Fort St. George-

50

From the Collr of Masulipatam 3

Requesting authority for the employment of 6 Goomastahs on a Monthly Salary of 14 Rupees for the period of 2 Months, for preparing the Sub Divisin accounts of the Nedadavole Zemindary.-

Para 8.-

Sir,

Para 1.- With reference to my letter of the 23d Ultimo, relative to the transfer of a portion of the Nedadavole Zemindary to the Nozeed zemindar under the Ranzeramah entered into by the respective zemindars, I have the honor to bring to the Board's Notice the present unfinished state of the Subdivisin Accounts preparatory to the determination of the Permanent Assessment on each of the portions to be separated.-

2. It will be observed from Mr Grant's letter dated 5th February 1840, that he gave orders for the preparation of accounts of 9 years commencing with fusly 1239. The accounts have not yet been prepared owing to other numerous and important duties on which the Talook and Huzzoor Establishments have been employed, and I conceive that unless some Extra aid is afforded, the accounts

10474 Fort St. George 20th July 1843.-

accounts will not be finished for a considerable time, nor without much interruption to current business, now that it has become necessary to prepare them for 12 years, from fusly 1240 to 1251.-

3. I therefore request that Sanction may be granted for the employment of 6 Goomastahs on a Salary of 14 Rupees each per month for the period of 3 Months, the charge amounting in the aggregate to Rupees 252.

Masulipatam Zillah

Resolution thereon.

50-51

Resolved that the foregoing letter be submitted for the orders of the Most Noble the Governor in Council. Under the Circumstances Stated by the Collector the Board recommend that Sanction may be granted for the employment of Goomastahs on a Salary of 14 Rupees each per Month for three Months, for the purpose of preparing the Subdivision accounts of the portion of the Nedadavole Zemindary to be transferred to the Nozeed Zemindary.-

Sir

With reference to the correspondence noted in the margin I have the honor to report that the Vakeel of Mulrauze Zemindar has represented to me that warrants have been issued from the Provincial Court of Appeal for the Northern Division for the distraint of her property in satisfaction of a decree in favor of the Navab of Masulipatam and for confinement of her person in satisfaction of a decree in favor of Poottory Coovalramiah, and that I have therefore addressed a letter, of which I transmit a Copy, to the Acting Assistant Judge of Guntoor, requesting him to communicate the circumstances in which Lutchmiah's affairs

Fort St. George 20th July 1843-

affairs are now placed to the Superior Court with a view to postpone the execution of the Warrant. I beg to suggest that a similar Communication be made to the Sudr Udawlut. The Vakeels of the two Creditors abovementioned have not yet agreed to any compromise -

To
H. Wood Esqre
Acting Assistant Judge
Guntoor-

Sir,

The Vakeel of the Mulrazze Zemindar Lutchmiah having represented to me that warrants have been issued from the Provincial Court of Appeal for the distraint of her property in satisfaction of a decree in favor of the Nawab of Masulipatam, and for the confinement of her person in satisfaction of a decree in favor of Pottoory Roosahramiah I have the honor to state that the said Lutchmiah having temporarily surrendered her Zemindary into the hands of Government in obedience to the orders of the Court of Directors together with a Statement of her liabilities and assets into

Fort St. George 20th July 1843-

into which an enquiry has been directed by the Board of Revenue, to appears proper to submit that the said warrants should not be carried into execution until the pleasure of the Government may be known. A copy of the Correspondence noted in the margin on the subject is forwarded herewith. The two Creditors abovementioned have been requested to move the Court to stay the execution of the warrant, but as there may not be time for them to do so, I beg you will if you feel at liberty, communicate the circumstances I have mentioned to the Provincial Court, and postpone the execution of the warrants.-

Collector-

Order that the following letter be sent in reply:-

56-54

To The Collector of Guntoor.

To the Collr in the Ceded Districts of Guntoor

Sir

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 12th Instant reporting

Affixing of the communication made by him to the Sg. Assistt Judge.

Entered 20th July 1843

Judge of Guntoor regarding the warrants issued by the Northern Provincial Court against the Mulrauze Zemindar conveying instructions to him on the subject & stating that the Board hope to learn at an early period the result of his enquiries regarding the debts due by Mulrauze Lutchmiah & her claims upon other parties.

Fort St. George 20th July 1843.

reporting that the Vakeel of the Mulrauze Zemindar has represented to you the issue of certain warrants against her by the Northern Provincial Court at the instance of the Nabob of Masulipatam and one Pettory Coosalramiah, and submitting the communication which you have made to the Acting Assistant Judge of Guntoor on the subject.

2 The Board approve of the steps which you have taken; in place however of a direct application from them to the Sudr Adaulut, they are of opinion that it would be more in accordance with the regular course of procedure, that you should instruct the Government Vakeel to present a motion to the Provincial Court for the Northern Division, explaining the present position of Mulrauze Lutchmiah and the Measures now in progress under orders from the Honorable the Court of Directors with a view to extricate her if possible from

Fort St. George 20th July 1843.

from her public and private embarrassments, and requesting that the operation of the writs recently issued against her person and property may be stayed, until time shall have been afforded for ascertaining the nature and extent of her claims and liabilities, and the arrangements which may be effected for their adjustment. Should opportunity offer you will also communicate with the Nabab of Masulipatam and Pettoory Coosalramiah, and without in any way committing the the Government to a recognition of their demands, point out

10481 Fort St. George 20th July 1843.

to them the inutility and impolicy of the extreme measures to which they have had recourse.-

3. The Board do not doubt that the debts due by Mubauze Lutchmiah and her claims upon other parties, are at present engaging your attention and will be happy to learn the result of your enquiries at an early period.-

(Signed) E.C Lovell
Acting Secretary.

Read

10482. Fort St. George 20th July 1843

Read again letter from the Collector of Bellary dated 22nd ultimo and entered in Consultation 3 Instant.

Ordered that the following address be submitted with the abovementioned letter and the previous correspondence on the subject.-

To The Chief Secretary to
Government

Sir,

55

To the Chief Secy to Government.

Submitting with reference to the Extract from the Minutes of Consultation dated 21st January 1843 a correspondence with the Collector of Bellary respecting the measures to be adopted for cleansing the Streets in the most populous towns of that District and recommending the plan suggested by the Collector to the favorable consideration of Government.

Para 1. With reference to an Extract from Minutes of Consultation under date 21st January 1843 I am directed by the Board of Revenue to forward to you to be laid before the Most noble the Governor in Council the accompanying correspondence with the Collector of Bellary respecting the measures to be adopted for cleansing the Streets in the most populous towns of his district.

2. From this it will be seen that the number of Towns in which Mr. Meller proposes to support a Scavenger establishment is ten, for which 6 Carts and 18 Scoopers will be required at an annual cost including bullocks and implements of 1815 Rs. This however is exclusive

Fort St. George 20th July 1843.

exclusive of the small establishment at present kept up in Bellary under the control of the Superintendent of the Military Police consisting of 2 Flat form Carts supplied by the ordnance department 4 Bullocks and 2 Drivers from the Public Cattle, and 4 Sweepers at 3½ Rupees each, Monthly, paid by the Commissariat, aided by 8 convicts allowed by the Zillah Judge. It will further be necessary to add four Carts viz 1½ two for Cowle Bazar and two for Bruncpet to those now maintained at Bellary which are not included in the above estimate would if hired involve an extra charge of 48 Rs per Month, it would appear however from Captain Rowlandsons letter that they may be supplied from the Public establishment at little or no additional expence. The Board would beg to suggest that a reference to made upon this point to the Commissariat authorities.

3 The Motorpha and other duties borne by the inhabitants of the Towns into which the measure is to be introduced being at present

heavy

Fort St. George 20th July 1843.

heavy the only persons on whom in the opinion of the Collector any additional impost could be levied are the merchants and handicrafts residing in the General Military Cowle or Bazar of Bellary who (a few weavers excepted) pay no tax in consequence of their having been included in the Military Register. The proportion of charge included in the present estimate for cleansing the Military Bazar which these parties inhabit amounts to Rupees 131 per annum.

