At a Meeting Present

Thursday 13th April 1843. John Dent Esqre Senior Member
and
Waller Elliot Esqre Third Member
A. W. Henderson Esqre Second Member
absent on Special duty.

Minutes of the last Meeting

read and approved.

Read again Extract
from the Minutes of Consultation dated 5th April 1843
and entered in Consultation 29th April 1843

Ordered that the following
address be submitted in consequence.

To The Acting Chief Secretary
to Government

Sir,

Para 1. I am directed by the
Board of Revenue to acknowledge the
receipt of an Extract from the Minutes
of Consultation dated 5th April 1843 for-
warding for such observations, as the
Board may have to offer with reference

to

To the Acting Chief Secretary to Government

Stating with reference to the Extract from the Minutes of Consultation of the 5th April 1843 that the Board are not prepared for stated reasons to entertain favorably the proposition of the Civil Auditor that disbursements on

Inclosure 29th April 1843

on account of drawback should for the future be checked and annually reported by them for the special sanction of Government

to their Secretary's letter 13th April 1840.

Copy of a communication from the Civil Auditor submitting explanation relative to the want of check noticed in permitting without sufficient Voucher the irregular part of Drawback on Cocoanut Oil exported from the Malabar Coast to Ceylon upon the production of Certificates of its re-exportation thence to the United Kingdom.

From Govt 14th in Cons: 28th Nov 1839

To Govt 13th April 1840

2. This subject was first brought to the Board's Notice in November 1839 and in the April following they reported to Government that the practice had been discontinued and they explained with reference to the want of check betrayed by the circumstance of Drawback having been granted for a Number of years without authority, that the Civil Auditor appeared to be the proper authority to check irregularities of this nature in as much as he is furnished with detailed Statements of Drawback accompanied with the necessary Vouchers to support the claim, whilst the only information the Board obtain on the subject is derived from an Entry of the Sum total of Drawback granted in the year in the printed Statement submitted with the annual Report of the Collector on the Extra Sources.

Sources of Revenue without any specification of the Article or place of Export.

3. This communication was forwarded by Government for the information and explanation of the Civil Auditor, whose reply the Board are now requir-ed to Notice.

4. The practice of granting drawback on Cocoanut Oil in the manner stated having been discontinued since November 1839 it appears unnecessary to revert to this part of the subject further, and the Board will confine their observations to the System of check which it is understood has hitherto been exercised and to the proposition contained in the 7th Para of the Civil Auditor's letter that this check should be transferred to the Board of Revenue.

5. In 1816 on the first introduction of the System of Drawbacks the Board of Trade issued an order to Collectors requiring a Statement of the Amount of Drawback granted to be furnished to them Monthly, and the Civil Auditor would appear to be impressed with the idea that because the Board of Trade had required such Statement to be furnished to them that they were the proper

Authority

authority to audit all Drawback Accounts (altho' a reference to the order itself will shew that these Statements were required for an entirely different purpose and moreover that at the very time 1816/17 as will hereafter be shewn the Civil Auditor was auditing their Drawback accounts) and that the duties of the Board of Trade having been transferred to the Board of Revenue in the year 1821 they stand in the place of the Board of Trade and are a priori the Auditors

6. But the Board of Revenue

13th April 1842. in their letter to Government have distinctly shown, whatever orders might have been issued by the Board of Trade in respect to the furnished Statements of Drawbacks to them, that such have not been forwarded to the Board of Revenue and that they have no means whatever within their reach of checking the disbursements in question whilst from the admission of the Civil Auditor it appears that detailed Statements accompanied by the necessary Vouchers to substantiate the charges are forwarded regularly to his Office, in support of every disbursements of the kind, if therefore these Documents are not furnished to

to the Civil Auditor with a view to enable him to audit and check the accounts in question, it is difficult to conjection for what other purpose they are sent.

7. In reference to what is stated in a Parenthisis above it is observed from the Enclosure A. which accompanies the Civil Auditors letter that the Drawback accounts of Collectors have actually been subject to the Check of that Officer. So early after the introduction of the System as the year 1816/17 it is seen by reference to the above Documents that a charge of Pagodas 13,344 or Rs 46,704 was refused to be admitted until a Certificate from the Collector of Sea Customs in support of the charge was furnished, and was only finally admitted on the said certificate being produced, here there is a case of specific control and interference exercised by the Civil Auditor, and his Office is manifestly the one where such Authority should continue.

8. From what has preceded it will be readily perceived that the Board are by no means prepared to entertain favorably the proposition of the Civil Auditor that disbursements on account

of

of Drawback should for the future be checked by them, and annually reported by the Board for the special sanction of Government in the same manner as all variable charges incurred in the Judicial and Magisterial Department are annually checked and submitted for sanction by the Court of Sudder and Foujdary Adawlut.

9. Extra charges varying according to circumstances and paid under fixed rules and regarding which there for the opinion of the Board is necessary as to the extent and propriety of the charge are now submitted through the Board for the sanction of Government but such like the Board do not consider payments on account of Drawback there are made under certain fixed Rules, amount to a very considerable Sum, require to be supported by distinct and separate Vouchers, which like Salary Bills are now submitted and deposited in the Civil Auditor's Office, and such being the practice the Board are of opinion that no change should take place but that the check as heretofore should continue with that Department.

In

10. In reference to the concluding paragraph of the Minutes of Consultation, the Board desire to observe that up to 1821 all Returns of duties on supplies furnished to Her Majesty's Navy were arranged with the naval Commissioner in this Country and finally adjusted with the Authorities at Home, but in 1821 the orders of Government were received to make the adjustment in this Country and the Collector of Sea Customs was instructed to submit all claims for the sanction of Government thro the channel of the Board of Revenue, but therein it will be seen are not required to be accompanied by any Vouchers.

From Govt. 18th
In Cons. 21st May 1821.

Revenue Board Office,
Fort St. George,
13th April 1813.

Signed / E. C. Lovell
Ag. Secretary.

Read again Extract from the Minutes of Consultation dated 7th and entered in Consultation 6th Instant.

Read also the following letter.

To,
E. C. Lovell Esqre
Ag Secretary to the Board of Revenue
Fort St. George

(2)

From the Ag. Collr
North Arcot

Sir,

Para 1. In reply to your letter of the

the 6th Instant I have the honor to inform you that the Tayal Dosa Mutt is not a religieux Institution. The Inam attached to the Mutt is granted for the purpose of supplying food to Byragies. There are many other such Charities in the District which are not considered as religieux Institutions and have not been referred to in Mr. Ogilvies report on the arrangements for withdrawing the interference of Public Officers from religious Institutions. The Villages alienated to the Byragies are of this description.

North Arcot
Coll.rs Cts Cutcherry

Signed / H. Babington
Acting Collector

Ordered that the following address be submitted in consequence.

2-3

To the Hon.ble Chief Secy to Government

From Suml. Colr 27th October 1838 in Corrs. 8th Novr. To Sec.y Colr 19th Novr. 1838 - Translation of Endorsement by Cl. Collr 21st April 1842.

And Corrs. 6th April 1843.

To The Acting Chief Secretary to Government

Sir,

Para 1. In reply to your letter of the 1st instant on the subject of Petition No. 1,56. of 1843, I am directed by the Board of Revenue to transmit the accompanying correspondence.

2. From this it will be seen that the Village of Samasoodrum was granted originally to

to a Byragee Matam for charitable purposes that Petitioner as the head of the Matam failed in the due performance of these, that the charity was consequently taken under the Collector's management. From the last endorsement of the Principal Collectors it appeared that the Poonjee Matam had also been assumed from similar conduct on the part of Petitioner, and the Board therefore declined to interfere in his behalf, more particularly as the Matam appeared to be a religious institution the disputed succession to which should be determined in a Court of Law. It has been learnt however, by a recent reference to the Acting Collector that it likewise was granted for charitable purposes only, and that in consequence the supervision of it comes properly under those provisions of Regulation VII of 1817 which it is proposed to continue in force.

Board of Revenue
Fort St. George

From G. A. Smith Esqre— Collector in the Zillah of Rajahmundry— Submits Summary Report of the Government Estates for fusly 1251. 1841/42.

Sir,

Para 1. I have the honor to submit the accompanying Statements from No. 1 to 15, which exhibit the settlement of the Government Estates in this District, for fusly 1251—

No. 1 Exhibits a Comparison between the Settlement of fusly lies 1250/1840/41 and 1251/1841/42, both in English and Telogoo—

19

" — 2. Exhibits a Comparison between the Permanent assessment and the amount of settlement for fusly 1251/1841/42, together with the yearly settlement of each Estate from fusly 1238/1828/29, both in English and Telogoo.

" — 3. Exhibits a Statement of the arrears outstanding against the Government Estates at the beginning of fusly 1251/1841/42, both in English and Telogoo—

" — 4. Exhibits a Comparison between the

the prices of Grain for fuslies 1250/1840/41 and 1251/1841/42 both in English and Telugoo

No. 5. The three Statements marked A, Exhibit a Comparative Statement of Villages under Vijeabady Aseerah and Rent for fuslies 1250/1840/41 and 1251/1841/42. both in English and Telugoo.

" 6. The two Statements marked B Exhibit a Comparison between the land occupied and the cist in the Vijeabady and Aseerah Villages for fuslies 1250/1840/41 and 1251/1841/42. both in English and Telugoo.

" 7. The three Statements marked C Exhibit a Comparison between the settlement of the same Vijeabady Aseerah and rented Villages for fuslies 1250/1840/41 and 1251/1841/42. both in English and Telugoo.

" 8. Exhibits a Comparative General Abstract Statement of the Demand from all sources of revenue for fuslies 1250/1840/41 and 1251/1841/42. both in English and Telugoo.

" 9. Exhibits a Comparative General Abstract Statement of Collection and charges of all branches of revenue for fuslies 1250/1840/41 and 1251/1841/42 both

both in English and Telugoo.

No. 10. Exhibits in detail, a comparison between the land occupied, the Cist and the remission for fuslies 1250/1840/41 and 1251/1841/42. as prepared according to the form which accompanied the Boards Proceedings Dated 29th June 1837, both in English and Telugoo.

" 11. Exhibits a Comparative Statement of the Beriz of every Village of the Government Estates for fuslies 1250/1840/41 and 1251/1841/42. in Telugoo only.

" 12. Contains Copies of all the different accounts prepared for the Settlement of the Vijeabady Village of Ragoonadaranzapooram, for fusly 1251/1841/42. in Telugoo only.

" 13. Contains Copies of all the different accounts prepared for the Aseerah Village of Nadepullay for Do. in Do. and Do.

" 14. Contains Puttahs to Vijeabady and Aseerah Ryots and to the Renter of the Village Senkaragooptum, in Do.

" 15. Exhibits a Statement of Population &ca for fusly 1251/1841/42. as called for in Board's Proceedings of 28th March 1839

both

both in English and Telugu.

2. After three such seasons as fuslies 1248/1838/39 1249/1839/40 and 1250/1840/41 I hoped to have been spared the pain of recapitulating scenes of distress, which must naturally become worse and worse, so long as the originating cause continues, and the beginning of fusly 1251/1841/42 warranted such a hope, as it was certainly the most promising, both in its commencement and throughout the south west Monsoon, when suddenly the total failure of the North East Monsoon blasted the prospects of the Cultivators, by stunting the principal Crops in their approach to maturity, and depriving them of all the means of carrying on the Pyrah or the after Cultivation. My disappointment and regret at this turn of the season was very great, not only with reference to the destruction of all my hopes of the present Year, but with reference to its the effects on the Coming season by deteriorating the resources on which the the Ryots were dependent for keeping their lands under Cultivation. Moreover the large

large quantity of rice imported from the Arracan deprived the Ryots of the increase in price, the natural counterbalance of short Crops. Summing up the deficiency of the means from which the revenue was to be realized, under these two heads the Crops of fusly 1251/1841/42 were not more than three fourths of a remunerating price and one fourth below the prices of fusly 1250/1840/41.

3. Although the actual state of this District has been most seriously affected by the last four seasons, it is to be considered that it has long been in a gradually declining state, as will be seen on reference to the accompanying + Statement which shows the Land Revenue of fusly 1251/1841/42 in comparison with the average of the last twenty five years and with the average of each five years of that period. From this, it is too clear that the land Revenue and population of the District have progressively declined and it is the duty of a wise Government

+ Will be filed in English and Telugu.

Average Collections of 5 fuslies from 1236/1816/17 to 1280/1829/30			Crops 19,46,988-4-11	Do

Government to apply its fostering care to &c
stay so unfortunate a state of things as far
as lies in human power, though of course &c
such power cannot contend against the &c
Calamities it has pleased Providence to visit
this District with-

4. The actual decline of this
District has been attributed to three princi=
=pal causes- 1st the high assessment of the
land- 2nd the neglect of the sources of irri=
=gation and 3d the want of a correct sys=
=tem of revenue management- but the &c
state of the Population has not yet received
that consideration, which is necessary for
without hands to cultivate the land the
correction of other abuses will not effect &c
the improvement required- I regret that
my survey report of 24th July 1841, has not
yet received the consideration of the &c
Board, as the relief, which a just assess=
=ment will afford, will undoubtedly be
of the greatest benefit to parts of this
District- The sources of irrigation have
received considerable attention and
expenditure of money, but the result has
not been such as many would expect and

To Board of R. 24th January 1842
From Do. 31st March 1842

and I have at times, appeared in the eyes of
some, indifferent to the prosperity of the &c
District because I have been unwilling to sup=
=port this expenditure- My Conduct however
has not been founded on any capricious &c
motives, but on my personal observation &c
of the effects, and a firm conviction that &c
an injudicious expenditure at present &c
under this head, will retard the return
of the District to prosperity- This is a
settled District and there are the interests
of Zemindars and proprietors to be attend=
=ed to by me, as well as the interests of &c
the Villages which have reverted to Go=
=vernment- If an improvement in one &c
Village will be the ruin of another, what
advantage is gained- On these grounds,
I have been and still am an opponent
of any great expenditure, the probable
effects of which have not been most &c
throughly sifted but where a positive &c
benefit can be derived, I never have and
never will withhold my support from &c
any project of improvement to the interests
of the Country- the third cause of decline, the system
of Revenue management has already received every
attention

attention from me and to this, I principally look for the restoration of the population and the revennes, for without the first, the second cannot be expected.

5. Before I joined this District as Collector in 1837, the system of the District was for no Ryot to be allowed to lessen his cultivation, whatever might be his circumstances, and a practise existed of arbitrarily preventing him from undertaking the cultivation of Inanium land. The whole Ryots were then divided into two Clasees, $\frac{Dar}{Rich}$ and $\frac{Nadar}{Poor}$. The $\frac{Dar}{rich}$ Ryots were required to pay the revenues of the lands in their charge, whatever might be the circumstances of Season &c. while an Estimate of the produce of the $\frac{Nadar}{Poor}$ was formed, and the full amount of this taken as the Demand against this Clase. A more deteriorating system than this can hardly be imagined the $\frac{Dar}{rich}$ &c. Ryots had to pay for an extent of land which they could not Cultivate and thus their Capital was decreased yearly until they fell into the Clase of

$\frac{Nadar}{Poor}$, and as with respect to this Clase, the land held by them was far more than they could Cultivate the value of the whole of their produce was taken on an Estimation, leaving them nothing to live on, but what they could purloin either secretly themselves or by an understanding with the revenue servants of the District. The result of this system is sufficiently illustrated by the statement above quoted, and with reference to the Remarks of the Honorable Court of Directors, the Government and the Board, my earliest endeavours were applied to the introduction of a more healthy system, and on 20th November 1840 I submitted a set of rules, which I considered capable of effecting the end required, and which with one exception &c. were finally approved under date 6th &c. May 1841. These rules are entered in the &c. margin, and were regularly brought

Vide No 16

1st No Ryot shall be required to take up more Jeroyetta land for Cultivation than he shall intimate his wish to undertake at the commencement of the season but he shall be required to pay for this extent

2nd No interference to take place with

with maniemdars Cultivating their own maniem land, but no Ryot to be allowed to Cultivate a greater proportion of maniem land than is equal to one fourth of his Jeroyettee Cultivation-

3d Any Ryot Cultivating maniem land exceeding the proportion of one fourth of his Jeroyettee Cultivation, to pay two Annas for every Rupee of the assessment of the whole maniem land Cultivated by him-

4th Any Ryot Cultivating only maniem land to do pay four annas for do every Rupee of the assessment of the whole do maniem land cultivated by him-

5th Any Ryot wishing to relinquish a portion of his cultivation to give notice in

brought into operation in the fusly under review with the exception of the Rules 3d and 4th which on the personal representation of the Ryots that the measure was not sufficiently understood throughout the

in April of each year to enable a settlement to be made with other Ryots with the commencement of the first rains-

6th Any person occupying the Jeroyettee land between the 30th April & 30th September, whether for Cultivation or feeding Cattle, to pay the full assessment, but persons allowed to make offers after the 30th of September in do each year for the occupation for pasture until the 30th of April of such portions of Jeroyettee land as may remain unoccupied for Cultivation-

the District and my own Conviction that their Statements were just I postponed the enforcement generally until the present Fusly $\frac{1252}{1842/43}$ The following is the 6th rule which was disapproved of by the

Any Ryot wilfully throwing up his cultivation to be required to give up the location and backyard attaching to the cultivation abandoned by him, to enable another Ryot to undertake the cultivation of the same land.

the Board and it might have been too harsh, though a more modified

one appears to me necessary, which I beg leave

Any Ryot throwing up his cultivation to pay the Jeroyettee assessment fixed on the location and backyard attaching to the cultivation abandoned by him, to enable Government to allow to another Ryot undertaking the cultivation of the same land a remission equal to the indulgence already appertaining to it.

to propose, and also beg leave to suggest that a provision be made for bringing to light concealed cultivation

The produce of all the Jeroyettee land cultivated or occupied clandestinely shall be forfeited to Government and half of it shall be allowed to the informer and half carried to the account of Government.

and occupation of lands, as I believe prevails in the Districts of Bellary and Cuddapah.

