Chief Secretary to the Government of Fort St. George.

From the Chief Secy. to Government.

Sir,

9

I am directed by the Honorable the Governor in Council to acknowledge the receipt of your letter No. 1166. dated the 31st October last handing up a Copy of one from the Acting Secretary to the Board of Revenue, together with its accompaniment, being transcript of the Rules in force under the Madras Presidency, in regard to the construction and preservation of Boundary Marks of fields in Districts, where a Revenue

survey has been introduced.-

2. In reply, I am instructed to observe, that the difficulty which this Government experiences, arises from the occupants of the fields declining or neglecting to erect or repair the Boundary marks, which are ordered to be placed or restored, while the Government possesses, no legal means of obliging them to do so, or of collecting from them the expence which may have been incurred, if on their default, the marks are erected or repaired at the cost of Government.-

3. His Honor in Council therefore desires me to submit his wish, that the Most Noble the Governor in Council of Fort St. George, will favor him with information as to the mode in which the Rules, to which your letter under acknowledgment gave cover are enforced under the Madras Presidency.-

Bombay Castle, 1st December 1843.

higher rate of remuneration.-

(Signed) J. C. Morris
Civil Auditor.

Fort St. George,
Civil Auditor's Office,
23d December, 1843.

Order thereon,-

Ordered that the Civil Auditor be informed that the Batta allowed to the Head Peons and Peons is that usually allowed to Revenue Police Peons employed beyond the limits of the district to which they belong, and that the orders of Government referred to by him do not appear to have been communicated to the Board.-

From W. M. Arbuthnot Esqre
Collr. of Vizagapatam.
Requesting instructions on the levy of inland and export duty on Sugars.-

To E. C. Lovell Esqre
Actg Secy. to the Board of Revenue
Fort St. George.-

Sir,

Parl.

As the manufacture of Sugar has been introduced into this District and has now become an Article of export some questions have arisen as to the land and Sea Custom duty to be levied on it, and I am anxious to obtain the instructions of the Board of Revenue on the subject at as early a period as possible.-

The 1st question is what in-
2. land duty is to be collected on Sugar, or rather is any and what reduction of duty to be allowed inconsequence of the Jaggery from which the Sugar is manufactured having previously paid duty?-

I have learnt that it requires 3
3. Maunds

Mounds of Jaggery to make one of Sugar. according to our Tariff the Sugar of Commerce is valued at 2 Rs. 12 as. a Mound while Jaggery is valued at from 10 to 12 Annas according to quality. It appears to me therefore that the fair course would be to charge in full inland duty but to receive in part payment Rowannahs for three times the quantity of Jaggery, according to this mode of calculation of duty is to be paid on one Mound of Sugar valued at Rupees 2 - 12 as. Rowannahs for 3 Mounds of Jaggery valued say at Annas 12 may be lodged with the Sayer Department and the duty of 5 per Cent will be levied on the difference of Value Viz. Annas 8.—

4. The 2nd question which I have to propose is this.—

5. Is any Sea Custom duty leviable on Sugar exported from an outport to the Presidency? I am aware that Sugar is entered in the Sea Custom Tariff both of Madras and of this District but that article appears to me to be exempted from duty by Section XXIII Regulation

Regulation XI of 1803. It is true that Clause II Section XI Regulation II of 1812 states that an export duty at the rate of 8 per Cent "shall be levied on the Value of all goods "and merchandize exported from any of "the subordinate Ports", but as the exemption in favour of Sugar in the Regulation first quoted has never been rescinded, I conclude that Clause II Section XI Regulation II of 1812 is to be construed thus - an export duty at the rate of 8 per Cent shall be levied on the Value of all goods and Merchandize (not specifically exempted) exported from any of the subordinate Ports &c.—

6. A 3rd question here arises Viz: If Sugar is exempted from an export duty, what portion of the inland duty ought to be returned as a drawback if the article is exported direct to England? If an export duty of 8 per Cent including inland duty had been levied, 5½ per Cent would be returned.— But if it is exempted from export duty I think the whole inland duty ought

Estate came under the management of the Collector, the Proprietor Caukerlapoody Seeneya Naraina Sojjy Ruggunadu Sobarayadu, was stated by Mr. Anstey to be about five years old, and therefore he is supposed to have attained his majority in 1842. Instead however of appearing at that period for the purpose of assuming the management of his property he seems to have intentionally absented himself and to have evaded the endeavours of the late Collector to obtain a personal inspection of him with the view of entering into arrangements for the delivery of the property into his hands. The Estate therefore has continued under the Collector's management during the two fusly years of $\frac{1251}{1841/42}$ and $\frac{1252}{1842/43}$.

Mr Anstey's letter of 4th September 1829 para 7 With respect to Penapallah the Minor himself is only about five years old, and the management of the Estate has been conducted by the Elder brother of his Mother but he has not taken so good a care of the interests of the Minor as he ought to have done. The Estate being small I thought it advisable to place it under the Ameen of Estah and Ramachendrapoor.—

3.

It consists of one Village of Penapallah, bearing a permanent Assessment of Rupees 1829 the settlement of which during the two Fusles is shown and explained in the following Statements.

Fort St George 11th January 1844.

It will be observed that the Nuzzabady Amaraeum of Fusly $\frac{1251}{1841/42}$ fell short of that of Fusly $\frac{1250}{1840/41}$ that the Amaraeum of Fusly $\frac{1253}{1842/43}$ was less than that of both preceding Fusleas. The Village charges in all years were the same, and the sum of Rupees 215-14-11 was remitted in each year on the Dairy lands of the Proprietor. In Fusly $\frac{1251}{1841/42}$ remission to the extent of 170 Rupees was granted for loss of produce but none was admitted for Fusly $\frac{1252}{1842/43}$. In Fusly $\frac{1253}{1843/44}$ there being no cultivation of Enam lands by Sarvajee Puttahs no entry appears in that year under that head.

The Net Settlement of Fusly $\frac{1252}{1842/43}$ like the Amaraeum of that Fusly was less than that of both preceding years. So was the Net Settlement of Fusly $\frac{1251}{1841/42}$ less in comparison with that of Fusly $\frac{1250}{1840/41}$.

Those results are attributed to bad seasons and impoverished Ryots.

5.

The Collections and balance of the Settlement to be concluded are shewn in the following Statement which also exhibits Collections of Balances during the two years under report, the charges under the heads to which these Collections have been appropriated.

the Peishcush, and in only six years has it exceeded half. It seems vain therefore to look for its ever being able to yield the Peishcush charged on it much more, so to expect that any portion of these arrears can be liquidated had it not been for the fortuitous circumstance of its being possessed by a Minor it would undoubtedly long ere this have been added to the Government Estates.—

Para 37. "the Minority of the Zemindar will expire in Septr 1843."

9. The Collector in his letter of 31st March 1839 reported that the Minority of Cankerlapoody Soorya Narrain Jogy Jaganada Sokharauze would expire in September 1842 ie early in fusly 1252/1842 but subsequently doubts arose as to the exact date of the Minor's birth and Mr Smith I am informed proceeded considering the Minority concluded with fusly 1252/1842/43. The condition of the property makes exactness on this point very immaterial and the termination of fusly 1252/1842/43 may therefore without

without detriment to the interests of Government be assumed at the proper period. Adopting the principle which has been hitherto observed in respect to the Estates of Minors under the management of the Collector, the arrears of Peishcush which have accumulated during management would be remitted and as these comprise nearly the whole balance outstanding against the Estate the Minor might have received it at the commencement of the present fusly 1253/1843/44 on liquidation of the trifling arrears (£450) outstanding against it at the period of its being first placed under the Court of Wards. Having in the Month of October last procured his attendance, I asked him whether in the event of the Estate being delivered over to him free of arrears he was prepared to undertake the management. Pleading his utter inability to do so he declined receiving charge of it and it still remains as heretofore.—

The amount of the present fusly 1253/1843/44 amounts to Rupees 967-13-11 but the Village has

has suffered so severely from the excessive and protracted flooding of the Sidewary during the Months of August and September that the Collections will fall considerably short of that amount, and the Estate, notwithstanding the resumption of the saing land of the Proprietor, which I have ordered will continue to be unequal to the annual demand on it.-

11. The Proprietor has been taught to ask reduction of Peishcush to an amount such as he could easily discharge. Even were the Peishcush reduced, one half, I am of opinion that he would be unequal to the management of the Estate. He is utterly illiterate hardly able to express himself in his own language and unfit for common occupation.-

12. I would therefore recommend that he either be at once called upon formally to resign it to the Government, or that it be put up to auction at the close

Fort St George 11th January 1844.

close of the present fusly 1253 (1843/44) for whatever arrears of Peishcush may be then due from the end of Fusly 1252 (1842/43) the period when his Minority ceased, adding to that amount the balance of Rupees 456-13- outstanding for Fusly 1238 (1828/29) or before the Estate was assumed.-

13. The recovery of any part of the balances against the Ryots of the Village upto the end of the Fusly 1250 (1840/41) amounting to Rupees 2,775-14- as shewn in Statement No 2 accompanying, being reported impracticable, I have to solicit authority to the Collector for writing off that amount from the accounts.

14. Authority for the remission of the balance of Peishcush will also ultimately be required but application for it is deferred till the orders of the Court shall have been received as to the course to be adopted for the disposal of the Estate.-

Sir,

Para 1.

Transmits a detailed Statement of the outstanding Balances on account of Land and Extra Sources of Revenue from Fusly 1240 to Fusly 1250 as they stood up to the end of October 1843—

With reference to Para 7 of the Minutes of Consultation dated 22d June 1842 which accompanied Extract from the Proceed=ings of the Board of Revenue of the 4th of the following Month, I have the honor to transmit a detailed Statement of the Balance outstanding on account of Land and Extra Sources of Revenue

Fort St George 11th January 1844.

Revenue from fusly 1240 to fusly 1250 as they stood upto the end of October 1843.—

2. Subjoined is an Abstract table of the sums outstanding against their several items.—

Total	86094	9	2	11753	7	3	42723	15	7	140574	"	"

3. The Items of Rupees 8,063-8-" entered under the Head of Recoverable is a Balance of Peishcush due by the Zemindar of Cavateenuggur, for the adjustment of which his Estate was attached on the 16th May 1842 as per instructions conveyed in Extract from the Board's Proceedings bearing date the 17th August 1840. The remainder of the balance entered under this head, Viz: Rupees 5831-1-2 a & due from different ryots

Fort St George 11th January 1844.

ryots is under Collection—

4. Of the sum of Rupees 11753-7-3 a & under the head of "Doubtful" Rupees 1579-12-4 is due in the Collectors Division and the remainder Rs 10173-10-11 in the Sub Collector's Division.—

The Board will observe from the detailed Statement accompanying that a considerable part of these balances is of old standing having occurred in the years 1832-38 and 34. They might be recovered by resorting to extreme measures, but by no other means such measures ought in my opinion to have been resorted to with regard to a large part of these balances at the time they accrued, but I do not recommend the adoption of them now. The reason that the balances under this head are so much heavier in the Sub Collector's than the Collector's Division partly results from the difference in the assessment in the two Divisions, and partly I think from a difference in the character of the people.—

5. The following is an abstract Statement of the sums which are unquestionably irrecoverable and which ought to be written off the account.—

6. With regard to the two first Items Viz.th Death and Desertion, the deceased and deserted defaulters having left no property the balances are irrecoverable—

7. Of the balance due by individuals in circumstances Rupees 2651 a. 4 p. —1 is due by Goordapah the Sayer Renter in fusly 1243 In his letter dated 1st May 1839 Para 5 the late Principal Collector Mr Ogilvie reported this balance irrecoverable, but as Goordapah was then carrying on an action in the late Provincial Court against the Principal Collector, The Board in their Proceedings under date 3d June 1839 observed, with regard to this Defaulter that they "do not think fit pending the "suit, to recommend to Government to remit the "arrears still due by him" He has since lost his suit and is perfectly indigent— The Defaulters against whom the remainder balance under this head stands, are in such poverty that nothing can by any possibility be recovered from them—

8. The Balance objected to amounting to Rupees 8614 a. — p. —3 are balances to the payment of which the objections made by the defaulters appear not to be unreasonable— The principal objections are as follows—

1st certain defaulters object to pay Fuzul pastee teerwah for Cultivation made in their Puttecut Poonjah land by means of Sircar water, as maintained by the Sircar servants, but by private Wells

Fort St George 11th January 1844.

wells as maintained by themselves. It appears to me that much of this balance has accrued from the Jamabundy accounts having been hastily closed before the Ryots objections had been thoroughly enquired into. The accounts having been closed the balance remains outstanding against the Ryot, but the Collection has not been enforced when the Ryot has been able to show that the demand is unjust—

2d Certain defaulters object to pay the full assessment on their lands on account of their not corresponding in extent with the extent entered in the Pymash accounts. Where the difference is not great such objections are not to be listened to, but there are some instances in which the difference is so very considerable that an attempt to levy the full assessment must throw the land out of Cultivation.

3d Certain defaulters object to pay the demand on trees destroyed by storms &c. My remark on the 1st Objection applies also to this—

4th There is an apparent balance of Rupees 166—9—0 owing to unsettled disputes regarding the Villages to which certain lands belong. This balance is not real, it arises from the lands being entered in the accounts of two Villages. The assessment is collected—

9. The sum of Rupees 6863—5—1 under the head of Shavee is due by Ryots whose Crops have perished for want of water after the Settlements were finally closed—

Fort St George 11th January 1844.

a p

10. The sum of Rupees 2038—13—4 under the head of Bunjer is due from Shotriemdars, the Jodee on whose Shotriems being too heavy for them to pay their Villages have come under amany, and the amount of the amany Collections falling short of the amount of the Jodee, the difference appears as a balance—

11. The balance of Rupees 4 on account of loss of remittance was occasioned by the negligence of Peons escorting treasure from the Talook of Wundivash to the Treasury at Chittoor. The Peons have been dismissed—

Rs a p

12. The sum of 111—7—5 under the head of transfers of Villages is for fusslies 1242/43 owing to certain Villages of this district having been transferred to that of Chingleput in fussly 1244 and the balances outstanding against some of the ryots at the time of the transfer have not since been Collected—

Reporting upon Petition No 647 of 1843 presented to the Board by Venataramaniah late Tahsildar of Ossoor Talook

With reference to Petition No 647 of 1843 presented to the Board by Venataramaniah, late Tahsildar of the Ossoor Talook, and to the endorsement of the Board thereon to report upon the subject of the said Petition, I have the honor to acquaint you that as I was not in the District when the Petitioner was removed from Office, I find from the records of the Cutcherry that while he was

Serving

Fort St George 11th January 1844.

Serving as Tahsildar in the Talook of Tengracottah, he was directed by the Principal Collector, on the 18th March 1842 to repair to the Huzzoor, after giving over charge of his duties to one Venkat Row, late Huzzoor Head Jewabnevis, who succeeded to the Office. The cause for this, is stated to be for neglect in Police duties. The Petitioner was in waiting at the Huzzoor, and on a Vacancy occurring was on the 1st December 1842 appointed Tahsildar of the Ossoor Talook on the removal of Ram Row, but on the latter being ordered to be restored to Office agreeably to the Board's order contained in the Extract from their Proceedings dated 12th January 1843. the Petitioner was again put out of Office from the 25th of that Month.

2. The Petitioner being upwards of 67 years of age and not likely to hold public Employment with

with efficiency he was directed to appear before the Zillah assistant Surgeon who certified after an examination that he was "quite unfit for the active and effective performance of his duty"

3. The Petitioner has served in the Districts of Madura and Coimbatore 19y 4m 1D and in this Collectorate 4y 9m 15D making a Total service under Government of 24y 1m 16D. His case is certainly of peculiar hardship but as he is old, and not likely to hold public duty with efficiency, he has been recommended to Government for a Pension.

From W. E. Lockhart Esqre
Acting Principal Collector
of Salem ..... } Sir,

1. I have the honor to report for the information of the Board, that Arroonachellian, the present Sahsildar of the Talook of Trepatore, erected a Chuttrum at Darumpoory, while Thasildar of that place for the accommodation of Travellers, in the year 1841.

