Read also the following Papers

No. 54

B. No. 1462
From the Collector of Vizagapatam

To

J. D. Sim Esquire
Secretary to the
Board of Revenue
Fort St. George

Sir

Para 1 I have the honor to acknowledge the receipt of the Extract Boards Proceedings dated 25th. November 1856 giving covering Extract Minutes of Consultation dated 6th. September last calling for further information as regards the retention of those Bungalows where the number of Travellers halting did not exceed

in

in 1855. twenty four.

2 There are at present 13 Travellers Bungalows in this District 11 are situated on the High Northern Road towards Calcutta and two on the Coast.

3 The Statement annexed shows the number of Travellers who halted at these places in 1855.

No.	Name of Bungalows	Number of Travellers in 1855
1	Nuckapilly	13 x
2	Yellamanchelly	76
3	Cajeneattah	61
4	Soobavarum	10 x
5	Cottavulsah	4 x
6	Bheemasingby	6 x
7	Vizeanagrum	13 x
8	Conadah	28
9	Colapaulem	23
10	Coopily	29
11	Vizagapatam	3 x
12	Chittivulsah	30
13	Wataduh	20 x

Of

4 Of these the Bungalows at Nuckapilly, Soobavarum, Cottavulsah Bheemasingby Vizeanagrum, Vizagapatam and Wataduh shew the least number, the average of the whole however is 24.

5 This return however is not to be taken as a bonafide Statement of Travellers, as it is known that many Gentlemen who halt at these places do not insert their names in the Bungalow book, from which this Statement is principally compiled

6 Besides, the number often fluctuated, as for instance in the case of Vizagapatam & Chittivulsah. In 1855 the number of Travellers as above shewn is only 3 and 30 respectively. In 1856 it is reported to be 44 at Vizagapatam and 33 at Chittivulsah. Again Wataduh in 1855 shewed 20 Travellers and in

1856

1856 shews only 3.—

7 On the whole, it must be admitted that the Bungalows are all useful. Watadah was at one time thought unnecessary, but for reasons already stated by my predecessor Mr. Robertson and myself in the correspondence marginally noted, I trust the Government will sanction the continuance of these buildings.—

To D. P. Wanks 29th January 1858
To Civil Engr. 22d April 56.—

8 It might be matter for consideration whether Bungalows are absolutely wanted at each stage of a well constructed Road, or only at intervals of 30 miles or more when they are at first constructed. But now that they are built, and when if sold they would go for a mere song it seems undesirable to abandon them.—

Vizagapatam Collectors Office 17th April 1857

/Signed/ P. B. Smollett

B. No. 817
From the Collector
of Nellore ---

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 25th. November last No. 3946 relative to Travellers Bungalows, I have the honor to annex a Return shewing the number of bonâ fide travellers actually halting in 1856 in all cases wherein the number of such travellers or families did not exceed 24 in the course of the year, as entered in the Books kept for the purpose ---

Names of Bungalows	No. of travellers halting in the Bungalow during 1855 as entered in the Books
Goodoor	18
Vencala Chellums Chaulby	19
Addunky	23

2 As the 2 first of these Bungalows are on the Northern Trunk Road leading from Madras to Masulipatam, the Northern Circars and Calcutta, as well as to the large cantonment of Secundrabad, and the 3d. Addunky is on this latter road which branches off from the former at Ongole, both which routes are very much frequented by travellers, it is not to be supposed that no more persons entitled to use the Bungalows halted at these, but it is to be concluded that they do not enter their names.

3 The necessity for keeping up the

18939 Fort St. George 22d. November 1858

these Bungalows on the above grounds seem obvious and indubetable.—

4 The distances of the stages on each side of them are given in the Margin.—

	Miles	Furlongs
Vogely to Goodoor	11	1
Goodoor to Venkatachellums Chuttrum	11	—
Venkatachellums Chuttrum to Nellore	8	4½
Nellore to Pellumpully	12	4½
Addum Ky		
Addum Ky to Cummalpaud in Guntoor	15	4½

5 There is a Bungalow in this District at Eeskapully, intended I understand for the accomodation of the Captains of Vessels coming there for salt, which is but little used as however no Separate Establishment is Kept up for it, and it is of great use for securing a Treasure when brought for Shipment to that Pt. the Village being some distance off and the place much exposed, I recommend that it should be Kept up. There is a building attached to it for the accommodation of the escort.—

6 Not being a regular travellers Bungalow no returns have been Kept of the number of persons who actually halted there in the year 1858: they were probably however very few.—

7 A Revenue peon looks after the Bungalow.—

Sir,

B. No. 3932
From the Sub Collector
in charge at Cuddapah

1 With reference to your Official Memorandum dated the 11th. Instant, I have the honor to forward, as required in Para 2 of the Extract from the Minutes of Consultation dated the 6th. September 1858 No. 951, a list of the number of bonâfide travellers who actually halted in the Bungalows in this District in the year 1855, and to state for the information of the Board, that I consider that the Bungalows from Cuddapah to Tallaproddatoor, both inclusive, should be kept up until the North West line of Railway is completed to Bellary. The Bungalows at Poyachaty and Goorrumcondah on the roads from Cuddapah to Chittoor and Bungalore are also much used by travellers, the former especially

Fort St. George 22d. November 1858

especially and should both be retained. The bungalows of Wontimitta, Nundalore, Poollumpett, Codoor, and Balapully, have been already recommended by the Collector in his letter of the 7th. June 1858 No. 54 to be sold to the Railway Engineers now employed in that part of the district, who are anxious to purchase them.

2 I take this opportunity of bringing to the notice of the Board that a Travellers' Bungalow is urgently required at Peelair, half way between Poyachaty and Chittoor. Should the proposal of the Railway Engineers to purchase the above named five Bungalows be accepted perhaps the Government might be disposed to devote a part of the money so realized to this object.

No. 10

To

B. No. 542

From the Collector of Salem

G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue dated the 26th November 1856 No. 3945 forwarding Extract Minutes of Consultation dated 6th September 1856 No. 951, and requesting me to submit a return of the number of bonafide travellers who actually halted in 1855, in all cases wherein the number of such travellers or families did not exceed 24 in the course of the year, and to state my opinion in every such case as to whether the bungalow ought to be Repd up

up or not, with my reasons; I have the honor to forward a statement showing the number of bungalows in this District in which not more than 24 travellers halted in 1855, and the reasons in each case why I think it proper that the bungalow should be retained. —

The bungalows entered in this Statement are eight in number Vizt. Is Kuttoor and Muttoor on trunk Road No. 5 leading from Madras to Coimbatore; Natumbully on trunk Road No. 1 leading from Vaniembody to Banigalore; Tullavasul, Wallapawdy and Careepatty on the high road leading from Cuddalore to Salem Insullore and Nameel on the high road leading from Bungalore to Trichinopoly. —

All

3 All the roads referred to above are important lines of communication. It happens that one or two bungalows on each line were used by a fewer number of people in 1855 than other bungalows on the same line, but I view this as an accidental circumstance I do not think that any bungalow on the chief lines of communication can be given up without public inconvenience until it shall appear that travellers no longer proceed as formerly by short stages People do not travel so much in this way particularly the higher classes as they used to do; but as yet it is by no means wholly discontinued. The number of travellers belonging to the lower classes

classes as Railway Subordinates and settlers on the Hills has been increasing for some time, and by most of these persons travelling is confined to short marches four bungalow to bungalow.

4 On trunk road No. 6 there are 9 bungalows between Vaneembandy and Shenkerry droog (106 miles) As this line is nearly parallel with the intended Railway it may be possible to give up most of the bungalows on it as soon as the Railway is open, but, until this new mode of travelling has been introduced, the public would, I think regret to see any of the present

flatteing

halting places on trunk road
N.S. abandoned.—

5. Within the last few years, two bungalows, viz.t Pallee Salem and Condamanaikker Patty, the one on the old road from Shevaroy Kerry droog to Coimba tore thro Errode, and the other at the foot of the Shervaroy Hills have been given up. A partial reduction has also been made in the Establishments attached to the other Bungalows by removing one of the two Sipoys who were formerly attached to each. The correspondence referring to these bungalows is stated in the

Remarks

The Triangulations on this line are each about 12 miles apart

As long as Triangulations are kept up at this distance as a check on which it is situated is of great importance to the Coasting - it is known as a Primary Triangulation Station and is frequently visited by topographic parties for secondary triangulation. It may be found necessary to establish secondary stations on the same line.

No 147

To J. D. Sim Esqre

Secretary to the

Board of Revenue

Fort St George

B.C. No 4660 Sir,

From the Collector of Salem - - - } I have the honor to acknow-

Giving the Collectors opinion on the general question of allowing private companies to undertake works of irrigation and navigation

-ledge the receipt of an Extract from the Proceedings of the Board of Revenue dated the 12th November 1857 No 3913, forwarding Extract Minutes of Consultation dated the 31st October 1857 No 1113 referring to a Despatch from the Honorable the Court of Directors No 8 of 1857, and requesting the opinions of Collectors on the general question of allowing private Companys to undertake works of irrigation and Navigation.

2 The Honorable Court pres-cribe in Para 8 of their despatch that the profits of the water companies are to have no connection

connection whatever with the land assessment and are to be realized simply by the sale of water to those requiring it.-

3 There is no reason, so far as this part of the Country is concerned, why private Company's should not be allowed to undertake works of irrigation. With regard to the present union of the land tax and water charge there is no need to continue that system in the case of new works - It is easy to keep the water charge separate from the land assessment, tho' it would, I think be better for the Government to collect the entire charge, including both items than to let the company interfere on that point.-

4 If private companies were allowed to interfere directly with the holders of land, there would be many difficulties to overcome, but it is not at all necessary that the

the private Company should exercise any power of this description - So far as their interests are concerned, the Government should be looked upon as the land lord. The private Company would stand in place of Government as the proprietor of the works. The Government might undertake to see them used. No doubt can be entertained that the land would be cultivated.-

5- There are two ways in which the Government might guarantee a certain return on the capital employed. They might select themselves the places where the works were to be erected - In that case, to protect the Company against the loss they might incur if the works were erected at ill chosen places, the Government might guarantee a certain rate of interest on the Capital. In the other case, the private company might be left to search

out

out the proper sites thro their own agents, in which case the Government might merely guarantee the Company from any loss arising thro' the default of persons undertaking to use the water but failing to do so. For instance tho' the position of a work might be well chosen and there might be plenty of land, yet the land owners might fail to cultivate the ground. Under such circumstances the Government, if the irrigation work belonged to them, would according to the custom of the country, compel the land owner to pay the assessment. On the same principle, the Company would have their remedy from the Government.

6 At the present time there is room in every District for new works of Irrigation, but the Government are unable to

to carry them out. There are also many old works which might be repaired with profit. It would be of the greatest service to the country if private companies could now step in, and supply the capital which is so much required.

The Government in collecting the water charge would use the same agency as they employ in collecting the land assessment for both charges must be collected from the same party. The Government could not therefore be put to any great charges on that account, nor, of course, would the private company object to defray such charges.

8 I have already reported on the point referred to in Para 4 of the Board's Proceedings. I beg to refer the Board to

Fort St. George 22d November 1858

to my letter dated the 13th May

R
B. No. 5293
From the Asst. Collr.
of Tanjore - -

To
J. D. Sim Esquire
Secretary to the
Board of Revenue
Fort St. George

Sir

1 I have the honor to
receive an Extract proceedings of the
Board dated the 26th Ultimo No. 3945
together with a copy of extract Minutes
Consultation dated the 8th March 1856.

2 In reply I beg to state that
the Travellers book kept in the Bungalow
at Bardacherry shews that 20 European
travellers unconnected with the Collectors
or

Fort St. George 22d. November 1858

or Engineer Department had halted
in it during the year 1855. whereas most
of the Bungalows at the other stations
seem to have been used by a number
not exceeding 38.-

3 As regards the distance
between Tanjore and Bardacherry it has
been already stated by Mr. Forbes in
his letter to Board dated the 30th March
1855. that it was 25 Miles so that I am
at a loss to understand what further ex-
planation is now required on the matter
I however beg to add that the distance
above referred to, is too long for a suit-
able march and great inconvenience
will be experienced by Travellers if ac-
commodation be not provided at a mi-
diattah the necessity for the same
is I think fully apparent from the
large number of travellers that had
recourse to the next Bungalow at Car
dacherry in 1855. This is one of the chief
lines in this District leading from
Trichinopoly to Negapatam Calimere
Point and all other places to the east
and South - it is not less frequented
by

18959 Fort St. George 22d. November 1858

by Europeans than the other roads in the District where Bungalows are provided every 13 or 14 Miles.—

No 1

Extract from a Letter from the Secretary Board of Revenue in the Department of Public Works to the Chief Secretary to Government under date the 13th. October 1858 No. 939.—

Trichinopoly

The Nungavarum Bungalow, which had been for some time much dilapidated was quite ruined by the storm of March last, and the Board have directed the serviceable Materials to be removed, if necessary. This Bungalow would be now of no use even if it were in good order, as it is a long way from the new road from Trichinopoly to Coimbatore. The Board however are not prepared at present to recommend the construction of new Bungalows in lieu of this and the one at Poodrapallier. The latter may probably be connected with the new Road by a road across the fields but any proposations that may be necessary on the subject of these bungalows will be

From Secretary Board of Revenue D.P.W.

Submitting report upon the Condition of Travellers Bungalows in the Provinces for the past year in the form prescribed in the order of Government dated 8th October 1852

(Here Enter 16th October 854 No. 839)

The Right Honorable the Governor in Council observes that there are still some Bungalows in

Fort St. George 22d. November 1858

in some Districts so little frequented that the propriety of retaining them is open to question - He approves however generally of the arrangements proposed by the Board of Revenue Department of Public Works in their letter dated 13th October 1853.

2 With regard to the retention of Bungalows now apparently of little use and to the Construction of others the Government must in a great measure be guided by the judgment of the different Collectors - it is of Course desirable that the state should not incur needless expense in this respect and while the Right Honorable the Governor in Council expresses his wish to deal with the subject in a liberal spirit he relies on the discretion of the Collectors and the supervision of the Board to prevent useless expenditure.

Encl. No. 2
No. 63

To The Secretary to the
Board of Revenue
Department Public Works
Fort St. George

Sir,

As directed by order No. 261 dated the 22d. ultimo, I do myself the honor of submitting my opinion of the Bungalows that may be dispensed with in this District —

2 The Bungalow at Cottalore on the old line of road from Madras to Trichinopoly is now rendered almost useless by the Trunk Road passing some two or three miles to the West of it. In fact it is quite cut off the line, and the only bungalows that are of service to travellers on this road now are Volconda pooram — Pooramungalum and Samiaverum —

3 For the same reason the bungalow at Soroo: gamboor on the old Salem Road is rendered unavailable to travellers by the new line along the North bank of the Cavery river passing nearly a mile and a half to the South of it and thus effectually taking off travellers who must go on to Mooseery

4 I beg to recommend that both the Rest houses be discontinued and sold — Though they are not likely to fetch much being of the old tiled Roof description —

To,

The Chief Engineer

Department of P. works

Sir,

Fort St. George

As directed by Extract from the Proceedings of the Chief Engineer in the Department of Public works No. 3277 of the 4th Instant I do myself the honor to furnish three Estimates for the several Bungalows required.

2. I observe by my records that an Estimate for the Bungalows on the new Road to Caroor was framed by the late Civil Engineer 6th Division in October 1853, and sent to me for Counter Signature It was so signed and returned to that officer by me on the 27th October 1853 with letter; copy of which I beg herewith to submit to you with the Office copy of the Estimate on my records.

Paras 18. Before Sanctioning these bungalows, the Government wish to have some information now wholly wanting, as to the number of travellers entitled to bungalow accommodation using these lines of road The number of such travellers who halted at the bungalow on each side Station, where these are proposed to be built; in the year 1855 should be stated It should also be explained what has been or will be done with the now useless bungalows on the old lines.

No 74

To

Lieut. Colonel C. E. Stokes

Chief Engineer

Department P. Works

Fort St. George

Sir

Para 1 I do myself the honor to submit the information called for in para 18 of Extract Minutes of Consultation No 355 of date the 8th Ultimo.

