Submitting a letter from the Collector of Tinnevelly proposing to reduce the Tariff valuation of Cotton in that District to Rupees 53 per Candy and recommending that the measure may receive the sanction of Government -

(Here enter 4th Augt 1843 No 399)

The Most Noble the Governor in Council observes that the valuation of Cotton in the Madras Sea Custom Tariff was fixed at the reduced rate of Rupees 53 per Candy only for the year 1842, in consequence of the contracts for the supply of Cotton in that year being made at that rate without just grounds for altering the Tariff value of Cotton in the Tinnevelly District this Lordship in Council cannot accede to such a

a proposition. It is desirable that the Board of Revenue should state the present Tariff value of Cotton in Tinnevelly with the selling prices both in that District and at the Presidency and at the same time submit their opinion whether the reduced rate of the Tariff should still continue at Madras.

From H. Stokes Esq.re Collector of Guntoor.

Forwarding Statements of Average Collections and Charges of Sayer of 3 fusles from 1248 to 1250 and reporting estimated results of abolishing the transit duties.

No. 1 2 3

Sir,

Para.a 1 I have the honor to transmit the accompanying three Statements relative to the Sayer of this District in the forms furnished with your letter dated 10th Ultimo.

2. The average gross collections charges and Nett Revenue, of each branch of the Sayer are as deduced from these Statements as follows.

	Average of fusly 1248. 1838/39	1249. 1839/40	1250. 1840/41.
	Collections	Charges	Nett Revenue
Transit duty	53,969 6 2	12,040 14 10	41,928 7 4
Town duty	5,977 3 "	1,030 9 "	4,946 10 "
Frontier duty	2022 14 11	1077 12 "	945 2 11
Total	61,969 8 1	14,149 3 10	47,820 4 3

3. In the event of the abolition of the Inland Transit duty the Collections are estimated as follows.

Town duty average as above Rupees ----- 5,977 3 "

Add collections from Beteb Vr.es now received as Transit duty 556 13 10

6534 " 10

Frontier duty average as above 2022 14 11

Add duty on goods sent across the frontier hitherto levied as Transit duty before reaching the frontier Chowkies 2,482 15 7

4,505 14 6

Total Receipts 11,039 15 4

4. The estimated annual Charges will be as follows.—

Frontier Establishment as at present Rupees		1077 12 "
Addition required in Consequence of the increased importance of the Chowkies		1044 " "
Total Frontier		2721 12 "
Establishment for the Town duty at Guntoor and building Charges	1030 9 "	
Pay of Hoozoor Establishment required to be retained under other Heads of Extra Revenue on which they have hitherto assisted Saderward	900 " "	
	4052 5 "	
Present Gross Charges	13,619 4 11	
Savings	9566 15 11	

5. The Town duties in this District are rented, with the Single exception of the town of Guntoor. It is therefore estimated that the same Establishment as at Present will be required for that branch - should the rents be discontinued an Establishment must of Course be entertained.—

6. In explanation of the proposed addition to the frontier Establishment it is to be observed that at present very little importance is attached to these Chowkies, because the duties on Exports are generally levied on the inland Chowkies. It is therefore

therefore proposed to add 3 Tannah Goomastahs at 7 Rupees, to raise the pay of 10 Chowkey Goomastahs 8 Rupees; and to add 10 Peons at 4 Rupees each - and to keep a Writer at the Hoozoor on 15 Rupees.

7. The portion of the Hoozoor Establishments which is now charged under the Head of Sayer assists in other branches of Extra Revenue and it is therefore proposed therefore to retain as follows.—

	per Month
1 Muddutgar to be charged to Abkarry Rs.	14 " "
1 Ditto Sea Custom Do.	14 " "
3 Peons to Salt	15 " "
2 Ditto to Moturpha	10 " "
1 Moochee Do.	8 " "
1 Do. to Revenue	7 " "
Saderward to Salt	7 5 "
Leaving to be abolished	75 5 "
1 Peishkar	35 " "
1 Muddutgar	10 " "
Of writers Pay	6 " "
Saderward	7 5 "
	58 5 "

8. The results of the Calculation directed in Para 4 of your letter are as follows.—

Transmitting statements of Customs called for in Board's letter of the 10th August 1843, and stating his opinion that the Layer Establishment in Canara cannot be reduced in the event of the abolition of General 5 per Cent duty without risk of loss to Government.

the Articles subject to the special or

being no Collection on account

sary to furnish the statement in
form No. 2.-

4. The Board desire to know how far the Sayer Establishment may be reduced in the Huzzoor as well as in the Districts, in the event of the abolition of the General 5 per Cent Transit duty - In reply I beg leave to state that as the present Sibbendy in the Talooks is indispensably requisite for the collection of the frontier and Hawlet duties I am not of opinion that any reduction in the exciting Talook Sayer Establishment or in that in the Huzzoor can be made without risk of loss to Government - Besides their other duties the Sayer servants in the Talooks are also employed in the charge and sale of the

the Tobacco for the Government Monopoly - the duties of the Huzoor Sayer Establishment consist not only in preparing and examining the Sayer Accounts but also in checking those of the Tobacco and Salt Departments, which are very extensive - all the reductions that were practicable in the Sayer Department, were made when the Inland Chowkies were abolished in the years 1826 and 1838 -

5 So long as the frontier Chowkies are retained, it does not appear to me that any saving can be effected in the Sanderwared and building charges in the Sayer Department - The retaining of some Sibbendy at those Chowkies on the Frontier, at which the collections are insignificant, is necessary to prevent smuggling both of dutiable goods, and Tobacco, and of Salt from the Goa Territory -

Sir,

I am directed by the Board of Revenue, to forward for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Bellary reporting the death of Kistnamah the widow of Emedy Naid of the family of the Saremabah Poligars, and recommending that her twin grandsons Ramapah Naid and Lutchmapah Naid who are 20 years of Age may be allowed to succeed to her pension of Rupees 4-0-3 per Mensem.

2. It is stated that the widows only son named Seddapah was adopted by his Uncle to whose pension he has succeeded and these young men are his sons by his first wife but he is still living and having also another son by a second Marriage he gave them to the deceased who bred them up in her house as her own children.

3. It appears from Mr. Secretary Hill's letter dated 17th October 1820 to have been the intention of Government that the pension should be hereditary and that any interference with the succession to it should be avoided and the Board therefore see no objection to its being continued in favor of the present applicants as the Members of the family who might be considered to have a better claim i.e. their father Seddapah Naid above named and Siddelingapah Naid the representative of another branch of the family being in the receipt of separate pensions have given their consent to the arrangement.

From W. H. Babington Esqre

Jr. Collr of North Arcot

Submits Copies and translations of two Genealogical Trees of the Enamdars of Arrayoor & that Enam Village in the Sholinghur Talook of this District and suggests that the Enam should never be considered as hereditary under the existing circumstances.

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 3d July 1843 on the subject of the Petitions noted in the Margin

1640 of 1842.
2502/673 of 1843.

The Board observe in reference to the Petitioners complaint regarding the Division of the Dehat Enam of Arrayoor by Mr. Goldingham that it appears that the Authority of Government was requisite to enable Mr. Goldingham to dispossess them and confer their shares in the Enam on others- and they direct me to submit the original grant or a Copy of it with a Genealogical tree showing how the several claimants and those now in possession of the Enam are descended from the original grantee and they further require an explanation of the services required to be performed and how far they have been neglected, and whether it is necessary to make provision

for

for the continued performance of them in case the late incumbents or either of them should be considered to have forfeited their right to participate in the Enam.

