To the President and Members of the Board of Revenue

/ A true Extract /
/ Signed / G. D. Drury
Chief Secretary
Ordered

(1)
From the Chief Secy to Govt.

S 33 Fort St. George 8th January 1844.

Order thereon.

(1-2) Ordered that a copy of the foregoing Extract from the Minutes of Consultation be communicated for the information and guidance of the acting Collector of North Arcot with reference to his letter dated 27th October last.

From the Chief Secy to Govt

(3) Extract from the Minutes of Consultation, Under date 2d January 1844.

Read the following letter

To

I. S. Thomas, Esqre

Secretary to Government in the Public Department

Fort St. George

Sir,

With reference to the 7th Para of the Rules for Civil Pensions published at Page 74 of the Fort St. George Gazette of the 3d February 1836. I have the honor to report the wish of Lutchmi Ummal the holder of Certificate No. 3, of the Revenue Pensions to quit this place for Streerungum in the Trichinopoly District and her request to be permitted to receive her Pension in that Collectorate I therefore beg to submit her application to the favorable consideration of Government. The Pension has been disbursed to her for the Month of November 1843,

Singleput District
Coll.rs Circuit Cutcherry
Amptherry 13th December
1843.

I have &c.
/ Signed / A. Freese,
Collector

S 34 Fort St. George 8th January 1844.

The Most Noble the Governor in Council authorizes the Pension of Lutchmi Ummal to be paid to her in future from the Treasury of the Collector of Trichinopoly but observes that the application ought to have been submitted through the Board of Revenue

/ Signed / G. D. Drury,
Chief Secretary

Resolution thereon.

(3-4) Resolved that a copy of the foregoing order of Government be communicated for the information and guidance of the Collector of Chingleput with reference to his letter to Government dated 13th December last

Resolved also that a copy of the foregoing order and of the letter of the Collector of Chingleput to Government dated 13th December last be furnished for the information and guidance of the Collector of Trichinopoly

Read the following resolution

Extract from the Minutes of Consultation dated 2d January.

From Board 4th December.

From the Chief Secretary to Govt

(5) Ordered that the sanction granted in Extract from the Minutes of Consultation dated 12th December 1843, Rs. 1300 for the issue of a Certificate to Mr. Bowden, for certain land in the Rajahmundry District

535 Fort St. George 8th January 1844.

District be cancelled.

/ Signed / G. D. Drury,
Chief Secretary

Resolution thereon,

(5-6)

Resolved that a copy of the foregoing order of Government be communicated for the information and guidance of the Collector of Madras and Register of Government Grants &c. with reference to his letter dated 27th November last No. 92.

By this order the sanction granted by Government on the 12th December 1843 for the issue of a Certificate to Mr. Bowden for certain land described in the application received with Mr. Hudleston's letter of the 30th September preceding and herewith returned is cancelled.

Inform 19th Oct. 1843.

Acting Secretary to the

Board of Revenue

Fort St. George.

10 10

Sir,

From R. B. Smollett Esqre Agt to the Governor Vizagapatam ---------- Para 1.

Reporting the result of the management of the Vizeanagrum Zemindary in July 1252 and forwarding the usual annual accounts.-

In my capacity as Agent to the Governor, I have the honor to report on the result of the management of the Vizeanagrum zemindary in July 1252 and to forward in elucidation the usual accounts.-

2. The season was in many respects far from favorable. The rains indeed set in early, and the breadth of land taken up for tillage was in consequence great, but this early promise to the husbandman led only to disappointment, for during July, August and September, the rains were extremely scanty and partial, so that in many places the early Crops perished from drought. The

Fort St. George 8th January 1844.

drought, and in others the produce was very scanty- At a later period in October an abundant supply of water was obtained in some Tallooks, whilst in others these rains too were partial and insufficient, and in some places were too late to enable the Cultivators to avail themselves fully of the advantage they offered.-

3. When to this it is added that the prices of every species of produce had declined below that of the preceding year, at the least one third, it will readily be granted that the Season may be aptly denominated an indifferent one- This fall of price was, of course, attributable to the generally favorable Season throughout Southern India.-

4. The Vizeanagrum Zemindary is

Fort St. George 8th Janua[illegible] 1844

is divided under present Manage[illegible]tion into 14 Tallooks, each superintended [illegible] separate Ameen For the prosperity of [illegible] division- I do not hold myself responsible They exist at present as I found them, for as my charge was only temporary I have not ventured to interfere, without necessity, into my Predecessor's arrangements- But to give the Board an idea of the extent and importance of each Division, the annexed comparative Account is drawn up, exhibiting the Current Demand, Collection and Balance of the Land Revenue in all Sources in each Tallook in the two last years-

Deduct Increase — 1,430 5 10

Nett Decrease — 63,081 14 6

The

Fort St. George 8th January 1844.

5. The Current Demand in Fusly 1252, as was to be expected from an indifferent year following a Season of more than ordinary prosperity, fell greatly below the year of in comparison to an extent of Rupees 93,288-6-8.-

6. The Current Collections from the same cause shew likewise a diminution of Rupees 63,081-14-6 upon the year.-

7. Some commentary upon the results exhibited in the foregoing Statement will not be out of place, both as regards the results themselves and the causes to which the difference in the condition of some divisions is attributable- and here it may be remarked that Settlement in the Tallooks of Peddagandy, Vapandah, Goodivadah, Guzzapullynagrum, Conadah, Tizeenagrum, Bonunghy Coomaram and Shee-Coorum was superintended personally by myself that the remaining Tallooks were settled on the spot by the 1st Assistant to the Agent to whose separate jurisdiction they are attached.-

8. It will at once be seen that the settlement and Collections of the year nearly approximate in the Tallooks of Peddagandy, Goodwadah

Fort St. George 8th January 1844.

Goodwadah, Guzzapullynagrum, and Vapandah, and that notwithstanding the inequality of the Season, its comparative adversity, and the fall of prices, the Collections fell little short of the Collections of the preceding most favorable year. The Settlement and Collections of the abovementioned Tallooks were Rupees 2,47,150-6-8 and Rupees 241,614-6-1 respectively in contrast with Rupees 2,73,172-8-9 and Rupees 2,50,564-11-1 in the previous year- and in these four Tallooks, the demand of Current Revenue remaining uncollected was only Rupees 5,536-4-7 at the close of the year.-

9. The three large Tallooks of Vizeanagrum, Bonunghy, and Coomaram on the other hand exhibit in the aggregate the largest deficit in the demand with the greatest Balances. The Gross settlement in these three Divisions was Rupees 2,35,492-4-9 in Fusly 1252 in comparison with Rupees 2,78,350--1-10 in Fusly 1251 yet notwithstanding this reduced demand, there was at the end of the year an amount of Rupees 18,414-12-6 remaining uncollected of the Current Revenue

10 The cause of the more satisfactory results, and the reason that the settlement and

and Collections nearly approximate in the first named Taluks, is accounted for thus - In them was brought into operation the system suggested in Para 32 of my Report of the 10th February last, that is to say, accounts of the extent of land brought under Cultivation by the Ryots in the Villages having been obtained from the Talook Officers, and these being verified by actual inspection by competent Hoozoor servants whenever there was reason to suspect collusion or fraud, the Settlement was then fixed on the Villagers admitting its accuracy, and one Puttah given to the Naidoos and Merasidars, who became jointly and severally answerable for its Collection. The settlement was made Villagewar and not Ryotwar, and the Village authorities thus became interested in the correct and punctual realization of the Money, instead of, as heretofore being leagued with the poorer Classes in evading payment with every sort of chicanery and fraud - The Villagers were asked if they wished to receive individual Puttahs, but they unanimously stated it was unnecessary, and their preparation useless.-

11. When it was the wish of the Villagers that one of their Number, or some other capable persons, should in preference take the Village on Rent, with their consent, generally for one

one, and never for more than three years, in these cases special reference being had to the condition of the Village, a Cowle for that term was given with adequate Security.-

12. In this District the Village Naidoo, corresponding with the Potail has no pecuniary payment attached to her Office nor any Mauniam lands - He performs no Magisterial duties, nor assists in the distribution of the lands, nor in making the Collections - The state has thus no hold upon him whatever, and when individual engagements are made with the Ryots, he assists them in most cases in concealing their Crops, evading payments, and in corrupting the Public Servants who estimate and watch the Crops.-

13. In Dommghy, and the two other Talooks as above shown the Individual Puttah system was carried out in the usual manner and with the usual results - From the lateness of the season, and other causes which I need not dwell upon, it was unpracticable to do otherwise in the year under notice - The accustomed scramble ensued, and although the settlement was greatly reduced, much Revenue was wasted that should have been realized - Nor do the Villagers benefit thereby, the whole is

is dissipated and plundered by the rabble of Pygustees, and other temporary Establishment nominally entertained for the protection of the Crops.-

14. The Board have observed in their Proceedings of the 19th October last, which only came to hand a few days since, that the Ryotwar settlement having been successfully carried out in nearly all the Villages of the Estate for many years past they could not sanction any plan for disturbing it, deeming it essential to the continued well being of the Estate, and attributing to its virtues the existing tranquility - If my humble testimony will avail any thing, founded upon two years personal experience and four Circuits of the Talloks, conversing fully and freely with the Ryots and all classes, based too upon a minute inspection of ten years Accounts of nearly every Village, I boldly assert that the system that has been heretofore in operation, has been detrimental to the finances of the Rajah, destructive of the morals of the Public servants, injurious to the best interest of the people, and hurtful to the peace and prosperity of the Country -

Under

under it a Balance of some Twenty lacs of Rupees have accrued in fifteen years. and on an average from fifty thousand to one lac of Rupees, on a moderate calculation, have been annually lost to the Zemindar of Vizeanagrum. Instances without number might be cited of Villages that have declined, one fourth, a third, and even one half in value during the last few years, with a corresponding declension of the means of the people.-

15. It remains, however, to notice the remaining portions of the settlement of the past year - The following Table shews the Demand and Collection of the Season under review in comparison with its predecessor Current and arrears in each Talloka -

The

J.G.B.

Fort St. George 8th January 1844.

16 The Collections of arrears were small in the present in comparison with the preceding year. It seemed useless to add in an indifferent season, with low prices an enhanced demand of arrears when the Current Revenue were not punctually realized. Under these circumstances the Collections of the Assistance Talooks for Fasly 1252 fell short of the Collections of the preceding year by Rupees 83,189-4-

17 Independent of these Revenues there must be taken into account the Moodut and Kistsaul Rents of Villages not included in these Talooks also Contributory on Shotriums, Nuzzers on Enams and other Sources of Revenue exemplified for comparison in the following Statement:-

Deduct Assistance — 31,696-15-11

Net Balance — 31,696-15-11

Fort St. George 8th January 1844.

18. From all these Sources it results that the Net Settlement of Fusly 1252 of the Vizeanagrum Zemundary was Rupees 8,36,571 and the Net Collections were Rupees 7,96,985-15-4—

19. The Balance outstanding at the close of the Fusly was Rupees 39,585-8-0 of which Rupees 831-12-7 was a Rented, and Rupees 37,753-4-1 a Ryotwar or individual Balance—Most of the former will hereafter be, the latter will not—

20. Adding to the above account Extra Collections, fines Recoveries of Tuckavy and advances, the Total Receipts, with the Balance of Cash in hand at the beginning of the year were Rupees 1,08,457-8-11—

21. The Disbursements are exhibited in one view in the annexed marginal Statement—The ordinary and Extraordinary Charges were Rupees 1,94,277-11— The Peishcush 5,00,650 was paid in full one lac was remitted to the Zemindar for his current expences—Ninety thousand for marriage Expences and religious ceremonies, and Rupees 7,49,22-11-11 was paid to Narrain Row on account

Disbursements.

of the Bonded debt with Interest, leaving a Balance in hand to be carried to next account of forty eight thousand six hundred and seven Rupees, two annas and one Reen.

22. I have already stated at some length the principles on which the last year's settlement in some Talloks was founded—It only remains to add that the success which attended the System so far as it went, and the anxiety of the people to have the advantages it offered extended to them have enabled me to settle the entire Estate in the Current Fusly on the same principles—at the date of writing that Settlement has been all but completed under arrangements that cannot be set aside at least during the progress of the year—Whether the System be approved of or condemned, the Village Leases, on the guarantee of which the engagements of the Ryots were entered into, and their payments have been made up to this date, cannot be annulled at a moments notice—Neither can the Rents be cancelled to which the Board adverts—These were entered into in the last Fusly

† Para 14 Boards Proceedings 19th October 1843.

duly their conditions have been punctually fulfilled, and they will mostly, in fact, expire at the end of next year.

