From the Pol. Coll.r of Madura ---

Sir

I have the honor to return the enclosures of your letter of the 29th ultimo, just received, and am obliged by your consideration in forwarding me the English abstract translate of Mottoochella Thavor's address of the 24th ultimo.-

2. Where the insinuations of the petition (address above named) against me have a scrap shadow of ground I have laid them open for the Board's consideration in an interleaf attached to the abstract Translate, as I shall also the false assertions against Mr. Fischer and his Servants, which the Board are already willing to believe to be exaggerations.-

3. In my letter of the 15th September I complained that the Board required discoveries with proof from me and deprived me of this means of making either one or the other. In your letter of the 21st I deem they were pleased to consider my objections valid, and now you

Objecting to the Board's restrictions to his availing himself of the services of Mr. Fischer and his native establishment to the best of his ability.-

Entering in some detail into the state of affairs of Ramanad and informing the Board that he had obeyed their instructions in respect to the Govt. Vakeel — Ammas-aumy Iyer.—

you prohibit me in some particulars using as Mr. Fischer's agency in the way most likely to prove effective, and as I maintain the Board at Madras are not nearly so capable of judging as I, the executive officer on the spot. I even trust that if the Board had received my letter of the 30th ultimo ere writing the one now under answer they would not ex. have wished to put these restrictions on me. restrictions which could not have failed to have raised endless suspecion and suppression of any proof, had I not, under a happy ignorance of their wishes avoided shackling ex. myself with them.-

4. It is impossible for me to say how far Mr. Fischer, his Servants and Peons, are associated with me in these investigations in the Board's acceptation of their prohibitory orders; but I will endeavor to shew them how far, and in what way, I have availed myself of their aid, and in which course I purpose continuing till I receive their orders or renewed orders, for a change of conduct.-

5. But I must premise by calling to the Board's recollection the disclosure of the corruption &c. in the Tanjore Collectorate

Collectorate early in this Country brought to light by the Resident at the Court of H. H. the Rajah, and brought to proof only by the great exertions of the Resident (in association with the Collector and another Civilian) aided by the servants of his own office and the Rajah's palace, and which ended in the removal of the Collector, as Zealous intelligent and honorable a Gentleman probably as any in the Civil Service

The papers I had the honor to forward in translate on the 27th August have been proved to my satisfaction.- and in these are prima facie cases of forgery, attempt to suborn forgery, bribery and Malversation against Moottoo chella Shaver, and of corruption on the part of my Sheristadar Shashagherry Row.-

The first case has been proved to me by evidence and the party committed to the Criminal Court.- The second I am not inclined to go into because its non-completion secures from punishment. The proof of the forgery is proof of the Malversation

malversation as far as it goes, and papers I have got by the aid of the Gentleman, whose loyal services the Board would deprive me of, lead me to a sanguine expectation to be able to bring legal proof hereafter to malversation to amount of several lacs, and very likely also of appropriation of a great portion to Moottoochella Shaver's own use.- I have in my hand proof of his bribery to one large amount, which I shall make of against him if the charge of forgery fails from any legal technicality.- I expect many more. I have ample preliminary grounds to believe Shashagherry Row guilty of corruption in one considerable case, and I have grounds for moral belief of his corruption in others, but am in doubt if I can sufficiently pursue his wiles with proof, but it is premature to speak with respect to him as I have yet no time to put him on his trial.- I have proof from records examined that hardly a Servant of my office, from highest to lowest, ever accompanied me thro' the Zemindary without finding provisions ~~&c~~ cost free. I have reason to believe all-

all are in some degree implicated in this Corruption, So widely and distinctly co Spread by Moottoochella Thaver, and I have strong reason to fear one of my best ac=countants, originally engaged in examination of these records, was only using his ability with a view to falsify them and deceive me.-

With Servants in such a predicament, is it in nature to expect aid in such a disclosure.[2]

Mr. Fischer is here accompanied by Sambiah, Some Gomastahs and a dozen peons.- I have given a written order to my Naib Sheristadar to prepare certain co abstracts of accounts by the aid of my Gomastahs and those of the Zemindary and have directed they Should accept and thankfully accept the assistance of Mr. Fischer's Servant Sambiah and Gomastas with them, but not to leave any thing ex=clusively to them.- For my own Credit I will not remove that check without a renewed order from the Board, if such is indeed the association they object to. In the Same way and on the Same principle I have desired that every guard of mine and

and the Zemindary peons for preventing clan=destine removal of property may have one of Mr. Fischer's peons with it.-

6.- With regard to my proceeding towards the Vakeel Annasawmy I never entertained any difference of opinion with the Board and readily obeyed their instructions regarding him= He has admitted all his own, and proved the authenticity of the letters from Moottoochella Thaver, translations of which were forwarded to you on the 27th. to the Guardian Purwatta Nachiar and the persuasion of M.r Fischer to M.r Blackburne.

1st On the 22d October ult.o Blackburne accompanied by his public Servants together with M.r Fischer, with Sambien and his other Servaants arrived at Ramnad. The two Gentlemen were together the Zemindary was immediately taken under attachment by order of the Principal Collector, who with M.r Fischer and Servants came to his (Petitioners) residence and after Sealing the treasuries of the Zemindary Cutcherry and in the house, took possession of all accounts and M.r Fischer's people behaved disrespectfully, and appeared more concerned in the proceedings of the day than the public Servants.-

2d On the night of the same day (22d Instant) M.r Fischer Sent word by a person that the Forgery proceedings are the consequence of his (Petitioners) refusal to give him 50,000 Rupees from the Motturpha money, but if in addition to that Sum he would now give 50,000 more for the Principal Collector, making in all one lac of Rupees he would arrange matters, otherwise that Petitioner

Fort St. George, ca. November 1842.

Petitioner would be Subjected to much disgrace and would be sent to the Criminal Court. If the amount asked for was Small it might have been given in order to Save one self from being disgraced, but the amount being large and beyond Petitioner's means, he sent word that he would leave this matter to the will of God. Petitioner appeals to God for the truth of this Statement.-

3d On the morning of the 23d the Principal Collector, his Servants, with M.r Fischer's Servants, came into the Palace and took away the ready money, Jewels, & valuable articles, and at Noon of that day guard of Peons were placed at the gate of the Palace and at the door of the apartments occupied by Petitioner's family and these Peons were assisted by M.r Fischer's Peons, and were the cause of much annoyance to the females and others of Petitioner's Establishment when passing and repassing. Petitioner reported this circumstance by an Urzee to the Principal Collector but did not receive a Satisfactory answer, herewith are Submitted the orders of the Principal Collector on this Subject.-

It

Fort St. George 4th November 1842.

4th It is impossible for Petitioner to describe the disgrace caused by Mr. Fischer's Peons at the door of the Palace on the night of the 23d.- In consequence of the restraint placed on Petitioner he was pre=vented visiting the apartments of the women of his family and was therefore appre=hensive that Annasawmy thro the as=sistance of Mr. Fischer's Peons would have made away with property from the apart=ments in question, but God has preserved the same how it will be from this day he does not know.-

The lawful authority of the Principal Collector appears to have given away to that exercised by Mr. Fischer cs towards the Petitioner, Mr. Fischer is much vexed with Petitioner for not having agreed to the proposal of the Guardian in respect to a suit brought by that Gentleman against the Zemindary in the Provincial Court- If Petitioner is to be disgraced by Mr. Fischer from his inability for want of money to comply with his demands, Petitioner would seek relief in death rather

Fort St. George 4th November 1842.

rather than continue to be disgraced.- Mr. Fischer and his man Shamien are at present the Collector and Magistrate of this Zemindary and Mr. Blackburne is entirely guided by them in the orders issued by him- Mr. Blackburne and his Servants are well aware of the proceedings of Shamien- Petitioner has heard that he is to be sent for trial in the Criminal Court- From the great intimacy subsisting between Mr. Blackburne and Mr. Fischer arising from their pecuniary transactions, Petitioner cannot expect justice from Mr. Blackburne.-

Before the death of Petitioner's brother Ramasawmy Tavar, he made over charge of the Zemindary &c. to Petitioner who has ever since these 12 years managed the affairs of the Zemindary- Petitioner did not act in opposition to Regulation 5 of 1804 and it is therefore unjust that he should thro the persuasion of Mr. Fischer be thus treated by Mr. Blackburne.

The injustice done yesterday by Mr. Blackburne at the Suggestion of Mr. Fischer is well known to all at this place

place, and if it be the wish of the Board that these unjust proceedings, as well as Petitioner's conduct, be enquired into he begs that a new Gentleman may be sent for that purpose - if otherwise Petitioner shall have no redress -

N: 2. To whom and on what date is that letter written. Is the body of the letter your writing or whose and is the signature yours.

A. I have read and examined said letter. It is one I wrote by the hand of my son-in-law Rungen under date the 25th of January last to the aforesaid Parovath: =varthany Nachiar. The signature is my own. I sent with it certain letters as per list accompanying, which the Manager of Ram: =nad had written to me. Without the list I cannot tell how many letters I sent. By "the great people here the friends of the Manager" mentioned in the last para of said letter is meant, Shashagherry Row the Huzzoor Head Sheristadar of the Madura Zillah.

Q. Look at this letter marked N: 3 what do you know of the particulars of it.

A. I have look'd at it. It is a letter which the late Manager Mootta Chella Taver sent me by post under date the 11th December 18[illegible]. I know it came by Post by the Cover. This is one of the let: =ters which I had by me and sent to the Ranee

Fort St George — November 1842

Ranee Parvathavarthany Nachiar with my letter to her marked N: 1 I knew it was from the late Manager by his signature, which I am perfectly acquainted with from his having been in constant cor: =respondence with me. The seal on the cover of said letter is the seal he usu: =ally puts.

The Sunnud Copy marked A came enclosed in the letter to me marked N: 3.

The Vakalut Stamp paper marked B. also came enclosed in the letter marked N: 3. The said letter contained instructions to the following effect; that of the Lands belong: =ing to the allowance securites of the Perooms Karanay Village, which had been sold by the Zillah Court on account of the Minor un: =der the Sudr Court Decree N: 18 of 1814 for the amount in part due by them that he gave back to the Bramins and made a present to them of that portion which had been brought for the service of the Ramnad Palace and had been united to the Seeroothoyttoo and for the value of which due credit in account had been given said securities and that he had

had besides remitted to them the balance still due by them, also to the sons of Dhoolah Saib the balance due by their father another security (No. 42) in said Sudr No: i.e 35000 Rupees minus 1000, as determined upon by the late Guardian and himself and before communi-cated to me: and that in order to grant them the necessary releases in Court he sent me the Vakalatnamah marked B. from the present Guardian, and that I was to fill it up according to the aforesaid instructions and file it in Court but as the amount to be remitted was so very considerable, and I had received no letter from the present Guardian about it, and as it was ruled by the Sudr Court that the Manager was incompetent to represent the Minor in any of the Court and as the present Guardian made no mention of this Vakalatnamah or of giving razenamahs in this two Cases in a letter which she wrote me by Post on the very date of the letter No 3, Vol 1 the 11th December 1841 on the subject of giving

giving Razenamah on the deal account but I suspected all was not right — and did not obey the Manager.-

Though I am not able positively to say that the Rance Parovathurthany Nachiar and the Women Podesal and Parovathum did not make the marks opposite their names on the Stamp paper Vakalatnamah marked B. yet her letter to me denying it and the object of it, and the other circumstances connected with the case enable me to declare my firm belief that it is not theirs. the names in the Vakalatnamah are in the hand writing of the Samoo-cum Cat-cherry Royasum Moodoo-calatoor Soobbien. It is a common practice for parties to send Vakalatnamahs to their Vakeels with simply their names of the attesting witnesses, leaving it to the Vakeels to fill it up, but separate instructions always accompany such

such — Had I filled up the said Vaka-
-lutnamah according to the orders of the
late Manager and given it in Court
the Court would have admitted it and —
acted upon it — but I did not do so for
the reasons I have stated —

I have some recollection
of having on one or two occasions before
sent her draft of Valutnamahs as requested

Sir,

On the 27th August last the Principal Collector of Madura laid before the Board a body of information regarding extensive corruption Fraud and Forgery in which the Head Serishtadar of his Office, the Manager of the Ramnad Zemindary and the Government Vakeel of the Madura Zillah Court were implicated and which had been brought to his Knowledge through the instrumentality of Mr. Fischer a European Merchant who had had some connection with the affairs of the Zemindary — Mr. Blackburne also showed the means by which Mr. Fischer became possessed of this information, Viz.t that he had received it from the Rance Guardian of Ramnad — And stated the circumstances under which he had come forward with it, Viz.t that the Manager had promised him a large sum for his services in a certain negotiation with Government and had broken his Engagement — Mr. Blackburne solicited instructions how to proceed on the information and

14644 Fort St. George 30th November 1842.

Sir,

I am directed by the following letter
in correspondence
to transmit to you for the information of the Court of Directors a copy of a Minute of Consultation of this date regarding extreme corruption, fraud and forgery on which the Head Serishtadar and Serishtadar of the Civil Court of the Principal Collector of Madura had been dismissed from their offices, the Manager of the Peramal Head Mountain Gurrumkoddy and the Cutcherry Peon of the Office of the Principal Collector of the Madura Pettah Court under the Provisions of Regulation VII of 1816 and Regulation XI of 1816 and transmitted to the Government for trial by the Court of Circuit.

In Dep.t Cons.n 12th Septr.

It will be seen by the Minute of Consultation that Mr. Sinclair a European Assistant and Mr. Brodeau who had both been connected with the Collectorate of Madura at the time of the commencement of the extensive frauds and forgeries which have been brought to light, were suspended from their offices by the Principal Collector of Madura, and that Mr. Sinclair has since been dismissed the Service by the Court of Directors, and Mr. Brodeau has been allowed to resign.

The Principal Collector of Madura has also been suspended from his office by the Board of Revenue, and the Government have no doubt that the Court of Directors will approve of the measure.

The Board of Revenue have recommended that the Principal Collector of Madura be allowed to receive his Guardian Allowance of 200 Pagodas per annum during the minority of his children, and that their widow be allowed to retain possession of the Garden House which they occupy, and to receive the rent of the Shrotrium Lands attached to it, which have been estimated at 50 Pagodas per annum, for their support.

I have the honor to be
Sir
Your most obedient
humble Servant

and begged to be permitted to recognize Mr. Fischer as the Rance Guardian's agent in the investigations that might be ordered.

September 8th 2 The Board furnished the Principal Collector with instructions but considering the position in which Mr. Fischer stood in the case with relation to the Manager and the Motives which induced him to come forward with information they refused Mr. Blackburne's request on that point and decreed that Mr. Fischer's interference" in any way whatever with the affairs or Management of the Estate" should be most strictly prohibited." at this stage the correspondence was laid before Government. In a second communication Mr. Blackburne objected to the tenor of the Board's order and among other points strongly reiterated his request that Mr. Fischer's agency might be made use of in the enquiry - and the Board then so far modified their former orders as to permit the Principal Collector "to avail himself of the aid of Mr. Fischer in elucidating the two charges brought before them by

P. 5

September 10th
+ September 15th

September 21st
P. 7

by his means" These two letters also were communicated to Government.

Sept. 21st

3 A petition was subsequently received from the Manager complaining that Mr. Fischer's servants and Peons were associated with those of the Principal Collector's public Establishment in the proceedings against him - and the Board then again addressed Mr. Blackburne (in a letter which has been laid before Government) explaining more clearly the orders intended in their previous letter, and Directing that Mr. Fischer should be "restricted as nearly "as circumstances may allow to the position "which would be held by an ordinary "person acting as complainant or "prosecutor."

+ Oct. 29th
° Nov. 2d

4 In reply to this communication the Board have received a letter from Mr. Blackburne which under their directions I have now the honor to request that you will lay before Government - In this letter Mr. Blackburne explains the extent to which he is using the aid of Mr. Fischer and his servants from which it appears that the latter are associated with the public servants in almost

Nov. 4th

almost every part of the Principal Collector's proceedings both within and without the Cutcherry. This is a degree of interference which the Board never contemplated that Mr. Fischer should be allowed to exercise, and it is directly opposed to their last most precise instructions after the receipt of which and in avowed opposition to them the Principal Collector continues the same course - and though he professes to be willing to alter his mode of proceeding on the repetition of those orders yet from the general tone of his language and from his plain assertion that he is a better judge of what is proper than they the Board cannot expect any cordial obedience or cooperation.

