Fort St. George 23d. June 1842.

you that a reference has been made to Govern-
ment upon the subject alluded to in
your previous communication, as it appears that
under the existing state of the law as re-
regards the importation of Sugar into
South Arcot thro' the French territory of Pon-
dicherry, the Collector of South Arcot is prohib-
from granting the certificate required by Act
No. XXXII of 1836 on the form therein laid
down.

2nd Under these circumstances the Board
regrets that they cannot at present pass any
orders in regard to the Certificate already
granted upon the Sugar which you are about

with reference to your letter of the 17th Ultimo, the annexed copy of a resolution of Government conveying the Sanction of the Right Honorable the Governor in Council for the arrangements which have been made in respect of the Cavetnugger Zemeendary in your District. I am directed by the Board of Revenue to intimate to you that they consider it essentially necessary for the efficient management of this extensive Estate that the European Officer under whose immediate superintendance it may be placed should give his personal attention to its affairs, and for that purpose reside, at all events, for four or five months, within the limits of the Zemeendary.—

2 In the event of your considering that an arrangement of this kind cannot be carried out by yourself without interfering with the general business of your District, and upon this point you are requested to submit your opinion with the least practicable delay, the Board would be prepared to suggest to Government that Mr. Baudillon should be placed in immediate charge of the Cavetnugger Zemeendary and that the Talooks of the Sub Division

From the Acting Coll. of Vizagapatam

Report upon certain petitions presented by Chellama thr relative to his claims to the privileges & profits attached to the Meerasy Curnumship

Par 1. I regret that it has not been in my power to report at an earlier date, upon the Petitions that have been at several times presented to the Board and Government, in reference to the claims of one Chillamah to the privileges and profits attached to the Meerasy Curnumship of Gunnarum and other Villages of the Golgondah Zemindary, and already discussed at some length in Mr. Arbuthnot's letter of the 10th June 1840.

2. In an Extract from the Minutes of Consultation of the 14th February last, it was observed that the succession of females to the Office of Curnum was by no means uncommon either in the Northern Circars or elsewhere. To this opinion I am inclined to differ.

The

Fort St. George 23d June 1842.

The title of women and their undisputed succession to offices of this description, though not general is proved to exist in many instances, the duties being always conducted by a Goomastah.

3. His Lordship in Council desires to be informed why the Meraasy was re-conferred on Chellamah in 1833, the Zemeendar of Golgondah, after it had passed into other hands. The original puttah is forthcoming & shews that Veerrauze was then incharge of the Office. The Summud recites that as Veerrauze had deserted and neglected his duties the Tahseen had selected Chellamah for the Office and that the Zemeendar for the same reasons had confirmed the selection.

4. Information is also required as to the interference of the Officers of Government was made in the appointment of Veerauze, which, under the Regulations, was the province of the Zemeendar. In reply to this, it is to state that the Golgondah

Fort St. George 23d June 1842.

Estate had been acquired by Government at the date of Veerauze's nomination to the Office in 1838 and that the interference of the Collector was consequently necessary.

5. I believe it to be customary for the Collector in all instances, to exercise a controlling authority in the appointment of Goomastahs on behalf of Government of Minors or incapacitated Proprietors. In the present instance, Veerauze was nominated as the fittest person, both by reason of his connection with the family of Chellamah, and from his being the son of a former incumbent. It was required that he should maintain Chellamah from the profits of the Office and to this arrangement no objection would have been offered, but that a quarrel has arisen between Chellamah and Veerauze, and that considerable animosity exists between the families.

6. If Government determine that the rights of Chellamah are indefeasible that she has power to nominate Goomastahs at

at her pleasure, and to replace those removed for incapacity or misconduct at her option, subject only to the approval of the Collector, then Veerrauze must be ejected. But in practice I believe that the Collector most frequently has himself assumed the right of selection from the family of the hereditary incumbent, and in the present case I think he sufficiently guarded the rights of Chellamah, by requiring that an allowance should be made for her support. The value of the Meerassy is about Rupees one hundred per Annum.

The Petitions noted in the Margin[x] are herewith returned.

To

The Secretary to the
Board of Revenue
Fort St. George.

Sir,

I am Extract from the Board's Proceedings of date the 31st March and 11th April last, reference was made to the Proceedings of the Acting Collector of this District, in regard to certain frauds shewn to be practised at the Salt Pans, and a desire was expressed that my attention should be directed to the facts reported by Mr. Conway at the earliest practicable period - Apress of important business, and a wish to make myself more intimately acquainted with the Character of the parties, and the circumstances of the District before submitting my report will, I trust, suffice to account for the delay in bringing the Matter again before the Board, though I have not been inattentive to the serious allegations against the Chief Native Public Servants that the correspondence now under observation, contains.-

14
From the Collector of Vizagapatam.
Reports the result of his investigation in regard to certain frauds said to have been committed in the Salt Department.

H

2. It may be proper to mention here, that the Tanadar and Peishcar of Coopilly Colaars who with a Buzzar Goomastah were committed for trial before the Assistant Judge on a charge of making false and fraudulent Entries in the Public Accounts, were convicted by Mr. Thomas and sentenced, two to Eight Months, and one to four Months, imprisonment. That the parties were guilty of fraud in the Conduct of the Sales there can be little doubt. But there is no reason to believe that the Eleventh heap actually contained thirty three Garces of Salt, instead of Seventy, which it ought to have done.

3. There has for a long series of years existed a very improper practice of receiving into Store a very considerable excess quantity of Salt in each heap with a view to cover wastage. The Salt wastage accounts from this District have usually been a blank return, a result which they could not have exhibited if the Salt had been received and sold by the same mode of measurement. This practice was not clandestinely introduced

by the Salt Servants, but was well known and encouraged by their European Superiors. Orders exist to receive as Surplus of at least three Garces, to cover wastage; and the Salt Sales at the Covaysah Pans near Tuticorin, in the present Fusly, shew an average excess of from two to three Garces in each heap, regularly reported and carried to accounts.

4. At Coopilly it seems to me that the Servants there did not carry to account the real excess which actually existed in each heap, but only a part, and it so happened that when heap No. 11 was examined and measured, the Sale accounts seemed to shew that that heap actually contained upwards of thirty Garces, though I have every reason to think it did not contain any thing like that quantity. But the Servants had brought into that heap the excess of the previous heaps unaccounted for, and no doubt they want at a future Period to omit, at a convenient time, an Entry of the sale of a large quantity of Salt, carrying the Proceeds to their own accounts. This I believe to be the real and true Explanation of the

great

Note. This heap had been broken up and a small portion of it sold before the Examination took place.

great apparent fraud in heap N.o 11 for I have had all the remaining heaps carefully measured, and the excess discovered therein is little more than two and half Garces in each heap.

5. I hope that the foregoing detail will be intelligible to the Board, and serve to shew both the nature of the frauds and the extent to which they were carried at Coopilly. My Predecessor has reported that an excess of six Garce was discovered at Carasah by Mr. Wilson in one heap, but this occurred from undermeasurement, for when the newly appointed Servants came to fill the heap, they could not shew an Excess of more than three Garces: or little more than the former Servants had brought to account in every other heap sold at this pan.

6. As this practice of receiving a large Excess of Salt in Storing, gives little or no profit to Government, whilst it opens a wide door for peculation and abuse, I have peremptorily prohibited the system, and shall require in future that the Salt be received and sold by the same measurement, and the real wastage reported. The profit

to Government from the non-payment to the Ryot, is exceedingly small, and the loss of Revenue from clandestine Sales is large, leaving out of consideration the temptation to dishonesty which the System holds out to the Public Servants, to which they should not be unnecessarily exposed.

7. Mr Conway has adverted to the existence of bonds executed by the Public Servants in the Salt Department, and in his letter of the 26th March last, Copy of a deposition taken from one Malamoory Sooriah was submitted to the Board, the purport of which was calculated to shew, that the Head Sheristadar had abstracted part of the collections of the Carapah Pans in December 1840, that the Salt Servants borrowed money to make good the peculation, and that the Lender satisfied himself of this fact by personal communication with the Sheristadars wife, before he lent the money, advancing the amount on her assurance and responsibility.

8. I have made much enquiry into the facts stated in this deposition, and by some other persons, who have deposed to the same Circumstances, and I have satisfied myself that

that the Story told by Iny Lamoory Seoriah, his son, and his witnesses, is entirely false. I have ascertained that neither the Sheristadar's wife, or any part of his family, was at Vizagapatam at the time stated, nor at any time for a Month before or after the date of the alleged interview. His wife and family accompanied the Sheristadar on his Leave to Cherry on Coircadt, and were at the very time, the 18th December 1840, residing at Vizagapatam, the fact is known to the public Servants generally, and I have besides ample testimony to the fact.—

9. I have refrained from committing the parties for perjury in this case, solely because a Continuance of these engueiries and examinations involved more time than I can well spare: and because I think that the party Spirit engendered by the investigations lately entered into will be best allayed by allowing the matter to drop, though the parties might easily, I conceive, have been convicted of Conspiracy and perjury on the clearest testimony.—

10. I have little more to add in reference to these Salt

will think I have entered into unnecessary details;— other than to observe that an entire change of all the Servants was made in that Department before I joined this District, and that many of the Servants newly appointed were so little competent to the charge, that I have been reluctantly constrained to re-appoint some of the discarded Tanadars to Office; greater loss is entailed by bad and incompetent managers than by peculation in the sales, and much loss of Revenue has resulted recently from thefts of Salt, which the Salt Servants, from incapacity or ignorance of their duties, were unable to prevent.—

11. The prime mover, but not originator of all the Complaints against the public Servants in this District, is one Eskapilly Venkiah, a person of the worst character, who was himself convicted of fraud and embezzlement, and who now subsists by levying money from parties whom he threatens with his vexatious Complaints.— The Board of Revenue will, I have no doubt, be addressed by this person, who dissatisfied by the little encouragement

encouragement I have given him, has informed me that he will address the higher authorities.

From the Sub Coll.r in Charge of Bellary.

Requesting the Board to modify their order forbidding a Sub Coll.r in charge of a District to draw Extra Tent allowance whilst residing at the Buzzoor Station, and having the P.C. Coll.r Cutchery for the accommodation of his Establishment.

To,
The Secretary to the
Board of Revenue
Fort St. George.

