2 have been expended on the coast road North of Mangalore (Sheddega road) where two miles have been traced and opened to 4 yards width through difficult and stony ground.-

Item No 6

15 Considerable progress has been made to the Chatmandy Ghaut 6 furlongs of new road have been opened to 6 yards and 4 furlongs of bridle path to 4 yards at an outlay of Rupees 1090-4-- Lieutenant Law found it necessary to retrace the upper part of the Ghaut and observes in his diary for February " If the blasting tools, which I have "applied for are given me before the 1st of "September 1858, and if my own services are not required

"required elsewhere, and 150 Coolies are pro-
"curable during October November and December,
"I will engage to pass Carts down the
"ghaut on or before the 1st January 1859-
"without blasting tools it is simply impossible"-

16 His Statements [illegible] regarding the use already made of this new line will I think be satisfactory to the Board and shew how valuable this outlet for Mysore produce will be when it can be opened to cart traffic- "The traffic this "season commenced in the first week of "January, and is now very great during "the week I have just spent on the ghaut "droves of bullocks laden with Coffee Salt "&c have been ascending and descending "the ghaut at all hours of the day."-

Item No 7

17 An outlay of Rupees 214-7-- has been incurred on the Moolody Ghaut- 4 furlongs 30 yards of new road have been opened out to 4 yards- 1 3/4 miles of Ghaut thoroughly

thoroughly repaired, and 2 Miles furnished with check channels. This will prove a valu-able line of communication and it is to be hoped that more will be done towards its com-pletion this year, than under the adverse circum-stances already alluded to could be attempted during the past Season.—

Item Nos 8 to 31 — 18 The remaining items from 8 to 31 are for repairs of certain lines of road and do not seem to call for any particular remarks whilst those from 32 to 43 are usual items of expenditure.—

Items Nos 32 to 43.

19 It has been found necessary to put the Nerlecored road into good repair for the purpose of meeting the traffic thrown on it by the closing of the Davymunray line hence the ex-penditure of Rs 379-12-2 and Rs 805-12-10 un-der items 11 and 19 respectively.—

Items Nos 11 to 19

Item No 44 — 20 The last item of Rs 1418-15-4 is an outlay made in 1854 under the Special Sanc-tion of Government dated 20th December 1853. for the purchase of Jungars and Boats, but the Accountant General having objected to its entry in the "Statement of Unpassed expenditure" on the grounds of the Local Funds being a legitimate source from which ex-penditures of such a nature should be defrayed it has been entered in the present accounts under the Sanction

Comp'd & R.

Sanction of the Board dated 12th January 1858 No 129 (vide letter to Board of Revenue dated 9th December 1857 No 124 and accom-paniments).—

21. The works on the Taddy river are of great importance and will be pushed on as fast as possible. the arrangements already made will lead to their completion both at the Port of Taddy and of the head of the navigation at Kutgal the approaches to which have already been improved as stated in para 7.—

22. A clear understanding regarding the Funds placed at the District Engineer's dis-posal will this year, enable us to expend the local Fund entirely on those works which have most claim on it, whilst Ghauts and roads in the interior can be left to the District funds at the same time, I think, money could not have been better spent during the past year than in opening out the Charmady Ghaut which must prove of the greatest importance eventually to the Coffee planters in Mysore as affording them a cheaper and more direct communi-cation with the Coast than any other Ghaut now in existence.—

Collector's Cutcherry, Mangalore, 6th July 1858.

Signed W. Fisher, Collector.

Fort St. George. 14th July 1858-

To

G. S. Forbes Esqr.

Secretary to the

Board of Revenue

Fort St. George

Sir,

B. R. No. 2668.
From the Chamber
of Commerce - -

I have the honor by desire of the Chamber of Commerce to acknowledge Receipt of Extracts from the Proceedings of the Board of Revenue under date of 12th November and 27th May last on the question of allowing private Companies to undertake directly remunerative public works such as those of irrigation and navigation and as regards the effects of artificial irrigation on the Cotton Crop upon which latter subject the opinion of the Chamber is sought for at the request of Government -

The Chamber cannot do better than give the observations of one of their body who has made experiments with both foreign and indigenous Cottons -

In regard to irrigating the Cotton

Fort St George 14th July 1858.

Cotton plant I may state that from some petty extensive experiments I was made in the Tinnivelly District in 1848 water applied to the roots only benefits the plants grown from new Orleans seed - This must only be done in very dry weather and to a moderate extent otherwise the plant runs into leaves, and the pods become discoloured The indigenous Cotton will not stand water at the Roots either in the black or Red soils. The new or Exotic I allude to was sent to me by Dr Wight of Coimbatore and the surface some was as from 5 to 700 acres Inch was written and said at this time about the dryness of the climate affecting the growth of the plants. The difference of quality between american and Indian Cottons was attributed to this cause, in order to test the accuracy of this I caused experiments to be made on both wet and dry soils. The results indicated rather the poverty of the soil as a cause of the difference

Fort St George 14th July 1858

difference between american and Indian Cotton than the absence of moisture Irrigation would therefore I think be thrown away upon the Cultivation of the Cotton plant in India -

G. A. Forbes Esqre

Secretary to the

Board of Revenue

Fort St. George

B2 No. 2529.

From the Agt to the Governor of Vizagapatam } Sir,

I beg to submit an application from Captain Flint of the 38th M. N. Inow stationed here to rent the Talook of Golgondah in this District.

2. The correspondence as noted in the margin and which accompanies this letter will explain to the Board what has passed between Captain Flint and myself, and it only remains for me to submit this proposal with the requisite papers and such observations of my own as will enable the Board and Government definitely to decide on the advisability of acceding to Captain Flint's request.

From Capt. Flint 29th March 1858.
To Do. 31st Do.
From Do. 27th May Do.
To Do. 31st Do.
From Do. 1st June Do.

