From the Acting Collr of Tanjore

Sir

Fort St. George

1. I have the honor to report a matter for the Board's consideration which, I am of opinion, cannot well await Mr Forbes arrival. The Board are well aware of the circumstances connected with Techaly Estate, and without entering into the merits of the case, I think the Board should know the anomalous position in the Collector now occupies: and probably the Board may agree with me that immediate measures should be taken to place matters on a more satisfactory footing.

2. The Estate was gifted by order of the Civil Court contained in proceedings* which states that the Collector was to continue in charge till he received further orders.

3. It appears that, subsequent to this order i.e. in April 1857, the Court of Sudr

* dated 31st Decr 1853

13086 Fort St. George 7th August 1858.

Addalut dismissed the claim of Messrs Linares Vally and Co at whose request the estate was attached; and hitherto no order to release the Estate has been received.

4 & 7. I beg to submit copies of two letters I addressed the Civil Judge and his Replies.

5. I would remind the Board that the parties named Gopenad Deo and Cristna chendra Deo from whose possession the Collector removed the Estate are both dead; and not only does the Collector require the order of either the Civil Court or, as the Civil Judge says, of the Sudr Addalut to release the Estate, but one or other Court should pronounce to whom it is to be made over. Government have apparently no wish to interfere: and the succession to Estates is purely a question of Civil Law: and in disputed cases, the Civil Judge is, as I understand Act XIX of 1841, the proper person to name, from prima facie evidence, the party who should be put in possession.

I.

1st— Sauture thinks to suggest that the Government Valuer Mr. Sale should move the Court of Inde Adalut for instructions 1st as to the release of the attachment and 2d as to the nomination of the party to be placed in possession whether the law should be followed and the succession decided by the Civil Judge or whether as a matter of Policy the Collector as guardian of the general welfare of the District should be allowed to decide the question

With reference to your letter of the 13th Instant I have the honor to inform you that the Act No. XIX of 1841 had nothing to do with the present matter. The proper course if the parties alluded to in your first letter are unable to conduct the suit now pending before me by other means, they should apply to the Judge of Inde Adalut to order the removal of the attachment from the Estates as they had in their decree included them as the parties, when they will of course settle into whose possession the estates must be placed, therefore your proper course is to point out this to the parties who have requested you to furnish them with money for costs

No 576.

Sir,

With reference to the Correspondence noted in the Margin, I have the honor to report to the Board that the Plaintiffs in O.S. 114 of 1856 (certain Ryots of Goodavularoo) have been non-suited with Costs. I enclose copy of the Court's decision for the perusal of the Board. The Plaintiffs however have appealed from this to the Sudr Court under date the 16th Instant. I beg therefore that the Board will be good enough to instruct the Government Pleader at the Sudr to appear on behalf of Government in that Court to put in an answer to the appeal

Judgment.

7 The Civil Judge proceeds to dispose of the present suit without calling on the parties for their Oral evidence. The suit itself appears to have been filed to set aside a decision of the Revenue Authorities which the 1st Defendant was competent to dispose of, and from whose decision the proper appeal would lie to the Board of Revenue.

8 The present suit is clearly litigious by the Document No 1 which is an agreement deliberately entered into by the principals of the Village before the 1st Defendant at the period of Samabundy the matter at issue was finally adjusted before him & if the Plaintiffs had any objections to offer they should have done so before that Rararmamah had been executed. The

The plea urged now is that they did object afterwards according to such proceedings, no decision would ever become final.

9 The Civil Judge resolves to non suit the Plaintiffs with all Costs, & to fine them further at Rupees /3/ three each for preferring the present frivolous and Vexatious suit, under Section II Regulation II of 1802.

10 It is further resolved that no private Adjustment of this Decree shall be allowed or deemed valid unless the terms of such a Adjustment shall have been previously & reciprocally declared by all the parties interested herein, & made a record of the Court with their unanimous consent.

Note. This Decree shall not be executed after the lapse of 12 years, unless the party or parties applying for execution do, how by clear & positive proofs that his or their application is, on one or other of the grounds specified in Clause 2nd Section XVIII Regulation II of 1802, excepted from the General rule of limitation prescribed in that Section.

Sir

With reference to
Mr Lind's letter of the 5 Ultimo
I have the honor to forward a
Special report on the late
Wastage in the Rasterly Sec-
tion, which being situated with
the portion of the District un-
der the Sub Collectors immedi-
ate management. The salt under
wast sold in the Rasterly Sec-
tion in July 1855. the large Wast-
age of which has again at-
tracted the attention of the
Board, was the same as that
alluded to in my letter of 22
July 1855. reported by the Sub
Collector to be in an entire
state, from the inadequate
protection afforded by the
which owing to the extreme diffi-

13112 St Kitts & George 7th August 1858

of procuring grass and straw in
the previous bad season, was par-
more insecure than usual.

2. The orders of the Hon^ble Board
that heaps at the expense of
Government, alluded to in Para
2 of the Boards letter, were only
issued in consequence of the great
destruction caused by the Gale
of November 1856. and having sanc-
tioned only on 4th March 1857 the
measure, carried into effect
long after the close of the Sea-
son, could have no influence
in preventing the Wastage which
took place in that Rasterly. Most
of the old salt had by that
time been sold, and only a few
heaps remained to be recovered
under this order, by which they
were saved from deterioration
in the raid of the following
season to the extent they would
otherwise have suffered.

3. The salt sold in the
Rasterly Cataurs in July 1856
had

To Board 31st December 1855.

had been all of it from three to five years in store awaiting. at that time removed by the Ryots, and at their own expence. and from that cause and the extreme difficulty of procuring thatching Material during the last five years, in a most insecure state at the commencement of the Fasly. A.D. This was in the Month of November the Storm of November 1857 was exposed to the fury of not the cyclone Gale, whose violence was unprecedented in those parts Owing to this Storm, all which had only been in store for one or two years suffered a Deduction of from 7 to 14 per cent. They to formed a Settlement among the Inland & Hill tribes in the Paderty Division, & in the whole District for 7 years from Fasly 1260 to Fasly 1267 the result of which gives reason to conclude that the large Pontage under con-

is attributable to smuggling.—

The Contrast from 1853 to 1857 5—

have generally been of a character likely to affect the Salt Revenue The 2 first of the Series were years of drought or deficient Rain which would make Straw dear, the 2 last were characterized by Storms of great violence, which would Naturally injure the Salt & however the Pontage of Fasly 1267 is not at present under consideration, I shall take another opportunity of bringing to the Notice of the Board the effect of the hurricane on the Salt during the past year.—

Sir. With reference to an extract from the Proceedings of the Board of Revenue under date the 20th Instant, I have the honor to state for their information that the salt in store had been considerably increased by the end of 2nd July 1764. and that a large quantity of salt ordered to be manufactured during the present season will before long be stored & brought to account, which will it is expected raise the Stock to at least 2 years supply. This will however be again reduced by the years consumption.

2. In order to have at all times 2 years supply on hand, & especially at the end of the 2nd July, it would be necessary to have a larger Stock at certain periods & before the new salt comes in which is not the case to any considerable extent before the end of June, when the 2nd July closes. 2. In default of payment
of any one Rist, the Government are
at liberty to attach the farm agreed
to the Regulations, and resell it by

Public Auction.

3. In the event of the
highest offer at the 2d Sale falling
short of our rental Beriz, the Govern=
=ment are at liberty, not only, to hold
us responsible for the loss, but also
confiscate the amount of our deposit
money. In the event of there arising
any gain, we withdraw all our claims
to the same.

4. We will cut and sell
firewood and brush wood only within
the limits of the jungle situated in
the above portion rented out to us,
and not in the jungle of other
portions.