Sir,

Referring to the Extract from the Proceedings of the Board of Revenue under date 10th March 1842, I beg to ask whether the Board will not make a modification of that order which forbids a Sub Collector to draw Extra Tent allowance whilst residing at the Hoozoor Station, & having the Principal Collector's Cutchery for the accommodation of his Establishment.

2 The Modification I allude to is, that the Sub Collector should be allowed to draw the allowance for the first 3 months he is in charge; in consideration that he draws no Extra allowance

for the Extra duties during that period, and because, while residing at the Hoozoor Station, he incurs all the Extra expences of keeping up an Establishment for himself in addition to his Establishment at his own head quarters many miles off.

See enclosed copies & Extract from Letter from Mr. Revd. Sub-Collr. dated 30th June 1842 containing the orders of Govt.

It was on this principle that the Government with reference to the Deputation Rules permitted me to draw the higher rate of Deputation allowance while Acting as Judge of Bellary though Bellary and Anantapoor are one and the same District but not in the same Station, and as in my present case I must incur all the Extra expences if I reside at Bellary the Hoozoor Station, where I must be at times for the convenience of business, without any extra compensation; I hope that the Board will permit me to draw Extra Tent allowance while there for the limited period until I shall be entitled to the authorized Deputation allowance. For otherwise a Sub Collector merely in charge for a few weeks when from various circumstances he is obliged to reside at the Hoozoor Station

Fort St. George 23 June 1842

Station in addition to the Extra labour and responsibility actually suffers a considerable loss.

To the Civil Auditor

Fort St. George

Sir,

Referring to the Acting Civil Auditor's — letter to me under date 16th September last in reply to my letter of the 27th August 1841 I beg leave to submit that the opinion expressed by the Acting Civil Auditor in the 2d Para of his letter that "I am not entitled to the higher rate of Depu- "tation allowance entered in the "2d Column of the scale of those allow- "ances which must be available "only to an officer coming from "a different District" is contrary to the letter and spirit of the rule for Deputation allowances.—

2 It is enforced by a letter in the

Fort St. George 23 June 1842

Scale referred to that if the officer be at the same Station the acting officer has the lower rate of allowance but if at a different Station the higher rate. It is not mentioned District but Station.

3 And it would seem to be so stated on the principle that because an Officer at Bellary and Office of higher emo- lument at the same Station he incurs no extra expense while if he has to remove for a time to another Station he incurs more expense and inconvenience.—

4 In my case this was precisely the case. I was obliged to keep up all my establishment at Anuntapoor and at Bellary too.—

5 Hence I think that unless the Government have passed any specific order on the subject I may be allowed to question the opinion of the Acting Civil Auditor, which he does not appear to be confident— and I hope you will view the subject in a different light.—

6.— Had I been appointed to act as Judge of Cuddapah instead of Bellary, only a few miles more distant from Anuntapoor

Fort St. George 23d June 1842.

Amount four than Bellary I shall have under the constructions of the Acting Civil Judge been entitled to the higher rate which is denied to me because I sat at Bellary. The expences and inconvenience attendant on being at a different Station being in both places the same.-

From the Collr of Chingleput

With reference to an Extract of the Proceedings of the Board under yesterday's date I have the honor to report that it is having been brought to my notice that the Peishcarry Farm of the District of North Arcot was to be sold on the 21st Instant and that there were parties who wished to attend both sales I issued due notice on the 7th June in all directions that the Farm of this District would be put up to sale on the 15th in lieu of the 20th Instant. The attendance at the sales was far more numerous than usual and the competition greater and I can not refrain remarking that I disbelieve in the Statements of the Petitioners that they were in ignorance of the change as to the date, and which I am confirmed in by the fact that Mr. Mesp[illegible] did not come to my Office as he stated.—

I trust the Board under the circumstances will not admit the receipt

Fort St. George 23d June 1842

receipt of fresh proposals even tho' they may be rather higher than the sum at which the farm was knocked down to Mr Turner and I have this further reason to urge that Mr Turner has twice rented ✱ ✱ ✱ the Adiarry Farm since my nomination to the District, and I have found him regular in his payments whilst the complaints have been very few and trifling. The original Petitions are here with returned.-

Proceedings thereon

(21-22)

The case of the Adiarry Farm of the Chingleput District having been originally advertized for the 20th Ultimo the Board do not think that the Collector should have altered the date to the 15th to meet the convenience of private individuals, and in order to remove all ground of complaint they desire that he will direct the Collector to put up the Farm anew on the 30th Instant in the manner sanctioned by them in the Extract from their Proceedings dated the 26th Ultimo.-

Ordered that the following

With reference to the correspondence noted in the Margin, I have the honor to report the death of Venkatasawmy Ackub Nauck, a joint sharer with Pera Bungaroo Ackub Nauck, as shewn in the genealogical tree drawn in the letter dated 29th August 1838.

Though this case is in no wise different from those of Pilchavaram, Woodaliem, Parvoor, Vatavalum &c &c alluded to in my late letter of the 30th April last, yet the view taken by the Home Authorities has certainly given the family a stronger claim to continued possession. I infer that the Court only objected to immediate resumption and by no means wished to declare that there existed hereditary right of succession.

The deceased has left a Widow a Son and two Daughters; and I request instructions

Para 1-

I Have the honor to receive on the 29th Ultimo, amongst others, Petition No.r 1968 of 1841. herewith returned with your letter of the 9th idem, and as requested by your Deputy's Endorsement thereon under date the 14th February last, beg to report that on the 31st July 1831. Kistinen then Tahsildar of Terommungalum addressed the Sub Collector Mr. Wroughton, for permission to have the Puttahs for the lands of the Saadoopaty Village in the said Talook issued in the names of the Mahajanums (Brahmins) because as he stated of 92 Ryots having disclaimed in writing before the Nattamgar, their own right and recognized that of the Brahmens to the lands, and receiving no answer, he again addressed the

If however the Board permit I shall not now hesitate to make the alteration requested. The Brahmins have not resided in the Village since a length of time, nor have they ever cultivated any lands

ever it since the assumption of the Country nor have they ever paid the Government tax. It is only since fusly 1242 that the entry has been introduced at the head of the Puttahs that the holders thereof are occupants under permission of the Mahajanums.

2 . On their obstinate and Tumultuous refusal to receive their Puttahs though without at the moment being able to learn the particulars of their objections on the day before I received the Petition I commenced an enquiry into the matter and then ascertained that so long as the Mahajanums did not interfere with their lands they acquiesced in the Puttah, but when last year they prohibited them from cultivating, unless they paid a certain per centage as Swamy Bhaguem, they addressed themselves to me as above stated and are now resolute to vindicate their claim to the exclusion of the Brahmins

The Board of Revenue are of opinion that the Puttahs should be issued in the names of the Ryots by whom the lands in question have heretofore been cultivated leaving the Mahajanums to establish their right to the land if they have any in the Civil Courts.

				Deduct Decrease	7240 " "
				Net Increase	390 " "

In submitting the biddings for the farms of the
expiring fusly on the 3d. June 1841, I shewed
a general increase of 21000 Rupees, but I inti-
mated this was out of proportion to the
increasing prosperity and consumption of the
country but was owing in too great measure
to the discreditable rivalry and compet-
atition of members of the same family.
This then may account for the small
net increase of the present biddings over
the rents of last year, for if not unduly
high for 1251, I should have escpected a
much greater increase for fusly 1252 ca
by reason of the progressive improvement
of the country. No decrease in the
cultivation of Tobacco, and an increase
to nearly double in the cultivation of
Betel. The withdrawal of the
Sappers and Miners from Paumben,
during the escpiring fusly, has also
had its effect on the sale of the
abkarry rents but the chief decrease
is in the Tobacco, and is attributable
to the renters of the escpiring fusly
having

having induced merchants to store
considerable quantities, which they have
passed for less than the amount of
custom leviable. This practice has
prevailed every year, but has been car-
ried to much greater extent of late than
formerly. and the same means will
be open to the present bidders, and will
no doubt be resorted to by them as far
as in their power.

2. From the Keelakarray
Maracayers as usual, there is no necesity
to require deposits or other security.
The other bidders have engaged to give
deposit or personal security in 15 or 20 days;
and one percent has been collected from all
of them, to be forfeited on failure.

From the Pt. Collr. of Madura ... Sir

In returning Petition No. 2061 of 1841 sent with endorsement of the 13th. January to the Collector of Tinnevelly indorsed by him on the 9th. March as appertaining in its subject matter to this Collectorate, and therefore forwarded with your letter of the 9th. Instant received by me last night, and requiring my report, I have the honor to beg you will point out to the Board, that in his petition the party represents his paternal Uncle as in possession of the Curnom Meraysi of Thiroomanikom in Au: :nayoor of Thiroomungalom from Fusly 1212 till on his death it passed with Petitioners consent into the hands of his maternal uncle, who enjoyed it till Fusly 1299 (A. D. 1819.) when falling sick it fell to the present occupant; that on his appli: :cation to me, 18 years afterwards, to be put in possession of his family's meraysy I gave him an endorsement on 23d. May 1837 to the effect that the then incumbent had held it too long to be removed. The Board will be aware that tho' my endorsement was not enclosed, yet such is Petitioners own Statement of the Case; and being so, I really do not know the nature of the Report required by them, and accordingly return them the petition with no other enquiry or even information

information than is contained in the petition itself, as to me it seems it cannot help but be rejected on its own shewing.

From the Pl. Coll. of Coimbatore.

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated 5th. December 1839, I have the honor to forward an Estimate of Charges required on account of the several Devastanums in this District amounting to Rupees (3384 - 3 - 7.) three thousand, three hundred and eighty four, Annas three, pice seven, and to request the authority of the Board for the same.

Charges of this nature were incurred in previous years from the Devastanum surplus Fund, which has accumulated from the established Fund sanctioned for the maintenance of Pagodas such disbursements, without sanction having been prohibited by order of Government dated 4th. December 1832 published in the Fort St. George Gazette dated 5th. of the same month, an Estimate for each proposed charge was submitted for the sanction of the Board, but under the instructions contained in the Extract quoted above the Estimate in question is transmitted, the execution of which is considered by my Serishtadars to be absolutely necessary; and I accordingly propose to defray these charges from the Devastanum surplus Fund, should the Board consider them unobjectionable.

State this opportunity to add that from the receipt of the Extract dated 5th. December 1839 no Estimate was submitted for the sanction of the Board.

Coimbatore, Camp Culachey, 7th. June 1842.

