Diary

29th November.

(1)

From the Collector of Salem. Received letter dated
submitting an application from the said Col-
lector & Mr Brett requesting leave of ab-
sence for 2 Months to proceed to the Presi-
dency preparatory to applying for leave
to return to England on Furlough under
Section XI of the rules of the 29th January
1840 and Section XI (amended) of the
Rules of May 1843.

(1-2)

Order thereon. Ordered to be submitted
through the Channel of the Civil Auditor
for the favorable consideration of
Government.

Ab.

Fort St. George 1st. December 1845.

At a Meeting Present.

G. D. Drury Esqre. Senior Member.

Monday 1st. December 1845. } A. Maclean Esqre. 4th. Second Member and

I. Goldingham Esqre. 3d. Third Member.

Minutes of the last Meeting read and approved.

From the Secretary to Government. Stating in reference to the Board's letter of the 27th. July last that the Cowle System as prevailing in Bellary demands the continued watchful care of the local authorities and the Board; and directing that matters of such importance should not be omitted in the annual reports of the Settlement; further to show how the revenues are affected by them, but should be dealt with separately.

Read the following Extract.

Extract from the Minutes of Consultation under date the 6th. November 1845.

Read the following from the Secretary to the Board of Revenue.

(Here enter 11th. September 1845. 2217)

Para 1. Upon a consideration of all the circumstances advanced in the correspondence received with the foregoing letter there is reason to believe that the Cowle System as prevailing in the Bellary District has on the whole, operated beneficially and as stated by Mr. Kelly "to have been productive of the greatest advantages to the Government and to the ryot." The increase in the revenue of those Talooks in which the System chiefly prevails, as contrasted between fusles 1234 and 1235 amounting nearly to two lacs of Rupees or 25 per Cent on the revenue of 1234 in the course of 10

Fort St. George 1st. December 1845.

years is attributed by that Officer entirely to the assistance afforded by Cowles, but the Board of Revenue although admitting this result, observe that the Revenue has not improved in proportion to the extent of waste broken up.

2. The Most Noble the Governor in Council is of opinion that the subject demands the continued and watchful care of the local authorities and the Boards of Revenue, especially in its influence on the revenue of the old & permanently assessed lands and he resolves to direct that matters of such importance should not be embodied in the annual reports on the Settlements further than to show how the revenues are affected by them, but should be dealt with separately by which means they are not so likely to escape notice.

Circular.

6th. November in Letter 1st. Dec. 1845 No. 3349.

Sir,

The Government having in a recent communication to the Board directed that general questions relating to survey and assessment, Cowle

and

and subjects of a like nature should not be
embodied in the annual reports made by
Collectors on the Settlements of their Districts
further than to show how the revenues are af-
fected by them but should be dealt with
separately by which means they are not so
likely to escape notice. I am instructed by the
Board to draw your attention to their or-
ders to a similar effect issued
from this Office by Circular or-
ders dated 28th August 1828 and 30th
July 1840 respectively.

From the Secy to Government

Read the following Extracts.

Extract from the Minutes of Consultation
under date the 25th November 1845.

Read the following letter from the
Secretary to the Board of Revenue.

(Here enter 3rd November 1845 No. 675.)

The Most Noble the Governor in
Council having had under his consideration the
letter from the Board of Revenue of the 3rd
November and the communication from
the Collector of Bellary which accompanied
it

it is pleased to continue the services of an
Assistant Surgeon at present attached to
the Collectorate of Bellary, and under the
Circumstances brought to notice in the cor-
respondence submitted by the Board of Reve-
nue in their Secretary's letter dated 22d May
1845, and agreeably to the opinion expressed by
the Medical Board in their communication
of the 19th June that the 2nd Dresser Rungiah
Naik is not sufficiently experienced for a
separate charge, the Most Noble the Gover-
nor in Council resolves to direct that arrange-
ments be made for appointing an Assistant
Apothecary to the Sub Collector of Bellary
in lieu of the said second Dresser Rungiah Naik.

Communicating observations & orders on the Board's Proceedings relative to the Settlement of the Land Revenue in the District of Tinnevelly for Fasly 1253.

Extract from the Minutes of Consultation
under date the 25th November 1845.

Read the following Extract from
the Proceedings of the Board of Revenue.

(Here enter 25th September 1845, No. 588)

Para 1. The season of Fasly 1253
in

p.1. in the District of Tinnevelly was rather favorable for the Car or early Wet Crops, but not so for the later or Pishanum produce, nor were the rains sufficient for the extension of the Dry cultivation.- Both these descriptions of Cultivation it is stated were contracted and while in the Wet remissions for failure were allowed, in the latter the produce was but scanty.

P.3 2. There was an increase in Carr, and a decrease in Pishanum, but in the total extent both of Wet and Dry cultivation there was a falling off amounting to 315 cn Seeds Cotahs in the first and to chains 13105 in the latter description.- The price of Paddy however was 14 10/16 per Cent above the preceding year.

P.5. 3. The total net Settlement of all cn sources of Land Revenue amounted to Rupees 1991583 - 12 - 9 and was above Fasly 1252 in Rupees 93052 - 11 - 11. which is attributed entirely to the enhanced price of the Settlement under the Woolungoo System.- The total demand inclusive of Deposit, which head comprises the Tripany and Chuttrum Funds, amounted to Rupees 2017627 - 14 - 4; of

p.10. which Rupees 1970993 - 12 - 3. were collected within the Fasly leaving a balance of Rupees 46634 - 2 - 1. which has since been reduced to Rupees 9712 - 15 - 2. nearly one half of this sum, or Rupees 4027 - 5 - 9. is due cn by

by the Woorcaud Zemindar, and the Board of Revenue have properly called for explanation as to the cause of the amount remaining so long uncollected.- The outstanding balance on account of individual settlement has since been reduced to Rupees 4329. which His Lordship in Council agrees with the Board of Revenue in considering very satisfactory.

p.11. 4. His Lordship in Council grants authority for writing off to Profit and Loss the portion of the arrears of the Land Revenue Settlement of Tinnevelly which is represented to be irrecoverable, amounting to Rupees 653. 8 - 11 -) Five hundred and three and annas Eight.

5. The Government approve of the observations and instructions recorded by the Board of Revenue in the several paragraphs of their Proceedings noted in the Margin.

p.6 & 9 - 12413. 6. His Lordship in Council regrets to observe that the delay on the part of the Board in disposing of the questions referred by the Collector connected with the experimental survey has led to the irregularity on which the Board remark in Para 2 of their Proceedings. and this points out the necessity of not authorizing the commencement of a Survey unless the Board are prepared with such fixed principles, as to enable them to give early

early instructions upon questions which may arise.

Proceedings. Relative to the Settlement of the Puriah Kimedy Zemindary in the District of Ganjam for Fusly 1253 and 1254. 1843/44 1844/45.

Read again Letter with Enclosures from the Acting Agent to the Governor in Ganjam dated 7th December 1844 reporting on the Settlement of the Puriah Kimedy for Fusly 1253. 1843/44.

(Here enter No.)

Read also Letter with Enclosures from the Acting Agent to the Governor in Ganjam dated 31st October 1845 reporting on the Settlement of the same Zemindary for Fusly 1254. 1844/45.

in Cons. 18th Nov. 1845.

/Here enter No. 95./

Mr. Smollett took charge of the District on the 22d. November 1844/ Fusly 1254/ and has reported upon the out turn of Fusly 1253. 1843/44. From a Memorandum left by Mr. Anstruther, who was relieved before he had completed his yearly report. The season of Fusly 1253. 1843/44 was favourable and the cultivation was carried on to the fullest

fullest extent. Prices however were low and bore heavily on the Renters.

Para 3 @ 7. 2. The system of Settlement is the same as in the Government Estates. Engagements are entered into before the commencement of the year. The amount offered is generally "the "estimated value of the entire cultivatable land "and is really much beyond what the parties "can practically pay except in years of large Produce and very high Prices". In this way large Balances are outstanding at the close of the year, which are for the most part irrecoverable.

Para 8. 3. The Zemindary consists of 473 Villages, of which 190 were held by Renters during the year under consideration, 282 were farmed by the Ryots and one was held under a Summary Settlement. The total amount of Engagements or Settlement of the Land Revenue was Rupees 171660-14-10 or Rupees 6586-7-6. below the Settlement of the preceding year. Including Moturpha the Difference against Fusly 1253. 1843/44 is Rupees 7687-15-3.

5. The Peishcush Rupees 82529-8-"- was discharged in full. The aggregate charges as per Margin amounted to Rupees 60819-6-9. which includes Rupees 7990 sanctioned by the Board on the 1st February 1844 for certain religious ceremonies of the Zemindar and Rupees 1800 sanctioned on the 19th of the same Month for the Marriage of a relation of the Zemindar.

6. The Balance of Cash at the Commencement of fasly 1253 [1843/44] was Rupees 204504-6-8. The Collections within the fasly raised the available assets of the year to Rupees 37967-12-1. The charges for the same period Rupees 34348-14-9. which include 2 Lacs invested in the 4 per cent Loan being deducted, there was a disposable Balance of Rupees 36322-13-4. at the close of the year.

7. The season of fasly 1254 [1844/45] was unfavorable from the scantiness of the rains and

and a long continued drought. Prices improved from the general destruction of Crops in the neighbouring District of Vizagapatam and from an enhanced demand for Grain in consequence in that District.

Para 4. 8. As in the Government Estates in fasly 1254 [1844/45], noticed in the Proceedings of the Board dated 24th November 1845. Mr. Smollett adjusted the Durkasts or agreements for this year in Himedy with reference to the actual results of the season. "In communication with the Talook officers" he observes, "the remissions were settled and defined by me "before the Crops were removed or sold, and the "Jummah of the Estate was fixed after full enquiry "to the complete satisfaction of all parties." In their Proceedings on the Settlement of the Government Estates above referred to, the Board have expressed their approval of the principle which has guided the acting Collector in fixing the actual settlement of the year.

Paras 5 & 10. 9. The engagement for the entire Land Revenue in the fasly under notice differed but lightly in amount from those of the preceding year, but the actual settlement was Rupees 11748-12-2 below the amount of the Current Engagements. This sum constituted the

should have been obtained for the appropriation of the surplus Funds in the manner stated.

Statement No. 3. 14. The outstanding Balances, commencing with Fusly 1238 / 1828/29 amount to Rupees 4,44,660-11-4

The Board request that the report upon these may be submitted before the close of the year.

15. The observations contained in Para. 12 do not call for particular notice. The Dirkhast or engagement for the year is apparently the Mirasdilkhat in the sense intended by Mr. Smollett. The Board would again impress upon Mr. Smollett, with reference to his remarks the importance of individual rights, and that a Revenue administration is defective and open to objection in the degree that this point is unattended to. In the case of Remissions, as pointed out in Para. 10 of these Proceedings it is incumbent on the Revenue officers to take the most effectual measures for securing to each Ryot the proportionate amount of Remission to which he is entitled.

16. Parlah Remedy was taken over the management of the Court of Wards in conformity with the authority conveyed in the letter from Government dated 22d. June 1830, and its affairs have been administered hitherto under the direction of that Court.- The letter from the Acting agent reporting on the Settlement of Fusly 1253 / 1843/44 recorded at the Head of these Proceedings is addressed to the Acting Collector

See Boards Proceedings on the Govt. Estates dated 24th. Novr. 1845.

in Cons. 24th. Novr. 1880.

to the Court of Wards, but in his subsequent letter reporting upon the settlement of Fusly 1254 / 1844/45. the Acting Agent correctly observes that the provisions of Regulation V of 1804 are not in force within the Agency. The Settlements of Fusly 1253 / 1843/44 and 1254 / 1844/45. have accordingly been reviewed by the Board in these Proceedings without reference to their constitution as a Court of Wards, it is therefore necessary that they should solicit the sanction of Government for the charges incurred during the two years which have been reviewed amounting respectively to Rupees 60819-6-9 and Rupees 63518-12-11- and more particularly referred to in Paras 5 and 12 above.- The approval by Government of the investment of 2 lacs of Rupees in the 4 per cent is also solicited. The further investment of Rupees 50,000 which the Acting agent has reported, will be noticed hereafter when the accounts of the year in which the investment has been made are laid before the Board.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Ganjam for his information and guidance.

Read again letter from the Acting Collector of Ganjam dated 28th. October 1845 entered in Cons. 29th. Ultimo.

Resolved that the foregoing letter be submitted to Proceedings thereon.

See Rules XXIV of 1839.

From the Collr of Vizagapatam submits the annual Report on the Extra sources of Revenue in the Vizagapatam District for Fusly 1254 together with Statements—

Sir,

I have the honor to submit— Para 1.
my annual Report on the Extra Sources of
Revenue in the Vizagapatam District for Fusly
1254 and to forward the following Accounts—

A Statement shewing the Demand Collection and Balance under each head of Extra Revenue in the District of Vizagapatam for Fuslies 1253 & 54—

B Statement shewing the Demand Collection and Balance of Arrears of Extra Revenue in the District of Vizagapatam on account of former Fusslies for Fusly 1254—

C Statement shewing the gross Collections, charges, and Net Revenue on all Extra branches of Revenue, land Revenue excepted for Fusslies 1252, 1253 & 1254—

D Statement shewing the quantity of salt manufactured, sold, and the amount thereby derived together with a Comparison of the quantity manufactured in different Cotars in the Zillah of Vizagapatam for Fusslies 1253 and 1254.

E Statement shewing the Inland

Fort St George 1st December 1845.

Inland Districts or places for the supply of which Rowannahs have been issued for the transport of Salt from the Cotars of Vizagapatam for Fusly 1254.

2. The subjoined Abstract Statement exhibits the Demand from all sources of Extra Revenue in the past compared with the preceding Fesly.

No.		Demand of Fusly 1253	Demand of Fusly 1254	Increase	Decrease
1	Salt	112616 10 0	108754 9 0		3862 1 0

		275808 8 0	229701 8 8	17821 5 11	63928 5 3
			Deduct increase	17821 5 11	
			Net Decrease	46106 15 4	

3. Although there is an apparent decrease of Rupees 46,106 15 4 in the Demand of the past compared with that of the preceding Fusly, this is attributable entirely to the abolition of the transit duties which occasioned a falling off of Rupees 57,843 15 2 and if we exclude from consideration this source of Revenue in both years the Demand in Fusly 1254 amounts to Rupees 229,701 8 8 while that of Fusly 1253 was only Rupees 217964 8 10 thus

Fort St George 1st December 1845

thus exhibiting an increase in the former year of Rupees 11736 15 10.

4. I now proceed to submit such remarks as may appear to be called for to explain the results under each head.

Salt.

5. The gross collection, Charges, and Net Revenue from this source for Fusly 1254 in contrast with that in Fusly 1253 is exhibited in the annexed figured Statement.

	Fusly 1253	Fusly 1254	Increase	Decrease
Collection	112616 10 0	108754 9 0		3862 1 0
Tuccavy	1050 0 0	2675 0 0	1625 0 0	
Total	113666 10 0	111429 9 0		2237 1 0
Charges	9523 10 7	16856 14 0	7333 3 3	
Net Revenue	104142 15 5	94572 11 0		9570 4 5

6. There was a decrease of Rupees 3862 1 in the collection from the sale of Salt. Many of the inhabitants of the District are in the habit of employing their Cattle and bandies in carrying salt to the different Villages, and selling it by retail whatever quantity remains on hand, when they reach the frontier, they dispose of to Brinjaries who meet there for that purpose. During the year under review, these parties have been more profitably employed in conveying grain into the District. The rise in the price of salt in the early part of the year had also some effect in diminishing the

sale.

Fort St George 1st December 1845

sale. Many parties of Brinjaries who came from the Nagpore territories for the purpose of purchasing salt returned without doing so on finding that it was not to be had on the usual terms.—

7. The Collection of Tuccavy depends entirely on the quantity of salt manufactured as the advance is always in proportion to the quantity ordered and the whole is recovered when the salt is received into store.

8. Subjoined is a Statement of the charges in the Department.—

	Fusly 1253	Fusly 1254	Increase	Decrease
Servants Wages	4,144 10 9	4,228 3 10	83 9 1	" " "
Price of Salt	1,902 14 3	7,567 1 7	5,664 3 4	" " "
Extra charges	801 1 7	2,511 8 7	1,710 7 "	" " "

Total	9,523 10 7	16,856 14 "	7,458 3 5	125 " "

9. There was a small increase in the servants wages owing to there having been no vacancies in the past, as in the preceding Fusly, and to fewer fines having been imposed.—

10. The quantity of salt remaining in the different pans not being sufficient to meet the anticipated demand at the close of the Fusly 1253 a larger quantity

Fort St George 1st December 1845

quantity of salt was taken into store in Fusly 1254. This of course occasioned a large increase in the amount paid to the manufacturer and in the Extra charges attending the manufacture.—

11. The balance of Tuccavy amounting to Rupees 2550 as exhibited in the Margin will be recovered when the new salt is received into store.—

	Balance of Fusly 1253	Tuccavy paid in Fusly 1254	Total
Demand	2,675 " "	2,550 " "	5,225 " "
Collection	2,675 " "	" " "	2,675 " "
Balance	" " "	2,550 " "	2,550 " "

12. In my letter of the 12th September I stated my opinion that it would not answer in this District to convey the surplus salt of one pan to supply the deficiency of another, and I now beg to explain the grounds on which that opinion was founded.—

13. There are 4 places in which Salt Pans are established in this District. Two of these, Tourrasah and Nellemookoo, are in the Southern portion of the District, and at both places salt might be manufactured to almost any extent. But the salt is so inferior in quality and colour, that it is never bought for exportation, but is only purchased for consumption, in the surrounding Villages.—

The

Fort St. George 1st December 1845.

14. The inferiority of the salt is to be attributed partly to the nature of the soil and partly to the Pans being exposed to a strong wind which in the manufacturing season brings clouds of dust much of which is deposited in the beds—

15. The other 2 Pans are situated at Coonadah and Coopilly in the Northern half of the District. The salt manufactured at these Pans, is much superior to that of Curnasah and Nellimookoo, and they are consequently much frequented by the Bringaries who come from the Nagpore territories.

16 The land adapted for the manufacture of salt at these Pans is not very extensive and the whole of the salt received into store is generally rapidly disposed of.—

17. But if the salt from the Curnasah and Nellimookoo Pans were brought there, not only would the salt not be purchased, but the Pans would get a bad name and the Bringaries who are very capricious would cease to resort to them.

