Paras 37 to 41.— will be pleased to take the necessary measures without delay, for conveying the orders of the Honorable Court into effect, and the Board hope to hear from him on the subject at an early period.—

Read again Extract from the Minutes of Consultation dated 20th Ultimo and entered in Consultation 2d Instant.— Book No 15

Order thereon.— Ordered that a Copy of the foregoing Extract from the Minutes of Consultation be furnished to the Commissioner in Madura for his information and guidance with reference to the Proceedings of the Board of Revenue on the management of the Extra Sources of Revenue in that District for Fusly 1251 dated the 20th October 1842.—

2

The attention of the local authorities is called to the observation of Government contained in the concluding Para of the above Extract Minutes of Consultation with a view to

Fort St. George 12th January 1843.

to the particulars of the items of Extra Revenue thereinto adverted being submitted in future.—

Read the following letter

From

Walter Elliot Esqre

Acting Secretary to the Government of

Fort St. George

To

The President and Members of the

Board of Revenue.

From the Acting Sec.y to Government—

Gentlemen,

No 1697 of 1842.

To enable the Government to give a final order on the enclosed Petition I am directed to request the information whether or not the Petitioner has ever appeared, as desired before the Collector to represent his wishes in person in conformity with the Board's Endorsement of the 11th July 1839.—

3

Fort St. George

Actg Secy to Govt

Ordered that the following address be submitted in reply.—

To The Acting Chief Secretary to Government.

3-4

To the Actg Chief Sec.y to Govt. Sir.

Pubd

In reply to Mr Elliot's letter of the 22d Ultimo I

Fort St. George 12th January 1843.—

I am directed by the Board of Revenue to inform you that the Board are not aware whether the party thereinalluded to has or has not presented himself before the Principal Collector of Tanjore but as they observe that his two Petitions to the present and late Governors bear the Madras post marks they think it probable that he has not done so.—

2 In returning the papers received with the letter under reply I am also directed to forward for the information of the Most Honorable the Governor in Council the correspondence that passed between this Office and the Acting Principal Collector of Tanjore previously to the passing of the endorsement dated 11th November (not July) 1839.—

To Actg Chief Secy to Govt Sept 20 1839 From Bd of Rev Nos 15 & 17 & inclosures 31st Do Bd of Rev Nos 11th

Revenue Board Office,
Fort St. George,

From the Sy
Sect to Govt

5

Fort St George 12th January 1843.

Extract from the Minutes of Consultation under Date the 9th January 1843.

Read the following letter from the Secretary to the Board of Revenue.

Submitting a letter from the Collector of Rajahmundry soliciting sanction for further advances of Tuccavy to the Extent of Rupees 21853-3-11 and stating that the Ryots are induced to forward the applications under the idea that even should Government see fit to refuse to allow the whole sum asked for, they may perhaps grant a moiety of it.

(Here enter 10th October 1842 No 7434)

Adverting to the large amount already authorized on the Minutes of Consultation of the 21st September last to be advanced on account of cultivation in the District of Rajahmundry for Fusly 1252 the Most Honorable the Governor in Council declines to sanction any further disbursement on the same account.

To The President and Members of the Board of Revenue.

/A true Extract/
/Signed/ Walter Elliot

Order thereon.

5-6

Ordered to be communicated for the information and guidance of the Collector of Rajahmundry with reference to his letter of the 28th July and 28th September.—

Read again letter from the Collector and Agent to the Governor at Ganjam dated 9th and entered in Consultation 23d Ult.o

Proceedings thereon. Para 1. It appears from Para 2 of the Extract from a letter from the Secretary to the Right Honorable the Governor which accompanies the communication recorded above that on Petambara Deo being acknowledged as the Zemindar of Pedda Kemedy he entered into engagements to pay to Sogee Deo a Monthly allowance of Rupees 300 together with certain other sums of Money on condition of that person renouncing all claim to succeed to the Estate. No proviso however would seem to have been attached to this arrangement to the effect that the amount of Stipends should be reduced on occasion of deaths taking place among the relatives of

ORIGINAL DESTROYED

Fort St. George 12th January 1813.

of the family supported by the Grant.—

2. Under these circumstances the Board are not prepared to recommend the reduction of Rupees 50 per Mensem from the original allowance as suggested by Mr. Bannerman but think that no alteration should be made in the amount during the life time of Sogee Dew—

From, Read the following letter

W. Smollett Esqr.

Acting Collector of Vizagapatam

To, J. D. Boudillon Esqr.

Secretary to the Board of Revenue in the capacity of the Court of Wards

Fort St. George.

Sir

Para 1 I have the honor to submit a separate report on the management of the Estates of Maringhy Sunganmulsah and Coopaum for the past year the property of Minor Zemindars and administered under the authority of the Court of Wards. The usual accounts

From the Collr of Vizagapatam— Submitting a report of the Maringhy Sungamulsah and Coopaum for Fasly 1251—

8

Fort St. George 12th January 1813.

accounts are likewise forwarded in illustration of the Settlement.—

	Maringhy	Sungamulsah	Coopaum
Demand Collection and Balance for Fasly 1251	A.	A.	A.
Account Current for Fasly 1251	B	B	B
Demand Collection and Balance of the Government Peishcush	C	C	C
Comparative Demand Collection and Balance for Fasles 1250/51	D.	D.	"
Comparative Statement of Charges between Fasles 1250/51	E	E	"
Proposed Mayon Gabeittah for Fasly 1252	"	"	D.

2. Beginning with Maringhy the annexed figured Statement will shew at one view the Demand, Collection and Balance of this Estate in the past and the preceding year.

	Fasly 1250.			Fasly 1251.			Increase.			Decrease.		
Kham Dowle	36324	15	1	36252	7	5	27	8	4	"	"	"
Settled Dowle	35186	13	4	35546	2	7	379	5	3	"	"	"
Collection	34296	15	7	33651	9	5	"	"	"	645	6	2
Balance for Kham Dowle	1927	15	6	2600	14	"	672	14	6	"	"	"
Do. for Settled Do.	8691	15	9	1894	9	2	1024	11	5	"	"	"

It

3. It will be seen from the foregoing Statement that the Settlement for both years was nearly the same amount, though the Collections fell short in the season under review by Rupees 645-62-

4. The demand on land let out to the ryots for cultivation amounted to Rupees 362 52-7-5 from which Rupees 706-4-10 were deducted for lands left uncultivated by poor ryots and for crops withered and destroyed. The remissions so granted were altogether of an ordinary nature, and require therefore no explanation.

5 The settled demand of the past year was thus Rupees 35546-2-7 and exceeded that of the previous Season by Rupees 379-5-3 partly accruing from extended cultivation, and partly from less remission being allowed for waste lands. The great fall in prices however prevented the Collections being made with equal facility as in the preceding fasly and hence the falling off exhibited in the receipts of

6. Of the entire current demand Rupees 35546-2-7 Rupees 33634-9-5 were collected and brought to account within the year, leaving a balance then due of Rupees 1896-9-2 of this Rupees 332-12-0 have been collected up to the 20th December 1862, on which date the amount un-realized was Rupees 1563-13-2 principally due by the most indigent ryots.

7 The arrears outstanding for previous years at the commencement of the season under notice were Rupees 5363-4-8 of which Rupees 519-1-1 have been realized. The remainder amounting to Rupees 4844-3-7 may generally be considered desperate. The Minor Zemindar of this Estate will attain his majority in August next, before which it will be proper to enquire into and write off the amount of arrears considered irrecoverable.

8. Statement marked B. which accompanies this report, exhibits the charges in detail, amounting to Rupees 23817-4-4 for which sanction is requested. There was a surplus on hand at

Fort St. George 12th January 1843.

at the close of the Fusly of Rupees 10812-2-7
Of which Rupees 10000 has been invested on the
five per Cent loan for the benefit of the Minor
Zemindar and in addition to the previous
deposits.-

9. Government have been pleased to order
specific information as regards their Wards and
the nature and extent of the education they receive-
Of the Zemindar of Maringhy Juggernath Runze
I am glad to be enabled to report favorably-
He is a fine young man of good address
and his education has been as much attended
to as was practicable at an out Station.- He
has a good knowledge of Canton si tolerable
proficiency in English, and he has been accus-
-tomed to attend in Public Cutcherry to master
accounts and generally to acquire a knowledge
of Revenue management.- I do not doubt but
that he will be found perfectly competent
to fulfil with credit and advantage, the
important duties of his station, when by
law he is entitled to undertake the manage-
-ment of his own affairs.-

10 The Estate of Sungumvulsah is
next to be considered, and a comparative Statement

of

Fort St. George 12th January 1843

of Demand Collection and Balance thereon for the
past and previous fusly as herewith subjoined.-

	Fusly 1250			Fusly 1251			Increase			Decrease		
Kham Dowle	14,610	15	2	14,635	"	2	24	1	"	"	"	"
Settled Dowle	14,610	15	2	14,635	"	2	24	1	"	"	"	"
Collection	14,556	7	4	14,363	7	5	"	"	"	192	15	11
Kham Dowles balance	54	7	10	271	8	9	217	"	11	"	"	"
Settled Do Do	54	7	10	271	8	9	217	"	11	"	"	"

11. The demand in both years it will be
seen varied but little- The increase of Rupees-
24-1-" was caused by a rise on the rent of fruit
Trees and by a Small extent of waste land-
having been newly brought under the plough
in this year.-

12 As in Maringhy there was-
however, a decline in the Current Collections brought to
account of Rupees 192-15-11, the fall of prices
having prevented Some of the very poor-
Cultivators from adhering punctually to-
their engagements- The Settlement for the
year was Rupees 14,635-"-2 of which Rupees
14,363-7-5 were Collected within the Fusly
leaving only Rupees 271-8-9 unrealized.-
From Subsequent Collections up to the 20th
December, the Current balance was reduced
to Rupees 256-2-"-

The

Fort St. George 12th January 1843

13. The Balances of previous years on account at the beginning of the season under notice to Rupees 829 : 2 : 5. of which Rupees 89 — 15 — 8. were brought to account within the year — In the Course of the present Settlement I will give my best attention to these balances and report hereafter the amount which in my judgment it will be proper to write off

14. The Account Current of this Estate is shewn in brief in the Margin — The Gross Collections were Rupees 14.591 — 8 — 11 and the Charges, for subsistence, Management, Peishcush &c. Rupees 9.764 — 9 — 0 after payment of all Expences there was a Surplus on the year of Rupees 5,681 — 11 — 11 which has enabled me to invest a further Sum of Rupees 5,500 in the Government five per Cent loan on the name of the Minor —

15 This person by name M. Nisseckodo resides in Vizagapatam, his age is about fourteen He is small in Stature, and does not appear so intelligent or Steady as the Zemindar of Marinphy — Nevertheless he has some proficiency in reading and writing both Gentoo and English — and he too attends in Public Cutcherry to qualify himself in Revenue business — The indulgence which the relatives of

Gross Collections ---- 14591-8-11
Deduct Charges &c. ---- 3304-9-0
Peishcush ---- 6500-0-0
Surplus ---- 5681-11-11
Balance in favor of Estate 1250 ---- 5681-11-11

Fort St. George 12th January 1843

of these Boys lavish from them prevents in great measure the Collector from exacting greater attention to their Studies —

16. The two Estates of Maringhy and Sungumvalsa adjoin and are situated a short distance to the westward of the Government Estate of Palconda — Being watered from streams that flow from the Hills which encompass them their Crops rarely fail, and they enjoy the advantage of a moderate assessment — In unfavorable seasons in the low Country the value of these Estates is enhanced from the higher prices of produce, the ryots are peaceable and contented, and outrage or Crime is of rare occurrence —

17. It only remains to notice the Estate of Coorpaum, which has been brought under the supervision of the Court of Wards on the death of the last Proprietor agreeably with the Boards' orders of the 16th August 1841 — Consequently this is the first year of Circar management. —

18 The Estate, when its administration was assumed by the officers of Government, was in a state of much confusion, many of the Villages being held by Creditors of the late Proprietrix, and others by relatives and dependants, and managed and enjoyed by them — According to the accounts produced by the Zemindar's —

Mootaeddies

Fort St. George 12th January 1843

Mootseddies the divle of the Estate under the Proprietor's Management was about 18000 Rupees. The Government Peishcush is Rupees 12,464- annually and there was an arrear due to Govern=ment in Fusly 1250 of Rupees 5,744-12-4:-

19. An active officer was deputed by Mr. Arbuthnot to superintend the settlement, who resumed the Enams improperly alienated, raised the sists which in many instances had been unauthorizedly reduced, and under orders from head quarters brought on under damanie all villages classed as Jeroyette at the time of the permanent settlement- Possibly some hardship mias temporarily sustained thereby, by some of the Holders, and under instructions from the Court of Wards some of these Villages have since been made over to the relatives of the family for their maintenance- In other instances further enquiries will be made during the progress of the Current settlement, to correct the sists which it is complained have been some-what unduly enhanced.-

20. Accompanying is a figured state=ment shewing the demand collection and Balance of the settlement made for the year under notice

Collector's Settlement

Divle

Fasle

| No. | Sources | | |

21. It will be observed from this Statement that the actual Settlement was fixed at Rupees 32,188-1-5 and that the Collections realized were Rupees 25929-11-9- The balance outstanding was Rupees 6,258-5-8. but this sum comparizes the demand due on Villages held by Creditors under mortgage. amounting to Rupees 4,080-12-7. and for which credit is given to the Estate- If this sum be deducted, the Current arrear will be reduced to Rupees 2177-9-1.-

22. Subjoined is a Statement shewing the Gross Collections and Charges of this Estate within the year.-

Receipts			Charges			
Ordinary						
Current	25929	11 9 1	Subsistence to the Minor	1780	"	"
Arrears	207	4 4 2	Charges Collection	1740	4	8
	26137	" 3	Court Charges	76	"	"
Extraordinary		4	Government Peishcush Current	12,464	"	"
Recovered of Succavy	182	11-	Total Charges	16059	4	8
Proceeds from the Sale of Paddy	315	12 8	Surplus	11574	11	1
Extra Collection &c	99	8 7-				
	1496	15 8				
Total	27633	15 9	Total	27633	15	9.

The

23. The receipts Current arrears &c advances &c under every head amounted to Rupees 27,633-15-9. The charges of Subsistence Management and Current Peishcush were Rupees 16,059-4-8. and consequently the entire surplus on the year was Rupees 11574-11-1 Sanction for the Charges incurred is now solicited.-

24. It has been already stated that at the Commencement of the year there was an arrear of Peishcush due to Government of Rupees 5744-12-4. The whole of which will be liquidated from the surplus shewn above- Mr. Arbuthnots report of the 18th June 1841. will have made the Court of Wards aware that a heavy private debt had been besides incurred by the late female Zemindar Subadramah, which it was then proposed to liquidate from the future surplus Collections-

25. I have used my best exertions to ascertain its amount and to make an amicable adjustment of the whole with the assistance of the family, and Consent of the creditors- My enquiries aided with the assistance of M. Suntosharoydoo a Confidential Agent of the family, show that the Bonded debts due to 9 creditors amount to-

Rupees

Rupees 31513-8-10. from which deductions are claimed by the family to the extent of Rupees 8607-12-7 and the Creditors in consent likewise to make an abatement on the whole, interest and principal to an extent of Rupees 4,000 more.—

26. Thus the entire debt may be estimated at a little in excess of 16,000 Rupees— and as the surplus in the past and present year will suffice most probably to meet this demand I shall submit a separate report shortly with a Statement shewing the names and debts of each individual, and solicit the Court's sanction for the liquidation of the same.—

27. The minor is a small Child of five years old. Shy and timid, he resides with his Father and Mother in Vizagapatam, he is just beginning to receive instructions in Telugu, for which a Native Teacher is employed— It is the wish of his relatives, that the late Zemindar's Confidential Dewan M. Santosharaydoo should be nominated Guardian, a request which I beg to support, with a

Salary

Salary of 20 Rupees P. mensem. He is an influential person with a perfect knowledge of the Zemindary and its affairs.—

28. The establishment deputed with the sanction of the Court of Wards, by Mr. Arbuthnot under date the 16th August 1841. was avowedly only of a temporary nature. The expence admitted was Rupees 92 per mensem. Further experience has seemed to shew that a greater establishment is required— I beg therefore, to submit for the Court's sanction a Moyenzabitah for this Estate which requires sanction and is still I trust sufficiently moderate, in as much as, after including the Minor's subsistence it does not exceed 300 Rupees per month.—

Vizagapatam District.
Vizianagarum, Coll.r Cur.
Cutchery 30th December 1842.

