Extract from the Minutes of Consultation in the Military Department dated 10th November 1843.

Read the following Petition.

To His Excellency Lieutenant General The Most Honorable George Margiess of Tweeddale &c &c &c

V.C.B. V.C.B. V.C.B.

The humble Petition of Veerummal the Widow of the late Mootealoo Naicke Subadar in the Honorable Company.

Most Humbly Sheweth,

With due submission and respect your Lordships' Petitioner begs leave to state that in consideration of the long and faithful services rendered by her said husband as a Subadar during a long and uninterrupted period of about 60 years, as well as having discharged the duties of a Police Darogah at the Presidency, after his having retired on a Pension equal to his full pay of Twenty Pagodas as also 50 Cawnies of Nunjah land as a Maneum

for

for three successive generations in the Villages of Pottary and Salaboguru, with an additional allowance of 40 Pagodas subsequently to his appointment as Police Darogah on the day of its first establishment, which allowance he enjoyed for some time and on the abolition of the payment to this appointment he continued to perform the duties gratuitously for the space of two years. The 50 cawnies of land thus granted is attached to the Saloke of Canjeveram in the Zillah of Chingleput yielding an annual revenue of Pagodas 271 fanams 11 Cash 58 which your Lordships' Petitioners husband held and enjoyed (Viz. the said Maneum Land) up to his death.

That on the demise of the said Subadar the Pension was discontinued and the said 50 cawnies of Maneum land is registered in the name of your Lordships' Petitioner in the Collectors' Office of the Zillah above stated according to the conditions of the Purwanah granted to her said husband, which she is in possession of and in the enjoyment of the revenue thereof.

Your Lordships' Petitioner begs to bring to the consideration and notice of your Lordships in Council that ever since

the said Maneum Land was put into her possession, it would be superfluous to mention, the difficulty she has continually laboured under, to realize the amount of the annual revenue from the Inhabitants who cultivate the said maneum land, in consequence of your Lordships' Petitioner being a female, and residing at Madras far from the above named Village and having no proper person to undertake the management and realization of the annual revenue, an undue advantage has been taken of her by the said refractory inhabitants.

Your Lordships' Petitioner had 5 daughters Viz. 1st Natchar Ummal, 2d Authee Ummal, 3d Runganmmal, 4th Canaca Ummal alias Tolasy Ummal, and 5th Munga Sutchenie Ummal. The 1st died previous to the death of your Lordships' Petitioners husband, and afterwards the 2d and 5th also met the same fate, but the 3d who is now the successive heiress after your Petitioners death and 4th together with children of the deceased are alive and depending for their bread upon this boon alone, as signified by the will of your Petitioners husband.

In support of the above allegation your Lordships' poor and helpless

Petitioner

Fort St. George 7th December 1843.

Petitioner humbly entreats your Lordship in Council will, in Consideration of the many important and weighty services rendered by her late husband in the several formidable Campaigns in which he received many severe wounds which were also well known to the lamented Lord William Bentick and Sir George Barlow when they were Governors of this Presidency, be graciously pleased to order a Pension calculated equally to the annual apeasement of the said Manneum lands to be paid to herself and to her next Heirs at the Sub Treasury in Madras whereby the Government may assume the possession of the said Manium lands by which arrangement Your Lordships' Petitioner will be relieved from the trouble to which she has been subjected hitherto, in realizing the revenue from the cultivators.

Your Lordships' Petitioner begs to enclose herewith a copy of the Purvanah and the Copies of the Characters and Testimonials granted to your Lordships' Petitioners husband for your Lordships' perusal. For which act of benevolence your Lordships' most humble Petitioner as in duty Bound Shall Ever Pray.

To The Chief Secretary to Government Fort St. George

Sir,

By desire of the Committee of Management of the Agricultural and Horticultural Society, I do myself the honor of forwarding a copy of a Resolution adopted at the last Quarterly Meeting. In support of the request therein made I beg to subjoin a copy of a letter received from the Secretary to Government in the Public Department in the latter end of 1840 Wherein it will appear that Government, at that time, entertained the liberal intention of sanctioning the Distribution of Prizes for various Agricultural produce - I cannot account for the list therein called for never having been forwarded, and it undoubtedly appears strange that the Society after soliciting aid from Government and obtaining so favorable a reply should at that

point

Fort St. George 7th December 1843.

point have dropped the matter - That the encouragement held out by pecuniary awards for the best Samples of Indian Produce would tend much to the General Improvement of Agriculture; the grand desideratum of the society's operations, there cannot be a shadow of doubt - And the Society trust the Most Noble the Governor in Council will view the matter favorably, and permit the society to give notice of an Intended Distribution of Prizes in January 1845 -

The list is one that was drawn up with great care on a prior occasion, and in the year 1840 prizes were actually given for produce; as specified opposite the several articles -

enumerated in the list annexed to the above letter.

2. The Revenue Board, to whom the foregoing letter will be communicated, will be pleased, in compliance with the wish of the Committee of Management of the Agricultural and Horticultural Society, to request the Collectors in the Provinces to give publicity in the Native Languages to the list of Articles of Indian produce, for the best samples of which, it is proposed to award prizes in January 1845. to the extent specified.

Before issuing these orders, His Lordship in Council would desire to have before him, the opinion of the Board of Revenue on the list of Articles proposed for prizes, and to receive any suggestions they might have to offer on the terms upon which those prizes should be awarded - He considers it also desirable, that it should be a condition of the prize, that the party receiving it communicate full information, as to the nature of the soil, the mode of culture and the causes generally which may be reasonably supposed to have enabled him to raise a superior Article.

Sir,

As the manufacture of Salt is about to commence in this District, I have the honor to request, you will inform me, what quantity is likely to be required for exportation to Bengal for the year 1844- The amount estimated for and sanctioned under date 15th August last is 3500 Madras Garces This supply however will not be equal to the demand, should the Bengal Government require as much as they gene-rally do- There will be 1500 Mds required for Home consumption as there now remains only 940 Mds in store, and consequently there will be only 2000 Mds to send to Calcutta, whereas the usual Indent from the Bengal Government has been for 4000 Mds and I would suggest that I be at once allowed to contract for 1500 Mds in excess of the 3500 Mds already sanctioned in Au-gust 1843.-

Proceedings

DGR

18916 Fort St. George 7th December 1843.

Read letter from the

In Con.n 16th October 1843.

Collector of Bellary dated 27th September 1843 reporting on the management of the Extra sources of Revenue in his District for Fusly 1252.

32

Were enter No. 827

Proceedings. Para 1.

Relative to the Settlement of the Esetra sources of revenue in the District of Bellary for fusly 1252.

The Settlement of Extra Revenue for the year under report exceeds that of the Fusly preceding by Rupees 3,452 — the increase in Abkarry, Small farms and Moturpha (Rs. 10,431) having more than compensated for the falling off in Sayer and Stamps Rupees 6979 —

Demand	
1252	89,227
1251	89,775
Increase	3,452

Sayer Demand	
1252	3,37,545
1251	3,43,799
Decrease	6,254

2.

