Secretary to the Board of Revenue

Fort S^t George

B^d N° 3580
From the Collector of
Rajahmundry

Sir

With reference to the Extract from the Proceedings of the Board of Revenue dated the 31st October 1856 directing me to furnish further information in regard to the subject of the Petition N° 1307 of 1854 presented to the late commissioner Northern Circars by the Poonjah Mogasars of Dracharum - I have the honor to state that of the 5 Pottas of land originally held for the performance of the service of the Mosque situated in the above Village and which was resumed by the former Zemindar of Cota Rama Chendrapooram and a rent-free Money

money allowance fixed prior to the formation of the Permanent
Settlement it appears 2 Potties were situated on the North
of Ramachendraporam and 3 on the east of Morchoomilly
as is acknowledged by the Punjah Mooyavars and Village
Officers as well as by certain of the oldest inhabitants.
They all state that these are the same lands as
were formerly held for the service in question
They have now been measured and the result
of the same with the amount of sist
now paid on the land is as follows

	Lands as per accounts			as per Measurement			Present Assessment		Sist Cist		Rental Cist	
	P	S	K	G	P	S	M	G	Rs	A	P	Rs	A	P
Ramachendraporam	2	7	12	10	2	8	2	1	76	14	4	62	8	4
Morchoomilly	4	"	8	"	4	2	12	"	190	12	"	189	5	10
Total	6	8	4	10	6	10	14	1	267	10	4	251	14	2

see para 6 of a letter to Board from Mr Forbes Sub Collector in charge 18 February 1848 From Board 3d July with M of C. 20th June 1848

In the absence of any documentary evidence
however it is impossible to state how far the state-
ment of the Villagers and others as to the actual
tract of land which formerly composed these Enam
is correct. The lands in question are divided into
several portions and held by different Ryots.

2. The Petitioners say that as the
ready money allowance they now receive was fixed by
the Zemindar at his pleasure and not with reference
to the value of the land formerly resumed by him

. . . . .

him they cannot agree to take new land

of equal value to their present Annual

allowance i. e Rupees 44-14-" but

that they are willing to receive the 5 Potties

of original Enam which now pays

to Government an Assessment of

Rupees 251-14-2. as above shown. The

Fort St George 26th August 1858.

No 123.

To
G. L. Forbes Esqre
Secretary to the Board of Revt
Fort St George

Sir,

With reference to the Board's Pro-
ceedings dated 27th May 1858, forwarding the papers
noted in the Margin, I have the
honor to state that the proposed
new Rule for restricting the operation of Salt
Rowanahs can be at once adopted in this District.

Having obtained the sanction of

2.

Government for the surveillance and escort of
Korarers and other wandering tribes who pass
through this District to and from Salem with
Salt or grain I have framed a set of Rules
for the purpose which have been partially
in operation for the last few months. These
Rules so far as they relate to the distance
along the various Roads to the inland frontier
and to the number of days to be allowed to
traders to convey Salt - may with propriety be
made applicable to Rowanahs and will I think
provide the required check against the abuse
of the Rowanah System which is said to
prevail.

Rules

B. No. 2881
From the Actg Collr
of South Arcot

Board Proceedings dated 12th April 1858
Extract Minutes of Consultation 19th
May 1858.

3 Rules 1 to 2 which I have transcribed on a separate paper for the Board's information prescribe the routes which are to be followed and are those which are invariably traversed by bonafide traders the distances are given and the time within which the Rowanah holds good and I am not disposed to think that abuse will result from the liberal period allowed for the transport of the Salt to the frontier - an average of 2 miles a day admits of the trader making two trips to any one point on the road which is a very common practice as by this means he conveys 10 bullock loads on five bullocks in the following manner - He deposits one load say at the first stage of 10 miles in safe custody and returns to the depôt for a second this he carries on to the 2d. stage and depositing it there returns to the former stage for the first load and so on till the whole distance is accomplished - By this means a Journey of 10 or 12 miles occupies 3 days which is the

the average of 2 miles a day.

4. It is left to the Collectors to frame table of the number of days to be allowed to Salt traders to reach the frontier of each District but it seems desirable that the Board should lay down a uniform minimum rate of travelling to be observed in all Districts - I mention this because in the case of adjoining Districts if Rowanahs are granted on more favorable terms in one than in the other, the trade and Revenue of the latter will be injuriously affected - This I understand was the case to some extent when the recent rule requiring the transport of Salt to a distance of 30 miles from the place of sale within two days, was observed at Poreamum in this District and not at Chunampet and Cheyar in Chingleput a discretion might be left to Collectors to relax the rule during the Monsoon when transport is more difficult.

5. It seems indeed very desirable on every account that Salt pans which are

Fort St. George 26th August 1858.

are situated in such close proximity to each other as those of Inercanum and Chunampet (4 or 5 Miles) should be includ-ed in one and the same District subject to the same rules and to one authority and it appears to me the Chunampet might be transferred to this District without loss or inconvenience, I do not urge this measure however because I am not anxious to increase the Salt Revenue of this District at the expence of Chingleput, and if I thought it would be an advantageous arrangement I would prefer the transfer of Inercanum to that District - It is true that the Inercanum sales have fallen off consider-ably during the past Year but the defici-ency is made good by increased sales at the Chingleput pans - and the Government Revenue does not apparently suffer It is probable however that the Police arrangements which I have found it necessary to introduce for the security of the road to the Salem frontier may have driven tribes of Salt Co-

Fort St. George 26th August 1858.

Coravers away from our pans who now purchase at those of Chingleput, and avoid-ing the direct road to the Salem District, which now affords little opportunity for plunder, skirt our frontier and commit depradations in out laying Village when the Police are off their guard - Anticipating this result I have been in communication with Mr. Shubrick on the subject, who is thought willing to assist me to the extent of instructing Subordinates to give in-formation to my Police on the occasion of Coravers or wandering tribes leaving his pans to convey Salt to Salem by the Tindevanum route - appears to deprecate any further interference with their proceed-ings for fear of injuring the Salt Revenue I am desirous however of securing a greater amount of cooperation than this and would therefore invite the at-tention of the Board to the subject -

They will see from the ac-

6.

companying sketch plan that the Tindevanum route

route which is a good bandy road throughout its length is the most direct to the Salem frontier both from Chunampat and Cheyoor and there could therefore be no heard ships in restricting these wandering tribes who purchase Salt for conveyance to Salem or the westward, to this road above and to require them to take the pass port prescribed by the rules which are inforce at Meerkanum.

7. If this plan be adopted with regard to Korawers &c. and Rowmanahs are granted to ordinary traders on the uniform principle above described the Sales at the pans of the two Districts will be carried on on equal terms without sacrifice of revenue and with less risk of abuse at the same time that greater security will be afforded to the populate of those tracts through which these tribes convey their Salt to the interior.

8. I propose shortly to address the Board on the subject of the abolition of

of one or more of the minor Salt pans of this District with reference to their proceedings of the 2d June 1858 No. 1957.

South Arcot Collectors Office, Cuddalore, 30th June, 1858.

Signed G. N. Taylor
Acting Collector.

Enclosure 1.

Rules for the Escort of Korawers and other wandering Tribes.

1. Korawers or Wandering tribes passing between this District and Salem or Trichinopoly with or for Salt or Grain are restricted to the following lines

To.

J. D. Sim Esqr.
Secretary to the
Board of Revenue
Fort St. George.

Sir

B. No. 3838
From the Ag. Coll. of South Arcot.

With reference to the Board's Proceedings of the 20th Ultimo communicating Extract from the Minutes of Consultation of the 15th Idem I have the honor to forward the correspondence marginally noted from which it will be seen that His Excellency the Governor of Pondicherry has conditionally agreed to collect the regulated duty on the articles Enumerated in the new Traffic when Exported from the French Ports.

The Acting Collector to the French Government dated 24th July 1858.
The French Government in reply dated 5th August.
The Acting Collector to the French Government 18th August 1858 with 1 Enclosure.

At the same time I beg to submit for the information of the Board copy of my reply to the orders of Government conveyed by Extract from the Minutes of Consultation dated the 17th Instant recommending that the new arrangement may take.

take effect from the 1st October next.

/ Signed / G. A. Taylor
Acting Collector
Cno. No. 1

From

G. A. Taylor Esqr.
Acting Collector of
South Arcot.

To,

T. Pycroft Esqr.
Chief Secretary to Government
Fort St. George.

Sir

In Obedience to the orders conveyed to me by Extract from the Minutes of Consultation of the 17th Instant I have the honor to report on the subject of the introduction of the proposed new frontier tariff which is discussed in the two letters from His Excellency the Governor of the French Establishments in India to the Right Honorable the Governor.

The Dy. Collr. in charge of the Spl. Agency Dept. to the French Government dated 24th July 1858.
From the French Government in reply dated 5th August 1858 the Acting Collector to the French Government dated 18th Do.

2 It will be seen from the Enclosed copies of the correspondence noted in the margin that no real ground Existed for the apprehension Entertained by His Excellency Monsieur D. Ilbraye that the revised tariff would introduce any innovation whatever with respect to grain imported into the French territory. The offer made to his Excellency in accordance with the direction of Government to exempt from Frontier

Frontier taxation on all articles of local consumption provided the French Government should agree to collect the duty thereupon on their re-export by sea from the French ports as is now done in the case of grain. shows that no change was intended in regard to that article. It is probable however that owing to the absence at Carrical of Monsieur Monthenon the Chef des Contributions my letter of the 24th was but imperfectly understood when Monsieur D. Ilbray's second letter to the Governor was penned subsequently in a friendly Official communication to His Excellency I enumerated the articles which it was proposed to add to the existing tariff & stated generally that the duty to be collected on them could be 3 per Cent and it will be seen that he is now in possession of the tariff Value of all the articles upon which he has conditionally on behalf of the British Government on their export by sea from the French ports.

3 Pending the settlement of this question I have issued no orders for the levy of Frontier duty from the 1st instant on the articles enumerated in the Boards letter to Government.

Government of the 11th June last para 3 and the Government will observe that the notification although approved in Extract Minutes of Consultation dated 15th July 1858 has not yet been published in the Fort St. George Gazette.

4. Under these circumstances I am disposed to recommend that the Notification and schedules the publication of which should no longer be delayed be declared to take effect as described by the Governor of the French Settlements from the 1st October next. This will enable the French Government to make such arrangements in the interim as they may consider necessary for the collection of the Customs duty on export from their territory by sea.

5. As decided in the 4th para of Extract from the Minutes of Consultation under acknowledgment I have explained to his Excellency Monsieur D'Ulbray the cause of the delay on the part of the Government in replying to his letters of the 25th and 26th July last.

To,

His Excellency
Commissary General Dubraja
Governor of the French
Establishment in India
Pondicherry

Sir

I have the honor to inform your Excellency that the Government of Fort St. George have been pleased to declare that from the 1st August next such articles of consumption as Coffee, Ghee, Turmerick Oil seeds &c. will be charged with the regulated duty on exportation from the Districts of South Arcot, Tanjore, Malabar and Rajahmundry to the adjoining French settlements in India

Instructions have also been conveyed to me to enquire from your Excellency whether in order to relieve the Consumers within the French limits you will be prepared to issue orders to collect the duty on the above articles on behalf of the British Government under arrangements similar to those in operation in respect to grain.

I therefore request that your Excellency

14117 Fort St. George 26th August 1858.

excellency will be good enough to favor me with your opinion on the subject for the information of the Government of Madras.

Cuddalore 24th July 1858

I Signed G. A. Taylor
Ag. Collector in charge of the Special agency Deptt.

Pondicherry le 5 Août 1858

Monsieur Le Collector.

A la reception de votre lettre du 24 Juillet dernier, j'ai eu l'honneur de vous dire que j'avais écrit à S.E. Le Gouverneur de la Presidence de Madras pour lui soumettre les observations que me suggérerait la nouvelle des droits doubles devraient être frappés certains articles à leur introduction sur notre territoire mais si jamais il est possible que mes observations ne puissent pas être accueillies - je viens dès aujourd'hui vous annoncer que quand j'aurai reçu de vous le tarif adopté par le Fort St.

14118 Fort St. George 26th August 1858.

Fort St. George je ferai operer la perception à la sortie par mer des articles au profit du Gout. anglais selon que vous me le proposiz

From the Collector
of Madura . . . .

