It appears from the Puttahs in the possession of the Petitioners that in fusles 1215 and 1217 they really held lands now in the occupation of the Parties against whom they complain.-

When and for what reason these lands were transferred from the Petitioners to the present holders cannot now be accurately ascertained

In= =consequence of no answer having been received, a 2d. order was issued to the Tahsildar by Mr. Ashton co= directing him to proceed to the Village in question and there hold a strict enquiry on the subject. The Proceedings held by the Tahsildar were submitted to Mr. Cotton Sub co= Collector in Charge who called up the case and not only fined the Heads of the Village under Regulation IX of 1822 but temporarily sus= =pended them from their situations. The Ryots when demand= =ed for the assessment on the con= =cealed lands thus secretly cultivated refused payment on the ground co= that they had already paid the amount to the Village functiona= =ries, but this assertion they entire= =ly failed to prove either by oral testi= =mony or by receipts. The Tahsildar was therefore directed to recover the amount from them. They not only refused to pay it but per= =suaded the other Ryots of the Village to

to withhold the payment of their co balances also. at the request of the Tahsildar an order was therefore issued to attach the property of the most refractory. We accordingly attached the property of nine individuals to a very small amount and forwarded a list to the co Huzzoor.-

3. at this stage the Petitioners appeared before me when I informed them that they must in the first instance pay the demand against them but I promised that I would personally enquire into the matters and restore to them any sums which they could prove to have been previously paid to the co Village functionaries. They would not consent to this and their attached property was accordingly sold. During the Summabundy of the Faloork in which the Village is situated both the ryots whose property had been sold and the other Ryots of the Village urged their inability to

to satisfy the demand against them for the two preceding Fuslies and co prayed that the realization of the balance due by them for Fusly 1249 might be suspended, and that a co reduction might be made in the rates of Meersargee for Fusly 1250. On consideration of all the circumstances of the case I complied with their request on their undertaking to pay off the Balance for Fusly 1250, this however they have not yet fully done. I beg leave to submit a Statement of the Demand Collection and Balance of the ryots whose property was sold from which it will be seen that though the Collection of a considerable amount was suspended, there is still a small balance due by them.-

Sir,

Para 1. With reference to an Extract from the Proceedings of the Board of Revenue under date the 29th August, I have the honor to report for their information that the whole of the Zemindars, whose Estates were attached and advertised for sale on this day in failure of previously discharging their outstanding kists have, with the undermentioned exceptions, paid the balances due by them, but of the Sias - exceptions the Zemindars of Auvoor Chittoor and Conacumbaukum having paid the greater portion of their balances and made arrangements for the early discharge of the remainder I did not bring their Estates to a forced sale - the remaining three Mootahs were put up to public competition and were purchased by me on account of Government at the following sums - Mamundoor 1000 Rupees Ramuneril 50 Rupees and Perombaidoor 60 Rupees. -

2. Subjoined is a Statement - Shewing the details of these 6 Mootahs with the respective balances, and the amount for which three of them were sold, and I have now only to request the confirmation of the Government to the sale, may be obtained and sanction given for writing off the amount of the purchase money in the public accounts being in the aggregate one thousand one hundred and ten. -

Mr Goldingham proposes to pay 80 Rupees or 2/3 of the whole amount of Pension to the daughter and the remaining 40 Rupees, or 1/2 to the Grand Mother Roochtoom Beebee, in consideration of the number of dependents who look to her for support, and also with reprence to the circumstances of her having been appointed as the Guardian of Tippoo Beegum. As this arrangement appears to the Board to be a fair and just division of the pension, in consideration of Tippoo Begum being the head of the family and heiress of Jaffer Ally Khan and of the terms in which the grant is worded, they consider that 1/2 of the amount, or 20 Rupees, should revert to her in the event of her surviving Ruckoom Beebee, and they direct me therefore to request that the sanction of Government may be granted to the above effect, with a view to the transfer solicited by Baketoonissa alias Tippoo Begum being complied with.-

Mr Neave got 4 dozen Mr Cockburn 3 dozen Mr Johns 2 dozen, and to try the climate of the Mysore talooks, I forwarded one dozen plants to Captain Hill to be placed in his garden at the remount depôt. The Tahsildar of Salem, who has inspected the plants on the hills reports, that all given to Mr Cockburn have failed. this must have been from neglect, for of the 48 given to Mr Neave, only 7 have failed and 41 are in good condition. of Mr Johns portion

I have gone and he has twenty thriving plants and Captain Hill assures me, that all the plants sent him are getting on well.

2 Whilst writing on the subject of trees, I would beg to suggest for the Board's consideration that in consequence of the facilities of communication now established between Madras and Egypt the Government may be inclined to procure some Olive plants from Syria &c. &c. order that trial of them may be made in the climate of Salem. I should think we might find situations favourable for them either on the hills or in the low country.—

One Veerapa Moodaly of Pondicherry conveyed on the 15th August last at about 2 O'clock in the night time the Indigo entered in the Statement upon 8 Coolies without rowannah or any document in support, by way of Thembaukam, an English Village, with a view of entering into a French Village near to it, when a Vallichary man of Madalaput Sayer Choukey apprehended the Smugglers.

From the detailed enquiry made I am satisfied that the goods were carried at Midnight to evade the Circar duties as is too much practiced on the frontier. Under these Circumstances I recommend that the Indigo be confiscated.

Reporting on the Settlement of the Shivagunga Zemindary for Fasly 1251.

In explanation of the Settlement of the Shevagunga Estate for Fasly 1251 (A. D. 1841/42) I have the honor to submit the following Statements.

1 Abstract of Settlement.
2. Detail of Settlement
3. Average price of Grains.
4 Demand Collection and Balance.

North East Monsoon.

2. The north East Monsoon commenced on the 20th October and ceased about the end of November. It had been preceded by a heavy fresh in the Vaigay on the 12th October which filled all the tanks dependent mit in the Estate and their supply was kept up by repeated moderate renewed freshes more favorable than I have ever known; and this portion of the Estate benefitted more in the year under report than it had suffered in the preceding one. The increase of produce was great — but

but from low prices the settlement does not exceed that of the preceding year by more than 1/16 per cent. This is a great absence of profit to the proprietor but does not fall hard upon the Ryot in a Country where the taxes are, as here, in main part paid in Kind, and the Country is was entirely free from any general or prevalent disease. Remission was in Fusly 1250 granted on 1652 Chays of irrigated land paying in kind, on 591 Chays or to amount of 702 Rupees on irrigated land giving a Money tax; and on Punjah land to amount of 475 Rupees; whereas in the year under report the decrease of remission has been under the two first heads respectively on only 304 Chays and 11½ Chays or to amount of 115 Rupees; but on the Punjah it has increased to 1542 Rupees so the remission was principally for flooded cultivation in beds of tanks.

to the Ryots

Remission Comparative

Increase of Cultivation of produce 3-

In Fusly 1250 the irrigated land under cultivation was 23354 Chays affording to the proprietor a share of 19731 Cullums of grain; in the year under report it amounted to 28693 Chays

giving a share of 26285½ Cullums. And whereas in Fusly 1250 a Chey of land gave an average produce of only Cullums 18-3-3½; in the year under report the average return was as much as Cullums 20-3-0½.

Of fertility

I am willing to believe the measures taken for that most anxious and difficult duty the prevention of fraud in the Estimate of Crops and out turn of produce, have been crowned with success. It had hitherto been usual to appoint temporary Servants to make the Estimates and superintend the harvest on completion of which they were thrown out of employ; and if convicted of neglect or connivance what power of punishment was there in me that should induce them to withstand an evil impulse; In the year under report I appointed the permanent Villages and Maganum Maniagars to this duty, supplying their places with the temporary Servants, giving them also the highest pay of Overseers, and promising

success of measures for prevention of fraud in the Estimate of Crops and out turn of produce.

promotion

promotion on occurrence of vacancies to such as were conspicuous for their activity and integrity and I have never ceased to inculcate that the prosperity of the Ryot is the profit of the proprietor and consequently the necessity to act with equal justice towards him and the proprietor. When the harvest was completed most of the Managers fell back into their permanent situations some have been promoted as promised and to the remainder the promise will be fulfilled as vacancies occur and I am happy to think the Managers trust to its fulfilment.—

Place period and mode of settlement.

4. As ever hitherto my habit made arrangements for the scrutiny of the settlement early in August, immediately after despatch of my report on the settlement of the Company's unalienated Talooks, but the Cholera was raging so generally and with such severity throughout the Estate I did not felt it would not be just or wise to congregate the Cumums away from their

their houses. I post poned it therefore till near the end of the Month and though the disease was still prevalent in various parts of the Estate we were still, by the bounty of Providence, free from it in the four central places where the assemblages were made. No variation took place from the principles of former years. Viz.t adjustment of the demand in kind and to small extent in money and fixed grain rent.—

5. There has been no emigration from the for want of means of subsistence in it; but the hope of ten Rupees a Month has induced many to a temporary retreat to cultivate Coffee plantations in Ceylon.

The improvement of the sources of irrigation though still far from being carried to a sufficient extent is felt by the people as a great blessing and there are visible symptoms of satisfaction and industry amongst them.

My reports in former years have represented this Estate as one where heinous crime and utter contempt of all legal authority

authority was habitual. During the year under report there has not been a more orderly well behaved population in any part of the Collectorate. And from the following comparative Abstract may be formed some judgement of its state of prosperity.

	Fasly 1247 a 1st year of assumption	Fasly 1250	Fasly 1251
Ploughs	19953	22737	23135
Resident Ryots	17912	23231	23184
Non-resident Ryots	6663	10862	11509
Bullocks Cows & Cattle	55882	64703	69342
Buffaloes	25469	22225	23309
Sheep	79864	109399	114330

1. During the first and second year after assumption of the Estate my time was greatly taken up with the numerous complaints, distrust and dissatisfaction of the Ryots. I have now only

one difference with them worthy of note. During the long continued disrepair of tanks, from the culpable ignorance and avarice of the proprietary, no revenue was derived from tank fish except in a few large river fed tanks. But now that through the wisdom of Government most of the large tanks and a few of the small ones have been put into different degrees of repair, at an expense of Rupees 165,104 whereby a large quantity of fish are produced, I cannot see any justice in admitting the plea of the Ryots to exemption from tax upon this source — because hitherto unusual to pay it, and I purpose hereafter to rent the large tanks to the highest bidder, and to assess each Chey of irrigated land at 2 Annas under the smaller tanks, as done in the Company's Talooks of this Collectorate. I have already introduced this tax at the reduced rate of 1 Anna per Chey; but opposition to the measure has been too strong to make me think it advisable to introduce it, even at this low rate, in Sa Kair and 8 other Talooks. but I beg to recommend

Efficient remedy for pair of tanks should authorise levy of fish taxes.

shall be authorized to make the tax uni-
=versal at 2 Annas per chey next
year and if objected to by the Ryots
of the Village, to be authorized
to rent the fish to their neigh-
=bours for ever after the proprie-
=tor has done his duty in repairing the
tanks at next expense. He is entitled
to remit returns for the new articles of
produce he has provided
thereby for the Ryots. In the
first year of assumption the
Collection from this source was
Rupees 1,899 - In the year under report it
amounts to 4,209 Rupees; and 300
Rupees might be justly demanded
from the objecting talookas -

7. Remission was granted
on the same principles as usual, to
smaller extent than in the preced-
=ing year because of abundant supply
of river water for irrigated land; but
to considerably greater amount for
Punjah from the same cause Viz.t
from inundation of the
tank beds -

The above Statement shews increase in every item of land revenue with exception of Sunjah net Peonjah and a small amount of Punjy paying in kind. A decrease in part attributable to the inundation of tank beds, but chiefly to the lands usually cultivated for this kind of produce being for the year under report made over for raising paddy. The season of the general increase I have already shewn to be favorable season.

