Bd. No. 5065
From the Collector of Rajahmundry

Sir

I have the honor to forward as per list accompanying the usual statements connected with the Settlement of this District for Fusly 1266 A.D. 1856/57

Season

Seasonable rains fell pretty generally

generally in may and June admitting of the Cultivation of the early canal crops as well as those of Sugar cane Indigo Gingely oil seeds &c. and the sowing of the seed beds for the wet land cultivation About 5 inches of rain fell in July and we had heavy rain in August and September which did some injury to the early dry crops including that of Gingely oil seed which in parts suffered considerably In the upper Talooks the continued wet hindered the cultivation of the Jamma Crop The wet cultivation both under tanks in the upper Talooks and in the Delta Talooks under the influence of the Anicut was carried on to the full extent except in cases where the lands were sub-merged There was a little rain in the early part of October and a heavy fall towards the latter end of the following

following month throughout the District from which the wet Crops derived much benefit They suffered however in parts from Grubs These rains were favorable for Cotton and Tobacco Cultivation Two days rain in December was of Service to the growing dry and Cotton Crops The Summar rice Cultivation (Dalva) as well as well as that of Gingely Oil seeds was carried on by help of the Anicut irrigation except in the Colair Kama-chendrapur Talook in which Talook these Crops were not raised to any extent in the year under report owing to the Coringa main Channel having been closed for repairs

On the whole the Poonasa

Crop

15842

Fort St George 22nd Sept. 1858

Crops yielded but an indifferent return for reasons given above. The same was the case as regards the Samma Crop in the Rajahmundry Collapully Dcn. Taloohs The outturn of the black paddy Crop was " good and the irrigated rice lands yielded generally a fair Crop The return of the summar rice cultivation and of the Second Crop of Gingely Oil " Seeds as well as of the Sugar Cane plantations was good The same was the case with the later dry Crops, Pulses Tobacco Dcn "

Health 4 The District continued healthy Cholera " showed itself in parts " towards

15843

Fort St. George 22nd. September 1858

towards the close of the Fasly but the Mortality was below that from the same cause in the previous year as was the case as regards small Pox. Fever was more than usually prevalent during the cold weather in the upper Taloohs.

	Fasly 1265	Fasly 1266
Cholera	294	268
Small Pox	502	422
Fever and other diseases	4203	4546
Epidemic diseases among the Cattle	16,060	20,020

5 Epidemic disease among the Cattle was very prevalent especially in the Taloohs of Cumpavaram, Longemperty and Bickavole - The mortality greatly exceeded that of the previous Fasly.

Price of grain 6 Statement No. 2 Showing the average prices of the different sorts of grain sold

calls for no particular remark. Prices though showing an average slightly lower than in the previous year continued highly remunerative. Larger production caused a fall in the price of Horse gram.

Census 7 A census of the District was taken just at the close of Fusly 1260 the last having been taken in Fusly 1260 under the Boards Circular Order of 7th February 1850. The marginal abstract prepared from Statement No. 17 shows an increase of 69,667 above the number entered in the accounts for Fusly 1260 every care was taken by me to have the Census taken as correctly as the means at my disposal would

would admit. The accounts were of necessity prepared in the first instance by the village Officers but were carefully checked by the Tahsildars and their Subordinate and those of a certain number of Towns and villages re-examined by the Nair Sheristadar and other Servants who were deputed by me for the purpose. The main cause of the increase in the Langumpurty Taluk is I should mention owing to the population of Lattapully estate not having been taken in Fusly 1263.

Number of Villages 8 There was no change in the total number of Villages or hamlets. The villages of Banda poram which reverted to Govern-

has of course been classed as one of the Government villages which now including Agraharums, Inocapsa and Naturpha villages number as in the margin. There remaining 790 including 20 Agraharums are Zemindary and proprietary villages. Of them 211 belong to the Pettapore and 53 to the Polavaram and Pattesseem estates now under the court of Wards the others are under the direct management of their respective Proprietors.

11 The number of Government villages paying land revenue is 820 and 476 hamlets of these latter 460 are not independent Villages - In the other 16 separate Puttahs are given as if they were distinct villages and I therefore propose they should be so classed from the present Fusly

12 The Statement given below shows the land agreed for and that actually cultivated in the two last Fusles The Sources of irrigation are noticed A net increase of Rupees 18912 in the assessment on the land taken up and Rupees 41649 in that of the actual cultivation above the previous Fusly is apparent.

Total 58341 58343 The decrease of Rupees in the dry and wet lands irrigated from the sources than the Anicut has arisen mainly from such lands having been brought under the influence of the Anicut channels and transferred therefore to that head The increase of Rupees 10725 3 in the wet lands irrigated by Anicut channels is owing partly to the reason above given and partly to the amount of water taxe fixed on these lands having been included The increase of Rupees 7637 under Inlands is occasioned partly by certain lands of this description having

Fort St. George 22 September 1858

having been carefully measured and the true extent assessed to the revenue and partly to higher rents having been obtained for some Inlands I have endeavoured as far as possible to do away with the practice of the annual measurement of these lands, and in many cases the Ryots have agreed to take the rent for the year unconditionally, and not as was formerly the practice subject to the result shown by the measurement after the freshes had subsided

14 Under the head of actual cultivation in the above Abstract there is a net increase of Rupees 41649 caused by a gross increase of Rupees 6330 and

and 102247 in Islands and
wet lands and a gross decrease
of Rupees 46685 in dry and
Rupees 19243 in land irrigated
by other sources than the Anic=
=cut. These fluctuations arise
chiefly from the causes notic=
=ed in the preceding Para.

15 The net increase
in the assessment of land e=
taken up for cultivation is e=
Rupees 48912 and results from
a gross increase of Rupees 62494
and a gross decrease of Ru=
=pees 13582. Of the gross
increase Rupees 43866-14-9
is on account of water taxe
newly

newly imposed on lands irrigated
from the Anicut channels in the
present year. The remainder
is mainly the assessment on
Islands assessed as before noted
after careful measurement on
lands hitherto uncultivated but
now brought under the Plough in
the Delta Taloohs and land
not included in the Joint rent
cultivated in the upper Taloohs.

16 The principal items
of gross decrease are 8408-1-7
the assessment on land either e=
covered by land from the Go=
=dovery floods or occupied by
channels and embankments
and Rupees 4209-11-9 reductions

that such was called for.

17 It will be seen from the
statement given at Para 12 that
there was in the aggregate a decrease
of 2775 acres in the extent of land ac=
=tually cultivated in the year un=
=der report. This was principally
in the Bichapole Canpavaram and
Linguimpatty Talooks. In the
first, in consequence of certain
lands having been under inF
=undation and other tracts having
become unproductive (rewa) In
the two last named Talooks the
falling off is attributable to
the less favorable nature of the
season.

Remission 19 It will be seen from the abstract in Para 18 that remissions were granted during the Settlement of this year to the amount of Rupees 66757 being a net increase of Rupees 1677 above those

those granted in the previous years Of the above the sum of Rupees 8810 is chiefly the assessment on lands unfit for cultivation from various causes and is entered under the head of "Occasional" and Rupees 56947 being the amount of ready money allowance under that of "ordinary" in Statement No.4 - This statement exhibits the details of the different items but a few observations in explanation of the increase and decrease under certain heads, are necessary

Lands washed away by the river. Net increase 1090.

The extent of land washed away by the river in the year under review was but small remissions were however allowed to the amount of Rupees 2047. being

being the assessment on dry lands which had been washed away in previous Fuslees, though the assessment had still been included in the demand owing to the detailed accounts not having been furnished till the settlement of the Fusly under report

Land granted for buildings Increase Rs. 18-6-0

21 Land 3—16 in extent bearing an assessment of Rupees 18-6-0 was granted to certain Ryots the sites of whose dwellings had been washed away by the river in the village of Tondavarum in the Rowley Talook there being no village site land (Gramanentam) available.

Lands inundated Increase Rs. 58-4-4

22 The increase under this head is remission allowed in the villages of Rajahmundry and Doddavaram in Tondemullah Talook

Talook on account of lands rendered unfit for cultivation from being underwater.

The increase under this

Wastes Net Inc 363-15-11

23 head arising chiefly from the remission of Rupees 769 granted in villages in the Mogultoor and Jaggarpoo Talooks in the Sub Division on account of lands not actually taken up for cultivation though so included in the accounts in the first instance.

Remissions were considered

Land unfit for Cultivation Inc Rs. 1605-7-8

24 necessary on certain lands in seven villages in the Catah Ramachendrapoor and Comparavanda Talooks which had become saline and for the present unfit for cultivation. They were not granted without careful examination and enquiry.

The

Jeervaj asty or Water Cess Increase of Remission Rupees 514-3-6.

25 The remission under this head has arisen partly from certain lands in the village of Bheemacopse = pallem in the Colah Rama = chendrapoor Talook being rendered unfit for cultiva = tion and partly from the assessment on the lands of two villages in the Tarnoko Talook fixed in the first in = stance @ 10 per Cent on the revenue having been reduced to 5 per Cent as they had been cultivated with dry instead of wet Crops in the Fasly under report.

Land given in Exchange for that taken up for Taylor pettah. Increase Rs. 289-1-

26 The increase shown under this head is the assess = ment of 40 Acres of land given to certain parties in exchange for land taken up as the site of

of the new Town at Nursapoor under the Sanction of Government dated 21st November 1855.