(Vide Rec. 30th June)

Ordered to be brought forward

From the Pl. Collr. of Coimbatore

Sir,

Para 1.

With reference to my letter of the 24th Ultimo, I have the honor to forward, for the consideration of the Board, the only tender for the purchase of sandalwood which has been received up to this time. Messrs Arbuthnot & Co. offer 60 Rupees a Candy for the quantity without reference to sorts.—

2.

The average value of that sold in last year was (90) Ninety Rupees per Candy, whilst the average rate on the sales of the last three years amounts to (105—11—8) one hundred and five Rupees, and eight pice a Candy.— As the present offer falls greatly short of the previous value, which this article has obtained, the advantage of accepting Messrs. Arbuthnot & Co.'s offer will be regulated by two considerations, the present commercial state of our affairs with

with China, and the probability of the struggle being of a protracted nature or otherwise. I have merely to inform the Board that the sandalwood is scarcely stored at Bowanie and will be of no further expence to Government, and that its fragrance will not be impaired by being kept two, or even three, years.—

To, The Principal Collector
of Coimbatore.

Sir,

With reference to your advertisement in the Fort St. George Gazette dated the 17th May last, inviting tenders for sandalwood, should the quantity still remain unsold we beg to offer Sixty Company's Rupees (60's Rs. 60) per candy for the whole or for 5 candies— 145—5—12 subject to the conditions of your advertisement, and as the season is

is now well advanced, we request that you will afford us the earliest possible information, as to the acceptance or rejection of the above proposal.—

Resolution thereon.—

(46-47)

Under the circumstances mentioned at the conclusion of the foregoing letter, the Board think that it would be better that the Sandalwood therein alluded to, should be retained in store for the present.—

The Principal Collector will accordingly decline the offer from Messrs. Arbuthnot & Co. as conveyed in their letter addressed to him under date 7th Instant.—

From the Pt. Collr. of Canara — Para 1.

Recommending that a portion of the emolument allowance of the Head Sheristadar of this District may be granted to Joachim Fernandez his Nail Sheristadar for the period during which he performed the duties of that office while it was vacant —

As, since the death of Devapah my late Head Sheristadar, until the appointment of Krishna Rao, as his successor the whole duty of the Sheristadar's Department has been conducted by the Nail Sheristadar, Joachim Fernandez, I beg leave to submit for the favorable consideration of the Board his claim to some extra allowance, during the period the superior duties of the office were performed by him.—

2. For some time before his death the late Head Sheristadar was incapable, from bodily weakness, of discharging the active parts of his duty which devolved therefore on the Nail, and to his deligence and ability I have been much indebted in carrying out the new arrangements for the Moturpha tax introduced in the Summa beendy of the present fasly.—

3. The salary of the Head Sheristadar, saved to Government from the date

Fort St. George 23d June 1842.

Date of Devapah's decease to the 12th April the date of Krishna Row's joining his new appointment at 437-8 as per mensem, is Rupees 1826-3-4. The salary of the Nail Sheristadar is 175 Rupees per mensem —

4. I am not aware what are the rules on occasions like the one now brought to notice but as the labours of the Nail Sheristadar in conducting the extensive duties of the Department have been arduous and his services valuable I trust, if the measures is allowable, that the Board will be pleased to recommend that at least some portion of the full allowance of the Head Sheristadar may be granted to him for the time he has conducted the duties of the office —

a letter from the Pl Coll of Canara and recommending that the pay of his Nail Sheristadar shall be made up to 230 Rupees per mensem the lowest scale of the salary of a Head Sheristadar for the time that he discharged the duties of Head Sheristadar of Canara subsequently to the death of Devapah but from the 8th Dec 1841 to the 12th April last —

correspondence noted in the Margin, I am directed by the Board of Revenue to request that you will submit, for the consideration and orders of the Right Honorable the Governor in Council, the accompanying letter from the Principal Collector of Canara requesting that some extra allowance may be granted to his Nail Sheristadar Joachim Fernandez, on account of his having discharged the whole duties of the Sheristadar's department during the period that intervened between the death of the late Head Sheristadar Devapah and the appointment of his successor Krishna Row —

2. Adverting to the testimony borne by the Principal Collector to the services of his Nail Sheristadar, not only for the period above alluded to, but for some time previous during which the late Head Sheristadar was from bodily infirmity, incapable of discharging the active part of his duty, the Board beg to recommend that the indulgence which was lately shewn by Government under similar circumstances, to the Deputy Sheristadar in the Salem District, may be extended to

F. A. V. Conolly Esqr.

Collector of Malabar

Calicut

Sir,

1.

With reference to your orders on the back of a letter from A. C. Brice Esqr. pro. Messrs. Foster, Lancaster & Co. dated 19th ultimo herewith returned, I respectfully beg leave to transmit a Plan shewing the ground already given to them, and the additional ground they require to be inclosed in, marked in red line and the proposed road.—

2.

That part of the additional ground towards the North marked A. required by Messrs. Foster Lancaster & Co. was once before applied for by Mr. Marsh, and refused, on the score that it was required for the encampment of the Detachment proceeding to and from Trichoor, but I now learn from Mr. Brice, that the present Commanding officer told him, that it would not be required in future for the above purpose.

3.

The present high road beginning from the town to Calvetty is in a crooked line which Messrs. Foster, Lancaster & Co. wish

Fort St. George 23d June 1842.

wish to enclose in, and to open at their expense a new one, by levelling part of the Rampart towards the South, and make it parallel with the Calvetty one, likewise with that part of the road towards the east facing the cutcherry; all which have been dotted with red ink in the plan.

4.

The above alterations I humbly presume will not injure the public roads nor put the public to any inconvenience, but on the contrary it will afford Messrs. Foster Lancaster & Co. sufficient accommodation for carrying on their extensive trade.

5.

Since Messrs. Foster Lancaster & Co. have opened a mercantile House at Cochin, I see that a great number of labourers, Male, Female, and boys residing at and in the vicinity of Cochin are daily employed by them which affords them a livelihood. For the improvement of trade, I beg leave to recommend that the additional ground applied for by Messrs. Foster Lancaster & Co. be given either on the same terms & conditions as the one given to Captain Mackenzie,

or

Fort St. George 23d June 1842

or by a Grant -

6. To prevent all and every future representations and troubles, I respectfully beg leave to suggest that a Proclamation be issued, stating that the additional ground required by Messrs. Foster, Lancaster & Co. having been marked out and pegged, persons having any thing to say against it should state the same within fifteen days from the date thereof, after which no notice will be taken of any representations -

7. I beg leave further to state that after I marked out the additional ground required by Messrs. Foster, Lancaster & Co. I requested the Joint Magistrate to look at it, and that Gentleman has kindly repaired to the spot and approved of it -

1. In reply to your Letter of the 6th Instant, I think it well to forward a translate of my last order on the subject of the Trichamarata Pagoda, from which it will be per-
=ceived, that it was considered proved, after report from two successive Tahsildars, that Kartey Nambodee had been duly removed from his post of Samoodayem, and that tho' it was no business of mine to decide whether this removal was, or was not, strictly legal, it was desirable to attend to the wishes of the great majority of the Coralers, and receive the Govern-
=ment dues from their nominees.

2. I beg to inform you that a petition

=garding the case in question and the Arzees from both the late and the present Tahsildar of Caway and all the papers connected therewith, as well as the Arzee presented by the Varnacottah Soobramanyam Embrandery and others, it appears unnecessary for the Collector to institute any further enquiry into the case -

Erovajee padayer Namboodry, and another by a Committee of Coralers in Chingoma 1014, appearing to be in conformity to their former and Established usage, and that they ever since that year managed the affairs of Samoodayam; and further that, with the Exception of a few of the Coralers who have signed the Arzee, most of them are satisfied with their Management, the Sub Collector sent an order directing Peyady to be received from the aforesaid two Nambodries.

The dispute with regard to right to the said place is a matter to be decided in the Civil Court, and no order can consequently be passed on that head by the Collector.

It has been clearly proved that Ayyakkaben Nambodry was removed, and the two others appointed in his stead by a Committee of Coralers, there is therefore no reason why the order passed by the Sub Collector with regard to Peyady should be reversed.

I understand, that there is an establishment here under the control of the Principal Collector of North Arcot called a Charity Lungerkhanah, and the Right Honorable the Governor in Council might possibly be disposed to allow this poor man to become a pensioner on that Charity.

The

Fort St. George 27th June 1842.

Para 1. The season of July 1250 appears to have been more favorable to the Dry than the Wet cultivation. In the extent under the former head there was an increase as compared with that of 1249, the outturns were satisfactory and the profit obtained by the Ryot, considered not to have been inferior to that of the year preceding. In the wet cultivation moreover under rivers and Nullahs the usual extent was carried on but the rains being insufficient to fill many of the large reservoirs a decrease under the latter to the sum of Rupees 68,415 stated to have taken place. It is satisfactory however to know that the "population in general as well as "their agricultural stock" was free from sickness and that although "prices were somewhat lower than in the year preceding they "were still such as to afford the Ryot a fair profit and "enable him to discharge his Kists with punctuality."

Para 7. July 1249. 32,4400.

2. In the gross settlement for July 1250 amounting, as shewn in the Marginal Note to this para, to Rupees 31,54,076 there was a decrease to the extent of Rupees 60,324 as compared with

Fort St. George 27th June 1842.

with that of 1249, which is explained by the Collector to have been occasioned, partly by the insufficiency of water in the Tanks, and partly by the discontinuance of "a practice that obtained "till last year of retaining in the Ryots agreement, "and afterwards excluding from the pattahs, as "lands not under tillage." To this plan of Mr. Mellor's the Board of Revenue have objected, for reasons assigned, and have called upon him to transmit for their perusal Copy of his Circular order issued on the occasion, before sanctioning its adoption.

Paras 8-9-10.

3. After the usual deductions and additions, in the former of which, there was a considerable decrease, under the heads noted in the Margin, the Net demand for July 1250. amounted to 21,97,059, being below that of the year preceding in the sum of Rupees 1,943. Of the amount above shewn there was an outstanding balance at the close of the July of Rupees 18,935 which had been reduced by subsequent Collections to the 1st October 1841 and 31st March 1842, to Rupees 4,992 and 3,630—8—10. respectively

Para 21.

