The 1st Item is Sayer, in the Management of which there has been no change

of System since Fusly 1249 / A.D. 1839/40. I have given in the annexed Memorandum the Beiry of the four years preceding Fusly 1249 / A.D. 1839/40 down to Fusly 1252 / A.D. 1842/43 in a comparative view distinguishing the amount obtained by rent, from that realized under Annamie Management.—

Items.	Demand of Fusly 1249.	Demand of Fusly 1250.	Demand of Fusly 1251.	Demand of Fusly 1252.	Comparison between Fusly 1251 and 1252 Increase	Decrease	Percentage

Total	315000	343367	343799	337545	"	6254	1	13 "

From this it is to be observed, that the result of the Fusly now under report, as compared with the preceding year, is a decrease of 6th Rupees 6254 — Rs. 516 of this arising from rents of Betel and Tobacco farms, which in certain Talooks had turned out a losing concern, having met with no competitors at the sale, and the remainder Rupees 5738 - from a deficiency of Collections on articles under Annamie as accounted for in the following Para - The total Beiry of Rupees 337,545 was fully collected and brought to account before the expiration of the Fusly.—

4.

That portion of the Sayer Revenue which is under Annamie management exhibits a decrease of Company's Rupees 5738 below Fusly 1251 / A.D. 1841/42 - Preparatory however to an exposition of the causes which led to this result, I shall hereunder notice, the different branches of our Commerce with the names of the articles composing them for Fusly 1252 / A.D. 1842/43 contrasted with the like details of the 3 Fuslies anterior thereto, that the Board may be enabled, to see how much each commodity yeilded in each year.

Articles comprising the above Collection

According

Fort St. George 16th October 1843.

According to this account the deficiency in the Imports from Foreign States is Company's Rupees ——— 6,437.
Deduct increase in Home produce ——— 699
Net decrease ——— 5,738.

Rupees 3875 The cause of the chief portion of this decrease is to be traced to a diminished importation of Betel Nut from the Nuggur Country, owing as it has been ascertained to a failure of produce and to the Merchants taking a different route. Captain L. Wardy the Superintendent, to whom a reference was made on the subject states, that "there has been a considerable decrease in the Inland duties "levied in this Division on Betel Nut, previous to exportation, owing to a serious failure in the Crop of this season. "It appears that there is a falling off in the quantity "exported from Sorabad, Sagar, & the Talooks from which most "of the Betel Nut exported to Bellary, of upwards of "24,000 Maunds, correct reports have not yet been received "from other Talooks but it is Estimated that the decrease "in the amount exported from them will also prove to "be very great." However, the Collection upon Betel Nut was uncommonly large in the last two Fuslies 1250 A.D. 1840/41 and 1251 A.D. 1841/42 in Dyes from the Nizam's Dominions (Rupees 1991 which used to pass through the Frontier Chowkees of this District have not been imported in the year under report. Mysore has also diminished, and a few Articles of Home produce the manufacture of which has also decreased from various causes have led to the remainder of the decrease above noticed.—

Increase - 908

There is an Increase of Rupees 908 in the Beriz of Albarry above Fusly 1251 / A.D. 1841/42 attributable to the favorable state of the season, and to the high offers which have risen above even those of last year. The Board are aware of the augmentation which took place in this Branch of Revenue for 1251 / A.D. 1841/42, and which was already reported to be higher than any since Fusly 1243 / A.D. 1833/34 and also than the average of the last 10 years. The present increase is nevertheless considerable, by giving fair play to the great emulation among Natives in regard to this Farm, which leads them to outbid each other and fair competition among such respectable persons, as were likely to perform their engagements. A wider field has been opened; and certain rents which had become Monopolies in the hands of a few individuals have changed hands.

To the increase of Collections of Rupees 29,426 in favour of Fusly 1252 / A.D. 1842/43 both the high Beriz of the year, and the Collections of arrears contribute to the extent of C. Sundry Small Farms & Licences.

7. In the Sundry Small Farms and Licences, the Board will observe a trifling increase of 741 Rupees above the amount of the last Fusly. I annex a short abstract of the Items comprized under this head.—

The net Increase from Plantations is 767 Rupees of which Rupees 658 is from Old Fruit Trees which produced Fruit abundantly this year, as also from Trees in the Jaghier Villages of the late Veeracopatchapah recently registered, and the rest, Viz. 109 Rupees from a few Trees of the new Topes beginning to yield Revenue. The actual Collection on account of the Beriz of Fusly

Fort St. George 16th October 1843.

Fusly 1252 amounted within the period of the year to Rupees 18,563 and the subsequent Collections to the end of September to Rupees 703, total Company's Rupees 19,266, the Balance still remaining of Company's Rupees 81 is in train of liquidation. The Gross Collections of this Branch compared with the last year stand thus.—

The reason of the excess of Rupees 886 in the Collection is because the Beriz was larger than in the preceding Fusly and realized earlier. No charges under this head.—

8. The demand as per margin on account of Veesabady and Baghyr Veesabady amounted for Fusly 1252 to Company's Rupees 260523. I beg to particularize hereunder the Classes of persons liable to the tax, their professions &c. that the Board may have an idea of the variety in this District.—

Fort St. George 16th October 1843.

of Manabaus during the Fusly under review. From a minute enquiry which I entered into with a view to ascertain the nature and details of the Collections made under this head, I was able to learn, that the poorer classes of the people such as Shepherds and Cowkeepers, also Washermen, Potmakers, Parahs and Shucklers being Village Sewants, do contribute to the same as a sort of fine in the final disposal of matters their Caste and religion Viz. on the occasion of the remarriage of widows and of women whose Husbands are alive Vizt. Vizt. / or in other words Prostitution / and called Kummarke tax, and as a rent on their houses, which in some Talooks is settled by the Tahsildars themselves and the money Collected by them, while in others it is Rented out to Individuals on their Offers. The Collection from such poor People I am of opinion is unjust and unbecoming in the extreme, for it is a revenue derived by Government for disposing of cases connected with caste, religious and domestic matters, and it is moreover vexatious and bears hard upon them with reference to their earnings and livlihood. Before submitting the question I have thought it proper to call for more detailed information on this topic, for which Takeeds have been sent when

when the same is received the matter will be more fully discussed in a separate report for the considera= tion and orders of the Board - The tax realized in Fasly 1252 / A.D. 1842/43 on account of Goodevanum" up to the co= pieriod of my orders / consequent upon the Minutes of Consultation of Government and the Proceedings of the Board thereon dated respectively the 16th and 2 December 1842, directing the same to be discon= =nued / reaching the Talooks amounted to Com= =pany's Rupees 11- the rest, Company's Rupees 881 being the difference between in the above 11 Rupe= and the amount collected in Fasly 1251 / A.D. 1841/42 should be considered as having been given up under the above order-

From the Asst. Pl. Colr of Cuddapah } Para 1.- I have the honor to acknowledge the receipt of your letter of the 28th ultimo in which I am desired to obtain the opinion of the Pundit of the Zillah court on the following point viz.

"Whether in a divided Bramin "Family where the male issue of one branch is "extinct the Children of a daughter can succeed in preference to the male issue of the other "branch."-

2 A question exactly similar to the above was formerly proposed by Mr. Lane through the Board of Revenue to the Pundit of the Sudder Adalut & the answer of that officer was communicated to this office by the Secretary to the Board with his letter dated the 11th June 1840.-

3 I beg to annex a copy of the above question and answer, from which it will be apparent that in a divided Hindoo Family not only do the Children of a daughter succeed in preference to the male issue of another branch of the family, but that even the daughters husbands relations have precedence of the members of the divided branch.-

Submitting further information relative to the Jomiah enjoyed by the family of the late Ally Ankah.

Para 1. I have the Honor to acknowledge the receipt of your letter of the 14th August and with reference to the orders conveyed at the conclusion of the 2d Para to report for the information of the Board of Revenue that on further enquiry the existence of the widow and daughters of the late Ally Ankah, has been fully established by the testimony of 4 women residing at Chinglepet in the immediate vicinity of the house occupied by the former and who had for years past been in the habit of seeing them.

2 Amongst the Enamdars alluded to in the 5th Para of my letter of the 2d August is the Cauzee of Chinglepet who also states that he can vouch for the existence of the Jomiadars, as every case occurring amongst persons of

of their creed in the vicinity is reported to him as Cauzee in order that he may perform the usual ceremonies: as a further means of ascertaining the existence of the Yomiadars in future, those Dmandars as well as Baker Beg son of the late Taher Beg, have engaged immediately to report to the Public Servant on the spot any casualty that might occur amongst them. No further precaution appears to me requisite to check fraud than to have an accurate description taken and to have the appearance of the parties compared with the Register from time to time by women deputed for the purpose.

3

In reference to the 3d Para I have to add that the Yomiadars in question do not appear to have any other means of livelihood than the Yomiah allowance, and Baker Beg the head of the family states that since the Yomiah was discontinued, he has maintained these females partly through the sale of Chattles belonging to the family and partly by money borrowed under the hopes of being able to repay it from the arrears due to them.