Ready money allowances Net Increase Rs. 1275

27 The amount disbursed under this head during the Fasly under report is Rupees 5381-12-4 being a net Increase of Rupees 1275 above the last. The principal item is on account of Village vernacular schools in the Tandemallah Talook. The ryots of a number of Villages in this Talook expressed their readiness to subscribe as in the other Talooks of the Sub Division and this sum is the amount disbursed from the subscription on this account. The whole amount subscribed being brought to account in the first

instance.

Two

28 Tax Moonsiffs were nearly employed in the Villages of Vallore and Bundapooram the latter villages having recently reverted to Government and some additional Pettendars were appointed principally in the Sub Division. An allowance was granted on account of Shroffs in five Villages where such officials were urgently required and in three an allowance was granted for Nairk wadies. The above are the principal causes of the remaining increase in the remissions in the head under remark.

Sundry Items

29 It will be seen from the Abstract in para 18 that the Total Demand under this head which has hitherto been

termed "Ready Money Collections" is Rupees 189908 being a net increase of Rupees 77018 above the preceding Fasly. the causes of which I now proceed briefly to explain.

Water tax on Agraharams Inc. Rs. 461-1-10.

30 This is owing to a water tax having been imposed this year

Water tax on Inamdar lands in Proprietary Estates — Inc. 65-60-15-5.

31 Occasioned by a further imposition of the water tax on lands irrigated from the Anicut Channels in the Zemindary Estate of Pettapore under the Management of the Court of Wards.

Water tax on Inams in Proprietary estates Inc. Rs. 14,668-10-8

32 A tax for the use of the Anicut water having been levied on all Inam lands in Proprietary estates during the Fasly under report in common with Inams similarly watered in the Government Villages is the

the cause of this increase.—

Sodas on Inam Dec-Bk. 112 ... 33 The decrease has arisen chiefly from some Cuttoobadys enams having been washed away by the Go= =davary and from short produce in certain enamp of a similar descrip= =tion the amount payable on which varies with the actually outturn

As the measures adopted for the imposition of a water cess from

from the subject of a separate report it is not necessary to enlarge on the matter in this place.—

Duit Rent Decrease Pr. 25

37 This small decrease has arisen from the amount usually levied from the Ferry men at Bodasakooroo in the Amlapoor "Talook having been transferred from this head to that of "Local Funds" under orders of the Board dated 7th May 1856.—

Fusly	Acres
1265	3080

Fort St. George 22d. September 1858

46 Of the balance shown from the above statement to be still outstanding about Rupees 5000 are due on account of tax on Inams principally in the Bickavole Talook for the use of the Godavery water Certain enamdars having refused on various pretexts to pay the demand - I have directed the attachment of their enams, and unless they can show good grounds for not paying which I am satisfied in most cases they will not be able to do it will become my duty to recommend that the attachment should be made permanent. Of the remainder a portion is under realization, a portion is due by Ryots too poor to pay and

been enforced in this branch of Expenditure and Rupees 3402 in the Extra Revenue Charges owing principally to the non Employment of Extra Goomastahs during the Settlement.-

Proceedings 30th June 1856

50 In para 17 of the Sub. Collectors report the further information called for by the late Commissioner regarding the Commutation of the Annual Demand on certain Inamdars in Tandemullah is a fixed rent is given - It will be seen that certain years were omitted when striking the average because no Cultivation at all took place in those years. But even with this omission there is no reason to consider the new rates at all burdensome - The fixed

rent

quit rent. the Sub Collector observes was distributed among the ex enamdars by classifying their lands and by apportioning the cist & according to certain rates unanimously agreed to by all parties & concerned.

Extra sources of Revenue

57 Now proceed to the Extra branches of Revenue for the Fasly under report.

Abkarry Demand.

52 The annexed statement shows a net increase of Rupees 5050 in the abkarry & Revenue.

53 As observed in

Para 66 of my report on the Settlement of Fasly 1265. this branch of Revenue was settled under a triennial rent from Fasly 1265 to 1267 in all the Talooks with exception of Rajahmundry which was under Annamy for Fasly 1265 but was rented out at the Commencement of Fasly 1266 for that and the following years. The increase exhibited in the above Statement is attributable chiefly to the increase of Rupees 2441 in the rents of the Rajahmundry Talooks. In the first years of Comparison a reduction was allowed in Consequence of the change in the date on which the Fasly year Commenced.

Under this head
there is a Net increase of
Rupees 1341-2-3 arising from
a gross increase of Rupees 6721
and

and a gross decrease of Rupees 5380
in different items as shown in
Statement No 8.

Para 68 of report

56 It is proper to notice
that in last Fusly the Demand
on account of this branch of
Revenue was entered as Rupees
51246-4-4 It has been since
raised to Rupees 60767-12-7 by
the transfer of the Fishing tax
to this head from that of Land
Revenue under the instructions
of the Board dated the 5th
November 1856.

Collections

57 Of the current demand
Rupees 59769 were realized
within the Fusly and Rupees
1804-11-9 up to 31st October
leaving a balance of Rupees 535-0-3
for

for speedy realization of which measures have been adopted. —

Arrears 58 The amount of arrears outstanding at the commencement of the Fusly was Rupees 4312-4-6 of which Rupees 3725-11-1 have been since collected leaving a balance of Rupees 589-9-4 as follows. —

In para 7/1 of the last years report, the causes of the balance outstanding on account of arrears of Inaturpha were fully stated and sanctioned

for

for writing off Rupees 87-6-9 for Fusly 1263 and Rupees 267-7-1 for Fusly 1264 solicited. Of these however 14 Rupees have since been collected as well as a sum of Rupees 9-10-0 in the amount claimed as recoverable leaving 5 Rupees which cannot be realized and which has therefore now been included under the irrecoverable head. In the sum of Rupees 4968-7-11 claimed as irrecoverable under the head of land Revenue in my last report, Rupees 16-9-0 on account of Fusly 1263 and Rupees 12-12-0 in part of Rupees 26-11-3 of Fusly 1264 were outstanding under the head of "Fishery Tax" These sums have now been deducted from the irrecoverable arrears

of

of land revenue and included under a similar head in Mota-
=pha. Of the balance outstanding under both heads on account of Fusly 1265 a sum of Rupees 30-12-6 is recoverable. The total amount therefore which is now recommend
=ed to be written off on account of Fusles 1263-64 & 66 is Rupees as shown in the margin

I must mention that the balance outstanding for Fusly 1265 was carefully enquired into and was found to be due principally by Shepherds who had left the country and a sum of 5-3 Rs. was due by parties too poor to pay.

Salt

59 The accounts connected with

with the Salt revenue for the year under notice are submitted as entered in the list alluded to in Para 1 of this report.

60 Of the two stores hitherto established in this District that of Inguttoor was abolished at the end of January by which time the Salt in store was all disposed of, the sales in the Casapak (Pettapoor) Division having been stopped in order to the speedy sale of the Salt re-
=maining at Inguttoor. The establish
=ment at the Carapak store accord
=ing to the revised Inogen Jabitah was brought into operation on the 21st April as reported in my letter of the 26th May last.

61 The Carapak Salt Division at present consists of 32593 Pans in 10 villages and the following

following Statement shows the quantity of Salt the Manufacturers agreed to make, the quantity actually Manufactured in each village or group of pans, as well as the amount received into store.—

62 The Manufacture of Salt was

carried on in 27657 Pans in the first mentioned seven Villages last year while in the period under review 32593 pans in 10 Villages were at work. Of these 3217 were in the Villages No. 8 and 9 not worked last year though in the one preceding it. The manufacture of Salt in 1,719 pans at the last mentioned Village was allowed this year.

63 The measures adopted for the improvement of the manufacture of the article and the result thus far attained having been noticed in a separate communication it is not necessary to do more than observe the manufacturers pursued the Nellore System in preparing the pans. They began work

Fort St George 22nd September 1858

work in the pans from 16th January and the collecting of the Salt commenced on the 18th March and finally closed on the 10th June.-

64 The season was much more favorable than the previous one though they were complaints that the Sun was not as powerful as usual and evaporation consequently less rapid - every exertion was made to manufacture as much Salt as possible but the rains set in early and the whole of the Salt agreed for could not be made - There was however an increase of 3.17.876 Indian Maunds in the Estimated produce of the Fasly above the produce of the previous Season.-

65 The Salt manufactured though

Fort St George 22nd September 1858

though not equal to the Nellore Salt was a good deal better than had hitherto been made - All very inferior Salt was destroyed and as the Manufacturers had gone to a considerable expense in preparing their pans, I thought it right to give them the full Sanctioned rate for all Salt accepted on the understanding that unless further improvement was apparent in the following Season the rate would be reduced.-

The

67- The rumour of the intended abolition of the Mogultoor Store and the probable closing for a time of the sales at the Carapah (Pittapore) got abroad shortly before the close of Fasly 1265 which caused a consideration run upon the last named Stores at the end of that year hence the decrease in the present under the head of Home consumption- The decrease in the exports by Sea is mainly owing to the smaller quantity of Salt available for private trade in the Season under report and to no Salt having been supplied on Government indent no advances having been made in Fasly 1265 there was no recoveries under this head.-

The abolition of the Mogultoor Store caused a decrease in the Salaries of Establishment and Saderwarcd. The increase under advance is owing to such having been made to the Salt Manufacturers for Fusly 1266 as

as a special case and under the circumstances detailed in my letter of the 8th January last. The decrease in the Coodawarum is accounted for from a smaller quantity of Salt manufactured in Fusly 1265 being paid for in the Fusly under report. The decrease of Rupees 4,604 in the Extra charges is mainly owing to the smaller disbursements on account of charges for exportation by Sea for storing and for extra Peons certain Sums due to the latter not having been charged within the Fasly owing to the passed bills not having been received from the Civil Auditor.-

69 The Statement of wastage exhibits a wastage of 19230-32 in the Carapah Division and 16450 - 13-5 in that of Mogultoor. The account which is attached to the Statement shews

Fort St George 22nd September 1858.