6th

From what I have seen of the working of these Rules, I am satisfied that they are fair and just towards all and likely to answer my most sanguine Expectations, though of Course I have met some disappointment in their first introduction, which I had a right to expect, and the circumstances of the season were adverse to the trial, but my opinion of their correctness is not the least shaken.

In

7

In addition to the 349 Villages under Government at the end of the last fusly 48 Villages appertaining to 6 Proprietary Estates, bearing the Permanent Settlement of Rupees 42,362-4-0, reverted to Government by sale for a sum of Rupees 42,600 of these newly reverted six Estates, the Estate of Degoomurroo was placed under the Mogultoor Talook, the Estate of Pannalunkah and Moonmedeveram under the Amlapoor Talook, the Estate of Cottapilly under the Mullapilly Talook (as heretofore) the lands of Jagaputtynagaram and Puttypaud sairy under Pittapoor Talook and the Estate of Goommooloor under Penogondah, as the Police duties of these six Estates were entrusted to the Amildars of those Talooks respectively previously.

out of the newly reverted Estates. The remainder or 234 Villages were settled under rent. Namely 179 Villages out of 210 held under rent in fasly $\frac{1250}{1840/41}$ — after deducting 31 since settled under Vipalady and Apparah as above, 25 Villages which were held under Vipalady and Apparah in fasly $\frac{1250}{1840/41}$ and 30 Villages of the newly reverted Estates.—

11 I am most fully aware of the objections urged by the Board in their Proceedings of 26th. September 1842 Para 45. and 6. against the Ryany renting system and have endeavoured to

Fort St. George 13th. April 1843.—

to palliate them by making a rule to mature no Village unt without the concurrence of the whole Village, but I do not deem all at once under the system of a certain discretion in effecting the total change of the system of the District. My whole line of conduct proves that I am not in introducing an individual settlement with each Ryot and I consider that absolutely necessary for the prosperity of the District. To prove that I am working cordially with the opinion of the Board I will state that since the appointment of Revenue in me year would have been from 234 to 106½ and in fasly $\frac{1253}{1843/44}$ they will be nearly extinct. I have before stated that under the old system, every Ryot held much more land than he could possibly cultivate, the first effect therefore of an individual settlement must be to lessen the quantity of cultivation. If all the rents therefore had been discontinued at once the loss of revenue in me year would have been great, shewn by discontinuing them gradually. the

transit

Fort St George 13th April 1843.

tenant of the District from one system to another will be accomplished without creating an alarm, which would be the decided consequence of a sudden large falling off of renumeretive Revenue, it would be cruel on the people suddenly to diminish the quantity of food at their command, which would be the consequence of a too sudden abandonment of the present renting system for it must be borne in mind that the object of the present renting system is to keep more land under cultivation, and to obtain a larger revenue for Government, until the people are a little better prepared to keep up a healthy quantity of cultivation individually - I trust therefore that neither the Board nor Government will misunderstand my motives, as both our objects are the same, only that I am anxious to avoid convulsing my District by any too sudden a shock. -

12. - The following abstract shows the number of Villages settled under ent their Permanent Assessment, the average collections of five years from fusly 1245 1835/36 to fusly 1249 1839/40 and the Settlement of fusly 1251 1841/42 compared with fusly 1250 1840/41. -

Name

Fort St George 13th April 1843 -

Abstract of Villages settled for Settlement fusly 1251 1841/42 by the Commissioner in person

No.	Name of the Collectorate	No. of Villages	Old Estates	Average Collections for five years from fusly 1245 to 1249 1835/36 to 1839/40	Settlement fusly 1251 1841/42	Increase	Decrease
1	Negapatam	29½	Rupees 1,44,000	Rupees 1,44,000	Rupees 1,44,000	Rupees 1,44,000	Rupees 1,44,000
2	Tranquebar	11	1,44,000	1,44,000	1,44,000	1,44,000	1,44,000
3	Mannargudy	49	1,44,000	1,44,000	1,44,000	1,44,000	1,44,000
4	Tanjore	19	1,44,000	1,44,000	1,44,000	1,44,000	1,44,000
5	Kumbaconum	43	1,44,000	1,44,000	1,44,000	1,44,000	1,44,000
6	Combaconum City	17½	1,44,000	1,44,000	1,44,000	1,44,000	1,44,000
7	Trichinopoly	19	1,44,000	1,44,000	1,44,000	1,44,000	1,44,000
8	Trichinopoly City	4	1,44,000	1,44,000	1,44,000	1,44,000	1,44,000
9	Dindigul	1	1,44,000	1,44,000	1,44,000	1,44,000	1,44,000
10	Dindigul Old Estates	3	1,44,000	1,44,000	1,44,000	1,44,000	1,44,000
	Total old Estates	204					
11	Samalcottah	1	New Estates. -				
12	Cottapolly	29					
	Total new Estates	30					
	Grand Total	234					

By the above, it will be seen that there is a decrease of Rupees 7,204 - - 7 on the Beriz of the whole rent for fusly 1251/1841/42 below the Permanent Assessment and an increase of Rupees 13,173 - 14 - 11 upon the old Estates beyond the settlement of fusly 1250/1840/41. These rents are also favorable with reference to the collections of the previous five years, but a quite correct comparison cannot be made, some of the Estates having only come under Government within the last five years. -

	C Rs. A. P.	
Permanent Assessment	40,351. 8 - 9	
Rent Beriz	33,147 - 8 - 2	
Decrease	7,204 - - 7	
Settlement of fusly 1250/1840/41	21,709 - 11 - 1	
Do. of fusly 1251/1841/42.	34,883 - 10 - -	
Increase	13,173 - 14 - 11	

The Estate of Calamunchy was rented to Rajah Sundoorcoory Mullicarjoona Boorhanna at an annual Beriz of Rupees 12,000 under Orders of the Board of Revenue, which causes a decrease both below the average collections and the settlement of fusly 1250/1840/41. - The Estates of Ettapilly and Tanalunkah having only reverted to Government in the course of the fusly under review, the amount realized before the date of sale Rupees 2,923 - was carried to the account of the late Proprietors and the remainder

Dated 10th February 1842.

Rupees

Rupees 8,313 - 14 - 2 is only entered in the above Abstract, being the portion of the settlement of the year belonging to Government. I have explained above most particularly the circumstances under which I consider that the renting system must be tolerated for a little while in this District at the same time that I am guarding the interests of the Ryots by giving the whole of them a voice in the arrangement, and rents of this kind are alluded to both by the Board and Government as being the least objectionable. -

Vide Para 4546 B. of Pro: 26th September 1842. - Para 7 Book Mis. notes 11th January 1843. -

12. - The following Statement shows the quantity of land settled under Amaraccum, the Gross produce, the division of that produce between the Government and Ryots, and the amount of value or Beriz of Government share calculated according to the Bazar prices, for the Aparah Villages for the fusly under review compared with fusly 1250/1840/41. -

It will be seen by the above, that in fusly $\frac{1250}{1840/41}$ the land settled on division of the produce on the 3d Estates was 761 and odd Potties, which yielded 2707 and odd Potties of Grain, valued at Rupees 1898-4 including the charges at an average rate of Rupees 7-5-0 per Pootty, whereas for the year now under review, the land of all the Estates including the newly reverted ones, was 893 and odd Potties, which produced 5037 and odd Potties of Grain valued at Rupees 21,811-3-11, inclusive of the charges at an average

A.G.

average rate of Rs. 4-8-0 per Pootty- Consequently though there was generally a great increase in the produce of the fusly under review with the exception of the Tandemullah Estate, yet there is a very small increase in the amount of Settlement, owing to the considerable fall in the prices- In fusly $\frac{1250}{1840/41}$, the price of white Paddy was 12 Rupees per Pootty and black 11 Rupees and in fusly under review, the price of the former was Rupees 9-4-0 and the latter Rupees 7-8-0, which is the cause of the considerable falling off in the Settlement- Though the Aparcels land of the Tandemullah Mootah was settled under Amaracum to nearly the same extent as in the preceding fusly, yet the Cost thereof shows a decrease of Rupees 4016-8-9, as noted in the Margin, the cause of which was partly a general insufficiency of rain in this part of the Country near the Hills, and partly the bursting of some of the tanks from the excessive rush of some of the Mountain streams, at the time a partial supply might have been obtained- Besides, the fall of prices was equally felt in this Estate.-

	Cost A & B
Fusly 1250 1840/41	6196-1-8
1251. 1841/42.	2179-8-11
Decrease	4016-8-9

14 The following Statement shows the Amaracum Cist, the usual remissions and Village Charges and those allowed under special circumstances in the Vifsabady Villages.-

Fort St George 13th April 1843. -

By the above, it will be seen that the Amaraeum Cist of the land under Pysabady was Rupees 185974 2-5. from which the following deductions were made, Viz.t a sum of Rupees 8283-1-3 on account of the Annual remission and Village charges. Rupees 176-2-3 on account of the Cist of lands left uncultivated and Rupees 14819--7 on account of remission for failure of Crops. total Rupees 23278-4-1 leaving the Settlement Rupees 162025-14-4 - With respect to the Annual remissions and Village charges, I beg leave to explain with reference to the Board's Proceedings of the 26th September 1842. that they are the allowances on account of Village servants, Pagodas and small Village expences, which have been allowed immemorially in every Village, whoever might be the proprietor of it - On a Village newly coming to Government, I am most particular in the examination of these charges, so that none may be admitted, but those of a necessary character - A remission of Rupees 176-2-3 was allowed, inconsequence of the ryots, who had occupied P. F. 3-18-6 of lands settled under Amaraeum and

Para 8.

Vide Enclosed Statement No 7 & 8 in English Telugu -

Fort St George 13th April 1843. -

Mogultore, Nagarum and Pipparah Estates, having absconded and left their lands uncultivated, inconsequence of the adverse turn of Season - The same explanation applies to the remission allowed under the same head in Fusly 1250/1840-41 - Although a system of Pysabady management has been introduced, which is intended ultimately to supersede all remissions, it has been found impossible to establish its working at once, in the actual state of the seasons, consequently it has been found advisable to allow some remissions in Fusly 1251/1841-42 as was done in Fusly 1250/1840-41 on account of failure of Crops - The amount of the remissions was Rupees 14819--7 and they were only admitted after a most minute scrutiny by the several grades of District servants, and my own Huzzoor Establishment which power was most carefully followed also in the preceding Fusly 1250/1840-41 - If the prices of grain as shown above in the case of the Aparah Villages are looked to, the real difficulties of the season will be clearly perceived, and it will be seen that a little indulgence could not be avoided -

The following Abstract shows the Settlement of the Pysabady Villages, exclusive of Cuttubady &c. with money rents for the Fusly under review compared with Fusly 1250/1840-41 -

N.t Increase 3408-8-1.

By

By the above, it will be seen that there is a net increase of Rupees 3,408-8-1. on the total of the old Estates, arising of an increase of Rupees 11,149. 13. 9 upon Mogultoor, Woondy, Pepparah, Tandemullah &c. and a decrease of Rupees 7,741. 5, 8 upon Amalapoor &c. Estates. The former has occurred inconsequence of the gradual increase in the Amaraccum of those Villages where the Vifsabaddy has been gradually introduced, and the latter has arisen from the fall in the amaraccum of those Villages which have been transferred from current to Vifsabaddy in the fusly under review, in which the Ryots are numerically unequal to the cultivation of the Villages.

16 The following statement shews the settlement of Cuttobaddy tax on Palmiratrees, Poollary &c. on account of the Villages settled both under Vifsabaddy and Asparah or grain settlement for the fusly under review compared with fusly 1250 / 1840/41

The above shows an increase of Rupees 8429-12-8 for the fusly under review, which is attributable partly to a number of Villages on held under rent for fusly 1250/1840/41 having been settled under Vissabady and asparah in the fusly now under review, and partly to the rule for regulating the Collection of a tax on Ryots Cultivating manium land beyond a certain extent having been worked out in the Jummabundy, though it has appeared desirable to forego its actual enforcement until fusly 1252/1842/43.

17. The following Statement shows the Settlement of all sources of revenue of the Government estates for the fusly now under review Compared with fusly 1250/1840/41.

						Nett increase as above

Thus it will be seen that there is a net increase of Rupees 26,306.15.4 arising out of an increase of Rupees 29.619.3.11 upon 14 old Estates, and a decrease of Rupees 3,312-4-7 upon two old Estates named Amlapoor and Tandemullah. The decrease upon the Amlapoor Estate has arisen from the reduction in the amarcaum settlement of lands from want of Ryots and from remission having been allowed for the failure of Crops owing to the unfavorableness of the season. The decrease upon the Tandemullah Estate has arisen partly from the decreased produce of Lands under grain settlement and partly from the falling off in the prices of grain. The nominal increase upon the newly reverted Estates in the fusly under review needs no remark.

18. The following Statement shows that of Rupees 5,44,846-15-10 the amount of settlement for the fusly now under review, Rupees 4,87,118-2 were collected within the fusly and Rs. 6,450.10.9 to 31st December last, leaving a present balance of Rs. 51,278 4.11 under the Heads of Fisrabady, Assarah, Rent, Cuttoobady Vizt.

The Statement entered in the Margin shows the particulars of the Vifsabady balances, and though the System of Management now introduced is intended to supersede the necessity of remissions, and balances, it would have been too much to expect that its working would be complete at once, though there is not the slightest doubt but that if the North East Moonsoon had not entirely failed in the finely under review the outturn of the year would have been very satisfactory

Fort St. George 13th April 1843.

As it is, it is to be observed that heavy balances are confined to particular Talooks as Mogultoor, Tanookoo, Andrangy and Togaputtynagaram. The balances in Mogultoor are principally to be attributed to the Engagements of the Ryots having been rather above their means, the badness of the season and lowness of prices, and both in Mogultoor and Tanookoo, there was negligence on the part of the Amildars. Andrangy was in a very bad state before the storm and inundation of 1839, and it has never recovered from the injuries it sustained in that year. The whole settlement of the Jagaputtynagaram Village was Rupees 979-12-8, so that the real balance on that amount was only Rupees 284-2-8 or 29-0-0 per cent. This Village is in a very bad state and I have just been making a personal examination of it along with the Civil Engineer, with a view to the restoration of its sources of irrigation which have been improperly interfered with by the Proprietor of the Kurlumpoody Estate.

The

20. The rented balances do not require much remark. the rents were fair ones, and the parties were generally prevented from fulfilling their Engagements by the Circumstances of season and low prices. The Saudemullah balance has arisen from certain stipulations in the rent engagements made by the late Proprietor but which have since been investigated.—

21. In the Cuttoobady balances Rupees 4788-12-- is included the sum of Rupees 2024-8-5, on account of Maniem Cultivation carried on by Jeroyettee Ryots, the enforcement of which I have suspended and I now beg leave to request sanction for writing off this amount.—

22. I have perpared a Statement, shewing the per Centage borne by the Settlements and

and Collections of fusly 1250/1840-41 and 1257/1841-42 respectively to the permanent Settlement, by which it will be seen that there has been a decided improvement in the latter years. If Government however have at heart the prosperity of the District, they must not look at the Permanent Settlement as a Standard of Comparison as the Government Estates are composed. The Assets of the Mogultoor Zemindary, to which the greater part of the Government Estates originally belonged, were discovered, at the time of the Permanent Settlement to be Rupees 5,75,866-11-- and on them was fixed a Permanent Assessment of Rupees 6,19,577--- without allowing the one third even to the Zemindar the standard principle of the Permanent Assessment. the prices of grain were Rupees 25-12- per Pootty - Now they are only Rupees 9-4- per Pootty - Thus if, at the time of the Permanent Assessment, these Estates were unable to pay that Assessment, they cannot be expected to pay it now, and it stands to reason that the Assessment must be altered by

† average of prices for fuslies from 1196 to 1206 / 1786/87 to 1798-99.

* Fusly 1257. 1841/42.

Fort St George 13th April 1843-

by the survey before the District can attain a healthy state —

23- There remains only one more point to be noticed in connection with the current revenue, and which is referred to in the accompanying Petition and the correspondence noted in the Margin — As the Village of Paulacodauroo was settled for fasly $\frac{1251}{1841/42}$ for Rupees 2464 — 3 — 11. before the receipt of the Board's Proceedings of 14th April 1842, the demand could not be altered in my public accounts without the sanction of Government. I therefore beg leave to request that the Board will be pleased, with reference to my letter of 24th July 1841 to state to Government to what extent they consider my demand excessive and recommend that such amount be remitted. The sense of the respectable portion of the Villagers of Paulacodauroo is that the amount of Rupees 2464 — 3 — 11, now temporarily adopted by me (not as a survey rate, but as a rate more nearly approaching to the means of the Village than the

Original

Vide enclosed Copies of Petitions Nos. 19. 20. 21 with translations.

Fort St George 13th April 1843-

Original Permanent Settlement Rupees 3472-- until the survey is sanctioned) is perfectly correct, and the best sign of that correctness is that in the year under review, the collections realized within the fasly have been Rupees 2,336 — 4 — 6. and exceed the average collections of the preceding twenty years by Rupees 397-

Average of twenty years from fasly 1230 to 1249 Dr. 1938-10-7 1820/21 - 1839/40.