3. The two original grants were forwarded to the Board of Revenue with Mr. Stratton's letter of the 1st March 1803 I forwarded Copies of them in Persian with English translations, also a Genealogical tree dictated by the Petitioner Syed Alli to the Tahsildar of Sholinghur in 1829, to which I have made two additions as noted at the foot of the Document but no alterations. The names of the incumbents are written in red ink. Mahomed Shabaff and Syed Ahmud whom Mr. Goldingham associated with the Petitioners having represented their descent from the original grantee to be somewhat different from what it is represented to be by the Petitioner & Syed Alli I submit a Genealogical tree of their descent as proved by their Witnesses. The Board will perceive on comparing the two trees that the difference between them is in the Names of-

of Mahomed Shahbaff and Syed Amuds ancestors, not in the degree of relationship between them and the original grantee.

4. The original grant dated 26th Shaban 38th Jeolooe corresponding with A. D 1727. gives the Village of Aryoor to Sheik Mucdoom to enable him to defray the charges of the Codagul & Mosque. all the charges appear to be included and the Services not being particularly specified he was evidently bound to provide for the due performance of all the Services of the Mosque. It does not appear to have been incumbent on him to perform any of the Services in his own person. It will be observed that the grant does not assign the Village to him and his descendants, but to him alone.

5. The second Grant dated 26th Rajab 1207 Hizree (A. D. 1792) assigns the Village to the original Grantee's Son Mullick shariff on the same conditions that it was given to his father. This Grant does not recognize Mullic Shariff's hereditary right to the Enam

over

or does it convey any such right to his descendants. The descendants of course claimed the Village as their inheritance and the English Government as they appear generally to have done in such cases admitted the claim. In 1832 the Collector put the Petitioners Syed Alli Khadar Badshah and Mahomed Ameen descendants of the original Grantee in possession of the Enam and as the two latter were Children he associated with them their Grand Mother Rabiah Sahibah alias Rajah Beebee and their Grand father's Second wife Wajeerah Beebee. It was arranged that the Petitioner Syed Alli should provide for the performance of the services of the Mosque during half the year and the Petitioners Wajeerah Beebee and Rajah Beebee during the other half. There is no proof that the Petitioners Wajeerah Beebee and Rajah Beebee neglected this duty at least to the degree in which Syed Alli did. When their turn of duty came they paid a person to perform all the Services of the

the Mosque such as sweeping it, keeping a light and repeating the prayers. This person admits that he is unable to read but it appears he can repeat some prayers by rote.

With regard to the Petitioner Syed Alli the charge against him was that in 1840 during the half of the year in which it was his turn of duty no provision was made for the services of the Mosque; that one Goolam Mahodeen whom Syed Alli had appointed to perform the services in the Mosque refused to perform them on account of Syed Alli neglecting to pay him, and quitted the Village leaving a Fakeer to look after the Mosque who being a professional beggar was seldom there and being also perfectly ignorant was unable to perform the services; and that Syed Alli himself resided in Madras. These circumstances were reported by the Thasildar and deposed to by the Villagers, but nothing appears to have been done by Mr. Ogilvie. The matter was brought to the notice of

of Mr. Goldingham by the Petition of the claimants Mahomed Shabafs and Syed Ahmud whom Mr. Goldingham associated with the Petitioners and whom the Petitioners do not deny to be, as well as themselves, descendants of the original grantee.

7. With reference to the instructions conveyed in your letter under reply, I sent for the Petitioner Syed Alli and required him to prove that the services of the Mosque had not been neglected in 1840 during the period in which it was his duty to provide for them. He called six Witnesses Mussulmans of the Talook, but only one of them, Sheik Seelimans, was a resident of Codagul. Three of them did not attempt to support the Petitioner's Statement and the other three including Sheik Seeliman gave evidence which was quite vague and inconclusive, and all three admitted that the Takeer who had been left in charge of the Mosque was unable to repeat the prayers. The evidence of

of the Villagers to Syed Alli's neglect of the services of the Mosque in 1840 remains unshaken.

8. I am of opinion that a Mushroodie Enam of this description should never either be admitted to be hereditary or be subdivided. In bestowing such Enams the first point for consideration should be the selection of a fit person for the performance of the duties for which the Enam is granted. If a descendant of the deceased Enamdar happens to be a well qualified person, it might be better to bestow it on him than on any other, but I do not think women should ever to be appointed. If the right of inheritance is admitted, great confusion must arise in the course of time. There are at present living 16 persons who may claim to share in this Enam as descendants of the original grantee, and in the course of a few years there may be four times as many.

9. With regard to the doubt expressed by

of Mr. Goldingham by the Petition of the claimants Mahomed Shafee and Syed Ahmud whom Mr. Goldingham associated with the Petitioners and whom the Petitioners do not deny to be, as well as themselves, descendants of the original grantee.

7. With reference to the instructions conveyed in your letter under reply, I sent for the Petitioner Syed Alli and required him to prove that the services of the Mosque had not been neglected in 1840 during the period in which it was his duty to provide for them. He called Six Witnesses Mussulmans of the Talook, but only one of them, Sheik Seelimany, was a resident of Codagul. Three of them did not attempt to support the Petitioner's Statement and the other three including Sheik Seelimany gave evidence which was quite vague and inconclusive, and all three admitted that the Takeer who had been left in charge of the Mosque was unable to repeat the prayers. The evidence of

of the Villagers to Syed Alli's neglect of the services of the Mosque in 1840 remains unshaken.

9. With regard to the doubt expressed by

by the Board whether Mr. Goldingham has not exceeded his powers in acting in this instance without the authority of Government it appears that the Collectors of this District have hitherto been in the habit of considering the Enam in question as hereditary and bestowing it without reference to Government or the Board of Revenue and that they have been in the habit of doing the same with regard to other Enams of the same description.

10. With regard to the Board's question whether it is necessary to provide for the continued performance of the services in this Mosque, I think the answer depends upon whether the Government admits the principle of resuming under particular circumstances land revenue that has been alienated as a religious endowment. If the Government is of opinion that under particular circumstances such revenue should be resumed, this appears to me to be a case in which it would be right to resume it because

there

there are no Mussulmans resident in Codagul or the immediate neighbourhood.

Fort St George 21st September 1843

the Statement of Major Butler commanding the left wing of the European Regiment quartered at Arnee that the Brandy in question was purchased for the use of the Mess of that Regiment from Soobaroya Pillay a Shop Keeper at Vellore. It was dispatched from Vellore without a permit and seized by an Abkarry Peon before it had reached the Mess House.

3. The Liquor is clearly liable to confiscation under section XIV Regulation I of 1820 on account of its having been unaccompanied by a Permit. The Acting Sub Collector is of opinion that it is also liable to confiscation on the ground of the sale of it by Soobaroya Pillay having been illegal but in this opinion I do not agree.

