Fort St George 15th October 1838

reference to the Endorsement of the Board of Revenue dated 1st May 1838.

2. The question raised in the Petition applies also to some other Villages of the Sub Division regarding which the Collector has made a reference to me I therefore take this opportunity of Submitting the whole question for the orders of the Board.

3 Some correspondence took place between the Board and this Office regarding the reduction of Garden assessment in this District in the year 1835 and a Notification was forwarded with the Boards Proceedings of the 14th June 1835 in which it was stated that Mooloom lands under Tanks Channels wells and Doroovoos previously paying Rs 26/4 per Goorloo would be assessed at Rs 20 – 5 – " and Mooloom lands under wells assessed below 26/4 Rupees would be charged with the Several rates of Rupees 15 – 10 – " – 9 – 6 – " and 4 – 11 – "

* and some others.

Cut

but no mention was made of Mooloom lands under Dooroovoos assessed below 20 Rupees.

4 In a few Villages of the Tuli Division there are Mooloom lands under Dooroovoos or Ponds previously assessed at from 25 Rupees to 14 Rupees per Gortoo. In the absence of any express provision for them in the Notification they have been assessed at Rupees 20-5-4 the only rate entered in the Notification for Mooloom lands under Dooroovoos - The new assessment however bears hard upon those lands which previously paid only Rupees 14 upon which the present rate is an increase of Rupees 6-5-4 per Gortoo I am of opinion that no distinction should be made between Dooroovoos and wells and that Mooloom lands under the former should be reduced in the same manner as those under the latter i.e. that all lands previously charged at rates from

Rupees 25 to Rupees 15 per Gortoo should be assessed at Rupees 15-10-4 and that those assessed at Rupees 14 should be reduced to Rupees 9-6-4 as I see no reason to have different rates for lands under Ponds from those for lands under wells.

5 A Statement is herewith forwarded showing the extent of Mooloom land under Dooroovoos alluded to under cultivation in Fusly 1265 its former assessment and that proposed.

13d No. 4275
From the Collr
of North Arcot

Sir,

I have the honor with reference to Extract from the Proceedings of the Board of Revenue dated 26th November 1857 No. 4209 to state that on the 14th instant, I received from the District Engineer the report on the subject of the Maungad Chanry Dasalundum tank adverted to in para 1 of that Extract.

2 Paras 1 & 2 of my letter of the 24th October 1857 No. 9262, stated that the Sakeel of the Dasalundum Enamdar had appeared before me on the 14th August 1856 and had executed a Moochilka binding the Enamdar to complete the repairs of the tank by the 31st March 1857 and that on the 3d October 1856 the Enamdar himself intimated to me that the work of repair had been completed with the exception of a Sluice.

3 The Board will perceive however the report forwarded by the District Engineer that the tank is at

at present in a most neglected State and I would therefore recommend its being at once resumed.

4 In the event of the Board acceding to this recommendation and being of opinion that under the Circumstances a Commutation of the Enam is necessary I shall be prepared to submit without delay a proposal on the Subject.

To
James A Dopping Esqre &c
District Engineer of North Arcot

With reference to your Memo No 4472 of the 10th July most respectfully beg leave to state that I have inspected the Monikadoo Cherry Dasalundum Tank and Channels the repairs of which have been very much neglected Some of the Ryots there complained to me as I was going along the bund that a great quantity of land is laid waste in consequence of the river supplying channel not being

being in working order. The owners of the tank I have informed lives at Madras it appears he has employed a Goomastah who was reported to have gone to Dallayamugger Some 4 days back So I was obliged to return to the Arcot as I could not get information from any other Sources.

Sir,

Rd No 4050
From the Aj Collr
of Tinnevelly ...

With reference to
para 3 of Extract from the Minutes
of Consultation under date the 14th
June last in which the Government
observe that the Establishment of the
Press in the Collector's office need
not be postponed till the receipt of
an Iron Press and that the work
Can be Commenced with one wooden
Press till the receipt of an Iron Press
I have the honor to forward an Extract
from a letter received from Mr Benoit
the Superintendent of the Church Mission
Press at Palamcottah on the subject from which
it

it will be seen that a wooden Press
cannot be made here and that printing
in the Office cannot be advantageously
undertaken without an Iron Press.

2 I beg to enclose to estimates one of
the Printing materials and the other of
types that will be required for the Printing
Office when a Government Press may be esta
blished in this District.

I remain &c &c &c
Circuit Cutcherry

/Signed/ D Mayne
Acting Collector

Extract from a letter from J
Bensley Esqre Superintendent of the
Printing House to D Mayne Esqre
Acting Collector of Tinnevelly dated
4th August 1838.

Referring to your letter
of the 22d ultimo and to my reply of the
27th Do I beg leave to send you an Estimate
of

of the Printing materials which I
should Consider would be required for
the proposed Government Printing Office
exclusive of the Printing Press - with regard
to this, I have had a native workman
to examine my wooden Press and find
that it will not be possible to make
it here, that is to say he estimates it at
Rupees 350 whereas you might get as
good a one in England for £ 10 and
the price of a first rate Iron Press is
not more than £42 to £45 either in
England or in America.

With the type I can supply you
if you will give me notice before hand
It will of Course take some time to cast
it probably three Months - The wooden
materials as frames Cases &c can very well
be made here. But I doubt whether you can
advantageously commence operations with
out an Iron Press in which I am unable
to help you.

Sir,

BR No. 3806
From the Collector of Combatore

Para 1. With reference to Doctrine from the Proceedings of the Board — dated 23d November last No. 4099.

I have the honor to forward a revised Statement showing the extent of land to be allotted to the village Sibbiendy from waste &c in lieu of the Inam lands really unfit for cultivation for reasons assigned already in each case amounting in the aggregate to Rupees 1,367-1-6.

As

Fort St George 15th October 1858.

2 As regards the remark entered for some cases that the land is infested with wild animals, and for which the Board called for explanation I beg to state that certain waste lands having been left waste for many years contiguous to Forests, large trees &c have grown on those Tracts and have thereby become frequented by wild animals, thus rendering the land unacceptable and inaccessible to cultivators.

3 With regard to para 3 of the Proceedings under reply I beg to state that the Salaries and Salaries of this District are paid by Government by Lands amounting in the aggregate to Rupees 40,281-5-4 per annum as detailed in the enclosed Statement.

4 The paras 4 to 7 of the Proceedings will be answered in a separate letter.

Bd No. 4433
From the Coll. of Canara
dated 27th April 1838

Sir,

In my report on the Salt Trade of this District for the quarter ending 31st March last I informed the Board that I had established a temporary Cotaur at Meerjan the point at which the traffic passing down to Coompta via the Argyle Ghaut crosses the river Tadery and I now have the honor to submit for sanction a bill for the erection of this building accompanied by a Memorandum of Salt Sales in the Ankola Talook prior and subsequent to its erection from which I think it will appear evident that the step taken be to satisfactory results.

2 The Board are aware that the great depot for the sale of salt in the Ankola Talook is situated at the foot of the Devimunny Ghat (Kutgul) During the long period that the Ghaut has been closed for repairs

repairs little or no Salt could be sold at Kutgul the whole of the Coom traffic having of necessity taken the Arg line of road Tunnekuttah where the Salt is manufactured is not situated on this line of road though at no great distance from it and inconvenience experienced by traders many of whom returned home without loads rather than go out of their way for them.

3 Water Communication between Tunnikuttah and Meerjan rendered the transport of salt to that point easy and as soon as the depot there was opened the increase in the Sales of Salt became Considerable Shewing I think the step taken was desirable both as affecting the revenue and as a Convenience to the public generally.

To J. D. Sim Esqr.

Secretary to the

Board of Revenue

Fort St. George.

Sir,

Bd's No. 4373

From the Collr. of Ganjam

I have the honor to acknowledge the receipt of your letter of the 8th Instant and to inform you that the sum of Rupees 10600 — — —

entered in the foot note of the Demand Collection Balance Statement for July last is the amount of Collections of arrears as observed and was exhibited together with the sums Remitted, totally with the aggregate amount of arrears entered in Column 7 of the Comparative Statement of Collections for the same month

As the exhibition of Collections under the Head Particulars of arrears Remitted is a manifest error I have caused this amount (10600 — — —) to be struck out of the office Copy of the Statement and Request that a similar alteration may be made in the fair Copy —

Encl

Fort St. George 16th October 1858

Encl. No 1

To The Collector
of Rajahmundry -

Sir,

I have frequently and painfully noticed both in this and two other Districts that in many petitions taken both at the Pooza & Talook Cutcherries irrevelant & Separate matter is introduced & enquiry thereby turned aside & Confused becoming often so incon=sequential & deferred that a decision is end becomes impossible & I think that the only way to put a check upon this incon=venience is absolutely to limit the leng of petitions; & I therefore respectfully beg to suggest that the amildars be forbid=den, and European officers Recommended not to take any petition written upon more than one side of a piece of paper - I do not think it would be good at first to lay on any other restriction but that plain rule Could not be mistaken - of Course those rule

Fort St George 16th October 185

who wish to be diffuse or those w
have much to say will take pape
of the largest size and will write
closely this can be looked to aft
wards if necessary - As petitio
are usually I think written by a
certain class the rule would s
be well known -

Rajahmundry District
Dhoralaichauram
16th August 1858

(Signed) B. B. Swain
Sy. Asst. Collr

No 796

To The Acting Head Assistant Co
of Rajahmundry -

Sir,

I have the honor to acknow
-ledge the receipt of your letter of the 16th
Instant. There is no doubt that much irre
-levant matter is often introduced into peti
presented both to the Europeans and Native
officials but the remedy for this evil must
rest with the officers to whom such are
presented & who may decline receiving
petitions containing any obviously irrelevant
matter

Fort St George 16th October 1858

matter & call upon the party to
strike out the same - I do not
Consider that the end in view is
likely to be gained by enforcing such
a Rule as you propose which would
only I fear encourage the writing
on large and unwieldy sheets of paper

(Signed) A. Purvis
Collr

To The Collector of
Rajahmundry -

Sir,

I am so Convinced of the
inconveniences arising from the
present general practice of receiving
petitions without respect to their
length that I hope you will not
Consider that I overstep the bounds
of my duty in requesting you to for-
-ward for the Consideration of the
Board of Revenue my letter of the 16th August
in order that the opinions of all Collectors
may be taken upon it -

The chief object in
2
Con:

Fort St. Georgo 16th October 1858

Confining the length of petitions in order to introduce a greater Regularity and Expeditiousness of enquiry

3 I suppose that the people will at first write upon large paper and in a close hand but when it is understood that the petition is not to be over more than one sheet, other Cases can be superintended -

4 I beg to forward an appeal petition which has just preceded the matter again upon any Consideration -

(Signed) R. B. Swinton

From the Collr. of Guntoor

Sir,

In reply to the Board's Proceedings

17355 Fort St George 16th October 1858

Proceedings No. 286 of the 28th July last I have the honor to state for their information that the Enam Refers to in my letter of the 30th June last

Enam lands granted for subsistence. No. 69 appears to be a Bhuttavirty granted for Service Enam-

1 Petitioners are the Nephews

2 Sons of the younger brother of the present holder of the Enam-

3 This Enam is shown in the accounts

about acres 9
S. — — -3
Ø — 12

from 1235 / 1825/26 at 6/15 of a Cawnie & 6 Cawnies while addition of 2/15 is made in those of 1211/1837 being in all 1/2 Cawnie-

4 Complaints were preferred in 1849 to the effect that the Enam was of Rent origin, but a Summons dated in July 1172 / 1762/63 Doondalakoo for 7 years indicated in the Margin, having been produced by the late Mr. Stokes directed in 1850 that he should be permitted to continue in the occupancy of the same pending the final settlement of the Enam tenures generally.