Sir

I do there is a surplus of 26,000 Rupees in my Treasury belonging to the Inner Zemindar of Shevagungah I have the honor to recommend the payment of 2183-13-4 Rs. As. P. to Savoo-gum Chetty.

2. Explanatory of the Debt under reference I beg to enclose a Statement.

3. Apart from these transactions the Creditor was paid in 1854 (under Sanction of the Court of Wards dated the 22d December 1853 a sum of 24,850 Rupees being a claim founded upon Bills of exchange granted by him in favor of the Sub Treasurer The Chetty claims on account of old Debt a sum equal to 5 per Cent of the above amount and of that of the 2 last mentioned Bonds in Statement B on the plea of a verbal agreement of the late Zemindar. Where a so called old debt is not included in the new Bond such claims have been rejected and I see no reason for acting otherwise in the case.

Board of Revenue dated 20th July No. 2704.
I have the honor to forward a translation
of the plaint to Para 13 of which I
request the Board's particular and speedy
attention.

2d The answer I propose is 1st, that
Plaintiffs in Para 13 that is in the only
portion of their Plaint relating to the
Collector as 3rd Defendant directly and
clearly admit 3d Defendant has no
interest in the money sued for.

2dly That Collector pr 3d De-
fendant holds the estate and its
monies

...ironies under an attachment6 made
a6 prevent6 Plaintiffs regues6 by the
Civil Court6 of Court6 of Chicacol
and by no act6 of his own, and thus
being in no ways liable to be sued
prays the Court6 to order that6 the
...ent6 and that6 his costs must6 be pa
by Plaintiffs.

3d. I beg to refer the Board to
pages 201 and6 401 Macpherson Civil
Procedure /3d Edition/ for the provi
...tions I referred to in my former
letter.

Acting Collector.

Translation

Translation of Plaint6 in Cause No. 340 of 1858 of the file of the Civil Court6 of Chicacole.

Plaintiffs
Messrs. Tully & Co.
of Calingapatam
Merchants.

Defendants
1. Gajapati Rad.
heka Put6 Maha.
divi
2. Do. Nelamani
Put6 to Mahadivi.
3 T. L. Lushington Esqr.
Collector of Ganjam.

Proprietors.

The Plaintiffs instituted a Suit6 /No. 144 of 1853/ for Rupees 37,000 with its interes6 due on a mortgage bond executed6 to them by late Strigopenaud deo and Stree Kristna Chendra deo husbands of the 1st & 2nd Defendants respectively on the 11th July 1853. In this Suit6 the late husband of the 2nd Defendan6 presented6 his answer praying that6 the suit6 might6 be dismissed6 but6 as the circumstances set forth in this answer were not tenable and as the late husband of the 2d defendan6 admitted6 by a motion the truth of the suit6 the Court6 passed6 a Decree in favor of the Plaintiffs.

From

†Sudr Udalut Cause No. 50 of 1856.

2 From this decree the late husband of the 1st Defendant appealed for the purpose of gaining time.

3. The Court of Sudder Udalut being of opinion that the Plaintiffs had instituted the Original Suit before the expiry of the term of the bond reversed the decision of your Court6

4. These circumstances will shew that the late husband of the 2nd Plaintiff in the Original Suit and the late husband of the 1st Defendant in the Suit endeavoured to put off the payment of the debt contracted from the Plaintiffs.

5. The 1st and 2nd Defendants in the present Suit have not petitioned the Court of S. U. to release their Estate from attachment with the same intention. It is owing to this failure on the part of the 1st and 2nd Defendants that the Boundaries of Nundigam Boorgaum

Boorgaum and Ragoonathpoor which are the means of the Plaintiffs debt being discharged are under the attachment of the 3d Defendant.

6. If the late husband of the 1st Defendant and the 2d Defendant had admitted the justice of your Courts decision the Plaintiffs would not have subjected to the loss in their dealings to which they are now subject.

7. The Plaintiffs lent money with the view of deriving profit from the transaction, it is therefore not just that they should unnecessarily be subjected to loss.

8. In the document which Jotheemadha deo and Kristna Chendradeo the late husbands of the 1st and 2d Defendants executed on the same date on which the bond mentioned in the above Paras was executed they agreed

agreed to give to Plaintiffs 800 garces of rice from the villages belonging to the Hoondaks of Nundegam Boroogam and Rughoonathpoorum which had been mortgaged to them. This was to continue every year and the rice was to be given at the ports of Prondy and Bamanapaud as the villages from which it was to be taken are adjacent to either. One half of this rice was to be priced according to the rates which would be fixed at Calingapatam by the European Merchants before the Sunkranam. The other half was to be priced according to the rates at which the European Merchants might be buying rice at Calingapatam on or about the full moon day of the month Magha. The money which would this be the value of the above 800

800 garces was to be reduced at one rupee per garce for the Plaintiffs allowing the rice to be given in the minor ports and a further reduction was to be made from the amount in accordance with the custom of the Calingapatam port. The money after these reductions was to be paid by the Plaintiffs into the Government treasury in liquidation of the annual pesh of the Teekely Estate and receipts to be taken for the same.

9. As these terms were not kept the Plaintiffs derive from the speculation the profits which they expected.

10. The loss which the Plaintiffs have suffered was owing to the unreasonable

unreasonable pretexts of the late hus-
bands of the 1st and 2d Defendants
and of themselves.

11. The Court of Sudr Udalut
have passed a decision to the effect
that the Plaintiffs could not sue
for the amount of the bond before
the expiry of the time allowed in
it; and that a suit might be insti-
tuted for any part of the other docu-
ments which had not been fulfilled.

12. From the above it will ap-
pear that the Plaintiffs did not
in their speculation calculate upon
the

the interest alone as their profit but
that they had expected to derive other
advantages from the transaction. The
1st and 2d Defendants are therefore
legally liable to be sued for loss which
the Plaintiffs have experienced in conse-
quence of the failure of the former to
fulfill the terms of their documents.
The loss which the plaintiffs have
experienced by this breach is as ex-
plained below Rupees 24,800-

13. As this money is to be deri-
ved from the Talook belonging to
the 1st and 2d defendants which is under
the

the attachment6 of the Collector he ha
been added as a party to this Suit6.
The Plaintiffs request it to be fully
noticed by the Court6 that6 the
Collector has nothing to do with the
money sued for.

14. In accordance with the view
taken by the Sudr Udalut6 to the
effect that6 the Plaintiffs might6
sue the Defendant6 for that6 part
of the contract which remained unfu
filled and that6 with regard to the mo
due on the bond they must6 wait6 until
the expiry of the terms mentioned in t
the Suit6 has been brought6 under the
first6 view/.

Here is detailed account of the
money

money now sued for.

Bd. No. 3707.

From the Collector of Rajahmundry } Sir,

I have the honor to acknowledge the receipt of the Extracts from the Proceedings of the Board of Revenue of the 13th & 28th Ultimo. The first calling my attention, with reference to the return for March last, to the state of my petition file, and the second animadverting in severe terms on the results exhibiting in the return for the following month.

2. I must admit that considerable delay has occurred in disposing of many of the petitions, and I am afraid I must confess that but little has been

Fort St. George, 27th August 1858.

been so wholly taken up with the current duties and the Summabundy settlements, the labour of which, both as regards my establishment and myself is, owing to the assessment of the water rate greatly enhanced, that I have been compelled to lay aside much work that I have been anxious to perform. I may add that from October till March last I was deprived of the services of a Head Assistant and the disturbed state of the hill tracts during several months necessarily added considerably to my Magisterial work.

3. I fear the returns for the last three months will be open to similar

Fort St. George, 27th August 1858.

similar remarks but I can only ass

the Board that every endeavour

will be made by me in this and

the next two months to clear off

as large a portion of the arrear

in this and other Departments a

possible-

4. I may be excused from men

tioning that when I took charge of

the District 369 petitions remained

on the file-

/Signed/ A. Pierce
Collector

To

Fort St. George, 27th August 1858.

No. 701-

To
J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

Bd. No. 3764.
From the Collector of Rajahmundry

Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of the 26th April last, forwarding Extract from the Minutes of Consultation of the 10th of the same month, on the subject of the claim of Singareddy of Condamadaloo, a village on the left bank of the Godavery, not far from the frontier, to compensation in consequence of the prohibition to collect fees on articles in transit by the river-

2. The Board are aware from previous correspondence that the claim is founded on immemorial custom though all old papers bearing on the subject - especially

especially a Puttah stated to have b
granted by a former Zemindar to the
cestors of Karkonda Soobbareddy and
Lingareddy, authorizing the levy of sun
fees on condition of the peace of the coun
being preserved, are alleged to have be
destroyed by fire, that during the admi
tration of a former Collector the Roofsoom
payable to Karkonda Soobbareddy, who enj
them equally with the present claimants fa
Ramareddy, were on one occasion attached
collected by the Government officers, that
fter a time the attachment was removed
and the sums which had been collecte
under attachment, paid to him.

3. It appears that the whole of the
Roofsoomy or fees were for some time previous t
the practice being put a stop to, collected und
the superviision of Karkonda Soobbareddy and
moiety of the sum realized handed over by hi
to Ramareddy, and latterly to her son Lingam
From enquiries made by the late Collector it
ppeared that in Fusly 1261 the amount realis
pa

was Rs. 2,354. In a statement prepared in the
year 1838 by the then Collector, a sum of 1,000 Rs.
is entered as the average annual income derived
by each of the two parties then enjoying the fees.
From these facts, and from the best information
I have been able to obtain, I think the Collections
may fairly, one year with another, be taken
at the amount last named. In calculating
compensation however the cost of collection
has to be considered, and the consideration
of preserving the peace of that part of the
country, though this latter was more in name
than reality; and little, if any, establish-
ment was kept up by either of the Chiefs
on this account.

4. The present claimant is about 17
years of age, and though, it is believed, the
advice of her mother, has kept herself, un-
der considerable temptation, as well as threats
of vengeance, quite apart from those who,
headed by Karkonda Soobbareddy, have lately
seriously disturbed the peace of the hill tracts
and has aided the Government Officers by
all the means in his power. He has lately
paid me a visit seems an intelligent youth,
and in good hands promises to turn out well.

His

His means of livelihood since the abolition of the fees have been sadly straitened.

Under all the circumstances of the case I beg to recommend that a monthly allowance of 50 Rupees or 600 Rupees per annum be paid to him conditionally of course on his good behaviour and on his affording all the aid in his power to the Government Officers both when passing up or down the river and on all other occasions.

6. Narkonda Soobbareddy has been apprehended and has been tried by the Commissioner. His fate has not yet been determined on. It is worthy of remark that his first overt act of rebellion took place in another part of the country and was in no way connected with the collection or the abolition of the fees under discussion.

Principal Sudder Ameen.

Deed

Fort St. George, 27th August 1858.

Deed of Sale of the Trees of the Vanum Tope grove and the Metta Dry and Magany Wet lands executed by Badabee and Koommur Saib daughter and Grand Son respectively of Butcher Ibrahimjee and Kadooboyee adopted Son of Kanifsaib of Nellore on the 30th March 1847 corresponding with the 14th of the Month of Chaitra Soodha of the year Plavunga.

In consequence of a Suit No 174 of 1843 having been brought by one Casaye Saib Mahomed against Nunnebebee guardian of Kandooboyee, and Koommur Saib in the District Moonsiffs Court of Poonmundulpoor the Court Peon having, agreeably to the Warrant issued attached the Vanum Tope grove including the wells which are situated on the Metta Dry land lying to the East of Nellore Town continued as Sirwa Enam to Butcher Ibrahimjee and is carving to sell them by auction. We have got the sale postponed. In order to meet the amount of the warrant as well as a loan from one Pully andelutchemy and other wants we this day sell to you the Trees of the above said Vanum Tope grove the wells and the Magany Wet Manium for the Sum of Gumtangs Fifteen

Fort St. George, 27th August 1858.

Rupees 360. Three hundred and Sixty and acknowledge to have received the said amount from you on the occasion of the Sale. Thus having liquidated the amount of the warrant and paid off the loans due to Pully andelutchemy and others and having been relieved of the attachment we put the aforesaid Vanum Tope grove 3 Wells and the Magany Wet lands in your possession from Fusly 1256 and do make over to you the two certificates executed by the Caupoos and Curnums of Nellore specifying the limits of the said lands which are as follows.