4. The Board are aware that Vellore is a Military Bazar Station and persons selling Liquor within that Cantonment hold licences from the Commissariat Officer. Soobroya Pillay it appears has a license to deal in Liquor within the Military limits. The question is has he or any other licensed Vellore Shop Keeper a legal right to sell liquor

Fort St George 21st September 1843

Letter from the Actg Sub Coll: to the Actg Coll: dated 1st Septr 1843 No 67 Para 2.

liquor within the Military limits. I think they have. The Acting Sub Collector thinks not. He observes "The exclusive right of selling foreign Spirituous liquors within this District having been sold to the Government Renters, it cannot I conceive be allowed to be indirectly infringed upon by the Shopkeepers at Vellore converting their Shops into Depots for smuggling or being permitted to store their Liquors there with a view to disposing of them without the limits of the Military Cantonment, were they allowed to do so in one case they might do it in all, and the previleges of the Renters, which require that every attempt to injure them should meet with the punishment authorized by the Regulations, would thereby be rendered nearly null and void." He observes in another letter that Soobaroya Pillay "being only permitted to sell within the limits of the Military Cantonment, could not inside those limits effect a legal sale of Brandy for consumption

Letter from the Actg Sub Coll: to the Actg Coll: dated 1st Septr 1843 No 70 Para 2.

consumption outside of them."-

5. There is no doubt that the Civil Abkarry Renter suffers by the sale of Liquor at Vellore but so he does by the sale of Liquor at Madras conveyed into his limits under Permits of the Collector of Madras. The circumstances of Vellore being situated within the limits of this district makes in my opinion no difference in the case - If the Brandy that has been seized had been covered by a Rowanah I do not think it would have been liable to confiscation - On this point I request the decision of the Board.-

6. There is also another point on which I beg to be favored with their opinion. Viz.t, whether the Commissariat Officer at Vellore has authority to grant Permits for the transit of spirituous Liquors beyond the Military limits - In the present instance he granted a Permit several days after the Liquor had been seized but supposing his permit had accompanied the Liquor would

would it nevertheless have been liable to confiscation? I am of opinion that it would, the Commissariat officer as far as I am aware having no authority to grant such Permits.-

7. I recommend the release of the brandy which has been seized in the present instance, as it appears to be the property of the Mess of the 1st European Regiment, and as its having become liable to confiscation is not the fault of the Officers of the Mess, but of the shopkeeper who forwarded it without a Permit.-

North Arcot Collector's Cutcherry Chittoor 12th September 1843

(Signed) W. E. Babington
Acting Collector.

Ordered that the following letter be sent in reply.-

To The Acting Collector in the Northern Division of Arcot.

44-45

To the Acting Coll.r N.o Div.n of Arcot

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of

of your letter of the 12th Instant, with its enclosures herewith returned, reporting the seizure of 12 Gayens of Brandy, at Arnee by a Peon in the Service of the Abkarry Renter of your district.—

2— The liquor in question not having been covered by a permit is clearly liable to confiscation.—However the absence of the permit appears to have proceeded from ignorance or inadvertence, and not to be attributable to any fraudulent motives, the Board do not think it necessary to enforce the penalty provided by the Regulations, in the present case, and direct that the Brandy be released and delivered over to the Mess of the 1st European Regiment.—

3— In reference to Paras 4 & 5 of your letter, the Board consider that the liquor being "for the use of European Gentlemen" would under section XI and XII Regulation I, 1820, not have been liable to confiscation if guarded by a permit issued

issued by the Collector or one of his Assistants. You will remark that except in the case of liquor sold to European Gentlemen for their private use, the Collector is debarred from granting permits for a smaller quantity than two leaguers,—a restriction which affords sufficient protection to the retail trade of the Abkarry renter.—

4 In regard to the second point submitted for their decision, the Board observe that by section XLV Regulation XII 1827 "At Military Bazar Stations the officer in immediate charge of the Police shall have power to grant permits for protecting, fermented or spirituous liquors within the limits fixed by Government for the exclusive control of the Commissary General" without those limits by G. I Section XI Regulation I 1820 permits can be granted only "by Collectors or their Assistants or by the Abkarry or sub-renters," any permit therefore issued by the Commissariat Officer of Vellore would clearly be of no validity beyond the Military limits of that Cantonment

2. The Gross Collection of Sayer Betel and Tobacco for the present Fasly as shewn in the marginal Statement amounted to Rupees 160599-9-4. the charges on which being Rupees 18998-2-4. left a net Revenue of Rupees 141601-8-0, which compared with the former Fasly shews a net increase on both items of Rupees 207-11-7—

3. The increase is from a greater collection in the five Chowkies mentioned in the Margin in the present Fasly than in that of the preceding one, whilst the decrease arose from a less import of Betel

Betel Nut from the Mysore Country, in the frontier chowkies of Thully and Bagaloor—

4. The principal goods upon which the highest increase Collections were made, are Cloths, Castor Oil seed, Ghee, Tamarind, and Sandalwood, and in some little degree on other items, amounting in all to Rupees 10417—11—10,— The decrease, which is Rupees 7309—15—3. is principally on Till, Oil, Betel Nut and Indigo. Deducting the latter from the former, there is a Net Increase of Rupees 3007—12—7. and the particulars thereof are exhibited in Statement No. 8—

5. There has been a decrease of Rupees 2,900— in the rents of Betel and Tobacco this year, caused by less competition at the time of sale, the offers for Fasly 1251 being Rupees 25,300, and in Fasly 1252, Rupees 22,600, and the Talooks where the decrease took place, are shewn in Statement No. 1—

6. The subjoined Statement shews the charges on account of Sayer for Fasly 1252, as compared with those of the former year—

Items

13209 Fort St George 21st September 1843-

7. The Decrease of Rupees 162-13-6- as shewn in the Huzzoor and Taloks Establishments has been occasioned by vacancies left unfilled--

8. In the item of Leaseward, there is a decrease of Rupees 25-14-3, this is occasioned by less purchases, and from cheapness of other articles purchased--

Abkarry- 9. The Bariz of this years Abkarry rent, as per accompanying Statement No. 2 amounts to Rupees 78350, being Rupees 7,706 less than in the former Fusly- the cause of this is, that there has been less competition at the time of sale, particularly in the Taloks of Tripatore, where the offer made was considerably below that of last year, and this circumstance was brought to the notice of the Board in Mr Gleig's letter of the 21st June 1842.-

Sundry Small farms and Licences.- 10. The demand on account of small farms and Licences during the year amounted to Rupees 9,015-10-9. being Rupees 593-5-8. less than that of last year.

} Para 1 In reply to the Acting Sub Secretary's letter, I have the honor to report the result of an investigation into the subject of Petition No. 249 of 1843, which is herewith returned.

2 On referring to the Pymash accounts and the records of this Cutcherry, the fields exhibited in the margin are found entered as grants bestowed in Compensation for the Petitioners Office of Village talliar - and it being discovered on an azimash made in Fusly 1239 in the Village of Tuchoor in the Tirdachellum Talook that he was improperly in enjoyment of two Syen fields instead of No. 458 and 574, they were resumed under my Orders as Sub Collector in Fusly 1240 and fair Enam lands of equal extent given in lieu, so that he was not at all, as alleged in the Petition, deprived of any portion of the land originally awarded to him on Maniam tenures.

2 Cawny

3 From this Statement it appears that the above 2 Enam fields are rendered unfit for cultivation by a stream running over them in the Wet season, and that the object of his prayer is to obtain better land in exchange, but after a full examination since made of the land in question only ½ a Cawny is reported to be uncultivable from the drainage of water during the Monsoon.

