The measure proposed by the Collector of Bellary will be of great advantage to the community and his Lordship in Council being of opinion that the expence attending it is comparatively trifling, he recommends that sanction may be granted for carrying out the project.—

I am directed by His Lordship in Council to observe that act No. X of 1842, is confined to the Presidency of Fort William, though the opinion of this Government as expressed in Mr. Secretary Ross' letter of the 5th July was to the effect that the Act might to some extent be beneficially extended to this Presidency.—

The attention of the Governor General of India in Council is requested to Para 2 of the same communication, expressive of the hope that the people when relieved from the pressure of the transit and town duties would be more alive to their own interests and well as being as connected with such Municipal arrangements.—

Sir,

I am directed by the Governor General in Council to acknowledge the receipt of your letter in the Revenue Department No. 1055. dated the 26th ultimo with its Enclosure submitting for the consideration of the Government of India proceedings and correspondence on the subject of an increase to the allowances of certain collectors under the Madras Presidency.

2. His Lordship in Council has paid careful attention to these papers and has had under review as well the Judicial as the Revenue charges of the Presidency of Madras.

3. He observes that under the operation of Act VII of 1843 which abolishes the Provincial Courts of Appeal the position of the Judicial branch of the Madras Service will be materially altered and its emoluments

Fort St George 30th November 1848

emoluments curtailed, while on the other hand the duties of the Revenue Department must necessarily be in some degree lightened in consequence of the proposed abolition of transit duties.

4. Under these circumstances the suggestions of the Board of Revenue were carried into effect, the Revenue would have a very decided advantage in point of advances over the Judicial branch of the service a distinction which it is not the policy of Government of India to encourage.

5. But apart from these considerations the Financial position of India does not admit that increased expenditure should be sanctioned in any Department of the public service, excepting on grounds of the greatest necessity.

6. In the opinion of the Governor General in Council this necessity does not exist in the present instance, and he must accordingly decline to give his sanction to any increase to the allowances of Collectors of Revenue in the Madras Presidency beyond the limit of 2000 Rupees per annum (which was originally fixed by the Court of Directors and has since been enforced

Fort St George 30th November 1848.

enforced) on the occurrence of vacancies by the Madras Government.

7. In the particular case of the Collectorship of Guntoor it is urged that the peculiar position of that district requires that the uninterrupted services of an intelligent officer shall be secured to carry out the important reforms rendered necessary by its critical condition, and the expediency of these measures the Governor General in Council does not desire to question. It does not appear however why Mr Stokes the present Collector of Guntoor should necessarily wish or be permitted to leave his district on the score of insufficient allowances. From the latest return in the possession of the Government of India, being the Madras Civil List of the 1st of May last, it appears that Mr Stokes draws a Salary as Collector and Magistrate of Guntoor of Rupees 2800 per annum, and that he was appointed to the office on the 1st July 1842 and had consequently held the fixed appointment for just 10 Months at the date of the return. It is further shewn that

1825 Fort St. George 32 Nov. 1843.

that up to the same Date, Mr. Stokes had resided in India 13 years 2 Months and 9 days, and the Governor General in Council cannot admit that for so short a Tenure of Office, and not very protracted residence in the Country the annual Salary of 28000 Rupees is so inadequate as to call for an increase of 2000 Rupees per annum in order to secure to the district of Guntoor a continuance of the benefits of efficient management.—

8. Unless therefore on further grounds than have yet been shewn the Governor General in Council is not prepared to authorize any addition to the Salary at present held by the Collector of Guntoor.

Recommending that the Estate of Moonegal may be delivered over to the exclusive management of the manager and adoptive mother of the minor zemindar applicable by them on their furnishing securities for the punctual discharge of the Peishcush and arrears

Para 1. I have the honor to request that you will submit for the consideration and orders of the Court of Wards the accompanying Copy and Translation of a Petition addressed to me by the Manager of the Moonegal Estate and the mother of the minor zemindar praying that as the renters have from unavoidable circumstances failed in their engagements the Estate may be made over to their (the Petitioners) exclusive management upon their engaging to pay up the outstanding arrears of Peishcush by certain instalments in addition to the Current Kists and that, for reasons stated, a certain abatement may be made in the Peishcush & that a portion of the Estate recently transferred to the Nizam's Territories may be restored to the Moonegal Zemindary

now submitted, came under the manage-
-ment of the Court of Wards in 1835, in
which year the late Zemindar Veeraa
Pandaram unfortunately died, leaving an
adopted son, Veeraa Vedunda Ramiah,
aged 5 years: on that occasion it was pro-
-posed that an arrangement then in
contemplation for renting out the entire
Estate for 12 years at a sum of Company's
Rupees 9825 — per annum should be
sanctioned on the responsibility of Vencat
-ta Kreestnarow, the natural father of the
Minor, whom it was proposed to appoint
Manager at the suggestion of the widow of
the late Zemindar.

To the Board 22nd March 1836

3.

The Zemindary was how-
-ever ultimately rented out for 10 years at
Rupees 11333-15-6 as stated by the Petitioners
from which a deduction of Rupees 791 was
made in 1839 in consequence of a tract of
land which had been up to that time
included in its limits having been a-

Cultivation of the was made this year, but as the rents, the nominal were the parties from whom in the first instance the means which have accrued since fusly 1250 Fa. 1840-41 amounting in the aggregate to Rupees 15878-11-6 were to be de-
-manded it was necessary to call upon them under their engagements to pay up these arrears, and in default, to have recourse to the proceedings enjoined by the Regulations. I entirely concur however in the observations made by the Petitioners as to the ill effects likely to result to the interests of the Estate from enforcing the provisions

of

of the Regulations by placing the Zemindary under annuity and have therefore no hesitation in recommending to the Court an arrangement whereby this may be avoided and which I trust may prove conducive, as well to the interests of Government, as to those of the Minor.

5. The Peishcush payable to Government on the Moonegal Zemindary which in consideration of its local situation and other circumstances was fixed at 1/13 instead of the usual portion of 2/15 of the gross assets was Rupees 4497-8 until fusly 1252 / 1842-43 when an addition of Rupees 538 was made to the annual demand under the terms of the arrangement concluded in april last for the settlement of the demand for Pollary made by the inhabitants of adjoining talooks belonging to the Nizams Dominions, whereby it was agreed, that the last mentioned sum should be annually paid direct from this Treasury to the Nizams Government in account of the

the Zemindar to be recovered from him with the usual Costs thus raising his annual Peishcash to Rupees 5047-8-

6. Statement A which accompanies this letter, shews the amount collected since the Estate first came under management up to the close of the last fusly to have been Rupees 7,083-13- & the amount of disbursements for the same period to have been Rupees 2126-3-9 there being thus a deficit of Rupees 442-6-9 expended on account of the Minors subsistence to this must be added Rupees 8313-14-6 due on account of Peishcush as shewn in statement B and Rupees 934-9 which have been disbursed on account of the Minor during the current fusly, and must be repaid in the event of the Estate being made over to the Petitioners, making the total to be recovered in that case Rupees 9677-14-3-

7. I have already received a request from the manager to move the Court of Wards and Government for some revision in consideration of the amount fixed to be paid on the Estate for Pollary, but

as

as I can see no reason why the Government should be expected to defray this charge, which at the time it was imposed was acknowledged to be, under the circumstances, a reasonable one. I have refrained from making any communication on the subject. Neither do I consider that the 1st request contained in the Petition now submitted can be entertained, Viz.t that for the restoration of the land awarded to the Nizam's people by Captain Gresley, as the decision under which the transfer took place has been confirmed by Government; but as a remission of 701 Rupees was sanctioned to the renters for the period to which their rent extended, in consideration of their being deprived of the cultivation of these lands, I consider it but fair that as the said lands formed part of the data upon which the permanent lease was originally fixed, the Zemindar should be allowed a remission of the proportion which he may be considered to have been paying upon

