31st August — Sent the following letter

To The Acting Collector of South Arcot

Sir,

To the Actg Collector of South Arcot.

(1)

I am directed by the Board of Revenue to acknowledge the receipt of the statement of Smuggled goods submitted for the Month of June last, and to convey sanction for the confiscation and sale of the articles therein enumerated with the exception of those marked No. 7 to 24, the seizure of which adverting to their very trifling value, is considered objectionable. The Board therefore direct that these articles may be restored to the person or persons from whom they were seized.

To the Collector of Bellary.

Sir,

1. I am directed by the Board of Revenue to forward to you the accompanying copy of an Extract from the Minutes of Consultation under date 4th January 1842.-

2 From some inadvertence Para 4 only of the above extract appears to have been furnished to you with the Acting Secretary's letter of February 10th 1842.

Transmitting copy of an extract from the Minutes of Consultation dated 4th January 1842, & requesting him to furnish a full report on the Village Police of his District.-

Infos 4th Apl 1842.-

1839 Fort St. George 4th September 184

That Para related solely to the reform of the Bellary District Police, a topic which has been fully discussed in your letter to the Board of the 15th March 1842, as however the subject of the Communication does not properly fall within the province of this Department, and as the scheme which it is the purpose of your letter to revise was originally submitted to Government thro' the Court of Foujdaree Uddalut the Board beg to suggest that your amended plan be also forwarded thro' the same channel.-

3. The Board beg now to direct your attention to the letter from the Secretary to the Government of India under date 3d May 1841, calling for a statement of the plan and expense of the proposed measure for extending the arrangements of or improving the Police /that is Village Police/ of Jaghire into the Bellary District" - You will therefore be so good as to furnish at your early convenience, a full report on the Village Police of your district

district specifying the various classes of Village officers of whatever denominations, their numbers, duties, powers, the amount and method of their remuneration, and the improvement of which their condition is susceptible - you will further be pleased to state whether the adoption of the arrangement introduced into the Tanjore Village Police would be attended with advantage in Bellary and if so what measures you would propose and what would be the expense thus occasioned. A copy

23d. Febry. in Consn. 1st. March 1832. of a letter from the Principal Collector of Tanjore in which the System prevailing in his District is clearly exhibited is herewith forwarded for your information

2. The Board do not consider the appointment of Appah Pillay to be Curnum under the circumstances stated, to precede the Acting Collector from entertaining and deciding a formal suit which Condasawmy Pillay may wish to prefer under Regulation VII of 1831 Section IV, in order to establish his claim to the situation: the information now before the Board, at any rate, is not sufficient to warrant their disturbing the existing arrangements, and if he still considers that he has a good claim this would appear to them to be the most satisfactory way of bringing it to issue.-

of the 27th July last reporting on the estimated resources of the Deevy Zemindary in your District.

2. On reference to Statement B which accompanied your letter the Board remark that only Rupees 11700 appear to have been carried to the credit of the Peishcush due for the fusly (1252) just expired leaving Rupees 36,187- still outstanding upon that year - the total Amount of Arrears of Peishcush being Rupees 81,914-11-7 of which about Rupees 18,000 it is stated in P.8 of your letter, will be realized from the resources of Fusly 1252 A.D. 1842/43

3. The Board must be indebted to you for further explanation on this subject. They wish to be informed of the circumstances under which so large a proportion of

of the Public Demand for the past fusly has been allowed to remain unsatisfied - whether the whole sum Rupees 18,000, which it is expected will be realized from the resources of fusly 1252 A.D. 1842/43 is due as balance for that year only or in part as arrears for former fuslies - and in the latter case, when the above sum shall have been credited under its proper heads what Amount will still be outstanding as Peishcush for fusly 1252, A.D. 1842/43 and within what period it may be expected to be realized.

4. The average future surplus revenue of the Deevy Zemindary above its charges is estimated in your letter at Rupees 23,000 annually whereas the Amount of the Government demand for the fusly just elapsed which under circumstances will remain outstanding would appear to be Rupees 18187- This difference will require to be explained as without further information

information it will be difficult to reconcile your estimate of the resources of the Estate for future years on the actual outturn of of the last year's management.—

limited retrospectively to five years, and in cases of more recent possession, to the time that the present owners became possessed of the property, and although unwillingness in some cases and objections in others have prevailed generally among all the House owners to meet the demand, on my giving publicity to the orders of the Board, yet the Money was collected from most of them up to the end of Fasly 1251.-

2 While the demand of arrears of Quit rent is considered on one hand, by the Proprietors as a new imposit against them (although the reducing the Quit rent down to the rate of the Survey assessment of the land is clearly an indulgence) the Proceedings of a Military Committee still sitting having for its object the reducing of House rent certainly tends to counterbalance this indulgence and in certain cases bears hard upon Individuals. Rents of Houses find their own level at Madras, but if on the contrary, it is intended that the owner of a House should not be allowed the privilege of making his own arrangements for deriving profit by means of rent on his own Property, I do not see on what plea Quit rents can be collected

collected from him.-

3 The interference of two different authorities with the Property of Private Individuals (Viz. the Civil on one side for Quit rent, and the Military on the other for cutting down the House rent on the same property) I should imagine Contrary to every principle of Justice and the only alternative appears to be either that the Quit rent should be given up by Government or the interference of the Military Committee forbidden. I am fully aware of the intentions of the authorities in abrogating the Committee, which is to prevent imposition upon Officers by Land Lords possessing almost all the Houses in the Military Cantonment, and who by Combination and Collusion Keep up the rent at any exorbitant amount they might Combine to resolve upon, but on the other hand the right of Property acknowledged by the order to Collect this Quit rent must be respected, in Bellary, I fear, that some limit must be fixed, and I am in so far Compelled to acknowledge that the Petitioners have justice in their argument.-

4 Among the Persons who signed the

the Petition of Messrs. Rose and Abraham are Proprietors and agents of owners of great many Houses at Bellary, who have not as yet discharged the demand although they have promised to do so.

5. In the first place the Petitioners request "that the Tax be so far mitigated "as to be imposed only from the commence: "ment of the Current Fusly, or at any rate "not further back than the past." Several other House owners having already liquidated the demand, I cannot recommend a devi: :ation from the Rule which I am informed has been obeyed in other Districts in the Cases of the Petitioners.-

6. The Petitioners further state "that "during the last 3 years, nearly half the "Houses in the Station have been permanently "Empty and are likely to continue so, owing "to the absence of a great portion of the Troops, but "no remission has been made, nor is promised, in future "cases. whereas at the Presidency and elsewhere, no "Quit rent is paid for Houses lying Empty." It is true, that the Troops Composing the Garrison of Bellary are now Considerably reduced as Compared with former years, but

but that portion of the Force which was diminished at the date of the Petitioners address to Government by the march of the 5th Light Cavalry from Bellary to Sholapoor has been since re: :placed by the 2d Light Cavalry, and in fact this is a Matter of mere detail and Chance with which the Government have no Concern. As regards the remission of Quit rent for Empty Houses, the instance quoted by the Petitioners is not strictly applicable to the question under refer: :ence, for the remission at the Presidency is granted in the Assessment if the Houses remain unoccupied for more than 6 months in the year, that assessment being levied under an act of Parliament for the sole purpose of lighting, watering, Cleansing and Repairing the Roads, Streets and Drains &c. but the Quit rent now demanded is not of the above descrip: :tion, it being a Tax on the land which if it had not been occupied by a House would have been taken for Cultivation by Ryots paying the Tax to the Circar- as this last Mentioned question

question, has been disposed of in the 3d Para of the Board's Proceedings dated 22d September 1842, I have nothing to say upon the matter.-

The alternative I have mentioned appears to me the best course Viz., that where a Military Committee is authorized to reduce the rent of a House, the Quit rent upon that Property should be abandoned by Govern: ment, and the Committee be directed in fixing the fair Rent to take that circumstance into consideration. The result would be a reduction of House Rent at Bellary which at present is considered very high, and the amount given up by the Government would be very trifling.-

Submitting Statements in English and Hindoovee and affording further information required regarding the resources of the Arnel-condah Jaghire

Sir

Para 1. In reply to your letter of the 25th May 1843 adverting to the Sub Secretary's letter of the 23rd January last requiring further information regarding the resources of the Arnel-condah Jaghire I have the honor to submit the accompanying figured Statements in English and Hindoovee Viz.

No. 1. Statement shewing the amount Peishcash and Settlement made by the Jaghiredar for 4 years Viz. from fusly 1239 to 1829-30 - fusly 1248 1838-39

No. 2 Statement shewing the Assessment of the Villages of the Arnelcondah Jaghire and the distribution of it in fusly 1248- 1838-39

No. 3 Statement shewing the amount of Rented Beariz and actual Cultivation in the 4 rented Villages in the Arnelcon-dah Jaghire

No. 4 Statement shewing the amount Beariz of the 4 Cuttoogotteah Villages of Arnelcondah Jaghire, and also of certain lands held on Cuttoogotteah tenure

in

Fort St. George 4th September 1843

in Six other Villages of the Saghire.

No. 5 Statement shewing the account particulars of Cullooyoothah lands in the Avelendah Saghire in Fasly 1248 with reference to Columns 42 in Statement No. 1.

2 The Statement No. 1 is intended to be substituted for that submitted by Mr. Goldingham with his letter of the 13th December 1842 in which some errors have been discovered but not such however as affect the result of Mr. Goldingham's Statement the Heading "Land Revenue under Amanee ought to have been "Land Revenue under Amanee and Rent" and the Heading "Land Revenue under Rent ought to have been "Land revenue under Cullooyoothah" The Statement No. 1 now submitted shews the Amanee and Rented revenue separately and corrects errors in Columns 42 43 and 45 in Mr. Goldingham's Statement, to which Columns the corresponding ones in the Statement now submitted are 58 59 and 61

3 The Board express their opinion in their letter of the 23rd January last, that the signed Statement submitted by Mr. Goldingham exhibiting the Collections of 8 years is not to be relied upon because it was drawn up

Fort St. George 4th September 1843

up from the accounts furnished by the Curnums who are entirely under the influence of the Saghire=dar and the object for which the accounts were required was well known, and the Board have forwarded for the consideration of the Collector Copies of three documents prepared in 1802 by Mr. Falconar Captain Graham and Mr. Stratton exhibiting the value of the Saghire at that period from which it appears that it was greater at that time than Mr. Goldingham's Signed Statement shews it to be at present.

4 With reference to the circumstances under which the Curnum's accounts from which Mr. Goldingham's Statement was prepared, were furnished, the probability no doubt is that they are to a certain extent incorrect, but the Statements forwarded by the Board prepared in 1802 have afforded me no assistance in checking them

5 Mr. Falconar's Statement shews the Nasil or present produce on an average to be Pagodas 19276 7 16 whereas the Statement of Captain Graham and Mr. Stratton prepared in the same year shew the average produce to be Pagodas 8,365 7 47 1/2.

6 Though Mr. Falconar's

Statement

Statement of the total average produce of the Jaghire far exceeds that of Captain Graham and Mr. Shatton yet in comparing his Statement of the average produce of particular Villages with the Statements of the other two Gentlemen it will be found that in several instances he represents it as much below what it is represented to be by them - For instance the produce of Agaram Coopprum is stated by Mr. Falconar to be Pagodas 128-24-60 whereas Mr. Shutton states it to be Pagodas 190-7-17½ - The produce of Volcanchee is stated by Mr. Falconar to be Pagodas 15-19-21 and by Mr. Shutton to be Pagodas 145-29-33½ - The produce of Vellupully is represented as Pagodas 43 — by Captain Graham, and Pagodas 413-32 by Mr. Falconar In other Villages the difference is as extraordinary the other way -

7 Considering that Mr. Falconar's Statement was prepared about the same time as those of Captain Graham and Mr. Shutton the difference between them appears inexplicable - I have examined the Jaghiredars Curnums and one of his Goomastahs on the subject but have not been able to obtain any explanation, for the accounts of 1802

1802 and the preceding years are none of them forthcoming - I do not know from what data the Statements of Mr. Falconar Captain Graham and Mr. Shutton were prepared, but as the two latter Gentlemen were Collectors of the District in which the Jaghire Villages were situated I should prefer their Statements as authority to that of Mr. Falconar -

8 With regard to every Village in the Jaghire in which the accounts furnished to Mr. Goldingham shew the average produce to be less than it appears from Captain Graham's and Mr. Shutton's Statements to have been in 1802 the Curnums have been closely examined as to the causes they generally impute it to the effects of Cholera to the reduced price of Grain and to a permanent reduction of his demand made by the late Jaghiredar in Fusly 1220 accounts in proof of this alleged reduction are forthcoming for only four Villages - They bear the signature of the late Jaghiredar and are dated in Fusly 1220 - In some instances a reduction of as much as one quarter appears to have been made in the demand - The reductions was made by reducing the fixed estimate of the quantity

quantity of the produce of the Cawny (the Jaghiredar's claim on the ryot being for certain share of the estimated produce) For instance a Cawny might be estimated to produce 14 Culle and the Jaghiredar's share might be nine Sulf or seven Culle but if the estimate of the produce were reduced from 14 to 12 Culle the Jaghiredar's claim on the ryot would be for 6 Culle or its value. There is no proof that these reductions were as general as the Currums state them to have been, nor any particular reason that I am aware of to impeach that they were not - all attempts to verify the Currums statements are baffled by the want of accounts -

