Read the following letter from the Actg. Secretary to the Board of Revenue —

Submitting a letter from the Principal Collector of Canara reporting the institution of a Suit against him in the Zillah Court, and stating that as the Act which forms the Cause of action was that of the late Magistrate and Joint Magistrate in their Magisterial Capacity, the Board abstain from passing any opinion upon it.

(Here enter 12th October 1843 No. 493.)

The Most Noble the Governor in Council grants authority for the defence in the first instance at the public expence of the suit No. 533 of 1843 instituted in the Civil Court against the Principal Collector of Canara and others by one Bhugwanta Prabhoo of Mangalore for the recovery of

of Rupees 77-2-97 being the loss to — which he was subjected by the orders of the late Magistrate and Joint Magistrate, but will determine on a copy of the Decree being laid before him, whether the costs if any be adjudged against the officers of Government shall be borne by them or by the Government.—

Extract from the Minutes of Consultation under date the 27th October 1843.—

Read the following letter from the Acting Secretary to the Board of Revenue:—

Submitting correspondence which has recently taken place

place with the Acting Collector of South Arcot relative to the Measures adopted for placing the Newly appointed Trustees in possession of the Pagoda at Tirnamalie—Reporting the continued opposition of the Goorookuls or Priests to give up the Pagoda to the Trustees and suggesting measures for compelling them—finally soliciting the early instructions of Government on the Subject.—

(Here enter 16th October 1843 No. 496.)

Para 1. The Most Noble the Governor in Council observes, that in — sanctioning under date the 12th May last the arrangments proposed by the Collector of South Arcot, Mr. Hallett, for the management of the Trinamalie Pagoda— the object of the Government was to — give the charge to parties in whose hands the interests of the Institution would be secured; and who, it was assumed would be acceptable to the great body of the — worshippers.—

worshippers.—

2 The Papers now submitted lead the Government to question whether — this latter object has been attained; and — whilst His Lordship in Council concurs in the opinion of the Acting Collector and Magistrate* that his duty is at present confined to the preservation of the peace, he considers it desirable that the Board should call upon that Officer to report without delay — whether the Goorookuls, who have possession of the Jewels and the paraphernalia, are bonâ fide supported in their pretensions by the popular voice. In this case it may be desirable to make a subsidiary arrangement, which shall constitute them additional, or Co. Trustees with the persons already in Office.—

*Letter 10th Oct. 1843 para 3.

3 Should this not be found practicable, there is nothing to prevent the Trustees from proceeding against the Goorookuls by due course of law, — suing them for the property wrongfully withheld.—

4. His Lordship in Council

Council is of opinion that the Board of Revenue might have consulted with advantage the present Trustees, as to the course they would propose to adopt in reference to the matter of their Petitions; and they will now instruct the Acting Collector to pursue that course, which may lead to some amicable arrangement.—

5. His Lordship in Council cannot approve of the measures followed by the Magistracy — in

additional or Co-Trustees with the persons already Nominated —

3 Referring to Para 4 you will observe that Government consider it very desirable that an amicable arrangement should be effected between the nominated trustees and the Goorookulus and placed in full possession as you now are of the sentiments of Government, the Board have the fullest reliance on your exertions and discretion to bring about a right understanding between them —

4 With these observations the Board will await your further report — The trustees or a portion of them will be instructed to proceed to your cutcherry if they have not already proceeded thire.

Proceedings

Proceedings Relative to the emoluments of the Village Officers at Salem.

8.

From Pt. Collector 26th April in Cons 5th May 1836 Para 24

thereon. Para 1. Shortly after the annexation of the Salem District to the British possessions, the ancient Maniems and other emoluments of the Village Officers were resumed, those in the Payeen Ghat and Baramahal under the three Assistant Collectors Captains Munro, Macleod, and Graham in 1211/1801/2 Fasly, and those in the Balaghat under Colonel Read himself in 1213/1803/4. In Baramahal and Balaghat fixed money payments were granted in lieu, calculated at a certain per Centage on the settlement, but in the Payeenghat, the scale of compensation varied with the amount of the Revenue, the proportion being greater as it increased and diminishing as it fell off.

The amount thus paid in Fasly 1232/1822/23 was Rupees 75,845 which induced the Board to notice in reviewing the settlement of that year, that the original Maniems having been included in the assets of the Mootadari Estates, many of

of which had since reverted to Government, they considered it advisable to revert to the old system of remuneration as had recently been ordered in North Arcot - This they did on the ground that the possessions of lands made the Village officers more respectable and afforded better stimulus for the performance of their duties -

From Coll[r] 28th August 1827 in Cons 15th Oct[r] Para 19 at 28.

2. In reply to these remarks the Collector stated that much of the land had passed into new hands and been otherwise appropriated, that the remainder was held by the former possessors somewhat in the light of a Maniam, receiving their allowances in the shape of a deduction from their assessment - These he observed "they would

Para 25.

"willingly receive under Maniem tenure "provided that in case of their own mal. "versation in office and consequent dismis- "sal, they might be permitted to retain "them as common Ryots: but if the lands "were to be transferred to their success- "ors in office, whoever they might be, they

Fort St George 30th October 1843

"may would to a man refuse them and "would much prefer remaining as they "are" This strong hereditary attachment to their fields appeared to the Board to strengthen their argument in favor of a return to the original constitution of the Village services, and they accordingly repeated their previous directions, transmitting at the same time copies of the forms of accounts already employed in carrying out a similar measure in Chittoor to guide the Collector in his enquiries -

From Pr. Coll[r] 1st Sept[r] 1830 Para 26 at 28.

From Pr. Coll[r] 26th April 1836 Para 27.

3. This information was received from the Principal Collector in 1836, but some additional particulars being required to place the subject in a complete shape admitting of final decision, the further correspondence noted in the margin took place without however obtaining the whole of the desired information, but referring to the recent orders of Government the Board resolve no longer to delay the submission of their sentiments on the whole subject -

4. "With regard to the restoration of the landed Manians, the late Principal Collector is strongly opposed to the plan, and declares that after careful enquiries he is "satisfied that nineteenths of the officers "themselves prefer the money payment which "they have been accustomed to receive for "the last thirty" (now forty) "years to the "possession of land." In urging their former views the Board were actuated by the desire of maintaining unimpaired the old Village institutions, by which the frame work of Indian society is held together. From time immemorial the Village functionaries have been supported from the combined resources of glebe-lands, money-payments and fees in grain received from each field. The first identified them permanently with the interests of the Village and gave them weight and consideration in the community, the second which were a percentage on the collections (rooyoums) made their profits contingent on the faithful discharge of their duties to the Government, while the fees of grain

or Meerahs rendered them dependent on the ryots and inhabitants in general for the due performance of the service attached to their several Offices. The length of time however during which these relations have been in abeyance, the alteration in the hereditary character of the offices themselves and the gradual change by which during that interval they have been assimilated to stipendiary servants; the decided preference stated by Mr Ouvry to be entertained by the present holders of office for the existing practice which he has further enforced by certain practical objections (not all of equal force) urged in paras 26 to 32 of his report, induce the Board to believe that their views could not now be carried out in the manner they at first desired. They will therefore proceed to consider the means for supplying the deficiencies in the existing plan.