5. We will not cut and
sell trees situated in Village sites,
backyards of houses, and garden
compounds, as well as those along
the hedge rows, nor will we cut and
sell any trees nursed by Private
individuals.

6. We will not cut and
sell

sell the trunks of trees but only the branches within 3 inches circumference so that the wood cut may be of the 2d and 3d but not of the 1st sort. We will not cut the jungle a second time after it has been once cleared.

7. We agree to cut wood from the 15th Instant to the end of July and after that Month, we will not cut any wood till the end of the July fire and brush wood cut and stored till the end of February will be exported by us within the 15th June next, and any quantity left unremoved at the end of the above period will be confiscated to Government.

8. We will not, without the Circar's permission, transfer or sublet our rent to other Parties.

9. We will not prevent the Villagers from felling wood required for their plough &c.

10. We will not cut down or interfere in any way with the following trees.

from the Sub Secretary to the Board of Revenue dated 23d Instant, Calling for the Demand Collection and Balance Statement for the month of June last, and to report for the information of the Board that the Statement in question will be despatched from my Office on the 5th Proximo, the latest.

2. The Board are aware that the accounts for June must necessarily be delayed for some days beyond the time they are usually despatched to the Presidency, in consequence of the month being the last of the Fasly: the demand &c. for the past fasly cannot be finally determined until the accounts from all the Talooks are received at the Hoozoor and the requisite examinations completed.

3. I would also take the opportunity of observing, that the Sub Secretary has called for the Returns of Fines &c. for the quarter ending 30th June

in his official Memorandum of the 6th Instant. It is hardly possible that the above Returns can be completed within six days after the expiration of the period for which they were due, while the Returns from the Sub Collector could not have been received by the above date, after which, they have to be incorporated with those of the Collectors Statements.

Remarks to be entered in Demand
Collection Balance Statement for the Month of July

Land Revenue collections on account of the current fasly. — Decrease 12098.

Comparing the Collections
on account of the current demand in the
Ryotwar up to the end of May Fasly 126
with the Collections made up to May Fa
1266, there appears a decrease of Rupees 12,09
This is owing to the unfavorable state of
season, and to the consequent failure of
the Crops in many places, as also owing
to the remissions granted for parishe
crops in the different Talooks of the Distr
compare

Abkarry Collec=tions on account of the Current Revenue Decrease 37,854-

2. Comparing the Collections made
on account of the Current demand in the
Abkarry up to May 1858, with the Collections
made up to May 1857, there is an increase of
Rupees 37,854. This increase is owing to an increase
in the demand, consequent on the increased
rent for the whole farm commencing from
the Current year.

Abkarry Collec=tions on account of arrears - on Decrease 13,199-

3. Comparing the Collections made
on account of Abkarry arrears up to to the
end of May, Fusly 1267, with the Collections
made up to May in the preceeding fusly,
there appears a decrease of Rupees 13,199. This
decrease is owing to the Collections at the
beginning of the Current fusly being less in
arrears than the Collections outstanding
at the beginning of Fusly 1266. The arrears
at the beginning of the last fusly amount to
Rupees 13,649 and the arrears for the Current
fusly to Rupees 450.

From the Collr of Salem ... Sir,

Adverting to the Board's endorsement on petition No. 68 of 1856 calling upon me to report, with reference to the order of Government, whether the interests of Government are in any way affected by the petitioner's claim, I have the honor to state as follows.-

2 The petitioner prays for the sanction of the Government to institute a Civil Suit against her fatherinlaw, for the recovery of her late husband's share in the agraharum of Seeliampetty in the Attoor Talook.-

3 It appears from the report of the Tahsildar that the petitioners fatherinlaw is one of the Share holders in the Trishvacam Agraharum of Seeliampetty in the Attoor Talook, and that the petitioner's husband having died, she claims her husband's share in the agraharum for her maintenance. It also appears that the petitioners fatherinlaw is willing to support her provided she

She will live with him, that this the petitioner is not willing to do, and that her father-in-law has no other means of living excepting the Trichinopoly lands and the allowance.-

I have the honor to report on a Petition to Government by Punchanadu Chetty of Combaconum

2 An Agraharam grant in Villayapetty attached to the town of Combaconum was made by a former Rajah of Tanjore. It consisted of 73 Moorints and was conferred on that number of Brahmins. Altho' it was not registered and the original grant, which is stated to have been lost, is not forthcoming, there seems no reason to doubt the fact of it being an ancient personal grant. It has been entered in the Survey accounts of Fasly 1216 and 1238. Indeed, it is the enam which formed the subject of correspondence in the cases of certain Government Petitions noted in the Margin.

To Bd. 22nd Dec.
Bd. Pro. 12th Feby 67 No. 330.
Do. 10th Feb 67
Bd. Pro. 12th June 67

Four of the above Moorints were acquired by one Coopayengar, as reported in the letter from this Office of date the 22nd December 1856 and are in possession of his widow Pattammal- annual and of these measuring 2-35½ W. P. were, however,

pledged by him some time before his death as security for Rupees 50 which he had borrowed from Arumachella Chetty. That having made over his Estate to Petitioner the latter obtained a decree awarding to him the above sum and on the ground that, except the Mundut there is no other Property belonging to Puthumyummal against which the above decree can be enforced, he requests to be authorized by Government.-

5 Under these circumstances, I consider that the permission sought for by Petitioner be granted, with the proviso made in other cases connected with this grant, that it is not to bar any right that Government may have to resume any part of the enam in question or to be considered as in any way affecting the title of the present holder.-

From the Collector of Vizagapatam —

Sir,

With reference to the Board's Endorsement of the 6th Instant on Petition No. 108 of 1858, I have the honor to state that Sections III and VI Regulation XXIX of 1802 authorizing the Proprietors of land to nominate a successor to a Merasedar on a vacancy occurring, the Zemindar of Madigole had nominated one Salahullah Soorciabhagavanloo the party complained against on the death of his Sister a widow, in whom had been vested the enjoyment of the Merasee and in difference partly to the widows expressed wishes, & although the Petitioner had been acting as Goomastah for the said widow. The Zemindars arrangement appearing to me

me just and quite within the scope of his powers, merely confirmed what he had done after certain summary enquiry through the Head of Police of the Taluk in reference to Petitioners claim. The Petitioner was simply a Goomastah and if dissatisfied with my orders, it is open to him to Establish his title by a Civil Suit.

The papers received with the endorsement are herewith returned.

In reply to the Boards endorsement on Petition Nos 183 and 845 of 1858 I have the honor to state for their information that the Petitioner is the Curnum of the Village of Irlapand in the Nursarowpett Talook. Complt. were preferred by the Ryots that he had encroached upon a portion of the Village site from which they were in the habit of digging earth for the purpose of manuring their fields. The Tahsildar investigated the matter and reported that an extent of 5 Coontahs had been encroached by the Petitioner in his holding but the ryots having protested against the correctness of this report, Mr. Newill deputed a deloyet from the Huzzoor with instructions to have the lands re-measured this was done in the presence of the Village Monsiff and 2 other Curnums, when it appeared that the extent actually encroached upon by the Petitioner was 31 Coontahs (and not 5 as reported by the Tahsildar) which was accordingly ordered by Mr. Newill to be deducted from Petitioners holding and left as it was previous to the encroachment complained of.

2. Under these circumstances Petitioners complaint appears ground less, and the two Petitions Nos 183 and 845 of 1858 are returned.

