

No. 54.

To

G. S. Forbes Esqre

Secretary to the

Board of Revenue

Bd. No. 1577.

From the Collector of Bellary

Sir

Fort St. George

With reference to Extract from the Proceedings of the Board of Revenue under date the 15th October last No. 3525 communicating Extract of paras 7 and 8 of Extract Minutes Consultation, dated 14th May 1857 with paras 8 and 9 of the Boards letter to Government dated 31st March of the same year respecting Dasai Enams in the Cuddapah District, and calling for a report whether any difficulty will attend the introduction into the Districts of Cuddapah and Bellary the system of commuting Dasai Enams into life Pensions, I have the honor to report as follows.—

2 I would not recommend the general commutation into life Pensions the Dasai Enams of this District. These Enams have been declared to be not hereditary and the Government have reserved to itself the right of disposing of them as they deem fit with reference to the circumstances of the holders of them in

in each case, on every occasion of lapse and if the Government are disposed to grant money Pensions, in lieu of continuing any portion of the Enam to the heirs, it should be done on the occasion of lapses. To do so now generally would be creating much discontentment.—

3. At Present this class of Enams which at the survey period amounted to 1,15,000 Rupees are now held only to the amount of 87,751 Rupees (See enclosed Statement) the rest having been resumed. They are not all held by the heirs of the original Holders, but a portion Rupees 20012) See (column 8 of the Statement) are held by Goomastahs and Donatees. The value of the Enams to the holders is also much less than the assessment, and there would be difficulty in satisfactorily arranging the life Pensions. I would rather prefer that a full investigation be made into each case now, and the terms on which the Enams should be held and continued to their heirs, be settled while the present holders are alive. but this would require much time and labour. At present the investigation is made only on Lapses occuring and there are at present about 12800 Rupees now under investigation to be reported on in due course.—

To

J. D. Sim Esqr.

Secretary to the

Board of Revenue

Bd. No. 5857.

From the Collector of Chengulput.

Sir,

Fort Saint George

I have the honor to bring to the Boards Notice that my printing Press is in full operation as far as its capability permits, but being one only delay is experienced in working it rapidly, the impressions of the District Gazette, for instance, have all to be taken off on one side of the sheet of paper before the other side can be used- with an additional Iron Press this would be remedied, and as soon as one Press had printed one side the other Press would print the other and the whole would be expeditiously struck off. I enclose

Fort St. George 28th December 1858.

I enclose a List of Papers I am endeavouring to pass through the Press which the Board will perceive is not a light one, and additional Papers Periodicals and Publications are daily springing up rendering further assistance necessary I make no doubt that the Press will be remunerative if kept in full work and therefore, with reference to Para 4 of Extract from Minutes of Consultation No. 582 of the 30th April last sent to me on the 12th May following with the Boards Proceedings of the 9th April No. 1231 I have the honor to request you will be good enough to move the Board to make the necessary application for my being supplied with an Iron Press as soon as practicable.

Sir,

B^d. No. 5858
From the Coll^r of Chingleput

I have the honor to forward a Petition from the Inhabitants of the Village Moonsiffs and Puttamanigars who have subscribed to the District Gazette are now supplied with it through the Post office bearing Postage. Being Government servants they consider that they might very well be relieved from the payment of Postage should their request be favorably met, I think it would lead to a more extensive Circulation of the Gazette and the Press Receipts be thereby benefited I have the honor to request the Board will be good enough to obtain the sanction of Government for my being permitted to enclose Copies of the Gazette for official persons like the above under cover to the Tahsildars who will distribute them by means of the Village Talliars.—

To

No. 155.

To J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

B. No. 4048.
From the Collector
of Bellary—

Sir,

I have the honor to enclose a fresh map for the formation of Hospett Talook, as called for in Secretary Mr Forbes letter, under date the 1st May last in which it is stated that the one already sent has been mislaid in the Government Office I have had much difficulty in getting this map completed. and my late absence from Head Quarters has further delayed this report.

2 It is noted in the map how many villages have been and are proposed to be transfered, and from what Talook to what Talook. The villages noted in No. 1 of the said note are those which have been on transferred

transferred from Hurpunhully to Hoovinhudgaly Talook - Those in No 2 from Hoovinhudgaly to Hurpunhully - Those in No 3 mention: :ed within the dotted lines are the Vil: :lages proposed to be included in the Hospett Talook from Koodleghee and Hoo: :vinhudgaly - The Village in No 4 is transfer: :red from the Hoovinhudgaly Talook those in No 5 have been transferred to Bellary from Rayadroog Talook - The Village in No 6 is Gonagondla, which had been pro: :posed for transfer to the Adonie Ta: :look of this District from Kurnool - But it will be seen that it may con: :veniently form a part of the Punchapol: :lum Talook which has now been trans: :ferred in whole to Kurnool, Mr Arbuthnot Collector at Kurnool, so agrees with me in thinking that the transfer of Gengondla to Adonie is now unnecessary and the Board will probably acquiesce in this opinion.

Should

3 Should the Government ap: :prove of the formation of Hospett Ta: :look I would propose, a further re: :arrangement of some villages viz: that 19 Villages of Hurpanhully bearing a Revenue of Rupees 16606 be transferred to Hoovinhudgaly and that 17 Villages of Hovinhudgaly lying close to Hurpun: :hully and producing a Revenue of Rupees 7816 be transferred to Hurpunhully which has been noted in the map, the former Villages being marked 7 and the latter No 8.

4 I beg to enclose 2 Statements one showing the distance in miles between these Villages and the res: :pective cusbahs and the Revenue for Fusly 1267 and the other shewing the proposed permanent number of Villages for Hoovinhudgaly and Hurpun: :hully Talooks within the Revenue.

To

J. D. Sim Esqre

Secretary to the

Board of Revenue

Fort St. George

Sir,

Rd 4348

From the Collector of Bellary

Enclosure No 1.

I have the honor to submit my report of lapsed Enams disposed of in the first Quarter of the present year, and to state that the delay that has occurred in doing so, is in some measure owing to the unusual bulk of the report itself and to a large number of documents which form enclosures to it, having to be translated - as also to a press of other work - I now submit 11 of the 73 documents which belong to the report, and shall forward the remainder in a few days the report it will be seen comprises 85 lapses and credit is due to Mr Collett for the disposal of seventy five thereof, while he was additional Sub Collector of the remaining 10 five were disposed of by Mr Arbuthnott as Sub Collector, and the other five by Mr Goldingham - Besides the 75 cases abovementioned Mr Collett disposed of during the same quarter the accompanying yeomiah lapse, and 59 Enam cases, under the powers vested in Collectors and I am much indebted to that Officer for the great attention

Enclosure No 2.

Regd 886

21395

Fort St. George 28th December 1858

attention he has paid to this as to every other department under his care while he was additional Sub Collector -

At the Commencement of the year there were undisposed of -

In the Hoozoor ——— 262

Received during the Quarter ——— 35

Total ——— 297

Of which disposed of in 1 Quarter ——— 158

and at the Commencement of the 2d Quarter there remained ——— 139

Received up to this date ——— 104.

Total ——— 243

Of which I am happy to say 206 cases have been disposed of up to this date & those which are referrable to the Board will be transmitted as soon as the fair Copies &c can be made -

The Board will observe several Cases of long standing but I hope now that the arrears have been nearly Cleared off there will seldom be Cases of long standing undisposed of -

In the Talooks at the Close of the first Quarter there were 238 Cases still to be Reported on -

A-D-1702-

Hanoomangoud & Shirkangoud sons of Dhanapah are the original grantees-

1 Sunnud bearing the abovementioned date in which it is mentioned that a Nuzzer present of 200 Pagodas had been received and that Increase and privilege to receive Rents Customs fees has been granted to the Kool Karz-nee of the place-

3 Jodes Puttahs issued under the Honorable Company's Govt in the names of Bheemanah & Shirkapah Vizt

1 In the year Dhondhooly in A D 1802 in the name of Bheemanahooly

1 In the year Krodhna A D. 1805 in name of Shirikeppa father of Peeretapah (Has illegible seal but no signature)

1 Dº Prabhava A. D. 1807 in name of Shirikapa-

3 In the Pymash account Dhasa Kool Kurny Bheemanah is entered for the land in Kulhully-

Humparasapahs name is entered for one of the lands in Vondhalapooram & Bheemapahs name for the other lands.

Bheemanah & Vasapahs names are entered for the Chittiavadyee Enam-

The Hoopette Enam is entered as being Dhasa Kul Kurnee Jodes Enam in the Pymash account & in the Tarwar account the name of Dhasa Kool Kurnee Bheemanah is entered-

22d May 1852-

+ Gungamah widow of Humparasapah 74-1-4

This is another person and not No 7 in the Genealogical table-

the 2d Claimant.

2 Dº Kamamah daughter of Gungamah-

Note It appears that the 2d Claimant resides at Sunganay: Sworn in the Nizams territory,

and held Enams there-

The deceased possessed Puttah Land of the value of Rs 43-3 in the Village of Sunkarasnathana: Sully-

It appears that for some time both branches of the family enjoyed these Enams till the death of the husband of deceased about 45 years ago they were then assigned to deceased & the family of the first claimant went to the Nizams Country where they still have other Enams & deceased from that time retained the sole possession of these lands-

The claim of Peeretapah the representative of the younger branch therefore appears inadmissible

The other Claimant is the widow of the adopted son of the deceased- As this is a Jemadaree Enam the Collector beg to recommend its Resumption in accordance with the orders of the Honorable Court of February 12th 1851- other Enams to the Value of Rs 41-14-3 have been Continued to the widow of the adopted son of deceased the adoption appearing to have been a Valid one-

None	The title to the lands is sufficiently proved by the Summuds & entries in the Pymash accounts the land in Village No 2 in the Gooty Talook & one of the lands in Village No 1 in the Punchapollem Talook as also lands in Villages No 1 and 2 in the Gooty Talook of Enams held without Summuds are entered in the Pymash accounts in the names of persons not of the deceased's family, but in the subsequent Enam these accounts they are entered

Talook No 12 1793-8-24-11-6

Talooks were granted by Dasaie Venkatrow and others on the 15 of Chythra Shoodda of the year Ummutha of Seeka 1698 or A-D 1776

The lands in Venkiranz Kalva in the yadkee Talook were granted by the authorities of that Village on the 15 of Shravana Shoodda of the year Dhoormathee of Seeka 1663 or A-D-1741-

The lands in Jonnagirry in the Punchapollem Talook were granted by Dasaie Bojanah on the 15th of Shravana Shoodda of the year Dhoormookee of Seeka 1699 or A-D. 1778-

The land in Perravalee in the Punchapollem Talook was granted by the authorities of that Village on the 15th of Carteeka Shoodda of the year Halayookthee of Seeka 1600 or A-D- 1678-

in the names of Members of the family and the fact of their having been held by them appears indubitable-

The deceased was the third of four undivided brothers the first died leaving a daughter & the second & fourth each leaving a widow the whole property thus became vested in the deceased he has now died leaving two daughters to the eldest of whom a nephew sisters son Vajoola Ramah is married the second is a minor- a few months before his death deceased executed a deed of gift to this nephew in which the land in Village No 2 in the Gooty Talook of the Value of Rs 28-2-11 was set aside for the maintenance of Soobamah the widow of his 2nd brother & one of the lands in the Village No 1 of the yadkee talooks held under Summud as also one of the lands in Village No 2 in the Punchapollem Talook and the land in the Village No 10 in the Gooty talooks of the Enams held without Summud

21398. Fort St George 28th December 1858

The land in Thoogalee in the Punchapollam Talook was granted by the authorities of that Village on the 12th of Ashada Shoodda of the year Sarvaree or A. D. 1780 -

The original grantees of Sunnudars Jungumbut & Lutchmee: =mursumbut & Visnapathachbut -

1 Sunnudar bearing the above: =mentioned dated Vizt. -

1 For the Enam in Venkiranga Kalee in the name of Jungum Chuttoo

1 For Do. in Perranalee in the name of Lutchmeemursum Chut -

5 For Do. in Yeddaroor Yerradhanie: =razoo cheroovoo Radharapettah Joonagerry and Thogulee in the name of Vishanapathy Chut -

7

1 Bhogaputtah &c. issued under the Honorable Company's Government Vizt.

4 Joree Chits issued in the year Shookla or A. D. 1809 for the Enams in Radharapettah Joonagirry Perranalee & Thogulee.

2 Bhogaputtahs issued in Fusly 1217 or A. D. 1807 for the Enams in Yeddadoor & Yerradhanarauz Cheroovoo -

1 Sagunalee Chit for Radharapettah Enams -

1

14 Kerray Rajah Chuttoo name is entered for the Yerradhanarauz Cheroovoo Enam and yellum Chuttoo name for one of the lands in Joonagirry & Vishnapathee's name for all the other lands in the Pymash account.

of his Younger brother & the remainder granted to the nephew he engaging to provide for the marriage of the Younger daughter -

The two widows of the brothers of deceased claim the whole Enams but as the entire property vested in the deceased by the death of his brothers without male heirs the widow are at most entitled only to a maintenance.

The deed of gift to the nephew (and son in law) is of course invalid, he can take nothing under it & the daughters of deceased being his sole heirs are alone entitled to inherit -

Two Lands in the Village No 1 & two in the Village No 2 in the 9 adRee Talook of the Enams held under Summud of the value of Rs. 40-7-7 are claimed by one Venatachellum Chuttoo who asserts that he received them by a deed of gift about 26 years ago but he has no deed there is no entry of his name in the Enam the accounts & the Villagers deny that he has occupied them for more than 2 years This claim therefore cannot be recognised & its resumption is Recommended -

The Lands in the Village No 1 in the Gooty Talook of the Enams held without summud of the value of Rs. 2-12-7 are also claimed by one Narrain Chuttoo (since deceased) under a deed of gift executed some 5 or 6 years ago - but no deed or other proof exists beyond the testimony of the Villagers that he held the land for 5 years previous to the lapse his possession is therefore insufficient & the resumption of the land is recommended -

The deed of gift to Vajeeloo Ramiah the nephew is invalid but the Collector would beg to recommend its recognition so far as to continue to the widows of the two brothers of deceased the lands therein set as part of their maintenance for their lives only - The Remainder of the Enam lands should be considered to be continued in the joint names of the two daughters of the deceased as his legal heirs - The lands claimed by the two persons as alienated to them by gift to the Collr. recommended to be resumed -

the value of was in the enjoyment
Rupees 18-15-9 in the of the same upto the
Hoodlegaw & Bellary Taluks day of his death &
have been Continued to the Son of that he has no Claim
the deceased under the powers vested in name to the same - The
Collectors - deed of gift is said
to be lost there is no
entry of the donees name
in the latter Enams the accounts
the length of possession is said to be about
20 years but the non production of the deed & the
absence of any entry as usual in the Enam these accounts render
this assertion very doubtful, and the alienation was probably a much
more Recent one - The Collector would therefore beg to Recommend the
resumption of this Enam - Other Enams to the value of Rs. 18-15-9 have
been Continued to the present Claimant —

Enam Bhattavritty Enam held without a Sunnud -

5	Kumply Taluk 1 Ramasagaram No 2 acs 6 a Rs 0 a 0 2 35-15-65-10-7	Unknown Unknown None	Charity	Thummah Chayamah (daughter in law of the Pymash dar) died on the 6th December 1854.	Entire	The deceased had no male issue. 1 Rakabalah Beemah Charloo son in law of the deceased aged 40 years the claimant. 1 Seenamah Step daughter of deceased aged 35 years. 1 Torlasummah Do aged 30 years None	There is no sunnud but the original title is proved by the enquiries in the Pymash and Turnear accounts in the name of Ragapiah His son was Tummanah he has two wives the first died leaving two daughters - the second survived her husband and had a daughter who

was married to the present claimant Bheemacharloo. but she died without issue before her mother - Clearly therefore the two daughters by the first wife are, on the decease of the second wife, the only legal heirs of Tammanah.

