The Chief Secretary for the time being at Fort St. George.

Sir,

I am commanded by the Court of Directors of the East India Company to transmit herewith for the information of the Madras Government Copy of a Despatch addressed to the Governor General of India in Council in the Public Department (No. 15) dated 31st August 1842 relative to a Glossary of Indian Terms a perusal of which will acquaint you with the Court's intentions on the subject.

East India House
London 28th Sept. 1842

(Signed) James C. Melvill

Copy Public Despatch to the Governor Genral of India in Council No. 15.

Dated 31st August 1842.

Para 1. Our attention has been

No. 1118.

Extract from the Minutes of Consultation dated 1st Decr. 1842.

Resolved that transcripts of this Dispatch together with Copies of the work therein alluded to, be furnished to the undermentioned Offices, with a view to effect being given to the wishes of the Honorable Court expressed in their letter to the Government of India and with a request that the Copies may be transmitted to the College Board within 6 months from this date with such suggestions as may appear to be required.

been drawn to the importance of forming a Glossary of words in current use in the various parts of India, relating to our own or the Native administration of Public business in every branch, whether Political, Judicial, Revenue or Military. The want of such a Glossary adapted for popular use but more comprehensive than any now existing has frequently been found a source of inconvenience, and a collection, the result of much labour and investigation, having been submitted to us we are desirous to render the work, of which it is intended to form the basis, as complete as possible.

2. Being aware that this cannot be effected without the cooperation of our Officers locally employed in all parts of India we shall forward by the next Mail for the use of each of our Presidencies, and for Agra

Copies

x 300

x Copies of a portion of the work containing the letter A. printed in a form calculated to receive such suggestions as may be offered by those who take an interest in the subject. We desire that you immediately circulate these copies with an intimation of our views and instructions for their return to you with the least practicable delay, at the end of six Months from the date of their being put in circulation, you will transmit to us such of them as may have been returned with suggestions worthy of consideration. It is very desirable that each word should appear not only in English but in the original character whether belonging to the Persian, Hindee, Guzzeratee or any other tongue and the attention of those to whom copies are transmitted for suggestions should be drawn to this point. The final arrangement of the work will be committed to H. H. Wilson Esq.r Boden Professor of Sanscrit in the

University of Oxford.

3. We shall forward the remaining portions of the alphabet; at Monthly intervals, for the purposes of being circulated among our Servants in like manner with the letter A. now transmitted.

(True Copy & Extract)
(Signed) Robert Clerk.
Acting Chief Secretary.

To The President and Members of the Board of Revenue.

With 22 Copies.

Ordered that the following Circular be sent in consequence.

Circular.

Circular to all the Collectors and Commissioner at Kurnool except Sea Customs Madras.

3-4

Sir.

I am directed by the Board of Revenue to forward transcript of a Despatch from the Honorable Court of Directors to the Governor General of India, and one Copy of the first part of the Skeleton Glossary therein referred to. In accordance with the wishes of the Court, you are requested to insert in the English Character, and according to the order

Fort St. George 19th December 1842

order of the English Alphabet all the Native terms in use on your Cutcherry in any department of business with a concise and accurate explanation in English. The word should be written also in its original language and character and you will add any suggestions that occur to you for the improvement of the work.

2. You will observe that the Honorable Court attach much importance to the preparation of the Glossary; and the Board trust that you will use your best endeavours to have your portion of the work as complete and accurate as possible, both by giving due attention to it yourself and by employing on it the assistance at your command. It is requested that the book may be returned to this Office when all the additions have been made and at latest within five Months from the date of its receipt.

Fort St. George 19th December 1842

Read the following letters

From the Secretary to the Board of Revenue

Submitting a letter from the Head Assistant Collector in charge of Masulipatam having reference to the quarrels between the frontier Villages of that District and of the Nizam's Country regarding the Poollery or Grass tax demanded by the Zemindars of the latter, and suggesting a reference to the British Resident at Hyderabad with a view to the requisite steps being taken to adjust a rate of grazing tax.

(Here enter 27th October 1842 No 731)

No 23 of 1842

From

Major General J. S. Fraser
Resident at Hyderabad

To The Chief Secretary to Government
Fort St. George

Sir,

I have the honor to forward for submission to the Most Noble the

the Governor in Council of Fort Saint George the accompanying Copy of a letter and of its Enclosures received to my address from His Highness the Nizam's Minister, and to suggest that the necessary instructions be issued to the Civil Authorities on the Masulipatam and Guntoor Frontier to enforce obedience on the part of the Zemindars residing within their respective Districts, to the decision in regard to the frontier disputes, and the right to levy Poolahree, passed by Captain Gresley in 1841

Hyderabad Residency 11th November 1842

(Signed) I. S. Fraser
Resident.

The Most Honorable the Governor in Council resolves to transmit the correspondence submitted by the Board of Revenue to the Resident at Hyderabad for his sentiments on the proposition for the determination of fixed rates of pasture tax in the border Villages of His Highness the Nizam's Territories, as a means of preventing the quarrels which are reported to be still unextinguished in that quarter—

Pending this reference, the letter from the Resident at Hyderabad recommending the above

above with its enclosure be sent to the Board of Revenue for the issue of instructions to the Collectors of Masulipatam and Guntoor to enforce obedience on the part of the Zemindars to Captain Gresley's decisions on the Frontier Disputes—

From the Actg Secy to Government—
Communicating observations and orders on the Board's Proceedings relative to the settlement of the Land Revenue of the District of Chingleput for fusly 1250.

Ordered that Copy of the foregoing Extract and of the Board's letter to which it has reference, be forwarded for the information and guidance of the Collectors of Masulipatam and Guntoor, who will take the necessary measures to preserve the peace of the frontier and enforce obedience to the former decision until it may be modified—

Extract from the Minutes of Consultation under date the 10th December 1842—

Read the following Extract from the Proceedings of the Board of Revenue—

Relative to the Settlement of the land Revenue of the District of Chingleput for fusly 1250. (Here enter 10th November 1842 No 499) 1840/41

7

Para 1.

It will be sufficient without recapitulating

Fort St. George 19th December 1842.

recapitulating the causes so fully detailed by the Collector and the Board of Revenue, to state that the season was an average one, and though the revenues affected by it, shew a decrease of 47,235 Rupees, as compared with the out-turn of Fusly 1249 yet A.D. 1839-40 exceed any year for the last 38 except the above mentioned and Fusly 1232 which A.D. 1822/23 were seasons of an unusually favorable character-

Fusly 1249 A.D. 1839-40 Net - 1,14,172 - 10 - 10

1250 A.D. 1840-41 - - - 1,66,936 - 11 - 1

Decrease - 47,235 - 15 - 9.

2. The net receipts fall below the Permanent Bariz by 27,664 or 3/16 per cent being comprised of a decrease of 34,476 Rupees or 7/8 per Cent in the Villages formerly assessed, and an increase of 6,811 or 1/8 per Cent in those lately brought under that system on a survey conducted by Mr. Maclean. The comparison (the best available) given by the Board in para 8 shews a considerable decrease in the Ryotwar over the Permanent settlement-

x 869.695 Rupees-

3. The balance though very large has passed unnoticed by the Board.

It

Fort St. George 19th December 1842-

It was 1,23,252 or 12 per Cent at the close of the Fusly and still remained at 51,650 on the 31st August, occasioned, Mr. Freese observes partly by "the very low price of all produce, which "has rendered it a matter of convenience to "the Ryots to suspend their payments to a "late period."

4. Such a postponement of dues from Fust to Fust, entirely unhinges that system of correctness and regularity, which it is so desirable and if allowed to enter upon another fusly tends to encroach on its resources.

5. The total settlement of all Branches of Revenue for Fusly 1250 A.D. 1840-41 compared with the previous one, shews a decrease of half a lac of Rupees but no particular diminution of Land Revenue appears to have occurred, that has not been, under the existing system, satisfactorily accounted for.

6. A comparison favorable to the Fusly under review has been instituted by the Board in para 2, but as explained in the Minutes Consultation on the settlement of Fusly 1249 A.D. 1839-40, the Government await the report of the Board on the survey in question

question ere they pass any opinion upon it.

7. In para 9 and seq the extent of Remission is considered. The Most Honorable the Governor in Council regrets to observe that the loss of Revenue under this head instead of being obviated by a regular settlement and only allowed on rare and extraordinary occasions, has become a part of the system and affords a regularly recurring subject of comparison between the present and past deductions instead of forming the exception not the rule.

8. Adverting to the statement in para 18 of the Collector's Report it is observed, that a separate Column has been continued open for Vittoopaddy though the same was forbidden in the Boards Proceedings for Fasly 12[illegible] 1248. The Government would suggest, an improvement in combining the 18th and 19th items of the Statement under the general head of Inundation by water.

9. Buoys are not now entered upon, because in the absence of the survey and a profile Report they are unknown. The Government however

are pleased to find that the extent of Remissions on this account is gradually contracting, and that Mr. Freese has practically carried out the wishes of Board conveyed to him in their Proceedings on Fasly 1248.-

11 A great increase is observed in the Cowle Remissions which must also with the exception of approving of the remarks of the Board regarding such grants to Home Ryots and its extension to strangers, pass unnoticed in consequence of the non. receipt of the Cowle report which the Board in February 1841 promised at "an early period" and which the Government regret has not as yet been submitted.-

12 The Collector in Para 6 accounts partly for the decrease in cultivation by remarking that many of the reservoirs and particularly those in the Northern Talooks are very shallow.-

13 His Lordship in Council is aware that there is a natural tendency in the basins of all Tanks to be filled by the deposit of the supplying streams, and that the subject has before been under discussion. It would

Para 22 Pro. Fasly 1248 A.D. 1838-39

would seem desirable that the attention of the Civil Engineer in the 4th Division should be called to the localities noticed by Mr Freese, that he may judge whether the evil in any case admits of palliation or re-
-medy.-

His Lordship in Coun-
14. -cil observes that besides the Survey Report
*Para 5. 6. 47 and the general Cowle Report the original of the Streepermatoor grant and certain details regarding an unauthorized alienation of land by Mr Smally though called for in the review of the settlement for Fusly 1249 — A.D 1839-40 have not been received, and that a delay of nearly fifteen Months has occurred in the transmission of the Report now reviewed.-

His Lordship in Council
15 is well satisfied with the Management of his charge by Mr Freese, and with the assistance afforded in details by Messrs Peters and R. Clarke.

From

Officiating Secretary to the Government of India

To,

W. Elliot Esqre
Actg Secretary to the Govt of Fort St George

Dated Fort William, the 18th Novr 1842.

Sir

Jud. Dept. I am directed to acknow-
-ledge the receipt of your letter No. 633 dated the 25th ultimo with its enclosures on the subject of the Extra Police Establishment of the Hus-
-ponhally Talook in the Bellary District.-

From a reference to the
2. previous correspondence it appears that the employment of the Extra Police Establishment in question was sanctioned as a permanent measure by the Supreme Government on the 19th August 1839 - The Extra Police to receive in lieu of monthly pay grants of land on Cul-
-toobady (ancient Militia) tenure at the rate of Rupees 393-12- per Annum.-

The Honorable the Court
3 of Directors approved the employment of an Extra Police but disapproved the mode of

of payment and the object of the present reference from the Government of Fort St George is to enquire the mode in which the Extra Police Establishment is to be remunerated.-

His honor in Council accordingly authorizes the Most Noble the Governor in Council to remunerate that Establishment in future in Money equivalent in amount to its present receipt in Lands.-

Fort St George 19th December 1842

Read the following letter:

To The Secretary to the
Board of Revenue
Fort St George

Sir,

From the Collr of Gunjam. Submitting explanation on certain points connected with the affairs of Pagodas & Mosques in Ganjam.

(25)

1 I have the honor to acknowledge the receipt of your letter dated the 20th ultimo calling for certain further information connected with the affairs of the Pagodas and Mosques in this District, and I lose no time in replying to it.