Signed P. B. Smollett
Acting Collector.

Demand

Rupees 31,513-8-10. from which deductions are claimed by the family to the extent of Rupees 8609-12-7. and the Creditors in consent likewise to make an abatement on the whole, interest and principal to an extent of Rupees 4,000 more.—

26. Thus the entire debt may be estimated at a little in excess of 16,000 Rupees- and as the surplus in the past and present year will suffice most probably to meet this demand. I shall submit a separate report shortly with a Statement shewing the names and debts of each individual, and solicit the Courts' sanction for the liquidation of the same.—

27. The minor is a small child of five years old. Shy and timid, he resides with his Father and Mother in Vizagapatam, he is just beginning to receive instruc-tions in Telugu, for which a Native Teacher is employed- It is the wish of his relatives, that the late Zemindar's Confidential Dewan M. Ordered to be brought forward at a future meeting.—

Read the following letters.—

To J. D. Bourdillon Esqre
Secretary to the Board of Revenue.—
Fort St. George.—

From the Collector of Rajahmundry.—

10

Sir,

Para 1.— I have the honor to acknowledge the receipt of Mr. Secretary Porter's letter of 8th August last, transmitting for my report the accompanying two Petitions addressed to Government by Gungeredde Govindaroyadoo, the arrack rent of the Pettapoor Division.—

Board's No. 103 of 1842
Govt. No. 734 3 of 1842.
Board's No. 104 of 1842
Govt. No. 6653 3 of 1842.

2. This Petitioner is one of the Renters referred to in Para 22 of my Report of 18th October last on the Settlement of the Extra Sources of Revenue of this District for Fusly 1251. He rented the Abkarry farm of the Pettapoor Division for Fusly 1250 for the sum of Co. Rupees 5680—"—"—of which Rupees 4253—10—3 were paid within the Fusly, leaving a balance outstanding of Rupees 1426—5—9 which has since been reduced to Rupees 1228—13—9. Property on account of this balance is under attachment, but has not been sold, and I have been desirous not to resort to that extreme measure, and have intimated to

to him that if he makes arrangements for paying the rest, I am prepared to recommend that the sum of Rupees 702-14-3- should be remitted, with reference to the losses he is known to have sustained.-

Gillah Rajahmundry — Collector's Office Cocanada 26 December 1842 } [Signed] G. A. Smith Collector.

Resolution thereon.-

10-11

The Board request if the Collector of Rajahmundry will furnish more specific information regarding the loss stated to have been sustained by the Arrack Renter of Pettapoor to enable them to submit a Report to Government on the Petition from that individual.-

12

To J. D. Bourdillon Esq^re.-
Secretary to the Board of Revenue
Fort St George.-

From the Collector of Rajahmundry.-

Bringing under the Board's consideration with reference to their orders of the 5th instant the case of the Proprietary Estate of Bauly and recommending its release from attachment on the arrangement therein

Sir,

Para 1.- Although I cannot yet reply to the Board's Proceedings of 5th instant respecting the proprietary balances generally, I trust I may be allowed to bring, under their Special consideration, the case of the Bauley Estate, the Permanent Assessment of which is Rupees 43767-8-0 and the balance outstanding on account of arrears to the end of November Rupees 38,245-4-10.-

Of

therein referred to being concluded for the Board's early sanction.-

Of this balance, the Proprietor

2.

Cocherlacotah Lutchmeedarumah proposes to pay down at once Rupees ten thousand, and has actually paid a considerable portion of it, and to pay the remainder, Rupees 28245-4-10, by six Yearly instalments.- I am not inclined to support this part of her request in full, but to do good, a liberal indulgence is absolutely necessary, and I think five years is as short a period as I ought to recommend with reference to the real existing state of the District.-

3-

I have had much reason to find fault with the conduct of this Proprietor, but at the same time, I have always been anxious to preserve this Estate, as an unfortunate insane brother of her late Husband is entirely dependent on it for his subsistence, and it has further to be considered that Rupees 13,385-3-3 are on account of the balances of other estates, which were sold but did not realize the amount outstanding against them.-

12

To J. D. Bourdillon Esq^re.-
Secretary to the Board of Revenue
Fort St George.-

From the Collector of Rajahmundry -

Bringing under the Board's special consideration with reference to their orders of the 5th instant the case of the Proprietary Estate of Bauly and recommending its release from attachment on the arrangement therein

Sir,

Para 1.- Although I cannot yet reply to the Board's Proceedings of 5th instant respecting the proprietary balances generally, I trust I may be allowed to bring, under their special consideration, the case of the Bauly Estate, the Permanent assessment of which is Rupees 13767-8-0 and the balance outstanding on account of arrears to the end of November Rupees 38,245-4-10.-

Of

therein referred to being concluded for the Board's early sanction.-

2. Of this balance, the Proprietor Cocherlacotah Lutchmeedaramah proposes to pay down at once Rupees ten thousand, and has actually paid a considerable portion of it, and to pay the remainder, Rupees 28245-4-10, by six yearly instalments - I am not inclined to support this part of her request in full, but to do good, a liberal indulgence is absolutely necessary, and I think five years is as short a period as I ought to recommend with reference to the real existing state of the District.-

3- I have had much reason to find fault with the conduct of this Proprietor, but at the same time, I have always been anxious to preserve this Estate, as an unfortunate insane brother of her late Husband is entirely dependent on it for his subsistence, and it has further to be considered that Rupees 13385-3-3 are on account of the balances of other estates, which were sold but did not realize the amount outstanding against them.-

Of Fusly 1245	Rs	A	P
On account of Anchuntah Estate	3876	14	4
Do — Do — of Moorairy Do	3466	8	3
Do — of Caipavaram Do	6041	12	8
	13385	3	3

Under

Fort St. George 12th January 1843.-

Under these circumstances, I
4 trust the Board will support me in this
recommendation that the Pauley Estate be
released from attachment, and made over to
the management of the Proprietor, on her
payment of Rupees ten thousand, and agree=
=ment to pay the remaining balance, Rupees
28,245-4-10, by equal yearly instalments,
along with the Kists of Fuslies 1243, 44-45-
46 and 47.-

5 As this fusly is fast advancing,
I am sure the Board will excuse my being
anxious for an early Reply to this proposal.-

Gillah Rajahmundry

Zillah Rajahmundry —
Collector's Office —
Cocanada 6th January 1843

C. C. Jr. (Signed) G. A. Smith
Collector.

Ordered

Order thereon.

Ordered to be recorded.—

(14-15)

Read again the following letter from the Collector of Masulipatam containing his Report on the Management of the Minor Estates of Deevy and Moonegal in that District for fusly 1250.—
A.D. 1840/41.

(Here Enter No. 71)

Proceedings thereon.

Relative to the Management of the Minor Estates of Deevy and Moonegal in the District of Masulipatam for fusly 1250.—

1. The season during fusly 1250 or A.D. 1840/41 the Deevy Estate is represented by the Collector as having been favourable for the Cultivation of Dry Lands from which a good harvest was obtained, but on the other hand to have been unfavourable for such land Produce, in consequence of the failure of the customary Rains in those Months when the Crops were advancing to Maturity. the result of these causes on the settlement of the year under review was a Net Decrease of Rupees 3545-6-6 Compared with the like Settlement of fusly 1249.—
A.D. 1839/40.

Net Settlement
1249 — 79065 - 4 - 7
1250 — 75519 - 14 - 1
3545 - 6 - 6

2 The following Comparative Statement shews at one view the prices of the items composing the Settlement of this Estate, and also the Cultivation of the different descriptions of Land of which the Purgunah is composed.—

Jozom.

Fort St. George 12th January 1843.

3. From the above it will be remarked that the bulk of the Deeny Estate is chiefly derived from wet Land, almost the whole of which is settled on a division of the Produce. Under this head, owing to the effects of the season already alluded to, combined with a fall in the price of Grain the revenue fell below that of fusly 1249 A.D. 1839/40 by Rupees 4417-7-: in the extent of Cultivation however there was an increase as noted in the Margin.

R. 1-1 a few Candy below f. 1249-

C. V. D. 44-11-6 9/15

4. The decrease just noticed was in some degree compensated by the favourable results of the season as regards the Cultivation of Dry Lands subject to the same system of Revenue from which there was a Net increase amounting to Rupees 1465-5-4- the particulars of which are stated in para 6 of the Report.-

5. Of the remaining Lands appertaining to the Estate under the head of Money Rented and Garden Land, there was a decrease as compared with the preceding fusly of Rupees 1346-10-5 which is stated to be "chiefly attributable to the limited "extent of Cultivation of Poonassa Macha: "jauna &c. or first Crops of the Season" consequent

Fort St. George 12th January 1843.

"consequent on the failure of rains during "the progress of Cultivation". The excess in the ready Money Collections which amounted to Rupees 683-11-2. do not appear to call for particular remarks.

6. In their Proceedings dated the 29th of September last the Court of Wards called for specific explanation relative to two items under the head of Ready Money Collections. In paras 8 and 9 of the present report the Collector has satisfactorily accounted for the omission to enter in the accounts the Fasse on "Poonassa Royah" and the cause that produced the great falling off in the Collection on account of Poollaryar Grazing tax in fusly 1249/1839/40.—

The Demands on the Deeny Estate for the year under review was fixed at Rupees 66518-14-1 the Collections within the fusly fell short of that amount by Rupees 15767-2-10. The subsequent collections upto the 25th of October 1842 amounted to Rupees 13074-7-10 at which date the outstanding Balance on account of Current demand was Rupees 2,692-11- this it is stated would be shortly realized from the sale of a quantity of grain in

Fort St. George 12th January 1843.

3. From the above it will be remarked that the bulk of the Deeny Estate is chiefly derived from wet Land, almost the whole of which is settled on a division of the Produce. Under this head, owing to the effects of the season already alluded to, combined with a fall in the price of Grain the revenue fell below that of fusly 1249 A.D. 1839/40 by Rupees 4417-7= in the extent of Cultivation however there was an increase as noted in the Margin. R. 1-1 on Jaw Candy below f. 1249-

C. V-D 44-11-6 9/15

4. The decrease just noticed was in some degree compensated by the favourable results of the season as regards the Cultivation of Dry Lands subject to the same system of Revenue from which there was a Net increase amounting to Rupees 1465-5-4- the particulars of which are stated in para 6 of the Report.-

5. Of the remaining Lands appertaining to the Estate under the head of Money rented and Garden Land, there was a decrease as compared with the preceding fusly of Rupees 1346-10-5- which is stated to be "chiefly attributable to the limited "extent of Cultivation of Poonassa Wuttee "jauna Vs. or first Crops of the season consequent

Fort St. George 12th January 1843.

"consequent on the failure of rains during "the progress of Cultivation." The excess in the ready money Collections which amounted to Rupees 682-14-2- do not appear to call for particular remarks.

6. In their Proceedings dated the 29th of September last the Court of Wards called for specific explanation relative to two items under the head of Ready money Collections. In para 8 and 9 of the present report the Collector has satisfactorily accounted for the omission in the accounts the Jaw or "Poonassa Wuttee jauna" and the cause that produced the great falling off in the Collection on account of Poollanjor Grazing tax in fusly 1249/1839/40.-

7. The Demands on the Deeny Estate for the year under review was fixed at Rupees 66518-14-1 the Collections within the fusly fell short of that amount by Rupees 15767-2-10- The subsequent Collections up to the 25th of October 1842 amounted to Rupees 13074-7-10 at which date the outstanding Balance on account of Current demand was Rupees 2692-11- this it is stated would be shortly realized from the sale of a quantity of grain in

in store which had been kept back from the Market in consequence of a depression in the Price.—

8. The total Collections within the fusly of arrears (of which there was an outstanding balance at its commencement of Rupees 72,655-6-5.) and on Current demand amounted to Rupees 69,218-13-11, adding to this the Extraordinary Collections Rupees 469-5-10 the particulars of which are entered in Statement 4, also the recoveries of advances on account of Cultivation Rupees 3012-8, and the balance in hand at the close of fusly 1249 Rupees 2108-4-7 the gross receipts will be shewn to amount to Rupees 74,809-11-4. Of this sum Rupees 36620 was credited to Current Peshcush and Rupees 19580 on account of arrears of Peshcush in the proportions shewn in the Margin, and the remainder, with the exception of the Balance on hand of Rupees 4567-11-1, was expended in the ordinary and extraordinary Charges advances for Cultivation, subsistence to the Inamdars Zemindar &c. which amounted in the aggregate to Rupees 11,041-2-3.—

Arrears.	
Ao Zemindar's Jeanagement	Annany Management.—
48769-11-6	23885-7-11
Collections 1-2-9	181,65-15-11

Do. — Do. 1247 " 6577— " 4
Do. — Do. 1248 " 4187— " —
Do. — Do. 1249 " 682-14-8
Rupees 195-80 " "

9 The Current Peshcush of the Estate was

was Rupees 47,887- and the arrears due on this account at the commencement of the fusly under review amounted to Rupees 69,307-11-7, thus raising the total Government demand to Rupees 117194-11-7 but deducting the payments made during the year, as stated in the preceding para, the balance outstanding at its termination was Rupees 69994-11-7 of which Rupees 49727-11-7 was due for old arrears, and Rupees 11267 for the Current Peshcush of fusly 1250. P.D. 1840/41.

The Court of Wards remark

10. that there ought not to have been any balance of Current Peshcush outstanding at the close of the fusly as the Collections made within the year were more than sufficient to satisfy the Government Demand. It is observed however with reference to the account Current Statement 4. that after praying in part only the Peshcush of fusly 1250 — P.D. 1840/41. the balance (deducting the disbursements of charges) was carried to the account of arrears of Peshcush, by which arrangement the balance for fusslies 1247 P.D. 1837/38 and 1248 P.D. 1838/39 was paid in full leaving that due for antecedent years amounting to Rupees 49727-11-7 as stated above is still unadjusted. It is not apparent upon

what

what principle this appropriation of the receipts was made, or the reasons for liquidating the full demands of later years, when the balances of more distant fusalies are unprovided for. all Collections received in the Treasury within the year should in the first instance be applied to the discharge of the Current Government Peshcush, and any surplus only should be appropriated for the payment of arrears, and this course the Court observe may be observed in future.

11. The Court of Wards are glad to learn from the observations contained in para 17. of this report under consideration that Mr. Porter was about to enter into negotiations with the creditors of this Estate, and they trust that the Composition he may be able to effect with them for the amount of their several claims, will be such as will relieve the Zemindary from its present heavy pecuniary embarrassments.

Moonegal para 10.

12. The Moonegal Purganah was rented out in fusly 1246 A.D. 1836/37 on a decennial lease for the sum of Rupees 11333-15-6, but this was subsequently reduced to Rupees 10,632-15-6 at which rate the Estate was settled for fusly 1250 A.D. 1840/41. Of this Rupees 6075-- 3 were realized within the fusly and Rupees 214 subsequently, leaving a balance of Rupees 4343-12-6 due on the

25th of October last. The failure to realize the whole amount is attributed partly to incidents of season affecting the resources of the Estate, and partly to the late Collector having on this account assented to an application made to him by the renters to be allowed to pay this balance by 4 Instalments of Rupees 1000 per Annum in addition to their Current Rist. The late Collector was not authorized to enter into any arrangement with these parties for postponing the payment of the Balance without reference being first made to Superior authority, and which not prepared to sanction the indulgence in question until they are in possession of more detailed information on the subject than is at present before them. Mr. Porter will therefore without delay be pleased to ascertain the particulars of the arrangement made by the late Mr. Grant with the renters, and state whether the circumstances of the season were in his opinion actually such as to render the realization of the outstanding balance within a reasonable time impracticable.

para 12

arrears.
Fusly 1248- 5373-2-1-
1249- 2960-3-10.
8333-5-11.

13. Including arrears the total Collections within the year amounted to Rupees 11,408-8-11. which exceeded the gross Collections of fusly 1249 by A.D. 1839/40 by

Rupees

Collection
1249 - 7683 - 12 - 10
1250 - 4408 - 8 - 11
Excess 6724 - 12 - 1.