The Current revenue under this branch falls short of that of Fusly 1251 by Rupees 6,254 — there being a decrease of Rupees 516 — on the rented customs, and Rupees 5738 — on those retained under Government Management — the former is attributable to diminished competition for the Betel and Tobacco farms — the latter has occurred altogether in the duties levied on the trade in the foreign States the amount realized on imports being by Rupees 6,819 — that on exports by Rs

than the corresponding results of the
year preceding. The decrease in the im-
ports has occurred principally in Dyes
from the Nizam's dominions - and Silk
thread and Betul nut from Mysore, -
the diminished imports of the latter com-
modity is ascribed to the failure of
the Crops in those Talooks from which
Bellary is chiefly supplied. It should
however be added that the quantities im-
ported during Fusles 1250-51 Fy. 1840-41 and 41-42. were very
much above the average - No detailed explana-
tion is given as to the decrease in the exports
to Foreign states - The whole demand was
realized within the Fusly --

3.

Among the articles enter-
ed in the Statement contained in Para 4
of the Collector's Report the Board remark
that of Earth Salt which in the Fusly under
review has paid in inland customs the sum
of 3830 Rupees - some further explanation
is required as to this commodity - The
Board wish to be informed to what pur-
poses this salt is applied, at what places
it is manufactured, what is the usual price

as compared with the average selling rate
of marine Salt in the Bellary District - whe-
ther it be used by the lower order as an ar-
ticle of food, and if so whether its consump-
tion be found to be prejudicial to health,
and whether it is practicable to prevent the
production of it --

4.

The Collector is also requested
to state on what grounds inland duty is
levied in his District on an article the manu-
facture of which is prohibited by Section III. -
Regulation I. 1805 and which does not appear
among those Commodities to which by the procla-

Only the trifling balance of Rupees 467 is outstanding, of which a portion is stated to be recoverable.

9. In Para 9. Mr Meller advert to a peculiar description of Moturpha tax known by the name of Manabank. The Board will

Fort St. George 7th December 1843.

will await his more detailed report upon this subject. The grounds on which this impost would seem in some instances to be demanded, are unquestionably not such as would warrant its retention as a source of Extra revenue. In his treatment of the question the Collector will however be careful to distinguish between what may in fairness be regarded as a tax on the disposal of cases connected with caste, religious and Domestic matters, and that which may properly be referred to a tax on profession, on houses &c. He will also ascertain whether parties assessed both to Manabank and Moturpha, are subject to a light demand as compared with others in similar circumstances, on account of the latter tax in consequence of their being likewise liable to the former. He should he consider the retention of any portion of the manabank to be adviseable he will further state his opinion as to whether its realization should be conducted by the officers of Government or rented out as appear in some instances to be the present practice.

10. It will be observed that the Goodewaurum or Pagoda tax has been discontinued

discontinued during the year under review.

11.

The Stamp revenue as given in the report has fallen Rupees 725 below that of Fusly 1251 A.D. 1841/42. The Board however remark that the sales as now stated by the Collector amount to Rupees 25,975. whereas in the demand Collection and balance sheet of the 11th July last, the collections were entered at Rupees 26,265–3–4. This difference requires explanation.

Old arrears.

12.

From Statement B appended to the Report it will be perceived that the balances of Extra Revenue on account of previous fusles are confined to the single head of Inoculation in which Rupees 120–3–5 only are outstanding. of this Rupees 100–14–3. are shown to be irrecoverable, and the Board concur with the Collector in recommending that they may be written off.

13.

In reference to their Proceedings of 22d December 1842 / No. 574 / the Board observe that the additional information called for regarding the sugar Cane cultivation in Bellary has, within the last few days, been received from the Collector. The Board will submit their sentiments on the whole question at an early date.

Sir,

From the Collr of Bellary --

Para 1. Returning a Petition No 1028 of 1843 of C. Baisapah Veesabady Ryot of Pattoor in the Gooty Talook of this District, and stating that no reductions can be made in his Veesabady Taxes nor could the Taxes of his brother Doda-spah be remitted for the reasons herein stated--

With reference to the endorsement of the Board under date the 4th July last on the inclosed Petition of Cooderecarah Karebasapah a Veesabady Ryot of Pattoor on the Gooty Talook of this District, I have the honor to submit the following report on the Petitioner's case--

2. The Petitioner stated that the Veesabady tax of Canteroy Pagodas 6-7-9- equal to about 20 Rupees which he pays to Circar is exorbitant, and prays that a reduction of 2 Canteroy Pagodas may be made in his own Tax, or that the demand of 2 Pagodas Charged on his Brother Dodapah at Maulapooram for Fusly 1252 F. 1842/43 being withdrawn, adding that both of them collectively pay the 20 Rupees in the Petitioner's name--

3. The Petitioner represented his case to me some time ago, and a reference having been made to the Tahsildar of the Talook

ECR

Fort St. George 7th December 1843.

Talook, it was ascertained that the two Brothers divided property some 15 years ago. The fact of which is also confirmed by the proceedings held at Law, consequent upon the institution of a suit between them. Doddapah the brother of the Petitioner resided for some years at Muddekarah in the Punchapollem Talook paying a Veesabady of one Canteroy Pagoda, and having subsequently left it and wandered about several other Villages, he at last settled himself at Malapooram in Fusly (1252) F. 1842/43. under the Profession of a retail Shopkeeper - as his dealings affected the interest of other Merchants who complained of the same. He was allowed to remain on condition of paying to the circar 2 Canteroy Pagodas which he agreed to, a corresponding reduction being allowed in the Taxes of those who suffered by his Trade, consequently the amount should be recovered from him as agreed to, though he has been hitherto prevented by his brother (the Petitioner) from discharging it pending the result of his false complaint---

Under these circumstances, I cannot recommend the exemption of Doddapah from

from the payment of his Veesabady, nor can I see any reason to recommend a reduction in that of the Petitioner himself - he should pay the tax which may be settled or fixed for him by means of Punchayet under the Provisions of Regulation IV. of 1818.

Resolution thereon. 1. Petitioner and his brother having divided their property, the latter has been properly rated to a separate tax.

2. The Board of Revenue do not gather from the last Para of the foregoing letter whether the Collector has reviewed under Section VIII Regulation IV 1818 the award given by the Punchayet against Petitioner. If not he will be pleased to do so, reporting the result in his Register of Petitions.

Ordered that the following endorsement be passed in No. 1028 of 1843.

Endt. Petitioner and his brother being of a divided family, the latter has been properly assessed to a separate tax for the retail trade carried on by him.

Sir,

With reference to a letter from Mr. Acting Collector Lavie to your address under date the 2nd January 1840 reporting the death of Pedda Gungamah the holder of a Poligar Pension No. 29 of Mr. Ross's Register X and recommending that the Pension be continued in the name of her son Narsimma Naidoo and the order of the Board communicating the sanction of Government dated 24th April 1840. I have the honor to bring to the notice of the Board that the present incumbent being a boy of 13 years age has been brought up by his Mother's sister Chinna Gungamah who was also his step Mother, and as she was the natural guardian Protector, no special appointment of a guardian was

This grass is required by the people of the Country for thatching their houses and Cattle sheds, and the partial renting of it appears objectionable. The introduction of these rents probably had their origin in Village disputes, and quarrels amongst the Merasedars, the amount realized is small, and in some instances may occasion oppression. In the event of the rents being withdrawn the whole of the inhabitants, Payakaries as well as others, should be allowed to cut the grasses for their own use, and the Merasedars prohibited renting the grass to others.—

Sir,

With reference to your letter* I have the honor to forward the Statement therein called for together with a Memo† for the information of the Board shewing the Net loss that may be expected on relinquishing the general inland duty of 5 per Cent and retaining the collection of the Town and Frontier Duties—From which statement it will appear that independent of a loss in the Transit Duty of Rupees 15,794-8-1—2. there will be a further loss in the Stamp Duty on the Sayer Rowannahs amounting to Rupees 8,391—15—8. after deducting Rupees 441-11—4 the Commission of 5 per Cent paid to the Stamp Vendors.