In acknowledging the receipt of the Board Circular No. 2675 of the 19th Ultimo, forwarding Extract from Minutes of Consultation of the 8th idem. and requiring information as to the System prevailing in this District for ensuring to Government their just dues in cases of lapsed Enams. I have the honor to report that the Cuttoobady Enamdars in the late Zemindaries of Guntoor whose death are required to be reported to the Board are examined ½ yearly by the Talook authorities and the requisite report of lapses made to my office.

A similar practice does not obtain in respect to other Enams such are held for life only, Casualties in such cases are, however, duly reported by the Tahsildars to the Huzzoor, but in order to prevent irregularity I would suggest

o Vide para 17 of Boards Proceedings dated 3d April 1848.

suggest that a periodical examination of such Cumdars should also be made, and that it should be annual instead of half yearly as the Cumdars are scattered over different parts of the Country and cannot appear before the Tahsildars twice in the year without considerable inconvenience - In the event of the inability of any Cumdar to make the appearance as required a Certificate of identity from some Public officer of the place wherein he may be seen to reside at the time, would answer the purpose equally well.

Bd. No. 3529
From the Collr of Nellore

Sir,

I have the honor to acknowledge the receipt of Mr Forbes' letter of the 26th ult. last, enquiring whether any tax is levied on Palmyra

13175 Fort St. George 9th August 1858.

Palmyra trees felled, or for leaves cut from the tree.

2. I beg to state in reply that no tax properly so called is levied but the general rule in this District is to charge 8 annas for each Palmyra tree cut, the property of Government, which may be applied for by individuals trees being allowed at half price for cultivation purposes; no charge is made for Palmyra trees that are cut when they are the property of individuals; and they are given gratis when applied for for public purposes, such as the repair of Chuttrums &c. as well as occasionally in cases of fires to enable the people to rebuild their houses - Some trees cut on Tank banks by the Public Works Department are sold, and the proceeds remitting to this Treasury - Persons cutting Palmyra trees the property of Government without leave or authority would be liable to some penalty - No tax is levied on the leaves of this tree when cut, nor are they sold on behalf of Government, but some of the Topes are rented out from which leaves are probably cut -

To Board 28th April 1856 Para 4

3. I do not think that the charge now made for cutting Government Palmyra trees should be abolished, the trees are useful to individuals, and

and the moderate price charged seems t
best way to prevent the destruction of the
Topes, without absolutely prohibiting their being

2. The charge appears to have orig

answer to a reference made by him, thoug
alterations have since taken place-

The Chief Secretary to Government
Revenue Department
Fort St. George

Sir,

I have the honor to forward herewith a Statement No. 2 shewing the Interest charged on the arrears outstanding at the end of each Fusly from Fusly 1256 to 1262 in the Zillah of Chingleput.

2. I have the honor to request that the Collectors may be allowed to remit the Interest charged on the Arrears of Revenue under the Ryotwary System of Settlement, and that the Collectors may be authorized to write off the Interest charged on the Arrears of Revenue under the Inam Settlement.

3. The Interest charged on the Arrears of Revenue under the Ryotwary System of Settlement is very small, and the Collectors are frequently obliged to remit the Interest in order to induce the Ryots to pay the Principal. The Interest charged on the Arrears of Revenue under the Inam Settlement is also very small, and the Collectors are frequently obliged to remit the Interest in order to induce the Inamdars to settle their accounts.

4. I am directed to state that Government do not consider it necessary to call for any Returns of the Interest charged on the Arrears of Revenue under the Ryotwary System of Settlement, but that they would be glad to receive a Return of the Interest charged on the Arrears of Revenue under the Inam Settlement.

I have &c.

Sir

Adverting to the Board's Endorsement on Petition No. 1148 of 58 calling for fuller explanation than what was given in my Endorsement under date the 20th February last I have the honor to state that the Petitioner Tylagounden Caradar and Moonsiff of Coopenpatty in the Wamalore Talook, was in the first instance dismissed from Office on suspicion of his having embezzled a portion of the Government Collection, that on a personal investigation of the case by myself the Petitioner cleared himself of the suspicion by direct evidence, and owing to the Petitioner being too old to discharge the duties of his Office efficiently the Office was conferred on the petitioners son according to the Petitioners own request. For the reasons stated I do not think it necessary to enter into any detail of the merits of the case.

From the Acting Collector of Madura - - - 31

I have the honor to submit for the consideration and orders of the Court of claim made against the Estate of the Minor Zemindar of Shevagunga by Cauneed Mahomed Kissoay of Kaladoy to the amount of Rupees 22,4[illegible]9-14-3-

2 The claim is founded upon a Bond, executed to the father of the claimant by Bodagooroo Iaver, the Uncle of the Minor, and a late Zemindar, under date the 1st March 1835- The claimant also possesses an agreement passed by the same Zemindar, on the 15th February preceding, shewing the conditions on which a portion of the loan of the Bond- was payments and repayments are to be made and a Counterpart of the same is on the records of the Zemindar.

3. On inspection of the several documents

13184 Fort St. George 9th August 1858-

documents (translation of which is enclosed) they are found to have been duly signed by the Zemindar with the exception of the Counterpart, which bears the signature of the father of the Claimant-

4. Statements A. exhibits the items of receipts to the amount of 36906 1a.p. 11.-.- of which Rupees 10,106-11-.- were in Cash, and the remainder in Jewels and other things- These are supported by Vouchers on the records of the Zemindar- It will be observed that out of Star Pagodas 10,000, or Rupees 35,000) being 1st Item in the Bond, engaged to be paid by the Creditor in ready Money- Rupees 24,893-5-.- were withheld, Rupees 10,106-11- only being paid-

5 The Guardian (abstract of whose report accompanies) acknowledges the genuineness of the claim, but objects to interest being allowed on the Jewels &c. provided-

6 This part of the claim I have induced the creditor to waive-

As

Fort St. George 9th August 1858.

7. As the translation appears to have been a genuine one, and no doubt attaches to the accounts I would recommend that sanction be given for the payment of the sum referred to in para 1.

8. It will be proper to remark that the claims is not barred by the Statute of Limitation, in as much as a sum of Rs. 35-13 was paid in 1820 by giving credit to a balance of the amount due by the Creditor to the Insolvent, for value of Paddy taken by him on Durkast or contract in Fusly 1253.

I have the honor to forward for submission to the Board of Revenue, Copies of the correspondence on which the order above quoted is based, and to solicit instructions as to the principles on which they desire the Tolls on Cochranes Canal to be regulated.

2 I take this occasion however to observe that, in crediting the Toll Collections of this Canal to the General Revenues of the Country, there appears to be a departure from the System prevailing in all other parts of the Presidency, where Ilelieve Tolls are invariably considered as Local Funds, and as such, are available for those improvements, to which the Government in Extract Minutes Consultation No. 73 dated 15th January 1855 Para 3, declare they ought to be devoted —

I have the honor to submit the accompanying Copies of letters, noted in the margin, received from the Superintendent Eastern Coast Canal in the first of which he states that in consequence of the decrease of water on the Canal and the Boats not being able to carry their proper burden, he had agreeably to precedents allowed a reduction on the Toll from 4 to 3 Annas a Ton. He observes that it has been the practice for Officers to submit such letters to the Board of Revenue for Sanction and to notify the reduction on the Toll

Enclosure 3 d/ 9th June 58. No. 426 d/ 17th Do. No. 473

Official Gazette for the information of the public, I am not aware however that this course has been pursued in consequence of any orders to that effect, and as it appears to me that the remission or reduction of any authorized Tax should rest with the Government or the Officer delegated with its authority to do so, I have thought it proper to submit the letters referred to above, and to solicit the sanction of the reduction of the Toll in question which the Government will see has been already allowed to take place in anticipation of sanction. I beg to submit a Copy of Lieut. Moberly's report of the Eastern Coast Canal for the past Month in which he expresses his views as to the causes which have led to a diminution of water South of Dock.