2. My report (Tabular) on the Travellers bungalows of the District submitted to you the 26th February last, would afford all the particulars here required.

3. With reference to the Poondalore Station on the Trunk Road. No 8 to Madras, it is mid way between Samiaveram and Soramungalum where there are Public bungalows A Traveller proceeding from Trichinopoly to Madras, after leaving Sameaveram

Fort St. George 22d November 1858

Sammiaveram must make a march of 22 Miles to Soramungalum to reach a rest house. There being no accomodation at Poondalore and Oatatore as explained in my letter No 83 of the 26th April 1855 is off the line some two or three miles and quite inaccessible.

The number of Travellers in the year 1855 who halted at Sammiaveram were 35. at Soramungalum 33. And at Oatatore only 5.

4. The Bungalow on the new Salem road is required for the same reason. The line of road having cut off all access to Serjamboor, a traveller coming to Trichinopoly from Bangalore and Salem after leaving Moosery must make a march of 25. Miles to reach his journeys land.

The number of travellers in last year halting at Moosery were 16 and at Serjamboor only 3.

This bungalow was also mentioned in my letter No 83 of the 26th April 1855 and I recommended that both Oatatore and Serjamboor

Fort St. George 22d November 1858

for jamboos should be sold.

5. With reference to the two Bungalows on the Coimbatore road I can only repeat there are much needed, as the main line takes a traveller completely away from Doodoopollium and Nunjanarayanpoorum coming from the Hills or Coimbatore to Trichinopoly. The last rest house is Manawassy distant from Trichinopoly Cantonment 39 Miles.

Fortyone persons halted at this place during 1855 Twelve at Doodoopollium and Nine at Nunjanarayanpoorum.

These last parties by the want of intermediate accomodation were compelled to travel over a road that has been abandoned for years and whose state can better be imagined than described.

By the orders noted in the Margin the old buildings are to be pulled down and their materials made use of for the new ones when Sanctioned

No. 1176.

Extract from the Minutes of Consultation under date the 15th July 1856.

Read the following letter from the Chief Engineer—

Submits with reference to para 18 C. M. C. 8th March 1855 No. 355. relative to the number of Travellers likely to occupy the Bungalows proposed for Construction in the Estimate a letter from the Collector of Trichinopoly furnishing explanation on the points adverted to by Government with observations thereon.

Here enter 7th May 1856 No. 3535.

In this letter the Chief Engineer supplies the Information called for by Government† regarding the number of Travellers entitled to Bungalow accommodation using roads in the Trichinopoly District on which it was proposed in his reports O. O. O. P. P. P. of the 14th January to build new Bungalows.

† C. M. C. March 8th 1856. No. 355. Para 18.

The

Fort St. George 22d. November 1858.

2. The proposed Bungalows are four in Number and they are rendered necessary, it is stated by Changes in the direction of the roads on which they are respectively Situated, by which Changes existing Bungalows are left remote and inaccessible. One of the Number is on the direct road from Madras to Trichinopoly two are on the road from Trichinopoly to Coimbatore and one on that from Trichinopoly to Salem. As respects the old Bungalows the Collector recommends — that those at Ootatoor on the old road from Trichinopoly to Madras and at Sirogamboor that from Trichinopoly to Salem should be sold and that the materials of the two Bungalows on the old road to Coimbatore should be used for the new buildings.

3. The Number of Travellers halting at the next nearest Stations to the first mentioned of the Bungalows above enumerated in 1855 were 33 and 35 respectively

Fort St. George 22d. November 1858.

respectively. The number at the Bungalow nearest to the proposed two new Bungalows on the Coimbatore road was 41 At the next bungalow on the Salem road to the proposed new one the number was only 16 or a little more than one a month. These numbers do not go to shew that the proposed Bungalows are very unjustly required especially in the last mentioned case but as there are Bungalows already at the other Stations along the roads and only these few buildings are required to make the lines Complete in receipt to accommodation for European Travellers the Government approve of their erection and direct that the Estimates submitted on the 11th January shall be entered in Budget list No. 2 for 1859-58 after deducting in the case of the two Bungalows at Nungaveram and Poodoosolliem on the Coimbatore road

pond the probable value of the materials of the Old buildings. The sale of the two Bungalows at Cotalore and Sivgamboor is approved.

4. It is observed that the estimates for three of the Bungalows viz those on the roads to Salem and to Coimbatore contain a sum of 232 Rupees for the value of land &c. In General it is possible to obtain a site for a Travellers Bungalow without the necessity of Purchasing land and the Chief Engineer is requested to explain the circumstances under which that is not practicable in the present instance. It should be explained also on what information the price of the land was fixed at precisely the same sum in the case of each of these three Bungalows. This explanation should be submitted before the Budget comes before Government.

5. The Governor in Council resolves.

resolves also to point out to the Chief Engineer that the estimate for these Bungalows laid before Government gives no information as to the places where the Buildings are to be erected. In every case the heading should be properly filled up. and if the same estimate is to be applicable to more places than one the particulars of the other places should be given in a note at the foot of the estimate.

To,
Lieut. Colonel C. E. Faber
Chief Engineer
Depart. P. Works.
Fort St. George.

Sir,

Para 1. As directed by your resolution No. 5035 of date the 19th. Instant, I have the honor to furnish the information called for by Extract Minutes of Consultation dated the 15th. July 1850 No. 1178.—

2. It is not in power to shew either the reason for entering a sum of 252 Rupees for the value of land or the data on which the price was fixed in the Estimates for the three Bungalows proposed on the Salem and Coimbatore roads such entries were not made in my Office and must have originated with the Civil Engineer 5th. Division.—

3. For three out of the four bungalows, namely at Pandalore on the Trunk Road to Madras At Parogamaney and Lallapet on the Coimbatore

18983 Fort St. George 22d. November 1858.

Coimbatore road no difficulty will be experienced in fixing on a site or in obtaining ground without purchase.

4. The only place where there will be a difficulty is at Vayalaliaygoodaloor on the Salem line And here there will be I think a necessity for purchasing land as well as considerable trouble to find a proper site. Owing to the whole Country being under Paddy field Cultivation and the Upper Annicut Works on the Cavery river as well as the river banks and defences making the choice of site difficult.

5. The late Civil Engineer D. Division purposed selecting a spot for the proposed bungalow but I never heard the result For myself I am at a loss to suggest a suitable place.

Sir

From the Collr. of Coimbatore

I have the honor to acknowledge the receipt of Extract from the Board's Proceedings dated 25th Ultimo conveying Extract from Minutes of Consultation No. 951 and in reply beg to forward a Statement shewing the Roads on which the proposed places for Travellers Bungalows are situated together with their

Bd No. 58
Dd 6th Sept. 1858.

18986 Fort St. George 22nd November 1858

their distances respectively, and probable number of Travellers entitled to use the Building with reference to the accounts kept in other Bungalows on the same line.

Road No. 1 From 2 On this line

Coimbatore to Dindigul there are no Bungas:

and Madura Via

Pollachy and Aravacoorchy

Coimbatore

and Aravacoorchy to Dindigul

there are two between

Coimbatore

and Aravacoorchy a distance of 40 Miles - the Communication is greatly improved since the sanction of Government for its Repair as far as Amravaty River likely to increase the traffic on it.

Another

another direct line from Paul-
-ghaut to Dindigul
Road No 2 from Paulghaut to Dindigul via Pollachy & Coolcotah. via Pollachy has
been made - The
same line in the limits of
Madura is also under im-
-provement These Roads will
therefore be so much more fre-
-quented in future by Travellers &
renders the Construction of
Bungalows at Pullachy and
Canatacadanoo absolutely necessary
Road No 2 from Coimbatore to Mysore via Hassanoor 3 From the improvement
of this line by the Con-
-struction of a Bridge
over the Bowany River near
Sattimungalum

Sattimungalum and similar
ones on the Road to Hassanoor
added to a Public Bungalow
on the top of the Hassanoor
Ghaut lately completed, the
line is more important than
before and a Bungalow at
Poolicumputty on that Road
is much needed -

Road No 4 from Coimbatore to Palladom 4 There is no
Bungalow between Coim-
-batore and Palladom
a distance of 22 Miles
the great travelling on that
line, and repair to the Road renders
a Bungalow at Sooloor, as already
suggested most needful 22 Miles being
too long a distance for any March -

Acting Collector of Coimbatore

Sir,

I have the honor to request that you will submit for the orders of the Board of Revenue the following case.

Kishna Row Head Gomastah of Bhara poorum Talook and Acting Sheristadar of Oodamulcotah from the month of October 1857 to the month of March 1858 was while filling the latter Office sent to Azmaish the village of Boodimuttum in the said Talook in the month of March Fusly 1267 In collusion with the Monigars and cummums of the village he reported Shavy to the extent of

Rs As P
2571 — 4 — 9

Two of the monegars having quarrelled with their fellows gave information that the Azmaish had not been fairly conducted and a careful investigation shows that the actual amount of Shavy did not exceed

Rupees 1589 — 6 — 0

leaving a balance of Rs 981 — 14 — 9 which had been fraudulently entered in the public accounts by the village Officers in collusion with Kistna Row who had been sent to Azmaish the crops. The case is as clear as possible. In many instances ryots who received remission

Fort St. George 22d November 1858

on account of Shavy admitting before the tahsildar and myself that they had reaped the produce and doubtless all the public Servants concerned in this fraud upon Government are liable to the penalties prescribed by Regulation IX of 1822 but I am time to recommend that in this case such penalties be not enforced Kishna Row, (who as a responsible Talook Officer sent on purpose to prevent fraud is of course far more to blame than the village Officials) is I know very meagre to believe in extremely indigent circumstances and were a fine commensurate with his Offence imposed I do not think he would be able to raise the money. Under these Circumstances and taking into consideration his previous good character his long service (upwards of thirty years) and the forfeiture of his pension I request that you will obtain for me the Board's permission to accept his tendered resignation and there to let the matter drop.

2. In the event of this recommendation being attended to, it will of course be impossible to punish the village Servants beyond dismissing them from their Office.—

3. The amount of remission granted for Shavy at the last Settlement owing to this fraudulent entry will be recovered from the ryots and carried to the account of Sevay Summa for the present Fusly.

From the Collector of Masulipatam, Para 1.

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings 20. Ultimo No. 3563 communicating the Honorable Courts Despatch and the orders of the Madras Government thereon on the subject of Devastanum endowments. The Village alluded to in the Honorable Courts letter as belonging to this District is Alloor which was at the time the subject was first discussed in the hands of the Collector. One half of it was made over to a Claimant Dansoo Gungarauze in 1857 as already reported to the Board in the letter of the 16th. December of that year. The other half also has been since made over to another Claimant under the orders noted in the Margin so that at this date the public officers of this District have no connection with the management of Pagodas or their lands.—

B. No. 4858.

From the Collector of Bellary, No. 3710.

Sir,

In a letter dated 4th October 1858. the Board request to be informed in what manner I am providing for a Road Fund in this District in South Arcot, it is observed by the Board that this Cess which there amounts to one anna per Cawny is amalgamated with the revised assessment thus if the revised assessment on any particular Cawny is 3 Rupees the rate entered in the Public Accounts is Rupees 3-1-0. which system the Board are desirous should be followed: but I am desired to submit my views if I should find the South Arcot rate not suitable, or if it should appear to me that the fund should be limited to lands actually cultivated.—

2. In para 36 of Extract Minutes Consultation under date the 2d. June 1857.

Fort St. George 23d November 1858.

1857. directing the revision of Assessment in this District it is ordered that a Road Fund at the rate of 2 Rupees per 100 be levied. The revision of Assessment has just been completed - and at the time of revision it was intimated to the ryots that a Cess &c would be levied in addition to the fixed land Assessment - but the settlement of the Road Fund Cess has not yet been determined - But it would not be practicable now without great confusion of account and further labour to amalgamate the Cess with the rate of Assessment on each acre of land even if it were desirable to do so as in South Arcot but there are objections in my opinion to introduce the plan of that District into Bellary - The rate in South Arcot is 1 Anna per Cawny which is about 9 pie per acre, the Standard measure of Assessment in Bellary - In the revised Assessment the rates are as follows

Fort St. George 23d November 1858.

	No. of Rates	First Rate	Last Rate
Dry Land	25	3 "	2 "
Irrigated. 1 Crop	41	12 "	1 "

and in all the accounts connected with the revision of Assessment already prepared, the new Assessment has been calculated according to these rates If 9 pie is now to be added to every rate, there will be fractions of pies to every rate, which is objectionable. Again if the Cess is levied on each acre and amalgamated as proposed it will fall very unequally on the land as below shewn:-

	1st Rate	Percentage if levied at the rate of 9 pie per acre	Last Rate	Percentage if levied at the rate of 9 pie per acre
	Rs	Rs a-p.	Rs a-p.	
Dry Land	3	1-9 "	2 "	37 " 8
Irrigated. 1 Crop	12	" 6	9 1 "	4 " 11

The Cess it will be seen will fall on inferior land much heavier than on the superior land It must be assumed that the lands as now assessed are proportionably equally assessed according to their value tho the heavier assessed lands are probably comparatively speaking now the easier assessed. Yet on these best lands

lands the road fund cess would by the South Arcot plan fall very much lighter being on Dry land only 1m. 9a. per cent & on Irrigated only 6a. 3t. per cent while on the lowest assessed and poorest lands the cess will be so high as 37½ per cent on Dry, and 43¾ nearly on Irrigated land.—

3. The following Statement will show the amount of the cess that will be levied in this District if calculated according to the rate of 9 pie per acre on the South Arcot plan and if according to the rate of 2 Rupees per 100 Rupees as directed by Government

Actual Cultivation for F. 1267.—

Dry. Acres	1761823.
Irrigated	126000.
	1887823.

Amount of Suffreck at the rate of 9 pie per acre	Rupees 88492.
Ryotwar Beriz of F. 1267 Rupees. 1780081. Amount of Suffreck at the rate of 2 Rupees per 100	35600
Difference	52892

If the South Arcot plan is introduced it will be observed that the Cess besides being

being very unequal will impose a heavy burden upon the land occupied of no less than 5 per Cent instead of 2 per Cent the Government limit. Another objection to amalgamating the cess with the land assessment is, that it will be difficult at any future time to alter the cess, besides the objection of its being lost sight of as a distinct levy for a special purpose This objection does not hold good in the mode it is proposed to adopt in Bellary where each ryot will know exactly the sum assessed to him for the Road Fund for which a separate entry is prepared in his printed Receipt Book.—

4. For the above reasons I prefer adhering to the mode of assessing the rate for the Road Fund upon the amount of each ryots Puttah to amalgamating it with the Land assessment.—

5. The levy of a road rate is confined to Districts where the Land assessment has been revised; but it is to be observed that in Bellary the whole

of

Fort St. George 23d November 1858.

of the Ryots will not benefit directly by the provision just made which also is much less than originally proposed by me. The first proposition would have reduced the then existing Cess about 173000 Rupees on the Ayacut and about 300,000 on the Cultivation But the actual revision is estimated to give relief to the exctent only of about 278000 Rupees on the Ayacut and Rupees 175,000 on the Cultivation. I am not able to state at present what number of ryots will benefit and what number will derive no benefit from the revision but in 4 Talooks where the Account has been drawn up. I find that one fourth of the ryots paying about 11 per Cent. of Sand Assessment, reap no benefit and the proposition on the whole District will be larger.—

Memo of Summabundee Settlement of 4 Talooks for Fusly 1267 according to the revised scale of Rates.—

From the Collr.
of Trichinopoly

With Reference to the Board's Endorsement of the 20th august last on Petition No. 2268 of 1858 presented by one Sabapathy Pillay Vattiem Curnum of Cattacaur in Woodiarpalliem Talook I have the honor to state that the Petitioner alleges that himself and an Assistant paid by him continued to carry on the duties of the Village

Fort St. George 23d. November 1858

Village Curnum of Cauttagarum in Woodiarpalliem Talook that while so another has been newly appointed as 2d. accountant on 1/3d. of his allowance & prays for order that the individuals who has hitherto assisted him may be appointed as 2d. Curnum & that arrears of his (Petitioners) salary paid to him—

2 From the perusal of the Records it appears that the Village being a large one Comprizing 8 hamlets as single accountant was found insufficient for the discharge of its duties & inconsequence in 1850 one Lanseya Pillay was appointed as 2d. Curnum for the Village as is often the Case in other similar Villages. This individual Continued to receive 1/3d. of the Petitioners income and on his death some time afterwards his brother Rungasawmy Pillay succeeded to his situation

There are no arrears of Salary due to Petitioner as stated by him and nothing is known of any assistant entertained

Fort St. George 23d. November 1858

entertained by him at his own Cost

none such was ever authorized -

In accordance with the Board's Endorsement on Petition No. 1994 of 1858

I have the honor to report that the site of the Church and the path leading thereto comprise 1/4 gooly of land which is deducted in the accounts from Peramboke occupied by houses in the Sauri of Madura North of the Church are a building for Cooking & a vacant spot which both measure 1/4 gooly & are deducted in the accounts as Enam but since how long it has been so entered Could not be ascertained, as there are no accounts of the previous Fusles with the Curnum - The above two plots of ground, comprising 1/2 gooly bear no

Fort St. George 23d November 1858

no tax whatever but most of them

there is a piece of land in the

possession of the Petitioner

measuring 15/16 gooly - He has

planted 11/16 of it with Cocoanut

& other trees & cultivated the rest

as a garden - The former was not

charged with any assessment upto

Fusly 1263 because the trees in

it had not Commenced to

yield fruit and no Cultivation

now had been Carried on

the shade of the trees pro-

bably being the obstacle

on the latter assessment

has been levied since

12 years -

Jm

Fort St. George 23d. November 1858

2 In July 1264 the trees having Commenced to bear fruit Mr. Parker ordered the 11/15 goody of land as well as the 1/4 goody of garden to be charged with land tax.

