A Diary.

At a Meeting Present.

Monday, 2.d May 1842. } John Dent Esq.re Senior Member.
G. D. Drury Esq.re Second Member.
Walter Elliot Esq.re Third Member.
and
Alexander Maclean Esq.re Temporary Member.

Minutes of the last Meeting read and approved.

Read again letter from the Collector of Ganjam dated 18.th March and entered in Consultation 21.st Ultimo.

(1) Proceedings thereon.

Informing the Coll.r of Ganjam that the Board are fully satisfied of the justness of the convictions recorded by him of certain charges of extortion and embezzlement preferred against Annajee Row late Tahsildar of the Poobtacondah Talook and authorizing the levy of the full amount of fine adjudged by the Collector under Sec.r V Reg.n IX of 1822.

1. The Board having attentively considered the Proceedings held by the Collector of Ganjam upon the trial of Annajee Row, late Tahsildar of Poobtacondah Talook, copy of which accompanies the foregoing letter, are fully satisfied of the justness of the convictions recorded in no less than 63, out of 70 charges of extortion and embezzlement which have been made subject

Fort St. George 2d May 1842.

of enquiry.-

2. The various Sums which the Defendant is proved to have corruptly received during the time that he had charge of the Poobbacondah Talook amount, it appears, to no less than Rs. 5170-12 and the systematic manner in which he appears to have levied his contributions from the Villagers, renders it more probable this Sum by no means comprizes the whole amount which he has realized by his illegal practices.-

3. Under these circumstances the Board think it highly proper that Annajee Row should be subject to a Fine exceeding in amount the Sums which he has been proved to have actually collected and appropriated to his own use, and the Board accordingly resolve to authorize the levy of the Fine amount of fine adjudged by the Collector under the provisions of Section V. Regulation IX of 1822. Viz. eight thousand Rupees of which 5170-12-0 to be returned agreeably to Section XII Regulation IX of 1822, to the parties from whom it was exacted, and Rs. 2829-4 to be carried to the credit of Government as a Fine.-

4. The Board also approve of the suggestion offered in the concluding Para of the forgoing letter for punishment of the three hereditary Officers proved to have been implicated in the corrupt practices of Annaje Row.-

From the Pl Coll= of Canara

Submitting a Report on the number of Roman Catholics, and Churches, in Canara.

I have the honor to acknowledge the receipt of an Extract from the Board's Proceedings, under date the 13th January last, calling upon me to furnish the information required by Government relative to the Number of Roman Catholic Churches, population, &c= in this District.

2 I have now the honor to forward a Statement containing all the information, I have been able to obtain on the several points on which reports are required from Collectors and Magistrates.

3 The Statement shews the Number of Churches, and Chapels still served by Priests acting under the Eccles= astical Jurisdiction of Goa, and those which have since 1838, become subject to

5420 Fort St George 2nd May 1842.

to the Jurisdiction of the Bishop of Verapoly.

4 The Change in the Eccle= siastical Government took place in the beginning of 1838, and was generally effected peaceably, there having been only two instances, in which the agreement among the con= gregation to the change, being only partial, gave occasion to some affrays between the opposing parties in those Churches.

5 In no instance has the possession of any Church or property in this District, been as yet claimed or obtain= ed through the means of the Magistracy, by any of the Priests acting under the Vicar Apostolic.

6 Among the Priests at pre= sent serving the Churches in Canara, one only in the Church of Sunkery No= 35 is an Italian Carmelite, the others being all natives of this Coast, and educated at Goa.

To The Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to report for the information of the Board, that Davarsoo Lutchmenarrina pah has resigned his situation as Zuffy Aumeen of Checalloorpaud - since my coming here, he has done nothing but write Arzees full of trifling objections, and intended to throw obstacles in the way of business -

He has also been most remiss in his Collections; and lastly, in replying to an order commenting on his carelessness in that matter, he has written a most impertinent Arzee, and tendered his resignation. As the Public business will be much benefitted by his removal from Office, I have accepted it from the 15th instant -

Resolution

Resolution thereon.

(11 - 12)

For the reasons stated in the above communication, the Board of Revenue approve of the Acting Collector's acceptance of the resignation of Davaratoo Lutchmenarrainapah Zuffty Dubash of Chilkaloorpaud from the 15th Ultimo -

(13)

From the Actg Collr of Guntoor - Letter from the Acting Collector of Guntoor submitting for the further consideration of the Board his claim for Extra Tent allowance during the period he actually resided at Nellore while in charge of the District -

To The Acting Secretary to the Board of Revenue Fort St. George.

Sir,

Para 1. I have the honor to acknowledge the receipt of an Extract from the Boards' Proceedings under date 10th Ultimo and in reference to which, I have since received a communication from Mr Stoukens calling upon me to repay the amount of Extra Tent allowance drawn by me while in charge of the Nellore District, and residing at the Penjoor Station; but as from being ignorant that the matter had been brought before the Board, I had no opportunity of bringing to their notice the circumstances under which it was drawn, I venture to make a further reference to them before complying with his demand -

2. In the Board's Letter to the Principal

Principal Collector of Nellore under date 24th January 1831, it is clearly allowed that a Sub Collector attending at the Penjoor Station on Public business is entitled to Extra Tent allowance; and as I attended at Nellore in consequence of an Official requisition from the Principal Collector and solely on Public duty, I would respectfully submit that on this ground alone, and in accordance with the tenor and spirit of the above letter, I am entitled to Extra Tent allowance during the period I was detained at Nellore - I was there as Sub Collector on Public duty, and received no emolument whatever which could in any way connect me with the higher situation, and render Nellore my proper station -

3. I had all the expense of removing and keeping up my Tent Establishment, and having no house at Nellore, I actually resided in Tents for many days, and though I afterwards availed myself of an offer made by a friend to occupy his house while he was out in the District I was still prepared in the event of his returning

to

to reside at Nellore to move into my tents again immediately. At this season had I been in the Sub Division, I should certainly have drawn Extra tent allowances the whole time and as my tents were always with me at Nellore, I shall in the event of my being deprived of the Extra Tent allowances for the time I was there actually suffer a loss of Emoluments, in addition to the extra trouble and responsibility, entailed on me by remaining in charge of the District—

4. I trust therefore that in virtue of the Board's letter above referred to, as well as in consideration of the foregoing circumstances the Board will not insist upon my refunding the amount of Extra Tent allowances drawn by me while in charge of the District and residing at Nellore—

Resolution thereon,

Under the Board's letter of the 24th [illegible]

to Extra tent allowances on attending at the Buzzoor Cutcherry on public business, when not furnished with public accommodation for the use of his Cutcherry— But in the instances under notice Mr Mathison was in charge of the District and as during the time he resided at Nellore he had the Principal Collectors Cutcherry for the accommodation of his Establishment, the Board regret that under the existing rules they cannot make an exception in his favor—

Read again the reports of the Principal Collector of Coimbatore on the Settlement of that District for Fusly 1250—

Para 1. The early part of the season although inadequate for the ordinary Cultivation of the lands under the influence of the South west monsoon, is represented as being more favorable than in Fusly 1249. From the months of July to October inclusive, showers fell partially with good effect both in the Dry Grain and Garden Cultivation. The wet lands dependent on the river irrigation were extensively cultivated. a failure

5th. Deducting the Gross decrease on Dry Lands paying full rent, being Rupees 1,050—12—6. from the Gross increase of Rupees 63,685—4—3, the Net Increase in the Settlement amounted to Rupees 31,998—7—9

Gardens Para 13

6th. In the full demand on the Garden Lands there was a Net increase of Rupees 8,794—8—10 arising from a gross increase of Rupees 18,972—4—1 and a gross decrease of Rupees 10,178—11—3

Nunjah Para 15

The Settlement of the Wet Lands paying full rent, gave a Net increase of Rupees 28,017—7—3, resulting from a gross increase of Rupees 39,032—6—9 and a gross decrease of Rupees 11,014—15—6 These results in the Settlement of every

every description of Cultivation, afford a satisfactory assurance of a progressive improvement in the resources of the District.

Para 11

7th. One item of decrease requires notice, as stated in Para 11, amounting to Rupees 7878—13—7 on Lands carried to the "head of Gross in exchange of Gross Lands "Cultivated with Garden produce". The Board desire that it may be explained, how Lands paying full rent in last year, to the extent of 2,504—1 Bullahs bearing the See Statement No. 5 Col. 7—8—9 Survey assessment of Rupees 7,878—13—7 have been carried to the head of Gross, paying Rupees 1,971—2—9, or only one fourth of the fixed rate Lands paying full rent can neither be given on Cowle or Gross. The increase of rent on Lands carried from the head of Gross to full rent in Gardens amounts only to Rupees 1,658 on 108—4½ Bullahs, the transfer above noticed would therefore seem to have been entirely to the disadvantage of the Government.

Stat. No. 5 Col. 13—14

Under

Cowle land Para 20

8 Under the head of Cowle lands it is satisfactory to observe that the decrease
+Gross Decrease ... 18,684—3—
Gross Increase ... 13,287—4—4
Net Decrease ... 5,397—2—8
+Pr 1037-9-6
is occasioned mainly by the Amount of Rupees 17,316—4— on lands carried to the head of full rents. There is however a decrease on Cowle lands relinquished, in consequence of the death, desertion or insolvency of the holders. Cowles ought never to be granted to parties who are incapable of paying for them, and should be restricted to such Ryots who, having cultivated the lands on their ordinary holding, are desirous of extending their farms. In such cases the risk of casualties will always be avoided, while the prosperity of the Village community will be promoted.

9 In like manner the Board consider it objectionable to remit the progressive rate of the Cowle when the lands are fallow, or from other causes are left uncultivated for

Statement Key Col. 6-7-8 42-43-44

Remission cannot be justly claimed, unless, from natural causes, the Ryots were prevented from cultivating them, and even then the period of the Cowle should not be extended. The Board request the attention of the Principal Collector to these subjects, with a view to prevent the loss of Revenue which they involve.

Para 20

10 The transfer of Garden and Punjah lands held on Kaim Cowles and rated at Rupees 210—10—3, to other heads of settlement, in consequence of their being cultivated with Punjah produce from a scarcity of water, need not have been made, if, in consequence of the impracticability of irrigating such lands, they could only be cultivated with common Dry grains, the proper course would have been to assess such lands according to the survey rates of Punjah lands of similar description and capability: the Board therefore request that the Accounts may be adjusted in

Pagkayet Turra Punjah. Punjah Turra Punjah.

in this manner and these kaim Cowles be altogether discontinued.

Para 22

11 The Board have attentively examined the Statement No. 8 in the Enclosure A which the Principal Collector has submitted, in explanation of the mode in which their instructions have been carried out in the settlement of lands held, for various reasons, on a permanent reduction of the survey assessment.

12 There is a difference between this Statement and the Register of kaim Cowles forwarded in fasly 1248, Amounting to Rupees 643-12-11, and the Principal Collector will be pleased to explain whether it is occasioned by additional Cowles of this description, or by any Encroachments of land in those still unadjusted.

13 The Permanent, or kaim Cowles, exhibit a decrease below the actual Settlement under this head in fasly 1249, but those still retained amount to about half of the Settlement in that

Year. The Board are sensible of the difficulty attendant on the immediate abrogation of Cowles which involve the interests of Ryots who have been encouraged by them to employ their labour in unhealthy, and in other respects exceptionable localities, and they trust Mr. Wroughton will soon be able to submit the Statement he proposes, with a view to the final disposal of this objectionable head of Settlement. In those lands situated near the Conoor and Guzzlehully Ghauts in the Talook of Danaikencottah, in which a considerable outlay has been made on the faith of these Cowles, the Principal Collector will satisfy himself whether the difficulties of cultivating these lands are increased or diminished since the period they were granted, and in every case the Board would desire to know the number of Crops raised annually under each Cowle.

14 The lands in the Village of

Statement No 8 Enclosure A

of Nercor of the Carcor Jalook were apparently given on a Permanent Cowle on the condition that the difference of assessment should be made good to the Government by the Cultivation of other lands and that the Lands were to be subject to rent whether they were cultivated or not. The Board are desirous of knowing if these conditions have been strictly fulfilled. In the Register sent to the Board in Fusly 1218, Seven Cowles

A. No 8

are entered of this description. In the Statement now received, there appear to be only 4 Cowles. an explanation of this discrepancy is required.

Sub Collectors letter Para 7

15 The Sub Collector observes that "Government are secured from loss "by the lands taken in exchange" "making "up the difference of revenue abandoned" but it is not stated whether the Ryots gather two Crops from these (Erra † samaidoo) lands or whether they are exchanged for others and the difference of Revenue paid, or if the difference is made good from

† lands on high levels irrigated by means of Picottahs

Nunjah or Punjah lands. If the Erra samaidoo lands are changed at any time, the Cowles should be considered forfeited.

From Para 23 to 27 Gardens Calculated with common Punjah wet lands Dr. Dr.

16 Under the heads of Settlement entered as Baghayet turn Punjah, and Nunjah turn Punjah, there was a Net increase in the former of Rupees 11,07-9-6 chiefly attributable to the Cultivation of waste Garden lands with common Punjah Grains to the amount of Rupees 1,092-12-7 and in the latter there was a Net decrease of Rupees 2373-12-3 which the Board observe to have been occasioned by the amount charged on lands carried to the head of full rent.

Para 28 Rs 3587-14-4

17 The Board are glad to observe the progress which has been made in reducing the remissions on account of grass lands to the amount of Rupees 6,618-13-9 below that of the preceding Fusly. In Para 32 the Principal Collector explains the decrease of Rupees 863-8-11 to be "the amount

report of the reduction on lands granted
for pasturage, it is not explained whether
the Ryots who paid half rent last
year are permitted to hold the same
lands this year at one fourth, or
whether the lands were given as Grass
at one fifth of their Putcut to them,
or to other Ryots. The same lands,
which were charged with half rent

opinion of the Board, to have been

Grass lands, in excess of one fifth, are carried to account, distinguishing the two divisions of the District.