23 The settlement of the year in which I now write, exceeds in Current Revenue Nine lacs of Rupees the whole of which it may be confidently expected will be realized, for one third has been already gathered, and the Balance at the close of the year will not exceed in hundreds, what it has reached under individual Puttahs to thousands of Rupees. It has the approval of the Villagers, heretofore plundered under a System devised for their protection. The better order of the public servants rejoice, in as much as they can now do their duty and preserve their character and place. The situation of Revenue Ameen has been raised in public estimation, and is now an object of laudable ambition to men of good abilities and practical knowledge, though formerly it was repudiated by all who could obtain any, the smallest provision at Head Quarters. Order, contentment, and punctuality have taken the place of the disorganization, pillage, and plunder which are rife two years since, to an extent that could hardly be conceived unless witnessed, and which seemed almost incapable of being eradicated. Above all, the Zemindar, the Rajah of Vizeanagrum, whose interests are identified with an improved management entirely approves of the present change.

Prices

24 Prices of all produce at this moment are as near as possible one half of what they were two years ago, and but for the settlement now made, it is doubtful if Eight lacs could be collected by individual Puttahs, instead of Nine lacs. It may be added that whereas the advances for Luckary in Fusly 1251 were Rupees 64,751 in Fusly 1253 they do not exceed Rupees 21,000.

25 Under these circumstances, it would be as much a dereliction of duty to the people whose interests I have endeavoured to advance and promote to the best of my power as it would be disastrous to it's financial consequence if I ventured to annul engagements on the faith of which the present settlement rests, and which I do not doubt will under proper supervision fulfil the expectations which all classes expect from it.

26 It is right to add that, so far as I am individually concerned nothing would seem less required than the multiplication of European Assistants in this District. The present complement of one Principal Assistant, and two Subordinates is ample for every purpose. It would be difficult to find fitting employment for more, nor could their Appointment in any way relieve the Agent of his present most pressing duties.

Vizagapatam District
Vizeanagrum Governor's Agents
Circuit Office, 30th November 1843

Signed J. P. B. Smollett
Jr. Agent to the Governor

Order thereon.

Ordered to be Sent again in Circulation. Read

591

Fort St. George 8th January 1844.

Read the following Report from
W. C. Lowndes Esqre
Secretary to the Board of Revenue

Board of Revenue
Fort St. George.

The Settlement of the Government Villages of Vizianagrum Zemindary for Fusly 1252 made and concluded under the direction of the Collector of that District, having been reported to the Board on the 11th July last, and the Collector having subsequently forwarded an amended Statement to the Settlement of the year, I submit it herewith, stating the mode of working Settlement in each Division according to the latest accounts received from the Collector, which have been fully entered in the Statement of Demand, Collection and Balance of the Fusly 1252 now submitted, and which will be found to agree with the Collector's Abstract, except in the Division of Bobbilee, in which the Collector has not yet completed the Settlement of the Villages, the Amount of which is therefore not included in the Statement.

2. The Station of Vizagapatam having been transferred to Ganjam, the Collector has not yet received the Accounts of the Fusly 1252 from the Vizagapatam Collectorate, but he has been directed to forward them to the Board as soon as received.

3. The Station of Vizagapatam having been transferred to Ganjam, the Collector has not yet received the Accounts of the Fusly 1252 from the Vizagapatam Collectorate, but he has been directed to forward them to the Board as soon as received.

4. The Collector of Vizagapatam has been directed to report the Settlement of the Government Villages of Pachipenta Pedda Kimedy and Parlakimedy for Fusly 1252 as soon as completed, and to forward the Accounts of the Collection of the Revenue of those Villages for that Fusly as soon as received.

5. The Collector of Vizagapatam has been directed to report the Settlement of the Government Villages of Pachipenta Pedda Kimedy and Parlakimedy for Fusly 1252 as soon as completed, and to forward the Accounts of the Collection of the Revenue of those Villages for that Fusly as soon as received.

6. The Collector of Vizagapatam has been directed to report the Settlement of the Government Villages of Pachipenta Pedda Kimedy and Parlakimedy for Fusly 1252 as soon as completed, and to forward the Accounts of the Collection of the Revenue of those Villages for that Fusly as soon as received.

7. The Collector of Vizagapatam has been directed to report the Settlement of the Government Villages of Pachipenta Pedda Kimedy and Parlakimedy for Fusly 1252 as soon as completed, and to forward the Accounts of the Collection of the Revenue of those Villages for that Fusly as soon as received.

8. The Collector of Vizagapatam has been directed to report the Settlement of the Government Villages of Pachipenta Pedda Kimedy and Parlakimedy for Fusly 1252 as soon as completed, and to forward the Accounts of the Collection of the Revenue of those Villages for that Fusly as soon as received.

9. The Collector of Vizagapatam has been directed to report the Settlement of the Government Villages of Pachipenta Pedda Kimedy and Parlakimedy for Fusly 1252 as soon as completed, and to forward the Accounts of the Collection of the Revenue of those Villages for that Fusly as soon as received.

10. The Collector of Vizagapatam has been directed to report the Settlement of the Government Villages of Pachipenta Pedda Kimedy and Parlakimedy for Fusly 1252 as soon as completed, and to forward the Accounts of the Collection of the Revenue of those Villages for that Fusly as soon as received.

11. The Collector of Vizagapatam has been directed to report the Settlement of the Government Villages of Pachipenta Pedda Kimedy and Parlakimedy for Fusly 1252 as soon as completed, and to forward the Accounts of the Collection of the Revenue of those Villages for that Fusly as soon as received.

12. The Collector of Vizagapatam has been directed to report the Settlement of the Government Villages of Pachipenta Pedda Kimedy and Parlakimedy for Fusly 1252 as soon as completed, and to forward the Accounts of the Collection of the Revenue of those Villages for that Fusly as soon as received.

The

Fort St. George 8th January 1844.

The term of many Villages which were rented for 5 years having expired with Fasly 1251 / 1841/42 has occasioned a diminution in the Number classed under rent and a corresponding increase under Vipsabady and Aysarah - The increase in the Aysarah Villages has occurred in the Woondy Talook where the improvement in the works of irrigation called for an improvement in the offers for rent, and this not having been generally obtained to the exctent expected, it was deemed advisable to retain many Villages under the Aysarah System -

6. The Grey Crops of these Aysarah Villages were made over unent to the Cultivators on an average of 3 Estimates, the first made by the Village Servants, superintended by the inferior Talook Servants, the second under the superintendence of the Head Talook Servants and the third by persons specially appointed by the Collector - The share of the Cultivators according to the custom prevailing in each Village being deducted from the Gross Estimated produce, the remainder converted into money at the Current selling prices of the neighbouring market Towns formed the Government Demand. -

The

Fort St. George 8th January 1844.

The Crops of Wet lands

7. after being Estimated in the manner described in the preceding Paragraph were cut and thrashed under the superintendence of the Native Servants both attached to the Talooks and deputed from the Collectors Office direct, and the Government share of the Grop produce as prevailing in each Village was made over to the Ryots at the Current selling rate of that period -

The Number of Vipsabady

8. Villages in Fasly 1252 / 1842/43 exceeded by 90½ that of the year preceding - The Talooks where this system chiefly prevailed being Mogultoor, Anlapoor, Nagaram and Tanookoo - The Settlement on the Vipsabady Villages was the Amaracum Cist after deductions for some land cultivated, and for Village charges including the usual allowances for Pagodas, Saunderwared, Batta

to Village servants when employed out of their Villages, and the Salaries of the Village Naickwadee.

9. No remissions were granted for short produce or Crops entirely destroyed.

Rented Villages.

10. The Settlement of the Villages under rent, all for the term of one year, was made with the Ryots of these Villages, the List and Collections of preceding Fuslies affording the data on which that Settlement was fixed.

11. The different Stations visited by Mr. Smith during the Settlement of the Apparah and Vizagapatam Villages and where the distribution of the Puttahs to the Ryots took place are as follows.

12. The reduction made in the Kham Ciest in Fusly 1252 (1842/43) in the Estates named in the following Abstract was deemed necessary in consequence of the depressed state of the Ryots, the temporary Kham Ciest for Fusly 1252 (1842/43) being generally formed on the average Collections of the preceding ten Years.

In

In some cases Villages were rented to the full amount of the new Kham-list, The Vepsabady Amaracum of some others was made without any further deduction for Sayaloo or uncultivated land, but in many Villages much land entered in the Amara: cum at this reduced rate was left un: cultivated.

13. The following Statement exhibits the Settlement in each Estate of the Vepsabady Villages with the remissions and the Amaracum-list from which those remissions were allowed. It will be remarked that the Estates of Tademullah Pesspara and Woodspada are not entered in the Statement shewing the reduced Kham-list of Fusly 1252 1842/43 because the Kham-list in these Estates remained the same as that of Fusly 1251 1841/42. Gollapol: lem entered in the former as a sepa: rate Estate is included in the latter with other Villages in the Talook of which it forms a part.

Names.

14. The transfer from Fusly 1251/1841/42 to Vijsabady in Fusly 1252/1842/43 of 43 Villages in the Ta-

Nos. of Villages.	Decrease. C Rs a P

Increase	700

The comparatively large
15- increase in Jaggapuddynagaram includ-
-ing the dairy lands of Druddypaudoo
as explained by the Settlement for
fusly 1252/1242/43 being for the entire year,
whereas the amount entered for Fusly 1251/1841/42
was the demand from the month
of June only in that year, the Village
having previously been under the
enjoyment of the late Proprietor of
Cottapilly and then resumed by
order of Government.

The produce and cost
16- of land under Assarah settlement
is detailed in the following Abstract
and a comparison of the two years
given. The average Gross produce per
Pootty in Fusly 1252/1242/43 exceeds
by Pootties T. M. — " — 13 the average of the
preceding year, but in conse-
-quence of the diminished
Grain in Fusly 1252/1842/43 the average
money result is 1-2-2 below
that of Fusly 1251/1841/42. The decrease
in the produce of Paudemal-
-ah was caused by the breach-
-ing of a large Tank, on which a
portion of the land depends for irrigation.

Average Gross produce per Pootty of land.	Pootties T. M.
Fusly 1251/1841/42	5 — 12-10

As

20- As has been before observed the early part of the season was unfavorable and rain was then wanting especially in Cottapilly and Cupavaram and other Inland Talooks situated near the Hills dividing this District from the Nizams Territory. This added to the low price of grain throughout the year, has obstructed the Collections.

21- The main portion of the balances are on Vijsabady Villages and the little that has been realized of them since the end of the fusly shows that most of them are now irrecoverable unless recourse be had to the sale of Cattle and other property belonging to the Defaulters, which would interfere with the realization of Current revenue. Besides, much land uncultivated but nominally agreed for at the time of Amaraeum is entered in the Settlement, which it will be seen by the marginal note, varies but little from the Amaraeum Cist made by the Talook servants. One Settlement so formed and from

Summabundy Settlement	3,34,757	0	0
Difference being the remission for land left uncultivated.	577	4	4

from which remissions only to an esctent so inconsiderable were admitted, large balances are inevitable.

22- The Ayarah balances in the Woondy Talook are in course of Collection. The rains in May injured a portion of the produce of these Villages after it was stored, and the flooded state of that part of the Country from the heavy Godavery freshes in August and September stopped all traffic at the early part of fusly $\frac{1253}{1843/44}$.

23- The Cuttoobady balances are chiefly on lands uncultivated from the absence of the Owners or from the Cuttoobady rates being excessive.

24- The balance of Enam Juffrick is under investigation, the Collection of a part of it was suspended by direction of Mr. Smith in consequence of complaints having been received of the unjust application in many instances by the Curnums of the rules regarding the excessive Cultivation of Enams by Ryots, which it will be remembered were only first introduced in this District in fusly $\frac{1251}{1841/42}$.

25- The state of the Collections within fusly $\frac{1252}{1842/43}$ of balances outstanding for preceding faslies is shown hereunder.

