13th January. Read the following Extract

Extract from the Minutes of Consultation under date 9th January 1843

Read the following letter

From the Sec.y to Government.-

Transmitting Copy of a correspondence with the Government of India on the subject of granting certificate of British origin for Sugar manufactured in one District from raw materials imported from another and instructing the Board to communicate with the Advocate General on the subject of the Construction of Act XV of 1839

From Officiating Secretary to Government of India

To Walter Elliot Esqre Acting Secretary to the Govt of Fort St. George

Dated Fort William 2d Decr 1842.

Sir

I am directed to acknowledge the receipt of your letter No. 1336 dated the 11th Ultimo with its Enclosures for a decisive reply to the enquiry whether by a liberal construction of Act 15 of 1839, it is competent to the Collector of South Arcot to grant the Certificates of origin prescribed by it for Sugar made in his District from raw material produced in an adjoining District.-

2 Beyond what has been stated in my letter No. 229 of the 2d September last, the President in Council would not consider himself warranted in declaring executively the legal import and construction of a legislative act

act - If doubt be still entertained His
Honor in Council is of opinion that the Adv
General should be consulted as in ordinary c
of a like nature.

3. The original Enclosures of
your letter are returned herewith.

(Signed) Fred. J. Halliday
Off. Sec. to the Govt of India

A.

To F. J. Halliday Esqre
Officiating Secretary to the Governm
of India

Sir

I am directed by the most
Honorable the Governor in Council to transm
for the consideration of the Honorable the
President in Council a further communication
+ dated 6th Octr 1842 No. 433. from the Board of Revenue on the subject of
act No. XV of 1839 arising out of the communicati
to them of the purport of your letter of the 2nd Sept
No. 229

2 Alth' the opinion therein laid
down is decisive as to the question of the compou
named Jaggery being entitled to all the
privileges of British Sugar the wording of
form in schedule B as at present under
precludes the grant of such a certificate in fa
of Sugar manufactured in any particular

from Jaggery the produce of other places.

His Honor in Council &c.

3. will observe that the Board of Revenue solicit a decisive reply to the question whether by a liberal construction of the acts it is competent to the Collector of South Arcot to grant the Certificates of origin prescribed by it for Sugar made in this District from raw material &c. produced in an adjoining one.

I am directed likewise to take
4 this opportunity of transmitting a subsequent
communication from the Board of Revenue
on the same subject and forwarding the earnest
representation of parties engaged in the
manufacture of Sugar at Cuddalore for a
speedy decision of this question. His Lordship
in Council observes that the relief from the loss
to which they are exposed by the import of foreign
Sugar thro' the land frontier on the side of Pondicherry
by an amendment of Act XV
of 1839 which forms the subject
of the correspondence noted in
the margin has been &c.
afforded by the passing of
act XI of 1842. just received.

From the Coll.r of Sea Customs at Madras December 30th 1842 In Cons 2d January 1843.

Sir,

By direction of the Board of Revenue, I have the honor to transmit to you the papers noted in the margin and to request that you will favor them at your earliest convenience with your opinion on the following question Viz.t Is it lawful for a Collector or other officer, under Act XV of 1839, to give certificate of origin (Schedule No.2) for Sugar manufactured in his District from raw material produced in another part of the British possessions, into which foreign sugar is not importable, and if not, is it competent to Government with reference to the evident meaning of Section 11 of the

Act to make such alteration in the wording of Schedules 1 and 2 as will enable them to include the case stated above agreeably to the obvious intent of the enactment.—

2 If your opinion affirms only the second of the two parts of this query the Board request that you will suggest what alterations should be made in the phraseology of the Schedules, if it negatives both, they beg that you will oblige them with the draft of an Act to make the necessary explanation or amendment of Act XV of 1839 in order to include the case stated above.—

3 It is requested that the papers now forwarded may be returned.—

1-3

Sir,

With reference to your letter of the 19th July 1842 I am directed by the Board of Revenue to inform you that they have now received through the Madras Government a definitive reply from the Government of India to their question whether under Act XV of 1839, a Collector could give certificates of origin for Sugar made from materials produced in other British districts than

than his own - The purport of this reply is to decline interpreting a legislative act on the ground that this is the province of the Advocate General. The Board will take measures to obtain the opinion of this officer and should it be in the negative of the question, they will bring the subject again before Government with the view of procuring a further modification of the act.

Board of Revenue
Fort St. George

From Messrs. Hall Bainbridge & Co.

4

Sir,

We have the honor to bring to the knowledge of the Board the fact of our having invested a sum of money in sugar, which has been lying for a considerable time at Cuddalore, in consequence of the Collector of that District not being empowered to grant a certificate entitling it on its importation into England to be charged only with the low rate of duty -

The Sugar in which part of our capital is invested, is manufactured at Cuddalore from Jaggree, the produce of the districts of Rajahmundry and Tinnevelly to which effect, Solemn Declarations can be made -

We therefore pray the Board to take the matter into consideration, and to authorize the Collector of South Arcot to grant the necessary Certificate; for the want of which, we are incurring great loss -

Minutes of the last Meeting read and approved.

Read again Extract from the Minutes of Consultation dated 22.d November and entered in consultation 8.th Ultimo.

Ordered that the following letter be submitted in reply.

To The Acting Chief Secretary to Government,

Sir,

10

To the Acting Chief Secy. to Government submitting the sentiments of the Board on the draft of a proposed Act on the subject of registration of Deeds.-

I am directed by the Board of Revenue to acknowledge the order of Government noted in the margin forwarding a copy of a letter from the Acting Secretary to the Government of India, and draft of a proposed Act on the subject of registration of deeds, on which the Board are desired to submit their sentiments.- The Board do not consider themselves

2. in

in a position to pronounce as to the necessity for such an enactment as is indicated above, nor does it appear that their opinion is called for on that general question.- In order to make the act effectual, it appears to the Board absolutely necessary that the offices of registry should be greatly multiplied beyond what they now are.- It might be desirable that there should be one in every Talook, but at least there should be one to every District Moonsiff's Court and it might be proper either to confer on the Moonsiff of the office of registering, or to empower him to take evidence as to the genuineness of deeds presented for registration, and forward the deeds to the Zillah Court, together with the parties to be there registered.-

3.- Considering the very small value of many transfers of landed property, & the inconvenience to which the parties would be put in effecting the registration of the deeds, and the expense in fees, batta to witnesses &c. disproportionate to the value of the things concerned, it occurs to the Board that it would be beneficial to

to exempt transfers to a small value from the operation of the act, and they suggest that it should not include conveyances below the value of ten or perhaps twenty Rupees.-

Revenue Board Office
Fort St. George
16th. January 1843.

(Signed) J. D. Bourdillon

Submitting with reference of Para 2 of an Esctract from the Minutes of Consultation of the 10th August last, 2 letters from the Acting Collector of Tinnevelly and the Principal Collector of Salem, reporting what has been done relative to the introduction into the Salem District of the real Nutmeg plant from the District of Tinnevelly

Here enter 10th November 1843 (No 495)

Para 1. The Most Honorable the Governor in Council resolves to communicate

Fort St. George 16th January 1843.

communicate the foregoing letter and its enclosures to the Honorable the Court of Directors, in reference to para 23 of the Reply of this Government dated 27th August 1842 No. 40.

2. His Lordship in Council agrees with the Board that by confining the distribution of the nutmeg plants received from Tinnevelly to the Shervaroy Hills, and the Cossoor Talook, Mr. Gleig, has lost sight of his Original intention. There is reason to believe that the Collemalay Hills are peculiarly adapted for the growth of every species of fruit, vegetables, and spices; and on this account His Lordship is desirous that the Original project should still be carried out. The letter from the Collector of Tinnevelly holds out the hope that further supplies of the Nutmeg plant will be available, and it is therefore desirable that the Collector of Salem should place himself in communication with that Officer on the subject.

His Lordship in Council is disposed to encourage the introduction of the Olive plant, and will be prepared to forward any suggestions that Mr. Gleig may propose for procuring a supply

Order thereon

(43-44)

Ordered to be recorded.-

Read the following letters

To J. D. Bourdillon Esqre.
Secretary to the Board of Revenue
Fort St. George.-

From W. W. Arbuthnot Esqre. Acting P. Collr. of Coddapah

Sir,

I have the honor to Acknowledge the receipt of the accompanying Petition addressed to the Board by Chinna Yerruppah Mirsul Curnum of Nagaramudgoo in the Gooroomkondah Talook complaining of Seewajeetee having been levied on the lands cultivated by a well sunke by himself.-

Reporting upon the claims set forth in Petition No. 1363 of 1842 presented by Chinna Yeruppah Mirsul Curnum of Nagaramudgoo in the Talook of Gooroomkondah.- Rct. 19th. Sept. 1842

A similar Complaint was preferred to me at the last Jummabundy, and on enquiry it appeared that in Fusly 1217 the land inquestion was entered in the name of one Dodala Nagee and as 20 Coontahs of the land which was assessed as dry had been cultivated into a wet crop by means of the water of a tank and a natural channel additional assessment was levied on 10 Coontahs at the rate of 6 Pags. 3 per acre, as that rate had been fixed on a previous occasion and at the rate of C. P. 4 2 .. on the remaining 10 Coontahs and the amount was collected without dispute in Fusleis 1217 and 1218 & in 1219

(45)

the

the land was transferred by the late Proprie-
-tor to the present Petitioner who in the
hope of evading Seerwajasty dug a well in the
bed of the natural channel above referred to
and so continued the wet cultivation. The
Seerwajasty has been accordingly continued
in Fushes 1249. 50 and 51 and I cannot see
any grounds for its remission.-

The amount of Seerwajasty collect-
ed is as follows.-

	C.P.	F.	A.
In Fushy 1247 from Ragee for 20 Contahs	1	3	8½
In Fushy 1248 from Ditto for 18½ Do	1	2	8½
In Fushy 1249 from the Pet. for 18½ Contahs	1	2	8½
In Fushy 1250 from Do for Do	1	2	8½
Total C.P.	5	1	1

Cuddapah District,
Principal Collector's Office.
Canalapoor 23d December 1842.

Signed J.W. Arbuthnot
Acting P. Coll. of Cuddapah.

Order thereon.-

Ordered that the following
endorsement be passed on Petition 1363 of 1842.-

It appears from a report sub-
-mitted by the Acting Principal Collector that
the land which is the subject of Petitioner's
Complaint is capable of irrigation from a cir-
-car tank and actually paid Seerwajasty for
several years for such irrigation, & that if it is only to
evade that charge, and not with the

improving his land that the Petitioner dug the Well,
which is in the bed of a natural channel. The Board
therefore do not consider him entitled to remission of
Seerwajasty.-

To J.D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St. George.-

47

From W.W. Arbuthnot Esqr. Acting Pl. Collr. of Cuddapah.

Reporting the Casualties amongst the Poligar and Yeomiah Pensioners and submitting a detailed Statement of each case for the consideration of the Board of Revenue.

Sir.

I have the honor to report the following Casualties amongst the Poligar and Yeomiah Pensioners and to submit a detailed Statement of each case for the consideration of the Board of Revenue.-

No.	Names.	No. of Mr. Rose's Register	Date of Casualty.
1	Rungappa Naid	15 X	5th May 1842.
2	Kristnama charry	92 Z	27th Octr. 1842
3	Gondachary	94 Z	3d January 1842.
4	Abdul Cander	123 Z	19th August 1842.

Case No. 15 of Mr. Rose's Register X.

2. An annual pension of Rupees 5,833. 5. 4 was originally granted by Government on the 10th September 1813 to Ragonaik Kooloo.- Said in lieu of resumed Offices and pri-
-vileges enjoyed by him in Ghutton and 10 other Villages. On his death his pension was under orders of Government dated 14th May 1830 divided

Amongst

amgst his sons as follows.-

Son of 1st Wife Ramuppa Naid ——— 1458 — 6 — 4

Do. of 2d Do. Haredasuppa Naid ——— 1458 — 5 — 4

Do. of 3d Do. Vencatappa Naid ——— 1458 — 5 — 4

Do. of 4th Do. Rungappa Naid ——— 1458 — 5 — 4

3 Vencatappa Naidoo the son of the 3d Wife died on the 5th January 1839 and his Pension was renewed by Government on the 27th December 1839 to his own heirs in the following proportions.-

1 Elder widow Vencatamah ——— 300 — " — "

2d Widow Cuderemmah ——— 300 — " — "

3d Do. Cristnommah ——— 300 — " — "

4th Mother Ramucka ——— 186 — 1 — 9 1/3

5th Daughter Cristnommah ——— 186 — 1 — 9 1/3

6th Lutchmonah widow of a deceased Brother ——— 186 — 1 — 9 1/3

Rungappa Naidoo the son of the 4th Widow who had three full brothers being dissatisfied with the arrangement by which the father's pension was distributed in equal shares to the family of each wife without reference to its number proceeded to Madras to petition Government that the pension might be equally divided amongst all the sons-

4- In his absence his share of the Pension remained undrawn and his mother and Brothers experienced much inconvenience thereby- The Government therefore on the urgent recommendation of the Principal Collector under date 16th July 1833 was pleased to authorize the distribution of his share of the pension in the following proportions.-

1 Rungappah Naidoo (himself) . . . . 364 — 9 — 4

2 Vasunta Naidoo- Brother . . . . 364 — 9 — 4

3 Ramasawmy Naidoo Do. . . . . 364 — 9 — 4

4 Papi Naidoo . . . . . Do. . . . 364 — 9 — 4

5 Rungappah Naidoo above named died on the 5th May 1842 leaving the following family.-

1 Son by his 1st wife Pedda Papee Naidoo aged 6 years.

1 Son by his 2d wife Chinna Papee Naidoo aged 2 years, and several other relations-

These persons all desire that the whole pension may be renewed in the name of the Elder Son and as it is hereditary I beg to recommend that their request may be complied with and that the pension of Rupees 364-9-4 may be renewed in the name of the above Pedda Papee Naidoo from the date

f

of his father's death Viz.t 5th May 1842.
Case No. 92 of Mr. Ross's Register Z.