Para 35. 19. In the fixed Sourmadayem, or ready money Collections, there is a Nett increase of Rupees 4,321 of which the sum of Rupees 4,249 is the increase under the head of "Pillawarree" or Grass rents and in the Talook of Cheyoor alone the increase of Grass rents amounts to Rupees 1177. The Board are desirous of knowing the causes which have led to the sudden rise in these Rents: it would seem that the increase has arisen from the Grass lands held by the Ryots at half rent up to Fusly 1249. having now been rented and included in this head of Revenue by appropriating them for the pasturage of cattle belonging to the inhabitants

From the Collector of Masulipatam. Submitting Report on the Settlement of the Extra Sources of Revenue for Fasly 1250.

Para 1. I have the honor to submit the following report on the Extra Sources of Revenue in this District for Fasly 1250 together with the usual Statements

2. The following Abstract Statement exhibits a Comparison between the amount of revenue arising from each item for Fasslies 1249 and 1250, and shews a Net decrease in the latter year of Rupees 21,186-7-2. after deducting the increase of Rupees 6329-14-10 which took place in the items of Sayer, Sea Customs, Abkary, Moturpha, and Stamps from the decrease, which occurred in the items of Salt and Sundry Small Farms and Licenses.

3 On referring to Statement No. 1, it will be observed that the quantity of Salt sold during fusly 1250, in the Pondrea and Tenegoodooroo Cotaurs, for Inland and Home Consumption, including Smuggled Salt, amounted to 2,367-355-G. M. S., and that the Collections amounted to Rupees 24,8628-3-u- Shewing a decrease in the Sales and Collections respectively to the amount of Garces 260.35 M. S. u- and Rupees 27309-3-u- A. P. 4. Agreeably to the orders conveyed in the Board's Proceedings dated 15th March 1841, the amount of Fines levied from Servants in the Salt Department have been excluded from the demands under this head and carried to the Credit of Extra Revenue.

5. In the Pondrada Cotaur, there was a decrease in the Amount of Sales for Home Consumption to the extent of 64-150-0-0 and Rupees 6759-6-0 owing to there being no demand for this article in the Rajahmundry District, as was the case in the corresponding preceding year. There was also a decrease in the Inland Sales to the amount of G. M. M. S. 271-285-0-0 and of Rupees 28529-13-0-0. The cause of this decrease is attributable to the dryness of the Season, and the want of Water and forage for Cattle which deterred the Lumbadies from resorting to the Cotaurs in such numbers

as usual. In the said Cotaurs the G. M. M. S.
total decrease amounted to 336-35-0-0
and Rupees 35289-3-0-0.

6. In Innegoodooroo Cotaur there was an increase in the Sales for Home Consumption amounting to G. M. M. S. 44-67-7-1¼, and Rupees 4637-13-6; while in the Sales for Inland Consumption there was also an increase of G. M. S. 32-25-0-0 and Rupees 3366-9-0; making a total increase in the amount of G. M. M. S. Sales of 76-92-7-1¼ and Rupees 8004-6-6. The total increase of Rupees 8004-6-6 being deducted from the total decrease of Rupees 35289-3-0-0 left the net decrease in the Salt Collections at Rupees 27284-12-6, but it will be observed on referring to the Marginal Statement, that the Collections under this head for Fusly 1250 are greater than those of any year for the last 25 years, except Fusslies 1244, 1246 and 1249.

in the Pondaus Cotaur on the 1st February 1841 in consequence of the large Supply of that description of Salt in Store, as explained in my letter dated 6th April following, the total production of Salting, exceeds that of the preceding Fusly to the amount of 2651-130-0-0 there being an increase in the Spontaneous Salt alone of 3914-322 Candies, which, as it finds a ready Sale, may be expected to add 4 Lacs and 10 thousand Rupees to the future Salt revenue.-

9. No Spontaneous Salt was produced in the Innegoodaroo Cotaur in consequence of the Swamps not having received any Supply of Sea water during the high tides, but there was an increase in the manufactured and artificial Salt owing to the dryness of the Season

Season which was particularly favorable for it's production.

Order on the foregoing letters. Ordered to be brought forward at a future Meeting.-

(Vide letter to Govt. 23d May)

Read the following letter

To The Acting Secretary to the Board of Revenue Fort St. George

Sir,

Para 1. I have the honor to report for the information of the Board, the circumstances under which I have found it necessary to suspend Kunchoory, Kistniah Ameen and Head of Police of Guntoor, and officiating Ameen and Head of Police of Puttepaud.-

25

From the Asst. Collr. of Guntoor Stating the circumstances which led to the suspension of K. Kistniah from his situation of Ameen and Head of Police of Guntoor Tanah and soliciting the Board's sanction on the grounds alluded to for his permanent dismissal.-

2. An order having been issued to him to report immediately what had already passed in regard to an Endorsement sent to the former Head of Police by the late Magistrate, directing him to report on a charge preferred against him and his Muddutgar, for oppression and maltreatment, he very improperly took upon himself to examine the witnesses evidently with a view to save, if possible, the late Head of Police and his relation, the Muddutgar, from blame and

* Vide Enclosure No 2 dated 19th October 1841.

and to quash the case. For this outward reason and from my suspecting him also to be the prime mover in all sorts of intrigues then going on, I deemed it advisable to issue an order on the 19th Ultimo, removing him to Puttepaud to carry on the duties of Ameen there, but on the Pay of the Guntoor Tanah - and as at the same time, it was very advisable that he should leave immediately and not have opportunity for communicating with certain intriguing parties, I sent two Peiyets to remain with him until his departure, and to act as a check upon any attempt at improper intrigue, as well as to prevent the chance of the fabrication of reports of such having taken place, which must injure him as well as others - I then expected that he would obey my orders, and leave the same evening - but to this order I received a very improper reply late on the same day, written very impertinently and endeavouring by false argument and a long string of sentences not fully put together, to pervert the meaning of the order so as to shew that in acting as he had done, and making an examination of witnesses, he was borne out by its contents

* See Enclosure No 2 dated 19th March 1842.

† See Enclosure No 3 dated 19th March 1842.

contents - He, moreover, represented that, as the Pay of Pruttepaud was less than that of Guntoor, he was unwilling to go there, and therefore tendered his resignation - To this, on the next day the 20th an answer was sent, explaining that his Pay had not been reduced as he was to receive all the emoluments of the Guntoor Amen, while Officiating at Pruttepaud, and stating that his resignation could not be accepted, as I might have to question him on certain matters - He was ordered again to proceed immediately to Pruttepaud - He did not then even do so, but wrote a long regimarole argee asking for leave or other employment so as to be allowed to remain at Guntoor - Previous to receiving an answer to this, and on the same day, he wrote an English note, which speaks for itself, requesting the removal of the Peons and on the next day, he wrote a still more impertinent and most insubordinate argee making most frivolous complaint against the Peons and ending by threatening a suit in the Civil Court and demanding their removal

† See Enclosure No 4 dated 20th March 1842.

× See Enclosure No 5 dated 20th March 1842.

† See Enclosure No 6 dated 20th March 1842.

† See Enclosure No 7 dated 21st March 1842.

3. Wishing to see if he might perchance have been in any way annoyed by the Peons, I sent for him and them to make the necessary enquiry, but as it was also necessary that I should ascertain whether he intended finally to refuse to obey my orders and go to Pruttepaud, an order was sent putting that question to him and requiring a direct answer - In the meantime, I sent for him and took a deposition from him to find out what cause he had to complain of the Peons conduct and to ascertain the particulars - The charges he makes therein are most slight and frivolous and their vexatious nature can be plainly perceived from his own Statement even - He stated he had no witnesses but the Peons, and I accordingly took a deposition from one of the Peons, and as from this it appeared evident that they had merely performed their duty, and that he had evidently tried to annoy and insult them in every way, and that they were the sufferers as they had been forced to remain out in the rain in consequence of the system of annoyance pursued by him as had been previously reported to me by the Sirdar and the Jamadar of Peons - I deemed it unnecessary to

to proceed further on the matter, especially as at the close of the examination, Sastri-ah, on being pressed for an immediate answer as to whether he intended to obey my orders or not, forsook the high tone and unbecoming manner, which he had assumed, declared his willingness to proceed to Pruttepaud and, expressing himself in a contrite manner, requested that I would pardon him and pass the matter over this time.

4. Having known him formerly in this Cutcherry, and thinking that he had become sensible of his bad conduct I passed over it for the time, intimating that his future conduct at Pruttepaud would shew how far he was deserving of pardon, as he promised to proceed immediately to Pruttepaud, and at his urgent request, I recalled the Dubash who had been sent to hasten his departure. He went there, and took charge, and on the day after his arrival, he wrote if possible a more impertinent and contumacious Arzee than ever, impugning my proceedings and insulting me partly directly, and partly under the veil of attributing all my acts to the influence

† See Enclosure No 11 dated 23d March 1842.

influence of the Shirestadar, availing himself of the opportunity to throw abuse on that Officer, and concluded by the following open declaration of disobedience. "As this Arzee will be read to you "tomorrow at 10 O'Clock A.M. I beg you will "give an order immediately to inform me "to whom I should deliver over my charge. I "shall remain here in expectation of your orders "and transact business tomorrow only, but from "the morning of the day after tomorrow, I am "no longer responsible for this Tanah. I, therefore address this before hand for your information." To this, I merely replied by peremptorily ordering him to remain there until further orders, for as when thus dictated to, I could not act otherwise, but on the next day I suspended him and desired him to attend at Cutcherry.

5. I send herewith Copies and translations of the different Papers referred to above, as it is the only way in which I can hope to give the Board any idea of the extreme insolence and contumacy displayed by this individual, much of which however, is lost and cannot be conveyed even in the translations. They are full of gross and wilful attempts to pervert the meaning of my orders, false and unprovoked attacks upon the Head Shirestadar and

* See Enclosure No 13 dated 24th March 1842.

and

and since excessive insolence and contumacy towards myself as well as determined disrespect of my authority.

6. Under these circumstances, it only remains for me to request the Board's sanction for the permanent dismissal of N. Ristniah from his situation; and though a case connected with a worthless person of this description deserves but little attention still for the sake of example, and to deter others from similar acts, the Board might perhaps think it advisable to put a restriction on his future employment especially as from his being so ready to resign his situation it is evident that dismissal will not be considered by him in the light of punishment.

7. I make this latter suggestion both with reference to this case, as also with reference to the circumstance of my having received several similarly improper Arzees, which render it necessary that the spirit of insubordination and insolence should be at once checked. This individual, Ristniah, was one of the principal movers in every intrigue under Subbaroya Venkata Ristnarow, when he was Deputy Sheristadar, and the other Arzees referred to are also written by some of his dependants, and proceed, I have no doubt, from an organized system of opposition

on their part. It seems to be their plan to cause as many resignations and to force me to punish and remove as many of them as possible, so as to give themselves the appearance of an aggrieved party, and then by attributing all my acts to the influence of the present Head Sheristadar, to form a foundation for groundless attacks upon him, and for further intrigues to oust him from his situation. The impertinence and contumacy exhibited in all these Arzees is entirely sui generis, and from my knowledge of what passed in the Nellore District, I have no difficulty in recognizing the style and declaring that it emanates from Mongamory Lutchmeroosoo, the individual whose ill conduct in this respect was so strongly represented to the Board by Mr. Stonehouse, and which opinion is confirmed by the information I received since he came to this district, he has acted as the mere tool of Venkatachellum, and though now holding no appointment in this district, is still remaining here for the sole purpose of promoting intrigue and disturbance, and thereby attaining the situation of Head Sheristadar, and in which he has

here

been lately disappointed - I may mention that the suit in the Civil Court threatened by Numbory Kistniah has been preferred against me, dismissed as frivolous and vexatious by the Acting Assistant Judge and the plaintiff fined.

Translation of the Order No. 304 dated 19th March 1842. issued to Numbor Kistniah, who was then Ameen of Guntoor Taluk and has been since dismissed.

An order No. 116 having been issued to you on the 11th instant directing you to report quickly what had passed with reference to the Endorsement dated 29th October 1841, for which no answer has yet been received, in the case wherein the late Head of Police was charged with having caused a stone to be placed over the neck of Pedderedy Damaya, and maltreated him, you have instead of reporting what had occurred up to that time, now newly taken depositions from 3 persons, and forwarded the same -

True

From your newly taking and sending the Deposition contrary to the order issued, it appears that you have ventured to act in that way with reference to the bias you have in relation to the above case, but it does not seem that you have paid attention to my order or the rules. In consequence of which you are for this time removed to carry on the duties of Dubash and Head of Police of Pruttepaud Yanah - you are, therefore immediately on receipt of this order to deliver over to the Paishcar the charge of all branches of Revenue attached to the Yanah and to proceed this very day to Pruttepaud - you are further directed to report your arrival there immediately and carry on the Circar business with propriety.

No. 3.

To, The Acting Collector in the Zillah of Guntoor

Arzee addressed by your servant Numboory Croostnah Aumeen of the Thanah of Guntoor.

In the Kookoom No. 304, issued by your Honor on this date, it is stated that, altho' an order was issued dated 14th. Instant, directing me to report immediately the cause why no report had been made as per Endorsement dated 29th. October 1841 on the Case of the late Head of Police having used oppression towards Peddy Reddy Dasayah by suspending a stone to his neck, and to state what had then occursed, that I did not do so, but that I have newly taken depositions from three persons, and sent them to you contrary to the above Kookoom; that upon considering the circumstance of my having newly taken and sent depositions to you when I was not instructed in the said Kookoom to do so; it appears that I have acted thus with reference to the bias I have in that case, but it does not appear that I have drawn my attention to your order and Instruction

Instruction, that in consequence of this Shave been removed as Aumeen and Head of Police to to the Prattapaud Thanah; and that immediately after the receipt of the Hookoom, I should intrust the charge of all sources of the Guntoor Thanah to the Peishcar, and on this very day go to Prattepaud. I have accordingly given the charge of all sources Viz.t Revenue, Police Sayer Money Papers &ca. of the Guntoor Thanah to the care of Peishcar, and I humbly beg to represent as follows.—

In the Hookoom Wuckiyat to me by the Assistant Magistrate under Date the 14th. Instant, it is stated, "You should report in detail on the case of the Endorsed Arzee." From that Hookoom, it does not at all appear that the meaning of the said wording is that, Examination should not be held, but on the contrary, it gives the meaning that Examination should be made. because it is mentioned "You should report in detail on the case of the said Endorsed Arzee." now what is the meaning of the words "reporting in detail," is it that I should report whether the Circumstance mentioned in that charge

charge is true or not?, or is it that I should report what Examination has already taken place up to this time relative to that charge or is it that I should inform why the late Head of Police had not answered (to the Hookoom in question.