Recommending that an Endowment of land may be granted for the support of a Chuttrum erected at Darumpoory by Arnachellian the Thasildar of Trepatore

2. There is nothing on record to shew that he obtained the previous permission of the Principal Collector for so doing; but I have been informed, that Mr. Gleig did give permission, verbally on the application of the said Individual.

3. The cost of the Building is stated to be Rupees 1,715—7—0 and a Plan of the same is herewith enclosed The Chuttrum in question is situated on the high road from Madras to Salem and Trichinopoly via Vaniembady

There

Fort St. George 11th January 1844.

There is no other Chuttrum contiguous to or within 10 Miles of the present one. The only one in the Northern direction of the road is at Tripatoor. which is 38 Miles, and towards the south, at Sapoor distant 17 Miles. The road in question is always frequented by Travellers from Madras and the Northern Circars going to Trichinopoly, as also by Pilgrims to Ramaswarum.—

4. In the report of works of public utility constructed in this District by Individuals at their own private expence during the year 1841. the Building now brought to notice, was included and submitted to the Board in the Department of Public works, in a letter from the Principal Collector under date the 27th april 1842, and the same has appeared in the Official Gazette of that year Page 498.—

5. Under the above circumstances I beg to recommend an endowment of waste land for the support of the Chuttrum, subject to an assessment of 16 Rupees per Annum.

Sir,

Transmitting Statements of outstanding balances of Land Revenue in the Trichinopoly District from Fasly 1240 to 1251.

Para 1. I have the honor to transmit an abstract statement of the old balances of Land Revenue outstanding in this District from Fasly 1240 to Fasly 1251 inclusive, amounting altogether to Rupees 6,765- 12- 11¼.-

2. Of this amount Rupees 1,142- 6- 10 due for Fasslies 1249-1250 and 1251 are utterly irrecoverable owing to the causes mentioned in the remarks against each item in the accompanying detailed List- and which I recommend accordingly to be written off. The only portion of these balances which requires particular observation is the amount £ 1= 30/ due by the inhabitants of 26 Villages in Conaud- being the difference between the Assessment and the proceeds of the actual outturn of the lands of Meerasidars who refused to

Fort St.n George 11.th January 1844.

to take their puttahs. the contumacious behaviour of these persons has been of late frequently mentioned. There can be no doubt that the defaulters have suffered severely from the pressure of the times and the Board and Government have see the proceedings of the former dated 6.th April 1843 and the Extract from Minutes of Consultation dated 7.th August 1843/ taken sufficient measures to punish their refractoriness by sanc=tioning the sale of lands in satisfaction of arrears due for Fusly 1252 &.

After writing off the above amount there still remains a sum of no less than Rupees 49,623-6-1 out=standing. Of which Rupees 24794-- is the amount of which the collection was suspended under the permission of the Board dated the 7.th July 1842. If there were to be a steady rise in the price of grain the greater part of the whole amount could be collected within two years. and I am not, after much consideration, able to recommend any other course than

Fort St.n George 11.th January 1844.

than that of allowing it to remain in the accounts to be collected accord=ingly. for altho' it would cause great distress were immediate payment to be insisted on, the abandonment of the demand would not fail to encourage a disposition to fall into arrears in future. There must of course be a great variety in the circumstances of so many defaulters. but to ascer=tain the real condition of each individual would be task of infinite difficulty I may perhaps say of impossibility. I am at a loss therefore to select any of the defaulters as deserving remissions.-

Sir,

I am directed to acknowledge the receipt of your letter dated 22d. November last, and to state in reply that the Board are of opinion that Mr. Elliot has not shewn sufficient grounds in support of his Claim for tent allowance for two periods of ten days each during which he was resident in Madura.

2. It is not within the province of the Board to consider Mr. Elliot's claim to an Extra allowance for the periods during which he held charge of the District. on this point therefore the Board would suggest that Mr. Elliot should make a reference to the Civil Auditor.

Sir,

1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated the 12th October last, declining to recommend for sanction the salary paid to Devapah the late Head Sheristadar for 7th and 8th of December 1841, the ground of no special sanction of Government having been previously obtained for the increased rate-

2. The correspondence referred to in my last letter on the subject, was for the purpose of showing that the services of Devapah as Head Sheristadar, were reckoned from

+ 20th Septr.

from the time he conducted the duties of that office, although not actually appointed to it- Under this computation of his services- Devapah became entitled to the second grade of Salary /100 Pagodas/ on the 7th December 1836, and as he completed his second five years, on the 6th December 1841, he was allowed to draw his Salary for the 7th and 8th of that Month at the rate of 125 Pagodas, being the third grade of Salary granted to Head Sheristadars in unsettled Districts, according to the sanction conveyed in the letters from the Board and Government noted in the Margin-

3. It these orders have been hitherto considered sufficient authority for drawing the above allowance when the several periods of service were completed, and as no special sanction of Government was thought necessary when Devapah was allowed to draw his second grade of Salary, I trust the Board will be pleased to recommend that

From the Pl. Collr of Canara, - - -

Sir,

Para 1.

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue, under date the 28th August 1843, transmitting copy of an Extract from a General letter from the Honorable the Court of Directors, dated 1st March 1843, and calling upon me with reference to the Court's observations at the conclusion of the 33rd Para of the letter abovementioned, to report whether any change is beginning to develope itself in the condition of the labouring classes in this District.-

Reporting on the condition of the Dhers or labouring classes in Canara in reference to the Board's Proceedings dated 28th August 1843 and States his opinion of the injurious effect likely to be produced by the Act No. V of 1843 to the Slave or Proprietors of this District and of the necessity of Government making remissions on lands uncultivated in consequence of the desertion of Slaves under the liberty afforded them by the provisions of the abovementioned Act also forwards copy of a Petition from certain Payets complaining of the injury they have sustained by the desertion of their Slaves and their inability in consequence to pay their Rents.-

2- By the labouring classes, I conclude the Dhers or Slaves are alluded to, by whom nearly the whole of the lands in Canara are cultivated; and indeed, with the exception of a certain number of free labourers, probably not more than four or five thousand, who annually contract to work in the Balaghaut Talooks, and an inconsiderable number of coolies who find employment at Mungalore, and several of the other principal sea ports on the Coast, there is no other class to whom the term can properly be applied.-

The

3. The total number of Slaves of every denomination in Canara may be estimated at about 70000. The nature of the predial slavery of the country, and of the right which the proprietors posses in their slaves, has been so fully reported upon by several of my Predecessors and it is, therefore, I conceive, unnecessary for me here to enter into any details on those points.

4. As regards the mental improvement of the slave population, no change whatever has taken place, no attempt having ever been made to give them the slightest education, but by the various orders issued under the sanction of Government, since the year 1820, the physical condition of the slaves in Canara has been materially improved from what it formerly was; and as far as my own experience goes, I should certainly say, that they have for some years past enjoyed fully as great a share of the necessaries and comforts of life, as any class of labourers in any of our other Provinces. The Master has felt it for his own advantage, to treat his slave well, since all interference on the part of the Magistrate has been refused where any maltreatment could be proved. During the five years I have now had charge of the District I scarcely recollect an instance of a complaint of oppression

oppression or gross ill usage on the part of a slave against his Master. So long, however, as no legislative enactment had been passed formally affecting the right which from time immemorial, the Master was supposed to possess over his slave, the latter never thought he would be justified in leaving his owners service, except on account of extreme ill usage when he generally appealed to the Magistrate.

5. But by the passing of Act No V of 1843, the bond hitherto believed to have existed between the Master and slave, has been virtually dissevered. By the provisions of this Act, the Courts Civil and Criminal, and the Magistracy, are formally prohibited from taking cognizance of the claims for the recovery of slaves, and the Master, therefore, whose slaves may have deserted him without any cause whatever, has no remedy, and must be content to sit down under his loss, though his lands may remain uncultivated in consequence.

6. A measure of such importance, materially affecting the prosperity of two extensive Provinces like Canara and Malabar, must no doubt have been fully considered by the Supreme Government, before it became part of the Law, and it would, therefore, ill become me

me at this time to offer any opinion on the expediency or justice of the legislative act in question. That it will ultimately have the effect of elevating the Dhers in the scale of society, may be reasonably expected, as many of them may in the course of time become possessed of small portions of land which is very rarely the case at present, but whether it will tend to the general good of the country, that the class of pauper proprietors should be increased, while the number of laboring population is decreased, is in my opinion, very questionable, seeing that the principal obstacles at present to the extension of cultivation in Canara, is the want of a sufficient number of labourers.

7. It is far from my wish to advocate the retention of a state of bondage in however mild a form, but I cannot refrain from observing that while the most laudable desire has been shown to abolish the name even of slavery in these Provinces (for it was little more than nominal as far as the treatment of the Dhers was concerned) no care seems to have been thought necessary that the interests of the Masters should not be prejudiced by the measure and their claims to any compensation for the

loss of the property, of which they may be deprived by the act in question, does not, as far as I am aware of, seem ever to have been even mooted previous to the passing of the enactment. The Right of the Canara slave holder, was undoubtedly of a far more legitimate nature, than that of either the West India Planter, or the Dutch farmer at the Cape, to the slaves held by them, to both of whom the British Government gave the most liberal compensation when it was deemed expedient to abolish slavery entirely in those quarters of the World.

8. Whatever may have been the causes which have led to so striking different a treatment of the slave owners of the country by our Government, on the passing of the Act No V of 1843, which is a virtual abolition of slavery, I feel it my duty to state my opinion, that as a simple measure of justice the Government must be prepared to make the most liberal remissions in the District whenever it appears that the lands of proprietors have been left waste or imperfectly cultivated, owing to the desertion of the slaves in consequence of the freedom from all control now for the first time secured to them by a legislative act.

9. As yet the operation of the act has been chiefly felt in the Buntwal Taluk

Fort St. George, 11th January, 1844.

Taloks, which bordering on Coorg, a considerable number of slaves have been induced to abscond to that country where labor is very scarce, and the Dhers are not kept at the same distance by the other classes, as is the case on Canara. The former proprietors of these slaves complain loudly to me of the injury they sustained by the loss of their services; and of the hardship of the Government, without any previous intimation, refusing the assistance that had formerly been afforded in the recovery of deserted slaves. As the Act in question becomes better known amongst the several classes of Dhers, there can be no doubt that the consequences of it will be generally felt throughout the District; and more especially in the Balaghaut Taloks, where all labor is extremely expensive, and where the Garden proprietors would be reduced to the most serious distress, if not ruin, by the desertion of the slaves they now possess.

10 For a further explanation of the condition of the Garden Proprietors in this part of the District, with reference to their slaves, I beg to refer the Board to the Immmediate report of the additional Sub Collector dated 7th October 1842. In this report it will be observed. Mr. Lushington alludes to

Paras 13, 14 & 15

Fort St. George, 11th January, 1844.

to the effects likely to be produced by the opinion delivered by the Mahomedan Law Officer of the Court of Foujdaree Adalut, relative to the Slavery in the Madras Presidency. Considering that the state of Slavery existing in these Provinces, was fully recognized under the Mahomedan Government of Hyder and Tippoo, that opinion appears certainly somewhat remarkable.

The question, however, as to the 11. power of a Master to recover a runaway Slave, by any legal process, is finally set at rest by the passing of the late Act on the subject; and there can be little doubt, that the consequences of this measure will shortly be felt to a serious extent in the Balaghaut Taloks. The effect of this act, moreover must be to depreciate the value of landed property throughout the District, as hitherto on the transfer of an estate taking place, the value of the Dhers belonging to it, was almost invariably included in the purchased money, but under the late amendment of the Law regarding the condition of Slavery in India, no person would be willing to pay for a species of property over which he possessed no control whatever.

P. S.

The accompanying copy of a Petition was received by me since writing the above, and I think it right to forward it to the Board, as shewing the feelings of the people regarding the absconding of their Dhers, and the consequences to the Revenue of the District, likely to result from the increased desertion which may be expected under the late law on the subject.

No 1.

Translation of a Petition from 27 Ryots of the Bunnur Magany in the Candapoor Taloo dated 8.th November 1253/1843.

We have possessed Dhers from the time of our ancestors together with those we have since acquired by purchase. As our Magany is surrounded by the Mysore country our Dhers have deserted us, and proceeded onto that country to seek their livelihood. When all this was represented to Mr. Stokes former Superintendent of the Nuggur Division of Mysore, that Gentleman was kindly pleased to give strict orders to his Ryots that if any one should detain our Dhers, he would be fined 30 Rupees. Afterwards, our deserted slaves returned, and peaceably attended to the work they were told to do on our estates. Since

1251

Fort S.t George. 11.th January. 1844.

1251 finely, the Dhers became acquainted with the contents of the Circular orders directing that owners of Dhers should not retain them against their free will, and they consequently have been very irregular in working on our estates, they are going at random, and are also moving towards the neighbouring country, but when we ask the Ryots there under whom the Dhers are working to release them, they instigate our remaining Dhers to leave us, and thus succeed in depriving us of their services. If we complain of it to the Superintendent, we obtain no redress, and we are told in reply, that we must get them back, with their free will, and not otherwise. Under these circumstances we take the liberty to make the following representation.

The entire magany abounds with Supary Gardens. there are no other class of labourers except the Dhers, which each of us has owned together with our other property. We are entirely depended on the number of our Dhers especially at a time when our Supary fruits are blighted; and they are then to climb up the tall trees, wrap up the clusters of nuts with some covers, and thus protect the crops from destruction. When they are ripening

it

Fort S. George. 11th January, 1844.

it is the Dhers who must gather them as they may be found seasoned, and any delay in gathering Sapary from want of labourers, must be attended with very serious losses to us; the Sapary as which may be of the 1st sort is gathered early, but turns out an inferior kind if cropped after being over ripe. If therefore our Dhers are going to foreign countries, and we cannot recover them, our estates and gardens will be entirely neglected, and we shall be extremely reduced, and left without means to discharge our kists. We therefore pray that you will order strict inquiry into the truth of our statements, and should they be found true that proper orders be issued to enable us to recover our slaves, on pain of punishment to those who may detain them.- There are several estates waste both of Gardens and rice land which is entirely owing to the increasing desertion of our Dhers.- Under all these circumstances we humbly pray that you will please to issue favorable orders both in Canara and Mysore.- If there should be any objection to the granting of our Petition, we humbly pray that you will do us the favor to pass an endorsement on this Petition to that effect, and we will submit our grievances to the Board of Revenue.-

To the Contractor of the Abkary Farms in Mangalore in the Province of Canara.

Dated 10th December 1843.

The practice of selling Europe Spirits and other Liquors without any restriction whatever seems to have obtained in this district from long time, and it followed up to the present time. I am not aware that any one of the farmers who undertook the sale of Country Arrack and Toddy has hitherto prevented the sale of Europe Spirits, as observed from the beginning and I further believe that you have

not also interfered with this trade or complained of it since you undertook the farm. Hence it is to be inferred that the Spirits of Europe Manufacture are not virtually understood to be included in the farm and consequently its sale by other tradesmen cannot in any way be considered injurious to the farm. Such being the case and notwithstanding many other traders are allowed to continue their sales without any restriction whatever, it is very painful to me to find that the Principal Collector of this district has thought it necessary to prevent me alone from continuing my trade on the plea that the farmer suffers injury thereby.

As it is therefore very essential to me to know whether the impediment now put on me has arisen from any endeavours on your part to that end, or whether the Principal Collector has issued his orders to me out of his own wishes, and moreover whether there is any objection on your part as the farmer of the place for this full year to allow the sale of the Spirits in question, as usual in this place, I earnestly request you will kindly favor me with your sentiments on the subject.

In reply to your letter of yesterdays' date I beg to state that the practice of selling Europe Spirits and Liquors without any restriction has obtained in the district from the beginning and that I have not therefore interfered in any way to put any impediment on that trade. I have neither made any petition praying that the Mamool shall be discontinued or that it proved injurious to the farm, as I was not desirous that existing Mamool (Customs) should be violated. I have therefore to give you my permission that you may sell Europe Spirits and Liquors in the manner other Shopkeepers use to do at this place.