2. As the reduction of this Tax, is likely to prove of Annual occurrence, the Government may perhaps desire that it may be at once sanctioned or authorized without its intervention, and it occurs to me, as the Canal is in charge of an Officer of the Public Works Department, upon whose report

From the Collr. of Vizagapatam

Sir

I have the honor to acknowledgement an Extract from the Proceedings of the Board of Revenue of date the 8th Instant No. 2331 requesting me to state whether the interests of Government will be affected by permitting the Petitioner therein referred to, to sue in the Civil Courts for the land she claims.

The Agraharum of which the land in dispute forms part lies in the Proprietary Estate of Wooruttah and it is called Rajasapatnum the accounts show that it was granted to one Mantrieruttnum Balaramacharlu father in law of the Petitioner gratuitously by the Zemindar Sree Poosapaty Vizeearamaraujy Maharaujy. so far back as 66 years ago. under a puttah dated 9th decreasing moon of the month Chaeitrum year Sadarana corresponding

corresponding with the 8th April 1790 The Petitioners husband and his two brothers whose names are given in the Margin, had enjoyed this Agraharum in equal shares and the Petitioners husbands portion of the land yearly yields a sum of Rupees 350 and in extent is 5 Cuttles. This Agraharum is inserted in the Permanent Settlement accounts as free Agraharum without Cuttoobody.

1 Gopalacharlu 1st Son
2 Sree Nivasacharlu 2d Son
3 Ramanujacharlu 3d Son

There appears to me no objection to allow the Petitioner to institute a suit for the land in question before the Civil Court. The other contending party having perhaps an equal right with the Petitioner to the said land.

This Agraharum is one of the kind contemplated by Regulation IX of 1831. It is an old grant by the then Zemindar and has been enjoyed by the grantees family

From the Collector of Cuddapah ...

Sir

With reference to Boards Proceedings No. 1884 dated the 27th May last I have the honor to state for the information of the Board that Pram Dahood Khan who lost the money alluded to in my letter of the 20th April last No. 35 returned from his leave on the 12th December 1857 up to which date his full pay was drawn by his substitute. He was afterwards ordered to accompany the Treasure to Cuddapah and on the 16th the day on which the money was lost he absconded and the same day he was dismissed the service by an order to the Tahsildar to that effect and his four days pay Viz.th from 12th to 15th Annas and Pice 3 is in deposit His place having been permanently filled on the 15th February 1858 his pay from 16th December 1857 to 11th February 1858 (during which period the situation was

was vacant) Rupees 7 has been carried to credit of Government and as only annas 7 and Pice 3 are at my disposal I request the Board will be pleased to obtain the Sanction of Government for the balance of Rupees 12-- -9 as per margin.

Two months Pay carried to the credit of Government } 7-- --

Amount required from Government in addition to the above } 5-9

12-- -9

2 With regard to the Duffadar and Peons who formed the escort I beg to state that I cannot consider them guilty of carelessness nor can they be held responsible for the amount lost. The spot where the money was lost was Jungly and the Duffadar had in his charge Government money to be delivered at the Hoozoor Treasury which they were bound to guard while on the other hand they could have had little or no suspicion that one of their number who had retired a short distance merely to answer calls of nature would abscond with the money in his possession by own opinion is that it was a deliberate theft had it not been he would have mentioned what took place to the Tahsildar of Royachoty thro' whose Cusbah he had to pass or joined his companions immediately and told them what had taken place.

I have the honor to report for the information of the Board that the Rajah of Venkatagherry in the District of Nellore having represented to me the difficulty he would be put to in remitting his Annual Rofsoom for the fasly Rs. 15198-7-1 into this Treasury in consequence of the unfavorableness of the season I have requested the Collector of Nellore to receive the amount into his Treasury and remit the same to me by a Bill on this Collectorate This Rofsoom was hitherto paid by the Rajah into the Cumbum Talook treasury from whence it was remitted to the Hooljoor Treasury with the Talook Peshcush and as Cumbum does not belong to this District I would beg to suggest the propriety of the amount being paid annually into the Nellore Treasury thereby inconvenience will be avoided.

Sir

Adverting to the Board's Co= Government on petition No. 5 of 1857 calling upon me to report with reference to the order of Government noted on the petition, I have the honor to submit the following explanation.-

2. The petitioner Coopsamiah Servayo for the sanction of the Government to enable her to institute a Civil action against certain parties for the recovery of certain Cranmands belonging to her father who died without any male issue

3 The subject of this petition was enquired into by the Tasildar of Rayapoor. It appears from the Tasildars report that the claim of the petitioner

13226 Fort Saint George 10th August 1858.

petitioner relates to certain Podiyhy Cranm lands in the 3 Agrahaarss of Poolaavery Sheithunary and Pullavi- -ssputthy in the Raitzapoor Talook & that the Cranm stands registered in the Survey accounts in the name of our Jeer Iyengar, that after his death the Cranm descended to his son Shrienivaga Chary from whom it passed into the hands of his adopted Son Jeer Iyengar the father of the petitioner, that Jeer Iyengar died in the year Vijaya or 1833 leaving a widow named Ava- -maamyammal and a daughter (petitio- -ner) who is now living with her husband that after the death of Jeer Iyengar the Cranm was enjoyed by his widow Ava- -maamyammal and adoptive mother Coopsamal until the year Manmad or 1835 when Ammaamyammal died and Coopsamal survived her, that in

13227 Fort Saint George 10th August 1858.

in the year Vayaikumby or 1837 Coopsa- -mal again adopted one Jeer Moot- -toosawmy Iyengar a near relative of hers in whose name the Cranm was registered in Fusly 1201 or 1851-52 and that this person mortgaged a small portion of the Cranm to other parties subsequent to the date of his adoption

4. The petitioner admitting the truth of the second adoption, contends, that it is illegal and requests that the Cranm in question may be registered in her name as the daughter of the first adopted son of Coopsamal and as the only legal heir to the estates of her father

5. From the foregoing facts the Board will observe that the Cranm has passed into the hands of one who has been allied to the family of the original enamdar by virtue of adoption. I therefore recommend that the Cranm may be continued

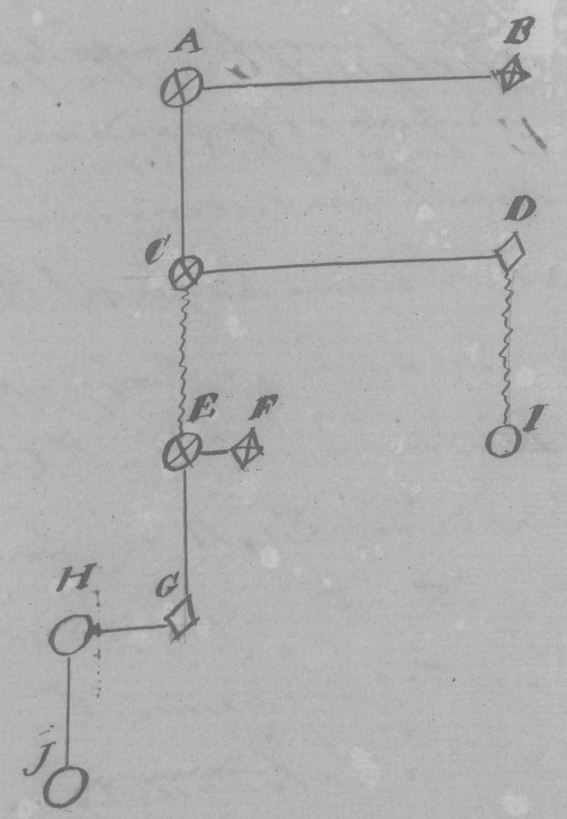

to

to the present incumbent until the life time of Coolpaparal, after whose death the enam should be escheated In the meantime Thimmi Petitioner may be permitted under Regulation IV of 1831 to sue for the Enam, if she should think she has a right to it without any prejudice to the interests of the Government.—

2. I also annex a Sketch of a genealogical tree in order that the Board may clearly see the relation ship in which the petitioner as well as the present enamdar stand to the survey enamdar.