In

Fort St. George 8th January 1844

In the Summabundy report for fusly 1251 / 1841/42 a portion of these balances was pronounced irrecoverable and sanction for writing off Rs. 33,115-14-7 was solicited in Para 25 of Mr. Smith's report dated 3d April 1843, as noted in the margin. Not being fully prepared at present to submit any definitive recommendation regarding the remainder, I shall leave the subject for separate report, merely venturing an opinion formed from my short acquaintance with the resources of the District and the condition of the people, that with very small exception, these balances must be ultimately remitted and that the attempt to realize any considerable portion of them would be as detrimental to the interests of Government as it would be ruinous to the defaulting Ryots against whom they stand.

Para 25. "Of the balance Rupees 1,33,315-11- I have prepared a Statement shewing Rs. 1,00,399-2-4 to be recoverable and Rupees 33,115-14-7 to be irrecoverable from the following causes-

		Rs.	a	p
1	On account of persons dead	4,257	8	9
2	Do. absconded	4,211	10	4
3	Do. having no means	24,646	11	6
		33115	14	7

"A further enquiry is still in progress regarding the balances have elapsed as recoverable with reference to Arrangements made at different times for some of them, in the meantime I beg leave to recommend that the sum of Rs. 33115-14-7 may be written off from my Accounts."

In the following Statement 26- the Demand Collection and charges of all items of revenue inclusive of Peishcush and Sooturs sources (already reported on) are exhibited and compared-

The

27- The transfer of the Yala-munchilly Estate from Amany to Perma-nently settled has caused a decrease under the former head and an increase under the latter of 12,000 Rupees - In fasly 1257 / 1841/42 the Oct. and November kists of the Estate of Cotta-pilly, which in the latter month reverted to Government, were added to the Demand under the Head of Permanently assessed - In fasly 1252 / 1842 the Demand for the entire year was excluded from that head occasioning a decrease under it of Rupees 1,596, which being subtracted from the increase on account of Yalamunchilly, leaves the net increase of 10,404 Rupees -

28- In addition to the decrease under Amany caused by the withdrawal from it of the Yalamunchilly Estate is a Sum of Rupees 8466-15-1, the details of which are given in the Statement appended to Para 18-

29- The attachment of Se-veral Estates and the entertainment of increased revenue and Police Establish-ments as sanctioned by Government have caused the

the increase in the charges of the year.-

Rajahmundry District, Cocanada, 13th December, 1843. } E. E. Sec.t / Signed / H. C. Montomery Comsn.t in Charge.

Fort St. George 8th January 1844.

No. 16.

List of accounts which accompanied the report on the Settlement of the Government Estates in the District of Rajahmundry for Fusly 1252 (1842/43) sent to the Board of Revenue under date 13th December 1843.—

No. 1. Exhibits a Comparison between the Settlement of Fusties 1251 (1841/42) and 1252 (1842/43) both in English and Teloogoo.—

" 2. Exhibits a Comparison between the Permanent Assessment and the amount of Settlement for Fusly 1252 (1842/43) together with the Yearly Settlement of each Estate from Fusly 1238 (1828/29) both in Dr. & Dr.

" 3. Exhibits a Statement of the arrears outstanding against the Government Estates at the begining of Fusly 1252 (1842/43) both in Dr. and Dr.

" 4 Exhibits a Comparison between the prices of Grain for Fusties 1251 (1841/42) and 1252 (1842/43) both in Dr. and Dr.—

" 5. The three Statements marked A. Exhibit a Comparative Statement of Villages under Vizabady, Asparah, and Rent for Fusties 1251 (1841/42) and 1252 (1842/43) both in Dr. and Dr.—

" 6. The two Statements marked B. Exhibit a Comparison between the land occupied and the Cist in the Vizabady and Asparah Villages for Fusties 1251 (1841/42) and 1252 (1842/43) both in Dr. and Dr.—

" 7. The three Statements marked C. Exhibit a Comparison between the Settlement of the same Vizabady, Asparah and rented Villages for Fusties 1251 (1841/42) and 1252 (1842/43) both in Dr. and Dr.—

" 8. Exhibits a Comparative General Abstract Statement of the Demand from all sources of Revenue for Fusties 1251 (1841/42) and 1252 (1842/43) both in Dr. and Dr.—

Exhibits.

No. 9 Exhibits a Comparative General Abstract Statement of Collections and charges of all branches of Revenue for Fusles 1251/1841/42 and 1252/1842/43 both in English and Teloogoo.—

" 10. Exhibits in Detail a Comparison between the land occupied, the Cost and the remission for Fusles 1251/1841/42 and 1252/1842/43 as prepared according to the form, which accompanied the Board's Proceedings dated 29th June 1837 both in Do. and Do.—

" 11. Exhibits a Comparative Statement of the Berij of every Village of the Government Estates for Fusles 1251/1841/42 and 1252/1842/43 in Teloogoo only.—

" 12. Contains Copies of all the different accounts prepared for the Settlement of the Vizabady Village of Tennulay apottom for Fusly 1252/1842/43 in Teloogoo only.—

" 13. Contains Copies of all the different account prepared for Aparah Village of Yanoonapilly for Fusly 1252/1842/43 in Teloogoo.—

" 14 Contains Puttahs to Vizabady and Aparah Ryots and to the renter of the Village of Chinna Condapoody in Teloogoo.—

" 15. Exhibits a Statement of Population &c. for Fusly 1252/1842/43 as called for in Board's Proceedings of 28th March 1839. both in English and Teloogoo.—

Rajahmundry District, Cocanada, 13th December, 1843.

14 Proceedings

Relative to the Settlement of the Estates in the District of Masulipatam under the management of the Court of Wards for Fusly A.D. 1251-1841/42

23d Augt in Cons. 4th Sept 1842.

Read again letter from the Collector of Masulipatam, submitting his report on the Settlement of the Estates in his District under the management of the Court of Wards for Fusly A.D. 1251.-1841/42

/To ere Enter No. 89./

Devy Moonegal

1 The remarks on the season made in the Report on the Settlement of the Government Estates for Fusly 1251 1841-42 apply equally to the Estates now under review. In both cases the copious falls of rain and heavy freshes though highly favorable to the wet cultivation proved unpropitious to the village of Poonasah, Inma and other dry Crops, and to the Pyra or second crop cultivation.

Devy

2 The Moonegal Pergunnah is settled on a decennial lease expiring with Fusly 1255/1845/46. In the Devy Pergundah from the causes explained in the preceding Para the Settlement of all land cultivated with Ponyah produce has fallen greatly below that of Fusly A.D. 1250/1840/41. In the dry lands settled on a division of the Crop there is a decrease to the amount of Rupees 8,338-8-4 in those held

held in a money rent of Rupees 3299-3-4. In Garden land there is also a falling off of Rupees 65-14-2, small in itself but bearing a considerable proportion to the whole extent usually under culture. This has occurred principally in lands cultivated with Chillies and Sanasnas or Sunn Hemp. Crops most liable to be affected by a wet season. In extent of wet land brought under the Plough, and in quantity of produce raised, the Fasly under consideration largely exceeds the preceding, but from the depression in prices even in comparison with the low rates of the previous year the revenue derived from this source has not been augmented in an equal ratio and exhibits an increase of only Rupees 10,624-7-11. Still leaving a net decrease in the demand of the two ready money items of Rupees 1071-1-11.

* More than 28 per cent below Fasly 1208

Fasly 1252-432 / 1251-561 — Land / Produce 4755 / 8678.

Fasly 1252-14-15-11 — 1251-11-3-6

Ready money Collections.

3. In the ready money collections there is a decrease in the amount charged as allowances to Mashalchies / whom the Court understand to be parties employed to measure lands in cases of dispute / owing to there having been less occasion for their services, and in the grazing tax and sale of

of the Tomma Fruit in consequence of the season. The increase in the wet cultivation has however produced a considerable augmentation in the sums chargeable on account of Anchanadars and Kyledars whose duty it is to apprise and measure the rice Crops, and in the item entered in Statement No. 3 as "rise in prices," and which is presumed to be the amount of fine payable in Cash by those whose lands are settled by a division of the Crop, the net result is an increase of Rupees 2308-15-2 which

Ayen Deptn.	———	1071-1-11
Usual remission	———	" 3-3
Extra Revenue Do.	———	43 11-10
		1115-1-"
Ready money Increase	———	2308-15-2
	Rupees	1193-14-2

applied in compensation for deficiency in Ayen and Extra Revenue produces a net increase in the total Settlement of Rupees 1193-43 the maramut thereof being deducted in both cases.—

4 On some particulars of the ready money collections the Court are desirous of further information. They remark from Statement 1 Colm 228 that the amount paid to anchanadars at 3 annas per Candy on the Sevagemroashe Enams is Rupees 234-10-9 — whereas from Statement 2 Colm 11 it appears that the total quantity deducted from the

Fort St George 8th January 1844.

the Enams and assd to the Sarvy proance is only 19-6-13 which at the commutation rate of Rupees 11-3-6 would be worth about Rupees 220. The Court wish to be informed under what circumstances Anchanadars are required to estimate the Crops standing on Enam Land, and why their rate of remuneration should actually amount to more than the Government share in the proance so estimated. Again in Statement 1 Colr 233 the exp price at the Rupees 11 per Candy sharing in the division of the Crop at the rate of 12 Toams per Candy is given at Rupees 774-15-3 whereas in Col 171, the quantity paid by the Ryots on that ratio of division is £774-18-4 which at 1½ Rupee per Candy should be Rupees 1161- By Col 234 the total at 1 Rupee per Candy from the other Ryots is entered at Rupees 3391-9-4, whereas in Col 184 the total Ryots share is given at £4549-13-4¾ from which if the quantity shard at 12 Toams be deducted, the remainder will be £3775- the exp price should therefore be Rupees 3775- in place of 3391- So in Col 53-54 the resident Ryots in Derry Estate are given at 1647 the

Fort St George 8th January 1844.

the non resident at 371- but in Col 56-57 the number of Ryots to whom Pattahs were granted is set down at, Resident 2156 non resident 433. These discrepancies should be explained

5 The collections within the Fasly on account of the Devy Zemindary have fallen greatly below those realized during the preceding Year. which is ascribed partly to the great quantity of Nunjah Warapu grain, and the time required for its measurement and partly to the depression of price and difficulty in disposing of the proance to advantage. The decrease has however been subsequently made up and the collections at the date of the report on account of Fasly 1250 / A.D. 1840/41 exceed those realized for Fasly 1250 / A.D. 1840/41 by Rupees 633-6-3. The arrear now outstanding for the Year under report is Rupees 2,631-10-2 which it is stated will be liquidated from the current resources of the estate. Of the above, Rupees 1,886-10-2 will be discharged during the ensuing to the engagements contracted for the purpose, by the sale of the grain

Fasly	1250	59111-13-9
"	1251	26272-13-7
		23339-"-2

grain in store which has been received from certain classes of cultivators who according to custom have the privilege of paying in kind.—

6. The arrear on account of Fuslyp A.D. 1250 / 1840/41 amount to Rupees 1627--3. Of this, Rupees 253-12-2 will be recovered from the sale of Government grain. *The remainder which has accrued in consequence of the fall in prices must be collected hereafter. Rupees 253-12-2 of this balance will it seems be realized within the close of the current Fuslyp.

* Rupees 1374-0-1

7. In their Proceedings of the 12th January last, the Court were moved to require further explanation as to the propriety of the indulgence granted by the late Collector to the Renters of Mongal by which they had been permitted to discharge the balance outstanding for Fuslyp 1250 being Rupees 4343-12-6 by annual instalments of 1000 Rupees each. Mr. Porter now expresses his conviction grounded on a personal inspection of the Pergunnah that the terms granted by his predecessor were only such as were called for by the actual condition of the Estate

Estate deteriorated both from the unfavorable nature of the season and the undefined demands of the Hyderabad Government. No instalment sums to have been yet discharged. and this is also from the same cause an accumulation of balances for 1251/1841/42 and 1252/1842/43 amounting to Rupees 4712-15-6 and Rupees 6831-15-6 respectively. The Court of Wards unite with Mr. Porter in the hope that satisfactory adjustment of the points at issue with the Nizam may be followed by the gradual realization of the large arrears in question.—

8. The settlement of the Dewaps Estate for 1257 A.D. 1841/42 exceeded the Peishcush by Rupees 19,185-14-9. Of the amount Rupees 17,767-1-8 collected within the Fuslyp Rupees 11,267 were credited in full of the balance of 1251- A.D. 1840-41 and Rupees 7,500 in part of the current. It would seem that the large collections from 1st to 11th July did not reach the Hyderabad Treasury until after the latter date and could not therefore be placed to the credit of the Zemindary within the year. but this sum together with the greatest portion of the subsequent Collections during

Rupees 12,418-12-1.

during Fusly 1252 / A.D. 1842/43 / Rupees 38575-3-3/4 has since been carried to Account, 40387-- -- in complete liquidation of Fusly 1257 / A.D. 1841/42 and Rupees 4000 on account of Fusly 1245 / A.D. 1835/36.