To

The Collector of Masulipatam

Sir,

I am directed by the Board of Revenue to

Fort St. George 15th January 1844.

to acknowledge the receipt of your letter dated 7th December last, on the subject of a dispute regarding an island of late formation in the river Kristna.-

2 Before applying to Government on this subject the Board would wish as the most probable means of bringing about a satisfactory arrangement that you should endeavour in communication with the Collector of Guntoor to bring the parties interested in the issue of the dispute to agree to the appointment of a punjayet to decide to which of the two Villages Nullore and Nullabapooram the island may be considered most properly to belong, the amicable adjustment of this question will greatly assist in determining to which Zillah the island should be ultimately attached on which latter point a reference to Government will be necessary.-

3 Any right of property in

in this island will not be affected by the decision of the Pongayet but it should have reference only to the boundaries of the two Villages.-

To

The Chief Secretary to Government.

Sir,

Para 1- I am directed by the Board of Revenue to forward for the consideration of the Most Noble the Governor in Council the accompanying letter from the Collector of Bellary submitting his correspondence with the Accountant General and referring to the correspondence of former Collector with the Board and the Mint Committee on the subject of an entry in the accounts of that District under the Head of "gain by exchange" which amounted in the past year to Rupees 39,000-

2 This sum consists of the difference between the rate at which the revenue is collected from the people and that at which it is carried to the account of Government- It appears that at the time of the Survey and Assessment a great variety of coin being in circulation in the District, the Canteroy Pagoda was adopted as the standard and coin of account because it had been so used before.

before for many years by the Mysore Government in their settlements - the accounts of the assessment therefore were all made out, and have been kept thereto kept in that Coin -

3 At the time when the late Mr. Robertson addressed the Board on the subject the Cantaray Pagoda had ceased to be current and the Star Pagoda of the Madras Mint appears to have been chiefly in circulation but was then already yielding to the Madras Rupee which had been declared by Proclamation of Government dated 7th January 1818 the standard Coin of this Presidency - The Cantaray Pagoda was convertable into Star Pagodas at the rate of 120 Cantaray Pagodas to 100 Star Pagodas equal to Rupees 350 without any fraction occurring and so far therefore as the Government demand could be settled in the Star Pagoda or its component parts no loss or difficulty was experienced, but the Rupee at the same rate of exchange is equal to

cf. a Cantaray 3 - 6 86 in the malagattah approximation

x : 3 cp. : 6 5/7 ca. or Rupees 2 - 14 - 8 to the Cantaray Pagoda; it

because the practice therefore in order to avoid the fraction to receive

the Rupee from the Ryot at cp. 3 : 6 7/7 ca. or Rs. 3 5 8 - 11 66 2/4 per 120

Cantaray Pagodas being 6/7 ca. or 3 Rs. 4 4/4 in the

Rupee less than its value - Mr. Robertson therefore

suggested

suggested that as the object was to exclude the fraction the Rupee might be received at 3 cp. 7 ca. instead of

+ 14 Cents - 3 cp. - 6 which is 7/7 ca. or ½ Pice more than the value - He would have thus given up to the Ryot the less fraction for Government - But he at the same time gave his opinion in favor of adopting the same rate of exchange in settling with the Ryot as that at which the Revenues are carried to the account of Government or Rupees 2 : 14 : 8 per Cantaray Pagoda or Rupees 350 per Cantaray Pagodas 120 - The consideration of the question was postponed at the time because it was thought desirable that the Principal Collector should give his undivided attention to carrying into effect the general reduction which had been ordered in the assessment, and the rate of exchange has therefore remained unaltered to the present time, the "gain" to Government increasing as the Rupee has become the Current Coin of the District -

Para 5 4 Mr. Mellor has now recommended the adoption of the last mentioned measure proposed by Mr. Robertson i.e "of converting the demand on the Ryot into Rupees at the

Government

Government rate of exchange without disturbing the Survey accounts" with the view 1st of relieving the Ryot of what the Collector considers an "unjustifiable demand" and 2ndly of simplifying the Puttahs and enabling the Ryots exactly to comprehend the amount for which they are responsible the latter point the Board consider of some importance, but as regards the alleged injustice of the present rate it is believed that it has not pressed with severity upon the People and it is to be remembered that since the present rate of exchange was introduced the general reduction above referred to of 25 and 33 per Cent in the assessment has taken place. It will be for Government to decide whether so large a deduction can be allowed from the revenue as Mr. Mellor proposes. The simplification of the Government demand on the ryots does not appear necessarily to depend on this sacrifice of revenue being made, since the object, as it appears to the Board might be fully attained by converting the Cantaroy Pagoda into Rupees at the rate now levied Viz. 110 Cantaroy Pagodas to Rupees 355 ℔ 8. 10 ¼ or Cantaroy Fanams 3. 6 to the Rupee the accounts with Government being so either

25 on Nunjah and Ponjah Cultivation
33 on Wet Cultivation

either kept at the same rate, or the difference being still shewn under a separate Head as at present: whichever may be found most convenient.

As regards the labor and expense which would be required, the Board apprehend that, in stating that it would be necessary to retain the Summahundy extra gomastahs in permanent employment to convert the sums in Cantaroy Pagodas into Rupees, Mr. Mellor must have meant only that the establishment should be continued from the time when their services would otherwise be dispensed with until the time when they would ordinarily be required in the ensuing Fasly: since in the conclusion of his letter to the Accountant General he has stated that "when the alteration is once introduced it will relieve "the servants in the District from an abundance of labor in converting a nominal "money (which is entered from the Survey "accounts) the cummums Chittahs and the "Ryots Puttahs down to the Summahundy Cutchery "account into the real and bona fide currency "of the present time" under this view in which

the

Fort St. George 15th January 1844

the Board concur they would look rather for a decrease than an increase ultimately of establishment:

6 If therefore the Most Noble the Governor in Council should be of opinion that sufficient grounds have not been shown for the relinquishment of the fraction hitherto levied from the Ryots, the Board would still recommend that authority should be granted for the conversion of the Cautaroy Pagoda into Rupees in the settlement accounts, at the present rate and that the Collector should be allowed to retain the Immanadary extra establishment if necessary for that purpose.

Sir,

(7)

I have the honor to forward a list of persons receiving yeomiahs in this District - The subject of the payment of these allowances was submitted to Government by Mr. Bayley, & their continuance was sanction=ned as life pensions - One of the Yeomiah=dars receiving 16-4-0 per Mensem has died since Mr. Bayley's Report was sent to Government, and his name has been struck out of the list now forwarded.-

2. It will be observed that two have not yet made their appearance; they are devotees of the strictest order and, I am told, always without any sort of clothing and live entirely secluded - The payment of their allowances has been suspended - All the rest but two or three have appeared in person before me and have received Certificates in the form which accompanied the circular letter of the Board dated 19th November 1840.-

Sir,

9 To the Chief Secy. to Government.

Submitting a Correspondence with the Acting Collector of N. Arcot on the subject of a further claim made by the Enamdar Meerzah Aulid Hoosain on account of loss of produce of his land during the interval from the time of his being deprived of his former Enam to his possession of his present one & recommending that Rs. 139-5 may be ordered to be paid to him on

Para 1 With reference to the orders of Government under date 19th April 1842 granting certain land and other Compensation to Meerzah Aulid Hoosain in lieu of certain Enam land and houses at Vellore taken possession of for Military purposes I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying Correspondence with the Acting Collector of N. Arcot on the subject of a further claim which the enamdar has made on account of loss of produce of his land during the

Col. Thackeray recommending for stated reasons that the Enam should lapse to Government at the death of the present incumbent.

the interval from the time of his being deprived of his former Enam to that of his being placed in possession of his present one.

2 The amount claimed by Meerzah Aulid Hoosain on this account is Rupees 143. It appears that his cultivation of the land was first interfered with by the Military authorities early in the year 1839 and he was placed in possession of his present enam in May 1842, the Collector therefore thinks it will be sufficient if Compensation is granted him for four years, which would amount to Rupees 139-5- the assessment on the land being Rupees 34-13-3 per annum, and the Board accordingly recommend that the above sum (Rupees 139-5) may be ordered to be paid to the enamdar.

3 The former enam held by Meerzah Aulid Hoosain does not appear to have been hereditary he succeeded to it on his father's death, without obtaining a grant of it and the Board are therefore of opinion that the enam which has been conferred on him in lieu of it should lapse to Government at his death.

record, exceeds the average of the last five years by Rupees 1,241 and is also Rupees 4,868-9-11. above that of the preceding year- This increase has had place wholly in the sales of salt for exportation, and principally in that exported to Combatore a result which the Board learn with satisfaction is attributable to the improved state of internal communication- In the sales for home consumption there has been a slight decrease- which is imputed to the more extensive consumption of spontaneous salt which the exertions of the local authorities have not been altogether able to prevent- Mr. Blackburn states that the opening of the Valnookum Channel

successful to a considerable extent was not completed in time for a fair trial- and is inclined to think that it will not be productive of more than half the benefit which he had anticipated, tho' still a highly advantageous work- The Board will be happy to be informed of the effect of this Channel when it shall have been brought into more complete operation, and the Principal Collector shall have had the opportunity of observing its working for a longer period and Mr. Blackburne has been requested to furnish this information thro the Department of Public works.—

2. The charges for purchase and Manufacture are less than those of Fusly 1251 by Rupees 1,836-11-10 in consequence of the smaller quantity of salt manufactured- those for superintendence and sale by Rs. 6,883-4-5, from the circumstance of no advances having been made to the Cultivators- These advances the Board think should more properly be classed as charges of manufacture than of sale or superintendence.

3. The present would appear a fitting opportunity to advert to the measure suggested for consideration by the Principal Collector in his report on the Extra sources of Revenue for Fusly 1248 A.D. 1838/39 P4. and which has since formed the subject of the correspondence noted in the Margin- The question mooted by Mr. Blackburne in the above report, was how far the consumption of earth salt might be checked, and the demand for sea salt increased by some such measure as allowing a drawback on all sea salt reaching a certain direct distance from the Coast- In the Minutes of Consultation 24th April 1840 Para 6 the Government remarking on the desirableness of any measure which by increasing the consumption of Sea Salt would at once "augment the public revenue and contribute to the health and comfort of the people by giving them a good for a bad article," direct that Mr. Blackburne "be called upon to state

state to what extent he expects the consumption of sea salt would be increased in the interior by the grant of a drawback on the price at the pans" It will be seen from the Principal Collectors' letter of June 30th 1840 Para 2 "that as a measure solely involving increase of revenue he is not inclined to recommend a drawback on salt" and again in a subsequent communication he states. "Two motives led me to the consideration of the subject 1st the asserted injurious nature of earth salt to those who could obtain no other, and 2dly great increase to this branch of Revenue. The reports of such collectors as have favored me with answers to the questions I submitted to them, induce me to believe the inhabitants of countries or tracts of countries using only the earth salt are equally healthy long lived and able bodied with those eating only sea salt. The principal inducement in my own mind to the enquiry is set at rest. The second still exists but in a less degree in as much as the subject is now one of Revenue only exclusive

exclusive of humanity 11th

As a question of revenue only the Board could not advocate the measure suggested. As remarked in their Proceedings of 26th March 1840 the high cost of salt to the inland consumer is occasioned not only by the original monopoly price of the article, but also by the heavy charges which attend its transport into the interior. No reduction therefore in the former could be followed by such increased consumption as would secure the government from loss, unless accompanied by a corresponding diminution in the latter. Thus, for illustration, the salt purchased at the Madura pans at the usual monopoly rate of 30 Pagodas per garce will in all probability be sold at double that price on its arrival at Coimbatore. supposing the drawback in this case to be 50 per Cent on the Monopoly price (and a low rate would of little avail) the selling price of salt at Coimbatore would be reduced from 60 to 45 Pagodas or 25 per Cent on its present cost. but the loss

loss to the public revenue would be 50 per Cent and although some increase in consumption may undoubtedly be anticipated it would not be such as to compensate for this direct sacrifice. The same reasoning will hold whatever be the rate of drawback allowed - and will apply with added force to places more remote from the coast than Coimbatore. The Board are fully alive to the importance of reducing the cost of so essential an article of consumption as salt, but this, they apprehend can be effected only by restricting the Monopoly price to the Minimum rate which the exigencies of the state will permit, and by increased attention to the internal communications of the Country.—

4. The decrease in the revenue derived from this source has resulted from diminished produce and traffic in Rape seeds - Jaggery and prepared Betel nut. From augmented pay to the establishment the charges of Collection show an increase of Rupees 2,207-13-7 and from improvement in the export trade to

to Ceylon the amount of drawback exceeds by Rupees 4,865-1-" that disbursed in the preceding year. The Betel and Tobacco rents are nearly the same as in Fusly 1251- A.D. 1841/42 as explained by the Principal Collector in his letter of 13th June 1842, the farms for the preceding year had in consequence of close competition been so enhanced that an increase was hardly to be expected for the Fusly under review the same remark will apply to the Abkarry. The Board remark that in the printed statement No 6 accompanying the report the gross Sayer collections for the Fusly are entered at Rupees 2,70,056-2-10 but these are only the Current and extra Collections. The Amount of arrears realized is not included from the Statement B No 2 which accompanied the Principal Collectors' Report, this appears to be Rupees 2,805-8-" which added to the amount in the printed form No 6 raises the gross Collections to Rupees 2,72,861-10-10 or Rupees 1,197-13-7. below those of Fusly 1251 A.D. 1841/42.—

I am therefore directed to request that the Principal Collector may be authorized to disburse to Palanyapah Moodelly the amount in question, with interest at 12 per Cent from the date of its being levied from him, or from the 10th February last.—

Instant and one from the Sub Treasurer dated 11th and entered in Consultation 14th Ultimo.

Ordered that the abovementioned letters and the previous correspondence on the subject be submitted with the following address.

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to request that you will submit for the orders of the Most noble the Governor in Council the accompanying letter from the Superintendant of Stamps enclosing Statement shewing the Amount of Revenue realized from the Sale of Stamped paper and Cadjan in Fusly 1252 A.D. 1842/43.

To the Chief Sect. to Government. 3 Paras. Submitting a letter from the Superintendant of Stamps enclosing Statement shewing the amount of revenue realized from the Sale of Stamped paper and Cadjan in Fusly 1252 and recommending that sanction may be granted to the Superintendant to take credit for Rolls of the value of Rupees 32-10-re- ported deficient and for writing off to profit and loss the value of certain damaged and unsaleable paper and Cadjans.

9th Dec. 1843 inform 4th January 1844.

It will be observed that the Gross revenue Amounts to Rupees 4,65,772-2-6, deducting therefrom the charges and refunds amounting to Rupees 53,409-10-0, the net revenue is Rupees 4,12,360-8-6, being a decrease below the net revenue of the preceding Fusly 1251 of A.D. 1841/42 Rupees 7,916-15-5½ and below the revenue of

of the five preceding years, but in excess of the amount realized in the Fuslies from 1240 1830/31 to 1246 1836/37. The decrease is stated to have arisen partly from a decrease in the sale of Judicial and Revenue papers and partly from an increase of charges owing to more papers having been purchased this year and to a portion of last years supply having been charged for in this year - and also from no portion of the Superintendants commission having been deducted on account of absence as in the previous year.

3. The Board recommend that Sanction may be granted to the Superintendant to take credit for 70 Rolls of the value of Rupees 32-10 reported deficient by Collectors, and for writing off to profit and loss the Value of damaged and unsaleable paper and Cadjans as noted in the Margin. for 1844, 21st December, 1843.

The estimate for the purchase of
paper forwarded by the Principal Collector under
date the 25th November last provides for the
purchase of 200 Reams of French paper which the
Board recommended to Government should be
sanctioned on his explanation that it is procurable
at Rupees 3-14-- per ream. The Board wish to know
whether the present Indent for 200 Reams is in
addition to the quantity included in the estimate
above referred to, and if so, the necessity of such
increased supply should be explained.