3 The Church seems to have been built long before the assumption of the Country by the British Government since 1832 it has been made a substantial edifice and is it belongs to the Goa priests.

No. 337.

To

J. D. Sim Esqre.
Secretary to the
Board of Revenue
Fort St. George

B. R. 4059.

From the Acting Collector of Tinnevelly

Sir,

Adverting to the concluding part of my letter of the 17th August last. I have the honor to forward copy of a letter from the Master Attendant at Tuticrin dated the 30th August last and its Enclosure an Estimate of Rupees 15100 furnished by Messrs. Oughterson & Co. at Cochin for building the three Vessels required for guarding the Pearl Banks.

2. Captain Robertson in his letter supposed that some misunderstanding on the part of the Resident and the Dewan of Travancore might have led to the conclusion that the Construction

of

of the Boats at that place would not be practicable and also he considered the above stated Estimate to be Exorbitantly high: it was therefore Communicated to the Resident of Travancore by letter under date the 6th Ultimo that among other reasons, on account of timber, being on the spot it was intended to have the boats constructed at Alleppi and that the employment of workmen and the Cost of materials of every description should be provided for by the Madras Government while the Superintendence of the Construction of these Vessels should be left to the Commercial Agent of the Travancore State.—

3. As yet no reply has been received from the British Resident.—

4.— In a Subsequent Communication from—

from the Master attendant dated the 18th September last he proposes that the work should be left entirely in his hands.—

5. As directed by Government in Extract Minutes Consultation under date the 12th August 1858 forwarded to this Office under date the 18th Idem, I have the honor to transmit herewith an Estimate prepared by Captain Robertson for building and working the Vessel required instead of an Armed Pattamar.

6. The Master Attendant states in the last para of his letter of the 30th August that the two Boats for which the Sanction of Government has been given could be built at a Cost of less than 3000 Rupees each the estimate of Messrs. Oughtersons & Co amounts to Rupees 4250 each.—

7. Should the Board approve of the proposal of Captain Robertson contained

contained in his letter of the 18th. Ultimo. I have the honor to request that the amount of his Estimate for building the boat he requires instead of an armed Pattamar Viz. 5733 may be sanctioned besides Rupees 000 for the two boats already sanctioned.—

Tinnevelly
Coll.rs Circuit Cutchery

9th. October 1858.

Signed/ D. Mayne
Acting Collector.

Enc. No. 1.—

To.

D. Mayne Esquire
Collector of
Tinnevelly

Sir;

After addressing you on the 10th. Instant, I received your letter of the same date (No. 971) accompanied by Copy of a letter from the British Resident of Travancore informing me that the construction of Boats for guarding the pearl banks could not

not be effected in the Travancore Territory which led me without delay to invite tenders for the purpose but I much regret that considerable delay has unavoidably been occasioned by the tardiness of parties to submit Estimates.—

2. The enclosed Copies of Estimates from Messrs. Aughterson & Co. at Cochin for building a vessel of 45 feet Keel and the two boats already sanctioned by Government are the only Offers worthy of notice or I consider necessary to forward. at the same time I must observe that they appear to me so exorbitantly high I cannot conscientiously recommend Government to accept either of them particularly the tender for the two small boats.

3. Should the Estimate meet with the approval of Government a written agreement will be entered into between Messrs. Aughterson & Co. and myself in behalf of Government.

When

Fort St. George 23d. November 1858.

4. When the vessels are ready for launching and previous to their being painted they will be subjected to a Survey Government appointing one Surveyor on their part and Messrs. Oughterson & Co. another. Should any dispute arise between the parties they will be at liberty to nominate an empire whose decision shall be final.

5. I must mention that Messrs. Oughterson & Co. will only undertake the contract under the express understanding that the Master Attendant at Cochin will not in any way whatever interfere with the building of any of the vessels.—

6. I beg to remark that I cannot see what objections these could be in having the boats built at Alleppy — I can only imagine that the British Resident of Travancore and the Dewan must have entertained some idea that it was intended

Fort St. George 23d. November 1858.

intended to have the boats built by the Circar, if so such was not my intention I suggested in my letter of the 29th. June to have the Boats built at Alleppy principally on account of timber being on the spot and I conceived it could be had at a cheaper rate there at Cochin or elsewhere. It was also intended that workmen and materials of every description should be at the cost and provided by the Madras Government the general superintendence being left with Capt. Crawford which would in no way interfere with his Public duties here and would enable me to return to my station.—

7. Should I be correct in my surmise that some misunderstanding exists on the part of the Resident of Travancore and the Dewan I trust the mistake may be rectified and that no further obstacle may interfere in having the Boats.

Fort St. George 23d. November 1858.—

Keels of the three vessels laid down here without delay.—

8. I feel perfectly satisfied that the vessels would be more faithfully built here and sooner than at Cochin and I have every reason to believe that the two small boats could be built for a sum much under Rupees (3,000) three thousand each and the larger vessel for about Rupees 4,500 to 5,000 taking teak timber at the cost named in Copy of a letter from the Resident of Travancore under date 19th. Instant forwarded to me from your Cutcherry on the 21st. Idem.—

Alleppy

Master Attendant
at Tutacorin

To

Fort St. George 23d. November 1858.—

To.

D. Mayne Esqre.
Acting Collector of
Tinnevelly

Sir,

Not having been favored with a reply to my letter of the 30th. Ultimo and fearing that further obstacles have been thrown in the way of having the vessels for guarding the pearl banks built at Alleppy under the Supervision of Mr. Crawford the Commercial Agent to the Travancore State I have the honor to suggest that with the approval of Government, the superintendence of the construction of the vessels be left entirely in my hands which will render the Madras Government perfectly independent of the Travancore Circar and at the same time facilitate

19018 Fort St. George 23d November 1858.

facilitate matters as boats are now much required in the present forward state of the Oysters in many of the banks.—

2. Timber can be had here by tender the last accepted by the Cirkar a few days ago was Rupees 17 per Candy.—

One set of timber consisting of fifty logs is the least quantity that can be tendered for which will be quite sufficient for the purpose should any remain after the boats are finished, it could always be sold to advantage at Tuticorin.—

To

J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George.

B. of R. No. 4985.

From H. Newell Esqre
Director Rev. Settlement

Sir;
Paral.

No. 3941.

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 19th Instant reviewing my letter of 28th July last regarding the extent to which the detail of measuring and plotting small patches of land should be carried in the Revenue Survey.—

2. I gather from these Proceedings that the Board so far concur in the arrangements proposed as to limit the mapping to the present Pymash or field accounts instead of describing the subdivisions of such fields which have been made with a proportionate amount

Fort St. George 23d November 1858.

amount of the assessment in the puttahs. at the same time I fear that the Proceedings are not so definite regarding what should, in the Boards opinion be shewn in the Map as to preclude all future uncertainty as to the course to be pursued.—

3. A holding in the sense in which it is used in this correspondence is as defined by the Board any such portion of an original Pymash field as may have been cultivated for several years and recognized in the Puttah such portions of Pymash fields belonging of course to different ryots. The term holding is then discarded by the Board who confine their discussion to the term field which is defined to be "a piece of land with a recognized number in the Village accounts and in a Ryotwary Village bearing its own distinct fixed assessment and so entered in the Puttah."—

4. Now it appears to me that this definition applies to Pymash fields & excludes portions of them constituting holdings in the sense in which this term is here employed for a portion of a Pymash field

Fort St. George 23d. November 1858.

field altho entered in the Puttah has "no recognized No. in the Village accounts" or any distinct fixed Assessment" it being assessed at a proportionate share of the Assessment of the whole field. In fact a portion of a Pymash field constituting a holding has no separate No. at all, it is described in the Puttah as part of the Pymash field to which it belongs and the No. of the Puttah in which it is included is applied to the whole number of fields or portions of fields held by the Puttahdar.—

5. If this view is correct the main point under discussion viz. the disposal of holdings or parts of Pymash fields would appear to have been passed over as not requiring further notice, and that the conclusion the Board arrived at is that such holdings are not to be recognized at all in the Survey. I have however some doubt as to whether this was intended by the Board particularly as the measurement of these parts of Pymash fields constituting holdings must be provided for as well as the measurement of entire Pymash fields

Fort St. George 23d. November 1858.

fields comprizing a new Survey field the latter of which has alone been touched upon by the Board.—

6. Should it prove to be the Boards intention to confine the delineation in the Maps to entire fields as depicted in para 7 of their Proceedings leaving the details of portions of them held under separate puttahs to be measured by the Cummums and Sketched in separate books as described in para 8 of my letter of 28th July last the case will be satisfactorily met so as to afford the requisite facility for the Survey and Settlement operations, and this will also accord with the instructions of the Govern. ment of India regarding the avoiding extreme minuteness of detail as contained in the Minutes of Consultation dated 11th January 1858.—

No. 40.

7. But if on the other hand this reference should occasion the whole matter to be re-opened and the consideration to be extended to delineating these fractions.

Fort St. George 23d. November 1858.—

fractions of Bymash fields which as above observed, do not answer the difinition given in para 7 of the Board Proceedings, I would beg that the matter should be considered entirely in its practical bearing, and I would briefly recapitulate the arguments already set forth in my letter of 28th July last with one or two others suggested by the perusal of the Proceedings under acknowledgment.—

8.— 1st "Here is Practically the greatest inconvenience in endeavouring even in the present large scale of 8 chs to 1 inch to shew each small subdivision" extending to portions of fields.—

2d "The insertion of this minute detail renders the Maps so complicated that the identification of boundaries of Survey fields becomes a

Fort St. George 23d. November 1858.—

becomes a matter of great difficulty.—

3d "The circumstance of the forms of these holdings" or portions of fields being "constantly changing" will vitiate the record of them in a few years.—

4th "The inexpediency of making these "minute and often ill defined plots the basis of the new Settlement in as much as this course tends to complicate the land tenure and to stamp with perpetuity the evil" which has grown up to an enormous extent of sub dividing the former revenue responsibilities into minute fractions.—

5th "The inutility of mapping such fractional portions for purposes of assessment as admitted by the Board" as a number of petty contiguous fields can be as easily assessed at the same rate as if they were one"

6th "The immense multiplication of the labour of accounts that would result for recognizing each holding forming a portion of a Bymash field as an "interstitial field" to be separately delineated in the Map" and to bear its own distinct assessment with of Course a separate Register.

para. 11.— These holdings in the Surveyed Talooks of

Fort St. George 23d November 1858.—

of South Arcot and Trichinopoly are in instances which have formed the subject of examination many times the No of old Pymash fields so that the labor and Complication of the Village accounts would be multiplied manifold.—

9. It seems unnecessary for me to enter at this time into other parts of the Board's Proceedings further than to remark that with reference to para 20 the boundaries are marked on the ground before the Survey party enters the field and with reference to the last para that the holdings in the Northern Circars are found from the examination of several Villages in Rajahmundry the Accounts of which generally give the area below what it really is) to be on an average very much larger than those in South Arcot and as there has not been that minute Subdivision of tenure in other Districts as there was in South Arcot it may be assumed from this and from general observation that this Comparison will generally hold good throughout the Northern Circars.—

Rs Dry 6.30.8. 1. 15. 6 Wet 1. 5. 4. 5. 4. a 7.35.12. 7-3- 6	It appears that this Enam was granted by Mohomedan Government No sunnud is forthcoming In the survey account the name of one Bode Naik was entered as Enamdar.	This Enam was granted for the maintenance of a Fort.	Nagahen the second son of the original grantee died in the year 1852.	It appears that this Enam land was divided in 3½ shares and the deceased enjoyed one share and the remaining shares in the professions of other share holders.	The deceased left 3 sons. 1. Chinna Mootte Naiken 2. Bode Naiken 3. Chinnapah These persons and other members of the family mentioned in Columns 8 of this statement have also Patent lands assessed at Rt 4.15 and Desavandum Enams valued at Rupees 33.	It is said that this Enam was granted by the Mahomedan Government for the maintenance of a Fort. In support of this Enam no sunnud is forthcoming. In the survey account the name of one Bode Naiken was entered as the Enamdar Mr. Cockburn on the 15th Pungoone year Doondoobee, A. D. 1802, issued a Puttah in the name of the said Bode Naiken. This person enjoyed the Enam land for some years and died, leaving three sons Paupee Naiken, Naguppen, and Chetty appa Naiken, and a daughter named Mooneyaka. It appears from the record that these persons divided this Enam land with other Disbursedum Enam lands which they professed, in the proportion of one share for each male, and a half share for the female, and enjoyed the Enam. Of these persons Paupa Naiken the eldest son of the original grantee died some years ago, leaving two sons Mootteo Naiken and Chennupah. The second son of the original grantee, named Naguppen died in the year 1852, leaving 3 sons. Mooneyaka the daughter of the original grantee also died some years ago leaving two sons & a grandson. The Enam in question is still enjoyed by the surviving members of the family in the several proportions in which the Enam was divided by the sons of the original grantee.	Recommendation of the Board of Revenue	Decision of Government

The Government having no interest in the preservation of this class of Forts, and the Enam having been enjoyed without regard to the object for which it was granted, and the family having ample means of subsistence thro' other sources as shewn in Column 7. I recommend that this Enam be resumed

Fort St. George.

In reply to Extract from the Proceedings of the Board of Revenue under date the 27th Ultimo I have the honor to state that no tolls of any Kind have been levied on the Ferries in Wynaad. Hitherto the Traffic has been of a most limited nature, and on an average, most of the Rivers are fordable for nine months of the year. During the rainy months the inclemency of the weather is so great that few people attempt to travel It is only now that the increased number of Europeans causing a corresponding increase of energy and creating wants of various kinds which must be supplied, has led to the demand for improvements in the Communications.

The

2. The rates of Toll proposed by the Association with the modifications suggested by my predecessor are given in the margin and I do not see why the former rates should not be agreed to. They are high, but no doubt founded by the Planters on consideration of various local circumstances and the difficulties to be overcome. They are not very likely to tax themselves beyond what is actually necessary especially as the great majority of people who cross the Rivers will be more or less connected with them. One Suggestion I would make and that is that Government Officials bona fide on duty should be ferried across the Rivers free of Charge.

