Fort St. George 27th October 1858

Proceedings of the Board of Revenue

Wednesday the 27th October 1858

Received the following Papers received from Government and bound in a Separate Volume.

Extract

17898.

Fort St. George 27th October 1858.

Pte No 3402-
from the Chief Sec.
to Government -

Extract from the Minutes of Consultation in the P. W. Department under date 23d October 1858.

Referring for the Board's opinion a letter with enclosures from the Offg Chief Engineer regarding the repair, stated to be urgently needed of the Traveller's Bungalow at Juggiahpet in Rajahmundry, and directing that Officers invariably to communicate with the Board before submitting to Government Estimates for such repairs.

(See No 2227 in Separate Volume)

Read also the following Paper

17899.

Fort St. George, 27th October 1858.

No 149.

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George,

13 No 1090
From the Collector of
Ganjam -

Sir, Para 1. I have the honor to submit further information regarding the claim advanced by the Ex. Rajah of Mandghum to certain Khoosea Villages as desired by the Board in their late Secretary's letter of the 15th June last.-

2. I enclose a separate list of the Villages which according to the Permanent settlement account were at that time classed as "Jerogate" together with the Beriz Vcas of each-

3. Mokirpilly and Kuttoobady are included as the Board will observe, among the items of Revenue derived from these Villages, the latter item occurs because in most Villages there was some portion of land held on the easy quit rent which goes by this name-

4 The 50 Villages claimed by the Ex. Zemindar are given in a second account

(B)

(B) The first column of which shews the amount borne by those Villages at the time of the permanent Settlement and the second the increase thrist imposed when they ceased to be Sagheer Villages and were disposed of by the Zemindar as Inroyati Villages. The manner in which these Villages passed from the condition of "Sagheer" or "Mocassa" and became the property of the Rajah is also noted as far as any record is obtainable.-

5 There is no reason to doubt the import of the entries in the Permanent settlement account which describe these 50 Villages (as well as others still in the possession of the Mocassadars and which are not included in this claim) as having paid at that time simply as Sagheer or Mocassa rent called sometimes a "Kham" and sometimes "Cuttoobady" according as the amount was arbitrary or fixed on certain date. Their subsequent condition as Inroyati Villages under the Zemindar must also be looked upon as an Established fact.-

6 The Wandyhur Rajah is dead. There

as lands at their absolute disposal and has made fresh grants and resumptions of many of them, so that the number which appeared from time to time under the head of Inroyati varied in different years. Hence the Goodicut account presented by the Rajah before the sale does not necessarily correspond with the Statements of this present claim -

7 No steps were taken to enquire into the correctness of that account or to protect the proprietary rights of the Rajah at the time of the sale. The only description given of the estate in the sale notice was its designation as the Wandyhur Estate. This circumstance however seems to me to define the rights of the Purchaser limiting the property which he can claim under his purchase to the estate as it is borne on the settlement accounts which constituted it a Zemindary under Peishcush. This view of the case would forbid the purchaser (the ex Rajah) to claim from the Villages which were at that time entered as "Sagheer" or "Mocassa" any other than the "Jagheer Kham" or Mocassa Cuttoobady" -

8 If therefore the Government are disposed to admit the Ex Rajah's title on purchase

purchase lapse or resumption to these Villages he will be entitled to hold them on payment of Kham or Cuttoobady to the Pulicatta Rajah The question which remains for disposal is therefore between the Government and the Ex. Rajah and turns on the weight which is allowed to the evidence of Purchase and on the light in which the Government regard the resumptions which gave the Rajah possession of the remaining Villages And first as regards the documentary evidence of purchase produced by him in the instance of 30 out of the 50 Villages I do not see how these titles can be rejected without the risk of injustice the documents are of all kinds being written some on paper some on Cadjans and some on metal plates they bear no signature but it was then customary to affix none. had they been forged they would probably have been complete in this respect and would embrace the whole 50 Villages instead of only 30.-

9 As regards the resumptions or lapses which placed the Rajah in possession of the remaining 20. I am aware that the Government's claim has been held good in a similar case in 8 Villages of the Turlah Zemindary

* Extract from the Proceedings of the Comm[r] N.C. dated the 3[d] December 1830.

Zemindary but it must be borne in mind that for a long course of years the Wandigan Villages have been held by the Ex Rajah and his predecessors as their own property and have been by them in many instances again granted to others-

10 Both the title on purchase and in virtue of long and absolute possession may certainly be impugned if strictly dealt with; but there are circumstances which should I think induce the Government to admit the Rajah's claim as purchaser to 30 Villages without further objection and to waive their own title to the resumed Villages-

11 The Ex Rajah of Wandigan is the last of a family conspicuous for its loyalty and for the zealous assistance rendered by it to the Government on several occasions. The Grand father and father of the present Ex Rajah and he himself have always manifested this spirit and they stand almost alone in this District as examples of its display.-

12 The Estate was brought to the however on the default of a single year and the law rigorously carried out the present Ex Rajah is in consequence a ruined man & has lived since that time on borrowed means which are now failing him, a household of

purchase lapse or resumption to these Villages he will be entitled to hold them on payment of Kham or Cuttoobady to the Calletta Rajah The question which remains for disposal is therefore between the Government and the Ex. Rajah and turns on the weight which is allowed to the evidence of Purchase and on the light in which the Government regard the resumptions which gave the Rajah possession of the remaining Villages. And first as regards the documentary evidence of purchase produced by him in the instance of 30 out of the 50 Villages I do not see how these titles can be rejected without the risk of injustice the documents are of all kinds being written some on paper some on Cadjans and some on metal plates they bear no signature but it was then customary to affix none. had they been forged they would probably have been complete in this respect and would embrace the whole 50 Villages instead of only 30.-

9 As regards the resumptions or lapses which placed the Rajah in possession of the remaining 20. I am aware that the Government's claim has been held good in a similar case in 5 Villages of the Turlah Zemindary

Extract from the Proceedings of the Commrs N.C. dated the 3d December 1830.

Zemindary but it must be borne in mind that for a long course of years the Kantyhur Villages have been held by the Ex Rajah and his predecessors as their own property and have been by them in many instances again granted to others-

10 Both the title on purchase and in virtue of long and absolute possession may certainly be impugned if strictly dealt with; but there are circumstances which should I think induce the Government to admit the Rajah's claim as purchaser to 30 Villages without further objection and to waive their own title to the resumed Villages-

11 The Ex Rajah of Kantyhur is the last of a family conspicuous for its loyalty and for the zealous assistance rendered by it to the Government on several occasions. The Grand father and father of the present Ex Rajah and he himself have always manifested this spirit and they stand almost alone in this District as examples of its display.-

12 The Estate was brought to the however on the default of a single year and the law rigorously carried out the present Ex Rajah is in consequence a ruined man & has lived since that time on borrowed means which are now failing him, a household of

of about 300 dependants chiefly women look to him for support and he is necessarily reduced to great straits. The Board are well aware how numerous are the dependants of ancient Hindu princes and that it is impossible for them to abandon them. It is true that a pension of 3000 Rupees per annum has been offered by Government for the Rajah's support, but in the hope of obtaining a provision of a different nature he has hitherto hesitated to accept it the amount being insufficient as he states to maintain his household.

13. The possession of the Villages he has now claimed could be a sufficient provision for his maintenance in credit and comparative comfort I think also that his re-establishment as a Proprietor is desirable both in consideration of his character and as an evidence of the consideration with which the Government regard the past services of the family. If the claim is rejected and he is compelled to fall back upon the proposed pension it is probable that he will never regain an independent position and the fallen fortunes of the family will afford but feeble encouragement to other zemindars to emulate its loyalty.

I have &c.

14 Should the Government think fit to pass a favorable decision on the Ex Rajah's claim I would suggest that as the Pallecode Rajah who purchased the estate will be compelled to relinquish his claim to any thing beyond the Cuttoobady of these Villages, he should not be compelled to refund the excess receipts which have accrued to him since the sale and that the Ex-zemindar of Wantyghur be allowed to draw the pension which it had been proposed to give him, in arrears from the date of sale till he is put in possession of these Villages no other way occurs to me of saving him and his household from utter ruin.—

15 Since writing the above I have received a petition from the Ex Rajah claiming certain Villages which do not appear in the permanent settlement accounts having been subsequently formed I have caused an account to be drawn up in the Office (C) shewing the value &c of these Villages. The principle on which the claim rests requires the decision of the Board and of Government and does not appear to me to call for the expression of an opinion on my part.—

16 I enclose the petition together with a general Statement of his case presented by the Ex Rajah.—

* From the accounts rendered by the Fusly Annexe for Fusly 1264—

Ganjam District
Collectors Office
Chetterpore 2 September 1858

Signed G. S. Forbes
Collector.

P.S. This general Statement will be submitted by tomorrows post.

Collector

17916 Fort St.t George 27.th October 1858.

No 4

To
G. S. Stokes Esq.re
Acting Collector
Ganjam

The humble Petition of
Sree Royah Pamula Chundra
Kaviserundana Sayadoo
Bahadur Son of Seeniwasa
Raughava Cotapa.

Most humbly sheweth

That on your Lane already
in formed of the claim which he had
been informed of the claim which he had
on certain Sagees Khas Bhogum, he soon began
Cause to address you on another subject
which he could not help to be so
to Pen into your honorable consideration
and which has to them been
by former collectors for pleasure settlement.

In consequence to the Orders
settlement of the Ganjam Collectorate
Or Peishcudar Renters of, as well as
Ex Zemindar Grand Father formed Government
on their own Bhogum in the Zemindary for the
to Look after Police Cause to a considerable

Fort St. George 27 October 1858.

amount by clearing off Jungles, levelling grounds, providing irrigation, getting ryots, and advancing them Tuccave &c. The Villages were enjoyed by the Ex Zemindar up to the time of sale of the Estate, but they have been forcibly occupied by the Schullicota Zemindar the purchaser of the Estate who is only entitled to enjoy such Icroyette Villages (79 in No. as are only entered in the Permanent Settlement accounts together with Cattabadee on Jageers, but has nothing to do with the rest of the Villages which were newly formed subsequently and moreover the advertisement itself shews that no allusion with regard to the offered sale of such Villages is ever made in it. As the fact of the Villages above alluded to having been under the enjoyment of the Ex Zemindar up to the time of sale, as well as their number & revenue &c will be known by the record of your Office the Ex Zemindar earnestly begs leave to solicit the favor of taking the case into your favorable consideration, and of ordering also the Villages to be made over to him.

Chetterpore 30th August 1858.

For which act of kindness I shall ever feel grateful

I have &c.

(Signed) Sree Rajah Ramachendra Tavadia

Dana Sayed Dev Chetty

No. 150

To

J. D. Sim Esqre

Secretary to the Board of Revenue

Fort Saint George.

Sir,

3d No. 4138. From the Collr. of Ganjam.

With reference to the foot note of my letter of the 2d instant No. 149 I have the honor to forward herewith an original Statement of his case presented to me by the Ex Zemindar of Wantzeem together with the petitions No. 925 and 1104 of 1858 sent to me with the Board's Endorsement of the 24th June last.

Ganjam District Collectors Office, Chetterpoor 1st September 1858.

(Signed) G. L. Forbes.

Collector.