It is observed that the quantity of French
and Portuguese Paper used in last year was only 255 Reams

To the Chief Secy to Government — Para 1.

To The Chief Secretary to Government

Sir,

Submitting the information required by the Bombay Government as to the mode

I am directed by the Board of Revenue to acknowledge the receipt of an order of Government (No. 7) dated 2d January 1844 transmitting copy of a letter from the Chief

made in which the rules for erecting and maintaining Boundary Marks are enforced under the Madras Presidency.

Secretary to the Bombay Government under date 1st December 1843 and requesting that the Board will furnish the information therein required as to the mode in which the Rules for erecting and maintaining Boundary Marks submitted in my letter of the 19th October last are enforced under the Madras Presidency.

2. In reply the Board direct me to state that the first of the rules above referred to, and which regards the original construction of the boundaries of fields, has been taken from the Manual of instructions furnished by Colonel Munro then in charge of the Survey of the Ceded Districts, to his Surveyors. From the Para immediately following and which is given in the Margin it will appear that the expense of marking off these divisions was in the first instance borne by Government.

Para 9 You will pay the hire of the Coolies employed in Marking boundaries either by Stones or banks of Earth.

3. The rest of the rules to be found in my letter of 19th October were addressed by the Board to the Collectors of Cuddapah and Bellary in 1821 and were intended to provide a remedy for the confusion, in respect to the Survey land marks, which had been occasioned by the renting system then recently discontinued as regards Village

Meerasdars

Meerasadar and other Servants holding Service Mauniem, or in the enjoyment of official emoluments, attention to these regulations could be enforced under the general powers vested in Collectors: over the individual Ryots the Collector could not indeed exercise the same authority: but parties cultivating without having the limits of their holdings clearly marked out, did so at the risk of encroaching upon the adjacent fields, and of being charged, according to Custom prevailing in the Ceded Districts, and other parts of the Madras Presidency, with the whole or a considerable proportion of the fields thus trespassed on, how small soever might be the portion actually occupied.—

4. The rules already communicated are the only regulations bearing upon the subject which are to be found on the records of this Office. In reference however to Para 2 of Mr. Secretary Reid's letter, it should be added that there is no legislative Enactment in force in this Presidency under which the construction and maintenance of Land marks is made compulsory on the inhabitants of Districts, into which a

revenue Survey may have been introduced or may be in progress. In the existing state of the Law, their erection in the first instance (when not defrayed by Government) and subsequent renewal or preservation can be effected only, by the means indicated in the preceding para or by the personal influence of the Local Revenue Officers, and by their convincing the Community at large of the importance of the measure, as securing them both from encroachment and disputes among themselves and from petty exactions and annoyance on the part of the inferior Village or Talook Authorities.

B.d Proceedings P. 6.-

With respect to the amount due by the renter of the Tengalla Sayer Chowkey the Government are of opinion that it should be at once collected from that individual, or in default that he

be proceeded against legally.- The sum is not such as would embarrass him, and his petty instalments of 4 Rupees per Mensem should not be permitted in a Government transaction.

Moturpha Coll.rs Report P.26
B.d Proceedings P.9.-

Mins of Cons Land Rev.e Fusly 1250 " Extra sources Fusly 1250 951.-

The Government regret to find that the liability of certain classes to the Moturpha demand is still an open question.- They trust that the delay in deciding on this matter may not be prolonged.- It would appear that the Board wish to take it up in the general subject of the Moturpha in this District, and have called upon the Principal Collector for further information.- The separate question of the justice of this particular tax might be perhaps at once decided upon the facts already before the Board, as the successful resistance of a demand for so many years, by example alone, might operate injuriously.-

Government of
India —

Sir,

1.

I am directed by the Most Noble the Governor in Council to forward the documents noted in the Margin which refer to a composition lately effected with the creditors of the Deevy Zemindary, for the purpose of obtaining the final orders of the Government of India —

The Proceedings of the Board of Revenue and the letters of the Collector explaining most clearly the reasons of the late arrangement, and the means by which it has been brought about, it has not been supposed necessary

to

Fort St. George 18th January 1844

to forward the voluminous Statements accompanying originally the Collector's communication.

B.R. Proceedings Para 2.

3.

It will be seen that the private debts of the Estate amount to 371,621 Rupees, and that they have been reduced by the agreement now submitted to Rupees 100,851.-

4

This sum it was proposed should be forthwith disbursed from the Public Treasury, and paid over to the Creditors in satisfaction of all private demands against the Estate, and the latter to be Mortgaged, to the Government as security for repayment.-

5,

It has been calculated upon well considered data, that the Estate will yield, one year with another 89,000 Rupees producing / Peishcush and + 47,887-
computed charges being deducted / a + 9,000-
surplus of 23,000 Rupees and thus discharging the amount proposed to be advanced, in rather more than 4 or under the plan now submitted, of adding to it the arrears of Peishcush due to the Government satisfying the entire debt in 8 years or in fusly 1260 / 1850/51 when the Zemindar

attains his majority.

The Government presume

6,

that the composition above mentioned, will be considered to embrace an highly favorable arrangement, and would therefore request the sanction of the Government of India thereto.

It will not escape

7,

observation, though but slightly alluded to by the Board of Revenue that the Collector recommends that a sum of 6982-15-8 shall be paid in full, and without being subject to the deductions made in the remaining debts, to one V. Kistna Sastroolu, and this payment being made out of the Estate, the composition for this sum must therefore be excluded from the total of Rupees 100851- thus reducing it to Rupees 97,956.-

Para 13

In the explanation offered

8,

by the Collector, His Lordship in Council cannot discover that "forbearance" on the part of the individual referred to which would entitle him to the favorable exception suggested, but on the contrary gather from the Proceedings that he carried his bond into the Provincial Courts, and obtained a decree

against

against the Zemindar, the enforcement of which was only stayed by that Court, at the requisition of the Collector- In place of the Collector's proposition therefore, the Most Noble the Governor in Council would recommend the immediate payment to the Creditors of Rupees 100,851 in satisfaction of all demands, thus leaving the Government the sole Creditor whose claim if the present expectations are realized will be discharged in 8 Years, and the Estate made over unencumbered to the Zemindar on the attainment of his majority.-

9, In seeking sanction for the disbursement now requested. His Lordship in Council has been influenced by the facts of the private debts having been incurred by the late Zemindar, who also left a balance of Peishcush of Rupees 65,355 at his death in 1836 and also by the earnest desire that by this timely assistance being rendered, the Estate might be preserved to this ancient and respectable family.-

B.t Pro= Para 1

10, In conclusion, I am desired to

to solicit attention to the circumstance of the present agreements remaining in force only to the end of December next, and to request therefore that orders on this application may be transmitted so as to enable this Government to dispose of them before that period.-

7th A Decrease appears both under the Heads of Home and Inland Sales at the Nowpadah Pans as per Margin.

8th An Increase occurred at the Womaravully Pans in the sales both for Home and Inland Consumption as shewn in the Margin.

9th The Increase in the Home and Inland Sales at Munsoorcottah and Womaravully Cotaurs is attributable to the season having been more favorable during Fusly 1252 / 1842/43. The Decrease in the sales Proceed at Ganjam Pans is ascribable to the prevalence of ague hereabouts. The diminution in the sales at Nowpadah Cotaurs arises chiefly from the diminished manufacture in the preceding Fusly owing to the early setting in of the Monsoon.

being altogether irrecoverable in consequence of
it being also due by the Renter alluded to in
Para 19 of this Report- I further solicit that
under the reasons adduced in the second Re=
=port of the aforesaid Para Sanction may
be granted for striking the Sum out of
the Accounts-

21st The outstanding Balance for Fusly
1252 / 1842/43 is Rupees 2,653-5-8 as per Statement No 4-
Of this Sum Rupees 2,209-1-10 has since been
collected up to the end of December 1843 and
the remainder Viz Rupees 444-3-10 is in train
of recovery-

22d The Demand on account of this Branch
of Revenue for Fusly 1252 / 1842/43 amounts in the ag=
=gregate to Rupees 3388-3-u exhibiting an
Increase of Rupees 184-8-u above that of the
previous Fusly- This Increase is also at=
=tributable to the more favorable nature
of the season- The Decrease in the Collec=

Decrease- 104-5-7

=tions on this account as per Margin is
owing chiefly to a portion of the Receipts
not having been remitted to the Moozoor
Treasuries from certain Talooks within
the Current Fusly-

23d The Balance outstanding on ac=
=count of Fusslies from 1250 / 1840/41 to 1252 / 1842/43 is Rupees
1,332-12-5 as per Statement marked B and

The Increase under the head of Purchase of Salt at the Munsoorcottah and Nowpadah Pans is attributable to the Manufacture having been carried on to a greater extent during Fusly 1252. 1842/43. The Decrease at the Ganjam Pans is ascribable to the diminution in the Manufacture consequent on the early setting in of the Monsoon during the Current Fusly.

Womaravully Pans arises from vacancies not having been filled up immediately on their occurring during the Fusly under observation. The total Decrease in the Nellapore Pans is in consequence of the abolition of the Establishment at these Cotaurs in the previous Fusly.

The Increase in the additional Peons at the Ganjam, Munsoorcottah and Nowpadah Pans is attributable partly to another Peon having been allowed to the former for preventing the smuggling of Salt and partly to the extension in the Manufacture at the latter during Fusly 1252. 1842/43.

The trifling Decrease in the Sauderwared at Womaravully Pans requires no particular Remarks.

VISSABUDDEE AND MOHTURPHA.																The Decrease in the Collections and Charges of Stamps is ascribable to the number of Stamp Suits instituted in the Courts of the Sheristadar of Ganjam & Chicacole having been fewer and partly to a portion of the Commission of Rs. 326 drawn on the Gross Sales of Stamp Papers not having been drawn combined with the smaller amount of Institution Stamp Duty refunded in certain causes during the Fusly under observation —

Sir,

Submitting the proposition of the Zemindar of Noozeed to pay the arrear of Peishcush amounting to Rupees 19,026-14-5. now outstanding against his Estates for Fusly 1252 by 6 Monthly instalments & recommending the same for the consideration of the Board -

Para 1.

I have the honor to forward copy and Translation of a Petition addressed to me by the Zemindar of Noozeed, praying that he may be allowed to pay the arrear of Peishcush, amounting to Rupees 19,026-14-5, now outstanding against his Estates for Fusly 1252, by 6 Monthly instalments on commencing from January to June 1844, together with the current Kists.-

The causes by which the Ze=mindar states he has been prevented from discharging the arrear of Peishcush regularly are so fully de=tailed in his address that it is unnecessary for me to offer any explanation on the subject.-

5. For the reasons set forth by Sabba=nadry Apparow I am myself averse to having recourse to the Gift of Estates where such a measure can be possibly avoided, being of opinion that in most cases it is better that they should be managed by their proprietors. The Zemindar has paid within fusly 1252 a sum of Rupees 25,000 on account of the arrears of fusly 1248 and 1251, and as his request to pay the remainder of the Arrear by instalments, which are to commence at no very distant period, seems unobjec=tionable, I beg to recommend his prayer to the favo=rable consideration of the Board, and sug=gest that I may be allowed to withdraw the attachment from the Mannastalum Pur=ganah. It can at any time be reimposed should the Zemindar be unpunctual in the payment of his promised instalments.

No. 1

To

R. T. Porter Esqr.

Collector in the Zillah of Masulipatam

Arzdost humbly addressed by Rajah Lobhanadry Appa=row Bahadar Zemindar of Noozeed Talook apper=taining to the Circars of Moostaphanagur, Ellore &ca.

1 Your honor is well apprized that Balances of many Lacks of Rupees, payable to the Circar on account of Peishcush, are outstanding on the several Zemindaries owing, to the dreadful famine which happened these few years ago in this Zillah and in that of Gun=toor &ca, and by the abatement of the crops and its prices in the subsequent years, and also by many other reasons. Moreover, it is very well known to your honor that a large balance is also still outstanding on the different Za=mindary Talooks in this Zillah, to which the villages of my Talooks are adjoined, and that I had (altho the demand & Collections of my Taulook were greatly decreased from the several causes above recited) punctually liquidated the amount of Peishcush due to the end of Fusly

1251

1251 by the assistance of my own private fund and by contraction loans with an intention to merit the favor of the Circar.—

2. For Fusly 1252. the demand of the Revenue of my Talooks is greatly reduced by the failure of crops and the abatement of prices of Grain. and by many other reasons.— Although due precautions were taken regarding the management, yet some procrastination is occasioned to collect even that amount which was resolved to be recovered from the Ryots who are involved into deplorable conditions. At such a time as this tho' the utmost endeavours are used-yet the collection could not possibly be made till the thrashing of the corn is over, and the produce thereof is completely made ready in my Talooks, and similar other Taloobs, in which the settlements are usually introducing with the Ryots for shares. This circumstance is fully known to your honor and the superior authorities by the settlements of those Talooks which remain under the Circar's Zuft. As this example is fully extended also to my own Talooks I forbid myself from expatiating any more detail on this score.— However a little procrastination is unavoidably occasioned in the payment

payment of Rists in consequence of the delay that happened in realizing the revenue from the Talooks, but I have not wilfully deferred it.—

3. Besides the foregoing as I am necessitated to discharge also the arrears of Rupees 25,000 due in my Zemindary to the end of Fusly 1251. in this Fusly of 1252.- some delay is occasioned in the regular payment of Rists of the current Fusly, the balance of Rupees 32,026-4-5, after deducting whole amount already paid, is still outstanding and the Naamastalum Purganah appertaining to my Zemindary is in consequence kept under Zuft.—

4.- But even for the Zamindars who are the Inheritors to enjoy the profit and loss of their Talooks it rendered difficult to assess and collect revenue as before, tho they themselves used their utmost vigilance regarding the management of their Country affairs in consequence of the present adverse seasons Viz. Cheap value of Grain &c. Nevertheless by the management of the Proprietors of estates, the assessments and Collections will however be made to such an extent as could be possible according to present circumstances. therefore the charges will not be increased & the villages will not be thrown into depopulated

depopulated state. These kinds of arrangements could never be introduced in the Zufty management 5—

Your honor knows that the Zufty servants are not equally interested, as are the Proprietors of the Estates, as the volunteers who are entertained in the Zufty service commonly know that their services would be over so soon as the Balance due on the Estates shall have been liquidated: consequently they will carry on the management thereof so as it may suit their own convenience, and not follow those principles which the Proprietors of Estates are obliged to pursue for its better arrangement. The superior authorities also well knowing that the assessments and collections could not be increased in the Zufty management by the above and many several other reasons, and that it would also prove more detrimental by many means to the estates. it is understood they expressed their unwillingness briefly and widely for attaching the estates in many respects which orders are very well known to your honor. As the superior authorities also have in contemplation determined to support those estates which are under attachment for enormous balance by putting them in possession

of the Proprietors thereof, by any means, they were pleased to restore the Talooks to certain proprietors on condition of receiving the heavy arrears by several yearly Instalments. Among those estates which were found impracticable to restore even on the above mentioned scale, they (the superior authorities) were obliged to reserve certain Taulooks Viz. the estates of Vaiperddyoor in possession of the Proprietor thereof and continue obtaining information of the extent of the incomes of the estates by allowing the management to be carried on by the proprietor himself which circumstance is manifest to your honor. For my part I beg leave to observe that on the expiration of my minority, ie. from Fusly 1240 in which I obtained possession of my Talook I was accustomed to discharge my kists with every punctuality up to the end of Fusly 1251 without keeping back any part of them in any year whatever & without applying for long Instalments But as little delay is unavoidably occasioned in the payment for my kists for Fusly 1252 by the several Casualities above detailed, the Purganah of Noornastaium appertaining to my Zemindary was attached by your honor in consequence of which, negligence took place in thrashing the

the crops, the cultivation was debased & the charges collection are increased - Under these several — causes, a great loss is sustained by me Conse- = quently I have already humbly & respect- = fully made known the above circumstan- = ces thro the means of my several Petitions, and also in person to your honor at Gollahaulem. I am really anxious to observe every punctua- = lity in the payment of my annual Kists, so far as it may be practicable to merit your favor & get my estates supported, but I have not the least idea to keep back the arrears - This circumstance is I trust proved to your honor by the regular discharge of my Kists up to Fusly 1251 Consequently what I have now most respectfully to solicit is as follows. —

6- I have now contracted a loan of Rupees 10,000 & remitted the same to your cutcherry - It is understood that the Zuffy officers of Noonnastalum Purganah have remitted the sum of about Rupees 2880 & add to your Huzzoor Treasury After deducting the amount of the said two Items together with the whole sum already paid by me in your Cutcherry under the balance of the Kists of Fusly 1252 there would be only a balance of Rupees 19140 & add

payable

payable to the Circar —

7- I could not find any posible measures to clear also the said remaining balance at present - I have already humbly stated to your honor at Gollapaulem that in case of a balance of 15 or 20 Thousand rupees should be due after paying off such sums as could possible be procured, your honor would be kind enough to admit to receive that Balance together with the kists of Fusly 1253, obtain sanction from the Board of Revenue to that effect & remove the attachment of Noonnasta- = lum Purganah, adding at the same time that by attaching the above Purganah in which a sacred place called Aukerepully is situated & where I am in the habit of residing for many months in every year has occasioned to me a great loss & degradation in many ways to my honor & credit, & I am undergoing many inconveniences. —

8- Altho many Lacks of Rupees are outstanding on the several Zemindary Estates in the Northern Circars owing to the present adverse seasons, yet I have however taken a great deal of trouble and punctually liquidate the Kists of every year due on my Taulooks

Fort St. George 18th January 1844.