Para 2.

5 The Board do not doubt that Mr. Fischers aid would be very useful to Mr. Blackburne in this enquiry but their objection to his using it in the way he is doing is based on other and broader considerations. For, in addition to what is said above of Mr. Fischer's personal connection with the parties which must render it necessary to receive even his own personal evidence with much caution

they

they cannot recognize or indeed too strongly deprecate, a practice in this particular case, of employing a European not in the service or responsible to Government which followed out generally would place the proprietors of Estates at the mercy of Mr. Fischer or any other speculator of the same description. The employment of Sambien Mr. Fischer's Head man is still objectionable he is, to say the least a person whose character is liable to the greatest suspicion and who is very unfit to be placed in the confidential position in which it appears from Mr. Blackburne's letter that he has been employed.

6. It is with much regret that the Board feel themselves compelled to bring before Government in this manner the conduct of a public functionary of long standing and high rank who has ever and they are persuaded deservedly held the very highest character for integrity, zeal, and public spirit but at the point to which this matter has now come the Board deem it incumbent on them to place the case before Government with the view that the orders to the Principal Collector may be confirmed and enforced

if

if approved, or otherwise that they themselves may receive instructions for their guidance

7. Allusion is made in the Petition of Moottachella Saven to pecuniary transactions between Mr. Blackburne and Mr. Fischer, and in explanation Mr. Blackburne has forwarded for the Board's perusal Copy of his Account Current for the last two years with the Firm at Salem of which Mr. Fischer is a Member. These transactions appear to be confined to remittances for the purchase of Bills on England, as opportunities offered, the amount, during deposit, bearing interest at 8 per Cent. Mr. Fischer's Hse were at the time, in no way under Mr. Blackburn's authority, and the Board consider him to have acted in strict accordance with the spirit and intention of the orders of Government communicated to the Principal Collector of Tanjore under date 1st May 1827. and as far as Mr Blackburne is concerned the Board have been led to make these observations only with a view to prevent any misapprehension. The Government may however perhaps concur in opinion

opinion with the Board that the facts here brought to notice form an additional ground for prohibiting the interference of Mr. Fischer in the enquiry now pending before Mr. Blackburne except as an ordenary person Acting as complainant or Prosecutor

8. In conclusion I am directed to add that a copy of this letter will be furnished to the Principal Collector of Madura for his information. And in order that a Government may have before them the whole of the Proceedings I am instructed to forward two letters that have recently passed in connection with the case.

a compensating increase in the wet land produce to the amount of 33261. Rupees, which together with an advance on last year in the ready Money Collections produced the above satisfactory results.

3. The wet land cultivation was then successfully carried on in consequence of improvement in the works of irrigation, which enabled the ryots to take advantage of the water of the Kistna.

4 Of the demand shewn above Rupees 51,967 were collected within the Fusly and 15870 subsequent to it leaving Rs. 2,223- outstanding of which a great part had been and the remainder was in progress of being collected at the date of the Collector's report- Mr. Porter will be pleased to supply the information called for by the Court in Para 5 of their Proceedings.-

of

of Peishcush current and arrears — — — — leaving a balance of Rupees 69,307 exclusive of cash in hand to the amount of Rupees 2107—4—7.

6- The Collector explains the very great delay that has occurred in transmitting his report to his anociety of bringing the claims on the Zemindary to a satisfactory adjustment in which however for reasons stated in these Paras he has failed and recommends that the Estate be sold in satisfaction of decrees of the Court a proceeding which, if permitted would in his opinion be stayed by the concurrence of the creditors to receiving the original composition offerred them from their knowledge of the probable proceeds of the sale leaving but a little to them, after the satisfaction of the Government Land which would of course be first discharged.

7- The Court of wards however under the impression that the

the Estate in tolerable seasons and under good management should yield one lac of Rupees are averse to entertaining the late Collectors proposal, and express an hope that "Mr. Porter will be able at no distant "period to submit a satisfactory report "on the subject."

8- The Government regret that circumstances eventually frustrated the designs of the late Mr. Grant at one time progressing so favorably, but approve of the Courts suggestion of continuing the Estate under their management in the hope that the present Collector may be enabled to discharge its debt within a short period.

9- The Government trust that the education of the Proprietor together with that of his young neighbour of Manegal will become a subject of Mr. Porters best attention, and that by personal inspection from time to time he will satisfy himself of their general progress and manner of living and will

escercise his powers of guardian-
ship with activity and becoming
interest to his charge.

10. His Lordship in Council
would attach much importance to this
subject, under the conviction, that the
future well being of the Zemindars
and prosperity of the ryots on these e
Estates much depend upon the im-
pressions they may now receive which
will be good or bad as their tutorage
embraces one or other quality.-

11- This Estate is rented
Moregal for Rupees 10,32-15-6- a reduction
from the original settlement by a
Rupees 701- for reasons assigned
and discussed in the last report.

From the Agt Collr of Vizagapatam.

Sir,

Para 1. From the tenor of the concluding para of the Extract from the Board's Proceedings of the 31st Ultimo, I learn that some mistake has been made by the Copyist in transcribing para 12 of my letter to your address of the 21st October.—

This stands as follows in the original draft.— "It only remains for me to add, that the "Zemindar of Madgole has discharged the "whole of his current Balance, and that "I have reason to believe he will "adhere to his engagement to pay the "arrears.— The arrangement entered into

"into for that purpose was reported in "para 8 of my letter of the 16th August, "and though not adverted to, I presume "it has met with the Board's con= "currence."—

2. I request that any clerical error in the letter forwarded to the Board may be corrected accordingly.— It would have been ridiculous to request sanction for an arrangement made on my own responsibility, and in the same breath announce I had no expectation that it would be adhered to.—

Resolution thereon.— This letter clears up a passage in the former communication to which it refers which was before not quite intelligible. The Board are gratified to find that the conduct of the Madgole Proprietor is more honorable and upright than they had been thereby led to apprehend.—

Relative to the Cultivation of the Mauritius Sugar Cane in the Vizagapatam District

In reply to your letter of the 13th ultimo, I have the honor to state that Mauritius Sugar cane is not cultivated in this district in any of the Government Estates, - It was introduced, I am informed by the late Lowria Pracadah Row in his Estate of Aukapilly and was found to thrive exceedingly well, but I have no means of ascertaining either the extent of the land occupied, its Value or the results of the produce in comparison with that of the country Cane - Its superiority over country cane is however universally acknowledged

Fort St George 14th November 1842.

acknowledged -

2. No Sugar whatever is ever manufactured from the cane in this district - The produce is converted into jaggery and consumed in that shape - The jaggery produced in Aukapilly bears no higher Market price than that procured from country canes, but the quantity produced is stated to exceed greatly that which is obtained from the common Sugar Cane -

3. Messrs Young and M Fergie of Bimlipatam are about to commence the manufacture of Sugar and Rum, on a large scale and are now erecting extensive factories and Machinery at Tantoor a Village which they rent in the Vizeanagrum Estate, with that view - These Gentlemen have been engaged also in procuring and distributing in Palconda, and elsewhere, Otaheite and other Sugar Canes, but no Mauritius canes. This is however the first season of the experiment and the results of the crops are not yet ascertained

From the Coll.r of Trichinopoly

Sir,

Para 1. In reply to your letter of the 13th ultimo, I have the honor to state that the quantity of Mauritius Sugar cane introduced into the Trichinopoly district is very insignificant — the greater part of the canes obtained by me from the agricultural Society of Madras having perished on the road —

2. The Natives seem inclined to admit the superiority of this description of cane and readily accept it when distributed to them — but from the limited experience they have yet had of it, they are extremely cautious in pressing their opinion — There cannot, in my estimation be any doubt of its superiority —

3. In my report on the Extra Sources of Revenue, I stated that 7 Candies & 17/4 Maunds or about 393 1/2 lbs of Sugar had been made last year in this district which sold for from 2 to 3 1/2 Rs the Maund of 25 lbs and I have no doubt that the Manufacture would increase could the ryots assure themselves of a ready Market, but on this score great apprehension exists and I find great difficulty in overcoming it —

3 The Season of fusly 1250 tho tolerably good for the Dry Crops was by no means favorable for wet land Cultivation, in consequence of the failure of rain during those months when it was much needed to bring the crops

Although

5 Although from the situation of the Purganah on the banks of Kistna the tanks received their usual supplies of water not only from the freshes but from early rains, yet owing to the subsequent failure of the latter at a time when the crops were coming to maturity the produce was by no means so plentiful as might have been expected. In addition to which, the price of Grain fell below that of the preceding fusly by Rupee 1-1-0 as ps per Candy From the above causes, there was a decrease of Revenue from Wet lands amounting to Rupees 4417-7-0 as ps

6 On the other hand the season has proved favorable to the cultivation of Dry lands, and the Jonna Crop raised thereon yielded a better harvest, the consequence of which was an increase from this cause amounting to Rupees 2,015-15-4 as ps To this, if the sum of Rupees 316-11-5 as ps derived from an enhancement in the prices of Pyra or Pulse Crop, to the extent of Rupees 3-1-10 as ps per Candy be added, the total increase amounts to Rupees 2,332-10-9 as ps In the revenue derived from

from the cultivation of White and Black Paddy there was a decrease of Rupees 867-5-5, which being deducted from the total increase just noticed, leaves a net increase amounting to Rupees 1465-5-4- as shewn in the foregoing Statement.—

7- Statement No. 3 exhibits in detail the particular items in which the decrease of Rupees 1366-10-5 under the head of money rented and Garden lands has occurred- This decrease is chiefly attributable to the limited extent of cultivation of Poonasa Mockajoona Vte or first crops of the season consequent on the failure of rains during the progress of Cultivation- In the same Statement are exhibited the items of increase and decrease under the head of "Ready money Collections."—

8- With reference to Para 5 of the Board's Proceedings dated 29th September last calling for explanation as to the tax on Poommakyah not appearing in Statement No. 3 as well as regarding the great decrease in the Grazing tax for fusly 1249- I beg to state that in that year there was no collection under

under the first mentioned head in consequence of the Poomma Trees not having yielded from excessive rains and other causes the produce from which the tax is levied.—

9 With respect to the decrease in the latter item, it is to be observed that fusly 1268 was a year of extreme drought, owing to which the Islands in the Kistna, of which the Deevy Purganah is in great part composed, and which are usually inundated by the freshes, were in the fusly in question left dry and afforded pasturage for Cattle from all the neighbouring Purganahs- In the following year the season being generally more favorable, the necessity for sending Cattle from the neighbouring Purganahs to find pasture in this Estate no longer existed.—

Moonegal.- 10 It will be observed from Mr. Golding's letter to the Board dated 21st September 1836, that the Moonegal Purganah was rented out for a term of years, and the following Comparative Statement will exhibit the amount collected on account of the rent of this Purganah and of the settlement of Deevy Purganah in fusslies 1249 and 1250 within the respective fusslies together with the subsequent collections.—

11 It will be observed that the total collections of Decay Purganah within the Fusly, together with those made after its close, on account of the settlement of Fusly 1250 exhibits a decrease of Rupees 5581-11-1 as compared with those of Fusly 1249. The balance still outstanding amounts to Rupees 2,692-11-" being Rupees 2,036-4-7 in excess of the amount outstanding on the same date in Fusly 1249. This excess appears to have arisen from the Circar share of Grain which is received in kind from certain privileged Classes of Cultivators being still undisposed of in consequence of a depression in the prices in the Current Fusly. Orders have however been issued for the sale of the Grain, and the balance will be Collected at an early period.

resources of the Purganah in consequence of the badness of the season, and it appears that an application was made by the renters to the late Collector representing their inability to discharge the arrear immediately, and praying to be allowed to pay the same by 4 instalments of 1,000 Rupees per year in addition to their Current Kists to which Mr. Grant gave his Assent. The 1st. instalment is now due but has not yet been discharged in consequence of a dispute between the Ryots of this District and the Nizams' Dominions regarding the payment of Poollary or Grazing Tax. For particular information on the subject, I beg to refer the Board to Mr. Wards' letter dated 6th. ult. Orders have however been issued to collect the balance.-

Sir,

From the Coll.r of Guntoor.

I have the honor to report, for the information of the Board as directed in their orders dated 3d August 1840, that I have removed Sayer Khan from the situation of Ameen of Rajahpetta on a Monthly Salary of 80 Rupees to act as Salt Sanader of Chinna Ganjam on 60 Rupees Monthly Salary, and Gattapully Achaya from the latter to the former situation, Sayer Khan having disobeyed the distinct and express order issued to him to defer the commencement of the Current year's Collections till he should be furnished with the Kistbundy. I consider that this example was indispensably required to maintain the Collector's Authority, which in this district in cases where his orders are opposed to the wishes of the Native Establishment has been extremely weak.

From the Acting Pr. Coll.r of Cuddapah } Reporting the measures adopted with a view to divest the Government of all concern in the Religious institutions in the District.

Sir,

Para 1. With reference to the Extract from the Proceedings of the Board of Revenue under date the 30th May 1842, I have the honor to report on the measures which I have since adopted with a view to divest the Government of all concern in the Religious institutions in the District.

2. On the 23d February the date of the report of the Sub Collector in Charge there remained 69 Pagodas for which no persons willing to undertake the Management had then been found. I have now made Arrangements for the withdrawal of interference on the part of the servants of Government in the Management of all except one. The particulars of these Arrangements are detailed in the accompanying Statement.

3. The Pagoda for which Arrangements remain to be made is situated at Poyachoty. The Village Authorities and the respectable Inhabitants of that Neighbourhood seem to dread the responsibility attached to

to an undertaking of the kind—

4 As the spirit of the Proceedings of the Board seemed to authorize the measure I have already placed the different institutions in the charge of those Persons to whose Manage=ment they are for the future to be consigned. From these Persons I have taken an engage=ment to the following effect—

"I resident of in the Talook of having been appointed Manager= of the Pagoda of do hereby engage that the sums which shall be given into my hands for the use of the said Pagoda shall be faithfully disbursed for the purposes for which they have been appointed whether as allowances to the Servants attached to the said Pagoda or for the Ceremonies connected therewith I also undertake to keep true= and correct Account of all such disbursements which accounts I shall be prepared to= produce if required to the constituted= Authorities of the District

For the due performance of the duties which I have now undertaken, I hold myself responsible to any tribunal to which= the Government may be pleased to grant jurisdiction

jurisdiction in such matters—

If on the contrary the Funds should be= in any way misappropriated I and my= heirs will be responsible for the same—

5 I have also put a stop to the practice heretofore pursued of renting= out the Collections of certain Pagodas and= I have published a Proclamation making it generally known that all contributions on the part of the People to these Pagodas= are entirely voluntary, and that the Govern=-ment has no concern whatever with= them—

6. I purpose to pay the ready money Endowments attached to these Pagodas= quarterly in advance, without any distinction with reference to the Amount of endowments

7. The connection of Government= with the Religious institutions of this= District has thus been entirely dissevered except in the case of one Pagoda, & I hope to be able to make Satisfactory Arrangements for the Management of this Pagoda also in the course of the present Summahbundy—

The Board suggested in their former proceedings on this subject that the 63 Temples not wholly under Circar control might be made over entirely to the Village Authorities, and this proposal Mr. Arbuthnot appears to have carried out, Managers having been nominated for 62 out of the 63, who are in almost every instance the Reddies or Curnum, or both conjointly—The same plan also has been adopted in the case of the Six Pagodas heretofore entirely managed by the Servants of Government—

Proceedings

Fort St George 14th November 1842.

The new Managers appointed to those institutions being, without exception, of the classes above mentioned. The selections for the Office of Manager appear on the whole to be judicious; but in the cases where a Curnum has been appointed sole Manager, in some of which the emoluments of the institution are large, the Board suggest to the acting Principal Collector that it would be very desirable, if practicable, to associate one or more Reddies or influential Ryots in the charge with this reservation, the Board approve and confirm all Mr Arbuthnot's arrangements.

Annual allowance 1458-5-4

3. Only one Pagoda now remains undisposed of. This is that which has the largest endowments of the whole, and the Reddies and other respectable people of the neighbourhood are stated to be afraid of the responsibility. The Board hope Mr Arbuthnot will be able, as he anticipates, to make a settlement for the charge of this institution in his approaching Summabundy Circuits.

a

Fort St George 14th November 1842.

