From the Collector of Rajahmundry -- 81 Submitting the information with the necessary explanation on the subject of the affairs of the Pittapore Zemindary as called for in the Board's Secretary's letter of 4th April last.

To, The Secretary

Sir, to the Board of Revenue

I have the honor to acknowledge the receipt of your letter of 4th Ultimo in reply to mine of the 8th of November last on the subject of the affairs of the Pittapore Zemindary.

2- In order to ascertain the sentiments of the Zemindar, respecting the engagements proposed by the Board of Revenue to be adopted in lieu of those originally proposed by me for the liquidation of the amount of money advanced by Government, it was necessary that I should see him and I regret exceedingly to say that I found him very ill, and in a state which induces me to consider that any arrangement cannot be made with him at this moment-

3- I have been out on a circuit myself since the commencement of February at the beginning of which month I saw him at Pittapore and he was then very well, and my seeing him

in

in this state now, was the first intimation I had of his being unwell, I hope however he will soon recover though I do not think he would then even be able to undertake the management of the Zemindary for some time.

4. Allowing however that the Zemindar had been well enough to undertake the immediate management of the Zemindary I do not think he could have positively undertaken to do so, on the terms proposed by the Board of repaying back the 98691-7-10 advaced by Government in two years instead of four as proposed by me.

5. In my letter of 8th November last Para 18. I calculated the resources of the Pittapoor Zemindary available to the Zemindar after the expiration of his Minority on 27th August last for Fusly 1251 at Rupees 490000 including any amount which it might be possible to realize from the old balances outstanding against different Renters, or without those balances I calculated the resources at about Rupees 450000 - The amount of revenue realized from every source up to this period is Rupees 355502-4-10 which has been expended as follows.

	CRs a P
On account of Current Peishcush	265315 11 10

	331486 15 9
Amount on hand to be carried to the account of the Zemindar	24015 1 1

leaving demands requiring a further provision of Rupees 131565-15-1 Viz.t

	CRs a P

As

6739 Fort St George 2d June 1842.

8 The amount of all balances realized since the expiration of the Minority is about Rs 5722-10-7 and about fifty thousand Rupees more may gradually be realized but not immediately, but as every Zemindary or Estate always carries with it, under whatever circumstances it may be transferred some portion of balances, I think it would be more becoming the liberality of Government & consistent with Regulation X of 1831- to allow the Zemindary the benefit of these balances- Before the Zemindary is made over whatever balances are to be written off will be so written off on the backs of the Puttahs of the Ryots.

9. In conclusion I cannot help remarking that the course now proposed by me of a Government attachment for arrears with a small allowance to the Zemindar appears more likely to relieve the Zemindary from its embarrassments than any other system of management which I could possibly recommend.

25th Sept. 1844 No 35

Read the following Letter from the Collector of Masulipatam containing his report upon the Management of the Extra sources of Revenue in that District for Fusly 1250.-

Para 1. The result of the sales of Salt at the Pondraca and Inneegoodooroo Colaurs, in Masulipatam, exhibits a decrease of Rupees 27,309-3-- below the amount realized in Fusly 1249 The Collection at these Colaurs in that year amounted (exclusive of fines) to Rupees 2,75,937-6-- whereas the Collection made during the Fusly under consideration were only 2,48,628-3-- the Gross Collection within the latter period amounted to Rupees 2,48,770-1-11 and the Charges in which there was an increase of Rupees 78-1-8 to Rupees 16,213-1-7 leaving a Net revenue of Rupees 2,32,557-0-4 which fell below the revenue of the proceeding year which however was unusually high in the sum of Rupees 27,743-3-9.

of the Sales above noticed is stated to have occurred wholly in the Pondraca Colaur and is attributable to the decreased demand for salt for the neighbouring District of Rajahmundry, as compared with the preceding years and also to the resort of Lumbadies to the Pans being restricted by a want of forage and water for their Cattle.

3 Owing to the large supply of manufactured Salt in hand and to the circumstances of the year being peculiarly favourable for the production of spontaneous salt in the swamps in the neighbourhood of the Pondraca Colaur, the Collector discontinued at the commencement of the year 1841 the manufacture of Salt at the Colaur and it appears on reference to the Statement annexed to Para 8 of the report that the total production of salt in Fusly 1250 exceeded that of Fusly 1249 in 2,65,130 and that in spontaneous Salt alone

the increase amounted to 3,91,322, which he observes the Collector, as it finds a ready sale may be expected to add 4 lacks and 10 Thousand Rupees to the future salt revenue. The Board do not clearly understand what is meant by this Statement of the Collectors. The price of spontaneous salt being 2-12 per Garce less than manufactured Salt, there will be a clear gain to Government to this extent upon the Quantity produced, but as the selling price of both is the same, Viz.t. 105 Rupees per Garce, the Board do not see how any further increase of Revenue can be obtained by the sale of the spontaneous salt which would not result from the sale of an equal quantity of the manufactured article.

From the Pr. Coll. of Nellore Reporting on the division of the amount sanctioned to be paid on account of the late Madavaraly Sashagherry Row's claims.

Sir,

Para 1. In conformity to the orders of Government Conveyed in Extract from the Minutes of Consultation dated 24th December 1841, I have the honor to report that having Communicated with Trimlrow regarding the distribution of the amount awarded by the Honorable the Court of Directors to the representatives of Mudavaraly Sashagherry Row, as also with Sashagherry Row's son Madava-paly Poorooshottum the Head Sherestadar of my Cutcherry, they have jointly given in under their Signatures according to the terms of a Farikhut, or family agreement executed some years back a Statement of the distribution they wish made. A translation A of that Statement herewith accompanies, and I beg to recommend that the amount be paid as therein detailed.

2. The accompanying genealogical tree shews the relationship of the several members of the family of

of Sashagherry Row and the Trimulrow referred to in Para 24 of my letter of the 31st December 1839. It will be seen that Madaviapaty Pooroo-shottum is the heir and representative of Sashagherry Row, and the Trimulrow referred to in the present orders of Government the Head of the Elder Trimulrow's branch. The Members of Sashagherry Rows family reside at Nellore, and they request that their proportion Viz.t 25875- 11- 3. may be paid here, while those of the other branch being residents at Madras request payment there.

3. I beg to transmit for the orders of Government Copy of a letter I have received from the Common Asignee of the Insolvent Debtors' Court at Madras, claiming payment into that Court of the portion payable to Pooroo-shottam Row a bother of Annuntagherry Row and uncle of the Trimul Row now at Madras. His share amounts to Rupees 3,775- 2- 3, but it is stated that some years ago it was asigned over to his wife Camala Banyemmah on account of jewels she had made over to him. Trimulrow has given in a Translation B of the Teloogoo agreement

agreement then executed, Copy of which is herewith sent. I am told that similar cases have hitherto occurred and that the Supreme Court have admitted the validity of such asignaments, I shall be glad to be favored with instructions as to whom the payment of this share is to be made to Camala Banyemmah or to the insolvent Court.

Further report on the Petition of the Jaghirdar of Cheecavole a Village in the Talook of Sydapoor lately resumed

To

The Secretary to the Board of Revenue
Fort St. George

Sir,

I have the honor to acknowledge the receipt of your letter of the 2d instant on the subject of the claim of certain widows to the Village of Cheecavole in the Sydapoor Zemindary lately sold on account of arrears of public revenue.

2. No reference was made to the claims of these parties in the advertisement for the sale of the Sydapoor Estate. The Village stands in Mr Strattons' accounts as a Coroo Village and so it must remain till altered by a Competent authority. As a constituent Village of the Zemindary as shewn by Strattons' account, it has of course passed nominally with the rest into the hands of the successive proprietors, but whether it so passed as a Coroo Village or as one whose revenues were alienated in whole or in part like the Amarams and Shrotriems seems doubtful.