Shews the particulars of the same and the allowance fairly to be made in certain cases of the Salt stored in Fasly 1265 in the Carapah Division 50 heaps stored and Sold by weight and 28 heaps stored by weight & sold by measurement contained Salt the produce of Fasly 1264 regarding which I made some observations in my report of Fasly 1265. The long continuance of this Salt in Store has of course increased the wastage. There were 74 heaps stored and Sold by measurement the produce of the same and the following Fasly. The salt so stored in Fasly 1263 in the Mogultoor Division is the produce of that Fasly and therefore a deduction of 5 per Cent must be allowed the heaps having been stored with the old mercals and sold

by

Fort St George 22nd September 1858

by the new as explained in my reports of Fuslies 1264 and 1265 and my letter dated 7th May 1856. The actual wastage was about 13 per Cent occasioned by the Salt having been in Store for about three years.

The

Fort St George 22nd September 1858.

The large decrease in the Exports is chiefly owing to diminished exportation of Grain and Gingely Oil Seed both on British and Foreign bottoms to England France and the Mauritius. The export season was rather late and a good deal of produce was not shipped till after the close of the Fusly.-

71 It will be seen from Statement No 14 that there is a decrease of Rupees 3863-8 in the Sea Customs Charges which is mainly owing to no refunds having been made as in last Fusly on account of duty improperly levied after the passing of act XXX of 1854.-

72. The following Comparative Statement of the Collections on account of Frontier

Extra Revenue

7th Statement № 9 shews a net decrease under this head of Rupees 5616 arising from a gross decrease of Rupees 6831 and a gross increase of Rupees 1215. The former is partly

Rs 1826-3-- in the amount of fines levied under Regulation IX of 1822 in marine receipts (chiefly fines imposed on certain parties and Tonnage duty) in stamp duty

in

Fort St. George 22nd September 1858.

in Pauper Suits as well as penalties levied under Regulation II of 1825 and Rupees 3,194-15-8 in the Amount of interest levied from the Proprietors The principal item of gross increase is Rupees 809 in the Emoluments of Moonsiffs and Settendars &c owing to their Offices having been vacant for a time and the sums deducted from the demand as payable to them having been credited to the head under remark.-

No. 21
No. 382

To
The Collector of
Rajahmundry

Sir.

1 I have the honor to send the following report upon the Samalcundy Settlement of the Sub Division of Rajahmundry for Fusly 1266. forwarding 14 Statements prepared according to the forms furnished with Mr. Bourdillon's Memorandum of the 23d August 1856.

2 The Settlement for the year under report was made by the late Acting Sub Collector Mr. Pelly in the months of December. January. and February. before I joined the District.

3 The season was upon the whole a favorable one. though the dry crops on parteally suffered from excessive rain. The wet cultivation. however. was very successful in consequence of the abundant fall of rain. and of the constant supply of ancient water.

4 The subjoined Statement shows the

There were a few cases of small pox and Cholera but the most common disease was jungle fever which is very prevalent and very fatal in the hilly parts of the Division. The great mortality among the cattle is attributed to their feeding upon an unwholesome grass which grows luxuriantly in the swampy soil under the ancient irrigation.

As the quinquennial accounts of the census of the Sub Division were not completed until the end of Fasly 1265. no mention of them was made in the report for that year. an abstract of the census is subjoined.

From

From this Statement it will be observed that the population of the Sub Division is upon the increase, the average rate of increase being about 10 per Cent.

8 The number of Government villages and the mode of their settlement are exhibited in the accompanying Statement.

No.	Taloks	Joint rent Last year	Joint rent Current year	Singlerent Last year	Singlerent Current year	Total Last year	Total Current year

4	Jadimullah	36	34	9	12	45	46
		251	251	19	20	270	271

No variation occurred during the Fusly in the tenure of the villages of Mogultoor and Jamaloo, but in Ondee five villages which were formerly held by single renters were made over to the villagers on joint rents, and three which were under the joint renting system were transferred to the head of singlerent, because the inhabitants of those villages being desirous of obtaining the lease upon a much lower assessment than was considered either

either just or reasonable refused to accept the villages upon the former tenures. Three villages in Jadimullah were farmed out to single renters, in consequence of the paucity of Agricultural labourers in the mountainous and thinly populated region in which those villages are situated. One of these is Bundapoor which was purchased at Auction by Government in Fusly 1262 as all these villages were rented for one year only, they are included under that head in the Statement No. 10 of the Settlement accounts.

9 The prices of the principal grains are given below.

No.	Name of the grains	Price per Madras Garce Fusly 1265	Price per Madras Garce Fusly 1266	Increase	Decrease
	1	2	3	4	5

5	Horse gram	119	90	0	29
6	Ragee	114	94	0	20
7	Varagalu	92	80	0	12

The fall in the price of grain is attributed to the small amount exported to the adjacent districts, in comparison with the quantity exported in former years.

10 The following Statement shews the amarakum, the remissions, the ready money Collections, and other items.

/a/ With reference to Statement No 3 of the Settlement accounts, it appears that the increase in the amaracum for Fusly 1266 is Rupees 21,380 above that of the preceding year, as exhibited in the margin. Of this sum about Rupees 2450 arises from an increase in the amount of the Darkasts received from certain Villages in consequence of their improved condition Rupees 1204 is the assessment imposed upon the Ashalminha lands recently brought under cultivation the sum of Rupees 2233 is an increase of revenue obtained from the cultivation on islands which were lately measured 1723 is the Teeroajasthi fixed upon villages which profit by the irrigation from the Anicut Rupees 346 is the assessment upon the

In some instances, however, the durkasts received from the villages were below the amounts offered in the previous years the amount of the decrease being calculated at 215 Rupees. The net increase is therefore rounded at Rupees 24165.—

/b/ It will be observed by reference to the same statement that the cultivation of Fusly 1266 exceeds that of the preceding Fusly by Rupees 20056 as shown in the adjoined scheme. The items under the head of increase amount to Rupees 23804. A portion of this sum Rupees 23381 is partly the amount of Teeroajas the imposed upon

irrigated villages, and partly the assessment upon Ashalminha lands lately taken under cultivation and the remaining Rupees 424 were realized from Bandapoor which was recently purchased by Government. Those under

under the head of decrease amount to Rupees 3758 of which the sum of 2912 Rupees was remitted for pasture land and Rupees 836 was remitted to the ryots of Alamparr for lands which owing to the neglect of the late Tahsildar of Tanjore were suffered to remain uncultivated. The net increase is therefore Rupees 2088.—

/c/ From the Statement in the margin it appears that Rupees 1795 is the net increase under the head of waste lands. This is owing to neglect on the part of Ryots in some instances and in others to lands being reserved for pasturage. The whole whist on waste lands amounts to Rupees 61,808 particulars of which are given below.—

The whole of the 1st and 2d items and portions of 3d & 4th were remitted on enquiry during Samalumdy the details of which appear in the

the Statement of remission but with respect to the other items, there appeared to be no necessity for following the same course.—

/d/ The remissions granted in Fusly 1266 exceeded those of Fusly 1265 by Rupees 1392 as seen in the Statement in the margin. Most of them were made on account of lands in the village of Alamparr which, as has already been stated were left waste in consequence of neglect on the part of the late Tahsildar, and on account of field situated in is lands which were destroyed by the freshes of the Godavery. The remainder of the remissions was on account of a partial failure in the supply of anicut water to Velpoor and Kavalepooram in the Tanjore Talook.—

Fort St George 22d September 1838.-

/c/ Respecting the ready money allowances there appears to have been an increase of Rupees 1224 over the past year as exhibited in the statement in the margin. This is owing to an increase made in the emolument of village officers according to the Bellary scale in the Talook of Mogulloor Tanoorkoo and Tadimullah and to the augmentation in the school subscription in Condee, Tanoorkoo and Tadimullah Talooks.

The balance in column 2 standing against from villages in the Mogultoor Jalook, for which the property of the defaulters is under attachment and which will soon be realized most probably without the necessity of resorting to the sale of property. That in Column 3. is against the Enamdars of Janoor Koo and has been left uncultivated, according to the order of the Commissioner until a case relating to their Kudi-kudy Enam is settled. That in Column 4. is for lands taken up for Channels. That in Column 5 is left uncollected in consequence of the delay in the construction of the Bundacut dam according to the engagements entered into with the proprietor by the Sircar and that in Column 6 is due from four villages of Mogultoor and from three of Condee which are not at present in a flourishing condition. These items will be inquired into and commented on in the next Immumabundy Report.

Fort St. George 22d. September 1858.

With regard to an application made by the late Acting Sub Collector for permission to remit the arrears (Rupees 1230) of Revenue that had accumulated up to the end of Fusly 1264 with the exception of Rupees 52 which were subsequently received, I beg to report his recommendation, as there is no probability of these arrears being recovered. The following explanation is made with reference to the arrears of 860 Rupees for Fusly 1265.