9 The collections during Fusly 1257 / A.D. 1847/41 amounted to upwards of Rupees 72,000 but the sum credited to the Peishcush of that year was only Rupees 36820- or about one half the foregoing sum. The Court therefore in their Proceedings of 12th January Paras- 10- last were led to remark on the small proportion borne by the amount credited on account of Fusly 1250 / A.D. 1840/41 to that realized during the same year. Mr. Porter now explains that the actual collection for Fusly 1250 / A.D. 1840/41 was only 57751 of which Rupees 14041 were disbursed for Tuccavi, Maramut advances, the Minors subsistence &c. and the remainering 36820 carried in credit of the Peishcush. It is true that Rupees 18567 were also realized during the same year, but these collections were, it is explained, made from the resources of 1249 / 1839/40 long before the first Kist of 1250 fell due - and were consequently carried first in full liquidation of the outstanding balance of Fusly 1249 / A.D. 1839/40

and then towards the arrears of former years. From this special case the Collector is next led to a consideration of the general principle enunciated by the Court in their Proceedings already cited Viz. that "all collections received in the Treasury within the year should in the first instance be applied to the discharge of the current Peishcush." Mr. Porter observes that the present mode of settlement in the Government Estates is for the most part made by division of the crop and that the whole process attendant on such partition can hardly be completed until near the end of the Fusly, leaving a large portion of the grain to be disposed of, and a considerable balance to be liquidated in the early months of the ensuing year - and he seems to entertain doubts how far such realization can properly be applied in satisfaction of the demand of the year within which they are collected, seeming as they in fact do from the actual resources of the Fusly just expired.-

10 The Court observe that the practice against which their remarks were

during Fusly 1252 / 1842/43 / Rupees 38575-3-3/has since been carried to Account, 40387-- -- in complete liquidation of Fusly 1251 / 1841/42 and Rupees 4000 on account of Fusly 1245 / 1835/36.

9 The collections during Fusly 1251 / 1840/41 amounted to upwards of Rupees 72,000 but the sum credited to the Peishcush of that year was only Rupees 36820- or about one half the foregoing sum. The Court therefore in their Proceedings of 12th Instant last were led to remark on the small proportions borne by the amount credited on account of Fusly 1251 / 1840/41 to that realized during the same year. Mr Porter now explains that the actual collection for Fusly 1250 / 1840/41 was only 50751 of which Rupees 14041 were disbursed for Tuccavi, Maramut advances, the Minors subsistence &c. and the remaining 36820 carried in credit of the Peishcush. It is true that Rupees 18467 were also realized during the same year, but these collections were, it is explained, made from the resources of 1249 / 1839/40 long before the first Kist of 1251 fell due - and were consequently carried first in full liquidation of the outstanding balance of Fusly 1249 / 1839/40

Paras- 10-

and then towards the arrears of former years. From this special case the Collector is next led to a consideration of the general principle enunciated by the Court in their Proceedings already cited Viz. that "all collections received in the Treasury within the year should in the first instance be applied to the discharge of the current Peishcush." Mr Porter observes that the present mode of settlement in the Government Estates is for the most part made by proceps attendant on such partition can hardly be completed until near the end of the Fusly leaving a large portion of the grain to be disposed of, and a considerable balance to be liquidated in the early months of the ensuing year - and he seems to entertain doubts how far such realization can properly be applied in satisfaction of the demand of the year within which they are collected, deeming as they in fact so from the actual resources of the Fusly just expired.-

10 The Court observe that the practice against which their remarks were

Fort St. George 8th January 1844

were directed may in a great degree be remedied by increased care in collecting the demand of each season within the year for which it is due. In cases in which this cannot be effected if the balance of the Settlement be realized early in the ensuing Fusly, and from the resources of the year immediately elapsed, the Court will not object to such amount being carried to the credit of the antecedent year, and the surplus if any to the liquidation of former balances. it being distinctly understood that this is to apply only to the collections made before the first Kist of the current year becomes due and without in any degree trenching on its resources.—

11 In Para 18 the Collector in contrasting the Collections of Fusly 1251 / A.D. 1841/42 with that of the year preceding it states that "the collections within 1250 / 1840/41 on account "of Current and arrears amounted to "Rupees 14,408-8-11. of which the sum of "Rupees 7,984-3-6 must be considered "as an item of adjustment on account of "arrears due by the Renter for Fusly 1248 / A.D. 1838/39 49 / 39/40 as

Fort St. George 8th January 1844

"as it was paid to T. Venkatacharyooloo the "principal Creditor". "the amount actually collected during Fusly 1250 / 1840/41 is given in a marginal Statement at Rupees 6,424-5-5. This account is not altogether accurate. On reference to the Statements which accompanied the Settlement report for Fusly 1250 / 1840/41 the Board observed that the amount actually collected during that year was Rupees 14,408-8-11 of which Rupees 8,333-5-11 were realized at the beginning of the Fusly on account of arrears due by the Renters. for Fusly 1248 / A.D. 1838/39 49 / 39/40 and there being no balance of Peshcush outstanding for those Fusties, Rupees 7,984-3-6 of this latter sum were paid in discharge of certain hand debts due by the Zemindar. The actual Collections in Fusly 1250 / A.D. 1840/41 on account of that Fusly and from its resources were Rupees 6,075-3- not 6,424-5-5 as given by the Collector.

Nos 185.

Total Collections.		
Fusly 1250	14408-8-11	
" 1251	5994 " "	
Increase	8,414-8-11

credit in Fusly 1251 / A.D. 1841/42 is greater than that so applied in 1250 / 1840/41 by Rupees 993-4-6.—

The Collections during Fusly 1251 / A.D. 1841/42 were Rupees 5,994. but of this, Rupees 214 were for arrears of Fusly 1250 / 1840/41. The total Collections / as per Margin / of 1250 thus fell short those of 1251 by Rupees 8,414-8-11. The current collections by Rupees 295-3-" The sum credited as Peshcush

The

Fort St. George 8th January 1844.

12 The Demand Collection and Balance of the Peishcush for Fusly 1251 as well as for arrears on both Estates is exhibited in Para 19 of the Report. The Court need only observe that the balance therein represented as due for 1251 1841/42 has since been liquidated and Rupees 4,000 paid towards the discharge of the demand on former years. The arrears therefore which at the commencement of 1251 1841/42 stood at Rupees 60,994-11-7 have since been reduced to 49,727-11-7. This is satisfactory. The outturn of the Moongal Pergunnah is kept to, but the removal of the obstacles to its advancement as stated in Para 7 with the Court trust be followed by its speedy improvement.—

13 The report on the settlement effected with the Creditors of the Deny Estate alluded to in Para 21 was submitted to Government with the Courts Proceedings of 16th October last.—

14 The Court view with approbation the interest taken by the Collector in the education of the Minors, and trust that access to a wider and more liberal course of study will shortly be afforded them by the Establishment of the contemplated High School at Masulipatam.—

Ordered that a Copy of the foregoing Extracts from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collr. of Masulipatam for his information and guidance.

Sir,

Reporting the result of the enquiry instituted into the Complaints of certain Petitioners and that the charges of assault

1 Agreeably to the Endorsement of the Board under date the 4th July last on the enclosed 5 Petitions from certain Ryots of Gotoor in the Bellary Talook of this District, I have the honor to report the result of the enquiry instituted before me

Fort St. George 8th January 1844.

Assault and bribery against the Amildar of Bellary and his two Duffadars have not been proved and forwarding a figured Statement of the Petitioners Cultivation and the remissions allowed to them for the failure of Crops &c.

me in the matter of the Complaint of the Petitioners.

2. The Petitioners chiefly urge that the Crops of the lands which were sown by them having withered, the same due by them on account of the Assessment thereon for Fusly 1252 / A.D. 1842-43 may be remitted.

Callapah-
Nagapah for
Veerapah his
Brother
Nallanagoud
Siddapahand
Busapah-

3. In consequence of failure of rain in some part of the Bellary Talook reports have been received from the Amildar noticing the effects of the same upon the interest of the Ryots, and shewing where total and partial loss of Crops and produce have occurred. The Tahsildar was directed to inspect himself personally each field and submit a detailed account of every Ryot who may have suffered. This Account was laid before me during the last Summabundy (Viz.t of Fusly 1252 / A.D. 1842-43) and after the minutest enquiry into each Case and with reference to the capabilities and circumstances of the Ryots, remissions were allowed. Regarding the Petitioners, I beg to enclose a figured Statement shewing the survey Assessment of the lands of each of them, the vasoolie or demand, the Produce, the full or partial failure of Crops V.ca V.ca and the remissions allowed in each man's Case. Two of the Petitioners have been allowed the remissions to which they were considered entitled with due regard to the loss they sustained, and for the other 3 Petitioners no remission was allowed, they having actually reaped full produce of their lands and sustained no loss. One of them named Busapah alias Basavanagowd (No.7 in the enclosed Statement) discharged the Circar dues and has not complained before the Board; but the others appear to

Fort St. George 8th January 1844.

to have used his name though the land in his name was actually cultivated by other Ryots and the Seerva collected from them without complaint.

4. The Petitioners charge the Amildar with having used force and compulsive measures in collecting the Kist from them by means of 2 of his Duffadars, and asked for a bribe, but do not say in their Petition that they paid it. I have instituted a strict enquiry into these allegations, but the Petitioners on being called for were unable to produce a particle of evidence for the Assault. The Tahsildar and the Duffadars deny the charge. If they had actually ill-treated the Petitioners, before me with a complaint which they themselves admit was not done as they declare that it occurred at Bellary where I was at the time.

Isma Mahomed
Venkata Reick

5. The complaint of the Petitioners has not been proved. They are reported by the Village authorities as being notoriously troublesome characters in the Village.

6. Two other Petitions which they presented to Government on the same subject are herewith forwarded together with the 5 Petitions referred by the Board for my report.

Bellary District,
Coll.rs Office on Circuit,
Hurryhombully 30th November 1843.

To

To,
The Acting Collector in the
Northern Division of
Arcot

Sir,

23-24
To the Actg Collr of
North Arcot.

I am directed by the Board of Revenue to state that they find no stipulation in Mr Turner's Abkarry Cowle received with your letter of 26th December last, respecting the Extent of the Military List of the Villages comprised in the Civil Abkarry Renter's contract. The Board therefore request that you will have the goodness to state whether the Military Abkarry Renter was permitted to establish any Shops within the limits of these Villages.-

As Collr

Resolution thereon.

25-26

The Proceeding reported in the foregoing letter is satisfactory. The Board authorize the payment of the Shares recommended to be granted to the informer and the Officer who made the seizure as reported in the Statement dated 26th September last.

To

Fort St George 8th January 1844

To C. C. Lovell Esqre

Acting Secretary to the

Board of Revenue

Fort St George

Sir,

27

From W. H. Babington Esqre
As Collr of North Arcot } Para 1 I have the honor

to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 18th December 1843 with copy of a correspondence with Government and Extract from the Minutes of Consultation dated 9th December 1843 requiring information as to "whether the Mosque at Codagal is resorted to by the Mahomedan inhabitants of the adjoining Villages and by Travellers of that Class, and whether the services provided by the grant are continued."

2 Services are at present performed at the Mosque by Goomastahs appointed by the Enamdars, but the services to be performed are not particularly specified in the grant. It appears from the Statements of the Principal Inhabitants of the Village that it is scarcely once in two Months that any Mahomedan from the neighbouring Villages or Mahomedan Traveller visits the Mosque at the last Bakreead nine or ten visited it.

