against Captain Campbell assistant surveyor General, but that the Sub assistant Surveyor's conduct has been very unsatisfactory.-

It therefore appears desirable that Mr. Howard should be removed as recommended by Captain Campbell but as his letter containing this recommendation was transferred to the Revenue Department

in Extract from the Minutes of Consultation 9th June last No. 2662 the question of the Sub assistant Surveyor's removal will be disposed of in that Department to which this Minute will be communicated

/Signed/ J. H. Steele Lt. Col.
Sec. to Government.

Resolved that the foregoing Extract be transmitted to the Board of Revenue with reference to the Extract from the Minutes of Consultation in this Department dated 21 June 1842, and with instructions to state without delay whether the services of Sub assistant Surveyor Howard can be made available in any of the Revenue Surveys or if such arrangements will be made in the Military Department for removing him as recommended by Captain Campbell to the Ganjam branch of the Trigonometrical

Calling for further information on the Balances due against the Rauly Estate in Rajahmundry &c.

Extract from the Proceedings of the Board of Revenue.

Extract from the Minutes of Consultation Under date the 2. June 1843

Read the following

Submitting with reference to the Extract from the Minutes of Consultation dated 10. Feb.y (Here enter last a letter from the Coll.r of Rajahmundry &c. 1843 N. 2271-

furnishing certain information called for regarding the Rauly Estates.

Para. 1. The information furnished by the Proprietor of the Rauly Estate, and from Village and different accounts, as submitted by the Collector of Rajahmundry with the foregoing proceedings, confirms the Most Noble the Governor in Council in the opinion that its resources have not been applied to make good the Public Revenue with a due regard to the just rights of Government.

Statement No. 2 Cl. 9 — The average payment by the Proprietor during the last 5 years of the sum of Rupees 38066- 8- 6. is not indicative of the effects of bad seasons or of any difficulties in collecting the rents from the Ryots at the same time

time in the two last years the sum of Rupees 12,167-2- would appear to have been disbursed in the liquidation of private Loans. This is not explained by the Collector but affords evidence of the appropriation of the Funds of the Estate to other purposes than to the discharge of the current demands of the years.

2. His Lordship in Council observes that the Collector has afforded no information of the appropriation of the sums entered in Statement No. 2. as "Remaining Collection" during the last 5 years. In Fasly 1248 the net Collections amounted to Rupees 64,030-12-6 of which only Rupees 27,988-10-5 or 44 per cent were brought to the account of Public Revenue leaving the sum of Rupees 26,042-2-1 unaccounted for; this is the more remarkable as in the following Years of the Collections amounting to Rupees 46,722-7-6 Rupees 42,522-15-7 or 91 per cent were applied to the discharge of the current Demands.

Coll. No. Letter 21st April 1843 para. 3

Rupees 13,385-3-3 is charged on account of the balances of other Estates which were sold but did not realize the amount outstanding against them. Regarding this sum there is an apparent discrepancy between the accounts submitted by the Board of Revenue in their letter of the 18th October 1838 and the Statements contained in their Proceedings of the 12th January last and the Instant according to the first of these Communications it would appear that of the five Estates belonging to Cocherlacottah Lutchmidaramah four were sold for Balances which inclusive of Interest and Charges to September 1838 amounted to Rupees 82,322-3-3 and the purchase money

being added, the total amount then due amounted to Rupees 19166 11-7 as exhibited by both the Collector and the Board and for which the Respirator of that Estate became responsible and entered into an engagement to pay by annual instalments of 5000 Rupees in addition to the Peishcush, an arrangement which was sanctioned by Government under the recommendation of the Board but without success.

Dated 2d Nov. 1838 N. 1473.

4th From the letter of the Collector recorded in the Board's Proceedings of the 12th January 1843 Balances are stated to be outstanding against three Estates Viz.t Anchentah Mawaja and Caulpaveram to the Extent of Rupees 13385-3-3. The Most Noble the Governor in Council is desirous of being informed under what circumstances an arrear is now charged against the Anchentah Estate to the amount of Rupees 3876-11-4. which was settled in 1838 for a sum exceeding the total demands then against it, or how balances which in 1838 stood at Rupees 7922-3 should have increased to Rupees 13385-3-3.

It

5th It is observed in Statement No. 1 which accompanied their Proceedings of the 4th Instant that the sum of Rupees 10886-8- is entered in the Collections as surplus amount of purchase money of other Estates sold at auction and again that Rupees 13716-3-1. are said to have been paid in satisfaction of the Peishcush on other Estates but to which Estates these transactions proper the Collector has omitted to explain.

Col. 6.

Col. 7.

6th Adverting to the demand outstanding against the Estate of Rauby on account of arrears not realized by the sale of other Estates, the Board will be pleased to state how such liability was determined, if the landed Estate is regarded as the security of the Public Revenue, and is eventually sold for the discharge of arrears of Revenue, and transferred forever from the land holder, the claims of Government against that Estate would seem no longer to exist. authority of Government has not been
withheld for writing off the balance
remaining after deducting the purchase
price of Estates bought at public sale
on its own account, and His Lordship
in Council would not be unwilling
to extend to the Rawley Estate a
similar relief on account of those
balances not chargeable on itself
unless in the opinion of the Board
there may be special grounds against
it. This indulgence may enable the
Proprietor to enter into some other
arrangement for liquidating the
arrears which would then remain
at Rupees 14.860 - 1-7 than that
now recommended by the Board
and which experience has proved
to be ineffectual. In the
mean time the Release of the
Estate from attachment will not be
acceded to.

Communicating observations and orders on the Proceedings relative to Management of the Extra Sources of Revenue in South Arcot for fusly 1251.

Relative to the Manager-
ment of the Extra Sources of Revenue in the District of South Arcot for fusly 1251 / A.D. 1841/42 (Here enter 13th April 1843 No 190)

Para 1 The subjoined Comparative

revenue derived during fusly 1251 in
the District of South Arcot from the
Extra Sources

In the sales of Salt there was an increase exceeding six thousand Rupees but from the charges for the purchase and manufacture of the article being greatly in excess of Fasly 1250 as explained in para 9. there was a considerable deficiency in the general collection. From paras 4. and 6. the Collector details what in his opinion is the sole cause of the comparatively small consumption of this necessary throughout his District viz. the cost of transport. The Government are fully alive to this important subject and after the objections taken by the Board to the Calculations the

the Collector should have any further remarks to offer, the Government are prepared to consider them.

3. The increase under the head of Sayer is attributed chiefly to a large sale of Indigo forced on the market by the necessities of the holders. the other items do not call for particular remark.

4. Although the net revenue from all sources has fallen short of the previous Fasly in upwards of three thousand Rupees, yet as there was an excess of Rupees 5302-9-9 in the charges for which there would have been a surplus Revenue as remarked by the Board the result cannot be regarded as unfavorable.

5. It must be however remarked that the net Revenue from the Extra Sources

Fasly	Rs. A. P.

1251	3,99,934-6-6

on this district has gradually fallen annually since Fasly 1247 to the extent of nearly a lac and a half of Rupees or from Rupees 5,50,874, the revenue in 1247 to Rupees 3,99,934 the amount in Fasly 1251. The subjoined comparative Statement exhibits the decrease almost wholly in the article of Salt the principal source of the Revenue in the Extra branches and the circumstance demands the serious consideration of the Board of Revenue and the Local Officers.

