Fort St. George — January 1844

In Council consider the explanation offered by Mr Hodgson very unsatisfactory. Pressure of business can scarcely be admitted as a plea for delay in preferring his application for the extension of his leave of absence, when he was advised by his Medical attendant not to do so, in consequence of the bad state of his health. His Lordship in Council is willing to believe that the error committed by Mr Hodgson is attributable to his ignorance of the Rules of the Service and in consideration of the Medical Certificate which accompanies his present application, he is pleased to grant to him leave of absence retrospectively from the 19th Ultimo for 3 Months.

Fort St. George – January 1844

The Board proceed to take into consideration the Report of the acting Collector of Vizagapatam upon the present state of the Balances due by the Zemindars of that District for Fusly 1248.

(27)

In Con. 3d April 1845

(Here enter 15th March 1837)

30th Dec.

Revell dis. 9th Jan. to submitting a report from the acting Coll. of Vizagapatam upon the state of the Balances due by the Zemindars of that District for Fusly 1248 with the Boards sentiments on the subject.

The subject of these Balances was first brought to the notice of the Board in February 1839 and after a lengthened correspondence the whole was submitted by the Board to Government on the 9th January 1840.

2. The amount of these balances up to the close of Fusly 1248 as shewn in the above correspondence stood at Rupees 213584 and of this sum Mr Arbuthnot recommended that Rupees 102871-8 should be remitted outright and the remainder collected within the then Current Fusly. The Board however tho' fully concurring in the necessity for some great measure for relief, for the reasons stated in their letter to Government 9th January 1840 –

Para 3 & 4.

considered

considered it inexpedient to remit so large an amount of Public Revenue and recommended in preference that the Collector should be authorized to realize the full amount of the balance by three equal Instalments in Fusles 1250, 1251 and 1252 intimating their intention of again reverting to the subject should the results of the three Fusles mentioned indicate the necessity for more extensive indulgence.

3. Government were pleased to concur in the view taken by the Board and instructions were issued to Mr Arbuthnot to make the Collections accordingly but such was the adversity of Fusly 1250 that the first instalment was with the concurrence of the Board postponed until Fusly 1251 and little success attended the measure in that Fusly Rupees 28989-15-11 only being realized instead of Rupees 66,006-4 the full amount of the Instalment and now, after a lapse

From acting Coll. 15th March 1843

Para 14

of nearly five years since the Famine, the Balances outstanding amount to Rupees 16,92,842 nor, Mr Smollett observes, was the small amount collected realized without great difficulty, nor without in some instances attacking the funds of the defaulting Proprietors.

4. The case of each of the 20 Estates by which the balances are due has been briefly noticed by Mr Smollett in the Report under review -, with the exception of Condabeedah, Velchoor Cudoor, and Cotoor which the Board observe have been recommended to be sold, and of Dimlay which has been sold, and sufficient has been shown to establish the fact that these balances cannot be paid by instalments so heavy as those ordered and that if they are enforced it must be by sequestration and sale, a proceeding which appears by no means expedient. Three courses then are open for adoption, either to remit absolutely a portion of the balances, to extend the period for the payment of the arrears

Paras 15 & 22.

To Govt 21st Dec.

over

over a longer term of years, to all the
Estates. Mr. Smollett strongly advocates
the first course as a measure still urgently
called for and has submitted a statement
shewing the amount he would propose to
relinquish on each Estate.

5. The present Balance after
crediting the Collections in 1251 amounts to
Rupees 16,028-4-2 and Mr. Smollett
proposes absolutely to remit of this
amount Rupees 7,477 on condition of the
Proprietors paying up the remainder in
two instalments - but it is to be observed
that this includes the Balance Rupees
1,577 on the Dimlay Estate which has been
sold, excluding this the net amount pro-
posed by Mr. Smollett to be remitted will
be Rupees 5,900 and if from this be dedu-
cted the balances due by the three Estates
of Condakindah, Velchoor Codoor and Cottoor
recommended by the Board to be sold and
under certain circumstances to be purchased
on account of Government a still further
reduction will be effected in the amount

Board's Proceedings
21st Dec. 1843

to be remitted, this however cannot be
determined until the result of the sale
is known.

A

6. The accompanying abstract
statement shews the amount of Peishcush
the balance of Fusly 1248, the present ba-
lance, the amount now proposed to be
remitted and that to be collected.

7. The course here advocated
being directly opposed to the fundamental
principles of the permanent settlement and
without precedent as a general measure
the instances are not wanting of the
grant of occasional relief in particular
cases specially represented, the Board would
have hesitated to support such a proposition
had not the Honorable Court of Directors
distinctly recognized the probable necessity
of such a contingency in their dispatch
of 24th August 1842 - under this sanction
and entirely concurring in opinion with
Mr. Smollett as to the necessity for some
absolute remission they therefore beg
to

Fort St. George January 1844

recommend that the sanction of Government be accorded for the amount of remission proposed by him Rupees 45200 for the first eleven Estates in above statement A and noted in the Margin on the Proprietor agreeing to pay the remaining balance Pdh 64758 one half in the current Fasly and the other in Fasly 1254 good and sufficient security being taken for the same - The acting Collector will also take care that the Ryots have the benefit of the bounty of Government by requiring the Proprietors to write off all Balances due by them for 1248 and will be required to report specially the means he has taken to satisfy himself that this object has been effectually accomplished -

1 Reddagramilow.
2 Mooddelah.
3 Basimuttah.
4 Malorpankah.
5 Godicherlah.
6 Ankapilly.
7 Coroopolloor
8 Burrecumin
9 Moonagapukah.
10 Sheeramprocum.
11 Cadelapankah
Bowmighy

2 It seems unnecessary now for the Board here to submit any specific recommendation regarding the three Estates of Condakerlah, Vuleechoor Codoor, and Cottoor - Nor is it necessary

Fort St. George January 1844

to add more regarding Dimlah or the Estates belonging to Atcharam Row & Co. 4 Proprietors who agree to pay the balance according to the Instalments fixed by Government

9. The Board are satisfied from Mr. Smollett's explanation that the present holders of the Estates belonging to the late Sooriah Becasa Row stand in need of and otherwise merit the indulgence which he has recommended -

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government.

To the Chief Sect. to Government...

In Cons. 18th Dec.

With reference to the Extract from the Minutes of Consultation under date 2d December 1843, I am directed by the Board of Revenue to state for the information of the Most Noble the Governor in Council that it has been usual in the transfer of property in the Neilgherries to specify the price paid but whether they be absolutely and legally required would seem to fall within the Province of the law Officers

Officers to determine. It appears to the Board not to be absolutely necessary as the terms of the lease do not require it.-

26. The Plantations in question were commenced in the year 1825, at the recommendation of the Principal Collector

No.

Fort St. George 4th January 1844

Mr. A. D. Campbell, who was permitted to expend Rupees 4,000 annually in their formation. In 1834, at the solicitation of his Successor, Mr. Robertson, a further annual outlay of Rupees 4,000 was sanctioned, making the total expence Rupees 8,000 per annum.-

27. The number of Topes planted in 665, containing 173,813 trees of which 164,246 are fruit trees. Besides these there are 176,603 trees planted on the banks of Tanks and by the sides of High Roads. The total cost hitherto incurred has been, in money Rupees 9,115, and in assignments of land and remissions of revenue, Rupees 51,552. The trees are now beginning to become productive, and the present Collector, Mr. Mellor, estimates that at the end of ten years they will realize a rent of not less than Rupees 40,000 per annum.-

28. The Collector is anxious that the scheme should be carried out to the extent originally contemplated, and he proposes that a reduced allowance of Rupees 6,000 per annum should be appropriated for the next ten years to the maintenance of the Topes already in existence, and to the plantation of others; and you

Fort St. George 4th January 1844

you have authorized the espenditure pending a reference for our instructions.-

29. As the Plantations appear not only to conduce to the advantage and ornament of the District, but are likely also to be a source of profit to the State, we willingly give the proposed measure our sanction.-

Extract from the Proceedings of the Board of Revenue.-

Relative to the Settlement of the Land Revenue and Moturpha of the Government Talooks of the Ganjam District for Fusly 1251.-

A. D. 1841/42.

(Here enter 14th Sept.r 1843 No. 458/-)

1.

Of a demand of Rupees 467,806 in the Land Revenue, the Collections within the Fusly were 381,722, and subsequently 40,282, leaving a balance of Rupees 45,801.-

Coll.r Report Para 8.
Board's Proceedings Para 5.

2.

Among the Items of increase the Government observe that derived from extended cultivation by the Khonds, who it appears have this year considerably enlarged their settlements below the Ghauts.-

3.

The Most Noble the Governor in Council receives the favorable account given of these tribes with the greatest satisfaction, and trusts that for many years at least all considerations of viewing the approaches of

Fort St. George 4th January 1844.

of these people as a matter of revenue to the State, may give place to the most zealous exertions in the cause of their civilization, and the endeavour to confirm them in their new profession.-

His Lordship in Council

4.

however in perusing the Collector's remarks on this subject, is satisfied that no incentive to Mr. Bannerman's care and anxiety for the welfare of these classes, is required.-

Coll.r Report Para 18.
Bd. Proceedings Para 9- 15-

From the explanation afforded

5.-

by the Collector relative to the Pubacondah remissions, the Government do not receive the same impression as the Board entertain of this portion of the District having received a "double remission" or what is intended, as is supposed, by the expression, an unnecessary relinquishment of the Government dues.-

6

The Villages are settled or rented according to the outturn of the preceding year, and the present circumstances of the ryots, as has already been frequently explained in the reports on this

Fort St. George 4th January 1844

this District, the amount of Revenue ~~as~~
obtained is generally confined to the Col-
-lections of the Fusly but a small sum
being realized afterwards, and the remainder
if any appears as a balance, which is ~~as~~
for the most part irrecoverable- ~~as~~
all sums therefore so relinquished from
necessity in former years would in fact
have been equally a "double remission" ~~as~~
as the deduction at present so styled ~~as~~
by the Board.-

7. The Collector calls the
Para 10- demand "Nominal," and in fixing it appears
to have followed the custom of prior years except
that, subsequently being on the spot, he was
with the assistance of the Survey accounts, ~~as~~
enabled to form a more correct judgment than
usual on the ability of the ryots to
discharge their rents- The Government
would therefore receive the case as ~~as~~
explained in Para 10 by the Collector
that visiting the Talook and while
there, instituting a minute inquiry ~~as~~
into the resources of the ryots, that Officer
found, that circumstances caused a ~~as~~
further

Fort St. George 4th January 1844

further reduction in the amount of the ~~as~~
original dirkhasts to be necessary, and
under the discretion vested in him, ~~as~~
he struck off the excess, an arrangement
the Government apprehend far preferable
to permitting it to remain as an irrecoverable
balance, requiring a reference to Government
and its sanction for ultimate disposal- The
restriction of the remission to the 75 Vil-
-lages remarked by the Board might
be explained.-

The main objection appears
8.-
to lie in the Statement being completed
at the commencement of the year instead
of at a later period when its effects on
the land had been experienced- Puttahs
and Moochelkas are thus early distri-~~as~~
-buted, but it is not clear, that when
alterations in the assessment take place,
these leases are recalled, corrected, and
again distributed- If such an arrange-
-ment does not obtain the chief value
of the Puttah is lost- The Government
are of opinion that the best remedy ~~as~~
for this defective system is in the ~~as~~
Establishment

Establishment of a Ryotwar Settlement wherever the Survey has clearly defined the extent, value, and other qualities of the several fields.-

9. Under this plan the remissions now questioned by the Board, as together with the heavy balances, would not probably have appeared on the accounts the original engagements of the ryots having been gradually by the Monthly cultivation accounts, reduced at the Summahbundy to either their actual holding or to the extent they might fairly be called upon to occupy and a assessment levied accordingly.-

Coll.r Report Para- 20- 21- B.d Proceedings Para- 21- 23.-

10. With reference to the system of renting the Villages either to a body of Principal Ryots, or to one individual, the Government agree with the Board in thinking the arrangement the best under existing circumstances.

11. The Settlement of another Fusly has been reviewed, and it is seen with regret, that the report on the survey is still only promised. It

was commenced in 1837, and though the Establishment sanctioned was small, yet it is hoped that the operation is nearly completed.-

12. The outstanding Balances now extend over several years, and the report on them has been delayed on apparently no sufficient grounds. It is trusted that the present Acting Collector will be enabled to furnish it at an early period.-

B.d Proc.s P. 24 Coll.r Report P. 22.

13. The comparison drawn of the present with the former state of Sooradah is gratifying and very creditable to Mr. Bannerman's management.-

Coll.r Report P. 24 B.d Proc.s P. 26

14- The Moturpha tax with the additional information afforded by the Collector would seem to the Board to be increasing, the Government observe that they have left that officer to his discretion in remitting the taxes on the impoverished classes he describes, but which it is desirable perhaps to abolish entirely.-

15- The total demand from all sources amounted to Rupees 13,25,424, the Collections 11,13,122, and the Balance on the 1st of February 2,12,303-

Owing to the unfavorable nature of the season the decrease in the revenue from Indigo alone amounted to 19,064 Rupees, but it is satisfactory to the Government to learn that the cultivation of this plant has been much extended of late years in this District, with much benefit both to the people and the State.

To

G. D. Drury Esqre
Chief Secretary to the Government of
Fort St. George.

Dated the 21st December 1843.

Sir,

I am directed to acknowledge
the receipt of your letter No. 935 dated
the 31st of August forwarding a corres-
pondence relating to the affairs of the
Nedadavole Zemindary, in which the
circumstances which led to the sale of
that Estate are traced.

2. The Governor General in Coun-
cil observes that a sum of 3,00,000 Rupees
was lent to the late Zemindar of Neda-
davole by the Court of Wards, with the
sanction from the Government of Fort St.
George, from the surplus funds of the
Noozeed Estate then in charge of the
Court. after two years the Zemindar
of Nedadavole died and that Zemin-
dary also came under charge of the Court
of Wards. Thus the Government became
implicated in the affairs of both
Estates

Estates and was bound not only to see the amount lent by the Court of Wards repaid to the Noazeed zemindar, but also to husband, under careful manage= ment, the resources of the Nedadavole Estate from which that amount was to be liquidated.—

3. It seems that the Nedada= vole property remained for six years under the charge of Government Officers who contrived during that time to pretrieve embarrass the young zemindar, and when placed in possession of his Estate it was made over to him burthened, not only with increased private debts, but also by a demand on the part of Govern= ment for arrears of Peishcush amount= ing to more than 2,00,000 Rupees.—

4. The Governor General in Council cannot but regard it as a circumstance much to be regretted, that the misfortunes which have befal= len in the sale and dismemberment of an Ancient and valuable Estate, should have occurred while that Estate was under the manage=

of British Officers. a Zemindary said to have yielded on an average of 6 years from 1776 to 1783, a revenue of 3,06,264—13—4, and which up to the day of sale was rated as paying an annual Peishcush of 2,10,000— Rupees to Government, ought assuredly in six ordinary years to have repaid without any difficulty the debt due to the Noazeed Zemindar, diminished as it is said to have been at the time the Estate came under the charge of the Revenue Authorities. His Lordship in Council cannot under= stand, for no part of the correspondence explains the circumstances, how it happened that so wealthy an Estate should have fallen off so greatly under Government care—adverse seasons it is true are stated to have been the cause, but did other Estates suffer in a like degree during these six years did the Government Peishcush derivable from adjoining Zemindaries fall during that time so much in arrears as to render its recovery hopeless? The Governor General in Council is not aware that such was the case—he accordingly requires to

× 1,00,000, or one third of the original debt, paid in two years whilst held by the old Zemindar.—

Fort St. George 4th January 1844.

His Lordship in Council would also desire to know the result of the sale and whether the Noozeed Zemindar has consented to receive from Government the portion of the Estate which he agreed to receive from the Nedadavole Zemindary, in satisfaction of his claim, for as the debt is stated to exceed the value of that portion it seems not improbable that the Noozeed Zemindar may have claimed from Government the full amount in Cash payment.—

Ordered that the following letter be sent in consequence.—

To The Collector of Masulipatam.

Sir.

I am directed by the Board of Revenue to transmit to you the accompanying copy of a letter from the Chief Secretary to Government, and of its enclosure being a communication from the officiating Secretary to the Government of India calling for information on certain points connected with the affairs of the Nedadavole Zemindary, and to request that you will furnish explanation in regard to the circumstances which have elicited the comments of the supreme Government, at as early a period as practicable.—

2

You report on the management of the Zemindary during the time that it was under the charge of the officers of Government and on the causes of the deficiency in its revenues during the same period, should further be accompanied with a Statement of its estimated resources, details

=ledge the receipt of your letter of the 28.th Augt desiring to know whether I concur in the prop that V. Vencatachellum should be appoin Head Sheristadar of this District.-

2- I have purposely delayed replying to this letter, in order that I might my own experience form a judgement of h fitness for the Office to which he aspires, a for which he was recommended by Mr. Sand

3- V. Vencatachellum has served under me for nearly four months a although he certainly possesses an intima acquaintance with this District, obtained his long official connection with it, he has the general Revenue information & kno of Accounts, and of the systems of other Dist requisite to enable him to remedy the def this. He is in short but a man of very ab abilities, and is by no means conspicuous for

Fort S.t George 4.th January 1844

or zeal. In his management of the Talook of Nagarum when he was Amildar during Fuslies 1250 1251 and 1252 he appears to have given satisfaction, and whatever might have been his early career, he has shewn when in that Talook a desire to establish a good name. I certainly should not, were I Collector, select V. Vencatachellum for the important post of Sheristadar of this District, at the same time I do not think I should have urged his removal had I found him permanently holding the Office.-

4- It will be of great importance I conceive that Mr. Prendergast just appointed to this District should have a Sheristadar in whom he can confide, and who will aid him in the arduous task before him, and I beg to suggest that it be left to him to nominate a person for the Board's approval. It is the more necessary that the Sheristadar here should possess superior qualifications, because the Deputy is utterly unfit to aid him in any way, and so long as the latter office is so unworthily filled, the entire duties of the Sheristadar Department must fall upon the Head of it.-

5. With regard to the allegations contained in the Petition received with your letter

This corresponds nearly with the accounts rendered by the Curnums of the Villages. Some encroachments, the continuance of which I have now prevented, would appear to have been made, but they are not of such a nature as to call for especial reprehension. And the Enams themselves would seem to have been purchased in no undue manner.—

of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Masulipatam under date the 18th November 1843, submitting a report on the arrangements which he has concerted for the settlement of the private debts due by Rajah Narriah Appa Row late Zemindar of Nedadavole.