9 — 11- It is with very great pain that I have seen the mistrust of my conduct by the Board of Revenue in this case - I have always publicly declared the Permanent Assessment of some of the Government Estates to be too high, it is not likely therefore that I should wish to perpetuate such an evil when the means of correction are at hand - Cottapilly Vencata puttyraze, the person who proceeded to Madras with the Petition No. 1283 of 1842, is an idle character, who carries on no cultivation and holds no land by himself, and who is known to have been employed by the inhabitants of the other Villages generally to endeavour to impede the progress of the survey - Had however this man's Petition

even

even induced the Board to review my report of 24th July 1841, and tell me where I was wrong and what further definite reduction ought to have been made from the Original Permanent assessment. I should have rejoiced in the result, but it is with very different feelings that I must look on the contents of the Order of 30th May 1842, to turn the Village of Paulacodaroo into an Aparah or Grain Settlement one- an Aparah or Grain Settlement is always a bad one from the abuses it leads to from the difficulty of securing from Petty depredations crops scattered over a large surface, the interest of the Cultivators of which is to secure as much clandestinely as they possibly can before the public division takes place.-

The

The Villages in which this system requires to be tolerated are those which only yield one Crop- namely, Rice or Jonnaloo, which is all cut at once, then Thrashed and afterwards Kyled or measured. The Village of Palacodaroo is not a Village of this description, but is an excellent one posessing lands of every description, and producing Crops of all sorts, which are constantly coming in to perfection in large or small quantities, during eight or nine Months out of twelve, which therefore could not be secured in the manner required by an Aparah or Grain Settlement System.-

I have been obliged to adopt the same principle, which is most desirable in many other Estates, also with regard to the Pepparah Estate, which Estate was ruined not like many by want of Ryots but more by the oppressive and Capricious conduct of the Proprietor.

The loss to Government on this Estate from Fusly 1242/1832/33 to Fusly 1244/1834/35 and for Fusly 1248/1838/39 was Rupees 42783.

Vide Government sanctions of 15th September 1835 and 8th December 1840-

Of three Fuslies from 1242/1832/33 to 1244/1834/35	23013	2
	19170	11 7
Of Fusly 1248/1838/39	42783	11 9

11-9- when it was purchased by Government for Rupees 1600 in Fusly 1249/1839/40 when I attempted to make a regular settlement of this Estate.

I

	Cr. A. P.
Proprietor's nominal Assessment	35162-11-6
Assets	25812-3-0
Increase	9350-8-6
Permanent Settlement	22269-0-0
Known Assets	25812-3-0
Proprietor's Cist	35162-11-6

I found it impossible from the Proprietor having adopted a Nominal Assessment of Rupees 35162-11-6, being Rupees 9350-8-6 above the known Assets of the Estate, and in consequence, no Ryot could cultivate with a hope of paying his Cist- I was thus obliged to adopt some fixed temporary standard of Assessment until the completion of the survey, and adopted the sum of Rupees 25812-3-0 with reference to the Original Assets and the present state of the Estate the Collections of which have in consequence increased gradually and the improvement of this Estate will be rendered permanent by the survey.

Recoverable	100399-2-4
Irrecoverable	33115-14-7
	133515-0-11

A further enquiry is still in progress regarding the balances here classed as recoverable, with reference to arrangements made at different times for some of them, in the mean time, I beg leave to recommend that the sum of Company's Rupees 33115-14-7 may be written off from my accounts, besides two items, which require explanation with reference to the Board's Proceedings of 26th September 1842- The first of these two items is a sum of Rupees 200-0-0 due from Raudy Soondarapah, Renter of the Village of Gandaulah in the Caupavaram Estate for Fusly 1250/1840-41. This Village had been rented out by the late Proprietor before it reverted to Government apparently for Rupees 600-0-0, Rupees 864-14-6 being the amount of the Permanent settlement- The addition of this sum of Rupees 200-0-0 however made the true amount to be paid Rupees 800-0-0 I was not aware of this circumstance at the time of the reversion of the Village, and wished to discontinue the rent altogether, but the holder Raudy Soondarapah, having very loudly complained of the injustice, of suddenly resuming it, and begged to be allowed to hold it for one year on a thousand Rupees I did not consider it right to refuse- Subsequently the Case came under my reconsideration, when it appeared that

that the claim of Vaudravoo Goverauze and
Cotcherlacotah Sashamah for Rupees two hundred
on account of their Mauniem land resumed
by the Proprietor was fully established by the
Permanent accounts of my Office, and it there=
=fore became absolutely necessary either to pay
them the Money or allow them to Cultivate the
land, and as about one third of the Jeroyettee
land of the whole Estate was uncultivated from
want of Ryots, I considered it much more ad=
=vantageous to Government to allow them to
Cultivate it themselves than to make a ready
Money payment from the other resources of the
Estate. The remission of Rupees 306-3-5 to
Bausemsetty Naganah is grounded on the
following Abstract detail of facts- In Fusly $\frac{1247}{1837/38}$
this individual attempted to throw up a quantity
of his land suddenly, without giving me an
opportunity to settle it with another Ryot, the
season of commencing Cultivation having
paped. This I resisted as being contrary to the
custom of the Country, and a prosecution was
made in Court and defended. This proceeding
of Bausem setty Naganah, it is to be observed,
was not his own spontaneous act but was really
the act of my then Sheristadar Moongamoor
Lutchmenursoo

Lutchmenursoo, after whose dismissal, the suit
was withdrawn- Though I resisted the act of Basum
setty Naganah in throwing up his land in an
illegal manner, I never denied that his case
might require consideration, and always ex=
=pressed my willingness to submit it to the con=
=sideration of the Board and as now he has
repented of his conduct and has returned
to his proper position as a Cultivating Ryot,
and as the payment of this sum now would
seriously injure him, I think it right to
recommend that the amount Rupees 306-3-5
may be remitted.

The Board in their Proceed=
26 =ings of 26th September 1842 Paras 15, 16, 17, and 18
have observed with regard to the balance of
Company's Rupees 612-6-10 due from Bausum
=setty Naganah, that the Collector requires
sanction for writing half of the Amount, but that
it appears that Naganah has paid his demand in
full for Fuslies $\frac{1246}{1836/37}$ and $\frac{1247}{1837/38}$, the Collector there=
=fore should explain why the said remission
should be allowed. They further observe that the
Vide letter of 30th November 1838 Collector at first stated that Bausumsetty
Naganah owes Company's Rupees 151-13-10 for
Fusly $\frac{1246}{1836/37}$ and Company's Rupees 424-4-4 for
Fusly

Fusly $\frac{1247}{1837/38}$. in all Company's Rupees 576-

1-10; whereas he has subsequently stated

on 25th July 1840 that the balance due from

Naganah was Company's Rupees 612-6-10

which requires explanation. It is again

desired that the Collector should

further submit an Estimate of the

profit, which Naganah may have

derived from the land, which he

employed as pasturage.—

27 In reply to the

above, I beg leave to state that the

following was the Cultivation carried

on

on by Naganah for the two years.—

Grand Total of the balance of the two Fuslies 1246 / 1836/37 and 1247 / 1837/38			612-6-10

Details.

Amount as stated in the letter of 30th November 1838	576-1-10
Do of balance of other Ryots	36-5-0
Total	612-6-10

5671 Fort St. George 13th April 1843.

Thus company's Rupees 612-6-10 was the true balance due from Naganah, a moiety of which Viz^t company's Rupees 306-3-5 has been recovered from the sale of some property under attachment, and I have recommended to the Board the remission of the other moiety of company's Rupees 306-3-5. I before stated that Naganah had agreed to pay this amount as well as the Costs of Suit but it was not actually paid —

28 The said Naganah fed his Cattle upon the land bearing the List of company's Rupees 372-0-0 which he left uncultivated for fusly 1247 / 1837/38. and the profit, which he might have therefrom derived may be Estimated as follows —

		Rs. a. p.
361	Heads of Cattle at 8 Rupees each	180-8-0
305	Do of Sheep and Goats at 1 anna	Do. 19-1-0
	Total	199-9-0

but my recommendation was based on the knowledge of what he had suffered from his foolish conduct, and the certainty that the enforcement of this demand would seriously impair his means of carrying on Cultivation in future —

29. The following abstract, which corresponds with the accompanying Statement No. 8, shews the Demand of settlement of all Sources of revenue for the fusly under review, Compared with fusly 1250. / 1840/41 —

Number

Fort St. George 13th April 1843.

			Net Increase	1,63,785 3 9

To

5671

Fort St George 13th April 1843.

The above Abstract shews a Net increase of Company's Rupees 1,63,785-3-9 arising partly out of a decrease of Company's Rupees 4,976-4 upon the Permanently settled Estates of Taunalunkah, Moonmedewareum, Degoonurroo, Cottapilly and Goonmaloor, which have reverted to Government in the fusly under review, and an increase of Company's Rupees 63,341-13-1 upon the Amany Estates, partly in consequence of a rather more favorable season and partly in consequence of the said Taunalunka &c. Estates having been settled under this System, and partly out of the decreases and increases of the Extra Sources, the particulars of which have been already explained in a separate Extra revenue report submitted to the Board for the fusly under review.

Dd 18th October 1842

30. The following Abstract corresponding with the Accompanying Statement No. 9 shews the Collection of all Sources of revenue and the Charges for the fusly under review compared with

fusly 1250 / 1840/41

Number

No.	Fasles	Collections	Charges	Percentage of Charges.
	1	2	3	4
		£ Rs a p	£ Rs a p	£ Rs a p
1	1250 / 1840/41	18,03,499 6 2	29,685 6 9	16 5 5
2	1251 / 1841/42	21,63,724 1 "	2,80,033 11 2	12 15 1
	Increase	3,60,224 10 10	" " "	" " "
	Decrease	" " "	16,817 10 7	" " "

Thus there is an increase in the Collection of Land Revenue and other sources to the extent of Company's Rupees 3,60,224-10-10 and a decrease to the extent of Company's Rupees 16,817-10-7 in the Charges principally under the Heads of repairs and purchase of Estates.

31. In conclusion, I respectfully implore the Board and Government seriously to take into consideration my proposal, as contained in the Correspondence noted in the Margin, for temporarily making

Vide Correspondence
To B. of R. 19th December 1840
From Do. 28th Jan.y 1841
To Do. 12th April Do.
Board Proceedings 31st May Do.

making an allowance, until the Survey is completed, of two per Cent. to the Moonsiffs and Puttanadars of their respective Villages on their Collection - after deducting the allowances already enjoyed by the Moonsiffs and Puttanadars, in some Villages this allowance for fasly 1251 / 1841/42 will be about Company's Rupees 7,572-- 11 which, if allowed, will do more towards improving the District than any other measure, which can be recommended - I have now met the Ryots of this District individually during six Tumnabundies, and their reproaches of my conduct in not being able to accord to them this simple act of justice are too painful to bear. The Curnams and lower Village Servants generally do enjoy allowances, some regular and some irregular, but it will be utterly impossible to make any definite recommendation respecting them, without the completion of the Survey.—

Zillah Rajahmundry,
Collector's Office,
Cocanada, 3d April 1843.

Signed / G. A. Smith
Collector

Tumnabundy

No. 19.

To

Manelah Upparow Modaliar.

Amildar of Woondy Talook.

An Arzee from Coonadharauze Soobarauze.—

I have been in the habit of cultivating for a long time as Cadeem ryot a piece of Zeeroyty land at Palacoodaroo Village bearing the Cist of about 26 Rupees but as I fell in a drear of 4 Rupees for fusly 1247. or the year Havalumby or A. D. 1837/38 and had no means to liquidate it I have received the amount from one named Gottamookolah Vencatramarauze of Palacadaroo and settled the said land with him for a term of four years from the year Velumby or A. D. 1838/39 to the end of the year Palavah or A. D. 1841/42 by esecuting him a sunnud to that effect. At the end of the year Plavah I required him to receive the 4 Rupees and to give me back my land soas to enable me to cultivate it, but he refused to comply with my request. In the current fusly when I began to plough my said land and sow it with the seed Grain he also commenced to do the same on the other side of that land and offered obstacles in the way of my cultivating it properly. As the Villagers are fully aware of what has passed regarding this land I beg you will be pleased to afford me justice by allowing me to hold my land without any impediments on the part of the said Vencatramarauze — please to peruse. Dated 10th august 1842.—

(Signed) Soobarauze

The following persons are fully acquainted with the circumstance of the said land.

1 Cottapully Chinna Serapaterauze Moonsiff.
1 Coonadharauze Vencatramarauze.
1 Cottapully Seetaramarauze.
1 Do. —— Ramarauze.
1 Do. —— Janakeramarauze.
1 Coonadharauze Jogerauze.
1 Do. —— Bauperauze.
1 Indoocoory Serapaterauze.

Where you will be pleased to examine & make justice.

Please to peruse. Dated. above.

Despatched to the Honour the 15th September 1842.

No. 20.

To

G. A. Smith Esq.re

Collector in the Zillah of

Rajahmundry.

An arzee from Gottamookalah Venkatrama=
=rauze of Palacodaroo attached to Woondy Talook.

Up to last fusly, I have cultivated the Zeroyty land which I usually occupied, together with that which was left waste by another ryot, named Coonadharauze Soobarauze of Gurga=
=purroo, without paying the Circar's dues in full, and which was therefore made over to me by the Amuldar for these four or five years, and I have laid out a large sum for its repairs during the hot weather, and have paid the Circars Cist with punctuality. The whole of the said lands were also surveyed in last fusly and entered in my name. You are likewise aware that the ryots named Collapully Venkatapaterauze &ca have not agreed to the Cist assessed by you for the said Village in last fusly, but among those who agreed to it, I became the first person and paid my portion of demand. The quantity of Zeroyty land occupied by me up to last fusly

	Rs	Fan	Tot	Gs
is	2	2	12	12

bearing the Cist of Rs. 95-9-10, with reference to a Cuttah granted to me under date

date the 30th April 1842 in Ste 8. Upon the commencement of the Monsoon of the current year Soobhacrootoo or A. D. 1842/43 as I was sowing my lands with seed grain, the said Soobaraauze his Son Nephew &c. at the instigation of the said Venkatapatiraauze &c., who had not agreed to the cist assessed by you, and who bore enmity towards me, for my first consent to the said Cist, came to me and prevented me from sowing seed grain upon a part of the land, which was made over to me by the Circar, in consequence of the said Soobaraauze becoming Sadoo, and were ready to quarrel with me by using abusive language. I have thereupon informed this to Nundory Roocheraauze, the Sumtdar, who sent peons and removed the impediments in question, on the next day the said Soobaraauze &c. prevented the land again and were prepared to assault. I have thereupon presented an arzee to Chintaloory Vencatraauze, Peishcar in charge of the said Talook, under date 10th July 1842, who having written a letter to the Sumtdar on the same date to take care that the said Soobaraauze &c. might not offer any impediments in the way of my

my cultivating the lands which were occupied by me up to the last fusly, the Sumtdar then issued a Takeed to a peon named Mogul Tacha, who personally attended, that nobody might prevent me in sowing my lands with the seed grain, and sent a Bakeer to the Sumtdar, and the latter reported the circumstances to the Tanah. But when the Sumtdar sent for all the ryots of the said Village for obtaining an abstract of Amaracum, he declined to enter my land, pretending that it was not settled with me, through the misrepresentation of my enemies, but he paid Tuccavy to all the other ryots, and sent to Huzzoor an abstract of Amaracum under their signatures. Upon my asking the Sumtdar why he did not enter my land in the Amaracum Abstract and advance me the Tuccavy, he gave me no answer. I have in consequence addressed you an arzee on the subject by Tappal under date the 29th July 1842, and now take this opportunity to apprize you that I have fully placed under cultivation in this year the Zeroyty land occupied by me use to last fusly, and should

the

the rains fall in abundance, shall make the wet lands productive-

I therefore humbly beg you will be pleased to take my arzee into due consideration and issue an immediate order to the Amuldar of the said Talook to advance me the Tuccavy in common with the other ryots of the Village, by obtaining my signature in the Amaracum abstract and receiving from one the Mootchulkah for Rs. 95-9-10 being the Cist of 2 — 2 — 12 — 12 of land occupied by me. Please to peruse.

Dated 23d August 1842 (Signed) Venkatramaraujo

Despatched to Huzzoor the 13th September 1842

No. 24.

To G. A. Smith Esqr.
Collector in the Zillah of
Rajahmundry.