From Pt Coll.r 26th April 1836.

5. The scale of remuneration adopted for the Balaghat and Baramahal Villages was a fixed per centage of 1 3/4 per cent to Monigars and 2/4 to Curnums, while that

16290 Fort St. George 30th October 1843

that of those in the Jayenguttah and adjacent villages was fluctuating and unsettled in an unusual manner as the Collectors decline of the revenue - The Board appear to have been fully persuaded that the Jummabundy Accounts of Fusly 1251 were framed with the utmost attention to correctness and the Collectors according to those rates in 1240 Fusly and the amount deducted for 12 3-4 Co[illegible] additional amount the Board are pleased to sanction the Collectors proceedings in this instance.

6. The increase to the Village Sibbundy proposed by Mr Orr consisted of 36 Jotties and 88 Tandalkars- to whom he proposed to allot 1596 Rupees and to increase the pay of certain existing functionaries by 115-1-7 - making a Total of 1711-1-7 arranged according to a scale given in para 35 of his report- Mr Gleig in revising this thought he could dispense with two of the additional Tandalkars but furnished no statement of the amount of charges which he stated had been regulated less by the rates laid down by Mr Orr than by considerations of the extent of their range and the amount of their labor. The following statement prepared from Mr Orr's statement shows the particulars of these alterations-

The Principal Collector has urged the assimilation of the rates of payment in the Payeng hat to those prevailing in the rest of the district- This arrangement seems most desirable and would diminish rather than increase the present charge- The amount has not been stated but the following calculation has been prepared from an old statement in the Board's records transmitted in Fusly 1232 and will probably be found to convey a tolerable idea of the probable result-

This

This fact together with the long period during which the present scales have been enjoyed would render any change at this late a period very inadviseable. The Board resolve therefore to recommend that the present system and rates of money payments of the Village Officers be confirmed, that the allowances of those in the Payeem Ghat be placed on the same footing as those in the rest of the districts and that the establishment where deficient be completed to the extent and in the manner recommended by the late and present Principal Collector.

11. The amount of Marahs formerly enjoyed is stated to have been imperfectly ascertained in the accounts above quoted. It is probable that these payments depending on the relations mutually subsisting between the Cultivators and the Village functionaries do not admit of being accurately recorded and that not only have they never entirely ceased but that they will continue to be made hereafter. It does not appear desirable that the local authorities should interfere with the practice but the exercise of it should be understood to be quite voluntary on

on the part of the Ryots.

12. Both Mr Orr and Mr Gleig recommend that the practice of deducting the salaries of Potels and Curnums from the assessment of their Patent lands generally consisting of their old maniems should be discontinued the Money being paid directly to them and their lands treated like those of the other Ryots. But in the case of the inferior Village Servants Mr Orr would prefer the continuance of their lands as maniems on the old footing and the grant of new Enams on the same terms to those about to be appointed. As most of these Officers still retain possession of their former Enams the same objection does not exist in their case as in that of the Potels and Curnums.

In Cons.n 5th Octr. 1843.

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation of Government under date 26th September last requesting further information on certain points connected with the disputes between the Villages of Maghanoor and Coravandoor regarding their right of water—

2. It appears to be the opinion of the Engineers Captains Lawford and Bell that by clearing out the main Channel and putting its head in proper order abundance of water might be supplied for all parties, but it is stated at the same time that the people of Maghanoor would rather waste the water or divert it so that it might "return useless to the river" than that the Cultivators of Coravandoor should be allowed the benefit of it—

Para 3.

3. Such a hostile state of feeling

Fort St. George 30th October 1843.

feeling existing between the parties it was thought desirable that the two Villages should be under the same Collector who might then place the whole of the irrigation under the Superintendence of the same local Officers with whose assistance he would be able without difficulty to dispose summarily of the disputes between the parties under Regulation V of 1822 Section XVIII—

4. It does not appear that the Villages of Coravandoor have been consulted regarding the transfer of that Village to Salem, but it has been proposed chiefly with a view to their benefit, although the interests of Government are also implicated, and the Board do not see any reasonable grounds on which they could object to it and all other expedients having failed the Board in concurrence with the local authorities have recommended this measure as the best means which they could suggest for effecting an adjustment of the long pending dispute—

Inlosure 23d Octr 1843.

I am directed by the Board of Revenue to acknowledge the receipt of the Minutes of Consultation under date 19th Instant and in reply to state that the Ceylon Government can be supplied with the quantity of Salt they require either entirely from the Madura District or partly from Madura and party from Tanjore. The Salt will of course be charged only the prime cost and expences of bringing it to the Beach but to enable the Board to state the precise amount which this will come to they must have the Ports from which it will be taken. In the District of Tanjore Salt can be supplied at the Ports noted in the margin and in Madura from the Ports of Keerakumny Davyputnum, Pamburn and Toondy—

Negapatam
Cotaar
Arsanagherry

The Collectors have been required to state what the prime Cost and shipping per Garce will be at each of the above named Ports and the same will be communicated to Government as soon as known.

The review of the Season which as regards this district, is stated to have been "one of the most favorable on record," presents but few points for the notice of the Government.

Report Para 6.

Para 2.

The settlement shews an advance of 52,245 Rupees on that of the preceding year, and which Increase with the exception of a small sum may be attributed to the propitious nature of

3- The Government have nothing to add to the remarks of the Board with respect to the Pirvacaud Renter or the assessment of the Doon Tandalum Villages, but they would be glad to find in the Report on the survey, which they trust will soon be submitted to them, some satisfactory explanation of and if necessary a remedy applied to the disproportionate increase of revenue in comparison with the extension of Cultivation in the recently assessed wet lands, as remarked in Para 5 to 8-

Pro. P-3-4

4- The Board have properly commented upon the latitude exercised in the Shavie remissions and upon the unusual deductions for withered produce in dry and Garden Cultivation which ought not to have been made without sanction, and with reference to the observations made both by the Board and the Government, on the remissions generally in this District of late years, the Government hope that the Collector will pay every attention to this important question, and guard against all unnecessary losses to the state under

On this the Most Noble the Governor in Council will only observe that to the great objections will known to exist in the postponement of the Government duties, it is but small palliation to realize them eventually, and after some lapse of time, from the resources of another year. His Lordship in Council therefore trusts that the Collector will see the advantages, if not the necessity, of punctual Collections-

Recording observation on a letter from the Coll.r of Rajahmundry reporting upon the Zemindaries & Estates which were in possession of their Proprietors at the Commencement of Fusly 1252 & stating that before coming to a decision regarding those Estates which have not fulfilled their engagement proposed to be advertised for sale, the Board request the Commissioner in charge of the district to submit his sentiments as to the necessity of resorting to this extreme measure.-

Judl. Con. 10th Augt. 1843.