No. 1

The execution of a Permanent Sunnud Cowle and Mooteilka between the Zemindar and Government is designed to make them bound themselves to the conditions therein mentioned. The Regulations also prescribe the rules to be pursued both by Government Officers and Zemindars, heitanning to the heavy misfortune

unfortunate of the Wantyhur Zemindar who was an ancient Zemindar and who has been in friendly terms faithful to the Circar. neither the conditions of the cowle nor the provisions of Regulations were taken into consideration but unjust measures which had never been adopted in the administration of the Honorable Government were enforced in putting his Zemindary to auction. His entire Estate which values to about 11 Lacs was sold in satisfaction of a Peshcush balance of 39000 Rupees It was at first brought under Zuft. but the provisions of Section X Regulation XXVII of 1802 which direct the manner in which the Zuft Amuneens are required to proceed were not brought into force Gandy Puttabiramiah Pantulu of Vadine manager of the aska Factory obtained the rent of the whole Estate on account of the factory for 3 years from Fusly 1261 and the cowle and Moochilkah to that effect were executed in the presence of the Collector and agent who also registered them the documents

in question bear an open condition that the Peishcush ought to be annually paid directly to the Circar by the Renter himself without any interference of the Zemindar accordingly the renter Puttabemmiah Pantulu paid the Peishcush for two years of Fusly 1261 and 62 in which their Sunnud remained up to the end of May a balance of the expired Kists Zuftli amuneens were deputed to the Wantyhur Estate as done also to some other Talooks Agreements received by the Collector from Puttabiramiah Pantulu the renter and manager of the sugar Factory to recover from the latter alone the balance due and the Zuft on the Estate was withdrawn, and the services of the amuneens were dispensed with, and agreeably to his engagement the money was subsequently recovered from the renter In Fusly 1263. the renter realized from the Talook, the entire collections, and paid a sum of Rupees 13,000—00 and odd to the circar on account of the Peshcush the remainder 39,000 and odd I was according to the established rules to be

recovered.

Fort Saint George 27th October 1858.

recovered from himself but no demand was made on him. The Section X Regulation XXVII of 1802 shews that it is incumbent on the zuptk Ameen to recover from the renter the amount of his rent according to the engagements subsisting between him and the Zemindar while the registered Cowle and Mutchilka which were passed between the Zemindar and Asha factory manager bear a condition that Government Peishcush would be paid to the Circar directly by the renter independently of the Zemindar and while the latter had accordingly paid 13,000 Rupees and odd leaving still a balance contrary to his engagement the zuptk Ameen did never demand him for that balance of 39000 Rupees nor proceed to attach his property. If such a demand was made the renter being a wealthy person and as the rent belonged to the factory the balance would have at once been paid without occasion to sue the Estate, why the circumstance omitted the renter in this case? It was evident

Fort Saint George 27th October 1858.

evident that the Zemindar had kept on the renter who belonged to a rich factory the entire responsibility of paying himself directly to the Circar the Peishcush of the Talook and that the Zemindar expressed to the zuptk Ameen that in the first instance the renter was to be demanded for the balance according to his engagement with him, but the Zemindar was not to be considered consequently negligent in paying the amount but was worthy to be protected from loss, and the Talook was to be saved without being laid for Sale as prescribed in para 6 of the permanent Cowle whereas Mr Acting Collector Knox was mistaken in issuing an order to the zuptk ameen on the 29th June 1854 contrary to Section X Regulation XXVII of 1802 directing him that a demand was to be made on the Zemindar alone but not on the renter as the rent was a private transaction It might perhaps be considered that the custom of recovering from the renter the Peishcush amount is not in use in this District formerly the Zemindar

of

of Tarlah of this L. District & vested out his Estate to one Cocah conduct raw.ss who having evaded the payment of the circar Peshcush, the Collector Mr Bannerman deputed a Gufty Annexed to the Talook kept in under the management of the circar of 10 Months, & recovered the balance from the renter under & freed the Talook from Gufty, but it was not at all put up to auction why such a course was not pursued in respect to the Bantghur Estate?

Agreably to the 6th para of the permanent Cowle, and to section VII Regulation XXV of 1802 it was necessary to attach in the first instance the personal property of the Zemindar for the satisfaction of the balance of Peshcush, but it was not done so in Bantghur case it might be considered that the custom is not existing in this Zillah, & while Muntriddy Ven Zemindaries were under the Gufty on account of the balance due to the circar Mr Spottiswood the then Collector attached also a ship belonging the Zemindar Pamula Ramasawmy. If such a

measure was introduced in the present case the small balance of the circar would have been made good by the sale of the Zemindars personal property without a single witness being brought to sale why the circar was not pleased to requestis personal property in the first instance?-

With reference to para 8 of the permanent Cowle, and to section V Regulation XXVI of 1802, it was necessary to sell only such portion of the Talook as would be sufficient to make good the circar balance, but whereas the whole of the Bantghur Estate which values at about 8 Lacs was at once sold on account of a small balance of 39,000 Rupees, and such a custom of selling the necessary portions of Estate is also existing in the District, and is very commonly observed. Sanction of the Revenue Board was solicited to form a Subdivision in a Zemindary and to put up the same to auction for the satisfaction of the circar balance due on Zemindary Estates.

Estates, and this would be proved on a reference being made to former record, in proof of the Vishnoochairums and Payetpadah Mootahs which are a portion of the Goomeer Talook having been sold in 1809 by the then Collector in satisfaction of the Circar balance, one Tripasore Leggamandrow Pentiatoo Purchased the same and again Chowdry Lutchmeenarroo is the purchaser of Coredaconnah Mootah of Padugadah Talook and likewise Pannoyamman and Catchingha Moottahs of Chigutty Zemindary were sold on two different occasions they had either one or two large villages such as Devalah &c in Pantzhar Talook been sold the entire balance of 39,000 Rupees would have at once been made good and why the entire large Estate was sold to the detriment of the Zemindar? why the Circar was so harsh to him in their proceedings? and what was his guilt.?

The auction was to be conformed to the contents of the advertisement and

and should not in the least differ to them If perhaps any thing had taken place contrary to the advertisement either by mistake or any other reason or the advertisement was found to be incorrect the auction must at once be cancelled, and a fresh Istehtarnamah be issued in the proper manner and agreeably to it the Estate be resold and such a System is invariably enforced in every place under the Honorable Company and in this very District when Polaniky and such Estates were sold on account of Circar balance certain persons purchased them at first but on a reason that the advertisement did not contain, according to the Regulations, any Specific entry of the place where the auction would be commenced, the auction which had been made on that advertisement was cancelled, and higher authorities directed the issue of a fresh proclamation for as the permanent claim of a person will have to fall

into

into the hands of another the circar is to cause the Estate to be sold inconformity to the proclamation. and in case were anything have to been place contrary to the rules such an auction is cancelled, and a fresh one is commenced but owing to the misfortune of the Kandyhan Zemindar it was not done so in his case Under Section VIII Regulation XXVI of 1802 it was invariably necessary to put out in the proclamation the regular amount of peshcush of the Estate which would be sold, while it was generally known that the peshcush of the Kandyhan Estate was Rupees 33,000 — — an only of 32,000 Rupees was made in the proclamation contrary to the permanent Rule and further while no regulations authorize the sale of an Estate together with the whole balances of arrears due on it to the Zemindar mention was made in the proclamation that the purchaser would be allowed to have a claim on all such balances of arrears and hault the purchase of the Collector

Zemindar

Zemindar which was effected on the basis of the proclamation which contained so many errors can be considered valid? and no sooner the above two points came to the notice of the authorities as having been mentioned by mistake the purchase was to be cancelled itself. as the entry of 32,000 Rupees peshcush instead of 33,000 Rupees in the proclamation is an acknowledged error as mentioned in Minutes of Consultation No. 530 dated 3d May 1833 which was conveyed in the proceedings of the commissioner of the Northern Circuits dated 10th May 1833 No. 302, it is unnecessary to produce any separate proof in that respect. In such a case why the proclamation which was prepared in a wrong way and the auction which was effected in adherence to that proclamation may not be cancelled a fresh proclamation be issued. and the Estate be resold. It is not even to be considered that though the two points mentioned in the proclamation

deemed

seemed to have been solved by mistake the Government confirmed them as they were already carried into execution and were also disposed to sanction the purchase of the collector Zemindar, because they raised the peshcush to the full regular amount of 53,000 Rupees whereas when they were pleased to cancel the two points only the purchase of the Collector Zemindary which was effected in accordance to that erroneous proclamation may not be cancelled, and a fresh and correct proclamation be prepared regularly and the Talook be resold in accordance therewith. and why the Government were pleased to impress upon the collector Zemindar the necessity of paying 53,000 Rupees, which if not paid the Talook was said would be resold.

The Wandyhum Talook is a fertile Estate valuing at about 10 Lacs and there would be no limitation whatever to its being brought by the wealthy Sawcars and Zemindars in this district for even a reduced price of 7 or 8 Lacs of Rupees In proof of this though half of

of the Estate is occupied, under the Circars of the servants & there remains an annual surplus of at least 50 or 60 thousand rupees, after deducting circars peshcush as shewn by the circar accounts a land yielding 10 Rupees net is very commonly sold in this District for 150 Rupees, and it is to be considered by the circars themselves to what amount the Talook values according to this proportion, thus the reason of such a large Estate having fetched a very reduced price of only 53,000 was and of there having been no one else to raise the bid and of the Zemindar subjecting himself to a heavy loss is chiefly attributable to the wrong way in which the advertisement was prepared, because the whole of the Zemindars their Vakeels and respectable men were well aware that the peshcush of Wandyhum Estate was Rupees 55,000 & the only 5,2000 Rupees was erroneously made in the proclamation now in the District were encouraged to bid the Estate, as-

as they knew the fact of that occurrence of errors in the proclamation and thought themselves that if their bid on that advertisement was confirmed by the Collector they would have the vain trouble of depositing in the first instance a portion of the Kuli amount and paying the remainder afterwards, while such a sale was effected in conformity to the proclamation erroneously drawn up was evident that it would not ultimately meet with the approval of the higher authorities It was really on the same reason the bid was very low In proof of this Gouda Pattabenamiah Pantulu the manager of the estate who with a treacherous intent of purchasing the Estate by getting it brought to sale in auction at first obtained the rent of it and deceived the Zemindar without paying the Circar peshcush agreeably to his engagements in the Cowle and the Collector Zemindar who is a boundary Zemindar, and who bore a very long time since grudge and enmity both with the Wandigam Zemindar and his Talook people, and who sought with their

him, and is deeply desirous of ruining the Zemindar were only the bidders of the Estate and the fact of there having been no other bidders except the two persons who were the illwishers of the Zemindar will be proved, if a reference be made to the list of the bidders which was prepared in the Collectors office at the auction time, If this cause is taken into consideration the above reasons will stand sufficient to shew that in consequence of the proclamation referring to the auction not having been prepared in due form no others wished to bid the Estate for fear that such a purchase would not be sanctioned by higher authorities and no other proof is necessary to render a fresh in the case, but should the authorities deem it essential an enquiry may be made of the Zemindars and Mahajans in the District.—