In

In one Account prepared at the time of the purchase by the Mulrauzwar it is classed as a Coroo Village but not numerically added to the others, nor is an entry made as is the case with the rest of the amount of revenue derivable from it. In another Account prepared at the same time it does not appear at all under any head. I find that I stated in my letter of the 25th July 1836 that it was not included in the list of Coroo Villages when the Estate was purchased by the late possessor. but on further examination of the accounts, it seems questionable whether it was or was not sold with the Estate as a Coroo Village. I think however that it would have been inexpedient to have taken notice of private claims in the advertisement for the sale of the Estate. There may possibly be before the Courts other similar claims to other lands or Villages in the Zemindary. At the same time, I must admit that the subject did not occur to me at the time or I should probably have made a reference to the Board for orders. The Petition of the widows making a request to have the Village excluded did not reach me till long after the Estate had

had been sold.-

The purchase of the Estate by Government leaves it in its power to deal with the case of the Petitioners as may seem fit. If the Board and the Government upon a consideration of the circumstances detailed in my letter of the 23rd July 1836 are sufficiently assured of the just claim of the family to a continuance of the Village as a Lackeraj Village, it would lead to a speedy settlement of the case and might, if they choose to withdraw the suit in Court, save them what they are ill-able to afford the legal expenses which the prosecution of it must entail upon them. - if the Government would direct its restoration. There can be no doubt that the family has been in possession of the Village as Lackaraje from a period some years antecedent to the permanent set-tlement till they were arbitrarily ousted by the Zemindar as detailed in my former Communication, and if the Board and Government are satisfied on this point, it would be but an act of justice at once to restore the Village to them, and save them the tedious and expensive process of obtaining it by a judicial decree, I would therefore respectfully sub-mit this point in their case for the Board re- consideration.-

4 The Petition which accompanied your letter is herewith returned.

Communicating instructions on the subject of the arrangements to be made for the withdrawal of the interference of Govt. with the Native religious Establishments in his District.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 10th Instant, upon the subject of the Native Religious Establishments in your district.

2 In regard to the pagoda Lands alluded to in Para 2 and classed under the heads of "Chillara" and "Muddaystal" the Board conceive that the intentions of the Home authorities will be sufficiently carried out, by the entire withdrawal, in the manner suggested by you, in Para 5, of the supervision heretofore exercised by the Officers of Government over their Management, which appears to have been at

at any time of a very partial description.

The "Inside & Pagodas" or those

3 supported by an allowance, granted by Government, in lieu of resumed lands, are stated to be 107 in number, the total amount

Para 10. allotted for their maintenance being Rup. 1/4 6,162-1-5- per annum.

It appears that you have

4 been able to effect arrangements for the Management of 52, out of the abovementioned 107 Pagodas, leaving 55 still under the superintendance of the Sircar Servants.

The parties specified in

5 the list, which accompanies your letter, as willing to undertake the Office of Trustees, appear to be, in most instances, the putta Monegars of the Villages to which the Establishments belong, associated with other parties selected, it is presumed, from the communities of the same Villages on account of their wealth and respectability.

It will be necessary, before

6 making over charge to these individuals that they should execute an agreement in which the nature of the Office they have undertaken will be defined, and by which they will engage to discharge the duties of the trust

trust with fidelity, and be answerable, in case of malversation, to the authority of the Court, a form of agreement to the above effect is already before Government, and will, if approved of, be incorporated in an act which has been ordered in supercession of Regulation VIII of 1817. in this will also be laid down the course to be followed, in the event of vacancies occurring amongst the trustees.

7. The Board trust that you will not experience the difficulty which you appear to anticipate, in making arrangements for the management of the remaining 55 Pagodas, for which you have not as yet been able to get trustees to offer themselves. The orders of the Honorable Court and the Government, for the complete and final withdrawal of interference in the Management of the religious Establishments of their subjects, being absolute, and the mode of carrying those orders into effect, having been prescribed, it is not considered necessary that the general policy of the measure should now become a subject of discussion. It should be generally made known that the instructions which have been issued upon the subject must eventually be carried into effect. and the Board rely upon the cordial Co-operation of the local authorities to enable them to do this as speedily, and with as much consideration for the feelings and prejudices of the parties concerned, as the circumstances of the case will admit of.

To the President and Members of the
Board of Revenue

Gentlemen, Fort St. George.

Your Board will be aware of the extraordinary depression in the price of Grain this year in Tanjore; a fixed Turrum and casual high prices, have had the effect of stimulating industry and bringing under culture almost every available portion of waste Nunjah land, which, combined with the last productive seasons and the absence of demand from without has occasioned a corresponding depression in the value of grain, to an extent hitherto never experienced in this Province. The difference between the selling and standard prices is

Standard 3-3 3/32
Current selling prices 2-25/32
Difference 1-9 19/32
or 42 per Cent

1-9 19/32 and the difficulty in disposing of the produce even at this ruinous rate adds still more to the distress the Meerasdars are put to, in getting ready Money for their Kyst. It is true as a matter of account that former high prices would leave many gainers, but in most instances, indeed, I may safely say in all, the profits have been disposed of as they accrued, in marriage purchase

purchase of land &c., their eyes were shut against the prospect of such a season as this and the last have been, and the consequence is that they literally, I am assured, have no money in hand. Up to this time the Collections have been made with tolerable regularity, and paid with a praiseworthy readiness when the difficulties are considered, but now, petitions and petitioners come up in numbers daily, all to the same effect and all answered in the same unsatisfactory manner. To realize the June Kist I feel assured that recourse must be had to Jufting the land of very many of the Meerasdars, a measure to be avoided, if possible, and more particularly, where, as has been the case the land owners have done their utmost to meet the Circar demands. The relief that I would solicit the Board to sanction, is the postponement of the Kist for June (the last kist) in the Turm Fisel Taloks till the most fusly. The indulgence is but trifling, but still it would be highly appreciated as a temporary relief, and an assurance of the consideration in which their difficulties were regarded as a precedent. I must

confess,

From the Coll.r of Madras.- submitting three musters of Sugar and copy of a letter from Messrs. Line & Co. relating to the Tariff valuation of a quantity imported by them from Chittoor which they request may be appraised at Rs. 38 instead of Rs. 50 per Candy.

Rec.d 21st May 1842.

From the Coll.r of Madras. 25th May 1842. No. 29.

Sir

I have the honor to transmit herewith copy of a letter from Messrs. Line & Co. relating to the Tariff valuation of a quantity of Sugar which they imported lately from the Northern Division of Arcot.-

2 In February last the acting Principal Collector of North Arcot furnished me with a sample of Sugar manufactured at Tencatagherry by one Mr. Lawe, the Individual from whom Messrs. Line & Co. received their consignment both being of the same description and requested information as to the Tariff valuation of it at Madras, which I stated was Rupees 50 per Candy.-

At this rate Messrs. Line & Co. Sugar was about to be passed on the 21st instant when they addressed me the letter now under consideration, in which it will be observed they suggest the rate being reduced to Rupees 30.-

Their

4 Their Sugar has been passed on the full amount of duty chargeable upon it being deposited, pending the result of this reference to the Board.-

5 I now submit, for the Board's inspection, a Muster of Sugar of a better quality imported at a recent date by Messrs. N. Morison & Co., it having been valued in Chittoor at Rupees 78-12-4 and in this Office at Rupees 85 per Candy, another Muster of nearly the same description with Messrs. Line and Co.s importation, which is one of quantities sold in the Bazars here at Rupees 60 per Candy, as well as a Muster of their own Sugar valued in this Office at Rupees 50. These Musters and the facts stated above will, I have reason to believe induce the Board to decide that the valuation adopted in the case of the Sugar in question is correct.

This reference, the Board will observe, is made at the request of Messrs. Line & Co.

Madras, 28th May, 1842. (Signed) A. Robertson
Collector.

To The Collector of Land Customs
Madras.

Sir

We beg to inform you that we

we have received from Vencatagherry in the Chittoor district 3 Bandy Loads of Sugar manufactured there by Mr. J Tawse. This sugar has been made with the view of shipment to England, and is not of a description suitable for sale in Madras, and as from the great competition that exists in the Home market in Sugars from different countries, it is only by being able to export it at very low rate that would enable parties in this Country to prosecute the manufacture of Sugars for the Europe market, we would, therefore, beg to request that you will value the same for duty at a rate approximating to its Cost, which we estimate at Rupees 30 per Candy - and this is the rate that has been taken by the Collector of Chittoor, under the Sanction of the Board of Revenue. We would hope therefore, that you will be able to adopt the same valuation, but should you not feel at liberty to do so, we should feel obliged by your referring the subject to the Board of Revenue for their consideration, and in the meantime allow the Sugar to

be passed under deposit or on payment of such Duty as you may direct, pending the result of the reference.

