Vol 1828

№38

1365½ Fort St George 4th November 1842.

Diary.

4th October. Received the following letter.

To The Secretary to the
Board of Revenue
Fort St George

1

From the P.C.C.S. Sir,
Madura. In answer to your letter
of the 18th passed on the 4th Instant I
have the honor to inform you Mr Fischer
arrived here from Salem on the 15th Inst.
Instant I have just suspended the Sheristadar
Peishcarey Roy, in obedience
to the Board's instructions. In the course
of the day I shall dig and dispatch
the monthly accounts. Longer my
establishment will procure to Razeen
and I shall take the Estate under
charge of the Court of Wards on Sa
turday the 23rd Current.

Madura Signed Jr Blackburne
18th October 1842. Principal Collector

Send the following
Thanks for communicated

(1-2)

To the Sec.t to Govern.t

To The Acting Chief Secretary to Government.

Sir,

365 of 1842 from Raghoonada Moodeo Chella Thaver.

The accompanying Petition having been received through the Private Secretary to the Most Honorable the Governor with a request that the case may be reported, I am directed by the Board of Revenue with reference to the correspondence noted in the Margin to forward to you a second time the papers

To Chief Sec.y Sept.r 8th 1842
Co. M. of C. Sept.r 14th "
To Chief Sec.y Sept.r 21st "
To Chief Sec.y Oct.r 31st "

which accompanied my letter of the 8th September and which were returned with the order of Government of the 14th September as well as some other enclosures in the letter of the Principal Collector of Madura, with them forwarded, with a request that you will be

them before the Most Honorable the Governor in Council and I am also directed to forward for the information of the Government another letter from the Principal Collector of Madura, as well as Copy of

Pet.r 17th 1842.

Pet.r 29th 1842

a letter addressed to him on the receipt of a Tamul Petition from a Moodeliar Chella Thaven complaining of the acts of the Principal Collector in allowing Mr Fischer and his people to take part in his proceedings. The papers now sent with those already before Government being all that have passed in the case, will put their Lordships in possession of the whole of its merits and will show the position which Mr Fischer occupies in it.

Revenue Board Office,
Fort St. George,
4th November 1842.

I have &c.
Signed J. D. Brandreth
Secretary.

At a Meeting Present

John Dent Esqr. Senr. Member

C. D. Drury Esqr. Second Member

and

Sir H. C. Montgomery Bart. Acting Temporary Member

Alexander Maclean Esqr. Acting Third Member absent on leave

Thursday 3rd November 1842.

Minutes of the last Meeting read and approved.

Para 1. Your Secretary's letter dated the 18th April 1840 (1248) transmits your proceedings connected with the Settlement of the Land Revenues of Tanjore and Palwaud for Fusly 1248

Extract from the Minutes of Consultation under date the 11th October 1842.

Para 1. Refers to Para 10 & 11 of the Despatch communicated to the Board of Revenue in view to their early consideration

in arrears and conveying instructions for the management by the Officers of Government.

	Settlement	Collections
Fusly 1245	Rs. 153584	Rs. 146666
" 1246	" 155301	" 148074
" 1247	" 175752	" 173299
" 1248	" 176269	" 160082

together with various papers explanatory of the present depressed condition of the Zemindaries composing the former District.

2 The results of the settlement of Palwaud do not appear to require any further observation than that the state of the Collections as compared with those of the preceding year is unsatisfactory, no sufficient reason being assigned for the large balance remaining unrealized at the close of the Fusly. The arrears due by holders of Enams and agraharams (Amounting to Rupees 12049 on account of Fusly 1248 besides Rupees 6988 on account of previous Fusslies) have particularly attracted our notice as there appear

If the arrangements to that will be necessary to give effect to the suggestions of the Honorable the Court of Directors in respect of the Zemindaries of the Canton District.

2. The Board will direct the attention of the present Collector to the Honorable the Court's observations in para. 2 in regard to the state of the Collections of the Palwaud District in Fusly

appear to be no good
grounds for permitting
any want of punctuality
on the part of those who
are in the enjoyment of
lands assessed at favorable
rates.

3. The Circar of Guntoor
proper is composed of five
large Zemindaries which
were assessed in 1801 at
one aggregate rental of
Rupees 12,25,758-7-7 the whole
ment is clearly shown to
have been fixed with
great moderation and
see the Report I was collected in full
of the Collector till fasly 1249 and there
Mr Goldingham
dated 8th Decem- is every reason to believe
ber 1839
Para 11 & 31. that the Zemindars dur-
ing that interval de-
rived very large profits
from the Estates. In Fasly
1250 the Zemindars began
to fall into arrears and
embarrassments have
continued

continued to increase
until the present time
the balance of Rheunds
at the close of Fasly
1249 amounting to the

	Rheunds			Outstanding Balances			Enormous sum of
Royapilly —	92528	11	8	365818	9	6	Rupees
Sattanapilly —	126700	4	4	494709	15	3	482,467-
Chilkaloorpaud	126700	4	4	458547	3	2	Besides
Vaspajeddy —	540737	7	4	1966064	4	3	the Amounts
Mulkanjo —	338792	4	7	1541357	10	4	due to the
Total	12,25,758	7	7	4826467	10	6	Government

the private
debts of the
Zemindars are known
to be large and they
are entirely without
the means of payment.

4. The state of things
urgently demands the
application of an imme-
diate remedy. The recovery
of the outstanding balances
is altogether hopeless and
even their remission would be
of

I no avail without
the liquedation of the
private debts on the
Estates are liable to be
brought to sale under
decrees of Courts for the
benefit of the Creditors.
Indeed we see from Para
8 of your letter dated the
24th September Rec'd 18th 1840
that you have been under
the necessity of authorizing
a payment of Rupees 250..
out of the proceeds of
Sattanapilly Estate, in
order to save the person
of the Zemindar from
arrest.

5 The course which you
recommend for adoption
is that of putting the
Estates up to public auction
for arrears and purchasing
them on account of Govern-
ment in whole hands
they [illegible]

permanently retained, a
suitable maintenance being
allotted to the dispossessed
Zemindars. The Board of
Revenue on the other hand
(See Proceedings dated 8th
September 1840 para 45) pro-
-pose that they should
be purchased, and again
conferred on the present
proprietors with new =
Sunnuds declaring the
Estates not liable to sale
for private debts contracted
previously to their restora-
-tion to the Family. In this
case it would be necessary
to fix the Revenue payable
by the Zemindars at all
amount below the pre-
-sent & Peishcush and
gradually to that amount
in proportion to the improve-
-ment of the resources of
the Estate.

6 The immediate cause
of the present depressed and distressed

of these Zemindaries. it doubtless to be found in the draught, famine and pestilence which raged throughout the Northern Circars and especially Guntoor during Fusles 1242, 1243 and 1244 although there is reason to believe that the resources of the Country had been so exhausted by the previous improvidence and mismanagement of the Zemindars as most seriously to retard its return to prosperity under the influence of more favorable seasons.

7 With this impression we are not disposed to adopt the suggestion of the Board of Revenue to again placing the Estates under the immediate management of the Zemindars, and on the other hand while we admit that their new management has

has operated to aggravate the evil, we are unwilling to deal with them harshly on account of a default which has been occasioned in the first instance by physical causes altogether beyond their control the more especially as we find it stated by the Board of Revenue (para 4th) that the resumption of the Estates by Government would be generally unpopular in the District.

8. We should therefore desire to pursue a middle course by requiring the Zemindars on condition of receiving a sufficient maintenance from Government to surrender the whole of their proprietary rights into the hands, whereby you will be enable to administer the affairs of the Zemindaries as effectually as

3. This Board will be careful to have it explained to the Guntoor Zemindars the precise nature of the instructions received from the Board of Court & to the temporary resumption of their property and if possible

if you had acquired them at Public sale while at the same time the Zemindars will be saved from the discredit & the mischief of a forcible dispossession as Revenue Defaulters. The Settlement should be made on the same principles as in the adjoining Taluk of Patnam Provided the Ryots in favor of that mode of Settlement should be considered to be well founded) and a necessary detailed Survey and field Assessment should be undertaken. The Collector should also be empowered to carry into effect any measures for the improvement & protection of the Inundation

claim for the surrender of their proprietory rights under the conditions prescribed by the Board of Revenue in the Ryotwary system of the Palmanair portion, and the Board will be then to state what measures are necessary to give full effect to the views of the Honorable Court. 5 Should a detailed survey and field assessment be considered desirable they will consider the best means of carrying it into effect and the probable cost of the undertaking care should be taken that the survey of each of the Zemindaries may be separately conducted and the actual cost distinctly known, that the charge may be debited to them respectively.

which might be deemed advisable and the cost of such improvements together with that of the Survey and assessment should be charged to the Estates, to be recovered if payable out of their future proceeds.