Sayer. 18. There was a balance of Rupees 525—11—2 under this head due at the commencement of Fusly 1254 by the Betel renter

Fort St. George 1st December 1845

renter P. Seetaupulty and his securities P. Nurrsimloo and P. Boocheah. The same individuals were indebted in the sum of Rupees 1,829—10—8 on account of the Toddy rent from Fusly 1253 thus making the whole balance due by them amounting to Rupees 2,355—5—10. The same individuals leased the Toddy farm during the past year and they have not only discharged the whole amount due on that account, but they have also paid Rupees 1462—5—6 of the arrears. The whole of this sum has been credited to the Toddy rent.—

19. In my Report of last year, I explained that these renters had sustained much loss from the nature of the season and from the sudden abolition of the Betel rent just as the most profitable season was commencing. The renters and securities have paid all that they posses and the remaining balance, is, I fear quite irrecoverable, I beg therefore to recommend that the balance due on account of the Betel farm of Fusly 1253 amounting to Rupees 525—11—2 and the remaining balance on account of the Toddy farm for the same Fusly Viz: Rupees 367—5—2 may be remitted, and struck out of the accounts.—

Sea Customs 20. There was an increase in the Sea Custom Collections in the past compared with

Fort St. George 1st December 1845

with the preceding Fusly amounting to Rupees 16,415-1-9 as exhibited in the margin. This is to be attributed partly to the increasing trade at Bimlipatam and partly to the change of system consequent on the abolition of the transit duties by which a greater number of articles have been made subject to duty. The small decrease of Rupees 25-2-1 in the charges arises from vacancies in the department. The Board of Revenue in their proceedings on the last Report on the Extra Sources dated the 15th April last, require information as to the difference of Rupees 72. in the Sea Custom charges, inserted in the Statement marked C, in Fuslies 1252 and 1253. Under the orders of Government dated 12th April 1843 the Marine Department was abolished, a small Establishment however was still maintained, and annexed to the Sea Custom Department under which head the amount of this Establishment was charged, but the Civil Auditor objects to this and the amount of the Establishment for Fuslies 1252 and 1253 were transferred from the Sea Customs to the Marine Department which has occasioned the difference referred to.—

21. By the annexed Abstract Statement it will be seen that there was an increase of Rupees 148-8 in the demand under this Source of Revenue in the past compared with the preceding Fusly and in the collection including arrears there was also an increase of arrears amounting to Rupees 1715-10-4—

	Fusly 1253	Fusly 1254	Increase	Decrease

Charges—	...	...	...	...
Net Revenue—	51,864 6 8	53,580 1 ...	1,715 10 4	...

22. Of the current demand amounting to Rupees 54,386- Rupees 49,914-13-8 were realized within the Fusly and Rupees 1719-... since its close, leaving an outstanding balance of Rupees 2,752-2-1- This is due by J. Caumiah the renter of the Arrack farm and H. Venkatanursingarow his security- The former is as usual merely a servant of the latter. The security H. Venkatanursingarow was largely engaged

Fort St. George 1st December 1845

engaged in farming speculations and from the unfavorable nature of the last season he has been completely ruined. As I saw that he was disposed to misappropriate the Arrack collections for the discharge of his rents, I sequestered the Arrack farm, and retained it under Aumany, and the present balance is the difference between the amount realized by me and that for which it was rented. Had I not taken this step, I am confident that the balance would have been much greater, as the renter has been most urgently pressed for his Revenue Balances and has even been arrested under the orders of the Civil Court. I have already stated that the losses which he has sustained in his rents have completely ruined him and I therefore consider the present balance as perfectly desparate and recommend that I may be permitted to strike it out of the accounts.

23. In regard to the arrears of Rupees 1829-10-8 due on account of the Toddy farm for Fusly 1253 I have already explained in para 18 that Rupees 1462-5-4 had been collected and that the remaining balance is desparate.

Stamp Revenue

24. The annexed Abstract Statement

Fort St. George 1st December 1845

Statement shews the collection from this source of Revenue in the past compared with the preceding Fusly. There was a decrease of Rupees 4554-9- owing to the abolition of the transit duties, but if this be excluded, there will be an increase of Rupees 2332-3-11 on the Stamp Revenue, Viz: an increase of Rupees 2547-13-11 in the money stamps sold and a decrease of Rupees 215-10- in the sale of Sea Customs Rowannahs.

25. There was a decrease of charges under this source of Revenue amounting to Rupees 723-12-6 of which Rupees 111-4-6 was the decrease in the commission owing to the reduced sales and Rupees 612-8- was the decrease in the amount of Stamp duty repaid to parties whose cases were settled by

by Kauzeenamah.

Moturpha

26. There was an increase in the Demand under the head of Moturpha amounting to Rupees 1,257–12–2 owing to several Estates having reverted to Sumany during this Fasly and from the cause there was also an increase in the Collection amounting to Rupees 180–8–6 as will be seen by the subjoined Abstract Statement.

27. Of the Demand amounting to Rupees 7,433–8–7, Rupees 7,199–12–4 has been collected within the Fasly, leaving an outstanding balance of Rupees 233–12–3. This is due by indigent traders. As much as possible will be collected during the present Fasly and a permission for striking the balance out of the accounts will be solicited in my next Annual Report.

Under

28. Under this source of Revenue there was an arrear of Rupees 668–11–7 outstanding at the commencement of the Fasly under review, of this amount Rupees 39–0–2 have been Collected and Rupees 505–7–8 remitted under orders of Government dated 27th May 1845 leaving a still outstanding balance of Rupees 124–3–9. This is I fear irrecoverable, but a more detailed explanation will be submitted in my next Annual Report.

29. The subjoined Statement will at a glance shew the Net Revenue, after deducting the Charges of all items of Extra Sources in Comparision with the preceding Fasly.

From which it will be observed that there was a decrease of Extra Revenue to the Extent of Rupees 31,186–9–8, but that the amount of deficiency consequent on the abolition of Sayer duties amounts to Rupees 39,454–3–4 and that therefore if this be excluded from consideration, there has been a Net increase of Revenue in the past year amounting to Rs. 8,267–9–8.

From the Coll.r of Masulipatam } Sir,

I have the honor to acknowledge the receipt of your letter dated the 3.d Instant, in which I am desired with reference to the correspondence with Government which accompanies it to state, to what causes the embarrassments of the Mylaveram Proprietor are to be ascribed. what resources will remain to him after the sale of his Estates and whether there exists in his case any peculiar circumstances which would recommend his claim to some future provision to the indulgent consideration of Government —

Submitting the information called for by the Board on certain points relative to the embarrassed circumstances of the Mylaveram Zemindar —

2 — As regards the first and third of the above queries I am unable to afford more complete information than that already submitted to Government by the Board in the 3.d Para of their letter of the 22.d September last, the causes alluded to, as those to which the Zemindars embarrassments may be ascribed seeing I apprehend, fully capable of proof from the various reports at present

Fort St.e George 1.st December 1845.

present on the Board's Records; and the claims of the zemindar to consideration as regards some future provision from Government in the event of his Estates being sold, being in fact no more than those which have been usually urged under similar circumstances by ancient families, and which appear to have almost invariably been responded to by the Home authorities. In the present instance the Proprietor, who is the representative of one of the oldest families in the District will undoubtedly become, by the sale of his property an object of commiseration at at all events, as in reply to the 2.d of the Board's queries I regret to have to state that he possesses no real property besides that which forms the subject of the present correspondence and that I have reason to believe that the value of his personal property is utterly inadequate to satisfy the claims of his private Creditors.

From the Coll.r of Nellore - - } 1. On a complaint that there was a quantity of concealed cultivation not brought to account in Fusly 1254 in the Village of Caspor in the Survapully Talook, A. Ramia Tahsildar of Cottah was deputed to proceed instantly to the spot to remeasure certain lands enumerated in the complaint, and he reported that with very trifling exceptions the original account was correct. Having a suspicion of the correctness of this statement, the Tahsildar of Survapully was directed to re. examine the lands and a wide difference appears in the measurements reported by him and acknowledged by the Ryots of the Village as correct; and on measuring the whole lands of the Village as are excess of Rupees 765-4-2- has been brought to light.

Recommending that A Ramiah the Tahsildar of Cottah Talook, Goolam Mohedeen the Sub Tahsildar of Survapully Talook and C. Venatanarsoo the present Tahsildar of Sungam may be fined each in one of his Months pay for carelessness in measuring certain lands at Caspor in the Survapully Talook.

2. The Tasildar of Cottah was

was not directed to examine the whole lands, but the gross neglect and carelessness evinced by him in measuring those on which suspicion of excess rested if not arising from dishonest motives of which I do not accuse him, has been such, that I beg to recommend he may be fined in one Months pay 85 Rupees, as also the Sub Tahsildar of Survapully Goolam Mohedeen 25 Rupees, who was present at the time of the measurement and shared the carelessness of the Tahsildar and made no report of the same.

3. Culpable neglect has also been shewn on the part of C. Venatanarsoo the present Tahsildar of Sungam who originally examined the cultivated lands of Caspor and reported the measurements of the Peishcar as correct, and on which report the Settlement of the Village was made at a loss as above stated. Such carelessness requires a check and as a punishment to the Tahsildar himself and a warning to others I beg also to recommend that he be fined one Months pay or 80 Rupees.

who reversed them on the ground of impropriety and the fine was therefore remitted. but the record of the case satisfied the Board of the unfitness of the Tahsildar to continue in Office and his previous dismissal by the Sub Collector was therefore confirmed.

3. It appears that during the period that Sooba Row was under suspension, his pay was not charged in the Public accounts, but that provision was made for the discharge of his duties by the temporary promotion of the Subordinate Servants who officiated in the higher appointments, but on their former rates of pay.

4. It will be seen from the Statement accompanying the Collectors letter that the sums payable to the parties for the periods they have acted amount to the sum of Rupees 1155-1-1. being the difference between the Salaries of the situations in which they respectively acted and those of their former Offices which they have already drawn.

5. As the parties would appear to have acted for periods varying from one year to one year and a quarter, their claims to the increased allowances annexed

annexed to the appointments in which they officiated seem to be reasonable, and the Board beg accordingly to recommend that the Collector may be authorized to disburse to them the amounts abovementioned of Rupees 1,155-1-1. from the Salary undrawn by the Tahsildar according to the Memorandum which accompanied his letter.

No 1384

From the Coll. of Bellary -- } Para 1.

Stating with reference to the Boards letter of the 15th March 1844 that the persons competent to fill the offices of Village Moonsiffs were selected from among the Pitails &c. during the Immunity of July 1254 and the necessary Summuds have been issued to them with Copies of the Regulation translated in the Native Language.--

† Minutes of Consultation 31st October 1843.
Board's Proceedings 22nd January 1844.
Collector's letter to the Board 15th March 1844.

Sir,

With reference to the Correspondence noted in the Margin relative to the exercise by Village Moonsiffs of the powers vested in them by Regulation IV. of 1816, I have the honor to report for the information of the Board of Revenue, that as intimated in my letter

letter of the 15th March 1844, Persons competent to fill the office of Village Moonsiffs were selected from among the Potails Vcw by myself in my own Division, and under my orders by the Sub Collector in his, during the Summabundy Settlement of Fasly 1254 and the necessary Summuds or Puttahs have been issued to them with copies of the Regulation translated in the Native language.

2. The number of Villages and of the Potails and Curnums Vcw to whom Summuds were so furnished is specified in the following abstract Statement.

No.	Items	Number of Villages	Number of Persons
1	Puttahs in the names of Potails	1972	1983
2	——D°—— Curnums——	93	83
3	——D°—— Shrotriaandars——	111	107
4	——D°— Amany Mootsuddies and Principal Ryots——	209	170
	Total——	2385	2343

3. From this account a difference appears between the number of Villages and number of Persons and that is owing to the following reasons.

1st. Because in many cases where there is a separate Potail for a Hamlet, I had to issue a Summud to every such Potail.

2nd. Because it was thought sufficient where practicable, to issue only one Puttah to a Potail who has charge of both a Village and its hamlets. and.

3d. By granting only one Summud to such as have the charge of more Villages than one. Hence the number of Persons or rather Puttahs, became smaller than that of Villages.

4. In issuing so large a number of Puttahs I was not guided by any expectation that the power will be exercised in all the 2385 Villages or that the whole of the persons are quite fit for their Offices; but that at any rate it is proper the system should become universally known, and that the delegation of the Power will not fail to be attended with beneficial effect at least in the important Villages which are numerous in this District, and I have now the satisfaction to add, that the object has partially been realized. The encouragement and instructions personally given by me to

to the Parties on the occasion of delivering the Puttahs have operated with advantage, for such will appear to be the case by the instances noticed enclosed transcript of an Extract from the Proceedings of the Court of Sudr Udalut bearing date the 15th August 1845.

5. The Regulation has heretofore been inoperative, it may be said a dead letter in this District. I however have not a doubt from the efforts which have been and are to be made in the matter, that it will be brought into full operation in many places in a short time.

6. It may not superfluous here to observe, that although the limit as to amount, upto which the respective Grades of Judicial Functionaries should take cognizance of Civil Suits had been defined, I had nevertheless reason to suppose, that the Rule was not strictly observed till lately. I am now informed, that the Sudr Court have recently revised the System and passed restrictive orders in the matter in order that no higher judicial tribunal may interfere with or take cognizance of Suits falling within the limits of

a lower one. This I should imagine it would be equally expedient and of great importance to extend (the restriction) also to the District Moonsiffs who continue to entertain suits dispossable by the Village Moonsiffs) should be strictly forbidden doing so, the Village Moonsiffs can have no possible excuse for not performing their duties. On the Contrary, the latter will then consider it binding on them to dispose of all such Civil matters as ought properly to come before them.

Sir,

1. I have the honor to report for the information of the Board that the Shrotriumdars in arrear for Fusly 1254, with the exception of the Shrotriumdar of Boochi Allepet have discharged their balances within the time fixed in the Notice published under the instructions contained in Extract of Pro: ceedings dated the 25th August last.

2. Regarding the Village of Boochi Allepet I beg to state that a suit which was instituted in the Civil Court under the authority of Government is still pending. Ansoor Sreenevassa Chetty and Pe: roovengada Ummah who sued the Registered Shrotriumdar for a share of the Shrotrium have obtained a decree of the Principal Sudr Ameen in their favor for 3 fourths, and have been placed in possession of that portion. Against this Decree the Registred Shrotriumdar has appealed and meanwhile he has failed to pay any portion of the Kist. Under these circumstances Sreene: vassa Chetty and Peroovengada Ummah have

To, The Chief Secretary to
Government

Sir,

I am directed by the Board of Revenue to request you will submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of North Arcot, dated 9th October last, bringing to notice the insufficiency of the Salary now allowed to his Translator Mr. Franszs Viz. 36 Rupees, and recommending its increase to 70, so as to be more in proportion to the acquirements and duties expected of an Officer of his class.

Mr. Lovell states that Mr. Franszs has been employed in the Office 17 years, during 12 of which he has served as Translator, and that that his services and abilaty are such as will enable him to look with some confidence to an increase of Salary. he further states that the business of the Office has been steadily increasing, and that in the event of Mr. Franszs obtaining Employment elsewhere, he could scarcely expect to procure a competent person to succeed him at the present rate of remuneration.

In reply to Mr. Lovell's first application on the subject, the Board requested him to state whether he could not propose any reduction or Consolidation of Offices on the present Establishment, which would allow the arrangement recommended by him to be carried into effect without entailing any additional expence of Government, but it will be observed from Mr. Lovell's answer that no such arrangement is practicable, the English Establishment being barely equal to the increasing demands upon it.

Adverting to the testimony borne by the Acting Collr to the Services of Mr. Franszs, and considering that the Office of Translator in the Chittoor Cutcherry is at present evidently underpaid, and that the rate at which the Salary is proposed to be fixed for the future is the lowest at which a duly qualified person can be expected to be found the Board beg to recommend Mr. Lovell's application to the favorable consideration of Government.

From the Acting Collr of North Arcot

Sir

I have the honor to submit a report from the Acting Sub Collector Mr. Cotton in reference to the endorsement of the Board of Revenue on the petition of certain Ryots of the Poloor Talook complaining of exces Teerwah having been demanded of them unauthorized by the provisions of the Rookumnamah or established usage.—

Reports on the accompanying Petition of certain ryots of the Poloor Talook complaining of excess Teerwah demanded from them unauthorized by the provisions of the Rookumnamah or established usage.—

2. It appears that Mr. Cotton is satisfied from the enquiry which he made under the above orders from the Board, that the Teerwah had been fixed too high in some cases and has granted remission (pending sanction which will be applied for hereafter) to the Amount of Rupees 193. 6-3. Mr. Cotton it will be seen lays the blame of the excess having been demanded, in some instances on the Negligence of the Monegars in which I find it difficult altogether to concur with him. When Mr. Binning quitted the district having settled the Sanabundy of all his Talooks except Poloor, I immediately despatched an order to the Sub Collector's Serishtadar at Arcot to join my Cutcherry but received his answer from

from Poloor, in whither he had proceeded to prepare the Accounts Vea, he said, for the Jamabundy of that Talook.- Complaints were made to me of his proceedings by the ryots, to which I requested Mr. Cotton's particular attention immediately on his joining the District and it seems to me impossible therefore that their discontent at the amount of teerwah demanded of them, should have been unknown to the Serishtadar and under the above circumstances I must suspect him of partiality in not having seen that their Complaints were fully explained to Mr. Cotton in the first instance.

3. In regard to "lands watered "by Wells the joint property of several in- "dividuals" I had hoped from Mr. Cotton's remarks towards the end of the 1st Para that he had made no alteration in the course pursued in the other Talooks but he states in his Jamabundy report, + just received, that he had "not thought fit "generally to acknowledge their right merely "granting remission on lands possessed by "the actual owner of the land, in which the "well is situated"- Mr. Cotton rests his measure on the Board's orders, which it is clear

+ 21st Oct. 1845 Para 13.

clear to me he had misunderstood. When he found that he differed from Mr. Binning and myself in the view which we had taken of those orders- his obvious course should have been to have suggested a reference to the Board to remove the doubt. It could not be right to adopt a different course in one Talook from that which had been followed in the others and it was obviously unjust to the Ryots to charge in August the heavy Nunjah or Total assessment in arrear for the last Fusly, on lands which they had taken as subject to the poonjah teerwah only.-

Sir,

Para 1. I have the honor to acknowledge the receipt of your Memorandum under date 1st Instno, requesting me to enquire and report on Petition No. 933 presented to the Board of Revenue by certain Villagers in the Poloor Talook and in reply to state that with the assistance of your Head Serishtadar I have given

the

the subject my best attention, and have issued such orders as I thought necessary with regard to lands watered by wells the joint property of several individuals. I wish to consult you and peruse the Board's orders regarding them. At present I have only issued instructions to the Tahsildar to enquire who are the actual owners of the several wells in question.