6.— An annual Muddutmash or charitable allowance of Rupees 23 9 5 was originally granted by Col.t Munro on the assumption of the Country on the 13th July 1801 to Anantacharry.on his death the pension was renewed by Mr. Ross Collector in the name of his son Cristnacharry by an order dated the 13th May 1812.—

†Cristnacharry is erroneously entered as the original grantee in the Register.

7 Cristnacharry died on the 27th December 1841 leaving 2 Sons and a daughter — besides other more distant relations. The family are in a great measure dependent on the pension for their support and I beg to recommend that it may be continued — in the name of the Eldest son Hummuntacharry who is now 30 years of age from the date of the Father's decease namely 27th December 1841.—

Case No. 94 of Mr. Ross's Register Z.

8— An annual Muddutmash or charitable allowance of Rupees 10-7-10 was originally granted by Colonel Munro at the commencement of the Company's Government on the 13th July 1801 to amuntacharry.— On his death

†Gondacharry is erroneously entered as the original grantee in the Register.

death (13th May 1812) it was renewed in the name of his grandson Govdacharry who died on the 2nd January 1842 leaving a widow 3 Sons and 4 daughters. In this case also I beg to recommend that the charitable allowance of Rupees 10-7-10. may be renewed in the name of Cristnamacharry the eldest son who is 20 years of age from the date of his father's death the 2nd January 1842.—

Case No. 123 of Mr. Ross's Register Z.

9. An Annual Mushroot or Service pension of Rupees 41-15- was granted by Colonel Munro at the commencement of the Government on the 13th July 1801 to Syed Essoof. The Service required is to light the lamps in the Mosque of Ganjanshahidah. The Original holder of the pension died on the 1st September 1827 when it was renewed to his son Abdul Cauder who also died on the 19th August 1842 leaving a son 2½ years old, a daughter, — & a brother and three other female relations since the death of Abdul Cauder the duties have been performed by the brother and I beg to recommend that the pension of Rupees 41-15-4 be renewed in the name of the son Serajudeen Sahib from the 19th August 1842 as the brother is willing to continue to perform the duty —

attached

attached to it.

10. Having thus referred these cases for the consideration of the Board of Revenue and submitted my recommendation agreeably to the practice there observed.- I think it right to add a few general remarks as I consider that some definite rule in regard to the renewal of pensions should be enforced which is not now the case.-

11. The Pensioners belonging to this District have been divided by Mr Ross in 1813 into 3 Classes and are entered in 3. Registers distinguished by the letters X, Y, Z.

12. The Register X contains all pensions granted in lieu of resumed offices and privileges and have been declared to be "Hereditary during good behaviour to lineal descendants only." This is sufficiently definite and the course to be pursued when casualties occur is clear. The Register Y contains a list of Yemiahs granted to some relations and descendants of the Myanah family the former Nabobs of Cuddapah. It was stated by Mr Ross that "they have been granted in "consideration of the family having formerly

"professed the country yet they cannot by any means "be looked on the indemnification for the loss of "it." and in the Register it is expressly stated that they were granted "for the subsistence of the parties" "during life." Notwithstanding this, frequent renewals have taken place. I conclude that it is not intended against to renew the Yemiahs entered in the Register Y unless under special circumstances.-

The Pensions entered in Register Z.

13. are stated by Mr Ross to be "all literally Charitable allowances for the most part granted by former Governments and continued by the British Government to the present parties.- They appear however to be of two descriptions Viz. Muddutmash or purely Charitable Yemiahs and Mushrooft or Service Yemiahs to which some nearly nominal service such as lighting up a Mosque is attached although it is no where stated that these yemiahs are hereditary, yet the Mushrooft or service allowances seem to have been invariably, and the Muddutmash or charitable ones to have been generally, renewed, although summuds were granted in 1814 to all these Yemiahdars stating that they were to enjoy these allowances "during their life."-

The

Fort St. George 16th January 1843

14

The Board of Revenue will find ample information on the subject of these Yeomiahs in the letters noted in the margin and in the Registers themselves. If the Yeomiahs entered in the Register Z. are declared to be Hereditary to lineal descendants, then there will be no doubt as to the course to be pursued by the local officer when casualties occur. But if it is proposed to discontinue them unless under peculiar circumstances on the death of the present incumbents, than I consider it very desirable that this intention should be generally made known throughout the District as individuals who have these Yeomiahs in prospect seldom think it necessary to take steps for earning a subsistence in any other way and therefore the sudden discontinuance of such allowances might occasion considerable distress.

Fort St. George.

From J. Pruen Esqr
Coll. of Chingleput

Reporting on Petition No. 1836 of 1842 presented by Veerasawmy Pillay of Mathron relative to the attachment of his property on account of Public demand.

Sir,

Parat. In reply to your letter dated the 12th Instant giving cover to a Petition No. 1836 of 1842 from Veerasawmy Pillay of Mathron in the Nayer Taluk, I have the honor to report that the demand against the Petitioner and his brother who were of undivided family and cultivated in common for the past Fusly amounted to 1143 B. A. P. 9 which he had only discharged Rupees 36 at the termination of the Fusly. The price of grain having risen to the average rate the Petitioner disposed of the produce of his land but withheld payment of 38 Rupees of his rent an amount equal to 40 per cent of the aggregate demand.

2. In consequence of this the Tahsildar early in October attached the Petitioner's property enumerated in the margin and solicited authority to bring in to sale should the Petitioner still with-hold the balance due by him, but I postponed issuing any orders

49

	Value Rs	A.	P.

1 She Buffalo	6	"	"
1 Straw Stack estimated to contain 80 Bundles	10	"	"
3 New Wood en posts	"	12	"
	54.	12	"

Fort St. George 16th January 1843

Orders on the subject until I had an opportunity of personally enquiring into the subject and when I did so the early part of last Month.— I found that the Petitioner was one of the hereditary Cummums of the Village and possessed of means of paying the portion of the demand outstanding and I therefore directed a notice to be served upon him that the attached property would be sold unless he immediately paid the amount due, but he has not made any effort to discharge it and the time having elapsed it is probable the property has been sold though as yet I have not received any report on the subject.

3. The Petitioner on the 27th Ultimo addressed an Arzeek me soliciting time but which was refused by an Endorsement thereon dated the 30th the Petitioner having the means to pay and five months having elapsed since the termination of the Fasly.

4. The allegations of the Petitioner of the assessment of the Village being heavy & of his ploughing utensils having been attached are incorrect.

Chingleput District
Collr's Cutcherry
Pullicanay 24th Dec. 1843.

Signed A. Greese
Collector

Fort St. George 16th January 1843

Order thereon.

49-50

Ordered that the following Endorsement be passed on Petition No. 1836 of 1843.

The Board learn from the Collector that Petitioner is well able to pay the demand against him and they see no occasion for their interference on his behalf.

To J. D. Bourdillon Esqr.
Secretary to the Board of Revenue
Fort St. George.

From A. Greese Esq.
Collr of Chingleput
Reporting on Petition No. 1579 of 1842 presented by certain Ryots of Pennagram complaining of the attachment of their cattle for the recovery of the Balances of Rent due by them on account of Fasly 1251

Sir

Para. 1. With reference to the petition of certain Ryots of Pennagram transmitted with your Communication of the 22nd Instant I have the honor to report for the information of the Board of Revenue that the Village in question is one of the most flourishing in this District whether in regard to its extent, means of irrigation or revenue, having 3 Tanks each capable of holding a six months supply of water filled from the Cheyar river and which received a full supply during the past fasly and also a Tongul a small reservoir and also a spring channel and holding 2 Months supply. about 40 Wells.

2. The total Benz or demand of land revenue for 1251/1841/42 as settled at the Summabundee when

Fort St George 16th January 1843

when there were no claims for remission on account of deficient or perished crops amounted to Rupees 5147-7-5 payable by 1143 Individuals of this sum, Rupees 809-8-8 due by 46 Ryots remained unliquidated at the termination of September when I visited the Taluk and as there did not appear to me any urgent necessity for withholding the demand, I arranged with the parties to pay the balances by two instalments. Some of the parties fulfilled their agreements but others having failed to do so, the Tahsildar attached on the 10th October the property of 7 individuals the balance against whom amounted to 255 Rupees and reported the same to me, requesting authority to sell the destrained property the granting of which alone he thought would be sufficient motive for seeing levied upon the parties that the destrained property would be sold unless the balances were discharged within 10 days. the whole amount was paid up and the property released from attachment.

3. Thirteen other Ryots of the same Village having also continued to withhold the payment of their balances amounting to 260 Rupees though considered to have the means of discharging

Fort St George 16th January 1843

1843

them fully estimated at 370 Rupees amongst — which were some belonging to our individuals and the sum of the parties have discharged the balances against them to the amount of 101 Rupees having the amount outstanding at 159 and which also I should willingly forget without the necessity of selling a sufficient to the parties having the means, but — unwilling to encourage more tangible property and allowance of a full year for payment

4. The houses now attached as stated above belong amongst whose names also I observe of the Petitioners whose balances outstanding and therefore doubtless the parties against whom signatures to the petition and the genuineness

5. I do not consider myself called upon to offer any remarks on that part of the Petition which prays that the undersigned be removed from the Collectorship as I have no cognizance over the conduct of the Collector

Seal of the Principal Assistant Collector Tinnevelly Dist 2nd Dec 1842

(Signed) A Pruse Collector

Ordered that the following endorsement be recorded on the Petition dated 19th ult from the Collector of Tinnevelly

The Petitioners have ample means of discharging their balances but withhold them contumaciously & I accordingly reject the Petition

(51-52)

Fort St. George 16th January 1843

To

J. D. Bourdillon Esqr.

Secretary to the Board of Revenue

Fort St. George.

From A. Freese Esqr.
Coll. of Chingleput

Sir,

Para 1. With reference to the 3d Para of the Extract from the Proceedings of the Board of Revenue under date the 24th November. I have the honor to transmit a Statement of costs to Sheck Bunder the two Decrees of the Zillah Judge and Provincial Court the 1st and 2nd Defendants in the suits filed by the Mesrs. Cummingly.

2. Of the total costs being Rupees 167-4-4. the sum which has been already disbursed from the Treasury is Rupees 88-2-. whilst of the remainder, Rupees 61-3-2 are due to the Ryots of Cummingly as Plaintiffs in the original Suit and Rupees 17. 15. 2. to the Government Vakeels of both Courts.

3 On reference to the Decree of the Zillah Judge it will be observed that the 2d Defendant was ordered to pay one half of the costs incurred in the Zillah Court on account of himself and the 1st

Fort St. George 16th January 1843.

him for a Stamp paper, amounts to Rupees 23-7-1. But as that Officer acted under the orders of his superior the 1st Defendant, & and is now no more, I consider it inexpedient to order the sum to be recovered from his heirs.

4 The suits in question having been brought forward against Public Officers for acts performed by them in pursuance of an established practice of the District, I request the Board will obtain the Special sanction of Government for the aggregate amount of the costs amounting to Rupees (167-4-4) one hundred and Sixty Seven annas four and Pice four.

5. I further request that the original Book of Cowles transmitted to you with my communication under date the 16th November may be returned.

Chingleput District Collector's Cutcherry: Pallecarnay 9th January 1843

Proceedings thereon.

29

29

The proposed measure which forms the subject of this letter is of much importance and it is desirable that delay in its introduction should be avoided as far as possible— The Collector's observations as to the necessity of further enquiry regarding the extent and value of existing Enams, are undoubtedly just. But perhaps it might be better to submit the general outlines of the plan for the approval of

Fort St. George 16th January 1843

of Government, without waiting for the results of that enquiry; leaving the minutiæ of the details to be settled afterwards. Mr. Bannerman is requested, therefore, to make a preliminary report with that view. He will be able to state the number of Villages needing additional provision; the number of the various offices now existing but requiring increase of emolument, and of those to be newly constituted, at the various grades of allowances to be established; and he knows the extent of the present Enams. The only uncertain element of the calculation is their value, and by taking an approximate estimate of this he will be able to give a tolerably correct idea of the quantity and value of the land to be newly alienated.

2. Where a number of small Villages are conveniently situated, and existing rights do not interfere, it may be proper to assign one Curnum, watcher, and perhaps Carjee, only to every two or three Villages, instead of to each one separately. But in this the Collector will use his discretion.

3. Mr. Bannerman's Remarks in Para 4 have the Board's full concurrence, whatever it may be deemed proper to bring to account out of the existing Enams, should be shown, approximately at least, as a set off against those to be newly granted in the report called for above.

The Board agree also in Mr. Bannerman's remaining observations in Paras 5 & 6.

The Secretary to the
Board of Revenue
Fort St. George.

Sir,

I have the honor to report for the information of the Board of Revenue that Boolah Ramacroostnamah, the Proprietor of the Estate of Siddabanahcotton in this District, paying an Annual Peshcush to Government, of Rupees 101—15—1, died on the 3rd Vysaka Sooddum of the year Soobacroot, corresponding with 13th May 1842. He has left two sons named Boolah Chalamiah, and Raumiah. The Estate in question it appears, was [illegible] to one Boolah Venkata Viraravoodandaloo on the 24th May 1832, for Rupees 270—"—" and was subsequently enjoyed by him up to the time of his death, and has since been in the occupation of his son Boolah Sree Ramavoodandaloo. The sons of the late Boolah Ramacroostnamah above named, and Sree Raumavoodandaloo, have now requested that the Estate may be transfered to the latter, and registered in his name; and as there appears to be no objection to a compliance with their application, I recommend that authority for the transfer and registry be granted accordingly

To J. D. Bourdillon Esqre
Secretary to the Board of Revenue
Fort St. George.