	Proposed			Modified		
Foot Passengers	Rs	A	P	Rs	A	P
With load	"	"	4	"	"	3
Bullocks	"	"	8	"	"	6
Loaded do	"	"	8	"	"	6
Horses	"	1	4	"	1	4
Bandies	"	2	"	"	2	"
	"	6	"	"	6	"

3. The Ferries which the Association propose to take charge of are four. They are noted in the margin. The District Engineer a copy of whose letter is appended, on a rough estimate puts down Rupees 20000 as the Sum

1 Cannoth Stream at Vythery
2. The 2 Paramarrow Ferries
3 Manantoddy Ferry

9/9 Oct 58 R. 216

sum which would be required to bridge them my own idea is that a considerably larger sum would be required for I find that by a former Estimate made by Mr Robinson a directions Rupees 14,000 is the amount said to be required to bridge the Manantoddy a river of course I write in ignorance of the localities the breadth of the three remaining Rivers, and of the appliances at hand for the purposes of construction.

4. I should be sorry to see the Local Funds charged with the expense of constructing Bridges in Wynaad, a part of the country which has never contributed one Anna towards the Fund especially when the requirements of that part of the Province in which the Funds are raised are so great and becoming more so every day.

5. There are many and most important works at this present moment being carried out by means of the Local Funds and several others resolved on, which only await

the

the realization of Local Funds to be entered on. So that under any circumstances, were Government even inclined to appropriate a portion of the Funds to works in Wynaad which I trust they will not do a considerable time must elapse ere Wynaad has any chance.

6. I think that with the modifications proposed in the Board's Proceedings under reply, the Planters Association will be ready to undertake the management of the Ferries and I recommend that they be made over to them, as the best course to be adopted at present. I do not see how Government can manage them, except at a great expense to the satisfaction of the residents in Wynaad. The Rivers are at a distance from one another which forbid practically renders it impossible to exercise a thorough supervision over those in charge of the Ferries whereas the Planters as a body if charged with their management, will have frequent opportunities of seeing that matters are properly attended to..

7. On visiting Wynaad if I find that there are any points which ought to be brought to the notice of the Board but which have now escaped observation, I shall at once give due information of them..

Calicut

Acting Collector

Enc: No 1
No 216

To
The Acting Collector of
Malabar.

In reply to your letter No 2816 dated 4th October enclosing copy of para 9 of Extract of Proceedings of the Board of Revenue dated 27th September 1858 No 3621 I have the honor to inform you that the 3 Ferries referred to in which the Wynaad Planters wish transferred to their charge, are between Manantoddy and Puckody but I believe that there is another Ferry on this road or between Culpetty and Sultan Bathery which has not been included in the list..

We have so many large Ferry Fund works on hand and one or two others in contemplation, that I do not see any prospect of

of these Rivers being bridged for a considerable period. The cost of the Manantoddy River Bridge would amount to a large sum, the expense of bridging the whole line I could only mention approximately but I believe it would come to 20,000 Rupees Lieutenant Jennant late Assistant Engineer proposed to erect a Rope Bridge similar to a Plan adopted in Bengal which would be inexpensive though not so durable as a Masonry Structure.

The present System of having Bamboo and Pole rafts on the Ferries which are guided by ropes suspended across the Stream, is rude, but perhaps adopted to the present wants of the District, where there is very little traffic on the roads Boats however might be substituted in place of rafts, with platforms on them as soon as a Bandy traffic springs up, and if the Ferry Establishment is not sufficient a larger number of men might be paid from the local

fund, but your own Department will probably furnish information as to the working of the present System.

I am not prepared to say whether it would be desirable to allow the proprietors in Wynaad the right of working these Ferries and I am not informed whether they propose to take them on Contract and so toll the line, a proposition which I understand no native has hitherto been induced to make, as in the District below the Ghauts

I think it is very probable that on the increase of traffic which would arise from this road being opened out, native Contractors could be

be obtained for the Service as on the Coast and other lines of communication I am anxious this year to have this line surveyed with a view to a proper line of road being made, and its completion a portion of our funds available for Communications in Wynaad may be appropriated for furtherance of this object.-

No

No 175

To J. D. Sim Esqre
Secretary to the
Board of Revenue

Bd No 4817
From the Collr of Madras

Sir, Fort St. George

I proceed, as directed by the Board in Mr. Huddlestons letter of the 22d Instant, to report my further proceedings in the Sertampoonk cases consequent on the Boards instructions of the 21st June last.-

To Solicitor 22d June 1858

2. I addressed the Honorable Company's Solicitor as to the probability of a conviction, if the frauds of Sheik Hoosain and Goolam Mahommed were prosecuted, and having received the opinion of the Advocate General that there was abundant evidence, upon which to proceed against them, I conducted the cases of Ghouse Bee and Coolsum Bee in the usual manner through the Office of the Police Commissioner and the Magistrate.-

Dated 28th June in From Solicitor 28th June 1858:

3. Certain expressions dropped in the

the evidence for the prosecution in the latter case, made me suspect that of Mahdeen Begum who was receiving from this Office a pension of 50 Rupees annually, as the reputed grand daughter of Edayet Baumo the niece wife of Abdul Wajed Khan, a member of the Sattampauk family, under the Sanction of Government dated 11th July 1853.-

4. On enquiry I found that she was not thus related, and this case also was passed through the Offices of primary Jurisdiction, and the three were committed for trial at the October Sessions.-

Ghous Bees case
Ghulam Mahomed
Sawi Receiver
Ghulam Moulah
Cassim Sahib.

5. The parties were arraigned for Conspiracy to defraud the Government as more particularly specified in the Margin, Convictions having been obtained in the two first cases, the third was not entered upon, and the punishment awarded for very lenient ones in my opinion, was 15 Months

Coolsum Bees case
Sheik Hoossain
Receiver
Ghulam Mahomed
Sawi
Sheick Hoossain

this with hard labour to the receivers, and 12 Months to the other offenders.-

Mahdeen Begum's case
Goolam Mahomed
Sawi Receiver
Ghulam Moulah

6. I then went over my Yearly Lists as far as the Goshas women were concerned, and found

found the amount and dates of Sanction correctly entered, but with regard to the identity of the recipients, we can only depend upon the assertions of the Certifiers and Vakeels.-

7. In the cases reported in my letter of the 17th May 1858, I must now add that of Mahdeen Begum, who drew a pension as stated in Paras 3 & 4 but has now been discovered that She and another pensioner named Mahomedy Begum, are the daughters of Roder Ally Khan a member of the Sattampauk family and as such the two women are entitled to a pension of 66 Rupees yearly.-

Para 3 Board 24th March 1853
Para 4 Board 15th April
Para 5 Board 19th May
Para 6 Board Tabular Statement 3rd Issue.

8. This however was not enough for those who apparently have made a livelihood out of these Sattampauk frauds, so they obtained the entire pension of 66 Rupees for Mahomedy Begum pretending that She was the sole daughter, and in 1853 obtained an independent pension for Mahdeen Begum under false assertions.

Paras 3 & 4 of 66 to Board 17th May

I have already suspended

9

payments

Connivance

pensions to her for Connivance in Ghause Bee's
case and now of course the pension will entirely
cease; and I would recommend that Mahomdy
Begum's be reduced to her proper share of
33 Rupees a month, and that Mohideen
Begum's moiety be forfeited for her fraudu-
lent conduct in both instances.-

10 I have had no subsequent correspon-
dence either with the Shepoonk. Agent or
the Government on the subject of Goshas
pensions, and would still advise that
the Shepoonk. Agent be directed to enquire
further into the remaining twelve cases
reported by him as suspicious, and as the
pensions to Coolsum Bee and Mohideen
Begum were passed by him as correct, a close
and searching enquiry is needed.

11. I have just been informed that
the remaining cases are only ten in number,
as the pensions of Khatoon Bibi and
Rukhtoon Bibi were granted "until marriage"

and

Ceremony

and on my receiving information that this cere-
mony had taken place, their allowances ceased

12. With regard to the petition now returned
of Fathoo Hoosein Khan, I have to remark
that I never expressed to him a modified
opinion as to his guilty knowledge in the cases
of Moorad Bee and Mariam Bee.

To Bd. 17 May
Para 34

13. He and the other members of the
family examined by me, were most unwilling
witnesses when first called, and it was only
by warning them that any hesitation or
prevarication on their part would for-
feit their pensions that I procured
the necessary evidence on which to proceed

14 He has several times since
pleaded the fact of his having deposed
before the Magistracy and the
Supreme Court, and I am willing
to forward this plea, if the Board
and the Government see in it any palli-
ation of his conduct, supposing that

I have

19064 Fort St. George 24th November 1858

I have correctly assumed his guilty knowledge, which I fear was participated by many of the other Sattampauk pensions.-

Madras
25th October 1858 } (Signed) B. Cunliffe

Collector

To,

19065 Fort St. George 24th November 1858

No. 181

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir

3d No. 4897 To the Collector of Madras. Reporting another instance of fraud among the Sattampauk pensions paid at this Office

I have to report another instance of fraud among the Sattampauk pensions paid at this Office.

2. One Khateejah Bee receives an allowance of Rupees 5 8—11, as the reputed daughter of Ahmed Hoossain Khan deceased a member of the Sattampauk family under the sanction of Government 2d May 1848.-

To Board 25th February 1848

3. An anonymous Petition informed me that Khateejah was not so related, and on making further enquiry yesterday from certain Sattampauk pensioners, and from Mahomed Sadruck Hoossain the son of the deceased Ahmed Hoossain Khan, I find that Khateejah is the niece of the latter on his wife's side.

4. On Khateejah's application for a pension her

her petition was referred as usual to the Amildar who reported under date the 8th January 1848, that she appeared to be the only daughter and heir of Ahmud Hoossain Khan, as stated in a Kyfiet put given before him by Saduck Hoossain and Abdoollah Sahib, two Jemmiahdars, and which deposition he then forwarded.

5. The originals of the Amildars report and the deposition are not forthcoming, but we have among the Records a Copy of the former giving particulars mentioned in the preceding Paras.

6. On enquiring of Saduck Hoossain, why as the second life, he did not apply for 2/3rds of his late father's pension, to which he was entitled under the rules of the 20th March 1821 governing the Sattamfunk pensions, he replied that he has from an early age lived with his Aunt Khyroonissa Begum, and has been treated as her son and considered himself separated from his father's family

7. He is now married to Khuteejah Bee and he no doubt abstained at that time from

pressing his claim to his father's pension, not only to obtain it for Khuteejah Bee, but also to enable him on Khyroonissa Begum's death, to put forward his pretensions as heir to 2/3rds of her pension of Rupees 33-5-4 monthly.

Memo
This is not one of the ten remaining cases pronounced "suspicious" by the Chepauk Agent

8. I presume that Khuteejah's pension will be discontinued and I shall meanwhile suspend payment of it.

9. There can be no reasonable doubt, I think that Saduck Hoossain and Abdoollah Sahib actually gave the deposition, as declared, before the Amildars and I therefore recommended that the monthly pension of Rupees 1-10-8 drawn by Abdoollah Sahib be forfeited, having already suggested that Saduck Hoossain's pension be stopped in consequence of his connivance in Coolsum Bee's case.

To Board 17th May 1858, Paras 61 and 66

10. From the knowledge possessed by Saduck Hoossain of the fraudulent nature of his wife's pension, I think that he has lost all right to the recognition of his own claim to succeed as the second life to the pension enjoyed by his deceased father.

No. 178.

To,
J. D. Sim Esqre
Secretary to the Court of Wards.
Fort St. George.

B. No. 4671.

From the Coll.r of Ganjam — Sir, Para 1. I have the honor to forward

Copy

copy of a letter from the Principal Assistant Mr. Thornhill recommending that an increased allowance should be granted for the household and general expenditure of the Purlah Kemedy Zemindar.

2. The Court will observe that the present allowance amounting to 12800 Rupees annually bears a small proportion to the income of the Zemindar, and they are aware that a large sum is invested in Government paper.

× Gross Revenue for Fasly 1267 Rupees 16,223-5-4
Peshcush Rupees 8252-9-8---

3. Mr. Thornhill states that the family are straitned in their expenditure with the present allowance, and I find an unfinished draft of a letter by Mr. W. Knox to the Court stating the same thing. I quite concur in their opinions as, under the increased price of all kinds of provisions, a monthly allowance of 1066⅔ Rupees is not sufficient for all the disbursements entailed on the Zemindar by his position. While he is aware of an ample income, it seems quite unnecessary that the misfortune which

which deprives him of its controul, should be a ground for diminishing his comfort or that of his dependents; and I have no hesitation in requesting the Court to sanction an allowance of 1500 Rupees per mensem and the purchase of an Elephant for state occasions.

4. The younger brother of the Rajah, who is lately married and has arrived at man's estate has also a claim for an increased allowance. He now gets 689½ Rupees.

5. Mr. W. Knox, I see, intended to propose increasing this to 900 Rupees. I think however it may be placed at 1,000 Rupees & I solicit the permission of the Court to purchase for him a watch which he is anxious to possess and ought to have.

6. A good Silver watch of about 100 or 150 Rupees would I think be suitable with a chain of the same metal.

Ganjam District,
Collector's Office,
Chetteapore 2d October 1858

/Signed/ G. S. Forbes
Collector.

Encr No 1.
No 312.

To,
G. S. Forbes Esqre
Collector and Agent
Chetteapore.

Sir

I have the honor to enclose an Urzee from the Zemindar of Purlakemedy praying for an increased to his monthly allowance from Rupees 1,000 Rupees 1500 and to request your favorable consideration of the subject.

2. The gross Collections of the Zemindary amount to nearly 2 lacs and the Peshcush is Rupees 80,000 and there is funded property of many lacs in the hands of the Court of Wards.

3. The Establishment of Servants and paid dependants is very large and altho many of them are quite useless, the Offices have long existed and it would lead to discontent among the dependants and would be distasteful to the Zemindar himself to abolish them summarily.

While

Fort St. George 25th November 1858.

4 While the numbers however are large the Salaries which were fixed when the price of the necessaries of life was less than half it is now and were then very low are quite inadequate to support the receivers if the allowance were increased I should be able to assign suitable Salaries to the working part of the Establishment leaving the others to be absorbed as Vacancies occur.

5. The house hold expenses of the family are strictly attended to by the Guardian and the accounts examined in my Office and it is constantly objected that with the present high prices, there is difficulty in meeting all their reasonable wants.

6. The Mahadavy expressed herself strongly on this point to me last year and I should have urged it sooner but for the frequent Changes which have taken place in the head of the district.

7. A wish was also expressed both by the Zemindar and his Lady than an Elephant might be purchased for him and I think their wishes on this point should be

attended

Fort St. George 25th November 1858.

attended to; as the first in rank among the Zemindars of the District this addition to the Establishment is not unreasonable.

8. The unhappy state of imbecility of the Zemindar himself renders him but little sensible of his wants but the Mahadavy is fully alive to them and I hope that should you take a favorable view of the application you will forward it to the Court of Wards and recommend it for their sanction with as little delay as possible.

9. I have the honor to annex a Statement of expenditure in different items for the last year.

10. Deducting the salaries of dependants and usual ceremonial

expenses

Fort St. George 25th November 1858.

expenses about 500 Rupees alone remains for the purchase of Cloths and food including the entertainment of such of the relatives of the family as may from time to time visit the Palace and for the exercise of Charity and this sum owing to the fact of the necessaries of life having nearly doubled in price in the last few years is found to be insufficient.

Signed C Whittingham
Collector

Translation of a letter addressed by the Zemindar of Pungoonoor to C Whittingham Esqr Collector of North Arcot dated 8 September 1858.

(after the usual Compliments)

In your letter Rs A. I am directed to attend and act according to the instructions contained in the Extract from the Minutes of Consultation dated 15th May 1858. which accompanied the 1st June 1858.— Extract from the Proceedings of the Board of

of Revenue; the order of Government states that the Subordinate Officers of the Judicial. Revenue. Police & Engineer Hs departments are empowered to Communicate "on the Public Service" with their Superior and other authorities within their respective districts on matters relating to their respective departments but that the Zemindars and Poligars &c can send no letters &c by Post without the payment of the postage thereon.—

In reply I beg leave to state that I see no objection whatever to conform to the above instructions so far as regards forwarding Communications by post of a private nature connected with either me or my Zemindary.—

But you must be aware that the Police duty of this Zemindary was exercised both before and since the British Government, by us that we were always answerable for its due performance

performance and invariably abided by the views of Government and strictly attended to their rules and regulations.—

It was a practice observed by us from time immemorial, to Communicate by post on matters connected with the Inoturpahs the Vijabuddy Bagers Vijabuddy the dittum the Collection and balance accounts the Abkarry and Enam revenues as also to forward reports &c. on Endorsements made on ryots Urzees and referred to us for enquiry the transmission again of numerous returns and letters &c. in the police department and the answering of Communications made to us for providing supplies for troops or Gentlemen passing through the Zemindary such being the case would it not amount to a considerable sum if I am now to apply

apply labels to every Envelope I am to forward on matters relating to the above said numerous Communications?