Par. 1 I have the honor to Acknowledge
the receipt of Extract from the Minutes of Consult

from the Proceedings of the Board of Revenue date
3d August 1843, requiring me to report whethe
an arrangement cannot be made for di
payment of the Military Pensioners by means
of the General Establishment so as to admit
of the Discontinuance of the separate allowanc
on that account.

Acknowledging the receipt of the Extract from the Minutes of Consultation dated 29th July which accompanied the Extract from the Board's Proceedings of the 3d August 1843, and stating that the reduction in the English Department on account of Military Pensioners' payment is inexpedient under the explanation set forth and subjoining copy of an explanation furnished by the late Principal Collector Mr. Ogilvie in 1839.

2 The number of Military
Pensioners in North Arcot paid by the Colle
is at present 97. The duty is performed
by one of the English writers of the Establ
=ment who receives Rupees 10 for the wor
out of which he provides the required
stationery for the Monthly Returns, Abstra
and Muster Rolls. Thus the work is
performed in this District by the genera
Establishment and the effect of retrenchin

the allowance would merely be a retrenchment of the Salary of one of the writers since the reduction made in 1829 in the amount of the salaries of the Servants in the English Department the business in that Department has much increased and continues annually increasing I have never served in a Cutcherry where the English Servants were worked so hard as they are in this; and I think that any reduction of pay in the English Department is inexpedient as tending to increase the existing difficulty of obtaining well qualified persons to fill the vacancies.-

3.

I have the honor to submit copy of an explanation furnished by the late Principal Collector Mr. Ogilvie to the Military Auditor General in 1839, on the occasion of his objecting to the charge in question, which explanation was then considered, as satisfactory and the objection was withdrawn.-

a sufficient English Establishment for the current duty of this District and as every Month is adding to the Number of Military Pensioners who have selected North Arcot for their place of residence it will be absolutely necessary in accordance with the rules transmitted for my guidance that an additional writer be retained. There are at present 63 Military Pensioners paid from my Office and they are increasing as I before stated Monthly. It is true until the code of Regulations for my guidance from the Superintendent of Pensions was received the labor of preparing Monthly Returns & abstracts

Abstracts, Muster Rolls, and Registers to be kept in the Superintendent of Pensions Office were prepared without an additional charge to the state but they were almost always prepared by Volunteer writers and as I had no authority to draw for a writer's allowance, the business has been hitherto got through. But these new Regulations I conceive fully authorize the charge for an Extra writer and I hope with this explanation the Military Auditor General will see fit to admit the charge otherwise I shall be will do me the favor to lay this Explanation before Government.

From the Acting Coll. of South Arcot.

Reporting the necessity of employing a Writer on account of the Military Pensioners, and requesting to obtain the sanction for the same.

* No 50 of 1835 published in the Fort St. George Gazette 28th January 1835.

Para. 1. With reference to Extracts from the Minutes of Consultation, and the Board's Proceedings, calling for a report on the feasibility of arranging for the payment of the Military Pensioners by means of the general Establishment of this Department, so as to admit of the discontinuance of a separate allowance on that account, I have the honor to state that it appears only on finding the duties from the increased number of Pensioners could not be conveniently performed by this Office, that the writer sanctioned by the G. G. was entertained.

2. The accompanying Statement, exhibiting the Number of Pensioners received in each year will shew that they began to increase in the year 18 and the Writer above alluded to should have been employed in that year; but no notice was taken of the circumstance by Mr. Ashton, and the work continuing to be increased upon one of the servants of the general Establishment the current business of the Department, as well as the of the Pensioners fell into arrears. To obviate the inconvenience

14789 Fort St. George 16th October 1843.

inconvenience Mr. Hallett, in February 1842, employed the Writer provided by G. O. G. and brought up most part of the business, but the appointment was disallowed by the Military Auditor General in December 1842, apparently because it was not filled up at the time when it was first authorized, and since that date one of the writers of my Department has had charge of the business, his own work being distributed among the others, by which the general business of the Office as well as that of the Pensioners is again, perceptibly falling into arrears—.

3. On a reference to the Memorandum (No 2) of work connected with the payment &c. of the Military Pensioners, the Board will perceive that the duty is not of so light a nature as supposed by Government. I therefore request that the Board will be pleased to recommend sanction for the employment of the Writer provided exclusively for this business, as without such an arrangement, it will be impossible to perform it with due effect and regularity—.

4 I beg to subjoin copies of letters from Messrs. Hallett and White on this subject, for the Board's consideration—.

No. 3.

To, Major Robert Thorpe

Superintendent of Pensions.

Madras.

Sir,

I have the honor to request your perusal of the enclosed correspondence.-

The purport of it is that finding the regular work in my Office falling into arrears, and the accounts &c connected with the Pensioners requiring more and more time in consequence of their increasing number I applied to the Paymaster to ascertain if I might draw allowance for a Separate writer, and on his replying in the affirmative I appointed one, agreeably to G. O. G. No. 50 of 1835.-

The Military Auditor re=trenched this, as it was not drawn from the first, which arose from a desire if possible to save the expense.-

Since the retrenchment I have again tried to dispense with such a Servant, but finding that the Pensioners must be sadly inconvenienced, because I cannot prepare the accounts for the Paymaster, I am forced to state

14805 Fort St. George 16th October 1843.-

State the necessity for the employment of a writer agreeably to G. O. G. No. 50 of 1835.-

I have the honor therefore to beg that you will apply for sanction and also for the payment of the salary retrenched by the Military Auditor for 9 Months and 18 days while he was actually employed, amounting to Rupees 154 - 4 - 6.-

Acting Secretary to the

Fort St. George

Sir,

Para 1. With reference to your letter + # 23rd July 1843.-
I have the honor to inform you that since Mr Halletts report on the subject no further measures

14832 Fort St. George 16th October 1843.-

Reporting thereon.- measures have been taken in the matter of the Trinomally Pagoda.-

2. The Goorookulls are still secreted in the Pagoda while Peons are waiting or outside with the warrant for their appre- -hension; and I do not think I should be justified in taking them forcibly from their place of refuge, or to prevent the supply of provisions being furnished them from without; as such a measure would be most probably offensive to the feelings of the people.-

3- By the document given by the Trustees translation of which accompanied Mr Halletts letter, acknowledging their receipt of the charge of the Pagoda they are bound to remove all obstacles towards the celebration of the annual festivals and other ceremonies, and this they should endeavour to do either by an amicable arrangement or by the power of the Law.- My interference being required only for the preservation of the peace.-

4 With regard to the Jewels &c- of the Pagoda there does not appear to be any

5. The Trustees have also petitioned me as Magistrate, praying that I would cancel the warrant against the Goorookulls or take them out of the Pagoda - The conduct of the Goorookulls towards Mr Hallett has been altogether so highly censurable and in direct opposition to the Regulations that I consider them to have forfeited all claim to be dealt with leniently:-

11835 Fort St. George 16th October 1843

To W. D. Davis Esqre. Acting Magistrate of South Arcot.

I humbly beg to report that Ramalinga Nynar Puttahmoniar and Moonsiff of the Cusbah of Trinomalle appeared before me this morning and informed me that the whole of the inhabitants of this Talook are to assemble at Treculloor on account of the affairs of the Shri Arnachella iswara Sawmy Pagoda at the Cusbah and that on the 29th of September 15th of Pertaade while he was absent from this place, somebody brought an olay, or Cadjan letter, and left it in his house, saying that it was from the above party, requesting him (Ramalinga Nynar) and Chinnah Moodily to join them, which he on his return that night saw in his house; I immediately took his deposition and afterwards ordered him to produce the Cadjan, which, together with his deposition, I beg leave to enclose herein for your information.

Shonathree Gorkull and other offenders whose names are mentioned in the warrant, and who are still

in the Pagoda are day by day getting the Gates secured by strengthening the back part of it with supporters, and I also heard that they not only refused to open the Gates, when requested by the Sookaradee inhabitants, who I understand, remonstrated against their conduct on the ground that the Pagoda being a place of public worship and common to all people ought not to be kept shut as it now is, but also said that the Pagoda is their own, and unless they are vested with every authority over it, they will under no circumstances open it. that if the Pagoda is not made over to them, they and all the ryots of the Talook will not obey the Cirkar or pay their Rists, and that while they lose their authority over the Pagoda, the celebration of Carthegay and other principal Festivals will likewise be stopped, about which they are quite indifferent. On a perusal of the olay produced by the Moonsiff this day, this statement is fully corroborated from the fact of the parties who are entirely

As the olay in question tends
in every respect to confirm all the re=
reports I have heard from the inhabitants
as having proceeded from the Goorkulls
themselves, I deem it necessary that
the conduct of the people of this Talook
should be brought to your notice by
this opportunity.-

Ordered that the foregoing letter be submitted with the following address.

To, The Chief Secretary to Government

Sir,

(56-57)

To the Chief Secy. to Government

Submitting Correspondence which has recently taken place with the acting Collr. of S. Arcot relative to the measures adopted for placing the newly appointed trustees in possession of the Pagoda at Trinamalie reporting the continued opposition of the Goorookuls or Priests to give up the Pagoda Jewels to the trustees and suggesting

Para 1 I am directed by the Board of Revenue to request you will submit for the consideration of the Most Noble the Governor in Council the accompanying Correspondence which has recently taken place with the Acting Collector of South Arcot relative to the measures which have been adopted for placing the Trustees selected for the future management of the Pagoda at Trinamalie in possession of those Institutions.