The Vanum Tope grove on the Metta Dry Manium is bounded on the East by the Western ledge of the Vanum Tope of Galivakoor Bassireddy on the South Gungoopoo Channel on the West by the junction of the Gungoodoo Channel and Mullapah Channel and on the North by Mullapah Channel.

The Magany Wet land which is sowable with 2 Toons and is situated in the Katekawany and fields is bounded on

on the East by the Channel running to the South of the Malavadi Doroovoo ponds on the South by the Wootoo Channel of Kalikavany fields on the West by the heap of Stones and on the North by the Channel irrigating the Pamoola fields.

You and your descendants are to enjoy the lands within the above said bounds with the produce of the Trees of the Vamum Topes grow in the Metta land (together with what the land may yield) as also the produce of the Onagany Trees land and any money hidden Treasure Water Trees and Minerals that may be in them and live happily.

Hence forwarded we our heirs or any others connected with us will not lay any claim to them whatever and should any such claim be advanced we bind ourselves to be answerable for the same and accordingly subscribe and deliver with our consent this Deed of sale of the said Vamum Topes grove and Pasture and Onagany Trees lands which has been written by Tenkayalapaty Moorteranzoo.

Signed by the Witnesses.

No. 724.

To G. L. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Bd. No. 3025
From the Collector
of Bellary ---

Sir,

I have the honor to acknowledge the receipt of Doctrack Minutes Consultation of 14th June last No. 812, directing me to carry out the orders of Government already passed regarding the Press Charges of this District and observing that any Extra Establishments that may be required for the revision of assessments should form a separate charge without any reference to the Press and that any distinct communication that may be submitted on the subject will receive due consideration.

2. In obedience to the above instructions I have carried out the arrangements sanctioned by Government under date the 28th November last from the 1st instant by which 3 Peshcaries were reinstated and a corresponding decrease has been made as follows.

Rs. 21 Salary of Hoozoor Goomastah
" 14 Do. of Do. Writer.
" 14 Do. of Talook Goomastah.
" 1 Decrease of pay to a Dalayte. As

Ex. Minr. Cons. 28th November 57. No. 1234.

4 1 Peishcar ——— 20
2 Do. at 15 Rs. each — 30
50

4185

Fort St. George 27th August 1858

| | | |

3. As I have now lost the services of the above individuals in the event of not being favoured with the reduction of establishment I beg to request the Board of Revenue will be pleased to obtain the special sanction of Government for the employment of 4 Tomastahs 12 Rupees each per Mensem for a period of 1 year from 1st July current to 30th June 1859 to enable me to carry out the work within the time allowed for the completion of the measure.

4. I request that the sanction of Government may be obtained as early as practicable.

*In Mins. of Cons. dated 11th November 1857 No. 1165.

5. I think it very probable indeed that the whole estimated and sanctioned for on account of the Revision of the assessment will not be incurred and Extra Monthly charge now applied for may be adjusted should the Government think proper after the work is completed but the sanction of Government in the meantime is necessary to satisfy the Civil Auditor.

Bellary - - - - }

8th July 1858. - - }

(Signed) C. Pelly
Collector

No. 145.

To J. D. Sim Esqre
Secretary to the
Board of Revenue
For6 St. George

Bd. No. 3860.
From the Collector of Bellary - - - }

Sir,

It is with much concern that I have to report on the unfavorable state of the weather and the prospects of the season. We are now far advanced in the Monsoon season and for about five months generally, with few exceptions, throughout the District, there has been no rain. In May, in some places, and in June in others, rain fell. On the whole, very abundantly. The cultivation of the early Dry and wet crops commenced but since then, in consequence of the lamentable failure of rain, these crops are in the greatest danger of being entirely lost and for the same cause, the sowing of other lands, which should have gone on during this period, has

Fort St. George, 27th August 1858.

has been stopped I have just returned from a long tour towards the East and South and the state of the Country generally is most deplorable to behold. Instead of fields covered with crops and plains with green grass all seems a desert and scarcely a blade of grass is to be seen. Ryots are observed yoking their bullocks to their large Hoes to scrape together a little grass from below the surface for food for their cattle have been driven away from their villages to find fodder and water at distant places and on the road I found the drivers of Cotton carts purchasing straw for their bullocks at the rate of 3 bundles for 2 Rupees which generally

Fort St. George, 27th August 1858.

generally can be purchased at the rate of 8 to 4 bundles for a Rupee. In Muddukerah Talook where there was a great failure of dry crops in last year, the ryots were reported to be contemplating whether they should not at once give in Razeenamahs for their lands lest they should be liable to payments. I do not find the state of things much better in many other parts of the District than it is in the South and

I

has been stopped I have just returned from a long tour towards the East and South and the state of the Country generally is most deplorable to behold. Instead of fields covered with crops and plains with green grass all seems a desert and sparcely a blade of grass is to be seen. Ryots are observed yolking their bullocks to their large Hoes to scape together a little grass from below the surface for food for their cattle have been driven away from their villages to find fodder and water at distant places and on the road I found the drivers of Cotton carts purchasing straw for their bullocks at the rate of 3 bundles for 2 Rupees which generally

generally can be purchased at the rate of 8 to 4 bundles for a Rupee. In Muddaveyerah Talook where there was a great failure of dry crops in last year, the ryots were reported to be contemplating whether they should not at once give in Razeenamahs for their lands but they should be liable to payment. I do not find the state of things much better in many other parts of the District than it is in the South and

S

Fort St. George, 27th August 1858.

I fear the early crops unless a very early fall of rain takes place, will be lost and the season is past for the further sowing of the early crops whether in dry or irrigated lands.

2. It is true that rain may be expected and that abundantly both in this and the two next months but should it hold

Fort St. George 27 August 1858

hold off much longer, the district will be in a state bordering on great scarcity and the people will be very great sufferers, at present they are without their usual Employment in the fields, and I have had frequent applications recommending employment for them on public works- and I have now the honor to propose a measure for the early consideration of the Board.

3. I beg to suggest that all the (so called) District Roads which have been proposed, and the plan of which has been long since sent to the Central Office of the Public Works Department be ordered for immediate execution- And that all the principal Roads for which seperate Estimates have been submitted by the District Engineer should also be ordered for execution-

4. I would propose that the District Engineer be authorized to commence on all these lines at once, and so give employment to all that needed it at the ordinary rates of hire, as far as he could- Should the distress increase, the number of applicants would increase- but should the rains fall and the people be able to get employment in their fields, the number of applicants would be very small; at the same time by giving the sanction at once for these roads (which it is presumed must very shortly be sanctioned)

sanctioned) the work would progress steadily but gra-
=dually while the necessities of the people were not great;
And rapidly and with great benefit to the population,
should the scarcity continue- or again occur at any
time during the progress of these roads. Which could
not under ordinary circumstances be completed for
several years to come, tho' commenced tomorrow.-
By giving the sanction for all at once, relief will
be given throughout the District- if one or two es
lines only once sanctioned the people at a distance from
these lines will not leave their places to travel so
for- relief must be given in each Talook for the
people of the Talook, especially while there is yet
a prospect of rain-

5. The Board may enquire why I recom-
=mend Roads in preference to Irrigation works-
My reply is that the ordinary irrigation works
will go on at the same time, but will not
afford the relief sought for- These works are
chiefly in isolated spots- and of a nature
that give work to Waddars (stone
Quarrers

Wudders) only and not to the gene-
=rality of the people and there
are no other works of any magni-
=tude the plans for which have
yet been developed. There are still
the grand River Channel Projects
which have been four or five
years in contemplation, still in
complete, and it will be time
enough to consider how far the
wants of the people may be
relieved by giving them work
on these Projects, when the Projects
themselves have been digested
and approved and sanctioned
by the Local Government or the
Court of Directors.-

6. The wants of this Dis-
=trict were fully recognized by
the Government when a member
of the Board (Mr. C. Malthy)
submitted

submitted his report on the famine which so sorely tried the District in 1854 - But nothing scarcely has yet been done - The Roads made during that famine have been partially completed, and ordinary Tank repairs have been attended to, but beyond that nothing in the way of roads in this vastly extended District of 12000 Sqwore Miles has been sanctioned for execution -

7. Should the proposition I have now the honor to make meet with the approval of Government, it will be necessary greatly to increase the staff of the District Engineer Department. It is lamentable to reflect, (and I beg to bring the matter to the notice of the Government) that this vast District is

is at present and has been for a long time left with the District Engineer and one secretary executive Officer to superintend all the details - Officers it seems are placed on the Roll, but they are not here - and the District Engineer complains with justice I think, of the manner in which the District is left without an efficient staff of Officers - They are continually being taken away and sent to Canara or some other District - the whole works of 8000 Sqware Miles besides large Military Buildings devolving on the District Engineer himself and 4000 Miles on Captain Syme

syne the only Officer that the District Engineer has to assist him. I trust the Board will bring this Circumstance to the Notice of Government, for I feel it my duty to see that the interests of Bellary, second to none in its requirements, are not sacrificed to those of any other District. We have had high expectation of great

great things being done for this neglected District during the last 4 years but really nothing yet at all commensurate with its wants has been sanctioned we are now threatened with another disastrous season and my proposition is that projects for a number of most useful and much required road already sketched out and which must at some early day be carried into effect should now receive immediate sanction and the work be conducted in the ordinary manner under an effective staff thereby giving work to the usual body of working men at all times should the District resume its ordinary state of prosperity but should the distress increase and become very serious that the work be carried on with greater vigour and rapidity by giving work to all as far as possible who would otherwise perish or emigrate.

8. The season may and I trust will take a turn for the better within a few days but of this there can be no certainty the season at present is as bad as it well can be for this period of the year, and I have therefore, anticipating (wrongly I hope) a continuance of drought, deemed it my duty to make at an early day this representation of the fact to the Board confident that they will give the subject their early consideration with a view to the

14199 Fort St. George 27th. August 1858.

the application of the remedy I have in this letter had the honor to propose for the expected evil.

9. The roads alluded to in this letter are chiefly the following.

1st Trunk road No 12.

2 Bellary, Gotty Hudsapah Road.

3. Bellary Hewial, Hoodighy Harpunhully and Hollal Road.

These are roads for which separate estimates have been submitted.

4. From Bellary to Mysore Frontier road by Gully and Roog & Madaackaserch. The following are District roads sketched out & forwarded to the Central office B. P. W.

5. Anuntapoor and Tandpuddy road.
6. Kumply and Hoospett Road.
7. Pennoogoondah and Bindoopoor Do
8 Do — and Madaackaserah Do
9 Bindoopoor and — Do Do
10 Adonie and Batcholy — — — Do
11 Hospett to Hoodighee with.
12 Branch to Hunnyhur.
13. Bookapuntrum Dhummarammm & Nunnoor Rd
14. Pencondah and Bookapuntrum road.
15. Bellary to Leeragoopah.
16. Kumply to Adonie.

Sir

Signifying the reasons relative to the resumption of certain Inam referred to in the Board's Proceedings of the 24th Ultimo No. 2185 as requested-

With reference to the Board's Proceedings dated 24th Ultimo No. 2185 adverting to my report of the 18th March and to my letter dated 27th May last, in Regard to the Resumption of certain Inam in the Tripatore Talook and requesting me to state on what ground I propose to resume the lands in the two Villages to which the Summuds do not relate, I have the honor to state that the no separate Summuds are forthcoming in Regard to the inam lands situated in the two other Villages Viz. Amboor Petta and

Fort St George 27th August 1858

and Govindapooram there is ground
to believe that those lands &c
were granted on the same tenure as
the lands in the Malchemungalam Village
2 The Enamdar has himself
stated that the lands in the 2
Villages referred to were granted to
his ancestors on the same termis
as Charity and 2dly The Enamdar
have nothing to shew that any of
the lands were granted on an
hereditary tenure Further all the
lands are entered in one name in the
Survey accounts of 1793-

3 Under these Circum:
=stances I think that the Enam
lands in the other two Villages
ought to be treated in the same
way as the enam lands in the

Malchemungalam

Fort St George 27th August 1858

Malchemungalam Village -&c

4 The two Enam lands
situated in the two Villages referred
to are registered in the Survey
account of 1793 in the name of
Moortoogavlaw, the great grand
father of the last incumbent,
and their extent is given therein
the same as that now entered in
the Tabular Report -

5 In regard to the con:
=cluding part of the Board's Extract
I beg to state that the Half
share in the Govindapooram
Village is not registered in the
Collector's office in the name
of the present holder, Viz. &
Ahamud Saib That person seems
to have denied his right to
the enjoyment of the lands &
from his grand mother (grand
daughter to the original grantee)
who Received them as her share
in

To

J. D. Sim Esq.
Secretary to the Board of Revenue
Fort St. George.

No. 179.