Bheemacharloo sets up a deed of gift dated in 1838 by the deceased (the second wife) to himself. The lapse having occurred in 1854, his enjoyment has thus not been for a sufficiently long period. But the claimant and the deceased, after the alleged alienation, lived together, and had in fact a joint enjoyment. There are two leases produced, from the claimant to a tenant. but, both the Villages and the tenant assert, that the rent

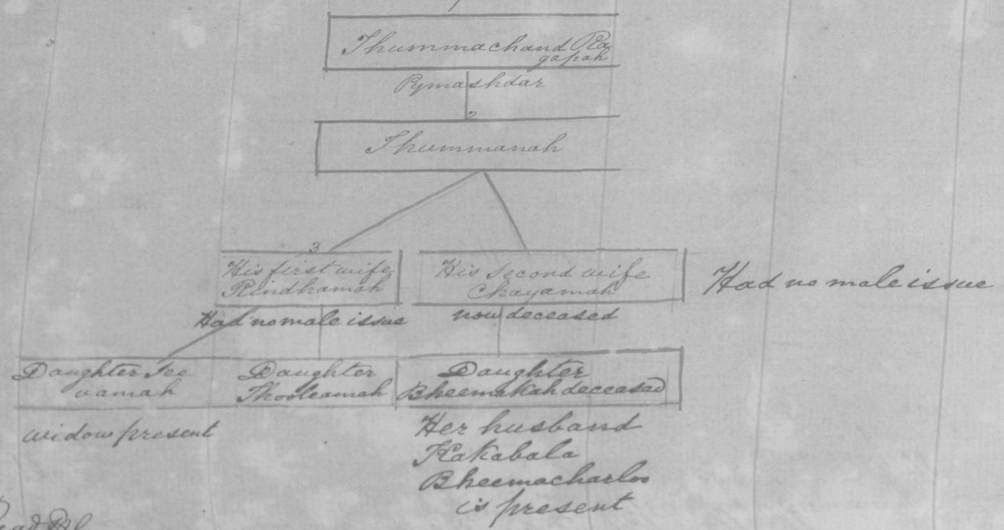

21402 Fort St. George 28th December 1858.

rent was paid indifferently to the claimant and deceased - The entries in the Enam thee accounts continued to be in the name of deceased - The deed of gift is not exeecuted on Stampt Paper - The title of the claimant appears thus to defective to authorize the transfer of the Enam to one - an entire Stranger to the family of the Enamdar.

One of the daughters (as also her husband) of the first wife put forward a claim but withdraw it on the alleged ground of the deed of gift.

The two daughters who are apparently ignorant of their rights, are entitled to succeed as legal heirs, and the Collector therefore begs to recommend the continuance of the Enam in their Enams - Otherwise it should be resumed.

21405

Fort St. George 28th December 1858.

6-6-1	Is enjoyed	are held on two deeds
	by Woopala	of gift (produced)
	Ramalloo	both dated in A.D.
	too in	1840 The first entry
	Chil	of the donees name
	wakoor	in the Enamthee
35-15-5		

accounts is in Fusly 1258 the period of enjoyment being insufficient to give a title the resumption of the lands is recommended - The Land in Kurakatavamalah of the value of Rupees 2-8-0 is stated by the Villagers to have been held by the donees for 40 years and upwards - The first entry of the donees name is in the enamthee accounts of Fusly $\frac{1234}{1824}$ - In consideration of lengthened enjoyment, its continuance to the claimant Veneat Nursummasastry is recommended.

For one of the lands in Chelamakoor of the value of Rupees 0-5-6 no deed is produced but the donees name appears in the Enamthee account of Fusly $\frac{1234}{A.D.\ 1824}$ it is therefore recommended to be continued to him on the ground of long possession - A Deed of gift dated in A.D. 1818 is produced by the claimant for the other land in Chelamakoor of the value of Rupees 6-6-1 - The donees name appears in the Enamthee accounts of Fusly 1234 it is therefore recommended to continue the Enam to him - These lands having been under attachment since A.D. 1848 the payment of arrears on those lands which are continued to the donees is recommended in all the continuance to be subject to report on deaths of present claimants.

Gift Enam without Summuk

9	Goolium Tacoor 1 Pedda Hoocoor No 1 acs 9.a 0.a 27-10-12-78-8-8	Unknown No Documents The name of Hoobunnah is entered in the Pymash accounts	Charity	Choodamanah Charloo died in March 1854 Holder of the Enam by gift from Pymashdar	Entries	1 Nursimmacharry son of the deceased aged 24 years. 1 Soobanah his wife aged 15 years and 4 other female relatives.	The deceased held this Enam under two deeds of gift from the Pymashdar - The first deed is dated in 1829 and by it 10 acres were granted to the deceased's father it is corroborated

by an entry in the Enamthee account of Fusly $\frac{1247}{1857}$ that the Enam was given to deceased's father & their enjoyed by deceased considering the lengthned enjoyment by deceased the portion of the Enam is recommended to be continued to his son - The other deed of gift is dated only in 1840 and grants the remaining acs a 17-10-12 to deceased and his younger brother who died without issue, and whose share of this and other Enams fell to deceased - Deceased having died in 1854 his title by prescription is defective and this portion of the gift Enam is recommended for resumption - Other Enams (besides the above 10 acres) to the value of Rupees 125-3-0 having been continued to deceased's son.

10	Raidroog Telook / Dodagattah No 1 acres a R a D 4-2-2 23-5-8	Unknown Unknown No Documents The name of Mootheyaramapah is entered in the Pymash accounts.	Charity	Bobamah died on the 28th November 1854 daughter in law of the Pymash dar.	Entire	Left no issue	There are no Summuds nor any other proof of the origenal grant. The name of Mootheyala Ramapah appears in the Pymash and Tarwar accounts and names of his descendants alone

Olum Bapuji Pandit Enam as Shrotriem

appear in the subsequent accounts and they it is clear have solely enjoyed this Enam. The deceased was the widow of the Pymashdar's son Lutchme Narsimapah. The present claimants are the great great grand son, and the widow of a great grand son of his great grand father. The former asserts that Lutchme Narsimpah and himself were members of an undivided family, and the testimony of the Villagers is to the same effect. But the claimants branch of the family have lived for a long time in Mysore, and have had nothing whatever to do with the Enam - if undivided, they ought to have claimed to succeed on the death of Lutchme Narsimapah - the claim now made by the widow (2d claimant) is at least quite inadmissible. Although the family be divided, as probably it is the 1st claimant Venkapah may claim to succeed now by tracing through Lutchme Narsimapah to their common ancestor Timmapah

But considering that these Enams are personal grants, and that Venkapah, though within the strict limits of a legal heir (being a remote Sapinda) to Lutchme Narsimapah belongs to a different branch of the family by none of whom has this Enam ever been enjoyed; the Collector scarcely thinks his claim rests on any equitable grounds for favorable consideration and would therefore recommend the resumption of this Enam.

31	Goolcem Talook 1 Yenoor No. 2-25-29-14 86-5-8	Un Known Un Known None	Charity Ranoomuntah Grand daughter in law to	Entire	1 Nursapah the undivided brother of the deceased husband aged 50 years 1 Godhamah daughter of the deceased aged 16 years 1 Sambaka another daughter of the deceased aged 9 years

One of the two loads is entered in the name of Timmapah & the other in the name of Mullarapah in the Pymaish account

Thimmapah and Cousin Law to Mullarapah the Pymaishdar died on the 10 March 1854

In the Extract from the Minutes of Consultation 10 May 1849 this Enam was Continued to the widow of Rama Chundrapah. Subject to Report on her death the is now deceased Nursapa the brother of Ramachundrapah asserts that he was his undivided brother, and Claims to succeed. In 1849 he made a similar Claim which was not recognized & he was in fact treated as a divided brother his present Claim therefore seems equally inadmissible.

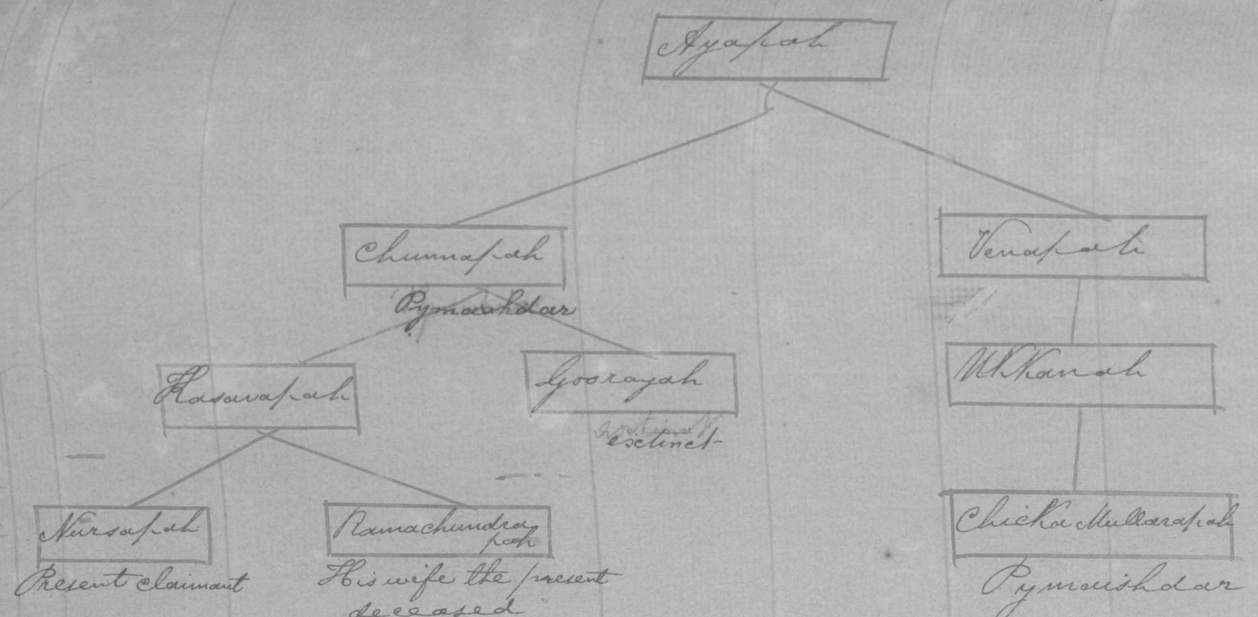

This family proposes Curnee Kum Enam in this Village to the Extent of Rupees 573-10-0

Bheema- -sana row died on the 16th May 1852	Entire	1 Hanoomantha row son of the deceased aged 15 years. 1 His Mother seethamah 40 years. 2 other female Members 4	The land was in the enjoyment of deceased by virtue of an alleged transfer by gift when by whom and wherefore this gift was made is not at all known. The name of Appanasastry appears in the Pymaish and Enamathee accounts upto

Gift & Enam without Summd.

that of fusly 1247 / 1837/38 when the name of deceased first appears. Appanasastry was in no way related to deceased nor is any thing known of his heirs or whether indeed he ever had any. There is some general and vague evidence of the Villagers that the land had been enjoyed by deceased's family for some 40 years but the absence of evidence of any gift to the family & the fact that none of their names appear in the accounts till the year 1837 or only 15 years prior to the death of the last holder, renders this alleged transfer very suspicious & suggests the idea that it may have been a misappropriation or the failure of heirs to Appennasastry. The Collector recommends therefore the resumption of this enam. Other Enams valued at Rs 272-4-3 have been continued to the sons of deceased.

	Total No 32-73 6 28-6-6 7 8-2--		For land in Village No 4 in the Kurspen- hully Talook & Kur spanhully Lingabut -00- For the land in the Village in the Coodleghee Talook Vindla Iyengar's					

There are no Summuds but the entries of the lands in the Pymash and other early enamthy accounts are (with one exception) in the names of members of the family of the deceased being in the name of Anhanah of deceased's husband's father- Deceased died without issue- The claimants are the three daughters of her husband's bro. thers and the two widows of his cousins husband as to the latter they can have no claim. The family was divided into two branches and one half share of

enam^{t}.
and for all the
other lands
Nursimbuttoo.