Stating that the Board learn with pleasure that arrangements for terminating the Government interference with the Native Religious institutions in Canara have been completed in four more Talooks of that District leaving only four Talooks in which this important measure has not yet been accomplished and desiring the Collector to explain the circumstances which have led to the selection of Trustees.

Para 1. The Most Noble the Governor in Council has learned with satisfaction from the Board's Proceedings of the 18th Ultimo, reporting the further progress made in terminating the Government interference with the Religious Institutions in Canara that there now remain four Talooks of that District in which this important measure is not completed.

2. His Lordship in Council approves generally of the arrangements, so far as a judgement can be formed from the information now submitted, and he concurs with the Board in thinking it desirable that the particulars sought by them should be laid before the Government in all cases where the property belonging to the institutions is large in amount that the Government may be fully assured, that the trust has been reposed in persons most likely to secure the interests of the Pagodas.

3. The Board will fully consider the point and if they see occasion, they will bring any particular case to the notice of Government. His Lordship in Council trusts that the Collector will be enabled to fulfil the expectation held out by the final Settlement of the Institutions of his district in the course of the Months.

3.

With regard to the Petitioner's statem
that the Tahsildar caused one Veeraswamy
to become security for the Petitioner's arrears, and
that it is from him and not from the Petitioner
that the arrears should be collected, it is nece
to observe that a security is not liable to be calle
on to discharge a debt as long as the Party for who
the security was given is forthcoming and has the
means of discharging it himself.

To the Acting Collector

To the acting Collr of Northern Division at Trt. Sir, Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 7th instant forwarding for the consideration of the Board a draft of a Moochilkah which you propose taking from the Mahant on delivering over to him the Pagoda at Triputty.

2. This document is partly of the nature of a receipt for the property of the several Religious institutions at Triputty made over to the Mahant as per an accompanying list, and partly of a contract whereby he binds himself to the Government for the due performance of all duties connected with his newly office. The Board are of opinion that an agreement of this description as between the Mahant on the one part and the Government on the other is objectionable, in the event of such contract being violated by the Mahant, the Government would be the only or at least the most natural party to sue him for the breach of his agreement, a step obviously in

inconsistent with the entire abandonment of all interference with these institutions on the part of Government Officers which it was the object of the late arrangements to effect. It is desirable therefore that the preamble to the Moochilka should be modified in accordance with the foregoing observation, and that document limited to a simple engagement on the part of the Mahant without reference to the Government. In all other respects the Board consider the Moochilka to be quite proper.

Recommending the dismissal of Venkata Row the Tahsildar of Trenomalle.

Sir,

I have the honor to request the Board's approval of my dismissal of Venkata Row Tahsildar of Trenomalle.

2. On my joining this District I found him with a bad name having in the year 1837 been unable to clear himself satisfactorily of charges of Corruption preferred before the then Principal Collector to the Govt and still bearing the character of continuing such practices.

3. I soon found that he was either unwilling or unable in consequence of suffering at times from partial blindness to perform his duties, more especially those as Head of Police, properly. In a murder case his neglect of duty was most disgraceful and my Head Assistants remarks at the time were as follows. "You state that when the Moonsiffs Cowarries and "you were sick I believe that you are always sick "whenever your duty calls you a Mile or two without the Cutcherry. Of course with an Head of Police "so lazy and negligent as yourself it cannot be "expected that the other servants will be active & exert.

Fort St. George 12th June 1843.

"escort the murderer when they see such an exam-
"as your self before them, but besides this you
"not even obey a simple order - In another mat-
case lately by the grossest misconduct the
the prisoner to escape -

4.

In September last he was convicted
before me on clear evidence of taking a bribe an
punished - should there have dismissed him
that I thought the state of his eyes and his anxi-
that I could not possibly allow him to remain
much longer would have induced him to resign

5.

I was perfectly satisfied by his conduct
before the late disturbance at Trichinopoly
inactivity at the very time - and by his giving
no assistance by his influence in the Town towa
settling matters quietly immediately afterwa
that he had from the first encouraged the pros
to act as they did in the hope that he might st
continue his power of control in the Manage
ment of the Pagoda -

6.

I removed him then from his
situation giving him 3 Months leave, still in th
hope that he would resign but as he has not done so
forced to dismiss him - for independently of infirmity
in a great measure disables him he is so habitually
and negligent besides being corrupt that his dism
seems is absolutely called for -

From A. P. Onslow Esqre Collector of Trichinopoly. } Sir,

Para 1. With reference to your letter of the 6th March last, I beg to express regret that I have not yet been able to furnish Board with a draft of a Hookoommanah. I had one under preparation for some time but the great variety of Methods prevailing in the District and the difficulty of reducing them to a system which is to admit of no change under Ordinary circumstances when once arranged render the subject full of difficulties which do not always appear at first sight and thus impose the necessity of frequent revisions besides my only Serishtadar and his Cutcherry have been up to this time engaged in the Annual Settlement.

The 1st Defendant answered stating that the ground claimed by P is the property of Government, and was g to Plaintiff in Fasly 1244 at a mas assessment of Rs 2-8-0 But no Puttah was granted for the land. T the Plaintiff commenced building a Bu on part of the ground within the limi of the Cantonment. Whereupon the Bri Commanding complained to the Collecto in consequence the completion of the buil was prevented. That the case was refer for the consideration of Government and order passed to the effect that the Gov ment right to the land could not be lenguished, and that Plaintiff was at to complete the building on the condit that it should always be available a Officers Quarters. That this order wa communicated to the Plaintiff with

That Plaintiff has contumaciously and repeatedly rejected all offers at accommodation and prayed that the suit be dismissed with costs —

The Plaintiff replied by Vakeel that the ground had long lain waste, that the Collector offered it on Mock terms to the Ryots, and Plaintiff's Durkhast was accepted, and that Plaintiff now possesses the ground on Mock terms. That the land cannot form part of the Cantonment or the Collector would not have let it on Durkhast, and that Plaintiff is unwilling to withdraw the suit without obtaining a decree —

G Authenticated copy of the Summah Sunay Chittah for the ground registered as Wuruj No 1428—

On the 23d August the Vakeel for the 1st Defendant produced before the Court an Authenticated Copy of an Extract from the Regulations of the Quarter Master General's Department section 1 Para 34. which was returned to him.

On

Fort St George 12th June 1843.

On the 5th September the Vakeel for 1st Defendant was again examined and stated that the Beriz specified in the Chittah had never been collected from the Plaintiff and therefore he could found no claim thereon to a right to build.—

The Plaintiff posesses no Mool Puttah but rests his claim solely on the roers issued by the Sub Collector that a Mool Puttah should be drawn up in his favor. The Court however cannot recognise these roers as conveying any Mool title, since the Sub Collector posesses no authority to grant Mool puttahs.

The Collector of the District being alone empowered to do so, and as no Mool puttah was ever granted to the Plaintiff it is to be inferred that the Collector did not approve of the proceedings of his Subordinate.—

The Plaintiff posesses no lease nor has he executed any Gueny chit according to his own Coulmamah, his holding of the land

land was to be only conditional and in the Chittah exhibit-G he is entered as a Cultivator- The Court is of opinion that he has totally failed to establish his Mooktair and must be considered merely a tenant at will- It was therefore incumbent on him to have obtained the permission of the Collector before commencing to build on the land- But as appears from the pleadings no such permission was ever applied for, and the Plaintiff persisted in carrying on the building in defiance of all directions to him to cease- and in the judgment of the Court has thereby forfeited all claim to compensation for any damages he may have sustained-

The Plaintiff's claim is dismissed with costs-

No. 2.