The increase in Deccan Mavanam lands is from the progressive increase of the Law on lands granted on Cowle tenure by the Zemindars.

Decreased Chank rent

The decrease of Rupees 1,637 in the Chank rent was naturally to be expected from my representation in the 8th para of my report of the 30th September 1841 that in the preceding year it had been raised by the disreputable competition of two brothers to a height so much beyond its value. Its rent of Rupees 3,76 in the year under report has not been realized

by the renter.

Low price of grain

Q. The abundant produce of the Surrounding Collectorates made the disposal of the grain a matter of difficulty even at the low prices at which I judged it for the benefit of the Estate I should dispose of it. Even had I been inclined to reserve it in the hope of a future better market the want of granaries in which to secure it necessarily prevented me, for I can never believe it advisable to trust it on the threshing floor to the vicissitudes of season and the compelled care of the Ryots. In Ramnad they have granaries and my recommendation for them in this Estate was not admitted by the Board. That recommendation was not made with a view to make the land holder a grain Merchant, but because experience shews me he ever has been such, and leads me to believe he will continue to be so, I therefore wished to relieve the Ryots from the intolerable and highly prejudicial tax

increase of produce in three Fuslies and a small decrease of only about 12000 cullums in the 4th Fusly- which is a proof that the decreased settlement is solely owing to the low prices- The grain of Ramnad in this Collectorate and of the neighbouring Country of Poodoocotay is still unsold; as is also in great measure that of the Company's Talooks in this Col=lectorate- Madura Market may be said to be supplied at present solely with Shiva=ganga produce where the paddy of Thiro=:puttoor is daily exposed which previous to the Security of the roads from robberies and the reconstruction of Road No. 5 during the two last years never found its way to this Market for the price has been kept up here higher than it should have been by the long holding off of the rains so much required for the Punjah Culti=:vation.-

Fort St George.

(63)

From the Pd Collr Sir,

of Coimbatore Parat. I have the honor to

Forwarding Copy & correspondence with Capt.n Vallancey on the Subject of the land below the foot of the Cannor Ghaut, and offering observations for the finial determination of the question regarding the acquirement of land by the Europeans in the Public Service.

forward Copies of correspondence be-

tween Captain Vallancey and myself on

the subject of the acquirement of the land

at the foot of the Cannor Ghaut referred to

in my previous communications,

consequent on the orders of the Board

conveyed in your letters dated 25th

August and 3d October 1812.

2. It will be perceived

that the form of Agreement which

was

+ 9th Sept.r 1812.
11th Oct.r —a—

13929 Fort St George 3d November 1812.

was sent to be executed is deemed unacceptable to Captain Vallancey and therefore, with reference to Act. No. IV. of 1839 and that of 1841 I do not see how the matter can proceed any further the form which was sent being the one used in this District for many years past. without the Board are pleased to supply one to meet the occasion.

3 The Board will observe that Captain Vallancey from the first contemplated using the waters of Kullar and the Lowland under these circumstances would amount to +Rs 4 P 10 7 4 per Cawney Defining the limits is a matter of very secondary importance as much as this can always be determined as the Jungle dispatchers.

4 Further consideration of this case points

+ Two thirds per at the average

Fort St. George 3d November 1842.

points out the necessity of the question being determined whether Europeans in the Public service can hold lands for cultivating purposes.

5 It appears subsequent to the enactment which has given rise to the doubt that an order was promulgated under instructions from the Supreme Government prohibiting on the part of the Honorable the Court of Directors any further connection of Civil Surgeons with the business of Bankers Traders and Indigo Planters" &c. &c. By this it is evident that the Honorable the Court are of opinion that such involves a separation of interests, which they view as prejudicial and if denied to one branch of their service it is natural to infer that the prohibition would equally affect their other servants.

Sir,
With respect to the annexed

Fort St. George 3d November 1842.

annexed Extract of letter from the Secretary to the Board of Revenue, I have the honor to forward form of an application to be made by you for the land you are desirous of acquiring below the foot of the Canoor Ghaut, which I request you will be pleased to fill up and forward to me at your earliest convenience

This is the form observed by Natives on similar cases in this District and has been in use for many years past.

In one of your private notes you stated that the ground was required for a Mulberry plantation, and in your communication to the Secretary to the Board of Revenue dated 23d September you express a wish to grow Sugar Cane on it. therefore it becomes necessary that I should be clearly informed of the nature of the product you purpose cultivating and also whether it is your intention to divert the waters of the Kullair to your purposes.

Coimbatore

Sir,

In acknowledging the receipt of your
letter of the 11th instant together with its enclosures, I
have the honor to say that I do not feel it to be ne-
cessary that I should make another application
for the Land I require. In my letter to the
Secretary of the Board of Revenue, I proposed to
do so, if the Board thought that it was necessary
but from the Extract of the Secretary's letter to you
which you have sent to me, I do not see that
another application is called for, you are merely
directed to apply to me for further information on
two specific points, if necessary with my suggestions and
wishes

wishes with respect to the land. Moreover I do not
conceive that the Board of Revenue would consider
it necessary that an European an Officer of the
Government should execute such a document
as you have sent to me.—

Memo:
For an explanation of these terms
see the accompanying Extract

With regard to the Government
acceding to the terms I would propose, I beg to
say that I have no terms to propose but you
previously transmitted to me the terms on which
the Board of Revenue authorises you to dispose
of Jungle lands, to those terms I am of course agreeable.—

As to the limits of the land
that I have already defined to you as near as
it is possible to do while the land remains
covered with Jungle, the quantity there may
be within those limits it is quite impossible
for me to state.—

When I applied to you for
the land some eight or ten months
since, it was with the purpose of
cultivating the Mulberry, but since
then my plans have changed and
I now purpose to cultivate the
Mauritius Sugar Cane and to
aid me in this purpose I propose
to take a Stream of water from the
Kullar

Kullar River, even in the former case this would have been done.—

To,

Fort St. George.

From the Pt. Coll.r of Canara.

(66)

I have the honor to acknowledge your letter of the 22d. of August last, calling for a report on the Cultivation of the Mauritius Sugar Cane in Canara.—

2. In reply I beg to state for the information of the Board, that the Mauritius Cane was introduced by Mr. Maltby the Sub Collector into the Balaghaut Talooks in Fasly 1250.+ The extent of land yet occupied by it, is inconsiderable

+ 1840/41

Fort St. George 3d. November 1812.

inconsiderable; though there can be no doubt that it will extend as its superiority over the Common Country Cane becomes more generally known.—

3. The produce of the Mauritius Cane is represented as being 10 per Cent above that of the ordinary Cane of the District, and to be of a very superior quality for the manufacture of sugar. Hitherto however the produce of this as well as of the Common Cane, has only been converted into Jaggery, as none of the Cultivators are acquainted with the proper mode of manufacturing Sugar. In reference to this point, I shall be glad, if the Board can supply me with any clear instructions upon the cultivation of the Mauritius Cane, and the manufacture of sugar, which has been found to answer in other Districts, for distribution in this Province.—

4. In May last, I procured a supply of the Mauritius Cane from the Agricultural Society at Madras, which was distributed among the Ryots in the Southern Talooks, but owing to the length of time it was on the road and the exposure to the sun, I regret to say the plants have, in very few instances vegetated.—

5. I consider this District to be very favorable for the Cultivation of the Sugar Cane, and I have no doubt that if a person of some Capital acquainted with the best process were to be established here, Sugar of excellent quality might be manufactured in any quantity.—

Sir,

In conformity with a Resolution of the Madras Committee of Finance [as per Margin] and by their direction, I have the honor to request that you will be pleased to move the President and Members of the Board of Revenue, to cause the Committee to be furnished, at as early a period as possible, with a full and detailed report on the subject of the Office Establishment of the Board, explaining particularly whether the reasons, on account of which increases to it have been from time to time sanctioned, are still inforce or have ceased to exist, and suggesting all reductions which may appear practicable without

without impairing its efficiency.

2d

The Committee observe that between the 1st May 1830 and 1st May 1841 increases have been made to the Office Establishment involving a net increase of expence amounting to Fourteen thousand three hundred and Twenty two Rupees [14,322 " "] per Annum as per annexed Statement; it is the particular duty of the Committee to ascertain whether or not it is possible to reduce Establishments to the scale on which they stood on the former date. It is at the same time, to be understood that the object of the Right Honorable the Governor General of India, in directing the appointment of a Committee of Finance is to effect all practicable reductions of expenditure, and the suggestions for reduction in the Establishment are not, therefore, to be confined to charges authorized since the 1st May 1830, but should include every practicable reduction, without reference to the period at which the particular charges in question originated.

From the Revb. Coll.r of Madura — } Sir,

I have the honor to inform you that the late Manager was sent to Madura on the 27th Instant with evidence of forgery complete against him and his answer was to be taken there by the Assistant Magistrate and himself immediately forwarded to the Criminal Court.

2 I have Commenced a preliminary enquiry against the suspended Sheristadar for Corruption, and against the late Manager for bribery and have gone sufficiently far to make me believe the charges will be brought home against them by evidence at my Command I have got papers from the Zemindary Cutcherry and from the Talook Cutcherries that a very cursory view of induces me to believe will substantiate those charges beyond a doubt, and may involve the necessity for charges against various other persons.