An Arzee from the undersigned Zeroyty Ryots of Palacodaroo attached to Woondy Talook-

As the lands and Cist of some of the ryots

ryots such as Moonsiff &c. of the said Village became very favorable, while the other ryots such as myself had loss, and as we disputed each other on the subject, your honor discovered it and issued an order to Mooperalah Sreenivasiah, the Nuib Sherristadar of your Huzzoor, to survey the lands of this Village in the first instance- He accordingly came into the Village, surveyed the lands thro' the Gymayeshdar, sent for the Moonsiff and Pettundar, as well as the individuals of some other Villages, and the Tarundar and entered the Cist — with reference to their classes comprising good and bad. This Cist was duly assessed while the Village Moonsiff, and his brother, the Pettanadar named Cottapully Venkataputeraujo &c. were present, whereupon some Villagers who are principals in this Talook, having instigated that if the survey in question be confirmed it will be introduced to all the Villages to their inconvenience and that false petitions should be made for its disturbance, the Moonsiff and Pettanadar Venkatapateraujo have not only at first disagreed in your presence to the Cist alluded to, but caused some body to address several false arzees- but as

as those arzees proved untrue, they declared to you, while stationed at Tenacodoo, three years ago, that they agreed to the said Cist, and accordingly produced to you a Mutchilkah When the said Streenevasiah and the Ammuldar of Woondy Talook came to Palacodaroo for the examination of the lands, they also gave depositions, admitting the justness of the said Caymayesh Cist &c. and declaring that the petitions presented were false, by this they showed themselves as favorable to the Circar, and disappointed others, who presented arzees in the first instance at their persuasion. During the Amaraeum Settlement of last fusly, you have issued orders to the Ammuldar to settle the lands either at the former Cist or that assessed upon the survey, the ryots then attested the Amaraeum statement at the survey Cist, saying that they could not agree to the former Cist, amounting to Rupees 3400. after this the said Cottapilly Venkatapatiranze Moonsiff &c. at the instigation of certain principal persons in this Talook refused to consent to the said Cist

saying that they would agree to the reduced rent being of 2000 Rupees, they also proceeded to Madras to complain on the subject, afterwards they all agreed to the said Cist excepting the said Venkatapatiranze receaved the Duttahs and paid the Money. The said Caymash Cist on comparison with one formerly fixed for the Village, does not show any difference, but exhibits increase on lands exceeding in quantity, and decrease on those less in quantity. The trifling increase of this Caymash Cist arising on some lands does not exceed four or five per Cent which will be very plain on the perusal of the Caymayesh accounts. While it is thus, the said Moonsiff and the said Venkatapatiranze, at the persuasion of certain persons in our Talook, proceeded to Madras and presented petitions, besides instigating all the ryots of the Village that they should accompany them, under plea of reducing their Cist, which caused injury to the Cultivation, Cist &c. collection, as well as to the trust on our part as they are inclined to place us in distress from the beginning. After the return of the said

Fort St. George 13th April 1843

Venkatapaterauze into the Village we find that some ryots again proceeded to your Huzzoor through the instigation of himself and some rich people in our Talook. You will likewise perceive that the persons making this intrigue named Cottapully Venkatapaterauze. Rama= =rauze and Indocoory Terapaterauze are quite deceivers, upon the mere inspection of their actual Cist, the payments made by them and the balance outstanding against them for the past fusles, when the Village was held for a very reduced berij. We are unable to live in the Village through their illeb acts. You will further perceive their deceitful behaviour on the inspection of their declara= =tions given before you while at Venacode, and before the said Streenevasah and the Annuldar when they came to Calacodroo for examination of the lands duly admitting the justness of the Pymayesh Cist. The Village is still getting injured by their intrigues. Although some ryots combine with them in hopes of getting the Cist reduced according to their promise, yet as we submit to your commands without irregular behaviour, and agree to the

Just

Fort St. George 13th April 1843

just Pymayesh Cist fixed by you, instead of the former heavy Cist, the said person as well as some principal ones who combined with them, are intending to injure us should any persons not consent to the said Pymayesh Cist but quit their lands, we are willing to take up such lands and pay the Cist thereof. Consequently we pray you will fully consider our case, and save us from the distress of the said deceivers, who we find are inclined to disturb our produce &ca if we present ourselves before you for representing the above. We therefore subs= =cribe our signatures in this arzee and hereunto said one of us named G. Sooba= =rauze, trusting that you will be pleased to receive our present address, and relieve us from further trouble of the said per= =sons Please to peruse. Dated 11th January 1843.

Signed. Gotamookolah Soobarauze

Order thereon.

(19-20)

Ordered to be brought forward at a future day.

Read the following letter.

To, E. C. Lovell, Esqre

Acting Secretary to the Board of Revenue Fort St. George

From R. J. Porter Esqre ..... Sir
Collector in the Zillah of Masulipatam } Paral

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue upon the subject of the rents of the Davercottah Villages upon which a report was furnished in my letter of the 30th January last.

Furnishing with reference to the Board's Proceedings dated 9th March 1843, further information relative to the offers received for the rent of 6 Villages in the Davercottah Purgunnah

9 March 1843.

2. In the 4th Para of the Board's Proceedings it is remarked that the amount of rent realized in Fusly 1250 A.D. 1840/41 from the 36 Villages leased out by Mr. Goldingham for 5 years from Fusly 1246 A.D. 1836/37 to 1250 A.D. 1840/41 was Rupees 60,552-1-0 as 0 being more by one fourth than the average rent now proposed for the same Villages from Fusly 1252 A.D. 1842/43 to 1256 A.D. 1846/47

21

This is true but I would respectfully submit to the Board that the inference which appears to be drawn, Viz. that higher offers might have been obtained for some of the Villages now rented out is hardly a fair one Rupees 60552-1-0

the

5778 Fort St. George 13th April 1843.

the amount realized in Fusly 1250 A.D. 1840/41 was the highest amount of a 5 years rent, increasing and that in some instances in a very large ratio, from the 1st year, and this is compared with the average rent of another period of 5 years, in which moreover the rents do not increase in a similar ratio from the commencement but are in many instances the same for each year, so that the average and the amount of each year's rent, from the beginning to the end of the lease are in these cases identical - compare the average of the rents of the same 36 Villages for the two periods and the difference will be found to amount only to Rupees 1192 as shewn in the Margin.

Mr. Goldingham's Average rents for 36 Villages 48307
Average rents now proposed for those 7 Villages. 47115
Difference = 1192

3. The same observation holds good in regard to the 6 Villages selected by the Board as shewing a more striking decrease than the rest, for the amount entered against each Village in the Centre Col. of the Memorandum annexed to Para 4 is in point of fact in every instance but one, the average of the 5 years lease as well as the demand for the last year - the demand being the same for each year, except in the instance of "Vale valoo" where the demand for the 1st year

is some what less than that for the remaining 4. If a comparison be made between the averages of Mr Goldingham's rents on these Villages and the average of the proposed 5 years rents from Fusly 1252. as exhibited in the accompanying statement, it will appear that the Difference is only Rupees 2283.—4—0— 1252 1842/43

A

4 During the period of the former leases prices were, as has already been shewn, much more favorable than they have been subsequently, or may be expected to be again, at least for some little time, and the renters were thus enabled to make good the demand on the latter years of their leases from the profits derived at their commencement, but even than the high rents of the two last years were not realized without much difficulty, and in many instances the renters were alleged to resort to the sale of their property for that purpose

Statement C. in letter to the Board dated 30th Jany 1843.

5 I am perfectly certain that no higher offer would be obtained for the 6 Villages, to the rents of which the Board have suspended their sanction. The Inhabitants of

of Guntasala are among the most influential ryots in the Davercottah Estate, and most steadfastly set their faces against the introduction of the rents at all, using their best endeavours to deter others from coming forward with offers. I had the greatest difficulty in inducing them to make any offers at all, for their Village. Cheedagudda, Nadacoodroo, and Pentapadoo are situated, the two first close on the bank of the Pennar, and within the embankment which defends the other Villages from its floods, and the last just outside that embankment, and all three are from their situation liable to suffer from heavy inundations. The inhabitants of Yerla guddy have already represented to me their hopes that the terms concluded with them would not be too rigidly adhered to considering these circumstances and with reference to the depressed state of prices and the smallness of the estimated resources of these Villages for Fusly 1252 / 1842-43. I think it is out of the question to expect that any advance should be made upon the offers already received which I trust therefore that the Board will be induced to sanction

under

5782 Fort St George 13th April 1843.

with the view of giving the Government the power of testing the fairness of the offers made by actual scrutiny than with any hope that much increase of revenue would result from it. should the above explanation be considered by the Board to be satisfactory the Modification of the Cowle ordered at the conclusion of Para 5 of the Proceedings under acknowledgment will not be requisite.—

Masulipatam. Collector's Cutcherry. 3rd April 1843.

[Signed] R. S. Porter. Collector.

Statement

5781 Fort St George 13th April 1843.

under the Explanation now affixed.—

6. With reference to the Board's observations in Para 5 of their Proceedings as to the supposed liabilities of the renters of those Villages in which the Offers for the 1st year were framed in accordance with the present estimated resources, I beg to explain that I by no means intended to convey the idea that the difference between the Offer for the 1st year and the average for the whole term should under any circumstances be collected in the 1st year, neither do I think that this is inferrible from the clause of the Cowle quoted. That clause merely provides that in the event of the actual resources of the Village being found to exceed the Offer for the first year, that excess should be credited to Government. This proviso was introduced with the express concurrence of the renters, who felt perfectly assured from the information which they already possessed regarding the resources of their Villages for the current year that they were not likely to suffer much from its operation, and it was proposed more with

Proceedings

5784

Fort St George 13th April 1843.

Proceedings authorizing the Collr of Malabar to lease out on the terms originally proposed by him certain Villages in the Dalavoy attah Purgunnah, and approving under the explanation furnished by him of the provision made in the Cowle, for the realization of the Revenue—

21-22

thereon. Para 1— In Paras 2 and 3 of his letter Mr Porter deprecates the institution of a comparison between the average of the Quinquennial lease which he has proposed for the Dauercottah Villages, and the rents obtained by Mr Goldingham for Fusly 1250 A.D. 1840/41 which as he states was the last Fusly of a five years lease in which the rents increased and in some instances in a large ratio in each succeeding year— The Board would however remark that the object of Mr Goldingham in framing a lease upon such terms was gradually to develope the resources of these Villages and that the Maximum which they ultimately attained might fairly be assumed as a standard by which to test the sufficiency of future tenders— In this point of view the difference between the outturn of Fusly 1250 and the average of the Quinquennial lease which the Collector has recommended appeared

5783

Fort St George 13th April 1843.

Amount of Mr Goldingham's lease from 1246-1250 — 16,931-
Do now proposed from 1252-56 — 14,648-
2283-

appeared to the Board to require Notice more especially in regard to the 6 Villages on which their sanction has been suspended pending a further reference, and which even tho' the principle of comparison advocated by the Collector be adopted, are still more than 12 per Cent below the average of Mr Goldingham's five years lease. It now however appears from the detailed explanation submitted by Mr Porter that from the present low prices of agricultural produce and the difficulties attending the introduction of the renting System where the ryots have so recently profited by the opportunities of fraud and concealment afforded by an accasional amanie Management, no higher offers than those already forwarded can be obtained for the six Villages above alluded to, and under these circumstances the Board authorize the Collector to lease them at the rents originally recommended.—

Adverting to Para 5 of the Board's
2. Proceedings Mr Porter explains that the Clause in the Cowle which has been objected to was in no degree intended to apply to the realization during the current Fusly of the difference between the rent fixed

fessed for it and the five years average.
"It merely provides that in the event of the
actual resources of the Village being found
to exceed the offer for the first year that
excess should be credited to Government" but
Enfosn 16th Feby 1843. not, as Para 8 of the Collectors letter of January
31st had led the Board to conclude on
account of the difference before mentioned.
It further appears that the Clause "was
introduced with the concurrence of the renters
and that it was proposed more with the
view of giving the Government the power of
testing the fairness of the offers made by
actual Scrutiny than with any hope that
much increase of revenue would result from
it." Under this explanation the Board are of
opinion that the modification of the Clause
as directed in Para 5 of their Proceedings of 9th
Ultimo is not necessary.—

Read the following letters.

To
E. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St George.

Sir,

From H. Stokes Esqre Collr in the Gillahs of Guntoor } Para 1.

As directed in your
letter of the 13th Instant, I have the honor to
enclose

enclose advertisements for the sale of the Vasee-
reddy and Suttanapilly Zemindaries.—

2. I addressed Enoyetnamahs to the
Zemindars of those two Estates and the Zemindar
of Rapully on the 23d instant informing the two
former that their Estates were to be advertised
and calling on them all as directed by the Board,
for the last time to make their election of the
alternatives open to them and requiring them to
report their decision within two days after receiv-
-ing the Enoyetnamah. No reply has yet reached
me from any of the three.—

3. The Chilacoorpaud meadows deli-
-vered by their Vakeels their permanent surrend
of their Estate on the 13th Ultimo. They promised
to furnish a Statement of their debts and claims
upon others, but they have not yet done so.—

4. The other Zemindars were not
called upon to furnish similar information regard-
-ing the debts as they had not surrendered
their Estates. They had now been requested to
supply it.—

5. I hope soon to report, as required on the
other points mentioned in your letter.—

Guntoor Gillahs

To,
E. C. Lowell Esqre
Acting Secretary to the
Board of Revenue
Fort St George.

From H. Stokes Esqre Collr in the Zillah of Guntoor. } Sir, Para 1.

In continuation of the account of my negociations with the Zemindars furnished in my letter of 29th Ultimo, I have now the honor to send Copies of the replies received from the Zemindars noted in the margin to my Canoyetnamah dated 23d Ultimo. None has yet been received from Vaseereddy Ramanatha Baboo. I trust the Board will overlook my deviating in the present instance, in order to avoid delay, from the prescribed course of sending translations of those papers.—

2. It will be seen that the Rayapully Zemindar as well as the other two continues to evade the surrender of his Estate, and I therefore send an advertisement for its sale also.—

3. I beg to know whether I am now at liberty to accept the surrender of any of the advertised Estates should the Proprietor tender it before the day of sale. I think it very likely that they have hitherto received their

Relative to the Settlement of the Land Revenue in the Northern Division of Arcot for Fusly 1251 A.D. 1841/42.

Nos. 2 to 5 dated 15th Nov. 1842.

The Board proceed to take into consideration the Settlement of the Land Revenue in the Northern Division of Arcot for Fusly 1251 A.D. 1841/42.

(Here enter 28th Nov. 1842 No. 188)

39

30

Para 1. The circumstances of the season are represented as having been favorable on the whole. The early rains were rather deficient, but those of the North East Monsoon were general and heavy to the extent even of injuring the standing corn, but the result proves the year to have been one of average goodness. There was an increase of cultivation under all heads except in Garden land, the Consequence of which was an increase of Cultivation of 12,082 Cawnies and of Revenue of Rupees 45,126–13–11 the particulars of which are concisely shown in the tables entered in paras 2 and 3 of the Collectors Report.

2. Whilst on this subject, the Board desire again to call the Collectors attention to the inconvenience of treating the various items of cultivation according to one system in his Report and to another in the figured Statements accompanying it. The former adopts the various native classes of Car, Sumbah and Nowarah in the wet cultivation, while

while the latter has only two heads of one and two Crop land. This was noticed in the Proceedings on the Settlement of Fusly 1248. A.D. 1838/39.

Proceedings 18th May 1840 Para 4

Paras 11 and 37.

3. Here as elsewhere the price of grain was below that of former years and now fell short of the commutation price which Mr. Goldingham subsequently shows should be quoted at Rs. 84–5–2 a p. for 25 Pagodas. This year the Market price is given at 21 Pagodas in the principal, and 18 in the Sub Division where it seems likewise to have been lower in the preceding year, so remarkable a difference is the more extraordinary as besides the proximity of the two divisions the Sub Collectors' includes within its limits of the populous towns of arcot and arnee and is in the immediate vicinity of Conjeveram, in all of which there should be a larger consumption than in any town of the Principal Division except perhaps Vellore.

Paras 13 @ 20.

4. The items of Increase and Decrease call for few observations. A large quantity of old waste land was taken up on Cowle in Woondevash and Poloor Talooks "by ryots from other districts". The Amounts as entered

		Extent Cawnies	Full Teerwa Pl.	
Colmns 14	15 - 87	202	Poonjah.	
Colmns 124	5 - 15	108	Nunjah.	
	102	310		

entered in Statement No. 6 was 102 Cawnies the full Assessment on which would be 310 Rupees. The circumstances under which so large an Extent of favorably held land, for they do not appear to have taken any one full assessment, was granted to emigrants from other districts should have been more fully stated and the Collector will be pleased to furnish the required explanation hereafter.

Para 23. 5. The imperfect information already given of the origin of the deductions known under the names of Chalooa Bhagom and Punchum Nissa, appearing to be all that can be obtained, is insufficient to enable the Board to pass any further Orders regarding them. Meanwhile it will be more convenient to distinguish them from Seyaggaree as Subdivisions under that general head.

Para 26. 6. The reduction in the Nunjah Rates of land held by Mr. Groves, for which there is no supply of Sirkar Water and which was formerly sanctioned by the Board should be entered as Teerwa Cummee instead of Moonasib Ryayate.

Para 30. 7. It would have been satisfactory had the reasons been mentioned for the erection

of the 6 new Mazrahs included in the Tabular Statement of Villages. The circumstances which occasioned 5 New hamlets to spring up in one year in the same Village, Palah Goomeeraproondy must have been somewhat unusual.

Paras 34-35. 8. The mode of conducting the Settlement is described in these Parahs. From the places at which the Ryotwar puttahs are stated to have been distributed it would appear that the Ryots were not present in the Cutcherry when the details of the Settlement were adjusted, and that this was conducted on the Curnums accounts alone. This indeed is distinctly said to have been the usage of the District by the Sub Collector. The Collector subsequently states that "the accounts are "prepared in the first instance with the aid "of the Monigars and Curnums, after this the "Ryots are assembled, when their accounts "are made known to them &c." from which compiled with the former mention of the distribution of the puttahs, it is gathered that the Ryots are not called together till after the accounts are closed - a process probably completed at a different

See his Report Para 2.