3. I have long felt sensible of the advantages arising from the settlement of Europeans any

-any where in India and in a part of the Country circumstanced as the Golgondah Talook those advantages derive additional force for as the Board will be aware the Talook lies contiguous to the Hills which itself are inhabited by a people for the most part lawless in their habits and who, experience has shown are ever ready to create disturb-ance the presence there of European settlers as a sort of middle men between the Government and the Ryots can but be beneficial to the interests of both where the intercourse between the latter and such settlers as the Landlord is carried on with judgment firmness and forbearance and there no reason to suppose that Captain Flint is deficient in these essential qualities to fit him for the task he proposes to himself, but I am not so sanguine he has either sufficient

Comprehends the nature and difficulties of what he is undertaking.

4. My position in the matter is some what delicate for while as a public Officer my duty may appear clear in regard to recommending or repudiating Captain Flint's proposals that Officer would necessarily feel in the latter event that I had stood in his way and had frustrated bright prospects which he may have pic-tured to himself as arising from the undertaking although in my judgment it may prove any thing but a remunerative speculation.

5. If the application had co proceeded from a Firm or from 2 or 3 persons associated together with an adequate capital the case would be very different and those difficulties and doubts as which in the instance of Captain Flint present themselves to my mind would have no existence and I should have felt in a position

position at once to give my support to the proposal as it is, I am unable to perceive that the objections raised in my letter to Captain Flint of the 31st March are more than partially removed by his reply of the 27th May, but whatever my private opinion I am reluctant to oppose his scheme of the success of which he appears so sanguine, and as he declared he was before hand gained the good will and support of the authorities at Madras / Vide his letter of 31st May / it is possible that any objections which as the local head of that District I might feel it my duty to submit have as it were been anticipated and overruled by higher authority still the result of Captain Flint's application being of no consequence to myself personally

and I can only be influenced by public motives and by kindly ones towards himself my course is simply to place on record every consideration pro and con bearing on the question leaving it for the Board and Government to determine a point on which Captain Flint appears to rest all his future prospects.

6. In his first letter of the 29th March Captain Flint proposes to take the entire Taluk on a lease

lease of 10 years at a rent
= al equivalent to the set=
tlement in the past Fasly
on Rupees 57,695 minus the
cost of Establishments and
allowance for Manament
which 2 items amount in
the aggregate to Rupees
8,760 leaving the amount of
annual rent to be paid by
him Rupees 48,935.

7. In his letter of the
27th May he notifies
this offer and solicits
that an average of the
past ten years collec=
tion may be

(continued)

and that that average may be fixed as the
Settlement rent hereafter to be paid by
him. This will reduce the assessment
on the Taluk after deducting the
two items above referred to, to Rupees
43,500 being a sum less by Rupees 5,435
than the current year's net collection.

8 In my belief, the Revenue
of the Taluk is likely to increase every
year, and had it not been for neglect
on the part of the Public Works De=
partment during the Fasly about to ex=
pire, and owing to which, many irrigation
works were left unrepaired, the
collections would have been consider=
ably in excess of the sum they reached
hence even should Captain Stuart's pro=
posal be viewed favorably by the
Board and Government, I could not
recommend as the rental for the next
10 years a lesser amount than the
present year's Settlement or Rupees
48,935 after the deductions above
noted.

9. Again the cost of Establishments
has

No	Designation	Present Establishment No.	Present Establishment Amount	Proposed Establishment after Report as given No.	Proposed Establishment after Report as given Amount	Remarks Amount
1	Talliar	1	80	1	35	45
2	Head Pishcar	1	25	1	15	10
3	2nd Pishcar	1	15			15
4	Head Madudgar	1	15			15
5	Muddatgars	2	24	1	10	
6	Moturpha do			1	10	4
7	Samoolgars	5	50			50
8	Shroff	1	6			6
9	Sirmadar	1	8			8
10	Duffadars	2	10	1	6	4
11	Peons	50	224	40	160	64
	Total	71	457	45	236	221
	Saderwared		12		4	8
	Total per month	71	469	45	240	229
	Do per year		5628		2880	2748

has apparently been miscalculated by Captain Flint the Margin presents what cost is at present including Revenue and Police charges of the Talliar, the Head Pishcar, the 2nd Pishcar, the Head Madudgar, the Muddatgars, the Moturpha do, the Samoolgars, the Shroff, the Sirmadar, the Duffadars and the Peons, the former about Rupees 2748 which has to be reduced to Rupees 2880 shall leaving a saving of Rupees 132 on the Police, the expense of which will be defrayed from the Local Funds maintained in the Talliarship

also be found in the Margin consequently there is only Rupees 2,880 on account of Revenue Establishment to be deducted from the General Revenue in place of Rupees 5,760 as assumed by Captain Flint and this will bring up the annual rental to Rupees 51,815.

I have already spoken of the advantage to the State and to the Country in general, by encouraging European settlers and viewed from this single aspect, I do not undervalue the extent of that advantage by having a Gentleman like Captain Flint settled down as a Farmer in a District like the Golgondah Talook, and I would here mention what Captain Flint has omitted to state in his communications to me Viz: that he is not a stranger to the District or to the people. When in the Department of Public Works some years ago, he resided for a considerable time in the Talook of Golgondah, and was actively engaged in Maramat Works, and he verbally tells

tells me that it is the experience thus gained of the Capabilities of that part of the Country, and the increased Revenue which he assured himself was obtainable under a judicious outlay from the improvement of the natural means and sources of irrigation, that suggested to him the idea of making his present proposal, while it is mainly this additional Revenue so to be derived to which he looks for a profitable result. Of course the knowledge and experience thus acquired by Captain Flint gives him an advantage over others unacquainted with the Country, and no doubt, tales points to him out as better qualified for the task he wishes to undertake than even persons who might be possessed of larger means and resources than himself; at the same time, it is questionable whether those demands which are suggestive of the expediency of encouraging a System of settling are met, by making over to a single individual so large an extent of

Territory to the exclusion of others, and as far as the Ryots are concerned, I do not see how their interests are likely to be better cared for under such management than they are now under the direct supervision of the Collector and I doubt whether they would not prefer to remain in direct connection with Government than be subject to the control of a private Landlord.

11 From the experience I have had, I believe that the transfer of rent to Messrs Arbuthnot & Co of the Paleondah Talook is not generally acceptable to the people, while I presume that one of the great objects in view when making the transfer has never been realized, for no European Manager resides within 40 miles of the Talook, and the interests of the Ryot are very much left at the mercy of an avaricious and wily Brahmin, whose influence is exerted for his sole aggrandizement, although it may be to a certain extent for that of his employers also.