It will however be observed on reference to the correspondence quoted in the margin that the Government in 1823 recognized the title of these parties to exemption from all Motorpha and Veesabuddy taxes on the grounds of their liability to follow the Camp, and furnish supplies to the Troops on line of March or in active services.

To Govt 29th May
From Govt 24th in Cons 26th June

4 The principal Towns in the Province of Bellary have for some years past been continually exposed to the ravages of Cholera (which it appears from the Collectors letter of 11th instant submitted to Government

In Cons 20th July 1843.

is

Fort St. George 20th July 1843

is now raging with violence in the District) and other malignant Diseases which if not altogether caused have unquestionably been greatly aggravated by the filthy condition of the streets, and the absence of any establishment to ensure their being effectually cleansed. The plan now suggested by Mr. Mellor will, it appears to the Board as far as it goes, be productive of great public benefit at a very moderate cost, and they consequently beg leave strongly to recommend it to the favorable consideration of Government.

Stating that the Cholera has broke out with such violence in some parts of this District that he has been com-

Sir

I regret to inform the Board that the Cholera has broke out with such violence in some parts of the District, that I have been compelled to

Fort St. George 20th July 1843.

compelled to have recourse without further reference to the permission granted by the Board in their Proceedings dated 27th February 1843.

have recourse, without further reference to the permission granted by the Board in their Proceedings dated 27th February 1843.

2 I have at the suggestion of Dr. Edgcome sent out Medicines to the remote Talooks, and the Superintending Surgeon has supplied two Dressers to the Towns in the more immediate neighbourhood Roopanagoody, Gonnor, &c. I have also authorized one or two Amildars to whom Medicine has been sent to entertain Native Doctors to administer the same on a Monthly Pay of Rupees 7. The Superintending Surgeon informs me, that the Pay of the Native Doctors is Rupees 17 each per Mensem as their pay is large and from being strangers their aid not so readily accepted as could be wished, I do not intend to employ them longer than absolutely necessary. Dr. Davidson proposes that Opium in small quantities should be sent to the Amildars and given out by them to applicants for the same, whose families are attacked by Cholera as it is well known that the

the Drug is efficacious and that the natives will take this Medicine where they refuse all other. I have sent out with the Medicine, instructions in the Native language as to the mode in which it should be administered. Gooty is as usual attacked by the disease, and the amildar of Yadeky reports that some of the Villageas of that Talook are almost depopulated by it. The disease is rife among all Clapses, the Peishcar of the Gooty Talook an old Servant of the Government was one of the first victims. Rain has fallen and no satisfactory cause can be assigned accounting for the sudden appearance of this fatal scourge of the District.

Read the following letter.

To

E. C. Lovell Esqre

Acting Secretary to the Board of Revenue

Fort St. George.

(68) From the Ag. Coll. of North Arcot — Report on the accompanying Petition No 436 respecting the decision of the Pension to Rahatoonisah begum alias Sippoo Beebee —

Sir,

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 29th May 1843 forwarding for report the accompanying Petition —

2. From the year 1824 to 1839 the division of the Pension to which this Petition relates was constantly under discussion before the Collector of this District the Board of Revenue and the Government —

3. On the 12th March 1839 the Government "under the authority of the Government of India" passed a final decision on the several claims set up and directed the Board of Revenue to intimate to the Parties concerned that as the arrangements then ordered had been made after the fullest consideration of their claims further Petitions on the same subject would not be noticed —

4. The Petition to Government now

† No 365 Extract from the Minutes Consultations 12th March 1839.

* Petition

Fort St George 20th July 1843.

now forwarded to me for report not only on appeals against the manner in which the final decision of Government has been carried into effect by the Collector but also against the justice of the decision itself- On the latter point I conceive that I am not called upon to express any opinion, and shall therefore report only on the manner in which the decision of Government was carried into effect as regards the Petitioner.—

5. The Government in their Resolution of the 12th March 1839 ordered that a Pension of Rupees 250 per Mensem which had been enjoyed by the late Herasut Khan and afterwards by his son the late Jaffier alykhan should be continued to the undermentioned members of the family in the proportions specified opposite their names—

Rahatoo Nissah alias Tippoo Beebee Daughter for the support of herself and the Grand Mother Muctoom beebee	Rs 120-0-0
Hader khan Grand son of Herasut khan	15-0-0
Navaz beebee Niece to Jaffer ally khan	9-0-0
Nowjah beebee Do	9-0-0
Amshah beebee Grand Niece	6-0-0
Total Rs	159-0-0

Fort St George 20th July 1843.

2. "The remaining sum of Rupees (91) Ninety "one, His Lordship in Council desires may be allowed "to accumulate in deposit and given to the "Daughter Tippoo beebee on her Marriage after which it will lapse to Government—

6. In 1842 the Petitioner Rahatoo nissah Begum alias Tippoo Bbee petitioned that her pension might be paid to her in Madras instead of in this District- As the Petitioner had been pensioned jointly with Muctoom Beebee it became necessary if they separated that their joint pension of Rupees 120 per Mensem should be divided- The Collector accordingly informed the Board that he had divided the joint Pension of the Petitioner and Muctoom beebee with reference to their circumstances, assigning Rupees 80 to the Petitioner and Rupees 40 to Muctoom beebee- The Petitioner having appealed to the Board against this decision and claimed the whole amount, the Board called on the Collector for explanation and in reply he explained the reasons of his having divided the Pension in the proportions above stated viz. that the Pension was granted jointly to Muctoom Beebee and the Petitioner that Muctoom

Letter from Board to the Collector of North Arcot 2nd June 1842 — Vol — Vs 11th July 1842.

From the Collr of North Arcot to the Board 21st July 1842- Extract from the Proceedings of the Bd of Revenue dated 1st August 1842-

† To the Board 12th August 1842-

† From the Bd to the Collr of N. Arcot dated 1st Sept 1842

† From the Collr to the Bd dated 8th October 1842-

10499

Fort St. George 20th July 1843.

Muctoom Bebee was Mother-in-Law to Herasut Khan Petitioners Grand father, and was also Guardian to the Petitioner, and that the Pension had been granted by Government jointly to her and to the Petitioner. With regard to the Petitioners allegations that Muctoom Bebee had no right to share in the pension because she had not had a separate Maintenance during the life of Jaffier alykhan the Collector observes "the Petitioner states in the Petition No. 1356 that Muctoom bebee had her Meals in Jaffer alykhans' time with an allowance of one Rupee per Mensem in addition as Muctoom bebee lived with the family during the life time of Jaffer alykhan a Separate provision in Money was unnecessary she being one of the family and her wants supplied, but her position became altered after the death of the last incumbent, and on her being selected to be the Guardian of the Petitioner. On the foregoing Considerations the distribution of the allowance as above stated appears fair, but if the one third allowed to Muctoom Bebee is to lapse to Government on the death of Muctoom Bebee, the Petitioner has perhaps grounds of Complaint. For this reason it appears proper either that the whole or one half of the portion given to Muctoom bebee should be granted to the Petitioner

on

10500

Fort St. George 20th July 1843.

on the death of Muctoom bebee."

7. The Petitioners objection to Muctoom bebees sharing in the Pension on the ground of her daughter having been only a Kickah wife of Herasut Khan the Collector considered an objection of no weight.

8. In my opinion the Collector had no occasion to reply to any of the Petitioners' objections impugning the justice of the final decision of the Government passed on the 13th March 1839 and might have restricted himself to explaining the manner in which he had carried that decision into effect.

9. The Collector subsequently submitted

+ To the B. 11th October 1842.

ted to the Board Copies of two Documents given by the husband of the Petitioner and his father in which Muctoom bebee is recognized as an important Member of the family of Herasut Khan.

+ From the Secretary to the B. of Revenue to the Sy. Chief Secy. to Govt. November 1842.