Translation of the Appeal Petition No 37 of 1842 presented by Billah Munjoo residing at Attawar in the Mangalore Talook on the 13th December 1842.-

Being dissatisfied with the decision passed by the Assistant Judge on the 14th September 1842, in Suit No. 104 of 1841, dismissing with costs my claim for the recovery of a ground yielding 15 Rupees per annum

and

Fort St George 12th June 1843.

and damages, against the defendants, 1st Mr. Blair Principal Collector, 2nd Srinivasarow Tahsildar of the Mangalore Talook, 3rd Soobarow Shereistadar of the said Talook, I beg to prefer this summary appeal, the period for appealing being too near expiring to make a regular appeal, and pray that the grounds of appeal which I will submit hereafter, may be considered with the original pleadings during the appeal investigation, and a decree passed in my favor.-

Translation of the grounds of appeal filed by Munjoo Appellant in Appeal Suit No. 37 of 1842 dated 17th January 1843.-

The grounds recorded by the Assistant Judge for dismissing my suit are three Viz. that the Collector only and not the Sub Collector is authorized to grant Moolputtah - that the proceedings of the Sub Collector were not confirmed by the Collector that no previous permission for the construction of the Bungalow on the ground in question was obtained. The

Court

Fort St George 12th June 1843.

Court however will not, I think concur in the view taken by the Assistant Judge, as the Deiz Puttah filed by me clearly shews that my Durkhast for the ground in dispute has been accepted by the late Principal Collector, and it is evident from the Gunmahbundy Chittah, that the ground was assessed and confirmed to me. It further appears from the order No. 67 issued to the Tahsildar of Mangalore on the 1st September Fusly 1244, that the then Principal Collector Mr. Venkiah consented to grant the ground on Durkhast, and confirmed the proceedings of his Subordinate, and it is clear enough from the order of the Sub Collector that it is upon the above order that my Durkast was confirmed and it was determined to give Moolputtah. All these orders have been filed by me and it will be known to the Court that were they justly considered by the Assistant Judge, he would not have dismissed the suit.

The 1st defendant has stated, and repeated in the rejoinder that he would

have

Fort St George 12th June 1843.

have allowed me to erect the building had I withdrawn the suit, in conformity to the Government orders. Were he prepared to do so, he would not have remained without passing any decisive orders upon the 4 petitions presented by me subsequent to the dismissal of the original suit, nor is there any reason for his not letting me know the orders of Government under date the 26th April and the 2d June 1842, and for his letting the suit thus remain unsettled up to the present. I have therefore made this appeal in hopes of obtaining redress, and pray that these circumstances and the original proceedings may be perused, and a decree passed in my favor.—

No. 3.

Draft of an answer to the Appeal Suit No. 34 of 1842, brought by Billah Munjoo in the Provincial Court of appeal in the Western Division.—

The Appellant states in this

appeal

Fort St George 12th June 1843.

appeal, that the orders accepting his Durkhast, together with the Beriz Pottahs granted him after a Beriz was fixed on the ground in question, are documents which support his claim to the Mooly / proprietary right to the said ground, and further, that the orders of Government authorizing him to complete the building have not been carried into effect.—

As regards the Durkhasts, the Respondent contends, that its acceptance does not, as inferred by appellant, confer any Mooly right.— Without a Mool puttah prepared in Respondents Office, and signed and sealed by him, no proprietary right to cultivable land can be established.— The appellant has no such Document to produce; and it can, therefore, be only through his ignorance of the Revenue System of the District, that he can really conceive he has any proprietary right to the land in question.— There are several thousands of Cultivators of Areas land in the District, whose Durkasts have been accepted, and being

fixed

Fort St George 12th June 1843.

fixed on the land, but to whom no Mool puttahs having been granted, they never pretend to any proprietary right to the land.—

The Appellant further maintains, that the circumstance of the Gunnahbundy Chitta having been drawn out in his name proves that the ground in question has been confirmed to him.— To this the Respondent observes, that the object of the Chittah is chiefly to exhibit the manner in which the assessment has been fixed, as the Beriz pottah is, to shew the demand due to Government, and the payments made by Sircar. They are granted equally to all holders of land paying rent to Government, whether Proprietors or Sircar Tenants, and cannot, therefore, be considered as conferring any individual right to the occupants of land.—

With respect to Appellants assertion, that the orders of Government in his favor, have not been carried into execution, nor their contents made known to him, notwithstanding the several petitions presented by him to the Respondent.— the Respondent

must

must observe, that it is entirely false
orders of Government on the subject were
communicated to Appellant in the pr

Under the foregoing circumstances the Respondent maintains that the present Appeal is groundless, and vexatious, and therefore trusts that the Court will dismiss it with Costs.-

From the Chief Secy. to Govt. transmitting copy of a letter from the Govt. of Bengal suggesting a check for preventing the delivery in excess of Salt by Vessels from the Coast and requesting the Board to submit their sentiments on the subject.

Read the following Extract from the Minutes of Consultation dated 31st May 1843.

Read the following letter

To J. F. Thomas Esqre.
Acting Chief Secy. to the Government
Fort St. George

Sir,

I am directed to acknowledge the receipt of your letter No. 114 dated the 2d February last, regarding the subject of the 2 para of which the Deputy Governor of Bengal has been engaged in a correspondence with the officers chiefly concerned.

2. The evil complained of is that the Salt Vessels from the Coast bring Salt in excess of their Manifests which must be obtained by fraudulent means, and probably by bribing the Salt Amlah of the Coast to give over weighment on exportation. The facilities for smuggling which the practice affords have been hitherto, to a certain extent, met by paying the Ship Owners the full price for all the Salt delivered whether within the Manifest or in excess of it. but to this course the Principal Collector of Nellore objects as "a direct premium on

on dishonesty both on the part of the Ship owners and the Salt Servants at Nellore and Eskapully.

3. Different suggestions are made by different officers for the prevention of the evil complained of.

First The Principal Collector of Nellore suggests as an infallible remedy that the receiving Officers here should deduct from the price of the Excess Salt the Original value at the Coast.

Secondly. The Superintendent Salt Golahs at Sulkea suggests as a much more efficient measure that a clause be introduced into the bond which is understood to be executed by Commanders of the importing Vessels, stipulating for the imposition of a fine for delivering in excess of the Manifest over and above a certain per Centage.

Thirdly. It is suggested by the Salt Board of Calcutta that a clause be introduced into the Contract with parties obtaining supplies for Shipment subjecting to confiscation all Salt in excess of the Manifest quantity over and above a

a specified per centage, say 4 per cent. The Board are at the same time of opinion that checks against the evil complained of could be best applied at Madras by measures of strict supervision over the weighment.

4. It appears to the Deputy Governor of Bengal that the third suggestion, that of the Salt Boards, will probably prove the most advisable, and if it should be adopted by the Government of Fort St. George, His Honor will on receipt of intimation to that effect give the necessary instructions to the Salt officers of this Government.

/Signed/ Fred: Jas Halliday

The Most Noble the Governor in Council desires to receive the sentiments of the Board of Revenue before passing final orders on the third proposition suggested in the foregoing communication

/Signed/ G. D. Drury
Chief Secretary.

Ordered that the following letter be submitted in reply.

To

4-5

To the Chief Secy. to Govt.