The

Fort St. George 16th October 1843.

Suggesting measures for Compelling them finally soliciting the early instructions of Govt. on the subject.

Fr. from Collr. S. Arcot 29th Sept. 1843. & Letter to Govt. 5th June 1843.

2 The previous Correspondence on this subject which was submitted to Government with my letter of the 5th June last will have shown Government the difficulties which the Collector had to contend with in finding duly qualified persons who were willing to undertake the future Management of the Institution and the vexatious opposition which was made by the Goorookuls or Priests to any arrangements which should in any way interfere with them..

3 At the date of the letter above referred to, the Goorookuls who had been most Contumacious in their conduct towards the Collector were carried in triumph to the Pagoda by the assembled mob and were there secreted in the most sacred part of the Temple refusing to deliver up any portion of the Jewels or paraphernalia to the newly appointed Trustees..

4 The Collector abstained from doing what might be considered distasteful to the feelings of the People had he pursued the Goorooculs into the Interior of

Fort St. George 16th October 1843.

of the Pagoda and ejected them by force, trusting that forbearance would have brought about what he was unwilling to effect by force..

5 The result however has been a failure. and the Goorookuls apparently have taken advantage of the suspense to excite a feeling in their favor - It will be seen from the enclosures to the Acting Collectors letter that endeavours are making to get up a party in the adjoining Talook of Tricalore to support the Goorookuls and that unless some decisive measures are taken effectually to settle the question before the approaching festival at Trinomalie derious consequences may be the result..

No. 84 in Coll.r letter 10th Oct.r

6 It appears that the Festival cannot be duly celebrated without the Jewels or paraphernalia which are in possession of the Goorookuls, nor is it clear that the Goorookuls, unless compelled, will permit the Pagoda to be opened, and as Government have concurred in recognizing the appointment of the Trustees named by

Fort St. George 16th October 1843.

by the Collector, it seems necessary that the Goorookuls should be at once peremptorily called upon to give themselves up and make over the Jewels to the newly appointed Trustees in the presence of some responsible European Officer, or that measures should be adopted by the deputation of persons of Caste to proceed into the Pagoda and seize the persons of the Goorookuls and then require them to make over the Jewels to the new Trustees, or on the Goorookuls refusal, to cause the Trustees to take possession of them in presence of Witnesses..

7 The Board would solicit

11845 Fort St. George 16th October 1843.-

solicit the early instructions of the Most Noble the Governor &c. in Council as the Festival at Trinomalie Commences on the 27th Proximo and it is desirable that whatever is resolved upon should be done before that event or before the Crowd who usually attend on that oc-: casion begin to assemble.-

Furnishing the information called for in the Minutes of Consultation dated 14th Ultimo regarding the resources of the Yeloomaday Zemindary which are calculated to be more than sufficient to cover all the expences within detailed and explaining the nature of Education pursued in Sooloochenum Mooseliars School.-

With reference to Paras 2 & 3 of the Extract from the Minutes of Consultation under date the 8th August which accompanied an Extract from the Board's Proceedings of the 4th Augt 1843, I have the honor to state for the information of His Lordship in Council that the Revenue derivable from the Zemindary of Yeloomaday is sufficient to meet the Charges for the maintenance of the Queen Establishment, and of the Prince and his family which were proposed with due reference to the resources of the Estate, and submitted for the sanction of Government in my letter of the 15th June 1843.- On looking into the records of the settlement of Yeloomaday in Fasslies 1237- 1238 & 1239 or during the minority of the deceased Zemindar, it exhibited at the annual sums of Rupees 6857- 6643 and 6585, but the Estate appears to have been improved considerably in

in late years under the management of the last Proprietor, as the Summahlumy con-cludes by him in Fusly 1251 amounted to Rupees 8277, whilst the Bariz assumed for fusly 1252, and of which the settlement is now being made is given at Rupees 9513-13-10. The present augmentation of Revenue is from an increase in the dry cultivation of the sum of Rupees 9513-13-10 given above. Rupees 5656-13-2 have been realized from which the Pesh-cush has been fully discharged and the balance being partly in grain is in the course of collection and will when com-pleted yield a clear surplus revenue in favor of the Estate of Rupees 4353-3-10 as shewn in the Margin.

Of course no compulsion of any kind or sort has been used the Boys are free to go and come, as they like to Valamettah, but I certainly thought it my duty strongly to advise the education of the young Zemindars, and Sooloochenum Moodelliars School offered by far the most desirable means of so doing: where some system is adopted, and surveillance maintained and the young Zemindars would meet and mix with the youths of higher Caste / Vellalers and Chetty and greater intelligence, than themselves In the case of the Attangary Zemindar he

There should also as soon as practicable be a department for teaching Engineering Surgery & Medicine including Botany Chemistry Physiology and Anatomy. These matters however must necessarily be left for future arrangements, as there are no youths in the School at present who know enough of English to advert of their suspending their application to it for the studying of any thing else.—

Besides these arrangements for the education of young persons it would be advisable to provide means of useful recreation and intellectual improvement for adults or some such plan as the following,—A printing press may be established in connection with the Institution where Books required for the different departments of Education might be printed. Sir,

From J. C. Wroughton Esqre ..... 1.
Principal Collector of Coimbatore.

With reference to para 3 of your letter dated 19th June 1843, I have the honor to forward an application from my Head Serishtadar Ramkrishna Pundit, together with copy of correspondence referred to. This individual solicits sanction for the increased rate of payment of 350 Rupees a Month made to him from the 28th January 1842, the date on which he joined his appointment in this District under the orders of the Board of Revenue dated 15th November 1841, the period of his service for 5 years as Head Serishtadar having been completed on the 9th August 1840, to entitle him to the increased rate of pay.

Forwarding an application from Ramakrishna Pundit the Head Serishtadar for increased rate of salary from the 28th January 1842, and requesting sanction for the same. Enclosing also a list of his services.

ORIGINAL DISTRAYED

2. I regret that the special sanction of Government was not obtained in the first instance for the payment made

made to him, which I considered unnecessary from the fact that this payment was authorized by Government under date 8th June 1841, on Mr. Grant's application of the 18th May of that year, and under which the Head Sheristadar was drawing 315 Rupees instead of 350, to which he is entitled in an unsettled District.

3. The length of his service, and the high character which he has preserved, of which there are ample proofs before the Board, would render any comment unnecessary, and I can only add that Ramakistna Pundit richly deserves the indulgence he now claims under the Rules of Government dated 22nd March 1816.

dated 19th June 1843, I most respectfully beg leave to request you will have the goodness to submit to the Board of Revenue, my application for an increased rate of Salary Viz.t Rs. 350 a Month from the 28th January 1842, the date on which I joined my appointment in this District under the orders of the Board of Revenue dated 15th November 1841, together with a copy of correspondence enclosed in my application dated 24th April last.

I further beg leave to submit that I completed a service of 5 years as Head Sheristadar on the 9th August 1840, to entitle me to the increased rate of salary under the Rules above quoted, but having been the Head Sheristadar in a settled District I was obliged to draw only 315 Rupees from the 10th of that Month under the sanction of Government dated 8th June 1841, conveyed in a letter from the Secretary to the Board of Revenue dated 21st June 1841 to the Collector of Masulipatam, 245 Rupees being charged to Government and 70 Rupees to the Estates under management. necessary to state, as a perusal of the copy of correspondence enclosed in my former application will afford a clearer explanation than I can submit.

The total period of my servitude to the Honorable Company, extends over a period of 26 years 2 months 19 days, viz. of 8 years and 3 months as Head Sheristadar from the 28th May 1835, the date on which I was first appointed to that situation in the Board of Revenue. I have served in different capacities with zeal, activity, and uprightness, always keeping in view the benefit of the Circar and the good of the people. The several gentlemen under whom I had the honor to serve, and the whole population of those Districts, where I held my appointments would, amply vouch for my practice and this will be the more apparent from the testimonials I possess. Under these circumstances I humbly solicit you will be kindly pleased to transmit this my application, and the copy of correspondence above stated, to the Board of Revenue, backed by your favorable recommendation and obtain retrospective sanction for

for the increased rate of salary paid to me from the 28th January 1842.

Para 1. I have the honor to acknowledge the receipt of your Secretary's letter dated 21st Ultimo with Extract from the Minutes of Consultation dated 27th September 1836.

2. The Marginal Statement shews the bariz and collections of the several Estates under management during Fuslies 1243, 1244 and 1245. The portion of the salary of the Head Sheristadar of this District chargeable to Estates under management is Rupees 70 — " — according to the sanction of your Board under date 12th May 1831. This allowance does not vary. The proportion it bears together with the salaries of the Hoozoor Establishment chargeable

chargeable to Estates, to the Aggregate collec-

ascertained, each Estate is charged according
to the proportion thus ascertained. The Cutcherry
of charge is thus regulated by the amount
of Collections and the number of Estates under
the management of the Collector.-

3- The amount of salary of
the Head Sheristadar of this Cutcherry is
Rupees 280 Pr. Grenssem. This I consider in-
=sufficient in the case of the present in-
=cumbent. Ramakristna Pundit, with re-
=ference to his integrity and diligent dis-
=charge of duty, and the desire of Govern-
=ment to raise the moral tone of the peo-

mention the "integrity and Zeal" of public
Servants. I should abstain from saying any
thing on the present occasion, were I not
assured that integrity in this instance pro-
=ceeds from a higher and more independent
source than a desire to stand well before
others, and that it is the duty of the local
authorities to notice such.-

To
The President and Members of the
Board of Revenue
Fort St. George.