If it is meant, that I should report whether the circumstance mentioned in that charge, is true or not, I beg to state that the truth or untruth can be known only to the Head of Police, against whom that charge was preferred, or to others who were then present and saw the Act, but how could I, who came to that situation a long time afterwards, know the particulars thereof without investigation. How could I know that your honor, who are acquainted with the circumstance of my having subsequently come would consider that I have other means to understand the truth or untruth without Examining those who were then present. When it is necessary that I should discover the truth or untruth by Examining those who were then present, how can I report on the truth or untruth without Examining those who were mentioned

Mentioned in the charge as being then present? If the Meaning of it is, that I should inform of what examination has been hitherto held, I beg to state that authority was first given to the late Head of the Police to make investigation into the case. was it not? well then, If authority was then so given, I beg to say that no mention is made in the Hookoom that that authority is now repeated, consequently, the meaning of the Hookoom is clear that an Examination should be made.—

If it is the meaning that I should inform, why the late Head of Police has not sent an Answer, I beg to state that as the reasons of every Endorsed Arzee, and every Hookoom not being answered, are assigned in the Account Current of Hookooms and endorsements for every month, and as I who came newly have no other means to obtain further information than these afforded it is not proper to make such meaning from the insertion that, reports should be made in detail.—

Under these circumstances it does not at all appear that the Hookoom gives the meaning that Examination should

not be made.—

Therefore, if you will again peruse the contents of that Hookoom quietly, and consider it maturely, you will understand yourself that I made no more examination than was necessary to enable me to report in detail as ordered, and that my having Examined the witnesses mentioned in the charge, who were present, cannot be considered as taking new depositions from three persons as mentioned in your Hookoom.—

In your Hookoom, it is stated that I have acted with reference to the bias I have in that case. I can solemnly represent that, I have no wish to manage affairs otherwise than exactly according to your Orders.—

While I was in the situation of Deputy Aumeen of 60 Rupees Salary a Month in the Chabrole Thanah, Mr. Goldingham removed me to this situation on the 12th February, Mentioning (in the Hookoom) that the salary of 40 Rupees attached to the Police, the Rupees 10 attached to the Revenue and the stamp Commission being about Rupees 10, would make up

Translation of the Order No. 278. dated 20th March 1842 issued to Numboor Krestniah

Your Arzee of the 19th instant has been received. You state that you had been removed from the situation of Aumeen and Head of Police of Guntoor Tanah, of which the Emoluments are Rupees 60 including about 10 Rupees of Stamp Commission to that of Aumeen and Head of Police of Pruttapaud Tanah

Fort St. George 5

Tanah the pay of which is 20 Rupees below the above Amount. Your removal to Pruttapaud Tanah to carry on the business there without allowing you to remain at Guntoor being considered essentially necessary with reference to the present state of affairs, you have been accordingly only removed to perform the duties attached to Pruttapaud Tanah. also in the order issued to you, it is particularly stated that you had been removed to carry on the duties of the Aumeen and Head of Police of Pruttapaud Tanah. but, you have neither been fully appointed Aumeen and Head of Police of Pruttapaud Tanah with the salary of the same Pruttapaud Tanah, which is 20 Rupees below that of Guntoor Tanah, which you are now receiving, nor is mention made in the order that you should receive the salary of Pruttapaud Tanah. Again moreover, as on the completion of the Arrangements now under consideration regarding different servants, you will be appointed to such situation bearing such Amount of salary as circumstances will permit and informed of it hereafter. and as no mention

mention of the Amount of Salary that you are to receive is made at all in the order issued to you Yesterday, you have no occasion to write on that point now, and accordingly you are to carry on the duties of Pruttapaud Tanah until further orders, considering at the same time that the salary of the Guntoor Tanah, is yours. That is, you are to conduct the business as Officiating Aumeen and Head of Police of that Tanah.

You have requested that your resignation might be accepted and leave granted to you. You are to understand that your resignation cannot be accepted until your Answers are obtained to such questions as I may have to put to you hereafter, regarding matters which may have already occurred, or until they are disposed of, and that you should proceed quickly to Pruttapaud as directed in the order issued to you yesterday, and so carry on the business of that Tanah as above directed.

Most Honored Sir

I beg leave to represent, that two dalayets belonging to the Huzzoor Cutcherry are stationed over my dwelling since the last night, and they are hindering me - as well as my people from passing and repassing the door -

As your honor is aware of that it is unreasonable to do so, particularly after giving up the public service, and as I am suffering much trouble by the said restraint, I beg your honor to order them to quit my house immediately -

To, The Acting Collector in the Zillah of Guntoor

Arzee addressed by your Servant Numboory Crooshniah officiating Auneen of Pruttepaud -

Yesterday at 12 o/c A. M. I wrote you an English Perunee or Note that, 2 of the Dalayets attached to your Huzzoor came to my House, and since the night of day before yesterday were putting me - and my people to trouble, by preventing us from

from going out of and coming into the House, and that as you were aware of it's being an unjust matter, you should order them to withdraw themselves immediately as you have not as yet favored me with your answer thereto. nor have you recalled those Deloyals.

The day before yesterday, you favored me with your Hookoom stating that, I have been removed to conduct the business of the Ameen of Puttepaud. The said two Deloyals came to me in the evening of day before yesterday, and told me that they were instructed to prevent me from speaking with any one, or from going out of the gate and to prevent others from coming into my House until I left the Town, and that after sending me as far as Yatookoor Chouky, they were to report on the same to you, and that they would act accordingly. Altho' I told them to remain outside of the Gate, yet they did not remain there, but forcibly entered the House, where women lodge. They having told me that these were your orders I said nothing to them, but suffered all the trouble they put me to and sent you

resignation agree immediately. Even upon this, you did not order them to come back. Telling me that your orders were that I should lie down during the whole night in their presence and that they should not lose sight of me, they prevented me from lying down inside since that time, up to this period they have prevented my own people and my relations, who have important business with me from coming into my House and thus keeping only me, who are feeble people and the women in the house, they have been committing every kind of disturbance. I do not see any reason for your issuing an order of this kind.-

When persons are changed to any situation whatever, they will go if they like, otherwise, they will not go: but it is not prescribed by any Regulation that Peons should be deputed to send them removed persons / by force, or that they should be confined until they departed. neither has any Gentleman acted thus up to this time.-

In the event of its being concluded that

that you have thus passed orders as charging me with some offence, I beg to state that, if there is any charge preferred against me you should make an examination regularly in my presence into that charge, and on the charge being proved you should give any orders. but you have not yet given me notice that a charge has been preferred against me and there is no occasion to fix an accusation on me without cause. Even in the cases where a charge is brought forward against any servant and regular examination is held, if it is thought that, that servant would decamp, an adequate personal security should be taken, and if it is thought that he would conceal his property to evade the execution of the decision which may be eventually passed against him an adequate money security should be taken which is regular, but, even in the case where charges are preferred, there is no necessity to place peons upon people and put them to unreasonable embarrassment in this manner while therefore there is no any charge against me you may yourself perceive that the placing of the

Peons upon my House and causing them to put me to trouble thus, is excessively unjust and almost contrary to the Regulations of the British Government.-

I cannot believe at all that, you who are a just Gentleman, would give instructions contrary to the Regulations-& Though I do not know by whose ill advice it has occurred, still the said Dalayets have forcibly entered my House and been committing disturbances, and altho I represented this circumstance at 12 o'l A.M. yesterday to your honor, you did not prevent it, and as by the above disturbances hitherto improperly committed, I have been subjected to "Manamastom" or the loss of character, and as from the manner of their acts it appears that if they are allowed to remain in this manner any longer, they will injure my character and life at any time, and also plunder my House. I am going to institute a suit in the Civil Court and seek redress on account of the loss of character which I have hitherto sustained - under these circumstances I beg that you will even now

now be pleased immediately to recall the Dalayets in question - Please to peruse -

Deposition given by Numboory Croost-nah, son of Teroovengalum of the Brahmy Caste Ramanoja religion by profession Ameen and Head of Police of the Guntoor Thanah, inhabitant of Mungalagherry at present residing at Guntoor, and aged 28 years -

Q. In what language will you dictate your deposition.

A. In the Gentoo language

Q. The day before yesterday a Hookoom was issued to you directing you to carry on the business in the Ruttepaud Thanah, receiving the Salary of the Ameen and Head of Police of Guntoor Thanah, and as I entertained suspicion that the cir-cumstance of the destruction of the record in

in the case of the Solemn Declaration, was drawn up in the hand writing of Cavasekala Raghoopatty Row, who was employed in the Moonshee Department in the Hoozoor Cutcherry, and in which you were concerned took place according to your instigation, I deputed two Peons to take care that until you started for Buttepand, no evil disposed people should come to your House, with a view to prevent any &c blame being thus cast either upon you, &c who are a Circar Servant. or upon others, and to report to me the circumstance of your departure while this is the case, in the Arzee addressed by you this day, you have stated that those Peons have been committing every disturbance in your House, that thereby you have sustained the loss of your Character and that you would therefore institute a Suit in the Civil Court. What disturbances did they commit? what proof is there that they have committed disturbances?

&c I told the Peons that they should remain out of the gate that they must not come into the inner Hall in which the

the women and ourselves sleep that if &c they had to take care that I should not speak to any one according to the Gentlemans orders, they should remain out of the gate itself and be careful that such persons might not come into my House, and that I might not go out of the same, and that their coming inside the House was irregular. to which they answered that they would not re: main out of the gate in that manner, and that they had Gentlemans orders to watch at the same place where I should sleep. I told them again that they should represent to your Honor what &c I have said to them, and act according to your orders thereon, they replied that Gentleman had at once ordered them to take care that I should not speak to any one, to remain with me until I pass the Yatoocoor Chauky in that manner, and upwards to report the circumstance and that they would not return in the mean time, and while myself, my mother, my sisters &c were sleeping in the Hall, they slept themselves in the Verandah near

near to the place whenever I went to the Privy, or to make water, they ac=
=companied me like a Prisoner - They having stat down within and without the Gate prevented my relations and Servants from coming inside - They used to say to every one, who might pass by the Cs street, whether they asked them or not, that I was kept confined consequently there is a defamatory report against me throughout the Town. the Hall having become muddy from the rain that fell last night and in the day time, and from the cold wind, I could not get sleep there consequently I slept in the inner apartment. while I was sleeping there one of the Peons, who were watching me named Mahomed Yakoob, after about 11 o'clock in the night, waked my mother, who was sleeping in the Hall, and asked her where I was she replied that I was sleeping in the inner apartment; then he said that going inside without sleeping in the Hall was as if I had escaped from custody

and that he would enter the inner apartment and seize me and he then attempted to do the same my women Cs prevented him - but he resisting them entered inside at that time hearing the noise I came out, and upon enquiry I understood the above circumstance. at that time, he alone was present, and did this act. I saw that the other persons were sleeping - afterwards, I appeared to them and having Sa=
=tisfied them by disclosing the in=
=conveniences which existed in seve=
=ral ways for my sleeping in the Hall. went again into inside and slept Cs there - This day since sun rise they have prevented the inside man from going out and the outside man from coming inside the House in the said manner - These are the disturbances committed by them - as these Peons have prevented my relations and Servants Vca from coming inside the House from outside since these 3 days past and as we and the females are the only persons in the House there

there are no persons in the House who could give evidence. The circumstance of the Peons having prevented persons from coming inside is known to every one, who was so prevented. To tell who are they. I did not then go out. Unless I enquire their names I cannot say who they are.

Deposition given by Mahomed Yaccob son of Shaike Ummed of the Moor Caste, by Profession Huzzoor Cutcherry Dalayet, inhabitant of Guntoor and aged 38 years.

Q. In what language will you give your Deposition?

A. In Teloogoo Language.

Q. You have been deputed to take care that no ill advisers or ill disposed people should come to Numboory Croostniah until he might depart for Pruttypaud, and directed to report to me the circumstance of his departure. Croostniah has complained that several disturbances were committed by you. His deposition will be read to you, hear it. What do you state in reply to it?

A. I did not commit disturbance at all as stated by the complainant in his deposition. The circumstances that took place are as follows.