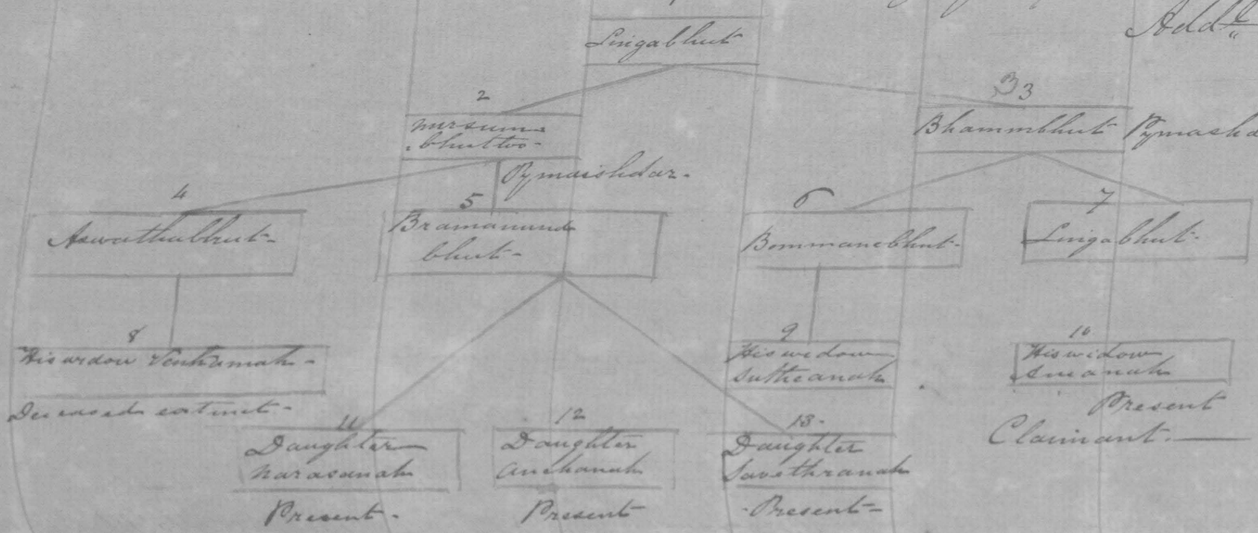

of these Enams has
been held by each their hus.
bands belonged to the other
branch and they can have no claim on
the share nominally held by deceased. The
Land in the Village of Voofsoor in Coodlegheer
Talook the exception alluded to is entered in the Pymash accounts in the name of a
Stranger in the Enam the account of Fusly 1234 (1824) and subsequent accounts in the name of
deceased's husband and her own name. The three lands in Village No 5 were transferred in
1838 by deed of gift on Stamp Paper by deceased to the husband of No 11 in the table & in 1841
he mortgaged them for Rupees 40 to one Kensapah. the deed is produced but as the mortgagee
must long ago have recovered his principal and interest these lands are recommended
for resumption One of the lands in Village No 3 of the value of Rupees 14-3-6 was
mortgaged in 1821 by No 7 in the table to one Curnum Govindopah for Rs 35 the
deed on Stamp paper is produced, Here too the principal and interest must
have been recovered over and over again and the resumption of this land is therefore
recommended. As to three of the lands in the Kavaraypatam Village of the value of
Rupees 58-2-9 there was an enquiry and on the 17th September 1828 Wm Mason Sub Collector
issued an order setting forth that as these lands appeared by the enquiry held to have been
always in the possession of Curnum Akkapah though entered in the Pymash accounts
in the name of the father of deceased's husband they were to continue in his possession
and the Enamdar was referred to the Civil Court to establish his title they are now
held by Bheemapah the son of Akkapah and the Collector would therefore re-
commend that the possession of the present incumbent should be recognised subject
to report on his death. One land of the value of Rupees 7-15-9 in the same
Village is also stated to have been set apart for the service of the Anjanayaswamy
Temple but there is no deed or other evidence beyond the Statement of the
Villagers. The date of the transfer is not known. The alienation appears to
have been an irregular one and the Collector therefore recommends the
resumption of the land.

Of the remaining lands comprising the Share held by
deceased one land in Village No 1 in the Durpunhully Talook two lands of the value
of Rupees 7. 3. 9 in Village No 3 in the same Talook, and the lands before
alluded to in Voofsoor Village are stated to have been long enjoyed by the
remaining two Claimants (No 12 & 13 in the Table) the daughters of the
deceased's husbands brother. There is no proof of how long this enjoyment
has been and upto Fusly 1258 the entries in the accounts continued in
the name of the deceased. The value of these lands is Rupees 27-1-8

and

and the two claimants are widows without issue and without any other means of subsistence. The Collector therefore recommends the continuance of these lands to the claimants for their life. As to the remainder of the share held by deceased their claims appear invalid and the resumption of all the other lands is therefore recommended. The remaining daughter Mg II has certainly not been in the enjoyment of any share in these Enams since A D 1841 and as she has no right to succeed as an heir it does not seem requisite to assign to her any portion of the Enams. —

Signed J. C. Coltett
Addl Sub Collector.

Reg. 1854

21449

land in that Village no name is entered in the Pymash account but in the Sarwar account Sudasayee Verapatch appah's name is entered.

The land in Village No 4 as Dasacool carnee Sodee Enam and for all the other Members Dumpersapah's name is entered.

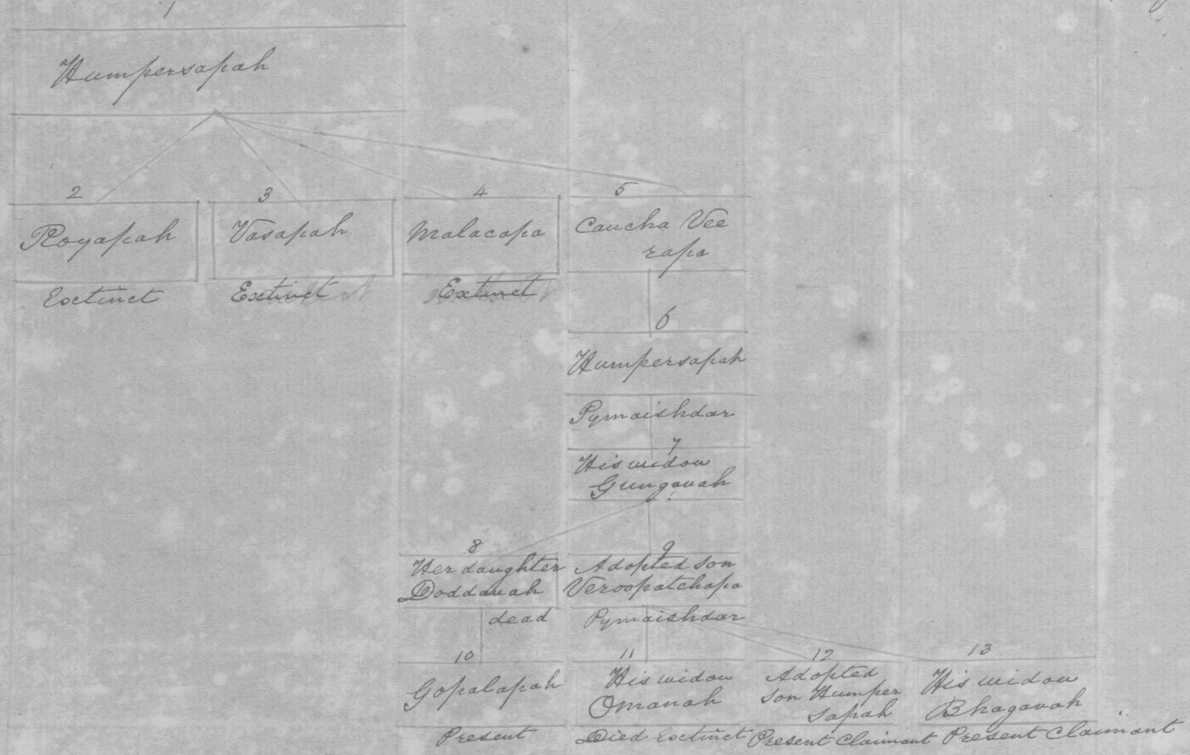

are Village service enams amounting to Rupees 1505 subject to a Sodee of Rupees 650. Dumpersapah has along been allowed to hold them being entered as doing so on behalf of Government i.e not as his own right. Besides the above Butumtty & Dusamundum Enams of the value of Rupees 52-12-7 have now been continued to Bhagavah under Collectors powers.

(widow of the Pymaish dar) 30 Rs each to the two widows of Verapatch appah of whom one survives and is now a claimant Verapatch appah had adopted one Dumpersapah (another of the present claimants) but this adoption Government refused to recognize in Extract Minutes Consultation dated 11th July 1802 his present claims are therefore inadmissible. The elder widow (now dead) also subsequently adopted one Mallapah also now a claimant but this adoption was still more irregular and he has therefore no claim upon the consideration of Government.

The surviving widow of Verapatchapah and his only legal heir has her pension of Rupees 30 per mensem and Butwarty and Dusmundum enam valued at Rupees 57-12-7 has been continued to her and she is thus sufficiently provided for. The entire share of these Desayee Enams held nominally by deceased might therefore be recommended for resumption but in 1818 Verapatchapah (Rep 2 BG) granted the Enams in the Villages Nos 5-6-7-8 and 9 to Doddavah (No 8 in table & his sister by adoption) by whose son Gopalapah ~~[illegible]~~ those in Villages Nos 5, 6, 7 & 8 are still enjoyed - the deed is produced and appears authentic - the value of the Enams Enams in these four Villages is Rupees 160 considering the long continued enjoyment and that the holder is related by blood to the Pymaishdar, the Collector would beg to recommend that these Enams be continued to Gopalapah (now aged about 48) for his life only. The lands in Village No 9 have never been enjoyed by the donees, but have been improperly appropriated by the Saghirdar of the Village. These lands as well as all the lands in Villages Nos 1, 2, 3 & 4 included in the share of deceased are therefore recommended for resumption. The deed of gift includes another Village in which there appear to have been no Enam lands.

The other sharer to the amount of Rs 123-11-7 in these Desayee Enams is the widow of a member of a distant branch of the family.

(Signed) C. Collett

Total Nos 15 427-16-13-4-444-5-1

Unknown

No old Documents. Jary Chits exeecuted in the name of Nawdagowd Thumpengowd for the Enams in the following Villages-
1 Moondregee
1 Pauthraboodihall
1 Gonahall
1 Manoor
1 Siddergudda
5 Nawdgowd Thumpiahs name is entered in the Pymaish account for all the Enams.

For Subsistence in lieu of resumed Villages & fees.

Mullen:good died on the 16th June 1856- grand son of the Pymaishdar.

437-0-5 share enjoyed by the deceased
7-4-8 enjoyed by Caree Veerapah who obtained it by gift

444-5-1

1 Veeroopatcha:pah, son of the deceased, aged 22 years.
1 Thummoocapa, Do of Do 19 years.
1 Ramalingapa, Do Do aged 4 years.
1 Chennaba:samah, widow of the deceased, aged 48 years.
1 Veerabadrapa, nephew of the deceased, aged 16 years.
1 Do Sunguma:basapah, aged 14 years.
4 Other female Members

There is no sunnud, but there are Saree Chits for many of the lands, and the entries in the Pymaish and Tarmar accounts for all the lands are in the name of deceased's grand father the lands have also since continued in the enjoyment of the family with the exception of one land in Village No 5, which has been alienated by gift- These Enams being all Nawdgowd or Zemindary Enams, are liable to resumption- The deceased left three sons & his undivided brother left two sons

There are reddy Enams amounting to Rupees 69-7-6- and Nyathy Enams of the value of Rupees 203-10-9 have been continued under Collectors powers.

These form an undivided family, and claim to succeed Pairaty Enams valued at Rupees 203-10-9 and Reddy services at Rupees 69-7-6 have been continued to them- They hold also Puttah lands assessed at Rupees 23-0-0

Under these circumstances, the Collector begs to recommend the resumption of the share of these Enams held by deceased.

As to the land in Village No 5 it appears that there is no deed of gift or other documentary evidence of the date of the alienation- It is stated that the gift was made about 20 years ago by deceaseds father to the present incumbent, but there is no entry of the donees name in the accounts prior to that of Fusly 1258 / 1848 / The alienation of such Enam being notoriously prohibited, the Collector begs to recommend the resumption of this land.

which was decided in favor of Pleaders
by Govt. 2 February 1849. and the Honorable Court
of

other Villages directing them to continue to Farm as heretofore the Enams and Fees as usual.

5. Sanad issued on the 14th of the above mentioned month by which Office was not known but some Seal of the Authorities of Cadlore and 3 other Villages directing them to continue to Farm as heretofore the Enams and Fees as usual.

6. Sanad issued on the above mentioned date and sealed as above by the Authorities of Goondanoor and 30 other Villages directing them to continue to Farm as heretofore the Enams &c. as usual.

7. Sanad issued on the above mentioned date under the same Seal by the Authorities of Bootamakull and 3 other Villages directing them to continue to Farm as heretofore the Enams &c as usual.

8. Sanad issued on the above mentioned date by the said Officers to the Authorities of Bantanahand and 3 other Villages directing them to continue to Farm as heretofore the Enams &c as usual.

9. Sanad issued on the above mentioned date on the same subject to the Authorities of Cadlore and 3 other Villages directing them to continue to Farm as heretofore the Enams &c as usual.

10. Sanad issued on the above mentioned date on the same subject to the Authorities of Kanchinadoy and 40 other Villages.

11. Sanad issued on the above mentioned date on the same subject to the Authorities of Ponnaveram and 3 other Villages.

of Proctors

9th February 1854. Some doubts were entertained on the authenticity of documents 1 to 33 by the Persian Translator but were corrected.

In consideration of the nature of these Enams and that there is nothing to show that they were intended to be hereditary. The Collector begs to recommend their resumption. The total Enams valued at Rupees 3,97,9 10 including several Enams, have been continued to the sons of deceased. But the Collector would further beg to recommend from a regard to the Condition in life of the family and the number of Members, that small life Pensions be granted to the sons of deceased and his brothers and also to such of the 3 sons of the deceased. The large Enam is said not to yield more than about 350 to 400 Rupees net to the Enamdars as it is waste under Cavel. But it will be taken by Government on due time, and the proper Revenue that should be derived from it. The Collector would recommend an Annual allowance of 25 Rupees to each of the 4 Brothers and 120 Rupees to each of the 3 Sons in all 600 Rupees per year. Each pension terminable with the life of each. The Enam is more than the Enam is said by the Proprietors to yield to them but the Estimate is undoubtedly purposely made below the waste and the real value of the land that will now revert to Government.

Forthcoming

Dhasai Hanoommutarows name is entered in the Pymaish account for the Enams in Chelnahully and Halbarvy and one of the lands in Bolagotee The other Enam in the latter Village is entered in the name of Dhasai chayapah and the Enam in Koorolay hully is entered as being circar cultivable waste land. —

Do. —

to his priest Trivick Ra
ma charloo about 35 years
ago and was enjoyed by
him and after his death
by his son Mudhavacharloo
Thrivick ramacharloos name is
entered in the Enamlee accounts
from fusly 1234 the present holder is
aged 55. —

Two of the lands in Halhurvy
were granted by the deceased
Hanayreeraw at the time of his
daughters marriage about 14 years ago
to Ijee Jmardanah charloo and are now in
his enjoyment. He is aged 28 years. —
One of the lands in Halhurvy
was granted by the Pymaishdar to one Pylewan
Sajenkhan, about 32 years ago and is now held by his grandson who is

aged 60 years

But these three Enams are entered in the names of the
Original Enamdars in the Enamlee accounts.

The Bolagotee Enam was granted by the deceaseds
father Hanoommutarow to one Goonaya charloo about 34 years ago and is now held
by his son Jaychanloo aged 55 years.

The names of these two individuals are entered in the Enamlee accounts since fusly 1214.

The Koorolahully Enam was granted by the deceaseds father, to the ancestors of the present
holders Kristnacharry and Vasoodhavacharry about 34 years ago. The family has continued to enjoy
them and the names of the members of the family are entered in the Enamlee accounts
since fusly 1234. The present holders are aged 40 and 70 years respectively they have other
means of livelihood. Two of the lands in Halhurvy of the value of Rupees 5 1/4 8 have been
held by the donee for 14 years only, and their resumption is therefore recommended. All
the other lands have been enjoyed for more than 30 years by the families of the donees —
and with one exception the present holders are men of 55 years of age and upwards the
Collector therefore begs to recommend the continuance of these lands to the present holders
for their lives only half the Koorlayhully Enam to be resumed on the demise of one
of the Joint tenants. —

Signed/ C. Collett.
Addl. Sub Collector

Enams without Summuds.