9 The Board observe in Para 3 of their letter under reply "In the list "of Villages given in Para 2 of your letter "four are set down as held on Cuttuyoothah "and seven as rented" Mr Goldingham set down four Villages not seven as rented but Mr Goldingham's statement was incorrect he ought to have set down four, for the Village of Paramuthum which he included among the rented Villages has not been rented since Fasly 1246 -

The

10 The Board require to be informed whether the terms on which the rented and Cuttuyoothah lands are held are fair and suitable to their real value, or whether they have been granted at reduced and favorable rates to the relatives, friends or servants of the Jaghiredar, and they desire to have accounts of the "actual amount levied" on these lands, and to be informed whether Column 46 shews the amount of rent or the actual settlement, and the same information also is required regarding the Sarvi Cuttuyoothy in Column 65 -

11 Column 46 of Mr Goldingham's Statement exhibits the amount of the rent only The actual amount levied by the Renters is exhibited in the accompanying Statement No 3 Column 11 and is prepared from the Currums accounts From their Statements it appears that the method pursued by the Renters is not to keep the Peerwah depended on the land but to make an agreement every year with each ryot for the amount he shall pay It also appears that in the four rented Villages much of the

Cultivation

Fort St. George 4th September 1813

Cultivation is carried on by Pykarries who are provided for and supported by the Renters and that the necessity of procuring Pykarries has been a main reason with the Jaghiredar for renting these Villages. The Renters are not relations or servants of the Jaghiredar, and if the accounts rendered by the Curnums of the Annanee Collections of these Villages as exhibited in Column 5 of Statement No 3 approximates to the truth the Renters do not appear to hold them on very favorable terms.-

12

Besides the 4 Cuttoogoothah Villages mentioned by Mr Goldingham there are lands held in Cuttoogoothah in six Annanee Villages. The whole of the Cuttoogoothah lands were erroneously entered in Columns 42. 43 and 45 of the figured Statements accompanying Mr Goldingham's letter under the head of "Land Revenue under Rent".

See Column 63 of Statement No 1 and Statements No 4 and 5

13.

It appears from the statements made to me by the Curnums and Jaghiredars servants that the Cuttoogoothah settlement is a settlement made annually by the Jaghiredar with each individual ryot

Fort St. George 4th September 1813

ryot, in which he makes the best bargain he can with the ryot, and does not regulate his demand by any fixed rule of assessment. The demand varies annually with the circumstances of the ryots and the state of the season.

This mode of settlement appears to have been as profitable to the Jaghiredar as it is agreeable to the ryot as the Board will perceive by referring to Statement No 4 and comparing Column 10 with Columns 2 and 3 which exhibit the produce of the Cuttoogoothah Villages in 1802. The same mode of settlement is very generally practiced in the Cavateemungher Zemindaree under the name of Coole.

With regard to the Saree Cuttoobuddy in Column 65 of Mr Goldinghams Statement corresponding with Column 9 of Statement No 1 now submitted

12493. Fort St. George 4th September 1843

I have to explain that the Jaghiredar has assigned the revenue of certain lands to some of his servants instead of paying them in Cash. The entries in Column 65 are the revenue leviable on such of these assigned lands as were such fusly brought under cultivation. Though entered in the Summah account this revenue is not Collected by the Jaghiredar but by those to whom the lands are assigned.

15. The accounts furnished by the Cummums shew the present average revenue of the estate to be between Rupees 6 and 7000 less than in 1802. I am not disposed entirely to reject the reasons assigned by the Cummums for

for this difference. Most of the Villages of the Jaghire lie in the Talooks South of the Palar, and it has been frequently brought to the Notice of the Board how heavily the present assessment bears upon the Ryots of those Talooks. The Board are also aware how much the Price has fallen since the commencement of this Century. It may further be observed that in the ten years from which the average has been taken is included fusly 1242 a year of the severest famine ever known in this Country.

Order thereon, Ordered to be sent again in circulation

Proceedings thereon.

Communicating to the A.P.C. of Salem the observations of the Board on the revised Rootkumnamah of his District and stating that it is expected that an amended copy will be received at an early period.

The Acting Principal Collector objects to certain alterations in the 2nd Rule of the Revised Rootkum Namah of his District prescribed by the Board in their Proceedings of the 12th April last. In stating his objections he appears entirely to have overlooked the discussion on this subject which have occupied so large a portion of the Board's attention in their Proceedings on Leases 1218 A.D. 1833/34 49-50-51 39/40 40/41 41/42 and in their additional Proceedings of the 23rd March last furnished to them on the 3rd April following. From these the Board had hoped it would have been apparent that the whole of the system defects so often animadverted upon in the administration of the Salem District depend upon this very provision of the Rootkum Namah.

2 In the Proceedings adverted to, it has been shown so far from being the ancient practice of the District Renters

J.C.B.

12309. Fort St George 4th September 1843.

as it now stands was introduced for the first time into the Rootkumnamah of 1239 Fusly 1829/30 A.D. and extended in 1244 1834/35 that the removal of all the usual restraints on the extension of cultivation, had had the effect of inducing an enormous increase of Cowle Cultivation and a proportionate decrease in that of the old occupied lands that the same degree of licenses was allowed in no other District and that it was therefore necessary to check the evil by reverting to the practice formerly in use.

3 It is unnecessary to recapitulate all the arguments adduced in favor of these views, nor has the Acting Principal Collector advanced any reasons in favor of his leaning to the existing state of things. The Board are unable to conceive what peculiarity in the soil of the Baramahl should render the restoration of its productive powers so difficult, as to demand the whole resources of the Ryots to be laid out in procuring manure, for the fallows and notwithstanding all this expence to require that the best lands near the Village should be periodically abandoned and barren and inconvenient spots on the sides of hills or the outskirts of the Village occupied instead. Such a practice.

Vide Coll.r's letter Para 2

do

so contrary to the evident interests of the ryots and to all experience elsewhere, admits of a much more probable explanation as pointed out by the Board where they have shown that the facility in granting Cowles, has introduced a systematic abandonment of the Manaal lands to enable the holders of them to get them back in a short time, under the more favorable conditions of a Cowle. The restrictions of Asan, and Ghier Asan considerations in the relinquishment of land common to all Districts are no doubt unpalatable to the Ryots from operating as an additional check on the abuses above mentioned, but the Boards are more than ever convinced of the necessity of maintaining them. The argument regarding the apprehension of cultivation under the revised rule being driven into the Enam Moolah and Jaghеer lands was urged by Mr. Greig and met in the Board's Proceedings on 1248 Fusly / 1838/39 A.D. No such tendency was apparent anterior to 1239 Fusly / 1829/30 A.D. and none such need be apprehended now. That also from the improvement in the Revenue since 1246 / 1836/37 is equally untenable

Para 9

Fort St. George 4th September 1843.

untenable, the real explanation is to be found in the favorable nature of the seasons of late years the effects of which are not confined to Salem. If the Acting Principal Collector will refer back he will find that the Revenue was higher than in any of the years quoted before the removal of the restrictions, in 1239 Fusly / 1829/30. and even then it was below the Beriz of earlier years.

1236 - 1,807,622

4. The instructions regarding the grant of Cowles have been entirely misunderstood. What the Board said was that Cowles should not be granted to parties not occupying Manaal land - because such favorable terms are intended partly to assist the industrious Ryots in bearing the burthen of his fully assessed land, and also because old waste can only be effectually reclaimed by Ryots possessed of Capital and stock. Poor ryots are utterly unequal to such a task. It is usual to allot to them lands easy of title, such as those fully reclaimed on Cowle by the substantial ryot and then relinquished on being brought to the full Assessment.# The terms on which they proposed that land might be

# Note The above practice was fully discussed by

by the Board so long ago as 1832. Justly and they beg to refer the Acting Principal Collector to the orders of Government passed on that occasion Vide Board's Proceedings 3d May 1822 Paras 19-20. from Govt to Govt 17th Dec. 1822 Para 9 Sent to the Coll. of Salem 23d Dec.

be relinquished was not that parties holding cowles should be debarred from contracting their cultivation but that they should give up good and bad together in fair proportions and in the case of the putcut being thrown up and the cowle retained, that the full amount should be imposed on the cowle, not that the compulsory occupation of the putcut should be enforced - as expressed by the Acting Principal Collector that the full assessment of it should be levied during the remaining period of the cowle.

5 On these grounds the Board are unable to sanction any relaxation of the instructions formerly given by them and they request that Rule 2, revised in strict accordance with them may be submitted without further delay.

6. The same observations apply to the latter portion of Rule 10 in its amended form as submitted in Enclosure No 1 of the Acting Principal Collector's letter above recorded which must be altered accordingly.

7. The rule laid down for the assessment of wet lands converted to Dry from

from failure of water in the 22d Clause should the Board conceive, be regulated by the same principle as that applied to Gardens cultivated with Nunjah produce - that is - that it should be imposed with reference to the teerwa of the nearest Poonja similarly situated / Mistul teerwa / Rule 30 would admit of simplification and it appears to the Board that circumstances may arise when it would be expedient to accept a Ryots Razeenamah holding both Putcut and Cowle where he is willing to relinquish both without reserve, but they will not object to it as it stands; they conceive however that Rule 32 might with advantage be entirely omitted, - the subject to which relates not coming properly within the scope of a cultivation Hookoommamah,

8. The alterations in the Cowlenamah exhibited in Enclosure No 2, are generally correct. But the stipulation in Rule 1 restricting the grant of Cowles to Ryots who have held putcut lands "for a long time" is unnecessary and should be amended by the omission of these words [in inverted commas] Any Ryot holding Putcut land if otherwise unexceptionable is entitled to take up waste land on Cowle

The

The concluding sentence also which prescribes the Grant of old waste on full teerwa to applicants for Cawle who have no puttee refers to a case not likely to occur and should be omitted.

9. Rule 16 declaring the privileges obtained by the construction of new wells requires the addition of the following restriction after the words "will not be subject to "any higher but his fixed punjah Teerwa" Viz, provided he keeps up his Mamool Puttee.

10 The Board will expect to receive the Revised copy of the Hookoomnamah amended with reference to the preceding observations at an early period.

Reporting on the collection of tax on honey and wax.-

Sir,

With reference to your letter of the 27th Ultimo calling upon me to report whether any tax or rent is collected for the privilege of collecting honey and wax in this District. I have the honor to state that the right of appropriating certain wild produce of the Hills and Jungles in the Talooks of Torriore and Volecondapoorum is rented at the yearly sum of about Rupees 105 in Torriore and 170 in Volecondapoorum. Honey and wax are included in these products, but altho' a pretence has been made in Volecondapoorum to divide the whole amount upon each particular article, the real value of each cannot be stated with accuracy, but it does not in all probability amount to 15 Rupees in each Talook upon honey and wax.-

2. The tax is realized without difficulty from the renter and no complaints have ever reached me, nor can I discover upon

upon enquiry that any oppression or annoyance has been exercised in respect of it but the amount is insignificant and the people are poor, and might I think with propriety be allowed to enjoy the trifling advantage to be derived from the collection of the two articles in question, as well as from the dying barks and powders - a kind of grass used for brooms - a sort of wild Cotton from which twine is made, and gall nut - "Mustard" ought also to be excluded from the list, as it is not a spontaneous product, and the land on which it is grown is liable to taxation.-

3. The accompanying list exhibits the several descriptions of articles included in the rent in question and the relative value of each item, as settled in Fusly 1231 in the Talook of Volcondapooram. Those not Specified in the foregoing para should I think remain liable to taxation.-

4. The two Talooks above mentioned are the only ones in which the articles in question are taxed.-

To the Prin.l Coll.r of Madura.--

In Cons.n 11th Sept.r 1843.-

Returning a petition from Palanyappa Moodelly late Chokedar of Madura appealing against Sentence passed by his Head Assistant under Regulation IX of 1822, and requesting him to dispose of the case as a direct appeal to him from a judgement given by one of his Subordinates; also desiring him to point out to his Head Assistant the Board's Circular Orders regarding the manner of conducting a trial, and to request his careful adherence to them in future.-

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 10th Ultimo, forwarding with several documents connected with the case, a Petition from Palanyappa Moodelly late Chowkeydar of Madura, in appeal against a decision passed by the Head Assistant Collector under the provisions of Regulation IX 1822.--

2. As no order under the hand of the Mr. Commissioner Drury in approval of the Sentence passed against the appellant, is to be found in your records, there can be no question that it is fully competent to you to review the proceedings held by the Head Assistant, and that in fact until the case shall have been submitted to your revision it could not regularly form the subject of an appeal to the Board of Revenue. I am therefore instructed to return you the accompanying papers.

papers and to request that you will be so good as to dispose of the case upon its merits, as a direct appeal to you from a judgement given by one of your Subordinates.-

3. The Board beg further to draw your attention to the "decision" purporting to have been drawn up in this instance by your Head Assistant. A circular order Para 2- from this Office 13th April 1826 directs that the revenue Officer "in passing his judgement on the case, should briefly sum up the evidence on the several charges and record a distinct Sentence of acquittal or conviction on each, with a concise State:=ment of the grounds on which it is founded" Circular 31st December 1835 directs that "such decision should be recorded in English"-

4- It would not be easy to ascertain determine which of these two orders had been least regarded on the present occasion. The "decision" while it is confused in matter and arrangement is concluded in a style which sufficiently shews that it could not have been written by the Head Assistant Collector, being indeed no

no more than an Extract from his Tamil proceedings turned into broken English by one of his Native Servants.-

You will be pleased to point out to Mr. Fane the orders above quoted and request his careful adherence to them in future.-

Copy of a Decision passed by the Principal Collector in the District of Madura.

