Returns the accompanying Petitions with report as required

+ No. 548 of 1843.

Para 1 I have the honor to return the accompanying Petitions reporting on them as required.

\+ No. 548 of 1843.
" 238 of 1842
" 2161 of 1841
" 128. 1073 & 1486 of 1839.

2 On the 30th August 1832 the + Petitioner was appointed by the Collector Mr. Eden Canze and Kateeb of Amboor and three other Villages. He is nephew and son-in-law of the Canzee who preceded him Mahomed Abdullah. It appears that Petitioners cousins Mahomed Mustapha and Ghoolam Modeen used to assist him in the discharge of the duty. In 1842 his Cousin Mahomed Mustaha petitioned Mr. Ogilvie to remove the Petitioner on the ground of his being a bad character and appoint himself /Mahomed Mustapha/ in his stead. An enquiry was ordered in the course of which nine Mussulmans gave depositions unfavourable to the Petitioner, and the Sauthur Canzee wrote a report against him representing

representing him to be unfit for the Office Mr. Ogilvie accordingly dismissed him and appointed Mahomed Mustapha.

3 It is my opinion that a Collector has no power either to appoint or dismiss a Canjee and that the authority so to do belongs to the Zillah Judge. I think the Petitioner should be referred to the Zillah Court.

No. 238 of 1842. 4. The Petitioner complains that Mr. Ogilvie appointed one Mooniappha Monigar of the hamlet of Battoovary pully in place of the Petitioner who had held the Office for many years, and remarks on the circumstance of the claims of Mooniappah having previously been repeatedly dismissed by Mr. Ogilvie and other Collectors.

5 The circumstances of the the case appear to be as follows. At the time of the decennial lease the hamlets of Battoovary pully and Caupee Chetty pully were rented to

to a person who after six years became a defaulter when the rent was given to the Petitioner. at the termination of the decennial settlement, the Petitioner having paid the rent regularly and increased the Cultivation in the hamlets was appointed Monegar of them, notwithstanding the opposition of the Meerasidars. The Meerasidars from time to time made many attempts to get him turned out, but without success their petitions being always rejected on the ground of the increase of Revenue effected by the Petitioner in the hamlets in question and his general good services. The persons who preferred these claims were the Monegars of the Cusbah of which Battoovary pully is a hamlet. On one of these occasions Moonia pah subscribed his name to a Mahazernamah declaratory of the Cusbah Monigars being to his knowledge the Meerasidars of the hamlet of Battoovary pully

Battoovary pully - This same Moonia pah who does not pretend to be a Cusbah or Meerasidar subsequently laid claim to the Meerasy of Battoovary pully - The Petitioner has annexed to his Petition a correct translation of an order passed by Mr. Ogilvie dated 3d August 1841 dismissing Moonia pah's claim, which order appears to me to contain a very correct statement of the case. On the dismissal of his claim Moonia pah appealed to the Board of Revenue who endorsed his Petition No. 1844 of 1841 to the Collector. Mr. Ogilvie forthwith displaced the Petitioner and appointed Moonia pah, and in his endorsement on the referred Petition simply states that Moonia pah's prayer had been granted - I can't understand why Mr. Ogilvie acted so inconsistently unless it was to save himself the trouble of writing a report to the Board explaining why he and his predecessors

* 28th Octr. 1841

+ 25th Novr. 1841:

predecessors had hitherto resisted all attempts to oust the Petitioner. In his order to the Tahsildar dated 1st November 20th 1841 appointing Moonia pah Monigar of Buttoovary pully, the reasons assigned are that he is a Meerasidar and that he had cultivated 20 Pagodas of land / he had no cultivation when he first brought forward his claim /.

6 Moonia pah rests his claim on the alleged fact of the Cusbah Monigars having made over the Office of Monigar of the hamlets to his father when the Village was under the Nabob - There is only traditionary evidence to this, but even admitting it to have been the case, it confers but a very weak claim upon Moonia pah, so weak that he himself did not put forward the claim for a long series of years, and even signed a declaration that the Cusbah Monigars were the Meerasidars of the hamlet - It is very probable that

that the Cusbah Meerasidars did in the Nabob's time employ Moonia pah's father or some one of his relations to perform the duties of Monigar of the hamlet, but how little such an act was considered by Moonia pah and his relations as transferring any Meerasi right to them their own is conduct sufficiently evinces. It is clear to me that if the Petitioner is to lose the Monigarship of the hamlet, it ought to be given to the Cusbah Monigars, not to Moonia pah.

7. The cultivation in Puttoorary is fully has considerably fallen off since the Petitioner was displaced.

No. 261 of 1841. 8. The Petitioners, who are Meerasidars of Mahomoondoor in the Trevittoor Talook complain that the land assessment is burdensome and pray that the Teazagaree remission may be allowed as indiscriminately as formerly or else that a remission of 12½ per Cent as in the Talooks North of the Palar may

may be allowed them and also that the Assessment of the 2d Crops may be remitted.

9. The Teazagaree remission is now allowed under the rules sanctioned by the Board of Revenue in Para 6 of Extract from their Proceedings dated 31st October 1842.

10. With regard to the Petitioners request that a remission of 12½ may be allowed them as in the Talooks North of the Palar, the request is unreasonable on the part of persons enjoying the Teazagaree remission, and especially so from the Brahmins of Mamundoor which Village with reference to its local advantages is one of the most lightly assessed in the Sub division.

11. With regard to the Petitioners request that the Assessment on the 2d Crops may be remitted, the Board are aware that in the Southern Talooks there is no discriminating assessment

assessment on 1st. and 2nd. Crops. The same assessment is levied whether one or two Crops are cultivated.-

No. 128 of 1839. " 1073 of 1839.

12. The Petitioner's sister was married to Vencatareddy Monigar of Suntavellore and two other Villages; On Vencatareddy's death, Vencatareddy's Mother took upon herself to make a gift of the Maniem to the Petitioner On a Complaint of the Petitioners' father that the Petitioner did not support him and on a report of the Tahsildar that the Petitioner, grossly neglected his duties, he was turned out by Mr. Ogilvie in 1838 and his father put in.- In 1839. the Petitioner appealed to the Board and in 1842, Mr. Ogilvie restored him, his father having resigned the office.-

No. 1486 of 1839.

13 The Petitioners' charges against the Tahsildar were enquired into by Mr. Ogilvie who personally examined all the Petitioners' Witnesses. None of the Witnesses supported

supported the Petitioners' statements and the Petitioner withdrew his Charges admitting that he was unable to prove them.-

Sir,

With reference to your report on Petition 238 of 1842, I am directed by the Board of Revenue to state that they concur with you in opinion that the Petitioner Avenachee ought never to have been removed from his Meerasy, and that his opponent Moonniapah Naick has no claim whatever, they therefore direct that the Petitioner Avenachee be reinstated in the office of Monegar.-

Acting Collr in the

Nth Dvn of Arcot

Sir,

The establishment of a licensed Rum distillery at Timery having brought Act No. XXIII of 1841 into play for the first time in this District, the Acting Sub Collector has addressed me on the subject in a letter Copy of which I have the honor to submit. He expresses doubts which I am unable to solve as to the manner in which some of the provisions of the Act are to be carried out.

2 By section II of the Act the Manager or owner of the Distillery requiring a Certificate under Schedule B, must make a Declaration in the presence of the Collector under Schedule A and appended to the declaration must be a certificate of its verity from the Government Officer attached to the Distillery.

It

submits Copy of a letter from the Actg Sub Collr Mr Shubrick relative to the doubts entertained on the provisions of the Act No. XXIII of 1841 and requests instructions on the several points therein referred to.

† dated 12th Septr 1843.

3 It is not specified in what language the declaration is to be made, or whether in more than one language. The Sea Custom Collector before whom the declaration is to be produced / I do not know why as I should have thought the Collectors Certificate would have been sufficient for him / will probably require an English declaration, but the Government Officer attached to the distillery most likely in all cases be unable, from ignorance of the language, to verify an English declaration.

4 The act does not declare whether the Government Officer who verifies the declaration is to verify it in the presence of the Collector. It may be exceedingly inconvenient that he should do this as withdrawing him from other important duties possibly for several days together if the Collector does not happen to be in the neighbourhood of the distillery, but if he is not required to verify the declaration in

in the peresence of the Collector, the proces will be as follows. The manager or owner of the Distellery must &c appear before the Collector and make and subscribe his declaration; he must then take it back to the dis= =tillery to be verified by the Govern= =ment Officer and then bring it back again to the Collector to obtain his &c signature to it, and get a Certificate. The trouble and loss of time that this proces might occasion to the manager is very considerable, if the Collector did not happen to be &c in the neighbourhood of the distillery.

5 The method which Mr Shubrick in Para 5 of his letter proposes to &c adopt appears to me impracticable, for if I underistand it right, it involves the necessity of the Government officer verifying the declaration which is to be made in the presence of the Col= =lector before the declaration has been made.

The

6 The framers of the Act appear to have considered that the Government officer attached to the Distellery would have no other duties to perform, and that the Collector would always be in the neighbourhood. But as long as the verifying of the manager's declaration is entrusted to a Sayer Goomastah or Tarufdar whose multifarious duties will not admit of his constant atten= =dance at the distillery, his verification is little more than a form, and the absence of the Collector and his subordi= =nate from the neighbourhood of the Distillery must always render the working of the Act very inconvenient to the owner.

7. I beg to call the Board's atten= =tion to Para 8 of the Sub Collectors' letter stating the impossibility of entering in the Certificate to be granted under Schedule B the strength of the Rum agreeably to Sykes' Hydrometer there being no such instrument in the Collectors Office, and he observes "there seems but

"seems but little occasion to supply
"one since in all probability it would
"not be correctly used by the persons
"entrusted with the management."
I am of opinion that under existing cir-
-cumstances the insertion of the Strength
of the Rum should be left out
of the Certificate altogether.
If an Officer is specially appointed
to be attached to the Distillery
an Hydrometer may be supplied,
and he may be instructed in the
use of it. On the above several
points I request the instructions of
the Board of Revenue.

To, The Acting Collector
in the Northern Division of
Arcot.

Sir,

Para 1 I do myself the honor
of drawing your attention to the
connection between Section II and
Schedules A and B of Act No. XXIII of
1841

1841, the connected and easy working of
which appear to me to be very indistinct-
-ly laid down and have raised doubts
in my mind how the requisitions made
in them are to be properly performed.

2 you will observe that the
certificate granted under Schedule B.
requires that the Declaration made
in Schedule A, by the Manager or
owner of the Distillery should be
annexed to it, and that Section II
requires that the said Declaration
should be made in the presence
of the Collector and should have a
Certificate of its verity appended
to it from the Government Officer
attached to the Distillery. The dif-
-ficulty in carrying out this arrange-
-ment is two fold - first, in consequence
of the Declaration made before the
Collector requiring to be verified by
the Government Officer before the
Rum or Rum shrub leaves the Distil-
-lery, and before the granting of the
certificate which if performed
according

according to the strict wording and spirit of the Act, would seem to require that the Government Officer should accompany the Manager or owners to the Collector in order to verify his Declaration which would thus inconveniently take him away from the performance of his regular duties. or if this proceeding were deemed unnecessary and it were considered sufficient, that the manager or owner should first make his Declaration before the Collector, and then return with it to the Distillery for the purpose of having it there verified by the Government Officer, it would require him to perform two journeys more than the former Method Viz.t one to get his Declaration verified and another to procure the certificate granted on its verification.—

3. The first difficulty therefore is the procuring of the verification with but little trouble and inconvenience to the Manager or owner, and to the

the Government Officer, and the second is owing to the certificate in Schedule B requiring that the declaration made under Schedule A should be annexed to it. This would not be difficult to be got over if the original declaration, verification and description agreeably to Schedule A of which the two former must of necessity in almost every instance be drawn up in Samul, were allowed to be annexed to the English certificate granted under Schedule B, the Description of the Rum or Rum Shrub being made in both lan=guages. But if it is intended that the Cer=tificate granted under Schedule B should have the Declaration made under Schedule A annexed to it in the English language, it renders it necessary for the manager or owner to make and sign it a second time Viz.t first before he gets it verified, and secondly before he receives the certificate consequent on its verification; since it is required to ac=company the said Certificate.—

I

4 I have well considered the latter difficulty. Viz^t. the way in which the Certificate in Schedule B is to have the Declaration &^ca annexed to it; and have no doubt of the latter being intended to be drawn up on a separate piece of paper, as I apprehend there can be no objection to its being, in Samul, and the verification of the Government Officer would thus accompany the certificate and be produced before the Collector of Sea Customs by the Shipper. I should however like to know whether this is the way of procedure really intended, the only thing that can throw a doubt on it being the non allusion to the verification in the Certificate: but as the Declaration is of no validity, whatever, without the verification, it would seem that they ought both to be annexed to the certificate; unless the verification is merely intended for the Collector's security and satisfaction previous to

to his granting the Certificate.—

5 I granted a certificate, the first of the kind, to Mr. Morison who has a licensed Distellery at Pimmery on the 2nd Instant but as the Samul translation of the act had not reached me when his Gomastah appeared before me for it. I was compelled to order the translation of the several parts Composing Schedule A to be made in my Office, and taking the Declaration required from the Gomastah, instructed the Sajer Choukeedar of Arcot to verify it as the Government Officer attached to the Distillery. if on examination of the Rum he found it to agree with the description. The Declaration of the Gomastah was thus made before me on the 31st Ultimo the verification of it by the Government Officer was effected on the 1st Instant, and the English certificate granted by me, consequent thereon, as above stated, on the 2nd Instant. It is unnecessary for me here to repeat how

how very inconvenient the above system of procedure must be to the party applying for a certificate as I have fully explained it in Para 2 but as a remedy I would suggest that blank forms of Schedule A be prepared in Tamul and supplied to the Tursdar of the second Division in which Tummery is situated and who appears to me can be considered on better grounds than the Arrest-sayer Chowkeedar whom I employed on this occasion, as the Government Officer in charge of the Distellery, and that he be instructed to furnish one of these forms to Mr. Morison or his Gomastah on application, and after an examination of the Rum as specified in the Description of it, to affix his signature to the verification. The form or Schedule so attested by him, can then be brought to me by the Gomastah for the purpose of making his Declaration which being on the same piece of paper as

as the verification, and above it — can, though not at the time signed by the Gomastah, be still certified by the Government Officer as true — and a certificate and Pahdary for the transit of the Rum can at the same time be given him.