Rupees 6724 - 12 - 1.-

14. The particulars of the disbursement for the fusly under report are shewn in the account Current No. 5, and exhibit a total expenditure of Rupees 14,075 - 13 - 11 leaving a balance of Rupees 332 - 11 on hand.-

15 The Peshcush of the Monegal Estate was Rupees 4497 - 8 - of which Rupees 2217 - 10 - 6 only were brought to account within the year, the balance due on the Government Demand being Rupees 2279 - 13 - 6 - The cause of the whole of the Peshcush not having been discharg-ed within the regulated period is stated to be owing to the payment from the collection of arrears for 1248 — 1249 A.D. 1838/39 - 1839/40 of Rupees 7984 - 3 - 6 - on account of the Bonds, transferred by all the other creditors having claims on the Estate to T. Venkata Charloo on the 10th of November 1840, on which date only a trifling portion of the Peshcush for fusly 1250 A.D. 1840/41 had become due" and also to the payment on account of Zemindars "subsistence and other authorized charges which absorbed the receipts

of the year with the exception of the trifling balance in hand.

16. At the close of fusly 1249 A.D. 1839/40 the Private debts due by the Miner Zemindar of Monegal amounted to Rupees 14,986 — 12 — 11 and the pay-ment of Rupees 7,984 — 3 — 6 - in fusly 1250 A.D. 1840/41 to which allusion has just been made, reduced them to Rupees 7,002 — 9 — 5 - below what it was not found practicable to make

Fort St. George 12th January 1843.

make further payments towards their liquidation in consequence of the non realization within the year of the whole of the Current Demands.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government, and a transcript of the same, be forwarded to the Collector of Masulipatam for his information and guidance.

Read the following letter.

Fort St. George 12th January 1843.

To
C. D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St. George.

17

From the Collr of Vellore stating that the Indent for 1842/43 is for Rs. 80000 Bengal Rupees including the balance of the Indent of 1841/42 which can be supplied entirely from the Eskapulley Cottars, or partly from that Division and partly from Kistnapatam in the delivery of Salt at Chittagong in Last Season is owing to a corrupt oversight in the Deliveries at Eskapulley, that it appears there were exceptions in the delivery in former Seasons also, which if they had been noticed before, those frauds would have been put down. that the prices for the Salt exported to Chittagong and Calcutta have been fixed by the Board, and he is acquainted with the reasons for the difference.—

Sir

Para 1 I have the honor to acknowledge the receipt of Extract from the Board's Proceedings of the 1st Instant forwarding Copies of certain papers relating to the supply of Salt to Chittagong for the ensuing Season of 1842/43.

2— The Salt agents' indent for 1842/43 is for Rs. 80,000 Bengal Rupees including the balance unexported of the Indent of 1841/42 This quantity can be supplied entirely from the Eskapulley Cottars, or if more convenient partly from that Division and partly from Kistnapatam where there is also Salt in Store.

3— In these papers is noticed the circumstance of the deliveries of Salt at Chittagong in last season having considerably exceeded the

the shipments at Eskapully &c as exhibited in the certificates and my letters of advice to the salt agent, a large number of Vessels it is stated delivered in more than 100 Maunds each in excess of their Certificates, and one Vessel as much as 153 Maunds. This result can be attributable only to a corrupt overweighment in the deliveries at Eskapully. If that were correct the deliveries at Chittagong would shew a deficit from wastage instead of an excess. The weighment on delivery at Eskapully is conducted by the regularly constituted servants the salt superintendent and his Establishments, and an Officer under the denomination of Akhbarnewis is also in Government employ for the express purpose of holding a check upon their proceedings. The only other means of preventing fraud is the deputing a servant specially to see the weighings which

are a general practice is particularly inconvenient, because the shipment of salt depending on the arrival of Vessels, is uncertain, and extends over a period of three or four Months.—

It further appears from the salt agents letter "that Vessels in former "seasons have generally brought more or "less salt in excess of their certificates "for which they have received payment "at the contract rates". Had those instances been brought to my notice by the salt agent the system of fraud which gave rise to it could have been put down. In fact the salt agent possesses in his own hands the most effectual check to it, the suspension to exercise which has been the chief cause of its continuance. Had the salt agent called upon the ship owners to pay the export price of the excess salt, and have credited the proceeds to the Madras Government and only paid them the difference between

between it, and the Contract price, there would have been no incentive to bribe the public Servants to give encouragement on exportations; but so far as I can collect from the papers which have been transmitted to me, the excess salt cost the ship owners nothing, while they received for it from the Salt agent the price they were entitled to only if they had paid for it on the Coast. If such has been the case, and it is easily ascertained it was a direct premium on dishonesty, both on the part of the Shipowners and the Salt Servants in this District. The main object of my letters of advice to the Salt agent was to check frauds of this nature, but they appear to have been wholly inoperative, for neither in any former season nor in the present one, have I ever had any intimation of the excess deliveries now brought to my notice. I shall adopt further measures to ensure correctness in the deliveries at Eskapuelly, but the most effectual check

will be found in the Salt agent paying for the excess salt the difference only between the cost price from exports, and the Contract price, the former being credited to the Madras Government.

5 The Board have desired me to explain the reason of the Salt exported to Chittagong being supplied at 75 Rupees while that exported to Calcutta is charged at 35 Rupees per 100 Bengal Maunds. The fluctuations in the export price of the Calcutta salt were detailed in my letter to the Board of the 28th August 1840, I am not in possession of the Boards reasons for fixing the price of Chittagong salt at 75 Rupees, while that of Calcutta salt is 35 Rupees. Imagining that possibly when the price of the latter was raised from 22 Rupees to 35 Rupees some alterations might also be intended in regard to the price of salt exported to Chittagong, I referred the matter for the Boards orders in a communication bearing date the 7th July 1835 and their reply of the 27th of the same Month fixed the prices at they

raw stand, Viz.t 25 Rupees for Chittagong, and 35
Rupees for Calcutta, per 100 Bengal Maunds &c.
but the reasons for the difference having
been made I am unacquainted with.

from the Principal Collector of Sellore. It
will be seen that the whole of the salt re-
quired by the agent at Chittagong for the
Current year can be provided in that Collectorate

2.— The Board beg to recommend
that the attention of the authorities at Calcutta
should be drawn to Mr Stonhouse's observa-
tions in Para.s 2 & 3. It is to be regret-
ted that the deliveries of salt on exports of

Submitting a letter from the Pr.l Coll.r of Sellore reporting that the whole of the salt required by the agent at Chittagong for the Current year can be provided in the Collectorate, stating that the Board consider it very desirable that all exports of the delivery of salt should be regularly made known in future by the agent receiving salt to the Officer who supplied it and explaining the cause of the difference between the prices charged to the exporters for salt to Chittagong and to Sulka

To Bd of C.S.R.O. dated June 30th 1812 Para 8 & 9
To Bd of C.S.R.O. dated 2 Oct.r 5th 1812 Para 2.
See also letter from this Board to Government dated Jany 2d 1813 Para 2.

of the certificates was not brought earlier to
the notice of the Officers supplying the salt,
and with reference both to the facts mentioned
by the Chittagong Agent and to the statement
made by the Agent at Sulkea the Board
consider it very desirable that all such
excess deliveries should be regularly made
known in future by the Agent receiving
salt to the Officer who supplied it. The
Board fully agree with Mr Stonhouse in
condemning the practice noticed by Mr Trotter
of paying the full price for the surplus
of smuggling and and must lend strongly

fraud in the measurement. The Board recommend
that the custom should be discontinued,
both at Chittagong and wherever else it obtains.

3.— With regard to the difference be-
tween the prices charged to the exporters for
salt to Chittagong and to Sulka the Board
find from their records that the distinction has
always been made in consequence of the greater
difficulty of obtaining tonnage to the former Port, as
there is little or no return Cargo.

Read

Read the undermentioned Statements.

19 From the Third Coll of Bellore — Statement of Contingent charges not exceeding 70 Rupees each incurred in his District for fasly 1757, and sanctioned by the Board of Revenue.

20 From the Commissioner in Charge of Madura — Statement of Contingent Ex charges not exceeding 20 Rupees each incurred in his fasly 1751, and compared with that of fasly 1750.

19-21 Order on the above mentioned Statements — Ordered to be recorded.

Read again letter from the Collector of Bellary dated 7th and entered in Consultation 22d ultimo.

Ordered that the following address be submitted in consequence.

22 To The Hon'ble Chief Secretary to Government,

To the Hon'ble Chief Secy to Government — Sir

Submitting a letter from the Collector of Bellary furnishing the information called for in the Extract from the Minutes of Consultation of the 9th August 1842 as to the extent of the remaining part of the family and dependants of the late Boochapah Naid Polygar of Nair-gunnipully in that District and recommending that the allowance of Rs 200 per annum, originally granted on account of the resumption of the extensive Jaghire, should be continued in full to the surviving widow during her life time

I have &c. 12th Jan 1843

With reference to the Extract from the Minutes of Consultation under date the 9th of August 1842, I am directed by the Board of Revenue to request that you will lay before the most Honorable the Governor in Council the accompanying letter from the Collector of Bellary furnishing the information therein called for, as to the extent of the remaining part of the family and dependants of the late Boochapah Naid Polygar of Nairgunnipully in that District, with a view to ascertain whether a moiety, instead of the allowance of Rupees 200 per annum enjoyed by the deceased, would not suffice for the support of the present family, as suggested in the communication from the Officiating Secretary to the Government of India dated 1st July 1842.

2. It appears from Mr Mollers letter now submitted, that exclusive of Naranamah the surviving widow of the late Polygar, there are 35 individuals represented as her attendants, dependents, [illegible] and relations with their families "who are entirely dependent for support on the allowance of the widow. Of those Persons the larger number are stated to be actual relations of the family living separately, but receiving a portion of

Fort St George 12th January 1843

of the above income.

3. Taking these circumstances into consideration, together with the fact that the allowance in question was originally granted on account of the resumption of an extensive Jaghire, and moreover that the full pension was actually enjoyed by the surviving widow for a long period. The Board are of opinion that the allowance of Rupees 200 per annum is not more than sufficient for the maintenance of the widow Suranniah in comfortable respectability and for the support of the numerous Members of the family dependent upon her, and they would accordingly recommend for the favourable consideration of Government that the pension enjoyed by the late Boochapah Naid should be continued in full to his surviving widow during her life time

From the Asst. Collr. of Cuddapah — 23 enclosures — dated 1015

Annual Report on the settlement of the Land Revenue for Fusly 1251 in the District of Cuddapah and forwarding the accounts connected therewith both in the English and Native languages.

23

To
The Secretary to the
Board of Revenue
Fort St. George

Sir

Para 1. I have the honor to submit my Annual Report on the settlement of the Cuddapah District for Fusly 1251 — and to forward the following Accounts.

1 Detailed Summabundy Statement for Fusly 1251.

2. General Revenue Statement Talookwar.

3. Register shewing the extent &c. of land held under progressive Cowl.

4. Ditto exhibiting the particulars of land held under Cowl.

5. Comparative Statement of the land held under Cowl during Fuslies 1250 and 1251.

6. Statement exhibiting the survey rent &c. of the Enam lands.

7. Samah and Kisthundy Statement.

8. Statement of the Demand, Collections and Balance.

9A. Statement of outstanding old Balances.

B. Statement shewing the particulars of the old balances outstanding at the close of Fusly 1251.

Comparative

10. Comparative Statement of all sources of revenue.

11A Statement of remission granted for failure of Wet Crops during the Summah bundy.

B. Do. Do. after the Do. Do.

12. Abstract Comparative statement between the charges of Fusly 1250 and 1251.

13A Statement of the extent and survey assessment of each description of land cultivated and left waste.

B Detailed Do. of the survey assessment of each description of land and the remission allowed for.

14. Statement of average prices of grain.

15. Statement of the particulars of Teerva Cummee or lands on which a reduction of assessment has been made.

2. I have entirely excluded Bungenpully from the accounts of the last Fusly, and I shall submit a separate report on the management of that Jagheer.

3. Previous to my joining the District the settlement had been concluded by the Sub Collector Mr. Cotton in the following 5 Talooks- Cheinnoor, Camalapoor, Summulmudgoo, Doovvoor and Koilcondah

and in the Bungenpully Jagheer- The settlement of the Sidhout, Chitwail, Goorrumkonda, Madenpully, and Royachoty Talooks was conducted by myself; Pooleendlah, the only remaining Talook in the Principal Division, was settled by the Head Assistant Mr. Wayne, That Gentleman likewise conducted the Settlement of the Budwail Talook, in the Sub Division, the other two Talooks of which were settled as follows- Doopaud and part of Cumbum by Mr. Woodgate, Acting Sub Collector, the remainder of Cumbum by Mr. Cotton, after his return from his leave.

4. The season was on the whole unusually favorable- The South West Monsoon, it is true, did not set in till rather late, in consequence of which there was a deficiency in the Cartica, or early crops, which are cultivated to some extent in the Southern Talooks viz. Madenpully, Royachoty, Goorrumkondah, and the Southern Division of Pooleendlah- But very seasonable rains fell in the months of August and September and there

there was a most abundant fall of rain in the month of October throughout the Dis=trict (with the exception of the southern or Cadree division of the Poleeandalah Jalook) which completely filled all the tanks, and enabled the ryots to cultivate the whole of their land with the Vysaka or Principal crops.—

5.— The Chitta Sonna and Cotton crops on the black dry lands rather suffered from the unusually abundant and heavy rains that fell in October and the produce was in consequence deficient in some localities. The Horse gram, Cow=gony, Oil and Dholl crops were gene=rally good as were the Raggy and Bajarah crops though in some places these suffered from blight. The wet land cultivation was very extensively car=ried on and the produce generally abun=dant. In a very few places these crops also suffered from blight. The remission granted owing to the Vysaka crops having failed only amounted to Rupees 607—6—3 viz.—

In

In the Principal Division	253—2—6
In the Sub Division	354—3—9
	607—6—3.

6.— The season though thus favorable for agriculture was by no means a healthy one,— Inconsequence of the heavy rains, fever and ague of a very fatal description was unusually prevalent especially in the town of Cuddapah. It has been calculated that about 1000 souls perished from this desease throughout the District.—

7.— Cholera also is supposed to have carried off nearly 500 Persons.—

8.— The Season was however a favor=able one for cattle of every description.—

9.— It might naturally be expect=ed the prices of all kinds of grain have been exceedingly low, so much so that the agricultural Population which so greatly predominates in this country have derived but little benefit from the abundant harvest.—

10.— The following statement exhibit=ing the price of each description of grain during the last 5 years strongly demonstrates how much the introduction of Capital and manu=facture is required in this fine Province.—

Yusly

Fort St. George 12th January 1843.—

11. The following Statement exhibits the extent of each description of land taken up by the cultivators at the commencement of the season from which it will be observed that an increased quantity of every description of land, except garden, amounting to 15 706 — 16 — 14 was undertaken by the Ryots — There was a decrease in the quantity of Garden land owing to a considerable portion of it having been taxed as wet land in consequence of circar water from tanks and Channels having been conveyed to it, and partly because all lands unfit for cultivation owing to the decay of the means of irrigation were excluded from the Vellicavary Statement.—

Jusly.

13. The decrease in the cultivation of the black soil lands arises from some highly assessed lands of this description especially in the villages of Domesdaud and Cumpamulla in the Coilcondlah Talook having been thrown up owing to the poverty of the Ryots who suffered from a failure of their crops in the preceding year, and who have preferred to take up lands bearing a low assessment. The decrease in the garden land is chiefly owing, as I have already explained, to a good deal of this

description of land having been converted into wet by means of the water of tanks and channels and partly to lands cultivated in the preceding Fusly having been left waste in the present year owing to the reduced circumstances of the Ryots.

14. The following Statement exhibits the amount of remissions granted under each head in Fusly 1252 distinguishing that allowed at the time of Summabundy from that granted after its close.