B. No. 3542.
From the Acting Collector
North Arcot . . . .

Sir,

In reply to Extract from the Proceedings of the Board of Revenue dated 19th July forwarding the order of Government No. 941 under date the 8th idem, I have the honor to report that no system prevails in this District under which it can be known with certainty that Enams are duly assessed with the public Revenue on the death of holders professing only a life interest in them.-

2. Whenever a case of such lapse is reported, the Collector instructs the Subsidiar to resume the land and carry its assessment to the Public account.- this is accordingly done and as every field has its number and its fixed tarum teer: wah there can be no doubt that in these cases the Government dues are secured.-

But

3. But if information of the lapse of the Enam by the death of the holder is withheld by the Village or taluk officials, the Collector has no means of ascertaining that the event has occurred. The absence of periodical returns from the talooks giving the particulars of all Enams enjoyed in the District with the names of the holders increases the uncertainty. With this statement before him the Collector would be enabled to call up any doubtful case for inquiry and a partial check would then be established; whereas now he depends entirely on the report from the Tahsildar.

4. No Register moreover except the usual Summary statement would appear to have been hitherto kept in this office by a reference to which the Collector would be in a position to discover whether the orders respecting lapsed Enams and life grants had been actually carried out.

I propose to supply the above omissions for the future.

B/ No. 2674
From the Collr. of Coimbatore. 1

Sir

I beg to request the Board's orders on a subject on which I entertain some doubt in the levy of fees for furnishing plans for properties on the Neilgherry Hills.

2. Mr. A. R. W. Lascelles at Ootacamund purchased a Government waste land here, measuring Os. 1-7-6 Gn. Sq. which was lately sold in public auction under the sanction of the Board of Revenue dated 26th November 1857 and was furnished with a plan thereof but he refuses to pay the usual fee as will appear from the accompanying Copy of his letter to

to Mr. Williams the Sub Engineer attach-
-ed to my Department

3 Mr Lascelles reasons for refusing the
payment of the fee so far as I can gather from
his letter are that the land in question was ori-
-ginally a public property and was surveyed
and a plan made for it before he became
the purchaser of it and that it seems to him
objectionable that private individuals shou.d
pay for the survey of Government land.

4 In Mr Thomas's letter to
Board dated 28th May 1853 No 39 in which
he proposed the levy of the fee no mention
is made of the plans prepared for Govern-
-ment lands to be sold in public auc-
-tion on applications from parties but the
practice hitherto observed is that the levy
of the fee was enforced in all cases in
which a plan was furnished by the
Government Surveyor whether for private
properties or for lands purchased from
Government waste — but as Mr Lascelles
and another Mr Mc have have now object-
-ed to the system I request the Board's
decision

decision on the subject.

5 With a view to put the Board in
possession of the course pursued in prepa-
-ring plans for Government lands purcha-
-sed by private individuals I beg to afford
the following information.

6 When a party applies for Govern-
-ment land the Collector first ascertains
whether there is or is not any objection to
its being granted and in the latter case
the land is measured and a plan made
by the Government Surveyor it is then sub-
-mitted to the Board with the Collectors letter
and when their sanction is received the land
is put up to auction after the usual notice and
knocked down to the highest bidder or to the
applicant if there be no advance upon the usual
fee is levied from him it is in such an in-
-stance that Mr Lascelles objects to pay.

7 I understand that in Ceylon
Australia and other Colonies the parties pur-
-chasing Government land are always furnished

Directors for stopping the further progress of the Coast Canal, I have the honor to inform the Board in reference to the correspondence noted in the margin that I think the time has now arrived when the further retention of Travellers Bungalows on the Coast Road is unnecessary.

2. If the Canal had been extended or was at all likely to be extended, to Pondicherry, or Cuddalore, the Bungalows might, with convenience, perhaps have been retained, and further time allowed for judging whether Travellers by that line of communication were likely to increase and would be glad to use them, but with the stoppage of the Canal, the necessity of considering these matters ceases in my opinion altogether, and no valid reason remains why the few Travellers who now at long intervals frequent the Coast road

are for incidental expences.-

From the Acting Collector of Malabar . . . .

Letter to Board of Revenue Dd 2d July/57 Paras 10 & 12
From do-do-do Dd 28 do-92-2538

Sir,

Fort St. George

With reference to the papers noted marginally, I have the honor to submit the following remarks on the Subject of the Abkarry taxes in Malabar, in regard to

to which this district is in a very anomalous condition.

Cauvay
Thirikul
Cotzyom
Cortenaad
Calicut
Wynaad
} Northern Division

2. The Northern division talook with that of Calicut and Wynaad are under the Abkary Regulation.

Coorambrenaad
Shernaad
Betirnaad
Willowanaad
Palghaut
Tuvelprom
Krotnaad
Chonghaut

3. In the talooks of the principal and Southern Divisions) Calicut, Beyp[ore] in Shernaad) and the Contonments of Malapo-ram and Palghaut excepted) the Toddy drawers are subjected to a Moturpha tax, under the name of (Kathy. Chetty) knife and Still tax which is carried in the accounts to the Head Abkarry It amounts as per Margin

Rs 23078--

4. The knife tax is levied on persons exercising the calling of toddy extractors and the Still tax on those dealing in Spirits In many instances the accumulative tax is a fee fixed on the same individual, when one or more of the family draw toddy, while the females of the household distil and deal in the Spirit.

The

5. The rates of the tax vary considerably in different parts of the District according to the rates which have become locally "usual" in different Talooks. The rates are instanced in the margin with the number of payers as they stood according to the Summabundy Accounts of 1266 The average rate of the tax on each person taxed may be taken at about Rupees 1-12-10

Knife and Still Tax		
Rates	No. of Payers	Amounts
At Rupee 1--a--a	2748	2748 u u
Da 1-3-2	643	771 9 7
Da 1-8-a	5464	8196 u u
Da 1-12-10	11	19 12 9
Da 2--a--u	3145	6290 u a
Da 2-8-u	1635	4087 8 a
Da 3--u--a	1866	5598 u u
Total	15512	27710 14 4

6. The Teer Caste is that which engages in this calling The Teer population of the Talooks not yet subject to Abkary amounts to 18765 persons, a small portion only of the adult Teer population of the now Abkary Talooks is therefore actually taxed Some of course both ply the knife and use the still who escape taxation either by connivance of the village Officers or from the secrecy with which it

is

Fort St. George 11th August 1858

it is quite possible to carry on at least illicit distillery. A large number of the caste are engaged as labourers &c. and are exempted from taxation and interference of any kind. But by an introduction of the Abkarry into these Talooks, the interest of every family becomes moreover less affected.

7. The system pursued by the Contractors under the Abkarry Regulation in this country really amounts to another form of Monopoly the Contractors retain the retail trade of the towns in their own hands, but in the country they pursue a system of license under which each and every toddy drawer pays a small tax, and is at liberty to draw toddy or distil as he pleases. The Scrutiny of the Renter is naturally much more close than ours, and their administration not always just, so that many families, not really, or at least constantly engaged in the trade, pay a small poll tax for peaces sake - a tax they would not be subjected to under an amany administration

Fort St. George 11th August 1858

administration. The consequence is that I find that a good deal of discontent must accompany any measure to bring the others Talooks suddenly under the operation of Regulation I of 1820 and place its Teer population at the mercy of the contractors.