From the Agent
of Tanjore ———

Sir,

Submitting explanation called for by the Board upon the Settlement report for Fasly 1204.

I beg leave to reply to the Board's Proceedings, of the 29th August last on the Collector's

Collectors report upon the Settlement of Fusly 1264.

Para 8. 2. The circumstances, under which the Village referred to in this Paragraph was rented below the standard Beriz appear to have been as follow-

3. The name of the Village is Pundithacody- It was not always rented- It was under rent in some years, and in Amani in others- The average per Paty of the grain amount fixed upon it by Mr. Cotton was Calum 223 Meash 2- It is bounded on two sides by rivers and on the other two by the Villages of Coottanullore and Nagackody- The average grain amount per Paty in the former Village is C. 223- P. 7- and in the latter 155- 10- The Soil of the former is superior and even Betle Gardens are planted in it. Pundithacody cannot be brought in compare with it in point of fertility- Although the Village in question was under rent in some years, the assessment upon it was so high, that several of the Merassidars have been oblige to sell their lands- The Produce of the Village in the several years in which it was under Amani was very low- The grain amount also, for which it had been rented in some other years ranges only from Calums 49[illegible] to C. 54[illegible] or

or from 100 to 135 the Paty, under these circumstances, an average was struck upon the averages of produce per Paty in the two neighbouring Villages- The result gave 189 the Paty to which were added 11 more, making a total of 200 per Paty. For this quantity, amounting in the aggregate to C. 521- 8, the Village has been rented, although the ryots requested a rent at the average grain amount per Paty of the Neighbouring Village of Nagackody-

4- The Village in question belongs to the class of Nokungoo Settled Villages, in which the Government money Demand varies with the current prices whenever the fluctuation in them is beyond 10 per cent above or 5 per cent below the standard price- The prices of Fusly 1264 having risen high, the value at those rates of the grain amount for which the Village has been rented, of course, have yielded a greater amount of Revenue that the standard Beriz-

Para 10. 5- In para 10 the Board observe a difference between the Statement No 1 and Column 2 and 3 of that marked D in the number of Amani Villages and hamlets- The two Statements were prepared upon different principles, the one simply to shew the number

14215. Fort St. George 27th August 1858.

number of Villages and hamlets in each Taluk and the other to exhibit the details of the number Villages. They did not therefore agree with one another. The number of Amanie hamlets entered in the one is merged in the number of Amanie entire Villages entered in the other.

Para 13. 6. With reference to Para 13 I beg leave to forward the detailed accounts of the settlement of a Village, and copies of a Meerasidar Puttah, for Fasties 1263 and 1264.

Para 14. 7. In answer to the Boards remarks in Para 14 I have to state that the particulars of wet and dry land were not given for the Total Ayaut of the field assessed Taloks, because the Poonmboke land entered in Column 7 of the Statement, and which is a component part of the Total Ayaut, has not been classed under those heads. In the field assessed Taloks there is one Village under one year rent. The 75 Woolungoo Villages, to which the Board allude, have been rented some with and others without reference to the current prices.

Para 19. 8. The Roonsooms and Sadeyaud cess suspended from collection by the Sub Collector in the Village of Venayaum Eroo, to which the Board

14216. Fort St. George 27th August 1858.

Board have referred in Para 19 amounts to Rupees 31-

9 I will not forget to enforce due attention on the part of my establishment to the instructions contained in the marginally noted Paragraphs, in the future preparation of Statements. The Statements noticed in Paras 7 and 11 have been superseded by the new forms of accounts.

5-6-12-15-16-17-18 and 21.

No. 100.

To J. D. Sim Esq.
Secretary to the Board of Revenue
Fort St. George

Sir

No. 3058. From the Collector of Tanjore.....

Affording information about the decrease pointed out in Salt Manufacture and home sales.

With reference to an Extract from the Proceedings of the Board of Revenue dated the 20th Ultimo, No. 2702, I have the honor to state that the quantity of Salt ordered for manufacture this year was such as to bring up the stock on hand to the average requirements of two years, but the season has proved so unfavorable to Salt Manufacture owing to the wholly unexpected and very heavy rains in May and the occasional Showers since, that there

14217

Fort St. George 27th August 1858.

there is no prospect of the necessary supply being got in during this year — Endeavours shall, however, be made next season to complete the stock.

2. With regard to the demand in the Some Sales to which the Board advert, it will be seen that as far as Tanjore is concerned, there is not so regular or so marked a falling off under that head as the Board would seem to suppose. In fasles 1268 and 69, indeed, the sales for Some consumption were less than in the previous year, but with a much more than corresponding increase in the Inland Sales. The fluctuation is doubtless owing, as the Board surmise, to the dealers finding it convenient to purchase ostensibly for the Inland Trade, what is really intended for and is sold in the Some market.

To I. D. Sewell Esqr.
Secretary to the Board of Revenue
Fort St. George

Sir

B. No. 3810.
From the Collr. of Tanjore

I have the honor to acknowledge the receipt of a Circular from your office dated the 26th May last No. 1877 enquiring with what effect the existing laws for the Repression of Smuggling is found to operate in this District.

2 The accompanying statements exhibit the value of Smuggled goods seized during the last three years both in the Sayer and Sea Customs Departments no case of the Smuggling of salt having come to light during that period. The Board will not fail to remark the smallness of the amount thus brought to account. It is doubtless also a very minute fraction of the Smuggling that must

July 66—Rs
Salt—5917 13
Sea Customs 19000
Sayer—32946
814659

Fort St George 27th August 1858

must actually have occurred, when a Revenue of Rs. 814660 is annually collected from the Salt and the Land and Sea Customs.

3 One half of the value of the goods seized is invariably given to the informer and Consequently it is no doubt always more to the advantage of the Person to discover and bring forward the Smuggler than to let him off for a bribe.

4 That notwithstanding this stimulus, so little should have been brought to light is owing doubtless in some measure, to the paucity of the watching Establishment. For an inland line of Chaukeys along the French frontier of Karical of some 30 Miles we have 26 watching posts in all charge of only 35 Peons against as on a seaward line of a similar length to

Fort St George 27th August 1858

to the east of Point Calimere where there is no surf and 5 Ports and where at any point goods might be run without much chance of detection there are but 16 Peons as a preventive force—

5 I would certainly Render the present Laws more stringent—Heavy penalties which would Render attempts at smuggling neither safe nor profitable would, I think, have a marked moral effect and greatly diminish the extent of the offence—a Seizure of Carts Vessels or Cattle while employed in smuggling would no doubt entail individual hardship in some cases but the effect of the more existence of a highly penal Regulation would in Cannanore be such as to render the instances calling for an exercise of the powers Conferred by it Comparatively

Rare

14221 Fort St George 27th August 1858

rare - I would point to the working of the Excise Laws in England which attach such heavy penalties to a breach of them as supporting the view I submit -

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated the 24th Ultimo I have the honor to transmit herewith copy of a letter from the Sub Collector dated the 3d Instant, explaining the cause of the Defendants in cases Nos. 3, 4, & 5, of the Return therein referred to having been acquitted of the charge of furnishing false accounts when their accounts have been rejected as false and they dismissed from the Public Service

Tinnevelly Coll. Circ. Cutchy,
Tencausey, 5th August 1858. } /Signed/ D. Mayne
Acg Collector.

To

D. Mayne Esqre
Acting Collector of
Tinnevelly

Sir, With reference to the Board's Proceedings No. 2794 dated 24th July 1858 I have the honor to explain that there was no direct or satisfactory evidence procurable to prove beyond all doubt that the accounts alluded to in Nos. 3, 4 and 5 were positively false, and therefore the Defendants acquitted of the charge, they were not punished with dismissal under Clause 4 Section V. Regulation IX of 1822 dismissal not being a punishment awardable under that Section.

2. On my questioning the Defendants themselves as to the preparation of the accounts, their Statements were so grossly contradictory that I could come to no other conclusion than to reject the accounts as untrustworthy, and I believe no Court could to any other decision having rejected the accounts as untrustworthy and false, and not prepared as required

required, I was of course obliged to order the collection of the Government tax on the land which has been paid by the Ryots almost without demur.

3. I dismissed the public servants as they had shewn themselves untrustworthy and I could have no doubt but they had endeavoured to defraud the Government, and in doing so I considered that I was acting within the spirit of R. B. Circular Order of 8th June 1843 Para 6.

4. The Talook Servants whom I dismissed I had long known as bad characters, I could not carry on the work of the Talook with any satisfaction, every Tahsildar who has had charge of that Talook for the last few years has been either dismissed disgracefully or removed on account of dissatisfaction. The under servants were banded together and always succeeded in either obstructing the Tahsildar and public service or made him as corrupt as themselves. The state of the Talook since the change of the Tahsildar and weeding out of these Defendants, in collection of revenue and

and despatch of business is most satisfactory.

Fort St. George

Bd. No. 3546.
From the Collector of Canara

Sir,

I have the honor to acknowledge the Sub Secretary's letter under date 5th Ultimo, and to state in reply for the information of the Board, that I have expressed my opinion of the good qualities of Eastern Coast Salt, in my quarterly report now furnished. That manufactured in this District will not bear comparison with it, and though it may be improved in colour, the climate here is against the production of

of Crystals of that extraordinary hardness for which the Madras Salt is so remarkable.

2. The experiments to which allusion is made in para 2 of the letter under reply, cannot be made, as I have no old Salt in store, and some years must now elapse before I shall have Salt of different seasons to test in the manner proposed.

3 I beg to append copy of a wastage return received from the Collector of Malabar, together with a similar return for Canara. These returns, which embrace a period of three years, show that the wastage of Bombay Salt in Canara Cotaurs is not greater, than in those of Malabar. The Salt received here is probably of better quality than that used lower down the Coast, but the Malabar Cotaurs are no doubt superior to ours, and as they are situated on the Coast, the Salt does not undergo so many transhipments as in Canara, where it is not sent up to Bantwab and Pan Mangalore.

4. All things considered, the loss incurred in consequence of the inferiority of our Store houses is not I think, sufficiently great

great to make it desirable to copy the Malabar system. Weighing all the circumstances for and against each District, advantages and disadvantages seem pretty equally balanced, and comparison of actual wastage shows no material difference.

5. With reference to the last para of the Sub Secretary's letter, I beg to state that all Store houses attached to the Salt works are divided into compartments, each calculated to hold ten garces; but that hitherto the inland depôts have not been so divided. Compartments will however be constructed, and the correct amount of wastage appertaining to each year can then be correctly ascertained.

6. In conclusion I would observe that if a Madras Salt is furnished for Monopoly use in this District, I have reason to believe from the appearance of the samples forwarded

For 6 St. George, 27th August 1858.

forwarded to me, that the wastage will be very trifling, though no doubt greater than is found to be the case in the comparatively dry climate of the Eastern Coast

Collector's Cutcherry,

Acting Secretary to Government
Revenue Department

B/c No. 3655.
From Director of Revenue Settlements

Forwards copy of a letter to Government shewing the views recommended of the Services and Survey parties available in Bengal. 31 Aug 58

Sir,

Para 1. I have the honor to acknowledge the receipt of Extract Minutes of Consultation dated 2d Ultimo referring to me the enquiry of the Government of India as to whether the Services of two Survey Establishments

dated 23d July 1858 No. 2468.

Establishments from Bengal would be of use in carrying on the Survey in this Presidency, and also of Extract Minutes of Consultation dated 30th Ultimo No. 1063 forwarding a Copy of the remarks of the Board of Revenue on the subject.