The Board proceed to take into consideration Mr. Smith's letter of the 20th July last reporting upon the Zemindaries and Estates in the Rajahmundry District which were in possession of their Proprietors at the commencement of Fusly 1252, and forwarding an advertisement for the sale of such as may not have fulfilled their engagements.-

2. Mr. Smith represents the season of Fusly 1252 as unfavorable at first consequent on the failure of the early Rains subsequently however it was favorable in the ceded low Country but most unfavorable near the Hills where the Rains were totally insufficient and the prices of grain and all descriptions of agricultural produce were also so low as to render the fulfilment of engagements extremely difficult.-

3. The total number of Estates in possession of the Proprietors at the commencement of Fusly 1252 was 53 and the demand against them arrears and Current Rs. 10,15,377-11-3. of which Rupees 6,13,160-15-3. were realized leaving Rupees 4,02,216-12-. to be collected

collected hereafter.-

4. Mr. Smith has divided them into six classes.-

5. The first Class contains six which have paid all Demands against them and which therefore call for no remark.-

6. The second Class consisting of twelve Estates, the third Class also consisting of twelve and the fourth of seven Estates have all paid equal to or more than the Current Peishcush and he recommends therefore that they should all be allowed the Current year to pay the remaining balance due by them and on failure that they should certainly be brought to sale.-

7. The Board accede to this recommendation and authorize the Commissioner in charge of Rajahmundry to make a communication to this effect to the Proprietors, he will at the same time use every effort to see that the arrears due are liquidated within the specified period.-

8. None of the prosing Estates it is observed are under attachment the some are included in the sale Advertisement.

9. Of the 16 Estates comprising the Fifth & Sixth

classes

classes all are under attachment and included in the sale Advertisement except No. 39 Mogapandah which owes a trifling Balance of Rupees 23—13—4 and Salaroe No. 46 the property of a Minor of those in the fifth Class Mr. Smith thinks it will be necessary to sell only Cauzah and Munchilly but of those in the Sixth Class he thinks all but Cotah and Rauly must be peremptorily brought to the hammer. Cotah he recommends another years trial to and Rauly is under the special consideration of Government. The Board will not object to the further time recommended for Cotah, but before coming to a final determination upon the other Estates composing the last two Classes the Board will be glad to receive the opinion of Sir Henry Montgomery as to the absolute necessity of resorting to the extreme measure of sale which they are unwilling to do if there be a prospect of realizing the Demand of Government without.-

10. The Board will be glad to receive Sir Henry Montgomery's sentiments at an early date..

Order thereon— Ordered that Copy of the foregoing Proceedings be transmitted for the information and guidance of the Commissioner in charge of Rajahmundry.-

4. The decrease in the Inland Consumption Rupees 26817-14-" is caused by fewer Brinjaries having resorted to this District in this than in the preceding fusly. The Spontaneous Salt which they prefer as being large grained and not wasting so much as that manufactured was not collected on account of the season having been unfavorable for its production.

5. Smaller production of spontaneous Salt accounts for diminished revenue derived from the sales of Smuggled Salt.

The increased rate as shown in the Margin at which Salt for Exportation to Calcutta has been sold in fusly 1252/1842/43 has in part made up for the deficiency in the quantity Exported in comparison with the previous year.—

7. The decreased recoveries are consequent on decreased advances for decreased Manufacture as comparison with the previous year.—

The increase in Tobacco duty has arisen from increased production. The large increase in the Cocoanuts has also arisen from increased production. The trees have been more productive in Fusly 1252 (1842/42) than in any year since the storm in Fusly 1249 (1839/40) the effects of which they have been gradually recovering from. Increase in Timber duty is attributed to increased consumption for shipping and

and building. The decrease in Cloth is attributable to decreased export both by land and Sea. the importations of Europe Manufacture having lessened the demand for Country cloth. The seasons having been unfavourable for the Gingely Oil Crops, the duty on that oil has been less than in Fusly 1251 (1841/42) by 13.14= Of the arrear of former years outstanding at the Commencement of the fusly amounting to Rupees 228-5-8, Rupees 26-7-2 have been realized within it. The Balance for the Fusties 1242 (1832/33) - 1243 and 1244 (1834/35) are the sums unpaid by the Sayer Renters and their Securities for those years and remain after the attachment and sale of the property of the parties. The balance outstanding at the end of Fusly 1239 / 1829/30 then amounting to Rupees 370, has been annually reduced since that period to its present amount Rupees 133—8—6 by carrying to the credit of Government the proceeds of the Meerasy lands of the Security and the Renter against whom it stands—The Security and Renter are the Curnums of the Village of Canjah and Gondy, and the Meerasy land attached for the balance is held in virtue of their office, and as remuneration for their services—They have already been deprived of all Emolument from their service Maniems for 13 years, drawing which time they have liquidated Rupees 236 -7-6 or two thirds of the original balance, and at further period of 7 years they must undergo similar deprivation, only

the indulgence of Government be extended to them—Under these circumstances, I am induced to recommend that permission be given for writing off the remaining balance of this account, amounting to Rupees 133—8—6—

Pittapoor entered into engagement to liquidate
a part of their balance Rs. 691-15-6 but
have only in part fulfilled it by discha-
-rging a portion or Rupees 191 Orders have been
issued to dispose of some property under
attachment, and the amount when realized
be carried to account - With reference to the
Boards proceedings of the 12th January 1843
calling for more specific information regar-
-ding the Rs sustained by this Pittapoor Renter
I have the honor to state that the Renter is
to have suffered much loss from adverse sea-
and the failure thereby of his subrenters-
Falling into arrears in April, his rent was
attached before the termination of the fasly and
much of the balance due from the subrenters
was irrecoverable, and Mr. Smith offered his
the terms reported, on account of the distressed
state of the subrenters and even these terms have
not been complied with. On these explanations
I have to recommend that sanction may be given for
writing off the amount Rs. 209-7-9 deemed totally
irrecoverable for fasly 1250 leaving only Rs 300 against the
Renter of Pittapoor pending the result of the sale of the

25. Leaving the balances of fusily 1251 A.D. 1841/42 for further investigation during the present year, I beg to recommend that sanction be obtained for writing off all balances on this account up to fusily 1250 A.D. 1840/41 amounting to Rupees 427-1-0 as being against parties dead deserted and reduced to poverty.

Stamps. 26. The decrease in the stamp collections is thus accounted for. Rupees 365 in the sale of Lagar Rowanahs Rupees 1800 and odd in the sale of stamps for the Zillah Court and Rupees 100 and odd in penalties. The increase in the Charges Nett Rupees 15-10-9 has arisen from increased disbursement of stamps for Paupers Suits Nett Rupees 125-12-0 beyond that of the preceding fusily.