10 The Board submitted to Government the Collectors letters regarding the division of the Pension with a recommendation that the Collectors arrangements should be sanctioned and that in the event of the Petitioner surviving Muctoom Bebee 20 Rupees of Muctoom Bebees share of the Pension

should

1842

Sir,

From D White Esqre.
Sub Collector In Charge
of South Arcot.....

Para 1 information

Submitting information regarding certain endowments made to the Pagoda at Tirunamalay.

In reference to the
endowments made to the Pagoda at
Tirunamalay called for in your letter,
I have the honor to forward you an
Extract from a Statement exhibiting the
revenues of each Pagoda in this District which
was submitted to the Board by Mr. Ravenshaw
the then Collector, under date 20th
August 1808. By this it will be
observed, that the income of the Pagoda
composed of Enam Land, Viera,
Sodumtrum, Vartana, Soorradayen &c.
which has been resumed by Government
originally amounted to Pagodas 1918-2-6-
9 or Rupees 6715-4-6, but was subsequently,
under the opinion of the Board, reduced to
Rupees 5938-8-6 which has been annually
paid by the Government from the year 1809/10
upto the present period.

2. The sum of Pagodas 701-4-0
per annum was, under a deed of gift
executed

by his Highness the Rajah of Mysore and dated 2d June paid to the Pagoda of Trinamalay from the year 1816 to August 1831, when the amount was, in common with other similar grants to religious institutions, reduced to Rupees 4 35, which has been annually paid up to the present time at the Commissioner's Office Bangalore, to a person deputed from the Pagoda Establishment.

3. The endowment of Chundoo Paul of Hydrabad is 14 Annas per diem or Rupees 319-6-- per annum. This sum appears to have been paid by Chundoo Paul only for a few years - He appears an Agent at Trinamalay to superintend the appropriation of this grant.

4. The Act of a man cutting his tongue in the Compound of the Pagoda was first brought to Mr. Hallett's notice in September 1842, when he was at Trinamalay. It appears that Mr. Hallett immediately sent for the Goorrookuls of the Pagoda and warned them, that if they allowed such acts to be committed, their conduct would be brought to the notice of Government. He also ordered that the offender, who was a Native of Tangore, should be sent away from the Village, and issued a proclamation prohibiting the practice.

5. In March 1843, when Mr. Hallett was again at Trinamalay the offence was again committed by an inhabitant of the Tricullore

Tricullore Talook, who upon being questioned indicated by signs that he could not speak, and that the act was voluntary - He was accordingly sentenced by the Magistrate to pay a fine of 5 Rupees, in default of which he was committed to the Jail for 15 Days.

6- Another occurrence of the same atrocity was brought before the Magistracy in April last - The Offender, a Native of Trinamalay Talook pleaded that he had committed the act in the hope, that he would thereby be relieved from sickness, and he was also committed to the Jail for 10 Days, in default of payment of a fine of 5 Rupees.

7. It is probable that two of the instances of the commission of this atrocity abovementioned were committed for the purpose of throwing odium upon the Collector, and his arrangement regarding the Pagoda, and to support the petitions to Government and the Board against his measures, for, I am informed, that the inhabitants of Trinamalay have repeatedly urged in their petitions, that in consequence of Mr. Hallett's Orders, some people had already mutilated themselves by cutting their tongues, and many more intended to do the same -

8. It appears that this atrocious act is occasionally committed by natives under a vow, or a superstitious feeling of its efficacy in curing dangerous diseases, and although it is opposed to the rules of Common humanity, and ought to be suppressed by law, I am not aware of any Regulation by which a punishment can be inflicted sufficiently severe to effect this object.

South Arcot, Coll.te Cutcherry, Cuddalore, 17th July 1843 } I Signed I D. White
Sub. Collector In Charge.

Ordered that the following letter be submitted with the foregoing letter.

To

The Chief Secretary to Government.

74-75

To the Chief Secretary to Government.

Sir,

1. In reference to the correspondence noted in the margin I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council, the accompanying communication with its enclosure from the Sub Collector in charge of South Arcot, supplying the information called for in Extract from Minutes of Consultation of the 24th Ultimo.

From the Coll. 29th May inl. 5th June 1843
To Govt. 5th June Dy.
From Dy. 24th inl. 29th June 1843.

Inl. 17th inst. 20th July 1843

Inl. 29th June 1843.

2. From this letter there would appear to have been three instances of Persons cutting their tongues within the Trenomallee Pagoda - one referrible to feelings of superstition, the other two emanating in all probability from a desire to throw odium on the measures proposed to be adopted by the Coll. for the transfer of the Temple to Native

Fort St. George 20th July 1843.

Native trustees. It does not appear whether either of the parties was seriously injured. As remarked by Mr. White, the existing Regulations do not authorize the infliction of such punishment as would deter persons from attempting the outrage in question; the Board would however suggest that it might be desirable to enlist the interests of the Brahmins and others connected with the Pagoda against the practice, by warning them that in the event of the recurrence of such acts, Government will feel themselves called upon to withhold the payment now made in endowment of an institution whose votaries are instigated or encouraged in the commission of such atrocities.

on the exportation of Ganjah and recommending that the drugs in question may take fresh Rowanals at Trichinopoly &c.

paras of my report on the Extra Sources of Revenue for fusly 1251 dated 8th October 1842 I have the honor to transmit a copy of a letter I have addressed to the Acting Collector of North Arcot, and as the practice alluded to may not be confined to purchases of Ganjah &c. made in that District, I beg to suggest that measures be adopted to secure a more strict control in regard to exportations of Ganjah, Bang, and Opium from North Arcot-Salem, and Coimbatore, to this District-to Tanjore, Madura and Tinnevelly, and also to the Sondiman territory - for this purpose I propose that Ganjah and Bang should be made liable to the same restrictions as Opium - that moreover it should be obligatory on parties applying for permission to convey the Drugs in question to either of the places abovementioned to take out fresh Rowanals at Trichinopoly - and that it should be left to the discretion of the Collector of Trichinopoly in communication with Collectors of the other Districts and the Political Agent for the affairs of Pondicherry, to arrange where the Drugs which may be allowed to pass or should be sold.

I am

2. I am convinced that some measure of this sort is necessary to protect the interests of Government and that no real hardship will be entailed by it on dealers for I am persuaded that when these Drugs are sold by them in the neighbouring District the greatest part of them finds its way to Trichinopoly.-

3. The person principally concerned in the case alluded to in my letter to Mr. Babington is the late Commissariat Licensed Vender whom I have sent to take his trial before the Joint Criminal Court and the present Vender has made overtures to compound for the Revenue by paying double the amount which has been collected for some years past. I hope therefore that the measures I have proposed will be attended with good results.-

4. I beg to send for the information of the Board Copies of a correspondence between myself and the Commissariat Officer on the subject in question and I beg to say that every thing tends to convince me that the smuggling which

no

no doubt does take place is chiefly sup:
ported by the convenience of the Licenced
Venders.

Trichinopoly
Coll.rs Office
7th July 1843

Signed &c. A. P. Onslow
Collector

P.S. Since writing the above &
I find that the Assistant Judge has
a difficulty in convicting the parties ac:
cused arising in a great measure from the
Rowanahs being written in the Mahrat:
ta language which is not understood by
the accused. As the practice of drawing out
the Rowanahs in this language is par:
tially observed in many Districts I beg
to suggest that it be abolished. As re:
gards this District very few of the
Chowkeydars or Sumprattiers un:
derstand it.

To The Collector of
Trichinopoly.

Sir,

I have the honor to forward a
four petitions from the Alkarree Contractor
which

which I shall be obliged by your perusing
at your leisure.

The object of these petitions
is the prevention of smuggling Opium
and Ganjah within Military limits and the
means by which the Contractor hopes to ef:
fect the same are therein stated.

