Diary.

19th January — Sent the following letter.

To The Collector in the Southern Division of Arcot.

(1) Sir,

(1) To the Coll.r in the Sn. Div.n of Arcot

I am referring to your Monthly Return of persons convicted and in confinement under Regulation IX of 1822 for October and November 1845 just received, the Board perceive that Sobboo Pullaharnagar of the Village of Keelarreongalady of Chittumbrum Taluk in your District has been confined in Vellore Jail of Cuddalore upwards of Six Months. I am directed to request that you will report whether it appears to you that any benefit will result from the further detention of this person in confinement.

Received.

(2)

From the Secy. to Government

Sanctioning the Establishment required for the Sub Collr. of Rajahmundry with the exception of the 2d Dresser and requesting that a Statement in the prescribed forms be submitted for transmission to the Government of India.

Ref. to Cons. 28th June 1837 No. 1556.

Received the following Extract.

Extract from the Minutes of Consultation under date the 19th January 1846.

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 5th January 1846 No. 6.

Para 1. The Most Noble the Governor in Council sees no objection to the immediate employment of the Establishment required for the Sub Collector of Rajahmundry, with the exception of the 2d Dresser, who will under the Resolutions of Government dated 7th June 1837 be selected from among the Medical Subordinates of the Regular Establishment.

2. With this exception His Lordship in Council sanctions the charge for the Sub Collectorate Establishment; amounting

Proposed	528	to Rupees (503 — 8 —) Five
Deduct 2d Dresser	24 — 8 —	hundred and three and
Rupees	503 — 8 —	Annas eight per mensem

and he requests that a Statement in the prescribed forms may be immediately obtained and submitted for transmission to the Government of India, with the view of obtaining the confirmation of that Government to the authority now granted.

3. His Lordship in Council

also sanctions the charge for Office Furniture required for the Sub Collectors' Establishment, amounting to Rupees (154-4 —) One hundred and fifty four and Annas four.

4. Instructions will be issued through the Military Department for the appointment of a Second Dresser to the Sub Collectors' Establishment of Rajahmundry.

To The President & Members of the Board of Revenue.

(True Extract)
(Signed) C. S. Thornhill
Secretary to Government.

(3)

Resolution thereon. Resolved that a copy of the foregoing Extract from the Minutes of Consultation and of the Board's letter to which it relates be transmitted for the information and guidance of the Collector of Rajahmundry with reference to his letters dated 28th November and 4th December last.

(2-3)

2. Mr. Prendergast will be pleased to furnish without delay the Statement in the prescribed forms called for in the Board's letter of the 5th Instant and referred to in Para 2 of the foregoing Extract omitting the 2d Dresser.

21st January. Sent the following letter.

To

The Collector of

Tanjore.

Sir,

I am directed by the Board of Revenue to forward to you the accompanying Petition No. 111 of 1846 from P. Appasawmy Pillay of Madras, complaining of the delay that has taken place in the Registry in his name of a Village which he had purchased on public sale, with the knowledge of the Public authorities and to request that you will be pleased to report whether there is any objection to a compliance with the Petitioner's request.

At a Meeting Present.

Thursday 22nd January 1846

G. D. Drury Esqre. Senior Member
A. Maclean Esqre. Jr. Second Member
and
S. Goldingham Esqre. Jr. Third Member

Minutes of the last meeting read and approved.

Read the following Extracts.

From the Chief Secy. to Govt. transmitting a Communication from the Govt. of Bombay and desiring the Board to adopt measures to arrest the destruction of the Forests of Bullihul Dandalee and Soonda and to ensure the preservation of the young Teak Trees.

5

Extract from the Minutes of Consultation Dated 2nd January 1846.

Read the following letter from the Secretary to the Government of Bombay.

To,
J. F. Thomas Esqre.
Chief Secretary to the Government
Fort St. George.