29 The balance for fusly 1251/1841/42 will be left for notice in the next report. For the remission of those from fusly 1242/1832/33 to 1250/1840/41 inclusive amounting to Rupees 3407 13 6 the sanction of Government is solicited a great portion of them is against persons deceased and deserted, and the remainder against those who either ought not to have been charged or who are now quite unable to pay.

31 The number of individuals of the poorer classes who contribute to this tax and the frequent unjust imposition of it by the Village Curnums and other inferior servants, must always cause some irrecoverable balances and will account for those outstanding in this District, which are now recommended for remission.

3/ The following Abstract shows the Net Revenue of all sources for fusly 1252/1842/43 compared with fusly 1251/1841/42 of Rupees 3,78,255-5-8.

The amount entered in this Statement as the Cost of Collection is the Pay &c. of the Establishments actually employed in each Town where the duty is collected, but they are also employed in collecting the Transit duties.-

The Collection on account of Stamp Rowanahs on Town duties cannot be separately stated as one Rowanah is generally issued for articles on which both the Transit and Town duty is levied and the Collection on account of Stamp Rowanahs has been entered in the Statement of Collections from Transit duties.-

There will be a difference in the total collections calculated at the rates specified for the reason stated in the Statement of Transit duties.-

It appears that no separate

separate Establishment is maintained in North Arcot for the payment of the Military pensioners, but that the allowance of 10 Rupees per Mensem is drawn by a Writer in the Collectors Office who performs the duty and that the state of the Establishment will not admit of further reduction.—

3. In South Arcot it appears that the Employment of a Writer has become necessary from the increase in the number of pensioners since the year 1839.

" —14— Do. of Gross Charges.—

2. The Settlement of Fusly 1252. (A. D 1842-43) was conducted in the following manner Viz. The Taluk of Raizepoor by the Acting Sub Collector then in charge, and before I joined the District. The Sut Division was settled by Mr. Brett with the exception of Salem which was conducted by the same Officer with the aid of my Asst. Sheristadars the remaining 8 Taluks were settled by myself.

3 From the under written Statement it will be observed that 3 Jodighy Agrahar Villages, entered in the margin in the Taluk of Salem, had been resumed and added to the Amauny Villages on account of their having fallen in arrears to Government agreeably to Extract from the Minutes of Consultation dated the 31st January 1843 received with the Board's Proceedings of the 2d February last and an equal number decreased from the original Number of Jodigy Agrahars.

4. The marginal Statement shews the number of Houses, Population and Cattle Compared with those of the preceding Fasly. The increase in Houses has been caused principally by a number of the Collectorship Villages in the Nannad Taluk having been omitted to be inserted in the accounts of Fasly 1251 by the Acting Subs Collector. The decrease in Bullocks and Cows is in consequence of a disease prevailing in Cattle whilst there has been an increase in Sheep to the number of 3346.

5. The Tanks and Wells throughout the District are as per Statement subjoined.

7.- The Board in their Proceedings dated the 23d March 1843, Para 6 observe that sufficient information has not been afforded regarding exemption from additional assessment on lands irrigated by the additional number of Wells constructed in Fusly 1251 (A D 1841-42) I have therefore to state that of the total number 82;47 were built with permission at an outlay of Rupees 2384-12-8 and on spots where there were no other Circar Sources of irrigation the extent cultivated and the privilege of exemption from additional assessment granted are as follows-

8. The Season of the year under review did not Commence so favorably as was expected. Partial rains which fell in some of the Talooks in the Month of April enabled the Ryots to commence tilling their dry lands and subsequent Showers in May afforded them an opportunity to sow Oil seed and Jawary. In the Month of June where rain fell, it proved beneficial to the grain Sown in the preceding Month, and also brought a small supply to the Tanks, so as to enable the wet lands being ploughed In July, slight Showers fell in the Talooks of Salem, Raizepoor Tengracottah, Kistnagherry and Denkencottah, whilst none fell in the other Talooks Cumboo and Raggy, Sown in this Month benefitted and the prepared Nunjah lands under Tanks that received a small supply of Water, were commenced to be Cultivated. The Showers of August and September were taken advantage of by Sowing Raggy Codeeth, Morry, Shamnay, Horse Gram &c. and proved beneficial to the Ponjah Garden Cultivation also Nunjah Cultivation was likewise

likewise commenced upon where sufficient water was received. Towards October and November it rained abundantly in some Saloks and less in others. Altho' this partially assisted the whole under cultivation and afforded means of commencing upon such Nunjah lands which did not receive sufficient Water, yet the Tanks were not filled. There was no rain in December and slight showers which fell in January & February assisted the growth in Nunjah and Poonjah lands yielding a crop also in the Poonjah portion first sown. In March rain fell in the Saloks of Salem, Ojsoor and Denkencottah which contributed to the sowing a Second Crop in Nunjah.

The following Statement will shew the effects of the Season to have been less favorable to the Poonjah Crop which suffered from a scantiness of rain in July and August, and the quantity of produce to have been on an average 11/16 or 1/16 less than in July last. Though the Nunjah Cultivation was the same as in last year yet from an insufficient supply of water in the Tanks and a failure in the produce in some parts of the District, the return was on an average of 12/16

12- From the above it will be seen that there is an Increase both in Poonjah and Nunjah Gardens Viz.t Rupees 5393-10-9 in the former, and 651-15-1 in the latter making a Total of Rupees 6045-10-1 and the Causes of such Increase are explained in the following paras.-

13- The causes of Increase in the Poonja Garden is that by the water of the wells constructed on Poonjah lands previous to Fusly 1230 (A D 1820-21-) and Converted into Poonjah Bagayat, Fuzl jaste was imposed this Year on Acres 518-27-15 fixed teerwah Rupees 706-8-1 Fuzl jaste Rupees 362-1-4 Total teerwah Rupees 1068-9-5 the reason for this is, that in the Bookummamah established in Fusly 1229 (A.D. 1819-20) it was Ordered that where wells are repaired or new Wells constructed on Poonjah Lands and by their means they are converted into Gardens the teerwah of such converted Cultivation should be imposed the Bookummamah of Fusly 1230 (A D 1820-21) it was directed that the fixed teerwah alone should be levied on such

Fort St. George 30th October 1843

lands whereon by the erection of Wells they are converted either into Poonjah Garden or Nunjah. In the Talaghaut such lands on which Fuzl jastie was imposed under the Bookummamah established before Fusly 1230 were included in the Summah Accounts of the respective years, but in the Talooks of the Bahramal and Balaghaut lands cultivated by means of Wells erected before the Bookummamah of Fusly 1230 came into force, were not discovered until now. Fuzl jastie was consequently imposed on Acres 264-1-11 fixed teerwah 178-10-8 Fuzl jastie Rupees 615-14- total teerwah Rupees 1094-8-8 this was done where Ryots at a small expence erected Wells in the vicinity of Circar Tanks and Channels and converted their Poonjah into Poonjah Garden contrary to the orders sent to the Talooks on the 15th November 1838.-

14- Acres 28-30-14 fixed teerwah Rupees 144-7-3 Fuzl jaste Rupees 244-14-4 total teerwah Rupees 389-5-7 this is on account of Ryots irrigating their Poonjah lands from the Wells constructed

at

Fort St. George 30th October 1843

at the expence of their neighbours.