6. It is proper for me here to observe with reference to the way in which I have stated in the preceding Para. I took the Declaration required in Schedule A and had it verified that having doubts as to whether the Declaration annexed to the Certificate and which was to accompany it was intended to be in English or Tamul, I had it drawn upin English and signed a second time by the Declarant, so that the Declaration signed with the Declarants own hand was annexed to my Certificate. The explanation I have made in Paras 3 and 4 will shew you that the plan pursued by me on the occasion above referred to, is considered

considered by me as being faulty and that the correct one to be followed is for the original Sanad statement in Schedule A to be appended to the English Certificate granted under Schedule B. I have however nevertheless thought it right to make you acquainted with the plan I did adopt.—

7. I beg you will favour me with your opinion on the above points— which I hope I have succeeded in clearly explaining; and request should you find them to be difficult of solution that you will be good enough to refer them to the Board as it is very desirable there should be only one uniform system allowed to prevail.

8. The only other point upon which I would venture to give you any further trouble is that regarding the entry of the strength of the Rum agreeably to Syke's Hydrometer

Hydrometer— It is scarcely ne= =cessary for me to observe there is no such Instrument in my Office, and as there seems but lit= =tle occasion to supply one, since in all probability it would not be correctly used by the person entrusted with its Management, to suggest whether the insertion of the strength of the Rum= might not be left to the= party of applying for the= Certificate or in the event of his being unable to state it, left out altogether I did not insert it in the Certificate granted by me to Mr. Morison's Gomastah, and the omission as far as the Inland Districts

Fort St George 19th October 1843

Districts are concerned.. seems to be of little consequence, as no Land Customs Duty is leviable on Rum and on its being Shipped it can be tested I presume without much difficulty by the Collector of Sea Customs.—

Sir,

With reference to your letter of the 4th August last forwarding Copy of an order of Government of the 23d of the same Month, calling for Statements of the total Gross amount of Transit and Town duties collected in the past Official year 1842/43, the cost of their collection and the net Revenue derived from them, I have the honor to forward the required Statements filled up agreeably to the forms received.

It will be seen by the Statements herewith submitted that the Collections on Transit and Town duties in the Official year 1842/43 are.

Transit duty Rupees 119437-2-1.
Town duty ——— 191-8-11
119628-11-11
Deduct Talook charges ——— 11088-11-11
105540-0-0
Add Collections on Stamps ——— 8459-5-0
Total ——— 113999-5-0

As the Huzzoor Sibbendy is for the general Sayer no separate Establishment is maintained for the Transit and Town duties. In the Charges therefore above stated and deducted from the Collections, the Huzzoor Sibbendy is not included.

4. Betel and Tobacco being under rent, the collection of duty on them, is made by the Renter, and the Collection so made by him during the past Official year is Rupees 8547-9-2. which is not included in the Gross Collections.—

A

Season.

3. A combination of untoward causes tended to render the Season throughout July 1842 an unfavorable one. During the months of May June, July and August the falls of rain were so slight and partial that the Cultivation of the Dry lands was not undertaken to the usual extent, and the Crops which were cultivated throve but indifferently. And as it is on the Crops grown at this season that the Ryots in the Dry talooks chiefly depend for subsistence, a great number of them were obliged to seek the means of livelihood in other Districts. In the Month of September rain fell in heavy but occasional and partial showers. in October the North East Monsoon set in with considerable violence and continued during the greater part of the season for cutting the many Car Crops which were thus very seriously injured, and although representations regarding deficiency of produce should be received with very great caution as it is the interest of all parties to make the worst appear to the Collector yet on the occasion in question it was too obvious that mischief must have occurred from the

the 18th November to the end of December the rain was light and partial.—

General State of the District.

4 The state of the grain market too, the' a slight rise took place in prices towards the end of the season continued very unfavorable and it was no slight aggravation of difficulties that during the greater part of the principal season of cultivation, Viz. from October to January Cholera raged with such violence that a panic seized the Ryots, the laboring classes who could with difficulty be persuaded to attend to the labors of the field and at the same time a murrain prevailed amongst the Cattle. It is not therefore surprizing that although the Channels of irrigation which had received very minute attention were in a very efficient condition and yielded ample supplies of water, there was a falling off in the wet Talooks;— and had it not been that this state of affairs was in some degree alleviated by the unusual circumstance of a fall of rain in January which proved of great assistance to the wet Crops I should have had to submit a far more unfavorable report.

Extent of Cultivation

5 The result of the season as regards the Extent of Cultivation in the dry Talooks is exhibited in the following Abstract Statement of Cultivation

15292 Fort St. George 19th October 1843.

Prices

6. From the Month of October 1842 to February the season for harvesting the Many Carr Crop, the price of that description of Paddy was from 9½ to 11½ Pr Cent below that of the corresponding period in the preceding Fusly. From March to the close of the Fusly it rose to from 4½ to 31½ Pr Cent above it. Sumbah Paddy was during October November and December from 8½ to 12½ Pr Cent lower than it was at the same time in 1841 and from January it gradually increased in price from 5½ to 20½ Pr Cent above it, while of Malan and some other descriptions of paddy of which the Cultivation must be commenced in the early part of the Fusly none was produced, so great was the discouragement at the cultivating season - and it must be observed that the best of the prices above quoted, the preceding those of the preceding Fusly, are yet below those of even ordinary seasons

+ Ret. A Statement of prices in the usual form is submitted herewith.—

Settlement 7. The Settlement of Fusly 1253 was made on the usual principles - it was commenced in December and closed by the end of May under my Superintendence

my Head Assistant not having joined me till late in the season. The system has been frequently exposed to the Board. Mottah or Puttahs for whole Villages are first distributed and as soon as they can be got ready individual puttahs. the first were distributed by myself to all the Villages except 22 in Conaud and 1 in Lanlgoody. the Cheerassidars of which refused to take them. The reason of this refusal an impression that they were thus relieved from liability to distraint for arrears. and the Cavel would therefore be compelled to revert to the system of warum. division of produce. has been discussed at large. and I have here only to remark that the measures adopted have I hope succeeded in correcting the erroneous opinion just alluded to. In regard to the Villages in question I immediately caused individual puttahs to be prepared and tendered them to the proprietors but as they were all in league and still refused I delivered the puttahs to the Curnums and gave the Tahsildars particular and minute instructions how to recover the revenue under the provisions of the regulations. The amount of the balance on this

Fort St George 19th October 1843.

account will be treated of in a subsequent part of this report.

8. I had entertained hopes of being able to prepare individual Puttahs so as to deliver them and the General Puttahs simultaneously, but the very great state of embarrassment occasioned by the prevalence of Cholera so seriously interrupted the progress of business that I was under the necessity of deferring a great part of this duty till the close of the Fusly, and indeed, it would in many instances have been impracticable, and would have been imprudent had it been practicable to grant the Ryots in large numbers. as many however as possible were prepared and distributed at the time of Summahbundy of the rest some were subsequently delivered in my presence, the rest by the Tahsildars. I may mention, however that in order to satisfy myself that a necessity existed for the permissions which will be found detailed in the proper place and to give the people due opportunities of representing their grievances. I visited during the Fusly principally at the time of settlement every part of the District.

9. The result of the Net settlement of Fusly 1252 (A.D. 1842-43) gives a decrease of Rupees 9,61,2-1 below that of the preceding Fusly as shown in the following Statement.

Increase and decrease under the head of waste—

2. I now proceed to detail such of the items of increase and decrease as seem to demand notice—The increase from lands newly taken up by Ryots in exchange for a portion of their land laid waste in the current fusly is Rupees 14,843-5-5, that from lands newly taken up over and above the extent held by them in the preceding fusly is Rupees 8,433-2-11. that from lands newly taken up by Ryots relinquishing a portion of the extent held by them in fusly 1251 Rupees 24,939-3-4 making a total increase by extended cultivation of Rupees 48,215-11-8. The decrease arising from the relinquishment of lands laid waste by Vazir-ryots, or persons retaining some portion of their cultivation, is shewn in the Statement noted in the Margin—it amounts altogether to Rupees 11,936-14-1—of this amount Rupees 13,852-7-8, is the assessment on lands given up in exchange for others in fusly 1252, Rupees 1,492-1-5½ on account of entire holdings relinquished from indigence and other causes, by ryots who are supposed to have remained in their respective talooks—and Rupees 87,589-4-11½ relinquished by those, who from various causes could not, in the fusly under report, undertake the cultivation of the entire quantity held by them

in fusly 1251.—

13. Deductions were made on account of lands left uncultivated by the death of 215 Ryots to the amount of Rupees 1,401-14-8—being the assessment on Cawnies 296-98-7½—

14. The number of Ryots who emigrated in fusly 1252 is 807—of whom 709 are Coleondy, and 98 Poracondy—the extent of land thrown out of Cultivation by them was Cawnies 1,983-38-½, bearing an assessment of Rupees 9,746-4-6—of this Cawnies 266-51-6½, assessed at Rupees 1,346-6-3, were taken up by other Ryots.—

15. The places to which the Emigrants are supposed to have resorted are noted underneath—The principal cause of the emigration was doubtless the unfavorable state of the season.—

The

The next item demanding
16. notice, is a remission of Rupees 5-5-9, under the general head of Perumpoke / the remission on which account amounts altogether to Rupees 97-5-6 / of the land tax on some ground occupied by small tenements in the Cantonment of Trichinopoly, which do not appear to fall within the scope of the orders under which lands occupied as the premises of dwelling houses have been rendered liable to land tax, and Rupees 6-14-11 deducted under the head of Sarapady Commee being the assess-ment on the premises consisting of Cawrees 5-8½ which were discovered to be situated in an Enam Village exempt from assess-ment. but which were entered in the Accounts when the Survey of lands attached to dwelling houses took place in July 1250. — Rs. 103-14-11

The next item calling
17. for remark is the increase and decrease from Total Increase 697-5-2 / Total Decrease 2785-5-11 / Net decrease - 448-9-10 survey, giving a net decrease of Rupees 448-9-10 the result of the orders communicated in the proceedings of the Board of Revenue under date the 28th July 1842 annulling

my

my revision of the measurement of certain Villages in the Conaud and Saulgoody talooks: for the particulars I beg to refer to the accompanying Statement No. 13.

The Cultivators in the Villages in which the increased assessment has been remitted, I need scarcely observe, are not a little pleased at the advantage they have thus gained - for the measurement objected to by the Board having been undertaken at their request, they of course expected to be obliged to abide by it, when it proved unfavorable to them - Those of one Village, on which the amount remitted under my Survey has been reimposed, declined exchanging puttahs and Moochilkas. The condition of this Village will be fully laid before the Board, on a report I am preparing to their proceedings of the 6th April last.