4. The gross collections, current and arrears, together, with "advance for cultivation" were Rupees 3198720 while the charges of Management amounted to 312400 or 9—12—3 per Cent of the same.—

5. The Right Honorable the Governor in Council approves of the observations of the Board of Revenue, in respect to the common practice which apparently prevails of calculating the remission of 33 per cent, upon the gross assessment originally fixed, instead of upon the amount after deducting "Manajib Cummee", or discretionary remission, allowed long before the 1/3rd or 1/4th remissions were sanctioned; and desires that the further information, they have called upon the Collector to furnish, may be submitted by that Officer in the manner prescribed.

Paras 13-14-15.

6. In the number of individual puttahs issued in fusly 1250, there is an increase to the extent of 922, but a decrease in the partnership puttahs reduced the net increase to 477 in the total number of puttahs given during the period under review.

7. His Lordship in Council considers

considers it unnecessary to offer any remarks on the settlement of Cowle lands slightly adverted to in these paras, and will merely add that the directions of the Board in regard to the mode, in which the comparisons should be drawn, are entirely approved, and that he trusts with them that Mr. Mellor will have no difficulty in furnishing the information, regarding the working of the Cowle System in the district of Bellary, in the full and detailed form in which it has been called for in his next report. The reasons assigned for his inability to meet the requisition in his report on the period under review are considered satisfactory.

Coll.rs report 18th Para.

8. His Lordship in Council has much pleasure in recording his approbation of the Management by Mr. Mellor of the district of Bellary during the period under review both as regards the amount of Settlement and its punctuality of realization. He has perused with interest the varied and important information furnished in the concluding portion of his report, and considers the same as convincing

Fort St. George 27th June 1842.

evincing a praiseworthy interest in the well doing of the district committed to his charge and to be highly creditable to his character as a public Officer. The terms of approbation in which the Board of Revenue continue to mention the services of Mr. Pelly and Mr. Fisher are received with satisfaction.

Extract from the Minutes of Consultation
Under date the 10th June 1842.

Read the following Extract from the Proceedings of the Board of Revenue.
Relative to the Settlement of the Land Revs. in the District of Coimbatore for Fusly 1250.

/ Here enter 2nd May 1842. No. 180 /

Para 1.

The Right Honorable

Fort St. George 27th June 1842.

the Governor in Council is well pleased to observe, from the reports submitted with the foregoing proceedings, that the season of Fusly 1250 was considered to have been more favorable in every respect to the District of Coimbatore, than that of any year since Fusly 1245. The average price of grain was, with one exception, it is stated, lower than that of 1249 owing to the plentiful supplies after the harvest was gathered. The price of Cotton was the same in both years.

Paras 2.3.5.6.

2. The total demand on account of Land Revenue in Fusly 1250 amounted to Rupees 20,26,327 — 4 — 10. and was in excess of that of the preceding year in the sum of Rupees 59,114 — 5. + 19,67,213 — 4 — 5.

This result, as arising entirely out of an increase in the Settlement of every description of Cultivation, affords, as the Board justly remark, a satisfactory assurance of a progressive improvement in the resources of the district.

Para 20.

3. Of the amount of Settlement shown in the preceding para, there remained at the close of the Fusly a balance of Rupees 14,070 — 13 — 5. which, it appears, had

Fort St. George 27th June 1842.

had been reduced by subsequent collections to the end
of February to the small sum noted in the mar-
gin. This punctual realization of so great a por-
tion of the Revenue is considered extremely satisfac-
tory, and highly creditable to those Officers through
whose care and exertions it was effected.

4. His Lordship in Council concurs
generally in the observations and orders record-
ed by the Board of Revenue, on the various sub-
jects discussed in these paras and desires that
the explanation called for on the several
points therein noticed, may be furnished
by the Principal Collector in the manner
requested.

5. Of Rupees 72,041—6—4. the
arrears outstanding for previous Fuslies from
1245. to 1249. inclusive, Rupees 18,208—11—8.
were collected in Fusly 1250.— Of the balance
Rupees 4,096—3—9 are stated to be recover-
able, Rupees 9,024—5—10 doubtful and
40,712—1—1. to be desperate. At the recom-
mendation of the Board of Revenue His
Lordship in Council grants authority
for the latter sum, Viz. Forty or

Board of Revenue for a renewed investigation of the sum
declared to be "doubtful," by the Principal

6. The total demand derived from
all sources of Revenue in Fusly 1250 was —

the sum of 65,920—12—2. In the total charges

The Right Honorable the Governor in Council observes that in the absence of the original Summud, it is not practicable to come to any satisfactory conclusion as to the claims of Syed Ahmed Shoottary to the amount of collections made during his absence from the Annakpollem Saphire on account of Soontay, and he desires that intimation of the same may be made through the Principal Collector of Salem to Shahboodeen Shoottary for communication to his partner.

2. In the meantime His Lordship in Council would wish to be informed

informed by whom the Moturpha and Loom taxes are now collected in the Jaghire, and why the Petitioner's claim is confined to a limited period, if the collection is made by the Officers of Government. His Lordship in Council has no reason to believe that in the Volumes of Colonel Read's Survey, and other reports, on the Records of the Salem Cutcherry, will be found Copies and Translations of all grants of alienated lands, and that a reference to them will supply the absence of the document sought from the Jaglinedar, and at once settle his title to the arrears claimed by him.

From the Pr. Coll. of Salem.— Sir, Para 1.

I have the honor to acknowledge the receipt of your letter of the 17th February last directing by order of the Board the return to the party of 1 Candy 4 M. Maunds of confiscated Palmira Jaggery—

2. The article abovementioned was seized as not corresponding with the rowanah brought therewith, but the Board observe that the seizure was illegal as being made at the place of sale—

3. I have before made known to

to the Board, that in consequence of the great reduction which was made in the Chowkeys of Salem and the great decrease of Collection consequent thereon in order to apply the best remedy in my power without the aid of extra establishment the Sayer Servants were directed to attend the weekly markets to make the Sayer Collections. the Collections at these are not made until the article is brought to the place of Sale - and if a party bringing goods is relieved from the demand for Sayer duty or gruff goods so brought as laid down in the Regulation of 1812 no Collection can be made, as he has only to sit down in the Street, and open his Stores -

The Jaggery above referred to was in this way taken to Dharampoory and if the Board's instructions are to be carried into effect, it will be needless to keep up the weekly collections at the different fairs by which a loss of between thirty and forty thousand rupees will be occasioned - such being the case, I shall await the Board's further instructions before giving up the article in question -

Sir,

1. I have the honor to submit for the information of the Board the following report on the subject of the Petition No. 2136 of 1841, bearing the endorsement of the Board -

2. The Petitioner complains of an order of mine suspending the allowance payable to him, as the Sheroor Swamy, to which Office he was appointed by the Canroor Swamy, on the death of the late Incumbent.

3. His appointment was called in question by the Sondah Swamy who asserted his own right to the nomination, as being the Divenda,

matter, which occupying the

in dispute in an amicable manner

it decided in the Civil Court, and

decision, the term of six months

ference by either of the Courses

time kept in deposit.

5 Having failed to settle

to establish his claims to the nomin
tion in question, and he has presente
a petition to me requesting that the
allowance to the Muthu may not be

To The Secretary to the
Board of Revenue.

Sir,

With reference

the Minutes of Consultation No 102 dated the 24th Instant on the subject of the Roman Catholic Burial Ground at Vepery, I am directed by the Military Board to express their wish, that the Revenue Board will do them the favor to ascertain as soon as convenient, whether a suitable piece of Ground for a new Burial Ground is procurable in the vicinity.-

It is very desirable that the present Burial Ground should be discontinued, for an opinion prevails, whether well or ill founded, that it generates Cholera and disease at certain seasons of the year, and it is undoubtedly offensive and objectionable in the heart of a dense population.-

It is also desirable that the arrangement, if it be practicable, should take place before the Monsoon.-

Proceedings thereon. Para 1. From the explanation furnished in the foregoing Report in regard to the frauds in the Salt Department which formed the subject of previous communications from the Head Assistant, lately in charge of the Vizagapatam District, of the dates noted in the Margin, the Board are satisfied that owing to the improper practice which had for a long time been permitted to exist, of receiving into store a considerable excess of Salt for the purpose of covering wastage, & opportunities were afforded for the clandestine disposal of Salt, without bringing the proceeds to account, of which there is every reason to believe that the public Servants have, in many instances, availed

availed themselves, altho not perhaps
to the great extent which has been alleged.

2. That further frauds
were in contemplation, particularly in
regard to the contents of the heaps Nos 11
alluded to in Para 4, there can be no doubt
but it seems very probable that even in
this heap the excess was not by any
means so great as had been supposed -
in as much as all the remaining heaps,
on measurement, exhibited little more
than the authorized surplus of between 2 and 3 Garces -

3. The apparently very considerable
excess of 13 Garces, stated to have existed in
the 20 Garce heap No 11, is accounted for by the
acting Collector, upon the supposition that
this heap, part of which had been sold -
when the examination took place, had been
made the receptacle of portions of the excess
unaccounted for in other heaps, which
it was the intention of the servants on
a future opportunity to dispose of on
their own account -

Para 4.

4. The Board entirely approve of the measures stated in Para 6

to

to have been adopted by the acting Collector with
the view to put a stop to the Malpractices above
alluded to, viz. the prohibition of the system of
receiving a large surplus into Store, and the issue
of an order that in future the Salt shall
be received and sold by the same mode
of measurement -

5. It is satisfactory to ob-
serve that the charge of speculation
brought by Mylamoony Soriah and others
against the Head Serishtadar has
been pronounced by the acting Collector
after full investigation to be entirely
false - at the same time it is hoped
that the Serishtadar will be stimu-
lated by what has passed to the exer-
cise of an increased degree of vigi-
lance in the discharge of the duties of
General Superintendence, which devolve
upon him as the head native servant,
upon whom must rest the responsibility
of bringing to notice any extensive or
general System of malversation, which
can never exist to any extent without
attracting the attention of an active and
intelligent officer of his rank - Under-

6. Under the circumstances mentioned in Para 9 the Board approve of the Acting Collector having abstained from proceeding against Mylanoony Sooriah and his witnesses for perjury and conspiracy in this case.

Ordered that a copy of the foregoing Extract from the Board's proceedings be forwarded to the acting Collector of Vizagapatam, for his information and guidance, with reference to his letter of the 1st Instant.

From the Collr. of Rajahmundry
Sent.

Sir,

With translation No 1.