The adoption was made 5 years after the death of her husband by deceased at the alleged direction of the husband, but the Child adopted was in no way related to the husband but only to the widow whose mother was paternal aunt to the father of the Child adopted. The adoption was thus for all purposes some what irregular, and the Circular Order of Board of Revenue 29th September 1851 para 4. certainly seems to exclude the claimant. The Collector would therefore recommend the presumption of the Share of these Enams held by deceased.—

in the name of deceased. As there is nothing to
show that these Enams ought to be deemed hereditary
the case is submitted for the consideration of the
Board and the Collector recommends the resumption of
the Share held by the deceased. The Claimants there to be the
three Sons of the deceased. They pay a Share on the Georgee Jars
and they hold the Village Lands assessed at Rs 12 -

Signed C Pelly
Asst to the Collector

In forwarding this recommendation the Collector would explain
that as the Grants to the Enamdars produced are not hereditary it is assumed
that the Enams were granted for life only. But the Collector would take the
the

the opportunity of remarking that if those had been no Enamdar produced
the case simply of the Enamdars name being entered in the Jaffy accounts
would have entitled the Sons to succeed without further question
or report to the Board and it seems to be questionable whether the
production of the Enamdar should evidently invalidate the Claim deri
vable from long uninterrupted possession in this case -

Un Known
Un Known.

1 Tah Reed issued in the year sobacrootoo A.D. 1783 by the Goodacottah Poligar Jatungy pajoo jaroo to the collagull Villagers in which it is mentioned that land bearing on assessment of 12 Pagodas is granted to Vydum Iyembhuttoo and the land is to be pointed out by the Villager.-

1 Tah Reed issued in the year crodhee A. D. 1784 by the said Poligar to the abovementioned Villagers stating that the land pointed out was bad and that good land was to be assigned to Iyembhuttoo.

In the year 1614 a Tah Reed issued (Name of the Officer unKnown) to the Tholamamady Villagers in which it is mentioned that the Inam which was from a long time in the name of Iyembhuttoo should be continued to him.-

In the year 1620 a Tah Reed issued (the name of the Officer unKnown) to the Tholamamady Villagers directing them to enquire into the encroachments on the 8th Moontaloo of enam land held by Iyembhuttoo.

In the year 1624 a Tah Reed issued (the name of the Officer unKnown to the said Villagers stating that Iyembhuttoo had complained of certain cultivators preventing him from enjoying the Inam, and directing the opposition to be put an end to

Bhudoor Dy Inam Koring Seemud.

Charity Vydiem sashapah died on the 10th December 1852.-

37-8-3 Shares held by deceased
13-9-11 Do. held by others
51-2-2

1 Summamah deceased — widow of the — aged 50 years
1 Vencamah, 1 Soobamah — wives of the son of the deceased
1 Soobamah, 1 Goondamah — Daughters of the claimant.

Soobanah son of the deceased aged 35 years

These Inams are held on Sunnuds but the title is not satisfactory There are for land in Village Nº 1 two Tah Reeds produced dated in 1783 & 84 there is nothing in them to show that the enam was to be hereditary The Iyembhuttoo named therein was possibly Nº 1 in the annexed table but the entries in the Pymaish and other accounts up to that of fusly 1857 are in the name of strangers The name in the account of fusly 1257 is Mullapasastry (brother of deceased's wife) who is said in that year to have given the land to certain Ryots on cowl Deceased never at any time possessed the land. The heir of Mullapasastry says he has himself no claim. the ryots have paid rent to no one - The land is recommended for resumption.

For lands in Village Nº 2 are produced Tah Reeds dated in A.D. 1614-16-20 and 1624 in the name of Iyembhuttoo and one in A. D. 1699 in the name of Gunga=dara pah The names of these parties are also entered in the Pymaish and Tarwar accounts for these lands It is clear that the Iyembhuttoo and Gungadara pah of the Tah Reed cannot possibly be the individuals entered in the Genealogical table as it is admitted that the daughter of Nº 2 (the alleged eldest son of Iyembhuttoo

and

21474

Fort St. George 28th December 1858.

N.B. No seal or signature of the paper

In the year 1697 a Sarkal issued (the name of the Officer unknown) to the said Villagers, in which it is mentioned that permission had been granted to continue the Inam in the name of Vaidea Jungadariah

The following names are entered in the Pymaish.

For land in Village No 1 Jamidha

For lands in Village No 2 Iyembhut and Jungadarabhut.

and elder brother of Jungadara pah) was alive and held these lands in A. D. 1824. The deceased is said to have succeeded to the enjoyment of these lands on her death and to have held them for about 20 years But his title thus to succeed was invalid though a distant relation he was not within the limits of the legal heirs whose title is recognized by Government The Collector therefore recommends the resumption of these lands Other Inams assessed at Rupees 276-7-11 have been recommended for continuance to the son of deceased.

Villages №s 1.4.5 in the Coodleghee Talook. Lutch=mapah or Lutchmypatty For the land in Raid=roog Talook Soobiah Iyem=bhut.-

For the lands in Villages №s 4 & 5 in the Bellary Talook Iyembhut, Jungaderbhut.-

For the land in Village №2 in the Bellary Talook Veeswapaty.

For the land in Village №3 Venkapah.

For the lands in Village №s 2 & 3 in the Coodlegee Talook as circar

For land in Village №8 in the Bellary Talook Penoobhut.-

For the land in Village №7 in the Bellary Talook Nerasumbhut.-

For the lands in Village №1 in the Bellary Talook as circar.-

is in the name of Iyembhuttoo and Teppa=nahcharry This land was also waste for some 20 years when in Fusly 1260 deceased first cultivated it along with another, who claims to be a descendant of Camaldim Soobiah Deceaseds name first appears in the Inamalkee account of Fusly 1258.

The land in Village №2 in the Bellary Talook is entered in the Pymaish account in the name of Viswa=nathbhut a stranger and there is a Jareechit in the name of Iyembhuttoo. This was also waste till Fusly 1247 when it was first cultivated by deceased and entered in his name Deceaseds son is unable to offer any evidence whatever to show that he had such an ancestor as Iyem=bhut or that he had a son named Jungadaraja. This coupled with the suspicion arising from the lands having not been uninterrupted by enjoyed but only cultivated from comparatively recent dates renders the title so suspicious that the Collector recommends the resumption of these three lands.

The lands in Villages №s 4 & 6 in the Bellary Talook are entered in the name of Jungadaraja, but deceased appears to have had continued enjoyment of the lands along with Soobiah and Bheemapah his collaterale relations whose names alone appear in the later accounts From a regard to this posseession the Collector recommends the continuance of the share of deceased to his son.

The lands in Villages №s 3 and 7 in the Bellary Talook are entered in the names of Venkapah and Narasumbhuttoo respectively there is no proof who the former was and those who are alleged to be his lineal decendants have never held any shares in these lands still the posseession seems to have been uninterrupted and the Collector therefore recommends the continuance of the lands to deceaseds son.

The lands in Villages №s 2 and 3 in Coodleghee Talook are entered in the Pymaish account as circar and are said to have been given by the Durpunhully Poligar Of this there is no proof and the name of deceaseds father is entered for the latter in the Tarwar account and the name of deceased for both as early as the account of Fusly 1234 considering the long enjoyment of deceased, the Collector recommends the continuance of the lands to his son.

Three of the four lands in Village №1 in the Bellary Talook are also entered as circar but are said to have been given to deceased in lieu of lands №s 380 & 392 in the same Village and those lands previously in lieu of land №277 (the original enam) these lands having consecutively been taken up for roads and buildings Part of this Statement is proved by the entry of land 277 in the Pymaish account as Jody Inam, but in the name of Jungadaraja Bhut and by a Jareechit in 1806 giving to the same person lands №s 380 & 392 in lieu of land №277 there is though no proof of the last change of the three lands held by deceased for those two lands, but it is a fact that lands №s 380 & 392 are included in the present contonment & taken up partly for roads The Collector therefore recommends the continuance of the above three lands to the son of deceased.-

Unknown

No documents.

The following names are entered in the Pymaish account.

For one of the lands in Village No 1. Tutchmapah and in Tarwar Bhas=Kerapabhuttoo, and for the other Bhas Karapah and in Tarwar, Shanker=rapa.

For one of the lands in Village No 2 Mulla=pa, for the other comarsawmy.

Do

Do

Entire

Do

These four lands were held by deceased by virtue of deeds of gift Lands in Village No 1 are said to represent the lands given by two deeds dated in A. D 1798 and 1799 by two different parties to the father of deceased in each deed half a Toom of land is stated to be given For one of the lands in Village No 1. the name of deceaseds father is entered in the Pymaish account and that of Bhas Karapa bhuttoo in the Tarwar who he was is not known Deceaseds name appears in the accounts from that of fusly $\frac{1234}{1824}$ For

For the other land in Village No 1 the entry in the Pymaish account is in the name of Bhas Kerapah in the Tarwar Shankerbhuttoo in the enam thee account of fusly 1234 in that of Rama=sastry in the Enam thee account of Fusly 1247 in that of Sooboosastry. The name of deceased is first entered in the account of Fusly $\frac{1257}{1847}$ The reason of these entries is unexplained. For one of the lands in Village No 2 there is a deed of gift dated in A. D. 1811 to the father of deceased from a woman and her brother the former is said to have been the widow of the Pymaishdar, but of this there is no proof. The name of deceased first appears in the account of fusly 1247. the name of the woman being continued up to Fusly 1234. This is also unexplained. For the other land in Village No 2. there is produced a deed of gift executed in A. D. 1801 to the father of deceased by several persons. The entry in the accounts is as Pagoda Inam and the gift is said to have been made in return for Services rendered by deceaseds father in procuring the restoration of the Inam to the Pagoda from Tippoosultan, if this is not a mistake for the Nizam, the delay was singular. At any rate the transfer from the nature of the enam was improper the name of deceased is not entered in any of the accounts. the name of the Pagoda alone being entered.

The Collector begs to recommend in consideration of the entry in

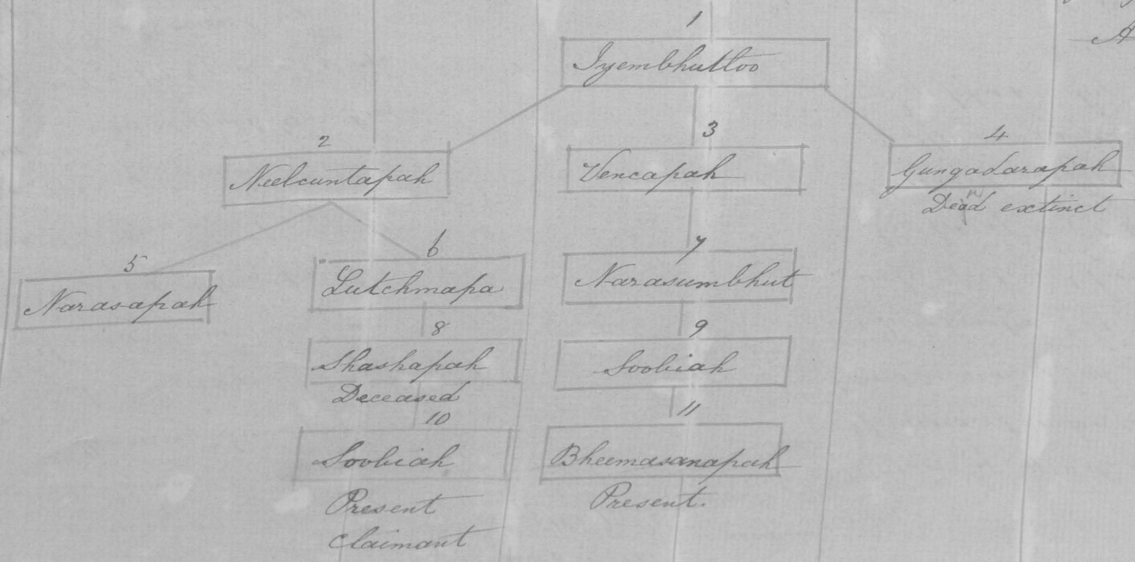

Gift Bhuttoor thy Inam without Summud.

21477

For Fort St. George 28th December 1858.

in the Pymaish account the continuance of one of the lands in Village No 1 of the value of Rupees 9-8-3 to the son of deceased and the resumption of the remaining three lands valued at Rupees 60-5-3 as deceaseds title to the same appears unsatisfactory.-

1 Do. Do. in Do. in the name
of Logeesum Ramacharry

The deceased holds these Enams under three deeds respectively dated in 1823. 1839 & 1846 Dates respectively.- The first deed includes all the Villages except the land in the Cumply Talook. As the Cultivation right of the donor to the different persons whose names appear in the Pymash, and other accounts is not known. The deed does not state the Extent of the lands Granted, and the 2nd deed in 1839 includes a land in Village No 3 which in the Pymash and other Accounts is entered in the name of the Father of the deceased husband - It is therefore not clear what land in this Village was actually Granted by the first deed. The actual Enjoyment

of

by deceased of the land in Village No 5 was for 8 years only it being previously always waste - The second and third deeds are of too recent dates to allow of a title under them by prescription the third is for the land in the Village in the Cumply Talook, it recites a prior deed (said to be lost) of the existence of which there is no proof nor of any enjoyment under it - The granter of the third was the daughter in law of the Pymaishdar - In consideration of the long enjoyment under the first deed the Collector recommends the continuance of the share of deceased to his six undivided sons in all the lands except those in Villages No. 3 and 5

in

2485 Fort St. George 28th December 1858.

Ramacharry for the Enam in Badana-
-hully No 3.

72	Hurspunhully Talook Hurspunhully No 1-8-37-15-5-3-5 Hoodleghy Talook 1 Villanunjee No 1-20-10-12-8-13-9 Hoodleghy Talook 1 Ahnavaree No 1-1-36-33-4- 2 Sunganaswara No 22-20-16-10-20-14-4 Total No 25-234-21-5-25-3-6	Unknown Unknown None (In the Pymaish accounts) The land in Hurspunhully is entered in the name of Neelcunta Chutt. The land in Villanunjee in the Hoovenhudgaly Talook is entered in the name of Bombanah Soobahchutta. The lands in Hoodlegee Talook are entered as follows. The land in Ahnavaree in the name of Subnasee Sashapah. Three of the lands in Village No 2 Sungamaiswara in the name of Bombanah Soobanah, the remaining lands in this Village are entered as Kyamana Somayajee's Enam.	Charity	Seenapah alias Rajum Chutta adopted Son of the grand Son of the grand Son of the Pymaish dar Bomah Chut and adopted Son of the Pymaish dar Soobah Chut) died on the 3d September 1850.	Share enjoyed by the deceased 100-6-6 Share in the enjoyment of other Share holders 157-13-	1 Lutchmanah, widow of the deceased, aged 10 years Claimant. None	There are no summuds, but the entries of many of the lands in the Pymaish and other accounts are in the names of ancestors and Members of the family of the deceased's adoptive father, and as to these the title is satisfactorily proved. The adoption of deceased appears to have been regular and valid. Many of the lands in Sanganaswara Village are though entered in the Pymaish and other accounts as Kyamana Somayajee's Enam. The explanation given by other Sharers in this Enams is not very satisfactory, and is unsupported by any documentary evidence. it is that the Original grantees of Enams in this Village divided them into 32 Shares, of which 16 went to Vonkannaik and 16 to the Brahmins. at the time of the Pymaish most of the Brahmin's lands were entered in the names of their then respective holders. But land to the extent of acres 171-28-3 rated at Rupees 157-11- were held in common, and entered in the name of Kyamana Somayajee as head man amongst them. They continue to be held in common. deceased having had a Share therein. On account of this peculiarity in the title, the Collector reports the case, but would recommend that the Share enjoyed by deceased be continued to his widow.

and Curnums of Dosdacoula directing Twenty four Goontaloo of land to be continued in the names of Gowdapah and Singapah.