He also requests that the
Ganjah if brought to Trichinopoly in
bandies with a Rowanah may after payment
of the duty be handed over to him on its arri:
val, or if the importer is unwilling to sell it
to him, that a fresh Rowanah may be granted,
and the Ganja dispatched to any other
district. It appears advisable, with a view
to the prevention of smuggling, that the na:
tive authorities in the Districts and Villages
thro' which the bandies pass, be directed to report
the progress of the same to you; by this means
the introduction clandestinely of any very con:
siderable amount may be prevented, and
the quantity brought into Military limits
be effectually ascertained.

The Bhung and Ganjah at present in
the

the Abkarry limits is imported by the Contractor, the duty being regularly paid, and sold by him at a profit. This, as far as Sean Judge, is really the case, but should he, as you suppose smuggle the Drug on his own account, the plan above proposed will, I presume, put a stop to it.

I would beg your attention to what the contractor states regarding &c. the conduct of the Vellacherry Servants; there may also be other hints in the Petition worthy of consideration as regards the prevention of smuggling.—

With respect to Opium, it appears that there are two Villages Viz. Kotchiow and Sempur where it is sold at a cheap rate, which induces persons from the Portand Elsewhere to purchase and smuggle it into the Cantonment. In justice to the Collector I trust you will be good enough to prevent this by every means in your power. Either by adopting his suggestion of stopping the sale at the Villages alluded to, or by acceding to his request of giving him the duty; on condition of

paying.

paying over to the Circar an annual sum equal to the average of the last 2 years. In this case he will take his own measures for the prevention of smuggling.

It appears to me that if the Rowanah provides that the Opium be sold in Trichinopoly it should not be taken back again, for as there cannot be much sale in the Villages it must be for the purpose of smuggling it in again where it is handed over to the Contractor at a fair price to the Seller, it would at all events go a great way to prevent smuggling; and be a protection to his interests.—

I shall feel obliged by your taking the above suggestions into consideration, and should you think any of the measures proposed will conduce to the prevention of smuggling these drugs into Military limits, I trust you will adopt them according to the Contractors request whose interests are materially affected thereby.—

Comm.r Office Jn.r Dep.t
Trichinopoly
14th June 1843

Signed H. C. Gosling
Dy. Asst. Comy General

To

Fort St. George 20th July 1813.

To Captain H. C. Gosling.

Deputy Assistant Commissary General

Trichinopoly.

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 11th Instant enclosing four petitions from the Military Abkarry Contractors.

2. The substance of the petitions seems to be that the Renter conceives himself to be placed at a great disadvantage in regard to his contract for the sale of Opium and Ganjah within the Abkarry limits of the Cantonment of Trichinopoly owing to the practice of smuggling which is not sufficiently guarded against under the system by which the importation into and sale of those drugs in the District beyond the Abkarry limits are conducted and he proposes certain measures which will give him greater protection and yield the Circar a larger amount of Revenue and it seems that you concur generally in the justice of his

Fort St. George 20th July 1813.

his complaint and in the expediency of adopting the measures he proposes.

3. In regard to Opium the chief cause of complaint seems to be the practice of permitting Opium imported for consumption at Trichinopoly to be removed without the limits and there sold at a cheap rate, facility to smuggling being thus afforded, and the remedy proposed is either that all Opium imported into Trichinopoly should be made over to the Contractors at a fair price, or, as the Contractor says, at the price at which it is sold in the public Bazars at this station by the Merchants or that it should not be allowed to be sold but at such a distance beyond the limits of the District as would render the possibility of smuggling it into the Abkarry limits difficult, and in the event of these proposals not being acceptable that he may be permitted to contract for the revenue on the drugs in question.—

4. Now the only reason which induces

induces importers of Opium to remove the drug once brought within the limits be-
yond them again, in that they cannot ob-
tain a fair price for it within them,
because the Contractor who is the only
person licensed to vend it within these
limits taking a very natural advantage
of his Monopoly refuses to give them so
good a price for it as they can obtain else-
where so that instead of being sold cheaper
it is sold dearer beyond the limits than
within them if it were otherwise the Contract-
or would not be so blind to his own in-
terests as not to ensure himself against
the risk of the drug being smuggled in-
to his limits by purchasing it himself, but
were it otherwise it would be difficult
to make over the Opium at the rates
of sale in public bazars where a Monopoly
exists, and cannot be done, inasmuch as the
article being private property is no further
under Official control than concerns the
the exciting regulations.-

5- Nor do I see that any necessity exists
for prohibiting the sale of Opium at other
places

places within the District than the Town of
Trichinopoly for I find that during the current
fusly now nearly concluded the entire quantity
imported into the Districts is Maunds 8
and Seers 29. the whole of this was con-
signed and brought to Trichinopoly
and 5. M. 35. S. were consumed within the
limits of the remainder only 1. M. 35. S. were sold
within the limits of the District the remain-
der 1. M. 32. S. being taken to Tanjore. A result
not greatly in favor of the allegations of the petitioners.

6- In regard to Ganjah the peti-
tioners wishes that when the drug is
imported from other Districts it should
be subjected to the same restrictions as
Opium is and that when the growth of
this District its transit should only be
permitted under the seal of the Chowkedars.
I do not see of what avail this would be:
the checks in the Sayer Department
are sufficient to show if Ganjah,
whether imported from other Districts,
or the produce of this, permitted to pass
under Rowanahs, is conveyed to the
place to which it was consigned or not;
and I have no reasons to suppose that any has

been

been brought into the District under Row-
anahs which has not come under the
cognizance of the proper authorities: in-
deed I cannot conceive that habitual
smugglers would not find a less inconveni-
ent method of effecting their clandestine
sales and with reference to your allusion
to the conduct of the Cullectherry Servants
it is not clear to me in what respect it is
intended to impugn it.

7. The entire quantity of Ganjah
which has been in transit in this District
in the current fasly is of Ganjah 1 Candy M. 9. S. 5. P. 15½
and of Bang 5. 7. 7½ the whole of which
was consumed at Trichinopoly.

8. If nothing in excess of the above
quantities has been disposed of dur-
ing the current fasly by the Licensed
Vender, then the supposition to which
you make allusion, and which I am free
to admit I cannot help entertaining that
the Licensed Vender has not been very
sharp in his dealings, is erroneous but
the recent discovery of a consignment of
Ganjah to a Village in a neighbouring
province is attended with circumstances
that

that tends very much to excite a suspicion
on that the consignee is the late Contractor
the correctness of my supposition has there-
fore received Corroboration. I do not pretend
to deny that Smuggling takes place in many
other ways it would be strange indeed if at
such a place as Trichinopoly it did not.

9. The offer which the petitioner
makes of Contracting for the revenue on
Ganjah and Opium I do not think it ex-
pedient to accept, and the Average to which
he alludes is less than the Amount which
I am credibly informed he has expressed
himself willing to give.

10. In conclusion I beg to state
my opinion that the measures proposed
by the Petitioner are not calculated to
add efficiency to the system now pre-
vailing for checking smuggling but that
I shall be happy to give any suggestions
you may please to offer, due consideration.

The four petitions which
accompanied your letter are herewith returned.

Trichinopoly Collector's Office, 22nd June 1813

Signed J. F. Onslow
Collector.

To

To W. H. Babington Esqre
Acting Collector of South Arcot
Chittoor

Sir,

1. I have the honor herewith to transmit a copy of a Rowanah obtained from the person who had charge of the Ganjah, which it was intended to protect. you will perceive that the Ganjah is consigned to Soudemans Poodoocottah in Trichinopoly Zillah. His Excellency the Soudiman Rajah's territory not being in any way subject to my jurisdiction.

2. I have long suspected that a system of smuggling has been in operation by means of clandestinely introducing Ganjah into the Cantonment of Trichinopoly from the Soudiman's territory and I take the present opportunity of suggesting that some precautions should be taken in your District to prevent it. There are now four bandies in the Soudiman's Country each containing a considerable

quantity of Ganjah, believed to be brought from North Arcot, but regarding which I have not yet been able to obtain full information.