The details of the increase and

and decrease from Enams are as follows

It was discovered that in the Village of Cottathoor in Arcalore an interchange of some Circar and Devastanam land had taken place the assessment of the land improperly annexed to the Pagoda being Rupees 74-13-3 and of that which had been entered in substitution in the Summahbundy Accounts Rupees 47-7-1 the necessary adjustment therefore being made the former sum was added to and the latter deducted from the accounts of fasly 1252 in the Talook of Mooveny. the influence of a Mennidar had procured the unauthorized appropriation of land assessed at Rupees 6-9-11, as a Circul Enam which being in the fasly under report discovered was brought to account. A further sum of Rupees 7-0-11, was added to the Summa under this head as the assessment of lands granted to sweepers of the Travellers Bungalows which ought to have been, under orders dated 28th November 1842 incorporated with the Inam

Lyen lands but which have been treated as Crams under temporary attachment. The entire amount collected on this account since the receipt of the orders above quoted had I should observe, been placed to the credit of Government.—

Salaby justice and Commerce

19. The increase in the second Crop Cultivation amounted to Rupees 3,132-2-7 in the Wet Villages and in the dry to Rupees 2,428-9-4 making a total increase of Rupees 5,560-11-11 while the decrease in the former amounted to Rupees 19,153-15-6 and in the latter to Rupees 3332-1-8 total Rupees 22,486-1-2 being a Net decrease of Rupees 16,925-5-3. This result is entirely attributable to the causes mentioned in para 6 of this letter.—

Conversion of land from one description to another.—

20. It is only necessary to state in explanation of this item that the decrease of Rupees 290-1-8 was occasioned by the remission of an amount imposed on certain lands occupied as premises of dwelling houses at Tuckinapoly which was authorized in para 9 of the Extract from the Minutes of Consultation dated the 22 July 1843 as being in excess of the proper rate of Assessment. The subjoined statement explains itself.—

22.— Complaints having been preferred that the Curnum of the Village of Cullaor in Mossery had made unauthorized alterations in the classification and assessment of certain lands, the Fieldwar and Pyotwar accounts of Fusly 1243 and 1231 were examined and the result was a discovery of the transfer of lands to classes different from those at which they had been originally assessed, and by adjusting the accounts Rupees 136-10-2, were brought under the head of increase and Rupees 136-14-2 under that of decrease. the other items under this head are trifling and do not require explanation.—

23.— The increase under this head of Rupees 45-14-5, arises from certain lands which in Fusly 1251 had been occupied by parties entitled to a favorable rate of assessment being relinquished by them in Fusly 1252, and occupied by Coloondy or Resident Ryots and therefore fully assessed— The decrease of Rupees 87-13-6 was occasioned by the restoration of the favorable rate

to certain Paracoody Ryots in the Taluks of Vellondapooram from whom in fusly 1251 the full assessment has been demanded but who on a investigation of their case proved their title to the indulgence of a favorable rate.—

24— The peadey Money Collections included in the items from No 18 to No 22 in the statement appended to para 11 do not seem to call for particular notice the principal item of decrease is under the head of Topes and is attributable to deficiency of produce owing to the unfavorable nature of the season—

25— The remission on account of withered Crops amounted in fusly 1252 to Rupees 305-12-1 being Rupees 1419-9-4 less than that granted on the same accounts in the preceding fusly and does not seem to require further remarks

Sraze Cummee

26 The head embraces various items of remission as hereunder particularized The first is the sum of Rupees 453-11-3 being the difference between the

the survey assessment of two entire Villages and that of the lands of 21 individuals in several Villages which the proprietors for various reasons would not cultivate and the rent obtained for them 2nd Rupees 832-9-0 the difference between the assessment and the actual return of the Village of Poyapettah in Vellimilty and 3rd Rupees 100-7-0 remitted in the same manner on the lands of two individuals taken under Amanie in consequence of the refusal of the proprietors to cultivate and no renters offering 4th Rupees 128-9-7 the difference between the full assessment and the reduced assessment promised to the Villagers of Ajoor at the commencement of 1252 these items amount in all together to Rupees 1325-4-4 and exceed the amount granted under the same head in the preceding fusly in the sum of Rupees 544-5-9—

Statement No 8 Cl. 499

27 It is necessary with reference to the Amanie management described in the foregoing paragraph to state an explanation of the apparent contravention of the orders

7

of Government that no lands should be managed under Cumanie, that the Tahsildar of Vilhianthy misunderstood my instructions, being unable to comprehend why for the sake of upholding a principle the land should be left waste and Government be deprived of the benefit to be derived from its cultivation for which accordingly he had made arrangements — which I did not become acquainted with in time to prevent. My orders to the Tahsildar at the commencement of the Cultivation season of Fusly 1253 / 1843/44 were penetrated to the effect that on no account should the land be taken under Cumanies —

28. The deductions under these heads amounts to Rupees 680–1–1 and fall below the amount permitted in Fusly 1251 in the sum of Rupees 2,020–7–1 Rupees

Deductions of Fusly 1251	3300–8–2
Deductions of Fusly 1252	680–1–1
Decrease Rupees	2620–7–1

330–7–8 were remitted on lands in Lanlgoody and Conaud which were flooded by the heavy rains in October and the early part of November 1841

In Conaud the necessity for this remission was chiefly occasioned by the obstruction to the drainage of some villages by the works constructed at the head of the Vennaur for the benefit of the Tanjore District, and in Woodiarpollium Rupees 4–3–8 were remitted on lands which suffered from inundations occasioned by irrigation works in South Arcot. In both cases the subject is under the consideration of the Engineer Department. The other items of remission under this Head do not demand notice. —

29. — Alluding to the frequent occasions on which the inhabitants of this District have from its peculiar situation been made to suffer for the benefit of their neighbours I cannot refrain from taking the liberty of suggesting that the Collectors of Combatore, Salem, South Arcot and Tanjore, should be instructed not to commence any works of irrigation in the vicinity of the boundaries of the Trichinopoly District without first ascertaining fully that no injury will be done to the latter

The

Fort St George 19th October 1843.—

The mischief which has been done to the property of individuals more especially by the Tanjore works, is very considerable and assures me of the necessity of adopting some measure of prevention

†Statement No 14 — Land assessed at Rupees 568—10—8 was thrown out of cultivation in the season under report included in the accounts under the general head of (waste) by the inundations occasioned by the Lower Coleroon Annicut and the loss of produce in Cowl and is asserted, and I believe with truth to be very much beyond that for which I made allowance at the settlement.—

General permission Statement A Col 4&8. — 30.— Agreeably to the instructions contained in the Extract from the Board's Proceedings dated the 5th April 1843 para 8 the remission of the assessment on a portion of land belonging to Government used as a Horticultural Garden amounting to Rupees 81—4—6 is entered under this new head.—

Quit Rents — 31.— The increase of Rupees 198—10—9 under this head

Fort St George 19th October 1843.—

head is the arrears of Quit rent due on houses belonging to the Vestry fund collected in conformity to the orders of Government dated 25th November 1841.—

Total increase and decrease — 32.— The total increase under all the items included in the Abstract Statement appended to para. 11 Amounts to Rupees 7957 10—2 and the decrease to Rupees 103211—12—3 exhibiting a Net decrease of Rupees 95454—2—1 and leaving the Net settlement of the Land Revenue of Fasly 1252 at Rupees 1348040—5—11.—

Collections Statement No 4 — 33.— Of the Gross Amount of the Settlement Rupees 1250592—11—11 were collected within the Fasly, leaving at its close a balance of Rupees 94454—5—11 of which latter Rupees 13850—7—3 have since been realized the balance outstanding at the date of this report being Rupees 80603—13—8 viz Rupees 9776 Pr. Cent on the demand.—

Demand and Balance against Mussulmans who refused to take Patahs — 34.— The total demand against the Mussulmans of the 32 Villages in Cowl alluded to in para 7 who refused to take Patahs was Rupees 2873—6—2 of which Rupees

Rupees 21,915-10-6 have been collected, of the remainder Rupees 2,163-5-8 are recoverable by the sale of moveable property grain &c. and Rupees 6,552-6-0 irrecoverable, except by the sale of land. It cannot be denied that the Meerasidars have been put to some difficulty by the general state of affairs in the District. but their contumacious behaviour so often lately commented on and their endeavours to make the very worst of their condetion. their evasion of payment of their kists. and the suspicions which it is impossible not to entertain of their having concealed their property for the purpose of defrauding their liabilities. a line of conduct in which there is too much reason to fear the laxness and corruption of the Tahsildar encouraged them all combine to shew me that nothing short of exposing their landes to sale will have the effect of convincing them of the real position in which they stand towards Government.

Government and althó there may be some appearance of harshness in my thus strongly recommending this severe measure, I feel assured that leniency will be quite misplaced and will counteract itself by giving encouragement to the Meerassidars to persist in a line in conduct which it is absolutely necessary to prevent.—

Balance of the entire District July 1252.

35 Of the entire amount of the outstanding balance of Land Revenue on account of July 1252 at the date of this report, Viz. Rupees 27797-13-9 Rupees 9000-0-0 may probably be collected Rupees 9000-0-0 cannot be collected except by the sale of land and Rupees 9797-0-0 are irrecoverable a detailed statement of these balances will be submitted in a short time and also a statement in the usual form of lands proposed to be sold in satisfaction of arrears.

Statement No. 36

The following is an abstract Comparative statement of the land and other Extra Sources of Revenue of Fusleis 1251 and 1252 and exhibits a Net decrease

decrease of Rupees 91,607 - 6 against the latter year A result which I trust will not be considered unsatisfactory when the very great embarrassment occasioned by the prevalence of disease, the continuance of low prices and other causes is borne in mind.

Arrears of Land Revenue Statement No 11

37 The arrears of Land Revenue due at the commencement of Fusly 1252 were Rupees 78,235-3-2 The Collections realized during the Fusly amount to Rupees 21,478-5-9 leaving a balance at the close of the Fusly of Rupees 56,740-13-5, namely - Balance on account of years antecedent to Fusly 1251 Rupees 11,545-2-1 and that due for Fusly 1251 Rupees 45,207-11-4 The detailed statements of the recoverable and irrecoverable balances are in a forward state of preparation and shall be submitted at an early period in a separate report as directed by the Board

38 With reference to the frequent - exertions of Government to keep the outstanding balances as low as possible I beg to submit two statements to exhibit the state of the old balances in Pulicatpoly. The first shews that on the 31st January 1839 the balances of preceding Fusles amounted to Rupees 64,983 - 5-2 and that they have been reduced by collections and adjustment to the sum of Rupees 1,46-8-4 The other shews the balance at the close of each Fusly

36.— I should be doing an injustice were I to omit to record my sense of the valuable assistance I have received from Chellapah Moodelliar the Deputy Sheristadar of this District. When I last had occasion to mention this person in connection with the Settlement I felt called upon to do so in terms of reprobation. But as the Board and the Government differed from the opinion I then entertained of him, and his reinstatement in his office from which he had been suspended was ordered, I thought it my duty to divest myself of the personal feelings which a transaction of the nature of that in which I had been engaged in regard to him can hardly fail to generate. Accordingly informed him that I would not allow what had passed in the slightest degree to bias my future conduct towards him provided he evinced a disposition to regain

Fort St. George 19th October 1843.

regain my confidence by a strictly honest performance of his duty. Almost immediately after Chellapah Moodelliar's restoration my Head Sheristadar became too ill to take a very active part in the duties of the District and soon after died. The whole duties of the Office therefore devolved on Chellapah, and most thoroughly has he responded to the pledge I gave him, by devoting himself in the most laborious and assiduous manner to the performance of those duties for a period of 14 months during a season of Extraordinary difficulties. It is with pain therefore that I have received the orders of Government depriving him, by superseding him in the appointment of Head Serishtadar, of any other benefit from his full acquittal than a bare restoration to office, at the sacrifice of his emolument, Salary during the time of his service pension.—

Sir,

71

From the Pl. Collr. of Madura

Submitting a detailed Report on the Pollium of Valayaputty in Maduraden of Madura in view to the Board's suggestion of the remission of the arrears (up to end of last fusly) of Pd. 9236-12-9 and reduction of the Peishcush to any extent they think proper below Pd. 14849-9-10. as it stands at present in reference to the wishes of Government and of the Court of Directors.

In answer to your letter of the 6th July calling attention to Petition No. 1151 of 1843 (herewith returned) I have the honor to observe that the Petitioner, who is Pollegar of Valayaputty in Madura-colom Talook, begs for similar indulgence in release of his Estate from sequestration as was extended to the Pollegars of Ediacotay and Manaparay in the Dindigul division of this Collectorate on the 14th June 1839.—

2. In the Statement accompanying my letter of the 1st January 1842 I shewed that the Pollium in question had been sequestered in fusly 1226 (A.D. 1816/17) for an arrear of Rupees 15819-14-4. that its annual Peishcush was Rupees 14849-8-10, and that its subsequent average net Revenue, inclusive of 10 per Cent subsistence allowances for the Pollegar, up to the end of fusly 1250, was but Rupees 13667-3-4- per annum. and it must be borne in mind the Pollium has not been debited with any

any charge for collection, no separate officer having been appointed for that purpose, the balance being great and the assessment small.-

3. There is no reason to doubt that at the survey in fusly 1212 there was any want of discrimination and care in the classification of the land, and fixing the permanent assessment, nor, in comparison with adjoining lands, do the rates appear high; and that the assessment was not exorbitant may be generally inferred from the Polligars retention of the Estate for 13 years, Viz.t from fusly 1213 to 1223, both inclusive.-

If the falling off in the assets of the Estate be not in consequence of a too high assessment, or failure, in the productive powers of the land, it must be looked for elsewhere, and an amply sufficient cause presents itself, at once, in the decrease of population consequent on the dreadful fever that raged throughout the Collectorate in fusties 1219, 20 and 21. and which was loosely reported, at the time, to have swept away one third of the Inhabitants.-

In the Margin is shewn the annual gross Revenue in round numbers, including 10 per Cent subsequently deducted for the subsistence of the Poligar, and unsaddled with any charge of Collection, as also the total number of Resident and Non-resident Cultivators.

The Estate lies at the foot of a range of wooded hills of moderate height, which may account for the peculiar virulence of the fever in it, and may also account for very considerable fluctuations in the seasons.-

In respect to fusly 1245 I would remind the Board the land Revenue of this Collectorate was the highest on record.- They will observe that there is a generally progressive but fluctuating improvement in the condition of the

Fort St. George 19th October 1843.

the Estate from which I should assargue it may again with care easily re-attain its pristine value. Meantime they will not overlook the fact that only in ten years, the last 10 years, has it produced a revenue equal to the Peishcush and the average of the surplus of those ten years will not give a sum equal to the 10 per Cent maintenance which the Polligar now enjoys, whereas, on the original principle, he was supposed to have a clear surplus of 30 per Cent above the permanent assessment to cover the charges of Collection, his maintenance and a Command of money to meet exigencies in the fluctuation of seasons.—

4.— The Balance due from the Estate at the close of last fasly amounted to Rupees 93,263-12-6. as per Memorandum accompanying, and in consideration of the liability of this Pollium to considerable fluctuations both from ordinary and extraordinary causes, I prefer to leave consideration of a reduced Peishcush to the Board rather than to offer my own opinion, because to fix it at what I imagine would render the Government certain to

receive their due in all reasons would be to reduce it infinitely below what I esteem its real value; for my experience shews me the notorious improvidence of land holders in this Collectorate would give him all the profits of good years, whilst the first heavy loss would fall upon the Company: less the Peishcush be so much reduced as to make the property exceedingly valuable to the proprietor.—

Sir,

From the Pro. Coll. of Madura — Para 1. In reference to the correspondence noted in the Margin I have the honor to inform the Board I purpose immediately to make over the Zemindary of Cunnavady to the proprietor, in conformity with his Application of the 13th June 1848 July 1843. prior to the close of fusly 1252. I had not in forgetfulness of the full instructions given on this subject inadvertently led the Board to expect from my letter of the 9th April 1842 that I would take no final step till I had again addressed them, I should not now have troubled them, but at once have reported.