2. The sum of these liabilities as stated by the creditors amounts to Rupees 134542-2-2 and it being altogether impracticable that this demand could be met from the surplus proceeds of the estate after it should again be delivered to the Zemindar the principle adopted by the Collector is to substitute in place of money payments to assign to the several parties certain portions of the estate to be held on terms varying according to the nature of their respective claims. These are as follows.

3. The alienation in favor of the Simhadry branch of the family as proposed shall be in perpetuity. They to pay such amount of Peishcush on the portion ceded to them as shall be

by the Sub Division accounts now in preparation, and to receive the Villages granted them both for their support and in full of all demands upon the Zemindar past and future.

4. The assignments to be made to the private creditors Birgee Rahum Dass and Vellory Venkatareddy Naidoo in full of their claims are for 15 and 6 years respectively the Zemindar being responsible for the Government demand due upon the property for the period during which it is under assignment.

5. The last case is that of Lutchmeecantamah, adoptive mother of the Zemindar, who in satisfaction of the debt due to her, and for her future maintenance is to enjoy the Village of Tandeepurroo for her life - the assessment being borne by the Zemindar who is also to make her a small payment (Rupees 500) in money.

6. The other claims which are discussed in Paras 16 & 26 of the Collector's report appear of a questionable character, and the Board agree with Mr. Porter that these demands do not call for immediate

consideration

Fort St. George 4th January 1844.

consideration.

7. Simhadry and Venkatadry Apparow being responsible for the Peishcush on the portion which is to be ceded to them, the additional charge to which the Zemindar will be subjected under the contemplated arrangement will be the payment of the Government due on the Village temporarily assigned to the Mohundoss and to Vellory Venkatareddy Row amounting to 9,000 Rupees annually for 3 years and 6,000 Rupees per annum for 4 years afterwards. To this might be added the assessment on the Village to be enjoyed by the Meccantamah, but as under any circumstances the Zemindar would have to contribute to the support of his adoptive mother, this can hardly be regarded in the light of an additional charge.

8. The arrangements proposed by Mr. Porter appear to be most judicious, and the Board beg to recommend them for the sanction of the Most Noble the Governor in Council. It is necessary that the pleasure of Government should be known upon this subject, that the preparation of the Sedadavole Sub Division accounts can be completed, as in the event of the plan now submitted being approved of, the

Fort St. George 6th January 1844.

amount of Peishcush to be borne by that portion of the estate which is to be alienated to the Simhadry branch of the family must be separately determined.

9. In reference to Para 12 of the Report the Board would submit that it is not advisable that Narriah Apparow should be placed in possession of his estate until all questions connected with the subject be definitively settled. but there would seem to be no objection to the measure permitted by the Collector by which the Zemindar is allowed to employ his servants to take care of the cultivation in conjunction with the Circar servants - The several portions to be assigned to the Creditors may also be at once made over to them should the arrangements as above explained be approved of.

10. In regard to the application of Narriah Apparow for a revision of the Peishcush on that part of his Zemindary which he has been allowed to retain, the Board remark that in the general letter of 24th August 1842 Para 41 - the Court of Directors have directed

Sir

A Complaint has lately been made to me by the Zemindar of Nellore in this District, that the inhabitants of Vul=lahapooram a Village belonging to the Guntoor Zillah situated on the bank of the Kistnah op=posite to Nellore, have committed trespasses accompanied with acts of violence, on an island in the Kistnah, which the Zemindar asserts to belong to his Estate of Nellore.

Similar Complaints against

2 the Zemindar and his retainers have been preferred to the Collector of Guntoor by the Vullahapooram people, who also asserts their right to possession of the island in question.

The dispute appears to be

From the plan it will be seen that Jillellah Sunkah and Latta Sunkah are but one Island but at high water the rush of the stream has made three or four shallow cuts or passages thro' it and there is an accumulation of Sand on its N. W. side caused apparently by the late freshes.

The soil of Jillellah Sunkah and part of the disputed Sunkah is Red Colle Soil mixed with the deposits of the Kistnah fre and very favorable for dry cultivation. The best part of Jellellah Sunkah and a small port on the Northern side of the Latta Sunkah are cultivated with Horse Gram and some parts the slopes with mustard.

I should have sent you Survey a couple of days sooner but for the wa as the Colors did not adhere to the paper.

a principal Agent in the Zemindar's transac
translations of an Enagetnamah addressed
to the Zemindar, and his reply on the
subject; and an abstract of the questions
receipts and disbursements discovered from
the Zemindars duftors.

2. The matters selected for in
-gation were.

First- The alleged misappropriat
of the proceeds of the sales of chayaro
and the sums charged as hire for digg
it to the exclent of Rupees 2600 and ode

Second- An exaction under the
name of Nuzzeranah on occasion of
Ramanauta Baubos daughters' marria
from the Ryots of Bauputta of Rupees 1000

Third- An exaction of Nazzeranah
from the Ryots of Collepara to the exte
of Rupees 1000—.—.

In all these cases the charges appear to
substantiated, in all important particulars
The disclosures made by Tata krishnama
supported by the vouchers he has furn
afford moreover incontrovertible proof of
the zemidars extensive and systematic
misappropriations carried on very many

thro Srinivasa's Agency.

3- His deposition also shews him
to have been a party to a collusive transaction,
to which the Zemindar had recourse to
account for his having remitted more money
than had been collected from the Tannahs
in the period immediately preceding the
removal of the Estate from his manage:
-ment. the Zemindar alleged that he had
borrowed the money from Srinivasa, to
whom he had given a Bond, but it appears
that at the same time Srinivasa passed
his receipt, for the sum mentioned in the
bond being 15000 Rupees.

4 The question now remains to
be decided what further course should be
taken- It will be observed that the Sudder
Udalut in their Proceedings dated 25th July 1842
forwarded with the Provincial Courts' Precepts
of the 10th of August of that year, state that
they are desirous of being informed whether
it will not be necessary for the Collector
to make such a full enquiry into the
management of Ramanauta Bauboo,
in relation to Revenue arrears as to render
any separate investigation for the purposes
required by the Sudder Adawlut, unnecessary.

and

and if it is not the intention of the Revenue authorities to go fully into the subject, they desire the opinion of the Collector as to the best way of conducting the end in view.

5.

Admitting that there is evidence forthcoming to prove misappropriation to a large extent, and that it is desirable in the ends of Justice and the interests of Government to recover the amount, and punish the offender, it is to be considered under what provision of the law, is the matter cognizable. The Zemindar during the time referred to was managing his Estate which was then under attachment on behalf of the Government, on the terms laid down in the Boards' letter of the 22nd August but it seems doubtful whether he can be considered to have been then included among the classes of persons defined in clause third Sec. II Regulation IX of 1822 and consequently whether that regulation is applicable to the case, I am not aware of any other legal course for enforcing restitution except a regular suit in the Civil Court.

6.

In any case the conduct brought to light may materially affect the decision of Government in consider-

Ramanauta Bauboo's claim to a maintenance, and to the benefit of any arrangement which might have been contemplated for the settlement of his debts.

7.

Another question presents itself as to the fitness of Tolah Kristamah for the Public service. He is one of those servants who was considered by Mr. Mathison to have a prior claim on the score of having formerly served on the Collectors Establishment, over others nominated by Mr. Goldingham when the Vaseredy Estate was taken under Government management in February 1842, and accordingly appointed on the 18th April of that year to the situation of Ameen of Cheybrole on a salary of 100 Rupees a Month, displacing the Ameen named by Mr. Goldingham.

1- Read Extract from the Proceedings of the Sudr Adalut under date the 11th Instant No. 791, calling for a full Return to their Precept of the 25th July 1842, in respect to certain charges brought against Rajah Vaseereddy Ramanadha baboo, by Rajah Vaseereddy Atchummah the Collectors report being found still deficient.

2- No further return than that dated 13th May having been received from the Collector of Guntoor to the Provincial Courts Precept of the 7th April 1843 No. 417, calling for a final Return to their precept of the 25th July 1842 on the subject, ordered that he be directed imperatively to obey the exigence thereof without delay, by stating what he has subsequently done, ample time having lapsed for the termination of the enquiry, and for the result of the expected orders thereon, to which he therein refers, had they been submitted to the Board, under the early prospects he there holds out.

3- It was however his duty to have advised the Court, for the information of the

Extract

Extract from the Proceedings of the Sudr Udalut under date the 25th July 1842.

Read Return dated 4 July 1842 made by the Provincial Court in the Northern Division to the precept of the Sudr Udalut of the 2d May directing them to require the Collectors of Guntoor and Masulipatam, to enquire into and report upon the charges made against Rajah Vaseredy Ramanada Baboo of having made away with the proceeds of the Vaseredy Estates situated in their Collectorates during the period they have been under his management.

Para 6. The Acting Collector of Guntoor states that on the attachment of the Zemindary under recent orders from the Board of Revenue measures were taken by the Collector to secure the whole of Ramanada Baboo's Accounts and papers relating to the management of his Zemindary, but that these measures were frustrated by the clandestine entry, through the roof, into one of the rooms sealed up by the Assistant Magistrate, and the removal, as is supposed, of the contents, including, as asserted by Atchummah, documentary proofs

Ramanada

Ramanada Baboo's embezzlement, and funds accumulated thereby. The Acting Collector states however, that an examination of the papers obtained was commenced under the orders of Mr. Goldingham, and a number of Memoranda, letters, and accounts, discovered, tending to prove receipts and disbursements by the Zemindar, inconsistent with his engagements to the Government, that Mr. Goldingham in his letter to the Board of Revenue dated 31st January last, stated the Amount of these questionable items at Rupees 87,557-12-10. and the result of subsequent examination shews a further Sum of Rupees 20769-0-6. but that there still remain a great number of Duftors to be examined.

7. But the Acting Collector observes that although this Summary mode of investigation has already produced an amply sufficient body of prima facie evidence to justify the removal of the Zemindar from the management of the Estate, it will by no means serve judicially to determine his responsibility with a view to

to

to restitution.

8. The charges brought by Atchemma the Acting Collector observes, embrace transac of almost every Village in the Estate, during a period of upwards of five years, that each c item will probably require a separate investi= gation, and such an inquiry the acting Collector does not think will be satisfactorily made with the means at his disposal, and in such a case he sees no alternative but the appointment in the Judicial Department, a Commission, as requested by Atchemma.

9. With reference to the return of the Acting Collector of Guntoor, the Court of Sudr Udalut are desirous of being informed whether it will not be necessary for the Collector to make such a full enquiry into the manage= ment of Ramanada Bamboo, in relation to Revenue Arrears, as to render any separate in= investigation for the purposes required by the Sudr Udalut unnecessary.

10. If it is not the intention of the Revenue authorities to go fully into the

the subject the Court of Sudr Udalut are desirous of the opinion of the Collector of Guntoor as to the best way of compassing the end in view.

11. It is very desirable to avoid if possible a Commission of enquiry, as there are no available funds to cover the expense, and it will became necessary to call upon Achama to provide them.

Ordered that Extract from these proceedings be forwarded to the Provincial Court in the Northern Division for their information, and with instructions to make the necessary communication to the Collector of Guntoor by precept returnable in 15 days from and after its receipt.

Fusly 1248 that of the same Rupees 882 were col-
-lected by S. Condiah Gomashta but does not know
into whose hands the Money passed afterwards;
that regarding this Money a bond was executed
by them in the name of Sheshmury Venkiah, that
the bond is at present with S. Condiah- Further, on
that this Nazarana was not in consideration of
an additional toom being granted to the Ryots;
but upon their agreeing to cultivate certain

States that whe the Zemindar went Collon he sent for the Villagers and made them promise to pay a Nazaran of Rupees 900 and caused them to give a bond in the name of Shek Venca the bond stating that they had borrowed

borrowed the amount from the said S. Venkiah, that 900 Rupees was then transferred from the said Venkiah and paid to the Zemindar as coming from the Capoos, and Curnums who gave the bond, that upon a request made by the Ryots their share of the produce in creased from 8 to 9 tooms in the Candy; that he (Deponent) collected the Money for the above Nazaranah and remitted it to the Zemindar at different times by the Chitta accounts filed, these Chittas shew the amount of 757 1 4 as remitted at Sundry times, that upon this occasion 20 Cloths were distributed to the Capoos and Curnums, cannot recollect what was done with the bond after the Money was paid by the ryots; but the Capoos and Curnums will have had the bond, Understood, that the Nazaranah was levied at 1 Rupee per Candy in the grain produce, but has no particular account of it, these will be with the Gomashta and Curnums. The whole of the Witnesses in this case agree in their testimony as to a Nazarana being levied, and also in the manner Viz. by a collection of 1 Rupee per Candy in the produce of fusly 1248 the Witnesses who speak to the amount actually Collected

collected all agree the 1-2-4 and 6 witnesses stating 882 and odd Rupees and 9 Witnesses and odd as the amount actually collected, more over the 12, 3, and 9th Witnesses depose to the particular sums paid by them respectively. It appears that a bond was executed in the name of S. Venia (the Dewan of the Rajah which is now forthcoming) at the the 3d and Witnesses state that the amount for which this was given was 900 and odd Rupees. It seems that the Statement of 5th and 8th Witnesses and also of 12th Witness, that it was 800 and odd is the most credible as the latter was actively concerned in the transaction, the difference also between the amount of the bond and the amount levied upon the whole produce stated by the 11th Witness as 60 and odd Rupees is confirmed by the Cash Chittas which shew 65-7-6 as credited in the Collections of the Dewan of the former fusly—

The 6 Witness and others depose to the correctness of the account of the outstanding balance of 36-14-6 filed, the balance as shewn by the evidence between 906 and odd and 882 Rupees and odd collected is 34 Rupees and odd, which differs fro

from the above account by 2 Rupees which is accounted for by the omission of fractions of price in the calculation of the several ryots share—

The evidence seems sufficient to shew that 182 and odd Rupees were actually collected under this Nazaranah, out of which 65-7-9 were carried to the public account, leaving a balance of 817 Rupees appropriated by the Zemindar or his agent Tota Crishnamah- To- gether with the above Nazaranah, there Witnesses in this case, depose to another instance of injustice on the part of the Zemindar Vizt- that in December 1841 the

Fort St. George 1st January

the Zemindar compelled the ryots of Colapara to give bonds to the amount of Rupees 1000 for Sist which did not fall due till the following May or June, their Statement is also confirmed by the deposition of Tota Crishnama on this point but as it appears from the accounts that this amount is credited to the Circar, it did not seem necessary to enter into a detail of the particulars in this place the injustice consisting in the premature demand.

Fort St. George 4th January 1844.

12th May 1843. corresponding with Friday the 13th Shoodum of the month Vishackum year Shobacrotee Deposition given by Tolah Kistamah son of Lingapah of the Kellaggoo caste, upright Marks religion, in Government employ, aged 72 years, and an inhabitant of Parahotlapatam.

2 Charge is preferred against you with having, while you were Tanadar in Rajah Ramanadahaboo's employ credited to the Circar, in the Zemindar's accounts, a portion only, of the actual amount realized by you and your people, of the proceeds of the sale of the bundles of Chayroot in the Baputlah Tanah, originally obtained from the Ryots at a regulated weight, from Fusly 1247 to 1250. and with having appropriated to your own benefit ½ a Rupee per Bundle from the sums collected, what have you to state regarding this.

A The whole of the Bundles of Chayroot dug from Fusly 1247 to 1250 were disposed of according to the Rajah's order from the proceeds of some of the Bundles which were sold 4 Annas and 6

Annas

Annas and for some ½ Rupee per Candy, was accounted for separately, and remitted to the Rajah, we were his servants at that time and therefore acted according to his orders.

2 How can you prove that the proceeds were realized in that manner and remitted as alleged by you?

A I was directed not to keep any account about this transaction - however, I did keep an Account of the sums obtained at the rate of ½ Rupee. I will produce these accounts, and any assertion will be manifest thereby.

2. You say that you will produce the accounts, do so?

A. Here are the accounts - I now file the Chitta account separately kept regarding the sales made of the produce of the Pantee Land" the sums collected and remitted to the Rajah are shewn therein, besides the items specified in this account there are other items from the amount of the proceeds of the sale of the Chayroot from the Pantee Land. Viz.t or sums of

of 192 Rupees which was given to the Rajah himself when at Guntoor, and a further sum of 100 Rupees paid in a similar manner at the Village Bo. Cloopur - roo - total 292 Rupees were separately paid. Moreover in the aforesaid accounts presented by me, there is one item of 308 Rupees on the 10th March 1838 corresponding with the 15th Shoodinn of the month Palgoonum year Kaeillumbey, the profit obtained on the grain given as hire to the people employed in digging the wild Chayroot of the Pantee Land.-

One Item of 10-10-1 as profit

in the "Mazoora" or hire on the 14th June the same year.-

One Item of 8 Rupees on the same profit Total 326-10-1 have been accounted for. Besides this the balance of 2,284-15-- of the proceeds of the sale of the Chayroot was paid to the Rajah the Items of the profit also to the extent of 300, and odd Rupees, are given credit for, as paid to him.-

2. Where did the Rajah direct that

Fort St. George 4th January 1844.

that the proceeds should be collected in the manner set forth above. Have you any document about this?