The quantity of sugar just received is the first of a supply of about 35 Tons, which has been manufactured this year by Mr. Tawse at Vencatagherry.

In Cons.n 2d June 1842.

To The Collector of Madras.

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 28th Ultimo upon the subject of the Tariff valuation of certain sugar manufactured at Vencatagherry in the North Arcot District by one Mr. Tawse, and lately imported into Madras by Messrs. Line & Co.

2. The value of the sugar in question has been fixed by the Board at 30 Rupees per Candy in the North Arcot Tariff, upon an appraisement by the Merchants in that District reported by

From Arcot 17th March in Cons. 21st Ds.

by the Acting Principal Collector and upon its being represented that the Article was not of a description suited for the consumption of this Country but intended for exportation to England, and that the price abovenamed was fully equal to its Cost value. Under these circumstances the Board would be unwilling that this sugar should be liable to duty at a higher rate of valuation, on its importation into Madras; but before authorizing any alteration in the rate at which you report it to be valued in your Tariff, they would wish to know whether that rate has been fixed in accordance with the rule prescribed in Col. 2 Sec VII, Regn III of 1812 and what, in your opinion, would be the effect of allowing the reduction solicited, with reference to the purpose for which the sugar is imported into Madras, and the encouragement which should undoubtedly be shewn to the exportation of sugar from this Country to England.

Sir.

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue, dated the 9th Instant, and to state in reply, that the Yeomiahdar therein referred to has only recently arrived in this District, and that there will therefore be great difficulty in ascertaining with any certainty, whether the plea of sickness advanced by him is well founded or otherwise; but as a considerable portion of the 6 months, elapsed during the reference to Government, regarding the payment of his pension being transferred from the Nellore, to the Cuddapah Treasury, I would recommend that his plea be admitted this time. In the event of any Yeomiahdar, who is a resident of this District, failing to draw his allowance

From the P.C. Coll.r of Salem. Submitting information relative to the Amount of Jodee, payable on Village Servants Enam, or Cuttoobady Enam, lands in his District.

To,
The Secretary to the
Board of Revenue
Fort St. George.

Sir,

I have the honor to acknowledge the receipt of your letter of the 2nd Instant, requesting information relative to the amount of Jodee payable on Village Servants Enams, or Cuttoobady Enams on lands in this District.

2. In Salem there exists no Cuttoobady Enam, and the Enams of the Village Officers, Viz.t of the Monegar, the Curnum, the Shroff, the Soty and the Sundul-car, were puffted at the time of the Pymash Settlement, and a payment in money fixed in stead. A small portion of these Enams were however at that time left jaree; a Statement of which, containing also the amount Enams and the Jodee payable thereon of the other Village Servants, is herewith sent.

3. As the Statement is required by Government.

Fort St. George 6th June 1842.

Government for the purpose of judging how far it may be judicious to remit the amount I do see, it is right I should mention, that a considerable portion of the Jodee, entered in the Statement now sent, belongs to Enam and Mootah or Villages, over which the Government have no controul. As this report is required at the earliest convenience, I have not had accounts made out, of the particular portions payable under Jaree and Amany, as that would require some time to have the accounts from the Talookas.

Should

Should it however be considered necessary I shall, on receiving intimation thereof, cause this to be done and the accounts to be forwarded.

Referring to the remarks entered in the foregoing Statement regarding the seizure of a quantity of Chayroot the Board wish to be informed of

of the practice observed in levying duty on this article in the Masulipatam District. In the instance under notice it appears, that one Chelmial had in Fusly 1250 reaped a produce of 3-2-0 Chayroot, and paid duty only on 27¼ Maunds; that on examination 18 Maunds were found in the house of one Dooga pah, and that the remaining 15 Maunds had been disposed of. A penalty of double duty was therefore levied on the 33 Maunds on which the owner had omitted to pay duty. The practice of entering the house of private individuals under the Plea of searching for smuggled goods concealed therein is objectionable, and should be discouraged as far as possible, except in particular cases, when the seizure should be effected as suggested in the Board's letters of the 10th May 1813, and 17th April 1834, with the assistance of the nearest officer of Police.

Diary.

Received the following letter.

7th June.

To the Secretary to the
Board of Revenue
Fort St. George.

Sir,

1
From the Asst. Coll.r of Vizagapatam — Submits proposals relative to the Toddy & Arrack farms of the Vizagapatam District.

Para. 1. The arrack, Betel, and Toddy farms of this District, for Fusly. 1252, having been exposed to public sale in my Office in the usual manner, I have now the honor to submit Statements exhibiting the result of the offers of intending Renters.

2. The highest bidder for the Arrack farm of the entire District was A. Ramiah. His proposal was 34,000 Rupees or 2,000 Rupees in excess of the rent of the preceding year. although this sum is still greatly below the average rents of the Arrack revenues for the last five years, I beg to recommend the acceptance of this offer the party being considered competent to fulfil his engagement. Various reasons have occasioned a decrease in this source of revenue, but the chief cause is the absence

of

of the Regiments formerly stationed in this District on foreign Service, and the removal of their families and followers, from whose consumption much of the Renters receipts is generally derived.—

3. Statement B: exhibits the proposals received for eight of the principal Toddy farms—The aggregate amount of these Offers is Rupees 9353—8—" exceeding the rents of the previous Fasly for the same stations by Rupees 632—8—", and as the Sureties and principals are considered unexceptionable, I recommend that these proposals may be sanctioned accordingly.

4. There are a considerable number of Smaller Toddy farms which still remain to be rented out, the proposals for these are usually received in the Talooks When the Securities are examined and reported upon the result will be communicated to the Board for their sanction.

5. For the Betel farm for the whole district, the highest bidder was P. Seetapaty—Rupees 3,000—I request authority to accept the same, the Security offered being sufficient—The increase on this year is Rupees one hundred.—

Vizagapatam, Collectors Office, 1st June 1842.—

His Lordship in Council has given his attentive consideration to the correspondence which accompanied the above letter as well as the objections advanced by Mr. Smith the Collector of Rajahmundry to become a party to

Fort St George 9th June 1842.

to the arrangement sanctioned by Government having for its object the withdrawal of a suit instituted by the late Sooria Pracasa Row against that officer on account of an embankment in the Tondavah River, and is constrained to observe that he sees no valid reason for Mr. Smith's opposing the measure now that all the parties have agreed to it, and considers his hesitation to comply with the instructions of his superiors as very reprehensible —

2 The Board of Revenue will inform Mr. Smith that should he persist in his objections to be a party to the Rajeenamah the Government will leave him to defend the suit at his own risk. In the mean time His Lordship in Council is of opinion that there need be no interference with the erection of the Bank —

From the Ag. Agent to the Governor of Fort St George at Vizagapatam
Requesting sanction may be obtained for payment to the Rajah of Vizeanagrum of a sum not exceeding 20,000 Rupees on the occasion of investing his son with the thread "Oopanaenum"

Para 1.

The Rajah of Vizeanagrum in a letter to my address, of which the accompanying is a translate, has requested my assistance in procuring him sanction for payment of a sum not exceeding twenty five thousand Rupees, on the occasion of the approaching necessary ceremonial of investing his son with the thread termed Oopanaenum —

2. In reply I have informed the Rajah that his application would be submitted to Government for orders, but that I should not deem myself justified, with reference to the present condition of his finances in recommending a greater disbursement on this occasion than the sum of Rupees twenty thousand —

3. Although the Collections

of

of the Vizeanagrum Zemindary in the present Fusly are still greatly backward from circumstances which it is unnecessary to explain in this communication it is anticipated that at the close of the year a very considerable surplus will remain applicable for the discharge of the bonded debts after payment of all charges including Rupees 28000 recently made to complete the allowance of Rupees 100,000 allotted to the Rajah for Fusly 1250--

4. Bearing this in mind and adverting to the importance attached to this Ceremonial I trust the Board of Revenue will support my recommendation and obtain sanction from Government for a disbursement on this account to the extent of Rupees twenty thousand - In anticipation of the authority of Government being given and to prevent the Rajah being inconvenienced by delay I purpose addressing

addressing the Collector of Benares to ascertain when it might be convenient to pay from his Treasury to the Rajah a sum not exceeding the amount noted above--

Acting Agent to the Governor
Vizagapatam.

