Secretary to the
Board of Revenue
Fort St. George

Pd. No. 4319
From the Collector of Ganjam

Sir,

I have the honor to forward a plan and Estimate prepared at my request by Captain Philipps Executive Engineer for some very necessary alterations in the public buildings attached to this Cutcherry.—

Forwarding an Extract from Capt. Phillipps letter dated 7th Inst. requesting to obtain Sanction of Govt. for the Construction of a new Jail at Chittiapore.

2. Captain Philipps description of the building used to confine prisoners while awaiting trial or actually under examination, will demonstrate to the Board its utter insecurity even for this purpose a fact which has been further proved by the escape of a prisoner. The persons who are detained here are many of them prisoners in Sessions cases and as in the case of Dundasana may include individuals who have been committed

Committed offences against the State and whose capture and safe keeping are of great importance.—

3 The insecurity of the place is of course increased by the ingress and egress of strangers visiting the dispensary. an arrangement so objectionable on every ground that I should not allow its continuance another hour if any other building were available for a dispensary even temporarily, a tent as suggested by Captain Philipps would I think be useless for such a purpose during the monsoon.

4. I hope therefore that the Board will obtain the sanction of Government for the construction of a new Jail. This will obviate the necessity of sending prisoners and civil debtors to Chicacole or Itchapore as is the present practice and the Itchapore Jailor may in that case be transferred to Chetterpore the Jail at that place being sold

Shd.

should this plan be adopted the building now used as a Jail will make a very good civil dispensary with the alterations suggested by Captain Philipps.

5 In my case it seems necessary to provide a more secure place of confinement for prisoners under trial and if the Board think it inexpedient to recommend a new Jail I hope the arrangement for which the accompanying Estimate provides may receive their support.—

6. I enclose an Extract from Captain Philipps letter the remarks in the 8th and following paras regarding the Treasury will form the subject of a separate letter in reference to the Boards Circular Order of the 15th July last No. 2633 regarding the security of the public Treasuries.—

Sir,

In accordance with your request I do myself the honor to submit the following Statement regarding the buildings inspected in company with yourself at Chatterpore on the 4th Instant.—

1. The Jail in which 30 or Prisoners are at present confined and which no doubt often contains many more is a room 30 feet long by 14 broad with walls only 10 feet high with the gable rise of five feet the cubic contents of air is 5250 feet— giving only 175 feet per prisoner now incarcerated.—

This is exceedingly little for a Jail and foul air was probably the cause of the outbreak of Cholera 2 years ago which induced Mr. Hood to remove Dendo Seena from the Jail to a private house from which it is well known he escaped entailing a fill

Fort St. George 1st October 1858.

fill complaign with its attendant expenses now estimated at 3 Lacs of Rupees.—

2. Under the same roof and in a wretched little room partitioned off 12 feet long by 14 broad a apparently intended as a female ward for prisoners (I found the Civil Dispensary and Hospital established where Mr. Hanson and his dresser are daily engaged in relieving sick people from all parts of the Country, all these no matter what their disease must pass in and out at the same gate in the Compound wall as the prisoners and Jail peons and mix with them until their turn comes to enter the small dispensary.—

3. The compound wall is merely of mud through which a prisoner might easily make a hole large enough to escape through with the use of his fingers and a little water to moisten the clay with But even this exertion is not necessary as a prisoner could

could get over the mall only 6½ feet
high by stepping on the window Cill from
which the top of the mall can be reached.
4. To protect this mud wall from
the rain it is thatched with straw o.
the eave extending about 5 feet beyond
on the outside of the west face giving
cover to the Prisoners whilst cooking their
rice. This is very objectionable as by
setting fire to it wilfully or if it ignites
by accident the prisoners or at least some
of them may escape in the confusion that ensues.
5 Under these circumstances
I would strongly recommend that the entire
building be given up for a dispensary and
that a new Jail adequate to public necessity
be forthwith constructed. By throwing
down the compound wall and knocking
out a door and windows, a well ventilat-
-ed Hospital for a small number of
patients might be chiefly secured.
6. The new Jail should be built
50 Yards north of the Sepoys barracks
from which it would be well commanded
-in

in the event of an outbreak amongst
the prisoners.
7. In the event of Government
not sanctioning a new Jail it will
be absolutely necessary to enclose the
present one with a brick wall 10 o.
feet high (enclosing an area of 2,941½
square feet) at a cost of Rupees
340 as per accompanying Estimate.
It is also most necessary that the dis:
-pensary be removed. the sooner the better
lest outside patients infect the occupants
of the Jail. There is no other rooms
available I fear and recourse should
be had to tents until one can be
built which is the only alternative
in the event of the Jail not being
given up for the purpose.—

Sir,

With reference to my letter of the 8th Instant on the subject of the Jail &c. at Chetterpore I have now the honor to report to that

that on my arrival at Itchapore on the 13th Instant I found the prisoners of that Jail occupying temporary sheds erected in the Travellers Bungalow Compound at a distance of 55 yards from the principal entrance to the house. On enquiry I found the Sudr Ameen had removed them from the Jail directly cholera broke out among st the prisoners, forty five in number, of whom 6 were attacked and four died the same thing was done last year when the disease as usual Commenced in the Jail.—

I found the Jail here did not lay in over crowded rooms as there is accommodation for 108 prisoners giving to each 243 Cubic feet of air where as only 45 men were incarcerated but to my great astonishment I found 2 open Pucca within the compound and only 15 yards from the sleeping apartments. These occupy two corners of the enclosure and are partitioned off by a Masonry wall without however any roof so that a shower of rain dis-turbs the accumulated filth and actually poisons the atmosphere.—

You will be better able to comprehend the misery of the situation when

when I inform you that no sweeper is allowed though repeatedly applied for by all accounts to keep these places clean and that whatever is deposited from month to month must so remain until dissipated by the elements.—

My unfortunate subordinate Sub Conductor Hopkins who resides near this post house has just lost his two children from cholera and his wife is slowly recovering and this consideration must be my excuse for interfering in the internal Management of this Jail which was only lately visited by the Inspector of Prisons Mr. Rohde.—

I may further mention that the Jail is built in the old fort which is nearly surrounded by a ditch where where many hundreds of the Inhabitants resort daily for the purposes of nature, rendering the locality a very undesirable one for a prison.—.

by the Civil tribunals on confinement as a Civil debtor. The Tahsildar reported the circumstance and declared that unless some arrangement was made to transfer his land to others the same would be left waste in the then coming Fusly. He shortly afterwards wrote again, and more urgently to the same effect, and as there was then no reason to believe he had concealed any of the facts of the case, permission was given to arrange with others for the cultivation of the land for the coming year only.—

3. almost immediately afterwards the relations of the Mow-ss-ff appeared and declared that the latter had previous to his being placed in confinement himself made arrangements for the cultivation

cultivation of his land, and that it was actually under cultivation. The first order was of course revoked and the Tahsildar was directed to have the land in the name of the original holder.—

Enquiry was instituted and it appeared that the original holder of the land had arranged for the cultivation of it before he was taken to jail and that at least a portion of it had actualy been cultivated. That the parties to whom he had given over the land according

5th I might detail various other points in the case all tending to show that Pacheraz Venkiah did his best, with what view is best known to himself, to conceal from me the real facts of the case. 6. He about two years ago, when Tahsildar of the Pallee Talook and he had occasion to name a man temporarely to fill the situation of an absent peon, nominated his sons teacher, an old man utterly unfitted for the work of a peon, and who avowedly made no bell, nor performed any service connected therewith. For this fraud, as I may call it I in consideration of his long service only reduced him to a Tahsildarship of lower salary, but he does not appear to have taken warning from the punishment then inflicted.—

A list of the Extra Revenue Establishment No. 1 Abstract of the Extra Abkarry Establishment No. 11 A list of the Extra Magte. Establishment No. 25 herewith forwarded to be returned

Sir

In submitting for the Boards perusal the accompanying copy of a letter from the Acting Civil Auditor declining to pass certain charges contained in my contingent Bill for April last, I have the honor to request the Board of Revenue will be good enough to obtain the necessary Sanction for them under the following explanations, the whole being within the Sum already Sanctioned.

2. The first item is that of 5 Hungama Goomastahs from 3d to 31st March at 12 Rupees each. By referring to the Statement of additional establishments for fusly 1267 submitted

1st June 1857 No. 95 with my Predecessors letter of date noted marginally and

Fort St. George 1st October 1858

and Sanctioned by Government Extract minutes of Consultation 4th January 1858 the Board will observe that 4 Goomastahs were Sanctioned at Rupees 10 each for the whole fusly, or at a total charge of Rupees 480. But it was more advantageous to employ these men as required rather than from month to month, and in the Contingent Bill, in addition to these 4 on Rupees 10, the Salaries of 5 others are charged at 12 Rupees per mensem and it is to this part of the charge the Local Auditor now objects These 5 Goomastahs were employed to measure the irrigated lands under the Kistna Anicut belonging to Zemindars one of the objects contemplated in the letter of 3 May The dates of their employment, and of their being dispensed with and the charge on their account are shewn in the margin It was necessary to give these men rather better pay than those who were merely employed

employed in Office I have now to request the necessary authority may be obtained for this charge out of the Rupees 480, Sanctioned for Hungamah Goomastahs. It may be here observed that the usual 4 Goomastahs were entertained only from October, and November 1857 at the end of June last there remained an unexpended balance of Rupees 76—11—8 out of the Sanctioned amount

3. The second charge objected to is 8 District Hungamah Peons These were employed on emergency to assist the Officers deputed to conduct an experimental measurement of the whole produce of the large village of Tamersa in the Goodevada Talook by which it was hoped to obtain a true return of the amount of crop realized on a whole Village as a guide to the Settlement of Teerwagasty To this numbers were added 8 more in April The total charge incurred on this account was Rupees 50—3—7 The total Sum

Sanctioned

Sanctioned on account of Hungama peons for fusly 1267 was Rupees 2928, of which only Rupees 2798 were spent having a balance of Rupees 328. As the object of this expenditure was an important one I trust the Board will have no objection to authorize it as being within the Sum Sanctioned for District Extra peons