27 Rupees which are mentioned in Columns 7 and 9 due from ryots who have since died, have left their village, or have been prevented by poverty from paying Rupees 310 annually remitted on account of the Pundacut work and Rupees 323 on account of lands taken up by channels are considered to be irrecoverable. I therefore request that the total sum (Rupees 860) may be remitted. The balance in Column 6 stands against the Tanookoo Encumbars for reasons mentioned in para 14 of this report. The sum of Rupees 67 of Pagoda Vca arrears of Fuslies 1261, 1264 and 1265 outstanding against shepherds and others some of whom are poor and others

Fort St. George 22d. September 1858

and others have absconded, should also be remitted.—

17 With reference to para 16 of the late Commissioners Proceedings under date the 30th. June 1856. referring to the commutation of the rates due from certain ryandars in Tadimullah to a fixed quit rent, I have the honor to state that the system of tenure with respect to the lands in question

15967 Fort St. George 22d. September 1868

question was a para or Division of produce a sessment was levied on the quantity of produce only, when the lands were cultivated — During the 3 years which were left out of the average statement, no cultiva = tion of any Kind took place on account of continued drought and that e period was consequently omitted - Even with this omission, the result falls considerably short of the Sircar Share which was formerly realized. With respect to the second portion of the required information, I have the honor to state that the fixed gust rent was destributed among the Enamdars by classifying their lands in the following manner and by ap= portioning the Shist upon the land according to certain rates unanimi = ously agreed to by all the parties concerned. —

B. No 1,236
From the Collr
of Rajahmundry

Sir.

I have the honor to acknowledge the receipt of your letter of the 3d Instant calling for full information in regard to the case of fraud in connection with a Stamp refund certificate presented for payment in December 1855.

2 In the certificate which was presented on the 26th of the month named, the date of the dismissal of the Suit was altered from the 19th of September to the 29th of the same Month, the Telugu figure 9 being changed to 2 the alteration was obvious, and ought certainly not to have escaped detection in my Office.

3 The duty of examining such certificates, and preparing the orders for payment was, at the time, performed in the Investments Department The head of this Department had died before the case came under investigation and the Subordinate, whose duty it was to make the primary

primary examination of all certificates, had, in consequence of his general inefficiency been previously transferred to a situation of inferior grade, and salary (Samuttdar) in the Talooks, which appointment he now holds.

4 The alteration in the certificate was detected in the Civil auditor's office and immediately on hearing from him, I investigated the case in my Magisterial capacity, and the result was as has been reported by the Civil auditor. There was no reason to suspect any guilty Knowledge of the fraud on the part of any of the Servants in my office.

5 Since the receipt of the orders contained in the 8th Para of the Extract minutes of consultation of the 10th March last No. 312 the duty of examining the certificates, and comparing them with the Statements which are now received from the District Moonsiffs is performed by certain Servants of the Department under the Head Sheristedar.

Sir,

Case 1. I have the honor to submit the following explanation with reference to the remarks of the Board of Revenue in their Proceedings of the 16th Ultimo No. 2620.

2 In Fusly 1261 Mr. Lushington in his letter of 11th March 1852 applied for and was allowed by the Commissioner to entertain 75 peons for 4 months at Rs. 8 each to be employed in any Talooks where their services were required. This is mentioned at the bottom of the Statement of actual charges on account of additional Establishment of Fusly 1261 submitted to the Board 12th October 1852 But of the amount so sanctioned Rupees 404-9-4 were alone expended which includes the sum of Rs. 34-11-10.

Commissioners Pro: 19th March 1852.

3 The discrepancy between the amount sanctioned by the Board and that actually expended on account of the Goodevada Talook Mr. Lushington explained by the remark in the Statement already alluded to that it was absolutely necessary to employ the peons in Goodevada for 6 months instead of 3.

4 A detailed Statement of the description called for at the conclusion of the Boards Proceedings is herewith submitted.

From the Collector
of Nellore

Sir.

I have the honor to acknowledge the receipt of Extract from the Minutes of Consultation under date the 13th August 1858 communicated by you on the 14th Instant, on the Subject of reducing the Detachment of Veterans at Nellore.

2 On the 6th of May 1856 I forwarded to the Chief Secretary to Government Copy of a letter from the Commanding Officer here, pointing out the insufficient strength of the Detachment, and the necessity of increasing its numerical strength, in consequence of the duties that were to be performed and the weak and sickly state of

of the men.

3 On now addressing that Officer on the Subject under consideration, he refers me to his letter above alluded to, and states that every reason addduced therein applies with still greater force in deprecation the proposed reduction. Captain Beaver adds. "It cannot be too clearly brought to "the notice of His excellency the Commander in Chief, that the strength of "this Detachment is only on paper "256 Privates, the various causes stated "in the letter I refer you to, actually "reducing its real strength, sometimes more, sometimes less, but "always considerably, while the duties "that devolve on the men are permanent

+ The Jail Guard has however been since reduced by 5 Privates

"and must be met however inadequate "the Number".

4 Copy of the letter alluded to, is herewith forwarded.

5 I beg also to solicit the attention of the Board to my letter of the 4th instant regarding the defence of the Hoogoot Treasury.

6 Under these circumstances I cannot recommend any reduction of the Detachment stationed here as long as it consists of Veterans. Otherwise 200 privates of the line would I think be sufficient.

No 175

To F B. Elton Esqre
Collector of Nellore.

Sir,

I have the honor in ac-
-knowledging the receipt of your
letter No 92 of this days date to state
that a Guard of the Strength mar-
-genally indicated, will be prepared
to march for Ts Kapully on the
morning of the 23d instant. E.

E. I find, I shall require tomorrow (1 day) to select men and prepare them for this Especial duty

7 Havildar
2 Naigues
14 Sepoys

I take this opportunity to
solicit your attention, to the difficulty ex-
perienced at this station in meeting the fre-
quent demand for troops, for escort
and other detached duty, and as I do
so in the hope that you will consider the
case of sufficient importance to
represent to Government the necessity
of increasing their numerical strength,
and as the Authorities are likely
in such event, to reply that there are
already

already 290 Sepoys belonging to the Detach-
-ment at Nellore, I deem it advisable
to state clearly the causes which in effect
actually reduces the number bona -
fide available for escort duty to some
45 or 50 men - the inadequacy of this number
to meet the demand, is obvious for ex-
-ample, but three days ago, an escort
of 69 Sepoys / exclusive of all the ranks /
were furnished to escort treasure to Madras
you are calling for 14 more to day, in three
days hence 12 more will march for -
Woodiagherry 12 are already there and thus,
/ supposing there was no other drain on the
detachment, / its number is at once, more re-
-duced to 183, and the number daily mounting
the local Guards are 60 for these alone, to give the
men but 2 days off duty for 1 day on 180, would be, requir-
-ed but from permanent and unavoidable causes, 290
Sepoys, represents merely the nominal strength on paper

men

men sick in hospital, men too ill to perform duty, and therefore excused from it for certain periods by the Medical Officer, men in a similar state but supposed just able to perform garrison duty, and pronounced totally unfit and unable to go on escort duty, men absent on Furlough these must all be struck off the above mentioned 290 and tho the respective numbers vary about 40 being now considered unavailable for escort duty, yet taking one quarter of a year with another, the average will remain nearly the same. The number excused from weakness and threatening sickness, from duty for given periods. I have observed to bear a proportion to the severity of the duty to which they have been exposed for example when the guard now called for has departed, the men will have only 1 day off duty for 1 day one and this if continued, is sure to swell the convalescent

convalescent list in other words, in its consequences reduce eventually, the number of men available for duty, in short at least 70/ seventy/ more sepoys, are required for this Detachment - a reinforcement not more called for by the exigences of the service than from motives of humanity, as I feel convinced that Government are not at all aware how much / considering the age and weakness of many of the invalid sepoys / they are over worked.

The Original title is sufficiently proved by the entries in the Pymaish and Sarwar accounts, and subsequent enjoyment by the deceased. The total value of the Enam is Rupees 467-4-3 of this the entire Enam in village N= 1 was in 1842 transferred by a deed of gift to his young and widowed daughter, now his only heir. She indeed lays claim to only this portion, but clearly she is a legal heir / 6 C. Board of Revenue May 11th 1854 and appears entitled to succeed to the whole Enam.

To

16003

Fort St George 22d September 1858.

In portion of the remainder, there are 5 claimants to under six deeds of gifts, as specified below.

1 Lutchmee pattaupa, the son of Krishnamah-but, under a deed Executed in A. D. 1826 to his father for the land in village N:3 - 28-23-1-16-10-7-

2 Seshachurry son of Nurrachurry D:D: in A.D 1837 for part of one of the lands in village N:5 - - - - - - - - - - - - 20-- --46-14-4-

3 Venkataramalutto son of Melagiry Joyishy D:D: in A.D. 1829 for part of one of the lands in Village N:6 - - - - - - - 1-2-- 3-8--

4 Venkata Krishnalutto son of Venkapah D:D: in A.D. 1841 for one of the lands in village N:9 - - - - 32-25-- 23-14-1

5 Venkat Ramaya son of Singumlutto D:D: in A.D. 1825 for the land in Village N:4 - - - - - - - - - - - - 26-32-- -40-15-1-

6 Venkat Ramaya under a deed of gift executed to himself in A.D. 1845 for one of the lands in Village N:5 - - - - - - - - - - 4-28-2-2-- -8

These six deeds of gift are suspicious looking papers, and no appreciable motive is in any case assigned for the gifts.