A legislative enactment is in

4 Course of preparation which will supersede the engagements mentioned in Para 4 by defining the liabilities of parties entrusted with the charge of Pagodas. Government have also declared the Principles of such bonds open to objection. Pending the promulgation of the act, however, it does not seem requisite to cancel those documents where they have been executed.

5. The Board approve the measures of the acting Principal Collector reported in Para 5, and his proposed future plan of disbursing the Pagoda allowances stated in Para 6. Mr Arbuthnot has omitted however to mention whether he has any deposit in hand on behalf of these institutions.

No 1.

O. S. No 206 of 1842.-

Translation of a Plaint presented to the Judge of the Adaulut Court of Salem by Marrapen son of Chinniah Gowden residing at Segarelhully Village in Amanie Codahully Mootah in the Daramapoory Talook by Cast Woccolee by profession a Cultivating Ryot against Soondrayen Curnum of Segarelhully, Mallen son of Pony residing in the same Village,

and

and S. D. Gleig Esqre Principal Collector of Salem for the recovery of a spot of Mulgoosary land consisting of Acres 2, Goontahs 28 and Annas 8 bearing a theerva of Rupees 2-4-5- and yielding him a profit of Rupees 15 Annually.-

The land in question is situated in the said Segerethully Village, West to the Curdoo, East of Chelen Colay, North of Vadachenna Colay, and South of Vellavorry Pullum, this land was Cultivated by one Obelly Chennen, from the year Vekroothy, to the year Doormookee, by obtaining a Putta in his name, in the year Yarevullumby the said land was left waste, for which in Fusly 1248 an offer was made by me, and in consequence a Puttah was granted in my name, and I paid up the theerva to the Circar for the years Vellumby and Vegaveree and obtained receipts for the same.-

The Second defendant Mullen had without my knowledge and from his interest with the first and third defendants, applied for, and obtained Puttah for the same in his name in the year Sarvery, after which he demanded the

the land from me, I then reported this circumstances to the third defendant, and also stated that the theerva was not received from me for that year, who took no notice of my complaint.-

I therefore beg you will be pleased to cancel the Puttah at present held by the Second defendant and transfer the same to me.-

No. 2.

The Plaintiff Morapah sues for puttah of land situated in the Thegrelahully Village, measuring Acres 2 and Goontahs 28 bearing an assessment of Rupees 2-4-5 and a profit of Rupees 15 per Annum, for which he states that he received a puttah in Fusly 1248 and paid tearwah thereon for the years Vellumby and Vekaree or Fusties 1248 and 1249. that in the year Sarvery or Fusly 1250 the Second defendant Mulla having without his knowledge applied for the land obtained

a putta, therefore he now claims redress.-

In reply to this complaint the Principal Collector has to state that the Plaintiff asserts what is contrary to fact when he affirms that the defendant Mulla obtained the putta for the land in Fusly 1240. it was given to him in Fusly 1247 for a field No. 62 and denominated Obelie Palamur: :ramutha in the Chegrelakully Village, — measuring Acres 23-13 paying Rupees 18-6-0 — In Fusly 1248 the complainant without permission from any of the Authorities competent, took into Cultivation, Acres 2-28-8 of this same field the putta for which was previously in the possession of 2nd defendant. By the neglect of the Curnum in not inspecting his Accounts and entering the land Cultivated by the plaintiff in Fusly 1248 in a false number and name, he obtained in that year a putta. In Fusly 1249, this false entry of the Curnum was brought to the Principal Collectors notice and the said premised, as one field cannot be entered in two puttahs, and as the second defendant had the previous possession of the land

Sir,

A Ryot of the Salem District has brought an action against the Principal Collector in the Zillah Court for the recovery of a small piece of land (2a-28-8) on the ground that he cultivated it, and received puttah in Fusly 1248 (A.D. 1838/39) 1249 (1839/40) and 1250 (1840/41). The Principal Collector in his draft of Answer, states that in Fusly 1248 Plaintiff cultivated land to the extent above indicated, in a field included in the puttah of another ryot, and

obtained

To the Secretary to the

Board of Revenue

Fort St. George.

From the Collr. of Trichinopoly stating that Raghavaindra Row performed the duty of Head Sheristadar 1st January to 18th March 1842.

Sir

Para 1 In reply to your letter of the 29th Ultimo I beg to offer my apologies to the Board for the very absurd blunder which occurred in my letter of the 24th of the same Month which arose out of circumstances not worth detailing.

2. Raghavaindra Row must be considered as having performed the duties of Deputy Sheristadar from the 1st January 1841 to the 18th March 1842 as well as those of Sayer Tahsildar on the pay of the latter

latter Office- Rupees 45 per mensem-

3. My reasons for declining to speak favorably of Raghavaindra Row's claims are owing to the circumstances of his having undoubtedly been implicated in the proceedings related in my letter of the 5th April 1842, in which I consider myself to have been grossly deceived by him and the then Head Sheristadar; but as the Board will be aware from my letter above quoted, I did not make any formal investigation into the part the former took in the affair- That he was as guilty as the other is perfectly clear to me from the position he held in the Cutcherry.-

Raghavaindra

14783. Fort St. George 14th November 1842

4. Raghavaindra Row resigned his situation on the 9th July last in consequence of my appointing him to a situation in the Talooks with a view to be rid of his influence in my Hoozoor Cutcherry.

Ordered that the following address be submitted with the foregoing letter.

To the Acting Chief Secretary to Government.

(55-56)

To the Dy. Chief Secy to Government } Sir,

With reference to an Extract from the Minutes of Consultation dated October 18th 1842 No. 1243; I am directed by the Board of Revenue to submit for the information of the Most Honorable the Governor in Council the correspondence noted in the Margin. It appears from

Mr.

Mr. Onslow's letters that Raghavaindra Row officiated as Nail Sheristadar from January 1st 1841. to March 18th 1842. It seems further that he never put forward any claim to compensation for his increased labours, and under the circumstances stated by Mr. Onslow, the Board are not disposed to advocate the award of such compensation to him.

Revenue Board Office Fort St. George 14th November 1842 } (Signed) J. D. Bourdillon Secretary.

Read the following letter.

To The Secretary to the Board of Revenue Fort St. George.

From the Coll.r of Trichinopoly } Sir,

Para 1. In reply to your letter of the 17th Ultimo, I have the honor to state that the tapaul is delayed at the Nundiar river about 5 days in the year on an average - and that there having been no means of crossing it while at its height the runners have hitherto been obliged to await its subsidence.

2 The remuneration I propose for keeping a raft in readiness

Fort St. George 14th November 1842.

readiness is a Maunium of land assessed at 7 Rupees per Annum half of which to be remitted. This method of remuneration is preferable in my opinion to a fixed daily allowance for the number of days the raft may be used in each year, because there would be some difficulty in ascertaining whether the raft was actually used, and because I do not think any one could be found willing to undertake the duty except under an assurance of receiving at least the amount of remuneration I propose, and the aggregate amount of daily rate of hire might fall short of it. It should be recollected that altho' the number of days for which the service of the raft will be required is small, the Maunaundar must always be in readiness.-

Trichinopoly Coll.r Cutcherry 10th November 1842. Resolution thereon.- } (Signed) J. S. Onslow Collector. Ordered to be submitted to

(57-58)

Fort St. George 14th November 1842.

to Government with reference to the order noted in the Margin together with Copy of the Board's letter to which it replies.-

Mr. Onslow's former letter shews sufficiently that some provision is necessary for conveying the Tappal over the Nundiar during the rains. Considering the expense of making a raft and keeping it in good order, and that the party will be obliged to be at hand for many more days than the average period for which his services will actually be needed, the Board think the remuneration proposed by the Collector moderate, and recommend that he may be empowered to grant a Maunium to the extent specified, out of mimorial waste.-

Read again the following letter from the Collector of Tinnevelly containing his report on the Management of the Extra sources of Revenue in that District for fusly 1251.-

of any previous year by Rupees 6438-11-2- so that some slight falling off in the following year might, the Collector observes, naturally be expected- The result however of this Branch of Revenue must be considered highly satisfactory the increase above the average of the last 10 years being no less a sum than Rupees 26921-11-2-

3 The total supply of Salt for the consumption of fusly 1251 including the balance of the previous year and the quantity received, was after deducting wastage 7,162-272-1/2 of this the sales within the year were 2,340-71-1/2 the wastage being 37-216-u leaving a balance in hand at the commencement of the Current fusly of 2784-385-u as particularized in para 7-

from the sale of Salt in Fusly 1251-2 amounted to Rupees 2,45,718-10-9 being Rupees 7,745-10-7 below the like Collections of the previous year. This decrease is attributed by the Collector in part to the unusually large Demand in Fusly 1250, when the stock on hand was in some places (particularly at the Vyzapaw Pans) consumed, the consequence of which was that the sales became suspended at a time when the return carriage arising from the exportation of Cotton from the Coast offered the Merchants an opportunity of conveying Salt into the Interior. The sales of the year under review were also affected by the low price and diminished Demand for Grain towards the Coast, and in some degree also by the March of Troops through the Districts within the same period.

2 The Sales in Fusly 1250 A.D. 1840-41 are stated to have exceeded those of

of any previous year by Rupees 64,38-11-2, so that some slight falling off in the following year might, the Collectors observes, naturally be expected. The result however of this Branch of Revenue must be considered highly satisfactory, the increase above the average of the last 10 years being no less a sum than Rupees 26,921-11-2.

4 The Charges exhibit a disbursement nearly double the amount incurred in Fusly 1250 as shewn in the Margin. This large increase was chiefly owing to the additional quantity of Salt received during

during the year. The augmentation in the price paid to Salt manufacturers with the view to equalize the rates in Tinnevelly with those established in the neighbouring Districts, Viz.t from 7 to 10 Rupees per Garce contributed also to raise the amount of charges,

Subsequent to which period the above quantity of Salt was received in Store.-

Date of Sanction by Government 8th. July 1840 Communicated to Collr. 27th. July Do.

5 The Gross Collections under the head of Salt (including Contra Collections Rupees (21) amounted to Rupees 245,839-10-8- from which the above charges being deducted, the Net revenue will appear to be Rupees 204,432-3-4

In the Betel Tobacco

7 and Sheyer Root duties there was a decrease of Rupees 2035; owing to the diminished biddings for these rents, the principal portion of the decrease being under the item Betel, as shewn in the Statement appended to para 10 of the report.-

8 The late acting Collector

Dated 28th. July in para 16th Augt. 18. in reporting on the disposal of the different rents for Fusly 1251 in his District, observed in reference to the

+ Pl.a 6650.- + offer for the Frontier Tobacco Duty that it fell so far short of the amount obtained in any year either under the renting system or annamanie Management, that he considered it expedient to retain it under Annamy. to this arrangement the

the Board acceded on the understand-
-ing that no additional Establish-
-ment would be required for the
purpose. It appears however from
the present Report (para 10) that the
proceeds of these duties amounted
to only Rupees 4,035-3-8 which the
Collector considers was as much
as would have been expected to
be realized with reference to
the glutted state of the Travancore
Market during Fusly 1250.

9 Of the total demand
for Sayer under rent amounting
to Rupees 67765 Rupees 64470 were
Collected within the Fusly and
the Remainder was subsequently
brought to account.

10 In the Collections
under Annaie there was an in-
-crease of Rupees 8904-3-3 Compa-
-red with those of Fusly 1250
which is attributed by the Collector
to the vigilant supervision exer-
-cised over the details of this
Department.

Sea Customs -

13 In the Current Collections
in the Sea Customs Department there
was a total increase of 1884-1-8 the
result of a Gross Increase of Rupees

Gross Decrease of Rupees 2,942-4-4- consequent chiefly on a diminished Exportation of Chanks to Bengal, under which head the decrease was Rupees 2170-12-6- below the export of this article for fusly 1258.-

Stat. 8- 14 The Gross collections were Rupees 20552-14-6 and the charges amounted to Rupees 2391-1-2- leaving a net revenue of Rupees 18161-13-4 exceeding the Net Revenue of the former year by Rupees 5593-a 2--

Ab. 16 The Gross Collections including the arrears of the previous year which were 1,472-4-a Amounted to Rupees 26,023-12-a which as there were no Charges formed the

17 The Collections from this source exhibit a trifling falling off below those of the preceding fusly, the decrease being Rupees 138-14- as shewn in the Margin- The Gross Collections also shew a decrease of Rupees 138-14-a- but owing to a decrease in the Charges of Rupees 89-5-3- in consequence of there being no Extra Charge for Commission as paid in fusly 1250- the Net Revenue was short of that of the preceding year by Rupees 49-8-9- The Amount being in fusly 1250 Rupees 22,565-13-3- whereas in the year under review it was Rupees 22,516-4-6-

19 The Gross Collections which include the several items entered in the Margin amounted to Rupees 114,636-10-7 which sum was the net Revenue, there being no deduction to be made on account of Charges. In the preceding Fusly the Gross collections amounted to Rupees 105,403-14-11 and the Net Revenue deducting Rupees 75-15-1 the Amount of Charges was Rupees 105,327-15-10. The result therefore as Compared with the Net Revenue of the year under consideration shews an increase in favour of Fusly 1251 of Rupees 9,308-10-9.

Demand
1250 — 18,118-7-7-
1251 — 26,648-6-3-
Increase 8,529-14-8

21 The Demand under this Head for the year under review amounted to Rupees 26,648-6-3. being above the Settlement of Fusly 1250 by Rupees 8,529-14-8 which excess is owing to the enhanced biddings for the Faish rent from which there was an increase of Rupees 3,392-6-8, and to the Shanbogue rents having been under rent the whole of this year which was only partly the case in Fusly 1250, and from which there was in consequence an increase of Rupees 5,137-8-. Of the current Demand Rupees 23,944-9-10. were collected within the Fusly and Rupees 1,851-4-10. since its close, leaving Rupees 852-7-7. due at the date of the Collectors report, and which is stated to be in progress of realization.

22 The Gross Collections including arrears 4,659-7-8. and Extra Revenue

Net Revenue
1250 - 23061-7-8-
1251 - 26531-11-1-

revenue Rupees 11-10-2, amounted to Rupees 28,618-11-8- from which being deducted refunds to the Chank renter Rupees 1376-8-10 (for the reasons assigned by the Collector in para 27 of the report and the Correspondence thereon referred to) and the charge of Rupees 710-7-9- incurred for examining the Pearl Banks in Fusslies 1249 and 1251 shews the net revenue of the year to be Rupees 26,531-11-1- or Rupees 3,470-1-5- in excess of the net revenue derived from this source during the preceding year.-

Total Demands
Fusly 1251 - 64,279-11-
1250 - 60,219-12-4-
4059-6-3-

23 The Statement annexed to para 28 exhibits an increase in the Total Demand on all the sources of Extra revenue in Fusly 1251 above that of the preceding year to the amount of Rupees 4,059-6-3- The sum brought to account within the Fusly was Rupees 6,30,934-15-3- or Rupees 16,361-12-7- in excess of the like Collections during the same period of the previous year, and the balance due at the termination of the Fusly was Rupees 11,244-11-9-

Subsequent

subsequent Collections, to which reference has been made in the body of these Proceedings, reduced the above balance at the date of the report to Rupees 2,971-1-10.-

24 In the charges which amounted to Rupees 64,978-8-2- there was an increase of Rupees 18782-11-6, owing chiefly as already shewn to the additional Coodewarieums paid to Salt manufacturers to which allusion has been made above, the net revenue of the year was therefore reduced to Rupees 59,977-3-2-2- which compared with the net revenue of Fusly 1250 Viz. Rupees 60,6090-15-9- shews a decrease of Rupees 5,317-13-7.-

25 In Conclusion the Board have much pleasure in bringing to the notice of Government the terms of commendation in which the Collector has recorded his opinion of the exertions of his Head Assistant Mr. Pringle, and his second Assistant Mr. Pane.- To the former of these Gentlemen the Management of the Details of the Salt Department was intrusted as in the preceding year, and to the latter the Superviseon of the Sayer Department.-

26 Adverting to the increase in the Settlement and more particularly to the punctuality with which the greater portion of it was realized, the Board consider the general result of the Management of the Extra Sources of Revenue as in this District to be highly satisfactory.-

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statements of the Collections charges, and net revenue be submitted to Government, and a transcript of the same be forwarded to the Collector of Tinnevelly, for his information and guidance.-

Board of Revenue

Sir,

From the Revd. Colly. of Canara — Reporting upon the arrangements proposed to be made regarding the withdrawal of all interference of Government Servants in the affairs of the Religious Institutions in Canara.