No specific condition as to residence was

was imposed on Messrs Arbuthnot & Co though it should have been imposed, but while this important condition will be secured in the case of Captain Flint, there are again other objections applicable to a single individual which have not equal force in the case of a large Mercantile wealthy Firm, such as Arbuthnot & Co whose means and extensive transactions at once place them beyond those influences and considerations which undoubtedly more or less must have weight where capital is wanting, and where the ostensible object of the Centre is not general trade or the increased development of the manifold resources of the Country. For which he has not

the capital, but simply for his own personal profit, and for this he must therefore mainly look to the existing land rents as well as to those hereafter derivable from extended cultivation and no doubt by a judicious outlay on the works of irrigation which Captain Flint contemplates, many uncultivated and waste tracts may be brought under the plough and be made to yield a very profitable return. I do not for a moment underrate the benefit thus arising eventually to all interests, and to promote extended cultivation is unquestionably a great desideratum, but it does not follow that meanwhile the interest of the ryot will go hand in hand with those of the temporary landlord any more than the interests of Government. Captain Flint will of course feel himself to be a mere "locum tenens," his interest must therefore be necessarily restricted to one object Viz: quick returns

Fort St. George 15th July 1858.

returns at the least possible risk and outlay, and he is of course prepared to give up his adventure if the anticipated result do not speedily follow; nor could he be expected to act otherwise seeing that with a very limited capital, he is not in a position to bear up against losses arising from a succession of adverse seasons or from those other causes which may operate to bring them about.

12. It is necessary that I should also notice that on the transfer of the Talook to Captain Flint a number of old servants will be thrown out of employ without any provision elsewhere and even if Captain Flint be required to retain them for a term or until they obtain other employment still in respect of their service for pension &c. they must be supported and some consideration would therefore seem due to their position in effecting the proposed arrangement.

Fort St. George 15th July 1858.

13. The sibendies in Golgondah will likewise be as necessary hereafter as heretofore, they are as much required for the preservation of the Revenue as for the maintenance of peace and order in that part of the Country, and without their presence I am confident Captain Flint could not depend on realizing his rents for a single season.

14. It is possible the Board and Government may not view what I have thus briefly set forth as offering any adequate hinderance to Captain Flints proposal. I shall be glad if it be so, as I am fully alive to the great advantage arising from his permanent residence in that part of the District, and in that event I have only to solicit instructions as to any particular conditions it may be thought proper to impose on Captain Flint in regard to his management of the Talook and his relation with the ryots. There should I think be some specific terms of agreement

entered

entered into by him in order to secure redress to the Ryots for any extortion, oppression or other annoyances or whether from Captain Flint himself or from those who may be his employers and the general provisions of the Revenue Regulations together with those relating to Punchayets for the settlement of all disputes should in my opinion be made binding on Capt. Flint. Residence should also be insisted on also the retention for a certain period of the present Government servants as already suggested, while it should further be stipulated that any breach of the several conditions of the cowle would involve a forfeiture of the lease at the pleasure of Government in the ensuing Fusly year. The other arrangements proposed by Captain Flint in regard to deposits and other security seem all that could reasonably be required, and of course before the transfer is made the necessary

guarantees will be completed.

15. In conclusion I may add that Captain Flint is desirous of commencing his engagement on the 1st of the ensuing Fusly or on the 1st July next. I had wished him to postpone it till the beginning of Fusly 1269 in the belief that he could usefully employ the interval in a variety of ways, particularly in acquainting himself with Revenue matters generally and with the local usages of the Country, also with the habits and Customs of those who may hereafter become his tenants, a thorough knowledge on all these points appearing to me of no little importance to the success of so novel and doubtful an undertaking by a single inexperienced individual, but Captain Flint seems to think he is sufficiently conversant on all these

Fort St. George 15th July 1858.

these points from the Experience he has already had and he attaches much importance to having immediate possession. The Current Fusly year as the Board are aware is only within a few days of its completion still if the sudden arrangement is not objected against and the orders of Government are received in time I shall of course be prepared to carry them out.

Vizagapatam
Government Agent Office
7th June 1858.

/Signed/ C. W. Reade
Agent to the Governor

Fort St. George, 15th July 1858.

To
C. W. Reade Esqre.
Agent to the Governor of
Fort St. George
Vizagapatam

Sir,

Being anxious to settle in this country as a Landholder, I have turned my attention to the Tolgondah Talook and should like to rent that Talook from Government, paying them the same amount of Land Revenue that they now receive after deducting the expenses of the Establishment, and the sums expended for repairs, to enable me to do this I have determined on selling out, and shall receive twenty thousand /20,000/ rupees from my Regiment, ten thousand of which I propose investing in the Company's five per cent Loan and lodging the paper as a security for the due fulfilment of my agreement the

Fort St. George, 15th July 1858.

the remaining 10000 rupees I shall keep, to enable me to make advances to the Ryots, that may be necessary, and to make any repairs that the District may require.

I intend to reside in the District and Superintend every thing myself, and I hope, that the Government will listen to my proposal and give me the Talook for a term of /10/ years, as from what I know of the Talook, I feel sure that it is capable of improvement still it will be some time before I shall reap the advantages of those improvements and I trust that the Government will give me it on as favorable terms as possible, as I am not without hope that my residence in the District may be productive of advantage to the country and all my attention will be turned to the improvement of the land

Fort St. George, 15th July 1858.

The Estab of land revenue for the present Fasly, amounts to fifty Seven thousand six hundred and ninety five /57,695/ Rupees, after deducting Eight hundred and fifty two /852/ rupees for the Moturpha. The expenses of the Establishment amounts to five thousand Seven hundred and Sixty /5760/ rupees, and the amounts expended in repairs of three thousand /3000/ rupees, after deducting these two items, I propose to offer the balance, Viz. forty eight thousand, nine hundred and thirty five rupees /48,935/ payable as follows, - In October, five thousand /5,000/ in November five thousand /5,000/ in December six thousand /6000/ in January six thousand /6,000/ in March six thousand /6,000/ in April five thousand /5,000/ in May five thousand /5,000/ in June four thousand nine hundred /4,900/-

I can procure Company's Bonds

to

to a large amount than 10,000 Rupees if required but should have to pay largely for the accommodation and as it is of the greatest consequence to me beginning my career as a Land holder to be as little crippled as possible I trust the Government will consider the 10,000 Rupees security sufficient but should more be absolutely requisite I will obtain and lodge whatever sum Government may require I trust the Government will give me the Talook for on terms of 10 years and that at the end of that period they will take into their favorable consideration any improvements I may have made and should I desire it renew the case.