Coll. Report Para 39.

place

place from that in which some of them are afterwards summoned to hear the Result. If this view of the actual practice be correct, the Board are of opinion that the System pursued by the Sub Collector may be extended with advantage to the rest of the District. The great object of assembling the Cultivators at the Summabundy is to settle the details of increase and decrease in communication with them, going thro all the items of the currunnums accounts in their presence as a means of check, and verifying each one by a viva voce reference to the party concerned in the face of the assembled community. The Board will be glad to receive further information on this subject in the ensuing year's Report.

9. The Collections within the Fusly were Rupees 1,80,239-9-3 and to the date of the Collectors' Report 1,64,707-3-1 had been realized in addition, leaving a balance of 15,233-5-3, reduced subsequently to 14,096-9-9 as per Demand Collection and Balance Sheet last received.

To the end of February 1843.

10. It is observed that the Report of

of the Balances of Land Revenue to the close of Fusly 1250 A.D. 1840/41. has not yet been furnished.

The arrangement of the

11. Kistbundy in accordance with the season of Harvest has been effected.

The Board in conclusion desire

12. to express their entire satisfaction with the manner in which the duties of the settlement have been conducted both by the Collector and Sub Collector.

Read the following letter.

To E. C. Lovell Esqre.

Acting Secretary to the Board of Revenue Fort St. George.

31

31

From W. H. Babington Esqre. Acting Collr. of North Arcot. } Sir, Para 1. I have the honor

Reports on the delay in issuing payment to the detachment at Chittoor and suggests that if an Assistant is always stationed at Chittoor such delays will in future be prevented with

to acknowledge the receipt of your letter of the 27th Ultimo, transmitting an order of Government dated 23d March 1843. No. 31 with the correspondence to which it refers and requesting me to explain the causes of the delay complained of in issuing pay to the detachment of Troops at Chittoor, and how it may be prevented in future.

On the date 11th February I

2. ore which Lieutenant Nicholls letter was despatched

despatched to the Collector, forwarding the order for pay, the Collector was holding his Cutcherry in the Sulwaid Talook. The letter was forwarded by the Taloor Tappal and would probably have been five days on the road, judging from the rate at which the Taloor Tappals travel in this district. The Collector left the Sulwaid Taloor on the 14th February, and as it appears before Lieutenant Nichles letter had reached him, and joined his Cutcherry at Poonamalee on the 20th February when an order for the disbursement of the pay was issued. I understand that serious illness prevented Mr. Goldingham proceeding sooner to Poonamalee.

3. If there were a sufficient number of Assistants in the District to admit of one always remaining at Chittoor, the Military authorities might be directed to address their letters forwarding orders for pay to the "Treasury department" and the Assistant on the spot might be empowered to disburse the sums required. I am not aware of any other means of effectually obviating delay.

4. I am at present endeavouring to expedite the rate of travelling of the Taloor Tappals, but although the rate were much faster than it is, it would not prevent considerable delay occurring in the issue of pay whenever the Collector happened to be in

in a distant part of the District.

North Arcot ------ / Signed / W. H. Babington
Coll.rs Circt. Cutcherry -- A.C. Collector.
Planeeper 3d April 1843.

32

Order thereon — Ordered to be sent again in circulation.

Recd again in Cons.n 24th April.

31-32

Proceedings Relative to the Management of the Extra Sources of Revenue in the District of South Arcot for Fusly 1251 A.D. 1841/42.

Read letter from Collector of South Arcot reporting on his settlement of the Extra Sources of Revenue for Fusly 1251 A.D. 1841/42.

Thereon.. Para 1.

Salt:
1251 — 1,52,967.15.9
1250 — 1,14,626-14-3
6,541-1-6

The Sales of Salt in this District for the fusly just elapsed exhibit an increase above those of Fusly 1250 A.D. 1840/41 of Rupees 6,541-1-6. resulting from a decrease of Rupees 5,476-5-9 in the home Sales and an increase of Rupees 9,200-9-11 in those for inland consumption. The export to other Districts has some what increased that to Salem, which usually offers the largest market for salt is less by Rupees 1,738. than that of Fusly 1250 A.D. 1840/41 and considerably below the average of preceding years: which falling off is ascribed to the general scarcity of money and dulness of trade, the low price of grain during the last 18 months in South Arcot and better market found for it at Madras, which with the facilities for transport afforded by the recent opening of the western

33

Western Road has drawn off the traders to other Pans. In regard to these latter reasons it should however be remarked that the Sales for export in the Chingleput and North Arcot Districts have also undergone a decrease in the year under review as compared with the preceding.

1250-42956-15-5
1251-37480-9-8
5476-5-9

2. The Sales of salt for Home Consumption yielded less than those of Fasly 1250 by Rupees 5476-5-9 a result which it might perhaps be sufficient to attribute to the low prices of all kinds of agricultural produce and general depression of trade in the Season just elapsed. Mr. Hallett appears however to impute the diminished Consumption of Salt in his District to causes of more general and permanent operation. He refers more especially to the calculation made in his letter of 6th June last as to the difference in the quantity of Salt consumed by the inhabitants

Sec. Pondicherry

Inl. 13th June 1842.

inhabitant of the French and British territory respectively - that of the former being estimated at 10 3/8 Madras measures yearly, that of the latter in consequence "solely" of the enhancement in price resulting from the cost of land carriage at 1 15/16 or less than 1/5th of the above quantity. But the French Government being precluded by treaty from selling Salt at a rate below the monopoly price, the inhabitant of Pondicherry has no advantage in the purchase of the article beyond what is enjoyed by the native of the British territory residing at a similar distance from the Pans. The people on the Coast generally, and inhabitants of the populous Towns of Cuddalore, Porto Novo and Chellumbrum may therefore (if their consumption be regulated only by the cost of transport) be assumed to use the same quantity as the French Ryot or 10 3/8 Measure. Their demand being so much above the average taken by Mr. Hallett for the whole District (or 1 15/16) it follows that the Consumption in places more distant from the Pans will fall even under that low average. thus the inhabitants of the Salem and North Arcot frontiers will not consume above 1 or 1 1/4 measure each or from 1/8th to 1/10th of the average French consumption

consumption- without at present discussing the correctness of Mr. Hallett's data it may at least be observed that a difference so greatly to the disadvantage of the South Arcot Ryot is not to be accounted for "solely" by the addition to the price of the article in the interior caused by the cost of its transport — — — from the place of manufacture- Assuming the price of Salt to rise Rupees 1¼ per Garce for each mile as ascertained by the Collector and taking the distance of the Villages most remote from the several Pans as at furthest not more than 60 Miles the enhanced price on arrival — thither will not exceed Rupees 180 per Garce* and making a fair allowance for the profits of the retail dealer the price of Salt to the inhabitants of the frontier Talooks of the District will not be more than double its prime Cost at the Pans, and the quantity of the article within their reach (if the cost of transport be the only bar) would be at least half that consumed by the Ryot residing within the Pondicherry territory- instead of 1/8th or 1/10th as estimated by the Collector. Either therefore there must be some error in Mr. Hallett's calculations, or causes

independent

* Prime Cost — 105.
rise at 1¼ Rup per mile for 60 miles — 75.
180.

⊛ 20 per Cent.

independent of the expense of carriage, — must contribute to occasion so great a difference in the average quantity of this important article consumed by the inhabitant of the French and English territory respectively.

3. The Board at the same time are not insensible to the manner in which the price not of Salt only but of all commodities of similar bulk must be enhanced by the present defective state of inland communication and will be prepared to receive favorably any plan which the Collector in concert with the Civil Engineer of the Division may propose, which by bringing the principal roads of his district into a better State may have the effect of gradually substituting improved wheel Carriage for the rude and expensive — modes of transport now in use.

Sayer.

4. The settlement of this source of revenue for Fusly 1251 A.D. 1841-42 exceeds that of the preceding year by Rupees 32,272—6—0. the principal increase has been in Indigo the duty on which notwithstanding the recent* reduction in the Tariff valuation of 15 per Cent exceeds that collected in 1250 A.D. 1840-41 by — Rupees

1251. 2,17,955—15—5.
1250. 1,85,683—9—5.
Increase 32,272—6—0.

* January 1841.

Fort St. George, 13th April 1843.

Rupees 31,977- This is attributed by the Collector to the circumstance of the low price of Indigo during the concluding months of Fusly 1250 A.D. 1840-41 inducing the Ryots to keep back their stock of that article in hopes of an improvement in the market until compelled to dispose of it at the commencement of the ensuing Fusly to satisfy the arrears due to Government for the past year. Some portion of the increase may also be due to the exertions of the Collector in the prevention of smuggling - The decrease has occurred mainly in Oil Seeds and piece goods - The charges of Collection are Rupees 2,329—12—8; below those of 1250 A.D. 1840-41 but the disbursements on account of drawback are much higher "owing to the payment of arrears being larger" The Board would remark that it is desirable that claims of this nature should as far as practicable be adjusted within the Fusly to which they belong -

Deducting charges as above stated there remains a net revenue of

Fusly 1250 — 24,040—12—10.
" — 1251 — 21,711—0—2.
2,329—12—8.

The

7. The balances outstanding on account of the Fusly under review at the date of the last Monthly returns (February) are given in the margin - that under the head of Small farms proceeds from these rents having from the briskness of competition been taken at rates which could not prove remunerating. The Abkarry renter appears to impute his deficiency to the loss sustained in Chellumbrum during the serious right and left hand caste disputes in April last. The Board would imagine that of all branches of Extra revenue the Abkarry would be least likely to suffer from these dissentions. They hope hereafter to receive a report from Mr. Hallett of the steps taken for the realization of this arrear as also for the large balance of his rent due by the Gunjah contractor.-

Moturpha	51	14	8
Small farms	283	6	0
Gunjah rent	251	13	1
Abkarry	229	8	9
	816	10	6

Old Arrears. 8. Of arrears outstanding on account of former years at the commencement of Fusly 1251 (A.D. 1841-42) being Rupees 13,335-15-2 Rupees 11,870-8-2 have been Collected during the past Fusly, leaving only Rupees 465-7- of which the greater part (Rupees 436-6-10) is due on account of Sundry small farms for -

Fusly

Fusly 1249 (A.D. 1839-40) Mr. Hallett promises a separate report on the subject of these balances.-

Charges.

1251	1,14,364	1-7
1250	61,561	7-9
	53,002	9-10

9. The charges as given in the margin are greatly in excess (Rupees 53,002-9-10) of those incurred in Fusly 1250 (A.D. 1840-41) but of this sum the increase Rupees (17,961) in the charge for "Superintendence and sale of Salt" being chiefly from payment of arrears for indemnification to the French Government and that (Rupees 8,481) for drawback are principally chargeable to the previous Fusly 1250 (A.D. 1840-41) while the remainder or Rupees 28,924- for purchase and manufacture of Salt, has been occasioned by the increased quantity of Salt manufactured in the year under review being more than treble of that made in Fusly 1250 (A.D. 1840-41).-

10. The total Settlement on all sources of Extra Revenue amounts to Rupees 5,13,811-7-3 exceeding that of the preceding year (Rupees 4,72,059-3-5) by Rupees 4052-3-10, while no additional tax has been imposed and a Relaxation has been granted under one or two heads a result which the Board consider to be very creditable to Mr. Hallett's management.-

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the Comparative Statement of the Collections, Charges, and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collr. of South Arcot for his information and guidance.-

(Signed) E. C. Lovell
Acting Secretary.

Proceedings

Fort St. George 13th April 1843

Proceedings-

(34)

Read letter from the Collector of Trichinopoly enclosing Petition from Mottoo-sawmy Pillay Curnum of Mangatuddel of the Conand Taluk in the District of Trichinopoly appealing against the Sentence passed upon him by the Collector under the provisions of Regulation IX of 1822-

/Here enter 14th In Cons: 26th Jany. 1843 No 8/

The Board of Revenue having perused the Proceedings of the Collector of Trichinopoly in the Petitioners' case resolve that the following order be endorsed on his Petition.-

Endorsement

"The Board of Revenue having attentively examined the Proceedings of the Coll.r in this Case are of opinion that the conduct of the Petitioner in being a party to the preparation of "wilfully false and fraudulent" accounts regarding collection from the Ryots of his Village has been such as justly to bring him within the scope of C. IV. S. V R. IV. 1822 They therefore decline to interfere.-

Proceedings—

(34)

Fort St. George 13th April 1843—

Read letter from the Collector of Trichinopoly enclosing Petition from Moottoo-sawmy Pillay Curnum of Mangatuddel of the Conand Talook in the District of Trichinopoly appealing against the Sentence passed upon him by the Collector under the provisions of Regulation IX of 1822—

/Here enter 14th In Cons: 26th Jany. 1843 No 8/

The Board of Revenue having perused the Proceedings of the Collector of Trichinopoly in the Petitioners' case resolve that the following order be endorsed on his Petition.—

Endorsement.

"The Board of Revenue having attentively examined the Proceedings of the Coll.r in this case are of opinion that the conduct of the Petitioner in being a party to the preparation of "wilfully and false and fraudulent" accounts regarding Collection from the Ryots of his Village has been such as justly to bring him within the scope of C. III S. V R. IV 1822 They therefore decline to interfere."—

A. AY.
AY. BI.
BI. CH.
CH. DE.

to your letter of the 19th December last, I have the honor to return the 1st 2d 3d and 4th part of the Skeleton Glossary therein referred to, the necessary additions having been made thereto in conformity with the instructions received. I have confined myself to the use of common and occurrence in my Cutcherry, or likely to be met with in any communications from this Office, which it appears to me is all that a Glossary can usefully include, the Copy now sent me of the proposed work being almost a dictionary rather than a Glossary of official and practical terms—

2. These terms are almost entirely Mahomedan. Many similar ones are here used, some differing slightly in signification, I have endeavoured as far as possible to give the literal meaning or derivation of the terms which will I think best explain them— and beg to assure the Board that although engaged in many pressing duties I have given my personal and best attention to the subject as requested by the Board.—

Tinnevelly— } /Signed/ E: B: Thomas

To the College Board—

To The College Board

Gentlemen

With reference to the instructions contained in the Extract from the Minutes of Consultation in the Public Department dated 1st December 1842 I am directed by the Board of Revenue to transmit to you the accompanying Copy of a letter from the Collector of Tinnevelly forwarding the 1st 2d 3d & 4th parts of the skeleton Glossary of India terms with his own suggestions and additions.—

in Cons: 19th Dec 1842—

30th March in Cons: 13th April 1843

Ag: Secretary

Read the following letter

To E: C: Lovell Esqre
acting Secretary to the
Board of Revenue
Fort St. George

(37)

From E: B: Thomas Esqre— Acting Collector of Tinnevelly } Sir,

Para 1. With reference to para 19 of Proceedings of the Board 7th June 1841— x directing that all wells dug at the Ryots own expence in Punjah land should be free of additional tax, a doubt exists on which I request the orders of the Board, namely as to whether the Board's intention is, that it should apply to new wells only, or to old also 2d—

J.

With reference to the Board's Proceedings of 7th June 1841 x requesting to be informed whether their orders as to the levy of Tirwah on lands calculated under wells dug at the Ryots own expence apply

x Para 19 of Proceedings of 7th June 1841

apply to new wells or to old also if the latter, a loss to Government will occur under the circumstances explained.—

2. I conceive the intention of the Board to be to give the Ryot hence forward sinking a new well in his dry land the full and untaxed benefit of his expence and improvement, an encouragement equally just and desirable: but there are very many old wells, from which a valuable garden produce is raised, of the digging and expence of which there is no record: they were not sunk by the present occupiers, nor even by their fathers, nor yet probably at the public cost: but by some individual cultivator 30 — 50 — 100 years back, I am not sure that the Board meant to lower all those at once to Poonjah tax? if so, the loss to Government will be large, the gain to the Ryots great: certainly an unexpected, and perhaps a disproportionate boon, with reference to the holders of all other land. these gardens have long paid, and with remuneration, the "vampyre" tax on their produce; but supposing the intention of the Board to be the remission of everything but the ordinary on Poonjah tax on all wells new and old, a Circular was issued accordingly under date 24th August last the effect of which has been to reduce the tax in some instances enormously

about Rs. 15,000

see Statement annexed.

J.