55

Sir.

From I. Goldingham Esqre Collr in the Nd Divn of Arcot

Bringing to the Boards notice certain points which call for early attention, having reference to the assessment of 2 Crop lands and to the rules of the Fuzulyasty.—

Para 1. The cultivation and Summa=bundy Mookumnamahs being at present under the consideration of the Board it is proper to bring to their notice certain points which call for early attention. These have reference to the assessment of 2 Crop lands and to the rules regarding Fuzulyasty.—

In the 5 Southern Talooks Vellore, Arcot, Trivattoor, Poloor and Wandiwash, the wet lands are assessed with a single Peerwah. This Peerwah, as the Board are aware, is high, the Ryot must pay it under every circumstance, whether one Crop or 2 Crops are grown.—Neither Bogajasty nor Bhoganusty obtain.—When the final orders of the Board are passed in regard to the survey and settlement of these 5 Talooks, it will be necessary to keep the assessment on the 2 Crops separate.—

55

2.

3. In the other Talooks of the District, Salwaid excepted, the Ryot is entitled to Bhoganusty.—The amount allowed

Bogaunsty Acct
Fasly 1250-24712-6-0
" 1251-24914-1-5-

allowed under this head annually is considered
It will readily occur that the assessment is
defective which requires this annual adjustment
It is inconvenient in every respect, entails much
unnecessary trouble, and affords facility for
falsifying accounts. It appears desirable that
one uniform approved System should obtain
throughout the District. All wet lands should be
assessed with the one Crop Seerwah, the Seerwah
for the 2d Crop being kept separate. Bhogam
will thus be expunged from the accounts and
Bhogajasty will exhibit the Revenue from
Second Crops. This separation of the assessment
on 2 Crops will further appear important when the
rules regarding Fuzuljasty are considered.

4. It is probable that in some
Districts where the wet lands command an
abundant and unfailing supply of water
at the proper Seasons, 2 Crops are annually
grown, and this separation of the assessment
would be almost uncalled for. This does
however apply to this District.

5. The rules regarding Fuzuljasty
also call for revision. The present rules are
complicated, but more serious objections are
to be urged against them. In their present
shape the produce and not the land is taxed
and owing to this and to the amount of the
assessment the land is not free for the cultiv-
=ation of every description of produce accord-
=ing to the wants of the community. It is
known to the Board that some of the richest
soils of the District are waste from the
burdensome nature of the assessment, the
cultivation of these soils as well as the removal
of all restrictions in regard to the description
of Produce to be grown, are essential for the
prosperity of the people. For facility of reference
the rules regarding Fuzuljasty are drawn up
in the form of a Tabular Statement which
is annexed. It will be seen that sugar
cane, Plantain, Cocoanut Trees grown on
Dry land is assessed with the full
Seerwah of Wet land yielding 2 Crops
and

and if Paddy, Wheat, Gingely Oil seed are grown on Dry land, the assessment of 1 Crop Wet land is taken, and if a second Crop of these kinds of produce is grown on the same lands the Teerwah of the 2d Wet Crop is taken- a separate Teerwah is taken for Kotraggy; and a Garden assessment is demanded if Garden Produce as Chillies, Tobacco &ca are grown. It is obvious that in the case of Sugar Cane, Plantain and Cocoanut Trees but few can venture to cultivate these articles when the Tax is so high. The extent of land cultivated with these products must be confined more or less to land which has been already obtained under favorable circumstances as Pagoda lands, or to individuals who plant a few from charitable and religious motives-

6. Again it will be seen that in the Sutwaid Taluk one rate of assessment applies to Turmeric, Tobacco &ca and another rate to ordinary Garden produce as

7. An important step was made in the land assessment when it was declared that the Ryot should enjoy the full benefit of his labor and capital in the case of Wells constructed at his own charge. This Dry land bearing an assessment as such, if occupied as Garden by means of a Well constructed by the occupant, pays no additional assessment- This boon contained the germ of a further advantage viz. the reduction of the assessment on old Garden lands, for as the extent of land under private wells increases, the extent of the old Garden cultivation will decrease, for the Ryot will relinquish land with a heavy assessment when he has the opportunity of occupying land on favorable terms- This abandonment of the old land generally will not be sudden in this District, the falling off of the old Total cultivation is apparent- The Statement in the Margin Shews the aggregate amount of the Total exclusive of private wells, for the last 20 years.

It-

Fusles	Amount Berij

Rs a p
1246 32,691 4 8
1247 33,533 9 6
1248 32,772 13 8
1249 33,815 1 3
1250 35,428 13 2
1251 33,983 11 9 as per Column VIIth in the Summabundy Statement of fasly 1251.-

It will be seen that the ordinary Potacal cultivation for the first 10 years was Rupees 38,000 and 39,000 per Annum, the Maximum being Rupees 50,000. for the last 10 years of the series the ordinary annual Amount is Rupees 32,000 and 33,000. and the Maximum is Rupees 35,000. as the operation of the rule, in regard to private wells, becomes extended the extent of the old Potacal land will undergo a corresponding diminution.-

8.- The Garden Assessment of land occupied as Garden with private wells after deducting the fixed assessment of such land would be Rupees 44,749-7-3. The important of the rule which gives to the Ryot the full advantage of his labor and capital is thus apparent. Not only is individual property stimulated to this extent and industry stimulated but a large additional quantity of Garden Produce is thrown into the Market. The Garden Assessment for fasly 1251 was Rupees 33,983-11 this, with the private wells

aggregate of Rupees 75,733-3-11 exceeding by Rupees 25,135-7-1 the Maximum during the 20 years noticed in the preceding Para setting free the cultivation of lands occupied by private Wells has been attended with the important result noticed. how incumbent is it then to remove all restrictions in regard to the description of produce grown on other lands.-

9.- The Amount of Bogajasty and Fuzuljasty for fasly 1250 and 1251 is shewn in the following Statement.-

	Fasly 1250 Rs a P	Fasly 1251 Rs a P
Dry land Poovasty or 2d dry Crop	6,275 13 11	4,565 8 11

Garden	106 12 5	160 11 8
Grand Total	50,686 9 5	61,488 10 8

The

10. The Poovashy or 2d. dry Crop is the amount of assessment taken as fine to make good, as far as it will go, the portion of the Pattah land of the last year left waste in the current. This practice has been discontinued under the orders of the Board. This item, with the wet Crops sown on Dry land Rupees 12,981-10-4. and the Bogajasty or 2 Crop in wet lands Rupees 40,767-7-7. being set a part it will be seen that the whole Fuzuljasty of the District amounts to very little about Rupees 3,000 shewing the injurious tendency of the restrictive rules in regard to Produce.-

*Proceedings Extract dated 21st Octr. 1812 - Ry.

11. The foregoing observations are intended to place before the Board the working of the rules inforce in this District in regard, 1st. to the cultivation of 2 Crops, and 2dly the cultivation of different sorts of produce, especial reference being had to the superior kinds and to those which are chiefly necessary for the comfort of the People. In revision of the present Rules the following rules suggest themselves.-

12. 1st. Wet land cultivated

with a second wet Crop, will bear the assessment fixed for the 2d. Wet Crop.-

13. 2d. Wet land may be cultivated with other descriptions of Crops of whatever kind, Garden Tope &c. the fixed assessment of such land that is the assessment fixed for the 1st. Wet Crop will be demanded.-

14. 3d. Dry land cultivated with Crops of whatever kind, (Rice excepted) the irrigation for which is furnished by the Circar, twice the assessment fixed for such land will be taken. If Rice is grown, the Teerwah of 1st. Crop Wet is to be taken. If 2 Crops of Rice are grown, the Teerwah of the 1st. and 2d. Wet Crops will be taken.-

15. 4th. No Fuzuljasty or additional Teerwah is to be demanded when additional Crops Rice excepted, are raised by private wells or the falling rains. Fuzuljasty is payable only when additional Crops are raised by means of Circar Water. Rice is always liable to the Rice land assessment, under whatever

whatever circumstance it is grown.-

16. The foregoing rules appear calculated for the objects in view. Every restriction will be removed. Nunjah land will be open for the cultivation of Betel, Sugar Cane, Plantains &c., and as these Products are grown on Nunjah land, relief will be given to Nunjah Produce to the same extent. *Rule 3d provides that the Assessment shall be double the fixed Teerwah of the land in Cases in which Crops are raised on Dry land by means of Circar water. The value of the Crop raised by water is considerable, and it is therefore for consideration whether one uniform rate of Assessment should not obtain in these cases rather than double the fixed Teerwah of the land. Thus taking the highest fixed rate for Dry land at 1½ Pagodas per Cawny, the Assessment according to rule 3d will be 3 Pagodas, which is about the rate of the lower Estacal Assessment at present. It is to be determined whether one uniform rate of 1½ Pagodas should be added to the different

*In Rules 3 & 4 Price is accepted, otherwise injury might ensue to the Nunjah Cultivation.—

Tarams in preference to the course laid down in Rule 3d. The uniform rate and the rates provided by rule 3d are shewn in comparison as follows. the sorts of land are assumed merely for illustrating the Principles.-

	Fixed Teerwah-		Assessment according to an uniform rate of increase		Assessment as per Rule 3d.	
	Rs	a	Rs	a	Rs	as
1st Sort	5	4	10	8	10	8
2d Do.	3	8	8	12	7	4
3d Do.	3	4	8	4	6	4
4th Do.	2	4	7	4	4	4
5th Do.	1	4	6	4	2	4
6th Do.	4	12	6	4	1	8

17. The arguments in favor of an uniform rate are, 1st. preservation of equality in the Assessment, and 2d. not to encourage the Cultivation of inferior soils to the injury of the better kinds. If the rate is moderate, the rule which fixes an uniform rate appears to be preferable. The question is one of much interest and importance.-

Order thereon.

Ordered to be brought forward at a future day.

To

1164 — Fort St. George 16th January 1813.

To J. D. Bourdillon Esqre
Secretary to the Board of Revenue
Fort St. George.

57

From J. Goldingham Esqre
Collector of North Arcot

Sir, The Cavetnuggur Zemindary was attached, as the Board are aware in the Month of May for arrears of Peishcush, I have now the honor to submit the following accounts & Statements of the settlement for Fusly 1251 and to report on the present condition of the Estate, the liabilities of the Zemindar, his power to meet these, and the Course proper to be pursued in future in regard to the Management of the Estate.

Reporting on the settlement of the Cavetnuggur Zemindary under attachment for Fusly 1251.

To the Board 16th May 1812.

a D 13th/42

2. The Estate is divided into 3 Talooks Viz. Narravarum, Pullypat and Tollamy and Comprises 783 1/2 Villages, these are distributed as follows.

Inam Villages	480 1/2
Rented Do	92 1/2
Alienated Villages	210 1/2
	783 1/2

The particulars of the alienated Villages are as

as follows.—

Shrotriem	138½
Sarva Doombalah	3
Jagheer	1
Charity Chaultries	13
Dewastams	28
Rajah Bundoowoolu	5
Amarum	15
Mahalat granted for the private expenses of near relations	2
Enoolhoguna	1
Subsistence	1
	210½

Of the Villages 15 were granted by the Grand father and Father of the present Zemindar and 10 Villages by the present Zemindar Jodee is payable on all the alienated Villages with the exception of Sarva Doombalah and Mahalat N° forty two and a half Villages, the Revenue given up to the Ryotdars is N° 42285-10-5

3. The settlement was made according to the arrangements concluded by the Zemindar with the Ryots during the Fusly. It appears that a fixed money assessment has always prevailed in this Estate for the Coonjah and Garden Cultivation. The assessment on Coonjah Cultivation is partly in ready money and partly in grain. The amount though fixed is high and varies according to the description of the article sown, though apparently on the land the assessment in reality is on the Produce About 28 years ago under Vencata Permal Roz the Father of the present Zemindar an attempt was made by the Deewan Runganad Moodeliar

See also letter from Collector dated 28th June 1839 Para 19 and enclosure N° 3

to introduce a fixed assessment on the land with out reference to Produce. Eighty Eight Villages in the Settany Talook were accordingly settled on this principle, the settlement in these 88 Villages as then made still obtains. This appears to have been the only modification of the original assessment. Both the original assessment in the 88 Villages noticed are high, the amount is not realized and a large remission is granted in each year. In a few cases this remission does not appear to have satisfied the Ryot, and his land is therefore held under the sharing system. The new settlement without reference to Produce, introduced by Vencata Permaul Roz, was not carried into effect throughout the Zemindary generally, owing to the high rates of assessment which it was attempted to fix. Thus a sound and the only true principle of assessment was lost from a want of moderation in the demand. The land held under the sharing system is but little. The assessment of such land in Fusly 1251 was only Rupees 2059 15 ″

4. The season of Fusly 1251 was A.D. 1841/42 an

on the whole favorable. The rains set in favorably in the Month of May and though an interval of draught of about 10 days follow-ed, there was an abundant fall from July to October, during the interval of draught the Crops previously sown were injured and in some instances lost but the favorable Character of the season after this brought much land under Cultivation, and the general result of the year exhibites an increase in the settlement amounting to Rupees 31,983 11 0

Jun Revenue	349969	2	2
Meraks	17125	0	2
Total	367394	8	4

The total settlement of Fusly 1251 / 1841/42 including Meraks Rufsoom &c was Rupees 367394 8 4 the settlement of Fusly 1250 / 1840/41 was Rupees 335410 12 10 an increase of Rupees 31,983 11 6 in favor of the Fusly under report being thus exhibited

6. The particulars composing the settlement of the year are as follows.—

Land Revenue after deductions	295	11 2
Nagadee at or Ready Money Collections	19	15
Motorpha	5	3 2
Sundry small Items	4	11
Offerings at the Pagoda on the Hill at Tillany		3
Extra Revenue	7	12
Renter's Villages	44	12
Deastanam Enams	15	4 9
Chattrams Do	1	2 7
Sodee on Certain		

Land Revenue 295 Fills 11 2

I have already observed that the assessment is high and has to be adjusted annually by a large amount of Remission. This Remission is termed Cawle Royat. "During the Minority when the Estate was under the Officers of Government the Cawl Royat does not appear to have been separately exhibited. It is important that this item should be shewn as the prevailing assessment is better understood when the Nature and extent of this Remission is explained, under this head Waste land cultivated on Cawle is included as well as the difference between the actual outturn of Warahut land and the amount of the original assessment of such lands. The administration of the affairs of the Estate has been very lax of late and Monigars and Curnums, as well as the officers of the Zemindar have given up land on favorable terms according to their will without reference to any fixed rule. It is unnecessary to enlarge on the abuses and loss of Revenue which this practice entails. The amount of Cawle

"Cawle Royaut" for Fusly 1251 is Rupees 64017

Assessment 352811 11-2
Cawl Royt 64017 11-4

14 4 being about 18 per Cent of the assessment.