Talacks without keeping back any balance on my Talook in any Fusly whatever, and merited your favar. As I am ready to discharge the said small balance of Rupees 19140 and odd on account of Fusly 1252 (which remains now unpaid) together with the Kists of Fusly 1253. I humbly repeat that by continuing the said Koonnastalum Purgunah under attachment, the subjects attached to my Zamindary Talacks are become disobedient to me, and it has proved detrimental to my credit, for I found it impossible to supply money by contracting loans, and it also occasions me a great loss by the cultivation thereof — & being debased by the above & many other causes. Wherefore I humbly trust that in case your honor so indulgent as to take the several foregoing reasons into your pitiful consideration, your honor who being my protector & well versed in every thing would find it just and legal to admit & comply with the proposition now made by such a person as myself (who is in the habit of punctually liquidating — the payment of his Taulooks at all times) regarding the liquidation of a small balance, & support my estates from suffering

Fort St. George 18th January 1844

any loss.

9- As I shall liquidate the said balance of Rupees 19140 and odd which remains unpaid on account of Fusly 1252 by 6 Monthly Instalments i.e. from the commencement of the Kist of January 1844 to the end of June of that year, your honor I trust will graciously be pleased to have the full obligation of supporting my estate, approve of my above prayer submit this my humble Petition with your favorable recommendation to the kind consideration of the Hon'ble Board of Revenue with every possible expedition obtain their sanction to that effect, release the Zuft of Koonnastalum Purgunah and pass your Commands for my guidance, as I am ready to discharge the above balance, of Rupees 19140 and odd by 6 Monthly Instalments as above stated. Be pleased to take it into your consideration

No. 223.

Enclosure 26th May 1843 Station Coorapaud.—

Translation of an Arzee addressed by Vetcha Sushmiah Ameen of Pedda Coorapaud Tanah to the Collector of the Zillah of Guntoor.—

My arzee No. 31 stating that it is reasonable to

to put Voggum Venkatapaty of Reddepaulem under this Tanah in possession of the Tamarind Tope planted by his Grand father and requesting orders thereon, having been returned to me together with its enclosures, with the order No. 64 under date 21st September 1842. directing me, if necessary, to enquire of the Zemindar, whether at the time he assumed the tope he obtained an assignment or other Document from the Petitioner, or whether he presumed it without his consent, or upon what grounds and to report the result returning the abovementioned enclosures. I beg leave to statee as follows.—

Upon addressing a letter to the Zemindar to inform me upon what grounds he had attached the Tamaund tope in question, he in reply wrote to me on the 20th of February 1843, that the Grove has been paying sist for a long time, and was not intended to be continued in Charity, that the continuance of the Tope in Charity without Shist, effected by misleading the Zuftee Officers at the time the Talook was formerly under attachment, could not be warranted, that after the estate was in justy 1246 made over to him, he according to the former Custom, collected sist on the Grove with reference to its—

its produce, that the documents then obtained in regard to the same having been kept in the Dufters of the Tanadar on his behalf were delivered over to the Duftee ameen, and that if search be made in the Dufters they may be found according to the Statement of the Zemindar that any documents which existed would be in the Dufters of the Tanah Cutcherry they have all been searched but only the Dowle and other Accounts were discovered, shewing the proceeds of the topé to have been entered, ever since the Zemindar was put in possession of the Estate; but no the document such as a Kyphyat from the Village Curnums or Kararnamah from the Petitioner appeared. As the Petitioner executed no document resigning his right, it appears that the Zemindar who sequestered the Grove without his consent was unable to give any satisfactory explanation or produce a document and that he therefore replied as above, but there is nothing in it to disprove the Petitioner's right. When the Zemindar had arbitrarily assumed the topé the Petitioner remained silent, thinking it not expedient to oppose him. Had he (Petitioner) then addressed a Petition to the head of the

Police.

Police he would have immediately had redress. Moreover on the 23rd. of May 1843 the Curnum gave a deposition that neither he nor the claimant had ever executed any document to the Zemindar.

In the Hoo Room No. 64 above alluded to it is stated that it appears from a Hookum issued in July 1233 to the then ameen Charookopully Cunniah, that he (ameen) was directed to place the owners in possession of the Grove in order to repair the same because it had been injured by a torrent but the order does not authorize him to dispose of its produce in "charity." I therefore beg to state that in the Petition No. 2717 addressed by the Petitioner as well as in the Goodicutto Accounts, the Grove is declared to have been planted for charity - the owners thereof have been in the habit of now and then filling up the nullah running thro the Grove, and when it came into bearing of disposing of the remainder in charity after defraying the expence incurred for keeping it up. Moreover, in the Sakeed issued by the late Ameen Charookopully Cunnah it is stated that the Collector by an Endorsement ordered that if it was true that the father of Venkatapaty had planted the Grove and that it was for some years continued under charity -

Charity, he / Vencatapaty / might be placed in possession of the same because the repair thereof ought to be made by himself. Under these circumstances - I trust that the documents cited are sufficient to imply, that the Sullah in the Grove should be filled up by the Owner of the Grove and that it should be continued under charity. If the owners had been put in possession of the tope only to put it in order why should not it have been attached from Fusly 1231 to Fusly 1245 during which period the Talook was under the Circars management - As it was thus enjoyed, the Petitioners right to it has been established - and cannot become invalid by the Zemmdar's illegal proceedings -

In answer to the injunctions in the abovementioned Hookum, that I should state in detail in what particular years the Grove yielded produce and what particular Fusly's account show that the produce thereof was enjoyed by the Petitioner himself and not by the Circar. I beg to state as follows -

In the Villages under this Tanah it is usual to enter only in the public accounts the particulars of those topes of which the produce goes to Government, not of those which

which are left free for charity. It is not customary to carry the produce of all topes in each Fusly to the Double Account, and then deduct the proceeds of those that are left free, as if Doombalah had been granted - From these circumstances it does not appear that in any Fusly prior to 1246 the proceeds of the Grove of the Petitioner were received by the Circar and inserted in the account. It is therefore to be believed that the same was enjoyed by the Petitioner - Further, the Grove in question which the Plaintiffs argues to be his property has been excluded in the Goodecattoo accounts of the Village as Charity - I therefore submit herewith the record in the case consisting of 6 papers including the list thereof, which I beg you will peruse - I deem it equitable to continue the Grove to the Petitioner according to the orders formerly issued by Mr. Which and beg you will give such orders as you may deem proper on the subject -

No. 31 - 2 Enclosures -
11th August 1842 Station Coorapaud -

Translation of an Arzee addressed by Vetcha Lutchmiah Ameen of Coorapaud Tanah to the Collr. in the Zillah of Guntoor -

On the Petition No. 2717 of Fusly 1251 - presented -

Fort St. George 18th January 1844

presented to your Honor by Vengguru Kurriah of Pedda Paulem subject to this Tanah relative to the Tamarind Tope or Vanum planted by his Grand father, I have been ordered by Endorsement under date the 18th April to report in detail on the circumstances mentioned in the Arzee, and the accounts Vca in the possession of the Village Curnums as well as the comparative accounts in the Tanah, I therefore humbly beg to state as follows.-

In the Petition it is stated that the Tamarind Grove planted by Petitioner's grand father in the said Village continued under Charity up. to Fusly 1237 that in Fusly 1238 Charoorkapully Cauniah the then Zuffy Ameen attempted to bring its produce to sale on account of the Circar; when Petitioners Father Venkatapatty presented an arzee to the then Collector, that the Collector instructed the Ameen by an endorsement under date the 8th Febuary 1829 to enquire into the case & put the Petitioner in possession of the Grove; that the Ameen accordingly enquired into the case & and issued a Yakeed or order to the Curnums of the Village that the Grove in question should be placed

Fort St. George 18th January 1844

in the possession of the owners that ever since up to fusly 1245 it was continued under Charity; that after the Zemindar was put in possession of the Estate in Fusly 1246 he unjustly had the produce of the Grove brought to sale for himself; and that his Tope should be ordered to be left under Charity as before.-

I beg to state that when I enquired of the Villagers regarding the Tamarind Tope it is understood that the same has been raised by the Petitioner's Grand father and that since it bore fruit it was continued under Charity. besides in fusly 1238 when the Estate was under attachment the then ameen Charookoopully Cauniah, having attached the Tamarind Grove in question the Petitioner's father Venkattapatty presented a Petition to Mr. Whish who instructed the Zuffy ameen by an endorsement to enquire into the case; and put the owner in possession of the Grove. The ameen Cauniah made enquiry and put the owner in possession in order to be continued under Charity. The ameen also issued an order under date the 16th Febuary 1829 that the repairs of the same must be made by himself (owner). It also appears from the

Fort St. George 18th January 1844.

from the account that it was continued up to fusly 1256 without the produce being sold for the Circar. Under these circumstances the Tamarind Grove in question should be continued under Charity. But the Tamarinds for fusly 1251. were sold and the sale proceeds being Rupees 16-"-" has already been paid into the Circars Treasury. It appears just that even from fusly 1252. the owner should be put in possession of the Grove and repairs made by the Petitioner himself as an Mullah has been cut in the same. and I therefore herewith submit the 2 papers Viz. the Arzee No. 2717 and the Hyseat delivered in by the Cursunn and beg you will be pleased to perpuse them and favor me with such orders as you may deem proper.-

Sir.

I have the honor to acknowledge the receipt of your Circular letter under date the 2nd Instant, transmitting Extract from the Minutes of Consultation bearing date the 28th December, relative to the relief of all Military Guards by temporary Establishments of Peons.-

At present there is a Guard consisting of the strength noted in the Margin, Stationed at Conjeveram for the protection of the Honzor Treasury, and occasionally escorts are required for the protection of remittances from thence to the General Treasury in Fort St. George; I propose however, should the Board see no objection and grant permission, to remove my Honzor Treasury from Conjeveram to the substantial building at Guindy, at present occupied as the Sydapet Talook Cutchery, and where there is sufficient room for the

the purpose, without disturbing the existing arrangements. The Temporary Establishment of Peons to be entertained in lieu of the Guard need not under such an arrangement exceed 1 Duffadar and 12 Peons at the cost of 67 Rupees per mensem, as the vicinity of the Guards over the Prisoners under the charge of the Superintendent of Government Roads in the same building would afford additional protection to the Treasure, and from its vicinity to the General Treasury even smaller sums than at present would be kept there for Current expences.-

Sir.

I have the honor, with reference to

to your letter of the 2nd Instant to communicate to you, for the purpose of being laid before Government, that the Military outpost Guards in this District consist of 3 Naigues and 18 Sepoys, and in compliance with the directions of the Most Noble the Governor in Council, arrangements have been made to relieve them by the employment of a temporary establishment composed of three Duffadars and Twenty five Peons at a monthly expence of (103-8-) one hundred and two Rupees and eight Annas

2- This arrangement will take effect from the 20th Instant which the Officer Commanding Coimbatore has been made acquainted with- The Treasury Guard cannot be dispensed with or modified without risk.

3- The duty of the Sepoys having been to Guard the Passes against the incursions of the Brothiers (or Letter known by the designation of Moplays) I hope that circumstances will admit of their restoration to this Service, as the appearance of a few Soldiers is more efficacious than a Legion of ill Paid and

Acting Secretary to the

Fort St. George.—

Sir,

From the Collector of Bellary ---- Submitting a Statement of the amount of 10 years Collections from certain items of Extra sources of Revenue as called for by his letter dated 2d October last & recommending that the taxes called Kudavaly and Condaca-valy &c may be discontinued for the good of the people.—

(41) Para 1 In reply to your letter of the 2d October last calling for information regarding any other Petty Farms, besides the rent on Hill or Jungle Produce, comprized among the sources of Extra Revenue in this District, which may be objectionable, I have the honor to state that I have already noticed in the 9th Para of my report on the management of Extra branches of Revenue for Fusly 1252 the item called "Manabal" included under the Head of Motarpha Revenue, as being an impost unbecoming in the extreme to be collected by the Circar. The detailed information subsequently required by the Board thereon in their Proceedings dated 7th December 1843 has been called for from the Talooks and when received will be laid before the Board.—

* Vide Para 9

Independent

2. Independent of the "Manab" there are certain other items usually entered under the Head of "Sundry small Farms and Licences," which from their nature appear productive of oppression and Annoyance to the People and otherwise objectionable. I beg to forward a Statement of 10 years Collections as required by the Board of the sundry farms above alluded to, distinguishing the items which ought properly to be retained for the benefit of Government, from those proposed to be given up altogether. The following is an Abstract of the same.—

Regarding an application for Dasabundum Cuam made by one Poda Govindah on account of a Tank erected by him in the Talook of Darumpory

Para 1. I have the honor to bring to the notice of the Board, that an individual named Poda Govindah residing in the Village of Gungalapurty in the Talook of Darumpoory of this District, represented to me that he constructed at his own expence a Tank in his Putcut Poonjah land, situated in the Village of Paugalhully, from the water of which certain Poonjah lands have been coverted into Nunjah and requested to obtain for him the usual Dasabundum Cuam.—

2. The Tahsildar who was directed to report thereon, submitted a Statement from which it appears that the said Govindah erected the Tank at a cost of Rupees 605 and that the return to Government by the conversion of Poonjah into Nunjah by means of water from that Tank will be Rupees 61—13—2.—

3. The following is the extent of Poonjah land actually converted into Nunjah in Fusly 1252.—

No. 1.

