Directing that the Tinnevelly tariff valuation of Tobacco destined for Travancore be reduced to one uniform rate of 50 Rs. per Candy and that all duty levied in excess on same Tobacco exported into Travancore by a Mettevelee Chettiar be returned to him

Read the following Extract

Extract from the Minutes of Consultation under date the 1st December 1845.

Read again letter from the Secretary to the Board of Revenue dated 19th May and recorded in Diary & Consultation 1st July 1845 N° 744.—

Read also the following letter from the Secretary to the Board of Revenue.—

(Here enter 10th November 1845 N° 684)

Para 1.

The Most Noble the Governor in Council sees no sufficient reason for continuing the present distinctive valuation in the Tinnevelly Tariff of Tobacco passing into Travancore, especially as under the provisions of Act VI of 1844 the rate of Duty on the article passing the Frontier into

Foreign

Fort St. George 18th December 1845.

Foreign Native states has been raised from 5 to 10 per Cent or double of what it was before. Under these circumstances. His Lordship in Council resolves to direct that the Tinnevelly Tariff valuation of Tobacco destined for Travancore be reduced not as the Board of Revenue proposed to different rates according to quality but to one uniform rate of Rupees Fifty per Candy, which is stated to be the valuation of the First sort of Tobacco for Home consumption. His Lordship in Council has been induced to specify the above rate from the admission that most of the Tobacco exported into Travancore is of Superior quality and from entertaining the opinion that the fewer Classes there are, less opportunity will be afforded to the Custom House Officers for dishonesty.—

2. His Lordship in Council agrees with the Board of Revenue that the case of A. Mattoovelloo Chettiar who was subjected to the increased rate of duty on the higher valuation of Tobacco on the export of that article into Travancore is deserving of some consideration and he resolves accordingly to direct that retrospective effect be given to the Rule indicated in the preceding paragraph with respect to this individual and

all duty which may appear to have been levied in excess of it be returned to him.—

A. Mattoovaloo Chettiar will be instructed in reference to the several Petitions addressed by him to Government to apply to the Collector of Tinnevelly for the orders which have been passed in his case.

To

Captain T. Lavie
Secretary to the Military Board
Fort St. George

Sir,

Para 1. Having now fulfilled the pledge to the Military Board contained in my several previous communications and also

also with reference to the correspondence noted in the Margin. I have the honor to forward an account particular of charges incurred in the felling and carriage of Timber for the construction of Barracks at Trichinopoly amounting to Rupees (12.693-7-9) Twelve Thousand Six Hundred and Ninety three, annas Seven and Pice Nine. for which I request that the sanction of Government may be obtained at as early a period as possible.—

2. This undertaking has been one of no ordinary labor, deprivation, and exposure, and had I not been materially assisted by Venatachella Moodelly, I could not have possibly met the requisition of the Military Board without a much greater outlay of the Public Money.—

3. The dimensions of each Beam are shewn in the accompanying List, and it would

would appear that 970 small, and 8 large Beams have reached Carvoor, where my responsibility ceases. From the latest account I am given to understand that 164 of the former have been removed to Trichinopoly by the Commissariat Officer, and that arrangements are in progress for the transport of the rest.

4. Three Mortars and six Platforms Carts were furnished by the Commissary of Ordnance at Trichinopoly for the conveyance of the larger Beams, and the three former are now so engaged, the latter having been taken back as unsuitable for the purpose.

5. There are still 172 large Beams to be transported to Trichinopoly, of which 64 are conveyed down to the foot of the Ghauts and 108 still remain on the Hills. I have no means of bringing them down without engaging some of the best Elephants from Malabar, the daily hire of which may be calculated

calculated at 7 Rupees each — the Commissa-
riat Elephants proved quite unfit for the
purpose, and were returned to Travancore ac-
cordingly.

6. The Charges hitherto incurred as
shewn above are Rupees 12.693 — 7 — 9 which
on the average amounts to Rs 12 — As 5 — Ps 8 each
From the information I have been able to
obtain it appears to me that by the sup-
-ply of Timber from this District, there has
been a saving of more than 2.0000 Rupees
to Government in the present instance, but
as this is merely an Estimate, its veracity
can best be tested with reference to the
present prices of Teakwood prevailing in
the market at Trichinopoly, where I am
informed each Beam (small) will sell
for 3.5 Rupees.—

7. In conclusion, it is incum-
-bent on me to state, that I could not
have supplied this Timber; had I not
been

been assisted by Venkatachella Moodelly the
Maniagar of Annamallee, under whose
Superintendence solely this has been effected.
and when I communicate to the Board
that his offer of assistance was voluntary and
unrewarded in any way beyond the assurance
that his efforts should be brought to the favor-
-able notice of the Board. I beg earnestly
that some mark of favor may be extended
to him either in the way of Commisseon
or, what I fancy he would prize more, a
letter of acknowledgment and the present
of a pair of Shawls, for he is a rich and
very influential person in this wild and un-
-healthy part of the District and more de-
-sirous of distinction than money.—

To the Chief Secy to Government

Stating with reference to the order of Govt. dated 2 Inst. that the Board would suggest that a pair of shawls be presented by the Collr of Coimbatore to Vencatachella Moodelly with an intimation that the present has been made to him by Govt to evince the sense entertained by them of his services in superintending the felling and transport of the Timber from the Annamallee Forests for the Construction of the New European Barracks at Trichinopoly.—

Judicial 18th December 1845.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No. 1395. 2 d December 1845. re=questing their opinion as to the best manner in which the Government may evince their appro=bation of the services rendered by Vencatachellum Moodelliar the Monegar of Annamallee in voluntarily superintending the felling and trans=port of the Timber from the Annamallee Forests for the construction of the New European Barracks at Trichinopoly.—

In reply I am instructed

2. to state that the Board observe that the Princi=pal Collector of Coimbatore in his letter to the Secretary to the Military Board dated 8th April last Para 7 has given it as his opinion that a letter of acknowledgment and the present of a pair of shawls would be more acceptable to the Monegar than any pecuniary reward as he is wealthy and more desirous of distinction than of Money. The mode recommended by Mr. Wroughton for testifying the approval of Government seems to

to be fit and appropriate - The Board would therefore suggest that a pair of shawls be presented through the Principal Collector of Coimbatore to Venkatachalla Moodelly with in intimation that the present has been made to him by Government to evince the sense entertained by them of his services upon the late occasion.

Should Government concur, Copy of the Extract from the Minutes of Consultation or order of Government authorizing the present might also be given to the Moneys in place of any formal letter of acknowledgment and would probably be gratifying to him.