9. It is our desire that the Estates be restored to the management of the Zemindars as early as all these arrangements are completed and when this period shall arrive new Summonds and Cabooleats should be executed, restraining them from interfering with any of the arrangements and rates of Assessment which they may find in force in their Zemindaries, without the express

express consent of your Government. We apprehend that there would be no hesitation on the part of the Zemindars in acceding to these conditions as the consequence of their refusal would be the sale and permanent exemption of their [illegible] by the Government.

11 The greatest difficulty attending any measure which has for its object the immediate [illegible] comfort and convenience of the Zemindars will we apprehend be found in arranging [illegible]

6. This Lordship in Council is not prepared to pass any orders in respect to the private claims upon the Zemindars but this subject will continue to engage the attention

the private creditors of the Zemindars for the liquidation of their debts; but as we are not informed either of their amount or of the manner in which they have been contracted we must leave it to your discretion to adopt the course which may appear most advisable in this point.

attention of the Board of Revenue and the Local Officers in such manner as will not pledge the Government to any adjustment.

12 Before quitting the subject we are led to notice further one of the restrictions assigned both by Mr Sullivan and by Mr Goldingham for the proposed abolition of this District, viz. the frequent change of Collectors which Mr Goldingham has had occasion to observe as the effect of leaving

will state with reference to the nature of the duties which devolve on the Collector of Guntoor the the extent necessary to

the

13469 Fort St George 3d November 1842

the District to take care and
& itself to which Mr Sulli-
van adds "there can be
no doubt that the remark
applies with equal
truth to other Districts
and with respect to the
arrangement which may
be necessary for carrying into
effect our present instruc-
tions we authorize you
to assign to the Collector
of Guntur such allowances
as may induce the
Officer entrusted with the
resettlement of the County
to remain in the District
until the completion of
the Settlement.

Extract from the Minutes of Consultation
Under date the 18th October 1842.

Read the following letter.

To
The Acting Secretary to
Government.

Sir,

With reference to an Extract from
the Minutes of Consultation of the 23d of
August last, requiring the Judges of the
"Sudr Udalut to prepare an amended Draft"
for the future Governance of Mosques
Hindoo Temples and other places of reli-
-gious ceremony, in accordance with the views
expressed in their Registers letter under date
"the 17th May 1842 No. 72" I am directed by
the Court of Sudr Udalut to submit the
accompanying "Act" for the consideration and
approval of the Right Honorable the Governor in
Council.

/ Signed / R. W. Chatfield
Acting Senior Dy Register.

A

An Act for amending the existing Law in regard to Mosques
Hindoo Temples and other places of Religious
Worship

Worship in the Territories of Fort St. George.

Whereas it is considered expedient that the connexion now subsisting between the Government of Fort St. George and the religious institutions of the Natives of the Country in the several provinces dependent on the Presidency of Fort St. George should cease and determine, that the said Government should no longer exercise authority direct, or through their officers, in the interior economy, the conduct and management of the affairs of Mosques, Hindoo temples, and other religious institutions of the Natives of the Country, in the same provinces; and that the general Superintendence of endowments in lands or money granted for the support of Mosques, Hindoo temples and other institutions of the Natives of the Country in the same provinces, now vested in the Board of Revenue, should be withdrawn.

See act 10 of 1840.

And whereas it is proper that the Superintendence and management of such institutions and of their endowments, should be transferred to and vested in a Superintendent or

Superintendents of the Hindoo or Mahomedan creed, according as the institution itself may suggest.

Act 10 of 1840.

And whereas it is proper that the management of such institutions, in the hands of such Native Superintendent or Superintendents should be conducted under a full responsibility to the established Courts of Justice for the redress of any violence or wrong upon the application of any party interested.

10 of 1840

II. Be it enacted that so soon as the Government of Fort St. George shall have fulfilled the provisions of this act, that its connexion with such institutions aforesaid shall cease and determine.

III. Be it enacted that the Government shall have authority to nominate a Superintendent or Superintendents of such institutions vested with authority over the interior economy, the conduct and management of their affairs and over the custody and disbursement of their funds, and of all their endowments

endowments.

IV. Be it enacted that the nomination of such Superintendent or Superintendents shall be after the ancient practice of succession (as nearly as can be ascertained) of each Mosque, Hindoo temple or other religious institutions.

V. Be it enacted that such Superintendent or Superintendents so nominated by the Government, shall on all occasions be guided by the recorded rules of the institution or by ancient and established usage, so far as may be consistent with the provisions of this Act.

Bof 1840.

VI. Be it enacted that in the nomination of the Superintendent or Superintendents the Government shall be guided in their selection by the same rules as if the controlling authority had never been in their hands and that the title to Superintend shall rest in the party who by custom, prescription or the laws of inheritance, would have been entitled to claim in the same

way as if the connexion between the Government and the institution had never existed.

VII. Be it enacted that the Government shall not by the provisions of the act have authority to disturb parties now in possession and holding the authority set forth in the act on the grounds of the right of possession being disputed by others.

VIII. Be it enacted that if in any case it should be found impossible to declare a title to the Office of Superintendent or Superintendents by the right of inheritance, custom, prescription or usage, that it shall be competent to the Officers and others employed in the management and funds together with parties interested in the institutions to elect a superintendent or Superintendents, vested with the authority before set forth.

IX. Be it enacted that it shall be lawful for the Collector to declare subject to an appeal to Government that the Board of Revenue if presented within 60 days the parties entitled

to

to elect, that the decision of the Govern-
-ment on the question of election shall be
final, and that the right of election shall
vest in the parties declared entitled and
in their heirs for ever-

X. Be it enacted that in the
event of lapse of the Superintendent or
Superintendents nominated by the Govern-
-ment under Section IIII that the succession
shall be in the next heir to the Office,
whether by right of inheritance, custom,
prescription or the recorded usage of the
institution-

XI. Be it enacted that on the
lapse of a Superintendent or Superintendents
holding by election under Section VIIII that
it shall be lawful for the parties declared
entitled to elect under the provisions of
this act, to elect another Superintendent
or Superintendents.

XII. Be it enacted that it
shall be lawful for the Collector of the
district acting under the orders of the
Government to investigate the title of
parties

parties claiming to superintend and sum-
-marily to decide upon such claims for the
time being such decision being open to an
appeal to the Government thro the Board of
Revenue (whose decision shall be final)
if presented within 45 days-

XIII. Be it enacted that it
shall be lawful for any 3 principal in-
habitants resident within 5 Miles of the
Mosque, Hindoo temple, or other religious
institution contemplated in this act to
demand of the Superintendent or Super-
-intendents to inspect the accounts of such
institution-

XIIV. Be it enacted that on the
refusal of such Superintendent or Superin-
-tendents to expose the accounts of the institu-
-tion it shall be lawful for the Collector on
complaint preferred to him, to order a com-
-mission of inquiry who shall have authority
to receive evidence and report to the Collector-

XV. Be it enacted that
the provisions of Regulation IX of 1822 shall
be

be applicable to enquiries into all frauds and embezzlements of the property of the institutions referred to in this Act whether committed by the stipendiaries of the institution or by others having access to it.

XVI. Be it enacted that the penalties prescribed in Regulation IX of 1822 shall be applicable to all frauds and embezzlements committed on the property of such institutions as are referred to in this Act.

XVII. Be it enacted that the provisions of Regulation V of 1822 shall be applicable to disputes between ryots holding lands of such institutions as are referred to in this Act and the exclusion in management of the concerns of the institution.

7 — 1 T

3 The chief decrease brought to notice in the foregoing para will be found under the Head of Salt, the sales of which have only yielded Rupees 130,354-7- in the year under Review against a Revenue of Rupees 150,328 — 2 — 8 in fusly 1250. The receipts of the present year are comprised of Rupees 123,630 — 11 — derived from sales of Salt for Inland Consumption and Rupees 12,723 — 12 — from Salt sold for inland traffic agreeably with the accounts kept at the pans, but Mr. Arbuthnot has already informed your Board that these results are not to be relied on, as showing the real State of the Salt trade in this District.

	Fusly 1250	Fusly 1251	Increase	Decrease
Collection	150328 2 8	130354 7 "	" "	13973 11 9

Net Revenue	130047 7 11	125907 14 9	" "	4139 9 2

4 In the 6th para of Mr. Arbuthnot's report of date the 13th October 1841 apprehension was

13686 Fort St. George 3d November 1842

were expressed of a falling off of Revenue in the fusly under observation from diminished manufacture at the two pans of Coopilly and Condadah in this District most resorted to by traders, the result has proved the truth of the Collectors anticipations and it is with regret that I am constrained to state that a much larger loss of Revenue will be unavoidably sustained in the present season.