As I must make arrangements to sell out at once it is necessary that I should get the Talook at the beginning of the next Fasly as otherwise I should be

be totally without employment and be obliged to spend my Principal and I therefore beg that the Government will give me an answer as soon as possible and let me take over the Talook from the beginning of the next Fasly.

I would beg to assure the Government that I have not entered on my present determination rashly or unadvisedly and although I have not the advantage of especial revenue matters still removed that all my prospects of success lay in my paying proper attention to the country and in improving the land and the condition of the Ryot the Government may rest assured that no effort on my part will be spared to ensure success.

Madras 29th March 1838 } [Signed] James Flint Captain 38th Regiment N.I.

To

Fort St George 15th July 1838

No. 130

To

Captain J Flint
38th Regiment M N I
Waltair

Sir,

I am in receipt of your letter of yesterday's date proposing to rent the Golgondah Talook in this District.

The impediments to entertaining your proposal seem to be mainly these.

1st That success depends on your single life or on your individual health

2d The absence of any real capital as adequate guarantee for the Government dues and as ensuring a due regard to the wants of the Talook together with the interests of the Ryots.

The

3d The embarrassment in which Government would be involved in the event of your health failing or your death either of which contingencies would almost inevitably lead to a severance of the contract with probably a forfeiture of your entire security deposit to the enquiry of your family added to which the inconvenience and confusion inseparable from a sudden re transfer to my hands of the Golgondah Estate under such contingencies is matter for consideration.

4th Your avowed experience in the management of Revenue matters at all in this Country and hence by inference your incompetency to undertake the management single handed of an estate of such magnitude embracing such heavy liabilities eventually and meanwhile involving such onerous responsibilities.

These have occurred to me as the main obstacles to

to entertaining your proposal while it is for you to suggest the means at your Command if any are available to meet or overcome them at the same time I am not insensible to the advantages arising by your Settlement in the Distrist like the Golgondah Talook as well to the people generally, as to the Government of the Country I have always been a great advocate for European settlers and have not had some slight experience of the assistance thereby accruing to the execut

at the same time it is my duty to point out to you the objections that have presented themselves to me at the outset in order that you may have the opportunity of weighing them and if in your power removing them when I shall in a better position to judge of the Propriety Consistency leaning on your proposal which I devolve on me most fully to consider in every aspect and from every point of view before submitting it to Government backed with my recommendation

Vizagapatam Collectors and Govt Agents Office 31st March 1838

/Signed/ C W Reade
Collr & Agent to the Govr

Compd E R

To

C. W. Reade Esqr

Collector and Agent
to the Governor
Vizagapatam.

Sir

In reply to your letter of the 31st March I beg to observe.

In case of my death the Talook would necessarily revert to Government but in case of ill health, my being obliged to be temporarily absent it would be managed by my Manager but no inconvenience would I imagine be experienced by Government as in case of failure on my part of that of my Manager during my absence Messrs Arbuthnot and Co/ who give their personal security for 20,000 Rupees/ would either take charge of it themselves for their protection unless the Government would wish to take it themselves.

I propose with reference to Para 2 to keep 10,000 Rupees available for the general purposes of the District which I trust will be considered sufficient as of course my improvements will be made gradually I propose giving 10,000 Rupees worth of Government paper as security myself and Messrs Arbuthnot and Co will give their personal security for 20,000 Rupees more, on condition that they are informed by Government

Fort Saint George 15th July 1858

of any failure on my part to pay any one of the instal-
-ments but in that case that they be permitted to take
charge of the Estate for their own protection or else the
Government to pledge itself to take charge for them.
I trust this arrangement will remove your objections
as stated in Para 2. The explanation above given will
also I trust answer the objections in Para 3 as far as
any loss or inconvenience can be experienced by the
Government; as regards my own loss or that of my
family I am prepared to run the risk.

As regards Para 4 I am of Course inex-
perienced in the actual management of revenue
matters but I know the district so well from
having had charge of it as Engineer and know
the language of the people that I am persuaded
by paying attention and living in the District
I shall with the assistance of my Manager be
competent to take charge.

On taking the advice of my friends
at Madras and a careful consideration of the whole
matter I would beg that my proposal to give the
Government a yearly payment equivalent to the
average yearly receipts for the last 10 years after
deducting the average charges for Warrant and revenue
expenses for the last 10 years, may be submitted as

Fort Saint George 15th July 1858

I am given to understand that last years Collection was
a very favorable one on account of the very high prices
of grain and also that my first instalment should be
paid in December 1858 instead of the time mentioned
in my former letter.

As it is of the greatest consequence to
me that I should have an answer soon may I beg
the favor of your giving this your early consideration
and I trust also that you will take into your con-
consideration the advantages you allude to in the
latter part of your letter under reply as arising
from my living in a district like the Golcondah
one and give your kind support and recommendation
to my proposal as my own advantage and that
of the District generally will be one I need
not say that every endeavour will be made on
my part to ensure success.

Native Infantry Waltair

Sir

I beg to acknowledge the receipt of your
letter of the 27th Instant.

Your

Fort Saint George 15th July 1858.

I fear you must give up all idea of the question of your proposal to rent the Golgondah Taluk being finally settled before the close of the current Fusly which as you perhaps Know terminates on the 30th June next.

My own report will probably be dispatched in the course of the week but much care is required in its preparation and whatever my views may ultimately be, the Revenue Board and Government cannot possibly I think dispose of so important a matter in the hurried way which would be necessary if a definite answer is to reach this in time to make over to you the Estate within the year should Government accede to your proposal.