Draft of an answer proposed to be filed in O.S. No. 41 of 1843. instituted in the Subordinate Court of Salem by Rahmanian Malay Odian, against the Acting Principal Collector of the Zillah of Salem—

1— The Plaintiff sues for three spots of land; situated in the Village of Pullerputty attached

attached to the Mootah of Solampully: Viz.t. a spot of land No. 16 named Perlyamarum Poonjah, bearing an assessment of Rupees 13 — 4 — 11. and yielding a profit of Rupees 31. including a Well and 2 Tamarind trees, another field No. 16 named Vellootham-do Poonjah and another named Periatum Paroomurum Poonjah.—

2. There is no truth in the whole of the circumstances adduced in the Plaint. The Mootah of Solampully was held Jointly in Fasly 1240, and in April of that Fasly the Plaintiff offered a Soddee Razeenamah to the 2nd Defendant the Mootahdar, giving up 9 Spots of land in which were included the 3 fields above described.— In the following month (May) the Mootahdar gave out Varum 4 Spots to the 4th Defendant and 1 Spot to the 6th Defendant and another individual named Chinna Gounden, leaving the remaining 4 Spots uncultivated during that Fasly. In Fasly 1241. the Mootahdar gave 2 Spots to the 5th defendant, 1 to the 6th Defendant and another to one Chinna Alagum for cultivating the

The Mootahdar having failed to pay the Circar demand for Fasly 1240, the Mootah was attached and put up at Public auction by order of the Board of Revenue, and it's subsequently, in September of Fasly 1241, having reverted to Government, Puttahs were given to the Ryots as was done by the Mootahdar for that Fasly for cultivation.— If the statement of the Plaintiff that he was forced by the Mootahdar to give Razeenamah for his (Plaintiffs) lands be true he should have referred a complaint immediately to the Principal Collector. he has not done so, nor has he prevented the 5th and 6th Defendants from cultivating the lands disputed, or made any objection at the time Puttahs were issued to the Ryots in Fasly 1241.— The Plaintiff subsequently in February of the above Fasly, complained to the Talook Shaikdar stating, that one Nullah Sawee Odian, forcibly took from him, four Spots of land named Poota-murum Poonjah, Nuttum[2] Poonjah, Paroomurum[3] Poonjah and another Nuttum[4] Poonjah in all measuring acres 9 — Ls 17 — as 12 and bearing an assessment of

of Rupees 23-14-4 that of the above, he (Nullah Sauve Odian) retained 2 Spots for himself and gave away the remaining two to other Ryots - After an examination of the matter, the Tahsildar, reported thereon to Mr. Orr the then Principal Collector, whereupon a Tuteed was sent to the said Tahsildar in the month of March of Fusly 1241, directing him &c. to acquaint the Plaintiff that had the 3rd Defendant (who was a renter under the Mootahdar) forcibly taken the Plaintiff's lands, the latter should have complained before the expiration of a month, and that if he had neglected to do so, he might at least have complained to prevent other ryots from cultivating &c. the lands - but as he has done neither and had complained against those cultivators who had obtained Puttahs from the Circar after the Moottah came under Government management, it was impossible to dispossess them of it - If the lands were in reality forcibly taken, the Plaintiff should not have so long delayed complaining - It must therefore be

be obvious to the court that the suit instituted by the Plaintiff cannot be sustained, because, if the Plaintiff was dissatisfied with Mr. Orr's decision, he had the option of complaint against him at the time, whereas without adopting this course, he has allowed a period of 12 years to elapse - The court will therefore be pleased to weigh the whole circumstances attending &c. the matter of the present complaint, and dismiss it with all costs, to be borne by the Plaintiff -

Three spots of Ground &c bearing a Teerwah of Rupees 13—4—11. (and the profit of which will be 49 Rupees after paying the circar demand) including a Well and 2 Tamarind Trees should be put in Pethioner's possession by cancelling the Puttah found in the names of the 3rd 5th and 6th Defendants. The following are the particulars of the lands. Viz. One spot measuring Acres 3—30—8. named Poolle Yamarum Poonjah No. 15 on which there is a Well and 2 Tamarind Trees situated West of Pooromurrum Poonjah, South of Tawoodahoetty Poonjah, East of Amayoordian Caudoo, and North of the Tank Channel, bearing Teerwah Rupees—8—3—5— and yielding produce value Rupees 15— another spot called Vatortoondoo Poonjah measuring Acres. 1—2—2— No. 16 situated West of the above Poolyamurrum Poonjah, North of the Tank Channel, East of the Well belonging to Ammayoordevee and South of

Pethioner's father in the time of Mr. Macleod and Mr. Cockburn, was in possession of the said 3 spots of Ground and paid up the circar demand regularly. he also dug a Well and planted 2 Tamarind Trees on the first mentioned Ground, and after his death Pethioner enjoyed them until the year Karah, obtaining Puttahs from the Mootadar Vandagounden and Veeraswamy Veedy whilst as the 2d Dependant in the year Veedy became Mootadar of Tommputty and gave out on contract the Village of Pillyputty to the 3d and 4th Defendant, and as a dispute existed for a long time between Pethioner and the 3d Defendant they without any reason, persuaded

Petitioner's property, alleging that there was balance due to them on a certain land which he relinquished by Lady Razewamah, whereupon Petitioner was under the necessity of complaining against them to the Principal Collector. The dependants therefore by power of their being the contractors pervadded the Mottahdar, the 2d Dependant, and unjustly deprived Petitioner not only of the above but another piece of land in the bronth of Audy in the year Karah and issued Puttahs giving the Poolerja Poonjah and Vellostoondoo Poonjah lands to the 5th Dependant and Colleyaroolampurum Poonjah to the 6th Dependant. Subsequently on the Mottah coming under January Petitioner lodged a complaint before the Tahsildar on the 4th February 1832, who after an investigation thereof represented the circumstance to the Collector, who though there was reason to punish the Dependants according to Regulation ordered put the lands in Petitioner's possession, also issued Puttahs in the names of the Dependants. Petitioner consequently filed

Petitioner therefore begs the Court to put in his posses- sion the 3d in Spite of Poonjah land in- cluding the well and Tamarind Tree and to cancel the Puttahs issued in the name of the 3d 5th and 6th Defendants.

Pans of Chanampat for exportation to Salem, is less by 160 – 120 m. in the present year than in the preceding Fusly. This result combined with the causes before enumerated accounts for the increased sale in this District. Mr Hallett in his report for Fusly 1251, alludes to other causes, but having only lately joined this District, I am not at present prepared to offer any further observations.—

4.

In the sale of Salt under the Head of Home Consumption, there has been a decrease of Rupees 1,776–10–7. whilst the quantity sold with reference to the population of the District, is far below what ought to be consumed as a necessary of life, the immediate causes of this decrease will be duly investigated.—

5.

The toal Revenue of this branch for Fusly 1252 amounted to Rupees 1,88,198–7–4 whilst in the preceding year, the Collections under this head amounted to Rupees 2,17,955–15–5. thus exhibiting a decrease of Rupees 29,757. 8–1. during the year under review.—

has occurred chiefly on Indigo Tobacco, and Gingely Oil Seed. The decrease in Indigo, has been partly occasioned by a partial failure of Crops in consequence of a scarcity of rain, and partly by a diminution in the demand. The decrease in Cotton Goods is to be solely attributed to a falling off in the blue cloth trade, and the decrease on Tobacco, and Gingelly Oil Seed, has been caused by a failure of produce occasioned by an unfavourable Season on preferring to the same documents it may be observed that under the head of duty on Sugar and Jaggery there has been an increase to the amount of Rupees 3,116. This increase has arisen in Consequence of a very considerable quantity of Sugar having been made during the past year by several enterprizing British and French Merchants, who have established Manufactories at this place for the production of Sugar from Jaggery, and which has likewise been the cause of the increase on the latter commodity. The increase on Ellipa Seed or Oil has arisen

from an unusually abundant produce. and the increase on leather is to be attributed to the increased demand for Skins at Pondicherry for Exportation to Europe.—

7

By the annexed Statement it will be observed that the Collections in the Frontier Choukies have fallen Short of those of the preceding year to the amount of Rupees 7.038—10—11.— of this Sum there has been a decrease on Indigo and Cotton Piece Goods to the amount of Rupees 5.356. which. I am of opinion. may be attributed to the causes alluded to in the preceding Para. The variations in the Collections on the other different articles having been noted in the Statement. I refrain from further comment.—

8.

Thus the total decrease of Collections in the inland. and frontier Choukies under Amany for the year under review amounts to Rupees 33.397—8—1 but if from this sum the increase derived from the favourable terms of the Beetle. Tobacco and other Rents as well as from the increased number of Choukies rented amounting altogether to Rupees 3.620. be deducted. the total decrease will be reduced

No 3. Sea Customs

9

I shall next proceed to offer a few brief remarks on the Sea Customs Revenue which compared with the previous year exhibits a decrease to the amount of Rupees 2.282—12—8. and beg to observe that on my arrival in this District having found the Collections of the expired year, far below those of the preceding years. I have endeavoured to trace the causes which have led to the falling off in this branch of Revenue.—

1251	13.954—14—5	
1252	11.672—1—9	
Decrease	2282—12—8	

10.

The cause assigned for the falling off on export Customs for the expired years, a decrease in the quantity of Piece Goods. and Indigo exported. and also to the reduction in the Tariff value on Tobacco from 99 to 34 Rupees per Candy The decrease in the export of Piece Goods is to be attributed to a partial Stagnation in the blue Cloth trade. in consequence of the low prices now prevailing. and the decrease on Indigo is to be attributed to a small demand: it is further to be observed. that the falling off in the Export trade to the eastern

Eastern ports has caused a proportionable decrease in the imports, and that the fraud which has been carried on in this Department and which has already been brought to the notice of the Board, may I think partly account for the decrease in this branch of Revenue - But the Servants concerned having been dismissed, it is trusted that the persons now in charge of the Department will conduct their Duties with greater regularity for the interests of Government.—

No 4
Abkarry

1252 — 64.770
1251 — 60.700
Increase 4.070

11. The total Revenue of this branch in last Fusly amounted to Rupees 64.770 and in the preceding year to Rupees 60.700 hence a net increase of Rupees 4070— has been derived from the favorable terms of Rent. The whole of which having already been confirmed by the Board, I deem any further remark unnecessary.—

No 5
Small Farms

1251 — 4.373-1-5
1252 — 3.756-1-10
Decrease 616-15-7

12. The total Rents of the several Small Farms for Fusly 1252. are lower than those of the preceding year in the sum of Rupees 616 — 15 — 7. The principal cause of this falling off. is a decrease in the rent on Honey and other jungle produce which

which in Fusly 1251 in Consequence of an unusual degree of Competition amongst the bidders rose to an unprecedentedly high value - The decrease in the other items being very small does not appear to require further remark.—

No 6
Stamp Revenue

1251 17.254-13-"
1252 15.918-9-6
Decrease 1336-3-6

13. The total amount derived from this branch it will be obsered falls short of that collected in the preceding Fusly to the amount of Rupees 1336-3-6. The whole of this decrease has arisen on the sale of Stamp Rowannahs in the Land and Sea Customs departments, and is the result of a decrease in trade and consequent falling off in the Revenue.—

No 7
Moturpha

1252 — 39.437-"-2
1251 — 39.374-8-4
Increase 62-7-10

14. The total collections of Moturpha tax amount to Rupees 39.437-"-2 this sum being Rupees 62-7-10 in excess of the former Fusly 1251 and as the Statement shews that the variation in the several items is very inconsiderable I have no further remarks to offer.—

15. As above explained under different heads the total of all the Extra sources of

1234

For to St. George 18th January 1844:

Statement A

of Revenue including the Extra items for Fusly 1252 amounted to Rupees 5.33.414-2-9 which sum exhibits a net increase of Rupees 19.602-11-6 in favor of the year under review, and this result it is trusted may be considered satisfactory both by the Board and Government.

1252	5.33.414	-2-9
1251	5.13.811	-7-3
Increase	19.602	-11-6

16 Of the sum total (Rupees 5.33.414-2-9) as stated above a sum of Rupees 5.33.092-10-10 has been collected prior and subsequent to the close of the Fusly leaving only a small balance of Rupees 321-7-11 as explained in the Column of Remarks and referring to the arrears of former years the Remarks appended to the Statement will explain the nature and cause of the balance remaining uncollected.—

17 The Collector of Chingleput having favoured me with his Remarks to the Board contained in his letter reporting on the Extra Branches of Revenue of his District relative to a difference in the shape of the Salt measures &c. between this District and his I beg to observe that the measures contain exactly the same quantity and only vary in shape and as those used in this District are more convenient in every respect for measuring the salt I strongly recommend the Collector of Chingleput be directed to adopt the same description of measure, when it will be seen whether or not the measures be the cause of a falling off in the State of Salt in his Rms.—

Read the following letters

To E. C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

(58)

From A. P. Onslow Esqre
Collr. of Trichinopoly.
Submitting a revised Moyen Jabitah for the District of Trichinopoly for Fusly 1253.

Moyen Jabitah.
Last sanctioned Rs. 75,764-4-
Now proposed 77,942-4-
Increase Rs. 178-0-0

Sir,

I have the honor to submit for the consideration of the Board a revised Moyen Jabitah for this District together with an Abstract Statement shewing at one view the proposed alterations which involve an increase on the whole of Rupees 178-0-0 per Mensem or Rupees 2,136 per Annum.

2. The following items of increase in the pay of existing situations are considered necessary.

Increase.
Treasury Shroffs.
Present pay per Mensem
1st Rupees—20
2nd —"— 15

3. A small increase of Rupees 4-8 to the head Shroff and of Rupees 2-8 to the next on the list. altogether 7 Rupees per Mensem, is proposed in consequence of the present low amount of salary and the nature of the Office which requires not only most assiduous attention but great honesty of conduct.

a Goomastah in Shroffadaree Department.

4. I propose to raise the salary of a Ghomastah from Rupees 21 to Rupees 28 per Mensem, it being very requisite that a

a person of ability should be employed in this situation and the present amount of salary being in my opinion inadequate to the labors of it.

Kindoova and Tamul record keepers.

5 The present salary of each of these important Offices is only Rupees 17-8 per Mensem. the progressive increase of the duties belonging to them in consequence of the constant augmentation of their charge suggest the propriety of adding a trifling sum to the salaries, and I propose that the former should be raised to Rupees 12-8. and the latter to Rupees 3-8.

Head Sewabnavis Hoozoor Cutcherry.

6 It is proposed to raise the salary from Rupees 42 to Rupees 50 per Mensem. The very great difficulty of securing the services of a person possessed of all the qualifications for this Office, and the desirableness of attaching a salary to it sufficient to prevent a constant craving after promotion are so obvious that I trust I need not say any thing more in favor of this recommendation.

Increase to the Head Accountant.

7. The salary of 85 Rupees which is at present fixed for this Office, is less than that which is enjoyed by many other Head Accountants and cannot I think

be considered as inadequate to the very laborious duties. The present Head Accountant is a servant of upwards of 17 years standing, and a most deserving person.

Magistrate's writer.

8. The laborious duties of this Office involving the preparation of Statements and a heavy amount of copying and very frequently translation from the Native languages, there being no translator on the Establishment, seem to require something more than the present remuneration, and I accordingly propose that the salary should be raised from Rupees 35 per Mensem to Rupees 40.

The Tahsildars of three Talooks.

9 According to the existing Moyen Jabitah five of the eight Tahsildars of Trichinopoly receive Rupees 70 per Mensem and three Rupees 85. These rates of pay are, I believe it will be found, very low compared with the rates existing in other districts, and I should gladly see an addition to each talook. for it is of essential importance that the respectability of the Office should be fully recognized, and there is no way in which this can be more effectually done than by awarding a salary sufficiently high to enable the possessors of the Office to

to live as becomes their station and to place them above petty temptations. In the three Talooks of Conaud, Caulgoody and Torriore the collections are not less than two lacs and the duties of the Tahsildars are in no degree less onerous than those of persons holding similar appointments in other Districts who receive Rs. 120 a Month. Indeed there are peculiarities in the mode of Assessment and general management in Trichinopoly which render their duties in many re=spects particularly arduous. I trust therefore that the Board will support my recommendation that the salary of the Tahsildars of Caulgoody and Torriore be raised from Rs. 85 to Rs. 100 per Mensem and that of the Tahsildar of Conaud, than which perhaps there is not a more troublesome ta=look in the Country, to Rs. 110 per Mensem. I should not venture to make this recommendation but upon the most deliberate conviction of the expedi=ency of the measure.

