Diary

Received the following letter

25th June

To The Secretary to the
Board of Revenue
Fort St George.

Sir,

From the Coll.r in the 1st Div.n of Arcot

Before transmitting the lease in favor of Messrs Norton and Lane required by your letter of 13th last, I have the honor to request, that you will bring to the notice of the Board with reference to the proposed date 17th May 1842 that the former lease expired with the year 1838, that all the correspondence on the subject tends to shew that what was asked was an extension of the privilege from the expiration of that period, more particularly shewn in Court's Despatch dated 5th June 1839. and that during the years 1839, 1840, 1841, they have been allowed to Cut the fuel free of all duty, on which accounts it appears to me that the lease now about to be granted should commence from the expiration of the former one.

2 July - Sent the following Ltr in reply -

To The Collector in the Southern Division of Arcot.

Sir,

To the Coll^r in the Sth Div^n of Arcot.

Communicating instructions on the subject of the fuel lease to be executed in favor of Messrs Norton & Lane and transmitting to him several Paras to be substituted in lieu of Paras 3 & 4 of the form of Lease sent to him under date 13th ultimo.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 22d ultimo, upon the subject of the fuel lease to be executed by you in favor of Messrs Norton and Lane, agreeably to instructions of the Board conveyed in my letter of the 13 ultimo -

2. The date to be affixed to the lease, as that on which it is supposed to have been executed, being perfectly immaterial as regards the validity of the document, there appears no objection to your entering that suggested by the Board "the 17th May 1842" that being the date on which the sanction of Government was granted for the issue of the lease -

3. As regards the other two Viz^t three years, which have elapsed since the expiration of the first term of 5 years during which the privilege of cutting fuel free of rent was accorded to the Directors of the

Fort St George 2 July 1842 -

Iron Company, you are perfectly correct in supposing that these must be deducted from the extension of 5 years granted by the Honorable Court in their despatch of the 5th June 1839 - These three years are considered as included in the new lease, which was intended to continue for 21 years from the expiration of the last, or from the 1st January 1839, as you will see from the wording of Para 3 in which it is set forth that the grant is to continue for eighteen years, beginning from the 1st January 1842. The period of immunity from rent mentioned in the succeeding Para should accordingly have been limited to two years instead of five -

4. The Board think however that it will be better that the new lease should be reckoned as commencing from the expiration of the last - Viz^t from the 5th January 1839 in which case it will appear upon the face of the instrument that the extension of 5 years granted free, which was solicited by the Madras Iron Company has been bona fide granted - For this purpose you are requested to substitute the annexed Paras in lieu of Paras 3 and 4 of the form which accompanied my letter of the 13th ultimo -

You are requested to forward the Lease duly executed, with as little delay as practicable, as the Directors of the Iron Company are desirous of having their fuel grants signed before the next despatch of the overland Mail -

2d July - Received the following letter from the Chief Secretary to the Board of Revenue Fort St. George

To The Secretary to the Board of Revenue Fort St. George

Sir,

I have the honor to report for the information of the Board of Revenue that in obedience to their instructions I have this day again submitted the Ahkurry Farm of this District to public competition for one and three Fuslies respectively - The highest offer for fusly 1252 was that of Mr. Heppen being Rs. 7,050; and that for three years from fusly 1252 to 1254 both inclusive, was submitted by Goorooswamy Naick and Codandaramasawmy Naick being Rs. 7,6000 Rupees per annum -

Of the parties who addressed your Board Mr. Heppen alone attended the sale to day, whilst the parties who have

have bid 7,000 were present at the former sale. Had Mr. Turner been willing to abide by his former offer, I might have considered it expedient to recommend its acceptance, but as under existing circumstances I beg to recommend the offer of Goorooswamy Naick and Coondaramasawmy Naick for confirmation. They are prepared to lodge a Promissory Note for 25,000 Sicca Rupees of the 4 per Cent Loan as security for the fulfil-ment of their contract.

2. His Lordship in Council cannot accede to the recommendation of the Board of Revenue in the cases of the Yeomiahs [1 yeomiah Pd 38-1-11 / 2 do 19-0-5] Nos 1 and 2. of Mr Ross's Register Y those Yeomiahs are expressly stated in the Register to have been granted for the subsistence of the parties during life, and as their continuance to Soobtan Bee and Gupsoolee respectively, appears to have been unauthorized by Government. His Lordship in Council does not think that the renewal of the allowances under such circumstances gives the parties any claim to their continuance; but as much distress however might result from their sudden discontinuance he will address the Government of India with the view of obtaining a continuance of the Pensions on the express understanding that the allowances are only for the life of the present grantees, and will cease altogether afterwards.

Extract from the Minutes of Consultation under date the 22d June 1842 -

Read the following Extract from the Proceedings of the Board of Revenue -

Relative to the Settlement of the Land Revenue of the district of North Arcot for Fusly 1250 (Here enter 28th April 1842 No 175)

The season of fusly 1250 in the district of North Arcot is stated to have been by no means so favorable as that of the preceding year - But very little rain fell in May and in the next 3 months a total failure ensued in consequence of which there was a deficiency in the dry cultivation, to the extent noted in the Margin. In the Month of November a plentiful supply fell in some talooks which raised the wet cultivation of the same above that of 1249 but in other parts the rains were scanty at that period; and from a total failure in December the result was a decrease in the wet cultivation of the whole district of 6k 8208 - 9½ of Rupees 94,991 - 15 - 9 - In the Garden Lands however

† Poonjah 10165 - 13½
+ Rupees 24,123 - 6 -

‡ 1 Potaul

however there was a slight increase, as shewn in Para 4 and a comparison between the money results of both wet and dry cultivation of fasilies 1250 and 1248, shews an increase — in the former year under both heads, to the amount of Rupees 73,179 - 9 - 11 - and 1,15,174 11 - 9 - respectively —

2 His Lordship in Council —

[x] Paras 5 & 6 — approves of the observations of the Board of Revenue on the subject noticed in these paras, and desires that they will lose no time in issuing the necessary instructions to the officer in charge of the district, to cause the Kistbundy to be fixed, with reference to the harvest season, if such is not the practice already; to prevent the Ryots from sustaining any loss in future in the disposal of their produce —

The average amount obtained for their produce by the Ryots in the sub division

[†] Para 7 & 8 — is stated to have been under the commutation rates owing to the markets, where it was usually disposed of, being over stocked — The monthly price lists of grain, in the four principal Towns, on which the above average was calculated, are stated by the [*] Sub Collector to have been prepared, as in 1249, after the conclusion instead of the commencement of each Month in as much as he considered "that "where the object is simply to know the selling "price that end is more likely to be attained "by a statement which embodies actual "transactions, than by an estimate prepared "before hand and based only on a "calculation of the probabilities of the "weather and trade" — The Board of Revenue however, still object to this innovation, on the grounds that little difference will be found between the two modes, and that it is desirable that one only should prevail in the whole district, but have desired that accounts made upon both be furnished by the Sub Collector, for the

[*] Report Para 9 —

the current year, to enable them to decide which of the two is to be adopted throughout the district, in the propriety of which His Lordship in Council fully concurs.—

The advantages to be derived from the practice of obtaining price lists from the Villages is not apparent and as directed by the Board should be discontinued.—

4 The net Settlement of the Year amounted, after the usual additions and deductions, to Rupees 1,625,099-12-5. and was below that of the preceding year in the Sum noted in the Margin. In the amount of deductions above mentioned there was a net decrease as compared with 1249 in the Sum of Rupees 8978-11-11 which is shewn to have been occasioned by the unfavorable nature of the season whereby the cultivation was diminished, and consequently the usual Remission of Survey Rent of 12½ per

cent. less by Rupees 17,146-3-4 than that of 1249 under the heads noted in the Margin. There was a slight increase which must be attributed to the same cause. The observations* recorded by the Board of Revenue on the mode pursued by the Principal Collector in granting Remissions for "Shavie" or "perished crops", are entirely approved, and His Lordship in Council desires that their order on this subject be strictly enforced.—

Chitter Poodee or land ploughed but not sown	5719-10-5
Steril Cammee or portions of fields not cultivated	4710-15-4

* Para 13.

5. Including the Permanent demand, the net Settlement of the land Revenue amounted in Fasly 1250 to Rupees 2076053-3-8 of which Rupees 138397-12-2. remained to be collected at its close. This balance however was reduced, it appears, at the end of October to 16703-5. by the end of March 1842 to the Small Sum of 5882-7-5.

Paras 18 & 24

His Lordship in Council entirely,

entirely approves of the observations and orders recorded by the Board of Revenue, on the subjects noticed in these paras, and desires that the same may be communicated to the Sub Collector, for his information and guidance.-

7 The Principal Collector, it is requested, may be called upon to submit a Statement of the Balances of Land Revenues outstanding in the Accounts of this District to the close of Fusly 1250, distinguishing the Recoverable from the irrecoverable portion, in order that sanction may be granted for the latter being written off.-

8. His Lordship in Council has much pleasure in Recording his concurrence in the views entertained by the Board of Revenue of the judgment and ability displayed by Mr Ogilvie in the management of the district of North Arcot, during the long

long period it has been entrusted to his charge and notes with pleasure the terms of approbation in which they continue to mention the services of the Sub Collector Mr Bourdillon - The commendatory manner in which the Principal Collector speaks of the conduct of his Head Sheristadar Soobaroo has moreover been viewed with satisfaction.-

To The President and Members of the Board of Revenue.

Sir,

I have the honor to transmit to you the accompanying General Statement of the Revenue Department for the past fasly year 1250 which has been prepared with reference to the instructions conveyed in the General letter from the Honorable the Court of Directors in the Revenue Department dated the 22nd May 1818.-

Fasly 1250.

(18)

I beg to bring to the notice of the Board that the system of exhibiting in the Accounts of Collectors their Pay and Allowances and that of their Establishment year in the Month for which they were due but before they were actually disbursed, was discontinued under instructions from this office dated the 2nd November 1829 since which period such charges have been debited in the month in which they may have been actually disbursed. The charges from the 1st to 11th July were estimated and minimally entered in the Collectors Abstracts of Receipts & disbursements for the fasly year up to fasly 1249, but as these estimated charges are not disbursed before the month following that to which they may appertain this Department has thought it necessary to revise this system, & has omitted the anticipated charges from the 1st to 11th July 1841 in the Statement now transmitted in order that the accounts of the fasly year may exhibit the actual Receipts and charges within that period.-

This modification will only affect the charges in the Statement for the fasly year 1250 which exhibits the charges for one year, besides July, but the Statement for the fasly year 1251 & for the following fasles will exhibit the charges for the entire years from 1st July to 30th June or the charges actually disbursed within the twelve fasles respectively & the Abstract of Cash at the termination of each fasly will be a confident & nominal Balance as heretofore.

Fort St George

Sir,

I have the honor to request that you will be so good as to lay before the Board of Revenue the accompanying copy of a letter from the Sub Collector of this District reporting that he has suspended the Tahsildar of Cumbum and recommending his dismissal. I am of opinion that Mr Cotton has shewn sufficient grounds for the suspension of the Tahsildar but as it is impossible for me to judge of the extent of delinquency proved against him without seeing the proceedings, I have written to Mr Cotton to forward them to me and as soon as I can have them translated I shall have the honor of submitting them with my own opinion for the consideration of the Board of Revenue.

I avail myself of this opportunity to report my opinion that it will be highly advantageous if several of the Tahsildars

Submitting copy of a letter from the Sub Collector of Cuddapah, reporting that he has suspended the Tahsildar of Cumbum & stating that he would submit his own opinion on the subject as soon as the proceedings are received from the Sub Collector translated.

Jahsildars are transferred from one Talook to another. During my tour through the district I have observed a great want of energy and Zeal on the part of these Officers which seem to have arisen in a great measure from a belief on their part that they are not liable to be transferred from one talook to another unless they are convicted of a specific offence. Many of them have been long stationary in one Talook and the consequence is that they have formed local connections and interests and are far more occupied in their own affairs than in the business of the Circar.

3 I am fully aware of the objections that exist to the practice of constantly changing Jahsildars from one talook to another and it is for this reason that I in the first instance solicit the permission of the Board of Revenue and the peculiar circumstances of the case to

make such transfers as I may deem necessary at the approaching close of the Fasly.-

To
The Acting Magistrate of
Cuddapah

Sir,

I have the honor to bring to your notice the conduct of Goondoopant Jahsildar of the Talook of Cumbum, whom I have considered it expedient to suspend from his duties till further orders together with a few remarks upon the case that brought the same to my consideration.-

On the 13th of February last he addressed an Arzee to me together with 2 Mahazurnamahs reporting the death of a woman of the name of "Sashammah"

and

and also of her husband named Giddareddy
The Arzee and Mahazarnamahs being the
account of his proceedings at the inquests
held upon their bodies. That the latter indi-
vidual was found in the Goorla hamma
river which flows within 100 yards of the
Town of Cumbum.-

The Mahazurnamah-
respecting the body of the latter to which
I now beg to confine myself, was dul
sufficiently circumstantial as usual, stat-
ing that the body was that of one Gid-
dareddy (husband of the said Sashummah)
and that the hands and legs were tied
together in fact that it appeared a most
determined case of "felo de se" consequent
upon regret, it was concluded of his conduct
to his wife which had induced her to
destroy herself.

A few days ago I received
information that the above said Giddareddy
was alive and well, walking about in Town

I immediately issued a summon for his
appearance and also of those persons who
signed the aforesaid Mahazarnamah and
upon a very tedious and mature investigation
into the case as far as I have yet been
able to do so, and by taking the depositions
of all the persons in any way connected
with the case who can or will throw
any light upon it. I have arrived at the
following circumstances.-

That the discovery of the
body in the water on the afternoon of the
10th of February it was reported to the
Tahsildar who sent the Village Moonsiff
Bodeyreddy and a Duffadar to take
the corpse out of the water, but as it
was late, that is to say, sunset the
Tahsildar proposed to hold his inquest
upon it the following morning. The Garrison
Dresser inspected the body which was in
a floated state from the time that it
had been in the water, tho' not so much

so

so, that had he "known the individual when alive he should have recognized him again in the corpse." after which it was covered over with a cloth and no one else allowed to examine it or inspect it. a Mahazurnamah was drawn out that the corpse was that of Geddareddy as aforesaid upon the assertion of his elder brother and his sisterinlaw, which assertion they now most strenuously deny as well as having uttered any thing to this effect. as reported in the deposition taken by the Paishkar as they never were allowed to inspect the corpse at all) and the general "pookara" at the head of which was Bodyreddy and the Jahsildar.

The arms were confined with ropes to the legs and the latter tied together at the ankles and which it is now affirmed it was quite impossible for deceased to have done himself. I proceeded there to exhume the body and on the spot

spot heard the deposition "viva voce" from the persons who had buried it by the order of the Jahsildar that the body was that of Vencatareddy the nephew of the very man Bodyreddy that they could swear to this. indeed, that there never was a doubt on this subject. some ryots of a neighbouring village who had countersigned the Mahazurnamah were also present, who one and all declared that they were not permitted to inspect the corpse which was covered with a cloth from head to foot, but upon the assurance of Bodyreddy and the Jahsildar they signed the same. Some of them upon compulsion. Four of the persons (Talaries) engaged in burying the corpse have since distinctly upon oath sworn to the above statements and also that there was blood round about the head of the corpse whose eyes were bound

about

about with a cloth and the whole body covered over as before stated, during the whole time that they watched by it during the night of the 10th and morning of the 11th and indeed till it was buried.--

Under the foregoing circumstances I am of decided opinion that the corpse then discovered was that of one Vencatapeddy, the nephew of the Village Monsiff Bodeyreddy and that he came by his death through unfair, that is to say, violent means. That at the inquest due investigation as to the identity of the corpse was so far from being instituted by the Tahsildar that he used every exertion to conceal the fact, and forwarded to me a wilfully false Mahazurnamah knowing it to be such with the intent of screening some persons who were interested in concealing the fact of the murder of the said Vencatreddy.--

With regard to the whole of this charge I have not yet had sufficient time to investigate it fully, and it is now very improbable I fear that I shall ever succeed

in substantiating the crime of the murder against any one in particular, as so many months have elapsed, but in consideration of the former part of the charge Viz. the forwarding a false report of the inquest backed by the Mahazurnamah equally false. I beg that the Tahsildar Goondapunt of the Cumbum Talook may be recommended to the Higher Authorities to be dismissed from his Office with disgrace and infamy. I should perhaps mention here that on a former occasion he was very strongly suspected of being directly or indirectly concerned in abetting the escape of a Gang of Robbers who had the audacity to rob the Government Treasury in the Talook of Ravoor in the Nellore District while he was conducting the duties of Tahsildar in the adjacent Talook of Budwail. Upon this charge he was subsequently acquitted.

Hae

He is totally inefficient as a Police or Revenue Officer as may be known from the fact that at the date of his suspension by me on the 1st of June. I find there were no less than 286 Endorsements upon Petitions referred to him for investigation &c extending from Fasly 1246 to 30th April 1251 which have not been responded to. 186 orders in the Revenue Department some of them of Fasly 1244 unattended to. I could bring forward here another specific charge of falsefying public accounts concerned with his Treasury which was enquired into by the late Sub Collector and for which he was fined 10 Rupees.

In the Magisterial Department there are naturally fewer in consequence of the number of reports obliged to be furnished from this department and which cannot be allowed to fall in arrears. however it is only by dint of the greatest trouble and proportionate severity that I have been able to keep that Department in any thing like efficient condition

condition as far as returns and reports.

The great difficulty that always exists in proving wilful culpability among such influential persons as heads of Police and Tahsildars, I hope will be borne in mind in awarding any punishment the higher Powers may deem fit in the present case. I need hardly mention that from the laxity of energy and the general want of Zeal among the Officers of this description which has justly called down the severe animadversions of the higher Courts an example if such should now be deemed proper in the above individual, would prove highly beneficial.