A. I have no letter to my address about this, but when the Rajah came to Rajahpettah he spoke to me about it, & I collected the money accordingly, and remitted it to him.

2 Q. Look at the "Chitta" accounts, prepared in the Tanah, are the Items in these Chitta accounts, the reduced price after deducting ½ a Rupee from the sums actually realized?

A. I have no occasion to see these accounts I stated above that of the proceeds of the sale, ½ a Rupee and 6 Annas per Bundle, were collected separately; and sent to the Rajah, therefore, the Balance must have been specified in the Chitta & account.

Q. In what manner was that money obtained from the Ryots?

A. I told the people of the Tanah and the Tanah shroff, that a deduction

Fort St. George 4th January 1844.

deduction of ½ a Rupee and 6 Annas per Bundle should be made from the people who came to buy consequently they made deductions accordingly, per bundle, and whenever I came to the Tanah the money used to be paid to me and I remitted the cash to the Zemindar from time to time.

2. Q. Are there any separate Accounts of the money collected at the rate of ½ a Rupee per Bundle?

A. The Gomastahs can have no accounts about that, the Shroff may have some account of it.

2 Q. Look at the account presented to me by the Shroff, Viz^t. the account for Fusly 1248.?

A. The Item in this account about the Cheyroot is included in the account presented by me.

2 Q. Potah China Kristamah stated in his deposition that he remitted 150 Rupees to you regarding the proceeds of the sale of the Cheyroot. Have you received that sum, what is this circumstance?

A. I deposed, above, that the money realized on all the Bundles sold used to be placed in my possession therefore there

these Rupees also are included in the amount stated above.-

2. The arzee addressed by you to the Rajah on the 17th August 1841 will be read to you. Is this the same that was written by you and are all the particulars therein specified, true, Is the signature thereto yours?-

A. I have heard it this is the same arzee that I wrote and the signature is mine.-

Q. You stated before me, that you realized on each bundle 1/2 a Rupee, 6 Annas and 4 Annas out of the proper rate and remitted the money to the Rajah and that you managed to send, a profit of 300 and odd Rupees from the "Mogore" or hire payable to the Ryots. But in the aforesaid arzee these 2 circumstances, are alleged, not to have taken place, How is the difference

A. Those complainants preferred arzees, to the effect, that I had embezzled the amount of those 2 Items, but, I never appropriated any money, as alleged by them. The Rajah is well aware of the nature of those Items, consequently, I wrote an arzee in the manner because, I never made away with the money.-

Have

Q. Have you any documents besides these accounts, about your having paid to the Rajah, the money according to the account presented by you.-?

A. I have no other document besides these accounts.-

Q. Did you cause a sum of 1,000 Rupees to be collected, in Fusly 1250 on the Mohsgance of produce at Bapatlah, upon the plea, that the money was for a marriage present to the Zemindar or did you make any such collection if not, in that Fusly in any other Fusly on any account whatever?-

A. When the Rajah's daughter was about to be married the Capoos and Curnums of Bapatla were all called to Ammaravathy and detained there during the 5 days of the marriage 40 Cloths were given to those who came, therefore, they agreed to give 1000 Rupees as a marriage fee, levied from the "Garoo" and tank produce in that year, and the following year Viz. in Fusly 1249 and 1250 they paid the amount, the money was generally placed in the possession of the Tanah Shroff and the Mootsuddies of the Tanah; and as it was usual for "cash" to be remitted every fortnight this

Fort St. George 4th January 1844.

this money also, was sent with the other remittances I know not whether the Shroff has any account about this sum, or whether there are any accounts in the Tanah about it. The Items of Nuzzeranah &c. are never set down in the Irsalnamah or account of the remittance, It was usual for a separate Memorandum to be written, and all such collections as the money in question, to be sent with the remittance tied up in a separate purse.- Those Memorandums or Yadasts were afterwards discontinued I generally wrote those Yadasts myself and dispatched them.-

2 You say that the amount of Nuzzeranah, was sent separately by you, have you any document to shew that that money reached the Rajah.?

A As these sums are Nazzera=nahs no receipts are given, I never gave any receipts to the Village people they never gave me any, themselves, but the account about this might be found in my dufters.-

2. You say that there might be some account about this in the Tanah, or there any accounts about it or not.?

A There are Accounts about it.- You

Fort St. George 4th January 1844.

2. You stated that you had some accounts about the money regarding Nuzzeranah you are required to present, the Accounts you have.-

A The account for 1249. Fusly is that of 6 sheets. / called Bandoolos / that of 3 sheets is the account of Fusly 1250.- The account for Fusly 1251 is that on the half of a sheet of paper &c. 3 and 4 in 2 portions.- The account for Fusly 1248 is &c. 1 and 2 That for Fusly 1246 is on one paper dated the 1st July 1837. and another similar ½ sheet of paper; and the account for Fusly 1247 is on ½ a sheet of paper; I present these Accounts, The accounts for Fusly 1249 and 1250 shew that under the grain produce of Baputlah 1016 Rupees and odd has been collected, together with the dates on which that money was remitted to the Rajah.- All the Mootsuddies in the Tanah are acquainted with the circum=stance of this money having been remitted to the Zemindar.- These Mootsuddies and Shroffs not only sent separately here= with the money; but whenever I happened not to be in the Tanah, the Mootsuddies used to write the Items on a separate sheet of

Reexamination of Potah Kristamah

2 Complaint is preferred, charging you with having caused it to be collected one Rupee per Pootee of the grain produce of the Village Collepurrah for Fusly 1248, and of your having received the amount so collected what have you to say to this.?

A For the Jamalundy in that year the Rajah came to Colloore, and sent for all the Villagers and caused the people of Collepurrah to promise, that they would pay a Nuzzurana of 900 Rupees: he then caused a bond to be drawn out for that sum in the name of Sheskamoory Venkiah, he it written to the effect, that the Villagers of Collepurrah had borrowed that amount; he then, had that bond placed in Venkiah's possession by the Capoos and Curnums, the Capoos and Curnums of the Village collected then received from Venkiah the sum of 900 Rupees regarding that Bond and paid it to the Rajah: and upon a request made by them to increase the "Jodie" or share in the Village from 8 Poons per Pootee to 9 Poons

Fort St. George 4th January 1844

in the Pooty, the Rajah directed me to fix their share at the rate requested, and as I was moreover directed to collect those Rupees from the Capoos and Curnums and remit the same- I collected it accordingly, and remitted the sums.

The Chitta account regarding Nazer ~~amah~~, and which was presented and filed yesterday, will shew on what dates and how much money each time, was collected, and how much money I remitted to the Rajah. The Rajah gave 20 Cloths to all the Capoos and Curnums- at that time. I do not recollect to whom that bond was sent after the amount thereof was paid.- The Capoos and Curnums got back their bond-

B State, in what manner the Pooty paid the amount, regarding the Item of Nuzzuranah.?

A I heard that they paid at the rate of 1 Rupee per Pooty- I have no accounts about that- The Curnums and Zufty Goomastah must have the accounts- The people in the Village collected the amount and remitted it to me, and I used to remit it accordingly to the Rajah. To shew that I did remit the sum in the manner I received it, I file a letter No. 9 and dated the 18th December 1839 addressed to me by the Zufty Goomastah, or Shroff named Coondiah. It is stated in this letter that 5 Rupees had been

Fort St. George 4th January 1844

been collected from the Villagers of Collepurra regarding the Bond of the amount of Nageramma

Q. Have you any other accounts resembling that of the 15th December 1839 and presented by you. to shew whether any other Items had been received under the Bond of Collepurra Villagers?

A. I have no more at present with me at this place. There were some in the Duffter at the time I was managing the affairs in Canady Janah; If those Dufters are searched some more letters regarding the Nageramma question, may be found.

Q. While there were fixed periods for the Ryots of Collepurra to pay the rent regarding the produce on Saffron, Chillies, &c. how is it that before the time came, you demanded the rent of the ryots, and that when they said, that they were not able then to pay, you said that you would pay the sum before hand, and thereby ed the Ryots to execute bonds in your younger brothers name, Did you advance the money?

A. The Rajah having promised to pay the Circar a large sum of money, and as he wrote to me to collect money to a great amount

Fort St. George 4th January 1844

the Ryots were asked about the cash, at the time, and as they said they could not pay at the time, I did cause a Bond to be written in my younger brother Shahadree's name, payable with interest, As the amount of those Bonds extended to 1,600 Pagodas. I paid the money and had the amount credited in the Circar accounts. the Ryots are still liquidating that money, and the Bonds are in my younger Brothers possession.

Q. You are required to state the particulars of the Items in your account filed by you regarding the Nageramah in the Village of Collepurra, the dates, and how much money each time was received, and what proofs you have of the Rajah having received that money.

These

These sums were remitted to the Rajah at the dates specified, of the remaining amount of Nazeranah the sum of 100 Rupees has been included in the Circar's Doule for fasly 1206, but this money was not collected at that time from the Ryots, and hence the Zuftee Gromastah was subsequently under the necessity of collecting the Rs 900, and 100 Rupees, which was done and remitted. Consequently this was set down as received in the doul; I know not whether the Villagers paid the outstanding small balance, to the Rajah and obtained a Bond, or whether it is a debt yet due from the ryots. It was usual for the Villagers, or the Samuttdars to send the money regarding Nazeranah, without my knowledge, & such money as was remitted to me used to be inserted in the Account and then sent to the Zemindar. I have no accounts to shew, that the 100 Rupees alluded to, were collected, but the Curnums Accounts will shew it.-

2 How can you prove that 757 Rupees regarding the Nazeranah of Collepurra had been sent to the Zemindar.?-

A It was usual for Peons and Subidars to take the remittances of Cash, and the Nazeranah Money

money also was placed in their charge and accounts stated on the dates specified in the accounts about the transaction.- It was also usual for letters to be written to the Zemindar giving him information about it.- That account shews the names of some of the persons by whom the Cash was sent. but I have no separate documents about this affair.-

2 It is understood that 30 Candies and odd of grain, out of the Amburum share of the Village Nellore for Fasly 1209 and 50, had been sent to the Rajah, but that the value thereof has not been inserted in the Circar's Chitta has not been known about this.- account, what do you know about this.-?

A I do not recollect what number of Candies. but as the Zemindar wrote a letter to me to the effect that the "Amburum" share of the produce of the Village Nellore should be sent to him in boats, I wrote to Tooloor Mandara=dow the Samuttdar of Nellore Mootah to put a "quantity" equal to the amount of the "Amburum" share into boats, and to send it to the Rajah (at Amaravaty.) as requested, & he did so accordingly, and then wrote a letter in answer to mine, I have not these 2 letters with me, they are in the Duftery.- however

however as the Zemindar never wrote to me to have the value of the "Ambarum" share of the produce included in the Chitta amount, I did not cause it to be so included. It was also usual for the "ambarum" share of the "Maniam" produce of this Village to be received by the Circar in Kind, and to dispose of it themselves but as the price of grain was low in the Villy Mullon that year, the Zemindar wrote, that if the grain (Ambarum) was sent to Amaravaty it would cause it to be sold at a reasonable rate Consequently I sent the grain in Kind, I do not Know whether the Rajah had it sold or not, the cost of these 2 Items Viz. the hire of boats to convey the grains to Amaravaty and the hire of bullocks from the Villy Mullon to the boats has been paid from the Mullon Village Dustur. I do not recollect the amount of hire paid, it has not been repaid the people of the Village, I will have to refer it to the accounts to ascertain whether there of repairs to the tanks of that Village, has been given credit for, in the accounts or not, I do recollect any thing about it.-

Q It appears that Rs. a p. 154-9-8 as Nazeranah from the Villagers of Potoonnerra Pak, had been placed

placed in your possession, what have you to state about this.-

A On the 3d May 1840 the Villagers of Potoonnerr Pak, agreed to pay something as Nazeranah Viz. 30 Rupees. On the 9th October 1841 the people of Nangiahlumka paid 60-12-6 On the 6th December 1841 the people of Nagiah-lumka paid 23-12-0 and as I received the money in this way I sent the sums in question to Amaravatty on the same dates with the peons who conveyed the remittance. I do not know any thing about the other Cash, I do not know in what manner this money was collected, as the Villagers sent the money to me, I forwarded it. The other 40 Rupees was given credit for as "Cota Cotay" fee for permission to commence cutting the Coop. for 5 years at 8 Rupees a year.-

Q If you Know any thing about other sums having been paid to the Zemindar as Nazeranah, you are required to state the same. If you have any proofs you are required to produce them.-

A Such money for Nazeranahs as I received into my possession, has been set down accordingly in the accounts furnished by me. In other Villages the Samuttdars gave the Rajah money separately as Nazeranah, but some of these have not been

been setdown in my accounts whilst others have been inserted therein, The Ryotwar and Curnums of Noydoo fully used to go themselves to the Zemindar from Fusly 1216 upto the time the Talook B was attached and to converse about the Village rents.- I used to hear, that they gave Nazerannahs, but I have no accounts to shew this.- An examination to some extent has been made in the Banjeutlah Tanah regarding this Village, not only the Villages of the aforesaid Village but the people of the Villages also generally- made arrangements themselves, with the Zemindar, about the rents gave Nazerrannahs- but I have no accounts about this, It will be apparent by the accounts already presented by me, that the Zemindar levied Nazerranahs from other Villages, also besides the Villages mentioned above.- I now present some accounts connected with the case heretofore, presented by me and filed of record

Further examination of Tota Veeastramah on the

2. Did you cause any thing to be paid either
out of the Circars Cash or of any other Cash from
the Villages under your management, to Setah
Ramiah designated a Savoukeeper?

a. 10 Rupees a Month were fixed as
Ramiahs

Fort St. George 4th January 1814.

Ramiah's pay, and as the Zamindar ha
executed a paper, that 120 Rupees should an
nually be levied (at the rate 1 and 2 Rupe
per Villages) and paid to him the money
was accordingly collected from the Villagers
and paid by me to Ramiah, I presented
that Documents.—

2. While the Money regarding Chayaro
may have been collected at different time
during the 4 previous Fasties, how is it that
in referring to the Accounts furnished by yo
the amount, per Fasly, has not been specifi
you are therefore required to present detailed
accounts per Fasly regarding it?

A. I have no other accounts besides those
if the number of bundles are wished to be

got for the same may be compared.

2. There appears to be no other document in
the account filed by you regarding the cash of the
proceeds of the sale of the Chayaro, which has
come into your possession, therefore, if you have
any other documents about the transaction
should present the same, to be filed of Record.

A I have no other accounts besides that

those specified.

2 It is apparent that except Nagaramah Va
have been collected in the Zamabs of Bangarella
and Tanaby and some of the items correspond
with those entered in the accounts filed by you
whilst other items do not totally. By this, it
appears that you should have a separate account
of the whole amount which had been placed in
your possession. therefore, if you have any such
account to present the same.—

A I have no other accounts besides those Vizt
besides those which I have already produced and
which have been filed on record. The accounts
produced by me show the Nazaranah Money which
went through my hands, but I have no accounts
of the Nazaranah which were remitted unknown to
me.

2 Have you any other documents besides those
now produced by you of the Zamindar having
written to you, about any other affairs?

A. I presented the whole of the
documents called "Yadastes" or Memo:
randums which were written to my address

J.

Fort St. George 6th January 1816

I have no other papers of any sort. If the
duftors are searched some may be found
at present I have none in my possession.

2. It is understood that while you were
Ameen of Tanaly Taluk on behalf of
the Company you received a bribe of 50 Rupees
in Fusslies 1245 and 1246 from the Villages
of Peddaravoor and in Fusly 1246. 80 Rupees
(the item set down in the Circar's Account
as different) total 130 Rupees. what have you
to say to this.-

A. The Curnum Suggurlapoody Venkata
-peddy of that Village and some of the
Capoos: are at variance with me they
therefore fabricated such false accusation
and preferred a complaint to the Head
Police of Mungalaghery the then Head
of Police examined the case and dismissed
it, as a false and fraudulent charge. Few
days afterwards those Capoos made a com
-plaint to the magistrate in the same
case, this authority examined the Witnesses
&c. and dismissed the case as false: they
if this record is perused, your honor will

become acquainted with the real facts of the
case. I do not know where the above items may
have been collected in those Villages and
spent whilst an item regarding it was inserted
in my name.

2. What explanation have you to render
about the 987 Rupees and odd regarding grain
which were placed in your possession from the
different Villages in which you were managing
the affairs on behalf of the Zemindars deducting
therefrom 130 Rupees of the Village Peddaravoor
for which account has been rendered.—

A. I never misappropriated grain from
any Village and put it in pits neither did
I have any if it sold, when I went to have the heaps measured I
used to have the Business (people of the Villages) paid their wages
collected here and I used to have a small
quantity of the "measured" grain, to be given
daily to the bearers who accompanied me; but
I never sold such grain and appropriated the
proceeds to my benefit the accounts shewing
this, are such as may have been caused
to be drawn out by the Villagers by
compulsion, by the then public servants

of

Fort St. George 4th January 1844

of the Circar but these are not the accounts.

2 Is the Zemindar indebted to you in any manner.

A. 10 or 12 years ago while I presided at Guntoor and did the duty of Collector the Zemindar Ramanada Bauboo sent word to me, to the effect that he was in want of money for his expences, therefore, I caused a Bond to be executed in my name and in the name of Hoseen Sahib, for 800 Rupees and sent that sum by placing it in Jamee. Tuffeel possession. The Zemindar is yet indebted to me, in that sum and I have a Bond also about it.

2 Did you lend any money whatever to Ramanatha Bauboo a week before his Talook was attached.

A I did not lend him (in fact) any money, they merely gave credit in their accounts in my name to that effect, and it inserted that I had lent money and left the

Fort St. George 4th January 1844

the same som afterwards in their items of disbursements.