2. I deferred my reply to enable me to obtain the opinion of the Superintendant of Revenue Survey, and beg to enclose Copy of a letter from him dated 6th instant containing his views on the matter-

3. It is presumed that the Survey Establishments alluded to are of the Single Strength described in the Manual of Survey and that the Native Establishment is not included, as it would be inexpedient, even if practicable, to transfer the latter to a locality in which they would be totally ignorant of the colloquial language, while this objection, as Captain Priestley observes, applies in a measure to the Surveyors also-

Para 288.

4. The Superintendent of Revenue Survey is fully prepared with hands for the upper grades of the 2d party now starting in Rajahmundry, and also for those of the 3d party to be shortly entertained in Masulipatam and has named an

an Officer, Lieutenant Pratt of H. M. 84th Regiment, as eminently qualified for the head of the latter from his previous connection with the Survey in South Arcot and Trichinopoly, while two Gentlemen, who have studied Surveying as a profession in England, have been induced by the opening afforded by the General Survey, to come out to this Country, with the view to employment in it. Numerous East Indians are also available for all the lower grades of Surveyors.

5. Captain Priestly as three already prepared for the completion of 3 parties and as regards the 4th party it may be observed that a sufficient field for Survey operations will not be marked out for it by the time specified for the Bengal parties to be available, and it is very questionable also whether the latter could be successfully employed in the Rhaspah which in this Presidency is entirely conducted by the Professional Department and for which an intimate acquaintance with the people and a knowledge of their language and mode of land tenure are essential, and the loss of time in acquiring these qualifications would probably not be compensated by the advantage of experience in other branches of the Survey. The success Captain Priestly has met with in providing the

the means of organizing 3 parties warrants the inference that hands may also be found for the fourth party when this is required.

6. With reference to para 2 of Board's Proceedings of 23d Ultimo I would venture to observe that although there are zemindary and Proprietary Estates in Ganjam similar perhaps to those of Bengal, the present Survey and Settlement not intended to embrace these at least primarily, while the Government lands are held under ryotwary or Joint rents, which will involve a detail field measurement the same as Elsewhere.

7. In accordance with the wishes of Government, that the Rajahmundry and Masulipatam Districts should be taken in hand 2 parties have been arranged for the Northern Circars, one party is already being organized for the former, while work is being marked out for the other to be employed in the latter as soon as the cessation of the Monsoon may afford a favorable commencement of field work in the ensuing cold Season.

E. M. C. 12th March 1858. No. 328.

8. I am also in communication with the Revenue Officers with the view to early arrangements being made for the 4th party to be set at work on the western Coast or elsewhere as soon as possible after the other parties are fairly started

14241 Fort St. George, 27th August 1858.

started but a separate application will be made as to the locality to be selected.

/Signed/ H. Newill

Revenue Board.

After No. 3607.
From the Editor of the Madras Athenaeum.

The Editor of the Madras Athenaeum presents his compliments to the Secretary of the Revenue Board, and has the honor to acknowledge his communication dated August 11th. The Editor of the Madras Athenaeum believe that the writer of the letter signed "Planter" in the Athenaeum of the 10th Ultimo intended that his name if made public at all, should be made so, at the discretion of the Editor of the Madras Athenaeum, in the Columns of that journal,

Fort St. George, 27th August 1858.

journals, but it scarcely appears that he would be willing to allow it to be given up, in a requisition from a Departments of the Government, or indeed from any quarter whatsoever.

The Editor Madras Athenæum however will have no time in intimating the wish of the Board of Revenue to the writer of the letter.

Athenæum Office

No. 95

To

J. D. Sim Esqre

Secretary to the

Board of Revenue

Fort St. George

B. No. 3705

From the Collector of Rajahmundry

Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of the 2d Instant forwarding Extract Minutes of Consultation of the 24th Ultimo regarding Stamp Venders.—

2 I propose immediately appointing separate parties as Venders at Rajahmundry and Cocanada, where the emoluments are fully sufficient for their remuneration.—

3 I should wish to appoint distinct officers at the stations of the other District Moonsiffs Courts; the average emoluments as shown in the margin

	average per month for 5 months ending 30 June 1858
Nursapoor	35-7-7
amlapoor	6-8-1
Peddapoor	4-0-1

Fort St. George 30th August 1858

Margin are hardly however sufficient to induce respectable parties to accept the office, as they must be constantly in attendance, and cannot of course be allowed to follow any other occupation. I would propose therefore, with the sanction of the Board, to make up the pay of the venders, at Amlapoor and Nursapoor to 10 Rupees per mensem, and that of the same officer at Peddapoor to 8 Rupees, the funds necessary for the arrangement to be taken from the Commission now drawn by the Darogas in the Collectors office, which in the past Fusly, averaged Rupees 71—1—10 per mensem, and which is a higher rate of Emolument than

3 per cent

Fort St. George

B. No. 3318
From the Collector
of Chingleput ....

Sir

With reference to Para. of Extract from the Boards Proceedings No. 281 of the 21st January last I have the honor to forward a statement shewing the emoluments in lands and fees of the Village Servants entered in the Statement which accompanied my letter No. 374 of the 12th December last The fees are a varying Income and cannot never be depended on a a fixed sum with any certainty Though the emoluments would seem to be handsome it appears to me but fair that any portion of land which may have become unproductive should be replaced irrespective of

of any remaining sources of income.

2 The description of land proposed to be given in exchange finds a place in the Statement now transmitted.

3. The Consent of the Villagers would considered necessary as a portion of the land referred to is Shegal

B. No. 3867
From the Collector
of Chingleput

Sir,

With reference to your Circular letter of the 23d Ultimo No. 2778. calling for a report on the practical working of the new Forms of Village accounts. I have the honor to submit a Memo of Remarks, suggesting amendments and alterations as regards only some of those Forms which form the basis of the other accounts, together with the original accounts of two complete Villages, as called for. It will be seen from the Memo that the accounts being in most cases prepared on the sole responsibility of the Curnum, Abstracts only being furnished to the Talook, much room for the commission of

of frauds is afforded without much risk of detection, as more particularly shewn in the case of the Stullavar State= ment No. 2. Under these circumstances I fear that the new Accounts do not give a sufficient check on the cultiva= tion Statements received from the Curnams in their present state.

2 As regards the Puttah since it is a mere Copy of the Chittah State= ment No. 5. it is of course easily prepa= in accordance with that Statement so far as it goes; but as that Statement is deficient in many Items of necessary in= formation, it appears preferable to revert to the old Form of Chittah, which would give all the necessary information at once; in reference to which I beg to enclose the accompanying proposed new Form of Puttah.

Memo

Memo

In Parag of the Regulations Rules it is arranged that the Curnam retains Statement No. 1 which is the Register of Monthly cultivation, and forwards only to the Talook Statement No. 2 which is an Abstract of it. This retention of the Statement facilitates his per= petrating frauds, as for instance crops which are reaped in the early part of the Fasly may be made to appear as growing when in reality the crops then on the ground are second crops, and the Fusel Jasty due to Government for two crops thereby be appropriated. As a check it would appear preferable for the Curnam to forward copy of Statement No. 1 to the Talook and do away altogether with Abstract, Statement No. 2 Statement No. 1 should contain all the cultivation of the Month leaving none out.

This

This is particularly necessary as under the present system land cultivated towards the close of the Fusly does not find admission into the Statement of that Fusly, but of the following one. Hence if it is reaped near the commencement of the following Fusly, the Cumeendar has the power of omitting to enter it altogether and he commences his Statement of the said following Fusly with entering a subsequent crop altogether - The assessment on the crop omitted has been lost to government. This could not have been, if the Statement was perfect for each month irrespective of the ending or commencing of the Fusly - To assure the correctness of Statement No. 1 it appears desirable to instruct the Villadars to azmaish in September and subsequent months instead of waiting till January, February and even later, when the time has gone for ascertaining whether the crops raised have been one or two - The way the

the cumeendar has of perpetrating his fraud is in the Item of the small crops sown in July and reaped in September such as Natchenie, Gingely, Oil seeds &c. When these crops are reaped they are followed by Sumbah, but the Cumeendar who retains his statement No. 1 in his own possession, only enters his Notes of these crops in abbreviations or single letters - These abbreviations or single letters are turned into other letters when fraud is intended; and the land thereby at the subsequent azmaish be shown to have grown only one instead of two crops - This could not be effected if Statement No. 1 contained the entire cultivation of each month as it occurs, and was sent to the Talook as the very length of time the land would be shewn to be bearing crops would prove whether there had been only one or two - It appears desirable that

Fort St. George 30th August 1858

that Sevay Jumma should find a place in Statement No. 1 and be azmaished after the Settlement, neither of which now takes place.

2 Statement No. 4 is the Statement of cultivation and Statement No. 9 the Motarpha, and Sundry small Farms and Licenses. It would be an improvement if the Totals of Statements No. 9 and 9 were added to No. 4, and the entire Revenue of the Village shewn at a glance. The same Statement would then contain the azmaish of all the different Items and facilitate the Settlement as a matter of course.

3 With reference to the instructions in Para 10 that Porumbaze fields should be entered in consecutive order as from such a number to such a number, it appears desirable to direct that where such fields contain productive trees yielding Revenue to Government, they should be separately specified

Statement

Fort St. George 30th August 1858

4 Statement No. 5 is a substitute for the old form of Chittah but does not seem so well adapted. The Ryots cultivation of the last year is only shewn in the event of its having continued to be cultivated in exactly the same condition in the year under review. If there have been any changes by the transfer of lands to other parties, they will not appear, while on the other hand land added in the year if any will appear. The Chitta also will not shew the Ryots Fusil and Teeva Jasty or his Poccadayem of the last Fusly, though they will of the actual Fusly and consequently for purposes of comparison the Chitta appears to be imperfect. It appears desirable that all these omissions should be brought into the Chittah and a real comparison of the Ryots cultivation shewn. The assessment per

per Cawney and the Ryots cultivation in each class of land should be shewn. If this was done it would expedite the Ryotwar Settlement, and be more satisfactory to him as containing a complete exposé of the Government Demand against him and afford him the means of knowing whether the Curnum had sent in true accounts of him or not.—

6 Statement No. 6 is only in its present state applicable to Parumbake lands brought under cultivation. It seems advisable to add similar information regarding Poonjah lands converted into Nunjah or totacal to enable the settling Officer to know whether and what Teerwa Jasty should in each case be added for crops raised with the assistance of circar water

In

6 In Column 18 of Statement No. 13 the net Ready money collections is entered. Instead of this Column a new Column should be opened after Columns 13, and the gross ready-money Collections inclusive of remissions under that head, entered to shew the Jarum Beriz of each Ryot to make it correspond with the old form of Chitta proposed to be restored to use in Para 5.—

7 In Statement No. 15 headings should be opened for remissions other than for waste and Cowle, such as Shavey &c.—

8 Statement No. 16 shews the Sewoy Jummah Beriz of each Ryot nothing is said in the Rules about granting Sewoy Jummah Pattahs It would be advisable to grant them to compare them with Cutchats.—

per Cawney and the Ryots cultivation in each class of land should be shewn. If this was done it would expedite the Ryots Settlement, and be more satisfactory to him as containing a complete exposé of the Government Demand against him and afford him the means of knowing whether the Curnam had sent in true accounts of him or not.—

5. Statement No. 6 is only in its present state applicable to Porumbake lands brought under cultivation. It seems advisable to add similar information regarding Punjah lands converted into Punjah or totacal to enable the settling Officer to know whether and what Teerwa Jasty should in each case be added for crops raised with the assistance of circar water.

North Arcot
Collrs Circuit Cutcherry
Tirruttoor 17th July 1858

Fort St George 30th August 1858.

Pensioners in the North Arcot District -

Total amount of Arrears	Explanation of the cause of Suspension of payment	Remarks of the Board of Revenue	Order of Government
1	It appears from the report of the tahsildar of the Arcot Talook that the pensioner resided at a village called Yelpettoo in the South Arcot District and in consequence of old age and bodily infirmity he was unable to attend in person to receive his allowance. He was reported on the 28th March 1858 to have died on the 3d December 1857. The Collector therefore begs to request authority for the disbursement of the arrears in column 7 to his widow Laulber.		
36	The accumulation of these arrears is owing to the non attendance of the Pensioner who appears to have proceeded to Bangalore and there to have fallen ill and was in consequence absent from Arcot for the last three years. He has now attended and claims the arrears of his pension. The Collector therefore begs to request authority for disbursing the arrears and for containing the pensions. The age and appearance of the pensioner agree with the description roll in the Collector's Office.		