There are many points for consideration of which you are little aware and each must receive the consideration due to its importance. I have therefore written this in order to prepare you for disappointment - as the delay has been your own as my previous letter is dated the 31st March last the very same day on which I received your application -

Board of Revenue
Fort St. George

Bd. R. No. 2828.—

Sir,

From the Collector of Vizagapatam

In acknowledgement of the Board's Endorsement No. 95 of 1858 on Petition No. 1127 of 1858 now returned I beg to state that the Merasy Office claimed by Petitioner is that of Curnum Copy of my order, the original of which is in my own hand, I enclose for the Board's information which will satisfy them I think of the correctness of my decision; all cases of the kind in the Zemindary Estates being Cognizable by the Agent in his Judicial Capacity.—

Order

Fort St. George 15th July 1858.—

Enc: 1.—

Orders.—

It is quite impossible in the face of the denial of Complainants Documents by the Zemindar of Bobbili to support Complaints title as now asserted with the exception of 2 unimportant vouchers in no way bearing on the question of right all the rest are declared by the Bobbili zemindar to be forged. It appears to the Agent that he must accept such declaration as bona fide and that such claims are often backed up by fictious Documents there can be no doubt but that the Rajah would lead himself to anything so improper or unjust in order to favor an individual in whom he can feel no greater interest those in that individuals adversary is out of all reason

Fort St. George 15th July 1858.—

to believe. The Agent is bound to accept the Rajahs explanation, and therefore bound to maintain the Rajahs perfect right to appropriate the Inam land in question in the way he has done accordingly the Complaints case is dismissed if he still persist in his claim his course is to sue the party in possession and the Zemindar jointly before the Agents Court.—

Bellary 28th January 1858

Sir

B. No. 3069 From the Jt. Collr. of Ganjam — With reference to the Extract from the Proceedings of the Board of Revenue under date the 21st ultimo No. 2145, I have the honor to transmit herewith a copy of a letter which

Fort St. George 16th July 1858

which Mr. Knox addressed to the accountant General on the subject on which the Board now requires my opinion From this it will be seen that Mr. Knox thought the revival of the old practice under the new system would produce inconvenience to both Departments—

2 I may remark that if one Cascar cannot safely carry the money entrusted to his care it cannot be said that one Police or Revenue person can be any guarantee to safety & probably in personal honesty there is no difference—

To The Accountant General
Sir
Fort St George

Adverting to your Circular of the 10th December last No 1359 I have the honor to inform you that ever since the transfer of the Peons Establishment to the Engineers they have been drawing their salaries by means of their own Cascars of Course these have been individual Cascars which the request of the Engineer officers is by to the sending their salary by the Cascars of the Collrs. may readily complied with & will be again done think that any inconvenience to the Executive Department will result from the existing practice at all events no Complaints have

Fort St. George 16th July 1858

been reached me. If it were made a standing Rule that the salaries of the Engineer officers were to be distributed by the Revenue Peons I fear it would give rise to delay and inconvenience as the number of Peons allotted to the various Talooks in this District is small in Comparison to the extent of Country and they have many other duties to attend to—

I have the honor to submit for sanction two supplemental statements of actual Charges- one for Rupees 52-11-10 on account of fusly 1261 but debited in fusly 1266 the other for Rs. 1634-5-10 on account of fusly 1265 but incurred in fusly 1266-

2 The first item of Rs. 52-11-10 was disbursed in fusly 1262 but debited to a wrong head from which it was readjusted to the right one in fusly 1265 (Journal of June 1858) & ought to have been submitted along with the Statement of actual Charges of fusly 1265 but was omitted through oversight-

3 The amount of the second statement was not disbursed till after the close of the fusly 1265 because it was the custom to make three disbursements in one sum upon the Reports of the Tahsildar after the end of fusly- The system has been since Changed and Monthly payments substituted for annual ones

4 As the Expenditure now reported for part Estimates sanctioned at the time I trust the Board will obtain the sanction of Govern.t for the same-

Tabular Report on a lapsed Yeomiah in the Fort Saint George

18th July 1858.

District of South Arcot.

Caste	Talook and Village entered and Value of the entire Emam.	When and by whom granted name of the original grantee Sunnud, or other Documents on which founded Nature of the grant, charity or service, nature of the duty prescribed by the grant.	Name of the last holder, date of his decease, and the relationship in which he stood to the grantee.	How enjoyed by the deceased, and the holder by the other members	Family life of the deceased Pensioner, age of the parties, and their means of subsistence respectively by them.	Recommendations of the Board of Revenue	Decision of Government
1	2	3	4	5	6	7	8	9	10
Syed Ahmed died his son Syed Hoossain alias Abdul Khader solicits the continuance of the Yeomiah N°6 in the List N°3 sent to Board dated 22nd December 1848.	Porto Novo in Bowanigherry Talook. For keeping lights &c in the Mosque of Syed Mahomed at Porto Novo on an allowance of 2 Woodiors fanoramsper day	Granted originally by Nabob Wallajah to Syed Mahomed by a Purwanah dated the 19th Sancadusane Hyzee 1163 A.D. 1749	For keeping lights in the Mosque at Porto Novo.	The last holder Syed Ahmed died on the 11th May 1856 he was great grandson to the original grantee.	The grant was enjoyed in full by the last holder	1 Widow Assan Bee alias Ammah aged 60 years 2 Son Syed Hoossain alias Abdul Khader aged 32 years. 3 Son Mahomed Ally aged 30 years 4 Son Golam Mahomed aged 28 years. 5 Son Meermahomed aged 25 years 6 Daughter Kathiroo Beebee aged 25 years Opponent. Munny Omah aged 22 years	By a Purwanah of the late Nabob issued in Wizery 1163 corresponding to A.D. 1749 it appears that a Yeomiah allowance of 3 Woodiar fanams per day was granted to one Syed Mahomed Ally which has been successively enjoyed by his lineal descendants. This grant was renewed by order of the Board of Revenue dated 9th November 1813 in the name of the last incumbent Syed Ahmed who died on the 11th May 1856. The present claimant Syed Hussain states that his opponents Khasim Saib since died and Munny Omah are natural sons of a woman Kept by his father but the allowance being granted for the performance of a religious service and consequently not devisible it seems unnecessary to enquire into the merits of their respective pretensions suffice it to say that a short time before his demise the late incumbent presented the claimant as his lawful successor and stated that he and other members of the family lived together that he had charged of the house and of the Mosque and that he would perform the ceremonies in which he has ever since continued to do. Under these circumstances the Acting Collector begs to recommend that the Board of Revenue will be pleased to obtain the sanction of Government for renewing the grant in the name of Syed Hussain alias Abdul Khader the present head of the family and for disbursing the arrears of allowances to him from the 15th May 1856 on the condition that it will be continued only so long as the requisite service is duly performed

B/ No. 2826
From the Collector of Tanjore - - -
Reports on Petition No. 234 of 1858.
Recd 1/8 No. 34 of 1858

I have the honor to report on the accompanying Petition.