With regard to claimants N:1 to 4 the only proof of enjoyment consists of the allegations to that effect by the villagers. But as to the case N:1 it is admitted that the land was Burjer till Fasly $\frac{1250}{1840}$ and as actual and not constructive enjoyment is requisite, it is apprehended to give a valid title to a gift Enam,

the

(if any at all) has been only for 11 years - Moreover the deceased Enamidar's name the possession has been continued in the Enam tree accounts subsequent to the alleged deed of gift.

In case No 2 the donee is an inhabitant of Cuddapah Gillah, and his possession (even if true) has been for less than 20 years - The deceased Enamdar's name appears in all the Enamtee accounts.

In No 3 there is no entry of the donee's name but only of the Enamdar's till Fusly $\frac{1258}{1848/49}$ when there is an entry gift to Vencatara =malchetter" son of donee - The Collector discredits the alleged possession under the deed.

In No 4 there has been a possession (if any at all) for only 10 years The first entry in the Enamtee accounts of the claimants name is in fusly $\frac{1258}{1848/49}$ as gift to the donee -

As to cases No 5 and 6 even the villagers deny any possession under the alleged deeds of gift - The Enamdar's name alone appears in the Enam tree accounts All the above six deeds of gifts appear therefore to be inadmissible.

The daughter the sole heir is a widow without issue - She is entitled as such to succeed to the whole property of the deceased - The question for the Board is whether Butworthy Enam is in such a sense the property of the holder that the right of the legal heir must be recognized equally with regard to this as to other property - From the recent recognition of the rights of females the daughter of the deceased is probably ignorant that she has any ground for claim - The Collector begs to recommend the recognition of her rights.

The family possess a share of Bhatwarthy Enams in Godiem Taluk to the amount of Rupees 18-5-5- and a share of other Bhatwarthy Enams in Adonie Taluk to the amount of Rupees 18-2-6-

evidence of this is a Tarreed from the Tahsildar to the village authorities dated 29th August 1833 purporting to be in accordance with an account received from the Collector but that account is not forthcoming.

Possession by deceased from a date prior to 1833 is though certain.

Sir,

From reports received from the Talooks though they are not so com-plete as I could wish I am happy to be able to inform the Board that rain has fallen partly generally throughout the District but it has been but moderate. The light dry land crops in many will I hope be in many places recovered by those showers and the saving of the later crops may now commence. Some Tanks have received a seasonable supply of water. The Pennar river from the fall of heavy rain in the Bangalore District Imagine came down in a good fresh but the Huggory has not yet received any large supply. The Toolabra also came down well on the whole this rain has been very beneficial and we may hope now for further and heavier falls of rain in this and next Month and I trust that for

for the present at least the apprehensions entertained have passed away - when the reports up to the 15th of the month are all received - I shall be able to give a more accurate account of the present State of the District.-

From the Collector of North Arcot - - -

Sir.

I have the honor in obedience to the orders of Government con-tained in their endorsement on Petition N=2918 of 1858 - dated 17th August 1858 - which

Fort St George 22nd September 1858

which is herewith transmitted, to state that I am not aware of any objection to the Petitioner obtaining on stamped paper copies of the documents she applies for.-

2 Were a suit pending before any Court, I should consider that her proper course would be to move that Court to issue an order for the production of the papers; but her suit for the recovery of the Naraganty Pollagem is no longer before any Court in this country; and I am not aware that she has any other means than those she has had recourse to, to obtain copies of documents which she believes to be essential to establish her claims before the Privy Council.

From the Asst Collector and Magistrate of Malabar

Sir

Before leaving the District I

Fort St George 22nd September 1858

I must bring forward the necessity of doing some thing for the efficient officering of the Wynaad Talooks. Under date the 22nd June 1857. I urged on the Commissioner of official salaries the necessity of forming it into two Talooks and I would venture again to revert to the subject.-

2 The area of the Talooks of Wynaad exceeds 1100 Square miles and several important parts of the District, as Sultans Battery Goodaloor Lackady, Jettypat &c be respectively 25, 30 and 23 miles from the Kusba and at each of those places several extensive Coffee Estates where Europeans are residents and hundreds of Coolies are at work, have been opened near Manantoddy &c Coffee Estates are even more numerous.-

Goodaloor = 7 or 8
Sackady &c = 18 or 20
Jettypat - - - 4 or 5

3 The District of Wynaad is peculiarly unhealthy and inaccessible; there are few places where Public Officers can put up, distances are travelled slowly

slowely from want of road applicances, and a considerable portion of the Establish-ment is unavoidably on the sick list It is therefore phisically impossible that any single individual should perform in Wynaad the duties required from a Head of Police and Tahsildar further the Revenues have been small, though not easily collected and the Establish-ment fixed many years ago. of Wynaad, is weaker than in Takoor less than one third its size There is no Sheristadar, no third Goomastah attached to this Ta-look a circumstance which prevents the Tahsildar from moving about as much as even an ordinary Head of Police and Tahsildar.-

4 Consequently business of the Talook never has been and cannot possibly be overtaken by the Establishment hitherto entertained those

there. but now its inadequacy is daily becoming more patent and much and most rationable dis-content prevails throughout es-pecially among the enterprizing European settlers in the Talook -whose increasing numbers and large investments entitle them to attention.-

5.- In my letter above al-luded to I remarked, "within "the last 10 years however the "suitableness of its climate and "soil for Coffee plantation and Eu-"ropean settlement has been esta-"blished. and upwards of 30,000 cs "acres of its wildest parts have "passed into the hands of Euro-"pean Planters and settlers; 6,000 "or 7,000 acres of Coffee Plantation "have been opened, while clearing "planting &c have taken place "to an extent which will in a "couple of years no doubt this "extent. There are about 50 Euro-"pean settlers and Managers of Coffee

to provide by abolishing the office

Sir,

B. No. 4254.
From the Collector of Madras.

Para 1. In reply to Mr. Forbes letter of the 26th May 1858 No. 1877, I have the honor to forward a statement showing the value of Salt and Spirituous liquors seized, as contraband, during the last 3 years.-

2. But little Salt is smuggled in this District, and that little from the Pans: the existing Laws appear sufficiently repressive, but situated as our Pansare, we have been much inconvenienced in forwarding smuggling cases for Official enquiry.-

3. The nearest competent Police

1859 Fort St. George 22d September 1858.

Police Officer is at Pulicat 30 Miles off, or at Poonary 15 Miles, the residence of the Head of Police of the Nayer Jaloak. Our Salt Peons were usually the witnesses, and their absence from duty was injuriously felt, but if the Deputy Collector in future charge of the Salt Department, was also charged with Magisterial power in the Zillah of Chingleput, our present difficulties would cease, and cases of smuggling Salt would be quickly disposed of on the spot.-

4. As I shall shortly address the Board on the Act introducing an Excise on salt, measures for the protection of the Salt Revenue may be then discussed.-

5. In the Ab Kurry too I am inclined to think, but little smuggling takes

Fort St. George 22d September 1858

takes place. The offence, when proved, is liable to a heavy fine proceeds being divided between the informer and seizers, and this remuneration keeps the Abkarry and Police officers sufficiently on the alert.-

6. Illicit sales of English liquor, I fear, frequently occur, but if the issue of sample bottles, save with the collector's pass, is prohibited by the Board, and whole sale dealers made to take out a license, these irregularities will greatly decrease.-

Sir;

1. I have the honor to forward Copy of paras 3 to 9 of a letter from M Ballard and of an explanatory enclosure which refer to 22 Cases of enams on the Talook of Kycaloor These Mr. Ballard proposes to settle on economical grounds in a manner different

Fort St. George 23d. September 1858.—

different from that which Government direct in their Extract Minutes of Consultation 22d. August.—

2. The claims he states if brought in should be paid for as heridatary and this would cost Rupees 2887-13- . Mr. Ballard proposes to give instead 6¾ cutties of land an heridatary tenure because the supply of land is in that part of the District so much greater than the demand likely to continue so for so long to come that he does not think it worth the while of Government to pay so much money when the claimants would be as justly dealt with in giving their land.—

3. I think this proposal deserves consideration and I myself would act as Mr. Ballard suggests. The only consideration to be looked to is that Government by this alienating the land would for ever after be precluded from enquiring into the validity of the title to it seeing that Mr. Ballard's enquiry has proved the existence of these claims on valid documents from a date prior to the permanent settlement.—

4. I have the honor therefore to lay the question before Government for their decision.—

Special Apt. Collr. to Coll. 20th June 1858 Para 13.—

1. When reporting on the Bad Enams of the District I remarked that there were certain cases of a particular nature in the Bl. Utturzully Purganah which would require for their mention.—

2. In paras 5. and 7 of enclosure D accompanying that letter I observed that a cess of 5 percent on the Assts of both ryots and enamdars was levied throughout Bl. Utturzully professedly to meet bad payments but that of late years by far the largest portion of this collection was credited to Government. I recommended that as no such cess was levied elsewhere and there was no particular reason that it should be levied in Bl. Utturzully the demand should be discontinued in future.—

I beg to call this subject to your attention and should be glad to learn if you approve of the Settlement proposed in para 8 of the

Under this head	Demand	Deduct remains uncollected	Balance

* There are about 68 cases of curmums and Chondavus I propose that (as I recommend the cess of 5 percent no longer to be ex-

collected / no remission as hitherto customary should be allowed in the Sarwa shists of these individuals but that the remissions of 2 annas per rupee in the Dalwa shists of the privileged cultivators be continued as hitherto till general rules are introduced regarding assessment remuneration it being provided that they bonafide cultivate themselves & not under joint-pattas & that the indulgence be allowed to the privileged chondaries for the terms of their leases on the same conditions.

this method of allowance has been long customary it induces the people to cultivate it appears to me undesirable to charge it for a payment from the Treasury as it will probably only be necessary for a short time. For 9 other cases of very similar nature see enclosure A accompanying this letter.