(Received 29th October 1845. No. 644)

Para. 1. The season of fusly 1252 in the Vizianagarum Zemindry is reported to have been unfavorable. the rains having been insufficient while Prices were below those of previous years.—

2. The settlement of the Land revenue under money and under rents inclusive of the demand for Quit rent on Agraharums. Meerasahs and Enams, as well as Motarpha amounted

Fusly 1251 (Rupees)	9,35,746-6-10

amounted in the aggregate to Rupees 836.571 and fell below fusly 1251 in nearly a lac of Rupees of the above demand. Rupees 7.96.985-15-4 were collected within Fusly 1252. leaving a balance at its close of Rupees 39.585—0—8. reduced by subsequent Collectors to Rupees 29.997—8—. and the recovery of this sum would seem from Para 19 of the Agents report to be hopeless.—

3. The Gross Collections which include Extra Collections. fines. recoveries of advances for Cultivation &c. amounted to Rupees 10.08.457—8—11 and after payment of nearly 75.000 Rupees to Narrain Row on account of his bonded debt besides the ordinary and other Charges as well as the allowance to the Zemindar and the liquidation of the Peishcush in full. there remained a balance in the Agents hands of nearly half a lac of Rupees.—

Increase 4901 -1-6

with fasly 1252 shewed an excess of Rupees 49.010-1-6. Of the Demand Rupees 8.35.814 — 15 — 0 were collected within the year, and left a balance at its close of Rupees 49.766 — 2 — 6. which has since been reduced to Rupees 33.979 — 6 — 6 and the recovery of this sum is

Para 31 — in the opinion of the Agent desperate.—

6. The Gross Collection appertaining to the year amounted to Rupees 8.87.993 — 7 — : and adding the balance on hand belonging to the previous year, exhibited the aggregate assets at Rupees 9.36.600-9-1 from which were paid the ordinary and other Charges, allowance to the Zemindar, the Government Peishcush, and Rupees 10.800 on account of Interest on Narrain Raws debt, leaving a balance of Rupees 158.334 — 10 — 8 on hand but the liabilities on the Estate have largely increased by a remittance of 6 l/c lacs for the composition of the late Rajahs debts at Benares and on this subject the Agent has promised to report separately.—

7. Pending the result of the correspondence for obtaining the return of the young Zemindar to the District of Vizagapatam; the Most Noble the Governor in

in Council does not consider it necessary to record any observations on the other parts of the Proceedings of the Board of Revenue.—

8. The Most Noble the Governor in Council has to remark on the delay that has occurred in the Board's Office in reviewing the Settlement report on this Zemindary for fasly 1252. Although some arrangements regarding the Settlement were effected by the Acting Collector without the Board's accordance and the information and accounts supplied by that Officer proved to be deficient, yet his report was allowed to remain unnoticed for nearly two years.— His Lordship in Council also observes that the Collector's report for 1253 was not furnished till the 24th May 1845 being more than ten months after the close of the fasly.—

Extract from the Minutes of Consultation under date the 8th December 1845.

Read the following Extract from the Proceedings of the Board of Revenue. Relative to the Management of the Revenues in the District of Kurnool for fusly 1252 / A.D. 1842/43. — Here enter 16th Octr 1845 N:637/

Para 1. The Settlement is stated to have been conducted as far as the circumstances of the Country admitted it on ryotwary principles. Two of the Eight talooks comprizing the Territory are reported to have been surveyed and the accounts adjusted in Acres and Guntahs in supercession of the old existing uncertain and indefinite Standard. The Season is represented to have been highly favorable, but the extent of Land engaged for cultivation was considerably less than in fusly 1251 and, produced a demenution of revenue to the amount of Rupees 45,409—9—4 which is attributed by the Agent to various causes which are adverted to by the Board in para 7 of their Proceedings.—

Cultivation
Fusly 1251 — 654,338—14—11
1252 — 608,929—5—7
Decr 45,409—9—4

2. This superabundance of agricultural Produce, consequent on the favorable nature of the season, caused a fall in the prices of grain and affected the punctual realization of the revenue, of

which a balance exceeding a lac of Rupees remained uncollected at the close of the Fusly. Prices, as quoted in para 6 of the Agents report, exhibit, in comparison with those of Fuslees 1249 - 1250 and 1251, a considerable diminution, and in some descriptions of grain a fall of nearly 50 per Cent is observed.—

3. The net settlement of the Land revenue of Kurnool for Fusly 1252 — which besides cultivation includes Duit rent on Enams, Shistriems &c. amounted to Rupees 6,70,450—6—1 and exhibited on a comparison with that of Fusly 1251 a decrease of Rupees 34,887—5—8 Inclusive of the Extra Sources the total revenue demand was Rupees 7,86,971—10—6 and presented a decrease of Rupees 60,241—15—1 below Fusly 1251. The Collection within Fusly 1252 amounted to Rupees 6,46,064—2—5 and of the balance outstanding, Viz. Rupees 1,40,907—8—1 at its close, the sum of Rupees 1,30,181—7—10 appertained to the Land and the remainder 10,726—0—3 belonged to the Extra revenue.—

Fusly 1251 Rupees 7,05,337—11—9
" 1252 Rupees 6,70,450—6—1
Decr 34,887—5—8

4. The balance due on the land Revenue appears from a marginal note to have been reduced at the end of Fusly 1254 to Rupees 66,090 independent of which there are still very large balances due for former years amounting to more than two lacs and

Para: 27.

and thirty thousand Rupees which require a special and early report from the Agent and the Board for the consideration of Government with the view to their final adjustment.-

To

E. P. Thompson Esqre
Secretary to the Government of
Fort St. George.

Sir,

I am directed to acknowledge the receipt of your letter No. 1249 dated the 27th Ultimo. with original Enclosures (here-with returned) and in reply to state that under the circumstances therein represented the Honorable the President in Council sanctions the payment from the Public Treasury of an allowance of two annas per diem to Poorooshottama Charloo for the term of his natural life. with arrears from the date of the abolition of the Sayer duties by Act VI of 1844.-

Fort William-
22d November 1845

To G. A. Bushby
Secretary to the Government of
India-

Sir.

I am directed by the Most Noble the Governor in Council to transmit Copy of a correspondence with the Board of Revenue on

From Bd. of Revr.
31st July 1845- No. 475.

Fort St. George 18th December 1845

Order thereon
From Bd. of Revr.
2d October 1845
No. 607.

on the subject of an allowance of two annas per diem which was formerly deducted from the Gross Sayer Collections of the Masulipatam District and paid to an individual of the name of N. Poorsoshottama Charloo in the shape of a Rufsoom but discontinued since the abolition of the Inland duties by Act VI of 1844.-

2. As the individual has no other means of livelihood, and the allowance in question has been in the enjoyment of his family for sixty years, His Lordship in Council recommends that as suggested by the Board of Revenue in their letter of the 31st July, it should be continued by a payment from the Public Treasury during the period of his natural life and disbursed in arrear from the date of the abolition of the sayer duties.-

Fort St. George
27th October 1845

/Signed/ E. P. Thompson
Secretary to Government.-

Ordered that the foregoing letter and the one to which it is a reply be transmitted for the information and guidance of the Board of Revenue, with reference to the correspondence noted in the Margin, and that the sanction of the Government of India be also communicated to the offices of Account and Audit.-

From Bd. of Revenue 31st July 1845. No. 475.