Gentlemen,

1. I have the honor to inform
your Board that I have this day made over
charge of the Revenue management of the
Zillah of Masulipatam together with the
Balance of cash in the Revenue Treasury
to A. Purvis Esqre. Head Assistant Collector
amounting to Company's Rupees 54,989-5-2
-and enclose his receipt for the same.-

2- Previous however to taking
leave of my Office, I would beg to record
the very high opinion I entertain towards
the Head Sheristadar Ramakristna
Pundit, whom I cannot praise too much.-

3. We arrived in this District
at the close of a season of famine and mor-
=tality, which had gone far to depopulate
the Province. All the old and responsible
servants had either died or had been re-
=moved. From these combined causes the
Cutcherry was in the most lamentable
state of confusion. I have now the satisfaction

to

to know that every thing has been reduced to order, that the abuses existing at the time I joined the District have been reclaimed, and I may further aver that the Cutcherry was at no previous period in more efficient order than at present. I have the pleasure to add that this improved state of affairs is chiefly owing to the energy, the assiduity and tact of Ramakristna Pundit.

4.

Your Board have, on one or two occasions noticed with approbation my endeavours to give you satisfaction. I however claim no more merit than having possessed the wish to do my duty. I should consider it a mark of your condescension if the operation of your approbation might fall upon the Sheristadar by your Board recommending to Government that his present pay of 80 Pagodas may be augmented to 100, the addition to be charged according to the present rule. The Zemindars would with pleasure perform their part of Compliment.

To

To
The Secretary to the
Board of Revenue

Sir,

As I shall, in the course of a few days, have to deliver over charge of this District to Mr. Grant, I am desirous before quitting it of adding my testimony to the high character which has been given by my Predecessors of the merits and general good conduct of the Head Sheristadar Ramakristna Pundit. As far as a residence here of three Months has enabled me to judge, I can state that I have seldom or never met with a Native servant of whose Zeal and integrity I felt more assured. The office of Head Sheristadar in a District such as this, under the circumstances in which it is now placed, does not appear to me to require either of these qualities in a less degree, than in what is termed an unsettled District, the opportunities for corruption are certainly full as great, or greater, and the complicated nature of the Accounts in the Purganahs under an amani settlement, require the utmost degree of watchfulness and labor

that

that can be bestowed on them. But the situ-
-ation of this person is in some respect delica-
and difficult. Some measures of reform in the
system of Amani management have been com-
-menced, and I hope will be carried on, &
the more successful they may be the greater
will be the odium incurred by the person who
is mainly instrumental in bringing them into opera-
-tion, for every one who has been deprived of
any illicit profit or advantage which he has
been in the habit of enjoying will naturally
become his enemy. The Tahsildars too are
for the most part new, and comparatively
unused to the business. They are certainly
not equal to the same class of servants I
have seen in other Districts, and consequently require a great deal of superintendence
and control. On these accounts I think it
that the present Sheristadar requires all the
support from the Collector which he can con-
-sistently afford him, and which I have no
doubt will be given to him by my successor
as long as he continues to deserve it.

This period of service entitles him according to the Rule sanctioned so long ago as 22d March 1816 to the pay of 70 Pagodas or 245 Rupees per Mensem in a settled District but as the Board in their Secretary's letter dated 12th May 1831 have already recognized the principle of raising the pay to the same standard as prevails in unsettled Districts by charging 70 Rupees proportionately to the Estates under management, and further as the duties which a Sheristadar, as called upon to perform in this District are more arduous and responsible in consequence of the number and extent of the Estates under management than those that generally fall to the lot of this description of Officers in unsettled Districts, I trust that the Board will obtain the sanction of Government for an increase of pay to the amount of 20 Pagodas or 70 Rupees per Mensem, half of which to be charged to Government

Sir,

Para. 1 I have the honor to request you will lay before the Board the accompa=
=nying copy of a Petition addressed to me by my Head Sherishtadar Rama=
=krista Pundit praying that the increased allowance of 20 Pagodas or 70 Rupees per Mensem (half of which to be charged to the Estates under management) as recom=
=mended in Paras 75 and 76 of my report under

under date the 11th July last may be accorded to him in consequence of the general extent of his duties and the labour and responsibility imposed upon him by the number of the Estates under management.

2. I may safely aver without the fear of contradiction that the duties which fall on the Collector and Sherishtadar of the Masulipatam District have been rendered much more arduous than they were formerly, by the more detailed accounts and additional checks recently introduced and imposed with a view to the prevention of abuses under the Ameeny System and also in consequence of the disastrous effects of a succession of bad seasons which has altered the face of the Country and converted a body of independant and respectable Proprietors who had hitherto paid their Peshcush and private debts with tolerable punctuality, into a set of indigent Pau=
=pers

Paupers equally unable to discharge the public or private claims against them. —

3. The duties of a Collector have therefore become exceedingly complicated — It is now no longer his duty merely to collect the public duties according to the principles of the original settlement — In direct opposition to the provisions of section VI Regulation XXI A. D 1802 which declared that remission of Revenue on account of Draught or other calamity of season should cease and never be revived, he is sometimes called upon to report on the expediency of Granting such remission, and is even required to revise and modify the original assessment throughout a large portion of the District or in effect to perform labours analogous to those which formerly required the appointment of special commission — In his capacity as of trustee

trustee for Estates under management whether attached for Minority or arrears of Revenue the additional labour which has been imposed on the Collector and his Sheristadar may be duly estimated by referring to the settlement and adjustment of the claims of creditors referred to in the letters noted in the Margin, relative to the debts due by the Minors of Divy and Moonegal the Zemendars of Bezora, Vennacottah and Goodeewadah, Nedadavole and other Estates and the large claims of private Creditors which still remain

remain to be adjusted in the Estates of Dauercottah and Elloor and se Coueliy.—

4. In short a Collector is called upon to make arrangements in the case of almost every creditor who has claims against an Estate, taking care at the same time not to compro= =mise the interests of Government and an arrangement is no sooner made for adjusting or postponing one writ of execution, than another precept of Court issues at the instance of other, or the same, parties which the Collector must use his influence and exertions to satisfy or postpone, in order to save the Estate from sale—

5— During prosperous periods the intervention of the Collector was seldom necessary in procuring re= =missions, in revising the assessment, or in adjusting the claims of private creditors, but the case is

is altered now a succession of bad sea= =sons and a combination of other cir= =cumstances having increased the necessi= =ty for his interference, intercession and mediation in a tenfold degree, or in a ratio corresponding with the deterioration in the produce and no value of landed property, and the conse= =quent insolvency of the Zemindars.

6 In conducting such arrange= =ments I trust I need not point out how important it must be to secure the faithful and zealous services of an able and experienced Head She= =rishtadar, nor advert to those motives of policy and expediency which deter= =mined the Government to grant the graduated scale of allowances detailed in Para 3 of the minutes of consultation dated 22nd March 1816.—

Mr. Wroughton's letter dated 17th February 1838, recommending an increase of salary, the Board were pleased to decline on the ground of his allowance being equal to those of a Head Sherishtadar of the same standing in an unsettled District, and that I now only venture for the same amount of allowance as are accorded in an unsettled District, in justice to the claims of a very meritorious public Officer whose zeal, integrity, and efficiency continue to deserve my warmest commendation—

(Here enter No 33)

Mr. Grant will be pleased to submit a Statement shewing the

14885. Fort St. George 16th October 1843—

Salary to which Ramakistna Pundit his Head Sherishtadar is entitled under the rules sanctioned by Government as a Sherishtadar in a settled District, and the date from which the increased allowance is payable, that application may be made for sanction for this disbursement—

No deviation from these rules can be admitted, so far as the remuneration of this Officer from the public funds, is concerned, and the Collector will confine himself accordingly to a simple Statement of what his Sherishtadar is competent to draw, for submission to the Right Honorable the Governor in Council.—

Board of Revenue

Fort St. George.