Sir

From the Asst. Coll. of Cuddapah } Para 1. I have the honor

Submitting the proposals for the rents of Abkarry and 5 Articles, Tobacco, Betel Leaves &c. in the District of Cuddapah for Fusly 1252 and Recommending that they be sanctioned by the Board of Revenue.

to forward 2 Statements shewing the proposals for the rents of Abkarry and 5 Articles Viz. Tobacco, Betel Leaves, Bang, Gunjah, and Goodauk in this District for the ensuing Fusly.

2 The Abkarry rents have been gradually increasing from some years back and in the last Fusly especially there was a very large increase, the speculation however turned out a bad one and many of the renters particularly those in the southern talooks have sustained a considerable loss in consequence I have experienced no little difficulty in renting out this source of Revenue without material loss and in one Talook (Coleroontalah) I have found it necessary to dispense with a Head renter and to sub-divide the rent amongst the respective Subrenters. In the other Talooks

7814 Fort St. George 4th July 1842

I have succeeded in obtaining proposals from persons of respectability, which, under the circumstances of the season, I consider perfectly fair and reasonable. On the whole there is a decrease in the Abkarry proposals for the ensuing fus, as compared with those for the current, fusly, in the sum of Rupees 4269 while in the proposals of the 5 Articles above alluded to, there is an increase in the small sum of Rupees 139.

3 The annexed Statement exhibits the rents of Abkarry during the last 10 years, from which it will be observed that the present offers not only exceed the average of the rents of the last 10 years, but also the amount of any one of those years, except Fusly 1251. I trust therefore they will receive the sanction of the Board of Revenue.

1 & 2 With reference to your letter

of the 26th Ultimo forwarding two Petitions from Coopparamiah late Huzoor Gomastah in my office, and requesting me to state the circumstances under which he was dismissed. I have the honor to inform the Board that the Petitioner was dismissed for abuse and disobedience of orders in stating that he had received instructions from the Huzoor to remeasure all the Putcul lands of Selly putty and of the Villages adjacent for the purpose of the assessment being for the future augmented and in pursuance of this falsehood having commenced to remeasure a certain field with the crops standing on it which was very properly resisted by the Manegar and reported to the Tahsildar which species of molestation was done with a view to intimidate and extort money from the Ryots His previous instructions were too clear to admit of any doubt.—

2 On Public grounds this individual claimed no consideration the charge of Forgery or subornation of Forgery which I have already recorded still hangs over him at this moment.—

(22) I have the honor to acknowledge the receipt of your Predecessor's Letter dated 22nd March 1841, transmitting a Petition No. 354 of 1841 from Mahomed Saheb late Duffadar of the Sea Customs Office in this District and calling for a report of the circumstances under which the Petitioner was removed from his Station

2. The Petitioner and 5 others were charged by Mr. R. Hughes late acting Superintendent of Sea Customs, on suspicion of having stolen a bag containing 1,200 Rupees his own property which he left on a Table in his writing room in the Sea Customs House in the Fort of Masulipatam

3. The matter was enquired into as a Magisterial case by the late Mr. Hitchens Assistant Magistrate by whom the 1st 4th & 5th prisoners

Sentence of the Joint Criminal Judge in Mr. Richard Hughes ---------- Prosecutor

Versus.

1 Mahomed Saib
2 Mahomed Jaffer
3 Bala Mahomed } ---------- Prisoners

The 1st Prisoner is charged with having during the Night of 30th August 1840 stolen a

a Gunny bag containing Rupees 1200 which was kept in the room of the Sea Custom Office, the property of Mr Richard Hughes (Prosecutor) The 2d to 3d Prisoners are charged with having been concerned in the act. For this case the evidence is to the effect that the Prosecutor had left 1200 Rupees in a bag under the Table in his Office that some other bags containing smaller amounts as well as a large silver plate were in like manner lodged to wear about the room, also a handkerchief full of loose Rupees on the table, that the windows of the room were furnished with no better fastening than a hasp and staple and peg. The 1st Witness locked the room on leaving it, that early in the night the 2d Prisoner who had with the 3d been watching in the Office went to Prosecutor telling him that the window of his room was open. that Prosecutor went found no marks of violence on the door but the window a jar and the bag of 1200 Rupees gone, no other valuable being touched or any of the things in the room in any way displaced. It was also stated in evidence that except three sepoys windows on their own room, the

the Peons had no means of access to the Varandah into which the window that had been opened - looked; easy access to this Varandah is afforded to any person from the outside by means of a dilapidated wall, the window might have easily been opened by an instrument prepared for the purpose tho' the Ventisons are too small to admit a mans hand -

The 1st Witness states the 1st Prisoner Duffadar to have been about that window while he remained in the room after Prosecutor had left it - it must however be remarked that this witness being the last lawfully in the room has the greatest stake in throwing the guilt upon the Duffadar (not that there is any reason to suppose he had any part in the business) - mention is made of foot marks below, but lead to no result -

The sum of suspicion therefore against the Prisoners is the evidence of the 1st Witness, that 1st Prisoner was fumbling about the curtain at the window, that it is improbable that the 2nd Prisoner would go as he did to the front Varandah if being necessary that he should post[illegible] a small window to

to do so (he states he heard a noise that induced him to go) and the absence of all appearance of the room having been entered by an ordinary thief and the difficulty of opening the window from the outside - The Prisoners are released -

Proceedings thereon - The removal of the Petitioner

22-23 Mahomed Saheb from the Office of Duffadar appears from the foregoing report to have been occasioned in consequence of the strong suspicion which attached to him in a Magisterial case in which he was a party but as it is further stated that no direct proof of the charge preferred against him could be established, the Board resolve in consideration of the length of time in which he had filled the situation of Duffadar to pass the following Endorsement on his Petition -

From the Collr of Chingleput } Sir,

With reference to the various Petitions noted in the Margin which accompanied your letter of the 11th April I have now the honor to submit for the consideration of the Board such remarks as the Petitions relative to the Pagoda of Davaramy at Little Conjeveram appear to me to call for.

2

(28) The Petitioner in No 271 of 1842 on Comara Tautacharrear urges his claim to be nominated Sole trustee of the Pagoda of Davaramy as many on the grounds of the Jenmfilea &c having been constructed by his Ancestors, who also obtained from different Hindoo and Mahommedan Governments many valuable and lucrative endowments for the support of the Temple and the expenses of conducting the daily and periodical ceremonies, in consideration of which an image of one of his Ancestors on his demise

demise was erected in the Pagoda and an annual ceremony in his honor established. That his Ancestors had for many years the entire management of the affairs of the Pagoda, and its funds and had subsequently conducted them through the Agency of their Permanent Rama Row and Condangy Sreenevasa Rung auchary. That the former of these persons was dismissed for having by the orders of his Superiors, the Petitioner's Ancestors and that the Pagoda affairs when taken under the Management by Mr Place, were received from the hands of their Permanent the said Condangy Sreenevasa Rungan Chary. That he the Petitioner is the head of Tantachary's family and as such enjoys the rights and dignities of the 1st Teertum, Manay &c &c and is not that, should the Government relinquish the Management of the Pagoda to be nominated the sole trustee. He supposed his late Father Tantachary produced to Col Cox Copies of certain correspondence

the Manager between the then Collector Mr Balfour and the Board, 2ndly Translation of an agreement executed by C Streenevasa Rung auchary on being appointed Trustee to the Pagoda of little Conjeveram 3rdly an original Petition from him to the Board solicit-ing an increase to the funds for celebrating the ceremonies instituted in honor of his ancestor with an endorsement given by C R Cotton Esqre 4thly Certified Copy and an extract of a Proclamation by Mr Place in 1795.

3 The opponents of Tantachary are the Adsecapatar Meerasdars of the Pagoda and in their Petition No 393 after stating their belief that Mr had recommended that Tantachary should be nominated sole Trustee as the Senior Member of the descendants of the person who constructed the Pagoda urge that his Ancestor did not construct it, but that it was originally built by two individuals named Mayhew Maraca Nayer and Mangee Nayer, Members of the Vengala Sect, and which fact they urge to be indisputably established by the marks and Symbols of the Vengala Sect existing on the walls and Mantapums of the Pagoda, they

urge

urge that Tautacharry and his family are of the Vadagala Sect, and that he has only a community of hereditary rights with the other Brahmans in the Pagoda, and ask how if so his Ancestors had from its institution been invested by right with the sole authority to conduct its affairs it occurred that the Trustees recited should be those of the Tengala Sect? They then submit the result of their appeal to the Courts by which it was decided that the Trustees of the Tengala Sect should be elected by a Tengala Brahmen

4. Such are the claims and counter Statements of the Parties at issue, with the arguments and documents they adduce respectively: and I shall now submit a few remarks upon them, more particularly with reference to the 8th Para of the Board's letter under reply, wherein they say the "Board would therefore upon the whole prefer restricting the appointment in such cases to one of the "parties professed & established hereditary claims".

5. Two questions naturally arise

and

out of these papers 1st Has Tautah Charry proved his hereditary right to be nominated sole Durmakurtah to the Pagoda, or does it appear that any others have equal claims? 2ndly Is it expedient that one person only should be appointed and if not, who are the proper persons to be named having reference to hereditary rights and the due preservation of peace and order?

Letter to Board 7th May 1793.

6. In May 1793. Mr Balfour the then Collector in reporting on the disputes existing between the different parties in the Pagoda, and on their conflicting claims to the Office of Churchwarden remarks on the absence of all proof and "the impossibility of ascertaining the real truth" Their appear to have been no documents even then to Establish the point at issue, and at this distant period we have only the recorded result of the investigations of those times, and reports of the fact that then occurred, to refer to.

Letter from Bd to Government dated 27th June 1792.

7. In 1792 it appears that one Ram Row a Tengala Brahmen held the Office of Dhurmakurtah, when with a view

Fort St. George 7th July 1852.

view of composing the dissentions which for a long time had subsisted among the Brahmens, the Board of Revenue under the approval of Government determined not to interpose upon those points of religious Ceremonies which gave rise to the disputes but judged it necessary to direct that unless they adjusted their differences in such time as might appear reasonable, and proceeded to an amicable selection of a Commander the Rooftoors Mani should be stopped, but this threat not having had the desired effect, and the period for carrying on the annual Festival approaching, the Board then desired the Collector to intimate to the parties concerned that he had positive orders to prevent the celebration of the Festival, unless all disturbances should have ceased on both sides, notwithstanding this notification and the contention between the parties continued violence. Ram Row made preparations for the carrying on the Festival. The Collector then placed

Fort St. George 7th July 1852.

placed Ram Row under restraint, and conducted the festival through the linear Servants. The Government then desired that Ram Row should be disqualified from all future concerns in the Pagoda.

From Govt. to Bd. Dated 24th June 1792.

To Board 12th April 1793.

In April 1793. Mr. Balfour brought 8. to the notice of the Board that the period for the celebration of the annual Festival was again approaching, and alluding to the dismissal of Ram Row the Head of the Temple party suggests that that party having been set aside, their adversaries should be nominated, as the only party existing to attend the Festival. He states that the ancestors of Tantacharry had in former times been the Dhurmakurtahs of the Pagoda until in consequence of a dispute with the Mahomedans, the Brahmens carried off the Idol, and secreted it at Odeerpollam the Poligar of which place presented their again taking it back.

About 26 years subsequent to 9 this the Brahmens made an arrangement with one of the Ancestors of Ram Row engaging to cede to him

from the Office of Thummakoodah should be-
cause the restoration of the Image to the
Pagoda, and which through his influence
he succeeded in doing.

From Board 29th April 1793.

10. The Board in reply desired full
information regarding the parties to whom Mr.
Balfour proposed to entrust the charge of the
Pagoda, and his report is dated in the fol-
lowing Month. In this, he states the result
of his enquiry to be, that the Tantah Cha-
rry family were the hereditary Sole Church-
wardens, but that he believed the ancestors
of those men whose names he enclosed
were the original Churchwardens, and that
the ancestors of Ram Row were put in by
them as their Gomastahs or Managers
but he then goes on to say that he con-
siders it would be dangerous to the
public tranquillity from the enmity exist-
ing between these two sects, the Tengalas
and Vadagalays to allow them even if
appointed Churchwardens to carry on the Affairs

According ly with the permission of the
Board Streenevasa Chairy was nominated
executing an agreement prepared in
the Board of Revenue and dated 13th
January 1794. This document contains
the following sentence, which supports the
claim of Tanta Chairy more than any
thing else that he can produce "the

gave rise to an immediate outbreak on the part of the Tengalays but their opposition having been put down by the powers of the constituted authorities Seeniappa Rayawachary held the Office of Dhurmakurtah until 1796. When Mr Place reports to the Board that in consequence of the funds of the Pagoda having been so dissipated by the mismanagement and misappropriation of the Churakwarder he had been compelled to take them under his own management, since which period they have remained under the control of the Government Officers.

1st May 1796.

12. The Board cannot fail to remark on the contradictory and unsatisfactory nature of the reports above alluded to, but from an attentive consideration of the whole correspondence and documents I am led to consider that Tantah Chetty has not established any hereditary right to be nominated Churakwarder. On the contrary, I am led to believe that had the family at any time

Fort St. George 7th July 1822.

time been invested with such a right they ceded it to the Ancestor of Ram Row when he brought the Idol back from Odiaverlum. For I find that not only did that person hold the Office during his life, but that his descendants succeeded him until the period of Ram Row's contumacious resistance to the orders of Government when he was deposed not by the Tantah Chetty Family dismissing him as their Gomastah, but by the interference of Government, and further had Ram Row and his Ancestors who were leading men in that Pagoda of the Tengalay Seat, been only the Agents of Tantia Chetty family the Head men of their opponents the Wadagalays it cannot be doubted but that they would have been displaced during the bitter disputes that existed between the two Sets for so many years. The persons named by Mr Balfour in his report of the 7th May 1793, are all of the Wadagalay Seat, and without some good grounds it is difficult to

Fort St. George 7th July 1842.

to perceive how they could have nominated a Tengala Churchwarden. Considering the whole of these circumstances therefore it appears to me probable that previous to the nomination of Ram Row to be Churchwarden the Ancestors of Tautaw Charry held the Office but that they ceded all right in it in favor of Ram Row's Ancestors on condition of his recovering the Image for them the Office being considered hereditary then continued in that family until Ram Row was dismissed by order of Government whereby I conceive the right must be considered in abeyance, and that such persons as appear from their connection and interest in the Pagoda best calculated efficiently to fulfil the trust, should be nominated to it.

13. This brings me to the second point and whether I consider the magnitude of the charge, the amount of revenues of the Pagoda, or the difficulties arising from the contending spirit and animosity existing between the Tengalay and Vadagalay Sects, I cannot but express strongly my conviction of the inexpediency of investing a single

Individual

Individual of either party with the power and authority of sole Trustee, and unfortunately there is no one in the District of sufficient influence power and wealth to render him an acceptable Trustee to both parties. With these views and opinions I nominated the proposed committee to the Board and I must now add that a most careful and deliberate reconsideration of the subject has not altered my opinion.

14 Previous to bringing this Report to a conclusion it may be advisable however for me to point out more particularly the parties whom I have suggested as a Trustee. The first of them is the Head of the Tautah Charry Family, a Wadagalah, and regarding whose claims I need not say more. The Archakah and Pareekarekah of the Pagoda also are of the Wadagalay Sect, and their Ancestors were two of the persons named by Mr. Balfour in his letter of the 7th May 1793. as the original Churchwardens. Reporting on the claims of certain Petitioners to the churchwardenship of the Streepermatoor Pagoda and recommending that Satagopa Charry may be appointed Sole Trustee.

Sir,

2. The Petitioner in No 272 of 1842

1870

Fort St George 7th July 1842

1842 named Satagopah Charry urges his claim to the sole management of the Pagoda, on the plea that his Ancestors had not only enlarged the Pagoda at their own expence but also obtained for its support considerable endowments from the Carnatic Governments, and also held the Office of Dhurmakurtah until the formation of the Permanent Settlement, when the Zemindar of Streepermatoor having preferred his claim to the churchwardenship it was disallowed, and decisions confirming the rights of his own ancestors to the above Office were passed both by the Courts of Adaulut and by the Board of Revenue, and that latterly in 1811 in consequence of the Minority of his then ancestor the Pagoda was taken under the Collectors Management.

3. The Archacas of this Pagoda urge, in their Petition No 331 of 1842 that in consequence of the important duties performed by them they are entitled to be nominated joint Trustees in the same manner as was proposed

Fort St George 7th July 1842

proposed for the Pagodas of little Conjeveram and Trivellore.

4.

Some of the Inhabitants of Streeperumatoor and its vicinity who are the Petitioners in No. 332 of 1842, remark, that the late Dhurmakurtah having misappropriated part of the property belonging to the Pagoda, his heir ought not to be nominated as Churchwarden, but that the Pagoda, should be entrusted to the management of the Committee of 5 Individuals of respectability.-

5.

Some other persons residing at Streeperumatoor who presented the Petition No. 370 of 1842 state that in consequence of the hereditary right possessed by Satagopah Charry, he should be appointed sole Trustee and that the names of the two other persons already entered should be excluded from the list.

6.

The prejudices and dissentions existing between the Wadagalah and Tengalah sects led me to recommend the nomination of

Fort St George 7th July 1842.

of a Committee composed of persons of both sects for the superintendence of the affairs of this Pagoda but on a reconsideration of the subject, and referring to the sentiments expressed in the 8th Para of the Board's letter dated 11th April, I am now of opinion that Satagopah Charry should be nominated sole Dhurmakurtah - The Decree obtained

From Board 23 April 1812
To - Do 10th May 1827
From Do - 14th - Do -

by his Predecessor in the Courts of Audalut clearly recognize the Acharry to have an inherent right to the Office and therefore though for other reasons the nomination of a Committee in preference to that of a single Trustee, might be expedient, I now deem it advisable that the trust should be imposed on him alone.