On the 13th July 1853 the Wandigam Zemindar had an interview with the Collector Mr. Prendergast whom he requested to grant him a

few

few days time to pay off the balance of Peshcush and that officer allowed him three days Section XI Regulation XXVII of 1802 directs that the time at which a talook would be put up to auction should distinctly be stated in the proclamation By so precisely mentioning the time the auction will have to be commenced exactly at that time and closed the same day Notice was given in the proclamation that the auction of Hautyghur Estate would be commenced on the 12th July 1854, and while the auction was to be ended on the same day, it was contrary to the rules continued for more 4 days, subsequent to 17th July and the bid of the Collecate Zemindar was confirmed on the 15th July and this was objected to in Minutes of Consultation dated 3d May 1855, No. 530 conveyed in the commissioners Proceedings No. 302 dated 10th May 1855, saying, that it was irregular, and that the auction was

was to be closed on the 12th July the date fixed in the proclamation for commencement, while the Government thus acknowledge the impropriety of the auction the Zemindar is at a loss to know why they were not pleased to cancel it, and order a fresh one to be opened.-

As the Collector granted the Zemindar on the 13th July 1854 / the day next, to 12th on which the auction had been determined to be opened / a time of 3 days to pay his balance of Peshcush the proclamation and the auction which was made in conformity to that proclamation were to be considered as cancelled, for the bidders would not wish to bid any Estate on a reason that if the defaulter would pay the balance according to the time he obtained from the Collector, their bid would be of no use and consequently return to their respective places, The Collector, on finding the Zemindar to have failed to pay the Money accordingly, was under

Section

Section V Regulation XXVII of 1802 to demand him again and to issue a fresh proclamation fixing the date of auction. As such a course was not observed in the present instance but the auction carried on according to the same wrong proclamation which was cancelled itself in consequence of the Zemindar having been allowed a time by the Collector subsequent to its issue, the bid of the Collecote Zemindar is to be cancelled itself and moreover according to the instalments which the Zemindar obtained from the Collector on the 13th July he was prepared on the evening of following day the 16th was sunday, and as the collector did not come to the office till evening on the 17th owing to the rain, the money was not received on that day either by the Cashkeeper or sheristadar without the Collectors permission consequently it was brought home for being secured thus the act of keeping the money in readiness at the Cutcherry is known to many respectable people and Cutcherry servants while

while the Zemindar was so prepared to pay the money and while much more exertions had been rendered in Circar affairs it is unjust to sell his large Estate which was a permanent Zemindar and which values to several lacs of Rupees.-

Sections XII and XIII of Regulation XXVII of 1802 direct that the last bidder must immediately after his bid is confirmed deposit a sum equal to 15 per cent of the price of the Estate that otherwise the bid must be cancelled itself that the Estate must be resold that in the event of the price falling short of that offered by the 2d purchaser the difference should be recovered from him, 1st purchaser and if the Estate be resold for a higher price than at the first sale the surplus must be the property of the first owner of the Estate but not of the first purchaser, contrary to this rule the Collecote Zemindar who had not deposited a portion of the price

price was intrusted with the charge of the Hatghur Estate, The authorities might perhaps consider that he might have deposited the money he did not at all do so, and his failure was reported to the Commissioner by the Collector and Agent Mr. Prendergast who caused the Estate to be put up to Auction in his letter dated 17th July 1854, The report of the officer in whose presence the auction was opened is creditable because he was able enough to ascertain the failure in depositing the money &c. and was responsible for his actions, Mr. Knox the present acting Collector who held the office both prior and subsequent to Mr. Prendergast, and who is the officer that forfeited the Hautghur Estate &c. &c. addressed on the 13th November 1854. a letter to the Commissioner in reply to the minutes of Consultation stating that as the Collecote Zemindar had failed to deposit the price according to the Regulation, the Talook ought at

at all events to be resold, and it is not known how the Talook was made over to the Collecote Zemindar, dis ap: proving of the reports of two local officers who agree in stating that the Zemindar had failed to deposit the money, It was, after fully having been convinced of the unlawful proceedings enforced in the sale of the Hautghur Estate, as above particularized, that Mr. Knox admitted in that letter of the legality of the Estate being resold. If the Government had acceded to this just proposal, the Hautghur Zemindar would have possessed the Estate by readily paying only Rupees 9,000 besides the surplus fund of Rupees 30,000 — " — " remained with the Collector after deducting the Circar Peishcush, and other dis: bursements for fusly 12.64 during which it was under Zuft; and thus, the whole balance of the Circar would have been made good without occasion for resale because under

under Section XIII Regulation XXVI of 1802, the excess of sale proceeds on a second sale over that of the first would be the prd. property of the original land holder, it is therefore to be construed that he holds a claim on his Estate until it has been finally sold but owing to the misfortune of the Kantyhur Zemindar the Government were not pleased so to grant him justice but instead of recovering from the Callecote Zemindar a penalty of a difference of 27,000 Rupees for his having infringed the Regulation in depositing the money the Government directed the Estate to be made over to that purchaser who had already been deprived of his claim of purchase only

why such an indulgence ought not to have been shewn to the Kantyhur Zemindar (who had rendered his exertions in Circar affairs on various occasions) and whose remissness was only the non payment of the Circars Peishcush exactly on the fixed date. On the plea that the Kantyhur Zemindar who had rendered his exertions in Circar affairs, deserves to their favor and possessed an Estate of which value was many times greater than the Amount of the balance of Peshcush due to the Circar had not paid the Amount at the punctual time, but infringed the regulation, his entire Talook was sold to his extreme injury, but he is at a loss to know why the provisions of Section XIII Regulation XXVI of 1802 were not enforced on the Callecote Zemindar, who had never proved useful to the Circar, who had no concern whatever with Kantyhur Estate, and who failed to deposit a portion

of

of the sale proceeds, according to Re-
gulation the Estate was made over
to the Cullecode Zemindar, together
with 30,000 Rupees surplus. If the
Government were convinced themselves
of the truth of the case, they would
not have pleased to throw such
an injustice on the Zemindar.
Under the imagination that the
Cullecote Zemindar had instantly
produced to the Collector a Govern-
ment Bond to be in deposit for
the sale money the Government pass-
ed the orders. The Cullecote Zemin-
dar did not present the bond
according to the rules, and it was
on the same account that Mr. Pren-
dergast refused to consider the same
as a deposit. when the Government
questioned the acting Collector if it
was true that the Cullecote Zemindar
had offered the Bond for deposit
Mr. Prendergast had he been in
the District, would have reported the
truth

truth of the Circumstance that had
taken place in his presence, but
Mr. Knox who was not present at
the time of Auction, reported that
he heard that the offer had really
been made, upon which the Govern-
ment were pleased to consider
the Zemindar as if he had deposited
the money the offer of the Government
Bond for deposit was not effected
in pursuance to the rules of the
Circar. for the Cullecote Zemindar
was absent at the Auction time. He
did not personally state either to
the Collector or any other officer
his willingness so to present the
Bond to be in deposit, but one Vee-
ranna Ramalingum who was
empowered by him only to bid the
Estate on his account, was in atten-
dance, and Mr. Prendergast Collector
to dropping the auction on the bid of
the Zemindar directed Ramalingum
to deposit the money, when stating
his inability to deposit on the same
day, he requested a time of three
days

days, and promised that he would execute a security summud to the effect while the summud was under prepa:ration in the presence of the late sheristadar and Head Goomastah, the Collector personally inspected Sections XII and XIII Regulation XXVI of 1802 and said to him / Ramalingum / that the Regulation directs the im:mediate deposit of money, but does not authorize to allow a time to do so that the auction was continued for 4 days from the 12 that he / Collector / was verbally directing from the com:mencement that the deposit money was to be kept in readiness, and that as he / Ramalingum / was telling that the money was on hand, he should deposit immediately. Ramalin:gum expressed his inability to do so whereupon Mr. Rendergast said to him who frequently requested to grant him time, that while he / Collector / was openly telling him from the beginning of the auction or 4 days to bid keeping in readiness the money he could

not have presented so but infring:ent the Regulation, he should there:fore the loser of his bid thus they both discussed for one or two hours after evening whom Ramalin:gum stated nothing of the govern:ment Bond consequently it is a fact openly known to every one that the Cullecote Zemindar had never even in a dream intended to offer a Government Bond in deposit, and that at the time the auction was closed at seeta:rampillay where the Collector directed the immediate payment of the deposit money after the bid was confirmed the Zemindar who was at Cullecote which about 20 or 30 Miles off from it had not at all time enough to order his Vakeel even verbally to offer the bond and without the consent of the Zemindar the owner of the bond how could Ramalingum

be

be enabled himself to offer it — while such a consent of the owner was not certified in writing how a verbal offer by a disinterested party could be accepted and how could that be approved of by the Collector? Mr. Prendergast consequently cancelled the purchase of the Cullecote Zemindar confirmed the bid of 150,000 Rupees of Puttaberamiah Renter of the Houghlgur Estate and manager of the Ashta factory and which was just antecedent to that of the Zemindar Puttaberamiah having been unable to deposit the money his bid was rejected and also at the time of the bid of Government of 174,000 Rupees which stood before that of Puttaberamiah Puntaloo was finally confirmed Ramalingum at his own choice requested the Collector that as there was then a bond under the authority of the Court of wards which was

was granted by that Court on account of the surplus they had received from the Cullecote Zemindary during the time it was under the management of the Circar, when the Zemindar was minor it might be considered to be answerable for the money and that his bid on account of the Zemindar might be confirmed; but as the Zemindar did not grant him a power in writing to offer that bond belonging to him for the deposit money Ramalingum was unable to execute a document to that effect before the Collector Every thing which is of a pecuniary nature, or is attended with profit and loss must be stated by the owner personally or he should cause a Vakeel who has been empowered by a written document to speak in his behalf neither of these having been done Mr. Prendergast was prevented by the rules to accept the Bond on the Vakeels simple requisition which was made

made at his own discretion that Gentlem
than said to Ramalingum that his requ
could not be complied with as such offe
by himself was not authorized by the
Zemindar by a written document as
Mr. Prendergast perfectly knew that
if the offer of the bond by an unautho
rized person was accepted in deposit
and if the owner by any other reason
might object to him how he had
been disposed to receive it without
his consent or a Vakalutnamah from
him / Mr. Prendergast / should of
course stand responsible, he did not
agree to the offer, and besides though the
authorities admit of the propriety of the
reception of Government Bonds in
security yet in cases where an immed
iate deposition ready money would
be necessary, such Bonds are not al
all to be accepted for though the money
of the bond is in possession of Governme
yet if the owner of the Bond had tra
ferred his right to another by means
of sale or mortgage and in cases wher
several others may dispute their respe
tive claims on the bond can such
claims be rejected by Government

accepting

accepting it under deposit? no it is on
the same account that the authorities do
not accept Government Bonds to
be even as a security until they have
ascertained by due enquiry that the right
is indespendable - as such an enquiry
would occupy a time a Govern:
:ment Bond cannot be offered
in deposit instead of ready money
payable immediately to say that
the Government Bond was offered
in deposit is to be considered that
it was intended to keep it - as a
security for the sum to be deposited
in money - None of the Regulations
show that a security may be received
for the money to be deposited under
Section XII Regulation XXVI of
1802, but authorizing to receive it for
the remainder of the price - This Section
and the Circular of the Revenue