15. Acres 45-19-6 fixed Teerwah Rupees 185-9-10. Fuzl jastie Rupees 289-8-3 total Teerwah Rupees 470-2-1 this is on account of Ryots having a Well in one field, carrying the water of that field to other parts of his putteah. This occurred in the Talook of Raizepoor only, but as this was entered in the Summah accounts before the receipt of the Board's order of the 9th March 1843, the increased assessment was not collected.

16. By Circar Syul Gardens left waste being brought under cultivation and by Circar water being used and Poonjah converted into Poonjah Gardens the Increase of such Garden cultivations has been Acres 826-5-14 fixed Teerwah Rupees 2371-1-4 making in all as above specified in Poonjah Garden an increase of Rupees 5393-10-9.

17. The cause of Increase in Nunjah Garden cultivation, Viz^t. Rs 651-15-11 will be explained from the following particulars.

18. Acres 24-13-9 Teerwah Rupees 1[illegible]

Fort St. George 30th October 1843.

8-11- of Nunjah Garden left waste, was up to Fuzly 1251 rented for the Trees only, but in the present year, both the Trees and the land were given.

19. Acres 8-34-1 Teerwah Rupees 67-13-10. the Trees thereon watered by the Wells constructed before Fuzly 1230 (A.D. 1820-21) having come to maturity.

20. Acres 40-36-9 Teerwah Rupees 119-8-7 on account of Trees on Nunjah land having arrived at maturity, making an increase of Nunjah Garden Teerwah of Rupees 651-15-11 and a total Increase in Poonjah and Nunjah Gardens Rupees 6045-10-1.

21. The cause of a Decrease Acres 29,484-31-3 Teerwah Rupees 28530-13-3 in Poonjah, is in consequence of relinquishment of lands for want of rain and from Ryots deserted and reduced to poverty.

22. The decrease of Acres 2928-36-8, Teerwah Rs 16,448-4-4 in Nunjah, is in consequence of lands left waste for want of rain and a deduction made on that Account, as well as from Razeenamahs given by Ryots, thus making a total of Decrease in Poonjah and Nunjah lands Acres 32,413-27-11. Teerwah Rs 44979-1-7 from which, deducting the increase in Poonjah and Nunjah Gardens Rs 6045-10-1. shews a Net decrease of Rupees 38,933-7-6.

23. The subjoined Statement will exhibit the Increase and Decrease in all sorts of grain.

24. From the above it will be observed that the increase in prices is principally in Bullar, Bengal Gram and Dholl, caused by a failure in their produce for want of water. The decrease in the former is in consequence of no demands from the Mysore Country, where there was a good harvest.

25 The demand on all Items of Land Revenue appears after deducting the charges Rupees 104,482-3-3 shewn in Statement A to amount to Rupees 17,68,700-5-4 of which the demand on that portion under Amany is Rupees 12,58,788-10-9 being a decrease of Rupees 34,659-8-7 than that of the preceding year. The demand on Jodigy and Saghire Villages with the Polliput Peishcush being as per Statement A. Rupees 14,422-9-4 and the Mootadary Beriz Rupees 1,68,489-1-3 exhibit a total permanent Beriz of Rupees 5,09,911-10-7 which added to the net Amany demand, makes a total demand under all heads of Rupees 17,68,700-5-4

26. The decrease shewn in Statement B. Column 5, is on account of lands relinquished and those left waste by Emigrants, deceased and indigent Ryots, the assessment of which amounts to 1,23,661-11-10.

27. There is a decrease in the Ready Money Collections, as will appear in Statement L. of Rupees 233- 1- - after deducting the Net Increase Rupees 3917- 4- 10 from the gross decrease = Rupees- 4,150- 5- 10 as hereunder particularized.

Decrease:

From Cocoanut and Betel nut Trees which in last year paid & is now coming under Land Rent — 30 - -

From Remission on Trees in Cultivated Lands — 93 11 4

From Decayed Trees — 420 14 6

From Trees on lands left waste — 34 11 7

From increased offer of Rent on Trees — 3,046 11 4 10 — 3917 4 10

Increase 233 1 -

28 This sum Rupees 233 1 .. added to the decrease Rupees 13-8-1 shewn under the head of Enam Jodigy makes a total of Rupees 246-9-1 which the Jodigydar Cultivates his Poonjah land by means of Circar water, the Cowalk levied on that account should be placed under the head of Fuzljasty, but the sum of Rupees 13-8-1 collected as Fuzljasty, in last year, was erroneously placed under the head of Jodigy. The Jodigydars having this year discontinued the practice of carrying Circar water to their Poonjah lands, the decrease above shewn was discontinued.

29. The increase shewn in Statement A of Rupees 542-13-11 arose from the increased offer of Royalty Rent and grazing tax levied on Cattle belonging to Ryots who have no Pottah holdings which added to the increase of Rupees 198-12-11 shewn under the head of Neeresly, or tax on water carried for cultivation from one Village to another and Rs. 59-13-6 under the head of Fuzljasty on lands irrigated by Circar water, make a total Increase Rupees 801-8-4. but after deducting the Net decrease 246-9-1. there remains a Net Increase of 554-15-3.

30. The following Statement will exhibit the particulars of the increase Rupees 1832-5-.. shewn under the head of the Hill Beriz in Statement A..

31. The principal portion of the above increase Rupees 825-11-3 arose from the 3 Naads on the Sheveroy Hills, Viz.t Mootoo Naad, Mohanaad and Salem Naad having been taken under Amany management agreeably to the instructions of the Board dated 2.nd August 1842 and the Beriz thereof being fixed on Ploughs and Hoes after a strict scruting. The increase of Rupees 986-6-9 in the Collectorate Mullay, now under Amany Gulagherry Mullay, Savady mullay, Anjoor and Pachamullay, took place on account of the increased Cultivation in the year under review making in all an increase on the Hills under Government management of Rupees 1812-5-11 which added to a small sum of Rupees 20 in the Sroomanoor Mallay increased Rent, makes a Total increase on the Hills as shewn above, of Rupees 1832-5-11

32. An increase of Rupees 394-6-11 under the head of Deduction shewn in Statement A.th composed of the following items Viz.t

Remission on Nunjah Cowle lands left waste on account of the unfavorableness of the Season	365-12-5
Shares given to the Sodiyy Agraharundars calculated upon the increased Cultivation in the Sodiyy Agraharums now under Government management	28-10-6
	394-6-11