5 The original Petition received in the Proceedings under Reply are returned herewith

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Bd. No. 2635
From the Collector of Chingleput.

Sir,

Referring to Paras 1 and 2 of Extract from the Board's Proceedings No. 501 the 30th January last I have now the honor to submit my Reply to the Extract from their Proceedings dated the 30th June 1857 No. 2233.

2 As remarked by the Board in Para 3 of their Proceedings last adverted to; the difference between Cols. 18 and 35 in Statement No. Rs a p 38-1-10 and not Rupees 31-1-10.

3 The Sum of Rupees 38-13-2 Re: ferred to in Para 4 is the Amount of Remissions granted during the Settlement in Fasly 1265 which exceeds that of the preceding Fasly 1264 owing to the former year being less favorable than the latter.

Column

Fort St. George 16th October 1858.

4 Column 18 of Statement No. 1 ought to have been left blank as observed by the Board.

5 The assumption made in Para 6 is Correct.

6 The proposition Contained in Para 6 of my letter dated the 30th March 1858 and the Boards order thereon as Communicated in Para 2 of their Proceedings under date the 15th July 1858 No. 2210 have not been Carried out as the ¼ Share therein adverted to is under attachment by the Civil Court and the Shrotriemdar Cannot be held Responsible for the payment of the Government dues so long as the present mode of management Continues. The balance of the past Faslies as per particulars margined noted has not as yet been cleared off. but it will be adjusted as soon as there are Surplus Proceeds.

† Fasly Amount
1262 - 13-2-6
1263 - 18-13-6
1265 - 26-7-5

7 The instructions Contained in Para 8 will be duly attended to.

Fort St. George.

Bd. No. 2636
From the Collector of Chinglepat.

Sir,

In Reply to Para 3 of Extract from the Boards Proceedings No. 601 of the 30th January last. I have the honor to state that the ¼ Share of the villages therein adverted to, was Rented out in Fasly 1266 for 3 years Viz.t. Fasly 1266/67 and 1268 at Rupees 560-0-2 as per particulars entered in Cols. 15 and 16 of Statement No. 1 which accompanied my letter No. 369 of the 10th December last. The Demand of Fasly 1266 though it was below that of Fasly 1264 exceeded the average Revenue of the Preceding 10 years. In Fasly 1264 the villages were under Amany management and the high prices of grain in that year Contributed to the Augmentation of the Demand while in Fasly 1266 they were Rented out, and Consequently the

Fort St. George 16th October 1858

the prices did not affect the Demand

2 The forms in which the Returns have heretofore been prepared did not provide for a Demand Collection and Balance Statement, but it would appear that the whole of the Demand has been fully realized. The entries in the Columns represented Acres.

3 The instructions contained in Paras 5 and 7 will be duly attended to.

4 As Required in Para 6. each Report has been separately submitted for Fasly 1266 with the Statements usually furnished for Properties under the management of the Court of Wards.

Bd. No. 2754.

From the Collector of Chingleput ... Sir,

I have the honor to forward the accompanying Statement explanatory of the Settlement for Fasly 1266 of the Shotriem Villages sequestered and placed under the management of this Department by the Civil Court of Chingleput.

2 The details of the Settlement are exhibited in Statement No. 2 from which it will be seen that the ¼ Share of Parattoor for 4 Villages was Rented out at Rupees 560 or Rupees 48-15-5 above the Demand of Fasly 1265. The ¼ Share of Thoramellore was under Ryotwary Settlement and realized Rupees 178-13-6 which is in excess of the Demand of Fasly 1265 by Rupees 52-3-6 The increase has been Consequent on the favorable nature of the Season and

the

17361

Fort St George 16th October 1858.

the Smaller Amount of Remissions granted for failure of Crops.

3 Of the total Demand Rupees 777-12-2 Current and Arrears Rupees 476-7-2 were realized with the Fusly leaving a balance of Rupees 1-5-- which being due by a Pardo who has since left the Villages is held irrecoverable Sanction is therefore Requested for writing it off to Profits and Loss.

4. The Collections were not more than Sufficient to Cover the Charges of Peishcush. Management and Maintenance of the Shrotriem dars that there Remained Nothing to be remitted to the Court.

Fort St George.

B No. 1968.
From the Collector of Bellary

Sir

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 31st March No. 1144 held on the plan submitted by me for the reorganization of the Village Talary Force in this District, and with reference to the discrepancy pointed out in

For Ft St George 16th October 1858.

in the Marginal Note to para 10 Viz.
to that "In Col 11 of No 1 the value of
"the Cnam is stated to be Rupees 162½
"for the Bellary Taloork at 2/3rd of the
"reduced assessment. In Col 6 of No 6
"the same amount is entered for the
"Bellary Taloork. though the heading
"of this Col is designed to shew the
"half value only" I beg to observe that
in the Office Copy of Statement No 1
Col 6 had been corrected and headed
to shew 2/3rd value only but in the fair
Copy it seems that 1/2 has been entered
it should have been 2/3rd so also in
Cols 16 and 18 of Statement No 6 2/3rd
are correctly entered in the Office copy
In the Office Copy of the Statement
in question Cols 6. 16 and 18 are headed
thus "Value of land calculated at
2/3rd the survey /reduced/ assessment"
and I request the fair Copy in the
Board's Office may be altered accord-
ingly if wrong.

For Ft St George 16th October 1858.

2. The reduced assessment referred
to in my report had reference to the
survey assessment reduced by the general
reduction of one fourth in 1822/23, and
not to the revised Assessment. Now in
progress. The value of two thirds of the
reduced Assessment is equivalent generally
to one half the survey assessment.

+Example.
Survey Asst 8 : 1/2 = 8/4
" 8 − 1/4 = 6 : 2 2/3 = 4

BR No 4306
From the Collector
of Tanjore

Sir

With reference to your
letter of the 17th instant, No 3518, I
have the honor to inform you that
as

Fort Saint George 16th October 1858.

as the latest returns of the quantity of Salt stored this year at Vadaraniam have not reached this Office I have desired the special Assistant Collector now at Negapatam in Charge of the Salt Department to Communicate to you direct by Telegraph the quantity available for Shipment to Malabar.

Tanjore Collector's Office.

Fort St. George 16th October 1858

No. 191

To

J. D. Sim Esqre

Secretary to the
Board of Revenue
Fort St. George

Bd. No. 4338
From the Collector of Tanjore ...

Sir,

I have the special Assistant Collectors Telegraphic message to you, Copy of which he had forwarded to me, I observe that he has deducted from the Stock of salt in hand at Vadaraniam. 16000, Maunds as being Required for Home, Consumption leaving down only the Remainder or 10,000 Maunds as available for Shipment I do not deem to me to be necessary to Reserve any portion for the home sales as

From Fort Saint George 16th October 1858.

as there is sufficient in store at the other Depots to meet that demand.

2 I fear also that Mr. Agnew has not taken into account the Salt manufactured this year, but not yet stored.

3 I calculate therefore that 1500 Mds or one half the quantity required by the Board, can be supplied to Malabar which I accordingly beg request may be considered as the quantity available.

4 But for the season proving unfavorable for Salt manufacture this year, a much larger quantity would have been made than it has up to the time been found practicable to spare.

Tanjore Collectors Office, Vellauro 23d September 1858.

(Signed) H. D. Whitehill
Collector

Fort St George 16th October 1858

No 192

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St George

Sir,

Bd No 4546
From the Asst Collr
of Trichinopoly

I have the honor to acknowledge the receipt of the Boards Proceedings dated 30th July with Extract Minutes of Consultation of the 29th & Idem No 1058 calling for a report on the subject of the Sircar Villages and Gardens situated in Trichinopoly the revenue of which is appropriated for the maintenance of Mosques &c.

A list of the Villages and Gardens &c which are granted as Enam and appropriated for the expenses of Mosques and Chuttrums &c of the Nawabs Department was called for through the Nawabs Agents and compared with

with the list received from the Board on the 15th December 1801.

3 Five Statements have been prepared and are submitted herewith Statement №1 shews the Manigam of entire Villages and of detached Enams in ayen Villages granted for the above 2 kinds of institutions and their Revenue. №2 exhibits the Gardens which correspond with those entered in the Board's list as also the Gardens not entered in the above list and their Revenue.—

№3 Comprizes the Gardens entered in the above said list and which are in the enjoyment of others than the Nawab's Department. as also the Gardens whose situations are not known.—

№4 Shews the Dettams of the Establishment and other charges pertaining to the said charities.—

№5. Shews the Collections, the expenditure and the balance of Fusly 1267

4 From the above Statements it will be perceived that the income of Enams of entire Villages and of detached Enams as well as of the Enams Gardens &c granted for the abovementioned charities is Rupees 12.395-6-9 per annum. while the charges for defraying the expenses of each kind of charity and of the Establishment are Rupees 12438-5-8. The Balance of Rupees 721-5-2 shewn in №5. Statement of receipts and charges is said by the Servants of the Nawab's Department to have been expended during the month of July in Fusly 1268.—

5 As no orders have been received to institute an enquiry into the income of the Villages &c charges of Establishment and the expenses of the mosques &c charities it was not thought necessary to do so. The Statements now sent have been drawn up from information furnished by the Nawab's Agents.—

Trichinopoly Collectors Office
7th October 1858.—

(Signed) M.J. Walhouse
Actg Collector

1858.

To I. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

B No 4328 Sir
From the Dy. Coll. }
of Karaikal - - } With reference to para
1/22nd July 1858 4 of Extract Minutes of Consultation
No. 1029 noted in the Margin on the Proceedings
No. 1789 Board of Revenue under date the 18th May 1858
I have the honor to state that until lately
the Salook Venders of Stamps had been
entertained on the responsibility of the
Tahsildars through whom they were
paid like all the other Government
Servants but they have now as directed
in Extract Minutes of Consultation
above adverted to been placed on an
entirely separate footing and have
been Called on to give Security
proportioned to the Stock of
Stamps

Fort St George 15th October 1858

stamps which it is found necessary to keep on hand in each Talook at the seperate from all the other Talooks Servants the Stamps Vendors are still under the general Supervision of the Tahsildars to whom they are expected to look as the head of the office-

2 Beg to append a Statement exhibiting the extent of Sales of Stamps issued in each Talook since the introduction of the new system & the amount of Commission paid

3 The Board will perceive that the Commission on the value of the Stamps sold since the introduction of the new system is Rs. 1948-3-5 & that the expenditure for the payment of the vendors is Rupees 1473-11-9=

From 15th January to 31st August 1858-

4 The Talookwise Statement you will observe exhibits

Fort St George 15th October 1858

exhibits the Rates of pay made up to the end of last month-

5 Until the end of the year when the 12 Months sales can be viewed it will be impossible to say what the fixed pay of each vendor should be but it can then be definitely settled, care being taken in the mean time, in making payments to keep their amounts below the Commission & to allow a wide Margin for the fluctuations of one month with another-

To

Lieutenant Blagrave
District Engineer
of Ganjam

Sir,

I have the honor to inform you in reply to your letter No. 1079 of the 16th Ultimo which enclosed the papers herewith returned that instead of the water of the Booroopadah Channel being of no use to the Ryots of the Aska Proprietors Estate it is most essential to them, and caused numberless disputes as to its division before

before the retaining wall was built, If I were to raise the wall 10 inches higher on that branch of the Stream the Government Lands would largely benefit and I am sure that instant complaint would

Sir,

Rd No. 3445
From the Collr.
of Nellore

With reference to Extract from the Proceedings of Board of Revenue under date the 19th Instant I have the honor to forward herewith the original Statement of Enam lands taken for public purposes in the Jah Division returned with the Board's Proceedings of the 14th November 1837.