2. The real cause of Complaint entered in the Petition above quoted appear to me to come under the following heads.

1st Excess of Moturpha tax.

2nd Tasing land not cultivated for which remission should be given.

3rd Assessing lands newly brought under cultivation at a higher rate than sanctioned by the Hookoommanak.

4th Demanding Kist for Beetle Gardens that have not been cultivated.

5th When Poonjah is converted into Nunjah and tolucal for fixing the assessment higher than sanctioned by the Hookummanak.

6th Levying taxes on Trees that do not exist.

3. With reference to the 1st item It will be seen by the enclosed amount a

a remission of 39 Rupees 4 annas has been made which excess had been fixed from the negligence of the Monigars to report when certain shops were opened or closed. To prevent trouble I have intimated that no small fractions of a Month will hereafter be allowed. If the Shop be closed or opened previous to the 15½ a Months assessment will be collected, after that date a whole Month Assessment. Under the 2nd Head also a remission of Rs. 14. a. 3. p. 6 has been made. Under the 3rd Head likewise Rs. 24. a. 11. p. 2. have been remitted.

With regard to the 4th item of complaint the fault lay here also with the Monigars who neglected to report the state of the Gardens and they were accordingly entered in the accounts as standing and taxed as such Rs. 23. a. 10. p. 11 have been remitted on this account.

Under the 5th Head a remittance of Rs. 91. a. 7. p. 5 has been made and under the 6th Head Rs. 12. a. 3. p.

4. The Statement that I joined 2 persons together with several other assertions made in the Petition are untrue.

North Arcot District—
Sub Coll.ts Circuit Cutcherry
Ranneepet 6th October 1815—

No 2.

Signed R. P. Cotton
Acting Sub Coll.r

Extract from a letter from the Acting Sub Collector of North Arcot dated 21st October 1815.

13. With reference to the remission allowed to lands cultivated by means of wells I would remark that under the practice hitherto recognized, it is difficult to refuse remission to any who irrigate their lands by well water whether the well is situated in their land, or the land of another, or of Circar whether the well is wholly or jointly theirs. For instance A may dig a well in his own land, but afterwards sells

or

or rents (or says he does) shares in it to B, C, D, E and F who all claim remission, as also do A, B and C who jointly may dig a Well in the puttah land of A, B or C. again A, long since dead, may have dug a Well in his puttah land 50 or 60 years ago, B and C his sons divide the Estate, but both of them, as also D and E. F and G, their children maintain their right to the well, though they have none to the land, in which it is, and claim remission. Again A digs a well in his Manniem land but sells shares to B, C and D, who immediately claim the well as theirs, and demand remission, and lastly A irrigates his land from a well situated in Circar Nunjah or Porumpoke land, to which he can have no right, but yet he claims remission, stating that the well was either dug by him or his ancestors. From the 11th Parah of the Board's Proceedings I would infer that it is their wish that the system as in practice in Bellary should as far as is possible be introduced into this district. From what I have been able to learn, it would appear that remission on land in Bellary

watered

watered by wells, does not extend beyond the very plot in which the well may be situated. This Statement may not however be correct, though I received it from a Bellary Tahsildar, I have issued instructions to enquire into the ownership of such wells regarding which there is any doubt and as yet have generally found several who claim a share in them. I have not however thought fit generally to acknowledge their right merely granting remission on lands possessed by the actual owner of the land in which the well is situated, with regard to wells the property of undivided, or even divided families I have not interfered, indeed I know not how far what I have done will meet with the Board's approbation or has been in accordance with their wishes.—

Before passing orders on the above application the Board wish for some further explanation. They observe on reference to Enclosure No. 4 in the letter above recorded that of the parties therein entered Nos. 1. 2. 6. 7. have discharged no part of their Bariz for the past Fusly 1254. and that in the three other cases (Nos. 3, 4, 5.) in that List but a small portion only of the Government demand for that year has been paid. The latter remark applies to the party entered in Enclosure No. 3. It is also observed that in several cases the "probable value" assigned to the landed property of the defaulters bears but a very inconsiderable proportion to the Government assessment upon it. Thus in the first number of Enclosure 4, lands bearing an assessment of Rupees 55 are valued at Rupees 5. in Nos. 3-4-6-7. the assessment and probable value stand as under.-

" 4	20 " "	5 " ".
" 6	23 " "	2 " ".
" 7	13 " "	2 " ".

the "probable value" being in no case more than one third of a single years assessment. The occurrence of arrears on land of such little value would not be matter of surprise. The Board however wish for more explicit information in respect to the circumstances under which the whole or so large a portion of the Demand of the past year, has remained uncollected, and as to the manner in which the probable value of the lands has been ascertained, with such further explanation in regard to the condition of the several Defaulters and the causes which have led to their default as shall enable the Board to decide upon the course to be pursued in respect to them.-

Sir,

With reference to your letter of the 14th August last and the Extract from the Statement of Charges incurred without Estimate in Fusly 1253, sanctioning out of the total sum actually paid on account of batta to the Huzzoor Servants on Circuit amounting to Rupees 2,009-11-4, Rupees 2,006-3-2. I have the honor to observe that the difference of Rs 3-8-2 was actually due to the parties on account of Batta and that an erroneous entry of Months and dates in the account Particulars formerly submitted was the cause of the seeming overcharge. I therefore beg you to forward 2 revised Statements of Batta paid to these Servants and to request that sanction may be given for the sum of Rupees 3-8-2. thus remaining unsanctioned.-

From Sir H. C. Montgomery Kt.
Collr. of Tanjore.

Sir,

With reference to your letter of the 30th October last, calling on me to reconsider the judgment passed by me under Regulation IX of 1822 against a Village officer convicted before me of having misappropriated a certain quantity of Kheppa Seeds due to a Pagoda on the ground that the property of a Pagoda can scarcely be held Public property within the application of that Regulation, I have the honor to observe that though the seeds thus misappropriated belonged to the Pagoda, they were part of that property retained under the management of Government for the security of which the Government must be responsible as long as it continues to hold it, though unaccountable for the due application of what is allowed for the support of the Institution. Considering this the interest which the Circar has in the security of

Sir,

I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Trichinopoly reporting the death, on the 5th June last, of Syed Modeen Jeemiahdar, and suggesting that the allowance be continued to his Eldest Son Syed Ghouse.

From the subsequent correspondence with the Collector, also transmitted herewith, it will be observed that the Yeomiah in question though entered, for what reason cannot now be ascertained in Mr. Travers' Register as a Charitable Yeomiah was originally granted for the expense of an Ausaree Mooharreck, that is, a place in which the relics of Mahomedan Saints are deposited. Mr. Onslow states that there is every reason to believe the Purwanah which accompanies his letter of the 6th November to be genuine, and that the Service is still performed. The Board therefore beg to recommend the continuance of the Yeomiah in the name of Syed Ghouse eldest son of the late incumbent. It should be added that the allowance though declared payable from the Sayer Department has, like many other Yeomiahs granted on similar terms always, been defrayed from the general Revenue of the District.—

with Enclosures Nos 1 to 11.
To Collector 27th October Do.
From Do. 8th in Con. 27th Nov. 1845

From Mr. Onslow's letter of the 26th September last it will be observed that only 5 of the original Yeomiah dars are now in existence which in part will account for the apparent discrepancies noticed by Government

2.

Fort St. George 1st December 1845

Government as existing between the Statements accompanying the letter of the Collector dated 18th November 1814 and that transmitted by Mr Travers in 1813.

3. It has been further shown with reference to the observations of Government in the commencement of para 3 of the Extract under acknowledgment that the insertion of the three Yeomiahs which had lapsed on the death of the incumbents was owing to the yeomiahdars in question being alive and receiving their allowances up to the date for which the sanction of Government was solicited their demise having occurred subsequently to that period. The death of the other Yeomiahdar Syed Tipoo was reported to Government and sanction for the continuance of his share to his sons was granted in Extract Minutes of Consultation dated 31st January last

In Cons. 3d Feby 1845.

4. The Board regret that the records of their office do not enable them to afford any specific information as to the original authority under which the Yeomiahs in the Trichinopoly District were continued on the lapse of the then incumbents to their successors other than that it would appear to have been the practice of the Board for a series of years past to issue instructions to the Collectors regarding the disposal

Fort St. George 1st December 1845

disposal of allowances of this nature on the deaths of the parties in possession being reported by the local authorities and in the absence of any objections being raised to this course either on the part of the Civil Auditor or Government the system would seem to have been permitted to continue in force for a considerable length of time.

5. In advertence to the concluding part of para 1 of the above Extract wherein Government desire to be informed of the grounds under which the continuance of certain pensions entered in Statement B which accompanied Mr Travers' letter in 1813 was permitted, when the orders of the Board in their letter to the Collector of Trichinopoly dated 29th April of the same year stated that all the yeomiahs entered in that Statement were to be considered as ceasing on the deaths of the persons enjoying them, I am instructed to observe that on perusal of the letter alluded to it does not appear to have been the intention of the Board to have directed the discontinuance of all the pensions mentioned in Statement B but merely those specified in that particular para of their letter which it will be observed contains but a small number of the

Fort St. George 1st. December 1845

the Yeomiahs inserted in that Statement.

6 In conclusion the Board beg to recommend that Government will be pleased to grant authority for the payment of Rupees 4175-12-2 the sums actually disbursed in Fasly 1252 and objected to by the Civil Auditor, and also for the continuance of the allowances enjoyed by the 41 Yeomiahdars of the District amounting to Rupees 400-9-1 per Annum as shewn in the Abstract Statement appended to para 4 of the Collectors' letter of the 26th. September last.

Sir,

From the Collr. of Trichinopoly

States that 5 Respectable witnesses have deposed to the service having been performed during the period of Pasha Beebee's absence alluded to in the Bds Proceedings of the 27th. Ultimo.

Para 1 With reference to the Extract from the Board's proceedings under date the 27th. Ultimo directing me to ascertain whether the service for which a Yeomiah the payment of which in arrears is claimed by Pasha Beebee was regularly performed during her absence, I have the honor to state that five respectable witnesses have deposed to the fact of the service having been duly performed during the period in question.

2 I further beg to state in reference to the objection made by the Board that an allowance of 6 annas a day would amount to Rupees 136-14-0 and not Rupees 132-8-6 per annum that the original terms of the Yeomiah were a grant of annas six per diem for 354 days in the year, at which rate the annual amount is Rupees 132-8-6 and that altho' the order of Government dated 29th. February 1828 authorizes a grant of "6 annas a day" "the terms of the original grant were adopted by the then Collector of the District. Hence the discrepancy noticed by the Board.

of the preceding year by Rupees 31868-12-10 exceeding all previous years Revenue on record as shewn in the memorandum appended to Enclosure No. 1. The quantity sold during Fusly 1254 Amounted A.D. 1844/45 to 2381-27-½ of which 276-220 were sold at the rate of 180 Rupees and the remainder 2107-207-½ at the decreased rate of 120 Rupees per Garce - the Increase in the actual quantity sold above the preceding Fusly being 88-56-½. The Decrease in the Charges for Fusly 1254 A.D. 1844/45 in Comparison with the previous Fusly is accounted for Chiefly by the decreased quantity of Salt manufactured in that year, and the lesser Charge of Codemarum in Consequence - The Charges being deducted from the Gross Collections an Increase of Rupees 50047-14-5 is exhibited above the Net outturn of Fusly 1253. The Net Revenue under this head after deducting charges exhibits a net Increase of Rupees 101456-3-8 above the proceeds of the previous Fusly, which excess the Collector Remarks arose from duty levied on increased exportation of Cotton to Madras and China throughout the Fusly the increase in these two items above amounted to Rupees 98066-15-5. to which being added an excess of Rupees 3289-9-11 obtained from the larger exportation of Piece goods to Bombay and Malabar and Sundries to different places, the total increase of Revenue under the head of exports amounted to Rupees 101356-9-4 the increased Import duty collected on Tobacco from Jaffna, Metals from Bombay Wine from Madras and Timber and Sundries from Travancore also exceeded that of the previous Fusly by Rs. 4295-4-5 thus making the total increase Rupees 105651-13-9 Deducting the decrease in the exportation of Jaggery Chanks and Sundries to the amount of Rupees 3984-15-4 the Increase in the Current Collections under this head for Fusly 1254 amounted to Rupees 101666-11-5. The Gross Collections including Extra Revenue exhibit a Total of Rupees 161412-11-3 under the head of Sea Customs for the year under Review. The Charges amounted to Rupees 356-9-6 in excess of those of Fusly 1253 owing to the increased rate of pay disbursed to the Shanbogue of Sultanpetta, these being deducted from the Gross Collections the Net Revenue amounted to Rupees 158929-3-4 being Rupees 101456-3-8 in excess of that of Fusly 1253-

The sundry sources of Revenue under this head yielded a less outturn than that of the preceding year by Rupees 5337-2-4 which is ascribed partly to the less offer for Fish rent from the circumstance of the Tanks not having received their full supply of water, and partly from the Fishery having been rented out per-manently to the Ryots of the respective Villages at the average of the last 5 years. The Collections realized under this head amounted to Rupees 25625-8-9 leaving a balance of Rupees 5018-0-4 at the end of the Fasly of which the greater portion, Viz. Rupees 4912-0-0 is stated to be due by the Chank renter of Fasly 1254 — A.D. 1844/45 — Regarding the cause of the large balance outstanding against this individual the Collector is silent, but the Board hope that the amount will be adjusted without delay.

9

Including Collection of arrears and Extra Revenue the gross receipts were Rupees 26443-11-10 which in the absence of any Charges formed the Net Revenue of the Fasly and fell below that of the previous Fasly by Rupees 10034-6-7-

14 From the Statement appended to Para 23 of the Collector's Report, it will be seen that the demand on all Extra Sources of Revenue for Fusly 1254 A.D. 1844/45 was Rupees 6,98,109-3-2 showing a Gross Increase of Rupees 27744-4-11 above that of the preceding Fusly. The Collections realized within the Fusly amounted to Rupees 6,92,002-4-6 exceeding by Rupees 25714-9-6-6 those of the antecedent year; and the decrease in the Charges by Rupees 27145-13-6 below those of the past Fusly was the result chiefly of a lesser quantity of Salt manufactured within the year, as noticed in Para 3 of these Proceedings. The Balance of Rupees 6106-14-9 outstanding at the close of the Fusly and which exceeded that of the previous year by Rupees 1994-10-5 was reduced by subsequent Collections up to the 15th September 1845 to Rupees 5013-3-11. Of this Balance, the sum of Rupees 20-14- is stated by the Collector to have been erroneously charged to certain cultivating Ryots on account of Motursha and Rupees 5-10-7 due on account of Fusly 1252 A.D. 1842/43 have since been ascertained to be irrecoverable, making a sum Total of Rupees 26-8-11 which under the circumstances

circumstances stated in Para 26 of the Collectors Report, the Board beg to recommend may be written off to profit and loss.

15 In respect to the orders solicited by the Collector in Para 25 of his Report, regarding the levy of Tax on certain Cotton Screw Houses erected, and in course of erection, at Tutacorin and its vicinity as well as in advertence to Para 13 of his previous Report of 14th December 1843 now referred to by him, the Board would remark that on general principles they would be averse to imposing any tax which might in any way fall upon the Cotton, and which it is not desirable should be subjected to any obstacles to its increased exportation but before passing any definite orders on the subject they would wish to be informed whether the Cotton screws and Warehouses of Native Merchants are subject to any tax of the kind adverted to and if so at what rate and in what manner it is regulated.

Ordered that a copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the Collections Charges and Net Revenue be submitted to Government, and a transcript of the same be forwarded to the Collector of Tinnevelly for his information and guidance -

From C. B. Thomas Esqre
Collector of Tinnevelly

Sir,

The Sub Collector's Sheristadar Ram Row has communicated to me that he has been invited to undertake the duties of Head Sheristadar in Nellore, that he believes the Board of Revenue have approved of the arrangement, and applies to me for a record of his services. Not having received any orders or intimation from the Board, I would only beg respectfully to remind them (if Ram Row's statement be correct) that he will be a very great loss to Tinnevelly, with especial reference to the Survey here, for which he was purposely called up to the Board's Office, instructed for 3 years, and returned for that particular object, bringing with him a great many papers and accounts, connected with the Survey, which no one else can so well explain as himself.

Board's Proceedings 2d March 1840 para 32.

If the Board deem his services more important in Nellore, of course I have nothing to say; but I may perhaps be permitted to mention for the Board's consideration,

fit for the vacant appointment at Nellore.

Tinnevelly, 17th November 1845. } (Signed) E. B. Thomas
Collector.

Ordered that the following
letter be sent in reply-

(43-44)

To the Collector of Tinnevelly. } To. The Collector of Tinnevelly

Sir,

Para 1. I am directed by the Board of
Revenue to acknowledge the receipt of your letter
of the 17th Ultimo on the subject of the appointment of Ram Row Shanistadar of
the Tinnevelly Sub Division to the Head Shanistadar of the Nellore District-

2. In reply the Board instruct me to inform you that they regret that the loss of Ram Row should be productive of any embarrassment to you, but that they do not think that it would be just towards that individual to deny him the opportunity of advancement now open to him. As however Ram Row has been for some time engaged in the conduct of the Tinnevelly Survey, in the course of which he must have been associated with other Goomastahs of your Cutcherry and have had frequent occasion to instruct them in the use and preparation of the various

various accounts and other papers connected with the work, the Board are led to hope that his removal from your District may not be attended with the inconvenience which you will appear to anticipate-

3. It is desirable that Ram Row should proceed to Nellore without loss of time-

From the Coll.r of Tinnevelly. } Sir,

Para. With reference to your letter of 25th August last, I have the honor to forward a Statement shewing the nature of various petty taxes falling under the head of Motuphha, and the average revenue realized from them for the last 5 years and to observe that besides those entered in the Statement, I am not aware of other petty taxes, which can be considered vexatious and objectionable-

2. It should be remarked that these taxes, though not distinctly entered in the Statement forwarded to the Board with my letter of 4th August last, have been included among Items of a similar nature but of larger amount-

From the Pl. Collr of Canara . . .