2. Referring to the statements submitted in the year 1834 by my Predecessor, you remark that there appear to be landed endowments belonging to Pagodas, Mosques and Matums in this District, of the average value of about 44,000 Rupees a year, besides other emoluments to the amount of Rupees 13,262, and money allowances from the Ze=mindars amounting to Rupees 10,539, independ=ent of the fixed allowances which they receive from the Government. You observe that my report should have included these branches of revenue, as well as the sums actually paid from the Treasury, and I am desired to supply this omission. I regret that my report is found to be deficient in the in=formation required by the Board, but I beg respectfully to submit that their instructions

Fort St. George 19th December 1842

instructions, under dates the 10th and 24th June 1841, did not indicate the present amount of the incomes of these Institutions, as one of the points on which information was specially desired, and in the 5th Para of my letter, allusion was made to their aggregate amount, estimated, all sources included, at Rupees 77272; and the statements, which are quoted in your letter were expressly referred to by me. In submitting these Returns Mr. Ogilvie explained the great difficulty and delay that had been experienced in their preparation, and plainly intimated that, as regarded the Hill Zemindaries, the results therein exhibited must be regarded only as an approximation to the truth. Indeed he expressly stated that the statements had been "filled up in the Zemindary Cutcherries, "in such a manner as to shew their willing- "ness to do what was required of them, "but without the most distant intention "of their being given as authentic." since that period, during the last seven years, no returns of any kind have been furnished of the emoluments accruing to Pagodas; and as has already been distinctly

stated

Fort St. George 19th December 1842.

stated, no sort of interference of any kind has ever at any period, been exercised by the Government Officers, in respect to the Manage- ment of their lands and other sources of income, or with the expenditure thereof, or in regard to the affairs ecclesiastical, or temporal of these Institutions. No further information therfore in respect to their incomes is now available than is afforded by the state- ments above referred to. Should the Board require further details, referring to a later period than is embraced in the returns compiled by Mr. Ogilvie, it will be necessary that a special scrutiny be entered into of the Pagoda affairs; but as no regular accounts of income and expenditure are ever kept, reliance cannot be placed in the accuracy of the results.

3 The Board further require explanation "of the Origin of the Land Enams, "and of the reasons why some were left untouched "while other Enams were commuted into Money." In my report on this subject, I expressed regret that, owing to the defective state of the old records, I had found it to be impracticable to obtain any account

Para 3 at sqq.

of

of the income of the Religious Institutions in this District, derived from landed or other sources, prior to the period when it came under the company's Government; I stated that it was understood that in some instances the lands in the enjoyment of Pagodas had been registered by the Mogul Government, and money allowances assigned in their lieu which have since been continued either on whole or in part; That on the commencement of the company's rule it appeared that the lands belonging to Pagodas and Mosques in the Mavally Talooks were for the most part resumed, and the privilege of collecting Customs and toofumms discontinued; but that no account of the value of the resumed lands (as is now extant, nor do the records, that are forthcoming afford any explanation of the principle on which the commutation was made Before reporting to this effect to the Board I caused careful search to be made through the old accounts and records, both in the English and the native languages, and I personally took great pains, and devoted much time, that could ill be

be spared from pressing duties, in perusing records of a remote period, I also made diligent enquiry from those persons who were at all likely to possess any data relating to the subject, but without success; and I regret to observe that my representation has not satisfied the Board, that due diligence has been used, and every endeavour made, to comply with their requisition I can only repeat that the means do not exist in this District of affording authentic information on the point in question. It seems possible that the correspondence of the Chiefs in Council with the Government, or the early letters of the Officers in charge of this District to the Board, deposited in the Record office at Madras, may contain allusion to the subject, and the Board may perhaps see fit to order a search to be made with this view.

4 In the absence of authentic information, I conceive that any conjectural speculations as to the origin of these Enams would be of little practical value. I have seen one or two "Danah" Deeds for Pagoda lands in this District of

Fort St. George 19th December 1842

of very great antiquity belonging to a
period to which no historical record or tradition
extends, and written in a language that is
now, with great difficulty deciphered; &
but very few Deeds of any kind exist and
the grantees can rarely give any rational
account of the circumstances of the original
grants. These Enams were doubtless
bestowed by the Native Princes and Rulers,
who have held authority in these Provinces,
also in numerous instances, by Fiscal
Officers of different grades, by renters and
even by Heads of Villages, professing no
competent authority; in the same way
in which endowments of Land for similar
objects, have originated in other parts of India.

5

In reference to the circum-
stance noticed in your letter of certain
Lands being left untouched, while other
Enams were resumed, I believe that with
the exception of Villages belonging to the Juggur-
-nath Pagoda and a few other principal
Institutions nearly all of the small
Enams in the Wavally Talooks were
sequestered, while the whole of the
landed Endowments in Hill Zemindaries,
without

Fort St. George 19th December 1842

without exception were left in tact.

The exceptions to the general measure
of resumption, in the Wavally Talooks
I conceive, were made out of deference to
native opinion, and in some instances
probably from the fact of the existence
of such lands having escaped the scrutiny
of the local officers.

6 The Board desire also to be
informed of the particular sources of the
income set down in column 14 of the state-
-ment before referred to. The principal of these
items, as far as I am acquainted with them,
are noted in the margin. Their several
designations will serve in a general way, to indicate their nature. Many of these are temporary and occasional uncertain and fluc-
-tuating in their nature and varying in

Rents of Houses, Bazars & Shops &c.
Sale of Garden or other produce.
Sale of the Maha presand.
Customary donations in cash or Grain by renters of Villages
Do by the Ryots at the Harvest.
Do by Merchants on the measure-
-ment of Grain on Export by sea
Do chiefly in kind by Buyers and sellers at Markets & Fairs
Charitable contributions of various kinds.
Offerings at the shrines by individuals.
Collections made by the officiating Priest begging from door to door

Fort St. George 19th December 1842

in almost every different instance as to their rates, and as to the mode and circumstances in which they accrue. The difficulty of attempting to give an exact account of sources of receipt, which are in their nature undefined, and contingent on the varying circumstances of the contributors will be obvious. Moreover, the information I possess relative to these sources of income is by no means complete or minute, having been only casually acquired in the course of official business, and I cannot venture to state positively, as required by your letter, that no other items of a similar description exist besides those which are here indicated. There may be others, of which I have no knowledge some of the above items, which are of a more permanent kind, such as the rents received for Houses, Bazars and Shops belonging to the Pagodas, require no particular explanation. The contributions by buyers and sellers at Markets, noticed in your communication, as well as the whole of the other donations referred to above, are strictly speaking "voluntary and optional"

on

Fort St. George 19th December 1842.

on the part of the givers, and can be withheld at pleasure, no attempt to exact them, otherwise that by solicitation would be made; but such gifts are at the same time, in fact matters of course and established usage; and may be said to be obtained by a degree of moral "compulsion," which operates more or less stringently on the majority of the community. I believe however that these contributions in support of their Church, are for the most part, freely and cheerfully given by the people, and under no circumstances is the authority of the Public officers, but to enforce their exaction.

The variation from year to year in the amount of the Money allowances received by the religious institutions, as inserted in Column 17 of Mr. Ogilvie's statements, which is adverted to by the Board, admits of simple explanation; being attributable to the circumstances of certain items not having been drawn within the Fasly for which they were due; but paid in arrear in the following year; which necessarily causes a

a decrease in the sum total in the one year, and augments it in the subsequent year. There may also probably have been omissions from the returns. In regard to the remaining point noticed in your letter, that the total amount of these allowances as entered in the statements in question is much smaller than the aggregate of the sanctioned allowances according to the list which was recently submitted by me; I beg to refer you to my predecessors' letter forwarding the said statements, in which he explained, that they did not comprehend the whole of this District, ten Hill Zemindaries and Proprietary Estates, from which he could not succeed in obtaining any returns, having been altogether omitted. The difference between the total amount of the sanctioned stipends and the average amount of these allowances according to the Statements is Rupees 676 as noted in the Margin

Amount per sanctioned list..... 3809—"—"

average of Mr. Ogilvie's Statements.. 3133—"—"

difference... 676—"—"

Items included in the sanctioned list which are omitted in the statement..

Annual allowances of Pagodas in Ganjam } 108—"—"

Do. Coorlah ..... 108—13—4

Do. Parnah ..... 442—5—4

Total.... 659-2-8

of which Rupees 659-2-8, is accounted for by the items annexed being the allowances payable to certain Pagodas situated in Estates which were not comprehended in the General statements compiled in the year 1834. There is still a difference of Rupees 16-13-4 unexplained, which I presume is attributable to the omission of some item in the preparation of the statements made of the whole of the voluminous detailed accounts, referring to a period extending from seven to seventeen years back, of which they are abstracts, the particular item that has been omitted cannot be stated.

8 In conclusion, I trust that the foregoing explanation on the several points indicated in your letter under reply, will be intelligible to you.

The Secretary to the
Board of Revenue
Fort St. George

From the Collr. of Ganjam

Sir,

29. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated the 8th Instant with transcript of the papers therein referred to and to state that I do not consider it probable that there will be any demand in this District for cuttings of the Phillipine Mulberry, an experiment under the superintendence of a Medical officer to introduce the culture of the Mulberry with a view to the production of silk which was made at Ganjam on a liberal scale at the expence of Government upwards of 40 years ago, having entirely failed in consequence of the Climate being unsuited to the growth of the shrub.

From the Collector of South Arcd

Sir,

31 With reference to the Board's Proceedings of 17th enclosing extract from the Minutes of Consultation of the 8th ultimo I have the honor to inform you that there is no likelihood of a demand of cuttings of the Phillippine Mulberry tree in this District.

Should there be, I can supply it to some extent from my own garden.

I have also to add that I have ascertained from a person practically informed that the Phillippine Mulberry will not answer for the Carnatic nearly so well as the common Mulberry for the leaves are large they are dry and contain much less nourishment than the foliage of the latter, when both are

Fort St. George 19th December 1842

are under ordinary cultivation.

The

3. The system that is followed in this District in making the settlement has been already explained by me in considerable detail in my Report on the Government Talooks under date the 29th November last. It is only necessary therefore to add that the practice there described was followed in the Talooks of Sagy Pudmanabha Rauze. What is termed the Attkoobady, or extent of land distributed by the Talook officers is merely the nominal Settlement - the real Settlement here technically termed Sellanerumam, is formed at the Summabendy after deducting the usual items of remission. It is fixed on the substantial Ryots according to the money rent of the fields in their occupation and on the less or wealthy by estimation of the produce.

4. It is the practice to retain in account as against the Ryots the balances of Attkoobady. This is usual under Zemindary management and therefore it has been continued

continued under Summanie. In justice to Zemindary management it may be added that under proprietors the Attkoobady in ordinary seasons is the real settlement and is framed with reference to the Ryots known ability to cultivate and pay while the Sist amounts unduly enhance the Demand without reference to such ability. In the present year the Demand of arrears shall be limited to the balance of the actual settlement on the past year. I fear will be realized.

5. The nominal balances against the Ryots on these Estates is a + Canda Kinlah 26,179-12-1 Cotary 26,250-12-10 Vellkoor 16047-4-7 Cadoor 68477-13-6 Rupees 68474-13-6 this enormous sum accumulated in great measure in the late years of famine. I need not add that they are almost wholly irrecoverable and I shall address the Board hereafter with a view to their entire relinquishment.

6. The annexed Statement exhibits the gross Sales of the year under review in comparison with that of

Fort St. George 19th December 1842

of the preceding year, and shews an increase in the demand on each of the Estates amounting in the aggregate to Rupees 5,535-12-7.

No.	Talooks	Fusly 1250	Fusly 1251	Increase	Decrease
1	Condakurlah	26,930 3 8	27,976 10 7	1,046 6 11	" " "
2	Cotoor	6,211 11 2	9,481 11 3	3,270 " 1	" " "
3	Velchoor Codoor	4,966 5 6	6,185 11 1	1,219 5 7	" " "
		38,108 4 4	43,644 " 11	5535 12 7	

7

The result noticed above was caused by the favorable nature of the season generally which induced the Ryots to extend their cultivations. The Estates of Cotoor and Velchoor Codoor benefited most from the abundant rains for Condakerlah enjoys advantages of irrigation in which the other Mokhs do not participate and its Revenue in consequence are less affected by incident of season.

8.

Out of the current demand entered above there was collected and brought to account in Condakerlah Rupees

Fort St. George 19th December 1842

Condakerlah 1,347-14-5
Cotoor 719-3-11
Velchoor Codoor 155-7-7
Rupees 2,222-9-11

Rupees 26,628-12-2. in Cotoor Rupees 8,762-7-4. and in Velchoor Codoor Rupees 6,030-3-6. in all Rupees 41,421-7-. The balances upon the Estates severally amounted to Rupees 2,222-9-11. and the amount due on each respectively as noted in the margin.

9.

A comparison of the gross collections current and arrears of the last and preceding year is made in the accompanying statement, shewing an increase upon the year of Rupees 5,082-12-10.