8. Should the Government concur in the propriety of making the reduction above recommended the annual Peishcush, will be reduced to Rupees 4,813–13–4 and adverting to the considerations which originally induced the Court to adopt the system of renting in preference to a System of direct Management, I would strongly recommend that the prayer of the Petition now submitted may be complied with, and that the Estate may be made over to the exclusive Management of Vencatakistnarow the father, and Gopummal the adoptive Mother, of the Minor, on their furnishing Sucurities for the punctual discharge of the Peishcush now recommended, and of the arrears due to Government up to this date, by annual payments of 2,000 Rupees

9- It is necessary to observe that the decennial lease of the Moonegal Purganah will expire with fusly 1255 / A. D. 1845/46 and the renters appear to have been punctual in their engagements till fusly 1248 / A. D. 1838/39 when, from adverse seasons, as well as the constant trouble to which they have been exposed from the demand made on account of Poollary by the Nizam's Government, some of them have actually left the Purganah, and the resources thereof have gradually fallen off, by which a considerable amount of arrear as above noticed has become due. Mr. Grant in his letter of the 30th October 1841. expressed his opinion that the amount of rent is exceedingly large, and could only be collected in good seasons. This was the cause of the renters being allowed to pay the arrear by instalments as reported in my letter dated 7th November 1842.

Para 12- The renters have however been unable to keep their engagement; Under these circumstances

J.

I do not see even the most distant prospect of their being able to discharge the arrear, and am therefore of opinion that the arrangement proposed by the Manager is the best that could be effected at present. By this which guarantees the payment of Peishcush and the arrears (the subsistence to the Minor being defrayed by the Manager) will nearly Amount to the rent amount as shewn in the Margin, independently of the Sibbandy charges.—

which, if the Estate is made over to him agreeably to his request, he will be enabled to make for the discharge of the private Debts of the Minor. This arrangement has been already effected - The sole Creditor T. Venkatachariloo having consented to receive thro' the Circar an annual Sum of 500 Rupees for 5 years and after that the Sum of Rupees 2,000 in each year till his whole debt is discharged. By this means, if it be permitted as solicited by T. Venkatachariloo that the Sum be recovered with the Peishcush payable to the Circar, the Zemindar will be freed from all apprehension of annoyance from legal proceedings for the recovery of his private debt, there being no one besides this individual who has any demands against him.

No. 1.

Translation of an Arzee addressed to R. J. Porter Esqre. Collector in the Zillah of Masulipatam by Sheevara Venkatakrishnarow natural father and Manager and Gopamah Adoptive Mother to Sheevara Codundaramiah Minor Zemindar of Mooneegalah Purganah Dated 11th October 1843.

The Villages belonging to this Purgana which had been under our enjoyment from a series of years being situated in the middle of the Nizams Country and surrounded with forests, the Honorable Company in consideration of the condition of our family and the State of our Purgana were pleased to establish the permanent Assessment on it in a manner likely to provide for the subsistence of our numerous family. From the time of our Ancestors we continued from generation to generation to manage our District in a Comfortable manner granting Cowles to the Ryots according to their desire and discharging the Circar's Peishcush in a punctual manner so that we might render ourselves worthy of the favor of the Circar Carrying on the support of the Swamy Pagadas

Pagodas as well as the maintenance of our family in a regular condition. While it is to the late Zemindar Venkatanursimharu had unfortunately tendered a security himself to the Circar for a sum of 23,000 odd Rupees for the Sayer Rent of the Division of Iggudshett but from the prevalence of famine in that year the collection of the Sayer revenue fell off, and a loss of 12000 Rupees was sustained thereby which the Circar having called upon us to make good we have according to their order engaged to discharge the same by instal=ments together with the Kists of Circar Peishcush. While we are thus discharging the balance together with the Peishcush the Estate was sequestered for arrears outstanding against it up to fusly 1244 & fusly 1245 the late Zemindar has departed this life. The Revenue Servants employe for the management of the Estate having contrary to the Customs observed in this Country exercised acts of oppression towards

Ryots & Villagers on account of some unusual charges such as fines and forfeitures and other contingencies the Villagers being unable to suffer such troubles emigrated into the Nizams Territory: this circumstance having been brought to notice the then Collector visited this Country and upon a due con=sideration of all the circumstances per=ceiving that the attachment of the Estate can yield no profit even to answer the demands of the Circar dues sent for all the Ryots again and encouraged them very much, and altho they posses no property to any extent he settled the Purgunah in rent to them for an annual Bareez of Rupees 11,333 — 15 — 6 so that it may cover the payments of Circar Peishcush and our Bostaud charges as well as render means for the discharge of our private Debts and granted Cowles to the renters for a decennial lease i e from Fusly 1244 up to 1255. From the time that the rent was thus settled it has not yielded even to the extent of a moiety of the annual amount in consequence of

of the Nizams people having raised affrays on account of boundary disputes and from the continued unfavorableness of the seasons notwithstanding such was the case we have aided and by every means caused the renters to discharge the Bareez in full (by contracting loans) for a period of 4 years up to 1249 without leaving any balance.

2 After the death of the late Zemindar, the affrays on account of Boundary Disputes on the part of the Nizams people increased to a great extent and Captain Gresby who was deputed here for the settlement thereof was a Gentleman of good disposition and equity, but to our misfortune he erroneously decided and made over to the Nizams people a large portion of our land to the extent of 360 Cutties which had from time immemorial been continued under our enjoyment and on which the former authorities passed decisions. From this event we have felt a loss of profit to the extent of 2000 Rupees every year. This circumstance having

been brought to the notice of the Authorities they were pleased to allow a remission of Rupees 701 in the annual Bareez of the rent but the possession of the lands transferred to the Nizams people has not been restored to us. The Nizams People have brought a recent demand of Poollary tax which has never before been usual for the Cattle of our Villages and excited great ravages in our country from fusly 1250. The Villagers felt themselves the victims of the violent oppressions and devastations on the part of the Nizams people and deserted from their habitations the renters also returned the Cowles to the Huzzoor and took their refuge in the Nizams Dominions. This circumstance has not only been noticed by us to the Collector but also every aid and encouragement was afforded to the remaining portion of the Ryots and the revenue was collected from them with reference to the extent of resources in the Villages according to the Estimates of produce made by the Circar Servants but however it has fallen in arrear to the extent of

from the renters and that on failure

Tahsildar thereupon proceeded to the
spot and called for the renters who having

it was a due course of justice that

seen sunnud, on his satisfying all his creditors whose demands may remain undischarged, the whole zemindary being in the first instance put up to auction and purchased on account of Government for the arrears of Peishcush outstanding against it.—

3. The sale of the Zemindary and the subsequent arrangements effected for delivering over the management of the portions of the Estates above specified to the Zemindar of Nooz were reported in my letters dated 7 April and 23d June last, and confirmed by the Board on the 26th May and 3 July last respectively.—

4. The next object which demanded my attention with the view of carrying out the orders of the Honorable Court was to effect a compromise with the Creditors of Narriah apparow on which the restitution to him of the remaining portions of the Zemindary depended.—

5. The parties whose claims upon Narriah apparow demanded the most immediate attention, I found to be, Birjee Mohundoss - Soinea, Velloory Venkatareddy Naidoo - Simbadry and Venkatadry apparow, and Lutchmeecauntamah, Narriah apparows' adoptive Mother.—