Sir

As the period is approaching when my son should be invested with the thread, as the order of my Clas, called Oopanayanum, I trust I may be permitted to solicit your influence, on my behalf with the Government the period for the investure will be in June next and the expense will amount to about

Rupees

Fort St George 9th June 1842.

Rupees 25,000.- You perhaps may imagine that Rupees 28,000 which you are about to remit to me, should be appropriated to that purpose. but permit me to assure you, that sum, has long been anticipated, indeed I am much inconvenienced in consequence of this Treasury being unable to honor that draft until next Month, and were I to borrow the money here it would tend to involve me in further difficulty. thus if I may solicit your aid, my wish is, that you would kindly exercise your influence with Government so far as to recommend that my solicitation be acceded to.-

I had the honor to address letters for the consideration of Government under dates 15th October 1840 and 23rd June 1841 soliciting aid from Government, to relieve me from my embarrassments; and I believe I have conformed to the wishes of Government in every respect, as that is

is invariably my intention. pray allow this representation also to be honored with your recommendation.-

(8-9) Proceedings thereon-

Resolved that the foregoing letter, with its enclosure, be submitted for the consideration and orders of the Right Honorable the Governor in Council.-

Agreeably with the recommendation of the Acting Collector the Board request that sanction may be granted for remitting

From the Collector of Rajahmundry—
Submitting for approval Statement of the Biddings of the Arrack Farms for fusly 1252.—

Sir,

Para 1. I have the honor to submit for the approval of the Board of Revenue a Statement of the Bids made in Public auction on the 20th. 21st. 23d. and 25th. Instant, for the several Arrack Farms of this District for the ensuing Fusly 1252.—

2. In Fusly 1251, of the 19 Arrack Farms in this District, fifteen were rented out for Rupees 37,991—"—"— and four were Settled under Amanie for 7116-6-" For fusly 1252, the Bids are for Sixteen farms, and amount to Rupees 45,266—" exceeding the Settlement of those Farms in Fusly 1251 by Rupees 2,886-6-" On looking at the separate offers for fusly 1252, there are decreases on Coringa and Nagaram under rent, and on Mogultoor under Amanie, for fusly 1251. There is

Rent and Amanie—	Rent.	Increase.	Decrease.
C. Rupees- As.- Ps.	C. Rs. a.- Ps.	C. Rs. a.- Ps.	C. Rs.- a.- Ps.
42,379- 10— "	45,266- " — "	4,380- " — "	1,493- 10- "
	Deduct Decrease		1,493- 10- "
	Net Increase		2,886- 6- "

	Fusly 1251.	Fusly 1252.	Decrease.
	C. Rs. a. Ps.	C. Rs.- a.- Ps.	C. Rs. - a. Ps.
Coringa	8,505- " — "	7,800- " — "	705- " — "
Nagarum	1500- " — "	1,450- " — "	50- " — "
Amanie Rent.			
Moogultoor	4,388-10-3-	3,650- " — "	738- 10- "

is no doubt but that the present Renter has sustained loss in Boringa - In Nagaram the decrease is trifling - In Mogultoor the Bid is below the Sumanie Settlement of Fusly 1251, but I fear that Settlement will hardly be realized in full, and as, if the Mogultoor Farm proves profitable in Fusly 1252 there is no doubt the bids for it in Fusly 1253 will increase in proportion, the most desirable plan appears to be to take advantage of the present opportunity of placing it under Rent.—

3 If the present offers are approved of, the Rent Settlement of Fusly 1252 will be Rupees 45,266-"-" and the estimated Sumanie are, Rupees 2,727-12-" or total Rupees 47,993-12-"-

4- Three per Cent has been deposited in each case of the Rents, and

nine per Cent more will be deposited within eight days, and full Security, or deposit, taken, before the Parties are placed in possession of the Farms.—

Zillah Rajahmundry Collr's Office

Fort St. George 9th June 1842.

Rejected the proposal to rent the Village in question 1st by because the parties to the rent had urged that the rent was too high. 2dly because they were not prepared to furnish any security at all or to take bonds and give Moochelekas the security to the amount of the rent of each year was required. 3dly another reason tho' not advertised to in my letter dated 20th Ultimo was that the proposal was drawn out in the names of four parties while two only had signed it.

4 It follows from what I have stated above that the necessary preliminaries to render the rent valid had not been gone through and that no other course was left me but that which I had adopted.

5 Whether the refusal of the Petitioner to accept the rent will involve a loss to Government or otherwise cannot be determined till the result of the returns under Ourmary Management for fasles 1251. 52. 53 shall have been ascertained.

From the Asst. Coll.r of Guntoor submitting his sentiments on the conduct of Nundoori Kistnayya late Ameen of Guntoor Taluk as required by the Board.—

Sir,

3 Para 1 I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings dated 5th Instant requiring me to submit my sentiments on the conduct of Nundoori Kistnayya reported by Mr. Mathison under date 15th Ultimo.—

2 I fully concur with the Board in considering the extremely offensive and contumacious tone of this individuals communications to his superior such as to justify his dismissal.— From what has come under my own observation since I have been in charge of the district I also believe Mr. Mathison to have had good reasons for attributing to improper motives both his tardy evidence in the case alluded to & his delay

Fort St. George 9th June 1842.-

delay in Proceeding to Battepaud.-

3 As however, he appears to be a man of much ability and familiar both with the Regulations and official routine, and the misdirection of these qualifications seems to be in a great measure attributable to the instigation of others, and the spirit of faction and intrigue which I regret to say, has invaded and seriously injured every Department in the District, it may perhaps not now be necessary to record any decision as to his permanent exclusion from the public service.-

reports the suspension and recommends the permanent dismissal from office of the individual in question. Mr Stokes having taken charge of the District the Board deferred passing final orders on the case until they should have been furnished with the sentiments of that Gentleman which were called for in their Proceedings dated 5th May last. Sir

Para 1. I have the honor to forward herewith the Statement promised by Goldingham in his letter dated 28th Jany and called for in the Board's Proceedings of the 17th Febry 1842.

2 There are some other Pagodas the Zemindaries to which money allowances are made out of the resources of the respective Estates, and there is also a Mosque at Guntoor with an endowment of land the cost of erecting which was advanced by Government & recovered from the lands. The present circumstances of this endowment were stated in Mr Goldingham's letter dated 7th May 10. These were not considered to come within the purpose of the statement now submitted.

3. Adverting to the opinion expressed by Mr Goldingham as to the inexpediency of inquiry over the accumulated surplus funds the persons who now Manage the Pagodas of Mackerlaw and Singarauttah, I beg to explain that I am not satisfied that there would be the same objection to enquiring over to the Vacating Brahmins the whole of the Current Rents without reservation & that I propose, if approved by the Board, to adopt this course which is to have been followed up to Fasly 1228.

Guntoor Collectors Cutchery 1st June 1842 (Signed)

H. Stokes
Acting Collector

1st June 1842

(19-20)

Order thereon. Ordered to be recorded.

Read again letter from the Principal Collector of Nellore, dated 19th and entered in Consultation 26th Ultimo.

(21)

Proceedings thereon. From all the information received on the subject to which the foregoing letter refers, the Board are led to the conclusion that no further reduction in the tariff valuation of Crude Saltpetre in the Districts of Nellore, Guntoor and Cuddapah, is required below that already sanctioned under date 25th February 1841, Viz. 20 Rupees per Candy first boil, and 30 Rupees per Candy 2nd boil.

Communicating instructions to the Principal Collectors of Nellore and Cuddapah and Collector of Guntoor on the subject of the valuation of Saltpetre in their Districts

2 They are also of opinion that the rate of conversion of Crude Saltpetre to the refined Article Viz. 150 Candies of the former to 100 Candies of the latter is a fair equivalent, and that no modification in the rules relating thereto as laid down under date the 10th October 1840, is either called for or expedient.

From Nellore In Cons. 25th Feb. 1842.