With reference to the Extract from the Proceedings of the Board of Revenue under date 10th and 24th June 1841 I have now the honor to submit my report on the arrangement which I consider best adapted for carrying into effect in this District the wishes of the Court of Directors relative to the withdrawal of all interference of Government Officers with the funds and internal management of the religious &c. Institutions of the Natives.

× N-1.

2. The accompanying Statement× exhibits the ancient Revenues of the Pagodas and Charitable Institutions in Canara, with the assumptions that have taken place under the several Dynasties which have ruled over the Province and the amount of their present Revenues.

3. The degree of Superintendence and control hitherto exercised over the Pagodas and

and Charitable Institutions by the Revenue authorities, has extended to the payment of the Tus-deek (money allowance) advances for the repair of the Buildings repayable in one or more years, the appointment and dismissal of most of the Servants and the inquiry into and disposal of complaints against the Pagoda Servants for malversation in their Office and other Minor matters. The extent of interference and control over the Pagoda affairs, would appear to have greatly increased within the last 20 years, owing to causes which it is perhaps unnecessary now to enter into. The transferring to the Natives themselves, the powers hitherto exercised by Government Officers under Regulation 7 of 1817. will not I think in the end, be productive of any difficulty or inconvenience, though some abuses and mis-appropriation of the funds, will it is considered be the consequence at first of the transfer especially in places where there may be no hereditary or recognized head of an institution. Some difficulty was at first experienced in getting influential or respectable persons to undertake

undertake the management of the affairs of the Pagodas owing to a belief that had gone abroad that the lands assumed by the Company's Government were to be given up to the Pagodas and the Money payments assigned in lieu of them stopped. But the orders of the 24th June 1841. removed this impression and objections were no longer made to accept the management of the temporal affairs of the Pagodas.

Govt 12th June 1842

4. Considerable time has been spent in ascertaining the fitness of the persons recommended as managers for some of the larger Institutions, and in several instances it has not been easy to determine, among contending claimants for the right of the sole management of Pagodas, which party had the best claim. It is probable that disputes will hereafter occur on this point which will have to be settled in the Civil Court.

5. The Total number of Hindoo places of Worship and Charitable Institutions receiving Money allowances from Government amount to 3668, and are divided into Mahlbar and Chillar as shewn in the accompanying Statement.

× Mahlbar Pagodas 83

The

6. The arrangement I would propose for the future management of the various places of Native worship is as follows, subject to such modifications as upon further consideration may appear to be advisable

7. All those Pagodas whose Tusdeek does not exceed 30 Rupees per Annum the Adigar or Poojaree alone to be the Trustee, but where Pagodas of this class may possess considerable property, three persons have been selected from among the most respectable and influential inhabitants of the Village or Villages to which the Pagoda belongs to be joined with the Adigar in the Trust. The allowances of the Pagodas of the above description, have been generally paid to the Poojarees, and the greater portion of it goes to the pay of the Pagoda Servants leaving but a small proportion for the expense of the Poojah &c. of the Pagoda.

8. Where the Tusdeek exceeds 30 Rupees per Annum the number of Trustees proposed varies from 3 to 5. In most instances, the Potail of the Village in which the Pagoda is situated, has been associated with the leading

leading men of the community in the Trust, which in all cases includes the Principal Officers or Priests of the Institutions.

9. Where the right of Superintendence and control over any of the Institutions was originally vested in the petty Rajahs or Chiefs residing in the District it is proposed to make them over entirely to their management.

10. The duties of the Trustees or managers will be to exercise a general control over the expenditure, and the internal concerns of the Institutions and to have the appointment and dismissal of all the Servants attached to them. The payment of the Tusdeek to be made to each institution as at present from the Treasury, either annually or quarterly, as the case may be, the payments to be made on the receipt of all the Members of the Trust conjointly or to any one of the body who may be chosen by the rest to receive it.

11. The only point which remains to be considered is with respect to the filling up of vacancies when they occur among the

the Trustees.

12. The principle recommended by the Principal Collector of Tanjore in the Extract of the letter forwarded from your Office on the 15th Ultimo, of making the members of the Trust choose those who are to be associated with them in authority or vacancies occuring, appears to me to be objectionable. The tendency of this principle must be to perpetuate abuses where they exist and to prevent that influence and control of public opinion over these bodies which it would seem desirable to encourage.

13. The more preferable plan I conceive would be to make the Offices which are not at present hereditary or to which there may be no prescriptive right accessible to all who by their conduct have entitled themselves to the good opinion and confidence of the community to which the Institution belongs. all vacancies in such offices to be filled up by election, the right of election being vested in all the respectable Members of the said community being of the

the same persuasion as that of the institution over which the Trustees are to preside. This system, when the people have become accustomed to it, will I think work well and may tend, in some measure to remove the dissatisfaction and distrust which there is reason to believe is now pretty generally entertained at the idea of the abandonment by Government of the direct protection hitherto afforded to the large property and funds belonging to some of the Pagodas. The same degree of security, however which under the provisions of Regulation VII of 1817 has hitherto been felt for the due appropriation of endowments, can scarcely be looked for under the arrangement about to be introduced.

14. I will only further add on this subject that in rescinding either partially or entirely Regulation VII of 1817 it seems desirable that some new enactment should be framed making Trustees or other officers vested with the administration of the funds of endowments expressly accountable for all breaches of the Trusts committed by them. It also

Fort St. George 14th November 1842.

also seems necessary that in making over to the Superintendence of the proposed Trustees, those Institutions which possess considerable property, an examination of the said property should be made by the Revenue Officers in presence of the Trustees, but for so doing, the sanction of the Board will I conceive, be requisite in case any opposition should be made to the examination by the parties now in charge of the property.

15. They leave now to transmit Statements prepared for 3 Talooks, shewing in detail the arrangements proposed for the future management of the several places of Native worship. An English translation of one of these Statements is submitted, but as my English Establishment is fully occupied with their ordinary duties I trust it will not be considered necessary to make translations of all the Statements. Should the arrangements proposed be approved of by the Board the Statements of the remaining Talooks shall be forwarded as soon as they are prepared.

Proceedings thereon. Para 1. This report would appear to be only preliminary: a sketch of the General plan on which the Principal Collector proposes to proceed, without much detail of particulars. The Board therefore lose no time in communicating to him their sentiments as to the scheme in general, and on certain points in particular touching which he solicits their instructions; in the hope that he may be able to take some further steps towards the final settlement of a matter which has been so long in hand, before availing himself of the leave of absence recently granted to him. —

Communicating the sentiments of the Board in a letter from the Principal Coll.r of Canara reporting the measures which he proposes for the separation of the Native religious institutions of his District from the interference of the servants of Government. —

2 The total number of Native Religious institutions in the receipt of allowances from Government is 3,668. the Hindoo Pagodas (3,372 in number) are divided into Mauthurs and Sillerry large and petty; but it is not evident on what Principle, as it is observed in the Statements accompanying the report that many classed under the latter denomination have larger allowances than some entered under the former.

the

the Principal Collector will be pleased to explain the ground of the distinction. —

Statement 1

Jussucks	13,5152	13-7
Land Grants	1948 2	" 10
	15,463¼	14-5

The aggregate of the sums allotted to all the institutions amounts to 15,463¼ 14-5 annually. This Statement of endowments includes the part of Coorg recently annexed to the province of Canara; and it is supposed that the list of the Institutions does so also, though not specially stated. —

The Board observe that though Statements is professedly in English it is most important parts are in a Native language and one little understood at the Residency, with his next report the Principal Collector is requested to submit another Statement shewing the particulars of the Grants and other details in English. It is requested also that the grants of 50,000 Rupees a year spoken of as having been obtained by Major Munro may be further explained as well as the allowance mentioned as having lapsed to Government. —

Para. 3. — 3 The interference of Government in

in the conduct of the Religious Establishments in this Districts appears to have been minute; extending to the appointment and dismissal of most of the Servants, as well as investigation and punishment of their misconduct. Although this is stated universally of all the institutions, the Board are inclined to suppose that strictly speaking it can apply to only a portion; and that in particular the smaller Pagodas were left entirely at liberty.

Para 4

Para 4 Mr. Blair's plan for the future management of the Pagodas is as follows. Those whose annual allowances are within 30 Rupees a year to be entrusted to the Officiating Priest; with whom, where the property of the Pagoda is large, three other persons are to be associated. Pagodas receiving more than the above mentioned sum to be committed to trustees from three to five in number.

Para 5 The Board fully approve of the constitution of the Boyaries as the small Temples to be sole trustees, since it appears to be only the perpetuation

Para 7 of a practice already obtaining; and it is desirable that no needless change should be made in existing usages. They are even inclined to think that this plan might be extended by enlarging the sum now fixed as a limit to its operation. If in some cases the appointment of co-trustees with the Poojaury is thought necessary, and the Board would wish that this should be restricted to as few cases as possible; it seems desirable that such co-trustees should be the hereditary Village Officers; as by that means the succession to vacancies in the trust is provided for.

Para 6 It does not clearly appear by what principle Mr. Blair has been guided in the nomination of trustees for the larger Pagodas. From one part of the report it would seem that the selection of respectable people of the vicinity to join with the Priests in the management; was the only proceeding; elsewhere it is stated that the right of superintendance over some Pagodas has been recognized as residing in certain Royals: and; again, reference is made to the hereditary or recognized head of an institution and to contending claimants for

Para 8

Para 9

Para 3

Para 4

"for the right of the sole management of a "Pagoda" The Principal Collector is requested to furnish some more precise information on this point. For his guidance in effecting the desired arrangements, the Board record the following remarks.

1st Where the disbursement of the funds and the custody of the property of an institution have hitherto lodged in one or more individuals, subject only to a general right of superintendance on the part of Government, it is proper that the same parties should be continued undisturbed in the possession of the same power and privileges without the intrusion of strangers.

2d In those institutions in which interference of Government Officers has been greater, whenever persons may be found whether Rajahs or Priests or others who appear to possess or whose ancestors appear to have possessed an hereditary right of superintendance; and who if Government had never interfered might now be exercising that right by such

such claim should be recognized, and the party constituted manager. 3 Wherever such possession, or right may exist; it would be well if any Rajah or chief could be found in the neighbourhood willing to undertake the charge, to commit the Pagoda to him and constitute him and his heirs and successors sole superintendants; and lastly where there is impracticable a trustee or trustees should be chosen with whom, if thought proper the Poojaries may be associated; vacancies occurring among these trustees should be filled up by the suffrages of the community.

4 With reference to Para 4th of the letter under notice; the Board observe that an Act is now in course of preparation to include; among others the objects there specified.

5. Where trustees or superintendants are entrusted with the custody of property, it is necessary that the property should be formally committed to their charge; but there need not be a renewal of it, because the custody

until

Fort St. George 14th November 1842.

will be only the same in kind and degree which the servants of Government have hitherto exercised, nor does it seem likely that resistance will be offered to what is not the establishment of a new right of inquisition, but only the transfer of an old one; for it is to be remembered that the new superintendants will have actual cognizance of property, only in those cases in which the Government Officers have had it hitherto.

9 The Principal Collector has not furnished any Statement to shew how many Pagodas have been disposed of as petty, and how many are to be included in the other arrangements. He will be pleased to supply the omission in English Language, but it is not necessary that he should shew the details of the former class except of those Pagodas to which Co-trustees may be appointed - and he will be pleased to state what sum he may ultimately fix as the limit of the small Pagodas, & what amount

Para 7

Fort St. George 14th November 1842

amount of property as needing the nomination of Co-trustees.

The arrangements for each of the large Pagodas should be exhibited.

10 It is observed that no allusion is made in the Reports to the Muttums and Mosques though they also appear from the enclosures to have been comprehended in

14836 Fort St. George 14th November 1842

in the arrangements formed. Neither is it mentioned whether there are any deposits in the Treasury on account of the Religious Institutions. It is hoped that the next report will supply the omission on both points.

To the Secretary to the Board of Revenue

From the Supdt. of Stamps —

(66)

Sir,

With reference to your observations dated the 3d Instant on the bill for the contingent charges of this office for the Month of September last suggesting to me whether advantage might not be taken of return Treasure Bandies with the view of reducing the charges of transmitting stampt Papers into the interior — I have the honor to state that I will immediately communicate with the several Collectors for the purpose of ascertaining whether it will be practicable to carry the measure into effect —

The Board will observe from the accompanying correspondence with the Sub Treasurer that that officer is unable to furnish me with any information in respect to return bandies and I must therefore trust to the several Collectors to make their own arrangements for the conveyance of stamps by carts which have brought treasure to the Presidency from their respective Districts —

Under the present system the Maistries are answerable for the safe custody of the boxes or parcels and are bound to make good any expense that may have been incurred by casualties

Sir,

With reference to the remark of the Board of Revenue in the accompanying bill I request that you will be good enough to inform me whether there will be any difficulty in procuring return bandies that have brought treasure to the Presidency for the purpose of conveying stampt papers to the several Districts in the interior and if not whether any security is taken from the owners or Drivers of such bandies for the safe delivery of their loads.

Sir

In returning the bill which accompanied your letter of yesterdays date I request that it is not in my power to furnish you with any information respecting return bandies that have brought Treasure to the Presidency, I am not aware that any security is taken from the owners or Drivers for the safe delivery of their loads which as you are aware are accompanied by a Guard — The Collectors make the necessary previous arrangements with the Bandy Maistries whenever remittances are intended to be transmitted hence by the return Bandies to their Collectorates —

Extract from the Minutes of Consultation - Under date the 8th November 1842

Para 3 A copy of these paragraphs will be furnished to the Board of Revenue for communication to the Officers concerned.

Referring to the request contained in para 5, His Lordship in Council resolves to call the attention of the Board to the Extract from the Minutes of Consultation dated 8th February 1842 No. 183 to which no reply has been as yet received.

Extract from a letter from the Honorable the Court of Directors Dated 17th August 1842 No. 23.

243 Correspondence relative to the Conduct of Mr. William Elliot acting Sub Collector of Salem submitted

Para 3. The conduct of Mr. Elliot in appointing an Individual to a situation in his Catcherry after the strong opinion, expressed both by the Principal Collector and the Board of Revenue, of the impropriety of such a proceeding was undoubtedly reprehensible.

4 It is evident that all amicable intercourse between the Principal Collector Mr. Gleig and his subordinate Mr. Elliot has ceased, but from the contradictory

contradictory Statements put forward by those Officers it is impossible to say on which side the misunderstanding occurred, and it would not appear that any advantage could arise from pursuing the inquiry. As however the public interests would not under these circumstances be promoted by their continuing to act in the same district, we approve your having transferred Mr. Elliot to Madura in the capacity of Sub Collector and Joint Magistrate.

5 You will inform us of the result of the enquiries of the Board of Revenue on the points noticed in Mr. Elliot's letter of the 23d December 1841 which have been referred to them for examination and report.

of Consultation, be furnished to Mr. William Elliot, and of Paras 3-4 and 5 to Mr. Gley respectively, for their information, agreeably to the instructions of Government.

Ordered further that the attention of the Principal Collector of Salem be called to the Extract from the Board's Proceedings dated 24th February last, and that he be requested to submit without more delay the report therein required, for the information of the Honorable the Court of Directors.

(Extract from the Minutes of Consultation under date the 8th November 1842

The Most Honorable the Governor in Council proceeds to pass Orders on the letter from the Honorable Court of Directors in this department dated 17th August 1842 No. 22.

Ordered, that a Copy of this Dispatch be furnished to the Board of Revenue and they desired, in communicating the same to the Rajah of Coombla through the

Principal

Principal Collector of Canara, to instruct that Officer to adjust the Rajah's claim in the manner indicated by the Honorable Court of Directors by the requisite addition to his pension.—

Our Governor in Council at Fort St. George.