By the time, I and Dhoolepaulla Seetaramdoo both went to the house of the complainant according to the instructions of the Tamadar, who said that Gentleman had ordered him; accordingly he, the complainant, was sitting down in the outer Devaumsthana. He asked us "why do you come here" we replied, until you shall have departed for Pruttypaud, we will remain here, and after your departure, we will report

to

"to the Gentleman on that Circumstance- He said "very" "well"- on that night at about 10 O'clock, to what we asked him is that "you said that you would depart this night- why did you not yet depart?" He Contemptuously replied "I addressed and agree to Gentleman's- I do not go, I will see in the Morning" we intended to lie down there with a view that, however we ought to remain until his departure- as the Complainant, his brother, and their women formed their beds and laid down in the Dewankhana, and as one of the Police Peons watching over Poorniah, who is the Moonshy Muddutgaur and who is the younger brother of Croostniah, laid down in the Verandah of the Dewankhana, the other Peon and we (two persons) making three in number, laid down in the entrance between the Verandah and the gate at the Street- after day break, we sat down for some time out of the gate, and for some time, when there was sun, under the roof over the gate- At 2 O'clock P. M, leaving Seetaramdoo, I went to take my meal- after I returned Seetaramdoo told me that, when rain fell he was in the Bandy Stable situated in the Street in front of the gate- when I returned

after the rain ceased, I sat down out of the gate under the roof over it- at 3 O'clock he (complainant) said "I addressed a further agree- I do not go to Pruttypaud" but did not state it clearly, and he said it contemptuously- the open area in which we laid down on the preceding night became Muddy- In the evening, I went to take my meal, and by the time I returned, my companion, the other Peon, and the 2 Peons watching over Croostniah's Brother, making 3 in Total were in the Muddy open area- I asked them why did they remain in the Mud- They replied, that they (three persons) had asked for place to lie down in the Verandah of the Dewankhanah, that Croostniah did not permit them to lie down there, and that they consequently remained in the open area- concluding myself, that he would permit me, even tho I asked for the place, I as well as the other 3 persons, after sitting down for some time in the open area, formed our beds on some high ground in it, and laid down there- At 10 O'clock in the night, I saw when Croostniah was not to be found in the Dewankhanah- He went inside to take his meal, but he did not return- On the preceding night, as he laid down on a Cot in the Dewankhana itself, and as he did not lie down last night in the Dewankhana, I asked the people belonging to him who were laying down in the Dewankhanah, where

Croostniah is

Croostniah was one of them then replied "He lies down" in some place or other in the inner house, what do you "care about it," saying these words he went into the inner house, and told to Croostniah the circumstance of my having asked about him upon which, he came into the Dewankhana and making angry said, "why do you" ask, what reason have you to ask," then, it was 11 o'Clock in the night - what I said is that "last night "you laid down in the Dewankhana, this night "you were not to be seen there - Consequently I asked "for you - as I came on the part of Cirkar. I asked "as soon as you have departed for Pruttypaud we "shall go and report to Gentleman and we will "not remain here." The other Peons also said in the same manner - after this he again went into the inner house - we remained only in the open area till day break - since sun rise till yesterday we sat down without and within the gate under the Shadow, as it changed - after 10 o'Clock in the forenoon, I went to take my meal, and by the time I returned, Gentleman, has sent for the Complainant - Seetarumdoo also came to Gentleman - as I understood - this circumstance as soon as I went to Croostniahs House, I also came down here - This is all the circumstance which took place - The families did not lie down in the inner apartments the two-

two preceding nights, but they laid down in the outer Dewankhanah itself - Last night only Croost=niah laid down in the inner house, but the females laid down in the Dewankhana - The females are old persons - I don't know how they are related to him - A Soodra woman, who suckles child, laid down in the Verandah of the Dewankhana - another woman likewise laid down there -

2o While it was the direction that you should watch against the coming of ill advisers until Croostniahs departure to Pruttypaud, it is said that you have prevented also his servants from coming into, and going out of the house, what is it, what is the circumstance of your having prevented his relations from coming into his house?

A We did not prevent at all his servants, or his own people, or his relations from coming into or going out of his house - Nor did we prevent the inmates of his house from going out - I said to myself that, if any persons connected with Manager=ment or Service would come to Croostniahs House from the Street on which Subneviss Croostnarow Puntooloo lives - they were the ill advisers - and that I should prevent them - Since we went to his House, the persons of that Street, that is, such persons have never come nor did we prevent them

1 them - we had no occasion to prevent other per-
=sons: Nor did we prevent them in that manner.
When a Vellyman brought a letter from Mungala-

=stance, who sent his brother with me. I have
reported to the Gentleman thro the Jamadar
the circumstance of that letter having come,
and delivered over that letter to his brother
according to your order. Nothing more
passed than this.

2 What is the circumstance of your having
said to the persons passing and repassing by
the street, that the complainant was kept
in confinement, without remaining guard at the gate;

A I did not say so to any one passing
and repassing by the street, nor did any of them
ask me, "why you sit down here" nor did we
say any thing.

2. What is the Circumstance of your
having accompanied the Complainant when-
=ever he went to privy or to make water in the
System of a Prisoner.

A The privy Vs are perhaps situated
within his Compound: the Complainant did

"If you want, you may come and speak "early in the Morning." as soon as I said these words, they returned away. I do not Know the name of the Second person. I do not Know that Pottoory Sayanah is their re-lation. with the exception of that circumstance no one came saying that he is their re-lation at any time I was present. nor did I prevent him.

To

The Acting Collector in the Zillah

of

Guntoor

Arzee addressed by your servant Numboory Croostniah, officiating Aumeen of the Tanah of Pruttepaud.

Your honor having unreasonably entertained "Caboosheem" or malice against me, I resigned my situation on the 19th Instant. In the Hookoom with which I was favored on the 21st Instant, it is stated that, according to your instructions I should go to Prutty paud and take charge, and afterwards make my representations, and as on the same day when you sent for me into your presence, you verbally ordered me in the above manner. Consequently, I came to Prutty paud and took charge accordingly, which circumstance, I reported on yesterday by an Arzee. which you might have perused. On my having addressed an Arzee in Teloogoo on the 21st Instant, relative to the trouble and the loss of Character suffered by me from the Deloyets, who were placed by you on my house from the evening of

of the 19th Instant, you sent for me to your Bungalow in the evening of that day, and in taking a deposition from me, you put me a question that, "The case or Record connected with the Solemn "declaration, in which you have concern, and "which was drawn up by Consekala Ragoopatty row, "having been lost in the Cutcherry, you had suspicion "against me in respect to it that consequently — "Deloyets were deputed to prevent ill advisers "from coming to me, and "that I should state — "what disturbances were committed by them in "my house"—

In my reply, when I intended to state the circumstances of my having ever kept Company with respectable persons, and of my never having mixed with ill advisers, and that there was no reason to entertain suspicion against me in the case of Solemn declaration, which was lost, and that the circumstance was neither mentioned to me either by yourself, or the Deloyets, as also other circumstances Connected with it, the Head Sheristadar Napitty Sashagherry row Puntoolo, who was sitting near you, prevented me from dictating those circumstances, and having caused a Dash to be drawn over certain words which were already dictated by me at the beginning of the Deposition, said, that I should only state the

disturbances which were committed by the Deloyets. If my reply was to be confined to the detail of the disturbances committed by them, you should in the Question put on the Subject have only mentioned as follows—

"What disturbances did the Deloyets, who were "deputed by me to your house, commit in your house". The not doing this, but only mentioning in the — Question false accusations against me, and refusing to allow the insertion of the real facts which I intended to state in refutation of those accusations, is entirely contrary to Justice. although I represented the same again two or — three times, yet you also did not permit me to dictate what I intended to state. It is — probable, that your mention of my having Connection with the said Solemn declaration, would have been originated from the words represented to you by some body or other. Then, If you — had ascertained what kind of Connection that was, you could have no occasion to entertain Suspicion against me about the same paper.—

One day in the Month of November 1841, Canseksla Ragoopatty row, who was then in the situation of Savobnevis attached to the Mulrauzewar Estate, and who was learning English

English with me, came to me in the night, and told me that, in order to injure Subneviss Venkatakistna row Puntoolo, who was then Deputy Sheristadar, according to the advice of Narputty Sashagerry row Puntoolo Head Sheristadar, and his Sonindaw Ambarookhanan Poorooshottum, his brother Tirmulrow, their relation Surbadah Sanakeramdoo, and others, and himself met, and drew out a "Pramapatreka" or solemn declaration, that if I also consent to it, sign on the paper, and Join in the intrigive, I could also enjoy good from Sashagerry row Puntoolo, and that he would get the same paper signed by all of them and bring it - on which, considering that it was not proper for me, who am a public Officer, to remain without bringing the irregularity which they intended to commit, to the notice of the authorities, I immediately informed the Deputy Sheristadar of the same - who reported the same to Mr. Goldingham - afterwards, according to his instructions, Streerungaroy Sunjeevarow Puntoolos, then Head of Police of the Town, and the Head Accountant Mahomed Gaubub Saib watched and Seized him (Ragoopatty row) with the solemn declaration, which was drawn out in the hand writing of the said Cauzekala

Ragoopatty

Ragoopatty row - In this Paper, it was stated that, according to the advice of Naiputty Sashagerry row Puntoolo, they had all conspired and drawn up that paper, that they were all ready to act together, and pay all expences that might be necessary to enable them to injure Subneviss Venkatakistna row Puntoolo, adding other similar irregular circumstances - At that time Mr. Goldingham sent for the said Ragoopatty Row, Poorshottum, Tirmulrow, Sanakeramdoo &c. and examined them - In that examination, the circumstance of their all having been concerned in that intrigue was proved - On that account, they were punished by dismissals, reducement, &c. -

Now, if that paper is not to be found in the Cutcherry, it should be supposed that any of the persons who are friends to be relations of Sashagerry Row Puntoolo, named Tirmulrow, Sanakeramdoo and others, whose intrigue would be apparent by the discovery of that paper, and to whom it would occasion injury, and to whose advancement the existence of that paper would in future prove an obstacle would have made away with it, but what reason can be there to entertain suspicion against me, who brought that intrigue into

into

into publick notice, and who can prove the property of my conduct from the existence of that paper itself - how the uprightness of myself who detected together with the documents, the irregularity committed by others to the prejudice of publick peace, has not come into your notice but, on the contrary, from your entertaining an extraordinary opinion that the loss of the paper alluded to has brought suspicion against me, thro whom it was seized, it is clearly evident that Sashagerry row Puntoolu, who has enmity against me for having brought the paper into light, has represented (something) with your honor against me - From the said Sashagherry row Puntooloo having caused you only to mention in your Question, that there is suspicion against me, in consequence of the solemn declaration having been lost, and having prevented the reply which I intended to give from being written, I am fully confident that he has determined to bring me into risk, by any means whatever - after I had resigned my situation, you have not only issued 2 Hookoms that I should go to Pruttypaud and take charge but moreover, you sent for me and ordered me in your presence to the same effect consequently I came here on the 22d Instant -

according to your order of the 21st Instant, with the intention of taking charge and again addressing you on the subject of my resignation a Hookoom under date the 2d Instant, was issued (that is 24 days ago) stating that a large corps would come to this station on the 25th Instant - hitherto 22 days have passed only 2 days remain - Certain Carauvanahs only have hitherto been obtained from the Villagers of this Tanah for bringing supplies to the two Stations, Vizt, Pruttypaud & Nundepaud, at which they will be required, but none of the articles have arrived at all - From this, it appears that, this is a contrivance formed by Somoyajoola Soobbiah the Auneen of this Tanah, who is a friend to the said Sashagerry row Puntooloo, with a view of deceiving me knowing before hand that I would be removed to this Tanah - Under these circumstances, as I have a firm suspicion that if I remain in the service at this time, when you have a unfavorable opinion against me, it would be prejudicial to my future prosperity - I have resigned my situation for the present - As however in the Hookoom No 278 issued by your honor, it is stated that, my resignation could not be accepted until I have given

replies to the questions that might be asked relative to the circumstances hitherto passed. I will remain in the limits of the Zillah until I obtain your leave. I therefore address this for your information - as this arzee will be read to you tomorrow at 10 O'C. A.M. I beg you will issue an order immediately to inform me to whom I should deliver over my Charge. I shall remain here in expectation of your orders, and transact business tomorrow only, but from the Morning of the day after tomorrow, I am no longer responsible for this Zanah. Your arzee. No. 175 dated 23d Instant, has been received --

As from the present state of affairs, it is considered improper to allow you to remain at Guntoor, an order was first issued with directions to go to Pruttepaud, and carry on the business as Officiating Ameen and Head of Police of Pruttepaud Zanah, receiving at the same time the pay of ameen and Head of Police of that Zanah (Guntoor) you have not only not proceeded according to my order, but also addressed to me an Arzee stating that you have resigned your situation - as -- from the present circumstances, it is not proper to accept your resignation until -- your answers are obtained to the questions I may have occasion to ask you hereafter, the same has been communicated to you in this order - Again, you have mentioned in your arzee many words which are quite irregular, and which plainly shew your disobedience - therefore, on bringing the said Arzee into consideration, it is evident that you

Proceedings thereon

(25-26)

The conduct of the Police Ameen Nistniah as detailed in the foregoing letter, and the tenor of his communications to the acting Collector, are in the opinion of the Board extremely offensive, and improper, and such as to justify his summary dismissal from the public service - at the same time it is to be regretted that the acting Collector should have adopted the extreme measure to which he resorted, for the purpose of enforcing his order to Mr Kistniah to proceed to Rutlepaud in as much as their appears to be nothing in the ameen's conduct upon the receipt of the first order from the acting Collector which on a primafacie view, admits of the inference drawn by Mr Mathison, that he was actuated by improper motives - His proceedings to take additional evidence in the case in question might as represented by him, have arisen from a misconception of the orders which he received - but his subsequent conduct was, as before observed, quite indefensible and evinces a spirit of contumacy & insubordination which admits of no excuse.

Under all the circumstances of the case however the Board resolve to defer passing any final orders until they shall have been furnished with the opinion of the present acting Collector Mr Stokes, who has lately relieved Mr Mathison in charge of the District, & who is accordingly requested to submit his sentiments upon the

Reporting the suspension of Subuvoj Venkatakistna Row Ameen of Rauchoor, pending an enquiry into the several charges preferred against him.

I have the honor to report for the information of the Board the suspension of Subuvoj Venkatakistna Row Ameen of Rauchoor on the 13th Instant, pending an enquiry into several charges of corruption and misconduct preferred against him, and which occurred both while he was holding the appointment of Deputy Sheristadar, and latterly while employed as Ameen.