2. In A.D. 1726 a Survamaniam grant in Village Randhanarsimhapooram Talook Mannargoody, was made by the then Rajah Tolaja It comprised 3½ Valies of Nunjah and Poonjah and was divided into 16 Gungoos for 14 persons among whom one Saishavadhanny was the grantee of 2 Gungoos.

Venkapien & Venkatadry Vellien - - 19/32

3. Of these 19/32 Gungoos were inherited by Petitioners as descendants from the Avadhanny in the male line tho' each persons exact descent cannot be traced - Their inheritence is entered in their names in the Anoobhogum account of July 1858.

4. The whole Survamaniam is liable according to the usage of the Country, it appears, to periodical exchange certain Survamaniam holders having however refused to include Petitioners share in the Rarayd or exchange,

Petitioners.

11759 Fort St. George 16th July 1858.

Petitioners sued them in 1853 for the recovery of the privilege and obtained a favorable Decree which however, was not permitted to be executed as it seems under orders by the Sudder Adalat

5 It is remarked by Government that their permission was necessary before the Suit was instituted, and had it been for the recovery of land, the preliminary step should perhaps have been taken.

6. The Suit however was solely for the recovery of a right accruing according to the usage of the country affecting land already in the possession of Petitioners.

7 Whatever the views of Government in this respect may be it is clear that the Suvanamanium in question is an ancient grant and that it is still in the possession of descendants from an original grantee. It consequently falls under the Boards Circular of the 11th August 1853 and I therefore see no objection to a compliance with the Petitioners request.

From the Coltr of Tanjore — No. 2145, 21st June 1858.

Sir,

Adverting to your Boards Circular requisition for information whether arrangement cannot be made for remitting money to the Subordinates in the Public Works Department, when required by Talook Peons, say once a month and in sums not less than 200 Rupees, I have the honor to transmit a copy of a letter* on this subject which I addressed to the Accountant General on the 31st December last.

* No. 1873

2 From the great increase to the work of my Office which has been caused by correspondence with the District Engineer and his Executive Officers about these money matters, I am more than ever satisfied that much is unduly expected from the revenue Subordinates of the District and that entirely separated as the Public Works Department is as rather ought to

Fort St. George 16th July 1858.

to be from that of the Collector, its Members should make their own arrangements for the conveyance of small sums to the places where funds are required for disbursement on works in progress.

3. The irregularities consequent on detaching Talook Peons for a duty of the kind will be obvious so far as a District is concerned which like Tanjore involves the necessity judging from the past few years, of annually executing between 4,500 and 5,000 different works.

4. I have assented to a proposition of the District Engineer to place the Cash Chests of the Executive Officers in the Talook Treasuries which is a great aid for the security of the Departmental funds but at the point I consider that assistance should stop.

5. Lascars in the Public Works Department receive, I believe seven rupees a Month, The pay of the greater number of my Talook Peons is actually less than half

Fort St. George 16th July 1858.

half that sum, some receive an exact half and a certain number just 8 annas more than its half. It appears to me to be only just to conclude that 7 Rupees a Month ought to secure agency for the Public Works Department at least as trustworthy as that which a Collector gets for the miserable pittance of three rupees a Month.

6. As matters now stand I find that formal written complaints are made to me by the principal Engineer Officer of the District and his Executive Subordinates about of few petty delays at Tahsildar's Treasuries when money on cheques presented is not paid with the alacrity or they deem requisite Judging from the correspondence that these trivial matters have involved me in, I shrink from a contemplation of what will follow the imposition on Talook peons of the proposed new duty, for it is no likely that

Fort St. George 16th July 1858.

that these men will be able generally to do what the Public Works Department will expect of them as to time and place.

Sanjose, Collectors Office,
Point Calimere, 12th July 1858.

To

The Accountant General
Fort St. George

Sir,

I have the honor to reply to your 16th Dec. 57 No. 1359 Circular marginally noted respecting the plan of distributing the salaries of the District Engineer's Establishment through the agency of Peons under my orders as Collector and Magistrate.

2. So long as the Sanjore Maramut Department under the Civil Engineer remained at its former strength consisting, as it did of one Civil Engineer occasionally an assistant and one or two natives Subordinates; it was a matter of

Fort St. George 16th July 1858.

no great importance to cause the transmission to them of their Salaries. This too was the more easily arranged that the money was then disbursed from only one the provincial Treasury consequent on the recent increase in the number of Covenanted uncovenanted and Native assistants of different classes under the District Engineer much confusion resulted from my keeping up the old System - as a point of duty and in justice to the Revenue and Magisterial calls on the time and labors of my Peons it was therefore discontinued by me in July last. I can discover no just reason why the former plan should now be resumed on the contrary from what I have since seen I am satisfied that I acted properly and that the Members of the police Establishment should not be sent about the province with sums of money of varying amounts in their hands to look for Subordinate Executive Engineer Officers and others.

I

Fort St. George 16th July 1858.

3. I would ask where is the System to End?

4. From the 1st Proximo when the executive will be made over to the District Engineer these Subordinates will themselves have to make disbursements for public works from funds that they must from time to time draw from Talook Treasuries When in arranging to draw such sums, it will not be very difficult for them also to manage to draw their Salaries any how if a Collector is to send the latter will it not soon be demanded that the former also shall be sent in the same way - If such a concession be made will not the numerous Subordinates of the Electric Telegraph Department also claim it?