Fort St. George 18th December 1845.-

you in reply that having had under review as well the Judicial, as the Revenue charges of your Presidency they observed, that by the abolition of the Provincial Courts of Appeal the position of the Judicial branch of the Madras Service would be materially altered and its emoluments curtailed, while, on the other hand, the duties of the Revenue Department must necessarily be in some degree lightened in consequence of the abolition of the transit duties: so that if the suggestion of the Board of Revenue were carried into effect, the Revenue would have a very decided advantage in point of allowances over the Judicial branch of the Service, a distinction which it was not the policy of the Government of India to encourage. They added that, apart from these considerations, the financial position of India did not admit that increased expenditure should be sanctioned in any department of the public service, except on the gravest necessity, and that in their opinion, the necessity did not exist in the present instance.-

13.- We approve of the Government of India having declined under present circumstances to authorize any change in the allowances of the Collectors generally under your Presidency.-

As

Fort St. George 18th December 1845.-

14.- As regards the Province of Cuddapah we have in a Despatch dated the 2d April last No. 4 para 6 renewed the permission which we had previously given to you to raise the allowances of the Collector and Magistrate of that District to an amount not exceeding Rupees 34,200 per annum, if by that means you should be enabled to retain more permanently the services of a Gentleman possessing the requisite qualifications.- We were induced to give this sanction in consequence of our attention having been attracted to the very frequent changes which have of late years occurred in the officers holding the chief administrative authority in this District, and we do not propose to withdraw the permission if you are of opinion that by acting upon it you will be enabled to attain the desired end.- The mischief which must arise from constant Mutations in the local functionaries is too obvious to require comment or illustration. Every district doubtless possesses peculiarities which must require some time to be studied and understood, and no officer however great his experience and abilities can apply those qualifications with full effect

Fort St. George 18th December 1845.

effect until he shall have acquired a competent Knowledge of the district in which he is employed; but under a system of perpetual change his services are liable to be withdrawn just at the moment when they are becoming most valuable.

The remedy for this evil is in a great measure in your own hands, and we desire particularly to impress on you that none of our servants should be permitted merely from a regard to their inclinations or personal convenience to quit those posts where they can be employed most advantageously for the public Service.-

15. There is a further point discussed in the papers under notice which requires some observations.-

16. In our Despatch dated 21st June No. 14. 1842 we conveyed to you our authority to assign to the Collector of Guntoor "such allowances as may induce the officer "entrusted with the resettlement of the "Country remain in the District until "the completion of the Settlement."-

17. On the recommendation of the Board of Revenue you proposed to the Government of India that the salary

Fort St. George 18th December 1845.

Salary of Mr. Stokes the Collector of Guntoor should be raised from Rupees 28,000 to Rupees 30,000 per annum. In their reply they state that "it does not appear why Mr. Stokes should necessarily wish, or be permitted to leave his District on the score of insufficient allowances" and that considering that he was only appointed on the 1st July 1842, and that his residence in India on the 1st May 1843 amounted to 13 years 4 Months and 9 days they could not admit that for so short a tenure of Office and not very protracted residence in the Country the annual salary of Rupees 28,000 was so inadequate as to call for an increase of Rupees 2000 per annum in order to secure to the District of Guntoor a continuance of the benefits of efficient management.-

18. In authorizing your Government to increase the allowances of the Collector of Guntoor it was our intention that if the Officer entrusted with the important work of the resettlement of that District should previously to the completion of the undertaking attain such a standing in the services as might reasonably entitle

Fort St. George 18th December 1845.-

entitle him to look for promotion to an office of higher rank and emolument it might be in your power to retain his services in the District by assigning him as a personal allowance a salary commensurate with his fair claims and expectations- considering however the recent date of Mr. Stokes appointment to Guntoor and moreover that he is among the lowest in point of Standing on the List of Collectors of Revenue under your Presidency, we agree with the Government of India that the time of calling that power into exercise has not yet arrived.-

Board of Revenue
Fort St. George

35

Sir,

From the Collr of Masulipatam — With reference to the Board's Proceedings of the 20th Ultimo conveying sanction for the sale of the Vurtullapully Village, I have the honor to state that as I shall be most probably engaged at Nundegamah on the day fixed for the sale, I have ventured to postpone the the day of sale to the 26th January 1846, and request that a corresponding alteration may be made in the Advertisement published in the Board's Office.

Masulipatam Collr Cutcherry 10th December 1845 — (Signed) R. T. Porter, Collector

Resolution thereon — The Board of Revenue acquiesce in the postponement of the sale of the Vurtullapully Village from the 5th to the 26th Proximo, and have made the corresponding alteration in the advertisement published at this Office.

35-36

Read the undermentioned letter and Statement.

38

From the Principal Collector of Madura — Statement shewing the Charges under each Branch of Revenue for fusly 1254.

39

Order on the 3 abovementioned letters and Statements — Ordered to be lodged in the Office.

37-40

Read again letter from the Acting Collector of Guntoor dated 20th September and entered in Consultation 13th October 1845.

Read again also letter from the Head Assistant Collector in charge of Guntoor dated 12th November and entered in Consultation 11th December 1845.

Read moreover the following Petitions presented to the Board by Vu. Bashcarloo ameen of Coorapaud, Nos 1279–1315–1469 of 1845.

41

Proceedings thereon Para 1. V. Bashcarloo the ameen of Coorapaud was temporarily removed from his Office by the Acting Collector in consequence of a representation from the Commissioner that his researches into the Revenue Management of that Talook had in his opinion rendered it necessary

Proceedings Authorizing the dismissal of V. Bashcarloo ameen of Coorpaud in the district of Guntoor from the date of his suspension from Office.

Fort St. George 18th December 1845

necessary to institute a rigid inquiry into the conduct of the ameen. He was therefore suspended from his situation on the 19th of March last pending the final issue of the Proceedings instituted against him the result of which is now submitted for the consideration of the Board in the first of the letters recorded above.

2. It does not seem requisite to follow the Commissioner through all the details of the enquiry into the conduct of the suspended ameen as set forth in the voluminous documents now before the Board, it appears however that the instance of misconduct on the part of this Public servant consisted first, of wilfully and corruptly allowing large outstanding balances to remain uncollected within his Tanah which with due exertion and attention on his part might have been in great measure brought to account, and 2ndly, of depreciating the resources of the Tanah by receiving and recommending the acceptance of undue and improper rents for several Villages. and lastly, of levying contributions from Peons under his control for his personal use and benefit.