½ Cawny

4 As the Petitioners case owing to the large quantity of arable land which he enjoys does not appear to deserve special consideration, I defer pending the Board's approval, making a substitution for this ½ Cawney until a general revision is made agreeably to the orders of the Board of Revenue under date the 16th February last.

5 One of the Talook servants and the Village officers have been found guilty of rendering false information in favor of the Petitioner of which due notice has been taken.

To, E C Lovell Esq[re] Acting Secretary to the Board of Revenue Fort St George-

From A P Onslow Esq[re] Coll[r] of Trichinopoly- Dated 1-

Submitting Correspondence

Sir,

With reference to the Extract from

Fort St George 21st September 1843-

relative to the Codiarpolliam Zemindary and ousting Canikey Ammal-

from the Minutes of Consultation under date the 18th October 1842 communicated to me in the order of the Board of Revenue dated the 24th idem authorizing me to make over the zemindary of Codiarpolliam to the present proprietor, I have the honor to annex a copy of a correspondence between me and the Provincial Court of circuit Southern Division relative to my power to oust from the principal dwelling house of the Zemindary "Janikyummal" the Mother of the deceased Minor Zemindar, who refuses to quit it, and is in consequence the occasion of a constant series of disputes-

2. Soon after the correspondence in question took place I hoped that I had managed to arrange matters satisfactorily, but a recent incident convinces me that nothing but the ejectment of "Janikyummal" will suffice to prevent the recurrence of disturbances- I therefore solicit the Court of Wards to give me formal authority to act accordingly-

3. As the respective adherents of the two

13240. Fort St George 21st September 184

two parties have, by the late occurrence allud
to above become greatly excited, I am indu
to beg the favor of early attention to this com
munication for until I can oust "Danikey
unnal" I shall have some difficulty in
maintaining the peace.—

5. The affair could be easily ar
settled would the Zemindar institute a
suit in the Civil Courts. but although he
does not think it derogatory to his honor
to engage in broils, no persuasion will induce
him to incur the "disgrace" of going into a
Court against the female in question, and
as it seems to me but just that the onus
of proceeding to prove his title to what is
obviously his own should not be imposed
on him, I recommend the course above is
pointed out.—

Sir

I beg to represent to the
Judges

1-

13241 Fort St George 21st September 1843.

Judges that I feel considerable embarrass=
ment as to how to act in a case in which
I have the authority of the Court of Wards to
make over certain property inheritable under
a Sunnud Mooltut I stimmar to the right-
ful heir, in consequence of the party who
actually has possession refusing to relinquish
it, and I solicit the advice of the Judges
The case is as follows. on the
death of the late Minor Zemindar of Podia=
spolliam the Estate, which was under my
management as agent for the Court of Wards,
was directed by that authority to be made
over to Cutchee Cabun a Rungapah Colaka
Tola Podiar as the rightful heir- but
the Mother of the deceased Minor who, as his
guardian, had been permitted to occupy the
building usually styled the Palace, most
obstinately refuses to quit it. and the Zemindar
is put to excessive inconvenience, the apart=
ments which the late Minors Mother occupies,
being those customarily appropriated to matters
of state and ceremony and the Zemindar represents
that amongst other things he is thus prevented
from marrying.—

2. The Zemindar is unwilling to

13242 Fort St George 21st September 1843.

to institute a suit for the purpose of getting rid of this person - and constantly makes application to me for assistance, and as I conceive that the woman ought in justice to be removed without putting the owner of the building to the inconvenience of a law suit, I beg that I may be informed whether I am at liberty to dispossess her by force.—

3. A copy of the authority under which the Zemindar has a title to the property is herewith transmitted.—

To The Collector of Trichinopoly—

Sir,

1. I am directed by the Provincial Court for the Southern Division to acknowledge the receipt of your letter of the 24th Ultimo and to state that the Judges are of opinion that it is not competent to them to interfere at all in the matter, the subject of it, by tendering advice how to act, with a view to putting the party acknowledged by the Government in

From the Pl. Coll. of Canara. -

In consequence of the Establishment of a sessions Court at Honore again brings to notice the want of a European Medical officer at that station. adduces several instances to show that whatever may be the opinion of the Medical Board of the qualifications of the Apothecary at Honore, Gentlemen are not disposed to trust to his skill for themselves or families in cases of emergency. states that from the number of Civil and Military Officers now in the Northern Division of Canara a Medical Officer is more required there than at several other Civil stations - shows also the necessity of a Medical Officer to superintend the Vaccinators in that Division

Para 1. In consequence of the late Establishment of a sessions Court at Honore, I am induced again to bring to the notice of the Board, the risk to their health, which the European Officers both Civil and Military, stationed in the Northern division of this Province, are exposed to from the want of a European Medical Officer in that division.

2. Since my letter to the Board on this subject dated the 14th. May 1841. two Officers Commanding detachments in the Northern division, Ensign Cooper and Lieutenant Greenaway, of the 46th. Regiment, have been compelled to leave their posts, and come to Mangalore for Medical advice, the latter Officer having been so seriously ill, as to be subsequently sent to Europe. One of my Assistants also during the last year, was obliged to leave his station at Ankola in the North of the District and proceed to Mangalore, a distance of 150 Miles for Medical Advice in consequence of the illness of one of his family - These instances

and

and trusts that the Board will recommend the appointment of an Assistant Surgeon to Honore.—

+ Extract from Minutes of Bom. dated 14th July 1841.

instances are sufficient, in my opinion, to show, that although the Apothecary at Honore may be considered by the Medical Board to be "fully capable of treating fevers and other diseases usually met with," European Gentlemen are unwilling, in cases of emergency, to trust to his skill for themselves, or their families, and I believe it is very rarely indeed, that any Apothecary, whatever experience he may have had in the treatment of Native cases, is willing to take upon himself the sole responsibility of using those decided measures which are so necessary in the more serious diseases of Europeans.

3. It is very probable that the two Officers mentioned above, as well as another Lieutenant Cook of the 23d. L. I. in the year preceding would not have been obliged to leave their posts, had a European Medical Officer been stationed at Honore, and from the great distance of the Stations of Sirsi and Sedasheegur from Mangalore, the circumstance of an Officer being obliged to leave his detachment before he can be relieved, might be attended with consider able inconvenience.—

+ Miles 160
□ Ditto 168.