1 Takeed addressed in the abovementioned year by the said Dalavoy to the Reddies and Curnums of Seerpey directing them to continue four Goontaloo of land in the name of Appacondiah.

1 Takeed addressed in the abovementioned year by the said Dalavoy to the Reddies & Curnums of Mylapoor directing them to continue three Tooms of land in the names of Gowdapah and Singapah.

1 Takeed addressed in the abovementioned year by the said Dalavoy to the Reddies and Curnums of Boodegoomma and of other fourteen Village authorities, directing them to continue certain lands granted to Gowdapah and Singapah in these Villages.

1 Takeed addressed in the abovementioned year by the said Dalavoy to the Reddies and Curnums of Bellagooppa and Seerpey &c. and of 7 other Villages, directing them to continue certain lands in the names of Gowdapa & Singapah in these Villages.

In Fusly 1239 / A.D. 1829 a Takeed addressed

for himself. Both these documents appear authentic. The deed of 1785 was followed by two Takeeds of the same date to the authorities of the 21 Villages. There are also other Takeeds issued a few days subsequently, but their object is not very apparent. One is not in the name of either of the grantees. All the lands are entered in the name of either of the grantees. All the lands are entered in the Pymaish and other accounts in the name of the father of deceased - except one of the three lands in Village No. 1 which, in the Pymaish account is in the name of Gowdapah, but in the Tarwar and other accounts in the name of deceased's father. The name of the 16th Villages is in the deed Maradamakana-palle; but it is apparently the same as the name in the account. the former being the Telugu and the latter Canarese name. The sense of the words is nearly the same.

The share held by deceased was Rupees 586. 6. 4 the other sharers are his nephews. He left six sons, two of whom are minors. Curnum Enams valued at Rupees 89. . . have been continued to them and the eldest son has puttah

lands

Fort St. George 28th December 1858.

addressed by the then Tahsildar Culloor Soobbarow to the Reddies and Curnums of Boody Goonmah Vca and of 18 Villages, directing them to deliver over the produce to the Enamdar Narasingapah.

In the Pymaish accounts for some Members the name of Singapah, and for others Gowdapahs are entered.

lands assued at Rupees 7-6-6. The Enams have been in possession of the family for upwards of 70 years, a valuable consideration having been given for some of them. They do not yield, it is said, to the owners but a small portion of their survey valuation. They are resumable, and the Collector begs to recommend their resumption of lapsed Share, but at the same time would in consideration of the family, which is large and without sufficient means, except what their own labour may obtain for them, suggest that an allowance be made in the name of one of the Sixe Sons of 120 Rupees per annum for the family, reportable for renewal on the death of holder of the Certificate.

This recommendation is founded on the following calculation. The assessed value of the whole Enam is 2224 Rupees - allow half that as its actual or proper value 1112 Rupees. Jody or Quit Rent demandable is to be deducted - 491 Rupees.

½ | 621 Rs. the share of deceased is about a fourth.
155 Rs. This is fully as much as he ever received, and therefore an annual payment in cash of 120 Rs for his family is a liberal allowance.

Fort Saint George.

B. No. 5070
From the Collr
of Bellary

Sir,

In my letter to the Board dated 31st March last No 49 I promised a report after the Revision of the assessment of the Toombadra channel lands on the subject of levying a distinct rate for reimbursing Government for the annual outlay in cleaning and repairing these channels amounting to about 16,000 Rupees annally.-

2 These channels are of very great length some extending as far as 21 Miles. It has always been customary for the Government to pay all the charges of annual cleaning and other repairs. In this respect these Toombadra channels differ entirely from other river channels in this District the work

of the Inamdars are entered in all the Inamdar accounts of the Fasly 1257, in which the decadent name is entered for one of the two Inamdarrahdars at Rs 2-15-0 in lieu of the two Inam Patels of the Village. Inamdar's name is entered for the Inam in Okkaloor Varam

1 Sonnalagudda Vaddakkuttu or Sonnal, to enter for the Inam in Okkaloor Varam

Deed of gift executed in 1804 by Camaraj Pothen, Son of Vaddakkuttu Sonnal Subbiah, the Grantor of grant now in dispute to the effect that there is Village was granted to Rayappa Vaddakkuttu and Sonnalagudda in gift

That this
claimant for

of cleaning out those channels being ordinarily done by the Ryots themselves. The annual cost to Government has averaged about Rs. 12 — a. 10 — p. per cent of the net Revenue

Net Revenue on Toombadra channels for 10 years is from Fusly 1257 to 1266 ... Rs. 13,18,914.6

Total cost of all repairs in that period ... 167297.

Per Centage of cost on Revenue ... 12 - 10 - p.

Enamdars do not generally contribute any thing to the expense though a tax called Neerbuttah is assessed in 2 Taloks cumply and Hoodleghee on the Enamdars but not on all as a water rate and may be taken as their contribution for repairs though not specified as such This tax amounts to in cumply 1522 Rs. in Hoodleghee 647

Total Rupees 2169.

this in the scheme hereafter proposed will be substituted for an uniform rate which in these two Taloks on all the Enams will produce a larger sum.-

3 The work of repairs must still as heretofore be done by the Government

And

but the question now is whether the Ryots should not contribute in part at least to defray the cost.

4 The revision of the assessment on the principle that has been carried out now throughout the district has given to the Toombadra channel lands proportionally greater reductions than to other lands amounting to 33119 Rupees on the Ayacut and 6.29276 on the cultivation of 1266. The reduction on the whole is 25 per cent which is a very liberal relief to these lands and which will enable the Ryots to pay without difficulty the cess for repairs which I shall propose.

	Former assessment.	Present assessment.	Difference Rs.
Circar Ayacut			
Ayacut	133,652.	100533.	33,119
Cultivation for Fusly 1266	119,104.	89,828.	29,276.

5 But there is some difficulty in assessing this rate for in the first place the lands under each of the channels have not received the same amount of benefit the per centage varying from 38¼ to 11 per cent as shewn below.

21554 Fort St. George 28th December 1858

To the Secretary to Government Revenue Department

Sir

I have the honor to forward herewith a Statement of the Channels under the Cauvery Mettoor Project, which have been relieved of the Assessment formerly imposed on the Lands.

2 I beg to state that the average cost of repairs to these Channels is Rupees 3,000 annually, and that the Ryots under the Channels have always contributed their proportion of this amount in addition to the Assessment on the Lands. I do not therefore consider it necessary to make any reduction in the Assessment on the Lands under the Channels, but I would recommend that the Ryots be required to pay their proportion of the cost of repairs: and I take it that the Lands of each Channel will be sufficient to cover the Expenditure Channel only. But I do not anticipate this plan will yield more than Rupees 2,000 annually: I therefore recommend that the Ryots under the Channels should

	Channel Name		Average cost of repairs for 10 years. Revised assessment w Circar & Enam Lds	Channel	Dam	Total	Percentage of cost on the assessment Channel		Dam		Total	
1	Beaswonna Calva		11367	1508	3384	4892	13	5	29	12	43	1
2	Poya	Do	29238	2192	"	2192	7	8	"	"	7	8
3	Bella	Do	16938	1321	232	1553	7	13	1	6	9	3

	Total		†145441	11760	4970	16730	8	1	3	7	11	8

† Note In this amount is included the probable Inst Sasheen on lands that will be sown with 2 crops.—

It will be observed that the cost of repairs

repairs on the whole revised assessment (Circar and Enam) will on one channel amount as high as to 43 per cent including the amount but even excluding these amounts (the repairs of which should not perhaps be at all debited to the Ryots but the expense of which should be entirely borne by Government) the cost of the ordinary channel repairs will in some channels be as much as 13 and 14 per cent while in some others it will not amount to more than about 3¾ and 4¼ per cent.—

7 Much attention to the improvement of these channels is now being given by the Department Public Works and all will reap the benefit more or less and I think it will be the most satisfactory plan to impose a fixed and uniform rate on all the lands benefitted

benefitted by the Toombadra waters to repay Government for such labour as should (as in other channels is the case) be performed by the Ryots themselves The plan of assessing a uniform rate is similar in principle to levying a Rate on all lands for the road Fund.

8 The next question is in what manner should this General rate be levied whether at so much per Acre or a per centage on the assessment of the land. as high and low assessed lands equally participate in the water supply it might be urged that it would be fair to levy the rate on the extent of land so watered rather than on the assessment. But I am inclined rather to advocate the levy on the assessment because the assessment indicates the real value of the land, the water rate so to speak being completely amalgamated with the land assess-

assessment because this is the principle on which it is proposed to levy the rate for the road fund in this district (Viz. 2 per cent on the Ryots Puttah) and thirdly because it will fall more equally in proportion to benefits derived from the revision of the assessment as may be seen from the subjoined Table in which rates of one Rupee per acre in one case and 2 Annas in the Rupees (i e 12½ per Cent) of the assessment in the other case are proposed as two scales which in the aggregate would produce nearly the same amount as the former rather the larger sum.

Acres.

21559 Fort St. George 28th December 1858

	Revised Assessment	Per Centage of reduction	Amount of assessment to be collected at 1 Rupee 2 Annas per Rupee or 12½ per Cent.
	Acres.		
Lands reduced more than 20 per Cent	3857	9	3457
Do 15 Do	2528	13	2330
Do 10 Do	2350	10	2035
Do not reduced or only trifling adjustments	917	2	917
Total	9682	25	10539
Estimated Do Fuel Lands on Canals with a seed crop	4115	21	2028
Total Canals	13797	24	12567
Common Land including Fuel Lands on Canals sown with Red crop	6489	19	5014
Total	20286	23	18181

21560 Fort St. George 28th December 1858.

I propose therefore that an uniform rate Calculated at a fixed percentage on the assessment of the lands be levied to reimburse in part the Government outlay on these Channels and as representing the work that should be done by the ryots.—

9 I propose that the rate should be levied on Cuam lands also without any distinction

10. The nesct question is what this rate should be, there are two descriptions of work performed to these Channels Vizt the works done to the anicuts or Dams across the river and the work on the several Channels, The former work I consider as peculiarly the work of the Government which should not be separately tasced to the ryots The Channel work Consists chiefly of cleaning out Silt deposits but also

also includes some masonry work and more especially when improvements have been effected by constructing Sluices which by their operations diminish the manual labour of cleaning and I think it fair to charge thes work to the ryot.—

11. The Average annual Cost for the last 10 years on these Channels / and this includes several improvements that have been made has been as shown in a Table before given /para 6/

for Channels	11760
for Anicuts	4970
Total Rs	16730

The whole Ayacut Circar on Enam one crop

	acres	assest
Circar land	9682	84313
Enam land	4495	37089
Total	14177	121402

The Average Cost of the channels (see table in para 6. excluding anicuts) is shown to be 11760 Rupees or about Rs 9 A 11 per cent on

on the whole one crop ayacut assessment. If therefore a charge of one anna and a half which is about 10 per cent was made on every rupee of channel assessment the cost of those channels would be nearly defrayed by a collection of 11381 Rupees But as the whole is not Cultivated and as the assessment on the 2d Crop is not included in thes Calculation I will show the result that would be obtained by making the Calculation on the actual Cultivation of Fusly 1266.—

1 Crop	acres	Rs
Circar	8527	74760
Enam	4305	36298
Total	12832	111058

Repairs as before 11760 Rupees would be 10—9— per Cent and the rate at 1½ anna per Rupee would give only 10412 Rupees But if the

the Fusul Jasty for the Land Cultivated with a 2d Crop is included, as it should be the result would be as follows

Circar	12311	89828
Enam	6278	44,072
Total	18592	133900

Repairs as before 11760 Rupees or 8 13 per Cent and the rate of 1½ anna would give 12533 Rupees

12. I am therefore of opinion that 1½ Anna on the amount of Assessment of the Toombadra Channel lands on the ryots puttah, might be levied as a Fund for repairs but I think that no larger rate should be assessed, the amount will increase should more land be occupied in consequence of improvements which it is hoped will increase the supply of water. If the Board should be of opinion that the ryots should not pay the whole expense of the channel work as they have never paid any before and

and as the Road Fund will also be assessed to them it is easy to lessen the rate to 1 anna or any other rate but whatever rate is determined on I think that it should be assessed on the manner proposed by me Viz: by a fixed Sum for the Channel Land assessment as entered in the ryots puttah

Note one anna on the Collection of 1266 Fusly would yield 8370 Rupees

13. There is one other point that should be here settled and that is to what works the cess should be applied I should say exclusively to the repairs and improvements of the channels, including Establishment specially entertained for the channels but excluding altogether the work of the anicuts, and I think that the ryots should not be called upon to do any part of the channels work except the work of cleaning out the small branch channels which immediately

immediately convey the water to their fields the several points at which the ryots work would commence may be ascertained and defined all the main channels as well as the larger branches should be entirely done by the Department of Public Works, and kept in a State of Complete efficiency and as the proposed cess may be permanently assessed the Cost of any improvements involving in the first outlay a large expenditure but diminishing the annual Cost can be Credited with this collection from the ryots.

4. They to Conclude this report by subjoining a Statement shewing the ayacut and extent of Cultivation under the

the 9 channels of the Toombudra for Fusly 1266 with the revised assessment the reduction made by the revision the average annual Cost of repairs for the channels only and the net sum that would be obtained by levying a cess at the rate of 1½ anna in the rupee and at the rate of 1 anna

No 214

To J. D. Sim Esq
Secretary to the Board of Revenue
Fort St. George

B/ No 5614
From the Collector of
Bellary —
29th November 1858
No 163.

Sir,

I have the honor to submit a letter from the Sub Collector on which I shall be obliged by the Boards orders with respect to Lapses of Inams which should be reported to the Board. The existing Rules are worded it will be seen in some doubt. But I would by leave to suggest that all alienations of Inams whether held under a special grant or otherwise provided the original title is satisfactory according to existing rules should be held valid if made at a period previous to 20 years prior to the death of last Incumbent and be admitted by the local authorities without report to the Board.