2. Out of the Gross loss amounting to Rupees 166340—4—10. a saving of Rupees 7,194—4—6. will be effected as particularized in the Memo, leaving a Nett loss of Rupees 8,146—4—4.

Aug 5,

3.

The inland Duty being collected by the present Establishments employed in the Town Chowkies a portion thereof amounting to Rupees 3,186 can be dispensed with on the relinquishment of the Transit Duty. As the renting of the Town Duty is preferable to the Amanie system whenever favorable terms can be obtained, there will be a further reduction in the charge amounting to Rupees 3,762, on this Duty being rented out.

4.

The Average collection of the Frontier Duty amounted to Rupees 40,324-12-3 as shewn in the Statement. This being added to Rupees 28,306-9-6. the amount of inland Duty credited in part payment of the Frontier Duty on the Exportation of Goods by land to Pondicherry a sum of Rupees 68,721-5-9. may be expected from that source of Revenue but an addition to the Frontier Establishments will become indispensably necessary to guard against the smuggling which may be contemplated to a great extent, owing to the smugglers endeavouring to avoid the payment of the whole Frontier Duty. The

5.

The Sea Customs do will be augmented from Rupees 17,741-12-1. which is the average Collection of the three years to Rupees 46,165-12-1. as the general Inland Duty of Rupees 28,424-1- credited in part payment of the export Duty and shewn in the Memo, would be realized in the Ports but in the event of the rates fixed by the schedule appended to the Act No. XIV of 1836. being adopted it will fall to Rupees 30,022-7-9. as appears from the statement and thereby a loss of Rupees 16,143-4-4- is to be anticipated.

Secretary to the
Board of Revenue
Fort St. George.

Sir,

I have the honor to report in reference to the 2 letters in the margen that I yesterday gave instructions to the Sub Collector to restore the estate of Cunewady to the Zemindar. Rt Appiah Sawmy Naick, after having myself received from him the balance due amounting to Rupees 14.093-9-9

2. When, on the 12th July 1841. I submitted a general Mohunzabtah in expectation the estate would then be immediately restored to the proprietor. I provided for its reduction on a considerable scale by suppression of the talook of Killacotay giving the half that still remained in the Cos hands to the two adjoining talooks: and keeping a police establishment for the restored Zemindary alone at a monthly expense of 130½ Rupees.—

3. Further consideration makes me prefer, though at an increased expense to Government, to keep the remainder of the revenue of the Talook under a Tasildar of the same denomination

Rupees 199-8-0 per mensem

denomination of "Nellacotay" with the police of the whole talook as heretofore. but with a much reduced Establishment as shewn in the enclosed Statement for which I have the honor to request you will procure me sanction.

I hesitate to trouble the Board with my remarks unless they see any thing requiring explanation on my part.

1. In reply to your Memorandum of the 30th Ultimo, containing certain questions with reference to my letter of the 27th September on the subject of the Cunneevadee Estate, I have the honor with reference to the 1st para thereof to acquaint you that

Para 1.

in

in consequence of my not having retained any Copies of my Semi official correspondence I was not able to mention the precise dates on which the notes were written.—

Paras 2 & 3.

2. The communications to me respecting the parties who had promised to interest themselves in procuring the release of the Zemindary being verbal. I am not prepared to name them or give the names of my informants. The matter in itself is of little importance. The evident fraud alluded to was the loan of 20,000 Rupees professedly advanced to pay a balance of about 8,000 Rupees whilst the documents accompanying my letter traced the transaction and Mortgage of at least half of the Estate to the suspended Sabsildar Shanmugam Row. The only steps I took in the matter were to obtain attested Copies of the documents and as soon as possible after your receiving charge of the District from me to bring the same to your notice. Another Bond has I believe since been registered in the Court for the same purpose, so that besides an entirely new transaction, the former registered deeds of Mortgage remain in full force without the slightest pecuniary assistance on their part

27 Sept 1843.

part. Indeed the late Robbery at Dindigul has deprived them of the immediate means of affording it.—

Paras 4 & 5

3. Towards the close of fusly 1252 A.D. 1842/43 the Zemindar stated by Petition his willingness to redeem his Estate, but never tendered the money nor himself personally at any time appeared: and up to this date not a Rupee has been put in the Polligar's hands by the Mortgagees of the Estate. & so pressed for money was the Polligar, as stated at the end of the 8th para of my said letter that he was forced to draw his allowance money after the end of the fusly, thereby raising by about 5000 Rupees instead of diminishing the amount of balance against him. The money was not to be given till the bonds were registered — and that ceremony was not performed till the fusly was passed — According therefore to the instructions of the Board of Revenue the Estate could not be restored to the Polligar without at least reference to higher authority, which would have been made, had I ever received any reply to my question to the Naib Sheristadar, put about the 16th of July, because I was induced to suspect from

Fort St. George 7th December 1843.

— from all I had heard and seen that the Estate had been formally resigned: but the document was not forth-coming or any satisfactory denial or disproof that it ever existed — The documents which increased rather than satisfied such doubts are made mention of in para 4 of my above said letter: and are so strong that I could not well overlook or mistake them — Even the Zemindar fully agreeing to and enjoying the 10 per cent allowance is in favour of the supposition that the Estate was resigned by his father: for it may be observed that those Zemindars who are bent on the restoration and enjoyment of their Estates refuse such allowance. The case certainly appears deserving of a strict & impartial examination & I really consider the investigation easy & even desirable as it may come to light hereafter — I say this more on behalf of the Ryots of the Zemindary than the Cirkar because I cannot but feel the tyranny & exaction which is likely to be resorted to, to make the speculation answer as mentioned in the 5th & 6th paras of my letter of the 27th Ultimo — 4.

I have no particular document to prove that the Ryots ran away from the

Fort St. George 7th December 1843.

the Zemindary: but being accessible to all people at all hours of the day & hearing the subject when on Circuit from very many having Petitions against the restoration of the Zemindary to Appiah Naik on account of the Estate being given up to a sort of general plunder of Sham Rows party finding by the accounts about 3,000 Rupees decrease. I mentioned what was notorious to all and all would confess, except those interested in the Zemindary being made over to Appiah Naik's agents — It is not impossible too that the 5 years rental (at 120 Rupees per annum) for the Cardamom plantations will be disputed. The right of the Cirkar to retain any favoured spot after resigning the Superintendence of the Estate, is particularly doubtful: yet they will be responsible to the planters.

Paras 7-8-9

5. Para 7 of the Memo. under reply appears to be fully explained in paras 8 to 11 of my said letter: in the 4th para of which Sham Row & not the Polligar is alluded to. It was the fear of Mortgagee speculators and hangers on, being let loose upon the Estate that had caused the injury to the Revenue —

Para 10

6. I believe Appiah Naik

is

is in Madura and likely to remain there.— I believe also that he has been ill for some time. but has been much worse these last 2 or 3 Months.— There appears no objection for the Zemindars attendance to be requested and should he be well, he certainly would not refuse to wait upon you.— I do not suppose the health of the Zemindar to affect many others than himself. and the mortgagees of his Estate. I merely mentioned his sickness, since together with the fact of his whole Estate being mortgaged for about 3 times the amount to be advanced. and his having no parents, Uncles. brothers. or Children. it is not difficult to perceive that it was neither for the benefit or pleasure of himself or his family that the Estate would be released from the Superintendence of the Cirkar.— Indeed I feel confident that he is far better off with his 10 per cent allowance than he is likely to be under the new system. and that if he were in possession of faithful translations of this and my former letters. the Polligar would not be the last to confess it.—

Paras 11.