Proposed new Appointment of two Gomastahs for the Treasury

10. There is only one Gomashtah al=lowed by the existing Mayen Zabitah for the Treasury on a Monthly Salary of Rupees 17. but as a single person being quite incapable of performing duties of the Office, it has been customary to depu=two Gomastahs from the Serishtadar's depa=ment to assist him. It is now proposed to employ in the Treasury two Gomastahs

in addition to the one already employed on Sa=laries of Rupees 28 and Rupees 21 respectively, and to abolish the situations of the two Gomastahs detach=ed from the Serishtadar's Cutcherry whose sala=ries are 31 Rupees each.

3 New Gomastahs in Seristah Department

11 The strength of the Shoristah Establishment however does not admit of an ab=solute reduction, and it is very necessary that three Gomastahs should be added to it on a Salary of Rupees 14 a month each. There are 8 Talooks in the District, and it is requisite that a Hoozoor Gomastah should be despatched to each talook to prepare the Summabundy accounts, while their constant employment at other times is re=quired for the general duties of the Office. a glance at the Moyen Zabitah will shew the Board that the Establishment of my Serishtadar's Cutcherry will not, with this addi=tion, be excessively numerous. perhaps they will even be inclined to think it still very paltry. Hitherto the work for which the proposed addi=tional Gomastahs are required has been perform=ed by persons attached to the Devastanum department which, as the Board is aware, is no longer available.

English Record kept in New Office.

12 Very great inconvenience is experienced from

from the want of an English record keeper. The Head Accountant and writers complain, and with great justice, that it frequently happens that they are disturbed in their ordinary duties to the very great impediment of business by the necessity imposed on them of searching out references among the English documents, and the records themselves are liable to be lost and damaged from there being no one appointed expressly to look after them. and as they are of course yearly increasing in quantity, the risk is proportionably enhanced. Under these circumstances I consider it absolutely necessary to make some suitable provision for the safe custody of the English records, and I propose that a record keeper should be appointed on a salary of Rupees 35 per Mensem.

Four Deputy Tahsildars

13. In the sanctioned Moyan Zabitah or Police Amein is allowed to each of four talooks on a salary of Rupees 30. These persons perform the duties of Deputy Tahsildars and I propose to alter their designation and reduce the salary of each to Rupees 28 per Mensem which I consider an adequate remuneration for the Office.

English Writer.

14 An additional English Writer is very much required, the present Establishment being insufficient

insufficient without the assistance of Volunteers to get through the amount of business required of it. I propose therefore that another Writer should be appointed on a salary of Rupees 40 per Mensem, this will be more than covered by a proposed reduction of the pay of the Deputy Accountant from Rupees 70 to Rs. 50.

Deputy Accountant

15. This situation having lately become vacant and the person who has succeeded to it not being entitled by his period of service to expect the amount of salary hitherto attached to it, viz. Rs. 70, I propose to take advantage of the circumstance to secure as above stated an additional Writer, and to reduce the salary of the Deputy Accountant to Rs. 50.

Magistrates Head Sewabnevis.

16. At my solicitation the salary of the Magistrates Head Sewabnevis was fixed at Rupees 40 per Mensem. on reconsideration I am of opinion that the Magistrates Writer should receive a higher amount of remuneration than the Sewabnevis. and that the amount of salary allowed for the two situations will be more fairly divided with reference to the labor of each, by that of the former being increased from 35 to 40 Rs. and the latter being reduced to 35. and I recommend the

Two Goomastahs in the Sheristadar's Department salary of each Rupees 21.

the reduction accordingly.

17. The reasons for abolishing these situations are given in the explanations for the increase recommended in the Treasury Department.

From Police Ameen's salary of each 30 Rs. per Hanson

18. The explanations regarding this proposed reduction will be found in the paragraph recommending the appointment of Deputy Tahsildars.

Per Centage of Charges on the Revenue

19. The average annual amount of the Revenue of Trichinopoly from all sources for the last ten years is Rupees 15,75,576—"—" the Moyen Zabitah now proposed amounts to Rupees 9,2,979—" being a per centage of Rupees 5-14-5 on the revenue but if the Police Charges which amount to Rupees 1,594—8—" or Rupees 1-3-5 of the whole Moyen Zabitah are excluded, the per Centage will be reduced to Rupees 4-11-" and this I believe will not be found high in comparison with the charges in other Districts. I earnestly hope therefore that as the alterations I have suggested are intended entirely to facilitate the transaction of business by assigning to each Department a suitable amount of salary, they will meet the Board's approval.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 20th December last, submitting a revised Moyen Tabetah for your District and proposing several alterations in Salaries of your Establishment.

2. The Board entirely concur in the opinion you have expressed of the expediency of increasing the pay of the Tahsildars of Laulgoody, Torriore and Conaud and will be prepared to recommend the measure to Government if you can suggest any corresponding reduction which may conveniently be made to meet the additional charge, Government having expressed great unwillingness to authorize any increase in the expenses of Establishments.

3. The Board will make no objection to your increasing the pay of the Head English Accountant under the restrictions prescribed in the rules circulated.

of Consultation under date 5th December prefixed to the Board's Proceedings dated 18th Instant I have the honor to inform the Board that a respectable and trustworthy Tutor† is very desirable and necessary for the Young Zemindars, as much for a guardian and constant attendant on the behalf of Government, as an Instructor. their relations are chiefly females, with no fit male relative to watch over the Morals, safety and comfort of the Boys the Tutor is intended to prepare them at home for their daily Studies at the School to accompany them to and from their estate, situated near the Hills, 60 Miles from Pulamcottah, and carry on their studies while visiting their relations there; which they will probably desire, and it is desirable to permit them to do, frequently; they are much too young to be left without some such guardian; the selection of left to the Mother would probably be an unwise one; a similar arrangement made by Sir H. Montgomery for the Young Zemindar of Attenkarey (and which I followed in the present case) has been found

found very satisfactory and useful: the tutor has brought the lad on well, gained his respect, and attended him carefully in an illness. Reporting the completion of the Bridge

Fort St. George 18th January 1844.

Bridge over the Chittaur on the high Madras Road at an expense of Rups 20000 by the Zemindar of Yettiapooram.

Mr. Thompson's of the 24th September and Minutes of Consultation 27th October of same year, that a Bridge over the Chittaur on the high Madras Road has been building for the last 3 years, at an expense of not less than 20,000 Rupees by the Zemindar of Yettiapooram, I have now the honor to report for the information of the Board and Government, the completion of this most useful work, which would I think rank in durability and appearance with any of the same dimensions in India.

2 Being on circuit with the Engineer Mr. Horsley to inspect the Road repairs in this neighbourhood, I took the opportunity of inviting the Zemindar to meet us at the spot, which he did this day. His tents being pitched on one side of the River, mine on the other. He walked over the Bridge with us preceded by his Elephants and Cavalcade, and expressed himself much gratified at the successful and satisfactory completion of the work. It has already been for some Months passable, and of great use in during

during the freshes in the late Monsoon. the Parapet, approaches and other details are now also complete. The practical use of this public spirited work, (and of which Tinnevelly can boast more than one,) will be exemplified in a few days by the march, over it, of the 12th Regiment N.I. with several thousand people and 400 Bandies, en route to Dindigul. As the plan and particulars of this work will be reported to the Board, by Mr. Horsely, I need not enter upon them in detail.

3 The Zemindar had not seen the Bridge before, being at some distance from his usual Residence. he passed over it twice during the day, and closed the evening by a brilliant display of fireworks close to and upon the Bridge, and was evidently gratified. Several of the Officers

Fort St. George 18th January 1844.

Officers of the Garrison also paid the Zemindar the compliment of riding out to meet him and inspect the Bridge

4. With a view of having some fund to fall back for future repairs should such be necessary, I have caused about 17,000 Palmyra seeds to be sown on some waste land close to the Bridge, which in the course of 10 or 15 Years will form a Tope of some value, attached to the Bridge, and capable of yielding some timber and funds for its support, without applying to the Zemindar or Government.

Reporting on Petitioner's No. 1261 of 1843

68

Sir,

Para 1. I have the honor to report on Petition No. 1261 of 1843 the case in the Streevygoontum Talook, and came under my observation, and personal inspection and enquiry, when conducting the settlement of that Talook in May last.

2. In the centre of the large Cutcherry of Streevygoontum exists and old mud fort or rather wall, of about 20 feet high surrounding some 120 houses of a body of people calling themselves "Kotta Vellalers" i.e. Fort Vellalers." Within this wall no Police officer, warrant, or peon, ever enters, the Tahsildar himself, tho' a Brahmin, is denied admittance: this custom or rather abuse, has existed for many years, and on that ground alone, I did not suddenly or harshly disturb it, tho' it is most objectionable, and I fear a screen for much evil. the parties are of the ordinary Vellaler class; came originally it is said from Madura, and profess to have some old deeds securing this privilege to them, these on examination prove to be nothing but some general and indefinite permissions to live within this enclosure. 30 pons per annum have been hitherto allowed to

to these people to repair their mud wall yearly, and build out the Government and its officers. So much evil appeared to result from this indulgence when on the spot in May last, that I desired the payment to be held in deposit till I could receive the orders of the Board upon it. I fear there is little doubt but that many offenders find security and refuge within this privileged sanctum. Several warrants have followed such to the gates, and there lost sight of them. No person or search is ever allowed within and the mere ipse dixit of the Head Man "that the offender is not within" is obliged to be put up with. I am credibly informed that many offenders escape on a hue and cry, into this hiding place, see the occupants, and when the pursuit is given over, they are let out at night, and both the Head man and the offender equally escape punishment.

3. In illustration of the subject I beg to enclose copies of 5 Urzees from Freeyagoontem. These, and a Schism lately occurring within the Fort, brought the matter first to my notice. One party within, also Vellalers, say they no longer desire this section, but wish the wall to be removed and the place assimilated to the rest of the

the supporters of the wall and the old abuse, apert, "the other party are their servants and have no voice in the matter" this the latter utterly deny, being of the same caste, and as numerous. their address I also enclose. It is certainly an abuse and an anomaly, that this spot alone, in all the District, should defy all scrutiny and deny entrance to any search warrant or Police officer, tho' in pursuit of even a murderer, while the Fort of Palamcottah itself is open to all. It was probably some Conception originally for a defence in ev troubled times. These have passed away, and it is high time the privilege should also.

4. There are other evils besides those abovementioned, little is known, but by mere hearsay of what passes within the Fort. Crime, to any extent may be hushed up and go undetected, and unpunished. the females are said to be kept in a state of great degradation and ignorance. they never pass without the walls alive. when dead they are carried out by night, in sacks. the few respectable women of the neighbourhood who have at times been allowed (on some illness

illness or other exigency) to hold intercourse with the females within, described them as only
alone. - The sooner this anomaly ceases the
better. there is neither reason nor satisfac-
-tory document to show for its permission
hitherto, and certainly none for its continu-
-ance. - I would therefore recommend, with
the Board's permission, that the wall be dis-
mantled (leaving 3 or 4 feet, if they desire it,
in height, to show their boundaries) and pub-
-lic and necessary thoroughfare permitted. - If
the Board approve, I would allow them Rs 60
their maniem of 20 pons per annum, not
to build up the wall yearly, as at present, but
to expend on any useful and unobjectionable
object, the Tank, Choultry, well &c. or even their
own Houses, any thing but the old wall.
I walked round it and asked permission
to enter a little way, this was declined, as
and of course I did not then press it, the
men go out in the day to attend their cul
cultivation, but a watch is always kept
at the gates. - I have been thus particu-
-cular in detailing the matter to the
Board as it is an abuse of old stand-
-ing which the one party are inclined

Strenuously

Strenuously to maintain. - Had the Board not
called for this information on the petition, it
was my intention to have reported fully on it in
my Summahlundy Report. - My object is not to
deprive the people of their maniem, questionable
as their title is, but to put an end to the very
objectionable anomaly now obtaining, im-
-munity from all Police investigation. -
The reference made by these people
5. in their Petition to the Board (Nº 126 of 1843) is
altogether against them "of an old mud Fort
with similar privileges at Gengycondan".
"the Fort does exist, and the occupants are
really of the Rajah caste, of old and good
family - his females are secluded within
their Houses, but he makes no difficulty of
admitting any respectable person within
the walls, has a Choultry inside - and I
lately myself, at his own request, walked
all over the inside with him, to inspect
a bit of land in dispute - the "Khotee Vel-
-lalers" of Sreenygoontum without pos-
-sessing any of the high caste or pleas of
the Gengycondan occupant, adhere to
their privilege with tenfold tenacity. I
think 4 feet of wall being left to them
as

as a boundary of their posession, is an ample con=
=cession; and that free entrance to the Tahseldar
and Police officers, whenever necessary, should
be insisted on. —

The humble address of A. Ram-
-kistna Pundit, Head Serish-
-tadar of Coimbatore.

Most Honored Sir,

Referring to para 2 of a letter from the acting Secretary to the Board of Revenue dated 26th October 1843 from which it would appear that the Board consider my claim for salary during the period of my journey from Masulipatan to Coimbatore, or from 11th of December 1841 to 5th January 1842, objectionable, on the score of its involving a double payment, I most re-
-spectfully beg leave to submit that I am entire-
-ly incapable to advance any arguments against the opinion arrived at by the Board, but considering the peculiarity of the case and the hardship and additional expence which I was put to in joining this station, I respectfully beg your honor will be pleased to permit me to offer the following remarks.-

The objection to the payment of my salary on the grounds of its involving a double charge, is not, I believe, applicable to my case, and I submit that the new Serishta-
-dar of Masulipatan should have been appointed on the date on which I ch commenced

Fort St. George 18th January 1844.

commenced to draw my pay here.- Had I been appoint-
-ed anew, the objections of the Board will be insupe-
-rable in my case, but having been transferred to this District from Masulipatan under their Co
sanction, dated 15th November 1841, I do not consider myself liable to the forfeiture of my salary, nor do I believe that such retrenchment was ever ordered. All Gentlemen officers transferred from one station to another draw the salaries of their old appointment until they join the new one.- In this District, double payment was in a former case, made for 2 Engineer and Midical officers.- I am also informed that the late Head Serishtadar P. Ramiah drew his pay while Annajee Row also received it as acting Head Serishtadar, which in fact was a double charge.- The Principal Sudr Ameen and Sudr Ameens of this District have drawn the salaries of their old appointments up to the date they joined their new stations.- all these circumstances will be apparent from the accounts of this District.-

I am sensible that I am not justified in instancing these payments, but their appearing no case similar to mine, and apprehending that the loss of my pay for the period in question will not only make me a great loser, but affect the continuance of my service (for if my salary from the 11th of December 1841 to 5th January 1842 is not paid to me, I should be obliged to stand in

in the predicament of a person out of service or during that period) beg to submit that I am justly entitled to the salary I drew, Viz.t Rupees 264-3-1 from 11th December 1841 to 5th January 1842, in as much as my transfer to this District was not by my own proposal but under the Board's sanction - I therefore most earnestly and respectfully solicit your honor will be pleased to recommend to the Board of Revenue so that they may, in consideration of my long and faithful service, and on perusal of the copy of correspondence which accompanied my address to your honor, under date the 24th April and 28th September 1843, be so good as to obtain the sanction of Government for the pay drawn by me for the period in question.

Under the circumstances adverted to in para 2 of the Princ.l Coll.rs letter of the 30th Sept.r last, Govt. will not object to the payment to Ramakistnah Pundit of the salary which he drew in Masulipatam from the 6th January 1842 the date on which Appoo Row ceased to draw pay in Coimbatore. The payment for the period anterior to that date involving a double charge to the State, must be refunded. —

From the Pl. Collr. of Canara. — Forwarding copy of a letter from Mr. Reade Head Assistant Collector of Canara for the consideration of the Board and suggesting some modifications of the present Rules under which Extra Tental: lowance is allowed Revenue Officers.