3 I have information on oath that boxes and bundles, supposed to contain very material accounts. Jewels and bullion to a large amount, said by report, to be

as

as much as 1½ lacs of rupees, have been taken and secreted by the late Manager since the Contents of my first communication to the Board became known to her from Madras, in a building always occupied — since his nomination as Manager, by his family known by the name of the "Little Palace" It was originally a portion of the palace, and has by him during his stewardship been put into thorough repair, as most say by Zemindary funds, tho' one or two are found who say the repairs were made at his own expense Yet in my own mind I have no doubt of its being bonafide a portion of the Zemindary palace. The day — previous to requiring him to proceed to — Madura. I called upon him by writing to take the females out of this building — that I might inspect it the Great Palace, close adjoining being open for him to remove them to at first he sent word they could not be removed during the day — and afterwards he sent word that however dissatisfied I might be, he had been obliged to make up his mind to death reather than permit their removal. Three days previous

to —

to this I had required him by writing to remove with his family from the palace within ten days. The day after his Departure I required the females / the three Wives of Moottoochella Taver / to retire into the Great Palace or to one room of the Zillaoo, whilst I examined the others. They expressed their determination to die rather than attend to my requisition whereupon I removed every male except four and appointing a guard of the same number of my own peons at the grand entrance, I forbade the entry of any other Male, and posted guards round its extensive inclosing wall Yesterday a Brahmin Koorookul was seized while adressing them together the Child of any of their personal attendants, and if I dared to enter to dash it against the ground and accuse me of the murder.

4 The females in question do not, from arrogance and Assumption go out in public. They are in the habit of conforming to all the privations and seclusion of Women of rank but they are Maravars by caste, and wives of a

man who would have no pretension to exclusive or royal privileges except as Manager of the Zemindary and he has been from time to time assuming higher honors till it ended in his sitting in state at the Desserah festival and presuming to shoot the arrow.

5th Agreeably to the Boards orders I have, under Regulation V of 1804. put the Zemindary under assumption and taken Charge of such money, Jewels, papers and buildings as were abandoned to my discretion by the late Manager. His family have possession of the little palace where the most valuable papers, Jewels and money are supposed to be as Collector. I know of no means to obtain possession except by a suit in the Civil Courts for ejectment. Before the draft for such a plaint can be submitted by me, approved by the Board and filed in the Court I have little doubt my vigilance and precautions will be evaded, and every thing of value removed. I have, therefore, the honor to request you will procure me instructions for guidance, and that with the greatest promptitude possible

possible. It is to the great secrecy preserved within the Collectorate of my views and intentions that I attribute the non removal of the property to the late Managers' palace Village rather than to the "Little Palace."

To the Principal Collector of Madura.

To the Pl. Coll.r of Madura

Sir

I am directed by the Board of Revenue to acknowledge your letter of the 30th Ultimo received this day.

2. You have been authorized as directed by the Court of Wards, to take charge of the estate of the Minor Raja of Ramnad as their agent, and have information upon oath that property to a large amount belonging to that estate has been removed, the Board consider it your duty to take charge of such property whenever deposited. If you should in the execution of this duty, incur a forcible resistance action or

to you acting as Magistrate to employ the Police force at your Command to put down or remove such opposition or obstruction in like manner as you would call on the Magistrate for aid if that power were still as formerly lodged in separate hands.

3. The responsibility for the consequences of resistance to lawful authority will rest on those who make it, who are also Criminally liable for the act and where women of rank even allowing the females of the late managers family to be so make use of their privileged position to offer such resistance they forfeit all title to that exemption and respect, which were accorded to them for very different objects.

4. Considering the Value of time in this case, the Board regret that you thought a reference necessary, but they hope the precautions you have taken will have been sufficient to prevent the withdrawal of the property from the "Little Palace."

Minute of Mr. Drury.

Minute of Mr. Drury. I have my doubts whether the Collector can exercise his authority as Magistrate in assuming charge of the property of the Minor Under Regulation V of 1804. He should in the first instance recommend a proper person to be appointed Manager who shall have the entire charge of the Estate real and personal &c. &c. &c. with the exception of the houses of the proprietors. If the Manager in taking charge meets with resistance the Magistrate might then interfere to prevent a breach of the peace. The safest course in

Sect VII
" XII

my opinion would be to tell Mr. Blackburne to recommend a manager for appointment according to the legal provisions and to direct him in the mean time to take measures for the security and due preservation of the property of the Minor - and if he has reason to believe that such property has been fraudulently misappropriated, He should report the result of his enquiries to the Court of Wards without delay -

To The Acting Chief Secretary to Government Fort St. George

Sir,

I do myself the honor to request that you will have the kindness to bring to the notice of Government, that an old Hircarah formerly on the Establishment of the Mahals at this Station by name Shaik Emaum, was in consequence of his old age, permitted by

Lieutenant Colonel F.D. Stewart to have his son Shaik Madar brought on the Establishment in his room in consequence of Hircarahs not being allowed to receive any pension from Government, the good conduct of Shaik Madar was brought to the notice of Government in a letter to your office, in the Secret Department dated 21st June 1839, this young man died in the month of December 1841. and the old man Shaik Emaum has become quite destitute of any means for his subsistence, and I am therefore induced to solicit of Government, that he Shaik Emam may be permitted to receive some aid from the charity Langer Khanah at Vellore, which is under the control of the collector of North Arcot, similar to that granted to Mahomed Hoosain a discharged Hircarrah, and granted on my application to your office under date 27th May 1842.

Sir,

I have the honor to transmit with reference to the correspondence noted in the Margin Copies of decisions passed by me in the cases of the Woodiagherry & Ravoor Talookdars— I am morally convinced of them both being corrupt and that as far as my opinion of them goes they are undeserving the confidence of any public officer— In the Village of Buttapand in the Ravoor Talook concealed cultivation to the extent of Rupees 789 has been discovered subsequently to the dates of my former communications—

One Puttah Rannadeo a Ryot of the Village of Manstoolanarayanapolly in Woodiaghery Talook preferred a complaint before

before the Principal Collector to the effect that in fusly 1260 the Peddacampoo & ca levied a contribution of about 400 Rupees from the Ryots of the Village on account of Durbar expences and that if he were allowed the assistance of a few Delayets he would have the Accounts seized and brought. A few Delayets were accordingly sent with him and they seized an Account containing 10 cadjans in the house of the Village Shroff Samanna Sashoo.

This Account shews that an Extra assessment was made on the Village Ryats in fusly 1250 and a portion of it collected, out of which 100 Rupees were paid to the Defendants.

The Shroff states that he wrote out the Account; that the money which was collected on account of the Extra assessment was kept back by him; that the Head Campoo and Curnums took from him 100 Rupees and desired him to enter it in the Account as paid to the Defendants but that he was not present when the money was actually paid to the Defendants.

The Pedda Campoo and Curnums deny all knowledge of the circumstances and

state that they know nothing about the entries the Village Shroff had made in his Accounts.

The Defendants simply denies having received any Bribe from the above said persons.

After a careful perusal of the the Record, the Principal Collector has thought proper to dismiss the case as there is no direct evidence to the fact of the payment of the bribe having been made to the Defendants.

The entire Village of Anamcherla-

13975 Fort St. George 7th November 1842

assessment was made in the Village at the rate of Rupees 1-5-0 per plough, that a sum of 55 Rupees was actually collected of which 40 were paid to the Defendant the Tahsildar, and 8 Rupees to the Paishcar of the Village. He stated further that for fusly 1251 a further payment of 30 Rupees as a bribe had been made to the Defendants and he produced a detailed Account of the Extra assessment imposed in the Village. Another Mootidar Custum Narrapareddy stated that in fusly 1250 40 Rupees had been paid to the Defendant at two several times, first 30 Rupees and afterwards 10 Rupees, and that 30 Rupees had also been paid to him in fusly 1251.-

As these appeared to the Principal Collector sufficient grounds to try the charge under Regulation IX 1822, he proceeded to do so.-

The Principal Collector has no doubt that these bribes were paid to the Defendant, but the witnesses seem to have been led into confusion by mixing these payments up with others. It would seem that money was borrowed from Sowcars to pay away as bribes and it is equally certain

Colanganey Lutchminarsoodoo
Syed Ally Redda Canpoas of Autmacoor
in Woodiagherry Talook preferred a
complaint dated 10th July 1842 before
the Principal Collector enclosing a Copy
of a list of the Public servants to whom
Bribes were paid subsequent to the
attachment of the Woodiagherry Talook
by Government.

It appears from this list
that bribes to the amount of 200 Rupees
were paid at three different times to the

Fort St. George 7th November 1842

the Defendant Viz. Rupees 150 at two different
times in fusly 1250 and Rupees 50 in fusly 1251.

The 2d Assistant Sheristadar Immanavary Venkataswamy Naidoo who was then on duty at Autmacoor was directed by the Principal Collector to ascertain if any Accounts of extra assessment either of Receipts or disbursement were forthcoming in the Villages. The Curnums on his questioning them admitted that there were such Accounts but that they were not with them but with the Head Canpoas which the latter at first denied but after a delay of a few days delivered them up.

Marked ABC DEF

It appears from those Accounts & from the complainants that in the first instance as well as from that in the petition filed by the complainants that a sum of 200 Rupees was paid to the Defendant at 3 different times.—

The Defendant was consequently put upon his trial under Regulation IX of 1822.—

The first payment was a sum of 100 Rupees previous to the settlement of fusly 1250 on the occasion of

13979 Fort St. George 7th November 1842.-

of his coming to Puttmacoor to make an examination of the produce.-

The Witness Colagauney Lutchi-
=minursoo deposes to the 100 Rupees having been paid to the defendant at Puttma-
=coor in the house in which he had put up, that it was paid by Chittamoor Soobbareddy, that he did not actually see it paid because he and four others remain-
=ed in a neighbouring house; that of D: Chensee, while Soobbareddy carried the money to the Defendants.-

Chittamoor Soobbareddy deposes to his having taken the 100 Rupees and paid it to the Defendant in the house he put up in at Puttmacoor He states that one Petta Unkiah accom-
=panied him, but this part of his state-
=ment is not confirmed by Unkiah.-

The Curnum Vellatoar Chenchaurunnadoo states that he accompanied the party. but re-
=mained outside when 100 Rupees was paid previous to the settlement of fusly 1250 and that Chittamoor Soobbareddy told him that he had paid the 100 Rs to the Defendant.-

The

13980 Fort St. George 7th November 1842.-

The witness Ventaiyan Parsiveddy states that Lutchminursoo and Chittamoor Soobbareddy told him that 100 Rupees had been paid to the Defendant but he does not know it of his own knowledge.-

The Witness Cailloo Venkotareddy states that previous to the settlement of fusly 1250, Lutchminursoo and others made some extra collections, and that he paid his share 8 Rupees but he does not know how the money was disbursed.-

The Witness Mutapalatoo Pariah also states that he paid his share of the extra collections, but does not know how the money was disbursed.-

At such a distance of time after the payment, the witnesses were unable to speak to the coins in which the money was paid.-

The 2d payment was one of 50 Rs after the settlement of fusly 1250.-

Lutchminursoo deposes to the 50 Rupees having been paid to the Defendant at Puttmacoor by Chittamoor Soobbareddy, but the latter says it was only 30 Rupees not 50.-