I have the honor to forward to be laid before the Board of Revenue translation of a Plaint in Suit No: 29 of 1845 brought by one Chemdkhan against myself as Official Successor to Mr. Thompson, my Assistant and three others native servants for recovery with damages, of a strip of land enclosed for the public road which he was made to restore by the Magistracy, together with a draft of an answer which I propose to file to it.

Forwarding translation of a Plaint in Suit No: 29 of 1845 together with a draft of an answer and requesting Sanction for the defence of the Suit at the Government expense.

2. The enquiry by the Police satisfied the Assistant Magistrate Mr. Robinson that Plaintiff had actually encroached upon the public road, which he did his duty in obliging the Plaintiff to replace.

3 Mr. Thompson the then acting Magistrate reviewed the proceedings of Mr. Robinson and confirmed his decision on the full conviction of its justice and correctness.

4 Under these circumstances, I request that the Board will obtain the necessary Sanction of Government for the defence of the Suit in question at the expense of Government.

Draft

Fort St George 1st December 1845

No 1

Draft of answer proposed to be filed in the Suit No 29 of 1845 of the Zillah Court of Canara.-

The Plaintiff Chandkhan of Coodrovelly brings this action to recover 15 Rupees damages against 1st Defendant the Magistrate for confirming in appeal an order of the 2nd Defendant the Assistant Magistrate directing that a wall raised at an outlay of Rupees 15 by him (Plaintiff) should be pulled down and a strip of land enclosed by it, 4 yards broad and 30 yards long and declared by the 2nd Defendant to be public property should be laid open.- The Plaintiff further prays that the Court may order restoration of the strip of land and that the wall be re-built at public expense.-

3rd Defendant is the Tahsildar of Mangalore who conducted the Police inquiry, and 4th and 5th Defendants are the Potail and Shanbogue and sued for having made false representation in the proceedings as these officers acted under the orders of the superiors no seperate answer is necessary for them.-

The

Fort St George 1st December 1845

The place in question is a garden situated on the East side of the high road from Coodravelly to Belloor and part of the Estate of Pootoomany Sheshayer Proprietor Koosapah which the Plaintiff states his ancestors have long held on Chalgueny lease. On the 8th of October 1843 he obtained a perpetual lease of the garden from the Proprietor at 1 Rupee 8 Annas per Annum since which time he has expended a considerable sum in improvements.-

In February 1843. he commenced building the wall in question, encroaching several feet on the public road. He was at once desired to desist by the Magany Shanbogue 4th Defendant in the present suit but as Plaintiff took no notice of this warning that Officer reported the circumstance to the Tahsildar under date 20th February $\frac{1253}{1844}$.-

The case was revived by order of the 2nd Defendant on personal inspection to the 3rd Defendant to make the usual police examination and take a Mahazarnamah. Measurement and the Mahazurnamah shewed that an encroachment of 4 yards deep and 30

Yards

yards long on the public road had been ma
by Defendant and the strip of ground en
closed by wall in question.

The Plaintiff in the examinat
before the Police denied the encroachment
but stated that if an enquiry it should be fou
that an encroachment had been made, he
would not object to Magistrate's removing th
Wall.

The Plaintiff alleges that the
strip of land in question is within the boundari
as defined in his Moolqueny Chit which de
fines them vaguely as bounded on the west
by the high road &c but the reports of the is
Magany Shanbogue Potail and the Mahazar
namah of some of the Principal inhabitants
will suffice to prove that the recognized
line of the public ground on the sides of the
road had been passed.

Second Defendant ordered th
encroachments to be removed and the piece of
ground in question to be restored to the road
which orders was confirmed in appeal by 1st
Defendant on personal inspection.

The encroachment was contu
maciously made in spite of frequent warn
of the Shanbogue and was removed only on
full and conclusive proof that it was illega

Bill of Plaint filed by Chand

Robinson the Assistant Magistrate, 3 Eshwuntapa
the Tahsildar of Mangalore, 4 Venkataramiah
the Shanbogue of Codyal Mogany and 5 Bun
-likary Vencappa the Potail of Bollor-

From the time of my Ancestors
held on Gueny a garden out of the Estate of
one Pootamary Shaishiya residing in the said
Village of Hoons 7-6-2 Beriz and it is 3 years
since I obtained the same on Moolqueny
tenure from the Proprietor and laid out
about 300 Rupees for improving it by planting
it with Cocoanut, plantain and other trees.
I also sunk a well in it and for the protec
tion thereof raised a wall on the west side
of my house, half a Guz thick, 30 long and
3 high at an expense of 15 Rupees. The
2nd Defendant having unjustly ordered this
wall to be pulled down on the plea of
the grounds whereon it stood being Circar
property, I preferred an Appeal from his
order to Mr Thompson the late Magistrate,
but

but that Officer, while (on Circuit) in another Talook confirmed the order appealed from without enquiry and without personal inspection of the premises and accordingly, the 2nd Defendant caused the wall to be removed on the 23rd March last and declared a piece of Ground 4 Gazs wide and 30 long producing annually ½ a Rupee and bounded on the east by the base of the wall, on the west by the high road and on the north and south by a Sand wall to be Circar property. Therefore, the 2d Defendant who unjustly ordered and caused the wall to be removed the 1st Defendant as the Successor of the Officer who confirmed the 2nd Defendants order, and the 3rd 4th and 5th Defendants who did not report the truth they knew during the enquiry are according to the provisions of Section XLIII Regulations IX of 1816 responsible to me for the loss which I have thereby sustained. I therefore pray that the Defendants may be sent for and examined and caused to replace the said wall valued at 15 Rupees, half a guz thick, 30 long and 3 high and restore to me a piece of Ground producing ½ Rupee and further to pay me Rupees 15 as compensation for the loss I have suffered in the destruction of my garden by cattle consequent upon the removal of the wall in question.

Ordered

Ordered that the foregoing letter be submitted with the following address.-

To. The Chief Secretary to Government

Sir,

53-54

To the Chief Secy to Government.

Submitting a letter from the Principal Collector of Canara forwarding translation of a Plaint brought against himself and others by one Chandkhan on account of the removal of a wall raised by him to protect his property and the addition to the public road of a strip of Land, being part of his property and recommending that the answer proposed by the Principal Collector may be filed and the Suit defended at the public cost.-

Para 1

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Canara dated 10th Ultimo, forwarding translation of a Plaint in Suit N: 29 of 1845 brought by one Chandkhan against himself and others,- and requesting the Board to obtain the sanction of Government for the defence of the Suit at the public expense.-

2. It is alleged by the Plaintiff that he holds on Moolgueny tenure a Garden belonging to the Estate of one Poostamary Shashiah and that for the protection of his property he raised a wall on the west side at an expense of 15 Rupees. the Assistant Magistrate caused this wall to be removed, and added to the public road a strip of land 4 yards wide and 30 yards long being part of Plaintiffs property. Plaintiff appealed to the Acting Magistrate who confirmed the Proceedings of his Assistant and Plaintiff has therefore been

been under the necessity of bringing the pre-
sent action.-

The 1st Defendant pleads in reply that when the Plaintiff commenced building the Wall in question he encroached on the public road. he was desired to de-
sist, but as he took no notice of the warn-
ing the encroachment was ordered to be re-
moved and the strip of land in dispute or-
dered to be restored to the road after personal inspection of the spot in questions by the Magistrate the 1st Defendant.-

It is further stated that the boundaries of the Garden rented by Plain
are vaguely defined in the Moolgueny Chit
but that from the report of the native Revenue Officers and some of the principal inhabitants of the place it was clearly shown that the re-
cognized line of the public ground on the sides of the Road had been passed.-

The Board are of opinion that the Proceedings of the Government Officer in this case were fully justified and they there-
fore beg to recommend that the proposed answer may be filed and the suit defend-
ed at the public cost.-

Board of Revenue
Fort St George

Sir,

55

From H. M. Blair Esqr } Para 1.
Collr of Canara.

Submitting the information called for by the Board on the subject of the possessions of Land by public Servants.-

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date the 15th October, forwarding an Extract from the Minutes of Consultation dated the 15th September 1845, in which some further information on the subject of the possessions of Lands by public Servants in this District is called for.

In reply, I beg to submit the following information on the several points on which I am required to report.-

2.

With respect to the public Servants alluded to in Paras 2 and 3 of the Minutes of Consultation, I beg to state, that I am not aware that there is at present a single Officer in the Revenue Department who has been introduced from another District.

3

With respect to the question whether the acquirement of the Lands held by public Servants, has been in any way aided by their Official position, although it is

4

is impossible for me to say that such cases may not have occurred. I am inclined to believe that instances of land required through improper Official influence are rare in this District. The people are so perfectly aware of their rights, and have always shewn themselves so ready in support of them, that few would be found to submit to any attempt to de= prive them either by fraud or intimi= dation of their land, which is held so dear, as to make the possession of it when in dispute, a matter of life and death to the proprietors. As respects the manage= ment of lands held by public Servants they are most generally cultivated by Tenants who pay the rents either to the Proprietors direct or to an Agent or Relative appointed to receive them.

5. In Para 3 of the Minutes of Consultation the Government require to be informed whether the services of the Natives of Canara who hold lands in the Province, could be dispensed with without detriment to the public interests. I have no hesitation in stating that such a measure could not be carried into effect without the greatest possible detri= ment to the public interests.

6. There are very few public Servants

Servants in the District above the rank of a Peon who do not possess some landed pro= perty, either in their own name or as Members of a family. To remove all these servants, from the Head Sheristadar down to the Talook Goomastahs, and Shanbogues, and replace them by Servants from other Districts, unacquaint= ed with the different Languages spoken in Canara, (two of them, the Tooloo and Coukany not being known I believe in any other part of our Presidency) strangers also to the Cha= racter of the people and the peculiarities of this Country must manifestly throw the whole District into confusion, and almost put a stop to the transaction of public business. There are other serious objections that might be mentioned to the removal of so large a body of public Servants, charged with no fault. but I consider that what has been already stated will so fully shew the utter inexpediency of the measure that it is unnecessary to say any thing more on the subject. The possession of landed pro= perty is considered by the natives of Canara as the Chief mark of respectability; and every person whether in the public service or engaged in any other occupation, invests his savings as a matter of course in the purchase

purchase of land, which affords the best security and gives generally a fair re-turn for the capital invested.-

7. To prohibit the public Servants of this District from the pur-chase of land as a means of providing for their families, would, in my opinion, be a great and unnecessary hardship. Such a prohibition would lead them to have recourse to every species of deception in order to evade the Rule or it would have the effect of depriving the public service of the most respectable men in the Country whose places must be supplied by needy adventurers, on whom little dependance could be placed.-

8. It is worthy of remark, that the only Tahsildar who has been convicted of improper practices for many years past in this District, was a man introduced from Trichi-nopoly named Balakrishna Row. This man had been in the habit of levying contributions from the Ryots, and had caused a deed to be forged with the view of depriving a young boy

some land.- Complaints were soon sent in against him, and the case having been investigated by the Sub Collector Mr. Lushington, was committed to the Circuit Court, by which the man was sentenced to 7 years on the roads, and to Fusheer, which latter part of the sentence, I cannot but regret was remitted by the Foujdaree Adalut. The object of this man, who did not possess any land in the District, was doubtless to make all the money he could in as short time as possible, and return with it to his own Country.-

9. In reference to para 5 of the Minutes of Consultation, I beg to enclose a Statement showing the lands purchased by public Servants since the year 1826.-

10 Owing to the destruction of the Huzoor Records in 1837, this State-ment is unavoidably incomplete. I have no doubt, however, that the order in question has been in many instances evaded, from an imperfect notion on the part of some Servants of the object of Government in requiring the appli-cation for purchase of land to be submitted for previous sanction.-

M.

It is further to be observed that when a public Servant happens not to be the head of the family, the purchase of land would generally be made in the name of the party who had the management of the family Estate.

II. With respect to the observations at the conclusion of Para. 5 of the Minutes of Consultation Viz: whether any steps have been taken since the receipt of the circular order of the Board of Revenue dated 7th. August 1826, to procure from the Village Officers reports of transfers of land to public Servants either in their own names, or those of their relatives or dependents, I beg to state, that it does not appear that any such

such information has ever been obtained in this District, though owing to the destruction of the Records, I am not able to speak positively, as to any instructions that may have been given at the time the order abovementioned was received. The best time for procuring the information in question, would be during the annual Settlement when the Potails and Shanbogues are assembled before the European Officers.

From the Collr. of Malabar...

Sir.

With reference to the Board's Proceedings under date the 28th August desiring me to explain the circumstances under which certain balances on account of advances for cultivation continued unadjusted for 25 years when the orders of the Honorable the Court of Directors require that all balances of more than 15 years standing shall be written off, I have the honor to state that the only way to account for the balances in question not having been adjusted by my predecessors is to suppose that the order above adverted to was deemed to apply merely to "arrears of Revenue" and not to balances on account of advances of Cash made to the Ryots, and which they failed to refund. As soon as the subject attracted my notice I entered into

into correspondence with the Accountant General and at that Officer's suggestion applied to the Board for authority for expunging the amount from the Account as an irrecoverable outstanding debt.

Requesting Sanction for the renewal of a Salt compensation Certificate in the name of V. Ramanoojah Charry the only surviving Son of the last holder C. Vizia Ragavah Charry, and for the payment to him of the arrears of compensation remaining undrawn for 6 Months, or up to the 11th July 1815. Rs. 60-3-0.

I have the honor to bring to the notice of the Board of Revenue that C. Vizia Ragavah Charry purchased on the 6th March 1828 from Sabaputty and Coopana Sons of the late Tanjana Modelly, a Certificate No. 37 for Rs. 120-6-- being the annual amount of Compensation payable thereon for the suppressed manufacture of Salt in 3 pans at Evongonum, and drew the allowance up to the 11th January last.- In consequence of the death of C. Vizia Ragavah Charry, which took place on the 24th June last, V. Ramanoojah Charry his only surviving Son, applied to me on the 26th September, for the renewal of the grant in his name. It appears from the result of my enquiry that the last holder of the Certificate had two Sons, V. Trimala Charry and the present applicant:-

2. V. Trimala Charry having died on the 30th April 1839. his brother, V. Ramanoojah Charry, applied to the Supreme Court for letters of administration to the Estate of the deceased, but was opposed by his widow.- The Court, however, on the 11th April 1840. granted such letters of administration to.

to W. Ramanujah Chary, according to a joint Agreement previously executed by herself and some other Members of the family: W. Trimala Chary having left no male issue:

3. I therefore beg leave to recommend that the necessary sanction may be procured for the renewal of the Certificate in the name of W. Ramanujah Chary and for the payment to him of the arrears of Compensation remaining undrawn for 6 Months or up to the 11th July 1815. Rupees 60—3—0:

4. The Certificate No. 37 was issued for the amount exhibited in item No. 26 in the list submitted to the Board on the 1st April 1813:

Resolved that the following letters be despatched:-

To The Collector of Vizagapatam.

87

To the Collr. in the ... Sir.
zillah of Vizagapatam. } Para 1

Referring to your letter dated 5th July 1845 reporting on the Inoturpha of your District I am directed by the Board of Revenue to request that you will submit further explanation on the following points:-

Collr. of Vizag. No. 1. 5th July 1845.

Calling for further explanation on certain points connected with his report on the Inoturpha of his District

2. It is seen that the Revenue derived from the item "Trade in Fishery" for Fusly 1254 is Rs. 282-11- that the highest rate per man is Rs. 115 & the lowest 4 annas contrasting the small amount of the total Revenue yielded by this item with the maximum rate per man it seems probable that the maximum rate is confined to one individual; It is requested that you will explain the nature of this Trade the peculiar circumstances which have led to the levy of so high a rate as Rupees 115 per man and generally the condition of the contributors, which renders it necessary that

that the maximum and minimum rates should be so far apart as Rupees 115 and 4 annas.

3. Similar information is required in regard to the items:

"Trade in Betel"
" " " Bangles"
" " " Paddy"
"Oilmangers"
"Tom Tom Beaters"
"Ferry men fishing Nets"

The distinction between "Trade in Fishery" and "Fish catchers" should also be explained;

4. The retention of the Tax on "Sheep and Goats" appears questionable - The cultivating class are already directly taxed - If the non-cultivating class derive a large income from this source and are not taxed directly under any other head, or indirectly to any great extent it may perhaps be proper that a portion of their Profits should be intercepted in this way but not otherwise:

5. The "Rented" items amounting to Rupees 1260-4-0 in Fusly 1254 / 1844/45 might perhaps be discontinued altogether - They appear to be composed of small payments in each case and the contributors are exposed to oppression and vexation from the Renters - The Board would be glad to be favored with

with your sentiments on this point, and they request that further explanation may be given shewing the nature and particulars of the "Market Tax" and "Wild Tax", the rates in each case and upon what the tax is imposed.

Para 3. 6. It is observed that the total amount to be paid by a Village is fixed by the Talsildar which the contributors apportion among themselves - all disputes being settled by arbitration - The Principle in its leading features appears to be thus that of the Ceded Districts, with this difference that in the District under your charge the aggregate amount for each Village is determined in the first instance, whereas in the Ceded Districts the toll amount for a Zillah is first fixed, which is afterwards apportioned over Talooks and the Talook quota distributed among individuals. The Board apprehend that the aggregate to be borne by a Village has not hitherto been determined in your District upon uniform and distinct data but recognizing the Principle of the Veesabady and attaching much importance to the subject, they request that you will explain how the aggregate to be paid by each Village is now determined and in the event of the Principle being

being finally and generally adopted in regulating the Motorpha Demand, they request that you will report upon what distinct data the Demand in each Village should be fixed - The accounts of one or two Villages prepared with reference to such data, the former and the proposed demand being exhibited, should also be forwarded.

7. The Motorpha whether in the form of a Tax on Trade and Professions or if a house Tax is strictly a tax on Income. It is important then to distinguish those classes, whose Income should not be directly taxed from those who may fairly be made to contribute without injury to future production or trenching unnecessarily on their means. In one sense all Income may be taxed because a portion of it is always expended upon luxuries and unproductive labor, but as this portion is intercepted by indirect

taxation

taxation, taxes upon luxuries, such as Betel Tobacco &c. it is not always expedient that the parties should be made liable to direct taxation also. This Principle as it respects exemption from taxation, would appear to apply to several Casts who now pay Moturpha. The Board request that you will carefully keep this Principle in view in determining to what classes the Moturpha should apply.