Board

Board under date 10th August 1826 N
52 direct that an immediate deposit
must be received in money, for it is in
:tended to receeve that amount as a
forfeiture in the event of that purcha
failing to pay the remainder of the
price giving thereby a vain trouble to
the Circar, and they is stated in
Section XIII of that Regulation, if
a security is received instead of ready mony
and if the purchaser failed to pay the
remainder, a time would be occupied
in getting the competency of that security
examined, and finally if such security
be found worthless and several clai:
:mants forthcome for the bond received
under deposit it would thereby create
a bar to its being sold, then what use
would there be for the rules laid down
in Sections XII and XIII as there
were so many great objections. Mr. Pren
:dergast could not have acceded to the
Request

request of Ramalingum that the
Government Bond might be accepted
in deposit for the money which was
to be paid immediately.—

From the foregoing reasons
if the purchase of the Cullecote Zemin:
:dar is to be considered annuled, the
authorities might perhaps be mistaken
in forming an opinion that agreeably
to Mr. Prendergast's report the bid
on account of Government ought to be
confirmed and that the Haulgh ur
Estate ought to be reverted to Govern:
:ment. The bid of the Circar cannot
at all be confirmed and the Talook
cannot be occupied, because after the
bid of the Cullecote Zemindar was
rejected by Mr. Prendergast no advert
:isement was again formally issued
according to Regulations describing
the time at which it would be put up
again to auction and the Talook
was not according resold at a proper
time

time. On the night of the day on
which the Collectr people failed to
deposit the money the bid which pre-
-ceded that of them was again brought
in to consideration, and this is a thing
unauthorized in any of the Regulations,
Mr. Prendergast directed the bidder
Puttaberamiah Puntulu (Renter of
the Haulghur Salook and manager
of the aska Factory) to deposit the
money saying that he confirmed his
bid of 150,000 Rupees. The bidder
replied that he could not immediately
do so, when that Gentleman said that
he confirmed the bid of Government
Rupees 121,000 which preceded that of
Puttaberamiah Puntulu. As such a
course of procedure is inconsistent
with Regulations Mr. Knox in
his reply dated 13th November 1855.
which give certain explanation of the
points required by Government suggest
that

that the Salook might be resold, con-
-sequently the late Haulgheer Zemindar
has still a right to his Salook and
such a claim cannot be disturbed
until an advertisement is issued
a fresh and the Salook resold.—

With reference to the permanent
Cowle the Haulgher Estate consists
of 79 Jeroyaty villages 77 Jaghageer
Mocasah villages 22 Aggraharums 24
Amaneas or alienates for divine purposes
in all amounting to 202 Villages and
not a single dub is fixed as Cuttoobady
in the permanent Cowle on Aggraha-
-rums and Amaneahs which are
consequently Lackerazy or rent free
villages the purchaser or the present
proprietor has under para 4 of the
permanent Cowle no concern whatever
with these village, the advertisement
needs not to contain their number
as the Jaghier or mocaasah Villages
which

which amount to 77 are entered under the head of Jagheer in the Permanent Committee accounts are and are enjoyed on the same time, the present proprie: tor of the Talook is entitled to levy only as much Cuttoobady as is fixed in those accounts but has nothing to do with them. The right of transfer by sale or otherwise is vested in their respective Jagheerdars, they are to be treated as Sackraje villages, therefore it was necessary to mention in the advertisement that after deducting 123 Villages Viz.t 22 Agraharums 24 Amancahs, and 77 Mocassah or Jagheer villages the net Seroyaty villages amounting to 79 would be laid for sale but where as it seems impossible to know on what grounds the Collector caused a mention to be made in the adverti: ment that the whole villages amounting to

to 202 would be putup to auction and further as the owners of the 77 Mocassah Jagheer Villages acquiring full right on their villages a long time since cleared off jungles at their own expence brought the lands under cultivation and are the legal holders of the villages and as those villages were not of the same nature as of Seroyaty their claim was duly ascertained by the authorities at the time of Permanent Settlement and the 77 Villages are consequently entered under the head of Jagheer in the permanent Cowle and accounts therefore out of those 77 Jagheer Villages 27 are still under the enjoyment of the descendants of the holders who were living up to the time of the permanent settlement and some were transferred by sale owing to the inability of the holder to pay the Cuttoobady thereon - in consequence of

of the villages not having been provided with irrigation owing to the holders inability to bring under cultivation the lands which were left waste, and as the incumbents were in need of procuring money for marriages &c.a domestic purposes, some of the villages that sold by the holders were possessed by the ancestors of the Hautghur Zemindar by purchase, and further the latter also succeeded to the right of the rest of the Jaghier villages according to the Hindu Law. they were consequently provided with various kinds of irrigation at the own expense of his ancestors the lands were levelled, the jungle tracts were brought under cultivation. thus they were improved and were under the enjoyment of the late Zemindar and his family, and some of those were

were restored by the late Zemindar on service tenure, and are consequently enjoyed by them. The proprietor is under para 4 of the permanent Cowle only entitled to levy on the 77 villages only as much amount of Cuttoobady as evidently appear in the accounts and which is included in the permanent peishcush &c. (a purchaser in auction) under the same para is prohibited from raising the Cuttoobady on resuming the villages, but whereas on 50 Villages which were possessed a very long time ago by the late Zemindar and his family women by purchase and by heirship, and were under their enjoyment without any interruption whatever were forcibly removed from their possession and made over to the present proprietor by the Acting Collector in conjunction

conjunction with the other Jenoyoty
villages of the Talooke the proprietor
consequently enjoys then entire produce
the whole of these 77 Jaghier Villages
of the Hantghur Estate are of one
nature and stand under one Jaghier
Head both in the Permanent Cowle
and in the permanent account
In such a case while some of
the 77 Villages are still enjoyed by
the heirs of the holders who were
up to the time of Permanent Settle
:ment and while some of those possess
by the ancestors of the late Zemindar
by purchase and by heirship are
still continued to the present enjoy
:ers, who subsequently obtained them
from them. it is not known accord
:ing to what rules the acting Collector
made over to the Cullectoke Zemin
dar the purchaser of the Estate 50
Villages

Villages which are of equal nature
and were under the enjoyment of the
Zemindar and his women. If the
acting Collector is empowered himself
to give up all of these Jagheer Villages
to that proprietor, he should have
resumed the whole of these 77 Villages
both from persons who are still enjoy
:ing and from the late Zemindar and
his women and given up the same
to the proprietor while the Zemindar
and his family possesses an equal
right to their Jagheer villages as the
other Jagheerdars have to their respective
villages. It is quite unjust (the other
Villages being continued to their
holders) to remove the villages from
the possession of only the late
Zemindar and his family and to
make over the same to the Cullecote
Zemindar. From the aggregate number
of Villages shown in the advertisement

it

it is seen that also these 77 Jaghee villages are included in those of the Jenoyaty. If the Acting Collector is of opinion that the 50 Villages of the late Zemindar and his family are liable to be professed by the Collecte Zemin: dar in consequence of the Jaghee villages being included in the adverti: ment, the other 27 Jaghee villages 24 Annamalais and 22 Agraharams which are likewise entered in the adverti: ment among the villages which would be putup for sale, ought to have been resumed from the possession of their respective enjoyers and made over to the Collecte Zemindar, why was it not done so. and moreover the very number of villages which were not fasli Zufted by the Ameen under the collec: tors order were to be entered in the advertisement and the same ought to have been sold, and possessed by the

the purchaser who shall establish his claim only on those villages. when the acting Collector nominated at first a Zufty Ameen, an exception of the Ammeen and agraharams and Mocassahs was made in the Zufty order dated 15th May 1854 and only the Jenoyaty villages were directed to the brought under Zuft. From this it appears that only the 79 Jenoyaty villages of the Talook according to the permanent settlement accounts were regularly Zufted on ac: count of the Cuttar balance, and be before the 15th July 1854 the date on which the Talook was putup to auction the Talook was not Zufted a second time in a manner differ: ing to the just Zuft, consequently mention ought to have necessarily been made in the list shewing the villages to be sold that only the

79

79 Jeroyaty villages referred to in the first order dated 15th May 1854 would be sold but whereas mention being made that the whole 202 villages would be sold, the advertisement is null and void and also the auction which was founded on that erroneous advertisement ought to be cancelled.—

Should the authorities be of opinion that the 202 villages entered in the proclamation are still liable to be possessed by the purchaser the Cullecote Zemindar why the detting Colleton made over to him only 129 villages Viz. 79 Jeroyaty. 50 Jagheers held by the late Zemindar and his family women for a long time? and if the Honorable Company would consider that also the remaining 73 Villages must be made over to the Cullecote Zemindar according to the proclamation and be enjoyed by

by him together with the Jeroyaty villages how can that be done while para— of the proclamation contains a stipulation that the purchaser would have only as much claim as the permanent Cowle would permit, and while such a Cowle prohibits the Zemindar from interfering with the Lackrajee or rent free lands and with the lands settled with Cuttoobady how can the other 730 Villages (Lackrajee Agraharums) and Amancahs &c. and also Jagheers still under the enjoyment of some others from the time of the permanent Settlements which still remain unoccupied by the Cullecote Zemindar in conformity to the claim allowed him in the proclamation be resumed from the possession of the present enjoyers and

and made over to the Cullecote Zemin-
:dar contrary to the conditions contain-
in para — of the advertisement and
in the permanent Cowle. From this
the authorities will be pleased to
commence themselves that owing to
the heavy misfortune of the late
Zemindar who is protectless and
subjected to the unfavorable orders
of the Government officers, and thus
exposed to suffer injustice- the
50 Villages held by him and his
family for a long time were made
over by the Acting Collector to the
Cullecote Zemindar that the Author-
:ity finding no reason to remove
from the enjoyment of the present
holders the remaining aggraha:-
:rums Annaneahs and Jaghirs
for also being put in the possession
of

of the Cullecote Zemindar
left them unnoticed and
that the advertisement

To Tan

Fort St. George 27th October 1858

3 The further allegations the E and Annamalee Annamal 2d. widow of C executed an agreement to B by which she was constituted heir to their property. He succeeded to it and from his possession it came to that of D who avers that 11-36 Survamaniem land forming part of the property having been mortgaged by E and C 2d. widow for Rupees 650 for five years to Vydealinga Moodelly deceased to clear debts. the Mortgagees claim should cease as the usufruct has cleared both the principal and interest of the loan. That as the Mortgagee declines to restore the land the permission of Government is solicited to institute an action at law.

4 The execution of an agreement in favor of B is denied the adoption is repudiated and D's right to the property is negatived by C's second widow and the widow of E. If fact the adoption is asserted to have occurred subsequent to the promulgation of the rules of 1846 and the widow of

Fort St. George 27th October 1858

appear to have received loans from the heirs of the Mortgagee.

5 The Survamaniem in question is in village Trippendoorty Taluk Trivady its annual value is Rupees 35-2-6 It is comprised in a grant by Raja Ameersing dated A.D. 1787 originally made to Sadaseeva Bhatt is supported by a Sicca sunnud and was registered in the Collectors Office. But it cannot be as certained whether in 1802 it was in the possession of the original Grantees family anyhow it is clear that it has since then passed into another family though how the change occurred is not known.

6 I am of opinion that under these circumstances the Government should not consent to the institution of the proposed action.