In the Accounts obtained from the Head Cauzoos, and transmitted by the Assistant Sheristadar already mentioned

B

mentioned, there is an Account
shewing the Collections and Disbursements annexed
to it on account of disbursements
and in it the payment to the
Defendant is entered at 50 Rs.
but in a separate Slip of Cudjan
among other entries is one of 30 Rupees
to the Defendant. The Principal
Collector does not doubt if they were
one and the same payment that
50 Rupees was intended to be
paid, but it is possible that
from some cause or other 30
Rupees only were actually
paid by Saubbareddy and it is
by no means improbable that he
took the remaining 20 Rupees for
his own use.-

F

The 3rd payment was
a sum of 50 Rupees made towards
the settlement of fusly 1251. The
Head Cauboo Lutchmeniraiah states
that this was sent to the Defen-
dant at Arumasamoodrum by
Ventairoo Paupireddy to whom the
amount was given by himself and
Chittamoor Saubbareddy.- Ventairoo

Ventairoo Paupireddy says that 50
Rupees were given to him by Lutchmeniraiah
which he took and paid to the Defendant
at Arumasamoodrum, that two or one
accompanied him and that the money was
delivered to him by Lutchemaniraiah
and Chittamoor Saubbareddy but Saub-
bareddy denies having had any part
in the matter.-

The Curnum Vellaitaar Chenchoo-
ramaroo deposes to his knowledge of
Lutchmeniraiah having sent 50 Rupees
before the Settlement of 1251 by Ventairoo
Paupireddy to be paid to the Defendant
at Arumasamoodrum and the Accounts
shew that Ventairoo Paupireddy proceed-
ed to Arumasamoodrum and paid
50 Rupees to the Defendant.-

The Defendant denies having
received these bribes, and observes that
there are discrepancies in the evidence,
but these are not material and relate
chiefly to the time of day when the pay-
ments were made and such like, but
it is to be recollected that the witnesses
declarations were taken at the com-
mencement of fusly 1262 and that they

were

were speaking to occurrences of fasties 1250 and 1251, and it would have been surprising if every particular of these payments could at such a distance of time have been correctly remembered, more especially as there was more than one payment, a circumstance very likely to confuse and lead them to confound the circumstances of one payment with those of another.-

The only material objection made by the Defendant is that there is only one witness in each case to the actual payments of the money. It is seldom that on these occasions there is more than one individual who actually delivers the money, those who accompany usually remain outside or at a little distance, but the evidence of the single witness who paid the money in each of the charges is corroborated by the Village Accounts in which the Curnums endeavoured to their utmost to suppress, and is corroborated by the evidence of others who upon their oaths declare their knowledge of the payment of these

these bribes, though they did not actually go with the persons who paid them into the Defendants house and see the money actually paid.-

The Principal Collector considers these 3 charges as sufficiently proved to adjudge the Defendant under Clause first, Section V. Regulation IX. 1822 to pay the amount so corruptly received namely one hundred and eighty Rupees and a fine of 100 Rupees.-

At the time of settlement of fasly 1251, the Ryots of Cheramanoor in the Woodiagherry Talook represented to

to the Principal Collector that the Para
Capuas of their Village had made an
extra assessment on the Village and
collected the same and had paid to
a certain portion of it as subscribed to the
Defendant Vanioo Lakanty Bantchuch-
Their Statement having been taken
and noting it appeared from those
of the Head Capuas Vaigaar Parawady
and Cumchetta Chendrapa Naidoo and
the Curnums Annadata Valoogandu
Rayadoo and Vaicheetta Budaumma
that a sum of 60 Rupees had been
paid to the Defendants in fusly 1250
at Cheramanoo & 40 Rupees at Atmacoor
in fusly 1251 - Their statements having
been corroborated by the Village Accountt
Cumchetta Lutchumma respecting that
he spoke to the sum paid in fusly 1250
having been 50 Rupees and not 60 Rupees
the Principal Collector therefore proceed-
ed to try the Defendant under the
Provisions of Regulation IX of 1822 -

The Head Capuas Cumchetta
Chendrapa Naidoo states that the
Defendants came to their Village
Cheramanoo

Cheramanoo in fusly 1250 when they re-
presented to him that some of their
crops had dried up and that some
lands had been left uncultivated and
requested of him to have the shist
on them deducted - He desired them
to mention it to the Gentleman and
he would support the request for
which he asked them to pay him
something, and that they consequently
paid him 60 Rupees - In regard to the
payment in fusly 1251 he deposed that
the Defendants came to Atmacoor
& persuaded us to the settlement of fusly
1251 that they went to him at that
place & mentioned to him that their
land had been left uncultivated
again in that year and paid him
through Valagondaroyadoo Rupees 40
with a request that he would get
the shist on those lands deducted -

Annadata Valoogandaroyadoo
states that the Defendants came to their
Village in fusly 1250 and paid up with him
that the Village Capuas came to the
Defendants and told him that there
were

were great discrepancies in the measurement of fields of their Village and that Lands had also been left uncultivated. and requested him to get the Shistavai thus deducted and that afterwards Chendrapa Naidoo brought 60 Rupees and paid the money to the Defendant and his witness Kasse Ibrahim time he witness and Annadata Seetummah were present, and he deposed further that the Defendant having come to Putnacaar previous to the settlement of Fusly 1251 he and the Peddaa Canpas & Chendrapa proceeded to that Village and that he witness and Seetummah paid him 40 Rupees.-

Cumma Annadata Seetum.

=mah corroborates the statements of Annadatta Valoogandaraganda in regard to the payment of the 40 Rupees but denies all knowledge of the payment of the 60 Rupees as he was at that period attending with the Head Canpaas and Curnams.-

The Village Manniff then

deposed that the Peddaa Canpas Chendrapa Naidoo and the others told him on the day the money was paid that they had given 40 Rupees as a bribe to the defendant at Putnacaar previous to the settlement of Fusly 1251. that the Money was raised by an extra Assessment on the Village He further deposed of his own knowledge that in Fusly 1250, Chendrapa Naidoo & ca gave to the Defendant at Cheramandy 60 Rupees - that he went with them but remained outside of the House of Valoo= gandaraganda where the Defendant put up, & ca where the money was paid, that the Bribes on these two occasions were paid to him because the Defendant stated that they were heavily assessed on account of the uncultivated lands & that he would speak to about it to the Sentennah and have the Shistavai on those lands de= ducted - The Moonsiff further deposed that in his former preliminary written statements already alluded to, he had from want of recollection stated the amounts paid in Fusly 1250 to have been

were great discrepancies in the measurements of fields of their Village and that Lands had also been left uncultivated. and requested him to get the Shistom thus deducted and that afterwards Chendrapoo Naidoo brought 60 Rupees and paid the money to the Defendant and his witness/ Rause at which time he /witness/ and Annadatar Seetummah were present, and he deposed further that the Defendant having come to Butnavaar previous to the settlement of fusly 1251 he and the Peddaia Canpoo & Seetummah proceeded to that Village and that he witness/ and Seetummah paid him 40 Rupees.-

Curnum Annadatar Seetum-
=mah corroborates the statements of Annadatar Valangandaragandaroo in regard to the payments of the 40 Rupees but denies all knowledge of the payments of the 60 Rupees as he was at that period at enmity with the Head Canpoo and Curnums.-

The Village Plaintiff Cun-
=cherla Lutchmenarsaya and Bonigiah deposed

13988 Fort St. George 7th November 1842.-

deposed that the Peddaia Canpoo Chendrapoo Naidoo and the others told him on the day the money was paid that they had given 60 Rupees as a bribe to the defendant at Butnavaar previous to the settlement of fusly 1251. that the Money was raised by an extra Assessment on the Village He further deposed of his own knowledge that in fusly 1250, Chendrapoo Naidoo &ca. gave to the Defendant at Cheramandagandroyadoo where the Defendant put up, and where the money was found, also, and where the Bribes on these two occasions were paid to him because the Defendant stated that they were heavily assessed on account of the uncultivated lands & that he would speak & contribute to the Settlement and have the Shistom on those lands deducted. The Moonsiff further deposed that in his former preliminary written statements already included, he had from want of recollection stated the amounts paid in fusly 1250 to have been

Fort St. George 4th November 1842

50 Rupees but that the amount actually paid was 60 Rupees.

Curnum Valecherla Basavanah states that he saw the amount of 40 Rupees paid to the defendant at Dubmacavaram in July 1251 and that 60 Rupees were paid to him at Veeramundrum in July 1250

Cumsoo Attipully Busereddy states that the Head Cumsoo of Pew informed him that a bribe of 60 Rupees in July 1250 and another of 40 Rupees in July 1251 were paid to the defendant and that he went as far as the Street together with the individuals who took the 60 Rupees to the Defendant.

The Defendant denies the charge and states that there are great discrepancies in the Statements of the Head Cumsoos and others which they first gave from those given by them lately and urges that from this circumstance the case must be considered to be groundless, but admits the exception of Annadatta Settunadh's disclaimer of having a knowledge of the payment of the 60 Rupees in July 1250 and the mistake made by the Village Moonsiff

Fort St. George 4th November 1842

in his first Gurrittee Statement and upon oath, that the sum paid in that July was 50 Rupees which on recollection he afterwards rectified, the Principal Collector cannot discover any material discrepancies in the evidence in this case and none which are not susceptible of satisfactory explanation. It was to be expected that some discrepancies might arise from the difference of recollection of different individuals & especially where there was more than one payment to the defendant and when the period of payment had been so long antecedent to the taking of their declaration.

The Principal Collector considers these two charges as satisfactorily substantiated and adjudges the Defendant under Clause 1 Section V. Regulation IX of 1822 to repay the sum of 100 Rupees corruptly received by him and a further sum of 50 Rupees as a penalty for the offence.

The 1st charge against the Defendant was the sending in a false Account shewing that the sums entered as having been laid out in the repairs of Wells in the Village of Conjeveram were more than those inserted in a statement furnished in July 1260 by Rufeea Sa... while not a single piece was spent on account of those Wells during July 1261 as admitted by the Curnums and the Tahsildar who is the Defendant himself.

The Defendant admits in his defence that the Curnums told him that no money had been spent on the repairs of the Wells in July 1261 and yet he sends in an account with his signature at the dictation of the Mayaoundar and

1399.2 Fort St. George 7th November 1842

and says nothing about the Curnums statements to him, when the Village was settled till it was discovered and he was questioned about it.

The Defendant throws the responsibility of the correctness of the Account on the Mayaoundar, but the latter is the Talook Accountant and responsible as to errors of Calculation and such like, but the account of Wells which a Curnum is furnished with a view to reimburse ments is not an account for which a Mayaoundar is responsible, but is in the nature of a return for the correctness of which the Tahsildar alone is responsible. Added to which in the present case he sent in a return of money having been expended although he distinctly admits the Curnums told him that nothing had been expended this year.