8. As the general subject of Moturpha will be laid before Government at an early period I am directed to request that the information now called for may be submitted without delay.

and 27th October last, and in the correspon=
=dence accompanying respecting the disorganized state of affairs in the Guntoor District and the malversation of the public servants by whom such has been promoted, the Most Noble the Governor in Council is of opinion that the public interests require, and fully warrant, the dismissal of Sashagherry Row, the Head Sheristadar of that District and the Government approve of the order issued by the Board of Revenue for that purpose.-

2 As however, it is of the utmost consequence, where systematic cor=
=ruption pervades the public Establishments and which is believed to be the case generally in the Northern Circars, that a severe example should be made of offenders of the higher classes against whom charges of malversation can be proved, His Lordship in Council is of opinion that every effort should be employed to bring Sashagherry Row to punishment before the Criminal Court, and that instead of relinquishing the prosecution of that person as proposed by the Board they

they should ascertain from the Commissioner and report whether he is of opinion that the charges of corruption or gross dereliction of duty can be established against Sa= =shagherry Row, and by what evidence such charges can be proved.-

3. The Board will be pleased also to consider the course which should be pursued for the punishment of the Head Gomastah of the Serishta department and Dow-law of Sashagherry Row, for his gross fraud in bringing a false report to Mr. Lockhart when sent to examine into the state of the Cultivation of the Village of Tuckalapand.-

Referring to the allusion in the 8th para of the letter from the Acting Collector of Guntoor dated 10th July 1845 to a previous report on the unfitness of Sashagherry Row for the Office of Sheristadar, His Lordship in Council requests a full explanation on the subject from the Board of Re= =venue accompanied by all the correspondence connected with it which

Sir,

Submitting the Report for Fusly 1254 on the Extra Sources of Revenue—

Para 1. I have the honor to submit the report for Fusly 1254 (1844-45) on the Extra Sources of revenue together with the following Statements.

1 Comparative Statement between Fusly

Fuslies 1252 1253 and 1254 in triplicate — shewing the gross collections charges and Net revenue of all branches of revenue (land revenue excepted)—

2. Statement of Demand Collection and Balance for Fuslies 1253 and 1254—

3. Dr. Shewing the Arrears

4 Dr. of Extra Collections—

5. Dr. Shewing the quantity of Salt sold in Fusly 1254, together with the Number of Rowannahs issued for its transportation to the different inland Districts—

6. Statement shewing the quantity of Salt manufactured and the Amount of Salt sold for Fusly 1254 in Comparison with Fusly 1253—

2. The following Statement exhibits a Comparative view of the Settlement of the Extra Sources of Revenue for Fuslies 1253 & 1254—

Salt Increase Rs. 9151-10-3.

3. In the Salt Revenue exclusive of Extra revenue there is an increase of Rupees 9181-10-3 above last fusly as particularized in the following Statement—

Fuslies

Home Consumption Increase Rs 4027-15-7

4. This increase is principally to be ascribed to the variation in the price of Salt, the rate of Rupees 115 being current for the greater part of Fusly 1253 and that of Rupees 120 for nearly the whole of Fusly 1254 — the actual increase in quantity is only 505 maunds 32 seers which calls for no remark — The difference observable between columns 2 and 4 is owing to the export by home merchants to other Zillahs as noticed under the next head —

Exports. Increase Rs 5123-10-8

5. Of this amount Rupees 841-2-8 arises from the difference of price, leaving 4,282 maunds 20 seers or at the present rate Rupees 4282-8-0 as the actual increased exportation, this has arisen almost entirely in the sale to the home Merchants for consumption in the Districts of Nellore and Cuddapah as follows —

	Fusly 1253	1254	Increase
Export to Nellore	6,125 maunds	7,920	1,795
Do to Cuddapah	7232	9,441	2,209
			4,004

or Rupees 4004

This increase must be ascribed to Causes in operation in those Districts — The traffic of Salt to Hyderabad &c^a scarcely fluctuated, the difference in exports being only a decrease of 308 maunds upon last year, while in the exports to the Districts of Masulipatam and Curnool there has been a slight increase of 339 maunds and 256 maunds respectively —

Extra Revenue Decrease Rs 621-4-1

6. This decrease in the Extra Revenue is in the Recovery of advances made to Salt Manufacturers which is dependent upon the extent of Manufactures —

Frontier Revenue Increase 7235-12-1

7. The following Statement exhibited the Frontier Revenue for Fusly 1254 Compared with fusly 1253 being an increase of Rupees 7235—12—1.—

Exports Increase Rupees 6783-7-2

8. A comparison of this head with the past fusly is not fully attainable as the amount of Revenue shewn for Fusly 1253 is mostly that Collected between the 1st april and the close of that fusly, when it was augmented at the Frontier owing to the abolition of the Sayer duty in the interior, and to the Modifications since made both in the list of Articles liable to duty and in the rates of duty, in accordance with the Board's instructions under date the 8th June 1844; when the Schedules prescribed by act VI of 1844 were superseded by the former Sayer rates where they exceeded the latter, but it may be observed with regard to the Articles of Cloths, and tobacco that the increase shewn in these items has principally arisen from a Comparison of the whole of the present fusly with the period of fusly 1253 subsequent to the 1st April when upon the abolition of the Sayer in the interior these Articles became liable to the payment of duty at the frontier. The same Remark applies in a Measure to some of the Articles in the first item Ghee Vizo. The increase of Rupees 234-3-2 upon grain is ascribable to its large exportation this fusly into the Nizam's territories where there appears to

have been a great demand for it. The decrease of Rupees 423-11-11 in the Article of Cotton appears to be owing to this Article having sold at a better price in the Neighbouring Districts to the North than in the Nizam's Country which induced its exportation there instead of across the Frontier.

Imports Increase Rs. 432-4-4

9. This increase arises from the increased demand this year in this District for dying bark to the extent of Rupees 196-12-11 and to the demand at Madras for Goat Skins conveyed from the frontier in which there is an increase of Rupees 432-4-7. In tamarinds there is a decrease of Rupees 161-15-3 the other Articles are of a trifling extent.

Custom Revenue Decrease Rs. 85-5-1

10. This decrease arises from there being no proceeds from sale of Confiscated goods, nor Commission upon the same as in the former fusly.

Sea Custom Increase 2305-8-7

11. The following Statement shews the Sea Custom Revenue of Fusly 1254, Compared with the previous fusly being an increase of Rupees 2305-8-7.

Sea Custom Exports

12

The Sea Custom exports shew a net decrease of Rupees 1169-9 some differences arise from the rates of duty prescribed in Schedule **B** of Act VI of 1844 being in operation during the whole of the present fusly instead of 3 months of the past fusly, which however are not of much extent, the latter duty being in some cases equal to and in some higher while in others lower than the old rates of 3 per Cent, after deducting 5 Rupees per Cent for Sayer. The principal cause of the decrease is the small exportation of several articles to Madras, Compared with last year, and on this subject it is to be observed that owing to the very low prices in this District last year a large quantity of pulse was exported to Madras, where it found a better Market, the increase in this item for fusly 1253 was Rupees 708-12-11, and the Madras Market failing to offer the same inducement this year, there is a decrease of Rupees 882 nearly corresponding. The same Cause is in part applicable to the decrease of Rupees 317-1-7 in Coriander Seed which is further to be ascribed to the Sea Custom duty being levied upon this article at 8 per

Cent during 9 Months of fusly 1253 compared with the rate of 3 per Cent during the present year. The increase in Gruff goods Vca of Rupees 99-3-10 is in the article of Castor Oil for which there was a good demand at Madras. The other articles are of a fluctuating or trifling nature.

24. The increase this year in this branch of revenue in the items of Tax on Shops Looms, & professions, arises principally from the following cause owing to the disastrous famine with which this District was visited in 1832 and 1833 the circumstances of the people became depreciated and deductions were made accordingly in this Tax and it is to be expected that with returning prosperity and resources the revenue should proportionably and gradually revert to its former state, and while the revenue of these items since the above period accordingly shews a progressive increase as noted in the Margin on upon enquiry in the Settlement of this year, many instances have been found in which the resources have advanced to their former prosperity but in which the tax has remained Stationary or nearly so, at what it was reduced to at the famine,

Fasli	Shops Rupees	Looms Rupees
1240	1,003	20953

1250	8355	13,289
1253	8153	14,238
1254	8857	16,336

in these the increase shewn in the present year principally consists. The increasing prosperity of the Comitties, Weavers, and Sundry professions also causes a part of the increase To the first of these causes the increase is to be

ascribed

ascribed to the extent of Tax on Shops Rupees 382-2-9 on Looms Rupees 1287-1-10 and on Sundry professions Rupees 393-14-10 and to the latter cause the remainder is to be ascribed further particularized as follows.

	Shops.	Looms	Professions
Amount of tax on new Shops &c. set up this year	126-5-3	482-9-5	189-3-5
Amount of Do. on Do. commenced during last year which paid the tax only for part the year	194-13-8	325-7-9	153-2-11

In the tax on Sheep and Goats there is an increase of Rupees 1190-10-2 which is ascribed to the recovery from the misfortunes which in the last two years created a decrease of Rupees 819-14-10 in Fasly 1252, and of Rupees 642-7-7 in Fasly 1253 Viz. extensive Murrain and the great destructions of Sheep &c. in the Storm of 1843.

The increase of Rupees 95-4- upon Cattle in the Nezampatam Circar arises from the favorable season.

25. Of the demands for Fasly 1254 amounting to Rupees 39690-5-11- there was collected within the Fasly Rupees 33053-7-1- and subsequently to 15th November Rupees 6332-3-2- leaving an outstanding balance of Rupees 304-11-8- to be collected.

Charges Increase 31345-4-5

26. The Charges incurred on account of the several branches of the Extra Sources of Revenue for Fasly 1254 amount to Rupees 57775-14-" being a Net increase of Rupees 31345-4-5 upon last year as shewn in the following Comparative Statement.

27. The Charges on account of Salt revenue shew a Net increase of Rupees 3,248.14. of this amount the principal items are Rupees 2,300. 6.-.- hire to Manufactures Rupees 2200, advances to the same Rupees 1263.14.4, expense of covering Salt heaps, which arises from the large Manufacture of Salt in Fasly, compared with the previous Fasly in which the Manufacture was very trifling as explained in the last report. There is a decrease in the following items.

Repairs of Flat forms &c. Rs. 446.14.6.
Salt Measures ——— " 103.10.3
Pay of Servants during Vacant periods ——— " 123.-.-8.
Sundry items ——— " 118.6.11

Frontier Charges Increase ... 11.14.8.

28. The increase of Rupees. 11.14.8. in Charges incurred for collecting the Frontier duty arises from the new establishment Sanctioned on the 5th June 1845 being entertained towards the close of the Fasly.

Moturpha Charges. Increase. 20.10.11.

29. The increase of Rupees 20.10.11 in Moturpha Charges is in Batta to Huzzoor Servants while on Circuit.

Stamp Charges Increase. 80.8.2.

30. The increase of Rupees 80.8.2 in Charges incurred on account of the Stamp revenue is owing to unused Stamps being returned by the purchasers for which the value was refunded.

31. The other items of Charges do not call for remark.

In

32. In explanation of the discrepancies pointed out in the report upon the Extra Sources of Revenue for Fusly 1253 in Boards Proceedings of 27th January 1845 the following remarks are offered.

In Statement No 2 - - - 346[illegible]-4-6.
In Demand Collection Balance Statement 11th July 1844 - 346[illegible]-6-1.
Discrepancy - 10-14-5

33. In Para 2 of the above Proceedings "the Board observe a small discrepancy between the Salt revenue Settlement and the Demand Collection Balance Statement for 11th July 1844 of Rupees 10-14-5. This Amount is composed of items of refunds and is included in the Demands Collection Balance Statement under the head of Extraordinary. The Comparison alone shewn is of the ordinary revenue alone which occasions the difference.

34. In Para 6 the Board remark that "the result of Exports shewn in Para 14 does not correspond with the Statement given in Para 13 of the report and request attention to the discrepancies exhibited in them". Upon reference to the Statement in Para 13 of the report it will appear that in exports the total amount of increase is shewn to be Rupees 932 - 12 - 2 and of decrease Rupees 227 - 11 - 4 - in the Columns of increase and decrease respectively, and in Para 14 it is stated that in the exports there is a Net increase of Rupees 705 - - 10 - particularized in the Margin as follows -

Increase - - - - 932 - 12 - 2 -
Decrease - - 227 - 11 - 4 -

Net increase - 705 - - - 10 - which corresponds with

with the sums above quoted from the Statement in Para 13 - It is inferred that the apparent discrepancies alluded to arise from the confusion of the Net increase shewn in Para 14 with the total of increase shewn in Statement in Para 13 - this Statement for the present Fusly is prepared it is hoped in such a way as will prevent a similar recurrence. -

Ordered

Fort St. George 4th December 1845.

Order thereon (21. 22) Ordered to be brought forward at a future day. -

To J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

Sir,

(23) From the Rt. Wble Coll. in charge of Guntoor } With reference to the Board's Proceedings under date the 3d August 1840, I have the honor to report for their information that I have this day removed Yetoor Cotiah Ameen of Yedlapilly, at his own request, from his situation to one of a lower grade in the Hazoor. -

2. Yetoor Cotiah has been for some time in a weak state of health which has prevented his using that activity which is required for the welfare of the Thanah, the business of which have in consequence fallen into arrears, and requires a more active and efficient person. -

Resolution thereon - The Board approve the arrangement reported in the letter above recorded. - (23 - 24)

Read again letter from the Acting Collector of Cuddapah dated 23d October and

Fort St. George 4th December 1845.

and entered in Consultation 24th Ultimo. -

Ordered that the abovementioned letter be submitted with the following address. -

To The Chief Secretary to
Government.

Sir,

(25) To the Chief Secy to Government } Submitting a letter from the Acty Collr of Cuddapah reporting the death of Butcha Row late Head Shristadar of his District and Shrotriumdar of Pattumpully and Edapalepoy & stating with reference to the question raised by the Acty Collr whether the Quit rent to which the Shrotrium has become liable by this lapse should be levied from the commencement of the current Fusly or from the date of Butcha Row decease that the Board consider that the enhanced Quit rent should be payable by the present incumbent from the date of his succession to the Shrotrium. -

1 Pattumpully in Chennoor Talook.
2 Edapalepoy in Polevendalah Talook.

From Collr 29th Sept. 1845. In Cons. 24th Octr 1845. Read Octr 31st 1845. In Cons. 27th June in Cons. 6th July 1837.

Para 1. I am directed by the Board of Revenue to request you will submit for the orders of the most Noble the Governor in Council the accompanying letter from the Acting Collector of Cuddapah dated 23d October last reporting the death on the 17th idem of Butcha Row late Head Sheristadar of his District, and Shotriumdar of the Villages noted in the Margin and requesting to be informed whether the Quit Rent to which those Villages are to be subjected on the extension of the Shotrium to the heirs of the deceased under the orders of the Court of Directors dated 8th February 1837, is to be levied from the Commencement of the Fusly, or from the date of Butcha Row's decease. -

2. On referring to the correspondence which passed at the time it appears that on the authority of Government being Communicated to the Board for conferring the Villages in question

question upon Butcha Row on Shrotriem tenure, the Principal Collector of Cuddapah, was directed to place them in his immediate possession, and to consider the transfer as having effect from the commencement of the current Fusly of which a short portion only had elapsed. Agreeably to these instructions the Shrotriem was made over to Butcha Row, and shortly afterwards he was relieved from the Office of Head Sheristadar of that District, Viz.t on the 22.d November 1837, and as he had continued to conduct the duties of that office he received his full salary up to the date of his final resignation.

Oct.r 12.th 1837.

3. With respect to the question raised by the Acting Collector in his letter now submitted, whether under the circumstances stated the Quit rent to which the Shrotriem has become liable by the lapse therein reported, should be levied from the commencement of the Current Fusly or from the date of Butcha Row's decease, the Board would observe that by the terms specified in the Honorable Court's despatch above referred to, it is distinctly laid down that the Shrotriem should be extended to the two

Next

next heirs of the late holder subject to the condition that a Quit Rent equal to half the emolument derived from the land should be imposed on the succeeding lives. as this provision therefore can only be considered as having effect from the death of the original grantee they consider that the enhanced Quit Rent should be payable by the present incumbent from the date of his succession to the Shrotriem and not from the commencement of the Fusly.

From the Asst. Coll.r of North Arcot.

Sir,

Para 1- I have the honor to submit a letter from the Acting Sub Collector Mr. Cotton x dated 12th Nov.r 1845 requesting to be allowed to draw Extra Tent allowance to be provided with accommodation for himself and his Cutcherry until his house at Arcot shall have been repaired.-

2- As it appears that the building is so much out of order as at present to be unsafe and Mr. Cotton has been obliged in consequence to provide accommodation for himself and his Cutchery I apprehend he must be entitled to Extra Tent allowance

3- I cannot recommend his proposal to make Ranneepett permanently his Chief place of residence. There seems to me to be great and obvious objections to the arrangement.-

4- On the subject of the repair of the building at Arcot according to the Estimate prepared by the Engineer I will address to the Board in the Department of Public Works.

Acting Collector of

North Arcot.

Sir,

Para 1- With reference to my letter dated 18th of August 1845 relating to the Sub Collectors Bungalow and Cutcherry at Arcot, I have the honor to request that sanction may be obtained from Government for my making the Government house at Ranneepett now occupied by me by permission of the Officer Commanding Arcot my temporary or permanent dwelling house and Cutcherry, at present the terms on which I occupy it are not defined, for unless I can obtain the sanction of Government for occupying it the Military Auditor General will demand of me 100 Rupees monthly for house rent. It is true that while I draw extra tent allowance and am stationery at Ranneepett I can afford to pay this sum but I consider it doubtful if my abstracts for Extra tent allowance while at Ranneepett will be passed by the Revenue Board without the previous sanction of Government.-

2- The occupation of the house by me now is purely from necessity as there is not a house in Ranneepett now vacant save one very small Bungalow fit only for a non commissioned Officer.- I

3. I have just received the Civil Engineers Diary with regard to the Arcot Bungalow the Estimate for the repairs of which amount to nearly 1200 Rupees The accommodation in which for myself my wife and Children is one public room for every purpose and one Bedroom the corresponding room to the Bedroom on the north side is my Cutcherry which I have been obliged to ask the Civil Engineer to divide in order that I may have part of it for a dressing Room for myself but in doing so the proportions of the room will not only be spoilt but our room be without a window of any sort to admit the air and light. The Civil Engineer states the building to be very old and I much question whether the building is worth repairing to the extent estimated by him.