4. There will now be in the Northern

Northern Division of this District, three Officers in the Civil Department, and three or four Officers with the several detachments at Honore, Sirsi, and Sedasheegur.— when the distance of all these places from Mangalore, is considered, it must, I think, be admitted, that a European Medical Officer is more required at Honore, than at several of the Civil Stations where there are not so many officers, and which are in the vicinity of other stations where good Medical advice is easily procurable.—

5. Another circumstance which renders the appointment of a Medical Officer to Honore very advisable, is the imperfect superintendence which can now be exercised by the Zillah Surgeon at Mangalore, over the Vaccinators in the Northern Division of the District several of whom are employed at from 160 to 200 miles from Mangalore.—

6. I had occasion two years ago to bring to the notice of the Judge on Circuit the ravages of the small pox in the Northern Talooks which was greatly increased by the bad repute into which vaccination had fallen through the use of deleterious matter.

matter by ignorant and unauthorized practi=
=tioners. The interference of the Magistracy
on that occasion, to check the evil consequences
of such practices was I regret to say con=
=demned and prohibited by the Circuit Judge,
on the grounds that there was no law against
Quacks; and this decision was approved of
by the Foujdarry Udalut. If such be the
law, it seems the more desirable that the
authorized Practitioners should be well
looked after, for otherwise among an ignorant
and superstitious people like those in the
remote parts of this District, there is too much
reason to fear, that the invaluable remedy
so liberally provided by Government against
a dreadful disease, may be rendered nearly
if not altogether, nugatory.=

7. Under the above circumstances,
and for the reasons stated in my letter of
the 14th May 1841, which I do not consider to
be at all affected by the representation of the
Medical Board in their letter dated 1st July
1841. I trust the Board will be pleased
again to bring the subject to the notice of
Government with their favorable re=commen=
=dation that an Assistant Surgeon may be stationed
at

at Honore, to afford Medical Assistance to
the Civil and Military Officers stationed in
the Northern Division of this District.=

2. The receipt of this communi=

the correspondence which took place on
the same subject in 1841. and from a
consideration of the instances now ad=

Sub Collector Mr. E. Maltby would in all human probability have been lost had not the Officer superintending the Sirci road who was in the neighbourhood fortunately possessed some Knowledge of Medicine, and by a timely application of the necessary remedies in some degree checked the disease" as the Medical Officer despatched from Mangalore on the occasion" could not possibly have reached Sirci, a distance of one hundred and sixty Miles, in time to be of any service in the first attack". In the letter now forwarded Mr. Blair states that two Officers commanding Detachments have since been forced to leave their posts, and repair to Mangalore for Medical advice, one of them having been subsequently obliged to return to Europe. and that one of his Assistants was also compelled during the past year to quit his Station at Ankola and proceed to Mangalore, distant 150 Miles, in consequence of the illness of one of his family.—

4. It further appears that there are three Officers in the Civil and three or four in the Military service permanently stationed in the North of Canara at Sirci, Honore or Sedasigur and when the distance of these places from Mangalore is considered the

Board cannot but think that an European Medical officer is most urgently required.—

5. The recent establishment of a Sessions Court at Honore will not improbably have rendered the present application unnecessary, as however this is uncertain the Board have felt it but due to the subordinate Revenue authorities in Canara to forward the representation made by the Principal Collector in their behalf for the favorable consideration of the Most Noble the Governor in Council.—

Magistrate's Report.

Submitting the half yearly Criminal Reports for the 2d. Half of 1841.

(Here enter 20th. October 1842. No. 118.)

Para. 31. The Judges of the Foujdaree Udalut in their review of the Annual Reports received from the several Magistrates, enter at length into a Consideration of the State of the Village Police. They remark upon the delay which has taken place in the disposal of this most important subject, and propose to transfer to the Board of Revenue, or to an Officer specially

+ Para. 22. appointed for the duty, the preparation of the digest of useful measures of Police, called for in the 27th. para. of the Minutes of Consultation of the 21st. March 1842. Upon the ground, that their own records, do not

Contain

contain the information, or that it is not so accessible, as in the records of the Board of Revenue.

32. The Government are fully sensible of the importance of an early reform of the Village Police now presst upon their attention by the Court; and they observe that the Board of Revenue were directed under date the 12th. May last, to take into consideration, in the first instance the state of the Police in one Zillah, with the view of bringing the subject forward in a more practical form than hitherto, should it then be found, as the Judges would seem to be, of opinion, that the necessary reform can be carried out at little, or no additional charge to the State, the obstacles which have hitherto prevented the prosecution of this measure, will be removed. But the Government are not prepared to concur in the suggestion, for the appointment of a special Commissioner, considering the duty will be best performed by the Government in conjunction with the Court of Foujdaree Udalut, and the Board of Revenue. They resolve to submit for the opinion of the Board, the proposition contained in the 26th para of the Foujdaree Udaluts proceedings, on the suggestion of the Joint Magistrate of Nellore; and again to call the attention of the Board to their instructions of the 12th May last. Upon the receipt of the Board's Communication the whole question, and the further observations of the Judges, will be brought under the review of Government.

* The Board should select in the first instance for report one District, and submit their views without further delay, or any reference to the subordinate Officers. Extract Mins Cons 12th May 1843. para 26.

Extract from the Proceedings of the Foujdaree Udalut under date the 20th. October 1842.

Northern Division. Nellore.

Para 20. The Report of the Joint Magistrate in charge of the District of Nellore contains some suggestions, in respect to the more adequate remuneration of the Village Police, which the Court of Foujdaree Udalut are desirous of bringing prominently to the notice of Government; in other respects the Report does not appear to call for remark from the Court of Foujdaree Udalut.

21. The Court of Foujdaree Udalut are fully aware that the question of the remuneration of the Village Police generally, has long been under the consideration of Government and the Board of Revenue, and that in some Districts financial difficulties have hitherto stood, in the way of its satisfactory settlement.

Vide also Minutes of Consultation under date the 8th. June 1844.

22. But the Court of Foujdaree Udalut feel satisfied that much might be done in many Districts, in view to placing the Village Police on a better footing without entailing expense on the State, and if the Board of Revenue.

Revenue have not sufficient time at their disposal to devote to a consideration of the matter the vast importance of the subject would point to the expediency of an Officer of experience being specially appointed for this purpose, independent of the Board of Revenue to whom the whole subject might be entrusted - and the Court of Foujdree Udalut take this occasion of suggesting that either the Board of Revenue, or this distinct authority be called upon to prepare a Digest of the nature referred to in para 27 of the Minutes of Consultation under date the 21st March 1842.

23 Whenever suggestions for the amelioration and remuneration of the Village Police, or for the introduction of municipal improvements, have been offered to the Foujdaree Udalut by the Europeans or Native Police Officers in the provinces, they have invariably been referred thro Government for the consideration of the Board of Revenue and on many occasions it will be found, that such suggestions have led to the local Officer being called upon to supply more detailed information, and to submit a Special Report

on the Subject direct to the Board of Revenue.

24 The Records therefore of that Office, rather than of the Foujdaree Udalut would appear to contain Memoranda from which such a "Digest" could be readily formed and from the subject having been so repeatedly brought under the special consideration of the Board of Revenue / the proper authority to dispose of such references / the Court of Foujdaree Udalut entertain no doubt that all the papers containing suggestions on this subject form a distinct Record in the Office of the Board of Revenue whereas to form such a digest from opinions scattered thro papers addressed at various periods to the Foujdaree Udalut would involve very considerable time and labour without perhaps any satisfactory result as the Board of Revenue must be in possession of Collected information on the Subject embracing much more than the Records of the Foujdaree Udalut contain.