33. The decrease under the head of Deduction is composed of five items, Viz.t the first Rupees 54-9-1 is a decrease occasioned by some of the individuals enjoying Sookavasy having given up their lands, the second item Rupees 159-7-11 is a remission granted to the Ryots whose Cultivation under the Amnapollium Annicut in the Attoor Talook perished on account of a breach that took place in the said Annicut in the preceding year, the third item Rupees 1230-5-7 is a decrease occasioned in the Salary of the Village Sibbendy owing to the decrease in the Beriz of land Revenue, on the gross Collection of which the Salary of the Sibbendy is calculated, the fourth and fifth items Rupees 824-11-7 and 11-13-4 are also the decrease occasioned by the decrease in land Revenue - The total of these five items amounts to Rupees 2,281-1-7, from which, deducting the increase Rr. 394-6-11 there remains a Net decrease of Rupees 1886-10-8-

34. The decrease of Rupees 208-12-11 shewn under the head of Dahaut Sodigy in Statement A arose from the Sodigys Agraharundars Villages of Abbinavum and Appamasamoodrum having been taken under Circar management agreeably to the instructions conveyed in the Extract from the Minutes of Consultation dated 31.st Janry 1843-

Regarding

Fort St. George 30th. October 1843.

39 Regarding the ruined Tank of the Agra-
-haram Village of Sherkallay, the Principal Collector
in Para 52 of the Settlement Report for Fusly 1248
(A.D. 1838-39) observes, that - "In this Village the Nunjah
"lands are watered from the Tank of the Amanny of
"Sherkallay. - In Fusly 1228 when this Village was in
"the hands of the Mootahdar, the Tank burst and
"the Nunjah lands were left without supply, rather
"than repair the Tank which required a large outlay,
"the Mootahdar consented to allow a remission of
"the above amount, and when the Mootah reverted
"to the Government in Fusly 1243, the people claimed
"the same remission. the revenue to be derived
"does not hold out any inducement to lay out
"the large amount requisite for the repair.".

40 The acting Civil Engineer, Captain Bell,
who inspected the said ruined Tank, states in his
Diary of the 29th September 1842, under instruction
from the Board dated 8th August 1842, "that of the
"14 acres of the Ayacut Nunjah (under the Tank) the
"greater portion is situated on high land, so that
"the deepening of the Tank caused by the breach is
"of little real utility in increasing its capacity
"as it has been of very unequal extent, deep in
"channels being cut in some places, while the
"greater part is not at all affected". The Acting
Sub Collector in the concluding part of his
report on the subject dated the 28th June 1843

says,

Fort St. George 30th. October 1843. -

-ays, that he does not consider the work expedient, and
recommends that the 1st. Class Poonjah Assessment
be imposed on the Nunjah lands belonging to the
Agraharam which have been thrown out of
Cultivation from the failure of water. - Copy of
this report, which was furnished to the Acting
Civil Engineer of the Division, it is presumed
has already been submitted by that officer,
for the Board's information. -

41 In answer to the 4th Para of
the Extract from the Minutes of Consulta-
-tion dated the 22nd July 1842 - I beg to state,
that according to the usage of the Country,
the agraharadars are willing to contribute to
the repair of the said Tank; but it will
be an inexpedient undertaking, as the
return of the lands would not repay the
expence of the restoration of the Tank
as expected in Para 13 of the Board's
Proceedings dated the 5th May 1842. -
I must therefore coincide with the Acting
Sub Collector in recommending that the
highest Poonjah Assessment be imposed
on Nunjah lands of the Agraharam in question. -

42 The outstanding balance of Fusly
1251, as shewn in the preceding Statement,

The

Fort St. George 30th October 1843.

The difference has arisen from a decrease in Cultivation which has been materially affected by the unfavorable season, to the very small balance which stood at the close of the preceding Fusly, and to the large balance that remained uncollected against the Many Ryots, and Jaury Poottahs until the close of the year on under review.—

44 The increase of Rupees 9437-5-11 shewn in the charges of Collection, has been occasioned by the payment of Deputation Allowance to the Acting Principal Collector and to the non receipt of surplus cash into the Treasury.— Statements No. 13 and 14 will exhibit the particulars.—

45— The on number of Cultivating Ryots to whom Poottahs were distributed on was as your Board will observe from the Marginal Memorandum 1,54,733 or below that of last year by 3247- of this number, 239 have died, 38 Emigrated to the Zillahs mentioned in the Margin, and the remaining 2970 are those that tendered Razeenamahs on account of the badness of the season and from those reduced to Poverty. The number of the joint Poottadars who

in the above decrease, but after deducting under the same heads the Increase 1278 as particularized in the Margin there remains a Net

46 decrease of 969.

The number of Ploughs employed by Ryots in Cultivation was 37,371 or below that of Fusly 1251 (AD 1841-42) by 507, which make 1014 Single Ploughs this decrease is attributed to the unfavorable season which induced the proper Ryots to give up their lands, and from a decrease also in the number of Ryots receiving Puttahs. From the same cause, a decrease (1944) in

Fort St. George 30th October 1843.

is occasioned in the Number of Puttahs.

47 The extent of waste lands brought to accounts this year was acres 4,587-3-7 the Kerij of which being Rupees 7,448-5-7 exhibits an increase of acres 1,903-63-3 with Rupees 3,612-5-2 from which, deducting the decrease acres 83-31-4 with Rupees 108-6-7 there remains a a Net Increase of Acres 1,822-14-15 with Rupees 3,503-14-10. The particulars of this increase are fully shewn in the Statements subjoined.-

The Hills were as neither surveyed nor assessed- the Hill people paid a discretionary Teerwah from 2 to 10½ Rupees per Plough, and from ¼ to 3 Rupees per Hoe- Mr. Brett, the Acting Sub Collector who was deputed to settle the Hills with the assistance of Naik Sheristadar assembled the Head men and after a careful examination of the cultivated portion fixed a Teerwah of 1 Rupee per Acre, on lands obtained from the Mullyallies by the European & and other Settlers for Coffee plantation exclusive of those they held under Government Grant whilst for the lands held by the Hill people, the former rate of Teerwah upon Ploughs and Hoes was fixed and Puttahs issued accordingly-

Under

Fort St George 30th October 1843.

54. Under present circumstances and in the absence of any fixed assessment upon Ploughs and Hoes and even upon Lands I am uncertain how to fix any rate hereafter when application is made by the Hill people, for more lands, before a regular survey is made, and the lands classified and assessed. On these points I shall submit my sentiments in a separate Report as early as possible.

55. Of the lands granted to the Settlers for coffee cultivation under the order of Government dated 7th April 1833, Mr. Hayman, and Mr. Richards left waste acres 23—5—8. from Fusly 1247 (A.D 1837-38) to Fusly 1251 (A.D. 1841-42) and a balance also unpaid. Subsequently however, Mr. Lohrs, another Settler, paid up the said balance, and obtained the land in his name, on Puttah, with the consent of the parties

I

Fort St George 30th October 1843.