5 Mr. Arbuthnot has stated in the communication adverted to above that the sales at these pans are only limited by the quantity manufactured. In a good and favorable season for manufacture, the supply of salt is large and the revenues of the succeeding years are proportionately enhanced. In an adverse season the quantity produced is small, and the monopoly sales diminish. The past season was sufficiently favorable for manufacture but the opportunity for making salt was neglected, and the manufacture impeded by the suspension in March last by Mr. Conway, the Officer in temporary charge of the district,

of

Fort St. George 3d. November 1842

year's manufacture remained on hand. It will be borne in mind that the salt made in one year is invariably received into store in and charged to the subsequent year.

Sayer. 7 The demand under the head of Sayer is shewn in the accounts to have been Rupees 85143-8. Composed of a rented demand, Rupees 2900, for the Betel farms, and Rupees 82243-8. being the transit duties collected under Aumanic

The favorable nature of the past season in this District of course contributed to increase this branch of Revenue the whole of which was realized within the year.

8. There was likewise a very considerable diminution of charge in this Department in the year under review viz.t 7740-5-5 on account of drawback and Rupees 82-7= saved in the pay of the Department

Fort St. George 3d. November 1842

of all the most experienced Salt Servants at the Pans on charges of malversation, and peculation - The irregularities brought to light were on the whole trifling, the charges having been grossly exaggerated - and in many instances proved to be false - It is unnecessary here to enter into detailed explanation on this point, as a separate report was made at the time but the upshot has been that under inexperienced superintendence the Salt manufacture was neglected, the estimated quantity was not produced, and the Revenues from this source will thereby be greatly diminished in the present year.

6 The great decrease which appears in the charges incurred in this Department amounting in the aggregate to Rupees 11554 - 2 - 6 is accounted for by the discontinuance in Fasly 1250 of the manufacture of Salt to a great extent in the pans of Carrapak and Pellemsakoo, where a large superfluity of previous

year

Department - But this diminution is only apparent not real, for a large amount of drawback Bills remained unexamined and unsatisfied at the close of the year which properly belonged to this years disbursements - I shall endeavour to rectify this in future and to exhibit the real charges of each fusly in the Department to which they rightly belong -

Sea Customs 9 In the Sea Custom Department there was a deficit on the year in comparison with the receipts of the preceding fusly - The deficit has been chiefly occasioned by diminished exportation of Bun Gunn Cloth to the Eastward - The demand and traffic in Cloth during the past year has been principally confined to large exports to Calcutta, on which agreeably with existing

	Fusly 1250	Fusly 1251	Increase	Decrease
Collection	20,1603 10	17,5759 7	"	2684 10 3
Charges	1,874 12 4	1,8847	9 10 3	"
Net Revenue	18,285 7 6	15691 27	"	2594 4 "

existing Regulations drawback is granted

Abkarry to the Shippers -

10 The Current demand for Abkary in fusly 1251 was Rupees 42486 - The whole of which was realized within the year, except Rupees 422-4-4 since brought to account -

	Fusly 1250	Fusly 1251	Increase	Decrease
Demand	47019 8 -	42486 "	"	4533 8 -
Collection				
Current	46699 -	42063 8	"	4405 13 4
Arrears	12830 9 4	3506 9 8	"	9323 15 8
	59300 2 4	45570 5 4	"	13729 13 "
Charges	"	"	"	"
Net Revenue	59300 2 4	45570 5 4	"	13729 13 -

The falling off in comparison with the Current and previous fusly was Rupees 4533-8 and as a very small portion of arrears of former seasons were collected in the Current year the receipts, Current and arrears, shew an actual deficit of Rupees 13729-13 - The Board are aware that this branch of Revenue is rented out, and that the demand fluctuates in each year from local circumstances

The

Fort St. George 3d. November 1842

Stamps

11

The Statement noted in the Margin shews the Comparative receipts from Stamps in fasly 1250 and 1251. The decrease on the year was Rupees 2.351-9-6 Demunished Litigation, consequent on the working of the Agency System has contributed chiefly to produce the result in Vizagapatam

	Fasly 1250	Fasly 1251	Increase	Decrease
Collection	30,932 12 6	28,587 3 "	" "	2,351 9 6
Charges	5,264 13 5	3,169 15 8	" "	2,094 13 9
Net Revenue	25,673 15 1	25,417 3 4	" "	256 11 9

12

There was a great diminution of charge in the present fasly as compared with the last not less than Rupees 2094-13-9- This was principally owing to Refunds for Stamps supplied to litigants and afterwards returned having fallen far short of the amount refunded in fasly 1251- The net deficit on the year under review was therefore only Rupees 256-11-9.

Altho

Fort St. George 3d. November 1842

Moturpha

13

Altho there was a small increase of demand under the Head of Moturpha, there was an actual decrease in the Collections from this Source in comparison with the preceding fasly of Rupees 135-7-5- The demand for the year was Rupees 6211---- the Receipts Rupees 5817-9-7 and the Balance Rupees 393-6-5 which is outstanding chiefly on poor tenants, and will be realized hereafter as circumstances admit-

of the speedy abandonment by Govern-
ment of the Revenues derived from
this source - The Laws, Regulations,
and Schedules appertaining to the
Sea Custom Department require
also a thorough revision, and a
Tariff reform, and a Commercial
Code fixing the Laws that regulate the
Import and Export duties of the
Madras Provinces on some uniform
and intelligible principle seem
loudly called for in lieu of the
present confused and contradictory
enactments. These subjects however,
demand consideration, in a separate
report if at all, and this they shall
receive at my hands at a future
period, if greater leisure should

Order thereon.

Fort St. George 3d. November, 1842.

Ordered to be brought forward at a future Meeting.

Read the following letter:-

To,

The Secretary to the
Board of Revenue
Fort St. George.

17

From the Collr. of Rajahmundry

Reporting the death of the mother and Guardian of the Minor Proprietor of Contavadah in this District and the appointment by her before her decease of one Bittaringa-row to manage the Estate and Submitting this proposal for Sanction for the discharge of the Government arrears against it with reference to the Board's orders of 22d. February 1838.

Sir,

Para 1. I have the honor to report, for the information of the Board of Revenue, the death, on the 23d. Ultimo of Jandoory Narsamah, the mother and Guardian of the Minor co-Proprietor, Jandoory Streerama Narsimha-row of Contavadah in this District, to whom the administration of the said Village had been entrusted under the Board's orders of 22nd. February 1838, and I beg leave to submit Copy and translation of an arzee of 26th. Ultimo since received from the said Minor Proprietor, requesting me to leave the management of his Village in the hands of Bellapooravoola Narsingarow, who is his Father in-law and is the eldest Brother of his late Mother and

Fort St. George 3d November 1842.

Vide enclosed Copy and translation of her arzee of 22d instant No 2.

and was appointed by her to the trust before her death.

2. The Permanent assessment of this Estate is Rupees 2058, and up to fusly 1250, there was a balance outstanding against it of Rupees 1601-12-0, when, the same indulgence which was extended to many other Estates in consequence of the disastrous nature of the past Season, was allowed to this, and the above balance was agreed to be paid by instalments by the end of fusly 1252. Subsequent bad Seasons have prevented the fulfilment of this arrangement in full, but the actual balance against the Estate has, up to the present time been reduced to Rupees 21,077, which Bellapa ravoola Narsingarow proposes to pay as follows. Rupees 500 with the first of the current fusly 1252. Rupees 577 with the Rists of fusly 1253, and this arrangement appears fair with reference to the real circumstances of the District. May leave to recommend

31 * Vide enclosed Copy and translation of his arzee of 12th Inst. No 3.

To,

G. A. Smith Esqre
Collector in the Zillah of
Rajahmundry.

An arzee from Tadoory Shee Ramah e Narsimha Row Proprietor of Conetavadah.

As I was a boy at the time of the death of my father he appointed my mother as Guardian to me and addressed you an arzee on the subject and you were pleased to confirm it by obtaining Sanction of the Board of Revenue Since which time my mother Supported both me and the Village I now beg leave to apprize you that my mother has been in ill health for 4 years and as she is now confined to bed notwithstanding all the medical aid and finds She will live no more She has appointed one named Bellapooravoola Narsingarow Puntolou who is her brother and

Fort St. George. 3d November 1842.-

and my fatherinlaw as my guardian after her demise and addressed an Arzee to you on the subject on the 3d day of Bhadrapada Bahoola on thursday of this year, and on the following day, that is the 4th Friday, at three Yams in the night, She departed this life to our misfortunes.-

I therefore beg you will be pleased to confirm my fatherinlaw, the said Narsingarow Puntoolo as my Guardian agreeably to the said Arzee of my deceased mother and continue to write to him for every circumstance which may be necessary in future. Please to peruse Dated 26th September 1842- corresponding with the 7th day of Bhadrapada Bahoola of the year Soobhacrootoo.-

To
G. A. Smith Esqre
Collector in the Zillah of
Rajahmundry.