Plaintiff- Suroomoogum of Maungody near Cauzy Chuttrom in the Talook of Sivagunga.

Defendant- Cutta Saulter, Sotty of Maungody

On the 19th of May 1841 the Plaintiff preferred a Complaint purporting that Vellie Saulter, Pareya Saroopen and the parties in this case, held each a share in the Sotty Merasy of Maungody and enjoyed the same by annual rotation, that the ancestors of the Defendant sold to those of the Plaintiff a quarter of the share belonging to them, on the 10th Suny of the year Reckha, corresponding with the 1654th year of the Salivahana Epoch, and one Lightthoo on the 13th Perattasy of the Sadarana year, corresponding with the 1770th year of the same Epoch, and moreover executed deeds of conveyance for the same, and that he, the Plaintiff, enjoyed the quarter share above adverted to, on five different occasions in his own routine in respect to the same, happening once in every 12 years. Having however been prevented by the Defendant from enjoying it accordingly to

to his rotation, the year before last, he now prays for orders to be allowed to do so.

In his answer, the Defendant totally denies the fact of the Plaintiff's assertion, alleging that he had always been in the enjoyment of one [full] share.

The Ameen who investigated the case, reported that he had given an order to the effect that both the parties should enjoy the said quarter share in equal portions. This order being inconsistent with the principles of justice, the case was referred to certain Arbitrators for re-examination, but they, instead of reporting the mere result, adjourned the Office of Punchayet, and passed a decision, in contradiction to the orders of the Huzoor and the provisions of Regulation VII of 1831, and without inspecting into all the documents connected with the case. This procedure being therefore irregular, the case was subsequently investigated at the Huzoor, in conformity with the said Enactment.

Both the parties confess, that they severally possess only one share.

The Plaintiff advances no claim or pretensions to the 1/8th Share out of the 3/8ths referred to in the deeds of conveyance but prefers a Complaint in respect to the 1/4th share alone.

During the examina=
=tion of the case by the assessors, the Wit=
=nesses on both sides gave their eviden=
=ce in favor of their respective parties. The Village officers being of nine descri=
=tions gave their evidences, some in behalf of the Plaintiff, and others for the Defendant. As they appear thus to have been prepossessed by party spirit, their evidence is not worthy of credit.

The year 1654th of the Salivahana Epoch referred.

Comprizing 6 years.

=ferred to in the Deed of conveyance re=
=specting the 1/4th share corresponds with the Parithavy year of the Cycle before the last (which was 111 years back) but not with Keelaka. The Plaintiff however attempts to account for this result by a difference of 5 years, asserting that the year Keelaka was one of the last Cycle, but even in this case it will only correspond with the year 1710 of the Epoch. It is therefore impossible to ascertain the exact period of the execution of the Deed, which consequently appears to bear a suspicious character. With re=
=gard to the other 1/8th share, the present question has no reference whatever. It must however be remarked that the year of the Epoch, (referred to in the Deed respecting the said share) Viz. 1770 will only correspond with Cycle year Keelaka yet to come, whilst the Sadarana year preferred to in the same Deed has reference only to 1712 of the Epoch. Hence these Documents do not seem to be genuine, or is it appa=
=rent from the Complaint itself that the Plaintiff had ever been in possession of the 1/4th share for the last 17 years. Moreover, the case has nev=
=er been brought before public authorities

authorities for trial, and yet it had undergone (various) enquiries before an assembly of the caste people of the parties to whom the Plaintiff seems to have preferred his complaint, but their decisions were not respected by either of the parties, nor was the Plaintiff ever in possession of the said share, nor do the proceedings held by Circar people in consequence of the dispute, (which took place between the parties during three years) show that the Plaintiff's allegations that he enjoyed the said share on five different occasions, were well founded, for, if so the latter cause there would be no further dispute about it.

It has however been proved by the evidence of the aforesaid witnesses which was very essential in this case, that the 1/4th share in dispute was neither sold to nor enjoyed by the Plaintiff (or his ancestors) nor was such an Entry made in accounts whilst on the other hand the latter show, that each party had enjoyed an entire share, and that, no grounds appear to exist for dispute in respect to the shares which should therefore be enjoyed, &

To C. G. Lovell Esqre

Acting Secretary to the Board of Revenue Fort St. George.

Sir,

Para 1. In forwarding the usual accounts of the Extra Sources of Revenue for Fusly 1252 / A.D. 1842/43 I have the honor to report the result of the settlement thereof.

38

From the Collr of Tinnevelly Reporting upon the settlement of Extra Sources of Revenue for Fusly 1252 Shewing an increase of Rs 5985-5-3 in the Demand above the previous Fusly 1251-

2. It is satisfactory to observe that the sales of Salt have produced an advance of Rupees 5985-5-3 upon the previous year, though they are 1760-5-4 less than the highest Collections realized in Fusly 1250- A.D. 1840/41.

| " 1252 | 2,51,703-15-11. |
| Increase | 5985-5-3. |

3- On looking into the details of this Department it appears that the sales at Cuddapah have been better than in any other Choukey and exceeded by Rupees 16337-11-10 last year, whilst those at Coilpatam and Co-elasagara Pattam have yielded an increase of Rupees 13150-7-7. making a gross increase of Rupees 29488-3-3-

The

From St. George 4th September 1874

The cause which gave rise to so large an excess at Uypaur was that at the time when an extensive shipment of Cotton was carrying on at that Port, an ample supply of new Salt was ready for sale there, and which offered a convenient opportunity for all the return Cotton Bandies being loaded with Salt.

4. The accounts of other Chouckies exhibit a decrease of Rupees 23,502. 14. 1 of which Rupees 7,935. 10. 2, and Rupees 5,749. 3. 0 have occurred in the Depôts of Munjuncoolum and Vezia:apatty respectively.

5. These decreases are partially attributable to the suspension of sales for a time, during which the manufacture of Salt for the current year was carried on there, but they are mainly occasioned by the Merchants not having resorted to those places as they used to do, owing to the heavy falls of rain, and the very bad state of the roads leading thereto, which has rendered them almost impassable for Carts. The same

From St. George 4th September 1873.

same reason must also be assigned for the decrease in the remaining Chouckies of Arasady Tuto:corin and Palaiccoil.

6. From the Statement in the margin it will be seen that the Salt manufac:tured during the present Fusly amounts to Garces 569. 328. being short by Garces 247. 292. of the quantity stored last year. The cause of this reduction is attributable to the great impediment to the ordinary manu:facture in consequence of the heavy falls of rain at a very inopportune time almost throughout the whole of the Manufacturing Season. In:clusive of the stock on hand at the be:ginning of this Fusly, and gain by measurement, the total quantity amounts to Garces 3396. 220. 1 and after deducting therefrom the quantity actually disposed

The Charges incurred in this Department for the year under report are considerably less than last year, consequent on the decrease in the manufacture of Salt already noticed, and the savings effected from situations not filled up for short periods during this year.

8.

Including the Extra Revenue derived from fines and forfeitures &c. &c. amounting to Rupees 132-2-4 the gross collections under this Head Amount to Rupees 25,1836-2-3 or, after deducting the charges, to Rupees 23,4418-13-11 in net, which sum it will be observed far exceeds the revenue of the past Fusly by Rupees 29,986-9-8.

on the increase in a trifling degree - To account for this increase the accounts of the department show it to have arisen chiefly under the Head of Rents. It will be remembered that the duty on the Frontier Tobacco was collected under Aumanie during Fusly 1251 A.D. 1841/42 but its having been rented out in the present has fetched Rupees 3,845-11-6 above the past year. Including the excess derived from the Cheyaroot Revenue which was leased for 3 years successively from Fusly 1252 A.D. 1842/43 amounting to Rupees 200, the gross increase comes to Rupees 4,045-11-8, from which the decrease occasioned by the falling off in the renting of District Tobacco and Betel, and in the collections of duties particularly on Piece Goods and split Betel Nut under Aumanie amounting in all to Rupees 3,961-3-2 being deducted, the net increase is equal to Rupees 84-11-6. It may be right to remark here that the Amount of all the different farms has been fully realized -

It will be seen in the margin that the revenue from Sea Customs has yielded an increase of Rupees 9087-2-4 in favor of the year under consideration. To account for this excess it will be sufficient to remark that it has arisen mainly from a large quantity of Cotton having been exported lately to China. The duty derived from this article alone amounts to Rupees 4053-3-5 which together with the increase in the exports of Jaggery and Chanks for Madras in particular, as well as in the imports of Tobacco and Opium amounting in all to Rupees 7424-3-4 makes a gross increase of Rs. 11477-6-9. From this sum the decrease occurred in the Collection of Duties on split-beled Nut, Cocoanuts, Poovattoo, Vea. amounting to Rs. 2390-4-5 being deducted the net increase comes to Rupees 9087-2-4 as noticed above. 14.

The charges in this Department for the year in question have been somewhat reduced by the decrease in

in the payment of Drawback. The diminution amounts to Rupees 281-13-10 but the disbursement of a sum of Rupees 100, as reward to persons who assisted in bringing to light the smuggling of certain opium and of Rupees 39-10-4 for the repairs of the Custom House at Tuticorin has reduced it to a net decrease of Rupees 142-3-6.

The trivial decrease under this Head has occurred chiefly from the decrease in the disposal of Rents of the Arrack and Toddy for the Town of Palamcottah for the year under consideration consequent on the different arrangements recently made for the prevention of illicit sale of those liquors to the Troops in garrison.

17-

The Amount of rents as per statement above

The Moturpha has fallen off this year to the extent of Rupees 2,066- 14- 0 which has been occasioned chiefly by certain cultivating Ryots, and Climbers of Palmiras having been, on just grounds, exempted from this tax; and partly by Casualties &c.

22. The collections realized on account of the above demand amount to Rupees 101,162- 7- 3 leaving a balance of Rupees 2,641- 15- 4 at the end of the Fasly which has however been reduced by subsequent Collections to Rs. 811- 11- 2.

contrast with the preceding Fasly the amount is a decrease of Rs. 5045- 2- 11. This has been occasioned chiefly by the decrease in the Collections on account of the arrears between the two years, which amounts to Rs. 5,274- 14- 2 for Fasly 1252 whilst it was Rs. 13,670- 14- 4 in the past Fasly.

These farms comprize the Stem of Chay root, Chank and Fish Revenue, and the demand for the same has been somewhat diminished this year, consequent on the unexpected failure of fisheries which the constant water in the Tanks and other Reservoirs by the unusual falls of rain did not permit to be fished. The decrease in this source is Rupees 2487- 4- 11 and after deducting the increase in Chay root amounting to Rupees 580 the residue comes to Rupees 1907- 4- 11 or equal to the net decrease noticed above.

Submitting revised lists of unanswered letters to the 30th June last in substitution of those forwarded on the 4th Ultimo.

Sir

I have the honor to acknowledge the receipt of your letter under date the 28th Instant, and to observe that lists of unanswered letters comprising all arrears up to the end of May and leaving a full month for business actually current, in pursuance of the instructions communicated in the letter from your Office of date the 16th February last were prepared and dispatched on the 4th Ultimo, but as it now appears to me that it is the intention of the Board that the conclusion of the Reading should be to the 30th June 1843 "instead of to the 31st May 1843," and that they should besides be dated the 1st instead of the 4th July, I beg leave to submit herewith revised lists in substitution of those referred to above.—

From the Chief Secy to Govt— } Extract from the Minutes of Consultation under date 31st August 1843.

Read the following letter

To
J. F. Thomas Esqre
Acting Chief Secretary to the
Government of
Fort St. George

Sir,

In reply to your letter of the 7th March last I am directed to inform you that the question of the Madras Transit duties with a view to their early abolition is now under the consideration of Government, and that in the mean time

2. The relinquishment of the dry lands in the Principal; and the increased occupation of them in the Sub Division are remarkable, and the Government will await the explanation which the Board expect -

3. The + remissions on lands so taken up and left waste, though a decrease on last year, are still large, but the remarks on this subject by the Board and the Government on the settlement of Fusly 1250 will it is trusted, materially diminish this item in future years.

