Sir,

From the Coll.r of Chingleput

Reporting on the Settlement of Extra Sources of Revenue for Fasly 1251, and Submitting the usual Statements

Para 1. AB* and C and From No.s 1 to 4 with Maharatta Statements

I have the honor to submit the accompanying Statements of the Extra Sources of Revenue for Fasly 1251. The gross Revenue amounted to Rupees 37,628 — 4 — 2 being Rupees 7,342 — 5 — 11 or 12 9/18 per Cent. in excess of the Revenue derived from similar sources in the preceding year. The revenue derived under each head of Extra Revenue during those respective periods is exhibited in the subjoined Abstract Statement —

2. In the revenue derived under the general head of Salt including the price of that exported to Calcutta there was an Increase of Rupees 73,805 9 2, but in examining the details it will be observed there was a decrease of Rupees 6066 14 " in the sales for inland consumption, as compared with the preceding year, and on which latter year was also Rupees 6813 14 2, below the Amount realized in Fusly 1249. This result has arisen from the quantity of Salt destroyed before its receipt into store during the gale of 15th May 1841, and which could not be replaced consequent to the frequent rains during the petty monsoon of that year, whereby the Salt on hand fell short of the demand for a few Months. At a subsequent period also when the new Salt was ready for sale the very low price of grain in the Madras Market and want of forage alike tended to keep the Brinjaries from resorting to the Coast. The Net result however would not appear unsatisfactory, and due care has

has been taken to store a sufficient quantity of Salt during the present year—

3. There is an increase of Rupees 1661–15–9 under the head of Sayer or Customs arising partly from the privilege of collecting the duty on Betel leaves having been rented at public competition for Rupees 730– above the rent of the Fusly immediately preceding and partly from the increased quantities of Indigo, Rape seeds and Tamarinds that have paid duty. The gross revenue derived under this head in the two Fusties was respectively Rs 35,019–7–9 and Rs 56,681–7–6—

4. The Abkarry Farm of this District for the Fusly more immediately under review was first rented for Rupees 75,000 to Chedumbra Moortiah Pillay, but in consequence of his having failed to pay the stipulated kists, and his inability to meet his engagements he was under the Board's instructions relieved from the responsibility of the latter six months of the year, and for which period the Farm was again rented to Mr Turner and Peresawmy Moodely for Rupees 30,000—

The

† Rupees 68,400–

The gross amount of the rent was thus reduced to Rupees 67,500, being 900 Rs below the revenue derived in Fusly 1250– Of this sum about 3,400 Rupees are still outstanding against the Renter of the first six Months, as he appears to have suffered considerable loss from his incapacity to conduct the concern in an efficient manner, and from the necessity of bringing the Tanjore Bonds which he had deposited as security for the fulfilment of his contract and the due liquidation of the kists, to sale at the present unfavorable rate of exchange, I fear this sum must be considered irrecoverable— I propose however shortly addressing the Board again on this point—

5. Under the head of Sundry Small Farms and Licences there is a decrease of Rupees 1244–1–6. consequent on the decreased exportation from Streeharecottah to the Presidency, of firewood—

6. The small increase of Rupees 245–6–6– under the head of Moturpha has arisen from the increased number of Looms and shops brought under the operation of this tax—

7. In Stamps there is a decrease of Rupees 2,226–8–4 caused by a diminution in the number of Suits in the Civil Courts—

8. The annexed Statement exhibits the Demand Collection and Balance under each head of the extra Sources during the past Fusly—

From the Coll.r in the Nn. Dn. of Arcot } Para 1.

Reports on the accompanying 2 Petitions together with Copy and translations of the list of Persons dependent on Macdoom Beebee respecting the allowance to be allowed to the Petitioner.

Petitions Nos. 1355 and 1356 of 1842 returned.

I have the honor to acknowledge the receipt of your letter dated 1st. Ultimo. with enclosures and in reply to submit copy with translation of the list of persons dependent upon Macdoom Beebee received from the Tahsildar of Arcot. It will be seen that the number of dependents as set forth in the list amount to 18 persons. It is not however to be inferred that all these persons are absolutely dependent upon Macdoom Beebee for their subsistence but the list shews that 18 individuals are accustomed to look to her more or less - adverting to this circumstance in conjunction with Macdoom

Beebee

It appears from Mr. Ogilvie's letter to the Board under date 17th August 1838 that Macdoom Beebee did not enjoy a separate provision during the life time of Jaffer ally Khan, the last incumbent, and the Petitioner states in the Petition No. 1356 herewith

It appears from Mr Ogilvie's letter to the Board under date 17th August 1838 that Mucdoom Beebee did not enjoy a separate provision during the life time of Jaffer ally Khan the last incumbent, and the Petitioner states in the Petition No 1356 herewith returned

13408 Fort St. George 27th October 1842

returned that Mucdoom Beebee had her meals in Jaffer ally Khans time with an allowance of one Rupee per mensem in addition. As Mucdoom Beebee lived with the family during the life time of Jaffer ally Khan a separate provision in money was unnecessary. She being one of the Family and her wants supplied. but her position became altered after the death of the last Incumbent and on her being selected to be the Guardian of the Petitioner. On the foregoing considerations the distribution of the allowance as above stated appears fair, but if the one third allowed to Mucdoom Beebee is to lapse to government on the death of

13409 Fort St. George 27th October 1842.

of Mucdoom Beebee the Petitioner has perhaps grounds of Complaint. For this reason it appears proper either that the whole or one half of the portion given to Mucdoom Beebee should be granted to the Petitioner on the death of Mucdoom Beebee. The Petitioner adverts to the daughter of Mucdoom Beebee having been the Nikah wife of Heerasut Khan, but this view does not appear in the Proceedings held by my Predecessor, whether it is, as is alleged by the Petitioner, or otherwise; as of no importance as the merits of the Case remain unchanged.

2 It appears from the Report of the Tahsildar of Arcot that 3 servants accompanied with Tippoo Beebee to Madras. This is confirmed by Tippoo Beebee's Vakeel from Madras who is now present. The Vakeel rests the claim of Tippoo Beebee to the whole allowance entirely on the circumstance that Mucdoom Beebee did not enjoy a separate maintenance during the life time of Jaffur Ally Khan.

3 The Petitioner refers

talooks of Chellumbrum and Mauargoody and personal conversations with the inhabitants, before a close consideration of all the points in connection explained in the records of the Office, and I now with such confidence can express my opinion that I hesitate not to ask for the confirmation of my views by the Board and Government.—

3rd In para 17 of the Minutes of Consultation alluded to it is stated that "these Districts having been transferred "to South Arcot subsequent to the Survey "and Assessment introduced into the "rest of that province have continued to "pay the same rates as they did before their "annexation." This is a mistake, were it so probably they would now be enjoying as low an Assessment as the adjoining lands of Trichenopoly: They were in the year 1806 and 1807 reassessed temporarily on by the then Principal Collector Mr. Ravenshaw and tho' there is nothing to shew distinctly on what ground he calculated that Survey it is very reasonable to infer that he

approximated

approximated it as nearly as possible to what he had previously introduced / also temporarily / into other parts of the District.-

4th.- The six talooks, Verdachellum, Cullacoorchy, Tricolline, Trennamallie, Chetput and Ellenanasoor / the 2 latter in part / were permanently assessed by Mr. Cunliffe in fusly 1236 and 1237, twelve rates were established for Runjee, varying from Rs. 28 to Rs. 1-12-ten rates last for Poonjee, varying from Rs. 10½ to 1-6-5 and nine for Totacaul, varying from Rs. 24½ to 10½ per Cawny as follows.-

5th.- In the year 1827 Mr. Cunliffe undertook the introduction of a permanent assessment into the two Talooks of Manargoody and Chellumbrum and his report dated 20th. October of that year is in the records of your Boards office.-

6th. Mr. Ravenshaw's temporary assessment from these 2 Talooks established five turms for Runjee varying from Rs. 14-10-1 to Rs. 3½-one turum only for Poonjee at Rs. 3-12-" and totacaul Rs. 10-15-" - Mr. Cunliffe's proposition was to change this System to the scales drawn out for the before mentioned 6 talooks, omitting the 7 first grades in Runjee 5 in poonjee - and 6 first in totacaul.-

7.- In all the talooks of which assessment was revised by Mr. Cunliffe such revision was immediately put in force on his own authority save in these two of Manargoody and Chellumbrum - With regard to them he merely sent in the report dated 20th. October 1827, in which it may be observed that without any expression of wish that his arrangements may be approved of he leaves the subject for the orders of the Board

Fort St. George 27th. October 1842.