No.	Talooks	Fusly 1250	Fusly 1251	Increase	Decrease
1	Condakerlah	28,373 " 10	22,042 3 2	" " "	330 13 8
2	Cotoor	5,974 6 6	9,910 " 9	3,935 10 3	" " "

This

Fort St. George 19th December 1842

12. This Statement shews that under aumanie management, even in a year of more than usual fertility, the resources of two only out of three Estates were found sufficient to meet the permanent demand in full after payment of every authorized charge, while in Velachoor & Coor, the Deficiency was not less than Rupees 1595-15-4-

13. Mr. Arbuthnot, in para 42, of his report of the 30th October 1841, intimated the probability of these Estates being brought to sale last year by Court process and observed in addition, that if that did not occur he would include the Estates in the annual sale advertisement of lands exposed to action for arrears of Revenue. The expected order from the Court has not yet come and I especially excluded these Estates from the annual sale advertisement because I deemed the present a more fitting opportunity of bringing before the Board for orders the question of their future disposal.

14. For this purpose a brief narration of the facts connected with these Estates is necessary. They were first

Fort St. George 19th December 1842

first attached in april 1840- Jusly 1249. by precept of the Northern Provincial Court being then greatly in arrear to Government on account of the disastrous season of the previous year, the first of the next Jusly also being almost wholly unpaid the arrear then outstanding at the close of that year was Rupees 53,971-1-1-

15. At Mr. Arbuthnots request and with the consent of the Board of Revenue, the Estates were exposed to sale for that balance- The Vandakerlah Estate was knocked down to a private party for Rupees 2700 The two smaller Estates were brought in by Government for Rupees one hundred and fifty only.

16. The Board of Revenue on receipt of a petition from the a Proprietor declined to confirm the sale and directed that the Estates should be kept under management until the balance should be liquidated from subsequent collections- Mr. Arbuthnot had reported his belief that this object was impracticable, but the orders to retain the Estates were

continued

Fort St. George 19th December 1842

continued in force.

17.

The result has been that under Management in Fusly 1250. and 1251. the Condakerlak Estate has yielded in the former year Rupees 32,900–2–4. and in the latter Rupees 28,090–8–3. leaving after payment of expences of management &c. which amounted to Rupees 50,902–3–4. a net surplus revenue of Rupees 10,088–7–3.

Fusly 1249–4,520–1–9
" 1250–23,380–0–7
32,900–2–4

18.

On the other land the Estates of Cotoor and Velchoor Codoor have during the same period respectively yielded a revenue of Rupees 11,238–8–11. and of Rupees 16,179–5–9. altogether Rupees 27,417–14–8. The Peishcush for two years and expenses of management were Rupees 31,817–9–2. the deficiency in the former was therefore Rupees 2,924–4–5. and in the latter Rupees 14,475–10–1. during two years. In both, the deficit was Rupees 4,399–10–6.

19.

The accounts in this Treasury have not been kept in this manner nor do they shew these results because the arrears of one Estate have been liquidated by the surplus collections

Fort St. George 19th December 1842

collections of another. But this in my judgment is wrong and should be adjusted These two small Estates are separately assessed each is answerable for its own demand, and since it has has been thought proper to retain them in preference to forcing a sale, the loss should be charged to the Estates themselves and no money taken from the surplus of Condakerlak until the entire arrears on that separate Estate is liquidated. When a sale ultimately takes place any surplus derived from the sale of Condakerlak may be appropriated to the discharge of the unliquidated balances of Cotoor, and Velchoor Codoor I trust your Board will approve of this suggestion The one Estate may be recovered the others under present management will never pay.

20.

I fear however that the retention of these Estates under summary management though adopted by the Board from kind feelings towards the Proprietor will in the end be neither advantageous to him nor profitable to

to Government - He paid it is true a very large sum for the Estates at a very unfortunate period but he is not altogether free from blame, for his present embarrassments now became overwhelming from the nature of the seasons of 1839 and 1840 - were caused in the first instance by his own imprudence, by purchasing lands at prices far beyond the market value without first providing for his private debts, and by afterwards embarking into law suits, and law expenditure without a chance of success - The Delays of Court which he now seeks to take advantage of will in the end only increase his burdens -

21 - Sagy Pudmanabarauzé's private embarrassments are so great as to preclude the hope that he will ever be able to assume charge of his Estates the land must be sold by Court precept as soon as the laws Delay increased by every species of Chicanery that can be brought to protract the issue of

of the process shall have run its stated course -

22 - At the close therefore of the present season I shall with the Board's concurrence take measures to bring all the Estates to sale, unless indeed by decree of Court the sale is previously ordered There are many reasons which render this advisable in my opinion besides what I have stated above, and one, not the least cogent is that the enormous addition of duty which the Collector of this District has had imposed upon him as Agent to the Governor in presiding at all Criminal trials and in hearing and deciding Civil suits originating in his jurisdiction, Viz., three fourths of the whole District requires his bring

Fort St. George 19th December 1842

being freed from all duties that do not regularly devolve upon him. It is imperative besides on the Agent for the convenience of and in justice to Suitors, Vakeels and the host of parties in attendance for Civil and Criminal process that his revenue Circuits should be as limited as possible. He has not truly therefore time with due regard to other important business to visit and inspect distant small Estates nor to superintend their Settlement in a manner calculated to do justice to the charge or ensure success to his administration

From G. A. Smith Esqre
Collector in the Zillah of Rajahmundry.-

To

J. D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St. George.

(36)

From the Collr of Rajahmundry.- Submitting Statement of charges incurred for saving Salt during the freshes in September last for sanction and another of the loss of Salt thereby occasioned, for authority to write it off from the accounts, together with a Memd of Salt now remaining in the Pettapore and Mogultoor Pans; and requesting to know if any calls are to be likely on this District for salt.

Sir,

Para. 1. I have the honor to submit a Statement of charges incurred in saving 60-130-0 Mds M. S. of Salt during the heavy freshes of the Godavery in September last, and request that the Board of Revenue will be pleased to obtain the Sanction of Government for the disbursement in question amounting to Rupees 171-12-9 a p.

2. I also beg leave to submit a Statement of loss in Salt sustained on this occasion Amounting to 4-168-4, M.G. M. Svrs. which I request to be authorized to write off in my accounts.-

3. From the nature of the Country in which the pans are situated, it is impossible to avoid occasional losses both from inundations of the Sea and the freshes of the Godavery. A very heavy loss of this kind formed the Subject of the correspondence

Affording explanation regarding the payments of the arrears of Pension due to Shaik Allum & Syed Shaber Mahomed Akbar Yeomiadars as called for in the Board's letter of 24th Ultimo

Sir,

With reference to the instructions conveyed in the 2 Para of your letter of the 24th Ultimo, and the remarks of the Board contained in the Statements of Arrears of Pension therewith returned regarding the case of Shaik Allum and Syed Shaber Mahomed Akbar Yeomiadars, I have the honor to inform you that the persons in question having quitted their Station without previously obtaining leave, I was very much displeased at their conduct but as I ascertained, that an arrangement had been made by them for the continuance of the School without interruption during their absence under the superintendence of another person, I considered when they had resumed their duty and been warned not to absent themselves again without obtaining leave previously, that there was no objection to the payment of the arrears of their allowance due from 1st November 1841 -

To Do Para 20 10th Octr 1840
From Do Para 6 18th Decr 1841
Extract from the Minutes of Consultation Para 14 8th Febry 1842

Much correspondence has already passed on the subject of this balance and therefore referring the Board of Revenue to the letters noted in the margin I shall be as brief as possible in my present explanation.-

3.- In Fusly 1242 Streenevas Rao Tahsildar of the Pooleveidlah talook was offered and accepted the situation of Head Sheristadar in the Ganjam District. When he was about to leave this District numerous complaints were preferred against him of having received bribes and misappropriated the public collections- After a long investiga=
=tion in 21 distinct cases, the

Principal

Fort St. George 19th December 1842

Principal Collector pronounced the Tahsildar guilty and adjudged that he should pay the following sums:

1 Amount which by the Village Accounts and the acknowledgement of the Reddies was realized from the Ryots and which the Reddies alleged they paid to the Tahsildar. — 855 " "

2 Amount actually collected from the Ryots on account of Crops which had perished, and for which a remission was granted, notwithstanding which the money was paid to the Tahsildar who converted it to his own use. — 842-8-1

3 Amount of bribes paid to the Tahsildar by the Reddies from their own pockets — 50 7 6

Total — 1748 " "

4 Besides recovering the above amount from the Tahsildar a fine of Rupees 1895 was imposed.

5 The Board of Revenue cancelled the Principal Collector's decision, ordered the return of the fine and directed the amount to be recovered from the Reddies on the ground that they had themselves collected the embezzled

Fort St. George 19th December 1842.

embezzled money and to evade punishment, had contrived to shift it the balance from=ther, for doing which the departure of the Tahsildar from the district seemed to afford a good opportunity.

6 In obedience to these orders the whole amount recovered from the Tahsildar was repaid to him. The amount of the 1st Item acknowledged to have been collected from the ryots, but not brought to account & thus became an outstanding balance. The amount of the 2d Item having been remitted to the ryots had never been entered in the Accounts at all. In regard to the 3 item, the Amount of Rupees 50 7 6 had been returned by the Principal Collector to the parties who were supposed to have paid it to the Tahsildar, and it was paid back to him from the public Treasury and charged as an advance instead of having been instantly recovered from the person who received it from the Principal Collector as ought to have been the case.

7. Considerable difficulty seems to have been experienced in executing the instructions of the Board of Revenue.

In

Fort St. George 19th December 1842.

8 In the Summary Report for fusly 1242 Mr. Blane stated "repeated demands "have been made upon the reddies in consequence "of the Board's orders, but they have hitherto "resisted payment alleging that it would in "that case have been paid twice over and they "urge their having satisfied the Principal "Collector of their having paid the money to "the Tahsildar". In the annual report for Fusly 1249 Mr. Lewis after referring to the above remarks of Mr. Blane added "must assuredly "they will never pay even a fraction of this "sum unless recourse be had to the most severe "and severe measures which the interval "which has since elapsed and other circum "stances render highly inexpedient".

9. In reply to the above the Board in their proceedings dated 16th December 1841 observed that "the "were circumstances of the Reddies "being unwilling to pay would seem no "good reason why the demand should "not be enforced by the Collector "agreeably to the Board's orders nor "does the fact of the money having been mis-

"appropriated

Fort St. George 19th December 1842.

"appropriated at so remote a date preclude "the Board from directing its recovery "which they desire may be immediately done".

10. These instructions were received a very short time previous to my joining the District and I issued peremptory orders to the Tahsildar to recover the amount which he accordingly proceeded to do.

11 Not long after I received a Copy of the Minutes of Consultation dated the 8th February 1842 on which same date I expressed an opinion as to the propriety of recovering the amount and as further report on the subject is called for. Under these circumstances I considered that the best course for me to adopt would be to recover as much as possible of the outstanding balance but not to carry it to account till after the receipt of the final orders of Government.

12 Of the amount, the sum of Rupees 785 — 5 has been recovered and is in deposit in my Treasury. The still outstanding balance of Rupees 70 is due by an individual Ramareddy of the Village of Nagoor who

Fort St. George 19th December 1842.

who having been removed from his Office in Fusly 1245 became embarrassed in his circumstances and has since deserted from the district. I fear that this balance is irrecoverable and I recommend that I may be authorized to strike the amount out of the Accounts. I request also that I may be favored with instructions as to the disposal of the sum of Rupees 785-1-5 now in deposit in my Treasury.

13. The sum of Rupees 50-7-6 referred to in para 6 of this communication has also been fully recovered and credited to the Head under which it was originally charged.

Fort St. George.

From J. Goldingham Esqre Collr of Nth Arcot. } Para 1.

(46)

Extract from the Minutes of Consn under date 30th Septr 1842 received with Extract from the Proceedings of the Bd of Revenue dated 15th Septr 1842.

The Government having been pleased to call for further information in regard to the Villages of Eanjoor and Poongalum, I have the honor to submit the accompanying Statement shewing the sum realized in each year from these Villages since Fusly 1241 inclusive or A. D. 1831, the year in which the last incumbent Colour Vencatarauze died. The Villages came under the management of the Principal Collector in Fusly 1241 but have not been incorporated with the Ainam Villages. The Shrotrium quit rent of 60 Pagodas has been carried to account in each year under the Head of "Sodee on Shrotrium Villages" and the Collections over and above that amount have been credited as "Extra Revenue" after deducting Charges of Establishment. The Family have not had enjoyment since

* not Fusly 1231 as stated in the Minutes of Consultation.

Fort St. George 19th December 1842.