8.— In addition to the Cawle Royat the Ryot receives remission on account of loss of Crops. the amount deducted from the assessment under this head in Fusly 1251 was Rupees 30,463 — 7 — 9 which is classed as follows.—

Pulanastee, or Loss of Produce	Rs 15878	A 4	P 11
Shanee, or Crops dried up	11571	6	10
Land Covered with Water in the bed of Tanks	13	12	"
Rupees	30,463	7	9

9.— "Palanastee" is granted when the Produce partially fails— Punjah Crops are not included in this privilege, but when Punjah land is cultivated with wet Crops. Remission under this head is granted in case of failure— Both Palanastee and Shanee are large and the amount is swelled in consequence of the wet Cultivation not being regulated with reference to the quantity of water in the Tanks. It appears to be Customary

be fully supplied with water leaving the deficiency of Produce to be afterwards adjusted under the heads of "Palanastee" and "Shanee" This practice is obviously ruinous both to the Proprietor and the Ryot— Large Remissions become necessary unless the season is unusually favorable.—

10.— A sum of Rupees 1906 13 6 was allowed on account of Dushumdumand Rupees 21 11 5 as Soogavanee. The last mentioned item is a deduction in favor of certain Devoor Reddies and Cummawars.—

	Rs	A	P
Assessment	352811	11	2
Deductions			
Cawle Royaut	64017	11	4
Loss of Produce	30463	7	9
Dushumdumand	1906	13	6
Soogavanee	21	11	5
	96410	2	"
Nett	256411	11	2

Nagadeah or Reddy Money Collections
Rs 19,901 — 1 5

11— The total deductions amount to Rupees 96,410 — 2 " leaving a nett amount of settlement of Rupees 256,411 — 11 2.—

12.— The ready money collections amount to Rupees 19,901 — 1 5. The several items composing this source of Revenue are shewn in the accompanying statement No 2. The collections principally are Sodee or Grants, Topes and Tank Fishery— The remainder consists for the most part of Nazeas and perquisites enjoyed by the Tenindar commuted into fixed payments.— The

Melunpha
Rupees 4303–9–2

13.– The items composing the Melunpha are as follows

	Rupees	A	P
House Tax	673	4	7
Retail Shops	1006	6	7
Wholesale Do	53	6	"
Looms	2410	6	5
Oil Presses	100	9	1

Collections from the Merchants at Pollyputt for the Pagoda at that place	23	12	7
	4303	9	2

Sundry small Items
Rupees 1917–11–1

14 The sundry small Items consist of Rupees 3810–10–5 under rent, and Rupees 1107–3–8 under amany; Making an aggregate of Rupees 4917–11–1– The rented portion is derived chiefly from the rent of Palmyra and Date Trees, the Toddy of which is used for the Manufacture of Sugar– an item termed "Chetty sangatam" or sum paid by individuals who have the settlement of Caste Disputes and certain Jungle Produce. The amany portion is a tax for cutting firewood and also for Cutting Materials for Building both the Produce of the Jungles in the Estate

Pagoda Offerings

15

on the Hill at Pittany form one of the Zemindary assets: they are included in the assets for Fasly 1251, but will be excluded in future according to the principle observed in regard to other Pagodas. The Zemindar will receive the Offerings in future. The Pagoda is supported by grants of land made by former Zemindars.–

Extra Revenue
Rupees 7122–15–

16. The Extra Revenue is derived from Fines for trespass termed Banda, and Sheerna from Guam lands belonging to absent holders, or Mauniums of Pagodas in which the Poonjah has ceased; from the sale of old Trees and other similar items. The principal item is Guams of absent holders and Mauniums of decayed Pagodas.–

Rented Villages
Rupees 44721–16– 10

17. A separate statement has been drawn up shewing the particulars of the rented Villages, to whom rented, for what amount, and the Benig of former Fusleah

Fully assigned Villages 17190–4–"
Villages held on Mortgages 13723–5–10
30913–9–10

It will be seen that about 2/3 of the rented amount has been given up to certain creditors of the Zemindar as the Estate has been attached for arrears of Peshcush due to Government

Government the assignments and mortgage cannot be recognized, but the rents will continue unless the Renters express an unwillingness to retain them. One Renter has already signified his intention to this effect, and it is not improbable that others will be desirous to follow the same course, when it is seen that the collection of the full amount of rent will be enforced. In regard to the other rented Villages, on which no assignments or mortgage exist, the renters will be required to fulfil their engagements, and in the event of failure, such arrangements will be made as may be found necessary for the security of the Revenue.

Deodars and Cuttumes Rs 16,877-5-11 A P

18.— The Collections in these Villages have been hitherto made by the Zemindar and the expences of the institutions defrayed by him. It appeared desirable that this arrangement should continue, and the management has been accordingly given back to the Zemindar. This item will not consequently appear in future

management of the Court of Wards from the Minority of the present Zemindar, to Rupees 6,15,649 3-4 - a small sum was paid off during the Minority The present Zemindar has added 50,400 Principal to the amount of Debts, besides sundry Debts, and although he has put off the large sum of Rupees 196,885-3-9 towards the liquidation of the Debt, the demands against him is nearly what it was when he came into possession of the property - The Zemindar has been driven to the ruinous course of assigning the Revenue of his Estate to his Creditors, at the same time adding to his incumbrances by fresh Debt -

Account Current

22. It is now proper to examine the account Current for Fasly 1251 - The Debit side exhibits a receipt of Rupees 3,43,581 10-8 of which Rupees 3,00,376-6-0 besides Roosoums, were at the disposal of the Zemindar before the attachment - The Credit side exhibits an expenditure of Rupees 3,96,11-9-4 and a Balance in hand of Rupees 46,973-1-4 - Of the Expenditure, Rupees 1811-13-2 have been paid on account of charges of management since the attachment and Rupees

Rupees 17,495 — 6 — 2 Rooposms to cummums 8th —

The bulk of the expenditure was incurred by the Zemindar and is as follows.—

	Rupees	A°	P°
The Zemindar's private Expenses	45,319	6	5
Charges Management before attachment	12,973	1	7

Payment to Creditors

By Tankas on the Revenues	80,1014	13	1
" Ready Money	2,00650	.	6
To Ryots for anticipated Rents	30,650	3	7
	130730	1	2
Court Charges, Decastans, Tank Repairs &c	30781	17	10
Peshcush to Government	73360	"	"
	30,374	6	11

The personal expenses of the Zemindar are large, considering the embarrassed state of his affairs— No less a sum than Rupees 130,730 — 1 — 2 has been paid to Creditors — either by assignments or in ready money, but chiefly the former. The Zemindar has also fallen into the ruinous course of anticipating his Revenue.—

23.— The failure of the Zemindar to fulfil his obligations to Government has arisen from Debt. The annual Revenue of the Estate may be taken in round numbers

Rs
to Government is 187663, and assuming the charges of Management at Rupees 13000, an Income of One Lac per annum is left to the Incumbent, which ought to furnish him a large

Rupees A° amount of indulgence, without

Average from Fasly 1230 to Fasly 1236 7 years	3,30032	"	"
Fasly 1237	3,17,570	14	3
During Minority —			
" 1238	3,13,231	15	7
" 1239	2,57,016	7	3
" 1240	2,88,057	2	11
" 1241	3,13,205	11	2
" 1250	3,32,410	12	10
" 1251	2,67,394	8	4

trenching on the sums to be set aside for the payment of Debts. In the hands of a Moderate and enlightened person, the Estate free of encumbrance, and with its large surplus Revenue, would be a valuable property.—

24.— Referring to the amount of Revenue during Fasles 1250 and 1251 it will be seen that the resources of the Estate do not exhibit the same decay as the private affairs of the Zemindar. The Management, as has been already observed, is lax and the system pursued by the Zemindar of assigning Villages to his Creditors would no doubt be attended with the most disastrous consequences ultimately.— The present Zemindar has been in possession since Fasly 1242 and as the assignments have been made since Fasly 1217, the deterioration to be expected from the course he has been pursuing has not had time

time to shew itself fully. It is the earnest wish of the Zemindar that the Estate should be again placed under his management, but adverting to the pressure of his Debts, and to the course pursued by him, the fulfilment of this wish appears to be quite impracticable. This is the first time that the Estate has been attached for arrears, and adverting to this circumstance I feel as anxious as the Zemindar that the management should be entrusted to him; but under the circumstances set forth, this seems out of the question. The Zemindar has no means of satisfying his creditors without again making over Villages to them, and past experience has shewn that he cannot do this, and at the same time fulfil his engagements to Government.

25 Supposing then that the Estate is to continue under the Collector; 1st it is important to attend to the system of assessment, and 2ndly to provide for the appropriation of the Revenue

26 In regard to the first, it appears desirable to carry out the intention of Venkata Permaiah of fixing an assessment on the land without reference to Produce. The attempts of Venkata Permaiah

failed, because his demand was too high, it is simply necessary to substitute moderation for an excessive demand. In carrying out this intention, but little expense should be incurred, the Talook Establishment should examine and check the work of the Village Officers and Ryots. The assessment of Venkata Permaiah embraced the 3 descriptions of land viz. Dry, Wet and Garden, each having its separate and specific assessment. It is for the consideration of the Board whether Garden should not merge into the other two kinds, thus making the assessment according to the quality of the soil, with an additional demand only when the water provided at the expense of the Circar is used. It is to be observed that Tarram is very rarely given in this Estate. This arises not from a better condition of the Ryot but because the chief power rests with the leading members of a Village, and the body of the Ryots look to them. The assessment is heavy but the Ryot receives assistance from the Remissions of Maule Peyash and Colanatha

Palaudies, and that his condition to a certain extent is maintained

27 In regard to the second point, viz. the appropriation of the Revenue in each year it appears desirable that after discharging the current Peshcush and payment of charges of Management and subsistence of the Zemindar, and a small sum for repairs of Tanks, the remainder should be appropriated towards the payments of arrears of Peshcush, and the liquidation of private Debts. The charge for subsistence in the account current which has been examined above, is beyond all reasonable limits. Rupees 1500 per Mensem were allowed during the Minority and the Zemindar has requested that an allowance of Rupees 4000 per Mensem may be given. This request is as unreasonable as the actual expenditure under this head in the account current. Rupees 1500 Mensem would be an ample sum. The charges for Repairs of Tanks should not be large, the Tanks and Water courses have been much neglected and several Breaches in Tanks not

Note The Zemindar has neither Communications nor Cultivation in his own name

filled up these should be gradually put into a state of repair. The several Tanks are now under examination by a Revenue Surveyor, and the most important works only will be executed this year, Rupees 8000 per annum will be sufficient for this purpose. Thus assuming the Revenue at 3 Lacs of Rupees per annum the appropriation of this sum will be as follows.

	Rupees	A.	Rs.	P.
Average Revenue	300000	"	"	
Charges of Management per annum	16050	"	"	
Marahmut	8000	"	"	
Allowance to the Zemindar	18000	"	"	
Peshcush to Government	187663	"	"	
	229713	"	"	
Surplus	70287	"	"	

28. The surplus will be appropriated towards the liquidation of arrears of Peshcush, and of Debts, and as the Government thus give up their prior claim for the benefit of the Zemindar, it is but fair that interest should be charged on the amount paid to Creditors. In the event of this course being approved it will be

Fort St George 16th January 1843

necessary to obtain Correct accounts of Debt from the Zemindar, and to make suitable arrangements with the Creditors, requiring them to give up the unreasonable portion of their demand.—

2d.— The present Zemindar has latterly resumed certain Kuttoobady Lands, and the Holders have complained of this measure as they have had enjoyment for a long series of years. The Measure is justified by the Zemindar on the ground that according to the conditions of his Sunnud he is empowered to resume all Kuttoobady Lands as he pays an addition to the Peishcush in consideration of Military service being no longer required of him, adverting to the Correspondence at the time when the arrangements were made, it was clearly understood that the Kuttoobady Lands should be resumed, and Decrees of Court have been passed in support of resumptions which have taken place. The Claims of the parties individually who may complain are under

Fort St George 16th January 1843.

appear any ground for a favorable consideration of their case, the subject will be brought to the notice of the Board.—

North Arcot,
Collectors Circuit Cutcherry
Goormonde 10th January 1843

(Signed) J. Goldingham

1268 Fort St George 16th January 1843

Ordered to be sent again in Circulation.