Board - It is well known that he acted in this mode, both because the Board were not pleased at what had been done, respecting the other talooks, independent of their sanction - and because the inhabitants of Managoody and Chellumbrum, while he was laboring to effect for them a most beneficial change, shewed before him the greatest insolence and dissatisfaction -

8th. The Board have never issued any definite orders on this Report of October 1827, and thus the assessment remains as temporarily fixed by Sir Thomas Munro. -

Vide Board's letter of 12th May 1828.

9th. The Board under date 26th. May 1828 moreover would not admit the assessments, but in force in Verdachellum, Cullacoorchy, Tricollore, Trinomallie, and parts of Chaittput, and Ellavanasoor to be permanent - and therefore, altho generally said to be so, it may be considered as regards them also an open question. -

10th. It will be observed that Mr. Cunliffe considered the lands in Managoody and Chellumbrum to be only "single Crops" - I am at a loss to conceive on what grounds for

Fort St. George 27th. October 1842.

for even at that period they had advantages not possessed by any other part of South Arcot -

11th. Since that period large sums have been laid out by Government on the irrigation and drainage of these two talooks. The soil is good; they have the great advantage of water transit, and short transit to the coast for their grain; and they have a certainty of water from the Cauleroon from the beginning of June -

12th. On what description of land can a high or a double crop assessment be placed if not on these? and consistently with the existing practice in other parts of South Arcot, might it not readily be supposed that Mr. Cunliffe would have omitted the lower grades rather than the higher in the scale? His reason can be guessed, he had then begun to advocate a low assessment, had he succeeded as regarded Managoody and Chellumbrum, he probably would have asked to equalize the six talooks he had previously settled -

13th. I will here introduce an Extract from

Fort St. George 27th October 1842.

14- It is to be borne in mind that this was actually written before the building of the annicut, the digging of Anjeeb channels and execution of other works both to irrigate and drain the lands - works, taken them in the whole, which may really be considered almost perfect - quite so, of those who equally with the Government derive benefit, would appreciate their excellence and afford trifling assistance themselves at critical moments when they see danger approaching, instead of invariably letting every thing take its course and rather rejoicing at injuries sustained as a means of obtaining some expenditure by the Circar.-

15. The inhabitants will not attempt second Crops - They raise one in the most slovenly way indeed without any exertion on their part - In other parts of South Arcot the industrious cultivators may be seen straining every nerve to raise a crop, or to save it - keeping up relays of people day and night at the picottah, and this too at rates of Raujie teermah, than the Southern Talooks, from which the complaint comes.

The

16- The average teermahs for each description of land are as near as possible the same now in Manargoody and Chellumbarum - and also in the remainder of the District - as they were when Mr Dent wrote the Report, Extract from which is given in para 13-

17- After the above remarks it must be clear to your Board what my sentiments on the question are - I am most decidedly of opinion that while the remainder of the District continues to pay the present assessment, no reduction should be made in Chellumbarum and Manargoody - If any change is made it should be rather with a view to raise than to reduce which also I would strongly denounce, To introduce a new scale of grades if the highest were raised above what they now are, altho' others were lowered, would create dissatisfaction: Unless a change is made over the whole District I see no means of making any new arrangement which would afford satisfaction to these two Talooks, without stirring up the discontent and the very

from the then Principal Collector's Sam: = mahandy report for fasly 1244 - on the subject of a reduction of the assess: = ment of these talooks - Para 15th The fore: = going observation upon the assessment apply only to the ten Talooks in which the Hooloor teerwah has been fixed and I will dismiss the subject with one observation regarding the assessment in the three talooks of Manargoody Chellumbaram & Cuddalore, where the Hooloor teerwah has not yet been introduced because an application has been made from the first of these talooks for the Hooloor to be introduced on the ground that the rate of assessment will be lowered thereby - Para 16 - It has been shewn in the preceding para that the average teerwah in Tinderanam Rs. 10 Talooks is Rupees 3-12-0 for Punjie, Rs. 10 for Nunjie and Rupees 18-8-0 for Potacah in the Current year the average teer: = wah upon the land cultivated in Manargoody Rs. three Talooks is as follows:-

Fort St. George 27th October 1842.

	Punjee - Land.	Punjee - Teerwah Rs.	Punjee - average per Cawny.	Nunjee Land	Nunjee Teerwah Rs.	Nunjee average per Cawny.	Potacaul Land	Potacaul Teerwah Rs.	Potacaul average per Cawny.
Manargoody -	7345	26502	3-9-9	10318	107103	10-6-1	178	1956	10-15-2.
Chellumbaram	11935	42883	3-9-6	8148	69382	8-8-2	88	968	10-15-7
Cuddalore -	2228	7105	3-3-0	1231	16870	13-11-3	8	80	10-0-0

so that on comparison with the rates in the other talooks there is but little difference and only such as the description of land and advantages of irr: = igation fully justify - In Manargoody the Nunjee Lands are of the best description and are abundantly irregated; in Chellum: = baram, the land is neither so good or are the means of irrigation so great; in Cuddalore the land is such as always to: = yield two crops, frequently three, with the additional advantage of an immediate Market for the produce. It is proper to observe that the average teerwah here shewn is the average upon the last years cultivation, it is desirable that the Hooloor teerwah should be introduced into these three Talooks, but in the mean: = time the Ryots have nothing to complain of. on this subject, I shall have the honor of addressing you hereafter in a separate communication".-

It

Fort St. George 27th October 1842.

very just demands for equal justice from all other parts, and therefore I am of opinion it is most advisable to leave matters for the present exactly as they are. As a right the cultivators in Manargoody and Chellumbaram merit no favor above others - as an indulgence less do they, for they are the most troublesome in all Revenue transactions.

18. I would here mention that the principle of an Hoolon or actual produce assessment, tho' it appears fair, is almost impracticable in a Country which has been for some time in our hands, unless unexpectedly introduced, or taken upon the result of cultivation of portions of land in different places under our own management. The Manargoody people have purposely during the last 2 years avoided some of the best cultivation, in the calculation that their constant petitions would lead to a settlement estimated by the present condition of their crops. The evident capability of the lands must be judged of in a bonâ fide Hoolon assessment, as in England lately, while the Tithe commutation

Fort St. George 27th October 1842.

commutation scheme was being carried out, I myself witnessed that what the lands ought to produce was set down by the valuers, not what was at the time its growth. The following out the true principle of the Hoolons would inevitably result in a far higher rate than the existing assessment.

19. I particularly wish it to be understood by your Board that all I have written on this subject is based on a comparison with the state of the assessment & condition of the remainder of the District, on the supposition in fact that the assessment is correctly fixed elsewhere, for tho' it is pleasing to a single individual or to a portion of the community to receive indulgence in the matter of assessing the inhabitants of the same District, the more perfect the uniformity, the more sure the general contentment.

20. In para 31 of Mr. Commissioner Dent's report it is seen that they petitioned on the ground of the adjoining Zillah being more favorably taxed, that arrangement if allowed weight, must be considered with reference to the bulk of the District and not a small portion like these 2 Talooks.

21. The Board must be well aware that during this season, I have experienced a great

great difficulties in the Collection of the Revenues, tho' I have refrained from addverting them on the subject, but if the price of grain does not materially alter before next Summad. Sundy I shall be compelled to apply for a general reduction of the assessment; I would do so now, if I thought I should meet with success- I mention this to guard against the conclusion that I think the present assessment of Manargoody and Chellumbaram, independently of all other considerations, such as should be placed on the land- Equally with the whole district I should rejoice to carry out a reduction- but separately I should deeply regret being the medium of granting such an indulgence to these 2 talooks, and as no harm inevitably result I trust that my opinion may meet with support.-

22- I will only add that the people are impatient, and that an early, and decided settlement by your Board and Government will prove beneficial-

4. The decrease in Home consumption amounting to 213 Mercals is but trifling, and requires no particular remark.

5. There is a decrease in the Inland Sales as compared with the previous year of G. 56 — 290 M. This decrease has happened in the most Southern Pans of the District, and is attributed to the absence of Merchants from Salem, Trichinopoly and Coimbatore. The amount of Sales for Inland Consumption have been gradually falling off, and it is difficult to account for this fact, except from the well known prevalence of illicit manufacture of Earth Salt in the inland districts, which can be purchased at so much lower a price than that manufactured at the pans, a second cause is the exportation of Salt from the Tondeman's country where the privilege of manufacturing the article is rented for a considerable sum. the Salt is very good in quality, and is sold at 10 Mercals the Rupee, whereas a similar quantity of Sea Salt cannot be purchased under 2-10-" The ready sale this Salt meets with affords a strong temptation to Smugglers to bring