3 I would propose, with the Board's sanction to change the vampyre class and tax into a garden one, assessing the soil instead of the Crop; creating a class of Bagayet or garden land, as known in most other districts, but classed here at present by the Crop instead of the soil dividing the garden lands into 4 classes, fixing a light assessment (somewhat below the present vampyre charge) different classes will be necessary with reference to the difference of soil and facility of finding and raising the water—

4. For example, in the low, sandy, light soiled Talook of Punjanad, bordering on the sea Coast, ample supply of water is found at a small depth of 5 and 6 feet, at an expence of 10 or 15 Rupees; easily raised. the soil being peculiarly suited for Betel and plantains, is most productive, with little expence— while in Satoor and Ettapadaram, a well 30 and 50 feet deep, and less productive, will cost from 50 to 100 Rupees— The holders of the old wells would willingly pay a garden tax falling somewhat below the "vampyre" rate they have long been paying without complaint, and the large sacrifice of Revenue involved by

the produce being the same

by reducing all wells to mere Poonjah, would thus be avoided, while the liberal intentions of Government might still be carried out fully to all new wells commenced after the date, and on the faith of the Board's late orders, and every encouragement given to sink Capital and labour in this most valuable species of Cultivation.—

5. It is in fact the stand-by of the Ryot and the Government, in years of famine and drought, by which the Cultivator is enabled to secure at least a partial Crop of grain for himself and family's support, straw and water to save his Cattle—at a time when the Nunjah and Poonjah dependant, on the periodical Rains and public Reservoirs, may utterly have failed—not returning even the seed sown—his interests, Capital, and labour, are fixed on the spot, and the ultimate safety of the Government Revenue secured, by the enhanced value of the land rendered saleable from the Capital sunk in the well, and the consequent security and value of his Crop the adjoining Poonjah field not

not being probably saleable at one years purchase.—

6. The above, under the sanction and approval of the Board, are the measures I would propose to adopt in future with regard to the vampyre lands in the District, and in the meantime I would beg to be informed of the Board's wishes and intentions with reference to para 19 with regard to the old wells:? as it is necessary the proprietors of the old wells should know on what terms they in future hold—for the present I am abundy (now in progress) I shall adhere to the old practice of the District unless the Board send me contrary orders—

7. The "Paricottah," the simplest and most efficacious of all methods of raising water (to about 25 feet,) is the one chiefly in use in this District.—

8 Mr. Thompson's letter of 13th August 1840 gives a full account of the system, or rather want of it, prevailing in Tinnevelly, and his opinion of the necessity of establishing a new arrangement as regards wells: with a view to Mr. Thompson's opinion, in which I entirely concur, I request the Board's instructions

5821 Fort St. George 13th April 1843–

instructions and opinion for my aid and guidance together with their intention or otherwise of remitting the usual taxe on the old wells–

Ordered that the following letter be sent in reply–

To The Collector of Tinnevelly

Sir,

Para 1 I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 31st Ultimo–

The

37-38

To the Coll. of Tinnevelly– Communicating instructions on certain points connected with the mode of taxing wet Cultivation

In Cons. 13th April 1843

5822. Fort St. George 13th April 1843–

2. The general question of wet Cultivation is now under the Consideration of the Board with a view to the introduction of some fixed principle for taxing this description of Cultivation throughout the country–

3. In reference however to the specific points upon which you have solicited instructions it is desirable that no delay should take place in putting you in possession of their sentiments–

4. In para 13 of their Proceedings 15th September last the Board recapitulated shortly the orders which they had passed at different times upon the subject of Well and Nunjah Mail poonjah Cultivation which were to the following effect– Viz.

First that all Poonjah lands cultivated with whatever Produce by means of Wells dug at the Ryots own expence should pay only Poonjah assessment–

Second– That lands classed as Nunjah which are so circumstanced at present as to be beyond the reach of Tank or River irrigation if Cultivated by means of the falling rains with Poonjah Produce should

should only pay "according to the assessment of the nearest Poonjah of similar capability."—

Third- That Nunjah lands cultivated with Poonjah Produce by means of Circar Tank or Channel irrigation should pay the Nunjah assessment of the land, &c instead of paying as at present at various rates according to the description of its Produce raised, a different rate prevailing for every different Crop.—

5. Upon the last point a relaxation of the Board's Order has been permitted as conveyed to you in their letter of the 22d December last—

6. It only remains for the Board to notice the first point or that regarding Cultivation on Poonjah land by means of Wells dug at the Ryots own expence.—

7. In most Districts old Wells, and where surveys have been made, Wells in existence anterior to such surveys, were unless specially excepted, considered circar Wells and lands &c watered

watered from them assessed accordingly.—

8. The Board's standing Order quoted had no reference to Wells of this description, or to Cultivation carried on under or from them, these were not intended to be interfered with, the above orders were applicable only to New Wells &c of comparatively recent construction dug on Poonjah land at the expense of the Ryot who was either in possession or of his immediate Predecessor, but the distinction between Old and New Wells is in every District so well known as to render more minute specification unnecessary, the Board will only here repeat that their Orders had reference to New Wells in opposition to Old or Circar Wells.—

End of Para 6. 9. The Cultivation under Old Wells you state will Continue in the Current Jummabundy as heretofore, which the Board entirely approve of but they remark that this would seem at variance with the statement contained in a previous &c

End of Para 2. Para of the same letter that a Proclamation had been issued in

in august last remitting all but the ordinary Poonjah Tax on all Cultivation under old and new Wells, the desire to call your attention to this apparent contradiction.—

10. Pending the completion of the Survey which will introduce a more perfect system under which the Garden and Tanjore Cultivation is to be carried on, the Board are unwilling to sanction any partial Modification of the existing system.—

Revenue Board Office

From the Collr of Tinnevelly

Sir,

As the engagement of Mr. Coeg for the rent of Chank Fisherry off this coast will terminate at the end of the current Fasly I have prepared an advertisement inviting fresh proposals of which the accompanying is a copy which I have the honor to request the Board will be pleased to cause to be inserted in the Fort St. George Gazette—

Tinnevelly
1st April 1843

(Signed) C. B. Thomas
Collector.

A

Advertisement.

Notice is hereby given that until the 1st May 1843 proposals in Company's Rupees will be received at the Office of the Collector of Tinnevelly for renting the Chank Fisherry on the Coast of the District of Tinnevelly for One, two or three years, to commence on or about the 5th October

October next.

2. A public bidding for the rent will take place on the 23d May at the Office of the Collector at Tinnevelly

3. The name of the purchaser of the rent to be made known at the Office of the Collector on the 23rd May 1843 - the validity of all security to be established on the day previous to that date.

4. Each proposal shall be accompanied by a distinct reference for security, and in the absence of reference the proposal will be rejected.

5. In the event of a pearl fishery occurring either at Manaar or on the Coast of Tinnevelly, no remission will be granted on that account if the rent amounted to 5000 Company's Rupees only; but if the rent exceeds 5000 Rupees a remission in that case of 30 per Cent for 3 Months the longest period a pearl fishery was ever held, will be made to the Renter for the number of days in which the Chank boats may have been

engaged in the Pearl or fishery at Manaar in that year, and in the same manner a remission of 10 per Cent for the same time will also be made for the number of days on a pearl fishery occurring on the Coast of Tinnevelly in that year.

6. Persons offering for the rent are to bind themselves under a Penalty of 1,750 Rupees annually to keep apart, all the Chanks which may prove to be under the proper size determined by the Collector, and to throw them back into the Sea on the Chank banks in the manner which has been hitherto customary in this respect. the size of the Chank to be returned into the Sea may be ascertained on application to the Collector.

7. Persons desirous of paying a fixed Amount for every thousand Chanks actually fished are at liberty to make an offer to that effect.

8. The most favorable tender will be accepted subject to the approval of the Board of Revenue.

Tinnevelly 1st April 1843

Signed / C. B. Thomas
Acting Collector

Resolution

Resolution thereon. — Resolved that the advertisement which accompanied the foregoing letter be transmitted for publication in the Fort St. George Gazette. —

(40)

(39-40)

Read letter from Principal Collector of Coimbatore reporting on his settlement of the sources of Extra Revenue in his District for Fusly 1251 / A.D. 1841/42 /

25th Nov. in Cons. 8th Dec. 1842 —

/ Here Enter No. 85. /

Proceedings thereon. Sayer — Para 1. The settlement of this branch of revenue for Fusly 1251 / A.D. 1841/42 amounted to Rupees 163,982-4-10 being a decrease of Rupees 18,678-4-8 below that of the preceding year attributable mainly to the diminution in the quantity of Tobacco supplied to Travancore and Cochin, being Candies 545 with a duty of Rupees 16,022-15-10 below that furnished in Fusly 1250 / A.D. 1840/41 — The Betel and Tobacco for home consumption were rented at an increase of Rupees 180 — — — whole the outturn of the other sayer duties kept under annanie fell Rupees 1,937-5-6 below that yeilded by the preceding Fusly — in consequence of the decrease in the Manufacture of Piece Goods — The Board have noticed with regret

Rs.	1,937-5-6 —	

S. Arcot Nellore Districts — regret a falling off in this article in other Districts of the total settlement, Rupees 334-9-7 only were outstanding at the close of the Fusly of which all but Rupees 160-6-6 had been realized at the date of the last return (February) of Demand Collection and Balance — The charges were merely the same as those for the previous year the only variation requiring notice being the decrease of Rupees 1,598-9-6 charged as Commission for part of Fusly 1250 / A.D. 1840/41 — whereas the present Collector has drawn a consolidated salary of Rupees 3000 per Month during the whole of the Fusly under review the same remark will apply to the charges for the other items of Extra revenue. —

Abkarry — 2. The abkarry settlement which was realized in full within the Fusly exhibits an excess above that of the former year of Rupees 576 — Being rented there were no charges

1251 —	45,972 — —	
1250 —	45,396 — —	
	576 — —	

Sundry Small Farms — 3. The decrease on this source of revenue was Rupees 651-4-5 exceeding that of the preceding Fusly by Rupees 125-1-8 — the balance outstanding 12th July 1842 — was Rupees 32-12-6 — since reduced to Rupees 26-15-4 —

1251 —	651-4-5	
1250 —	526-2-9	
	125-1-8	

The

Sandalwood-Elephants & their teeth.—

4. The amount realized from the sales of Elephants and Elephants teeth exhibits a decrease below Fusly 1250 of A.D. 1840/41

	Fusly 1250	Fusly 1251
Sandalwood—	2,589-4-6	21,626---2
Elephants—	4,440-10-8	1,500---"
Teeth———	652-7-5	142---"
	7,682-6-7	23,268---2
		7,682-6-7
		15,585-9-7

Rupees 3,451-2-1 while the sale proceeds of Sandalwood the price of which was paid during the Fusly under consideration are above those of Fusly 1250 by A.D. 1840/41 Rupees 19,036-11-8 giving a net increase on these sources of Revenue for the season under review of Rupees 15,585-9-7 The charges shew an increase of Rupees 358-14-11 from the larger quantity of Sandalwood cut and brought to the Godowns as compared with that for the year preceding—

Stamps-
1250—18,635-2-4.
1251—16,850-3-"
1784-15-4

5. The decrease in this item as compared with Fusly 1250 A.D. 1840/41 amounts to Rupees 1,784-15-4 of which the Collector explains Rupees 1,051-12-" to be inconsequence of a diminished demand for Stamp papers Rupees 311-8-4 in the amount of Penalties levied by the auxiliary Court, and Rupees 421-11-" in the sale of Stamps Rowanahs consequent on the falling off in the trade in Piece Goods. It has been before shewn that the total decrease in the revenue realized from the Sayer under Dumanie is Rupees 1,937-5-6 what may be the diminution under the

the particular head of Piece Goods is not given either in the present report or the accounts which accompanied it, but it may be remarked that the highest proportion which by C.L.S.V.R 11-1817 Stamps on Rowanahs bear to the value of the goods which they cover is less than 3 per Cent (ie 4 Anas from 10 to 50 R) which on Rupees 1937-5-6 would give a deficiency little more than 50 Rupees instead of Rupees 421-11-" as above exhibited. either therefore this deficit is owing in part at least to other causes not explained or the falling off in the production of piece goods has been greater than the Board supposed the amount of which with the increase in other articles which has tended to compensate for it in the general outturn of the Dumanie Sayer should have been more fully given. The charges are Rupees 753-"-9 below those of Fusly 1250 A.D. 1840/41 owing partly to the consolidation of the Collectors Salary as explained in Para 1. and also to the office of Stamp Darogah having been vacant for a broken period.—

1250—1439---
1251—686---
753---"

6.— In Paras 14-15 the Collector explains the entry in the Printed Statement

Re.

No. 3. of Profits of Tobacco amounting to Rupees 108825-2-6- Of this sum it would seem that Rupees 100676-15-4- is the profit realized from Fusly 1237-1245 A.D. 1827/28-1835/36 from the rate at which Tobacco was supplied to Travancore, Cochin and Malabar during those years being in excess of its prime cost, and which surplus not having been hitherto entered in the Extra Revenue Statements forwarded to the Board has recently under orders from the Accountant General been credited as "Profits on Tobacco" and now appears under that head in Statement No. 3- to which extent the increase in Collections therein shewn will be merely nominal- The remainder or Rupees 8148-3-2- is composed of the gain Rupees 7357 upon the Tobacco supplied to Travancore and Cochin during the year under review- interest Rupees 575-15-9- and sales of smuggled Tobacco Rupees 214-11-8-

7. The Settlement of this source of Extra Revenue exhibits an increase of Rupees 4580 above that of Fusly 1250 A.D. 1840/41- the balance at the end of October was Rupees 590 for the Collection of which, it is stated, measures are in progress- The Board however observe from the last Demand Collection and Balance from Coimbatore that up to that date (February) no more had been realized-

Moturpha
1251-76130-2-4
1250-71549-9-8
4580-8-8-

The

Old Arrears

8 The arrears outstanding at the close of Fusly 1250 / 1840/41 were Rupees 5431-13-9 of which Rupees 2324-12-4- have since been collected and Rupees 2035-7-9- remitted leaving a balance of Rupees 1071-9-8 outstanding- of which sum Rupees 290-15-8- are due on account of land Customs and Rupees 780-10-0 for Moturpha- on the former head Rupees 181-0-2 owing by the Betel Renter of Oodoomalcottah seems desperate but the Board will await further advice from the Collector before recommending it to be written off- they may however remark that if this individual was not a man of substance and his whole security consisted in the payment of two instalments in advance on taking up the rent, he should not have been permitted to incur so large an arrear- In the Moturpha balance Rupees 506-2-10- for reasons given by the Collector seem irrecoverable and the Board beg to recommend their being struck out of the accounts.-

9 The total Net receipts as shewn in Statement No. 3 for the fusly under review are Rupees 4,26053-6-9- but from this Rupees 100676-15-4 being as explained in Para 6 merely nominal and resulting from adjustment of accounts should be deducted leaving as the actual net Collections Rupees 3,25,376-75- being Rupees 15319-1-6- above the Net Extra Revenue of the year preceding.-

1251-3,25,376-75-
1250-3,10,057-5-11-
15319-1-6-

Ordered that a Copy of the foregoing Extract from the Boards' Proceedings with the annexed Comparative Statement of the Collections, charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Principal Collector of Coimbatore for his information and guidance.-

Read the following letter.

(42) 42

To C. C. Lovell Esqre
Acting Secretary to the Board of Revenue
Fort St. George

From the Pl. Collr of Canara.

Requesting sanction for the defence at the public expence of a suit brought against Hd. Assistant Mr. Reade and another.

Sir,

1. I have the honor to forward Copy of a letter from the Head Assistant Collector Mr. Reade, together with a draft of an answer which he proposes to file to Suit No. 333 of 1841 instituted against himself and another, in the Zillah Court of Canara, by one Narasinga of the Bekul Talook.

2. Under the circumstance of the case, it appears proper, that the defence of the suit should be conducted at the expense of Government, as it is very desirable that every means should be taken to bring to light the clandestine cultivation of the Government waste, which there is good reason to believe, has, in former times, taken place to a great extent. I therefore have the honor to request, that the Board will obtain the necessary sanction of Government to enable Mr. Reade to conduct the defence of the suit in question.

Pl. Collrs Cutcherry, on Circuit Oodipy, 28th March 1843.

Signed H. M. Blair

No.

To The Principal Collector of Canara

1. Sir, I have the honor to submit for the approval of the Board of Revenue a transcript of an answer I have prepared and which I propose to file in the Zillah Court in the action brought against me by one Narasinga in my official Capacity, as Head Assistant Collector, and with reference to Clause II. Section II. Regulation I. A. D 1823. I solicit permission to defend the Suit at the public expense.

The case was a simple one,

2. but the interests of various contending parties being involved, it was requisite to enquire into the several titles set up, hence the delay which has occurred in determining on their invalidity and on my deciding that the disputed land was the exclusive property of Government.

3. It may be asked by the Board why the fraudulent cultivation of this land was not discovered previous to Fusly 1245. It lies in one of the frontier Maganies at the foot of the Ghauts surrounded by a thick Jungle and the local authorities have neither the means nor the time for seeking out "Chapoo" cultivation. While the mass of the people are interested in suppressing its discovery it can usually only be brought to the notice of the Sirkar in the way this has been namely through the means of the parties themselves to whom when they fall out, it affords a gratifying opportunity of exercising their feelings of revenge.—

4 The period granted me by the Court for filing my answer to the Plaint having elapsed, I have requested an extension of one month, I therefore beg you will be good enough to solicit of the Board an early reply to this application.

Head Assistant Coll.r Cutcherry
Dandelli, 14th March 1843.—
F.G.

Signed C. W. Reade
Head Asst. Coll.r
Answer

No. 1 in A.