7.

The arguments urged by the Archakas in the Petition No. 331 of 1842. to advance their claims are not such as require any detailed reply the circumstances under which a committee has been recommended for

for the management of the Pagoda of little Conjeveram are quite Lastud, no, inherent right to the office of Dummacur-tah to that institution has been establish-ed in the Courts, and the revenues of the Pagoda amount to Six times the amount of the revenues of Streeperumatoor.

8.

The Petitions Nos 392 and 370 of 1842 appear to require no remarks except that the charge of malversation brought against one of the ancestors of Satagopah Charry was never established by proof.

Transmitting Collector's Receipt

Sir

I have the honor to acknowledge the receipt of your letter of the 30th Ultimo, giving cover to a Petition from Nelacunta Row the Head Sheristadar and with reference to it to report for the information of the Board, that about one year since I considered it expedient to call upon the European Apothecary attached to my Establishment to furnish me with a Certificate, shewing the opinion of that person's capability of executing his duties when stated that although he had not attended Nelacunta Row in a Medical capacity as that person entertained a Native Doctor on his private staff he knew him from some years observation to be unequal to the performance of them and that from what he could learn he believed him to be suffering under incipient taint. Nelacunta Row was then sent with this Certificate to Dr. Smyth at Saint Thomas' Mount with a request he would favor him with

(34)

me with his opinion on Veelacunta Row's
case and his capabilities for active service
Marked A and the enclosed is a copy of the Certificate
received, which I considered most unsatisfac-
tory, in as much as it failed to state
whether in his opinion the man was or was
not able to perform the duties that were
required of him. The Statement that he was
not more infirm than the generality of
natives at his age, being in fact no answer
to the query put. Further
only tended more strongly to confirm me
in my opinion of Veelacunta Row being
totally unequal to the duties of Head
Sheristadar and that my Establishment was
thereby rendered inefficient. I desired
Mr. Hughes to report on the matter to the
Superintending Surgeon of the Division
and request his opinion on the subject. On
that Officer called for the
purpose of seeing Veelacunta Row
the Annexed Certificate of Dr. Smyth
was put into his hands that he
might be aware of all that had

passed the result was that Dr. Young hav-
ing consulted with the Medical Board
countersigned the Certificate and which
was then submitted to the Board.

2 That Veelacunta Row is
and has been for some years totally un-
equal to his duties must be well known
known to my predecessor one of the Mem-
bers of the Board and I believe Veelacunta
Row was also so well aware of his impression
that he had it then in contempla-
tion to retire and request a Pension, on
but the Medical removal to a superior
Office induced him to withdraw his
application for the pension which he
had submitted to him.

3 I will not take up the Board's
time in alluding to the impropriety of
my Head Sheristadar addressing your
Board direct in lieu of submitting his
address through me, but I must distinct-
ly state that unless he is removed I shall
be left with an inefficient Establish-
ment for the discharge of the duties
entrusted to me. The original Petition

This is to certify that I have minutely examined Seelacumba Row Head Sheristadar of the Chingleput District. A single interview does not enable me to form a correct opinion as to his mental powers which however do not appear to me to be impaired. Physically he is an very old man not more infirm than the generality of Natives at his age, which is said to be 62. He is free from disease and with reference to the Certificate of Apothecary Hughes in Medical Charge of the Collectorate Establishment he has not the slightest vestige of ever having had the venereal disease, much less secondary Symptoms. Under these circumstances I could not take upon myself to state that he was unequal to the performance of further duty.

2. Mr. Freese first proposed that Seelcunta Row should on account of mental and bodily infirmity be allowed to retire on a pension so long ago as August last, and this was repeated in December last, and this was repeated in December last, but both these recommendations, being unaccompanied by the required Medical Certificate of his incapacity the Board declined forwarding them to Government. Mr. Freese has now transmitted a Medical Certificate from the European Apothecary attached to his Cutcherry countersigned by the superintending Surgeon Dr. Young.

Under these circumstances the Board are willing to withhold the submission of the Papers to Government although it will be observed from Seelacumba Row's Petition that he is still desirous of continuing in Public Employ.

Cutchery, and subsequently in the Morzoor
situation, having latterly attained to the
situation of Head Gommastah in the
Morzoor Cutchery. The remaining
period of his service, being upwards of 7
years, has been passed by him as
Jahsildar. The selection of a person
judicious Summajee Row has come recom=

To The Secretary to the
Board of Revenue
Fort St. George

From the Coll.r of Trichinopoly } Sir,

Proposing to let the outstanding balances of the Ryots stand over until the ensuing season shall show whether there is any likelihood of recovering them or not also stating that there is a balance of Rupees 15720 in Villages of which the Ryots declined to take Pattahs & that the only courses available is to place the Pattahs in the Curnums hands & endeavour to realize the amount at the time of selling the grain.

Para 1. Adverting to the outstanding balance of the current fusly as exhibited in my last Statement of Demand Collection and Balance I regret to be obliged to inform the Board

Board that in consequence of the continued lowness in the price of grain it will be impossible to realize the whole amount of the Beriz within the fusly without causing very serious distress and without embarrassing the ryots so as to prevent them to a great extent from undertaking cultivation for the ensuing fusly, and that a large portion of the balance against Ryots in the wet Talooks cannot be realized at all unless the Defaulters lands be sold a measure which, under existing circumstances, I need hardly say I am far from recommending.

The total outstanding balance on account of the current Land Revenue is Rupees 71,951-3-4½ of which I have little doubt that by the end of August Rupees 40,551-3-6½ will be collected the remaining sum of Rupees 31400 being 4 per Cent on the gross Beriz I have no expectation of realizing unless the harsh

harsh measure alluded to above be resorted to. I beg therefore to propose that it may be allowed to stand over until the circumstances of the ensuing season shall have put it into my power to state whether or not the condition of the Defaulters still renders it desirable that it should be retained as a balance or struck off.

3. In making the above proposal I have satisfied myself that the collections have been made with all possible strictness, and that in many instances actual losses have been sustained the sum of which it is now proposed to postpone. The Collection is composed of items due by ryots who not only have sustained losses but who have no means, or not sufficient means, to enable them to pay without interfering with their cultivation in future.

4. The accompanying Statement exhibits the application of the proposed postponement talookwar. It will be observed that the percentage of the postponed balance on the Buzy differs much

the

the several Talooks. This is to be accounted for by the circumstances of there being a very much greater proportion of small and indigent occupiers of land in Conaud and Sankgoody than in the other talooks.

It will further be observed

5. from the statement that over and above the sum proposed to be postponed there is an irrecoverable balance of Rupees 15,720 — 4 10 in Villages of which the Ryots declined to take puttahs. the difficulty of making collections under such circumstances is not unknown to the Board. to take the lands under a any management is to take them at a certain loss. to attempt to let them would be hopeless. the only course therefore left is to place the Puttahs in the Curnums hands and by keeping as strict a watch as possible to realize the demand at the time of selling the grain. that this is not likely to be done in full, I need not explain — for it is in consequence of there being reason to anticipate that the proceeds will not either from lowness of price or deficiency of produce be sufficient to meet the Circar demands that the puttahs are refused. and hence the balance in question.

3. — In the Beetle rent it will be observed there is an increase in three Talooks and a Decrease in 5, the result being an increase on the whole of Rupees 630. — The cause of increase and decrease do not seem to call for any particular remark. —

4. — Deposits of one Months Rent have been made by all the renters except the renter of Aureatore, and it will perhaps be necessary to make other arrangements for that Talook, which will be duly reported. —

5. — Two of the renters have not yet given security, they however will do so in the course of a day or two, and the other the highest bidder for Aureatore will perhaps fail to fulfil his engagements. —

6. — The farm of the Abkarry exhibits an increase of Rupees 855. — which arises from its having been let Talook wise. — All the renters have paid a deposit of one Months Rent, and three of them have given security and there is no doubt that the others will not fail to fulfil their engagements.

7. — I have the honor to request that the Board will sanction the sales of the rents according to the Statement annexed to Para 2, subject to the usual terms.

Order thereon.— The Board authorize the Collector of Trichinopoly to accept the offers for the Beetles and Cabbarry rents of his District for Fasly 1252 exhibited in Para 2 of the foregoing being satisfied of the competency of the Securities offered.—

Read the following Letters.

To

(46-47)

Fort St. George 7th July 1842

To The Secretary to the
Board of Revenue
Fort St. George

(48)

From the Collr of Madura ..... } Sir, I have the honor to be, &c.

Recommending the offer of all the cultivated & cultivable pasture lands in the Ramgherry Zemindary to any one willing to cultivate & imposition of the tax on all of certain ineligibility for cultivation though no cultivation offers, if kept for pasturage, and throughout the village all the revenue & village establishments to the Inhabitants in common.

Requesting authority to enable him to carry the above into execution, to suspend all the Nattamgars for Grazing cattle & substituting Goat Mongrams, and the appointment of a Deputy Scarcity Tahsildar on 25 Rs. a Month and extension of these rules to the adjoining Villages of Veekomalai in Thagamalai & Comarapady.—

(1) Sir

The Ramgherry Zemindary, in Dindigul was assumed in July 1825 (See Statement accompanying letter to the Board of the 18th September 1820) The balance Rupees 16,672-8-3 was written off under the Government sanction of the 5th January 1821, and an allowance of 10 per Cent on the average Collections was authorized, but by some accident an allowance of 10 per Cent on the average settlement was what was actually given.

On the 3rd May 1826 the (2) male line became extinct, and, under date the 21st October 1830 the Government sanctioned in their letter No. 921 the recommendation of the Board, under date the 30th September of the Pension suggested by the Principal Collector, under date the 11th January of the same year, to the females which they are still enjoying.—

(3) It is situated in a nook of the Maroongapoory talook, and bordered by the Vettoocutty talook of Trichinopoly and that of

of circar in Combettoor since. I resumed charge of the manneyapoorum Talook from the Sub Collector in exchange on fusly 1269. this Pollicom has had much of my consideration but it was not till the end of April that I could find time to give it my personal attention.—

4 The numbers of Pottah Hyds, quantity of cultivation, and amount of revenue from Poonjah lands, for in this report we have nothing to do with the small population of the 21 Inam Villages are respectively in fusslies 1213, 1226, the first year after re-incorporation, and 1250 and 1251 Viz: the two last year was as follows.—

Fusslies	Pottah Hyds	Total of Cultivation in round Numbers	Total revenue excluding the 21 formed Inam Villages	Total population
1213	2,219	18,415	37,617	
1226	1,486	13,103	25016	13,534
1250	1,109	9,445	15,247	15,754
1251	1548	12,508	21023	11,700

Fort St. George 7th July 1862.

5 This great falling off of the revenue is attributable to two principal causes 1st a succession of years of very great drought up to the year before last, and 2d The reservation of arable poonjah for pasture and for hay on which no taxes have ever yet been levied.—

Statement No 1 shews the ayacut poonjah after deduction of manniums and Peramboke, at Cawnies 54,327- of which in the Current fusly 1251 / 10,000 Cawnies were cultivated with Poonjah garden produce; Cawnies 20818 are used tax free as pasturage common to the whole of the inhabitants, Cawnies 23,108 have been reserved by the principal inhabitants for their private pasturage and for hay, and there has been similarly appropriated to private use as grass Lands 600 Cawnies of Perambokes, and 203 Cawnies of uncultivated Poonjah known as Poonjah waste; Thus the quantity of Land paying no tax but made use of for pasturage and hay, (the last in small quantity) is no less than Cawnies

Fort St. George 7th July 1842

44.226 out of the Punjah ayacut of 54.224 and from the Pranemboke and Punjah Cawnies 603 Total 44.829.—

6 The 24.012 Cawnies of grass land, to which there is no common right is occupied by the most wealthy and influential persons of the Gemindary most of them being Pattie Village Offices most of it is inclosed with strong ox fences and is guarded with much expence and trouble:—

Its full tax would be Pagodas 20.884

¼ tax or grass land tax, as in Coimbettoor —— " —— 10.221

At 6 anas per Cawny, as in Trichinopaly —— " —— 9.004

At 4½ anas per Cawny as in the adjoining Pallems Cadavoor in the charge of the Proprietor —— " —— 6.753

and of the whole of the 24.012 Cawnies of 13,333 are punjah of the first quality.

7 When calling upon the occupants to shew cause why they should not pay at one of the above rates, they maintained that in Coimbettoor, Trichinopaly and

Fort St. George 7th July 1842

and even in Cadavoor the lands were low and produce plentifully, whereas in this pattem they are high and not worthy of Cultivation that they are determined to pay no tax but would prefer to abandon their inclosures should any one be found willing to undertake to cultivate.—

An inviting proposals for Cultivation by non possessing inhabitants they expressed their conviction that if they came forward the occupants would at once agree to Cultivate or at least to pay a pasture or tax; and being themselves the Village officers and influential men they did not dare to expose themselves to their certain revenge.—

8 At the end of April the grass on the higher and inferior lands was consumed but that on the lower was still standing and I understood would be sufficient to supply pasturage till the middle of June for as above shewn great pains is taken by strong and valuable fencing to prevent injury and wastage.—

9 Some of the Pattangars and Cavaunes are men of good account possessing

Fort St George 7th July 1842.

professing each flocks and herds with pro-
100 to 500 Cawnies of pasturage, which they
will neither cultivate themselves nor allow
any one else to undertake. They breed
cattle themselves and also purchase
calves in the much better breeding Coun-
tries of Combettoor and Salem which they
rear and afterwards dispose of at the
great annual fairs of Madura and
Pulney; and considering they pay no
tax for the [illegible] their profit is greater
as graziers than it would be as cul-
tivators. The Government only is
the loser of its fair dues for the con-
:struct of the land.—

10

I beg to forward Statement
No 2 shewing at one view the great falling
off in the Revenue of this Pallium be-
:tween Fusliee 1213 and 1726; and again the
great renewed decrease since 1246; and
beg to conclude with recommending pre-
:paration of a detailed list of all lands
desirable for cultivation and inviting ryots
to take them up by proclamation; that
all for which no cultivator can be found

Fort St George 7th July 1842.

to come forward should be left open
for individual pasturage at the quarter
tax and all not so appropriated should
be free to the inhabitants in common—
To remove distrust and give a fair es
prospect of success to the above propo-
:sition I should be authorized to suspend
the Nattamgars for 2 years, and substi-
:tute monigars— I must also be authorized
to entertain as a temporary measure
for one or at most two years a ex
Deputy Tahsildar on 35 Rupees a month
in relief of the Tahsildar whose Cutcha
is 50 miles from this Pallium, and would
finally recommend the same rules being
extended to the Ajumed adjoining
Palliums of Veeranalur, Thogamalur
and Emaravady.—

From the Pr. Coll.r of Madura.

50

Sir,

In returning Petition No. 81 of 1842, received to day with your letter of the 13th Instant, requiring information as to the nature of the offence for which the Petitioners were fined, I have the honor to state the concluding part of Para 9 of the Cowlnamah granted to them entailed responsibility on themselves for any infringement of its provisions on the part of their Sub-renters and as one such Renter not only delayed in violation of Para 4 to grant Rowanahs to Betel Merchants but sold Betel on his own account contrary to Para 5 without confining himself solely to collection of the duty payable on the article, the late Sub Collector Mr. Davidson, fined the Petitioners 10 Rupees.—

Proceedings thereon.

(50-51)

From the information furnished in the letter recorded above on the subject of a Complaint preferred by certain Renters in that District the annexed Endorsement is ordered to be passed on Petition No. 81 of 1842.

"The Board of Revenue having made a reference "to the Principal Collector on the subject of this "address, see no reason to interfere."

Read the following letter.

To,

The Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Collr. of Coimbatore.

Para 1. I have the honor to acknowledge the receipt of your Extract from the Proceedings of the Board of Revenue dated 30th Ultimo directing that the Sahsildar of Pulladum should be put on trial under Regulation IX of 1822 Fort St. George.

(52)

2. Previous to proceeding further in the matter, I would bring to the notice of the Board that the only charge which comes under the scope of Regulation IX of 1822 is the primary one of having

submitted

Fort St. George, 7th July 1842.

submitted accounts of the Dittum settlement of the Taluk shewing only an increase of Rupees 296 — 7 — 3 above the settlement of past Fasly, whereas in the enquiry made by on the spot, a few days afterwards, an increase of 5,833 — 14 — 0 was formed, which under other circumstances would never have transpired. This charge as was formerly implied, was of a prospective nature, and the result of the settlement leaves an inference for the Board to form their own opinion as regards this officers trustworthiness or dishonesty.

3. The Circular order issued to him for the settlement of the Dittum expressly directed that he should proceed to each Village, and conduct the investigation by instituting a minute enquiry into the circumstances of each Ryot Viz. Vizt. which the Sahsildar utterly disregarded, having concluded the settlement of 10 and in some instances of 13 Villages in one and the same place as will be seen from his Diary

submitted

interests of Government and subversive of my authority.-

7. With reference also to the order of placing the Sahsildar on his trial under Regulation IX of 1822, I beg to be informed, for my future guidance, whether I am not disqualified from again investigating a case on which I have already come to a judgment, and in which, or whatever might be the result of a second trial would always be liable to be appealed against, on the ground of the bias, my original Proceedings must of necessity have produced.-

Coimbatore, on Print. Coll.s office 30th June 1842.

(Signed) J. C. Wroughton
Print. Collector.

Ordered that the following address be submitted in reply.-

51-53

To the Principal Collector of Coimbatore

To the Pl. Coll.r of Coimbatore, Sir, Para 1.

I am directed by the Board of Revenue to acknowledge the receipt of your letter

In Cons.n 7th July 1842. date the 20th ult.