3. The 3d item in the list is Salt 1, Hungamah peons This is the number in excess of that Sanctioned in the Estimate Viz. 10 Peons a 1 Rupees for 6 Months or Rupees 240 These Peons were employed only as they were required by the exegencies of the manufacture and were entertained only from near the end of March, as shewn in the Margin the actual charge on their account to the end of June was Rupees 200 10 4 bearing a Saving of Rupees 39 5 8

4 As regards the disbursement on account of the abkarry Establishment which has already received the sanction of the Board, it rests with the Board to obtain the requisite Sanction from Government Jannese in the Margin a Memo of the charges incurred on

on this account in the whole fusly 1267 amounting to Rupees 2849 15 7 which has to be Sanctioned by Government while on this Subject I crave the permission of the Board to Submit for their reconsideration a matter on which they have already passed final orders. I mean the Subject of additional remuneration to Tahsildars on account of their management of the Abkarry Revenue This was proposed by my predecessor in his letter of 6th August 1857 and the Board in their Proceedings 20th October Said "they would Settle it at the close of the Fusly" when the results of the year are known But when the Subject was brought forward in April last, the Board declined to recommend any additional remuneration to the Tahsildars at that time however the results of the fusly were not definitely known the anticipation of Mr. Thomas Fuose proved quite correct. The abkarry Demand of the District was Rupees 61061. The whole of which with the exception of Rupees 11 outstanding in one Talook, was realized with the greatest

x No 1766 17th May 1858.

deligence

deligence within the fusly. The settlement itself was in fact made principally by the Tahsildars without giving a single ground for complaint the amount of the previous lease of the Farm was Rupees 13750 which deducted from the Settlement of Fusly 1267 Viz: Rupees 6106 leaves Rupees 17312 From this deducting charges already incurred Rupees 2850 the net gain to the State is Rupees 11462 or 33 per cent on the previous Revenue. The additional remuneration proposed to 9 of the Tahsildars at 90 Rupees per mensem would commencing from 1st July 1857 amount to Rupees 1080 Considering that in this District the Tahsildars are notoriously underpaid that they have had hopes held out to them under the Boards Proceedings of 20th October last and that both they and I fully expected that these hopes would be realized if they exerted themselves that they have uniformly acted with zeal and deligence in this matter and that their management has resulted in a large addition of Revenue to the State, I would earnestly request the Board to reconsider the subject and

and bring it to the favorable notice of Government with a view of its being sanctioned at this opportunity.

5 To prevent future objections on the part of the Civil auditor of the description now under explanation as Government have already enunciated the rule in regard to Sadarward expenditure, I would suggest the propriety of formally authorizing the Collector to deviate from the particulars provided they do not exceed the sum total of the Sanctioned estimate to such an extent as circumstances may compel them to do. Thus the peculiarity of the season may call for a greater or less number of Hungamah Peons in particular Talooks than is set down in the Estimate according to the facility or otherwise of collecting the Revenue of them respectively. Again the number of additional Goomastahs and the time required for measuring irrigated lands in zemindaries cannot be told till some idea can be formed of the probable extent of such cultivation

with

Fort St. George 1st October 1858

with reference to the character of the Season so with the Salt Hungamah peons the number required will depend much upon the esctent of Swamps which are likely to yield Spontaneous Salt during the Season In cases like these the Collector is obliged to act according to circumstances and must be allowed to use his discretion in determining the number of extra hands, and the time from which they may be actually required

should be adhered to under which the new Maneums and the Inams Calavasem would be enjoyed exclusively by the Nominated Curnums while those having a hereditary right would be entitled to shure in the old maniams of the Nabobs time.-

3. In special cases however if the emoluments enjoyed by the Nominated Curnums are absolutely insufficient for the support of the Office, a new allotment will be necessary. This will only be the case probably in Villages where new Maniums have not been given, and the old Maniums have become much subdivided.

Sir,

B. No. 3587
From the Collector
of Salem . . .

I have the honor to forward for the Sanction of the Board of Revenue an original application sent to me by the late Acting Sub collector Mr. Grant* recommending that a reward be paid to an informer of concealed cultivation in the Para: matty Taluk.

2. It appears from this statement that the Curnum of Cotta: mungalum was charged during the last Junnabundy, with having concealed cultivation, to an extent of Rupees 100-11-2 during the Fusles 1257-1263 and that the charge was proved against him. It also appears that Rupees 33-6-8 have been collected

* with his letter dated 8th May 1858.

collected from the Ryots, being the assessment of the concealed lands for Fusly 1267.

3. The informer who brought to light this concealment of Cultivation was one Cauly Gownden, the Monegar of the Village. As this person gave the information before the Taluk of Paramatty was settled, Mr. Grant recommends that a reward of 16 Rupees be granted to the informer, which is equal to 50 per Cent of the annual revenue recovered for Government from the information given by him.

4. I request therefore that the Board will be pleased to sanction the payment of the above reward to Cauley Gownden.

To

J. D. Sim Esqre.

Fort St. George

Sir

B. No. 4308
From the Collector
of North Arcot.

In my letter of the 15th. March 1858 No. 46. I had the honor to explain that no attempt was made by the Curnums to reconcile the differences which were in many villages found to exist between the extent of fields ascertered in the Pymaish accounts and as given in the Fasam chittah accounts, but that they adopted in every such case the simple expedient of rejecting altogether the Pymash measurements and adhering to the extent gavin in the Fasum Chittah which does not contain linear measurements; and I on these grounds questioned the expediency of any expenditure which had in view the retention of the linear measurements.

In

Fort St. George 1st. October 1858.

2. In reply to this letter the Board in Extract of their Proceedings No. 1807 dated 20th. May 1858 expressed their concurrence in the propriety of omitting the Pymash linear measurements from statement A and of preparing that statement from the Fasum Chittahs and they proceeded to state that as under that arrangement the labour of consulting the old Pymash records would not be necessary they were of opinion that the Curnums might be required to furnish statement A

3 In accordance with those instructions, I issued order to the Tahsildars to furnish me with estimates of the quantity of paper that would be required by the Curnums to write the Registers. These estimates have been received from all the Tahsildars except the Tahsildar of Tirvattoor. They have been framed in communication with the Curnums and the delay that has taken place in this

this merely preliminary measure precludes the exceptation of a speedy completion of the work if its execution be committed to the Curnums.

4. The truth is that the Cur: =nums have since November last been more than usually occupied. The preparation of the new accounts consequent on the introduction of the revised rates and the uncer: =tainty how far in order to check fraud, it was necessary in this year of transition from the old to the new rates to modify the Village forms of accounts, have entailed much additional work and the Curnums and now that the Jamabundy has been conclud: =ed in all but one Taluk, the Curnums are busily engaged in preparing the accounts necessary for the revision of their Mairahs and will very soon have to commence work

work for the Jummahbundy of the Current fusly which it is hoped will be begun and concluded at an earlier period than has been usual.

5. I would therefore pro: =pose that the writing Register be committed to Gomastahs en: =tertained from the funds amounting to Rupees 6,000 sanc: =tioned by the Government of India communicated in Extract Minutes Consultation 12th. January 1836 No. 39 received with Extract Proceedings dated 24th. January 1856 No. 215 I am induced to make the recommen: =dation not only in reference to the

the facts adverted to in the preceding para but by the consideration that few comparatively of the Cummums can write decently on paper and that the Register would either be disfigured if really their work or if not their work would be in fact the performance of irresponsible persons. The employment of paid Gomastahs would further tend to ensure accuracy and authenticity.

6. The work would in this way be very speedily concluded after the receipt of the Boards order which I beg respectfully to solicit as early as convenient.-

From the Actg Collr of South Arcot

Sir

In reply to your letter dated the 21st Instant I have the honor to state that no actual difficulty would be experienced in publishing the District Gazette in English as well as in the vernaculars in the manner suggested by the Board but I think that the time that would be necessarily given to writing and printing every circular order in English might be more usefully employed on other business a short English abstract of the contents of each order seems sufficient for those who understand English to enable them to take an interest in the details of the administration of the Province while as this portion of the Gazette is addressed exclusively to our natives Subordinate the majority of whom understand the Vernacular alone I am not of opinion that the Diglott version would prove of much advantage

With the exception however

2

of circular orders in all Departments and such notices or memos as refer exclusively to the duties of the taluk subordinates I

10466 Fort St. George 1st October 1858

I think the rest of the Gazette may well be published both in English and Tamil and the Board will observe that this is already the case in a great measure with the South Arcot Gazette. All notices memorandums statements and papers &c. which are likely to be of general interest are published in both languages in future appointments leaves &c. may be given in English as well as Tamil and should the Board desire that Circular orders should be so published in like manner the experiment shall be made I scarcely think however that this measure will be likely to increase the Circulation

From the Acting Collector
of Trichinopoly

Sir

I have the honor to acknowledge the receipt of your letter dated 2nd Instant No. 3339 with its enclosure and as therein requested beg to furnish the report required on the subject of the frauds alluded to in the 2nd para of the Superintendent of stamps letter of the 16th August last

The Certificates 9 in number
2 on which the frauds have been perpetrated were forwarded to the Collector by the Superintendent of stamps on the 2nd and 6th January 1857 for scrutiny

On the receipts of the Certificates
3 my Predecessor Mr. Bird caused the appearance of the Head Goomastahs of the District Moonsiffs of Conaud and Terriore respectively and required the production

production of the Register of file of suits On
an examination of this register It appeared
that the amounts in the Certificates had been
improperly altered By a reference to the
orders issued to the Treasury the erasures
and interpolations were traced to Krish-
nengar and Chinnakeshna Naik who
presented Certificates and obtained
payments from the Treasury

4 Warrants were immediately
issued for the above individuals and
they were examined when it was suffici-
proved the erasures and alterations were
committed by them with the intention
defrauding Government and that money
had been illegally obtained by them They
were accordingly committed for trial
to the court and their cases finally dis-
posed of by the Sessions Judge Hinton
Iyengar was acquitted and Chinna-
chenna Naik sentenced to 3 years impri-
sonment with hard labour in Irons and
a fine of Rupees 45 [illegible] to the amount

of fraud committed by him, imposed
on him.—

5 I beg to furnish a statement
shewing the number and the year of the
suits and the amount of fraud perpetrated
on Government From this Return the
Board will perceive that the Amount
legally payable on the 9 Certificates was
Rupees 10 and the sum overpaid Pr. 54.—