3. I shall proceed to make arrangements for reduction of one Talook of the Sub Division, and shall submit reports of having released the Kunnevady Pollium, and incorporated the remaining parts of the Nellacotay Talook into two of the adjoining ones, as quickly as I can, without expecting further instructions in the Matter, tho' allowing ample time for any should the Board think them desirable.—

From the Pr. Collr. of Madura — Para 1. Submitting the Sub Collectors opinion regarding the impropriety of restoring the Cannee vady Polliem to the Polligars.

In reference to my letter of the 26th Instant I have the honor to forward an original one from the Sub Collector to my Address just received.

2. He appears to give weight to unexamined petitions sent by post, to listen to rumours, and to give way to anticipations but I do not perceive any of his letters supported by proof or means to obtain proof.

3. The robbery at Dindigul alluded to in the first para of his letter, seems to me to be the same alluded to in the 10 paras, and I have this day got a private communication from my Head accountant at Madura saying there is rumour of a torch light Robbery having taken place at Dindigul and property to extent of 50,000 Rupees having been carried off, and many people wounded. I am about to request the Joint Magistrate if he has not returned to

Dindigul

Dindigul already on this information to hasten there and conduct the enquiry in person on the spot.-

4. I shall invite the Sub Collector to enter in detail on his Suspicions against Circar Servants, and I would submit to the Board if this is a sufficient report on the part of a Sub Collector towards the Principal.-

No 1.-

To, The Principal Collector of Madura.

Sir,

I have the honor to acknowledge the receipt of your Memorandum of the 12th instant enclosing copy of a letter from you to the Board of Revenue dated the 23d August and in reply beg to state that no time will be lost in closing the cases against the Tahsildar Sham Row, and avail myself of this opportunity to make a few remarks with reference to the 7th Para of that letter as the Principal Collector has therein intimated his intention of making a

a further Report on the Cummevadee Zemindary, and as that matter has some slight connection with a robbery which occurred in Dindigul a few days back and which forms the subject of a separate communication of this date.-

2. In the 7th paragraph of the abovementioned letter it is stated that it is not known in what proof Mr. Elliot connects them / Allagherry samy setty and Harryharyer with Sham Row / In explanation of this point I beg to refer to my several semi official communications from Dindigul, and the Copies of the Registered bonds sent with them, as also Petitions against the restoration of the Zemindary. The Sub Collector would have entered more fully on those matters, particularly as he had heard that certain of the Cutcherry Servants had pledged themselves to get the same restored, but the time having passed, and the fraud appearing so evident on the face of the proceedings, and considering that if such were required, they would be publicly demanded further explanation did not appear called for, and the Zemindary could not be released from attachment without the special permission of the Board of Revenue, in conformity with

Fort St. George 19th October 1843.

with the spirit of the latter part of the 6th Para of their letter to the Chief Secretary to Government dated 27th January 1842.

3. Not having yet stated the grounds on which I refused without the sanction of the Board to make over the Zemindary of Cunneevady to Appiah Naik, either before or after the close of fusly 1252, I take this opportunity of making them known to you. Had they been at any time required they were ready for submission.

1st It had never been satisfactorily shewn that the Zemindary had not been fairly resigned - the universal opinion being that it had been.

2nd Documents existed which rather supported than satisfied such doubts.

3d The allowed enormous debts of the Zemindar.

4th The great improbability of the Zemindary remaining with the proprietor even for one year.

5th The notorious fact that the threatened redemption had driven hundreds of Ryots through fear, out of the Estate.

6th That every species of tyranny

Fort St. George 19th October 1843.

tyranny and exaction would be resorted to, to make the speculation answer.

7th That the next heir to the Estate had more than once petitioned against the same being given to Appiah Naik.

8th That the whole of the Zemindary was to be mortgaged for the stated payment of the Sirkar Balances.

9th That 20000 Rupees was stated to have been lent for the proposed payment of the Sirkar Kist, which was only about 8000 Rupees.

10th That the Tahsildar Shamrow, a Sirkar Servant, was the real mortgagee of the said Zemindary.

The above formed the leading inducements to refuse the restoration of the Zemindary. Should they on explanation be deemed totally insufficient, the permission of the Board of Revenue will be necessary to give over the Estate to Appiah Naik, as when I was in charge of the District the prescribed period was allowed to elapse.

4. In explaining a few of the foregoing grounds I trust I shall be able to shew in what manner my surmises and fears.

years were and still are likely to be borne out
with regard to the 1st 2nd 3rd & 4th I directed
the Deputy Sheristadar to report whether
the Zemindary had been resigned or not I
have received no answer, but much delay and
hindrance in searching for the document,
which if it does not exist may have been
destroyed or changed, for the Zemindary's
Arzy of the 7th January 1820 appears to
hint that he never expected to have the Ze-
mindary again, and request on account of his
own and father's debts the restoration of any
Village, the proceeds of which should be e-
qual to his allowance, which allowance how-
ever he would resign, but how the Zemindar was
to pay his enormous debts out of the proceeds
of a Village which did not exceed his allow-
ance in amount, whilst he could not do so
from the said allowance, is not very evident
or satisfactory — this Application was re-
fused on the 14th of June 1820 by Mr. Collector
Peter. It was a matter of surprize to me, if the
Zemindary were not fully resigned how the
lands were entered in the Cirkar accounts
as Ayen, and if not perfectly Ayen how Munaib
Cummy was extended to the same. Were the
Zemindary to be restored it could not

will

well remain Sary for a single year. But in the
meantime the Police duties would be divided
between Tengarace & Sadicomboo: in the former
Shamrow is the nominated Tahsildar and
in the latter are the Cirkar Servants, who con-
nived at, and assisted him, in his former pro-
ceedings.

6. With respect to the 6th the re-
ports had become so alarmed at a set of
unprincipled adventurers, in the name of the
Zemindar, being let loose upon them, that
many left the place, and the revenue fell
off nearly 3000 Rupees, but as the Surely had
passed and the people considered from the
instructions of the Board of Revenue that the
same could not be given to Appyah Naick,
who is reported to be at the point of death
the Cultivation up to the present date is nearly
double what it was for the same period in Fasly 1252.

7. Every species of exaction would
be practised to remunerate the speculators.
Mulcts under the name of Muzzierana's
would perhaps give 6000 Rupees, and the
rental of Cardamoms, which gives to the
Government the paltry annual sum of
120 Rupees, would produce for them
nearly

nearly 5,000. whilst the unlimited grant of Cowls to the eager or ignorant ryot, both of the Zemindary and Circar lands, would soon put them in possession of a sum which would make even the speedy resumption of the Zemindary a matter of secondary import to them.—

7. Respecting the 7th ground of objection, I received Petitions Nos. 1316 and 1416 of 1843 dated respectively the 29th of June & 5th of July from Comaranarsimma Naik heir to the Estate, & requesting that the same might not be made over to Appiah Naik, and stating the never doubted connection between the Mortgagees and Sham Row, particularly Hurryharyer. These Petitions were forwarded to you from Dindigul about the beginning of August.

8 With reference to the 8th & 9th points I submitted to you the Copies of the two registered bonds attested by the Zillah Judge by which it will be seen that out of Rs. 27,548-12 as sum of Rs. 7,548-12 as is called the balance of an old concern, and Rs. 20,000 professedly given to cover the actual balance due to the Circar, which every one knew was only about 8000, and therefore the present considering particularly it

it was by and for the use of a Circar Servant, & could only be looked upon as a swindling transaction. It might be shewn too that it was not for the benefit of the Zemindar that the money was borrowed to pay the arrears, since so far from having money in hand to pay the balance, the said Zemindar has been forced to draw his allowance for his support since the termination of the Fusly.—

9. To shew the connection of the two bonds, they were registered on one and the same date Viz. the 12th of July Each is for 10,000 Rupees for a similar purpose, and each particularly refers to the other. Each Mortgages half the zemindary to persons who are known not to possess so much money of their own, but to act continually as agents for the Tahsildar, but neither documents states a simple boundary Village limit or line of demarcation, neither the estimated nor supposed value of the moiety, nor any particulars whatever is given. It is not too much therefore to consider that although the mortgage bonds were in different names there was one common interest.—

10— The said 2 Bonds were drawn out

out and duly registered in the names of Al:
=lagherry swamy setty and Harry harier,
both of Dindigul. The former of these,
a common bazar man has the credit of
acting as banker and agent to Sham Row
and other Servants of the Cutcherry, who
doubtless share in the proceeds, but on the
night of the 21st instant all this money was
stolen from the house where it was deposited.-
Allagherry swamy Setty was amongst those
who refused to shew their accounts, which would
have further exposed the fraud of the Dindigul
Chowkeydar, restored to his situation, and
it was to him I alluded to in the 3d Para of
my letter dated 18th Ultimo, when I mention=
=ed that should it be considered necessary
to examine the accounts of the other mer=
="chants of Dindigul, similar matters might
"possibly be elicited affecting more persons
"than Nota Sharif" I therein chiefly refer=
=red to the pecuniary transactions of Sham Row=

11-

The other mortgagee is Harry harrier
His connection with the Tahsildar Sham Row
may be imagined, if it is not proved, from
the fact he was dismissed at the same time
as Sham Row from Coimbatore, and had lived
together

together with him ever since as his servant and
agent that every Petition to the Board
of Revenue, the Principal Collector, my
Predecessor, and myself, against the
many frauds and oppression of the said
Tahsildar, and they are particularly
numerous, includes Harry harier's name
and generally others for on which I shall
have elsewhere to report. But even as you
are already aware in Cases of assault and
battery perpetrated by the said Harry har=
=rier, it is in evidence that such took
place to prevent the approach of parties
who came to demand of the Tahsildar the res=
=toration of Money extorted from them. I
therefore could not but consider, nor do I be=
=lieve there is a single individual in the Dis=
=trict who is really of a different opinion,
that Sham Row is the true mortgagee of
the whole Cunneevadee Estate.

For all the above reasons

12-

for

Fort St. George 19th October 1843

for the happiness of the people and the protection of the revenue, I felt it my duty to refuse the delivery of that Zemindary to Appiah Naik who is also reported to be so dangerously ill as not to be able to appear in person, and trust this explanation will be deemed sufficient by the Principal Collector and the Board of Revenue.

To the Chief Secretary to Government.

Sir,

Para 1. With reference to my letter of the 8th June last, I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Coimbatore under date the 22nd August last.

2 The subjects discussed in this letter are first the circumstances under which certain parties have become possessed of tracts of land upon the Neilgherries, and secondly the general question as to the right of settlers upon those Hills to apply the waters of the Mountain Streams to the irrigation of their farms and plantations.

3. Both these topics were first brought to the notice of the Board in a letter from the Principal Collector of Coimbatore of July 30th 842 in which, Mr. Mesquitton, in reply to a requisition from this office, submitted a statement of the lands held by Europeans in that portion of the Neilgherry Hills situated within the District of Coimbatore and at the same time pointed out-

Fort St. George 19th October 1843

the Mountain streams to the irrigation of their farms and plantations and stating that the Board hope at an early date to submit for approval the manual of instructions referred to in the 2nd para of the Minutes of Consultation dated 12th September 1843.

out the mode in which certain individuals had obtained such property, and the fact of their having for purposes of cultivation diverted the course of the streams flowing from the hills into the low country. In their answer the Board directed the Collector to satisfy himself as to the tenure on which the lands were held in the instances referred to, and to take immediate steps for restoring the streams improperly arrested to their former channel. Subsequently in consideration of the loss which might be occasioned to individuals the Board were induced so far to modify their instructions as to permit the supply of water as before pending the receipt of a final report from the Collector on the subject. This proceeding has already been reported to Government in my letter of 8th June as connected with the application preferred by Mr F. A. Groves under date May 20th 1843.

4. The parties whose acquisition of land upon the Neilgherries are commented on in the letter now forwarded are Captain Reynolds and Mr Lascelles Junior. The extent claimed by Captain Reynolds as purchased

Fort St. George 19th October 1843

In Bus. 1st June 1843.

purchased by him of Captain Vallancey is 6-169-6 900. of which Captain Vallancey (see his letter of 17th May 1843) states that he bought 130 Cawnies of the late Captain Needham, and purchased the remaining 49 Cawnies of the Burghers. The impriety of this latter transaction appears to be questioned by Mr Wroughton, in Para 3 of his letter, but as it would seem from the same Para that the Curnum of the Village at the request of Captain Vallancey measured out the 49-3-900 abovementioned as Captain Vallancey further declares that the Manigar has deposited the Razeenamah for the sale of the land with the Sahsildar of the Taluk, and that the pattah vouchers are in the possession of Captain Reynolds, the Board infer that Mr Wroughtons objections apply to the circumstance not having been duly communicated to his office. of the remaining Cawnies 130 originally acquired by Captain Needham, 39 Cawnies were purchased from the Burghers, and the rest taken from the Government waste.