Deduct inundated lands - 17,677-R.s / 21,904. / 154,813

4. The Government had hoped that the subject of increased rate imposed in the Village of Palcor by Mr. Mathison would have been finally settled in the Report now reviewed, as the long period elapsed since the + transmission of the Survey accounts should have afforded ample time for such an arrangement -

+ in February 1842.

5th Para 12 The late Sub Collector arrived at the conclusion that the rates of assessment had been changed, so that the Government would apprehend that there are grounds for suspicion on this head, though not perhaps

perhaps to the extent that Gentleman supposed - When the Principal Collector has completed the enquiry, the Government request that his Report may be submitted to them. -

Para 13. 6 The Board have adverted to the true cause of the increase under the head of "Fusly Cummi" or "short produce," as arising from the increase in the remission granted in the Ravoor talook - But as regards the entry of "short produce" in Woodiagherry the Government would understand the cultivation only of an inferior Crop on the more valuable lands. -

7. Of the amount which the Principal Collector thought advisable to include in the settlement of this talook - For Fusly 1250 on this account, and which remained as a balance the Government directed the remission in Para 4 of the Minutes of Consultation 1st April 1843. -

8. The Principal Collector stated that he charged the fixed rate in order that the ryots might be impressed with the custom observed in the rest of the District, so that the

the same Ryots could not from ignorance have fallen again in to the same error. The Principal Collector is the best Judge as to the wants and resources of these Ryots, and the Government will raise no objection to the discretionary remission allotted, though it is desirable that this Talook in future should be subject to the same custom that prevails in the remainder of the District.

Para 20 9 After the promise communicated in para 40 of the Principal Collector's letter on the Land revenue settlement for Fusly 1250, to report on the Shrotriem Balances of the District, His Lordship in Council is anxious that there should be no further delay, and considering that these Balances are still accumulating, without, as the Board observe, "the Proprietors being able to extricate themselves" it is of great importance that immediate attention should be given to the subject.

Arrears since Fusly 1240 — Rs. 94,965-4-
Current — 19784-3-9-

Para 23 10. His Lordship in Council regrets the delay in submitting the report upon the old Balances of the District called for by the Board in their Proceedings on the Reports for Fusles 1249 and 1250 (A.D. 1839/40 — 1840/41) paras 24 and 21 and which the Principal Collector in para 5 of his report for Fusly 1251 says "shall be

be furnished shortly" It is observed that the Board have called the particular attention of the Collector to this subject. The

total arrears under Permanent and Ryotwar settlement from Fusly 1240 to Fusly 1250 inclusive, exclusive of Shrotriem, amounts to Rupees 9,14,297-4-7.

Board's Proceedings para 16. 11. The Collections within the Fusly on account of the Ryotwar settlement as explained in para 1 of this review amounted to Rupees 1,36,709, leaving a balance of Rupees 1,32,274 which was subsequently greatly reduced. The Principal Collector's Rs. Coll.r's letter para 35 states the sum due in his Division to be Rupees 55,357-9-9 on the 15th September 1842, and on the 15th August preceding there was a balance of Rupees 23,945- Sub Coll.r's letter para 25 -4-7 in the Sub Collector's Division making a total of Rupees 79,302-10-4 This sum was further reduced in January to Rupees 70,889-5-9 and not as the Board have quoted it at Rupees 83,801-6-2, which it has been ascertained includes Shrotriem Balances. The Principal Collector and Sub Collector declare the inexpediency of

if not, the impossibility, of recovering any considerable portion of the Ryotwary balance without injury to the Ryots.-

12- Sanction is granted for writing off the accounts of Rupees 14,334-10-1, due by the Woodiagherry talook, as there appears to be good and sufficient reason to suppose this sum to have been collected from the Ryots, though not afterwards accounted for.

(11)

From the Chief Secy to Government—

Requesting the Board to furnish certain information required by the Govt of India on the subject of the mode of assessment & the produce of the Moturpha & Veesabaddy taxes levied in the Districts subject to the Madras Presidency.—

Sir,

I am directed to inform you that the Governor General in Council is desirous of receiving with the least possible delay such concise information as the records of the Madras Government may afford on the subject of the mode of assessment, and the produce of the Moturpha and

Fort St. George 7th September 1843.

Veesabaddy taxes levied in the districts subordinate to the Presidency of Fort St. George.—

2. His Lordship in Council observes that the only Regulations of the Madras Code which provide for the levy of these taxes are Regulation II of 1818 and Regulation V of 1832.—

3. The Moturpha tax is levied generally throughout the Madras provinces but the Veesabaddy appears to be confined to the Districts of Bellary and Cuddapah.—

4. The receipts from the Moturpha are separately shewn under the Head of Revenue in the accounts furnished from Madras, but no distinction is made of the Veesabuddy Collections, which appear to be included in the Moturpha receipts— His Lordship in Council desires to know what the amount of Veesabaddy Collection is, in each District in which it is collected, distinct from the Moturpha Collection, the cost of its Collection, and the Net amount of Revenue derived from it.— He requests to be furnished with

with similar information in respect to the Moturpha.—

5. The Governor General in Council remarks that the mode and extent of assessment of the Moturpha tax are not defined by Regulation at all, but seem to be dependent on the Custom of the Country.—

6. The Regulation from the Veesabaddy tax is carefully drawn, but the direction for the fixing of the sums to be paid by each province or Zillah of the Ceded Districts is very general, and His Lordship will be glad to know distinctly how the Governor in Council has usually proceeded in determining this essential point, the Quota imposed on each Talook is regulated by the Collector, and as a guide to his proceedings it will be satisfactory to have the calculations on which a few of the Collector's reports, by which probably the Superior Authorities are guided, have been founded. The best test of the general fairness of the tax is by referring to the facts which must form

form the basis of a Collector's Calculation. These are laid down to be—

1st The Exports and Imports of the district.—

2nd Population.

3rd Produce.—

4th Consumption

5th Usual profits of trade, and

6th the general circumstances of the several descriptions of persons liable to the payment of the tax.—

And in these elements there is so much of what is vague and undefinable, that it must be difficult for the most conscientious Officer to satisfy himself of the justness of his conclusions.—

7. The principle however of the Veesabuddy tax is sufficiently fair, for it is intended to make the parties liable pay according to their means from whatever source derived, excepting personal labor, and for that the Moturpha which is more questionable in principle provides.—

8. In respect to both taxes, as to their action and produce, whether their

their local allotment is supposed to be fair, or is much complained of, and appealed from; in fact, on the system, extent and effect of their present operation generally, the Govr. = nor General in Council will be happy to receive such information as the Most Honorable the Governor in Council may be able readily to afford.-

Fort William, the 17th. August 1843.

The Board of Revenue will be pleased to furnish the information required in the foregoing letter with as little delay as possible.-

(13-14)

To the Pl. Collr of Canara. — in Cons: 27th July 1843.

Sir,

With reference to your letter of 14th July I am directed by the Board of Revenue to convey to you the sanction of Government for the total cost of the Coir shipped to Calcutta on Board the Hydrabad amounting to Rupees 3,031—4—8.

From Govt Dept in Cons: 7th Sept 1843.

2. I am further instructed to apprize you that in reply to a reference to Government upon the subject, the Board have been informed that the quantity of Coir to be supplied in lieu of that exported to Calcutta by the Stalkart and there condemned, is to be considered exclusive of the quantity (3,000 Maunds) required in the Indent of December 28/42 for the year 1843/4.—You will be pleased to take measures for furnishing the total quantity called for with as little delay as possible.—

| | These three persons have already given their assistance for the last six Months without any remuneration in preparing the accounts and entering the particulars of Claims to Enams. The Claims preferred amount to more than 2,000 and upwards of 900 summuds have been filed. The further preparation of statements will take about 6 Months more and sanction for the employment of these persons is solicited, as it is quite impossible that the work can be done by the Commissioners permanent establishment— The estimated amount of the Enam lands in Kurnool is about 4,00000 acres and of this about one fourth is granted to private individuals the rest being for the establishment of Mosques, Pagodas, the performance of religious ceremonies, Enams to Reddies. Carnums, Taliars &c. Mr. Bayley considered it proper that an enquery into the validity of all private claims should commence at once, and it is for this purpose that the above mentioned 3 persons have been employed. It is believed that while Mr. Bayley was at Madras he submitted a report to Government on the subject of these Enam lands, but there is no Copy of his report in this Office— |
| | The necessity of this addition for bringing up the accounts in arrear in the Accountants Department has been fully explained in the Commissioners letter to the Board of Revenue dated 25th July 1843.—. |

Season 5 It will be observed on reference to the reports on seasons appended to the Monthly Statement of Demand Collection and Balance submitted to the Board from October 1841 to February 1842 that there was an abundant supply of water for cultivation both from falls of rain and from the freshes of Kistna by which the Tanks were filled and which proved very beneficial to the wet Crop cultivation which has yielded a good harvest. The village of Penasah, Inma and other Dry Crops however was impeded by excessive rains, and consequently gave a small return of produce. The cultivation of Payra

Payra Crop though exhibiting some increase, suffered much from rains and unfavorable winds at the time the Crops were coming to maturity, and the produce was consequently scanty.—

7 Statement No 3 will shew the extent of cultivation on the Villages appertaining to the Deny Purgunah which are managed under the system of a division of produce, the Jummabundy prices and the value of the Circar share of the produce together with the revenue derived from money rented and Garden lands as well as the several items of ready Money Collections for the year under review compared with those of the preceding Fusly of which an Abstract is given below shewing a Nett increase of Rupees 1193—11—2

The season having proved particularly unfavorable for the Dry crops there appears a decrease of Rupees 8330-8a 4p under the head of dry lands settled on a division of produce and Rupees 3365-1a 6p on the Money rented and Garden lands, the total decrease under these heads being Rupees 11695-9a 10p. It might reasonably be expected that this decrease should have been counterbalanced by an increase on Wet land cultivation and such would have been actually the case, and that to a considerable extent had it not been for the falling off in prices which were even much below those of the preceding Fasly as will be seen on reference to Cols. Nos. 6 and 11 of Statement No. 3. The increase on the Wet Cultivation was consequently only Rupees 10624-7a 11p which still leaves a Net decrease in the Demand, exclusive of Realized Money Collections Amounting to Rupees 1071-1a 11p. The Settlement of Fasly $\frac{1250}{1860/61}$ compared with that of the year under review exhibits a decrease of Rupees 634-13a 6p below the Amount entered in the report and Statements submitted to

to the Board under date 7th November 1843
in consequence of the item of Maramut Nist
or annuity of outlay for repairs to Tanks in
the Villages of Durvy Purganah received
from the inhabitants having as directed
in the Boards Proceedings of the 17th November
1843 been deducted from the Syen and
entered as a separate item.

10. Statement No. 3 will shew the increase
and decrease in each of the items composing the ready money
Collections of Fusly 1251 (1841/42) the Maramut Nist
fines and forfeitures &c. being entered under
separate heads) compared with those of
Fusly 1250 (1840/41). It will shew an increase of
Rupees 2,606-4-0 in the Extra Collections
on account of the wages of Anchanadars
and Kyledars as well as other items with
reference to the increased number of
Candies of Wet produce in the Fusly
under review, while in those on account
of Money rented and Garden lands
there was a decrease of Rupees 297-
4-0. This occurred from the following
Circumstances

circumstances, the charges for
Mashatadars being less as likewise
and the sales of Tommukoya
(the fruit of the Tomma shrub)
which from the unfavorable winds
were destroyed by insects and yielded
but a scanty produce, in the item of Pillay
& Grazing tax there was also a decrease,
as Cattle were not driven into the Pur-
ganah for pasturage as in the preceding
year owing to heavy rains. These items
being deducted from the increase, the net
increase in the ready money Collections
Amounted to Rupees 2308-15-2.

11. The following Abstract will shew the
Collections within the Fusly, and after its close
in the Estates of Durvy and Moneygalah

the Collections of Dowry within the Fasly exhibit a decrease of Rupees 23834 as per 2d the large quantity of Produce for this Estate during the year under report necessarily retarded the measurement and the Collections were not received till after the close of the Fasly, as the Grain was in Store for a long time in consequence of a depression in prices. this decrease in the Collections within the Fasly has however not only been made up by the subsequent Collections but on the whole there was an increase of 633 Rs as per 3 above those of the preceding Faslys.