Answer filed in the Suit No. 333 brought by the Plaintiff "Narasinga" against this Defendant and the 2nd Defendant named "Goodoo"—

The Plaint alledges that the spot of land called "Karranadaka" sowing 8¼ Moorahs seed and regarding which a dispute arose between the Plaintiff and 2nd Defendant in Fusly 1245 forms part of his Wurg situated in Moodnoor Mowza of the Bpal Fa. at Nettingay Magany paying Beerz 30—7—5 he however states that originally only 1 Moorah of Seed land was in his possession on the spot in dispute, and contends that the remaining portion 7¼ Moorahs Beejwary has been subsequently brought under Cultivation by him— Thus the Plaintiff starts with two powerful assertions each of which this Defendant believes to be equally false, but as a preliminary step he will put the Court in possession of the history of this piece of land. It is situated in the Village of Paddanoor in the Paddoomally Magany, while the Plaintiffs ancestral Estate lies in the Mowza of Moodnoor in the Nettingay Magany 1 Cos distant from the

the land he now claims, this Maganyi although included in the Bekul Talook was formerly till the year 1834 a part of the Coorg Territory and is divided from the former Village by a large Hill the 2nd Defendants Estate payang Beriz 3-9-8 is in the same Magany and Village as the disputed land, in fact they adjoin each other, this Maganyi never belonged to any other District but Canara, and in Fusly 1238 the following facts were elicited by the then Tahsildar, that about 17 years since 2nd Defendants ancestors brought under Cultivation though unknown to the Sirkar, this spot of land which approximated their Warg, and enjoyed it about 10 or 11 years when one Menaul Munjanah possibly the father of the present Plaintiff came and forcibly carried away some near Connection of the 2nd Defendants named Runganah who was compelled to execute a Gueny Chit to the Ishwaramangal Devastan and he and his brother Soobaya continued to pay accordingly for 3 or 4 years, when owing, it is imagined to some quarrel between Menaul Munjanah and

and the Moktesears of the Devastan, the former agreed with Runganah that he should pay him 4 Rupees Annually as rent, alledging that the land was included in his Warg situated in the Neighbouring Magany of Nettingay, Menaul Munjanah subsequently endeavoured to force Runganah to execute a deed admitting his "Munjanahs" right which however was not effected, mean while the Coorg war occurred and in Fusly 1245 the Nettingay Magany was annexed to Canara, and became a part of the Bekul Talook, a complaint was semultaneously made that this Plaintiff had forcibly seized the Crops produced on this land, which was answered by a denial on the part of the Plaintiff accompanied by the assertion that it was his property and was included in his Estate situated as above described, enquiry followed during which it was contended on the part of the Plaintiffs Mother through her Vakeel that an entry to this effect would be found in the "Doornothy Chitta" but such was not the Case on referring to this document 2d Defendants relatives at once admitted that the land was

the

the Sirkar's and expressed themselves ready
to pay the Customary Peruj: no final=
orders were however passed and in the
Insurrection of 1837 all the Proceedings
held by the Tahsildar were burnt but the
Copy of his Report was preserved in the
Talook records- Mr Young as stated by=
Plaintiff subsequently ordered the dispute
to be settled by Oath, but on the Case coming
before this Defendant he determined on=
the course which has given rise to Plain=
tiffs action- Thus it is shewn that the=
Plaintiff professes no land adjoining the
disputed spot, that his Estate was originally
in a different Territory and is now in a
different Village altogether, and in a=
different Magany about 1 Cos distant=
from the land in dispute and it will
appear to the Court as it does to this=
Defendant most extraordinary that under
such circumstances Plaintiff should=
persist in a claim totally unsupported
by evidence of any kind-

The circumstances above=
detailed may not be strictly correct but

one

one thing is manifest that this land has=
been under Cultivation for a Series of Years,=
by one person, and the other, as it lay in
their power to possess themselves of the=
produce; while it is undisputed that
no one has ever paid aught to the Sirkar=
It was therefore the duty of the Defendant=
when brought to his knowledge that land
was Cultivated for which no Assessment was
paid, to enquire under what title such
privilege was enjoyed and as neither the
Plaintiff nor any of the other contending=
parties were able to shew the grounds of=
such right, and as in reality its assertion
was opposed to the facts elicited, this=
Defendant decided the land to be the=
property of Government, and as it ad=
=joined the Estate of 2nd Defendant while
it was situated at a considerable distance
and in a distinct Village from that of
the Plaintiffs this Defendant deemed it
proper to give the 2nd Defendant the 1st
refusal of the disputed spot in the event
of his being willing to take it on Dur=
=khast- a right grounded on long occu=
=pancy as urged by the Plaintiff even=

was

was it true, would if admitted at once close the door on the discovery of "Chapaon Cultivation" which in the Bekul Talook more especially is proverbially carried on to great extent.—

The nature of the land tenure in Canara is such that, where hereditary or any other right really exists, it is most readily capable of proof, either the Village or Talook accounts exhibit some entry regarding it, or the Claimants themselves posses the necessary documents, in this case there is neither one nor the other, and the only grounds of title set up by the Plaintiff have been shown by this Defendant to be altogether inadmissible and any oral testimony which he may now produce before the Court must in such a case in the opinion of this Defendant be deemed alike insufficient. It is for the Court to decide how far the Plaintiff or any one else (who, without right, or title, Cultivates Sirkar land without paying the due assessment) is entitled to remuneration for any expense which may have been incurred during such illegal occupancy

but

but supposing such right recognised the produce up to the year Jayah or Fasly 1245 has more than compensated any outlay in keeping this land under Cultivation—

Setting aside however the merits of the point at issue respecting the right to the land in dispute the 1st Defendant contends that he has been improperly included as a Defendant, anterior to the filing of the suit in the Zillah Court a means of redress was open to the Plaintiff by an appeal to the Principal Collector and as it will be known to the Court the Subordinate Revenue Officers have no final jurisdiction in matters regarding Koopagamy lands, they can only hold or cause to be made the requisite preliminary enquiries and submit their opinion and recommendation to the Collector with whom it rests to confirm or revise such recommendation. In this case this Defendants Proceedings had not reached even this stage, orders had merely been issued to the Talook authorities to have land Ajermaished and the usual Chitta prepared preliminary to submitting

a

a recommendation when the Plaintiff instituted the present suit—

By the spirit of Clause II Section IV Regulations I A.D. 1823 Plaintiff should clearly have first sought redress either by a personal representation to this Defendant or by one to the Collector, and whatever the judgment of the Court may be, this omission on his part would appear to render him liable for the Cost of Suit incurred on account of this Defendant—

The hasty manner in which Plaintiff acted before it can be said that any final order had been passed respecting his claim, and before he had made any attempt to seek redress from competent authority will prove to the Court that his action whether against this Defendant or against the 2nd is both irregular and uncalled for—

The Plaintiff claims 252 Rupees the alledged value of the produce of the land since the year Jaya 1836 to the

produce

produce, whatever it may be, he will of Course be entitled should the land be awarded him by the Court. The 1st Defendant has only to observe that the grain has annually since Fusly 1245 been placed in deposit and that up to the close of Fusly 1250 by the Account furnished from the Talook it Amounted in all to 229¼ Candies and 3¾ Kunnies of Paddy which with the produce of Fusly 1251 has been lately sold at the Current market rate by the order of this Defendant on the representation of the Tahsildar, that the prices might depreciate, and that the grain might spoil. No report has been received of the sum realized, but whatever it may Amount to, the 1st Defendant when ordering the sale, at the same time directed the money to be kept in deposit, pending the judgment of the Court in this suit, which if by any accident should be in the Plaintiffs power the 1st Defendant prays that the produce awarded in arrears may only equal the amount in deposit in the Talook Treasury but he confidently hopes that the Court will for the above

detailed

detailed reasons dismiss the Plain=
=tiffs Cause altogether, with Costs of=
=Suit—

No 2 in A.

Translation of the Plaint in Suit No 333 of 1841 filed in the Zillah Court of Canara

Plaintiff Nursinga inhabit=
=ant of the Moodnoor Village
Kettamgay Magany in
the Bekul Talook. ——— Versus

1. Mr Reade
Head Asst Collr of Canara
2 Immudka Gowda
Goodda inhabitant
of Padnoor Village,
Padumale Magany
in the said Talook.

I possess a land, situated in
the Moodnoor Village, registered formerly
in the name of my ancestor Munjunna,
and presently in my name, bearing an
assessment of Pr 30—7—5 7 4 together with
a ground called Immudka, formerly
sowing 1 Mooda, attached thereto with=
the fields subsequently formed and the
plantation thereon made by payeng=
the Beriz of the whole Estate since the=
time

time of my Ancestors. The 2nd Defendant in=
with the view of usurping the ground in
question, lodged a false complaint before
the Magistracy against my mother and
myself in the year Jeya (1834/35) stating
that the ground formed part of his land;
whereupon it was ordered that the land
should be kept under Sirkar manage=
=ment, and that none of the parties en=
=joyed receive the produce, until a decision
was passed upon the Complaint. During=
the enquiry instituted by the Bekul Tah=
=sildar, into the Complaint, the 2nd Defend=
=ant expressed in writing his willingness
to settle the dispute by myself and Mother
taking our oaths, to which I accordingly=
=ly agreed to prove the truth of my=
Claim. He however subsequently made
frevolous objections to my Oath, and the
Bekul Tahsildar made a report to the
1st Defendant, who taking a different
view of my Case, without taking any=
proof in support of my claim, pronounced
the ground to be Sirkar property and
Hosuganay on the 10th June, passing an
order to the effect, that the labor and outlay
incurred

incurred to improve the ground had already been recompensed by our enjoying the produce of the same for some years without any payment to Sirkar and that it is determined to give it away on Durkhaust and eventually took one from the 2nd Defendant. The ground being our Mool property and not of the Sirkar, I have been at great expenses to make fields, and plant it with trees and have enjoyed the same in succession to my ancestors. The 1st Defendant admits the labor &c laid out by me on the land. The 2nd Defendant, who in the first instance contended, that the ground belonged to his towrg, has now suffered the ground to be adjudged Sirkar property, and endeavours to obtain it on Durkhaust. There is strong proof to the ground belonging to the land registered in my Ancestor Menal Munjeenna's name. As the order of the 1st Defendant, without taking any proof on my part deciding the ground to be Government right, deprives me of the ground

and

and of the benefit of my labor, I sue the defts for the Net produce from the year Jeya, since which the ground fell under the management of Sirkar. The ground in question consists of 8¼ Moodas seed extent, including Byle and Muzul and of gardens, and is bounded on the west by the Koojicad jungle and the Dawasthanum, on the South by the Kurnoor Hill, on the East by the Mudbettoo Hill belonging to my Estate, and on the North by the Puddonelly Hill registered formerly in the Menal Munjeennas name, and presently in my name, payeng a Shorow. Berij of Hn 30—7—5. The Net produce from the year Jeya being a period of 7 Years, at the rate of 36 per annum up to the

date

date of the decree amounts to Rupees 252 which also do I claim from the defts — I pray that the defts may be sent for and examined, and caused to make over to me the ground in question together with the produce now claimed, and what may be due up to the date of the passing a decree in this suit

Signed Narsinga.

A true translation.

Principal Collector.

Ordered

Ordered that the following letter be sent in reply —

(42-43)

To the Pl Coll[r] of Canara

Requesting further information in regard to the suit instituted by one Narasinga against his Head Assistant and another before submitting his recommendation to Govt for defending it at the public expense —

Read 13th April 1843.

To the Principal Collector of Canara

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 28th ultimo, recommending that a suit instituted by one Narasinga against your Head Assistant and another may be defended at the public expense —

2. It appears from the plaint and Draft of the Head Assistants answer that the land which is the subject in dispute has never paid any assessment, that the 2d Defendant claimed it as his own property until, on the records being examined and no entry of it as such being found, it was admitted on his part to be Government

land

land under secret cultivation, moreover he is stated to have been paying a rent of 4 Rupees for it to Plaintiff and thereby virtually acknowledging him as the Proprietor which does not appear to have been sufficiently considered in offering it first to the 2nd Defendant in preference to him.

3. Your support of the Head Assistant's application is merely general not entering at all into the merits of the case, but before submitting your recommendation to Government, the Board wish to be assured that the facts have been sufficiently ascertained by yourself and that your opinion is formed on a due consideration of them.

Revenue Board's Office,
Fort St. George,
13th April 1843.

(Signed) C. b Lovell
Acting Secretary.

Read

Read the following letter-

To The Secretary to the
Board of Revenue

(44)

Fort St. George

Sir,

From H. M. Blair Esqre
Collr of
Canara.

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date 20th February last, directing me to supply the Bengal Government with Laccadive Coir, according to the Indent transmitted, and calling upon me for explanation regarding the inferior quality, and the deficiency in the quantity of the Coir shipped on the "Stalbart," referred to in the correspondence from the Bengal Government annexed to the Board's Proceedings. also of an Extract from the proceedings of the Board dated 9th Ultimo, conveying further communications from the authorities in Bengal on the same subject.-

In reply I beg to state, that an application has been made to the Government of Bombay to procure tonnage for the conveyance of the Coir required for the use of the Marine Department in Bengal, which will accordingly be shipped

Intimating in reply to an Extract from the Proceedings of the Board of Revenue dated the 20th Ulto: January last that an application has been made to the Government of Bombay to procure tonnage for the Conveyance of the Coir for the use of the Marine Board in Bengal as also stating that the officer of the Bank "Stalbart" must be held responsible for any deficiency in the quantity of the Coir shipped on his vessel as per his receipts, and suggesting that Samples of the Coir may be sent in order to ascertain in what particulars it is of inferior quality:-

shipped on the arrival of the vessel at Mangalore.—

With regard to the deficiency found in the quantity of Coir consigned by the "Stalkart" I beg to observe, that the bundles of the article were twice counted while on shore, in the presence of the Darogah, or Storekeeper, an officer of the Bark, and a clerk deputed from my Hoozoor office. It was again counted when shipped on board the Bark, and receipts were granted by the officer Commanding the Boatmen for the full quantity conveyed by each of them as will be seen on reference to the Bill of Lading with the signature of the officer, which has been furnished to the Bengal Government. Under these circumstances, the officers of the Bark must be held responsible for any deficiency in the quantity of the Coir shipped on his Vessel.—

As respects the inferiority of the Coir, it does not appear, from the enquiry I have made, that it was considered by the Storekeeper to be of inferior quality when imported, to that usually received from the Amendivi Islanders.—

Out of the whole quantity imported in each year a portion of the Coir is always of an inferior description, but this is ordered to be disposed of on the spot, the best only being reserved for exportation to Bengal. It is possible that from some mistake, a portion of the Coir of the 2nd quality may have been shipped on the occasion in question, though I have now no means of ascertaining whether such was the case or not.

It is stated in the report of the Surveyors in Calcutta, that the Coir had been partially deteriorated by exposure to fresh water, or from having been kept long in a damp place. This injury may have been occasioned by its having been exposed to rain in the small native Vessels in which it is conveyed from the Islands, or as has been suggested by the Darogah, a portion of the Coir may have become damp by being stored on board the "Stalkart," upon salt, which formed part of the Cargo of the Vessel taken in in Bombay.—

Without, however, an inspection of the Coir condemned by the Marine Department in Bengal, it is impossible for me to give any satisfactory explanation of the inferiority complained

of.

of, and I would beg, therefore to suggest, that samples of the Coir may be sent by the first opportunity to Mangalore, in order that it may be ascertained in what particular it is of inferior quality to that usually sent from this District. It is very desirable, moreover, that the inferiority of the article, should be proved to the Manufacturers in the Islands who will otherwise simply deny the fact when called upon to explain the cause of it.—

In reference to the concluding part of the Board's proceedings under date the 9th Instant, they beg to state that the Coir for the use of the Marine Department in Bengal is selected by the Salt and Tobacco Darogah, under whose charge it is stored, and he is responsible for the duty—As no complaint has ever been previously made regarding the quality of the Coir, no other means have been considered necessary for ascertaining that it is of the best quality.

Principal Collr's Cutcherry, Cundapoor 5th April 1843. (Signed) H. M. Blair, Princl Collector.

Ordered that the following address be submitted in consequence.—

44-45

To the Acting Chief Secry to Government

To the Acting Chief Secretary to Government

Sir,

In Consl 20th February and 9th March 1843.

With reference to the Minutes of Consultation 14th February and 2d March last I am directed by the Board of Revenue to submit for the information of the Most Honorable the Governor in Council the accompanying Correspondence with the Principal Collector of Canara regarding the inferior quality of, and the deficiency in the quantity of the Coir supplied to the Bengal Government during the expired year 1842.—

To Canara 20th February 13th
To Do 9th March
From Do 5th in Consl 13th April

2d Dec. 1842 No 2 Consl 2 February 1843.

Read letter from Collector of Malabar submitting his report on the Settlement of the Extra Sources of Revenue for Fusly 1251. A.D. 1841/42.

Para 1— The gross Collections from the sale of Salt in Fusly 1251. A.D. 1841/42 have fallen below those of the year preceding by Rupees 31085-7-9. but still exceed by Rupees 16482-15-2 the average of the ten previous seasons. It is satisfactory however to perceive that there

46

1250. 349979-8-4
1251. 318894-0-7
31085-7-9.

average 332411-1-5.

there has been no diminution in the sales for home consumption which exhibit a slight increase above those of Fusly 1250 - A.D. 1840/41

50 Garce or about 3 per Cent.
G. no. 340
1250. 1536-61-8.
1251. 1189-66-8
346-395-0

The decrease has occurred solely in the quantity of Salt sold for exportation to Mysore and is referrible to local causes, a mortality among the Brinjarry Bullocks, and the state of the roads in consequence of the unusually heavy rains which prevailed during the past year. The necessity for the repair of the latter has been specially brought to the notice of the Board in the Department of Public Works. The charges against this item of Extra Revenue are Rupees 29062-6-9. below those of Fusly 1250 - A.D. 1840/41 which is also mainly owing to the smaller quantity of Salt imported during the Fusly under review. the disbursements made in Fusly 1250 A.D. 1840/41 in payment of the weights and seals received from the Bombay Government and the Commission drawn by the late Principal Collector for part of that Fusly are further items, which have not entered into the charges of the succeeding year. Deducting from the gross receipts on account of Salt during Fusly 1251 A.D. 1841/42 the disbursements as above particularized the Net Revenue resulting amounts to Rupees 225242-7-0 being

1250 - 122714-0-4
1251 - 93651-9-7
29062-6-9.

Rs. 3319-15-6.

only

1250 - 227265-8-4
1251 - 225242-7-0
2023-1-0

only Rupees 2023-1-0 below the Net out turn of the antecedent Fusly.

2.

Tobacco -

1249 - 54,6073-11-7.
1250 - 525853-9-7.
1251 - 527307-14-10.