4- The Government House at Ranee-pett though not so conveniently situated perhaps for the Office Servants as the Arcot Bungalow has ample accommodation for myself and with a small additional room (for records) to the Bungalow it would be quite sufficient for the Cutcherry and as from the high rent put upon it by Government it is not likely to be again occupied permanently by any private individual I would suggest that it be given over to the Sub Collector for his Cutcherry and

dwelling house - should Government not be pleased to sanction this measure. I request you will be so good as to procure for me either sanction to draw extra tent allowance until the Bungalow and Cutcherry at Arcot are rendered habitable, or for some building being allotted to me for my Cutcherry during the same period.

Sir,

I have the honor to submit a Statement, shewing the extent and particulars of lands applied for by one Emaumkhan, for cultivating Coffee on the Shevaroy Hills, agreeably to the orders of the Board dated 1st December 1842. In conformity to the 1st year published, the Native Inhabitants of the Hills were made acquainted with the offers made and have signified their consent to their being given to the applicant.

The two acres applied for and included in the Statement having been waste beyond 20 years are to be given free of assessment for 5 years. This being in accordance with the instructions of the Board, under date the 8th September 1842, I solicit their early sanction.

Sir,

From the Collr of Trichinopoly — I have the honor to request that I may be permitted to change the designation of the Police Duffadars of Warriore Varraganary and Sowagody to that of "Police Peshcar" as the terms at present in use has the effect of preventing me from conferring the appointments in question on respectable persons who would otherwise be willing to undertake the duty, and the Civil auditor will probably make objections if I make a charge for a Police Peshcar instead of a Duffadar.

Translate of an address dated 26th September 1845 from Mootoo Veerayee Nachyar, Widow of Mootoo Vijia Ragoonatha Saithoopatty, Zemindar of Ramnad to the Principal Collector of Madura.

Dorarajah Nachyar, the Minor Zemindar, who was ill, expired at 2 O'clock P. M. of the 24th Instant, notwithstanding every medical care, which her Mother and others concealed, till after consulting with Sheagaraja pillay when they despatched a report to you by post, pretending as if the Minor had died at half past 5.

Translate of a Ditto Dated 30th Ditto from Ditto to Do.

You are aware of my having instituted a Suit for recovery of the Ramnad Zemindary and its wealth, and of the close of the pleadings.

By my address of the 26th Instant I brought to your notice the death of the Minor, Dorarajah Nachyar, whose illness proved incurable.

The event, which took place at 2 P. M. of the 24th Instant, was kept concealed by her Mother and others, till, in concert with Sheagaraja pillay, all ignorant of the rules of Government, Jaw, given to understand, they forged a document as if the Minor, who had not attained her Majority, had adopted a son, tho' it is contrary to the Shasters, Regulations, equity and arrangements of the late Ramasawmy Saithoopatty and reported it to you.

Had

Had the forbidden affiliation actually taken place they ought to have brought it to the notice either of the Salt Amildar, or Police Ameen, the Government Servants stationed at this place, and enabled them to report it to you on that same date.— The absence of such a precaution induces me to request you to ascertain the truth of this fraudulent transaction, either thro' the Government Servants at this place or any other means and to interpose your authority in the matter.—

The jewels made for the marriage of the Minor, at the expence of 15,000 Rupees, as well as the Silver and golden utensils recovered from the late Manager, as also articles belonging to the Palace and the palace deity, are now on the eve of being made away with; for Purvatha Vurthany Aachyar, the husband[2] of the deceased Minor, Cotta Taver[3], her maternal uncle, a Cane[4] boy, the alledged adopted Son, his father, Mother[6], and one Chettranarayana[7] Taver, one of their family, are attempting to usurp the property, each thinking he or she is exclusive heir to the Estate— I, therefore, request you will take measures to prevent such usurpation,—

I have directed my private Vakeel, Appanien, to represent the foregoing circumstances to you—

Had the pretended application, on the

the 23d Instant, been true, the Minor, or any public Servant, at this place ought to have in= =formed you of it, or of her intention— I therefore request your particular attention to this point—

Extract from the Proceedings of the Civil Court of Madura under date the 10th November 1845.

Read M. Petitions Nos. 431. 444. 464. 485. and 499. presented respectively on the 3d & 6th and 15th and 27th October and 3d Instant by Vakeel Shanna Row, on behalf of Rance Moottoo Veeraye Aachiyar, Plaintiff in O.S. No. 3 of 1843 on the file of the Civil Court—

Read also M. P. Nos. 442 and 502 presented respectively on the 6th October and 3d Instant by Shwaram pillay Vakeel on behalf of Rance Vijia Moottoo Veerayee Aachiyar and Tunjamoottoo Panchoo Aachiyar objectors in O.S. No. 3 abovementioned—

All the above Petitions / with the exception of No. 499, which is for the sequestration of Devastanums and Suttrums / are for keeping the disputed Zemindary of Ramnad under attachment until the above Suit is finally disposed of by this Court, inconsequence of the death of the Minor Zemindar the 1st Defendant and

other circumstances therein detailed.

Read also answer from the Principal Collector, dated the 8th October 1845, to this Courts letter of the same date, in which he states that he has duly communicated the decease of the Minor heiress of Ramnad to the Court of Wards, and continues to hold the estate in sequestration till he receive their instructions for his guidance.

In the above mentioned Petitions it is urged, amongst other things in support of the prayer thereof that it is understood by the Petitioners that the Principal Collector in communicating to the Court of Wards the decease of the Minor heiress of Ramnad, has recommended that her Mother the Rance Sathoosputty Purvata Vurthanee Aatchyar should be put in possession of the Zemindary as the rightful heir to it. The Principal Collector has not however mentioned this circumstance in his answer above alluded to.—

Taking all the circumstances of the case into consideration, the Civil Judge is inclined to think it would be neither expedient nor proper to put either of the parties in possession of the Zemindary until the Suit now pending before this Court for the zemindary itself be disposed of. He resolves therefore to issue a Precept to the Principal Collector directing him in the event of his having

having made such a recommendation to the Court of Wards, and of its being complied with, to forbear carrying the said measure into effect until he receive further instructions from this Court on the subject.

Ordered that the Extract from these Proceedings be forwarded to the Principal Collector of Madura for his information and guidance with Precept returnable without delay.

Collrs with certain instances the zemundary must be regarded as under his Management in virtue of injunctions from the Court.

2.

From Mr. Blackburne's letter of the 4th October 1845 and its enclosures it will be perceived that the late Ranee a short time before her death executed a Will in which She adopted her husband's brother's son a child of four years old: but bequeathed her Estate to her Mother Purwahdi Vurdhani Natchyar. This document does not appear to call for much remark adoption on the part of a disqualified proprietor without the consent of the Court of Wards, is barred by Section XXV Regulation V of 1804 and the validity of any Will executed by a Minor seems to the Board to be questionable.

3.

In the letter above referred to the Principal Collector gave it as his opinion that the Estate should be made over to the Mother of the deceased Minor - whose claim he appeared to consider paramount to those of any other parties - The Board, however having been addressed by several individuals preferring claims to the succession to the Zemundary called upon the Principal Collector for a Genealogical table of the Ramnad family and for his explanation of the nature and merits of the pretensions advanced by the respective claimants. This individual was half brother to the Zemindar Ramasawmy Taver father of the Heiress lately deceased - Ramasawmy Taver himself entered the Ramnad family and succeeded to the estate in virtue of his adoption by a former Zemindar Mootoo Vijia Ragoonada Taver - His half Brother therefore cannot be said to be a member of his adoptive family at all and can evidently have no title.-

2- Ramasawmy Taver - husband of the Minor Heiress Mungalasheear Nachyar who was Sister and immediate predecessor of the deceased Ranee Dorasawmy Nachyar -

3- Mootoo Veerayee Natchyar 1st widow of the former Zemindar Mootoo Vijia Ragoonada Taver.-

5- Purvadhi Vurdhani Nachyar widow of the last-

last Zemindar Ramsawmy Saver & mother of the Ranee Dorasawmy Nachyar lately deceased and of her Sister Imm= =galashevar Nachyar.-

5- The Government are aware that the 3d of the above claimants Moottoo Veeraya Nachyar had some time before the death of the late Minor instituted a suit in the Madura Civil Court against the 5th claimant Purwadhi Vurdhain Nachyar the mother, and against Moottoovijaya Ragoonatha Saithoopathy husband and Guardian of the late Ranee with the object of recovering the Zemindary once held by her own husband Moottoo Vizia Ragoonada Saver. The Suit is still in progress and it will be seen that the Court have issued a Precept to the Principal Collector in which it is stated that it would in the opinion of the Judge be neither expedient nor proper to put either of the litigating parties in possession of the Zemindary until the Suit pending before the Court be disposed of and the Principal Collector is therefore directed in the event of his having recommended to the Court of Wards to place Purwadhi Vurdain= Nachyar in possession and having obtained their consent to forbear carrying the said measure into effect until he receive further instructions from.

from the Court upon the subject.-

6- Under these circumstances the= Zemindary must be regarded as under management by the Principal Collector in virtue of injunctions from the Court and no immediate orders seem= called for. The Principal Collector has been re= =quested to report at an early date upon the measures to which he alludes in the concluding Para of his last letter as necessary for the better administration of the estate in the event of its being kept under sequestration In reference also to Para 3 of his letter of the 4th October last he has been informed that it does not appear to the Board that under present circumstances the monthly allowance enjoyed by the late Minor can be disbursed to her mother. Mr. Blackburne has further been directed to furnish early= information in regard to the stage to which the legal proceedings instituted by Moottoo Veraya Nachyar have advanced and within what time it is probable that the suit will be decided.-

From the Pe. Collr. of Coimbatore

Forwarding an appeal Petn. from Moottoo Pillay late Curnum of Singamellore in the Coimbatore Talook against a decision passed by the Assistant Collr. Mr. J. W. Walhouse and subsequently confirmed by the Pe. Collector together with the several papers connected therewith and explaining the grounds on which the individual was dismissed from office and imposed with a fine.

Para 1-

Sir,

With reference to Section VII Regulation VIII of 1828, I have the honor to forward an appeal Petition from Moottoo Pillay late Curnum of Singanellore in the Coimbatore Talook in this District against a decision passed by 2d Assistant Mr. M. J. Walhouse and subsequently confirmed by me together with the several Papers connected therewith as detailed in the enclosed list.

2- I would first beg leave to state that the Petitioner is not the hereditary Curnum of the Village as he represents himself to be. In consequence of various complaints of bribery and molestation against the late Curnum Anuntaraniah when in Office he was suspended and the Petitioner appointed protempore to act for him- in april 1842- and the appointment having now been conferred on the Son and Nephew of Anuntaramiah.

Fort St. George 4th December 1845.

Anuntaramiah the Services of Mootoo Pellay were no longer required.

3- The Petitioner was charged with concealment of Cultivation &c. to the amount of Rupees 39- 1- 10 and with preparing false and untrue Puttahs for distribution to the Ryots which appears by the Proceedings to have been fully established against him. He was thereon fined 20 Rupees in default imprisonment in the Zillah Jail for a period of one Month vide Clause 4th Section V Regulation IX of 1822.

Vide Return of Persons Charged with offences under Reg. IX of 1822 for Octr. 1845.

4- Independent of the above the numberless discrepancies which pervade the whole of his accounts render him perfectly untrust worthy.

5- The Petitioner states that he was fined 35 Rupees by Mr. Goldie in 1842- which was perfectly correct and to which effect an Endorsement has been given to him on the Petition addressed by him to the Board of Revenue No. 392 of 1843.-

inserting in Fusly 1253. the sum of Rupees 34- 3- 6 in the accounts of Dittam and madaulunger paisa and in Fusly 52 of not having inserted Rupees 3- 3- 0 in the Summabundy accounts; and in Fusly 51 Rupees 1- 9- 10 altogether making 39- 1- 10 And further with having erased a name from a Cudjan madaulunger account and not having written the proper amounts on the Puttahs which were to be distributed to the Ryots. his case is referred to the Principal Collector with these additional statements that in December 1842 he was fined Rupees 35 by Mr. Goldie and recommended for dismissal from the public service and that it also appears from two memorandums written by the late Wazeer Sheristadar the one dated 1st November 1840- the other 9th December 1840 that this same Curnum had been guilty of similar malpractices, under these circumstances it appears that the retaining a man on whom such repeated warnings have produced no effect in the public service would be productive of little benefit there to. For his present offence which was sent to me for investigation he is fined 20 Rupees under Clause 4 Section 5 of Regulation IX of 1822 in default One Months imprisonment in the Zillah Jail.

Sir,

From the Collector of Madras — Para. 1 — I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 24th Instant and to report that whenever a private individual applies for the purchase of any Government Land it is customary to instruct the Surveyor attached to this Office to inspect the spot and ascertain the selling price of similar property in the Neighbourhood. The same rule was observed on the applications from G. Nagapah Chetty and Agumbrum Goodaly reaching me

Explaining the cause of the difference in the rate of valuation fixed for two spots of Ground of nearly the same extent in the Black Town Madras which were applied for by G. Nagapah Chetty and Agumbrum Goodaly respectively.

2. The Ground referred to by Nagapah Chetty is situated in Garabaloo Chetty Street and is thus in a very respectable locality being in the vicinity of Messrs. Binny & Cos. and other Houses of Agency. On the 24th February 1807 a piece of

of Ground measuring 136. Sft in the same Street was sold by this Office to one Mr. Strathorn and on the 25th January 1814 another piece measuring 217 1/2 Sft was sold to Captain C. Eaton at the rate of Rupees 1400. per Ground.

3. The Surveyor having recently ascertained that the average selling price was now about 700 Rupees per Ground the 505 3/4 Sft applied for by Nagapah Chetty were valued at that rate.

To Board 25th Jany. 1845 No. 17.

To B. 31st Jany. 1820 No. 16.

4. The present deteriorated value of landed property at Madras is too well known to need much explanation as to the cause of difference between the rates of 1807 and 1814 and of 1845. It is perhaps sufficient on this occasion to advert to the fact of a lot on the North Beach containing about 11 Grounds and valued at Rupees 3187-11-7 per Ground being the rate fixed by Government in 1806 and realized upon the adjoining lands in subsequent years having been put up and sold in 1840 for Rupees 5005 only, that is at Rupees 455 per Ground

5. As regards the Ground in Moorooguspen Street I have been unable to discover whether any spot in that locality was sold by this Office on account of Government but I have ascertained that the 502 1/2 Sft applied for by Agambram Goodaly are situated in the Westernmost extremity of the Black.

Black Town and in a waste near the Elephant Gate being in the vicinity of small Houses and Huts and led through lanes or narrow filthy Streets The Surveyor having been informed that land there was sold at from 210 to 245 Rupees per Ground the highest of the two rates was adopted.-

Copy of a report received from the Officer Commanding the Ceded Districts regarding the Salubrity of the Table Land at Ramanmally situated 37 Miles West of Bellary, and at an elevation of 3,450 feet above the level of the Sea, together with Copies of the Plans which accompanied, and to state that the advantages apparently which the said site possesses for the location of a Sanitarium for Europeans, from the Garrison of Bellary, are too great not to be duly regarded, more especially as it would appear the experiment might be made without any great expense to the State being incurred thereby.—

Sir,

I have the honor to request you will do me the favor to submit the following subject, and the suggestions connected therewith which I venture to offer, for the favorable consideration of the Most Noble the Commander in Chief.—

1st. The Table land of Ramanmally situated about the centre of the range of Hills which from the boundary of the Sundoor Valley to

Fort St. George 8th. December 1825.

to the South west, distant from Bellary thirty seven Miles, and found to be upwards of 3,400 feet above the level of the Sea, has for the last twelve Months been occasionally occupied by the Collector of this District and a Considerable number of his Servants, as well as by many of the European portion of the society at Bellary, who for broken periods have likewise resided there.—

2d. The climate is cool invigorating and healthful, and during the hot season especially, is found to be most congenial to the European constitution many who have resided on the Hill for a limited period having greatly benefitted by the change though Tents afforded their only shelter.

3d. The Rajah or Jageerdar of Sundoor has signified to Mr. Mellor the Collector his perfect willingness that the Hill should be occupied in any way desired, and three Bungalows have already been built while sites for others have been selected, and it has occurred to me that it would be highly desirable to reserve a suitable site for such accommodation as might be deemed sufficient for such number of European sick of the Garrison of Bellary not exceeding 25 men, as it might be considered advisable from time to time to remove thither, should the climate on further experience

of

of its effects, and on the report of a competent Board of Medical Officers be found all it is now supposed to be.—

4th Should the result be all I anticipate, and in such case were Government pleased to sanction the contemplated arrangement. it would not I think be too much to hope that many lives would be saved and that the services for a considerable portion of those who are now annually Invalided and sent to Europe at great expense would be continued to the State.—

5th Should the Most Noble the Commander in Chief be pleased to entertain the question now submitted for his Lordships consideration I would beg respectfully to suggest.—

First. That the Collector of Bellary be directed, in communication with the Rajah, to reserve a suitable Site on the Table Land of Ramanmally for such buildings as it may hereafter be deemed expedient to erect there for the accommodation of 25 sick Europeans and Establishment attached.—

Second. That a Board of Medical Officers be appointed under such instructions for its guidance as the Commander in Chief may deem proper to investigate and report on every point connected with the proposed Establishment of a Sanitarium on the Table Land of Ramanmally.—

Third. That the Superintending Engineer Ceded Districts be instructed to prepare Plans and Estimates of the

* Lt. Mellor has been requested by me to reserve the Ground marked 13 in the accompanying sketch pending the result of this reference

the expense of such Buildings as would be considered necessary for the contemplated Establishment, and that such Estimate be prepared with reference to the following suggestion if approved.—

Fourth. That the required number of Doors and Windows and the whole of the timber for the roof of the proposed buildings be made available from the public Buildings about to be dismantled at Bellary - the whole to be transported to Ramanmally free of Expense by means of the permanent Public Carriage.—

Fifth. The Board of Medical Officers might be called upon to state the extent of the Establishment of Servants which it would be necessary to maintain, and the Commissariat Officer to report what additional expense to Government, if any would be incurred by the proposed arrangement.—

Sixth. It would of course be necessary to have medical aid in attendance on the sick and an Assistant Surgeon or Assistant Apothecary according to circumstances would be detached from the European Corps in Garrison or the Superintending Surgeons Department.—

Seventh. That an Officer from Her Majestys Regiment in Garrison should be in charge of the Sick and be relieved weekly.—

6th I have now the honor to submit a sketch of the Table Land of Ramanmally, which was measured under my personal direction and in conclusion beg to state, that in the present stage of the question which I have ventured to bring to the notice of the Most Noble

Fort St. George 8th December 1845.