3. I have satisfied myself that the actual consumption of this drug at Trichinopoly greatly exceeds the quantity legally imported, and as the transaction now under allusion supports my previously conceived opinion, that Ganjah is frequently first brought to Poodoocottah (as the Soudiman's country is generally designated) and thence clandestinely to the Cantonment of Trichinopoly, and that the Commissariat Contractors have been the principal parties in the illicit traffic. I shall be much obliged, if you can do so without great inconvenience, if you will inform me whether any consignments have been made for the last two or three years after the Sashe of the Rowanah, of which a copy is now sent, and in what manner the Rowanahs were issued.

I beg moreover to state that

4. I have very little doubt that the Soudiman's District is not the only medium of this fraud, but that by Ganjah (and perhaps

10502b Fort St. George 20th July 1843.

perhaps Opium is in the same manner brought into Trichinopoly and the consumption duly avoided from Tanjore and Madura, and perhaps a comparison of your Rowanahs issued and returned might lead to a discovery of the fact.

5. I beg to suggest for your consideration that it would be advisable in the issue of Rowanahs for the transit of Ginjah and Opium to this and the neighbouring Districts to specify the route very particularly, and that perhaps it would be as well that a discretion should be exercised as to whether the traders should not be required to take out a fresh Rowanah at Trichinopoly.

Trichinopoly Collr's Office 17th July 1843

Signed/ J. P. Onslow Collr

Order thereon. Ordered to be brought forward at a future Meeting.

(76-77)

10527. Fort St. George 20th July 1843.

To

E. C. Lovell Esqre

Acting Secretary to the Board of Revenue

Fort St. George

(78)

Sir,

From J. P. Onslow Esqre Collr of Trichinopoly — Forwarding Hookumnamahs.

Read 12th Augt 1841. 11th October 1841 6th March 1843 11th May 1843.

I have the honor to transmit for their consideration a draft of a Cultivation Hookumnamah for the District of Trichinopoly —

2. The Principal changes in the proposed Hookumnamahs are those relating to the System under which, in the Dry talooks, the description of Crop is taken into consideration in framing the demand on the Ryot and to the custom provincially designated Cesso (Tax) which may be translated equivalent — by which in the Dry talooks also ryots relinquishing highly assessed and taking up lowly assessed lands have been required to pay the full amount of the highly assessed lands. Another change is also provided for which has been frequently proposed by the Board but has never been carried

Fort St. George 20th July 1843-

carried into effect, I allude to the practice of Estimating crops which by the proposed Hookum-namah is abolished -

3. By the first of these changes it is provided that the Ryot shall not be called upon to pay more than the assessment to which the Crop is strictly liable- This is quite in accordance, as my investigations have enabled me to gain an insight into the question, with the intentions of the original system of the District, but from the want of a fixed Hoo-kumnamah and a desire on the part of the Native Revenue Officers to keep up the Revenue, it has generally been deviated from- and land once cultivated with a highly assessed description of crop has been ever after considered liable to the rate of that crop but a discretion has been reserved to omit the imposition of this drawback on improvement- an irregular method of proceeding altogether which besides bearing hard on the people is highly pernicious in leaving a door open for the facilitation of frauds on the part of the public servants

Fort St. George 20th July 1843-

servants- or at all events for the creation of complaints against them, and suspicions-

4. The abolition of the above and of the "Edwa" System I consider to be essential to the well being of the District- I believe this to have been the opinion of most of my Predecessors and Mr. Blair has recorded his sentiments in the letter noted in the Margin- It surely is obvious that land, of which the assets at the time the assessment were fixed were found to be such as to be fairly capable of yielding only 3 rupees a Cawny, can properly be burdened with a tax of 10- It is true that the demand on the ryot is not increased in amount- but why did he relinquish the land for which he had to pay 10 Rupees in a superior class for a quantity in an inferior class, for which the demand is exactly the same? Not certainly for the sake of securing the possession of a larger extent of land in the inferior class, for the same extent in an inferior soil requires a greater amount of labor with inferior results- and an increased extent of course does so in-

* 9th July 1835.

a

Fort St. George 20th July 1843-

a proportionately great degree - nor does he seek the change in hopes of forwarding his interests by taking advantage of his skill, and increasing his wealth by improving the larger extent - he merely relinquishes his old holding because it has ceased to be productive in consequence of repeated cropping, and in hopes that by letting it lie fallow for some time he may return to it - he takes up inferior land perhaps because he can get none of a better class in his Village which he is unwilling to leave - perhaps because his means have been exhausted by the rigorous demand which has been enforced on account of the profession of lands which have been for some years deteriorating - But it may be objected that the proposed system will deprive the ryot of the opportunity of returning to his lands when they shall have recovered - or at least lessen his prospect of doing so - To this, I would reply, that his claims to the lands relinquished by him will have preference over all others - and that it is not very likely that any

Fort St. George 20th July 1843-

any one will be found willing to take up lands which have been abandoned, on account of their unproductiveness -

5. Besides - the practice gives rise to innumerable tricks and inconveniences. Amongst which, not the least important objection is that in process of time large tracts became permanently burdened with a rate of taxation which they are not properly able to bear - and the ryot by the same means has his substance diminished and thus eventually the state suffers -

6. The same arguments nearly are applicable to the system of demanding a higher rate of tax - wah for the cultivation of a crop than that which properly belongs to it - People are deterred from commencing the cultivation of a superior kind of crop best after it has impoverished the soil as it may be supposed to more rapidly than an inferior one would, the high rate of assessment shall be made applicable to the inferior description, which under good husbandry becomes absolutely necessary in proper rotation -

7. Similar reasons have induced me to place

Fort St. George 20th July 1843-

place as few restrictions as possible on the Ryot in regard to the relinquishment of portions of his holdings- In the wet talooks there are peculiarities which point out the necessity of being more particular in this respect than in others- and as long as water is to be had, cultivation of the wet lands is not, under ordinary circumstances, likely to cease- and the rules now submitted have been framed in accordance with this view- but in the dry talooks where land, except in a few favored spots has not attained a saleable value, and the aspect of the country presents the appearance of a wilderness rather than the fertility which one of the most anciently civilized of Nations might be expected to exhibit- where the population is scanty and waste land is abundant surely it would be unreasonable to force bad soil into Cultivation for reasons which are too obvious to require introduction here- I have therefore provided that no one shall be hindered in his choice or be saddled with a quantity of land against his inclination unless his selection shall be so made as

Fort St. George 20th July 1843-

as to exclude his neighbour from taking what he may wish to let alone-

8- Little need be said to secure the Board's approbation of the abandonment of the practice of Estimating crops- no one can have been more alive to the necessity of making this change than myself- but it was impossible all at once to convert my Native subordinates to the same opinion- indeed I have not yet succeeded in doing so- It has been fraught with as much difficulty in a District in which the Settlement provides for a fixed Money assessment encouragement has been given to the parties to entertain a hope that the warum system might possibly be reverted to- or at all events to expect, and I may say actually to obtain, an acknowledgment that remissions would be granted so as to assimilate the assessment to the Warum- The consequence has been a continual attempt at evasion and imposture on the part of the Ryots- of pressure on that of the Hoozoor Cutcherry Servants not unattended by suspicions of partiality in the annual regulation of the demand - and

Fort St George 20th July 1813-

and of fraud and connivance at evasion on the part of the inferior Officers concerned in the Collections- By the abolition of this practice greater certainty and regularity, and a nearer approximation to the principles of a Ryotwar system will be obtained than have hitherto prevailed-

9- One great advantage to be derived from the measures above proposed is the greater expedition which they will occasion in the formation of the annual Settlement- under the present method the minute inspection the Hoozoor Cutcherry is required to make, to see whether assessment on the various changes of crops and lands has been duly attended to so as to extract the greatest possible quantity of the Ryots substance, makes the settlement a tedious and uncertain proceeding- and the individual puttah can rarely be prepared before the expiration of the fusly, if even then.