An Arzee from Paudoory Narsummah
on other and Guardian to Stree Ramalo
Narsimha Row Proprietor of Conatevadah-

Since the death of my husband I have maintained my minor Son and manage the Village by paying nearly the amount of Kists to the circar agreeably to your order.-

I now take the liberty to inform you that I have been in ill health for a period of 4 years and even found myself occasionally something better by applying medicines &c but I am suffering so much for these 10 days notwithstanding all the medical aid that I find I shall live no longer. I therefore appoint one Bellapooravoolae Narsingarow Puntoolo (who is my brother and fatherinlaw to my minor Son) as guardian to my Son in case of my death and beg you be pleased to accept this and continue to write to the said even

Narsingarow

Fort St.e George. 3.d November 1842.

Nursingarow Puntoolo for any thing regarding the Village and the minor after my death.-

Should you not accept this request but place the Village under managament during the minority it will put us to a great expence and lead the Village to loss- I therefore beg you will be pleased to confirm my said request- Please to peruse- Dated the 3.d day of Badrapada Bahoola Friday of the year Soobhacrootoo-

5 This large Decrease is principally owing to the badness of the season which caused a great deficiency in the produce of the dry and wet lands, and is also in a great degree attributable to the large importations of Grain into this District by Sea which prevented prices from rising much above the ordinary level. The Demand Collection and Balance Statements would have fully prepared the Board for the above result.-

Season 6 Though at the commencement of the year the cultivation of both the dry and wet lands was carried to some Extent from the early

Fort St George 3rd November 1842

early rains and the freshes of the Kistna river, yet the subsequent failure of rain and the intense heat of the sun have not only pre= vented the further progress of cul= tivation, but the lands which were actually cultivated up to that period yielded but a scanty Crop. The Jonna Crop has be= come productive in some low and Clayey soils or alluvial= moulds only. The Tyra Crop has likewise become scanty from unfavorable winds. For further information relative to the season I beg to refer the Board to the report appended to

Fort St George 3rd November 1842

to Demand Collection and Ba= =lance Statements forwarded monthly=

7 Notwithstanding the failure of Crops in the Current year, yet the large importation of Grain by sea from Arracan &c has kept down the prices which would other= =wise have risen. On a reference to Statement N: 3 Col: 12 it will be observed that the prices of Grain in the Current and preceding years were nearly the same.

8. The following State= =ment shews a Decrease in both the dry and wet land cultivation, Viz: of C V ° C V ° 27-2-7/4 in the former and 79-11-10 1/2 in the latter; making in all 106-1-0 3/4 - This decrease is mainly attributable to the badness of the seasons.

In

Fort St George 3rd November 1842

9. In Kytapully, though from the favorableness of the season to the dry lands cultivated with Jonna Crop there was an increase in the Cultivation to the extent of C V O
15-9-13½ in the Fusly under review above that of the preceding one, yet there was a great falling off in the cultivation of other Species of Crops such as black-Paddy &c. and the total extent of dry cultivation in that Village exhibits a decrease of C V O
2-4-8. The decrease in the other Estates is owing to there being no lands fit for cultivation with Jonna &c. Crops.

The

Fort St George 3rd November 1842.

10. The wet land cultivation in the Village of Kytapully was more than one half of the extent cultivated during the preceding fusly, but from the subsequent drought of season, the produce as might be expected has become scanty, and it would have been still more so had it not been for the sources of irrigation which this Village possesses and by which the tanks receive supplies of water from the Kistna. The Cultivation of wet lands in the Estates of Padana and Padapatam &c. which depend chiefly on rains for irrigation has been very limited in the proportion of one to seven as compared with the extent of last years' cultivation, and this also has not yielded a good return.

11. The following Abstract will exhibit the quantity of the produce in the wet and dry Varaput lands settled on a division of produce the quantity of the Circars' share, and the Value thereof as fixed by the Samabundy of Fusly 1250 in comparison with those of fusly 1249.

From

12. From the above Statement it will be observed that there is a decrease in the quantity of produce of C. Ft. S. 109-6-29-10/10 and 486-0-6 in the amount of Settlement of dry lands and 1443-C. Ft. S. 12-30 2/10 in the quantity of produce and Pc. a. P. 3792-7-5 in the amount of Settlement on wet lands in fusly 1250 below that of the preceding year. The large increase however of Cocoa produce in Nyta pully has not only compensated for the decrease in that of the other Crops such as Black Paddy &c. but also given a net C. Ft. S. increase of 3-3-31/4 in the quantity of produce and Pc. a. P. 187-7-6 in the amount of Settlement. This increase has arisen not by the increase of produce alone, but by the increase in the price Viz. Pc. a. P. 2-32-6 per Candy beyond that of the preceding fusly. This small increase in the Settlement of dry lands could not

not compensate for the large decrease in the wet lands and the total Settlement consequently exhibited a net decrease of Pc. a. P. 3228-3-0 with respect to the decrease in Padana and Padapatam Estates, I beg to refer the Board to the explanation afforded in the 10th Para of this report.

13. The amount of revenue from the money rented and Garden lands for fusly 1250 is shewn in the following Abstract.

There

Fort St. George 3d November 1842.

14. There is a decrease in the money rented lands of Cutties 6-5-6 in the extent of cultivation and Rupees 268-5-5. in the amount of Revenue which is attributable to the falling off in the produce of Poondasah and Mokajonna in Kytapully as also that of Ratchany and Guntaboo Vrs. in Padana and Padapatam Vrs. Estates, in consequence of the failure of rain at a time when the crops were coming to maturity -

15. The cultivation of Garden lands in all the Estates shews a decrease of 1-6-4¾ C. V. P. and in the amount of Revenue an increase of 22-7-7 No. A. B. which is attributable to the increased cultivation of Chayroot in the Garden lands of Padana Mootah which pays a high rate of Revenue. The decrease in the cultivation of the other species of Crops was made up by the high rate of assessment on Chayroot which occasioned an increase under the head of Bagayet above that of the preceding year -

16 The cultivation of Varuput dry and wet lands in the Padanah Mootah was impeded from the failure of rain and the Ryots have consequently cultivated the valuable products of Chayroot and Ratchany in Sandy lands irrigated by small

Fort St. George 3d November 1842.

Small pools by which an increase of Revenue accrued -

17. The ready Money Collections amounted to Rupees 1,606-1-4. for Fasly 1250. being Rupees 561-9-5. below those of the preceding fasly as shewn in the Margin - The items on which the decrease has arisen will be found detailed in Statement No. 3, and principally consist of Durbary Charges Fines and forfeitures which are levied according to the Customs of the Country, the Collections of which depend on the quantity of produce -

Cuttabo	Star Pagodas	1331 8 1	542 5 2
Padanah	do	274 9 3	19 4 3
Ratchany	do	1866 1 4	561 9 5

To

To the Secretary to the
Board of Revenue
Fort St. George.

Sir,

(27)

From the Coll.r of Masulipatam. 5 Para.1. I have the honor to acknowledge the receipt of your letters of the 1st Ultimo and 10th Instant, requiring the early transmission of the Reports for fusly 1250 upon the Government lands, the Minor Estates, and the Estates under Management in this District—

2. On taking charge of the District on the 7th Instant, I found that the first of these Reports had been already drawn up by the late Collector Mr. Grant, and together with the Accounts connected with it, was being Copied in the Cutcherry—I have therefore

therefore not considered it necessary to add any observations of my own in regard to the out-turn of the year alluded to, but have merely affixed my signature, and despatched the Report by this days tappal—

3. The remaining two Reports have been left in an unfinished state, but the Accounts are being Copied, and I hope to be able to submit them to the Board in the course of a fortnight from this date—

Masulipatam, Collector's Cutcherry, 27th October 1842. } (Signed) R. S. Porter Collector.

(26-28)

Order on the 2 foregoing letters (Vide Proceedings 17th inst.) } Ordered to be brought forward at a future meeting—

Read the following letter—

To

Fort St George 3d November 1842.

To the Secretary to the
Board of Revenue

Order on the 2 foregoing letters (Vide Proceedings 17th inst.) } Ordered to be brought forward at a future meeting—

Read the following letter—

To

To

The Secretary to the

Board of Revenue

Fort St. George.

29

Sir,

From the Coll.r of Guntoor

To the Board 20th January 1841
From Do. 8th March
To Do. 29th January 1842

With reference to the correspondence noted in the Margin, I have the honor to submit for the Board's approval, the accompanying draft of an Answer proposed to be filed in Appeal Suit No. 56 of 1842, on the file of the Zillah Court of Nellore - a Copy and translation of the appeal is also forwarded. I request the usual sanction to carry on the Suit at the public cost.