8. I would therefore not seek to introduce it suddenly, but keeping the desirableness of a uniform System in the District in view I would take every opportunity of extending the range of the Regulations whenever good grounds appear for doing so. In this way the regulation might be brought gradually in general operation.

9. There is no doubt that a very considerable increase of revenue would result from the general introduction of Abkarry system. The accompanying Statement will shew, that while a Teer population of 11817/8 pays an annual revenue of 50500 Rupees under the Abkarry Law a Teer population of

13270

Fort St. George 11th August 1858

of 187565. pays only 26500 Rupees under the Moturpha system and this great disparity exists, although the Toddy consuming population (Moplas and Brahmins are excepted) is in the latter case 71513 while in the Tellicherry subject to Abkarry it is only 19292

From the Collector of
Vizagapatam

Sir,

With reference to the Circular Order from the proceedings of the Board of Revenue dated 15th July last No. 2633 I have the honor to state that in the matter of the Hoozoor Treasury at this station I do not think any Change is requisite for security sake though the Treasury here is undoubtedly as bad a building as it can well be and its distance from my own office is most inconvenient - I advocate no Change however until the new Cutcherry is to be built when all the offices and Treasury will be Contiguous -

2 In regard to Talook Treasuries I am not of opinion that at present any measures for their greater protection are required less so now perhaps than ever -

Sir,

Para 3 of Board's Proceedings dated 21st July 1854
Para 3 of Minutes of Consultation dated 19th augt. 1854.

With reference to the Correspondence marginally noted in which on the occasion of the Resumption of the Kundriga enjoyed by the Proprietor of Kristnama Charla Chaultry on the Northern Trunk Road a Grant of 60 Rupees worth of waste land instead was sanctioned for the support of the Chaultry I have the honor to state that the Proprietor has been unsuccessful in his efforts to obtain suitable waste lands in any of the adjoining Villages those proposed by him in the Village of Badderool lying partly situated in the bed of the Tank & therefore deemed objectionable on public grounds

grounds. He solicits therefore that 10 Gortoos of the Cultivated lands of his Kundriga which he brought under irrigation at his own expence may be given in endowment of the Choultry.

2 There was formerly a small ey Tank in the Kundriga which could not irrigate more than 2 Gortoos of land, which in fact was the original Ayacut as shown in a statement of Kundrigas prepared in Fasly 1232 after the grant of the Kundriga the Proprietor effected improvements at a Considerable outlay by which he was able to bring additional lands under irrigation which with reference to the orders conveyed in the 6th Para of the Minutes of Consultation above referred to are now liable only to a dry assessment of Rupees 6-4 per Gortoo The 10 Gortoos of land applied for by the Proprietor are Co. therefore liable to a Co.

assessment of Rupees 60-4-0.

3 As the Grant is not a new one but proposed in substitution of a former Grant, and as difficulty has been experienced in obtaining waste lands in the vicinity of the Choultry, I beg to recommend that the request of the Pro: prietor may be acceded to and that the 10 Gortoos above mentioned may be made over to him free of assessment for the support of the Choultry.

Bd No. 3462 From the Collr of Cuddapah — I have the honor to refer to your endorsement on Petition No. 11342 of 1858 from G. Goorroomoorty Reddy, Reddy Inneravoidar of Inamillo in the Talook of Budwail Requesting a full explanation of the security taken from Petitioner and also to mention what appeal is it which is referred to in my endorsement - I have the honor to state that G. Pedda Chenna Reddy of Pormanillah of the above Talook borrowed the sum of Rs. 250 from the Petitioner Goorroomoorty Reddy of the same Village on the mortgage of his Inam and Puttah lands the former to the extent of Rupees 64-2-8 and the latter of Rs. 83-8-9 Total Rupees 147-11-7 after the debt had been liquidated by Pedda Chenna Reddy the Petitioner

Petition No. 10412 of 1858 -

having refused to relinquish the lands mort-
-gaged to him Pedda Chennah Reddy Complained
to the late Sub Collector who on an enquiry
ordered the Petitioner to give up the lands but
as he did not do so he was suspended from
office & emoluments until he would restore
the land to Pedda Channa Reddy & obtain
his receipt for the same - This decision
was Confirmed on an appeal to me which
is one referred to in my endorsement -
2 During the settlement of last Fusly
1267 when the present Sub Collector visited the
taluck Petitioner informed him that as he
had preferred an appeal to the Board of Revenue
against the decision of the late Sub Collector
until the result is known he would deposit
the sum of Rupees 600 as a security for the land
in his possession which on being accepted
he accordingly deposited the amount
and executed a document to that effect,
when he was restored to his office - This
is probably the security which Petitioner
alludes to in his Petition -

No. 35

To I. D. Sims Esqr.
Acting Secretary to the
Board of Revenue

Sir,

B. No. 1078.
From the Collr. of Madras.

The Board in their reply 9th June 1856 to my letter of the previous 9th of May bring: ing to their notice the difficulty of carrying out in Madras the yearly Rules with Res: pect to Vakeels and Certificers desire my opinion as to whether persons holding Civil employment under Government receiving personal allowances of any description might not be allowed to act as Vakeels and Certificers and wish also to know whether the Goshawara pensioners paid at this office are strictly entitled to that privilege.

2 On the latter point I have replied in my letter of the 18th March No. 30 to the effect that the enquiries of the Chief Assistant Agent and the Dewan have established that these women are entitled to maintain their Goshawara-

3 On the other question to which the Board's propositions allude I had myself Recommended the employment of a Respectable European

female to examine the Pensioners periodically.—

4. —I had doubts whether the Government would incur the additional expenditure but had and have none that a duly qualified person could be found some degree of firmness and resolution would be required in order that the examiner might satisfy herself that the pensioner corresponded with the descriptive Roll, and further than this I would not desire the Inspector should go. If a discrepancy should exist the enquiry might be handed over to the Cheppauk Agent or the Police. The descriptive Rolls having been originally prepared from the statements of women probably not impressed with the opinion that great accuracy was required have been in many instances I believe incorrectly drawn up especially with regard to the pensioners age.—

5. I think there can be no objection in recognising, as the Board propose, as Vakeel or Certifiers any person in the receipt of

of personal allowances from Government and I have already taken as guarantees in one or two instances, pensioned sepoys.

6. On such an extension of the rules having been notified to the pensioners they have announced and I believe with truth their inability to find such sureties.

7. These must be paid for the alleged risk they run for the existence of the women in a large majority of instances must be learned from the information of others and I do not think that any Hindoo among which are nearly all the payees of Government would become surety for the existence of a Mahomedan woman.

8. Even with the late relaxed observance of the rules I believe that most of the guarantees were paid and this certainly bore hard upon the small allowances received.—

9. I recommended an European inspector less as a desirable than as the best available remedy but it has occurred to me though I know not how far the Government

13314 Fort St George 12th August 1858

in his own name on obtaining a certificate for it, neither of which proceedings I can compel him to do and consequently though the property may change hands repeatedly the Bill is prepared in the name of the first holder.