With reference to the en-
2
quiries in Para 2 I beg to state that the lands taken up in Seethanampootum and Cheekeyapollem mostly belongs to the Shrotrumdars themselves for whom other lands are not required to be given in exchange but a reduction of Jody has been recommended

Fort S. George 18th October 1858

Gottlow

The remainder 1-7 in Section
poorum belongs to Enamdars, to
whom the Shrotriemdars have agreed
to give land in exchange on Con-
dition of their Jody being re-
duced. As the land proposed to be
given is not the property of Govern-
ment but of the Shrotriemdars it has
not been entered in the Statement
and Columns 6 & 7 were therefore
left blank Column 5 was also left
blank because the Shrotrium lands
having never yet been classed
ed or assessed it was not considered
possible to enter their value.

Bd No 4664
From the Collector
of Cuddapah...

Reporting upon the practicle working of the new forms of Village Accounts and forwarding the original Accounts of two Complete Villages as directed in the Board's Circular No 2773 dated the 23d July last.

Statement A

Sir,

I have the honor to acknowledge the receipt of your Circular Letter No 2773 under date the 23rd July last and to submit my report on the practical working of the new forms of Village accounts together with the original accounts of two complete Villages as therein requested.

The preparation of this Register is a very tedious and arduous task. From the heavy amount of the Current work, the Village Curnums cannot be spared to prepare it. Even if they be compelled their preparation will be very imperfect and cannot be relied on. The Talooks Servants who are few in number have no time to examine it By the help of an extra Establishment sanctioned by Government 3 Copies of the Pymash and Jummabundy account showing the assessment of Circar and Enam

Fort St George 18th October 1838

Enam lands were prepared, of which one Co
has been sent to the Board of Revenue another
to the Talooks and the 3d is retained in
this office for reference until the expected
general revision of assessment takes place
it is advisable that the proposed Statement
be postponed.

Enclosures 1 & 2

Statement B

3 Side the Remarks in the above para

From the Circumstances detailed
in Para 20 Two separate heads Sizt exces
of examination and Total need be in
serted between the Heads 16 and 17 of this
Statement.

Enclosure 1

4 This Statement requires Specifi
cation of Jodee to be paid on each of the
3 descriptions of land. Vizt Dry Wet and
Garden. In this District in Certain Villa
Jodee is fixed on each number of the
field whilst in others it is levied on
each individual for the total extent of
all descriptions of land under his enjoy
ment. To prepare an account agreeable
to this Statement, Jodee requires to be
subdivided

Fort St George 18th October 1838

subdivided in proportion to the assess
ment on each description of the Enam
lands. This Statement does not distinguish
Jodee from Sunna Enams which is neces
sary.

Statement No 1

5 It is stated that the List and
Collections in the Statement No 3 should
be entered with reference to the particulars
Contained in the Statement No 1 As the
List is to be reckoned by deducting the
usual remissions of 1/3 and 1/4 &c from
the Survey assessment two heads Vizt
Remission and Balance ought to be
inserted between Columns 10 and 11.

Statement No 2

6 After the Head No 9 four
new heads appear necessary as follows.

Head No 10 to be Remissions
Do 11 Do Collections
Do 12 Do Jodee Enam
Teermagastee
Water Tax and
Enam Jaffanick &c
Do 13 Do Total

The

Enclosure A

7 The Remarks on Statement No 2 are applicable to this also.

Statement No 3

8 The Statement would be more clear if it exhibits the particulars of sists such as Lands Renewe Enam Jodee Vsa. Tope rent Motumpha Seesa lady Baghair Seesalady and Sewaj Jumma collected from each individual.

Statement No 4

9. Between the Heads 8 & 9. a new head Caboolaty Bunjer of an entire number may be inserted. Instead of making Calculations on a separate paper and then entering at the bottom of the Statement, an abstract of the Dry Garden Wet Seemajasty Single crop, and double crop Vsa prepared with reference to the details given in the Statement a separate Statement can be prepared furnishing this information.

10 In the Enamaty Jabungul the nature of the Enam and the name of the Ryot who actually cultivated it being

being only entered it is impossible to ascertain the Jufferie due to Circar on such land. To correct this imperfection. the Statement should be made to show the name of the Enamdar, whether it is Jodee or Jumadar, whether the actual Cultivator Enam, whether the actual Cultivator is the Enamdar himself or his under tenant, and whether the Cultivator is a Puttadar or otherwise. And with reference to this Statement the Statement No 7 can be easily prepared As remarked in the preceding para a Separate abstract is required to be prepared for this enamaty Adungul Statement also.

Statement No 5

11 It is stated that after entering the particulars of the previous years holding of each Ryot the particulars of the increase and decrease of the Current year should be specified and that the net remainder shall be entered under the

the Heads Dry Wet and Garden and that below this Injonjastee and Teermajastee must be inserted This presents a bstacles for the usual remissions being made according to the Custom of the District as follows. The previous years Puttah contains the Original assessment as well as Teermajastee and Injonejastee. By deducting from this (previous years) total the assessment of the lands subject to the additional Teermajastee and Injonjastee which were left waste on account of the failure of sufficient rains and of those given up by ryots during the Pattum settlement; and adding to it the assessment of the waste and of the Injonjastee and Teermajastee lands which were newly brought under Cultivation during the current year the amount will differ from that of the previous year The land which bore higher rate of remission in the previous

previous year becomes subject to a lower rate and vice versa some of those lands on which heavy remission was granted during the Current year, may have been subject to a lighter rate in the past similar variations also occur with regard to the Teermajastee remissions under such circumstances the net Cahoolaty Amount of the present year should not only exhibit the particulars and description of the land to which it relates but also each of these descriptions should show the rate or rates of Remission to which it is subject. otherwise Remissions cannot be granted only with reference to the total of each description of the land. The process for granting remissions will be facilitated if the previous years total of each individual be taken and then the particulars of

the

Fort St. George 18th October 1838

the deductions and additions to the above amount be detailed and lastly the particulars and descriptions of the land whose assessment is the net amount of the present year and the various kind or kinds of remission to which each description is liable be distinctly specified and of the extent and assessment of the lands to which these remissions relate be added up the total will show the amount charged upon each individual as per Statement No. XIII.-

Statement No 6 12. Accounts are prepared in Conformity with this Statement. There is none which can show the rate on those dry and Garden land which may have been newly brought under Teerwaysty by means of irrigation from Tanks and Channels The present mode of establishing rates is by ascertaining the name of the Puttadar of each description of

Fort St. George 18th October 1838

of land, the extent and assessment as per Tarivary of a No. of field on which Teerwaystee is to be levied, the actual extent brought under Teerwaystee of which extent of any portion on which rate was fixed in the previous year and which was entered in the Coolawary and the extent Cultivation the Fasly in which the latter portion was assessed with Teerwaystee, if no Teerwaysty has hitherto been levied the fact must be explained and the assessment borne by the surrounding Nos of fields must also be taken into Consideration.

Statement No 7 13 The individual explanations shown to be wanting in the enamaty Jabunga Statement No 4 ought to be exhibited in this Statement also.

Statement No 8 14 This Statement is prepared with reference to the Statements No 4 and 5- Although the particulars of the nature

entire Bunjer and of Shamlat Bunjer are given it is unnecessary to recapitulate the particulars of the several Kinds of Remissions which are entered underneath the Statement viz

Statement No 9 15 There are two divisions of Moturpha in this District Viz Veessalady and Baghain Veesalady the particulars of Veesalady must be entered and a space allowed in the Statement for the signature of the parties Concerned.

Statement No 10 16 It seems advisable that the Statement should show whether the Collection was from the Ryot in person or by his agent.

Statement No 12 17 It would be highly advisable that the Heads from 4 to 7 shall contain the following particulars.

Head No 4 Land Revenue to Contain. 1 Land Revenue
2 Jodee
3 and Infamick

Head.

Head No 5 Moturpha to Contain 1 Veesalady and
2 Baghain Veesalady

Head No 6 Sundry Small sums & Licences to Contain 1 Amnoyee or Toperent
2 Chowbana or Tenches rent
1 Amount of suspended Enam

Head No 7 Jummah Contain 2 Ruined Pagoda Enam
3 Suspended or dismissed in Do.

If no Subdivisions can be made in these heads their Total may exhibit these particulars.

Statement No 13 18 Between the Heads 2 & 3 new heads require to be opened to show the previous years total the Comparison i e Increase and Decrease and Current years total The Heads from 3 to 13 may be retained other Heads require to be opened to shew the particulars of the current years total Viz Lands subject to 1/3 & 1/4 Remissions those subject to no remissions Lands subject to Manual or usual

usual remission. waste taken on Cowle
Canols subject to Teermaeemme and those
taken up under the present returned as
ment, Also of these, the extent Cultivat
and that left waste. Head No 14 shou
show Remission for the entire Nos of the
field and that for Shanlat The Head
No 16 shou the Remission of the whole
assessment on Canols inundated and that
for Shanj and also the other remissions by
1/3 & 1/4 Mamal Teermaeemmee Reduced
assessment and Cowle &c all of which
require to be exhibited under separate heads
These must be added up and deducted from
the total. The remainder should show the
waste charged and the extent cultivated
The Head No 18 should show Jodee Shou
Suffrick at 5 & 10 per Cent and the Ext
Teermajasta The when added up with the
remainder gives the Total Renenue In the
absence of these particulars it is impossible

to arrive at the correct amount of the Total
Renenue.

Statement No 14 19 This Statement must be prepared
from the State of the Cultivation according
to the practice that now prevails and to the
Proceedings of the Board of Renenue the
Cahoolety total should be specified
and Heads opened to show the extent
sown in the Current years total.

Statement No 16 20 It seems that this statement
should show the excess discovered by the
examination made subsequent to the
Settlement In Consequence of the Nos
of fields as per Pymash being very
numerous and number of Karkoons who
are to examine them being very few a
great number of the Villages generally
remain unexamined at the annual settle
ment many of which are examined with
the cessing of the year. It has been
the practice hitherto include the excess
thus discovered with Land Renenue
and

and that discovered only during the succeeding year into Sewoy Jummah Collen Amount which is the excess discovered in the subsequent Fusly should be entered in this Statement.

Statement No 18 21 Puttahs are prepared in accordance with the Coolawaree Chittah the past year Objections to prepare Ditto with reference to Statement No 5 are explained in the Remarks for the 18th ment.

Enclosure A 22. Remarks written for Statement are applicable to this Statement.

Statement No 19 23 This Statement should distinguish whether the List was passed by Puttahdars himself if not Borough the payment was made.

Bd No. 4519.
From the Collector
of Tanjore ...
No. 2962
No. 6075 of 1838

Sir,

In returning the two Petitions Marginally noted addressed to the Board by Soobramania Ayen and Sevaramien Sons of the late Sydenadien Vettiane Curnum of Chenooculattoor Talook Codaveasel I have the honor to state that the accounts of the Tanjore Treasury show that arrears of Salary due to the late Curnum Sydenadien Amounting to Rupees 42-1-" were included in the Devoy Jumma account of the District in Fuslies 1248 and 1249 in Consequence of the incumbent not having drawn or applied for that sum at the proper time.