No 173

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St George

Bd No 4537
From the Collector of Vizagapatam

Sir,

With reference to the Board's proceedings of the 22d June 1857 No 2133 accompanied with an Extract Minutes of Consultation dated 19th May of the same year No 961 I have the honor to state in regard to the evils complained of by the Brinjaries and others trading through the Jeypore State that the late Agent Mr Smollett reported some time back that there was little to be done to remedy the present state of things until a proper Police Establishment was organized at Jeypore the Zemindar has however been written to on the subject and of late there has been no repetition of the complaints from those passing through the Jeypore territories.

2 The road recently sanctioned through

through Jeypore when completed will prove perhaps the most effectual check to the same barbarous state of affairs existing in that part of the country and in my opinion this work cannot be too quickly commenced and carried out.

3 Jeypore physically is a sort of "terra incognito" while morally its condition is matter of notoriety and crimes and offences are committed within its boundaries ad libitum and with comparative impunity.

4 I believe of late there has been some improvement towards which I have directed my efforts.

5 I am about shortly to visit Jeypore when I will submit to the Board as well as to Government a Report on all I may see and hear.

6 I beg to add in Explanation

of the delay in replying to the calls made by the Board for an answer to this reference that till within the last few days I was not in possession of the papers on which my opinion and reports were sought. I eventually obtained them from the Collector of Rajahmundry as they were not forthcoming on my own Records.

Sir,

Bd No. 4851
From the Collector
of Vizagapatam

Referring to your Memo of the 6th October, and the Board's Proceedings of the 15th January last and its enclosure, I have the honor to state that no inconvenience whatever has

has been felt in this District in consequence of the order of Government empowering the summoning of public servants in Police cases without reference to Heads of Offices, as was formerly the practice.

2 I am of opinion that the order in question is an Excellent one and cannot reasonably be objected against, although I believe it has met opposition from many Collectors and Magistrates.

Vizagapatam District

Collector

No 140

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

Bd No 4507
From the Collector
of Rajahmundry

I have the honor to report on Petitions, Board Nos 532 and 632 of 1858, presented by mundapally Balabhadrarauz and Tirpallyrauze of Raghoodavapoorum in the Talook of

of Cottapilly.

2 The Petitioners state that their enam lands in the Village of Bolledoopollem, Chinna Condapoody Singavaram and Raghoodavapoorum were attached in the year 1850 by the late Collector and pray that the same may be restored to them with the produce of past years

3 They claim to be connected with the family of the former Zemindar of Corocondah Purganah who resided in the Fort at Raghoodavapoorum - The estate in question was last held and managed by Stree Rajah mundapulty Raghoonadarauze - After his death towards the end of the last century the Circar took possession of the Zemindary on giving the Rajahs mother Atchiah a money allowance - She it is said, adopted a son, Ramanavanirauze, who died some years before her.

† In the year Parabhave A. D. 1792

her - On Atchiah's death in 1824 the money allowance was discontinued and Boochee Venkiah the widow of Ramanarainrauze who had, for years, lived with Atchiah, took possession of her property - A Suit No 597 of 1825 was brought to oust her by G Tripa: =thyrauze as Guardian of Mundapally Tirpatyrauze claiming as connected with the other branch of the original Zemindar Balabadrarauze It was struck off on technical grounds and the aforesaid Boochee Venkiah enjoyed the property left by her mother in law till her death in 1841 - Among the pro: =perty were enam lands enjoyed by the last holder as follows:-

Vide Para 40 Decree in Suit No 68 of 1847 Sub Court file -

	Extent P.	T.	M
In Bolleddoopollem	15 -	0 -	0
In Sirgavaram — Chinna Condapoody	6 -	10 -	0
In Ragoodanapoorum	2 -	5 -	0
Total	23 -	15 -	0

It cannot be ascertained when these enams were granted no documents are forthcoming.

4 On the death of Boochee Venkiah in March 1841, Sundry Claim: =ants for her property appeared before the Court First Pedda Balabhadra: =rauze because Atchiah had adopted his Brother Second Chenna Bala: =bhadrarauze stating that Atchiah had adopted him 50 years ago executing a deed to that effect - Third Tirputtyrauze son of Chinna Bala: =bhadrarauze, declaring that Atchiah had adopted him 18 years before, executing a will to that effect and fourth one M - Rungiah, de: =claring that the landed property had been conditionally sold to him -

5 These claims were all rejected by the Court M - Seetara: =marauze, brother and guardian of a

a minor Ramachendrarauze not con-
:nected with this family, presented
a motion to the Court praying that
as the minor had been adopted by
Boochee Venkiah, he should be put in
possession of the whole property be-
:longed to her Pedda Balabhadra
rauze again pressed his claim, but
this time as nearest of kin, and the
Zillah Court held Proceedings under
date the 4th November 1842 stating
that Seetaramarauz's plea on behalf
of his brother Ramachendrarauze
was without foundation, because
Boochee Venkiah had no property
as the adoption of her husband by
Atchiah does not appear to have
been regularly made, and therefore
the claim was dismissed.

Present Petitioner

6 The Court ultimately
passed orders to the following
effect, "From the genealogical tree
presented, it appears that the original
owner / viz Atchiah's husbands grandfathers
father

father) had two sons, that one branch of
the family, descended from one son,
have all died out without heirs, which
the other son named Vencataramarauze
had a son named Balabadrarauze,
who had two sons, Viz. Tirpattyrauz
and Vencataramarauze, that their descend-
:ants are now alive, and that the
proper course is to recognize these two
families as the heirs, and that they
both should enjoy the property in
equal portions, leaving any objecting
to this decision to bring a regular
suit It was added that 6 weeks
would be allowed for this purpose,
after which date the above decision
would be enforced.

Pedda Balabhadrarauz
/ son of Tirroopaty rauze brought
in 1842, a regular suit claiming
the whole property, and as he gave
security

security the enam lands, as well as the other property were by order of the Court put in his possession - The Plaintiff in the suit and the Defendants Tirpattyrauz and his father Chinna Balabhadrarauze, son of Venkataramarauze, presented a Razenamah on the 6th December 1843, agreeing to divide the whole of property into two equal shares, ie one to the Plaintiff, and the other to the Defendants - The Court caused the terms of the Razenamah to be carried out.

8 The lands were thus held until the year 1847 when M. Ramachendrarauz, already preferred to (preferred) preferred a Pauper suit in the Sub Court urging that as he was adopted by the late Boochee Venkiah he ought to be put in possession of the whole of the

Para 4

the lands and other property.

9 One Cholungy Gungarauze also presented a Petition in the Zillah Court [2467/1844] stating that Boochee Venkiah, under the orders of Atchiah gave him 2½ Candies of land at Bolleddoopollem - This petition was rejected, but he made a summary appeal [160/1843] to the late Northern Provincial Court and the Special Commissioner held Proceedings on the 5th August 1844 ordering That the 2½ Candies of land, and its produce, should be put in Gungarauzs possession, which was done Mundaputty Pada Balabhadrarauze and Tirpattyrauze brought a regular suit in the Subordinate Court [in No. 168 of 1847] against the aforesaid Gungarauze and others for the recovery of the said land, past years produce Va

10 The Sub Court passed

Decree

1 Ramachendrarauze Pauper Plaintiff in Suit No. 68
1 Defendants Pedda Balabadrarauz
1 Chinna Balabadrarauze
1 Terapatty Rauz
1 Vencataramarauz
1 Mundapaty Pedda Balabadrarauz Plaintiff in Suit No. 168 of 1847
2 Mundapaty Terapaty Rauz Defendants
1 Chowlughy Gungarauz
2 Mundapaty Chinna Balabadraraz
3 Moolaga Sooba roydoo Supplimental Defendant.

Decrees in the above two cases 68 and 168 of 1847 pronouncing that neither parties in the Suits had any right to the lands, In the 1st case the Sub Judge, Mr Irvine, expressed his opinion that the Pauper Plaintiff was not adopted by Boochee Venkiah and that even if adopted by her the adoption could not, for the reasons stated in the Decree, give him any claim to the property in dispute be therefore dismissed the Suit with costs.

11 We went on to observe that it was necessary at the same time to record his opinion that the Defendants have no claim to the property in dispute 1st 2d and 3d Defendants originally claimed

claimed on the grounds of alleged adoption by by Atchiah. It has been already shewn that Atchiah could not adopt a son. The late Zillah Court having rejected their first claims, 1st and 2d Defendants then claimed as being Members of the Zemindary family. Had they been so, they would not have brought forward false claims by adoption Had these Defendants been really heirs, they would have claimed the Zemindary when in 1792, Atchiah transferred it over to the Circar. They did not do so, and Atchiah enjoyed the money allowance granted by the Circar to her and her enam lands without opposition till her death in 1824. They did not make any opposition either to B. Venkiahs enjoyment of the property after atchiahs death after Suit No. 597 of 1825 had been thrown out. The reasons assigned for their remaining quiet are utterly insufficient. The 1st Defendant refers to certain genealogical tables as

as proving his descent from the Zemin=
=dary family These tables have never
been proved to be correct and are
therefore useless. The oral testimony
adduced to prove this point, is quite
insufficient 1st. Defendants witnesses
depose that they heard that 1st De=
=fendant is the son of the Brother
of Atchiahs husband but they do
not know how many brothers her
husband has or any particulars
of the family.

12 In the 2? case the Sub
Judge gives his opinion that the Plain=
=tiffs have no claim to the land
possessed by the 1st Defendant and
that the suit must be dismissed
with costs. He further observed. The
question of Plaintiffs right by ad=
=option to succeed to the property
in dispute being thus disposed of
the next point for consideration is
whether

whether they are entitled to succeed
as heirs to Rajoonadarauze the last
in all holder of the Zemindary of Boroocon=
=da, and of the property in dispute.
There are many reasons for disbelieving
that the Plaintiffs are related to the
Zemindary family and entitled to succeed
to the property in dispute. The Plain=
=tiffs refer to a genealogical table pre=
=sented in 1792, as they allege, by Atchiah,
to the Collector, as proving their relation
ship. That table is valueless as proof.
It was presented with an Urzee said
to have been sent by Atchiah mention=
=ing her adoption of a son. Its correct=
=ness was never enquired into and no
effect was given to the Urzee which
accompanied it. Had Atchiahs hus=
=band made relations, as now alleged
they would have opposed
Atchiahs resignation of the Zemin=
=dary to Government, and urged
their right to be put in possession

of

of it, no opposition was however raised and Atchiah continued in undisputed possession of the money allowance, and of the enam lands (15 Candies in extent) till her death in 1824. Boochee Venkiah then took possession of the property. G. Terupatty Rauz as guardian of the present 2d Plaintiff filed original Suit 597/1825 late Zillah Court's file, against her. It was dismissed on technical grounds and no further opposition was raised to Boochee Venkiah injoyment of the property. The reasons assigned in this Suit and in original Suit 68 of 1847, (taken into consideration with the present suit) in which the present Plaintiffs were Defendants, for their acquiescence are utterly valueless.