Submitting with reference to the orders of Govt. dated 31st ultimo the Bd's sentiments on a proposition made in a letter from the Secy to the Govt of Bengal with a view to the prevention of the practice of Shipping Salt upon the coast in excess of the quantity borne in the certificate.

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of the Government order of the 31st ultimo, transmitting a letter from the Secretary to the Government of Bengal under date the 10th ultimo and calling for the opinion of the Board on the third proposition therein suggested with a view to the prevention of the practice of Shipping Salt upon the coast in excess of the quantity borne in the certificate.

2. The measure proposed is "to introduce into the contract with parties obtaining supplies of Salt for Shipment a clause subjecting to confiscation all Salt in excess of the Manifest quantity". The Board are not aware of any objection which could be urged against this plan which appears to them well calculated to remedy the abuse complained of. It has not been customary to require

Bonds

Bonds or contracts from parties shipping
Salt at the Ports under this Presidency.
The Salt is usually exported under a permit
and accompanied by a certificate, a
claim to the effect above given might
be inserted in the latter document
and notice of this might be given
to the Shipper when the order for ship-
ping Salt is issued.-

In reference to the opinion
expressed in Para 3 of Mr. Halliday's
letter that "the checks against the evil
complained of could be best applied at
Madras (that is it is presumed, at the
various places of Shipment in the
Madras Presidency) by measures of
strict supervision over the weighment,
the Board must remark that they are
not aware what further precautions
could be adopted than those at present
taken by the Collectors of the several
Coast Districts. as it will seldom
be practicable to detach European as-
sistants for the purpose of superin-
tending the weighment this must in
general be left to the native officers
of the Salt Establishment and frauds
will occasionally occur, which can be
counteracted only be vigilance on the
part

part of the authorities at the places
where the Salt is delivered.-

To The Collector of Masulipatam.

Sir

I am directed by the Board of

of Revenue to acknowledge the receipt of your
In Cons.n 8.th June 1843 letter of the 16.th Ultimo reporting the arrange-
ments which you have concluded for the
adjustment of the private debts due upon
the Deevy Zemindary.—

2 The composition which you
have effected is considered to be highly credita-
ble to your exertion, and greatly to the
advantage of the Estate. In order however
that the Board may be enabled in their
capacity as Court of Wards to recommend
that the sums now agreed to be receiv-
ed in full of all demands may be
advanced from the Public Treasury,
they would wish to be favored with
your opinion as to the present resources
and prospects of the Zemindary, the revenue
which it may be expected to yield, the
improvements in irrigation &c.a which
may be introduced into it, and the
period within which the advance
now solicited may be expected to be
repaid.—

I have the honor to acknowledge the receipt of your letter dated the 25th instant, transmitting for my report a Petition from the Goomastah of the Durmakurtah of the Streepermatoor Pagoda, and to state that the Key of the Chest of ornaments belonging to that Pagodah held by the Government Officers during the period the Pagodah was under their charge has not been withheld from the Durmakurtah, as stated in his petition, that Key was given up to him prior to his signing the receipt for the property. There were however 5 other locks and Keys to this chest, one held by a Gollah appointed to the Pagodah by Mr Cooke in 1819 at the request of the Moostahdar of

of Streepermatoor, the then Trustee and Superintendent of the Pagodah, the 2d held by a predecessor of the present Durmakurtah as one of the Stalattars of the Pagodah, the 3d by Satahchurry the 1st Seestagar of the Pagoda, the 4th by the Archakas, and the 5th by Dasaroonuly.

2. The present Dharmakurtah has dismissed the Gollah, and received from him the Key that was in his charge, and he has the one belonging to his Predecessor, but his object is now to obtain the three remaining Keys, so as to have the whole of the property of the Pagodah in his own power, and requested me to take them from the parties who had them in their possession, a course I declined to pursue; those parties having been in the possession of the Keys long before the Pagodah was taken under Sircar management.

Para 1. With reference to the orders of Government under date 11th inst. last, I am directed by the Board of Rev to forward the accompanying letter from the Act Collector of North Arcot, with amended detailed ments of the lands proposed to be granted as comm for the money allowances of the Officers of certain of that District.

measures connected with the resumption of the Enams and privileges, the grant of remuneration in money instead of them, and their final restoration, it may perhaps be sufficient to refer to the report of the Principal Collector Mr. Nisbet dated 26th March 1827. Para 2 @ 28.

3. The resumption it will be seen was made at several different periods the first in fusly $\frac{12\ 13}{A.D.\ 1803/4}$ and $\frac{14}{1804/5}$ the third and fourth years of the Honorable Company's acquisition of the territory by several Gentlemen holding separate charges, with any design of acting in concert, and a remuneration in money was substituted partly at the time, and partly afterwards, regular accounts of which appear to have been first prepared and submitted in fusly $\frac{12\ 33}{A.D.\ 1823/24}$.

4. In fusly $\frac{12\ 35}{A.D.\ 1825/26}$ Mr. Nisbet under instructions which he had received in personal communication with the Board of Revenue proceeded to restore the manniums and Marah such as it was not considered

considered necessary to return to the
parties from whom they had
been resumed, or to their represent
tives, were appropriated to
increase those which were in
sufficient otherwise to afford
adequate remuneration. Certain

of about 8000 Rupees in the Chittoor

it appeared that an undue proportion
of waste lands had been entered,
which it was feared, might not afford
adequate remuneration to the Village

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 25th Instant reporting with reference to a Petition of pensioned Jemadar Ramsing 1st Regiment Native Infantry that the land which he has applied for as a Maniam and back yard for his Chaultry is part of the Jaghire of Arnee.

2. Such being the case the grant of a back yard to his building must rest entirely with the Jaghiredar but as regards his claim to the Maniam the Board still wish to be informed if the Chaultry is Calculated to be generally useful at what distance it may be from the nearest public building

building for the reception of travellers and whether in situation and other respects it is well suited to their accommodation. If the result of your enquiry on these points should be satisfactory and a piece of waste land could be found beyond the limits of the Jaghire which might with propriety be conferred on the Jemadar, the Board would be disposed to regard the claim of a meritorious retired native Officer with some indulgence as regards the circumstance of his having omitted in the first instance to obtain their sanction for the construction of his Chauttry.-

Relative to extending the cultivation of Nutmegs & spice in the Salem District, and enclosing Copies of Letters to and from the Collector of Tinnevelly on the subject.-

With reference to your letter of the 8 Instant I have the honor to annex Copies of letters to and from the Collector of Tinnevelly relative to extending the Cultivation of Nutmegs and encouraging the growth of Spices in this District.-

Of the 500 seed Nutmegs received from Mr. Thomas, I sent 300 to the Vannel Valook to be planted on the Collamalay Hills having previously sent orders to have the ground prepared according to directions suggested by that Gentleman and upwards of a hundred were sent to Mr. Brett who was at the time on the Sheravoy Hills for distribution, the plants which were formerly given to the European and East Indian settlers are generally thriving well, but the native Ryots evince a great apathy to the introduction of any thing new till convinced by experience that a profitable return may be expected.-

expected. I am endeavouring to get an account of the produce of the plants formerly received and shall forward it to the Board. I also gave 50 of the seed lately received to a Mr. Martian an East Indian recently settled near Salem as an experiment in his land below the Hills.