6 The Certificates were examined
and passed for payment by Venkatachella
Naick late Deputy Tavobunesh deceased
and the late Head Sheristadar of this Cutcherry Babaje Row who countersigned the
orders on the Treasury who has also died The
amount of loss incurred to Government cannot
therefore be recovered

Chinnakeshna Naick
against whom the charge of fraud has
been brought home possesses no property as
will be seen from the accompanying
Copy of a letter from the civil Judge of
Trichinopaly under date the 15th September
1858 No. 273. I therefore request that the

the Sum of Rupees 54 may be written off the accounts to profit and Loss as stated in a letter to the Superintendent of stamps dated 6th May last Copy of which I beg to transmit for the Boards information

8 These Certificates were not reported upon before for the reason that the frauds were traced to the 2 individuals alluded to in para 4 of this communication who had therefore been committed to the Criminal Court

9 Adverting to the 2nd para of the Board's letter under reply I have the honor to state that the original Certificates upon which the refunds of Stamp duty were made were returned to the office of the Superintendent of Stamps with Mr. Bird's letter of the 14th April 1857

Net Increase	191	2	8

Item

7. Item No. 1 alone requires special remark and consists of Quit Rent as follows:—

		Rs	a	p
1	Quit Rent on certain tracts of land found unassessed during the survey of Saint Thome	159	7	10
2.	Do. on houses in Big Parcherry within the walls of Black Town	171	1	11
3	Do. on tracts of land newly discovered as unassessed	29	10	10
	Total	360	4	7

8. The accounts of the Survey of Mylapore were submitted for the confirmation of the Board and Government on the 6th November 1856 and were returned to this office with Extract Minutes Consultation dated 9th September 1857. accompanied by the Boards Proceedings under date 6th August 1857, approving of the principle adopted and the mode of carrying out the work. The estimated increase in the Demand of this Division consequence of the survey, according to

to the Statement No. 2. forwarded with the above report was Rupees 1526-- --

Deduct the amount for which Bills were issued during the year preceding and in the year under report ____ 767- --

9. Remainder Rupees 759 for which bills are being issued and will be accounted for in the next year's report. These also would have been already issued had the Quit Rent Department been furnished with the Establishment which my opinion requires and which I took leave to recommend for sanctioned in my letter of the 13th September 1856.

10. In my last report Para 8, I mentioned that the number of houses assessable in the Big Parcherry were 632 of which 310 yielding a Quit Rent of Rupees 240-2-1 were included in

× Board's Proceedings 29th October 1858.

in the Demand of that year. In this year 279 houses, to the amount of Rupees 171-1-11, were assessed and included in the Current demand. The work will be completed within a short period, and has been retarded by the numerous other duties devolving on the Superviser and Mastries, whose time is also much taken up by being required to attend the Court on subpœnas regarding matters touching the measurements and other things specified in the several Certificates issued from this Office.-

11. The increase 389 Rupees under the head of Ground Rent was caused by bills having been issued on the Chunam Kilns for the months of November and December last under the orders of the Board noted in the margin and by charging Ground Rent on certain excess lands enjoyed

× From Board of Revenue 6th December 1856.

enjoyed by the holders of Kilas as well as by the enforcement of the rendon lands occupied by Timber logs at Rayapooram-

12. The Head of Sundry Items is composed of the following:-

Items	Fusly 1265	Fusly 1266.	Increase	Decrease
	Rs. A P	Rs. A P	Rupees	Rupees
Fees on Stamping Weights and Measures	3781 2 -	1481 9 -	700 -	-
Rent of Chunam Quarries	725 - -	- - -	-	725
Fees for issuing Licences	24 - -	74 - -	50 -	-
Total	1530 2 -	1555 9 -	750	725

13. The increase in the Fees for stamping Weights and Measures was occasioned by a greater recourse to this Department in consequence of certain convictions before the Police for the profession of false weights.-

14. In the preceding year as

16483 Fort St. George 1st October 1858.

as reported to the Board in my letter of the 18th September 1855 I rented out certain spots in Veysarpaudy and Tondiarpettah containing shells, and as the supply was exhausted no such item appears in this year's accounts, though the Canal being navigable throughout the year shells were brought as usual in full of the demand, from the quarries about Streecharicottah in the Chingleput District.-

Sugar Cane

15. The cultivation of Sugar Cane was carried on in this Fusly to the extent of Acres 73 being 2 Acres less than in the last.-

16. The current demand on account of Sewoy Jummah in comparison with the last year is as follows.-

Fusly 1265	6875 - 7 - 5
" 1266	5569 - 13 - 6
Decrease	1305 - 9 - 11

The

17. The decrease is chiefly in the restrospective demand.-

18. The collections of Current demand including Sewoy Summah are shewn in the subjoined Statement.-

Number	Items	Fasly 1265	Fasly 1266.	Increase	Decrease
		Rs. A P	Rs. A P	Rupees	Rupees
1	Shrotriem	210 " "	195 13 "	"	14

		66795 11 4	70218 2 10	3422	"

19. The increase in the collections is owing to the yearly issue of Bills which the Department was enabled to do by the

the entertainment of 3 Hungamny writers during the year for 3 months. The Government having objected to Sanction the charges the Board desired me to explain their necessity which the Acting Collector, Mr. Cochrane submitted in his letter dated 8th April 1857 Sanction not having been received as yet on the estimate of extra Libbundy for Fasly 1267, in which the entertainment of the Hungamny writers was again recommended, their absence is much felt in the Department. It is a great point to put the bills, over 45000 in number, into the hands of the Conicopillays at an early date, and this can only be done by the employment of the extra hands above noticed Their pay is amply made up to the Government by the prompt realization of the Demands.-

The

20. The increase in the Collection of Ground Rent would have been about 1300 Rupees instead of 14 Annas, if the amount of ground Rent on Chunam Kilns from No: vember to May, as well as ground Rent on some excess land occupied by the dealers, had been Collected within the close of the Fusly. The dealers in Chunam having objected to pay Ground Rent for months of November and December and for the excess land occupied by them, as shewn in the correspondence noted marginally, their dues were collected only after the close of the year, and when their property was about to be distrained.

Sewoy Jumma	5569 13 6	1714 8 3	855 5 3
Total	81449 9	70218 2	11231 5 11

22. Of this the balance standing on account of Shotriem is Rupees 14-3-" and Quit Rent Rupees 8013-1-2 while the remainder Rupees 2348-12-6 is on Ground Rent. The subsequent Collections upto 31st October last Rupees 3176-9-11 have decreased the Balance to Rupees 8054-12-" Accounts have been submitted by the different conicopullays as to the Balance stated to be irrecoverable but as little credit can be given to their assertions orders have been sent to the Amildar as well as the Head Register and the Soddy Amildar in concert with him, to examine into the state of the Balance and report thereon.

23. The following Abstract shows the state of the old arrears.

24. The subsequent Collections of t
31st October are Rupees 928–9–2 which redu
the balance to L.1600–10–3 and this sum
is under scrutiny as stated in Para 22.

25. Enclosure A in No. 13 will
shew that process was issued against 1049
individuals for Rupees 18957–15– and the
the estimated value of the property distrain
was Rupees 2003. Out of which prope
to the Amount of Rupees 173 was sold by
Auction and that for Rupees 1580 was
returned, the owners having paid up the
arrears, while the remainder for Rupees 9
is in deposit to be disposed of in due course

26. The General result of the collec
tions is shown in the following Abstract

6 Refunds of Revenue	1 " "	" " "	"	1
	53554 7 7	50072 3 6	4460	7942

28. The decrease in the salary of the Collectors &c. is owing to the charge incurred in the year preceding being for 13 Months of Mr. Stokes' salary, whereas in the Fusly under review the charge is incurred for 9 Months and 22 days.—

29. The increase in the Establishment was occasioned by the increase in the salary of the superviser of this Office by Rs. 98–4–– per Month from January last.—

Vide Supplement to the Fort St. George Gazette 28th January 1857 Page 1.—

30. The increase in the Extra Revenue charges is ascribable chiefly to the fact that in

in the Year under review a second Survey party for the Triplicane Division was entertained from August last.

31 The decrease in Law charges is due to the circumstance that in the last year Government had to pay the sum of Rupees 206-4-- in satisfaction of the judgement in a suit preferred by one Appa: sawmy Gramony.

33 The Columboo and Putta-Arrack Shops were settled on the Dowle of the previous Year save 3 Shops which were put up to Auction. By this Dowle the Shopkeeper are under an engagement to take so many Gallons of Arrack for their Shops from the Government Godowns daily.

If the quantity taken is sold off and more is required it is necessarily drawn from the same source, and this will account for the large increase shewn in a subsequent Para.

34 The number of Columbo Arrack Shops was 47 and Putta Arrack Shops 57 and 34 within and without the limits of the Supreme Court respectively amounting in the aggregate to 138 Arrack Shops.—

35 The number of Cocoanut Toddy Shops varied from 351 to 387 of which 282 are within the Supreme Court limits and the rest beyond them. The number of Palmira Toddy Shops without the limits of the Supreme Court are 169 and these are opened only from January to June.—

36 The following Abstract exhibits the Current Revenue under different heads, in Comparison with the results of the preceding year.—

37 The main cause of this large increase is the more effectual suppression of smuggling.

38. The price of Arrack at the Shops outside the Supreme Court limits is half what it is within them, so that it is the interest of the Shopkeeper to take as little above his fixed Dawle as he can from our Godowns and to obtain his supply either from the outside Shops or even from the Chingleput district Shops.

39. From the inspection of the accounts of certain Shops we know that some 100 Gallons

Gallons were purchased from the Govern: ment Godown at Triamoor without the Supreme Court limits and merein into Madras and thus if this smuggling is prevented and the dealer forced to purchase from the Government Stores, the Revenue is increased. It was greater by Rupees 50,232 (inclusive of Rupees 2231 collected after the Fasly from the Mount Police) than that of the preceding year and in advance by 21,866 of Fasly 1263 the most favorable year since the Abkarry was taken under direct Management.