I have the honor to forward, for the consideration of the Board of Revenue, Copy of a complaint filed against me in the Court of Adalut at Rajahmundry, by one Nadoonoor Boochennah, a Curnum of the village of Nadoonoor appertaining to the Pittapoor Zemindary, at the expense of which Estate, I beg leave to request that I

may be allowed to defend this suit, with reference to the Draft of an answer which I beg leave herewith to submit.

2 The conduct of the Curnums of this village has for several years been most detrimental to the interests of the Pittapoor Zemindar, in seeking to break through the rules of the Permanent Settlement, which they had abided by, for about thirty eight years, and for several years foreseen that I have, the point would require to be met. It has now been brought forward in a tangible shape and there appears no course open but to protect the rights of the Zemindar by the defence of this suit.

A Complaint filed by Nadoonoory Boochennah Curnum of Nadoonoor of Chullapilly Mootah attached to the Zemindary of Pittapoor Talook, Plaintiff against G. A. Smith Esqre Collector in the Zillah of Rajahmundry, Stationed at Cocanada and 2 Segovilly Timmarauze Amildar of Anulapoor Talook, Stationed at Anulapoor, Defendants in Case No 2783 of 1841.

In the Village of Nadoonoor

1655 Fort St. George 30th June 1842

I have been enjoying (since the time of my Ancestors) in Recompense of Curnamtum services 7½ Potties of Land Neeraanjie Land and 12 Toomms of Maulgaranj land paying an annual Cuttoobady tax of 18 Rupees, and have been serving the Cheir Kar as Curnum. I have also cultivated up to the end of Fusly 1249, 2 Potties and 2½ Toomms of Jeroyettee land, bearing the Cist of 5 Rupees 102, which was fully discharged by me. As I was unable to carry on the Jeroyettee cultivation for Fusly 1250, I informed the same in presence of certain Mediators to the then Renter named Pennadah Nursimlo, and quitted the Jeroyettee land. The renter held the said Jeroyettee land under pasture for Fusly 1250 and caused it to be grazed by the Cattle, but he irregularly

presented

1655 Fort St. George 30th June 1842

presented an arzee to the 1st Defendant pretending that the Cist thereof should be paid by me, and the investigation of this is not yet finished. From the mere misrepresentation of the 2d Defendant in Fusly 1251, the 1st Defendant newly fixed for this Fusly on the year Olavah, a tax called "Rules Pannee" or tax to be imposed upon Jeroyettee Ryots, cultivating Inaniums, under the rules sanctioned by the Board of Revenue, amounting to Rupees 75-8-0 (which has never been usual) upon my Hereditary Cnam land of 8 Potties. The 2d Defendant is pressing me for payment of the amount has not only obtained from me on 30th September 1841, the security of one named Gorty Ramasawmy to the same effect, but

but received from me on that account Rs. 19 on 20th October and Rs. 19 on 20th November 1841 that I am inconsequence obliged to file the present Complaint.-

I therefore pray your Court will be pleased to examine my Witnesses and documents, and pass a Decree adjudging the Defendants to repay me the said amount of Rupees 38, which they irregular=ly received from me for the Current fusly of 1251 under the tax called "Rules Punnee", and not to demand the remaining Rup=pees 37-8-0 of the said Security, either from myself or the Surety in question, also to make good the Costs of Suit incurred by me. Draft

Fort St. George 30th June 1842.

No. 2

Draft of proposed answer

To The Court of Udalut

of the Zillah of Masulipatam

at Rajahmundry

A proposed answer from G. A. Smith Esqre. Collector of the Zillah of Rajahmundry 1st Defendant to the Complaint filed by Nadooroory Boochennah Curnum of Nadooroor Plaintiff in Cause No. 783 of 1841.

The Plaintiff states in his Complaint, that as he was unable to carry on the jeroyettee Cultivation for fusly 1250 he quitted 2 5/8 of jeroyettee land bearing the Cist of Rupees 102, but the Renter Ponnadah Narsimloo having irregu=larly presented an anzee that the Cist thereof should be paid by him (Plaintiff) the Collector has not Concluded the in=vestigation of the matter, and that as a tax of Rupees 75-8-0 was newly fixed by the Collector to be levied upon his Merasy land, and Rupees 38 received from him, in part payment of that tax he was obliged to file the Complaint praying the Court to pass a Decree for repayment of the said amount of Rupees 38 with

1055 Fort St. George 30th June 1842

with Costs of Suit and not to demand from him the remaining Rupees 37-8-a-

In reply to the Statement of the Plaintiff, that an investigation of this case has been made by the Collector, but no decision passed, the Collector begs leave to state that the case has not been before him, in a state to admit of his passing a decision, the parties, Inamdars in the Village, having already gone to the Court as regards disputes between themselves, but he has fully investigated the case as regards the right of the Zemindar-

At the time of the permanent Settlement a quantity of rent-free subdivided perogettee and Enam lands were held by twelve persons the then Inamdars of the said Village, as follows.-

This assessment being at the rate of Rupees 20-12 only per Pootty, while the assessment of the jeroyettee lands of the Village was at the rate of Rupees 45-14-0-

This was the state of these Curnums lands at the time of the Permanent Settlement, but taking advantage of their position of Curnums in the Village it appears that their descendants have, by degrees, further fraudulently appropriated to S. S. 3-9-6 Bs. of land bearing the assessment of Rupees 166-7-10 and making the total assessment of the lands in their possession Rupees 1930-14-4, while however at the same time they have reduced their payments to the Zemindar to Rupees 11.03. at the same time it appears that they have sold to S. S. 14-10-14 Bs. of the lands either originally held, or since fraudulently misappropriated by them. The present enquiry having brought forth this exposure of the state of the Village, it will rest with the Zemindar to take the necessary legal steps for righting himself, but as no a single permanent Summud or no Chuckbundy

1655 Fort St. George 30th June 1842

Chuckbundy or Boundary account is possessed for any of these lands, should the Court now decide that a separation in the case of Complainant (who now holds for his share 10-2-8 S. S. Bs. of undivided land, as descendant of one of the said 12 persons, named Mo. Mullasaliniguru, bearing the cist of Rs. 157-9-8 with reference to the said Permanent accounts, but who has since fraudulently reduced it to Rupees 120. and whose object now is to reduce his payments to Rupees 18 by abandoning 2 Poottiss and 2½ Tooms of his worst land, stating that that is the land on which he has heretofore paid Rupees 102/ is necessary, they must of course order a regular subdivision so that the Zemindar may obtain such portion of the laird as may be capable of bearing the assessment he is obliged to pay to Government for it, and not have the worst land thrown on his hands, as is one object of the present prosecution, though it is really put forth as

Fort St. George 30th June 1842

as a feeler to try the general principle, which, if successful, will shake the permanent Settlement not only of this Village, but of many others both Zemindary Proprietary and Government.-

In reply to the Statement of the Plaintiff, that a tax of Rupees 75-8 was newly fixed upon his Meerasy land, the Collector begs leave to state that there is an error in the above, for the rectification of which, Complainant should have addressed him, not having done so, he cannot recover Costs under Regulation II of 1823, Section 4 and Clause 2d. It is true, as Petitioner states, that certain rules have been newly introduced in this District in the Current fusly, with the sanction of the Board of Revenue, for superseding the arbitrary practice which previously existed of capriciously preventing Ryots from Cultivating Maniam Lands until the whole jeroyettee were brought under cultivation, and defining the exctent to which the jeroyettee and Maniam land may be carried on

carried on together without any interference, but these do not apply to Petitioner, the demand against whom was established at the time of the Permanent Settlement. The amount of Rupees 38 alluded to in this Complaint has been carried to the account of the Complainant, in liquidation of the demand against him according to the accounts of the Permanent Settlement, which cannot be altered, the

the Collector therefore requests that the Suit may be dismissed with Costs under the above quoted Regulation.—

The 2d. Defendant in this case, being Servant acting under the Collector, he requests that this answer may be taken for him also.—

From the Collector of Chingleput — 3 Paras. Submitting the further information called for and forwarding for sanction fresh accounts for the subdivision of the Streepermatoor Mootah.

To The Secretary to the Board of Revenue

Sir,

Fort St. George

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue, under date the 6th January conveying certain observations on the revised Sub Division Accounts of the Streepermatoor Mootah transmitted with my letter of the 1st July last.

2. In the 3d para of the above Proceedings the Board express their surprise that notwithstanding the strict scrutiny directed by Government the details of four of the five Divisions for the three years selected as the basis of the present proposed subdivision, should correspond to a fraction with the accounts formerly submitted, and in the 4th Para they desire to know what means were adopted to test the accuracy of the accounts & whether the Curnums and Proprietor of the Ayacattoor Division have signified their assent to

to their accuracy which they further remarks would seem necessary before the Accounts can be confirmed.

3. In regard to the measures adopted by me to test the accuracy of the Kundaonadul Accounts for the three years (1235, 36 and 37) on which the present proposed Subdivision has been based, I would explain that the Village accounts of the cultivation Estimate of Produce and outturn in the respective Villages for those years having been obtained such of the original writers of them as were forthcoming were personally examined as to the genuineness of their Accounts and where the original writers were no longer in existence the identity of the hand writing of the Accounts was established by collateral evidence having thus established the genuineness of these Accounts the extent of cultivation and the amount of produce exhibited therein were compared with the totals shewn in the abstract statement upon which the Subdivision had been originally formed. Where therefore no discrepancy appeared and where no proof of such was obtained

obtained notwithstanding I visited the Mootah with my Cutcherry for the purpose of obtaining information by personal enquiry, I considered myself fully justified in adopting them as correct.