5 It appears to me from the Concluding Remarks of his letter, that the Collectors usually follows the Course, I have asked him to pursue for unless the Customs has much changed since I was in the Province the Puttahs is often in the name of other than the present holder of it-

A large portion of the Bills for Madras are, as in the Puttahs issued in the Province, in the names of the original, and not of the present owners-

Is it not a common thing to distrain the property of a defaulter in your District, though the Puttah is in the name of another-

However that may be, I am authorized under act XII. of 1851 to recover by distraint of the property of the owner, the arrears due by him and as Aroonaghery Moodely has never pretended to deny that he was the owner of the land to which the Bills sent to you refer, I must request of you to enforce my Warrant-

Sir,

In reply to your letter of the 28th instant, I have the honor to inform you that a Reference to act XII of 1851 has not cleared up my doubts Relative to enforcing your warrant against Aroonaghery Moodely- I presume it is Section VIII to which you refer as authorizing

13318

Fort St. George 12th August 1858

authorizing you to distrain the property of the owner whereever found but the question has still to be decided who is the legal owner recognized by you - your Registry would seem to show it was not Aroonagherry Moodely, and though Aroonagherry Moodely may not deny being the owner, it does not follow that he is the owner - In case the question has been decided before I should like you to refer it for the orders of the Board of Revenue - I do not see how you can recognize Aroonaghery Moodely as the owner of the land in your District & warrant when you do not recognize him as such in your Registry with reference to Para 3 of your letter the practice in the District is to distrain the Puttahdars property only as the crop on the ground -

venue of the 11th December last, requiring
me to furnish further information on the sub-
ject of the Enam restored to Marungaly Runga-
charloo in the village of Runjapooram, I have
the honor to state that the 10 Pootties of Enam
were not included in the assets of the Estate
as will be seen from one of the Items men-
tioned in the margin of my letter of 29th Sep-

the Proceedings in question I beg to state
that it is not possible to ascertain whe-
ther the 1/4 Putty of Enam under

It forms part of the 16 Pootties of Enam conferred on Nullany Atchamah & Nursamah on the resumption of the Rungapooram Agraharam which was granted by a former Zemindar of Peddapoor to Nullany Vencatacharloo in 1761, and the 17th Pootty was granted to the Petitioner's grand father by Atchamah on the 5th May 1796.

Sir,

In returning Petition No. 1946 of I have the honor to state for the information of the Board that the land referred to amounts to 2 acres, 6 Cents & bearing an assessment of Rupees 18-6—a It was charged to Petitioners in the Settlement of Fusly 1207, as they neither relinquished it within the prescribed period nor cultivated it while they had the means of doing so, there being water in the Tank under which, the land is situated, Under these circumstances the complaint of the Petitioners would appear groundless.

Sir,

I have the honor to acknowledge the receipt of the Board's Endorsement on Petition No. 1691 of 1858.

2. The Petitioner who is one of the Curnums of Prattepaud, requests to be permitted to cultivate the bed of an old Private Tank, which is objected to by the ryots of the village on the grounds that the water is of convenience to them, and wanted for their cattle. The Tank has since been repaired by the owner, and altho' there is no cultivation under it, it is a great convenience to the villagers

3 The party who constructed the Tank is not possessed of any Enam to maintain it in good order, and the expenses of its repair are defrayed by him from the sale proceeds of the Trees grown in the bed of it, and from his private funds.

4 The complaint on the part of the Petitioner appears to have originated in a misunderstanding which exists between him, and the Moonsiff of the Village who repaired the Tank on behalf of the owner of it — and therefore hardly requires notice.

Sir,

I have the honor to transmit herewith a letter dated 9th instant from the Collector of Guntoor, with its enclosure, stating that no instances of smuggled salt have been detected within the limits of his Collectorate during the year 1857.

2. In reply to the Board's letter No. 1877 of the 26th May last, I have the honor to forward a return of smuggled salt discovered during the last three years. The decrease of cases compared with the return are mostly owing, in which the manufacturers themselves were the smugglers.

3. No other articles liable to Duty have been smuggled during the same period.

4. Considering the insignificant value of smuggled salt which amounts to only Rupees 4 annually, there is no difficulty in detecting more than 1/3 of the cases, the remaining two thirds are believed to be committed to the belief that the evidence can have practically proved sufficient for the conviction of the Offenders at Cadets for as this District is concerned.

From the Collector
of Nellore

Sir

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue dated 15th July 1858 regarding the land applied for by Lieutenant Mullins at Nellore.

2. I beg to state in reply that no part of the old Race course has been included in the piece of land therein referred to, nor have the approaches thereto been interfered with

3. The Ground originally applied for comprised the whole of the land included within the inner boundary of the race course, permission to occupy which was granted by the late acting Collector, but

Vide Copy of Lieutenant Mullins letter dated 9th April 1857.

but subsequently on an objection being raised by some of the Villagers of Condiapollem, a part of it was given up.-

4. The survey plan of the ground forwarded to the Register of Government Grants shows the race course as the boundary of the Compound, and being outside of it, the land taken up does not interfere with the approaches to the Course.

5. The purposes for which the land is required are mentioned in Lieutenant Mullins application now forwarded Viz^t. building, tree planting, and similar purposes The house which is for advanced towards completion, and is already inhabited, will I think cost a considerable sum of money, and I see no reason to recommend that the compound should be reduced in size though Lieutenant Mullins states he has no particular

objection

objection to offer to the reduction, should Government think that the extent applied for is too great,- provided the wells which he has sunk are not interfered with the house stands alone at some distance from any other, and will be an advantage to the station where houses are scarce-

6. There is a small ruined race stand on the ground taken up, as mentioned in the formal applic:ation for the same, I have looked at it, it is very small and has no roof, I consider that the site of it need not be excluded from the Grant, as if a stand were ever again built, it should be placed outside, and not inside of the course-

7. The assessment on the land previously waste amounting to Rupees 91-12-7 had been paid for the past Fasly, before the receipt of the Boards Proceedings under reply-

Sir,

In reply to your letter dated 9th April 1857, I have the honor to state that the piece of land for which you have applied measures according to the Tahsildars report 75 acres and 2 Coontahs and is assessed at Rupees 88—6—5.—

2. The land is Government property and not in the occupancy of any one, there is therefore no objection to your taking it up for the purposes you mention. To enable me however to procure a permanent grant upon the land in your name I request you will be good enough to send me an application in the annexed Form accompanied by a correct plan of the Ground with particulars of the measurement and a scale attached to it.

The petitioner the Zemindar of Congoondy applies for a copy of the Register of service Enams in his Estate as prepared by Mr. Grame Collector in Fuslies 1225 and 1266.

2 I do not consider it necessary to grant the Petitioners request. A very careful investigation into the condition of these service Enams was made by Mr. Carmichael in Fasly 1262, and the Zemindar's servants are now engaged with

with the permission of Government in making a copy of the Statement drawn up by Mr. Carmichael as the result of that investigation; and that Statement will afford to the Zemindar all the information he can desire to possess on the subject.

I have the honor to submit the explanations required by the Board in their review of the Tabular report sent from this Office on certain Enam Cases, Nos. 82 to 93.

Enclo: No. 1

2 No. 87 A Statement accompanies in which are shewn the required particulars of the purchase and mortgage made by the father of the deceased and the value of the land.

3 The institution for the support of which a portion of this Enam was granted is in existence, and is under management by Government Officers.

4 In these and certain other cases, the Board have observed on the difference between the land entered in the summud, and in the survey accounts. The subjoined Statement, however, will shew that it is not so great as the Board seem to suppose. In cases 89-91-92 and 93 it arises from the survey account not including the Poramboke land entered

Fort St. George 13th August 1858.

entered in the grants. In the other cases, it is the ordinary Pymash Jastee or Cummee which is found in Government Villages not under field assessment.

5 The Board seem to consider that the Circular order 11th August 1853 is inapplicable to this case on the ground that the present holders family was not in possession of it when Regulation XXXI of 1802 was enacted.