3 The Board see no objection to the issue of one Rowannah and Stamp on the aggregate of several small parcels of Saltpetre instead of one each, and accordingly authorize the Principal Collector to carry into effect the wishes expressed

In Cons. 30 July 1840

on the point by Messrs. Buchterlony and Co. in their letter dated 13th July 1840 on being informed by those Gentlemen of the place or places at which the Saltpetre is usually collected for transmission to their factory at Calamookola near Ongole.

Ordered that the purport of Paras 1 and 3 of the above Proceedings of the Board be communicated to the Acting Collector of Guntoor and Para 3 to the Acting Principal Collector of Cuddapah for their information and guidance with reference to their letters dated respectively 10th May 1842 and 19th March 1842.

In Cons. 19th May 1842. In Cons. 4th April 1842.

In Cons. 4th Feb. 1842.

Ordered also that the following letter be addressed to Messrs. Buchterlony and Co. with reference to their letter of the 7th February last.

(21-22)

To Messrs. Buchterlony and Co.

Gentlemen,

To Messrs. Buchterlony and Co. Declining to accede to your request for a further reduction in the Tariff valuation of Crude Saltpetre in Nellore, Guntoor and Cuddapah below that already established as communicated to them

Para 1

In acknowledging the receipt of your letters noted in the margin, I am directed by the Board of Revenue to inform you, that having called

15th In Cons. 30 July 1840
17th March in Cons. 8 April 1841
7th In Cons. 11th February 1842

them in the 2nd of his letter of the 25th February 1841 and stated that the Collectors of those Districts have been instructed to issue one Rowannah and Stamp on the aggregate of several small parcels of Saltpetre instead of upon each separate parcel.—

Fort St. George 9th June 1842.—

called for additional information from the Collectors of Nellore, Cuddapah and Guntoor on the several points therein alluded to, they do not see any reason to authorize a further reduction in the Tariff valuation of Crude Saltpetre, below that already established in those Districts as communicated to you in my letter dated 25th February 1841. The amount therein specified being Rupees 20 per Candy 1st Boil, or Crude Saltpetre and Rupees 30 per Candy for the second boil or refined article.—

2 With regard to your Statement that the rate of your conversion adopted by the Board at the proportion of 100 of refined Saltpetre for 150 of the Crude is insufficient and that it should be fixed at 100 of the former to 200 of the latter, I am directed to observe that the Board are still of opinion that the former rate is a fair and reasonable equivalent and that any modification in the existing rate is not expedient with reference to the general trade in this Article.

3 I am in conclusion instructed to state that the Board have furnished the several Collectors in the above Districts

Fort St. George 9th June 1842

Districts with instructions to comply with your wishes for the issue of one Rowannah and Stamp on the aggregate of several parcels of Crude Saltpetre instead of upon each separate parcel as heretofore. In order to enable them to give effect to these instructions it is necessary that you should intimate to them respectively the place or places at which the Crude Saltpetre is usually collected for transmission to the factory at Eutamocktala, as already requested in para 5 of my letter above alluded to.—

Order thereon.

Ordered to be recorded.

Read again letter from the Collector of South Arcot dated 30th April and entered in Consultation 19th Ultimo.

27

Proceedings thereon.

Submitting a letter from the Collr. of South Arcot having reference to the allowance of 15 per Cent granted to the Mocharpalliem Zemindar in commutation of resumed Cavelly lands in the Talooks of Munnargoody and Chellumbrum and stating that as surmised by the Collr. the allowance were intended to be life grant only and that it is to be regretted that the words "in perpetuity" were inadvertantly introduced in the 18th Proceedings on the subject dated the 2nd December last & recommending that the orders of Govt. conveyed in the Mins: of Con: of the 31st January last may be amended by the omission of these words. Also requesting sanction for payment from the date of its discontinuance and for the future of the commuted allowance of Rs. 910-2-5 granted for lands in the Vuzdachellum Talook resumed by the Zemindar and for the adjustment of the commuted allowance to be made for the lands in the Munnargoody and Chellumbrum Talooks to be calculated at 8 per % of the gross value of the lands.

Do 25th Nov in Cons: 8 Dec 1817
Do 16th in Cons: 22nd Aug 1822
Do 4 in Cons: 7th Sept 1837

The application contained in the foregoing letter of the nature of the arrangements proposed in the Board's Proceedings of the 4th of March 1839 which received the sanction of Government under date the 23rd of the following Month and the cases adverted to in Paras 5. 6 and 7 of the orders of Government upon which are thereon in the Margin, leave no room to doubt that the allowance of 15 per % granted to the Mocharpalliem Zemindar, in commutation of resumed Cavelly lands in the Talooks of Munnargoody and Chellumbrum, was intended, as surmised by Mr Hallett, to be a life grant only.

Vide Paras 5 and 7 of the Board's Proceedings dated 4th March 1839.

2 In Para 1 of the Board's Proceedings dated 2nd December last it is observed that the object of their Proceedings of the 4th March 1839 was the introduction of an arrangement for the resumption of the lands in the above mentioned Talooks

calculated at 8 per % of the gross value of the lands.

Vide Statement in letter from Mr Rowlandson 10th in Cons: 7th May 1806.

Talooks agreeably with the usage observed on the occasion of the resumption of the lands belonging to the Poligar in Vuzdachellum" which latter as observed by Mr Hallett were held by the family on "life tenure". It is to be regretted therefore that the inadvertant introduction of the words "in perpetuity" used in the recapitulation of the subjects noticed in the Board's Proceedings of the 2nd December last should have rendered it necessary to bring the matter again to the notice of Government with a view to the amendment of the orders conveyed in the Minutes of Consultation dated the 31st January last by the omission of these words, as suggested by the Collector in para 12 of the letter above recorded.

Para 9

Cons: 14th Feb 1842

3 With reference to Para 13 of Mr Hallett's letter, the Board request that sanction may be granted for payment &c &c &c from the date of its discontinuance (12th July 1835) and for the future of the commuted allowance of Rupees 910-2-5 granted under sanction of Government dated 10th September 1806 for Civil Lands in the Vuzdachellum Talook resumed from the Woodiarpalliem Zemindar.

Cons: 22nd Sept 1806

4 The Board also recommend

Fort St. George 9th June 1842.

recommend that sanction may be granted for the adjustment in account proposed in Para 14 of the Collectors letter in regard to the commuted allowance to be made for the Lands in the Nunnagoody and Chillumbrum Talooks, the annual allowance under this head calculated at 15 per Cent on the gross value according to the accounts which accompanied the Dists letter of the 19th December 1831 as it amount it appears to Rupees 2861-10-6.

In Cons: 26th Dec. 1831.

Ordered that a Copy of these Proceedings be submitted for the consideration and orders of Government in the reference to the correspondence noted in the Margin.

The Right Honorable the Governor in Council observes, that the consideration of the question as to the expediency or otherwise, of making alterations in the Abkaree system at present in force in Military Cantonments

Shops in each Bazar, brings to notice an important rule which does not appear to have been generally acted upon - In the limits of Trichinopoly for instance, it appears that there were no less than 30 Arrack and 15 Toddy Shops. In the Cantonment of St. Thomas' Mount however, the power has been fully acted upon, as the number has been limited to one - Your acquiescence in the views of the Commanding Officer in that Cantonment who objected to the re-opening of a second Arrack Shop at that station has our full approbation -

&c., has been postponed, pending the receipt of the report of the Commissary General, called for in Extracts from the Minutes of Consultation 12th January 1841 No 126, and 16th July 1841 No 2739 - which has not, up to this date, been furnished to Government - The attention of the Commissary General is called to the subject, and he is requested to make his report as soon as possible - When the Commissary General's report shall have been received the whole Subject

with the Board of Revenue, that notwithstanding
the unfavorable results reported in the above

2 The object in thus appropriating the room in question is its proximity to the water and that in it the Tidal observations can be made with peculiar facility. More-over four Months must elapse ere a suita-ble building could be erected; and while the probable cost of adapting the Bunga-low Room for an observatory it is stated will not exceed 500 Rupees the expense of erecting a building is estimated at Two thousand.

but as he expresses his inability to manage them the Management shall continue with the Collector who is directed to propose an allowance for the Zemindar.