3. It will be observed that there is still a balance of Rupees 2531-10-2 as per on account of the Settlement of Fasly 1251/1841/42 of which the Sum of Rs 1880-10-0 is due on account of the Circar Share of the produce which according to Custom is received in Kind from certain privileged Classes of

of Cultivators and which according to the agreements entered into for the purpose, it is expected will be realized within this Fasly by the sale of Grain in store. The remainder Rupees 645-4-2 on account of Extra items due from Ryots will likewise be realized from the Current resources. The arrears on account of Fasly 1250/1840/41 being Rupees 1927-4-3 of which a Sum of 326-12-4 viz. Rs 253-4-2 recoverable by the sale of the Circar Share of the produce, and a Sum of 253-12-2 the recoverable portion of the balance due by the Ryots will be realized within the close of the Current Fasly. As for the remainder being Rupees 1120-3-11 outstanding against the Estate, it is to be observed that its Collection has hitherto been prevented on consequence of the great falling off in the selling prices of Grain since the commutation prices were fixed during the Settlement of Fasly 1250/1840/41 &c

the inability of Ryots to meet the demand which they represented would be paid from their future resources, consequently it remains to be realized from the resources of Fasly 1252/1842/43

14. In the Moonegalah Purganah which has been leased out on a decennial rent, there is an arrear due on account of the rented Barez of Rupees 9046-12-4 viz. Rs 4343-12-6 for Fasly 1250/1840/41, and Rupees 4720-15-6 for Fasly 1251/1841/42. With regard to the balance for Fasly 1251/1840/41 the Board, in Para 12 of their Proceedings dated 12th January 1843, having expressed a wish to be informed of the particulars of the arrangement entered into by the late Mr. Grant with the renters, and whether the circumstances of the season were in my opinion actually such as to render the realization of the outstanding balances within a reasonable time impracticable, I beg to state that on enquiry it appears to me that in consequence of repeated applications from the Renters and their Sureties representing there inability to pay the balance owing

owing to the badness of the season of Fusly 1250/1840/41 and the consequent failure of produce unless they were allowed to discharge the same by instalments, Mr. Grant was induced to give his assent to the arrangement, in the propriety of which, I entirely concur from the very deteriorated condition in which I found the Villages when I visited the Purganah in April last, arising alike from the badness of the season as well as from the undefined demand on account of the Poollary or Grazing tax by the Nizamis Government, the consequence of which was the emigration of a large portion of the Ryots, leaving their lands uncultivated. To these causes may be attributed the further accumulation of balances for Fusly 1251/1841/42 and 1252/1842/43 amounting to Rupees 4702-15 as 6 p and Rupees 6831-15 as 9 p respectively. As however the disputes in question have been happily settled, as reported in my letter dated 3d. may last, I entertain a confident hope that these balances will be gradually realized.

fell short of those of the preceding year by Rupees 30811 as p 14-9, as shewn in the Margin, but this decrease was more than made up by the subsequent Collections in Fusly 1252/1842/43 which amounted to Rupees 38000-as 0-p 0. The Payments on account of Peishcush within the Fusly, likewise exhibit a decrease of Rupees 37433-a "-p " owing to the same cause as well as to the large amount of Collections from the Talook

16. In Para 10 of their Proceedings dated 12th January last the Court remark that there ought not to have been any balance of current Peishcush outstanding at the close of the Fusly, as the collections within the year were more than sufficient to satisfy the Government demand, and that therefore it was not apparent on what principles the appropriation of the receipts was made, or the reasons for liquidating the full demand of latter years when the balance of

of more distant Fusles are unprovided for. With reference to the first paint

I beg to refer the Court to the Marginal Statement from which it will be observed that the collections of Current revenue of the Decay Estate within the close of Fusly 1250 / 1840/41 were insufficient to meet the demand of Current Peishcush in

Should it however be decided that the collections on account of arrears of former Fuslies be in the first instance applied to the discharge of Current Peishcush, and the subsequent collections of Current revenue to the payment of the latter, the same will be attended to:-

With regard to the 2nd point, 17.

that all collections received in the Treasury within the year should, in the first instance, be applied to the discharge of the current Peishcush, and any surplus only should be appropriated for the payment of arrears, I beg to submit the question for the further consideration and orders of the Court of Wards, as it militates against the usage now observed which is this. The lands in this District are for the most part settled on a Division of Produce which cannot

cannot be completed until nearly the close of the year, so that comparitively speaking a small sum could only be collected within the fusly, the quarter portion of the current revenue being collected and brought to account during the succeeding fusly consequently it follows that so much of the net collections within the fusly on account of current revenue, as may remain after deducting charges on account of the year, are credited in part of the Current Peishcush, and the balance made good by subsequent current collections; and should arrears be collected from the available resources of the Ryots, it is carried to the credit of the arrear of Peishcush of those fuslies immediately preceding the then current year. Now were this practice to be reversed, and the total collection within the year, whether current or arrear, to be appropriated in the first instance after deducting charges, to the current Peishcush, it necessarily follows that the Current Collections of the preceding Fusly as

as well as the arrears collected on account of former fuslies, will have to be credited on account of the Current Peishcush of that year instead of being appropriated as far as they would go to liquidation of the arrears of Peishcush which may have accrued in the particular years in which such balances may have been due by the ryots. This however, appears to be a mere matter of account and I shall be prepared to give effect to such instructions as the Court may, on a consideration of these circumstances see fit to favor me.

18. The settlement of Moonegalah for Fusly $\frac{1251}{1841/42}$ shews an increase of Rupees 6135-7-6 above the amount of

Peishcush, while the collections on account of arrears and Current fell short by Rupees 8414-8-11 From the Marginal statement the Court will observe that the collections within fusly $\frac{1250}{1840/41}$ on account of current and arrears, amounted to Rupees

12626

Fort St. George 7th September 1843

Rupees 14408-8-11, of which the sum of Rupees 7984-3-6 must be considered as an item of adjustment on account of arrears due by the Renters for Fusslies 1248 & 1249 / 1838/39 - 1839/40 as it was paid to J. Vencata Charyoolo the principal Creditor as shown in the Account Current forwarded with the report for Fusly 1250 / 1840/41. Consequently the collection of the Fusly under review compared with the amount actually collected during the preceding Fusly, shews a decrease of Rupees 430-5-5, as shown in the Margin in consequence of the non payment of the arrears for Fusly 1250 / 1840/41 which the renters agreed to discharge in Fusly 1251 / 1841/42 but although payments on account of Peishcush shews an increase of Rupees 993-4-6, compared with the preceding year the actual sum credited to Peishcush after deducting Rupees 3521-6-9 as per on account of Charge including the Minor Zemindar's subsistance from the Collections Current and arrears for Fusly 1251 / 1841/42 amounted to as Rupees 3210-15-0 as per

of the 15th June last, I have the honor to state that it has been the in=variable practice in this District since the assumption of the Country for the proprietors of Sackeraj Villages to collect the entire revenues of their respective Villages from whatever sources, and

and this practice seems to be founded upon the terms of the grants, which deliver over the Village with its entire income for their use, without any specification of the sources of revenue. By the former Government and even for a time by our own Government the payment of Moturfa was blended with the land revenue and did not form a separate head in the public accounts and in making over the land revenue of a Village as a Sackeraj grant, the Moturfa with which it was blended was assigned with it.

I have the honor to enclose copy of a letter from the Superintendent of Bangalore Division with my reply. I have to inform the Board that I have issued no orders to prevent Sugar entering this District from Dharwar and Belgaum though these are Districts into which "Sugar not the Growth of a British posession" can be legally imported, because Mr. Thomas's letter sent with the Board's order of the 10th of July states that his Lordship in Council thinks that there can be no question that Kurnool Belgaum and Dharwar cannot be treated as Foreign under the Provisions of the act — Kurnool is under the Madras Presidency and therefore the act is in force there-

there — but Sugar from Goa, Mysore &ca can enter Darwar and Belgaum — Not having received any reply to my former letters on this subject and the matter appearing urgent I request you will again bring it to the notice of the Board —

Sir,

From the Collr of Bellary— Acknowledging the receipt of his letter of the 27th Ultimo & in reply acquainting that Honey and Wax are collected in the Hills & Jungles of only 3 Talooks of this District where the rent of the tax thereon yields only Rs 71-4-0 per year by average as per enclosed Account, stating that no difficulty is experienced in collecting the Rent & in the event of the same being given up it will be beneficial to poor class of People and will have effect in this District from Fusly 1254.

Para. 1 I have the honor to acknowledge the receipt of your letter of the 27th Ultimo and in reply to acquaint you for the information of the Board, that Honey and Wax are collected in the Hills and Jungles of only 3 Talooks of this District, Paidroog, Koodlegheer and Pengondah, and that the privilege of doing so is subjected to the payment of tax by means of annual contract. A Statement of the Amount collected from this source for the last 10 Fuslies as prepared from Talook accounts recently obtained is enclosed, from which it will be observed that the average collection per year amounts to Company's Rupees 41-4-0 from Honey and Rupees 30 from Wax, total Rupees 71-4-0 No difficulty is experienced in the realization of this branch of Extra Revenue nor is the practice of farming

farming it out in my opinion productive of any annoyance to the people or in any other manner objectionable, but in the event of this trifling amount being given up and the practice of renting it done away with, I should imagine the measure would prove beneficial to the very poor class of People whose occupation it is to cut firewood in the Jungles and who would in future be enabled to gather a little Honey and wax without obstruction and thus add something to their very small gains.

2. Should the relinquishment of the Tax be determined upon it should in this District have effect only from the next Fusly 1254 A.D. 1844/45 as the rents have already been granted for the Current Fusly 1253 A.D. 1843/44.

The collection of the above Rent is not made in this District under any established or sanctioned Rule, nor is it distinctly exhibited, the amount being always included in the Rents of Fruit and Timber Trees, Bamboos,

To
E. C. Lowell Esquire
Acting Secretary to the
Board of Revenue
Fort St. George,

39

Sir,

From the Principal Collector of Canara transmitting with reference to Board's Proceedings of the 27th July 1843 a statement of the Revenue derived from Honey Farm for 10 years and correspondence from the officer in charge of the Balaghaut Talooks explanatory of the vexatious nature of this Farm stating his own opinion to the same effect & recommending the total abolition of the Farm

No 2

Para 1

I have the honor to acknowledge the receipt of your letter of the 27th Ultimo calling for certain information relative to the Honey Farm in this District.—

I beg herewith to enclose

2.

the Statement required of the Amount collected from this Source of Revenue for the last ten fusly years—

3.

& the Talooks in which the Honey and Wax are farmed are under the charge of the additional Sub Collector. I thought it was advisable to call upon that officer for his opinion of the effect as it respects the people, of the system of renting the farm in question—and I now beg leave to submit a copy of his letter, together with its accompaniments for the information of the Board— In

4. In Mr. Lushington's letter and in the Extract from a letter of Mr. Maltby, a former Sub Collector, the objectionable nature of the Farm, as regards the right of gathering the produce of bees found on all private lands, is fully pointed out, and it is, therefore, unnecessary, I conceive for me to enter into any further details on the subject.—

5 In a District like this where the Estates of the Ryots are strictly private property, the depriving them of any portion of the fruits of their lands, cannot but be felt as a grievance, but when to this is added, as is necessarily the case on the farm in question, the power of searching their houses for concealed wax or honey, the vexation and annoyance occasioned by the system, must be extreme.—

6. Although the amount which may be expected to be realized hereafter, from confining the Farm to the Government Jungles, will no doubt considerably exceed the sum for which it could now be rented, yet the evil effects of the continual disputes regarding boundaries, which the collection of the

of the produce by a farmer, must give rise to would in my opinion far outweigh any advantage Government could derive from this source of Revenue. I beg leave, therefore, strongly to recommend the abolition of the Farm altogether.—

7. With respect to the other small Farms alluded to, by Mr. Lushington, although I consider them objectionable on several accounts, and that it is therefore desirable they should be abolished, yet as the letter under reply has only reference to the Honey farm, I deem it inexpedient to enter here into any discussion regarding them, more particularly as the subject has already been brought to the notice of the Board by my Predecessor.—

No. 2

To,

The Principal Collector of
Canara.—

Sir,

Para 1.— I have the honor to acknowledge your letter of the 11th Instant transmitting a copy of a letter from the Board of Revenue under date the 27th Ultimo, and with reference thereto calling upon me, to state whether in my opinion the system of the Honey and Wax Farm existing in Canara Balaghaut is productive of any annoyance to the People, or is in any other manner objectionable—

2. In reply I have the honor to inform you that I have not the slightest hesitation in declaring that the farm as it has been hitherto constituted, is vexatious to the People, and oppressive in the extreme, nor is this the first occasion on which this opinion has been expressed by the officer in charge of the Northern Talooks—when by the privileges conferred upon him by the terms of his engagement, the Contractor is empowered to claim and appropriate every honey comb which may be found in the Talook, which the Farm includes, whether it has been formed

Fort St. George 7th September 1843

formed upon a tree in a Ryots garden within a few yards of his house, or elsewhere, it is not necessary to use any arguments to show that such a system is calculated to give rise to gross oppression, and I believe that instances are of frequent occurrence, where to prevent their houses being searched by the Contractor on the pretext that they have some Honey or Wax concealed therein, the ignorant Ryots are compelled to submit to an exaction— or in other instances, where a poor Ryot tempted by the sight of a Honey comb on his own land, and in the vicinity of his house, from selling which he hopes to obtain some slight profit, has appropriated it he has been compelled by the Contractor to pay double the value of the article removed, on the plea that he will be punished by the Authorities if he prefers a complaint against him—

3. The occasion to which I have alluded above, was when my predecessor, Mr. E Maltby in his Immunabundy Report for fasly 1246 brought to notice the abuses which the several small Farms in the Balaghaut under the denomination of Kolbunny

Fort St. George 7th September 1843—

Hoolbunny, Honnagawal, Jungly goottah with the Honey and Wax and Wild Mango Farms gave rise to, and strongly urged their abolition— The Board of Revenue declined to recommend to Government the remission of these items of taxation, chiefly on the ground "that no peculiar case of hardship or vexation "in their collection seems to call for their "immediate remission in Canara" To facilitate a reference to the views entertained by my predecessor on this subject, I beg to transmit Copies of the 15th and 16th Parahs in which he discussed it, and of the Memorandum referred to therein, describing each of these Farms— In his remarks that all are more or less objectionable, on account of the abuses which are liable to arise out of them and which it is almost impossible to check, I generally concur, but of all these petty Farms, which in the aggregate afford so inconsiderable an amount of Revenue, the Honey and Wax Farm is, in its operation by far the most productive of annoyance —.