Fusly Rs. A. P.
For 1245 - 40 - 5 - 6.
For 1247 - 1 - 11 - 6.
42 - 1 - "

The Claim to these arrears by Petitioners

Petitioners as the Sons and legal heirs of the
late incumbent seems to me to be clearly va
but as nearly 20 years have elapsed since the
amount was Credited to the public account
all I can now do is to request the Board
will procure the special authority of the
Government for my disbursing to Petitione
the Sum Rupees 42-1-11 of which they
Solicit payment.

Secretary to the Court of Wards

Bd No. 4510
From the Acting
Coll. of Tinnevelly

Sir,
Fort St. George

With reference to Extract
from the Proceedings of the Court of Wards unde
date the 12th April last sanctioning the employ
=ment of 4 additional Peons on 3½ Rupees each
in the Zemindary of Tanjore for a period of six
Months for the protection of the Collections
while

while in transit to the Streenelly
pootloor Talook Cutcherry, I have
the honor to state that the period of
six Months until which period it
was sanctioned that the peons should
be entertained terminates on the 20th of
this Month The manager in charge
of the estate represents that the season
being still adverse and there being
only 5 Months more for the transfer
of the Estate to the charge of the
Minor Zemindar it is desirable
that

Fort St George 18th October 1838.

that these additional Peons should

lie retained until that time.

2 I therefore beg to recommend

that the additional Establishment

of Peons may lie Continued to the

period named by the manager for

the Safety of the Treasure.

No 139.

To

J. D. Sim Esqr

Secretary to the Board of Revenue

Fort Saint George

B. No 1380.

From the Acting Collector of Malabar

Sir,

With reference to the orders of Government dated 26th April and communicated in Boards letter dated 22d May 1845, I have the honor to report the following casualties among the Rajahs.—

1 Valia Komakaledathil Shekara Warma Rajah of Paulghaut who died on the 19th October 1857.

2 Koomaren Ramen styled Kandpara Moopa Nair of Nedoonganaad who died on the 29th Decr 1857.

3 Beypoor Rajah who died on the 18th March 1858.

4 Porladiry Rama Warma Mootha Rajah of Kartenaad who died on the 23d June 1858.

The 1st whose name in the receipt of Rs 11,587 is succeeded by Kelakoolangara Edathil Shekara Warma Rajah whose place is filled up by the next in seniority Viz Cheriahoonkaledathil Shekara Warma Rajah and the latter is succeeded by Chatoo Acheen, a senior member of the Tarwaud.

Nos 2, 3, and 4 whose allowances were Rs 1567-10-3. 223-1-2. 157-10-3. and 26141 — respectively, were succeeded by Coonhoony styled Canaren Nair Poodia Purri Lazatty and Nedyal Kavilagom Rajahs, and Adaya Vennad Rajah, they being the heirs at law to the deceased Rajahs, as exhibited in the accompanying Statements 1 to 4. I have therefore the honor to request that their claims to receive the allowances enjoyed by their Predecessors may be authorized by Government.

Cutcherry Calicut 25 September 1858

/Signed/ P. Grant.

Sir,

B. No. 2341
From the Collector
of Ganjam

Para 1 In reply to the Board's Proceedings of 22d June 1858 requiring further explanation in respect to the charge against the Tahsildar of Mohery now under suspension and calling on the late acting Collector to express his opinion as to the expediency of retaining this man in the public service I have the honor to forward translations of a deposition taken from the Tahsildar in reference to the case alluded to in para 7 of Mr. Knox's letter of 31st March 1858 and of a Telugu Yadast in which the Assistant Agent reported to the late acting Collector the result of his enquiry under Regulation II of 1822.

2 The Board will observe that the evidence against the suspended Tahsildar is pronounced incomplete in this latter case as in those already reported to them by the late Acting Collector.

3 I understand that this man has many enemies and though his conduct is certainly not free

free from suspecion, I am disposed to consider a suspension which has lasted for 16 months a sufficient warning and the evidence being as I have already observed inconclusive I have permitted P. Nursiah to return to his post as Tahsildar of Mohery.

4 Since writing the above I observe that I have omitted to explain the affair alluded to in para 16 of Mr. Knox's letter. It occurred as follows. A quasi Enam land called the Jagnadaparam Gooroo Enam in the village of Doorah having been disallowed by Mr. Knox and entered as Jeroyeti land was put up for rent and a Darkhast offering 9 Rupees was recommended for approval by the Tahsildar upon which a charge was made against him to the effect that he had rejected on offer of 20 Rs. for the same land.

5 It appeared however on enquiry that the offer of 20 Rs. had reference to another piece of ground and not to the enam which was waste and is so still the Darkhast having been rejected.

Translate of a Yadee from Captain Smith to the Acting Collector dated 26th May 1857

Complainant
Gongadendya of Kottapelle in the Talook of Pottapagery

Defendants
1 Parankoosem Nursiah Head of Police of Moherry
2 Gada Rungiah Puntulu revenue Goomastah of Do

Ayada dated the 30th Ultimo No 192 was received in this Office accompanied by a complaint preferred by the above mentioned individual accusing the 1st Defendant of having taken a bribe of Rs 30 and the second another of Rs 20 and the Assistant agent was requested to inquire into the case dispose of it and inform the result to this Office In consequence of this the parties were summoned and an inquiry was held. The Statements of the 1st and 2d Witnesses do not correspond in some respects Notwithstanding this suspecion attaches to the defendants and the papers of inquiry nine in number according to the list of packet are transmitted herewith for the acting Collectors consideration and Orders. The 1st Defendant is Tahsildar and the 2d defendant who is his brotherinlaw is a Goomastah under him This does not appear to be proper and this circumstance is brought to the notice of the Acting Collector as the 2d Defendant is a Revenue Goomastah.

Encl No 2

Translate of a Statement taken from Parankoosem Nursiah suspended Tahsildar of Moherry on the 6th July 1858.

During the time you were managing the Talook of Moherry one Gada Suggunad Talooar Pun Tooloo offered to take up the Junle land of Tarada a hamlet attached to Bountapelle according to the rules relating to Bunjer lands. You did not assess the land with an equitable amount of Cist for the extent of land (both wet and dry) was burnums 1000 and the Cist assessed upon it was Rs 80 a very small amount you sent your accounts for the amount It is also said that the man who proposed to take up the land is your brotherinlaw The land was in the hoozoor sought after by a private party for Rs 260 What was the cause of your fixing a small amount of Cist and not reporting the fact that the offering man was your brotherinlaw

One Gadee Dasunnah Puntooloo sent an arzee to the Hoozoor requesting that the land in question be given him according to the Bunjer rules This was sent down to me for the purpose of its being submitted with the requisite information The aforesaid Dasunnah Puntooloo was (illegible) my father inlaw I thought therefore that If I took up the matter personally there might eventually be an objection to my proceedings and deputed

deputed my Sheristadar for the purpose of examining the land. The Sheristadars report was that the surrounding lands were not cultivated but overrun with dense jungle so saying he produced an account which he said was prepared according to his knowledge. The which the Sheristadar assessed upon the land was account was Rs 80 — —

The Ryots of Bontapilly were in the habit of Annually annually paying Rs 21 — — for the hamlet of Sara which they stated could not notwithstanding their endeavours be brought under cultivation and which therefore a mere burden upon them. They also stated that they would have no objections to the hamlet being taken up by any person provided the Cist Viz Rs which they were paying for it was remitted them. Compared the Cist proposed by the Sheristadar with the Cist of the new Villages Padaripetta and Ka- singa poroo whose Cist had been already fixed and approved of and the result shewed that the Sheristadars Calculations were not below that rate. As the question was to be settled in the Hoozoor I submitted a Report and forwarded with it the Sheristadars account. Upon this I received an order from the Hoozoor to the effect that as there were no cultivated lands in the neighbourhood of the jungle land I should assess it with the Cist of Bontapilly inasmuch as it was a hamlet. I was also required to inquire whether Dasanah Puntoolu was willing to pay the Cist of Rs 21 which was included in the Bontapilly Cist and in the event of his agreeing to this to take a Karar

Karar sunnud from him to that effect.

I caused the necessary examination to be made by my Sheristadar and the Carkoon of Doora. Their calculations based upon the Cist of the cultivated lands of Bontapilly gave a Cist of Rs 110 — 8 — — for Sara- dah land to this effect they sent me their account. From this document it appeared that 50 Curnums of land of Sarada had been under cultivation and the Cist of Rs 21 — — which the cultivators of Bontapilly were paying was for this patch as was ascertained from the Curnum and Carjee of the former Village Dasannah Puntoolu presented Karar sunnud in which he stated that he was willing to pay the Rs 21 provided the patch of land already under cultivation was made over to him. The Cist of Sarada thus increased was Rs 131 — 8 — — And the necessary accounts were submitted to the Hoozoor accordingly. I did not take it upon myself to accept the offer at this rate.

Yadeo was sent to Mr Thornhill the Principal Assistant Collector to settle this case during the time of Jamalundy for fusly 1266 Mr Thornhill sent me an order to ascertain what amount the Cist would be raised to if the land was subject to competition. Upon this I sent letters to my 3 Co- ovens desiring that to see if any body would raise the Amount of Cist. They sent me an- swers to the effect that no body would advance the Amount of Cist. I myself made inquiries and

Cont'd.

[illegible] to be raised Rs 2 to. Dasunnah Pa
to learn that the land was subjected to competi
and he stated that he was not willing that it shoul
be so subjected in opposition to the Bunjer rules and
relinquished if saying that he would take it on a
other condition but that of the Bunjer rules

Sakoor Puntoolo Son of Dasunnah Puntu
presented without reference to his father a peti
Durkhast raising the Cist by Rs 2 — abo
the amount raised by the aforesaid Beauto Pun
tark. There were no other bidders against this and
I sent this up to Mr Thornhill Mr Thornhill inqu
red of all the people that were assembled for the
Summabundy whether any body would raise
the Cist still further He found none. Being thus
satisfied that there was no body who would raise th
Cist any more he wrote a yadee to the acting Colle
tor to that effect and Submitted with it all the
papers connected with it and stated that the amou
last offered was equitable. It was thus brought to
thorotice of the late acting Collector that the cist
which was fixed under my superintendence
was pronounced by my Official Superior to be
equitable. How then Could I be caused of having
lowered to the Cist. The Cist of the adjacent lands
paid Rs. 9 8 per acre and this was assessed on
the 19 acres of land belonging to the hamlet of

of Sarada after this I learnt that Medoor Surviah
and Chemalakondah Soombiah the adversaries of Sug-
ganada Saccoor and aloor Sooriah Son in law of the
first mentioned individual who was enemical to me
appeared before the late Acting Collector and these
and Saganada Sakoor raised the Cist in a competition to
which the land was then subjected. If it were proved
that I wilfully lowered the Cist then of Course I should
be held liable to the Consequencies but it is not just
that I should be held equally responsible if the Cist
were raised in the Hoozoor by Competitions.

The records shew that in some cases in
which the Cist was subjected to Competition it was
raised above the amount offered in the Talooks of
and that in others the Cist fixed in the Hoozoor
was likewise enhanced in the Talooks.

I was under the impression that it
was not proper for me to recommend any of
my relations for public posts under me but I
did not know that a report was to be mad
to the Hoozoor in such Cases as the above
came in contact with my relations. I inclu
50 burmums of dry land cleared of Jungle
brought under cultivation that year in t
Coule. In explanation of this point I ha to

Sta.

came across a man named Bevurlah Putnaick who offered to raise the cist by Pr 2 8c. Dasunnah Puntoo learnt that the land was subjected to competition and he stated that he was not willing that it should be so subjected in opposition to the Bunyan rules and relinquished it saying that he would take it on no other condition but that of the Bunyan rules.

