To

J. B. Broughton Esqre

Principal Collector of Coimbatore

Sir,

Para 1. I have the honor to submit the usual Statements and Accounts in English and Vernacular connected with the Annual Settlement of Land Revenue in the four Talooks comprising the Sub Division for Fusly 1254 / 1844-45

2 The Settlement having been completed previous to my joining the Sub Collectorate I am able to offer but few remarks upon the results of the past season and those only such as are dictated to me

3 The season is represented to have been more than commonly favorable in this portion of the District, and the supply of rain during the months of April and May to have been sufficient for extensive cultivation of the two early crops of the County

4 In the Months of July and August, however there was but little rain but an abundant fall afterwards in September October and November, enabled the Ryots to exceed the extent of Punjah cultivation of the previous Fusly by 4029 15/16 Bullocks. The drought in July and August caused the Cumbu which is the principal article of food among the ryots to yield generally but half an average crop. Some other dry grains also

Fort St. George 18th December 1845

also produced but scantily.

The garden cultivation yielding 2 crops was increased above the preceding year by 90 2/15 Bullocks.

The freshes in the Cavery and Amboorvatty were not deficient nor was there a failure of water in the several Tanks of this part, so that the wet lands were cultivated to a greater extent than in the preceeding Fusly by 459 6/15 Ounces.

4 The subjoined Memorandum contains the prices of all kinds of grain which were higher than in former Fuslies because the out-turn of the corn was less and there was an unusually great demand. Further to stand for grain from the neighbouring District of Madura.

To
The Principal Collector of
Coimbatore.

Sir,

I have the honor to inform you that in consequence of the unhealthiness of Seyoor I am obliged to give up my Plantation at that place having lost two Superintendents by fever and having had three severe attacks myself - I have sunk 2,250 Rupees, and unless the Government will be pleased to allow me to keep

To the Collector of Masulipatam

Sir, Referring to your letter dated 28th Ultimo reporting upon the Meturpha of your District, I am directed by the Board of Revenue to request that you will be pleased to furnish further information on the following points.

Repeating him to furnish further information on certain points referred to in this letter, reporting on the Meturpha Tax of this District.

Under what circumstances has it been deemed desirable that Mueta rates should be fixed and what are the Comparative advantages of Mueta and individual rates?

2.

Mueta Rates

St

17623. Fort St. George 18th December 1845

3. It is inferred that in some cases as "Farmer of Indigo Pots" an aggregate Annetah is fixed for the whole class and is probably rented out. In these cases how is the aggregate determined and under what arrangements is the aggregate apportioned among the different Contributors?

No. 29 Statement 4 No. 21. What is the precise nature of the occupations entered under the head of "Profession" as "Farmer" of Indigo Pots, or dying with Indigo Color? The highest Bilmetah rate of Tax ascertaining to this class is stated to be Rupees 250 and the lowest 25 Rupees. It is requested that the highest and lowest rates paid by the Contributors individually included in the Bilmetah may be stated.

5. The distinction between "Shop Merchants" under the head of "Trade" and "Shoppers" under Houses should be explained.

6. In Para 16 of your letter referred to above you recommend the extension of the Moturpha to certain Villages where this Tax is not at present levied and adverting to the circumstances noticed in Para 3 of your letter that the system of assessing as well as the mode and rates of Collection have "not been based on any uniform principle"

17624. Fort St. George 18th December 1845

I am directed to point out for your consideration whether it will not be desirable to give effect to the proposed extensions on uniform and approved data and in this case whether it is not equally important that the Moturpha generally throughout the District should not be revised as opportunities occur on similar data. The Board will be glad to receive your sentiments on this subject as well as your opinion in regard to the precise date upon which the assessment should be fixed, and how far the principles of the Veesabady in the Ceded Districts can be applied.

Reg. No. IV of 1818

7. Supposing the Tax to be assessed hereafter on uniform and distinct data, it is requested that you will state with reference to Para 16 of your letter under reply what classes should be relieved from its operation.

8. An early reply to this communication is requested as the general subject is about to be laid before Government.

To the Principal Collector of Coimbatore

To the Collr of Coimbatore

Requesting his attention further

Sir,

I am directed by the Board of Revenue to request that you will submit

17425. Fort St. George 18th December 845

further information on certain points referred to in his letter dated 26th August last reporting on the Moturpha tax.

L. Com. 11th Sept. 1845

submit further explanations on the following points referred to in your letter reporting upon the Moturpha Tax dated 26th August 1845.

2 In Para 7 you observe in re=
=gard to the Tax on Loans the "only reform
therefore which is required is a revision of the
present various rates of taxation and the adop=
=tion of certain fixed average rates as pro=
=posed in my letter above quoted." Detailed
information is not afforded in the letter to
which you refer. It is requested therefore
that you will explain upon what data resp=
=ing in view the profits of the several contri=
=butors you propose to fix average rates,
also whether the application of the principles
of the Veesabady as laid down in Regulation
IX of 1818 is desirable in the case of the Loom
Tax and in the event of your being of opinion
that an aggregate demand should be fixed
on the principle therein enacted, it is request=
=ed that you will report upon what data
that demand should be regulated and whether
the aggregate demand should be determined
for each Manufacturing Village separately in
the first instance or for the whole Taloks,
the Talook amount to be afterwards apportioned
by the parties concerned among the different Villages.

3. If you are of opinion that

17420. Fort St. George 18th December 1845

that the same principles are applicable to any other
classes you will be pleased to afford the necessary
information in connection therewith as required in
the preceding para in regard to the Loom Tax.

4 In para 8 of your letter under
reply a revision of the Moturpha payable
by certain classes is proposed and in Column 6
of the Tabular Statement appended to that
para the proposed "average rate" is entered.
It is requested that you will submit a
Statement shewing the several rates upon
which the averages were obtained, and that
you will explain upon what data they were fixed.

5 The peculiar circumstances under which
so high a rate as 29 Rupees is fixed for "Calaccadas=
=nary" should be explained.

6 Also whether the item denominat=
=ed "Ferry Fees" is in fact a Ferry Toll payable
by passengers, and if so why this item is includ=
=ed under the general Head of Moturpha.

Further information is also re=
7. quired explanatory of the nature of the "Sayer
Taxes" alluded to in Para 10 of your letter under
reply, and whether this impost in reference
to its origin is to be considered at all in
the light of a duty on consumption. It is
also

17427. Fort St. George 18th December 1845

also Requested that you will submit a scale of rates of House Tax applicable to your District in the determination of which you will follow the principle laid down by you in Paras 4 and 8 Regarding the reduction of rates to the utmost practicable extent.

To,

The Honorable

Sir F. H. Maddock Kt.

Deputy Governor of Bengal.

Honorable Sir,

Salt.

With reference to the

+Published in the Supplemented Calcutta Gazette of 27th Ultimo Notification dated 24th Ultimo

recent Fort St. George advertisement dated 18th August notifying that Salt will be supplied for exportation to Calcutta on private trade at 15 Rupees per 100 Maunds, we have the honor to solicit the early orders of

of Government in regard to the price to be paid to parties importing the article under Certificate on account of Government.—

2. No Indent on Madras has been made out this year, but a balance remains due on past Indents, and parcels continue to be received in satisfaction thereon.—

3. Parties hitherto obtaining supplies of Salt in the Coast for delivery at Sulkeas have, we believe, had to pay for the same at 35 Rupees, receiving there on delivery 70 Rupees per 100 Maunds. As the article is now to be supplied on private trade at 15 Rupees, we know of no reason why the Government here should be charged at more than an advance (as before) of 35 Rupees or 50 Rupees per 100 Maunds.—

4. The question seems to rest on the previous understanding between the Government Authorities at Madras and the Shippers and as a reference for information on this head appears unavoidable, we solicit that by the same opportunity a Memorandum may be called for shewing the precise quantity of Salt due on our past Indents, remaining unshipped, say on the 1st. Instant.—

5. Until further advised, we shall deem it our duty to pay for Coast

salt

Salt imported on account of Government at 70 Rupees per 100 Maunds as heretofore.-

To the Chief Sec.y to Government

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No. 1221 - 18th October 1845 transmitting for their report a letter from the Under Secretary to the Government of Bengal 7th October 1845, and its enclosure, being letter from the Board of Customs Salt and Opium of the 2d. Idem.-

2. In this correspondence information is requested, in regard to the understanding between the Government Authorities at Madras and the Shippers of Salt to Calcutta on

Stating with reference to the order of Govt. dated 18th Oct. 1845 the quantity of Salt due on the past Indents for Calcutta remaining unexported on the 1st Oct. last & submitting that on any future Indents being made there would appear to be no reason why Salt shipped on Indent for Calcutta should not be sold at 25 Rs. per 100 Indian Maunds.-

on indent, respecting the terms on which Salt is delivered to the latter parties: in regard to the precise quantity of Salt due on the past Indents remaining unshipped on the 1st October last- and to the circumstances under which the Government of Madras have been enabled to reduce the price of Salt from Rupees 35 to Rupees 15 the hundred Maunds.-

3. In respect to the first point on which information is requested, I am directed to state that no alteration has taken place in the terms on which Salt is supplied to shippers on Indent, it is still sold at Rupees 35 per hundred Indian Maunds.-

4. The quantity of Salt due on the past indents remaining unexported on 1st October last was 70715 Maunds, since the above date 5208 Maunds have been shipped, and applications have recently been made to the Collector of Nellore for 60000 Maunds, which the Board have authorized him to supply and which will nearly amounts to three whole balance of the past indents.-

5. In regard to the circumstances under which the price of Salt for export has been reduced from Rs. 35 to Rupees 15 per 100 Indian Maunds. the Board direct

me

me to state that the price of Salt to parties
Shipping for private trade has been fixed
at 15 Rupees per 100 Maunds in accordance
From Govt. 23d June in Cons 3d July 1845. with the wish expressed by the Bengal Govern:
=ment, that it should be fixed at the lowest
Sum at which Salt could be supplied without
loss. whereas the rate charged for Indent
Salt, viz.t 35 Rupees per 100 Maunds was
originally determined with a view to its
leaving some profit to the Madras Govern:
=ment The Board of Customs- Salt and Opium
remark that "as Salt can be supplies on private
"trade at 15 Rs there would seem to be no
"reason why the Bengal Government
"should be charged at more than an advance
"(as before) of 35 Rupees- or 50 Rupees per 100
"Maunds" The Board of Revenue beg however
to explain that Salt for private trade
i.e. Ennore- is supplied only at Madras and at the
Pans to the Northward of that Port whereas
in providing the quantity borne in the
Bengal indents it has usually been found
necessary to draw a considerable proportion of the
Supply from the Pans of Covelong in the Chingleput
District where Salt cannot be supplied under 20
Rupees per 100 Maunds. It would be inconvenient
to have different prices for Indent Salt at
the different places of Supply - and
adverting

65507 Maunds of which 60000 have been applied for

adverting to the small stock of indent Salt
Still on hand no change for the present seems
necessary- but on any future Indent being made,
there would appear to be no reason why
there would appear to be no reason why
Salt Shipped on Indent for Calcutta should
not be sold on this Coast at the same
rate as that taken on indent to Chittagong
viz.t 25 Rupees per 100 Indian Maunds, which
would admit of the price paid for it at
Calcutta being reduced from 70 to 60 Rupees
per 100 Indian Maunds.-

Relative to the Settle-
ment of the Land Revenue (Here Enter 25th Sept.r 1845 No. 612)
in the District of Nellore
for Fusly 1253 / A.C. 1843/44

Para 1- The Season of Fusly 1253 in
the District of Nellore was on the whole
favorable, and the cultivation of both wet and
Dry lands in excess of that of the preceding year
Para 3: Prices, however, were lower than the commutation
rates, and the local Officers advert to this
Circumstance

circumstance as seriously affecting the condition
para 4 of the Ryots. The increased demand for the
indigo leaf and the introduction in the Sub
division of the cultivation of this plant is
stated as likely to prove beneficial to the
ryots in that part of the district, though
as the Board remark, this "does not diminish
"the solicitude for the welfare of the Ryots
in general which the long continued difference
between the commutation and current rates
has occasioned" and they have, it is observed,
on a former occasion directed that the authorities
para 19 should abstain from the rigid enforcement
of the Kist in such cases as called for relief.-

2. The extent of land taken up for
para 5. cultivation was 505 Goortoos less than in Fusly
1252, but the extent actually under cultivation
from the more favorable character of the season
bore a greater proportion than the previous
year Viz.t.