Regulation V of 1804 provides for the management of the Estates of Minors and incapacitated Proprietors but as Sooreya Narrain Jagapaty pauze professes the Cottaw Estate paying annually to Government Rupees 29,163 & which he is fully equal to the management I should hardly think this case can come under that Regulation besides this, there are Suits pending in Court connected with both these Estates, which renders it desirable that Government should not commit itself to any measure, which may involve an outlay beyond the resources of the Zemindary.

3

Under all the circumstances of the case, the course of proceeding which

Fort St. George 13th June 1842

which appears to me best adapted to meet every end required, is to declare the Peddapoor Zemindary under attachment, for the arrears of revenue Rupees 2,55,997-10-3½ and to retain it under management for the realization of the same, allowing Sooreya Narrain Jagapaty pauze Rupees five hundred per Mensem or Rupees six thousand per Annum, for aiding in the management with reference to the orders of the Board of 20th May 1839.

4

There are certain Sairy and Chuttrum lands in this Zemindary, which on a former occasion of the Management of the Zemindary by Government were allowed to be retained by the Family, with reference to the correspondence noted in the Margin.

From Do. 18th May Do.

The quantity of these lands is Pooties Ds. Ms. 153—8—14¼ and their annual value Rupees 5,302—3—6. These Obeg leave to recommend should be made over to the management of Sooreya Narrain

Proceedings thereon.-

30-31

Under the circumstances represented in the foregoing letter the Board consider that the arrangement proposed by Mr. Smith for the future management of the Peddapoor Estate presents the best means of carrying out the intentions of Government expressed in the Minutes of Consultation of the 4th January last in behalf of the Zemindar, and they resolve accordingly to recommend that the Estate may be declared under attachment for the arrears of Revenue due against it amounting to Rupees 255997-10-3 and that an allowance of 500 Rupees per mensem to be defrayed from

In Con. 17th Jan. 1842

from the proceeds thereof, be made to the Zemindar for aiding in the management.

2. The Board also resolve to submit

to Government the correspondence referred to in the 4th Para of the letter above recorded upon the subject of the Jarry and Chuttrum lands therein alluded to, as having been on a former occasion allowed to be retained by the family, the rest of the property being under Circar management and to recommend that a similar course be sanctioned on the present occasion.

Ordered that a Copy of these proceedings be submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to an Extract from the Minutes of Consultation of Government dated the 11th April last.

proposed to be allowed by me to the Villagers of Coyalagoodem, on account of a like sum received from them by the Darogah of the Yernagoodem Division and appropriated to his own use. but since recovered back, it appears to me that I have been misunderstood in my mode of expressing myself, for I cannot conceive for a moment that the Board would intend to make the Villagers of Coyalagoodem pay Rupees 1627-15-0 instead of the original demand against them of Rupees 1468-0-6

2 When I recommended a remission of Rupees 159-14-6 to be allowed to the Villagers of Coyalagoodam, all I meant was that this sum should be carried to their credit in the accounts of my Office making their account for fasly 1250 thus

Read the correspondence noted in the margin upon the subject of the system which obtains in regard to the management of the native religious establishments in the Guntoor District.-

It appears from the correspondence above alluded to, that the only religious institutions in Guntoor, the affairs of which have fallen in any degree under the cognizance of the Officers of Government, are the Pagodas at Mancherlah and Singaroottah in the Palnad Division and the extent of interference in the concerns of these, which has been heretofore exercised, seems to have been restricted to a supervision of the disbursements, on the part of the Ameen, thro' whom the revenues of the Enam lands attached to each Pagoda were made over to the Dhurma Kurtah or Trustee of the institution. Even this amount of interference will, it is stated, cease for the future - and the allowances of both these Pagodas will be made over without reservation to the officiating Bramins, as suggested by Mr. Stokes in his letter of the 21st Ultimo.-

Read the following letter from the Principal Collector of Nellore, reporting upon the management of the Minor Zemindary of Choondy for Fusly 1250.-

Relative to the management of the Minor Zemindary of Choondy in the Nellore District for Fusly 1250.

In Forn. 30th May 1842.

1

The number of Villages settled by the Principal Collector in Fusly 1250 was 44- and 34 Hamlets- the same as in the preceding year- These, with three Shrotriem Villages, comprize the whole estate.-

The season is reported to have been unpropitious as regards the supply of rain, and there was in consequence a decrease of 102 Goortoos in the wet Cultivation.-

In

Fort St. George 13th June 1842.

In the dry Cultivation there was a considerable increase- and upon the whole the extent of land under Cultivation in Fusly 1250, was greater by 132 Goortoos than in the preceding year.-

Para. 3-

3 In F. 1249 the whole of the Coroo Villages were rented for a sum of Rupees 36257-9-3- In the Fusly under review it was found necessary to retain 2 Villages under Aumanie, at a loss of Rs. 50-1-3- The remaining 42 were rented at an increase of Rupees 284-8-1 above the amount realized from them in Fusly 1249.-

4 The gross settlement of the year, after deducting the sums noted in the margin, on account of wet lands uncultivated and dried up crops, amounted to Rupees 30940-6-5 shewing a decrease below the settlement of Fusly 1249 to the extent of Rupees 1868-5-8- which is attributed by the Principal Collector to the unfavorable nature of the season which rendered it necessary to make unusually large deductions from the gross settlement.-

a further sum of Rupees 227-8-5- was realized by the 15th April last, on which date the balance due to the estate was Rupees 1731-6-4-

6 The statement annexed to Para 13 shews the total collections and charges for Fuslies 1249 and 1250 within each year. The increase under the head of allowances in the charges of the latter year is satisfactorily explained in para 4.

7 The Court sanction the charge of Rupees 323-9-11 for tank repairs to the 15th April last, alluded to in Para 15.-

8 The statement No. 6 which shews the balance of cash in hand, and the disbursements to the date of the report under consideration, exhibits a surplus to the credit of the estate amounting on that date to Rupees 47,554-1-4.

Para 7.

letter dated the 16th ultimo furnishing further information on the subject of the claims of certain widows to the Village of Chicavole in the Zydapoor Zemindary.-

The profession of this Village as Lakaraz by the family in question previous to the settlement in 1802 until it was collusively resumed by the Zemindar in 1834, is clearly established, and the Board concur with you in opinion that these females have a just claim to the continuance of the Village, but before proceeding to recommend its restoration to the favorable consideration of Government they deem it desirable that the widows be called upon to produce any title deeds or other documents that may be forthcoming in support of their Claim, and explanation of the circumstances, under which the Village was originally conferred upon the family as Lakaraz.-

Sir,

I am directed by the Board of Revenue to request that you will submit for the orders of the Right Honorable the Governor in Council the accompanying correspondence with the Acting Principal Collector of Cuddapah and to recommend that authority may be granted for the payment of the arrears of Upomiah due to Abdolzulbar Khan from 1st August 1841 to 31st March 1842 amounting to Rupees 18 0 0.

It will be observed that the allowance of this individual was transferred under the authority of Government from Nellore to Cuddapah and that the delay in the adjustement of his claim is chiefly owing to that circumstance.

2. On reference to this communication it appears that Garoodachellum was fined in two sums of Rupees 10 and Rupees 25 respectively and dismissed from the Curnomship of the Village being at the same time deprived of his Inamdy on being summarily convicted of taking a bribe and concealing the cultivation of his Village.

3. This extent of punishment would appear unnecessarily severe, in consideration of which and the length of time that he has been deprived of the Emolument attached to his Office, the Board authorize his being reinstated, should the Acting Principal Collector deem him worthy of this indulgence.—

From the Coll.r of South Arcot Submitting for consideration the necessity of specifying the intention of the Act XV of 1839 to be against the importation of Sugar, or of amending the said Act for the purpose of encouraging the manufacture of Sugar in South Arcot

Sir,

I have the honor to bring to the Board's notice a subject connected with the Act XV of 1839, and the correspondence marked in the Margin, which is of considerable importance, as affecting the interests of all who have undertaken the manufacture of Sugar in this District.