The receipts from this branch of Revenue the above those of the previous year by Rupees 1455-6-3 are still considerably below those of Fusly 1249 - A.D. 1839/40 The falling off in the sales of Fusly 1250 - A.D. 1840/41 was ascribed by the Collector to the inferior quality of the article, and in the Minutes of Consultation 13th September 1842 the Board were directed to ascertain the causes of such deterioration and to report the measures adopted for its remedy. Prior to the receipts of this Extract however the point in common with others connected with the Monopoly had attracted the notice of the Board, and formed the subject of reference to the local authorities, and they had approved the plan suggested by the Collector of Coimbatore who proposed before the despatch of each consignment to forward samples of the article for the inspection of the Collector of Malabar. The sales in the Fusly under review the above those in Fusly 1250 A.D. 1840/41 are as before remarked below those of 1249 - A.D. 1839/40 but it should be borne in mind that the receipts in 1250 A.D. 1840/41 were far (49917-14-2.) greater than the average of the ten years preceding

Indent 22d Septr 1842.

preceding, that the proportion in which they fell below those of 1249 / 1839/40 was less than 4 per cent and that the demand for the

1250-1143985-0-8
1251-1292855-11-3
14889-5-5

article is of necessity fluctuating - The decrease in charges is owing partly to the smaller quantity received from Coimbatore and diminished cost of transport, and partly from no sum having been debited as Princi=pal Collectors Commission during Fusly 1251 / A.D. 1841/42 a remark which will also apply to the

1251-398042-3-7
1250-381897-8-11-
16144-10-8

charges on the other branches of extra re=venue. Deducting charges there will remain a Net revenue of Rupees 398042-3-7 being Rupees 16144-10-8 above the Net receipts of the previous year

Land Customs

3. The decrease in the gross Collections on this item Rupees 13344-11-8 falls entirely upon piece goods "partly from the change introduced into the system of valuing that article with the sanction of the Board of Revenue 5th November 1840 and partly from the diminished im=portation in consequence of the decreased demand at Bombay - There has also been a falling off in Sandalwood Rs. 2085 and Hides Rupees 1100 but Counterbalanced by an increase of Rupees 4300 in Beetel Nut and Rs. 2385 in Timber - The decrease in charges is proportional to that in Collection leaving the Net revenue from this source only Rs. 3588-11-1 below that of Fusly 1250 - / A.D. 1840/41

Net Revenue
1250-75648-6-11-

Sea Customs

1251-2725513-10-10-
1250-2647339-10-7-
7822-3-3

4 There is an increase in the gross Collections under this head of Rupees 7822-3-3 which is far more than absorbed by the augmented charge on account of Drawback being more than double of that for Fusly 1250 - / A.D. 1840/41 Mr. Conolly in his Extra Revenue Report for Fusly 1250 - / A.D. 1840/41 Para 14 in commenting on the decrease in drawback for that year in Comparison with the foregoing had prepared the Board for a Considerable in=crease on that head during the Fusly under review which he then anticipated would result partly from a large proportion of the pepper taken to Bombay in 1250 / 1840/41 not having been exported thence until the ensuing year and in part to the Number of Drawback Certificates not presented for payment until after the close of the Fusly - In the Report now under Consideration the first of these causes only is adverted to - Considering the large increase of Drawback in the fusly under report not only above 1250 / 1840/41 but also above preceding years it is to be wished that the Collector had specified how far the excess disbursement is assignable to each of these causes respectively - It is also desir=able that as a general rule claims for drawback should as far as possible be adjusted within the Fusly to which they belong - The

1248-3510-3-10-
1249-400327-7-5-
1250-229119-7-0-
1251-49197-15-5

Abkarry.

1250-58776-1-1.
11,903-6-11.

The settlement of this demand exhibits an increase above that of the preceeding year of Rupees 11,903-6-11 principally in consequence of the Cotamund arrack farm having on the abolition of the Military Cantonment been included in the Civil farm of Fusly 1251 of the demand Rupees 69,136-1-1 were realized within the Fusly and Rupees 1277-6-2 of the balance has been Collected at the date of the Collectors report. the Board observe from the Demand, Collection, and Balance sheet for January that no more has been since collected.

Small Farms Vs.

1250-70 105-2-11
1251-46004-15-8
24,100-2-4

6- The demand for small farms Vs. during 1251/1841/42 fell short of that for 1250/1840/41 by Rupees 24,100 attributed by the Collector to the Cardamom farm which was under Amanie in 1249 and 50 / 1839/40 1840/41 having been rented during the season under review. The Net revenue for Fusly 1251/1841/42 exhibits a decrease compared with Fusly 1250/1840/41 of Rupees 16683-8-7. The rent of the Cardamom farm in 1251 was Rupees 7505 whereas the sums realized by the sale of that spice under Amanie Management in 1250/1840/41 Rupees 29062 - what share of the proceeds was allowed to the Hill proprietors is not

stated, but deducting the whole charges of this branch for the Fusly or Rupees 10,483-7-4 there remains Rupees 18,578-11-10 or nearly treble the out turn of the Cardamom farm under rent - more detailed explanation should have been afforded as to this great difference between the results of the Amanie and renting system - There has been also a small falling off in the Ferry Farms and Hill produce - of the whole settlement Rupees 6-1-5 only are now outstanding -

Stamps 7.

1250-58225-11-6
1251-54025-9-10
1240-5-9-

The decrease in the sale of stamps (1200 Rupees) having been more than counterbalanced by diminished charges (2024-14-10) the Net revenue under this head evinces an increase of Rupees 807-8-4 -

Returns 8

1251-111855-7-2
1250-110927-7-1
928-0-1

The settlement of the Returns for Fusly 1251 exceeds that of 1250/1840/41 by Rupees 928 of this Rupees 92-6-3 were outstanding at the despatch of the last Monthly Statement (January) - The Board learn with satisfaction that "the revenue for this branch was collected with ease and punctuality" and at a decreased charge -

Old accounts 9- The amount of Balances outstanding

outstanding at the commencement of the Fusly under report was Rupees 47,32-2-11 of which Rupees 1155-6-11 have since been collected and Rupees 508-0-3 written off to profit and loss, leaving Rupees 3068-12-8 of which Rupees 945-14-11 are stated to be recoverable - Rs. 221-12-10 doubtful, and Rupees 1901 desperate - of this sum Rupees 1849-0-11 are due on account of the rent of the Albany and Ferry Farm for Fusly 1246 / A.D. 1836/37 - Government have already offered to exonerate the parties from further demand, on their binding themselves not to institute legal proceedings against the local Revenue authorities in the Civil Courts - The principal security it will be seen has stubbornly refused to accede to this arrangement, and his property has in consequence been more than once put up to sale, but nothing like a reasonable offer could be obtained - Mr. Conolly therefore proposes that he may be allowed to take no further notice of him, and that the Balance may be at once written off, and considering the time in which has elapsed, the little probability that his threat of recourse to legal measures is more than

than an idle menace, and the unsaleable nature of his property, the Board would recommend that Mr. Conolly's suggestion may be adopted -

The gross Collection for the

10-

Fusly under review amounted to Rupees 1250 - 1181804-10-1
1251 - 1171459-3-9
10345-6-4

15,16,613-10-2 - from which if the charges or Rupees 339154-6-5 be deducted the remainder exhibits a Net Revenue of Rupees 1171459-3-9 which the Rupees 10345-6-4 below the out turn of the preceding Fusly exceeds by Rupees 44895-7-2 the average net result of the ten years antecedent -

1251 - 1171459-3-9
average of 10 years } 1126563-12-7
44895-7-2

Ordered that a Copy of the foregoing Extract from the Boards Proceedings with the annexed Comparative Statement of the Collections, charges and Net Revenue be submitted to Government, and a transcript of the same be forwarded to the Collector of Malabar for his information and guidance -

Fort St. George 13th April 1843.

Read the following letters.

To E. C. Lovell Esqre.

Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

With reference to the
Board's instructions noted in the Margin
I have the honor to request the Board
will be pleased to authorize Ramen
=lavil Krishna Iremen the Tahsildar
of Cherikul Talook, to purchase the
Ryotwar right of the land described
in the annexed Statement for the sum
of Rupees (485-11-5) Four hundred
and eighty five, Annas eleven, and five
five, the present claimant having
signified in writing his wish to
transfer the same for the above
Amount.

There are no arrears of
revenue outstanding against this land.

Calicut, - - - - }
4th April 1843, }

(Signed) H. V. Conolly
Collector.

Fort St. George 13th April 1843.

Resolution thereon.- The Board authorize Parombelavil Krishna Menon the Tahsildar of the Ishericut Talook in the District of Malabar, to purchase the Shanars right of the land described in the Statement annexed to the foregoing letter.-

To, C. L. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

47-48

From H. V. Conolly Esqre
Collr of Malabar.

Sir,

Under instructions from Government I have the honor to request you will be good enough to cause me to be furnished with 4 Tamil Almanacs for the current year for the use of my office.-

Calicut, 6th April 1843.

(Signed) H. V. Conolly
Collector.

49

Order thereon.- Ordered that 4 Tamil Almanacs for the current year be purchased, and forwarded to the Collector of Malabar, as requested by him.-

49-50

To C. L. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

51

Sir,

From H. V. Conolly Esqre
Collr of Malabar.

I have just received a letter from

Fort St. George 13th April 1843.

from Mr. Graham my Acting sub Conservator requesting leave to resign his situation on the score of the insufficiency of the salary.- I beg to enclose copy of my answer to Mr. Graham and to solicit an early answer to that part of my letter of the 10th ultimo which treated about his salary.-

dd 5th April 1843

(Signed) H. V. Conolly
Collector

Calicut
5th April 1843

No. 1.

To Mr. Graham
Acting sub Conservator

Sir,

I wrote to the Board of Revenue some time ago, recommending that your salary should be raised to 115 Rupees per Mensem. I have written again this day to request an early answer, and wish you to remain where you are, until it is received. Under any circumstances you must naturally continue in your situation till the result of the experiment you are making, as to the proper manner of germinating the teak seed, is accomplished. This must be known one way or another in the course of another month, when, should you still wish to go, I will take the best means in my power to replace you.- As

Fort St. George 13th April 1843.

As for your difficulty about a boat I must own it surprises me, that you should not have earlier represented it to the Tahsildar or myself. I have written to the Tahsildar to procure one at once.-

Calicut, 5th April 1843 } (Signed) H. V. Conolly
Collector

Ordered that the following letter be sent in reply.-

To The Collector of Malabar

Fort St. George 13th April 1843.

To E. C. Lovell Esqre
Acting Secretary to the Board of Revenue.

(53)

From A. Robertson Esqre Collector of Madras.-

Recommending the transfer of the payment of Hussain Ally's pension of Rs. 2-8- per Mensem to the treasury of the Principal Collector of Tanjore.-

23d January 1843.

Sir,

I have the honor to bring to the notice of the Board of Revenue that Hussain Ally, who is entitled to draw from this Office a pension of Rupees 2-8- per Mensem having for some time past resided at Tanjore, his application for payment of the arrears due from 1st March 1842 was returned with an Endorsement to the effect that, if he intended to continue there, he should apply for the payment of the pension being transferred to the Treasury of the Principal Collector of the District. The annexed is Copy of a further petition I have just received from Hussain Ally and I beg leave to recommend that his request may be complied with.-

2. I submit a descriptive roll of this pensioner.-

5th April 1843.

Madras 10th April 1843. } (Signed) A. Robertson
Collector

To A. Robertson Esqre
Collector of Madras.-

The Humble petition of Hussain Ally Pensioner residing near Mannumboo Chavady at Tanjore.-

Sheweth,

That with due deference I your

your Honors poor petitioner beg. to state that I have forwarded a petition to your Honor &c under Date the 23d. January 1843 mentioning therein that I am suffering a great distress on account of debility of my sickly Constitution, with humble request to be made, my pension, which Petition was endorsed under the date of 26th January, thus "If the Petitioners intention be to continue to reside at Tanjore, he must apply for the payment of his pension being transferred to the Principal Collector of that District" which endorsed petition was reached to me on the 29th March last by the Police Ameen at Tanjore.—

I most submissively beg to state that I am under distressed state of sickness attended with frequent fainting and weakness, on which rigorous attack I find no remedy in this Country to get myself relieved from, more than my little pension, and implore that your Honor will have a greater humanity to transfer my pension to the Principal Collector of Tanjore

District

District to be made to me at Tanjore, which if granted at this place, I assure you your Honor that it will relieve me a little from the immediate starvation to which I am very often subjected.—

For which act of humanity I as in duty bound.

Shall Ever Pray.

5th April 1843
Tanjore

(Signed in the Persian Character) Hussain Ally.

Resolution.

54

Resolution thereon—

(53-54)

Resolved that a Copy of the foregoing Letter be transmitted to the Acting Collector of Tanjore who will be pleased to state whether there is any objection to the proposed transfer of the payment of Hussain Ally's pension to his Treasury.—

Read the following letters

To The Acting Secretary to the Revenue Board Fort St. George.

Sir,

From the Ag. Secy. to the Agri Horticultural Society } I have the honor to acknowledge your letter of 23d Ultimo and of despatch 3d Instant, in reply I beg to state—

Furnishing information regarding the quantity of Mauritius Sugar Cane available for supply—

1— The supply of the Mauritius Sugar Cane from the Society's Garden last year having been considerable and nearly meeting all demands, the quantity this year grown has not been so great—

55

2— With a view to meet the de=mands of those applicants who were not sup=plied last year a sufficient quantity has been produced, and within this last week we have sent to A. Mellor Esqre. Collector of Bellary 200 five Canes and 200 to John Mackenzie Esqre of Vizianagrum.—

3— It is to be regretted that but partial success has been the result of last years

years planting in the Districts, as appears by your letter— the Quantity now in the Garden itself is very small but I am happy to say that we can procure from 4 to 5000 Canes for distribution from the Ryots of Sunniumbaidoo thro' the Collector of Singleput— these Canes are grown from Stock originally supplied from the Society's Gardens— and I shall immediately put myself in communication with the Collector on the subject— With a view of meeting a fresh demand he was applied to some time back and gave promise of a Quantity being ready in this Month.—

4— We are now Cultivating some Otaheitee Cane, but three fourths of the supply received from Calcutta was destroyed by lying in the Custom House, no notice having been given of its landing— and the steamer that brought them carried on the documents which accompanied them to Suez and brought them back again.—

Agri Horticultural Society Office Madras 4th April 1843— } (Signed) F. A. Reid Acting Secretary.

To,

To The Secretary
Revenue Board.

Sir,

From the Acg. Secy. to the Agri Horticultural Society.

56

In continuation of my letter of 4th Instant, I beg now further to inform you that I shall be enabled to furnish a supply of 12,000 Canes of Excellent Growth and equal sizes, besides those alluded to by me previously.—

Awaiting your reply on the subject which, as this is the very season for Cutting, I would suggest be as speedy as may be.—

Gardens—
8th April 1843.

(Signed) J. A. Reid.
Acg: Secy. Agri Horticultural Society

Ordered that the following letters be despatched in consequence—

57

Circular.

Sir,

Circular to the Collrs of Ganjam, Vizagapatam, Rajahmundry, Masulipatam, Guntoor, Bellary, Cuddapah, Salem, N. Arcot, S. Arcot, Tanjore, Trichinopoly, Timevelly, Canara and Kurnool.

10th Jan. Cons. 23d March 1843.

The partial success which has attended the attempts made during the past season for introducing the Culture of the mauritius Sugar Cane into the Provinces subject to the Madras Presidency having in the opinion of the most Honorable the Governor in Council sufficiently evinced the benefit which may be expected to result from the further prosecution of the experiment, I am directed by

by the Board of Revenue to inform you that the Secretary to the Agri Horticultural Society will be prepared to supply you on application with from 800 to 1000 Ratoons for plantation in your district. As this is the very season for the Cultivation, you will lose no time in placing yourself in communication with that Gentleman & direct and concerting with him the measures necessary to insure the Cuttings reaching you in the most healthy condition. The Board will expect in due time a detailed report as to the progress which the Cultivation of this species of Cane is likely to make in the District under your Charge. the quantity of land occupied by it, the method of culture, and expense as compared with the native system, the quality of the Sugar obtained from it and process of manufacture, with any other information regarding it which you may deem of interest and importance.

To all districts including Kurnool except Madura, Nellore & Malabar, when Cane is not in Cultivation.

To Jungleput & Coimbatore, Cane Cultivation enough

To N. Arcot.

2— Adverting to the eagerness with which, as would appear from Para 2 of Mr. Goldingham's letter of 27th September 1842 this description of seed Cane was sought for

for by the ryots, of N. Arcot in the past season and to the circumstance that the cuttings will now be distributed to them gratuitously the Board think that the temporary reduction of teerwah on land cultivated with Mauritius Cane to the exctent of 5 Cawnies - as recommended in the concluding Para of the letter above quoted will not be necessary.—

Revenue Board Office,
Fort St. George,
13th April, 1843.

(Signed) E. C. Lovell
Acting Secretary.

To, The Acting Secretary to the
Agri Horticultural Society.

Sir,

To the Ag. Secy. Horticultural Society — 55-58

I am directed by the Board of Revenue to convey to you their acknowledgements for your letters of the 4th and 8th Current - and in reply to inform you that the Collectors of the Provinces noted in the margin have been instructed to make immediate application for the quantity of cuttings of the Mauritius Sugar Cane which they may require for experimental cultivation in their Districts, and in communication with you to concert such measures as may be necessary to ensure the arrival of the ratoons in a healthy state.—