Letter dated 14th July No. 2/1841. Para 18 — 3d Dec. (No. 44) Para 19 Secretary's letter dated 18th March (No. 22/1842 Transmitting further proceedings relative to the Claim of the Rajah of Coombla to the full revenue of five Villages in Canara, and also a Memorial from the Rajah on the Subject.—

Para 1.

In our dispatch dated the 15th July (No. 6/1841. paras 37 & 39 we authorized you to acknowledge and confirm the grant of the five Villages to the Rajah of Coombla which had been made by Captain Dunn in 1784. It was clearly not our intention by these words to confer on the Rajah any advantages in addition to those which were specified in the grant itself, and it therefore becomes necessary to ascertain whether under that instrument the whole or only a fifth share of the revenues of the Villages in question was conveyed to his ancestor.

2 That the entire revenues of

of the Villages were not to be enjoyed by the Rajah is manifest from the language of the grant, which, after stating that the Villages were solicited by the Rajah to be held "in addition to the Original Country held under fixed lease" declares that after certain expenses are discharged out of the ready Money and grain revenues the balance is to be paid into the Tellicherry Treasury.—

after discharging the expense of Fort of Silbandy &c. from the ready Money and grain Collections of your Villages you will pay the balance into the Tellicherry Treasury.—

3 We are therefore led to infer that it was intended that the five Villages in question should be held on the same terms as the rest of the Rajah's Estate, and that if they had been actually in his possession in 1804, when a pension, calculated at one fifth of the net revenues was assigned to him in lieu of his Lands, the revenues of these Villages would also have been included in the arrangement. It is also to be observed that the claim originally advanced by the Rajah was only to a fifth share of the revenue of the Villages.

4 you will accordingly permit the Rajah either to hold the Villages on these

these terms, or to receive an equivalent addition to his pension, which would in our opinion be the preferable mode.—

Sir,

I have the honor under instructions from the General Committee to acknowledge the receipt of Extract of Minutes of Consultation under date 10th August 1842 No. 986 forwarding Copy of an Extract from a General letter from the Honorable the Court of Directors on the subject of the introduction of the Phillipine Mulberry into the Peninsula of India.—

I am directed to state for the information of the Most Noble the Governor in Council that the Society is already in possession of the Phillipine Mulberry which is now growing very luxuriantly in the Garden, propagated from Cuttings presented to the Society by Mr. Groves of Chittore, as recorded in the subjoined Extract from the Annual Report of the Society at the close of the year 1841.

I am further directed by the

Fort St. George 17th November 1842

the General Committee to state that from their present Stock of the Phillipine Mulberry the Society had the satisfaction of distributing several hundred cuttings to enterprizing individuals on the Neilgherry Hills and in the Mysore Districts and would willingly distribute more to persons applying - as we have at the present moment several hundred cuttings to spare.-

I am requested by the General Committee to add, that should it be the object of Government to introduce this now much esteemed Mulberry extensively throughout the different districts under this Presidency suitable for its culture, the Society will gladly be instrumental in promoting so desirable an object to the extent of their limited means, but as the expences of the Garden already far exceed the amount of contributions from subscribers, the Committee fear they could not undertake to insure its extended culture without some pecuniary aid from Government, to enable them to meet the increased expences which would be incurred in preparing

the

Fort St. George 17th November 1842

the soil for the nurseries, watering, manuring, tending &c. Should such assistance be rendered the Committee pledge themselves to have in the course of April or May next Ten thousand cuttings fit for distribution to those whom Government may name. The Committee leave the Amount of donation to the liberality of Government. the present state of the Society's finances being so low that from its own resources they could not undertake to render the requisite assistance in generally establishing this important introduction.-

Extract from the annual Report of the Madras Agri-Horticultural Society for the year 1841.

"We have added to our list of Agricultural products the Phillipine Mulberry (Monis Multicaulis) a species so much prized for its extreme fineness of leaf a minute discription of which was published in our proceedings of 1839 Page 117. and it is due to Mr. Groves of Chittore

1148/40 Fort St. George 17th November 1842

Chittore to record that the Society is indebted solely to him for this new and valuable species the introduction of which has occupied the consideration of Government since July 1839. The Soil and climate of this place seems so well adapted for its culture we are induced to believe it will thrive in most parts of this Presidency. There is now a hedge row in the Societys Garden in fine growth the wood of which is nearly mature and we contemplate rearing an extensive supply (now in progress) for distribution. It is gratifying to the Society to have the prospect of thus becoming the medium of conferring on the County a tree so valuable as preeminently conducive to the improvement of Silk Manufacture in affording "the very best quality of food for the Silk worm."

From the Collr. of Rajahmundry

Sir

Para 1 I have the honor herewith to submit, for the consideration of the Board of Revenue, with reference to your letter of

D. 8th Ultimo No. 1 22d September last, copy of the letter addressed by me to the Court of Sudder Udalut respecting the registry of the

No. 2 Mulkapully Estate, and † Copy of an Extract from their Proceedings dated 26th Ultimo, and beg leave to recommend, that the case should be submitted for the orders of Government.-

2 It will be seen from the

Vide No. 3 P. 19th Ultimo. accompanying † Copy and translation of an argee to my address from the Proprietors of Mulkapilly that she has already done all in her power to conform to the forms of the Court of Sudder Udalut, from which it never was my wish that any deviation should take place By Regulation V of 1802 Section X Clauses V

and

Fort St. George 17th November 1842

and VI it is provided that a Decree of a Provincial Court may be appealed from, within three months from the date of the delivery of the Decree to the parties. In the present instance the order of Decree and the Order to execute both issued from the Provincial Court on 1st August 1842. Consequently no time was allowed for an appeal in a formal manner. If in this manner an informality has taken place in the lower Court, the correction of it cannot be considered an informality in the higher Court, and has nothing to do with the merits of the Case. all that is necessary is that the order of execution of the Provincial Court should be staid until the Proprietor of Mulkapillay has been allowed the prescribed time for bringing her appeal in form before the Court of Sudder Udalut. and until this is done, I do not think that Government could properly authorize the registry of this Estate.—

Extract from the Proceedings of the Sudr Mdalut under date the 24th October 1842.——

Read letter from the Collector of Rajahmundry under date the 8th instant submitting with the sanction of the Board of Revenue for the consideration of the Court of Sudr Mdalut Copies of Correspondence respecting the Registry of the Mukhasilly Estate in the joint names of Rodoory Survamah and Cauroomoory Sautiah.——

1 The subject of the above communication appears to the Judges of the Court

Court of Fouzdaree Mdalut to be a Civil dispute in which certain facts are asserted and denied, and the Courts below are fully competent to deal with them the case therefore cannot come before the Court of Sudr Mdalut except at the instance of a party interested and then only in the formal way.——

2 It has been the invariable practice of the Court of Sudr Mdalut not to pass Judgment in any case which is not regularly and Judicially brought before them and they cannot on the present occasion depart from the observance of so necessary a rule.——

Ordered that Copy of the above Proceedings be forwarded to the Collector of Rajahmundry for his information and guidance.——

Proceedings

Relative to the Management of the Government Estates in the district of Masulipatam for Fusly 1250

2nd & 3rd Oct. & 2nd November 1842

Read again the Report of the Collector of Masulipatam on the Settlement of the Government Estates in that District for Fusly 1250 A.D. 1840-41

Para 1. This report was drawn up by the late Collector Mr. Grant, and having been allowed to remain in the same state by the Officers temporarily in charge of the District since his death, was signed and dispatched by the present Collector on his taking charge.

2 The Government Estates in Masulipatam are few and small; there are only two Moottahs and four single Villages, the whole comprising 17 Villages. The plan of settlement still pursued is that in use in the Zemindary Villages generally; the Revenue of the wet land, and of some of the dry Crops consists in a share of the actual produce; the Garden land and some of the dry Crops bear a money

assessment

assessment a survey and assessment of the Ryotapilly have been completed, and the report and accounts are under the consideration of the Board.

commenced well, but subsequent failure both arrested the progress of Cultivation, and very much lessened the produce — The price of Grain at the same time, was kept at the low standard of Fusly 1249 by large importation of Grain from Arracan — The result of these combined Causes is exhibited in a falling off in the Items of Revenue strictly from the land, to the extent of more than two thirds, as shewn in the Subjained Statement —

The

4 The causes assigned for this large falling off do not appear to the Board fully satisfactory making every allowance for failures of produce from want of water, they cannot but think that advantage was taken of that plea to bring into play more largely even than usual, those frauds for which such facilities are afforded by the system of a division of the Crops when they observe that the average produce per Cutty of land was 10-7-41 of Grain in Fusly 1249 and 3-11-16 in Fusly 1250. It would have been desirable also to have had some more particular information as to the import of arracan grain for at present it appears odd that the importation was so unusually large when the low prices held out so little inducement to the speculation; unless the grain is brought as ballast a return cargo of Salt being taken from the Ports of Rajahmundry or Nellore. But the Board will be glad

glad to have some more particular information as to this trade.

5 The ready Money Collections fell off in the year under review very largely; many of the Items being dependent on the extent of Cultivation or quantity of produce. This part of the report needs no further notice than merely to point out to the Collector that some of the Items entered among the ready Money Collections would more properly be included under other heads of Revenue "Fines and Forfeitures" should be brought to account as swayee Summa or Extra Revenue. The Sist on Cowle lands is strictly an Item of Iyen land Revenue Maraumut Sist or the moiety of Maraumut outlay recovered from the Villagers is not an Item of Revenue but a recovery of advances and should be kept as a separate Item of account in the same manner as Tuccavy. Tax on Indigo Dye works is a Motorpha tax and so is also that on Monatties, unless it be only another form of land

Tax, (like the assessment on Roughs and hoes in some localities) in which latter case it should be brought to account with the land Revenue. The Collector will be so pleased to pay attention to these observations in future years.—

Para 20

6 The amount of the Kytawilly settlement has been realized; but there is a balance of 627-9-10 in the other Villages and Moottahs. It is stated that the Collection of the "maraumut nisf" will liquidate this balance; but the amount due under that head is only +328-13-5½ not 657-10-11 as here erroneously set down. The inclusion of the maraumut nisf in the settlement falsifies the statement of the Bariz in Para 4 and the Comparative statement in Para 21. The real decrease of the settlement of all sources of Revenue for

for 1250 below 1249 after deducting the maraumut nisf in both cases is 10403-6-6. The report contains no mention

mention of arrears; but the Board observe from the Demand. Collection and Balance Statement last received (up to September 30th 1842) that there is a sum of 226-10-11 outstanding against Pedonah Peddapatnum and Madaca for Fuslies 1248 A.D. 1838-39 and 1249 1839-40. The Collector is requested to investigate these balances and notice them in his Report for Fusly 1250 A.D. 1841-42.

7 Among the Items of deductions the Board observe one entitled "Land Cultivated with Pumpkins and Gogoloo." They do not find this Item brought to account in any other form, and they request the Collector to inform them whether this species of Cultivation is totally free from assessment, and if so for what reason and under what circumstances.—

8 In concluding these Proceedings the Board wish to point out to the Collector that his annual Report should Comprehend not merely the Government lands, but also the Zemindaries and

and Estates in possession of the Proprietors shewing the demand against them, distinguishing what Estates have discharged the Peishcush in full, what have paid larger or smaller portions of it, and against what strong measures are requisite, and detailing the particulars of the arrears Separate reports are furnished of the Estates of Minors and those under attachment or Management, and the Board would thus have before them a review of the Condition and resources of all the lands and Estates in the District Mr. Porter will be pleased to furnish such a report as is above indicated for Fusly 1251. ——

9 The Reports for Fusly 1250 having been so long delayed that on the Estates under attachment having not yet been received) the Board may here express a hope that Mr. Porter will use his endeavours to prepare and submit those for

Fusly

Fusly 1251 at as early a period as he can make practicable. ——

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government, and a transcript of the same be forwarded to the Collector of Masulipatam for his information and guidance.

The Board of Revenue sanction the acceptance of the offers for the town duty on Betel, — Tobacco, Ganja and Bhang and — transit duty on Betel exhibited in the Statements furnished by Mr. Stokes with the foregoing letter.—

Town duty on Betel Vea. in Fusly 1251	4,130	— —
Do. Do. for Fusly 1252	4,302	5 —
Net Increase	172	5 —
Transit duty on Betel for Fusly 1251	1,005	11 — 1
Do. Do. for Fusly 1252	934	4 —
Net Decrease	71	7 — 1

It is seen that there is a Net increase in the rents under the first head of Rupees 172-5-— and a net decrease of Rupees 71-7-1- under the last. The Collector is requested to explain how it occurred that the acceptance of these offers was so long delayed, and how these duties have been managed during the portion of the Fusly already past.—

From the Collector of Chingleput - - - Submitting the further in=formation called for regarding the suit filed by Masthial Naik.

Para 1. I have the honor to acknowledge the receipt of your letter of the 5th Sep=tember requesting information on certain points relative to the suit filed by Masthial Naick of Peroovaukum and with reference to the 2d Para to state that the land for which the Plain=tiff obtained a Cowle was not so thickly = covered with Jungle as to preclude its mea=surement - It had been formerly measured, numbered, classed and assessed in Fasly = 1215 during the field survey Assessment in North Arcot (from which District the Village was transferred) and was also remeasured by the Palook Servants under the orders of the Tahsildar in the begin=ning of last year, when the Area entered in the Pucka Accounts was found correct - There is therefore no reason to doubt the accuracy of the entries in the Public = Accounts in regard to the extent of each of the fields, or Statums in question - The Area within the limits specified in the Durkast, submitted by the Plaintiff comprizes

comprizes no less than 11 entire fields extending to 118-9 as 3/8 inclusive of certain maniems, but the three Statums which the Plaintiff pointed out to the Tahsildar were found to contain only 53-13 as 1/2 and for which the Cowle was granted Durkasts for waste land are generally written so very undefinedly that previous to the granting of Cowles the lands required are personally pointed out by the Durkastdars (as was done in this case) to the Tahsildar or some person deputed by him. The Board will also observe that the Plaintiff does not urge that the additional land claimed by him is included in the three fields in question for which a Cowle was granted, but only that it is included in the area mentioned in his Durkast. In that Durkast the Plaintiff applied only for about 50 Cawnies and when the Tahsildar first proceeded to report upon his Durkast selected the 3 fields comprizing 53 Cawnies.

2 In the Cowle given to the Plaintiff the number and extent of the fields with the amount of Teerva payable thereon are entered, but it has not been usual to define the boundaries of surveyed

surveyed lands in Cowles and although the land was not remeasured when it was pointed out by the Plaintiff, it was so when the dispute arose between him and the Grasmuttars.

3 Agreeably to the Board's desire, I beg to submit Copies and translations of the Plaintiff's Durkast, the Cowle granted to him, and the Puttahs for Fusles 1249 and 1250, and the Tahsildars Urzee of date the 25th. August and also the Takeed issued under date the 16th. October 1841, which will shew that the Plaintiff's claim for the additional land was rejected by me. some further correspondence is also submitted.

4 Adverting to the query contained in the 4th. Para of your letter, it appeared from an enquiry instituted by me that the Plaintiff during Fusly 1251. cultivated 2 cs 14 as 1/2 with Raghy and 8-9 cs as 1/2 with horse Grain on land not forming part of the tract given to him on Cowle, and that he realized the produce on the former but that the latter cultivation totally failed by neglect during the dispute. situated close to the Plaintiffs. But even had it been otherwise the Plaintiff should not have cultivated in Fusly 1250 land that he had been told in the previous year was not included in his Cowle and which had been ordered to be given over to the Meerasdars.

5 The Villagers originally objected to the grant of the Cowle to the Plaintiff when the Tahsildar repaired to the spot to examine the land, but their objection was then overruled the waste lands in the Village being so extensive and it being then usual to grant unadi waste lands to the persons first applying for them.

The facts of the Case shortly are, that the Plaintiff at first only pointed out the 33 cawnies to the Tahsildar, but subsequently through the connivance of an ex. curnum, who has a share in the Cowle, he endeavoured to appropriate the whole of the lands within the limits originally mentioned in the Durkast and by some means induced the Tahsildar, who throughout has been greatly to blame to endeavour to forward their views.

Translation of a Durkast addressed by Maddayanum Mootteal Naik inhabitant of Perea Cunchi to Arthur Freese Esqr Collector of Chingleput Dated 1st July 1839.