5. The extent occupied by Mr J. Lascelles Junior is 47-15 855; it appears to have been purchased from the Burghers but without any communication being made

Fort St. George 19th October 1843

made to the Collector of the District - No
regular application in due form for per-
= mission to hold the lands which they have
severally acquired, would further seem to have
been — made, to the Principal Collector
of Coimbatore, either by Mr. F. Lascelles Junior
by Captain Vallancey or Captain Reynolds - and
Mr. Wroughton has in consequence had no
opportunity of informing himself of the
right of the Burghers to the land thus sold,
or of the terms on which it was disposed of.
The tract of Government waste (81.6) also
first taken by Captain Nedham does not
appear to have been marked out nor surveyed,
nor is there any thing to shew whether its
occupation by Captain Reynolds would be
open to objection or otherwise -

6. The preceding are the only cases
brought to the notice of the Board in detail
by Mr. Wroughton in his letter of the 30th
July 1842 - It should however be added that
from the statement which accompanied
that letter, it appears, that 542 Cawnies
are held by fifteen individuals at Conoor
and Cotagherry without any Government -
grant -

In Cons. 25th Augt. 1842.

Fort St. George 19th October 1843 -

Grant - No allusion is made by the Col-
= lector of Coimbatore to the circumstances
under which these properties (except those of
Mr. F. Lascelles Junior and Captain Reynolds)
were obtained, how and from whom acquired -
whether due application was made, whether the
land has been surveyed, and the boundaries of
each holding distinctly defined, and whether
in all cases Quit rent or a peppiment is annually
paid - These are points which in the opinion
of the Board should be at once determined -
they therefore propose to instruct the Col-
= lectors of Coimbatore and Malabar to
call both upon Mr. F. Lascelles and Captain
Reynolds (in reference more especially
to Para 6 Extract Minutes of Consultation
12th September 1843) and generally upon
all parties holding lands upon the Neil-
= gherries within their respective Districts, for
a specification of the lands in their occupancy,
for which grants have not been taken out,
and to satisfy themselves as to the parties
from whom and circumstances under
which such lands have been acquired,
and how far in reference to past orders
and more especially to the recent instructions
from

15434 From St. George 19th October 1843

from the Honorable Court the occupancy of such lands by their present holders be unobjectionable. On receipt of this information the Board will again bring this part of the subject under the consideration of the Most Noble the Governor in Council.

7. The second question discussed in the Collector's letter is the right of parties settling on the Neilgherries, to apply the waters of the Hill Streams for the irrigation of their farms, and plantations. A right which Mr. Wroughton is altogether indisposed to admit on the grounds, that these streams should descend unchecked into the Bowany, for the supply of the cultivation under it, both in virtue of Mamool or prescriptive right, and of the great extent of irrigated land under that River, and the high rate of assessment fixed upon it.

8. The Board are unable to concur in the view taken by the Collector of this subject

15435 From St. George 19th October 1843

subject. The application of Mamool or prescriptive right is in their opinion far from decisive as to the point at issue. It has not hitherto been customary for the original inhabitants of the Hills to take water for irrigation, simply because they did not require it. The Todawars are a race of herdsmen, the Burghers raise only barley and the coarser kinds of grain which are dependent for their supply of water upon the rains. It will hardly be contended, that if these parties had been so far advanced in civilization and agricultural knowledge as to have applied themselves to the cultivation of those more valuable products which require artificial irrigation, they would have been debarred from the use of the streams which bound or intersect their fields. The proprietary right of the Todawars to a certain extent in the soil over a considerable portion of the Hills has been admitted by Government. it would not be easy to establish a principle, which conceding their title to the lands would deny their right to the water which

15436

Fort St. George 19th October 1843

which rises in or flows through it.

9. The rate of assessment paid by the Ryots of the low Country in Coimbatore does indeed as remarked by the Collector (Para 10) considerably exceed that fixed upon the table land of the Neilgherries. It should however be borne in mind that much of this latter is covered with Jungle, and must be cleared and made available for cultivation at a heavy outlay - while the wages of labor and cost of supplies of all kinds are far higher on the Hills than in the plains nor should it be forgotten, as stated by the Board in Para 4 Proceedings 30th June 1842 that the rates now in force are liable to revision at any future period in the event of a general revision of the assessment of lands on the Hills being considered expedient.

10 To exclude from the advantages of irrigation a tract of country so favored by nature as the Neilgherry table lands, fitted for the culture of the Mulberry tree, Coffee plant and other valuable products, both of the torrid and temperate Zone, while it would be opposed to all true and enlightened policy

Note Mulberry trees do not require water often the first 5 years vide letter from Collr

15437

Allr. if available 15th June 42 in Cons. 31st

Fort St. George 19th October 1843

policy would the Board submit be productive of little or no real benefit to the inhabitants of the low Country. The quantity of water required for irrigation on the Hills is inconsiderable, and even of that quantity as remarked by Mr. A. F. Groves in Para 4 of his letter of 20th May 1843 some portion percolates the earth and again falls into the same stream at a lower level. On the other hand the advantage to the Ryots of the plains from an increased demand for their rice and other products on the Hills, consequent on the extension of agricultural speculations prosecuted there, is too obvious to need remark.

11 In reference to para 11 of the letter now under review, in which the Collector of Malabar is stated to have made over to Mr. Groves water the admitted property of the Coimbatoor District, the Board must in justice to that officer observe, that the intention of Mr. Groves to make use of the stream running in the Neighbourhood of his proposed farm was distinctly brought to the notice of the Board in Mr. Conolly's letter of 10th June 1842 and appointed to by them with the proviso only that care should be taken to preserve the right of irrigation of lands situated below Mr. Groves' grant, should there be any so situated as to be dependent on sources liable to be anticipated by parties holding Mr. Groves' lands. To these views the Board still adhere and while they fully admit the right of water

Proceedings of the Board 30th June 1843

claimed

15438 Fort St. George 19th October 1843

claimed by the settlers on the Neilgherries, they are decidedly of opinion that no party should be permitted to turn the course of a stream, raise a dam or cut a channel without first communicating with the local authorities, and this, not indeed on account of the Ryots in the low country but to prevent one cultivator on the Hills from engrossing water to the prejudice of another and ensuring to all a fair and equal proportion of this necessary element of cultivation - It may be added that this principle is clearly recognized in Para 63 of Revenue Dispatch to the Governor General of India in Council under date 23d February 1843.

12. In conclusion I am directed to state that the Board of Revenue have now under their immediate consideration the Extract from Minutes of Consultation 12th September 1843 with the Extracts from the Revenue dispatches which accompanied it — and hope at an early date to submit for the approval of the Govt

Sir,

From the Collr of Coimbatore — Reporting the sale by auction of some land at Ootacamond and requesting the ratification of the same—

I have the honor to report the — sale by auction of some land disposed of under the following circumstance and to request that the Board will be pleased to ratify the same.—

2. On taking charge of the Hills on the 9th April 1843 I found that the Tahsildar of Ootacamond, in defiance of the repeated orders to the contrary, had appropriated some land and had cut down all the timber standing thereon and as numerous applicants came forward to obtain this land on its assumption I deemed it expedient to sell it by auction, subject to the ratification of such sale by the Board of Revenue - It was accordingly knocked down to Captain Gledstanes for 370 Rupees who now requests that the sale may be cancelled, and he — permitted to have it for nothing on grounds of long service &c. which are submitted for consideration, altho' he previously

Vide Sale 1844

previously was on treaty for the purchase of this land from the Tahsildar. As the admission of his request would be unfair to the other Parties whose claims are equally well founded, and as the land must be considered an escheat to Government, I would suggest that I may be authorized to call upon Captain Sydenstaines to fulfil the engagement which he has entered into - Copy of which is submitted.

Vide Encl. No 5

3. It appears to be a matter worthy of consideration whether the liberal system of giving land to all applicants should not be discontinued or at all events so modified as to divert the advantages to Government which are now unreservedly bestowed upon every person desirous of holding Property on the Hills - It is a fact of recent occurrence and not a singular one that valuable land can be obtained by individuals on application and sold at will for immense profit - A reference to the deed of sale in the present instance contrasted with the area sold will shew how great a sacrifice is made by Government under the present system.

No. 2.

Translation of a Sakeed issued to Manickum Pillay Sahsildar of Cotacamond by Mr. H.V. Conolly Collector of Malabar dated 23d. December 1842 No. 295.

In your Urzee No. 239 dated 7th November you stated that one Parea Naigum Pillay a resident of Cotacamond proposes to occupy the land situated between the Property of Rungasamy Naick and Basheam Naick for agricultural purposes, and also recommended that this application may be complied with in as much as the occupation of this land by Parea Naigum Pillay is not productive of any inconvenience to others - In reply to this, you were directed - Sakeed No. 258 dated 12th November 1842. to report the circumstances connected with the Ground in question and especially to state whether it is in the wood or otherwise - and in your reply thereto, you forwarded a plan of the Ground and also offered an opinion that there is no objection to permit the proposer to hold it - Upon which further order was given dated 25th November 1842 No. 275. directing you not to interfere any more in the matter until the Ground was personally inspected by me.

On my late visit to the Hills,

I

15443 Fort St. George 19th. October 1843

I was much surprized to find that my suspicions in the matter were greatly confirmed, and that the statement contained in your report, No. 239, was quite contradicted by facts; the Ground alluded to being situated within, or in other words, forming itself the wood - You may have been well aware that Government have directed the preservation of woods, and that in consequence they should not be made applicable for any purpose whatever - How greatly was I astonished when I was made acquainted with the fact that the Individual styled Parea Naigum Pillay who is said to have applied for the land mentioned above, and for whom you recommend so much, is in fact no other person than yourself, and that you have made use of this subterfuge, and thus advanced false grounds to obtain possession of land of so great a value, This fraudulent conduct of yours constitutes itself a heavy charge against you, which will not escape my recollection unless you correct it by your future honest and straightforward behaviour. You will immediately fill up the trenches which you have cut around the Ground you have endeavoured to obtain possession of,

and place it in statugo. Viz.t the property of Government.

Further, when I visited Ootacamond, I had occasion to be highly displeased at your supineness and neglect. I arrived at that place on the 13th Instant, and immediately sent for you and directed a sufficient number of Coolies to be procured for the repair of the Road between Seesaparah and Ootacamond. This order was of a very urgent nature, but on my return from Kaitee on the 17th it was with much regret and displeasure that I found nothing had been done in pursuance thereof - You informed me that you have not only repented for your negligence, but also endeavoured to carry out my instructions, and deputed 30 Coolies on the morning of the 18th for the repair of the Road - But this statement was false, and in consequence of the Coolies not having quitted Ootacamond on that morning, they were unable to reach Seesaparah previous to the 21st the date on which I left that place - I was very anxious, as well as the Engineer to communicate with the Coolies, and to point out to them the mode in which the road should be mended - but their

non arrival at the spot in time rendered it impracticable to do so.-

When I was on the Hills you represented to me the fear you were in, on account of your enemies - If you do not correct your conduct greatly, you may rest assured that there are no other enemies to you except yourself.

the 13th should be substituted for the 5th. I am not aware what answer was received but of course under the last letter from the Board — Mr. Silver cannot delay any longer his departure for Tinnevelly, and the boundary question must lay over till his successor can take it up.

I sincerely trust that Mr. — Silvers' request to be allowed leave till the 4th proximo to join Tinnevelly, and to be permitted to draw his allowances as Special Assistant from the date he was detained on public duty will meet with favorable consideration. His detention was ordered at my request, and I am therefore the more anxious he should not be a loser by it.

I have the honor to forward an application from Mr. Bowden a European Missionary, who has been for the last six years residing in this District, for a spot of Ground in the Government Village of Palicole for building a House on and forming a Mulberry Plantation. There appears no objection of any kind to Mr. Bowden's request being complied with, and it would seem to have come within the authority of the Collector of the District at once to do so without applying for a Government Grant, but as in the 2nd Para of the Circular Letter from your Office under date the 6th December 1837, it is stated that, "It is not "intended that the instructions then "communicated should interfere with "the rules for building houses in "Cantonments or elsewhere" some doubt has arisen as to whether the power then granted to Collectors, extends to giving permission

There are no buildings on the land in question, but as relates to the Registry it is perfectly immaterial for the levying the additional quit rent is a matter within your own Cutcherry control, and the future erection of buildings does not involve a necessity for an alteration of the Register—

The other objection of the consideration, if any, paid by Captain Cotton for the land, being omitted in the Assignment, seems quite unnecessary— The only thing requisite for the Government officers to know is that I am desirous to transfer the land to the person named, which I request may be done, without my giving the information called for, or that the matter may be referred to the Board of Revenue—

Received the following Extract-

Extract from the Minutes of Consultation dated 19th October 1843,

Read the following Letter --

To The Chief Secretary to Government

Sir,

Fort St. George

There appearing to be grounds for apprehension that the collections of Salt in this year may prove inadequate to the supply of the demand for the Government Monopoly sale, I am directed by the Governor to request that it may be submitted to the Most Noble the Governor in Council that he is desirous of being informed whether in the event of its being required a supply of Salt could be afforded in aid of this Government from the stores of the Madras Presidency, and if so, from what places in what quantities at each place, and at what cost.

With regard to the places of supply I am desired to observe that with reference to the means of obtaining freight from this in connection with the system under which,

RESTORED ORIGINAL

which this branch of Revenue is managed in Ceylon it is desirable that the places whence supplies might be made available should be at different parts of the Coast from Madras to Point Calymere on the coasts of Tanjore, Madura, and Tinnevelly in Palks Bay and the Gulf of Manar, and on the Western Coast.

The whole quantity required would probably not exceed 100,000 bushels. The time from which it would probably commence to be required would be from the Month of November next.