10- A decrease of Revenue to the extent perhaps of Rupees 10,000 must be expected

Fort St George 20th July 1813-

expected in the first year in which the alteration in regard to the change of crops, and the method of taking up lands anew in lieu of old holdings relinquished, takes place- but I am convinced it will only be temporary- The certainty which will result of the proposed measures will soon cause a reaction-

11- It will be observed that it is not provided that lands in the dry talooks shall be relinquished under a written Rajeenamah- this omission is occasioned by a repugnance on the part of the Ryots to execute a document of this sort- the requisition of it seems to cause an alarm, the reasons for which are not very well defined, but appear to arise partly from an apprehension that they must give up their entire holding- but chiefly from some prejudice, which under present circumstances it will perhaps be better not to oppose- and the measure is not, after all- an essential one- One of the greatest

greatest difficulties in realizing the Revenue arises from the inappropriate seasons at which the payment of the Kists has been fixed - a remedy is proposed for this - but I cannot prepare a Kist Gattah in time, to accompany this. In the dry talooks I do not propose any alteration in this respect -

12. There is one point on which I have not been able to make up my mind, the taxation of new wells - I have therefore made no distinction whatever between the existing practice regarding established wells and that which is to be applied to any which may be newly constructed - It is I think highly advisable that encouragement should be given to this kind of cultivation - but I am not prepared to advocate a total exemption from increased taxation - I propose to submit my sentiments on this subject on a future occasion -

13. The method under which the Revenue, derived from fruit trees, is settled in many parts of

of the District is found to be very inconvenient and vexatious I allude to the practice of determining the demand by estimating the probable quantity of produce - The inhabitants complain that this gives the Revenue servants great opportunities of making exactions from them and I have proposed in the Draft of the Kookoommanah a plan which I believe to be unobjectionable -

14. The other provisions of the proposed Kookoommanah do not seem to me to demand particular remark -

Trichinopoly - - -

8th July 1843

I Signed I A. P. Onslow
Collector

P.S. A Maharattah copy will be despatched as soon as possible. No 1

Fort St. George 20th July 1843.

No. 1

Kookoommanah

Parah

Wet District

Every tract of land in the wet Villages has been already clafsed and aſſeſsed and you have for a length of time paid the aſſeſsment fixed thereon. On complaints made by you of the loſs you often sustained from the decrease of produce and from the low price of grain the Government made reductions in the aſſeſsment in Fusly 1231. at the rate of 12-20-30. and 40. per Cent. You have not now therefore any pretext for objecting to pay the fixed aſſeſsment on the score of low prices and deficient produce.

2. The lands which you hold being Merasy lands fit for sale, you are bound to pay the aſſeſsment, so long as you poſseſs them without any regard as to whether you cultivate or whether you do not cultivate them. But if you find yourselves unable to cultivate any portion of what you held in the preceding Fusly you may at the commencement of the cultivating season give up such lands by means of written Razeenamahs in Loing which you shall bear in mind that you have not the liberty of retaining fertile parts of your lands and giving only those from which loſses are to be sustained but

Fort St. George 20th July 1843.

but you must give up both good and bad lands with their respective portions of Puttut, Bagayet, Poorjah, and Jopes as well as Munnay and other Sarvadayems Vea. Moreover you are prohibited from throwing up lands which are so situated as not to be easily accessible to others who may wish to rent them. Any Razeenamahs that may be tendered contrary to these provisions or after the expiration of the cultivating season will never be admitted and the Aſſeſsment will be rigorously collected from you whether you cultivate or not.

3. The lands which you may give up in accordance with the above directions will be rented to any other Individuals for one or more years as the Sirkar may think proper and you will have no right to interfere with the said lands or to the profits derived from them until the term for which the Sirkar has let them.

4. In the event of your contumaciously refusing to cultivate your lands and refusing to relinquish them under a written Razeenamah the Circar will not hesitate to realize the full aſſeſsment due upon such lands by exposing them to

to sale, if necessary.

5- No remissions will be allowed on account of your not cultivating the Salady or Second crop on two crop lands under any pretext whatever as a matter of course but when you omit to do so in consequence of the failure of water, remission will be granted, if it shall be clearly proved that there has been such failure of water to the satisfaction of the Sirkar at the time of Summabundy and when such remission is granted the Sirkar will at its discretion fix the demand either according to the highest rate to which similar land in the same Village or if there is none similar in the same, in other Villages would be liable either for a first or for one crop, whichever of the two may be the highest.

6- The Sirkar demand will be regulated according to the fixed assessment upon the Nunja lands you cultivate without any reference to the Kinds of crops which may be sown thereon nor will any deduction be made on account of the

description of crop - But the usual high rent will be levied for the crops termed Vanjiar, you are at liberty to extend the larger cane cultivation for your profit as the Circar has laid it down as a rule that no higher teerwah will be imposed upon that article than such as is leviable on two crops.

7- If you convert Poonjah, Bagayet, Anady Jarshy and Perumpoka lands into Nunja such lands will be assessed at the same rates as those fixed on similar lands in the same, or if there are no similar lands in the same in the neighbouring Villages.

8- Some of you have been led into error by supposing that the refusal to take a Puttah and to sign a Moochelka at the time of Summabundy exempts you from liability in regard to the payment of the Circar demand - This is a great mistake Puttahs are not issued for the advantage of the Circar but for your protection in order that you may know exactly what the demand of the Circar is and that you may not be imposed upon by being required to pay any thing in excess of that

Fort St George 20th July 1843.

that demand to the Circar Servants. If you cultivate your lands you must pay the Circar fixed demand. if you do not pay, the Circar is at liberty to sell your property and your land in satisfaction of that demand, and if that should not be sufficient to confine you in Jail. The kindness of the Circar objects to resorting to the latter measures, but the Circar has the power and will exercise it in cases of contumacy. If you do not wish to cultivate your lands the course you ought to follow is prescribed in Para 2.

9. It has been a rule in this District that the crops after they have come to maturity are first estimated and then they are cut down and thrashed with the permission of the Circar and in the presence of the public servants and the produce is then sold by order of the Circar, a practice productive of loss and inconvenience to the land holders, and a duty not properly devolving on the circar, as you are bound to pay the assessment fixed on your lands without reference to crops or produce. This practice is now entirely

Fort St George 20th July 1843.

entirely abolished and whenever your crops become shaky (withered) or illegal (destroyed by floods) you will immediately report the same to the Peishcar and to the Tahsildar who will take the necessary measures.

10. It is provided in the pattahs issued to you that the payment of Rists of your lands should be made by seven instalments, namely, from the Month of November (Karthigay) to May (Vyasy) but this having been found from experience to be an inconvenient arrangement in consequence of the Rists falling due at seasons at which it is difficult for you to find the means of paying them, they will hereafter commence in the month of July (Audy) and cease in May (Vyasy) and the demand for each instalment will be regulated according to the seasons at which the different descriptions of crops are harvested as set forth in the accompanying list.

11. In the Dry Villages belonging

Dry Villages
Dry Talooks

belonging both to the Wet and to the Dry Talooks, the assessment is fixed in some Villages with reference to the classification of the soil alone in some with reference both to the Soil and to the crops grown, in some with reference only to the crops - and in some an average rate has been struck which has become the Demand without reference either to soil or crops - These several practices will not be disturbed in the Villages in which they respectively prevail and you will be called upon to pay the same rates as have hitherto been demanded without any alteration but you shall be at full liberty to cultivate any description of crops you please, and you shall be charged the teerwah to which such crops is strictly liable, and no more;

12- The Tahsildar will at the proper season make the Sagoodady Dittum of his Talook, you will at that time enter into an engagement to cultivate such extent of land as your

means admit of - If you wish to relinquish any portion of the land which you held in the preceding fusly, you are at full liberty to do so provided the land you so relinquish is available to other Ryots who may wish to take it up, but if the land you wish to relinquish shall be so situated as to be inaccessible to other Ryots except by passing through the lands you continue to hold, you will be required either to relinquish your other lands also, or to leave space enough for a broad road to the relinquished lands.