Bellary District —
Collectors Office —
Roandroog 8th December 1858

(Signed) C. Kelly
Collector

No

Fort St George 28th December 1853

Deputy

To

C. Pelly Esq

Collector of Bellary

Sir,

From the remark in the Proceedings of the Board of Revenue 22d September last on Enam case No 11 that the Circular order 22d July 1853 has resumed by the order of 26th Sept 1855. (page 63 of Boards' Circular Order for that year) I am led to doubt whether the practice which prevails in this District of continuing without report to the Court of an alienation lands alienated with a good title would be now deemed correct. This practice is though in accordance with the Boards' Proceedings 8th Decr 1853 of which Copy is enclosed.

2. The course of the order regarding Enams alienated by gift or sale is I believe as follows. The first order is to be found at page 183 of 2d Vol. Boards' Circular Order and regulates

Fort St George 28th December 1853

regulates alienations of Enams without grants to be in all cases reported upon. But Enams with grants are not alluded to. The next order was a reply to a reference from this District and is explicit that as to Enams held without grant, that is in this District those dependant upon the entries in the Pymaish and Jamabundy as alienation however good the title so far of the alienor must invariably be reported upon (Para 3 page 183 of 1st Vol. of Boards Circular Order) This Order does not at any rate touch Enams held on grant is valid by Regulation XXXI of 1802.

3 The third order is that of July 22d 1853 (2d Volume Board's Circular order page 183) that merely in terms decided that no "Enams alienated from the family of the original grantee shall (except under very peculiar circumstances) be continued on lapse where the alienation is of more recent date than 20 years, and that where under very peculiar circumstances" it is contained there must at each lapse be another report

report by implication, this order may be said to have decided that where the alienation was more ancient than 20 years the Enam would be continued - but it says nothing expressly as to whether this was to be with or without report apparently the order alluded to Enams held on grant for it speaks of the original grantee and perhaps it would not have taken in Enams held without grant though that may be doubted since as stated in Volume I Boards Circular Order page 483, long enjoyment (as from the time of the Symonds) constitutes a valid title.

4 The fourth order was that in Boards proceedings 8th December 1853 addressed to the District only and which decided that provided the alienor had a good title and the alienation was made more than 20 years ago the lands might be continued without report

to the legal heirs of the alienee but that of course though the alienation was more than 20 years ago the alienee did not by the lapse of time acquire a better title than the alienor originally had to transfer to him. This decided that there need not be a report in all cases and the order would in terms apply and it would seem most necessarily do so both to Enams held without as well as those with grants. This order has been extensively and continuously acted upon in this District.

5. This followed the order of the 26th April 1855 (page 63 volume of Boards Circular order for 1855) which cancelled the order of 22nd July 1853 but it did so only because the order that an alienation more recent than 20 years should not be recognized was likely to operate harshly. It did not say that the doctrine implied in that order of 1853 that alienation was valid after more than 20 years from alienor with a good title was also compelled. It seems to have

have been considered in this District and in my humble judgment rightly) that the intention of the order of 1858 being solely in favor of the aliences of Enams so much of the ~~order~~ order of 1853 as established a rule in their favor must be taken to be still in force, and the remainder only cancelled.

5. It may be remarked that para 2 of the order of the 25[th] April 1855 refers to para 3 of the order of 4[th] July 1848 (page 463, 1[st] Volume CO) which forbids the alienation in future of Enams held without grant but does not refer to para 2 of the same order which requires that all cases of alienation of such Enams shall be reported upon and this is the ground for holding that it was not intended by the order of 1855 to cancel the rule favorable to aliences as stated in the Boards Proceedings of 8[th] December 1853 Viz that alienations of more than 20 years by an Enamdar with a good title were valid and the lands might be continued to the heirs of the alienee without report. It may be

observed that the notification at page 453 of 1[st] Volume CO and the order at page 463 refer only to Enams held without grant and as far as I am aware there is no order that expressly forwards the alienation of Enams held under valid grants though of the words in the Boards' Proceedings 22[d] September 1858 that Khoiondy Enams are not inheritable of right like private property refer also to Enams held with grants obviously alienations of these Enams are also invalid.

Note
But vide S.M.C.

153 Note 2.

7. If I might be permitted to express an opinion I would submit that the rule laid down in the Boards' Proceedings 8[th] December 1858 is a convenient one and might be applied also to alienations of Enams supported by grants as to those without grants.

Board of Revenue

at

Fort St George

Sir

In disposing of the old Topes a difficulty has arisen for the solution of which I have the honor to request the Board's instructions. Trees formerly entered on the Pattahs but situated on the land of a Puttakdar are to be given over to the Puttakdar but there are instances of trees so situated having been enjoyed by other and not included in the Rent. The land holders now demand the Trees as being on their land but of course the parties who have hitherto pursued the produce of the trees oppose the grant of their

Bd's Ltr No 5515
From the Collr of
Bellary

claim. A question arises whether the Puttakdar as holding the land from Government can now claim the trees on it I think not because though the Government has been pleased to relinquish the former Circar Topes unto in favor of the land Puttah holder it cannot and never was intended by the measure to give up to the ryots the claim which others might have on trees so situated. The only ground it seems to me on which Government could interfere with the claims of others would be when the trees had been improperly excluded in favor of any individual from the Government Topes unto which

when the Trees can be shown to have been enjoyed by others for a long time and not included in the Government rents all that the Collector in my opinion has to do is to inform the Land Puttahdar that the Government have no claim and to have the settlement of any dispute between the Puttahdar and other party respecting the proprietory right in the trees to arbitration or Civil Court.

No 216.

To,

J. D. Sim Esqre
Secretary to the
Board of Revenue
Fort Saint George.

Sir,

B No 761
From the Collr of Bellary...

Pro: Bd Revenue Date 28 January 1856 No 276.
" — 31 March 1857 No 986.
To Board of Revenue dated 1st May 1855 No 33.

In reference to the Proceedings of the Board noted in the margin, I have the honor to resume the discussion of the propositions made by me for allowing the Ryots of Bellary the same liberty with respect to the relinquishment of the lands assessed to them as has been conceded to the ryots generally.

2 In my report of 1st May 1855 I stated (in paras 4 & 6) my reasons for advocating this concession to the Ryots. But the Board in reviewing this report for the reasons stated in paras 3 & 5 of their Proceedings of 28 January (noted at the commencement of this letter) hesitated to give their sanction to my proposition. But in their subsequent Proceedings of 31st March 1857 para 8. the Board proposed to give provisional sanction to my arguments advocating the removal of all restrictions imposed by the Appurnam System.

3 I have now prepared an account which shows the Potail Emams and appa-
-nnms of the whole District and I have ascertained what amount of the appannm the Potails wish to get rid of the result has confirmed me in the opinion formerly expressed, that the Government need fear no loss from the abrogation of existing restric-
-tions.-

4 The Board in their Proceedings under reference declared their willingness to deal with individual cases where the appannm lands were so disproportionate to the emam as to constitute an unfair burden and in accordance with the spirit of this instruction I at once gave directions prohibiting all inter-
-ference with the Potails freedom to accept or give up lands. in cases where the emams and Fees combined were small and for this purpose laid down a rule Col: Munro's scale of payment to Reddies should guide the Tahsildars Col: Munro. it will be remembered framed a Table for the remuneration of Potails and Curnums applicable when there existed no or only insufficient em-
-o-

or Fees. This scale may be considered the minimum scale of remuneration for duties to be performed and it is obvious that when the existing emams did not exceed greatly that sum, there was no occasion whatever for the vexatious inter-
-ference of the Revenue authorities in the Reddies appannm lands I therefore di-
-rected that where the emolument of Emam and fees did not exceed 10 per cent of the sum allowed in that limited scale. the Potail should at once be relieved from all interference and this measure released more than one half the District from unnecessary and injurious interference

5 The following table extracted from statement enclosed will show the emams and appannms of the Villages in which for the reasons stated there is no necessity of any interference and the remainder respecting which alone the question of interference in the freedom of the Potails need be considered.-

See Statement No. 1.

Note The account is made up for 1266 Fasly before the late Revision of assessment was ordered &c.-

6 It will be observed that there are 1390 Villages paying in 1266 fusly a revenue of Rupees 7,91,310 in which the Potail enams are so small as to render any interference in the Reddies quite unnecessary and thus releasing at once 1920 Reddies from compulsory measures The net amount of enam cultivated including also value of fees is only 29708 while the Munro scale of cumbutty remuneration would give 34,730 as the fair payment for the duties performed. The land held by these Reddies in 1266 fusly was assessed at 102,818 Rupees, an amount, it will be observed far exceeding the same of the assessment of the whole enam land cultivated and waste (Rupees 46888) in their possession yet these Potails desired to be permitted to give up only about one tenth their appanums 9623 Rupees and 6552 Rupees was struck out of their puttahs and I doubt not but that the result of this permission will in the end be to the advantage of the revenue as being

being freed from land that for any cause was unprofitable to them, they will in most cases take up other lands. but as long as the terror of the appanum land resumption liability was held over them it materially and injuriously checked enterprise that would in the end prove profitable to the Government and to the Potail and I doubt not but that the Board will approve of my measures in allowing the relinquishment of this part of their holdings as respects the Potails whose enams are shewn to be but small.

7 With regard to the 2 Class of the appanum lands Viz those belonging to Potails who held large enams I will now state my views I would first observe that the very large enams are for the most part confined to five Talooks Viz.

8 In seven other Taloks though there are several instances of enams larger than the ordinary enams yet the enams are generally of moderate extent and frequently very small and in the 6 remaining Taloks the enams were saddled at the survey with an excessive Jody or Quitrent. But the following remarks will apply generally to all the Taloks in which the enams (according to the survey assessment less the one general remission of one fourth and not according to the lately revised assessment which would further reduce their assessed valuation) are cultivated to give a higher remuneration than that laid down in Col: Munro's scale.

9 It should however be explained that Col: Munro's scale was not made with the view of regulating existing remunerations but simply for allotting a fixed amount of remuneration where none or insufficient remuneration for the duties

duties to be performed existed before. I adopted this Standard merely to shew at once to what extent the Potail enams of the District were excessive. The Board are in possession of Col: Munro's scale on the whole the remunerations assigned by him would fall considerably short of 5 per cent on the revenue as shewn in Col: 12 in the Table above given.

10 There are 1259 Villages in which the Potail enams including fees are more than 10 per cent above Col: Munro's scale and 6871 Potails would be affected by any rules that may be decided on though there were only 1940 actually in Office for the Board are aware that the Incumbents in the Ceded District have always shared the enams whether in Office or not the fees only are received by the parties actually in Office. The revenue of these Villages was 1617893 Rupees.

11 The assessed value of the Enams was 162450 Rupees but deducting waste land, and allowing for Jody paid

a See letter from the Collr to Board dated 20th Augt 1857

paid on some of these lands the net amount enjoyed by the Potails was only 10,44,05 Rupees. The value of the fees being added 38936 Rupees the estimated remuneration would be 1,43,341 Rupees Had there been no enams in these Villages, regulated by the sale of Colo. Munro's remuneration to the extent of only 1,9311 Rupees would have been given. Or if 5 per cent were deemed a fair allowance the amount would have been 75953 Rupees in either case the remuneration is larger than would now be given.

12 With respect to the lands occupied by these Reddies called their appanum, it will be observed that they pay land assessment of no less than 325665 Rupees or more than one fifth the whole Revenue (including Nuttum) of these 125½ Villages But it does not appear in the enquiry made that these Potails wish to get rid of their appanum lands to any great extent

extent There are no doubt unprofitable lands assessed to them which they do desire to give up The enquiry made shows that the whole amount they would desire to be relieved of is only 20272 Rupees or about 6 per cent a small part of this 2948 has already been remitted for the following reasons.

	Rupees
For Enam relinquished or sequestered	585.
To any poor reddies	401
To Shares who enjoy no part of the Enam	1035
Amount of Nevaz Cashee an item now abolished	206
Other causes	721
Total	2,948 √

13 It must be remembered that this account was taken before the late revision of the assessment which has given a much greater value to the black lands especially and as these lands are valuable and when once brought under the plough easily cultivated and if not over assessed eagerly sought after, I think I may confidently assert that under ordinary circumstances there will be no relinquishment of the appanum

appumm lands, affecting in any perceptible degree the Government revenue by giving these Potails the same liberty that has been conceded to the ryots generally, as well as to about nearly one half the Potails of the District, whose exams have been before shewn to be not excessive.

14 There has been a considerable increase in the amount of the holdings of Reddies, and there is no reason to apprehend, now that the revenue of the Government has increased the value of lands and prices are good that there will be any falling off. Those who desire to get rid of their imposed appumm are generally the poorest and the continued interference with them only tends to make them poorer still. There can be no object gained in compelling these men to occupy more land than they can cultivate profitably. By former accounts it appears that the Potails appumm for the whole District was

was at the undermentioned periods as follows. Highest between fusly 1215 and 1218 — Rupees 3,69,570

In fusly 1235 — 3,34,278

" 1236 — 3,49,500

" 1266 — 4,28,483

Increase in 30 years — 78,983

15 It is admitted fully now that all interference on the part of the Revenue authorities with the freedom of the ryots generally is an evil to be avoided as much as possible. This freedom has been fully conceded to the ryots of the Bellary District without material loss to the Government Revenue. It has virtually been conceded (for the reasons given in this report) to about one half of the Bellary Potails it has been shewn that the concession if now permitted to the remainder is not likely to affect the interests of Government. and therefore I would strongly recommend one general rule.

rule for the whole district and allow the Potails the same liberty of giving up any portion of their circar lands that they do not wish to retain I am convinced that the permission will be attended with much benefit it will at least check entirely the evils arising from the power now possessed by the Revenue servants of enquiring into the affairs of every Potails I advocate the entire abrogation of the rule which now compels a ryoty to retain and cultivate circar land on account of his possessing inam lands.

16 I would if any restriction on the cultivation of Inam is to be made put that restriction direct on the inam land itself and assess it with a tody on as is now the case with some inams. by imposing the Tuffick which the Board are unwilling should be given up and I would propose for the consideration of the Board the following suggestion.

17 In the preceding observations which have reference to the Remuneration of Potails the Marah Fees have been taken

taken into account with the inam the actual amount of the inam cultivated with the value of Fees payable taken together comprised the Potails estimated receipts. But as a preparation for resuming or rather I should say commanding and re-adjusting the payment of the Fees is now under consideration, and in order to shew the amount that may be derived from the value of the entire inam, not excluding waste but excluding the Marah Fees. I beg to annex the following Memo: classifying the inams of the 1259 Villages whose emoluments were shewn to exceed 10 per cent of the Assessment scale according to the Per centage of excess.