Steel was under the authority of Government removed from Ragapore, and attached as a temporary measure, to the Collector of Vizagapatam, and First Dresser Venkatasawmy removed from the Collector of Vizagapatam and appointed to do duty at Ragapore, until further orders. The Medical charge at Ragapore it is to be observed is exclusively Military being apparently confined to the Company of a Native Infantry Detached to that place from Masulipatam. By G. O. C. C. dated 12th November 1839, Second Dresser Inchearam was promoted to First Dresser and appointed to the Medical charge of the Details at Ragapore, Vice, Venkatasawmy transferred to the Civil Department By G. 4. Under the impression that the appointment of a First Dresser to the Medical charge of the Detachment at Ragapore in 1837. had been specially sanctioned by Government, for some reason not communicated to this Department no objection has been taken to the pay of the First Dressers employed at that place in the same manner up to the present time and the charges for it have, as a matter of course, been debited to the Military Department but, as the reason which first induced Government to authorize a deviation from the rule, which prohibits the Employment of First Dressers in the Military Department may no longer exist I have considered it my duty to bring the circumstances of the case to the notice of Your Lordship in Council, and further that it may be formally recorded that the Pay of a person of the Class in question continues, for the reasons stated a charge to the Military Department

From the Acting Collr of Vizagapatam } Dated

I have the honor to transmit herewith Statements framed in accordance with the forms furnished with your letter of the 10th August last, having reference to the contemplated relinquishment of the Sayer and the continued retention of the Town and Frontier duties in Vizagapatam.

Forwarding 3 Statements regarding the Inland Town and Frontier duties and intimating his opinion of the advantage of the adoption of the Bengal Sea Customs Schedules

2 These Returns shew that the Gross collections in this District of the Sayer duties on an average of 3 years were Rupees 80269-5-2 that the average annual charges Establishment and Drawback for the same period were Rupees 9352-3-0 and that the Net Revenue therefore was Rupees 70907 — — —

3 The abolition of the general inland Sayer duty, with the Town and Frontier duties would involve therefore the apparent relinquishment of this Amount of Revenue as at present administered but if these duties were granted out of the

the greater portion of the management
Expences would be saved. the relinquish-
-ment of this source of Revenue therefore
is in my judgment equivalent to a sacrifice
of Revenue of Rupees 80,000 per annum or
thereabouts, taking into account the Stamp
Revenue or Renewals that will be lost.—

4 The returns shew that the Inn
and Frontier duties in Vizagapatam are extremely
small. there is no foreign frontier except the
wild tract that touches the Nagpore State, and
little or no traffic therewith. the frontier being
nearly impracticable for travellers.—

5 The Town duties in this District
too, yield little or nothing, only Rupees 2697 per
Annum on an average of 3 years. No Establish-
-ment for their exclusive management could
be derived that would pay its own expences.
If retained at all therefore, they must be
rented out, in which event no separate
Establishment would seem to be required. but if
the Sayer duties are to be relinquished. The Town and Frontier
duties

duties had also better be abandoned as
insignificant.—

6 In a letter to the Board of Revenue
of date the 1st August last I forwarded a
Return of the Net Amount of Sea Custom
duties intercepted by the inland Custom House
which shewed a sum of Rupees 35,000 per annum
to be intercepted by the Sayer Chokies. This item
must be taken as a set off from the apparent
loss of Sayer Revenue, because this would have
been collected although the land duties were
relinquished, if the highway of the sea was
alone taxed at the existing rates of duties.
Assuming the 80,000 Rupees as the Gross loss
of Revenue, and deducting 35,000 Rupees therefrom
the real loss of Revenue to the State by the
abandonment of the transit duties would
be 45,000 Rupees a year more or less.—

7 The Sea Custom duties in this
District in the year 1841/42 were Rupees 1,11,711
including therein the land Revenue intercepted
the only fair method of computation, but in
this Department too this is only an approximation

Fort St George 23rd October 1813.

of Revenue not bona fide receipts for they consist principally of duties realized at 8 per Cent ad valorem on Indigo, Sugar, Piece goods, Hides — Horns, Stick lac, Bees wax, and other articles consigned to Madras for eventual Exportation to Europe. On many of those articles the entire duties entered in the Certificates that accompany them are returned as Drawback. In others 2½ per Cent duty only is retained, but the Department has no information how much Drawback is refunded, nor how much of the produce is re-exported - but it must be to a large amount, and therefore the returns of Sea Custom duty at out ports if summed up, and assumed to be net Revenue will exhibit false results.—

8. I am asked what would be the result of adopting the Bengal schedules of Sea Custom duties, abandoning I presume the present rates in the event of the abolition of the general inland Sayer duties. To this I reply that I have already shewn that the present Revenues are apparent and not real, and that consequently with the means at my command I cannot make any calculation

Fort St. George 23rd October 1813.—

of comparison that can be confidently relied upon.—

9. The Bengal Schedules are simple enough that on Imports levies duties of 8 and 6 per Cent on many articles that are admitted duty free into the Madras Presidency, Viz. Marine Stores, Metals, Woollens, and so far, its adoption would to some extent enhance the revenues of the state generally but not I think to any amount in this District. The reason is obvious few articles are imported to Vizagapatam direct the duties have been already collected at Madras or Calcutta and the goods are protected by Certificates.—

10. I am of opinion therefore that there would be neither increase or diminution from the adoption of the Bengal Import Schedules as regards this District.—

11. On the other hand, the adoption of the Export Schedule would occasion a considerable diminution of the apparent Sea Custom Collection There are only 15 articles enumerated in this Schedule seven of which are free. One Indigo is

subject

Fort St. George 23d. October 1843.

subject to an Export duty of 5 calculated about 2 per Cent, Eight more articles of commerce vary from 7 and 10 per Cent on British, to 15 and 20 per Cent on Foreign Bottoms the rest not enumerated are charged from 3 to 6 per Cent with reference to the Bottom on which they are exported.—

12. Raw Sugar is one of the articles of commerce free in Bengal whereas all that is exported hence at present to any port other than great Britain, and none is exported direct, pays a duty of 8 per Cent ad valorem—

13. Indigo is free in Vizagapatam if sent to Europe, but is charged 8 per Cent if sent to Madras. Some Shipments are made here direct to Europe but still an apparent diminution of duties would be exhibited in the account of this District.—

14 In the other articles such as Silk and Tobacco on which the Bengal Schedules impose an enhanced rates of duty there is little or no traffic in this Coast. but in all the petty Articles there is a diminution of duty in the Bengal rates of 3 and 5 per Cent, from

Fort St. George 23d October 1843.

from the Madras rates of 8 and 10 p. Cent. Hides, Horns, and Piece Goods are the staple articles of trade and the diminished duty on them would make a peal as well as an apparent diminution of Revenue.—

15. On these grounds I think that whereas at present the Revenue exhibited in the accounts of this District was for 1842/43.—

On Imports Rupees 1281–2–0

On Exports Do 4644–1–9

4925–4–7

if the Bengal Schedules were adopted it would shew

On Imports Rupees 1200–0–0

On Exports Do 2750–0–0

2870–0–0

a defalcation of Rupees 1326–4–7 per annum.—

16. It will be observed however that the Revenue collected under the Bengal Schedules would be bonâ fide receipts, which the present Sea Custom duties under the Madras system are not—

17. Perhaps I will be excused if I venture to remark that in my judgment this taxation on Exports, both as it now exists and as it is proposed to be established is detrimental to the best interests of India, and should be

be avoided.—

18. Grain for example is charged with a duty of 3 per Cent on Export now, and is still more heavily taxed in the Bengal Schedules.— Our principal Revenue being derived from the produce of the soil, every encouragement should be held out to the Agriculturists to procure the best market for their grain. Instead of this a duty is levied on the Export of the grain by Sea, as if it was wished to prevent it leaving the Country.—

19. And, as if still further to depress our own Ryots, foreign grain from Arracan and Burmah is admitted in all the out ports duty free.—

20 I would propose to reverse this policy to put a moderate import duty on grain and make its Export free.—

21.— Coffee, Indigo, Tobacco, Salt petre, Piece Goods, all most important articles of commerce are subjected by the Bengal Schedules to considerable Export duties when sent to England. That this Policy should have been recently adopted seems to me quite unaccountable, for over and over again the necessity of admitting Indian products into England on the same terms with the most favored Colony or foreign nations in amity with Great Britain, has been pressed upon

upon Her Majesty's Ministers not only by the Mercantile community but by the Court of Directors and Proprietors. The Policy of this has been universally admitted, and much has been done to give effect to what seemed so reasonable and just to India, while in India during the same period the local authorities have been putting Export duties on the chief articles of trade.— neutralizing the reduction of the import duties at home, instead of removing these obstructions to commerce.—

22 I think that these standard articles of commerce all Export duties should be abandoned. I would retain and increase the Import duties, and keep up the transit duties which operate as an excise on consumption, unless the Revenues of the State are so flourishing as to admit of their abolition without inconvenience.

23.— But if the Bengal Schedules are adopted and the present perplexing system at Madras abandoned, and the Sayer duties at the same time relinquished, then, so far as regards the Vizagapatam District, I am of opinion that the account will stand as follows.—

	Rs.	a.	p.
Land Custom abolished	80,269	—	—
Deduct probable duty according to the Bengal Schedules intercepted by the Sayer Chokies and included in the foreign Amount	27,500	—	—
Making a Net Sacrifice of Revenue by the new arrangements	52,769	—	—

From R. J. Porter Esqr. Coll.r of Masulipatam
Reporting the nomination of

Acting Secretary to the Board of Revenue in their Capacity of Court of Wards Fort St. George

Sir,

Para 1. I have the honor to report for

of Cuddapah attached from Puntoloo to the office of Guardian to the minor Zemindar of Deevy in place of Gommadedala Venkata reddy Puntoloo who has resigned.

for the information of the Court of Wards that Gommededaloo Venkatareddy Puntoloo Guardian of the Minor Zemindar of Deevy has lately submitted an application to be allowed to resign his office of Guardian.

2 The reason assigned by G. Venkatareddy Puntoloo for this step is that he is incapacitated for the performance of his duties by old age and infirmity, but I am inclined to think that his real reason for wishing to divest himself of the responsibility of his office is that he has involved himself with the Sowcars and Merchants in the Town from whom he has raised loans and obtained supplies in excess of the Estimate for the Minors expenses sanctioned by the Court.

3 an instance of this was lately brought to the notice of the Court by himself in his Petition No. 939 of 1843 in which he prayed for reimbursement of a sum of Rupees 1300 expended by him over and above the amount sanctioned for the ceremony of investing the

the minor with the Brahminical thread and Shave lately received Petitions from several servants on the Minor's Establishment complaining that payment of their wages had been withheld for — Months, and the amount drawn for that purpose, expended by the Guardian on other objects.

4 The claims of the servants above alluded to Shave seen adjusted and their receipts have been obtained up to the last Month and as there appears no objection to allowing G. Veneatareddy Puntooloo to give over his office of Guardian, Shave accepted his resignation and at the recommendation of the Minor's Mother have nominated to the office subject to the approval of the Court, Culdindy achootarow Pentoolow an individual who has for some time officiated in the capacity of Zemindar's officer, and who Shave every reason to believe deserving of confidence and perfectly well qualified to undertake the duties of Guardian to the Minor.

Resolution thereon—

43-44

The Statement of the Quantity of Salt manufactured and Duty Received on account of Revenue made during Season Farm in Gunnatoor reported to be in the progress Collectorate as per Statistical Abstract—

Read the following Letter—

To

45 E. C. Snell Esqre
Acting Secretary to the
Govt of Revenue
Fort St George.

Sir I. V. Stanhouse Esqre
Pro. Collr of Nellore

Have the honor to acknowledge the receipt of your letter dated the 2nd Instant and in reply to inform you that there are no Salt Farms in this District which Consider themselves liable—The only Farm the average revenue derived from which is about 200 Rupees is that of Pulicat which is situated within the Limits of Dunkay Zemaub Farm and Licensee "and as the individuals who pay the Tax derive as large profits from the fisheries which enables them to pay the Tax with facility—

I have &c

Nellore
Pro. Collrs Cutcherry
1st October 1843

I. V. Stanhouse
Pro. Collr

Ordered that

45-46

Ordered to be recorded—

To E. C. Lovell Esquire

(56)

From W. U. Arbuthnot Esqre Sir,

Asst Pt Coll of Cuddapah

Reporting on the claims set forth by Syed Mahommud khan the great grandson of the last Nabob of Cuddapah for the payment of Arrears and the continuance of a pension enjoyed by one of the Members of the Myanah family as well as for the recovery of certain Enam lands enjoyed by the late Ladia khatoo Bee for the consideration of the Board of Revenue.

Para 1 Since my Report on the subject of the Garden and land held by the late Ladia khatoo Bee was despatched, Syed Mahommud khan the great grandson of the last Nabob has come to the place from Madras, personally to urge his claims to succeed to them.