4. During the 2 last years I have received so many Petitions on this subject, and

Fort St. George 7th September 1843—

and have seen that the system creates so much disgust and ill feeling, that I had intended to bring the matter again forward and with this view abstained from confirming the usual tender for the whole Honey and Wax which might be produced in the Talook, directing that a separate tender should be made for the Honey & Combs which might be produced in the Government Jungles— Wishing also to know the custom in the adjoining District of Dharwar, I addressed the Collector, and from the enclosed copy of his reply to my letter, you will observe that "this contract with "many other Petty and vexatious Taxes "was completely abolished in May 1840— "In the Nuggur District also I have ascertained that the Ryots are allowed to remove the Honey and Wax produced on their own land, and that which is produced in the Government Jungles is alone farmed out.—

5. These being my views, it is with much pleasure that I take advantage of the opportunity which your letter has given to me of expressing my opinion, and I have no hesitation

hesitation in recommending that all the Farms noticed in Mr. Maltby's report should be abolished, a measure which will afford great gratification to a large class of people.—

6. The amount which has been offered this year for the Honey and Wax Farm in the Sonda Taluk, excluding all which may be produced on spots in the occupation of the Ryots is only 261 Rupees, while the sum of Rupees 1,289 has been offered for the Contract on the usual terms, but should it be thought advisable to continue the Farm under the above limitations, I do not consider that the above small sum at all equals the amount which would hereafter be realised— until the Contractor has ascertained the amount of profit which he is likely to obtain, the sum which would generally be given for the Farm under the proposed limitations could not be computed with any degree of certainty— but it could not be expected to exceed 800 Rupees on the average in Sondah, and judging from past collections something less in Soopah and on a consideration of the condition of the Ryots in the Balaghaut, I am certainly inclined to recommend that it should be abolished altogether, as it will be very difficult to prevent disputes arising as to whether the spot where the Honey is found, belongs to a Ryot, or

is included in the Farm.—

7. Should any more full explanation of the nature of the other objectionable Farms be required than is contained in the Memorandum which was formerly prepared by Mr. Maltby to which I have added a further statement shewing the highest and average collections on each item since that period, I shall be ready to furnish it hereafter when called for— On a former occasion I have endeavoured to place before you in full detail my opinion of the condition of the great majority of the Inhabitants of Canara Balaghaut, but lest I should again render myself obnoxious to the implied censure of the Board of Revenue for enlarging at length upon the position and circumstances of the Ryots of this part of the District, I shall now only say that I think you will find in that report additional reasons for relieving them from these petty items of taxation, which give rise to so much oppression and abuse by parties possessed of a kind of irresponsible authority as their powers are justly described by Mr. Maltby.

No. 1

Extract from the Jumabundy Report of E. Maltby Esq.re Acting Sub Collector dated 17th October 1837 for fusly 1246—

Para 15. As a subject which much affects the welfare of the Balaghaut Taloks, I beg to bring to your notice several small farms which without producing much revenue to Government are a fruitful source of abuse and oppression— They are the Wild Honey, the Honnagaul (or timber duty) the Hulbuni collected on Cattle brought into the Jungles to graze, the Jangly guttah or tax on Cow-herds and the 7/13th Guava and Mangoe farms— These farms are yearly rented out to the highest bidders who are generally relations or dependents of the Native public Servants, through whose influence they are able to stifle Complaints made against their exactions— The influence of these contractors is much increased by their having to deal with the poorest and most ignorant classes who regard them as Servants of Government, and prefer submitting to their exactions rather than travel to a distance to the Taloke Cutcherries to

E.B.

to make often useless complaints— Your experience in the District will make you aware that there is no class of men more ignorant, and susceptible of imposition than the lower orders who inhabited the Jungles of the Balaghaut, and more particular the Supah Taloks.

16. A Statement of the sums collected for some years on account of these farms, is entered in Statement C, together with my observations on the manner in which they affect the people, and I earnestly recommend their abolition, which could be carried into effect at the close of the current fusly what may be termed much exaction and irresponsible authority would thus be stopped, and the gratitude of a large portion of the people would be gained, at the sacrifice of a comparatively small amount of revenue.—

If this Contract was abolished, the duty might be paid direct to Government in the Land Custom Chowkies according to the rates which the Contractor is now authorized to levy, or what would be still more advisable the duty might be confined to Timber used for building (one of the 36 Articles upon which transit duties are now leviable) and firewood, and wood for other petty purposes such as the manufacture of boxes, bowls, &c. might be allowed to pass duty free.

It would be no disadvantage to adopt any measure which would tend to clearing the Jungle, and the arrangement above proposed might be found on trial to add to instead of diminish the Revenue. The more valuable woods such as teak, Sandal, Blackwood, do not come under this contract.

The tax is so far objectionable that it gives the Contractor the power of much petty exaction and oppression, against which there are no adequate means of redress or redress. Sir,

In reply to your letter dated the 21st instant, I do myself the honor to state that the produce of Honey used to be farmed annually under the Head of "Shatgota" but that this contract was completely abolished with many others Petty and vexatious Taxes in May 1840 - The Honey produced on a Ryots Land, I consider is his own property.

2. We have no extensive Jungles in this Collectorate, but I conceive all Honey produced in the Public Jungles would be the property of the persons obtaining it, but at the same time I am of opinion that Govt may fairly, if such produce is worthy of consideration, either farm it, or appropriate it in any way Government pleases.

Stating the circumstances under which certain quantities of smuggled salt had been seized and requesting authority for confiscating the same -

Sir,

I have the honor to report for the information of the Board that on the 4th instant two Lumbadies named Lall Naik and Ramjee were seized in the Villages of Agaram and Culvoy respectively in the Serooporoor Talook in the act of conveying a quantity of salt much exceeding that for which they produced two rowanahs from the Depot of Covelong - The quantity in the possession of Lall Naick &c was found to be 1 Garee and 140 Mercals &c whilst he held a rowanah for only 210 Mercalls - The quantity carried by Ramjee was 1 Garee and 136 Mercalls and his rowanah was for 365 Mercalls - The excess thus amounted to 1 Garee and 101 Mercalls, and on calling upon the Lumbadies to account for it they stated to the Hillodar and Putta-manigar that they got it from certain Pariahs unknown to them in exchange for natchney, but &c they subsequently denied this before the Tahsildars, and stated that the salt servants sold the whole to them and entered a less quantity

Value Rs. 131-8-2

quantity in the rowanahs.-

2. On examining the salt it was found to consist of six different sorts and appeared to have been collected from dif=ferent quarters, from which it is evi=dent that the additional quantity was smug=gled, and not purchased at the Compa=ny's Cotaurs.-

3. Another quantity of salt meas=uring 49½ Mercalls was also seized Value Rs. 13 on the 16th instant in the Village of Cot=tamaid in the same Talook while one Vencatachella Moodely and Veeravan=ny Moodelly were conveying it on two carts without a rowanah. They first pre=tended that they had a rowanah for the salt, but afterwards confessed that the article had been bartered in small quantities for provisions from certain salt dealers, and Pariahs whose names were unknown to them.-

4. I therefore request the Board's auth=ority to confiscate the salt found in excess of the rowanahs in the first case, and the whole of the quantity in the second case, and to pay one fourth of the sale proceeds as a reward to those who may have

have been instrumental in seizing the salt. In recommending that only the excess should be sequestered in the first instance, I have been influenced by the fear of driving the Lumbadies to acts of violence to obtain means of renew=ing their Traffic.-

Communicating orders on the subject of certain frauds by the Curnums and Notaccar of the Village of Cavalenda-lum in his District and remarking on the incorrectness of the Gummabundy Chittahs forwarded by him, and the mode of preparing it.

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 31st Ultimo forwarding agreeably to the Board's request the Cumbalum Gummahbundy Chittah accounts of the Village of Cavatendalum for the Fusly years 1248/49. and 50, and the original Village Accounts of the same Village for the same periods. - These accounts were required by the Board to enable them to dispose of a Petition presented to them and another to Government by certain Merassidars of the above named Village, complaining of the very system of Frauds which had been brought to light before you. -

An examination of these accounts, with your explanations and the returns of persons tried and convicted under Regulation IX of 1822 for the month of April last, forwarded by you, has satisfied the Board that the subject has received full attention at your hands, and

Fort St. George 7th September 1813

and that the principal delinquents, the two Curnums, and Notacar of the Village have been punished as they deserve, by being heavily fined and in default of payment sent to the Criminal Court, they would only further suggest that the parties should not again be employed or permitted to enjoy any share of the Meraſy emoluments attached to the Offices to which they belonged. —

3. Appended to your letter is a Memo: shewing the particular Individuals whose Pariz was decreased by the Curnums comparing this Memo: with the Mahratta Chitta and Village accounts the Board remark two palpable inaccuracies in the First Individual's Chittamany Receipt, of a surplus charge of Pags. 1- 10¼ in the Ninth Kavasagamany Moodelly of an Omission of 6 Pagodas as more particularly shown in the accompanying Statement; these inaccuracies

A

Fort St. George 7th September 1813.

inaccuracies are considered to indicate great want of attention in the Department of Accounts in your Cutcherry. —

4. Having disposed of the question as regard the immediate object of the reference, the Board desire me to furnish you with the following observations which have suggested themselves from a perusal of the accounts forwarded by you. —

5. The Jummabundy Chittah forwarded by you instead of being a on Record for future reference, prepared at the Jummabundy with great care from the Cultivation and other Village accounts, after communication with the Ryots, and tested and examined by some of your Huzoor Establishment as a check over the Taluk accounts, ought to be no more than a literal copy of the Village accounts transcribed in great haste after the close of the Jummabundy, and neither tested or examined by

by any responsible Officer of your Cutcherry this is apparent from the fact of the palpable errors in the Village accounts having been blindly transcribed into the Jummabundy Chittah for 3 successive Fuslies when the most ordinary attention a mere addition of the Items, would have effectually detected them.-

6- The Chittah moreover, the Board observe, is not attested by either of your Sheristadars. to the abstract for the year 1248 and 1249 the word "Sree" is appended but to the Abstract of 1250 this insignia even is wanting neither is the name of the Goomastah who wrote the Chittah nor of the Goomastah whose duty it was to check and examine it, appended to the document, these are most essential forms to be observed and the Goomastah deputed to test the Chittah should invariably be a person upon your fixed Establishment who should be held responsible for its accuracy.- It is further observed that the Ryots have not affixed their signatures to the Jummabundy Chittah

a

a practice observed in other Ryotwar Districts, and should be adopted forthwith in Chingleput.- In the Puttahs forwarded by the Petitioners the Board observe that the number and extent of each Field is not specified- this should be done for the future.-

In conclusion

7- I am instructed to forward to you Copy of the Endorsement which has been given to the Petitions noted in the Margin.

To
E. E. Lowell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

(49)

Sir,

From J. Blackburne Esqre
Principal Collr. of Madura.- I have the honor to forward

Forwarding Statement of Sayer Collections in Fusslies 1248. 49 and 1250.- Statements Nos. 1 and 2 of Corps Collections and charges of Sayer Duties, including the rents of Betel and Tobacco, as per forms received in your letter of the 10th Ultimo, and in reference to that of the 14th received respectively on the 15th and 20th Ultimo.-

In Statement No. 1 I have 2.- opened two additional Columns to exhibit the rent of Betel and Tobacco, and their Totals in their respective Fusslies under the head of Town Duty. The establishment employed collects both the Transit and Town Duties, none being allowed separately for the latter.- Doubtful, if the Board wish to retain collection of Town and Frontier Duty, and relinquish the

the general in land sayer duty of 5 per Cent refers only to Betel, Tobacco, and Ganjah; or if the 5 per Cent duty on all articles liable to collection of Town duty on consumption should be levied, as practicalized in Statement No. 2 I have entered the Establishment for the Town duty, on the first supposition, on the scale of the Establishment in the Collectors of Cuttackerry as it existed during the renting system as sufficient for its management, but if on the second supposition, the present Establishment can only be reduced 20 per Cent though the Town duty will be a petty collection only on sundry articles.