6. In remarking on this explanation the Board say, "Had poverty been the cause of the land here alluded to being left uncultivated the item would probably have been included under the head of Lands principally belonging to poor Ryots who were not able to carry on their cultivation." This, however, seems irreconcilable with Mr. Bishop's Statement and requires further investigation. The Board also add, "moreover it will occur to the Collector that a portion of this sum must have been collected," but as there is nothing in the Collector's report to lead to this conclusion it is desirable he should also be required to afford what additional explanation he is able on the Subject. The report on these balances which the Collector promised in the 44th para of his letter dated 31st October 1844 to furnish very shortly, together with that mentioned by the Board in their communication of the 25th August 1845, the Government hope soon to receive with the Board's proceedings on the same.—

the Board report has since been fully liquidated. Of the Shrotriem demand of Rupees 81995-3-1. there was a balance of Rupees 20730-8-4 due on the 15th September and it does not appear that more than 6000 Rupees are immediately available to meet it.

Paras 5 & 7, 10 & 14, 17, 22 & 26.

8. The mode in which the Board of Revenue have disposed of the several questions which have arisen on a consideration of matters connected with the Settlement of the District and which are referred to in the other parts of their Proceedings, calls for no particular observation beyond the expression of the approbation of Government.—

To J. F. Thomas Esqre
Chief Secretary to Government
Fort St. George

Sir

Para 1. I venture to bring to the notice of Government the Case of the elder Son of the Zemindar of Purlah Kemedy Pratapah roodrah Narain Deo.

2— This large and flourishing Zemindary is now managed by the Governor's Agent in Ganjam on behalf of the Proprietor whose weakness of intellect incapacitates him from undertaking its control. The property is not under the control of the Court of Wards, the rules of the Agency prescribing that Estates of incapacitated Proprietors within its limits are not subject to the Provisions of Regulation V of 1804—

3— The Zemindars heir apparent is a young lad of 14 years of age his son—The Mother of the boy is dead—The father has a second wife—who has also a son, there is a daughter too recently born to him by another Woman—

4— It has always been held to be an object of Paramount importance that endeavours should be made wherever practicable to impart education to the families of these Hill Chiefs—Mr. Russel dwelt much on the necessity of this in his Report from Ganjam when Special Commissioner, and here

Fort St. George 22d December 1845

here when the Youth is from the incapacity of the father a Ward of the Agent it seems urgently required that the duty of qualifying the Young man for the charge of the Estate which in the course of nature will if he lives devolve upon him, should be in good faith undertaken and honestly performed --

5- Much has been written about this but nothing really done - Mr. Anstruther indeed purchased some philosophical instruments which were duly forwarded to Flemedy but for any useful purposes of education the money so expended might as lief have been thrown into the Sea --

6- The young man has been described as of interesting appearance - I have not myself had an opportunity of seeing him, but I readily believe it - Many of these ancient Zemindars show much promise in their early Youth, but the opportunities of indulgence and debauchery afforded them while entering upon manhood added to the immediate use of Bang and other stimulants speedily produces in some aberration of mind, and in all an utter prostration of their intellectual faculties -

7- The young man of whom I now write has little chance of escape from such a fate without the interposition of the Government

His

Fort St. George 22d December 1845.

His father is imbecile in mind the household is ruled by a Step Mother who has a Son of her own - Her interests are adverse to the Heir and the intrigues that now go on in the Fort of the Zemindari are not creditable

8- No right education can be imparted to the young man while he remains in his Father's house, and the family represented by the Step Mother (for the father is a cypher) are opposed to the removal of the Boy from the Zemindary --

9- I propose with the consent of the Government to take the Young man from the Fort to organize a Suitable household and separate Establishment with a Guardian for him to send him to Chicacole where sufficiently good Telugoo and Oria Masters can be had, and where there are Masters procurable competent to give him good instruction in English - There is an Assistant to the Agent permanently established at Chicacole, who would look after the young man's education from time to time, report the progress he is making and check any irregularity on the part of his Servants -

10- There are abundant funds belonging to the Estate, besides a funded property of three lacs - I have not therefore framed any estimate of the expence that will be incurred

on

on this account, this should be made as moderate as possible consistent with efficiency

11- I would not advise the removal of this Youth further from his own Country than Chicacole. The locality is healthy. There is a Sessions Court located there a Tillah Surgeon, some regular Troops, — and the young man will have opportunities of meeting and associating with — European Gentlemen which he has not in Kemedy.—

12- He will then, in a few years be fitted in some measure for the duties of his Position in life. For the last two generations no Zemindar of Kemedy has been competent to manage his own affairs, and — the disorder, Pillage and loss of life in — that Country through the rivalry of contending factions have been indescribably great.

2- The chief article of Export from this District is Rice which is conveyed in Trenches to Vessels to Bour= =bon, and has there realized so large a profit that there can be no doubt of a continuance of the demand from that quarter while the produce of this District thus finds a Market abroad, the people here are satisfied with the inferior grain imported from Arracan which from its cheapness is gradually becoming in request amongst all classes, and which is found to be a wholesome though coarse food- To exclude this grain would therefore deprive the people of a valuable supply of food, and would operate as a check upon the

the active trade, which has lately sprung up here rendering Coconada a place of great resort for shipping and producing a degree of commercial activity hitherto unknown. The importation of Grain from Arracan 9ca had not been and is not likely to be materially affected by the provisions of Act VI of 1844 - in spite of the duty levied under the act, the trade is still a flourishing one. The fluctuations exhibited in the returns of the imports during the last six years, as shewn in the Margin must be attributed to the variations in the prices of grain in this District. - At present prices are unusually high and

and a large quantity of grain from the Port on the other side of the Bay may confidently be expected in a few days. - If the price of the fine paddy, produced here happens to be too high for the export Merchants, there will be a superabundance of Grain in the Market - but this will not check the importation from Arracan for next season, because the grain from that quarter will from its cheapness always insure a rapid sale. -

3. The imposition of restrictive duties will either force the population to have recourse to the cheaper kinds of grain, such as Cholum, and Natcheny for their daily food, or it will put a stop to the flourishing trade of this port by causing the grain, which is now exported to Bourbon 9ca to be consumed in this District. The trade however will revive as soon as the resources of the Country are developed, and its productiveness increased by the adoption of those measures which are now in contemplation by Government. - Restrictions on importation will of course favour the efforts of the Cultivators here, and on these considerations I am not disposed to object to them, presuming that provision will be made for the admission of foreign produce in seasons of Calamity and scarcity. -

Sir,

Para 1. With reference to your letter of the 21st Ultimo respecting the Levy at the Boreuah Chowky of duty on goods intended for Exportation into a Foreign Territory through the frontier of your District, I have the honor to state that the practice has been followed under the impression that it was expressly contemplated by the provisions of Act No. VI of 1844 - Sections VIII. IX. X. and XI of that Act appear to me, if strictly interpreted to prohibit the payment of Money at all to the Officer of the Chowky where the Goods cross the frontier, the intention of the Legislature being that Merchants shall enjoy the convenience of paying the duty on their goods as near home as possible and then forwarding them with a Certificate which is to be the warrant of the Chowkydar on the Frontier for letting them pass without further molestation. —

/Signed/ C. J. Bird
Acting Collector

To

T. Prendergast Esqre
Collector in the Zillah of Rajahmundry

Sir,

Para 1. With reference to Mr. Bird's letter of the 6th Ultimo, I have the honor to state that I have given the best consideration I can to Sections VIII. IX. X and XI of Act No. VI of 1844. and that it does not appear to me to be intended that the payment of Money to the Custom Officers on the Frontier, distinct from the Chowky officer where goods pass the frontier, if there be one, is prohibited by those Sections or that it was contemplated by the Legislature that Merchants should have the privilege of paying the duty on their goods as near home as possible. —

2. Sections VIII and IX of the Act direct that officers shall be appointed to receive

Customs

Customs duties on goods crossing the lands frontier who shall grant certificate of payment of duty on which will entitle them to pass the frontier provided upon examination by the Chowky Officer they correspond with the description contained in the Certificate and the entire amount of duty leviable thereon is entered therein, and that in Cases in which they may not correspond they shall be detained until a further Certificate be produced for the difference.—

3. In accordance with the Spirit of the above Sections, Chowkies have been established on the different lines in the devisions of this District bordering on the Nizams Territories both for receiving Customs and granting Certificates as also for examining Goods entered in the Certificate. At Juggiahpett and its Subordinate Chowkies on the different routes passing into the Nizams' Dominions as published in the Fort St. George Gazette dated 10th January last. Customs are received on all goods passing through the high road to Hyderabad, and the Officers in the Chowkies at Madavaram and others situated on the Frontier line examine and compare the Goods in the Certificates, and on the importation of Goods from the Nizams Dominions, the

the Officer in the first Chowky on entering the Company's Territory receives the Customs and another situated on the same line examines the goods.—

Thus both on passing into and out of the Company's Territory the Merchants will have to pass two Chowkies as above stated, the Establishment of which under Section X and XII has been approved of by the Board and Government.—

5 The Ghee on which duty was levied in Borrumpollem Chowky might have been conveyed into the Nizams Dominions through the prescribed routes in your District as published in the Fort Saint George Gazette dated 10th January 1845; and not through Juggiahpettah, because Customs are receivable on Goods actually passing the frontier which was not the Case in the present instance as the Merchants brought the Ghee to Borrumpollem not for passing the Frontier line there in the manner contemplated by the Act, but to be conveyed through Juggiahpett to the Nizams Dominions as stated by the Merchants. If you still consider that duty on Goods passing through Borrumpollem should be levied there, though they may afterwards be conveyed through Juggiahpett on the plea that it is convenient