Takoor Puntoolo son of Dasunnah Puntoolo presented without reference to his father a fresh Dur Khast raising the Cist by Pr 2 . . above the amount raised by the aforesaid Beeurla Puntaik. There were no other bidders against this and I sent this up to Mr Thornhill Mr Thornhill inquired of all the people that were assembled for the Summabundy whether any body would raise the Cist still further He found none. Being thus satisfied that there was no body who would raise the Cist any more he wrote a yadee to the Acting Collector to that effect and Submitted with it all the papers connected with it and stated that the amount last offered was equitable. It was thus brought to the notice of the late Acting Collector that the cist which was fixed under my superintendence was pronounced by my Official Superior to be equitable. How then Could I be caused of having lowered to the Cist. The Cists of the adjacent lands are Rs . 9 . 8 per acre and this was assessed on the 191 acres of land belonging to the hamlet of

of Jarada After this I learnt that Medoor Surriah and Chenalakondah Soombiah the adversaries of Jaganada Saccoor and also Sooriah Son in law of the first mentioned individual who was enemical to me appeared before the late Acting Collector and these and Jaganada Takoor Raised the Cist in a competition to which the land was then subjected. If it were proved that I wilfully lowered the Cist then of Course I should be held liable to the Consequencies but it is not just that I should be held equally responsible if the Cists were raised in the Hoozoor by Competitors.

The records shew that in some cases in which the Cist was subjected to Competition it was raised above the amount offered in the Talooks of and that in others the Cist fixed in the Hoozoor was likewise enhanced in the Talooks.

I was under the impression that it was not proper for me to recommend any of my relations for public posts under me but I did not know that a report was to be made to the Hoozoor in Such Cases as the above came in contact with my relations. I inclu 50 burnums of dry land cleared of Jungle brought under cultivation that year in the Coule. In explanation of this point I ha to state.

state that in the first account which my Sheristadar furnished me this piece of land was put down as ready for cultivation it was not included with the remaining Jungle land. The Cist for these 50 cs Cumums Viz.t Rs. 4–15– which was included in the amount of Rs. 80 the original assessment was a mistake which was rectified in my reply to the Second reference and its legitimate Cist Viz.t Rs. 7 was put down as the amount to be paid every year. The remaining extent only was only was to be subject to the Bunjer Rules. This remark I made in my own hand writing in the account

Para 1

conveyed by the Boards observations and as the Board would seem to have misinterpreted my objects in taking all the trouble I did in settling the case adverted to I feel it due to myself to rectify if possible the erroneous colouring which the opinion of the Board seems to me to give to my proceedings

3. In the first place in para 5 the Board while speaking of my decision as in the form of a decree in a Civil Suit add that it is in direct opposition to the opinion of the Senior Pundit of the Sudr Court Vide On referring to the enclosed Copy of the opinion therein appealed to and which I presume the Board have already had before them it will be found that this is a mistake and that so far from being opposed to my decision is in strict accordance with the opinion of the Senior Pundit who it will be seen gives facts in support of his individual interpretation of the Laws as practiced in this part of India. It is true my decision is after the fashion of a Civil Decree but my object is obtaining the opinion of the Sudr Court Pundit was not merely to satisfy my own mind or to definitely decide on the question of succession to the landed property in issue / a question which I knew I could not strictly determine / but it was in view if possible to put a stop to further litigation between the parties interested a course I always think so desirable in such cases and

Fort St. George 19th October 183

state that in the first account which my Sheristah furnished me this piece of land was put down ready for cultivation it was not included with remaining Jungle land. The cist for this Curnums Viz.t Rs. 4—13— which was included the Amount of Rs. 80 the original assessment was mistake which was rectified in my reply to the Second reference and its legitimate Cist Viz. Rs. 21 was put down as the Amount to be paid every year. The remaining extent only was only to be subject to the Bunjer rules. This remark I made in my own hand writing in the accou

From the Collector
of Vizagapatam

Para 1

conveyed by the Board's observations and as the Board would seem to have misinterpreted my objection to having all the trouble I did in settling the case adverted to I feel it due to myself to rectify if possible the erroneous colouring which the opinion of the Board seems to me to give to my proceedings

3. In the first place in para 2 the Board while speaking of my decision as in the form of a decree in a Civil Suit add that it is in direct opposition to the opinion of the Senior Pundit of the Sudr Court. Para 2 On referring to the enclosed Copy of the opinion therein appealed to and which I presume the Board have already had before them it will be found that this is a mistake and that so far from being opposed to my decision is in strict accordance with the opinion of the Senior Pundit who it will be seen gives facts in support of his individual interpretation of the Law as practiced in this part of India. It is true my decision is after the fashion of a Civil Decree but my object is obtaining the opinion of the Sudr Court Pundit was not merely to satisfy my own mind or to definitely decide the question of succession to the landed property in issue / a question which I knew I could not strictly determine / but it was in view if possible to put a stop to further litigation between the parties interested a course I always think so desirable in such cases and

is ever my aim to prevent a recourse to our courts where by a little additional trouble I may be able to adjust disputes between Ryot and Ryot or between any other parties where the law may invest me with a primary jurisdiction. I never supposed by deciding to have any legal weight whatever on the legal question involved in the case but I did not consider that fact in any way to militate against my recording my opinion in a somewhat formal fashion or as the Board are pleased to term it "after the fashion of a decree in a Civil Suit."

4. The persons I found in possession were confirmed in possession leaving the other contending party to establish his title before a competent tribunal this was the tenor and effect of my Judgment and it was made known to the respective parties.

5. Again in reference to para 8 of the Board's Proceedings of the Board will refer to my letter of the 28th July last they will find I think that I raised no objection to formal permission being granted to the Widow to sue as therein stated for in para 3 of my letter I distinctly say there was no objection although in the Subsequent para it is true I observed that the Agraharum was not of the kind contemplated by Regulation IV of 1831.

6. I am reluctant to trouble the Board but they will I hope appreciate my reasons for doing so for I am satisfied on reconsideration they will Concur with me that this Proceeding ought to be an acknowledgment

acknowledgment hardly done justice if in reality they do not do me an injustice and my sole desire is to right myself in the matter both with them and with the Government.

Answers of the Pundits of the Court of Sudr. Uddalut

1. The Hindoo Law Books Nunda Pundeteyum &c declared that a Sisters Son can be adopted not among the three superior classes, Brahmins &c but among Soodras only consequently if the parties mentioned in the question belong to any of the said three classes the adoption of No 7 by No 5 though it had actually taken place would not be valid nor would No 7 be entitled to the property in question.

2. If on the other hand the said parties belong to Sudra class No 7 would be entitled to the said property upon proof of his adoption.

3 If No 4 8 and No 5 were all undivided No 4 8 would succeed to the property in question. If they were divided No 6 the widow of No 5 would be entitled to it.

31st October 1857 Signed C Gopaula Sastry
Junior Pundit S. U.

1. Although Duttak Meemansah by Nundah Pundita prohibits among the three superior classes, Brahmins &c the adoption of a daughters or sisters son or any boy who another could not have been legally married by the adopter still that prohibition is not recognized

recognized in this Dravida Country On the contrary the law Book " Smriti Mookta Shalum " which is the prevailing Authority in this part of the Country allows the adoption of a daughters or sisters son for Brahmins &c. This is likewise sanctioned by the usages of the Country Hence it is clear that the law Book Nundapundit Vyum is not applicable to the Dravida Country

2 Consequently if the adoption of No 7 were true the would succeed to the property of her Son his adopted Son.

3 If on other hand the adoption of No 7 were false of No 8 would inherit the said property provided a division had not previously taken place between No 3 and No 8.

4 If they were divided No 6 the widow would succeed to the property in question

No 190

To

J. D. Sim Esqr

Secretary to the

Board of Revenue

Fort St. George

Sir

Having had my attention called to Suit No 3 of 1857 I beg leave to submit for the consideration of the Board the following fact which appears to have been lost sight of and which I fear will render Government liable for the Amount of arrears Rupees 1,067—12—6 due from the Ryots of Woondrajanenum which was included in the account of arrears due to the Zemindar tho' in reality they were due to Berry Mahmud &c. It appears that after the Zemindar executed an agreement to Government giving up all claim to arrears due him by his Zemindaree Ryots a proclamation was put up in each Village by the Collector to the effect that these arrears including the money now claimed were remitted by and with the sanction of Government and that the Ryots

D. No 1411 From the Collector of Masulipatam

Note The whole arrears were Rupees 1454—11—6 Brig Mahmudoors sued only for Rupees 1067—12—6.

* Dated 27th March 1855

* 3 March 1855

not to pay these arrears to any person who
recover. It may be true as Mr. Dale remarks
that the Collector had not the power to remit
the above arrears legally but in equity I do
not but think Government tho' apparently
by an oversight has become liable for and
should as a matter of Policy pay this sum
as it would be looked on by the people as a
breach of faith were they now ordered to pay
what a Government Officer so lately remit-
ted. If the Board agree with me I beg for
sanction to pay this amount into Court in
proportion of Cost.

B. No. 4668
From the Collector of Guntoor . . . .

Sir

I have the honor to ac-
knowledge the receipt of the Board's Circular No.
1415 of the 21st April 1838 relative to the taxation of Topes
and Trees.

2. The total number of Topes in the District
as ascertained at present amounts to 2105 exclusive
of those planted for charitable purposes (and therefo
not liable to demand) exceeds the number shewn in
the accounts submitted with Mr. Newill's Commu-
nication of the 27th September 1836 No. 1220 owing t
many of the smaller Topes having been omitted in
the previous Statements. Of these 1144 occupying a
extent of 3172 acres and bearing an assessment o
Rupees 1936 (determined with reference to the ave
rates in the neighbourhood) have been made ex
either to the former proprietors and their hei
to the other residents of the Villages on paymen
the prescribed assessment which is more than
average amount of rent by the sum of Rs
193-10-6 Topes (699) have been rented for
rent periods varying from one to five years for
an

To former proprietors or their heirs—829
To other residents of the Village—315
1144

Average Amount of assessment 1935-11-0
Do. Do. of rent 1442-3-6
193-10-6

an annual sum of Rs. 3860 being in all 1848 and leaving 262 yet to be disposed of.

3. Of these some are unproductive or otherwise unprofitable and therefore not applied for — others are under investigation as to the tenure under which they are to be held whether free of tax as claimed by the Parties concerned or on payment of revenue to Government and these will also be disposed of at the earliest practicable period.

4. Adverting to para 2 in which the Board wish to have my opinion as to whether any new measure or inducements are advisable to encourage the planting steril and sandy tracts with Palmira or these Trees it appears to me that the rules promulgated in 1848 are sufficiently liberal. For unpoke and unassessed lands unfit for cultivation will as a matter of course be assessed at a favorable rate when required for the purpose of planting a Tope but as the assessment in the Sandy tracts in the coast Villages has been lately reduced to a sufficiently moderate

moderate as to any further concession in these localities might possibly lead abuses by Parties taking up lands ostensibly for purposes of plantation and raising on them Cocoy root and other valuable products Palmira Topes are already extensive in these tracts and hardly require further encouragement.