40. Brandy was dear, but no more so than it had been the two preceding years, so that it cannot be said that from its high price Arrack had been substituted for it.

41 The increase in the Toddy Revenue has been caused by a more frequent and closer examination of the trees allotted to each Shop, by which the trees in excess have been carried to account instead of enjoyed free of charge, as was formerly too often

often the case.

42. Fines have been heavier and penal measures generally more severe and these resulted in not only more enquiries in this Office into cases of alleged wrong, but the Board have also been troubled by numerous appeals against my proceedings. Having obtained their support which I would now thankfully acknowledge, I am happy to say that complaints are less frequent, and that the Shopkeepers now confess that they have been benefited by the late changes in the Management formerly much liquor was smuggled into Madras and each one undersold his neighbour but now that the supply is more confined to the produce of the registered trees, there is less liquor in the Market and better prices are obtained. They have stated before me that whereas they used to get but one Anna a measure they now receive 2½ Annas.

43. The outturn at the Government Destillery has also received attention and the

stills have been made to yield individually more than they did, from the same quantity of material. The liquor too has been generally turned out at higher proof.—

44 These favorable results I do not ascribe to my own management, but to the exertions and vigilance of the Superintendent & Narrain Swamy Moodely.

I may have assisted him by prompt

45 attention to his suggestions, but when the operations of a Department like that of the Abkary are successfully carried on the credit lies with the more immediate Head, rather than with the Collector, whose influence is comparatively remote.

46 The following Abstract shews the charges incurred under different heads in comparison with the last year.—

56 During the Fasly the Railway first took effect in our Salt sales, Messrs Cammiade & Co having removed by these means 42000 Indian Maunds which may be said to have been in excess of our usual Inland

Inland sales. By Extract Minutes of Consultation dated 26th June 1856 No. 655 — merchants purchasing by the heap and conveying by rail are allowed to receive Salt on deposit of public securities, and about every 3 Months their accounts are settled with the Department.

57 Other Merchants have since adopted the same mode of transit and if we could obtain the long talked of siding to the Platform from the main line, we might reasonably expect a very large trade in salt with the interior through the agency of the Rail.—

58 The proportion of cost to be borne by the Government and the Railway Company being determined, the latter might be permitted to put down the branch line at once and the account subsequently adjusted. Both parties would I think be soon amply repaid for the present mode of conveying the Salt in bandies from the Platform to the Serremes is both cumbersome and expensive, and deters parties from entering freely into the Trade.

59 The gross receipts and charges are shewn in the subjoined Statement.—

Sir,

I have the honor to acknowledge the receipt of your letter of the 25th Ultimo and to inform you that the sum of Rupees 11171 entered in the foot note of the Demand Collection Balance Statement for June last is the amount of Collections of arrears as observed and exhibited together with the sum remitted totally with the aggregate amount of arrears entered in Column 7 of the comparative Statement of Alterations for the same months.

As the exhibition of Collections under the head "Particulars of arrears remitted" as a manifest Error I have caused this amount (11171) to be struck out of the Office Copy of the Statement and request that a similar alteration may be made in the four Copys

Sir,

Para 1 With reference to the orders of the Board of Revenue noted in the margin I have the honor to forward herewith a return of Public Works for the past Official year received from the District Engineer's Office.

2 It will be observed that since the restriction of expenditure on Public Works there are no undertakings of much importance in this District except communications which have however progressed steadily within the limits permitted by Extract minutes Consultation of 9th April 1857 N. 627. The results of works of the Kind are of a General character and require no special report. Communication with Russelcondah is still incomplete.

3 I conceive that the Board will not require a more full report on the works of this year as what has been done under the restriction is of an unimportant character.

B. No 3985
From the Coll.r

With reference to the endorsement on Petition Board's

No 131 of 1858 I have the honor to report that one Bedda Kayalah Pentrinaidoo complained that the present Appellant (Defendant) who is complainants late father's half brother taking advantage of the death of his complainants father and of himself being a minor obtained a Cuddapah in his Appellants favor by force for a certain piece of manieam land belonging to him the complainant situated in the vizianagrum Zemindary from the Ryot who had been cultivating it. The Ryot at first supported the complaint, but subsequently disavowed it. In consideration however of the Cuddapah originally executed by him to the complainant, and founded upon which the said ryot had been cultivating

cultivating the land up to the time of the dispute as well also of the fact of the complainant having in the preceding year applied to the Principal Assistant Agent and obtained orders on the strength of the latter Cuddapah for Zufting the ryots property for arrears, I had little doubt that the Appellant had improperly attempted to get possession of the land by collusive means from the ryot who had primarily held the land under the complaint and on these grounds I set aside the Principal Assistants decision which simply ruled that no force being proved in the matter of the 2d Cuddapah, the land should remain with appellant (Defendant) a decision adverse to the facts elicited by the evidence. The Petitions are herewith returned.

I have the honor to report that I propose sending the minor Proprietor of the Estate of Kirlumpoody to Rajahmundry for the purpose of attending the Provincial school at that place. He would have been sent before this, but the removal of the youth from Kirlumpoody, before the expiration of a year from the death of his parent, would have interfered with the performance of the prescribed monthly and annual ceremonies of the deceased, and was much objected to by his surviving relatives.

Sir,

In reply to your letter N° 3216 of the 23d Ultimo, I have the honor to observe, that the percentage of wastage therein referred to is shewn on the quantity of salt sold instead of on the quantity stored, if the calculation had been shewn with reference to the latter criterion, the wastage would only have been 10 5/8 percent. Though this rate of wastage exceeds the rate allowed for this District by 2 5/8, it should borne in mind that the salt belonged to Sundries

1262

1262 - 1263, and 1265, and had been much damaged by the gales of of November, and December 1856, of October 1857, and May 1858.

2 In adding up the total sales of salt of different years sold in June last to ascertain the amount of wastage 3 garces & 741 Measures of salt of 1262 valued at 245-15-.. was omitted by inadvertence in the first Return but was subsequently brought to account in the revised statement forwarded with my letter N° 257 of the 12th Ultimo - Hence the error the latter statement was intended to rectify.

Referring to the correspondence noted in the margin, I have the honor to report that the revised Plan of the Cantonment of Bellary has not yet been sent to me. neither have the boundary stones of the new Cantonment been laid down yet. The placing of the stones, I believe, cannot be done without the map. It is very desirable that this should be done, and the exact line laid down, that the jurisdiction of the Collector and Magistrate with reference to the military jurisdiction may be clearly known, and I hope that the map, which has been so long on hand, may be speedily finished and sent to me, and that the boundary stones may be placed as soon as possible.

for his sanction in the Months of June
1857 and again on the 11th August 1858 and
he has refused to comply with our
request and he has accordingly given
an endorsement on the said Petition
which with our objections we humbly
beg to submit for your favorable
consideration

consideration and orders.

After the deaths of your first
Petitioners Children she remained childless for an unusual time, when their
husband endeavoured to adopt a son
either among our Kins or distant cousins
but not finding any fit child for so
doing and determined according to
Hindoo Law to adopt from their relation
a child of other tribe by name Swamy
Row whose Thread Marriage was not
done when however some of your Petitioners
nearest relations advised to their hus-
band to marry another wife in an-
ticipation of getting issue from
her and he accordingly celebrated
the marriage of your 2d Petitioner,
the daughter of your first Petitioners
uncle. He nevertheless did not give up
his first determination of adopting
a son as it is usual to get Children
to the first wife after the adoption but
in

but in the mean time he died his death suddenly after a disease of a few hours only while he was in death bed several persons were present and before them he gave your Petitioners authority to take the said child in adoption. Upon his orders your Petitioner applied to the Collector for his permission and he has referred the matter to Tahsildar for enquiry who examined the evidence Vs.a in the Talook and transmitted his Proceedings to the Collector recommending that the proposed adoption may be recognized.

In the order of the Collector he states that it is doubtful to believe that your Petitioners husband has given orders for adopting a son at the time of his death because your 2d Petitioner was only a young girl and their Husband suddenly met his death after only few hours disease

disease It is not uncommon in the world to speak the urgent private affairs with the wives of the deceaseds at his death, accordingly the Board may think that your Petitioners husband has undoubtedly expressed his opinion for the intended adoption of the proposed lad at his death, as he was already resolved to do so This fact is also proved by the evidence of the individuals who were then present. The orders of higher authorities alluded to by the Collector against the said adoption is applicable to cases where a person wishes to take the adoption himself but not for cases of the present & there is no reason to give orders to wives when the husband is alive except under the circumstances like the present your Petitioners husband has not

Fort St George 2d October 1858

not reported to occur the intended adoption during his life time because he had hoped that there is still sufficient time to get a son, but he suddenly met with his unforeseen death. under the reasons stated above they doubt not that your Board is well aware that the proposed adoption may be made by them according to Hindu Law and is recognizable.

The Collector is of opinion that the meraasy is a large one and it is liable to be resumed to Government when opportunity occurs but the Circar up to the present period has

Fort St George 2d October 1858

been pleased to accept the offers of several applicants for such adoption in other tribe and daughters son &c in this District, and for instance your Petitioners earnestly beg to refer the following cases what we have heard and know.

In the Talook of Bellary a man Davayee of Mallapah had a large meraasy of Potail and Curnum of the Village of Jo Kulcottah he requested the

Under these circumstances your

Seroomulrow died very Suddenly after a few hours illness when holding the appointment of Tahsildar of Punchapollam. The widows then being both childless wished to adopt a boy of another Gotra - The Collector disallowed their request The Emam was very large and far more than necessary for the performance of the duties of these Villages and the Collector thought that they should be resumed when a fair opportunity occurred and he recorded on the 22d August 1837 the following note on the claims. - There is no necessity for the Circar to recognize this proposed adoption - The Cunnum Emam is very large and should be resumed when a fair opportunity occurs. no adoption was made during Seroomul Row's life and he died very suddenly and unexpectedly indeed after an illness of only a few hours so that his appointed authority

authority to the widows is very doubtful and the person to be adopted is of another Gotras The adoption cannot be at all recognized by Cmcon

On reconsideration of this order the Collector sees no reason to alter his opinion. Whether Tirooman Crow gave an implied authority to his widows to adopt in case of his death (which seems very doubtful seeing that the younger widow was but then a child and had not reached to womanhood) is not of much consequence - The adoption cannot be recognized by the Collector under the rules laid down by Government noted in the Margin so far as such adoption may give claim to succeed to the Cunnecknm Enams (which are now larger than necessary) on to the other

other Enams - The widows as a matter of right will be permitted as usual to hold the Enams possessed by their husband but not to adopt a son.