3. Statement No. 3 exhibits the Collections of Frontier duty comprizing the single Chaukey of Cumbum in the Madigul District, bordering on the Travancore Territory, and its present Establishment should be continued at Rupees 35-8-0 with Contingent charges at Rupees 3-8-0 per Mensem.

4. In reference to the 3d para of your

Exports 18,656-14-8.
Imports 3,492-5-0
22149-3-8.

your letter under reply, I beg to state that Rupees 22,149-3-8 will probably be collected from the Imports and Exports by Sea, calculated at the rates given in Schedules A and B appended to Act XIV of 1836, as directed by your letter of the 17th Ultimo, on the average Collections of both in fasliee 1248-49 and 50, as per Memorandum No. 4 herewith accompanying, when a 3 per Cent Export duty is substituted for the present general 5 per Cent inland duty.

I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Trichinopoly submitting Copy of the Plaint in a suit preferred against himself and four of his Native Servants with a Draft of the answer which he proposes to file.

Encl. dated 22d Augt 1843

2. The cause of the present action is the alleged sale at prices below the highest sums bid for them of certain cattle the property of the Plaintiff in satisfaction of arrears of Revenue due by another party. The Collector in his reply states that he is in a condition to prove first that the Plaintiff and the Defaulter are members of an undivided family and their property consequently under Hindoo Law common and liable for the debts due by either, and, secondly that the sale by auction was fairly conducted, and the cattle bona fide knocked down to the highest bidder.

3. This answer appears to the Board to be good and sufficient and they therefore

therefore beg to recommend that the Collector may be empowered to defend the suit at the public escpense.—

Forwarding the Sub Collrs Statement of Crimination against Sham Row suspended Tahsildar of Shenkurrai

Sir,

In answer to your letter of the 27th ult. I have the honor to forward copy of one from the Sub Collector and Joint Magistrate now in charge of the Zillah Court, with a few current remarks in elucidation of the points on which he touches—

2. In respect to the case mentioned in the 1st Clause of the 2nd para of his letter I find that the Joint Magistrate dismissed on the 15th June a case of culpable homicide, charged to have been committed in the previous year, for want of proof: but as the Prosecutor charged the proof to have been suppressed by reason of a bribe of 200 Rupees given to Sham Row, Tahsildar, he took evidence against him on the 15th

and

Fort St George 7th September 1843.

and 28th June, and on the 1st and 2d August, and on the 10th heard the defence of Sham Row, but recorded no decision.—

3. In respect to the charge in the 2nd clause of the 2d para. I find that in a complaint of the 22d June of assault and highway robbery against the Polligar of Thawarum and others the Joint Magistrate judged it a petty case, and disposed of it under Section XXXII Regus lation IX of 1816 as against the accomplices of the Polligar, but acquitted the Polligar. Sham Row was charged with having suppressed the enquiry into this case on receipt of 100 Rupees from the Polligar, whose evidence and that of his Witnesses was taken in proof on the 20th July, and the Tahsildar heard in defence on the 10th August, but no decision is recorded.—

4. In respect to the 3d clause of the 2d para. I find that Pollapa Chetty complained on the 19th May 1842 to the Joint Magistrate, Mr Owen, that his elder brother had written a cadjan to suborn false evidence to cheat him out of some land. Mr Owen endorsed the Complaint to the Tahsildar Sham Row.—

On

On the 3d August current Poollapa Chetty complained verbally to Mr Elliot that Sham Row had suppressed the enquiry destroyed the Cadjan and withheld any report in consequence of a bribe being given- On Mr Elliots requisition the new Tahsildar took from the records the Original complaint, a summons for witnesses and the deposition of 3 of them, which he on the same 3d Instant reported to be all the record forthcoming -- On the 9th Mr Elliot examined 3 Royasur who stated there being no proof from the three witnesses examined, the Tahsildar would have sent for others but the complainant professed they were not in their Village, and the case lay over- Poollapa Chetty charged the 3 Royasur with falsehood, asserting that 9 persons had been examined and the record falsified- and the locum tenens for a Police peon stated that he had served two summonses and had produced 9 persons—

A deposition had been taken on the 3d May from complainant to effect that Sinna Pillay one of the defendants, had been called by the Tahsildar in May 1842 and released after

5.

5 days confinement, and Meer Yacoob Police peon, produced the Memorandum (or order to himself) and deposed on the same 3d Instant that he had delivered him to the Cutwalls' custody- The Cutwall deposed that he kept him in custody five days when the Tahsildar sent for him and he saw him no more—

The case appears on the accounts of May, June, and July 1842, but in August it is no longer on the records—

The Joint Magistrate has recorded no decision in this case—

5. In respect to the 3d para-

Mr Elliot fined Sham Rao Rupees 362- 12- 4- being double the amount of overcharge for Maramut works examined by Taloor servants in March and April 1842, on the re-examination and dictums of the Civil Engineer, as for his diaries of 14th 17th and 26th December, rejecting the defence of Sham Row of the 18th February, but assigning no cause for the more than 5 Months delay to pass a decision in the case—

6. I find also from the records that on the 2nd May last Sheroina Gownden complained to the Joint Magistrate of Sham

12720. Fort St George 7th September 1843.

Sham Rao having 3 years previously suppressed a complaint against himself for which he would otherwise have been sent to the Criminal Court on receipt of a bribe - The Sub Collector on the 11th May examined 7 of 11 witnesses cited in proof of this charge - but as they professed to know nothing of the bribe, the Tahsildar was not questioned - and no decision was recorded.

On the 7th Instant Sooba Naick complained to the Joint Magistrate that in Sittharary of the preceding year - he had caused 100 Rupees to be given to Sham Rao not to send Pottapa Naick (his relation) to the Criminal Court - He nevertheless was sent but acquitted by that Court - On the 10th Instant Mr Elliot examined two witnesses in support, but did not question Sham Rao, and no decision is recorded --

7. In respect to the 4th para of his letter I beg to state I have not yet had time to make even a cursory enquiry as to the cases of the late Chokeydar of Dindigul and late renters of Tobacco --

I do not know of any patronage he could have wherewith to reward his accomplices or abettors --

The

12721. Fort St George 7th September 1843.

The two Mortgage bonds for equal shares of the Cuneevady Estate are dated the 9th July 1843, and are in the names of Allaghery Sawmy Chitty ar and Hurryghur Iyer; but I know not in what proof Mr Elliot conceals them as covers for Sham Rao, they will however be more particularly brought to the Board's notice when I have leisure to make the report already due on the particulars of that Estate --

8. I will conclude with pointing out a few facts that seem to require explanation as connected with this Tahsildar --

He was nominated by me as Tahsildar in July 1835 and has ever since held that rank in the Sub Collectors' division --

On the 13th February the Commissioner in charge required the Sub Collector to send Sham Rao to him - He accordingly left Dindigul on the 16th and his arrival at Meyloor was duly reported to Mr Drury - He was not received or any enquiry made - and he followed Mr Drury to Shevagunga and thence to Thiruppovanum, when he was verbally informed, on the 22d March by the Jemidar Abdul Khader, that he

might

12/42 Fort St George 7th September 1843.

might go back to the Sub Collector - No question having even been put to him. On the 24th he reported his return to the Sub Collector in writing but no notice was taken till the 14th April, when he was informed he was to take charge of the Talook of Shenkurai instead of his former one of Tadecombo - and on the 27th June was issued the order for his suspension on the charge of suppressing the case of homicide in Cottapully putty - He waited upon the Sub Collector at Devadanaputty (close to the Cutcherry of Shenkurai where Mr. Elliot had gone to distribute Puttahs) and was put under the surveillance of 2 Daloyets who carried him to Madura: and on the 2nd August was carried to him at Dindigul - His defence was taken in some cases, as mentioned, on the 10th; and he has been since left there under the same surveillance in his own house --

No 1.

To, The Principal Collector of Madura -

Sir,

1. In reply to your Memorandum of the 7th Instant. No 311, informing me that the Board of Revenue had called for the report on the conduct of the Tahsildar of Tengarai, Sham Row. I have the honor to state that the report thereon is not yet completed, but would be within a few days after my return to the Sub Division --

2. The cases which have been proved against Sham Row are:-

1st The Receiving Rupees 200 as a bribe in a case of Culpable homicide in the Village of Cottapallipatty, situated in the Talook of Tadecombo -

2nd Receiving 100 Rupees from the Zemindar of Devaram, in the Talook of Tengarai, not to send a certain case against him to the Joint Magistrate or Criminal Court --

3rd The having struck off a case of forgery from the Monthly Returns of his Office without any report or completing the proceedings thereon

thereon, and releasing the Defendants who it appears were some days in custody for which a bribe was supposed to have been given - In this case the late Jawahneer's Annajee Row is concerned as well as the Police Roysom of Todecombu Lutchmanarra-
-neah:-

3. The Tahsildar has also been fined in the sum of Rupees 362-10-4- on account of false reports of Maramut completed, none of which sum has been paid —

4. There appears further to be sufficient proof on record of his having submitted a wilfully false report on Matters connected with the late Dindigul Chokydar Noolashaw and the late renter of Tobacco - Muttooneera pillay. Of rewarding those who assist in his improper practices with Cercar employment; and of endeavouring to swindle the Zemindar of Kunnyady out of his property by inducing him to mortgage the whole of his Estate to him, under the names of other parties, for the payment of his balance of Peshcush, scarcely one third of the amount pretended to have been borrowed

borrowed for that special purpose. Copies of the said mortgage bonds which have been duly registered in the Zillah Court of Madura, have already been submitted to you. One of the ostensible parties, there is every reason to believe, has extensive money transactions with the said Tahsildar whilst the other, from evidence on record, appears to have been for some years the regular receiver of bribes on his behalf, and the compromiser of complaints against him —

5. Other cases exceeding the above in severity were verbally stated to me on my leaving Dindigul, but the people seem so much to dread the possibility of his being again forced upon them, that unless a full investigation is promised, they refuse to state the extent of their grievances or name their witnesses, till enquiry is commenced, on the plea of the immense wealth that Sham Row has accumulated by similar proceedings, and which would be employed in the purchasing

12746. Fort St George 7th September 1843-

purchasing off any evidence not ob-
tained by a strict examination-.
This with what has been stated
above induces me to consider the
proceedings not closed, and I
trust the Board of Revenue will
be pleased to consider the
same sufficient grounds for
the continued suspension -
of Sham Row, and the delay
of a final report being made
in his case to their Board.-—

that 873 Crooturns of Punjah land have been assumed by the Government Officer as incorrect.

2 On investigation of complaints preferred regarding 94½ Crooturns of Punjah land, by the 1st Plaintiff and others Mahajanums of the Cowle Village Nettainthel, and by the 4th Defendant and others Mahajanums of the Cowle Village Maroodencummay, it could not be ascertained from any documentary proof to what village the litigated land belonged, and as the above villages were over-run with jungle, and newly given in Cowle by the Zemindar of Shevagunga: and further as the parties abovementioned had frequent quarrels about the land, I ordered, on the 9th December 1839, the date mentioned in the Plaint, that the land should be kept apart as ain, and cultivated, and the tax collected, and the land entered in the Accounts as Suderkadoo or boundary Jungle, and an endorsement to the above effect was given to the 1st Plaintiff on a Petition

3 A dispute arising between the Inhabitants of the abovesaid Village & Nettainthel and of Devastanum Hamlet Pettanayumbel attached to the village of Vatthayor, regarding 27 2/16 Crooturns of Punjah land, the said Land was also assumed for similar reasons, as set forth in para 2, and an order sent to the Ameen of Sherooragumpet Talook on the 4th September 1842, as stated in the plaint.

4 As the Villages abovementioned are Ain Villages, and, when given in Cowle by the Zemindar, were over-run with jungle, and as it was not ascertainable to what villages the two abovementioned sequestered portions of 12 10/16 Crooturns of Punjah belong, the tax thereon has been collected and credited to the Zemindary Ain funds. all the lands sequestered do not exceed the above extent.

land under Section II Regulation XI of 1816, - and they should have established their claim against their adversaries as they are now attempting to do, in the Civil Court - as against the 1st Defendant, the late Commissioner, the suit seems untenable, and it is not incumbent on the 1st Defendant to answer any more of the Plaint or to file any Rejoinder in the Suit —

I have the honor to acknowledge the receipt of the Board's Proceedings of the 14th Instant - The Governor in Council having declined to sanction the arrangement for the improvement of Cotton in Tinnevelly, it is unnecessary to trouble the Government further on the subject, though I cannot but regret the non-sanction of what I had hoped would have proved a practical and useful experiment, at a comparatively small cost.