Sir,

I am directed by the Honorable the Governor in Council to transmit to you for submission to the Most Noble the Governor in Council of Fort Saint George, Extract Copies of paragraphs 21 @ 39 inclusive also 49 @ 57 and 59 of a Report dated the 30th January 1844 relating to the Forests of Bullihul, Dandalee and Soonda of the Madras Presidency &c. by Doctor Gibson, Superintendent of Botanical Gardens, an intelligent Officer on this Presidency, who visited these jungles in A. D. 1843/44; and which the Most Noble the Governor may think deserving of some attention, they being on a subject the importance of which is daily becoming more evident.

Bombay Castle,
20th November 1845.

(Signed) E. H. Townsend
Secy. to Government

Extract.

Extract of a Report by Dr. Gibson Superintendent of the Botanical Garden dated 30th January 1844.

Para 21st Jungles of Bul-
ghat Dandelee &c. in
Soonda under Collector
of Mangalore ---

By Order of Govern-
ment under date
December 6th 1843 I was
requested to take an
opportunity of visiting and examining this
Forest.

Accordingly proceeded thither in January 1844.

The following are the particulars
of what I learned from personal observation
and of information gathered from persons
employed in the Forest.

1st The extent.

22d The wooded Country commences
3 Miles S. W of the range of State Bills which
lie S. and S. W of Dawar from hence to
within 5 Miles of Bullghut the Jungle
is thin much having been cut away. From
Bullghut it is thick and the Trees are very
large. From this as far South as Moorgar
and having as its eastern Boundary Gulla.
poor. while on its west side it runs into
the Forests which line the Ghats.

23d The probable extent in Miles
may be 42 in length by thirty in breadth of
this I have only seen the Northern half
extending from Bullghut to Hooligee South
and East. and a part of the Soopah tract

on the western side.

24th The Trees which compose the Forest
may be thus stated in their order of frequency.

25th

1st Teen – Hard wood useful in building.
2nd Honjul - - - - Do. - - - - - - - Do.
3rd Bamboo - - - Well known.
4th Hedro - - - - - - Much used for planks.
5th Pullas - - - - - Useful in building.
6th Teak - - - - - - Well known.
7th Kaluve - - - - Building and Gun Stocks.
8th Kurmul - - - - - No use
9th Seepoe - - - - - - Building, planks, Gun Carriages
10th Dawara - - - - - axles, Building
11th Bondara - - - - Do. - - - - Do.

26th From the above enumeration it
will be seen that Teak forms a comparatively small part of the Forest. It is considerably more abundant North of Bullghut than to the South but here the Trees are small and require a good many years growth. The forest contains many open spaces which have formerly been cultivation clearings. For these large trees do not again spring up from a Cause which I will afterwards notice.

27th There are also numerous new clearings in which extensive Tracts of large Trees have been barked and burned preparatory to the cultivation of the Seepoe. It appears

that such clearings are allowed only in places where there is little or no Teak. The cutting of the Teak in the Forest has been going on for many years but until latterly to a degree not more than equal to the supply afforded by young Trees of Spontaneous growth.

28. Within the last three years however the cutting has been going on to an extent which bids fair to exhaust the Teak in the Forest in the course of four or five years more.

29. That at Sambrance has already been exhausted, also that beyond Hooligee Ghaut and in the Mahal there remains none of size sufficient to be cut: all the people in the Forest as also the Peshkar in charge at Bullyhul concur in stating that the large Teak of the Forest is 3/4 exhausted, cutting is now going on at Barcheenulla and also on the Gellapore side of Hooligee.

30th The Rules of the Madras Government as to the cutting of Timber are these.

1st For each log of Teak cut a certain sum is paid according to its size. By the old Tariff of Duties this amount for logs of first quality is Rupees five and for smaller logs a lesser sum. By the new Tariff which has not yet come into operation these rates will be nearly doubled.

2nd Besides this there is a "[illegible]

each Cart Load. This latter is about Rupees 1.