Sahsildar of Pulladum, and in reply to state that they see no sufficient reason to modify the instructions communicated in an Extract from their Proceedings dated the 30th of May last by which you were directed to put this officer on his trial under Regulation IX of 1822.-

2. Without adopting this course of proceeding the Sahsildar will never have the opportunity of seeing the evidence adduced against him, and consequently have no means of putting on record any explanation of his conduct which he may be prepared to offer in his defence and which it is essential he should be afforded. The Board are further of opinion that among the charges specified in the Memorandum which accompanied your letter of the 31st of December last there are several which clearly come within the provision of the Regulation just alluded to, and they therefore request that you

In Cons.n 7th July 1842.

you will proceed at once to the trial of the Sahuldar, and submit the result, together with copies of the original Proceedings of the case, for their information.

To the Secretary to the
Board of Revenue
Fort St. George.

From the Coll.r of
Malabar.—

Sir

I have the honor to forward for the information, and I trust approval of the Board, Copy of an order lately issued, on the terms under which individuals will be permitted to cut Teak and Blackwood in the Government Jungles at Segoor. I am satisfied that the plan proposed is as desirable as any that can be formed for the benefit of the Public and Government.

A.

Notice is hereby given that there

are a considerable number of Teak and Blackwood trees in the Government jungles between Segoor and Sippacadoo which it is intended to allow to be cut by Individuals on the payment of 2 Rupees for each Teak, and one and a half Rupee for each Blackwood tree. Persons desirous of availing themselves of this permission, are requested to make their wishes known to the Sahuldar, who will send a person to shew the trees which may be felled. The object being to make the wood generally available, no party will be allowed to cut more than 20 trees on one application. If more are required, a second application must be made after the first felled trees are carried away.

From the Sec.y to the Military Board } Sir,

The Principal Collector of Cuddapah having submitted to the Military Board the accompanying Indent for 19 Sets of Weights and Measures in addition to the Standard Set I have the honor under their orders to request you will be pleased to ascertain the wish of the Board of Revenue, whether each Collectorate shall in the first instance be furnished with a compliment of Weights and Measures to be made up at the Fort Carriage Manufactory. The cost will be considerable but it is probable the superiority in regard both to correctness and durability of the Articles may be considered as equivalent.—

To the Sec.y to the Military Board.

Sir

With reference to your letter of the 16th Ultimo, I am directed by the Board of Revenue to inform you that it is not their wish, nor do they imagine it to have been that of Government, that the Compliment of Weights and Measures required by each Collector should be made up at the Gun Carriage Manufactory. It appears only to have been contemplated by the Committee of Weights and Measures, that one standard Set should be supplied to each Department to be referred to for the purpose of comparison and for occasional verification of those in common use— but not to be themselves applied to the latter purpose— it was supposed that Weights and Measures sufficiently accurate for all practical purposes could be made up in most districts at a much less expence to Government, than they could be supplied from the Government stores.—

To the Chief Secretary to Government.

To the Ag. Chief Secy. to Govt. submitting a statement shewing the number and description of persons charged under Regulation IX of 1822, and the manner in which the charges have been disposed of together with a statement of the number of appeals presented to, and disposed of by the Board, under Regulation VII of 1828 for the 2d half year of 1841.

Sir

I am directed by the Board of Revenue to submit for the information of Government the accompanying Statement, shewing the number and description of persons charged under Regulation IX of 1822, and the manner in which the charges have been disposed of by conviction, acquittal, or reference to the Courts; together with a statement of the number of appeals presented to and disposed of by the Board, under Regulation VII of 1828, during the 2d half year of 1841.

2. The total number of persons charged with offences under this Regulation in the above period was 178, of whom 161 were convicted & 17 acquitted. Of the number of persons charged with offences 7 were native servants of the Collectors public Establishments, and 171 Village Officers. Of the 1st class the whole were convicted. The number of convictions in the 2d class was 154, and the number of acquittals 17.

The

3 The Districts in which the greatest number of charges occurred are Cuddapah and North Arcot but all the persons charged were Village Officers

Cuddapah 64
North Arcot 31.

4 In Ganjam, Vizagapatam, Nellore, Tanjore and Trichinopoly no trials took place under this Regulation during the period under review, and there was only one case in each of the Districts of Bellary, Kanara, & Malabar.

5 It is satisfactory to observe that the number of charges during the 2d half year of 1841. is less than in the preceding six months especially in Cuddapah and North Arcot, where the number has been reduced

+ 174
+ 198

6 The number of appeals remaining under consideration on the 30th June 1841 was 3, which have been subsequently disposed of, 1 of the sentences appealed from having been confirmed and 2 reversed.

7 The number of appeals presented during the 2d half year 1841. was 3; of which two

of the sentence appealed from having been reversed. The remaining 2 appeals, it will be observed from the Statement which accompanies this letter, have since been disposed of.—

of Masulipatam, for fusly 1250, is not so favorable as that of the preceding year. In the Statement entered in the margin is exhibited, at one view, the demand under each head in this, as compared with fusly 1249, from which it will be observed, that almost the whole of the deficiency in question has occurred under that of Salt, and has been occasioned by a falling off in the sales of this article at the Pondrica Cotaur owing, it is stated, "to a decreased demand for the ensuing year, and also to the resort of "Lambadies to the Farms being restricted "by a want of forage and water for their "Cattle." It is satisfactory however to find on

on reference to the marginal note to para 6, of the Collector's report, that the sales of fusly 1250 are higher than those of any fusly for the last 25 years, with the exception of Fusslies 1246, 1248, and 1249. The net revenue derived under the head of Salt, after deducting charges, in which there was a slight increase, amounted to Rupees 2,32,554-4-4 and

+2,60,300-4-1 was below that of fusly 1249 in the sum of Rupees 27,743-3-9

Para 3 2 With reference to the remarks recorded on the subject, noticed in this paragraph, His Lordship in Council desires that the Board of Revenue will ascertain and report, for the information of Government, if possible, the mode in which the late Collector Mr. Grant expected to realize an additional revenue of Rupees 4 lacs and 10 thousand, by the sale of Spontaneous Salt.

3 The increase under the head of Sayer is stated to have been derived from the greater amount of duty levied on Cloths, Tobacco, Betelghee, and Iron. The net revenue derived from this branch

was 71,255-13-4 being in excess of that

+70339-12-9- of fusly 1249 in the sum of Rupees. as 916-7-

4 The excess under the head of Sea Customs is shewn to have arisen from the great demand for grain in Rajahmundry, and for printed goods for exportation to the Persian Gulph. There was a decrease in the charges to the extent of Rupees 93-11-10, and an increase in the net revenue to that of 1310-6-2 as Compared with fusly 1249.-

5 The increase in the demand on account of Moturpha is, it is satisfactory to observe, attributed to the improvement in the condition of the class of people from whom this source of Revenue is derived. In the amount of charges there was a decrease to the extent of Rupees 530-10-5. which raised the net revenue to Rupees 7,693-5-1 or Rupees 1,695-10-5 above that of the year preceding. There was a balance due under this head of Rupees 814-1-8 at the close of the fusly, which subsequent Collections have reduced, it is stated, to Rupees 118-2-1.

The

Fort St George 11th July 1842

6. The causes of the increase or decrease, under the several heads of Tobacco Stamps and small Farms and Licenses, are explained in these paras and do not seem to call for particular remark in this place. But it is satisfactory to observe that of a balance of Rupees 2,279-1-17 due on account of the first of these items at the close of fusly 1250, Rupees 2040-7-10 are reported to have been recovered, and the remainder to be in Course of realization.—

7-9-10

7. The gross Collections under all branches of Extra Revenue for fusly 1250 were Rupees 4,24,219-7-6, from which, after deducting Charges, there remained a net Revenue of Rupees 3,72,497-5-6- or Rupees 21,164-4-7 below that of the fusly preceding.—

8. His Lordship in Council considers the result of the Settlement of the Extra Sources of Revenue in the District of Masulipatam for fusly 1250, to be creditable to the management of the late Collector Mr P. Grant.—

Read the Report of the Collector of Guntoor on the settlement of his District for Fusly 1250.-

Para 1. Notwithstanding a failure of the latter rains, the Season is repre=sented as having been a tolerably favorable one. The effects of the drought were felt most severely in the deficient Supply of water for domestic purposes, and for the Cattle. Some lands prepared for the second Crops were left unsown, and a decrease is exhibited in the extent of cultivation below that of the preceding year. Prices as elsewhere were lower but their fall was checked by the partial drought and did not exceed 15 per Cent below those of Fusly 1249. Small-pox prevailed throughout the province, but whether in a wild or virulent form is not stated.-

2. Mr. Goldingham considers that

that much benefit has been derived from certain new channels constructed by him in the Vaspreddy Estate.- The Board do not find that they have any report of these works in the Department of Public Works, and their Acting Secretary who has been for some time Civil Engineer in the 2nd Division is unable to speak with the same certainty of their results.- The Board resolve therefore to call on the present Collector to submit an account of these projects, and to interdict the execution of any such in future, without the concurrence and superintendence of the Civil Engineer.-

3. The result of the Settlement of the Land Revenue shows an increase of ₹2490-15-7 over that of 1249 Fasly derived chiefly from the Zemindary Estates, but this was counterbalanced by

by the falling off in the Salt

₹2015-4-6- Sales to nearly the same amount; which has been already explained in the proceedings on the Extra Sources of Revenue.- Some improvements in other items of Extra Revenue give as the general result of the Settlement under every head, a net increase of 1299.8-8-3.

4 The accompanying tabular Statement exhibits in one view the past and present condition of the Zemindaries, all of which are under attachment for accumulated arrears, the first on the table being under the administration of the Proprietors, as managers on behalf of Government, while the two last are managed by the Collector.

The

Fort St. George 11th July 1842.-

5. The proportion which the Account collections bear to the peshcush due in each is as follows.-

	1249.	1250.
Rapilly	75 per Cent	73 per Cent
Suttanapilly	45 "	73 "
Vasreddy	62 "	62 "
Chilkaloorpaud.	67 "	80 "
Mulrauz	66 "	68 "

These collections include the amount credited to arrears, as well as current revenue, because it is evident that the former can only be obtained out from the resources of the year.-

6. It will be observed that considerable improvement has taken place in the administration of Suttanapilly, the managing proprietor of which had previously been so remiss, that he was formally warned of the consequences of such conduct. The Rapilly Estate is stationary. It has always been in a more favorable

Fort St. George 11th July 1842.-

condition than the rest having suffered least in the first instance, and having thus been enabled to pay more in proportion subsequently. The present year's management cannot therefore be considered altogether satisfactory. Ramnatha Baboo's conduct in the administration of the Vasreddy property has since rendered it necessary to place the whole under the charge of the Collector. It is unnecessary after the full exposition of the affairs of these Estates, given on former occasions, to go more into detail at present. The details of the Settlement of the Mulrauz Chilkaloorpaud Paloors form the subjects of distinct Reports and will be noticed in Separate proceedings.

7. The Palnad Paloor of 134 Aumanie Villages was settled by the Collector himself on Ryotwar principles, a fixed money assessment being apportioned

apportioned on each field. If this assess-
ment is really what it purports to be,
the necessity for resorting to the minute
Estimates of actual produce detailed
in the accounts is not apparent, nei-
ther is it explained in what manner
the information so obtained is employed
to regulate the demand - all that is
required under a money rent on each
field is the extent of cultivation and
the number of fields cultivated. The
entries under these heads are only

The inference from which does not quite
tally with the account of the season
previously given that cultivation had
decreased and that this circumstance
had prevented the fall of prices from
being so considerable as elsewhere, for
although the actual extent of land la[id]

the produce, if correct, is consi-
derably above that of last year.

whether this indulgence was
confined to whole fields, or
was extended also to portions
so left, is not mentioned.-

Land from which Revenue is derived

Remarks on Abstract

8. The general results of the Settlement are exhibited in the accompanying tabular Statement - from which it will be perceived that there has been a net decrease of 5900 acres and Rs. 17539 - 6 - 4, as compared with the preceding year -

She

Fort St. George 11th July 1842.-

9. The attention of the Collector is requested to an item of Acres 3-24 of garden land entered for several years without assessment.-

xx Sta. St. No. 1 Col. 12b.

10 Among the items of decrease, two appear very large, and should have been accompanied with more detailed explanation, viz: those on account of lands wholly thrown up

	Acres	Rs.
by poor Ryots.- - -	6114-	- 9230- 11-6
and those partly relinquished by the same class.-	8253- 1-	12665- 11-4

It is desirable that the System on which Such transfers of land are made in this District Should be explained. The Collector's Settlement Report for Fasly 1240, Shows that it has not been the Custom in Palnad to throw up good and bad lands together "that is lands bearing a high and low assessment, generally or unfavorably situated with reference to each other" and again the Cultivators

From Collection 25th April 1832 Para. 22.

District are at liberty accordingly to retain or give up lands at pleasure.- Mr. Stokes will be pleased to state to what extent the increase & decrease of cultivation have been influenced by this cause, and whether there are any local rules or checks for correcting the obvious evil effects of so great and unusual a licence.-

11 The Board particularly advert to the reduction in the assessment of Garden lands, which Mr. Goldingham Stated must necessarily be made, in consequence of the permission accorded of late years to parties, constructing new wells at their own charge, to retain the lands irrigated by them at the old assessment. In pursuance of this opinion there expressed Mr. Goldingham appears to have entered 66 acres 6 guntahs of Garden land under the head of dry cultivation - a proceeding which appears to

Proceedings 26th August 1841 Para. 17.

to the Board to be irregular, to lands should be permanently transferred from one head of assessment to another, without authority, and particularly under circumstances of an open question, such as that of free will cultivation, in which the final decision of Government is still pending.- Statement No. 8 Shows the number of Wells constructed during three years, but the return is defective inasmuch as it does not show the extent of land occupied, in addition to that dependent on the well, nor on whether the assessment is the full or the Cowle demand. Thus No. 4 pays a uniform rate of No. 9 and 30 a progressively increasing one while of No. 1 and 9 have a larger extent of land than one well seems capable of watering. It should also be shown whether these wells vary considerably in size, value &c., whether they are constructed by ryots, Sowcars or others.-

12. The following Statement

Shows the state of the collections up to the end of may last, the result being a balance of Co. 994-9-9 against Palnad, and of 530-0-4 against the Minor Sources of revenue, independent of the unavoidable arrears of peshcush, necessarily resulting from the present condition of the Co. Zemindary Estates.-

further deduction of 14,989 is made under the head of (Vendra) Cowle. It is impossible to ascertain from this nor the explanations given in para 9 what difference exists between these two kinds of tenures or whether as the fully and fairly assessed lands are added together in Columns 57 and 58 these headed under "Fair assessment" may not also be receiving a further reduction as "Vendra".—

3. A small extent of 2 Cop land under the [illegible] Circuit is stated to have yielded only one Cop in consequence of the decayed condition of the Wells. This however is not shewn in the accounts where the whole appears under one Cop land. Lands permanently classed under a particular head should not be removed from that to another description without special sanction but a deduction should be made for the particular year in requiring it as for instance in the above case from the dilapidated state of the Wells.—

Of the large amount of balances adverted to in the 19th para of Collectors report due by Ryots and Renters to the Estate from fasly 1228 to 1246 both inclusive and amounting to Rupees 1039578-3-9 the Board are of opinion under the circumstances stated that no course is left but to recommend that these balances should be struck off; and they accordingly suggest that authority may be given to the Collector to strike out of the accounts all such, as, at the coming Summahbundy he may be satisfied are irrecoverable reporting the sum total at the end of the fasly for the special sanctions of Government.—

7 The out turn of the property for the year under review was 128.180-15- being 5398-4-9 in excess of that of the preceding year. Of this sum 113871-4-0 were collected within the Fasly, and by a small additional sum of 374-3-6 up to the middle of January last leaving 13935-9-0 still due.

8 The same remarks apply to the items of progressively increasing cost, and each letter and figure called forth by the occurrence of similar entries in the Statement. These items should be fully explained

in the next report from the Collector.

Further explanation is also required of the decrease of 619-12-4 noticed under the head of Poolay in Para 11. It should be stated how the Pagoda tax and the curnums fees came to be included in the grazing tax, and under what they are now credited on their removal from it.

Submitting a letter from the acting Collector of Guntoor with the Board's recommendation that he may receive authority for attaching the Pallepurroo Division of the Chilkaloorpaud Estate for the arrears

arrears of Revenue due to Government, and retaining the management in the hands of the Circar servants, making an allowance of 150 Rs. per mensem from the proceeds, for the maintenance of the Proprietrix.

by the officers of Government, and observed that if the wish of Hanoomanayemmah were complied with, it would be requisite that the proposed manager nominated Puntoolos should adhere as nearly as possible to the system observed in the portion under attachment. Under these circumstances the arrangement proposed was not considered objectionable.

2 From the communication above recorded it appears to have been considered by the late Acting Collector to have been necessary, as a preliminary step towards carrying into effect the arrangement above alluded to that the estate should be formally subdivided, agreeably to the accounts furnished to the Board under date the 27th July 1836, and he accordingly reports that he has deferred placing the widow V. Hanoomanayemmah in possession until the receipt of further instructions upon the subject.

In Con. 11th Augt. 1836.

In the Board's letter of the 4th August 1836 to the late Acting Collector

report copy of which was submitted to Government under date the 8th of the following month, they observed that whilst there were such large arrears outstanding against the estate for which the whole of it was answerable, and there being no prospect of the joint proprietors being able to discharge any portion of those arrears, or even to pay the current peishcush, it would not be advisable to sanction the subdivision of the Estate into two separate and distinct accounts of profit and loss accruing to each. For the same reason the Board consider that it would not be expedient on the present occasion that a regular subdivision should be allowed to be made the property being still in arrear to Government to a considerable amount and liable to be at any time disposed of in liquidation of the same, should such a course be decided upon by the honourable authorities, before whom a reference upon the subject of the

arrears due upon the estate in the Guntoor district generally is at present pending.—

4th It is learned from a letter addressed to the Board by the Collector of Guntoor under date the 3d September 1838 which has been laid before Government that the interest of Hanumenaig[illegible] in the portion of the estate which she wishes to have made over to her is "for interest only" on her demise the to Venkanah now or her heirs. Venkanah now being dead the portion will, in the event of V. Hanumenaig[illegible] be inherited by the heirs or whose name the Talooq portion of the estate has been taken under the Court of Wards.