Sir,

Para 1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board dated 28th Ultimo relative to the application of my Head Sherishtadar Ramakistna Pundit, forwarded in my letter of the 10th of the same month, praying for such an increase of his allowances as should place him on a par with the Head Sherishtadar of unsettled Districts—

2. In conformity to the instructions conveyed in Para 2 of the Extract under acknowledgment, I have this day made a separate application for the increased allowance to which he is entitled according to the rules established by Government, and my object in now addressing you as also on a former occasion, was rather from

14887. Fort St. George 18th October 1843—

from a desire to obtain the Board's sanction for the additional allowance of 35 Rupees, which is chargeable to the Estates under management, than to obtain special sanction for an Amount which has been already sanctioned by the rules in force—

3. My Head Sherishtadar is now in receipt of the following allowances—

	Rs
From the Government	210
From the Estates under Management	70
	280

4. The scale of allowances from Government for unsettled and settled Districts are the following—

	In unsettled Districts		In settled Districts	
	Pags.	Rs.	Pags.	Rs
Under 5 years service	80	or 280	60	or 210
After 5 and under 10 Do.	100	or 350	70	or 245
After 10 and under 15 Do.	125	or 437½	80	or 280
After 15 and under 20 Do	150	or 525	100	or 350
Above	200	or 700	125	or 437½

5. You will observe that according to the above scale, my Head Sherishtadar having completed the period of 5 years service is entitled to 70 Pags or 245 Rs as his Salary from the

from the Public funds, but had he been in an unsettled district he would be entitled to Rupees 350.—

6. To place him, therefore on par with Head Sheristadars of unsettled districts, it will be necessary to charge to the Estates under management the difference between what he is now entitled to receive from Government, including the amount already sanctioned and the amount which he would have received had he been in an unsettled district or in other words the difference between 315 (which includes Rs 265 from Government & the amount of† Rupees already sanctioned) and Rs 350 or Rupees 35.

† See letter from the Board dated 12th May 1831 & the Moyenjaletah sanctioned by Government under date 10th November 1835

7. The Board, as appears by their Proceedings dated 1st March 1838 would have acceded to Mr. Wroughton's application on a former occasion had he not been already in the receipt of the allowances of a Head Sheristadar of equal standing in an unsettled District, & as my Sheristadar has continued to merit the approbation of his superiors ever since his arrival in this District I trust that his claim will receive the favorable consideration of the Board—

8. I am further induced to make this

this request from my anxious desire to retain his services, and to remove the only just ground for seeking preferment in nominally "unsettled," but in reality under more "settled" Districts than this—

To The Collector in the Zillah of Masulipatam

Sir,

From the Collector 10th May 1841.

Para 1. In reply to your letter of the 10th May, I am directed by the Board of Revenue to convey to you the sanction of Government for payment to Ramakistna Pundit your Head Sheristadar, of Rupees Thirty five per mensem in increase to his present allowances agreeably with the rules of date the 22d March 1816. The increased payment will be calculated from the 10th August last—

2. The Board of Revenue, cannot however, sanction a further payment of Rupees Thirty five per mensem to be charged to the Estates under temporary Management; None of these it is believed, have exhibited of late years any surplus, but on the contrary a deficit below the Peishcush and Charges of Management. If this be so it follows that any further payment to Ramakistna Pundit would be a direct allowance from the Government treasury though nominally charged to a Private Estate— (Signed) P. B. Smollett

30th. Septr. Cons: 16th. October 1843

Para 1. I am directed by the Board of Revenue to forward for the orders of the most noble the Governor in Council the accompanying letter from the Principal Collector of Coimbatore reporting that his Head Sheristadar Ramakistna Pundit completed the period of service required by the orders of Government of 22d. March 1816 to entitle him as Head Sheristadar of an unsettled District to receive the increased salary of 350 Rupees per month on the 28th. January 1842, and recommending that it may be granted him from that date—

In Cons 25th. March 1816

2. It appears that the Principal Collector being aware that the special sanction of Government was necessary, has permitted the Head Sheristadar to draw the increased allowance which has consequently been retrenched by the Civil Auditor—

3. Ramakistna Pundit has been employed in the public service above 26 years, bears a very high Character, and the Board have much pleasure in recommending that the increase allowance should be granted to him, as solicited by the Principal Collector—

Defendants.—

The Plaintiff sues to recover posses-
-sion of 15 Bullahs of Poonjah land and 13/8/64
Bullahs of Totum ground producing annually
300 Rupees and Yielding a revenue of
Rupees

Rupees 120-15-7 the said property being bounded on the west by the Agatees swamy Covil, east by the Coimbatore limits, north the ambavatty nerody river, and south by the achamapooram limits, and situated in the Village of Veroomacoodal in the Talook of Caroor, The Plaintiff proceeds to state that the aforesaid land was waste, being Covered with sand, as was also the ground on which the above mentioned Covil was situated all he (Plaintiff) having cleared away the sand and repaired the Covil at his own expense got possession with the permission of the Tahsildar, in Verodee (1829) and planted reeds on the above ground to prevent the accumulation of sand from the river of Ambravatty on the aforesaid land and Covil and expended 600 Rupees thereon and appointed four people to prevent the Cattle from trespassing, that he then enjoyed the Colingee branches &c. the produce of the land till the year Vijiah (1833) when the late Collector granted him a Puttah for 10 Bullahs of the aforesaid ground which was the only quantity fit for Cultivation up to the time when he Plaintiff went to Mysore, after which the land in

in dispute having become fit for cultivation in Velumbee (1838) the 1st Defendant issued an order to the 3rd Defendant to let out the land to any who would take it on which his, Plaintiffs, Brother-in-law Punchanathien begged the 1st Defendant by an arzee dated the 20th September 1839 to grant the disputed land in rent to the Plaintiff on which an Order was passed by the 1st Defendant that the aforesaid Punchanathien should attend the Hoozoor, in conformity to which he attended, when through the mis-representations of the 2nd and 3rd Defendants, Puttahs were passed in the names of the 4th 5th 6th and 7th Defendants (the dependants of the 2nd and 3rd Defendants) and the other Defendants for the disputed land which is now in the possession of all the Defendants but the 1st.

The 1st Defendant states that the disputed portion was not in Plaintiffs possession, and as the lands being waste he issued orders to the 3rd Defendant on the 14th and 17th September 1839, that the usual measures might be adopted for its Cultivation when the last 15 Defendants made proposals, and obtained Puttahs for that

that the aforesaid Purchariathien subsequently [illegible] him, 4th Defendant, an Arzee claiming the land for the Plaintiff but no proposals were received either from him or the Plaintiff, who was absent at Mysore within the proper time, that though a Puttah was granted to the Plaintiff in Fusly 1243 for 10 Bullahs of land still it was only granted on account of the Agasteeswar Sawmy Covil and not for the Plaintiff's use and the reeds were not planted for his benefit or at his own expense, Defendant further states, he is ready to prove the Villagers planted the reeds by order of the late Tahsildar for charity and as the land was waste the Government acted according to the discretion vested in it.—

The 4th 5th 6th 7th 8th 9th 10th 12th 13th 14th and 16th Defendants confirm to the first Defendants representation regarding the land having been waste for a considerable period till Vickrootee (1830) when they caused the inhabitants to plant reeds thereon by order of the Tahsildar they further state the land continued under the management of the Government

Government from Vickrootee to Velumbee (1838) that they in Vickaree (1839) and the 11th 15th 17th and 18th Defendants made a proposal to Government and obtained the Puttah they also deny that the Plaintiff ever planted reeds in the disputed land or repaired the Covil.—

In reply the Plaintiff adheres to his former statements regarding his having expended money on the land and held it for about 10 years from Verodee and he is willing to give the Teerwah according to the Custom of the Village— he adds that the late sub Collector Mr. Thomas having personally inspected the land promised he should have it for cultivation, that on the 29th army of Seyah (1834) he accordingly made a proposal to the Principal Collector for the 15 Bullahs on grass rent, who in August or September issued an order to the Tahsildar of Carroor to grant it in his name on these terms, but the Puttah was delayed up to the period of his going to Mysoor that after his departure the 9th Defendant and others Cultivated part of the lands and in

April

april 1838 proposed for the ground to the Principal Collector when an order was passed by the Acting Sub Collector on the 23rd of May 1841 that the Plaintiff was alone entitled to this land this being the case the 11th Defendant then a Curnum fraudulently caused a Puttah to be passed in the 13th Defendants name, on which his brother in law on the 1st June 1839 Complained to the 1st Defendant who not only annulled the fraudulent Puttah but dismissed the 11th Defendant from the Curnumship, that if his brother in laws argee had been addressed subsequent to the proposals of the Defendants the same would have been endorsed as this was not done it is evident no prior proposals were made and the endorsement was a fraud on part of the 2nd and 3rd Defendants who enjoyed the land, the Plaintiff further states he possesses the account of his having planted the reeds, which was written by the 11th Defendant and also that the 8th 9th and 10th Defendants on the 9th March golee of Veekaree 1839 extended to him an agreement acknowledging his right to the land, in further proof of which he

he asserts a proposal was made in arrijey of Vickaree 1839 by him on his return from Mysoor for 25 Bullahs including the ground in dispute - he concludes by representing there is another maunium land given for the services of the above Coil and that after this suit was instituted the 2nd and 3rd Defendants confined him for three days on a warrant in their Cutcherry, during which time he was subjected to illtreatment to induce him to give up a part of the land to the 2nd and 3rd Defendants who likewise caused the 8th 9th 10th 12th and 13th Defendants with a Doyet and others to enter his house at night when certain documents Connected with the Suit were taken away. —

The 1st Defendant argues that if the Plaintiff had obtained a promise from the late Sub Collector Mr. Thomas he would have obtained a written document and produced it and denies the acceptance of the Plaintiffs proposal for 15 Bullahs of land for grass rent which was rejected as he had not planted the reeds thereon as also his responsibility for the document asserted to have been executed to the Plaintiff by the 8th 9th and 10th Defendants he adds it.