To C. C. Lovell Esqr

Acting Secretary to the

Board of Revenue

Fort St. George

Sir,

89

From the Asst Collr of Salem . . . . .

Bringing to notice of a certain arrear left unsettled by the Jody agraharadar of Camalapooram, in the Salem Talook and recommending its being resumed by Government.

I have the honor to report for the information of the Board, that the Jody Agraharum of Camalapooram in the Salem Talook and yielding a Beriz of Rupees 1610-8-4 per annum, left a balance for a few Months in Fusly 1251 (A.D. 1841-42) which was subsequently collected after a Zuft.-

2

In Fusly 1252 (A.D 1842-43) the Agraharumdars after paying two Kists again fell in arrears and the Agraharum was attached a second time and a Collection made upon the actual cultivation of the Village - In doing so Rupees 935-4-6 become still due to Government at the end of Fusly 1252, after paying sibbendy. The Tahsildar made known to the Agraharumdars more than once, that if the balance is not paid the Agrahar will be taken under Amany. To this they requested time for paying it up as they were unable to do it at once - The Tahsildar subsequently sent an Arzee stating that the

Fort St. George 8th January 1844

the Agraharumdars requested their Village might be given to them on Freshvacum tenure. upon this a notice was sent on the 12th October 1843 requiring them to pay the balance in one Month or otherwise, that in conformity to the extract of a letter from the Honorable the Court of Directors dated 11th July 1838 received with the Board's Proceedings dated 28th October 1839, it is my intention to recommend to the Board, the resumption of the Village - The Agraharumdars subsequently made a request, through the Tahsildar, that the balance of Fusly 1252 may be allowed to be paid up with the Kist of Fusly 1253 within June 1844. which was acceded to provided they give sufficient security but they stated in reply that in consequence of the balance being large no one would come forward to become their Securities.-

3

When the Village in question was given to the Bramins on quit Rent, it was in the proportion of 10/16 of the fixed Assessment to the Agraharumdars, and 6/16 to the Government - whatever excuses they may have for non-payment of the arrears due, the truth is that they are evading payment with a view of getting the Agraharamdars under Freshvacum tenure - they are in good

Fort St George 8th January 1844

good circumstances, the Agraharum is a profit-
-able one but the parties are always at vari-
-ance with each other. Five Months have
elapsed since the close of Fusly 1252. and
as they have not paid up their arrears
notwithstanding time was given them,
I beg to recommend the resumption of
the Agraharum in question.

4 On the 13th Ultimo I for-
-warded copy of a communication from the
Sub Collector on the state of the Agra-
-harum of Jeroomalamasamoodrum in the
Paramutty Talook, on which subject I hope
shortly to be favored with the sentiments
of the Board

From Mr. J. Blackburne
Pr. Coll. of Madura. } 1.

In returning Petition —
No. 1276 of 1843. received yesterday, I have the honor to report that on a Petition to me the same effect I on the 16th. ultimo directed the Thumberan of Paramalai in Shevagunga to restore the Meerasty Ambalagar to the situation from which he had, without authority dismissed him.-

2 The Board's endorsement shewing their opinion that they have no authority in the matter, makes me doubt the propriety of my act under Regulation VII of 1831 or consider it possible the Board have mistaken the local title for a purely Devastanum Officer. In the Ain Talooks of this Collectorate the hereditary head of the Village is styled Nattamgar. In the Zemindaries of Ramnad and Shevagunga he is styled ambalagar.

I have also the honor to return No. 42 of 1843 (received also yesterday) as the

Fort St. George 8th. January 1844.

the Board's answer is requisite before I can comply with the exigence of their Endorsement, to my report on the matter under date the 4th. August last.-

Fort St. George 8th. January 1844.

To

G. C. Lovell Esqr.

Actg. Secretary to the
Board of Revenue
Fort St. George

Sir

From J Blackburne Esqr.
Pr. Coll.r of Madura. } 1

In answer to your letters of the 2nd October and 4th. Instant and in amende answer to that of the 27th July I have the honor to inform you the Petty Farms comprized in the Extra Sources of Revenue in this Collectorate consist of the Individually settled rents of the Pylney Hills &c. -cedentally and improperly so clafsed and of the rents of Cardamum hills.-

Stating that the Monopoly of taking honey and wax is rented to an average of 245 Rs. pr. annum and that it is otherwise untaxed.-

2 In the three Talooks of Thenkarai, Nellacotay and Marungapoory are a few small hills and Jungles producing Honey, wax, Cholum, Kutcheney Ginger Turmeric and Garlic. Some of these spots form component parts of Villages, others seem to be unattached or their boundaries unknown and being rented the demand always forms part of the Land Revenue. The inclosed Statement N.o 1 shews the particulars of these receipts, averaging in 10 Years 1090 Rs per Annum.-

3.- In the Zemindary of Cannewady alone was any revenue derived from Cardamums

Fort St. George 8th. January 1844.

Cardamoms introduced in Fusly 1246 A. D. 1836/37. it only once netted so much as 34 Rupees in the four years it was held in the Collectors Management and in the 3 subsequent years it afforded a rent of Rupees 120 and 121 the estate has been retransferred to the Zemindar or since commencement of the Current fusly.-

Whatever objection there may be to giving a monopoly of the wax and honey in principle I think there is none in the present instances from the nature of the spots of Ground their existence is only known to a few.-

4. I beg to apologise for the delay it was occasioned in chief measure by the Sub Collector's protracted answer on the 18th Instant to a reference of the 19th October, after receipt of years of the 2nd Idem.-

To J. Blackburne Esqre
Principal Collector of
Madura.

Sir,

Para 1 In conformity with the instructions of the Board of Revenue contained in their letter of the 14th of August last, I have the honor to submit my report on the settlement of the Province of Madura for fusly

1252 --
1842/43

Statements and Accounts -

Para 2. The Accounts and Statements accompanying this Report, are -

No 1 Statement of Villages, Population &c for Fusly 1252
" 2 Statement of Ayacut
" 3 Abstract Jummabundy Statement of the Districts of Madura and Dindigul for Fusly 1252
" 4 Abstract Statement of each Taluk for Do
" 5 Statement Shewing the Increase and Decrease &c upon each item of the Taloks in the last and Current Fuslies -

No 6

No. 6- Statement shewing details of the gross Increase and Decrease in the last and current Fuslies.

No. 7- Register of lands held on sanctioned cowle in the Districts of Madura and Dindigul for Fusly 1252.

" 8- Statement of special cowle in the Do. for Do.

" 9- Statement shewing the extent of lands granted to the Sibbendy Peons of Ramnad, for Fusly 1252.

" 10- Statement comparative of Increase and Decrease in the cowle lands of each Talook for Fusly 1252.

" 11- Statement of rates of percentage of the Remission granted to the ryots for their withered Nunjah produce

" 12- Statement shewing the Cultivation of Sugar cane in the Dindigul District for Fusly 1252.

" 13- Statement of Kistbundy of the land Revenue of the Madura and Dindigul Districts for Do.

" 14- Statement of Kistbundy of settled and unsettled Zemindaries in the Districts of Madura and Dindigul for Do.

" 15- Statement of Kistbundy of the Hill rents in the Do. for Do.

" 16- Statement of the Extent of Inam land and its Cultivation

" 17- Statement of Land Revenue and Extra sources comparing the last and current Fuslies.

" 18- Comparative Statement shewing the Demand, Collection and Balance of the Land Revenue in the Madura and Dindigul Districts.

N. B. The Abstract Jummabundy Statement of the

the Calamanday Mutah for Fusly 1252, was forwarded with my seperate report thereon dated 24th October 1843 and that Estate has been directed to remain under Amany management for the ensuing Fusly, according to instructions received from the Principal Collector under date the 20th October 1843.

Para 3- Out of the above 18 accounts which are prepared, according to the Forms received from the Board of Revenue, in English and Marattа, 16 only are herewith submitted - Of the two remaining Statements No. 6 is the Annual raft Account, or Statement shewing the gross Increase and Decrease in the different Kinds of Cultivation, but as there is little likelihood of the same being ready for some time; there appears no necessity for further delaying the submission of this report till its completion - The same may be said of No. 16 of which mention is made in Para 29 of this report-

Para 4 The Accounts for which the forms Do. rest chiefly with the local authorities are the following-

A is the Dehawar Jummabundy Beriz, or Summ total of the settlement of each Village for Fusly 1252, for the Madura Division-

B. is the same for the Dindigul Division.

C. Individual accounts- /2 specimens-/

Of these, one account with Puttah is given for

Fort St. George 8th January 1844.

Madura Division Viz. Sholavendan and for Dindigul, Calliamputtoor of Syempitty Sub: = mitted in conformity to the instructions contained in the letter from the Board dated 29th July 1841 and Circular order of 21st October 1839.

		Sholaven: = dam.	Calliam: = puttoor
		sheets	
1	Yennawally or individual	44	59
2	(Abstract of) Fysul Chittah	18	10

	Total	5,72,571	6,10,977	38,406	"

No. 1. There being no difference when compared with the former years, no separate remark is called for.

No. 2 The increase of 22 Hamlets may be attributable to the increase of some families and division of others; also the desire to live on, or nearer, their cultivation; the desire of some for change of locality; and the keeping up of more than one house for convenience of situation &c. some houses being burnt a new station would be chosen, the particulars of all which will be found in account No. 1

No. 3

Fort St. George 8th January 1844

No. 3 Some of the Tanks have been made by the ryots, at their own expence, and some broken tanks were formerly omitted.

No. 4. Some jungle streams not entered last year, and some newly dug by the inhabitants have caused this increase.

No. 5. Four new anicuts have been made by the inhabitants themselves.

No. 6 427 new wells were dug for the Buc: ghayet, or garden cultivation

No. 7. On account of these not having been entered in the sub Division, last year, this increase is caused. Some few have elsewhere been newly made.

No. 8. The increase in the houses / less than 1 per Cent /, is owing to the somewhat similar causes with the increase in Hamlets.

No. 9 and 10. The males and females under 10 years of age, were last year omitted. they have this year been added to the adults, but whilst according to my instructions in the Dindigul Division, those only above 3 years of age, have been noticed, which plan I beg to recommend for general adoption, in the Madura Division, all under 10 appear to have been indiscriminally entered in the accounts.

Para 7. Further particulars connected with

Fort St. George 8th January 1844.

with Village statistics.

No.	Particulars.	Fusly 1251	Fusly 1252	Increase	Decrease

					481
					1253
10	Labourers	2177	3058	876	"

No. 1 to 5. Appear to require no remark - each item shews a satisfactory increase, which is chiefly attributable to the sufficiency to pasture.

No. 6 There appears an increase of 1684½ Ploughs. Last year some few ploughs were entered at 4 bullocks to each plough, but as it would have been difficult to make any joint total therefrom, they were ordered to be entered at 2 Bullocks. The increase in the Cattle, and probably more careful entry, may have tended to shew an increase in Ploughs, although there is observable a real decrease in the Cultivation.

No.

Fort St. George 8th January 1844

No. 7 and 10. In the Coleroodies or resident cultivators as well as in the number of labourers, there is an increase which appears to require no remark.

No. 8. In the Poracroodies, Pyakaries or Yerwadies who are as those names indicate ryots from other Villages, or non resident cultivators. there is a decrease, chiefly arising from the temptation, on account of the high wages offered, to proceed to Columbo, where each Cooley receives about 8 Rupees the month. The Poracroodies have the same right to the lands they cultivate, as the Coleroodies have, holding them on similar terms.

No. 9 This decrease in Gonchies or Partners, is in part owing to the same cause as given in No. 8 though a portion will doubtless have tended to cause the increase in Coleroodies (No. 7)

Season Para. 8 There may be considered three seasons to the harvest year.

1st Punjah. The rain was more scanty than usual. The heavy showers which stimulate the ryot to turn up the soil, did not set in till late, which accounts for land to the amount of more than 2½,000 Rupees being left fallow.

2nd Nunjah } For the cultivation the supply of
& } water and the rains were most satisfactory,
3rd Koda -- } and the Cultivation scarcely differed from
that of the previous year which must be considered somewhat above the average.

On.

Fort St. George 8th January 1844.

On the whole the seasons were favorable to the cultivators; for although they took up less Punjah than during the previous year on account of the lateness of the desired rains, their harvest was abundant in every species of produce, both Nunjah and Punjah, except certain portions of Millet as stated under "Shavi." (Para. 20, No. 1.)