5th Under these circumstances and seeing that the appointment of Purseemul Pantulu the party for[illegible] by V. Hanumenaig[illegible] as her manager is considered objectionable the Board have come to the opinion that it would be better that the whole

of the Chilkaloorpaud estate should be managed by the officers of Government than that one half should be retained under the Court of Wards and the remainder subjected to the different system of management which there seems every reason to expect would be adopted, if it were made over to the proprietor. and they resolve accordingly to recommend that the attaching the Pallepurroo Division for the arrears of revenue due to Government and returning the management in the hands of the Sirkar servants making an allowance of Rupees 150 per mensem from the proceeds for the maintenance of the proprietrix.—

With reference to the Extract from the statement of Charges actually incurred without Estimate in Fasties 1249 and 1250 in this District, dated 9th May last, I have the honor to submit explanation in regard to the items therein objected to.

(25)

The amounts of Rupees 35 and 25 respectively were paid for killing two Tygers, but not Cheetas, as inserted in the Account furnished from this Office, and it was a mistake on the part of the writers who translated the account into English as the amount of both Rupees does not exceed the maximum authorized rate of reward for two Royal Tygers by that the Board of Revenue will be pleased to obtain the sanction of Government for the Charge under dispute.

Decree of the Provincial Court

This suit was instituted for the recovery of certain lands be granted to

to the Plaintiff by one Ladiakatoo the two
These lands, which had been held under
a right derived from a former Government
were resumed by the Government of Hogster
and Tippoo, and held from the Original
Grantee during the period of 21 years —
When the Company acquired the Country
A summud was granted by Colonel Munro
dated 1st March Fasly 1210 by which the
lands in dispute were restored. —

The Collector argues in answer
to the suit, that the lands come under
the operation of Regulation IX of 1831 and
were not subject to the jurisdiction of the
Court. —

The acting Zillah Judge of
Cuddapah who tried the suit argued —
"that the property in question is hereditary
"and not of the nature contended by the
"Defendant, and that according to it comes
"within the Jurisdiction of the Court, nor has
"the Defendant attempted to prove his —
"right to hold such lands in Inft pending
"the litigation." It cannot be doubted however
"from the whole terms of the case that
"the several Collectors who have

"held this land in Inft acted from —
"the best and purest motives of duty
"& c. again up to this moment the true
"rightful owner has not been determined
"and as far as his interests are involved
"they could not have been in better —
"hands."

The Zillah Judge decreed "that
"pending the investigation respecting the
"true claimants to this property in No. 346
"of 1835, the Principal Collector shall —
"conduct the management of the lands —
"as trustee for the eventual owner, only
"he objects thereto, in which case the Court
"will forthwith nominate a "trustee" &c —

On appeal from the Zillah
Judge's decree the Collector refers to a
memorandum of Rules dated the 29th
April 1210 showing what description of rights
were to be acknowledged by the present —
Government, and argues that the lands
now in dispute, fall under the 4th "Rule",
the whole of the rent is to be Inft "they
not having been according to the terms going before
in the same memorandum "enjoyed uninterruptedly." —

The

The appellant states "that the
"enquestion failed in the requisites which
"were admitted to confer the right to its
"restitution or continuance, it can there-
"only be considered as a grant denovo
"from the Company's Government and as
"the only assignable motive for such a
"grant, it must follow that it was by
"way of pension or maintenance. If
"further evidence of its being intended
"as such be required it is furnished by
"the fact that Fakeer Beebee having
"received this Grant of land, was the only
"one of the family who received no money
"pension."

The Collector further argues
against the expression "confirmed" used in
the decree of the acting Zillah Judge, "It
"at most restored to her and the difference
"between the two is material for, whereas
"it was a measure of universal practice
"and a recognized part of the policy of
"the Company's Government to confirm
"grants still held under a valid title,
"it was only for some special cause
"an exception to the General rule

"such as had been resumed by a former
"Government were restored."

The Collector then argues
against the term 'Juft' made use of as
"This would convey the idea that it was
"only under temporary attachment, but
"had not been permanently alienated
"from the former owners" "Jeu" Colonel
"Munro did not therefore release the
"property from Juft" he granted it anew.

The Collector then states that
the land is entered as a Jagheer and not
on Enam in the Circar accounts,
and argues that if it had been an
Enam "it would have been continued to
the possessor by Hyder and Tippoo in
accordance with their usual practice"
Under the circumstances which
have appeared in this case, the Provincial
Court are of opinion that the land not
having been uninterruptedly enjoyed, it
was not claimable under the rules laid down
by Colonel Munro, it must therefore be considered
that the Government conveyed a voluntary gift of it when
they

they allowed the summud to be given by Colonel Munro which placed Kadier Beebee in possession of it, and as it is not possible to conceive that this should have been with any other object than is referred to in the Regulation pleaded in bar to the suit, the Court resolve to reverse the decision of the lower Court, declaring the lands not subject to the Courts jurisdiction, and to nonsuit the Plaintiff with costs.-

Case of Roosoom recommended for the sanction of Government.—

Case 33	Recommendation of the Principal Collector	Board's recommendation—	Orders of Government
A Roosoom of Rupees 2-15-7- has been in the enjoyment of a person named Venkataramanah, son of late Curnum of Trepatore for this there is no Sunnud — or is it known by whom or on what account it was given or entered in an account of Roosoms made out in Colonel de Havilland's time, and also in the account taken at the time when the same made enquiry into the Inam accounts Venkataramanah died 25th June 1841 leaving a widow Alamalummah and a half brother Seetaramiah, who has a son named Mootiah 12 years old. The widow wishes the pension to be given to Mootiah, the young son of Seetaramiah —	The reasons for the grant of this Roosoom being unknown and the terms on which it was given equally so, the Principal Collector can only state such facts as have come to his knowledge the continuation or discontinuance of the Roosoom, rests entirely with the Government — The family are living together and are in no need of the grant of so small a sum Seetaramiah being now a Curnum of Trepatore and in the enjoyment of the emoluments thereof amounting to 70 Rupees per Annum —	Under the circumstances stated by the Principal Collector the Board are of opinion that the Roosoom should be discontinued, and they recommend that sanction may be granted accordingly Revenue Board Office Fort St. George 11th July 1842 — By order (Signed) R. of the lands claimed by Petitioner, between whom and the Manager of the Chuttrum a disagreement arose in consequence of disobedience on the part of Petitioner to the orders of the Manager under whom he served as Goorookul to the Pagodas. An examination as to the validity of Petitioner's claims was lately made and it fully appeared from the report that beyond a right established by long usage to perform the regular Poojahs, no proof whatever was adduced shewing his right to the land from which the Poojah expences were derived. Petitioner himself admits, that there would be no use in denying, that the Peruvanah which he states in his Petition to be in his own name is in fact in the name of the Pagodas and from the examination of the Chuttrum accounts and parties connected with the establishment, the claim of Petitioner is invalidated. Should he however

No 2

To

The Principal Collector of

Madura.

Sir

1. With reference to your Letter of the 29th April last intimating that the quantity of 6-27 of concealed Salt and the sale proceeds thereof were included in the sales of Salt for the year 1834 and 1835 as per Memorandum which accompanied your Letter under reference, and was erroneously entered as a receipt in the statement furnished by you to this Department on the 27th July 1836 instead of being deducted from the balance on that date, I have the honor to observe that the above quantity was deducted with its average rate of Cost and charges from the quantity of Salt exhibited in your Account Current for the respective Months in which the sales took place, and that the Drafts for the sale proceeds were credited to the head of Revenue

In reply to mine of the 12th April 1842.

Fort St. George 11th July 1842

2. The instructions from this Office under date the 15th August 1836 were issued in consequence of your having omitted to afford a corresponding debit for the amount credited at the time of sale to the head of Salt in the year 1834/35 to which an over credit would have otherwise appeared in the accounts to that head, and the amount of subsequent balances shewn in your accounts. Particulars of which have been deficient by the amount of such over credit.

3. Upon the explanation afforded by you regarding this deficiency the Department cannot ignore the required instructions for the quantity being deducted by you from the balance of Salt now remaining on hand without the sanction of Government being previously obtained to write off the same in your accounts.

4. I therefore request that you will have the goodness to obtain the sanction of Government to write off the above quantity of 6-27th of concealed Salt at-

Fort St. George 11th July 1842

at the average rate of Costs and Charges and adjust the amount under a transfer entry in your Journal to the debit of Profit on Sallt by crediting Sallt (similar to adjustments in respect to the wastage of Sallt) and then deduct it from the quantity remaining in Store in the Memorandum annexed to your Statement of Demand Collection and Balance for that quarter

From the Collector of Tinnevelly ... & Canal

Sir,

Reporting his having for certain reasons suspended from office and pay for six Months Cotra Soobiah Tahsildar of Yencausey.—

Cotra Soobiah Tahsildar of Yencausey has ever since he came to this District given me very much cause of dissatisfaction. The balances in his Talook at the close of last year were larger than those in any other Talook and the Board had occasion to point out to me in December last the negligence he evinced in the Maramut Department.

2. As a Police officer I have had repeated reason to find fault with him and in fact it has been with difficulty by constant and tedious driving that I have been enabled to get the duties of the Talook carried on in even a slovenly manner, notwithstanding the perpetual warnings both written and verbal the Maramut of the Tal[ook]

51

Fort St. George 11th July 1842.

the Yencausey Talook has been unaccountably neglected, the balances of current Revenue were unnecessarily large up to the end of April, and orders from my Cutcherry were unanswered and unheeded.

of the Talook were thus suffering by the inattention of Cotra Soobiah, a gross instance of carelessness, bearing much appearance of being wilful from corruption, in a case of murder was detected in the month of March and it became apparent to me that I ought not to permit this Tahsildar to remain longer in Yencausey. Being an old servant with impaired health I was unwilling to recommend his

his dismissal from Office for which measure I consider I could shew sufficient cause, merely to remove him to another Talook would not sufficiently mark my disapprobation of his continued disregard of my authority. I therefore have taken the middle course of suspending him from Office and pay for six Months.

Sir

From the Collr of Canara suspending the proceedings of purchasing Cadjan Paper for use in the Canara District from the Supt of Stationery at Madras in lieu of Portuguese Paper.

Para 1. In reference to the remarks on the Estimate for the purchase of Paper, and to your letter of the 4th April last, I have the honor to forward for the information of the Board, copy of a correspondence with the Superintendent of Stationery noted in the Margin, together with Cadjan of the three Samples which accompanied it.

To the Superintendent of Stationery 7th April 1842
From Letter 7th Ditto
To Ditto 8th Ditto
From Ditto 25th May

2. I beg to observe that the Samples Nos 1 and 2, are of a description which will answer for the use of this Province, instead of Portuguese Paper, but the third kind, is too thin and inferior to be used with any advantage.

3. The Cost of the 1st and 2d Sort of Paper, as stated by the Superintendent, is Rupees 5/2 including all charges of carriage. This amount will be reduced to Rupees 4-10-0 per reams, by the gain in the Number of Sheets of the French compared with the Portuguese paper, as pointed out by the Superintendent.

Fort St George 11th July 1842

4. Under these circumstances I request that the French paper may be ordered to be purchased through the Superintendent of Stationery at Madras and supplied for the use of my office. I should think that the expense of carriage might be reduced by the paper being forwarded by Sea, should an opportunity offer of despatching it by a Mail steamer coming round to this Coast in October or November next.

To The Principal Collector of Canara

Sir,

With reference to your letters of the 1st and 18th Ultimo, I have the honor of transmitting samples of French paper procurable at present at Madras. The 2 Sheets marked 1 and 2 you will perceive to be of a quality equal to those furnished by you, the rates of which will be about Rupees 5-8-0 per Ream delivered by Rupees 1-8-0 to the paper obtained by you on the spot.

Besides the advantage in price above mentioned, there will be another, as regards the number of sheets, which you state in the letter of reply to each Ream of Portuguese paper can be covered with the lighter Ream of French paper. This difference as well as the value of the paper, with every other charge for packing, Carriage, &c. &c. are particularized in the annexed Comparative Statement, which I trust will afford

afford every information on the subject of your communication, and will enable you to judge of the propriety of obtaining a French paper or otherwise.

I beg however to remark that the estimate of the paper now submitted is with reference to its present rate in the market, but the same is liable to fluctuation, and should it be determined to obtain the above paper this Department, I request that early tenders may be recommended, in order that Tenders may be invited at the best season of procuring at as moderate a rate as possible by competition, the quantity of paper required for one or two years consumption.

Sales send a sheet of a third kind of French paper, and if it should answer the purpose for which it is required it may be had at Rupees 3-8 per Ream exclusive of Charges.

Sir

Para 1. In compliance with the instructions conveyed by Extract Minutes of Consultation 2d June last I am directed by the Board of Revenue to submit the following observations suggested by the Sheristaus of Sudr Udalut on the draft act for the modification of Regulation VII of 1817.

2. The preamble and general tenor

tion of that Regulation implys that the due and faithful administration of the Endowments referred to, considered in the light of a trust & duty by Government, is imposed thereby on the Board of Revenue - In divesting themselves of it by virtue of the orders under which they are acting, they consider themselves bound to make it over to the parties receiving it, in the manner best calculated to secure the property from misappropriation or damage. But the number and variety of the Religious Institutions under their control has prevented the application of any uniform plan, and they have been compelled to modify and adapt the agency available, to suit the varied and often conflicting interests for which they have had to provide. In all cases it has been their especial object to select such arrangements as would most completely secure a permanent and final withdrawal of interference, but it has not been possible in every instance to attain so desirable an end with a reasonable hope of success for instance, this

the otherwise satisfactory guardianship of a local chief or zemindar has been extensively employed but in case of the family now appointed or of his successors dying without heirs and the Estate reverting to Government or in case it should be found necessary to resume such Estates and to seclude the Proprietor from all connection with the District in which it is situated (as the case of Palcondah) some new arrangement would be required - These and probably other unforeseen cases which may be expected to prevent themselves hereafter induced the Board to propose the introduction of the 2d clause of Section II of the Draft - And this, it may be observed, does not contemplate an interference with matters exclusively religious, but merely reserves to Government the means of supplying omissions in arrangements designed to put a stop to such interference, the completion of which has been restricted to prevent which does not consist of their sufficiency being proved by the test of experience

The Board are unable to perceive

3

perceive how Sec. III. can be understood as providing that they should continue to hold their influence over all the concerns of the Pagoda. The object of the proposed Draft and of this Section in particular was merely to transfer the powers vested in them by Regulation VII of 1817 to Trustees chosen by them, such transfer as far as relates to the Board being final and complete. This could not be effected without a clearly defined enumeration of the duties to be made over. The parties (not always certain) who have been selected could not otherwise understand the degree of responsibility to be undertaken by them, nor the extent of risk to which they may be exposed. Moreover in the absence of such a document it will be impossible for parties dissatisfied with the proceedings of Trustees to find tangible grounds on which to found a prosecution.

4. The necessity for some formal instrument of the nature of a Trust Deed, has presented itself to all the local officers who have been charged with the details of the measure and they have on almost every occasion previously suggested forms of instruments for that purpose. This was also

Boards Proceedings of the 24th March last.—

5. The wording of the draft submitted by the Board may be wanting in legal precision, that paper having been intended rather to suggest points calling for notice in a new Enactment. But the Board are still of opinion that due provision for these cannot be omitted if it be desired to secure the maintenance of the Endowments, and if the object in view be as they have assumed, to transfer the powers of Trust from one party connected with the State to others divested of any such connection.

6. If the Religious institutions now to be dealt with were few in number, similar in Character and free from the dissension and animosities of contending sects equally interested in the concerns of the Institution, there yet considerably at strife with each other, some general plan as suggested in para 6 of the letter under consideration might have been successfully carried out. But Government are aware from the reports already submitted of the Districts in which all difficulties have been

overcome.

Fort St. George 14th July 1842

overcome, that any such expectation is hopeless under
existing circumstances. The principle of electing
Trustees by the voices of those interested has been
strenuously and invariably inculcated, as
that best calculated to give satisfaction and
to obviate the necessity for future interference.
Neither has any opportunity of employing it been
omitted. but instead of making the office hereditary
the Board thought it preferable to leave the
electors to fill up vacancies in the same manner.
But as has been already observed, no one plan is
susceptible of practical application to every case.

7. With reference to the observations
contained in the 8th para, the Board have nothing
to add to the opinions detailed at length in
para 11 of their Proceedings of the 24th March last.
Neither of the Regulations quoted are in their
judgment sufficient to meet all the various
descriptions of maladministration therein noticed
They will only add that Regulation V of 1822
has often been found in practice to answer the ends for
which it was intended, and that an extensive
modification of its provisions is already
before Government.

Sir

From the Head Asst Collector in charge at Nedumpatam

Recommending that the Allowance enjoyed by late Vencata Row one of the brothers of the Zemindar of Vinnacottah & Goodevandah may be continued to his brothers and the Zemindar

Para 1 — With reference to your predecessor's letter dated 21st June 1838 conveying sanction for the Allowance to be granted for the maintenance of the Zemindar of Vinnacottah & Goodevandah and his brothers, I have the honor to submit the following circumstances for the consideration and orders of the Board.

2 — The late Collector in directing the payment of this Allowance amounting to Rupees 6000 divided it in communication with the head of the Family in the following proportions Viz.