From a Return furnished to me it appears that at Bullyhul the amount realized in 1840/41 was.

Rupees - Rs. 3,200.

So - - - 1841/42. - - - - - - - - - - - - - - Rs. 3,000.

" - - - - 1842/43 - - - - - - - - - - - - - - Rs. 2953.

31. The duty from export at the Sooseh chowkie is given as having last year amounted to about Rupees 2000.

It is from this chowkie that the wood for Bombay passes.

There are also chowkies at Beerwattee Hoodgee* but from these the export is said to be trifling in quantity.

32. A Return which I obtained from the Custom House at Vingorla shews an export from thence of about 2700 logs from May 1842 to January 1844.

33. The largest draw which has taken place in the Forest is that for Export to Cutara, By a Purwana still in force but which expires on March 1st 1844. His Highness the Raja of Sattara is allowed to have four thousand Cart Loads free of duty.

34. This freedom from duty is estimated as including not only the "Sayer Tax" on each loaded Cart but also the price of the Timber. Cut, so that the actual Bounty given is very large in amount.

Care

*Or Hood to Bellary

35. Care ought also to be taken
that the Native agents of His Highness station
ed in the Forest do not make use of
the Government order for exemption as a
cover for Traffic on their Private account.

36. The Madras Government prohibits
the cutting of any Teak Tree under 30 years of
age but I have had occasion to see that this
order is not very completely enforced, many
young Trees also are destroyed in the
process of felling and squaring the Timber
of the larger ones.

37. No tax is levied on any other
wood than Teak with
Sayer Tax of one Rupee per Cart. before mentioned
however the great weight of many of these
other woods prevents the exportation of
large logs. The same remark applies to the
Teakwoo of which I observed many large Trees
standing in the Forest.

38. I am of opinion that a good
supply of Teakwoo for the wants of the Gun
carriage Manufactory could be had from
this Forest but to remove the logs, the ap-
paratus common in wood yards would
be required.

39. Annexed is a sketch of Forest Tract
is described as existing below the Ghats Viz.
in the anbolid Taluque inland of
Sudasheeghur.

This Tract is I am informed reserved
solely for Government purposes and there is
attached to it an establishment of Mootasuddies
and Peons so that it is probable that this
Forest is within the Malabar Circle of Conservancy.

49. 7th. The Hallyhal and Dandelee jungle } From the re-
marks previously
made it must be apparent that this
Forest is by far the most valuable
of any that I have yet visited South of
Bombay and it moreover possesses the great
advantage of being very accessible to Cart
Carriage of being healthy to a degree
unknown in the Northern Jungles.

P. That its consequence as a source
of supply to all the Southern Marhatta
Country as far North as Poonah and as
far East as Hyderabad, is great.

51. It may be said that as the
Teak multiplies itself spontaneously expendi-
ture for the purpose of increasing the
supply is useless. Such a conclusion however
would in this case be erroneous as here
there exists a peculiar obstacle to the
spontaneous growth of young Teak Trees. This
obstacle consists in the great rankness
and luxuriance of the grass and in the large
proportion which Bamboo jungle bears to
the

the rest of the Forest.

51. The spontaneous or accidental ignition of either of these / and such ignition annually takes place) effectually scorches and drives up the young trees.

52. I conclude that in former times there may have been some arrangement to prevent this evil. as a good many Teak Trees are to be seen rather above the age of twenty years - but of a smaller size very few.

53. Much injury also / as I had before occasion to remark / is caused by the careless way in which the larger trees are felled - bearing down and breaking the younger ones in their fall.

54. To have a large supply of Teak and Sepoo from this Forest in future years would be easy - as the shelter afforded by the very large hard wood Trees which still compose a great part of the Forest give just the requisite protection for young plantations, and do away with all necessity for the more expensive measures of hedging or trenching while the rich vegetable soil already existing is such as could not be equalled by human means. The numerous open spaces in the Forest afford the room requisite for fresh Trees.