5. In reply to para 3 I would observe that Fruit trees scattered on cultivated lands are free of taxation and are held by Parties owning the land a similar indulgence was proposed as regards the Palmiras. but this was considered unnecessary by Government and the trees are therefore generally included in the Assessment the land holder having however the privilege of enjoying the fruit and leaves of Palmira Trees standing in Topes planted for Charitable purposes a tax of 4 fanams is levied on

on each Tree

6 I do not think there are many cases in which one party holds the Trees and another the land. but in cases of this kind the plan proposed by Government that all their rights should be made over to the tenant of the land on his binding himself not to eject the owner of the tree so long as he continues to pay the prescribed tax upon it appears desirable.

7 The instructions laid down in para 15 of the Extract from the minutes of Consultation dated the 6th March 1858 No 298 are already partially attended to and will be fully carried out in future

8. Betel gardens have not been included in the Statements furnished to the Board and there are only one or two Cocoanut gardens rented on a Fee toll which will be Commuted into a fixed demand as directed by Government.

9. The several descriptions of Spontaneous Palmira Trees planted in back yards are already free from tax excepting in some few cases in which additional land has been appropriated in these

is equivalent to one half of an acre) should be fixed as a maximum all land beyond that extent being assessed

10. I beg leave to enclose a draft of Notification as directed in the last para of the Circular under reply

Guntoor
Collectors Office
7th October 1858

I Signed J. W. Wood
Collector

Encl 1

Draft of Notification

Government having attached much importance to the extension of Topes and Trees in the Country as calculated to afford shade, Timber and fuel the attention of the people generally is invited to the rules promulgated in 1848

2. Perumpoke or other unassessed Lands unfit for cultivation or pasture lands will be assessed and made over to Parties when required for the plantation of Topes and Trees this concession will not however be allowed in the Sandy tracts of the Coast villages where the assessment has lately been reduced to a sufficiently moderate scale

3. Scattered trees on cultivated lands are already free from tax but Palmiras included in the Abkarry rent as well as those in the Dhurma Topes paying revenue direct to Government will remain as heretofore

4 Wherever one party owns the Trees and another

another holds the land the right of Government to the tree will be made over to the land holder who will not reject the owner of the tree so long as he pays the prescribed taxe upon it but before the surrender of such a right the land holder will be required to sign an agreement to this effect.

5. As regards trees on waste land whenever an application is made for the land the tenant of the Trees shall have the option of taking it up at the tarum assessment on the land on the same terms as may have been proposed by the Durkhastadar failing which the Trees shall be made over with the land to the applicant as set forth in the preceding para.

6. all restrictions which prevent a land holder from cutting down trees planted by him on his Property have now been removed and parties may fell such trees at their pleasure but in order to prevent the wanton destruction of Topes and Trees it is directed that for every tree so cut five at least shall be planted any failure on the part of the Party to do so will render him liable to the payment to Government of the price of the tree cut down which will be determined by the local authorities.

7. Trees situated in backyards are already free from taxe and in order to prevent the misappropriation of too large a quantity of land the maximum extent of a backyard will be restricted to 20 Coontahs or one half of an acre.

B. No. 1,681
From the Collector
of Tanjore . . . .
Reporting
on the subject
of lapsed mans.

Circular 19th July 1858 2 Dy.

Sir

I have the honor to reply to the communication marginally noted in respect of lapsed mans.

2. The Government desire to know whether any and what safeguards exist for ensuring to the State its just dues on lapses occurring amongst Enamdars who are only life grantees of their holdings.

3. So far as this District is concerned no specific system exists and I do not find that obvious means are available for acquiring official knowledge of lapses in the class of Enamdars noticed

4. Adverting to the present system of interference with rent free tenures on the occurrence of lapses it is sufficiently clear that every enamdar is interested in withholding from the Government representatives that information on which the prescribed enquiries must necessarily be founded. It is equally clear that the principal clerk to be applied to such a withholding.

withholding of information must be through the Village Officers who alone are likely to be aware whenan Enamdar has demised. These men however from their position their pursuits their connection with Enamdars whether on the spot or elsewhere and the fellow feeling which naturally arises from that circumstance and though last not least perhaps from the small amount of their official emoluments can no doubt be easily conciliated and induced to abstain from making to the Tahsildar the only intimation on which he could proceed to resume.

5. The opening for keeping back such intimations from a Tahsildar is one of which a Curnum or Monigar can easily and often harmlessly take advantage for it must frequently be difficult to show that he possessed and suppressed a knowledge of the lapse especially where enamdars are non resident.

6. As it appears to me too, the difficulty of acquiring information in respect of deaths among enamdars will increase in proportion to the number of orders passed by Government limiting enjoyment

enjoyment of lands to the life of incumbents or to that of the successors of deceased holders

7. At present we are entirely dependent on the good faith of such of the village officials as have been required to report when lapses happen and consequently Collectors cannot be certain of bringing to the public accounts the revenue which I should reach their Treasuries when a life interest has ceased.

8. I apprehend however that in regard of the Tanjore Collectorate the Government claim on enams held for the lives of existing incumbents is extremely unimportant. The revenue gained up to this time too by resumptions is insignificantly small and I would venture to submit the opinion that full consideration being given to the wide extent of doubt distrust and disaffection which has arisen from the enforcement of the Enam rules of 1848 it might with good policy have been altogether abandoned

9. Apart from this point of view it is my strong belief that the Government have no correct notion of the confusion and difficulties and the immense labor involved in the investigations of which the two

two Presidency authorities receive only a clear plain digest in the shape of a Tabular State-ment

10. Appertaining to the results of these State-ments the cost of the time expended by the ser-vants of Government from the first step taken by the Village Curnum to the decision of the head of the Gwernment I am inclined further to be-lieve that the state is a considerable loser by the operation of the rule as force and that to without any corresponding benefit to any one concerned for the system of inquisitorial in-quiries such as are now made unavoidable drives the mandars to the adoption of means calculated fraudulently to thwart them

From the Dy. Collector of Tinnevelly

Sir

With reference to the Board Endorsement of the 9th Ultimo forwarding Petition No. 2182 of 1858 for report I have the honor to state as follows.

2. The Petitioner represents that his father the late Number Curnom of Nadoo-voorcoorchy in the Punjamaul Talook died on the 21st of March last after a service of 19 years that as he is a Minor being 14 years old his paternal Uncle should according to the estab-lished custom have been appointed to Officiate as the Curnom of that Village until Petitioner attains his majority but that a Volunteer from the Hoozoor Cutcherry has been appointed and

and that even subsequent to the death of his father two other curmons having died their respective heirs were appointed to succeed them. He prays therefore that he may at once be nominated to his fathers post and his paternal lands allowed to perform the duties for him.

3. Although the nearest heirs of a deceased Curmom when found fitted to succeed to the Office become vacant is generally appointed and in the event of the heir being under age the duties are often performed by a competent person who may be related and guardian to the heir and that such a person has not now been appointed to the Office yet when the Petitioner is of age his claims and ability can then be considered.

B. No. 1,665
From the Actg. Collr. of Malabar . . . .
Nos. 3557/558

I have the honor to acknowledge the receipt of the Board's Proceedings dated 20th Ultimo & forwarded a copy of them to Mr. Thomas my special Assistant for his information.

2. He has now addressed me a second time on the subject of his privilege leave a copy of his communication is enclosed. Under ordinary circumstances I would not support his application but he is so urgent in his requests as the opportunity of meeting his relatives together in this Country may never again present itself I now venture to do so on the same conditions as I stated in my former letter namely that the leave does not extend beyond six weeks that

D/ 7th Oct. 1858

that the Sub Collector carries on his duties (which he has expressed himself willing to do) and that Mr. Thomas be prepared to rejoin at any time previous to the expiration of his leave if required to do so

3 I have reason to believe that his friends are going to visit some of the high Hills in this District so that a month or six weeks leave to be passed within the limits of Malabar when he could rejoin his appointment at any time in a couple of days would be preferred to a denial of all leave.

To

No. 128

To

P. Grant Esqr.
Acting Collector

Sir

I have the honor to acknowledge the receipt of a printed copy of the Revenue Board's Proceedings of the 20th Ultimo declining to recommend to Government my application for accumulated Privilege leave.

This is a most unexpected and grievous disappointment to me but as I gather from the wording of the Board's remarks that this has happened chiefly consequent on my not having represented the leave as urgently required by me and for a special reason I take the liberty of again addressing you on the subject and trust you will do me the favor of forwarding with your recommendation my urgent request that the leave applied for may still be granted me.

I have of course no official reason to

to assign for my wish I merely wish to meet my Brothers one in the service and one out, the leave if granted me so that I can spend and enjoy it with them, will be a privilege for which I shall be thankfull to Government but if at a future period when we may not be able to arrange to meet I shall not probably have any incentive to take the leave at all.

It happens that my brother at Mangalore who has been several times seriously ill there is likely about this time to get sick leave and my younger brother George will soon be in some profession the present opportunity of spending on holiday with them seems such as will not readily or soon recur.

I have been more than 6½ years in India and have not yet had an entire months privilege leave nor have I required any leave on Medical Certificate already once on a former occasion my wish to have a months leave to visit some friends at the falls of Ghirsoppa had to be given up because of my local superiors objection to support my request

I would take the liberty also of submitting that the District is just now in as quiet and healthy a state as ever, the Jummabundy has not yet commenced there is one Assistant more than there has long been in Malabar and the Sub-Collector (an officer of far greater standing and experience than myself) kindly offers if you should wish to take my duty and be occasionally present in my division and no single officer of the District is absent from his post.

Under these circumstances I trust you will not consider that the present is an occasion which there is any great public objection to my request being granted.

The Board of Revenue Considerately observe that I may not be aware that if 1½ months were granted to me this would vitiate my right to the remaining portion of the 3 months I see that the rule lay thus down as a usual but not quite necessary contingency and if Government see fit for its convenience to grant me only a portion of this accumulated

accumulated leave I trust they will generously exercise the discretion in their hands by ordering that as this takes place on the present occasion on public grounds and not for private convenience my claim for the remaining portion may not be considered vitiated but shall hold good at what Government may consider a more convenient time.

I may mention that I have for long looked forward to going home on furlough at the end of this year when I should have completed my 7 years residence in India Government have refused for the present to grant permission for this and I trust they will therefore Consideratly accede to my present request.

Though I ask for 8 months I shall be very thankful for a less time and trust

trust I may be grassted the privilege of tol-
-ling up the remaining portion of a future
time as mentioned in my former letter I
propose to spend part of my time with-
-in Malabar and shall probably at no time
be far from it and shall be most ready
in case of my services being required to
return at any time to my Post.

No. 25

To

The Chief Engr.

Fort St. George

Sir

In acknowledging receipt of Extract from your Proceedings No. 2667 under date 10th August I have the honor to state that I think it would be desirable when selecting a site and making plans for a new Cutcherry at Honore for the additional Sub Collector to arrange for the protection of the District and Talook Treasuries at that station.

2. The Branch District Treasury is now under the roof of the Talook Cutcherry which is situated in the Town and is probably little adapted for defence and it becomes a question whether the Talook and Sub Collectors Office should not now be so placed as to render them all capable of defence by one party of men so that protection may

Fort St. George 19th October 1858

may be afforded both to the Treasuries and to the records of North Canara which are mostly deposited in the Sub Collectors Cutcherry

3 If the Palook Cutcherry is rendered easily defensible the new Sub Collectors Office need not I think be protected but as I doubt the possibility of doing much with the former building which always contains a large sum of money I think it advisable to offer the above suggestion as the erection of a new public building is in contemplation.