2. On my taking charge of the District, I found him Stationary at Guntoor with his Cutcherry, whom I immediately sent him into his Talooks in the hope that he might be induced to attend to his legitimate duties and exert himself in carrying on the business of his Talooks which required great attention. But in this I have been disappointed

you are unfit for the Circar Employment, and accordingly you ought to have been dismissed immediately, but, on your being sent for before me and examined regarding certain matters complained of in your arzee, you had been desired to make out at the same time an answer to my order, to shew whether you would obey and proceed to Pruttepaud or not - on your representing that you would go to Pruttepaud, and regularly perform the duties as directed in my order, and that as you have become sensible, you should be pardoned, I had compassion on you, and accordingly refrained from further proceedings - It is also reported to me that you had at the day break of the same day proceeded to Pruttepaud, as was previously represented by you before me - you (who represented to me as above mentioned and so proceeded) have after arriving at Pruttepaud, forwarded an arzee mentioning therein certain most disrespectful words and false circumstances more than those

lately

lately mentioned, and most disobediently stated at the same time, that you having resigned your situation, any other individual should be appointed immediately on the receipt of your arzee, to assume charge from you, that you would remain today in expectation of my order, and that from the next morning, you are no longer responsible for the affairs of that Tanah - As you have been already informed the circumstances under which your resignation cannot be accepted, and as on perusing your present arzee, it is evident that it has never been addressed in that way, which is incumbent on a Servant to observe in addressing to his Superior, and as it is improper to continue you in the Circar Employment in consideration of your said irregular arzee, you are from this date suspended from your Office, and Vulloor Casavarow has been appointed as Acting Ameen and Head of Police of Pruttepaud Tanah - You are therefore immediately on the receipt of this order, to deliver over to him the whole charge of the Revenue and Police and attend immediately at my Huzoor -

Sir.

For warding a copy of the decision of

With reference to my letter of the 2d October 1840 and the Board's

of the Sudr Adawlut on the special appeal of Rawoor Kristniah.

reply of 19th of the same Month, I have the honor to transmit copy of the Decision of the Sudr Adawlut on the special Appeal of Rawoor Kristniah.

2. The Court appear to consider the misappropriation to have been established but that as he subsequently made good the sum misappropriated Viz. Rupees 189-2-6, Mr. Goldingham was in error in again collecting from him that sum in addition to the fine of 71 Rupees. They accordingly decree that the said sum of Rupees 189-2-6 be repaid to him by Government with interest at 5 per % from the 20th November 1823 the Costs in all the suits to be borne proportionally by the parties.

3. This decision was passed in December 1840 but the Court have not intimated the amount of interest payable under their decree and on the 30th June Rawoor Kristniah petitioned for a review of a judgment, which petition was rejected. I understand he has since repeated his applications but with what

success

success I am not informed.

4 I think an error (and on the proceedings in the Sudder Court on the special Appeal I took occasion to point it out, but the Court were of opinion that at that stage any demurr to the suit was inadmissible) was committed both by the Zillah Court and the Collector on the first institution of the suit in 1831. The error consisted in treating it as an original instead of an Appeal Suit—an original Suit can only be brought against a Collector for proceedings under Regulation IX 1822 c- where it involves a supposed injustice in conducting the proceedings. The Plaint clearly shews it to have been no such suit but to have been simply an c- appeal from the Collector's judgment made under Section XVI Regulation IX 1822. The original plaint requests c- the Court "after perusing the record to annul "the unjust decision passed contrary to the "Hindoo Law and the Regulations "and cause Defendant to repay to him "the said sum of Rupees 280-15-9 together

"with the Costs of Suit."

5 Had it been an original Suit the evidence must have been taken afresh by the Court but it is proved conclusively to have been an Appeal Suit from this not having been done but the decree passed on the record of the evidence taken before the Collector and without a tittle of new matter or evidence called for or adduced before the c- Court. It was an appeal suit in spirit and in fact, and should have been so treated by the Court and the Collector and not as an original Suit. Had it been so the special Appeal to the Sudder Adalut could not legally have been c- admitted. A special appeal only would have been admissible from the Zillah Judge's decree to the Provincial Court which would have been final and c- as on the regular appeal the Provincial Court affirmed the decree of the Zillah Court, it is but reasonable to suppose that the result would have been the same had the appeal been special. The decision of the Provincial Court was communicated to the Board

in

in my letter of the 11th December 1838.

6 I am unable to apply for sanction for the sum payable under the said Court's decree as it is their province to state the amount of interest, and I am uncertain up to what date they may allow it whether only to the date of their decree, or for any further period between that and issuing the warrant for execution, a point it seems left solely to their discretion. It is with reference to your Circular of the 21st Ultimo that I have thought it advisable to report for the information of the Board & Government the result of the proceedings in this suit though unable to make the report so complete as it would have been had the Sudr Court intimated the exact sum the Government have to refund to Ravoor Hristniah which will be reported hereafter.

Appeal No. 4 of 1840

Ravoory Hristniah

Vakeels Hanoormmulaiow and Vencatasoobiah

Versus

The Principal Collector of Nellore

Government Vakeel Gholam Mortoza

Mr. Goldingham formerly Assistant Collector

at Nellore passed against the special appellant in this case a decision in the following words.

"As the depositions of ——
"Adapartoldy and the Grama Shroff established
"the misappropriation of Rupees from the Village
"Collections and the Accounts of the Circar
"Shroff, evidently in the hand writing of the
"Defendant exhibit items of misappropriation
"from the cash to the Amount of Rupees 189 15 9
"and as nothing has been urged by the Defendant
"in controversion of the first misappropriation or in
"proof of the spuriousness of the Accounts, the oral
"and written evidence being clear and positive in an
"unusual degree, it is decreed in conformity to Section
"V Regulation IX of 1822, that the defendant shall
"pay 71 Rupees in addition to the misappropriations
"Viz. Rupees 280 15 9."

		×	
		20	— —
		189	15 9
		71	— —
Rs.		280	15 9

For the recovery of this Amount, and to qualify himself thereby for re-employment in the public Service, from which he alleged he had been unjustly dismissed, the special appellant, who had been referred by Government for the redress to the Courts, filed a Suit No. 192 of 1831 in the Zillah Court against the Principal Collector of Nellore, which

which was decided on the 28th October 1834. by the Acting Zillah Judge Mr J. M Lewin who being of opinion that there was no just cause of complaint against such sentence by Mr Goldingham dismissed the suit with Costs.-

Dissatisfied with this Decree, the special appellant appealed from it, to the Provincial Court of appeal in the Northern Division, who on the 30th November 1838, confirmed the Decree of the lower Court with Costs.-

In the body of their decree, the Provincial Court observed that "from the enactment of Regulation "III of 1832, it is evident that it must have been the "intention of the Legislature that all appeals of this "nature should be preferred within the usual period "allowed for appealing in similar cases, from the "orders of the lower Courts for redress and the "reasons assigned by appellant, for the — "extraordinary delay which has occurred in bringing "his appeal are idle and inadmissable".

On the ground that, in the last cited paragraph, the Provincial Court had given an erroneous construction of — Regulation III of 1832, prior to which there was no limitation as to the time of prefer- -ring the appeal in question, except that

provided in — Section XVIII Regulation II of 1802 the Sudr Udalut on the 6th July 1839 admitted a special appeal from the decree of the — Provincial Court.-

The Special appeal was presented on the 25th March 1839 and the Government leaving directed that the Suit be defended at the public expense the Principal Collector of Nellore, on the 26th October last — filed his answer thereto.-

With respect to the point upon which this special appeal was admitted, the Court of Sudr Udalut fully join in the doctrine set forth in the Proceedings of this Court of the 6th July 1839 namely that prior to Regulation III of 1832 there was no limitation as to the time of preferring this Suit except that provided in Section XVIII Regulation II of 1802.-

But though this special — appeal was admitted on this single ground, yet it has been ruled that once a special — appeal is admitted, it is competent to the Court passing their judgment, to go fully into the merits of the Suit.

Assuming the Accounts from No 1 to No 4 inclusive all to be in the hand writing of the special appellant as appears

appears to be the fact, it appears from the evidence of the Shroff 110 and by the Account No 2 - that the Collections which reached his hands Amounted to Rupees --- 1013-15-11

13-"-"

1026-15-11

That according to the account No 3 he had duly appended Rs 365-1-2 and Rupees --- 44-"-"

409-1-2

leaving a balance in his hands of Rupees 617-14-9

That of this sum he at once paid as per Account No 2 Rupees 427-15-"

paid at 3 O'clock same day 37-"-" 464-15-"

leaving due by him 152-15-9

Add advance of pay for October 24-8-"

Given to him by Government Shroff 9-"-" 9

due by him as per No 4 186-7-9

2x he gave his Salary for October Rupees 35-"-"

3x Salary of the Peishcar of Nuwar 73-3-6 108-8-6

leaving due the sum for which on the 3d November he gave a bond, as per No 4 77-15-3

4x and he subsequently took back this bond when he paid with his own hands Rupees 60-"-"

5x and by B. Shashiah 17-"-" 77-"-"

leaving only a deficiency of 15-3

So far as the Court of Sudr Udalut can perceive Mr Goldingham has taken the sums due by him of Rupees 617-14-9 and deducted from it merely his first payement of Rupees 427-15-"

Assuming that the balance of Rupees 189-15-9 was

misappropriated. But without giving the accused credit for any of his subsequent five payments above specified and marked thus x.

Now it appears to the Court of Sudr Udalut that the very accounts which proved the Talooke misappropriation, proved also that with the exception of the said Amount of Rupees --- 15-3 it had all been recovered, and as in addition to the misappropriations Mr Goldingham expressly limitted his decree to a fine of Rupees 71 only, all that should have been levied from the special appellant was the Village misappropriation of Rupees 20-"-"

the said sum of Rupees -"-13-3

and the fine of Rupees 71-"-"

without the sum of Rupees 189-2-6

all of which to the value of Rupees 280-15-9 was Collected from him on the 28th November 1823 as per last document.

The Sudr Udalut accordingly decree that the Principal Collector of Nellore on the part of Government, do repay to the special appellant the said sum of Rupees 189-2-6 with interest thereon at 8 per Cent per Annum, from the 20th November 1823

last-

but they otherwise affirm the Decrees of the lower Tribunals against him, and on account of his misappropriations, deem him to have been rightly dismissed from the public Service.

The costs in all the Courts to be borne proportionally by the parties as per the following Statement.

From the Asst. Collr of Cuddapah

Sir,

Submitting certain cases of claims for Poligar and Yeomiah pensions for the favorable consideration of the Board of Revenue —

I have the honor to report the following casualties amongst the Poligars and yeomiah pensioners and to submit a detailed Statement of each Case for the consideration of the Board of Revenue

1st Case No. 74 of Mr. Rose's Register X

2 A pension of Rupees 322 — 4 — 8. was originally granted by Colonel Munro — at the commencement of the Company's Government on the 12th July 1801 to Cristnum Naidoo in lieu of resumed Offices and — privileges enjoyed by him in the Village of Errogondapalem in the Goorumconda Talook.

On his death it was continued to his cousin whom this circumstance was brought to the notice of the Board of Revenue by on the 8th Novr. 1830 expressed themselves as follows.

"The continuance of this pension was irregular, as however the party has been allowed to draw it so long and the stopping of it might occasion great — distress

distress the Board recommend that it may receive the Sanction of Government" which was accordingly granted on the 23d November 1831 - The Board of Revenue do not appear to have been informed that the original Grantee at the time of his death left 3 Sons all Minors and the pension seems to have been continued to Veeruppa Naidoo lately deceased as being then the Head of the family and as he had enjoyed a half share even during the life of the Original Grantee The amount has always been equally divided between himself and his nephews.

Veeruppa Naidoo the last incumbent has left two sons, Viz.t,

1 Mulluppa Naidoo — 8 years old
2 Crestnuppa Naidoo 2 Do — "

and 3 Widows, one Daughter and 25 other near relations.

Timmuppa Naidoo the elder son of Crestnuppa Naidoo the original Grantee is now 35 years of age he has been enjoying the half share of the pension and his family consists of the following Members.

2 His Wife & son Naguppa Naidoo
2 Unmarried Daughters
2 Half Brothers and 8 other relations

3. All the Members of the family pray that

that the pension may be continued in the joint names of Mulluppa Naidoo the elder son of the last incumbent and Timmuppa Naidoo the eldest son of the original Grantee, each party to receive half —

4 They allege that if the whole pension is granted to either of the above persons disputes may probably arise, as they have done during the life of the last holder.

5. On a consideration of the circumstances of the Case, and with reference to the prevailing rules that the pension should be continued to lineal descendants, so long as their conduct is unexceptionable I beg leave to recommend that the prayer of the family may be complied with, and the pension continued in equal shares, or at Rupees 161. 2. 2½ in the name of Mulluppa Naidoo and the same sum in the name of Timmuppa Naidoo from the 9th April 1841 the date of the decease of Veeruppa Naidoo the last holder of the pension. —

2d. Case No. 75 of Mr. Ros's Register X-

6. An annual pension of Rupees 1166. 10. 8. was originally granted by Colonel Munro at

at the commencement of the Company's Govern-
ment on the 12th July 1801, to Crestnama Naidoo
in lieu of resumed Offices and privileges enjoyed
by him in the Village of Rampecherla in the
Goorramconda Talook and on his death on the 1st
September 1801 it was continued to his son Crestnama
Naidoo which arrangement received the Sanction
of Government on the 23d November 1830 That
individual died on the 9th August 1841 and his
family consists of the following persons.

1 Widow

1 Son Chinna Crestnama Naidoo aged Years. 22.
1 Do Chinnuppa Naidoo ——— Do ——— 12.
1 Do Ramuppa Naidoo ——— Do ——— 6.
4 Daughters Viz. 3 Married and one a single
4 Other relations.

7. All the members of the family pray
that the pension may be continued in the name
of Chinna Crestnama Naidoo, the eldest son of
the deceased, and this arrangement is consistent
with the rules in force I beg to recommend that
the full pension of Rupees 1166 - 10 — 8 may

be renewed in the name of the said Chenna Crest-
nama Naidoo from the date of his father's death —
— Viz. the 9th August 1841. 3d No. 76 of Mr.
Ross's Register X.

8. An Annual pension of Rupees
2625 was originally granted by Colonel Munro
at the commencement of the Company's Government —
on the 12th July 1801, to Vencata Cadreputy Naidoo
in lieu of resumed Offices and privileges enjoyed
by him in Mullala and 3 other Villages. This —
individual died on the 12th November 1841, and his
family consists of the following persons.—

1st Widow.