Sir,

1 I have the honor to submit for the consideration of the Board of Revenue, the accompanying copy of a letter from my Head Assistant Mr. Reade, relative to the present form of Certificate or Bill which Revenue Officers are required to sign to entitle them to draw Extra Tent allowance. —

2 The objections noticed by Mr. Reade, to the nature of the Certificate in question, seem to me deserving of consideration, as there is an evident inconsistency in requiring an officer to certify that he has resided in Tents, when by the existing Rules that condition is not in all cases necessary to entitle him to draw Extra Tent allowance. —

3 The annual settlement in this district is seldom completed till the end of May, or beginning of June, when from the nature of the climate it is often impracticable to reside under Canvass, and I have myself been obliged, even in the Month of April to abandon my tents owing to the violent storms of wind and rain which are sometimes then experienced. —

4 Owing to the great length of this

Fort St. George 18th January 1844

this Province also which is nearly 300 miles from from one extremity to the other it is not unfrequently expedient for the Collector to travel post to post of the District, when of course his Tents are unable to keep up with him and he is obliged to avail himself to the Public Bungalows, or other accommodation he can find although put to greater expense on these occasions than when travelling leisurely with his Tent, he would under a strict interpretation of the present Rules not be entitled to draw extra Tent allowance as not residing under canvass. —

5 I would beg leave, therefore to suggest for the consideration of the Board whether some modification of the present Rules under which Revenue officers are allowed to draw Extra Tent allowance, it is not desirable, in order to meet the different circumstances, which occasionally render their residence under canvass difficult or impracticable, while absent from the Hqrs. Station on the public service. —

F. M. Blair Esqre

Principal Collector of Canara

Sir,

1 I have the honor to bring to your notice for representation to the necessary authority what to me appears the objectionable nature of the Certificate or Bill, Revenue officers are called upon to sign previous to their drawing Extra Tents Deputation allowance.

2 The Board of Revenue in their Proceedings of the 13th May 1828 and 31st March 1836 ruled that where an officer provided accommodation for his public establishment he was entitled to draw Extra Tent allowance by which it would seem clear that a residence under canvas is not imperative to an enjoyment of the privilege. I will therefore proceed to point out the objections I allude to.—

3 The certificate necessitates a man to declare that he has actually resided in Tents, and if he has not done so, it is obviously in my opinion that he cannot conscientiously sign such a Paper, and as by the orders of the Board as before observed the providing of accommodation by a Revenue officer or for

Fort St. George 18th January 1844

for his Public servants, is sufficient to entitle him to the Extra allowance without reference to his actual residence in Tents, the requirement of a signature to such a Bill appears wholly incongruous.—

4 There are many situations where it would be quite impracticable either to live or hold Cutcherry in Tent, I will instance my visit to Butcut and Moordeshwar, for the settlement of the past Fusly at the setting in of the Monsoon about the end of may and beginning of June and where I never once pitched my Tents, and though as I had other accommodation for my servants I am under the orders of Government entitled to the allowance, which in my case does not cover my extra expences incurred on account of travelling, yet I am called upon to sign a Paper conveying the impression that I was actually living under Canvas at a season when I never once entered a Tent and when it was hardly possible even to pitch one.—

5 By the stringent reading of the Certificate without signing which a man cannot draw the Extra allowance he is deprived the option of

renting

renting a house or holding his Cutcherry in any other place but a Tent, and as the Board have decided this to be unnecessary, it would be only reasonable to alter the nature of the Certificate to correspond with the conditions under which the allowance is actually payable.—

6 When I was at Tedaxhigur in April last one of the hottest months on the coasts, I rented a House and Garden from a native, in which I had accommodation made for my Cutcherry merely holding the Jummabundy in a large Tent, I cannot however say that I lived in a Tent though it is true I had them with me, and they were pitched.—

7 There are many other situations where a Revenue Officer may find it both more agreeable and better for his health, to inhabit a dwelling than reside under Canvass and it is this alternative, which in my opinion the present stringent Certificate explicitly disallowed.—

8 If a Revenue Officer travelling with his Tents occasionally visits places where he finds he can procure House room it would merely be hard, and

and cannot be intended that he is not to avail himself of such places without forfeiting his claim to Deputation allowance, during the period he may remain in them.

In the Bombay Presidency

9 the allowance is granted in the form of Deputation, and so long as an Officer is able to certify that he has resided in the District away from the Huzoor on the Public service he is entitled to draw it and moreover the privilege is allowed him for 3 Months out of the 12 while he may be at the Huzoor station, though living in his own residence.—

While therefore an Officer resides

10 in the District, and finds accommodation for his Establishment, I presume it is in accordance with the spirit of the Rules, and clearly so with the orders of the Board and Government, that he can claim the extra allowance, and if I am right I think a careful perusal of the nature of the Certificate now required to be signed will at once convince you that it is altogether inappropriate

in

Fort St. George 18th January 1844

in as much as it implies a "Proceeding" which has been ruled by the Board as unnecessary to entitle Revenue Officers to the allowance and though it is manifest that the form should have been altered on the occasion of the issue of the orders of Government before alluded to, yet as it is in violation of these orders, I trust the objections, if approved, may yet be remedied, and the substitution of a form somewhat similar to the subjoined be in future adopted.—

11. I need not add that it is only lately my attention has been attracted to the matter.— I had hitherto signed the Paper when travelling in the District on the Public service, as a mere form without once reading or considering the conditions it imposed, but to which my signature implied that I had conformed, I have in consequence not drawn any Extra Tent allowance for the day on which I was not actually resident in Tents in the Months of May and June, and should the Board after consideration

of

Fort St. George 18th January 1844

of what I have urged, still see proper to continue the present form of Bill or Certificate, I shall be prepared to refund the amount improperly drawn by me for the days in excess of those actually passed in Tents from the month of February to that of April.—

12. My conviction of the impossibility of attesting a Paper implying conditions to which circumstances may not at all times admit of conformity, and which are at variance with what in reality is declared to form my title to Extra Tent allowance, has alone suggested this address

address, &c. and should you agree with what I have said, I trust that it is only requisite to bring the matter to notice to insure a remedy at once simple, and equally preservative of the interests of Government.—

13- I can with truth avow that it is the incoexistency of the conditions required, and those conveyed in the Certificate, that has induced me at all events to do my part towards correcting an error which I feel assured, would long since have been rectified, had it been pointed out.

at first; with the correctness of the acting Deputy Collector's opinion of there being sufficient proof of the guilt of the petitioners to sanction their dismissal on public grounds indispensable; but the correspondence with the Police calls for some explanation from me, with reference to Para 2 of the letter now under acknowledgement.

7.

The Board will perceive from the Police Magistrates letter of the 10th November, that, as stated in Para 3 of my Endorsement of the 7th November, the Magistrates "have not examined any of the witnesses who could speak to the charge of malversation preferred against the petitioners, and their assertion that they were "twice acquitted" at the Police Office is thus without any foundation whatever, for they were not sent there with the first case, nor was the second case, in which they are implicated, investigated into by the Magistrates."

8.

The Chief Magistrate's communication of the 3rd and 5th Instant will shew that Natta Saib "was summoned and examined by the Magistrates on the 4th November, at the instance of the defendant Mottoo Swamy

† Viz. the parties who signed petition No. 2041

Fort St George 18th January 1844.

Mottoo Swamy;" and that this party (Natta Saib) confirming the statement of Mottoo Swamy, and thereby criminating himself, it was not considered expedient to swear him." This is precisely in accordance with the declaration of Natta Saib, as made before the acting Deputy Collector. — It is, therefore fair to assume that his statement that on Friday the 3rd November at 12 o'clock, the four Peons named by him had called for the purpose and in the manner set forth in his examination, No. 2, is also true. —

9.

The petitions presented to the Board do not call for any remark from me other than that the statement in the concluding part of Para 3 of No. 2021, and of Para 2 of No. 2041 are wholly at variance with the petitions presented to me, which are therein enclosed — although I am aware that it is not requisite for me to explain on this occasion how the petitioners' situations were disposed of, yet to convince the Board that they have stated what is not true even on this point, I will only add, in conclusion, that of the five† individuals whom I have employed instead of

Translation of a Petition addressed to J. A. Hudleston Esqre. Collector of Madras, by Natta Saib of Tanjore-

Certain Soodah Peons of this Department, Viz. Doorgajee Birch Veerasawmy, Conder and Runger informed me that there was a case referred to the Police authorities against Moottoosawmy, who was brought to the Cutcherry by the abkeary Peons for an attempt to smuggle three bundles of Betel, which he received as a bribe from Auryatta Moodely after an enquiry by the Collector, and that Moottoosawmy declared at the

Fort St. George 18th January 1824-

the Police that these three Betel bundles were bonafide or brought without a smuggler, and if the Statement were proved to be false, he would be punished and discharged from his situation- They therefore desired me very much to appear before the Police authorities to state that I was the person who brought the Betel Bundles in question, and that on seeing Moottoosawmy, I ran away after throwing it down," and promised to give me 3½ Rupees. I replied that I would comply, if I were not put on my oath- whereupon these four Peons encouraged me saying that they would give me a Rupee for offering sugar to my God Cadavully "to forgive the sin committed by swearing-" I stated that, if I were ordered to take my oath on the Khoran, I would confess the truth- They still pressed me by observing that God will protect those from sin who swear even to an untruth merely for the purpose of exculpating one who may be about to lose his bread- On my appearing before the Police authorities and stating before them as they persuaded me, Moottoosawmy was acquitted- This will be proved if Teagaroy Moodely and Narrainsawmy Moodely the Betel gardeners, are called and asked-

2. Did you present the Arzee now shewn to you to the Collector?

A. Yes.

2. What are the contents of this Arzee?

A. It is ten days since I came down from Tanjore - I know nothing of this place - I was in Davaroya Moodely's Betel Garden at Royapettah working and watering Betel Vines, when certain Police Peons came and desired me to go along with them; but previous to this Doorgajee Birch Veerasawmy, Condan and Rungum told me that if I were to go to the Police, I would not be flogged there, and that, if such were to be the case, they would get me excused - I replied that I would speak the truth if I were required to take oath upon the Khoran, whereupon they suggested to me that I should purchase sugar for a rupee and offer it to Kuguor Veerah if desired to take oath, and that they

they would present me with a Cloth worth 3½ Rupees when I returned to my Country. They thus desired me very much to come to the Police - I accordingly went to the Police, and on my being asked without being sworn, I told that I was carrying 3 bundles of Betel, and having seen a Peon, I ran off," whereupon the case was dismissed by the Police.—

2. Why did the said Peons take you to the Police, and what did they want you to do there?

A. They wanted me to say that I brought the 3 bundles of Betel given to Moottoosawmy the Peon, and that I went away having thrown it down - I accordingly went and said so there.—

2. Did they gave you the Cloth that was offered?

A. No.—

2. Did they give the rupee promised for the offerings to Veerasaib?

A. They did not.—

2. Who were present when the said 4 Peons went to you and desired you?

A. The Betel Gardeners named

he threw it down and ran off. He brought the Article from Coollapah Moodely's garden. Having taken it and called for a Peon, I went close to Velagooda Moodely's garden and stopped there, when one of the Peons of the Abkarry Department passed that way and asked me what I had in my hands. I told him, in reply, that it was smuggled betel and that the smuggler got into the Betel Garden and was concealed in it. I also told him that I was one of the Peons of this Cutcherry. He wanted me to come to the Cutcherry. I went to the Cutcherry, on being taken to Mr. D'Vaz. I stated to him what had passed. I was afterwards sent to the Police.—

Sir.

With reference to your letter of the 2nd Instant, to the Chief Magistrate, I have the honor, by his direction, to inform you, that in consequence of the gross prevarication in the evidence given by the Peons named, Arnachellum, and Pana Rungian, the charge against the Prisoner Moottoswamy, also a Peon of your Department, of misdemeanor could not be established, and he has been released accordingly.-

I have further to add, that in the opinion of the Magistrates who tried the case, all three Peons have most culpably neglected their duty.-

under date the 4th Instant, I have the honor to acquaint you that, in consequence of a charge of malversation preferred against Peon Moottoosawmy and several others, the depositions herein enclosed have been taken by the Acting Deputy Collector from which it would seem that the three Bundles of Betel seized on Moottoosawmy were received by him from Aroyatoy Moodelly a Betel Gardener; and that the Peons named in the Margin persuaded Nutta Saib, on the offer of a bribe, to state, at the Police Office, that the Betel was his, whilst Seyag aroyen and Narrainsawmy, Betel Gardeners, confirm the Statement as to the connivance of the five Peons in the fraudulent transaction brought to light by Nutta Saib and Aroyatoy Moodelly- as these Peons deserve to be made an example of, I send the whole of the parties herewith, and request the favor of an enquiry being made and such orders passed on the case as you may consider proper.- I beg that the Depositions may be returned when no longer required.-

Sir,

I have the honor, by desire of the Chief Magistrate, to inform you, in reply to your letter of the 8th Instant, that the Statement of Arnachellum a Peon of your Establishment who was this day examined on oath amounts precisely to the same charge brought against Mouttoosawmy Peon, and which was dismissed by the Magistrates on the 4th Instant. Arnachellum does not pretend to any Knowledge respecting the alleged charge of Malversation or conspiracy against the other Peons arising from the same source, and the Magistrates were obliged to dismiss the case there being no Prosecutor and the case otherwise not tangible in the shape brought forward.—

The declarations which accompanied your letter are herewith returned as requested.—

Sir,

I have the honor to acknowledge the receipt of your letter under date the 3rd Instant.—

2. As the original Complaint was referred to your Office on the 2nd November and it appears that Nutta Saib was not summoned before the 4th I request that you will do me the favor to state, if the necessary particulars are on record, on what day the Defendant wished that Nutta Saib might be examined by the Magistrates, and whether the last mentioned individual was sworn before his examination. Information on these points will assist me materially in arriving at a correct conclusion on the merits of the case now under consideration.

Sir,

With reference to your letter of this day's date, I have the honor to inform you that, Moottoosawmy was brought to trial on the 3rd November last, and he having in his defence stated that the betel found in his possession was what Nutteh Saib had previously attempted to smuggle, the case was allowed to stand over for the said Nutta Saib, who appeared before the Magistrates on the following day, and this party confirming the Statement of Moottoosawmy, and thereby criminating himself; it was not considered expedient to swear him, but the charge against Moottoosawmy, you will observe from Sonasoondarum Moodelly's letter of the 4th Idem, was dismissed in consequence of the gross prevarication of the witnesses for the prosecution.—

Ordered that the following letter be sent in reply:-

To the Collector of Madras.-

Sir,

80-87
To the Collr of Madras.-
Acquitting the five Sodah Peons dismissed by him on account of their connection with the smuggling of certain betel & directing that they may be restored to their situations-
Order 18 Jany

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 8th Instant reporting on the Petition of five Sodah Peons of your Establishment who have been dismissed; one named Moottoosawmy for smuggling three bundles of betel and the other four named Virch Veerasawmy, Doorgajee Coundan and Rungen for having bribed or promised a bribe to Nutta Saib a Lubbay, to give false evidence in favor of the above Moottoosawmy at the Police Office.-

Nos 2021-2041 of 1843.

2. Moottoosawmy accounted for the Betel having been found in his possession by stating that he had picked it up, having seen Nutta Saib who was endeavouring to smuggle it, throw it away and run off, and Nutta Saib being produced at the Office on the following day admitted the truth of this Statement and the Magistrate dismissed the case on account of the "gross prevarication of

Fort St. George 18th January 1844.

"of the two Abbarsy Peons, Arnachellum and "Perea Ruigiah" the only persons who appeared as evidence for the prosecution.-

3. A few days after the case had been thus disposed of Nutta Saib came forward, and in a petition addressed to you alledged that he had been induced to make a false Statement at the Police Office by the promise of a bribe from the other four Petitioners- The only evidence which he produced in support of this Statement, was that of his Employers the Betel Gardeners Davaroya Moodelly and Ramasawmy Moodelly who state that they overheard the conversation which took place between him and the four Peons on the subject, while Areatha Moodelly, another Betel gardener, deposes that he gave the three bundles of betel to the Peon Moottoosawmy- On a full consideration of the whole case the Board are of opinion that the evidence is of the most unsatisfactory character, and altogether insufficient to maintain the charges.- They therefore acquit all the five Petitioners - and direct that they may be restored to