In the Village of Seroovaukum in the Conjeveram Talook there is a tract of immemorial waste land over grown with jungle, situated on the east of the Cauttoputtoo yeary on the North of Manupellum, on the west of the burial ground and on the south of Sooddala Tangle and Casaven Tope. The tract in question including Nungey and Punjey will be about 50 Cawnies in extent. On account of the removing the jungle and levelling the ground by means of tank diggers and forming the same into squares and cultivating it, I request I may be favored with a cowle according to the provisions of clause 9 of the Cowlenamah published in 1835, subject to the undermentioned terms namely, rent free for the 1st year 1/4 Seerwa for the 2nd 1/2 for the

the 3d 3/4 for the 4th and a full survey Teerwa from the 5th. As the first Applicant I further request that an order may be sent to the Tahsildar directing immediately on the receipt of the order, to give me permission to commence my operations. and prepare a Cowle for the land according to the measurement and submit the same for being signed and sealed, and I will according to the terms of it cultivate the land and pay the Teerwa.

Translation of an Urzee No. 50 from Streenevassa Row Tahsildar of Conjevaram. Dated 31st July 1839.

I have been favored with your Endorsement No. 704 dated the 10th Instant, forwarding a Durkast presented by one Muddeyanum Mootteal Naik residing at Perea Cunchi requesting a Cowle to bring into cultivation about 50 Cawnies of anadi waste Nunjey and Punjey lands situated in the Village of Seravaukum in the Conjevaram Talook and in accordance with the instructions therein conveyed I

proceeded to the above Village and attended by the Gramattars and Curnum inspected the lands comprized within the boundaries pointed out by the Durkastdar and which I found to consist of Punjey Porumboke land requiring considerable labour to clear, level and cultivate, it having been waste ever since the war, but the Gramattars have at the same time objected to the Cowle being issued for it in the name of Mootteal Naik promising to cultivate it themselves. The whole tract is classed as Punjey, but has in the middle an old Tongle in bad repair, by which if repaired some Nunjey cultivation might be effected. The Gramattars further submit that in the event of this Tongle being repaired at the expense of the Circar they wish the land to remain in their own possession. Considering the length of time the land remained waste, I have prepared a Cowle for the said land amounting as to 53-13½ cs as in the name of Mootteal Naik according to the terms provided for in the

I.

Translation of an Urzee No. 103 addressed by Streenevasa Row Sahsildar of the Conjeveram Talook to Arthur Freese Esqre. Collector of Chingleput dated 25th August 1841.-

The Takeed No. 542 dated 30th March giving cover to a Durkast presented by Kistnyagar of Veroovankum, attached to the above Talook for cultivating 30 Cawnies of immemorial waste land situated in the above Village, and a Takeed No. 603 dated 3rd May directing me to make over to Moottial Naik the lands entered in the Cowle, and the remainder to the inhabitants to be cultivated by themselves, and to report upon the result together with the two Urzees presented by the parties in the above case bearing Endorsements Nos. 3441 and 4742 and dated 10th March and 31st May respectively have been received by me. In obedience thereto I have issued instructions to the Zillahdar and the Curnum to measure the lands lying within the boundaries described in Moottial Naik's Cowle and arrange them into numbers according to the Pucka Chitta in the Curnum's possession

posession there being no Cucha Chitta for the Village. Accordingly they fixed the boundaries and on measuring, found the entire area to contain 118 and odd Cawnies in 11 numbers as per accompanying Statement. Of these numbers Nos. 176–177 and 39, measuring 53 and odd Cawnies are entered in the Cowle. Aroonachella Pillay the Cumsum states that though the remaining numbers are not entered in the Cowle, nor distinctly marked, owing to the absence of the Cucha Chittah, yet as they were included within the boundaries specified in Moottial Naik's Durkast, he cultivated 10 Cawnies Nos. 178 and 179, and 6 Cawnies in Nos. 40 and 41 during Fusties 1249 and 1250: he also cleared the jungle and cultivated the whole of the 118 and odd Cawnies mentioned in his Cowle, and holds the same in his posession; that as far as his Knowledge extends none of the inhabitants ever cleared any part of the wood or cultivated even a Goontah of the land before the land was given to Moottial Naik on Cowle, that Nos. 180–181–182 and 183 in the above 11 Numbers were

were supposed to be Manniems, but that during the Survey in the year Khodana, when the Village was subject to the Chittoor District, the Manniem lands were ascertained to be situated on the North of Moottial Naik's Durkast lands, near the limits of Cattoosputty in a square of 10½ Cawnies and that the boundary stone is there fixed.

The witnesses Taliar Condan and Ponnairian Totty deposed that the lands included in Moottial Naik's Durkast were never as far as they can recollect cultivated by any of the inhabitants nor was the wood cut by them, and that the 10½ Cawnies of Manniem, said to be in the above tract, are situated in the limits of Cattosputty, and that they were told so by their Ancestors.

Vencatasa Ypamany and Angoolos corroborated the above statement and also stated that after Moottial Naik tendered the Durkast the Meras dars ploughed a piece of waste land on the North of Soodalaytangle and sowed it, but that the seed did not sprout;

that

that Moottial Naik then reported the circumstance to the Talook and obtained orders to cultivate the whole himself, and that Moottial Naik alone cleared the jungle in the said Durkast lands.

The land for which Kistnyengar tendered a Durkast in March last forms a portion of the 118 and odd Cawnies, included within the boundaries described in Moottial Naik's Cowle, the Mirasdars object to Moottial Naik's occupying more that the 53 and odd Cawnies of land specified in his Cowle, and offer to cultivate the remaining lands themselves; they also addressed an Urzee to that effect.

Owing to the absence of the Cutcha Chittah the particular boundaries of each field are as yet not distinctly known. In consequence of the disputes between the parties I endeavoured to ascertain the boundaries of each Cawney with reference to the Pucka Chitta and the result is shewn in the accompanying Statement. When the Cowle was given to Moottial Naik the land was divided

divided into three numbers on a rough guess. when on a tour of inspection in 1249 Moottial Naik requested a Cowle for the remaining lands lying within the boundaries mentioned in his Cowle to be given to him, but he was ordered by me to wait until the Cutcha Chitta was received. Moottial Naik himself cleared the jungle with which his Cowle lands were covered and the inhabitants never cultivated or offered to cultivate any part of the said lands before they were given to Moottial Naik but as a new Tongle has now been constructed in the above Village as per Takeed No. 133 for the irrigation of the lands which Moottial Naik offered to cultivate the inhabitants from motives of jealousy propose to carry on the cultivation of the remanning lands not entered in his Cowle. The objections started by the inhabitants appear unreasonable. Whether Nos. 180–181–182 and 183 are Manniem or not is not yet ascertained and I therefore omitted those numbers and prepared a separate Cowle for the 4 numbers mentioned in the Margin and beg to send the

Translation of a Sakeed No. 141 to Streenevasa Row Tahsildar of Conjeeram dated 9th September 1841.

In your Urzee No. 103 dated the

the 25th Ultimo reporting on the application of Kistnyengar and others of Leroovankum for the grant of a Cowle for 30 Cawnies of waste land in that Village you state that the area mentioned in Moottial Naik's Durkast comprizes Cs 118 — As 9 5/8 but that owing to the want of the Cutcha Chitta Account a cowle for 3 numbers or fields which were supposed to contain Cs 53 — As 13 1/2 was granted to him, and that he had since that period not only claimed another cowle for the remaining land, but had likewise during Fuslies 1249 and 1250 cultivated out of the same about 16 Cawnies in parts of 4 separate fields Viz. 40. 41. 178 and 179. and that a Cowle should therefore be granted to him for the remaining Cs 54 — As 3/4 exclusive of the portion stated to be disputed Mauniem. In first reporting† upon the Durkast of Moottial Naik you merely submitted a Cowle in his favor for Cs 53 — As 13 1/2 being the extent of 3 fields in which you stated he had pointed out to you within the limits specified in his application but you did not allude to any

† Vide Urzee No. 50 dated 31st July 1841.

any additional land, nor did you state that Moottial Naik asked a further Cowle for it, or that the document could not be prepared through the absence of the Cutch Chittah account.—

In the same Urzee you also brought to notice the objections of the Gramcuttars to the issuing of a Cowle to Moottial Naik for the 53 and odd Cawnies which they had offered to cultivate themselves. In your report on one of their complaints

10th April 1841 No. 520.

No. 3441 subsequent to this Cowle being granted to Moottial Naik notwithstanding the objections of the Gramcuttars who also repeatedly complained that they were still hindered by the that individual from cultivating the remaining portion of the waste on the plea that it was included in his cowle; no mention was made by you of Moottial Naik having either cleared or ploughed any portion of the land not inclued in his cowle but you only stated that in order to ascertain what particular land

land the Gramuttars had requested that it was necessary to obtain the Cutcha Chittah account from the Canverepauk Talook, and when it was ascertained that that document was not forthcoming you were directed by Takeed No. 603 under date the 3rd May last to point out to the Gramuttars the different lands not included in Moottial Naik's cowle, and permit them to proceed with their cultivation on them. On reference to the copy of the Dustuck issued by you to Peon Venkatasawmy Naik on the receipt of the above order and which was produced to me by Strenevasaragavacharry, it seems you then intended making over those lands to the Gramuttars but you now state after the lapse of 2 years, since the cowle was granted to Moottial Naik, that he had cleared and cultivated 16 Cawnies of additional land on the grounds of its being included within the limits of his former Durkast which is most unsatisfactory and regarding which you are required to submit full explanation.—

If

Fort St. George, 17th November 1842.

If Moottial Naik had cultivated as above stated 16 Cawnies in Nos. 40.41.178 and 179 during Fusles 1249 and 1250 why were not those lands, they not forming a portion of his cowle entered in the Irumabundy Chittah of those years? again you have now submitted a Durkast dated as so far back as 25th May 1840, stated to have been presented to you by Moottial Naik for the cultivation of the additional lands. This document Stheneravaragavachary states to have been presented to you only in last Month a fictitious date being entered in it, and great doubts as to its authenticity exists, more especially as it does not bear the date on which it was received by you. You will therefore submit the real circumstances relative to this point, as well as the reason of you not having noticed it in your former Urzees, and as it is necessary to have your explanation before determining by whom the lands should be cultivated and for which this is the proper season,

Translation of an Urzee No. 157 addressed by Streenevasa Rao Sahsildar of Conjeeveram to A. Freese Esqre. Collector of the Zillah of Chingleput Dated 16th September 1841.

The Enayetnamah No. 141 dated the 9th ordering me to report on certain circumstances connected with Moottial Naik's Durkast lands in the Village of Serovauttum, has been received on the 12th Instant, and I beg to state in reply that Moottial Naik tendered a Durkast to cultivate a tract of immemorial waste land lying within certain boundaries (which he pointed out) and which were covered with Jungle. I proceeded to inspect the spot, when the Meerasidars objected to the cowle being given, but they never cultivated any portion of the said land before that time.

Owing to the absence of the Cutch Chitta accounts the boundaries of each field of the above tract were not

1492[illegible]8 Fort St. George, 17th November 1842.

not defined, nor was the land given to on Moottiah Naik upon measurement. But as the Curnams stated on a guess, that the whole land comprized 3 numbers, a cowle was prepared accordingly. When the inhabit= =ants objected to it during the Summahbundy of Fusly 1249. they were told that the land would be inspected after the Cutch Chitta Accounts were received. Upon ascertaining that no Cutcha Chitta accounts existed for the Village, the land was measured and the boundaries fixed with reference to Pucki Chitta accounts.

The 16 Cawnies of land which were cultivated on portion of different numbers in Fusslies 1249 and 1250 were entered in the Cultivation accounts of those Fusslies, as parts of the Cowle land, and although the particular numbers have now been ascertained upon mea= =surement, they were not wilfully omit= =ted in the accounts.

On Moottiah Naik's giving a Durkast to cultivate the said lands a Cararnamah was taken from him, and a Tongle was constructed through his

means

1492[illegible]9 Fort St. George, 17th November 1842.-

means as per Order No. 133 dated 20th May and entered in last year's Varamut Esti= =mates. The Merasdars never sent a single mare to assist either in beating, slaping or turfing the bank of the Tongle. Moottiah Naik got these works done at his own ex= =pense by means of his Poyacaries. The inha= =bitants ought to have made objections at the time but they did not do so.-

If the whole of the lands includ= =ed in the boundaries specified in Moottiah Naik's Cowle, were given to him, he might then be held responsible for converting to Nunjey all such lands as are suited for the purpose according to the Cararna= =mah executed by him, but if only the 53 and odd Cawnies entered in the Cowle were given to him, he will not only be released from his responsibility (as the whole of that extent is not fit for Nunjey) but there will also be roome for frequent disputes between the parties for the water of the Tongle.

Had the inhabitants any desire to cultivate the said lands they would have done so, or formed a Tongle

for

for that purpose before Moottial Naick tendered his Durkast, on the contrary they have left waste a portion of their shigal lands every year, as hereunder shewn. Their request therefore to be allowed to cultivate the said Anady waste after another person had offered to do so and formed a Tongle for that purpose is unreasonable.

Moottial Naik has not presented to me an antedated Urzee, nor did I receive it knowingly as such. The omission of noting the date on which it was received was an oversight. In the Urzee addressed upon enquiry by Veeraraguvier Talook Maistry under date the 15th March 1841 he entered 103 Cawnies

Cawnies. a reference to the above and to in Takeed No. 133 will convince you of the truth of the foregoing circumstances.-

In regard to the sending of the Peon with a Dustuck relative to the lands as noticed in the Takeed under reply, I would state that upon the receipt of the Meerasdar's Urzees, and Hoozoor Takeeds as well as Moottial Naik's Durkast, I addressed an Urzee to the Hoozoor regarding the Cutcha Chitta accounts, and also sent a Peon with Dustuck to inspect in what part of the Village, which comprizes 280 and odd Cawnies of Punjey Anady Laik, the Durkast lands were situated, and to fix the limits of the same, It appears Moottial Naik sowed 80 Cawnies out of his own Cowle lands up to this date.

Translation of a Takeed No. 215 issued to Streenevas Row Tahsildar of Conjeeveram dated 16th October 1841.

Your Urzee No. 157 dated the 16th Ultimo has been received, but the replies you have submitted to the several points adverted to in the Takeed No. 141 to which it is an answer are far from satisfactory. Although Moottial Naik stated that the tract of land within the limits described in his original Durkast comprized more land than 50 Cawnies

you

Fort St. George, 17th November 1842.

you did not allude to that circumstance in your Urzee No. 50 under date the 31st July 1839, nor did you state that Moottial Naik requested a Cowle for the additional land, nor that you felt any inconvenience in preparing a Cowle for it though the want of the Pymash Accounts, but you submitted a Cowle for 53 and odd Cawnies of land which you stated were conpointed out to you by Moottial Naik personally when you repaired to the spot for the purpose of inspecting the land together with the Meerasdars, who objected to the lands being given to that person. In your subsequent Urzee No. 520 of the 10th April 1841 the subject of granting a second Cowle to Moottial Naik was not mentioned. The plea you have now urged that you omitted to enter the 16 Cawnies cultivated by Moottial Naik on the other lands during Fusslies 1249 and 1250 in the Cultivation Accounts of those years under the erroneous supposition that they were included in the Cowle lands is incredible. Moottial Naik states in his own Urzee to the Hoozoor that he has cut Jungle and levelled the ground on a portion of the lands in question but as he has no right to any land besides his Cowle land, and as Streenevasaragavah Charry the Meerasdar has executed a Cararnamah binding himself to cultivate them, namely the 648 odd Cawnies remaining after those given to Moottial Naik, and to pay the full Teerwa payable thereon you will accordingly make over the same to the said Streenevasarangavacharry and others and have the Cultivation &c. Accounts relating thereto prepared in their names and receive the Teerwa from them.

As the Shopkeepers in question have no license to sell Spirits of any description, the question asked by Mr. Hall must I imagine be answered in the Negative.

2. A further question has arisen requiring the decision of the Board, Viz. whether the sale of foreign spirits in general is included in Mr. Turner's Contract, as Abkarry Renter. Former Renters have not considered Brandy and Gin to be included in the Rent, but the question was probably not mooted partly as the price of these spirits was higher than the consumers of Spirits in general could pay. It is understood however that Colombo Arrack is now more or less.