Fort St. George 27th October 1842

being entered into the neighbouring Districts for sale, and the cheapness of the Article is an inducement to the Borderers frequently who trade in Salt to make considerable quantities with their flocks from the Interior both of Madura and Tanjore. The strict surveillance is maintained to prevent as much as possible the use of Earth Salt there, but from the co gradual clearance of Inland Consumption=tion from our Coast, there is every reason to suspect that it is Commenced to a considerable extent Kanaudhee

4. The decrease in Home consumption amounting to 213 Mercals is but trifling, and requires no particular remark.

5. There is a decrease in the Inland Sales as compared with the previous year of 56-290 G. M. This decrease has happened in the most Southern Pans of the District, and is attributed to the absence of Merchants from Salem, Trichinopoly and Coimbatore. The amount of Sales for Inland consumption have been gradually falling off, and it is difficult to account for this fact, except from the well known prevalence of illicit manufacture of Earth Salt in the inland districts, which can be purchased at so much lower a price than that manufactured at the pans, a second cause is the exportation of Salt from the Tondeman's country where the privilege of manufacturing the article is rented for a considerable sum. the Salt is very good in quality and is sold at 10 Mercals the Rupee, whereas a similar quantity of Sea Salt cannot be purchased under
R. a. P.
2-10-" The ready sale this Salt meets with affords a strong temptation to Smugglers to bring

brought into the neighbouring Districts for sale, and the cheapness of the article is an inducement to the Corawar Merchants who trade in Salt, to mix considerable quantities with their purchases from the Pans both of Madura and Tanjore. A strict surveillance is maintained to prevent as much as possible the use of Earth Salt here, but from the gradual decrease of Inland Consumption from our Pans, there is every reason to suspect that it is consumed to a considerable extent somewhere.

demand, and in consequence, all extraordi- =nary expencies were foregone; marriages and festivals were either postponed or conducted with the smallest possible – amount of expenditure, the purchase of Cloths, silks, Oil and other external – accompaniments to their ceremonies being confined to such quantity as was only abso- =lutely necessary. The decrease in the duty on Oil has arisen in consequence of a partial failure in the produce of the Ellapah and Punna trees, and a reduced Consump- =tion. The decrease in Vaidaraumiem Tobacco – amounting to Rs 2,718 – 9 – 4 has arisen in Consequence of a decreased export on which the greater por- =tion of its Consumption depends. During my stay in the neighbourhood, I ascertained from the quantity on hand that the rea- =sons assigned for the falling off in the Collection were correct.

To the Secretary to the Board of Revenue

Fort St. George

Sir,

I have the honor to forward herewith a statement of the Extra Revenue collected in the Small Farms and Licenses Department in the Province of Tanjore for Fusly 1251 amounting to Company's Rupees one and annas four and pies two.

2. The excess collection on Fish rent for Fusly 1250 amounting to annas one and pies two, was realized in consequence of a letter from the Collector of Tanjore dated 29th June 1842 having been received too late to admit of the amount being brought to account in the Fusly to which it belonged.

3. The collection for Fusly 1251 amounting to annas four was realized in consequence of a letter from the Collector of Tanjore dated 19th June 1842 having been received too late to admit of the amount being brought to account in the Fusly to which it belonged.

4. The Collector of Tanjore has been requested to furnish the Board with a statement of the Extra Revenue collected in the Small Farms and Licenses Department in the Province of Tanjore for Fusly 1252.

From the Collr of Trichinopoly, submitting a case with reference to the Trichinopoly Summary report for fasly 1250 in which under a decree of Court a division of lands has taken place on which assessment is very unequally apportioned.

Sir, Para 1. Adverting to the 15th para of my letter of the 17th September 1842 replying to the Extract from the Board's Proceedings of the 28th July 1842 relative to my report on the land revenue settlement of the District of Trichinopoly for fasly 1250 a case has occurred to which some of my remarks regarding the management of lands under Amanie seem so applicable that I beg leave to submit it for the consideration of the Board.

In

Fort St. George 27th October 1842.

2. In the Village of Nacke-corechy in the Conaud talook two brothers armoogum Pillay and Carthoo-pillay instituted a suit in the Civil Court regarding the division of their patrimony consisting of Cawnies 38-60-2 assessed to the revenue at Rupees 200-10-1, the Court decided that the number of acres should be equally divided and no reference whatever apparently having been made to the different degrees of fertility of the different portions of land, there is a very great difference in the real value of the portions which have been assigned to either - the half which one brother has obtained being very productive and the other very indifferent -

3. The consequence is that Carthoopillay to whom the good lot has fallen has entered into the usual annual agreement to pay the full assessment of his land while armoogum pillay declines undertaking the cultivation of his - and the Tahsildar has

has been unable to obtain a higher offer for the latter than Rupees 7 being Rupees 54-5-1 or 12 Rupees 40 3/4 per Cent less than the full assessment Rupees 133-5-1.-

4.- In the present instance a rent very far below the turnveerwah has been offered - but if as sometimes happens, owing to the influence of the proprietor of the land, whose interest it would frequently be to prevent it from being cultivated, no one offered to rent it, no alternative would remain but to get it cultivated under amanie or to let it lie waste -

5.- If such instances as that now reported were to be of very frequent occurrence it is sufficiently clear that there would be great danger to the revenue of the District - but adverting to the small extent of lands for which the full assessment is not obtained amounting on an average for the last 3 years to Canarese 1970-40-13 assessed at Rupees 6,400-8-8 1/2

the difference between the rent and proceeds of the actual outturn of which is Rupees 976-4-7, per annum - the Board may perhaps not consider it worth while as a practical question to take any further measures to prevent land from being managed under amanie - but as their strictures regarding the System seem to imply a censure on the executive officer who permits or rather I would say in spite of his earnest endeavours to avoid it, is driven to adopt the measure, I trust that I shall receive implicit instructions how to act in such cases.-

† 7 Sgt. turnveerwah - 6400-8-8 1/2 actual proceeds 5424-7-10 1/2

6.- A clause has been entered in the Hookoommah which accompanied my letter of the 24th Ultimo having for its object the prevention of the partial relinquishment of lands in the wet talooks - but of course this will not affect private sales or decrees of Courts.-

From the Collr. of Trichinopoly -

Sir,

With reference to your letter of the 21st July last conveying the sanction of Government to continue to Madar beebee from the 15th of the above month an allowance of one Gopally fanam per diem out of two fanams enjoyed by her late mother Asha beebee, I have the honor to state for the information of the Board that Madar beebee has presented to me a petition requesting that the arrears due to her from the 29th April the date of her mother's death to 14th of July 1842 at 2 Gopally fanams per diem amounting to Rupees 17-10- may be granted her -

As the occasion of payment not having been made for the interval in question is to be attributed to my having omitted to request sanction specifically from the date on which Asha beebee died

Sir,

I am directed by the Board of Revenue to transmit to you an original Petition received from Moottoochalla Thavan late Manager of Ramnad; as well as an English Abstract of its contents, which is sent because the Board do not think it desirable that they should transpire in your Office. The Board pass over Petitioner's insinuations respecting your own motives and conduct as utterly unworthy a moments attention, and they have no doubt that all the Statements of the Petitioner are much exaggerated. But as there may perhaps be some truth

in what is alleged regarding the active part taken by Mr. Fischer and his people in your proceedings at Rannad, the Board wish to direct your attention to that part of their instructions of the 21st Ultimo which authorized you to make use of that Gentleman's Agency.- The Board then desired that the interference of Mr. Fischer should be strictly limited to affording you aid in elucidating the charge against the Manager and your Sheristadar. And in using that expression they never contemplated his being permitted to accompany you, or so conduct himself as to be in any way identified with you, in the attachment of the Zemindary or the proceedings preliminary to enquiry; still less did they think of sanctioning the association of his Servants and Peons with those of your Office in these transactions.-

2. Without, therefore, determining what degree of credit should be given to the Petitioner's Statements on these points, the Board deem it necessary to put you more clearly in possession

possession of their sentiments. If Mr. Fischer's Servants especially Sambien have been allowed to appear as engaged with members of your Establishment in the attachment of the Zemindary or other proceedings, the Board desire that such participation should altogether cease. And as to that Gentleman himself, they wish that the part performed by him should be restricted as nearly as circumstances may allow to the position which would be held by an ordinary person and whether principal or agent, acting as complainant or Persecutor. From Mr. Fischer's station in life, this may involve, you will observe, the presence and agency of his own Servants occasionally; but they should be as few as possible, and should not be allowed to act jointly with your people. The Board think that you will regard the present Petition as affording additional reasons to be strictly careful in these particulars. It is desired that the papers now sent may be eventually returned to this Office.-

Settlement 2- Fusly Rs
1245-19,75,398-
1246-17,87,714-
1247-20,29,470-
1248-21,35,939-

The results of the Settlement of the two before mentioned years appears to be satisfactory.-

In

In fusly 1243, the season is stated to have been far from favorable but the high price of Grain compensated for the deficiency of produce In both years the revenue was realized with great punctuality the outstanding balance at the close of the Fusly being only Rupees 22,144, and Rupees 60,557 respectively which sums were reduced by subsequent collections to the trifling amounts of Rupees 406 and Rupees 506.