13- You will be held responsible for the assessment of the entire extent of the lands you may agree with the Tahsildar to cultivate and will continue to pay the Circar demand by the usual instalments such deductions however as have been customary and are proper will after due consideration be allowed by the Hoozoor - but you must understand that if you relinquish any portion of the land you have agreed for and cultivate maniem Poracoody and other favorably assessed lands

landy permissions will not many account
whatever be granted.

14. If you refuse to consent
to the Sagoobady Dittum which will be
made according to the above rules, you will
be held responsible for the amount of the
Assessment on the lands held by you last
fusly, which will accordingly be collected
from you.

15. Any lands that you relinquish
will be made over to other Ryots who may
wish to cultivate them, and you will not
be considered as having any further
right to them. but if the said lands shall
not have been taken up by other Ryots
your claims to them will upon your
application be considered prior to all others.

16. Those Bagayet lands which
are watered by Wells should be cultivated
according to the Dittum. If lands of this
description become unfit for cultivation
as Bagayet, or are left uncultivated from
unavoidable causes the circumstances will
be taken into consideration by the Circar
but it is to be understood that remission
will only be granted for special reasons
and

and not as a matter of cause or Mamool
the proprietor will of course be at liberty
to relinquish the entire extent depending
on one Well but not a portion

17. If you cultivate any of the
Bagayet waste Lands which bore an high
rate of Assessment in former years the
same amount will be levied from you
without any reference to the crops you may
cultivate for the current year should it be found
impracticable to cultivate the two crops
or the Superior kinds of crops formerly
cultivated thereon for want of water, in such
cases the Sahvildar will report the matter
to the Hoozoor and the necessary orders
will be issued about it.

18. On the occasion of
Clasing Anady Survey and Poruni
Clasing lands which have never before
been clased nor assessed, the Sahvildar
will proceed to the spot accompanied
by two or three respectable Ryots
of experience inspect the lands
and those in the neighbourhood and

Fort St George 20th July 1843,

and range them under the Class to which the other lands agreeing with them in quality and fertility either in the neighbourhood or in any other parts of the Village or in the neighbouring Village, if there are no such lands in the same Village may have been attached, and he will specify in the account of cultivation the particular lands which may be thus newly classed noting also the number class and assessment of the adjoining lands.

If at the time of Summabundy Settlement the classification made by the Tahsildar be found upon investigation to be incorrect it will be annulled and a suitable one will be made.

If

Fort St George 20th July 1843.

19. If it shall be found from any reasonable cause impracticable to Cultivate the lands newly taken up from Tarshy and Adsy Bunjer Dcs with the description of Crops agreed upon to be cultivated at the time of forming the Sagoobady Dittum, you will upon a representation being made to the Hoozoor, be permitted to cultivate such Crops as the season and circumstances admit of, but this rule is by no means to apply to land the classification and assessment of which can be ascertained from the accounts which will not be altered.

20 In Villages in which it has been customary to charge "Oolcoody" or Resident Ryots with full teerwah and "Poracoody" or non resident Ryots with 3/4ths teerwah, the same practice will still continue both in regard to old lands and to those newly taken up the resident Ryot must not expect to be indulged with 3/4ths teerwah.

21 In some Villages lands of all descriptions whether occupied by Resident or by Poracoody Ryots are liable to Poracoody or 3/4 teerwah. this practice will continue in force in the said Villages, and all lands newly taken up will be assessed accordingly.

When

22 When the Cultivation of Vanpire Crops that is Beetle, Plaintain &c. is undertaken the full assessment, which extends over the period during which such Crops last Viz.t 3 Years will invariably be levied and no remissions allowed on the plea of allegal the term applied to designate the expiration of the above period the Crops being triennial and ceasing to be productive after the 3.d year—

23 It has been customary in some parts of the District to levy the Vanpire Crop assessment for the whole period of three years in the first year— This Custom besides bearing hard on the Cultivators gives rise to difficulties in the accounts and is henceforth abolished— The Vanpire teerwah will be Collected in equal proportions in each of the three years according to the Kist Zaubitah—

24. If Mahajanums, Rataurs, Sookavasies, and Zemindars get their lands Cultivated by their own labourers ploughs &c.a at their own expences, the usual favorable assessment will be fixed on them— If they however for the purpose of raising their income assign such reasons as that they made necessary advances to the Ryots for Cultivation

Cultivation, or that let out their lands for payment of rent either in Money or in grain, or if they prevail on the Curnums or other Cirkar Servants to enter fraudulently in the accounts in their own Names lands which are Cultivated by others— in such cases the Cirkar will not only collect from them the full rate of Teerwah but will also oblige the persons who have actually Cultivated the lands to pay the full rent as a fine considering them guilty of having entered into a combination to defraud the Government— where lands are enjoyed by these classes of Ryots on reduced teerwah, no innovation shall be introduced but the usual rates of Teerwah shall remain as heretofore unaltered—

25. The indulgences which in many places have been granted to Mahajanums Rataurs, Sookavasees &c.a afford them great advantage— They ought, therefore, except under circumstances of peculiar difficulty always to cultivate the full extent of their pattents— They will not therefore be allowed any remission on account of waste, unless it shall be proved to the satisfaction of the Roozoor that they have been prevented from

Cultivating

cultivating by some unavoidable misfortune.

26. Mahajanums, Ryatars, Sookavasies &ca will on no account be allowed to cultivate any lands in excess of those originally held by them at a reduced rate of Teerwah but will be required to pay the same rate as prevails in the Village for Oolcoody Ryots for all land they may newly take up.

27. If Mahajanums transfer their favorably assessed lands whether to other Mahajanums or to cultivators &ca such lands will be fully assessed to the Revenue and all persons concerned in making surreptitious transfers of such lands will be liable to the severest penalties which can be imposed under the Regulations.

28. Lands which Mahajanums and other persons above mentioned may relinquish and fail to pay the assessment of, for the period of two years, will be fully assessed to the Revenue and they will be considered as having forfeited all title to indulgence. In the interval no one shall be allowed to cultivate the said lands except with the express permission of the Hoozoor and then even the full teerwah will be demanded.

When

29. When Shegal twishy land which has been cultivated within a period of 5 Years, is newly brought under Cultivation, the full assessment thereon will be Collected from the Ryot Cultivating it, but if a period of more than 5 years has elapsed since the land had been Cultivated, a Cowle or progressive teerwah shall be fixed according to the following data.—

	1st Year	2d Year	3d Year	4th Year	5th Year	6th Year
Land left waste for more than 5 years—	1/2	3/4	Full			
Lands forming a light Jungle	3/16	3/8	1/2	3/4	Full	
Do forming a thick Jungle	1/8	1/4	3/8	1/2	3/4	Full

30. The Individuals who obtain Cowls to Cultivate waste lands by clearing either light or thick Jungle as shewn in the foregoing Para, must do it at their own expence and labour, but if they get it done by other Individuals of the same or other Villages holding lands and paying rent to the Circar, or if it be known that they laid waste any part of their own lands, in such cases the Cowlenamah will be set aside and the full

amount

10554 Fort St George 20th July 1813.

amount of Teerwah fixed.

31. If a part of one distinct piece of land bearing a separate number be laid waste among the lands which may have been agreed upon to be Cultivated or among those that were taken over and above the Dittum for cultivation, the assessment will be levied on the entire piece of land, considering it as if cultivated fully because it will be inconvenient for others to Cultivate it. If a tract forming one Number consists of more than two Cawnies, and the Cultivation of the entire number be found impracticable, the person that may be inclined to Cultivate such land should represent the same to the Curnum and Puttadars of the Villages and they will with the permission of the Tahsildar divide such land into 2 or 3 portions numbering them as inner Numbers and then they may be Cultivated. If after such division any subdivided portion be laid waste in part, it is not to be expected that the Teerwah of it will be remitted. But if such land has been Anady, Tarshy or Porumpoke, and not numbered such part of it as may have been

10555. Fort St George 20th July 1813.

been Cultivated will be numbered new.