Submitting copy of a letter from the Acting Sub Collr. at Arcot as to whether the Shopkeepers in Ranneepet are prohibited from selling Brandy & Gin to the European Gentlemen residing there.

Para 1. I have the honor to submit for the consideration and orders of the Board the accompanying Copy of a letter from the Acting Sub Collector dated 7th November 1842 requesting to be informed "whether the Shopkeepers "in Ranneepet are prohibited from selling "Brandy and Gin to the European Gentlemen "residing there". 2- A further question has arisen requiring the decision of the Board, Viz. whether the sale of foreign spirits in general is included in Mr. Turner's Contract as Abkarry Renter - Former Renter's have not considered Brandy and Gin to be included in the Rent, but the question was probably not mooted partly as the price of these spirits was higher than the consumers of Spirits in general could pay - It is understood however that Colombo Arrack is now more or less-

less consumed in preference to country manufac-
tured spirits and it would be impracticable therefore to exclude from the Rent this description of Spirits. The Moochilka taken from Mr. Turner for the current Fusly is for the "Abkarry and Toddy" the wording is general and as Colombo Arrack now enters into the consumption and as the Rent for the Current Fusly is very high, Mr. Turner's Contract must probably be considered to include Foreign Spirits of every description.

3. Should the Board decide otherwise, the sale of foreign Spirits, Colombo Arrack excepted, must be rented separately but this measure would appear inexpedient during the current Fusly under the circumstances stated, and particularly as it will interfere with the sales of the Government Renter, who appears to experience more or less difficulty in detecting the sale by unlicensed Venders. With a license there will be no difficulty in throwing into the market diluted and mixed Spirits so as to bring them within the reach of the ordinary Consumer.

Sir,

Para 1. I have the honor to request that you will inform me whether the Shopkeepers in Ranepet are prohibited from selling Brandy and Gin to the European Gentlemen residing there, and if they are not, under what restrictions the sale is permitted.

2. Mr. Turner's, the Abkarry Renter, on the strength of his alleged sole right to sell foreign Spirituous liquors is in the habit of stopping all persons carrying liquor, and a few days ago detained the servant of an Officer of H. M. 25th Regiment when carrying a bottle of Brandy from Mr. Potter's Shop to his masters house.

3. A considerable quantity of Foreign Spirituous liquor is required for the Canteen of H. M. 15th Regiment at Arcot, for which Mr. Samuel Potter is contractor. All spirits sent there from his Shop are accompanied by a pass from the Staff Officer, but as all licenses have been withdrawn from

from the Shopkeepers at Arcot the liquor is of course liable to be seized on its transmit — from Madras, even should he be able to obtain a permit for it there.—

Sec.y V. Reg.y I of 1842

27-28

The Regulations under which the Abkarry duties are rented out, authorizes the comprehension of the exclusive sale of foreign spirits among the privileges to be so rented out; but whether it is included or not in the rent of North Arcot is a question depending on the wording of the Cowle and the practice of the District, which the Board have not information to decide. However that may be, the Board concur with the Collector that no innovation should take place during the term of the lease now current. Previously to forming engagements for the approaching Fusly. Mr. Goldingham should consider whether it will.

will be better to rent the manufacture and sale of country spirits and fermented liquors, and the sale of foreign spirits, jointly or separately, and submit his opinion for the orders of the Board. During the current Fusly he will give such orders on the matter as to him may seem best.—

Letter to Collector Nov.r 9th.—

2nd — With regard to the question proposed by the Acting Sub Collector there can be no doubt that Regulation I of 1820 was intended to refer to the ordinary consumption of the country, and was not designed to restrict European residents to the officers of Government or the Abkarry renters for their supplies of Wines or Spirits

Sept.r 21 1835.—

Under this view the Board have determined that it is competent to a Collector to grant licenses for a retail trade of the nature proposed only taking due precautions that the rights of the Abkarry renters should not be infringed. They have also expressed an opinion that the provisions of Section XXIII and XXIV Regulation VII of 1821, though no longer in force as law,

should

14940 Fort St. George 17th November 1842

should be taken as a guide in issuing such licenses. If the Collector therefore considers that a shop for the sale of wine and spirits is required at Ranee pet for the convenience of the European residents, he is authorized to grant a license accordingly. In addition to the stipulations specified in the latter of the two sections above referred to, the license may restrict the party to the sale of any particular species of liquor that the Collector may think proper and of such species to European gentry only.-

x Sec. XXV. Reg. VI of 1821.-

3. A dealer thus authorized should not be permitted to bring liquor from the Presidency or elsewhere, except after notice given to the Collector and permission obtained from him, and its arrival should be duly notified. This will aid the Collector in preventing illicit sale. The existing rules regarding permits to be granted at the place whence the liquor is brought will also be observed.-

Most Humbly Sheweth:—

That your Petitioner,

2. That your Petitioner served the Honorable Company for upwards of 13 years. That he rose from a Talook Goomastā and after serving in the grades of Talook Sheristadar and Hoozoor Moonshy attained the rank of a

a Tahsildar from which situation he had been dismissed upon the machinations of certain Individuals who bore inveterate enmity towards your Petitioner, and whose object it was to do him all injury and to entail on him all direr distresses.

3. A person by the name of a Mudaly Gourah, who is a chetty of the left hand caste, and the Head likewise of the Pully caste people residing in the neighbourhood of the Wanaloor Talook and also a Manager of his own Village; together with another person named Nullah Gourah, second to him in the caste, having combined together and with the assistance of Thirteen other persons of their own caste, assumed in the Pagoda of Bhadra Kully in the Village of Mackary and after conspiring together arranged and fabricated Charges against your Petitioner to the intent that he (Petitioner) during the yearly Dittum time in Fusly 1250, asked and obtained from them sums of money as bribe, and to better effect their evil designs, formed into themselves parties to

to come forward against your Petitioner. One of them personated as Complainant and another as witness and reserving again the Complainant as a witness of another and the witness of one case to be the complainant in another, thus forming a combination. Their labour ended in a complaint which they preferred in an Address to the Principal Collector containing 13 charges, and forwarded the same by the Talook Post. Whereupon your Petitioner was suspended from duty, and when the Principal Collector came on Jummabundy in Fusly 1251 and on the conclusion of the Settlement of the Talook and after the Ryots returned to their Villages, the several Managers who were in attendance, about 120 in number, on asking permission to return to their respective Villages, were ordered to do so, excepting those that had complaints to prefer against the Tahsildar. Upon this, the 13 Persons above mentioned remained, and the Principal Collector summoned the whole of the parties mentioned in the

the Complaint as being concerned in the 13 Charges. Of these 13 charges 3 only have been investigated by the Principal Collector and they were dismissed with fines on the accusers from no proofs being established. at this time Petitioner received a Bahaly Takeed, and the Principal Collector proceeded on in his Jummabundy towards Daramsooty. A Month afterwards, the Principal Collector directed the Head assistant to investigate into the other 10 remaining Charges which on being done and the Proceedings

Proceedings forwarded to the Hoozoor, Petitioner was again suspended from duty and ordered to attend at the Huzzoor, this command was attended to, and on his arrival the papers connected with the Head Assistants examination were reexamined by the Principal Collector, and of the 10 Charges, Eight were dismissed. these are of those brought forward by the notorious Audaly Gourah and Nullah Gourah, but unfortunately for your Petitioner, the other two Charges which were so well contrived by the same Two persons, opposed every effort, and strange to say, were so well brought forward, that Truth fell to the ground. The Principal Collector was constrained to do his duty, and a sum of 350 Rupees or double the amount that has been brought against Petitioner, was awarded as a fine. this followed with a Takeed for the dismissal of your poor

as the best judge, will be better
able to form a decision by a reference
to the proceedings of the
case which are in record in the
office of the Principal Collector
in the matter of the two cases,
which have risen in judgment
against Petitioner. It is
necessary also to state, that to
the best of his recollection,
that one of the two accusers
who have thus falsely charged
him, deposed, that a Consult-
=ation was held previous to
the Complaint was preferred,
and another averred that it
was not the case. Thus, a con-
=flicting evidence to betray
their own deeds got up in the
dark to bring forth in the
light.

5 The following is the
subject of the said two fabricated
charges

charges upon which your Petitioner
has been the sufferer, perhaps
for ever.-

First- Complainant Audaly
Gourah, charges Petitioner for
extorting or receiving 100 Rupees
for which, he names two Wit-
=nesses Viz^t.-

1st Rollandy Poojary.
2d Rotty Col Rar.

The first Witness in giving
evidence, deposed, that he also
gave 10 Rupees as Joint Manager
of the Village of the complai-
=nant, but the Complainant
denied and said, that he paid
the whole amount himself.-

The second Witness who
is entirely dependent on the
Complainant, must have depo-
=sed as he was directed or
instigated.-

Second.- Complainant Inullah
Gourah, charges Petitioner for
extorting, or receiving 75 Rupees,
for which, he names Three
Witnesses

Witnesses Vizt.-

First - Nunjah Gourah.
Second - Abey
Third - Ramalingiah.

The first Witness is a near relative of the Complainant who preferred this Charge, and was besides the complainant of one of the Charges, that was dismissed and altho he selected them one of his own Village Servants. As 1st Witness and another as 2d Witness who had money transactions with him, yet his endeavours to obtain his ends proved abortive and fruitless - and to prove his conspiring propensity, it is necessary to state, that this 1st Witness of this Charge, and Complainant of another was the Witness of a Charge of which another was a Complainant.

The Second Witness in his evidence, proves that he is under the patronage and support of the complainant how far he could depose with any truth and

and honesty in the Character of a Witness, is left to your Honorable Board to decide. The 3d Witness is the Burnum of the Village to which the 1st Witness is attached, and is besides the Goomasta of the Complainants Village Burnum.-

6. It is necessary to apprize your Honorable Board, that the 1st Complainant Audaly Gourah and father of the 2d Complainant Ganapatty Gourah (who was the Shrotahdar of a Village) have been notorious in annoying and bringing forward charges of a false nature against the former Tahsildar Syud Bahodeen, and two or three in the time of Mr. Orr and his Predecessors, similar to the case that has been brought against your Petitioner, but the said Tahsildars were not so unfortunate as your Petitioner.-

give a security for his future conduct. This was a sufficient cause for the said Siddanna Naike to mark your Petitioner, for Vengeance, for as soon as he entered his Village after being released by the Crimi=nal Court, he commenced to hatch a charge by way of revenging him=self and this is the very charge he preferred before the Principal Collector and which upon a regular Course of investigation was dismis=sed as void of proof- this circumstance tended only to add fuel to fire, =whereupon he joined the before =mentioned two accusers namely Audaly Gourah and Nullah Gourah, and formed a party though not in a public manner- The decision of the Principal Collector of this dismissed case, if called for will prove all he advanced.-

will be apparent to your Honorable Board by the following circumstances.-

On your Petitioner's removal from Soor to Wonaloor, he was informed, that a few days previously a Merchant of Calicut, while travelling thro the Talook, was robbed of a Pack of Cloth =in the Village of one of the Ma=nagars (Moottoocomara Gourah) one of the accusers against Petition=er in one of the cases that was dismissed- Petitioner having exerted his best endeavours in discovering the robbery, at length succeeded in his attempt in detecting the Stolen good in the house of one Siddanna Naicke, residing at =Devatthyputty situated in the Talook under your Petitioner's jurisdiction this property toge=ther with the said Siddanna =Naicke, were forwarded to the Criminal Court of Salem, he was afterwards released But =not without being obliged to =

give

the Davastanum Cuffer founds for the annual celebration of the festival, but in last year, when orders were received from the Government for the discontinuance of all interference of the European authorities in matters of Hindoo Worship, your Petitioner received orders from the Principal Collector not to make any disbursement from the Public funds for the said Festival, the said two complainants not believing it, directly represented the case to the Principal Collector, who ordered that the expenses of the celebration of the said Festival, should be obtained from the monies derived from offerings made to the said Deity hitherto collected by the Circar. This is another cause for Petitioner being maligned, and another

Circumstance

Fort St. George 17th November 1842.

circumstance is that the said complainant undertook to give for 28 Rupees the Arkary contract, which the Circar used to give out for 5 days during the Festival time. Upon representing the case to the Principal Collector, Petitioner was directed to send the Parties before him to the Kuzzoor, which was attended to.

10 Petitioner having ever had the interests of Government at heart, was ever watchful and on the alert in suppressing robberies in his Talook, and having heard that these complainants residing near the Cauvary River in the Jungle in his Talook, in conjunction with a few Korachawars, notorious for robbery, were in the habit of committing robberies upon travellers passing in that direction. Petitioner thereupon posted a Tanah on that spot with directions to be always watchful. This circumstance was another inducement to mark your Petitioner, as by the steps taken by him, obstructed their designs. It must be known to your

Honorable

Honorable Board, that the Salem District is notorious for gang Robberies committed by the Coarners, and nothing but the vigilance of the Police could suppress them - That your Petitioner was in the habit of being frequently out in his rounds to detect delingnency and other acts of a Criminal nature; and the Records of the Magistrate's Department will testify as to his exertions and activety to detect Robbers & for committal to the Crimi=nal Court - Thus far your Petitioner's vigilance in the Police Department. -

11. In the Revenue Depart=ment, the kists from the Cultivators were readily and duly Collected, notwithstanding the Frauds of the Managers by reporting that from some Ryots collections cannot be made from the plea of poverty and other circumstances - all arrears at the end of the Immumaikbundy have been brought to account this also will be proved by the records of the Principal Collector's Cutcherry. -

On

12. In the Sayer Department, equal exertion was used, and in the Revenue thereof, it will be proved, no=ne was sustained in the Talooks to which your Petitioner was attached.

13. In the Maramuth Depart=ment too, Petitioner was ever active for improvement; and the Roads in the Talooks have been kept in the best order. -

14. It is of the utmost=importance to remark to your Honorable Board, that while your Petitioner was opposed to all the Individuals who have now risen in judgment against him, how they could offer, or for your Petitioner to receive, sums of Money as bribes? and if so, why, after giving him, as they state, bribe, in the year 1840, complain against him in 1842? The Principal Collector between this time was twice on Immumaikbundy, and not a single individual came forward to accuse Petitioner, which was their duty to do. It is not the intention of your Petitioner to assert, that

any

Fort St.n George 17th November 1842.

any injustice has been shewn by the Principal Collector towards him further than by admitting the evidence of Witnesses known to bear enmity against him and who had connived to ruin him; but such has been his misfortune, that the evidence brought against him were so well got up, that the Principal Collector could not without keeping the above motives in view, but criminate him, but the whole of the said circumstances of your Petitioner's case being now laid before your Honorable Board, it is left to them to decide and your Petitioner therefore humbly and submissively implores, that the characteristic impartial judgment of your Honorable Board will be extended to him and induce your Honorable Board to restore him to his Character and Employment with the restoration of the Fine imposed on him, and your Petitioner is in duty bound-

Sir,

In reply to your letter of 27th ultimo, I have the honor to state that by gross neglect in the Department of this office, the usual Returns have not been forwarded since 20th May last.

The same quantity of Salt is still in store ready for shipment - The only reason ever given for the ships not applying at Marcanum for salt is, that it is more convenient to take it from Coulong -

3. Soon after I came into the District, I endeavoured to introduce the Manufacture of sugar and for this purpose sent to Trundi Droog for two people conversant in making it but on their arrival, they made so many difficulties, and appeared so little interested in the success of the attempt, I was reluctantly compelled to give up the idea without any effort having been made - A further consideration of the subject has satisfied me that the manufacture of sugar might be undertaken at an advanced stage, not only with success, but great profit by leaving the primitive, and more precarious process of extracting saccharine matter, to the cultivators and commencing with the raw materials or Jaggery as it is termed, the Candy of 500 lbs being sold for 10 Rupees which I conceive might be had at a much cheaper rate on the introduction of advances and extended dealings, and I consider the introduction of an Individual to take up the manufacture of sugar would be attended with the greatest advantage to the District --

Sir,

Para 1. I have the honor to submit the information called for in your letter of the 22d Ultimo with reference to the culture of Mauritius cane.