7.

The suspicion or proof of the Mortgage of the entire estate, would not of

themselves bar the right of the Zemindar; but the point first to be ascertained appeared to be whether the Zemindar had any right at all, and even if he had whether under existing circumstances it was advisable to risk the happiness of the Ryots for the pleasure or profit of the Mortgagees Para 13 will form the subject of a separate report, but the documents taken in No. 71 of 1843 of the file of the Joint Magte. will explain in part. The Magte. in being of opinion that security for the preservation of the Peace was not necessary from Harry arriah, observes to the effect that no other case against that individual was on record, & the case deficient. But I respectfully beg to state that it is not customary to keep two separate cases in one bundle or number whilst a reference to No. 33 of the same file would point to another case on record of Harry

harry's propensity to breaches of the peace.—

Para 14

8. I am far from deeming any questions relative to the Cirkar or the Ryots under any circumstance vexatious demands on my time or consideration: I am always in the same Service, & shall be at all times most happy to answer any questions, however apparently trifling, when the happiness or welfare of any party is at stake, but having abundance of work & but little assistance extended to me, I cannot always command my time I had hoped to send a more full reply than this at an earlier date: but whatever remains can be better replied to after the investigation into the Didigul Robbery case, has been completed.—

Sub Cons. 7th December

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 4th November last reporting that you have received from the Cannewady Yennundar the balance due by him and have instructed the Sub Collector to restore the Estate to him — in the mean time you will have received the Board's instructions conveyed in my letter dated 6th Idem on this subject.—

2. The object of the Board in the present communication is to direct your attention to certain charges referred to by

Fort St. George 7th December 1843.

by Mr. William Elliot in his letter to your address under date 30th October last against the Sahsildar Sham Row. Mr. Elliot indeed states that his information is merely verbal and that he is not prepared to name the persons from whom he received it, and thinks "the matter" to which he refers "in itself is of little importance;" but if the Board understand him rightly he accuses the Sahsildar of "evi=dent fraud" to a considerable Amount and of having obtained secretly a share or interest in the Estate. by unjustifiable means — Mr. Elliot having placed this on record some further enquiry would appear to be called for, and the Board request

request therefore that you will have the goodness to have the matter duly investigated in the regular manner unless you should have reason to consider the charge altogether untenable and therefore undeserving of further notice.

To The Principal Collector of
Madura.

Sir,

I have the honor to acknowledge the receipt of communications from your Office as noted in the Margin, on the affairs of the Cala-=mundy Estate, and with reference thereto and the observation in the 44th Para of my Jamabundy Report

× June 3
9th August 1843

Fort St. George 7th December 1843.

Report dated 2d of August 1842; and the Extract from the Proceedings of the Board of Revenue dated 6th Feby. 1843.

I beg to forward a more detailed Report on the affairs of that Moottah.

2.

The attention of the Circar was first drawn to the state of Calamunday by a Petition* from the Moottahdar Mootloosawmy Naik, in which he mentioned the ruined position of the Moottah, his inability any further to meet the Circar demand as the rayots were not able to pay their Kists, his non-settlement with the single Moottah of Veloor.

* dated the 11th February 1839.

3.

On the above Petition, which was accompanied by accounts of Demand, Collection and Balance from Fusly 1224 A.D. 1814/15. to 1247 A.D. 1837/38. both inclusive (24 years) in the two Moottahs in his profession, it was remarked to the effect that with the exception of one year when there was a decrease of Rupees 2753, the Moottahdar had annually cleared 1,000 Rupees since Fusly 1238 A.D. 1828/9. and recommended his reconsideration

Principal Collector's Takeed No. 120 dated 16th Feby. 1829.

Fort St. George 7th December 1843.

of the Subject- The Moottahdar indeavoured to explain away* the annual increase, and repeated his request to be relieved from all responsibility of retaining the Estate-

Arzee of the 20th March 1839.

4- On referring to the said Accounts, however, submitted by the Moottahdar® to the Principal Collector and finally to the Board of Revenue, it is not clear how the average annual increase of 1,000 Rupees for the said 9 years, was discovered - and the Istimrar beriz appears 10 Rs higher than is mentioned in other accounts, which would make a corresponding difference in the collections when compared with the Peishkush, whilst the Settlement for Fusly 1247 A.D. 1837/38. which the Moottahdar first stated at 7,102 Rs a. p. 7 - 1 - 7 he allowed afterwards to be Rupees 8,449 Rs - 12 a. - 10 p. making a vast difference, but still wishing the Peishcush to be fixed infuture at 7,500-

® Principal Collectors letter to the Bd dated 10th July 1839.

5- This Estate was attached in conformity with the instructions contained in the letter of the Board of Revenue dated 21st of November 1839, in consequence of the request of the Principal Collector, and has been nearly 4 years under the immediate Management of the Circar, during the remainder of the first year, the Cowle rates of the Moottahdar were continued: the abstract cultivation and Settlement of the said 4 years, appear as follows-

® Arzee dated 27th March 1839. & 14th Septr. 1839.

Fusly-

18978

Fort St. George 7th December 1843.

6- The Sub Collector having received instructions to make out an account for Munasib Kanmy (discretionary remission), one was furnished to the Principal Collector - Copy of the Goshwara of which, is herewith forwarded.-

Account No. II Augt 1840.

7- The first point necessary to be ascertained appeared to be whether the tax as fixed by Mr Burdis in Calamanday, were really too high with reference to that fixed on the lands of the surrounding Villages, and the result of the enquiry was as shewn in Statement No. III, by which it will appear that on the whole the Villages in Calamanday, have the advantage-

8- Two Villadars were afterwards appointed to examine the state of the produce as compared with the tax, but no comparison was made with the said produce of the Estate and that of the surrounding lands, it not being suspected that any deterioration had really taken place - The result of the comparison between the produce and tax in each Village as obtained from the Village Officers, is here exhibited.-

By which it will be seen that the sum of Pz 309 - 13 a. - 1 p. is the difference between the tax payable, after deducting the Hooloos Mafs and the Bazar Nirikh* or market value of the produce, exhibiting a corresponding loss to the ryot, which even if perfectly trust worthy, cannot be under existing circumstances considered great, being less than + 4½ per cent on the whole amount of produce (Pz 6686 - 3 - 1), and only the result of one years examination, and that not a favorable season. The bazar price above given is the average, but the ryot will not sell his grain unless the prices are high keeping it generally for his own consumption.

+ 4/66

9. There is another preventative to such accounts being taken as any sure guide. — Kunjah produce can be cut, dried, threashed, and measured in a single day;

* The Bazar Nirikh is taken at 5½ fanams the Cullum of Paddy and the Double Nirikh only 5 fanams, the former being therefore 10 per Cent more than the latter.

daij; but the uncertainty attending the amount of actual produce of any field of Punjah, is at all times great, not being ready for thrashing perhaps for a Month after being reaped; and before any measurement of the grain can take place, much of it has generally disappeared. There may be no suitable place to store or keep it, whilst the owner, watcher and vermin will all do their best to diminish it, particularly the two former who have a direct interest in conniving at each others proceedings. These remarks are not specially intended for Calamanday, though they might be quite as applicable there as in elsewhere. Frauds by the Curnums too have been discovered. On examining the Total of the different kinds of produce, the Punjah shews the Value of the produce to be Rs 552-15-7 less than the amount of the tax. In the Punjah there is also apparently a small decrease for the ryot, but in the Baghayet a Net increase of Rupees 300- in the produce over the tax (Account No. IV.).