32. If the Ryots cultivate any portion of the bed of Tank it will be filled up by earth, and the Tank will thereby be rendered incapable of holding the usual supply of water. The banks also will be endangered. Therefore no Cultivation shall at all be allowed in the bed of any Tank. It should if attempted by any Ryots be prevented by the Puttadar and Curnum of the Village and the circumstance be reported immediately to the Tahsildars, who will make necessary enquiries and report the result to the Hoozoor a heavy fine will be imposed upon the parties transgressing these orders.

33. According to the custom hitherto prevailing all transfers of lands in the wet Villages must be registered and signed by the purchasers and sellers in the presence of the Collector. In the Dry portion of the District where Ryots may be desirous of selling or transferring their land by Gift or otherwise, must present themselves before the Tahsildars and execute a Moochilka to that effect, and it shall

shall be accepted if found unobjectionable—
a Book containing the entry of the matter—
will at the same time be opened and produced at the
time of Cunnobundy settlement, when orders
will be issued for preparing the Puttah in the
name of such purchasers—

34 Persons desirous of erecting
Houses on waste land or upon unclaimed
dwelling grounds called Manatotum should
present a durkast to the Tahsildar who will—
with the permission of the Hoozoor allow them
to build—If any of the Ryots build houses, or
add any portion of the Cirkar lands to their
—— dwelling Houses without obtaining—
permission teerwah will be Collected from
them—

35 The existing practice in regard
to the settlement of the Revenue on trees—
and Topes in many Villages has been found
to be very inconvenient to the Cirkar and—
to the inhabitants— The following rules there
fore are established— Annual Estimates of
the produce will be discontinued and in
lieu thereof the average Revenue which
has been paid for entire number of trees—
contained in the Tope for the last 5 years
will

will be ascertained— the total amount of
this will be divided equally on all the pro=
=ductive trees— and the demand made accord=
=ingly— In the event of any of the trees becom=
=ing unfruitful they will be cut down unless
for particular reasons, which must be
made known to the Hoozoor it shall be found
advisable to allow them to remain—

36 For every payment of the
Cirkar demand which each of you make
you will obtain an acknowledgement by
an entry to that effect in a Cadjan Catchat
which will be given to you by the Tahsildar
at the time he makes the Sagoobady—

Sir,

From the Coll^r
of Trichinopoly

With reference to the
Postscript appended to my letter of the
8th Instant I have the honor to forward
herewith

10558 Fort St George 20th July 1843.

herewith a Tamil and a Marratta Copy of the Hookoomnamah proposed for this District—

Trichinopoly Collr's Office 20th July 1843. } (Signed) A. P. Onslow. Collector

Order on the two foregoing letters (78-80) Ordered to be sent again in Circulation—

To C. C. Lovell Esqre
Actg Secretary to the Board of Revenue
Fort St George

From the Collr of Trichinopoly Sir,

Reporting Petition 1096 of 1843 from Moothoo Reddy and others regarding the sale of property by Torriore Zemindary.

With reference to the Board's endorsement on petition No 1096 of 1843 from Moothoo Reddy and others inhabitants of Pernal pollium in the Talook of Torriore complaining of the hardship they suffer from "the oppression of the Puttadar Durmasavarda = nee Ammal" I have the honor to state that the last mentioned person the Zemindar of Torriore applied to me for assistance under the Regulations in distraining the property of the complainants that I endeavoured during some months to bring about an arrangement to prevent the sale of their effects, and that failing to do this the

81

10559. Fort St George 20th July 1843.

property was sold—

I took great pains to satisfy myself that the demand was just and in explanation of the complaint of the petitioners that the demand against them was gradually increased I beg to observe that the lands in question were cultivated under an increasing Cowle obtained from the late Zemindar the terms of which seem to have been complied with on the part of the Zemindar.

I should also observe that the Zemindar having in the first instance attached the dwelling houses of the petitioners I declined giving my assistance till they were released—

The charge of oppression against the Zemindar is totally unfounded she has been remarkably forbearing and the petitioners have been proportionately contumacious and I conceive that it had become absolutely necessary for the interests of the Zemindar that she should insist upon realizing the demand in question lest other Ryots should, as they were ready to do, follow the evil example set

favorable consideration of Govern=
=ment—

Read the following letters—

To E. C. Lovell Esqre

Ordered

10564 Fort St. George 20th July 1843.

Order thereon

(85-86)

Ordered that copy of the foregoing letter be submitted to Government with reference to the Extract from the Minutes Consultation under date 22d October last—

The Board recommend that the charge of Rupees 600—6—" on account of the actual expenses of the Kundachar Sibbendy in the Coimbatore District in fusly 1251 / 1841/42 may be sanctioned—

To

10565 Fort St. George 20th July 1843.

To,
E. C. Lovell Esqr.
Acting Secretary to the
Board of Revenue

87

From the Pl. Collr. of Coimbatore — — — States that the quantity reported to in Mr. Bird's letter includes the Sandalwood specified in the Principal Collectors communication of the 12th June 1842 suggests that it be allowed to continue in the Godowns till there is a demand and forwards a further advertisement for publication.

Sir,

Para 1 I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 16th March 1843 requesting to be informed whether the Sandalwood referred to in Mr. Bird's letter of the 7th of that Month is distinct from the quantity reported in my communication of the 6th June 1842, and also my opinion as to the best mode which may suggest itself for the disposal of the Same—

2. In reply I have the honor to state for the information of the Board that the Sandalwood specified in the Sub Collectors letter includes the quantity alluded to in my communication of the 6th June 1842. The sale of this article was advertised in the Fort St. George Gazette in Seven Numbers, and not a Single proposal has been received Offers were also cultivated in

10566 Fort St. George 20th July 1843.—

in various parts of this District, but without any success whatever. The quantity now in store Amounts to 446 Candies 5 Maunds, and $20\frac{11}{18}$ lbs being equivalent to 50,747 Rupees 8 Annas, and 7 pice upon the Average sales of the five previous years, or at the rate of 113 Rs 11 As 4 P a Candy, and as I am informed that the quality of the article will not deteriorate by keeping and, as its custody is of no further expense to Government, I would suggest its being allowed to continue in the Godowns till there is a demand for it in the Madras Market, as I have no hope of its becoming Saleable to the Merchants of this District.—

3. With reference to the freshes which may be hourly expected in the River Cauvery, and the facility thereby afforded for the transport of the Sandalwood to Madras by water, I have submitted another advertisement which, if approved by the Board of

10567. Fort St. George 20th July 1843

of Revenue, I request may be transmitted to the Agent of the Fort St. George Gazette for publication.—

Coimbatore, P. Coll.r Office 12th July 1843.

Sir,

From Messrs. Buchtenlony & Co
Madras.

May we request you will do us the favour to submit the following proposition to the Board.

97

Any ryot during one year cultivates Paddy on his land and falls into arrear with

with his Kist to the Circar, that arrear being allowed by the Government servants inasmuch as the Paddy might have been seized for it. On the following year he grows Indigo, receiving advances from a third party equally for the seeds which produce the plant and for the Kist (which is duly paid) upon that cultivation. Is then a Tahsildar justified, is it in short the law of the land, that when this crop of Indigo is ripe he (the Tahsildar) shall be able to step in and by force carry off such crop, or cause it to be sold elsewhere, in order to satisfy the arrears of Kist due to the Circar on the previous year?

We shall be exceedingly obliged by the Board's decision on this point as early as it can possibly be given, for it is by no means idly that we submit the question. We are at present in fact suffering the most grievous injury and loss from this most arbitrary principle being brought to bear by an entirely new hand (an acting Tahsildar just appointed) at our Indigo Factories at Budvail in Cuddapah

Indigo

10583. Fort St. George 20th July 1843.

Indigo leaf our own property, as far as all ordinary notions of contract and purchase, could make it so, has been forcibly carried away and sold to other vats; thereby plac-ing our Factories at a stand still in the height of the working season, and occasioning a loss and ruin too, which from the peculiar nature of this manu-facture is irremediable.-