3. Similar cases in Bezwada Taluk have been settled & make up the 79 cases mentioned in para 13 of Sec. Hall's letter dated 3 June 1858 No 137.

the claims treated of in the Memorandum just mentioned as I only wait your sanction to issue definite orders regarding them.

I produced to notice some other Cases which require settlement.

3. There are 22 Cases in which parties claim to cultivate free of assessment limited extents of Dalwa land tho no particular fields and some times particular Villages are specified the privilege being often claimed any where in the Purganah.

Most of these claimants possess hereditary Sunnuds of Considerable antiquity generally for larger extents of land than they now enjoy or claim.

They appear to have enjoyed on the strength of these Sunnuds sometimes bad allowances more or less regularly till some years after the purchase of the Bhittuzully estate by the Zemindary family in July 1222.

About July 1230 the then Zemindar to obviate the great confusion which prevailed

B accompanying In 2 cases the parties have not attended my examinations and their claims have consequently lapsed.

prevailed regarding the enam claims and the fraud to which it gave rise apportioned certain Sarwa lands with fixed boundaries the produce of which was to be enjoyed by the Enamdars without interference these lands they now generally enjoy. The areas are in all cases less than those entered in the Sunnuds but as these Enams have no conception with bad Arrangments I need not remark on them further.

The same Sunnud usually grants a portion of Sarwa and a portion of Dalwa

5. The Dalwa claims rested on much the same grounds but the question was more difficult to settle and is involved in great confusion.

In Fasslies 1252 and 53 the Purganah being then under Government attachment & management some examination was made

The Curnums and several Enamdars stated that the latter had the privilege for many years of cultivating limited extents of Dalwa land tho no spots were fixed the produce (they said) was enjoyed by the Enamdars and allowed in the Accounts from

Fort St. George 23d. September 1858.

from the total bad fund of the Purganah.

The zemindars officers (& some enamdars it appears) denied this & stated that it was customary to allow such enamdars as cultivated Dalwa a remission in their Dalwa sists of Rs. 8 per cutty of their Sarvd Enams

The accounts of this Purganah are peculiarly imperfect and from the enams not being confined to any particular village it is difficult to get any certain information but from such mention as appears it would seem that in some years one course was pursued in others the other.

5. Nothing definite was settled after the above examination. The Perganah was under attachment till fusly 1255 and became the property of Government in fusly 1256.

In practice since fusly 1250 when the enamdars have cultivated Dalwa the regular assessment has been demanded in account but left in balance.* This has neither been objected to nor formerly sanctioned.

6. Notwithstanding then the obscurity which involves the rights

* Under this head

Fusly	Balance Rs.

1252	102
1253	74
1254	95
1255	41

rights of these parties most of them hold hereditary Sunnads early permits &c. which & entries in the accounts and the evidence adduced in examination shew that they have been in more or less regular enjoyment of land or grain enams since before the Permanent Settlement they have held since fusly 1230 Sarvd lands on much the same claims as they put forward portions of Dalwa and whatever was the course before they have practically had the right conceeded of cultivating portions of Dalwa free for 14 years.

8. I think therefore that in the 20 cases where parties have attended they are generally entitled either to the recognition & perpetuation of their claim to land or that they should be treated hereditary bad claimants

If land is allowed fixed spots of average quality should be marked out & the extent be generally regulated by the extent entered in the list presented at the examination in fusly 1252 checked by any other available information their extents are

considerably less than those entered in the Summudes but are the utmost to which the parties can lay claim. The total extent of land would come to 6 3/4 cattees[x] - See Enclosure B Col 14.—

If it is determined to treat them as bad the average annual value enjoyed by the enamdars may be calculated by the demands[x] of Dalwa shist entered against them in the accounts for the last 13 years This arrangement would cost Rs. 2887-13-11

9. As the rights are so obscure either of these settlements appear to me perfectly equitable but there is room for consideration as to which is most advisable If it was probable that a fair portion of the land would be cultivated and pay assessment the purchase would be both profitable to Government and the great advantage of getting rid at once and for ever of troublesome claims would be secured.—

Perhaps as engineering & arrangements advance Population & Capital increase

[x] of this 1/2 a cutty should only be allowed for the life of the present claimants— The remaining 6 1/2 cutties should be allowed in perpetuity

[x] A small deduction has been made on account of the demand above mentioned of 3 per cent as this of course should not enter into the calculation of the enamdars profit.—

increase a fair return from the land may at some future period be expected at present the supply of land is so much greater than the demand that I do not anticipate much if any returns can be calculated upon and the advantages of purchasing may hardly be worth outlay I am inclined to think that on the whole allowing the land will be most advisable.—

10. There are 10 cases in which parties claim if their Dalwa shists any where in the Purganah are below Rs. 5 to pay nothing if above Rs. 5 to pay the excess only—

There is one case exactly similar to the above save that Rs. 8 is the amount to which the enamdar claims to cultivate free.—

11. Enclosure (Shews the particulars of these cases You will perceive that in 9 cases I recommend purchases as of bad file grants (ie according to the age of the parties) and in case purchase as of an hereditary bad enam (ie 20 years) In the

Fort St. George 23d. September 1858.

the last case mentioned my examination and his claim has consequently lapsed.

12. The 2 cases which grain allowance valued at about Rs. 48 per annum are involved will be settled with other bad claims.

In 4 of the 5 cases in which ready money allowances amounting to Rs. 70 per annum were stated to be customary no claimants have attended my examinations All claim has consequently lapsed.

The remaining claimant has attended and his case is recommended for disposal as a bad case in the remarks on No. 6 enclosure A accompanying it being the Dalwa claim there noted.

13. The disposal of the remaining 79 cases alluded to in para 13 of my letter just noted is recommended in the marginal note to para 2 of this letter I have therefore reported on all the Bhatturulu cases therein mentioned.

Regarding such as have lapsed or to which the claims are evidently untenable or are not of a peculiar nature I will issue orders to the Tahsildar Regarding the others which have formed the subject of this letter and it enclosures I have thought it better to request your opinion before directing settlement and would beg the favor of instructions at earliest convenience.

Rs. 48 for 2 years of Grain

age.—

Collatecottah however extensive his cultivation
may be. If his shists do not exceed the above amounts
he pays nothing If he does not cultivate he enjoys
nothing—

P. Vummanah has deposed before me he has
no summud a former land enam is said to have
been granted his ancestors he does not know
how much land was originally given nor for
how long land was continued but at some
time or other the custom was introduced
of remitting 2 putties in his Sarwa 4 putties
in his Dalwa gross produce and calculating
his shist on the remainder only.—

In fusly 1202 on the introduction
of money rates it appears that the practice
of allowing Rupees 10–10–– in his Sarwa &
Rs 15 in his Dalwa shist was introduced—
and the remainder of the full assessment
on whatever his Cultivation might be only was
demanded. His pattas shew this but no orders
on the subject are forthcoming.—

There is an enam of Sarwa ½ Cutty &
Dalwa ½ Cutty in Pullavad at the name
of P. Vummanah in Mr. Oake's Register—

By an account prepared in fusly 1251.
by the Zemindar's Officer it appears that
the indulgence was allowed P. Vummanah
in line of an enam which was some-
times Cultivated and sometimes waste
and which he P. V. was about to leave
in order to induce him to remain in
Collatecota. It appears by that
account that it was customary—

from fusly 1231 and it is probable that it was allowed with reference to the former Enam

There is no information however as to the exact relation of this indulgence with the Landenam of the Register if indeed any existed I am of opinion the Remission in the shist might have been stopped on the last Enamdars death which took place it appears some 8 years ago. The present claimant (last Enamdar's son) has been enjoying since. As this is the Case I Recommend that the indulgence be allowed for the sons life. but limited strictly thereto seeing

if no cultivation is made, no allowance is to be given & it should be distinctly provided that the deduction will only be allowed when the Enamdar himself bonafide Cultivates & the patta is in his own name. No joint patta should be allowed and any attempt at fraud should subject him to the immediate stoppage of the indulgence.

N.B. If the present Collection of 5 per Cent on account of Bad enams in this Burgana is discontinued as recommended the Amount of remission should be proportionately lessened in this as in the following Cases.

2	Mullala Sundeo and Venenta Narayana (Sundias age is about 60) —	Pullavada	3	1/2	4 1/2	15	4	"	5	11	"	20 15 "

M. Venkata Narayana (with his elder brother M Sundia enjoys a deduction of Rs 15-4 in his sarwa & Rs 5-11- in his Dalwa shist in Pallavada on the same Conditions

as in the former case.—

Venkata Narayana gives little information regarding the previous nature of this Enam He has no documents, nor is there any mention of an enam in the Register

In an enam list of fusly 1239 an Enam of 1/2 Cutty in Dullawada is entered at M Sundiahs name & the name occurs in several other Accounts.

It was stated by the Zemindars Officers in fusly 1244 that 3 putties in Sundiah Sarwa & 1/2 putty in his Dalwa produce had been allowed for some years Inm Commr stated that he enjoyed the whole produce of 1/2 a Cutty.