By

10. By the Goshwara or abstract of the accounts and Statements above alluded to, it is evident that in comparison with the surrounding Villages there is nothing to shew that the tax in Calamanday is too high. Hooloo Mafs has been granted both throughout the estate and surrounding Villages, whilst Moonaish Cammy is in neither. The value of produce in the surrounding Villages or lands of a similar species, has not been ascertained, and is perhaps comparatively unimportant.

11. The Moottahdar having stated to the Principal Collector that an account of the failure of the usual rains, the ryots had decamped,

12. It was next desired to see what portion of the lands originally allowed for Enam were cultivated during the present year 1252 / A.D. 1842/3 because the cultivation would not be in general carried on by the Enamdars but by hired labourers or ryots If therefore the land tax had been originally fixed at too high a rate, the land which would thus in a manner be sub rented could not possibly prove profitable to all parties concerned in its cultivation and enjoyment. It must be borne in mind too that no enam land enjoys the remission given by Mr. Hurdis familiarly known as Hoolas Maf, whilst it does exist in the ain lands: consequently, ceteris paribus, the ain lands must yield a more remunerative crop than the enam, — yet the latter were nearly all cultivated, and much good arable land left fallow for evidently no satisfactory reason. The whole of the inam lands in the Moottah were valued as follows.—

The Account given in by the Moottahdar exhibits, with the exception of 4 out of the 24 years, an annual balance against the renter, which should never have been allowed to pass. Had the renter's property been sequestered for a single year's balance, there is every reason to believe that nothing of the kind would have occurred. It is difficult to imagine that none of it was subsequently realized, or that no equivalent had been received. These balances in Calamanday for 20 years, as shewn in the account, which accompanied the Principal Collector's letter to the Board of Revenue dated 10th July 1839 amounted to Rupees 8960-10-3- but there is no statement to shew what part of that sum was ever paid or compounded for and whether the several balances were due at the close of the Fusly or at any other period

Account No. VII.

The

14

The Muttahdar appears to have sub rented the estate for a less sum than the Peshkush during Fusles 1243 (A.D. 1833/4) 1244 (1834/5) 1245 (1835/6) and 1247 (1837/8) but for what purpose is not known. An account is however forwarded with this, shewing the Profit and loss on the Calamanday Moottah for 35 years, by which it will be seen that the profit during that period amounted to Rupees 24,796-14as-"- and the loss to only Rupees 8261-6as-11p. Shewing a net profit to the Muttahdar of Rupees 16,535-7as-1p or an annual average surplus of Rupees 472-7as-"- which is certainly no proof of the tax having been originally fixed at too high a rate. As long as there was a direct and evident annual profit the Moottahdar was contented to retain the estate, but when by mismanagement and neglect a loss was anticipated it appears to have been desired that the Cirkar should bear it. On the first balace of Peshkush, had the estate been sequestered and put up to Public Auction, as is usual in other Districts, it would soon have been discovered that Calamandy was a valuable estate, and I think it probable that even now the Moottahdar would sooner take it back on the former terms than see it pass into others possession, save that of the Cirkar.

Account No. VIII

It

15

It may be somewhat in support of the above opinion to state that offers have been received for the Maattah; one offering either to take the Mootah of Calamandazin conjunction with Velur, or Calamandazy by itself, at a reduced Peshkah of Rupees 8,500. which is Rupees 1,355 less than the Istimrar beriz, but Rupees 1,000. more than the proposal of the present Muttahdar. Such offers are of little consequence, urged as they possibly may be, by some what of ill feeling towards the Muttahdar, until the Board of Revenue have been pleased to determine, with reference to the actual state of the Mootah itself, whether a reduction or not shall take place, because there exists no further security for the due fulfilment of their engagements than have existed for the safety of the revenue when under the Muttahdar-

16

The Population and Settlement — accounts for Fusly $\frac{1252}{1842/3}$ are respectively set forth in Statements Nos. IX and X. Besides Hoolas Mof no other remission has been granted, and the Collections have been made without balance according to the Jummabundy Settlements, from Fuslies $\frac{1249}{A.D.1839/40}$ to $\frac{1252}{1842/3}$.

17.

If any remission be granted it

Fort St. George 7th December 1843.

it must be determined whether it should be in the shape of a diminution of the Istimrar beriz, or alleviation of the tax on the several lands. If the latter, which was certainly never contemplated by the Muttahdar, there must be proof of the necessity by the evident deterioration of the land, which proof however is not forth-coming, or the tax must be shewn to have been originally fixed at too high a rate, which cannot be done; and if in the former method, there exists no reason why the cultivator should share in the intended benefit, but even if he should, in either case, it is more than probable that the ryots in the dim lands will, for the enjoyment of a lighter tax, abandon the lands they now hold directly of the Circar, and thus a double loss inflicted on the revenue, without even the appearance of any such necessity.

There

18. There appears no objection to the be-
-lief that on account of the Mastahdar
having granted land on such easy tenure;
the ryots, and those who, under the plea of
Village service, held those lands, will
never willingly agree to pay ~~him~~ any higher
tax. still the gratuitous indulgence or connivance
of the Mastahdar should not be allowed
to the Cirkar. though it appears to constitute
the sole argument in favour of the Muttah-
-dar's proposal. It has not yet however been
shewn of what nature and extent the services
were, as performed by the different trades &
occupations as carpenters, Iron Smiths, &
Washermen, Pot makers, Barbers &c. But it
is reasonable to suppose that the Muttahdar
or his renter, or both, benefited by those
services as a recompense in part for a

decrease in the monied receipts —

19. I am not aware of any
thing further which could be urged
on the affairs of the Caleermondy
estate, except perhaps the subject of
the outstanding balances, on which
my opinion may not be required. —
The accompanying accounts will
exhibit every other desirable
information. —

Sir,

Returning a Petition from a Spawomy Mundelly and stating the reason of his dismissal also forwarding certain original letters explanatory of the same

I have the honor to acknowledge the receipt of the accompanying Petition bearing the endorsement of the Board of Revenue dated 30th January 1843.

2 The Petitioner held the office of third Moonshee on my Establishment. On taking charge of the District, several complaints were made against him, and in order to ascertain their correctness, an investigation was held. The Petitioner was detected in carrying on a clandestine correspondence with some of the Police officers in the District, of a character which

which cannot be mistaken, and the original are therefore submitted for the inspection of the Board.

3

These letters contain requisitions for precious stones, Cattle, Timber &c &c for the use of the Petitioners and there is every reason to believe that not one of these demands on the Tahsildars was left unattended to, from the fact that altho the Petitioner was in the receipt of a Salary of only 30 Rupees a month for the last 9 years, he has built a House valued at 1500 Rupees, and acquired Property estimated at 7000 Rupees. His means of living and habits, do not induce a belief that he could have possibly acquired any portion of this

this estate from the Savings of his official Pay, for it is notorious that — when he took Service, he was possessed of nothing.