2 How did you become acquainted with the circumstances.

A. A Bond was executed in my name Viz. the Zemindar executed a Bond in my name and then took a receipt from me of the amount of the Bond having been received by me, I recollect that the amount was 15,000 Rupees and odd; that Bond is now at present in the Village Conchottapuram That bond is on common brown paper.

2. Why was a bond executed for money which was not (as you allege) paid what cause was there for money to be paid?

A. The Zemindar gave credit for the amount in my favor and then wrote, and executed a Bond for the sum, and as soon as that Bond was liquidated, he took a receipt from me a receipt having been taken from me the Bond in my name was returned to me. It is false about the money having been given Credit for, in my name and then mentioned as liquidated I never paid any money.

When

Fort St. George 4th January 1844

2. When the Villages were rented did you receive any money from the rentees as Nazeranah and then lessen the amount of rent in any manner?

A. I never lessened the rate of rent about the rents; however, it was usual for rents to be arranged and Nazeranah paid regarding it. It is usual for Nazeranah to be taken after the list for "Ezra" is settled.

2 Is the Zemindar collecting at present any money under Bonds which may have been executed in his favor by the different Villagers, under the head of Nazeranah?

A I did not hear whether he was having such money collected: at any rate I heard that 4 or 5 months ago the Zemindar caused Nazeranahs to be collected, for the expences incurred by him on his way to Nazampatam and again, but I did not hear this yesterday, when I came to Nizampatam.-

2 Do you know any thing about the circumstance of the Zemindar being in the habit of receiving Nazeranah from Talookdars

Fort St. George 4th January 1844.

than those in which you managed the affairs of the Zemindar.

A. I heard that he was in the habit of receiving Nazeranah.

2 You stated above that at the time you used to send the Nazeranah money to the Zemindar the Mootsuddies and other Servants were aware of the circumstance, what are their names.-

A Sesharaze Sashagerry Row & D. Bauboorow, and Moorsoopully Narsimloo are shroffs in the Banpuitla Imah Kadumby Ramanoojah Charloo and Rammalapantee Pudmajee are

With respect to the Complaints
preferred by Rajah Vasereddy atchemma and
the ryots of different Villages setting forth that
when the Estate was under your Managements
you directed your ameens to collect certain sums
of money from the servants in the District, and
the ryots of the Villages, under the denomination
of Nazerranah &c. and appropriated the same
to yourself giving no account of the same to
the Circar. The several ameens have forward-
ed records of enquiry regarding the same of
which some are under examination. From
these it appears that a sum of Rupees 20753-
5-6 only was credited to the accounts, out of
Rupees 23073-1-0 being the proceeds of the
sale of Cheyroot at different rates from
Fusly 1247 to Fusly 1250, and that the remainder
Rupees 2319-0-0 was appropriated by you,
It is also manifest that you obtained a

sum

sum of about Rupees 1900 under Nazerranah, at 3 annas 8 Piece P.r Candy of the Mangany produce yielded in Bauputla for Fusly 1249, and about Rupee per Candy of the dry produce yielded in Collepurra for Fusly 1248, and that you likewise collected money in different Villages, and appropriated it to yourself. Under the circumstances above stated, you are requested to send your Vakeel with the necessary documents within 5 days after the receipt of this Inquetnaamah to afford explanations on the subject.

Under instructions from the Board of Revenue, you were put in possession of the Estate for its management, and were allowed to draw Rupees 700 Monthly for your expenses, you are requested to furnish an explanation to the undermentioned circumstances which appear from the accounts during your management while the accounts shew that a sum of Rupees 10,5172-1-8 had been collected in Fusly 1251 by the time the Estate was attached, including Rupees 56-2-5 remaining at the beginning of the said Fusly, and that a sum of Rupees 22,417-12-7 was disbursed on account of charges as per sanction, and

Rupees

Rupees 111,475-15-1- were paid under Peishcush making a total of Rupees 133,893-10-8, how could you have been able as shewn from this account, to pay a sum of 28,721-9-0 under the head in excess beyond the Collections, and also to the amount of 37,900-0-0 to your creditors, and under costs of Suits connected with your own private affairs. A correct explanation in detail is required for submission to the Board, together with other circumstances connected with your management. I request you will send your answer within 8 days.

Petition humbly addressed by

In acknowledging the receipt

of

of your Enquetnamah No. 24 dated 15th May last stating that on examining the complaints brought by my opponent Vaseredy Atchemmah and some other Ryots of different Villages that I have collected certain sums of money under the denomination of Nazaranah during the time I was in charge of my Zemindary Estate, and that it appears that I have caused certain sum to be collected in Collepara Vcs Villages, and in the sale proceeds of Chayroot in the Village of Bauputtah, and also requested me to explain how that while I was only receiving subsistence allowance under the orders of the Board of Revenue, I could liquidate my private debts and incur the expences of my Civil Suits, as also make payment of Rupees 28,721 and odd for Fusly 1251 in beyond the collection at the time the Talook was attached. I beg leave to state as follows.

The said Atchemmah being my enemy on a long time envied my happiness and used to represent to the higher authorities some untrue circumstances against me, but they are not worthy of credit; she was likewise in the habit of writing similar falsehoods during the time of Mr. Goldingham my answers to which as also Enquetnamahs issued to

to her on making an enquiry into her statement are lodged in the Records of your honors Cutcherry a perusal of which your honor will be convinced that her complaints are false and malicious. Soon after the collections made on the sale proceeds of Jungle Chayroot of Bauputtah for every year I have caused them to be taken into the accounts, shewing the Demand and Balance and forwarded the same to the Collectory but I never used to fraudulently appropriate any thing, therefore the accounts connected therewith are in the Duftors which were sent for by the late Collector and kept in the Cutcherry, and I have no other accounts at hand.

After the Talook was put in my possession I have caused to be entered in the accounts the amount collected under Nazaranah in several Villages for some fusties and such accounts are now in your honors Cutcherry. On a reference being made to them the truth will be known, consequently the Statement that I have collected certain sum of money under Nazaranah in the Villages of Collepara and on the wet produce of Bauputtah is quite uncertain. Besides this when I was in charge of my Talook the Villagers were in the habit of producing

producing to the heads of Police in each year the accounts shewing the assessment and collection which were made by me. If your honor be pleased to refer to those accounts it will clearly shew that the complaints made by the Villagers are totally false.

The late Collectors' attaching my Taloke unreasonable in fusly 1251 gave rise to all these complaints with the view of causing the displeasure of the higher authorities against me. Having entertained hopes to put the Taloke (which was in a depressed state) in a good condition and to make a full discharge of the Peishcush &c. and thereby to merit the favor of the Honorable Government I never attempted to defraud any thing in any matter. I have yearly produced to the Collector the accounts shewing the receipts and charges of the Taloke in my Management which were compared with those proceeds by the Villagers to the Heads of Police. With respect to the point as to how I was enabled to liquidate my own debts, and to pay the costs of my civil suits, while I was only receiving my subsistence allowance from the circar I beg leave to state that since my father departed this life 20 years previous to fusly 1246

I incurred costs on account of different disputes amongst our people as also some expences on my own account. I also paid about 12,000 Rupees for the costs of the appeal made by me against Mooketeyala Wajsereddy Bhavany Mooketaswara Prasad Naidoo to the King in Council, all these sums were produced by me by loans and from the Estates in my profession. In this very manner I paid the sums above mentioned by contracting loans as far as practicable, and selling a part of my Jewels which I had from my father, but I did not procure any thing from the Taloke when I was in charge of it, and altho' the complaints preferred by V. Atchemmah and Ranganah (who are the widows of my brother but who bore hatred towards me) claiming the succession of my Zemindary rights were dismissed by the Court of Sudder Udalut in 1832 yet each of them preferred appeals therefrom to the King in Council, one incurring an expence of Rupees 12000 respectively. when persons of this description were enabled to incur the expense of so great an amount it is not strange thing that I who am

are rightful heir to the Estate both of my Father and Brother, had been able to pay the amount abovementioned for my own purposes.

With regard to the point as to how I was enabled to pay a greater sum than what had been collected in the Talook for Fusly 1251 by the time the Estate was attached - I beg leave to state that the late Collector used to issue Engagements strictly stating that the amount paid up to the months of December of Fusly 1251 was less than the sum paid up to the end of December of Fusly 1250 and that in the event of my not paying so much as in Fusly 1250, my Talook would be attached, in consequence of which I was obliged to contract debts from Sowcars under promise of liquidating the same from the future income as I was then in possession of the Talook - was by no other means that I was enabled to pay the amount under the heads in excess of the collections I also produced to the late Collector an account of the loans I have contracted, under these circumstances your Honor will be well convinced that all the complaints preferred against me are false and malicious

I therefore, humbly beg leave to represent that the late Collector has erroneously attached my Talook, but as your Honor who is well disposed and charitable has come here as Collector, I had indeed hoped, that your Honor would put a stop to that erroneous administration, and again put me in possession of my Talook, but I am sorry that your favor has not as yet been extended towards me, still if your Honor be kindly pleased to put me in possession of my Talook, I shall be continually praying for your long life and prosperity, and you will have much glory in the world - In conclusion I beg leave to request that your Honor will be kindly pleased to recommend my case to the favorable consideration of the Right Honorable the Governor in Council and put me in possession of my Talook - Please to peruse. It will be seen from the above that from Nos. 1 to 6 inclusive Rupees 2,318-10-8 were collected by the Zemindar in an illegal manner, and items Nos. 7 to 10 shew an expenditure of Rupees 3,708-14-3, which could only have been defrayed from private resources or exactions of a similar nature as above shewn. As the account of the Zemindar with regard to the manner in which he obtained the 15,500 Rupees in No. 8 is fictitious, it seems probable that of the amount of the items Nos. 1 to 6 the sum was paid, and the remainder towards a part of the items Nos. 7 to 10, allowing that the exactions to the amount shewn (3,708-10-8) went towards a part of the amount said to have been defrayed, 3,708-14-3. There still remains a balance of Rupees 5,000--- and of from what sources the payment of which was made, is not accounted for.

1 Having in Fasslies 1247 to 1250 concealed 2318-14-9 in the Collections of the proceeds of the sale of Chayroot and appropriated the same being a deduction of from 1/4 to 1/2 a Rupee upon each bundle from the amount actually realized and also having in Fasly 1247 and 48 exacted and appropriated 300 and odd Rupees from the usual hire payable to the ryots for digging the Chayroot.

This charge was brought forward in a petition to the Collector dated 15th July 1841 in which Murbrole Chalmiah and 23 others appear as Complainants and Totah Crishnamah the Shanadar of Bapatla as Defendant. One Bundareddy Boocheereddy was appointed Vakeel on the part of Complainants and presented detailed accounts of the alleged concealments and exactions. These accusations being brought against Totah Crishnamah the Shanadar employed by the Zemindar in the management of Revenue affairs it was referred by Mr. Goldingham to the Zemindar for enquiry by an Enayetnamah. The Zemindar when subsequently called upon by Mr. Goldingham by Enayetnamah to report on the result of his enquiry having failed to do so, the case was referred

referred to the Bauputla Head of Police for investigation on the 24th December 1841 who accordingly forwarded his proceedings on 18th January 1842 in which much of the Charges was establish-ed by the evidence adduced by the Com-plainants, and moreover it appeared that a loss of 4000 Rupees was likely to be sustained on account of the Chay root not having been dug in consequence of part of the hire, having been withheld in Fusly 1251

In January 1842. when the Estate was attached among the public papers in the Rajahs house was found the proceedings held by the Zemindar, and his reply pre-pared ready for dispatch to the Collector in which he stated that upon enquiry he found the Charge to be false and submitted a Kaifeyet dated 13th decreasing Adhika Aswija, Plawa year or Fusly 1251 taken from several of the Curnums of Bauputla who state that the charge of Conceal-ment in the proceeds of the sale of Chayroot is false and with regard to the charge

of Totah Kristnamah having with-held a part of the usual hire of 2 Rupees for digging the root, that deductions called Samoky Vyca have always been made from the amount of 2 Rupees upon each bundle and given by the rest to the heads of the parties of diggers as well as by grain being supplied instead of money on for hire and calculated at a higher price than that Current in the Market and that B. Boocheredoy having in-curred the displeasure of the Thanadar had instigated the Complainants to pre-fer this charge- a Petition from Totah Crishnamah Thanadar, accompanied this denying the charges against him dated 17th August 1841.

Condapa— A Kaifeyet was presented by Condapa and other Bramins of Bauputla on 11th January 1842. before the Head of Police shewing) the transactions with regard to the purchase of the Chay root, in which they affirm that by referring) to some of their Accounts which they now deliver to the Amean from Fusly 1257 to 50 on they purchased Chay root from Totah Cristnamah

Cristamah the Tanadar on the part of the Zemindar as follows; upon one occasion 300 bundles at 4-9-3 per bundle on 7th Shoodha Nijajaistum Vicary year and on 1st Soodha aswijum of Sarvari year 225 bundles at 5 Rupees each, on 3d Shudha Chytaum Sarvary year, 450 bundles and also 8 bundles at 4-4-0 each on 10th Bolalum Vi-shakum 122 Bundles at 4-12-0 that they gave agreements for the payment of the above 2-or 3 of which only were returned to them upon discharging the same that they cannot present the accounts of the purchases for 2 Fusliee they having been mislaid and further that in part of the first of the abovementioned item of 300 bundles they paid at the rate of ½ a Rupee or 150 Rupees to Tota Ch Cristamah Samuttar, by order of the Tanadar, that they paid the remainder in the following sums viz 381-8-0 296— 281-12-0— 213 and 51-3-0

The details of the charge of exaction in the hire for digging

the Chayroot and the manner of keeping the accounts of the sale of the Chayroot are embodied in Kaifayet dated 15th January 1842 by some Curnams of Bauputla to the Collector upon their being called upon by the Ameen to state the rate and other particulars regarding the digging the chayroot it states that when the Talook was under the Company's management the rate of 2 Rupees per bundle was paid liable to deductions for sundry small charges and also for the grain being charged higher than the current price, that in Fusly 1246 when the chayroot was rented 2 Rupees per bundle was the fixed price in Fusly 1247- the Zemindar's servants paid only 1-14-0- 1-12-0- in money or its equivalent in grain in Fusslies 1248 and 1249- The Thanadar released the ryots from the liability to the small charges of Samoky, &c and paid them -1-9-0- and -1-7-0 per bundle and in Fusly 1250- at the rate of-

1-6-0-in Fusly 1251 the ryots refused to dig the root as the hire allowed &c was too little, and goes on to state the particular parties who had the privileges of Exacting these Sundry Charges Further that the Sanadar &c did not tell them to keep any particular accounts of the hire paid for &c digging and also of the rates for &c which it was sold as there was a Gomastah appointed by him &c for that purpose, and upon his giving them each year the Total amount of the Dowls of the sale of Chay root they made them out accordingly, and wrote the Accounts of the collections from the chittas kept by the Shroffs which only &c specified the amount for which &c the root was sold without mentioning the prices-

The following) evidence &c has been taken-

1st Witness Boy=mashetty Condapa County of &c Bauputla-

Deposes that from Fusly 1247- to 51 he in partnership with seven others has been in the habit of purchasing Chayroot from the Sanadar Tota Cristnama

Cristnama Tota Chinna Crishnama &c Cristnama Tota Chinna Crishnama &c Samuldar the peishcar and other servants of the Zemindar, the price was raised from - 4-4 - a 4-8 - a 4-12 - a to 5 &c Rupees per bundle that he with his partners gave Cararnamahs in the &c above Fusslies respectively for the &c amount purchased by them in &c which the number of bundles, price agreed upon, and other particulars &c were mentioned that the Accounts &c which they kept jointly (a bundle of Cadjan leaves formerly delivered to Ameen Sheshacharlos) &c will &c shew the amount purchased price their profits &c a &c that upon their payment of the amount specified a few only of the Cararnamahs were returned to them, that their payments were &c made thro' Annum Vencanna Village Shroff, that upon such payments being made Lukshemmurtoo a &c Gomastah who kept all Accounts regarding the Chayroot, credited the same on the back of the Cararnamahs, that he on one &c occasion

occasion only paid 150 Rupees to Chinna Crishnamah Sametidar upon his demanding it in part of payment for 300 bundles of Chayroot at rate of 1/2 a Rupee per bundle

2nd Witness Collapoody Conappa Comity or-banian Banputta — Deposes that in partnership with 1st W. — and — 6 — others purchased the Chayroot from July 1247 — to 51 at different rates from 4 1/2 to 5 1/4 Rupees per bundle the Cararnamahs bonds were given by them specifying the amount, rate period of payments, &c that part of the accounts of their partnership (a bundle of Cadjan leaves, delivered to the Ameens) are in his hand writing that upon reference to these he finds that they purchased on 9th Shos Neja Chaitrum, Vicary, 300 bundles at 4 — 9 — 3 — on 10th Bohalum Inaghum, Sarvary 120 bundles at 4-12-0 besides two bundles purchased by Naulum Golapa on his own account. On 30th Bohalum Chaitrum, Sarvarey 450 and also 8 bundles at 4 — 4 — 0 besides 225 bundles

taken by Naulum Ramaya, on his own account — and for which they paid the said Ramaya, at 5 Rupees that Lutchemenurso Goomastah kept all accounts of transactions regarding Chayroot Further that on account of 300 bundles purchased on 7th Bohalum Jastum he with Condapa paid Tota his demanding a part of the payment at rate of 1/2 a Rupee per bundle 150 Rupees that with this exception the payments have been made thro' the Shroffs, who at the time wrote accounts of it, never examined these accounts, and cannot tell whether the whole amount was credited — it was usual to return the bonds on Kerornamahs after the amount was paid, which were then destroyed —

3rd witness Naulum Goorappa Banian — Deposes that he in conjunction with 7 partners upon one occasion purchased 300 bundles of Chayroot at the rate of 4-8-0 that from this a deduction of 8 annas per bundle was

was made amounting to 151 Rupees, and by direction of the Thanadar paid to Tota Chinna Crishnamah.