Customs duties on goods crossing the lands frontier who shall grant certificate of payment of duty which will entitle them to pass the frontier provided upon examination by the Chowky Officer they correspond with the description contained in the Certificate and the entire amount of duty leviable thereon is entered therein, and that in cases in which they may not correspond they shall be detained until a further Certificate be produced for the difference.—

3. In accordance with the Spirit of the above Sections, Chowkies have been established on the different lines in the devisions of this District bordering on the Nizams Territories both for receiving Customs and granting Certificates as also for examining Goods entered in the Certificate. At Juggiahpett and its Subordinate Chowkies on the different routes passing into the Nizams Dominions as published in the Fort St. George Gazette dated 10th January last. Customs are received on all goods passing through the high road to Hyderabad, and the Officers in the Chowkies at Madavaram and others situated on the Frontier line examine and compare the Goods in the Certificates, and on the importation of Goods from the Nizams Dominions, the

the Officer in the first Chowky on entering the Company's Territory receives the Customs and another situated on the same line examines the goods.—

4. Thus both on passing into and out of the Company's Territory the Merchants will have to pass two Chowkies as above stated, the Establishment of which under Section X and XII has been approved of by the Board and has been approved of by the Government.—

5 The Ghee on which duty was levied in Borrumpollem Chowky might have been conveyed into the Nizams Dominions through the prescribed routes in your District as published in the Fort Saint George Gazette dated 10th January 1845; and not through Juggiahpettah, because Customs are receivable on Goods actually passing the frontier which was not the Case in the present instance as the Merchants brought the Ghee to Borrumpollem not for passing the Frontier line there in the manner contemplated by the Act, but to be conveyed through Juggiahpett to the Nizams Dominions as stated by the Merchants. If you still consider that duty on Goods passing through Borrumpollem should be levied there, though they may afterwards be conveyed through Juggiahpett on the plea that it is convenient

convenient to Merchants to pay duty on their goods as nearer home, it follows that goods exported from the more Northern District should likewise pay duty at the place of export, in which case the revival of the Inland Chowkies in every District to receive Customs on Goods which may be dispatched from thence to pass the frontier becomes necessary. That such could ever have been intended I cannot imagine because frontier Duty on goods exported from those places as also from Mysore to the Nizams Dominions is invariably levied at Juggiahpett since the Act came into operation.

6. Moreover cloths and other goods exported from your District, with the exception of the articles of Ghee on which duty was levied at Borrumpollem in the instances under notice usually pass through Juggiahpett where the duties are paid as appears from the Export Registers. The Merchants who conveyed the Ghee in the instances under notice and who are inhabitants of Juggiahpett and its neighbouring Villages on being questioned as to the cause of their having paid duty at that place instead of at Juggiahpett have given depositions, translations of which together with the arzee from the Tahsildar of Juggiahpett on the subject are herewith forwarded in which

which they state that they are compelled to do so by the Sayer Servants of that place and never pleaded that it would be convenient for them by paying duty as nearer home as possible. The proceedings besides being contrary to the provisions of the Act, does not subject the Merchant to any inconvenience because either he or his Servants will have to take the goods to the frontier whether the duty will be paid as is done by many others engaged in trade with the Nizams Dominions including Merchants of Masulipatam who export painted goods &c. to Bombay and other places.

7. Moreover Section XII of the said Act directs that goods which may be brought to any Chowky established on other routes or passes than those prescribed by public notice in the Official Gazette shall if provided with a Certificate; be sent back or confiscated if not provided with one unless the person in charge shall be able to satisfy the Collector that his carrying them by that route was from ignorance or accident. If this is rightly construed, I shall think that the passage "routes or passes" other than those prescribed by public notice in Official Gazette, is meant to apply to those which are prescribed for each District and never that goods

may pay frontier duty in one District and pass through another.—

8- Under the above Circumstances I am still of opinion, that duty on Ghee for export through Juggiahpett should be paid there, as appears to be the expressed wish of the Merchants and not at Bovrum-pollem, thereby allowing the article to be again conveyed through the Company's Territory. Should you not however concur with me in the above opinion I have no objection to refer the matter for the decision of higher authority on your intimating to me your wish to that effect.

To The Collector of Masulipatam

Sir,

In reply to your letter dated 11th June, which I regret from an oversight there has been so much delay in answering, I have the honor to state that I am of opinion that the act will bear the interpretation put upon it by Mr. Bird in his letter to you dated 6th May 1845, and consequently it would be desirable to obtain the opinion of the Board of Revenue.

(42)

Sir,

From the Coll.r of Masulipatam } Para 1. With reference to the con-

Requesting the Board's sanction for the attachment of the Bezoarah Zemindary under the circumstances stated.—

-clusion of the last para of my report regarding the Bezoarah Zemindary bearing date the 16th November 1844, I have the honor to report for the information of the Board that the amount paid into the Treasury on account of Peishcush for fusly 1254 (1844-45) was Rupees 20728-8-10 only, leaving a balance according to the

*Rs. 4794-18-11- present demand of Rupees 27,189-7-1, and being

less by Rupees 18571-7-2 than even the reduced

†Rs. 37300- Peishcush suggested in the report above alluded to. Moreover on account of the current year on account of which three kists have fallen due amounting in the aggregate to Rupees 8984-10- only Rupees 1151-5-11 have as yet been paid.

2 I have received reports that engagements have been made by the Zemindar for the rent of the different portions of the Zemindary, Viz.t Bezoarah, Joodjoor,

and

Fort St. George, 22nd December 1845.

and Coroccallee, separately for 5 years but for sums very inadequate to their real value; and to individuals on whose competency no reliance can be placed. Moreover I have reason to think that these engagements are fictitious, and that the terms of them will not be regarded in the Settlement for the current year, the out-turn of which in this Estate promises to be a very good one:-

3. Under these circumstances, I consider that it would be highly advisable, unless there is an immediate prospect of receiving orders upon the report now before the Board that the Zemindary should be at once taken under management: and in the event of the Board concurring in this opinion, I request that I may receive sanction for the establishment for that purpose, a list of which is herewith submitted.

As the season is far advanced for

Fort St. George, 22nd December 1845

for the Jowna crop, of which the cultivation in this Estate principally consists, it is of much importance, that if the Board decide upon having the Estate Zuptied, I should be furnished with their orders with the least possible delay-

Proceedings thereon, Parad.

Relative to the Settlement of the District of Nellore for Fusly 1254.

Of the 17 Talooks into which the Nellore District is partitioned, 10 were settled by Mr. Bishop the Collector, 2 Viz.t Ravoor and Woodiaghenry by Mr. Cochrane, the Head Assistant, and the remainder, composing the Sub Division, by Mr. Maltby the Sub Collector, but reported on by Mr. Pringle the present Acting Sub Collector. The total number of Villages and Hamlets was 1329, being 3 Hamlets more than in the preceding year. The mode of Settlement throughout the District was the same as in last year, and is shown by the following distribution.—

Villages-727.
Hamlets-602.
1329.

Villages Settled according to Mr. Smalley's Muctahs	384.
Do. Do. according to the New Jumums	87.

2- The formation of 3 additional Hamlets Viz.t two in the Villages of Mummaty cottah and Cankootoor of the Baddapoody Talook, and one in Ironagoontah in the Talook of Ongole, is indicative of growing wealth and of the extension of-

of Cultivation in those localities. In future the Collector will be pleased to explain the Circumstances under which new hamlets are formed and whether the individuals who fixed their residence there are inhabitants of the same District or Settlers from other parts, and in the latter case the places whence they came.

Paras 6 & 9.

3 The season of Fusly 1254 / A.D. 1844/45 was far less favorable than that of the preceding year. There was a want of rain in the early part and again throughout the whole of November and till the middle of December a very critical period when the principal Crops are sown. A heavy fall of rain occurred after the 15th December and though the supply of water was thus rendered abundant, the beneficial results as regards the Cultivation of the year were not commensurate from the lateness of the season. Where the Wet Crops came to maturity the Produce was on the whole good. The outturn of the early Dry Crops was affected by the drought[y] Character of the early part of the season. The Pyra Sonna which is the principal Dry Crop of the late sowing was considerably injured by the Rains of December, but with this exception the late Dry Crops as well as the Garden Crops yielded a fair return. The distinctive result of the year is a large diminution in the Cultivation of Wet lands.—

Prices advanced during the year from a demand for Grain to the Westward, and though the rates were still below the Commutation rates, the advance afforded great relief to the Ryots and facilitated the realization of the Public Demands. The alleviation afforded by the rise of Prices, though satisfactory for the time, does not diminish the solicitude expressed by the Board in their Proceedings on the Settlement of last year (Para 4) for the welfare of the agricultural classes which a long continued depression has materially affected.

The Ryots it is stated evince a desire generally throughout the District to contract their Holdings partly in order to secure Waste for pasturing their Cattle, and partly to escape from the operation of the rule which requires the levy of the full assessment on land taken up but not cultivated, though this rule is to a certain extent relaxed in special cases of Poverty & failure of Season.

Sub Division 5 Talooks. 1388-22 than in the Talooks under the Collector and further appears to be limited there in the year under review almost entirely to Dry Lands, both circumstances arising probably from extensive pasturage being required for the superior Cattle of those parts.

7 The decrease in the engagements of the year includes also relinquishments of Land from Poverty occasioned by late low Prices, as well as decrease from the death or desertion of the late occupants. But the extent of these items is not specified, and after making due abatement on this account the actual falling off in the Land taken up is still large.

8 The maintenance of the Revenue calls for the rule in respect to the levy of full assessment on Land engaged but left waste, it is equally imperative however that the interests of the Ryots should not be lost sight of, and that the desire to retain land for pasturage particularly in the Ongole District where it is so much required, should be met to the extent of the exigency. The Collector will be pleased to take the subject generally into early consideration and report upon it separately together with the Report relative to lands retained for Pasturage in the Sub Division called for in Para 25 of the Board's Proceedings on the Settlement for Fasly 1253 The subject has become one of increased importance from the circumstance

circumstance that both the Dittum and the Cultivation have gradually declined for some years past in the Collectors Division- A similar falling off, though not to and equal extent, is observable in the Sub Division-

9 The decrease in the extent of Garden Land taken up (Para 18) is Considerable particularly in the Ongole Taluk- The Board await the Separate Reports on this subject promised by the Collector in Para 20 of his letter under Consideration-

10 It is observed that there is but little or no relinquishment of Dry land in the Nellore and Cavelly Taluks (Para 14) These exceptions to the general tendency to throw up land ought to have been explained by the Collector-

11 On the whole, adverting to the extended cultivation of Fasly 1253 A.D. 1843/44 noticed by the Board in Para 5 of their Proceedings on the review of the Settlement for that year, to the fact brought forward by Mr. Bishop in his present letter that the "decrease (sic the land taken up) is not general in all the Villages, some shewing an excess above the extent occupied

occupied in the preceding Fasly," to the absence of relinquishment in Nellore and Cavelly and to the fact that contraction of Holdings is traceable to the desire to retain land for Pasturage and to escape the liability attached to land left waste the Board are drawn to the conclusion that the desire to occupy land is strong, and when checked the relinquishments is to be traced mainly to the nature of the season. This Consideration Conjointly with the Circumstance that the Ryots subsistance depends on his occupations of Land, suggests the importance of carefully discriminating the Case in each case of relinquishment-

14 But the amount charged is Rupees 1,389-13-1 in excess of the amount brought to account in the preceding year, and as the Dittums is stated to have been framed with care, the interests of Government being duly attended to, and Cases of inability to Cultivate Land excluded, the extent which it has been found necessary to bring to account must be considered to be large. It will be desirable that a Statement should be forwarded in future with the Summabundy Accounts, shewing the several items Composing the Land brought to account through neglect on the part of the Ryot to cultivate it.