From, W. H. Arbuthnot Esqre, Collr. of Vizagapatam. Paras.

States that he does not anticipate that there would be any material decrease in goods Exported from the Ports in this district if restrictions were imposed on the importation of Rice and Paddy and submits 2 Statements of Articles Imported and Exported for the last 10 years.

I have the honor to acknowledge the receipt of your letter of the 15th July last requiring me to state my opinion whether, in the event of restrictions being placed on the importation of rice and paddy at the Ports under this Presidency, from Arracan, Bengal and other foreign Countries the export of articles of Native and European product, and manufacture, is likely to be affected thereby.

In reply I beg to state that I do not anticipate, that there would be any material decrease in the exports of goods from the Ports in this District, if restrictions were imposed on the importation of rice and paddy, because these articles are almost exclusively imported from arracan and Chittagong, to which places our exports are very limited. Our Chief exports on the other hand are to Penang and the Straits, and Pondicherry, for which places we export very little merchandize.

I have the honor to submit 2 Statements shewing the articles and their value imported and exported from the different Ports in this District during the last 10 years from 1835/36 to 1844/45.

Prior to the Promulgation of Act VI of 1844, Paddy and rice were imported from foreign Countries duty free, but as duty is imposed by that Act, I anticipate a decrease in the importation of these articles.

This is far from desirable, we have for several years been most unfortunate in our seasons, and the price of Paddy and Rice have been kept down by the importation from Arracan &c. Any further restrictions on this trade, would therefore be prejudicial to the prosperity of this District, by diminishing the chances of an adequate supply of food on times of scarcity.

To the Chief Secretary to Government.—

Sir,

Submitting with reference to previous correspondence a letter from the Collector of Masulipatam in reply to a reference made to him by the Board respecting the causes to which the embarrassments of the Mylaveram Zemindar are to be ascribed, and the resources which will remain to that individual after the sale of his Estates.—

In Cons. 1st December 1845.

With reference to Para 3 of my letter of the 22nd September last, and to the correspondence noted in the Margin, I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying letter (24th Ultimo) from the Collector of Masulipatam in reply to the reference made to him by the Board respecting the causes to which the embarrassments of the Mylaveram Zemindar are to be ascribed, and the resources which will remain to that individual after the sale of his Estates.—

In reference to what has been stated by Mr. Porter regarding the antiquity of the Zemindars family, it appears from Mr. D. Grant's Pol. Survey appended to the 5th Report Page 661, that they are called Soordanny from the place of their origin, that they "first settled in the District about the year 1670 in the capacity of simple Farmers, and obtained as it is supposed their earliest Zemindary Sunnuds, from the Killadar of Condapilly," at the commencement of the 18th Century.-

From the Collector of Masulipatam-

Submitting the report called for by the Board of the principles upon which Moturpha has been assessed, and of the mode in which it is collected in this District.-

Sir,

With reference to your letter of the 10th April last, calling for a report of the principles upon which Moturpha has been assessed, and of the mode in which it is collected in this District, I have the honor to state that the impost known by the term "personal and profesional"

Fort St. George 8th December 1845.-

profesional" appears to have been originally determined with reference to the circumstances of the people, as well as the amount of profits derivable from the professions in which they are engaged tho subsequently collected at discretion by the Zemindars and others who happened to be entrusted with the levy thereof.-

2. Since the period that the Collection of the tax has fallen into the hands of the officers of Government, it has from time to time been modified, an addition was made in cases where it was found that the circumstances of the payers were improving, a remission was allowed in the first year in favor of persons who might emigrate from other places in consideration of their being new settlers, but the tax was raised to the Standard rate in the succeeding year- while in some cases it was raised to the Maximum rate by degrees according as the circumstances of the payer may be improving or remained stationery, but if it was found that his income was declining some proportionate reduction was made- while in some cases the tax is entirely remitted when it was ascertained that the payers were unable to bear the assessment from being reduced to poverty.-

His

This would lead to the belief that the mode of Collection has never been strictly defined. It also appears that Zemindars and others in some places restricted the Collection of Moturpha to certain classes of people exercising particular professions only, while in others no distinction of the kind was made.-

3. Hence it will be seen that people of the same class taxed in one Zemindary are exempted in another, and that the System of Assessment as well as the mode and rates of Collection have not been based on any uniform principle.-

4. In the Estates of Moonegal and Lingagerry situated on the Frontier of this District, no Moturpha is collected under the circumstances set forth in Para 12 of Mr. Ruffalls Report dated 1st May 1821.-

5. In certain Macapahs and Agraharum Villages the privilege of collecting the tax on their own accounts is enjoyed from a series of years by the holders of them, founded on Sunnads granted by the Mogul Government and Zemindars of former times, and continued by prescription down to the present

present period.-

6. Again in some Villages of the last mentioned description no Moturpha has been collected either on account of Government or the Agraharandar or Macapadar.-

7. Since the period that the Collection of the tax has fallen into the hands of the Officers of Government the principles on which the tax was levied prior thereto have remained unaltered.-

8. Of late years however when it was found that the rate and mode of collection of the tax varied in different parts of the District, attempts have been made to introduce gradually an uniform System, but these proved ineffectual by the interference of the Judicial tribunals in cases in which Appeals were made against the collection of the tax in the absence of a Legislative Enactment authorizing its collection.-

To the Board 4th April 1825. From Do 28th Do

9. This led to the passing of Regulation V of 1832, but the Board of Revenue in their instructions dated the 31st May 1832 directed that the levy of the tax should not be extended without their authority to places where it had not been collected, consequently no material change in the existing rates and mode of Collection has taken place.-

10. The Annexed Memorandum will shew that the rates of tax on Looms vary in different parts of the District.-

without difficulty or opposition, and in no instance has it been found necessary to resort to the sale of property or incarceration of the payers thereof. There are however a few balances on this account which are due from distressed and emigrated Ryots, and which will be recommended for remission when their collection may be ascertained to be hopeless.—

The tax is collected under the

12.

Superintendence of the Tahsildars in the same manner as land revenue, but without an additional remuneration. An Establishment is however kept up for the preparation of the accounts both at the Huzzoor and in the Talooks, as also for the collection thereof at the Annual cost of Rupees 3,066 as shewn in the Margin.—

Talooks	2,898—0—0
Total	3,066—0—0

The proportion which the

13.

Maturpha bears to the land revenue of the District is Rupee 1—13—4 per Cent. The accompanying Statements from No. 1 to 3 prepared both in English and Teloogoo agreeably to the forms received with your letter under acknowledgment, will, I trust, afford the information required.—

It

14. It will be observed that the Jummahbundy Bareez entered in Statement No. 2 is in the Government and attached Estates, the Settlement of Fusslies 1253 / A.D. 1843/44 but that of the Estates in possession of the Proprietors is taken from the Jummahbundy Accounts of the years prior to the Permanent Settlement for those Estates which have never fallen under management. And for the rest from the accounts ascertained under Zuft.—

54/44/45.

15. The tax collected from classes of people noted in the Margin is comparatively of a small sum, and it would perhaps be just to exempt them from assessment.

parts of the District, amounts to Rupees 1,048 — a 2 — p — as per enclosed Statement No. 4.

17. There appears no sufficient reason why any distinction should be made in their favor, and as the provisions of Regulation V of 1832 prescribes that previous exemption from tax in one place shall in no wise preclude its being assessed on the same Class of people in another, it would seem expedient that the taxation should be extended to the cases exhibited in the last mentioned Statement.

Ordered to be brought forward at a future meeting.

Read the following letters:-

To

Secretary to the

Board of Revenue

Fort St. George.

Sir.

From the Collr. of Masulipatam

With reference to your letter of the 25th August last. I have the honor to report that there are no other petty taxes of any kind levied in this District which are objectionable, besides those already reported upon in Para 15 of my letter dated 28th Ultimo on the subject of the Motturpha tax levied in this District.

To

J. Pycroft Esqre.

Secretary to the

Board of Revenue

Fort St. George.

14

From the Acg Collr. of North Arcot

Forwarding a Statement of several petty taxes tolls & fees levied under the heads of Motturphas & Swornadayem & stating that as almost all of them will be seen to be altogether anomalous are sufficient reasons for discontinuing their Collection.

Para 1. I have the honor to acknowledge the receipt of your letter dated 25th August last desiring me to report for the information of the Board of Revenue "whether there are any other petty taxes of any kind levied in this District which tho' not falling under the head of small Farms or Licences are yet vexatious and objectionable, and may therefore with propriety be abolished." The Board desire that the nature of any such taxes may be stated and the average amount revenue realized from them for the last 5 years.

I

16810. Fort St. George 8th December 1845

2

I have the honor accordingly to annex a Statement of several petty taxes, tolls and fees levied under the heads of Motturpha and Swornadayem or "ready money Collections" shewing the nature and annual proceeds of each item. The total average amount of the whole for the last 5 years being Rupees 1392-9-10 per Annum. Some of these demands must be troublesome and annoying to those from whom they are collected to an extent disproportioned to the amount produced by them. Other items I think objectionable as tending to authorize obstructions in the Streets and highways. Almost all of them it will be seen are personal and peculiar to particular individuals or communities, are altogether anomalous levied by Established local Custom only and referrable to no general recognized system of Revenue, which will no doubt be considered by the Board sufficient reasons for discontinuing their Collection.

Salt Revenue 2 —

The sale of salt for Home and Inland consumption, exceeded that of the preceding year in Rupees 72437-10-2, the former by Rupees 9839-12-11 and the latter by Rupees 62597-13-3, from which Rupees 868-2-" being deducted on account of less exports by Sea to the Eastern Coast and Pondicherry, there remains a net Increase of Rupees 71569-8-2 in favor of the year under review, which is attributable partly to the increased rate of the Monopoly price, and partly to the unexpected demands of the Merchants of Salem, who, I presume have come to our Pans not meeting with a ready stock in the adjoining Pans of the Chingleput District, where they have hitherto been in the habit of frequenting—

Sayer. No. 2.

3 On a first examination of this Item a considerable Decrease in the sum of Rupees 103413-1-5 appears against the year under review, owing to the abolition of the Inland and Town duties, whereas, the result of the Collections at the reserved Frontier Customs, will be found very favorable, there being an excess over the last Fusly of Rupees 17048-7-3 on exports attributable in a great measure to the full amount of the increased rate of duty having been collected on goods which, in the preceding year, were subjected only to the Inland duty (the Frontier duty being levied at the place of Export) and to the vigilance exercised at the Hoozoor. After a deduction of Rupees 3589-9-7 being made in the item of Imports, which has declined a little in consequence of there being a less demand in the preceding Fusly on Piece Goods at the Eastern Coast; there is still a net increase of Rupees 13458-13-8 in favor of this year.-

chiefly on Blue Cloth and Indigo, which result is principally owing to the new rates of duty, and to the frequent arrival of European Vessels to take in Sugar inducing those Merchants trading in Indigo and Blue Cloth who were hitherto obliged to send their goods to Madras for shipment, to embark them direct from this Port.-

4.- The Statement No. 1 in No. 3 will shew as required, the number of Sugar Manufactories recently established within the last few years, and the quality of Sugar Exported to the United Kingdom in Fusly 1254 which will be found to exceed the preceding Fusly by 2507 Candies.-

Decrease 4160-0-0

5. The Decrease in the Abkarry Revenue in Fusly 1254, by Rupees 4160 is solely attributable to the unusual competitions in Fusly 1253 A.D. 1843/44 but as every circumstance connected with this rent having been already reported to the Board, a further explanation on the subject, does not now appear necessary.-

Increase 1176-6-3.

6.- The increase in the Rent of Small Farms in Fusly 1254 A.D. 1844/45 of Rupees 1176-6-3 has been chiefly derived from the Ferry rent and Jungle produce caused by great number of competitors at the

the time of sale.-

7.- The total collection of Mothurpha Tax amounting to Rupees 39,469-9-9 being in excess is over the former years by Rupees 1,165-10-3 is owing to the employment of an increased number of Looms in consequence of the urgent demand for cloths in the Foreign and Eastern Markets- as the general report on this branch of revenue is now under the Boards consideration, I shall abstain from offering any remark here.-

Stamps No. 7.

1254- 4268-5-11
1253- 11865-4-6
Increase- 2403-11-6

8. The Decrease in the sale of Stampt Papers for Fusly 1254, amounting to Rupees 2,403-11-6 has been occasioned by the abolition of the Inland Chowkies.-

+ Statement A. No. 1 in A.

9 The Total settlement of all the Exstra Branches of Revenue including +Sundry Items for the expired Fusly, amounted to Rupees 473,407-6-8 which in the preceding Fusly was Rupees 4,85,777-15-3, thus exhibiting a Net Decrease of Rupees 12,370-8-7 the causes of which having been explained above I trust the Board will find that, altho there is a nominal decrease, yet, taking into consideration the circumstances which had occasioned it the result on the whole is very satisfactory.-

10 Of the total Revenue amounting

amounting to Rupees 473,407-6-8 a sum of Rupees 473,400-15-9 has been collected both previous and subsequent to the Fusly leaving a small balance of Rupees 6-6-11 uncollected on the 1st of this Month which is, however, in train of recovery.-

Statement B.

11. As regards the outstanding arrears exhibited in the Statement amounting to Rupees 465-2-11 Rupees 129-5-7 are due under the heads of small Farms, and Mothurpha, a part of which is recoverable, and the residue Rupees 335-13-4 being nominally due by certain Betel and Tobacco Renters for Fusly 1253 A.D. 1843/44 which under the arrangements +14th December 1844 sanctioned by Government for refunding the amount of one Kist to the other Renters, should be written off in the account, I therefore request the Board will be pleased, under the explanation contained in the Column of Remarks in Statement No. 1 in B, to favor me with the sanction of Government for the sum being struck off.-

12 In conclusion, I beg to forward printed Statements in triplicate shewing the Collections, Charges and Net Revenue with explanatory remarks appended thereto-

SALT.																	
Gross Collections	202465	–	8	193991	15	8	259170	9	2	65178	9	6		–	–	A This increase was occasioned by the quantity of Salt manufactured and brought to Accounts in the year under review being great. B This increase was occasioned chiefly in Covering Salt heaps.	A This decrease is owing to the abolition of the Inland and Sea duties. B This decrease has arisen from a falling off in the sale of Sayer – Pattamarais owing to the abolition of the Transit and Sea duties.

Ordered that the following letter be sent in reply.

(30) To the Collector of Trichinopoly

To the Collector of Trichinopoly suggesting rules for the nomination of managers to the several Pagodas in his District in place of those deceased

Sir —

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 25th. October last, stating that the Stellatars and other Officers of several of the Pagodas in your District are at variance in respect to the nomination of Managers of their several institutions in place of those deceased and representing that it is highly necessary that some rule be established for regulating the succession to those Offices.

2. A simple way of arranging matters for the present will, you suggest, be to declare the next of kin of each deceased Manager, or either of his relations who in case of his refusal may be willing to undertake the Office his successor and in the event of none of the deceased's relations consenting to perform the duty authorize the hereditary Officers of the Pagoda to nominate a person to the Office the money not to be payable till they shall have come to an agreement on the subject —

3. In reply I am directed to inform you that the Board concur with you in opinion that the next of kin or on his refusal some other of the representatives of the deceased Manager of any religious establishment should be recognized as his successor in Office provided the succession be generally acquiesced in

Fort St. George 8th December 1845.

in by the community interested in the institution. To declare however the right of succession to such offices absolutely hereditary in the families of the first incumbents and to invest the Stellatars or other ministerial Officers of the several institutions with powers to fill up vacancies when the relatives of a former Trustee refuse to act would in the opinion of the Board obviously be productive of great abuses. In modification therefore of your proposal the Board direct that, on the death of a Manager of a Pagodah the nearest of kin or on his refusal any of the representatives of the deceased who may be selected by the family be recognized as the successor in the Trust unless his succession be generally objected to by the community interested in the Pagodah. Where such may be the case or when the last Trustee may have left no heirs or when his heirs may refuse to act the person recommended by the general body of the Worshippers should be appointed if there be factions and two or more contending parties be put forward it will be for the Collector to determine as far as he may be able the nominee of the majority and to recognize him as Trustee referring all other parties to the Courts it being distinctly understood that with the reasons which may actuate the several factions in objecting to one candidate or in preferring another the Collector has no concern his duty being confined to ascertaining as far as possible the prevailing wish of the community and to giving it effect.

4. The above rules are not intended to apply to ex Officio Trustees or those who have be associated in the Trust in virtue of the offices which they hold in the several institutions. In such case the Trust will be considered to be attached to the office and the successors to both be regulated by the same principle.

Ordered that the following Endorsement be passed in Petitions Nos. 1444-1452 & 1482.

"Petitioners are referred to the Coll.r of Trichinopoly to whom instructions have been sent upon the subject."

From A. P. Onslow Collector of Trichinopoly transmitting a copy of the Decree passed by the Acting Zillah Judge of Trichinopoly in appeal Suit No. 69 of 1845.

Para 1.

With reference to the correspondence noted in the Margin I have the honor to transmit a copy of the Decree passed by the Acting Zillah Judge of Trichinopoly in Appeal Suit No. 69 of 1845 confirming the Decree of the lower Court.