I may take this opportunity of mentioning that I have lately received from the Agri Horticultural Society 1000 Cuttings of the Mauritius Sugar Cane which have been planted here, and in Dindigul, and Raigepoor, Salem &c. I have given very particular instructions as to the most approved method of its Cultivation as pointed out by the Secretary of the Society and the ryots seem to appreciate the value of its Cultivation and anxious to extend it. I shall at the proper season send samples of the sugar manufactured in this District with a Statement of the quantity. I have asked Mr. Gleig if he has taken any steps regarding the introduction of Olives from Syria their transmission must be attended with considerable expence and without the previous sanction of Government I could

I shall at the same time be glad to receive any suggestions you may give me on the best method of cultivating the plant as adopted in your District as well as for the Cultivation of the Cinnamon Cloves and Cocoa, of which as well as any other part of spices I shall be glad to receive a supply.

If you can give me timely notice as to when the plants may be expected I shall give instructions to have the ground prepared and do all that I can to give the fullest effect to the experiment of rearing them.

To,
W. E. Lockhart Esqre
Acting Principal Collector of Salem

Sir,

Para 1. In reply to your letter of 9th Instant I have the honor to inform you that at present since the supply of 120 Nutmegs plants sent to Salem in January 1842 there are but very few young trees remaining and that June or July will be the earliest period it will be advisable

8748 Fort St. George 15th June 1843.

advisable to move them. If you will in the meam time select a suitable spot and have it well dug up and prepared for cultivation, the plants will have the better chance on their arrival.-

2. In reply to your enquiries I would remark that a recess amongst the Hills, sheltered from prevailing winds, with water at command, low jungle cleared, a few lofty trees left for shade from 200 to 800 feet above the plain would be the locality most resembling the "Courtallum" spice gardens, and probably most favorable; any suggestions which would be likely to be useful in the cultivation of the plants shall be sent with them.-

3. If the clove, cocoa or Cinnamon are there are no young plants fit for transmission, but as some of each kind are now being propagated a supply of each will I hope be ready early next year. In the meam time I send you 500 seed Nutmegs and a few Cocoa seeds - both should be planted (at once) in light moist mould one foot a part, ½ inch deep, under partial shade the Nutmegs ought to show themselves in about

40 days the Cocoa much sooner; no Clove or Cinnamon seed is at present procurable, but shall be sent as soon as it is.

4. The young plants of each sort should be transplanted from the seed-beds to their permanent location when about 1 year old during showery weather if practicable and screened from the sun for 30 or 30 days. One Month before transplanting the earth round them should be trodden down with the foot and left watered given and each plant removed with a good ball of earth, which if carefully done may be effected without disturbing the roots or Checking the vegetation of the plants.

5. The soil about the Courtalem gardens is good reddish mould with a great deal of decayed vegetable matter mixed and rocky amongst which the trees appear to thrive well. The "Collemalay" Hills will probably be somewhat of the same character.

Coll. of Salem reporting on the cultivation of the Mauritius Sugar cane, Nutmegs &c in that district and suggesting that the necessary measures may be adopted for obtaining thro' the Agent to Government at Alexandria a small supply both of Olive plants and seed by the steam Vessel to Madras direct, for the purpose of making the first experiment of their introduction in this country. 3 Para 1. 2d Copy in Genl. 3 Para 1. With reference to the Extract from the Minutes of Consultation of Government under date 12th January last No. 33 Jan directed by the Board of Revenue to forward the accompanying (copy of a) letter and enclosures from the Acting Principal Collector of Salem regarding the cultivation of the Mauritius Sugar Cane, Nutmegs, &c in that District.

2. Two hundred seed Nutmegs &c which had been supplied to him by the Collector of Tinnevelly had been distributed. 300 for trial on the Colemmully hill, 100 on the Sheevaroy hills, and 50 on land below the hill. The Collector of Tinnevelly had not been able yet to furnish any further supply of the young plants. The Acting Principal Collector states that those before distributed to the European and East Indian settlers are generally thriving but

but he finds it difficult to induce the Native ryots to take an interest in such experimental Culture; they appeared however better to appreciate the Value of the Mauritius Sugar cane, of which Mr. Lockhart had obtained 1000 Cuttings from the Horticultural Society at Madras, and were anxious to extend the Cultivation of it.-

3. The Collector of Tinnevelly had no plants of the Clove, Cinnamon or Cocoa fit for transmission to Salem, but hoped to be able to supply some early next year, and had been able to send only a few seeds of the latter.-

4 The Acting Principal Collector was at some loss regarding the steps which he should take to procure Olive plants for trial in the Salem District and he recommends that they should be procured from Italy in preference to Syria. The Board understand that Olives may be procured at Alexandria and would suggest that the necessary measures may be adopted for the Agent to Government at that place being instructed to send a small supply both of plants and seed by the Steam Vessel to Madras direct, for the purpose

From W. A. Morehead Esqre Sir,

Acting Dpt Collr of Madura -

In reference to the Moyen Zabitahs of the establishment required for the Ramnad Zemindary submitted on the 3d and 31st of January 1843 by the Commissioner in charge of Madura I have the honor to report for the information of the Court of Wards - that from no Police Establishment having been included in such Moyen Zabitahs I find that the whole of the peons hitherto maintained for this important duty were discharged by the Manager on the 1st of April last, and the Zemindary thus left to a great degree unprotected - why this reduction was resolved upon not being shewn in any of the correspondence connected with the arrangements entered into for the management of the Zemindary, I am led to consider the non entry of this force in the Moyen Zabitah to have been an oversight on the part of the Commissioner and I am the more inclined to this opinion, as it appears that during the whole period of the former Assumption (from 1816 to 1829) Police Peons were employed - In fact that the Zemindary until now has never been without this force -

Two (2) Police Duffadars and seventy two (72) Peons have been always maintained - and that this force has never been deemed too large a one is evident from the inclosed revised list of the Police Department prepared and signed by Mr Blackburne when he first attached the Zemindary I would therefore request that permission be at once granted to restore the Police Establishment of the Zemindary and with this view I beg to submit a Statement of the addition proposed to the Moyen Zabitah at present in force -

Sir,

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue accompanied by the Minutes of Consultation of the 10th Instno, and in obedience to the instructions therein contained, I beg leave to forward herewith a brief Statement shewing the mode adopted by Mr. Morris in the Cultivation of rice contrasted with that pursued by the Ryots in this District—

2. I trust this Statement will be considered satisfactory, but if further information should be deemed necessary, I shall be happy to reply to such other points as suggest themselves for explanation—

I have &c

Statement

Coimbatore Collr Office,
3d June 1843—

Fort St George 15th June 1843.

1

Statement Shewing the mode adopted by Mr. Morris American Cotton Planter in the Cultivation of rice contrasted with that pursued by Ryots in the District of Coimbatore -

Mr. Morris.

I beg to state that the System pursued was as follows—

1st I ploughed my land whilst moist with the common Country Plough. This though not altogether suitable, yet I think better than the American Cotton one for that kind of Cultivation - the proper implement is what is called in America — Shovel Plough —

2nd I then levelled my land in the Ordinary way as practised by the Ryots in India - after which I laid out my Drills from 16 to 18 inches apart - this was done with hoes to a depth of about 2 inches — 3rdly The rice was then sown but very thinly in the Drill at a rate of perhaps not more than half a Bushel per acre -

4th 10 or 12 days after the rice had sprung up, there was a little water let on daily - and so soon as it became strong enough, say when it began to branch the water was then let on and remained for 10 or 15 days at a depth of 3 inches after which it was let off for 3 or 4 days and was continued in this way to let on and off until the rice had matured taking care to have fresh water applied daily —

The kind of rice planted at Erode was

The Ryots.