Remissions

16 The following observations suggest themselves in regard to the remissions which are reported in the 29 and following Para's-

Para 30 See Para 18 of last years Report-

17 The assessment of lands left waste from Inundation is stated to be Rupees

	Last year,	Present year
Dry	3066-8-9	3120-11-6
Wet	39798-4-9	37413-3-7
Moloony	348-15-8	982-5-6
Jarcel	114-11-9	40-15-5
	43227-13-11	41556-9-11

41556-9-11- The amount remitted in Fasly 1253 on the same account was Rupees 43227-13-11. The items comprising these amounts so nearly correspond as to lead to the conclusion that they are for the most part identical, admitting their identity, and that the land is rendered unfit for cultivation, it is for the consideration of the Collector whether it would not be proper to exclude it from the Dittum altogether, rather than to swell unnecessarily in each year both Dittums and Remissions. Similar remarks were made by the Board in Para 14 of their Proceedings dated 23d. august 1841 on the Settlement Report for Fasly 1249. - 1839-40

Paras 38-39 From Coll.r of Nellore 26th July 1845. To D.o 21st Aug.t 1845.

18 The Remission on Land dried up was not large (Rupees 2501-14-2) The Board had recently pointed out to the Collector that the principle on which claims were to be admitted should be based on a Combined Consideration of the Produce enjoyed on other Lands and the Price obtained for it. From the little dependance to be placed on Statements professing to shew the actual outturn of Lands the Crops of which had been reaped and sold, the Collector experienced difficulties in determining the amount which should be

17512 Fort St. George 22d. December 1845.

be allowed as Remission, his attention appears however to have been fully directed to the subject and the Board approve generally of the sums remitted as shewn in Statement No. 10. In future in transmitting the detailed accounts of a Village together with the other Summabundy Statements the Collector will be pleased to select a Village in which Remission for dried up Crops has been allowed, in order that the mode in which the principle has been carried out may be more fully seen-

19 In Para 4 the Collector reports his having allowed Remission under the head of Moonasib Summy in certain Villages in which the assessment is excessive, "hitherto the amount remitted," he observes, has stood "as a balance and is included in the List of old "balances outstanding" The Board desire that the usual practice in this respect may be reverted to, till a fitting occasion occurs for a general Revision of the assessment. In their Proceedings on the Settlement dated 28th Aug.t 1837 for Fasly 1245 / 1835-36 Para 20 they pointed out that no permanent abatement of the fixed assessment could be allowed without Special Sanction-

20 In future reports, the Collector will be pleased to explain more fully the particulars of the Remissions granted under large Wells (Cusna Bharroloo)

In-

Para 51

21 In regard to the Sydapoor Talook, "the Berij has been hitherto settled" the Collector observes "in an Estimate of the quantity of produce the land is "supposed to have yielded, and this method appearing "to me to add considerably to the many objections already "attending the Amany System, that all the Crops cut "and thrashed under Circar management." The object in view is stated to have been "to ascertain as nearly "as possible the real produce of the lands, with a "view to their being finally money assessed." It is sufficient to point out in this place that as a general rule the cutting and gathering in of the Crops under the direction of the public Establishments is objection-able from its difficulty of applying in general a close and trustworthy supervision without which accuracy is unattainable. On the present occasion it will occur to the Collector that the outturn of the year furnishes approximate data only, and not a standard upon which the grain rent of the lands is to be fixed, to be afterwards Commuted into Money.

Paras 52 @ 62

22 These paras refer to the Tax on Cattle and Sales of Pasture Lands, and do not call for remarks.

Collections Paras 63-64-

23 The Collections of Revenue within the Fusly and subsequently to the 15th September amounted to Rupees 1,28,194-15-1 leaving a balance of Rupees 31,092-9-10 at that date. This includes Sums due on Soondregals and Cranns, and is also Composed "of Sums due by poor and distressed Ryots who have no means left to satisfy the demand

17572 Fort St. George 22d. December 1845

demands against them." Of the whole Balance it is reasonable that about Rupees 5,000 will be collected in the Collectorate Division and Rupees 1500 in that of the Sub Collectorate.

24 The revenue has been realized with greater punctuality this year, and although a rise in Prices has aided the Collections to a certain extent, the Board Consider the result satisfactory.

29 With the exception of Rupees 273-9-4 which constitutes the outstanding Motunj. Sa Balance the whole is due by the Agricultural classes. The Collector has taken advantage of the small rise in Prices in Fusly 1254 (1844-45) to realize what was outstanding as far as practicable and as the amount now due is owing by parties whose poverty renders its realization hopeless the Board beg to solicit sanction for writing off Rupees 81910-8-10 as recommended by the Collector.

From the Collr. of Nellore - Recommending to increase the Salary of Mr. T. Ward Accountant of the Collectors Cutcherry of Nellore.

Para. 1 I have the honor to submit a Memorial to my address from Mr. Thomas Ward Head Accountant in the Nellore Cutcherry setting forth his services and praying for a personal increase of salary in consequence of his length of service and diminution of pay since the abolition of the Sayer and discontinuance of Stamps Certificates in the Sea Custom Department on which he received a percentage.

2 Mr. Ward has been in the service of Government since 1806 and the creditable manner in which he conducted the numerous duties entrusted to him was the subject of reference so long back as 1819 on which an increased amount to his then Salary of 87 Rupees was solicited. The duties now performed under his immediate care and superintendence are, the preparation and examination of the numerous accounts submitted to the Board of Revenue &c. Accountant General, Civil Auditor, Marine and Triennial Departments together with charge of Stamps and English details

Fort St. George 22d December 1815

details connected with the Treasury - All of which he performs with the most commendable care and regularity -

3 Under myself Mr. Ward has only served 18 months but the confidence which has been placed in him by many Collectors during a period of 7 years 8 m. 2 d. 31 - 10 - 2 whilst employed on this establishment speaks more strongly in his favor than any lengthened encomiums from myself could do, and I beg to support the prayer of his memorial for such personal increase to his present salary as the Government in their liberality may be pleased to sanction.

4. Should further testimonial of Mr. Ward's character and services be required I feel confident that a reference to Mr. Stonehouse under whom he has so long served, would be attended with a strong recommendation from that Gentleman in support of the Memorial transmitted -

The humble Memorial of
Thomas Ward. Head
Accountant -

Respectfully Sheweth -

That your Memorialist was first entertained in the Government service in the year 1806 as a Writer in the Zillah Court where he Conducted the duties allotted to him to the entire satisfaction of his superiors. In the mean time the situation of Head writer having become vacant in the Collector's Cutcherry your Memorialist was appointed to that place in the year 1814 by Mr. Fraser the then Collector of the District on a salary of 87½ Rupees per Month, in addition to which he held the situation of Post office Head writer and drew a further allowance of Rupees 31 per Month - The situation of Paramount writer the salary of which was 35 Rupees per Month having been newly established in the year 1823, Mr. Smalley the then Principal Collector was pleased to nominate your Memorialist to that place in exchange for that of the Post office Head writer's situation - Subsequently in the year 1828 your Memorialist was appointed as Stamps Darogah in

Fort St. George 22d December 1845

in lieu of the situation of Guaranut Writer which was abolished. In the latter end of the year 1838 your Memorialist was promoted as Head Accountant by Mr. Stonehouse the late Principal Collector on a salary of 100 Rupees per month, which situation together with that of Stamps Darogah your Memorialist still continues to hold. That your Memorialist conducted himself to the entire satisfaction of his superiors will be evident on a reference to the letter dated 12th June 1819 from Mr. Fraser the former Collector to the Board of Revenue recommending him for an increased allowance. The whole period of your Memorialists Services extends to upwards of 39 years and with deep regret he begs to observe that he has not been promoted to a higher situation than that which he now holds, though the different Gentlemen under whom he had the honor to serve always appreciated his services and thought him deserving of a better place. In consequence of the abolition of the Sayer and the discontinuance of Stamps Certificates in the Sea Customs Department his allowances have been greatly reduced and this after a lengthened Service of upwards of 39 years. your Memorialist now draws on an average about 10 Rupees per month on account of Stamps Commission in addition to his Salary as Head Accountant, while he formerly received on the same account upwards of 40 Rupees monthly on an average. your Memorialist therefore respectfully begs to bring these Circumstances to your favorable consideration with the hope that you will be kindly pleased to lay his case before the favourable consideration of Government for such an increase to his allowance as the Government may in their liberality think proper to bestow on your Memorialist. For which act of kindness your Memorialist as in duty bound.

Will ever Pray.

To the Chief Secy to Government

Submitting a letter from the Collr of Nellore enclosing a memorial from Mr. Ward the Head Accountant in his Office and recommending for stated reasons that the sum of 20 Rupees per Mensem be conferred upon him as a personal increase of Salary in addition to his present allowance.

Rd 22 Dec 1845.

Sir,

Para 1. I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Nellore enclosing a memorial addressed to himself by Mr. Thomas Ward the Head Accountant in his Office, and recommending on behalf of that individual that a personal increase of Salary should be conferred upon him in consideration of his length of service and recent loss of allowances from the diminished Amount of Commission on the sale of Stamps paper hitherto drawn by him in his capacity of Stamps Darogah.

2. It appears from the Memorial that Mr. Ward has completed an uninterrupted period of nearly 40 years in the Service of Government of which 31 years and 10 Months are stated by the Collector to have been passed by him in various Situations in the Nellore Collector's Cutcherry and since the year 1838 in that of his present Office of Head Accountant on that Establishment on a Salary of Rupees 100 per Mensem in addition to which he also drew until the

the recent charges took effect, an average commission of upwards of 40 Rupees a Month from the sale of Stamps, but which allowance has now become reduced to not more than 10 Rupees, thus diminishing his total Salary from 140 to 110 Rupees.

3. In adverting to the numerous and responsible duties performed under the immediate care and Superintendance of the Head Accountant, Mr. Bishop observes that they are conducted with the most commendable care and regularity, and that the general conduct of Mr. Ward during the whole period of his protracted Service in the Nellore Cutcherry has earned the confidence and Encomiums of his predecessors under whom he has served, and he therefore supports the prayer of the Memorial for such personal increase to his present Salary as the Government in their liberality may be pleased to sanction.-

4. The Board instruct me to state that they fully concur in the above opinion expressed by the Collector and that they consider the case of Mr. Ward to be deserving of the favorable consideration and indulgence of Government, and they would beg therefore strongly to recommend that the Sum of

Rupees

Rupees 20 per Mensem be conferred upon him as a personal increase of Salary in addition to his present allowances.