4th Witness — Vukkalagadda Cotapa Banian at Banpatla.

Deposes that his father and 7 others in partnership purchased the Chayroot green at Banpatla that the bundle of Cadjan leaves delivered to the Circar Ameen upon an investigation into this matter, contain the accounts of this transaction and were partly written by himself from which it appears that they purchased on 3d Chaitrum Sarvary 450 bundles at 4-4-0 — On 10th Bohalum Naughum Sarvary 120 at 4-12-0 On 7th Shoo Reja Chaitrum, Vicary, 300 bundles at 4-9-3. and that 225 bundles were purchased by Naulum Ramiah at 5 Rupees. that on account of above 300 bundles the sum of 150 Rupees is written as was paid to Tota Chinna Crishnamah Samutdar.

5th Witness Naulum Banpiah.

Deposes to the truth of the Kaifiyat presented by him and 7 partners on 11th January 1842 regarding their purchase of Chayroot that on 7th Shoodh Jaistum

Jaistum, he with his partners went to the Thanadar who was then at — the Thanadar who was then at — Tanaly and purchased 300 bundles of Chayroot, the price was fixed at 4-9-3 per bundle The Thanadar gave them a letter to Tota Chinnah Crishnamah to give them the article upon their giving Caarnamah or bond for the payment of its value that about 15 days after the said Tota Chinna Crishnamah sent for him and B Condapa & Comiah and demanded payment of 150 Rupees at rate of 1/2 Rupee per bundle they gave the same to him that with this exception all their payments have been made thro' the Shroffs.

6th Witness — Venda Juggiah.

Deposes that he with seven partners has been in the habit of purchasing from 1247 to Fusly 1250 the Chayroot green in Banpatla, that upon one occasion 300 bundles were purchased at 4-9-3 of the price of which, at the rate of 1/2 a Rupee per bundle was paid to Tota Chinna Chishnamah the remainder was paid with that the remainder was paid with other sums through the Shroff

15th W. Annundalapilly
Vencata Nurso } Depose the same as last witness.

16th W. Shegrum Ramiah. Deposes same as last and that the Kaifayet of 13th January subsequently given by him and others is correct.

17th W. Mullareddy Boochereddy. Deposes to the Tahsildar exacting out of the usual hire of 2 Rupees per

per bundle for digging the Chayroot at the rate of 9 annas under the name of Nazaranah for the Rajah and debiting the whole sum 2 Rupees in the accounts, but is unable to give a detailed account of the same, also that he presented a detailed account, amounting to 2318 and odd Rupees of concealments in the account of the proceeds of the sale of the Chayroot at the rate of 8, 6, and 4 annas per bundle by the Shanadar that he obtained by information of the particulars of the same from Avany Nursinghulu and other Merchants of Rajahpett and others.

18th W. Satabhunnabrishnomah. Samuttaun ---} Deposes that he has occasionally by directions from the Shanadar in his absence sold quantities of Chayroot at different prices 4, 4½, 4¾ and 5 Rupees per bundles that Mr. Luckshunnursoo the Gomastah employed in the Chayroot transactions told him (w) in making out the accounts of the same a deduction of 8 annas per bundle was

was to be made and the remainder only credited in the accounts according to the orders of the Zemindar, and that this has been the practice, further that this deduction was sent together with Nazaranahs in separate bags with the usual remittances to the Zemindar, that the banians of Baupuliu have occasionally paid him sums of money in part of payment for Chayroot and that he received 150 Rupees upon one occasion which was transmitted through the Shanadar to the Zemindar.

19th W. Maundalenya Lukshminursoo } Deposes that in Fuslies 1249, 50 and 51 he kept an account of the actual receipts for sale of Chayroot, that the Shanadar told him, he had received instructions from the Zemindar, to make a deduction of 8 annas per bundle and carry the remainder only to account, and by his (the Shanadar's) orders he made out the accounts accordingly at the rate of ½ a Rupee per bundle less than the actual receipts, that the amount credited in the accounts was given in

in charge to the Shroff Vencana and that the deduction was sent by the Shanadar with other illicit Collections at the same time as the remittances, and that Zemindar's peons and servants (as they informed him) have been in the habit of conveying these sums to the Rajah with regard to the hire for digging the Chayroot, that although 2 Rupees a bundle is the usual hire, that only 1- 7- 0, and 1- 9- 0 was accord: ing to the season paid to the diggers, and this with their free consent. That the accounts of actual receipts on account of Chayroot now produced were written by him, and that from the whole a deduction of ½ a Rupee per bundle was made from the actual amount of Cash received.-

20th W.s Aumum Vencanah- Village shroff Bauputla } Deposes that from July 1247 to 1251 a deduction of ½ a Rupee per bundle was made from the re: ceipts for the Chayroot and the remainder only Credited in the accounts that a separate account was kept of the deductions as

ax ordered by the Shanadar, which was forwarded to him (Shanadar) together with the Amount of the Money specified therein, that the sons of Sotah Krishnoma Shanadar, also Collected part of these sums, that when the Shanadar was at some dis: tance he (Shanadar) received the money from the merchants and what was sent to him (shroff) he carried to account. Further that the Chittas from July 1247 to 1250 now produced are all made out from the accounts he kept after making the deduction of ½ a Rupee per bundle that the Shanadar gave him no instructions to write the number of bundles and accordingly he only wrote the Amount of Cash.-

Sotah Krishnoma Shanadar- States that he receiv: ed verbal orders from the Rajah to deduct from the proceeds of the sale of Chayroot at 1- 6- 8 annas per bundle and to remit the same to him separately, that he has accordingly done so, Cannot offer any written proof of the assertion, that he received

received this order that the Rajah directed him not to keep any accounts of the money thus remitted, but that he always did keep such accounts which he now presents amounting as opposite. Moreover that besides this a sum of 292 Rupees was separately received by the Rajah, that he remitted also the sum of 300 Rupees and odd to the Rajah on account of profits unduly derived from the payments of hire of dedgegong Chayroot, that with regard to proceeds of sale of the Chayroot the bills taken made out in the Sanah and sent to the Hoozoor contain the amount only after the deduction of 4. 6. or 8 annas per bundle from the money realized as specified in the accounts now presented, that directions were given to all the Servants in the Sanah to make out the accounts in the above manner in conformity to the orders

orders of the Zemindar Upon reading to him his Arzee to the Zemindar dated 17th August 1841 in which he denies these charges brought against him he offers the following explanation, that as the embezzlements were thus made in accordance with the Zemindars orders and for the Zemindars own use he could not be considered guilty concerning them and that while he wrote the Arzee in the manner the Zemindar was too well acquainted with what was really going on in these transactions. From this it appears that in the items deposed to by the above Six witnesses a concealment of ½ a Rupee per bundle was made Amounting to 548 8 a Of the Coranamah alluded to by the same wit- nesses as given by them at the time they purchased the Chayroot for the payment of its value, one was found Among the records in the Sanah dated 28th October 1840 and given by Bagavapa Ramudo and two others for the payment of 80 Rs. the value of 16 bundles at 5 Rs. of which 35 Rs. were then paid in part and the remaining 45 Rupees in 15 days a note at foot of Caranamah shewed that the latter had been paid on 17th November following upon reference to the Amount credited to the persons in the Chitta Kept by the Shanadar on the above dates the sums of 27 and 45 Rs. respectively above are entered being a deficiency of 8 Rs. on ½ a Rupee per bundle upon the whole-

In the foregoing Statement the first item of 150 Rs. on a concealment of ½ a Rupee per bundle on 300 bundles is proved by the evidence of all the abovementioned 6 witnesses

Fort St. George 4th January 1844

witnesses to have been paid separately to Sotta China Crishnonah on the part of the Shanadar, and that the remainder of the value which was credited in the accounts was paid separately to the shroff-

As the parties do not appear to have kept regular accounts as to the whole transactions regarding the purchase of the Chayroot, and as with the exception of the above named Persons who were the largest purchasers the others are numerous and the amount of their purchases small, it would be difficult to attempt to bring under a minute enquiry each particular purchase, but the above investigation and result appears sufficient to give the strongest support to the evidence of 17th 18th 19th and 20th witnesses and to the Statements of the Plaintiff and the Shanadar which shew that similar appropriations were made from the whole amounts from Fusly 1247 to 1250, these witnesses and the Shanadar distinct- ly prove that the amount credited in the Ac- counts fell short of the sum realized by a Concealment of 4- 6- and 8 Annas per bundle-

The following Statement shews a Comparison between the detailed accounts of the Concealment as given by the Plaintiffs and by the Shanadar as Compared with the Circar Accounts-

Remarks.

/

From 5th George 4th - January 1844.

The evidence of 11th - 12th - 13th - 14th - 15th - and 16th - witnesses shew that the truth of the kaifayet of 12th - October 1841 presented to the Zamindar in defence of the charge rested solely in the supposition that the Shunadar being a respectable Servant would not have Committed any irregularities and that he consequently gave them witnesses correct information and particulars to enter in the account of the sales of the Chayroot. The names of the above 11th - and 16th - witnesses and of 8th - 9th - and 10th - witnesses are all attached to kaifeyet of 13th - January 1842 asserting the truth of the charge they now depose to its truth. with regard to the second part of this charge Viz. the exaction in the hire payable to the persons for digging the Chayroot. The 8th - 9th - 10th - 11th - and 16th - witnesses support the kaifeyet of 13th - January 1843 - and the following Statement of the actual amount charged in the Accounts from Sunly 1247 to 1250 shew that for Fusleis 1248-49- and 50 the rates of 1-9-0-1-0, 1-6-0, as alleged by the said witnesses to have been paid may have been charged Correctly in the Accounts.—

and as witnesses fail to give the particulars of the amount of bundles &c. so nothing can be detected of fraud in falsifying the accounts for those fusbies. In fusly 1247 the above witnesses depose to the rates of 1-14-0 and 1-12-0 being paid, whereas the rate charged in the accounts is uniformly 1-12-0 so that any exaction from the hire of this fusly as it appears to have been given in grain must have arisen from supplying the persons with a less quantity or at a higher rate and appropriating the proceeds of the difference of the quantity of grain.

Talah Crishnamah Thanadar deposes that in fusly 1247 out of the hire 326-10-1. were exacted and remitted with other illicitly collected sums, to the Rajah, The account particular produced by him, shews only a few dates and sums which appear to have been the amounts withheld on occasions on which the payments were made.

2. Having in fusly 1249. exacted under the name of Nazeranah - Rupees 1500 and odd in different Villages in the Bauputla Tamah —

Shegrum Venkatroodoo
Bauputla Veeriah —
Desharaz Bapiah —
Amdalpully Venkatanarroo
Itanum Lucmiah.

A Kefayet was given by Curnums of Bauputla on 18th January 1842 — stating that in Khavary year in Vishagah Month the Zemindar sent for them and spoke about their giving him a Nuzaranah of 1000 Rupees for the marriage which was about to take place in his house, that upon the Villages of Tamalapalem, Cancatipalem, and Amdalpully 606-9-2 were fixed at the rate of —-3-8 per Candy upon the Mungani crop of fusly 1249 a Vicary year that a list was made out and written by Shegrum Ramiah curnum, and lodged with annum Venkanah Village Shroff. also that upon the 4 — hamlets of Gonnurondlah pollem was fixed which the ryots consented to and which

Fort St. George 4th January 1844-

which they collected, that this 400 Rupees together with the above 606-9-2 were collected and paid to the Zemindar.——

1 Wt. Murpole Chalmada of Marpolevanpalem, a hamlet of Bauputla

Deposes that upon four hamlets of Palabanuvaripolem, Cavaravaripolem, Aradavaripalem, Murpolepalem where he resides, the amount of 110 Rupees was fixed according to a Tukasum list, made out by the Thanadar, 1 Curnam each of the above hamlets, contributed about 25 Rupees and afterwards the remaining 10 Rupees according to their share, has not the Jabitah account, his own share was 1 Rupee 1/2 Rupee which he paid about 3 years ago to the Thanadar, the Curnams and others being present, the difference between the 400 Rupees and 110 Rupees abovementioned was collected on other hamlets in Bauputla upon Garuvoo lands that he cannot specify with accuracy, to the above amounts, but

Fort St. George 4th January 1844-

has stated as far as he recollects —

2- Voottla Venciah,

Deposes that the amount 600 and odd Rupees was the allotted portion upon the hamlet Jammalapolem, Cuncatipolem, Andalla pullymuta Vea that the same was collected about 3 years ago, upon the produce at — 3-8 per Candy, that he and the other ryots paid their shares to Ancum Vencana Shroff, paid his share 21-11-4- to said

Q, Vencana —

3. Commanooney Nursing Naloo-

Deposes that about 3 years ago, the Zemindar sent for the Curnums of Bauputla and others to consult upon obtaining the means of defraying the expenses of the Marriage of the Rajahs' daughter, upon their return found that it was determined that a certain amount (which he cannot now recollect) should be paid the ryots, which was to be fixed at the rate of —11—3-8- per Candy upon the produce, that the portion falling upon his hamlet Jamalapolem was 314-10—3, that of this 250 Rupees were collected

that

Fort St George 4th January 1824.

that the ryots made their payments thro the Village Shroff annum Veneana, that he paid his share amounting to 17-14-11 that the enam lands were not included in this escaction, and that this took place about 3 years ago.

4. P. Coma Bapannah — Deposes that an escaction was made upon the produce of Vecary year at -a- 3-8 per Candy upon the occasion of a wedding in the Rajah's house, that the portion which fell upon his Hamlet according to the above rate was 314-10-3 which sum he comaneney Nursinghulu and others paid about 3 years ago, separately to Sota Crishnama Thanadar, that similar escactions were made upon other Villages, to make up the amount of 1000 Rupees. —

5. W. Comenaday-Veeranna. — Deposes that for the occasion of a wedding in the house of the Zemindar, a Nuzzerannah was collected and his Village or Hamlet Jemalapollam paid for the same

Fort St George 4th January 1824.

same at -a- 3-8. per Candy upon the produce, that he about 3 years ago paid his share 15-12-11 to a. Veneanna Shroff in the presence of several Curnums, and others.

6- Bauputla Veeriah. — Deposes that

7 Thegrum Veneataraidu. — truth of the above

8- Thegrum Ramiah — Kaifeyet regarding

9. Doderaidu Baupiah — the Nazaranah paid to the Zemindar for the occasion of Marriage in his house. —

10- Annum Veneanna Village Shroff — Deposes that he delivered to the Tanah-dar on account of the collections in respect of the Nazerannahs, on the last produce in Bauputla Tannah. cannot recollect whether the amount was Rupees 1000 that he dispatched the money thus collected at different times packed separately, but sent it together with the remittances to the Zemindar at Amara: datty the amount of the Collections now produced is the same as delivered to the Aumeen on 19th January 1824.

11- Sota Kristnama Tanadar. — States that the Curnums and Caupoos.

J

of Bapulla were sent for to amarawally by the Rajah at the celebration of the marriage of the Rajah's daughter, that they were presented with altogether 40 cloths upon the occasion, and they consequently consented to give the Rajah a fee or present of 1000 Rupees, which was levied upon the wet produce of that year, and the following Fuslies 1249 and 1250 they paid the amount. these Collections were generally kept with the Sannah Shroff, and Mootsoodies, and sent with the remittances every fortnight, these Collections for Nuzzaranahs were not included in the accounts of the cash remitted, but separate Memorandums were written, and sent with the Collections of this discription, the cash being put in a separate purse, and sent with the usual remittances, these Memorandums were generally written by himself, (deponent) he has no accounts or documents or receipts acknowledging these sums upon their reaching the Rajah, and no receipts are granted to the ryots from whom the money is levied, further he produces sundry accounts of Nazeranah, collected and sent to the Gemindar among which these is an account of the Nuzzaranah an

in question which shews that in Fuslies 1249 and 1250- 1016 Rupees and odd were collected on the garroo lands and wet produce of Bapatla tank, and also the several dates upon which the amount was remitted to the Gemindar in his absence from the Sannah some of the servants who were there, wrote the Memorandums to accompany these Collections and sent chits to him shewing the amount sent with the remittances, he produces several of these chits or notes, bearing the signatures of the Sannah Peishcar and others.—

The account deposed to by 10th Witness which was kept in the Sannah shews the following.—

The evidence of the 2d 3d 4th 5th 6th 7th 8th 9th speaks in

Fort St George 4th January 1844-

in a general way as to the collection of the two amounts of 600 and odd Rupees and 400 and odd Rupees, and is confirmed by that of 10th and 11th witnesses, who further depose to the same being remitted to the Zemindar, the accounts of 600 and odd Rupees presented by the 10th and 11th Witnesses and in part confirmed by the evidence of the 2d 3d and 5th witnesses as shewing the sums deposed to have been paid by them as their respective shares, and by the evidence of the other witnesses as shewing the total amount of certain hamlets as deposed to by them-

The difference which is shewn between the statement of 1st witness and the account presented by Totah Crishnama does not appear to bear much, if any, weight against the evidence of the others, who speak generally as to the amount of 400 and odd Rupees having been collected, as 1st witness says he cannot speak with accuracy as to the amount, and also in collecting the total of each of the 4 hamlets, from the daily Chittas of 11th witness, amounting to 94-14-8 as shewn above, cannot be considered very accurate, owing to the difficulty found in classing the individuals whose

Fort St George 4th January 1844-

whose names only appear in the chittas - under the respective hamlets-

The evidence seems sufficient to prove that a Nuzeranah on the Mangany lands of Bauputla was collected according to the account presented by 10th Witness, amounting to 606-9-2, with respect to the amount of 416-3-4 altho' there is nothing in the depositions of the witnesses to shew the sums collected from each individual, yet their testimony as to the collection, generally confirmed as it is by the account given in by 11th witness seems deserving of a fair degree of credit-

From S. Scott Esqre
Governor's Agent
at Nurnbol.