4. The persons deputed by the Zemindar to prepare the Subdivision Accounts of the Ayacolluttoor Division were not the Merasy Curnums, but a hired Goomastahs. Two of these three Goomastahs are Lead, and the third is the person who prepared the erroneous Accounts for the Villages of Chengaud Cundamungalum by including the rented Beriz instead of the actual Produce from Accounts furnished to him by the Zemindar. It was by these Goomastahs also that the inaccuracy in the Produce of Ayacoluttoor and Eloopoor adverted to in the 4th Para of the Board's Proceedings was created by omitting to enter in the accounts of Fusly 1237 certain Punjah lands which were cultivated for money rents. This error was ascertained not to exist in the Accounts of the other two years

or

or in those of the Village of Valava Vetteca
5. I have now calculated the
average of the Polevanthum Cundegah as
directed by the Board in the 7th Para by
assuming the average of Fusslies 1236 and
1237. as the Produce of Fusly 1235 the accounts
of which latter year are not forthcoming
6. Adverting to the remark
contained in the 5th Para, I beg to state that
the outlay of Rupees 9.338 therein mentioned
was not restricted to any particular Village
it having been disbursed on all the
reservoirs of the 3 Divisions which had
reverted to Government, all the Villages
having thereby more or less benefitted.
7 Referring to the concluding
Para of the Proceedings I have to observe
that it has never been usual in this
District to obtain Carrarnamahs from
the Gramuttars belonging to the Mootah
proposed to be subdivided certifying
the correctness of the accounts prepared
for that purpose nor indeed have they
the means of judging on the point
particularly after the occupation of the

many years having no Accounts whatever
in their possession to refer to. In the present
instance they furnished such general
information as they were able, and pro-
duced the Cowles for the Cundega lands
in their possession, and which combined
with the Village Accounts have satisfied
me that the accounts, upon which the
present proposed Subdivision is based,
are correct. the Curnoms have executed
the documents required from them
under the present circumstances.
8. I have the honor further
to report for the information of the Board
that previous to submitting the accounts
forwarded with my letter of the 1st July,
I called personally upon the Mootahdar
to point out any inaccuracy in them
but that the only reply I could obtain
was that he was entirely ignorant of
the particulars of the Subdivision formed
during the time of his Father and had
no accounts connected with it in his
possession. Since the receipt of the
Board's Proceedings now under reply,
I have

7679 Fort St. George 30th June 1842

I have repeatedly called upon the Mootahdar to attend at my office for the purpose of communicating to him your Board's orders, and to require his signature to the Accounts Should he be enable to shew that they were in any way incorrect but with the belief that his signature is necessary to enable the Board to confirm the proposed Subdivision he has continually sent excuses promising to come some future day but as constantly failing to do so. That such conduct should avail him is absurd and as the orignal Subdivision was framed through fraud I see no obstacle to the Board's proceeding at once to correct the error that has existed so long, and which by the Regulations they are fully empowered to do.

9. In conclusion I beg to submit for confirmation the Subdivision Accounts of

Vide Enclosures from No. 1 to 3 with 3 Mahcratta Statements

of the 5. Divisions of the Streeper-
mootoor Mootah arranged in the
manner directed by the Board shewing
a profit of 23 per Cent in favor of the
Proprietors in lieu of the loss of 4 per
Cent exhibited by the incorrect accounts
of the late Subdivision.

From the Collr. of Chingleput.
Reporting the demise on the 8th July 1841 of Sabapaty Chetty, Shrotriemdar of Coimbadoo and recommending that the Estate may be registered in the name of his son Soobramanya Chetty.

Sir,

Para 1. I have the honor to report for the information and orders of the Board the demise on the 8th July 1841 of Sabapaty Chetty, the Shrotriemdar of Coimbadoo, paying to Government a Quit Rent of

	Rupees	a.	P.
Jyen Kist.....	350	-	-
Resumed Merah &c.	171	13	4
	521	13	4

Rupees 521. 13. 4 per annum. This Shrotriem is said to have been originally granted to one

2 Saravana Chetty, in consideration of the extensive trade carried on by him with the Company in Piece Goods, but the original Sunnud is not forthcoming. The following Extract however from an Indenture

Indenture executed between the Government of Madras on the one party and Saravana Chetty and others, on the other, in the year 1751, distinctly recognizes the right of Saravana Chetty to the Shrotriem.—

"It is likewise further agreed that the Village of Coimbadoo situated in the said Poonamalee Coun-try, and now under the management of Sarvana Chetty, shall be no ways subject to the directions of the said Numboor Soobiah, Linga Chetty, Soobramaneya Moodely and Sarvana Chetty, but on the contrary the said Saravana Chetty shall be at full liberty to do with the same, as he shall judge most proper, and as a Consideration for the rent thereof he shall pay to the said Renters the yearly

yearly of one hundred (100) Pagodas.

3. On the death of Suryana Chetty the Shrotriem was held by his son Mooroogapah Chetty, after whose demise in 1815, the Shrotriem was registered in the names of Mootoovalapah Chetty, Venkatasa Chetty and Mootoovada Chetty; which two last persons were the grandsons of a Brother of the original Grantee. The cause of the two last named persons being entered in the Register as joint Shrotriemdars, or, if they had any right, of the omission of the names of Boomarasawmy Chetty and Mootoomari Chetty is not known but it is most probable that being Members of an undivided family, their names were entered in the Register as a mere form at the time of the request

request, the Shrotriem remaining in the sole management of Mootoovalapah Chetty. On the demise of that Member of the family, the Shrotriem was registered in the joint names of his son Sabapaty Chetty (a Minor) and Coomarasawmy Chitty, and on the death of this last named person in 1830, without heirs, the entire Management of the Shrotriem devolved on the former, no notice, whatever being taken of the Collateral branches.

4. Sabapaty Chitty, having died on the 8th July 1841, three Individuals have advanced claims to the Shrotriem. The first being the widow of the deceased in behalf of a posthumous son, now six months of age, Chakravirty Chitty the eldest son of Mootoovada Chitty and Mootoomara Chitty alias Venkatasoobah Chitty.

5 The claims of the widow to have the Shrotriem registered in her son's name and placed under her care in behalf of her son require no explanation. I shall therefore

Fort St George 30th June 1842.

therefore proceed to state the grounds of the claims advanced by the other individuals - Chakravarty Chitty grounds his claims on the Shrotrium having been granted for the benefit of the family generally, and as his being the senior surviving Member of it; he also adds that in 1840, when he was urging certain claims against the late Sabapaty Chitty that person executed in his favor an agreement, by which he not only then made over to him certain portions of the ancestral property in the Shrotrium, but acknowledged his right to succeed to the entire Management of it. A translated †Vide Enclosure A. Copy of this document is submitted - The only further point that appeared necessary to notice, is, that at the period when the above mentioned document was executed Sabapaty Chitty had another son, since deceased, which fact is so far important, as proving that the acknowledgement of Sabapaty Chetty to that claimant's right,

Fort St George 30th June 1842.

if he himself being childless -

6. The claims of Moottoomaré Chitty, alias Vencatasooba Chitty, are also founded upon his being the eldest surviving member of the family, which he declares to be an undivided one, and points to the fact of his Brother and Cousins having been registered share holders in the property to establish his right -

7. Had the Shrotrium been given for the benefit of the family generally there is no doubt but that this last mentioned person, as the senior member of the family would have the prior claim, but it appears to me that the registery of the collateral branches was irregular, and that the Shrotrium should only have been registered in the names of the lineal descendants, particularly as the sole Management of it, except during the minority of Sabapaty Chitty, has been in their hands. Under this impression I would partially reject

Fort St George 30th June 1842

reject the document executed in favor of Chakravarty Chitty by the deceased as he had no authority to alienate the property from his descendants leaving however Chakravarty Chitty in the management of the Pagoda on the terms entered in it. Should the Board view this case in the same light I would recommend the Shrotrium being registered in the name of the Minor Soobramanea Chitty, leaving the management of it in the hands of his Mother —

8. The causes of the delay in transmitting this report has arisen from a delay on the part of the widow in sending a Goomastah to attend at my Office, a Course she could not well adopt until after the birth of her Child —

9. A Genealogical table of the family is herewith transmitted —

In consequence of your being after me, the Senior Member of our family, I hereby assign, and make over to you, the Management of the above Shrotrium Village, Pagoda &c. which ever since the demise of Moottoovalapah Chitty I have enjoyed / with authority to receive annually, in addition to the Rockadayem, merah, Maneum &c. which the Pagoda enjoys, the sum of 140 Rupees from the Revenues of the Village which is now rented, and you will cause the daily and annual ceremonies and festivals to be celebrated as usual, giving me notice of what you may do in furtherance of this object. Sir,

From the Collector of Chingleput. I have the honor to acknowledge the receipt of an Extract of the Board's Proceedings dated 23d. Instant, and to request you will report for the information of the Board, that although I conceive the resale of the Akarry farm likely to have a prejudicial effect, as materially weakening my authority in the District, Advertisements in obedience to their instructions have been issued. I cannot however permit so erroneous a Statement of my object in altering the date of sale to remain on their records unnoticed. The object of altering the date was, not to meet the convenience of private individuals, but to enable those parties to be present, to ensure Competition, and thereby to obtain a higher revenue for Government.

From the Asst. Coll. in the Nth Dn. of Arcot } Para 1

With reference to the Endorsement of the Board of Revenue dated 27th July 1840 on the accompanying Petition No. 691 of 1840, presented by Narrainsamy Rauz Meerasidar of Canjoor and Poongulum in the Sultaid Talook of this District, I have the honor to report that the Villages of Canjoor and Poongolum yielding an Annual Peruz of 216 Ps 18 F 17 C were enjoyed by the Petitioners father "Coloor Vencutrauz" at a fixed Rent of 60 Pagodas per Annum. This person died on the 28th November 1831, which circumstances, as well as the claim of the Petitioner, was reported by the Acting Principal Collector Mr. Eden on the 28th March 1832.

2. The Board in their Acting Secretary's letter of the 2d April 1832, having required further information as to the tenure &c. of the grant of these Villages, I beg to observe that the Police duties which Mr. Hepburn alludes to in the Extract

Fort St George 30th June 1842.

Extract of his letter of the 18th June 1805, received with the letter abovementioned, were not performed by Vencatramz since the duties of the Magistracy devolved on the Collector, and the only claim of the Petitioner is the enjoyment of these Villages by his Ancestors for a series of generations. The condition on which the Villages in question were held was for the performance of Police duties. The Marah and Maniem held by the family are as follows—

From the A.g Pl Coll.r of North Arcot

I have the honor to report the settlement of the Beetel and Tobacco Farm Rents of this District for fusly 1252.

2. The present Renters decline to undertake the rent for the ensuing fusly at a higher rate than 19000 Rupees, under the plea that they have sustained a great loss owing to the former Renters of Fusly 1250 having levied duty on a large quantity of Tobacco at the time of their lease expiring. It appears from the accounts of the present Renters that they have not levied any duty on Tobacco in the Current fusly at Arcot Chowkie, and that a trifling collection of Duty has been made in the Ranneput & Chowkies. There was no competition for the Rent for the ensuing fusly, and under the circumstances above stated the proposal of Goorupah Naik and Narrain Moodly was accepted at Rupees 19000, being 1320 Rupees below the present fusly which is preferable to the Sayer being placed under Amany.