3. It is clearly shewn in Mr. Dents able Report that the

the disturbances which rendered necessary the removal of the late Principal Collector Mr. Ashton, were principally, if not altogether, occasioned by two measures introduced by that officer, first the rigid demand of assessment on the Nuttum lands of the Village occupied by the Ryots as sites for their houses and as backyards and which up to that time had been exempt from taxation, and, secondly the transfer of lands liable to assessment, but left fallow and the demand not enforced to other parties without the consent or even knowledge of the last occupants.

4. With respect to the first of these measures we are the more surprised at the Proceedings of Mr. Ashton

Ashton when we find that
the Board of Revenue in
their Proceedings of the 15th
July 1839 reviewing the Settle-
ment of the District for Fusly
1247 / the receipt of which was
acknowledged by Mr. Ashton
on the 8th August following /
observe in commenting on
a remark of the Collector
that the decrease in Garden
cultivation was partly
occasioned by the practice
of Ryots cultivating Chillies
Tobacco &c. for their own
use in the backyards of
their houses that it is
"believed that the privilege
"has been conceded through-
"out the country from time
"immemorial, and it is so
"essential to the comfort of
"a Ryot that he should have
"the enjoyment of this spot of
"Ground attached to his house

and

"and seldom exceeding a few
"square yards perfectly free
"from the interference of the circar
"servants that the Board would
"regret extremely to see the
"privilege infringed."

5. It is true that these observations apply to the spots of land attached to the Houses as backyards or Gardens and that Mr. Ashton's orders are directed specifically to the land as sites for houses- Both however are portions of the Village Nuttum land and we are disposed to believe from the tenor of Mr. Ashton's explanation in his letter of the 12th May 1841- that his orders were intended to apply equally to the portions of Nuttum occupied as backyards-

6- In their Proceedings of the 27th May 1841- the Board of Revenue state that "in South Arcot "as in all other Districts a portion "of a land was set aside for the "site of the Village community the event

being

"being beyond the Memory of man,
"and not dating from the era of
"a survey in that or any other
"province. The site so apart were
"intended to be held by the inha:
"bitants rent free, and it is so held
"in every Province under this
"Government." And again after
stating that although the quan:
-tity of Nuttum land to be held
by each ryot was fixed by local
regulations a portion was fre:
-quently held on various pre:
-tences in excess of the prescribed
quantity, they observe that "no
"demand has ever heretofore
"been made on such excess
"unless the land so occupied
"in excess was cultivated with
"crops of grain ordinarily
"assessed to the revenue, when
"planted with ornamental,
"or even with fruit trees, or
"used for purposes of conve:
-nience the levy of assessment
"on such spots was not
"customary."

Mr. Ashton explains that his object in issuing the orders

orders in question was not that of "obtaining an increase to the revenue, for that was unimport:
-ant but of inducing all those
"who were entitled to the privilege
"to demand it and to ascertain
"what was due from those who
"were not entitled." and it appears from the orders themselves that he considered all spots of Nuttum land to be liable to assessment which were not specially exempted either in the Pymash Accounts or by subse:
-quent orders.

8. In this view of the question we consider Mr. Ashton to have been altogether in error, but even if his Proceedings had been correct in principle and warranted by the custom of the neighbouring Provinces it, was, to say the least of it, most injudicious to direct an alter:
-ation in the established practice of the District which must

must from its nature and object have been most obnoxious to the feelings of the Ryots without much stronger reasons than he adduces and not only without the sanction, but contrary to the recently expressed sentiments of the superior authority.

9. We entirely approve subject to the modifications contained in para 4 of your Minutes of Consultation of the 11th November 1841 / the orders contained in the Proclamation issued by Mr. Dent, under which the former practice of the District was reverted to, and the tax levied under Mr. Ashton's orders directed to be remitted

10. The next subject of complaint, Viz.t the system of transferring lands from one Ryot to another without the knowledge or consent of the last holder, appears to have been very general throughout

throughout the District. From the Statement given in the 14th paragraph of Mr. Dents report it appears that in Fasly 1248. no less than 3542 Durkhasts were accepted for an aggregate quantity of 6132 Cawnies of land, and it is apparent that the object of the proposers was not in all cases to cultivate the land from the fact that at the time of the Settlement only 2924 Cawnies were found to be under cultivation although teerwah was charged on a large portion of the remainder. It is probable moreover that a considerable portion of their Durkhasts were for spots of Nuttum land as we find in the Table of suits filed in the auxiliary Court at Cuddalore, against Mr. Ashton, that out of 37 Suits no less than 13 are for the recovery of portions of

of Nattum in all cases not exceeding the fraction of a Cawney-

11- To remedy the grievance complained of Mr. Dent issued a proclamation Directing that in all cases where land forming part of the Ryputwar holding of any Ryot had been left uncultivated for any period not exceeding five years it should not be transferred to another "without "the option being first given to "the last holder to cultivate it himself or pay the teerwah"- In the event of lands being left waste for a period of more than five years they might be transferred by the Collector to the possession of any other Individual without any reference whatever to the last holder, and by a subsequent proclamation he ordered that all transfers which had been made

made since July 1248- in contravention of the above rule should be annulled and the lands restored to the former holder-

12- You observe with reference to the first of these proclamations that you "see no "reason for assuming the period "of five years as the term during "which the title of the last possessor "should be maintained as a general "rule no land should be included "in a Ryots lease or puttah for "which he does not pay assessment, and once entered in that "document no part of it can "legally be transferred until "he has formally renounced "his claim to it- If due enquiry "is made at the Summahbundy "Settlement, it is not probable "that any field could be entered as waste in a

Ryots

"Ryots puttah for five
"successive years for he ought
"either to have been obliged
"to pay the assessment, or failing
"to obtain a remission he
"would have preferred to
"relinquish it when it would
"have ceased to appear in
"his lease."

13. Mr. Dent, however,
who from having been so
many years Principal
Collector of the District may
be presumed to possess
accurate local information
states that he only sought
"to define by a public De-
"claration what until lately
"it is believed was the prac-
"tice of the District and which
"certainly seems a most
"reasonable one that
"no transfer of one
ryots kyfut land to
another

S.G.B.

"another should be made without
"his knowledge and consent; or
"his declining to pay the
"tax upon it. By this guaran-
"teeing to the occupant that
"he would not be deprived of
"possession any time within
"five years without the option
"being first given to him, no
"right of Government was com-
"promised whilst the security
"thus given to private property
"was received by the people
"as a boon of inestimable value."

14. It is quite clear that no
Ryot can be permitted to retain
possession of lands for which he
pays no assessment, if another
party is willing to enter into en-
gagements to cultivate them and
it is the duty of the Talook and
Village Officers to endeavour in the case
of

"Ryot" puttah for five
"successive years for he aught
"either to have been obliged
"to pay the assessment or failing
"to obtain a remission he
"would have preferred to
"relinquish it when it would
"have ceased to appear in
"his lease."

13. Mr. Dent, however,
who from having been so
many years Principal

14. It is quite clear that no
Ryot can be permitted to retain
possession of lands for which he
pays no assessment, if another
party is willing to enter into en-
gagements to cultivate them and
it is the duty of the Talook and
Village Officers to endeavour in the case

of

of such uncultivated lands to obtain parties willing to engage for the payment of the revenue, but if no such parties should be forthcoming, it does not appear to us desirable that the privilege connected by Mr Dents proclamation should be interfered with, more especially if as stated by him, it is in accordance with the ancient practice of the District, and one which is highly valued by the Ryots.

15. The subsequent proclamation of the Commissioner, by which a retrospective operation is given to these rules, appears to us, as it did to you, to be open to grave objections. The legality of summarily ejecting

existing parties who had been placed in possession by competent authority, and who during their occupancy may have effected improvements in the cultivation or buildings on the lands is very questionable and we approve the instructions which you directed to be issued to the Acting Collector to suspend the rigorous execution of these orders in future, and to treat each new claims for reinstatement under the proclamation on its own merits endeavouring by such means as may appear best suited to each particular instance to effect an amicable adjustment between the parties.