2. The species of sugar cane was introduced into this part of the Coimbatore District in 1839 partly through the agency of the Agri - Horticultural society at the Presidency, and partly from the canes purchased the following year at my own private expence through the kindness of Dr. Wight then at Madras --

The supply of ratoons received from the Society was very limitted not exceeding an hundred and fifty of which about two thirds only germinated - from these a small nursery has been formed

on

on a plot of ground belonging to the Devas-
-tanum of Caroor for the distribution of Cuttings
to such Ryots as are willing to try the cane-
The experiment has proved successful, and the
Mauritius cane is now growing in small detach-
-ed plots in six villages of Dharapooram - The
extent of land thus employed is 14¾ Cawnies -
assessed at Rupees 189-4-- and I have no hesita-
-tion in saying that its cultivation will in a few --
years entirely supersede that of the Country cane
in all the villages here abouts in which sugar is
at present grown.--

3-

The Mauritius cane is in every
way superior to the common cane of the Country -
it is more productive, a single cutting yields
on an average twenty fold which the Country --
cane scarce gives a return of ten or fifteen --
In size and height, it is double the common
cane and in saccharine juices it is --
equally superior - A Ryot of the Village of Cilla-

three years stated to me the result of --
his experiences of the capabilities of this
cane compared with the Country was --
that from twenty Mauritius canes passed

through

through the mill he obtained three Pukka --
measures of juice while from a similar num-
-ber of Country cane he could only get one Pukka
measure ---

Again the Mauritius cane
wants but little irrigation, and when once plan-
-ted, does not require renewal for many years.
In the Isle of France it is stated to last
eight years, and our experience here leads
us to expect the same result - But the --
Country cane wants much water and is only
an annual requiring a new planting every-
year- The natives are fully alive to the --
advantages of Cultivating the Mauritius --

Read the following letter from the Principal Collector of Canara, containing his report upon the Land Revenue Settlement in that District for Fusly 1250-
A.D. 1841/42.

43

Proceedings thereon, Para 1.

(Here enter No 63.)

Relative to the settlement of the Land Revenue in the District of Canara for fusly 1250-

The Season appears upon the whole, to have been favourable to all the staple productions of the District - the fall of rain, though scanty at the commencement of the Monsoon, having been altogether not below the average - The District is stated to have been generally healthy, with the exception of the Northern Talooks, which were visited for some Months with the Small Pox, and a Murrain among the Cattle --

Para 4-

2.

The export of Rice, the produce of the district, exceeded that of fusly 1249
A.D. 1839/40 by

Para 6-7- by 930 Corges - The Prices of Rice in the Talooks below the ghauts tho' they exhibit a decrease, as compared with those of Fusly 1249 / A.D. 1839-40 and --

Para 8- 1248 / 1838-39 in which they reached a very high — standard, were yet very little below the average of the five years immediately preceding the Fusly under review, and may be considered as having afforded a fair return to the Ryots - In the Price of supari per Candy there was a fall of Rupees 5-11-7/4 which was made up by the enhanced value -- of the two remaining staple products, Pepper and Cardamoms; the former of which exhibits a rise of 2-11-10¼ per Candy above the price realized in Fusly 1249, and the latter, an increase of price to the amount of Rupees 6-5-11 per Candy - The exports of Pepper exceeded those of Fusly 1249 by upwards of 807 Candies - but the exports of Supari, and Cardamoms fell short, by Candies 779-19-14 m th in the former, and 75-17 m in the latter --

Para 9-10

3.

The total amount of the Land revenue Settlement for Fusly 1250 as exhibited in the statement annexed to Para 14 of the Report under consideration was

Rupees

Fort St. George 17th. November 1842.

Rupees 1832.51 - 2 - 10 being Rupees 1200.6 - 5 - 10 in excess of the Settlement of fusly 1249 - The gross demand inclusive of small item of Quit rent (Rupees 101 - 14 - 9) was Rupees 183255 - 1 - 7 shewing an increase of Rupees 11919 - 13 - 7 - above the demand for Fusly 1249 the amount of which (inclusive of Rupees 188 - 7 - on account of Quit rent) was 1,82,0633 - 4 - - -

4. The particulars of the increase of Rupees 1200.6 - 5 - 10 noticed in the foregoing Para. as having been effected in the land revenue Settlement in Fusly 1250 are shewn in Para. 15 of the Principal Collectors report - and appear to be the result of deductions from the previous years settlement to the amount of Rupees 5795 - 8 - 11 and additions to the same to the extent of Rupees 17,801 - 14 - 9 - - -

5. The principal item of addition to the previous years settlement comprizes the amount to be added according to instalments in approximation to the Maximum berij which in the Fusly under review was Rupees 8,182 - 9 - 11 - A portion of that, amounting to Rupees 844 - 5 - 10 it was found necessary to postpone owing to the extent of land unavoidably left uncultivated

From the Statement annexed to Para 18, shewing the alterations which had been made in the classification of estates in Fusly 1250, it appears that the number of "Burty" estates, or estates which paid the full assessment has been increased by 825 - Causing an increase in the demand under that head of Rupees 36744 - 10 - - - on referring to the detail of these changes as shewn in Statement K forwarded by the Principal Collector the particulars are found to be as follows - -

14974 Fort St. George 17th November 1842.

From the above it will be observed that 208 wurghs which were classed and assessed as "Burty" and paid the full "Tarao Bariz" in Fusly 1249 have in Fusly 1250 been transferred to the Head of "Vaydah;" of these 208 wurghs it is further seen by the same detailed account K that 129 wurghs are situated in the Barcoor Talook - that last year these paid the full - - "Tarao Bariz" Viz^t Rupees 1635 - 15 - 7. but that this year they have been assessed at only 1627 - 15 - 7 or 8 Rupees Less. Mr Blair it appears settled the Talook of Barcoor himself and the Board will be glad to learn from him upon what data such a transfer as the above was sanctioned, to whom the remission is to be allowed, and for what period, and in what proportions he proposes to distribute 8 - - Rupees to the 129 Wurghs - when once a Wurgh has been entered under the Class of Burty it should not be transferred to an inferior description without the most satisfactory reasons being shewn, and it is very clear that no such reasons exist for the transfer in the instance of the 129 Wurghs and the

7 It is also observed further from the above Memorandum that 132 Wurghs which were classed as "Under reference to the Board of Revenue" and in fusly 1249 paid an assessment of Rs 10,507-9-2. are in Fusly 1250 transferred to the Head of "Bhurty" and paid the full Tarao Beriz Viz Rs 10,513-0-11 or an increase of Rs 5-7-9 on examining the details of the 132 Wurghs as exhibited in the Summabundy Statement K. before referred to, the result is as follows.—

8 It is thus seen that out of the above 132 Wurgs entered in fusly 1249 as "under reference to the Board of Revenue" 92 Wurgs already paid the full Tarao Bariz in that fusly and should therefore have been classed as "Bhurty and that the difference increase in the Amount of the Bariz has to be apportioned over 40 wurgs only instead of over 132.

9 The object of furnishing these Satements exhibiting the changes is to shew the progressive advancement that is making towards bringing all the Estates upon the full assessment. but unless they are made out with the greatest accuracy they are not only Valueless but tend to mislead, and the Board have been induced to be thus minute in their observations with a view of ensuring more attention to their preparation than, from the discrepancies which have been pointed out, they are constrained to remark, has hitherto been paid.

Report Para 21. 10 In Para 21 of the Report, under consideration Mr. Blair observes. "In my report upon the settlement for the last fusly previous to the receipt of the proceedings of the Board under date the 24th September 1840.

1840, I have expressed my opinion of the favorable working generally of the system introduced in fusly 1243, and of the inexpediency of making any decided change in the classification of certain Estates, which from causes not of a permanent nature, are at present incapable of paying regularly the standard Beriz and are therefore settled according to their circumstances or in other words the extent of lands under cultivation. Every years experience of the steady progress of improvement in the District confirms me in this opinion. The waste and partially cultivated Estates in the Ghaut Moganies are annually coming more into demand and the increasing value of land induces the Ryots readily to agree to the instalments on Estates which they have the means of permanently occupying so that no practical advantage as far as I can perceive would result from an alteration of the existing system to meet the present circumstances of a certain class of Wurgs. It is not to be expected however that among a body of proprietors amounting to upwards of 55,000 a large proportion of whom do not pay more than from 10 to 20 Rupees

Rupees Beriz remissions will not be necessary in cases of unavoidable calamity and failure of Crops in unfavorable seasons, more especially in those Maganies in the Balaghaut bordering on the Mysore Country which occasionally suffer severely from Drought and also in the Northern Talooks of Barcoor, Candapoor, and Honore where the Assessment is undoubtedly heavy such remissions however will never be to any large Amount and with these exceptions the land Revenue as now settled must be considered permanent."

11. So a correct understanding of what is stated in this Para it is necessary to refer shortly to the modifications which have taken place in the settlement of the District during the last 20 years or since fusly 1229 A. D. 1819/20. In this year Mr. Harris the then Collector fixed what is understood as the Sarow Beriz under this settlement a large portion of the Wurgs paid this Beriz at once, and to a certain number as stated, time was allowed to come up to this standard, pending the suspension of the full Assessment. the Jummabundy was annually settled after making strict examination in each Wurg to ascertain

ascertain the actual extent of Cultivation as is done in all other Districts. this System continued until Fusly 1243 A.D. 1833/34 when this examination appear to have ceased and Mr. Vieash who had succeeded to the Collectorate proposed that all Wurgs then paying the full Assessment should always pay the same and be classed as "Bhurty Wurgs". those paying less should be allowed time, and of those which from various causes could not pay the full Bariz the Assessment should be reduced and the Wurgs were divided into two classes. Bhurty and Rhum Bhurty, containing of three descriptions

1st Those allowed time.

2nd Those under Examination.

3 Under reference to the Board and the accounts corresponding with the above forms were furnished by Mr. Vieash. The Board hesitated to confirm this Assessment on the Bhurty Wurgs and to fix it as unalterable because it was understood that extensive encroachments had been made by the Bhurty Wurgs upon the lands of the Khumburthy, which was the occasion of

of the latter not being able to pay the full Assessment and they desired before confirming the Assessment on the Bhurty Wurgs as permanent that an examination should be made to ascertain that no such encroachments had taken place. This was assented to by Mr. Vieash who stated that the examination could be effected by the Talook Establishment but so much importance was attached by the Board to this plan being accurately and faithfully carried out that they authorized a separate Establishment to be entertained for this special duty. Mr. Vieash quitted Canara on promotion to the Board in Fusly 1245 A.D. 1835/36 and the Sub Collector in reporting on the settlement for that Fusly states that "the examination is nearly completed" and promised a separate Report on the subject," to this time no report of the kind has been received. Mr. Blair was appointed to Canara in Fusly 1247 A.D. 1837/38 and in reporting on the settlement of that Fusly thus expresses himself. "It seems obvious to remark, however, from the result of the plan thitherto, that the arrangements for the instalments on the Khumburty Wurgs were somewhat too hastily made, and that they will in many instances require to be modified according

to the actual circumstances of Estates." Mr. Blair then went to the Cape and was absent 10 Months and shortly after his return in reporting on the settlement of Fusly 1249 / Para 26 and 27 / expressed his opinion of the favorable working of Mr. Viveash's system introduced in 1243 and the inexpediency of making any alteration.

Para 18

12. The Board in their Proceedings upon Fusly 1249 particularly remarked that all enquiry on the subject of the alleged encroachments appeared to have ceased. The Board are by no means prepared to state that the proposition made by Mr. Viveash is not a good one, but having directed enquiry to be made, having sanctioned an Establishment for the purpose and having been led to understand from the Reports received from the District that such enquiry had not only been made but that a report on the subject would be transmitted at an early period for their information. the opinion moreover expressed in Mr. Blair's report in Fusly 1247 having tended to confirm the necessity for such enquiry, tho' it seems he has since seen reason to change this opinion, the Board now desire that whatever accounts may

may have been prepared up to Fusly 1245 / A.D. 1835/36 and subsequently may be transmitted without delay; and that Mr. Blair in submitting the same with his sentiments will also be pleased to explain the grounds for the change in his opinion as expressed in 1247 and 1249.

13. The Board remark the great falling off in the number of Puttahs granted in Fusly 1250 compared with the preceding year, for which the Principal Collector offers no explanation. the Board request that this may be accounted for.

14. Of the total demands on account of the settlement for Fusly 1250 amounting as before noticed to Rupees 18,32,553-1-7 Rupees 18,13,541-2-7 were realized within the year, leaving a balance of Rupees 19041-15-4 due on the 11th July 1841. subsequent collections had reduced this balance before the date of the report under consideration to 5,051-6-2 the whole of which excepting perhaps about 500 Rupees was expected to be ultimately recovered. The amount shewn to be due by the last Demand Collection and Balance Statement received from Canara was Rupees 1742-7-3.

16. At the recommendations of the Principal Collector the Board resolve to request the sanction of Government for writing off the sum of Rupees 416–6–11. being the amount of balance due from Fusly 1246 A.D. 1836/37 to 1249 1839/40 inclusive, which from various causes have been ascertained to be irrecoverable.

17. The gross demand on account of land and extra sources of Revenue in the Canara District for fusly 1250, as exhibited in the Statement annexed to Para 27. amounted to Rupees 3115,205–6–11 shewing a net increase of Rupees 58,907–13–7 above the settlement of Fusly 1249 of which 11,919–13–7 occurred in the land Revenue settlement and Rupees 46,987–15– in the settlement of extra sources. The gross Collections within the year on account of all sources, land, extra sources

sources and arrears amounted to Rupees 3120,330 –10– 3 and the charges within the same period were Rupees 34,077–11–8 bearing a proportion to the gross Collections of Rupees 10 29/32. The above result the Board consider highly creditable to Mr. Blair's Management.

18. The explanation contained in the 30th. Para of the Principal Collectors report is considered satisfactory.

19. In reference to the alteration in the terms of Cowles which has occasioned a decrease in the Beriz of Hosagany Wurgs noticed in the Para. 31. the Board would observe that as a general rule the conditions of the Cowle should be adhered to or the Land given up when from particular circumstances of the Ryots the Principal Collector would recommend the extension of the Cowle, the fact should be brought to the special notice of the Board.

20. In reply to the information called for in the 22nd. Para of Board's Proceedings on the settlement of Fusly 1248 A.D. 1838/39 the Principal Collector states that Pooly Puttahs are conferred on the cultivators of

of waste land provided their durkasts do
extend to the cultivation of entire
wurgs and We argues that the expences
and labour of redeeming these lands
mostly involving the clearing of
Jungles, and Cutting of Channels,
are so great in addition to the
apprehension by the Ryots of the
insecurity of their revenue without
such grant that the withholding of
the Wooly right would operate
materially against the improvement
of waste lands The Board do not
doubt that the conferring of this right
tends to encourage the culture of
waste, but they observe from the
Statements accompanying the Report
of the Principal Collector that out of
55,395 Ryots holding Puttahs 12,429 have
no such proprietary right in the land
they

they cultivate - before therefore the Board
consent unconditionally to resign the Govern-
ment rights in the waste lands being taken
up for Cultivation, they desire for more
particular information respecting the 12,429
Ryots holding at present without this pro-
prietary right.

The Board have much
21.
satisfaction in noticing the high terms in
which the Principal Collector acknowledges
the assistance he continues to receive from
the Sub Collector Mr Lushington, whose
zeal and ability in the discharge of his
duties have been on several former occasions
the subject of encomium Mr Lushington's
Report upon the portion of the District
under his immediate Superintendance, accom-
panies that of the Principal Collector, and the
Board resolve to request the particular
attention of Government to the remarks con-
tained in Para 5 thereof - upon the advantages
which may be expected from opening a roads
(if it be only one which laden Bullocks

the

the only carriage in use in this part of the
country could travel over without difficulty)
from the station of Madavoor on the great
Mercara road, to the Sea Coast station of
Cassergode, at which much of the produce
of the lower Coorg Maganies attached to
the Betul Talook is usually exported
The construction of a road of this descrip-
tion, which would not be attended with
very great expence, the Board concur
with Mr. Cushington in thinking would
conduce much to the agricultural and com-
mercial prosperity of that part of the
District, and they resolve accordingly to
recommend his suggestion to the favorable
consideration of Government.

Ordered that a Copy of
the foregoing Extract from the Board's
Proceedings be submitted to Government,
and a transcript of the same be
forwarded to the Principal Collector of
Canara for his information and guidance.