The 1st charge against the Defendant was the sending in a false Account shewing that the sums entered as having been laid out in the repairs of Wells in the Village of Coukeyapore were more than those inserted in a statement furnished in July 1250 by Rupees 60.- which amount of these Wells during July 1251 as admitted by the Curnums and the Tahsildar; for which the Defendant exhibits in his defence that the Curnums told him that no money had been spent on the repairs of the Wells in July 1251 and yet he sends in an account with his signature at the dictation of the Prayoondar and

13992 Fort St. George 7th November 1842

and says not a word about the Curnums Statement to him, when the Village was settled till it was discovered and he was questioned about it.-

The Defendant throws the responsibility of the correctness of the Account on the Mayoondar, but the latter is the Talook Accountant and responsible as to errors of Calculation and such like; but the account of outlays on Wells which is furnished with a view to reimbursement is not an account for which Mayoondar is responsible, but is in the nature of a return for the correctness of which the Tahsildar alone is responsible. Added to which in the present case he sent in a return of money having been expended although he distinctly admits the Curnums told him that nothing had been expended this year.-

The 2 charge against the Defendant was the giving in a false account shewing the extent of wet land under Amanut in the Village of

of Buttra pound to be Sootoos 27 69/80 while the Defendant upon oath, and declared by statement that 6 Sootoos and odd which were given upon in July 1261 is the only land under Amarat that the remainder was under Metta cultivation.

The only observation to be made to the purpose given by the Defendant is that he meant to say at the time of Settlement that the amount of Mogany lands might perhaps be included in the Metta lands but not that they had been cultivated as Metta this year. This is a mere subterfuge his account given in at the Settlement shewed that there ought to be seventeen of 27 Sootoos and odd of uncultivated Mogany land in this Village whereas he distinctly stated that 6 Sootoos and odd were the only land under cultivation. This gave reason to think that the Defendant wilfully gave in a false account. It was therefore necessary to deputate a person from the Dowgaur must know the lands measured in

in order to ascertain how the matter stood and the result observed that although there was 20 Sootoos and odd of uncultivated Mogany lands yet concealed cultivation to the amount of 789 Rupees was found beyond the accounts furnished by the Defendant at the Settlement. The Principal Collector acquits the Defendant of wilfully deceiving in a false account of the Mogany cultivable lands, though it is evident that he sent in false accounts of the cultivation of this Village.

The 3d charge against the Defendant is of sending in a false account of cultivation for the Village of Soorpoocumbum found examined by him for July 1261 and the lands of which on being examined by servants deputed from the Dowgaur exhibited a concealment of cultivation to the extent of Rupees 910-4-3.

The pith of this defence in this charge is that it is very inexcusable in a Tahsildar not to be able with his many other avocations to discover an excess in the cultivation of a Village

13995 Fort St. George 4th November 1842

Village even thought it amounted
as it did in the present instance
to 900 Rupees, an error in enumeration
occasioned in great part by
entire fields left out of the
accounts and which were
discoverable upon the land personal
inspection, without the necessity of
a remeasurement or discovery.

The Principal Collector receives
the Defendant to be fully convicted of
having willfully given in false accounts
at the settlement of fasly 1251 in the
first and last instances referred to
and assuming by adjudged him under
Clause 4th Section V Regulation IX 1822
to pay a fine of 100 Rupees.

Order thereon-

Read again in Cons 17th Novr.

Ordered to be brought for-
-ward at a future day

To The Secretary to the
Board of Revenue
Fort St George.

Sir,

I have the honor to acknowledge the receipt of your Predecessor's letter Dated 2nd May last, with Petitions Nos 357. of 1842. and 1252. of 1840 from Mooneapsah Moodely and Ar-
-nachala Moodely.

21

From the Collector of North Arcot & Parast.

Reports that the claims of the Petitioners in Nos 357. of 1842 and 1252 of 1840 relative to the marks of the Village of Mataralungum with the Irrattoor Talook are valid and admissible

2. The Petitioners Moone-
-apsah Moodely and Arna-
-chala Moodely claim the Marahs of the Village of Mattaralungum in the Ta-
-look of Irrattoor. Their op-
-ponent

opponent Veeraraghava Gooroo-
-cul. The Merasi comprizes
the Office of Monegar, the
Village Maunium and other
previledges and emoluments
Both parties brought their
Claims to the test of grants
of ancient date which they
respectively held. The Sub
Collector preferred, for reasons
stated the document of
opponent. The case has met
with a patient investigation from
the Sub Collector, but for reasons
hereafter explained, I am inclined to
consider that the Copper Deed
produced

Fort St. George 7th November 1842.

produced by the Petitioners is genuine and that the claims of the opposite party are untenable.

3. The Petitioners Mooneswrah Moodely and Arnachala Moodely produce a Copper Grant in the Nagary Character dated the year of Salivahana 1334 corresponding with A. D. 1412. After describing the qualities at considerable length of Pronda Mahadava Rayah who granted the Village, it records that the Village of Cokul Matavalungum formerly called Dontapoory is given as seva Mauniem and account of Hurry and Haradoi (Vishnu and Siva) and that Chengan and Nangum of the Sengoondy Caste, being competent persons to have the Management of the said Village are accordingly vested with authority to manage the same. The Boundaries of the Village are also recorded. It is stated that Cokul Matavalungum lies to the East of Sikkatakondeyen to the South of Mukkuravalum to the West of Poondyput and to the North of Arookavoor Prima facie. There are

1913

Fort St. George 7th November 1842.

no grounds for questioning the genuiness of this Grant. Its appearance, the language in which it is written, and the absence of grounds inducing suspicion furnish presumptive reasons in its favor. If a fabrication of modern date, it must have been effected at considerable cost and under considerable difficulty, it being in an ancient Character and Grants in this form and Character having long since fallen into disuse.

4. The Sub Collector questions the genuineness of the Grant, and his objections refer 1st to a discrepancy between the description of the Grant as set forth by the Petitioner and the Contents of the Copper Deed and 2nd discrepancies in regard to the Boundaries of the Village granted. In regard to the first the Petitioners have stated that the Village was granted by Timmah Naik, Damalwar, and that it was devided into 2 Villages, Cokul, and Matavalangum, the former having been given to Bramins and the latter

Fort St. George 7th November 1842.

latter to the ancestors of the Petitioners whereas the Copper Deed shews that Bronda Deva Maha Rajah was the granter and no mention is made of the Village being divided as set forth by the Petitioners. It is urged by Petitioners that the Copper Deed has been with the Family since the Grant was made, but never referred to and that the Statement in their Petition is according to the impression they had of the contents of the Deed, that the Deed is in the Hagaly character, and that 2 Months elapsed before the Sub-Collector could obtain a Translation of it. The discrepancy noticed above would appear to favor the Petitioners, for if fraud had been intended and the Copper Deed fabricated for the present purpose care would have been taken to make the Petitioner correspond with the contents of the Deed. The Deed being in Hagary was a Sealed Book, the names of Timmah Naik, Damnawar, appear to have been familiar in the Village

Fort St. George 7th November 1842.

Village and it is not difficult to imagine how under this circumstance the impression, that Timmah Naik was the Granter, was generated. The Second objection noticed has reference to the Boundaries Sikkatam Coondyem it is objected is situated at a distance of 2 Miles and there are Villages between it and Cokul Matavalangum. Mailumngam is not easily to be distinguished. Poondy put instead of being to the East as is set forth, is distant 10 Miles in a direction North West, and Aragavoor is situated 10 Miles distant with other Villages between. It is argued by Mooneapah Moodelly and Arnachella Moodelly that the Boundaries are necessarily altered because new Villages having sprung up. The Tahsildar of Tiruttoor was recently directed to make particular enquiry regarding the former and present Boundaries of Matavalangum. Referring to the evidence adduced before the Tahsildar the following facts

assuming

Fort St. George 7th November 1842.

assuming them as such, have been elicited. The evidence of Chary Moottoo Gounden, a Meerasidar, 80 years old, shews that a Village called Mangalam no longer in existence, was situated to the North (rather to the Westward of North) of Mataralangum. The evidence of Yalayaperma Gounden 80 years of age & of a Kundapak Gounden 85 years of age, shews that the Village of Arumenakondalam situated to the South (rather to the Eastward of South) of Mataralangum was formerly called Aragavoor. The evidence of Chary Moottoo Gounden already mentioned and that of Venkatachary an old Meerasidar, shew that there is a decayed Village to the East (rather Northward of East) of Mataralangum, called Panyampody and that its ancient name was Poondysut. Again the evidence of the two persons last mentioned shew that the Village of Koolamundul situated to the West of Mataralangum was formerly called Koondyaram. That the Northern, Southern, and Eastern Boundaries have

Fort St. George 7th November 1842.

have been identified with those stated in the Cowper Deed. The change of name in respect to the Village to the West of Mataralangum, and other changes mentioned by the Deponents, which it is unnecessary to Notice in this place, shew that the Boundaries as is pleaded by the Petitioners, have undergone a change. No documentary evidence has been adduced in support of the changes mentioned by the Witnesses, and their evidence taken alone cannot perhaps be received as conclusive on the points referred to. As however the evidence in the case generally favors the Statements of the Petitioners the evidence on the particular points as respects the Boundaries carries with it some weight. The North, South, and East Boundaries have been identified by the Witnesses before the Tahasildar. Sikkatanacoondeyem the Western Boundary of the Cowper Grant is situated at a distance of 2 Miles from Mataralangum.

Thus

Fort St. George 7th November 1842.

5.

Thus the prima facie appearance of the Copper Grant, the improbability of a fabrication in the Nagary Character, the discrepancy between the contents of the Petition & the contents of the Copper Grant shewing the absence of Fraud on the part of the Petitioners and the circumstances elicited in regard to the Boundaries, individually favor the claims of the Petitioners and combined-ly establish the genuiness of the Copper Grant on which those claims are founded.-

6.

But the parties having brought their claims to the test of the documents which they respectively hold, and the genuiness of the document produced by Perea Jeeambra Goorookal being admitted, it appears that the utmost that the Goorookal can claim upon this document is the right to perform the ceremonies in the Pagoda. The Copper Deed of the Petitioners refers to the Village Monium & the document of

Fort St. George 7th November 1842.

of Jeeambra Goorookal refers to the "kainkaryam" of the Pagoda. The evidence of Jemboo Deetchadar of Canjeveram, whose testimony is referred to in the Decision of the Sub Collector, also shews that it is the Poojah Meeraspy which was conferred by the Document last mentioned.- This view is fatal to the pretensions of the appoinent of the Petitioners.-

7.