16. It does not appear necessary for us to enter into a particular examination of the various minor subjects of complaint which the inhabitants took advantage of Mr Dents deputation

deputation to lay before him, as we
conceive generally in the orders
and observations issued by
you with reference to them.

From the Collector of Vizagapatam — Para 1

To The Secretary to the Board of Revenue Fort St. George

Sir

I beg to acknowledge the receipt of your letter of the 26th ultimo referring to certain instructions of the Board of Revenue of date the 25th September 1839 and requesting to know what measures have been taken thereon.-

In reply I beg to state that no measures 2 have been taken to collect assessment on the sites of

of Gardens and Houses in this District held without Government Grants because land here is held on Zemindary tenure and consequently because any tax fairly demandable on Gardens and Sites of Houses is due to the respective Landlords and Proprietors and not to the Government.-

3 As respects lands held under titles denominated Government Grants, I can only refer the Board to the information conveyed in my letter of the 12th Ultimo and its Enclosures.

Order thereon.

Ordered to be recorded.

16-17

To W.m Secretary to the Board of Revenue Fort St. George.

From the Collr of Vizagapatam } Dated

Sir,

I have the honor to report for the information of the Board of Revenue that as the entire current Balances on the Estates advertized for sale, were discharged by the respective

Reports the sale of the Dimlay Estate for the Amount of Rupees 1,3,000 to B. Narrapah and requests the sale may be confirmed.

16

respective Proprietors, with the exception of a small balance on the Andrah Mootah, and on the Punchesentah Zemindary, which will be immediately collected it was only necessary to expose to sale the Dimlay Estate for which no arrangements had been made.-

2. The sale was ordered on the 10th but was postponed to the 17th Instant as the 1st date fell on the Dufserah holidays and continued by adjournment to the 19th.-

3. I had anticipated that there would be no competition for this Estate, and had solicited permission to bid one thousand Rupees for it on account of Government which was granted accordingly by the Board of Revenue.

4. I have been disappointed in this expectation however. On the first day of sale the former proprietors, who had sold some ten years back the Dimlay Estate to Wm Leonard were in attendance prepared thus stated, to purchase the Mootah - And upon the subsequent days

days a fresh party came forward to bid for the Estate.

5. Under these circumstances I ventured to bid as far as two thousand Rupees on behalf of Government but the other parties seemed determined to run up the biddings. Ultimately it was knocked down to B Narasiyah for three thousand five hundred Rupees.

6. The purchaser is as I have already stated one of the family of the former owners. He has paid the deposit of 15 per Cent and is prepared to make good the whole when the purchase is confirmed.

7. I feel confident it is much for the interest of Government to confirm the sale. It is quite certain that even in the present fusly which presents a favorable season the permanent prishcush will not be realized under Aumany add to this the purchase Money is so much gained and the heavy expense of the Aumanie Establishment is saved.

8 It may be asked how the purchasers can realize the Peishcush and

and pay the purchase money when the Government Officers are unable. To this the simple answer is that the purchasers have great advantages they belong to a numerous family who are domiciled in the different villages of the Estate. They are largely engaged in the cultivation and deeply interested as proprietors in its extension. Moreover from their position they can dispense with any establishment and can undertake the collection of the Revenue without any expense. It will be the duty of the Collector to prevent them from falling into arrears of Current Revenues.

9. Under this explanation and being satisfied that in a fiscal view the acquisition of the Estate by Government would be a most unprofitable speculation I have no hesitation in requesting the Board's sanction for making over the Estate to the Purchaser Narasiyah.

10 The sooner this is done and the Judicial Establishment is discharged so much the better. And as the season is advancing I request your early orders.

11 The Board are aware that the balances Current and arrears on the Pinbay Estate are large but at present I make no reference to them until the sale is confirmed because the family of the late Mr. Leonard have funds that might in part perhaps be made available for their liquidation.

12. On this point I will address the Board again.

It only remains for me to add that

that the Zemindar of Madigole has discharged the whole of his Current balance and that I have no reason to believe he will adhere to his engagement to pay the arrears. The arrangement entered into for that purpose was reported in para 8 of my letter of the 16th August and though not adverted to, I presume it has met with the Board's concurrence.

Vizagapatam
Collrs Cutcherry
21st October 1842

Signed C. B. Smollett
Actg Collector.

Resolution thereon.

18-19

The Board confirm the sale of the Dimlay Estate for 3500 Rupees reported in the foregoing letter, and authorize the Acting Collector to make it over to the purchaser B. Narasiah. The Board expect the report promised in para 11.

In the concluding para Mr Smollett states that the Madgole proprietor had paid his Current balance, but adds that he has no reason to believe that he will adhere to his engagement to pay the arrears. The Zemindar was indulgently allowed four years for the liquidation of the arrears on his Estate, and should he indicate a disposition to break the engagement by failing to pay the earlier instalments Mr Smollett should without delay attach the Estate.

3. The increase of Rupees 15,716. 12 — in the Home consumption arose, partly from the favorableness of the Season having afforded — to the lower classes greater means of purchasing Salt, and partly from the rains having been sufficient to destroy the Spontaneous Salt in the — swamps which had interfered with the sales to a considerable extent.

4. The Increase in the Inland consumption Viz.t, Rupees 26,580 — 5 — arose from a number of Brinjaries having resort to this District for the purpose of purchasing some spontaneous Salt which had been collected during the preceding hot Season. This class of persons like this description of Salt as being large grained and not wasting so much as the manufactured salt of this District.

5. The decrease of Rupees 841. 1-3 in the sale of Smuggled salt arose from the — quantity seized in the fusly under review, having been smaller than in the — preceding years, in consequence of the rains having been sufficient to flood the

the Swamps and destroy the spontaneous Salt in them completely.—

6. The decrease of Rupees 280 — in the sales of Salt for exportation to Pulo Penang, arose from no merchant having applied to export any quantity to that Port.—

7. The increase of Rupees 98220-10-9 in the exportation of Salt to Calcutta has arisen — from Garces 2,081. 166. 8 at an average rate of Rupees 45. 3 10 a. p. 86½ per Garce having been — exported to that Port under the Orders of the Board, while no Salt was exported thither, during the preceding fusly.—

8. The small decrease in the state of Salt to the French Settlement, arose from a smaller quantity having been applied for, than in the — preceding fusly.—

9. The increase of Rupees 1,666 12 " in the recovery of advances for the manufacture of Salt, occurred in consequence of a large quantity — of Salt having been manufactured — to meet the export of Salt to Calcutta, and a quantity of salt contracted — for

12. The small decrease of Rupees 21 9 8 in the Salaries of Huzzoor and District servants, has arisen from situations having remained vacant for short periods, and from fines imposed upon some servants in the fusly under review. The Saunderwared is the same as in the preceding fusly. The increase of Rupees 609 7 6 in the advance for the manufacture of salt, and the increase of Rupees 6424 10 2 in the prime cost of salt, are attributable to the larger manufacture of salt in the fusly under review.

13. The following Abstract shows the different items of Extra Charges, the Net increase being Rupees 6335 9 1. owing to manufacture of a larger quantity of salt, in order to meet the export to Calcutta.

The increase of Rupees 667. 13. 6. in the Inland duty, has arisen out of a gross increase of Rupees 6,900 and odd, on Samp Oil and Gingly Oil Seeds, Jaggery, Sugar, Chayroot, Indigo &ca for which Crops the season was favorable, and a gross decrease of Rupees 6,260 and odd on Tobacco, Ghee, Piece Goods and Timber. The decrease of Rupees 105 6 11 in the Frontier duty, arose from the diminished export for Piece Goods, Ghee &ca to the French Settlement.—

The balance of fusly 1239 will be gradually recovered .. .. .. from the produce of certain lands held under attachment for the same. The small balance of Rupees .. 2. 2. of fusly 1241. has been since realized in August. The balances of fuslies 1242, 1243 and 1244 are I fear irrecoverable, still however some enquiries .. which have been commenced, have not been terminated, I am not, therefore, yet prepared to recommend them to be written off.

The decrease in the Salaries of Ruzzoor and District Servants has arisen, from some situations having been vacant for broken periods and from the imposition of fines. The increase in the Extra charges has arisen from the Repairs of the Huts erected for the use of Sayer Peons. The increase in the Drawback is owing to the increased export of Piece Goods.