6. The annexed Memorandum shews the aggregate of the claims advanced by the parties abovementioned to be Rupees 1,34,542-2-2, a sum which it was obviously out of the question to expect that Narriah Apparow would be able to defray from the surplus proceeds of the Estates after it should be delivered over to him, within any reasonable period, and it occurred to me, that the most feasible method of adjusting these claims, if the consent of the parties could be obtained, would be by the transfer, permanently or temporarily, as the circumstances of each case might appear to require of a certain portion of the Estate, from the proceeds of which each claim might be realized. Accordingly, after frequent conferences between Narriah apparow, and the abovementioned parties,

parties, in my presence, an adjust
has been effected of which the follo
is a brief summary, and which
I trust will upon consideration be a

of the Village, and he agreeing to pay
the surplus sum of Rupees 885 at the
close of the lease.—

this arrangement is that on condition of the Village of Paidepurroo being alienated to her during her life, she agrees not only to give up her claim for the Monthly allowance in future, but also to forego the whole amount of arrears of allowance due up to this period with the exception of Rupees 500 which Narriah Apparow agrees to pay her on receiving charge of his Estate. It is also agreed that the Peishcush of the Village will be paid by Narriah Apparow during the life of Lutchmecantamah and that at her death the Village shall revert to him. —

11. The arrangements above noticed appear to be the best that could have been effected with reference to the present embarrassed circumstances in which Narriah Apparow is involved. The subdivision accounts are in progress of preparation, and I trust that no unnecessary delay will occur in their completion, but in the mean time, I should be glad to receive

and that it has been allowed to remain unnoticed ever since.—

19.

A 3d claim is one put in by Pesopanty Vencatrama sastry who sued Narriah apparow in the Provincial Court for the recovery of 18 Cattles of Enam land in the Village of Taudegadapah as well as of the profits arising therefrom amounting to Rupees 4,950.—

20.

This is one of the Villages composing the Chavendra Mootah which by the arrangement effected between the Zemindars of Nozeed and Nedadavole was made over to the former. The suit in question was instituted in the year 1840 and decided ex parte. The Decree was attempted to be put in force in March last when a Motion was made by me requesting that the Court would suspend execution until the Chavendra Mootah which was then under Circar management should have been made over to the Nozeed Zemindar. The Court accordingly granted the request and it was only in last Month that the process was renewed at the instance of the Plaintiff.

The

Pltf. 4th Claimant is Goondoo

21.

Venkata Chellum who states that a sum of Rupees 4,802 is due to him on account of the debt contracted from him by Litchmeicantamah adoptive Mother of Narriah apparow.—

Narriah apparow has been

22.

called upon to report on the different claims last noticed. In his reply he acknowledges the validity of the Ranzeenamah in the first case, but contends that the transfers have been forged after the death of Seetah by Chalekanny Vencatrama Jagunnatha=row who he states has made away with the property left by the deceased, who intended to alienate it to him, and that the Provincial Court have not however recognized the transfer in question.—

In reference to the 2d

23.

he acknowledges the loan to have been contracted by his adoptive father, but states that it has been repaid by an assignment which the original Creditor had received upon the profits which he, as rentor of 2 Villages in the Goondoo=galaroo Perganah was allowed to enjoy in satisfaction of his debt and that if the

account

Fort St. George 30th November 1843.

accounts between the renter and his adopted father were to be examined, it appears that the Creditor has been overpaid 24.

The 3d Claim relates to profits arising from the Enam land situated in the Village of Paindegadapa which has been made over to the Rozeedar Zemindar. The revenue of the Enam land in question while under Circar Management were carried to the Credit of the Estate and the Plaintiff can legally have no claim on Nariah Apparow for the same. As the right to the Enam land is now vested in the Zemindars of Nuzeed and it is understood that under orders issued by the Sudr Court he is about to defend suit, it does not require any notice.

25.

The 4th and last claim appears to be a transaction between Lutchmanah and her Creditor and as all the property was once sold and now is now forthcoming, it does not call for any notice.

26.

Adverting to the foregoing observations and the validity of the claims themselves not having been fully established, I am of opinion that the adjustment thereof be left to Nariah Apparow.

Whereas on 19th March 1840, a Samalya arzee, as well as an Extra Petition, the former to the late Collector Mr. Grant, and the later to the Provincial Court of Appeal at Masulipatam were presented by one Narrian Opparow Bahadur whereby I bound myself to pay to my adoptive Mother Lutchmekantamah a monthly allowance of 200 Rupees in ready Cash every month for her life, but a sum of Rupees 11,400 payable to her on account of her monthly allowance at the above rate for 57 months from December 1838 during which my Zemindary was attached, up to August 1843, has fallen due to her, of which she has remitted a sum of 10,900 Rupees to me, the remainder 500 Rupees I hereby engage to pay her in ready money within a month after the Circar shall be pleased

I have in lieu of that agreed to alienate to her a Village Tandeepirrow in the Nedadavale Purganah appertaining to my Zemindary, to be continued to her for her maintenance under the following conditions, Viz.th, that I shall cause the said Village to be inserted in the Circar accounts in her own name; that the amount of Permanent Peshcush, which may, after the subdivision accounts are prepared, be determined by Government on the said Village, shall be paid by myself to the Circar together with the Peishcush payable by me for the Estate under my charge, but it is not to be paid by her, that, in the event of the Estate being at any time attached by the Circar on any account whatever, She shall (if she chose) pay herself the amount of Peishcush of the said Village to the Circar and enjoy its profits herself, that after the attachment is surrendered and the Estate is repossessed by me, I shall continue to pay the amount of Peishcush myself to the Circar

allowance of 200 Rupees in ready money payable from the month of September 1843 shall give me for my subsistence a Village called Tandesurroo in the Nedadavole Purgunah appertaining to his Zemindary so soon as the Estate shall be restored to him by the Circar that the said Village shall be caused to be inserted in the Circar accounts in my own name, that he shall pay himself the amount of the annual Peishcush which may be fixed on the said Village by the Government after the preparation of Subdivision accounts, together with the Peishcush payable by him on his Zemindary Estate, but it shall not be paid by me to Circar, that at any time or on any account whatever, if the Zemindary of the said Nariah be attached by the Circar, the Amount of Peishcush of the Said Village shall (if so) be paid by myself separately during the time the Estate may be under attachment, and I shall enjoy its resources myself, that after the removal of the attachment, and restoration of the Estate to Nariah, he shall continue to pay to the Circar the Peishcush of the said

said Village himself instead of my paying it; that I shall enjoy the profits of the Village myself as long as I live as it is bound to revert to himself after my demise. I shall not have any authority of transferring or making over the said Village to others merely enjoying a kind of resources therefrom for my subsistence without paying any sist thereon, that the arrears outstanding against the Villagers of the said Village, shall according to the account of Settlement made by the Circar which may be found recoverable from them be collected and paid; that the Enams belonging to Sawmy Pagodas and Brahmins &c. in the said Village should continue in any interruption be allowed by me to continue in the same manner as up to the preceding year. Thus we have entered into certain Conditions. In the event of any infringement of the Conditions above alluded to on any ground whatever the Conditions above set forth shall be cancelled and the claim for one for the payment of the entire amount of the arrears of my allowance due by him

him to me, shall remain in force, for these Conditions, I have with my free will given my assent.

We both hereby engage and state that, we having with our free assent entered into the conditions above referred to, we shall without the least deviation or failure on our part, bind ourselves to bring the conditions into effect.

This Samakyah Paper, &c. agreement of assent was drawn out with our free will and consent.

I, Mariah Sparrow further state that, If I shall fail to alienate the said Village Land pursuant to Lutchmee Kantamah as aforesaid the claim for the payment of both the arrears of the said allowance of 200 Rupees per Month in ready Cash up to the above date as well as the Monthly allowance payable hereafter to her shall remain in force against one and shall be made good by

Zemindar of the Purgana
of Nuddavole &c.