To B.d of Revenue 24th Nov.r 1840
From Do — 28th Jan.y 1841
enclosing correspondence with the Government of India
To Do — 3d March 1841
From Do — 24th June 1841
From Do — 23d Sept.r 1841

The purport of that correspondence is as follows. The late Principal Collector informed your Board that he had, in conformity with Act XV of 1839, prohibited the importation of Sugar from the French Territory. The matter was referred to Government and thence to Bengal. The Supreme Government expressed very decidedly that the law meant, that Sugar could not be brought into

into the British, from the French territory, but deemed it inexpedient to enforce such a measure, on the ground that the quantity so introduced was not likely to be excessive, or the objects of the Act vitiated.

A Return was obtained of the quantity landed in Pondicherry during the preceding 5 years, which shewed that it was merely for local consumption.

A reference appears to have been made to the Advocate General at Madras who gave as his opinion that it was not illegal to import over the frontier, and the matter was set at rest by the prohibition being withdrawn, and Sugar being admitted into the British territory, on payment of the usual frontier duties.

As the frontier duty on this article was always double what it would have been if landed at a British Port, of course it was never imported thro' Pondicherry for consumption in our territory, and on this account the 5 Years Return was defective, as a guide to what would probably be the quantity, when the British Ports were

were closed.

I think it would be indelicate to ask the French Government to give me a Return shewing the increase in the quantity landed there during the last year: but I am aware of several Ships having carried Sugar Candy there, and as no other legitimate means exist of introducing this Article into Madras where it is openly advertised and sold, there can be no doubt that an increase has been experienced. It is moreover impossible to foresee to what extent this privilege may be exercised; it will, of course, in the natural current of trade, be taken advantage of, just so long as any foreign Sugar charged with the duty can find a market over the produce of this Country. Keeping this in view, I conceive it would be advisable, as soon as possible, to put a stop to the practice, because hereafter, should it with this object become a very considerable import

import into Pondicherry, the interruption would be felt by the French Government as a hardship, whereas at present it might not be noticed.—

But the material point I have to call attention to, is this. A party lately signed before me the Certificate A described in the Act and demanded from me the Certificate B. It instantly became manifest that under the present arrangement I could not certify to the latter part of B "that the importation of foreign Sugar is prohibited in the said District" and thus the object of the Act has become vitiated — a contingency which the Government of India have declared themselves prepared to meet.—

There is every probability of the manufacture of Sugar being much increased in South Arcot already two of the largest houses in Pondicherry have commenced — and one of these with valuable European machinery on an

extensive scale, with the single intention of exporting the produce under Act XV of 1839.—

I am most anxious to give every encouragement to these and other manufacturers; Success cannot attend them without yielding to our Government, and the inhabitants of the District much benefit; but as I have explained, they will be disappointed, for I cannot grant the Certificate B which is absolutely necessary to them — and it therefore becomes expedient that the question involved in the correspondence quoted above should be reconsidered.—

There can be no doubt as to what was the meaning of the Act, tho' the words "lands" may in a strictly legal point of view be read in a confined sense, and it is certain that previous to the passing of Act XV of 1839 no Sugar was imported into the British territory thro' the French, by reason of the frontier double duty;— therefore

Fort St. George 13th June 1842.

therefore, it cannot with justice be said that any injury is inflicted on the French trade, if the introduction of all Sugars at the frontier be prohibited.

And this can be done readily by an order to the effect that such is the intention of the Act XV of 1839, or by a slight amendment in the wording of the Act itself, in substituting a comprehensive word for "to land".

The instance which led to this reference, is the only one which has yet occurred, but I may shortly expect many applications for Certificates and in consequence I venture to submit that the subject is worthy of early attention.

From Messrs Vinay Cardozo & Co

Sir, We have the honor to enclose a Certificate of Growth granted by the Collector of South Arcot, on Thirty Bags Sugar, weighing Ten Candies; to Mr. W. T. Norfor of Cuddalore, who has sent us the said Sugar for Shipment to England on the "Prince Albert" now in the roads.

On presenting the said Certificate to the Collector of Sea Customs, with the view of exchanging it for one for production to the Customs in England, it has been refused as not in accordance with Act XV of 1839.

We have therefore to request the Board's interference in the matter, as no doubt can exist as to the Sugar in question, being the produce of the British possessions.

To the Chief Secretary to Government

Sir,

I am directed by the Board of Revenue, to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of South Arcot, pointing out the disadvantages accruing to parties engaged in the manufacture of Sugar in that District for Exportation to England, in consequence of the Act No XV of 1839 having been pronounced insufficient to prevent the introduction of foreign or other Sugar into this Presidency by land from any foreign state or settlement.

2. The state of the case as regards the importation of foreign Sugar into the South Arcot District thro' Pondicherry, and the manner in which the interests of the manufacturers in South Arcot are affected thereby are so clearly set forth by Mr Hallett, that it is not considered to recapitulate what he has written upon the subject. The correspondence to which he refers having been already before Government. It may be as well however

however to observe that, since the withdrawal of the prohibition published by the late Collector foreign Sugar appears to have been admitted into the British territory by land, upon the payment of the usual frontier duty, which had been leviable prior to the passing of Act. No. XV. of 1839, whereas the strict application of the provisions of that Act has been construed by the advocate General, as exempting Sugar so imported from the levy of any duty whatever.

3. The particular hardships to which the Sugar manufacturers are exposed in consequence of the present defective state of the law, appears to be this, that as matters now stand, the Collector is precluded from issuing the Certificate of origin, prescribed by the Act in the Form B. in which it is certified that the Sugar therein described is the growth of a district, in which the importation of foreign Sugar and of Sugar the growth of any British possession into which foreign Sugar can legally be imported is prohibited.

4. A representation upon this point has been first made to the Board by Messrs. Vinay & Cardozo which is presumed to be the case alluded to by the Collector in the letter under consideration, and which I am directed to submit herewith for the consideration and orders of Government.

From the Coll. in the Sn. Dn. of Arcot

Commenting upon the sale and Consumption of Salt in his District with reference to the Board's letter of the 14th March 1842.

1. I have the honor to reply to your letter of 14th March, referring to the correspondence transmitted from the Board under date 11th February 1841.

2. The means I have of judging of the Cost price of Salt are derived from the circumstance of some of the pans at the Principal place of manufacture in this District, Marcanam having been under amanie for past years.

3. I find that on an average of Six years each garce of Salt has at these pans cost in its manufacture

	Rs	a	p
	2	9	5

4. The fixed payment per garce to the Merasee pans, is

	Rs	a	p
per Garce	12	11	2¾

from which it will be observed that

that the Merasidars clear a profit of
more than 9 Rupees per Garce, on the qu
=tity ordered to be made each year.-

5 The Established rat
per Garce paid for shipping the salt i
Rs a
5- 8- It will therefore be seen that the Bo
fide cost of a Garce of Salt on board a
Vessel is a trifle more than 8 Rupees, tho' th
expense incurred by Government, except in th
few pans under Aumanie, is about 18 Rupee
which is made up of the price paid to the
Merasidars, covering in, and shipping
expenses.-

6 But the practice of
paying this bonus to the Merasidars
does not bear upon the general question,
and I will therefore only dwell upon the bon
fide cost, which has been stated above; this
will be found /omitting fractions/ to be @ 7 - per
100 Bengal Maunds shipped, and this rate may
safely be taken as one likely always to obtain
for the discription of Salt which has been
hitherto exported from this district to Bengal.

7 Under the present Order the
Shipper

Shipper gives 35 Rupees per 100 Bengal Maunds
Shipped, and receives for the same in Calcutta
70 Rupees- Tho' I have had for many months
Two Lacs of Maunds in Store and not one
grain has been shipped, yet I am induced
to attribute this unusual circumstance to the
fact of more eligible employment being found
for Vessels, and I therefore am not disposed
to doubt that 35 Rupees the 100 Maunds is
a remunerating transport price from the
Madras Coast to Calcutta.-

8. Add therefore this 35 to
the 7; and the Shipper will have his article off
Calcutta at a prime cost of 42 Rupees per
100 Bengal Maunds- This is probably the
lowest price at which it could be landed
there. If the manufacture be thrown open,
the Merasidars will, in disgust at losing
their great advantages and in profession of
the present means of making the Salt, keep
the price a little higher for a year or two.-

9 But competion would bring
it down; and what would be of more import-
=ance would improve the Character of the Salt
a hundred fold.-

I am,

Fort St George 13th June 1842

10

I am ignorant of the price at which the Bombay manufacturer or Merchant can land his Salt in Calcutta but this information is of course possessed by the authorities of that Presidency and they therefore have the means of forming accurate comparisons.