Order thereon

57-58

To J. D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St George

From J. Goldingham Esqre Collector of North Arcot

Sir

59

I have the honor to return
the Petition No 57 of 1843 from Aundy Counden of
Anoomuntapettah-

59

Aundy Counden claims
to be Monigar of Anoomuntapettah in conformi-
ty with his nomination to that Office in Fasly 1249
A. D. 1839/40.
Aundy Gounden rents for a large sum the Tamarind
Tope in that Village; he does not appear to have had
any connection with the Village previously and
resides in Kaelmeerenmum, about 11 Miles dis-
tant in which he holds a large Putcut. Ragoona-
thacharry held the Office of Monigar for 11 years till
the appointment of Aundy Gounden and cultivates in
conjunction with others the small quantity of
Shaygal land situated in Anoomuntapettah.
Ragonathacharry resides about 11 or 5 Miles off.
Anoomuntapettah is a small
Village near Dorey- It consists of 5½ Cawnies
of land of which 3 5/2 1/8 are Poroumboke- The re-
mainder is distributed as follows-

Shaygal 3 5/2 1/8
Pagodawnieum 1/4.
Cunnum Do 1/2.

Fort St George 16th January 1843

of the Shrygal 2 3/4 1/32 is cultivated the remainder
is waste. Ragoonathacharry and others cultivated
the abovementioned 2 1/4 1/32 Cawnies till Fasly 1245 after
which period the land was waste. In Fasly 1249
Sundy Coundan applied for this land but the
other party would not give it up and have
again cultivated it.

4. It does not appear that Ragoona-
thacharry is a Cadeem Meerasidar of Ammanta pettah.
His claims were admitted on the ground of his having
had actual enjoyment for 11 years. Sundy Coundan
pays a large sum to the Government for the Tamarind
Rent and it is important to him to have influence
in the Village. On this ground his renunciation to the
Office may be supported as Ragoonathacharry is not
a Cadeem Meerasidar. If Sundy Gounden fails
in his engagement in regard to the Tamarind Rent,
I do not see that he will have any grounds to retain
the Maniem. It does not appear that he has built
Houses for the improvement of the Village as is set forth in
his Petition to the Board. Had he obtained the cultivable
land according to his application the Maniem would
questionably have been given.

North Arcot,
Collr's Circuit Cutcherry
Gonnadeepoody 10th
January 1843.

/ Signed / S. Goldingham

Fort St George 16th January 1843

Resolution

59-60

It appears from the fore-
going letter that Ragoonathacharry has
no meerasi claim to the Office of Monigar
in Ammanta pettah. And Mr Goldingham
agrees with the Board that the nature
of Sundy Coundan's connection with the
Village makes the possession of the office
an object of importance to him, and gives
him a fair claim to it. The Board
will therefore leave the matter in Mr Golding-
ham's hands adding merely their opinion that
Sundy Coundan's reappointment would be
fair and undesirable.

Ordered that the following
endorsement be passed on Petition 37 of 1843.

Petitioner is referred to the
Collector of North Arcot who is in possession of
the Board's sentiments on his case.

The Board remark that the
fractions in the foregoing letter are ex-
pressed in the complicated and awkward method
used in Tamil they ought to have been ex-
pressed in the English manner by reducing the various
Numbers of the Tamil fraction to a common denomination.

Read the following Statement.

16th January 1843

Board's Recommendation	Orders of Government
It appears from the Principal Collectors explanation that the Rent sum under reference was originally a charitable grant and that payment of the Amount Vizt Rs 10-8-0 per Annum was continued to the present Incumbent without due authority. Under these circumstances and considering that the present Incumbent is in the enjoyment of an extensive Inam in land the Board are of opinion that the Rentsum in question should be discontinued and they recommend that sanction may be granted accordingly. The Board will call upon the Principal Collector of Salem to make a strict enquiry as regards the tenure under which allowances in lieu of Rentsums and other similar grants are held in his District with a view to the discontinuance of such as are not authorized. Revt Bd Office Fort St George 16th January 1843 By order [illegible] Boardillon	His Lordship in Council directs that in this as well as in all other cases in which allowances are recommended to be renewed or discontinued the Board of Revenue will report specially by letter on the subject in order that the grounds of their recommendation and the decision thereon may appear distinctly on the Proceedings. Fort St George 28th January 1843 By Order (Signed) J. R. Thomas Offg Chief Secy

From the Pn Coll.r of Salem

Sir

I have the honor to bring to the notice of the Board, that a Choultry the property of Government, situated at Adimancottah in the Taluk of Darampooram has been reported to be in a dilapidated state, and that offers have been made for the purchase of the roof of the building for the Town of Rayacotta. The said Choultry is in the vicinity of a private dwelling, and I would suggest that the building being sold with the land on which it stands on which case there is a probability of realizing more than what the Choultry itself would bring. This building was formerly used as a Cutchery

Statement

acknowledge the receipt of your letter of the 22d Ultimo regarding the Statement of smuggled goods submitted by me on the 4th November last.

2. The Tobacco in question was part of a quantity which had been given in pledge by Bauppa Reddy to Ramasawmy Chetty and was clandestinely sold by the latter. The circumstance having transpired the Sayer pursued the Tobacco to the house of a Bazarman Veerapoodiam and gave information to the Chowkeydar. Veerapoodiam on being taxed with having bought it could not in the face of direct evidence deny the fact and therefore produced it thus rendering an entry of the Sale unnecessary.

3. The person alluded to in the 2d para of your letter was dismissed immediately on proof of his guilt this in addition to the confiscation of the Tobacco being considered a sufficiently severe punishment.

Trichinopoly
16th January 1843

Resolution thereon. Under the circumstances stated by Mr Onslow, the Board authorize the confiscation and sale of the Tobacco referred to in Para 2d of the foregoing letter, and the distribution of the proceeds according to the Regulations.

Read again letter from the Commissioner in charge of Madura dated 3d and entered in Consultation 9th Instant.

Ordered that the following letter be sent in reply.

To the Commissioner in charge of Madura.

To the Commissioner in Madura

Communicating the remarks of the Court of Wards on the proposed Moyen Kaptah of Servants for the Ramnad Zemindary submitted with his letter of the 3d Instant.

Sir. With reference to the Extract from the Proceedings of the Court of Wards noted in the Margin, I am directed by the Board of Revenue to communicate to you the remarks of the Court on the proposed Moyen Kaptah of Servants for the Ramnad Zemindary submitted with your letter of the 3d Instant.

2. The Court observe in the first place that you make no provision what ever for a Winding account department. They think it important for the sake of accuracy and perspicuity in the accounts of

of the estate that they should be recorded in Writing, and this is of the more consequence as the financial history of each year is to be submitted to the Collector, and as circumstances may occur to render it necessary to bring the whole revenue management under examination. The Court would wish you therefore to reconsider this part of your proposal. It is also observed that it is not intended to have any establishment at the Collector's office. When the estate was formerly under the Collector an addition was made to the Mayor establishment of that officer to the amount of 462 Rupees Monthly. So large a charge as this does not seem necessary when the estate is administered by a manager under the Court of Wards, but the Court would wish you to consider whether a slight increase would not be desirable. On comparing your proposed Mayor Establishment with that sanctioned when the estate was under management before the Court observe that the number of the servants

Clause third Sec: XII Reg: V of 1804.

Sec: XXIV.

Encl: B. No 4 in a letter from the Bd of Rev in Cons: 30 Dec: 1842.

considerably increased, while the aggregate of their Salaries is diminished.

3. You proposed in accordance with Section XI Regulation V of 1804, to allot 10 per Cent of the permanent settlement for the support of the Minor and his relations. This amounts to 33,156-8-8 a year but it is observed that the detailed allowances shewn in Statement A amount to 3,205-14-4 a Month, which comes to 38,470-12- a year. Statement A appears to be a record of Mr Blackburne's arrangements, and the remark in the conclusion of Para 6 of your letter may be intended to refer to some of these allowances, but the Court wish to be informed of the particular manner in which you propose to distribute the 2700 Rupees Monthly, resulting from a tenth of the annual Peishcush.

4. In conclusion I am directed to point out an important error which appears in Statement A the total of the Palace expences is set down at 7,318-8-10, while the real amount of the items is only 3798-10-4. The total includes 3,511-6-6 the

the proposed cost of the Managers office and Talook establishments, which are not given among the particulars of the statement. There are one or two other errors in the accounts of Minor importance but which tend to prevent their corresponding and obscure their meaning. These are ascribable no doubt to the temporary want of an efficient superintendant at the Head of the native department of your office - it is requested that in replying to this communication, you will submit corrected detail statements.

I have the honor to acknowledge the receipt of your letter of the 15th November and to forward for the information of the Board of Revenue copy of one under date the 4th instant, from Mr Lushington the Additional Sub-Collector of this District, in which he has stated in detail the causes which have retarded the termination of the inquiry into the charges preferred against the Talwildar of Soondah.—

Submits copy of letter from Addl. Sub Collector of Canara, stating causes which have retarded termination of inquiry into conduct of Talwildar of Soondah and that he expects to be able to submit a final report in the course of a fortnight.

77

The duty, which has lately devolved on Mr Lushington has been extremely arduous in consequence of Mr Read's absence and, though he has for some months suffered more or less from the effects of fever, his application to the duties of his office has been as unremitted as ever; It will be observed that Mr Lushington expects to be able to submit a final report in the course of a fortnight, and it is hoped, that this explanation

explanation will prove satisfactory.

No 1

To

W. A. Forsyth Esq.r
Sub Collector in charge of Canara

Sir.

1. I have the honor to acknowledge your letter of the 15th Ultimo, transmitting copy of a Letter from the Secretary to the Board of Revenue relative to the long period which has elapsed since the Tahsildar of Soondah was suspended from Office on the 4th July, and calling upon me to afford the requisite explanation.-

2. In reply I have to express my regret that since the receipt of your letter I have not been able to command sufficient leisure to admit of my now transmitting to you a full report upon all the charges against the suspended Tahsildar which have been investigated, but I hope to have it in my power to do this in 14 days

at the furthest - In the mean time I beg to state that if the delay which has taken place, is deemed reprehensible, the blame rests entirely with myself, as the Principal Collector urged me to bring my investigations to a close some months since, a measure which I was myself also most desirous of effecting; but which from the new matter constantly coming forward, and demanding inquiry, it was not in my power to effect, while so great a portion of my time was necessarily devoted to the current routine of the Talooks under my charge.-

3. If my letter of the 4th July communicating to the Principal Collector that I had felt it necessary to suspend Bal Krist Row from Office was forwarded to the Board of Revenue, the Board will be aware of the nature of the charges which had been preferred against Bal Krist Row, and that they embraced the collection of sums of money by the Potails at his instigation; and on his account from the Ryots of almost every Magany under his

his charge during the last Fusly. As the Tahsildar denied every portion of the statements of the Potails, except the circumstance of Seis having borrowed money from them, the liquidation of which although asserted to have taken place by direct payments from himself, he admitted it was not in his power to prove, it became necessary to examine some of the cases fully in his presence, and I commenced with the Heroor Magany in which he had borrowed money from Hostoot Gunnapah Bhutt, the principal Potail in the Magany, whose house he usually visited when he made the Gunnabundy. It had been stated in evidence before me that in this Magany, in consequence of the poverty of the Ryots the attempt to obtain contribu=tions from them was deemed impra=ticable, and it was therefore determin=ed that in lieu of a general contribution from the Ryots, the salary of the Potails amounting to about 100 Rupees should be

at the close of the Fusly be made over by them on its disbursement from the Cutcherry to Gunnapah Bhutt, in liquidation of the Tahsildar's debt to him. At a late hour on the night of the same day on which this informa=tion was given before me, and shortly before the Tahsildar's suspension, he paid 100 Rupees to the Brother of Gunnapah Bhutt, and the full investi=gation, which I subsequently made leaves on my mind no doubt of this arrangement having been actually made.

In the month of August 4. I enquired very fully into the charges brought forward against Bal Krist Row in connexion with the Sirsee Magany, in which arrangements were made for collecting 200 Rupees from the Ryots in liquidation of money due from him to Can. Sully Tim= =mapa Hegadeh, the Principal Potail in the Magany and the Shanbogue Sobroyah, and considered that it was indubitably proved by the concurrent testimony of the Ryots and Potails

Potails, and by documentary evidence, that 150 Rupees had been collected on the Tahsildar's account in accordance with arrangements made with his cognizance and that the same had been paid over to Canhully Timmapow Hegadeh. Several other cases giving ground for the supposition that the Tahsildar had been guilty of misappropriating or for a time employing Pagoda Funds for his own use, and other malpractices of greater or less moment came to my notice and demanded inquiry from time to time. During the months of July and August I also suffered from occasional attacks of Fever, which although they did not keep me away from Cutcherry for many days rendered me quite incapable of exerting myself, to the extent which the amount of business called for.