From C. Maltby Esqre. Collector of Chingleput

Sir,

Para 1. In reply to your letter of the 24th Instant, I have the honor to state that the 210½ Mercals of smuggled Salt were found in the houses of Govindoo Naick and Cundapah Naick of Chingleput under the following circumstances.

The Acting Head Assistant & Magistrate received information on oath that these persons had brought Salt to their houses at night on the 8th October and that their bandies returned with more on the morning of the 10th Idem, the informant stating his belief that the Salt brought at night was smuggled. On Mr. Cadell making an enquiry the bandies of Salt were found before the Defendants doors, as stated by the informant and on continuing the search a further quantity of 210½ Mercals were found within their houses.

3. All this Salt was of new and of a good description the produce of the pans at Pyanoor which are about 14 Miles from Chingleput

Submitting further explanation regarding the Seizure of 210½ Mercals of smuggled Salt found in certain houses at Chingleputt

Fort St. George 22d. December 1815.

It appeared to me undoubted that the Defendants had been guilty of smuggling, but as they produced a Rowannah which tallied with the Salt found in the Bandies before their doors. I released that quantity of 107½ Mercals, and recommended only the confiscation of the 210½ Mercals for the possession of which they could not satisfactorily account.

4. I beg to add that as these persons are regular dealers in Salt, and acquainted with the Regulations Mr. Cadell thought them deserving of a

a heavier punishment than the mere confiscation of the smuggled Salt. He accordingly committed them for trial to the Criminal Court where they were Sentenced by the Principal Sudr Ameen on the 31st Ultimo to the following punishment: Govindoo Naick- a fine of 50 Rupees and in default of payment 10 Months imprisonment. Kundapah Naick- a fine of 12 Rs and in default to 5 Months imprisonment.

Collrs Cutcherry,

Signed E. Malby
Acting Collector

Resolution thereon.

63-64

Under the explanation in the foregoing letter the Board authorize the confiscation of the 210½ Measls of Salt Seized at Chingleput and the distribution of the usual reward from the proceeds of the Sale.

From the Asst Collr of North Arcot, affords the information regarding the Enam Villages &c of the Gollasaver and other servants employed in the Great Trichinopoly Pagoda as called for in the Boards letter of the 26th June last and submits several Statements &c therewith connected &c.

Para 1. I have the honor to acknowledge the receipt of your letter dated 26th June last requiring to be furnished with further details regarding the Enam Villages &c of the Gollasaver and other servants employed in the great Trichinopoly Pagoda.

2 The Board observe that the Puttah granted by Mr Greme & in 1812 "Contains no condition of service nor "other stipulation than that the Enamdar shall "pay the Jodee regularly and respect the rights "of the Villagers," the reason of which seems to be simply that the services to be performed were well defined and understood before and the question at the time was merely whether the Enam should be continued and on what terms as regards Jodee. "The reasons "which lead me to suppose that the enjoyment of the Village on easy terms is annexed "to the performance of certain services in the "Pagoda" are founded on the Register B of alienated Villages forwarded to the Board under

Enclosure † A № 166 Enclosure # B and the abstract in English C № 10.

under date the 13th June 1815 from which an Extract is annexed for convenience of reference and on a Mahratta record in my Office, prepared on the assumption of the Country by the British Government, and purporting to be a Statement of the services to be performed by the several servants in the Pagoda, in which both the services and emoluments of the several Offices are stated in some detail. From this document it appears that the Gollasaver received for his own use besides the Revenue of the Village of Pannakam the whole of the Offerings of the Pariahs, which in Fusly 1230 when they were accounted for to the Collector having been that year collected under his management, amounted to Rupees 420-... The Gollasaver received also a fixed salary from the revenues of the Pagoda of Rupees 84-... per annum besides Enam land of the value of Rupees 18-10-4 per annum and some small perquisites as Cloths and food on certain occasions.-

3. I beg to refer to the above

A C Extract from the Register and Abstract Statement of services in English for the further information required by the Board regarding

regarding the Beriz and Jodee of each of the Villages held by the servants of the Pagoda, the time when it was granted, the Office of the holder and the reasons for concluding that the several Villages were conferred and are now held on tenure of Service to be rendered to the institution.-

In the following State-

Lo

ment are shewn briefly the names of the several Enam Villages of the present holders, the other advantages in Enam land and Cash &c held by each, the amount of Jodee, and of resumed Cavil fees payable in each Village &c.-

5 I have detained this letter some time while the Serishtadar has been searching the records to ascertain whether the above resumed Cavil fees, which are collected in the Villages on account of Government, are included in the beriz and if so why they were not entered in the Register, as the fees had been resumed before the Register was prepared. But he states that he is unable to explain this point. It would seem reasonable to suppose that the fees formed part and were paid out of the Beriz but in that case they should I think have been entered in the re-gister as a charge on the profits of the enams.

6 I have the honor also to

D submit a List of the Servants who hold no enams but were paid in Cash only shewing the amount of their several stipends and

and the services to be performed by each. These stipends were not paid in lieu of resumed emoluments or on any other account than their services, mentioned in the list. In regard to your remark that "it does not occur to "the Board in what manner the transfer "of the Pagoda to the charge of the Mahant "can involve the stoppage of any of the "Cash allowances hetherto made on ac-"count of the Pagoda servants." I beg to explain that I meant only to say that the Collector necessarily discontinued pay-ing the salaries from the time when the Pagoda and its revenues, from which they were paid, were made over to the Mahant but I have not enquired whether they have since been paid or not by the Mahant.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 25th. Ultimo furnishing further information regarding the Enam Villages and other emoluments enjoyed by the Servants of the great Tripatty Pagoda.—

2. From the explanation which you have now given there can be no doubt, that the Village of Pannacum was originally granted in remuneration of services to be performed in the Tripatty Pagoda.- The Superintendence and control over all matters connected with that institution, and over all the servants attached to it, having been transferred to the Mahunt, the Board are not prepared to say that in the event of those servants neglecting their duties the Mahunt has not the power of temporarily attaching their Enams, as he would have of suspending the payment of their Money allowances, and as regards the particular case, in which the present correspondence has originated, the Board are of opinion that under all

Sir,

From Sir H. C. Montgomery Bart. Collector of Tanjore.- - - -

I have the honor to forward the Advertisement for the sale of the lands of certain defaulters in this District for publication in the office of the Board.-

Referring to the explanation called for by the Extract from the Board's Proceedings dated 20th. October last I have the honor to state that the cause of Shrotriem lands being attached in this particular case is that without these being united with the Tarruff lands there is little probability of effecting a sale.-

To J. Pycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George.

Sir,

1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the

the Board of Revenue under date the 26th May last, upon communications received from the Principal Collector of Madura, complaining of unnecessary delays on my part in certain cases and vexatious evasion of that Officers instructions, directing me in consequence thereof, to report.-

1st. On the circumstances under which the Zillahdars of Vedasandoor and Vadamadura, have been kept under suspension and the proceedings against them not brought to a close at an earlier date.-

2nd. The reasons for which immediate effect was not given to the order of the Principal Collector dated 25th of April 1844 for the restoration of the Natangars of Devadhanapettah.-

3rd. The circumstances under which more than 12 Months were allowed to elapse without either re-instating the Natangar in Office or bringing the proceedings against them to a close.-

2. In compliance with those instructions I beg respectfully to submit the following as a Concise Statement of the information required in the matter of the Vadamadura Zillahdar.-

On the 21st of May 1844 - one

of

Fort St. George 22d December 1845.

the Curnums of Velvarcottah attached to the Vadamadura Pirika, Vyrapermal Achary, wrote a Cadjan account of the list of spots where the crops had perished from drought or want of sufficient means of irrigation.-

On the 9th of June the Tahsildar of Tadicomboo, addressed an Arzy to the Sub Collector forwarding the said list and other accounts respecting the result of the exami-nation into the shavy of that Village as ex-amined by the Zillahdar.-

On the 18th I drew the Natamy at Veerabudra Pillay reported to the Tahsildar that after deducting for the supposed shavy, the undivided account only amounted to Rupees 1736-9-7. by which he suspected about 500 Rupees had been Concealed.-

On the following day whilst distributing Puttahs certain ryots of Velvara-cottah stated to me there was fraud in the shavy of their Village. A deposition was taken from the Curnum on the spot. He shuffled much and gave a statement at variance with that given in his accounts A Goomastah was immediately selected to examine the same with the Zillahdar of Madura

Fort St. George 22d December 1845

Muddur and orders sent to the Tahsildar to give them assistance, and send up certain persons for examination who appeared and deposed to only one spot being shavy the rest beaing false entries.-

On the 20th June the Curnum and Goomastah acknowledged before the Zillahdar and Mangamy Goomastah appointed to inspect the land that they had entirely trusted to the ryots word about the Cultivation and therefore it was that lands entered as fallow had in reality been Cultivated; that the Zillahdar had seen the same but not measured the lands-The Coodooban and Natamgar deposed to there being from 3½ to 4½ Months water and the latter had remonstrated with the Curnum who stated the land had already been reported.-

21st June I left Dindigul on Circuit in the Tengara Talook.-

25th June. The examiners reported to me that the Curnums' settlements of shavy were false.-

which

which was collected and carried to account-
They further stated that if the other lands
were measured certain other concealments would
probably be discovered.-

26th. June - The Tahsildar of Tadicom-
-boo in an address, stated that the Natamgar
had reported to him to the same effect.-

3. After my return from
Tengarei, the Natamgar of Velvaracottah ap-
-peared / on the 16th of July, / and a depositi-
-tion, on solemn affirmation was taken from
him to the effect that land in Velvaracottah
to the amount of 400 Rupees, had been con-
-cealed; on which deposition, after full proof
respecting the false entry of Shavy & sus-
-pended the Zillahdar of that Zirka Ven-
-cataramaniengar - I could not do without the
Curnums and their accounts; but as the Zillahdar
if allowed to interfere or exercise his duty
would have given much hindrance to the dis-
-covery, the Gomastah was appointed to act
for him and on the 18th an order was sent to
the Tahsildar to give any desired assistance.-

On the 25 of July the Zillahdar
of Muddur was associated with the acting
Zillahdar and proposed that 10 spots
should be first examined; but the Natamgar

who

who was informer deposed before them that it
was necessary to examine every land in that
Village which he was personally directed
to do.-

1st August Coont 44 — A 7 3/4 assessed at Rs. a. p. 101-3-3
were discovered.-

7th. August - The Zillahdars requested the
Karar Sagubaddy accounts which were furnished.-

Rs. a. p.
13th August - A further discovery of 137-6-2.-

18th The Maddoor Zillahdar Complain-
-ed of interruptions from the Talook.-

22d Order to Zillahdars to examine
carefully the whole Village.-

4. One Anapah Rowten Con-
-sidered it advisable to give all the hindrance
possible to the examining party and directed
the people to pay no attention to what they
said or did; and he would take care no
decision was passed against them. Evidence
was taken on the point and reported by the
Acting Zillahdar with 2 Mahazanamahs
on the 28th September - This was also proved
before myself; and after a verbal ad-
-warning no further hindrance occurred.-

On the 21st of October one of the Curnums
of Valvaracottah Vyrapermal Achary, gave
a deposition acknowledging that Rupees 530-
of cultivation had been concealed and that the

measuring chain had hitherto been a yard too long - The Goomastah Vadamala Moodely doing duty for his father the other Curnum, at first stated his doubts as to the correctness of the statements touching concealment, but subsequently acknowledged the same - One of the Ryots Chinna Alagherry Chetty deposed to having cultivated a portion of the lands not entered in my account.-

5. The Village examination on Cadjans &c. was considered complete by the end of October; but the accounts had to be compared and the tedious process of translation into Maratta for the Sheristadars department yet remained. I considered it but fair to all parties concerned, that a perfect tamil version should exist in as much as not a single individual whether Zilladars, Curnums, Natamgars or Ryots, knew a letter of Maharatta. The months of November, December and January were occupied in this work, a Buzzoor Goomastah assisting the Zilladar and Curnums who made out 2 Tamil and 6 Maharatta accounts and on the 12th. of February forwarded the same to me. Depositions were taken thereon from the Zilladar Curnams and Natamgars

Fort St. George 22d. December 1845.