The intention of the respective Grants being established all difficulties in regard to the evidence are removed. It is allowed in the Decision of the Sub Collector that Nagapah Moodelly, the Grand father of the Petitioners, was Monigar for a time during the administration of the Nabob. It is in evidence that Kistnapah Moodelly was Monegar after the death of his Father Nagapah Moodelly. Thus the enjoyment by Father and Son is rendered clear and an important fact established in reference to the claims set forth. In the list of

Monigars

Fort St. George 7th November 1817.

Mongars prepared under the orders of Mr. Chamier in Early 1731, the names of Sashier, Ganasena-Goorooal and Nagapah Moodelly are entered; Ganasena Goorookal could not have had any right to his name being entered as is proved by the Copy of the Grant under which his successor claims. Sashier's claims are not admitted by the Sub Collector and it is the opinion of the Sub Collector that the claims of Nagapah Moodely probably rest on similar grounds with those of Sashier. The circumstances of the two cases appear however to differ. Sashier acquired influence for a time from cultivating certain lands which were afterwards redeemed when that influence ceased. The claims of Nagapah Moodely on the other hand rested on a Grant and on actual enjoyment. It is also to be borne in mind in this place that the Family of Nagapah Moodely hold a Patent in Matavalangum in

Fort St. George 7th November 1817.

in the name of Nagapah Moodelly and pay a rent of about 40 Pagodas to Government.

It appears conclusive from the evidence of the Witnesses Nos. 8. 12 and 13 that Sawmy Bhogam was paid to the Petitioners by the Renter Sondea Gounden during the decennial lease, which right was further admitted by Sandaran the son of the said Sandea Gounden. It does not seem likely, adverting to the general facts of the case which favor the Petitioners, that the son would have executed the agreement noticed if the right of the Petitioners had not been clear.

The order of Mr. Roberts 9. in favor of Coopia Goorookal cannot under the circumstances of the case be of any weight, for it favors the party whose claims are excluded by their own document. Further no particular enquiry was made at that time. The only document on which the order of Mr. Roberts rests is a.

Mahazurnamah

Mahagurnamah and it is to be observed that the order was not issued till nearly 3 years after the Mahagurnamah was executed, the date of this document being October 6th 1825 and the date of the order being Augt 31st 1828. Discredit is thus thrown on the Mahazar, but the circumstances under which it was got up will be apparent when the further evidence in the case taken before me is considered.—

10. The remaining points in the case are 1st the Document No 34 dated year Kalayukty (1799) executed by Sadasiah and others in which the right of the Petitioners Family is distinctly admitted. 2d The assertion of the Petitioners that they sent for Coopiya Goorookul from Lenagar and established him in the Villages and 3d the execution of a Document by Coopiya Goorookul in which Coopiya Goorookul promises to give up the Maunium Meerasy to the Petitioners on being required to do so. The evidence in

in the case as contained in the Record in favor the allegations of the Petitioners on these points but it was desirable that doubts should be removed and all available information should be brought forward the respective parties were required to name Witnesses to be examined on their behalf — Further enquiry has been accordingly made before me —

11. The Witnesses mentioned in the Margin were examined on behalf of the Petitioners.

The 1st Witness Chetambaram states that he was under the impression that the claimes of Yacambra Goorookul were good as the Village was formerly a Cavastanum Grant but that having seen the Document No 34, which he considers genuine as the signature of Nimala Sadasiah the grand father of Witness is attached which signature he identifies with other signatures he has no doubt that the rights of the Petitioners are well founded.

This

Fort St. George 7th. November 1842.

This Witness also states that the document No. 36 is a genuine Document as it is the Hand writing of Coopiah Goorookul with which he is familiar - The 2nd. Witness Venkatasamyiengar distinctly states that the Maniam Meerassy belongs to the Petitioners, that their Ancestors enjoyed the Maniam, that Sawmy Bhogum was paid to them by the decennial Renter, and that Coopiah Goorookul was sent for from Penagaram by the Petitioners who restored the Poojahs in the Pagoda - This Witness heard that Coopiah Goorookul was a paid servant of the Petitioners but does not know it as a fact - He further recognizes the signature of his Father Venkatasubbiengar attached to Document No. 34. He also recognizes other signatures attached to that document - It is further set forth by this Witness that one Meer Ruzza ally, who held the Village at one time as a Jaghier distinctly admitted the right of the Petitioners Family and made over a

Fort St. George 7th. November 1842.

Tamarind Tree to them in virtue of that right. This witness however was a Party to the Inahagurnamah which favored Coopia Goorookul, his signature being attached to that Paper - He explains this by saying that as the Petitioners were absent at Madras and as Coopia Goorookul performed the Poojah he signed the Paper, but that the right belongs to the Petitioners. The evidence of the 3rd. Witness Krishna Pillay is much the same as the foregoing. Documents Nos. 34 and 36 are shewn to be genuine and the document by Meer Ruzza ally making over the Tamarind Tree to the Petitioners was written by Witness's Brother. Coopia Goorookul is stated by this Witness to have come from Penagaram, previous to which neither he nor his Father held any land paying Revenue or otherwise in the Village. This Witness's Brother signed the Mahzurnamah, which Coopiah Goorookul got up, he says, in the absence of the Petitioners. Witness heard

Fort St. George 7th November 1842

heard that Ragoonadapillay the
Grand father of the 4th witness acted
as Goomastah for the Father of the
Petitioners. The 4th Witness Veera Bo
=mmah Pillay distinctly admits the
right of the Petitioners and Corroborates
the testimony in favor of Documents
Nos. 34 and 36 Witness's Grand father
Ragoonadapillay acted as Goomastah
for Kistnapa Moodely Monigar the
Father of the Petitioners. It is added
by this Witness that the Document
No. 34 was written by the Father
of Yella Pillay the 1st Witness ex=
=amined on behalf of the opponent.
This witness signed the Mahazurnamah
because others signed it and because
Coopiah Goorookul promised to give
up the Inamium if it was claimed
by the Petitioners who were absent.
The 5th Witness Tandavan shews that
his Father paid Swamy Bahogam and
that a Balance being due the witness
executed a document to the Petitioners
to liquidate the same. This Balance
was also duly discharged. We denies the

Fort St. George 7th November 1842

the signature on the Mahazurnamah
which purports to be his.

The 1st Witness examined

Opponents Witnesses — for the opponent was Yellapillay,
1st Witness Yellapillay — Curmum of Cotaul —

a very old man. He admits —
that he heard from his Father
that the Document No. 34 had been
executed but that the hand writing
was not his Fathers as alleged by the
4th Witness examined for the Petitioners.
He states that the Petitioners shewed
to him the Document No. 36 but that
he is unable to identify the Hand
writing of Coopiah Goorookul as he
has not been able to attend to business
for some years past. This Witness
was a party to the Mahazurnamah
because he considered that the Copy
of the Grant under which the opponent
claims conferred the right on them,
he admits however that the Petitioners
were absent from the Village at the
time. He further admits that the
opponent had no land in the
Village till within the last 10 or 15
years. The 2d Witness is Moottia=
Pilly

Fort St. George 7th. November 1842

Pillay- His witness rests his impression on the Circumstance that the Village had been a Devastanum Grant, he admits that Ganasewa Goorookul never had engagment of the subject in dispute, as far as he knows- that it was enjoyed by the deceased Renter, he is doubtful of the handwriting of Coopia Goorookul in Document No. 36, he is aware that Coopia Goorookul got his nomination in consequence of the Mahazurnama- The 3d. Witness is Meer Ruzza alias It is stated by this Witness that the right belonged to Ganasewa Goorookul, that Veeranbara Goorookul made it over to him/ Witness/ in writing, but that the Document is not forthcoming, and that Saudya Gounden was both Renter and Mortgagee. A Ryfyat was shewn to this individual setting forth that the claims of Coopia Goorookul were invalid, to which a signature supposed to be that of Witness is attached. Witness states that

Fort St. George 7th. November 1842

that the signature is his Brother's and that he (witness) was absent at Madras at that time-

13 The further examination of the Case as above detailed appears to establish finally the validity of the claims of the Petitioners- The evidence of Opponents Witnesses favors the Petitioners and the testimony of the old Curnum Yella Pillay, the 1st. of the opponents Witnesses, in regard to Document No. 34, is very important- The object of this Witness was to shew that the Grant was Devastanum and thus by consequence that the right belonged to the opponent- He is however obliged to bear testimony in favor of Document No. 34 and to admit that opponent only recently acquired land in the Village- A perusal of his Deposition will shew with what caution his evidence was given- The evidence of the old Curnum is also valuable as regards the Mahazur which has been adverted

Fort St. George 7th. November 1842

adverted to. He signed it he says—
because he attached weight to the
Copy of the Document under which
the opponent claims.—

14

Adverting to the fore-
-going remarks I am of opinion that
the right of the Petitioners should be
admitted.—

The Petitions as noted
in the margin are herewith trans-
-mitted.—

No. 1.

To The Acting Principal Collector
in the Southern Division of
Arcot.

Sir,

Para. 1. I have the honor to ac-
-knowledge your letter of the 9th Instant,
forwarding two petitions presented to
the Board of Revenue by Moonisa
Moodely and Arnachella Moodely
of Muttairilangum in Trivattoor Taluk,
being an appeal from my decision
against their claims to the meeras of
that

Nos. 1252 of 1840.
and 357 of 1842.

Fort St. George 7th. November 1842

that village, together with the four enclosures,
and calling for my early report on
the subject, I accordingly trans-
-mit the record of my proceedings in
the Petitioner's Case, and as its whole
merits, as before me, are contained there-
-in, and as they are examined at some
length in my decision, of which a Copy
is among the enclosures now received,
I will not do more here than briefly
state the nature and history of the disputes.