To C. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

In conformity with the orders of Government conveyed to me in the Proceedings of the Board of Revenue under date the 30th of October 1843, I have the honor to report the Establishment of Sayer Choukies on the Hydrabad Frontier, to take effect from this date. The frontier is formed by the river Toombadra, and after its junction with the Kistna, by the latter river. It extends from East to West above 90 Miles, but of this space the Country on both sides for a distance of nearly 40 Miles is almost uninhabited and scarcely explored on account of the impenetrable and unhealthy jungle which covers it. As there is no traffic of any consequence in this tract, I have considered a Choukidar and three peons quite sufficient. In the remaining space there are 21 ferries to which I have appointed twenty Chokydars and thirty peons.

A list of the Choukies and their Establishments is herewith forwarded, and I have the honor to request the Sanction of Government for their entertainment.

Resolution thereon,

Referring to the orders of Government under date the 16th September last, the Board recommend that sanction may be granted for the entertainment of the above Establishment for the collection of Sayer Duties on the Hydrabad frontier.

To C. C. Lovell Esqre
Acting Secretary to the
Board of Rev

Sir,

From the Agent to the Govr. of Fort St. George at Kurnool } 1.

Stating with reference to the Board's Proceedings of the 30th October last calling for a report on the Goud and Devastanum lands that no Enams have as yet been more than provisionally confirmed and that it would be useless to commence the investigation into their tenures before the completion of the Survey and promising to transmit a revised register of all the Yeomiahdars before the end of the year.

With reference to those parts of the Proceedings of the Board of Revenue dated 30th October 1843 which require me to transmit a register of all Enams which may have been confirmed on investigation and to report with the least possible delay on the Goud and Devastanum lands I have the honor to inform you that no Enams have as yet been more than provisionally confirmed, for both Mr. Blane and Mr. Bayley considered that the Government would issue specific instructions for an investigation into the Enam tenures, and supposed that those instructions would explain the principles on which that investigation should be conducted and define the nature of the tenure which should constitute a right or title to the Enam. On the subject Mr. Bayley submitted

Fort St. George 4th January 1844.

submitted a report to the Board a short time before he embarked for England.

2.

It would have been worse than useless to have commenced this investigation before the completion of the survey, for as the Mogalye land measure in Candies and Ca... differed in every taluk, I might almost say in every Village, it would have been impossible to fix the extent or ascertain the limits of a given Enam, I am in hopes the survey will be furnished by the end of next Month and that is done it will be easy to settle what number of acres shall be considered to constitute a Candy, and take that as our guide in the settlement of the Devastanum and other lands.

3.

A revised register of all the Yeomiahdars is already prepared and shall be transmitted to the Board before the end of the Year.

I had also the honor of submitting on the 30th of October last a report on the Madarwar and Money allowances to religious institutions, but these are quite distinct from the public and private Enams on land referred to in the former part of this letter.

Proceedings thereon-

Relative to the management of the Exclusive sources of Revenue in the District of North Arcot for Fusly 1252.

A.D. 1842/43.

Para 2-

1- In the Fusly under review there has been as shewn in the table entered in Para 2 of the report an increase in the items of Salt, Abkarry Stamps and Sea Customs, and a decrease in all the other branches attributable the Acting Collector states to "the unfavorable character of the season and great prevalence of Cholera" the result is a net increase in the Settlement of Rupees 13807-13-0-

Salt

Sales

1251- 20,793-4

1252- 32,156-4

Increase 12117-0

2- Both the manufacture and sale of salt in Fusly 1251 / A.D. 1841/42 / were checked by a severe storm - the same cause has happily not operated in Fusly 1252 / A.D. 1842/43 / the Salt revenue for that year in consequence largely exceeds that of 1251 / A.D. 1841/42 / and approximates to that of Fusly 1250 / A.D. 1840/41 /

Sayer

1251- 14,0140-2-1

52- 13,6498-92

Decrease 3641-8-11

3- The land Customs have fallen below those of the year previous by Rupees 3,641-8-11 the particulars of increase and decrease are detailed in the statement in Para 5, and the cause explained in Paras 6-7-8-9-10 of

of the Report- Sugar whether refined, unrefined or Jaggery / in which last there was a decrease in Fusly 1251 / A.D. 1841/42 / exhibits a considerable increase - The Board remark with satisfaction this improvement in so important a staple.-

Abkarry

1251- 122,800-0-0

1252- 132,974-10-7

5.- The decrease in Moturpha / 215-3-1 / and increase in stamps Rupees 243-7-0 present only ordinary fluctuations.

Sundry Small Frans

1251- 8569-6-8

1252- 7141-4-3

1428-2-5

6 There is a net decrease under this head of Rupees 1428-2-5. The Tank fisherry has fallen Rupees 598-11-9 - below the outturn of Fusly 1250 / A.D. 1840/41 / explained by the Acting Collector to have been occasioned by the water in several of the large tanks in the Sriwallor & Vellore Talooks not having subsided sufficiently to allow of their being fished- The diminution in the offerings at the Pudvaid and Ellatoor Pagodas - arises from those institutions having been

been transferred to their Trustees — The farms connected with the Govindarajasawmy and Sripultty Pagodas and the Sripultty's Offerings from diminished resort of Pilgrims have realized a smaller amount than in the year preceding — The Sripultty and Govindarajasawmy Pagodas having been made over to the Mohunt. all these dues and offerings will hence forth be collected by that individual. —

7. — Of the Total settlement Rupees 4.69.556 — 3 — 11 there remained outstanding on the 4th October last Rupees 16.317 — 1 — but of this Rupees 15.628 — 3 — 6 are due by the Abkarry renter Mr. Turner — The Collector is ample security for this balance. the adjustment of which is only delayed until the dispute regarding the limits of the Vellore Abkarry farm be determined. The Board have this subject under their immediate consideration and will communicate the result to Government at an early date — The other balances are trifling. —

8. — Statement B No 5 Shews the balance

balance outstanding for Fusly 1250 / A.D. 1840/41 to be only 11 a 8 p and Rupees 36 — 10 — 4 for Fusly 1251. / A.D. 1841/42

Proceedings thereon

94

On an enquiry held by the Ahtoor Thasildar regarding the extent of land cultivated in the Village of Connumputty for Fusly 1252

1252 it was found that the land tilled by Arnooga Pillay was acres 0.39—14 bearing Teerwah of Rupees 1—1—8 and that by Cootapah woodyan and Vaylatah woodyan acres 2—16—4 with a teerwah of Rupees 4—3—3 above that entered in their respective puttahs. It would seem however that the excess teerwah was duly collected and entered in the Summahbundy accounts—The omission to enter in the puttahs may therefore have proceeded as stated by the Curnum from the inexperience of the deputy whom he was compelled to employ on account of sickness—It appears from the Shasildars arzee that the Petitioner was really ill and that the investigation of the Case was delayed in consequence

2. The above circumstances not adverted to in the Shasildars proceedings, which are not very explicit, do not however form the ground

grounds of the accusation against Appellant: the charge against him is he having omitted to bring to account in Fusly 1251 the acres 2—16—4 which are alleged to have been Cultivated by the above said Cootapoodyan and Vaylatah woodyan in that year also— The Petitioner declares that this land was not Cultivated in that fusly its proprietor says the same—The contrary is however established by the testimony of three other ryots of the same Village.—

3. The loss to Government by the above omission is Rupees 4—3—3 It is the only error proved against Appellant in the accounts of Cannumpully and other Villagers the Bariz of which amounts to Rupees 2,875—1—6 For this offence the Acting Principal Collector has sentenced him to pay a fine of 30 Rupees or in default be imprisoned for 6 Months—The Board of Revenue consider this punishment to be excessive—They therefore direct that the fine

Fort St George 4th January 1844

fine be reduced to 10 Rupees and Appellant be cautioned to be more circumspect in the discharge of his duties hereafter.—

Ordered that the following endorsement be passed in Tamil and English on Petition No 48 of 1843 Endorsement "Petitioner is informed that the Board of Revenue have directed that the amount of fine imposed upon him be reduced from 30 Rupees to 10 Rupees. The Board trust that Petitioner will be more attentive to his duty in future."—

To C. L. Lovell Esqre
Acting Secretary to Revenue Board

Sir,

I have the honor to acknowledge the receipt of your letter of 11th Instant, and with reference thereto beg to state for the information of the Board that before I can address them on the subject of the late decision come to by the Assistant Judge at Salem relative to the suit regarding the Fort Ground at that Station it is necessary I should see the whole of the record as well as inspect the duftars of the Salem Tasildar. I also wish to see the Government Vakeel. this could not be done but by my proceeding to Salem. I am the more anxious to do this as the subsequent defence of this action will fall to my share as I do not intend staying longer at this place than the cold weather lasts and as the decision eventually came to in this case

case will not only affect large tracts of land in Salem but elsewhere. I therefore solicit permission to proceed to Salem for the purpose of enabling me to address the Board on the propriety of making appeal from Mr. Story's decision in

Fort St George

Sir,

Para 1. I have the honor to submit the Summabundy accounts of this District for Fasly 1252.

Season 2. The season for the commencement of the Nunjah Cultivation was most favorable the freshes being regular and abundant and for a considerable time there was every hope of a full and flourishing harvest this was not however fulfilled in consequence of the failure of early local rains and the subsequent drenching torrents which fell in December and January so incessantly did they pour down, that all the lower lands were flooded to an alarming extent and much damage done to the Cars crops which were then just ripe for the sickle, as well as to the Peishanmi which were laid level with the ground in the rich lands where the straw was

was heavy, and the subsequently relieved by the running off of the surplus water those which were not entirely destroyed never recovered their full bearing from The Cadarumbum Villages suffered twofold, from too much and too little water. The cultivation of these lands depends upon the local rains and during the Months of July, August and September scarcely a single plough depth fell, in October and November the rains were sufficient, partially, to set the cultivation going when the flooding Monsoon set in and did a vast damage to the young crops which were in some places washed away and in others under water for weeks. The Poonjah cultivation both in Nedu-=rumbum and Cadarumbum Villages has necessarily decreased in extent from the want of early rains as above described.—

3. The annexed Statement exhibits

exhibit the money results derived from the effects of the Upper Annicut exclu-=sive and inclusive of Fusly 1246. In the former case shewing an increase in the average cultivation of 6 years con-=sequent to the construction of the Annicut and its dependant works of Value 4747. at a Beriz of Rupees 162,874. or 5 21/32 per Cent and in the latter including Fusly 1246. the average is exceeded in extent 3634. Value at a Beriz of Rupees 124,688. or 4 11/32 per Cent. In the year under report the increase in the cultivation above the average of the 6 years previous to the construction of the Annicut is 5901 Values at a Beriz of Rupees 2,05,193 or 7 5/32 per Cent.—

Para 3.

4. The Board remark in their Proceedings on the report of July 1251. that the Standard has remained stationary since the report regarding the anicuts have been furnished and require some explanation on the subject of this Standard. The first account called for was in July 1249 and the Standard then entered was the Bottom of that year, and once retained merely to shew by comparison the gradual increase in the extent of cultivation in the subsequent years.—

5. It appears unnecessary to revert to the effect the heavy freshes had on the mouth of the Cavery at the commencement of the year, Captain Lawford having reported the same to the Board, but it is most satisfactory to state that notwithstanding the violence which such immense bodies of water poured thro' the different pairs no breaches were made in their banks. The Talook of Tritarapoondy as was to be expected became flooded from the heavy local rains

rains being added to the river freshes, to such an extent that boats were in demand amongst the cultivated lands of the Coatalgum, the works sanctioned of the better drainage of this Talook had not at that time been carried into effect and an estimate for still further improvement so much required is now before the Board which it is hoped may be sanctioned in time for completion in July 1253.—

There is a decrease in the extent of land cultivated amounting to Values 1567. of which 602 are in Nunjah. The decrease is to be ascribed principally to the failure of the early rains and partly to the injury caused by inundation, seed lands having been swamped and the plants which were ready for setting out destroyed.—

15. From the number of Amaumy Villages

Villages 4 reverted to the Woolung rent and 25 to the Durkast rent, while there is an addition to it of 7 from the former and 19 from the latter, making thereby a net decrease of 3.

16. Bearing in mind the repeated instructions of the Board for the reduction in the number of Amaumy Villages as much as possible, resort was had to the early invitation of proposals to rent the lands under Durkast, but owing to the unfavorable prospect of the season, the most strenuous endeavours were made on the part of the Meerasdars to retain their lands under Amaumy and only from the constant pressure from without did succeed in securing the number which eventually came over to the rent, this exceeds that of last year by 2 Villages and in extent 18 Values.

The accompanying Statement

25- shewes the decrease and increase in the extent of land uncultivated, principally arising in the Villages under the last 4 Classes of Settlement, many Meerasdars in consequence of the heavy losses by prices during the two previous years have been unable to bring their usual quantity of land under cultivation - The failure of the periodical rains and the damage done by flood also made the land so tough and foul, that double the labour was required in ploughing and cleansing it for the seed: this extra expence the poorer Ryots being unable to meet, a part of their land has been left waste.-

The-

34. The Collection of the Revenue in this 3rd succeeding year of loss by price, as well as produce, has been made with the greatest difficulty, and at a sacrifice on the part of the Tarum fyaul Land-holders which can not be recovered for many years to Come. In the present year there is a prospect of improvement in the selling prices which if fulfilled, will enable the Cultivators just to hold their own, but should the Contrary be the case, and prices fall below the Standard, remission or inevitable ruin must fall on numbers who have manfully struggled against the pressure of the times. It will be as gratifying to the Board to learn, as it is for me to report, that the timely indulgence granted to the Meerassdars of the Tarum fyaul Villages, at the close of the Fusly 1251, has not been abused, the parties having made it a point of honor to abide by their agreement,

as-

35.- Mr. Cotton my Acting
Sub Collector whose report is submitted,
joined the District late in the year,
but from what I have seen of his zeal
and ability in the management of
his charge I consider him a very
valuable public Servant.-

36. Mr. Cook my late Head
Assistant was most indefatigable
in his zeal and application to
business, and has been to me of
the greatest assistance, having manage
one Revenue Talook, the Salt and
Custom Collections, with a large magisterial
charge

charge, in addition to which I received the
most willing assistance from him in the
Settlement of the Division Jummabundy
previous to the arrival of Mr. Cotton-

37. Mr. Lushington evinces great
Steadiness and application to his duty,
and I am indebted to him for his
ready assistance in all matters referred
for his investigation-

38- Goondapah my head Sherista-
dar by the Zealous discharge of the arduo-
-ous duties has fully maintained the
character given of him in my last
report, and I am indebted to him for
valuable assistance-

Statement

Fort St. George 4th January 1844.

To The Acting Collector of

Tanjore.

Sir,

I have the honor to submit the annual Summabundy Statement of the Division under my charge.

In consequence of the favorable-
1. -ness of the early part of the season, both -- from the regularity of the freshes in the rivers and the periodical showers, cultivation was carried on to the greatest esctent practicable, and all seemed to promise a plentiful harvest with proportionate returns to the landholders, to compensate in some degree, for the ruinous season to which they had unfortunately been exposed in the last fusly, occasioned by utterly unprecedented lowness of prices of all sorts of grain, particularly Paddy the staple of the District; however in the Month of November, at the time of the Car harvest, and when the grain was ready for the sickle, excessive rains came on which continued with little intermission

during

during this important season; but its violence was comparatively trifling till towards the end of the year— From the 25th December 1842 till the 15th January 1843 it appears to have been so incessant, as to interfere altogether with the harvesting of a great part of the Car crops then lying on the ground, and which of course caused considerable damage to them; nor was this all, a portion of the "Pesanum" plants were submerged from the same cause for above 10 days, and much injury was caused to those plants which were then forming into ear.—

2. The mere drainage of the lands caused the following rivers Viz.ts Cadalay Nundalaur, and Veeracholen so to overflow their banks the Danish Government having dammed up and prevented the regular egress of the water into the sea at their natural vents which happen to be within their limits that remission was obliged to be granted on 36 Villages or 523 Vallies of land in the Paralum Talook alone, which is situated to the eastward of the Division generally. A correspondence was entered into which the Danish Government in consequence of the

the foregoing damages sustained and final arrangements satisfactory to both parties have been made with a view of avoiding such untoward events for the future.—

3. The Total number of Villages comprised in the Sub Division is 2010 as per Marginal Statement.—

4. In fusly 1251 there were 15 Villages under Amany, of which 10 were rented in the current year according to the instructions of the Board leaving 5 under Amany, and one which was rented last year, came under this head in the current, making a Total of 6. Of this Number, 2 have been under amany ever since Fusly 1210— The offers made by the Merasidars were considered so unfavorable, being under the average of the last 30 years, that it was deemed preferable to retain them under Amany.—

24. The Meerasidars in these Sarumfisel Villages have nevertheless had to sustain very severe losses this Season, and their hardships have been great. The actual produce was a very average one and much damage was sustained even to those crops from the unseasonable weather experienced at a critical time of the year; and the heavy rains and consequent floodings of these lands. But the greatest obstacle against which they had to contend was the depression of the Grain Markets. Such moreover succeeding two years like the last 1250 and 1251 rendered the calamity three fold to land holders, whose only hope of paying the Circar Demands with comfort is vested in the rise of the priced grain in the Markets.