There

There is a decrease in the total settlement of this branch of revenue, Rent and Amany, to the extent of Rupees 4,278. 13 " which is to be attributed entirely to the losses some of the Renters have sustained during the last unfortunate years, and which obliged more farms to be retained under Amany in this than in the preceding fusly.

21. Out of Demand of Rupees 45,107. 6. above shown, Rupees 41,644 1 11 were realized within the fusly, leaving a balance of Rupees 3,463 4 1, of which Rupees 610 11 6 have been collected up to the end of September, and the present balance outstanding is Rupees 2,852. 8. 7, which will be realized as far and as early as is practicable.—

22. The following abstract shows the arrears of former fuslies, up to fusly 1250, outstanding at the commencement of the fusly under review, the collection within the fusly, the remission made under the sanction of Government of 18th February 1842 and the remaining balance still outstanding.

of the above balances, those outstanding up to Fusly 1249 will be realized immediately. Of the balance of Fusly 1250, a great portion is outstanding against the Renters of the Pittapoor Taluk and the Rajahmundry Division, who, having sustained a great loss are unable to liquidate et. Property on account of this balance is under attachment, but has not been sold and I am desirous not to resort to that extreme measure, and have intimated to the Renters that, if they make arrangements to pay in the case of Rajahmundry Rupees 600-0-0 and in the case of Pittapoor Rupees 691-15-6, I am prepared to recommend that the remainder should be remitted, with reference to the loss they are known to have suffered.-

23.- The Demands of this branch of Revenue in the Fusly under review shows a small increase of Rupees 74-5-0 as noted in the Margin, arising from the tax of Fishermen having been rather increased, with reference to the extent of their professions. Of the Demand in question, Rupees 5,249-3-5 were collected within the Fusly, leaving a balance of Rupees 801-4-1, of which Rupees 328-4-3 were since levied up to 30th September, and the present balance of Rupees 472-15-10 will be realized as far as practicable, without loss of time.-

No. 5 Charges for remittances to the Huzzoor Treasury. Salt Department Rupees 32-47-7. } An Estimate was made for Sauderwared expenses in fusly 1244 as the Collections in fusly 1250 have increased consequently the actual expenditure of Sauderwared for that fusly has also increased altho' the Salt Collections are less than in last fusly yet as the amount discharged thro' Government Bills is less, the expenses incurred in sending remittances to the Collector's Treasury have increased. I trust the Board will consider this — explanation satisfactory and submit these charges for the Sanction of Government.

From the Collr. of Guntoor - - -

Submits the prescribed statement shewing the return of the Guntoor District in Fusly 1251.-

To

The Secretary to the
Board of Revenue.

Sir.

Fort St. George.

1 Para. I have the honor to submit the prescribed Statement shewing the out turn of this District in Fusly 1251, as compared with the preceding Fusly.—

2. There has been a net decrease of Rupees 97,218-2-2 in the last Fusly arising from an increase of Rupees 13,263-13-8- in the Salt, Sea Customs, and Abkarry in Guntoor, and Abkarry, Sayer, Sundry Small farms and licenses and Moturpha in Salnaud, and a decrease of Rupees 110,481-15-10 in the Land Revenue, Guntoor, Sayer, Sundry Small farms, Moturpha and Stamps- of the decrease in land revenue 82,726-11-10 is in the Zemindaries, and Rupees 11,230-12-9 in the Salnaud of the decrease in Extra Sources Rs. 8211-14-4 is in the Guntoor Sayer, and Rupees 7,374-4-7- in Stamps- The other variations are small.—

Current Peishcush - 3. The demand for Fusly 1251 on account of Peishcush is Rs. 1225,458-7-7- and the Amount collected Rs. 7,24,018-5-11 It will be observed that there is a decrease in the payments for the Current Fusly in all the Estates, but that of Vaisereddy-

5. The proprietors of the Chilkaloor paid Zemindary have not yet furnished the explanation required from them as noticed in Para 5 of Mr. Goldinghams report dated 12th August 1841.-

6. The Vaseseddy Zemindar Ramanadha Baboo, whose Estate came under the Collectors Management in January last paid into the Collectors Treasury in the hope of asserting the attachment a larger sum than he could have collected in his district during the portion of the Fusly it was in his possession - The actual Collections in the Zemindary of fusly 1251 have greatly fallen below those of fusly 1250.-

Gross Collections according to rough accounts from the Tannahs-

Fusly
1250 - - 3,78,797-15-"
1251 - - 3,23,020-11-2
Decrease 55,777 2-10

7. The decrease in the land revenue is universally ascribed to low prices and short produce - It would appear that the season was not on the whole favorable for the Jonna crops. The wet cultivation was greater on the whole than in Fusly 1250 though less under some Tanks which were not filled in time - There has been and still is a very great pressure on the ryots from

Cause of decrease in land revenue-

from the difficulty of converting their produce into money - It must not however be overlooked that the attachment of the Zemindary in the Middle of the harvest, and the subsequent changes in almost every Office in the Collectorate at a very critical season greatly increased the difficulties of Collection.-

8. The explanations of the changes in the several items of Extra Sources will be given in the report appropriated to that subject.-

2. Though there is much land in Guntoor and the Palnaud suitable for sugar cane it has hitherto been almost entirely neglected - In 1839, Subnevis Venkat Kristna Row for the purpose of experiment procured thro Mr Goldingham some cuttings of Mauritius cane, from Dr Wight and planted them in his Garden at Guntoor. From the scarcity of water here, it did not thrive - a further supply was obtained and half a Coonta of land planted with it at Camany, where it succeeded well, but the manufacture of sugar being unknown in this District it was necessary to send for a press and a man from Vizagapatam, and the attempt having been made at a bad time no sugar was obtained. Some of the cuttings were distributed in the Palnaud, but the attention of the Ryots in this District has so little been turned to the cultivation of any species of sugar cane, that no good results are anticipated until the cultivation may be undertaken by some intelligent

From the Agt

Sir.

It appears to have been customary in this District for the Principal Collector to pay Batta to persons committed to Jail under Regn. IX of 1822 and this at a better rate than is paid to the ordinary description of criminal offenders As no mention of such an arrangement is made in the Regulation above quoted I have some doubts of its propriety; it has the effect of placing persons convicted of serious offences on the same footing as pecuniary defaulters, and I shall therefore feel obliged if you will obtain the sentiments of the Board of Revenue on the subject.—

Resolution thereon.

37. 38

The practice in most districts is to pay the batta to persons sent committed under Regulation IX of 1822, direct from the Collectors Office but the rate varies much in different districts. As that letter to persons in the District of Cuddapah is considered by the Acting Principal Collector to be too high the Board will leave it to his discretion to reduce it to such a rate as he may think proper.

Proceedings Commencing action on a letter from the Collector of Nellore stating in certain petitions from a number of the Mirasidars of the Manderaah Talooks regarding the system of Revenue management and the rates of assessment now in use in the 5 Southern Talooks.

13592 & 13593 of 1841.

Collector of the Northern Division of Nellore dated 3rd and entered in Consultation 22nd Octbr

Para 1. The complaints comprehended in these Petitions are various some of them trivial or inadmissible, others just and requiring relief. The most important are those which concern the System of Revenue management and the rates of assessment now in use. The Board agree with the Collector that a revision of the settlement of the 5 Southern Talooks, with a view to the reduction of the tax on the high Teeroah Lands, and the correction of the land measurement, is absolutely called for, and they concur with him also in thinking that the object will be best attained by carrying to completion the survey which was commenced many years ago by Mr Nisbet and brought nearly to a conclusion but subsequently abandoned unfinished. The Board hope to be able at an early period to furnish the Collector with final instructions for resuming the work,

but

but therefore is necessarily delayed for the present because the best mode of making surveys in general is now under discussion, and the decision of that question may affect the directions to be given regarding this survey. The Board proceed therefore to pass orders on such of the other subjects contained in these Minutes as require notice.—

Coll.r's letter Para 8.

2. With respect to the complaint that many Mulkunnes are charged in the accounts as containing much more land than they really do; the Board observe that the proper remedy for this irregularity will be found in the completion and introduction of the survey. But tho it would not be proper without such a general measure, to alter the customary Teerwal of fields long under cultivation; yet it is competent to the Collector to use his discretion in limiting the demand on lands newly brought

brought under the plough to the extent actually existing

Sub Coll.r's letter to Collector May 31st 1842 Para 6.

Dispensation one of the inclosures in the letter under notice that this has already been done in some cases.—

Para 4.