There was some doubt about this & other claims but the Purganah was soon after made over to the Zemindar & no further notice was taken of the question.

From that time 3 putties Dalwa & 1/2 putty Sarwa as above appear to have been allowed till fusly 1262 when the money deductions in the shists were substituted under this circumstances I consider that as there is no proof whatever that the indulgence is connected with former claims it should at once cease. as directed in clause 7 para 22 of the extract from the Minutes of Consultation dated 22d August 1855 No 970.—

16083 Fort St. George 23d September 1858.

3. Burrah Gopannah Bhujabala putnum	3	1½	4½	14	11 "	5	3 "	20	1 "

B. Gopunnah enjoys a deduction of Rupees 15- 8- in his Sarwa & of Rupees 5-11 in his Dalwa sist in Bhoojabalaputnum as in the preceeding cases.—

He has deposed before me stating that the then Zemindar granted the indulgence of 3 Putties in his Sarwa 4½ putty in his Dalwa produce a long time ago to his father to induce him to remain in the Village that it had been so enjoyed since till in July 1262 money deductions were substituted.

He has no summuds &c. The evidence from the accounts is just as in the preceeding case.—

B. Gopunnah has enjoyed since his father (Lutchmenarayanah) death about 10 years ago without evidence to prove hereditary right this should certainly have ceased at the present claimants fathers' death. There is nothing to show the indulgence was connected with former Claims. It should therefore be at once discontinued.—

4. Balavarapa Subanah not attended	Sedahapuram	3	1½	4½	14	11 "	5	5 "	20 " "

This is a case similar to No 2 this supported by even less mention in the accounts Subanah enjoyed a deduction of Rupees 14 in his Sarwa & Rs 5- 6 " in his Dalwa Shist in Siddhapooram.—

He has not attended for examination & orders will be sent for the discontinuance of any permission whatever in future.—

Fort St. George 23d September 1858.

5 Coochebhotta Vencaiva daughter in law of Seeviah not attended.	Ds	3	1½	4½	14	11	9	5	3	3	19 15 a.
Puddapully Callalecola Audelingum & Govinda son of Subba. Juraam Suttadu	3	5 Rs in Dalwa Shirt			13	2	3	Amount not exceeding 5 Rs has been left as a balance in account every year since Fusly 1254.			

This case is very similar to No 1 It appears Seviahs name was entered in accounts till Fusly 1261 In Fusly 1262 Venkamahs name was entered on what authority is not known.

No one has appeared regarding this Enam and orders will be sent for the discontinuance of any remission whatever in future.

S. Audelingum has attended and claims a remission of Rupees 13-2-3 in his Sarwa Shirt when it exceeds that amount or to pay nothing if his Shirt is below it.

He also claims Rupees 5 per annum allowance on account of Dalwa Enam.

He produces an hereditary summud for 1 Cutty Sarwa and Dalwa dated Aekiah (Fusly 1216) from Sholavandy Row It is granted to Audelingums father and purports to be given with reference to a former Enam the documents Relating to which he had lost.

It is on account of temple service to a Swamy.

He produces also cheeknama & several dumbalas Vs.

There is no registry or any accounts to prove the existence of former rights.

2. An examination was made in the Talook in Fusly 1252 regarding the Sarwa claim. It was then stated that 1 Cutty had been formerly granted that it was afterwards commuted to Bad that an allowance of 3 putties in the Enamdars Sarwa Cultivation was given from the Bad grain the Deputy

Fort St. George 23d. September 1858.—

Tahsildar recommended land should be given or remission continued. No order was passed.—

Nothing was said about the Dalwa allowance then. In the list presented by the Zemindars officer in July 1252 however the allowance of Rupees 5 is entered.—

There are several entries in the Sarwa Bad. lists of the allowance si one it is entered to Subabatudu as only for life both allowances have been virtually continued since July 1251 deductions having been made in the Sarwa puttas each year and the Dalwa demand, up to Rupees 5 left in balance Both of course depended on cultivation if no cultivation no allowance.—

3. The remission in the Sarwa puttas of Rupees 13-2-3 was determined on an average of former years remissions under the Shaving system.—

The average annual Dalwa balance since July 1251 has been Rupees 3-9-5.—

I have written to enquire if any temple service continues to be performed If so I think the claim must be attended to, and would allow both allowances to continue for the life of the present Enamdar if not the claims should be entirely disallowed.—

It appears that these enamdars are carpenters of one family or connection.—

An Enam of 1 Cutty is entered in several accounts at the name of Nijuwhich No 8 appears also to have had interest

It further appears that the then Zemindar in July 1234 wished carpenter to settle in the Collair Villages of Hyderabad Chavaly Pad & Vadarlapad & granted probably with some reference to former Enams here mentioned Col. Nos 5 and 6) 1 remissions in the shists which were commuted as noted (cols 8 and 9) in July 1262.—

The younger brother of (7) Subabuttoodu Sundra appears has deposed before me He has no documents. He stated his brother Subalutudu was too old to attend.—

Sir,

With reference to the Board's Proceedings of the 6th Ultimo No. 2969, on the subject of Casual leave being allowable in cases of emergency, I have the honor to inform the Board that I have received a Printed Copy of Recis of Uncovenanted S. A. Rules from the Civil Auditor in which it is ruled that the "Casual leave on account of private affairs is not obtainable without forfeiture of salary even for one day," and request to know whether the Board's orders are to be considered still unaffected by this Ruling of the Civil Auditor. if not I trust the Board will move in this matter, as it seriously affects the great body of native servants and those whose salaries are the smallest and who are thus the least able to bear loss of pay.

From the Collector of Masulipatam

Sir,

In acknowledging the receipt of the Board's Circular Proceedings No. 2676 under date the 19th July last on the subject of lapsed Enams I have the honor to observe that in this District no cases have occurred in which Enams have been continued to the heirs of deceased holders as life grants under the Rules promulgated in 1848 under the stringent orders now in force regarding the due report of lapses among Enamdars I believe very few lapses escape notice and in the scrutiny which takes place upon the death of each reputed Enamdar the terms upon which the deceased held the lands are carefully examined and the Rights of Government are enforced whether the tenure had been previously declared to be for life.

2. I am now engaged in looking into the many reports of lapsed Enams in arrears and my first Quarterly Register will

From the Collector of Chingleput

Sir,

In returning the accompanying Petition No. 2117 of 1858 bearing the Board's Endorsement dated the 2d. Instant I have the honor to state that the sum of Rupees 1000 now applied for is in addition to the sum of Rupees 1,000 Sanctioned to be disbursed in Extract from the Court of Wards' Proceedings

Fort St. George, 23d September 1858.

Proceedings No. 2014 dated 8th June last I did not consider myself at liberty to meet the Petitioners application for the additional sum as they ought to have applied for it before they incurred the expenditure which they allege rendered their application for it necessary. It may be questionable Policy to meet their wishes as such might have the effect of inducing them again to go beyond their allowances but should the Court be inclined to over look their omission and relieve them from the importunities of their creditors. I have sufficient Funds in hand to grant them the amount they now ask for. They can at the same time be informed that in future they must keep their expenditure within the sum allowed to them.

Proceedings No. 2014 dated 8th June last.

Read the following letter from the Collector of Chingleput, dated 20th instant:-

"I have the honor to request that you will be pleased to move the Board of Revenue for the sanction of Government to the sale of the undermentioned Mootahs under sequestration in this Zillah for the realization of the balance of Kists due thereon, as per statement annexed.

2. The Mootahs have been under sequestration for the last 3 months, and the Ryots have had sufficient time to pay up their Kists, but they have not done so, and I am therefore compelled to bring the Mootahs to sale.

3. The Mootahs are situated in the Taluks of Sholinghur and Arcot, and I propose to proceed to the sale of the Mootahs on the 23d October 1858, and to continue the sale from day to day, if necessary, for 10 days, or as much longer as may be considered necessary to realize the Kists due.

4. I request that the Collector of Chingleput may be directed to depute a Tahsildar to attend the sale, and that the Collector of Arcot may be requested to depute a Tahsildar to attend the sale on the part of the Arcot Mootahs."

Ordered that the application be granted, and that the Collector of Chingleput be directed to depute a Tahsildar to attend the sale, and that the Collector of Arcot be requested to depute a Tahsildar to attend the sale on the part of the Arcot Mootahs.

Ordered that the Collector of Chingleput be informed that the Board approve the proposed sale of the undermentioned Mootahs on account of Revenue outstanding against the Ryots thereof, and that the Collector of Arcot be informed that the Board approve the proposed sale of the Arcot Mootahs mentioned in the statement annexed.

Ordered that the Collector of Chingleput be furnished with a copy of the Advertisement to be published in the Fasli Kists.

Sir

In reply to Extract from the Proceedings of the Board of Revenue dated 14th June 1858 No 2060 calling for certain explanation on the Tabular Report forwarded by me of lapsed Jeomiahs dated 30th March 1858. I have the honor to explain that the remark in Column 8 of the Report that Rupert 6-7-3 was continued in the name of the deceased Trivikrama Vasoovadachary and the principal party under an order of Government dated 30th May 1823, but that it was enjoyed in equal shares Sicca Rupees 3-3-8 by the deceased and one Lutchmee Narsimhachary is not quite accurate.—

the then Collector on which the order of Government under date the 31st May 1823 was passed it appears that the following individuals were in equal enjoyment of the Pension of Rupees 154-14 which was continued to that family—

1	38	11	6 Vadoonatachary the then deceased Gooroovachary.
2	38	11	6 Streenevastachary and Narsinchachary
3	38	11	6 Abbinauchary
4	38	11	6 Streenevastachary
	154	14	

In this Statement it was recommended that the yearly allowance of Rupees 38—11—6 the share of the deceased Gooroovachary be continued to his Widow Radaneatachary and that the rest of the pension be continued to those respectively in enjoyment of it. The Government accordingly sanctioned this proposal under the specific

date.