The Rice cultivated in this District is of 6 different sorts Viz.

1. Sumbah (of 5 sorts) and 6 Months crop -
2. Peshanum - 8 Months Crop —
3. Sendalay of 2 sorts - 5 and 6 Months crop -
4. Manavarey of three Sorts 4 Months Crop -
5. Caurtekay Caus of 2 Sorts - 3 Months crop -
1. "Sumbah Paddy" This is a Small kind of Paddy much preferred by the Natives - To Sow this a Small portion of land is ploughed and manured between the 2nd and 4th of July 15 days after, the ground is again tilled and the seed

Fort St George 15th June 1843.

thickly as possible between the 24th of July and 3rd of August - This is termed "Nautoo Nadavoo" meaning in English the formation of a Nursery - During this period or while these plants are vegetating the rest of the arable land of the Farm is undergoing preparation - The land once more undergoes ploughing and levelling with a harrow - It is then ready for the reception of the plants - which are transplanted up to the 15th of October but not later - The Process of weeding commences after the 14th of November and the produce is reaped in

Fort St. George 15th June 1843.

was the Common Country in all January-
rice, and it was sown 2- "Pechanum." a small
entirely too late for kind of Paddy- This is
a fair experiment. This mode of Cultiva. cultivated precisely
tion requires no more in the same manner as
water than the Indian the Sumbah.-
System.-

3- "Sendalay." a coarse
kind of Paddy. For the
Cultivation of this the land is
ploughed and manured between
the 27th of May and 27th of June- from
the 15th to the 27th of that month, seed
is sown- The Plants are transplanted from
the 3d to the 14th of September and the produce
realized between the 2d and 21st of January-

4- "Praisee Caur." a Coarse kind of white Paddy
and "Manavaray" a similar kind of Brown
Paddy- The land is ploughed and sown
from the 27th of May to the 27th of June and
reaped about the 30th of October.-

5th "Cauntakay Caur." a Coarse kind of
Paddy- This is sown between the 15th of October
and 24th of November and produces from the 20th of
February to 11th of March.-

From the above Statement it

Fort St. George 15th June 1843.

it would appear that the Plants are generally
transplanted (with the exception of "Praisee
caur Manavaray and Cauntekay Caur which
are sown broad cast) but when a scarcity
of water is apprehended the seed is sown
and transplanting is not had recourse
to- This is however of very rare occurrence-
The implements used by the Ryots are
light and of primitive construction and
are procurable at a cost not exceeding 3
Rupees- The beds or Divisions are watered
at the time the Paddy is transplanted and
when this process is over, the land is left
to dry for 2 or 3 days- It is again watered
and continues to receive every day a fresh
supply till the plants arrive at maturity-

The Plants are considered delicate
for six weeks after they have been transplant-
ed- during which period, they are subject to
a disease termed "Kokoonoo" meaning
blight when they are liable to be destroyed
by worms- to remedy which, fresh water is let
in draining off the old entirely- ashes are also
thrown

Fort St. George 15th June 1843.

thrown over the Plants. The land is never ploughed after it has been transplanted.

Previous to concluding this account, it appears necessary to explain that for the cultivation of 5 Cawnies of Rice according to the mode pursued by Mr. Morris (the Ryots of Errode state) that a Capital of 572 Rupees and 14 annas is required, whilst for the cultivation of a similar quantity of land in the Indian mode, the Capital required does not exceed 173-8-4. The data upon which these calculations are founded, and already in possession of the Board, and upon further enquiry, I am borne out in the belief that the Estimate is a near approximation to the fact.—

+ This estimate is made with reference to the American Ploughs now being used—

Ordered that the following letter be submitted with the following address.—

(49-50)

To, The Chief Secretary to Government

To the Chief Secy. to Government. Submitting with reference to Para 4

Sir,

In reference to the Minutes of Consultation under date the 10th April 1843, I am directed

Fort St. George 15th June 1843.

to the Extract from the Minutes of Consultation dated 10th April last a letter from the Pr. Coll. of Coimbatore with a statement in which the mode adopted by Mr. Morris in the Cultivation of rice land is contrasted with that pursued by the Coimbatore Ryots with the observations of the Bd. on the subject.

3d Cons. 15th June 1843

directed by the Board of Revenue to forward to you for submission to the Most Honorable the Governor in Council the accompanying Communication from the Principal Collector of Coimbatore furnishing a Statement in which the mode adopted by Mr. Morris in the Cultivation of rice is contrasted with that pursued by the Coimbatore Ryots.—

2. The method followed by Mr. Morris is that described in a letter from him to Dr. Wright, forming an enclosure in a Communication from the Principal Collector of Coimbatore under date 30th September 1842, which was forwarded to Government with my letter of 9th March 1843.

Cons. 20 Oct. 1842.

The rice cultivated by the Natives is divided into 5 Classes of which three are from 6 to 8 Months Crop, and are usually transplanted, the remaining kinds are of a coarser description of 3 and 4 Months Crop, and do not require transplantation. The sort raised by Mr. Morris was of this latter species and the only difference between his mode of Culture and that pursued by the Natives

Fort St George 15th June 1843.

natives seems to be that his seed was sown in drills and theirs sown broadcast and therefore that less seed would be required by the former system.—

3- Whether the American method would be equally successful if applied to the hill kinds of rice which are usually transplanted under the native mode has yet to be determined - The Board do not apprehend that the amount of produce would be less - It would however appear that more water would be required under this system as the plants instead of being confined for two Months to a small plot not more than 1/8th or 1/10th of the field into which they are to be afterwards removed, would be at once sown in drills in the field itself the whole of which would require irrigation from the first - The method of not transplanting would undoubtedly save labor, but this in Indian agriculture is an article of less importance than water.—

2.

Referring to items 5 and 6 of the Statement of the Collector of South Arcot His Lordship in Council trusts that the actual necessity of those charges has been duly considered, and that they have not been estimated merely on the ground of similar disbursements made in the preceding year, and he requests the Board to instruct Collectors generally to specify in future in their Estimates of charges on account of Extra Establishments the dates of Correspondence (if any) in which the employment of such Establishments may have been authorized and also to explain whether a necessity for the charge in each case still continues.

3.

For the reasons stated in Para 2 of the Extract from the Minutes of

Fort St. George 19th June 1843

of Consultation of the 11th of April 1843 No. 39, His Lordship in Council further directs that proposed disbursements on account of Extra Establishments be not in future blended with other Extra charges, and with a view to enable Government to judge of the amount of expenditure as well as of the necessity of such Establishments in the Provinces he desires that the Board will obtain from the Collectors separate Statements of the same, specifying the annual charge and the particular purpose for which the Establishments are required, and submit them with an abstract prepared in a form best adapted to afford the requisite information at one view

a deficiency arising from some delay in making the Collections, and to which the Collectors attention has been properly directed there was an increase in each of the other Sources more in the article of Salt which is the principal Source of Extra revenue of the District. As the Board of Revenue have entered into a detail of the Causes which produced these favorable results the Most Noble the Governor in Council does not consider it necessary to say more on the present occasion than to express his satisfaction with the general outturn, although he observes that it is considerably below the Net revenue of recent years.

the Wars with Hyder Ally. In recom=

it. The land was under resumption at

DESPATCHED 23 JUN 1843

at the time of Mahomed Moorad's death which appears to have occurred about the beginning of this century.