15. The decrease of remission under the head of Cubcolaty Bunjer and loss of crops is entirely owing to the favorable nature of the season to which cause also the increase under the heads of Established remission, Usual remission, Bunjer Coomb and Veeravo Cumminee is to be attributed as it permitted a good deal of lands of these descriptions left waste in the preceding Fusly to be cultivated in the one under review. The decrease under the head of lands washed away and flooded arises from some lands situated in the Subee Division which in the preceding year were destroyed after cultivation not having been cultivated at all in the present year.—

16.— The amount of remissions after the Summahbundy was Rupees 6,087—4—0 being Rupees 2,286—6—10 less than was granted on the same account in the preceding year.—

This sum is composed of the following items.—

1st. The usual remission on one Crop land cultivated with a 2nd Crop but on which the Fusulgasty is remitted on account of the high assessment originally fixed on it but it is only nominally so after remission, it is actually made at the Jummahbundy, because the Ryots are then told they are not to pay the full amount entered in their Pottahs. This must continue as a remission till the final orders of the Board are received. 3,057—14—8

2d. Remission on account of Wysaka Bunjer or late wet Crop lands which at the time of Summahbundy it was anticipated, might be subsequently cultivated, but which were not owing to deficiency of water. 2,208—2—5

3d. Remission on lands in which Indigo seed was sown but which did not come up and which land could not be cultivated with another crop owing to a deficiency of water. 228—1—9

In the waste land not permitting to the Ryots during the Summahbundy.—

4th. Lands proved to have been washed away by inundation 126—11—11

5th. Land not fit for Cultivation 64—11—6

Sum

6th Land flooded by water ——— 1-7-7

7th Wet land left waste for want of water in the tanks &c. ——— 40-7-10

8th Land taped with the Teerwajasty (additional tax) during the Jummabundy but discontinued afterwards to have been cultivated in the dry grain ——— 75-3-5

In the lands sown.

9th Land ascertained to be waste ——— 15-8-1

10th Do twice entered in the account ——— 8-12-6

11th Do washed away by water ——— 1-14-1

12th Poramboke land ——— 9-5-10

13th Land flooded by water ——— 60-14-6

14th Lands on which nay remissions or remission of 5th instead of 15th was erroneously made ——— 123-7-3

15th Customary ready money remissions granted to certain Peddies Curnums and Cuttookady Dems ——— 266-7-8

Total ——— 609-4-10

17. The Board of Revenue have on several occasions raised strong objections to this system of after remissions as being inconsistent with an annual Pyotwar Settlement and they have expressed their desire that

that I should endeavour to get rid of them altogether.

18. The Cuddapah District is so extensive and so much detail is gone into at the settlement that the Collector is generally occupied in it during eight months of each year.

19. It is therefore necessary to commence it at as early a period as possible and in the Talooks first settled, the Pyaka or late Crops are in some places not then sown. All lands therefore whether within or below the tanks which from the quantity of water still remaining are considered capable of being afterwards cultivated are included on the Brig. The advantage of this system is that the Pyots are required to prove to a Government Officer that the lands have not been cultivated or that their non cultivation has been caused by a deficiency of water. whereas under any other system the burthen of proving that such lands were cultivated or that there was sufficient water available for their cultivation must rest on the Talooke and Village Servants.

20. In like manner when lands at the

the time of settlement complain that their lands have been washed away by floods or otherwise destroyed, it has been customary still to include them in the Beriz and to order an examination on the spot by one of the Talook servants. If the complaint was ascertained to have been well founded this became an after remission.

V. While I have considered it my duty to explain the grounds for the introduction of the system which the Board of Revenue complain of, I am by no means insensible to the objections that may be raised to it. I purpose therefore entirely to discontinue the system of after remissions in the approaching Summahbundy and instead to adopt the following arrangement. As the anticipated cultivation is only entered in the accounts of the two or three Talooks first settled and is of no great extent, I propose to enter in the Beriz merely the lands actually cultivated at the time of Summahbundy taking a separate account of such as are considered capable of being afterwards cultivated, so soon as any of them are cultivated, I shall enter them under the head of

Sunkeejasty

Sunkeejasty or cultivation discovered after the settlement and also when a Ryot claims remission on the ground that his land has been flooded or otherwise rendered unfit for cultivation the matter will in all practicable cases be finally disposed of at the Summahbundy, but if that cannot be done and if his complaint is supported by the Curnum of his Village I shall exclude it from the Beriz and proceed in the manner above mentioned after a local examination has been made by a Talook Officer.

27. It may perhaps be objected to this arrangement which I propose to introduce that the system is essentially the same as before and that the only difference is in the mode of keeping the accounts. In reply to this however I must observe that according to my plan, the Ryot must always pay the full amount entered in his Pottah and he will never know more without clearly knowing the reason. Whereas under the former system the Ryot might pay the full amount entered in his Pottah and the remission might go into the pockets of either the Village or Talook servants.

28. Should any better arrangement suggest itself to the Board of Revenue I shall be happy to receive their instructions on the subject. in the mean time, I shall exclude these after remissions from the accounts of the ensuing Summahbundy.

29. The following Statement exhibits the ryotwar Assessment and the different kinds of remissions in the past compared with the preceding Fusly.

Net Increase							134546	13	7			

25. The increase of Revenue exhibited above is of course to be attributed to the favorable season. The decrease of Rupees 107. 2. — in the amount of concealed cultivation has arisen from the late period at which the Summahbundy of the Southern Talooks was concluded. All concealed cultivation discovered previous to the Summahbundy is included in the Summahbundy Beriz only that discovered subsequently is entered under this Head. — Frauds of this description are most prevalent in the talooks of Muddenpilly, Goorumkonda in the Southern Division of Pedavendlah and Poyachoty which talooks are always settled last the Summahbundy of the Poyachoty Talook in Fusly 1251 was only concluded on the 11th July.

26. I beg to annex a detail of the different items of Increase and decrease in the past compared with the preceding Fusly.

27 The extent of Circar and Enam land cultivated in each Fusly since 1238 is shewn in the annexed Abstract Statement, It will be satisfactory to the Board to observe that the Cultivation of Circar land in the Fusly under review considerably exceeds that of any previous one. This is not the case in regard to Enam land the cultivation of which very little exceeded that of Fusly 1247 and did not come up to that of Fusly 1249.

The

Fort St. George 12th January 1843.

29 The Demand Collection and Balance of the District for Fusly 1251 are as follows.

Demand	2,42,341-3-7
Collection within the Fusly	2,33,988-9-1
Balance at the close of the Fusly	8,352-10-6
Collections up to the present date	2,986-15-0
Remaining Balance	5,365-11-6

30 The small Amount of Balance still outstanding is principally due by the Ryots of Western Talooks whose Crops have been deficient for some years back and who are consequently in rather reduced circumstances. I do not anticipate that more than half of the above balance will be realized hereafter.-

31. I now proceed to detail the arrears outstanding in this District. They are of no great amount as will be apparent by the following Statement.

Fusly

Fort St. George 12th January 1843.

Balance of the Collection in Khulsa of the Collectorate up to the close of Fusly 1251

	Fusly	Rs	a	p	Remaining Balance Rs	a	p
1	1242	855	5	0	855	5	0
2	1247	1	1	0	1	1	0
3	1248	9254	4	0	9014	5	1
4	1249	3180	8	0	2718	10	3
5	1250	3904	10	2	2536	9	11
	Total	17,201	13	2	15,127	12	3

Fort St. George 12th January 1843.

32. With regard to the balance of Fusly 1242 a separate report will be submitted in conformity to the instructions of the Board of Revenue and I shall only therefore at present observe that of the total amount of Rupees 858-.-8 the sum of Rupees 785 has been collected and is kept in deposit till the final instructions regarding it are received. An investigation was made at the time of Summakhundy regarding the other outstanding balances of arrears and the Statement No. 9 B contains a full explanation on the subject. Advantage has been taken of the favourable season to collect as far as possible all recoverable balances. The total amount of arrears at the commencement of Fusly 1251 was Rupees 75,246-1-3 of this Rupees 59,981-7-7 have been realized leaving a remaining balance of Rupees 15,264-9-8 of this amount I consider Rupees 2,272-7-4 to be recoverable.—

33. The remaining balance is will be observed chiefly apportainable to Fusly 1248 in which year the dry crops in the Western Talooks entirely failed in consequence

J.S.B.

Fort St. George 12th January 1843—

of which many ryots left their homes and emigrated to other Districts. The remission granted to those who remained was not sufficient to compensate for the loss they sustained and no remission was granted to those ryots who disappeared. Many of them have now returned but they are unable to satisfy the demand against them and there is no advantage in retaining the balances like a mill stone round their necks to prevent them from recovering the position they formerly held and from extending their cultivation or even doing justice to that which they now hold.

34. The small balances due from Fusles 1249 to 1250 are standing against ryots who have no means of satisfying them. I therefore beg to recommend that I may be permitted to strike out of the accounts, the amount of balances entered as irrecoverable viz. Rupees 12,137-2-3.—

35. The result of the settlement of all branches of Revenue for Fusly 1251 is exhibited in the subjoined Statement from which it will be observed that the total revenue of the District amounted to Rupees 26,53,266-13-7 being an increase of Rupees 1,65,124-11-6 on the revenue of the preceding Fusly.—

Lands

Fort St. George 12th January 1843

36. Having thus endeavoured to place before the Board in as brief a manner as possible the results of a Survey of the Town of Fort St. George for the purposes of the Conservancy Act, I have now to submit for their consideration a Draft of such Rules & Regulations as appear to me necessary to be enacted as a proof of the powers given by the Act to the Justices of the District, for maintaining the salubrity of the Town - the removal of nuisances of every description & the removal of the Public Roads & Streets.

37. I am happy to be able to observe that the District during the past year has been remarkably free from depredations. There have been no organized gangs in any part of it and considering the extent and the nature of the country, the amount of crime has been inconsiderable and without significance.

38. During the last Summer Months of the year numerous complaints from the Village of Pursaiwaukum that portions of their premises & Tanks had become partially inundated with water on the rise of the Public Roads, induced me to make an examination of the Ground in question & I found that the Tanks were filled with water from the Drainage of the Roads, which had become obstructed by the accumulation of Sand & Rubbish, & that the Drains were not sufficiently capacious to carry off the water. I therefore directed the Drains to be cleared out & deepened, which has had the effect of relieving the Tanks from the water.

39. Fixing the Boundaries of the Village - & the Drains & Tanks

Fort St. George 12th January 1843

or exceeded the quantity entered in those rules, they were not interfered with, but if there was a deficiency, it was made up by a grant of additional or pumburty Enam. I beg to be favored with the opinion of the Boards of Revenue whether I should now be authorized to make up to them any deficiency below the regulated amount which I may find on examination actually to exist by assigning them an equivalent portion of land from the Ayacut Bunjer of the Village. I am not aware of any objection to my doing so, but I cannot ascertain that it has ever been done.

39. There is another subject which I am most anxious to bring to the notice of the Board and Government. It is not immediately connected with the settlement, but the prosperity of the district is so materially involved in it that I cannot suppose it will be considered out of place in an Annual Report. I allude to the wretched state of the roads. The road between Madras and Cuddapah is part of the High road to Bombay and yet after having travelled through the greater part of Southern India, I can conscientiously state that it is the worst I have ever seen. It is indeed so bad that though it leads to some of the Principal

Fort St. George 12th January 1843

Principal Military stations under the Madras Presidency it is with the greatest difficulty the baggage of the troops can be conveyed along it.

40. The difficulty of conveying goods to the coast is a serious objection to the introduction of European enterprize and capital into the Districts; and the Cotton so extensively exported from this and the Bellary District is frequently conveyed by a circuitous route to Madras merely to avoid the Cuddapah roads.

41. The main road is now so bad that it must be entirely made and I trust that ere long the Government will be able to undertake this most necessary and most important work.

42. Before I close the report I beg to submit a few observations in reply to the remarks of the Board on the last Summahbundy report.

43. In para 14 it is remarked that "the engagements of a Paicary upon Summahbundy included a field of Poonjah land No. 15 of 3-31 and also 1-8-10½ of land under a new well, making in all

Fort St. George 12th. January 1843.

all $\frac{A}{4} - \frac{C}{39} - 16\frac{a}{2}$ - The Poonjah land which it seems
"was usually cultivated was abandoned but
"the new well land was cultivated together
"with Enam land to the amount of 6. Pags. 7
"7-3. the demand on the Poonjah filed was
"remitted on the plea that it was left waste.
" This the Board consider inadmissible and
" the circumstance of the new well land only
" being charged requires specific explanation.
44. The following is the explanation
which has been afforded to me on the
subject. The individual in question is a Picary
ryot, No 15 is composed of very inferior land assess-
-ed at the low rate of 1½ fanams per Acre, only
a small portion of it is fit for cultivation, the
remainder has never been cultivated - and the
ryot has not for many years been charged
for it. It has always been customary when a
No is composed of partly good and partly
bad land, however small, the former portion
may be to include the whole in the villa-
-vary account but at the settlement to charge
only for the portion fit for cultivation. No portion
of the field No 15 was cultivated in fuoly 1250
and the ryot was charged only for the
small portion considered fit for cultivation

the

Fort St. George 12th. January 1843.

the rest being remitted - Besides the new well
was out of repair and the land under it
which is highly assessed at 6. Pags. 8-8
per Acre was only cultivated with a dry crop.
The ryot was also charged Jufferick on
account of the Enam cultivated by him -
The custom of including lands unfit for cultivation
in the villavary accounts has now been discontinued
and teeruajasty or additional tax will hereafter
be levied on all lands under new wells which
are within reach of a supply of water from
tanks or Channels or when the ryot throws
up any of his usual cultivation.

45. In para 16 of the above proceedings
of the Board of Revenue they desire information
as to what is the custom of the country when
ryots paying a small amount of rent for land
use the circar waste for greying large flocks -
and herds of Cattle. Large herds of Cattle are
very rare in this District and it has never
been customary to impose any tax on the ryots for
the use of the circar waste land either from
their oxen or sheep - The reason for a wide
distinction being drawn between shepherds and
ryots is sufficiently apparent. The ryots breed
and keep sheep chiefly for the purpose of

enriching

enriching their lands. whereas with shepherds it is a regular trade. They buy and sell sheep, they dispose of the milk, they manufacture and sell Ghee, they collect Money from the Ryots for penning sheep in their fields. Veesabuddy is therefore very justly levied from them as well as from all other Persons exercising any profession. This tax is indeed sometimes evaded by the sheep belonging in reality to shepherds being entered in the accounts as the property of ryots: such frauds cannot however be practised without the connivance of the Reddies and Curnums of the village and. I should think they cannot be carried on to a very great extent if the Talook servants conduct the investigation in a proper manner and if the Reddies and Curnums are adequately punished in all cases in which frauds of this description are detected.

46 I have the honor to forward the Sub Collector's Report on the settlement of the Sub Division. There is only one subject in it which appears to call for any observation from me. Mr. Cotton proposes that a fresh tarwary survey should be made at any rate in some of the villages. If his intentions is

to raise the assessment on any lands with reference to their present value, I am of opinion that such a measure would involve a breach of faith, would prevent lands from having any value whatever, and would shake the confidence of the people in the justice of our Revenue administration. If on the other hand his intention is merely to lower the assessment where it seems too high, I still think there are objections to a general measure of this nature. Admirably conducted as the survey of this Province undoubtedly was, there must have been errors in fixing the assessment in detail on such an immense extent of land, and if lands were unequally assessed with reference to their relative value, then the lapse of time would in most instances greatly increase that inequality because labour and Capital would naturally be expended in the farmed lands while those highly taxed with reference to their actual value would be neglected. But it would be scarcely just to place these lands on an equality now. The reference which Mr. Cotton has made to the remissions already granted is an argument against rather than in favor of his proposal. When this remission was

Fort St George 12th January 1843

was granted if it had been considered just to alter the relative value of lands, an enquiry would undoubtedly have been made with a view to ascertain what lands particularly required remission and what did not, but instead of this a remission of ¼ was indiscriminately granted to all dry and wet lands and of ⅓ to all garden lands.

47 There may however be instances in which the interests of Government and of the People suffer by the assessment being too high and the land in consequence being left waste. In such cases, it would be good policy to reduce the assessment but it must be clearly shewn that the lands are left waste only in consequence of the highness of the assessment and that other lands would not be thrown out of cultivation by their being reclaimed.

48. Though I thus differ from Mr Cotton in regard to one part of his report, I gladly bear testimony to the zeal and ability which he displays in the management of that portion of the District committed to his charge. It is not necessary for me to direct the attention of the Board to

Fort St George 12th January 1843

to the very arduous duties which Mr Cotton was called upon to perform when left in charge of the District or to the ability which he displayed in the performance of them for I am aware that this has already attracted their attention.

49 I have also much pleasure in acknowledging the assistance I have received from Mr Mayne my Head Assistant. He is a most zealous and industrious Public Servant.

50. In conclusion I must also bring to the notice of the Board the satisfaction and profit which I have derived from my intercourse with Appa Row the Head Shereistadar. His long service in this District and extensive revenue experience peculiarly qualify him for his present situation and his general conduct both towards his superiors and towards those placed under him is exactly what it ought to be.

Cuddapah District,
Pr Collectors Cutcherry,
On Circuit Proddatoor,
31st October 1842.