Honored Sir,

Para 1. From a thorough knowledge of the active part which you have incessantly taken in securing to individuals their respective interests as well as in distributing justice among them, especially the praise worthy assiduity and munificence with which you have invariably looked to the upholding against failure into entire oblivion of the dignity &c.

Fort St George 30th November 1843.

ancient Zemindars among whom your Petitioner, an object of the utmost pity is one, I presume with due deference to embrace this opportunity to trouble you with this but concise Petition in the fullest confidence that you with your wonted humanity snatch me out from the inextricable eddy in the Sea of the most dismal poverty which could ever be into which I have chanced to fall and which I am altogether despaired of being able to get out from unless by the Landable assistance of your merciful hand.—

2. The Government having conveyed to your honor thro the Board of Revenue the orders issued by the Honorable the Court of Directors regarding my Zemindary Estates after taking my deplorable case and the embarrassments with which I met into their favorable and candid consideration your honor was pleased to issue an Chayetnamah to me stating that you will on behalf of Government purchase all my Zemindary Estates in public auction; that of those Estates the Purganahs of Pentapaudoo and Goondoogolanoo and the Mootah of Chavendra will be made over to the Zemindar of Noozeed in accordance to the Stipulations agreed upon by me under the amount

deed

due by me to him, and the remaining two Purgana of Nedadavole and Baharyully and the Mootah of Amberpetta will be put in my posaession upon a fresh Cowle, after remitting the whole of the arrear payable on my whole Zemindary; and that I should therefore satisfy the remaining creditors on my Estate and also Rajah Sunkaray Opparow Bahadur &c. who are the Members of my family, and who are entitled for allowances from my Estate respectively—

3- I therefore now beg to state that I cannot express my joy for the great indulgence which the Honorable the Court of Directors, who are the ruling power, and who are in the light of Parents to such helpless ancient Zemindar as myself, were pleased to do me, and that the arrangements I adopted by your kind assistance, and in obedience to your above favorable Enquetnamah are that, I satisfied my adoptive Mother Lutchmeecauntamah, Simhadry Apparow Bahadur and Venkataudryrow by promises to make over to them some Villages from the Estates which may be put in my posaession in satisfaction of the Amount due to them on account of their allowances of past time, and on account of the which may eventually fall due to them, that I

have also reconciled Sait Bregemohanadoss Sowcar and Villoory Venkatareddy naidoo who are the creditors on my Estate, with promises to leave them two Villages for some years on a condition that the amount of rent in every year should be taken by them in liquidation of their debts- They having given their consent to the above proposal, I and they presented a Petition to your honor on different dates to that effect- There are no any kind of obstacles such as the above debts for making over to me the Estates of Nedadavole &c.—

4- I am ready to pay to Government the Peishcush which your honor may fix on the Talooks On a Subdivision being made which may be at present put in my posaession- If your honor be pleased to take from me a Karaarnamah to that effect and to make over to me to Talooks fixing a Peishcush in temporary measure at your discretion, I shall manage and bring the Estate into a flourishing state and continue to pay the Government the amount of Peishcush according to the kists which your honor may fix at present, and I shall also stand answerable to such amount of Peishcush which your Judgment may direct after the Subdivision is closed- I therefore implore

Fort St George 30th November 1843.

implore your honor will after taking all the above circumstances into your pitiful consideration be pleased to comply with my requests.—

5.

In the event of any delay taking place in making a reference to higher authorities on the subject and to obtain their sanction, I hope your honor will in the meantime be pleased to allow me to appoint servants on my behalf in my Talooks for managing the business in connection of those employed by Circar and to favour me with an Enayetnamah to that effect and at the same time issue orders to your servants in the Talooks in order to enable me to bring the Estate into a good state by encouraging Ryots. Unless this course is pursued it will be hard to make regular Collections to meet the Circar demand by the time the sanction is received.

6.

I further beg to state that formerly the Government had been pleased to grant the permanent Cowle to my late father, deducting about 105000 Rupees the amount of one third, under his profits from the average Collections fixed according to the accounts which were prepared by Circuit Committee and

an yearly Peishcush of Rupees 210,000 At present their having no proper Crops in the Talooks and in the prices having been also diminished, the circumstances of the Ryots have been reduced to poverty and the Collection has been also decreased to a great extent. Therefore I not only not obtained the amount of one third which former. ly the Government had been pleased to deduct under my profits but also a great part of the amount of Peishcush was fallen in arrears.

and

and thereby the Saulooks were brought to sale, which your honor is well aware of. I have nothing to represent further than begging your honor will graciously be pleased to fix a moderate Peishkush upon the Saulooks when they may be made over to me so that such a distressed condition as the present one may not happen to me in future.—

For which act of kindness I, as in duty bound shall.

From the Collector of Guntoor

To

E. C. Lovell Esqre

Acting Secretary to the Board of Revenue Fort St George—

Sir,

Reporting in reply to the 25th letter of the 22nd that Mr Doo-dakis dismissal is considered necessary on the ground of the acts with which he was charged before the Joint Criminal Court of Guntoor especially of forwarding a Power of Attorney to make knowing it to be fabricated,

I have the honor to acknowledge the receipt on the 17th ultimo, of your letter of the 2nd of that month, and as therein desired, to state the grounds on which, I still consider Mundapeauty Seoboya's removal from the service necessary, and to transmit the Statement he has given in his defence, with translation—as also copy and translation of a deposition given in the case.—

2 That Seobaya's removal from the service is imperative, will I think be evident to the Board on consideration, in connexion with such other, of the several charges on which he was forwarded to the Joint Criminal Court, and which, it will be observed, the acting Criminal Judge pronounces to be "fully proved by the admissions of the parties implicated, the arzees addressed to the Magistrate, and the evidence before the Court"—The case stands as—

Fort St. George 30th November 1843

as follows.-

3. A little boy is, under the orders of the Head of Police compelled by threats and intimidation, to say that he had given a chembu which he was supposed to have found, to his father. The father is then on the 1st of August without any charge being preferred against him, illegally placed in custody on suspicion of having done what does not constitute an offence cognizable by the Police, no report at all is made of his being placed in custody nor of his being under enquiry till the 3d of the month, on the night of the 4th he meets with some injury which caused his death on the morning of the 5th which fact the Head of Police delays to report till the 15th with the report then made he sends a document purporting to be the decision of a Punchayet held on the day of deceased's death by the Head of the Village and written by the Curnum, in which it is stated, that after inspecting the body and examining the relatives, the Punchayet are of opinion that

Fort St. George 30th November 1843

the deceased, died by the bite of a snake. It is proved that the Punchayet was not convened on the day the deceased died, that the body was not seen, nor the relations examined by them, but that the paper was written by the Curnum, and signed by the other parties, under the direct orders of the Head of Police, five or more days after the date inserted in it. A perusal of the Curnum's deposition sent herewith which is corroborated by much of the evidence is sufficient on this point.-

4. Now granting, that in the first instance Seshoya acted from an error of judgement in ignorance of or not understanding the provisions of Regulation XI of 1832, which remove the matter in question from the investigation of the Police, still I cannot admit that such a plea ought to shelter him from the responsibility of his subsequent acts. He is a man of known ability, and has been a Head of Police for twelve years and cannot but have been acquainted, with the general spirit of British administration even if he had forgotten the particular enactments, and orders violated in his proceedings. The Circular order of the Sonjidaree adawlut of the 25th March 1824 expressly directs that in all cases when the death of

Fort St. George 30th November 1843

of a person in custody may occur, the Tahsildar and two Men the Heads of Villages, should hold an inquest on the body - The cautions against the employment of violence or threats against unnecessary detention of prisoners more than 48 hours and against the falsification of dates, are repeated and notorious -

5.