56. I will enter fully into the subject of Para 11 of the Board's proceedings dated 23d March 1843, when I submit the revised rules of the Rookummanah and Coolenamah, agreeably to their instructions of the 4th September.

57. In Para 19 of the Board's Proceedings on the Settlement of Fusly 1250 (A.D 1840-41) dated 23d March 1843, they prescribe the ancient usage that "Good and Bad land shall be taken and relinquished together." On this point I beg to refer the Board to Para 61 of the present Report.

58 Para 13 of the above Proceedings indicates, that Lands actually covered with jungle should alone be let out on Cowles. This restriction was already introduced by Mr. Sleig in Fusly 1251 and Talooks were accordingly sent to the Talooks in the Month of October of the same Fusly. It will however be hereafter inserted in the revised Coolenamah, in which another provision will be made, viz. that Cowles granted will be in proportion so as not to exceed the extent of the fully taxed land

land of an individual to whom it is granted with reference to the 18th Para of the same Proceedings. A Takeed and Istyar-namah on this subject will however, be previously sent to the Talookas.—

59. The Board in Para 25 do not appear to have approved of the proposal made by the Principal Collector in holding the Ryot, who may at any stage of his lease relinquished his Cowle land, responsible for the Jull Teerwah of the whole term during which he had been in possession of such land. This also will be adverted to in the revised Cowlenamah.—

60. Agreeably to Para 8th of the Board's Proceedings on the Settlement of Tuscly 1251 dated 23d March 1843 I have the honor to forward a Statement No 17 prepared in Tedavay shewing the particulars of the lands relinquished and again taken up.—

61. In Para 1 of the same Proceedings the Board enjoin the Principal Collector to give his attention to the subject of the following "If in the two Aah lands with reference to a decrease in such lands in the Talooks of

of Ahtar of Rupees 2,480 7 2 and to state his opinion in allowing a deduction under the head of "Jusul Cummee" in all such cases, as an inducement to the occupant not to relinquish the Superior lands as there are similar lands in the Baizepoor Talooke also I will examine into the accounts to ascertain their Cymash teerwah Pa as well as the accounts of the lands both under Cultivation and waste in the two Talookes and submit a Separate Report thereon.—

62. In Para 6 of the Extract from the Minutes of Consultation under date the 22nd July 1843 His Lordship in Council requires the Board to ascertain to what Extent over-assessment prevails in certain parts of Salem and what reduction may be necessary in the Assessment of Colonel Macleod's Division to bring it to an equality with the rest of the District and although the Board fully discuss this subject in Para 4 of their Proceedings dated 23d March 1843 animadverting on the reduction of teerwah in the Talooks of Paramutty and Rasipoor still I am inclined to be of opinion that the

Runjah

Fort St. George 30th October 1843.

Nunjah Lands in the above and Poizepoor Talooks, and some of the Nunjah and Tonjah in the Salem Talook are unfairly, if not highly assessed at the time of the Survey, Assessment was fixed on the Lands only under cultivation leaving all waste Lands to be subsequently assessed at the average rate of the Village and the Statements in Para 6 of the proceedings above quoted of the Board, tends to confirm me in the belief that, the subsequent assessment was unfairly imposed as the largest proportion of waste is found to consist of land taken up after the Survey. but Takeeds have been sent to forward to my Office all the Accounts connected with these supposed highly assessed lands, and on their being received and carefully examined I will submit my report thereon for the Board's consideration.

*22 July 1843

The Right Honorable the Governor in Council in Paras 15 and 16 of the above Minutes of Consultation* desires the Board of Revenue to call on the Principal Collectors to report whether in the absence of Succavy, recourse has been had by the

Fort St. George 30th October 1843.

the Ryots to money lenders and Merchants and whether the suspension of the indulgence has operated prejudicially to the people or whether they have been enabled to continue their Cultivation independent of such assistance. In reply I have to state that it has been a long usage in this District with even the poor Ryots to secure out of their yearly production, a sufficient stock of Grain &c. &c. as to enable them to carry on their cultivation without impediment, in the following year. The opulent Ryots store up their Grain without carrying it to the market until the price is gained, when it is taken and sold to advantage. Some of the poor Ryots are indeed to have recourse to the Merchants to enable them to discharge their Kists but not to carry on cultivation. the Ryots gather & borrow Seed when required, from one another.

64 When the granting of Succavy (discontinued in July 1843) was in practice in this District some years ago, the Ryots took advantage of the indulgence by applying for advances

Fort St. George 30th October 1843.

advances under the pretence of purchasing Cattle seed &c. and appropriated it to other purposes. Moreover, the Monegars of Villages carried on extensive frauds by receiving Tuccavy from the Tahsildars without distributing it among the poor Cultivators. Under all these disadvantages it does not appear that the Ryots derive any benefit or assistance by the granting of Tuccavy.

15. With reference to Para 18 of the Minutes of Consultation dated 22nd July 1842 I beg to report that Palmira Trees were commenced to be planted by J. Orr Esqre the late Principal Collector in Fasly 1241 (A.D. 1831-32) and from that time the plantations have increased yearly. The plants are now in a

a thriving condition throughout the District with exception of those that have been decayed or destroyed. The highest of the plants in some places is from one to three quarters of a yard, and in others less they are all fenced around and carefully preserved by the Village Servants. When these trees arrive at maturity they will be of benefit both to the Government and the community of the District.

16. The number of seeds planted from Fasly 1241 (A.D. 1831-32) to Fasly 1252 (A.D. 1842-43) is ——— 7,33,837

The number of seeds destroyed is ——— 57,84,676

By the avenues above exhibited are situated on the 19 Roads noted in the Margin which are all in tolerably good state. Many of these Roads together with several Bridges Drains &c. were constructed under the direction of Mr Ors and all the avenue trees mentioned in the Margin were also planted by the direction of the same Gentleman. The facility to wheeled Carriage &c. is enhanced and I have also issued Takeeds to the Tahseildars to keep all the Roads in perfect order. any injury done to them by Rami &c. is immediately

immediately repaired by the Villagers by voluntary labour, but when extensive damages are caused, the Tahsildars forward an Estimate for their repair, when actually necessary the disbursement of the amount is ordered from the fund from the Bandy tax or an application is made for Government sanction for the outlay—

70. During the progress of the settlement it came to my knowledge that in the Talooks of Tripatoor, Kistnagherry, and Ahtoor the Kurnums have embezzled lands by not entering them in the public accounts for a considerable time, and I deputed trustworthy Goomastahs to examine the Shelvar accounts in such cases and dispossed of them after a personal Examination according to the provisions of Regulation IX of 1822 in the Tripatoor Taloork, Ethies have effected a saving to the Sircar of Rupees 2,570 for Fusly 1252—in Kistnagherry and Ahtoor Talooks other similar cases are under investigation.—