11

I hardly think it can be made cheaper than on the Coast of Coromandel, where every back water affords a situation, and transport is easy if advantage be taken of the Monsoon.-

12

From April to October any Vessel even the ordinary Dhoney could take it and the restriction as to the description of craft would only be necessary in connection with the Management of the Customs.-

13.

There is no question that has of late years been agitated which more urgently calls for consideration than this one, and as the Board have desired that any observations which suggest themselves may be offered, I will proceed to state

Fort St George 13th June 1842.-

state one or two facts, in relation to this District, bearing upon it, which may strike as somewhat remarkable.-

14. By treaty the French Government are precluded from making salt and we supply them at a fixed rate with all they require for consumption in Pondicherry and its surrounding territory. The population of the French settlement is 80,000 souls and on an average of five years they have consumed 251 Garce per Annum.-

1248	277
1249	331
1250	260
	1258
Averge	251

15. They are prohibited selling it at a less rate than our monopoly price; and as our pans are all round Pondicherry, and it may not be carried out of their territory, there is no reason to suppose that a particle of this 251 Garce is consumed, except by French subjects.-

16. The population of this district is 6,91,780. and the home consumption on an average of five years has been 416 Garce; I am aware that probably some little quantity may be purchased for consumption from the neighbouring districts, but I am warranted in estimating this as trifling, because at the

extreme North are the very large pans of Marcanum and at the South there are pans so near that it would be scarcely worth while to send to the adjoining district of Tanjore.

17 Reducing the calculation to individual consumption, it will then be found, that, while each French subject annually enjoys 10 lbs 9 oz 3/8, each English subject consumes only 1 15/16 Madras measure, or if more it must be the vile earth Salt, obtained by illicit means.

A Madras measure equals about 3 lbs.

18. This great difference is to be accounted for, solely by the prices. In the French Villages it is always obtainable at the Monopoly price, while within a few miles of the pans only do our subjects obtain it so cheap.

19. It is not difficult to procure Returns of the sale price of Salt at the large inland Stations and it will be found, on examining these that each garce of Salt increases in value not less than 1 Pr for every mile it is moved from the place of manufacture. At little more than 80 miles the consumer must pay just double for this necessary of life.

The

20 The present monopoly price is 105 Pr per Garce or 120 Bengal Maunds. It has been so fixed since the year 1828 from 1821 to 1828 seventy Rupees only was the Monopoly charge.

21. During the eight years when seventy Rupees were paid, the home consumption was on an average 108 Garce per annum. From the year 1828 when one hundred and five have been paid, it has only come up to an annual average of 47 Garce. In the closing year of the cheaper rate, the consumption was 980 while it fell last year to 409 Garce.

22. Local causes may have operated in some degree to bring about this surprising fact and a similar result may not be discovered in other districts, tho' it is in strict conformity with all experience.

23. I have no doubt the Boards Records are loaded with opinions, information and discussions on this question, and I believe the many acknowledged objections to the present system have been allowed to continue under the difficulty of providing remedies. Drawbacks in the interior have been deemed impracticable

impracticable, and dreaded loss to the Revenue has always prevented a reduction in the monopoly cost.

24 But it is to be hoped that in Bengal, where the more undivided attention of some Officers is devoted to the subject all difficulties will be overcome and such a change introduced, as in cheapening the price, will place this necessary of life within the means of the poorest ryots. and at the same time, by vastly increasing the consumption and stimulating trade entail no material loss in the Revenues of the State.

Sir,

I have the honor to submit a Statement of the offers for the Abkarry rent for Fusly 1252 in this District.

The

The aggregate amount of the highest and next highest offers falls short of the amount of rent for Fusly 1251 the former by 960, and the latter 1140 Rupees, I have to request the sanction of the Board for the acceptance of these offers on the deposit of the required securities, and in failure of it to give the rent to the next highest bidder. my best endeavours were made to bring the rent up to that of Fusly 1251 but without success, the Renters declaring that they had been losers to a considerable amount during the present rent in consequence of the general state of the District. The attention of the renters was particularly called to the Board's letter and orders of Government regarding the arrack prices.

being ascertained, offers for the whole

was a proposal by Hoosensa Rowten, to take the rent at Rs 111,000, his only opponent Rajahmahommed Rowten who bid last year against Vadeha Rowten, declining to advance on 110,300. — The offer of Hoosensa Rowten is below the rent of last Fusly 7,200 Rupees tho' com-pared with the average of the last 5 Fuslies there is an increase of 8,654 Rupees. —

The Renter of Fusly 1251 Vadeha Row-ten died last month, and his Nephew Hoosensa Rowten has come forward in his stead, the deceased Renter was an extraordinary man having risen entirely by his own exertions, and the liberality of his offers and punctuality in payments for the many years he has been connected with the Tobacco rents, makes his loss a serious one in this Department, His Nephew has been concerned in the ma-nagement of the rents with the late Renter, and has at my suggestion agreed to deposit one Month and a half hyste-y instead of one Month before the com-mencement of the Fusly should the Board accept his offer which I beg to recommend. —

Proceedings Relative to the Settlement of the Sheyagunga Estate in Madura for Fusly 1250.

(30th September 1842 / 18th October 1842)

Read letter from the Principal Collector of Madura containing his report upon the Settlement of the Sheyagunga Estate for fusly 1250.

The season of fusly 1250 appears to have been the reverse of favorable throughout the Zemindary of the 14 Talooks of which it consists, as 10 Talooks are represented to have suffered extensively in consequence of the failure of rain and deficiency of water in the poor Veyby, which gave but one supply during the year and that was exhausted by its numerous receivers before the termination of its usual course in the Estate, the result was a considerable decrease in the extent of Sunjad Cultivation, which fell short of that of the previous year by 3809 Cawnies, the proprietors share of the produce being only 497,331 Cullums, whereas in fusly 1249 it amounted to Cullums 2,74,799.

entered in the report as having succeeded during the

reference to the Statement Para 2, that the difference above
caused in Colums 6 & 8, completed at Chgs 1,452 being left unfound
of 220 Chgs a discrepancy which requires explanation

" 3 3 Although the character of the season was in
such as to cause great distress among the cultivators, the
Principal Collector remarks that the general aspect of
the zemindary did not exhibit such poverty and depression
as when first assumed by Government and this he ascribes to
change he attributes to increased vigilance on the part of the Police
the improvement in the means of irrigation and communication
by the high roads and also to the abolition of the practice
denominated "Pillai Thondu" which obtained under the
Zemindars of exacting from the ryots the difference between
the Estimate of the Proprietors share of grain and the
actual produce all combining to shew in a
most satisfactory manner that this Estate
has received the same attention from the
Principal Collector as the rest of the District
under his management —

" 4 4 In forming the settlement
of the Fasly under consideration the same
principles were followed as on the preceding
the Ryotwar Settlement accounts were however
prepared in detail this

exhibiting the Ryots seperate holding and names
of his fields, records which will prove of great
advantage for reference hereafter — With the
view of relieving the Ryots from the losses
sustained from the effects of the unfavorable
nature of the season, the Principal Collector
observes in para 3 of his report "that where
the dry land Crops failed, he remitted the
case in full" it would have been satisfactory
to the Board to have been made acquainted
with the total amount which was remit-
-ted on these lands, and the Principal Collector
will be pleased in all future reports to
supply the omission on this head —

From the Pr. Collector Madura 3

Sir,

Parcel 1 — On the 31st January I had the honor to receive the Extract from the Board's Proceedings of the 13th idem, giving cover to a letter of the 29th September from the Honrable the Court of Directors, and to the Minutes of Consultation of the 30th November 1841, requiring certain information regarding the Roman Catholic population with the least practicable delay and in obedience to which I have at length the honor to forward the accompanying detail and abstract Statement —

2 — In my answer of the 23d to your reproaches of the 18th March and desire that "no further delay might occur in forwarding those Statements" I urged what I could in excuse of the procrastination and shewed that the detailed information required had been too great for me to collect within that period. I have ever since continued to use the same diligence as I had done before and am sorry that I have not been able to make the return sooner —