Since the demise of Vencatarauze.—

2.— The sharing system obtains in these Villages and an Amany Establishment is entertained on this account. The charge per Annum during the last 4 years has been Rupees 90-"-"- should it be determined to incorporate the Villages with the adjoining Villages, a money assessment will be fixed on the lands when the present Amany charge will cease.—

3.— Petitions No. 918 of 1842 presented to Government sets forth that the late Vencatarauze has left two sons, the elder of whom is Narrainsawmyrauze and the younger is the Petitioner Goparauze. It is urged by Goparauze that the Property of the late Vencatarauze is enjoyed by both sons 1/4 share being the portion of the elder Brother and 1 share that of himself, and that this distribution obtains in regard to the Shrotrium Village of Coloor in the Chingleput District. It appears from a letter received from the Collector of Chingleput in reply to a reference from me on the subject that

Fort St. George 19th December 1842.

that "the Shrotrium of Coloor was originally "granted to Vencatarauze and his heirs in compen= "sation for resumed Offices and privileges as one "of the Poligars of that District" and that an arrange= =ment was entered into between the Brothers "and "approved of and sanctioned by the Board of Revenue "and Government, by which they have since enjoyed "the profits of the shrotrium in the proportion of "5 and 4 Shares respectively; Subject also to the "Maintenance of certain female Members of the "Family."—

4 Narrainsawmyrauze holds certain Salt Pans in this District in his own name; should the Government be pleased to accede to the proposition of the Board of Revenue to grant 10% of the Annual Beriz of the Village amounting to Rupees 7-5-7-6-8- for the support of the Petitioner Narrainsawmyrauze with the understanding that the allowance ter= =minates with his own life, it will be for consideration whether the grant shall be in the name of Narrainsawmyrauze alone or in the names of 2 Brothers in the proportions as held in the Shrotrium of Coloor.

5 The original Petitions forwarded by Government are herewith returned.—

This amount according to the only B/216 Statement furnished to the Board under date 3rd June 1815, but the actual return shewn in the Statement which accompanies the present Communication.—

From J. D. Gleig Esqre
Pro Collr of Salem.

Sir,

(48)

In reply to your letter of the 1st September last, forwarding a Petition No. 1230 of 18 from Teertagherry Pillay and requesting to know whether he is the hereditary Curnum of certain Villages in the Tengracottah Talook and why his claim has been set aside, I have the honor to acquaint you for the information of the Board that neither the Petitioner nor his father appear have ever held the Curnumship of the Villages stated in the Petition - at the time of the Settlement, one Cauvary was the Curnum - he was discharged in Fusly 1207 for not having brought to account, certain lands yielding a Bariz of 50 Rupees - He was succeeded by one Narrainen who continued in the Situation until Fusly 124 when he died, after a service of 23 years and was succeeded by his son Shashagherry Iyah, who still holds the Office - The Petitioner, under these circumstances, has no right to the Curnumship, which he pretends to claim -

Read the following report -

To J. D. Bourdillon Esqre

Secretary to the Board of Revenue

Fort St. George -

From C. H. Hallett Esqre
Collector of South Arcot.

Sir.

Para 1

Submitting Report upon the Settlement of the district for Fusly 1251 together with the usual Statements - viz AD 1841/42 From A to J

I have the honor to submit for the purpose of being laid before the Board my annual Report on the Settlement of the land Revenue of this District for Fusly 1251 accompanied by the usual Statements enumerated in the List of Packets.

State of Season -

2 -

(50)

In the beginning of the Fusly the season was very unfavorable for the dry grain Cultivation; there were some showers in June sufficient to induce the ryots to commence their Poonjah Cultivation, but a failure of rain in July and August prevented the reaping of a rich harvest, as well as the early Commencement of the Runjah Cultivation - The freshes in the Pennar were not abundant till the middle of September, and consequently the wet Cultivation under that river, as well as under the Geddelum Chiefly in the Talook of Trwandy, was much decreased in extent. From the middle of September to the end of October rain fell throughout the whole District, In November

there

there was little or no rain, which threatened the destruction of the dry crops: however what fell at the end of December and early in January proved highly beneficial--

3. On the whole the season was favorable for commencing early Poonjah cultivation, but adverse to carry it on; and unfavorable to any extension of wet Cultivation, as well as to the realization of rich Crops were actually undertaken-

Produce

4 Thus the produce throughout the district was short, but not sufficiently to affect the price of Grain materially-

Price of Grain

A D 1840/41

A D 1839/40

per Garce

1249-95-3-1

1250-66-11-1

1251-59-11-8

5 It was stated in my report upon the settlement of Fusly 1250 that there was a decrease of 23 per cent in the price of Paddy Compared with 1249- Taking the prices from January to June, during which the heavy Kists became due, a still further reduction is observable, as will be seen in the margin. In the Southern Taloks, the price during the said period reached only Rupees 56-8-8 per Garce; and it must be borne in mind that this was the Merchant or grain dealers buying price of the Merchant or grain dealers; the expense of carriage Fees &c falling upon the Ryot

a less sum was in fact realized to him-

6. When the produce is partial or short, it ordinarily follows that the Cultivator is compensated by the increase of price. Such was not the case in the year under review, which may be readily accounted for by the unusual crops in the adjoining Zillahs more especially in Tanjore- The growers could not find a certain market for the disposal of their grain, the vast quantity daily poured into the District from Tanjore for exportation at &c Pondicherry and Porto Novo, effectually preventing any rise of price, while the scarcity of money, caused by the continued drainage during the last few years of the precious metals from the Coast &c necessarily rendered any sale at all a matter of difficulty--

7 Neither did Indigo during the same period ever command more than a barely remunerating price, and this was the more to be regretted, as the Cultivators in all parts &c have usually recovered themselves by the return from this article, when grain has not been &c profitable as a produce

Season

8. During the latter part of the year there was in Cuddalore and some other Towns and Villages much Cholera; but it did not prevail for any time, and on the

the whole it may be said the season was healthy.

9 The Cultivation of Poonjah land during the fusly under review, including the Jaghire, was 3,02,345 C or Rupees 10,98,627 - In the preceding fusly 1250 it was 3,12,523 C or Rupees 11,45,047, shewing a decrease of 10,178 or Rupees 46,421 as exhibited distinctly in the following statement.

	Poonjah Soobah	Cawnies	Rupees
1250		2,99,916	11,02,406
1251		2,91,717	10,60,874
Decrease		8199	41,532
Jaghire			
1250		12,607	42,641
1251		10,628	35,424
Decrease		1,979	7217
Total Decrease		10178	48749
Deduct Decrease by Ploughs and Axe Tax			2328
Net Decrease			46421

10 On examining the Poonjah Cultivation of the Iyen Talooks, the decrease appears to have been general except in Callacoorchy - For want of abundant rain tended much to bring about this, and the attention of many was diverted from their usual avocations to the orders and changes which resulted from the disturbances in May 1841. However, this Cultivation was in excess of the average of 5 years prior to Fusly 1251 and in consequence I am disposed by no means to look upon the result as unsatisfactory, when I consider the unfavorable

A.D. 1840/41

unfavorableness of the season - The average Poonjee Teerwah for the whole district was 3 - 10 - 1/2 per cawny.

11 The decrease of Rupees 7217 in the Jagheer has partly arisen from the re introduction of the plough and axe Tax into the Checkady Villages, this rude mode of assessment was restored by Mr. Commissioner Dent under direction of the Board of Revenue, having been abolished during the 3 preceding fusslies, by the late Principal Collector who substituted the System of assessment on the extent of Cultivation, which prevails in the remainder of the Jagheer - To keep up the Plough and Axe tax in this one spot is inconsistent, tho' at the same time it would be unfair to introduce the better practice unless on a consideration of what the land can fully yield, together with the advantages hitherto enjoyed. The subject however is fully discussed in my letter of 28th November 1842, and the survey ordered by the Board and Government as necessary prior to any change having been completed, I hope for sanction to introduce the regular assessment.

1245	2,66,684	- 9,87,815	
1246	2,44,715	- 9,14,759	
1247	2,58,377	- 9,69,298

and Indigo in Fusly 1250

N 14 Of the decrease under the Coleroon irrigation in the two southern Talooks I must more particularly speak- In fusly 1250 the Cultivation fell considerably, as explained in Para 18 of my report for that year, and the continued decrease in the year under review becomes therefore more important- The price of Grain of course has tended much to this result, but not so much, I regret to add, as the obstinate disposition and wanton neglect of the Ryots with a view to obtain a reduction in the present rates of Teerwah, three months earlier than in the other talooks the inhabitants, enjoying the irrigation from the Coleroon, obtain a supply of water; they have no ground for complaint and no claim to what they petition for, as explained in my separate communication on this subject of 27th September last in reference to Board's Proceedings of 2d December 1841 Minutes of Consultation 11th November 1841 and to the Para 17 of the Letter from the Court of Directors 21st June 1842 No. 15-

AD 1840/41

+ Para 17

N 15 The decrease under Perriaur Amounts to C 3,301 or Rs 41,078- This was spread over several Talooks as shewn in the margin; the high rates of Teerwah and these Lands will not admit of their being cultivated unless

unless the season is favorable and price of Gr.
a good average.

16. The same remarks are applicable t
the falling off under the Guddelum irrigation.

17 of the decrease of Nunjee Cultivation
in the resumed Saghire of Sunearaporum shew
above 1240 or 8,305 is nominal; it having been
occasioned by renting out to the inhabitants
1251 10 Villages, under the sanction of the Boar
of Revenue, which were assume in the previo
fusly to 1250, the remainder 76 was the falling
off over the whole Saghire or in money 2,935 rd
disproportion is owing to the low price of grain

18. The average rate of Nunjee Teerva
on the whole district was 9-7-8 per Cawny: the av
in each Talook will be found in Column 187 of
Statement A

19 The total extent of Cultivation of Garde
Land in the year under review was 1,545 or 26,618; in
the preceding fusly 1250 it was 1,993 or 34,170 thus exhib
a decrease of 447 or 7,552 Rupees. The comparis
with the previous fusly is rea
able, but on a reference to the
average of 5 years prior it would
appear that in the Syen
talooks it is greater than my

	1441	25088

have been expected from the state of the season.
About half the decrease in the Jaghcer arose from
the renting of the 10 Villages alluded to before. The
average totacal teerwah for the whole District was
Rs. a p.
17-3-7. per Cawny as per Column No.a 232 in Statement A.

20 With reference to my letters of 1.st.a
September and 12.th.a November 1841 I annex in the
margin the extent of
Totacal Land in the
Syen Talooks together
with the average extent
of Cultivation and waste,
It may be seen at a glance
how large a portion (67 per Cent) remains waste
or uncultivated. I have not seen cause to change
my opinion that, if the teerwah be assessed on this
kind of land according to the nature of its
Cultivation, benefit will be conferred on the
people and advantage arise to Government
and I trust to receiving a favorable reply.

Decrease		7,362
5 years average		44,684
Increase		2,604

In the Margin will be seen a Comparison with the immediately preceding year and also with the prior 5 years average— The deficiency in the supply of water and the reduction in the entire Cultivation will account for this, without any particular comment—

24 The Remiſsion of an extraordinary Character was granted to a small extent for damage done by Elephants, for a few cases of special loſs on 2d Indigo Crops, Vacant and for Shavy— The former was small (Rs 57-12-10:) it has been admitted during the last few years, since when the depredations of these animals were experienced, the second amounted

Cole No. 273 A

to

to 12½-8-5 both were granted only after being well ascertained in all cases to be just and expedient.

25 Having found during my circuit that there really had been actual loss of crops by drought which merited indulgence, considering other disadvantages of the season, after personal enquiry, I resolved to reject all claims for shavy Poonjee, and on lands where the Crops had been reaped or eaten off by cattle, and to allow remission for Assessment where visible, on the following sale-

Full remission for loss on Kist when the whole Puttah was 20 Rs or under-

Ten per Cent when the Puttah was from 20 to 50 Rs-

Five per Cent when it was from 50 to 100-

This afforded much satisfaction as benefitting it was really needed, the entire amount written off was Rupees 782-2-4

Col No. 272 Statement A

26 The annexed figured Statement shews the Net Collections and Deductions, including of the items discussed in the preceding para which alone call for observation. It will be seen that the total final settlement was

At the beginning
the Fusly when I joined, I found the
standing balance to be Rupees 2,67,9
13-10. here was the first hindrance
the punctual payment of the Revenu
for 1251. Every Rupee paid up was
much deducted from the means poss
to meet the demands for the year an
revi

A.D. 1841/42

Fort St George 19th December 1842

review. Then followed the unfavorableness
of the season producing short Crops - ac-
companied by the unusual low prices
of grain and Indigo. Throughout the year
the Ryots have experienced the greatest
difficulty in meeting their engagements
and it has been to me a source of very
great satisfaction that with exceptions
here and there, they have exerted themselves
to their utmost. In some cases where I was
aware that among the influential inhabit
ants payment was kept back from bad
motives. I found it necessary to seize and
sell personal property - this in all amounted
to Rs 137-15-10 appertaining to 8 individuals.
My repeated reply to all Petitions for
time or remission was "shew a disposition
to pay little by little" and my positive
instructions to all Officers were to rest
satisfied when such a disposition was evinced.