4 Under these circumstances, I considered him unworthy of confidence, and dangerous to the community in the Capacity of Magistrate Moonshee, and therefore availed myself of his request for leave of absence to appoint a person in Succession to him, and I must add that I deem him totally untrustworthy as a Public Servant in any Department.

To the P. Collr of Coimbatore — in Corr. 7th Dec.

Sir,

With reference to your letter dated 10th November last regarding the petition of Appasawmy Moodelly, lately a Moonshee on your Establishment, I am directed by the Board of Revenue again to transmit to you the accompanying petition with copy of the Tamil enclosure purporting to be transcript of a Petition presented to you and your endorsement thereon. From this latter document dated 29th April 1842, it would appear that you regarded the Petitioner as having resigned his situation and had in consequence appointed another person to succeed him, but in your Return dated 30th June 1842, the cause of his dismissal is entered as "being unworthy of confidence" &c. The Board therefore request that you will have the goodness to state whether you gave the Petitioner such an endorsement, and if so, what were the particular circumstances to which it should be understood to refer.

From W. M. Blaniere
Principal Collector of
Canara

Sir,

I have the honor to Report for the information of the Board, that on my inviting Tenders for the supply of 1400 Candies of Surjoody Tobacco required for the Monopoly of this District for fusly 1253, the lowest offer made, was by Budrapa Chitty, a Sowcar from Mysore, at the rate of 53½ Rupees per Candy on the usual terms. This rate is below the Contract price of last year, by 7½ Rupees, and above the average of the last 5 years by Rupees 1-7-as 4-. As from the report of the Tobacco Crop in Mysore, this season, I consider the offer to be a favorable one, I beg to recommend it for acceptance. Budrapa Chitty has named as his Security, one Copar Vencatarayya Chitty, a Sowcar resident at Mysore, who was the Security for "—"

From the Collector of Malabar. Reporting on the Settlement of the Land Revenue of Malabar for Fusly 1252 A.D. 1842/43.

Sir,

Para 1. I have the honor to forward herewith the usual Statements of the settlement of the Land Revenue of Malabar for Fusly 1252 A.D. 1842/43.

Season and its effect upon Cultivation & produce

2. The South West Monsoon set in on the 26th May 1842 and the Rain falling copiously and seasonably until the end of September, the first Crop of Rice was all that could be wished, the second Crop however was not so favorable owing to the scanty supply of Rain in October (only 2¼ inches) and there being hardly any in November. This failure was productive of much injury to the upland Cultivation particularly the Gingerly or Oil seed, as will be hereafter shewn. The season was however favorable for the description of Garden Produce By the accompanying Statement it will be seen that the exportation of the Articles forming the Staples of the District continues on the increase. Taking however a comparative view of the Market Prices of the two

two past years; it appears that the rates which obtained during the Fasly now reported on were a trifle below those of the preceding year, owing, evidently to a superabundance of Produce.

See Para 3 of the Report for 1251 / 1841/42

The prices which prevailed in 12 52 / 1842/43 may nevertheless be said to have been good - that the slight differ= =ence above noticed has not affected the Ryots is, I think, fully demonstrated by the ease with which the collection was made.=

Statement 3-

The Abstract given in the Margin exhibits a Net Decrease of Rupees 12232- 15 - 5, to account for which I shall proceed to offer some explana= =tory remarks upon each Item.

Punjah or Rice Land Net Increase Rs. 205-15-10

See Para 5 of the Report for 1251 1841/42.

See Col 33 of Statement No. 1 Col. 19 & 32.

4. This item which forms our principal resource, evinces a small excess of Rupees 205-15-10 over and above the increase of Rupees 4003-1-5 brought to account in 1251 1841/42. The aggregate amount added to the Summain 1252 1842/43 was Rupees 5568-"-11 the particulars of which being distinctly shewn in the Statement No. 1 it may be only necessary to state that this amount was reduced to the small sum above noticed by the following indispensible Remissions.-

1 Portion of the annual Remission granted to Kulpully Ram Menon, Brother to the late Karonagara Menon ——— 781 1 .

2- Temporary Remissions on account of Land not cultivated owing to the distressed circumstances of the Ryots 728 8 2

3- Ditto on account of failure (in some cases partial & in others entire) of crops occasioned by the failure of the after rains — 1127 15 2

4- Ditto owing to extreme poverty of certain Ryots ——— 431 3 1

5- On account of Lands entirely Waste in consequence of death, desertion, Poverty of the Ryots & various other Causes 201 12 5

Brought over 3470 7 10

6- On account of several Lands situated in the midst of Jungles and liable to depredations of Wild animals, not cultivated this year ——— 466 5 1

7- On account of 5 small Lands belonging to four poor Ryots converted into Gardens owing to unfitness of Soil for Rice Cultivation ——— 10 14 "

8- On account of Lands not Cultivated owing to their having been overflowed by Salt Water, consequent upon the failure of the Jenamakul Dam 223 11 6

9- On account of 8 Parary Lands in Cmaad belonging to Government which were found to be over assessed the difference now proposed to be remitted being more than the Land can fairly pay- 22 6 2.

10- On account of Lands the assessment of which is annually determined by inspection of the crops- ——— 30 14 11

11 Deficiency in the amount of the Lease obtained for two Parary or escheated Lands which are disposed of by periodical auction ——— 32 " "

5th. The foregoing amount of Rupees 5362-1-1 may be divided into three classes. The first four items, giving a total of Rupees 3268-11-5, will be brought to account in Fusly 1253 a D 1843/44. The resumption of Items Nos. 5 to 8, involving Rupees 902-11-" can only take place when the Lands are reclaimed, to effect which strict orders have been sent to the Tahsildars: the residue, Rupees 1190-10-8- being the aggregate of Items Nos. 9 to 12, cannot be viewed otherwise than as unreasonable remissions; as such, I would submit that they be struck off the account.

Should the Lands comprised in items 10 & 11 hereafter produce any increase it will be brought to account accordingly.

Punjah or Dry land cultivation Decrease Rs. 7403-2-6-

6th. Fluctuating as this source of Revenue is the decrease which has occurred in the past Fusly will not, I conceive, be deemed of much importance, a glance at the Memo inserted in the Margin will shew that the Collection on account of the Dry land Cultivation during the ten years antecedent to 1252 has varied from 38,000 to 71,000 Rupees and it is satisfactory to remark that the result of the

the year under review is nearly 9000 Rupees above the average of the ten preceding Fushes. By the subjoined Statement it will be seen that the greatest portion of the deficiency above noticed falls on the Ellooi or Oil seed Cultivation as adverted to in Para 2-

7th. Although the exctent of land taken up in 1252 (1842/43) for the Moddum cultivation was greater by 1807 Cawnies than the extent of the preceding Fusly, the return was so unfavorable as to produce the decrease set opposite to it- The Cawnee-

cause assigned for a less quantity of land having been tilled for Punam and Elloo is the paucity of Grounds adopted for this peculiar species of periodical cultivation, arising from extensive tracts having been used in the previous years. This, added to unfavorable produce, occasioned the decrease above adverted to.