/Signed/ C. Whittinghame
Collector

Acting Collector

Endorsement on Petition No. 1832 of 1847

It appears from the enquiry of the Tahsildar that the Land under the Channel to which this Complaint refers, has not been in Complainants possession for about 10 years, having been sold to satisfy a Decree of Court against him. The 1st Complaint made by Petitioner in the subject was in March 1847 long after he ceased to have any interest in either the land or the Channel. This Petition cannot therefore be attended to.

2 I beg to remark that I consider another years Continuance of the present system is unavoidable. There never was a Printing Press in the Malialum Country save the Cottayam Mission Press, and from that Institution we have not been able to obtain the aid of a single Compositor. There are no printers in Malabar.

3. The Head Compositor is a Canarese Compositor, and though a really able and intelligent man, he has a good deal to learn and has had much to do to instruct Volunteers, who have had little or no previous skill in the trade. With one indifferent and unskilled exception, every hand in the Printing Office has been a new taught Apprentice. They have generally been diligent and give promise of becoming fair Compositors, but they are not competent to do the work of a good Compositor either as regards quality or quantity.—

4 I have then, as well with a view to raise a Staff of Compositors, as to accomplish the work on hand been obliged to

Fort St. George 30th August 1858

employ more youths than the Board might expect would be required. My Establishment on the 30th April 1858, was as per marginal State-

1 Head Compositor	30	"	"
1 Asst. Do	11	"	"
1 Mallyalum Do	7	"	"
1 Do Do	5	"	"
1 English & Mallyalum Do	5	"	"
1 English Do	5	"	"
1 Do Do	2	8	"
1 Pressman	7	8	"
1 Asst. Do	3	8	"
1 Ball man	6	"	"
1 Delivering Gazette Peon	2	8	"
Allowance to the Supt. of the Press (a Writer on the Establishment)	5	"	"
1 Malayalum Copyist	3	"	"
Rupees	93	"	

ment. Our volunteers having in the first instance been entertained on Subsistance allowances only, which have been increased according to the diligence Shewn, and Skill acquired. It would be impossible under these circumstances to constitute a Permanent Establishment on a footing to meet the requirements of the Press. I beg therefore to recommend that the present system may be allowed to Continue under the discretion of the Collector, until such time as will enable him to propose a final arrangement likely to answer.—

5 At the Same time I request the Board will be good enough to authorize the Civil Auditor to pass in my accounts, the actual Charges incurred during the past official year in Connection with the Press, amounting, as per accompanying Statement to Rupees 4 53-12-5.—

Bd No 3596 Sir

From the Collectors of Madras

I have the honor to acknowledge the receipt of Boards Proceedings No 2908 13th July 1858 forwarding Extract Minutes of consultation No 422 on the enquiry of Messrs Harrison and Brooks into the system of account in the Collectorate of South Arcot

2 The Proceedings of these gentlemen with reference to this Office as received in Extract Minutes of Consultation No 360 - 31st May 58 were forwarded to me direct from Government

3 It is proposed to dispense with the services of the 6th Clerk in the English Department

Fort St. George 30th August 1858

Department to turn the 5th into a general Copyist and to abolish the situation of the Head Writer in the correspondence Department

4 Against the first arrangement I have nothing to say and the 6th Clerk will be dispensed with but against the third I strongly protest

5 In the Mayen Zabitah submitted to the above named gentlemen the head of the correspondence Department was entered as "Head Writer" only and thus they were uninformed of his other and more important functions of "English Record Keeper"

6 He succeeded Mr Wilson as Head Writer and Record Keeper whose allowances were

To Boards 13th Sept 1856
From Board 19th April 1858
No 1376.

of Rupees 210 monthly at my recommendation

were distributed over other newly created situations inclusive of that of the present incumbent on a Salary of 70 Rupees monthly It was desirable that he should remain same time at his post in order to read up and become acquainted with the records and I would not long have retained a man of intelligence under less emolument

7 As Head Writer his duties are trifling and the situation if it had confined to such would have been properly abolished but that of the Record Keeper is in a word indispensable and would I am sure have been retained by the commissioners had they been aware of the trivial nature of the Office

8 It is to be regretted I think that they did not discuss with the Head of the Office the modifications they supposed practicable for in this instance their mistake would have been

been on the instant rectified, and in general they would be possessed with the Collectors objections, if any, to their proposals.-

9 The new system of account has been enforced for two months, and in my opinion the work has not materially diminished.

10 The only changes are in the Statements submitted to the Accountant General and we have now 17 against 19 previously through the Treasury Account being now prepared to [illegible] a relief

11 With respect to the future proposed duties of the 5th Assistant Accountant, I have to state that I do not require him in the Correspondence Department, that being strong enough. It is however worth consideration whether when the work has been so regularly portioned out it is not necessary to retain him to take the place of any hand absent through sickness or any other cause.-

12 I may here remark that in Extract Minutes

Minutes of Consultation 24th June 1858

No. 869 upon the enquiry in North Arcot I find a "Postage Label Jamaa" taken with the Contingent List attached to the Cash Department —

13 The Commissioners have apparently continued the appointment as there is a Jamaa taken on the same pay in the proposed scale, and of its necessity I wish to express no doubt.

14 A similar Office was however denied to me by the Government of India though recommended by the Board and this Government. —

From Government 28th July/58

15 The Postage Labels sales in North Arcot in 1857/58 amounted to 8,083 Rupees about the sum realized in two months sales here, and now that pre-paid postage letters to Europe is in operation, it is not unreasonable that our sales will reach 1000 Rupees monthly — since the cost of the establishment has been found so pressing that I have been compelled to place under him a Jamaadar from the Cash Department. —

Madras 11th August 1858

No. 131

To J. D. Sim Esqre
Secretary to the
Board of Revenue

Bd No. 3597
From the Collector of Madras

Sir,

I have the honor to acknowledge the receipt of Extract Board's Proceedings 30th July No. 2899 granting permission for stamping all the registered trees in the Toddy Department

2 reviewing petitions from certain Toddy shop-keepers against the proceedings of this Office

3 directing me to take into careful consideration the suggestion offered of introducing the Pondicherry system of administering the Toddy Revenue and 4 concluding with some remarks on my proposition to levy a fee on Retail and Wholesale Licenses for the sale of Spirituous and fermented liquors

I

2 I will take measure for stamping the trees at an early period and would wish to offer a few observations upon the three last subjects touched upon by the Board being enabled to do so at once as the Toddy system in this Collectorate has long engaged my thoughts and as I believe I am acquainted with all its bearings

3 First as to the allegations of the petitioners I I have enquired and am apprised that the number of trees allotted to each shop is sufficient with reference to the quantity of Toddy it is supposed to sell and upon which the daily tax was fixed I have reported that each shop is provided with more trees than it is supposed to require to make up for trees which may turn out deficient in yield

4 II This point has not been quite understood

understood by the Board. The complaint is not that unproductive trees have been included among those registered (for the registry includes only trees supposed to be in working order) but that the shopkeeper is taxed for trees among his registered ones which he declares that he does not use. I have explained to the Board that in a circle of trees registered to a shop and fit for immediate use there exist some incapable of produce others generally unfit and some either too young or temporarily run dry. These two last may naturally become fit for working. They are then styled "Layick" and when found such on examination the renter charged for them because it is certain that he makes use of them though they are now to inward up together that we cannot tell which are the registered and which the Layick trees. His alleged grievance is that though not used by him he is still charged for them. As the denial and assertion

assertion rest on the testimony of the shop-
keeper and departmental servants res-
pectively there is sufficient ground
on which to frame a complaint to
a superior authority such as the
Board but he seldom complains
to me in person. When he does after
some prevarication he usually ad-
mits that the trees are climbed and are
in excess of his Register for this fact
is easily recognised by any one accus-
tomed to the work as the tree has a
shining slippery appearance on its
stem caused by the stroke by which the
Toddy drawer ascends and by other
indications.

5 The plan of stamping will
at once declare what trees legally used
and for this reason I recommended it and
for this reason the Petitioners so vehemently
object to it.

6 Complaints of unproductive
trees among those registered are not unfre-
The trees allotted will remain working
order

order for six months at least and
after that period the selection of
other trees is allowed There are very
many instances in which the trees
registered to a shop have not been
charged for many years those al-
lowed in excess coming in when
a tree in use ceases for a while to
yield.

7 III The prohibition against
the registry of a tree in a backyard of a
house not licensed as a Shop appears at
first a harsh restriction.

8 The reason for it is that if such
tree was climbed the liquor could be im-
mediately run into the house and there
illicitly sold by which a licensed shop
in the vicinity would be injured.

9 Suppose for instance trees in a
backyard at Royapetta are registered for a
shop in Triplicane Illicit sale would proba-
bly take place in the house the consumption of
liquor in the neighbouring licensed shop fall off
and the shop given up as unprofitable This was
exemplified.

exemplified in the village of Palattepetta beyond
Royapooram a few years ago The village is composed
almost entirely of Shanars houses some with &c:
tenanie backyards with Cocoanut trees. Every other
house sold Toddy illicitly and the licensed shops
fell off from eight to four They have now again
risen to twelve owing to greater supervision
vision in that quarter
10 As the trees can be given
up for fruit I do not think that the res-
triction bears hardly and to assist
the sale in an unregistered place
is encouraging an irregularity
11 V. No Complaint of such
enquiry has ever been laid before me
The Superintendent denies that
any such takes place
The Toddy officers have
been directed to watch generally
what quantity of liquor is
taken or passes to a shop for if more
than the usual quantity it is known that
trees are worked in excess of the registry and
examination

examination made This general
enquiry is not without the bounds
of a legitimate check
12 VI The levy of fines for
excess trees for 3 months re-
trospectively is in accordance
with the license of which the Board have approved
A Shopkeeper can always procure
13
the registry of additional trees it
does not therefore appear to me
a harsh or unjust rule that for
what he purposely does illegally
and for which he has a legal remedy
at hand he should be traced from
the period within which he may
have benefitted for we cannot tell
at what date he actually did benefit.
The examinations
14
are now held monthly so that
I propose to continue the plan of
levying the fine from the date of last
examination
The tax is collected daily and
15 VII
receipts are not given nor have I ever had a hint from
the

the Shopkeepers that they were desired

16 They can be tendered however as the Board desire though they will commit tisty upon the Shopkeeper that at last Suppose he will decline to receive them.

17 Next as to the introduction of the French system before I address the Board I had carefully considered the subject and hope to shew briefly that the Stamping of the trees is the only improvement upon our own plan to be obtained from it and that if any thing it is not so simple as our present method.

18 The French territories are but a small form in comparison with the range of the Madras Abkarry limits and our neighbours deal so differently from ourselves with what I may term "the liberty of the subject" that what might be carried out successfully with their various and minute enquiries into the private rights of individuals would fail when applied to a locality accustomed to greater freedom

The

The tax there is the same

19 in amount as here It is there charged per tree and by the year it is here collected from an aggregate of trees daily.

They deal with proprietors as

20 well as renters of trees We, with the latter alone unless both tenures unites in the same person and in this respect I think our system the preferable one.

At Pondicherry the tax is

21 collected by instalments a deposit of ¼th being required as security If ¼th of the tax was deposited here I should have some 75000 Rupees or property to that amount in my Custody and have to keep a running account with a large number of depositors.

The deposit could not be

22 made by many of our poorer Shopkeepers whose small Capital is already employed in the operations of their trade and who conducting themselves as well as the richer renters it would be unjust to throw out of their usual means of subsistence

The tax collected by instalments would

23 fall heavier than our system of realizing it daily as having the money in hand from recent sales the shopkeeper easily satisfies a small demand

As

Fort Saint George 30th August 1858.