55. To have a large supply of young wood of the kinds chiefly wanted Viz. Teak and Sepoo. some working Foresters ought to be employed, but merely during six Months of the fair season as the Country is too wild and the cover too luxuriant to allow of their working with safety in the Rainy season.

56. A good deal might be done by having 12 Men employed under a Muccadum or overseer from 1st December to 31st May. The duty of these men to consist for the first season in clearing away the grass from around as many young Trees (Teak and Sepoo) as possible also in collecting seed for operations in May.

At the end of May, seeds to be strewn in many of the open spaces before alluded to - also in other places where the wood is thin - care being taken that in all these places the grass had been previously got rid of by cutting - in December of the following season the same gang to be employed in clearing the grass from around such young trees as may have sprung up from the seeds scattered in the previous May - due care being taken that the young Trees are not left too - that the clearing of the grass be done in such a way that the burnings of the Dry

Season

season may not affect the young plants.

A further quantity of seed to be scattered in other places at the end of the second season and so on.

57. From calculations of the labour required I estimate that by this plan about 150,000 Trees ought in the course of four years to be in independent growth and to require little or no further care and in 8 years this quantity may be doubled. or this might be done in 4 years with an Establishment of 24 hands and one Muccadum.

59. The Cost of a Gang of 12 Hired Labourers at Rupees 3-8-0 each and a Muccadum at Rupees 6-0-0 would be Rupees 288 per annum or allowing for Contingencies - say Rupees 300 per annum. The total amount of expenditure to be incurred must of Course depend on the Number of seasons during which it might be deemed necessary to employ the men.

Probably not less than 10 seasons would suffice to raise a large growing Forest including the trimming of the numerous young trees before mentioned as existing at the Bullyhub end of the Forest. That the expenditure for 10 years would amount to Rupees Three thousand (Rupees 3000)

(True Extract)

(Signed) C. H. Fourrecard
Secretary to Government

Resolved

1. Resolved that the foregoing letter and enclosure be communicated to the Board of Revenue, who will be pleased immediately to adopt measures to arrest the destruction of the valuable Forests in question, and to make such arrangements as may ensure the due preservation of the young Teak Trees - also after communicating with the Collector to submit any observations they may have to offer on the suggestions contained in the 36th Para of Dr Gibson's Report, for the extended cultivation of the Teak and Seesoo.

2. The Government being impressed with the importance and value of the Forests and judging that it would be advantageous to retain them exclusively for the use of Government request the sentiments of the Revenue Board as to the expediency of compensating the Native Inhabitants of the Country adjoining these Forests, who may possess any recognized right to fell and sell the trees and of depriving them in future of such privilege. Further whether the privilege could be so restricted and limited in its exercise, as to secure these Forests against future waste and destruction.

(True Extract and Copies)

(Signed) J. F. Thomas.
Chief Secretary

Resolved

Resolution thereon.

(5-6)

Resolved that copy of the foregoing order of Government and of the papers which accompanied it be transmitted for the information and guidance of the Collector of Canara. Mr. Blane will be pleased to adopt immediate measures for arresting the destruction of the Forests referred to and to make the arrangements requisite for the due preservation of the young Teak trees he will also be so good as to submit such observations as may occur to him on the suggestions contained in the concluding Paras of Dr. Gibsons report for the extended cultivation of the Teak and Seesoo. The Collector is requested at the same time to favor the Board with his opinion in regard to the expediency of compensating the native inhabitants of the Country adjoining those Forests who may possess any recognized right to fell and sell the trees, and of depriving them in future of such privilege. He will further explain the nature and extent of these privileges, the title on which they rest and whether they could be so restricted and limited in their operation as to secure the Forests against future waste and depredation.

Read the following Extract

Extract

From the Sec. to Government transmitting for report Copy of a letter from the Chief Magistrate and Superintendent of Police regarding the right of Collecting Cowdung at the North West Esplanade to which certain Carts have been removed.