The French Government
29
gave a remission of 16 per Cent on wet and
9 per Cent on all dry Crops calculated
on the difference between the current price
of grain and that taken in fixing the
original Assessment. and also for shavy;
which

which favor, as their Villages march with ours caused our people to consider themselves aggrieved. Indulgence also having been officially shewn in Tanjore tended to keep these feelings, as might naturally be supposed.-

30 Considering all these circumstances I hope the Board will agree with me in thinking that the present state of the outstanding arrears reflects on the inhabitants generally as displaying a disposition under adverse circumstances to do the best towards meeting their engagements.-

31. I should not have said so much, and certainly a word more but that I fear the Board may on a recollection of the high assessment, the difficulties of the year, come to a conclusion that I should have recommended similar favor to that granted in Tanjore to have been extended to South Arcot; at any rate that I should have been content with less punctuality. I will therefore, some reasons for the course I pursued.-

32.- All demands should be paid up if possible by the close of the Fusly, and certainly no collection of

prior due should be permitted to trench upon a Ryots means of payment for the current year. From multiplied causes these principles in the realization of fixed assessed Revenues cannot be strictly acted up to but it is desirable always to retain them in view. I accordingly persisted in pressing for payment, tho' the People were compelled to exert themselves and very unwillingly sold their produce at the prevailing very low market rates. I feel sure that it was for the best, for prices have never risen so as to have given sufficient remuneration for keeping back, and the cultivators commenced the payment of their Kists for the current year without being distressed by any heavy additional demands, which would have been the case had I given them 3 or 4 months time. Such a course no doubt grants a temporary indulgence, but it assuredly proves often a permanent injury.

33 In two Talooks my head Assistant performed the duty in all the remainder I in person distributed the Puttahs; arranged all disputes, of which the most serious were respecting the possession of Lands, the titles to which had been affected by Mr. Commissioner Dent's orders at the commencement of the Fusly or were about to be affected by the decisions of the Courts in Suits brought against the late Principal Collectors and concluded the Settlement.-

Vide separate Letter to Board dated 9th Jan 1843.-

34. I annex for more full explanation a Table of all branches of Revenue as well as the Collections made within and subsequent to the close of the Fusly under review.-

J.G.B.

35 The prohibitory order of the 24th February last forbids my saying much regarding Marahmut it is to be hoped that the Government may soon be enabled to conceal es it, as the formation of roads building of bridges and improvements of the irrigation are loudly called for and really required.

36. I have the honor to enclose the Report of my Sub Collector Mr Murray on the Settlement of 4 Talooks placed under his special superintendance, its consideration is embraced in my own report, I have always remarked in this officer a close attention to his duties and in their performance I have every reason to be satisfied.

37. During the whole year I had the aid of my late Head Assistant Mr Cunliffe from whose long experience in the District and particular interest in every thing regarding it, I derived every great assistance on all occasions.

K.

Proclamation.

All lands which are liable to be restored under the Commissioner's Isteyar of 16th June 1841 will be entered in the names of the Kyputdars for the current fusly.-

The Kyputdar if he does not wish to have the land must give moochilka without delay to such effect if it be allowed by him to remain in posession of the Durkastdar future objection will not be valid.

All such lands which have not yet been cultivated in current fusly to be given up to the Kyputdars with-out any delay.-

No cultivation by the Durkastdar holder on any such land is to be allowed after publication of this Sicky if any be made it must be at his own risk.

Where any cultivation remains from last fusly or has been already in this fusly by the Durkastdar holder, he and the Kyputdar in whose name the land is entered, must enter into a Razeenamah

Fort St. George 19th December 1842.

Razeenamah before the Village Officers immediately - such Razeenamahs, settling the date of delivery of the lands the shares of teerwah to be paid - disposal of the crops or compensation for the crops will be approved of by the Collector without any objection.-

7th August 1841. / Signed / C. H. Hallett.
Collector.

L.

Translation of a Circular order issued to the Tahsildars dated 21st September 1841.-

It appears that the claims of certain Kyputt Lands are making unnecessary delay in taking posession of their lands as required in the Proclamations, respectively dated 16th June and 7th August, you are therefore required to give notice to the people in general, that the Kyputdars who have not already done so, should by 15th October, take charge of their lands, under the above Notices, and you are to deliver the lands to those who may appear before you for that purpose. In the event of any Kyputdar not having conformed to this order by the above date and applying to you subsequently for the land, you are

are not to comply without the sanction of the Hoozoor. In such cases you are required to report to the Hoozoor the reasons which are assigned for the delay whereupon instructions will be sent to you for your guidance. -

/ Signed / C. H. Hallett
Collector.

M.

Translation of a Circular Takeed given to the Tahsildar. -

The following rules are to be observed in preparing Pottahs for the Kyfut Lands referred to the orders issued by the Commissioner under date the 16th June 1841 as well as by me on the 7th August and 21st September last. -

1. All land in question which have not been obtained by the Kyfutdar on regular application and which remain waste on the 15th October 1841 shall remain in the profession of the Durgast holder the Kyfutdar's claim having ceased on that date by his neglect to obtain them previously on Moochelka or application.

2. All the said lands which have been made over to the Kyfutdar before 15th October 1841 on Moochelka should be entered in his name whether cultivated or not. -

3. All the said land which have been cultivated by the Kyfutdar before the 15th October 1841, without a formal transfer by the Tahsildar on Moochelka shall likewise be entered in his name. -

4. In cases where a Kyfutdar, without reference to the Tahsildar, had cultivated before the 15th October 1841 a part of his kyfut Land, & left the other part waste, the same extent of cultivation shall be entered in his name. the claim of the Kyfutdar for the uncultivated portion, having ceased on the 15th October 1841, and no transfer having taken place as per terms of the Istyar, it must remain in the posession of the Durkast holder to be cultivated by him either in this or in coming Fusly. -

5. All lands which have not been obtained upon Moochilka, or cultivated by the Kyfutdar before the 15th

Fort St. George 19th December 1842

15th October 1841, and remaining waste in which the Durkastdar has made any cultivation after that date, shall be entered in his (Durkastdar) name.

6. All lands which have been cultivated by the Kyputdar after the 15th October, without previously obtaining the same on Moochilka as per of the Isteyar, shall be entered in the name of the Durgast holder - but the cultivator having forfeited his claim by his own neglect, may enjoy the crops on pay the teerwah for this Fusly & then up the Land to the Puttahdar.

7. All lands, which have been cultivated by the Durkast holder before the 15th October 1841, and the Kyputdar precluded thereby from obtaining possession thereof upon Moochilka within the prescribed time, shall be entered in the of the Kyputdar agreeably to Isteyar 7th August last, and the lands in question shall be put in his possession immediately, should the parties enter Rauzee; but where a Rauzee has been made, the lands if Poonjee on

Fort St. George 19th December 1842.

30th April, and if Nunjee and Totacal at the close of the Fusly, shall be put in possession of the Kyputdar for Fusly 1252. but in such cases Moochilka must be entered into, that they require the land for cultivation.

But the Kyputdars are hereby to understand that the entry in their Puttah for the lands referred to in the preceding Para confers no right to it whatever, till they fulfill the terms of Mr. Dents' Isteyar order of 16th June 1841 by taking up the Land and Moochilka for Fusly 1252

17027. Fort St. George 19th December 184

1252 at any time between this peri
and the 15th May 1842.- If the
fail to do so the Lands shall
remain in the profession of the
Durkast holder and the entry
in Kyputdars name is to be
considered -null and void- a
note being entered in their Bitte
to this effect.-

This land is your
property by order of Mr. Commiss
Dent. only if you give a Moochulk
for Fusly 1252 according to he
Istyar of 16th June 1841.-

/ Signed / H. C. Hallett

Collector

To

17028. Fort St. George 19th December 1842.

To The Collector of
South Arcot.

Sir,

I have the honor to transmit herewith the Statements noted in the Margin relative to the settlement for Fusly 1251 of Talooks under my charge, being Verdachelum, Bowangherry, Ellavanasore and Cudda-coorchy.-

Para 1.
A. Ain Summabundy Statement
B. Abstract of Do. - - - - -
C. Comparative Statement.
D. Sevoy Summah - - - -

2 The Amanie Land Revenue in the preceding Fusly was Cawnies 1149-6-10 1/2 amounting to Rupees 68,316-4-10. Deduct the following Reahutts Coulee Manawaree, Remission to the Ryots for drawing water by means of Peotahs or one fourth Seervah and Poligars Punnagum or half Seervah amounting to Rupees 3835-9-10. There remains Rupees 64,480-11-0. In Fusly 1251 the Amanie Land Revenue including Poonjah, Nunjah and Tolacal is Cawnies 1391-29-14 1/2 amounting to Rupees 73,098-11-11. Deduct the Reahutt Items, remission to the Ryots for Shawee, and the remission under Mr. Collector's order, total amounting to Rupees 3757-8-1- the remaining Rupees 69,341-3-10 - is the Baring of Fusly 1251. The Net decrease in the Amanie Land Revenue in the present, below the preceding Fusly, including Poonjah, Nunjah and Tolacal is Cawnies 1837-12 1/8 to Rupees 34,139-7-2. as shews in the annexed Comparative Statement.-

Comparative

17031 Fort St. George 19th December 1842

The season in the commence-
4 -ment of Fusly 1250 was most favorable and
shews a considerable increase above that of
the present Fusly 1251. Owing to a deficiency
of the local rains during the months of
Audy and Avenay for the cultivation of
Poonjah, and in Carthekay the total want
of rain for Nunjah caused a great defici-
-ency in the cultivation of both Poonjah,
Nunjay and Totacal for the present Fusly.
The following Memorandum will shew
the esctent of Cultivation in each Taloob
compared with that of the preceding Fusly.

	Increase					Decrease				
Audy	15-11	5 3/4	"	"	"	"	"	1,601	5	5
Avenay	"	"	"	"	"	10,297	13	5,405	8	2

Carthikay	"	"	"	"	"	2,809	4 3/8	22,677	"	10

The Pattahs were distributed
5 in each of the four Taloobs in my presence
and an opportunity afforded to each Ryot
of

of stating any objection he might have t
the Government demand against him
Shavee included, for which remission w
demanded - On examination into the c
wherein Shavee was complained of, it w
found that the amount of Shavee amou
to a mere trifle in certain Villages in th
Talooks of Viridachellum, Yellavanasore
Cullacoorchy and none was granted - In
the Talooks of Bowangherry where there
a large extent of Kunjah Inamavas
lands dependant entirely on the peri
=dical rains
Shavee to a Considerable extent exist
The Tahsildar was ordered to examin
and report on the Complaints prefer
by the Ryots who presented a State
showing Kunjah Shavee amounting
Cawnies 474-9 3/4 Teerwa Rupees 366-7-7
existed in 49 Villages, but on the
Tahsildar, Sheristadar and other pub
servants being sent to inspect and
=sure the whole lands where Shave
was said to exist, it was found tha
annuals of the land on which remiss
was claimed, the Crop had been cut,

it yielded a very small return, and on other
lands the Ryots had allowed their cattle
to graze on the Crops which had not yielded
any return, on these no remission was
granted - only on lands where there was
"Verataje" or destruction of seed from
drought or flood, or where the Crop was
abandoned and which appeared on the
ground amounting to Cawnies 50-14 1/2
Rupees 326-13-2, and even upon this
last it was found that the per centage
on the whole Puttahs of the Ryot was
so small, that it was unnecessary to
grant remission, only on a few lands
where the loss was severe was a deduction
allowed amounting to Rupees 181-4-9 -
The totat amount of
land revenue of Fusly 1250 as per Com=
=parative Statement C amounted to Rup=
=pees 7,30,632-2-4 and that of Fusly 1251
Rupees 6,95,809-11-2 shewing a Net decrease
of Rupees 34,822-7-2 of which the sum
of Rupees 34,639-6-5 is to be ascribed to
the failure of seasonable rain, the sum of
Rupees 181-4-9 to remission granted to the
Ryots for Shavee, and the sum of Rupees 1-12-4
was

was also occasioned by the remissions and
Mr. Collector's order.-

7 There is an increase in the
Extra Collection Rupees 162-4-9- In Fusly
1250 the amount being Rupees 522-15-3-
in Fusly 1251 Rupees 685-4-0 difference
Rupees 162-4-9-

8 The Abkary Revenue of
Fusly 1250 was Rupees 10845-4-0 and the
of Fusly 1251 Rupees 9430-4-0 showing a
decrease of Rupees 1395-0-0 in consequence
of tenders for the same having been
less in this year.-

9 There is an increase in the
Sundry Collections of Rupees 60-5-6 being
Rupees 532-15-3 in Fusly 1250 and Rupees
593-4-9 in Fusly 1251.-

10 In the Sayer Collections
there is an increase in the present on
the preceding year of Rupees 15,608-10-0
being in Fusly 1250 Rupees 50,517-15-2 and
in Fusly 1251 Rupees 66,126-9-8- This
principally arises on the increase of
Indigo, Gingely Oil seed, and Tobacco.