3. As regards shells cunning, or the addition of waste to the demand because part of the Mulkunnes which contains it is cultivated, the practice of the different districts is various. In North Arcot all such waste is added unless it exceeds 25 per Cent of the whole Mulkunnes. Should the Collector think any modification of this rule desirable he is requested to submit his opinion: the Board are about to take into consideration the Summabundy Turkummonnack of all the Districts, with a view to their revision, and, as far as may be, their assimilation.—

Para 6.

4. The Collectors sentiments on the subject of Shanny Remissions are in general approved, but the Board remark that

that in this representation of the "rule observed" in this subject, he had not correctly stated either the rules laid down by this Board, or that is believed, the practice of late years in this district. "In exclusion of land when the crop has altogether failed" has never without reference to other circumstances been sanctioned as the proper course, nor has been customary in North Arcot. The Board think too that the Remission expressed by the Sub Collector is not here correctly described. That Officer appears to advocate only a more liberal practice with regard to Crops failed entirely, and not remissions for partial failures which do not come under the denomination of Shanvy, and never not adverted to by the Petitioner.

Letter to Coll. May 31 Para 7.

Para 7.

3. The Board approve of the Remissions of the tax of land employed for seed beds in the Sub Collector's Talooks, and authorize it being made permanent there as well as in the Vellore Talook, which

when is under the same Settlement and circumstances cultivated after the removal of the plants the land will of course be brought to Account.

4. The Board sanction a modification of the rules for the Seeunzgarry Remissions introduced in July 1838, to the extent recommended by the Sub Coll. Viz. that the transfer of land, the remission enjoying from one individual of the privileged class to another, shall not cancel the right of that land to the indulgence. But the Collector's proposal that such land sold by ordinary Ryots shall still preserve the remissions, cannot be entertained as being altogether inconsistent with the original object and principle of the Remissions.

5. The Board concur in Mr. J. Gollingham's remarks on the Custom of bringing Punjah Poorambeg to account to make up for waste in the holder's last year's Settlt.

putlah and desire that the practice may be discontinued for the future.—

Mr Goldingham

should be cautious in introducing in practice the opinions stated in the 11th para of this letter; carried into effect their tendency would be to destroy property in land, which on the contrary it is so desirable to foster and strengthen. He should be guided by the usage and Custom of the District on this point.—

Ordered that Extract of the foregoing Proceedings be furnished to the Collector of North Arcot, with reference to this letter recorded in them.—

Para 1

Re demand under the
Head

Fort St George 31st October 1842.

Head of Sayer for the Fasly under review amounts to Rupees 160391-13-9 falling short of the Demand of the preceding year in the sum of Rupees 1583-3-11 The Gross Collections including the item of Extra revenue entered on the Margin which was derived from the sale of confiscated articles were Rupees 160281-7-4 and the charges were Rupees 19185-13-1 being Rupees 470-3-4 in excess of those of the previous year. The Net revenue therefore amounted to Rupees 141065-11-10 and shews a decrease of Rupees 2309-15-1 below the Net revenue derived from this branch of Extra revenue in Fasly 1250 the amount in that year having been Rupees 143375-9-1.

2. The Sayer revenues continued under Ummany management during Fasly 1251 with the exception of the Betel and Tobacco, which were farmed out, and produced an increase of Rupees 3300 the Rents for Fasly 1250 having been Rupees 22200 whereas in Fasly 1251 they amounted to Rupees 25500 the decrease in the outturn of the year therefore was confined to

to the Sayer under Ummany.—

3. Statement No 8 which accompanies Mr Blogg's report shews that the falling off was restricted to a portion of the District only and was almost entirely occasioned by one item—cloth—under which head there was a decrease of Rupees 8138-10-11 which is attributed to the diminution of the manufacture of a coarse description of cloth for the Pondicherry Market, and the falling off in the trade of the dyed Articles for exportation to Bombay.

Ummany para 13

4. The Current Demand for Fasly 1251 was Rupees 80,150 and the Net Collections including Extra Collections amounting to Rupees 86,140-11-0 which constituted the net revenue there being no charges to be deducted. In the preceding year the net receipts were Rupees 77,386-1-7 consequently the increase on the year under consideration was Rupees 8754-12-5.

Sundry Small Farms & Licences. para 14

5. Under the head of Sundry Small Farms and Licences the Demand shews a small increase of Rupees 287-11-7 the particulars of which

which are detailed in the Statement annexed to para 11. of the Collector's report. Of the above demand Rupees 815-3-5 were collected within the fusly. The Gross collections including Extra Collections and arrears were Rupees 8511-8-3. which also comprized the Net revenues as there were no charges, and exhibit a net decrease as compared with the result of fusly 1250 of Rupees 581-6-10. The amount however is stated to be due by the Ryots of the Tamarind Topes in the Nameli Talooks and will be realized in the course of the current fusly.

Statement

Mothupha para 6.

6. The Mothupha Demand for the fusly 1251 exhibits an increase of Rupees 1150-11-3. being the result of an increase in the Inm Mothupha of Rupees 874-1-0. and a further increase of Rupees 270-9-9. in the Loom Tax.

Para 8.

7. Of the Total Demand Viz. Rupees 73134-12-6. the whole was realized within the fusly with the exception of rupees 315-15-1. The Gross receipts including Extra Collections and arrears were Rupees 77061-5-5. and deducting Charges Rupees 10452-4-6. the

Fort S. George 31st October 1842

Net revenue of fusly 1251 from this source amounted to Rupees 66.609-0-11 in fusly 1250. the Net Revenue was Rupees 67925-3-5. the Inam thereof or the year was Rupees 4083-11-0.

The Extra collections under

8. the head of Mothupha amounted to the large sum of Rupees 4167-6-11. and is explained to be the amount remaining in Deposit from the Collection of taxe on Carts from the year 1836 to 1838. the Board would have been glad to learn why this sum remained so long in deposit and was not brought to account before fusly 1251. and the Principal Collector will be pleased now to furnish this information.

Stamps para 21.

9 The Stamp collections amounted to Rupees 16377-9-0 and exhibit a decrease of Rupees 345-11. as compared with previous fusly of 1250.

The Extra Collections under

10. this head were however Rupees 1004-0-11. or Rupees 325-13-11 greater than in fusly 1250. owing to this and a trifling decrease of Rupees 5-14- in the Charges, the decrease in the Net Revenue of the year was reduced.

reduced to Rupees 13-14-2 below that of the year preceding.

11 Including all sources from which the Extra receipts are derived the total current demand for the year under review amounted to Rupees 343629-4-8 of which there was collected and brought to account within the Fusly 343350-8-1 leaving an outstanding balance of rupees 2278-12-7 due at its termination subsequent collections having however been made the undermentioned balance was reduced by the close of the Month of August to Rupees 786-2-5 the whole of which the Principal Collector states to be realizable with the trifling exception of Rupees 99-2-9 due on the Mutcherpha Division, the future collection of which was doubtful.

12 The Gross collections comprising arrears and extra receipts were Rupees 349346-12-8 the charges amounted to Rs 30445-11-12 leaving the Net Revenue Rs 318901-0-8. In Fusly 1250 the gross receipts amounted to Rupees 338349-1-5 and the charges for the same period were Rupees 29981-7-7 the Net revenue of that year was 308367-12-10 the gain therefore in Fusly 1251 compared with the preceding year was Rupees 10533-3-10.

In

Fort St. George 31st October 1842

13 In Para 7 of this report the Principal Collector has furnished a statement exhibiting the particulars of the Balances outstanding for Fusties antecedent to Fusly 1251. From which it is observed that the amount due at its commencement under the several heads of Sayer, Moturpha Sayer at Fusly 1242 - - - 5453-11-11 and Sundry small Farms Moturpha - " 1249-1250 - 188-15-" was in the aggregate Sundry Small Farms & Licences 1245 - 1250 - 338-9-1 Rupees 5961-3-1 as shewn 5961-3-1 in the Margin.

14 Of the Balance Rupees 5518-4-4-11 were remitted under the sanction of Government dated 10th November 1841 and Rupees 376-0-1 were collected within the Fusly, the balance was thus reduced to Rs. 66-14-8. of this latter amount the Principal Collector states that Rupees 2-8-" only are recoverable, the remainder being due by Ryots who have either died or deserted the District, or by parties in reduced circumstances, under this explanation the Board beg to support Mr. Gleig's recommendation that the sum of Rupees 64-6-8 may be written off the accounts as irrecoverable.

In Cons. 22nd Nov. 1841

15 The result of the Management of the Extra Sources of Revenue as regards the increase in the amount of revenue and its punctual realization the Board consider very satisfactory and creditable to Mr. Gleig and the more so when it is observed that the Net Revenue of Fusly 1250 exceeded that of Fusly 1249 by Rupees 11137-12-8 which again was above the Net revenue of the year immediately preceding by Fusly 1248 in no less a sum than Rupees 25004-6-2.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the Collections, Charges and Net Revenue be submitted to Government, and that a transcript of the same be forwarded to the Principal Collector of Salem for his information and guidance.