The Plaintiffs have never to this day laid any claim to the Zemindary which they would undoubtedly have done, had their present claim as Descendants of that family been well founded. The 1st Plaintiff endeavoured, by oral testimony in Suit 68 of 1847, to prove this relationship. In this he completely failed. His witnesses state they were informed that he is son of the brother of Atchiahs husband but they do not know how many brothers Atchiahs husband had, or in fact any particulars of the family. It is obvious that such testimony cannot prove their right. Had Plaintiffs been really of the Zemindary family, and as such, entitled to succeed to the property, they would, when the Zillah Court in 1842 issued Proclamation for heirs, have claimed

claimed as such and they would not have claimed as having been adopted by Atchiah - The Subordinate Judge is opinion for these reasons that the Plaintiffs have no claim to the land now possessed by the 1st Defendant and that this suit must be dismissed with costs. He thinks it right at the same time to record his opinion that the 1st Defendant has no valid title to the disputed land. He rests it on an alleged deed of gift executed to him by Boochee Venkiah The possession of this land has been shewn in the first part of this Decree to have been without any legal title no document executed by her could therefore give a right to the land.

13 On the receipt by the Collector of these Decrees the enam lands were attached. The parties addressed the

the Civil Court but after reference to the Sub Court and the Collector the first named tribunal referred the Petitioners to a Civil action, if aggrieved by the Collectors Proceedings - The Judge observing that it was his opinion that as Defendants had possession of the property litigated it ought to have been redelivered to them when Plaintiffs claim (which was the only one made) to oust them was rejected - The opinion of the Subordinate Court that the Defendants had no claim might have given grounds to the Collector to sue them for the recovery of it, but did not authorize him to deprive them of it after they had had possession from 1841 to 1847 - But the Collector having taken possession of the lands on receipt of a copy of the Subordinate Courts Regular Decree, the Civil Judge cannot formally pass orders

orders affecting that Decree on a summary Petition. The Petitioners should take copy of their Proceedings and shew them to the Collector and should that officer refuse to restore the property in question, Petitioners could have recourse to a regular Suit, or if they prefer it, they may make a regular appeal

16 The Plaintiffs in Suit No 168 of 1847 appealed to the Civil Court against the Sub Courts decree but the same was confirmed in October 1854.

16 Since the enams were attached as above stated by the Collector, the amount realized by sale of that Government Share of the produce as shewn in the margin has been kept in deposit. The Petitioners still urge that they belong to the same family as the last holders of the enams, and are therefore entitled them. They refer especially to the genealogical table

Fasly	Rs	a	p
1261	308	1	5
1262	308	12	0

Fort St. George

Bd No 4642
From the Collector of Nellore

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue dated 2d Ultimo, I have the honor to recommend for the favorable consideration of the Board the case of V. Ramarow Petitioner in No 2170 of 1858 reported on by me on the 18th August last without

without palliating his original fault. I think he has been sufficiently punished by being so many years out of employ, and his subsequent conduct appears to have been good. He seems also likely to make a useful public servant if again employed.

2 V. Ramarow obtained a Certificate at an Examination held during the time Mr Taylor was Acting Collector Copy of which I beg to enclose.

3 There is now opportunity of employing him as a Falcok Mazoom Goomastah, a similar situation to the one he was dismissed from, if the proposed arrangement is sanctioned.

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

53d No 4692
From the Collector
of Nellore

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue under date the 15th June last, I have the honor to state that the Shrotriem Village of Pumbalay was granted to Balakrishnamah Naidoo by the Nabob Wallajah, Copy of which sunnud with a Translation in English is herewith forwarded. Neither in this document nor in the Registers

Registers of Fusly 1212 is mention made of the Shrotriem having been given for the support of the Choultry, but an order issued by the Collector Mr. Travers in 1801 containing the Shrotriem, states with reference to Moonoolnamahs furnished by the Sista Cavanam that the Shrotriem was allowed for the support of the Choultry of Kistnama Naidoo and the same also appears in a Return of Choultries prepared in 1818.

2 The net Value of the Shrotriem after praying the Peishcush & Cooroomes charged upon it, is according to the above return Rupees 152-4-0 and Rupees 154-7-3 according to account furnished for Fusly 1266 by Yatherazoo Naidoo, under whose management it is.

P. Kistnajee Naidoo

3 As regards the registration of the Petitioners rights, I do not consider it would be prudent on the part of the Officers of Government to pledge themselves to him by registering them before the time has come for deciding on the same which would naturally be on the occurrence of a Lapse. No Purmanah is, as supposed by

by Petitioner about to be issued, but the Shrotriem and Choultry are actually under the management of his uncle Yatherazoo Naidoo.

4 It is also to be observed that though Petitioner Kistnajee Naidoo's right to a share was not at first questioned it has been since but I am disposed to think on insufficient grounds his mother being alledged to have been a concubine's daughter, though her marriage with his father is admitted I shall however attend to any instructions on this point which the Board may please to issue.

Board of Revenue
Fort St. George

Bd No 4574
From the Collector
of Salem

Sir,

I have the honor to submit for the information and orders of the Board of Revenue the following circumstances.-

2 The land noted in the margin was in the possession of one Gengy Reddy, in whose name Pattahs were issued down to Fusly 1257 - In Fasly 1258 he left this lands together with his other lands waste and at the Summahbundy of that Fusly Mr. Lockhart, the Collector directed that the Teerwah should be remitted to the Pattahdar on the ground of his indigence, and that for the following Fasly the land should be given to him if he should tender sufficient security for the discharge of his teerwah, otherwise that the lands should be made over to any other person

Collector.

person that might apply for it. In Fasly 1259 the Puttahdar declined to take up the land and resigned his claims to it.

3 In the same Fasly 2 new persons applied for the land First one Teroomalien laid claim to the land on the alleged ground that the land had been mortgaged to his father Vencatramien for 40 Rupees. This matter having been reported upon by the Tahsildar an order was issued on the 9th October 1849 to the effect that the alleged right of mortgage has no connection with the disposal of the land for cultivation that if Teroomalien should apply for all the lands relinquished by the former Puttahdar he would be permitted to have them and that if he were not inclined to do this, the lands should be given to any other that might apply for them entire

4 Towards the close of the same Fasly one Kistnien applied for the land in dispute offering to pay the Teerwah that was remitted in Fasly 1258. As Fasly 1259 was then almost over

over, the land was made over to Kistnien in Fasly 1260 and he was made to pay the Teerwah of the land from the two Faslies it had been waste amounting altogether to Rupees 23-11-4.

5 The first Durkhastdar's father Vencataramien filed a suit in the Salem Moonsiffs Court against Kistnien and Gengy Reddy claiming the land in question on the strength of a mortgage Bond executed to him in 1846 by the Puttahdar of the land Gengy Reddy. The Moonsiffs disposed of the suit in 1852 in favor of the Plaintiff Vencataramien on the grounds, first that there was no water in the Tank in Fasly 1259 and that therefore Kistnien was under no obligation to pay the Cundayem and secondly that the conduct of Kistnien (1st Deft) in having offered to pay the Teerwah on the land in arrears and of the Puttahdar in having resigned the land favoured strongly of collusion Kistnien the 1st Defendant appealed against the Moonsiffs decree by appeal suit No. 25 of 1854, and the Subordinate Judge

O.S. 416 of 1853

Judge to whom the suit was referred confirmed the Moonsiffs decision..

6 In December 1855 the Defendant Kistnien presented a special appeal petition to the Court of Sudder Udalut, who rejected the application on the ground that the Mortgagees claim was of a prior date to Kistniens.

7 The 1st Deft. Kistnien has now presented to me a petition stating that though no fault of his he has been deprived of the land for which he paid two years rent in arrears and therefore requesting that the Government would aid him in getting his appeal admitted in the Sudr Udalut.

8 As this request cannot be complied with it only remains for the Government to satisfy Kistnien by refunding to him the sum he paid on account of the arrears which accrued in Fasleis 1258 and 1259 before he was placed in possession. As he has a just claim to this refund. I request that the Board will be good enough to obtain the sanction of Government permitting me to pay to Kistnien the sum in question Viz Rupees 23-11-4 I do not know why the Collector permitted the land to be given on such terms. The practise is not usual at the present time..

Salem Collectors Office

(Signed) W. A. Brett
Collector

No. 213

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

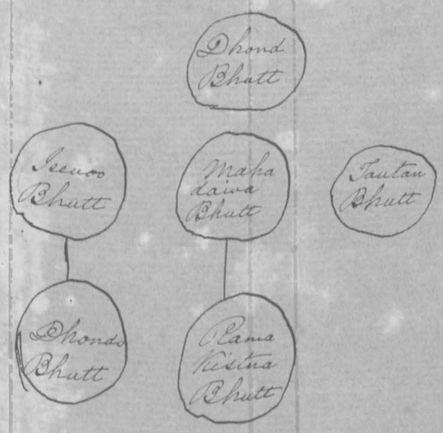
Bd No. 4684
From the Collector of Tanjore

Sir,

1 I have the honor to report on the enclosed Petition to Government from one Bhoojunga Row.-

2 This address adverts to 2/3ds of a Pungoo in Suruamaniem Village Annappenpetta Talooks Pauparassum, which is part of an Agraharum Grant by Rajah Amersing in A. D. 1789, registered in the Collectors exam Register of 1809 in the name of the original Grantee, and of which the ecctent value are given in Margin..

	₹	m	G.
Ecctent	1	1	50
Tarriff Teerwah	Rs 33	a 9	6
Deduct Canal fee	1	7	10
Difference	32	1	8



3 Dhondo Bhutt, it appears, was an original Grantee of one Pungoo which he divided equally between his three sons Seevoo Bhutt Mahadaiva Bhutt and Tauten Bhutt. The third of these having died without issue his share reverted to a nephew named Ramakistna Bhutt. Thus Dhondoo Bhutt another nephew-

nephew, retained his one share whilst Ramakistna Bhatt got two.

4 The latter two shares were sold to Petitioner by Ramakistna Bhatt for 900 Rupees a sale Bond on stamp't Paper dated 23d November 1848 is produced.

5 After purchasing the land Petitioner rented it to Chockalinga Pillay a Poracody cultivator and for three years seems to have received the Samyboguam.

6 Having proceeded to Mandras, Petitioner found on his return that the land had been usurped by one Alagherry Naick in collusion with Ramakistna Bhatt.

7 Alagherry Naick has been in possession for 5 or 6 years under a sale for Rupees 840 made to him, it would seem, by this Ramakistna Bhatt a deed in support of this purchase is also on Stamp't Paper and is dated 21st December 1852.

8 Some dishonesty apparently has

led to a double sale, but whether or not the interests of Government are unaffected, for the Enam, as before described, falls under the operation of the Board's Circular dated the 11th August 1853, and on this ground therefore I see no objection to a compliance with the Petitioner's request to be permitted to establish his alleged right by a suit in the Courts.

Tanjore Collector's Office Vellum 13th October 1858

No 218

To J. D. Sim Esqre Secretary to the Board of Revenue Fort St. George

Bd No 4082 From the Collector of Tanjore

Sir,

I have the honor to state that Shrotrium lands referred to in the enclosed address comprize a half Pangoo or 1-2-7/8 of land situated in the Village Poolparambay Talook Puttoocottah.

Govt No 670	a.	m. g.
Bd — 65	1	2 7/8
Nunjah 1-9-43 15/16		
Poonjah 1-12-63 15/16		
1-2-7/8		

2 They are held under a Grant by Rajah Pretapsing dated A. D. 1742 in favor of the Swaika Mahajen, and it appears from its terms, that it was so intended

intended to confirm a Grant by a previous Rajah of which the date, however cannot be traced.