If the Head of Police had in the first instance sent for the deceased, with a view of participating in the treasure he was supposed to have found, and if he had kept him in confinement subject to violence or severe intimidation resulting in some fatal injury and eventual death the course adopted by Soobaya is just what might have been expected. The intention to have the body publicly examined, the fabrication of a report that it had been examined and the delay to report the death for ten days would probably have effectually prevented detection. The time gained by delaying the report might very successfully have been employed in suborning false evidence and suppressing truth.

6.

The defence requires little remark. It contains many falsehoods but as all that is included in the charges against him, has been proved judicially, it is unnecessary to refute them. Soobaya's assertion that he is the victim of party is altogether false, as the measure of depriving my assistant

Fort St. George 30th November 1843

assistant to enquire into the case was taken immediately on hearing read the arzee dated 15th of August reporting the death of Ramadoo, and not a single servant in the Cutcherry made any representation to me on the subject -

7.

As he has referred to his revenue management it may be stated that he was one of the two Amuneens whose conduct was brought to the notice of the Board by Mr. Goldingham in connexion with that of the Head Sheristadar Shaukagerry Row, for procuring the suspension of collections on account of Fusly 1248, to the extent of Rupees 16,818-4-8, of Fusly 1249 of Rupees 7,346-11-2 -

Defence given in writing on the 21st October 1843 by Mundapanty Soobia suspended Head of Police and ameen of Timmerecottah Tannah in the Zillah of Guntoor

Having been called upon thro' the Pedda Coorapaud Head of Police to

State

Fort St. George 30th November 1843

state what I have to say in any defence as any dismissal has been recommended to the Board of Revenue on the ground of my proceedings in the case of washerman Ramaswamy and especially of my having sent a Punchayets licence, with a false date. I beg to represent as follows.-

In the case of the aforesaid Ramaswamy's death, I did not put a false date to the Punchayetnamah, and send it, neither has any complaint been preferred against me in this affair, or regarding any other circumstance attending it neither does the order for my suspension dated 21st August contain any mention of my having been suspended chiefly for having caused the Punchayets decision to be falsely dated, as will be apparent by the accompanying copy of the order. Indeed to. Moreover I beg to say, that having obtained the favor of my superiors by my exertions and the diligent discharge of my duties for the space of about eight years at the Hoozoor as Shenistadars Mahutgar &c.- and as Ameen and Head of Police for 12 years at the substations and when deputed to make special enquiries in

Fort St. George 30th November 1843

in other departments it is very unlikely that in so trivial a case, I should expose myself to the reputation of having sent a Punchayetnamah with a false date - altho it was not customary in this Zillah either to cause a Punchayet to be held or to make any report to the Magistrate, about people whose death may have been occasioned by a bite of a snake, and altho many people were aware in this instance of the aforesaid Ramaswamy's death having been so occasioned in his own house, notwithstanding the means resorted to by repeating Mantrums &c. to avert the effects thereof, and all of which proved ineffectual, yet (as a complaint had previously been preferred against this person, about a small Chembo with money or other valuables therein having been found by his son, who promised to give a share of it to a boy of the Mahommetan persuasion then present with him, but did not afterwards do so) in the course of the examination it having been brought to light that the son of the deceased had actually found a 'Chembo' and had brought it and given it to his father Ramaswamy, and regarding which (as stated above a report had previously been made to the Magistrate, for the

Fort St. George 30th November 1843

the purpose of still further coming at the truth of the facts of the case about the finding of the Chembon the said Ramaswamy was that day placed in the custody of a peon, without any material restraint whilst so confined; he in company with several others then there was sleeping on a cloth in the open air and had the mishap of being bitten by a snake, I did think it better in this case, to have a Punchayet held and to report to the Magistrate, and therefore the same day Ramaswamy died I directed the Head of the Village and Curnum to join in company with 5 principal royets, and hold an inquest according to the rules in force and to write and give me a Punchayetnamah. They promised so to do and went away I was sick at the time and engaged in other public business there-fore I forgot to cause that paper to be filed that day or the following day, and they also omitted to bring and file it. On the 3rd day I sent for the curnum and when I asked him angrily to fetch that paper he sent for the Moonsiff also, and then had the Punchayets decision in their presence given presented to me. That circumstance can be understood in the defence given by me at that time, and by the deposition of the Police peon

P.V.

Fort St. George 30th November 1843

peon Seroomalla Shetty Bajaviah However as the date thereon is the same date on which Ramaswamy died, and on which I directed them to convene a Punchayet; I naturally supposed it to have been written, the same day of his death when I made a report to the Magistrate about Ramaswamy's death having occured by the bite of a snake, I noted at the foot of the Punchayetnamah in question "the date of despatch" and sent it accordingly. The note regarding the despatch was merely affixed according to memorandum just to refer to when required, but this procedure of affixing the date of despatch cannot make me responsible for the contents of the document. This is all that took place, I did not knowingly put a wrong date to the punchayetnamah, and send it. The Head of the Village is the proper person to convene Punchayets, as in cases of common occurrence, as has all along been done. It is no business of mine. Had the Curnum or Head of the Village who are intelligent people, and who can read and write and engage in transacting business been advised by evil disposed people, to put a false date to this document, why would they have done so. It cannot be believed that they would

Fort St. George 30th November 1843

would have acted in such an unprecedented manner
in compliance with any such illegal request
when it was found, that the acting Head
Assistant Magistrate was examining very
strictly into the particulars of this case, the
Head of the Village and others, as may natu-
be supposed, because either damned or were
unable to explain the difference between the
date, on which the Punchayet namah was pre-
pared, and the date it was subsequently
filed by them, and appear to have deposed
somewhat inconsistently about this - whereupon
the Head Assistant Magistrate committed
them together with the Punchayetdars and myself
for trial before the Joint Criminal Judge, who
having made further enquiry into the circumstances
attending the case levied a fine of 35 Rupees from
the rest, at 5 Rupees each, and from me of 75 Rupees
for certain errors, but for no other cause as was ap-
parent by the decision of the Joint Criminal
Judge then explained to me - no allusion whatever
was made, that with reference to the examination
of the charge preferred against me, there was
any thing in the evidence to shew that I had
caused violence to be done to any body. This
will be clearly understood, when the record

in my case before the Court, and the decision thereon are
thoroughly perused. The case having been settled, as
stated above why should the Magistrate the emblem
of Justice in other instances, not continue to reiterate
to the higher authorities the charge that I had intentional-
-ly falsified the date of the Punchayets decision. I must
attribute this to my misfortune and still sent a pursuit
that I will obtain commensurate redress. Should
I not succeed in my endeavours. I am confident that the
Board at least will be pleased to send for the record
of the examination before the Court, and the acting
Joint Criminal Judges decision in the case, to
take into consideration such letters as may have
been addressed to the Board and my defence and
act justly towards me - They to add that altho it
was not specified in the Collector and Magistrates
Hoo'koom of the 21st August to my address, that I had
falsified in the date of the Punchayetnamah in
Ramaswamys case, but it is merely stated that I had
confined Ramaswamy without sufficient cause and
as I had delayed to report his death, which occurred
during such confinement under suspicious circumstances,
I was placed in suspension for the purpose of a full
investigation into the matter being made by the acting
Head Assistant Magistrate - In cases where hidden
treasure &c. may be found in this Zillah it is usual

usual for the Head of Police and Magistrates
send for such persons and make enquiry and
report about it - and similar things have been d
to a great extent, there is no order precluding such
enquiry, and as I was afraid that if a complaint is
brought of hidden treasure having been found
Laukeranje land, and I had failed to enquire and
make a report about it, blame would be attached
to me I sent for those persons, and took depositi
from them, and reported the same by an arzee dat
to the Hoozoor on the 3d August 1843. as the circumstan
attending this discovery was not then fully understood
I sent the man named Ramaswamy in custody
the purpose of soliciting other particulars about th
from him on the 4th August. If it was improper fo
me to enquire into this case it ought to have been
intimated to me immediately, instead of doing
an order suspending me soon my situation was
issued on the 21st August a case of hidden treasure
in Bellumcondah Tumah was enquired into by
Mr Goldingham. I have myself acknowledged
that a delay of 8 days occurred on my part in re
porting the case, as I was suffering at that
time by sickness occasioned by my
having previously been employed in
the measurement of grain &c and got wet. The circumstance