Natamgars, who all fully acknowledging the correctness of the examination, an order was sent on the 1st. of March to collect the amount according to a list given which being accomplished within the month of April the amount of Rupees 609-13-2. was carried to account and sent to Madura with the May remittance.-

Fort St. Geargo 22d. December 1845.

7 Had a decision been passed before the realization of the said sum, the ryots would have objected to the levy laying the blame on the Curnum or making such excuse as would have tended considerably to retard the Collection; but no such hindrance occurred and a decision was passed on the 26th. of June sentencing each Curnum to pay a fine of 100 Rupees and their dismissals as well as that of the Villakdar recommended to the Principal Collector on account of the extensive fraud and great neglect of their particular duties.-

8 It is perhaps worthy of consideration with reference to the time employed in this case, that the above sum is not merely an accidental accession to the Revenue the discovery and realization of which might tend to endanger future returns but is a faithful and thorough exposition of the real state of the Cultivation in Velvaracottah likely as hereunder shewn, to be permanent and to serve as an example to deter any similar attempt on the revenue by shewing the improbability of profit or success

The Ryot preferring the lower assessment. This has been rectified.-

10 The Trade of the Vadastandoor Villadar is as follows.-

The report of Harvy in the

Village

Fort St. George 22d. December 1845

Village of Guddum for Fasly 1253 Consisted of only one Spot and remission was granted on the plea of there being no water in the Tank whilst the amount of tax was above 10 per Cent of the Ryots holding. I had visited certain places where shavy was stated to have occurred but finding the reports untrue or exaggerated remission was not allowed still further improprieties being suspected a Rungamy Goomastah Kristniah was des= =patched on the 5th. of June 1844. to inspect the shavy in the above and other Villages.-

11

On the 10th. of July the Goomastah reported that the Curnum Natangar and owner of the field allowed there had been some produce and that the entry of Shavy in Gudduem was there= =fore not true. That there existed other frauds in the Cultivation accounts of Guddam and Kalearapatty under one Curnum, which required investigation. In Consequence of which report and the fact of the Villahdar not having written any of the accounts of Harar Jagubaddy Fa. for that year as parti= =cularly directed by the Principal Collector in a Circular dated the 12th. September 1842, the

Villahdar

Fort St. George 22d. December 1845.

Villahdar was suspended on the 16th. of July during the examination of the accounts and measurement of the said Villages. The shavy was shewn to be a false entry, there having been produce water in the Tank and the amount not above 10 per Cent of the Ryots holding. Although it was so of a single Puttah held by one member of the family.-

12

Kristniah the Acting Villahdar continued to carry on the Current duties of his Office. but the Curnum threw every obsta= =cle in his way to prevent any measurement of the land by with-holding the accounts required by him. This having been repre= =sented an order was immediately issued on the 27th. of September to the Tahsildar to see that every account was given over to the Villahdar. On the 9th. of october the Tahsildar forwarded to the Huzzoor all the remaining accounts with the measuring chain which was discovered to be too long. On the 14th. October a deposition was taken from the Curnum on the subject of the said accounts and chain. On the 28th. October the Curnum gave an account particular of the accounts he had handed over to the Acting Villahdar.-

On

Fort St. George 22nd. December 1845.

On the 30th. October the Acting Zillahdar sent in the result of his exc: =amination with the Statements of the Pudducottah Natamgar and others together with accounts shewing concealments &c. to the amount of Rupees 146-10-7 in the lands examined up to that date. On the following day the Daloyet attached to the Zillahdar wrote that the Curnum was beginning to make much trouble and that it was necessary to order the Puddoocottah Curnum Kroomoogan Pillay to do his duty for him during the investigation.-

On the 5th. of November an order was sent to the Tahsildar to act accordingly.-

On the following day a further order was issued that if any Ryot had aught to explain or object he should do so on the spot forthwith.-

13 7th. December. Order to the Tahsil: =dar to send up the Oologoo accounts of the Village Guddam.-

10th. December. The Zillahdar sent up the abstract examination accounts of the Guddam Village shewing the Conceal: =ment from 1249, to be Rupees 309—5—2.-

14th.

Fort St. George 22nd. December 1845.

14th. December. the Zillahdar sent the required Oologoo accounts.-

4th. January. Order to Zillahdar for the detailed examination accounts of Gud: =dam for 1253 made on the spot. These were sent up on the 25th. from which time to the end of April the various accounts in Mahratta and Tamil were being prepared on Paper by a Goomastah of the Sherista: =dars department who submitted them with his Arzy on the 4th. of May. Being on Circuit in the Tengara and Iyempully Talooks during May June and part of July, no personal examination of the accounts and parties could then take place whilst the writer of the accounts reported himself ill and the Zillahdar and Curnums had to attend to the examination of another Village Kalvarapatty in the same Taluka; an: order was sent for all parties on the 25th. of June but as they never appeared being taken up with the examination of the 2d. Village; and myself still on Circuit and obliged to visit Madura I proceeded on the earliest opportunity to Vadasandoor and examined the whole from the 25th. to the 31st. of July.-

It having been deemed

14 necessary

necessary to examine the accounts for Guddam from Fusly 1236. to 1253 nearly 20 years, on account of the alterations in the land tax, and nir land being entered at Maniem more than ordinary time was required which was in no way diminished by the Curnums neglecting or demurring to hand over the requisite accounts. It has not however been deemed advisable to collect more than the difference in the accounts of the last 3 years which for the several items amounted during Fusly "

the most minute and careful examination should be made, being but fair to the examining officer and the public servants who accompanied him as they would be held responsible for its correctness whilst they at the same time were preparing the accounts of Karar Sagubady for the Current Fusly. It is worthy of submitting to your consideration that every unauthorized change in the land Tax, or mistake in the measurement would tend greatly to increase the difficulty of settlement whenever it shall please the Board of Revenue to direct that munaadib Kammy in Dindigul like Form Kammy in Madura shall cease to exist. Each as a fixed remission appearing to be equally unauthorized.

16. With reference to the case pending against the Devadhanapettah Officers one Valayda Polavan addressed an Arzy to me No. 1892/1843 dated 3d. of December 1843 making certain charges against the Curnum, Natangar and Notakar of that Village stating to the effect that about the Fusly 1246/1836/37 the Natangar had taken a Puttah for all the Money and Wax which, instead of distributing amongst the people according to their shares of the said tax but after making a heavy levy on each of the inhabitants he had kept all the produce

to

to himself; that the Village Officers exacted money from the inhabitants for their trouble; that the then Tahsildar of Tengari refused to allow the people to cultivate certain valuable land which had since been given to Vardapah Naick that on the Natamgar Curnum Notagar and others disputing the same a Duffadar and others proceeded to the spot where they were abused by the said Village Officers, on representing which an order was issued to send them up to the Magistrate; that certain few were forwarded, and each fined 10 Pagodas: only one person could pay the fine, but the remaining 90 Pagodas were borrowed, and parties returned to the Villages; upon which the Natamgar and Curnum made the ryots contribute towards the liquidation of the said debt /315 Rupees/ the rate being for each of the 300 ploughs one Rupee, and again for the same, 2 Annas; for each of the 4000 Goontahs under cultivation 3/4 of an anna; but from the persons who cultivated the disputed ground of Colcombey 4 Annas for which they had made out regular lists and declared that if any person refused payment, they should not be allowed to cultivate, or grage their cattle but be marked men. Accordingly Petitioner and most others paid and money was remitted to Madura, but 100 Rs. being kept back or remaining due the Natamgar and

and Curnum gave a Bond for the same, and took an agreement from certain ryots to pay each 10 Rupees. Emboldened by this success, they tried to exact another hundred Rupees in a similar way but it was not agreed to, that although the Natamgar denied having executed any Bond for 100 Rupees, he would prove it had been filed in the Moonsiffs Court, and if any other Tahsildar but the one at Tengare, were directed to examine the inhabitants, he would prove the whole case. —

17. Accordingly on the 6th of December the said Petition was sent to the Tahsildar of Nellacottah, directing him to proceed to the spot examine the case and report. This was done, and the Depositions with such accounts as could be obtained, amounting to 143 documents were submitted with his Arzy dated 5th July 1845, in which the Tahsildar stated that Paras 1 2. and 3 had been before examined, and finally disposed of by the Natamgar and Curnum being fined on two occasions, and that the remainder of the Petition related to the levy on the inhabitants of Deviadhanapettah consequent on a fine of 100 Pagodas.

18. On examination of the record respecting

Fort St. George 22d. December 1845

respecting the said exaction, it appeared that this case had risen out of a decision by a higher tribunal, when Tengaré was in the Principal Division, that the chief parties, the Natamgar and Curnum, had been previously punished for improper proceedings: that the precise amount of the sum exacted could not well be ascertained, although there was proof of its being great, and that my Decision of dismissal passed against the said Natamgar as a Police Officer, had been Reversed in the April previous, I deemed it respectful and correct to submit the present case to the Principal Collector, which was done in the following Month, and returned on the 11th of September, to pass a decision according to the Provisions of Regulation IX of 1822. But in consequence of the examination not being upon oath, I was precluded from doing so whilst the amount being above 50 Rupees, no decision could be passed on that record under Regulation VII of 1828. It was necessary therefore to examine the same personally, and this I could not then undertake having the Jamabundy still on hand: a most extensive English correspondence to conduct without any extra assistance: and other important examinations before me:

Fort St. George 22d. December 1845

With reference to the "prior
19. punishment alluded to in the last para, one
was a fine of 3 Rupees by my predecessor on the
29th June 1841, and the other of 2 Rupees whilst
I was acting in the Zillah Court, on the 14th
March 1842, respecting the inadequacy of which
fine, countersigned by the Head Sheristadar, the
Petitioner appealed, but no reply or documents
are said to have been received. It was not
therefore certain whether or not this case
had already been disposed of. —

20 In January 1845, however,
I commenced upon the cases, and obtained
from the Principal Collectors' Cutcherry
certain documents immediately belonging
to the Bundle, and submitted on the 25th
of March, an abstract of the whole record
as it then existed, and "hoped in a few days
to be able to submit further particulars."
These particulars referred to the Bonds, or
their Copies, executed by the parties and such
further proof as could be obtained, for the
Natamgar and Curnum, before the Tahsildar,
gave different versions of the matter, which
required reconciling or disproving. At
the end of April I proceeded towards Divehana-
-pettah, but the Natamgar Vasanta Moneyar
was

Fort St. George 22d. December 1845.

was not there, nor had he been for some months. I was desirous of the Sheristadar of this Cutcherry being present during the examination but he remained at Dindigul till the 7th. of May, and returned from Devad hanapettah on the 10th. when, having made engagements to meet the Civil Engineer at Palany to examine with him some important and suspicious Marks there, I could remain no longer, but addressed a letter to the Principal Collector laying before him that Vasanta Monegar had never been deprived of his Manium, that he had been only kept from active employ till his case had been decided according to the spirit of the Yaddast from his Office dated 2d. November 1842.