Guntoor, Collector's Cutcherry, 24th October, 1842.

(Signed) W. Stokes
Collector

To

The Adalut Court in the Zillah of Nellore

Appellant. Respondents

Allamoody Soobbaraauze of the Brahmin Caste by profession a Cultivator and inhabitant of Allamoody in the Zillah of Guntoor subject to the Talook of having been removed from Rauchoor in the Zillah of Chittoor

1 Mr. Hathaway the Head Asst. Collector of Guntoor

2 Soonkara Voonniah of the Cummia Caste by profession a Cultivator and inhabitant of Pulleconah, subject to the Estate of Raypully in the Zillah of Guntoor

Appeal petition presented by the Appellant.

The 2nd. Respondent, who is my enemy and a Payakary ryot of my village having presented an arzee to the Collector in the Zillah of Guntoor complaining that the 1/2 Cutchell of free gift Enam, which had been continued to us since my ancestors in Allamoody was not a Mauneum and that

J.

I had occupied a sary land as mauneum in Fusly 12th. he (the Collector) instituted an enquiry into the case thro the Head of Police and notwithstanding it was proved by the 2nd. Respondents own witnesses that it was not sary but a maunuum continued to us for a Serses of years the said Collector issued a Hookoom No. 592 to the Amueen of the Tanah on the 1st May 1810 stating that the land had been continued under our enjoyment as maunuum for 18 years since Fusly 1232 that it has not occupied in Fusly 12th. and that it should be resumed under sary. altho the complaint preferred by the 2nd. Respondent that I had illegally obtained possesion of this land in Fusly 12th. whereas it has been continued as Maunuum for a series of years is frivolous and altho the Collector acknowledged that it has been continued to us since 18 years yet he (the Collector) issued order to incorporate the same under sary, whereby I have suffered injustice Consequently I instituted a suit in No. 70 of 1810 in the Auxiliary Court of Guntoor against the 2nd Respondent for his having formed a conspiracy saying that

that the said half Cutchell of Enam land yielding a produce of 9 Rupees per year was sary. and against the 1st. Respondent for his having incorporated the same under sary. and I gave security to be allowed to enjoy the produce of the same without its being incorporated under Sary. The said Court having admitted that suit against only the 1st. Respondent, he caused an answer embodying certain trivial circumstances to be filed. I represented all the circumstances of the case by reply and according to the points given by that Court with reference to my pleadings I proved the circumstance of the maunuum in question having been continued to us for a series of years, as well as those mentioned in the said points, by 6 Witnesses. Notwithstanding which the Court thro oversight dismissed the suit on the 25th October 1811 and having affixed its seal and signature to the decision on the 29th November, fixed as the limit of appeal the 26th Febnary 1812

The 2nd. Respondent is the principal cause of this suit under these circumstances. I having given security

for

for the costs which may be incurred by the 2d. Respondents, make this appeal against them

In answer to the circumstances mentioned in the Decree and to prove my just claim, I beg to state that the 2nd. Respondent who in the first instance brought forward a false complaint before the 1st. Respondent, that the maneum which has been successively enjoyed by us for a series of years was sary land, and that I fraudulently obtained possession of it as maneum in July 13th, could not prove the circumstance: Moreover it was proved by the witnesses of the 2d. Respondent himself that it has been continued to us as maneum for a series of years. Consequently the Complaint of the 2d. Respondent being frivolous, he evidently originated in his enmity towards me. Altho it is proved by the inquiry instituted by the 1st. Respondent that this maneum has been continued to us for a series of years, yet the 1st. Respondent, thro my misfortune, thought that it has been enjoyed by me, only since 18 years. As it was formerly granted by the Zemindars, and enjoyed by my ancestors in the same

manner, it has been enjoyed by me Altho it has been continued since 18 years, yet the 1st. Respondent in consequence of this fact not being inserted in certain accounts considered that it has not been so continued to us. However I not only assigned in my reply the reasons of this fact not being inserted in the accounts but also proved by my witnesses all the points given by the Court. This maneum which is in the Zemindary Estate has been unmolestedly continued to us formerly by the Zemindars, since then for 18 years by the Circar during their Amanny management, subsequently by Rajah Mulraze Lutchmiah the Zemindar of the Estate when it was made over again to her, and afterwards again by the Circar. Consequently the Complaint brought forward by the 2d. Respondent thro enmity is trivial. Moreover the Zemindar did not set forth any claim whatever to this land. Notwithstanding which the 1st. Respondent tho admitting that the maneum had been continued to me only for 18 years, yet issued order that the land should be incorporated under sary in which your Court will

observe

observe that he has erred and that I have suffered a great injustice I mentioned in the original pleadings and proved the circumstance of the documents having been consumed by fire I filed the remaining documents viz.t 1 Dunda cavela 1 Copy of the Kyfeyet delivered to the Engineer, the doombalahs granted by the Aumeens on the part of the Circar, the doombalah chittahs granted by Mulrangy Lutchmiah from Fusly 1250 to Fusly 1261, the copy of the decision of the 1st. Respondent and a doombalah in proof of the practice of granting only one doombalah for 2 or 3 years at once owning my inability to pay for stamps for the other documents, I did not file them. By the first of these documents the dundacavela, and by the copy of the Kyfeyet which is the second, it will be proved that this maunieum was originally conferred in the name of Iyaparauze my ancestor and successively enjoyed by my Grand Father, my father, and myself. This circumstance is mentioned by the Assistant Judge in his decision by this it will be observed that this maunieum has

has been continued to us for a series of years past. The Assistant Judge objected that I did not make mention of the Dundacavela /my first document/ in the complaint, that it does not bear the attestations of the witnesses &c., and that if it were a real one it would have been in the Collector's Cutchery and mentioned in the Decree that it is a forgot one. The dunda=cavela is a statement written and kept by the curnums in every village in order to inform the Authorities of the affairs of the village when required. such dundacavela will be only with the village curnums in every Zillah there will not be a copy in the Collectors Cutchery. It is not customary for such dundacavela to bear signature of any person The Dundacavelah of my Village in which my maunieum is inserted as of this nature again, if the dundacavelahs in the villages subject to other Zillahs and the villagers are examined, it will be observed by the Court that dundacavelahs do not bear the attestations of witnesses &c. and that copies of them are not lodged in the Collectors Cutchery. The Assistant Judge, therefore not taking a correct view of the country usages has

thro'

this oversight given an incorrect decree and unfortunately I have thereby suffered injustice At the examination before the Head of Police relative to the Argee presented by the 2nd. Respondent, this dundacanela was not produced because there was sufficient proof from the accounts themselves and as the original complaint was written with reference to this, it did not appear necessary to mention the dundacanela Useless and prolix circumstances having been mentioned in the answer, it was necessary that I should mention in the reply the circumstance of the dundacanela in refutation thereof. Whereupon the Assistant Judge grounding this opinion on the fact that the dundacanela was mentioned in the reply but not in the Complaint, erroneously decided in his Decree that the document was a forgery. The best method of proving the genuineness or the contrary of the dundacanela, is to ascertain whether it be recently written or on the date which it bears. If your Court will inspect the dundacanela and the hand writing it will be perceived that this dundacanela was written

written long ago and not recently, that the Assistant Judge has made a great oversight in considering it a forgery and that this is a genuine document. The objections made by the Assistant Judge to the Copy of the Kyfeyet given in by me to the Engineer are totally wrong. I did not mention in any pleadings that I had obtained copy of the Kyfeyet from the Engineer. In as much as it was not obtained from the said officer, it does not bear the signatures of any authorities. This copy is the one which was written by ourselves with reference to the accounts delivered in to him, but not that which was obtained from him. As it is not an authenticated copy, I requested in my reply that the Court should send for an authenticated copy from the Office of the Engineer and comparing the same with this, decide justly, but the Court without giving points to me regarding it, and without sending for and perusing those accounts, did not look upon this document as an important one, and dismissed

my

thro' oversight given an incorrect decree and unfortunately I have thereby suffered injustice At the examination before the Head of Police relative to the Arzee presented by the 2nd. Respondent, this dundacanela was not produced because there was sufficient proof from the accounts themselves and as the original complaint was written with reference to this, it did not appear necessary to mention the dundacanela Useless and prolix circumstances having been mentioned in the answer, it was necessary that I should mention in the reply the circumstance of the dundacanela in refutation thereof. Whereupon the Assistant Judge grounding this opinion on the fact that the dundacanela was mentioned in the reply but not in the Complaint, erroneously decided in his Decree that the document was a forgery. The best method of proving the genuineness or the contrary of the dundacanela, is to ascertain whether it be recently written or on the date which it bears. If your Court will inspect the dundacanela and the hand writing it will be perceived that this dundacanela was written