To the Zemindar C. Punjeab Row	225
To his Brothers Venkatanarsimah Sequaveerathuraw	50
Rayenna Row	50
Venkata Row	50
Ranga Row	50
Bucha Sampie Chetty	50
Widow of late Lutchumanaw	25
per Month	500
per Annum	6000

3 — One of the brothers of the Zemindar Venkatanarsimah died in May 1840 and his share of the Allowance was then shared by

Fort St. George 14th July 1842.

by his brother Rungaiah, by his other brothers and by the Zemindar as Head of the Family. The conflicting nature of the claims of the different parties hindered the early settlement of the question which the Collector was desirous to effect previous to submitting the case for the orders of the Board.

4th The Zemindar in his Petition prays that a moiety of the allowance enjoyed by the deceased may be continued to the Widow, as in the case of the widow of Sittamarow, and that he himself being the head of the family, and that he may be paid in arrears. The Sheristah of the late incumbent fully acquiesces in the above proposition.

5th On the other hand, Ramarow one of the brothers of Sittamarow who is by himself and his other brothers, claims a moiety of the allowance to be divided among themselves in events of the full amount not being continued to the widow or that the moiety in which the allowance may be carried to the credit of the Estate.

6th Under these circumstances I am of opinion that the

Fort St. George 14th July 1842.

including the Zemindar, to participate in the allowance of the deceased is not founded in right; now that a final subdivision of the consolidated amount has already taken place, but in consideration of Pauperism now being "the head of the family" and of its being intended in the first instance that the allowance should be a consolidated one granted to the head of the family for the support of the whole" his case may be more deserving of indulgence from Government with reference also to the immediate distress in which

Ringanah, Wife of my fourth brother Venkatarow
(when the Monthly allowance of Rupees 60

that the 25 Rupees per Month should be continu.

her husband; and that the remaining 25 Rs
should be paid to her after a reference to the
Revenue Board, I informed your honor by
Arzees that she is entitled to receive only 25
Rupees (as the wife of my late brothers Lutch.

be paid to me; and not the whole 60 Rupees

as yet been made, Ringanah, the widow
of the said Venkatarow, caused a Petition
to be presented to your honor consenting
to receive for her self at 26 Rupees, the
same allowance received by Achanna

the remaining 25 Rupees should be
paid to me -

I now therefore beg to state
that, since these two years past, when

his wife has been maintaining herself by contracting Loans, and has since lived herself in distress on account of the demands of the creditors, and is suffering for want of subsistence &c. consequently I request your honor will grant her 25 Rupees per Month from the date of the death of the said Venkatarow as prayed for in her Argee, and will continue to pay her at 25 Rupees Monthly.—

I further beg to state that, P. Venkatachellum having presented a Station in the Court, praying to require my personal attendance at the Court, and to collect from me the sum of Rupees 343—14— together with its interest being the amount of a Decree passed in 1829 of 1838 in the Suit brought against me by that individual in the Moonsiffs Court at Madanapatam for the recovery of that money, borrowed of him and paid to the Circar on account of Bidrunds due in the year of famine. I have caused a Petition to be presented in the Court through the Vakeel

represented the inconvenience which prevented me from attending the Court in person and of my inability to pay the same, as the Cabob was held in attachment for the Peishcush and the debt due to that individual, and the circumstance of his having presented an Argee to Mr. Collector Wraughton consenting to receive the amount of the Decree of the said Number from the surplus funds of the Estate, thereupon, Venkatachellum Naidoo attaining a copy of that Petition filed a counter Station, setting forth certain unnecessary reasons—

Considering the case in question to be of a private nature, and that it is not a matter worthy of my respectability, to suffer a peon of the Court to attend with me, I have proposed through the medium of the Court to pay the amount of the said Decree by seven instalments, which the Court agreed to, and relieved me from the charge of the Peons and Stook leave of the Court. The Plaintiff Venkatachellum Naidoo at the instigation of some persons has presented a station praying that peons of the Court may not be ordered to

Fort St. George 14th July 1842

to set me at liberty till the whole of this debt shall have been discharged, or otherwise I would flee away - In the Argee addressed by me to your honor dated 25th Instant I stated, that a peon was deputed to Guarayah, the place of my residence that the said individual was attempting to present a Cannatum for my being incarcerated on failure of immediate payment of the amount of the Decree N° 295 of 1838, that on hearing this some of the creditors to a smaller amount intending to follow the same course, I was extremely fearful and that your honor will be pleased to communicate to the whole of the circumstances to Government thro' the Board of Revenue and also to the Court of Sudr Udalut and move that Court to issue their orders prohibiting the creditors from presenting Cannatums for imprisonment, till the whole may be released from attachment & as your honor will observe by that Argee the whole circumstances, I do not consider it necessary to enter into any further detail, but beg to enclose a copy of the order issued by the Court for your kind information. -

Fort St. George 14th July 1842

It is reported that the Plaintiff Venkatachellum Naidoo will withdraw the demand for the amount of the Cobra Decree in N° 295 of 1838, if orders shall have been obtained thro the Courts upon your report to Government, but that he is endeavouring to subject me to disgrace by moving the Court to confine me on my failure to pay at once the said amount, as it appears that the small debt of 500 Rupees is likely to affect my character and respectability in life I must humbly request that the sum sanctioned by Government and charged to my Estate on account of the monthly allowance viz. 50 Rs engaged by my Brother Venkatarow as advertised bachelor may be paid to his widow and the arrears because the former addressed an Argee stating that she has no objection to the same - arrangement & consequently, should your honor pay me the arrears at 26 Rupees per month from the date of the death of Venkatarow I shall be enabled to pay the amount of the Decree in N° 295 of 1838, into the Court of the Plaintiffs

8079 Fort St. George 14th July 1842.

Moondiffs Cauryah Masulipatam I therefore must humbly beg yours honor will out of favor be pleased to issue an order without lapse of time to the Cashkeeper, directing him to pay the said sum to my Vakeel P. Puttabheramoodoo and to continue to pay to me the sum of 25 Rupees out of the allowance of 60 Rupees enjoyed by Venkataraw in addition to the allowance of 225 Rupees I am receiving amounting together to Rupees 250.——

Para 1

Sir

In their Proceedings of the 21st February last on a letter from the Collector of Guntoor dated the 31st January, the Board deferred taking into consideration the conduct of Vaseredy Ramanadha Baubo therein reported pending the receipt of the further information promised by Mr. S. Goldingham. The circumstance of this information not having yet been furnished had been overlooked by me in the press of other business, but my attention has been called to it by the receipt of a Precept with an Extract from the Proceedings from the Northern Provincial Court dated 29th Ultimo, of which, and of the Extract from the Proceedings of the Sudr Adawlut, which accompanied it, and by my reference, I have now the honor to forward Copies.—

2 It will be observed from my letter to the Court that the examination has not yet been completed, into the papers brought from Ramanadha Baubo's house. It appears to have been suspended when Mr. Goldingham left the District, and has not since

Fort St. George 11th July 1842.

since been presumed, I propose to resume it now in the presence of the Agents of both Ramanadha Baubee and of Atchemma as without some such Check, or minute personal supervision I feel no security whatever against the interpolation or removal of papers. Ramanadha Baubee has however, objected to this mode of proceeding. It moreover appears to me that although a great number of the questionable items stated by Mr Goldingham as amounting to Rupees 8,757-12-8 may be explained or disproved, yet there is still an ample sufficient Body of prima facie evidence to justify the removal of Ramanadha Baubee from the management of the Estate whilst it may be designed to enforce judicially the restitution of his misappropriations, Sam proceeded, each of the proceeding could not be satisfactorily conducted with the means at my disposal, and a Commission would be necessary. I should therefore beg it to be favored with the orders of this Board before proceeding in the enquiry.

The charge against Ramanadha having abandantly caused the [illegible]

of the contents, was finally disposed of, on the examinations taken by his Assistant, by the Magistrate on the 8th February last. The charge is declared not to be proved though suspicion is considered to attach to the Zemindar.

Extract. The Acting Collector of Guntoor has the honor to acknowledge the receipt of the written precept returnable in 20 days from the Provincial Court of Appeal for the Northern Division

directing

directing him, with reference to certain Petitions presented on behalf of Rajah Vasereddy Vishnumah, and Ramanadha Baaboo, and the orders thereon of the Court of Sudr Adawlut, Copies of all which accompanied the precept, to enquire and report upon the charges made against Ramanadha Baboo, of having made away with the proceeds of the Vasereddy Zemindary during the period it was under his management—

2 In obedience thereto the Acting Collector has the honor to report that on the attachment of the Zemindary measures were taken by the Collector to secure the whole of Ramanadha Baaboo's accounts and papers relating to the management of his Zemindary, but these were fraudulently and clandestinely by through the perforations of the rooms sealed up by the Assistant Magistrate, and the removal, as is supposed, of the contents, including as asserted by Ackamma, all those papers which could disprove the assertion cannot easily be disproved, documentary proofs of Ramanadha Baaboo's misappropriation of funds accumulated thereby. On examination of the papers obtained was commenced under the orders of Mr. Goldingham and a number of Memoranda of the accounts

discovered tending to prove both receipts and disbursements by the Zemindar inconsistent with his engagements to the government Mr. Goldingham, in his letter to the Board of Revenue dated 3d January last, states the amount of these questionable items at Rupees 87337-12-0 and the result of subsequent examination shews a further sum of Rupees 20749— to be sure still remain a great number of Duftars to be examined. But although this summary mode of investigation has already produced an amply sufficient body of prima facie evidence to justify removal of the Zemindar from the management of the Estate— it will by no means serve for the ends to determine his responsibility with a view to restitution. It will be borne in mind that the charges brought by Ackamma embrace the transactions of almost every village in the Estate during a period of upwards of five years. Each item will probably require a separate investigation, and such an inquiry the Acting Collector does not think could be satisfactorily made with the means at his disposal and [illegible] can be spared otherwise but the assistance of

appointment in the Judicial Department
of a Commission as requested by Atchemmah.

made by the Acting Collector to the Precept from the Provincial Court on the Northern Division bearing date the 20th May 1842. Copy of which accompanies the foregoing letter, it appears to the Board that an investigation into a few of the items of malversation charged against Ramanadha Baubon by Vasereddy Mahammah would suffice to enable the Acting Collector to form an opinion as to whether any measures taken judicially with a view to enforce restitution of the sums which he may be proved to have misappropriated, would or would not be attended with success, and the Board would suggest that this course should be adopted in the first instance.

2 The result of such an enquiry would enable the Judges of the Sudr Adawlut to decide as to the mode in which any ulterior measures, if considered necessary should be carried on.

Fort St. George 11th July 1842.

Read the following letters.

To The Secretary to the Board of Revenue Fort St. George.

Sir,

Para 1. I regret that I have to bring before the Board the conduct of two of my Tahsildars, for corruption and misconduct, which renders them entirely undeserving of my further confidence.

2. Tahsildar of Ravoor and Tamoolapauly

Tahsildar of Woodiagherry

I have for some time had strong reason to suspect of corruption but beyond this there has not been any distinct proof yet, but I have lately seized the Curnums accounts of some Villages in the Woodiagherry Talook, which prove that in each year Extra Collections have been made in those, and there is no doubt in the rest of the Villages of that Talook, for the purpose of paying bribes to the public servants in the Talook. Among the accounts seized have been found the account apportioning the amount to be collected, and the disbursements made. From these it appears that Tamoolapauly

Bootchiah

Fort St. George 14th July 1842.

Bootchiah the Tahsildar of Woodiaghorry, received the following bribes -

1. From the Ryots of the Village of Anamasamoodrum in Fusly 1250. Rupees 40 - - -
In Fusly 1251 - Rupees 30 - - -

The Caupoos and Curnums, on the discovery of these accounts, admitted the fact of the money having been so paid -

2. From the Ryots of Muddala Naina pally in March 1841. 25 Pagodas or Rupees 100. The Caupoos and Curnums of this Village deny this payment, but they deny also the levying of Extra Collections, while their own accounts, and the testimony of the whole body of Ryots of the Village prove them to have been made for such a purpose. The entry of payment of 100 Rupees to the Tahsildar appears in the Village Shroffs Chitta - He has acknowledged the account, but was not himself present when the actual payment was made - The Tahsildars Diary shews that he was at the Village on the date when the payment was made -

3. From the Ryots of Pagganagoyonta on the 29th November 1840 the sum of Rupees - - -

Fort St. George 14th July 1842 -

4- The Cheramana Ryots have also declared that the following sums were paid to him -

In Fasly 1250 Rupees - - 60 - - -
In Fusly 1251 - Rupees - - 40 - - -

5- From the Ryots of Srlapand 40 Rupees, the entry of which appears in their accounts which have been seized -

6. Extra Collections were also made in last year in the Village of Antmacum at the rate of half a pagoda per plough, but the amount actually paid to the Tahsildar has not yet been ascertained -

3. In respect to the Tahsildar of Ravoor Subadh Annandarow, though no distinct charge of bribery has been brought home to him, there is little doubt of his having been exceedingly corrupt, and not a Statement he makes, or report he sends in, or an account he furnishes, can in the slightest degree be depended on. In the settlement of Fusly 1251 he gave in a Statement of expenses incurred this year by some Ryots of Cabeny, on two Wells belonging to them, which is entirely false, it having been ascertained beyond a question that not a piece has been expended

on

Fort St. George 14th July 1842.

Bootchiah the Tahsildar of Woodiagherry, receives the following bribes.-

1. From the Ryots of the Village of Anamasamoodrum in Fusly 1250. Rupees 40-"-"

In Fusly 1251 - Rupees 30-"-"

The Canjoos and Curnums, on the discovery of these accounts, admitted the fact of the money having been so paid.-

2. From the Ryots of Muddala Naina pully in March 1841. 25 Pagodas or Rupees 100. The Canjoos and Curnums of this Village deny this payment, but they deny also the levying of Extra Collections, while their own accounts, and the testimony of the whole body of Ryots of the Village prove them to have been made for such a purpose. The entry of payment of 100 Rupees to the Tahsildar appears in the Village Shroff's Chitta. He has acknowledged the account, but was not himself present when the actual payment was made. The Tahsildar's Diary shews that he was at the Village on the date when the payment was made.-

3. From the Ryots of Vaggiravaiyyagonta on the 29th November 1840 the sum of Rupees - - -

on them this year - The same thing has taken
place in regard to other wells.-

4. By the public accounts given in by him at the Settlement, it appeared that there were 27 Gortos of Magany land unoccupied in the Village of Battapaud - On enquiry however the Tahsildar has been constrained to declare the account to be fictitious; that 21 Gortos out of the 27 were actually under cultivation with Mutta Coffy and paying only Mutta assessment, thus giving in a wilfully false account, by which no inconsiderable amount of Revenue would have been lost had it not been discovered.

5. 81 14/80 Gortos of concealed Cultivation has been discovered in the Village of Tarpoo Cumbumpaud, which were entirely excluded from the cultivation accounts prepared, as he affirms, after an examination of the lands.-

6. When Tahsildar of Ewerpa he borrowed money from the Ryots under in one instance 200 Rupees from the Shroff of Gooduor, the Cutcha station of his Talook and the bond for which has been found among his papers. There

that this was a bribe, though a pretended loan.-

7. Also when Tahsildar of Surrapully he took from a Reddy of Cattoor Surapully a Village under him one Candy of Grain, for which up to the present time he has never paid, though repeatedly applied to.-

8. Some papers found among his official papers in his Cutcherry shew him as Tahsildar of Ranoor, to have been carrying on money dealings with one Maroo of Salem a large Cultivator in one of the Villages of his Talook.-

9. In the Nagoolaveelatoor Village the number of Sheep found in excess of the Peishcars account by the Tahsildar Ejmaish was 1484, which were deducted by the Tahsildar from the account given in by him as being young and not chargeable with Kollary, while upon special enquiry being made on a complaint of his having been bribed to make this Statement, it was clearly proved that it was false, and that they are chargeable and the additional Kollary amounting to Rupees 37-12 - was

[illegible] brought to account.-

Fort St. George 14th July 1842.

10. In the Calavoy Village the Sahsildar kept back his agmaish acc. of the Cattle adopting at the Settlement the sum Paishcars account - His own account have since got possession of which shews an increase above the Paishcar's account of 120 Rupees -

11. A charge of bribery was preferred against him not long ago to the Head Assistant Collector Mr. Purvis, and the following is the conclusion to which that Gentleman came -

"From the above it will be seen that there is no direct evidence to shew "the Sahsildar actually received any "money, but I have no hesitation in giving it as my firm conviction, holding the office "of Sahsildar of Pulluck and under a most general conduct, "that he did enter into a corrupt contract "with the Ryots of Chaperla on the occasion in question."

12. Under the circumstances above represented, it is impossible to place the least confidence in either of the individuals referred to, and I therefore request the Board's permission to remove them from their situations -

It appears to the Board that most of the instances of corruption & malversation alleged against the Sahsildar of Ravur and Woodiagherry respectively, in the foregoing letter, would be easily susceptible of proof, if the parties were brought to trial under the provisions of Regulation IX of 1822, and they consider that it would be more regular that such a course should be adopted, than that the accused should be at once dismissed from the service, without an opportunity of making any defence on the charges brought against them -

The Principal Collector will accordingly proceed to try the Sahsildars upon any of the cases enumerated, which he may think proper to select, and report the result for the consideration and orders of the Board -

Para 1. I have now the honor to submit the further Report called for by the Board of Revenue, relative to the Pagoda of Tiruvallore, in connection with the Petitions enumerated in the Margin.