The Petitioners if not satisfied with this decision (which will be sent to the Talooks) should lose no time in preferring an appeal against it to the Board of Revenue - The elder widow is the daughter of that worthy and faithful old servant of Government, Neelcanta now late Head Sherishtadar of Bellary and for his sake the Collector would be glad to see their wishes ratified but it must be by the permission of Government as it is beyond the power of the Collector to pass any other order than that now given.

From the Collr. of Kurnool

Sir,

I have the honor to forward copy of a letter received from Lieutenant Grove on the subject of the removal of the Jail writer referred to in your Official memorandum of the 30th August last.

(Signed) D. Arbuthnott
Collector

To the Honorable D. Arbarthnot
Collector of Kurnool

Sir,

In accordance with the instructions contained in your letter of the 5th Instant desiring me to furnish you with an Official account of the appointment and subsequent

of a Jail writer I have the honor to inform you that the person alluded to was a Native Christian called "Adam Thummiah" son of a Convert who was formerly of the Mooche Caste.

The young man had been employed as a school master in Kurnool for some time, and Knowing him to be respectable & well qualified, both in Teloogoo and English for the work of a writer under the Jailor and which appointment is quite separate from the other Establishments.

I made him acting writer, and reported the circumstance in a yaddasht No. 129 to Captain Russell the officiating agent who was at that time encamped some 30 or 40 miles from Kurnool.

On the 4th September 1857 I received a private letter from him to the following effect "I did not reply to your letter about a Substitute to

1656 Fort St. George 2? October 1858

to the Jail because I wished to enquire but I have failed they call him a Pariah. where did he come from? who is he? Perhaps it would be as well at present if such people were not put forth so giving rise to remarks and objection let me know."

In consequence of this letter and at the earnest request of the young man who complained repeatedly of the secret opposition he was receiving from some of the Native Officials, I obtained employment for him in the Department of Public Works, and wrote a second Yaddasht No 140 appointing the present incumbent to the vacant Jail writership and which arrangement was at once sanctioned.

7th Sto George 2d October 1858

Bhuttum /A/ It appears from the records that the Bhatavurty enam lands were granted by a former Rajah of Mysore, but no sunnuds are forthcoming. The Village in which the above mentioned Gungadara Bhutton received the Trishvacum allowance was originally a Surwah Enam Village. After the assumption of the Country by the British, the Village was surveyed and assessed and 1/3 of the Beriz was allowed to the holders of the Enam as Trishvacum. At that time the sum of Rs 20 shewn in column 2 in this Statement fell to the share of Gungadara Bhattum /A/ as his Trishvacum allowance. This individual for several years enjoyed the Enam lands and the Trishvacum allowance, and died leaving an adopted son, named Vencana Vadiyar /B/, who also died Subsequently, the Enam lands and Trishvacum allowance passed to one Gungadara Igen /F/ who is not any way related to the family of the original grantee, but is an adopted son of Cumnee Bhuttum /E/ who was the natural brother of Vencana Vadiyar /B/. The last holder Gungadara Igen /F/ enjoyed the Enam lands and a portion of the Trishvacum, and died 3 years ago without issue. The remaining portion was alienated to other parties by Mortgage.

2 One Kistnien /J/ now claims the Enam lands and the ready money allowance, on the ground that he is the great grandson of Narayana Bhuttun /B/ who was the younger brother of the original grantee, and who enjoyed a moiety of the Enam. After the death of this person, the Enam passed into the hands of Boochummal /G/ daughter of Narana Bhuttun /B/, and after her death to her daughter Cooppummal /H/, the mother of the Petitioner, and therefore the Petitioner requests that the Enam and the Trishvacum may be continued to him.

3 The Records do not shew that any division ever took place between the original grantee /A/ and his brother Narayana Bhuttun /B/ nor that a moiety of it was enjoyed by the mother and grandmother of the Petitioner as stated by him, but there is reason to think that these two women had received a share in the Enam and the Trishvacum

allowance by private arrangement during the life time of Vencana Vadiyar /D/, who died more than 60 years ago. It also appears that a small portion of Trishvacum land was mortgaged a long time ago for Rupees 18 & 6 by Boochummal /G/ grandmother of the Petitioner, to one Sashien, who subsequently, in the year Ananda, mortgaged the same to one Pundita Cosipien This person having again mortgaged it in the year Vyaya to one Vencatasaatry for Rupees 18, the latter now receives the Trishvacum allowance due to him on the land thus mortgaged. It does not appear how Boochummal /G/, the grandmother of the Petitioner, mortgaged the above mentioned Trishvacum land, nor is it possible at such a distant period to ascertain under what Circumstances she got possession of the land, or the manner in which the mortgage was made - The fact of the mortgage in my opinion does not necessarily imply that the Enam land and Trishvacum allowance legally passed to Boochummal

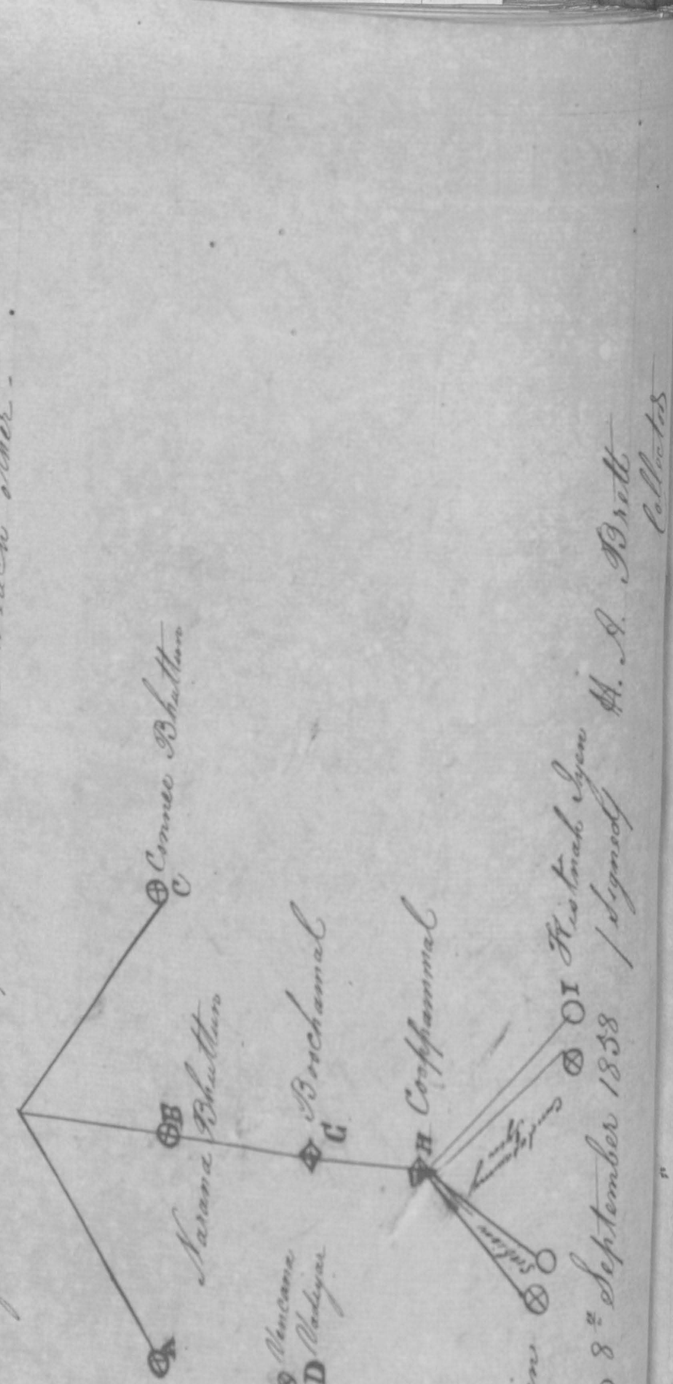

On the contrary, there is the strongest evidence to shew that the Enam land and Trishvacum allowance were in the possession of Gungadara Iyen until his death, which took place about 3 years ago -

4 It further appears from the record, that the last holder Gungadara Iyen (F) also mortgaged another portion of the Trishvacum land to one Venkatramanien in the year 1822 for Rs. 100 This land was in the enjoyment of the mortgagee for some years and after his death passed to his son - See Tharvidee, who now receives Trishvacum allowance.

5 From the foregoing Circumstances, the Board will observe that there is no positive evidence to shew that the Enam lands and the Trishvacum allowance ever descended to the petitioner's grandmother (G) or to his mother (H) and in consequence I am of opinion that the claim preferred by Kistnien to the Enam lands and ready money allowance ought to be rejected and that the Enam lands, as well as the

Bd No 4410
From the Collector
of Tanjore —

Sir,

I have the honor to request you will submit this my application for leave of absence for (15) fifteen days from the 18th proximo to proceed to Madras on private affairs.

Mr Whiteside the lately appointed acting Head Assistant will probably have joined before that time and I trust therefore you will kindly support my application and make arrangements for my duties being carried correct on in my absence. I may add with regard to myself that for nearly 7 years past I have never been a day absent from duty and my intention is to return from Madras as soon as possible so that my absence from the District will probably not exceed 10 days.

28th September 1858.

(Signed) W. M. Cadell
Sub Collr & joint Magistrate

The undersigned begs to recommend the grant of the leave applied for by the Sub Collector Mr Cadell.

The Enam lands granted for the service of this Mosque at Tennoor are now situated in two Villages. Namely in Tennoor and Poolloor of the Cenaud Talook, aggregating in Extent Cawnies 14 Gorlies 64 5/16 of Nunjah and Punjah lands. Originally the Enam was in the Village of Tennoor alone - But in the year 1823 land was required for the erection of a General Military Bazaar for the garrison of Trichinopaly and of consequence Nunjah Cawnies 5 Gorlies 27 9/16 of the Enam lands were appropriated by the Government and in lieu the same extent and description of land in the adjacent Village of Poolloor — The Original Purwanah was taken possession of by Mr Wallace and transmitted to the Board of Revenue with all other Purwanahs on the 18th March 1803 - But was not returned. In Mr Wallace's Register the grant is for the expenses of the Mosque. But the family while keeping up the Mosque. main. the Poroos and other ceremonies of the Mosque maintain themselves out of the proceeds of the Enam lands and have done so for a series of years.