Civil Engineer's Diary from 20th to 26th of May 1845.

21 On the 12th. of May a summons was issued for the Natamgar, but he was not to be found. A case of arson in the following Month, took all the parties away to the Zillah Courts. On the Natamgar appearing he was with others examined, and the result of the investigation proved the general correctness of the Charges which were as follows. —

22 On the 17th. of October 1836, before the Talook of Tengaré was included in the Sub Division / Dindigul / one Vardapah Naick of

Fort St. George 22d. December 1845.

of Peraccollam obtained permission from the Principal Collector to have 250 Guntahs of land in the Colcamboy of Devadhanapettah for 10 fanams the guntah, he agreeing to perform certain Maramut. On the 7th. of December following the Tahsildar of Tengaré reported that the right to the same was disputed by Chinnanal and others. It appears that 3 days afterwards 100 Rupees (in gold) had been shewn or paid to the said disputants or others by the Tahsildar, and a Bond entered into for the purchase of half the land. The Mahratta list in the Talook shews, besides other most suspicious proceedings, that a stampt Cadjan of 8 annas value was purchased on that date (10th. December) in the name of Lakshmanaraniah Natamgar of Casbah Peraccollam for the above said moiety to be made over to him by Vasanta Monegar, the Natamgar, Carnums' father and others of Devadhanapettah. this too after the Principal Collector had given the land to Vardapah Naick, which was duly informed to the Tahsildar 3 Months before. and the Tahsildar could scarcely be ignorant of Krishna Row, son of Trichinopoly Ramachendra Row, having a stampt Cadjan in his name for the land sold on the 3d. and 5th. of the same Month. Lakshmanaraniah acknowledged that 20 Gold Mohurs of 5 Rupees each, were given to the said persons, and

and 5 more promised / the total giving 1 Rupee each goontah / and that the document was in his name as the Tahsildar did not wish his own to appear. The wording of the stamp'd Cadjan sale is suspicious, and rather tends to shew there was no intention to pay for the bond. There is no reason to believe that the money was kept by the Ryots or the bond returned by the Tahsildar, but mention is made of the circumstance to shew that Vasanta Moneyar considered himself a claimant for the disputed land, was one of the opponents of Vardapah Naik and therefore interested in the management of the fine imposed on those for resistance to Vardapah Naiks proceedings and cultivation. yet he had affirmed before me that he knew nothing of the matter, and never heard of it.—.

23. In the following Months of January 1837 the Tahsildar represented that no Maramut had been done, but that Vilayda Nadan and others were willing to take the lands on similar terms. This, however, was not allowed, but apparently on a Petition from Vardapah Naik the Tahsildar was informed that he was an interested party and warned against making useless disputes and objections, whilst a Duffadar and ten Peons were directed to assist Vardapah

Vardapah Naik. A dispute arising in March 1837, the exact particulars of which are not on the Talook or my own records, certain 10 persons were forwarded to the Magistrate and each fined 10 Pagodas: only one could pay the fine, the others borrowed the 90 Pagodas through the interest of one of their number, of one Muttukomara Nadan of Madura, and, on their return to Divadhanapettah, all the inhabitants were assembled as if on the Circar account, and informed that for every plough they were to pay one Rupee, to which was afterwards added 2 Annas for every goontah 1 duddee but for the disputed land 1/2 Rupee the guntah: the Ryots being threatened, on non-compliance, with neither being permitted to plough their lands nor graze their cattle. This last abuse of authority was deposed to by 26 Ryots. The amount thus collected must have been above 500 Rupees. 215 Rupees only were remitted to Madura, and for the remaining 100 to make up the 90 Pagodas, the Natamgar and Carnam signed a Bond in favor of Mutta Komara Nadan on the 29th of Kartaki of Vikara / December 1839 / which not being paid, they were sued before the District Moonsiff of Tirupparagoondam, in May 1843 / No. 403 of 1843 /

25. It further appears by the deposition of the acting Natamgar of Davadhanapettah, that on an individual being sent to examine the lands in 1250 or 1251 Fusly, the Natamgar directed a present of 5 Pagodas to him, and for the marriage of a Melmangalum Brahmin 2 Pagodas out of the above general levy. —.

Fort St. George 22d. December 1845

on the subject. On receipt of another letter, on the same subject, from the Magistrate, dated 18th of February, I immediately dispatched another order to the Tahsildar to report, and forthwith addressed the Magistrate, informing him of my having twice written to the Muzumdar for information, the delay to afford which was therefore scarcely chargeable to myself.

28. In reply to my communication of the 25th of March, the Principal Collector was pleased on the 4th of April, to refer to me the Settlement of the Case (on which I purposed submitting further information) having taken place in the April previous: of this, I was not aware, and certainly would not have taken up any case had there been a record of the same in my Office. It is proved that there were three Natangars at the Settlement of the District, appointed to the Village of Devadhanapettah, but two accounts were drawn up in the year 1840; one shews that the triple duty devolved on a single individual† and the other exhibits Vasanta Monegar as the only Natangar or sole proprietor of the Natam Meerassy, and which he has, in consequence, held ever since, the latter account being deceptive, and

† Veerana Pillay Grand father of the Curnum-

and the former a copy of one from the Principal Collectors' Cutcherry.—

29. On the occasion of the said Natangar concealing a case of death committed through ill-usage by the Curnums' brother on one of his laborers, I suspended him from employment, but being directed to be restored in October 1842. the same was done immediately—with reference to the present case, on account of its appearing to me that the said Natangar had been by the evidence of the witnesses and confession of the thief shewn guilty of compromising a case of Larceny committed in the said Village: with other subjects: I considered he was not fit for the duty and accordingly directed his dismissal. In April 1844. the Magistrate was pleased, by a Tamil Yaddasht, to direct him to be re-appointed or confirmed,† in consequence of which he was permitted to retain all the emoluments attached to the three Natamies of Devadhanapettah, and has never to this time, been deprived by me of a single iota of emolument, though he has been fined by other authorities. In consequence, however of the investigation before the Tahsildar of Nellacottah from December 1843, alluded to, and in part explained in the foregoing Paragraphs, I considered I was in no way exceeding my duty as Sub Collector, or acting in opposition to the orders of the Magistrate, in

† Raime pansia puttutendiam—

in not allowing the Natamgar to enter on the active and immediate duties of his Office; thereby merely availing myself of the spirit of the instructions I received in the matter of the Curnums and Natamgars of the Cumbum Village in the same Talook, where Charges of corruption were brought against them as referred to in my letter to the Principal Collector, dated the 14th of April last.—

30. Should I have appeared to have taken too much upon myself, or be deemed to have erred in any of the above matters, I trust it is not a fault which the Principal Collector or the Board will be unwilling to forgive. I shall be more careful in future to avoid even the appearance of demur in carrying out such orders as I may be favored with.—

31. With reference to English correspondence, if the labor be felt in the Principal Cutcherry how much more arduous the work has been with me may be imagined from having only a single writer barely sufficient for the entry of correspondence, many of the fair copies and all drafts being in my own hand, which for ten Months, after receipt of the Dévadhâyapettah Record, I confess, nearly overwhelmed me. I have not intentionally prolonged

Fort St. George. 22d. December, 1845.

prolonged correspondence, but such labor unusual and unprovided for, may, I hope, be allowed to plead somewhat in extenuation of any apparent want of sufficient information or brusqueness observable therein. I scarcely ever held Cutcherry less generally more, than 12 hours, a day, which, the necessary attention to the Petition Department renders it undesirable to diminish, but I would cheerfully increase it if such would ensure greater satisfaction.

32. In conclusion I beg respectfully to express a hope that there may not appear any necessity for so severe a measure as my removal from a District where, if I have not on every occasion acted discreetly, I have, at least, invariably served faithfully.

In reply to your letter of the 4th Instant I have the honor to inform you I purpose recommending a Sub Collector and establishment as formerly the case, for Pannad, in cases of its sequestration pending the suit at Law: but I hope the Board will not impose upon me the necessity of entering on a detailed Pay roll, till I know there will be any necessity for such measure. It will be a labor of many days to prepare, and surely the Board cannot doubt it will be a very great waste of time unless the sequestration is to have effect for they will bear in mind my Annual report on the District at large and on Pannad in particular and my answer to their Proceedings on last Fusly's settlement have been long due: whilst my labors in the Maramut Department are so heavy as to make me decline undertaking any work in future not imperatively necessary for I have no European Assistant to relieve me even from inspection of the Treasury or signing Stamps

of the Ramnad Zemmindary, and other matters connected with that Estate.

2. With reference to the first Para of your communication the Board instruct me to state, that they acquiesce in your proposal to suspend for a short time the preparation and submission of a detailed Moyen Zabitah for the Zemmindary until it be decided whether the Estate is to be continued under sequestration.

3. As regards the palace, as the mother of the late Ranee is at present residing in it, the Board direct that she may be allowed to remain there, and that her occupation may in no way be interfered with. any arrangements which may from time to time be required for the due preservation of the building should be brought to the notice of the Board when necessary.

4. I am further instructed to inform you that although the Board have not felt themselves authorized to continue to Puruttha Vurdhana Natchiyar the full allowance enjoyed by her late daughter, it is not their intention that she should be deprived of the means of supporting

herself in comfort and in such a manner as the respectability of the family requires. They will therefore be prepared to give full consideration to any arrangement which you may recommend for making such moderate provision for her maintenance as may in your judgment be called for until the question respecting the succession to the property be determined.

From the Collr. of Tinnevelly submitting further information regarding the Boundary dispute between the Village of Secaracoody and Poovany, called for in the Board's Proceedings dated 2nd October 1845.

Sir,

In reply to the Proceedings of the Board of Revenue of 2nd Ultimo, calling for further information on the subject of my letter of 15th September last, I have the honor to state that in the year 1803 in which a general survey of the District took place, the land in question, which was during the Pymash of Secaracoody Village, justly included in its accounts, was afterwards erroneously entered by the Pymashdars of Poovany, as belonging to that Village, consequent on the Ryots having through ignorance pointed out the disputed land to their new Pymashdar, as situated within the limits of their Village, and this error which also occurred in several other Villages, partly from ignorance on the part of Ryots, and partly from Pymashdars differing in measurement, was detected only after both parties now contending having each set up a claim that the land belongs to his Village.