71 In consequence of their being

being no correct original Cymash Accounts for several Villages in this District, there is greater facility for the Curnums to defraud the Sircar which requires a proportionate vigilance on the part of the Revenue Officers to check. I shall endeavour by employing the most efficient Servants of my office on the task to make Shelvar Accounts of such Villages as have no regular Survey accounts and adopt every means I can, to prevent Embezzlement.—

72. On taking charge of the District I found that all the correspondence in the Shenistadars and Sewalnavis' Departments was carried on, in the Mahratta language—I have ordered it to be written in Tamil which is the vernacular language of the Country the arrangement is unpalatable to the Mahratta Brahmins for many reasons, but I have the satisfaction of knowing that the community in general are much pleased with the change—

I enclose Copy of Mr Betts' report on the 3rd Division, and have much pleasure in recording the efficient manner

Fort St. George 31st October 1843.

manner he has conducted the duties entrusted to him- besides the Talooks of his Division, he conducted the settlement of Salem and Raizepoor and he has co-operated with me most cordially in all respects.-

73- Mr Hamilton has had charge of the Office of 3 Talooks- He had no Revenue charge when I joined the District and I deferred giving him any till the annual settlement was concluded- but I now intend to give him control over the Current business of two Talooks.-

74 Anagee Row my Head Sheristadar is attentive and Zealous in the discharge of his duties and has maintained the character - hitherto given of him.-

75 I have received great assistance from my Head Sheristadar Trimul Row; his acquaintance with the wages of the District is well matured, and his Revenue Experience and abilities entitle him to promotion to a higher grade which I should be happy to see conferred upon him.-

J.

Seasons

3. The Rain during the season was proper for Dry and Wet cultivation was only partial, and the supply on the whole was insufficient to produce average crops to the Ryots.-

The Average Prices.

4. The prices however of Paddy Ragy, Cumboo, Javary and Horsegram are below those of last Fusly by 8-12-6 per Cent; in consequence probably of a considerable quantity of those grains having been received from other Districts for sale in the Sub Division. The prices of the other grains exceed those of last Fusly by 13-2-0 per Cent.-

Settlements

5. The settlement for Fusly 1252 was commenced in the Month of February 1843. The Ryots were assembled for the distribution of Puttahs in the Talook of Namcul at the Cusbah and Moharoor, in the Talooks of Paramutty at Vellore, in the Talooks of Trichengode and Sentarry at the Cusbah Stations.

Puttahs and holders.

6. The total number of holders during Fusly 1252 was 35983. The number of their Puttahs is 27173 including those of the Colly Hills. Comparing these

these with last Fusly a decrease appears of 825 Puttahs and 744 Ryots.-

Ploughs.

7. The number of Ploughs employed this year was 8990. This compared with the preceding Fusly shews a Decrease of 294.

Cultivation.

8. The total extent of land cultivated during the Fusly of all kinds including those which were left uncultivated contrary to Rule was 157954 acres 35 as 2- assessed at Rupees 32,336. 3-11- a comparison of this with last Fusly shews a decrease of 7222-8-12 in the extent of land, and of Rupees 9551-10-5 in the amount of their assessment. This decrease is attributable to the unfavorable season. The particulars are shewn in the annexed abstract.-

28. The Pariz of some of the Villages in the low Country and that of the Hills having been augmented during this Fusly there appeared an increase in the Salary of the Village Curnums & Monigars amounting to 294-4-1 as shewn in the above

above abstract. The total decrease of 676-9-1 exhibited in the last column of the said abstract comprises two different items, one being Rupees 655-9-1 the salary of certain Curnums and Monigars whose Village Bariz has been diminished, and the other is Rupees 21-0-0 being the salary of a Tundulkar or Village servant of Moaroputty in the Nankul Saloke, the payment of which was discontinued according to the instructions contained in the Official Memorandum received from your Office dated 30th December 1842.

Extra Revenue.

29 The Revenue realized this year from Extra sources in which is included for the first time the tax on Carts according to a circular Sakeed sent to the Salooks from your Office dated 22nd April 1843 will be found in the Statement under Para 9 of this Report to be 7,616-6-5 which being compared with last Fusly shews a net increase of 2559-5-5. The

Fort St. George 30th October

31.

The increase in the Collection the Head of Sayer is chiefly attributable some improvement of the trade in Cloths this Fasly. The Collections are still below of Fasly 1252, but I hope through the impro of trade that a further increase will take in Fasly 1253.—

Collections

32.

The Land Revenue under the ment of Government for Fasly 1252 amou 3,71,419-12-2, of which the Collections within Fasly being 3,32,081-11-, the balance outstand the end of it was 9,338-1-2, of this the amount up to the 15th August was 3,495-9-5. leaving balance of 5,842-7-9. The amount reported irrec ble of the latter sum is 1341-2-4 and 76-8- balance against the Nimjah Lands of Cudd one other Villages in the Zaboork of Pramb which is still allowed to lie over till the pro respecting the assessment of these Villages be decided by the Board of Revenue. The rem of the outstanding balance Viz. 4526-4-5. will trust be Collected very shortly.—

33.

Of the amount stated to be irrec able the sum of 354-9- has since come for some time past against the Ledg

Fort St. George 30th October 1843.

of the Villages of Serkaley in the Paramitty Zaboork a proposal has been submitted by me for reducing the assessment in consequence of its being very po dent to repair the Lands and as soon as sanction is obtained for this it will be advisable to strike off the balance as irrecoverable. The remaining balance of Rupees 886-7-1. stands against deceased, deserted and indigent Ryots.—

Motupha

34.

The amount under this Head for Fasly 1252 is 19,713-15-3. Of this the sum Collected within the Fasly was 19,639-8-9. leaving a balance of 74-6-6. of which the sum reported irrecoverable is 10-10-6. The remainder will, it is hoped, be collected very shortly.—

Revenue from Estates.

35.

The Rents of the Estates under proprie tors for Fasly 1252 is 263,625-12-3. of which Rupees 241524-2-4 were Collected within the Fasly and this being added to the amount credited on account of Motupha (Viz. 4077-12-4) makes a total of 245,601-14-8. Of the remaining balance amounting to Rupees 18,023-13-7. Rupees 1,920-14-5, were Collected up to the 15th August leaving a balance of Rupees 16,102-15-2. for which the Estates in arrears have been sequestered.—

Mr. E. G. R. Fane Dy. Asst. Collr.	94

The Sub-Collector Mr. Elliot has drawn tent allowance for 20 days during which he resided in Madura; during ten days of this period he had charge of the District and the Hoozoor Cutcherry was at his disposal, he cannot therefore be entitled to the allowance and the Board can only pass it to him for the remaining 10 days on its being shewn that his residence at Madura during that period was necessary and that he could not be accommodated in the Hoozoor Cutcherry.