Cuddapah 11th (Signed) W. W. Arbuthnot
Acting Princl. Collector

Fort St. George 12th January 1843.

To

The Acting Principal Collector of
Cuddapah.

Sir,

1. The annual accounts of the demand on account of Land Revenue of the Sub Collectorate having been already transmitted. I now have the honor to forward my report on the result of its Settlement, offering such observations as to the nature of the season and its general effect on the produce of this Division as may appear necessary.

2. While I remained in charge of the District of Cuddapah I till the 1st March I settled the Summahbundy of 6 Talooks in the Principal Division and on being relieved by Mr Arbuthnot. I proceeded on leave of absence to the Presidency in consequence of which the Summahbundy of Doopaud and of 100 Villages in Cumbum was settled by Mr Woodgate the then Acting Sub Collector. the remaining part of the latter Talook was concluded by me after my return on the 16th May 1842 and the Talook of Budwail by Mr Mayne the Head Assistant Collector.

The

3. The superabundance of Rain in the latter part of the year has been somewhat unseasonable to the Talook in the Sub Division but upon the whole the season may be called a favourable one. The Doopaud Tasildar alone reported that there was an insufficiency of rain for upwards of 6 weeks, or till the first week of September, in the 96 Villages of Canigherry Zillah on the East part of Doopaud and the Coosh Keys Crops were drying up as well as those under Well for want of water. But the subsequent rains over all the Talooks saved these Crops and was if any thing rather in excess in some part of the Country. The Capital Tank of Cumbum and of Budwail and Calasapaud also

also in Budwail Talook and all the other Minor Tanks except 2 or 3 in Doopaud received their full supply of water.

4. In Coosh Key lands, Jonna, Sujja, Indigo, Wheat, Chenna, In Bagayet and Pomarra. Jonna, Raghee, Sujja, Indigo, Tobacco, and Chillies and in Tarry the different sorts of Paddy, Sugarcane, Turmeric, Beetle &c were sown seasonably The Jonna, Sujja, came to maturity in due course of time but in consequence of the excessive showers of Rain in the later Months of the season, Viz, August and September they did not yield more than 5/8 of a full harvest, Grain 1/4 Paddy 3/4 owing to the same cause. The rains in November having beaten down and injured the Crop just at the harvesting time. Indigo yielded 3/4 of a full Crop but in some places it failed altogether. All other Crops yielded a fair return.

The following exhibits the number of Circar Shrotriem Hagrem Jodi &c Villages of the Division.

Circar

Fort St. George 12th January 1863.

6. There is a Decrease of one Village Coorapentta in Doo= =paud which was under cultiva= =tion up to the preceding fusly and deserted this year as its in= =habitants, have been attacked, with a Malegnant fever Vizt many died the remainder emigrated, and another deserted Village Valoo= =guntta of the same Ta= =look was reinhabited this year, Consequently the entire loss of cultivation which occur= =red in the former Village was made good by that under= =taken by the Puyacary Ryot in the latter.

7- The following shews the number of Tanks, Nullahs and Wells, existing in the Sub Division:

Excepti

10. Except in the cultivation under Wells, where a decrease is exhibited there is an increase under every other head. The totals of the items of Land and its Actual assess-ment corresponds with the totals of the Jarwary Accounts. The decrease in the dry being to the same amount as the increase in the wet cultivation. The portions of those numbers unfit for cultivation as well as the whole lands left Bunjor (according to the Puttahs) which were included as Bunjor in the Summahbundy Accounts of last year, were remitted this year, under "Hushumvujah" rejecting the same from Summahbundy Khaum. In compliance with the direction conveyed in the Hookoomenama; The Tahsildar of Doopaud has struck out from the Velavany Accounts such lands as Naulayek Panibooditty and of whole Puttahs relinquished by the ryots; in consequance of which, tho' there is a decrease in Coothky in Doopaud. The ryots in Cumbum and Budwail Talooks having cultivated more Coothky than last year to the amount of Rupees 2273-11-3. and there is a net

increase

increase of 804-2-11:-

11. A decrease in Poonasa which is Inamool Bunjer and which was heavily assessed in Doopaud and an increase in Cumbum owing to low assessed lands being cultivated in excess of last year is exhibited. Therefore there is a net increase in the number of Acres and a decrease in the assessment.

12. In Jury, upon the whole there is a decrease of 30a 6p ½a in the number of Acres but an increase of 179a 12c 4a in the assessment owing to the lower assessed lands in Cumbum having been given up and higher assessed lands cultivated by the ryots this year. In Cumbum there is a decrease of Rs. 1333. 11. 4 p. a. in the Teerwa and Fusulgasty, as those lands which have been cultivated with a double crop last year were cultivated with only one this year. and those lands on which Teerwa Jasty was levied last year did not require irrigation from the Circar sources this year owing to the abundance of rain which fell.

13. There is a net increase of Rs. 4422. 9. 8 in the other two Talooks, more lands depending on Tanks &c. having been cultivated than in the preceding Fusly.

Net Increase 16,237 4 "

Fort St George 12th January 1843.

15. Except only in the Turm of Bagayet and Poonava where a decrease of Rupees 183. 11. 8. is exhibited, there is an increase under every head owing to the greater quantities of rain and of water generally in the Talooks. In Cumbum. The Coosikey and Bagayet lands cultivated inside the Tank of Cumbum in last year were not cultivated this year, as the land was flooded. Some Tury and Poonava lands under the Tank were not cultivated by the ryots because they did not expect to derive a sufficient remuneration therefrom, to enable them to discharge the Circar Kists even the price of grain being so low, other lands were only cultivated with one crop and there is a decrease of Rupees 4,361. 11. 3. in this Talook; In Doopaud and Budwail however there is an increase of Rs 20,598. a 15 Heavily assessed lands were left Bunjer and lightly assessed cultivated.—

16. There is a net increase of acres 10,393. G. 11. a 10. in the number of acres cultivated and the amount of assessment is also increased Rupees 16,420. 15. 3.—

Statement

Fort St George 12th January 1843.

17. Statement of Puttahs distributed for Fusly 1251 Comparing with that of last fusly.—

		Fusly 1250	Fusly 1251	Increase	Decrease
1	Stuttum	20907	20967	62	"
2	Payakaury	4320	4096	"	224
3	Gonchay	267	273	6	"
	Total	25494	25338	68	224

18. In Doopaud there is a decrease of Puttahs owing to those which belonged to persons who left the whole of their lands according to their Puttahs / Bunjer having been struck off under the head of "Hushumvujah" at the time of Jumahbundy; and because those belonging to deceased individuals as well as those of persons who had deserted and became poor, were excluded at the time of Velavaury, any number of Puttahs held by a single individual in the last year were all reduced to one in the present. In the other two Talookes there is an increase of 30 inconsequence of the more extended cultivation of Bunjer lands.—

There

25. There was a considerable quantity of water remaining in many Tanks at the close of the last fusly - Consequently but small portions of land within the Tanks were cultivated at all, and in many instances even these also were flooded by an influx of water they would be reaped; remissions were consequently granted in these cases after due consideration of the reports and examination - made by the Carcoons - Of this amount Rupees 337-6-- is in the bed of the Cumbum Lake and Rupees 275--3--- in that of Pormanillah --

26. Sagoo Bunjer Rasty & Usual remissions --

There is a decrease for fusly 1251 of Rs 213-3-3 in Lands subject to one third remission - there has been less cultivation of land benefiting by this remission, and in addition to this the Lands under Wells which enjoyed this remission were cultivated this - year with Turry Crops by Tanks water and one fourth remission was allowed accordingly upon the Iyem Turrus - There is an increase of Rs 1835-7-7 in the one fourth remission - Altho there is a decrease of Rs 719-11-5 in Cumbum in consequence of less cultivation in the other two Tanks there is an increase of Rs 5555-3--- Owing to the extensive cultivation of Bunjer this year - Fusulgasty and Teervagasty has not been Cultivated in some few lands as was the case in the last fusly and some other lands hitherto enjoyed as Cuttoogutta have this

this year been thrown up, but have been otherwise let out to other Ryots according to the regular Jarwary accounts -

27. Cattoogutta Guddateeroo Mucta Coul Coulacharem --

These four items of remissions are all of one description -

28. The decrease in the Mucta Cowle is attributed with those cultivated with fusulgasty in last year only, and an increase in Guddateeroo is exhibited in consequence of lands benefitting by this remission having been cultivated with - - 2d Crop in this fusly --

Sary Sagawut - This remission was only

29. allowed in Doopaud - Sary is an one fourth remission - granted to Poligars for their own Cultivation and Sagawut There having been less land cultivated by these Classes of persons in this fusly the remission is smaller under this head --

There is an increase in the Nisfraity -

30. which was only allowed in Erragoodipolam in Doopaud owing to more of these lands being cultivated than in - - fusly 1251 - In Dassundam and Shrotriemdar Rayer - ty, there is an increase of Rupees 192 - 15 - 0 - as the lands under new Tanks and lands in the Shrotriem Villages were much more extensively Cultivated in this than in last fusly --

Pymaish Cummey - There is a decrease

31. of Rs 27 - 6 - 5 under this head in consequence of Certain lands in Budweil and Cumbum which were Cultivated in the previous fusly having been Left Bunjer in the present -

Teerwah

Fort St. George 12th January 1843.

Total	1613 7 5	4108 2 9	308 6 1	2185 5 3

Fort St. George 12th January 1843-

33. The first is when in consequence of the bursting of Tank bunds and the destruction of Wells Tarry Paga yat lands are now entered as Cooshkey. The second refers to garden lands so highly situated that it is impossible to flood them for the production of articles usually cultivated in such soils. and have from necessity therefore been left waste till they were entered under Teerway Cummy and classed as Cooshkey- The third refers to the lands originally too highly assessed - by Colonel Munro, or which it requires more than ordinary exertions to irrigate. and reduced by Mr. Chaplin Rs. 8 one Village by Mr. Hanbury - - - The fourth refers to lands - that were evidently assessed as 2 crop lands without reference to the number of Crops that they cultivated. but which are liable under the present orders of the Board to a Fusuljasty Teerwa upon being cultivated with a second Crop but this has never been collected and remains in abeyance. Only one Village is cultivated / Konasamoodrem / in the Budwail Talook. There are however three others of this descrip: tion in the Sub Division Badiapully in the same Talook and Gungavarum and Irlapaud in Doopaud Talook - -

34. There is a decrease under this head Teerwa Cummy of Rupees 134-9-10 owing to certain lands under the fourth des: cription named having been uncultivated altogether in some cases and in other no second crop having been cultivated and a consequent reduction in the Fusuljasty - There was a decrease in cultivation of land liable to this remission of Rs. 118-3-10- in Cumbum Talook but an increase of Rs. 182-4-7 in the other two

Comparative

35. Comparative Statement of Land Revenue in Fusslies 1250 and 1251 in the Sub Division—

Sagostarway	" " "	" " "

42 By this will be seen the respec-
=tive proportion of Circar and Enam lands in
the Sub Division. Under the item sagootarway is ex-
=hibited. the quantity of land under cultivation at the time
of the general Pymaish 1216 and that under culti-
=vation during this fusly exhibiting a falling off of
21-5-8 per % when compared with the former.

43 The proportion of Enam cultivation
over the Circar is as usual excessive and I.
imagine it is so all over the District. In the
Sub Division the Circar Iyacut compared with
the Enam Iyacut is as 45-13-6 to 100 Rupees
but the cultivation in the Enam lands compared
with that in the circar is as 83-15 to 100 Rupees,
if this were the Circar Index would be 9-11-1 per %

44 The reasons assigned for this enormous
disproportion are various one that the Enam lands
were assessed exorbitantly high, even as compared
with the Circar, that Enamdars are both willing
and able to rent these at infinitely less rates
than the most valuable of the Circar
lands; consequently as is indeed
evident, the latter are thrown aside
for the former, and, after all, the
people who are the most comfortably
off, and most respectable, are the
larger Enamdars. This is not the
proper place to make further remarks
this subject but the facts are indisputable

and

and speak loudly for themselves.-

45 There is an increase of 2280
in this Statement, occasioned partly by a great
increase of Land (discovered in the Village
of Moosnoor in the Doopaud Talook) of
Acres 1008, not entered in the Pymash accounts.
It appears that this Village is situated
on the confines of our territory and that
of Venkatagherry and Kalastry Sagheerdars
and this error in the accounts seems
almost unaccountable, and were it not
that a considerable proportion of this
is Anandi Dunjer, the honesty of the
then Pymash Cars might be impugned.-

46. The increase in question
is clearly within the limit of the
Pymash boundaries of the Village,
having been inspected personally
by the late Sub Collector, in presence
of a constituted authority of the
Venkatagherry Jemindar. There
was an increase of 600 Acres of
Land in this Village; the original
Enam lands amounted to 1200 acres, making the
increase of about 50 per %. To this the Enamdars have
laid claim and orders have been issued to enquire
into the whole of the circumstances connected
with the case, when final orders will be passed,
this a reference to the Board of Revenue may be
previously necessary.

47. Annexed is a Statement shewing the
Pymash Jasty in the above Village both in Circar and Enam
Iyacut.-

Statement

In

50. In accordance further with the orders of Colonel Munro, that if, on remeasuring the Grounds, any increase above 12½ per % in Cooskkey, or 10 per % in Sury was discovered over and above the Pymash accounts it should be entered in the accounts, and not otherwise. Some increase has been discovered in certain Villages, Poromboke lands brought under Cultivation Vea. Vea. 1, which have been entered accordingly.—

52 The increase of 2-7-9 per % is owing to an increase of cultivation, in consequence of a better supply of water: there is a decrease in the Potaily and Kuttoobady Enams occasioned partly from Paumboodity, and partly from some minor causes, as family disputes.—

34. A considerable supply of rain having been received into most of the smaller Tanks in the Cumbum Talook, cultivation commenced in the surrounding Villages at an early period, when the price of grain was already very low. this fact so far discouraged the ryots in Cusbah Cumbum, where the price of grain was equally low, that they could not contemplate a sufficient profit upon cultivating the poorer lands under the great Lake, which seldom yield a fair return for the labour required in bringing it under cultivation. Another reason for the defalcation in this head was, that the neighbouring ryots which were in the habit of flocking to Cumbum during indifferent seasons remained in their own Villages and cultivated lands nearer their own homes, where the supply of water was adequate.

The ryots of this place are a notoriously indigent set being chiefly mooreers whose improvidence is proverbial. and whose only means of paying their Kists is by the proceeds of the sale of their crops on this plea unremitted Bunjer was sparingly

sparingly awarded to them.

55. Another cause for the higher assessed lands being thus waste is that many of the Ryots have not cattle of their own and are constrained to borrow and they therefore are in the habit of cultivating what is termed the Sucka Dhaun or Paddy, which requires but little water as well as labour, by being simply sown the process of subsequent transplanting being unnecessary while they get somewhat higher profit, However these lands become much impoverished after a succession of these Crops and at last they are left Bunjer. Even the wet land in this part of the Country are obliged to be manured to a considerable extent. In spite of every thing, husbandry is carried on to such a pitch as quite to astonish me. all the dry lands being also regularly cleaned from Weeds Yearly, and manured while, the seed is sown by means of drill harrow.

56. It may here be remarked that from time <u>immemorial</u> the particular class of ryots of this Town who cultivated, the lands under the great Lake enjoyed the indulgence of a Jyagaharee remission, so that the loan granted

to

Fort St. George, 12th January 1843.

to the rest of the Ceded Districts in Fusly 1231 was no boon here, and the excessive poverty of the cultivating classes has in consequence continued gradually increasing, and it is with the utmost difficulty that the Kists are collected.

57. In former years, that is to say previous to Fusly 1239, and in conformity indeed to Colonel Munro's Hookoommanah, when there was any lack of water, Dry lands cultivated with Raghee &c. as Poonasa, were assessed at 1/2 the Dry Teerwah for single Crops, and 3/4 for a second Crop; the same lands, if cultivated with a wet Crop and subsequently with a dry, paid the full Teerwa for a single wet Crop; 1/4 teerwa for the second, and enjoyed the 1/4 remission as well: all which advantages have since been denied to them by the Board's orders of the above Fusly- so that it would appear the case of the Ryots in this Town is more than ordinarily straightened. I would therefore venture to suggest that some amelioration of their circumstances, may be taken into consideration, which would at the same time both advantage the Government and the inhabitants.