11 There is a decrease in the fees
on the sale of Salt amounting to Rupees 305-

In Fusly 1250 the amount being Rupees 27,592-
0-0 and in Fusly 1251 Rupees 24,565-7-1-
0-0 This decrease is to be attributed to the
insufficiency of Salt for sale- On the 17th
July 1251 fusly, the quantity in store at
the Salt pan of Teagavelly Bowanghierry
Talook amounted to Garces 111, Mercals
308- which quantity was disposed of between
the months of July and January, so that
none could be disposed of until the 15th
May when the manufacture of the new
Salt was commenced, and though a
considerable sale took place after the
manufacture of the new Salt, yet still
the deficiency arising from the want
of sales in February, March and April
could not be made up- There being a
deficiency at the Salt Pan in Fusly
1250, orders were issued to the Tahsildar
to have this rectified by increasing the
manufacture of Salt for Fusly 1251, so
making up the amount of Salt to
Garces 306-295 Mercals.-

The subjoined abstract
Statement will shew the Net amount
in all sources of Revenue.-

13

The total Bariz of Land Revenue of the present Fasly 1251 is Rupees 696494-11-2 of which the sum of Rupees 392671-12-6 was collected up to the 11th of the Month of July 1842. the remaining out-standing balance against the four Talooks is Viz.t.-

	Rs.	A	P
Bowanghery Talook	34398	10	7
Verdachellum Do	18254	7	0
Yellavanasore Do	44196	13	7
Cullacoorchy Do	9972	15	"
Total Rupees	103822	14	8

The causes of so heavy an outstanding balance may be attributed, partly to the want of the periodical rains and deficiency of Crop, particularly Kumpah, and partly to the great importation of Paddy from the neighbouring Districts of Tanjore and Trichinopoly, both of which are amply watered and enriched

enriched by water brought from the Co-
-leroon, which kept the prices of all sorts
grain at a price much below the usual
standard - At the time of Pymash when
the rent was fixed at Cullums 5 per
Pagoda, this season the prices fell to
7 Cullums per Pagoda a price most
ruinous to the grocers, and in consequence
the cultivators seeing the heavy loss
they must sustain, were induced to with-
-hold their grain for better prices in which
I am grieved to add, they were most
disappointed, although considerable
delay was granted for the payment of
Rists, this season they have not only
suffered severe loss but have been re-
-duced to great distress - Since the Pa-
-mahbundy settlement, the greatest
part of the outstanding balance has
been collected and there only now remains
a balance of Rupees 2982-8-0 against
the four Talooks which has been ordered
to be collected with as little delay as
possible -

4 Besides the above reasons
for the outstanding balance not having

been collected, I may add that there
has been a great scarcity of money
all through the division which has been
most severely felt, and the poorer
class of Cultivators have been thrown
into the hands of a few monied chet-
-ties, who from the exorbitant interest
demanded, will, I fear, be -
completely ruined, and should they
be, the difficulty of realizing the
revenue will be yearly more dif-
-ficult -

The foreign trade -
in this division is nearly extin-
-guished; the principal was In-
-digs and Cloth; the former several
years since sold at the rate of Pago-
-das 200 per Candy for the English and
French Markets; this price has
dwindled down to hardly remune-
-rating prices, last season Indigo was
disposed of at Pagodas 95 per Candy,
a price hardly remunerating the ma-
-nufacturers - The trade in blue cloth
has in this division ceased; none
being now made, and the white cloth

manufactured

manufactured for exportation to the Eastward has of late years greatly diminished, on account of the great export from England to Penang and Singapore of Cloths of a finer description, the price of which has been so low as superseded the cloths manufactured in this District. For several years past the trade has been gradually diminishing and the Merchants not now giving advances for the growth of Indigo, on account of the difficulty of realizing their advances, a great distress for money may be yearly looked for and

and as the tirwah upon the land in this District is exceedingly high, the cultivators will be unable to pay their Kists. and Government revenue will greatly diminish.

In conclusion I beg to add that during the last Fusly, I have received the greatest assistance from the great abilities of my Sheristadar Krishna Row, and shall be glad to hear of his promotion.

To J. D. Bourdillon Esqre.

Secretary to the Board of Revenue Fort St. George

(57)

From J. F. Bishop Esqre. Acting Principal Collector of Tanjore - - - - - - Para 1

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 1st December, calling for an entirely different form of report on the outstanding balances of this District, to that submitted on the 1st October last. A similar form having

Informing that the instructions of the Board on their Proceedings of the 1st December 1842 for further explanations on the outstanding balances will be attended to.

10th February 1831

been furnished on a former occasion, and sanction for the writing off of the balances having been obtained thereon, guided me in the adoption of a like one in the present instance. The instructions of the Board contained in their Proceedings will have my earliest attention; but from the number of defaulters, and the great mass of accounts which must be gone through, to ascertain all the points called for, considerable time must of necessity elapse in framing a detailed report.

2 With reference to the 8th Para of the Extract under acknowledgement, I have the honor to state for the information of the Board, that subsequent to the receipt of the Extract from their Proceedings of the 28th April, the defaulters alluded to therein, entered into agreements to pay up their arrears, which were considered by me preferable to urging the sale of their property; they have however

since

17047. Fort St. George 19th December 184

since failed in acting up to their engagement, and the circumstances connected with their balances will be brought to the notice of the Board as directed. The above circumstances have been, by an oversight not communicated, and for this forgetfulness, I must solicit the indulgence of the Board.—

17048. Fort St. George 19th December 1842.

Read the following letters

To J. D. Bourdillon Esqre.
Secretary to the
Board of Revenue
Fort St. George

Sir,

59

From E. B. Thomas Esqre. Acting Collr. of Tinnevelly } Para 1.

Pointing out the difficulty, delay and expense likely to attend a scientific survey and recommending for consideration of the Board, the adoption of the ordinary Revenue survey as conducted in other Districts on the principles of the Revenue Surveyors.

Not having received any Official Instructions as to what was intended to be comprized in the Scientific part of the survey directed by Government 30th May 1842. and adverted to in Sir Henry Montgomery's letter to the Board of 16th August last, and being anxious in accordance with the wishes of the Board and Government to commence the survey as soon as the seasons and state of the crops permit. I venture with great deference before any final orders are received to express my fear that the additional labour delay and expense of a scientific Survey if it is to extend beyond a careful measurement and classification of lands, will probably more than outweigh the practical and real benefits likely to result from it, and I cannot but think that an ordinary Revenue Survey conducted with care and vigelance under

under the surveillance of the Board, and on the principles of Sir T. Munro, Mr. Thackeray and other able examples will secure to the Government and the people all that is chiefly valuable.

2. It is with great diffidence that I express any opinion seemingly at variance the views of Government, and the Board. I am ready to undertake to the best of my ability, and without any desire to spare myself, whatever the Board may finally decide on, but having given the subject my anxious consideration, I deem it my duty to bring it to the notice of the Board, that I shall then be prepared to carry out whatever they think proper to order.

3. Without any definite explanation to guide me, I conclude the "Scientific" which has for one of its objects an exact and final measurement of all the lands of the District from a field upwards by scientific agents and instruments, an Officer of the with an adequate Establishment, will doubtless in time be able to accomplish this and possibly with considerable accuracy but it will be

cost of much time Money, and labour; and I should fear a sufficient number of qualified subordinate Agents for this purpose will hardly be found. If at last successfully completed, it will add another able record to the already voluminous files of Government, but I fear that no adequate, real or practical benefit will result to the Ryot of Tinnevelly, nor consequently to the Government whose Interests and welfare I consider one of the ultimate well being of the cultivators of the Soil being the chief object Government has in view in this Survey.

4. The extreme accuracy and precision perhaps attainable in measuring by scientific Instruments and calculations are I think hardly necessary in the present state of Tinnevelly, the great body of the Cultivators are illiterate and much of the District waste, were the people highly civilized and the Province in a high and entire state of cultivation a measurement giving with Mathematical accuracy, the area of every field Village and Taluk, might be needful, and would be

Fort St. George 19th December 1842.

be duly appreciated, but at present it would be like applying an elaborate and expensive piece of Mechanism to effect a result which is attainable for all practical and useful purposes by a simpler cheaper quicker more usual process and one better understood by the people to whom it is to be applied. An efficient Measuring establishment (as already sanctioned by Government) proceeding cautiously under the vigilant inspection of the Collector and his Head Servants, and accompanied and watched by the People themselves, will I think attain measurements sufficiently accurate for all practical purposes, to determine the rights of land, boundaries, and rights, and obviate future disputes.

5. The still more important and difficult operation of classing the soils accurately with reference to inherent or acquired fertility means of irrigation, Markets, situation and other points must I conceive be a

Fort St. George 19th December 1842.

by the Collector and his Establishment who are best acquainted with the previous and present state of the land, Crops &c. I am not aware that an Engineer Officer or his Department could afford much aid in this, when therefore I venture to suggest an Ordinary Revenue Survey in place of a scientific one, I propose to increase not lessen my own labour and anxious responsibility. If an Officer and Surveyors be deputed to complete a scientific measurement, I could not of course presume to controul or interfere with that portion of the work and should only have the classification to attend to. I fear the two Establishments the native portion of them, could not practically work together the Surveyors, chiefly Indo Britons, or Natives, strangers to the Province, would probably understand as little of the classing of our soils as the "Jassiers" of the Collectors Establishment, would of their Theodolite.

6. If the Collector be ordered as I have suggested to undertake both the Measuring Pymash and

and

and assessment I should then only require the aid of a small surveying Establishment with one good efficient Surveyor whom I might depute to different parts in various directions (whenever information or accounts led me to suspect inaccuracy or fraud) to test by re-measurement the work done by my people, a knowledge of this impending check would keep them circumspect and when not thus tested previous measurements I should employ the same Surveyor (in communication with the permanent Engineer of the District) in ascertaining the roads, and means of irrigation making Estimates, or suggesting improvements for the benefit of cultivation generally which going over the measuring and classifying would materially tend to conciliate and satisfy the Ryots especially when the assessment, as may be the case in some lands will have to be raised; a process which however justly willingly accedes to. To know the precise state of fairs of a Village and all its fields, will not

add one acre more to the Ryots cultivation, nor one Rupee to the coffers of Government.

7. The difficulties and obstacles in the way of an Ordinary Revenue survey are well known to the Board and have been fully exemplified in Tanjore and other Districts. and in the more scientific and elaborate attempts in other presidencies, the accuracy at last attained has I believe been found outweighed by the extreme expenditure of time Money and labour necessary to complete an entirely scientific survey I am not aware that it can after all embrace more than a precise measurement of the whole area of the District if the agricultural Mineral and other resources of the Province are not yet fully developed they can best be brought out I think by a light assessment as the surest and only effectual means by allowing every Ryot the full and unfettered benefit of all improvement effected by his own capital skill, or labour and by the combined and continued attention

17055. Fort St. George 19th December 1842.

attention and energies of the former Engineer and Collector of the District.

8. Begging to apologize to the Board for occupying their time at greater length than I at first intended though the subject is an important one

Tinnevelly 22nd November 1842. } (Signed) E. B. Thomas. Acting Coll.

Order thereon.

59-60

Ordered to be sent again in circulation.

From E. B. Thomas Esqre
Acting Collector.