Besides the above, there are numerous other correspondence passing between me and the Tahsildars and others of a different district or Taluk who invariably apply to me to recover & remit to them monies due on account of Inoturpah or on land &c. &c. by individuals who have either resorted to, or are inhabiting in the Zemindary or to forward the parties themselves. In police cases also I am in the same way applied to by the aforesaid Tahsildars &c. to ensure the attendance of parties or to afford assistance in apprehending offenders implicated in crimes perpetrated in their Taluks.—

I believe that all these Communications

Fort St. George 25th November 1858.

Communications are no other than "on the Public Service" and that it would not be reasonable for me to pay their postage which would amount to a large sum.—

The passing of public Communications free is an indulgence universally appreciated and I would therefore request you will take the subject in question into your liberal Consideration and kindly recommend to Government to remove the present restriction and obtain their permission that the practice observed upon from time immemorial may be uninterruptedly continued on.—

I have nothing more to say.

No. 206.

To

J. D. Sim Esqre

Secretary to the

Board of Revenue

Fort St. George.

B. No. 4663.

From the Collector of North Arcot.

Sir,

Para 1. I have the honor with reference to para 1 of your letter of the 4th October 1858 No. 3718 requesting that I will inform the Board in what measure I am providing for a Road Fund in this District, to state that I am doing so in the manner laid down in paras 71 and 72 of Mr. Bourdillon's letter to the Board of the 23d October 1854 which was approved of by the Board in para 26 of their Proceedings of the 11th January 1855 No. 106 and sanctioned by Government in Extract Minutes of Consultation under date 23d April 1858 No. 460.

The

2. The principle upon which the road fund in this District is assessed, received the approval of the Board in their proceedings above quoted. That principle differs from the principle taken as the basis for the same fund in South Arcot, and in the above quoted letter of the late Collector para 7 are given the reasons for which that different principle was advocated.

3. In para 2 of your letter under reply the Board point out the greater simplicity of the principle adopted in South Arcot, but they do not raise the question of an adherence to that principle in this District. I therefore pass on to para 3 of your letter.

4. In that para. the Board express their desire that the system of blending

blending the Road Fund with the assessment should be followed, even when the Fund is to be levied on the Beriz. On this point, I do not appear clearly to appreciend the meaning of the Board, for by the principle adopted in this District, the amount of a ryots payment to the road fund does not depend upon the extent of his cultivation as in South Arcot, but upon the quality or class of the land. The extent cultivated by a ryot one year may be precisely what it was last, but in consequence of his having taken up lands of a higher or lower class his road fund rate would be either much higher or much lower as the case might be. To add the Road Fund rate to the assessment rates so recently revised would create confusion and would be otherwise undesirable.

In

5- In para 4 of your letter the reference to the suitableness of the South Arcot rate to this Dis: trict would seem to raise the ques: tion of its substitution for that now in force, but your letter is addressed to 3 different Col: lectors, and it may not have been intended to reopen a matter so deliberatly settled in this Dis: trict, and I am certainly of opinion that no advantages to be ob: tained on the score of simplicity from the adoption of the principle on which the South Arcot fund is raised, would counterbalance the disadvantages

disadvantages arising from the distrust that so fundamental a change in a recently introduced tax would be likely to create.

Bd. No. 3761.

From the Collector of Tanjore

Sir,

1. I have the honor to transmit a copy of a communication from the Acting Head Assistant Collector, Mr. Whiteside, in charge of the Salt Department of this District, relative to certain delays and inconveniences which have occurred in the shipment of Salt from Vydarnieum for the "Rose Ellis," Captain Loney.

2. Assuming the probability of a representation on this matter from Captain Loney reaching your Board, I beg to express the opinion that under the adverse circumstances described by the Acting Head Assistant Collector, nothing could have tended more effectually to remedy the difficulties

difficulties encountered at this late period of the season, than the measures which have been adopted by Mr. Whiteside, but it is obvious that the aggregate of the expenses involved in what has been done, is likely to exceed the price at which the Government dispose of the Salt for export by Sea.

Tanjore, Collectors Office, Vellum 11th November 1858

Signed H. D. Phillips. Collector.

Encr. No. 1.

No. 744.

To,

H. D. Phillips Esqre

Collector of Tanjore.

Sir,

I have the honor to inform you that a letter from the Commander of the "Rose Ellis" has been received by me complaining of the delay and difficulty experienced in having the Salt shipped at Vadarneem and as I am informed a similar complaint has

has also been addressed to the Secretary to the Board of Revenue, I consider it advisable to supply the following explanation of the facts of the case with a view to its being forwarded to the Board - Previous to this complaint, upon the representation of the commander, I caused an extra number of boats with their crews to proceed immediately from Negapatam to his assistance and directed the Sea Custom Manager of Negapatam to depute a proper person to superintend them, but hearing that they were not working satisfactorily I issued orders to the Sea Custom Manager of Porto Novo to report the number of the Boats, the names of their owners and the refractory crews with a view to their being punished according to the Regulations. On a request from the Commander of the Vessel, Bandies were ordered to be sent to convey the Salt to Porto Novo as the shipping it from thence was considered safer

and better adopted to the present state of the weather -

Learning from the reports of the Sea Customs and Salt Peons that the Ship was lying at a great distance out at Sea I wrote to the Commander suggesting his taking up a fresh berth closer in shore, this however he has not done; and consequently boats starting with Salt with the breeze at N.E. as it now is at 10 A.M. are unable to reach the Vessel before the next morning the high sea and strong current rendering the passage a matter of extreme difficulty - For instance, 3 Boats which left the shore on the 3rd instant after labouring the whole of the day in vain, were obliged to put back the next day without reaching the vessel, and in doing so 2 Boats with a cargo of 3 garce of Salt were swamped, and the whole quantity of Salt in them was lost - The surf is stated to be so high that many Coolies loading the boats loose their footing

footing and are in danger of being drowned-
These difficulties have had such an effect
on the boatmen that it is a matter of great
difficulty to get them to work, or to per-
-suade the boat owners to let their boats
go to sea; I have however now arranged for
the salt to be carried to Pt. Pootoray in co-
-olies and shipped from the river there-
-from. I have also deputed the Sea Custom Ma-
-nager of Negapatam, Mr. Jensen, to proceed
to Vadarniem and superintend personally
the Shipment, and under his management
and the recently adopted measure of car-
-rying the salt in baskets to Pt. Pootoray
much further delay will, I trust, be
obviated. I would observe that the impa-
-tience of the commander of the "Rose Ellis"
to complete the loading of his ship has pre-
-vented his taking into consideration the
great existing difficulties, such as, the state
of the weather and sea, the limited number
of

of boats and boatmen procurable and
their want of experience compared with
those of Madras, moreover one great cause
of delay is that the boats being of different
construction from the Madras boats cannot
be loaded on the shore and then launched
out to sea, the salt is carried in baskets
on coolies heads to the boat that lies out-
-side the surf, and Captain Loney having
caused one boat to follow the Madras habit
it was seriously damaged in crossing the
surf and the cargo which was wetted, nar-
-rowly escaped being entirely lost.

Taking all these facts into con-
-sideration, I am of opinion that the loading
of the ship could not have been completed
in much less time than will now be the ca-
case.

Negapatam,
9th November 1858.

From the Collector of Tanjore

8th Novr. 58. Encl. No 1

Sir

1. Adverting to the accompanying Copy of a letter to the Acting Head Assistant Collector in charge of the Salt Department, from Captain Loney of the "Rose Ellis" and to the circumstances stated in the Acting Head Assistants reply.

9th Novr. 58 Encl. No 2

2. I have the honor to explain that the adverse circumstances of the season seem to forbid all expectation of the required Shipment of Salt being made without extreme and unusual delay and I would therefore suggest for consideration by the Board whether on the present occasion, it may not be desirable to arrange for the "Rose Ellis" filling up at Negapatam with what

what may be still wanting to complete the quantity ordered to be supplied.

3. Yesterday I requested the acting Head Assistant Collector to communicate with you to the above effect by Telegraph, and infer that he will this morning have done so, by which means your instructions will have reached him in time to bring the "Rose Ellis" up to Negapatam early on the 13th instant.

Encl. No 1.

To,

W. D. Whiteside Esqre

Head Assistant Collector

of Tanjore.

Sir,

I have the honor to acknowledge the receipt of your favor of the 1st Instant, the Bandies therein mentioned have not yet come to hand but I presume will arrive in due course. 2. I beg also to represent to you that there

Fort St. George 25th November 1858.

there are now only five boats at this place partially fit for service and they will carry seven garce of Salt every forty eight hours at which rate it will take allowing for rainy days & feasts until new year before the Vessel is loaded, will you consider what is best to be done to give me dispatch as you are much better acquainted with the resources of the country than I am your predecessor, Mr. G. Vans Agnew, in his Telegram to the Revenue Board stated that by the Pattamars boats only with the Vessel laying 6 Miles off the land Seven garce of Salt could be put on board whereas experience shews that in less than six Miles a boat will only make one trip in 48 hours and not that always for want of a person to insist upon their working. I should esteem it

Fort St. George 25th November 1858.

it a very great favor if you could by any means in your power expedite my departure and also if that should there be 9000 Indian Maunds of Salt at Negapatam disposable would you Telegraph to Mr. Sim to ask him if I may complete the loading of the vessel there and if I do will the Government accept it sending him by Dak a sample of the Negapatam Salt.

To,
Captain Robert Loney
Commander of the Rose Ellis
Vadarnieum Roads.

Sir

I have the honor to acknowledge the receipt of your 2 letters dated 8th instant

and

Fort St. George 25th November 1858.

and to state in reply that the proposition suggested by you of loading at Negapatam the remaining 9000 Indian Maunds of Salt appears to me objectionable as there is not a depot in the whole District where the quality of the Salt can equal that of Tadarneem that of Negapatam in particular is quite inferior.

In anticipation of your wishes I have caused Mr. Jensen the Sea Customs Manager of Negapatam to proceed to Tipootoray and superintend the Shipment and as the Police Ameen has informed me that 16 Bandies were sent on the 8th instant and that he is collecting more which will be also shortly sent up I hope that the difficulty complained of by you will be greatly lessened. It is need less for me to remind you of the state of the weather at present, the high sea and the distance of the Vessel from

Fort St. George 25th November 1858.

from the shore, taking all which into consideration you must admit that no efforts on my part have been wanting to render you all assistance to expedite the Shipment.

Ultimo, I have the honor to request information whether, with reference to the letter noted in the margin relative to the Tahsildar of Peddapolliem's utter unfitness for his Duties, totally irrespective of the cases in which he was fined it will not be sufficient to restore him to Duty on the occurrence of a vacancy rather than to disturb arrangements that have existed for nearly 3 Years with every benefit to the public service-

Fort St. George.

Bd. No. 5309.
From the Collector of Chingleput -
Submitting observations as called for on Mr. Dykes Pamphlet-

Sir,

Para 1- I have the honor to submit my views on Mr. Dykes Pamphlet with reference to I Dittum, II Dittum Bunjar, III Relinquishment of land, and IV Transfers of land as required by the Board in Extract from their Proceedings No. 3991 of the 22d. Ultimo. In doing so I beg to question very much the propriety of defining any set of Rules with the imprimatur of Government for the information and guidance of the holders, and occupiers of land (except in very general terms) giving them, in reality — no greater rights than they already know themselves to possess but enabling them to increase the obstacles they throw in the way of the Government servants for any omissions or supposed omissions they may allege them to commit. all rules in my opinion should be ostensibly issued to Govt. servants alone, liable to change with change of Circumstances increasing information or improved management, while holders or occupiers of land should be content with the general terms of their tenure, in addition to

to which, might be attended by penalties arising out of the circumstances of each case but not necessarily contingent on them - I may be wrong but in my opinion there should be no general rules conveying general guarrantees but specific rules for specific purposes and to last only during pleasure. From this - I would however of course, exclude the assessment which may be declared fixed for any convenient period of years though - I would dissent from Mr. Dykes as to its never being raised with reference to the Changes that may have accrued from the outlay of private Capital Rule IV I cannot see the necessity of such a clause or a guarantee as it might be used to prevent the Government taking due advantage of the improved condition of the Country consequent on its good Government while on the other hand a door would be open to them to set it aside as falling short of the security of a legal enactment - In the one case they might be forced to give

give up their improving share in that which their own protection alone had permitted the land holder to acquire, and in the other be open to obloquy, which their own guarrantee could alone have brought upon them -

2 Mr. Dykes' Rules appear to me to be framed on the supposition that the revised Survey and assessment have already been accomplished though ostensibly not so - It is in this view - I imagine he has framed Rule 18 of his general manual Dittum and Dittum Bungur find no place in this Rule, which stringently exacts full payment on occupancy only - This condition has already been ordered by the Board but forcibly only after the revised Survey and assessment have been completed - All such time while the old Dittum practice may very well be abolished Dittum or, as the Board with propriety, preferably call it "Putent Bungur" will still have to be retained -

3 Rule 22 and its clauses treat of the

the relinquishment of land. To my mind they are not sufficiently simple for the great body of the agricultural classes composing the most ignorant portion of the people. The presentation of the Rajeenamah should I think be to the Tahsildar in person, to entrust it to the Village authorities is only to vest them with power they will be sure to abuse.

4. Rules 6 and 21 refer to rights of Property and transfers of Puttahs the latter being necessarily based on the former. There again consider the Village authorities not to be the proper persons to receive and forward the transfer applications but would recommend the application being made to the Tahsildar only. To leave it to the Village authorities with their present ideas of right and wrong would give rise to endless complaints of fraud & forgery. compulsion and other abuse of authority while the Collectors time would be

be wasted in enquiring into matters which under the procedure advocated would never have arisen.

5. The above I believe are the only subjects on which the Board asked for opinions. but as there are other parts of Mr. Dykes Pamphlet which call for observation I will here venture to allude to them.

6. In para 10 of his Report he refers to his Rules 2, 3, 4, 5 and 6 as indicative of the great encouragement given to the free outlay of private Capital. Rule 4 & 5 certainly is so but I have already stated in Para 1 that it appears to me to be unnecessarily detrimental to the landlord rights of Government. Rule 5 I consider as fettering the Government servants and & encouraging them to have recourse to oppressive means for the recovery of the Rists they may have allowed to go by and giving unnecessary grace to the Ryot to be afterwards turned into oppression by the sale of his property. Rule 6 I have already adverted to in

in Para 4 while Rule 2 and 3 are pretty
much descriptive of things as they are.
With my opinion therefore of Rules 4 and 6
as they should be, and not as they are
proposed, I cannot think that any great
encouragement is held out to Capetalists
to invest in Ryotwary lands - Individual
Ryots, like individual Farmers, may make
small investments and reap the benefits
but the day appears to me to be far
distant when farming will be resorted
to by men of substance as an investment
of their Capital for which they expect
a profitable return.

7. With regard to Rules 7 I think
the Tahsildar and not the Village authorities
to be the proper person to receive applica-
tions for new land and the Collector
to dispose of them at least in a Inerasy
District - Although the obstacles to a new
comer will still be great they would be
insuperable

insuperable if left to the Village authori-
ties alone, and I should say that even
in non Inerasy Districts - the Villagers
would never willingly consent to the intrusion
of a strange Ryot. The Tahsildars authority
would therefore in such a District
still be necessary - While on the subject
of the taking up of new land I may
as well here allude to the relinquish-
ment of old either in whole or in part -
Provision should I think be made that such
relinquishment from inability to cultivate
should be temporary only and that a Ryot
taking up such land should be guaranteed
it only for the year or till the reaping of
the years Crops he may have sown on it.
at the end of which time, it should be liable
to revert to its previous owner or occupant,
without some such clause enforced relin-
quishment or payment of assessment
would I think operate very harshly on many
a willing Ryot suffering under temporary
difficulty

Fort St. George 26th November 1858.

difficulty.