4 Mahomed Moorad had two sons Ahmud ally and Ameen Bodeen Alee and two Daughters. Nahanee Bhee and the Petitioner. Nahanee Bhee died without issue. Ahmud Alee died in 1796 leaving two sons.

5 In the year 1805 Ameen Bodeen Alee who was then at the head of the family obtained from the British Government the regrant of the Inam. A copy of the Sunnud conveying it to him dated 25th October 1805 is annexed. It appears from the wording of it that though the land was granted in the name of Ameen Bodeen Alee it was granted for the support of his father's family and not as a recompense of any services performed by Ameen Bodeen Alee himself. The brothers and sisters of Ameen Bodeen Alee had in my opinion an equal right with himself to participate in the benefits of that Inam.

6 It appears that Ameen Bodeen Alee who had not only this Inam

Inam land but also a pension of 50 Pagodas a month which ceased at his death, used to allow his sister the Petitioner 13 Rupees a month. At his death which occurred about 1815 a dispute arose between his sons and the Petitioner regarding her allowance. She sued the eldest son in the Zillah Court at Chittoor, but in 1817 the suit was compromised. the terms of the compromise being that she should receive an allowance of 10 Rupees a month on account of her claims to share in the Inam. This sum she has received up to the present time.

7 The Parties now living who have a claim to share equally in the Inam are three viz. the Petitioner, her nephews the sons of Ameen Bodeen Alee and her nephews the sons of Ahmud Alee. Of these three parties the sons of Ameen Bodeen Alee have been in exclusive possession of the Inam land since their father's death, and make the same allowance in money to their cousins the sons of Ahmud Alee which they make to their aunt the Petitioner.

8 The Petitioner has in my opinion a fair claim to a 1/3 share

8801 Fort St. George 19th June 1843.

in the Inams. The value of it each year depe
on the extent to which the land is cultiva
and this is liable to vary annually with
the seasons. The assessment on the land i
Rupees 1302 8 as and if the whole of it w
every year under cultivation that might
be about the value of it to the Inamdars
and the Petitioner would be entitled to
third of that sum or about Rupees 36 a
month. But it is to be considered that
the profit derived from the land would
never exceed the sum above quoted and
would often fall much short of it. That
the Petitioner's present allowance is fixed
and also that she is relieved from all
the trouble of Management. I do not there
fore think she has much reason to
complain especially as her present ab
=lowance is what she herself in 1817 p
=sented to receive in lieu of her claims.

9

The Petitioner's claims are
cognizable by the Civil Courts. They have
already been brought before a Civil Court
and may be brought before it again
It is possible therefore that if the Govern
=ment now interferes its orders and the
decrees of the Courts may be in opposition

From the Acting Principal Collr of Salem relative to the proposed subdivision of the Leggadavoo Mootah

Sir,

Para 1. My attention has been drawn by the accompanying Petition to the Board's letter dated 23d December 1811 relative to the proposed Sub Division of the Leggadavoo Mootah which I regret to see has been so long unanswered

With reference to the 2d Para requiring explanation regarding the Settlement for each year corresponding exactly with the demand, I have the honor to state, that the lands attached to this Mootah being good, and their assessment low, they are at all times taken up and disposed of by the Ryots without loss. The Mootahdars have given Cahyeem Pottahs to some of the Ryots upon fallow assessment and to others for the term of one year when lands are left uncultivated, the Mootahdars allow no remission, but collect the full teerwah fixed whichever from the favorable terms of their holdings they,

8808. Fort St George 19th June 1813.

they are enabled to pay without leaving any balance, as they are permitted to pay Poonjah teerwah for lands converted into either Nunjah or Bagayet by means of Wells erected at their own expense for these reasons the amount of Beriz continued the same without any change. The lands attached to the 4th Division, are not dependent upon the Sgoondacottapully tank for irrigation, the Ryots having private Wells on their own lands, and the Ajacent lands under the Tank are fully Cultivated in the year, hence no difference is shown in the Beriz for the period in question. Under these circumstances the Sub division Accounts of the Pootoor Mootah cannot be compared with the present. In that Mootah, the actual Collection Accounts were not prepared at the time the Curnums attended for the Sub division, but previously from the Mootahdars' Accounts, which were found correct afterwards on comparing them with the original Accounts obtained from the Mootahdar, the Tahsildar also having reported that they agreed with the Accounts obtained from the Curnums

Soobiah

2. Soobiah and Seetaramiah are Brothers, as are also Venkataramiah and Audeenaraniah. In the Register of the Mootah Soobiah posesses 9/16 share, and Venkataramiah 7/16 which they continued to enjoy until their brothers disagreed, when Soobiah gave 2/16 share from his portion to his brother Seeta=ramiah, and Venketramiah gave a similar share to his brother Audeenaraniah. Moo=chelkas were given by the parties to this effect and the Sub division Statements were pre=pared accordingly, in which however a trifling difference will be observed in the Beriz - the cause is that in the average of 9 and 10 years of actual Beriz, the centage of profit in the 2d Division is Rupees 59 26/64; and in the 4th Division Rupees 32 7/64. There was much Anaudy Punjer and Parumpoke lands in the Villages belonging to these two Divisions, which were brought into Cultivation afterwards - for these reasons the actual Collections are high -

3. Although the Sub division of Soobiah's share was made by a Decree of the Zillah Court, and that

of Venkataramiah's in compliance with his own request, there can be no doubt of those to whom the 2d and 4th Divisions are to be transferred consenting to the present Sub division, they have given Moochilkas to the effect that they would pay their respective Kists with regularity -

Under the above ex=planations, I trust the Board will sanction the Sub division of the Mootah -

To the Prin.l Coll.r of Coimbatore. Communicating observations and orders on an application from Ramasawmy Moodelly Head Sheristadar for his Extraordinary allowance during the period he was employed in the Revenue Settlement of this District.

Dated 5th June 1843.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 27th ultimo submitting an application from Ramasawmy Pundet your Head Sheristadar to be relieved from two retrenchments of his Salary made by the Civil Auditor.—

The first charge retrenched is on account of the Sheristadar's Salary from the 16th December 1841 when he quitted the Masulipatam District to the 31st January following when he joined your Cutcherry.— The Salary Head Sheristadar Appoo Row having drawn

Fort St. George 19th June 1843.-

drawn his pay up to the 5th January 1842, the
concessions of Ramkristna Pundits same for
a period prior to that date would constitute
a double charge, and the Board are there-
fore precluded from recommending it
to Government, there appeared however no objection
to his receiving the same rate of Salary which
he had been drawing as Sheristadar of Pulla-
=vulliputtam from the 5th of January the date
on which the situation of Head Sheristadar
on your District became vacant.-

With respect to the second
charge retrenched, it appears to have escaped
your notice that the Several Curtailments of
Government was made by the Board to entitle the
Sheristadar to the increased Salary, and it
will be better to submit a separate applica-
=tion in his behalf in which his services
should be specified, supported by your
recommendation in his favor, but as
Ramkristna Pundit would not have
been allowed the increase of
Salary as Head Sheristadar
of Mahulipatam, the Board are
of opinion that he cannot be recommended

to receive it for any date prior to his
joining your District.-

In obedience to the instructions
of the Board contained in the Extract
Proceedings dated 30th ulto
from their Proceedings dated 30th May
1842 in reference to the appeal of Pallaney
Cowlenamy of the Village
of Pottanadaypauttam, I have the honor to
state for their information that a further
examination of the case has been made - the
result of which is as follows.-