6 I would attract the Board's attention to the orders of Government, 9th May 1848 Paragraph 8 from which it would appear that under the interpretation of Section II of the above Regulation, as therein declared, it is not necessary in order to warrant the continuance of an Enam to the present holder, that it should have descended to him from the party in possession at the date of the enactment provided it was then in the enjoyment of the original grantees family.

The duty of reading the Stalla Pooranums in the Village of Namum is regularly performed by the last holders adopted son Viswanadeena-tha Deetchit, who was adopted prior to 1846. in the same manner as it had been by the deceased and his ancestors. The inference seems, then to be, that the allowances in question were originally given as remuneration for that service- under these circumstances, and consi-dering that the allowances have been held for three generations, I recommend the continuance of the three maniems amounting to Rupees 36-9-6 per annum from the 25th Dec-ember 1858 to the abovementioned Viswana-theena tha Deetchit with payment of arrears (Rupees 17-6-11) due upto date of demise of his late adoptive father.-

The term used in the grant in this case, "Saulina Saulabad" implies I believe, that the allowances was intended to be perpetual, but no service appears to have been prescribed. The duty of reading the Stalla Pooranums in the Village of Nanum is regularly performed by the last holders adopted son Viswanydeena: :tha Deetchit, who was adopted prior to 1846. in the same manner as it had been by the deceased and his ancestors. The inference seems, then to be, that the allowances in question were originally given as remuneration for that service. Under these circumstances, and con: :sidering that the allowances have been held for three generations, I recommend the continuance of the three maniems amounting to Rupees 36-9-6 per annum from the 25th Dec: :cember 1856 to the abovementioned Viswany: :theenatha Deetchit with payment of arrears (Rupees 17-6-0) due upto date of demise of his late adoptive father.

Bd. No. 3378
From the Collector of Tanjore

Sir,

I have the honor to acknowledge the receipt of your letter of the 14th ultimo, No. 2052, making certain inquiries regarding Vaidaraniem Salt.

The collection of Salt at this cotaur is now confined to a tract measuring about 32 Valies of ground and capable of producing in an average season upwards of 1000 garces. But so large a quantity is never collected at present in any one year, as the sales are very limited and there is space for storing only about 600 garces. But if it is wished to extend the operations, there is, I believe, looking at the very extensive marsh that is available for the purpose, no natural obstacle to turning out at Vaidaraniem as much salt as is now produced in the whole District in a year Viz. about 5000 garces; and if the manufacture should be carried on as at present, I see no Reason why an extension of the demand and consequently

consequently of the production of the article should be attended by any increase of charge, which, however, as I make it out, is now Rupees 5-2-5 per garce taking into account the cost of establishment. This item does not seem to have entered in the Board's calculation.

= the cost of 24463 S. Mds or Rs 5-2-5 per garce

3. The Salt in question is also, I think, superior in quality to that obtained from other Pans. The crystals are larger and whiter, and I beg to forward for the Board's inspection a specimen of the article casually picked up by the Roadside in pits only recently excavated for road purposes by the Public Works Department.

4. That notwithstanding these advantages, the cotaur should be so little resorted to by Home and Inland dealers

dealers is owing to the natural position of Vadaraniem, which may be described as being situated, as the Board will perceive from the map, at the apex of a triangle of which a line drawn thro Tirtorapoon-dy is the base terminating at the important Salt Depôts of Negapatam and Adrampatam. The tract of country comprised within this area consists of scattered villages thenly populated, and the bulk of the Home Trade must come from beyond the line thro Tir-torapoondy above referred to. This trade now flows to the Negapatam and Adrampatam stores owing to the isolated position of Vaidaraniem and to the features of the surround-ing country. The road connecting it with Tirtorapoondy runs for no more than half its length and that with Moottoopettah throughout its

its entire course, thro a most heavy sandy tract along which bandies can struggle on with difficulty at one or ½ mile the hour. A costly train way, for which we have not the materials in the District, would alone perhaps render these communications fit for traffic so as to reduce the cost of transit sufficiently to attract the Trade now flowing into other channels; but I am disposed to question how far an expenditure of the public money such as this scheme would involve, would be expedient or profitable, considering that, after all, the difference in the selling price of Salt at Vaida-raniem and other Depôts under the contemplated change would be only some 5 or 6 Rupees a garce.

For these reasons, I am of opinion that any attempt to improve Vaidaraniem as a Depôt for supplying the Home and Inland Demand would not prove successful. Capable, as it

it is, of producing salt of a superior quality almost to an unlimited extent, at a comparatively trifling cost, its natural disadvantages of position are serious obstacles to a development of its resources.

6 As a place of export, however, I think it is susceptible of improvement, tho' as it is no part of the fiscal policy sanctioned for adoption in this Presidency, to raise a Revenue from exported Salt, it cannot bring any addition to the Salt collections. Vaidaraniem and Negapatam are the only places in this District from which Salt is usually exported, but not only is the Salt at the former better in quality, but being produced at less cost, the price collected for exported Salt - the same in both cases Viz^t 15 Rupees for 100 Indian maunds, - leaves a larger profit to Government at Vaidaraniem than at Negapatam; and if the result of

of a comparison with other places of export in other Districts should prove as favorable, and the Board consider it a desirable object to promote the manufacture at Vaidaraniem for purposes of export, I see no objection.

7 The Board enquire whether in the event of a change such as is indicated in your letter, being effected, the manufacture should be carried on, as at present, directly by Government, by the agency of manufacturers as at the other Pans, or by a system of Licenses - I certainly think that the Government should still carry on the manufacture, for to introduce manufacturers, as at other Colaurs, would be to place an intermediate agency between the Government and the Coolies employed in collecting the salt and they would doubtless require a Coodewaram larger in amount than is now paid as wages to the Coolies, and Vaidaraniem Salt would no longer be obtained at its present cost.

As

Fort St. George 13th August 1858

8 As regards the System of Licenses to which the Board advert, not knowing the principles or the details of the plan, I cannot venture to offer an opinion on its relative advantages as compared with the present system of direct manufacture by Government.

9. As connected with the subject, I think it right to state that there is an item of charge which it seems to me, is properly debitable to the Vaidaraniem Cotaur, but which has apparently been lost sight of. I refer to the annual payment of Rupees 6468 made to the Vaidaraniem Pagoda in compensation for the resumption by Government of the Port and Salt Revenues which formerly belonged to that institution. The proportion of this amount appertaining to Salt is Rupees 4767 and if this be also taken into account and charged against the Cotaur, it will be seen that Vaidaraniem salt far from being less costly than that of other Pans, much exceeds the average cost elsewhere as shewn in the Margin.

From the Collector of Trichinopoly

Sir,

Para 1 No. 2907 In obedience to the Circular with Extract from the Proceedings of the Board of Revenue I have the honor to report that I have carried out the instructions conveyed in the fifth para of the Government Minutes of Consultation dated the 24th July 1858 No. 1029 Revenue Department, by securing under lock and seal in a Chest placed in the Treasury room, the residue stock of Stamp papers and Cadjans in hand, after giving out a sufficient supply to the Darogah.

2 Adverting to the orders contained in para four of the Minutes of Government I beg to state that, when acting upon the original instructions of the 3d December 1857 I nominated and employed distinct venders of Stamps in the Talooks on a fixed salary. And this arrangement was permitted by your Board to stand for a time, as the total

total expense was covered by the entire Commission.-

3 The Government now desire that, "in all talooks in which the extent of stamp "sales will allow of it, the vender should "be a person unconnected with the re:- "gular Establishment"- The Stamp sales at the talooks noted Marginally are very trifling, and do not give a commission any thing near equivalent to the monthly salary of Rupees (5) five fixed by me for each vender at those stations al:- though the total district Com:- mission covers their salaries. I solicit instructions whether under this contingency the se separate venders should be retained.-