25. In fusly. 51. the state of the markets pressed so heavily upon the Merasidars that it was considered necessary (at all events advisable) to postpone the Collections of the June Kists in the hope and expectation that circumstances would

Change

Change sufficiently to enable them to pay it without much inconvenience during the following year, But a third year of low prices such as is shewn to be the case in the present fusly Viz^t 21 25/32 per cent below the Standard, proved a sad blow to these hopes. The improvidence of natives of India is proverbial, and it is therefore useless to urge the advantageous selling prices of former years as a set off to the ruinous ones of the last 3, they only feel the present state of affairs, be this prosperous or adverse; and the effect of the pressure of the items, in these Sarumfisel Villages especially, is most vivid and sad to contemplate. Meerasidars of the first respectability, individuals looked upon hitherto as wealthy or prosperous, are reduced either to absolute beggarry, or the next door to it; and have sold the very jewels off their wives persons to liquidate their kists. others whose ancestors were "rulers and princes in the land;" and who till the last few years could tell of

their

their Estates in extensive tracts of lands with 1000's of Dependents who claim-ed them as their Lords, are now so "fallen from their high Estate" as not to have a valy of unmortgaged and unalienated land. Two bad sea-sons they manfully bore up against; and some of them holding Wolungoo rented Villages as well, were enabled to strike a balance of the latter a-gainst the former, and thus with the utmost exertions to make both ends meet; but a third succeeding, has well nigh overwhelmed them; at the same time it is most remarka-ble to observe the regularity and punc-tually with which these very men have, almost without exception, paid their kists, and especially that due on account of June in the last year; the postponement of which was evi-dently looked upon at the very mo-ment as consideration to the last degree, and a favor which they had no right to claim, and the;

as

as it has ultimately proved, no actual boon, still they have not valued the measure-s the less on that account...

The meerasidars objecting to pay this sum on the plea, that their Poonjah lands were not cultivated with a second Crop in consequence of a failure of rain at the proper Season. It is considered politic to allow this balance to remain outstanding for the present, lest the Ryots should abscond on being pressed for it, and as it enables them to cultivate their lands for the ensuing year with less difficulty, but I beg to recommend that the above sum may be struck off as irrecoverable, the ryots being of the poorest

Read Petition from Muddu-maigum Pillay late Curnum of the Village of Cata-rayapettah of the Yeloopoor Magaunem in the Conaud Talook of the District of Trichinopoly appealing against a decision passed against him under Regulation IX of 1822 by the Head Assistant Collector & confirmed by the Collector.

Read the Proceedings of the local authorities in the above case.—

Here enter

On a review of the proceedings held by the District authorities in this case the Board consider that the Appellant has been properly convicted by the Head Assistant Collector. They also approve of the Collector having reduced the amount of fine imposed from Rupees 123-8-0 to Rupees 70- The Board are further of opinion that under all the circumstances of the case it will be sufficient, in place of removing the Petitioner from his office permanently, to suspend him from his employment, and all emoluments attached to it for the space of t

from the date on which the original sentence was carried into effect and they request that Mr. Onslow will reinstate him in Office at the expiration of that period.

Ordered that the following endorsement be passed on Petition No. 813 of 1843 in Tamil and English.

Endorsement. "The Board of Revenue are of opinion that the Petitioner has been properly convicted under Regulation IX of 1822 and that the fine imposed upon him was fully deserved. In regard to his reemployment Petitioner must apply to the Collector to whom instructions have been sent upon the subject."

Sir,

To the Chief Secy. to Government

I am directed by the Board of Revenue to forward for the consideration of the Most Noble the Governor in Council the accompanying correspondence with the Collector of Trichinopoly in which he reports the death of Shasha Bazarat Cawdry who held an Enam at Nagadaloor and recommends that some provision may be made for the maintenance of the family the Grant under which the Enam was held not being hereditary.

Sir,

I The immense accumulation of useless records in my Cutcherry induced me to request that I may be permitted to destroy all the accounts and statements in the Native languages particularized in the accompanying list which bear dates antecedent to the year 1822.

2. None of the above records are of the slightest use while the custody of them entails an immense deal of trouble on the Record keepers two in number and of needless expense for coarse cloths for the Dusters.

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 25th Ultimo, and in reply to state that the Fort St. George Gazette containing my appointment as Special Assistant to the Collector of Tinnevelly reached me at Palghaut on the 28th August.

2. Having been at that time engaged in an enquiry regarding a disputed boundary between Malabar and Coimbatore Mr. Conolly the Collector of Malabar requested, for the convenience of the Public service, that the Board of Revenue would sanction my temporary remaining on Malabar, for the adjustment of the question and which request was

acceded to by the Board.

3 Owing however to Mr. Broughton's delay in sending me one of his assistants to meet me at the boundary the question up to the beginning of October remained undecided and on the 4th of that Month I received from the Secretary to the Board of Revenue a copy of a letter addressed by him to Mr. Conolly to the effect that I should be no longer detained in Malabar from taking up my appointment in Tinnevelly and Accordingly made immediate arrangements for my departure, and arrived at Tinnevelly on 27th October.

4. I have preferred a request to Government that under the Provisions of note 4 attached to Section XVI of the Rules of 21st February 1840 I may be granted the allowances of Special Assistant during the period I have detained on Malabar on public duty, but at present have only drawn my salary as Head Assistant, for that period, which I trust will not be refused to me

useful experiment in Tinnevelly an earlier transmission would have been desirable and rendered it much more likely to vegetate - Beyond a trial in my own garden or some where near, not much can now be done with the present supply - The seed ought to have been in the ground at the commencement of the Monsoon, and the Ryots are very unwilling to risk their land and labour (besides the loss of season for other Crops) on doubtful seed; similar Experiments having before failed to their Cost. I would request on any further similar occasion that foreign seed may be sent with as little delay as practicable after its arrival, to give it a fair chance of success I have no information as to whence the seed originally came which is desirable-

the meeting on the boundary of Mess.rs Cook and Oswell regarding the claim set up by the Mumbidy of Collamcode to certain Forest lands within this Distt.

I hope that the conclusion come to by these Officers will be approved as it would seem to be in adherence with the view taken of the question when originally submitted by me, and remove the doubt and perplexity which was subsequently cast over it by Mr. Conolly's letter to the Board dated 1st Instant.

I regret exceedingly that the Board should have received any letter with censure but I have made myself acquainted with the untenableness of the Mumbidy's claim, not only by

but also by record. I fear my Zeal, as in guarding the interests of Government may have induced a degree of precipitation which was in advance of the subject at the period of addressing the Board, but the result of the late investigations will, I hope, be the means of explaining matters to my advantage.

In corroboration of his second calls witnesses to prove his undisturbed possession. Leaving the question of the boundary to be settled by a Decree of the Courts, we confine ourselves to the actual occupancy.

The witnesses examined on behalf of the Rajah, may be classed as follows 1st Renters for the felling of teak for sale to the westward. 2nd do Renters for sale to the Eastward. 3rd do Persons residents of Colungode who have cut wood under written permission for their own private use. 4th do Cattle Grazers. 5th the mukkadums of Attcampathy and Chunnamanpathy the actual Cutters of wood for the Renters Vera 6th do the Sayer peons of Malabar.

The

Fort St. George, 4th January 1844.

The general purport of the evidence of these witnesses is, that wood has been cut, and cattle grazed to the eastward, as well as to the westward of the Meengaray under written agreements from the Rajah of Colungode, but with the exception of the second class none of them produce any of the said agreements. even had they done so no particular information would have been gained, as we know from the deposition of the Vakeel Vera that such documents specify no limits, but merely setforth that the holder is allowed to cut wood or graze cattle in the Jungles belonging to the Rajah.

The Renters for the eastward market are of two kinds sole and petty. Of the three sole Renters who held contracts from the year 1831 to 1838. two distinctly declare they did not cut to the east of the Meengaray, and the other although he asserts that he saw since trees lying in Attcampathy and Chinnamanpathy allows that he does not know where-

where they came from. The petty Renters only produce their leases for the year 1840 but it appears probable from the depositions of the Sayer Peons borne out by the Customs house accounts, that this Class had been in the habit of cutting timber to the east of the Meenguay, under agreements with the Rajah of Colungode, from the year 1838 upto the seizure by the Coimbatore authorities. This view of the case leaves but the entry for one year in the accounts of the Colungode Customs (which go back as far as 1837) to be explained, and this we think may be done by the fact that it has not been the custom to bring all trees felled to the Pattees, many of being inspected, taxed as they lie and entered as the produce of the nearest so that the trees entered in 1837 as coming from Attiampathy and Chunlamampathy may very possibly in the absence of evidence to the contrary, be

be supposed to have been cut in the neighbourhood of those places to the westward of the River.

The circar contends that the tract in dispute belongs to the Coimbatore Villages of Anaymalay and Marchnay Kenpolliums. The Pynash accounts of 1212 give the Meengaray as the western boundary of those Villages, it is likewise proved by evidence and on record that the produce of the Jungle lands in question together with the right of felling trees (teak and black wood excepted ‡) and of grazing cattle has for years back been rented from the Coimbatore Circar. The evidence adduced also goes to prove that altho' a restrictive order is in force generally forbidding the felling of teak and blackwood from time to time, as such wood may have been required for Circar purposes, or have been cut by individuals on special permission; these very forests have been in many instances

‡ upto the year 1835 even this restriction was not made except with respect to large timber trees of that Class.

instances the spot from which it has been taken.-

The only part of the Rajah of Colungade's case which appears to require particular comment, is that relating to the petty renters for the sale of wood to the eastward, having been allowed so long to cut unhindered. The Curnum of Marchnay Rumpollium, since dead, with the connivance of the Taulook and Village authorities, without whose knowledge we are convinced it could not have been carried on, we suppose to have been at the bottom of the business, aware of the restrictive order in force in Coimbatore, and fully alive to the profitable trade he might derive, could he with impunity manage to cut the timber, growing nearly up to his door, he, it would seem, resorted to the expedient of gaining his end, by felling it under a contract obtained from the Colungade Rajah, and of passing it under Rowanahs from Malabar as the growth of that

Zemindary; the rest of these contractors, residents in Marchnay Rumpollium and its hamlets, were merely either his tools or humble imitators.- The fraud, although, for the reasons abovementioned, long concealed, at length came to the knowledge of the Coimbatore authorities, who immediately interfered.-

The rest of the evidence adduced by the Rajah in proof of his occupation previous to 1838 cannot, unsupported as it is, be allowed of much weight against that on the side of Coimbatore, which is borne out and backed by document and record. One point however calls for slight notice as it tends in our minds to throw some degree of suspicion on the evidence of the third class of his witnesses, those who have cut wood for their owne private use. Let it be remembered then that they are all inhabitants of Colungade or the adjacent Villages, and merely required a small quantity of wood for building their houses, yet instead of cutting it in the extensive Jungles near their own homes, they took the trouble of coming ten or twelve miles, across the Meangaray for it, and why? because there were no trees sufficiently good for their huts, any nearer!

After a careful examination of the evidence on either side we are of opinion that the Rajah of Colungade has not satisfactorily made

Fort St. George 4th January 1844.-

made out any profession at all upto 1838, and believe the one he establishes from that period to have been entirely collusive. Supposing matters had stood as he asserts, his tacitly upto this time, allowing the land he now claims, to remain with its produce for years in the Co-profession and Co-enjoyment of another party, would shew a degree of listless forbearance, it is impossible to credit, and such as was most assuredly never conceded to him by the authorities of Coimbatore, who, as is proved by the records of that District, have always most summarily checked his attempted encroachments, as soon as apprized of them, from so far back as Mr. Sullivan's time; we are consequently induced to believe that in maintaining him in the profession of the Parties of atteam and Chunaman, which are, and doubtlessly have long been, from some cause not very clear, or of any particular importance in the present State of the question, in his profession, together with the small portion of land cultivated by his people to the east of the Meengaraj, we yield to him all he can ever have been said to hold in actual and recognized occupation.

With reference to this our decision the Colungoe Rajah is to be prohibited from cutting Teak or other Timber enjoying the produce of the Jungles, or increasing his cultivation east of the Meengaraj till such time as

for your information and guidance the accompanying Extract from the Minutes of Consultation under date the 31st August last with an Extract from a letter addressed to the Acting Judge and Magistrate and Collector of Seringapatam under this date.

See para 5 Extract of Minutes of Consultation dated 31st Augt. last.

2 On the opening of the Native Judges Court at Collegal you will be pleased to cause a Proclamation of the order in Council authorizing the Native Criminal Judge to exercise the powers described in clause first, Section XIV Regulation VIII 1827, to be made throughout the Talooks comprising the Jurisdiction of the Native Judge.

4 Under the powers vested in him by Clause Second Section II Regulation I. 1827 the Governor in Council is pleased to declare that the Talook of Collegal and Sattigal shall be with=drawn from the Jurisdiction of the Auxiliary Court of Salem, and in virtue of the powers vested in him by Section II Regulation VII 1827 the Governor in Council is pleased to Establish a Native Judge's Court at Collegal and to direct that its local Jurisdiction shall extend over the Talooks of Collegal and Sattegal and over the Town and Island of Seringapatam. The Station of the Court shall be at Collegal.

5 The Governor in Council is= pleased to authorize the Native Judge of Collegal to exercise the powers of Magistrate throughout the local Jurisdiction assigned to his Court agreea= to the provisions of Section XII Regulation VIII 1825

12 The Sudder Adalut have submitted a draft of a Regulation for separating the Office of Judge and Magistrate of Seringapatam and modifying certain provisions of Regulation II of 1808 and in their letter of the 24th Instant have stated their reasons for considering it

Fort St. George 14th January 1814

necessary to rescind a few only of the provisions of that Regulation. It appears however to the Governor in Council now that the Zillah of Seringapatam with its peculiar local administration has been abolished and the Town and Island annexed to the Collectorate of Coimbatore and the Zillah of Salem, that that portion of Territory shall be entirely incorporated with the Collectorate and Zillah to which it is= transferred. There is no particular duty required by Regulation II 1808 which cannot be performed by a Police and Magistrate's Department = constituted as it is in all other parts of the Country or modified as regards the exercise of powers of Magistrate in the manner provided for in the Native Judge Regulation and there would be some inconsistency and eventually confusion in continuing a peculiar mode of management after the circumstances which originally led to it have ceased to operate =

13 The Governor in Council = resolves therefore to rescind the whole of Regu= =lation II 1808, with the exception of Section XI (which provides for the levy of an Assessment to defray the Police Establishment and which it may be convenient to continue in force) and to declare the general Regulations applicable

applicable to the Town and Island of Seringapatam

The Resolutions contained in paras 2-3-4 and 5 of these Proceedings are not to take effect until the arrival of the Native Judge at Seringapatam and the promulgation thereof Regulation IX 1827.

Extract from a Letter to the Acting Judge and Collector of Seringapatam dated 2nd October 1827.

Para. 2

On the arrival at Seringapatam of Meer Mohomed Ally who has been appointed Native Judge and Native Criminal Judge of Collegal, you will promulgate Regulation IX of 1827 and deliver over to his charge the records &c. of the Zillah Court. It will be remembered that the
Sugar to which Mr. Cockburn refers having been
introduced into the District of Coimbatore apparently
in ignorance of the existing prohibition the
Government were pleased to permit it to be
given up to the Consignee for exportation. In
the letter now forwarded Mr. Cockburn represents
that the article in question is not as was sup-
posed Mysore Sugar but is the produce of
the territory of Seringapatam and he submits
that as Seringapatam tho now rented to the Rajah of
Mysore is a British possession, the importation
of

of its Sugar into the Provinces under the Madras Presidency is not prohibited by Act XI of 1842.

3 It should be observed that the provisions of Act XI of 1842 exclude from the Madras Territories not foreign Sugar only but "Sugar the growth of any British Possession into which Foreign Sugar can be legally imported." The Board are not informed of the precise nature of the Political relations between the territory of Seringapatam and the Provinces immediately subject to the Company's Government, nor how far the former as now circumstanced can properly be termed a British Possession. If it is to be consider-ed as forming a part and a parcel of the Honorable Company's possession or compos-

composing this Presidency into which the importation of Foreign Sugar is prohibited, then and in such case the Sugar under discussion may be legally imported into Coimbatoor, if on the other hand Seringapatam be considered a dependancy of the Mysore State and the Sugar there produced being therefore "the growth of a Possession into which Foreign Sugar can be legally imported" such Sugar must it is conceived equally with Mysore Sugar

Gentlemen,

Meer Mehomed ally who has been many years the Sahsildar of Arcot having lately resigned the Company's service in order to undertake a pilgrimage to Mecca has solicited to be exempted from rent for a small garden which he posses near Arcot, a request which from the moderate nature of it, and the excellent character of the person who makes it I cannot but recommend to the favorable consideration of the Board and Government.—

Meer Mahomed Ally formerly held the respectable situations of asst and Superintendent of all commercial Vessels at Mangalore under the Government of Sippoo— He was first appointed Sahsildar in the Company's Country in 1804 by Colonel Macleod— and his conduct since that period has been every way becoming a strict public servant, and a Gentleman— He is indeed one of the most respectable men I have ever met with among the Mussulmen of education— I consider it a public duty to transmit the

the testimonies to his Character, which he has received from Mr. Ross and myself.

The Garden solicited is situated in the Village of Mandial in the arcot Talook containing 13 Cawnies 6 annas of Poonjah land. and yielding a rent to Government of star Pagodas 11—5 6/4.

I am persuaded Meer Mahomed Ally would value this small indulgence entirely as a gratifying mark of the Cirkar's approbation of his conduct and not as expecting any precuniary advantage from it. It is in this view also and under an apprehension of some obstacle existing to a higher mark of favor being shown to Meer Mahomed Ally that I cordially second his request. The case of each of the defaulters has been carefully investigated, and there ap=pears no other means by which the arrears can be realized.—

2. It may be expected, however, that in several instances, the balance will be discharged before the lands are actually put up to sale.—

Sir,

I have the honor to transmit herewith a Report upon the result of the survey of the Rice lands and Gardens formerly the property of the Retuttnaad Rajah and lapsed to Government in 1792 for want of heirs.—

Para 1.