58. I would now beg to make a few remarks

Fort St. George 12th January 1843.

remarks upon para 10 of the Extract of the Proceedings of the Board dated 16th December 1841, referring to the late Sub Collector's Samahundy Report of the Fusly 1249.

59. The highest turrm upon lands under the great Lake at Cumbum is 21-2-4 per Acre single crop, or 139-12-11 per Sanjore Weily. This land is greedily seized upon and a double crop cultivated which makes the whole turrm Rupees 31-11-6 or 200 ed. 11-11- upon a double crop Weily in Sanjore. It will be acknowledged that much land in the latter province is more highly assessed than the foregoing, but it must be taken into consideration that the means of irrigation and the description of water by which the lands are respectively watered is as different as possible.

60. The Canvery brings with it a rich pattening (if I may use the term) loam which enriches the soil wherever it finds its way: the land too after the drought of the season gapes as it were to receive it, in innumerable fissures. And therefore the soil is never weary of yielding its fruits. Here on the contrary the lands open but little during the dry season, under this enormous expense of water, provided it is a moderate season, and when the supplies of freshwater arrive, much of the invigorating loam, so peculiar to the great streams of the Delta both in

Sanjore

Fort St. George 12th January 1843.

Sanjore and in Egypt is deposited in the great re-
-servoir the Lake. It has been ascertained that
there is a sediment of not less than 18¼ feet in its
bed near the great bund, and of more than 3 feet
near the Calingula, which has been twice breached
in 1818, and the last time in 1822, of which the low
land which receives its waters have been deprived
and the results are visible, in that each year the
lands instead of being annually enriched, become,
naturally enough, impoverished by the constant
drain upon their fecundity, and also by the dry
Paddy crops before alluded to, and the higher the lands
are situated, the more they suffer and the worse they
are, consequently — "the high and low lands under
"the Cambum Sank were assessed with reference to
"their positions and facilities of irrigation" at that time
changes have taken place which could not have been
ever foreseen, and it has been considered expedient
to establish the Mamool remission of 1/3 and 1/4 since the
days when the assessment was first made; other alter-
-tions may be equally beneficial and equally necessary.
This remission itself is very unequal in its operation, for
the same reasons that have changed the value of lands,
Viz. local circumstances, and I cannot help thinking, as
I believe has more than once been recommended, that a
second Cauvery Survey, at all events in many Villages,
would be highly beneficial to both the Government
and the Cultivator.

To.

To J. D. Bourdillon Esqre.
Secretary to the Board
of Revenue
Fort St. George.

From the Acting P. Coll. of Cuddapah } Sir,

No. 136 of 1842.

(25)

I have the honor to acknowledge the receipt of the accompanying Petition from R. Soobbiah Curnum of Dagaver Nalatoor in Budwale Taluk, on which by the endorsement a report is required from me.—

The Petitioner states that he is prepared to prove concealment of Cultivation and other frauds to the extent of Pagodas 2,000.-

2. No particulars, as to the localities where these frauds exist, are mentioned, I therefore requested the Sub Collector to send for the Petitioner and to take from him a Statement on the subject of his petition.—

From the following Extract from his deposition the Board of Revenue will be able to judge what credit is to be attached to his Statements-

"2 In the Petition addressed by you to "Government it is stated that you will prove "frauds to the extent of 2000 Pagodas, if the "items therein specified are enquired into — "State in what taloobs, in what Villages, "and in what Sources of revenue do these frauds

frauds exist-"

A "As I was suffering from fever when
"I wrote the Petition the word Talooks must
"have been written inadvertently. I am not
"aware of Concealment in any Village except
"my own- If you will be pleased to order
"an examination of my Village, I think con-
"cealment to the extent of 20 Pagodas may
"be discovered- It was my intention to men-
"tion this in the petition but from the
"effect of fever two 0's were added by
"mistake- I cannot prove frauds to the extent
of 2,000 Pagodas-"

4- After this I do not think the Board will be of opinion that further enquiry is required- The Petitioner's Village will of course be examined in the same manner as the other Villages in the Talook

30 From the Collr. Sir,
of Chingleput Para 1 With reference to your letter
30 under date the 15th Instant, I have the honor
to request you will submit for the consi-
-deration of the Board whether the Gan-
-jah and Bang, alluded to in that com-
-munication, may not be legally confiscated
under the Provisions of Act XIV of 1838
whereby the quantity which each person
not being a licensed dealer, is allowed to
have in his possession within the limits
specified

Fort St. George 12th January 1843.

specified, is restricted to one half Viss, all excess being, under clause 2 Section II Regulation III of 1820, liable to confiscation and although clause 1 Section III of the same Regulation provides against the confiscation of such quantities as may be merely in transit and covered by Rowanahs, this exception cannot I conceive hold good in the present instance, because by the evidence adduced, and the Statement of one of the parties concerned, it is clear that the Ganjah and Bang in question had been stored, and was only removed subsequently from Punnicherry to prevent its being seized, when the parties became aware of their practices being discovered —

2 The doubt of being able to convict the parties of the actual offence of having smuggled, induces me to bring this matter again for consideration, as if it is impossible to confiscate the goods without proceeding to the Criminal Court, with a chance of being defeated in the prosecution, I consider it would be advisable to do so

The

31

Proceedings thereon.

In Cons. 12th Jany. 1843.

(30-31)

The Board have carefully considered all the circumstances of the case under consideration and compared them with the Provisions of Act XIV of 1888 - but they are forced to the conclusion that this case cannot be brought under that enactment because there was not that "permanent storing" of the Ganjah which is thereby required - There appears no room to doubt the design of the owners of the article, and it is probable that the requirements of the law might have been satisfied, if the Peons deputed by the Tasildar had searched the premises in which it stated to have been then deposited, or watched them to prevent its removal until they could obtain instructions how to act - But under the actual circumstances, the Board have no other alternative than to repeat their former order -

See III Reg III of 1820.

3V.

From the Collector of Chingleput - } Sir, / 1st Para

(32)

I had the honor this day to receive the Extract from the Proceedings

From Board to Govt. 10 Octr. 1842 Minutes of Consultation 5 th November 1842

of the Board of Revenue dated the 12th Instant with Copy and transcript of the documents noted in the Margin, relative to the issuing of new Grants for certain lands situated at Saint Thomas's Mount in the name of His Highness the Nabob of the Carnatic -

Previous however to carrying the instructions of Government into effect, I consider it my duty to bring to the notice of the Board the accompanying copy of a letter (also received this day) from Mrs. Taynton again forwarding the documents under which she claimed the property, but amongst which are included two, not before submitted to me by that Lady or communicated to me by her Son, when I requested to see the deeds, and which, marked D and E respectively, are enclosed -

Vide Enclosure A

Grant of Govt. No. 83 dated 30th October 1839 issued in the name of Mrs. Taynton for Gs. 1800 -

A certificate granted by Major Genl. Showers late Commandant of Artillery

2. The Government having thus issued through the Office of the Collector of Madras a grant for the lands alluded to in Para 5 of my report dated 29th August to Mrs. Taynton, and of which I was unaware until this date, may on a reconsideration of the subject, consider it advisable to cancel the instructions now acknowledged, but at any rate I shall postpone preparing the grants until I receive your further instructions - A copy of my

Communication

Vide Enclosure B

communication to Mr. Taynton is also submitted—

3 No further documents or information have been forwarded to me regarding the garden alluded to in 3d. and 4th. Paras of the report above alluded to.—

Chingleput District—
Collector's Cutcherry Pullecarpay
22d. December—1842.—

(Signed) A Freese
Collector.

A

To A Freese Esqre.

Collector of Chingleput

Sir,

Understanding that the Most Honorable the Governor in Council has, I presume in ignorance of my claims, sanctioned the issue of new Grants in the name of His Highness the Nabob of the Carnatic for certain lands and grounds at Saint Thomass Mount now in my possession, I do myself the honor to forward for your inspection an original Grant signed by the Governor and Members of Council in my name, and to request that you will point out to the proper authorities the manifest injustice of giving to another a grant for a piece or pieces of land which has been so long in the possession of my family, and the right to which I am prepared to

to uphold in Courts of Law—

It will not escape your own notice the attention of those to whom you may refer the question that the issue of a Grant by Government can confer no new Title on the Nabob, and moreover that as I am in possession and have been for half a century, he can derive no benefit therefrom, whilst it may be made the source of much vexation to me. I would in conclusion beg to add that my present residence was, when first given over to my Mother the late Mrs. Colonel Kelly, nothing more than a store room, and that I have laid out nearly 60,00 Rupees to make it habitable—

(Signed) M. Taynton
Widow of the late Col.o Taynton
Madras Artillery—

B

To Mrs. Colonel Taynton
St. Thos.s Mount.

Madam,

D Grant of Government for the Garden at Saint Thomas's Mount.
E Assignment of Officers for the Land formerly occupied as a Sepoy Guard.

and objected to grants for the lands being issued in the name of His Highness the Nabob of the Carnatic— It is much to be regretted that the two documents D and E above alluded to were not submitted to me with the others, that in reporting on the subject of the Gardens I might then have brought them to the notice of the Board of Revenue— The orders of Government to execute grants for those lands in favor of His Highness have this day been received, but I propose submitting your communication, with those papers for further instructions.—

2. The remaining Documents marked A D and C— are herewith returned.

Chinglepat District— Coll.rs Cutchery Pullecanney 22.d December 1842. } (Signed) A. Freese Collector.

E

Trichinopoly 31.st August 1842.

This is to Certify that a piece of Ground formerly occupied as a Fives Court on the Cantonment of Saint Thomas's Mount was by the mutual consent of the Officers of Artillery present at the time at Regimental Head Quarters, made over to Mrs. Jaynton as far as the right of possession for half a Century empowered them to give their convent to its transfer.

(Signed) C. J.— Showers Maj.r Gen.l Commanding Southern Division late Commandant of Artillery.

Per

33 Proceedings thereon—

(32-33)

Received 29 August 1842. Entered 22 Sept.

22.d December 1842. 12th January 1843.

The Collector has omitted to state in which of the two gardens in Mrs. Jayntons occupation referred to in his former letter the small piece of land specified in the Document which accompanies his present communication is situated; nor does it appear that he has taken any measures to ascertain whether it forms a part of either. Of those two Gardens one is stated to contain 5—2—1500 C Gs Sq.re ft. and the other 5—18—750 C Gr Sq.re ft. The Ground alluded to in the present letter is only [illegible] Sq.re ft. and the Collector is requested to ascertain and report without delay how it is situated with reference to the two Gardens.

2. The document forwarded by Mr. Freese is styled by him a Grant he will observe that it is not a Grant but a lease— neither was it issued "through the office of the Collector of Madras," but through the Military Department, and registered in the Office of the Collector— One of the boundaries of the Ground as defined

in

Fort St. George 12th January 1843.

in this leave is "The Nabobs Garden." The Board would be glad to know whether this is one of those Gardens which Mrs. Taynton claimed as her own, or some other. It is observed too, that General Showers describes the land as "having been formerly occupied as a fowes' court" while the lease speaks of it as bounded on one side by the space formerly so occupied. It is desirable that the actual fact should be ascertained on this point.

3. It has already been decided by Government that the two Gardens which formed the subject of the former correspondence belonged to the Nabob; and if the piece of Ground now under notice forms a part of either, the lease can be of no validity. But it will be necessary to bring this matter before Government, and Mr. Freese is requested to submit correct information on the points indicated above at his earliest convenience. He will be pleased to state at the same time whether any new buildings have been erected on this piece of Ground posterior to the issue of the lease, and if so to what extent and valu-

34

From the Collector of Chingleput.

Submitting Statements of the Revenue, Collections, Charges and surplus proceeds of the Shrotriem Villages under attachment for Fusly 1251 A.D. 1841/42.

Sir,

Para 1. I have the honor to submit the accompanying Statements marked Nos 1 to 3 respectively shewing the Revenue Collections, Charges, and Surplus profits during Fusly 1251 A.D. 1841/42 of the attached Shrotriem Villages placed under my management by the Zillah Court.

34

2. The Villages numbered from 1 to 4 were, during the preceding year, held under amany management, and these from 5 to 8 under Double Rents formed upon the estimate of the standing crops, but during the past Fusly, the whole of them were rented in the early part of the year, the aggregate amount of the rents exceeding the Revenue of the preceding year by Rupees 281-9-9. In the Villages Nos 9 10 and 11 there has been neither increase nor decrease

they

they having been previously rented for periods exceeding one year and at a fixed and fluctuating sum.-

3- The small increase in the outturn of the Village No 12 has arisen chiefly from extended cultivation, the lands being held under Ryotwar assessment and which was introduced in the Village on the reversion of 3/4ths of it to Government.-

4- The decrease in the Village No 13. which, as in the preceding year, was under Aumany for Fusly 1251, may be attributed to the low price of produce.-

5. In conclusion I beg to add that the outstanding demand, amounting to

to Rupees 436. 4-4. shewn in Col 38 of the Statement No 1, will be shortly realized and carried to the credit of the different Villages to which the sums appertain.-

Fort St. George 12th January 1843.—

Read the following letters—

To

J. D. Bourdillon Esqre
Secretary to the Board of Revenue
Fort St. George

36

From J. Goldingham Esqre
Collector of North Arcot.—

Sir,

Para 1.— The correspondence noted in the Margin has reference to the Management of the Native Temples in future, with the exception of the Pagoda at Tirputty, arrangements were made by my Predecessor, these were sanctioned by the Board and have been carried into effect.—The arrangement in regard to Tirputty forms the subject of the present Communication and is submitted for the Consideration and orders of the Board.—

To the Board 29 September 1841
From Do 23rd May 1842.—

Reports that Mahunt seems to be qualified for nominating as Durmakarta to the Pagoda at Tirputty subject to the supervision of the Cavetnuggar-gemindar.—

36

2. It was rather to be expected that difficulties would be experienced at first in suggesting a suitable arrangement. These however have disappeared and it only remains to make such selection from among the parties desirous to have the Management of the Pagoda affairs, as appears proper.—Both the Head Jeeyengar of the Pagoda and the Mahunt at Tirputty have solicited to be appointed to the Office of Dhurmakarta.—The former

either

either alone or in conjunction with the Mahunt, but the Mahunt is averse to be associated with the Jeeyengar. The Zemindar of Cavetnuggur is also willing to exercise Supervision over the affairs of the Pagoda.—

3. The Rajah of Mysore was invited to take the Superintendence of the Temple but has declined. It was understood that the Zemindar of Vencatagherry was desirous that the Management should be made over to him, and I was led to suppose from a Communication received from him that he had acceded to the arrangement. Hence I expressed a hope to the Board that the necessary arrangements would be concluded in a short time. The Zemindar has however subsequently declined the offer.—

† From the Board 1st Sept. 1842 To Dt. Dt. 7th Dt.