5. In the month of September I drew up and submitted to the Principal Collector a long Memorandum of the result of my investigation into

into the Tahsildar's proceedings in the Serooe Magany, but at the same time informed the Principal Collector, that I did not wish to submit a full report upon the case until I had been able to go out into the Durroor Magany, of which the Jummabundy had been first made, when the system of raising "Koolwar" contributions had been first planned and where the amount said to have been collected for the liquidation of the Tahsildar's debts to the 2 Principal Potails the Hanagood Hegadeh and the Shenracoolee Hegadeh, amounted to 440 Rupees. I had not commenced at an earlier period with this Magany, which I now feel it would have been better to have done, as I was unwilling to summon the Potails and Ryots from their houses and families during the height of the Monsoon, when also their exertions are required for the care of their estates. To go out in Tents and to stop 2 or 3 weeks in the Magany was also impossible at

at the season.-

6. In returning the memorandum which I had submitted to him Mr. Blair wrote to me on the 21st October, "Your Memorandum "has not left a shadow of doubt on my "mind of the truth of the charge against "the Tahsildar in the Seeroy Magany "investigation," adding that "the present "case as it stands, is quite enough "to bring before the Board, and "I shall be glad if as soon as you "can, you will throw it into the "necessary form for me to address "the Board." When Mr. Blair's letter reached me, I was in the Haroon Magany, where I remained until the close of November, having seen abundant reason to believe that the principal Potails of this Magany, and who throughout have been very reluctant witnesses, had themselves received favors from the Tahsil=dar at the expense of the poorer Ryots which at once accounted for their readiness to

to assist him in raising these contributions.- These charges are of the most serious nature, and as during this period I received an addition to my duties by the accession of the Head Assistant's Talooks of which I still have charge, in consequence of Mr. Reade's departure to Bombay, I regret that it has not yet been in my power to bring matters to a close.- I have been thus particular in detailing some of the causes of delay, as the Principal Collector is now absent from the District, and I know that before he availed himself of his leave of absence, he was desirous of receiving from me a full report upon the case. As I have stated above, I fully participated in this desire, but the discovery of fresh matter giving ground for the suspicion that the Tahsildar has been guilty in collusion with the Shanbogues and principal Potails, of far more criminal conduct than had been previously imputed to him, has with the necessity of constantly turning my

my attention to other business, hitherto prevent
=ed my carrying my wishes into effect.—

8. I trust that nothing will occur to prevent my submitting a full report within the period named in this letter, but should it not be in my power, the report upon the Sirsee Magany proceedings can be at once for=
=warded for the orders of the Board of Revenue, should you wish such to be done.—

(Signed) T. Lushington
Add.l Sub Coll.r

Order thereon.

77-78

It was to be wished that the enquiry into the conduct of the Tahsildar of Soondah could have been completed, and the report sent in, at an earlier period, but Mr. Lushington's letter satisfies the Board that no industry has been wanting on his part. and they will expect to receive it within the period now specified.—

Mr. Shubrick having been appointed to act for Mr. Reade as Head Assistant on the 8.th November 1842. the Board do not comprehend how the talooks of the Head Assistant were still under

under the charge of the Additional Sub Collector on the 4.th January 1843 and they request that this may be explained.

Read again letter from the Collector of Malabar dated 20.th Ultimo and entered in Consultation 5.th Instant.—

Proceedings thereon.

79

49

Under the circumstan=
=ces stated by Mr. Silver in the letter, of which extract accompanies the above communication, the Board must absolve that Gentleman from blame in conduct=
=ing the examination of the charges against the fiscal in the absence of the accused. But they are surprised that in such a case involving the Defendant's livelihood, character, and future prospects in life, it was not deemed just to him to relieve him from the duties of his Office, to enable him to attend during the trial.

Read the following Report.

80

To The Secretary to the
Board of Revenue
Fort S.t George.

From the Coll.r of Malabar

Sir,

I have the honor to transmit

Reporting

on the Settlement of the Land Revenue of Malabar for Fusly 1251.

transmit herewith the usual Statements connected with the Settlement of the Land Revenue of this District for Fusly 1251 A. D. 1841/42.

Season and its effect upon Cultivation & produce.

2. The S.W. Monsoon set in just at the proper time, i.e. about the end of May 1841, and the fall of rain throughout, though only 114 Inches, was generally seasonable there was however a partial failure in the after rains (which fall in October and November) in consequence of which, the second Crop (reaped in January and February) was not plentiful, and in some parts of the Provinces, the failure was rather extensive: there was however an ample supply of grain in the Distrinct, but in failure of demand its exportation fell short by Rupees 1,80,654 (as shown in the accompanying Statement) and the average Market Price, by about 8 per Cent, of what had obtained in the antecedent year. The deficiency in the Export of this necessary of life appears to have occurred principally in the supply annually taken to Bombay and the only way to account for it, is to suppose that the Harvests in the Countries subject to that Presidency were remarkably abundant.—

No 22.

3. The season was particularly favorable for all descriptions of Garden produce, and the Statement above adverted to, shews that there was an equally good demand for them, for exportation. the Ryots accordingly obtained, throughout the year, nearly the same high prices as prevailed during the preceding Fusly. this was fortunate as it, in a great measure, made up for the falling off in the price of grain, and enabled the Ryots to discharge the Government demand without difficulty.

See Para 3. of the Report for 1250.

4. The Abstract inserted in the margin will shew that the result of the settlement of the year under report is a net Increase of Rupees 4,328-6-11 were the additional Cist of the Peshcush payable by the Beebee of Cannanore which

Settlement Fusly 1251 Increase
Fusly 1250 Decrease

which was brought to account in 1250, (as noticed in Para 18 of the Report for that year) set aside, the increase would have been Rupees 9328. 6. 11. —

Nunjah, or Rice Lands. Net Increase Rupees 4003. 1. 5.

5. A reference to Columns 33 of the Statement No. 1 will shew that the Items added to the Summa of 1250 amount to Rupees 8,025. - 10; of this Rupees 712-10-5. is on account of old Remissions, granted from 1242 to 1249. and Rupees 6324. 11. 10. is the Remission allowed in 1250 for that + year, all of which have been resumed in 1251, the rest are small Items and undeserving of special notice, except perhaps the increase obtained in Nynaad, amounting to Rupees 469. 10. 8. from an Excess in the Cultivation, which is satisfactory as shewing some improvement in that depressed Taluk.

+ See Col. 6 of Statement No. 21 for 1250.

6. The increase of Rupees 8025. - 10. above noticed was however reduced to the sum noted in the Margin (Rupees 4003. 1. 5.) from the following necessary remissions to the extent of Rupees 4021. 15. 5.

1 Portion of the annual Remission granted to Ralpully Karoonagara Menon. ---------- 781 1 —

2 Temporary Remissions on account of Lands not cultivated owing to the distressed circumstances of the Ryots. ---------- 452. 9. 4.

Carried Over 1233. 10. 4

Fort S. George 16th January 1843.

Brought Over — 1233 10 4

3 Temporary Remissions on account of failure (in some cases partial, in others entire) of the Crops, occasioned by the failure of the after-rains. — 896 4 14

4. Ditto Owing to extreme Poverty of certain Ryots. — 375 13 8

5 On account of Lands entirely waste in consequence of Death, Desertion, Poverty of the Ryots, and various other causes. — 80 2 7

6 On account of the Kalamkara Lands (alluded to in Para 32 of the Report for 1248) abandoned by their Owners. — 283 15 6

7 On account of several Lands, situated in the midst of Jungles, and liable to depredations of Wild Animals, not cultivated this year. — 401 6 3

8. On account of six small Lands belonging to five poor Ryots converted into Gardens owing to unfitness of Soil for Rice Cultivation. — 7 1 5

9. Assessment of a land proved to have been twice entered in the account, the amount having for some years past been entered as irrecoverable Balance — 3 4 —

10 On account of lands not cultivated owing to their having been overflown by Salt Water consequent upon the failure of the Nyanama Kul Dam — 400 14 9

Carried Over 3682 8 18

Brought over — 3,682-8-10

11. On account of lands belonging to certain poor Ryots which were found to be over assessed, the difference now proposed to be remitted being more than the lands can fairly pay — 27-10-7

12. Sheestom, or Proprietors share, of the lands hitherto held by the Sirkar as are escheat, but restored to Kiyoom Putter as per the Board's orders dated the 19th. July 1841. — 185-8-8

13. On account of lands, the assessment of which is annually determined by inspection of the Crops — 206-3-4

Total Rupees 4,071-15-5

7.

Punjah or Dry Land.

Cultivation, Increase Rupees 2,046-11-2 — In my Report for 1250 I noticed that this branch of Revenue was in a progressive state of improvement; the result exhibited in the Margin testifies the continuance of this improvement. The extent of the dry land Cultivation in its different descriptions of Ponum (Hill rice) Poddam (upland rice) and Ellos (all seed) is shewn in the following Memorandum —

	1250 Extent in Cawnies	1250 Assessment	1251 Extent in Cawnies	1251 Assessment
Ponum	22212 7/8	21306 6 5	22.625	20982 4 11
Poddum	25500 5/8	30617 15 4	29.651	32560 11 7
Ellos	22348 5/8	17295 8 1	23.948	17723 3 6
Total	70062 1/8	69299 13 10	76224	71266 9 11

Although there had been an excess of 4124 Cawnies in the Ponum Cultivation, the assessment of 1251 fell short by Rupees 324-1-6. of that of 1250 this is entirely owing to its having been found necessary to make a reduction of Rupees 6,672-15- on account of the commutation Price, in consequence of the fall in the market Price of Grain. The reduction made on the same grounds in the commutation Price of Poddum amounted to Rupees 1-10-7/4. and that of Ellos Rupees 2-10-4/4. per Cent. Had it not been for this, the revenue derivable from this source would have evinced a more favorable result, for there was an excess in the Gross Produce of all the three items —

Increase in Gross Produce
Ponum- 837 Candies
Poddum- 2,129 —
Ellos- 2,485 —

In the Board's proceedings

8.

dated 9th. November 1840, on the Settlement of Malabar for Fusly 1248 (Paras 24 to 26) a suggestion is made as to the advisability of determining the Ponum Revenue by compounding with the

the Proprietors for a certain annual sum Sanc-
-tioned in my last Summahlundy Report, Bu-
-t that I had not then been able to complete
the enquiry which I had commenced on the
subject but hoped to lay my views before the
Board at no distant period. I now beg to state
that from the best information I am able to
obtain I am of opinion that great and continued
difficulties would arise by an adoption of the
scheme hinted at by the Board.—

9. The Hills where the Ponnum
cultivation is carried on are chiefly situated in
the Northern Division of Malabar. The Sub
Collector was requested to obtain the opinion
of several of the principal Proprietors and
Cultivators of these Hills, and the Sheristadar
as also the Tahseldars who have charge of
the Talooks where this peculiar mode of agri-
-culture is chiefly carried on, were called on to
state their views of the subject. The result of
all these references tends to shew that while
some few of the proprietors are willing to agree
to a fixed assessment, the majority and especially
those who are not men of much wealth or in-
-fluence, prefer the present mode of annual
inspection under which the Government demand

is levied from the actual cultivation to taking
on themselves what they might fixed to be a
serious responsibility. In by far the greater num-
-ber of the Hills the cultivation is carried on, not
by the proprietors themselves, but by numerous
petty tenants (many of them from Coorg and Wynaad)
who from the difficult nature of the Country
are not under any effectual control, and
from whom the Proprietors are not always
able to enforce their dues.

10. On the other hand the
Cultivators, some of whom as Coorchers and
other inhabitants of the Hill Country, have no
means of obtaining their livelihood, except by
cultivating Ponnum. I strongly deprecate being left
to the mercy of the powerful Proprietors
who they think would in many cases deal
much more harshly with them than the
Government Servants. As explained in Mr
Clementsons letter to the Board, under
date the 27.th May 1834, the present mode of
fixing the assessment on Ponnum Hills in
Malabar seems to be very favorable to the
Cultivator, for as much as the Government demand
is as low as 10 per Cent of the Estimated gross produce.
On the whole therefore I would beg to recommend
that no change be made in the existing system.—

The

Gardens ——— 11.
Increase R.s 887. 12. 11. } The difference apparent under this Head is so inconsiderable that it appears unnecessary to say more than that the Increase is principally attributable to the resumption of the remissions granted in last year. The concessions made during 1251 amount to Rupees 656. 6. .. 10 rs.

† See Col. 21 Statt. Temporary Remissions ——— †326. 7. 4

Rupees	14457	3	8

Out of the total demand of the year, amounting to Rupees 1852947. 11. 1. the sum of Rupees 1642121. 15. 8. was realized within the Fasly besides Rupees 14457. 3. 8. collected on account of the arrears of antecedent years, making a total of Rupees 1656639. 3. 4. which exceeds the Demand of the year by Rupees 3581. 8. 3. —

16. Up to the end of September last Rupees 3043. 3. 3. has been collected on account of the Balance which remained outstanding at the close of the Fasly, Viz.t Rupees 10825. 11. 5. and there is every reason to expect that the differences amounting to Rupees 7782. 8. 2. will be soon realized. 5000 Rupees is indeed a mere nominal balance due by the Beebee of Cannanore — leaving

17. Upon a review of the Gross Collection derived from all the sources of Revenue, the result is not so favorable as might (with reference to what has been said of the good season (Ca.)

Increase	1380 81—14-6.

below the total revenue of 1250. The average of the ten previous years is however Rupees 30134-98-5-4, which when contrasted with the Gross Collection of Fusly 1251. Viz.t Rupees 31,515-80-3-10 gives an excess in favor of that year of Rupees 1380 81-14-6. In fact the Gross Collection of 1251 is, as will be seen by the marginal Statement, only below that of the two years immediately preceding it—

18. The decrease above adverted to arises from Salt. Farms & Licences, and Sayer in the relative proportions of Rupees 31085-7-9. 24-018-3-9. & 13344-11-8. the causes of which will be fully explained in the Report upon the Extra Sources of Revenue. I may however briefly observe here that the first is entirely owing to a considerable falling off in the demand for Salt for exportation to Mysore and other inland Districts. The Decrease in "Farms and Licences" is mainly attributable to Cardamoms and is in a great measure nominal, in as much as the Cardamom Farm having in 1250 been held under Aumanee. the whole of the proceeds of Sale without any deduction for expenses were credited to this Head, whereas in 1251 when the farm was sold the Net Amount of Profit or Rent, Rupees 6505-4 only was brought to account. The revenue derivables from Sayer was partly affected by a short importation of Piece Goods and partly

Note. The Gross Collection of 1251 is however Rupees 1648 2-7-9 above the average of the preceding ten years.

† Rupees 29062-2-10.

by the change in the system of assessing this article noticed in Para 18. of the Report for 1250. having obtained throughout the year, whilst in 1250 its operation was limited to four months only.