Fort St. George 30th November 1843—

of the deceased having died by the bite of a snake
is plainly proved before the Head Assistant Magis-
trate and Court, and is notorious. In conse-
quence of party disputes since the last 6 years in
this zillah some ill disposed persons misrepresented
the case to the Gentlemen, with the view to injure
me, an old Servant - while I was Sheristadar
at Hoozoor. I laboured much in a suit &c Mr Wisp
was pleased to bestow on me a reward of 100 Rupees.
Mr Johnston in the Nizam's Territory recommended me
to the Collectors of this District, for the care that I had taken
in Police matters in Timmerecottah. Mr Lewin
offered me a situation of 250 Rupees in Rajah-
mundry. My Police management has been
approved of in the order of other offers. I have been
employed to investigate cases under other Heads
of Police. 35605 Rupees and odd were collected
in Fusly 1242. The dowle has been progressively
increased up to Fusly 1247. Rupees 99,580 and
odd were collected - In Fusly 1252 when much
loss was sustained by Ryots and much balance
remained on other Tannahs of the Settlement
of Rupees 1,00,348 and odd, I collected the whole
within the Fusly with exception of 3722 of quit
rent which unavoidably remained outstanding
and Rupees 957 and odd of poor Ryots—

My suspension from the situation

of

Fort St. George 30th November 1843-

of 100 Rupees took place two months ago. I have a large family of 12 Children and 21 Adults, I have no means of support but the Police Service Consequently I trust that even now the Magistrate and the Board will duly inquire into my case and grant me redress-

I request the Magistrate will be pleased to have this properly translated, and send to the Board with a favorable recommendation

I have the honor to transmit with reference to the correspondence noted in the Margin the accompanying Original Petition of Subbeyah Venkatkistna Row late Ameen of Pachoor and previously Naib Sherishtadar in this District and earnestly to request the Board's favorable consideration of the prayer therein contained, that they will be pleased to withdraw the prohibition against his re employment in this District —

The grounds on which I desire the Board's permission to re employ V. Kistna Row

rest alike on consideration of justice to himself
and of the public interests of the District.

3 The best proof of this individuals
great ability and general integrity and of the
soundness of Mr. Goldingham's very high opinion
of him as a Public servant presents itself
in the marked improvement which occurred
in the administration of the District, and
successful accomplishment of several important
public works during the time he was in office
and in the fact that though he was subjected to
the severe ordeal of being tried on nine charges
before myself and one before the Joint Criminal
Court, he has been convicted in none and
honorably acquitted in all but two. The re-
=sult of all these trials has been laid before
the Board in the letters cited in the Margin.
I would only here solicit the Board's attention
to the remarks of the Acting Joint Criminal Judge
on the prosecution of Kistna Row by Royal nand
dated with my letter of the 28th Ultimo.

4 It is my own deliberate conviction
and appears to have been that of the Joint Criminal
Judge that the virulent clamour against

V. Kistna Row as evinced in the Petitions to the
Board resulted solely from the vindictiveness
of a faction whose share of the patronage of
the District and the perquisites of Office
had been abridged through his influence.

5 I do not mean to maintain that
Kistna Row has been faultless or that in the
state of the District eighteen months ago
his employment would have been then desirable.
But I think the Board will now consider
that he has suffered at least adequate pu-
=nishment in his exclusion from Office
for 19 Months, during 17 of which, he has been
incessantly employed in defending himself
against Prosecutions which have all ended
in his acquittal.

6 The spirit of party in the Cutcherry
is now layed, and I have no fear that Kistna
Row's restoration to Office would revive it.
The particular mode however on which
he should be employed I shall be prepared
to determine when I learn the Board's orders on
his Petition. — Signed H Stokes

Most Honored Sir,

With infinite submission I beg
submit the following few lines for your honor
favorable consideration trusting that I shall be
pardoned for my intrusion.

Your honor is aware that I have
proved innocent in all the Charges that I was
put to an examination under being in Number 8
consisting of 1 assault Charge, 1 bribery charges, and
1 Charge of selling blank orders of Appointment before
Your honor and 1 conspiracy Charge before the late
Joint Criminal Court of this place, wherein it is
also plain that the evidence both verbal and do-
-cumentary produced against me is false and
fabricated —

As to the 4 points Viz. First, that my
corresponding with the Talook servants by Yadasts
is contrary to Gouernments order 2ndly that I have
an interference with the Guntoor Head
of Police in a Police case, 3rdly that my

purchasing bullocks from Raka Naugoy is
objectionable and 4thly that I have taken
a part in selecting the Establishment for the
attachment of the Vadsereddy's Estate which
are imputed to me, I beg to represent that the
following explanation will convince your honor
that my conduct is not to be impugned upon in
them. —

As to the first I beg to say that
my corresponding with the Talook servants was
extensively on the occasion of supplying ma-
-terials to the bridges &c. which has no con-
-nection whatever with the Revenue or Police
Departments of their Offices and scarcely
on any occasional point requiring an immed-
-diate reference according to the custom existing
here - The notes not bearing my signature pro-
-duced by some Amens as received in the
covers franked by me not genuine but
fabricated by them under the instigations
of my rivals. In the former affair myself
and the Head Accountant who both were
engaged in the performance of the work
were used to write Yadasts and receive
answers. It was done with the sole idea
that the issue of every order for supplies from
the Collectors own hand would put an obstacle

are imputed to me, I beg to represent that the
following explanation will convince your honor
that my conduct is not to be impugned upon in
them. —

As to the first I beg to say that
my corresponding with the Talook servants was
extensively on the occasion of supplying ma-
=terials to the bridges Vizn which has no con-
=nection whatever with the Revenue or Police
Departments of their Office and scarcely
on any occasional point requiring an imme-

answers. It was done with the sole idea
that the issue of every order for supplies from
the Collector's own hand would put an obstacle
upon

Fort St. George 30th November 1843

upon the speedy performance of the work. Be-
=sides this, this practice was of long continu-
=ance in this office. Even the present Head
Sheristadar &c. who were of long standing
on the establishment of this District were
in the habit of corresponding with the Talu
servants on certain occasions. And the order
in question of the Government was not of
a date posterior to my entertainment in this
office. So that I could not come to the know
=ledge of the Government's special order on
this subject.—

As to the 5th it ought to be totally rejected
The imagination that I may have an interfe
=-ence with the Head of Police rests merely upon
the deposition of the Head of Police himself
The persons whom he named to have con
=veyed to him the intelligence from me have
totally denied it. Thus what weight can be
attached to the Statement of the Head of
Police. He had been irritated by the insti
=gations of my other revals and feared himself
that if he did not obey them they will
injure him some way or other, & so stated in
his deposition whatever he was advised to state—