written long ago and not recently, that the Assistant Judge has made a great oversight in considering it a forgery, and that this is a genuine document. The objections made by the Assistant Judge to the Copy of the Kyfeyet given in by me to the Engineer are totally wrong. I did not mention in any pleadings that I had obtained copy of the Kyfeyet from the Engineer. In as much as it was not obtained from the said officer, it does not bear the signatures of any authorities. This copy is the one which was written by ourselves with reference to the accounts delivered in to him, but not that which was obtained from him. As it is not an authenticated copy, I requested in my reply that the court should send for an authenticated copy from the Office of the Engineer and comparing the same with this, decide justly, but the Court without giving points to me regarding it, and without sending for and perusing those accounts, did not look upon this document as an important one, and dismissed

ing

my suit. Consequently I have suffered a great injustice. If your Court entertain any doubt of the genuineness of this document, you can send for the account from the Engineer and on comparing the two together, it will be perceived that this account is a real one and that the Assistant Judge has erred owing to his not having examined it. The appeal Courts having been established for the purpose of rectifying the errors in the decrees of the lower Courts I make this appeal to seek redress. The first two of my documents having been thus established valid, the others also will afford strong proof of my just claim. If this is not my maunaum, why should the Annicums &c. on the part of the Circar give me Doombalahs &c. other documents. The circumstance of the Assistant Judge not having taken my other documents into consideration, is apparent from the decree itself.

The

The circumstance of my 1st 2nd 3d 4th and 5 witnesses being respectable and old is clear from their depositions. If it is suspected that their age is less your Court may send for and examine them and so ascertain the fact. They have stated what they know since they had any sense. as they know the maunaum in the Village they stated that they knew it, and as they have not seen my document, they stated that they had not seen the summud have stated that they had seen the summud also. They have never given evidence before my first witness stated that he is aged 80 years and upwards, and that he has known it since 80 years upon this the Assistant Judge erroneously remarks "how could he know it since his infancy" These witnesses were not born till after the death of Jyaparauze. consequently they could not state the circumstance of his enjoying the land. As the 1st witness know the fact of my grand father having enjoyed it he stated

stated the same The other witnesses stated the circumstance of my father and myself having enjoyed it The inability of my witnesses to state the fact of Iyaparauze enjoying the land cannot injure my claim at the time of giving my deposition before the Court in regard to the consumption of my documents by fire I was confused and by mistake stated that the summd had been separately kept which mistake I beg the Court will be pleased to pardon and afford me Justice Relative to the 2 accounts mentioned by the 1st Defendant in his answer I gave answers in the reply itself This land having come under our enjoyment since the time of Iyaparauze I stated that it was granted to Iyaparauze my grand father and my father The witnesses of the 1st defendant stated that Mudrangwar first granted doombalah in fusly 1212, and afterwards in fusly 1224 and that they did not grant doombalahs every year This circumstance is clear from their

their depositions Even now doombalahs are not given every year and yet no objection is made The Court gave me points to prove this fact and I proved it accordingly Notwithstanding which it was not taken into consideration The Court should also consider how the Diary in which the doombalah in question is entered and which is lodged in the Circar / Records / can be spurious The reasons of my doombalah as well as certain other doombalahs being entered on a separate leaf in that Diary has already been assigned in the original pleadings I therefore humbly solicit your Court will take the above circumstances into consideration

and

Fort St. George 3d. November 1842

and perusing the Appeal and original suit, the copy of the statement delivered into the Engineer, the Doombalahs of the Auneens on the part of the Circar, and the copy of the decision of the 1st Defendant quash the decree of the lower Court, and pass a decision awarding the land in question to be surrendered to me together with the costs without hinderance on the part of the Respondents 24th February 1842.

/Signed/ A Soobbarauze

N. 2

Draft of the first Respondents answer to the appeal made by Allamcody Soobbaraauze from the decision of the Assistant Judge of Guntoor in the case of his claim for ½ Kutcheli of Land as his Maunieam -

1. The Appellant alleges that by the Witnesses of the 2d Respondent, who laid a Complaint against him before the first Respondent of his having assumed Sary or Circar land as his Maunieam, it has been proved that the land in question is not Sary, but his Maunieem. — In answer to this, the first Respondent has to state that, the evidence the appellant alludes to seems to be that given by some of the Ryots of the Village before the ameen during his enquiry under the first Respondents orders - The ameen examined them as ryots in the Village, but not as witnesses named by either party - but as — it was clear from their examinations that — some of them had been biassed in favor of the appellant and others in favor of the 2d Respondent, and had deposed accordingly to support their respective parties without any regard to truth, their evidence on both sides was considered unworthy of credit, and the first Respondent threw

threw it aside, and taking into consideration all the evidence furnished in the accounts and other records in the Huzzoor Cutcherry, he ordered the Land in question to be included under Sary--

2- The Appellant mentions that the land in question was proved during the enquiry, instituted under the orders of the 1st Respondent, to have been enjoyed by him as Mauniem for several years- In reply to this, the first Respondent will only refer the Court to his answer and Rejoinder in the original Case, from which it will be apparent that the different documents and reasons, under which he, after that enquiry, ordered the land to be included under Sary, have sufficiently proved that this is not genuine Mauniem--

3- The Appellant, it will be seen admits that his mauniem is not inserted in the accounts, but alleges that he accounted in his reply for this non-insertion and proved his reasons before the Court- In answer to this, the first Respondent submits that the appellants allegation that he adduced proofs before the Court on this point is false- and Moreover, from the

the circumstances detailed by the first Respondent in his original answer and Rejoinder it will be clear that there is no other reason for its not being inserted in the accounts except that it had in reality no existence; and that there is no truth in what the appellant mentions on this point--

4- The appellant alleges that his family was formerly allowed to enjoy the land as Mauniem by the Zemindars, by the Circar during its amauny Management within the last 18 years, and afterwards by the Zemindar while in Charge of the Talook- The first Respondents answer to this is that the falsity of the appellants assertion of the former Zemindars having granted the Mauniem, and allowed its enjoyments by his family, will be clearly seen from the circumstance of his having shewn three different individuals who lived at different times as the original Grantee Viz. His grand father on one occasion, his (the appellants) father on another, and lastly a distant ancestor of theirs, and from the result of the enquiry made into his allegation of the Doombalahs

granted

threw it aside, and taking into consideration all the evidence furnished in the accounts and other records in the Huzzoor Cutcherry, he ordered the Land in question to be included under Sary--

2. The Appellant mentions that the land in question was proved during the enquiry, instituted under the orders of the 1st Respondent, to have been enjoyed by him as Mauniem for several years - In reply to this, the first Respondent will only refer the Court to his answer and Rejoinder in the original case, from which it will be apparent that the different documents and reasons, under which he, after that enquiry, ordered the land to be included under Sary, have sufficiently proved that this is not genuine Mauniem--

3- The Appellant, it will be seen admits that his mauniem is not inserted in the accounts, but alleges that he accounted in his reply for this non-insertion and proved his reasons before the Court - In answer to this, the first Respondent submits that the appellants allegation that he adduced proofs before the Court on this point is false - and Moreover, from the

the circumstances detailed by the first Respondent in his original answer and Rejoinder it will be clear that there is no other reason for its not being inserted in the accounts except that it had in reality no exeistence, and that there is no truth in what the appellant mentions on this point--

4. The appellant alleges that his family was formerly allowed to enjoy the land as Mauniem by the Zemindars, by the Circar during its amanny Management within the last 18 years, and afterwards by the Zemindar while in Charge of the Talook - The first Respondent's answer to this is that the falsity of the appellants assertion of the former Zemindars having granted the Mauniem, and the allowed its enjoyments by his family, will be clearly seen from the circumstance of his having shewn three different individuals who lived at different times as the original Grantee Viz: His grand father on one occasion, his (the appellants) father on another, and lastly a distant ancestor of theirs, - and from the result of the enquiry made into his allegation of the Doombalahs granted

granted by the former Zemindars having been consumed by fire, as also from the non insertion of the land in the principal accounts. As to his assertion of the Circars having allowed him to enjoy the land within the last 18 years, the first Respondent states here as will be clearly seen from his answer and Rejoinder in the original case, that in fusly 1232 when the appellant, who is the Curnum of the Village, delivered in the Kyfeyed of Maumiems, he fraudulently entered it in his own name a Maumiem, while it was not inserted in the account which had been delivered in by his father 4 years before that time, and that his being the Curnum enabled him some time after, to assume the land and to have it mentioned only in the Anchanah Jabetah of the subsequent fusly 1234, as a portion of it had some produce that year but that he did not enjoy it at any time during the nine years of the Circar late Management, nor had he ever any Doombalah given him, and that his allegation of the Circar's Ameen having given him a Doombalah for three

years in fusly 1236 is false, but that he fraudulently obtained an insertion of a Copy of such in the Doombalah diary to support the said allegation. As to the appellants asserting that the Zemindar Mulrauze Lutchmiah allowed him to enjoy the same during her late Management, it is to be stated in reply that from the answer and Rejoinder in the original case it will be clear that he only enjoyed it during the Management of Mulrauze Lutchmiah by the friendship of the Samadar of the Village without knowledge of the Zemindar, and that he did so likewise since the re-attachment of the Estate by the matter being disguised before the attaching ameen the land being inserted as his Maumiem in the accounts which he, as Curnum of the Village, delivered, and by procuring thereby a Doombalah, which the ameen erroneously gave him, without referring to the Records of the last attachment as he ought to have done under the orders which the Collector had issued in No 77 of fusly 1254 for the guidance of Ameens in giving Doombalahs.