8. In Para 14 of his Report Mr. Dykes discusses the necessity of Rule 8. However desirable to make the Survey accounts Maps, and fields correspond and prevent the latter being subdivided I think it is scarcely practicable under the Hindoo Rules for dividing Family Property, and the adangul accounts would always contain the requisite details of the Sub Division affording a sufficient guard against their permanent injury. As for making one of several holders responsible for the whole field. I do not see how it can be done, or why it should be done. The payment of his Puttah should be a sufficient security against every Ryot without making him responsible for others also. In the case of a factious Ryot are the others only to be able to save their inheritance by paying for him?

9 Accounts of Crops must be kept as long as there are remissions and even where these are defunct by reason of reduced assessment they will still, I think be necessary for references in alleged cases of fraud. I therefore cannot concur in Rule 9 confining

Fort St. George 26th November 1858.

confining Inspection to land irrigated from Public works or cases of suspected fraud. It is against such cases it will be required as a preliminary to proof.

10. The Remarks in Paras 3 and 4 in favor of the Tahsildar rather than the Village authorities are applicable to Rule 14 and with reference to clause 2 I do not see why 2/3rds of the probable net profits in an average year, should be the share claimed by Government in preference to 50 and 33 per Cent of the produce for irrigated and unirrigated land as laid down by Government in Extract Minutes of Consultation dated the 10th July 1854.

11. Rule 19 is necessary under Mr. Dykes system in consequence of his withholding the Government right to Revenue till the issue of a Puttah under Rule 5. His system therefore appears to me to be unnecessarily complicated and the old System now in force every way preferable The Government Demand is based on the occupancy and the fixed assessment. and does not require a Puttah as a guarrantee. This Document is only useful to the Ryot as shewing him what he holds, and the remissions allowed him thereon. Being therefore a Document solely for his own advantage and convenience, I see no object in the Government giving it to him in the first instance as a form and afterwards changing

changing and modifying it to circumstances at present the Puttah tells the Ryot exactly what he has to pay which is the interesting information he has been looking for Mr. Dykes Puttah would only tell him his fields & their assessment which he has known all long-

12 Rule 24 involves a general Principle which I do not see myself called on to discuss-

Fort St. George.

Sir,

3d. No. 5072
From the Collector of Cuddapah

I have the honor to inform you, that in accordance with Para 4 of Extract from the Proceedings of the Board of Revenue dated 25th. February 1858 No. 714, authorizing the Petitioners to seek redress in the Civil Court should he consider himself aggrieved

1 Chinna Nagi Reddy
2 Sashiah
3 Lutchmiah
4 Govinduppah

aggrieved, the Petitioner filed a Suit in forma Pauperi in the Court of the Subordinate Judge against the Collector to recover the sum of Rupees 1203-5-1. The time allowed by the Subordinate Judge when the notice was served was very short and there not being sufficient time to apply to the Board for permission to defend the Suit at the public expense, I took upon myself at once to plead that the complainant was not a Pauper having as he possessed 300 Rupees of Puttah land besides Inam lands. In doing so thro' the Government Vakeel, an expence of Rupees 3 have been incurred on account of Stamp Paper

Paper. The Subordinate Judge after due consideration and enquiry rejected the claim of the complainant and refused to allow him to sue as a Pauper. The Suit thus being decided in my favor the value of Stamp Papers required for filing the answers will be recovered and duly credited to Government.

2. I deem it advisable to bring this to the notice of the Board altho no expence will be incurred by Government.

Cuddapah Collector's Office, 2d November 1858.

BR No 4249
From the Director of Revenue Settlement

Dated 26th August 1858

Sir

In reference to your letter of 10th ultimo, I have the honor to enclose you copy of a letter from the Superintendent of Revenue Survey containing replies to the questions raised by the Board.

2. I beg further to forward you copy of a letter from the Superintendent of Revenue Survey dated 11th Instant No 85. and to request that if the Board see no objection, the Instruments procured for the survey classes may be forwarded to Captain Priestly to the care of the Master attendant of Masulipatam to aid him in preparing for the organization of a Survey party for the Masulipatam District.

3. As the Superintendence of the work of the Survey classes is placed under

under the Superintendent of Revenue Survey in direct communication with the Collectors, he will be able to determine whether the whole of the instruments can be appropriated to the Revenue Survey without inconvenience to the Survey classes until they can be replaced by the Set of instruments invented for from Calcutta.

Rd No 5124.

From Mr R Lovery Commander of the "Rose Ellis"

Sir

Messrs Bainbridge of Madras having in this letter to me of the 30th Ultimo stated that you were desirous of having a fair sample of the Rose Ellis cargo, so as to compare it

Fort St George 26th November 1858

it with the sample already in your Office from this place. I enclose to your address a very fair sample of the cargo and only premise that the 77 Garce now on board has been picked from 13 heaps of ten garce each, the remaining fifty five garce being considered by the Sail Sircal as too dirty to ship. In the way we have been shipping, taking the best and rejecting the worst, I do not fancy that when the Rose Ellis cargo is finished that there will be 1500 Indian Maunds left instead of 12000 as was estimated when I first came here.

I take the liberty of forwarding copies of my letters to the Head Assistant Collector at Negapatam and as with the present means at the disposal of Government. I do not see any prospect of the ships being loaded during the whole of this year will you allow the balance of the cargo to be taken from Negapatam say 73 Garee; but I must inform you that from all the enquiries

enquiries I have been able to make the Negapatam salt is much worse those the Vadaruiuum being a little better than half sand I send a sample of each.

Here there is no head of any kind the Sea Custom House Manager finds the boats. The Salt Manager the Coolies. Salt Measures. and stow the Salt in the boats. The Police Ameen finds the bondies when required, and as the Authority of each is quite independent of the other no one is in fault and little or nothing is done. I wrote the Assistant Collector at Negapatam to send some one to put an end to this state of things. or person who would have authority over every one but he could not spare any one.

The rose Ellis commenced taking in cargo on the 21 of last Month and upto to day has only 77 garce being at the rate of 1.5/16 Garee or 14 Tons a day, and as two out of the seven boats which were employed in this busines were injured

injured on the 5th Instant. I cannot expect to get quite so much off for the future.

Barque Rose Ellis
Vodaruiuum Roads
the 8th November 1858

Signed Robert Louey
Mast of the Rose Ellis

Copy.

To The Head Assistant
Collector of Tanjore
at Negapatam

Sir

On the 13th of October M. I. D. Sim the Secretary of the Revenue Board at Madras wrote you that the "Rose Ellis" was to receive 18000 Indian Maunds of Salt at Vodaruiuum and by Telegram of the 9th Instant all Despatch was to be given to her. For which purpose ten boats were sent by you from Negapatam to assist we arrived on Saturday and on Tuesday the boats were collected but only nine garce of salt were supplied. On Friday Night and on Saturday Two and a half. The weather was showery but more could have been supplied had there been sufficient force to ship.

On application to the Manager of

of the Sea Customs at Topatory he refers me to the Salt Fiscal and the Salt Fiscal says it is none of his business it is the Collector of Sea Customs so between the two the ship is in an open roadstead and in three working days has only had Nineteen garse of Salt, when in accordance with No items wishes she should have received sixty The Negapatam boats were given batta until the 20th of the month and on the 21st as work commenced the batta was stopped The Men assembled at the Salt pits not very willing to work but the first day they got nothing and the second day only one load they got no batta for the day they could not get work and none to day, and have now refused to work until they know who is to pay them The Sea Customs Manager says, the Salt Fiscal The Salt Fiscal retorts on the Sea Customs Manager so between the

the two the Negapatam men get nothing and the Rose Ellis no salt. Will you have the goodness to send a person who can put an end to these squabbles and who will remain here until the Vessel is loaded or if you cannot spare any one will you give strict orders that 20 boats a day may be put on board.

I forward a copy of this letter to the Secretary of the Revenue Board at Madras and will take it as a great favor if you will cause strict and sharp enquiry to be made into this affair.

Rose Ellis, at Vadarnieem 23d October 1858

/Signed/ Robert Lovey.

Copy

To The Commander of the Barque Rose Ellis Vadarnieem Roads.

Sir.

I beg to acknowledge the receipt of your letter dated the 23d Instant and regret the occurrence of the delay you complain of therein As I am unable at present to depute as requested

requested by you any person from the Huzzoor to Superintendent the work of shipment I have issued strict orders to the Topootoray, Sea Custom Peishcar, and the Salt Peishcar at Vedarniem to expedite the shipment without any further delays and to the Negapatam Sea Customs Manager to immediately sends more assistance to accelerate the shipment.

I am informed that your Vessel is at present anchored at so great a distance from the shore as to considerably delay the shipments and I would suggest if it is practicable the advisability of your taking up a fresh berth close in shore.

Negapatam
25th October 1858

(Signed) W. L. Whiteside
Acting Asst. Collector

To
The Head Assistant Collector
of Tanjore
Negapatam

Sir.

I have the honor to acknowledge the receipt of your letter of the 25th Instant for which I am very much

much obliged and for the strict orders you have given to help the Rose Ellis The Men for the Negapatam boats arrived in due course, but owing to the weather were not required to work until yesterday when they positively refused to stir out of the river and it was not until after a great deal of persuasion and firmness together with punishment from the Sea Customs manager that two of the Sindeals were induced to take their boats to the Salt Pits where one of them was loaded and conveyed her cargo to the Rose Ellis in as little time as the Topatory boats, thereby proving that it was only the will which was required the other boat treat a seam and was obliged to return to repair

On returning from the Salt pits with the Sea Customs Manager he found that nearly the whole of the boats Crews had run away, for which I blame the Sindeals of the boats as the Crews never having had any work could not

not have had any pry-side about their duties — As the Tindals have also re-fusest to move one boat between them and by themselves what the duties are which they were called upon to per-form and as they are creating dis-satisfaction amongst the Sepatory boat-men by telling them that the should demand batta whether they had a cargo or not, and are doing a great deal of meschief — will you have the goodness to remove them from this place where they are a unisance and worse than useless.

You mention in your letter that the Rose Ellis is at such a dis-tance from the shore as to considerably delay the shipments - I am very sorry that such is the case but the Vessels in only 24 feet water, and when load-ed will draw 18 - I have tried to get closer to the shore but find it impos-sible with any degree of safety and I have tried to induce the fishermen to

to point out a better anchorage for a Vessel of the Rose Ellis draft of water but they cannot do it - the bearings of the anchorage on the light house on Point Calimere S.W. ½ S and the Vadaraniem Pagoda as W.N.W. in 4 fathoms water.

I annex a schedule of the way we have been loading, providing that on one day the 28th we were stopped by the surf after getting the boats down The boats assemble at the pits at 6 A.M. and as the pits are a Mile from the boats and the coolies carry the salt on their heads in baskets it is 10 O'Clock before the first boat is loaded - then if the breeze is from the N.E. it will take until the next morning before the boat reaches the ship - the whole of which time the salt is exposed in an open boat at a short distance of the beach and every facility given to smuggling if the men were so inclined — today was a beautiful day over head, and the wind was not strong but the surf was so high that many

many coolies lost their footing in the waters, one was nearly drowned. The loss of Salt is something very great.

The Salt fiscal has proposed that bandies should be employed to transport the Salt from Vadanimm to Topatory where it could be lodged in the Sea customs house Godowns and the Sea customs Manager concurs in the plan. It would allow the boat to be loaded and discharged in daylight and would prevent any opportunity of smuggling which I am sorry there is a very great inducement. the extra cost would be one rupee eight annas a garse and has the Vessel has one hundread more garse to receive I would be very much obliged by your allowing 100 or 120 bandies to come from Negapatam to assist. The question as to the Extra Expenses could be settled between Mr Linn and Messrs Bainbridge & Co in Madras, but the facility to the ships would be great, and the

the Salt would bear a much higher name on the other coast, where at present it is found fault with as being very damp which arises in the whole from the fact of the baskets on the coolies Heads getting two or three dips into the Sea between the shore and the boat. By the bandy all risk of loss and wet would be avoided, the Salt shipped dry and smuggling avoided. The Salt Fiscal at present estimates a garse of Salt to be as follows Viz.

	R a p
For filling the measures	" 6 3
For coolie hire	5 8 9
	5 15 "
For the Bandy hire	6 8 "
For filling the measures	" 6 3
	6 14 3 or say

to allow for all contingences one rupee eight Annas.

By complying with my request to remove the Negapatam boats and send the bandies you will greatly oblige yours very respectfully.

/Signed/ Robert Lovey

To The Commander of the
Rose Ellis
Vedarnieum Roads.

Sir.

I have the honor to acknowledge the receipt of your letter dated the 30th Ultimo and in reply to state that necessary orders were issued for procuring and sending to Vedarnieum the number of bandies required by you but as by a similar requisition from the Commissariat Department nearly

Fort St George 26th November 1858

nearly all the Bandies of this place have been already sent to Trichinopoly it would perhaps not be possible for me to supply you with the entire No of bandies required, I have therefore issued instructions to the Police Ameen that whatever bandies are procurable they may be sent up to the Salt Peishcar at Vedarnieum. With regards to the conduct of the Boat men I have issued strict orders to the Sea Custom House Peishcar of Topatory to report immediately the number of the boats and the name of the refractory Tindals that they may be dealt with according to the Regulations.

I Signed W. P. Whiteside
Acting Head Assistant
Collector.

Negapatam
1st November
1858

To

Fort St George 26th November 1858

To

The Head Assistant Collector

of Tanjore

Negapatam.

Sir,

I have the honor to acknowledge the receipt of your favor of the 1st Instant, the bandies therein mentioned have not yet come to hand but I presume will arrive in due course. I have the honor to represent to you that there are now only five boats at this place partially fit for service and they will carry seven gorse of Salt every 48 hours at which rate it will take allowing for rainy days and feasts until new year before the usual is loaded. will you consider what is best to be done to give me dispatch. As you are much better acquainted with the resources of the country than I am.

Your predecessor Mr J. Vaux as I grew in his telegram to the revenue Board, stated that by the Topatary boats only with the Vessel laying six miles off

Fort St George 26th November 1858

off the lands seven gorse of salt could be put on board, whereas experience shews that in less than nine miles off the land a boat will only make one trip in 48 hours and not that always.

I should esteem it a great favor if you could by any means in your power expedite my departure and also if that there should be 9000 Indian Maunds of Salt at Negapatam dispossable would you telegraph to Mr Sim to ask him if I may complete the loading of the Vessel there sending him by rate a sample of the Negapatam salt.

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

With reference to para 6

B. No. 4700.
From the Collr
of Ganjam - - -

6 of the Extract from the Minutes of Consultation dated the 29th March last No 408 which accompanied the Board's Proceedings of the 28th april No 1509 I have the honor to inform you that I have not as yet received the origatypes thereon ordered to be supplied to the Printing Press of this Collectorate. The Board are aware that 3/5 of the popu-lation of the District and all the Zemindars and their adherents and dependents are Oreyas and that the Printing Press here loses half of its value by our not having the Oryatype. There are many notices published now in Telugu in the District Gazette which should be published in the Oreya language also

and

and as getting them printed at the Cuttack Missionary Press is expensive I request that orders may be passed for supplying us with 600 lbs of Oreyatype as soon as possible - As the type cannot be cut at Madras I request that I may be permitted to pro-cure the requisite quantity from Calcutta where I hear good Oreyatype is to be had -

No 200

To J. D. Sim Esqre Secretary to the Board of Revenue Fort St George

Sir

In the Proceed: of the Board of Revenue No 1077 dated 22nd October, I am directed to report on the

B No 5168 - From the Collr & Agent Vizagapatam -

the

Fort St George 29th November 1858

the working of act XXIV of 1839 in this District in reference to the Remarks contained in the Dispatch of the late Honorable Court of Directors addressed to the Madras Government as Communicated to the Board in Extract Minutes of Consultation of date the 9th ditto No 1365-

2 It appears that these Remarks of the Home authorities have been elicited by a Minute of Mr Walter Elliot who has recorded his opinion that the Corruption prevalent in the greater part of the Districts of Vizagapatam and Ganjam is to be traced to the exemption of those parts from the Control of the Superintending Revenue authorities under the Act in question and it is properly suggested that if it be so, no

Fort St George 29th November 1858

no time should be lost in Repealing the act-

3 The subject thus mooted is of a very grave character and involves Considerations of administrative Policy, the importance of which cannot be over rated I have therefore felt it necessary to apply to Government for a Copy of Mr Walter Elliots observations or Minutes to enable me before making my Report to enter fully into the question & to acquaint myself with the details of Mr Elliots views affecting the Public Servants of these Districts as well as the grounds on which he is able to trace his Charges mainly to the operation of an act which has now been in force for nearly 20 years and which I had always understood to be the reverse of

provocative

provocative of the evils Mr. Elliot Complains of.—

4 So soon as I am furnished with Mr. Elliots written opinion I will give my immediate attention to the subject mean while as this reference will create some delay, I have thought it right at once to apprize the Board of that they may not look for any report before the Close of the present year which I trust will be time Enough, but if required before then, I will endeavour to despatch it at an earlier date.