The possession and enjoyment of the Enam lands have been in the family since the year 1746 - The Collector recommends the Enam being continued in the name of the deceased Eldest Son Syed Abdool kahder for the expenses of the Mosque. The Village of Tennoor is Dyem or belonging to Government.

Bd No. 4322
From the A. Coller of Tinnevelly — Sir,

In acknowledging the receipt of the

EM

of the Board's Proceedings under date the 1st Instant No. 3321, in reply to my letter of the 11th August last, on the subject of Suit No. 16 of 1857 on the file of the Principal Sudr Ameen of Tinnevelly, and instituted against Mr Silver and others, I have the honor to submit the following explanation.

2 The articles alluded to in the 2d Item of the Plaint were sold under Act XXIII of 1856 for an arrear due to Government on Palmirahs for which there are Puttahs written in the name of the Plaintiff, which is distinctly stated in Para 7 of Mr Silvers' letter to the Board dated 25th January 1858 and so specially quoted in Para 7 of my letter of the 11th August as well as in Mr Silvers' Order No. 538 in which the 3d Defendant is clearly directed "to secure the sale proceeds to meet the Circar demand" to this order and to the subsequent order No. 591 reference is made in Para 6 of my letter as being those under which the sale of Plaintiffs property

12

property took place.

3 With reference to the former part of Para 6 in which the Board presume that the claim of certain of the Defendants to Swamybhogum and Chatoorbhogum from the Plaintiff was enforced by distraint of his property by those Defendants and its sale by order of the Collector I have the honor to state that Mr Silver's order No 246 was to the effect that the Defendants themselves should attach the moveable property of the Plaintiff for the arrears due by him on account of Teermah including Swamybhogum and Chatoorbhogum on the Lands &c for which Puttahs are written in the names of the Defendants; but, the personal property of the Plaintiff was neither attached by the Defendants nor sold by order of the Collector.

4 With reference to the remark of the Board in the latter part of para 6 of the Extract from their Proceedings observing that the claim of the Plaintiff does not appear to be met by my proposed answer and that Chatoorbhogum is no where mentioned in

in the answer I beg to observe that it is stated in my proposed answer that if the Plaintiff felt aggrieved by the order of the Collector regarding Swamy bhogum on the lands referred to in the preceding Para his course was to prefer an appeal to the Civil Court: and, in reference to the Chatoorbhogum I respectfully beg to point out, that in my proposed answer it is clearly stated that "Chatoorbhogum is a description of Enam coming under the provisions of Regulation III of 1831" which amounts to the pleading proposed in the Board's answer namely that Chatoorbhogum being a Remission of the Public revenue any question regarding it is beyond the jurisdiction of the Court."

5 Adverting to Para 7 of these Proceedings I beg to state that the Plaintiff had refused to receive the Puttah for Fusly 1266 as mentioned in Para 4 of my letter because his request for Remission of tax on Palmyrahs entered in his Puttahs could not be granted. This Puttah necessarily remained, and in allusion to this, it

is

is mentioned in my answer that the "withholding of a Puttah" is among other things a question to be summarily disposed of by the Collector; and, it is in regard to the Puttah thus retained, it is urged, that the Court could not interfere.

6 The Plaintiffs request that the Puttah for Palmyrahs usually issued in his name should also include the land on which the Palmyrah trees stand, is shown in my answer to be a subject for the consideration of a Civil Court if the Plaintiff deemed that he had a right to it, which is the property of the Defendants: and therein, the jurisdiction of the Court was entirely recognised.

7 The Board further observe in the same Para that "the Plaintiffs do not advert to any Puttahs which are withheld" but I beg to refer the Board to Para 3 of the Plaint where the Plaintiff does specially advert to the Puttah which he would not receive.

8 The Defendants No 47 and others mentioned at the head of my

Draft

Draft answer, are Cavulgars &c., who, under the orders of the Tahsildar attached the property referred to, for the realization of Circar dues, and I have therefore deemed it right that in their defence they should have the benefit of my answer.

9 Since Mr Silver had, for the realization of arrears of revenue due to the Government, ordered the sale of the Plaintiffs personal property agreeably to the provisions of Act XXIII of 1856, and (according to Regulation V of 1822) he had only pointed out to the Defendants that they should attach the Plaintiffs property on account of teerwah including Swamybhogum &c. due to them, and regarding the remission of tax on Palmyrahs he acted agreeably to the Circular Orders of the Revenue Board, the Collector and all the other Defendants who acted in obedience to orders are under Act XVIII of 1850 not subjected to the jurisdiction of Civil Courts; and,

with

with this view my proposed answer in defence was framed.

10 An extension of one month's time for filing the answer to this Suit has been applied for. I beg to await the Board's further directions regarding the answer that shall be given to the Plaint.

Sir,

I have the honor to report for the information of the Board that since the despatch of my letter of the 15th Instant No 316, I have received the Board's Proceedings of the 15th Instant communicating Extract Minutes, Consultation under date the 9th Instm, and that I shall in conformity to the orders conveyed in the latter, put in an answer to

~~answer~~ to O.S. No 16 of 1857 on the file of the Principal Sudder Ameen's Court of Tinnevelly, taking exception to the effect in the precision of the Plaint.

2 The delay in reporting on this case arose partly from its being a matter that has originated anterior to my having taken charge of the District and therefore was not brought to notice at first and also from the pressure of the daily current business during the progress of the settlement of the Revenue; further more owing to the Civil Court being in the interim closed, the period allowed for filing the answer became postponed for six weeks within which time only was it necessary to answer the Plaint.

Sir,

With reference to para 6 of the

the Proceedings of the Board of Revenue dated 24th November 1857, and also to the Proceedings of the 25th May last No. 1851, I have the honor to state for their information that the levy of tax on Cattle particularly on the Neilgherries is in my opinion also very objectionable, and oppressive, and I therefore prefer the allotment of pasture lands in its stead as suggested by the Board - but the tax is usually levied, from a long time both on the Neilgherries and in other parts of this District, at the

higher rates noted in the margin. Mr. Thomas appears to have thought it necessary to reduce the tax in question, as no pasture lands can be given on the Hills in consequence of the great demand for it, and accordingly reduced it to 2 annas per head, the cattle used for cultivation being exempted from that tax.

2 Under the foregoing circumstances and with reference to an order from Mr. Thomas to the Tahsildar of

of Ootacamund, I have charged the tax on Cattle at the above reduced scale during the settlement for fusly 1267, leaving however the matter for further consideration and disposal of the Board.

Sir.

With reference to the Board's Official Memo dated 29th June last regarding the remission of assessment on the lands of the Betutnaad Escheat, I have the honor to state that no steps have been taken as yet to give effect to the wishes of Government on this subject.

To Bd dated 26th October 1858 No. 139

2. The Board are aware that my Predecessor deprecated any interference with the assessment of these lands, on the ground of our title to them being scarcely tenable in a legal point of view, and that such a measure under the present settlement of the Estate would only tend to complicate matters and

Ex. Min: Cons: of Govt. D/26th Feby 1857 No. 206 para 4

and check succeeds. Under this view of the case Government were pleased to direct that the question of assessment should not be pressed, but that it may be considered and reported on after the operations now in progress were completed.

3 These operations have not near come to an end, and are likely to engross as long a period as has already been expended in their adjustment. The extent of land belonging to this Escheat as already ascertained amounts to 6765 acres, and of which only 3056 acres have been disposed of since Fusly 1262. There remains therefore 3708 acres yet to be adjusted. The settlement of which, as judging from the past, as well as from the probability of concealed lands being discovered in the course of the operations, will I apprehend occupy a longer period than we have anticipated. It is proposed to undertake the adjustment of the Cusbah of Betutnaad, which it is expected will engage the attention of the establishment during the whole of the coming season.

The

4 The Board are aware that when the Betutnaad Escheat lands were measured in 1807/8 great frauds were practised in drawing up the accounts, and the names of very many people were falsely put down as owners of the Jenm right, in fact many parties who now cultivate the lands and have held them on Kanom tenure for years, are entered as Jenmies whereas they have never claimed the right, and up to the present moment are ignorant of the entries that are made in their favor.

5 In the adjustment of the lands which is now going on, the present holder always gets precedence in the purchase of the Government Jenm right which is sold on moderate terms. He is thus well satisfied in having secured a right, which although he may afterwards discover was entered in his favor in the accounts, he well knows he could only contest in a Civil action, at considerable expense and with a doubtful issue.

6. These remarks apply with peculiar force to the Cusbah of Betutnaad, the focus

of

of intrigue whilst the Survey was going on and which will therefore require a more than usual amount of exertion and watchfulness, for not only there is good reason to suppose were false entries as to the names of the Tenures made, but the extent of land is put down far below what is actually is.

7 Any alteration in the assessment at present would complicate the arrangements that are now being carried out, and it is of the last importance that they should be completed ere the General Survey of the District is entered on.

8 On these considerations and with reference to Mr Robinsons former communications, the Board it is hoped will concur in the advisability of of deferring the question of the reassessment of the Betutnaad lands until the completion of the sales now being carried out.-

Sir,

In 1851 Government sanctioned an Expenditure of Rupees 7649-10-4 for the construction of two Groins emergently required for the protection of the town of Ponany from the effects of the river which threatened to undermine it.

2 This money was granted on the understanding that it was to be refunded by the inhabitants who had agreed to a light toll on boats coming to the Quary being levied for the purpose. The groins were constructed by the Civil Engineer and have answered their purpose.

Sir,

With reference to the papers noted in the margin, I have the honor to report on the State of the English and Native Records of this District.