As

Is this enjoyment which the appellant argues upon in his favor can easily be considered to have been fraudulently obtained the first.— Respondent trusts the Court will not be inclined to attach any importance to it—

5.

The Appellant asserts that he proved the circumstance of his documents having been destroyed by fire—

The weakness of the proofs adduced by him on this point has been sufficiently exposed in the first Respondents answer, and this and the other facts and arguments put on record in the original suit may satisfy the Court that no credit is attachable to the story either of the documents having been destroyed by fire or of their ever having been in his possession.

6.

The appellant argues from his Dundaccavilak and the Copy of a keyfeyd he alleges to have been delivered to an Engineer— The 1st Respondent in his rejoinder in the original case has already shown these two Documents to be inadmissible as evidence in the Case— The Dundaccavela remains in the possession of the

Appellant

Appellant at all times without the signature of any authority, and inconsequence liable to be altered by him at his pleasure— Documents of this name usually shew the boundaries, Village Customs, the succession of the former native Kings, Authorities, Jumprotoolos or different families of the Cumums and their shares of the Meraasy, as well as their Pedigrees and similar other former circumstances but it is neither Customary nor is it necessary to insert Mauniems therein— This being the case, it is very unlikely that there was ever any occasion for the Mauniems of appellant being entered in the Dundaccavelak before his seeing the necessity of bringing it before the Court in the present case— He mentions that the genuineness of this, can be ascertained by the examination of the hand writing &c in it— Whatever his arguments regarding this document may be, he readily admits his having made no mention of it during the long investigation before the Moneen, nor in his Complaint before the Auxiliary Court, and his having first made it known only

only in his reply inconsequence (he says) of the arguments in the first Respondents' answer in the original case - Were this important document a true one, would it have been passed over by a litigant in the different principal stages of his case, as he has done, with a determined silence as to even its existence - This alone, the first Respondent trusts, is sufficient to exhibit the document before the Court, as entirely inadmissible in evidence --

7. The appellant complains of the Assistant Judges not having complied with his request to obtain for him from the Engineers Office an authenticated Copy of the Kyfeyat which he alleges to have been given to an Engineer - The first Respondent considers it necessary to state here, that the appellant petitioned the Government for the same and his petition was returned to him with an Endorsure by the first Respondent as directed by Government stating that any account of Maunieams which may have been furnished (as he alleges) to the Engineer is quite unconnected with the Village affairs, and of no avail to him unless it corresponds with that furnished

the

the same year, to the Revenue Auneen, who had ample means of ascertaining the truth regarding claims to Mauniems - It must also be stated that it is very unlikely that Mauniems would have been entered in such Kyfeyat as he alleges to have been given to the Engineer - The Court will therefore easily perceive that the appellant argues on this point merely with a view to make it appear that that account will support his claim, but not with any prospect of obtaining it, and that he is sensible of its being impossible for the Assistant Judge to obtain for him what the Government have refused --

8- The appellant asks how the Circar auneens and others could have given him Doombalahs and other Documents if his mauniem was a fictitious one - In reply to this, the first Respondent states that the Documents here alluded to appear to have been the three Doombalahs he procured from some Auneens since the present attachment of the Talook by the Circar, and the produce permits which he procured from the Samuldars of the village during the management of Ellutrauze Lutchmiah -

as

as the circumstances under which these documents are inadmissible in evidence are stated by the first Respondent in his answer in the original case and in Para 6 of this appeal answer, it does not appear necessary to add any thing here.

9. The appellant alleges that his assertion in his examination before the Court that his Documents were destroyed by fire, but that his summud was kept separate from the others, was occasioned by mistake and confusion, and begs pardon for the same. The first Respondent considers it sufficient to refer the Court on this point to his answer in the original case from which it will be clear that the appellant at first asserted before the late Collector that both his summud and Doombalahs had been burnt; but that as his witnesses examined by the ameen of Bauputlah differed from him, in making no mention of the summud, he contradicted himself before the assistant Judge with a view to conform to their statements. But in the present appeal Petition, he resorts to his first assertion from fear of being otherwise required by the Court to produce the summud, while none has

ever existed. This, the first Respondent trusts will be sufficient to exhibit before the Court the worthlessness of the assertions of the appellant on this point.

10. The cause of the appellants having represented his grand father on one occasion, and his father on another, and Iyaparauze a distant ancestor on the last occasion as the original grantee of this mauniem, he asserts, has arison from the circumstances of the enjoyment of the land having passed to each of the three persons. It being quite absurd to imagine that a curnum of the appellants age and experience could not distinguish from his successors, who enjoyed it after him, the first Respondent trusts the Court will see the falsity of his (the appellants) assertions, and will at the same time observe from the first Respondents answer in the original case that the appellant had had distinct objects in contradicting himself again and a gain on this point.

11. The appellant states that as the witnesses on the part of the first Respondent deposed to the effect of the

Mutrauze

Mulrauze Zemindar having granted Doombalahs only in Fusslies 1212 and 1224, but not every year, his not having Doombalahs every year would not in consequence be objectionable - The first respondent begs to refer the Court here to the Depositions alluded to, which will shew that the Deponents have in their possession Doombalahs granted for their Mauniems by the late Zemindar Venkata Goondarow in Fusslies 1212 & 1214, and also in 1224, and likewise Gulla Chits or grain permits given by the ameens on the part of the Zemindar to the address of the villagers for every Fusly in which in which their Mauniems had produce - The Gulla Chits are likewise the same as the Doombalahs in effect, for both of them contain the same directions to the villages to allow the Enamdars to take away their produce, but being given by the ameens of the Zemindar they bear that name inorder to be distinguished from those given by the Zemindar himself - The Mulrauze Taloot being extensive, the Zemindar was accustomed to allow

his ameens to issue the permits in their respective Tanahs for the convenience of the Enamdars though in some years or on particular occasions every year, he likewise furnished them himself - It is clear from the evidence that, the Enamdars obtained permits either in the from of Doombalas from the Zemindar himself or of Gulla Chits from his ameens without any difficulty during the management of the Mulrauze was far every year, that their Enams had produce, and the practice of the Enamdars taking Doombalahs when their lands remain waste, or without produce, is likewise shewn in the first Respondents' motion in the original case, and by his documents filed therewith on this point - This being the case the circumstances of the appellants being possessed of no Doombalah, nor grain permit during the time of the late Zemindar Venkata Goondarow, will, the first Respondent trusts, be admitted before the Court among the different material proofs of the appellants Mauniam being fictitious -

12. The appellant alleges - that the Auxiliary Court would not take into Consideration

ation the practice, he says, he had proved of giving one Doombalah for two or three years. The words in the Assistant Judges Decree are "Plaintiff has shewn that Doombalahs for more than one year at a time "are given by ameens, without a previous reference to the Huzzoor, but that circumstance is of no benefit to him." The first Respondent considers it necessary to refer the Court to his motion in the original case, from which it will be clear that, he (the first Respondent) does not in his answer deny the practice of giving one Doombalah for more than one year as it must of course take place in some cases of Enamdars, who from distance, illness, or other unavoidable circumstances cannot attend on the Ameen for Doombalahs each year. This is not however applicable to the cases of such Enamdars as the appellant for the following reasons. He being the Curnum of the village is required to attend on the Ameen every year in different village affairs, and is employed for some Months with the Ameen in preparing the Samabundy or other annual accounts &c. Thus he has many opportunities

opportunities of obtaining the Doombalah in each successive year without any inconvenience or making a special journey for that purpose. This being the case, and their being as above stated a practice of giving Doombalahs to the Enamdars for their waste lands. — also in case they should require them, the first Respondent would ask, why, if the appellant was possessed of a real mauneem, he would have allowed the nine years of the Collectors last management to elapse without obtaining a Doombalah from the Company's ameen, which the Enamdars in Zemindary Talooks esteem the strongest support to the right of the Mauneems. Why would he have neglected to have taken one at least in fusly 1234, when the land he claims had produce. and why would have attempted to have taken one for three years from fusly 1234 to 1236 after the Talooks had been fixed to be made over to the Zemindars and only five days before the day fixed by the Zemindars taking charge of them. How can it be supposed that you Annally Venkiah the most able ameen then

then in this Zillah would have been disposed under the foregoing circumstances to to grant him a Doombalah for three years particularly at the time of his making preparations to give over charge of the Talook to the Zemindar, and likewise without making reference to the Collector for orders, a practice which has proved by the first with his motion in the original case, was followed by the ameens in the cases of such Emanidars as this - From these and from the circumstances in the original answer of the first Respondent, as well as from the explanations given in his motion presented with his documents in the original case, these points will be quite clear and the Court it is trusted, will readily observe, that the Doombalah which the appellant alleges he had for three years at once could not have been given him and it is not therefore genuine -.