Gardens Net Decrease Rs. 2342-14-4

8- Out of this sum Rupees 1826-11-7 is the Assessment of Gardens given up in substitution of the Money allowance hitherto accorded to the Pesharikul and Goorwayoor Devasoms, and discontinued under the orders of Government dated the 20th November 1841. 9- This decrease arises from two plots of Grounds in the vicinity of the town of Cochin having been leased out on less favorable terms than were previously obtained.-

Nellycherries Decrease Rs. 2508-6-11

10- This decrease is nominal, the amount credited being the Collection for the broken part of the year Viz. upto the 9th April 1843- on which date that portion of the Nellycherries which was annexed to Malabar since 1830 was retransferred to Coimbatore agreeably to the Orders of Government dated the 10th March last whereas the sum entered for 1357 1841/42 is the Collection of the whole of that Fusly. from unavoidable natural causes taken

already made, it appears that Rupees 813-4-5
is recoverable, Rupees 637-8-3 doubtful and
Rupees 755-4-7 irrecoverable. the latter
amount I request the Board will have the
goodness to recommend to be written off

Waste Land 16 During the year now reported
on 204½ Cawnies of Waste Land have been
taken up for Rice Cultivation, which in
course of time will yield a revenue of about
411 Rupees. and in addition to this 239½
Cawnies are to be enclosed and formed
into 62 separate Gardens, capable of contain-
ing about 19500 Cocoanut Trees. By the
returns furnished by the different Tahsildars
it appears that during the last season 7822
Cocoanut, 8140 Betelnut and 10116 Jack Trees
were planted both in Gardens newly formed
and those containing Trees already assessed
to the Revenue

17 Adverting to the observations
made by the Board in Para 4 of their
Proceedings dated the 15th December 1842
in respect to two Items of Remissions granted
in

Fort St. George 7th December 1843.

in Fusly 1250 / 1840/41 I beg to state, with reference to the first item objected to V.P. "On account of Lands which were found to be over assessed W.a", that I am fully aware of the disinclination of the Board to allow any alteration of assessment without their previous consent and am careful to attend to their wishes as a general rule. But there are here and there cases of so trifling a nature that I have thought myself authorized to act without previous sanction. A piece of Ground of very limited extent has from various causes, one of them being an excess of Assessment, fallen into a waste condition for a Series of years and no one person will attempt to reclaim it without a promise of abatement in the original assessment. But this abatement is only made after the most minute inquiry into the capability of the Land, its liability to injury by wild Beasts or other local causes. In determining the modified Assessment, the principles on which a Government demand is fixed on Waste Land hitherto not included in the public Accounts and which may be proposed to be brought into Cultivation is generally followed.

18

With respect to the next item

Fort St. George 7th December 1843.

objected to V.P. "Temporary Remissions on account of failure of Crops occasioned by the failure of the after rains W.a" I beg to observe that the amount of revenue with which Land in Malabar is assessed is in proportion to its estimated Annual gross produce, and that Lands yielding two Crops have not a separate Assessment for each Crop. This fact which was evidently not quite understood by the Board will I am sure at once remove their objections to the remissions in question especially when further assured by me that they were only granted in strict adherence to the principles laid down by the Board under date the 13th June 1831. Applications from the more opulent land holders were not wanting in 1250 / 1840/41 as indeed they never are wanting, to be allowed remissions on the score of failure of Crops - but they were then and unless under some very peculiar circumstances - always are rejected as inadmissible. Cases of real distress are alone attended to and redressed after due inquiry, and if any thing has more peculiarly had the effect of ameliorating the condition of the poorer classes in this District it is the bestowal of this indulgent consideration which has

Fort St. George 7th December 1843.

has been in operation since Wm. Clementson introduced the annual Jummabundy in Fusly 1243.

19 Of the foregoing description is Col. to the remission of Rupees 1127-15-2 entered in the Statement No. 21 for $\frac{1252}{1842/43}$, and after the explanation I have offered, I trust the Board will be pleased to pass the Amount. the greatest portion of which I may observe by the way falls on Lands denominated "Moondagam" or lands yielding only one (tho' the 2nd) Crop i.e.: that cut in January & February.

20 With regard to the large Number of unproductive Gardens in the Taloork of Palghaut entered in the Statement No. 2 for $\frac{1250}{1840/41}$ and which seem to have attracted the Board's notice, I have to explain that the Native Officers who conducted the Survey of Fusly $\frac{1233}{1824/25}$ appear to have included in their return all plots of dry lands, in which dry Grain is periodically (every 3 or 4 years) Cultivated, and even compounds of Houses, has so many Gardens these Gardens did not then, nor do they now contain assessable Trees - whenever Houses stand in them the Moturpha tax is levied - other plots are only assessed when Cultivated with upland rice and

and Oil Seed -

21 Having ascertained that no progress had been made by Wm. Clermond in improving the 110 Cawnies of land adverted to in the 19th Para of the Board's Proceedings dated 15th December 1842 I deemed it proper to cancel the engagement into which he had entered. The undertaking in fact was beyond his means I went over all the Ground with Lieut. Francis in January last and we mutually agreed that much more Capital would be requisite to reclaim the land (a low island in the midst of an extensive back water) than it was at all likely any private individual would be willing to expend. The speculation indeed we thought would be a very hazardous one by whomsoever undertaken - I consider it very improbable that any advantageous offer will ever be made for this Ground -

General Remarks.

22 The District, as will be seen from what has been already written continues in its usual thriving condition - There are some few spots which form exceptions to the general rule in this respect, and where remedial measures are desirable but these will be treated of in due opportunity in separate communications -

Fort St. George 7th December 1843.

I remarked in my Summary Report for Fusly 1249 / 1839/40 that there was reason to hope that much benefit would accrue to the poor and depressed Talook of Wynaad from the attempts then just commencing by various European Settlers to introduce the Cultivation of Coffee. These attempts have been steadily prosecuted within the last three years and though no returns have yet been received, the prospect has been sufficiently encouraging to tempt addition=al parties to engage in the speculation. There are now nine European Gentlemen who have plantations in the vicinity of Manan=toddy. Many of them on a very large scale. The benefit which the Country de=rives from the large ready Money dis=bursements which have to be made is of course considerable. I trust that matters will continue to improve

24 It is with much pleasure

Fort St. George 7th December 1843.

that I report favorably of all my Subordinates. My Sub Collector Mr. Brozier and (late) Head Assistant Mr. Silver have given me willing and Zealous assistance in the discharge of their respective duties. Mr. Silver from his Know=ledge of the language and customs of Malabar is particularly fitted for Service in this District and I shall deem myself fortunate if any of the constant changes of the Service should again give me the benefit of his abilities. Mr. Garratt has only done duty in my Cutchery for about 2 Months, but his assiduity and desire to make himself acquainted with his work, hold out every promise of his becoming a good Revenue Officer. My Uncovenanted Assistant Mr. Platel has been, as I have always found him, highly diligent and useful, and my Head Sheristadar Devasigamony Pillay has sustained the high Character he has hitherto borne. Of my Second Sheristadar, Coonjoo Menon I think it my duty to take peculiar notice in this place. His services since his promotion to his present post 19 months ago have been particularly valuable, and the Govern=ment are indebted to his great activity and cleverness for the discovery of concealed Cultivation to the extent of 450 Rupees per annum which had hitherto escaped all notice.

I have &c.

2. It will be observed by the foregoing abstract that there has been a falling off, though I am happy to say, to no considerable extent. and that, satisfactorily, I trust, to be accounted for in the progress of this Report in the Land Revenue of the present Fusly 1252, below the former year's receipts, of Rupees 2029—7—4. the Balance between the present year's Gross Increase being Rupees 3920—2—10. and Gross Decrease Rupees 5949—10—2.