2 Their arrangement as regards compilation continues to be the same as was reported under date the 4th February 1847

3 The English Records of

of this Office are generally in good condition, except as regards those appertaining to the time of the Joint Commissioners of Malabar from 1793 to 1801. the covers of which are partially mutilated and require repair, these were renewed about ten years ago at a cost of Rupees 75 but owing to their inconvenient size, and occasional handling, they have suffered sooner than would be the case with Books of a lesser size. An estimate for their repair will however be entered in the annual Estimate of Esctra Charges.

The Books about 150 in number consist Chiefly of from 5 to 6 Quires of Royal Paper each

4 The Records of the Native Department are in pretty good order. a large amount consisting of some 1300 Daftar extending from the years 1799 to 1853 in the Departments noted in the Margin having after a careful scrutiny

scrutiny been found quite useless were burnt under the orders of Mr. Robinson shortly before he left the District. Among these were the entire Proceedings connected with cases tried under Regulation IX of 1822 of more than 5 years standing, in accordance with the Board's Circular instructions of the 8th October 1856, as well as the records of more than one years standing of all Police of a petty nature under the orders of the Foujdaree Udalut dated 5th June 1857.

5 The inconvenience complained of by the late Mr Conolly in his letter dated 23d. February 1842 in regard to the want of an Index has in some measure been overcome in this Department by advantage having been taken of the services of a certain portion of the Sea Custom Servants who were employed on duty

duty for a few months in every year during the prevalence of the South West Monsoon, when their duties at the Sea Ports are comparatively light, but the difficulty so far as it affects the English Department still continues to be felt, and the heavy duties which engross the time and attention of the present English Department will I fear preclude the possibility of this great desideratum being ever attained, without some additional aid.

6 The progress made in examining the copies of the ancient Summakhundy Accounts alluded to in the 7th para of Mr Clarke's Report dated 18th September 1856 has not progressed so satisfactorily as could be wished very little has been done to this work, owing to the attention of the servants that could be spared from the Sheristadar's Department having for some time been taken up with the scrutiny into the old

Should be answerable for the weight or gauge reported by the Custom House officers who shall have assessed the said goods

a competent person with a salary commensurate with the responsibility laid on him.

3 I would respectfully suggest that no explanation can give a description either of the duties or responsibility of a Warehouse Keeper. There is one in every Port in the world where there is a "Warehouse", and the necessity of the appointment is as well recognized as that of the Collector. It is true the Government may continue to allow a Salary of Rupees 25 per mensem and throwm the responsibility on the Collector, but the duties have increased considerably. For the last two years the Revenue has increased a Lac of Rupees each year. This year promises to give an increase upon that and the Collections in the Month of July last are over a Lac of Rupees. The Establishment is in fact insufficient for the ordinary duties and it cannot spare any individual to take charge

charge of the Bonded Warehouse, without throwing the duties this individual should perform upon others. The Establishment is allowed no holidays, the office is open before Sun rise and closes after it, and if there is any Establishment entitled to consideration, it is that of the Sea Custom House.

4 The Warehouse is in an isolated building, distinct from the Custom House, it contains goods to the value of Rupees (138685-9-1) one Lac thirty eight thousand six hundred and eighty five, annas nine and pice one. Spirits valued at (70618) Seventy thousand six hundred and eighteen Rupees and Wines at (27351) Twenty Seven thousand three hundred fifty one Rs. Total Rupees (97969) Ninety Seven thousand nine hundred and sixty nine.

5 I leave the matter in the hands of the Board of Revenue and Government under the

the impression no argument is required to shew that 150 Rupees a month is a low remuneration to the Officer who has charge of the Warehouse, and I feel confident this view will be established if the Bonding Warehouse at Madras is compared with that of any other Port. I cannot concur in the line of argument that there is any ground for giving a Warehouse Keeper less salary at the Port of Madras than any other. but on the contrary he should be remunerated at this Port as that Officer is at other Ports according to the responsibility he incurs, and I consider the salary proposed 150 Rupees per mensem a very moderate allowance.

Encl. No 1. 6. The sum at credit of the Warehouse fund is (11870) Eleven thousand Eight hundred and seventy Rupees which has been carried to the credit of Government. Experience has proved it is unsafe, and I respectfully submit unfair to the Collector, to place the large amount of property at his responsibility with no one to entrust with its custody but an underpaid Clerk. To explain the facilities for

fraudulently appropriating these goods would be highly inexpedient as to do so might facilitate and encourage it. The subject is beset with difficulties I myself feel and have long felt the responsibility and I leave it with Government to say whether the present State of things is to continue. It is very gratifying to me to know no complaints have been made, or any ground given for their being preferred. but the daily risk is great and I respectfully submit, the responsibilities laid on the Collector entitle him to consideration and relief, by placing the Bonded Warehouses of Madras on the same footing as at other Ports.

B.R. No. 4193

From the Collr. of Ganjam

The Board will probably remember the success which attended the employment of Hungamie Carcoons in the Vizagapatam District for the purpose of discovering & bringing to account Concealed Cultivation.

2 The Conformation of the Country in this province is such as to make it an easy matter for the Ryots to extend Cultivation in localities where it escapes observation. The Cultivated lands of Ganjam are for the most part distributed in a succession of detached Villages or basins surrounded by hill & jungle so that many lands secluded & difficult of discovery are supposed to be under cultivation unknown to the Revenue officials.

3 The Carcoons are already sufficiently employed in taking cognizance of cases which are brought to light by informers as well as by their other duties. I therefore propose with the approval of the Board to employ an Establishment of Hungamie Carcoons who will be remunerated from the money levied on lands newly brought to account. I propose that the pay of these persons should simply appear in the accounts as a deduction from the Revenue Summary.

B. No. 1428

From the Collr. of Nellore — I have the honor to acknowledge the receipt of the Board's Circular letter dated 21st. April 1858 Communicating Extract Minutes of Consultation dated 6th March on the subject of the taxation of Topes & Scattered trees-

2 With regard to the subject discussed in Paras 12 & 20 of the Minutes of Consultation I am of opinion that the provisions of the Rules of 1848 applicable to private Topes are sufficiently liberal to meet all Reasonable requirements-

3 The plan proposed by Government in Paras 13 to 15 for dealing with trees on land held by another person, seem well Calculated to meet the requirements of every Case in which rent have been paid to Government for the trees separately In other Cases as where trees have been planted by a ryot on land which he has subsequently given up, I do not Consider that any separate proprietary right in the trees should be recognized on

Fort St George 4th October 1858

and his refusal to take the land or on his abandoning the same the trees should be made over unto it to the Dusty-hastdars-

4 No misapprehensions has occurred in this District with Regard to the two subjects notified by Government in the Concluding Para of the Extract Minutes of Consultation Persons are allowed to cut down trees which they had planted, but they usually ask permission and this involves enquiry as it Cannot be given till it has been ascertained that the trees were planted by them or their ancestors-

5 I apprehend no difficulty from freeing trees in back yards from taxation as they are already taxe free in this District The practice of charging the Villages with the Topo rents when offers are not obtained for them is being put a stop to-

6 A Draft of a Notification embodying the principles of the new System on which Topes & Trees are to be taxed in this District is herewith forwarded for approval as directed-

Notification-

Under instructions from the Board of Revenue the following Rules embodying the amended System under which Topes & Trees are to be taxed in the Nellore District are published for the information of the people-

1 The Rules for Regulating and planting Topes and Trees whether in Public Topes or private ones published in 1848 still Continue in force but there is no restriction as to Cocoanut areca Palmyra & Date Trees Persons however must abide as regards these descriptions of Trees by the provisions of Regulation I of 1820-

2 As Regards Topes previously existing which have hitherto been assessed in different ways the Turrum Rate of the land the Inuctas or fixed Rent of the Topes or the taxe on the trees will be levied which ever is the lowest-

3 Trees in Backyards are taxe free as are also trees growing in Enam lands-

4 Persons wishing to rent trees on waste land will be liable to pay the Turrum assessment of the land only, they will not however be allowed to take the land

merely

Fort St. George 4th October 1858-

merely for the purpose of felling and selling the Timber on it and afterwards throwing up the land when charged-

5 Persons holding land may fell the Trees thereon planted by themselves or their ancestors without any Restriction nor is there any necessity to apply for permission to cut the Trees in such a Case-

6 Villagers are not liable for the Topes situated within their limits when offers are not obtained for them, & they do not appropriate the produce- On such occasions the Topes are to be taken under summary management-

7 Topes on Inella land will be liable to be charged with Tarum Jasty if they make use of water from a Government Source of irrigation-

8 Cocoanut Trees &c. which require the water of 2 crops of Paddy will be liable to 1/2 the Tarum Sist of the land-

From the Collector of Bellary

Dated 19th august 1858.

Sir,

I have the honor to forward copy of a letter from my Sub Collector Mr. Collett and to request the orders of the Board for the removal of Kistna Row from the situation of Tahsildar. Kistna Row has served Government with fidelity and ordinary ability for more than 38 years and he is now about 60 years of age (he says he is not more than 58). He has been recommended by the late Sub Collector Mr. Arbuthnott and by the present Sub Collector to retire on a pension but he seems very unwilling to do so and the Medical Officer (the Garrison Surgeon of Bellary) has given him a certificate* which may preclude his obtaining a pension. The Board and Government have frequently expressed their opinion that these aged men should retire and I am of opinion that Kistna Row should be permitted either to retire on the pension he is entitled to or to be removed to the situation of Taluk Sheristadar.

I am

*annexed to this letter.

I am afraid if a Doctors certificate is to be a bar to the retirement of old servants who appear to them hale and strong I shall find difficulty in getting rid of others whose age and time of servic certainly suggest the propriety of retirement from active public duties

To,

C. Pelly Esqr.
Collector of
Bellary.

Sir,

With reference to your letter of the 11th Instant No. 206 I have the honor to state that I am very decidedly of opinion that Thistna Row Tahsildar of Tandjantry is quite unfit for the ordinary duties of a Tahseldar. He is more than 60 years of age and has been more than 38 years in active employment. He may be for a man of his years in such a state of health that a Medical man might rightly say that he had no particular ailment and that his health was excellent

but it does not require any professional or scientific knowledge to see that even physically he is not one of the occasional exceptions to the ordinary effects of age but on the Contrary 60 years of life and nearly 40 of constant labour have brought upon him a full share of that bodily infirmity which is the ordinary lot of man. I apprehend that it is a mistake to suppose that the ordinary duties of a Tahsildar and Head Police officer in one of our large Taluks can be efficiently discharged by a man of past 60 with the ordinary infirmities of age upon him.