2d Widow.

2 Vencatadree Naidoo 2d Son	28

Issue by the 2d Widow.

1 Narasimma Naidoo ... Son	10
2 Rama Naidoo ..... Do	5
3 Ramucka Daughter	11
4 Cundumma ... Do	9
5 Mullumma ... Do	4
6 Vencatamma ... Do	3

Vencatappa

Vencatoppa Naidoo the eldest son of the 1st Widow has a wife and 2 sons.

9 It appears that the deceased has been in the habit of paying out of his pension 100 Pagodas to Narasimma Naidoo, and 90 Pagodas to Vasunta Naidoo who are his brother's sons. The former drew the Amount directly from the Circar, agreeably to the orders of the Principal Collector dated 3d June 1815. The latter received his share from the pensioner himself.

10. All the Members of the family concur in praying that the pension may be continued to Vencatoppa Naidoo, the eldest Son of the original grantee, but that it may continue subject to the burdens above mentioned. This prayer is consistent with the pension rules and I beg leave to recommend that the full pension of Rupees 2,625 may be continued to Vencatoppa Naidoo from the date of his father's death viz. the 12th November 1841 on the condition that he continues the payment of 100, and 90 Pagodas respectively

respectively, to his nephews Narasimma Naidoo and Vasunta Naidoo.

4th Case No. 13 of Mr. Ross's Register X.

11. An Annual pension of Rupees 179—15—11 was originally granted by Colonel Munro at the Commencement of the Company's Government on the 12th July 1801 to Abdul Summut Khan in lieu of resumed Offices and previleges, in Tulpool and 27 other Villages. This person died on the 9th March 1841. The family consists of the following persons.—

		Years
1	Son Abdool Raheem Khan	25.
1	Dr. Abdool Azeem Khan	19.
1	Widow and three other relations As the elder son is married and lives separate from the rest of the family, they are desirous that the pension should be renewed in the joint names of the two sons of the last holder. This however will probably be considered objectionable, but as the whole family are almost entirely dependent on this pension for subsistence, I beg to recommend that the full pension of Rupees 179—15—11, may be continued in the name of Abdool Raheem Khan the elder son	

on

on the condition that he support the rest of the family.

5 Case No. 1 of Mr. Ross's Register V.

12 An Annual Yeomiah pension of Rupees 38 — 1. was originally granted to Munna Bebee a relation of the former Nabob of Cuddapah by Colonel Munro on the 1st January 1801. On her death which occurred previous to the preparation of the Register in the year 1813 it was continued to her Daughter in law Scottan Bee. This latter person died on the 25th January 1842 leaving a family as follows.

1 Son Hussain Saheb.....40.
1 Wife of the above
2 Children of Do

6. Case No. 2 of Mr. Ross's Register V.—

13 An Annual Yeomiah pension of Rupees 19 — 5 was originally granted by Colonel Munro on the 1st January 1801 to one Coolsoom Bee a relation of the former Nabob of Cuddapah, and on her death which occurred on the 19th February 1830, it was continued in the name of her Daughter in law Gufsoo Bee, she also has now died on the 20th November 1841 leaving

1 Husband

1. Husband Dada Saheb.....60.
1 Son Koocha Saheb.....14.
and 4 other relations

Her husband states that the pension was renewed in the name of his wife instead of his own, in consequence of his absence from the Country at the time of his mothers death, and he prays that it may now be continued to him.

14 It appears from Mr. Ross's letter dated the 7th October 1813 that the two last named Yeomiadars are the relations of the Mayana family and that all the pensions have been granted in consequence of the Assumption of the Country of that family by the Honorable Company, but he at the same time remarks "it cannot by "any means be looked on in the light of indem: "nification for the loss of it" and the pensions entered in the Register V are therein expressly stated not to be hereditary. Notwithstanding this, frequent renewals seem to have taken place, and I therefore think it right to lay these two Cases before the Board of Revenue for their disposal.

31 – 32 Submitting a letter from the Acting P. Coll. of Cuddapah reporting the death of certain Poligars & Yeomiah Pensioners in his District, with the Board's recommendation regarding the Yeomiahs and pensions proposed to be continued

Order thereon. Ordered that the foregoing
communication from the Acting Principal Collector
of Cuddapah reporting the death of certain
Poligars and Yeomiah Pensioners in his District
be submitted for the consideration and orders
of the Right Honorable the Governor in Council.—

2. The Board observe with
reference to the 1st Case No. 78 that the continu:
=ance of the Pension conferred on the original
grantee to the incumbent was irregular, he being
the Cousin in the 5th degree, and not the son
of the late Poligar, the holding a share of the
pension. The fact as stated by Mr. Ar
=buthnot (para 2.) that Crestnuppah Naidoo
the original grantee, left sons, does not
appear however to have been communicated
to

to the Board or Government; or it is presumed
that sanction would not have been granted for
continuing the pension in the name of Veruppa
Naidoo the last incumbent, to the exclusion of
Timmappah Naidoo the representative of the family,
on his attaining his full age. This individual
being the rightful heir to the whole amount
of the pension granted to his late father, in lieu
of resumed Offices and privileges, according to
the strict letter of the Pension rules, the Pension
cannot be entered in the joint names of himself
and Nullapah Naidoo the Elder son of the
last incumbent, but as the Acting Principal
Collector recommends this course being followed
in compliance with the prayer of the family, the
Board submit the question for the favorable
consideration of Government.—

3. The Board concur in opinion
with the Acting Principal Collector and re:
=commend the continuance of pensions in the
cases noted in the Margin in the Manner, and
on the conditions specified by Mr. Arbuthnot.—

5th. Case No. 1 Regr. No. 4

With regard to the claims of the parties in the Cases noted in the Margine for a continuance of the Yeomiahs enjoyed by the late incumbents, it appears that the respective sums were granted as a subsistence during life, in consideration of the parties being relatives of the Mayana family, who formerly possessed the Country, but as renewals have taken place, and the provision for the maintenance of the original grantee continued from the cession of these Districts to the Company, up to the death of the late incumbents, the Board beg to recommend their continuance to the respective parties as it is presumed not to have been the intention of Government that they should be discontinued.

Paras 2 4-8. Proceedings- 1. The Season of 1250 Fusly

2. The return of produce was fair, rather
Para 12 exceeding that of the preceding Fusly in
dry grains and hardly falling short of it
in the wet lands, but this was attended
with a considerable fall of price to the extent
of about 14 per cent on all descriptions
of Grain, but in the Staple articles of
Rice and Raggy the difference was very
much less not exceeding from 8 to 12 per
Cent.-

Para 5. f. 3. The Board concur with the Princi-

of Tanks, Wells, &c. should not include those
constructed for purposes of private conve=

that they should distinguish such from
those available for purposes of irrigation.
It would have been interesting to have

been completed during the past year, were
at the expense of Government or of indi=
=viduals and what extent of Cultivation
was dependent on them.-

shews that there was an increase of Rs 15781-1-7. in
the Land Revenue of 1250 Fusly over that of the preceding
year in all Sources of Revenue of Rupees 28477-11-2.-

And from this increase of Cultivation, with the corresponding decrease of revenue, it must be inferred that the progressive transfer of labour from the superior to inferior lands, formerly noticed in this District, still continues. b. Mr. Gleig reverts to this subject in noticing the decrease in the Amount of new Cowles, at

compared with those of the preceding year, which he attributes to the limitation of the period entitling fallow lands to Cowle, fixed in conformity with the instructions of Government, at 5 years instead of 3, and he adds that an adherence to this rule as well as the attempt to introduce more generally the provisions of the Cowlenamah of Coimbatore will occasion a considerable reduction of the revenue. Some unwillingness may very probably be exhibited by the people at first, in taking up land on less favorable terms than they have been accustomed to, but the Board do not anticipate any per=
=manent diminution of the Collections.-
It is not necessary that the change should be a "hasty" one, but rather that the modi=
=fications of the existing practice already begun should be gradually continued till a more wholesome System is established.

further explanation of particular parts of it now offered by Mr. Gleig have not contributed to produce a change in the Board's opinions. He observes that the Board were mistaken in supposing that a Ryot could retain his Cowle after giving up his patent or usual cultivation. But the practice now described is exactly in accordance with the case given in the Marginal Statement of Para. 15 of the Proceedings above quoted. the Mamool holding was thrown up and the Cowle only retained, tho' subject to the full assessment, which be it remarked was on the lowest scale. Now, what the Board meant to state was, that such a proceeding was contrary to the object and intention of Cowle tenures, and likewise to the practice of all other Districts. Cowles are supposed to be granted as an aid and support to Ryots who have fully cultivated all their usual lands, to be held on easy terms for a certain number of years, and to be then relinquishable at the option of the Ryot having become liable to the full demand. In Salem the practice as explained by Mr. Gleig is exactly the reverse. It is added that the present practice does not affect the

Statement of lands relinquished and taken up in the season under review, shows the same result on a more general average.

Para. 58. 7. Mr. Gleig attributes the extension of Cowle tenures in Salem to the difficulty experienced by the Tahsildars in issuing so large a number of Pooloo Chittas, until the cultiva= =tion has been actually commenced, when it would be too late to refuse them. The rule now laid down, of requiring land to lie fallow for five years, will in some respects restrict ex= Such indiscriminate occupation and if, in addition to this, the local native Servants are strictly enjoined to observe the usual precaution of never giving a Cowle Chitta until the whole patent is fully cultivated, and the Ryot can show that he possesses stock and capital to undertake more, it is believed that the inconvenience now felt would be materially abated.

As.

Pco Para 58.

As Mr. Gleig intends to make these points the subject of a separate communication in forwarding a revised Kaifoommamah, it is unnecessary to discuss them in more detail at present. The Board will only remark generally, that their object in the proceedings already quoted was, to point out the great increase of Cowle cultivation in Salem, and its tendency aided by the unrestricted freedom of cultivation to leave the best and most productive (which at the same time are the most highly assessed) lands out of permanent cultivation, while the same absence of control and short periods of fallow, afforded facilities for retaining possession of them on Cowle tenures. That this state of things had actually come to pass,

+Pco Para 19.

was admitted by Mr. Gleig himself in his Settlement report of 1248 Fusly and the cause to which it was attributed by the Board was recognized by Government although it was considered to have been promoted likewise by the progressive amelioration of the condition of inferior Soils. The remedy suggested and approved by Government was the assimilation of the Cowlenamah to that in force elsewhere and the adoption of the universal rule observed

in the relinquishment of putcut or mamool fields of throwing up good and bad lands in equal proportions, these terms being understood in their relative sense of high and low assessed lands. In mentioning the Bellary Cowlenamah as a model, it was merely

Pco 63.

desired to refer to the principles of that document and not to imply that the Principal Collector should adopt its details without reference to their applicability. The Board have always advocated the withdrawal of needless restrictions on freedom of cultivation, in the belief that individuals are the most correct Judges of their own interests and that in consulting them the public advantage is best secured. But unlimitted freedom in the choice of land would not, in the Board's view, conduce to this end. They consider that such license would not only be inconsistent with the maintenance of the public revenue, but likewise inimical to the interests of individuals. Instead of protecting and relieving the great body of cultivators, it would enable the substantial and influential few to select and retain the best locations to the prejudice of the other Members

of

of the Village community.

Para 62. 8. In reply to the Board's enquiry regarding the former usage of the District, Mr. Gleig states that the freedom of choice was originally much greater than at present, and that Mr. Cockburn's Cowlenamah accorded the privilege of holding Cowle, and of throwing up Putcut entirely. The Board are desirous of obtaining information of the usage subsisting anterior to that of Mr. Cockburn's time. That now described could not have existed under any native Government, and is not likely to have been introduced under the administration of Colonel Reid. If it should prove to be a peculiar usage of ancient origin, it will probably be found also in force in the Saree Mootahs.

Para 63. 9. The argument in favor of the present System derived from the progressive increase of the revenue since 1242 Fusly is not altogether applicable, because the same improvement is observable in every District. A Succession of Calamitous Seasons ending with 1242 Fusly deeply impaired the resources of the whole of Southern India from the effects of which it has been gradually and steadily recovering.

In

Paras 64-75 11. In these Paras the Principal Collector explains the causes which he considers to have occasioned the difference between the present demand on the lapsed Mootahs and that which they were calculated to bear at the Permanent settlement. These are 1st the cheapness of produce consequent on decreased consumption 2nd the fraudulent valuation of alienations procured by the Mootadars in arranging subdivisions of their Estates 3rd the general injury sustained by the District from the famine of 1242 Fusly 4th the reduction by Mr. Hargrave in the original assessment of Parcmatty and Nannaud on which the permanent Beriz was calculated 5th the over-assessment of the Inferior Mootahs.

11. The Board are not disposed to attach material importance to the first cause because the average price of Grain with reference to which the survey assessment was fixed has rarely exceeded and has generally been less than the average market price. A more probable explanation is afforded by the 2nd cause of the existence of which the Board have

have lately had evidence in the Accounts submitted to them for the subdivision of Cotton and Jaggadeeve Mootah. But altho' this and the circumstances of the local Assessments alluded to in the 72d and 73d Paras may have had a partial effect on the resources of the Estate more particularly affected by them the Board are inclined to attach more weight to the influence of the general depression under which the agricultural interests have been labouring for some years past. It is satisfactory to observe however from the figured Statement given in para 65 of Mr. Elliot's report that they are steadily recovering their former value in common with the rest of the district.