Sir

Para 1 Referring to the Communication noted in the margin I have the honor to submit a plan for the measurement of small holdings included in the new Survey fields in South Arcot and Trichinopoly and to enclose copy of the correspondence that has passed between the Superintendent of Revenue Survey and myself on the subject.

2. A preliminary point to be considered is whether these holdings should be delineated in the village maps. The original intention was to do so and it was carried out in the first instance but Captain Priestly Explains that particularly he has found the greatest inconvenience from endeavouring even on the present large scale of 2 Chains to 1 inch to shew each small subdivision of Survey Numbers" and that their insertion rendered the Map so complicated that the identification of the boundaries of Survey fields became a matter of great difficulty. They were accordingly omitted in the last year with the sanction of the Collector of South Arcot.

Para 2 Letter 17th March 1858

Para 3 of Do.

3. The village maps of the Chellumbrum and Arealore Palooks plotted with this detail shew

shew how very elaborate this almost infinitional process is descending as has been explained in my letter of 6th March last No 81 to fields averaging small fractions of an acre. I may refer to that report for further particulars. The cost of the additional labor of the plotting of these holdings is roughly estimated by Captain Priestly at 10 Rs per square mile of cultivation. Although no saving of expense has taken place in the operations of 1857 which these details were omitted compared with the previous year in which the holdings were elaborately given there can be no doubt that the additional labor and expense of plotting the details are doubled or trebled or perhaps even quadruped as the holdings are often in a large ratio to the Survey fields and from their minute size are more difficult to plot than the latter.

Para 9 Letter 17th March 1858

To Board 12th July 1858 after No 365 para 19

5. Although at first sight it may appear of importance to delineate every patch of land held by the Ryots the utility of this course seems questionable for first of all the forms of these holdings are constantly changing Captain Priestly estimating the changes at rate 15 per cent in a year and it seems inexpedient to make these minute and often ill-defined plots the basis of the new Settlement

To Captain Priestly 3rd March 1858 para 3. & do. 17th March para 8

inasmuch as this course tends to complicate the land tenure and to stamp with perpetuity an evil which is desirable to afford the means of alleviating. There seems little doubt that this evil of minute holdings resulted from the former system of joint partnership in the lands by the Village Community of which there are still traces in South Arcot portions of different descriptions of land being assigned in several lots to each individual and often changed on a new distribution of the lands. In time these allotments of the Ryots came to be recognized in the accounts and this form a great contrast to the large tenures in the adjacent District of Tanjore.

5. For purposes of assessment the entry of the details of holdings within the minimum of Survey fields seems unnecessary and calculated to produce confusion and delay. In carrying on a classification of soils on an extensive scale minute differences must necessarily merge in a general Comparative view of the localities and the minimum of 1 or 2 acres seems sufficiently small as a rule for the application of different rates.

6. A minimum size of Survey fields seems also to form a suitable basis for the abolition of small holdings for the circumstance of the area of Survey fields being determined

determined by the Survey Department and laid down in the maps affords the advantage of a more specific record of right than would attach to the unmapped holdings and is calculated to lead the Ryots gradually to arrange their occupation according to the Survey fields rather than the smaller patches and this might be further encouraged by entering in the new puttahs the dimensions of such Survey fields as are held undivided which would form an additional security of right that would I think be appreciated by the Ryots.

7 It is not perhaps irrelevant to the above consideration of these details to observe that a simple way of getting rid of the complication of the revenue accounts arising from the numerous small holdings would be under the new assessment to issue one joint puttah for all the holdings in each Survey field and thus to place the occupants under a joint responsibility but in South Arcot where land has in many places become valuable such a course would be very unpopular and perhaps inexpedient also on the ground of disturbing rights which have hitherto been definitely enjoyed though the innovation would not be greater than in the case of the introduction of

of Joint Rents into the Northern Circars in lieu of an individual settlement by a share of produce for fixed money rates.

8 But to proceed to the plan proposed for filling in the detail of holdings. The agency of the Professional Survey as above explained being too expensive to employ it in this duty, the only alternative is to Engage the services of the Curnums for the purpose. The Survey Ameens are required to draw a rough sketch of every survey field in which there are several holdings in a book prepared for the purpose, which is then handed over to the Curnums, who are to measure the details, and sketch the holdings into the Survey field, writing the dimensions on the several boundary lines, and also entering the calculations of the area of the parts, and the aggregate of the same on the opposite page. The checks available are, first, the comparison of the Curnum's aggregated area of Each survey field with that obtained by the Survey Department; and next the re-examination of a few holdings here and there by the detail Surveyors or other persons who are sent to check the Ameen's work in each village, which seems to be as much supervision as was contemplated by the Board in para 20 of Pro: 18th December 1857 This is also considered by the Superintendent

Paras 5 Letter 17th March 1858

of Revenue Survey to be sufficient for the purpose. The books containing the measurements of the holdings will remain on record for reference in all matters relating to the area of the holdings.-

9 But the question arises as to whether the Curnums should make their measurements under the immediate direction of the Survey Department or work under the supervision of the Settlement Department. The first course seems quite out of the question in the localities already surveyed, and from which the Survey Department has receded to some distance. Captain Priestly further points out in his letter of 5th January last that the simultaneous measurement by the Curnums of the holdings along with the Survey of the fields by the Ameens would be an impossibility "and as Considers that as to his responsibility for such measurements" it would be only "nominal and never real" He adds in para 11 of his letter of 17th March last that to enable him to be responsible for the field measurements he

considers it necessary that the Curnums "should be placed under his orders" and that he should be "entrusted with authority over them" "and have" "adequate powers" "for the purpose. It will occur at once that it is inexpedient to place the Curnums under such authority as is contemplated to be exercised by the Survey Department inasmuch as they are already under the Settlement Department as well as the Collector's Department and a 3rd authority will doubtless lead to clashing of arrangements and from Captain Priestley's explanation given in his letter of 5th January last above quoted it is doubtful whether it would be attended with successful results

10 It seems to me that the matter may be easily arranged in the following manner:

The demarcation or classification par- ties being either immediately before or after the Survey Department will have an opportunity of Sup- vising the Curnums in making these measurements and there is little doubt that the Curnums will wor more willingly and efficiently under any Revenue authority such as the Settlement Department tha under the Survey Department. The Settlemen Departmen

Fort St. George 19th October 1858.

Department therefore should be charged with the duty of getting the work done by the Curnums and handing over the measurement books to the Survey Department and Captain Priestly should be responsible for the application of the tests specified in para 8 and satisfying himself of the general accuracy of the work. This responsibility of the Survey Department seems all that is contemplated in para 20 Board's Proceedings 18th December 1857 and para 26 Extract Minutes Consultation dated 25th January 1858 & No 96. The Course above described is now being pursued in Trichinopoly and will be found in detail in my Communications to the Superintendent of Revenue Survey and the Deputy Director of Revenue Settlement dated 7th June 1858 No 295 copy of which is among the enclosures of this letter.

11 The Curnums are required to be supplied with measuring rods or Chains according to the acre Standard and a description of a simple and cheap kind was given in para 31 of my letter of 6th March last* wherein also sanction was solicited for the requisite expenditure. It is found that about 133 such chains will be required this year for the villages of the Talook Saporam Talook but the sum of Rupees 500 already stated may suffice for the whole as it is intended to supply the Curnums with half measures only. The description of chain

meets with the full approval of the Superintendent of Revenue Survey.

Signed H. Newill
Director of Revenue Settlement

Encl No 1.
No 2.

To H. C. Newill Esqr
Director of Revenue Settlement

Sir I have the honor to acknowledge the receipt of the Extract Proceedings Revenue Board dated 18th December 1857

From this Extract it appears that the Board of Revenue wishes the Curnums to measure the Subdivisions of fields simultaneously with the measurement of the fields themselves by the Survey Ameens

It seems also to think that I should be responsible for such measurements as are made by the Curnums

I beg to point out that at the time of actual measurement the Curnums are employed in giving the details of each field to complete the Land Register. The Simultaneous measurement by the Curnums would therefore be an impossibility As to my responsibility for

for measurements made by men totally uninstructed and over whom I have not the slightest Control it certainly might be nominal but could never I think be considered real

To such an arrangement I should infinitely prefer the measurement of each small put tah holding by persons of the Survey Department for whose work I of Course should fix Centally answerable

This was tried the year before last and is open to objection on account of expense

The proposal of the Board upsets all my preconceived ideas of a minimum.

I had imagined that fields under 1 or 2 acres in irrigated or unirrigated land might be measured two or more together as one The summed details alone having reference to the Subdivisions.

I venture to suggest that the fields which are to bear a number might be measured by the Survey Amens

Each year their Subdivisions might be measured by the Curnums and plotted into the fields of which they are parts on the lithographed Village maps.

This plotting itself would be a sufficient test of the Curnums measurement.

Supdt of Revenue Survey.

Sir

I have the honor to forward you a Copy of the Extract Proceedings of the Board of Revenue dated 26th Ultimo and regret that I had no opportunity of Consulting with you on the Subject before you left Madras as I have only Just received a Copy of Extract Minutes of Consultation of 25th January last referred to in the same

2. The question is how the Component holdings of the Survey fields are to be measured and recorded. Your letter of 5th January remarking on the Board Proceedings of 18th December last touches on the some of the points but before submitting the matter again to Government I should like to know more particularly your views on the following and such other points as may occur to you.

3. As to the expediency of putting the eye sketches of your Amens or the Curnums measurements into the maps.

For assessment purposes I am satisfied with the minimum of 1 and 2 acres of wet and dry land if carefully observed and the insertion of minute patches will not aid but rather confuse the classification As there small holdings are not permanent in their boundaries

I

Fort St. George 19th October 1838.

I conceive that a hiatus delineating them would be found much at fault after the lapse of a few years but should be glad of your opinion on this point and generally as to the practical utility of their insertion.

4. You will probably see no objection to the Survey Ameens making eye sketches of the holdings in the field ~~books~~ a copy of these sketches could be made by the Ameens at the time in a book and handed over to the Curnums who would be required to fill in the details in such form as you may think fit to prescribe As regards check there would be the Comparison of the aggregate of Curnums measurements with the area of your account and the detail Surveyor the person sent to re examine and check the the Ameens work in each village might be with little additional trouble take up a field here and there and measure the holdings in it which seems to be as much supervision as would be required or is contemplated by the Board.

Para 20 of Rev: 18 Dec: 1837

5. In the last para but one of your letter of 5th January you suggest that each year these subdivisions might be measured by the Curnums and plotted into the field of which they are parts in the Lithographed village

Fort St. George 19th October 1838.

village maps but I should fear this plotting would involve more labour and time than you could manage to supply in your Department for the purpose. How would it do to plot these subdivisions once in 5 or 7 or 10 years from remeasurements by the Curnums and what will be the cost of it? The necessity for this however will depend much upon the extent to which the component holdings change their form in a certain period of which you are better able than myself to form a judgment as respects the localities now under Survey.

6. Is the Curnums must be supplied with measuring chains or rods of the acre Standard for working the details I shall recommend if you concur with me that they should be supplied with rods of 66 feet made up of 10 bamboos marked into links and joined together with iron ferrules and links or swivels I have ascertained that these can be made up at Trichinopoly in large numbers at 2 Rs each and they have other advantages besides economy in not stretching so much as iron chains or being otherwise liable to get out of order Perhaps you could favor me with a rough estimate of the number of villages in Volcondapooram in which they will be required 1 to each village of the whole I look will probably be requisite if

if the fields run so small as to render it necessary to club them together within the prescribed maximum of measurement.