4. The Head Jeeyengar claims† the Office of Dharmakarta first, because his ancestor Sreebashakarlos in the year 974 of the Salivahana or 790 years ago, effected certain reformations at the Pagoda and Secondly, because when the rules regarding the Management of the Pagoda were drawn up by the Commissioner

† Petitions presented to the Board. No. 1083 of 1841 — No. 693 / No. 877 } of 1842

Commissioner Mr. Bruce some years ago, he was recognized as vested with large authority. On the first ground of Claim it is also urged that Sree Bashcarloo was the Founder of the Vystnava Sect. The rules referred to which were drawn up for the Management of the Pagoda have been considered. It is not mentioned any where that the Jeeyengar is to have any authority beyond that of dismissing his own Goomastah. his attendance is required on certain occasion Specified in common with others for purposes of efficiency, but beyond this there is nothing on which the Claim now preferred can rest. The question of fact being thus, a Consideration of the first ground set forth is not called for, which whether traditional or otherwise, false, or true, cannot affect the fact that the Head Jeeyengar has not been the Dharmakarta. The Jeeyengar is however a person of considerable importance and though the Specific grounds on which he rests his Claims are to be rejected, there ought not to be any bar to his being appointed Dharmakarta, if other

From the Board 23d May 1042 Para 4.

other considerations favour - On the present occasion however his nomination to the Office of Dharmakarta is out of the question - The Board have decided upon sufficient grounds that it is not expedient upon the first change in the Management to raise a Ministerial Officer of the Pagoda to an office like the present with large powers and the Achary Poorooshals or Readers of the Vada have urged their objections against the nomination of the Jeeyengar - The wish of the Jeeyengar to be associated with the Mahunt is equally difficult of attainment, as the Mahunt will not agree to this arrangement - The wishes of the Head Jeeyengar must then be rejected in toto on the present occasion Hereafter he will be equally eligible with others for the Office of Dharmakarta, other circumstances favoring, but his nomination then will rest with the party entrusted with the Superintendence. -

5. The Mahunt is the Head of the institution of Byragees at Tirputty - He is not in any way mixed up with the internal affairs of the Pagoda, but is

is interested in the Celebrity of the Temples. He enjoys certain lands, not considerable, and a present from the Tirputty Pagoda - the expenses of the institution are - great and the Mahunt is, from his Office, a person of much importance, this is - perhaps added to in the Case of the present Mahunt, whose personal Character Commands Respect - Since the withdrawal of the Guard of Sepoys during the Annual Festival, the Mahunt has assisted, with - the people at his disposal, in keeping the Peace and Guarding the Offerings - The Mahunt being in no way connected - with the Pagoda, and having personal and official weight on the spot seems to be qualified for the Office which he solicits. -

6. The Zemindar of Cavetnuggur having expressed his desire in writing to Mr Ogilvie to have the Superintendence of the affairs of the Pagoda and again in person to me in an interview I had with him yesterday, when I expressed my wish that his request to Mr Ogilvie might

might be carried into effect, it is proposed that the Superintendence of the Tirputty Pagoda shall be made over to him from the 1st January and that the Mahunt at Tirputty shall be nominated ex. Dhurmakarta under the Zemindar. On the Office of Dhurmakarta being vacated by the Mahunt or on his death, should he Continue to hold the Office till then, it will rest solely and entirely with the Zemindar or his Successor to make ex. such arrangements on the occasion as may seem to them proper.—

7. The offerings with the exception of the Jewels and Ornaments at the last Festival just concluded having been carried to the account of Government, the same must be repaid for the expenses of the Pagoda. The Jewels and Ornaments will be returned to the Pagoda as they are. The particulars ex. will be duly Communicated to the Board if the proposed arrangement meets their Sanction.—

8. The Original Petitions+ for=warded by Board are herewith returned.—

From the Coll.r in the Northern Division of Arcot }
Dated 9th Jany. 1843
Original sent

Sir,

I have the honor to submit for the consideration of the Board a letter from Mr. Hall, the Head Assistant Collector with original enclosures stating that 2 Suits will be filed in the Supreme Court at Madras by Tiroovengadasawmy Moodely and Kistnasawmy Moodely, against him for acts done in his Official Capacity as acting Sub. Collector and to recommend ex. under the explanation afforded ex. by Mr. Hall that the Suits may be defended at the public expense, in the event of its being determined that the Supreme Court has Jurisdiction in ex. these Cases beyond its own limits. As the local Courts are open to the Prosecutors it does not appear that the Supreme Court can interfere in the present Case.—

No. 1.

To

John Goldingham Esqre
Collector and Magistrate
of North Arcot

Sir,

I have the honor to forward herewith two Notices of Actions for damages about to be instituted against me in the Supreme Court of Judicature at Madras by Tiroovengadasawmy Moodely and Khrishnasawmy Moodely residents of Ranypet for certain acts alleged to have been done by me at Arcot, and to request that you will submit the following to Government with your recommendation that the case be defended at the Public expense, as laid down in Regulation II A. D. 1823.

The acts alluded to in these 2. Notices when stripped of the gross exaggeration in which they are disguised, were done by me in my Official Capacity of Head Assistant Magistrate and Collector of the Zillah of North Arcot, by virtue of the powers vested in me by Regulation I of 1820, and the spirit of other rules for the prevention of illicit sale of Spirituous liquors, most especially to the European Soldiery in India.

The

J.G.B.

Fort St. George 12th January 1843.

The transaction was this. On or about the 10th day of last December, information was personally given to me by Lieutenant Colonel Young commanding Wing of H. M. 25th Regt. at Arcot, and Captain Blogg, Staff Officer, that certain persons had been apprehended during the previous night with a quantity of Arrack in the Camp of the H. M. 25th Regt. by the sale of which Spirit a great number of the European Soldiers among whom the Cholera was at the time raging, had been found in a complete state of intoxication, adding that the persons seized were servants of the Plaintiffs. On receiving the information early in the morning I was anxious to trace from whence the liquor had come, and to ascertain without loss of time whether there was any further supply concealed in the Shop or premises of the Plaintiffs, which there were reasonable grounds to suppose to be the case. I therefore in company with Lieutenant A. S. Bruere 7th Light Cavalry, and Syed Abasa Mahomedan Moonshee, proceeded to the Shop of the

Plaintiffs,

Plaintiffs, and there directed the Cutwall of the Town to place the Sircar seal on the door of the Shop to prevent any liquor from being carried away until such time as a regular search could be instituted which I did not then make in consequence of Terovengada = sawmy the owner, not being present. —

As soon as he appeared before me agreeably to my Summons, he denied that the Prisoners under the Military guard were his Servants, On which I considered it my duty to direct him to accompany the Cutwall to the Camp, (a short distance from hence) so that enquiries might be made in his presence by the Police, which he did without any force being used towards him. About 3 hours afterwards the Cutwall returned with him, and reported that although the charge was still made against Terovengada = sawmy Moodely, yet that from other sources he had reason to believe that the Prisoners were not his Ser = vants, on which I immediately ordered him

1046 Fort St. George 12th January 1843.

him to remove the Seal from the door of the Shop in the presence of Terovenga = dasawmy Moodely, who at first assented, = but subsequently contumaciously refused to be present or allow any of his people to go to the Shop, which however could by no means have sustained any damage or injury, as no violence was used or doors opened at the time it was placed under the surveillance of the Police —

The allegations set forth by Terovengadasawmy Moodely of his having [illegible] are utterly false as may be proved by the evidence of Ebram Khan the Cutwall of Ranypet and other witnesses. —

It appears a question of considerable doubt whether an Officer of Government acting in his public Capacity in the Provinces beyond the limits of the Supreme Court at Madras, can be made amenable for such acts to the Supreme Court, and I trust that the Government will issue such instructions to their Law Officers as they

may

may deem proper to set aside or de=
=fend the action, and enable me
to avail myself of the Permissions
granted to me by the most Noble
the Governor to proceed to England
without the possibility of my being
detained by any Summary process
which I am informed is one of the
objects which the Plaintiffs have
in view.—

Madras.

No.

The Acting Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to request that you will lay before the Most Honorable the Governor in Council the Accompanying letter from the Collector of North Arcot, transmitting one from his Head Assistant, having reference to notifi-cations he had received of proceedings about to be commenced against him in the Supreme Court at Madras for certain Acts performed by him in his official capacity.—

2. The occurrence reported to took place at a long distance beyond the local limits of the Court, and the Board believe that they are not within its cognizance. But it would appear that any defence to the complaint whether declining the jurisdiction of the Court or on the merits, must be pleaded before the Court, and it will be necessary therefore that Mr. Hall should appear in person or by attorney. Mr. Hall's letter to the Collector

Submitting a letter from the Collector of North Arcot together with one from his Head Assistant having reference to notifications the latter officer had received of Proceedings about to be commenced against him in the Supreme Court at Madras for certain Acts performed by him in his official capacity and recommending that the defence may be undertaken on the part of Government and the papers placed with this view in the hands of the Law Officers of Govern-ment.—

Ex. Com. 10/2 Jan. 1843.

Fort St. George 12th January 1823.

contains a statement of the facts of the case, the Board are of opinion that Plaintiffs have no good ground of action, but if any irregularity or over-stepping of authority did take place it was only by the strict execution of a very important duty and in accordance with the analogy of Regulation I of 1823 the Board beg to support Mr. Goldingham's recommendation that the defence may be undertaken on the part of Government and that with that view the papers should be placed in the hands of the law Officers of the Government.

3. It seems not improbable that the object of the Plaintiff is to extort Money from Mr. Hall on the supposition that he might be willing to compound the action rather than be obtained in India. It is desirable on several accounts to frustrate this design and the Board beg to suggest that no time should be lost in empowering the Company's Solicitor to act on Mr. Hall's behalf, in the event of any motion being made in Court for summary process to issue against him. It may be added that the Hindoostan in which Mr. Hall is understood to have taken his

Fort St. George 12th January 1823.

his passage, may be expected in the course of five or six days.

Revenue Board Office,
Fort St. George,
12th January 1823.

(Signed) J. D. Bonnadieu
Secretary

Read again letter from the Principal Collector of Salem dated 7th and entered in Consultation 17th November 1822 forwarding an appeal petition from Ram Row late Tahsildar of Namakkal Talook against two decisions passed by the Principal Collector together with the original Proceedings.

40.

Proceedings thereon.—1. The two cases are so much alike that they may here be noticed together. The Complainant is in each case the Monigar of his Village, and the charge is that when the Tahsildar came to make the Cultivation Dittum of Fasly 1230 he asked for a present of 100 Rupees, threatening in case of refusal to make the party attended his Cutcherry all through the Talook, on which one of them gave him the full sum demanded and the other 75 Rupees. The charges were supported in one case by two and in the other by three witnesses, who

Proceedings reversing the sentences passed by the Pr. Collector of Salem against Ram Row late Tahsildar of Namakkal Talook directing that the fines imposed be returned if they have been levied stating that as this individual dismissal from Office was illegal the Board direct that in addition to his restoration to it the whole of the pay of the appointment shall be given to him from and after the day of his dismissal and pointing out certain irregularities

irregularities in this investigation.—

Fort St. George 12th January 1813.—

who deposed to having been present at the payment of the money— and on the credit of this evidence, the Principal Collector convicted the accused and sentenced him to pay double the amount so proved to have been received.

2

The Board observe in the first place that this direct testimony constitutes the whole evidence it is unsupported by any circumstances which might give it corroboration. And valuable as direct evidence is where the veracity of the deponent is certain, it is uniformly and justly viewed with suspicion in this Country, and especially in cases such as the present because false complaints and false evidence are unhappily too common. In addition to this general consideration, the Board notice some special circumstances which subject the evidence in these cases to suspicion. In one of them, one witness is the joint Monigar with the Complainant, and the other is his servant. In the other the three witnesses all acquainted with the Complainant, state that they were unintentionally on the spot when the money was paid, and that the Tahsildar received it openly in their presence; and they assign causes for their being there

Fort St. George 12th January 1813.—

there which have too much the air of fabrication to be implicitly received as true.—

3. However prevalent the practice of giving and receiving bribes may be considered to be yet it is not to be supposed that a man ever gives one except from the expectation of some advantage; but that motive is wanting here. Neither of the complainants had any object to gain and though they say that they were threatened with disgrace yet the anticipated disgrace so to call, it, was not of such a nature that exemption from it would have been thus dearly purchased and not only that, it was in words only, no attempt or approach was made to the fulfilment of the threat. The Complainants were not ordered to remain at the Cutchery or placed in charge of a peon, or subjected to any inconvenience, and yet immediately that the money was asked it was paid. The natives of this Country are not usually so ready to pay even their just liabilities. The very position of such considerable sums of Money by the these people is liable to doubt and no satisfactory reason is given

given for the long delay in bringing forward the Complaints.-

4 Besides these two charges it appears that eleven others of the same nature were preferred, all of which were dismissed as unproved and it is stated by the Appellant, and not denied by the Principal Collector fines were imposed by that Gentleman in three of these cases which were tried by himself.- The Principal Collector turns the fact of so many complaints being preferred against the Defendant, on the ground that though many of them were not proved they gave room for suspicion. But not to notice that this presumption of guilt is contrary to the universal maxim it is surely a fairer rule when a large majority of Complaints against an individual are dismissed and only a small portion considered established that the latter too should be regarded with distrust, if the evidence given in the cases considered proved is open to objection, even independently of their association with the rest. It is observed too that parties concerned in these two complaints as complainants

& principles are connected also in the same way with several of the others - and indeed all seem to have emanated from the same quarter. In his petition to the Board the Defendant assigns reasons for enmity to him on the part of some of the complaining parties. The Principal Collector should have stated how far these reasons (most of which have connection with public business) had foundation, some of them appear probable and in the absence of such explanation they are entitled to a degree of credit.-

5. On a careful review of all the circumstances the Board cannot avoid the conclusion that these complaints had their origin in a conspiracy against the Tahsildar but without pronouncing positively on that point, it is sufficient for them to declare their opinion that the charges are utterly devoid of proof or even appearance of probability. They accordingly reverse the sentences of the Principal Collector and direct that the fines imposed if they have been levied shall be returned.-

6. From the Principal Collector's return for July 1812 4 persons charged under Regulation IX of 1822 the

Fort St. George 12th January 1843.

the Board find that the Dependant was dismissed from his situation. The orders of Govern-
= ment noted in the Margin are imperative
in requiring that no Tahsildar shall be dismissed
without the sanction of the Board of Revenue previ-
= ously obtained. The dismissal of this Tahsildar
was therefore illegal and the Board consequently
direct that in addition to his restoration to
office the whole of the pay of the appointment
shall be given to him from and after the day
of his dismissal. If it has been paid wholly
or in part to any other individual it must be recovered from such person and paid
to Ram Row. whatever part of the salary of the
office accruing during Ram Row's suspension
prior to dismissal has not been paid to his
temporary Substitute, will in like manner be
disbursed to him; The Principal Collector will be pleased to
report without delay his having carried these orders into effect.

7 In conclusion the Board have only
to point out to the Principal Collector two irregu-
= larities in this investigation. The first is that
though the trials were held before the Acting Assis-
= tant Collector the sentences were passed by the
Principal

9th May 1835 Para 6

Fort St. George 12th January 1843.

Principal Collector. It is usual, and it is con-
= sidered far preferable, that where the trying
officer possesses the requisite authority he should
also pass sentence; and that where his power
only extends to investigation he should submit
a report to the officer on whom the duty of
passing sentence devolves; neither appears to have
been done in the present instance. The second
irregularity is the breach of the Board's order
of the 31st December 1835 in which it was directed
that in cases of this kind the sentence should
be always recorded in English. In both these
cases as well as in the eleven dismissed cases
they were in Tamul. It is requested that the
order above quoted may be strictly observed
hereafter.

8 Ordered that the appeal Petition be
returned to the Principal Collector for delivery
to Petitioner with the following endorsement.

"Instructions on the subject of this address
have been furnished to the Principal Collector of Salem"

Read again letter from the Principal Collector
of Salem dated 4th and entered in Consultation 22d Ultimo.

Ordered that the following
address

Fort St. George 12th January 1843.

(No 41)

address be submitted in consequence.

To the Acting Chief Secretary to
Government

Sir

I am directed by the Board of Revenue to request that you will submit for the orders of the Most Honorable the Governor in Council the accompanying correspondence with the Principal Collector of Salem having reference to the balances outstanding against the Appasamoodrum and Abinum Villages of Ayyasamoodrum.

2.

It will be seen that the balance against the first Village is due for Fusles 1249 1250 and 1251 and Amounts to Rupees 1,033-8-2 being equal to the Government demand for two years, and that the balances against the second Village is for Fusles more than one years demand.—

Government demand for one year		Fusly 1249	Fusly 1250	Fusly 1251	Total	
Rs. As. P.						
884. 7- 8	Appasamoodrum	458 " "	586 2 "	586 6 6	1,033 8 2	1250/1841 and 1251/1842
1200. 4- 4	Abinum	" " "	972 " 9	310 13 5	1282 11 2	
Total		458 15 8	1,560 2 9	897 3 11	2,316 6 4	

From Pr. Coll. 1st in Cons: 29th Septr 1842
Board's Rec: 29th Do.
From Pr. Coll. 29th Nov. Cons: 5th Dec.
Board's Rec: 5th Do.
From Pr. Coll. 14th in Cons: 22nd Dec.

From Pr. Coll. 29th Nov. 1842. in Cons 5th Dec.

3

As it appears that the conduct of the Ryots of these Villages, in withholding payment of their rent, proceeds from contumacy rather than poverty or want of means to meet the Government demand and as they have failed to liquidate their balances altho a reasonable time was allowed them for that purpose, the Board consider them undeserving of further indulgence and they recommend that authority may be granted for incorporating these Villages, which are already under attachment with the Government lands of the District.—

Revenue Board Office
Fort St. George 12th January 1843

Signed J. D. Bourdillon
Secretary

Read

Fort St. George 12th January 1843

Read the following letter.—

To J. D. Bourdillon Esqre.
Secretary to the
Board of Revenue
Fort St. George

Sir,

(42)

From J. D. Glass Esqre. Principal Collector of Salem.