Of the total demand of Land Revenue Amounting to 17,25,617–4–8 the sum of 17,31,766–0–1 was recovered within the Fasly leaving a balance of 8,551–8–2 only on account of the Inamy lands the remainder being due by Mootahdars. The latter Item has since been entirely recovered and the Amount of balance is now reduced to 4,405–6–10 all Arrears of which Mr. Elliot considers Rupees 2,366–3–11 to be irrecoverable for the reasons stated and these appearing to be satisfactory, the Board resolve to write them off to profit and Loss after the further sanction of the small items standing against absconded deceased & impoverished Ryots proposed by the Principal Collector.

of the Collectorate and I would leave it for consideration how much benefit can be expected to accrue from visits so few and far between. Past experience has shewn that a Collector cannot make a sufficient long stay at collegal to be productive of any decided benefit without prejudice to the other parts of the District, and without the most certain prospect of seriously impairing the efficiency of his Native Establishment by sickness. It is a singular fact that the climate of Coimbatore is equally unpropitious to the people of that portion of the District as it is collegal to the Residents of Coimbatore. Under these circumstances the visits of the Collector on the score of utility cannot be hoped for, and it is expedient as a measure of humanity on the other hand that the attendance of the inhabitants at the Bazaar should be superseded as far as possible. With this view I would obtain the services of Ramiah, leaving it for consideration to how great an extent the duties of a Native Assistant

Diary.

7th May — Received the following Extract.

1

From the Acting Secy. to Government. } Extract from the Minutes of Consultation under date the 4th May 1842.

Read the following letter from the Acting Secretary to the Board of Revenue.

(Here enter 24th March 1842 No 125)

For the reasons stated by the Collector of Tinnevelly, in his letter which accompanied the above communication, the Right Honorable the Governor in Council Concurs with the Board of Revenue, in considering that the arrear of allowance

allowance, due to the Ex. Zemindar, ought not to be paid to him — or his family, but should be retained on account of the arrears of revenue due by — him to Government, which were not liquidated by the sale of — the Zemindary. His Lordship in Council regrets that the Board of Revenue had not sufficiently considered the subject, previous — to submitting the recommendation contained in their Secretary's letter of the 23d. September last. No. 537.

To The President and Members of the Board of Revenue.

(Signed) John Orr.
Acting Secretary.

7th May — Sent the following letter in reply. —

(1-2)

To the Chief Secy. to Government.

Stating in reference to Extract from the Minutes of Consultation dated 4th Instant, that the recommendation contained in the Board's letter of the 23d. Decr. last that the allowance to the family of the Ex Zemindar of Chokumpatty in Tinnevelly should be — calculated from the date of purchase and assumption of the Zemindary by Government was, from the information — then before them, but just and equitable, and that the — altered circumstances, since brought to notice by the Collector, have alone induced them to modify that recommendation. —

7th May 1842

To The Chief Secretary to Government.

Sir

Para 1. In the Minutes of Consultation dated 4th Instant the Right Honorable the Governor in Council is pleased to concur with the Board of Revenue in considering that the — arrears of allowance due to the Ex-Zemindar of Chockumpatty ought not to be paid to him or his family, but should be retained on — account of the Arrears of Revenue due by — him to Government which were not liquidat — -ed by the sale of the Zemindary. But His Lordship in Council is pleased to add the expression of his "regret that the Board of Revenue had not sufficiently considered the subject, previous to submitting the re — -commendation contained in their Secretary's letter of the 23d. September last. No. 537."

2. The Board conclude that the communication above referred to is their Secretary's letter of the 23d. December, — written by mistake 23d. September, as — they

they addressed no letter to Government on
the subject of the Chockampatty Estate on
this latter date.

Para 2. 3 In that Communication the
Board remarked, that the "Original intention
appeared to have been to restore the Estate to
the family, in the person of the son of the last
Proprietor. That intention having been departed
from for reasons assigned, and a fifth of the
Net Revenue having been set apart in lieu
permanently for the support of the family, the
Board were of opinion that this grant should
be calculated from the date of the purchase —
and assumption of the Zemindary by Govern=
ment". The Board arrived at this Conclusion
after a full and careful Consideration of all the
circumstances of the Case, as then placed before
them, and particularly of this one fact, that
if it was considered an act of justice, which

the tone of Petitions formerly received from the

restore the Estate to the son, it was believed that
the bitterest Enmity exsisted between the father
and son; the altered position in which matters
were now represented; and the earnestness

The Peishcar has accordingly instituted an enquiry of the same, when a plan was drawn out of the present situation of the ground and forwarded to the Collector with a Mahazurnamah obtained from the Grammatas accompanied by his own report. The latter professing a religion quite against the Catholic faith and being unwilling to allow a Church being built in their Neighbourhood, they have objected to such grant on no other material or important grounds but that the spot so applied for is the way to their Cattle to go to their fields, as may be seen from the Mahazur whereas in fact all parts on the side of this spot and many other way leads to their fields without any other hinderance for such passage. doubt as your Lordship can also better judge their unwillingness to allow a Church of the Catholic Faith being erected in the vicinity of their Town. The tax if even a Cultivable land, would fetch but little. It being so by what the Collector mentioned to me in his Letter that the ground being cultivable it cannot be granted. I am led to believe that the case was misrepresented to him by his servants who are also heathens and interested for the general desire of the Gramaldars.

Under the foregoing circumstances of the case I beg leave to entreat that your Lordship in Council will be pleased to take them into serious and favorable consideration and grant this humble Petition. The Catholics at Chingleput are in the most part Peons Sepoys and Drummers, therefore they entirely rely on the bounty of the Government and expect for their place of worship the same support as the Government has given in many other places. In order a Chapel

built in the Petitioned place would be useful not only to the Christians of that Town but also to Travellers who most frequently pass by that road whereas the old little Chapel can be of use neither to the Christians of the Town nor to any other one for reason of its being at too great a distance. The Gramatars would or could certainly never resist should the Government be pleased to order the ground being given for the purpose and benefit of the Catholics as there are no other suitable place to be selected within the Town of Chingleput.

Read Extract from the Minutes of Consultation under date the 17th March 1842 No. 180 communicating a Copy of a letter addressed to the Board of Revenue by the Principal Collector of Salem on the subject of the Rules framed by the Court of Sudr Adawlut for the purpose of checking fraud in the

Fort St. George 9th May 1842.

Judicial Department by means of stamped documents, and requesting the Judges to state whether some check might not be adopted without an Act of the Legislature, to prevent frauds of the nature alluded to by that Officer.

Mr Stonhouse complains, that under the present rules it is in the power of any individual to purchase through a confederate, a stampt Paper and to have recorded on the paper itself and in the vendors sale Book, that it has been sold to a person whose name he purchased for the very purpose for which it is contemplated to defraud and for the very purpose to which it is intended fraudulently to apply it, that the vendor has no means of ascertaining that the actual purchaser has been authorized to buy by the person whose name he gives as requiring the paper; nor is there any thing to prevent the purchaser himself if so inclined, giving a false name.

The fraud however here suggested by the Principal Collector of Salem, tho' a possible occurrence, is at present, it would appear

appear an imaginary offence; at least
Mr. Stonhouse himself admits that he
is not aware that a case of this nature has
actually occurred in his own District, and
the experience of the Court of Sudr Adalut
does not lead them to believe in its existence
in any other quarter, certainly no representation
has been made to this Court of such System
of fraud requiring that further rules should be
framed as a check to its practice.

3 The only remedy that could be
applied would be to oblige every party who
buys Stampt paper to cause to be written
on the back of it in the presence of the
parties and under their signature, for
what purpose it is to be appropriated; for
that such a rule might be open to many
and serious objections, and the great
annoyance and trouble it would entail
on the parties, would, in the opinion of
the Sudr Adalut be of itself a sufficient
reason against its enactment.

4 Moreover, the whole of
the Authorities in the Province [illegible]

the Revenue Board's letter of the 7th February
1842, to be of opinion that the rules which
have already been sanctioned regarding
the Sale of Stampt Paper, have been
attended with very beneficial results;
and the Court of Sudr Adalut are of opinion
that as much has been done, without an
act of the Legislature, as is compatible
by means of Rules.

Sir,

In obedience to the orders of Government under date the 20th April 1841, which directs certain papers to be communicated to the Major General Commanding the Forces, with a request, that a Statement may be prepared with a Table, exhibiting the proper allotment of Carriage for Corps and Detachment marching from one Station to another, by which the requisitions,

on

on the Civil Authorities, may be so regulated &c., I have the honor by desire of the Commander of the Forces, to forward the accompanying Statement, prepared from the several Statements, and Tables, received from Officers Commanding Divisions &c and Forces which in like manner were prepared, from the Statements and Tables, received from the Several &c Officers Commanding Regiments &c and by the Divisional Commandants, much delay has unavoidably occurred, in obtaining this necessary information, Circulars having in the first instance to be addressed, by this Department, to all the Divisions and Forces of the Army, and by the Officers Commanding &c Regiments, which of course occupied much time and care; upto the present date, replies from the Officers Commanding Forces are

are still due.-

It appears from the reports of the Several Officers Commanding Divisions, &c., more particularly from that of Major General Showers Commanding Southern Division, where the question of the supply of Carriage originated, with the Collector of Trichinopoly, a copy of the same is herewith forwarded marked A, that it would be almost impossible to lay down any rules, by which a correct allotment, can be fixed, of Carts and Cattle &c., on the march of Corps or Detachments, from one Station to Station, it being obvious that such must necessarily depend on, and be regulated by, the demand at the time,- moreover the description &c of Carriage, is often of an inferior quality, in one District, to that procurable in others, while the roads [as observed by Major General Showers Commanding Southern Division] "in one district may

on the Civil Authorities, may be re-
regulated &c., I have the honor by
desire of the Commander of the
Forces, to forward the accompanying

are still due.-

It appears from the re-
reports of the Several Officers Command-
=ing Divisions, &c, more particularly re-
from that of Major General Showers
Commanding Southern Division] where
the question of the Supply of Carriage
originated, with the Collector of Triche-
=nopoly, a Copy of the same is herewith
forwarded marked A] that it
would be almost impossible to
lay down any rules, by which a
correct allotment, can be fixed, of
Carts and Cattle &c, on the march
of Corps or Detachments, from one
Station to Station, it being obvious
that such must necessarily depend
on, and be regulated by, the demand
at the time,- moreover the descriptions re-
of Carriage, is often of an inferior
quality, in one District, to that procurable
in others, while the roads [as observed
by Major General Showers Commanding
Southern Division] "in one district
may

may be excellent, and in the very next execrable, for example, Madras and Palamcottah contingencies that must affect the number of Carts that would be required; again the description of Carts differs very much, in some parts of the Country for instance, in the Northern Circars in parts of which the small Buffalo Cart only is procurable, the quantity therefore of Carriage that would be deemed ample in the Country would be quite insufficient in another.-

The Collectors of Districts are undoubtedly the authorities to procure Carriage for Troops marching from Station to Station, and it would appear, advisable to leave it entirely to them; their power, particularly in the Southern Division and Northern Circars being nearly paramount, besides having the wide range of their Districts to draw Carriage from; beyond frontiers of course the Commissariat Department must

must in like manner be the authority for the Supply of Carriage.

It does not appear from the Several reports received that any difficulty, has been experienced in obtaining Carriage, except in very Emergent cases, and sufficient Carriage has been always procurable, to meet the demands made for it' at the periodical reliefs, when due and timely notice has been given to the Civil Authorities concerned, as will be seen by the following Extracts from Major General Stewart to report on this Subject; "In the course of a "Somewhat extended experience, I have "never met with much difficulty in "obtaining a requisite supply of Car- "Carriage, for a Corps and unless on "Some extraordinary Emergency, re- "quired a Regiment to be put in "immediate movement, the Civil "authorities might, I think, without "inconvenience, meet the demand &c."

"I would however observe, "that what would most facilitate the

"the acquirement of carriage, would be
"timely notice of intended movement being
given to a Corps".

The compulsory System
cannot be well avoided, although it may
be considerably ameliorated; great hardships
are too frequently experienced, from the ill
usage the owners of the Carts &c. meet with
from Officers and their Servants, and
the delay which often occurs, in the
adjustment of their hire, at the termination
of the march, which makes them unwilling
to go with Regiments, whatever may
be the advantages held out, to obviate
this, Commanding Officers of Regiments,
should always be held responsible for
their protection against ill treatment,
and the adjustment of the hire might easily
be effected, 3 days after the arrival of a
Corps or Detachment, at its destination,
by Commanding Officers being authorized
on all such occasions, to draw, on
their own receipt and responsibility
from the Paymaster, a Sum sufficient
for the purpose, as suggested by

Major General Showers.

In conclusion Major Ge-
neral Sir. R. Dick. K. C. B. and
K. C. H. directs me to say that it
does not appear to him, after the ca-
perusal of the several reports above
referred to, either advisable or practi-
cable, to lay down any precise Table,
of the allotment of Carriage &c.
for each Corps or Detachment, marching
from Station to station, and co-
further that the exchange of Carts
&c. at intermediate Stations, ca-
will generally be found altogether
impracticable, owing to the men ca-
having no money to pay up the ca-
balance of hire due, and to make
advances for the new Carts, besides
being attended, with other inconveniences,
which would invariably cause great ca-
delay, and are not to be overcome.
All that appears necessary to be ca-
done, is, that Officers Commanding
Regiments should, in all cases, where
it may be practicable, give due and
timely intimation to the Civil Authority
concerned

concerned, / or, if beyond frontier to the Commissariat Department / of the probable quantity of Carriage &c. that will be required, for the Regiment or Detachment about to march - and there is little doubt, that if a proper understanding was thus established between the Civil and Military authorities, much, if not all, the inconvenience complained of, would be completely removed. -

To The Quarter Master General of the Army, Fort St. George.