As to the 3d it may likely appear
that

Fort St. George 30th November 1843-

that Nougoy sold to me the bullocks to a
reduced price than what they cost him at
first. They might have been fresh and in
good order when he purchased them, but by the
time he destined them to sale they were too
lean. I paid them the price fixed by himself
(Nougoy) and some mediators upon them;
but subsequently found however reasons to
repent of that bargain, since one of them
is too weak and lays down himself under the
yoke - It is further easy for your honor
to consider what such a saving in bargain
will signify to me with reference to my
way of living.—

As to the fourth, the Board's attention
=tion seems to have seriously attracted by the
disparity of writing between the body of the orders
of appointment and their heading which consists
of the name of the Nominee - This has been
easily reconciled by the explanation given
again by your honor; I however beg to represent
that the above disparity of writing proceeds
exclusively from the preparation of the orders
by one hand and the filling up of the names
by another both before they received the sig=
=nature of the Collector. Your honor has further

been

been convinced to this fact by the similar differ=
of writing in the orders of the subsequent arrang=
=ment bearing the present Head Sheristadar's
signature too — I was not even in the Huzzoor
Cutcherry at that time when Vasiereddy's Peons
was attached. The only points that remain
to account for are 1st that I was with the
Head Sheristadar at the time when the list of
Peons was prepared and 2ndly that some of
were distributed by the Head & Assistant Sheris=
=tadar when I was with him. My petition
on the record in this case are I think refutation
enough to testify that no corruption was pro=
=ceed by me. I however beg to repeat that my
Sunnik Office being stationed in the outer
hall of the same house wherein the Head She=
=ristadar kept himself up — I was at his pre=
=paring the Peons list desired by him to keep up the
Volunteers from pressing too much upon him, which
I did and for the 2d I followed the Head Assistant
Sheristadar to his House from that of the Head
Sheristadar, sat there a few minutes and then
went away to my house, but I did not any way in=
=terfere with his distributing the orders —

Under these circumstances and in confi=
=dence that your honor's experience of the past offers

of this place since these 18 Months past and
especially during your honor's travels throughout
the Talook on Circuit and the correspondence in
the Office in regard to my service, between the
Collector and Board might have testified to
your honor that my conduct was in no case
injurious to the state, I most humbly beg, to
solicit that your goodness will, if you think
it just and right, be pleased to lay before
the Board of Revenue a detailed account of
my sufferings get a reversal of their 2 orders
the one that I should be removed from the Huzzoor
Cutcherry which (Vide Mr. Golding's letter to me
of date the 30th November 1841) was long ago ex=
=pected by the late Collector to be altered
and the other that my employment in
this place should be altogether prohibited
and provide me as handsomely as may
compensate for all my troubles. —

2.

Inclusive of Extra collections the gross Salt revenue of 1252 / 1842-43 exhibits a decrease below 1251 / 1841-42 of Rupees 18,818—11—3 the increase having been more than counter-balanced by the falling off in the sales for home (Rupees 8,130—5—2) and inland consumption /Rupees 34,397—6—0/

The decrease in the home sales which has occurred with one exception /Pakala/ in all the places of manufacture, is most marked in those of the Canderty and Doogarauzapatam pans. The falling off at the former place

is

Fort St George 30th November 1843

is attributed to ordinary fluctuation of the demand - in the latter to the resolve of the Vencatagherry Merchants to the Chingleput Cotaurs for the sake of more favorable measurement which they understand to be given there - The Board remark that there has been a decrease compared with last fusly in the inland sales at this Cotaur - and that the sales in fusly 1251 / 1841-42 also fell below those of fusly while the sales at the adjacent pans in the Jaghire have greatly increased they propose to draw the attention of the Board of Chingleput to the subject with a view to the introduction of an uniform system of measurement at the frontier pans in the Chingleput and Nellore districts if there be at present any difference in the system which obtains there.

3.

The inland sales have fallen Rupees 34,397 6 0 below those of the year preceding the deficit being principally in the Estrapully and Judda Divisions That in the former is ascribed to the

Fort St George 30th November 1843.

of the practice of manufacturing earth Salt in the Ceded Districts. The attention of the Collectors of Cuddapah and Bellary will be called to this subject. The Board must however notice that the Estrapully inland sales for fusly 1252 / 1842-43 tho' below those of 1251 / 1841-42 are yet Rupees 3,000 above those of 1250 / 1840-41 which seems to render it doubtful how far the manufacture of earth Salt in the districts alluded to has been carried to an unusual extent in the year under report - The Judda pans which in fusly 1250 / 1840-41 amounted to Rupees 18703-5-7 were increasing increased to Rupees 59463-14-0 want of salt at the Chingleput Cotaurs having induced the Lumbadies to resort to the adjacent pans in Nellore. In the present season the same cause has ceased to operate, and the Judda sales have reverted to their former outturn - The Board will consult the Collector of Chingleput on the propriety of discontinuing the manufacture of Salt at the Soonapagoonta Cotaur as suggested by Mr Stonhouse -

The

Sayer 6

The current Collections under this head show an increase above those for Fusly 1251 1841-42 of Rupees 4,064 on principally in the inland duty on Tobacco under Ghee, and in some degree also in that on piece goods from the experimental removal of the manufacture of a certain description of cloth formerly common in the District of late years entirely discontinued. See Paras 15 and 16 of the report before them the Board observe that the loss of Sayer revenue accruing on

Fort St. George 30th

[illegible] in the duty on cloths in favor of particular classes is nearly to the same amount as in the year preceding which again was below that of Fusly 1250 1840-41 results whence it may be clearly inferred that the operation of this indulgence is duly checked and controlled. The Board are also pleased to observe that the balance due from the renter of the [illegible] Sungella Sayer Choultry commented on in Para 8 of their proceedings of [illegible] February 27/43 is in course of liquidation.

The outturn (including arrears and extra Collections) of the Abkarry Sea Customs, Stamps, and Sundry small Farms for the year under report as contrasted with that of the foregoing is exhibited in the subjoined abstract Statement. The increase or decrease on these several heads is fully explained by the Collector. there is nothing which appears to demand particular notice. There is no current balance on any of these branches of Extra Revenue

The Moturpha settlement for fusly 1252 / 1842/43 has fallen below that for 1251 / 1841-42 Rupees 272-3-2 which the Collector ascribes to the decrease in the number of Looms. Both piece Goods having extensively supplanted the native Manufactures. As however the inland duty on piece goods realized in the year under review, would seem from Para 14 of the report to have exhibited a slight increase above that collected during the previous fusly, the Board would have anticipated a corresponding result in the outturn of the Loom tax for the two years.

Sir,

I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Nellore reporting the death of Renaut shah who received a Yeomiah of 30 Rupees per Month for his subsistence and for the support of a Chaultry consisting of three buildings in Nellore for the accommodation of travellers. granted for the performance of certain ceremonies at the Mohurrum.

The Yemiah was reduced by Mr. Graves in 1804 to 15 Rupees per Mensem but in 1829 Government were pleased to cause it to be paid up in arrears and continued at the above original rate. It appears therefore to have been intended that the Yeomiah should be hereditary and the Board recommends that it should now be renewed as the Principal Collector proposes in the name of Ghulam Hoossain the eldest son from the date of Renaut Shah's decease (20 October 1842) subject to such charges as may be necessary for restoring one of the buildings which is stated to be in a dilapidated state and maintaining them in proper repair hereafter.