* To Board 22nd augt 1843.
From Do 25th Septr
To Board 18th Jany 1845
From Do 17th May

2. It will be recollected that the Suit was instituted against the Collector & his subordinate Native Officers for the recovery of the value of certain Cattle alleged to be the property of the Plaintiff Vengoovien which were distrained and sold in satisfaction of arrears of land revenue due by Lutchmanien and was defended on the grounds that the above two individuals were according to Hindoo Law an undivided family and therefore jointly and severally responsible for the debts of each to the Circar. The Principal Sudr Ameen before whom the Suit was originally instituted nonsuited the case as regards the Collector on the grounds that his orders were transgressed by the other defendants and that he therefore

Original Defendants Coll.r of Trichinopoly Row Tahsildar Punchonada Moodaliar Peishcar
Appellants Vencut Row Tasildar Punchonada Moodaliy Peishcar.

therefore had no part in the transaction and Decreed that two of the other Defendants Viz.t the Tahsildar and the Peishcar should make good the value of the Cattle to the Plaintiff &c without costs of suit - among other reasons because they had transgressed the orders of the Collector and because the distraint should have been made on the property of Lutchmanien and not on that of the Plaintiff - and the Decree &c is confirmed by the Acting Zillah Judge because on full consideration of the case it appears to the Court that Appellants took upon themselves to disregard the instructions of the Collector and that the Zuptting the Respondents property was a wanton and unauthorized act on the part of the Appellants for which they are responsible.-

3- I submit that there are sufficient grounds on which to make a special appeal from this Decree because the fact that the parties were not an undivided family is quite established by the admission of one of the parties for although the Acting Judge states that his assertion that his evidence was extorted from him is supported by his witnesses and has not been set aside by the Applicants witnesses it cannot be said to have been proved

proved by the former and on behalf of the latter no witnesses to the point were examined an omission which seems hardly accordant with justice.

4- In regard to the opinion of the Acting Judge that the act of zuptting was wanton and done in transgression of the Collectors orders I submit that even supposing such to be the case - and I by no means admit that it was the Collector thoroughly divested them of all responsibility by authorizing the sale - and that he did so is incontrovertible from the fact of his signature being attached to the documents giving authority in this point. It is quite clear in short that if wrong was done - and I contend it was not, it was done under the authority of the Collector and that upon him really rests all the responsibility.-

5- It should be observed that the case was tried ex parte originally and in appeal in consequence of the Tahsildar and Peishcar resting on the assurances of the Collector the 1st Defendant that he would undertake all responsibility in the suit - and it is remarkable that tho' it is recorded as having been passed ex parte arguments are used in

in the Decree, and one of the reasons given is that certain Statements were not set aside by the Appellants witnesses which looks very much as if the case had not been fully gone into. At all events no witnesses having been examined the case has not been decided on its merits, and the Appellants have not had a fair hearing.

6. The special appeal time will expire on the 10th January 1846.

The Original Suit was instituted to recover Rupees 45-5-5 being the value of certain Cows illegally sold with interest thereon.

The plaint states that a balance of Rist Rupees 23-5-8- was due to Circar by Lutchmanien of Tovriore for Fusly 1250.

on some Nunjah land. That the 1st Defendant the Collector instructed the 2d Defendant the Tasildar to collect the amount that on the 8th December 1844 the 3d Defendant the Peishcar and the 4th and 5th Defendants peons attached Plaintiffs property to wit 3 Cows 3 Calves and 1 Buffalo and 1 Calf valued at Rupees 60 and estimated them at Rupees 24 that the 2d Defendant sent for the attached Cattle to his Cutcherry and put up one Cow and Calf for sale. That one Mottien bid Rupees 25 which was not taken by the Tasildar who afterwards sold them for Rupees 15 and a Buffalo and Calf for Rupees 14 and entered the amount Rupees 29 in his accounts and the 3d Defendant restored to Plaintiff the remaining attached Cattle. That the Rist in arrears was due by Lutchmanien and not by Plaintiff who therefore brings this Suit to recover Rupees 39 the value of the Cattle illegally sold, and Rupees 6-5-5 interest thereon, total Rupees 45-5-5 with further interest up to date of Decree.-

The 1st Defendant answered that his orders were in accordance with the Regulations and that he alone is responsible for their Consequences that the other-

the Defendants should be struck off the file.

The 2d Defendant answered he had acted under the orders of Collector and therefore ought not to have been made a party to the Suit.-

The 3d Defendant answered that he acted under the orders of 2d Defendant

The 4th and 5th Defendants failed to appear.-

The Plaintiff replied

The 1st Defendant rejoined

The Plaintiff filed 3 documents numbered 28 and 29.-

The 1st Defendant filed one document numbered 23-

Eight Witnesses were examined on behalf of the Plaintiff.-

No Witnesses were cited by the Defendants

The Principal Sudr Ameen passed a Decree in Plaintiffs favor adjudging the 2d and 3d Defendants to make good to him Rupees 23. 8. -. the amount deducted on account of Kist out of the sum of Rupees 29 obtained by the sale of the Cattle and directed the 1st Defendant to cause the balance of Rupees 5. 8. -. now in deposit in the

public Treasury to be paid over to Plaintiff and dismissed the Plaintiffs claim to interest and further adjudged the 2d and 3d Defendants to bear their own costs and those incurred by Plaintiff and Plaintiff to bear the costs of 1st Defendants-

The 2d and 3d Defendants appealed

The Respondent answered.-

The facts of the Case may be briefly stated as follows.-

One Lutchmanien having fallen in arrears of Kist to Sircar the Original 1st Defendant the Collector of the District signed a Notice from him. and directed 1st Appellant to Zuft sufficient of his property to liquidate the arrears. The 1st Appellant however and under his orders the 2d Appellant Zufted the property of Respondent for arrears which they acknowledge are not due by him & which by their own shewing was not in accordance with the Collectors instructions They however plead that Lutchmana Ayen & and Respondent are undivided partners and live together. In support of this statement. They have adduced no proof whatever beyond the deposition Exhibit No. 23.-

Fort St. George 8th December 1815

No. 23. The Respondent however states that the deposition was extorted from him. This Statement is supported by the evidence of the 2d & 8th Witnesses and has not been set aside by any evidence on behalf of appellants consequently no reliance can be placed on this exhibit. In opposition to appellants plea Respondent asserts that he and Lutchmien are divided and live in separate houses and that Lutchmien is possessed of considerable independent property. The 1st 2d 3d 7th and 8th Witnesses depose in support of this Statement and Appellants have adduced no proof to the contrary. Respondent and his witnesses also state that he and Lutchmien each pays his own Kists separately and not the one for the other and Appellants have not adduced proof that they do.

The Respondent alleges that when the Cows were sold the 5th Witness bid as high as Rupees 25 for one Cow and Calf which bid was not taken and the 5th Witness was afterwards allowed to purchase them for Rupees 15. The 5th and 6th Witnesses depose in support of this Statement which cannot be relied on for the following reasons.

1st

Fort St. George 8th December 1815

1st The Statement is incredible in itself almost unintelligible 2nd It is clear that Appellants could not have been influenced by corrupt motives in the matter because the 5th Witness eventually became the purchaser and appellants could have derived no benefit from the transaction 3rdly Of the two witnesses in support of the Statement one is the 5th witness the purchaser himself and a Cultivator under Respondent and the 6th witness is the Village and neither by position nor circumstances are they above suspicion.

On full consideration of the Case it appears to the Court that Appellants took upon themselves to disregard the instructions of the Collector and that the Cutting the Respondents property was a wanton and unauthorized act on the part of Appellants for which they are responsible.

The Court confirms the original decision and dismisses this Appeal with Costs.

To.
The Collector of
Trichinopoly.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 12th. Ultimo forwarding Copy of a decree passed by the Acting Zillah Judge of Trichinopoly in appeal Suit No. 69 of 1845 and recommending that a special appeal be made from it your principal reason for advising the special appeal being it would seem, that as no evidence was examined by the Acting Judge on behalf of the appellants the case cannot be.

31 . 32

To the Collector of Trichinopoly.

Requesting him to submit for approval a draft of the appeal Petition he would propose should be presented to the Court in Suit No. 69 of 1845.

In Cons. 8th Dec. 1845

be said to have been decided on its merits.-

In reply I am directed to inform you

2 That before resort be had to a special appeal the Board are of opinion that the course indicated in Clause II Section VI Regulation XV 1816 should be followed, and application be made to the Zillah Court for a review of its judgement. They therefore request that you will submit for their approval draft of the Petition which you would propose should be presented to the Court in behalf of the late appellants. In this Petition the appellants should urge the points adverted to in your letter now under acknowledgement and especially that they did not defend themselves by evidence before the Principal Sudr Ameen under the idea that the avowal of responsibility made by the Collectors would be sufficient to exonerate them. That on a decision being passed against them they had appealed resting their appeal both on the grounds of their own irresponsibility, on the facts that Vengoovyer Lutchmavyer were of an undivided family and that the former had admitted as much before the Head of Police that appellants had been prepared with witnesses to prove the pleas urged by them in Appeal, but that none were examined by the Acting Judge. That under these circumstances neither in original nor in appeal can the case as regards them be said to have been determined on its merits or after a full consideration of all the evidence producible that they therefore pray that the case may be reopened their witnesses of whom a list with the points which they are intended

1881

Fort St. George 8th December 1845

intended to prove should be submitted examined and such revision of the former judgement made as may be in accordance with the real merits of the case

3 In para 4 of your letter you remark that even admitting the act of Cutting the Cattle to have been a wanton proceedure on the part of the appellants and in transgression of the Collectors orders that Officer throughly divested themselves of all responsibility by authorizing the sale, and that he did so is incontrovertible from the fact of his signature being attached to the documents giving authority in this point. The Board wish to be informed whether any written order was sent to the Shasildar or Peishcar authorizing the sale, distinct from the order directing the Cutt, and whether such order for the sale was given by the Collector after he had been made aware of the objections raised by Vengoovyer if it was, the order should be mentioned in the Petition and be tendered as an exhibit.

Adverting to the time which has already elapsed since the appeal decision was given the Board request that you will at your earliest convenience oblige them with an answer to this letter accompanied by a Draft of the proposed Petition for review of judgment.

Forwarding and supporting the Sub Collectors recommendation of remission to the Tobacco Renters of Fusly 1253 at Nellacotay to amount of Rupees 155-5-"

Sir.

1. I have the honor to submit for the orders of Government, a recommendation of the Sub Collector to remit the sum of Rupees 155-5-" to Curuppana Pillay and Soobramanya Pillay, Tobacco Renters of Nellacotay for Fusly 1253.

2. The demand on account of the rent till the 6th April when it was suddenly interrupted without their consent was Rupees 2670-"-" There has been collected Rupees 2488-6-" and remains recoverable, without coming upon the security Rupees 26-5-", leaving the balance of Rupees 155-5-" which Mr. Elliot recommends should be remitted, because of the absence of one of the renters, the poverty of the other, and the suddenness at which the rents were closed.

3. The Boards order of the 30th May 1844 forbade me to press for its recovery. The Minutes Consultation of the 5th August declared the renters were responsible.

4. I have the honor to request the Boards instructions, supporting myself Mr. Elliots recommendation because of the lapse of time only. Had the execution of the Government dues been promptly inforced I think there would not have been that hardship

harshness in the measure that there will be to inforce it now.

No. 1.

To The Principal Collector of Madura.

Sir.

1. I have the honor to acknowledge the receipt of your letters dated 14th Ultimo and 5th Instant on the subject of the balance due by the Tobacco Renter of Nellacottah for Fusly 1253. The delay to furnish you with the particulars has arisen from my wish to ascertain from the Sanapatty Pilly curnum of Vellampatty in Madacolam whether the will consent to liquidate the amount within a time rather than subject himself to the sale of his land which under the circumstances of the case would appear to bear hard upon the said individual.-

2. The renters for 1253 were Compana Pilly and Soobramoniah pilly and the amount of Rent 3600 Rupees. Their security was the above mentioned Senapatty pilly in the amount of 300 Rupees. The rent was suddenly stopped on the 6th of April by orders received from your Office in conformity with act VI of 1864 published in the Fort St. George Gazette of the 2d of the same Month.

The

Fort St. George 8th December 1845.

The Tahsildar endeavoured to make the collection of the balance up to that time which amounted as it does now to Rupees 181-10-- In consequence however of petitions to you from those Renters by whom any balance was due instructions dated 3d June were received not to press for payment, to which effect orders were issued by me to the Tahsildar on the 10th idem. Subsequent instructions were received that the renters were responsible for the balance. But in the mean time Soobramaniah Pilly absconded and is said to possess no property. Orders were sent to Sengore Tahsildar to send him to this Cutchry. Similar orders were subsequently sent to the Saude Komboo Tahsildar but he was not to be found in either Talook. Caroparah Pilly is only known to possess property worth Rupees 26-5-- which has been ordered to be sold.

3. The Security Senapatty Pilly stated in a Petition dated 24th December last that he objected to be security on the Plea that as the rental was abolished he could not be responsible. On the 3d of January following the Tahsildar was directed to report on the same and he on the 22d of the same Month denied any such communication from the security.-

4. Senapatty founds his claim to release from responsibility from the sudden manner

Fort St. George 8th December 1845.

manner in which, contrary to expectation and calculation the rental was abolished and has this day stated that the Nelacottah curnum Gomastah informed him, the Renter is possessed of more property but the particulars have to be learnt and will be submitted to you as soon as obtained.-

5. I am of opinion however that nothing more than the above said Rupees 26-5-0 is likely to be recovered from this Renter and under the circumstances of the case the absence of the renter and the poverty of the other I would respectfully recommend that the balance be remitted.-

Rupees 155-5 may be remitted and stating that the Board concur in the recommendation of the local authorities.

amounting to Rupees 155-5 may be remitted.-

2. From this it will be seen, that the demand on account of this rent to the 6th April 1844 when in consequence of the passing of Act VI 1844 it was suddenly discontinued was Rupees 2670. Of this sum Rupees 2488-6 has been collected.- Rupees 26-5 more will be realized, but the remainder Rupees 155-5 cannot be recovered unless by the sale of the landed property belonging to the security. The security objects to this measure and claims to be released from his responsibility on the ground of the premature discontinuance of the Rent.-

3. The Board observe that in some instances parties renting the Betel and Tobacco duties for Fusly 1253 have been allowed compensation for the loss of their farms before the expiration of that Fusly; and under all the circumstances connected with the present case they beg leave to express their concurrence in the recommendation of the Local Authorities for the remission of the arrears of the Nellacotay rent Rupees 155-5.-

I beg respectfully the Board's orders on my letter of 23d April 1844 para 9. requesting a small pension for Ismal Khan an old Sayer Duffadar of nearly 40 years standing, deprived of his bread by the abolition of the Sayer, without any fault of his own. I have not received any orders on the above request, the old Duffadar has since constantly represented his distress. Had it been practicable to employ or provide for the old man in any way

way I would not have troubled the Board but he is really quite worn out in the public service, and unequal, from age and infirmity to any other duty his invariably good character of 40 years service, also pleads strongly in his favor - and there is no fear of the indulgence being made a precedent, as it resulted from the entire change of Sayer system, and cannot again occur- his age (65 years) precludes the likelihood of his being very long a pensioner of Government- half his former pay 10 Rs/2, as requested in my former letter, would be the lowest scale sufficient to support him.-

The case of this individual was
first brought to notice by Mr. Thomas in
in Cons. 27th May 1844 his letter of 23d April 1844 from which, and
P. 9. from the communication now forwarded, it
will be seen that Ismaul Khan was a Suffa-
dar in the Sayer Department of Tinnevelly
and was thrown out of employ by the operation
of Act VI of 1844. he is stated to be a respecta-
ble and deserving old servant of Government
of 39 years standing, and to have always borne
a good character. he is quite worn out in the
Public Service, has been reduced to great
distress from the loss of his situation, while
his age and infirmities preclude his being
provided for in any other appointment. Under
these circumstances the Collector recommends
that a Pension of Rs. 5/4 being half his former
Salary may be granted to him for his life.

The Board are aware that
Ismaul Khan is not entitled to a pension
under the General Pension Rules, but they
would hope that under the VIIth of those Rules,
his may be considered a special case. As remarked
by Mr. Thomas such an indulgence cannot
be drawn into a precedent, as it re-
sulted from an entire change of the Sayer
System which cannot occur again, and

adverting to this, and to the high character
borne by the Duffadar, his age, indigence, and
length of service, they beg leave to recommend

favorable consideration of Government.

Proceedings thereon.

Rejecting the Petition of Mootoo Pillay late Officiating Curnum of Singanellore appealing from a decision passed against him by the Asst. to the Principal Collector of Coimbatore.

1. It appears from the Proceedings now furnished with the appeal Petition, and from the Statement above referred to, that the Appellant Mootoo Pillay was arraigned for "concealment of cultivation and preparation of false accounts," and having been convicted of these offences was under the Provisions of clause IV Section V ... Regulation

Fort St. George 8th December 1845.

Regulation IX of 1822 adjudged to pay a fine of 20 Rupees, commutable to one Months imprisonment in default of payment.

2. On referring to the original Proceedings connected with the case, now furnished the Board observe that the preliminary inquiry held before the Head Sheristadar / and which it is presumed was instituted in conformity with the Provisions of Section IV Regulation VII of 1828 / bears date as far back as the 9th of September 1845, and that the subsequent and final investigation held by the Assistant Collector, is dated the 3d of January following, there being an interval of nearly four Months from the first enquiry into the irregularities imputed to the Curnum Mootoo Pillay, and the date of the decision recorded against him Viz. 4th January last.

3. The Board however see no occasion to disturb the judgment passed in the case, and as the Appellant has failed to submit his Petition of Appeal to the Principal Collector for transmission to the Board within the period prescribed by Clause 1 Section VI of Regulation VIII of 1828 it being dated the

To the Act'g Coll'r of Cuddapah -

Para 1 -

In paras 22 to 24 of your report of the

16895

Fort St. George 8th December 1845.

the 2d October last on the Extra Sources of Revenue in your District for Fusly 1254, you enter into a detailed proposition for levying a toll throughout the district of Cuddapah on Bullock Bandies and Laden Bullocks, for the purpose of keeping the roads in good order -

2 - The Board direct me to inform you that they are gratified at the attention which you seem to have paid to a subject unquestionably of great moment - If however appears that a discussion of this nature is not altogether suited to an Extra Revenue Report, and that the question could not be conveniently disposed of in the shape in which it has been now presented to them - I am therefore instructed to return your report and to request that Para 22 - 3 - 4 - may be omitted - The Board are however anxious that the subject should not be lost sight of, and will be happy to receive from you, through the Department of Public Works, a further communication, explaining your views in detail -