Commencement of the annual settlement. Para. 9 On the 19th of April, I received instructions to make the settlement of the Madura Division: In conformity with which, such orders from time to time, as I considered requisite, were issued for the commencement of the Jummabandy. On the 4th of May, I handed over charge of the District to Mr. Morehead, and again reached Madura on the 24th, to see what progress had been made in the accounts, when I found the Curnums belonging to the Talook of Madacolum, had neglected and still refused to draw them up according to the Bellary Form, which had been selected by the Commissioner in charge. They further denied having seen the land at the time of Karrar Sagee-baddy according to the Tysul Ologos, and did not know the real contents of any field. They had merely been hanging about the Public Cutcherry, evidently induced to adopt that line of Conduct at the instigation of certain interested persons, doubtless belonging to the said Cutcherry, who were determined

that

No.a 7 and 8. In the Oolcoodies or resident cs cultivators as well as in the number of labourers, there is an increase which appears to require no remark.

No.a 8. In the Paracoodies, Pyakaries or Yerwadies who are as those names indicate ryots from other Villages, or non resident cultivators. there is a decrease, Chiefly arising from the temptation, on account of the high wages offered, to proceed to Columbo, where each cooley received about 8 Rupees the month. The Paracoodies have the same right to the lands they cultivate, as the Oolcoodies have, holding them on similar terms.

No.a 9 This decrease in Gonchies or Partners, is in part owing to the same cause as given in No.a 8 though a portion will doubtless have tended to cause the increase in Oolcoodies (No.a 7)

Season Para.a 8 There may be considered three seasons to the harvest year.

1st.a Punjah. The rain was more scanty than usual. The heavy showers which stimulate the ryot to turn up the soil, did not set in till late, which accounts for land to the amount of more than 24,000 Rupees being left fallow.

2nd.a Nunjah & 3d.a Koda. For the cultivation the supply of water and the rains were most satisfactory, and the Cultivation scarcely differed from that of the previous year which must be considered somewhat above the average.

On.

On the whole the seasons were favorable to the cultivators; for although they took up less Punjah than during the previous year on account of the lateness of the desired rains, their harvest was abundant in every species of produce, both Nunjah and Punjah, except certain portions of Mellur as stated under "Shavi." (Para.a 20, No.a 1.)

Commencement of the annual settlement. Para.a 9 On the 19 th.a of April, I received instructions to make the settlement of the Madura Division: In conformity with which, such orders from time to time, as I considered requisite, were issued for the commencement of the Jummahbundy. On the 4 th.a of May, I handed over charge of the district to Mr.a Morehead, and again reached Madura on the 24 th.a, to see what progress had been made in the accounts, when I found the Curnums belonging to the Talook of Madaeslum, had neglected and still refused to draw them up according to the Bellary Form, which had been selected by the Commissioner in charge. They further denied having seen the land at the time of Karar Sagurbaddy according to the Tyaul Cloogs, and did not know the real contents of any field. They had merely been hanging about the Public Cutcherry, evidently induced to adopt that line of Conduct at the instigation of certain interested persons, doubtless belonging to the said Cutcherry, who were determined

that

in taking this upon myself, I considered it in perfect Conformity to the spirit of the instructions conveyed at the end of the 1st clause, 8th Paragraph of their Proceedings dated 6th of February last - In the 8th and 9th Para of those Proceedings, objections are made to the Chittahs submitted to the Board, but I beg leave respectfully to observe that in the accounts, forwarded with my Jummahbundy Report on the Dindigul Division for Fusly 1251 and A.D. 1841/42 framed after the pattern of the North Arcot Ramuna, - those omissions, I believe, will not be found, and therefore it occurs to me that they may not have been forwarded - Having confined myself to such paragraphs as alone concerned the Sub Division - I did not make the above observation in my reply submitted to the Principal Collector on the 11th Ultimo -

Preparation of Individual Chittahs during Fusly 1252 -

Puttahs

Para 12 Having to give Puttahs in both Divisions, I travelled about each as they were prepared, that neither the accounts nor the people should be delayed - On Circuit the various accounts and orders were issued to both Cutcherries, so that the settlement of every portion of the District, was daily progressing, my own movements in each Talook being entirely guided by the forwardness of the settlement and Puttahs for completion or distribution -

Para 13 At the end of the 7th Para of the said Extract, it was not quite clear whether the word subsequently referred to the same day or a latter date, because there would be no time on the same day to make out the Puttahs after the Chittah received the mark or signature of the ryots, and I may be pardoned for stating therefore the method adopted by me during the present Fusly, which is not only in conformity with my custom in the Province of Salem and elsewhere, but in strict conformity with the desire and convenience of the people and also the wishes and instructions conveyed in the 5th Para of the above said Extract - A purely Ryotwar System cannot exist without it -

Method adopted in the distribution of Puttahs to resident ryots -

Para 14 On the arrival of the villagers according to appointment, which was generally within a circuit

of

of 10 miles I was on the spot with &c
my Cutcherry, and in presence of the
Sheristadar, Talook and Village officers the
ryot put his mark or withheld it according
to his pleasure - the disputes and objections were
then attended to and settled - all the Villagers
which had arrived being thus completed Puttahs
were instantly distributed, the people sitting
in regular order to avoid all confusion, &c
mistake or usurpation of Puttahs - and forth=
=with proceeded to their villages

Para 15. The Puttahs were held by
the Curnums, who read out distinctly the number
thereof, the name of the ryot, and total &c
payable by him in that village or under
that Puttah - it was then given into the &c
hands of the Nattamgar, who repeating the
name of the ryot, delivered it accordingly -
In case of sickness, age or unavoidable &c
absence, a near relative, known to the
Village officer, would take the place of the
absent ryot, and receive his Puttah - the
Kendave Gomastah all the time standing
near with the Goshwara bearing the &c
ryots signature as a Check on the Curnums

I

I do not consider that even one ryot in &c
20 was absent during the period of distributing
the Puttahs, which does not appear to &c
have been generally the case - These proceed=
=ings, simple as they are, naturally beget a
spirit of regularity and openness in the
ryot and a fear of concealment or extor=
=tion on the part of the Village officers
securing thereby the fullest advantages of
the ryotwar system, and I trust they are
such as will meet with the approbation
of the Board of Revenue - The lateness
of the season prevented my intended exa=
=mination of the ability &c of the Village
officers, this was unavoidably postponed
till next year -

Do to non resident ryots - Para 16 - In the case of absentees &c
or non resident ryots, the Natamgar put
down the Puttah, and at the end they were
duly counted and delivered to him to dis=
=tribute to the proper persons, and report
to the Talook his having done so, Many
Poracoodies, however, would come forward
to claim their Puttahs they being amongst
the assembled villagers and they would
accordingly

Fort St. George 8th January 1844.

accordingly be delivered on the spot - As some excuse for the above minute statement, I beg to mention that the ryots were highly pleased at the plan, and at Strevellypoo= =toor in Tinnevelly on the borders of this District, and where the Puttahs were dis= =tributed to those who had been directed to assemble at Cambanery. the ryots and others expressed their delight at the Simplicity and security afforded them by the method adopted -

Halting Sta= =tions for the distribution of Puttahs

Para 17 The places and days &c on which Puttahs were distributed were as follows -

Jke

No. 1. The decrease in the Punjah is Pr. 24,267 — 0 — 0 on the field Cultivation. This is, with a very few and trifling exceptions, entirely attributable to the lateness of the season. The grand fall of rain to which most of the Ryots took as their guide, had not fallen till they feared it was too late for a remunerative crop. Many plough their lands in anticipation; others wait till the season is more sure or advanced. It is observable that the decrease under this one Head, is greater than the whole decrease under all items as compared with the past fusly. by Rupees 2294 — 14 — 9.

No. 2. In the Madura Division it appears the practice in converting Punjah land into Baghoyet, to use at option water from tanks, Channels, the property of the Circar, or from Wells, the said land being retained in the accounts as Punjah, but the increased tase, levied under the head of Teervah Jastee, but in Dindigul, it is not so. Water, the regular property of the Circar, is not used. The Ryot digs a well and converts his Punjah into Baghoyet, to

which latter head the land itself is transferred, because the supply of water being made comparatively permanent, the cultivation cæteris paribus will be the same. In the former case the Ryot can revert to his Punjah cultivation at option, even every alternate year if it please him, and will pay accordingly. Not so in the Dindigul Division. Should the well become damaged, filled up or otherwise useless, the Ryot must apply for permission to revert to Punjah, on which the case is thoroughly examined, and if found true, the permission for it will be granted.

No. 3 and 4. The state of the single and double Crop, is about the same as last year.

No. 5. The decrease of Punjah cultivation on Punjah lands, is Rupees 2,766, which appears satisfactory, since it in part betokens a return to a more valuable cultivation, though a few spots may have been left waste. If either 1st. or 2nd. Crop be Punjah, the whole tase is entered under that Head.

No. 6. This Increase is confined to the Madura Division, and is derived from mare land having been taken up under this

head

head. In the Madura Division it is the practice to convert at pleasure Punjah into Punjah, and pay a sort of medium tase accordingly; but in Dindigul special permission must be obtained, when the matter is examined, and if there be reason, it is granted, but not otherwise; half of the amount of tase on the valuable produce, is generally levied for such Punjah.—

Nos. 7-8 and 9.— appear to require no remark, their increase and decrease being attributable to the usual causes.—

No. 10.— The decrease over last year in Ground actually sown, is, 26,256 Rupees, the chief cause of which, is mentioned under No. 1, 5 & 6.—

No. 11 The follow lands known indiscriminately as Bunger and tars included in the settlement, are hereunder particularised, and being somewhat new in the accounts of this District, I take the liberty to explain the terms used to denote the different kinds.

Potapoté tars signifies that land respecting the right or cultivation of which there has been doubt, or competition, and after all left wasted the one out of two or more parties appearing to

to have the best right, is first offered the land.— should he refuse to cultivate the land, or pay for its retention, it is offered to another having the next best right, which in nearly every case is the original darkhastdar or candidate— security is taken for the due fulfilment of the terms of enjoyment; and even if the land be after all allowed to lie fallow, it is paid for as if cultivated, and entered in the Settlement accordingly— The fixed tase on the land, is of course never exceeded by such competition.— The above is in conformity with the Spirit of the Extract from the Proceedings of the Board of Revenue dated 31st January 1842.—

Percentage of Waste Land included in the Marungapoory Talook.	Punjah	Nunjah
Dittam tars	25	12½
Waste lands	12½	6¼
Kadde tars	100	100
Kolundoy, Punjah & Goontahs	100	100
Nunjah & Goontah	100	100

No. 12. Dittam tars is that land which was engaged for by the Ryot, but left fallow from convenience or necessity.— In Marungapoory, the people paid the tase and retained the land.— In the other Talooks they did not agree, and it was struck off.— When the Village Officers perceive

perceive that no concealment or oppression can eventually escape detection; when punishment is sure to follow fraud, and there exists a well defined Hookamnamah, whilst the Revenue Officer is at all times accessible,- not one Ryot in 50 Villages will start any objection to sign either the Puttah- dab- at the Dittum time, or the Goshwaras at the issue of Puttahs, but will readily place that confidence in the Proceedings of the Circar and its Officers, without which the labour cannot be satisfactory nor welfare mutual.-

This observation and feeling may in part explain the motive which induced me to remit, this year also, the Dittum tax where it had never before been levied, because the parties, in the majority of cases, were not aware of the plan till the demand was made; and were not willing to retain the lands left fallow, nor would they have put their names down for so much, had they not felt that Mamool sanctioned their retaining their waste lands without payment for at least one year - whilst resigning any convenient spot on the plea of their inability to

to cultivate, would have lowered them in the opinion of their neighbours.- I beg to recommend that a Ryot should be allowed to resign any land he may please, provided it is an entire number or Field and that he tenders such resignation within the 31st of July in each year.- The Curnum should be held responsible for notice being duly given at the Village Choultry, of any such lands being at the disposal of any one desiring to cultivate them.-

Karar Sagabuddy examined by the Talook and Village Officers.-

Respecting the two Talooks in the Madura Division Viz. Madaeslum and Tirmungalum, I beg to refer to Para 9 of this Report— For Maroongapoory, I beg to refer to the observations on Dittum tars / No. 12 of this Para. In the 4 Talooks of Dindigul, according to the terms of the Hookoomnamah* issued by the Commissioner in charge of the Madura District, the rule observed was, that if any field or number consisting only of one Goontah if Nunjah, or of two Goontahs if Punjah or Bayhoyet, should there be any waste

* dated 10th April
" 25th Do
" 12th May

L.C.