I beg to submit the usual

19. Statement shewing in detail the Gross Collection of all Sources of Revenue and to state that the Charges bear the following proportions—

Land Revenue	‡ 18-6-6 ¾ Cent
Sayer	34-7-8 "
Abkarry	" 9-8 "
Farms & Licences	7 " 4 "
Sea Customs	29-5-10 "
Salt Monopoly	24-8-3 "
Tobacco Monopoly	
Stamp Revenue	5-5-10 "

‡ Exclusive of Malikana and Pensions inclusive of them it is Rs. 36-6-7-

The per centage of the total charges, exclusive of Malikana and Pensions, upon the total Revenue is Rupees 24-12- and inclusive of them Rupees 33-8-11.

20. By the accompanying Statement No. 25. the Board will perceive that at the commencement of 1251. the Arrears outstanding were Rupees 15460-2-11. Of this Rupees 11447-3-8 was realized in the Course of the year, leaving at its termination a small Balance of Rupees 1042-15-3.

Outstanding Balance

From the examination made of the ryotwar accounts received from the different Talooks against which this

Fort S.t George 16.th January 1843.

this Balance stands in small proportions, it appears that Rupees 310-2-5, is recoverable, Rupees 418-8-4 is doubtful pending further inquiry and Rupees †314-4-6 irrecoverable. I accordingly beg to recommend that this latter Amount be written off to "Profit and Loss"—

†Inclusive of Rs.302-6-1. entered in the Statement N.o 28, for 1250-

It forms part of the demand of the undermentioned nine Fusly Kist—

Waste Land— N.o 26

21. The quantity of Waste Land taken up in 1251 for Rice cultivation amounts to 4-09— Cawnies 1568— The terms upon which Cowles were granted are detailed in the Statement herewith forwarded. The Revenue which these Lands are estimated to yield is Rupees 808. 10— ; and the period of exemption from Assessment was fixed, after due consideration of the labour and expence required for rendering the several Lands productive. It will be observed that in the Talook of Wallowanaad the period of exemption from Assessment extends to 8 and 9 years. This was allowed for Lands situated at the foot of the Koondah Ghaut. the necessity of giving liberal terms to parties undertaking to clear this jungly tract, was brought to the notice of the Board, in Para 8 of my address dated the 3. December 1840— 22.

Independent of the 409— Cawnies of immemorial Waste reclaimed for Rice Cultivation, 712 Cawnies have been taken up on Cowles by several Individuals to be converted into 123 separate Gardens, capable of holding about 57,000 Cocoanut Trees, besides other species of Plants. In addition to the

the above, the returns furnished by the different Tahsildars shew that 65,254 Cocoanut 69944 Betelnut, and 9177 Jack trees have been planted, principally in replacement of those which had gone to ruin or become unproductive.

23. I have already noticed at the end of Para 3 that the Revenue of the year was collected without any difficulty - it may therefore be hardly necessary for me to add that not a single Ryot was kept in confinement as a revenue defaulter, nor any real property sold. Only six instances have occurred in which it was found necessary to have recourse to the sale of personal Property for the realization of revenue contumaciously withheld. The amount so realized was no more than 189 Rupees and was due by Ryots whose circumstances in life did not render them entitled to any indulgent consideration.

General Remarks. 24. The facts brought to notice in this report prove in a much more satisfactory manner than could be done by any general remark the state of prosperity and gradual improvement which Malabar exhibits at the present time. I will merely express my reasonable expectation that this prosperity and improvement will be progressive under a continuance of the same circumstances and measures as have prevailed for some years past.

25. My Sub Collector Mr. Goodwyn left the District in January last and his place has been temporarily filled by Mr. Crozier, whose zeal and anxiety to perform his duties satisfactorily has been very evident. A copy of Mr. Crozier's Report is herewith forwarded. Nº 27

Mr. Silver, my Head Assistant has been of great use to me. His experience of the District, habits of business, and personal activity, make him a valuable public servant.

Mr. Monckton returned to his duties at the end of May only.

Mr. Platel my uncovenanted Assistant, has given me very efficient aid and entirely supported the high character he has so long held.

Kristna Row the head Seristadar was changed to Canara in March last. Dewasigamony Pillay, the 2d Seristadar succeeded him, and Roongee Menon, the Huzzoor Head Moonshee took his place. They are both men of whom I entertain a high opinion. The Merits of the 1st as 2d Seristadar have often been brought to the notice of the Boards.

Note

2 By the above Abstract it will be seen that the Land Revenue of the present Fusly (51) exceeds that of the past Fusly (50) by Rupees 2,160-2-7 the balance between the present year's gross increase Rupees 6,043-1-1. and gross decrease Rs. 3,882-14 as.

The Gross Increase on Paddy lands below the Ghauts is Rupees 432-3-8. and the items composing the same are as follows.

A

Rupees 111-11-1 on 41/4 cawnies of land Cultivated on Cowls granted by Mrs Clementoon.

B.

Rupees 217-7-10 the amount of tax according to the established rates on Certain lands, the revenue on which was remitted, from Fusly 1243 to 1250, in consequence of their having been uncultivated.

C

Rupees 17-14. the amount of assessment, at the established rates on Concealed Cultivation.

D

Rupees 48-10-5 the balance between the last and present Fusly's tax on Salt Marsh lands, the assessment on this kind of lands, (only cultivated occasionally,) being fixed on inspection of the Crops.

Rupees

E

Rupees 38–13–4 the assessment at the established rates, on 16–12 of waste lands newly brought into cultivation.

Gross Increase on Paddy lands in Wynaad is Rupees 3478–11–10

3. To the above increase of Rupees 432–8–8 in the Talooks below the Ghauts must be added Rupees 3478–11–10. the increase in Wynaad. The land Revenue in this Talook, you are aware, is only on Paddy lands actually under cultivation hence the variation of annual Revenue. The items of the above increase are as follows. Rupees 2,914–11–3 upon lands belonging to private Ryots and newly brought into cultivation. Rupees 410–0–8 upon Government lands newly cultivated by private individuals. Rupees 151–7–11. the share to which the Sirkar was entitled as Landlord on the above lands Rupees 2–8–0. the assessment on Farary or escheated lands let by auction on lease.

Gross Decrease on Paddy lands in the Talooks below the Ghauts. Rs. 280–2–8

4. The Gross Decrease amounts Rupees 280–2–8 for the Talooks below the Ghauts and comprehending Rupees 64–3–6 on lands suffered to become permanently or temporarily waste from the devastations of wild animals and Rupees 215–15–2 on Kyperd lands or lands injured by [illegible] which a[illegible]

indispensably necessary.

Gross Decrease on Paddy lands in Wynaad Rs. 3009–1–2

5. The Gross Decrease in Wynaad amounts to Rupees 3,009–1–2,– and consists of the following items. Rupees 2,960–=13–7. on lands suffered to lie fallow for the purpose of regaining or recovering their fertility, or from the inability of the Ryots to cultivate, from their poverty, the flight of slaves, or from the death of Cattle &c. Rupees 32–1–7 the decrease of landlords share on the above lands, and Rupees 16–2 on fields which were flooded to such extent that their Crops were consequently destroyed.

Gardens Net Decrease Rs. 38–9–1

6. On account of the representations of several of the inhabitants, to serious losses having of late been sustained, a Pymash was made during the Fusly under review, according to the Clapses of Gardens established in the Malabar year $\frac{1000}{1824/25}$ and in conformity with the Circular Hookoom-namah dated 30th September 1841. in the correctness of which, I have every reason to place confidence. from the high and established Character of the Officer upon whom the duty more immediately fell. the sheristedar attached to this Office. Hence Rupees 108–2–3 is the decrease on account of unproductiveness and encroachments of the Sea, Rivers, Lightning &c.

upon 254 Gardens and Rupees 8-10-5 a P. is the remission granted on 9 Gardens belonging to 4 poor Ryots, the trees of which have become temporarily unfruitful.

7

The total Decrease on Gardens Amounts to Rupees 116-12-8 a P. from which must be deducted the following items composing the total Increase Rupees 78-3-7 a P.

Rupees 45-9-10 a P. the assessment on 78 new Gardens in this Fusly. Rupees "-13-9 a P. the increased Assessment on 7 Gardens Rupees 31-12 a P. the assessment on 51 Gardens on which a temporary remission was before granted. These sums being deducted a Net Decrease is found as mentioned above in the margin Viz.t. Rs 38-9-1 a P.

51	5321	2553/2	55 3/4

The increase in Ellos or Sesame has arisen from several Ryots having lately carried on an extensive Cultivation of that article successfully.

The decrease in Ponum was occasioned by the unfavorable state of the weather at the sowing time. although the preparations for Cultivation were this year on an increased scale, still the heavy rains at the beginning of the monsoon prevented the sowing of many of the fields, and the produce was consequently less.

Land Revenue Collections.

The Land Revenue Collections for fusly 1251 Amount to Rupees 411685-4-6 and the outstanding balance to Rupees 118-"-" which will, so soon as practicable, be realized The Collections have been made, happily, without recourse either to confinement of defaulters or to the distraint of property- with the exception of the following Case. A person named Coonjoo Nambeir was paying the Government a yearly Assessment of 1000 and odd Rupees, which sum, up to 1249. was deducted out of the Malikana of his elder brother. In Fusly 1250. another person (a female) preferred, and satisfactorily established, her Claim to the Malikana in question, the payment of which was accordingly decided in

in her favor. The Government assessment on Coonjoony's property for that Fusly. could not therefore, have been deducted from the Pattika=na. and was, in consequence, left in arrear, However, the security he produced liquidat=ed it in full. In the Fusly under review the assessment was again left unpaid, nor was a security tendered as in the preceding Fusly. A large portion of the amount, Rupees 700, was however realized from his tenants -- and for the balance Rupees 300 and odd, crops of the lands under his own immediate cultivation, were Zuftied and sold, but the proceeds were insufficient to meet the deficiency a balance of 70 Rupees is therefore still unrealized.

Season and its General effect on the Cultiva=tion and produce of the District.

10. The South west monsoon set in very early in May and was quite favorable to all sorts of Cultivation. The first crop of Paddy was exceedingly plentiful, and that of ponum and modan equally so. The after rains were unusually abundant, and Conduced, in a great degree to the benefit of pepper vines. Betel and Cocoanut Gardens, as well as Sesamy fields.

Though there was an abundance of Crop during the Fus=

supply of that article from the neighbouring Districts of Coorg and Mysore.

12. The character of the Sheristedar Venkataramanayah attached to this office has been so frequently brought to the favorable notice of the Higher Author=ities, by those from long acquaintance and position, more capable than myself of appreciating his character and useful==ness, that it remains only for me to add to their former encomiums, by stating, that a stranger to the District, to its customs and the people, I should have frequently felt myself at a painful loss how to act, but for the valuable and Be=lieve, conscientious assistance of this individual.

Malabar, Sub Coll.r Office
On Circuit, Barraghery,
28th. September 1842.

To J. D. Bourdillon Esqre.
Secretary to the Board of Revenue
Fort St. George.

endorsement under date the 14th Instant made by order of the Board of Revenue, on the accompanying petition from certain Weavers residing in Peddoo Naik's pettah at Madras, No. 1805 of 1842, I have the honor to report that it appears from the depositions taken in the case of the cloths therein referred to, that on information given at the Town Police office, that one Veneatasawmy was in the habit of of sending clandestinely to the Houses of individuals purchasing from him cloths wove by him in 10 Looms, on which no duty was not paid a search warrant was issued, and that 45 pieces without the Customs Chop, found in Bureaus &c. in Veneatasawmy's House, were seized on the 15th Ultimo. When proceeding thither the Police Darogah and Peons entrusted with the execution of the search warrant, met one Subapurty Moodely, who had an unstampt cloth in his possession, which Veneatasawmy admitted was sold by him although he must have known, as it is known to all Merchants that, according to a rule in force for a considerable number of years, all cloths cut and removed from the Loom, excepting under a Loom pass and in transit to this Office for the payment of duty, are liable to

2

As regards the Petitioners statement that it is customary with them to weave Cloths and sell them to Merchants and others, so that those who purchase may get them passed at the Custom House, it is sufficient to refer to the sentiments of the Board on the subject contained in Para 4. of their letter to the Chief Secretary, dated 19th June 1837, and to the orders of Government under date the 4th of the month following.

From Board 6th July 1837.

Petition No. 2892 from A. Gopaula-Chetty and others dated 26th Novr. 1842.

3.

The Cloths seized in Veneatasawmy's House having been restored on payment of double duty, a petition presented to me by the Petitioners was returned with an Endorsement of date the 26th Ultimo of which the annexed is a copy.

The levy of double duty in the case above referred to, was intended as a 4. clement punishment considering the circumstances

Madras 24th December 1842. } (Signed) A. Robertson Collector.

Endorsement on a petition from A. Gopaula Chetty and others dated 26th November 1842.

The practice of retaining stores of cloths on which the Government dues have not been paid, whatever the ultimate

such a practice cannot receive the Collector's sanction. The duty ought to be paid on every cloth as soon as it can be sent to the Collector, after being cut from the loom.

Madras - - - - - }
26th November 1842 } (Signed) A. Robertson
Collector.

Resolution thereon. The Cloths seized in Venkatasawmy's house were liable to confiscation and the Board consider the levy of double duty a moderate penalty.

(82-83)

Ordered that the following Endorsement be passed on Petition No. 1805 of 1842.

"All Cloths should be taken to the Cutcherry and passed immediately they are removed from the loom, if they are deposited in houses or shops without this being done they are liable to confiscation. The Cloths referred to in this Petition were justly seized and might have been confiscated, the levy of double duty was a moderate penalty."

A. Robertson Esqre
Collector of Madras.

To,
J. D. Bourdillon Esqre
Secretary to the
Board of Revenue
Fort St. George.