Class

21592 Fort St. George 28th December 1858

Class.		No. of Villages	Berij of Land Revenue of Fasly 1268.	Value of Estate assessed	Do. day Payable	Remaining	Salary estimated according to the Summis cale.	Excess on Excess.	Per Centage	Remark and Variations

8	D° 25 " "	101	129,080	7,726	1,843	5,883	4,292	1,591	37	3,895
9	Below 25 Rupees & above 10 Rupees per cent	74	80,137	4,798	1,327	3,471	2,919	552	19	2,257
	Total 9 Classes	1,008	12,37,631	15,312	18,421	1,32,891	39,686	93,205	235	28,813
	Others	251	280,262	11,118	3,852	7,266	9,625	a	"	10,093
	Total	1,259	1,517,893	1,62,430	2,22,73	1,10,157	49,311	"	"	38,936.

18 This calculation will throw out of the class 251 Villages and so reducing the number of Villages having enams beyond the scale to 1008 Villages. The four last classes 6 to 9 are all below one hundred per cent and considering how the Potail enams are split and divided among the members of the family I am not disposed to recommend any new imposition of a tax upon the Potail enam when it does not exceed twice the value of what might be considered a proper remuneration where we about to fix a Salary where none before existed But when the enam exceeds that I would be inclined for the sake of settling the question for ever to impose a tax on the enam in excess of 100 per cent.

19 I am not a strong advocate for interfering now with these Potails enams They have been held for a very long time undisturbed, and have been tacitly acquiesced in for

for the 58 years of the British Government still there cannot be any question I think of the right of interference which the Government from the commencement have always asserted, though it never was exercised except in the way of holding the Potails in a lesser or greater degree nominally responsible for an indefinite amount of Circar revenue and it may also be observed that several of the Potail enams were fixed previous to the time of the British Government with a Quit rent and this especially by the Poligars in the western Talooks where the Body is very heavy amounting in many cases to the full assessment of the land. It is also remarkable that the Communa enams were fixed by our Government with a Quit Rent which was renewed and increased in 1836 by the principal Collector in proportion to the increase of cultivation on a scale framed by Col. Munro: but the Potail enam was not newly subjected to Body under the British Government probably

probably because the appamum payment was considered sufficient to balance the demand against those enams the enamms were not required to hold Circar land and generally do not cultivate it. But the principle has been constantly asserted and partly enforced of taxing enams and now that the Potails is to be released from all demands on the appamum question it will be a suitable season for enforcing the principle of taxing directly their enams where not already taxed. But though the entire withdrawal of all interference in the agricultural concerns of these Potails is undoubtedly a boon. yet it must not be supposed that we are conferring a great pecuniary boon on them. for they will not be relieved of any great amount of assessment by the boone for they have no desire now to thraw up their appamum lands and as the revenue will not be injuriously affected

affected by giving the liberty proposed we can afford to be moderate in the demand on the enam Acting on the proposition before alluded to (para 18) of confining the tax to the Classes where the present net enam is 100 per cent above the Shrotriem scale of Salary. the Villages in the five first classes in the scale (noted in para 17) would be affected. The enams of these Villages Rupees 126658 - " - " or deducting present Quit rent the net value is 113,113 Rupees The Shrotriem scale of allowances is 2,64,63 Rupees twice which is 52,926 Rupees which deducted from the net value would leave about 60,213 Rupees assessable according to the proposition. But practically it would be a better plan to assess the total amount above the scale and at the rate of 12½ per Cent and in the following manner

manner for instance.-

	Rupees
Beriz of Village	1,500
Enam	200
Proper Remuneration	60
Excess	140
Jodee assessable at 12½ per cent	17½
Present Jody	12
Amount to be added	5½

If present Jody is already in excess of 12½ per cent nothing is to be added but it will remain as it is.-

20 On this principle I would propose to treat the Potails enams generally whether sown or waste where the enam was found to be within one hundred per cent of the proper Village Remuneration (which may eventually be determined on) no interference is to be made when it is in excess of that the excess is to be assessed with a Quit Rent of 12½ per cent if the Quit rent already demandable does not amount to that amount but the Jody

Jody is a distinct question.

21 I have alluded throughout this letter to Col: Munro's scale of pay to Potails and Cummums as the only fixed scale to guide me by. But the Board have expressed their desire to have a revised scale of remuneration for these Officers and I beg to submit a scale in a separate enclosure which appears to me a proper scale for the Village Officers of Bellary; and by it I would regulate the imposition of Jody in excess of Enams proposed above instead of by Col: Munro's scale when the principle for regulating these enams is fully decided by the Board For convenience of reference I will enter this scale here.- Scale-

22 I would conclude by shortly summing up the views above expressed The appamum System should be condemned because it is an injurious interference with the Potail freedom because this freedom has been conceded to all ryots because interference would effect one half only of the Potails while the others were free thus necessitating 2 Rules. because there is no reason to fear loss of Government revenue by the concession on the Contrary it is believed it will eventually benefit the revenue, as the Circar lands are now moderately assessed and sought after, and because any interference on the ground of excessive Zemins had much better be carried out by a direct

but

but moderate tax in those enam.—

Bellary Collectors.

From the Collr

of Bellary

Sir

Referring to the

Board's order and my letter

26 Nov 1857

15 Dec "

to the Board as per Margin

I have the honor to report

To take effect

from the 2d Instant

that I have appointed the

Gomastah of the Board

of Revenue Cutcherry now

to the situation of Shirista-

dar of the Talook of

Raidroog on a Salary

of

21612 Fort St George 28 December 1858

of 40 Rupees, I found
him incompetent to fill
the Situation of Police
Ameen at Ramandroog
in which I had temporarily
employed him. I trust
this Arrangement will meet
with the approval of
the Board.

No 919

To
J. D. Sim Esq
Secretary to the Board of Revr
Fort St George

Sir,

15th N: 5792
From the Collr
of Bellary

During the late failure
of crops when the price of grain used by
the Natives had greatly risen I was
inclined at the requisition of the
Sub Collector to recommend that
batta should be given to Servants
of the grade of Peons drawing batta
yearly pay till such time as the
prices rose more favorable but I gave
up the idea under the impression
that prices would fall in consequence of
the heavy rain which fell in the
month of October but though
it is nearly 1/2 month since the
rain ceased yet prices seem to rise
instead of fall I left the Sub Station

in the Month of November and I am now on Summahabundy Circuit which I daily encamped at Koidarog the price of Rice was 10 or 11 Bellary Seers per Rupee. The pay of Peons is so small that it is hardly sufficient for the maintenance of their families while absent from them. My European Subordinates are also now on Circuit. It is not my intention to ask for Batta for the Peons at the Cudder station but while absent from their families on Circuit I think it but reasonable especially during the present high range of prices that Batta should be allowed to them as it is to all other graders above the class of Peons. I would therefore request that Sanction may be given for paying Batta to the undermentioned Peons as below mentioned from the commencement and during the present Summahabundy Circuit.

+ equivalent to 6 2/3rd d 7 1/8 Madras Padi

Circuit.

Designation		Proposed rate of Batta per day	Remarks
Peons	Duffadars	" 1 8	Salary ranging from 10 to 14 Rs
	Hurkarahs	" 1 4	Do Do 7 to 6 "
	Dubeypoles	" 1 4	Do Do 6 to 5 "
Writer Peons	Sircarahsumy	" 1 8	Salary Rupees 14
	Duffadars	" 1 4	" " 6
	Peons	" 1 4	" " 4

2. The prices will probably fall in the course of 2 or 3 Months and the Summahabundy will probably be over by the end of March or April and during this time I beg that special Batta may be granted to Peons Duffadars &c. on Circuit the cost will be within 500 Rupees per Month.

3 I have before advocated the claim of peons while on Circuit to Batta but that is a distinct question the present application is special and for special reason.

Sir

10th December 1858.

With reference to the annexed Extract from the District Engineer's letter I have the honor to request the permission of the Board of Revenue to have the Gooty Canal Bungalow pulled down as dangerous.

Bellary District Collr's Office
On Circuit at Veyanee
7th December 1858.

I have &c
(Signed) C Pelly
Collector

Extract from the District Engineer's letter dated 4th December 1858 No 514.

I have the honor to bring to your notice that the Travellers Bungalow at Gooty is reported to be more dangerous than ever. The joists and beams have been eaten through by white ants and there is no support to the roof the walls have split in a great many places and if not pulled down must fall down. The building being pulled down at once to prevent the chance of accidents a new building can be constructed as soon as the finances of the Corpus will admit of the outlay.

B[r] No 2832
From the Collr of Cuddapah

Sir

With reference to para 2 of the Board's Proceedings of the 15 October 1857 No 3525 requesting to know how I succeeded at the conclusion that Dasayee Enames are here Bellary in Cuddapah those in Bellary which formerly formed a portion of the same Collectorate having been for the most part resumed and the remainder being declared not hereditary I have the honor to state that from what I can learn the Collectorate of Bellary and Cuddapah which were formerly one were divided in 1806 prior to our Enamaty accounts in 1815. What took place in Bellary afterwards regarding these Enams I am ignorant.

2 The Dasayee Enamdars prior to the cession of the Country succeeded to the Enclosures from Father to Son and continued to do so up to the present day. These lands belonging to the Dasayee Tarwary and Enamaty accounts as Enam and as I can find no order for their attachment and as there is nothing in the above

21620 Fort St George 28th December 1858.

above accounts to show that their enjoyment was limited I conclude they are intended to be permanent. Other Enams such as Butcherly Pagothee &c. entered in the accounts of Fusly 1220 as Enam have been continued to the heirs of the holders and those Dasayee Enams are entered in the above accounts it was probably intended they should also be permanent. I understand that at the Peymash several Dasayee and Dasa hindlee lands were attached and incorporated with the Government Cyacut lands but where they were or to what extent there are no accounts to show. There is another reason which induces me to suppose they were not intended to be attached but to continue hereditary otherwise they would not have been entered in the accounts.

21621 Fort St. George 28th December 1858

No. 116

To J. D. Sim Esqr.
Secretary to the
Board of Revenue
Fort St. George

Bd. No. 4335
From the Collector
of Cuddapah

Sir

As directed in the Boards Proceedings of the 7th Ultimo No. 2975 I have the honor to submit a Revised Estimate of Charges proposed to be incurred on account of additional Establishment for the Current Fusly 1268, amounting to Rupees 136-8- excluding therefrom the additional Gomastahs agreeably to the instructions of Government Contained in the Extract Minutes of Consultation dated the 3d July 1856 No 685.

2 The Board observe in Para 3 of their Proceedings quoted above that the Estimate for the current Fusly is considerably in excess of the actual expenditure

	Estimate	charges
For Fusly 1263	880	867
" 1264	880	868
" 1265	880	834

For Fusly 1266 It will be seen from the note in the margin that the expenditure for the three Fuslies
prior

prior to the one under notice was nearly to the
estimated and the cause of a diminution in the
expenditure of Fusly 1266 is to be attributed to the
economy observed with reference to the instructions
contained in Extract from the Minutes of Consu-
Station quoted above and in this last Expendi-
ture the Salaries of the additional Goomast
-ahs were also included.

3 The Board are aware from the frequent
references made to them the comparative small
number of Goomastahs and Carkoons on the
fixed Establishment of this District to tha
on the adjoining Collectorates the most numbe
of fields are entered in the Dgmash account
in excess of those in other Districts the whole of
which require to be minutely examined many twice
being cultivated with 2d Crop and the necessity
of increasing the number of Carkoons in particular
I would beg submissively to point out that the
causes which render this measure necessary more fu
detailed in my reports to the Board dated the

the 13th June No.e 54 and 15th November 1856
No.e 119 and I consider the entertaining of the
additional Goomastahs to be indispensable in
consequence of numerous Remission that exists
in this District as enumerated in the margin
each of which requires to be carefully examined
and deducted from the Rolwary of individual
Chittah at the annual settlement which the
Goomastahs on the fixed Establishment are
unable to effect owing to the other heavy duties
which they have to perform it is for this very reason
that sanction was annually granted for entertaining
an additional establishment from I may say the
accession of the country. The introduction of the new
system of Village accounts has in no way relieved
the establishment of this tedious and laborious
duty they are only calculated to simplify
the accounts and render the preparation of them
more easy by the Curnums As long as those
remissions continue to exist in the District
I feel myself bound to state that the
temporary

Remissions
1 One half
2 One third
3 One fourth
4 One eight
5 Teernal Cummee or deduction of assessment entered in the Dgmash.
6 Remission of assessment Casually made in the Destrict
7 On shrotrium
8 On Dussaunundum
9 Cultoogotta or usual Remissions
10 Gudda Thoza or Lands rendered Cultivable-
11 On Cowle Lands
12 on Jaghire Village.

Fort St.e George 28th December 1858

temporary aid of additional Goomastahs is unquestionably necessary and I would therefore beg leave to recommend as an exception to the General rule that sanction be accorded to this District on being satisfied this is done I fear the Completion of the annual settlement will be greatly retarded

4 Up to Fusly 1266 sanction was obtained for the employment of additional Goomastahs at Rupees 880 and Carkoons at Rupees 660 annually but in Fusly 1267 an increase in the number of Carkoons having been required 160 Rupees were deducted from the former and added to the latter thus reducing the one and increasing the other As as reductions have been in the estimate is now necessary in consequence of the transfer of three Talooks to Hurnoolly it is proposed that from the current Fusly 1268 3 additional Goomastahs for the sub Division for four months at Rupees 120 6 months

* Principal Division 800
Sub Dn 80
* Including both

Fort St.e George 28th December 1858

† These servants are not entertained for any fixed period as it will depend upon the number of fields they are to examine which is @ 10 Rs for every 3000 Numbers of fields so examined.—

at Rupees 360-18 Carkoons on Rupees 720 for such time as their services may be required total amount Rupees 1200 for which I beg to solicit sanction With regard to the salary of the Carkoons above alluded to care will be taken to regulate the expenditure under this head into the narrowest limits practicable and the result will be taken as a guide in estimating for the ensuing Fusly 1269-

5 The Board have granted sanction for the salary of the additional Carkoons entertained In Fusly 1267, but as the Goomastahs employed with them having actually served for the period for which they were nominated I respectfully beg to solicit sanction for their salaries being disbursed to them amounting to Rupees 480-

To the Secretary to the Board of Revenue dated 29th June 1857 No 74.

From the Board of Revenue dated 21st January 1858 No 284-

21627 Fort St. George 28th December 1858

No. 124

To

J. D. Sim Esq.re

Secretary to the

Board of Revenue

Fort St. George

Sir

B.d No. 1791
From the Coll.r of
Cuddapah

I have the honor to return herewith the Maps forwarded by the Board of Revenue with their Proceedings dated 24 July 1858 No. 2787 and regret to say that few of the principal towns in these respective Talooks have been entered and the ranges of the Hills together with the passes have not been distinctly laid down and I question very much whether they will answer the purpose required by Government This I cannot help as they have been twice sent to the District Engineer with a request that he would do the needful as required in Para 4 of the Boards Proceedings dated the 24th July 1858 Copy of which was sent to him

Fort St. George 28th December 1858

who returned them stating that he had got a very inferior Draftsman who is now sick and absent on a months leave These maps however might have been returned until the return of the Draftsman and then completed but as I see no prospect of them being speedily completed and as they been twice returned to this Office I think it advisable to forward them to the Board.