24 As I said before the Revenue from an individual tree tax would be the same as our present one putting aside the accessory sources of fees and other penalties there is now a minimum of three to each shop as even the 4th class of which there are comparatively few registers 110 trees with a duty tax of Rupees 12. I hope therefore that I have urged sufficient to shew that the Pouri sherry plan would be no improvement on our

25 My further remarks on Licence fees for the sale of Spirituous and fermented liquors I will defer to another opportunity as I shall soon have to address the Board again upon the kindred subject "Sample bottles" a matter of urgent importance and on which I have written to the Sea Association

Bd No 3626

From the Collr of Chingleput

Sir,

In reply to Ecetract from the Boards Proceedings No 3008 of the 10th instant I have the honor to state that the entries in Columns 4 to 10 therein referred to are correct and shew the prices at which grain was sold in the Bazaars.

2 There are no wholesale merchants in this District under the English acceptation of that term and the prices are therefore necessarily what in England would be called retail Prices. The entries therefore though in reality retail and the only entries procurable may as prices current be called "wholesale" for the purchase

Bd No 3889
From the Collr of Bellary

Sir

Since writing my letter dated 20th Instant No 145 in which I had the honor to report upon the unfavorable state of weather and prospects of season of this District, I have received an Abstract dated 19th Instant from the Tahsildar at Madaka Kerah at the Southern extremity of the District bordering on the Chittledroog Division of the Mysore Territory. In this the Tahsildar reports with much concern, that in consequence of the failure of rain in his Taloog in the last year, the Crops were destroyed. But as the early rains of this season commenced favorably on the 9th & 11th & continued by which a supply of water May last, by which a considerable was received in the Tanks & a considerable extent of the wet and dry lands was brought under

under cultivation this year, in the expectation of further seasonable rains, there were showers of rain on the 16th June & 2d July last, which proved very beneficial to the Crops on the ground, but subsequently there having been no rain whatever, both the Dry and Wet Crops are in much danger and there is now every prospect of the season turning out very bad, the population generally are honest but are now suffering severely and that unless means of relief should are afforded them, they are very likely to resort to crime to obtain their livelihood and under such circumstances, he anticipates great difficulty to preserve the peace of the Country, and he therefore recommends in strong terms that employment be given to those who may wish it on Public Works to be undertaken at once.

2 I would therefore request that the Board will obtain as early as practicable the Sanction of Government for the measures proposed in my letter of 26th Instant

Instant or at least

No. 18.

To
J. D. Sim Esqr
Secretary to the
Board of Revenue
Fort St. George

Bd No. 3510.
From the Collector
of Cuddapah } Para 1.

Sir.

I have the honor to acknowledge the receipt of the Board's Circular No. 2,204. dated the 25th Ultimo. and to submit the following information on Petitions Nos. 3793 of 1857 and 1354 of 1858.—

2 It appears from the report and papers submitted by the Tahasildar of Rodcoonttah talook in 1856. that the aggregate amount of Dasayee Enams in the 14 Villages in the said Talook is 426-4-13. subject to a Jodee of 81 Pagodas. payable to circar by the Enamdars. This Enam is entered in the Pymash Jarvay and Enamity accounts of Fusly 1220. in the name of Gurdiah, father of Eswariah, complained against by the Petitioner. and in the Jodee Puttah granted from Fusly 1221 to 1240 the name of Soobarayadoo, Eldest son of the original grantee and brother of the Defendant is entered, and after his death, from Fusly 1247 upto Fusly 1265, this Jodee Puttah was granted in the name of the

x Petition No. 1354 of 1858.

Defendant Eswariah, who paid the full amount of Jodee Pagodas 81 which was formerly paid by his deceased father and Elder Brother.—

3 Of the total Enam above alluded to, lands assessed at Pagodas 27-6-3 in two Villages have been in the enjoyment of Immaraug and prior to him in that of his father, for a length of time without paying Jodee to Circar. The Defendant Eswariah argues, that the Petitioner & his father did not enjoy this portion of the Enam upon any right or title to it, but on Condition of paying a Rent of Rupees 50 annually to the Defendant there appears to be no exaggeration in this Statement from the fact that neither the Petitioner nor his father paid Jodee, which they should have done had they any claim to the portion of the land they held. The land in question having been accordingly made over to the Petitioners father Vencatrayadoo in the year Swabhanoo (1823) the rent was regularly & punctually paid up to Fasly 1262 / 1852/53 by the Petitioner and before him by his father. In Fasly 1263. the Petitioner having withheld payment, the Defendant prevented Petitioner from

Kulla goottah } P. F. a 11-5-4
Amaniadalla } 16-0-15
27-6-3

from cultivating the land in the succeeding fasly 1264-

4 It further appears that no documents were executed either by the Petitioner or by his father in favour of the Defendant regarding the rent to be paid for the land - two witnesses were produced by the Defendant to prove that he had received from Petitioner 50 Rs. the rent for Fasly 1262-3. In the year 1813, the Petitioners father Vencatrayadoo, having put forth a claim for a share in the disputed Enam, the then Collector Mr. Rose gave an Endorsement on the 28th September 1813. ordering Petitioner's father to have his claim settled by a private arrangement between the parties themselves.—

5 The parties are grandsons of two Brothers and this probably may be the cause of the long standing dispute being second cousins in the Male line. However, as it was not considered proper that the Petitioner should enjoy the land for such a length of time, without paying Jody, which the Defendant had paid from the begining, Petitioner was ordered on the 25th February 1856 to pay the Defendant annually Pagodas 6-2-9 his share of Jodee.—

6. With regard to the question

put

put by the Board, whether the enam= lapses on the death of the incumbent; I would beg to state, that this being a Dasayee Enam of the description mentioned in my letter to the Board under date the 29th June last-No. 69, I can see no causes to alter the opinion expressed in the concluding part of the 2d para of that letter.

On Petition No. 943 of 1856, the Board requested to be informed whether there was any objections to the parties being allowed to prosecute their claims before the Civil Tribunals, to which I replied in my letter dated 19th July 1858 recommending that the parties should be allowed to prosecute their claims before the Courts rather than before the Collector, as points of Hindoo law had to be discussed.

8. The 2 Petitions which accompanied the above Circular are herewith returned.

Cuddapah Collector's Office, 31st July 1858

B. No. 3918
From the Collector
of Salem

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue dated the 28th April 1858, No. 1509, circulating to all Collectors for their information and guidance Extract Minutes of Consultation of the 29th March 1858. No. 801 Revenue Department, with a Copy of the Board's Proceedings dated the 1st December 1857, relating to the working of the Collectorate Presses during the Official year 1856/57 and directing the Collectors who have been supplied with Presses to furnish an estimate for Type and other Materials, as well as for Book binding apparatus ~~as required~~ by Government in Paras 7 & 8 of their Minutes above referred to, I have the honor to enclose the required Estimate

Fort St. George 31st. August 1858

Estimate for the Type and other Materials still wanting in the Salem Press, as well as an Estimate for Book binding apparatus.—

2 The Estimate shews the supplies already received and those still required to make my Office Press thoroughly efficient. The value of all the articles entered in the list has not been given, as I have no means of ascertaining that information.—

3 The "Coat of Arms" and the "Printing Paper" entered in the list are required for the Salem Gazette.—

4 The Government scale of Charges for printing circulated with the Boards letter dated the 10th. September 1856 has been adopted from the current Official year. It was not adhered to during the two last Official years, owing to some difficulty experienced in my Office in understanding that scale, but latterly I have obtained the

x 1856/57 & 1857/58

Fort St. George 31st. August 1858

the Services of a Head Compositor who understood the scale, and therefore have brought into practice. The scale adopted for charging the work done during the past two Official years is given in the Reports for those two years.—

5 I also beg to enclose as required in the concluding part of Para 4 of the Minutes, 2 original lists received from the Civil Judge at Salem, one shewing the papers actually printed for the use of the Courts and the other shewing the papers that might be printed for the same purpose.—

14337. Fort Saint George 31st August 1858.

No 148

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort Saint George

Sir

Bd No 3448
From the Collector of N. Arcot
Affords the information required by the Board in Extract from their Pro: dated 13th July 1858. No 2595 regarding the Jaghire in the Village of Kattimanoor in the Vellore Talook.

I have the honor with reference to Extract from the Proceedings of the Board of Revenue dated 13th July 1858 No 2595, to state that on the death of Subadar Syed Casim the Jaghire in question passed to his son Abdool Musjeed.

The entire Jaghire consists of 50 Cawnies of land, one half of which have been long in the possession of Abdool Musjeed's Sisters Son Syed Salaur. This Subdivision was unauthorized - In 1853, Abdool Musjeed died, and I have registered the entire Enam in the name of Syed Salaur who is the male heir of Abdool Musjeed, and the head of the family. I have entered in the Registry, the names of the two wives of the deceased as a security for their claiming that share to which they are entitled under Mohomedan Law; but no subdivision of

x Copy herewith forwarded.

15

of the enam has been authorized.—

3 With reference to the remark in the concluding part of the Board's Proceedings, I beg to state that I have not been enabled to complete the enquiry in question. There was some delay in the attendance of the requisite parties in consequence of Summabundy Settlement being in progress in their Taloq & Vellore. They have however at last appeared and I have obtained from the Curnum a Statement of the balance due by the Cultivators to the Enamdar.—

4 Regarding the 25 Cawnies that have always been in the enjoyment of Syed Salaur, there appears to be no dispute but with regard to the 25 Cawnies in the possession of the deceased Abdool Mujeed a dispute has long existed as to the parties to whom the Teerwah should be paid. In 1844, Abdool Mujeed filed an agreement in the Civil Court with his creditor Pudmanaba Moodely binding himself to pay him 4,000 and odd rupees. In 1854 some

some of the ryots became sureties for this debt, and it was agreed that they should collect the Teerwah of the Enam and pay it to the creditor. This arrangement is said to have been sanctioned by the Collector Mr. Bourdillon. A reference to former records is necessary to complete the enquiry which will be made as soon as possible and a full report submitted.—

5 The number of ryots who cultivate the lands of the Village in question is 23. Besides the 50 Cawnies of Enam land, they cultivate about 100 Cawnies of Government land in the same Village, and the assessment of which they have for 2 or 3 years obtained a temporary remission and now enjoy a fixed reduction. They claim a similar indulgence on the assessment of the 50 Cawnies of Enam land; but as that would reduce the value of the Enam, I do not see how their claim can be admitted.

North Arcot Collectors Circuit Cutcherry Gorramtum 29th July 1858.

(Signed) C. Whittinghame
Collector

14340

Fort St. George 31st. August 1858.

Extract from the Register of the lapsed Enams in the District of North Arcot.

Case No.	Taluk and Village and Extent and Value of the entire Enam	When and by whom granted. Name of the original grantee as Sunnads or other documents in support of the grant	Nature of the grant, charity or service if service Nature of the duty prescribed by the grant	Name of the last holder, date of his decease & the relation & Ship in which he stood to the grantee	Share enjoyed by the deceased & that held by the other members	Family left by the deceased & name & age of the parties their circumstances & the means of subsistence possessed by them	Recommendation of the Collector and the grounds on which it is made.
	Reclamanoor in Vellore Salem Cacoll. Knight. 57. 352-13-6	Granted by the British Government on the 5th September 1807 Syed Cassim Sooba dar is the original Grantee.	For the maintenance of family	Abdool Musseed son of the original grantee Died on the 5th March 1853 Reported by the Tahsildar 28th February 1854	½ Share continued in the enjoyment of the deceased & the remaining ½ Share in the enjoyment of Syed Salar the son of the deceased & sister and others.	1 Nannibee the 1st wife of the deceased aged 50. 2 Caloonnabagum the 2d Wife of the deceased aged 38. 3 Camberbee the daughter of the 2d wife of the deceased aged 10. 4 Syed Mohamed the son of one Nicka wife of the deceased aged 32.	The original grant not being forthcoming, application for a copy was made to the Collector of South Arcot in whose District the Village of Reclamanoor was included at the time of the grant. It appears by the Copy of the Purwanah forwarded by that Officer that the Enam was granted by the Governor in Council on the 10th July 1807, to Syed Cassim and his heirs, in consideration of his services. From the original grantee, it descended to his son Abdool Mahseed, and his daughter Fatimabee's son, Syed Salar; these two enjoyed it in common until Abdool Mahseed's death in 1853.