13. The appellant refers the Court only to his statement in the original pleadings as to the grant of the Doombalah he alleges he had -

obtained for three years at once having been in the Dairy of Doombalahs - The first Respondent does not consider it necessary to say anything here on this point, as it is clear from the original answer and the Motion presented with his documents as abovementioned in the original case, that the appellant fraudulently procured the entry of the Doombalah in the Dairy by the ameen -

14. The Respondent begs the Court will be pleased to take into consideration his (Respondents) documents, which from a part of the Auxiliary Courts' Record in the original case, and those which were produced to and returned by the said Court to his Cutcherry, together with the circumstances and explanations in the original answer and Rejoinder and in the abovementioned motion presented with his documents, and dismiss the appeal Complaint adjudging the appellant to pay the whole of the Costs incurred by the Respondent - -

I have the Board are aware that Syed Moostafa Ally Khan the late Woodiaghierry Jaghierdar's Brother in whose death I reported under date the 22d February 1842 held on a life grant the two Villages of Cheravuellas and Bheemavaram — At the fasly year had considerably advanced when his death occurred I considered it expedient and fair to settle the Villages according to his existing engagements with his Ryots —

First with respect to the Village of Cheravuellas Mr. Reeves that Syed Moostafa Ally Khan gave Cowles to the Ryots for three years from fasly 1249 to 1251 and the Beriz payable for fasly 1251 according to those engagements was Rupees 215-15-9 but his system was to harass money from them and

Fort St. George 3 November 1842

and induce his Ryots to give Bonds to them for the amount of the revenue payable — In this way he took up loans in fasly 1251 to the amount of Rupees 1459-4-6 for which sum he induced the Ryots to give Bonds to a Sowcar — At the time of the resumption of the Village they had paid on those Bonds Rupees 599-8-6 besides 199-12-2 paid to himself making a total payments on account of the Beyriz of fasly 1251 of Rupees 799-4-8 up to the date of resumption — The amount of revenue they had still to pay was Rupees 1359-11-1 — As regards the payments made to the Sowcar there are no accounts or receipts with the Ryots or with the Curnums The latter deny all knowledge of these payments but the Sowcar admits before me that he had received Rs as 599-8-6 from the Ryots on account of their Bonds, and there is no reason to doubt the truth of the statement —

statement a sum of Rupees 824-11- has been realized by me from the produce of the Village and the Sawcar says claims to it in payment of the balance still due by the Ryots on their bonds as it appeared to me to be a matter in which it would be proper that I should not act without the Board's order I directed the amount to be kept in deposit pending a final decision. There is no doubt of the Sawcar having lent the money to Syed Mustapha Ally Khan, at the same time it is strictly speaking a private debt for the adjustment of which he should, like other creditors look to Syed Mustapha Ally Khan's family. Such a debt can give him no lien on the produce of the Village after it has passed from Syed Mustapha Ally Khan's hands, and I should not have considered the subject deserving of the Board's consideration were it not for the Ryots who should be

protected. The Sawcar holds their bonds and if he goes to Court they will be compelled to make good their engagements. If therefore the Government take the amount which has been realized from the produce as already noticed, it will take from the Ryots those means to make good their engagements to the Sawcar upon the expectation of which they formed them, and subject them to a double payment. I would therefore respectfully recommend that the amount realized should be paid over to the Sawcar in satisfaction of the sums still due on the Ryots Bonds, which should be taken from him and cancelled.

Secondly, as regards the Village of Bhamavaram in which Syed Mustapha Ally Khan's arrangements were similar to those he had adopted in the above cases at the beginning of fusly 1251 he granted Cowles to the Ryots for 3 years. The Bayrig of that fusly was fixed

Fort St. George 3rd November 1842

fixed at Rupees 1210-4-6. Hereafter
wards were to give order to the Ryots
that out of the Beyrey payable by
them for fusly 1251 they were to pay
a certain Sowcar Rupees 409-6-3
in part liquidation of bonds
which her Moostafa Ally Khan had
executed and wages due to certain
of his servants. It seems that subse-
quently he issued another order
to the Ryots directing them to pay
the whole Beyrey of fusly 1252 and
1253 to the same Sowcar and made
them give Bonds to the Sowcar for
the entire revenue payable by them
for fusly 1254-1255 to the date of re-
sumption of the Village. 40 Rupees
had been paid to himself and
99-9-4 to the Sowcar. There is
no regular Account with the
Curnums or the Village Shroff
of these payments nor have the
Ryots receipts to produce the pay-
ments endorsed on the Bonds
evincing the extraordinary confu-
sion matters have got into their money
transactions with each other. The
Sowcar admits the payment of this
sum

138 64

Fort St. George 3rd November 1842

sum of Rupees 99-9-4. The collections
made by Government from the Village
is Rupees 432. The Ryots as did those
of Cheroovelly urge that if this sum
is not made over to the Sowcar he
will sue them on their Bonds, and
they will consequently be subjected
to a double payment. It would seem
to recommend therefore that an
allowance be made to the Ryots on
the same considerations as apply to
the Village of Cheroovelly the sum
realized from Poteenavaram since
its resumption be made over to the
Sowcar in liquidation of the Ryots Bonds.

This practice of anticipating the revenue of his Villages by loans from Sowcars, and securing the punctual payment of the revenue by the execution of Bonds by the Ryots to the Lender seems to have been adopted by Moostafa Ally Khan for some years past. From the current fusly all such engagements of the late proprietor of these Villages of course become null and void.

I had at first intended to have brought to the circumstances of these

and perusing the Appeal and original suit, the copy of the statement delivered into the Engineer, the Doombalahs of the Auneens on the part of the Circar, and the copy of the decision of the 1st Defendant quash the decree of the lower Court, and pass a decision awarding the land in question to be surrendered to me together with the costs without hinderance on the part of the Respondents 24th February 1842.

N. 2

Draft of the first Respondents answer to the appeal made by Allamcody Soobbaraauze from the decision of the Assistant Judge of Guntoor in the case of his claim for ½ Kutcheli of Land as his Maunieam -

1. The Appellant alleges that by the Witnesses of the 2d Respondent, who laid a Complaint against him before the first Respondent of his having assumed Sary or Circar land as his Maunieam, it has been proved that the land in question is not Sary, but his Maunieem. — In answer to this, the first Respondent has to state that, the evidence the appellant alludes to seems to be that given by some of the Ryots of the Village before the ameen during his enquiry under the first Respondents orders - The ameen examined them as ryots in the Village, but not as witnesses named by either party - but as — it was clear from their examinations that — some of them had been biassed in favor of the appellant and others in favor of the 2d Respondent, and had deposed accordingly to support their respective parties without any regard to truth, their evidence on both sides was considered unworthy of credit, and the first Respondent threw

Ordered that the following
letter be sent in reply
To the Principal Collector of
Nellore.-

34-35

To the Coll. of Nellore

Sir,

In Land 3 Nov. 1842

I am directed by the Board of Revenue
to acknowledge your letter of the 20th Ultimo reporting
on the claim of certain Sowcars to commission
from the collections of the Villages they have
Reinvaverans, imposed by Government on the dea
of the late Grantee the claims to which founded
Bonds given by the said late Grantee
money levied by the Sowcars to the Zemindar
2.- In reply I am directed to inform you
that the Board cannot agree to your proposal
for paying the balance of the amount remaining
in question out of the money realized by
you from the Villages, because they cannot
entertain or sanction the principle of Estates
individual holding Land and or Life grants
entitled to any proceeds arising therefrom beyond
the Incidents. Nor can they forestall such Grants
nor himself purchase them, nor assign to Sowcars
Shanbogues the Sowcars rents as you propose
the Civil Courts the Board to appeal
the actions and the Board do not apprehend
you are apprehensive that they
will obtain a decree.-