Fort St. George 8th January 1844.—

waste land, it was included in the Settlement, if their appeared however any urgent reason for rejection, it was omitted accordingly—

14. Kaddetars— In the Talook of Maroongapoory, certain lands were retained by the Ryots, instead of permitting others to Cultivate them, on which cattle &c. were duly penned, but after all left fallow for cultivation during the following year, or other cause— This was entered according to the abovesaid Hookoomnamah—

15. Inam Poroopoo— In the Madura Division on some Inam Land is fixed a Poroopoo or a low rent when cultivated only— Some of those lands having been left fallow a Decrease in the amount received thereon, is the consequence—

16. Amrai— In the whole of the Madura District the Topes are particularly scanty— This subject has already received the attention of the higher authorities— Trees are divided into productive and unproductive, and the latter is again divided into those past bearing and those not arrived at maturity— The tax in Topes is of three kinds— It may either be on single trees, or the whole tope rented, and in a very few cases the land alone bears the tax—

the whole collection of the two former is Rupees 24,288. The land where taxed is only included in the land Revenue, some Renters, and others having cut down the trees either for sale or their own use, were, — for such misappropriation of the Circar, property, fined, or the trees so cut down, but not carried away, were sold on the part of the Circar, and, where Considered called for, a fine imposed according to the damage done. If such injuring to Circar property were tolerated, the topes existing would soon vanish. Should the increase of topes for the benefit of the people, be the Chief consideration, no method could possibly encourage it more than that proposed in the letter from the Board of Revenue dated 2d January 1843. With the exception of one or two instances in Dindigul, the land on which trees are situated is not taxed in preference to the said trees, but in Madura there are about 38 topes on which the land only is taxed x. In rented topes the renter has no permanent interest therein, so that generally it will yearly decrease in value rather than increase. Single trees on which the renter may consider he has a

x at Rupees 398-7-1-

a peculiar claim are sometimes cut — down whenever convenience or profit suggests that movement to the Ryots.

No. 17. Dehat Inam Poroopoo — The Village is itself Inam or free gift, but therein are certain spots which pay a fixed low rent known as Kaller kavali Inam — Poroopoo, from its being fixed on lands granted as service Inams to watchmen. The cultivation on such lands has this year been a trifle less than last year.

No. 18. Pillavari — In conformity with the instructions contained in the letter from the Board of Revenue dated 27th — March last, ½ tax has been levied on all those lands retained for pasture or hay crops in the Zemindary of Ramgherry. It has been supposed that a gross tax would be against the wishes and interests of the Cow-herd and sheep feeder, but it is not so, — the grazier both of cattle and sheep, will gladly pay to the Nattamgar or Curnum of the Village that tax which the circar has been unwilling to take from them — It may be a matter of surprize that so few lands-

Fort St. George 8th January 1844.

lands have been taken up by the Ryots, but besides the usual timedity or objection of the Ryot to incur extra taxation for what he had hitherto considered his right without such impost, it forms a portion of that resistance which was to be expected when it had apparently succeeded in other parts of the District. This appeared to arise, as usual, from interested Cirkar servants particularly the Village Officers. for Puttahs were refused not only for the Grass land made use of but for the usual grain cultivation. Mr. Lane, the Head Assistant, who had the management of the Maroongapoory Talook, on finding the Nattamgars most refractory and not a Puttah taken, very properly suspended certain of them from their duties; and informed me thereof, requesting others to be sent in their stead, which was done as soon as practicable, and after their arrival, all objections throughout the Talook, ceased, — which shewed that the Ryots themselves had no objection to their Puttahs. There is a clause in the Hookoomnamah dated 1st July 1835, which permits a Ryot to retain any land without payment for one year this has.

Fort St. George 8th January 1844.

has of course tended to annihilate Pillaway as the Ryots see no advantage in paying for land which is allowed to them without it. It is to be expected if this system be altered and the accounts be faithfully kept, that the amount will greatly increase, because the pasture is so good as to attract the graziers from Trichinopoly and the adjoining Villages. It may not be out of place to remark that Graziers from Coimbatore, where the tax has for a long time existed, to avoid it, come into the Dindigul Division. Grass tax to a limited extent was formerly levied in the border Talook of Eyempilly, as hereunder shewn. Though always insignificant in amount, Pillaway has dwindled down to less than 6 Rupees Annually.—

Shavy -

No. 1 Shavy - Shavy occurred in 122 Villages attached to the Talooks of Mellur, Madaacolum, and Permungalum. In Mellur it was considerable. The amount given by the Natamgars and Curnums to the Tahsildar, by whom the same was reported to the Hoozoor, amounted to 16,901 - 1 - 11. Rs a P to examine which with reference to the Hoor Room=namah and Namoonahs, Cutcherry and Talook Servants were deputed, and whatever came within the descriptions Known as Manipiddy and Kuricapiddangal, was carried to the harvest account, and this amounted to Rupees 5,132 - 4 - 11. Such Shavy as was evident and actually present, of which there were 4 Kinds, readily remitted to the amount of Rupees 6872 - 5 - 8. The Mellur Thasildar reported that there were 14 Villages in his Talook where much Shavy had occurred, arising from some of the Tanks requiring to be filled 3 times to produce even a single Crop, that some fields derived no assistance from any source except the rain which fell thereon - and that the ryots had

had, in most such instances, gone off to Ceylon for more profitable employment as Stated in Para 7 No 8; and though their families remained, the produce eventually dried up and only served to feed the cattle of their neighbours or themselves. The Phasildar further observed that the people were very poor and could not pay the money due even if entered. The real truth of this, I endeavoured to ascertain from the Phasildar and the Zilladar verbally as well as by document; but Suspecting that all was not quite as Stated, a particular account was ordered to be prepared. When this arrived, I was acting as Judge in the Zillah Court of Madura. The Principal Collector was therefore pleased to remit the balance or rupees 4,468 - 11 - a - 0 - p. It may not be out of place to observe that one of the items usually included under the head of general Shavy is "owar alavoo" or (crop) damaged from growing on a comparatively barren Soil, a Kind of fuller's earth, where the water may be abundant

abundant but the plants wither from the poverty or unhealthiness of the land. Blighted crops of this description, are Stated to have amounted this year to Rupees 1311 - 6 - 9. - a - 0 - p.

all Shavy which occurred or was Stated to have occurred within the amount only of 10 per Cent on the whole cultivation of the ryot was included in the Settlement amounting to Rupees 899 - 5 - 3. If the Codey Sagabuddy or Second crop, withered, the additional half tax on the land (which was alone leviable) was remitted. The whole amount therefore of remission on account of Shavy in the three abovementioned Taloos Rs. amounted to Rupees 10,869 - 7 - 9 as hereunder Shewn. In the Dindegul Division there was not any Shavy during the present fusly. -

No. 2. Para Bunds for ingress to Crops

The Collectors of Salem and Coimbatore having reported that the Ryots under their charge are desirous of having Bunds made for the purpose of admitting water into their fields on the Cauvery for the benefit of their crops, and the Board having called for explanations on the subject, and requiring to be informed whether any and what Expenses would be incurred in the execution of such Bunds;

No. 3. Sugarcane cultivation

The Collectors have stated in reply that the Sugarcane cultivation is carried on to a very limited extent in the Districts under their charge, and that the Ryots are not disposed to undertake the cultivation of Sugarcane on a large scale, as the Soil is not adapted to the growth of that description of Grain, and that the Sugarcane grown is chiefly consumed by the Ryots themselves.

No. 4. Dindigul Lands

The Collector of Madura has stated that the Lands in the Dindigul Division, classed as Punjah, are not capable of being watered from Tanks, and that the Ryots do not wish to have them classed as Nunjah, as they are not desirous of cultivating Paddy on those Lands.

No. 5. Kattawu or Arapa Shavy

The Collector of Madura has stated that the Ryots are not disposed to cultivate Kattawu or Arapa Shavy, as the Crops are liable to be destroyed by Cattle, and that the Assessment on Kattawu Lands is not collected, but that the Ryots are allowed to cultivate Paddy on such Lands, on paying the Assessment fixed on Paddy Lands.

No. 6. Ghairhāzir Shavy

The Collector of Madura has stated that the Ghairhāzir Shavy is entered in the Accounts, when the Crops are reported to be damaged, but not forthcoming or seen by any Circar Servants, and that the Assessment on such Crops is collected, after the Crops have been reaped and the Grain measured.

No. 7. Tax on Toddy Shops

The Collectors of Salem and Coimbatore have stated that the Tax on Toddy Shops should be abolished, but if this cannot be done, they would recommend that the Tax should be collected in Kind, instead of in Money, as the Ryots object to the Tax in its present form, on account of the Trouble and Vexation attending the Collection, and that the Tax might be added to that on Arrack, which does not exceed 20 Rupees the Gallon.

Read.

Fort St. George 8th January 1844.

Should the Board be pleased to require explanation of the grounds of my opinion respecting the above account, I shall be prepared to afford it.-

No. 4. The decrease of amount under the head of Poonjah and Nunjah Cowle, is 50 per cent on that of last year, and attributable merely to the progressive tax being leviable.-

No. 5. Allegal maf requires no remark, but the decrease is Satisfactory.-

No. 6. What is in the Madura Division termed Mahajanums maf. is known in the Province of Salem as Sukkavasy. In the latter it is at the rate of 2 Rupees the plough, in the former at 25 per Cent on the Bramins Poonjah Cultivation. This remission in Salem, is extended to Mufsulmans as well as Bramins; but in Madura it is confined to the latter. This is one of the Set of remissions particularly liable to abuse; and in Madura it has been before tried on an extensive Scale - it being not unusual for a the Bramin to lend his name to the Puttah

Fort St. George 8th January 1844.

Puttah and draw from the proceeds of the regular tax levied from the Soodra cultivators, the amount of the Maf or ¼ of the tax, or else by collusion the Soodra shares the benefit with the Bramin. One instance thereof appears to have fallen immediately under the notice of the Board of Revenue last year, in the case one Devakaryah a Bramin Cultivator and Nattamgar of a Village in the Talook of Teroomungalum. This was elicited after some trouble to the Amount of Rupees 14-2-0 and directed on the 13th of March by the Commissioner in charge to be collected, which was done accordingly and carried to account under the Head of Sivai Jummah, during the month of April last.-

The actual cultivation in that matter appears to have been as follows.-

Name-

Fort St. George 8th January 1844.-

Name of Puttahdar	Nunjah	Poonjah	Remarks.
	Cawnies at Gomtahs		
Deva Karyah Nattamgar	4 13¼	68 4	
(Settama Naiker and others, Cultivators)	" "	50 5	Paid full tax to Puttahdar
	4 13½	17 11	
(Rajah Gopalyengar) Remainder Cultivated by the Puttahdars	" "	8 2	Do. Do.
	4 13½	9 9¼	

Mahjanum inaf is not granted in the Dindegal Division, and there appears to be no reason why the System should not be greatly modified if not cease. The Accounts are not very regular; but the decrease under this head may be owing to a decrease in the Cultivation of Poonjah, and also to the fear of detection Similar to the above-

No. 7. Sibbendy. Part of this varies according to the Cultivation in the Village

Fort St. George 8th January 1844.-

Village of Kamalapatty in the Sub Divi= =sion, where there is no fixed Nattamgar; the greater portion is however for the Statum Puttahdar who superintends the cultivation in, and round, the Fort at Madura.-

No. 8. Seerwa Kummy. This decrease arises from the land Cultivated with an inferior Species of produce, being less than last year. The ½ land tax for Kattaparty, is included under this head. This remission is according to the instructions of the Principal Collector dated 1st July 1835.-

No. 9. This Sum was entered accidentally by the Cutcherry at the commencement of the Season, Supposing that the land had been actually cultivated, which was Subsequently proved not to have been the case; but having been So entered, it could not then be deducted; at the Settlement time, however, it was struck off the accounts.-