(7)

Extract from the Minutes of Consultation under date 10th January 1846.

Read the following letter.

To

J. F. Thomas Esqre.

Chief Secretary to Government.

Fort St. George

Sir,

The ground purchased by Government as a site for the new Penitentiary, was rented for the right of collecting Cowdung, for about 400 Rupees, per annum, and the site of the old Land Custom House, also on the Banks of the Cooum river, which was already Government property, was rented out under contract with the Collector of Madras, for about 1,000 Rupees annually. Since the removal of the Carts to the space prepared for them on the N. W. Esplanade, the two Contractors claim the same privilege but there is likewise a third party who claims it as a right by virtue of a contract with the Chief Engineer, for grazing cattle on all esplanades. Now it is true that the area now occupied is within the boundaries of the esplanade, but it was never inclosed, and never afforded a blade of grass, it was generally occupied by flocks of sheep brought for the Madras Market and

and submit that the Contractor had no right whatever to collect a tax but simply to recover for grazing.-

I have the honor to suggest for the consideration of the Most Noble the Governor in Council that tenders for the renting of the ground for the purpose of collecting cow dung be called for by advertisement, payable to the Collector of Madras.- If all ryot Country Carts are made to congregate there the Contract for Cow dung will bring a much larger sum than it has hitherto done more particularly if care be taken to obviate of supposed rights on the part of persons connected with public departments.-

Madras General Police Office. The 23rd December 1845.-

(Signed) C. F. Elliot
Chief Magistrate and Superintendent of Police.

Resolved that the foregoing letter be referred for the report of the Chief Engineer and Collector of Madras through the Military Board and Board of Revenue respectively.-

No. 1.

To R. T. Porter Esqr.
Collector in the Zillah of
Masulipatam

The humble petition
of Bizzee Begum Sahebah.

With due submission I beg to represent that, in the year 1833, the then Collector Mr. Gleig according to my solicitation, was pleased to obtain the sanction of the Board of Revenue to grant me leave of five years, to enable

enable me to perform a pilgrimage to Mucca; and pay my allowance to Nabob Noormissa Begum during my absence; the said Gentleman communicated the same to me under date 5th June 1833, but the impossibility of obtaining loans for the expences of my travelling Vcs., as well as my unhealthy state as the perplexity of my domestic affairs had hitherto prevented me from performing the pilgrimage to Mucca to my great disappointment.

In the years 1826, 27 and 28. I had performed the pilgrimage to Carabalah and our other holy places with the exception of Mucca. Having been restored to good health and having arranged my domestic affairs, as also some persons having given me positive assurances to advance me so much money as I may require for the expences of the pilgrimage, I have positively now determined and prepared myself to proceed to Macca on the 1st of March next and so, am waiting for your sanction to it according to my desire Nabob Noormissa Begum agrees to draw my allowance monthly from your Treasury,

Fort St. George 22d. January 1846.

Treasury, and from it to pay for the maintenance of my family here as — fixed by me and discharge the fixed in- -stalments of my debts now due by me to — others as well as those of the amount that I am about to borrow for my expences attending my said pilgrimage; so I have also kept with the said Nawab Noormissa Beigum my receipts for the period of 5 years for my allowance.

I therefore respectfully beg that according to the sanction already ob- -tained as referred to above, you will be pleased to grant me leave of 5 years to proceed to Mucca and issue orders as early as possible to the Cash keeper to pay my monthly allowance to Nawab Noormissa Beigum during my absence, or if you deem it necessary to obtain again the sanction of the Board of Revenue for it, I request very earnestly that you will do so as early as possible.