3. With regard to the two first charges of misconduct imputed to Bashcarloo the Board are satisfied from the tenor of the Proceedings connected therewith that they are brought home to the Ameen and though it cannot but be considered that the delinquency contained in the third instance is one of strong suspicion they concur in the view taken by the Acting Collector that in cases of this kind it is extremely difficult to obtain proof sufficient to lead to a penal conviction, and that it is not desirable to proceed against the Ameen judicially under Regulation IX of 1822, with any doubt existing as to the final issue of the trial but they are of opinion that the Publick interests demand and would be best consulted by the removal of the Ameen from his situation in the Talook.

Fort St. George 18th December 1845.

4. Under all the circumstances of the case therefore and after giving their careful attention to the evidence adduced in criminatation of the Ameen together with the Statements offered by him in justification of his conduct and adverting at the same time to the strong opinion expressed by the Commissioner of the unworthiness of Bashcarloo to retain the Office of Ameen of Coorapaud the Board resolve to support the recommendation of the Acting Collector that he should

should be removed - and further that his dismissal be considered as taking effect from the date of his suspension from office namely the 19th of March last -

5- They further resolve that the following Endorsement be accordingly passed on the several Petitions entered above -

Endorsement on Petitions

Nos. 1279 - 1315 and 1469 of 1845 -

"The Petitioner is informed - that the Board of Revenue having taken into consideration the evidence adduced before the Commissioner - together with the Statement furnished to the Head Assistant Collector in justification of the charges brought against him, are of opinion - that he is unworthy of being employed as Ameen of Coorapaud and they have therefore directed his dismissal from that Office."

Order thereon -

Ordered that copy of the foregoing Proceedings be transmitted to the Head Assistant Collector in charge of Guntoor -

Read the following letters

From the Hd. Asst. Collr. in charge of Guntoor

Informing of the Survey Establishment transferred by the Commissioner to the Acting Collector and suggesting for stated reasons the suspension of the Survey of any more Villages for the present and of confining operations to checking fields already surveyed and completing the boundaries of the same -

Para 1. I have the honor to state for the information of the Board - that the establishment entertained by the Commissioner in this District for prosecuting the Survey was transferred upon his leaving this place to the Acting Collector and has since continued its operations -

2- The Board will be aware that the European superintendence which a matter of such primary and permanent importance demands is quite impracticable at the present time as the Current duties of the Collector and Magistrates office fully occupy my own time, and without any establishment for the purpose the Survey accounts cannot have the undivided attention and scrutiny which is required for the prevention of irregularities or fraud -

3. I beg therefore to suggest - the propriety of suspending the commencement of any new villages confining the operations -

Fort St. George 18th December 1845

operations to such as are already commenced or require to be checked by the Sr. Magyeshdar, or examiner and Sub Assistant surveyors.—

4— Since the Commissioner left, 13 Villages of the Shabroke Tanah have been surveyed by the Native surveyors, and 3 others will be shortly completed, and as it is desirable that the whole of these should be checked by the Sub. Assistant Revenue surveyors and it remains to complete the boundary marks of the same, which will take some time, the postponement of new operations for the present till Mr. Stokes joins, does not appear to be productive of inconvenience.—

5— The standing Corps at this time also present a serious difficulty in the way of accurate mensuration of the fields which has rendered it necessary to defer the survey of new Villages which I trust the Board will approve

6— The necessity of much stricter superintendence than could be exercised since the departure of the Commissioner, further appears by an instance

of

Fort St. George 18th December 1845.

of extensive fraud lately brought to my notice in the survey of the Village of Kootuky, in the re-measurement of a few fields of which, an excess of 116 Acres in 266 Acres has been discovered amounting to 50 per Cent in some instances— and averaging one fourth, which seems to render it necessary to survey the whole Village over again, and to create suspicion as to the correctness also of others.—

7— It may be proper here to state that Mr White has already made an application to Government on this subject Copy of which is forwarded.—

In reply to the Extract from the Proceedings of the Board of Revenue under date the 17th Instant, I have the honor to inform you that in the case of Masaulabalee, the Yeymeadars who deposed to her identity have been most particularly cautioned against giving a false representation regarding the claims of the party in question and a deposition on solemn affirmation has been taken from them in which they distinctly state that the party now claiming arrears and the continuance of the Yeomiah is the identical Masalabalee in whose favor the original descriptive Roll was made out. The age of the party as now described corresponds with what should be that of the Original

The longevity of the Ghoshas women struck me as particular and two fresh women were appointed to report on their appearance, from which reports but trifling discrepancies were apparent, tho' from the invisibility of the parties to the eyes of the public authorities great temptation for trickery is held out. In conclusion I would recommend the continuance of the Yeomiah to Masalabalee.

From A. Mellor Esqre
Collector of Bellary.

Sir,

Reporting relative to the Enam lands of one Gowra Ramaswah Naid relative of the Family of the Poligar of Raidroog in Consequence of his death and that of his Widow and recommending that out of the 99-8-8- of the Enam enjoyed by them portion equal to 33 Pagodas may be Continued to the surviving daughter as also another portion of 11-5-4 as adopted now.

* Quoted in my Letter to the Board dated 11th April 1844.

Agreeably to a Summud issued by Mr. Gahagan a former Collector of this District under date the 17th March 1806 granting to one Gowra Ramaswah Naid a relative of the Poligar of Raidroog certain Enam lands assessed at Conteroy Pagodas 99-8-8 in three Villages of the Raidroog Talook (The Grant being of the same hereditary nature as that referred to in Mr. Campbell's letter to the Board bearing date the 8th March* 1824) the Grantee enjoyed the same from Fusly 1210 A.D. 1806/7 died in Fusly 1220 A.D. 1810/11 without male issue leaving a widow and two daughters.

2. The Widow named Baskerummah succeeded enjoyed the Enam, and died on the 25th November 1843, when it was sequestered.

3. This last incumbent Baskerummah gave her two daughters in marriage to one Vencataputty Naid subsequent to her husband's death, and maintained them in her own house. One of the daughters and the son-in-law died the former about 26 years ago and the latter 16 years ago, the other daughter by name Balummah

is

is still alive, but in a state of utter destitution the Enams being sequestered and that the only income on which her subsistence depended - Her present age is forty years.-

4. As the offspring of a respectable Family who always and successively obtained a Provision from Government in the shape of Enam, the surviving incumbent Balummah is in my opinion entitled to some support. I therefore beg to recommend that one third of the 99-8-8 Enam lands enjoyed by both her Father and Mother which will amount to C. Pdy. 33 be continued to her, she having to support herself and Servants Nos. 5 in number.-