Fort St. George 16th October 1843

it does not appear that the Plaintiff made any proposal for 25 Vellums to the 3rd Defendant in the year Vickaree month alpressy, and if he had it was two months subsequent, and the 10 Vellums of land held by the Plaintiff were not attached to the Maunium land of the Coviles The 4th 5th 6th 7th 8th 9th 10th 12th 14th and 16th Defendants filed no rejoinder and the 2nd 3rd 11th 15th 17th and 18th Defendants omitted to give their answer.—

The Plaintiff filed the following documents—No 1 a takeed written by Goorooratha Modelly the Sahsildar of Caroor to the Monegars of Coimbully and Seroomacoodul dated the 8th Vyasee 20th May of 1831 Carah to prevent Cattle grazing on the reeds—No 2 a takeed written by Goorroonatha Modelly the Sahsildar of Caroor to the Peon Runganaicken dated 1st 30th July anny of 1833 Vejiah to the same effect as No 1.—No 3 a Cultivation Chit given by Runga Row the Sahsildar to the Plaintiff on the 11th Mausy 20th February of the same year—No 4 a Puttah given by the Circar to the Plaintiff on the 6th June 1834 for 10 Vellums of lands No 5 a Takeed written by Soobba Row the Sheristadar of Caroor to Rama Pillay the Curnum of Seroomacoodul dated the 15th anvany of

Judgment

It is proved by the answer of the 1st
Defendant, the deposition of the Serishta-
dar Soobba Rao, and by the Witnesses on

Fort St. George 15th October 1843

on behalf of the 1st Defendant and the Court that the reeds were planted by the direction of the Tahsildar for Charitable purposes by the Villagers and were attended to by the Village servants the Tanadar and Peons and that the Plaintiff and the sunniyasee / who appears to have begged in the Villages / had not the exclusive right to the produce. It further appears on reference to the Plaintiff's document No. 8 dated the 29th Aumy of Joyah 11th July 1834 that the lands therein described do not tally with those specified in this plaint and the plaint in No. 218 and by the takeed No. 9 of the Collector that those lands applied for were only to be granted, provided they were not fit for Cultivation, and the Tahsildar was satisfied the reeds were of use and prevented the accumulation of the sand on the Cavil; as the Plaintiff has produced no document of any kind to shew that after this Takeed was given any fifteen Bullahs of land were given to him or that the late sub Collector promised him the land, or proved the

Fort St. George 16th October 1843

asserted robbery of the Documents took place, and as the proposals of the Defendants were accepted / being documents No. 9 - 10 - 11 - 12 - 13 - 14 - 15 and 16 / and their names are entered in the Accounts for Fasly 1249 and 50 and as the Plaintiff's brother-in-law obtained no Puttah the Judge is of opinion that the Plaintiff has no claim to the land and therefore nonsuits him with Costs.

for 1st Defendant and Rungareddy for the 4th 5th 6th 7th 8th 9th 12th and 13th Defendants.—

The Plaintiff who is also the Plaintiff in /149 of 1840/ in which suit he sued for the recovery of 15 Bullahs of Poonjah land, and 8 64/19 Bullahs of Totum situated in the same limits as described in this plaint now prays for the recovery of 3 64/67 Bullahs of Poonjah Totum land paying an annual rent of Rupees 44 - 11 - 2 and producing Rupees 64 the said land being bounded on the West by the Agasteeswa-ra saamy Covil, the east by the Coimbully limits, the north by the Amberamady neerody river, and on the South by the Achamapa-rum limits, and situated in the Vil-lage of Terooma coodal in the Talook of Caroor. The Plaintiff represents that this land was also waste and covered with sand, and that he by planting reeds on it in the manner described in both the plaints protected it from the sand and the injuries of the river. this being the case he obtained a Putlah for the 10 Bullahs of land which

Fort St. George 16th October 1843

which were fit for cultivation in Vejiah 1833 and went to Mysoor where he was absent when this land became fit for cultivation in Doornaakee 1836 that this Gomastah Cultivated and enjoyed the land till Velumbe 1838 and paid the rents. That the 2nd and 3d Defendants unjustly got Puttahs passed in the names of the Defendants from 4 to 13 with the view of usurping this land as well as that alluded to in the other plaint in consequence of which he preferred this suit.—

The 1st Defendant in answer refers to the arguments in the aforesaid suit No. 149 of 1840 which applys to this also and states the land specified in this plaint was waste till Fusly 1246 and was never cultivated by the Plaintiff's Gomastahs. that in fusly 1247 the other Defendants for some time cultivated it unknown to Government but that is 1st Defendant having been informed of the circumstance directed that the land should be entered in the Devasanam account which was accordingly done in

fusly

Fort St. George 16th October 1843

fusly 1248 and a Puttah was given to the Defendant in fusly 1249.—

The 4th 5th 6 7th 8th 12th and 13th Defendants deny the Plaintiff's right and urge that the ground was waste for a considerable period till the 8th Defendant in fusly 1246 cultivated 3/4 and the 4th 5th 6th 7th 9th 10th 11th 12th and 13th Defendants the remaining $2\frac{64}{83}$ in fusly 1247— Puttahs having been granted to the 8th Defendant in fusly 1248 and to the other Defendants in fusly 1249 - they further state that the 8th Defendant had preferred Suit No. 122 of 1839 against the Carear Moonseiff and others for the value of produce produced on the aforesaid 3/4 Biillahs of land which they had unjustly taken possession of for the Plaintiff

after

Fort St. George 16th October 1843

after which they, Defendants in that Suit, pacified the 8th Defendant by causing the Plaintiff to pay him 50 Rupees.—

The Plaintiff in reply states the case of the Moonsiff who managed his cutteria- tion affairs had paid rent to the Tahsildar for the disputed land in fusslies 1246—47 and 48. and obtained —

his

his receipts. and that in Doorniookee (1836) the 4th 5th 6th 7th 8th 10th and 11th Defendants and others obtained the above lands for rent from him and his people and executed Cultivation Chits, and the 1st 5th 6th and 8th Defendants acknowledged by an agreement that the Plaintiff was the owner of the land that the 50 Rupees paid to the 8th Defendant was for the purpose of a Puttah being obtained in the 8th Defendants name and not for the produce claimed in Suit 122. of 1839.

The 1st Defendant denies having granted a Puttah to the Plaintiff for the land in dispute and states his Puttah was for 1246 for 10 Bullahs of land for Poonjah teerwah which having been converted into Garden land an increased rent of Rupees 47—15—11 levied and carried to account that if the Defendant had given the agreement alluded to in the reply they could have relinquished the land in favor of the Plaintiff.

The 4th 5th 6th 7th 8th 12th and 13th Defendants deny the asserted agreement and state if there was any truth in the assertion it would have been mentioned in

in the Plaint -

The 2d 3d 9th 10th and 11th Defendants did not defend the suit -

Fort St. George 16th October 1843.

Translation of an Appeal Petition filed in
the Southern Provincial Court by Soobramaneya
Yogaiswarar of Peroomacoodal Achamapooram
in the Talook of Caroor, and Plaintiff in
O.S. N° 149 of 1840. on the file of the Zillah
Court of Salem, against John Bird Esquire, Sub Col-
lector of Coimbatore, his Seristadar Govinda Row,
Soobba Row, Tahsildar of Caroor, Acharee Soobroyen,
Potty Soobroyen, Cooppien Ramien of Neroor Soon-
drum Pillay Chinna Tumbee Pillay Samy Pillay
of Achamapooram Cwrnom Rama Pillay Moo-
rooga Pillay Rama Pillay Vencataramiengar
Periansa Pillay of Neroor Veerasawmy
Bawboo Rao, and Alagummal, Defendants
in the above suit.

I instituted the above suit for
the recovery of Bullahs 23-4 3/4 of Poonjah
and Garden lands, yielding annually 300 Rupees
produce, and assessed at Rupees 120-15-7. and
although I established my claim to them, the
Judge on the 14th of November 1842 decreed that
I have no right whatever. I am dissatisfied
with the judgment of the Zillah Judge
for

for the reasons as herein set forth-

1st The pagoda of Agasteeswara sawmy on the banks of the river Ambrawutty in the Village of Seroomacoodal was formerly buried by the deposits of sand from that river and wishing to remove the accumulations and repair the pagoda I laid out in performing the work a considerable sum of Money, in part from my own purse and the rest from Charity subscriptions - and in addition to the above expenditure I spent a large sum in planting nawmul reeds, as a protection to the Pagoda from the sand drift, on the Sandy lands quite unfit for the Cultivation, bounded on the East by the Pagoda of Agasteeswara sawmy, on the West by the limits of Coyembully, on the South by the river Ambrawatty, and on the North by the limits of Achamapooram and employed men to watch and protect the plantation. But finding the Village cattle still trespassed and grazed on the reeds I complained to Govroonatha Moodelliar and Annappa Moodelliar the then Tahsildars who issued Takeeds against