3.— The holder no 3 Abbinauchary having died on the 29th May 1831 his share was discontinued.

4.— When the Certificate was given in conformity to your Rules of the 24 December 1840 3 of the 4 aforesaid Share holders being alive, it was given in the name of Radaneatachary, the principal party, for a Monthly allowance of Rupees 9—10—11 which was enjoyed by 3 of them— It was that period the whole amount of the Certificate was given to Vadoneatachary, who was to distribute to his Shareholders their Shares. Of these three individuals, one Streenevastachary No 4 died on the 16th July 1843, consequently his share was thenceforth discontinued— the other 2 Shares amounting to Rupees 6—7—3 were continued till the death of the principal holder Radaneatachary, i.e 5 June 1855

5— In my Report of 30th March

March 1858 I had the honor to state that owing to the certificate having been given in the name of the principal party Ardaumalachary both the shares amounting to Rupees 6 y 3 were discontinued on his death and I recommended that Rupees 3 3 y the share of the deceased Vadaua Tachary which was the amount drawn by him and which was sanctioned by order of Government under date the 30th May 1828 be discontinued and the remaining share with arrears be continued to the other shareholders.

4th Explanation will think clear up the doubt. In the Statement above referred to under date the 7th April 1823 it appears that Sreenavasa Tachary and Ardaumachary are both entitled to one share / Rs 2 / As. the former and the latter is the only person in enjoyment of it. But Ardaumachary is the person recommended to

spoken of as Lutchmee Narsima Chary as the case may be called under the two aforementioned names.

7th The Board remark also that in the Statement dated 7th April 1823 the first Inam for this Division is said to have been in Fuzlee 1167. that in the Report under review the Inam granted in Fuzlee 1145. is mentioned and therefore desire me to forward for inspection the first mentioned document should it be forthcoming which accordingly I have the honor to forward with translation.

Sir,

P. No. 4040.
From the Magistrate of Bellary
Assault and Trespass
Atchammah
Versus
Bauboorow

I have the honor to enclose a decision passed by me in my capacity of Magistrate and to bring to the notice the misconduct of Shwaramapah the Tahsildar of Yadaky alluded to in that document.-

2.- Shwarampah it will be seen refused to give redress to a woman who complained to him some time ago of an assault. The Moonshee of the Cutcherry a Goomastah and another Bramin had dug a new Nalah in this Nalah the Tahsildar had a pecuniary interest. He indeed says he had no share in it at the time the assault is alleged to have occurred but though this may possibly be literally true there is much reason to believe that from the first he had a direct interest in the Nalah but in the person of the Punchangum Brahmin. It was necessary it seems for the success

of

of the Nalah that some of the land held by the woman the complainant should be got possession of and on her resisting the attempt of the Defendant (the son of the Goomastah) She was pushed down and beat instead of giving her redress and preventing such oppression the Tahsildar did nothing and denies that any com-plaint was made-

3. In connection with this Nalah another ryot complained that the same parties had encroached on his rights and taken the water which belonged to him- This was true also and had the Tahsildar acted with impartiality in these matters the aggrieved parties would have received immediate redress-

4. With regard to the Tahsil-dars interest in the Nalah I would observe that at first his name did not appear but in October last he requested permis-sion to hold a fourth share in the new Nalah which share he said he had pur-chased from the Punchangum Brahmin

Narrain

Narrain Bhuttoo who originally appeared as a half sharer in the Nalah but from inability to bear the expenses (as is alleged) made over half his share (i.e ¼ of the whole to the Tahsildar)- It is probable the Tah-sildar always had a quarter of a share from the first & had been dis-satisfied with this Tahsildar on other occasions on which he appeared to be in-terested in some cultivation and though repeatedly requested to give my sanction to his holding a share in the Nalah positively refused to do so and he was consequently obliged to give it up- It was after this while I was lately at Yadaky that this complaint of the assault was brought to my notice-

5- This Tahsildar came under my displeasure and that of the Board* five years ago but independant of that which is a long time ago this act of marked par-tiality deserves- I think serious notice and I would beg to recommend that he be heavily fined a months salary and removed to another

*See Proceedings Board of Revenue 28th July 1853 - 10th October 1853-

Talook with a very serious warning that the next instance of misconduct will lead to his removal altogether.

6. Should the Board think this punishment insufficient they they will order what punishment they deem adequate.

Enclosure No 1.

Assault and Trespass.

Complainant. Atchammah.

Defendant. Bapooroo

With having about a year ago in the Village of Chendana Talook Yadaky in the forenoon trespass on the complainants field by putting water to it contrary to her wishes, and remonstrances and when resisted by her with having pulled her by the hand and kicked her with his foot owing to which she fell on a stone and inflicted a wound on her eyes.

It appears that the Defendant and the Defendants father who is a Goomastah in

in the Talook Cutcherry the Moonshee of the Talook, and another Brahmin Punchayet of the Town of Yadaky) had together dug a new water channel, and other land not being conveniently situated for the water wished to get possession of a piece of land in possession of the complainant and on the day in question the Defendant attempted to turn the channel water on the land and was resisted by the complainant whom he then assaulted as stated in the charge.

The charge is entirely denied by the Defendant who at first expressed entire ignorance of any injury having been suffered by the Complainant. But unwillingly on his subsequent defence admitted that he had heard the woman had inflicted the blow on herself when quarrelling about the land with some ryots to whom he had given the land in dispute to cultivate; thus admitting what it is now attempted by the Talook authorities and others to conceal, that the woman had received any injury at all. The witnesses for the defence do not at all bear out the Defendant in his defence.

On

On the other hand the witnesses for the Prosecution satisfactorily prove the truth of the complainants accusation. They did not see the assault but they saw the complainant immediately after and saw the blood on her cloth and were told by her that the Defendant had beat her and the complainant was seen on his way to the Talook Cutcherry to complain to the Head of Police and was seen at the Cutcherry where there is good reason for believing that instead of getting justice she was kept in guard and that it was feared she might throw herself in a well, and to prevent this the Reddy of her Village was called into prevent her doing so though this fact cannot now be proved, and is denied (as might be expected) by the Reddy

The Defendant being convicted is sentenced to pay a fine of ten Rupees or to be imprisoned 10 days-

The Tahsildar having been called on for an explanation, denies that any assault was committed, or any complaint made to him. This I believe to be totally false, and I believe the Tahsildar having with some other Brahmans of his Cutcherry, a direct interest at the time in

in the channel grossly neglected his duty in not redressing the wrong the poor woman was receiving from the whole body interested in the channel; but more especially in not listening to the charge against the Defendant for the assault, and at once giving her redress. It is an act of great and glaring partiality which must not be lightly passed over especially as there is reason to suspect this Tahsildar of other instances of partiality and of exceeding his powers by improperly placing people in confinement, connected with this some channel, it has been ascertained that another ryot was made to suffer loss which would not have been the case had the Tahsildar redressed the wrongs of others-

The only difficulty in the case is the fact that a year has elapsed since the assault took place, and this notwithstanding the Assistant Magistrate was at Yasaky for a few days on Jummabundy duty- But considering who are the real Defendant the poor woman may not have had a good opportunity to make her complaint or perhaps deemed it better to keep quiet and probably now she has been investigated by others to

prefer

prefer it- But it is nevertheless true and it is also true, that she complained at the time to the proper authority (the Tahsildar) and got no redress-

The Tahsildars conduct will be reported to the Board of Revenue for their orders as the punishment he is deserving of is far greater in the Magistrates openion than the Magistrate has authority to inflict.

The delay in disposing of the case has arisen from the necessity there was to receive explanation of the Head of Police which was received only on Saturday 31st Ulto.

Note 2d September 1858- In a subsequent Arzee dated 22d August the Tahsildar represents he had no share in the Nalah at the time the Assault is alleged to have occurred- This may be true as he applied for permission in October, to hold a share in it, but does not affect the case materially and there is reason to believe that he

he had a direct interest in the Nalah from the commencement though his name did not actually appear.-

Five individuals the descendants of former Zemindars who for their rebellious conduct had been dispossessed of their Estates are in receipt of certain allowances which are designated "compensation in lieu of resumed lands." These allowances not being of a strictly hereditary nature when lapses occur among the recipients the circumstances are reported to the Board and under their sanction allowances at reduced rates are continued to other members of the family to the deceased.

Sir,

In reply to your letter dated 25th August calling upon me by direction of the Board of Revenue to enquire whether it had been determined that Europeans should be included from competition at the Exhibition to be held next year I have the honor to state that it was resolved that the money prizes should be bestowed on the native Competitors only and that in the case of European honorary certificates should be conferred. The suggestion emanated from Mr. Wells a well known Merchant residing in Calicut who seemed to think that honorary Certificates would satisfy all successful European Competitors thereby placing a larger Sum at the disposal of the Committee to bestow as prizes on the natives to many of whom the increased amount of prize would be a matter of some consideration.

2. I shall at once take steps to bring the matter to the notice of the Committee, and have European and native Competitors placed on an equal footing as regards money prizes.