2. But whatever he may be physically I am not singular in the opinion that mentally his faculties have become weakened by age and labour as long ago as July 1857 he was reported by my predecessor as incapacitated by age for his situation. In that opinion you concurred and he was actually directed by the Sub Collector to submit the usual application. He appears though to have successfully worked upon Mr Arbuthnott's good nature and to have induced him to allow him to remain for another year. From what I have seen of his works and from the interviews I have had with him I certainly think

think, that he cannot remain in his present situation any longer without detriment to the Public service.

3. I have the honor therefore to suggest that if not pensioned he should be removed to some other situation, where he may have both less bodily and less mental labour to undergo than falls to his lot as Tahsildar. The Asst. Garrison surgeon's certificate is here with returned.

I have the honor to acknowledge receipt of your letter of 22d July 1857 No 2529 Requesting Collectors opinion on the subject of an uniform system of weights and measures proposed by Mr. Bayley I am afraid I am not Competent to give any opinion on this difficult subject - I would only make a single Remark Viz. that Mr. Bayley seems to desire to Conform the standard to the standard of English weights and the Indian Tolah - but he seems to think that measures are in Contemplation for altering the standard of English weights - If English weights are to be altered and should they be at all Regulated with Reference to same English Coin, would it not

not be as well to see what Change is made in the english weights before attempting to introduce a Change in India, apologizing for making this small suggestion -

I have the honor to forward for the sanction of Government a Memo. of Compensation for loss incurred by the Ferry Toll Renters in consequence of their boats being taken to cross Regiments over the river on emergencies and also for Batta paid to Boatmen &c. amounting in all to 163 — 4 Rupees.

Dr. No. 1301
From the Collector of Bellary . . . .

Forwarding for sanction of Government a Memo of Compensation for loss sustained by Ferry Tollrenter in Consequence of their boats being taken to cross Regiments over Rivers on emergencies and also Batta to Boatmen &c. amounting in all to Rs. 163 — 4

2. The Loss according to the Renters Estimate is twice the amount recommended by the Tahsildar and as the Renter will be content to receive the amount recommended it is probable that that amount is nearly correct.

3 The first item was incurred in Consequence of the sudden order for a marching of the 47th Regiment to march to Dharwar in August 1837. The detachment however did not proceed beyond two or three marches when it was recalled but the boats were all collected ready for it and no doubt the renter must have sustained loss

The

4 The 2d charge was on account of Bheem Raws insurrection.

5 The 3d charge was incurred under a misapphehencion of the Tahsildar that the Field Force which has been ordered to be in readiness to march at a moments notice for several months past was actually on its march and he collected the boats to be ready for its expected arrival.

The other items are for batta and loss of supplies collected.

80 Hoons = 1 Cutcha seer of 24 Solas

1 Pollum = 3 Solas

8 Pollums = 1 Cutcha seer of 24 Solas

2½ Seers = 1 Viss = 120 Solas

5 Seers = 1 Viss = 120 Solas

10 Seers = 1 Daddy

40 Seers = 1 Maund = 960 Solas

20 Maunds = 1 Baram or Candy

Collectors Remarks

The weights here specified are those used in the 2 Balaghat and 4 Baramahl Talooks of the District. The heading ought to be as follows.

Weights used in the 2 Balaghaut and the 4 Baramahl Talooks

9 Cantaray Fanams = 1 1 Pagoda or Hoon.*

80 Hoons = 1 cutcha seer of 24 Solas.

1 Pollum = 3 Solas

8 Pollums = 1 cutcha seer of 24 Solas

2½ Seers = 1 Uddeash seer

5 Seers = 1 Viss = 120 Solas

10 Seers = 1 Daddy

40 Seers = 1 Maund = 960 Solas

20 Maunds = 1 Bharam or Candy

Rupees 1 Seer = 24 Rajah Rupees = 28½ Company Rupees.

Weights used in the 8 Talaghat Talooks

80 Hoons or Pagodas = 1 Seer = 85 Yekary Pagodas = 24 Solas.

* This is called "Yekary" Pagoda to distinguish it from the Madura Paddiem Pagoda used in the Talaghat Talooks.

† The word "Cutcha" is not used in the District but it has been introduced into this Table to distinguish it from the "Pucka" Seer used in some Districts.

‡ Solas in the 2 Balaghat and 4 Baramahl Talooks mean Rajah Rupees.

§ This is called the "Madura Paddiem" Pagoda to distinguish it from the "Yekary" Pagoda used in the 2 Balaghat and 4 to 4 Baramahl Talooks.

¶ Solas in these 8 Talooks mean Company Rupees. 1 Seer = 28 Company Rupees = 28½ Rajah Rupees.

The rest as above

The note in the Boards paper regarding the English equivalents needs no remarks.

1866 Fort St. George 5th October

Board's Statement

1858

Collector's Remarks

Referring to the Office Copy of Coll: Read's Report dated 1st April 1800 adverted to by the Board it appears that 77 3/5 Rupees weight of nine kinds of Grains mixed = 1 English quart; so that according to this Calculation

$$72 \text{ Rs: weight} = \frac{90}{97} \text{ English quarts} = \text{Company's Seer}$$

The rest of the calculation should be accordingly revised

I am unable to check the Statement made in this para as the Return of 1821 therein alluded to is not to be found in my records as explained in para 3rd of my letter dated 19th January 1854 No. 4.

Needs no remark.

The use of the word "Nat Paddy" is liable to be misunderstood. Nat signifies "Country": It would be more appropriate to say instead "Half Paddy".

The "nat" or local Paddy is different in different Talooks and even in different Villages of the same Talook.

The Table therefore should run thus.

1. Inaumm or Half Puddee = 65 Solas of rice heaped
2. Half Puddees ——— = 1 Company's Puddee
= 130 Solas

The rest as in the Boards Statement

N.B. The terms "Inoda and Podee" are known in the Talooks of Namaul, Paramutty, Trichengode and Razepoor, 4 Talooks in the Talaghat Division of the District.

The Cutcha seer is not used as a measure of capacity for grains. It is used in selling or buying Oil Ghee &c.

The word "Cutcha" as noticed at the commencement of these remarks is not used in this District

This calls for no remarks.

Bd. No. 1,350

From the Collector of Tanjore.....

Sir

In the printed correspondence communicated to me with your Board's order of date the 2d instant No. 3352 I observe that reference is made by the Governor of Pondicherry to a supposed act of mine under which the new Tariff was introduced erroneously of course from the 19th July last and that therefore I had expressed my readiness to reimburse the amount of Collections made at the frontier Chowkies from that date to the 1st August on which latter date only the new rates of duty ought to have had application

25th Aug. 1858 para 4

2. The Governor has correctly mentioned the date of introduction of the Tariff but I have

Inform the Honr to explain that the error such as it was occurred not in any office but in that of the Head Assistant Collector who has long had separate charge of the Sea Customs Department. It was committed without my having had an opportunity of correcting it.

3. When I shall discover whether happened under instructions issued by the Assistant Collector I shall now afford the only remedy in my power which was to afford to refund all collections made between 19th July and 1st August on application being duly made and supported.

4. As this correspondence has been much circulated the Board may perhaps deem it just to me that this explanation be submitted to the Government for their information.

This Statement will show how and when I propose to supply myself with these articles and I have only to observe that I have entered a Lithographic Press instead of a wooden one such as those furnished to other Districts and will be exceedingly useful in those numerous instances in which the number of impressions required is small and time is our object.

B. No. 4534 Sir Fort St. George

From the Collector of Canara.....

I have the honor to report my proceedings with reference to Paras 4 & 5 Ests. Ins. 6. under date 25th July 1858 was required in Ests. from the Bro. of the Board of Revenue dated 2d August 1858.

2. There are 23 Venders of Stamps in this District and the average receipts from fees vary from 65 Rs. per Mensem in Mangalore to 2 annas per Mensem in Soopak.

3 In the Honore Talook the Receipts are as high as 22 Rupees a Month but generally speaking they are between 12 and 15 Rupees Elsewhere

4. Hitherto only Sahsildars Shirestedars and Peishcars have been authorized to vend Stamps in the Talooks and they have usually employed

employed some one of the Goomastaks in their Cutcherries to do the manual part of the business they however signing the endorsements and only giving out the Stamps as they are required. In these cases the authorized vender shares the fees with the Goomastah in proportions which vary in almost every Talook.

5. In four Talooks however the Tahsildars have themselves kept a Goomastah for this purpose and they with one exception receive either two thirds or the whole of the fees collected.

6. Whenever the fees realized produce an average Salary of Rupees 5- per Mensem I have appointed venders who give security for a sum equal to the average value of the Stamps sold in one month. The Stamps will still remain in the Tahsildars or Peishcars charge he giving out such quantities as are required once a fortnight

In

7. In places where the receipts do not average Rupees 5 per Mensem I would propose to allow the present system to be maintained as separate venders could hardly be procured.

8. In one or two instances it is necessary to entrust a lower grade of servants than those above alluded to with the sale of Stamps for Provincial Courts have multiplied and are more numerous than the Salook Revenue Officer. Hence a Salt Shanbogue at Camp and a District Post Office Goomastah at Kurkul are vendors at those stations and the average monthly receipts of each are about Rs 6-8-0. I would propose that in these instances of the vendors being at a distance from the Salook Cutcherries) the present arrangement be allowed to stand as by giving the two appointments to one individual more respectable and trustworthy men can be induced to do the

work than they were conferred on different people.

9. The instructions of Government as detailed in para 3 of the Ex: above alluded to have been already carried out. The stock of Stamps has been placed in the Treasury under lock and key and my seal or that of one of my Assistants and will in future be treated in this respect as cash.

10 Such quantities of Stamps as are required by the Darogah for distribution throughout the District are furnished by one of the European Officers on presentation of an indent bearing my signature and on the Stamps being given out the signature of the Officer superintending the delivery to the Darogah and the receipt of the latter officer are entered in a separate book particularizing the said Stamps and their value.