against such proceedings on the part of the Village people and in these Takeeds it is stated that the reeds were planted by me - It certainly is the duty of Government to protect the Charitable actions of a private individual against the injuries of others. again when reeds were required for the use of Gentlemen, Soobba Ras the Talook Seristadar sent a Takeed to the Curnom to ask me for a supply - These three Takeeds have been filed by me, they are numbered 1 - 2 - and 3 - In the Durkaut-namah which I presented to the former Collector on account of 15 Bullahs of land I have mentioned that the reeds were cultivated by me, and that, I have therefore a right to them - On which a Takeed was issued to the Tahsildar to grant the land to me - This Durkautnamah and Takeed numbered 8 and 9 have been filed in the suit - If the reeds in question had been cultivated by the Circar it is reasonable to suppose that some objection

objection long ere this would have been raised to my claim - But no such plea was ever set up - Consequently it follows that I have established my right and title to the reeds as planted by me; and this proof is to be deduced from the documents Nos. 1-2-5-8- and 9 and the evidence of Witnesses, and also from the Accounts particulars of charges incurred, and it has also been proved that the Accounts were written by the Curnom the 11th Defendant - On the other hand not a single valid document has been filed by the Defendants to shew that the reeds were Cultivated by the Government, nor is it proved that there is any other person who has a claim to them esceept myself, and yet the Judge has decreed that the reeds were cultivated by the Cirkar, and that there is another Sunneyasee who has right to them - this is opposed to every principle of justice, and it is evident that the Judge has not

not given the foregoing particulars his mature consideration -

2dly If I had not planted reeds on the above sandy lands, the Circar or others would have derived no profit from them - After the reeds were cultivated by me the alluvial deposits of the river began to settle on the surface of the lands, and rendered them fit for Cultivation and the state derived a tax from them - These circumstances constitute me the sole heir to the Nanul fields - It is the duty of the Collector to fix the assessment on such land and to pass puttahs in my name - And when I intimate my wish to throw up the land and execute a regular Moochulka, the Collector may then, and then only, give it to another person, therefore the Judge decreeing that I possess no claim to the above lands is illegal -

3dly In the year Vejiah 10 the Bullahs of the above fields became fit

fit for cultivation, and on my petitioning the then Collector, that Gentleman visited the spot in person ordered the then Tahsildar Runga Rao to permit me to cultivate the lands, and to pass a puttah in my name. Now the entire bounds of these Nanal lands are inverted in the aforesaid Puttah. Hence if more land than the 10 Bullahs became fit for culture, it must be given to me, and a Puttah must be issued accordingly. The Sagoobady Chit given to me by the Tahsildar and the Puttahs numbered 3 and 4 have been filed. The 10 Bullahs of land being in my enjoyment I have no complaint about it. After the above Puttah was issued, inorder to prevent the people of the Village from destroying the reeds, I consented to take up 15 Bullahs of bare sand at Grass rent, for I was fearful the reeds will be injured. Accordingly, presented my Durkastna: mah to the former Collector, but before any order was passed on it, I went to Mysore. My Durkastnamah was

was accepted and an order was sent to the then Tahsildar Annappah Moodeliar to make over the land to me. But no Puttah was made out in my name, because I was absent. I have provid this both by witnesses, and by the document Nos 8 and 9. It was during my absence that the 2d 3d 11th 17th and 18th Defendants combined together, with a view to deprive me of the 23 4 3/4 Bullahs of land, and obtain them for their own use, and leagued with the rest of the Defendants except the 1st and gave fraudulent information about the lands to the 1st Defendant, and so caused Sakeeds to be issued for their cultivation. But my brother in law Punjanathien, who was superintending my affairs, presented a Durkast: namah by post to the 1st Defendant, the Sub Collector, stating that I have right to the Namul fields, that the lands should not be granted to any but me, that a Puttah should be issued for them in my name and that I shall pay the revenue. An endorsement was passed on the back of this Durkastnamah directing the said Punjanathien to appear himself before

before the Shrezoor - He did so accordingly - but the 1st Defendant, without making a proper enquiry, and believing the false Assertions of the 2d 3d 11th and 17 Defendants issued Puttahs in the names of the rest of the Defendants. Being informed of this by my brother-in-law I instituted this suit, as well as O.S. No. 218 of 1840. I have delivered to the Court the Durkastnamah presented by my brother-in-law bearing the endorsement of the Subcollector - It is numbered 6 in the Enclosures - It is clear the Subcollector did not grant the lands in question to any person before the 13th September 1839 - It is also equally certain no Durkasts were tendered previous to that date - Now the Durkast presented on my behalf by my brother-in-law was received at the Subcollectors Office on the 20th of September, and the endorsement on it passed on the 23d of the same month - No Puttahs then were issued up to that date - and the 1st Defendant shews by the documents filed No 9 to 16, that the Defendants presented their Durkasts at different times between the 14th and 23d September

September, and even subsequent to that date - Consequently my Durkast was in ample time - Justice and duty then required that the 1st Defendant should enquire into the circumstances set forth in my Durkast presented by my brother-in-law, and Puttah to be given to my brother-in-law on my account - And if he (the 1st Defendant) had no mind to do so, he should, at all events, have passed proper orders about it - There was ample time for the 1st Defendant to make a proper enquiry, but without doing so, he gave credence to the fraudulent information of the 2d 3d 11th and 17th Defendants - Moreover if any one presents Durkasts for any land, an enquiry is usually made as to the existence or otherwise of any primary claimant of such land, and in the event of no such claimant coming forward it is then just to grant the land to the person who presented the Durkast - If the land be given without such investigation to the Durkastdar, people will be ruined - The

Fort St. George 16th October 1843

The 1st Defendant has not stated in his answer any thing regarding his having passed the endorsement on the Durkastnamah presented by my brother-in-law (enclosure No 6) after having instituted any such enquiry — the Durkasts filed by the 1st Defendant cannot therefore be considered as valid. The Zillah Judge, without giving his mature consideration to the several particulars shewn above passes his Judgement on the mere assertions contained in the 1st Defendants answer. This is in direct contravention of the Regulations.

4thly It is stated in the Decree that the 15 Bullahs of land were not made over to me as implied in the Sakeed (enclosure No 9). This is no Argument against my claim. I was not present at the time the Sakeed was issued by the Collector and therefore no Puttah was made out — and besides no other person at the time tendered Durkasts, nor were Durkasts received

Fort St. George 16th October 1843

received until the 13th of September 1839 — nor have the Defendants proved that the Tahsildar objected to my title to these lands which in fact are situated within my Naval plantations

5thly It is strainge the Defendants in their Answer do not object to the accuracy of the number of Bullahs and the amount of Assessment, or to the boundaries of the lands specified in this suit and in suit No 218. And yet the Judge has decreed that the lands in my plaint and those with the Defendants do not tally — If this be true it is more than probable that the 2d 3d 11th and 17th Defendants, with a view to usurp my claim, have altered the dates of the Durkasts and statements filed by the 1st Defendant — Again the Judge contends sought to have shewn proof that documents and other papers connected with the suit were stolen from my house. I would ask how is it possible to adduce evidence of theft perpetrated at night, or to prove that such and such documents were stolen, when the deed was done in darkness? This is no argument against my case, and I consider the documents which I have already filed in this

suit

suit as quite sufficient.

6 14th

By the Enclosures, Nos 7, 10, 11-1

13 which I have filed, I have established th

the reeds were Cultivated by me, that I am

entitled to them, and that I have a right t

the Sawoyejummah lands in addition to th

10 Bullahs of my Putout. I have also

=ed that the 11th Defendant was punish

as Curnom for making false entries in th

Public Accounts, in reference to my Putcat

lands, and yet the Zillah Judge takes no

=tice of it -

7 10th

The following documents Nos 1 to 8,

17 to 28 filed by the 1st Defendant, cannot be a

=ted, nor considered as valid, because it is most

they have been falsified and altered at pleas

by the 2d 3d 11th and 17th Defendants - Alte

Arzees and depositions filed ought not to b

Admitted since they appear to have been

=ten subsequent to the commencement of the

action - As a proof that the document

filed by the 1st Defendant have been

falsified and fraudulently prepared, I beg

to state that the said Defendants are in

the habit of altering the designations and num

=bers of land held by Ryots; for example:

the 10 Bullahs, now in my enjoyment, were

entered in the Puttah issued in fusly 1243. or

in the year Vejiah, as one entire field Cullar,

of the 3d class. This Puttah, enclosure No 3,

has been filed. But in the Puttah given in

Fusly 1244 or in the year Saijah, the same

lands are entered as two distinct fields, the one

measuring 5 Bullahs, and called Agaiteeiwara

Padegay Punjah No 3, and the other measuring

the same called Anjanacheammen Padegay

No 4 - thus making up the Complement of 10 Bul.

=lahs - There can be no reason for this alteration,

and it is opposed to the Ryotwar System of

Coimbatore, Salem and several other Districts

where the fields always retain their original num

=bers and denomination, as fixed during the Govern

=ment Pymash, assessment - From this it is manifest

that the 2d, 3d 11th and 17th Defendants (the Public Servants

of the 1st Defendant) in the hope of appropriating my

lands

lands for their own use, may have falsified the documents. I will produce the above mentioned Puttahs during the examination of this appeal. The statements called Thalabund, Jummabundy Chittahs &c., which the first Defendant has filed, are all in like manner falsified. This will be evident when the Court examines the Puttahs which I will produce.