To J. D. Sim Esqr
Secretary to the Board of Revr.
Fort St. George

B. No 3587
From the Collector of Rajahmundry

Sir,

With reference to your letter of the 22d. May last, I have the honor to state that the 8 Zemindars entered in the Statement which accompanied my letter of the 4th October 1856 No 97 were not considered as Grommah dars. The 1st of them is the widow of Rajah Reddy Narsimha Davoo the Amumb- Zemindar of Goottalah. Polavenum and Collapully and the 7th is connected with the family of the late Zemindar of Moguller, while the 2. 3. 4. 6. and 8 are in the receipt of Ready Money allowances in lieu of resumed Enam and Mogoomday lands in the Cola Ramachundra-pooram Tulook and in the Pettapore Estate. The 5th holds a Pension granted to her as the widow of a former Head Sheristadar Gazavilly Nursingarum which is charged under the 7th Head "General Salaries"

2. With reference to the 2d Para of your letter under reply as per
I beg to state that the allowance of Rupees 40-6-10 was sanctioned in the name of Mohadeen Saheb attending at the Dargah of Penugonda. It was Subdivided and enjoyed by him and his brothers son Saul Mahomed in equal shares. On the death of the former, the Government Continued his share to his son Booranuddeen under date the 28th August 1849. He died on the 1st May 1853 and on the 2d June 1857 his share was Continued to Ally Saheb his brothers son, while the share enjoyed by Saul Mahomed Lapsed to Government on the death of Mahomed Saheb. It has never Since been claimed.—

3 A Statement prepared in the form given in the Board's Circular of the 29th August 1855 as herewith forwarded for the allowance in question as well as for that of Meer Mahomed Sufee Saheb the Son of Meer Mohamed Ameenullah referred to in the foot Note of my Statement of the 25 September 1856 which was sanctioned by Government on the 5th Nov.r 1857.

4 The information required regarding the Grants 384 which are not the allowances referred to in the foot Note of the Statement of the 25 Septr. 1858 is not yet furnished as the Missing documents have yet been discovered. I regret to say not

No. 152

To J. D. Sim Esqre.
Secretary to the
Board of Revenue
Fort St. George

B.R. No. 4959
From the Collr. of
Rajahmundry

Sir,

I have the honor
To acknowledge the receipt of
the Extract from the Proceedings
of the Board of Revenue of the
4th May 1857 forwarding Extract Minutes of Consultation
of the 7th April and to furnish
the further information
regarding the enams in
question called for in
the 4th Para thereof—

2 In the Jerrua-
-ment Bhoolumed accounts
of

19212 Fort St. George 29th November 1858

of the Village of Comaragherry
Puttan & Pootties of Ennam
land are entered in the name
of one Ameraoom Lutchmiah
under the head of Shotrium
Doombalah Lutchmiah enjoyed
the land during his life and after
his demise his sons widow &
brothers widow Ammiah and
Nursammah divided the Enam
equally between them — of the
2 Pootties which fell to
Nursammah ½ Potty was
sold to P. Ramaniah for 12½
Rs as per bill of sale
dated in the year Kanalumby
the Remaining 13/4 Potty she made
over to her daughters son
Vistroomabauty
Pethamurziah

Fort St. George 29th November 1858

Lutchmeenursiah as her heir, she
being without male issue This
Lutchmeenursiah sold 3/4 Pootty
to P. Ramaniah for 100 Rs. as per
bill of sale dated 30th November 1845 the
Remaining 1/4 Pootty is now waste having
been Rendered unfit for Cultivation
by the irruption of Sea water &
Ramaniah it appears sold her 2
Pootties to one Venkatamakunty
Reddy of Poddapatturu who
again in the year Valuvelly 1838/39
disposed of 1/2 Pootty by
sale to P. Ramaniah for 25 Rupees
of the Remaining 1 1/2 Pootty he sold
3/4 Pootty to Nadumpully Nurasaiah
1/2 to one N. Kistumraz and the Re-
-maining 1/4 is now waste -

And

Fort St. George 29th November 1858 -

3 One Leodaty Puddoo formerly
an opulent Ryot and a Ship merchant ac-
-quired 1 Pootty of what is Called Sulese-
-quent Enam that is Land granted as Enam
subsequent to the Permanent Settlement
and in point of fact not an Enam at
all as the Zemindars had no power to
make such alienations. He held it for
some time and transferred it in gift
to his Priest the ancestors of Enjoomy
Veeraghunachardoo. It was in their
enjoyment for some time. Veeraghava-
-charloo sold it to P. Ramaniah for
100 Rupees as per bill of sale dated
7th June 1844 -

It is thus seen that Ramaniah
purchased the 2 1/2 Pootties of Enam
between the years 1837 and 1845 - 1 1/2 of which
form part of 4 Pootties entered in the
Permanent accounts in the name of Ameraoo
Lutchmiah and 1 Pootty subsequently
acquired

acquired by Cocatty Puddoo Viz.-

1/4 Poolly sold by the original hold:
-ers in 1837-

3/4 Do. by Vistnoomahanty Lucki =
-meemurial in 1845 Grand Son
of the heir of original holder
through female line-

1/2 Do. by Vencatamahanty Reddy in
1838 who purchased the mann from
the heir of the original holder-

1/2 As per permanent accounts- 1 Pt.

1 Subsequent Enam sold by E.
Veerraghavachariar in 1844-

2 1/2 Potties-

5 The present possession of these Potties
2 1/2 Potties is as follows 1 Poolly is held by
Nadimpully Srinivadryrauz a brother of the
mornas Ramaniah, under a document
executed by the latter in the year Ananda
in liquidation of a debt of 550 Rs. for 35 years
3/4 is in possession of Soobarauz the son of the
above Srinivadryrauz as per a document executed in the

year

year Pramadeecha in discharge of a
A.D. 1853/54
Sum of 126 Rupees- It is to be held for
7 years 3/4 of a Poolly is in possession
of Boodrarauz Venkiah in Considera-
-tion of 240 Rupees paid by her to her
sister Ramaniah as per document
executed in the year Pareedhavy stip-
-ulating that the above sums together
with interest at 12 per cent is to be
paid in three instalments pledging
the house at Bendamoorlunka, and
the above enam of 3/4 Poolly adjoining- In
default of payment within the prescribed time
the house was to be sold and the
debt discharged- If the sum was
not recovered in full from the
sale proceeds thereof the deficit
was to be realized from the produce
of the enams- The money not having been
paid according to the above instalments,
Venkiah declares that the house and the enam
have been made over by the mortgagor Ra-
-maniah to her and is in her poss-
-ession- a suit was filed in the District

Moonsiffs

Moonsiffs Court of Amlapoor by Vencatasubbiah against Ramaniah for the recovery of both the principal and interest amounting to Rupees 350-

6 The witnesses prove the execution of the above three documents & Ramaniah has no documents, she having made over all to Annuraz who produced the following original papers-

4 Bills of sale in support of the 2½ Postics of land purchased & by Ramaniah from different individuals as above stated-

1 Razeenamah presented in the Sub Court by Ramaniah & Nadimpully Nursaraz Vencatasubbiah for the enam land Vencatasubbiah in suit No. 259 of 1849 dated 8th January 1853-

1 Order to the Nazer of the Sub Court dated 21st October 1853 directing him to carryout the terms of the Razeenamah in question

1 Document executed by Ramaniah in favour of Annuraz dated 7th December 1854 mortgaging the enam

enam lands Vencatasubbiah in liquidation of a sum of 1000 Rupees paid by him-

1 Dr. or Coule dated 30th December 1854 leasing out per enam to annuraz for 80 Years in liquidation of 2000 Rupees-

1 Moochilka executed by Nadimpully Srichadryraz in favor of Annuraz dated 14th January 1855 agreeing to Cultivate the enam of 2½ Postics for Fasly 1265 and to pay 40 Rupees- The execution of the above document is wholly denied by Srinbadryraz the land is he urges in his possession under the Coule given to him by Ramaniah for 35 years as the transaction between annuraz and Ramaniah has been disallowed, the two last named documents have of Course no force-

1 Moochilka executed by Nadimpully Nursaraz to Ramaniah dated

dated in the year Plavanga
A D 1848/49
agreeing to cultivate 2/4 Pootties of her
enam for 7 years and to pay 25 Rs per annum.

7 A suit having been filed
in the Subordinate Court in No 269
of 1847 by one Mullady Suttanah
against Nadimpully Nursaraiz &c
for the Recovery of 1600 Rupees, the
property of the latter was attached
by the Court, the Enam Lands of
Ramaniah being then in possession
of Nursaraiz as per Moochilka
above noticed were also attached,
Ramaniah then filed a suit in
the Sub Court in No 259 of 1849
against Nursaraiz &c for the Recovery
of the enam and for the amount of past
years produce & a Razeenamah dated 8th
January 1853 was executed by Nursaraiz
&c agreeing to make over the Enam to
Ramaniah as they were prepared to
satisfy the demand of Mullady Sattu-
-nah from their own other property & to pay

the

the amount of 5 years produce
Viz. 125 Rupees within 6 Months
The Court accordingly ordered the
Nazer on the 21st October 1853 to make
over the enam to Ramaniah

8 There are no other documents
bearing on the Case

9 The enams are now in the
possession of Srinhadryraiz his son,
and his sister Venkiah under the Cowle
executed by Ramaniah. The latter denies
the execution of them but I have little
doubt that they were really executed by her
Her father Nursaraiz declares that
the enams were in fact purchased by himself
but that he bought them in the name of his
daughter Ramaniah as her husband was
dead, and in order to avoid the Chance
of there being attached on the motion of his
(Nursaraiz) creditors

10 It is right to state that the
woman Ramaniah has lately
died and that she had been for

Some

Fort St George 29th November 1858-

some time living and carrying on an improper Connection, though till a short time ago I was not aware of the fact with B. Annu: -rangy- It will be seen that the enam lands in question fell into Rama: -mah's possession between the years 1838 and 1845 or subsequent to the promulgation of Regulation IV of 1831, and a portion of them not long previous to the promulgation of the enam Rules of 1848. That one Poothy is in fact not an enam at all having been granted subsequent to the permanent Settle: -ment & that the Cowles under which the lands are now held by Ramaniah's Relations were executed so late as 1853 and 1854-

11 I much Regret the delay that has taken place in submitting this Report- It has been partly occasioned by my desire to enquire on the spot into certain points in doubt but still the delay has I am constrained to admit been excessive

and

and for it I must apologize-

From the Collector of Masulipatam

Sir

I am acknowledging the receipt of the Board's letter to Govern: ment dated 27th Ultimo, on the Subject of annual Exctra Establishments, I observe with much regret that they have excluded from the estimate submitted to Government the propos: ed usual charge on account of Samalcundy Goomastahs amounting to Rupees 320- The item was not specially brought forward in my letter, because the necessity for it had been again and again exc = plained in preceding years, and the charge allowed by the Board and the Government - I beg therefore to refer the Board to the former Correspondence, and entreat their reconsideration of this matter —

Para 6.

These

19225

Fort St. George 29th November 1858

These extra hands are annually required not so much for a special Jamabundy work as to supply an actual paucity of hands on the Permanent establishment, which is felt more severely during Jamabundy time and when the office is moving about the District than while the Cutcherry is at Head quarters - The inadequacy of the hands in this District is I doubt not already well known to the Board and I trust that the Board will not deny me this extra assistance during the busiest season of the year, because they are required to do work, which ought to be done by Goomastahs on the permanent establishment if there were a sufficient number of them -

No. 180

To J. D. Sim Esqr.
Secretary to the
Board of Revenue
Fort St. George

B. No. 1813.
From the Collr.
of Nellore -

Sir.

I have the honor to acknowledge the receipt of an Extract from the Minutes of Consultation under date the 9th October 1858 forwarded by the Board for early report -

2 The District Engineer has as stated applied to me on several occasions during the present year with the view of obtaining the permission of the Venkatagherry Zemindar for firewood required for the works on the Trunk Road being cut within the limits of his Estate on each occasion I have addressed the Zemindar on the subject, and the result as far as words go, have left me nothing to complain of. He stated that orders had been given to allow the wood to be cut at 1/2 price Viz. 4 a Bandy, which was Communicated to Lieut. Mullens - the Zemindar's answer

honoured

however to the Representations made by me on the District Engineers letter of the 31st July quoted in these proceedings was not Received till towards the end of September or subsequent to the time of his addressing the officiating Chief Engineer. That letter was Replied to on the 5th of October when I mentioned that the Zemeendar had informed me that he has issued orders to the Amildars of Poloor & Sagootoor to allow wood to be Cut at the places Required by the Contractors of the District Engineers Department on payment of 4 annas a Bandy load.

3 I have also quite lately received another Communication from the Zemindar in Reply to a further Representation made by me in September to the effect that he has given orders to his Amildars to allow wood to be given wherever the Road Department may have Occasion that so far as his information

information reaches it is going on accordingly but that if the names of the persons who prevent it are pointed out he will take further measures.

Bd's Cir: Nov: 2 Page 212 appendix.

4. The Zemindars is entitled to the "produce" of all timber on his Estate.

5 Under these circumstances I do not Consider that any things further is Required in this particular

No 128.

To
F.D. Finn Esquire
Secretary to the
Board of Revenue
Fort St George

Sir

With reference to your Offic-
-al Memorandum of the 8th Instant, I have the
honor to state, that on the receipt of the Extract
Minutes of Consultation dated the 1st June 1858
No 734, conveyed in the Extract from the
Proceedings of the Board of Revenue under
date the 10th Idem, orders were issued to the
Tahsildar of the Coilcoontlah Talook to insti-
-tute a thorough enquiry and to submit a full
report on the tenure of enam lands enjoyed by
Narrainsawmy, 5th prisoner in a Murder case
therein alluded to. -

2. The proceedings submitted by the
Tahsildar detail the subject as follows: -

3. The Vyratee Enam lands said to
be held by Narrainsawmy contain Acres
21 - 28 - 4 bearing an
assessment of Rupees
57 - 5 - 0 and are
situated in the village of Mahanundepully in
Coilcoontlah

B/c No 1,872

of Cuddapah
Reporting
on the tenure
of Enam lands
held in the
Talook of
Coilcoontlah
by Narrain-
sawmy, 5th
Prisoner in
the Murder
case, referred
to in the Ex-
tract Minutes
Consultation
1st June 1858
No 734. -

*	a - c - as	Re - a - p
Dry	18 - 13 - 0 at	3 - 0 - 4
Wet	3 - 15 - 4 at	49 - 4 - 8
	21 - 28 - 4 at	57 - 5 - 0

Coilcomttah Talook.—

4. They are entered in the survey accounts as "Byragee Nyratee Surva Enam", in the enamaty accounts of Fusly 1220 as "Byragee Surva Enam" in those of Fusly 1223 and 1246 in the name of Anuntalhageeratee Gosayee and in the latter accounts of 1258 in the name of Narrainasawmy the present incumbent.—

5. There are no summuds or documents in possession of the present occupant to shew when or by whom they were granted or who was the original grantee; but from the circumstances related in the Proceedings, it appears that the lands in question were conferred upon a Brahmin named Nullasawmy founder of an Inn or Matam adjacent to the temple on Mahanmndy hills during the former Government, for the purpose of feeding the gosayee Sunnyasees and other pilgrims who resort to that celebrated temple. On his demise he was succeeded by his disciple Anuntalharatee who was again by his son Ristnapoory who died in 1838 leaving neither sons nor disciples to inherit his possessions.—

6. These three incumbents are said to have lived in a Matam or Inn constructed near the temple and fed the pilgrims in fulfilment

fulfilment of the conditions prescribed by the grant In 1838, the enam lands were attached and the produce raised thereon kept in Amanut.—

7. Subsequently in 1840, an application was made by the present incumbent Narrainasawmy for the occupation of these Enam lands, who agreed to be bound by the condition under which they were held by his predecessors. An order was thereupon issued to the Tahsildar on the 11th April 1840 by Mr. Lavie directing him to obtain an agreement from the applicant that he shall hold the Enam and appropriate the produce thereof for feeding the pilgrims to Mahanmndy Temple according to the custom and make over the lands to him.—

8. This incumbent Narrainasawmy appears to be a Native of Verella, a village belonging to Nundigam Division in this District of Masulipatam. He left his native place on pilgrimage at the age of 14 and has settled in this District for the last 30 years. Since his succession to those Enam lands, the Tahsildar reports he has executed repairs to the Inn whenever required, and constructed a car at an outlay of Rupees 14,00 which amount he realized by contribution from people. He lives in Sinnapooram, a village about

2

19235

Fort St. George 29th November 1858.