Petitioner's claim to the

2

Meeras of the village is founded on
an ancient Copper grant by the Hindoo
Sovereign of the Country, which they
produce, and which bears date the
Year of Salivauhana 1354 (A.D. 1412.)
The opposite party founds his title
on a grant dated in the year of
Salivauhana 1329 (A.D. 1387), and bearing
to have been executed by Daumulwar
Timma Naick who ruled over this
part of the Country the original of
this is not forthcoming but two
certainly very old Copies. The purport of

Fort St. George 7th November 1842

of purport of this latter grant is to constitute the Village of Pokkal an Agraram or Sarvamanniam tenure, and to divide it into 128 shares, of which 20 are bestowed for the support of two Pagodas of Siva and Vishnoo, two persons are appointed to manage the Charity for ever, one of whom is asserted by Defendant to be his ancestor. The former grant bestows the Village of Pokkal Mutta-velangum on the same duties, and appoints two persons to be hereditary Superintendents of it whom Petitioners declare to be their ancestors - In addition to these two grants, some other ancient documents of about the same era were filed by Defendant, and these make up all the evidence offered as to the original right. Though this granted as Sarvamanniam the village was resumed at some subsequent period, in latter times it was granted as a jagheer to a Mussulman, but that grant also was resumed on the British assumption of the Country. The thing

now

Fort St. George 7th November 1842

now in dispute is the Inneras of the Village, comprising the office of Monigar, the Village Maunium, and other privileges and emoluments - and the rest of the evidence offered in addition to the Documents above described, consists of testimony, parole and documentary, as to the actual enjoyment of it in comparatively recent times, viz. during the later times of the Mahomedan Government and the earlier period of the British -

3

As both parties brought their claims to the test of the grants which they respectively held, the chief point in the case was to determine which of these was good - I decided in favour of that held by Defendant, for though the original is not forthcoming, yet the manner in which the two Copies produced were originally made, as detailed in the evidence, and have since been kept, made it impossible to set them aside. The other ancient documents produced by Defendant which also

Fort St. George 7th November 1842

also are copies in duplicate, and
Copies made in the same way as
those of the grant strongly corroborate
it. With reference to the name
Multanilangum in which in their
appeal to the Board, Petitioners insist
so strongly it may be remarked that
the word is not mentioned in De-
fendants grant, while in that of
Petitioners it is the sole designation
of the thing granted. The former
narrates particularly that the village
of Colkul is made an agraram,
and divided into 128 Shares, of which
twenty are bestowed on the two
Pagodas, the latter only states that
the village Colkul Multanilangum
is granted to the Pagoda. Supposing
the possibility that both these grants are
genuine, it would then seem that Defendants
is the original and primary one, and that
the one held by Petitioners was intended as
an indirect reversal and change of a
part of it.

4 With regard to the evidence
as

Fort St. George 7th November 1842

as to the modern part of the case
same points which Petitioners urged,
to show their right, and the acknow-
-ledgment of it by Defendants pre-
-decessors, were not satisfactorily proved,
but the whole evidence is recorded
in the accompanying proceedings, and
it does not seem necessary to go into
the particulars of it in this place.
The original exhibits filed by the
parties are not with the Record,
but only office copies of them, should
it be deemed necessary to examine
the originals, the parties should be
required to attend and bring them.

21-22

In addition to and examin-
-ation of the Proceedings of the original
trial, the case has also received further personal
investigation from the Collector, & its merits
are set forth at length in his able report.
The Board fully concur in his view of the
question. The conflicting claims to credit
of the opposing documents of the two
parties

parties, which before appeared so inexplicable, are satisfactorily reconciled — when it is shown that the grant held by one party regarded the meeras of the Village, the documents of the other that of the Pagoda. Another material point too is cleared up by the Collector's further examination, the discrepancy formerly noticed between the boundaries of the Village as stated in the grant and as found at present, being accounted for with much probability at least.—

2 Mr. Goldingham is requested to carry into effect the views set forth in his report, by transferring the Meeras and Maniam registry of Muttavilangum from Gagambra Gooroocul to the Petitioners.—

From the Collector the Nos. & Qrs. of Arrack Reporting the seizure of 4 Casks and 137 Cases Bottles of Arrack Preserved by Mr. Potter at Ranepet.—

Para 1. On the application of Mrs. Turner, the Attorney of North arcot, the premises of Mr. Samuel Potter at Ranepet were searched under a warrant granted

granted by the Lieutenant Colonel Commanding Ranepet and 4 Casks and 137 Cases Bottles of spirits, considered to be "strong Arrack" were found. Mr. Potter explains that as he makes up Furniture the spirits in question were required for making Varnish, and were brought from Madras protected by a Permit issued from the Collector's Office at Madras. The Permit of the Deputy Collector of Madras is for 5 Hogsheads of "Stong Spirits" containing 280½ Gallons.

2. Mr. Potter has been in the habit of retailing Spirits at Ranepet till the beginning of the present Fasly. He was very unwilling that this privilege should not be continued to him during the current year, and has repeatedly applied for permission to sell Colombo Arrack by retail, adverting to the fact that Mr. Samuel Potter has heretofore been a Vender of Colombo Arrack, to the urgent Manner in which he has sought a continuance of this privilege, and to the untenable Character of the plea advanced Viz. that 5 Hogsheads of Spirits,

and

and these from Colombo, were required for making Varnish, the inference that the Colombo Spirits in question were required primarily and Chiefly for retail sale is unavoidable, and this inference is more or less strengthened by the consideration that if Spirits are really required for making Varnish, the small quantity necessary for this purpose is easily procurable from the Government Renter. If the above inference is correct, the penalty of confiscation of the whole liquor found must be enforced, as in the two Cases recently laid before the Board. The Agent of Mr Potter at Madras advises Mr Potter of having despatched to him 5 Hogsheads of "Spirits of Wine" which he (the Agent) considered would answer the purpose of "Making Varnish Admirably" This Office has not the information necessary to determine why Colombo Arrack should be designated "Spirits of Wine" by the Agent, nor the grounds on which the Collector's Office at Madras departed from this designation and adopted that of "Strong Spirits" Mr Potter states that he wrote for Alcohol or Spirits of wine

in the early part of the Year" The fact that the Spirits were written for in the early part of the year, some Months before it was possible for Mr Potter to know that he would not be allowed to continue the retail sale of Spirits, sufficiently indicates the purpose for which the Spirits were required—

3. The original Papers received from the Officer Commanding Ranepet are herewith Submitted, together with Copy of a letter from the Acting Sub Collector on this subject, and Copy of the communication from Mr Turner to my address It is stated by the Acting Sub Collector that Mr Potter consumes much Varnish It is probable that the Board may wish under this view that the heavy penalty of confiscation should not be enforced, but that proper Measures should be taken to prevent the retail sale of any portion of these Spirits—

No 3.

To The Collector of
North Arcot.

Sir

I have the honor to acknowledge
receipt

Fort St George 7th November 1842

receipt of your letter dated the 22d Instant
on the subject of the Arrack lately seized
the Shop of Mr Samuel Potter at Ranipet, and in reply beg to inform you that
agreeably to your instructions I have
examined the Spirits in Company with
Dr Falconer the Senior Medical and Captain
Blogg the Staff Officer at Ranipet—

2 I am decidedly of opinion
that Mr Potter's business has not latterly
been so extensive as to require that he should
keep so large supply of strong Arrack, as
that found in his possession for the purpose
of making varnish. It is true that Mr
Potter consumes much Varnish in the
calling of his trade of Cabinet and Coach
Maker, still I can not but think that the
liquor was purchased with some other view
than that of solely being used for the Manu-
facture of Varnish. I saw in some Liquid
led to this conclusion in consequence of the
suspicious circumstance of one Cask of the
spirit having been transferred into case
bottles, and being of a dark brown Color as
well as stored in the [illegible]

Fort St George 7th November 1842

other liquors for sale. The quality of that in
those bottles is decidedly inferior to that in the
Casks but not so much so as to be pronounced
diluted, which process would, I imagine, be
likely to be gone through at the time of sale
by retail—

3 Mr Potter states to me that
he procured the Arrack direct from Colombo,
and in so large a quantity in order to save
expense. He accounts for one Cask having
been drawn off by affirming that it leaked
badly, and he attributes the similar Color of
the Arrack in the bottles to the nature of the
Cask in which it came. The Contents of the
three Casks which I have examined appear
to differ slightly in quality, as well as in Color
with each other—

4 I would suggest that the 12 Case bottles of Arrack be confiscated on account of Government, and that the Casks be retained under seal, and delivered one at a time to Mr Potter as he may require the Spirit for the purpose of making Varnish, security being at the same time taken to prevent its sale on any pretence—

Sir, Chittoor.

Information having reached me that Messrs Morris & Co. Shopkeepers at Madras, had applied for, and obtained a Pass from the Collector of that place, for passing Five Leaguers of Strong Spirits for making Varnish &c.a and that, under the general Name of Strong Spirits and without any specification of its kind, or quality they had actually sent up 37 Leaguers of Colombo Arrack to Arcot, consigned to a Mr Samuel Potter with whom they appear to have connected themselves, with a view to defraud me of my just rights, as Abkary Renter of the Zillah of Chittoor, and who, if he would, without detection, vend the Liquor there, Clandestinely, could make an average Profit of Rupees Two hundred, on each Leaguer, and which profit, would Amount to Rupees One Thousand, to my great loss as such Renter. I therefore beg to request that, you will be so good as to address the Officer commanding the Cantonment at Arcot, on the subject and

14038 Fort St George 7th November 1842

request him to write to the Officer in Charge of the Police there, to grant me a Search Warrant for the purpose of Seizing these Five Leaguers of Colombo Arrack so sent up under the general name of Strong Spirits.

I beg further to request that, you will also be so good, as to forward the above letter, addressed to the Officer Commanding direct to me, that I may take it myself to that Gentleman, on my arrival at Arcot, and which will be, within 3 or 4 days from this; so as to prevent any undue Advantage being taken by Mr Potter, by a knowledge of this circumstance in my absence, and any Concealment being made of the Liquor, in a way which, may defeat all search and avoid detection.

It being evident too, from Messrs Morris & Co. having obtained the above Pass, that other persons may obtain a like Pass to my loss, as Renter, for then, the possibility of vending the Article passed, would be as great hereafter as it is now, I also beg to request, that you will be so good as to address the Collector of Madras on the Subject, and to request that Gentleman to write to you, Officially, whenever he grants a Pass to any body for the transportation of Spirits (excepting Brandy and Gin) either to your Zillah or through

Fort St. George 7th November 1842.

through it to any other Zillah, or Place. Inasfar the Collector, on whom I had personally waited on the subject, has very kindly promised to make the Communication to you, or to me as Renter, if he were Officially requested so to do. This course, would obviate as much trouble and inconvenience to you, as it would prevent heavy losses to me; saying nothing of the facility it will afford me, to detect all smuggling, as well as to prevent all connection on the part of the Shopkeepers and other Individuals, with the smugglers here.—

Poonamallee, 1th October, 1842.

(Signed) S. Turner
Abkary Renter of the Zillah Chittoor.

(23-24)

Proceedings thereon—

The case of this liquor is precisely similar to that of the Spirits found on the premises of Tandroya Moodelly at Ranepet recently reported by the Collector, and must be dealt with in the same way. The Board direct the confiscation and sale of the whole quantity found, and the distribution of the proceeds according to the Regulation.

It is impossible to avoid the conclusion stated by Mr. Goldingham, regarding the real purpose for which this Arrack was procured, & the value of Mr. Potter's explanation.

The original papers received with the letter above recorded are ordered to be returned.

Read again letter from the Collector of Trichinopoly dated 24th and entered in Cons: 31st Ultimo.