Season

4 In the Month of May when the dry Cultivation commences and also in June the rain was scanty and partial. The same was the case in July and August except in the Talooks of Triputty, Cuddapanuttum, Vencatagherry, Cottah, Polore, and Wundiwash, where there was a rather better supply. Rain fell after the 15th of September sufficient to supply moderately most of the Tanks except in the Talooks of Wundiwash, Pennacherry, Putwaid and Triputty. The rains continued favorable till the latter end of November when they ceased entirely. Some of the Talooks held at this time a supply of from 2 to 3 Months water and others were full. A little rain fell in January but partially. The state of the season prevented Cultivation being carried on to any extent until November and hence the dry Cultivation and the Cultivation of the early wet Crops was very limited. There were other causes besides the want of rain which checked the extent of Cultivation a disease appeared among the Cattle about the Month of November which destroyed great numbers, and the Cholera broke out about the same time and prevailed extensively throughout the District. In the Sautghur Talook the return of deaths by Cholera amounted to

to 1,383, and in the Vellore Talook to 1782.

Cultivation Dry Land

5 Dry Cultivation was carried on to a very small extent until the Month of November. It was then too late for the Cultivation of the earlier and more valuable description of dry Crops, and the Cultivation of the latter dry Crops, was checked by the want of Cattle, all that were available being required for the Cultivation of the wet lands, an unusual extent of which was waste when the rains ceased in the latter part of September. Hence the decrease in the dry Cultivation is compared with the preceding year amounts to Cawnies 34,422 - 19/16 as. assessed at Rupees 92,094 - 1 - 10 as. Rs. a. P. Of which loss Rupees 3804 - 9 - 9 as. Rs. a. P. or 14 - 7 - 7 per Cent occurred in the Collectors Division and Rupees 38047 - 8 - 9 as. Rs. a. P. or 26 - 8 per Cent in the Pulicat Division.

Wet Lands. 6 The early wet Crop was grown to a very limited extent and only in Situations in which Well and Spring Channel water was available, and under large tanks in which the water of the preceding year had not been exhausted. The great Crop or Sumbah which is Cultivated in the middle of the season, and is classed as a 1st Crop though it cannot properly be classed either as a 1st or 2nd Crop is Cultivated to some extent. The Cultivation

of the 2nd Wet Crop was very limited. These Crops are raised on land on which, if the season has permitted, a 1st Crop has been previously grown. In the Southern Talooks the nature of the Assessment discourages this discription of Cultivation, because the Assessment on the land not varying with the number of Crops grown on it, it is not profitable to grow a second Crop on two Crop land unless a first Crop has been raised on it, and the Ryot hesitates to grow a first Crop because he cannot foresee whether the season will afterwards permit of his growing a second one. In the Northern Talooks the Assessment on two Crop wet lands is on the Crops, the Assessment on the 1st Crop is rather higher than the Assessment on the 2nd Crop, but if the 1st Crop has not been raised the 1st Crop Assessment is levied on the 2nd Crop if the 2nd Crop is grown. This practice somewhat discourages the raising of the 2nd Crop when, as in the season under review circumstances have prevented the raising of the first Crop. In the wet Cultivation there was a total decrease of Cawnies 8,574 - 4/4 assessed at Rupees 1,14,588 - 2 - 10 as. Rs. a. P. or 9 - 1 - 3 Rs. a. P. per Cent of which Rupees 34,172 - 1 - 10 a. Rs. a. P. or 4 - 5 Rs. a. P. per Cent occurred in the

price of Paddy at Rupees 84-5-2 per

13 The difference of the aver
price in the Collectors and Sub Collec
Divisions appears to be occasioned by
causes- Paddy is grown in the Sub Col
Division in much larger quantities
reference to the numbers of the popula
than in the Collectors Division. In th
Collectors Division the proportion of dry
Cultivation is greater than in the
Sub Collectors. In the Talooks of the
Collectors Division, which adjoin the Sub
and in which the proportion of wet Cultiv
is similar to what it is in the Sub Collec
Division the prices closely assimilate
those of the Sub Collectors Division, b
when an average is taken of the prices
Collectors Division and the same of
prices in the Sub Division these aver
differ on account of the high prices of Pad

x 13 April 1843

in one or two dry grain Talooks of the Collectors Division-

14 With regard to the principle on which Mr. Goldingham fixed the Average Commutation price at Rupees 84—5—2- I have to observe that the commutation price differs not only in every talook but in different parts of the same talook. The commutation prices of the District were originally fixed with reference to local circumstances such as the proximity or distance of markets and high roads- For instance the commutation price of a Garee of Paddy grown within 2 Miles of a large town like Tellore is higher than the Commutation price of a Garee of Paddy grown 15 Miles distant- The average of all the Commutation prices of the Collector's Division is as stated by Mr. Goldingham, Rupees 84-5-2 a.a.p. a different Average Viz. Rupees 85-6-5 a.a.p. have been quoted in some formed Reports, but this appears to be incorrect and the error seems to have arisen from some of the Commutation prices having been omitted in taking the Average. The Average Commutation price of the Sub Collectorate is Pagodas 25 or Rupees 87—8—

22. It is not the practice to make any

which there are Wells as it is presumed that
in such land the ryot has the means of Culti-

In the Trivellum talook there was a quantity
of land of this description in which the 1st Crop
had not been cultivated owing to a want of
water in the Wells and after a supply of water
had been received the Ryots refused to

amounted to Rupees 12,486-13-5 As P being a decrease
of Rupees 1,812-5-10 As P on the remission of the

This remission is granted under the instruction of the Board of Revenue on certain Wet Cultivation belonging to Mr. Groves at Chittoor which is irrigated from private resources.-

Ryotwar Remission of 12½ per Cent:

39. In Para 8 of their Proceeding
the Land Revenue Settlement of Tuely 18
The Board prest upon the Collector the
expediency of keeping the Ryots in attend
while the Summabundy Accounts of the
Villages are in preparation. The Ryots
feel this to be a very serious grievance
The greater part of them have no comple
to make regarding the demand upon
them and are perfectly well aware of
the amount of it-is, having paid
great part of their years Rents before
the Summabundy Commences. Most of
them have to come a considerable dis
tance 10 or 15 Miles to reach the Cutche
and most of them also being poor and
obliged to work with their own hands
would find an absence of several days
from their Villages while Cultivation is
going on a very great inconvenience. Those
who have or fancy they have cause
of complaint always attend when the
Puttahs are delivered and most comply
also when the accounts are preparing
If the latter is the case at

their objections are enquired into by the
Collector before the Puttah is prepared
When the Puttah is delivered to the Ryot in
the presence of the Collector, the amount
entered in it is called out and if the ryot
pleases he can object at once. But it is
very seldom that objections are then made
for the first time, for the Ryot will know
ing what the demand against him is, almost
always objects while the accounts are
in preparation, and the Collector has con
sequently heard and disposed of his case
before the preparation of his Puttah. In
consequence of the Board's observations
I sent an order to the Tahsildars to give
notice to the Inhabitants of every Village
to attend the Cutcherry with their Curnums
when the accounts were in preparation,
but I at the same time ordered them
not to compel the attendance of those
Ryots who were unwilling to leave their
homes. The consequence was that none
attended but those who had complaints
to make until they were called up
in a body to receive their
Puttahs.

39. In Para 8 of their Proceedings
the Land Revenue Settlement of Fasly 1250
The Board press upon the Collector the
expediency of keeping the Ryots in attend
while the Summabundy accounts of the
Villages are in preparation. The Ryots
feel this to be a very serious grievance
The greater part of them have no complai
to make regarding the demand upon
them and are perfectly well aware of
the amount of it-is, having paid a
great part of their Years rents before
the Summabundy Commences. Most of
them have to come a considerable dis
tance 10 or 15 Miles to reach the Cutche
and most of them also being poor and
obliged to work with their own hands
would find an absence of several days
from their Villages while Cultivation was
going on a very great inconvenience. Those
who have or fancy they have cause
of complaint always attend when the
Puttahs are delivered and most comply
also when the accounts are preparing
If the latter is the case at