2 I must however explain that I informed him on the 19th May last that I had received instructions to investigate this case, and that I would be ready to receive his claims up to the 1st of July. In reply to this he sent me a statement detailing his claims but named no Witnesses in support of them. I immediately acknowledged the receipt of this statement, and required him, if he wished any witnesses to be examined on his behalf to send me a list of them. As I heared nothing of, or from him for 2 Months, I concluded that he was content to rest his

claims

claims on the grounds set forth in his state-
ment and which were not disputed-

3 He now represents that he sets up a claim to these lands principally on the ground of his great grand mother Rashah Bee having been the nearest relation of Abdul Khader Khan the husband of Cauder Bee to which latter Person the lands were restored by Colonel Munro-

4 He further represents that these gardens &c. did not pass from one branch of the family to another with the sovereignty but remained in the posession of the lineal descendants of Abdul Mahommud Khan, who is said to have first formed them-

5 Three Witnesses whom he has brought forward in support of his case merely speak to their having heard certain facts-- They cannot tell in whose posession the Gardens were when the Country was conquered by Hyder, and I do not think their evidence is deserving of much consideration- Nor has my opinion on the subject undergone any change by the present supplementary investigation--

6 But the principal object which Syed Mohommud Khan seems to have had in view in coming to Cuddapah was to

to endeavour to obtain an increase to his Pension and he has addressed a Petition to me on the subject which I beg to submit for the consideration of the Board of Revenue-

7 Under ordinary circumstances I would not have deemed it my duty to bring the case to the notice of the Board, for Syed Mahommed Khan's claims are on the generosity not on the justice of of the British Government- But were I to reject his Petition he would probably appeal to the Board of Revenue or the Government, and it is better that the question should be finally disposed of now when the whole history of the family is before them-

8 Syed Mahommed Khan formerly enjoyed a Pension of 250 Pagodas which were granted to him by Government under date the 17th. November 1812 on the recommendation of Mr. Ross, the Collector of Cuddapah- In recommending this pension Mr. Ross proposed that it should be continued to Syed Mahommed Khan during the life of Moorad Khatoo daughter of Haleem Khan who was in the receipt of a separate pension of 500 Pagodas a year that

4 Under all the circumstances of the Case, I do not consider that I ought to do more than merely submit the case for the consideration of the Board of Revenue -.

15 The accompanying Copies of other Correspondence relating to Syed Mahommed khan will place the Board so fully in possession of his history, that I feel it to be unnecessary to occupy their valuable time with any further observation on the subject -

No. 1

To W. U. Arbuthnot Esq.r
Principal Collector of Cuddapah

From Syde Mahommud khan Bahadar the Grand son of the late Nabob Abdul Hakeem Khan Bahadar of Cuddapah

Dear Sir

After Many Compliments I beg to inform that my mother came to Madras in the time of Sir G. H. Barlow She represented her case thro' a Vakeel to the Honorable Board of Revenue who referred by an endorsement dated 1811. to Mr. Charles Robert Ross the then Collector of Cuddapah Mr. Ross enquired into the Case and ordered an allowance of 20 Pagodas and three quarter and one single Fanam to be issued in my name for the purpose of defraying our necessary expences with an assurance of transferring the pay of Moorad Katoo Babee a Daughter of the late Nabob of Cuddapah - Mr. Ross reported the same to the Board of Revenue which will appear on the records of your Office -

This Lady died some years ago, on representing my case to Mr. Dalzell the then Collector of Cuddapah he increased my allowance to 31 Pagodas and a half 1 Rupee one anna and 4 Rice this took place in August 1828 - since which time

that on her death the pension of 500 Pagodas should be given to Syed Mahommed khan, and that his pension of 250 Pagodas should then cease -

9 The Government sanctioned the pension of 250 Pagodas but they passed over without notice the proposition of Mr. Ross -

10 Moorad khatoo died in 1816, and her pension with a deduction of 120 Pagodas assigned to 2 other members of the family reverted to Government till 1828, when it (reduced to 380 Pagodas by the above assignment) was granted to Syed Mahommud khan, and his own pension ceased -

11 Syed Mahommed khan now solicits -

1st That his own original pension may be continued to him, in addition to the portion of Moorad khatoo's pension bestowed on him in 1828 -

2ndly That the difference between his own pension of 250 Pagodas and that of 380 Pagodas subsequently granted to him from the date of Moorad khatoo's death in 1816 till the date of his receiving the higher pension in 1828 may now be paid to him -

12 His first request is clearly inadmissible. In the proposition of Mr. Ross it was distinctly specified that his own pension was to cease on his receiving the higher one. -

13 There is perhaps more reason in his second request. It is true that the Government did not express their concurrence in Mr. Ross's suggestion, but they eventually acceded to it; and had Syed Mahommed khan's case been brought to their notice immediately on the death of Moorad khatoo it is probable that the higher pension would have been granted to him at once, -

Under

Fort St. George 23d October 1813

time I received only 31 Pagodas ½ 1 Rupee One anna and 4 Pice. The other sum of 20 ½ Pagodas and One Single Fanam was not drawn by me until this time—

Under these circumstances I beg of you to peruse the letter of Mr. Ross submitted to the Board of Revenue in 1812 and to grant me the other allowance of the aforesaid Lady together with the arrears thereof commencing from January 1816 up to July 1828— in consequence of my allowance being small one I have been obliged to remit debts both here and Cuddapah as far as 5000 Pagodas I entreat you to submit my poor circumstances as well as the contents of the letter of Mr. Ross to the favorable consideration of the Board and to grant my Prayers—

In conclusion I respectfully beg to state to your goodness that the Rajah of Ponganore and Chetical who were tributary Chieftains to my Grand Father are now in better state than myself— of whom the former gets one fifth of his Country and the latter one tenth besides retaining some Lands and Grounds—

I am very much reduced in circumstances and beg of you to help me by bringing my case to the notice of the Board of Revenue—

For this favour of Justice I will feel very much obliged to your goodness—

Para 14. No. 6 is a list of new pensions which I sent in with the estimates and which I recommend to the favourable consideration of the Board— The first is one of Pagodas 20—37—40 per mensem or Star Pagodas 250 per annum to Syed Mohummud Khan, great Grandson of Haleem Khan the last Nabob of Kurpah— I was long pressed by the family to get some allowance for this young man, which at first I declined doing whereupon he went to Madras and addressed a Petition to your Board, Copy of which with the endorsement of your Secretary is enclosed in this Packet and Marked No. 8— On Huleem Khan's death at Seringapatam the grandfather of the Petitioner appears to have been released from confinement and to have gone into the Mahratta Service, where he died— His son the father of the present lad, held a high command and enjoyed a correspondent Jagheer under the Nizam, but on his death, leaving his son too

Young

young for service, his Jagheer reverted to the Sarkar and the family being deprived of any means of subsistence in that Country has come to throw itself on the bounty of the British Government. Though the present claim may not be considered as strong on the justice, it certainly is so on the humanity of the Government. Though the British never injured the Mayanah family by their conquest yet they are now in possession of the extensive and valuable territories of that family and the Petitioner is the lineal descendant of Huleem Khan, the last Nabob, near the wall of whose former Palace, he now resides in a badly thatched hut.-

15. Moorad Khatoon the grand daughter of Haleem Khan has a pension from the Government of Pagodas 500 per annum (No 12 on the list No 7) by which she and some other descendants of the same family are subsisted, and I at one time thought of making her support the present Petitioner also, but on enquiry I find that the two branches of the family are on bad terms with each other, and that the Pension she receives is hardly

hardly sufficient for the expenses already attached to it. I propose, therefore, that on the death of Moorad Khatoon, her pension shall revert to Syed Mahummud Khan, when the allowance now recommended for him, shall cease.

Copy of an Extract from a letter from the Secretary to the Board of Revenue addressed to the Chief Secretary to Government under date the 29th October 1812.

Para 8. In the Statement No 6. accompanying the Collectors letter he has submitted three new Pensions for the sanction of Government- one of Pagodas 250 per annum to Mohomed Khan great grandson of the person formerly styled Nabob of Cuddapah- another of Pagodas 57-19-16 per annum to Abdul Samut Khan brother of the late Nabob of Talpool, and a third of Pagodas 25-32-8. Shaik Madar an old Soldier- total Pagodas 327-6-24 per annum.-

9. The granddaughter of the

Fort St. George 23rd October 1843.

the former Nabob of Cuddapah enjoys a Pension from Government of Pagodas 500 per annum, which the Collector States to be barely sufficient for the maintenance of herself and those dependent upon her— he proposes that in the event of her death the pension be bestowed on Mahomed Khan the lineal male representative of the family, but as this person is at variance with the other branches of the family, and is in very needy circumstances, has claim to some provision in the mean time is submitted by the Board to the favourable consideration of Government, expediency as well as humanity would seem to suggest the propriety of affording some relief to persons in the situation of Mahomed Khan, and the Board are of opinion that the amount of the provision proposed by the Collector is moderate.

Copy of a letter from Mr. Dalzel Principal Collector of Cuddapah dated 18th July 1828.

To the President and Members of the Board of Revenue Fort St. George.

Gentlemen,

I ask permission to submit to you the accompanying Petition from Syud Mohommud Khan soliciting an increase of Pension. The Petitioner the great

2. Grandson

Fort St. George 23rd October 1843.

Grandson of abdool alleem khan, the last Nabob of Cuddapah and he enjoys a pension of Star Pagodas 250 per annum, granted consequent upon a recommendation from Mr. Ross contained in a letter to your address under date the 18th of September 1812. The authority of the Government for the grant was conveyed to you in a letter dated the 17th November 1812. Mooratkhatoon the daughter of Hulleem khan, enjoyed a pension of Star Pagodas 500 a year, and when Mr. Ross proposed that a separate pension should be allowed to Syud Mohummud khan, he suggested that on the death of the former, her pension should be given to the latter, and that the separate allowance he proposed for him should cease on his succeeding to the other. Mooratkhatoon died in the beginning of the year 1816. From Mr. Ross's letter to you of the 20th June 1815, it would seem an improper endeavour had been made to procure an increase of Syyad Mohummed khan's pension, but he must at that period have been young: for now he is not, I should suppose above 30 years of age. Mr. Newnham, who was long Judge at this station, appears to think favorably of him, and I have myself

Note. Mooratkhatoon had been considered the Grand daughter of the Nabob, but she seems to have been his daughter, and sister to the Grand mother of the Petitioner.

Fort St. George 23rd October 1843

myself heard nothing against his behaviour.

In your letter to the Government under date the 2nd October 1825, you stated that you could not recommend any increase to the allowance of this person, and the Government concurred in your view of the Case.—

3. Moorat khatoon's pension has reverted to the Government, but two pensions which were paid out of it, are still continued. They amount to Pagodas 5 each a month, and were enjoyed by Jubber khan, and Abdool Mahummud khan, Members of the Myanah family in the life time of Moorat khatoon, but are not held by the first of the original incumbents, and Abdool Syyad khan the son of the other.

4 The Case is one in which there seems to be entire room for the exercise of discretion in disposing of the Petitioner's claim, and if an increase be made to his pension, it will be derived from the generosity of the Government, rather than obtained in acknowledgment of a claim of strict justice.

To the Chief Secretary to
Government

Sir,

Para 1. I am directed by the Board of Revenue to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letter from the Principal Collector of Cuddapah enclosing a Petition from Syed Mahummud Khan great grandson and representative of abdul Hulleem Khan the last Nabob of Cuddapah soliciting an increase of pension —

18th July 1828.

From Mr. Ross 18th Sept. 1812.
To Govt 29th Oct. 1812.
From Do. 17th Nov. —

2. The Petitioner enjoys a pension of 250 Pagodas per Annum which was granted to him by Government under date the 17th November 1812 on the recommendation of Mr. Ross the Collector of Cuddapah — In recommending the pension Mr. Ross proposed that it should be continued to Syyad Mahummad Khan during the life of Moorad Khatoon daughter of Hulleem Khan who was in the enjoyment of a separate pension of 500 Pagodas a year — that on her death the pension of 500 Pagodas should

should be given to Syed Mahummad and that his pension of 250 Pagodas should then cease. This suggestion however was not noticed by the Government — In reporting on a Petition from Syed Mahummad Khan in 1815 (Moorad Khatoon being then alive) the Board stated that they were of opinion that his pension of 250 Pagodas was a sufficiently ample provision and the Government declined to increase it. —

To Govt 2nd Oct. 1815.
From Do. 13th Oct. 1815.

3. Moorad Khatoon died in 1816 and her pension, deducting an assignment of 10 Pagodas a Month to two Members of the family has reverted to Government. Since her death the Petitioner has become the head of the Mayanah family and the representative of the last Nabob of Cuddapah. His situation being thus changed the Board beg to recommend the original suggestion of Mr. Ross — to the favourable consideration of Government that the portion of the annual pension of 500 Pagodas enjoyed by Moorad Khatoon which has reverted to Government Viz. 380 Pagodas may be granted to Syud Mahummad Khan for his life to be resumed entirely on his death or —

Sir, N.th D.n of Arcot.

Para 1. I have been favored with your letter of the 4th Instant No 37 forwarding Extract from the Proceedings of the Board of Revenue of the 28th Ultimo, requiring information as to whether the Spirits found in Rodrigues Shop were there for the purpose of being sold, and whether Mr. Turner is in possession of other liquor exceeding two Leaguers, and has given the requisite Security regarding its† sale.

2. I have the honor to state in reply to the first Question, that as the liquor appears to belong to Mr. Turner there are no grounds for supposing it was left in Rodrigues Shop

Fort St. George 23d October 1843.

Shop for the purpose of being sold. The Ab.y Renter with whom I spoke on the subject this morning does not allege that it was, though he claims it as legally forfeited; I granted Mr. Turner a permit on the 20th July to remove the liquor remaining in his Godown in Old Arcot to his house in Ranypett. He ought at the same time to have applied for one for his Liquor in the hands of Rodrigues but I do not attribute his omitting to do so to any improper motives.