27

Proceedings thereon. The Board are unable to take any order in the case reported in the foregoing letter, in the absence of explanation or information concerning it. The orders of the Board to which Mr Cavelon alludes related to a class of cases quite distinct from the present, to lands measured and of which the measurements are entered in the accounts and Puttahs, and the assessment intended and supposed to be proportionate thereto; whereas the lands now alluded to appear never to have been measured, and certainly no measurement is inserted in the Puttahs, and the assessment (according to the Petition) is not proportioned to the extent of land, but to the holders share in the Villages.

2 Previously to affording further instructions as to the disposal of the Petition the Collector should have completed the enquiry which appears to have been already commenced by his orders. He is requested to make such an investigation now and if after to a decision he should find himself unable to come the case together with his own sentiments.

From the Collr of Trichinopoly soliciting orders regarding three items of deposite recommending that two being the proceeds of lapsed Inams should be appropriated to public works and that one should be returned to the Enamdars.

To The Secretary to the Board of Revenue

Sir,

Fort St. George.

Para 1. I have the honor to request that you will obtain the orders of the Board regarding three items of deposite in my Treasury which have accumulated under the following circumstances.

2. In Mr Wallaces Register of Enams ten Cawgs of land in the Village of Varagananary in the Talook of Conaud are entered as having been granted to one "Syed Ahmed" and it is specified in the Register that the time of Mr Wallaces investigation the Grantee did not appear. By some means or other however, persons calling themselves the Vakeels of the Grantee managed to get possession of the Inam and enjoyed the Emoluments derived from it upto the year 1830, when the imposture being discovered by Mr Cameron the Collector the

Enamdar

Enam was attached and a reference was made to the Collector of Malabar to ascertain the truth of a story which the Vakeels seem to have fabricated that the original Grantees' son Syed Abdoollah was residing at Pounany-

3.

An investigation was accordingly made, the result of which was that a person calling himself Syed Abdoollah was discovered at Pounany which supported himself by begging this person stated that his Father had some property in the Trichinopoly District but he was unable to give any description of it and was considered by the Collector from the fact of his having allowed twelve years to elapse without preferring his claim, and from all the circumstances of the case, to be entirely destitute of any right to the Enam—

4.

The Collections from the Enam amounting altogether up to the end of fusly 1251 to Rupees 2912-0-5. have been kept in deposite and I now propose that they should be carried to the credit of Government and that the Enam should be incorporated with the Syrin lands

Fort St. George 7th. November 1842

5.

In the same Register ten chays of Nunjah land in the Village of Mannygundum in the Talook of Conaud are entered as having been originally granted to "Cumdar Cooly" who, and also his son "Mudan Cooly" died long ago the son of the latter who became heir to the Enam on the death of his Father and Grandfather, enlisted as a Sepoy and went on Foreign service—he was accompanied by his Mother and never returned—but left behind him a Nickah Wife" a man beebee" who resided at Tanjore and whose Vakeels held possession of the Enam till the year 1830 when it was attached by order of Mr. Cameron and the proceeds amounting in the aggregate to Rupees 113-11-2. are in deposite—

6.

In the same year 1830 a person appeared as the Vakeel of Aman beebee to claim the Estate and produced a paper purporting to be a Copy of the original Cowle Purwanah which was said to have been lost but the records of

my

Enam was attached and a reference was made to the Collector of Malabar to ascertain the truth of a story which the Vakeels seem to have fabricated that the original Grantee's son Syed Abdoollah was residing at Pounany-

3. An investigation was accordingly made, the result of which was that a person calling himself Syed Abdoollah was discovered at Pounany which supported himself by begging this person stated that his Father had some property in the Trichinopoly District but he was unable to give any description of it and was considered by the Collector from the fact of his having allowed twelve years to elapse without preferring his claim, and from all the circumstances of the case, to be entirely destitute of any right to the Enam—

4. The Collections from the Enam amounting altogether up to the end of fusly 1251 to Rupees 2912-0-5. have been kept in deposite and I now propose that they should be carried to the credit of Government and that the Enam should be incorporated with the Zyn lands

5. In the same Register ten chays of Nunjah land in the Village of Manuggoondum in the Talook of Conaud are entered as having been originally granted to "Coondar Coily" who, and also his son "Madar Coily" died long ago the son of the latter who became heir to the Enam on the death of his Father and Grandfather, enlisted as a Sepoy and went on Foreign service he was accompanied by his Mother and never returned but left behind him a Nichah wife" a man beebee" who resided at Tanjore and whose Vakeels held possession of the Enam till the year 1830 when it was attached by order of Mr Cameron, and the proceeds amounting in the aggregate to Rupees 113-11-2. are in deposite—

6. In the same year 1830 a person appeared as the Vakeel of Aman beebee to claim the Estate and produced a paper purporting to be a Copy of the original Cowle Purwanah which was said to have been lost but the records of

my

my office do not shew how this claim was disposed of—

7. In 1841 a person calling himself Moortoojah Cooly alias Byte Bukhsh, and representing himself to be the son of Moostaiphah Cooly the son of Madar Cooly, appeared before me to claim the Enam rejected his claim for the reasons stated in the accompanying Copy of an endorsement made on his petition. Under these circumstances I beg to recommend that the above sum of Rupees 113-11-2. be carried to the credit of Government and that the Enam be entered in the accounts as Jyen land—

8. Extracts from the Register of Enams connected with the two cases in question are herewith sent—

9. There is another deposite of Rupees 28 from the Collections of the Enam Villages of Caunsalore and Erandarapatty in Candd which I request permission to pay to the Enamdars—The Money in the mine spended portion of a sum collected during the time the Enam was under attachment

many

many years ago for the purpose of repairing Tirpoollah Thanks Durgah—

10. If the Board are of opinion that the sums mentioned in paras 4 and 7 should be taken by Government, I take the liberty of suggesting that I may be allowed to expend them in the execution of some work for the benefit of the Public to be hereafter specified, if the suggestion should be approved of. There are many works most urgently required in this District but which I am deterred from recommending by the stringent injunctions of Government regarding economy and I cannot forbear taking advantage of this opportunity of endeavouring to secure a small sum to further some of my views—

Endorsement

From Mr. Travers's Register it appears that Madar Kuly whose grand son the petitioner represents himself to be, enjoyed an hereditary Enam of 18 chays of Paddy land in virtue of a grant made by the Nabob Mahomed Ally Khan. From an enquiry made by the Collector it seems that on Madar Kuly's death the Enam descended to Moostapha Kuly who dying in the year 1830 the Enam was Zuftad on account of the Circar

It seems very strange that the petitioner who appears to be about 18 or 19 years old should for the first time lay claim to the Enam his late father's usual place of residence seems to have been Tanjore and altho' the petitioner was very young at the time of his father's death it is very unaccountable that none of his relations or friends interfered to prevent his Enam from being attached more particularly as it appears that his Vakeel was ordered to attend at the Hoozoor at the time of the Zuft

Zuft when the Collector would surely have satisfied himself whether a son did or did not exist

On the other hand however it seems that the Petitioner has for some years been currently supposed to be the person he represents himself to be as appears from the depositions of the Puttakdar of the Village in which the Enam is situated and others taken before the Collector. This however is far from being satisfactory proof that he is Moostapah Kuly's son and if he really were so there does not seem any good reason why he should have so long deferred presenting his claim, for it is hardly possible to suppose that he has only just now become aware of his title to it

Under those circumstances the Collector cannot but consider the claim as liable to great suspicion he therefore declines interfering in petitioner's behalf who is at liberty if he thinks fit to appeal to the Board of Revenue

assuming the land as an escheat. Some further enquiry is needed. Mr. Onslow will be pleased therefore again to examine the claim of that individual calling on him for what proof he may possess of his descent from the former holder of the Enam and report the result to the Board with a definite opinion -

3. The Board approve of the Collectors suggestion regarding the expenditure of the funds to be brought to account and if he will submit estimates in the usual way for such works as he may wish by this means to execute, they will be prepared to recommend the measure for the sanction of Government -

4. Some months ago the Board desired the then Acting Collector of Trichinopoly to submit a Statement of the amount and nature of the deposits in his treasury on account of Enams - It does not appear that the letter now under consideration was written with reference to that order

was for service I beg to recommend that sanction may be given for the payment of ¾ of a Gopauly fanam per diem or Rupees 2-10-0 per mensem to Bavah bee and of 1 Gopauly fanam a day or Rupees 3-9-0 per mensem to Saulameah.

3. I further beg that payment of the above may be sanctioned from the 4th of March 1842, the date on which the petitioners preferred their claim - the delay having been occasioned by no fault of theirs but by the investigation I thought fit to make as to their identity &c. of which I am perfectly satisfied.

From Chief Engr in Charge of the late Deputy Surveyor Genl Office —

With reference to your letter dated 20th Instant, I have the honor to forward a list of the whole of the Maps, Registers, and other Documents, connected with the Trincomelly Survey under my charge - These Documents are valuable, and there are no copies of them at this Presidency - As the whole are not likely to be required in the proposed Survey. I would beg not the expediency of Copies being made of such as may

may be considered necessary for the use of the Officers who are to be entrusted with the Survey instead of sending to them the originals as much inconvenience would be experienced in the event of their being damaged or lost -

parties, which before appeared so inexplicable, are satisfactorily reconciled — when it is shown that the grant held by one party regarded the meeras of the Village, the documents of the other that of the Pagoda. Another material point too is cleared up by the Collector's further examination, the discrepancy formerly noticed between the boundaries of the Village as stated in the grant and as found at present, being accounted for with much probability at least.—

2 Mr. Goldingham is requested to carry into effect the views set forth in his report, by transferring the Meeras and Maniam registry of Muttavilangum from Gagambra Gooroocul to the Petitioners.—

From the Collector the Nos. & Qrs. of Arrack Reporting the seizure of 4 Casks and 137 Cases Bottles of Arrack Preserved by Mr. Potter at Ranepet.—

Para 1. On the application of Mrs. Turner, the Attorney of North arcot, the premises of Mr. Samuel Potter at Ranepet were searched under a warrant granted

granted by the Lieutenant Colonel Commanding Ranepet and 4 Casks and 137 Cases Bottles of spirits, considered to be "strong Arrack" were found. Mr. Potter explains that as he makes up Furniture the spirits in question were required for making Varnish, and were brought from Madras protected by a Permit issued from the Collector's Office at Madras. The Permit of the Deputy Collector of Madras is for 5 Hogsheads of "Stong Spirits" containing 280½ Gallons.

2. Mr. Potter has been in the habit of retailing Spirits at Ranepet till the beginning of the present Fasly. He was very unwilling that this privilege should not be continued to him during the current year, and has repeatedly applied for permission to sell Colombo Arrack by retail, adverting to the fact that Mr. Samuel Potter has heretofore been a Vender of Colombo Arrack, to the urgent Manner in which he has sought a continuance of this privilege, and to the untenable Character of the plea advanced Viz. that 5 Hogsheads of Spirits,