As I cannot get the loans of money for my travelling expences &c. until orders will be given to the Cash keeper to pay my allowance to Nawab Noormissa Begum during my absence, and as I have positively resolved to

Fort St. George 22d. January 1846.

to quit this place for Mucca on the 1st. of March next, I beg that without any delay you will be pleased to comply with my foregoing solicitation. For which kindness I as in duty bound.—

Shall Every Pray

				1989					

transmit a Statement of the salt sold and the wastage occasioned on the quantity stored for Fusly 1254 prepared according to the form transmitted with the Deputy Secretary's Letter of the 21.st November 1836.-

2. It will be observed that the outturn of M. Garees 5,572-333-a of salt on being disposed of came to M. Garees 5,331-242-7 and the wastage to M. Garees 181-90-1 or M. Garees 3-114-7 per Cent which exceeds the percentage of the Fusly 1250 and 1252 as shewn in the Margin in a small amount but is below that of Fusly 1251 and 1253.-

3. The increase in the percentage of the wastage is to be attributed in part to a portion of the salt disposed of in Fusly 1254 having been old salt stored in Fuslies 1245-1248-1249-1250 and 1251.-

I request you will obtain the sanction of Government for writing off the above wastage as also sanction for Co.rs 30-14-2 being the hire paid for conveying to the Platforms on the beach a part of the salt lost by wastage, as shewn in the Statement.-

Fort St. George 22nd January 1846.—

Order on 25-27

Ordered to be sent for publication in the Fort St. George Gazette.—

RECEIVED

Read Report on the settlement of Land Revenue, Chingleput District for Fusly 1254.—

24th Sept. in Cons. 23rd Oct. 1845

Proceedings thereon.—Para. 1. The season of Fusly 1254 A.D. 1844/45 was less favorable than that of Fusly 1253 A.D. 1843/44.—

Relative to the settlement of the Land Revenue in the District of Chingleput for Fusly 1254.—

Para. 3

28

The scantiness of rain in July August and September impeded the early agricultural operations of the Ryots and in consequence the extent of Nunjey and Punjey lands, brought under the plough was below the usual quantity whilst the total failure of Rain in October and November, seriously injured the Sumbah Crops. This unusual drought was succeeded by a heavy fall of Rain in December, which filled all the Tanks. The Navarey or late wet Crops was however partially impeded by a great mortality amongst the Cattle.—

2. The following comparative Statement exhibits the extent of Cultivation of each description of land, the gross Beriz, Remission and Net Settlement of Fusliey 1253 and 1254.— A.D. 1843/44 / 1844/45

Particulars

Fort St. George 22d January 1846.

Para 4.

3.

In 1574 Ryotwar Villages there is a decrease of 5186 Cawnies wet Cultivation 818 ----- Do. — Dry — Do. and 3,089 ------- Do. 2 Crop wet — Do. —

This extent of short cultivation has led to a corresponding decrease of Revenue amounting to Rupees 15,938 and as explained by the Collector in Para 3 was simply the effect of difference of season. In the Garden cultivation there was an insignificant increase of 87 Cawnies. The decrease under the head of Punsul Jastie is explained to be nothing more than the transfer of the Assessment of the second Crop or double Crop lands, to the head of consolidated Assessment under instructions from the Board requiring no notice.—

4.

The letter to enable the Board to distinguish the parts of the District in which there is an increase, or decrease under the head of double Crop lands, it is requested that the particulars of single Crop and double crop shewn in the Statement to Para 4 of the report be also exhibited in the Talookwar Statement No. 2. of the Feerwa settlement of the year.—

The

Fort St. George. 22d January 1846

Para 6.

5.

The net decrease of the Settlement under review below that of the preceding year is Rupees 14,22—6—5 or 5¼ per cent. The decrease under the heads of Jaygi Zemindary and Permanent Rents occasioned by the reversion of 7 Villages to Government are partially replaced by the outturn under the heads of Ryotwar Settlement and Amany, and being of customary occurrence require no remark.

Paras 7 & 8.

Rs
July 1253-527-
1254-234-
Difference Rs 293-

Aleryawaram.
Mamendoor.
Ramamoodi.
Para 10.