5. I have also to bring to the notice of the Board the following circumstance as connected with his Claim - Another person by name Venkatapaty Naid complained to the Collector prior to the death of Bastkarummah that he was adopted by the original Grantee Ramapah Naid as his son, and performed the demise of the latter his funeral rites and ceremonies according to the usage of his caste, that after being maintained by his mother Bastkarummah for several years, he was turned out by her from the house without any cause, that he considered himself the legal heir and representative of

adopted father Ramapah Naid and so preferred his Claims for the Enams.-

6 On enquiry regarding this man and on a reference to the declaration of the inhabitants of the Village of Eradekarah forwarded by the Tahsildar of Raidroog it appears that Ramapah Naid having no male issue adopted this man as his son he being the son of a Kinsman or Cousin by name Sungeevapah and that being so adopted he actually performed the funeral obsequies and Ceremonies of Ramapah Naid.- With reference to this point the then Collector Mr. Chaplin issued an Order under date the 8th August 1811, to the effect that if the adoption was true, the entire Enam as enjoyed by Ramapah Naid be continued in the joint names of Bastkarummah and Venkatapaty Naid the adopted son; accordingly Bastkarummah appears to have maintained the son Venkatapaty Naid in her family for several years, but at the instigation of her son-in-law turned him out.-

7 I should also inform the Board that during the life time of the original Grantee Ramapah Naid and even for some time after his death, the natural father of this adopted son by name Sungeevapah referred to

in

Fort St. George 18th December 1845.

in the preceding Para continued to enjoy (on the ground of being a kinsman or Coheir) a portion of Ramapah Naidu's Enam equal to the Assess=ment of C Pagodas 11-5-8- On his death the said Baskerumah appears to have resumed that portion also.-

8 Since he was turned out by Baskerummah from her house Venkatapaty Naidu preferred his Claim on the Enam to Mr. Robertson the late Principal Collector who made some enquiry. but no finial order appears in the re=cords of this Office to have been passed on the subject.-

9 Though I am not inclined to recognize him (on the ground of adoption) as the sole heir of Ramapa Naidu it appears never=theless reasonable that Venkatapaty Naidu should have a Provision made for him in Consideration of his natural father Sungeevapah having as a kinsman participated in the Enam of 996 Pagodas, and of his (Venkatapatys) having performed the general rites and still performing the annual Ceremonies of his adoptive father Ramapah Naidu and as he is besides in a very miserable and destitute state encumbered with a family but without any means of support I beg to suggest that out of 99-8-8 Enam land about referred to he also be allowed to enjoy

a portion equal to 11-5-8 in the same manner as his father did.-

10 The words of the Sunnud issued by Mr. Gahagan are that the Enam shall con=tinue to be enjoyed successively by Ramapah Naidu and his heirs both in the male and Female lines, and be liable to resumption on their acting in opposition to the Circar or on the family becoming extinct, The original of Mr. Gahagans Sunnud with Copy of Mr. Chaplins Takeed is enclosed with English Translations appended thereto for the information of the Board.-

11 From these Papers the Board can decide whether under the Circumstances above reported and the terms of Mr. Gahagans Sun=ned, the Family can be considered extinct, and whether in virtue of Mr. Chaplins Takeed Venkatapaty Naidu can be allowed a portion of the Enam agreeably to the recommendation which I have herein before made- He claims the whole Enam but his title is weak and his necessities are so great that he will be glad to receive what is proposed which is all I consider him entitled to.-

To the Chief Secy. to Government

Submitting a letter from the Collr. of Bellary bringing to notice the claims of certain parties to a provision from the proceeds of a Sequestrated Enam in his District and expressing the sentiments of the Board on the subject.- (Rec'd 18th Dec. 1845)

I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the Accompanying letter 10th Nov. 1845 from the Collector of Bellary bringing to notice the claims of certain parties to a provision from the proceeds of a Sequestrated Enam in his District.-

2.- The Enam in question consisting of land assessed at Canteroy Pagodas 99. 8. 8. was granted by Mr. Gahagan Collector of Bellary under a Sunnud bearing date 17th March 1808 to one Gowra Ramapah Naid, a relative of the Poligar of Raidroog. By the terms of the Sunnud the Enam was to be hereditary in the family until it should become extinct both in the male and female line. The original grantee died in Fusly 1220 1810/11 - his widow Baskerummah Succeeded him and enjoyed the Enam until her death on the 25th November 1813 when it was sequestered.-

3. The parties on whose behalf the Collector now appeals to the consideration of Government are.

1.- Balummah daughter and Sole remaining Child

child of Baskerummah and the original Enamdar.—

2. Venkatapaty Naid who there seems reason to believe was adopted by Ramapah Naid, and whose natural father Sungeerapah Naid appears as a Coheir to have enjoyed during the life of the original grantee and for sometime afterwards a portion of the Inam assessed at Canteroy Pagoda— 11. 5. 8 Mr. Mellor recommends that one third of the original Inam or land assessed at C.P. 33 be assigned to the former of these parties and to the latter lands equal in assessment to those at one time enjoyed by his father or Canteroy Pagodas.

55-3-u-

11-5-8. the remainder of the inam which will revert to Government will then be C.P. 55-3-u-

u- The Board are unable to ascertain from their records by what authority the grant to Gowra Ramapah Naid which it should be observed was for support only and not as in the case of the Bellary Poligars, in lieu of resumed Offices or privileges, was made by Mr. Gahagan. The records of Government

may

may perhaps supply the information, as the correspondence in 1806 and following year regarding the families and dependants of the Poligars of the Bellary District appears to have passed between the local authorities and Government direct. If the grant was made by the Collector without due authority, the present parties Balummah and Venkatapatty Naid can have no claim to the continuance of any part of the Inam to them beyond that which arises from their being the representatives of a respectable family in an advanced period of life and in a destitute condition, but on these grounds the Board beg to support the application made by the Collector in their behalf and to recommend that

those portions of the Inam which he has specified may be assigned to them for their lives. If however it should appear that Mr. Gahagan had

had full authority to confer the grant, as the Sunnud by its terms expressly declares the Enam to be hereditary until the extinction of the family both in its male and female branches, it will, it is presumed, descend of right to the next kin of the last holder Baskernummah - and will belong in its full extent either to Balunmah or to Vencatapulty Naid according as the latter may or may not succeed in proving his adoption by the original Grantee Gowra Ramapah Naid, supposing the right acquired by adoption to be admitted by Government in the present case.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 14th ultimo furnishing further information respecting the Yeomiah referred to in Petition No. 119 of 1845.—

Recd 18 Dec 1845

From this communication and from the papers which accompanied it the Board learn that neither of the parties claiming to share in the allowance have any title to it, as the yeomiah was at first but a mere life grant and should have lapsed at the death of the original Grantee. They therefore beg to be informed what is the age of the Petitioner Aufiz Mohamed Lubbay Es.of Daulibil, whether he has any means of support distinct from the yeomiah, and what number of persons are dependent upon him. They also wish to know whether the Defendant Cassim Mohamed Lubbay had been admitted to share in the yeomiah at any, and if so, for what period, between the time on which his father's claim was rejected by Mr Allen in 1830 and that at which it was renewed by himself in 1843. and whether Petitioner presented the deed of which Copy is submitted in your letter, to yourself