To J. D. Bourdillon Esqre
Secretary to the Board of Revenue
Fort St. George

From the Actg Collr of Tinnevelly. } Sir,

61

Some uncertainty prevails as to the terms of European taking land for cultivation, building yards and as several already hold and others are likely to require lands in this District, I beg the favour of you informing me if these rightly apprehended the intentions of the Board

E. B.

17056. Fort St. George 19th December 1842.

Board on this subject. From the Court's orders 29th April para 17, conveyed in Board's Proceedings 29th August 1842 I understand, that any European requiring land for Coffee, Sugar, or other cultivation of whatever kind, is to pay the simple Munjah or Seerjah rate according to the class in which the land happens to be, without reference to the Crop: but when dwelling houses, Gardens, Store houses, or Cotton screw premises, are subsequently formed within these grounds, I am not quite clear as to whether any further tax is to be levied? Also, as to whether the Ordinary Revenue pullah, or lease, of the District, (on which the native Cultivator holds,) without the form of a grant, is not sufficient to enable the European occupier also to hold, and if he wishes, to sell, such property? Though "a grant for purposes of cultivation" is the term used in the Board's Proceedings of 29th August 1842, yet I conclude it is not meant that the usual pullah granted by the Collector, is insufficient. The Rules formerly issued by the Board 2d April 1833 refer

8

I apprehend chiefly to lands for dwelling houses, and are probably abrogated, with all former Rules, by Act 3 and 4 of William 4th Chapter 85 Section 86.

2.— Houses and lands have been and are still held on so many different tenures during the last 40 years in this District, that I am induced to make this reference to obviate future doubt, and to prescribe one Rule for all, as I conclude is intended whether European or Native: a reference on this subject has also been made to me by several European Merchants and landholders in the Province, and I defer answering several applications for Grants, till I have more fully the Board's intentions on the subject.

Tinnevelly 1st December 1842 } / Signed / E. B. Thomas Ag. Collector.

From
H. M. Blair Esq.re
Principal Collector of Canara
To J. D. Bourdillon Esq.re
Secretary to the Board of Revenue
Fort St. George

From the P.l Coll.r of Canara

Sir,

I beg leave to state for the information of the Board, that the further information relative to places of Native worship in this District, and the arrangement proposed for the relinquishment of all Government interference in their management, called for in the proceedings of the Board under date the 15.th Ultimo, shall be submitted in a few days; as in consequence of a press of other business I have been unable to complete the report before quitting the District.

65

P.l Coll.rs Cutcherry,
Bylhully 2.d December 1842

/ Signed / H. M. Blair
Principal Collector.

Ordered thereon.

Ordered to be recorded.

65-66

From
H. M. Blair Esq.re
Principal Collector of Canara
To J. D. Bourdillon Esq.re
Secretary to the Board of Revenue
Fort St. George

From the P.l Coll.r of Canara

Sir,

1. I have the honor to inform you, for the information of the Board, that I have this day delivered over charge of the district to Mr. H. C. J. Forsyth the Sub Collector, and that I shall proceed shortly to Coorg under the leave of absence granted me

67

me by Government under date the 15.th Ultimo.

2. Mr. Forsyth's receipt for the balance of Cash in the Treasury is herewith submitted.

3. In quitting the district at this time, I beg to observe, that when submitting my application for 3 months leave of absence, I had no expectation that Mr. Forsyth was likely to take up his appointment of Sub Collector of this district, which he had not previously joined. As that Gentleman, though distinguished as a Judicial Officer, has never, as I am informed by himself, done any duty whatever in the Revenue Department; and as the Summabundy of the district must be commenced before the expiration of the 3 Months leave granted me by Government, I feel, that under these circumstances, I should scarcely be doing right in availing myself of the full period of absence from business I had wished for. I therefore propose returning in the course of next month, in order to commence the Settlement myself.

Principal Collector's Cutcherry,
Bylhully.

69

From the Collector of Malabar.

Submitting for consideration a few observations connected with the Board's orders on the charge against the Fiscal of Cochin for keeping back bidders from the Abkarry Farm.

Read the following letter

From H. V. Conolly Esqre.
Collector of Malabar

To J. D. Bourdillon Esqre.
Secretary to the Board of Revenue
Fort St. George.

Sir,

I have the honor to acknowledge the receipt of the Board's Proceedings under date the 28th Ultimo informing me that the Board cannot concur with me in thinking the Fiscal (of Cochin) guilty of the charges preferred against him and making certain remarks on the irregularities which have taken place in conducting the examination.

2 It is my wish, as it is my duty to attend implicitly to the directions which I receive from my superiors, and I trust I shall not be considered to write in any spirit of captiousness in making a few observations on one or two points connected with the Board's orders.

It is remarked that, the mode "which Mr. Conolly has chosen for bringing "this to the notice of the Board is considered to

"to be irregular and inconvenient. In any "future case of the same nature he will be "pleased to complete the investigation and "pass sentence in the manner prescribed "by Regulations IX of 1822 and VII of 1828; and "any proposition regarding it that he may "wish to bring forward should be founded "on such Proceedings and sentence". But with every deference to the Board's opinion I would remark that the principal charge against the Fiscal appears to be one which could not be brought under the provisions of the first named Regulation without considerable difficulty. The complaint, as it originally stood, was for unduly exerting his influence to keep back bidders from the Abkarry Farm and it seems to me that this falls much more naturally under the provisions of Section IX Regulation II of 1803 than those of IX of 1822. The second charge of having formerly taken a bribe of 225 Rupees which would naturally have fallen under Regulation IX of 1822 came forward, as I explained in my letter to the Board, incidentally on the examination of the first charge, and was in every respect one of secondary importance.

I

I will of course attend to the wishes of the Board for the future, and where it may be practicable, will try all cases of misdemeanor against Native Officers of rank in the manner laid down by the Board, but I trust to be pardoned for remarking that the plan I pursued in the present instance of requesting the Board's orders prior to passing my open judgment / without however shrinking from the responsibility of an opinion) has, in cases, at least where some question may exist as to the view which will be taken by the Board, the no slight advantage of preventing the injury which the Collector's authority receives from having a man returned on him of whom he has publicly pronounced his condemnation.

The plan too, of presuming all the papers necessary to form a judgment are laid before the Board, is not I should think altogether objectionable even as far as their time and convenience is concerned. A suspended or dismissed servant of rank always and naturally appeals

appeals and at one time or other these papers must be looked into by the Board - I may and that I had pursued a similar course in the instance of the Tahsildar of the Neilgherries, without incurring the expressed, disapprobation of the Board.

The Board remark (in Para 4) "on the irregular method in use of renting the abkarry revenue at Cochin" and observe "that in every other District they believe that such rents are openly put to action on a day fixed and previously made public in the presence of the Collector himself or one of his European subordinates." A plan which they desire be adopted henceforward in Malabar. I beg to observe that this practice is at present observed in Malabar wherever it is possible. The Government rents of Calicut and the adjoining Talooks are always publicly notified some time before the time of bidding and then sold in my presence. Those of Tellicherry in the presence of the Sub Collector. those of Palghaut in the presence of the Head Assistant. but

there

there are rents in localities where no European Revenue authority is to be found as Wallowanaud, Coddinganad, Cochin - and here it has been found necessary to put up the farm in the presence of the Chief Native Officer, who reports the biddings which are made before him for the approval and sanction of the Collector. As all the farms are sold so much about the same time, it would be difficult with the limited European aid at my command to detach an Assistant to each place and superintend the various sales, and in this point therefore I would suggest the further orders of the Board. As I am with reference to the latter part of para 4 to understand that in all cases the preliminary biddings should be done away with and the farm knocked down in one day to the highest bidder, subject however to the approval of the Board of Revenue? These preliminary biddings are not known in Calicut, but they appear to have been in use at the other

other places for many years past, tho' at Tellicherry I had virtually done away with them this last year by requesting the Sub Collector to complete the sale at once, if what he deemed a fair offer, was made.

The custom of having preliminary biddings is always observed by the Judicial Court of Malabar in the sales of land.

/ Signed / H. V. Conolly
Collector.

Calicut
6th December 1842.

Ordered that the following letter be sent in reply.

To The Collector of Malabar

Sir

I am directed by the Board of Revenue to acknowledge your letter of the 6th Instant replying to the Board's Proceedings on the case of the Fiscal of Cochin.

Adverting to your remarks on 2. the first point which you notice, the Board desire me to repeat that they consider it on many accounts preferable that

To the Collr of Malabar

In Con. 19th December 1842.

(19-70)

that in cases where public officers are arraigned on charges for which a specific punishment is provided by law, the investigation should be formally completed and sentence passed. This is the course prescribed by Regulation, and one advantage belonging to it, the only one which will here be noticed, is that the Collector is likely to give a more careful consideration to the case when passing sentence. In the present instance it would most likely not have remained for the Board to notice the omissions and irregularities formerly remarked, if you had gone into the merits of the case as closely as you would have done in passing a formal decision. I am further directed to say that the mode of proceeding followed in the case of the Neilgherry Tahsildar was disapproved, but special notice was not deemed necessary.

3. With reference to the second point that you touch upon; the Board are desirous that the old mode of letting some farms in your District should

should be altogether discontinued. If it is found inconvenient or impracticable to send a European officer to any place where biddings have hitherto been taken, there will be little hardship in requiring the bidders to attend before the European Functionary nearest to such place. As to preliminary biddings the Board wish them to be universally put a stop to. They are intrinsically objectionable; they are not found necessary in other districts, and in Malabar likewise, the Board are persuaded that it is only requisite that bidders should be assured that the system has been abolished, to obtain equal offers at a single putting up.

Revenue Board Office
Fort St. George
19th. December 1842.

/Signed/ J. D. Bourdillon
Secretary.

Read the following letters.

From J. Robertson Esqre.
Collector of Madras

To J. D. Bourdillon Esqre.
Secretary to the Board of Revenue
Fort St. George.

71

From the Collector of Madras - - - - - Sir,

I have the honor to report that

that a Certificate was issued on the 22d January 1816, No. 4, to one Toolacanna Moodelly for an allowance of Rupees 120-0 per annum for the suppression of Salt Manufacture at Erroongoonum. In 1825, he transferred to his Brother Appasawmy, a moiety of his interest in the grant, Rupees 60-3-0, and retained for himself the other moiety, Rs. 60 3-0, which he continued to receive up to the 11th January last.

2. Toolacanna Moodelly having died on the 12th July, his son Vaziaraw=gawa Moodelly applied to me for the grant of a fresh certificate in his name; but, on enquiry, it was discovered that the applicant had a Brother, Rungasawmy Moodelly. Their mother has now solicited that a Certificate may be made out in the joint names of her two sons. As this arrange=ment appears to be unobjectionable, I beg leave to recommend that the necessary sanction may be obtained for the renewal of the grant to the Toolacannas

Toolacanna Moodelly in the joint names of Vaziarangava Moodelly and Rungasawmy Moodelly, and for the payment to them of the arrears of Com=pensation remaining undrawn for 6 Months or up to the 11th July 1842, Rupees 30-1-6.

The Certificate No. 4 was

3.

issued for the amount exhibited in item No. 24 in the list sub=mitted to the Board on the 1st April 1813.

Madras 5th December 1842

(Signed) A. Robertson
Collector.

J. G.

17074. Fort St. George 19th December 1842.

To

J. D. Bourdillon Esqre.

Secretary to the

Board of Revenue

Fort St. George

From A. Robertson Esqre. Collector of Madras } Sir,

73

I have the honor to acknowledge the receipt of your letter under date the 6th October last calling upon me to consult with the chamber of Commerce as to the propriety or other= =wise of fixing the Tariff valuation of Sugar if not permanently at least for 1 or 2 years and to furnish a Tariff prepared accordingly for sub= =mission to Government.—

2. I now submit copy of my correspondence on the sub= =ject with the chamber of Commerce, from which it will be seen that in requesting their opinion, I in= =formed them that the rates for the pre= =sent quarter were for 1st sort Rupees 75 per Candy 2d Sort Rupees 65, 3d Sort Rupees 55, 4th Sort Rupees 35, whilst the average rates for the year ending on the 30th September were for three sorts, Rupees 19 3/8 per Candy for the 1st Sort Rupees 14 1/2 for the 2d Sort Rupees 33 3/4 for the 3d Sort.—

The

3- The Chamber state that they would be glad to see the valuation fixed for a period of one or two years, and consider the latter time the most desirable- They further propose a modification of the System of classing the Sorts of Sugar, whereby they observe the character of each sort would be sufficiently defined, to prevent error. The classification which they have suggested is as follows.