Sir,

With reference to your Circular No. 1120 of the 8th May last and Extract from Minutes of Consultation of Government bearing date the 20th April, relative to the Supply of Carriage to Regiments when marching from one Station to another, I have

have the honor to submit the required Statement founded upon the several opinions of the Officers Commanding Regiments in the Southern Division, and subjoin a Table exhibiting the allotment of Carriage, having taken from the many Tables furnished, the average quantity of Carriage necessary for a Company and for a Regiment. Such calculations can however it must be obvious can never amount to more than an approximation to the real wants at the time which depends so much upon a variety of circumstances, that it is quite impossible to prescribe any rules by which a correct allotment can be fixed - Carts and Cattle of one station or Province being both frequently of an inferior description to the same articles procurable at others - possibly at the very adjoining Station or Province, while the roads in one District are so excellent the very next execrable, as in the adjoining ones, Madura and Palamcottah, contingencies that must materially affect the number of

Carts

Fort St. George 9th May 1842.-

Carts that would be required.-

The allotment can therefore only be determined by one of two provisions- the one calculated upon the Carts and draught Cattle being all equal to the work they are expected to perform, and the other by giving a greater proportion when they are of an inferior description

The Collector is undoubtedly the proper person to procure Carriage for Troops marching and it ought to be left entirely to him- His power, particularly at Trichinopoly is nearly paramount, besides having the wide range of his District.-

I do not see that the compulsory System can well be avoided, but it may be ameliorated: great hardships are too frequently experienced from the ill usage the owners of Carts meet with from Officers and their Servants, and in overloading the Bandies, and the dilatory manner in which their hire

is adjusted at the termination of the journey, makes them unwilling to go with Regiments whatever advantage may be held out; protection against the ill treatment should, and I imagine is, invariably afforded by Commanding Officers, who feel any interest in their Regiments, and respect for its character, and the adjustment of their hire, might easily be effected within three days after the arrival of the Detachment or Regiment at its destination, by Commanding Officers being authorized on all such occasions to draw on his receipt and responsibility, from the Paymaster, a Sum sufficient for the purpose-

The propositions to exchange Carts at intermediate Stations will generally be

Attention is requested to the objections which have been urged against a fixed allotment of carriage, &c. for Corps, and Details Marching from Station to Station, and against the exchange of Carts &c. at an intermediate Station.-

a sum sufficient to meet all demands for Carriage supplied to the Corps on the March, the Amount to be recovered on the first issue of Pay made to the Regiment.-

The Right Honorable the Governor in Council concurs with the Major General Commanding the Forces that due and timely notice should, in all cases where it may be practicable, be given by Officers Commanding Regiments to the Civil Authority concerned, or if beyond the Frontier to the Commissariat Department, of the probable quantity of carriage that will be required for the Regiment, or Detachment, about to march. and the Major General is requested to cause positive orders to be issued on this subject.-

Sir,

I am directed by the Right Honorable the Governor in Council to forward to you for submission to the Government of India Copy of a letter from the Board of Revenue dated the 24th Ultimo No 71 giving cover to one from the Collector of Malabar furnishing the information called for in Paras 3 & 4 of your communication of the 27th of October 1841 No 845. as to the rights possessed by the person who has made a tender of some Teak Forests in that Province for sale to the Government.

2. His Lordship in Council will observe that the advantages to be derived from the entertainment of the Establishment proposed for the conservancy of these Forests are chiefly prospective, and the Collector of Malabar thinks that moderate experience can alone decide whether they are worth the outlay.

3. The particular attention

of His Lordship in Council is solicited to the concluding Para of the Communication of the Collector of Malabar wherein that Officer again adverts to the importance of the measure recommended in his letter of the 16th of July 1841 for prohibiting the felling of Teak Saplings, the adoption of which, he observes, would obviate the necessity of a great part of the proposed Establishment.

Before submitting for the Sanction of the Government of India the recommendation conveyed in the foregoing Extract for the renewal of the Yeomiah allowances enjoyed by the late Syed or Shaw Azaratoolah Caudry, and Sasha Sastroolo, the Right Honorable the Governor in Council desires that the Board of Revenue will call upon the Collector of Bellary to explain upon what authority, or under what circumstances he entered in the Certificate granted to the late inamdar individual the terms of Yeomiah as "Hereditary". His Lordship in Council observes

observes that in the explanatory Statement submitted to the Board by Mr. Chaplin, the Collector of Bellary, on the 22d of March 1813 the Yeomiah in question was described to be one of those "originally given by "Revenue Officers without authority or "by Poligars before the resumption of "their Districts," and in his letter of that date that officer stated his opinion that, "all the Yeomiahs contained "in the List should be continued to the "present incumbents," and in the event of lapses, each particular case would be hereafter submitted for decision, whether or not the allowance was to be hereditary.-

Both the Yeomiahs under reference appear to have been renewed but once by the British Government under the sanction granted on the 27th August 1813 and adverting to the object for which they were nominally granted, Viz. "The offering up of "prayers for the prosperity of the State," His Lordship in Council is of opinion that they can only be viewed as charitable

charitable grants for the support of the parties, and consequently, although occasionally renewed, always liable to resumption, or subject to gradual reduction at the pleasure of Government.

Fort St. George

Sir,

Para 1. I have the honor to acknowledge the receipt of your Circular letter dated the 21st Instant, and to transmit a Statement No. 1 of the total Collections of Revenues and charges for Native Establishments prepared agreeably to the Form annexed to the above letter.

2 Under the impression that the Board may possibly wish to have before them the particulars of the sums given in aggregate in the above account, I have also forwarded an Explanatory Statement No. 2 distinguishing therein the Kurnool Peishcush and the wages of the Servants in the Political Department of this Office, kept at Kurnool from those of the District, as they had always formed part of the Revenues and Charges of this Province. The Peishcush ceased to be recovered and credited in my accounts from Fusly 1249 in conformity with the instructions of the Board under date

date the 12th March 1840. The Salary &c. of European Functionaries are likewise entered under a distinct head in the detailed Statement, that the Board if it was intended to have been included with the charges in Col: 3 of their Form, may at once be able to add the amount. The Per Centage has however been given separately to render it useful in either case.

3. The reason of the Centage of Fusly 1246 being at C. Rupees 6-5-9 is because no Establishment of Sayer Servants was maintained. the Revenue from this particular source having been rented out in that Fusly.

Provisions for the guidance of the Sayer Servants in such cases.-

3. Of the loss of Revenue to Government inconsequence of the misconduct of these parties, no doubt can be entertained, and their dismissal from their Situations appears necessary, but though it may be inferred that they profited by their over-issue of Maufee Rowanahs, it appears to me that more direct proof of their having received the money is necessary to warrant a punishment to the extent proposed by Mr. Knox, though I consider it but just to that Officer's Zeal, in a case in which he is perfectly right, that loss has been sustained by Government, to submit our two opinions for the consideration of the Board.-

To
The Collector
in the Zillah of
Rajahmundry.

Sir,

Para 1- I regret extremely so soon again to have to bring to your notice the conduct of the Peddapoor Sayer Goomastah, his Predecessor and the Madulgar, allowing a large quantity of Sugar, Jaggerry &c., to be passed in excess of the Original Rowanahs, the whole sum which it would appear from the accounts, has been lost to Government by their means, is Company's Rupees- 221-11-4- Viz.t-

	Rs. a. P.
Present Goomastah Vinjanum, Patty Soobaroidoo	121-3-3
Late Goomastah Patty Streener, vadaraw	54-0-0
Madulgar Calapatapoo Vizia ramiah	46-8-1
Total	221-11-4

2. Nothing could be elicited from the Merchants whom I examined, they denied all Knowledge of the transaction, merely sending to get the goods passed as they required them.- They further stated that they have at present no goods remaining

as-

Fort St. George 9th May 1842.-

as the Circar Accounts only Show that goods were passed in their names, but do not prove their actual participation in the business. I have allowed them to return Home, tho' there can be no little doubt of their criminality.- I trust however, the punishment lately inflicted on Cauky Rajalingum one of their Members, by the Criminal Court, will have a good effect.-

3. Extra Remarks have also been given on goods brought from other Zillahs as Set forth in Nos. 2, and No. 4. Contains a List of Rowanahs which have been received from other Zillahs, but are not now forthcoming, and consequently cannot be compared with the Accounts so as to enable us to judge of the Correctness of the entries.-

4 The Defence Set up by the Goomastahs and Madutgar, is, that in the hurry of business they gave wrong remarks on wrong Rowanahs, and they try to Show by the Accounts, that the Actual

Amount

Fort St. George 9th May 1842.-

Amount of goods only has been passed, their Abstract however marked 3, will Shew an excess of 421½ Maunds Jaggery 164¼ Maunds Sugar, and as the Documents on which a deficiency is Shown, have not been taken up, there was nothing to prevent the Merchants using them to the full quantity noted.-

5. The late Goomastah had to pay Rs. 28. 9 a. p. for two Similar offences in July and December 1841, and was removed from Poddapoor to Yernagoodem, but now that so large a loss on to Government has been sustained, I must recommend his dismissal, or removal, from the charge of a Chowkey. The present man went to Poddapoor, Knowing the cause of the former man's removal, and yet in December 1841, he runs into the same Fault, and though then punished, continues in the same course up to the present time. The same remark applies to the Madutgar, who while in Charge

3 Considering the guilt of the parties established you have proposed that they Should be punished by dismissal, and the recovery from them, of the Sum lost to Government by their misconduct. With respect to the first part of this punishment, it appears perfectly correct and necessary, but for carrying the second part into effect, it appears to me requisite that the conviction Should take place under the provision of Regulation IX of 1822, and Regulation VII of 1828, before it can be carried into effect; I therefore beg leave to return your Proceedings in order that if you are satisfied of the guilt of the parties, Sentences may be passed by you with reference to the Provisions of the above quoted Regulations, in the form in which Such Sentences are required to be transmitted to the Board of Revenue.

To,

The Head Assistant Collector of the

Zillah of

Rajahmundry.

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of 19th Instant, forwarding the sentences proposed by you in the case of Pardy Streenivasa Row present Sayer Gomastah of Yernacondem and late Sayer Gomastah of Peddapoor, Vinja-mumpaty Soobroidoo present Sayer Gomastah of Peddapoor and Balasa-tapoo Vejiahramiah Sayer Madelgar of Peddapoor under Regulation IX of 1822, but before passing my opinion on it as required by Regulation VII of 1828, Clause III, Section III, beg leave to submit to your consideration whether you are satisfied that it has been proved that the parties actually received any money consideration for the excessive issue of Rowanah on certain documents, under which goods were held in store by the Merchants.-

2. There is a point worthy of

Fort St. George 9th May 1842.

of remark that though an excessive issue of Rowanahs has taken place in some instances to the extent of Rupees 221-11-4, a decreased issue appears to have taken place in others to an extent of Rupees 187-10-11. for which no goods are forthcoming, so that a Moderate fine of ten or twelve Rupees each would cover the Government loss.-

Zillah of Rajahmundry

Sir

I have the honor to acknowledge the receipt of your letter of the 26th Instant, remarking on the guilt and punishment of the late Servants of the Sowkary of Peddapoor.-

The first point you bring to my notice is the proof of the parties

having

Fort St. George 9th May 1842.

having taken money or other consider-
ation for the excessive issue of
Mauffee Rawanahs - On this there
certainly is a want of direct
evidence tho' it is hardly probable
that a system of the sort could
have been pursued for so long
a time by persons who had
been warned of the consequences
had they not been great gainers
by the same - could have pro-
proved any embezzlement I
should undoubtedly have con-
sentenced them to a fine of
double the amount. -

In Para 2nd you re-
mark that a decreased issue
to the extent of Rupees 187-10-11
has taken place in other Rawa-
nahs, but to bring out this
result they have had to reck-
on Rowanahs given in the
names of several petty dealers

who have transactions with the larger
Merchants - the account standing as
stems. -

The Amildar was directed
by me some time ago to see if there was
small traders had any goods by them,
but his report has not yet been received. -

I regret extremely to differ
from you in the extent of punishment
to be inflicted from the various enquiries
I have of late made I am sure that a re-
gular system of smuggling has been
carried on by these Merchants, and con-
nived at by the Circar Servants - Directly
the late Sayer Gomastah was suspended,
Chanky, Raja Lingum one of the men mentioned
in the List was seized smuggling a
large quantity of Jaggery from Juggumpettah
which he at first said he brought from
Darah

Darah Rajalingum - this would doubtless have been passed out covered by some of these Rowanahs under which a quantity less than that for which the Rowanah was given appears to have been passed although the Courts fine of 50 Rupees will tend to stop this practice, still I think it most desirable that the Government Servants should also be taught that it is more advantageous to act honestly by their employers than to listen to persons naturally anxious to avoid all payments that lessen their profits. I must also remark that had the late Goomastah entered each Maufee Rowanah in a book under their respective numbers as I directed him he must have observed these malpractices.

From the Acting Coll.r of Guntoor.

Sir,

I have the honor to state of the information of the Board, the Circumstances under which I have deemed it necessary to suspend Bundaur Rajaswerrow Zufty Ameen of Rajahpettah on

on the 1st instant. This person was lately Ameen of Timmerecottah in the Paulnaud District, but as I found that Talook was in a bad state, and that the Ryots were deserting into the Nizam's Territories and other Tanahs and which I believe to be entirely attributable to his oppressive conduct, and gross irregularities I made him a Revenue Ameen in the Wajeriedy Estates, and restored to Timmerecottah an Ameen, under whom the Talook had formerly been much improved, and whose management had much approved when formerly in this district - I was more particularly induced to hurry on this change in Consequence of my having received most credible information from several independent sources, that a few Months ago, and while in Palnaud, Rajaswerrow had been guilty of a highly Criminal offence in giving shelter and protection to some people of his Talook, who had Committed an extensive Robbery in the Nizam's Territories and putting off the parties from that side

who claimed his assistance as Head of Police, had actually himself received a large portion of the stolen Property - This new Head of Police, a most experienced and correct officer, was particularly ordered to enquire into the circumstances and measures were taken to shift the matter thoroughly - as from his first report, full suspicion fell on Rajaswerrow. I ordered his suspension and forwarded him to Timmerecottah for examination, as from the distance of the place and the necessity of sending for the people in the Nizams Territories, it was absolutely necessary that a preliminary enquiry should be held on the spot - The Head of Police has now sent in his report and the record, which proves most criminal Connivance on the part of Rajaswerrow - The whole Case has been called up for examination before the Magistrate, when the parties will be dealt with according to the Regulations and until these proceedings are completed

Rajaswerrow

Rajaswerrow must continue under suspen-
sion - other Charges have been preferred --
against him and which will be duly --
investigated --