6.

There was an Increase of Rupees 2910—15—4 under the head of Ryotwar Settlements caused by the addition of 4 free Villages, removed from other Heads. under the head of Amany three remained two Villages, to which these being added in the July under review there were actually under this mode of management five Villages while three others also received along with the three last mentioned, from the head of Jaygi Zemindary were given to the Ryots on a Double Rent for Rupees 3397—11—7. The Basis of the Six Villages last mentioned was within Rupees 85—7—8 of their Permanent Beriz and might have been greater had

Fort St. George. 22nd January, 1845.

had it not been for the short comings in the Village of Popoonelway in which the lands are represented to be poor and the supply of water insufficient.

7. It will be seen that the difference between the Settlements of 1253 and 1254 in this Village amounts to the large sum of 293 Rupees or more than one half for which greater disparity the Board are of opinion adequate reasons have not been assigned.

8. The Boruz of the entire 8 Villages under cumcary and Dowle Rent in Fusly 1254 A.D. 1844/45 bears a favorable comparison with that of Fusly 1253 A.D. 1843/44 The total of the former being Rupees 1038—15—9 whilst in the latter it was Rupees 1080—7—7.

Paras 13-20. 9. It is satisfactory to observe that excluding the item of Fuffsul Cummi (the increase in which is purely nominal, as explained by the Collector) the amount of Remissions has been reduced under every head to one half of what it was in Fusly 1253 A.D. 1843/44. Deducting the amount

Fort St. George. 22nd January 1845.

amount under the head of Fuffsul Cummi the increase is only Rupees 609—3—10 whilst there is a decrease of Rupees 15,114—12—6 the net Decrease being 14,505—8—8.

Total Increase	13,431-13-7
Deduct Fuffsul Cummi	12,822-9-9
Increase Rupees	609-3-10
Total Decrease	15,114-12-6
Deduct Increase	609-3-10
Net Decrease	14,505-8-8

Under the circumstances stated by the Collector with reference to the larger items of Remissions granted under the different heads of Shandal Bunjer Rupees 1059—4—6 Shavi Rupees 3389—12—9 Pala nuctum Rupees 57—3—4 and Paymaly Rupees 575—7—6 and comparing these amounts with those of the preceding year, the Board are well pleased to see the success which has attended the endeavours of the Collector to reduce the amount as far as possible. They are also willing to believe that in the instances opposed to on the year under review the indulgences shewn were unavoidable.

Para 20. 11. There is an increase under the head of manyamsamounting to Rs. 180-11-9 of

Fort St George. 22nd January 1846.

of which the Collector states Rupees 100-14-9 to be the Teerwa on 27 and odd Cawnies cultivated out of 40 Cawnies assigned under the orders of Government on behalf of certain Choultries at Polaveyel. The Collector will explain why instead of deducting the whole extent of the grant the Teerwa of that portion only which was cultivated in July 1254 Fasly has been remitted. and to enable the Board to revise items of this description with greater facility they beg that an account in the Form herewith transmitted may accompany the Annual Settlements in future.

Para 21.

12. In replying to the Board's remarks Para 3 in the Settlement of Fasly 1252 the Collector shews that the practice of assessing the 3d crop lands as the Chinglepute District has a very limited operation. In 1252 the amount was 282-14-9

1253 ---------- 199-12-0.

1254 ---------- 306-14-0.

and recommends that in all cases in which the Ryot may have cultivated the whole of the single and double Crops lands in their occupation, this additional sum shall be foregone. In this opinion the Board entirely concurs and they desire that the levy of any tax beyond that fixed by the

Fort St George. 22nd January 1846.

the survey be in future discontinued and that provision to this effect be made in the Hoobunnamah under preparation.

13. The total amount of the Balance of Land Revenue current at the close of the Fasly was 121300-1-9 it being impossible in the District of Chinglepute to avoid a considerable balance at the period of the season owing to the late sowing of the Navary cultivation. the produce of which is not ready for the market until the month of July. Of this Balance the sum of Rupees 112880-7-10 has been since Collected up to 30th November 1845.