3 The grant of 1742 was duly registered in the Collector's Office, but owing to the original Grantees not having been individualised, it cannot be ascertained whether the lands in question were in the possession of the family of the Original Grantee in July 1802.

4 These lands reverted to Petitioner's father Venkatchyen, now deceased under a will by his cousin Kistnien who died without issue and who had inherited them from his father Venkatay

Venka Yen

Ven. Pat. chym

Kist nyen

No issue

Ramat chren

Petitioner

5 Petitioner has been enjoying them hereditarily but owing to a portion that is 440 Poolies and 10 trees having as he alleges been usurped by Soobbaramien and Gopaulaswamyen, he seeks the permission of Government to sue these persons for the recovery of his land.

6 I see no objection to the required permission being granted.

No. 220

To J. D. Sim Esqre

Secretary to the

Board of Revenue

Fort St. George

Bd No. 4739

From the Collector of Tanjore

Sir,

The address to the Government now transmitted has reference to 10 10/4 of Sureamanieum land of the annual Taruff Teermah 19-5-2 value marginally shewn It is comprised in an ancient grant by Rajah Shahajee dated A. D 1787 It is supported by a Sicca Sunnud and appears on the Collectors Register as No 108 of 1808 in the name of Putnaghery Ditchit, a great great grand son of the original grantee of the same name.

Deduct Cauilfee	9-7
Difference	18-11-7

2 It was inherited by his son Vydenashastry who died without issue in 1850, a dispute as to the right of succession to the land then arose between Petitioner a descendant of

Sister Son

of the original grantee and a relative of the deceased in the fifth degree of descent and one Ramachendra Vasty a nephew of deceased

3 A complaint of trespass having been brought before the Magistracy, the then joint Magistrate, Mr. Goodwyn, confirmed the possession of Ramachendra Vasty and referred Petitioner to a Civil suit - The former now holds the land and it is to oust him that Petitioner seeks permission to bring an action at law.

4 The grant being of ancient date and the land having up to 1850 been in possession of a lenial male descendant of the original grantee, the maniem falls within scope of your Board's Circular dated 11th August 1853, added to which, Petitioner is himself a descendant of the grantee, I therefore see no objection to the Petitioner's proposed suit being instituted and would permit him to bring it.

No 226

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

Bd No 4863
From the Collector
of Tanjore

With reference to the last paragraph of an Extract from the Proceedings of the Board of Revenue dated the 15th of July last No 2633 I have the honor to state that excluding from notice the half ruined old native Fort at Cushah Puttoo: cottah the Forts of Trangubar and Tanjore are the only fortified Posts in this District in a state of repair calculated to render them of real use in case of necessity. Within the former is already located the Sudder Treasury of the Province whilst within six miles of the latter is situated the Taloor Treasury of Trivaur.

2 After bringing the Tanjore Fort and the surrounding tract under the operation of the Madras Code of laws it may be desirable to consider the propriety of removing the present Taloor Cutcherry from Trivaur to the Tanjore Fort and if I can satisfy myself of the necessity and advisability of the step whilst the litigation between Ramachee Royee Shail and the Government is still pending I shall hereafter lay the matter before your Board.

In

3 In regard to the other Treasuries in the District I would observe that as there are no defences to whose limits they can be transferred I have not placed myself in communication with the District Engineer If however in the prosecution of any comprehensive plan of the detail of which I am uninformed it should be deemed by the Board to be necessary to convert the present Taloor's Cutcherries into buildings themselves defensible I apprehend that fresh expenditure will be unavoidable and that separate plans must be newly framed. The measure in fact could finally be carried into execution only by additions of space to the compounds of the existing Cutcherries and by the purchase of surrounding lands and of some extent of premises now occupied as private residences and otherwise.

4 As at present instructed I do not gather that the Board contemplate a measure of this important character however desirable it may be But if I have mistaken their wishes it will be easy to request the District Engineer to give his professional consideration to the subject which is not one I fancy in which my assistance would be accepted.

From the Collector of Madura
x Herewith returned.

Sir

With reference to the Board's endorsement on Petition No 2205 of 1858, I have the honor to report that as the Petitioner was guilty of a gross act of oppression in getting up a false charge of resistance of process against certain ryots, I do not think him worthy of re-employment.

2 If the Board however feel inclined to sanction the measure I will give him a revenue belt when a vacancy occurs.

3 As regards his previous character it is not in his favor. Having

4 Having in 1852 apprehended a murderer he was appointed to Duffadar in the Camoothy Talook by the then Collector.

5 In 1854 the Police annexed repeatedly reported his insubordination and he was in that year, after a personal examination fined by the Head Assistant for assault and recommended for dismissal or reduction to a Peons situation.

6 He was in consequence reduced by Mr Parker and it was only thro' a private exchange with a Magistrates Peon that he became Duffadar once more.

No. 231

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

Bd No. 4847
From the Collector of Madura

In reply to the Board's Circular No. 3360, in which I am called upon to give a full report of the circumstances attending the fraudulent alteration of a Stamp Certificate (No. 115) I have the honor to state that the Superintendent of Stamps having brought to the notice of the then Acting Collector, Mr. Sullivan, the fraud which had been practiced by altering the real date of dismissal of the suit, in to 21 so as to bring the date within the prescribed limit, he tried five individuals (marginally named) for the forgery.

1st Andiappa Pillay Plaintiff
2 Seva Sobbamoneya Pillay D.o
3 Pattana Sooby Purchaser of C.
4 Payavien Goma Stak in M.
5 Petition Peon

2 The first was the Plaintiff in the suit on account of which duty was refunded, the 2d was his Vakeel to whom the Certificate was given the 3d is the person, who purchased it, and received the money from the Cash Keeper, the 4th and 5th (brothers) Go: mastahs attached to the Moonsiffs Court were said by the Plaintiff to have purchased

purchased of him the Certificate and by the 3d to have sold it to him.

3 This however they denied.

4 Mr Sullivan dismissed the charge there being no proof as to who of these five persons made the alteration.

5 As the 3d individual, Bashara Sahib made a trade of purchasing such Certificates it is probable he was the guilty party had the alteration been made by another person his practices eye would have detected it.

6 The practice then in force as regards the payment of such certificates, threw the responsibility upon the Stamp Agent.

7 He has since died, I do not therefore think responsibility can now be fixed on any Servant of this Office.

8 The alteration, it appears, was of a very trifling nature, and might easily have eluded observation; it not being then the custom to denote the dates by letters, as well by figures.

9 The System now in force, precludes the recurrence of such frauds. A Register is received from the Court of the Certificates granted, the dates of presentation is entered on them by the Collector and they are then subjected to the scrating of the Nail Shroistadar.

Fort Saint George.

Bd. No. 4462
From the Collector of Ganjam. 1

Sir,
Para 1 In reply to the Boards Proceedings of the 26th May 1857 enquiring what progress has been made in improving the sanitary Condition of Berhampore, I have the honor to enclose Copy of a letter from the Executive Engineer Company with whom I recently inspected the town Shewing the particulars of the improvements which it is intended to Carry out as soon as money is obtainable.

2 No Commencement has been made in improving the drainage of the principal street by raising the Roadway &c. but it will be necessary to open a new Commencement for this Street in the direction of the Sepoy lines in the manner described by Captain Philipps 4 Para

and

Fort St. George 29th October 1858.

and to widen the main street by the Removal of a small house for which Compensation will be given.

3 As Regards the new line for traffic to the North of the town which will be a public boon not only to its inhabitants but to all who have to pass through it. I am sorry to say things are at a stand still, but this Road might be made available for traffic in the dry season if the masonry tunnels were Completed and I think it very desirable that the money already laid out should be turned to account by farther expenditure necessary for this purpose 1105 Rupees would be sufficient to Complete these works and I hope the Board will see fit to Recommend this limited outlay for so desirable an object.

4 Several of the principal merchants and others have promised me that they will

Fort St. George 29th October 1858.

Case themselves to maintain four Scavenger Carts for Cleaning the Streets.

5 I have assured them that if they undertake to keep the streets clean as Regards Raising the Roadways so as to secure proper drainage. Berhampore is however the filthiest and least improvable station town I Know being situated in a basin surrounded by paddy land Cultivated under the drainages supplied by the high ground which environs the place on three sides. It Certainly was a lamentable selection for a Cantonment.

Ganjam District
Collector's Office
Chetterpore
24th September 1858

Signed J. S. Forbes
Collector

No. 190

To
Gordon Forbes Esqre
Collector of Ganjam.

Sir,

In Compliance with your Request

I

Fort St. George 29th October 1858.

I now beg to report what has been done and what Remains to be done with a view of opening out the town of Berhampore and Rendering its sanitary Condition more promising for the future.

The great objects in view have been 1st. To direct the heavy traffic to and from the port of Gopalpore, North and Goomsoor from the narrow Streets of the Town, where cholera is every year to be found in greater or less degree.

2d. To Secure if possible a Current of air through the Crowded town by opening up new streets at Right angles to the present ones, all Running east and west thus opening out broad thoroughfares from the open Country on the South to the new line of Road skirting the north suburb. The prevailing wind on this Coast is a southerly one, now wholly excluded from the centre of the town.

3d. To provide for the drainage of the Streets by

Fort St. George 29th October 1858

by Cutting side channels and Raising the Centre of the Roadway often a Cesspool Also to fill in numerous pits in different places where the whole filth of the town is shot at present where water lodges in the monsoon stagnates in the Cold, and evaporates in the hot weather disseminating disease especially fever and Cholera.

4 To open a short street from the Corner of the Barrack, or parade ground wall to the open space under the tank dividing the two portions of the Town designated "Bazoor" and Berhampore. This is rendered necessary by the extreme narrowness of the present Circuitous street leading past the Sepoys lines.

5th To establish Certain Rules to be binding on all with penalty for neglect of them for the disposal of town filth and Rubbish.

Of these important objects not one has yet been fully secured The first 1st the road outside the town for the Goomsoor and

Fort St. George 29th October 1858.

and Aska traffic was Commenced and stopped, just as the earthwork had been finished by the Restriction of Public work expenditure; for the same reason Estimates have not been submitted for the other works as Government has decided that the Department Public Works Establishments in Ganjam has fully 2 years work Ready in the shape of sanctioned Estimates to be Carried out when the Restriction is withdrawn and new estimates are not to be forwarded at present.

The principal street was however in such a very filthy state, that I applied to the Acting Collector for the sum of Rupees 400 out of the discretionary allowance with which sum I built 2 Culverts, drained re levelled and gravelled the Roadway and Removed a Cluster of huts and bazars which greatly obstructed the traffic in the Centre of the Town.

Fort St. George 29th October 1858.

A few pits were also filled up and a ride through this long street is not now the offensive thing it was 6 months ago.

I have lately obtained Rupees 200 more on the same account and the Raised Roadway under the Tank, formerly a bog of black soil will shortly be sufficiently Consolidated to bear a Coat of metalling.

A Culvert has also to be built with the this money and Compensation given for the house I pointed out to you when Removed.

I fear it is not in your power to do more at present for this town out of the discretionary allowance, but Considering the large interests and even human life at stake, I would beg most warmly to advocate an appeal to Govt. for permission to Complete the Road outside so as to enable the Carriers of grain and Sugar to reach the port of Gopalpore without entering the town in seasons of great sickness.