2 It appears necessary to enter into more particular details regarding the nature of these charges which have been incurred annually and passed by the Civil Auditor for the last 42 years. The Susdeeks for the several Devastanums in the Northern Division of the District was fixed by Mr Garrow so far back as the year 1804/5 and apparently under instructions from Government and the Board of Revenue conveyed in a communication to Major Macleod under date the 8th November 1800 detailed Statements of which were submitted to the Board in a letter from this Office dated 1st November 1808. and subsequently in 1818 from Fusly 1209 to 1228 these disbursements were entered in the annual Statement of charges and Estimates and Specially sanctioned by Government in each year. but in consequence of the Orders of the Board conveyed in Mr Secretary Campbell's letter of the 8th February 1819. this practice was discontinued from 1229 to 1251, the Civil Auditor admitted these charges without objection and from 1252 he

Forwards a translated copy of Urzee from the Taksildar of Pullachyre reporting the unwillingness of Camatchee Ummall — Guardian of the Minor Policar of Poravee pollium to give security as prescribed in section XXI Regulation V of 1804 recommends that the Polliaput be placed on a similar footing with those of Ramapatam and Poto-o-coo-dy and forwards a Statement of Demand Collection and Balance of this Polliaput for Fuslies 1253 and 1254.—

*Vide Bd. Pro: 23d Sept. 1839

D.o D.o 28th March 1841.

Sir,

Adverting to the correspondence noted in the Margin, I have the honor to forward translated copy of Urzee from the Taksildar of Pulachey reporting the unwillingness of Camatchee Ummall who was nominated guardian of the Minor Policar of Poravecpolliem in that Taloork to execute the usual obligation or to give the required Security as prescribed in Section XXI Regulation V of 1804.

2 She requests that her Poliput may be placed on a similar footing with those of Po-too-coo-dy and Ramapatam which I do not consider myself at liberty to comply with unless under the Special orders of the Court of Wards.—

3 I beg leave to enclose a Statement of the Demand Collection and Balance of this Poliput. The Court will observe that the settlement of Fuslies 1253/1843/44 and 1254/1844/45 are precisely the same manifesting one of two things. either that the accounts were formed on the Bariz of last year, or a degree of precision

precision has been arrived at in the Revenue Settle-
-ment which is not observable in any other Poliput
in the Province.-

Considering the little importance
of this Estate consisting of three Villages bearing a
Peishcash demand of only Rupees 2,804-12-6 per
annum the realization of which is undoubted
I feel disposed to recommend that the previlege
for its management should be placed on the
same footing as those of Ootoocoody and
Ramapatam.-

To the Pl. Collr. of Coimbatore authorizing him to make over the Parasseepolliem to Camashee Ummall the Mother and Guardian of the Minor Poligar with permission to manage it on behalf of her Minor son.- Ord. Cons. 18th Dec. 1845

I am directed by the Court of Wards to acknowledge the receipt of your letter of the 21st ultimo, enclosing Translations of an Urzee from the Tahsildar of Pulachee, reporting the unwillingness of Camatchee Ummall the Mother and Guardian of the Minor Poligar of Peravee Polliem in that Talook to execute the usual obligation, or to give the required security as prescribed in Section XXI Regulation V of 1804.-

2. You further report that Camatchee Ummall requests that the Poliput may be placed on the same footing as those of Potoocoody and Ramapatam, which proposal you are disposed to recommend as the Polliem is of little importance, consisting of three Villages and bearing a Peishcush of only Rupees 2804-12-6 per annum- which is of easy realization.

3. In reply I am instructed to acquaint you that the Court concur in the view which you have taken you will therefore make

Reporting the despatch from this District of 10 Candies of Sandalwood to the Collector of Sea Customs at Madras for the purpose of being disposed of by Public auction and requesting that the necessary intimation may be given to that officer for the same.

Sir

Adverting to the Extract from the Proceedings of the Board of Revenue dated 12th December 1844, forwarding copy of correspondence noted in the Margin relative to the disposal of the Sandalwood in the Depôt at Bhawany in this District, I have the honor to state for the information of the Board that not having been favored with any subsequent instructions as to whether the Consignment should be made to the Collector of Sea or the Land Customs at Madras and having had occasion to transmit to the Presidency, under orders from Government

Submitting the annual accounts of the Land Revenue Settlement of his district for Fusly 1254.-

Sir

The accounts of the Land Revenue Settlement of this District for Fusly 1254 / A.D. 1844-45 having been finally closed, I have for the fifth time the honor to make known to the Board the result of my Settlement in connexion therewith. The Statements exhibit an increase in the Land Revenue beyond the Fusly preceding of Rupees 31,687-5-5- maintaining

maintaining also an advance of Rupees 2,02,367-5-10 over the average Settlement of the last ten years. The demand has been realized with very great punctuality, merely leaving a balance up to this date of the insignificantly small sum of Rupees 2,487--7 I would further take occasion to add that I have not a single Revenue Defaulter in confinement, and in fact no previous report which I have yet had the honor and good fortune to lay before the Board is of a more satisfactory character which I will endeavour to explain.-

2 The season, I may safely say was an average one (the rain guage for the year giving Inches 29 only) commencing favorably in April and continuing so for the two succeeding Months. In July and August there was a considerable failure of rain. The Showers in September were copious and of the greatest advantage. Again in October a farther want of rain was experienced thus shewing that the profits of the Ryots were kept up by high prices rather than the full produce of their labours.-

The

3. The outturn of Garden cultivation which is independent of the aforesaid causes may be considered to have been pretty nearly the same as in last year. The Tobacco however from causes not clearly apparent, was certainly not so good as the year before, and which is attempted to be explained in part by heavy showers of rain accompanied by hail.-

4. The freshes in the rivers appear to have been nearly the same as in the previous year. The increase thereon being merely Rupees 191--5-

5 The above causes, and the diminished importation of grain from the neighbouring Districts, produced a considerable fluctuation in the price of grain which from the following Statement appears to have varied from 9--11--3 to 19--4--10 per Cent.-

8. Under the item of Punjah lands on which full rent is demandable, there is a net increase of Rupees 20885-3-11 from increased cultivation of waste, &c Peramboke, and unsurveyed lands which arises from the extension of Tarrus by Ryots, from contributors of Mutcupha &c becoming land holders, and from other causes of like nature-

9. It is necessary to explain with reference to Statement No 5 that lands assessed at Rupees 26-2-5 allotted to Village Sibbendy in satisfaction of their emoluments have been brought to account in lieu of waste lands alie=nated to them to an equal amount. this arrangement was necessary in &c consequence of dissensions arising between the Proprietors of the Enam lands and the Village Sibbendy. Vide Extract from the Proceedings of the Board of Revenue &c para 5. and Minutes of Consultation para 5-

10- Adverting to para 7 of the Board's Proceedings, in reference to the improvements of lands allotted for the pay of Village Officers &c directing

directing the restoration to them of the lands which have been resumed in 1252/1842/43 and 1253/1843/44 I would observe that these &c instructions were carried out in the &c Settlement of the years under review, and a sum of Rupees 83-13-10 credited in the Public accounts under the head of "Fixed Sowmadayem"- similar adjustment will be in the Settlement of Fusly 1255 A.D. 1845/46. regarding the lands resumed in 1252/1842/43 and 1253/1843/44.