2 Cofs distant from the village of Mahanum-
dy and goes to the Inatum every morning
and returns from it at noon after perfor-
ming the usual ceremonies. With regard
to his fulfilling the conditions under co-
which the Enams were granted to him,
the proceedings under review afford no
other evidence than the mere assertion of
Narrainasawmy contained in his deposition—
The evidence of the village officers of Moha-
mundy does not touch upon this point. co-
A communication was therefore made to
the Tahsildar to ascertain and report
whether the conditions are duly fulfilled
and what sort of supervision is exercised
on the part of the Talook and Village
authorities to ensure a strict observance of
these conditions by the holder of the Enam. On
receipt of the required information, the Board
will be duly informed of the same.—

B.d No. 4933

Fort St. George 29th November 1858.

Tabular Report on the lapsed Enams in the District of Salem.

Case Number	Talook and Village extent and value of the entire Enam	When and by whom granted name of the original grantee Sunnuds or other Documents in support of the grant	Nature of the grant charity or service If service nature of the duty prescribed by the grant.	Name of the last holder date of his decease and the relationship in which he stood to the grantee.	Share enjoyed by the deceased and that held by the other Enamdars	Family left by the deceased and name and age of the parties their circumstances and the means of subsistence possessed by them	Recommendation of the Collector and the grounds on which it is made.	Recommendation of the Board of Revenue	Decision of Government
1	2	3	4	5	6	7	8	9	10
28	Tengaries the Talook Village Naresampatty Extent Assessment Acres g. a B.d A. P. Dry 25-13-11-11-1-7	It is not known when and by whom granted. No Sunnud is forthcoming in support of the grant In the survey account the name of Allie Shaw is entered as Enamdar.	Kyrat or Charity	Fatmah bee daughter in law to the brother of the original grantee was the last holder She died about 4 Years ago.	The deceased enjoyed the entire Enam.	Nunnoo adopted son of the deceased.	This charity Enam stands registered in the Survey account in the name of one Allie Shaw. It is not known when or by whom it was granted. No Sunnud is forthcoming in support of the grant. The original grantee, Allie Shaw, enjoyed the Enam for some years and died. Subsequently the enam passed to one Dooda, who is supposed to have been the Nephew of the original grantee. After his death the enam descended to his Nekah widow Fatmah bee. This woman died 4 Years ago, leaving a son whom she had by her first husband and who subsequently was adopted by her Nekah husband.		

2 It does not seem to me necessary to make any enquiry about the adoption because the Mohomedan law does not sanction the system of adoption and therefore the adopted son has no legal right to inherit the Enam in question.

3 One Ebram Saib claims the Enam as the grandson of the original grantee. From the record it appears that the individual is not a legitimate grandson, but that he was born to a woman kept by the son of the original grantee. His claim to the Enam is therefore inadmissible.

4. One Abdul Kader also claims the Enam on the ground that he is the grandson of the brother of the brother of the original grantee alleged by Abdool Kader to be his father and grand father He failed to establish this relationship nor does it appear that the person he maintained enjoyed the Enam. In consequence his claim to the Enam cannot be maintained.

5. The Board from the foregoing explanation will observe that none of these parties are legally entitled to succeed the Enam. I therefore recommend that this Enam be resumed.

No. 232

To I. D. Siviv Esqre
Secretary to the Board of Revs
Fort St. George

Sir,

In an Esctract Minutes
Consultation of the 10th august 1858 No. 1105 —
Communicated by the Board on the 11th I send,
the purchase of 50 Iraffe Mercala was sanctioned
with an understanding that the old ones
would be sold —

B. No. 1848.
From the Ag. Collr.
of Madura —

2 The Amildar has since Reported
that 65 more are required to enable him to
furnish each Puri with 2 Mercala & to Retain
a stock (30) for exchange in case of any
getting out of Repair —

3 I do not consider so many to be
Requisite but would Recommend that the
Board obtain the sanction of Government for the
purchase of an additional 50 Mercala at a
Cost of Rupees 550 —

4 The old mercala now in use and to be
sold amount to 112 —

5 I Regret that the neglect of the
amildar to ascertain in the first instance
the number required should have rendered
necessary this second application —

Sir

B.R. No. 5335
From Messrs. Bainbridge & Co.

We have the honor to
Madras -- annex Extract from a letter we
have received from Captain Robert
Lowry of the Ross Ellis dated Negapatam
the 19th instant -

You will notice the Salt
Superintendent at that place is sup-
-plying the Ship by Measab and not by
weight and that Captain Lowry states
that by this mode he is not receiving the
quantity for which has been paid for -

We indented for 18000 Indian Candy
and under the agreement made with
Government for the sale of the Cargo
it is to be taken and paid for at Man-
-galore by the Indian Maund it is there-
-fore obvious that the Ship should
be supplied by weight, and we
shall

19249 Fort St George 29th November 1858

shall feel obliged if you be kind enough
to instruct the officials at Negapatam
to take proper measures to ascertain
the exact weight per Measab of the
Salt which is being supplied and to
give the Ship such quantity as with
that taken on board at Vedaranniam
will complete the quantity of 18000
Indian Maunds paid for -

We shall be glad if these instruc-
-tions can be transmitted to Negapatam
to day -

With respect to the unlooked
for day and difficulties which have occur-
-red in loading the "Ross Ellis" we
shall have occasion to address you
after the vessel has completed her lading -

Madras - - } (Signed) Bainbridge & Co.
29th November 1858 }

Extract -

I left Vedaranniam the day before yes-
-terday having expended the fifth
boat

Fort St George 29th November 1858

boat belonging to the place leaving only two to complete the ships it was impossible to do it with any reasonable chance of success before the middle of January.

To day it is blowing very hard being the full of the Moon & I am sure of seeing the vessels pitching at a great rate outside but perhaps the day after tomorrow may be better & I shall have a chance of getting cargo I am told that there is sufficient salt here to load the ships & that I shall not have to go to Antiniram or any other place as mentioned in your letter dated 12th Instant received to day.

I wish on the receipt of this that you would send me a copy of your agreement with the Government as if I do not forget you were to receive the maunds by weight & not by measure retailing it by weight also Now the officials do not issue any thing by weight it is not as yet the

Fort St George 29th November 1858

the Custom but some weights are coming by & by from England) Negapatam salt is very light & instead of 3-5ths Marcals going to the Indian Maunds it will take 5 Marcals to the same the salt superintendent cannot have: ever go out of the beaten track & so will only give 24 Marcals to the gauge instead of 60 & I wish the Copy of the agreement to be able to claim from these gentlemen the difference.

I tried to telegraph to you yesterday but the telegraph is out of order somewhere between this & Pondichery but you will have plenty of time to write me I fear.

To J. D. Sim Esqre.

Collector of Masulipatam

Sir

1 I have the honor to request that a Gong and hour glass may be Supplied for the use of the Ellore Cutcherry.

2 Ellore is a very large and very populous town containing some 30,000 inhabitants, and with the exception of the Gong in use at the Depot, 2 miles distant from the cutcherry, there is nothing to tell the time.

3 The peons guarding the cutcherry at night have no means of finding out the time to relieve one another. When the Post Office was in the cutcherry, there was an American clock which Struck the hours, that has, with the Post Office been removed elsewhere. the want therefore of a Gong and glass is very much felt.

Salem "

Sir

I have the honor to bring to

the notice of the Board that a Choultry Situated

opposite to the Talook Cutcherry at Salem

commonly called Mc Leods Choultry was

found a few moths Since to be in a dan-

gerous State, and that in consequence I

authorized the Tasildar of Salem to pull

down the building, and to Sell the materials,

with the ground on which the Choultry Stood —

2 It appears that this Choultry was

built about 60 years ago by Mr. McLeod,

and

and was used for the Talook Cutcherry up to

1820-21 Since then it has Served as a

Choultry for Travellers, but more frequently

has been occupied by indigent persons and

beggars belonging to the town. —

The old materials, and the land on

3

which the Choultry Stood, have been Sold at

public auction, the materials for Rupees 64 " "

and the land for Rupees 271 " " amounting

in the aggregate to Rupees 335 " " —

I now beg that the Board will

4

apply to the Government to per-

mit this money to be carried to

to the credit of the local funds

for the building having been so

long given up to the public, it

can

No. 5098.
From the Collr. of South Arcot. Sir.

In reference to the Board's Proceedings of the 3 September communicating Extract from the Minutes of Consultation of the 30th August 1858. I have the honor to forward copy of a letter addressed to the District Engineer regarding the construction of an Anicut across the Vonnar for supplying the Walltar & Paganeru Channels, and of the Returns expected from unwatered Cultivation.—

South Arcot
Collrs Cutchery
Cuddalore
1st November 1858

/Signed/ G. N. Taylor
Acting Collr.

Encr 1.—

To. Captain C. A. Frost
District Engineer
South Arcot

Sir.

In reference to my letter of the 27th Ultimo I have now the honor to forward for eventual submission to Government by the Chief Engineer

Engineer & with the opinion of the Board of Revenue an abstract tabular statement in the requisite form showing the returns that may be expected from increased Cultivation under the Anicut & Regulator Channels by the construction of an Anicut across the Pennar.—

2 A glance at the Survey plan & examination of the land will probably suffice to show that the site of the work has been judiciously selected. Should that the statements of probable returns now submitted will be considered amply to justify the expenditure.—

3 The annual increase in the Revenue which is expected to result from extended Cultivation under each of the tanks supplied by the Anicut & Regulator and other small channels south of the Pennar including also two tanks on the North side of the river which are entered in the Survey plan amounts in the aggregate to Rs 1125

1125 or to little more than 12 per Cent of the estimated cost of the work. This however is the very lowest Estimate of the returns of Revenue that may be expected. Out of 1910 Cawnies of waste land the Tahsildars believe that 600 Cawnies will be brought under wet Cultivation & that out of a Punjah ayacut of 23601 Cawnies only 600 Cawnies will be converted from dry to wet. But it is probable that when these numerous tanks are provided by means of the Anicut with a fuller and more certain supply a considerable extent of Punjah will be irrigated and if not absolutely converted into Punjah will be in a condition to produce a wet Crop upon which the ordinary Rudder of two Rupees a Cawny will be charged.—

5 But in a prospect of this kind it is not the actual money returns alone that ought to be considered. The proposal of Messrs Parry & Co. to advance the necessary funds for the construction of this Anicut,

Fort St George 30th November 1858.

Amint which is removed in extract
from the Minutes of Consultation date
30th August last is a proof of the
great value of the work to the in-
=dustrial resources of the District.
The extention of Cane cultivation,
the promotion of which is so very
desirable on every account can only
be secured by providing a steady
supply of water throughout the
year. at the present moment the
owners of the Factory at Pirina-
=vellur in common with the
whole agricultural population who
are dependant for their irrigation
upon the tanks supplied by the
Rayaveri & Vellattur Channels labor
under peculiar disadvantages, after
their arrangements for the season
have been completed, they are fre-
=quently disappointed by a failure
of the expected freshes in the Pennar
which under the most favorable
circumstances, lasts only a few days
& does not often rise sufficiently
high to bring the expected supply.
This uncertainty in the supply
which

Fort St George 30th November 1858.

which checks enterprise & prosta-
=tes the energy of the Ryots will
be remedied by the construction
of the work now proposed.—

5.— It will be seen from the
abstract Statement of the cultiva
=tion for the last 10 years that
a very considerable advance has
been made during the last 3 years
in bringing the waste lands under
the plough. The extent of cul-
=tivated land is therefore
comparatively small and the in-
=crease returned by increase of Re
=venue from the tract irrigated
to the South of the Pennar will
not be so high as under other
circumstances it might have been.
The greatest benefit to be derived
from the anicut, so far as this
tract is concerned, must be
looked for in the security it
will afford to the lands under
present cultivation, and the con
=sequent improvements in the re
=venues of the people. Still the
expected results are, I trust such
as

From Lt. Col. George 30th November 1858.

I will admit of the entry of the Project in the next Budget.

5. In the last para of your letter to the Chief Engineer you refer to the tract to the South of the Ponnier which might be brought under the influence of the proposed anicut. I would strongly recommend that the project be extended on that direction also. There are 72 tanks in the Talook of Tirkhalur & 12 in Villupuram on the south side of the River which are now fed by Channels from the Ponnier which would receive a steady and certain supply if provided with a main Channel from above the anicut. I formed a separate Statement (B) giving the same information with regard to them as it afforded respecting the tanks to the South of the river. It will be seen that the probable annual miraba to the Revenue would amount to 11799 bs which added to the former amount

From Lt. Col. George 30 November 1858.

amount, gives 17424 - 12 - 3 or 34 per Cent on the present Estimated cost of the work.

No.	Sources of irrigation	Villa-puram	Tirika-lore	Gollavan-nasur	Total
	South side of the River -				
1	Pagavali Channel	"	"	44	44
2	Mallattar Do	"	"	16	16

To

The Secretary of the
Board of Revenue
Fort St George

Sir

B.R. No. 5335
From Messrs. Bainbridge & Co.

We have the honor to
Madras -- annex Extract from a letter we
have received from Captain Robert
Lowry of the Ross Ellis dated Negapatam
the 19th instant -

You will notice the Salt
Superintendent at that place is sup-
-plying the Ship by Measab and not by
weight and that Captain Lowry states
that by this mode he is not receiving the
quantity for which has been paid for -

We indented for 18000 Indian Candy
and under the agreement made with
Government for the sale of the Cargo
it is to be taken and paid for at Man-
-galore by the Indian Maund it is there-
-fore obvious that the Ship should
be supplied by weight, and we
shall

19249 Fort St George 29th November 1858

shall feel obliged if you be kind enough
to instruct the officials at Negapatam
to take proper measures to ascertain
the exact weight per Measab of the
Salt which is being supplied and to
give the Ship such quantity as with
that taken on board at Vedaranniam
will complete the quantity of 18000
Indian Maunds paid for -

We shall be glad if these instruc-
-tions can be transmitted to Negapatam
to day -

With respect to the unlooked
for day and difficulties which have occur-
-red in loading the "Ross Ellis" we
shall have occasion to address you
after the vessel has completed her lading -

Madras - - } (Signed) Bainbridge & Co.
29th November 1858 }

Extract -

I left Vedaranniam the day before yes-
-terday having expended the fifth
boat

19279 Fort St. George 30th November 1858.—

B.R. No. 3294.—

From the Actg. Registrar Sudr Udalut.— } Extract from the Proceedings of the Sudder Udalut under date the 24th Novr. 1858.

A Petition of Appeal from the order of the Court of Wards under date the 5th Ultimo passed upon petition No. 272 of 1858 having been filed in the Court of Sudder Udalut on the 8th instant the Court of Sudder Udalut direct that the same be posted for hearing on or after the 24th December next ensuing.—