2. Vadamalai Chariar on the former of these Petitions is the Goomastah or Agent of the Jeer or Head Priest connected with that Pagoda, and urges that as his Master, and the Jeer's predecessors have invariably been invested with the management of the Pagoda, its Ceremonies, and landed properties and conducted the duties of it, either through their respective agents or disciples in conjunction with the Circar Sirkars, the Government in assigning all interference with the affairs of the Pagoda must, in justice, commit them to

Durmakurtha; for, that the adoption of any other Course would be to degrade his Master, who being a Jeer or Recluse, could not with due respect to himself cooperate with men of inferior rank, and he further represents that the persons the Collector has proposed to join with him as Co-Trustees, are merely the Servants of the Pagoda.—

3. The Petitioners in the two latter mentioned Petitions being persons of the Tengalay Sect, calling themselves the Adde-yapakah Meerasidars of the Pagoda, urge that the first Teertum, Malay and other privileges were conceded to the Jeer or condition of his reciting the Tengalay Mantrum, but that he only visits the Pagoda on particular occasions, that the Jeer being of the Vadagalay Sect cannot with safety, to the interests of the institution, and the protection of the privileges of those connected with the Pagoda be entrusted with the sole management of the affairs of the institution, as is apparent by the attempt of the late Jeer to drop the recital of the Tengalay Mantrum, which not long since gave rise

to so much excitement and so many Complaints and which led to the late Jeer being suspended, under the orders of Government, from his rights and privileges in the Pagoda, until the present Jeer having consented to act in accordance with the orders of Government was restored to them.—

4th. On attentive search through the records of this Office, and those connected with the Subject, which I received from the Board, have led me to form the opinion that neither the Jeer, or any other person is invested with hereditary right to the Office of Durmakurtha, and indeed, in Mr Roberts's letter to the Board of Revenue under date the 15th March 1792 he states the right of election remaining entirely with Government; and that no hereditary right exists is also apparent in the frequent dismissals, and nomination of former Durmakurtahs, under the orders of Government; but in examining the list of persons who have been nominated to the Charge of this Pagoda, I find that they have all been disciples of the Jeer of the Ahobalum

Fort St. George 11th July 1842.

Thobalum Mutum.

5. The Board in their letter of the 11th April having expressed their opinion that it was advisable in every case in which a single individual could establish a strong claim to the appointment of Durmakurtah to a Pagoda, that he should be nominated in preference to a Committee, and I would on the ground of the Jeer's disciples having for many years filled the Office of Durmakurtah now suggest his appointment in lieu of the Committee before recommended, and I am the more easily led to this change of opinion from considering, that, in the opinion of the Natives, the sanctity of Jeer places him far above the position of any of the Meerasdar of the Pagoda.

6. The Petitioners in the two latter Petitions are not the Adderyatakka Meerasdars of the Pagoda, and do not pretend to have any right to be named themselves as Trustees, but being persons of the Vadagalay Sect they are desirous of [illegible] persons being objected to [illegible] in consequence of the disputes [illegible]

Fort St. George 14th July 1842

existed between the Numbers of that sect, and those of the Vadagalay, but this is quite out of the question, for were Trustees named, they would necessarily be drawn amongst the principal Meerasdars of the Pagoda who with one or two exceptions and those of non-residents are of the Vadagalay Sect.

The duties and seasons however of the receiving of the Tengalay and

and Vadagalay Mantriums being now defined, due punishment might be inflicted for any deviation from the established rule On the whole therefore I now consider it well be advisable to nominate the Peer as sole Trustee.—

Sir,

I have the honor to inform you that the Tasildar of the Vellore Talook

Fort St. George 14th July 1842

has been kind enough to come in this morning, and I have in consequence been able to make a final and I believe a satisfactory settlement of the whole questions in dispute here regarding the Ground which you have allotted for the accommodation of the additional Company lately ordered as an increase to the 8th Regiment N. I. The Tasildar will have reported to you the arrangements which he had made up to this date, and the only thing that now remains is an authority for him to make over 4-1/8 Cawnies of Government land to the Enamdar, for his portion of land in lieu of that made over to the Cantonment, and also 1/8 Cawnie of Perumpoke Ground in lieu of a similar quantity claimed by the Pariahs, there were also two Wells for which the Tasildar settled the sum of 10 Rupees each, should be paid and I shall feel obliged to you if you will obtain the authority of Government for this sum, namely 20 Rupees being disbursed

Fort St. George 14th July 1842

There has been so much delay in effecting these arrangements that I have requested the Tasildar to assure the people who claim this money on account of the Wells that I would myself pay it in the event of there being any difficulty in obtaining it from Government, and I have made this promise in order that all questions may be finally and at once adjusted I was myself present with the Tasildar this morning when these arrangements were finally settled with the Enamdar and the Pariah people and we shall now proceed to occupy the Ground, without, as I believe, the chance of any further representation relating to the Ground. I am much obliged to the Tasildar as well as the Police Ahmeen for having attended me to the spot where this Ground is and for having finally settled this matter.—

To The Secretary to the Board of Revenue Fort St. George.

Sir,

From the Pr. Collr. of Salem — Forwarding for the Bd's consideration a revised Cowle and Hookumnamah and making special reference to one of its provisions relative to the grazing tax.

Para 1. In conformity to the Instructions received with Extract from the Board's Proceedings dated 1st. February 1841, I have the honor to forward for the Board's consideration, a revised Cowle and Hookumnamah.

(33)

The object for which this was required being, as stated by the Board, to possess a more efficient control over the cultivation of Cowle land, will, I think be obtained by the few alterations made. For I am of opinion, that the mode of working under the old Cowlenamah was more faulty than the document itself; for instance it was there ordered, that a Ryot on possessing Cowle land and giving up part of his Pottiem, the Cowle was to be void and full teerwah collected. This provision was only carried out by collecting the full teerwah from the time the Pottiem was relinquished, and a person, who had perhaps held Cowle lands for 2 years

Fort St. George, 14th July 1842.

years free when they reached half assessment, purposely relinquished a portion of his Puttiest to have the full assessment imposed on his Cowle, as by that means he could relinquish it in the succeeding year, and brought the rent on Cowle land to a very small average. When they know that on the Cowle being rendered void by their non compliance with the required terms the full assessment for the full term of years it may have been in their occupation will be taken, there will be no motive for their taking Cowle except when they are actually in want of land, and intend to keep it, at least during the whole term of Cowle. I have also entered a provision retaining the power of granting Cowle to the Circar Servants, by which means a full control over that species of Cultivation can be retained.

3. The terms of the Cowlenamah are, as directed in the Minutes of Consultation under date 13th March 1841, assimilated to those of the District of Coimbatore.

4. There is one part of the revised Hookumnamah

Fort St. George, 14th July 1842.

Hookumnamah to which I would beg to draw the Board's attention, as it in some measure imposes a new tax. It is the provisions entered relative to the grazing tax. Where a specified amount of taxation exists, I have left unaltered, but in the Talooks of Ojoor and Denkenkottah, the lands are given without any rule or regularity e.g. the Bomandapilly Kunadar holds land, the Yearly assessment of which is Rupees 230 for 8 — 15 — the consequence is, that the Ryots are obliged to take land from him at an increased payment, and that they will not take up these lands for cultivation for fear of drawing on them the ill will of the head of the Village. this system should be put a stop to, in fairness both to the Ryots and Circar. I have allowed for grazing 1/10 of the Puttiest and assessed at 1/4 the fixed teerwah for Lands appropriated by any Cultivator

Fort St. George, 14th July 1842.

Cultivator to his own individual use. Where grazing lands are common or to all the Village, no demand is or made. I do not think any one can complain of these terms but those above enumerated who monopolize or all the land for their own profit to the detriment of both Ryot and Government.

5. If there is any other point where I have made any change, for which the Board do not see cause, I shall be happy to give my reasons on being made acquainted with the item of remark.—

Establishment in Fusly 1243.—		Revised in Fusly 1251.—
1. The Summahbundy accounts should be prepared uniformly according to the Forms that may be furnished from the Huzzoor.		1. Remains unaltered.—
2. Sagoobady Dittum and Freedom of Cultivation	The Tahsildar or should form annually a Sagoobady Dittum or Cultivation Agreement that the Ryots of each Village may know how much they have to Cultivate; this Dittum to be commenced after the 1st of May and concluded before the 31st July of each year. The Ryots must not be forced, but should be left voluntarily to engage for any quantity of Poonjah, Nunjah or Bagayet lands they may wish to Cultivate, and the same should be entered in the Dittum accounts. If any Ryot wishes to relinquish part of his Patent, he shall be allowed to do so, provided it is a whole	2. Remains unaltered.—

whole field and so situated that it can be conveniently cultivated by another who may choose to take it up, and shall on no account be forced to cultivate more than he may voluntarily engage for: A Ryot must be the best Judge of his own interests, and if forced to cultivate at a loss would give up cultivation altogether, or emigrate and cause a greater loss to Government than if allowed to relinquish those fields from which he sustained loss: A Ryot must therefore never be obliged to Cultivate against his wishes.—

3. Remission. The Teerwah on the Poonjah lands being fixed on the average productive value, and but little rain being required for dry Crops, no remission will, in ordinary seasons, be allowed on fields which have been entered in the Pattum Agreement, but which may have proved unproductive or been left uncultivated.—

3. Remains unaltered.

4. On Nunjah lands entered in the Pattum, no remission will be allowed if left uncultivated, unless unavoidably so from a failure of Water. The same rule applies to Bagayet lands.

4. Remains unaltered.

5. When Nunjah lands are Cultivated, but the Crops have partially or wholly failed from insufficiency of water, the full teerwah must nevertheless be collected, according to the custom of the Country.—

5. Remains unaltered.

6. When land situated in the beds of Tanks are cultivated with Nunjah, Poonjah or Bagayet Crops, and when they may be inundated and the Crops destroyed from the Tank filling before they are reaped, the teerwah of the extent inundated will be remitted according to the present practice.

6. Remains unaltered.

The

7. Subdivision of Fields.

The fields which from their large extent, had been formerly divided and given to Ryots for Cultivation and the divisions entered accordingly in the Summahbundy Accounts prior to Fusly 1241 such divisions should still continue and be entered in the same manner in the accounts of ensuing years. When Sooloochits are given for the Cultivation of additional lands, they should be made out corresponding with the Pymah accounts for entire fields. In the event of lands offered to be cultivated being Anadybunjer or Porumpoke divided at the Survey only into extensive tracts, the portion the Ryot may choose, should be measured off and a

7. Fields which on account of their large extent have been divided and the Divisions entered in the Summahbundy accounts prior to Fusly 1241 shall still continue as divided fields and the Divisions may be cultivated as such. When Sooloochits are given for the Cultivation of additional lands, they must be given for entire fields or entire subdivisions as above specified. In the event of offers being made to Cultivate Anadybunjer or Porumpoke which at the Survey were entered in Accounts in extensive tracts, the quantity of land the Ryot may require shall be given over to him, and the Leerwah to be collected thereon should be fixed with reference to the Assessment on adjoining lands of

The Leerwah on it should be fixed with reference to the Assessment of adjoining lands of a similar description and quality under Cultivation, and the No. of the field, the bearings of the Subdivision and its extent and Assessment must be carefully entered. similar description and quality which may be under Cultivation. the No. of the field, bearings of the Subdivision, its extent and Assessment, must be carefully entered in the Sooloochit which is given to the Ryot. In order however to prevent the lands being divided into such small portions as may make it inconvenient both for the Collection of the Government Revenue or for the Cultivation of a substantial Ryot, no new lands are to be given in portions less than can be Cultivated by a single plough, which in Poonjah land may be fixed at 5 Acres, in Poonjah Bagayet 3 Acres, and in Punjah 2 Acres. In all cases where it may be necessary newly to assess waste land the assessment must be regulated with reference to that fixed on lands of similar description, situation and quality under cultivation, as also to the means for irrigation. In the event of there being no Cultivated and assessed lands of similar description in the same

and quality adjoining, or in the same Village, the assessment of land of a similar description and quality in the neighbouring Villages must be referred to.-

9. Excess or deficiency in a Field.- If in any field an excess is found on measurement of more than 10 per Cent, the whole excess should be added to the Summabundy, and the teerwah collected at the same rate as on the rest of the field. On the other hand, if a deficiency is found greater than 10 per Cent, the whole deficiency should be deducted: any difference one way or the other within 10 per Cent should not be interfered with.

No field however should ever be measured unless there are strong grounds for suspecting any

any great difference in its extent, as a frequent and minute enquiry must prove vexatious.—

10. Conditions on which a Ryot may obtain land on Cowle:—

Should any Ryot offer to cultivate a Pommpoke, waste or Poodoogul field in addition to his usual puttom lands, the Tahsildar should without delay make it over to him for cultivation, causing its boundary agreeably to the Pymash accounts, to be shewn to him by the Curnum of the Village, and should grant a Tooloo Chittoo in his name, specifying distinctly in it that in the event of any part of his usual puttom land on being given up or left waste without sufficient cause before the Cowle expires, the Cowle rate will

For lands which, according to the terms specified in the Cowlenamah, may be taken on Cowle, the Ryot shall apply for Tooloochit to the Tahsildar or in the event of its being inconvenient to the Karkoon, in no case are the Village authorities, the Monegar, or Curnum, authorized to put lands in possession of a Ryot where Cowle is expected. On application to the Karkoon, he will make enquiries whether the land is such as may require to be given on Cowle, and without delay report the same to the Tahsildar, from whom a Tooloo Chittoo will be signed, and on the terms of which the land may be

be cultivated. Should the Ryot however making application to the Tahsildar or the Karkoon cultivate the land, the full assessment, according to the Survey Rate, or, in the event of its being unassessed land, according to the rates of land of similar description, will be collected. It must however be clearly understood, that although the Karkoon may, for the time, put the Ryot in possession of the land, he shall not be entitled to cultivate it on Cowle, until he has received the Tahsildar's Tooloochit, specifying the terms on which it may be held. Although it is allowed to the Ryot to take up or relinquish lands at his pleasure, no Ryot can be allowed to give up any portion of his Puttom land, when, at the same time, he holds land on Cowle in the

the event of a Ryot acting contrary to this, and relinquishing any part of his putoat land, the Cowle land shall be liable to the full assessment for whatever number of years it may have been in his possession.

Included in Para 10.

11. Should it not be convenient to the Ryot to apply direct to the Tahsildar, at the time he may wish to engage in the Cultivation of any additional land, he may do so to the Karkoon, Curnum, or Monigar, who are hereby authorized to grant written permissions, on which he may commence Cultivation. The Karkoon, or Curnum and Monigar who may thus give written permission, should report the same immediately to the Tahsildar from whom the Ryot should obtain a regular Toolookut according to the instructions contained in

in the preceding rule before the commencement of the Settlement.

In all cases of granting a Toolookut, the assessment should be inserted in it, if the Toolookut be for immemorial waste or other unassessed land, the assessment should be fixed with reference to other lands of a similar quality under Cultivation, and should be inserted in the Toolookut. All Toolookuttas assigned should be entered in a separate book which should be attested by the Tahsildar and his Sheristadar and delivered in the Huzzoor Cutcherry at the time of Settlement.

13. Should any Ryot offer to cultivate, on payment of the full assessment, lands entitled to Cowle, such land may be made over to him at the full teerwah, and a Cowle Chittee granted accordingly.

15. Cowle Shist to be paid whether the Land is cultivated or not.

Cowle lands whether cultivated or not, should be always entered in the Settlement accounts and the progressive teerwah collected. Nunjah Cowle lands however if unavoidably left fallow from a failure of water, will be exempted from assessment, but in the following year will be liable to the Cowle progressive shist of that year. If a Ryot cultivates his cowle land in the first year and leaves it fallow in the second or afterwards, before the full teerwah is payable, or if he gives it to another to cultivate, the progressive Cowle teerwah should be nevertheless collected. In the event of a Ryot being engaged by the Circar to cultivate Cowle lands given up by Ryots

14. The teerwah due on Cowle lands must always be collected whether cultivated or not, in the event however of Nunjah lands held on Cowle being left waste from a failure of water, as in this instance the cause is beyond the Ryots control, full Remission of the amount due in that year must be given, but the lands will be liable in the following year to the progressive shist which belongs to that year. In the event of the death of a Ryot holding Cowle land, the Puttah may be transferred to his heirs on the Cowle terms, if they are willing to hold it. In no other instance however shall Cowle lands be transferred from one party to another. Instances having

of any Poliput, Jodigy, Aghrar, Jaury, Mootah and Enam lands, or another's puteit, which he may have been in the habit of cultivating, no Teerwah will be levied on his puteit land so given up, but if after tendering Razeenamah, he engages newly in the cultivation of Poliput, Jodigy, Aghrar or Enam lands, his Razeenamah will be considered null, and the teerwah of the puteit land he has left, will be collected, unless the land so left has been cultivated by another individual, when no teerwah will be levied from the late proprietor - If a Ryot without tendering a Razeenamah during the cultivating season leaves a part or the whole, of his usual puteit

putcut land waste, and engages, as above stated, in the cultivation of Poliput Saury Mootah & lands whether usual or not the teerwah of the putcut so left, will be collected, that is if not cultivated by another individual.-

cultivated with Pooryah from a failure of the means of irrigation, if restored to Bagayet cultivation by means of a substantial repair being made by a Ryot to an old Well, only half the fixed Bagayet teerwah of the land to be collected, until he is reimbursed for the outlay;— after which the full teerwah to be levied. This favorable rate however is in no instance to extend beyond 7 Years.

If the land has been waste upwards of 5 Years, it shall be exempt from teerwah for the first year.—

Should the said land be irrigated by the above means and cultivated as Nunjah, Nunjah Missabteerwah to be fixed and given on Cowle upon the same terms.