11. The entry of Gardan lands &c subject to the payment of full rent ex=hibits a net increase of Rupees 7187-13-8 produced by the cultivation of waste &c lands and by the conversion of the Punjah into Garden &c-

12. Under the head of wet lands paying the survey assessment appears only a small increase of Rupees 191-4-5 which requires no explanation-

13. The Cowle lands of every &c description exhibit a net decrease of Rupees 9979-7-9 in consequence of the terms of the Cowle having expired and the amount &c transferred to its proper head Viz: "Jyentenure"-

in the Pulachey Talook. I must observe that the Proceedings of the Board dated 20th May last No 304 directing the levy of full Survey assessment on the same having reached my Office only on the 22nd of June previous to which the Settlement of the said Talook had been completed. I was unable to attend to the orders of the Board. and in the absence of instructions. I was compelled in maintenance of the revenues of these Villages to temporize and adopt the alternative which has been observed for the last 20 years regarding their management: but with no intention or assurance to the people that such arrangement would extend beyond this year, and even this would require the sanction of the Board for its ratification - No hope was held out that the survey assessment would be reduced. altho' I pointed out the necessity of such measure to the Board in my letter dated 18th June 1844 - I have again considered this subject carefully and with reference

to the Board's orders under date 20th May 1845 No 304. the lands will be charged with full assessment in Fusly 1255 / A.D. 1845/46 and the experience of a few years must test the necessity or otherwise of the reduction proposed by me -

19. In para 18, the Board object to the grant of waste lands on grass tenure to Ryots to make up the complement of one fifth of their cultivated lands, and also require detailed Statements regarding the Settlement of the item of revenue. The Proceedings in question having been received at a time when the Jumabundy of this District was completed. I am for the present unable to meet the wishes of the Board. The Statements called for will be furnished in the ensuing year. The practice of permitting the Ryots to appropriate newly waste lands equivalent to one fifth of their entire Farms mean time, has also been interdicted. With reference to the remarks of the Board "that the particulars of the land granted "on Paravapattavarey tenure are not shewn "in the Statement" No 18 transmitted with my report on the Settlement of the land revenue of the

21 In para 6 of the Proceedings* the Board require to be informed "in "what light an enhanced or Garden "Seerwa" on lands appropriated "for "Coffee Plantation would be received "by the growers" and why the Berghers "are not allowed to raise other than the "inferior description of grain on any

any ground." To the first point I have to observe that the demand of Garden tax would be insupportable to the Speculators, and amount in reality to a prohibition against the investment of Capital in Coffee and Silk establishments, and this is a question the settlement of which based on consistency and equal dealing, requires much consideration. The rate of taxation on the Garden land in the low country vary from 22 to 7 Rupees a Bullah whilst the highest Punjah rate on the Hills is Rupees 3—8—5. Regarding the

quod do 2 5/10 cawnies. In some places the Garden land pays a Still lower rate, but it cannot be considered a criterion as the extent on which the reduced rate is levied is very small and insignificant.

2d. it is to be remarked that no restriction prevails on the Hills which prohibits the Berghers from raising any produce on their lands they appear unable to do it from local difficulties. their want of means the demand of grain for the daily consumption

In the report of Feby 1287 Para 3 it was intended to state that the Berghers are not able to raise any other produce except the inferior description of grain from want of means and other local difficulties

and a dislike to the introduction

of any change in their agricultural pursuits are drawbacks which debar the Berghers from participating in the advantages derived by the European Settlers. Coffee cultivation on the Neilgherry Hills requires capital and has not yet been carried on to any extent which would encourage a Bergher to depart from the Custom of his Fore Fathers in the tillage of his ground. He has now a ready sale for his surplus grain on which he himself subsists. The Bergher Cultivation for the greater part is conducted by women who rarely or never leave their Villages, and from such a class, change or improvement is not to be expected.

Proceedings Board of Revenue dated 29 May 1846 No 365.

22. In para 10 the Board point out a discrepancy in the Statement B and C and also direct "that until the actual "extent of all the lands in the Villages of "Ettemaday and Goodoor is ascertained by "remeasurement they are unable to acquiesce "in the remission of demand on the particular lands now under consideration". These orders will be attended to in the next

next year, and as regards the discrepancy it is to be observed that the Statement No. 20 forwarded with the report in Fusly $\frac{1251}{1840/41}$ was formed with reference to the Anycut account of the preceding year $\frac{1250}{1840/41}$ while the accounts B and C transmitted in $\frac{1257}{1847/43}$ were deducted from the Statements of $\frac{1251}{1841/42}$ and hence the discrepancy remarked upon by the Board. These Villages are increasing, and lands entered as forest waste gradually becoming reclaimed the Anycut therefore must of course go on varying with encouragement and industry which is exercised annually by the Inhabitants.

23. With reference to the Boards Proceedings para 20. requiring further explanation regarding the Nunjah assessment in the Village of Mandupoor in the Cheyoor Talook I beg to forward Statement marked A exhibiting the extent of cultivation and the amount of revenue derived from Fusly $\frac{1212}{1802/3}$

the Marginal Memorandum shews the original Survey assessment of these lands. They are irrigated from channels branching from the Royel River the levy of two crop rent is protested against by the Ryots who state that they are not able to raise more than one and in fact that they are not cultivating upon the same favoring terms as their neighbours. In the immediate vicinity an abatement of assessment in the shape of Pasul Commee" was allowed in $\frac{1233}{1828/24}$ that is on lands appropriated for the Plantation of Dhrupyre, and Plantains V.ca V.ca two crop rent is levied from that period whilst the adjacent rice lands are subjected to only one Crop rent. This abatement, however, was not extended to Mandupoor, as the system of levying Garden assessment was here introduced previously, by Mr. Sullivan in 1818. the Revenue derived from these lands does not exceed 656-1-7 per

per annum on the average of the last 5 years, and as it is most probable that by the introduction of the proposed arrangement much of that which is lying waste, and as perhaps the whole, may be brought under Punjab cultivation I would beg to repeat my recommendation that so long as the lands yield one Punjab crop or other Punjab product, one crop rent should be levied" in assimilation to the practice prevailing in the Village adjacent to it.