84

From the Collr of Madras -

Submitting all necessary explanation relative to a supposed inaccuracy in the report of the 24th January last and to the extent of general control exercised by him over affairs affecting the management of the Pagodas in this Collectorate and suggesting certain arrangements so as to withdraw the interference of all public Officers with those Pagodas.

Sir,

1. Referring to my letter under date the 26th November last, and to the extract from the Proceedings of the Board of Revenue dated 17th of the same Month, relative to the several Pagodas within the limits of this Collectorate, I have the honor to observe, with reference to para 1 of the Proceedings of date the 17th October last, that it was not stated in any part of my Report of date the 24th January last, No. 8, that those Pagodas were, in number, "twenty and Eighteen respectively" The numbers referred to in my report were shewn, by Para 2/8/9/10 & 11, to be the numbers merely of "the several Grants" which were made, from time to time, to the Pagodas within Madras -

2. In Para 2 of the Boards' Proceedings, they observe that "the first Eleven numbers in Statement I are

are allowances of a peculiar description enjoyed by as many Pagodas, and, in Paras. 3 to 6, Nos. 12 to 18 are further stated to be the numbers of the other allowances payable from this Office. The orders of Government under date the 21st April 1841 having called for a Statement which might exhibit the annual revenues of the Pagodas" Vizt. and the "Money allowances that have been assigned for their support" a Statement was furnished to shew those particulars.—

From 13th 10th June 1841

3. Consecutive numbers were entered in the Statement of the annual Revenue of the Pagodas" so as to exhibit in regular order, the allowances granted to the Pagodas under separate and distinct sanction, as shewn in the following abstract.—

To Board 24th January 1842	Nos	Date of Sanction
Do	1 to 7	16	11	10th April 1790
Do	8	12	14	11th June 1806
Do	9	15		27th January 1807
Do	10	16		11th November 1828
	11	17	18	Granted from the Albany Revenue

4. Allowances corresponding in number with those referred to above

being payable from this Office, they alone were entered in my Statement but, in Para 12 of my report, I stated that there was another Pagoda at Madras, besides those previously noticed in it, which received Monthly the actual Collections of a particular fee paid on account of it in the Stamping Department by private individuals.—

5. In Para 16, I further adverted to a Meirah allowance of about 1,925 Rupees from Chinglepet which the Mylapore Pagoda, not included in the Statement, received through this Office.—

6. I am, therefore, not aware of any error in Numbers either in the report of date the 24th January last or in the Statement which accompanied it.—

Para 6 of Bd's Proceedings 17th Octr 1842.

† Vizana Board 1st Oct. 1810. To — dat. 18th May 1818 Vizana Do 253 dat. 6.

7. The allowances Nos 17 and 18 were granted, with reference to the correspondence entered in the Margin, as compensation for the arrack revenue formerly enjoyed by the Pagodas at Callattepett and Trevamoor respectively, which revenue was transferred to Madras. This was not previously noticed by me as I concluded that the Collector of Chinglepet would report it, as he informed me that he would

† Vizana Coll.r of Chinglepet 11th July 1841.

By

Para 8 of Bd's Proceedings 17th Octr 1842.

8. By the orders of the Board dated respectively the 10th and 24th June 1841 I was required to furnish a Statement of the "Annual revenues of the Pagodas" and to report what Number of Native Institutions could, with advantage, be entrusted "to the superintendence of Native Managers or Trustees" as well as to explain the present extent of interference and Control, and shew how far that is withdrawn by the operation of the method of Administration that is to supersede the present management.—

9. A Statement of the "Annual revenues of the Pagodas" having accordingly been submitted, I explained, in Paras 13 to 21 of my report, "the present extent of interference and control" and referred to the correspondence on the subject. In Para 22 I suggested what arrangements I considered desirable in regard to the appointment of "Trustees" as appeared to me to be the desire of the Board, for the security of the property and the exercise of the powers at present vested in the Collector. In referring to the "powers" of the Collector, I meant such as were delegated to

the Land Customer on the 11th December 1796, as he was then furnished with a copy of the "Muchilcas executed by several Church Wardens of the Pagodas (including the Town and Chintadrepettah Pagodas) and Superintendents of Charities for the due distribution of the sum which Government (were) pleased to grant for their maintenance," which Muchilcas were to the effect that the Church warden of each Pagoda was thereby bound and obliged "to keep regular accounts of the receipts and expenditure of the funds of the said Church, and, in the event of any Complaint being exhibited against (this) Management thereof, by the Inhabitants or others connected with the said Pagoda," he was bound "to lay all such accounts before the Board of Revenue, and to submit to any investigation or order they may think necessary to institute or issue relative thereto."—

Board's Proceedings 17th October 1842 Para. 8.

10. I cannot better particularize the extent of the general control exercised or liable to be exercised by the Collector of Madras over affairs affecting the Management of the Pagodas at Madras than by quoting the following from a letter from the Board of Revenue to Government under date the 3d January 1822.—

It.

11. (6) It is known, the Board presume, to the Honorable the Governor in Council — that the larger Pagodas situated within the limits of the Supreme Court are in a — considerable degree supported by contributions of the Government. The Officers of Government have heretofore in consequence been "in the habit of receiving and auditing the Accounts of receipts and disbursements, and to Dhur= =macurtas, or Wardens, of some of the Pagodas have customarily held their situations under the authority, and thro' the appointment, of the Officers of Government, and have in common with other public servants, been subject to public control."—

12. (7) "The Board are of opinion that, although resort to the Supreme Court might be proper, and indeed necessary, in cases involving recovery of embezzled property, or other cases of a similar description, it is desirable that the general protection and patronage of the Government through its Officers should be exercised in the same manner as heretofore within the limits of the Supreme Court and as it is exercised in the Provinces beyond those limits."—

The

13. (7) "The Board would accordingly recommend that the Collector be authorized as heretofore, — under the orders of the Board, to superintend the receipts and disbursements of the Pagodas, in order to ascertain that the revenues are properly administered, and that the contri= =butions of Government are correctly and faithfully appropriated, and that, for this purpose, he be considered as having authority to require — the production of the accounts. In all cases in which the accounts may not be furnished, payment of the allowances to the Pagoda should be suspended."—

14. (8) "The Board are further of opinion — that the Dharmacurtha should, as heretofore, be prevented from dismissing the servants of the Pagoda without the concurrence of the Collector, or from acting in any way contrary to usage".—

15. (9) "In all cases of dispute it should be the duty of the Collector to endeavour to bring about an amicable — adjustment, and where recourse to law may eventually be found absolutely necessary, the advice and assistance of the Company's Law — Officers should be lent to the persons in authority, as has been heretofore customary without

without compromising the Government."—

(14.) 16 "Such has been the general course pursued under former Collectors. The Board are indeed aware that much of the advantage resulting from this species of superintendence and control must depend on the intelligence, temper, and discretion with which it may be exercised, but it is obvious that, if all protection and Superintendence are withdrawn, not only will the affairs of the Pagodas be liable to be improperly administered,— but the revenues thereof to become the prey of persons interested in promoting litigation."—

Government

(11.) 17 Government on the 22d January 1822 stated that they entirely concurred "in the "view taken by the Board of the nature "and extent of the control and superintend "ence proper to be exercised by the officers "of Government on the concerns of Pagodas at Madras "and (desired) that the Collector (might) be instructed "accordingly—

(12.) 18 Under the conditions of the Muchilcas of December 1796 and the orders of Government of date the 22d January 1822, it will be observed that the supervision not only of the Pagoda at Triplicane but of all others is vested in the Collector, although, excepting in the case of the Triplicane Pagoda, direct interference in the internal affairs of the Pagodas has not been exercised to any great extent— The correspondence noted in the margin will shew that but recently the Collector and the Board of Revenue interfered in the adjustment of the accounts of the Town Pagoda—

No. 1.

From A. Robertson Esqre
Collector of Madras

To Clement Dale Esqre
Honorable Company's Solicitor

Sir,

With reference to the Decree returned in the letter from your Office under date the 9th May 1835 whereby the Supreme Court decided "that it be referred to the Master "to enquire and report who is or are the proper "person or persons, from time to time, to "have the Management" of the affairs of the Tonan Pagoda of Madras I have the honor to request that you will be good enough to favor me with your opinion as to whether there would be any objection to the nomination of a Dhurmacurtha, on future Vacancies, to the Triplicane Pagoda, which Pagoda, has at different periods, come more immediately under the control of this Department, being also allowed to rest with the Master under the authority of the Supreme Court.—

2. I am induced to make this reference

reference as being connected with the genral question of the desirableness of withdrawing the interference of all public Officers with Native Temples and places of religious worship.

Madras,
16th November, 1842. } (Signed) A. Robertson.
Collector.

From, Clement Dale.
Honorable Company's Solicitor.

To,
A. Robertson Esqr.
Collector of Madras.

Sir,

From the Collr. of Madras to Honble Compys Solicitor 16th Novr. 1842.

Para 1. In reference to the Letter noted in the Margin and the explanation subsequently received at an interview I had with you, I have the honor to state that I find from the Records of my Office, that in the year 1834, a lengthened correspondence took place between your Office and the Board of Revenue, as also by the latter with Government relative to the appointment of a Dharmakurta to the Jaun Pagoda, and that the Right Honorable the Governor in Council, by order under Date 10th June 1834, reserved the matter to the Advocate General for the purpose of his

10th June 1834.

the Supreme Court for Settlement. I further find that a Case was in consequence laid before Mr. Advocate General, who advised the Settlement of the question by the Supreme Court in a Suit then instituted by Mr. Moodoosistna Mudelly, in which he (Mr. Advocate General) was a Party Defendant. I also find that on the 18th July 1834, an appearance was entered in that Suit for the Advocate General by Mr. Vincash the then acting Company's Solicitor, also that on the 13th of March 1835, a Decree was made in the Suit, and that on the 5th November 1835 Mr. Acworth appeared on the Suit in the stead of Mr. Vincash.

2. I have perused the several Documents before me, and observe that the Correspondence before alluded to, relates exclusively to the Jaun Pagoda. That by the Decree it was "referred to the Master to enquire and report who is or are the proper Person or Persons from time to time to have the Management of the said Several Pagodas in the Pleadings mentioned (Called in the Chinnamallesvaren and Chinnacasana Pernall Pagodas) and to have the direction and Superintendence of the rites, Ceremonies and Festivals connected therewith and to collect and

receive the property and effects belonging to the said Pagodas respectively, due regard being had to the fact of such Pagoda having been founded by the said Manally Moodookistna Mudelly the Grand father of the said complainant out of his own private Monies". The Decree referring to the Pleadings for a decision of the Pagodas it was desirable I should see them before I could satisfactorily answer the question you've put to me in your letter of the 16th November last; but, from the circumstance of my not finding in this Office any papers relating to that Suit, I infer that Mr Vincent kept no further record of the matter than what I have alluded to, the more particularly as from enquiries made by me of Mr Ivenorth, I have ascertained that he has no recollection of any papers in the suit having come to his hands, and he informs me that no steps have been taken in the suit since his appointment as Honorable Company's Solicitor. Under these circumstances I applied to Mr Rose (who acted as the Solicitor for the Plaintiff in the Suit) for the loan of the papers but have not been able to procure them; I have however this afternoon been informed by Mr Rose

that the two Pagodas referred to in the Decree are situated in the Black Town of Madras, and not at Triplicane. Presuming that this information is correct, I have the honor to state that the Master of the Supreme Court has no authority, under the Decree referred to, to nominate a Dharmakurtha on future vacancies to the Triplicane Pagoda, but that, if it be necessary or considered expedient that the nomination should be made under the Sanction of the Supreme Court (and there be no suit pending in respect of the Triplicane Pagoda) it will be necessary that a fresh bill or information should be filed for the purpose.

3. If it be wished that I should obtain correct information from the Pleadings instituted by Moodookistna I can do so by searching for them in the Registrar's Office, but as there are fees payable to the Registrar for each search, I should wish to be honored with the instructions of Government for the purpose.

4. I return you herewith the Copy Decree dated 13th March 1835 and the letter from the acting Honorable Company's Solicitor

Solicitor to your Office dated 9th May 1835 respectively received from you.—

Proceedings thereon — Para 1. Mr Robertson enters into an explanation at some length with reference to an observation in the first Para of the Board's Proceedings — That remark was not designed as a censure on Mr Robertson, but only to clear up to those perusing the letter, the discrepancy at first sight appearing between that paper itself and the accompanying Statement.

Recording observations on a letter from the Collector of Madras submitting further information and explanations regarding the Pagodas of his District. Para 1 to 8

2— In Para 7 the origin of

allowances Nos. 17 and 18 in the Statement received with his first letter is explained by the Collector, and Paras 8 to 13 explain in more detail than that letter affords, the degree of interference exercised by the Collector in the Davustanum affairs.

3— In reply to the Board's suggestions as to the nomination of

Pro: Oct: 17th Para 9. Trustees in Pagodas needing such appointments, Mr Robertson proposes

Para 14. that in the Mylapore Pagoda the selection should be entrusted to the community, in which proposition the Board concur. In the case of that of Triplicane he recommends that three trustees should be now appointed by Government, to be replaced when vacancies occur by election. He names three persons for the Office,

but

but with reference to the concluding part of the Para it would appear proper that the first trustees as well as their successors should be elected by and Mr. Robertson is requested to state whether any objection exists to such a proceeding - The Board resolve likewise to transmit for Mr. Robertson's consideration four Petitions which they have received in connection with the nomination of Managers to this Pagoda -

To

Mr. Robertson's suggestions in Para 16 have the Board's full concurrence, he will be pleased to act upon them -

Ordered that the foregoing Proceedings be com[illegible] to Mr. Robertson