Before commencing upon the information called for by the Board of Revenue in their Proceedings under reference it is necessary for me to be distinctly informed of the boundary line on the North which the Board propose to be drawn between Cuddpah and Heernool if as I proposed latitude 16-5 be taken as the Boundary a portion of Yerlicondah and the whole of the Chagulmurry talook will be incorporated with the former and all lands south of Moyalwada and murrapully will

will be added to the former, the boundary will then run along the present boundary of Doovoor as far as the Ubbalum Pagoda; but should the Board not approve of this line I request that they will favor me with instructions on the subject on the North Western frontier a number of the Villages will be added to Cuddapah such as Veamulpully, Yenamalachintala Candapoor Seroomaloor Cholumboor, Boparapully Bokapoor as far as Peddacotta Hill these forming the Western boundary and all Villages to the east of them to be attached to Cuddapah

+ From Bellary.

3 The Western boundary of Cuddree and Muddenpully irregular as it is cannot be interfered with without the sanction of the supreme Government as the territory belongs to His Highness the Rajah of Mysore.

4 So it is proposed that nearly the whole of the Talooks be remodelled and

and the boundary lines altered it would be very advisable that Surveyors be deputed from the Engineers Department under the Superintendence of the District Engineer to mark out distinctly the proposed new boundaries of the different Talooks and I would further beg to bring under the serious consideration of the Board the very great confusion and trouble that would be experienced by the already over worked and defective Establishment in remodelling the Talooks and the exchange of the Village accounts from one cutcherry to another and the Villages from one taloork to another It has been decided that a new Pymash Survey is to be completed over all the country and I would submissively beg to suggest that, that would be time for remodelling the Talooks when the Surveyors are mapping and laying down the boundaries of

of the different villages prior to being assessed and in my opinion the alterations in the present boundary as laid down in the sketch Map will cause very great confusion and a vast deal of trouble without any compensatory remuneration Government will receive no benefit whatever and without the boundaries being distinctly laid down by the survey Establishment they cannot be marked out with any degree of correctness, it is simple to sit down in the Office and with the pencil to mark down the line of demarcation which is to form the new boundaries of the different Provinces forming the District of Cuddapah but it is another thing to have them correctly marked out to obtain this, it is absolutely necessary that the land be surveyed and correctly mapped and I would urge that the old boundary lines of the different talooks for the present may be continued until the Government have distinct boundaries laid down by the Engineer or survey Department.

The

5 The Chagulmurry talook which will come into cuddapah might remain as it is at present and a few Village in the neighbourhood might be thrown into it to increase its size When Poonganoor was made over to North arcot it was deemed expedient to depute a surveyor to mark out the boundaries it is still more necessary to have the limits of the different talooks distinctly defined more particularly when nearly all of different talooks are to be remodelled one absorbed and others greatly increased The Board have marked in the map that a large portion of muddenpully should be thrown into Gorrumcondah altho the present boundary of that talook is sufficiently straight and defined as this has been settled by the Board I shall offer no observation upon the subject further than that it appears to me if the Cusbah of Vaelpandy were removed to a more central position of the Talooks the at present it is the largest and most wealthy town of the talook it would obviate the necessity of building two new Cutcherries one would answer instead of two The Board Remark that muddenpully might be the Cusbah station

of

21633 to 21637 Fort St. George 28th December 1858

of Goorrumcondah talook and some other town situated in a more central position be chosen as the cutcha of Muddenpully and a Deputy Tasheldar might be fixed at Pedair. This will incur the necessity of building a new cutcherry for the Muddenpully and one for the Deputy Tasheldar of Goorrumcondah which would be avoided by erecting a new Cutcherry for the Goorrumcondah Talook at Goondloor or any other point the Board may think better situated.

6. I would here beg to point out that the present Talook Cutcherry at Veelpaud is a perfect ruin the records are secured in the adjoining Pagoda and the Public servants transact their business in the same so that sooner or later a new Tahsildars Cutcherry must be built one place or the other

No. 133

To,

S. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

A. after B. No. 4983
From the Collector
of Cuddapah

I have the honor to acknowledge receipt of the Proceedings of the Board of Revenue No. 3858 of the 13th Instant, annexing an Extract Minutes of Consultation dated the 9 Idem No. 2105 wherein the Government direct me to explain why I refused to accede to Lieutenant Stewarts request in the two instances referred to and wrote to him in such a style.—

2. I have to state, that at page 266 of the Circular Orders of the Department of Public Works, I find that the District Engineer is to be considered as a Colleague and executive of the Collectors views, but I do not find that he is to be consulted in any matter belonging to the Revenue He is merely executive. The present correspondence was occasioned by the Rhinna

Respectfully

Fort St. George 28th December 1858

thesfully Dusvundum Channel, which was formerly dug by enterprizing individuals and Government for many years, have been drawing an annual Revenue of nearly 376 Cuntaroy Pagodas without being subjected to any expense for repairs on their part. The Dusvundum allowed, consists of 5 P. 9 F. 6 3/4 A. of which 1-6-7½ is Payamaly or useless, leaving 4 Pk. 2 F. 15 A. for

Pk 12-8-5

the remuneration of the Dusvundumdars &c and expense of clearing and repairing the Channel. This Channel, to a considerable extent, filled up with sand, so much so, that the labor to excavate it was much greater, than the Cultivators could be called upon to perform. The District Engineer, was called upon to frame an estimate for its restoration, who recommended that the Dusvundum Enam should be resumed. This I considered, would be an exceedingly severe measure

Considering

Fort St. George 28th December 1858

considering the large Revenue obtained by Government for many years past without any expenditure on their part. I therefore brought the circumstance under the consideration of the Board of Revenue who, I regret to state, have for the present ordered the attachment of this Dus:vundum, a measure which I consider harsh and not likely to be resorted to under the circumstances above detail:ed and I trust when again taken under Consideration, a more favorable decision will be passed upon it.—

3. The attachment of Enams is entirely one of Revenue and has nothing whatever to do with the Public Works Department. The District Engineer as mentioned above, is only considered by Government as an executive. He is not consulted in Revenue matters or his opinion

opinion asked in the presumption of Enam lands he is only called upon to look after the repairs and constructions of public Works. The attachment of Enam lands lies with the Revenues Board and consequently foreign to the Department of Public Works. The District Engineer has in my opinion no authority or title to call for Copies of any papers not strictly appertaining to his Department and the Collector is prohibited from so furnishing Copies of such documents particularly, in the present case, the decision of the Board of Revenue does not appear to be final and it is their intention to reconsider the Subject brought before them.

4 The District Engineer, seems to claim the right of calling for such documents under the plea that he takes an interest on the Subject but

Should

Should this be allowed, he may call for any correspondence on Revenue matters under the same plea. It is my opinion that the Engineer cannot call for Copy of any document which does not strictly appertain to his Department and Collectors are prohibited from supplying them.

5 With reference to the 2nd. Complaint of Lieutenant Stewart, that I refused to intimate to him the date of my order to the Tahsildar of Chitwail to supply his Overseer with 13 Palmyra Trees he required, I beg to State, that on the 18th Ultimo, I received a Communication from the District Engineer requesting that I would instruct the Tahsildar of Chitwail to deliver to Mr. O'Neill, the Overseer in charge of that Talook, 13 large Palmyra trees on payment for the same, that they are urgently required for the Service of Government and that when the instructions are sent to the Tahsildar

he

he might be informed of the same. This letter having been received on the afternoon of the 18th. Saturday an order was issued to the Tahsildar on the 20th Monday, to make over the trees to the Overseer and on the 21st intimation was sent to the Engineer informing him that the Overseer may be ordered to receive the trees but that I declined to inform him of the date of my order, as he was not my Superior, thus Showing there was no delay in issuing the orders of the trees or intimating the same to him. but I do consider that demand of the District Engineer for the date on which I issued the order was uncalled for and unprece-dented and Should the records of the Collector's Cutcherries be searched I believe that no such demand was ever

ever before made and I set it down along with other Circumstances which have taken place of late, as an unauthorized assumption of authority. The District Engineer must have been perfectly aware from my letter dated the 21st that the order for the trees required had been issued Had he required the date for any particular purpose it was his duty to explain the same that there might be no mistake on the Subject. His not doing so was, I considered and still do, an unauthorized assumption of authority on his part. I myself had various Complaints which, at one time, I intended to have brought forward with regard to the Style made use of in the correspond-ence by that Officer, but I considered it better and more for the public

Service

service to remain quiet and take no further notice of it But now as each alleged inconvenience is forwarded to Madras and thence to Government it will be my disagreeable duty in self defence to follow the same course. but I must state, that I have the greatest hesitation in troubling Government with more than can be possibly avoided.

Cuddapah

To

No. 141

To
A. D. Sim Esqre
Secretary to the
Board of Revenue
Fort St. George

B. No. 5141
From the Collector
of Cuddapah

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 23d October 1858 No. 4003 accompanied by a Copy of a letter from the District Engineer of Cuddapah dated the 23rd September and in reply beg to offer the following remarks.

2 It was never my wish that the town of Muddenpully and the portion of that taluk marked off in the Sketch Map by the Board of Revenue should be attached to Goorrumcondah as this originated from the Board, I consider the point settled and offered no remarks upon it on returning the Sketch Map with my letter of the 21st October 1858 No. 124 Considering that the transfer had been finally determined

determined.—

3. With reference to the proper Station for the Cusbah of the Goorrumcondah Talook in the place of Vailpaud it is my opinion that first, the locality chosen should be a large Village. Second, that it should be central and third, easily accessible from all parts. These three points will be obtained as I proposed in a former Communication by fixing upon Goondloor as the Cusbah Station— It is situated only a short distance 2 Miles as the Crow flies, from the road which has been so long making between Royachooty and Chittoor and close to the road between Goorrumcondah and Peelair and several other roads from the South join at Goondloor. It has been proposed to complete the road between Royachoty and Palmanair and when this is done Goondloor will not be very far from this thorough fair upon an

+ To Board 16th Dec. 1857 No. 179 Para 3.

an inspection of the Map the Board will perceive the central position which Goondloor now occupies and it is one of the largest Villages in the Talook thus it possesses the three qualities which it is considered a Cusbah Station ought to possess but should the Board prefer the situation of Soolayelpett it could be chosen as it possesses nearly the same advantages as Goondloor.—

4. Peelair I consider, does not possess the advantages of either of the above mentioned towns it is situated too far to the South within 5 Miles of the frontier of North Arcot and by no means Central and from the quality of the soil in the neighbourhood, I see no prospect of its becoming a more important Village than it is at present tho of considerable Size the inhabitants are considered poor and I do not clearly perceive how it is to rise to greater prosperity or from any trade which may pass thro it—

The

The Sugar traffic which is the Chief in this province is now extensively Cultivated to the South and West of Goondloor and is contracted for by the Merchants of Veilpaud whence it is conveyed by a road which has been repeatedly repaired from Veilpaud to Chinna Tippasamoodrum where it joins that to Palamanair and by this route the greater portion of the Sugar produce is Conveyed to Madras. The only advantage that Peelair has, is being situated on the road between Royachoty and Chittoor in all other points those above mentioned have the advantage in position population, & revenue. In the Margin will be found the Pariz Vca of the three Villages Goondloor Sorakayelpett & Peelair.—

Popula Pariz tion &c.
Goondloor 2185 - 3359
Sorkayelpett 1269 - 2048
Peelair 1241 - 1508

5 Under these Circumstances I do not hesitate a moment in stating my decided opinion that Goondloor or Sorkayelpett is more preferrable for a Cusbah Station than Peelair.—

6. The fixing of the Cusbah Station at Goondloor will obviate the necessity proposed

proposed by the Board, of having a Deputy Tahsildar, to the Eastward of the Goorrumcondah Taloork. The boundary between Goorrumcondah and Muddenpully is now as regular as it well can be without severing the lands attached to Villages from there and adding them to others and the whole taloork is not more than one Tahsildar can manage.—

7 It is very true that the Cusbah of Muddenpully is situated too far to the South of the Taloork but this was probably chosen by Sir Thomas Munro, as the Cusbah on account of the direct Communication between Peelair and Cuddapah which passes close to the town. It will be seen that the whole Taloork is very mountainous and difficulty is experienced in chosing upon some central points having the above mentioned recommendation as the Chief town of the Taloork.

I.

Rec'd 28/1

Claim to Inam Village of Kistapah in Pymah Division

19 Gorlam Talook / Kadapah Dy / No 1435 of 1855-56

Not known as Documents / No Name / Curnum Kistapah / is Entered on the Pymah Document

1
Vencamah

2 Rayapathapa — 3 Vomamah — 4 Kistapah Pymah Adar.

5 Seenapah — 6 Veeswarapah — 7 Yesswarapah deceased

8 Kistapah one deceased & Family — 10 Hanumapah — 12 His brother Davacamah present

Lingapah Present — Present — Swamy Rao Present

Claimants.

10-2-2

Kistapah 10-2-2 Share Deceased by Hereditary right as entered in the Register by the Curnum 203.9 In the Pymah Division the other 9 Shares

Kistapah aged 55 years / Hanumapah aged 45 years / Swamy Rao aged 35 years

There is no Record in the name of the deceased Kistapah but the Claimants plead in their Petition that the deceased and they belonged to divided families. This appears from the Evidence of the Witnesses and from their living separately from their Claims must therefore be rejected and the Collr has therefore recommended that the whole of the Share 10-2-2 held by deceased

There are two sets of Claimants who claim also under a deed of gift dated in 1850. Their title is on both occasions clearly evinced. The other Claimants are the great grandson of deceased great Grandson & Father and are not entitled to Relief beyond the limits of Collateral consideration & the near relations known are the ever dependants. Among they possess the contrary there can be no doubt but the deceased and they belonged to divided families. This appears from the Evidence of the Witnesses and from their living separately from their Claims must therefore be rejected and the Collr has therefore recommended that the whole of the Share 10-2-2 held by deceased

(Signed) C. Collett
Addl. Sub Collector

21051 Fort St. George 28th December 1858

I would therefore urge the advisability of allowing Muddenpully to remain as the Cusbah of that Talook and Goundloor or Sorkayelpett being Chosen as that of Goorrumcondah.

8. A rough Sketch of the Goorrumcondah Talook is herewith sent to Shew the Board the position of the different Stations referred to in this Communication and I would as submissively beg to request that I may be as favored with an early decision as it is absolutely necessary that a new talook Cutcherry should be built the present one being a perfect ruin and public business is carried on and the records secured in the large Pagoda belonging to the town of Vellpaud. This inconvenience has been more than once brought under the Consideration of the Chief Engineer and in former Communications to the Board of Revenue by me.