Rev. Settlement Office
Madras 5th March 1858

I Signed J. H. Newill
Director of Revenue Settlement

To

H. Newill Esqr
Director of Revenue Settlement

Sir

I have the honor to acknowledge receipt of your letter of the 5th Instant on the evening of the 10th

2. In reply I beg to state that practically I have found the greatest inconvenience from endeavouring even on the present large scale of 2 chain to 1 inch in the village maps to shew each small Subdivisions of fields or rather of Survey numbers

To Collr Nr 96
20th Decr 1855
From Collr 564
20th Decr 1855

3 So much was this the case that with the sanction of the Collector of South Arcot their declination was discontinued in the fair copies for this reason that their insertion rendered the identification of the boundaries of Survey fields extremely

extremely difficult

4 I see no difficulty on the plan you propose of the Ameens making a sketch of each Survey field in a book and thus roughly shewing the Subdivisions each contains. In fact such has been the practice for some time

5 The check by comparison of areas and a reexamination of a small per centage of fields measured by the Curnums with the appeal fields measured by the Curnums with it appears to me to be sufficient

6 In proposing that each year the Subdivisions measured by the Curnums should be plotted into the lithographed maps I had no idea but that it would be effected by the same agency as that Controlling the Curnums.

7. If it were expected that this process should be performed in my office a larger establishment of Draughtsmen would be required.

8. I think that the Curnums might measure these Subdivisions about every 5 years as it appears from what I can gather that from 10 to 15 per cent is the average number of changes in the Subdivisions each year.

The

9. The Cost of plotting and examining these Subdivisions when plotted might I think be roughly estimated at 3 Rupees per Square mile of cultivated ground.

10 The cost of measurement will depend on what if any extra allowances are given to the Curnums and others employed.

11 The Chains you mention will I think appear to me perfectly answer the purpose for which they are intended. 135 will be required that being the number of villages for Survey in the Veleanda Pooram Talook.

12. With reference to the employment of Curnums for filling in the Subdivisions of Survey fields I shall feel obliged by being informed whether they are to be placed under my orders and whether such authority over them is to be entrusted to me as to allow me to be responsible for them. As I have on a former occasion remarked responsibility without adequate powers can never be anything but nominal.

/ Signed / Lt. J. B. Priestly Capt.
Supt of Revenue Survey

/ True Copies /
/ Signed / D. C. Newill
Director of Revenue Settlement

No. 294

Read the following letter from Wm Bambury Deputy Director of Revenue Settlement dated 2d instant.

(Here enter No. 26)

Read also the following Correspondence

No. Superintendent of Revenue Survey dated 5th March last.

From D. D. dated 17th D. D.

1 As a present arrangement the following Course should be adopted for the measurements of the Subdivisions of Survey fields in the Veleandaporam Talook.

2. The Survey Department should supply the Curnums with a rough sketch of the exterior boundary of each Survey field containing several holdings. This can be done in a book of Country paper similar to what was kept for the Chellumbrum Talook under the name of a "puttah book" and should be given to them by the Survey Ameens where in the Village.

3. The Settlement servants either of the classification or demarcation branch as they may be on the spot will see that the Curnums are thus furnished and that they proceed to fill in

in the details without delay and then send the books for transmission through the Deputy Director to the Survey Departme

4. The Curnums should be suppli with measuring chains or rather rods of half the length of a Gunter's chain as described in letter of Director of Revenue Settlement dated 27th April 1838 No. 163 Para 3.

To Mr. Bambury Depy. Director

5. The Curnums will be directed to attend to any instructions which may be given by the Detail Surveyors or other Servants of the Survey Department deputed to check their work regarding the measurement or any inaccuracies &c. which may be found.

6. The exterior boundaries being drawn on a large scale the holdings can be roughly marked in and numbered by the Curnums. Their relative positions must be correctly given and the upper side of the book be always considered the north The distances can be written on the lines. The calculations should be made in the usual way viz by multiplying the mean of the two opposite sides per the area in 4 sided figures and by omitting the longest side and taking half of the product of

of the two others for the area of triangles and be written on the opposite page which will also show the owner of each holding. The total of the holdings in each Survey field must also be shown on this page

7. The Superintendent of Revenue Survey will be furnished with a copy of these Proceedings with the request that he will be good enough to arrange for the Curnums being supplied with the books as described in para 2 and for such tests of the Curnum's work as he may think necessary. Captain Priestly in his letter of 17th March 1838 has stated his opinion that the examination by the detail Surveyors or others of a few holdings here and there may suffice particularly if the further test of plotting the holdings is applied.

according

Note
Estimate as per year 7200 Brahmins & Comatees — 4400 Shoodras Dea

according to the Rules proposed by me and approved of by Government in the order above alluded to about 20 Brahmins & Comatees and 40 Shoodras are permitted to receive food daily at the Rate of 5/8 Seers of Rice each for the former and 3/4 Seer of Jawary each for the latter or Shoodras with a proportionate quantity of Condiments Dea & this Rule is now observed in the institution - The food is cooked & distributed to Travellers Should any prefer dressing their own food, Raw Grain is given at the above Rates - and no money is distributed to any under circumstances - The Number of persons relieved in this institution during each of the 2 last years was as per Margin From

| | Brahmins | Sudras Dea | |
|---|---|---|---|
| Fasly 1265 — | 6112 — | 16068 - | |
| 1266 — | 8009 — | 13565 - | |

this and from Report of the 7th September 1855 it will be seen that the benefits of this institution are not confined to any one Class

according

Fort St. George 20th October 1858.

according to the Rules the duty of superin-
=tending the dressing and distribution of
food rests with the Manager or Parsuto-
=gar of the Choultrums - The Tahsildar
is vested with a Controling authority in
the affairs of the Choultrums & his re-
=quired to enquire occasionally into the
details of the institution - The annual
grant of this institution is Rupees 2045
but is Complained with a suggestion of
the superintending Surgeon, for the Estab
=blishment of a dispensary in Connection
with this institution a sum of £100 Rupees
is to be allotted for the purposes of the
Dispensary leaving Rupees 1645 for the
proper purposes of the Choultrums as
Sanctioned by Government under date
the 19th August last -

3 In the 5th para of their orders

the Government express their readiness

to

To Board of Revt
8th June 1858 -

Fort St. George 20th October 1858.

"to entertain any application for endowments
"for Choultrums now without them & the utility
"of which is proved by the local authorities to
"the satisfaction of the Board - "The Total
number of Government Choultrums as mention
in the statement submitted to the Board with
my report of the 12th August 1856 is 20 of
these 4 Choultrums are provided with persons
to look after them & there are 16 Requiring
them some of these are occasionally cleaned
by the Villagers - all of these buildings are
situated in Villages on the principal Roads
& are of a great inconvenience to Tra-
=vellers & they should not remain impro-
=vided with a Servant to each to clean &
look after them - I think a Servant on a
Monthly pay of Rs. 2 should be attache
to each of the 16 Government Choultrums to
clean & look after them - The total
amount required for this is Rupees 32 per
Mensem or 384 Rs. per annum for
which sum Sanction will be Required -

Among

4 Villages
1 Bellary
1 Canalapoor
1 Punponhilly
1 Bagepelle

17572

Fort St. George 21st October 1858

Memo:

There is a crack in the walls of the Puisne Bungalow extending also to the floor & roof which should be Repaired - all the doors require Repairing & varnishing & the lower frames of one or two which have been eaten by white ants must be renewed

There are some brick pillars in one Corner of the Compound which if Covered with thatched roofs would form a Stable -

A new Bungalow has been sanctioned at Ashundorpet but as some time will elapse before it can be Commenced it is necessary that the one now used by Travellers should be Repaired particularly as the accommodations has to be paid for

The flooring requires Repair & the Estimate provides for Chunam bathes similar to those built at Tindivanum & Cuddalore the roof of the out offices should be taken off and put on again with a proportion of new materials -

25th of 1858

Adverting to the Board's endorsement on the enclosed Petition, I have the honor to bring to notice that the Petition has already an endorsement which he has submitted to the Board in his address -

It certainly does not dispose of the subject of his Complaint for it merely calls on him to apply to me for what he wants in a language which he himself Comprehends and not in English - and in an English Communication too which is written by a man whose hand writing I know well &

and who is gaining his livelihood at
Cuddalore Trivalore by victimizing
with his unintelligible and badly-
worded statements every Complainant
whom he can find available.

3 I submit that the appeal
now made to the Board relative to the
subject of the Petition & its Recog-
-nition by the Board will go far to
augment my already heavy duties.

4 No man's case is neglected
so far as lies in my power but in
this instance my directions are
markedly ignored by the Petitioner
and my authority will certainly
be affected if he is supported
in the steps he has taken.-

My

5 My requisition for an
arrear in the language of the Dis-
-trict would not seem at variance
with a system which has not yet
declared that English shall be
the medium of official Commun-
-cation.-

Jr Collector

Fort St. George 20th October 1858

No 170

To J. D. Sim Esqr

Secretary to the Board of Revenue

Sir

Bd No 4693

From the Jr Collr of Coimbatore — } With reference to the Board's Circular of the 2d August 1858 No 2907 giving Cover to Extract Minutes of Consultation of the 21st July 1858 No 1029 in para 4 of which the Government observe that it is their desire that in all Saloo in which the extent of stamp sales will allow of it, the under Should be as per sons unconnected with the Regular Esta -blishment proper Security being of cours taken from him I have the Honor to sta for the information of the Board that in the 6 Saloops noted in the Margin where there are Moonsiffs' Courts the sale of stamp papers are Conducted by persons unconnected

Coimbatore
Erode
Coonoor
Chickmaglury
Bellary
Canara
Salem
Trichinopoly
Madura

unconnected with the Taloors Establish-
ments & they are paid a Commission
at the rate of 2 per Cent on the amount
realized by them from the sales of
Stamps -

2 At Cotacamund a separate
vender has been lately employed in
Consequence of a Requisition made by the
Subordinate Judge at that Station, &
the Commission paid to him is 3 per Cent
or one Rupee more than that paid to
the Venders in other Taloors which
is owing to the peculiar Circumstances
of the Hills -

3 Each of these Venders has given
Security to the amount of Rs 100 and
is required to pay daily into the Tal-
=sildars Treasury the amount Collect-
=ed by him he is allowed to keep with his
only

only such number of Stamps papers as is
being sold for sale for 15 days taking
fresh supplies from the Talsildars when re-
quired These arrangements are satisfactory
and work well -

4 With Regard to the other Taloors I beg to
forward a statement of sales of stamps papers
in this District from January to December
1857 from which it will appear that extent of
sales in these Taloors is not so large as to allo-
of a separate vender being employed in each
of them in as much as there are no Incumbrances
Courts established in them Consequently the
Taloors Servants are permitted to be ex officio Ve
renders taking the small Percentage allowed fo
them - This work does not interfere much with
their own appropriate duties -

5 Adverting to para 5 of the Extract
Minutes of Consultation of the 24th July 1858 No 1029
I beg to state that the stock of stamps is secured in
the Treasury Rooms under the lock & seal of the Colle
or other European officer in charge of the Treasury
The Darogah has under his lock & seal 10000 Rs
worth of stamps papers in order that he may have a
sufficient quantity ready for despatch to the Talsild
on their Indents and for sale in the Doozoon -

6 I beg to Request the Board's sanction for the
arrangement proposed in Mr Thomas letter of the 14
July 1858 No 12 for fixing a monthly salary for
the stamps Establishment -