5 It may be alleged that judicial Salaries are forwarded to the Civil and Subordinate Courts by the Collector - To that I reply that if the District Engineer will establish for himself a fixed place of residence where to receive the salaries of himself and Departmental Subordinates I will undertake to transmit also to him mine

Fort St. George 16th July 1858.

a Month what may be due on his and their passed bills -

6. It is very unfair I consider to peons who draw 3½ and 4 Rupees a Month to be made to convey bags of money here and there in a Talook untill they come across the individual entitled to open the bag and receive its contents - They are often as fault in their search and not having found the proper recipient they have to seek the aid of Village heads in order to secure proper custody for their charge - Temptation is thus put before others than themselves and if a loss occurs these unfortunate men are sure to suffer -

7. I note an occasion in which an overseer after receiving his pay from a Talook peon kept it some time by him and than rejected three rupees on the plea of their being bad The matters being enquired into at great length the Talook Shroff was dismissed other

other steps too were taken and the result was the complete acquittal of the shroff of any guilt whatever I do not think any change of the kind would have arisen if the Salary had been paid to the overseer or his own representatives at the Treasury and I certainly consider that it will be unfair to saddle the Establishments of the Collectors with a duty other than the mere disbursement of the money payable as salaries to the Engineer Subordinates or persons whom they may depute to

to the Talook Tahsildar to receive their pay-

8 The Establishments allotted

to District Engineers has only recently been fixed by Government and no one can justly allege that their scale and strength are not unusually liberal each Officer entitled to draw his own salary and that of his Subordinates has a body of Lascars under his orders some of whom surely can be used once a Month in doing what it is now attempted to impose as a fixed duty on the Collectors Establishment If however the strength of the District Engineer Establishment

11769

Fort St. George 16th July 1858.

Establishment is unequal to do what is required of it the simple course as it appears to me would be to solicit additional means.

9 In fact I feel bound to submit that numerously constituted as the District Engineers department now is, I shall not feel at liberty to undertake the Extra duty unless some peons be allotted to my department in addition to those now available for the ordinary duties hitherto expected from them.

Tanjore, 31st Dec. 1857. } I Signed W. D. Phillips Acting Collector

No. 134

To.

J. D. Sim Esqr.
Secretary to the
Board of Revenue
Fort St. George.

D. No. 3064
From the Collector of Trichinopoly.

Sir

Para 1 I have the honor to acknowledge your Circular letter No. 1415 of date the 21st April 1858 transmitting Extracts from minutes of Consultation of the 6th March 1858 No. 298 relating to your Board's Proceedings of the 22d January last and requiring opinion upon certain points touching the taxation of the topes and trees. At the same time directing the several orders of Government given in the minutes to be carried out

2. In offering an opinion on the points required it will be best for me to follow the order of your queries and reply to them in succession.

I so

In reference to para 12 & 20 of Government minute whether any new measures are advisable to encourage the planting steps & Sandy tracts with Date or Palmyra.

3 In consideration of the extreme slow growth of the Palmyra and Date and the great number of years required for such trees to come to maturity or to be in any way productive I would advocate the exemption from assessment of such land so planted and whether cultivated or not for thirty years. This is a period of ten years in addition to that permitted by the topes Rules of 1844 The assessment in such sandy and barren tracts as the Palmyra and Date thrive upon must be of a low rate and therefore I think no other inducement than the extended period of exemption seems called for.

Mode of dealing with scattered trees on cultivated & waste lands by Government Paras 13 to 15.

4 I anticipate no difficulty in carrying out the orders of Government in cases where one party owns the trees and another the land for the reason that such a system does not obtain here. In this District land and trees do not pay a separate tax. If the owner of a tree or trees has

cultivated the land around it is usual to remit the tree tax.

The orders of Government conveyed in para 15 will be strictly carried out by me in the case of Durkhasts for waste land on which tax paying trees are standing.

No doubt the system will be unpalatable to the tenant of the trees as Compelling him either to take up the land for cultivation or give up his trees yet still there is no reason why the Rule should not be enforced to get rid of an objectionable mode of taxation.

Last para of Government minute in reference to Cocoanut and Betelnut gardens

5 No misapprehension on this subject has occurred with me when submitting any report on the taxation of trees and topes in March 1856 till such gardens in this Province pay the land assessment.

6 With reference to freeing trees from tax in backyards. I have only to observe

observe the system does not obtain here and that it is not customary in this District to levy any tax on trees growing in back-yards such trees are enjoyed free by the occupants.

7. As directed I beg to submit a draft of a Notification to be published in the District apprizing the people of the amended system for the taxation of topes and trees In this draft the several orders and instructions of Government given in their minute of Consultation have been embodied and I trust it will meet with your Board's approval.

Trichinopoly
Collectors Office
12th July
1858

I signed I. Bird.
Collector
Notification.

Encl 1

Notification

The Government being most desirous to encourage the planting and preservation of Topes and clusters of trees for the benefit and advantage of the people have issued certain orders in conformity with which the following rules are prepared for an amended system for the taxing of trees

1 As there are many tracts of steril and sandy land in the District unfit for the cultivation of Grain of any kind but if planted with Date Palmyra or other trees might be productive Parties wishing to take such lands should make the usual proposal under the Tope Rules of 1848 and

1854 The term of twenty years free of taxation as originally fixed in the Rules will be extended for such barren and sandy tract to be planted with Palmyra Date and

and other trees to thirty years free of demand.

2. Where land quite unfit for agricultural purposes is applied for under the Rules of 1848 for planting of Topes and the assessment on such land is manifestly too high it will be reduced at the discretion of the Collector.

3. No additional assessment will be demanded on Topes lands for any subsequent improvements made by the Ryot as by digging a well and the like - But if such land be irrigated by Government water taken from a channel or river or stream or tank then in that case the usual water cess will be levied in addition.

4. The rules promulgated in the Notification issued in the year 1854 for the taxing of only five descriptions of trees still remain in force. That is to say, Mangoe, Tamarind Jack and Ellopay trees at 4 annas per tree & cocoanut at 2 Annas the tree.

5. In the case of trees scattered on the Puttah land of a Ryot held by Puttah by another party other than the landed proprietor the tree tax will merge into the land assessment

assessment and the puttah for the trees be cancelled But the tenant of the trees must render the tree tax to the occupier of the soil and become his subtenant and be liable to him for his rent. In default of payment he will be deprived of the trees.