The Appellant stated

1st
that none of the three Complainants who
are said to have bribed him in the same
of 150 Rupees, to have the Assessment
of their lands reduced from full to one
half of the amount, had any waste land

in

Fort St George 19th June 1843.-

in the Village praying full demand,-
but this statement is contradicted by fact-
A reference to the records would prove
that the lands held by the Complainants is still
as others on payment of three-fourths
of the Survey Assessment were charged
in Fasly 1250 with full demand as
stated in para 10 of the Report on the A.D. 1840/41.
Land Revenue Settlement of that Fasly-
and further the Proceedings connected
with the case shew that the Appellant
received the bribe in question previous
to the levy of full rent in Fasly 1250
A.D. 1840/41
by holding out a promise of gaining
some undue advantage to the Complainants.-

3 With regard to the State-
-ment of the Petitioner that he was con-
-fined to his bed from illness at Coimbatore
at the time he is accused of having received
the bribe, I would remark that one of the
three witnesses acted by the Appellant
is dead- the other two were examined,
and their evidence goes to corroborate
the Petitioner's Statement in this point-
It differs, however, from the Evidence
given

Fort St George 19th June 1843.-

given by the Native Doctor who is stated
to have afforded medical aid to the appel-
-lant- They agree with each other, as to
the exact date, on which the Appellant is
affirms that he was ill at Coimbatore-
a point, which could hardly be recollected
after the expiration of two years from the
date of occurrence- This nicety of memory
coupled with the circumstance of one of
the witnesses being a near relative of the
Petitioner induces a great mistrust of their
Evidence- The Petitioner further states
that he was on a former occasion fined 10
Rupees in a charge of having received a
bribe of 12 Rupees from Venkatachellum
one of the three Complainants- and the Board
in para 5 of their Proceedings remark that
if so it was the case "it is certainly not pro-
-bable that the Appellant would again have
received a bribe from this same individual-
The Statement of the Petitioner so far as
it goes to say that he was fined 10 Rupees
is correct, but I would observe that the
payment of 50 Rupees took place
previous to the 2d Charge- and why it

was

Fort St George 19th June 1843.

was not complained of during the examination of the latter case, I have no means of ascertaining. It may however be attributed either to the ignorance of Venkatachellum or to the circumstance of the bribe of 50 Rupees, having been given collectively, and not by him alone.

5. One of the Complainants who was not examined by Mr Goldie was now summoned and placed upon his trial. He denies having bribed the Appellant, but this appears to be a precaution to his statement from the fact of his having admitted the payment in the enquiry before the Tahsildar.

6. With reference to the orders of the Board in the concluding part of the Proceedings under reply, to report whether I concur in the decision of the Assistant Collector, I have merely to state, that it was passed without examination of the witnesses on the part of the appellant, and with this condition, cannot be considered a complete enquiry - but as a re-examination at this late period is impossible

Fort St George 19th June 1843.

impossible, and as no doubt exists as to the proof of bribery committed by the Appellant, I would recommend that the decision of Mr Goldie be not set aside, and that, in consideration of the Petitioners having been kept out of employment for so long a period (which appears to be a sufficient punishment) that he be restored to his former Office of Curnum.

7. I have to apologize to the Board for the delay which has taken place in this case, and which is solely owing to the non-attendance of the Parties at my Office who were called no less than three times but were unable to attend from illness.

8. The original Papers connected with the case are returned herewith.

Sir,

Soliciting further orders on the subject of the land in dispute between Malabar and Coimbatore.

Dated 30th May 1843.

I trouble the Board on a matter in which they have passed a deliberate, and in its intention, final order, but with reference to the enclosed copy of a letter from my Head Assistant, I am compelled to solicit further

8824. Fort St. George 19th June 1843.

orders on the subject of the land in dis-
pute between Malabar and Coimbatore,
which was treated of in the Board's Proceed-
ings of the 11th Ultimo.

The Board have decided
that the tract shall continue in the occupa-
tion of the Coimbatore Ryots and the Mala-
bar claimant the Colungode Nambide be
left to establish his right in a Court of
justice but it would appear from Mr. Silver's
statement that the only ground undoubtedly
occupied by the Coimbatore people is situated
on the outskirts of the Forest, and that the
Forest itself the only tract it may be observed
of any real value is in the actual possession
of the Colungode Nambide.

Mr. Silver's opinion based
as it is on personal inspection and research
is clearly worthy of much weight, and it
is strongly corroborated by the fact which
he mentions in his last para, that land
Custom Duty has hitherto been levied in
the Malabar frontier Custom House
on all Teak timber taken to Coimbatore
from the tract in question.

Sir,

1. I have had the honor to receive your Malayalum Memorandum under date the 26th Instant transmitting copy of an Extract from the Proceedings of the Board of Revenue, dated 11th May 1843, on the subject of the disputed tract of Jungle land, on the S. E. frontier of this Province.

2. In conformity with your instructions I will apprize the Numbide of Calungode, of the decision of the Board of Revenue, leaving him to Establish his claim in a Court of Adawlut and I would further beg to submit a few remarks on the points noticed in the Board's letter.

3. As I am not aware of the objections entertained by the Principal Collector of Coimbatore to my report on the boundary line, I can say nothing on that subject. The boundaries appeared to me to be very plain and were corroborated by both the Maps sent to me.

4. Mr. Broughton seems to assume that the whole of the disputed land is in the actual possession of the Coimbatore

8826. Fort St George 19th June 1843.

Coimbatore ryots but on this point I would beg to observe that on my inspecting the localities last year, I observed places here and there on the outskirts of the Forest where the Jungle had been cleared, and "Sanie" and "Chalum" raised, and these spots were undoubtedly in the possession of Coimbatore ryots but as regards the Forest land in the vicinity of Attam Puthy, I apprehended it was then, and is now in the actual possession of the Numbida Calungode.

5. Further I would beg to observe that Land Custom duty has been hitherto levied in the Calungode Custom House, on Teak Timber felled in the vicinity of Summanam Puthy and Attam Puthy. I have given Directions to ascertain what quantity of Timber may at present remain at these places, and on which duty has not yet been levied and I would beg to request your instructions regarding it whether I am to permit it to be taken away to Coimbatore and the Eastern Districts without a demand of custom duty.

2. The orders of the Board were that pending the issue of a Judicial process the land should be continued in the possession of its present occupants a principle under which the temporary adjustment of the question does not seem to present any difficulty. The extent to which the land in dispute is in the occupation of either party is a matter of fact which can be determined only by the local authorities. 6. As regards the lands which lie fallow and are referred to in the present statements each of the Collecting Conicopillays having furnished a return containing

containing all necessary particulars, the Amildar on this Establishment was instructed to inspect every spot for the purpose of ascertaining whether the recovery of the balance outstanding against it was not impracticable either from inferiority of soil or from the want of facilities of irrigation. The correctness of their separate reports was verified by a reference to the statements adverted to in Para 3. above, and they were again checked by an examination made by the Nail Sheristadar. In the case of the items amounting to Rupees 6496-7-10 which are not included in these statements the Nail Sheristadar was more particularly required to inspect in person, the different spots to which they have reference and the result of his enquiry was found to be fully confirmatory of the reports of the collecting Conicopullays and Amildar.

7. An enquiry conducted on nearly the same principle in regard to the arrears outstanding against the unoccupied Houses has enabled this office to ascertain duly that they are wholly irrecoverable. With