In conclusion, I therefore pray, that the Court will be pleased to annul the Zillah Judge's decree, and pass judgement in my favor, by ordering the lands in question to be put in my possession.

Translation of an Appeal Petition filed in the Southern Provincial Court of Appeal by Soobramaneya Yogaiswarar of Achamapooram in Caroor Talook and Plaintiff in O. S. No. 218 of 1840 - against John Bird Esquire Sub.

Sub Collector of Coimbatoor, his Serristadar Govindo Rao, Soobba Row, Tahsildar of Caroor Mooneya Coundan of Achamapooram, Soondrum Pillay, Chinnatumby Pillay, Moovoyapillay, Rama Pillay, Soobba Pillay, Cumnam Caroopa Pillay, Rama Pillay, Parat.ta Naicken, and Sunneyasee Naicken - Instituted the original Suit, for obtaining possession from the Defendants of 3 51/64 Pullahs of Malgoozaree Punjah and Garden land, annually yielding 64 Rupees produce, and assessed at Rupees 44-11-2 - The Zillah Judge, in his judgement of the 14th November 1842, decrees that since the 1st Defendant in his answer to Original Suit No. 149 has set forth that the land in question was never in my possession, and that I never obtained it from the Revenue Authorities, and that no Put.tah was granted me, my action is non suited. I am dissatisfied with this decision because it was through my agency that the lands meirtioned in this suit as well as those in No. 149 were rendered fit

Fort St. George 16th October 184-

fit for Cultivation and profitable to Govern-
ment. I have also proved in O. S. No. 149
that I am the legal proprietor of these lands
and that the Collector is not justified in
issuing Puttahs in the names of others. Also
that the lands in question are situated within
the boundaries specified in my first Puttah.
The Original Suit No. 149 is also in Appeal
before your Honorable Court. As the Zillah
Judge, in his decision on this suit refers
to the decision which he passed on suit
No. 149, there is no necessity for me to reca-
pitulate the Arguments here. It will suf-
fice to draw your Court's notice to the
following points.

1st

I solicit the Court will ex-
amine the whole of the papers and documents
connected with both my causes now in Appeal,
and compare them with my Appeal
Petitions.

2ndly

Your Court will then per-
ceive the utter injustice and unreasonable-
ness of the Zillah Judge's judgement,
in decreeing that, since the lands
in question were never made over to
me

Fort St. George 16th October 184-3

me nor ever in my possession I have no claim
to them. It is for this reason and to
obtain the lands that I have brought the
action, and proved that the 1st Defendant
deprived me of the land through the mal-
chinations of the 2nd 3rd 9th and 11th De-
fendants, and also the 17th Defendant of
O. Suit No. 149, who have falsified the docu-
ments, and so obtained Puttahs for their
own immediate dependants.

3rdly

The Public servants of the 1st
Defendant have collected from me as well
as from my Goomastah Virida Pillay, the
the revenue due on certain lands forming part
of my lands mentioned in this plaint. Cultivat-
ed by my Ryots from the year Door
mookee 1836 to the year Velumbee 1838, and I have
carried it to account under the head of
"Esbra Collections" they have granted receipts
for it, which receipts, Enclosures No. 1.
2. 3, I have filed in the Court. Since
then I have paid the Assessment on these
lands in question, the Puttahs ought
to have been in my name, instead of
which

which they are made out in the names of the creatures of the Defendants - When my brother-in-law Punjanatheen presented an Arzee to the 1st Defendant stating that the above Curnom had committed certain frauds, he was informed by an Endorsement on the Arzee that the Curnom was punished for it - A Takeed also was issued to the Sahsildar on the subject which as well as the Arzee, Enclosures Nos. 11 and 12, have been filed by me in Suit No. 149 - Although the Public servants had fraudulently entered the lands cultivated by my Ryots on my account in the names of others, and carried the revenue derived therefrom to the head of Extra collections, yet those persons, now Defendants in this suit, have given to me a written Agreement, stating that I have a title to the lands and that they will give them over to me - These agreements, Enclosures Nos. 4 - 5 - 6 - 7 - 8 - 9 - 10 - and 11 in this suit, and No. 7 - in Suit No. 149, have

been filed and substantiated by me - But the Judge has not given these matters due consideration

4thly The Summahbundy Chittahs and other accounts filed by the 1st Defendant must not be admitted in this suit as valid documents, because the Defendants, who are the Public servants of the 1st Defendant, have most likely falsified them, and altered them to suit their own views, and to enable them to appropriate these lands in dispute - In proof of the capabilities of the Defendants to falsify accounts and documents, I beg to submit to the Court that in the Original Puttah granted to me in the year 1833 Vejiah, my lands are classed and denominated as one entire field measuring 10 Bullahs of Punjah, 3d class, No. 3, and called Agaseeswara Padegay - This Puttah forming the enclosure No. 4 in O.S. No. 149 has been filed by me - But in the Puttah granted to me in the year

14940 Fort St. George 16th October 1843.

year 1834 Jayah, the above lands have been entered as two distinct fields under the following plasification "Five Bullahs of Punjah land No. 3, and called "Agasteeswarar Padegay," and "Five Bullahs of Punjah land No. 4, called. Anjanachee Ammen Podegay". thus making up the Complement of 10 Bullahs — In the Puttahs issued in the years Manmada and Doormookee, the same numbers and denominations are continued. —

including

14941 Fort St. George 16th October 1843.

including Garden land. and making up the 10 Bullahs. The Puttahs issued in the years 1837 Yauvelumbee and Vlumbee are similar to those of the two preceding years as far as regards the numbers and names of the lands, but with reference to the description they differ materially being entried in the Puttahs as Garden lands, and "The Puttahs issued for the year 1839 Vecaree does not contain the same numbers which the above lands retained in the preceding year being entirely altered and new numbers and appellations fixed to them — and even the total amount of the Puttah of that year is quite incorrect in the addition of the number of Bullahs and Amount of assessment. All this is done fraudulently by the Defendants and shews their malpractices In order to prevent such frauds and confusion, the Government have ordered that all fields should keep the same numbers and denominations

14942 Fort St. George 16th October 1843

denominations which they had originally obtained. and this system is observed every where else in the Coimbatore District, and therefore there can be no reason for thus altering the numbers and denominations of the fields of my Puttahs and to fix new ones in their stead. and this is, done by the Public servants aforesaid to deprive me of the Seivaye Junmah lands cultivated by my Ryots, and also to elude detection of having caused them to be granted to their dependants.—

5th July

The 1st Defendant in his rejoinder states that the documents Nos 2 and 3 which I have filed as Receipts obtained from the Talook Authorities for the "Extra Collections" made from me on account of Seivaye Junmah lands cultivated by my Ryots are Receipts granted on account of Extra tax due for Garden Cultivation raised on the 10 Bullahs of my Patent.

14943 Fort St. George 16th October 1843

Patent. This is not correct. For the Extra Collections due for my Patent lands were made up to Fusly 1246 only, and in Fusly 1247 my 10 Bullahs of Patent lands were entered at full Garden rent and Puttah accordingly. The Puttahs issued up to Fusly 1251 are similar to that of Fusly 1247 and therefore there was no reason for making Extra Collections on my Patent lands. Consequently the Extra Collections are for these lands now in dispute, and not for my Patent. and this is self evident from the Receipts for Fusly 1246-1247-1248- Enclosures Nos 1-2 and 3 Moreover the Amount of Garden rent specified in the Puttahs issued to me for Fusles 1245 and 1246 do not correspond with the amount of the receipts, Enclosures Nos 1-2- and 3. It is therefore evident that the 1st Defendant has relied on the false assertions of his servants. The Puttahs from Fusly 1244 to

Fusly

1943 Fort St. George 16th October 1843

Fasly 1251, which are in my possession will be produced in this Appeal. A comparison of these Puttahs and the Receipts Enclosures Nos. 1-2- and 3. will substantiate my Statements. Under these circumstances I pray the Court will be pleased to annul the decision of the Judge and pass judgment in my favour awarding the lands over to me as requested in my original suit.

1943 Fort St. George 16th October 1843

Draft of answer to be presented in the Court of the Special Commissioner for the Southern Division through the Government Vakeel on the part of J. Bird Esqre. Sub Collector the 1st Defendant in Appeal Suit No. 2 of 1843 on the file of the Provincial Court Southern Division instituted by Soobramaneya Yogaiswarar of Achama-puram in Caroor Taluk in the Zillah of Coimbatore.—

The Appellant in this Appeal Petition produces no argument nor sets forth any reasoning whereby to establish his claims to the land now in litigation, other than what he originally made use of in his Complaint before the Zillah Court of Salem. He merely states what he has already asserted, and fills his Petition with many vague aspersions in his endeavour to vilify the witnesses for the defence, and to throw discredit

1946 Fort St George 16th October 184

discredit on the Public Accounts
and other papers filed by the 1st
Defendants. Under these circumstan
the first Defendant deems it unnece
to notice the Appeal Petition or to re
the Arguments already made use of
the pleadings of the original Suit, and
therefore leaves the issue of the cau
in the hands of the Court in full
confidence of a just and equitable award.