Ordered that the foregoing letter be submitted with the following address.—

To, The Chief Secretary to Government

Sir

With reference to para 6 of Extract Minutes Consultation dated 5th. August last, I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Canara dated 13th. Ultimo, containing his report upon the old balances in his district.

From this it will be seen that the arrears from fasly 1245 to 1252, now outstanding amount to Rupees 4584—5—4. Of this sum Mr. Blair recommends that Rupees 3329—6—7 should lie over for future disposal, much of it being likely to be recovered by the sale of lands, the payment by instalments, and the realization of some portion depending upon the adjustment of disputes not yet arranged. The conclusive enquiry into those arrears can, he states, be made only at the current Summahbundy. After which a final report will be submitted.

The Amount deemed absolutely irrecoverable is Rupees 1254—4—. The particulars of this balance are given in Statement

I examined the ground when at Cochin and agree with the opinion given by the Fiscal and Mr. P. Grizelar as to its value as a building yard and have no sort of doubt that a rent of 240 Rupees a year would be given for it, even in its present condation, but I would recommend a line of stakes being immediately driven not only to reclaim the space lost but also to save it from further injury, the cost of which should not certainly exceed 300 Rupees an exact estimate for this by measurement was not prepared by me but can be furnished by the Fiscal at any time.

Sir,

I have the honor to acknowledge receipt of your letter of the 15th instant, informing

informing me that the Board of Revenue have desired to be informed whether I can give any satisfactory assurance that I will as asserted by me, expend a large sum of money in the erection of Cotton Screws, and requesting me to furnish you with information on this point.

In reply to your letter above acknowledged, I respectfully beg to state, that the only information with which I can furnish you likely to be satisfactory to you, as to the sincerety to you, as to the sincerety of my intentions as already expressed by me relative to the Establishment of Cotton Presses at this place is, that I have already trusting to the liberality of Government, got my Cotton Press Establishment into a state of considerable forwardness. I have an expensive, strong Building 141 ft. 9 Inches long 40 ft. 9 Inches broad, and to be about 30 feet high above the foundation nearly half finished. I have some cotton now here, about 600 Loads, and as the Custom House Accounts will show you, my Penang Agent is sending more from that Port to my address. I have made large purchases of cotton in the Coimbatore District, which will all be brought here in

in due time, I have some Machinery now here, brought from Calcutta, and I daily expect more from England via Bombay. I am in daily expectation of a Vessel from Bombay the "Rapid" which Vessel I intend to dispatch partly loaded with Cotton properly pressed, and in the course of this season, I hope to load, or partly load, several other Vessels with Cotton at this port on my own account, and other Merchants have already applied to me to screw Cotton on their Account.

The facts which I have stated above will not only show you that it is my intention to expend a large sum of money on account of my Cotton Press Establishment, but that I am actually at present under a very heavy outlay on account of it, and they will I trust, be sufficiently satisfactory to the Board of Revenue.

The quantity of Salt available for consumption at the date of the Statement submitted on the 18th November 1845 was G. 1056. 97. 5½; the Supply now in store at the Madras Collectorate is G. 1131. 76. 5½ & at the Ennore Depôt G. 1038-50- The last mentioned quantity, it is supposed, will be shipped off very soon after the Monsoon. The sales for Home consumption for 20 months or to may 1847 when the newly manufactured Salt of that Year may be expected to be received from the Pans are estimated at G. 1800 or 90 Garces per Month. The Estimate for Export to Calcutta sanctioned in the past year was G. 2500, the present Statement provides for a similar quantity Viz. G. 2500 for export. which being added to the supply required for Home consumption gives an aggregate of G. 4300 exceeding the quantity in store exclusive of the G. 1038. 50 referred to above by G. 3168. 323-2½. It is proposed that advances be made for the manufacture of 3000 Garces at two Rupees per Garce the total being Rs. 6000 corresponding with the entry in Col. 5 of this Statement up to 1847 the rate was Rs. 3-8- per Garce and in the Statement for 1846 the Collector proposed the reduced sum of Rs 2½ but Sanction was granted for only 1 Rupee per Garce. The manufacturers complained of the difficulty they were put to by being allowed so small a sum, which induced them to borrow money from Sowcars at an enormous rate of Interest. They have just presented a petition on the subject soliciting a reconsideration of their case. The rate now proposed is therefore raised again to Rupees 2 per Garce.

From the Coll.r of Madras ... Para 1.

Reporting that in the Table of the rates of toll leviable on Goods passing and repassing on Cochrane's Canal, the quantity and the number of Cart loads it is equal to are given and observing that the non entry of the Cart load would be likely to lead to some difficulty if there should be any dispute in regard to the size of any of the bundles, bags &c.

I have the honor to acknowledge the receipt of your letter under date the 27th Ultimo, stating that the Board of Revenue observe that many of the articles usually sent by Cochrane's Canal are shewn by the table submitted by Mr. Robertson on the 4th November 1837. to be liable to pay toll by the Purrah, bag, bundle &c. and calling upon me, in consequence, to specify the articles on which the toll as stated by me, is levied by the Cart load, and to report whether there would be any difficulty in regulating the toll in each case by some determinate measure, weight or other fixed standard in lieu of the Cart load.

2. I find from the records of this Office that, on the 7th October 1837, Mr. Robertson submitted for insertion in the Fort St. George Gazette, according to the orders of Government of date the 25th of the previous month, a table of the rates of toll leviable on Goods passing and repassing on the Canal which was nearly a counterpart of the Table in use at the toll Office since the 1st April

of

Fort St. George 22d December 1845

of the same year. The original rates on almost all articles were in proportion to the number of Cart loads; but in 1830 an alteration in the rates leviable on Firewood was made which rendered the entry of "Cart loads" in the Table, in respect to that article unnecessary, and if the toll upon it has since been regulated by the number of billets, whilst the quantity of each of the other articles considered to be equal to 2, 3, or 4 Cart loads was as usual given in one Column, and the toll chargeable thereon in another

x Note This alteration was made by order of Government dated 24th Sept. 1830.

3. On the 26th October 1837, the Board returned the Table in question, and remarked that it might be simplified by omitting the separate headings and dates from which the rates were established. Mr. Robertson accordingly submitted on the 4th November following a revised Table with the necessary modifications, one of the headings omitted in it being that under which it was customary to exhibit the number of Cart loads but, pursuant to the instructions conveyed in the Board's Proceedings dated 13th of the same month it was not published nor was the Table at the Toll Office altered so as to correspond with it. I therefore, stated in

Fort St. George 22d December 1845

of the 12th Ultimo that with the exceptions of Firewood and a few other articles the toll on Goods imported by the Canal was regulated by the number of Cart loads contained on each Boat. For easier reference the table submitted on the 7th October 1837 is re-transmitted herewith.

Besides the articles enumerated in the Table adverted to above the toll is on furniture and on measure is charged by the Cart load. it does not appear to me that there is any other mode of ascertaining the quantity of either with equal facility.

x From Board 16th December 1839.

5. Under the circumstances of the case, I submit that as in addition of the Cart load, the quantity of each of the articles named in the table with only few exceptions is given in Parahs, Bags, Yes there is in it now all that is necessary to guard against any irregularity in assessing the Government dues. In like manner 400 Bricks being shewn to be equal to a Cart load, it will be requisite in the event of any suggestion being approved, to enter the sum of Fs. 3 as the toll leviable thereon should the Board consider it unobjectionable to allow the Table in the present form to continue unaltered. It is my opinion that the non entry of the Cart load would be likely to lead to some difficulty if there should be any dispute in regard to the size of any of the bundles, bags, Yes imported or exported by the Canal.

From Messrs. Ashton Richardson & Co. Requesting to be advised of the course of proceeding to be adopted for the registry of the Deeds conveying to them Mr. Cockburn's title to a Coffee Plantation on the Sherevoy Hills.

Gentlemen.

We have the honor again to address you on the subject of our Coffee Plantation on the Sherevoy Hills, in respect of which you were pleased to favor us with instructions communicated in your Secretary's letter dated 22d September 1845. ——

Since the receipt of this letter we have been endeavouring to learn the particulars of the document which we have been requested to obtain, and the mode in which that document is to be registered in the Court at Salem under Regulation XXII of 1802 as suggested by the Collector, and we trust that our ignorance of the course of proceeding in revenue matters will plead on our behalf and excuse us for troubling you. ——

In regard to the transfer of Mr. Cockburn's title which we have been desired to obtain, we beg to state that, that Gentleman's title has already been conveyed as your Board will observe by the accompanying two Deeds, in

17624 Fort St. George 22d December 1845.

in the first instance to Govindasamy Tsippiah Brawney and by that individual again to us. We do not therefore understand how we can address Mr. Cockburn as third parties, or should that Gentleman be so far disposed to meet our wishes as we doubt not he will, how far his transfer would be valid, on the face of a legal document executed in another Mans name. We beg therefore your Board will be pleased once more to consider our case, and advise us how to proceed. ——

We beg to explain that the Sale of the Sherevoy Plantation was effected by an or. an advertisement a Copy of which we enclose, and that it was purchased by G. Tsippiah Brawney on which occasion Mr. Cockburn legally transferred his title to him as will be seen by the Deed of assignment (one of the two documents referred to in the preceding paragraph). On the purchase of the Plantation afterwards by ourselves from G. Tsippiah Brawney the further Deed conveyed his title to us. ——

Should this explanation be satisfactory, and no further title be deemed necessary, we beg the favor of being advised of the course of proceeding to be adopted for the registry of the documents in the Zillah Court, and whether the

the transmission of the documents to the Collector of Salem for that purpose will be the right mode. ——

To The Collector of Salem.

Sir,

Calling for further information respecting certain lands upon the Shevaroy Hills lately come into the possession of Messrs. Ashton Richardson & Co. 22 Dec 1845

In your letter of 29th. August last reporting on communication addressed to the Board by Messrs. Ashton Richardson & Co respecting certain lands upon the Shevaroy Hills, lately come into their possession, you state —

"These lands are entered in two grants in the name of Mr. Fischer but transferred by that Gentleman to Mr. A. D. Cockburn in fusly 1236." It is not quite clear whether the transfer here mentioned refers to the Grants as well as to the lands held under them or whether it applies to the lands only. I am therefore directed to request that you will inform the Board whether the Grants spoken of were transferred by Mr. Fischer to Mr. Cockburn and if so in what manner, whether by endorsement or by any separate

separate instrument, whether any fresh Grant was taken out by Mr. Cockburn, whether the transaction whatever it may have been was communicated to your Office, and the documents connected with it filed or registered there. It should also be explained in what manner these lands are now entered in the public accounts and if in the name of Mr. Cockburn at what time and under what circumstances they were transferred in the accounts to his name from that of Mr. Fischer. You will also be so good as to inform the Board as far as it may be within your knowledge what has become of the original Grants.

2. In Para 3 of your letter you remarke that "you consider yourself precluded from granting a Pattah in the name of Messrs. Ashton Richardson & Co. without a Rowzeenamah from Mr. Cockburn authorizing the transfer." The Board wish it to be explained how a Pattah could be given for lands originally taken on Grant, and whether such has ever been done in your District. ——