3. The Renters and the person offering himself as Security, are unexceptionable, and have paid their Kists for the current fusly with punctuality.

Resolution

1709

Fort St. George 30th June 1842.

(44-45)

Resolution thereon. The Board sanction the settlement of the Beetel and Tobacco rents of the North Arcot District for Fusly 1252, reported in the foregoing letter the amount being Rupees 19,000.

Proceedings thereon. Ordered that the foregoing Communication with its enclosures Containing a report from the Principal Collector of Salem upon a Petition from certain Coffee Planters, and furnishing information on other points connected with the Shervaroy hills in that District, as called for by the orders of Government under date the 8th June 1841, be submitted for the consideration and orders of the Right Honorable the Governor in Council.

adverted to, or stated to exist, but as it appears from the information now furnished that when the Survey Assessment was introduced into the Salem District, these Hills were not included, owing to the unhealthy nature of the Climate; and Moreover, as it is stated that no permanent Settlement, in any way affecting the proprietory Rights of Government has been subsequently introduced; the Board consider that it would be desirable that the whole of these Hills be retained under Dumany, until more equitable System of Revenue Management can be adopted, than appears from the foregoing Report to have hitherto obtained.

3. The Board accordingly, with the Sanction of Government, propose to issue instructions to the Principal Collector to assume Charge of the Shervaroy Hills, on the termination of the present fusly.

Submitting Statements shewing the offers made for the rents of Abkarry & Betel & Tobacco Revenues of his District for the ensuing Fusly 1252.

Para 1. I have the honor to submit for the information of the Board the accompanying two Statements, shewing the offers made for the rents of Abkarry and Bet. & and Tobacco Revenues of this District for the ensuing Fusly 1252, the sale of which took place at Darumpoory on the 10th Instant, as intimated in my letter of the 7th Ultimo.

2. From the annexed abstract, the Board will observe that there has been a considerable decrease in the offers for the Abkarry rents of the incoming Fusly, amounting to Rupees 10,116. From the yearly increase in these rents and the large addition which took place at the former Sale, I was prepared for a slight decrease particularly in some of the talooks such as Trepatoor, where the strong competition has raised the rent of Fusly 1247 Rupees 1,200 to Rupees 9,500 in Fusly 1250, but I did not

Fort St. George 30th June 1812.

not anticipate so large a reduction as the above stated; the competition however was not so keen as usual, and several of the persons who usually make purchases, were not in attendance From the entry in the Margin the Board will observe, that the greatest decrease has taken place in the Talooks of Salem and Raizepoor, which were sold together in Trepatore and in the joint-talooks of Denkencottah and Ossoor.

3 The reason assigned for the small offer for Salem was the loss sustained by the renter in consequence of

several people from Pondicherry having set up shops for the sale of European spirituous liquors. The very large increase of the former offers for Trepatore, in consequence of an existing ill feeling between the contending parties, may be taken as sufficient reason for the decreased offer there - but in Denkencottah and Ossoor, there appears no reason for the reduction, as I have been told by a party who held a share in this years' rent, that the profits thereon amounted to Rupees 2,000. The cause however of the small offers at the time of sale was very apparent, the parties who usually offer for that rent had evidently agreed among themselves not to compete or outbid each other, but to do just enough to make it appear that a competition was going on, I mentioned to them at the time of sale the circumstance, and that I would not undertake to recommend the acceptance of the offer to the Board but endeavour to make a better arrangement. I have, since I returned

to

7714

Fort St. George 30th June 1842

To Office had an offer of Rupees 24,000 for the two Talooks abovementioned being Rupees 2350 more than was offered at the time of sale. this latter offer I would beg to recommend to the Board for acceptance, in order to put a stop to a practice which puts a stop to all competition and fair sale. I trust, I shall receive the Boards' instructions on this point, before it may be necessary to make over the rents upon the whole, although there is a considerable decrease on the rents of this fusly, there is an increase of Rupees 4,413-5-4 on the average of the three years previous.

4. The Betel and Tobacco have for the last 3 years been rented out in one lot. In the present years' sale, I was not able to accomplish this, as the late renters had made up their mind not to offer more than Rupees 20,000 for the whole district. I was therefore obliged to put it up in separate Talooks and by that means obtained offers amounting to Rupees 22,600, being a decrease of R. 2900 below the rents of Fusly 1251. In these, I would solicit the Boards sanction

Para 1. With reference to the Boards letter to Government dated the 5th August 1833 and the reply of Government dated the 16th of the same Month upon the subject of a yeomiah granted to Abdool Ghuffoor, I have the honor to report for the information and orders of the Board that Asha Beebee to whom under the instructions Contained in the above correspondence an allowance of two fanams a day was allotted by the late Collector out of the Amount of Abdool Ghuffoors yeomiah 17 fanams a day died on the 29th of April last and that her daughter Madar Beebee has preferred a request that her Mothers allowance may be continued to her.

2. As Madar Beebee who is a widow

widow about the age of 18 years with-
-out children professes no ostensible
means of livelihood and has been ac-
accustomed to look to her Mothers
allowance for her support. I beg to recom-
-mend that the reduced allowance of
1 fanam a day may be continued
to her.

3. I further solicit the Board's
orders whether if the measure above
proposed is approved of the remaining
portion of the allowance enjoyed by the
deceased should be restored to Abdool Ghaffoor
or revert to Government. It would seem not
to have been the intention of Government to
reduce the amount of the entire yeomiah
in directing the arrangements above adverted
to, but merely to make provision for its due dis-
tribution amongst the Members of the family.

From the Collr of Tinnevelly -- } Sir,

Parl. I have the honor to report the result of the biddings for the renting for the ensuing Fusly 1252 of the duties on Betel, Tobacco, and Cheyroot, and for the exclusive right of Sale of Arrack and Toddy in this District.

Reporting the result of offers for renting the duties of Betel Tobacco &ca for Fusly 1252

2. The Statement accompanying shows the amount of the rents for the present Fusly in comparison with the offers now made for Fusly 1252 together with the names of the renters.

3 The proposers have each without exception made a deposit of one Months Rent and security for the further due performance of their Contracts is in course of being given by them.

4 The total Amount of Revenue engaged to be paid on the several items under report for the next Fusly is

Fort St. George 30th June 1842.

a Rupees 1,04,680 - being Rupees 1609 more
of that in the same Items for Fasly 1251-
8.
A slight decrease will be observed under the head of Abkaree
does not appear to call for detailed
explanation.
6.
In the Tobacco contract for
the whole District there is a decrease of
Rupees 2057 in comparison with the
present year. Endeavours to rent this Article
Salt-Petre were not successful. The
renter for Fasly 1251 is supposed to have
sustained considerable loss from the terms
of his agreement and being unwilling to
renew his lease at those now proposed
for sanction, the offer for 25,000 rupees
and is considered sufficiently favorable
to Government.
7.
28th July 1841. The Frontier Tobacco duties
were, as recommended by Mr. Ogilvie, re-
tained under Amany on Fasly 1251 adding
to the actual collections up to the end of
May, an estimate of those expected to the
termination of the Fasly, the amount of
Frontier duty for Fasly 1251

Fort St. George 30th June 1842.

Rs 3.511 for the ensuing year, Rupees 7,550
have been offered, a much large amount than
can be expected to be realized under
Amany Management.
8.
In the Arrack and Toddy Rents
a slight decrease will be observed for the
Town of Pallamcottah attributable to more
efficient arrangements for the prevention of an
illicit supply of these liquors to the European
Soldiers and the Sepoys which I have made
in cooperation with the Officer Commanding
the Troops.
9.
The Cheyrot Revenue and Duty
Combined were rented in Fasly 1251 for Rupees 9720
by Agamud Meerah. This same person made
an offer without Competition for the renewal
of his rent at Rupees 9,000 for Fasly 1252 - But
as much difficulty had been found in the Collection
of his Rents in the present year, and an advantageous
proposal has been made by substantial parties
for renting these items for Rupees 10500 per Annum
being an increase of 1500 per Annum on the present renters offer
provided the term of rent was extended for three years,
the latter proposal has been received and is recommended
for acceptance.
10
The tenure on which the Hill rents
have been held appearing to me to require alteration
I have not as yet concluded the arrangement regarding
them for the next year. I shall therefore defer
reporting on the subject of these rents for a few days
and in the meantime I have to request the early
sanction of the Board for the final acceptance of
the proposals now submitted.

From the Collector of Malabar

Submitting certain information connected with Mr. Grove's application to hold a piece of land at Kaitary in Calicut &c.

† 2000 Cawnies

To the Secretary to the Board of Revenue Fort St. George

Sir,

Para 1 With reference to the correspondence noted in the margin, I have now the honor to forward a Survey Sketch of the land at Kaitary applied for by Mr. Grove.

To the Bd. dated	24th	April 1841
From Do. "	2nd	Augt. "
To Do. "	9th	Dec. "
From Do. "	25th	Do. "
To Do. "	10th	Nov. "
To Do. "	23rd	Do. "
From Do. "	9th	Dec. "
To Do. "	21st	Do. "
From Do. "	27th	Jany 1842

The extent is within a trifle of what was originally calculated † on the total Area now surveyed, being Cawnies 2000 — 12 — 2130

Of this, as will be seen by Statement A 918 16/16 Cawnies have been Classified as belonging to the 1st Sort 380 16/16 Cawnies to the 2nd Sort, 231 6/16 Cawnies to the 3rd Sort, & 490 7/16 Cawnies to the 4th Sort. —

2 The land is generally of a choice description much of it running along the banks of small streams that flow in one or two directions, & this will account for the

the high classification that has been made of it with reference to the classification of Burgher Villages in general.

Vide Statement B.

3 But high as this classification is comparatively is, it must be observed, that Mr. Groves will hold the land at a very easy rate, compared with that he would have to pay in the low country.

A great portion of the lands applied for may with a little management and expence be irrigated by the streams, which as I have observed, flow through it.

The highest assessment for land cultivated so far from the Cantonment as Kadiry is Rupees 1-3/4 per Cawney while lands in Coimbatore for instance, with a demand of Water, and intended to raise produce similar to what is contemplated by Mr. Groves, Mulbery trees, Coffee, Flax, &c. would not be obtainable except at a very enhanced rate.

The assessment was originally fixed I presume on the presumption that the Burgher cultivation would be of a dry nature. It is generally so but the Burgheers sometimes irrigate their lands without being called on however, for any increase of tax.