Pooryah Bagayet lands where Wells have become old and repaired at considerable Expense by the Ryots, and Cultivated as Poorjah Bagayet, shall, if left waste for 5 Years, be assessed for the

and to continue so from the 3d year up to the time the Ryot realizes the amount expended in the repair of the Wells. It shall not however be allowed to continue longer than 7 years should the land be left waste within 5 Years, ½ Teerwah to be fixed for the 1st Year and continued up to the time the amount expended in the repair of the Wells is realized, but not

however

15 When Pooryah Bagayet lands are converted by water from Circar Sources into Nunjah bagayet, the teerwah of Nunjah land of a similar description and quality shall be levied until the trees arrive at Maturity, where the Assessment is to be doubled in the Baramhal and Payenghaut, and in the Balaghaut the highest rate of the tank. If the land has been waste upwards of 5 years, ½ the teerwah of Nunjah land of a similar description and quality to be collected for the 1st Year ¼ for the second, and full for the third, and until the trees come to maturity, when it is to be doubled in the Baramhal and Payenghaut, and in the Balaghaut the highest rate of the tank to be collected.

however to be longer than 7 years, after which, full assessment is to be fixed. In case of the repairs not being completed during the second year, the Cowle will be void and the full Assessment collected.—

11 If Pooryah Bagayet lands are cultivated as Nunjah Bagayet, Nunjah Missabteerwah to be fixed under the Trees come to Maturity, after which they are to be given, if laying waste 5 years and upwards, for the

1st Year ½ Teerwah
2d Do. ¾ Do.
3d Do. full Do.

The above assessment to be continued till the trees arrive at maturity, after which it is to be doubled for such lands in Baramahl and Payenghaut for the Balaghaut, after the Trees become to maturity the Teerwah is to be that derived from the highest rate of Nunjah land irrigated by the same Tank.

16 In all cases where it may be necessary newly to assess waste land, the assessment will be regulated with reference to that on lands of a similar description, situation, and quality under Cultivation, and possessing the same means of irrigation. When there are no cultivated and assessed lands of a similar description and quality, adjoining, or in the same Village, the assessment of land of a similar description and quality in the neighbouring Villages will be referred to.

17 Cowle how to be applied for

When any Ryot wishes to cultivate land on Cowle he should apply to the Tahsildar in the early part of the Year, so that he may have sufficient time to clear and render it fit for cultivation before the Rains. The Tahsildar, if he approves the proposal will grant a

a Pooloochittoo to that effect; & should Ryot be unwilling at the time for the Ryot to apply direct to the Tahsildar he may do so to the Carkoon, Curnum or Monigar, who will grant him a written permission, on which he may commence cultivation. This written permission the Ryot should get exchanged before the commencement of the settlement for a regular Pooloochittoo from the Tahsildar, as directed in para 10 of the Hookumnamah.

18 Cowle Sist to be paid whether the land is cultivated or not

If any Ryot leaves his Cowle land uncultivated, he must never the less pay the Cowle Sist as if cultivated. In the event of Kunjah Cowle land being unavoidably left uncultivated from a failure of water the Cowle Sist shall be remitted for the following year

19 If any Ryot, by digging a substantial Well at his own expence, converts his puttah Poonjah land into Poonjah Bagayet or Nunjah, or any other description of Cultivation, he may do so, and no additional teerwah, besides the original fixed poonjah Teerwah of the land, shall ever be demanded. Ryots shall always be allowed to derive the full benefit from the outlay of their Capital and Labor.

14 If any Ryot, by digging a substantial Well at his own expence, converts his puttah land into Poonjah Bagayet, or Nunjah, or any other description of cultivation, he may do so, and no additional teerwah besides the original fixed poonjah Teerwah of the land, shall ever be demanded. If however the Wells so dug by the Ryots in the Poonjah lands are placed so near to any of the sources of irrigation such as Tanks Rivers, Channels &c as to draw the water therefrom, lands cultivated from such Wells will not be given on Poonjah Assessment but Fuzl rates will be collected in the same way as from Wells belonging to the Circar. In fields possessing old Wells, should a Ryot at his own expence dig a new one, increased Assessment must be collected on all lands cultivated thereby. In some parts of the District there are fields containing different sorts such as Poonjah and Bagayet. In these fields, it has been found, that if the Ryots be allowed to dig Wells in the Poonjah portion, the Bagayet share of the field is left waste, and the sources of irrigation employed for converting the Poonjah into productive garden; it is therefore ordered that no Ryot shall be allowed to dig private Wells in any field containing any other sort but that of Poonjah.

The planter of the Tope may always use the leaves and fibres, but shall have no right to cut down any of the trees without the permission of the Circar. This rule to apply to every description of Trees in the District. None must be cut without previous permission. If any should be discovered to have been so cut, double the value of such tree will be collected from the person who cut it.

to a very material part of the proposition for settlement made by me which is considered inadmissible by them and the Government, but which in my communication with the people during my last tour of Summahlundy I found was looked on by them as an absolute necessity before the Pagodas could be placed in charge of the trustees.

3 The great difficulty in carrying the intentions of the Government into effect, is the small share of confidence the people are inclined to place in any one of themselves entrusted with the control and disposal of the Pagoda funds. The Government have decided, that the only means of redress against the Managers who may be accused of malversation, is by application to the Civil and Criminal Courts, and this I explained to the people. They were unanimous in declaring, that unless some other means of easier attainment were put within their reach, the devastations would soon be as useless. Some inclined to the opinion that with these, except in very particular cases who would be at the trouble and expence

of a Suit in Court to remedy the existing abuses or how could it be expected that the Pagoda servants should be able to resort to these tribunals for the settlement of the numerous small complaints at present settled by the Tahsildar. A Pagoda servant may be twelve months in arrears of pay before the Court could come to a decision. As far as I am able to judge the want of sufficient means of control over the Managers is the only great difficulty, and I would respectfully submit for the Board's consideration, that it is of the utmost importance to provide these means either by summary inquiry in this different Courts or any other way the Government may see fit. The reference to the Courts by regular suit is valueless.

In granting the remission for Coffee lands the Government have conferred a great boon on the inhabitants, as it is one of the most profitable products they can cultivate. Para 1.

In 1840 under the designation of Thompsons Seminary, Sorlochana Mooddelar the Deputy Sheristadar of this District established, in the Town of Tinnevelly, a School for the education of Native youths. The object of this establishment was to insure to his fellow Countrymen the means of obtaining for their Sons an English Education of a grade superior to that which the Provinces have hitherto afforded, and for this purpose he employed an English School Master on a high salary.

2. The progress which the pupils made under the care of Mr. Brook the first Schoolmaster was highly satisfactory, but unfortunately just as the good effects of his industry were becoming apparent

his

his sudden death caused a check to the ad-
advance of the institution.-

5- With much difficulty a Successor
to Mr. Brook has been secured on a Salary of
100 Rupees per Mensem in the person of a well
educated Englishman, and I was much gratified
when lately examining the Scholars to observe
their improvements, the regularity and order with
which the School was conducted, and the promise
of future advantage to the community, it
so happily holds out.-

6- Knowing the interest Government
take in the subject of Native education, I lately
consented to appropriate to the use of this school
some vacant apartment attached to the
Talook Cutcherry, which would be well suited
for the purpose, were certain repairs and im-
provements made, and I venture to request
I may be authorized to make those at the
public expence- The accompanying estimate
of the repairs and alterations proposed
amounting to Rupees 373-1-2½, will shew
the nature of them, and will, if sanctioned, I

provide accomodation for the Master as
well as for the School, and will place the
institution on a footing of increased respect-
-ability, and by marking the approbation
of Government of it, will raise it in Public
Estimation, and tend more to promote its
objects and encourage its founder, than can
any exertions or liberality on the part of
individuals.-

I am directed by the Board of Revenue to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Tinnevelly reporting that he has consented to the appropriation of certain spare apartments attached to the Palcok Cutcherry at Tinnevelly for the use of a School established in 1840 by the Deputy Sheristadar Soolcochenum Moodeliar, and soliciting sanction for putting the said apartments into repair at the public expence.

2. An instance of the public spirit and desire to benefit his fellow Countrymen, evinced by the Deputy Sheristadar Soolcochenum Moodeliar, by the erection at his own expence of a substantial bridge across the River Tambraparry at Tinnevelly has already been brought to the notice of the Government by the Board of

School

8225 Fort St. George 14th July 1842.

School which forms the subject of the present reference, is represented as having been established with a view to ensure to the Inhabitants of that part of the Country the means of obtaining for their sons an English education of a grade superior to that which the Provinces have hitherto afforded for this purpose an English School Master is employed on a Salary of 100 Rupees per mensem, and the report given by the Collector of the present condition and future promise of the institution is most satisfactory.

3. Under these circumstances the Board have no hesitation in seconding the recommendation of the

the Collector that in token of the approval of Government, and with a view to enhance the estimation of the establishment in question in the eyes of the public, the repairs and alterations required to be made in the rooms which have been allotted to the use of the school, the estimate for which amounts to Rupees 373-1-2¾ may be defrayed by Government it being of course clearly understood that the rooms must be given up in the event of their being at any future time required for Government purposes

From the Principal Collr of Canara
Forwarding Coolenamah and Hookoomenamah in use in Canara, together with a Draft of Rules relative to the resumption of waste lands for the approval of the Board.

Sir,

I have the honor to forward translations of the standard Hookoomenamah and Coolenamah now in use in this District, as requested in the Circular from your Office of the 11th October last.

2. As the terms of Coolenamah rates of assessment, and produce in the Payenghaut differ considerably from those in the Balaghaut Talooks, I have submitted the forms used in both these Divisions of the Province, for the fuller information of the Board.

3. It will be observed that the gardens in the Balaghaut are higher assessed than those in the Payenghaut, while the rice Cultivation in the lower districts bears a higher rate than that in the upper. In explanation of this difference I beg to observe that the gardens above the Ghauts are the most productive, as besides the Supari trees which alone are liable to assessment,

Cardamums

Cardamums and Pepper are capable of being raised on the same ground, but below the Ghauts the Cocoanut Gardens yield no other produce, and the Supare Gardens, in some favorable Situations only admit of being planted with Pepper vines—

4 With regard to the Terms of Caule for Cocoanut Gardens, as the Young trees do not come into bearing, except in the most favorable Situations, until the 10.th or 12.th year, the Cultivation of them cannot be profitably undertaken, on less favorable terms than those now granted. In the Balaghaut the heavy tax on the Supare Gardens, renders it necessary to allow 10 years before the full assessment is collected, while in the Payenghaut 9 years are usually allowed for the same description of Gardens—

5 Owing to the never failing monsoon, the Rice lands in the Payenghaut very generally yield two, and in the most favorable Situations three Crops which with the advantage of a ready export for the produce, enables the land to bear the heavy assessment upon it, and at the same

same time to yield a fair return to the Landlord. In the Balaghaut the Rice lands generally do not yield more than one Crop, and they are liable to suffer from deficiency of rain—

6 For the reclamation of waste in the Balaghaut 5 years are considered sufficient, as it consists generally of land that has at some former period been Cultivated, and does not therefore require great labour to bring it into Cultivation—In the lower Talooks, the waste is almost entirely confined to Hilly, and jungle land which has never been broken up, and to tracts reclaimed from the Sea or Rivers, for all which 6 years are required before the Cultivator can afford to pay the full Assessment—

7 I take this opportunity to submit for the approval of the Board draft of the Rules proposed to be published for the Disposal of waste lands as called for in the proceedings of the Board under date 5.th April 1841

Translation of a Circular order issued to the Tasildars for the settlement of Fasly 1251.—

The Season to commence upon your settlement having arrived, the following instructions are issued for your guidance—

1. You shall proceed to your Mogamis, examine the Pahnch accounts prepared by the Monegars and Shanbogues, and if they are correct, a Memorandum must be written to that effect, which with an abstract of the accounts, is to be forwarded to the Huzoor. should the account be found incorrect, you should hold an enquiry, report on the subject, and act according to the orders you may receive—

2. The Estates appearing in the Goshwara of last year, to have been assessed at the Sarow Beriz, should be left in the same state, and the Wydah Estates should be settled according to the instalments fixed thereon—

3. With respect to the Tooky Estates, you will make the settlement with reference to the produce, and extent of

8231 Fort St George 14th July 1842.

of cultivation, without however lowering the demand below that of the last year—

4. You will not fail to raise the Summa of the Estates of the Board—Sifaraz, if there be any instalments to be brought up, according to the stipulations and if there are none they may be settled as they were in the last year—

5. You are to prepare in the enclosed form, the accounts of the settlement to be made according to Clause 2, 3, and 4, and having the various items of the unassessed portions of the Beriz, in such a manner as to enable you to give satisfactory information when required during the Huzoor settlement—

6. With regard to the remissions which you may recommend on account of losses by fire; wastes and destruction of Crops, in the Barly, Wyda and Board Sifaraz Estates from last years Summah as the Ryots have enjoyed profits in preceding years, they ought to provide against such accidents—But should any appear to be so poor as to be unable to

to pay the Jummah without distress, your recommendation for reduction should be confined to these, and no other Ryots.—

7. You will enquire whether Pottahs of the land revenue, and Village taxes &c. with receipts endorsed thereon, have been distributed to the Ryots by the Potails and Shanbogues for the last year. In cases where they have not been furnished you shall cause them to be issued, and report to the Huzoor on the subject after an enquiry.—

8. A report has been submitted to the Board of Revenue on the subject of additional Village Taxes being imposed, and an order will be issued on the receipt of an answer thereto. In the mean time you shall make the settlement as in the last year, and furnish a Goshwara of the same. The recommendation of the Potails and Shanbogues either for any increase or reduction, is often too readily admitted by the Talook Officers without enquiry. This practice should be discontinued, and you will therefore institute particular enquiries into each case, and then make the settlement—

With regard to the Cumeri cultivation you should not rely on the Statement of Shanbogues alone, but order the Monegars to inspect it before the Crops are reaped, and make the settlement in reference to the accounts of actual cultivation.—

As for the Ofsagamy Beriz

9. you shall to the utmost of your endeavours fully enquire into each case during the time of your Jummabundy, and produce the Chittahs and Mazar or affidavits at the Huzoor Jummabundy.—

The Peishcar must in the

10 same manner make the settlement of his division, but as you are answerable for him, all the accounts must be sent to you which you and the Sheristadar shall examine, and should you find that the instructions regarding the settlement are not duly attended to by the Peishcar, you will rectify the error and report it to the Huzoor.—

" As you finish the settlement of each Progany, you are to submit your report thereupon according to the form of Last year. With regard to the settlement

Fort St George 14th July 1812

settlement effected by the Peishcar of his Moganies, you will call for his report, and after due examination submit the same to the Huzoor. This is not to precludeyou from Reporting your settlement to the Officer in charge of your Talook to whom you will submit a separate report on the subject.

12. When you proceed to the Moganies on your settlement, you will institute minute enquiries into the outstanding balances of last year and collect all recoverable balances, and with regard to such as you may find to be irrecoverable, you are to submit a list thereof at the time of the Huzoor settlement.

You having executed your Cabooleat engaging to hold and enjoy the said land on the Assessment specified, and to pay the same by the foregoing instalments commencing from 1242 to 1253, after which the full Assessment shall annually be paid by you your heirs for ever.

Your Cabooleat has been accepted and the proprietary right to the ground which is now vested in Government, is conferred on and confirmed to you gratuitously, the usual consideration for this right which was formerly exacted, having been remitted, out of an indulgent consideration towards the Rayets— you shall accordingly enjoy the aforesaid ground on these terms during your life and that of all your successors—

Draft of Rules for the reclamation of waste lands in Canara—

It being necessary to fix a proper assessment on all lands that may be demanded for new Cultivation, according to the position and Capabilities of such lands, and as some applicants make offers for land upon dis=proportionately high rates of assessment, either from malicious motives, or from the eagerness of competition, and as the accept=ance of such offers must tend to prevent the due Cultivation of the lands, in consequence of over assessment, and also to deter others from offering to undertake their Cultivation, the follow=ing Rules have been enacted—

Where any person shall make an application for Cultivating Government waste land, or for bringing other lands into new Cultivation, such ground shall be surveyed, and the produce calculated accord=ing to the Cowlenamah, if it is for garden plantation, and according to the produce of a similar land in the neighbourhood, in case of rice land Cultivation— An assessment shall then be fixed on the several lands, in such proportion to the produce, as has been

established in former orders on this subject— all offers on exorbitant terms, or made with any improper views, will invariably be rejected—

Waste lands will only be grant=ed to such persons as really wish to exert their industry to improve them, and pay the Sircar dues thereon regularly— A preference will always be given to the first applicant, or to the neighbouring inamdar, where it may appear that the owner of the neighbouring inam will be subjected to annoyance, and inconvenience by its being given away to another person—

In cases where there may be great competition among several individuals with equal claims, to any spot of ground, such ground shall be assessed with the reserve Government demand, and be sold to the highest bidder, the proceeds being credited to Government accounts, as the price of the ground, and the bidder put in possession of it—

Instances have occurred in which a Cultivator having obtained a lowle for the Cultivation of waste land at the rates of garden assessment, and subsequently converted it into rice land, has preferred a claim for the reduction of the garden assessment,

assessment, and the reassessment of the land at the rice land rate of Teerwa. In other instances, Durkhastdars, who obtained Cowles for Rice lands, have converted them into gardens, thereby endeavouring to evade the heavier assessment leviable on the latter, such alterations on the part of the Durkhastdars will not be permitted. The Cultivation must be made according to the Cowle obtained by the Durkhastdar.

Should the Durkhastdar in order to evade the terms of the Cowle, defer or fail either to plant gardens or to cultivate rice land, and instead thereof raise other products not liable to assessment according to the existing Rules, in such cases the terms of the Cowle shall be enforced and the assessment leviable under the provisions of the Cowle be collected.

making advances to a considerable extent.

I am however put to considerable inconvenience by the Villagers not fulfilling their contract with me when an opportunity offers they are in the habit of disposing of the hides to the first who offers them ready money.—

It is in consequence I have taken the liberty to address you, and beg you will be pleased to lay this before the Board, requesting to allow me to contract supply of hides throughout the whole Southern Division of Arcot, under regulations which may exist in similar cases such as the Salem, Abkary &c. Rezarahs.

In support of my application I would very respectfully beg leave to say, that whilst the Villagers and myself would be mutually benefited by the indulgence, it would in the mean time open a source of return to Government which at present lies dormant.—