25th In regard however to Mellow, the Government in para 10 of their Minutes of Consultation of the 13th November 1836, apprized the Court of Foujdaree Udalut that

that the Subject of the condition of the Village Police in that District would receive consideration when the reply from the Honorable Court of Directors on the subject of improving the Village Police in some other Districts had been received — What may have been finally determined as respects Nellore in particular has not been communicated to the Court of Foujdaree Udalut, but the suggestion on this subject offered by the Joint Magistrate in the Police Report now under Consideration would not, it would appear, entail any additional expense on the Government and the subject therefore might be referred for the early Consideration and report of the Board of Revenue.—

26.— Mr. Mathison thinks that improvement in the Condition of the Village Police might be effected "in most of the "Government Villages without the grant "of any new Inaamium land, by bestowing "the lands now held as Enam by the "different Head Inhabitants in virtue "of that Office, upon the Village Moonsiff alone, and in fact abolishing the

"the Office of Head Inhabitant as now "constituted." Mr. Mathison observes that "he has always found these individuals "more ready to impede, than to afford "assistance in the Management of the Revenue "business of them Villages, and he considers "that if the Inaamiums now enjoyed and "shared amongst them in their Revenue "Capacity, were united and granted to "the Moonsiff it would occasion no incon- "venience in the Revenue Department, "while the efficiency of the Village Police "might be thereby materially improved — "This measure could only be carried into "effect as Vacancies occur amongst "the Pedda Canpoas from lapses by death "or by dismissal. The giving fresh Inaamium "lands in exchange for those now deterio- "rated or which have become unproduc- "tive is a subject which calls for "early consideration as regards all "Village officers, but more especially "in the case of Village Moonsiffs and "Watchers."

27.— On the subject of the propriety and practicability of improving the

the condition of the Village watchers generally, the Court of Sayidaree Udalut took occasion to address the Government in their proceedings of the 30th June 1841. and to suggest that the matter be referred for the consideration of the Board of Revenue whenever the orders of the Supreme Government may be received on the representation made to them by this Government, under date the 9th March 1841. as to the necessity of extending to other Districts the arrangements lately introduced for improving the Police of the Tanjore Province.

Vide Minutes of Consultation under date the 8th June 1841.

Vizagapatam

28th. The Principal Assistant to the Agent in the Vizagapatam District then in charge of the Agency states in para 5 of his report that the subject "regarding the state of the Village Police is one which in his opinion might be investigated with a prospect of much advantage but as the duties he is now performing

are only temporary, and precludes his giving the time for engaging in a detail of the subject, he leaves it to the Judges to decide on the necessity or otherwise of such an enquiry."

29th. The Magistrate of Vizagapatam in a return which accompanied Mr. Boileau's Circuit Report of the 11th February 1841. laid before Government with the proceedings of the Sayidaree Udalut of the 19th April 1841. stated that he had lately submitted to Government thro' the Board of Revenue a plan for remodelling the Village Police and the Police establishment generally and he added that if the proposition should be approved of the Police will be rendered generally much more efficient.

The

30. The Court of Zoujdaree Udalut are not aware of the result of this reference to the Board of Revenue and Government — but it will be observed from the Proceedings of the Zoujdaree Udalut of the 30th August 1842 that the present acting Agent in the Vizagapatam District also proposes shortly to address the Court of Zoujdaree Udalut on the Subject of the actual condition as regards emoluments of Office of the Village functionaries in the Vizagapatam District.-

From the Coll.r of Ganjam, No.

Submitting Statements relating to the Custom Revenue in Ganjam with explanatory remarks noticing what appears to the Collector would be the probable financial effect of the abolition of the transit duties and of the adoption of the Bengal Rates of Sea Custom Duty as regards the Ganjam District.-

Sir,

I have the honor to acknowledge the receipt of your letter dated the 10th Ultimo, and now beg leave to transmit for the purpose of being laid before the Board of Revenue, three Statements Nos. 1 2 and 3 relating to the customs revenue in this District, as therein called for.

2. In reference to the Statement marked No. 1. a few words of explanation are required. It has been prepared, as regards the Collections, in accordance with the mode in which the respective items of Transit, Town and Frontier duties, have hitherto been classed in the accounts, but the distinction thus maintained between the transit and frontier duties is entirely fallacious.

3. The Board are well aware that the Ganjam District is bounded on the South by Vizagapatam, and on the Southwest by the Hill Zemindary of Jeypore dependent on that Collectorate. The unexplored mountainous range partially inhabited by the independent

independent Khond tribes, lies between the ancient Hill Zemindaries of Ganjam and the Nagpore Country, and the Hill Zemindaries subject to Cuttack, and the Poorce District of the Bengal Presidency adjoin it on the North. There are only two lines of communication open between the Nagpore Country and Ganjam, the first by Purlah Kemedy and Goonoopoorum in Jeypore, and the other through the Goomsur and Boad Zemindaries, towards Chatisgur in Chattanagpore. The extensive and unhealthy jungly tract that intervenes, entirely precludes all communication at any other point. The traffic carried on by the Southern of these two lines is intercepted at Goonoopoorum, by a Chowkey under the Collector of Vizagapatam. The Customs on goods passing to and from the Nagpore Country through Goomsur, that are liable to frontier duty, are levied at the Poolsarah Chowkey in this District. The exports from the Coast to the westward consists wholly of Salt. The Articles imported by the Bengarees from the Nagpore State are chiefly Cotton, wool and wheat in quantities sufficient only for the consumption of this District. The large quantities of salt &c annually

annually despatched to the westward are necessarily paid for in Cash brought from that quarter, which occasions so large a proportion of the Rupees received into the Revenue Treasury here, being of the Coinage of Nagpore and the western States. No other articles besides those above specified, which are not subject to duty at the frontier, appear to have passed by this route, and on examination of the details of the collections it seems that not one Rupee of frontier duty was collected during the period to which the Abstract extends, and that the whole of the Collections at the Poolsarah Chowky consist of the ordinary five per Cent Sayer duty levied on Goods brought for sale at fairs &c within the limits of the Chowkey. In like manner the Collections at the Polsarah and Sebliah Chowkeys comprehend the Sayer duty on Goods passing from the Cuttack province unprotected by Rowanahs as they necessarily are in consequence of no land custom duty being there demandable, and the Sayer duty on goods within the limits of those Chowkeys. There being therefore no trade between Ganjam and Nagpore in Goods, on which Frontier duty is leviable, and as on the contemplated

contemplated abolition of the transit duties in the Madras territory, this district will merely be upon a footing of equality with the Cuttack Province, as regards the discontinuance of all Customs on the transit of goods within the Company's territory; it will be obvious that the whole amount included in Column 4 under the head of transit duty will cease to be available, and consequently in estimating the financial effect of the proposed measure, it must be added to the Collections shown in Column 2 of the Abstract. The charges entered in Column 17 for the Establishment maintained at the three frontier Chowkies above mentioned, should also be struck out of account unless it were thought proper to retain one Chowkey for the purpose of realizing any frontier duty that might hereafter accrue upon trade with the Nagpore State, as already stated, this source of revenue at present, is entirely unproductive. Under the above explanation, and taking the average of the three fasliees indicated by the Board, as the basis of the calculation, the sacrifice that would be involved by the abolition of the Sayer duty

Transit duty	21,528-11-6
Frontier duty	4,499-10-5
Gross Collections	26,028-5-11
Charges Collections.	
Transit	4,298-15-10.
Frontier	834-"-"
Gross Charges	5,132-15-10
Net Revenue	20,895-6-1

duty in the Ganjam District may be estimated at about 20,000 Rupees per Annum. There will also result a further deficiency of about 2000 Rupees in the value of Stamp Rowannahs sold Annually.