4 But on the other hand it may be urged, that the success of the proposed cultivation in the climate of the Hills is as yet undetermined, that labourers cannot be procured at less than double what is paid in the low Country, that the

suppl

supply of water is natural and independent of Government aid, and a point of considerable importance; that irrigation will only be required for a limited period. - Looking then to these circumstances, to the vast advantages that will arise to the Government and Public, from so large a tract of country being converted from a sterile to a cultivated condition, and to the improbability that any person with sufficient Capital and spirit will be induced to come forward to take the land on more advantageous terms, I would strongly recommend that Mr. Groves offer be accepted.

Mr. Groves informed me in a late conversation, that his Mulbery trees &c would be independent of irrigation in 5 years at the furthest. - The question therefore would not effect him presuming that as proposed he be allowed to hold his land free of tax for the first 5 years. But it must be viewed not only with reference to Mr. Groves, but to others, who may take up ground similarly circumstanced, but who have no right to expect an equal exemption from not promising such ultimate advantages to Government. I believe in some parts of the Eastern Coast the use of Government water is given at so much per cawney, but I am not aware how far the state of things in the two Countries can be considered analogous.

Mr. Groves it has to be remembered is to expend 60,000 Rupees in improvements in the first 5 years.

5 The Board will observe from my letter of the 24th April 1841 that two Sodawers who have a mund at Kadiry, object to Mr. Groves or any one else occupying the ground in their vicinity without their consent, I see no reason to alter the opinion

opinion expressed in that letter, that the Todawer's claim is untenable, & that the Government have the full right of availing themselves of any opportunity, by which waste land can be converted into cultivation - But in order to avoid the shadow of injustice, and as far as possible to simplify the question, Mr. Groves has at my suggestion consented to pay the Todawers, as his land comes into cultivation the same fee (Coodoo) as is usually given them by native Ryots in other parts of the Hill, and which on an average may be considered about one a quarter anna per cawney. - He agrees also that the Todawers continue to enjoy the privilege of pasturage on any part of the land until it is taken up for cultivation. -

6 In conclusion I have the honor to submit as directed by the Board's orders of the 27th January last, a Statement, B, of the Standard assessment of the different classes of lands in the Division of the Hills within which the land applied for by Mr. Groves is situated. This Statement will

The Standard assessment is applicable to every Burgher village, in the Division, and consequently to those immediately adjoining Kaitary. -

will also shew the average rates of assessment in this Division, and in answer to another query of the Board, what proportion the assessment of lands below the 4th Class, bear to the rates of assessment annually brought to the account of Government above that Class. -

7 In reply to two other queries I have the honor to state, 1st that lands assessed at so low a rate as 6-6 per a Cawney are cultivated with Corelly and Shamy, two, & especially the former, very inferior grains, and 2nd that there is only one road which would lead thro' Mr. Groves' property to any place of public resort, viz. the road to Hollicul as shewn in the Sketch. - I may mention further that Mr. Groves is not to take any water from above the Kaity water fall. - His channel will run from the foot of the second fall, so that the beauty of the scenery will not be in any way injured by the obstruction of the waters. -

It will be seen by Statement B, that the 4th Sort of land is assessed at 3-4 only. -

Proceedings

Recommending compliance with application made by Mr. Groves and Mr. Lascelles Junior for land on the Neilgherry Hills on certain terms.—

thereon: Para 1.— Resolved that the foregoing communication together with the plan of the land on the Neilgherry Hills applied for by Mr. Groves with which it is accompanied be submitted for the information and orders of the Right Honorable the Governor in Council with reference to the correspondence with the Collector of Malabar which was laid before Government under date the 9th May last.—

2.— It is seen from the Statement A which accompanies the letter above recorded that the total extent of land applied for by Mr. Groves is 2000 8/16 Cawnies, comprizing 4 different sorts of land, and liable to an assessment amounting in the aggregate to Rupees 2146-2-10 average-ing - 1-2 per Cawney as shewn in the margin.

3.— The Board have already stated their opinion that the object of

To Govt. 13th May 1841

Enclosure 1 in letter from the Collr. 24th April in Govt. 13th May 1841.—

of Mr. Groves in applying for the grant appears to be deserving of every encouragement.— He states that it is in contemplation "to erect an asylum for the children of "destitute Europeans" whom he desires "to "to occupy themselves in farming planting and otherwise that they might be "able to maintain themselves and ultimately become valuable members of "society." The information which has been supplied by the Collector in regard to the localities, rates of assessment &c. and the repeated expressions of his sentiments in favor of the project determine the Board to recommend that the land may be granted to Mr. Groves on the terms specified by him viz. free of rent for the first 5 years within which period he engages to lay out not less than 60,000 Rupees in its improvement and subject to assessment after the expiration of that period at the rates above noticed.—

4. It will of course be distinctly understood that these rates are liable to revision at any

any future period in the event of a general revision of the assessment of lands on the Hills being considered expedient.—

5 It appears from the concluding Para of the letter under consideration that there is only one road at present which would lead thro' Mr Groves property to any place of public resort Viz: the road to Hollicul—this will of course be retained and the Board think that, as no regular lines of communication in this direction are yet opened the Government should reserve the right of constructing them hereafter, care should also be taken to preserve the right of irrigation for land situated below Mr Groves grant, should there be any so situated as to be dependant on sources liable to be intercepted by parties holding Mr Groves land on.

6.— With the above reservations the Board recommend the application under consideration to the favorable notice of Government.—

From the Coll: 4th Dec: 1841 in Comm: 2nd Jan: 1842. 3rd Idem 1842 from the Coll: 28th Jan: in Comm: 24th Feby 1842.—

7 In connexion with the above, the Board resolve to submit to Government the correspondance noted in the margin, upon the subject of an application made by Mr Lavelle Junior for a grant of 500 Cawnies of waste land situated from 2½ miles to the South of the Kaity Fall and a little below Hollicul drog on the South East.—

8 The land in question is described as consisting of about 200 Cawnies of 1st Sort 200 Cawnies of 2nd Sort and 100 of inferior sorts but no accurate survey has yet been effected. The assessment is estimated at Rupees 569 per annum.

9 From the information afforded by the Collector in regard to the situation and state of these last mentioned lands there appears to the Board to be no objection to a compliance with Mr Lavelle's application, which is strongly supported by the Collector

and from the Board of Customs, Salt and Opium in Calcutta upon the subject of a proposition to allow the free importation of Salt from this Coast into Calcutta upon the same footing as it is at present admitted from Bombay.—

2. The terms under which it is contemplated that the free importation of Coromandel Salt into Calcutta should be permitted were stated to be 1st. The payment of the Customs Duty of 325 Rupees per 100 Bengal Maunds 2d. that the importation should be restricted to square rigged Vessels of not less than 200 tons burden which was afterwards explained to mean Vessels of such a class as must necessarily take Pilot on Board, or vitiate their insurance and 3d that no Shipment on private account Viz. for the purpose of import in Calcutta on payment of the Customs duties, should be allowed on the same Vessel on which Salt is being imported in part of a Government indent under penalty of confiscation of ship and Cargo.

Fort St. George 30th June 1842

3. In compliance with the wish expressed in the concluding Para of the Hon. Secretary Bushby's letter dated the 7th October 1840 a reference has been made to the Collectors of the Districts under this Presidency in which the manufacture of Salt is usually carried on with the view to ascertain at what rate, with reference to the cost of manufacture Salt can be supplied from each District so as to afford a fair prospect of profit to parties who may feel inclined to engage in the traffic under the terms above alluded to.

Encl. in letter from Govt 3d Nov. in Cons 17th Dec. 1840 & 11th Feb. 1841 (Circular)

4. From the reports which have been furnished in reply to the above mentioned reference, and which are herewith submitted for the information of Government it will be seen that in those Districts from which it may be expected that salt would be exported under the proposed system the cost and charges per 100 Bengal Maunds varies from

from seven to twenty Rupees, as shewn in the margin. From Vizagapatam, Masulipatam and Madura it does not appear probable that any exportation would take place. In the first mentioned of these Districts the Collector states that there is not a sufficient quantity available for exportation in excess of what is required at home. In Masulipatam the salt produced at the only Pans converted for Export is not of a description likely to meet with a market in Calcutta and in Madura local causes such as the shallowness of the harbours, the absence of means of transport of the description required, and the want of enterprize amongst the Capitalists are adduced as likely to operate against the introduction of the free trade in that District. Indeed it seems doubtful to the Board considering the [illegible] of

Vessels to which it is proposed that the trade should be restricted whether any demand will be found to exist from Districts situated to the southward of Madras—

5 As regards the remaining Districts it appears to be the opinion of most the local authorities, in which the Board entirely concur, that the opening of the Salt trade to Calcutta in the manner proposed will be productive of beneficial effects to the people and perhaps eventually a source of profit to the Government tho' in the first instance a certain diminution of revenue must ensue. from the reduced price at which the Salt must be disposed of, so as to hold out a prospect of profit to the importer.—

6 From the reports now submitted it will be observed that the prices at which it is proposed that the Salt shall be disposed of on account of Government, vary

Fort St George 30th June 1842

vary in the different Districts this not to the extent that might have been expected considering the difference in the prime cost and charges in the different Districts as noted above in Para 4. the Collectors of Madras, Tanjore and Rajahmundry, mention 15 Rupees per 100 Bengal Maunds as that which they consider might fairly be charged. In Guntoor it is proposed to charge no more than the prime cost Rupees 10. and in Nellore the Principal Collector proposes in addition to the prime cost /Rupees 9/ to charge a duty of 8 per % on the monopoly price of Rupees 105 per Garce - which he calculates would raise the price to the exporter to Rupees 17 per 100 Bengal Maunds. It must be remembered however that the prime cost in the two last mentioned Districts does not include shipping charges with the addition of which to be defrayed by Government the Board think that the charge per

Fort St George 30th June 1842

100 Bengal Maunds might fairly be fixed as in Madras, Rajahmundry and Tanjore, at 15 Rupees - In fact there seems no reason why this rate should not be fixed for every District except Chingleput in which it appears that 20 Rupees the 100 Bengal Maunds is the lowest price at which Salt can be manufactured and as this is exclusive of the cost of shipping, the Collector observes that it is to be apprehended that the exportation from that District on the terms proposed will not under any circumstances be productive of profit to the Merchant.