6. Should a party tender a Durkast for waste land on which trees paying tax to Government are situated and in the possession of a tree tenant. The priority of option of taking up the land with the trees at the Jumma of assessment only shall be given to the tenant of the trees - In the event of his refusing to take the land then the trees shall be made over with the land to the Durkastadar and the trees tax abolished

7. Land holders shall be at liberty to cut down all trees which they have planted on their own property.

8. Although it is not customary in the District to levy any tax on trees growing in backyards or on Enam lands yet if such

Fort St. George 16th July 1858.

such an impost should have been inadvertently levied It will cease and such trees be freed.

9. Lopes the land assessment on which is less than or equal to present rents and heretofore transferred to Government and granted as Circar Lopes will be made over to the original owners or to their heirs if such be forthcoming or to a respectable Ryot of the Village at the Sarum assessment and Puttah issued for the land on which the Lope stands.

10. Persons put in possession of such Lopes will not be permitted to cut down any trees or sell the timber. In the event of their so offending double the value of the trees or trees cut down will be levied as a fine. They will be required at the time of taking charge of the Lopes to execute an agreement Bond to the above effect.

Fort St. George

Sir,

B. No. 2827
From the Asst. Collr
of Madura

I have the honor as directed by an Endt from the Proceedings of the Board of Revenue under date the 21st Instant No. 2153 to forward Copy of the Urzee (with Translation) therein alluded to, which I regret to find was not transmitted with my previous letter.

(Signed) A. Rathaway
Asst. Collector.

Madura,
28th June 1858.

No. 1.

Translation of an Urzee addressed to the Acting Sub Collector of Madura by Ovalakondama Naik Guardian and elder brother of the Minor Zemindar of Ayakoody, dated 3d April 1858 No. 2

In your order of the 29th Ultimo No. 2 I am directed to report my opinion and wishes (as called for by the Court of Wards in their letter of the 12th idem No. 897) on the propriety or otherwise of allowing five Ds every month from the Zemindary Funds, as recommended by the late Acting Sub Collector, for the maintenance of Chindaimoney, a concubine of Ovalakondama Naik the late Guardian, in addition to certain lands left by him for her support.

It has hitherto been the practice in this Zemendary for hereditary Zemindars to get their Brothers married, allowing them and their so married lawful

lawful wives either lands or ready Money &c allowance &c for their maintenance.

Whenever any of the Brothers take a liking to any females, it has been the custom for such women to accept of such temporary benefits only as their respective gallants are pleased to bestow on them, according to the degree of affection borne towards them. But never was any thing bestowed on them for their support either after the loss of such affection or after the decease of their Gallants.

No land was allotted by my Uncle, the late Guardian, for the support of his concubine the said Chindamaney. But a Puttah was made out in the name of her son Balasoobramaneyem (when my said Uncle managed the affairs of the Zemindary) and the Kist Collected from him, for lands bestowed on his Mother and situated under the Paupanvoikal Chanal in ayacoody under the same tenure as Nunjah and Poonjah lands which are held by other Ryots there.

Should therefore contrary to the usage hitherto prevailing in this Zemindary a new practice be admitted it is likely that persons would come forward claiming for Village land or ready Money allowance, on the plea that they were the concubines of the Zemindar or his brothers, and thus finally make extinct the Zemindary itself.

Under these circumstances I beg that the said Chindamaney's prayer, to be allowed a Monthly stipend of 5 Rupees may be rejected.

3d April, 2 1858.

From the Coll. Sea Customs &c Madras

Sir.

I have the honor with reference to para 7 of the Extract from the Proceedings of the Board of Revenue dated 10th July 1858 No. 2367 in which the Board observe "From the terms used by "Mr. Underwood the Board are obliged to conclude, "that he does nothing and that in reality a Margin "of 50 per Cent is allowed to the Merchants in their "valuation of goods imported by them. For though "in one letter the Collector states that in every case "in which goods have been reported to him as "undervalued they have been purchased on account "of Government, he has clearly declares in the "passage from another letter quoted above, that "unless the undervaluation exceeds 50 per Cent, he "never detains any articles and else where that no "enendation of value is permitted in this Depart. "ment If below 50 per Cent the goods are neither "detained nor revalued, it follows that they are "passed on the value though erroneously declared "by the importer"

2 I beg respectfully to observe the Board of Revenue are in error and lay to my door acts I have never done by passing goods on the value

value erroneously declared by the Importer and every Officer of the Department can testify to the correctness of this observation - The annexed Extracts from letters I adduce in support of my assertion

3. No emendation of value has been permitted in this Department or any goods permitted to pass at a low value, the cases of undervaluation are exceedingly rare - It is not and has not been the practice of this Office to pass goods found to be undervalued to the extent of 25 or 50 per Cent on payment of the duty leviable on the depreciated value or on that which is found they ought to bear -

4. No undervalued goods have been detained in this Office except such as have been purchased.

5 In every case in which goods have been reported to me as undervalued they have been purchased on account of Government - There has been no rectification of value in any case -

6. I beg to enclose a Memorandum from the appraiser and very respectfully to observe the Board of Revenue have most unjustly although unintentionally charged me with passing goods at the value though erroneously declared by the Importer whereas not one solitary case ever has occurred, or any thing directly or indirectly approaching to

Letter to Board Para 2 of 24 April 1858 No. 112

Do 2 Para 1 dated 17th May 1858 No 135

Do Para 1 dated 11th June 1858 No 180

Do Para 1 dated 11th June 1858 No 180

Dated 14th July 1858.

to it. In fact, if below 50 per Cent goods have not been detained revalued or passed on the value erroneously declared by the Importer -

Pro. Bd of Revenue dated 16th July 1858 No. 2 B.

Collector -

Memorandum -

With reference to Para 5 of Extract Proceedings from the Board of Revenue dated 10th July 1858 the appraiser begs very respectfully to observe that in accordance with the practice of his Office, sanctioned by the Collector a Margin of 25 per Cent has been allowed in estimating the whole sale market value of goods and that it has been the rule with him to report to the Collector every instance in which the rate or value has exceeded this limit, and such goods have invariably been purchased on account of Government -