Rajah dying in the Malabar year 968 (A.D. 1792) without heirs, the whole of his landed property consisting of Rice Lands and Gardens (which are chiefly situated in the Retuttnaad Talook) lapsed to Government. The Ryots who held them from the Rajah upon mortgage and other tenures have (with their heirs) continued to hold them since his death, but they pay to Government only the usual assessment and not the Landlord's share which they used to pay the Rajah as an acknowledgment however most probably of the right of the Government to this the Landlord's share, each Ryot gives annually a leaf from each of the bearing Cocoanut Trees in his Garden, which leaves are appropriated for thatching the Tahsildar's Cutcherry and other public buildings in the Talook.—

therefore recommended that according to

These Puttahs were received by several petty Ryots, but the principal ones refused to receive them, because a stipulation was entered that, in the event of a higher rent being offered by others, the lands should be given to them. Those who received the Puttahs have not conformed to them, nor does it appear that any measures were taken to enforce the payment of the Landlord's share therein specified.

But by assessing the 1st sort land at one Rupee per Cawny the 2d sort at 12 annas and the 3d sort at 8 annas in the same way as was settled for the upland escheats in the Ennaad Talook the whole Revenue

inclusive of the Landlords share will amount to 261-14-5 or Rupees 47-14-10 above the sum now realized.—

From the foregoing result it will be seen that the Plan now recommended is favorable as well to the Ryots as to the interests of Government, because the additions proposed to be fixed in the Gardens, Rice Lands, and Uplands are less than the Ryots would have to pay as Landlords share according to the usage of the country.—

Several of the Principal Ryots having expressed their wish to accede to this mode of settlement it might be carried into effect without much difficulty- but nothing of course will be done until the receipt of the Board's instructions on the subject.—

Submitting the award of the Head Assistants of Coimbatore & Malabar on the occupancy of the forest tract in dispute between the Coimbatore Sircar and the Colingode Numbidi which appears unsatisfactory and solicits the Board's instructions on the subject.-

11th May 1843.
19th June Do.

Sir,

The Head Assistants of Coimbatore and Malabar had a meeting last month to decide on the occupancy of the forest tract in dispute between the Coimbatore Sircar and the Colingode Numbidi. Their award is given in the enclosure A.

This award appears to me so unsatisfactory and so much at variance with the instructions by which, as directed by the Board, they were to have been guided that I have felt it necessary to withhold my approval to it.

My reasons for taking this step, which I have done my best to put in a concise and clear form, will be found in the enclosure B.

It is with regret that I trouble the Board on a matter regarding which they have already had so much trouble. But feeling that the claims of a party who has a right to look to me for just assistance, have not received that consideration

which

which in my opinion they merit, I feel compelled to abstain from issuing the orders which the award would require till favored with the Board's answer to this address. Should the Board deem my objections inconclusive, I will of course convey the requisite intimation to the Tahsildar of Kumbidi.

A

The Rajah of Colungode by his Vakeel, contends that certain lands to the east of the Mungaray the western boundary of the Coimbatore Villages of Anamalay and Murchinaiken pollium according to the Paymash of Fusly 1212 belong to him and have been in his occupation for a length of time, to establish his first point he produces a "Grunthaway" in which the boundaries of that Zemindary are laid down four miles, or so, to the east of the said river, in corroboration of his

second, calls witnesses to prove his undisturbed possession. Leaving the question of the boundary to be settled by a decree of the Civil Courts, we confine ourselves to the actual occupancy.

The witnesses examined on behalf of the Rajah may be classed as follows.— 1st Renters for the felling of teak for sale to the westward, 2nd do. renters for sale to the Eastward, 3rd do. Persons residents of Colungode who have cut wood under written permission for their own private use. 4th Cattle Grazers, 5th do. the Muliers of Attiumpully and Chinnaswamputhy, the actual Cutters of wood for the renters &c., 6th do. the Sayer peons of Malabar.

The general purport of the evidence of these witnesses is that wood has been cut, and cattle grazed to the Eastward as well as to the Westward of the Meengary, under written agreements from the Rajah of Colungode, but with the exception of the second class none of them produce any of the said agreements; even had they done so, no particular information would have been gained, as we know from the deposition of the Vakeel &c., that such documents

specify

specify no limits, but merely set forth that the holder is allowed to cut wood, or graze Cattle in the Jungles belonging to the Rajah-

The renters for the Eastward market are of two kinds, sole, and petty: of the three sole renters who held contracts from the year 1831 to 1838, two distinctly declare they did not cut to the east of the Meengary, and the other although he asserts that he saw some trees lying in Attearapatty and Chunnamanpatty alleges that he does not know where they came from. the petty renters only produce their leases for the year 1840, but it appears probable from the depositions of the Sayer Peons, borne out by the Custom House accounts, that this class had been in the habit of cutting timber to the east of the Meengary under agreements with the Rajah of Colingode, from the year 1838 up to the seizure by the Coimbatore Authorities. this view of the case leaves but the entry for one year in the accounts of the Colingode Customs which go back as far as 1837 to be explained, and this we think may be done by the

fact that it has not been the custom to bring all trees felled to the Patties, many being inspected, taxed as they lie and entered as the produce of the nearest - so that the trees entered in 1837 as coming from Attenpatty and Chunnampatty, may very possibly, in the absence of evidence to the contray, be supposed to have been cut in the neighbourhood of those places to the westward of the River.

The Circar contends that the tract in dispute belongs to the Coimbatore Villages of Anaymalay and Murchanay Kenpolliem. The Paymash account of 1212 give the Meengaray as the western boundary of those Villages. it is likewise proved by evidence, and in record that the produce of the jungle lands in question, together with the right of felling trees (teak and blackwood excepted*) and of grazing cattle, has for years back been rented from the Coimbatore Circar. The evidence adduced also goes to prove that, although a restrictive order is in force generally forbidding the felling of teak and blackwood, from time to time as such wood

* Up to the year 1835 even this restriction was not made, except with respect to large timber trees of that class.

wood may have been required for circar purposes, or have been cut by individuals on special permission; these very forests have been in many instances the spot from which it has been taken.-

The only part of the Rajah of Calungode's case which appears to require particular comment, is that relating to the petty renters for the sale of wood to the eastward having been allowed so long to cut unhindered. The Curnum of Marchnay Rumpollium since dead, with the connivance of the Talook and Village authorities (without whose knowledge we are convinced, it could not have been carried on) we suppose to have been at the bottom of the business, aware of the restrictive order in force in Coimbatore and fully alive to the profitable trade he might derive could he with impunity manage to cut the timber growing nearly up to his door, he it would seem resorted to the expedient of gaining his end by felling it under a contract obtained from the Calungode Rajah; and of passing it under Rawanahs

Rawanahs from Malabar, as the growth of that Zemindary. the rest of these contractors residents in Marchnay Rumpollium and its hamlets, were merely either his tools, or humble imitators. The fraud, although for the reasons above mentioned, long concealed at length came to the knowledge of the Coimbatore authorities; who immediately interfered.-

The rest of the evidence adduced by the Rajah in proof of his occupation previous to 1838 cannot unsupported as it is be allowed of much weight against that on the side of Coimbatore, which is borne out and backed by document and record, one point however calls for slight notice as it tends in our minds, to throw some degree of suspicion on the evidence of the third Class of his Witnesses (those who have cut wood for their own private use) Let it be remembered then that they are all inhabitants of Calungode or the adjacent Villages, and merely required a small quantity of Wood for building their houses, yet instead of cutting it in the extensive Jungles near their

their own homes they took the trouble of coming ten or twelve Miles, across the Mungaray for it; and why? because there were no trees sufficiently good for their huts any nearer!

After a careful examination of the evidence on either side we are of opinion that the Rajah of Colungode has not satisfactorily made out any possession at all up to 1838, and believe the one he establishes from that period, to have been entirely collusive; supposing matters had stood, as he asserts, his tacitly up to this time allowing the land he now claims, to remain with its produce for years, in the co possession and co-enjoyment of another party, would shew a degree of listless forbearance it is impossible to credit, and such as was most assuredly never conceded to him by the authorities of Coimbatore, who as is proved by the records of that District have always most summarily checked his attempted encroachments, as soon as apprized of them, from so far back as Mr. Sullivan's time, were are consequently induced

induced to believe that in maintaining him in the possession of the Patties of Atteam, and Chumanam, which are and doubtlessly have long been from some cause not very clear, or of any particular importance, in the present state of the question, in his possession, together with the small portion of land cultivated by his people to the east of the Meengaray, we yield to him all he can ever have been said to hold in actual and recognized occupation.

With reference to this our decision the Colungode Rajah is to be prohibited from cutting Teak, or other Timber; enjoying the products at the Jungles, or increasing his cultivation, east of the Meengaray, till such time as he may establish his right in a Civil Court.

As we were directed to confine our investigation to the actual occupancy we have not thought it necessary to remark upon the discrepancy which exists between the Maps of the Malabar and Coimbatore Districts.

I observe from the English Memo-

that the Colungode Nunbidie should you
think be restricted from cutting Wood to
the east of the Meengoly river but that
he should be held in possession of Attean-

that these two Poddies are altogether to the west

With reference to the question con-

the honor to inform you that the two Poddies
at present inhabited by the Muliers of
the Collungode Rajah are on the East
side of the Meengolly river not on the
West or Malabar side as you suppose

although differing as to the boundaries,
agree in placing both Poddies on the
East side, and as the evidence adduced clearly
shewed that the Nunbidies people had lived there
for some time past, they were to be allowed
to remain and enjoy the small parcels of
Cultivated land near the Poddies - but
the right to cut Teak Timber to the East
of the Meengary, demanded by the Nunbiddi
was to continue in abeyance as is our opinion,
his evidence as to possession was inferior to
the evidence brought forward on the
Coimbatore side -

To H. D. Cook Esqre

Sir.

I learn by your letter of the 5th Instant
in explanation of the Memorandum drawn up
by yourself and Mr. Oswell that tho' the
Colungode Nunbidie is to be kept in posses-
=sion of the poddies of Attain and Chunnam
on the east side of the Meengoly river which
as you observe "are and doubtlessly have
long been, from some cause or other, in
his

his profession" he is not to be allowed to cut any Teak in them - I do not clearly understand what privilege the Numbidi is to enjoy from a profession of this nature and must beg of you therefore to give me such a definite idea of what you and Mr. Oswell had in intention as will enable me to arrive at a conclusion. I shall be glad to know also if the boundaries of the 2 Puddies are defined and what they are to the Eastward.

I see that besides these puddies the Numbidi is to retain the small portion of land cultivated by his people to the East of the Meengury - are the boundaries of this portion sufficiently defined?

To
H. V. Conolly Esqr.
Collector of Malabar

Sir.

I do myself the honor to acknowledge the receipt of your letter dated the 9th Instant requesting me to afford you such a definite idea of what Mr. Oswell and myself had in intention in granting the Nimbiddi the privilege of occupying the two Puddies or sites called Attian and Chummanum, and also

also whether the boundaries of these places are defined and what they are to the Eastward.

After a very detailed enquiry, we
2. came to the conclusion that the Nimbiddi had only cut Teak wood in the jungle East of the Meengara river by stealth, and in collusion with other inhabitants of Caimbatore, and in granting to him the privilege of occupying the Puddies meant, simply, that his mulsers residing on these sites, should not be disturbed, but remain in unmolested possession of the huts erected upon these two places. The boundaries of the two Puddies are of course, the spaces occupied by the huts inhabited by the Mulsers.

To grant the privilege of cutting Teakwood in the Jungle surrounding the Puddies would have been to grant him a privilege which in our opinion, formed upon the evidence adduced before us both oral and documentary, he never enjoyed and to which he can at present lay no claim until his proprietary right to the Jungle in question has been decided in a Court of Law.

Two Gomastahs one from Caimbatore, the other from Malabar were deputed to ascertain by measurement the extent of land

land cultivated by the Numpiddies Mulsers, and their report will of course decide the question as to the boundaries of the cultivated ground in their actual occupation.

The two Puddies or sites upon which the Mulser's huts are erected are upon the East side of the Meengary river.

I am unable to coincide in the justness of the award that has been made by Messrs Cook and Oswell.

The question to be determined was as decided by the Board of Revenue, who was in actual occupancy, the Collingode Numbiddi or the Coimbatore Sircar of a portion of forest land to the East of the Mungary river, a great part of which was composed of 2 Puddies /jungle tracts/ called Attain and Chunmanium.

The Numbiddi asserted his occupancy by shewing (I pass by less conclusive evidence) that he had been in the habit of letting out the privilege of cutting Teak in these 2 Puddies and he substantiated his

This is the general acceptation of the term throughout Malabar. Such and such a Puddy is said to contain such and such a quantity of Trees.

his assertions by the strong written proof of Government Custom House Accounts and by the equally strong ocular proof of his Mulliers or Hill slaves residing in these tracts.

The Arbitrators attempt to explain away the first evidence - that of the Custom House accounts by a train of reasoning which may or may not be correct /to me it appears much more specious than solid/ - but which to my mind is out of place in the present instance where the question is, not how the Numbiddi got the Puddies, but whether or no he has got them. That he has done so since 1838 at least, is I think sufficiently proved by the award itself.

The second point the residence of the Mulliers - is disposed of by the arbitrators in a way which seems to me as unsatisfactory as remarkable - by deciding that the Numbiddi is to be considered in possession "of the space occupied by the Huts inhabited by his Mulliers." In the award indeed it had been decided that he was to be "maintained in the possession of the Puddies of Attean and Chunmanium which doubtlessly

"doubtlefly are and have long been from some
"cause not very clear or of any particular
"importance in the present state of the
"question in his profession". but on my
pointing out the apparent inconsistency
of this decision with the former part of
their award, I received an explanatory
letter stating that by Puddies the space
occupied by Huts was alone intended. What
benefit the Numbiddi is to derive from having
his Hill slaves allowed to reside in Huts
which they cannot leave without treshpasing
on ground assigned to Coimbatore I am
unable to imagine. But this is not the
question. The question is whether the fact
of the Mulliers being there is not a conclusive
proof of the justice of the Numbiddies state
=ment that the Puddies are in his occupancy.
If not. why should his Mulliers be there:
They are in their way a most valuable
race of Servants, and he most certainly
would not have allowed them to leave
his other extensive Forests where they would
have been of much use, to locate in a
foreign and confined spot where they
would

would be utterly useless. I may ob:
serve incidentally that all, thro'
Malabar the evidence of Mulliers
on disputes regarding Forest
boundaries is considered the
best to be obtained and is very
generally indeed held to be con:
=clusive. They have a superstitious
feeling against giving false
statements on such a subject.

The Minute and search=
=ing personal investigation made
by my late Head Assistant Mr.
Silver as to the real bounduries
of the Numbiddies Estate on the
Coimbatore side strengthened as
it

it is by the evidence of the old and valuable map of Captain Watson (made in 1807) fully satisfies me of the justice of the Munnibiddies right to the 2 tracts of Forest land now under dispute. The award of the Arbitrators itself shews that he has been in occupation for a considerable time 5 years. I think therefore that he is fully entitled to be left in occupancy until it is determined not by a suppositious reasoning, but by a regular judicial enquiry commenced at the suit of the Collector of Coimbatore that his occupancy is unlawful.

Gentlemen,

Forwarding a General Statement of Stampt Papers and Cadjans received and sold by the Collectors from 12th July 1842 11th July 1843 or during Fusly 1252 accompanied by 8 explanatory Statements.—

I have the honor to forward for the information of your Board a General Statement of Stampt papers and Cadjans received and sold by the Collectors from 12th July 1842 to 11th July 1843, or during Fusly 1252 accompanied by 8. explanatory Statements.—

2.

By Statements No 1 and 2. your Board will perceive that the Gross Revenue derived during the Fusly in question amounted to Rupees 465770-2-6. and by the Statement No 3. that the Charges amount to Rupees 53409-10-- which with the sum of Rupees 2260-8- Refunded being deducted leaves the Net Revenue Rupees 412360-8-6. This on a comparison with the Net amount of the preceding Fusly exhibits a decrease amounting to the sum of Rupees 7916-15-5½ which has arisen partly from a smaller Sale of Revenue Judicial and Rowanah Papers and Cadjans, and partly from an increase of Charges owing to a larger purchase of Paper, to the omission of an Item in the Charges of last year, and to no portion of the Superintendent's Commission having been deducted on account of absence as in the previous year.—

3.—

Statements No 4 and 5 are accounts shewing the manner in which the Papers and Cadjans received by me during the Fusly have been disposed of and the quantity remaining on hand at its termination. Your Board will perceive that the excess of Papers and Cadjans reported to have been received by Collectors partly from the consignments furnished to them, and partly on examination to their Stock, as Particularized in Statement No 6. amounts to Rolls 34. to the Value of Rupees 51-7-- which has been carried as usual to my debit, and I request that the sanction of Government may be obtained for taking Credit for the deficiency of Papers and Cadjans shewn in the same Statements amounts to Rolls 70 to the Value of Rupees 32-10—.—

4.—

Statement No 7 exhibits the quantity of Damaged Papers and Cadjans amounting

Fort St. George 4th January 1844.

amounting to Rolls 4265 to the Value of Rupees 2472-- most part of which was spoilt by Rain and other accidents on the Road. The quantity of Damaged and unserviceable Paper and Cadjans returned by some of the Collectors, is shewn in Statement No 8 — amounting to Rolls 84 to the Value of Rupees 324-12— I have the honor to request the Board will obtain the sanction of Government for my carrying the Value of these Papers and Cadjans as usual to Profit and Loss and for permission to destroy the same.— Statement No 9 exhibits the description and Value of Papers and Cadjans disposed of by the several Collectors during Fusly 1252.—