3. The Gross Decrease on Paddy Lands in the Talooks below the Ghauts Rupees 236-9-" Lands below the Ghauts Amounts to Rupees 236—9—" and consists of the following items

Rupees 59—2—2 in Kyfund.

or Lall Marah lands permitted to lie waste for Recovery.

recovery, in consequence of their becoming unproductive - Rupees 47-11-3 on lands which, from their neighbourhood to dense jungle, and the haunts of wild animals, added to the poverty of the Ryots, the cultivators have been compelled to abandon. The cultivation of a large portion of these lands may, however, be expected, when the Comm Culture is extended again in this direction - Rupees 46-8- on Ryfaud or lands occasionally by Salt water, & on which, a careful inspection rendered it absolutely necessary to grant a temporary remission.

Rupees.

Rupees 41-3-8 is the amount remitted on lands belonging to 13 indigent Ryots, in consequence of the Crops having been considerably injured by Flood. Rupees 40-9-3 is a Decrease resulting from the inspection of certain lands partly allowed to lie fallow from the indigence of the Ryots and other causes, and partly affected by excessive after rains. Rupees 1-6-8 has been remitted on 4 small spots of Ground hitherto under Rice cultivation but now converted into Cocoanut Garden land. 3 of these lands were adjoining the Gardens and residences of their respective Proprietors and have been annexed thereto and planted with Cocoanuts, for satisfactory reasons. The remaining land has of late been surrounded by Cocoanut Plantation, and consequently overshadowed and rendered unfit for Rice cultivation. It has also been set aside and assessed as Garden.

Gross Decrease on Paddy Land in Wynaad Rs 3153-15-10

The Gross Decrease in Wynaad amounts to Rupees 3153-15-10. Viz. Rupees 3088-5-4 on lands required to lie fallow for the recovery of their fertility or from individual inability of the means of cultivation - from poverty from death, or

or loss of cultivators or from the demise of C
Rupees 61—12-4 is the Decrease in the share
which the Government as Landlord was
=titled on some of the above lands. Rupees
is the Decrease in the assessment on F

the

the Huzzoor- and the following has be
the result.-

Grofs Decrease on 8-
Gardens Rup.s 130-5-4 a.s p.s

There has been a grofs
Decrease on Gardens of Rupees 130-5-4 a.s p.s namely Rup.s
14-11- upon 152 Gardens, on account of unpro
=ductiveneſs, encroachments of the Sea and
rivers, poverty of the Ryots and destruction
by lightning Viz.a and Rupees 38-6-5- is the
remiſsion granted on 155 Gardens, the trees
of which have become temporarily unproductive

Grofs Increase on 9-

The grofs Increase has
been however Rupees 143-13-4 Viz.t Rupees
113-7-3- the aſseſsment in 138 new Gardens
in this Fusly- Rupees 21-11-8- the increased
aſseſsment on 19 Gardens, in which a great
number of Trees unaſseſsed during the
former Pymash have this year been
brought on the Jummah, having attained
their full productive growth- Rupees 8-10-5-
upon 10 Gardens, on which a temporary
remiſsion was granted during the last
Fusly and which have this year been
included in the Jumma.

for the culture
of the Grain in queſtion- and more par-

cultivated during the last 7 or 8 years having
been, of neceſsity, still left fallow to
recover their fertility. Many of the Cavay
Cultivators, from want of spots adapted for
this purpoſe, have temporarily resorted to,
and commenced cultivation in

Land Revenue Collections ... 14

The land revenue collections for Fusly 1252 amount to Rupees 4,09,531-9 as and the outstanding Balance to Rupees 266-8-6 the early realization of which, I have every reason to believe will be speedily accomplished. The Collections, I am happy to say, have been made without recourse either to the confinement of defaulters or the distraint of property with the exception of the following

following Cases. Coanjoony Nambiar failed, as he did in the preceding Fusly to pay his kists, amounting to Rupees 321-6-3. Of these Rupees 111-11 as have been realized by the sale of his grain, and one Paraproven Coonjee Ahmud applied for a remission of Rupees 10-6 on one of his lands, a remission which it was deemed unadvisable and unnecessary to grant, for reasons already known to you, and the sum being left unpaid, notwithstanding he is in affluent circumstances, it was necessarily collected by the sale of his property.

Season and its general effect on the Cultivation and produce of the District.

15. The South West Monsoon commenced early in May, and was as in the preceding Fusly very favorable to each description of cultivation, with the exception of Sesame or Oil seed and Pepper, the former suffering from excess of water, and the latter from want of it at the particular time when chiefly necessary. The after rains were ample and tended to render the produce of Betel and Cocoanut Gardens exceedingly plentiful.

16. I regret to have to state the unusual appearance of Cholera at Tellicherry and its vicinity, its ravages commenced about the middle of June and continued to the middle of August last, and in defiance of an ample distribution of Medecine and the indefatigable and highly praiseworthy Zeal of Venkataswamy the Native Dresser attached to my Department and others on whom the duty more immediately fell, much loss of life, I regret to say, ensued. The Zeal of the Officers above specified was on this occasion such, as to be in my opinion worthy of particular mention. A pestilence among the Cattle has also, I am given to understand, prevailed, and much destruction

destruction, amongst this class of animal so essential for the good and well being of the Country and the inhabitant, has resulted.-

17. In conclusion I have the pleasure in stating that I have derived the usual benefit, from the Zeal integrity and experience of Venca=taramanayah. the Sheristadar attached to my Office. Further encomiums from me would be superfluous, as it must comprize merely a repetition of my own commendations of the past year. or words taken from the former Official reports of my predecessors.-

With reference to the Boards Proceedings under date the 15th September 1842 enjoining a due enforcement of their orders of 19th June 1826, respecting the possession and acquisition of Lands by Native public Servants I have the honor to request to be favored with the Boards instructions on the following doubtful points.-

1st Whether, as regards the Tahsildars and other Talook servants, the prohibition against their purchasing lands, by private bargain is limited to lands situated within the Talook in which they are actually employed, or whether by the term "Provinces" the prohibition extends to all the Talooks within the District.-

Para 73 Board's Proceedings 19th June 1826.-

2ndly Whether the Rules in question are applicable to inferior Servants such as Huzzoor and Talook Gomastahs and the Heads of Villages designated

designated in this District as Deshathikars and Menons, as well as to Servants in other Departments such as Salt, Sayer Sea Customs &c.

3rd. Whether purchases made by and in the name of Karonnawers or Heads of Families, holding no public employment but whose Anoontharawers, heirs at law are in the public service, are to be reported by the latter as required by the orders above quoted. It is to be observed that according to the rules of inheritance amongst the Hindoos of Malabar the Anoontharawan, though not the Managing branch of the family property, has a voice in all that relates to it and in many instances the Tarwand or Family property is extended by purchases made (by the Karonnawers) with funds supplied by the Anoontharawers, or junior Members of the family holding public Offices.

Sir

In reply to your letter dated 8th. Ultimo I am directed to state that the Board of Revenue are of opinion that with reference to the peculiar Tenures of the Western Coast, the principle laid down in the Circular of the 7th. August 1826 should be considered to apply to the purchase of lands by public Officers within the limits immediately subject to their authority. Under this view Tahsildars and other Talook servants should not be allowed to acquire landed property either directly or indirectly in the Talooks under their charge, but there is no objection to their doing so in other Talooks under the restrictions prescribed in my letter of 27th. July last. The Board see no occasion for interference in the cases noticed in the third instance of your letter. I am directed to add that the above rule should be considered applicable only to the regular public Establishment and not to the hereditary Village and District Officers designated by you as Deccadecars, Menons &c.