The Estimate for this Road amounted to

Fort St. George 29th October 1858.

to Rupees 5450 of which Rupees 754-5-11 has been already expended on earthwork; the Cost of the masonry works is estimated at Rupees 1105 and if I Could obtain this sum I Could Complete them and open the Communication in December leaving the metalling &c. to be finished hereafter.

I may here mention that a Panchayett was assembled to value the houses in the town that must be removed, and from the Report of the Head of Police it appeared to be that the Estimate greatly exceeded what was right and proper to be given for the destruction of the property in question

I doubt if Government would

Fort St. George 29th October 1858

would ever Sanction so large an expenditure.

Trujilly ..... } /Signed/ C. G. Phillips Captain

To

A. D. Sim Esqre
Secretary to the
Board of Revenue
Fort Saint George

Bde No. 4187
From the Collector of
Rajahmundry

Sir,

With reference to para 4
of the Extract from Minutes of Consul-
tation of the 7th August 1856 forwarded
with the Proceedings of the Board of
Revenue No. 2585 dated the 16th of the
same month I have the honor to Report
that the village of Bundapooram has
been measured by Chain Survey under
the immediate Superintendence of
the Head Surveyor of the Survey
Class under the Sub Collector. The plan
of the village is too large to send by
bangky. The Field Book was sub-
mitted with my Report on the pro-
gress of the Survey Class under date
the 18th December last. An abstract
statement shewing the extent of all
the lands in Bundapooram according
to the present and former survey is forwarded.

The following Statement
shews

2.

18098 Fort Saint George 29th October 1858

Shews the extent of Enams held by the Mokasadars

Fasslies	Land according to the permanent accounts.	Land according to the Survey	Increase
	Acres	acres	acres
According to Compass Survey in F 1264	128	460	332
" to Chain Survey in F 1266	128	438	310

3 It appears that 16 Poottiesor 128 acres of land were granted to their grandfather by Mireyala Venkatapathroydeen Zemindar of Havada in 1749. on account of his Relationship to the grantor. The only documents which the present holders can produce are a putta given to the original grantee and an order from the Zemindar to the villagers requiring them to assign the requisite lands to him and to furnish him with a Register of their extent. There no Reason to think that any part of what is now the Registered Enam became

18099 Fort St George 29th October 1858

so after the permanent settlement.

4 The following statement shews the Result of the Survey in Fuslies 1264 and 1266 the former by the prismatic compass and the latter by the Chain.

1 Fuslies	2 According to permanent accounts.	3 according to Survey.	4 Excess	5 Rate per cent of the Excess	6 Deduct Rate per cent according to the proportional increase on Government land in the village.	7 Remaining excess in Enams of the Mokasadars.	8 Deduct the half allowed to Poor according to Govt. & the proportional increase on Govt. lands is deducted from Col. 4.	9 Deduct rate per cent according to the proportional increase of other Enams in the village.	10 Remaining excess in the Enams of the Mokasadars.	11 Land that will come to revert to Govt. if the proportional increase on other Enams is deducted from Col. 4.
	acres	acres	acres				acres			acres
1264	128	460	332	239	139	120	154	83	176	225
1266	128	438	310	242	152	90	115	89	153	196

5 In all the cultivated lands of this Village there has been an increase since the permanent Settlement, the accounts of which are more than usually inaccurate. The proportional increase in the Government lands, as exhibited in Column 6 of the statement is 139 per cent according to the survey in 1264 and 152 per cent

Cent according to the Survey in 1266 that on Enam lands not held by the Mocasadars is in the former case 88 and in the latter 89 per cent /Col. 9/

6 The excess in the Enams under consideration was in the first instance 332 acres or 259 percent and in the other 310 acres or 242 percent some allowance ought perhaps in fairness to be made for the increase of these Enams on account of the increase generally throughout the Village. If we take the proportional Rate of increase in the Government lands as the standard, the amount to be Resumed from the Enams of the Mocasadars will be 115 acres /Col. 9/ according to the last Survey which may be considered the most accurate. The Mocasadars Cannot however claim to hold a greater excess than has been found in other Enams in the village. Taking this as the standard the extent to be Resumed will then be 196 acres /Col. 11/ under

7 Under instructions contained in the Minutes of Consultation of the 7th August 1856 I have Resumed the above extent of 196 acres in informing the Mocasadars that it depends entirely upon the view Government may be pleased to take whether the extent which they still have in excess of the actual Registered extent will be Continued in their possession and on this point I beg to Request instructions for my guidance.

8 In the absence of any accounts to shew the extent and position of each field it has been found impossible to ascertain to what extent the Mocasadars may have taken Govt. land in lieu of their own deteriorated Enams, but in Resuming the excess instructions have been given to take a portion of the good as well as the bad lands in their possession.

9 I must express my Regret at the delay which has taken place in submitting this Report. The locality of the village & the great extent of jungle land rendered the correct Survey of the Villages a work of considerable labour and time and was partly the cause of the delay.—

Rajahmundry District Coll.rs Office
Cocanada 7th September 1858

/Signed/ J. A. Purvis
Collector

Rajahmundry

Sir

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue of the 19th January last forwarding Extract from the Minutes of Consultation of the 16th of the same month on the subject of the proposed Steam Ferry at Rajahmundry.

2. No time was last in informing the representatives of the Navigation Company of the views of Government and calling on them to state within a month from the date of the receipt of

of the letter whether they were willing now to accept the original offer and if so to fix a period within which they would be prepared to Commence operations.

3. This application was however attended with no better result than those previously made. It seems quite clear that the Company are not in a position and are not likely to place themselves in a position to undertake the Contract.

4. I then applied to the District Engineer for his opinion as to the fitness of the steamer referred to in the 9th Para of the Minutes of Consultation under reference and in my letter of the 9th March last for the ferry her value and the probable Monthly cost

cost of working her.

5. In his reply Captain Rundall gave it as his opinion that the Steamer was well adapted for a Government ferry - She is rectoned. he informed me, to be about 60 Horse power, and to be capable of working at 7 Miles an hour calculates the expences at about Rupees 864 per mensem as shewn in the Margin. It would of course be absolutely necessary to keep an European in command of the steamer both to take care of the Boat itself and for the collection of the Tolls. The cost of Establishment and working the Vessel would thus be say 30 Rupees per day but to this must be added interest on Capital and repairs which may

hour. calculates the expences at about Rupees 864 per mensem as shewn in the Margin. It would of course be absolutely necessary to keep an European in command of the steamer both to take care of the Boat itself and for the collection of the Tolls. The cost of Establishment and working the Vessel would thus be say 30 Rupees per day but to this must be added interest on Capital, and repairs which may

For St. George 29th October 1858.

may fairly be estimated at 10 Rupees more making the whole 40 Rupees per day.

6 I then applied to Mr. Faulkner who I understand was authorized to act for the Owners of the Vessel Messrs. George Forrester and Company. In his reply he informed me that he was so authorized - That the Cost of the steamer before landing at Cocanada was £3543 or about Rupees 35,430 and that he believed 2500 Rupees had since been spent in landing and putting her together. He offered her at the former amount subject to such additional expences as might be found to have been legitimately incurred in landing

For St. George 29th October 1858.

landing and putting her together

7. On receipt of this Communication, I again applied to the District Engineer to know whether he thought the Vessel worth the price asked for her. He was not at the time able to answer any letter satisfactorily as he was not in possession of sufficient information Regarding the Vessel. He subsequently informed me that since the receipt of my letter the Vessel had been at work once or twice and that Mr. Macrieff the Civil Engineer in charge of the Government workshops at Dowlaiswaram pronounces her to be a satisfactory boat as far as her machinery is concerned with the exception of

Fort St. George 29th October 1858.

of one or two trifling alterations the expence of which he under: stands would be borne by the owners.

8 In Reference to her adaptability for a ferry the District Engineer is of opinion that she would be well suited to the work and Could be made more than so by supporting with Reference to the Extent of traffic. As Regards price he considers 5,000 Rupees to be for value put on board at Liverpool Freight and Charges of putting together in this Country together with Cabin Fittings would be Extra.

9 I had an account taken of the number of Carts animals and passengers of all kinds Crossing the River during 8 days and the end of February and the beginning of March

Fort St. George 29th October 1858

The daily average taken the eight days is given in the margin also the Amount which would be Realized at Certain given Rates which are in fact those generally adopted by the Navigation Company and private individuals. It will be seen that with a similar Extent of traffic and at similar rates the Receipts would average about 24 Rs per diem. This however at the lowest rate, and an on average taken when foot passengers and palanquins were able to pass over the Anicut a few miles lower down the river but during the season of the freshes the Rates may with Justice be Considerably increased. The usual Rate for transport of a Cart across the Kistnaat Bezwarah is if I mistake not

			Rs a. p.
Foot passengers	445	at 3 pie each	6-15-3
Animals	73	at 1 Anna each	4-9-0
Conveyances Carts &c.	17	at 8 Annas each	8-8-0
Loads (Cavady)	54	at 1 Anna each	3-6-0
			23-6-3

12

Fort St. George 29th October 1858.

12 Annas for a very much shorter distances. It is also to be borne in mind that troops and all Govern- ment stores will be crossed without additional Expence. The rates Government has agreed to pay the Navigation Company for Troops if their plans had been Carried out are shown in the Margin I have no doubt the Extent of ordinary traffic will con- siderably increase when the ease and Certainty as to time with which the passage will be made became manifest.

10 For the above Reasons I trust the Board will see fit to support my pro- posal for the purchase of the Vessel referred to and the Establishment of the Steam ferry at Rajahmundry.

For Regt of Native or European Infantry with stores public Baggage and followers ..... Rs 125

From the Collector of Masulipatam .....

Companys Rs 340-12-10
Hydrabad Rs 182- - -

Under the orders contained in Extract Proceedings dated 8th September 1858 No. 3095. I have the honor to report that Sum of Rupees 522-12-3 was found on the persons of the prisioners who were sent up on a charge of having taken a part in the plunder of Inggiapelli. It is quite impossible to say to whom these Rupees belong, but it is clear that as Government lost only 20 Hydrabad Rupees the 162 could not all belong to Government while many of the Merchants lost Company Rupees and their claim to those found would be as good as that of Government under these circumstances I beg leave to suggest that the money be laid out on a well one is much wanted and will be a benefit to the inhabitants to the public in the shape of passengers and

to

to Government itself in the persons of the Europeans and native soldiery passing to and from Hydrabad & Masulipatam.

From the Collector of Salem

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated the 23.d Ultimo N.o 3589 observing that the Board find from the statement of Extra tentage drawn by me during the month of May last, that I drew extra tentage at Oossoor for the week occupied by the Settlement of that talook, and requesting me to explain the circumstance as Oossoor is the Collectors usual residence.

2. I beg to explain that it has been the usual practice for the Collectors in this District to draw extra tentage at Oossoor for the time occupied in making the Settlement of the

talook, On these occasions I am obliged to pitch my tents for the curnums and others who attend the Settlement, as the Office accommodation is not sufficient at such times I may also add that the Office itself is not Government property.

Connected in Boards C. O. dated 28.a Aug.t 1856
C. O. Book 1856 page 79

3. Rule IX of the Revised Rules dis allowing extra tentage to Officers while employ at the Head Station or ordinary place of Residence, is observed with regard to Salem while I am employed at that place as the cutcherry at Salem affords sufficient accommodation for every one.