4.- The particular excise provided for by Regulation VI of 1813, it will be observed is collected at the five largest Towns in this District named in the Margin, and leviable on the three articles of Tobacco, Ganjah and Betel, the average annual amount yielded by these duties being only Rupees 679-11-7 in the aggregate. The latter article is not at all used by the Oriah population, the consumption of Betel being almost entirely confined to the Military and followers stationed at Chicacole and Berhampore. But preparations of Ganjah in various forms are habitually indulged in by them to excess, particularly by the Zemindars and the people about them. Tobacco is considered by the inhabitants of this District as almost a necessary of life, and the consumption of the coarser descriptions is very great, but

Chicacole
Itchapore
Berhampore

but the quantity of a superior quality, on which the town duty has been paid, is but inconsiderable. The Establishment that would be required to be retained for the Collection of this duty has been estimated upon the lowest scale, but the expence it will be seen is double the amount of the expected receipts from this source should it be determined to retain this item of Revenue, I would strongly recommend that the previlege of collecting it should be rented out.

Average Collections - - 679 - 11 - 6
Estimated Charges - 1386 - - -
deficit 706 - 4 - 6

5. In respect to the estimate of the Gross receipts from Imports and exports by Sea, which the Board have directed to be framed with reference to the Schedules of duties in force in Bengal, I beg to state that according to the nearest approximation that it has been possible to make, with reference to these data, the Gross Collections of duties on Imports by Sea may be assumed at about Rupees 167-6-1 per Annum, and on Exports at about Rupees 11189-13-5.

Imports - - - - - - 167 - 6 - 1
Exports - - - - - - 11189 - 13 - 5
Total 11357 - 3 - 6
Deduct Charges - - - 1600 - - -
Net Revenue - - 9757 - 3 - 6

The annual expence on account of the Sea Custom Establishments at the several Ports in this District may be stated at Rupees 1600.

The

6

The average of the actual Collections and Charges of the Sea Customs during the five years referred to, are entered in the Margin, shewing a Net Revenue of Rupees 7766 - 4 - 11.

Imports - - - 339 - 3 - 11
Exports - - - 9019 - 10 - 7
Total 9358 - 14 - 6
Deduct Charges - - 1592 - 9 - 7
Net Revenue 7766 - 4 - 11

The introduction of the Bengal rates of Sea Custom duty would therefore yield an apparent increase to the extent of about Rupees 2900. of Net Revenue per Annum above the present Revenue. It is to be observed however, that the whole of this increase is assumed with reference to the higher rate of duty to which Paddy would be subject, on export from the

Stating in reply to the Board's Proceedings of the 4th Instant the several arrangements taken for renting of Alkanny &c. within the Fusly.

Sir,

With reference to para 2 of the Board's Proceedings of the 4th Instant I have the honor to explain that strict orders were issued to the Ameens on the 13th of April to conclude all the rents of the Alkanny and Sundry small farms and licenses within the 15th of June. Proposals were however received within that date, for only 18 stations and orders were again issued on the 17th of June reprimanding the Ameens for their neglect, and positively directing that all the remaining proposals should be sent within the 30th of that Month. On the 21st of June another order was issued, that if for any stations no proposals should be received within the 30th of June such stations should be put to open Auction on the 8th of July and if no bidder appeared should be abolished, notwithstanding

there

Fort St. George 25th September 1843

there remained unsettled at the end of the fasly ents as shewn in the margin, amounting to Rupees 8547-15-0 in the Zamin of Pachoor Paputta and Chayputte, of these 24 remained unsettled on the 20th of July of which 21 were settled by the 17th of August and the other three abolished and the Amins were each fined 3 Rupees The delay subsequent to the 17th of August occurred in the preparation of the statement as this office much difficulty has thus been experienced in breaking thro' a custom of long standing but the rents of all the principal stations were settled within the fasly.—

To ensure the regular and punctual attendance of the Cutcherry servants it is necessary that there should be a Gharry on which to strike the hours— Mr Blane had one made from the gun-metal found in the Fort, when Kurnool was taken, but it is now cracked, and the person who made it says that the Metal is so bad that it will be of no use to melt it down again— I therefore beg to have the sanction of the Board to make a new one it will cost 50 Rupees.—

Returning Petition No 17 of 1841 from Nadamuni Gounden alias Babaji Chandradar residing at Chellumbrum with report.

Sir

Pursl

In returning the enclosed Petition No 17 of 1841,3 referred to in your letter, I have the honor to report the result of the required enquiry thereon.—

2 It appears that one Sheyedhan obtained 3-9 3/4 c. a. of Enam in Boonjah land, in Fasly 1174 in the Village of Paramaswara Nellore in the Talook of Chellumbrum which seems by the report of the local authority and in reference to the entry in the Pymash accounts confirmed by a Persian Mahazar-namah produced by the Petitioner to have been bestowed for the subsistence of the original grantee, as well as for the support of a Turkeya, or place of religious resort.—

3 The annexed Genealogical table will shew the consanguinity with the original grantee of the family who are now enjoying the Enam in question. The Complainant appears to be Grand Son on the maternal side to Abdoo Mahomed, who died about 30 years ago and

Fort St. George 25th. September 1843.

and was succeeded by his son Abdul Kader, since dead, whose son Goolam Moodeen, now surviving appears to have enjoyed it conjointly with his cousin the Petitioner without renewal of the grant in either of their names.-

4 About 15 years ago Goolam Moodeen sold a parcel of Ground out of the above manium to one Seobarayen, who built a house thereon and has retained possession of it ever since. The Petitioner protests against the — Right of Goolam Moodeen to sell any portion of the Manium without the Consent of the Coparcenary Members of the maternal branch of the family.-

5 If the Enam be declared to have been given for Maddutmash or for the subsistence of the original grantee, any claim, for the recovery of it by the petitioner, falls under the provisions of Regulation IV. of 1831. But from the fact of its being entered in the Survey accounts as having been given for the support of a Jaeshreya, no trustee having power to sell it, the Petitioner, as one of the Trustees may proceed, without any order from Government,

to

Fort St. George 25th. September 1843

to recover his right, under the provisions of Regulation VIII of 1817.-

6. On the whole, whatever the tenure of the grant may be, I am of opinion that I should not be justified in disturbing the purchaser of the land, of which the Petitioner claims restoration, and thus annulling the sale of Goolam Moodeen, who appears to be the present head of the family.-

Sir,

From the Agt. Collr. of South Arcot. Pawl.