No 1. refined or pure white Sugar.
2. partially refined.
3. Raw Sugar grained/the Sugar of Commerce-/
4. Country Sugar ungrained-
5. Jaggery made from Palmeira or cane Juice.-
6. Jaggery made from Molasses-

4- The rates of valuation for these kinds are for

No 1.	at Rupees 70	per Candy-	
2	Do. 55.		Do.
3	Do. 40		Do.
4	Do. 25.		Do.
5	Do. 17-		Do.
6	Do. 12		Do.

The

The letter to enable me &c

5- to ascertain that I understood the descriptions of Sugar adverted to by the Chamber of Commerce, I furnished them with samples of the four Sorts of this Office and requested them to inform me whether they corresponded with the sorts from 1st to 4th indicated in their letter. The samples No 1 and 2 are stated fairly to represent the first and second sorts, and of the third sort, denominated by them "Raw Sugar grained" they furnished a sample. Musters of the whole are now deposited in this Office. The following abstract shews the different rates adverted to in the correspondence and exhibits, at one view the comparative increase and decrease in each.-

	2 Present quarter		3 One years average-	4 Proposed by the Chamber
No 1. refined or fine white Sugar	Rs. 75		79 3/8	70
2 partially refined	" 65		47 1/2	55
3- Raw Sugar grained the Sugar of Commerce	" 55		33 3/4	40
4- Country Sugar Ungrained	" 35		"	25
5. Jaggery made from cane Juice	" 30		35	17
do from Palmeira	" 25		17 1/2	
	" 20			
do do	" 15			
6 Jaggery made from Molasses	— " —		— " —	12

as

6. As the trade in Sugar is in its infant state and needs encouragements, and as the rates for the 2d and 3d Sorts suggested by the Chamber exceeds the average rates for one year, and there is not any material difference between the several rates for the present quarter and those proposed by them for No. 1 to 4, I would beg to recommend the adoption of both the classification and rate specified in Columns 1 and 4 of the foregoing abstract to be in force for 2 years if there be no legal objection to it.

7. The question in my

second communication to the Chamber was confined to sugar. I do not consider it advisable to recommend the rates proposed by them for Jaggery in Nos. 5 and 6 in consequence of the great difference in regard to that made from the cane Juice, and it not being I believe, an article of Export. The quantity of the Cane Jaggery imported in the Official year 1841/42 was Cwt. 3036, the value of which at Rupees 35 per Candy would be Rupees 10,365 and the duty be Rupees 1036-5 at 8 per cent Rupees 8509-3-2, whereas at Rupees 17 per Candy the value would be Rupees 51,663 and the duty Rupees 4133-0-7.

8. It will be observed that the Chamber are of opinion that

that any change should apply not only to Madras, but to all other Collectorates also.-

9. I need not advert to particularly to the remarks of the Chamber on the occasional valuations at this Office, and the rates realized by Merchants on the disposal of Sugar valued here at the eventual selling price, because many circumstances might account for this which it is now impracticable to trace the causes in the special cases referred to nothing certainly is more likely to disturb calculations for a distant export trade than a quarterly alteration of the Tariff, the consideration of which is not new to the prospect of an alteration in the Madras Transit duties generally alone prevented my before now bringing the subject under consideration, had conferred on it with some of the Merchants of the place.

Madras 12th Dec. 1842

(Signed) A. Robertson Lt Col. Sec.

No 1.

To The Secretary to the Chamber of Commerce Madras.

Sir,

It having occurred to the Board of Revenue that the provisions of Clause second, Section VIII Regulation III of 1812, when applied to the Article of Sugar entended for exportation, is liable to occasion inconvenience in mercantile transactions, in consequence of the fluctuation of the Tariff rates, I have been desired to ascertain the sentiments of the Chamber of Commerce as to whether it would not be desirable to fix the Valuation of the different sorts of Sugar for the purposes of the Tariff at this Office for perhaps one or two years. I shall therefore be much obliged by their informing me what, in their opinion should be the average rates under the proposed change of System, for the 1st & 2d sorts of Sugar, as well as for the 3d sort or coarse Sugar.

5 Oct. 1842.

2. The rates for the present quarter are 1st sort Rupees 75 per Candy 2d sort

Sort Rupees 65-3- Sort Rupees 55-4- Sort Rupees 35. The average Tariff rates for a year ending on the 30th Ultimo were for three Sorts; Rupees 79 3/8 P.r Candy, for the 1st Sort; Rupees 47 1/2, for the 2d Sort; and Rupees 33 1/3 for the 3d Sort -

Madras 18th October 1842 } (Signed) A. Robertson
Collector

To The Collector of Sea and Customs.

Sir,

I have the honor to acknowledge your letter of the 18th Ultimo relative to the mode of fixing the Tariff Valuations of Sugar under the Provisions of Clause II Section VII Regulation III of 1812 -

2.

As a measure of salutary tendency the Chamber of Commerce would be glad to see the Valuation of Sugar for duty fixed, according to your suggestion, for a period of one or two years, the latter time is the most desirable. It is however the opinion of the Chamber that a further change in the present system would be of advantage to the public that in fact it is absolutely required for the

the prosperous working of the export Trade, which is just now struggling into existence, and I am requested to take this opportunity of bringing the subject to your notice -

3.

The change the Chamber desire to see effected is in the mode of classing the sorts of Sugar for Valuation. The present division is open to the objection of proposing no well marked character in the sorts and so it is that the Merchant and the Government servants are at one as to seldom or never the right Valuation of the produce. It is obvious that in cases of this kind the probabilities are Injustice will be done to the former in as much as it is Easier for, and may be the duty of, the latter, to resolve a doubt in favor of the Revenue. The Chamber are acquainted with several instances in which the common Raw Sugar of Commerce was classed as First Sort, that is as classed with refined Sugars, and they beg to state one of them, in order to show how the System operated as a change on exportation - Raw Sugar, whose commercial

Land Custom duty of 10 % on Rs 85 - Rs 8 - 0 - 50.
Drawback of 2½ % on exportation - - 6 - 0 - 38.
Amount retained by Government - - 2 - 0 - 12.
which on Rs 40 - is 5-3/10 per Cent.

commercial Value, that is its Value for exportation, with reference to the Home Price, did not exceed forty Rupees per Candy, was called at the Land Custom House 1st Sort, and Valued at Rupees 85. The exporter paid, therefore nominally a duty of 2½, but actually one of nearly 5½ per Cent, on the mercantile Value / See Margin -

4. The Chamber are persuaded that this instance with others of a like nature will make the same impression on your mind as on theirs but a system which works in the manner stated requires both for the sake of justice and sound policy, to be altered without delay -

5. The classification which has suggested itself to the Chamber is the following, they consider the character of each sort sufficiently defined to prevent error, and they would strongly recommend it to your consideration -

No 1.

No 1. refined or pure white Sugar -
2. partially refined -
3. Raw Sugar grained (the Sugar of Commerce)
4. Country Sugar ungrained -
5. Jaggry made from Palmyra or Cane juice -
6. Jaggry made from Molasses -

and for these Kinds they would propose the rates for Duty thus -

No 1. at Rs 70 per Candy No 2 at 55 Rs per Candy -
" 3 at " 40 - " 4 at 25 " - - -
" 5 at " 17 - " 6 at 12 - " - - -

6. The adoption of this classification would need, the Chamber presume, a similar change in the Collectorates up Country -

The reason which has induced the Board to suggest that the official valuation should be revised at longer intervals, is stated generally in my letter to the Collector of Madras — and it may be added that the disadvantages of the present system are more felt in Sugar than in most other articles — for Sugar is brought to Madras for export during the season of its

73-74

To the Chief Secretary to Government —
Submitting for orders a correspondence having reference to some proposed changes in the Tariff valuation of Sugar at the Madras Land Custom House, and recommending that the rates proposed by the Collector on the suggestion of the Chamber of Commerce be fixed and carried in force for two years —

From Coll. Nor. 4th Street 1 pkt. 21st 1842
In box 6th Oct. "
To Coll. Madras Oct 6th
From Do. Dec. 12th
In box 19th "

Oct. 6th

Fort St. George 19th December 1842.

its production when it is plentiful and cheap, but it commonly happens that the duty is then levied according to the Market price of the three months preceding the producing season, when it was dear. The Chamber of Commerce concur in the advantageous tendency of the proposed measure, and Mr Robertson has long been awake to the evils of the present practice of quarterly valuations, and has only been prevented from bringing the subject to the notice by the expectation of a general change in the inland duties.

To Coll. Nov. 17th Para 2.

To Board Dec. 12th Para 9.

3. Para 6.

It is necessary however to notice the doubt hinted by Mr Robertson, whether the change proposed would be consistent with the law. Section VII Regulation III of 1812 prescribes the course for ascertaining the amount of duty on goods passing the Madras land Custom House. The general rule laid down is that they shall be compared with an official Tarak or price list as a standard, and among the subordinate rules is one that the Tarak shall be revised every three Months. The change now contemplated is in accordance with the general principle

Fort St. George 19th December 1842.

of the Regulation, and only a variation from a subordinate rule, and for such a variation there are many precedents in changes made by an order of Government, in the amount of duty, and drawback fixed by Regulation. It is to be observed too that the Regulation in question could not have been designed for the benefit of any other parties than the Government and the duty payers, and where an alteration has the concurrence of both these objections to it on the score of form must lose much of their value.

From Govt. 3 May 1820. Govt. 22 May. Govt. Advertisement 13 July 1821. From Govt. 30 Dec. 1831. Govt. 5 Oct.

4. The other proposition is put forward by the Chamber of Commerce it is that a change should be made in the principles by which the value of sugar is judged in the Collectors Office and that the existing valuations should be somewhat modified. The suggestions of the Chamber on the former particular seem to the Board to be sound, and from the information of the Collector the rates of valuation

17089. Fort St. George 19. December 1842.

valuation which they propose appear just and the Board recommend that, as desired by the Chamber, and advocated by the Collector, these rates may be fixed and declared in force for two years —

5. If Government concur in the propriety of the change, in the mode of classifying and valuing sugars, it will be proper as suggested by the Chamber that the change be made universal throughout the Provinces —

17090. Fort St. George 19th December 1842.

Read the following letters.

To The President and Members of the
Board of Revenue
Fort St. George.

From J. C. Morres Esqre
Superintendent of Stamps

Gentlemen,

Para 1. I have the honor to forward for the information of your Board a General Statement of Stamped Papers and Cadjans received and sold by the Collectors from 12th July 1841 to 11th July 1842. or during Fusly 1251. accompanied by 8 Explanatory Statements.

75

2. By Statement No. 1842 your Board will perceive that the Gross Revenue derived during the Fusly in question amounted to Rupees 1,71,373-2 and by the Statement No. 3 that the charges amount to Rupees 1,7,541-10-8/2 which with the sum of Rupees 3551-- refunded being deducted leaves the Net Revenue Rupees 1,20,277-7-11/2. This on a comparison with the Net amount of the preceding Fusly exhibits a decrease amounting to the sum of Rupees 21,784-2-3/4 which has arisen for most part from a smaller sale of Judicial, Revenue and Rowannah Papers, and partly from a decrease in fines and Penalties levied by Judicial officers, under clause I, Section III, Regulation II of 1825.

Statement No. 4 & 5 are accounts showing

3

17091. Fort St. George 19th December 1812.

shewing the manner in which the Papers &
Cadjans received by me during the Fusly have
been disposed of and the quantity remaining
on hand at its termination. Your Board will
perceive that the excess of Papers and Cadjans
reported to have been received by Collectors partly
from the consignments furnished to them
and partly on examination of their stock as
particularized in Statement No. 6 amounts to
Rolls 91 to the Value of Rupees 50 2 which
has been carried as usual to my debit and
I request that the sanction of Government
may be obtained for my taking credit for
the deficiency of Paper and Cadjans shewn
in the same statement amounting to Rolls 5
to the Value of Rupees 7 13 including 22
Rolls of Manfee Rowannahs of no Value
which were found to be deficient in the stock
as reported by the collector of Malabar.
4 Statement No. 7 exhibits the
quantity of Damaged Papers and Cadjans
amounting to Rolls 109 to the Value of Rupees
206 6 and the quantity of Damaged and un-
saleable stamped Paper and Cadjans returned by
some of the Collectors is shewn in Statement No. 8
amounting

17092. Fort St. George 19th December 1812.

amounting to Rolls 132 to the Value of Rupees
17799 5. I have the honor to request the Board
will obtain the sanction of Government for
my carrying the Value of these Papers and
Cadjans as usual to Profit and Loss and
for permission to destroy the same.
5 Statement No. 9 exhibits the
description and Value of Papers and Cadjans
disposed of by the several Collectors during
Fusly 1251.

I have &c.
(Signed) J. C. Morris