Para 1

I have the honor to acknowledge the receipt of Extract from the Board's Proceedings dated 8th December 1842 requiring me to reconsider the case of Simmapien late Tahsildar of Dharmapoory and to report to the Board, whether, with reference to the concluding part of my former report I would consider the temporary degradation to an inferior office which he has suffered a sufficient punishment for his offence.—

Reporting upon the case of Simmapien late Tahsildar of Dharampoory with reference to the Board's orders to reconsider into the matter.—

With reference to the above,—

2.

I beg to state for the information of the Board, that with respect to the impropriety of Simmapien's making over so much land to his relatives without his own taloob without reference to me and giving the lands at a reduced Assessment, my opinion is unaltered. no doubt he requested permission to erect a Choultry on the spot he mentions and told me he would also there raise a Village; but if he had intended making use of this permission for the purpose

purpose of throwing large quantities of land into the possession of his own family. There is no doubt that I would not have left the assessment thereof in his hands, but have made that the duty of another Tahsildar.—

3 The removal of Simmapien from Salem to Dharmpoory, was not intended as a punishment, but as the necessary result of my obtaining a knowledge of the former District containing his native Village and that his relations possessed a large property in lands. The idea he means to impress that the additional 40 Rupees which Shreenavasa Row has whilst Tahsildar of Salem would induce him to make a false report for the purpose of retaining it, is an unworthy insinuation. The most welcome intelligence I could send to Shreenavasa Row would be, that I had removed him to another taloke.—

4. The assessment fixed by Shreenavasa Row is not too high. The averages of the two Tahsildars are as follows, compared with the average of the taloke.—

		Average of Shreenevasa Row.	Average of Simmapien.	Average of the Taloke lands.
		Rs. a. p.	Rs. a. p.	Rs. a. p.
Poonjah —	Rupees	1 — 3 — "	" — 12 — 4	1 — 14 — 1
Bagayet —	"	5 — 4 — 5	3 — 6 — 9	4 — 9 — "
Nunjah —	"	5 — 1 — "	3 — " — "	7 — 15 — 3

Simmapien does not say that the assessment is too high now, but that it is too high for the time when he took up the lands when they were covered with brushwood and inequalities, but Simmapien must know that the assessment which is to be a permanent demand, is not to be affected by temporary impediments to cultivation. For the purpose of rendering lands fit for cultivation, the provisions of the Coole are supposed to be sufficient, and the imposition of assessment is only to be regulated by the nature of the soil and situation of the land. The land is good and has two Streams which join below the Choultry, from which, at all times, pucca cultivation may be made and a small Annicut might bring a great portion under Nunjah Cultivation. The appointment of the Villagers was more to satisfy Simmapien than myself, but from the

Average

the time they took to make the inspection, I was convinced, that they could not have seen the lands they reported on, and paid no attention to their report.

5. With reference to Timmapiem's services, I am glad to be able to report to the Board, that I considered him one of the best Tahsildars in the district, and certainly the best Police Officer in it. it is also quite true, that there has been a conspiracy against him, of which the Board will be able to form their own opinion from the number and nature of the complaints preferred against him, from which he has suffered unjust and unmerited degradation, having been confined in the Trichy Court and his bail refused when the charge against him was only one of assault, and of which the Magistrate had previously acquitted him, having myself on that occasion been accused by the same parties of partiality in my decision and the Fouzdary Court having unfortunately fallen into the error of forming their decision without hearing the accused. I purposely left the decision on the present case more in the hands of the Board than I would otherwise have done with reference to the latter part therefore of the Extract

Extract from the Board's Proceedings, I beg to state my opinion, that although I consider Timmapiem to have, as I formerly reported, made the authority entrusted to him, subservient to his private interests, I do not consider that what he has done is sufficient to do away with the claims of former service, and that the punishment he has already received is sufficient to mark the disapprobation of the Board. Should the Government be inclined to reinstate Timmapiem in his former rank, I shall be happy to receive him. I have kept his talook open by an acting appointment, until I know the Board's final decision.

53

Sir

Para 1 With reference to the 2nd para of the Extract from the Proceedings of the Board of Revenue dated the 7th Ultimo relative to the claim of Mortagah Koolys to an Enam at Munny gundum in the Talook of Conaud, I have the honor to state that I have examined the 10 persons noted in the Margin who all agree in confirming the truth of Mortagah Koolys Statement the greater part of them having been acquainted with his parents and having known himself ever since he was a child—

2. Under these circumstances it would perhaps be hard to allow the circumstance of Mortagah Koolys having neglected to prefer his claims for so many years to have the weight which I was at first inclined to attach to it against him— One of the Witnesses is a Curnum— One a pensioned Sepoy— three hold Enams in their own names and the rest are share-holders in Enams— It is probable therefore that their testimony is true— and as there are not sufficient grounds on which to presume that there is any collusion or fraud it may perhaps be considered that the Applicant has established his claim and I accordingly solicit orders to make over the enam to him and to pay him the revenue which has accumulated and is in deposit.—

A copy of the Registry of the Enam in question is herewith transmitted—

Para. 1 With reference to the remarks of the Board contained in an Extract from the Statement of Charges which accompanied your letter of the 15th Instant calling upon me to submit explanation as to the cause of the difference between the rate of price at

Fort St. George 12th January 1843.

at which each quire of Country paper was charged in the district Catcherries in the land revenue department and in those of the Sayer Department- I have the honor to state for the information of the Board that the Country paper used in the Land revenue district Catcherries- was of small size purchased at 1 Anna per quire for writing Accounts in the Hindoovee language while the paper in the Sayer Catcherries was of large size purchased at 2 Annas per quire for writing Accounts in Tamul Character- A Muster of each of the two sizes is herewith forwarded for the inspection of the Board and I request that under the explanation afforded the requisite Sanction may be obtained for the said warded Charges incurred in the Custom Department in Fusly 1251 amounting to Rupees 519-4-11-

2. I have also the honor to inform you that the Amount of Batta actually paid to Narain Row was Rupees 14-14-11 for 64 days at 8 Madras fanams per day, but the number of days having been inadvertently inserted in the list of Batta as 56 days has occasioned the discrepancy of Rupees 1-14-0 for which I request under the above explanation that the necessary Sanction of Government may be obtained-

Trichinopoly Coll.rs Office 27th December 1842

(Signed) A- P. Onslow-
Collector

Resolved

1073 Fort St. George 12th January 1843.

Resolution thereon— Resolved that the

(55-56) foregoing letter be submitted to Government with reference to the remarks of the Board on items Nos. 1-2-& 3 in the Statement of Charges incurred without Estimates in the Revenue Department in the District of Trichinopoly for Fusily 1251 and transmitted to Government under date 3d November last—

Under the explanation now furnished by Mr. Onslow the Board recommend that Sanction may be granted for the Sadarwarred charges incurred in the Sayer Department in Fusly 1251 amounting to Rupees 519—4—11 and for rupees 1—14—" paid as travelling Batta to Narrain Row

To J. D. Bourdillon Esqr.
Secretary to the Board of Revenue
Fort St. George

From the Collr of Trichinopoly. Reporting the Seizure of Carpets and recommending its confiscation—

(57)

Sir,

With reference to the Board's Circular letter of the 11th September 1812 I have the honor to report the undermentioned seizure of Carpets which I feel myself to be under the necessity of recommending to be entirely confiscated, having long had suspicions that the Custom laws in regard to articles of Cotton Manufacture have been evaded to a considerable degree, and lately convinced that a severe example is necessary—

2. The persons who will suffer by the confiscation are the Merchants from whom the articles were seized and I conceive this to be fair— as though strictly speaking the Manufacturers ought to have had the Carpets stopped, they are so poor that they could not pay the duty at that post receiving payment for the articles, and the Guard would if successful have been for the benefit of the purchasers—

3 The persons are 16 in number

ORIGINAL DESTROYED

and the Merchants too and the fraud was brought to light in consequence of enquiries instituted by the Chowkeydar.—

Trichinopoly
Collector's Office
31st December 1843

/Signed/ A. P. Onslow
Collector.

Memorandum.—

Seized in transit at Samaiapuram Choultry in Vellendapuram on the night of the 18th November 1842.—

Sumkalum or Cloth Carpet &c.			Value	Duty		
With Chop and Romannah	25					
Chopped but no Romannah	7		2	12	5	8
No Chop and no Romannah	54	205	2		20	4
Total	55	207	4		10	6

N. B. It is recommended that all but the 25 Carpets with chops and Romannahs be confiscated.—

58.

Resolution thereon.—

58

Under the orders of Government dated 7th July 1837 Carpets are not liable to transit duty. Mr. Onslow will be pleased to release those referred to in the foregoing communication, and make the exemption of this article from duty known throughout his District.—

57-58a

Ordered also that the following Circular be addressed to all Collectors except Trichinopoly.

Circular.

It having come to the knowledge

of the Board of Revenue, that in some Districts Carpets are considered liable to Sayer duty they think it necessary to make it known to all Collectors by Circular, that this commodity is not included in the 36 articles on which alone duty is leviable, and that it was designedly exempted.—

Secretary to the Board of Revenue

Fort St. George.

From the Commissioner in Charge of Madura

61

Sir,

Appoo Rao the Tahsildar of the Maroongapony Talook having represented that in consequence of severe illness he is unable to proceed into the Villages of his Talook on any duty, and it being found on inquiry that he is quite incapable of performing the duties of his Office, I have as a matter of necessity removed him from Office, and in the hope that he may soon recover his health, I have appointed Sesser Aupaim, the Amein of Germanaiseeram in the Shoorgumgah Jemindary to act for him, a measure which I trust will meet with the approval of the Board of Revenue. Should Appoo Rao regain his health his claim for restoration to his Office will be communicated to the Board.

Madura,
5th January 1813.

Translation

Coimbatore
Dt. Collr's Office
30th September 1862.

Fort St George 12th January 1813.

A

Translation of an Arzee addressed to S. C. Wroughton Esqr. Principal Collector of Coimbatore by Agutteer Ammahl Mother of the Minor Zemindar of Shanatoor and Colampully in the Coimbatore District.

I have been favored with your order No 17 dated 2d December intimating that instructions have been given to the Tahsildar to make over the Estate to the Manager. The Tahsildar has accordingly placed the Manager in possession of the 13 Villages belonging to the Pollipaut on the 12th of this Month and obtained a receipt in duplicate from him but my house and other property Viz Cots, Chairs, Carts, Paddy and other Grains, and also the Elephants, Horses and other Cattle, Palankeen, Teak Timber &c &c were not given over into my charge, a correct inventory of this Property which is now under detention is in the Bazoor, Talook Cutchary, and also with the Curnum of the Village, and I therefore request you will be kindly pleased to place me in possession of them. I have further to solicit you will have the goodness to order the withdrawal of the Peons

Fort St George 12th January 1813.

Peons who are now placed as a guard on the Premises, for it has proved a great inconvenience to me and Son in consequence obliged to live in the Verandah of the house. My Son completes his 7th year by the end of the Month of Tye (January) when I propose to commence his education, for which it is desirable that the house should be repaired and kept in good order. For a period of one Month will be required to do this. I respectfully request you will be kindly pleased to take this circumstance into your favorable consideration and grant my prayer.

Mark of Agutteer Ammahl.

True Translation

(Signed) S. C. Wroughton

Pt Collector.

&

Resolution thereon.

Extract Proceedings Sept 29th 1812.

67-68

A Manager having been appointed by the Court of Wards it was the part of the Principal Collector without requiring further instructions to complete the appointment by taking the prescribed engagements and, ceasing to have a commission of management, and having done so to act on Section XII Regulation V of 1804. Under the enactment the only property that can be delivered to the Guardians care is the house in which the Minor resides with the moveable articles of daily use and comfort.

As

As the Principal Collector has satisfied himself that the property referred to in Para 2 of his letter belongs to the Minor, the Court of Wards authorize him to dispose of it as proposed in his letter of the 12th September 1812.

The investments should be made in the name of the Secretary to the Court of Wards for the time being on behalf of the Minor.—

Read the following letter from the Collector of Malabar dated December 9th 1812.

In Cons. 22 Dec. 1812.

Vide letter No. 85.

Proceedings thereon with reference for stated reasons the sanction of the Board for the dismissal of Sahsildar of Cavoy in the District of Malabar.

69

After a careful perusal of the papers which accompany the above letter the Board are constrained to withhold their sanction from the Collectors recommendation for the dismissal of the Sahsildar of Cavoy.—

2. The grounds on which this recommendation is based are three; Viz.t "Gross and suspicious negligence in not taking charge of a deceased Rajahs effects" 2.d "a partial decision in a dispute regarding an Elephant" and 3.d "Taking an active and prominent part in a dispute" between the "Moplas and Hindoos of a "certain Village".

3. Of these, the first is the principal

principal one, and after a careful consideration the Board are compelled to adopt a very different view of it from that taken by the Collector. In the first place they do not perceive how the Head of Police could legally have interfered in the case without a specific charge of theft or robbery and one such was made. It does not appear to have been stated in either of the reports made by Chandoo to the Head of Police that any property of the deceased Rajah had been removed; the Rajah his relatives are present as well as his three ministerial servants. Even when in obedience to the joint Magistrate instructions the Head of Police went to seal the house at Vanicakarake the ministerial servants of the deceased refused to accompany him and the young Rajah himself on his arrival declared he knew of no charge of removal of property.—

Mr. Berger appears to think and Mr. Boutflower to entertain the opinion that it was strictly the duty of the Head of Police to take charge of all the property of the deceased, on the ground that the property of the deceased is on the spot. But the Board are aware that it was not on the spot.

If

of no authority under which either the Head of Police or his superiors could legally interfere in this way. To adopt this course would frequently indeed entail responsibilities which would be very embarraping for instance, taking charge of the property would involve the necessity of determining on the right of inheritance in order to getting rid of the custody - a question beyond the jurisdiction of the Magistrate. Were he held the property pending this decision he would be liable to an action by any of the claimants, and after it was passed by any one of them who might be dissatisfied with it and he would be personally answerable for the whole of the property.

5. Far from its being desirable that readiness should be displayed to meddle in such cases, more than ordinary caution is necessary in receiving complaints of robbery or theft arising out of them. For it often happens that other members of the family besides the legal heir may own property in the house of the deceased, especially if as in the present instance they have been living in one family with him, and much evil and injustice would follow

follow if they were liable to be prohibited from removing this, when leaving the house on his decease on pain of being charged with Robbery.

6. The Board do not say that no robbery was committed in the present case; the papers before them do not enable them to judge on that point. But they do say that the Head of Police does not appear to have had before him such information as would have justified him in acting. They are therefore under the necessity of acquitting him of culpability in abstaining from interference.

7. The second charge is of minor importance. Its merits are not clearly apparent; but taking it at the worst there does not appear reason to infer corruption, or to regard the decision as more than an error.

8. As regards the third charge it is sufficient to say that though the Head of Police may have been to blame, may have shewn indecision in meeting an unexpected affray, or even some partiality towards either one of the parties; yet the Board cannot see in his conduct that degree of criminality, which alone under the expressed sentiments of Government, would justify them in sanctioning

his

Fort St. George, 12th January 1843.

his dismissal from Office.-

9. With reference to the whole subject the Board cannot but feel re-gret that the recommendation of dismis-al was made. They can readily believe that the Tahsildar's conduct was deserving of censure and a degree of punishment, and they would have been glad if Mr. Conolly's proposal had been limited to his suspension for a short time in which they could have concurred. And even now, while directing that the Tahsildar shall be restored to his Office, they are willing that his whole allowances should be forfeited, for the period extending from the date of his suspension to that of the receipt of this order by the Collector. It will of course be at Mr. Conolly's option to remove him to another Talook if he should think proper.-

10. The Board think Mr. Conolly's mode of expressing his comments on the evidence and other papers forwarded in cases of this nature, inconvenient and objectionable; they would prefer that he should include his remarks in a separate letter, and they beg that he will be pleased to do this in future.-

From the Collr. of Malabar.-d

Sir,

(70)

With reference to the Extracts from the Proceedings of the Board of Revenue under date the 10th Ultimo, I have the honor to inform you, that Mr. Hebich has been put in possession of the Ground proposed as a burial place for the Native Christians of Cannanore, which is without the Garden of the person who petitioned the Board-Major General Allen informs me that he must entirely object, on Military grounds, to Mr. Hebich occupying any of the land "to the Eastward of this spot and to the North "of the Magazine" which the Board suggested as available, but until the place now allot-ted to Mr. Hebich is filled, any further question would, now, be out of place.-