With reference to your letter, I have the honor to submit my report on the enclosed Petition No. 18 of 1843.-

+ 11th. Augt. 1843

2. On an investigation into the Complaint, it appears that the Defendants have, for a long time, been in enjoyment of a piece of Ground with a few Tamarind Trees situated there-on, Comprising a portion of the Enam land, which by the Pymash and annual Jummah-bundy accounts appears entered in the name of Hhasanne Ahmed, and the Petitioner is a Trustee to this Jukeya Enam, wishes that they should be ousted from their possession, notwithstanding that they have built a house thereon.-

3. The matter was brought before Mr. Hallett who gave the Petitioner an Endorsement, translation of which is herewith forwarded. I am of opinion that neither the Petitioner nor the Defendants possess an exclusive right to an Enam of this description, and as the former is dissatisfied with the Collectors Endorsement, and the Enam does not come within the provision of Regulation IX of 1831, he is at liberty without a special order from Government, to seek redress in the Civil Court under the Regulation VII of 1817.-

Translation of an Endorsement passed by Mr. H. Hallett Esqre. Collector of South Arcot on 19th. February 1842 on Petition No. 434 presented by Hoosanne Modeen Khan and others of Chellumbrum

on

on 29th January 1842.-

From the Arzees of the Tahsildar dated 13th January 1842 No. 356 and 27th October 1835, No. 20, and also from the Documents, Viz. Mahazir, Decree of the Court &c. which were referred to in the Petition No. 463, and produced by the Petitioner, it appears that the Maniium land in question was granted on account of the Tuc Reyah of Khasa Ahmed, related to Land Khan sahib that Khasa Ahmed died long ago, and that although the land is entered in his name in the Pymash accounts, yet it continues in the enjoyment of the Petitioner Hoosane Modeen Khan from the time of his ancestors. In Consequence of which a Tabeed has been issued to the Tahsildar ordering that the land in question should remain in the enjoyment of the Petitioner Hoosane Modeen Khan, and his Cousin Tipsoo Mohomed Khan during

during their lives, and that after which its disposal will be taken into consideration, but as it appears that a portion of the Maniium land in question is occupied by Mohomed Cosff and Shaik Cuan by building Houses, planting Poovarasen Trees, and celebrating Mahoreum feast, that portion should remain in their possession.-

Statement

on 29th January 1842.-

From the Arzees of the Tahsildar dated 13th January 1842 No. 356 and 27th October 1835, No. 20, and also from the Documents, Viz.t Mahazir, Decree of the Court &c.a which were referred to in the Petition No. 463, and produced by the Petitioner, it appears that the Maunium land in question was granted on account of the Tuckeyah of Khasa Ahmed, related to Sawl Khan Sahib that Khasa Ahmed died long ago, and that altho the land is entered in his name in the Pymash accounts, yet it continues in the enjoyment of the Petitioner Hoosane Modeen Khan from the time of his ancestors. In Consequence of which a Takeed has been issued to the Tahsildar ordering that the land in question should remain in the enjoyment of the Petitioner Hoosane Modeen Khan, and his Cousin Tirpoo Mohomed Khan during

during their lives, and that after which its disposal will be taken into Consideration, but as it appears that a portion of the Maunium land in question is occupied by Mohomed Cosff and Shaik Cuam by building Houses, planting Poovarasen Trees, and celebrating Mahorum feast, that portion should remain in their possession.-

Sir,

From the Principal Collector of Canara. 1. In reference to the

Transmitting in reference to Board's Proceedings dated 17th August 1843. Para 3/two Statements shewing the years for which the Pagoda Deposits therein alluded to were received in the Puzoor Treasury.

observations in Para 3 of the Proceedings of the Board under date the 17th Ultimo, Viz.t that it was not stated by me from what date the deposits of Pagoda allowances commenced I have the honor to submit two Statements shewing the Fusliees on account of which they were received from the several Talooks.

2. The amount in deposit on the 31st January last, was Rupees 6562-7-5. and the sums since received amount

amount to Rupees 66-11-1: making the total deposit on the 11th July last Rupees 6629-2-6.

3. It will be observed that the deposits for which Statements are now furnished, are on account of unpaid salaries from Fusliee 1239/1829/30 to 1252/1842/43. while those arising from lapses to Government embrace a period from 1244/1834/35 to 1252/1842/43. The sums were in the Talooks when the Pagoda deposits in the Huzoor Treasury were carried to the credit of Government in 1245/1835/36. and were subsequently received at the Huzoor, after it was ascertained that they could not be claimed by or paid to any person the whole of the deposits having arisen either from stoppages for periods during which some of vacancies were not filled up from

from fines imposed upon the Pagoda Servants for neglect, or absence without permission.

4. Under these circumstances, I am of opinion, that as the deposits cannot now be repaid to the parties from whom the stoppages were made the money should be paid into the hands of the Trustees, in order that they may apply the amount to the repair of the buildings to which it respectively belongs, or invest it in any way they may think best for the benefit of the Institution.

From Mr. Gomes
Mangalore

Appealing against an order passed by the Pr. Collr. of Canara forbidding him to sell Spirits and Liquors of European Manufacture without the Abkarry Rent's consent while others are allowed to do so without such permission.

Gentlemen,

Suffering from an order passed by the Principal Collector Mr. Blair under date the 27th July last, forbidding me to sell spirits and liquors under a heavy penalty, I make the Appeal to your Honorable Board, and request that you will be pleased to take the circumstances here under stated into your favorable consideration, and grant me the permission I pray for, viz. to sell Europe Spirits and liquors on the same terms as other shop keepers in this place, and as I have done for three years past.

The Spirits and Liquors which I sell are of Europe manufacture, and I am not the only person who sells them, but there many others who do so in the Town of Mangalore, without any agreement with the renter of the Abkarry and are at the present time so doing. The same Custom has prevailed in this District for a great number

number of years.

It was by permission of Brigadier Col. Williamson Commanding Mangalore I built my Shop in the Gollandauree lines, under the promise that I should have permission also to sell European Wines and Spirits, which has cost me a very considerable outlay, and I beg to state that by the order in question of the Principal Collector of Canara I shall be a loser to a very serious amount, unless relieved by your Honorable Board having incurred a large debt with wholesale dealers in Bombay to secure a sufficient supply for the moonsoon Months, and on the Coast, which supply I am now prohibited from selling, besides the difficulty of recovering the balance outstanding against my dealers, and I beg in conclusion to observe I cannot understand by what Regulation of Government I alone should be thus prohibited from following the practice of other Shopkeepers.

In order to strengthen my claims on the notice of your Honorable Board, I beg leave to enclose Copies of a few testimonials with which from time to time I have been favored by my Gentlemen Customers.

Depending wholly on the justice and favorable consideration of your Honorable Board I beg to subscribe myself

27th July 1843.

} Para 1 In reply to the Acting Sub Secretary's letter, I have the honor to report the result of an investigation into the subject of Petition No. 249 of 1843, which is herewith returned.

2 On referring to the Pymash accounts and the records of this Cutcherry, the fields exhibited in the margin are found entered as grants bestowed in Compensation for the Petitioners Office of Village talliar - and it being discovered on an azimash made in Fusly 1239 in the Village of Tuchoor in the Tirdachellum Talook that he was improperly in enjoyment of two Syen fields instead of No. 458 and 574, they were resumed under my Orders as Sub Collector in Fusly 1240 and fair Enam lands of equal extent given in lieu, so that he was not at all, as alleged in the Petition, deprived of any portion of the land originally awarded to him on Maniam tenures.

2 Cawny

3 From this Statement it appears that the above 2 Enam fields are rendered unfit for cultivation by a stream running over them in the Wet season, and that the object of his prayer is to obtain better land in exchange, but after a full examination since made of the land in question only ½ a Cawny is reported to be uncultivable from the drainage of water during the Monsoon.

½ Cawny

4 As the Petitioners case owing to the large quantity of arable land which he enjoys does not appear to deserve special consideration, I defer pending the Board's approval, making a substitution for this ½ Cawney until a general revision is made agreeably to the orders of the Board of Revenue under date the 16th February last.

5 One of the Talook servants and the Village officers have been found guilty of rendering false information in favor of the Petitioner of which due notice has been taken.