No. 10. This Small Sum appears to require no particular observation.-

No. 11. Form Kummy. This appears to have been considered a necessary reduction

Fort St. George 8th January 1844.-

reduction of the fixed tax in the Madura Division. It was professedly introduced into 52 Villages by the late Principal Collector Mr. Peter, but I find it to exist in 55. It seems to correspond with the Manadeb Kummy of the Dindigal Division with this great difference that the latter is not granted in any inam lands. Ample opportunity in each however was offered for favoritism, which has not been lost sight of. to those places which appeared to enquire some such indulgence, it was not extended, and those who could best do without the remission, enjoyed it. From all I have been able to gather from the accounts, the object appeared to be a reduction on all the highly assessed lands to nearly 60 fanams the Cawny, in the favored Villages, and the other lands thereof in proportion - the amount of the reduction being on the average from one fourth to one third, and chiefly amongst the

Fort St. George 8th January 1844.-

Bramins. It is possible that some of the lands might require a reduction; but it never could have been contemplated that inam lands liable to Poruppu, were also to enjoy it. Yet the following is a Specimen thereof from Cudbah Madacolum. The inam is enjoyed by 12 individuals, and the Circar Share ½ and in some cases only 1/5th of the produce.-

Cultivation Tax	Form Kummy	Remainder	Present Poruppu	Poruppu prior to Form Kummy	Decrease
Cawnies	a/ CRs.	a/ CRs.	a/ CRs.	a/ CRs.	a/ CRs.
26	6 27 9	132	101	77	178 5 7

	2	34 1/2 or	7	5	4	Poonjah
Difference	11 1/2	98 3/8	42	1	3	

This has hitherto been entered as Form Kummy. It should have been entered under the head of Teerwa Kummy The Cowle is irregular because the Nunjah mel Poonjah in the Same Village, bears a tax of 6 fanams the Cawney, which would Shew the difference of the correct and incorrect Cowle to be as under given.-

Nos

Fort St. George 8th January 1844.-

Nos 12 to 15 appear to require no remark.-

No. 16. The Hanavady Zemindary having been given over to Appiah Naik on the 4th Instant, the amount of this allowance will in future cease.-

Hill Revenue - Para 21. The individual Settlement has this year been introduced on the range of Hills Situated in the Talook of Tyempully and Tengare, familiarly known as the Pallaneys or Pombarys. The ryots of the Hills have frequently Solicited the Board of Revenue have often directed it to be done; and so far their instructions have been this Justly carried out; but much evidently yet remains to be examined.- There was no profit or Chance of improvement to the ryots or the Circar by the System of rentals; for the Manady was absolute, and no one dare bid against him, as long as the renter was required to be a resident in preference to any one from the low Country, whilst his power enabled him to adopt much annoyance to the Ryots. It has been Supposed that Such

Such preference was absolutely necessary on account of the constant recurring disputes between the Hill men and those of the plains. But there is some contumacy exhibited now in the conduct of the Manadies towards the Cirkar. They consider themselves supported by certain persons capable of defying the orders of those who are determined to carry out the instructions of the Board of Revenue, and look therefore with confidence to the return of the rentab. I beg respectfully to request either that the matter be entirely left to myself or perfectly taken off my hands. Many cultivators signed documents approving of the system adopted by me, and the individual Settlement was framed thereon with the understanding that the continuance was to depend on the Sanction of the Board of Revenue — and from all I have been able to gather on

the Subject, consider it very low. But the Manadies are using their influence to create something more than passive resistance; for they will not even forward the money paid them by the Ryots. The System ordered to be carried out, has the advantage of being uniform, or common to all parts of the hills; and if it be supposed that the tax is too high, I would respectfully point to Vilputty to shew that it is lower than the amount of the rentals; and could shew by a deposition of one of the Natamgars, that whilst the rent of a goontah for one Species of cultivation, is 6 fanams or 1½ Rupees the produce of the double crop is worth 120 Rupees. I would also draw attention to the Collection of Pombaray and Yettoor, where 11 years ago the revenue of the former was 1/3d. higher than at present and the latter only Rupees 3 – 13a – 5p less than the amount of the present year's tax. It is not to be wondered at that the renter of Tandekoody should prefer keeping

Fort St. George 8th January 1844.-

keeping the 4/5th increase of the rent to himself; but there appears no necessity for the indulgence. I believe from the Petitions I have received, that in most of the hills there has been much concealment; but during the ensuing year that will meet with particular attention.-

Para 22. In December 1841, the Principal Collector was pleased to permit the desired measurement by the Zillahdar to take place. 5 accounts are herewith forwarded, which shew 1st. The Peimash or measurement.-

2nd. The Tarram or rate-

3rd. The Summabundy or Settlement-

Same . . . . . }
Potte wheat . . . . 4 — Do.
Podagul ragi . . . 1 — Do.

The tax on plantations has been fixed at 10 fanams the goontah, which is particularly low when compared with the tax in the plains. This has been done partly on account of the comparative difficulty or expence in procuring a Suitable market.—

Turmerick or bastard saffron for a similar reason has been fixed at the same rate.—

Ginger has been fixed at 6 fanams. The cultivation is said not to be extensive.—

The very coarse Kind of Paddy, the price of which is low has been fixed at 4 fanams.—

Para 25.

Service Inam on the Hills. Statement IV.

The Curnum produced an Inam account, by which it appeared that the Mannady, Nattangar, Tundulgar, &c. considered that in lieu of pay, all the land which they could possibly cultivate, was free of tax, and their undoubted perquisite.—This amounted according to their own Statements, to Rupees 996-3-7 or about 30 percent on the taxed cultivation.—The Curnums, however, acknowledge there was no distinguishing between the ploughs of such officials and those of their friends used by them.—The abovementioned 30 per Cent too did not include the Curnum's Inam, or, what they have considered the

Fort St. George 8th January 1844.

the Devastanum inam, which the village officers or Manady himself doubtless enjoyed - There is therefore reason to believe that the said per centage is not even a moiety of the amount self appropriated - It is not likely that after so many years successful resistance to the Rayotwar system on the part of the Manadies, that any true account would be rendered by them, and they waive their apparent right to levy as much and pay as little as they could - Ten per Cent for the inam of the Village officers, appeared ample, and was divided as follows - The Curnum to have 3 per Cent, but being at present appointed by the Circar on a fixed salary, his amount of inam is carried to accounts of the remaining 7 per Cent. The Natangar Vca 3 per Cent for 25 persons Rs. 179-7-5-
Tandalkar Vca 4 per Cent for 66 persons 238-14-2

Devastanum Inam on the Hills. Statement V.

No. 4- Devastanum Inams-

Para 26. This amounted, according to the accounts furnished by the Curnum, to Rs. 12743-5-10, but of what precise description, when sanctioned, by whom conducted, &ca there is no trustworthy account - The Manadies wish the lands so appropriated to be inam, but this indulgence might as well be extended to every large stone in the ryots fields - No inam for such purposes appears to have been allowed during the Tyrat time, nor are any inams granted for similar new erections on the plains - There appearing no reason to grant the indulgence, I have totally rejected any entry as Devastanum inam during the present year -

Para 27. I beg leave to recommend that the tax above stated be sanctioned for Fusilies 1252- A.D. 1842/3 and 1253- 1843/4 after which any desired increase or modification can take place - But during the present year 1253 A.D. 1843/4 the tax on trees would be collected and Devastanum inam settled - The Hill rents are carried to the account of Extra Revenue, on instructions to that effect from the Principal Collector dated

Para 28. The amount of rent derived from the Hills at different periods and during the last 12 years, may be seen by the following Statement -

Para 33— In the Madura District there appears no difficulty in making the collections generally within the fusly or at any other period desired, as it merely depends upon the months in which the kists are payable the last of which is at present due in June, or one month prior to the close—

close of the Harvest year. The tax itself too when compared with other Districts is particularly low; But in this and every Province will be found deceased, absent or indigent Cultivators, who will have a claim to the consideration of Government; their real circumstances will require Examination and perhaps report, but neither can be satisfactorily accomplished within the fusly, nor could such expedition have been contemplated in directing the punctual realization of the Revenues. It does not appear however to have been the custom to take any notice of families similarly situated, although the segrestration of so many individual's property in the Principal Division is somewhat indicative of their existence. It is however believed that the bulk of the balance at the close of the Harvest year was more attributable to the speculative contumacy of the Village and other Officers than to the inability or even inconvenience of the Ryots to meet the demands.

Para 34— In conclusion I beg to state that I have purposely refrained from offering any—

Fort St. George 8th January 1844.

any remarks upon certain points of interest or importance which might not be known to the Board of Revenue; as the difference in the accounts respecting the present land tax, the inconvenience in the position of certain Villages, Inamsib Kammy; Kandeta Nannam; Haller Kaval; Moturpa &c whilst I have been as concise in my observations on other matters as the importance of the subject, and the numerous demands on my time, would allow; but when it is considered that during the present year, the Sills have been after a 10 years attempt brought under a many management, that new forms and accounts notwithstanding well timed opposition have been prepared and acted upon, that a complete system of Ryotwar (individual) settlement, with Kabooleats has been introduced in the 4in Talooks, that the tax on Pasture lands has become a new source of revenue, and likely if extended to prove as acceptable to the grazier as valuable to the Circar, that I was in charge of the District about six weeks and made the Jummabundy in 2 months; whilst the Goshpara was only finish-ed on the 14th Ultimo, and 2 accounts not yet prefected. I trust that neither the length of this Report nor the delay in submitting it will be objected to.

Para 35. It may not be considered necessary for me to comment on the proceedings of my Coadjutors, but I am unwilling to refrain from stating that Mr. Jane the Head Assistant Collector gave me all the assistance in his power and evinced great ability in his management of-

Fort St. George 8th January 1844

of the Maroongapoory Talook. I have also the pleasure to mention my satisfaction at the care and assiduity shewn by C. Vencata Rao the Sheristar-dar attached to the Sub Division, and the assistance I have received from him. His general ability, knowledge of the District and period of Service will, I trust, meet with the kind consideration of the Board of Revenue.

N.B. Nos 6 and 16 will be forwarded as soon as

872 Fort St. George 8th January 1844

Order thereon:- Ordered to be brought forward at a future Meeting

(39-49)

C. C. Lovell Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

From J. Blackburn Esqre
Principal Collector of
Madura ——— 1. In reference to the Board's Proceedings and

27th Nov.
18th Dec.

(41)

to your letter received on the 28th Ultimo, returning for reconsideration my letters to your address of the 13th and 26th September, and that of the 31st October to the Secretary in the Department of Public Works, as the Board seem to acquiesce in my retaining the history of Mr. Fischer's acquaintance with me in the first letter, or at least do not in your letter object to it, I take the liberty of retaining it as Rumnor attributes the whole of my mortifications to the acquaintance, and as I learn nothing to the contrary from the communications of the Board and of Government, but I have excainded an unnecessary allusion to his servant Sambiah in the 12th paragraph:-

2. The excision of the 2d para

873 Fort St. George 8th January 1844

para of the letter of the 26th September will I trust meet the views of the Board.

3. In the remodel of the letter of the 31st October I similarly hope I may have met the wishes of the Board in having struck out portions of paras 6 & 7, the whole of para 10, part of para 12, & in having altered the positions and numbers of paras 14, 15 and 16 to 9-10- & 11.

Madura 3d January 1844 } [Signed] J. Blackburne
Principal Collr.

Order thereon- The Board are gratified at the readiness with which Mr. Blackburne has availed himself of the opportunity afforded him for remodelling his letters, but observe that they did not feel called upon to prescribe the mode in which this was to be effected any more than to insist on the adoption of the measure itself, both being left entirely to Mr. Blackburne's own judgement.-

From C. B. Thomas Espre
Collr of Tinnevelly

Sir/

With reference to para 4 of the Board's Proceedings 2d January 1843 mentioning "that a "complete Trigonometrical and Topo= "graphical Survey exists of this "District with much statistical "information." As no such information can be found on the Records of this Cutcherry, I request the favor, should there be any such in the Board Office, of the Original or a copy being sent me if calculated to be useful in the present Survey; if the originals are sent they shall be carefully re= =turned. The only Marks of any Survey are 4 Maps Nos. 62-63-80-& 81 sent to this Office in 1837 & 1843 which I con= =clude are not what the Board re= refer to.