Mootabhar Khan, son of the late

requested him (having first ascer=

to appear twice a year before
my Sub Collector. or take ad=

of any European Officer of the
Trichinopoly Zillah to obtain
from him such a Certificate which
would serve equally well.

3. Mootabhar khan afterwards
asked that a Certificate once a

year from the Vindachellum Tah-
-sildar might be admitted (to save
one visit to the Sub Collector) to
which I readily consented.-

4- The Board will therefore see
that I neither intended nor offered
any indignity. The petition is in
fact a falsehood; which would have
been instantly detected had the Petitioner
acted up to the Government Rules, and
transmitted with his petition my Urzee to him-
and if called on to do so now, the Board will per-
-ceive from its general tenor how little
he has to complain of.-

Fort St. George-

Sir

Para 1st

I have the honor to ac-
-knowledge your letter of 6th Instant
which generally leads me to infer-
that I have been misunderstood
by the Board to such an extent,
that I am forced in justice to myself
to make a few observations.-

2d I beg most respectfully
to represent to the Board that I
never was authorized to carry my
proposals into effect. I always re-
-gretted that I did not receive such
authority; for from the first
the Board will read from my
letters that I looked to progressive
success from the result of first mak-
-ing over some of the Pagodas. In the
letter which I received dated 2d June

paras.

para 6, it is stated, respecting the Sudeek pagodas, "It will be necessary "before making over charge to these "individuals that they should "execute an agreement" &c. &c. &c. "form of agreement to the above "effect" is already before Government" &c. &c. In no part of the letter was there any thing to guide me to the supposition that it conveyed such authority as that now mentioned; but if there had been any ambiguity even elsewhere, the positive expression that "before making over," a certain agreement, the form of which was at the every time under consideration of Government, was to be entered into, left me no option; if I made over the pagodas without the execution of the agreements I was failing to do what the Board declared to be "necessary" and the only meaning that could be attached to the wording was that I should wait for the receipt of the form of document. I was so anxious speedily to make

over

over particularly as I was going on Circuit thro my district, that I would gladly have interpreted the Board's directions to such effect, which I trust will be allowed was impossible.

3d. I have carefully read over both my letters on the subject. I can most positively assert that I never intended to write one word on the general question, and I am now quite unable to find any part in either that can be construed into such a discussion. The whole contents consisted of a statement of the objections urged by the people and of my suggestions for overcoming those objections with an opinion that time only was required to carry out the proposed arrangement satisfactorily to all parties.

4th. From the very first I have clearly made it known all over the District that nothing could change the determination of Government for the entire withdrawal of all interference; but the Board expect too much when they call upon me not to allow the people in any degree.

para 6, it is stated, respecting the Tuscleek pagodas, "It will be necessary "before making over charge to these in= "individuals that they should ex= "ecute an agreement" "Yea Yea" a= "form of agreement to the above "effect" is already before Government" Yea.- In no part of the letter was there any thing to guide me to the supposition that it conveyed such authority as that now mentioned; but if there= had been any ambiguity even in the= =where, the positive expression that "before making over," a certain agree= =ment, the form of which was at the every time under consideration of Government, was to be entered into, left me no option; if I made= over the pagodas without the execu= =tion of the agreements I was failing to do what the Board declared to be "neces= =sary" and the only meaning that could be attached to the wording was that I should wait for the receipt of the form of docu= =ment. degree to retain a "hope that the present System will stand" all has been done that can be done to convince them that such hope is utterly vain but with the system still prevailing in the adjoining Zillahs, and with their own strong wishes on the subject it is impossible to annihilate all hope, which under the most adverse circumstances will live.

5th In this District there is a difficulty which probably does not exist in others where the separation has been completed. I allude to the fact of there being no men of great wealth and influence in South Arcot. There are not the Meerasseedars of Tanjore or the Mootahdars of Chingleput and Salem. The only persons available as Trustees are the Monegars and superior ryots.

6th The pagoda at Chellumbrum is managed in a manner which does not afford satisfaction to any class of the community except a body of Brahmins, who live in

in idleness and are fed entirely from the funds. Even were such a management thought worthy by the Government of imitation elsewhere, I am sure that to hold it up as an example, instead of encouraging would be the means of dissuading the people from becoming Trustees.

7th In the latter part of the letter to which I have the honor of replying, one or two modes of proceeding are pointed out as likely, if adopted, to tend towards the accomplishment of the proposed end. I had hoped that my previous assurance that my best exertions had been afforded would have satisfied the Board that such first steps could not have been overlooked.

8th I will conclude by repeating that I will spare no trouble in the matter, for neither the Board nor the Court can more earnestly wish that the matter were finally disposed of than myself.

To the Collector in the Sn Dn of Arcot

Sir,

1- I am directed by the Board of Revenue to acknowledge your letter of the 24th Instant.-

2- The Board observe that there was a degree of ambiguity in the wording of Para 6 of their Secretary's letter of the 2d June, which exonerates you from blame in not relinquishing charge of the 52 Madiwastum Pagodas according to the instructions there intended, a form of trust deed was then before Government which the Board expected to be able to transmit to you in a few days.-

Stating in reference to his letter of the 24th Instant that the Board observe that there was a degree of ambiguity in the wording of Para 6 of their Secretary's letter of the 2d June last, which exonerates him from blame in not relinquishing charge of certain Pagodas according to the instructions there intended, and expressing a hope that it would shortly be in his power to make a final report on the relinquishment of Government interference with the Management of Native religious institutions.-

but they desire me to point to you that Paras 13. 14 and 16, of your letter of the 10th May, and Paras 2-3 and 8 of that of the 15th September, especially those remarks which relate to the transfer of appellate jurisdiction over Superintendents of Pagodas from the Judge to the Collector, can hardly be considered other than discussions of the general question, and of parts of it already determined by Superior Authority, and not now open for decision.-

4- Adverting to Para 4 I am instructed to say that no final arrangements have been made for terminating the connection of Government with the Native Religious Institutions in the five Districts adjoining yours, except in the single instance of one Pagoda in North Arcot.-

5- With reference to Para 5, the Board remark that in several districts similarly circumstanced, very competent Committees have been formed for the management of the Pagodas, by the appointment of the Heads of the Villages, with or without

without the conjunction of one or two principal inhabitants, or of the Community in general, where a valid Merasy claim to the management of a Pagoda existed, the Board have preserved the recognition of that claim to any new arrangement.

Translation of a Petition presented to A. P. Onslow Esqre Collector of Trichinopoly by the Undermentioned Meerasidars of Manuckal in the Talook of Paulgoody.

When the lands of the aforesaid Village

Village were subject to the periodical exchange termed "Curreyadoo" the assess-ment was paid by us according-ly to our respective shares without re-ference to the quantity of land held by each share holder. The produce of the general exchange of the Curreyadoo ceased and ryotwar Settlement took place. Since that time such quantity of Bunjah land as belongs to each of us has been with its peculiar name and amount of rent entered in the Puttahs and we are paying the rent accord-ingly; but the Putent Poonjah lands alone are entered in our Puttahs without any particulars of the diff-erent parcels of lands actually held by us; but with reference to the Pungoo which continued while the village was subject to exchange. The continuance of this System has given rise to a great irregularity; for, he that holds a greater portion of land pays a small amount of rent, and those that possess smaller quantity of

of land pay large amount of Rent. We applied to the Curnum to enter in our Puttahs only such quantity of Poonjah land as is actually held by us as well as the proportion-able Seerwah thereon, but he says that he would not do so unless ordered by the Sirkar. On this subject we presented a Petition on the 21st December 1839, and it was referred for investigation to the Head Sheristadar, who took deposi-tions from the Curnum and Sectar amien one of the Meerasee-dars, and declared that orders would be passed as was re-quested in the Petition; but this was not done nor were the Puttahs prepared as we solicited. We therefore humbly request

request that you will issue necessary orders to the Tahsildar to get the Poonjah lands measured, and the actual quantity which may be ascertained to be in our respective enjoyments, entered in our Pattahs with the assessment thereon.

claimed by Petitioner were awarded by Mr. Collector Hurdis, vested with full authority, to his adversary, the Zemindar of Savarum in Fusly 1207; and boundary stones were laid down in accordance. When the matter was agitated before me, I dismissed the plaint on the above grounds under date the 10th July 1835.