2. I have only to explain for the information of the Board, with reference to the 2d Para of the Extract from the Minutes of Consultation of the 8th Instant, that the assessment of the land had not been forgotten by me but would have been duly

If my anxiety to explain this more distinctly, has led to the rejection of an useful experiment, I sincerely regret it.

Fort St. George

Sir,

I have the honor to acknowledge the receipt of

Acknowledging the Board's letter of the 25th August 1842 communicating the circumstances connected with the

No. Board's Proceedings letter of the 25th August 1842, directing me to

require

the acquirement of land by Captain Vallancey and Messrs. Lascelles and Groves on the Neilgherries shewing the grounds upon which the appropriation of Hill streams to private advantage is considered objectionable and suggesting their immediate restoration to their original courses

require Captain Vallancey and Mr. Lascelles to restore the streams they have improperly arrested to their former state; to satisfy myself that the lands occupied by them are held with the consent of the Inhabitants of the Villages in which they are situated, and also to report the circumstances of the acquisition of Captain Vallancey.—

2. In pursuance of these instructions I have now the honor to acquaint the Board that the waters of the streams appropriated by these Gentlemen were restored to their former course, but under the subsequent instructions of the Board that they have again been placed on their former footing as reported in my letter of the 19th May 1843.

15th May 1843.

3. With regard to Captain Vallancey's now Captain Reynolds's acquirements I would observe that the Extent of land originally in his possession and subsequently transferred by him to Captain Reynolds of the Bombay Army by sale was: 69–6–500 – Of this 120–3– are stated to have been purchased by Captain Vallancey from the

late Captain Nedham and the rest (49–3–900) from the Berghers – From the enquiries which have been made regarding the land said to have been purchased from the Berghers, it seems that this statement of Captain Vallancey is not correct – The Curnum of Paringnaad Village, in which limits this land is situated states that at the request of that Gentleman he measured out 17 Bullahs or 49–3–900 – of waste land assessed at Rupees 86–4–11 which Captain Vallancey wished to appropriate for agricultural purposes, and that he did not report this circumstance either to the Talook authorities or to the Principal Collector under the belief that Officer would make an application in the usual mode. No such application has reached my Office and in fact I have never received any official intimation from Captain Vallancey on this point.

4. Of the land alleged to have been bought from the late Captain Nedham it is to be observed that

12756 Fort St George 7th September 1843.

that the total extent he applied for was 120 Cawnies and 3 Grounds. Of this 39 Cawnies and 1100 Sft were purchased from the Berghers and 81 Cawnies 2 Grounds and 1300 Square feet taken from Government waste Captain Nedham sent in an application on the 28th October 1841. requesting me to procure a Government Grant for this land on the usual terms of quit rent, and also transmitted certain documents corroborative of the purchase from the Proprietors. I have not been able to act upon this application in as much as it was informal and was not accompanied by a correct plan of the Ground and the omission was pointed out to Captain Nedham in a letter dated 22d November 1841. furnishing him at the same time with a form of application which has been totally disregarded and nothing having transpired subsequently I was led to believe that Captain Nedham had relinquished his intention

12757 Fort St George 7th September 1843.

intention of holding any land at Conoor. During my visit to that place in May 1842. I was given to understand that this property had been purchased by Captain Vallancey but as no Official intimation of this transaction had reached me I did not consider it coming sufficiently within my Province to pay attention to the report, and how far the validity of a transfer under similar circumstances can be recognized is a question for the decision of the Board. It may however be fair to observe that the Ryots admit the sale of 39 Cawnies and 1100 square feet to the late Captain Nedham for which they have executed documents which are now on the records of my Office, so far the acquirement of Captain Nedham is identifiable but no further, as he failed in his promise to obtain sanction for the same in the mode prescribed by the rules. Copies of which were furnished to him

him by me Captain Vattaneey's
statement that I accompanied Captain
Nedham at the time the waste land
applied for was measured, is correct,
to the Extent that I delayed a few minutes
on my way down the Ghaut at the
request of Captain Nedham and
during which period a superficial
Estimate was calculated on the spot,
that Gentleman promising on his part
to send in a regular application which
he never did.

5 In respect to the lands
held by Mr. F. Lascelles Junior, I beg
to observe that the quantity now in his
possession is 47 — C. 15 — G. 855 — R. No application
has ever been made by him so far back
as in December 1840 it was reported to
Mr. Drury, the then Principal Collector
that certain Berghers had disposed of
Government waste lands without per-
mission, enquiries were instituted the
result of which went to prove that
this Gentleman purchased 17 — 1 Bullahs

or

C. G. R. of which 15 — 4 3/4 Bullahs
or 49 — 7 — 1200 of which
were waste and 1-3 Bullahs the proprietary
right of Berghers and also 9/16 of a Bullah
of Enam land granted to the Village Sibbendy
Mr. Drury sent in a statement distinguishing
these particulars and directed the relin-
quishment of the Enam land as the pur-
chase of it was unauthorized and illegal
and the transmission of a regular
application for the rest. No application
has since been received and Mr. Lascelles
continues in possession of the ground
The Enam land however appears to have
been relinquished, but no authority was
conveyed for the diversion of the streams
which Mr. Lascelles has now turned from
their original course.

For Mr. Groves Property

6

I beg leave to direct the attention of
the Board of Revenue to the correspond-
ence with the Collector of Malabar
as per Marginal statement.

Having disposed of the
matter as regards the acquirement and
possession

possession of lands by Messrs Vallancey Lascelles and Groves which I presume for Mr. Groves plain having been submitted to the Home Authorities must continue to remain an open question until final orders are received, I proceed to take up the subject of the right of water as regards the interest of the ryots cultivating under the influence of the Bhawaney River.

8 The admission of Mr. Mood or prescriptive right would settle the point at once but I would show reasons which I think are unanswerable on the grounds of expediency as well as justice in further confirmation of my views of the matter.

9 The demand on the Punjah land under the influence of the Bhawaney River amounts yearly to Rupees 166238-6-3. whilst the land Revenue of the Hills does not exceed Rs. 8292-0-4 every drop of water therefore that can be

Fort St. George 7th September 1843.

be made available during the period where it is most prized below yields only useful on the Hills is twenty times more value in the low country. Vide statement accompanying. By the continual moisture which is retained in the River during the dry weather Garden cultivation is prosecuted to a great extent the supply of water in the wells in its vicinity is maintained, and in fact it adds a degree of confidence and comfort to the Ryots in their agricultural and farming Arrangements most valuable to them.

10 It is urged that a slight quantity of water taken cannot be supposed to prejudice materially the rights contested for. The principle, however is the point at issue. If the right to usurp the Hill streams at pleasure is allowed in some instances it cannot in a spirit of consistency be refused to other applicants and the terms of the landed tenure are so favorable that it is not going too far to foresee that in a brief period every portion of land possessed of

of the advantages of water will be assiduously sought for, and thus not a drop will find its way down to the Low country. Beyond this a most unfavorable contrast will be drawn by the Ryots of Collegal who cultivate the Mulberry Tree. They in the event of using water small the quantity to their gardens have paid for years Rupees 3-3-3- a Cawney whilst the Gentleman and the Capatalists on the Neilgherries Cultivate under the same circumstances on the same quantity, the same description of soil for Rupee 1- 2. 4. a Cawney. If this is permitted I leave it for consideration whether as these circumstances become promulgated, they are not likely to prove subversive of confidence on the part of the Ryots and strike at the impartiality of the Government rule and this for the interests of a few Individuals who are the paid servants of the Government.

I

11. I would here instance one case. The Collector of Malabar in making over conditionally to Mr. Groves at least 2,000 Cawnies of land for the cultivation of Mulberry Garden, permitted him at the same time to divert water to his land. The appropriation of land to Mr. Groves is still a matter of question. The right to make over the water was not with Mr. Conolly it being the admitted Property of the Coimbatore District and which I claim accordingly, feeling assured that the Board will not countenance an Act so prejudicial to the interests of the Inhabitants of this District I would therefore suggest in Mr. Groves case as in the others where water has been unauthorizedly withdrawn for speculative purposes from its legitimate flow into the Low Country, that its immediate restoration must be made and that any diversion which is attempted after the promulgation of such order should render the parties liable to the

the penalties provided for by Section V Regulation XI 1816. vide Act IV of 1837-

12- I would also suggest as a remedial measure, that the parties who are sufferers by the proposed order should have the offer of the land and water on the slopes of the Hills looking into Malabar which from the irregularity and capriciousness of the Southwest monsoon is independent of the Hills as regards the supply of water.-

13. Captain Vallancey's letter dated 17th May 1843, which I had the honor of receiving on the 12th June following gives me the power of explaining a slight ambiguity discernable in parag wherein he states that "the Board will not discontinue to the owner of the property the "right of use of the water of the main stream "or deprive him of his right to the stream "which rises on his own land and thus "destroy the property which wholly depends "on this supply of water." This perennial streams bounds the property of Captain Vallancey / now Captain Reynolds / having its origin I may say for miles above it

and until he acquired possession of this land it was unimpeded in its progress to the Low Country - the Estimated quantity so appropriated in dry weather is calculated at about one fourth of the stream.

14 The tone assumed by Captain Vallancey is an indication of the contentious feeling with which he is disposed to defend a very questionable possession and in fact I believe the prelude to a system which will by example by the means of greatly augmenting the existing difficulties of realizing the Public Revenues.-

15- These are circumstances which I feel it my duty to state in exemplification of the subject of my letter of the 17th October 1842 and I will not allow myself to doubt that similar occurrences were anticipated with prophetic wisdom by the Honorable the Court of Directors and produced the restrictive order adverted to

Vide Fort St George Gazette dated 27th September 1841 - Page 771 - in para 5 of the said letter.

16- I take this opportunity to acknowledge the receipt of your letter of the 14th Instant and with reference to para 2 Captain Reynolds and Mr Lascelles will be called upon to submit an application in the prescribed form for the lands occupied by them respectively.

(64)

I have the honor to acknowledge the receipt of Petition No. 782 bearing the Endorsement of the Board dated 13th June 1842.

2. The Petitioner's statement that the tax on Palmira Trees on their lands which was once discontinued has again been demanded is untrue. The tax levied on Palmira Trees was permitted to them in Fusly 1229. A.D. 1818/19 on condition that the revenues so relinquished by Government should be made good by the occupation of other waste lands. It having appeared that the lands taken by the Petitioners conditionally have been given up, the Tahsildar of Errode, was directed to investigate the matter, and to report upon it but up to this time no Report has been made pending the result of the reference.

To the Chief Sec.y to Government.

Submitting a Statement shewing the number and description of persons charged under Regulation IX of 1822 and the manner in which the charges have been disposed of together with a Statement of the number of appeals presented to and disposed of by the Board under Regulation VII of 1828 during the 1st half year of 1843.-

To The Chief Secretary to Government.

Sir,

Para 1 I am directed by the Board of Revenue to submit for the information of Government the accompanying Statement shewing the number and description of persons charged under Regulation IX of 1822 and the manner in which the charges have been disposed of by conviction, acquittal or reference to the Courts, together with a Statement of the number of appeals presented to and disposed of by the Board under Regulation VII of 1828 during the 1st Half year of 1843.-

2. The total number of persons charged with offences under this Regulation in the above period was 146 of whom 130 were convicted and 16 acquitted.- Of the number of persons charged with offences, 18 were native servants of the Collectors' public

Fort St. George 7th September 1843

public Establishments and 128 Village Officers of the 1st Class 15 were convicted and 3 acquitted. The number of convictions in the 2d class was 115 and the number of acquittals 13.-

3. The District in which the greatest number of charges occurred is Cuddapah, but all the persons charged were Village officers.-

4 In Ganjam, Vizagapatam, Rajahmundry, Masulipatam, Canara and Malabar, No trials took place under this Regulation during the period under review and there was only one case in Tinnevelly.-

5. It is satisfactory to observe that the number of the charges during the 1st Half year of 1843 is far less than in the preceeding 6 Months, though the decrease in Cuddapah has probably arisen from some petty offences improperly included in the former Returns having been omitted in the latter under the Board's instructions as noted in the last report Para 4.-

6 The number of Appeals remaining under consideration on the 31st December 1842 was 1, which has been subsequently disposed

disposed of, the Sentence appealed from having been confirmed.-

The number of appeals presented during the 1st Half year of 1843 was 11, of which 6 were disposed of, 4 of the Sentences appealed from having been confirmed and 2 reversed.-

16. In Para 10 of their Proceedings dated 12th January last the Court remark that there ought not to have been any balance of current Peishcush outstanding at the close of the Fusly, as the collections within the year were more than sufficient to satisfy the Government demand, and that therefore it was not apparent on what principles the appropriation of the receipts was made, or the reasons for liquidating the full demand of latter years when the balance of

of more distant Fusles are unprovided for. With reference to the first paint

I beg to refer the Court to the Marginal Statement from which it will be observed that the collections of Current revenue of the Decay Estate within the close of Fusly 1250 / 1840/41 were insufficient to meet the demand of Current Peishcush in