3. In reply to the second question I have the honor to state that on receiving your instructions† to ascertain the exact quantity of spirits in Mr. Turner's possession, I addressed a letter to him, acquainting him with them, and which as he was absent from Ranypett, I sent to the Police Ameen with orders to be delivered to him immediately on his arrival. He has not as yet returned but I believe is shortly expected. A Police Peon however in the day time and two at night have in the mean time been

been placed as a guard over his Godown for the better protection of the Government Renters.

Resolution thereon.

62-63

As it appears from Mr. Shubrick's letter now submitted that Mr. Turner had a Godown in old Arcot and a house in Ranepett without some explanation the natural inference would be that his object in leaving the liquor in question in Mr. Rodrigues Shop instead of depositing it in his own premises was that it might be sold. Mr. Babington will therefore be pleased to ask Mr. Shubrick to state what Grounds he has for thinking that the spirits were not intended for Sale.

2. The object of the Suit is to recover possession of 9/16 Goontahs of land called Perea pully and assessed at Rupees 1-5 of which the Plaintiff asserts he has been deprived by the Acting Sub Collector for the benefit of the 6th 7th 8th and 9th Defendants.

3. In the answer which the Acting Sub Collector proposes to file, he states that on enquiring

enquiring into the Plaintiffs claim at the last Jumnabundy the Tahsildar reported that in Fusly 1248 the 6th Defendant and other persons A.D. 1838/39 having stated that the Plaintiff had possessed himself of a portion of their land the lands of the several parties were measured and the Plaintiff having more than his proper quantity, and the other parties less, the former consented to give up the land which he held in excess, to them. but no record having been kept of these proceedings by the Tahsildar the Acting Sub Collector ordered him to measure the lands again, when that of the Plaintiff was found to be deficient to the extent of 6 12/16 Goontahs, but the spot of land to which he asserted part of his had been added was also found to fall short of the proper Measurement, and no alteration could therefore be made in the Plaintiffs favor, but the Acting Sub Collector did not deprive him of any portion of his land.

This answer appears good

I

Thinking it preferable to report by letter than by Endorsement on Petition No. 125 of 1843 as directed by your Endorsement dated 19th. Ultimo, which is herewith returned, I have the honor to inform the Board that when at the end of 1836 Petitioner bound himself to pay the full tax on 250 Cultivators of Runjah and Poonjah, there was a Competition or quarrel existing which would have enabled the

Fort St. George 23d. October 1843.

the Government to obtain a similar obligation from other parties. The preference was given to him and up to the end of Fusly 1251 he paid in conformity without reference to the extent under Cultivation.—

2 It appears that 130 Cullies is remunerative and the other 120 Cullies valueless. Parties are ready to take the 130 Cullies, but no one is willing to be saddled with the other 120 Cullies.—

3 If Petitioner's prayer be complied with, the Government will lose 120 Pons (Rupees 254-8-8-) per Annum, and I see only one bar to his right to expect this indulgence—Viz. that in order to get the 130 Cullies in preference to others, who had as much claim as himself, he bound himself to pay for the bad land also—I am led generally to believe the Board approve this system; for myself I have always been opposed to the withholding good land from a Cultivator unless he will take bad land with it.—

The

Salt. 2 The Salt Revenue is less by Rupees 2,936- than in Fusly 1250 the highest on record - It is higher by Rupees 11,241- than the average of the last five years - It is higher by Rupees 4,868-9-11 than in the last Fusly- which arises chiefly from increased exportation to Coimbatore, which I think is fairly attributable to the gradually improving state of the internal communications: more particularly roads Nos 11 - 13 - and 15 - Improvement in the uniting roads 9 and 16 would cause a further exportation of Salt

There is a Decrease in the Sales for home consumption which can only be accounted for by a less successful exertion to prevent the use of Spontaneous Salt for tho' the union of the waters by the Channel opened at Valnoorkum at my expense, last year, has been successful to considerable extent; it was not completed in time for a trial; and I am inclined to think there will not be derived from it above half the benefit I anticipated; and to keep it open will demand an

Rs. 1084-2-6.

annual expense of about 400 or 500 Rupees. But with this partial success and the annual expense apparently necessary I am inclined to believe the Money laid out upon it a most advantageous expenditure that will never cause regret. But writing now on the report of non scientific Native Servants on a project for which I have had a great predilection the Board will have to consider whether any, or how much confidence can be put on my notice of the work.

The Decrease of charges for purchase and Manufacture of Salt to amount of Rupees 1836-11-10 is consequent on the less quantity required for the supply in the year in advertence to the quantity on hand.

The Decrease of charge for Superintendence and Sale less by Rupees 6,883-4-5 is occasioned by no advances having been made to the Cultivators because of the late period at which the Government sanction was received - at the same time the pay of the Salt Amildar and lower class of Peons had been increased.

Date of Sanction soapht 22d May 1843.

Date of Sanction 20th June received on the 3d July 1843

Owing to the great labour of the

the Commissioners, and the employment of an acting Collector, and a Sub Collector being left in charge during the last Six Months of the Fusly the pans had not been visited during the Fusly by any European authority. hence I trust the increased pay to the Salt Amildar, given last year, may be considered a boon worthily enjoyed independent of the good service he performed and remunerated from the sequestration of Ramnad to appointment of a Manager about three Months.-

Pay increased from Rs 100 to 120 per Mensem from 17th June 1842.

5 p.m Cent Duties. 3. The Decrease of Rupees 2,159-14-1 in the direct Collection of the 5 p.m Cent Duties is in the less produce and traffic in Rope, Oil Seeds, Jaggery, and Prepared Betel Nut.-

Sanctioned on the 17th June 1842.

Drawback Fusly 1250 - 15005-10-7
" 1251 - 8206-3-1
" 1252 - 13271-9-1

The increased charge of Rupees 2,267-13-7 arises from increased pay to Chowkeydars and peons: and the increase of drawback to extent of Rupees 4,865-1- proves again the increased exportation to Ceylon, but does not yet even reach the amount of the Fusly before last.-

Betel & Tobacco. 4.- The cause of so trifling an increase in the rented Customs 20 Rupees was explained in my letter of the 13th June 1842 as occasioned by an undue increase in the preceding Fusly.-

Abkarry - 5 The small increase of Rs 370 in the Abkarry Rent was also duly noticed in the above quoted

quoted letter of 13th June 1842.-

Sea Customs 6. The small Decrease of Rupees 562-2-3 on the Sea Custom duties arises from decreased export of Superior Cloths (on which being not purely Cotton is no drawback) and of rice to Columbo, and Cotton and Chanks to Madras; and on decreased import of Copper and Europe thread from Madras, Paddy from Tanjore, and Chanks and a few other articles from Columbo.-

Stamp. 7. The decrease in the Stamp Revenue to amount of Rupees 2,952-1-2 arises from the less sale of Judicial papers Cadjans and Rowannahs.-

8 After deducting an increase of Rupees 632-12-7 from tank fish in the Dindigul Division (the Sub Collectors) there is a net decrease of Rupees 856-9-4 on this item from the replenishment of large river fed tanks in Madacolum before the water was sufficiently low to encourage persons to rent them.-

Hill Rents Pylney Hills. 9 As advised in the 5th para of my report of the 2nd August 1842 the Sub Collector was instructed to make a Pycotwary settlement of the Lands on the Pylney hills which he has accordingly done; and on which

which it is to be presumed he will enter in detail in his report on the Land Revenue for the Fusly under consideration - and is only alluded to here from necessity to show the great increase of Revenue by the measure in comparison with the rent of it as collected in the preceding Fusly - It appears that it was under an erroneous impression of the Board's wishes in my mind that this item was then wrongfully entered in the extra sources of Revenue - This year after a Ryotwary Settlement, a doubt could not rest on any one's mind on the subject; but by some accident the Collections were entered monthly under under the same heading and have been so passed on in the Monthly and subsequently annual accounts furnished to the Presidency authorities and the correct adjustment would entail an excess of trouble, that I hope, rather than expect to avoid - Orders have been given for avoidance of the error for Fusly 1253. After deduction of charges the net Ryotwary Settlement is Rupees 5,553 - 13 - 7 in the Fusly under report, being an increase of Rupees 2,155 - 13 - 7 over the rent of the

2. From this it will be seen that the Yeloomaday Estate may be expected to yield a considerable annual surplus after payment of Peisheush, the Ameens Establishment, and all charges for the maintenance and education of the Minor Zemindar and his brother. The Board therefore again beg to recommend that the allowance proposed by Mr Thomas amounting to Rupees 1,485-10-- may receive the sanction of Government.

3 The Board do not doubt that the Most Noble the Governor in Council will regard with much interest the account given by Mr Thomas of the system of education pursued at Sooloochenam Moodiliar's school the advantages to be derived by the Minors from such a course of instruction are too obvious to require comment.

Sir,

Para 1. I have the honor to forward copy of a letter from the Superintendent of Stamps dated 5th June last & to request that the necessary sanction may be obtained for the sum of Rupees 248-- 3 / Two Hundred and Forty Eight and Fice three therein mentioned being written off.

2, Of the above sum, Rupees 202-- 3 is the balance of the Amount value of Stampt Papers furnished to Parties in Pauper Suits between the years 1808 & 1817 thro' the late Zillah Court at this Station; as particularized in the Statement A appended to the accompanying Copy of a letter from Mr Monk of the 21st April 1821. from which it would appear that the amount was totally irrecoverable for reasons assigned opposite to each item therein exhibited; and Rupees 46 by this Office for Papers used in suits filed by the former Collector Mr Hepburne against certain individuals, which were subsequently

subsequently nonsuited as noted in the State-
ment B also appended to the same letter.

3. With a view however of ascer-
taining whether the amount due by the late Zillah
Court has since been recovered and if not whether
there is any prospect of realizing the same or
any part of it, the Assistant Judge of the
late Auxilary Court was called upon, a Copy
of whose reply is herewith transmitted for the

In reply to your letter of the
13th October last, I have to inform you that on
reference to the Records of this Court, there appeared
to be an outstanding balance of Rupees 248-0-20
for stamp Papers furnished to Parties by this Court
from 1808 to 1817 under 1 clause Fifth Section IV Clause
first Section V and 1 clause second Section VI of Re-
gulation IV of A. D. 1808 instead of Rupees 451-3-9
mentioned in your letter. Of this sum I have only been
able to collect Rupees 204-0-6 it being impossible to rea-
lize the remaining 202 Rupees 14 Cash due by Parties
for the reasons mentioned in the accompanying Statement
A. By Statement B you will perceive that a balance
of 46 Rupees is due from your Department.

Para 1

I have the honor to report for the information of the Board that in consequence of the early rains in April this year the manufacture of Salt was stopped, before the quantity required for the Monopoly had been prepared. Of 3,757 Garces, for the manufacture of which orders had been issued, 1637 Garces only were

were produced leaving a deficiency of 2,070 Garces.

2. I have therefore published a Proclamation inviting tenders for the supply of 1,900 Garces of Bombay and Goa Salt, which will be required for the consumption of the current year and I request the Board's sanction for the purchase of that quantity as also to make the necessary advances to the contractors to the extent of Rupees 16,000.-

in person to forward the information called for by the Board. I hope to be able to arrange this and send in my report within 6 weeks at the furthest.

2. I take this opportunity to attract the notice of the Board to my letter of the 15th July last, proposing a scale of duties calculated to check effectually the felling of young teak Timber. It is very desirable that the order should be promulgated with as little delay as possible. It is generally surmised that it is coming, and it is to be feared that many of the parties alluded to in my letter of the 16th July 1841, are engaged in cutting saplings in profusion, in order to make the most of the time in which they will be at liberty to act in so wanton a manner.

Submitting for orders copy of a letter from Wm F. D'Silva applying for some Government Ground near St. Thomé to be taken possession of on a lease for 99 years or on a certificate in the customary form.

25th October 1843

I have the honor to transmit herewith for submission to the Board of Revenue, Copy of a letter from Wm F. D'Silva applying for some Ground near St. Thomé to be taken possession of "on a lease for 99 years or on a certificate in the customary form", and to report that the spot referred to by the applicant is that described as lots Nos 3 and 4, in the plan A which accompanied Mr. Robertson's letter to the Board under Date the 7th August 1839.

The surveyor as attached to this office explains that through oversight he stated before that lot No 4 contained only C. 1. 18. 1590 instead of C. 4 – 18 – 1590.

From Board 19th September 1839

3— The two pieces of Ground were in pursuance of the orders of Government under date the 3d September 1839 surrounded by a Kildaree fence - There are at present only a few of the plants in existence but they are in sufficient numbers to point out the limits of each Enclosure - I have ascertained that the Ground included in lot N.4 is still waste, and that it is considerably lower than the level of the road and very hallow at the Centre, the water from any heavy fall of rain not finding its way into the adjoining Nullah and that the best part of lot N.3. is also swampy - The raising and levelling of both so as to bring them to a proper height with the level of the road and prevent the water from the Nullah and high lands in the Neighbourhood washing into the Centre, would be a work of great labor, and expense.

Being anxious to build a house somewhere near the Beach and having heard that a piece of Ground near the House known as Capper's is the property of Government I request the favor of your kindly allowing me to take possession of it on a lease for 99 years or on a Certificate in the customary

customary form. The spot is now so low and so much cut up by the rains that it will be requisite to lay out a considerable sum in raising it preparatory to the construction thereon of any building. I am therefore, induced to ask for a long lease and as the appropriation of the Ground in the manner indicated above, cannot but improve in no small degree, the general appearance of the place I trust that you will see no objection to comply with my request I shall of course, in the event of your approving of the plan I have in view, enter into engagement to pay the highest amount of Quit Rent chargeable for landed property at Madras, Viz.t Rupees 5-4-11- P.o Cawney.