×B

24. A detailed Statement ×explanatory of the items which composed the increase of Rupees 4261-4-3 adverted to by the Board is transmitted herewith. I am glad to have the opportunity of explaining this point viz^t "the incorrectness" of the survey measurement" — Presuming the "Pimash Ooling" to be very correct as a whole, yet as may naturally be supposed under the circumstances attending its preparation, it cannot be considered infallible - However in the numerous complaints which have from time to time been urged against its incorrectness I have almost invariably found that the fault rested with the Cultivating Parties - nothing can be easier

easier by collusion than to alter the Boundaries of fields which being done, gradually and periodically is not observed or if observed is winked at by the Village Officers - Under these considerations whenever complaints are received against the deficiency of measurement in a particular field, a reference is made to the extent of the adjoining ground, and the excess found therein is added to the former. Where such an arrangement is impracticable from local circumstances, the Parties are allowed to relinquish the land as prescribed in para 2 of the Hookoomnamah Sanctioned by the Board under date 1st April 1841, taking up other lands in adjustment of the loss of revenue which would occur by such relinquishment, but no instances of this nature have occurred either in this or in the two preceding Fuslies - The information required regarding the condition of the Pimash accounts is in the course of arrangement and will be submitted in due course -

Boards Proceedings 9th May 1845 No 305 Para 9.

25. On the Subject of the Cowle land

land in the Village of Segoor it is to be remarked that it was in the first instance applied for by Vencatramaniah, but subsequently transferred to Mr. James, and consequently was entered in the name of the latter. The rent thereon was augmented in Fusly 1253 A.D. 1843/44 from Rupees 15 to 20 but in the subsequent year having been relinquished was included in the Government waste. no other offers having been received for its cultivation, and from the tenor of the proposal tendered by Vencatramaniah, it does not appear obligatory on the part of that Individual to retain the land when the cowle Seerwa to be paid for it becomes more than 20 Rupees.-

26. With reference to the other land proposed and held by Mr. James amounting to 50 Cawnies, I beg to add that pursuant to the instructions of the Board, the terms of the cowle granted by the Collector of Malabar, were cancelled, and the land included in the Statement of Progressive Cowle No. 7 - the extent appropriated for Coffee and Mulberry plantation Amounts only to 10 3/4/10 Cawnies

and the rest is left uncultivated. If the Hookoomnamah of this District is made applicable to this cowle from the period, the land was first obtained by Mr. James viz. Fusly 1249 1839/40. full rent becomes demandable from the last Fusly leaving the cowle Seerwa of the previous years to be recovered and carried to the Head of "Sevoy Summa" but this appears unfair, the sanction of the Board ought to have been obtained previous to the issue of the cowle Puttah or when it was granted an immediate report ought to have been made which does not appear to have been the case. With a view, however, to assimilate the terms of the cowle in question with those prevailing in the other parts of the District consistently with the security of the interests of Mr. James, he was informed that he must either retain the land on the terms shewn in the margin or pay full rent for Fusly 1255 A.D. 1845/46 as provided for in para 25 of the Hookoomnamah, but to this he objects, and a copy of his Communication dated the 23d. September last is transmitted herewith - In the event of his not acceding to either of the two propositions the provisions

28. Two Statements are forwarded herewith exhibiting the extent of Enam lands of the Village Officers which require to be exchanged containing the information called for by the Board for Fuslies 1253 & 1254. It would appear that many of the Curnums and Monigars have other lands besides those allotted for their pay, but still the necessity for the change of Enam is obvious from causes like those enumerated in the above Statements However profitable the cultivation of their own lands may be, it is hardly to be

DE

be supposed that they would neglect their interests by keeping their Enam uncultivated if under any circumstances they could be made productive. It is a well known fact that many of the Village Enams are bad from natural as well as local causes; how they have had their origin is not clear. the expediency of adequate remuneration is admitted, and therefore when it is proved beyond a doubt that a Service Enam is unprofitable from no fault of the Holder, it becomes expedient that other land should be substituted Under these circumstances, and as it is necessary and politic that they should be remunerated liberally for their services equally with the other servants of Government, their application for fresh lands is natural, and I hope will be admitted with favorable consideration. The Statement now submitted differs from that transmitted in the preceding year which has been occasioned from some of the lands proposed to be granted in exchange having been cultivated by the Ryots, and also from some of the Curnums and

and Monigars having consented to retain their former Enam.-

last to the Enamdar, as ascertained
by the Talook officials is Rupees 2-9-5.

Paying a Quit rent of Rupees 76-6-9.

30. The instructions of the
Board contained in paras 13 and 15 of
their Proceedings dated 26th May 1825.
will be attended to and reported upon
in the ensuing year.-

31. Referring to the Proceedings
of the Board, and the Extract from
Minutes of Consultation directing the
abrogation of the several permanent
Cowles which prevail in this District

X Bd's May 1845 Para 8

& Bd's Oct. 1845 Para 15.

I beg leave to submit that the necessary
instructions have already been sent to this
effect to the several Talooks, but in con:
-sideration of the present adverse state of
the Season, and the discouragement which
a sudden enhancement of the demand
is calculated to produce in the minds of the
Ryots, I hope the Board will be pleased
to permit the levy of the survey assess:
-ment to commence from $\frac{1256.}{1846\text{-}47}$

32. Adverting to para 28
of my report on the Settlement of
Fusly $\frac{1253}{1843/44}$ A.D and the orders of Govern:
-ment and the Board as per margin
I beg leave to state that the arrears of
the previous six years viz^{t} from 1248 to
1253 exclusive of the Collections up
to the 29th of November 1845 amount-
to Rupees 16,273-15-10. of this

Sanction of Government may likewise be obtained for the remission of this amount.

35 Under the head of Fixed Sourna dayem is a net increase of Rupees 10,405-12-2 produced chiefly by the occupation of waste lands on "Paravapodloova-rey tenure."

36 The number of Puttahs distributed in my Talooks in the year under consideration are 154,651

In last year 149,662

Increase 4989

In the subdivision it amounted to 5,423

In last year to 43,441

Increase 7982

In the aggregate 12,971

thus exhibiting that the agricultural population is progressively increasing

37 The Land revenue Demand for the Fusly under report is 2,22,060-5-3. Collections within the year were Rupees 2,12,744-14-8 leaving a balance of 7,315-6-7 which has been reduced by subsequent collections to Rupees 3327-5-10 of this

Rupees

Rupees 840 5 3 are on lands in the occupancy of Europeans on the Neelgherries which sum is in course of adjustment the net amount Vizt. Rupees 2,487- " 7- remains unadjusted chiefly in the Talooks of Sattimungalum, Coroor and Pulachey In the latter Talook there is an outstanding balance of Rupees 1243 - 2 - 11 on Cowle lands the Proprietors of which have disappeared or become insolvent. A strict scrutiny will be made into this subject and the result communicated to the Board in due course