The present Claimants did not produce the original deed of gift which is said to have been granted by the Government in support of it, but state that it was filed in the Court in a suit. The Tahsildar encloses a copy of

The

14341

York 2nd George 31st August 1858.

case No.	Taluk and Village and extent and Value of the entire Enam	When and by whom granted Name of the original grantee Summons on other Documents in support of the grant	Nature of the grant Hereditary or service Nature of the duty prescribed by the grant	Names of the last Holder or date of his decease and the relationship in which he stood to the grantee	Share enjoyed by the deceased and that held by the other members	Family left by the deceased and name and age of the parties their circumstances and the means of subsistance professed by them	Recommendation of the Collector and the grounds in which it is made
		of a summons issued by Mr. Ross the then Sub Collector on the 5th September 1807 regarding the subject.					The 4 persons named in Column 7 now claim the Enam. There are besides two other claimants, Viz. Zaynulsah, the 2d on wife of the original grantee, and her daughter Bambee. These two persons however intimate enjoy any portion of the Enam. The former to have been the Nicka wife of the original grantee, received only a money allowance of 2 Pagodas. Her marriage is however called in question by the opposite party of claimants Zaynulsah and her daughter have not any tittle to the Enam but are entitled to receive support from the Enamdars. The mother of the 4th claimant in Column 7 Syed Mohammed is stated to have been the Nicka wife of the deceased abdool Mahseed, but this marriage is called in question by the second claimant Calioonabegum, abdool Mahaseeds second wife, and Syed Salar Joint Enamdar with abdool Mahseed Local enquiry has failed to establish the fact of the marriage

Fort St. George

B. No. 3575
From the A. Coll. of Tinnevelly

Sir,

Adverting to my letter of the 26th May 1858. No. 190, recommending the dismissal of the Tahsildar of Sheevilly poottoor Talook. I have the honor to transmit four Petitions from him, the said Tahsildar, appealing against the decisions of the Sub Collector under Regulation IX of 1822; the Original Proceedings in reference to the Charges preferred against him are also forwarded, together with the following explanations. —

2 The Tahsildar addressed two Petitions to me dated 23rd & 26th May respectively, appealing against the decisions of the Sub Collector; and subsequently, he tendered two other appeals, both dated 26th June, for transmission to the Board of Revenue: these I have detained pending the disposal of the appeals made to myself in the first instance. —

With

3 With reference to the Petitions of the 23d and 26th May, the former of which Preceived on the 26th and the latter on the 28th idem, after having despatched the letter above-mentioned, I called for the entire proceedings instituted in both cases. They reached me on the 10th July, and after an attentive Considera-tion of the Circumstances I am disposed to Concur with the verdict of the Sub Collector

4. The Chief points for Considera-tion mooted by the Appellant in his first Petition to the Board, are in the first place, that the portion of the Vaulay coolum Nunjah lands referred to by the Sub Collector as not having suffered from short produce during the Beshe-num of Fasly 1267 did so suffer; for the Ac-counts shew that the seeds were sown in October, November, December and January, and therefore to yield full Crops, they would require water till the Month of April; but the Vaulay coolum tank upon which these Cultivations depended had water only till the

the beginning of February; and 2ndly that the Curnom and Meerasidar having reported to him that the above lands had yielded a short produce, he directed his Subordinates to inspect the Crops, and they having veri-fied the report, he ordered the Crops to be gathered; but, under Such circumstances he cannot be accused of having Connived at defrauding Government of a revenue amounting to Rupees 2558.—

5 With respect to the 1st Point, I have to observe that the Monthly account of Cultivation shews that an Extent of above 225 Cullahs of land had been Cultivated in Vaulay coolum from October to January, whilst the Register of water proves, beyond a doubt, that there were 10 days water re-maining in the Vaulay Coolum tank in February; and that a further Supply of 10 days more water had been freshly received in March. The seeds Sown on these lands during the aforesaid Months, were of a description that did not require more water, than is Ordinarily Sufficient,

sufficient, and was available to bring the crops to full maturity, in the Month of March. The accounts shew that above 82 Send Cattahs, sown between the Months of October and January in the same Village, had yielded full produce, which could not have been the case if they required water until April

6 As regards the Petitioners 2d Point of objection it is to be observed that the Tahsildar alluding to local rains and additional supplies of water then received into the tank, ordered on the 7th March and again on 2d April that the crops which were then being reaped should be inspected and their condition reported to him. It is therefore apparent that the Tahsildar then considered the supply of water sufficient to ensure a full produce and that he doubted the veracity of the report he had received; and, with such an impression on his mind it was clearly his duty to have proceeded to the place himself, and inspected the crops instead of which, he delegates to this trust,

a

a goomastah, and upon his report of short produce, unhesitatingly directs the crops to be reaped.—

7 The second Petition to the Board contains the following pleadings.

1st That the Cultivation was commenced in the Village of Culputty subsequent to the 20th of December; that it was of a kind that required Continual irrigation for four Months to produce a good harvest, that since February the fields were perfectly dry for 60 and 70 days together, from a want of water; and that there is no well in the vicinity of these lands from which water could be conveyed to them.—

2d That short produce had occurred, even in the neighbouring Villages, on Cultivation of the same discription as that raised in Culputty; and had been admitted by the Sub Collector.—

3d That he obtained a Mahazur signed from 27 individuals; and though only 3 out of the 14 persons Examined, denied

the

the truth of that Document through the instigation of others, yet the Sub Collector dwells much on that Circumstance, and,

4th That the Witnesses who deposed against him are inimical to him.-

1st Paint 8 In reference to the 1st Paint it appears by the Register of water that the Culpetty tank had received a supply of water in October favorable to tillage: and it is therefore most probable that the Ryats must have begun Cultivation at that time, although it is shown in the Salook Cultivation accounts not to have commenced till after the 20th December. There might have been some deficiency of water for bringing the Crops to maturity but that deficiency could have been supplied from a well that is situated in the vicinity, and from springs that were purposely excavated. There was Consequently no impediment to the growth of the Crops, and full produce from them.—

No

2d Paint 9 No Complaint of fraud had been received from the neighboring Villages referred to by the Appellant, Lands that might suffer from short produce in proportion to the nature of the soil, and want of water; and such disadvantage in Neighboring Villages need not necessarily affect the Crops in the village in question

3d Paint 10 Of the 27 witnesses to the Mahazurnamah, 14 were examined, and as 3 of them have distinctly deposed to the irregular manner in which the Mahazurnamah was written up, it was unnecessary to prolong the investigation.—

4th Paint 11 The Tahsildar can impute enmity to only two of the several witnesses that were Examined.-

12 It appears, therefore that the conduct of the Tahsildar was indefensible: and the Sub Collector also states in his letter of the 17th May last, a copy of which was forwarded with Mine of 26th idem that he has all along had reason to suspect the Tahsildars

Fort St. George 31st August 1858

Tahsildars integrity and that he was otherwise dissatisfied with him I do not find any reason to dissent from the decision of the sub Collector, and his opinion that the Tahsildar ought to be dismissed from the public service. —

13. The other Defendants involved in the above cases and named in the decisions of the sub Collector, Copies of which have been likewise submitted to the Board with my letter of the 26th May, have also appealed to me, and their Petitions with translations of my orders thereon, are herewith forwarded. I consider that the sub Collector has come to correct conclusions regarding each of these Defendants, and accordingly confirm his findings. —

Bd No. 3765
From the Acting Collr
of Malabar . . . .

Sir,

No. 971

In carrying out the views of Government as contained in Esctract Minutes of Consultation dated 15th July 1858 in regard to the assimilation of the Land and Sea Tariff for imports and exports between the Madras Territories and Foreign Settlements in this Presidency it appears that the poorer Classes of Malabar are so much in the habit of drawing their household Supplies from the Villages within the British limits that to carry out orders in their integrity would bear very heavily on them I have therefore given instructions that Such Supplies /vizt paddy &c/ to the value of 8 Annas are to be allowed to pass free of

of duty until further orders. The duty in such cases would only amount to one and a half and two price and the course pursued is in accordance with the privilege extended to the Pondicherry Villages.

2. The early orders of Government on the subject are requested.

Calicut
16th August 1858

/Signed/ P. Grant

Board N: 3358.
From the Collector of Madras

Sir,

I have had the honor to receive with the Proceedings of the Board dated 27th instant N: 2842 Copy of Extract Minutes of Consultation 29th June 1858 N: 2319 by which the Government decline to purchase the land on the Esplanade offered for sale by Etteraj Amal and alluded to in this correspondence as per title has been deemed unsatisfactory by

From Ag Collr 29th May 1857.
From Collr 1st March 1858
From do 21st January 1858.

by the Honorable Company's solicitor.

2. The solicitors strongest objection to the title is set forth in Para 4 but it is not well founded. The Acting Collector (not the Collector as stated) reported under the date mentioned, that the Certificate N: 8851 was supposed to apply to the land under reference but (should) To Board 21st January 1858 Copy of which I presume was furnished to the solicitor with the rest of the correspondence) that the Certificate had been issued for other premises.

3. As far as we can learn no Certificate has been issued for Etteraj Amalls land and she rests her claim on long and as yet undisputed possession.

4. Such long possession in the absence of a valid objection after a Notice in no case extending to more than two Months, is the ground of the issue of very many Certificates from this Office and is the sole title upon which sales of real property take place daily at Madras.

5. There is scarcely any property here coming

coming up to a lawyers idea of a good and sufficient title. "The profession calls the Collectors Certificate" waste paper" and in my opinion is not pleased at the readiness with which they are received by the residents.

6. They cost the applicant usually Rs. 4-8-- and take the place of the mass of engrossed matter styled a "conveyance" with all its heavy charges.

Fort St. George.

Board No. 3735
From the Reporter of External Commerce Madras.

Sir,

I have the honor to acknowledge the receipt of your letter dated 17th instant No. 3133 and in reply to acquaint you for the information of the Board of Revenue that on a reference to the Tanjore import statement for August 1856 it is observed that duty was levied on Tobacco at the rate of 10 per Cent. Under the Act duty on this article on importation is charged at 5 per Cent but under Para I. XII of Act VI of 1844 Collectors are empowered to mitigate penalty of confiscation to the extent of the levy of double duty and it was assumed that under this para the Collector of Tanjore had charged double duty on Tobacco as on Foreign Iron on which 10 per Cent was charged in the same year.

Tobacco Cut. Vide 653 - 9838 - at 10 per Cent 983 - 14

2. With reference to the concluding clause of Para 1 of your letter under reply I have the honor to state that a constant supervision is exercised over the Trade statements received from the Maritime Collectors. Errors and discrepancies are being continually pointed out and I need hardly observe that it is only thus correctness and a degree of uniformity in the statements prepared by me can be attained - In the two last years 170 errors were discovered and noticed to the Collectors' irrespective of numerous errors detected and rectified by this Department.

3. In reply to Para 2 of your letter above quoted I beg to state that in applying the export Tariff the duty is levied upon the Madras Maund of 25 lbs. The entries in the Trade Statements are in lbs and due care is taken in the conversion into lbs as to whether the Maund is Madras or Indian Maund whether the Goods are exported from Madras or at the out Ports.

Sir,

Board No: 3761
From the Offg Chief Engineer

I have the honor to request that I may be favored with a Copy of the Board's letter to Government under date 14th December 1854 and referred to in Para 2 of your communication of the 9th instant No: 3004 as none can be discovered among the records of the central Office.

Central Office of Public Works
Fort St. George 19th August 1858

Signed E. Crawford
Offg Chief Engineer

No: 92

To J. D. Sim Esq
Secretary to the Board of Revenue

Board No: 3823
From the Govt Pleader
12th August 1858

Sir,

I have the honor to acknowledge the receipt of your letter to my address under the date and number noted in the margin and to inform you that I have since had a careful search made among the Records handed over to me by Mr Norton and Mr Boyce the

(the late Government Pleader) for the Extract Minutes of Consultation dated the 20th July 1856 No: 772 and the letter from the Revenue Board dated the 1st August 1856 referred to in your letter now under acknowledgement but I regret to say neither have been found and no register of letters &c. received having been kept by either of those Gentlemen I am unable to trace the matter further.

I have therefore the honor to solicit that you will furnish to me at your convenience Duplicate Copies of the Minutes of Consultation and letter referred to together with all such papers as you may deem to be necessary for my guidance.

Madras,
24th August 1858.

Signed C. Dale
Government Pleader.

No: 96