14. In Para 9 of his report on Fasly 1253 the Collector stated that the quit Rent on two Gardens at St Thomas's Mount Viz pd 48-13-5 should in future be levied in conformity with Minutes Consultation 15th June 1844 but on referring to Statement No 3 Col 8 1 82 the only entry apparent is one of 4 Annas and 9 Pice, which has obviously no reference to the above mentioned sum. the Collector will explain how it happens, if the Collection of this amount has been made, it has not been credited in the account referred to.

15. In Statement No 10 it would seem with reference to the Villagewar Accounts received from the Collector that the respective amounts in Col 4 and 5 have been inadvertently transposed, whereby the reserved Rent payable by the Grantee of the Choultry Village of Potaead is made less than the amount remitted in his favour. The Collector will be pleased to make the necessary alteration.

16. The illness of Mr Freese doubtless prevented his paying that attention to the preparation of a Fresh Hoobunnamah and Cowlenamah of the District as well as to the Board's Remarks contained in Paras 4 and 12 of their Proceedings on the Settlement of Fasly 1253. which would have enabled him to comply in a satisfactory manner, with the requisitions therein made, and it is therefore necessary that the present acting Collectors attention should be given to all these subjects without delay.

In Cons. 8th July 1844.

In Cons. 11th October 1844.

By 21st April 1845.

Ordered that a copy of the foregoing Extract from the Boards Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Chinglepute for his information and guidance.

Read the following letter.

To J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

29

From the Actg Collr of Chingleput -- Sir, Paras 1

Reporting the result of the enquiries regarding the Salt Servants at Covelong and the measures proposed to be adopted to check fraud in the Salt Department.

In reference to my letter of the 10th October, and the concluding observations in the Proceedings of the Board giving sanction for the confiscation of the smuggled Salt seized on the 5th October, I have the honor to report that my enquiry into the conduct of the Salt Servants at Covelong has been brought to a close and that it terminated in the dismissal of the Peshcar, the two Neshandahs, and Shroff and the Peons who were employed at the Pans from which the Salt was fraudulently conveyed.

2. Without troubling the Board with a detail of all the circumstances which came to light during the enquiry against the above persons and which tended to support the Statement of the traders that they had obtained the smuggled Salt in question from the public Servants, I shall allude to two instances in which the Establishments were shewn to have been guilty of neglect of duty and breach of rule in a manner which I consider leads

788. Fort St. George 22d January 1816

leads unavoidably to the inference that theirs misconduct arose from a Plan to obtain facilities for defrauding the Government.

3. The first point is the great delay which took place throughout the season in storing the new Salt notwithstanding the repeated orders which were issued on the subject it being of the greatest importance as a check to fraud that the storing should be completed before it becomes necessary to commence selling the new salt. As an instance of this delay the manufacture ceased at Covelong on the 27th August when about 110 Garces according to the Estimate of the accounts remained to be stored. This could have been accomplished without difficulty by the 10th September but the servants carried on this duty in 5 days only throughout that month and on the 1st October nearly 6 weeks after the manufacture had ceased 36 Garces of new Salt according to the Estimate of the Peshcar's accounts were lying unmeasured and unstored.

4. Meanwhile the Peshcar after several applications had obtained permission to commence selling the new Salt with the old, and the servants had thus an opportunity of

Fort St. George 22d January 1846

of selling with little fear of detection such extra salt as was not entered in the accounts and had been manufactured through their fraudulent collusion with the owners of the Pans In explanation of this gross delay in storing the salt the Peshcar is able to give no valid reason His time was less occupied than usual there having been a large decrease both in the sale and manufacture in consequence of no salt being required for export to Bengal Labourers are always obtainable on any number and the weather offered no impediment.

5 The second point relates to a portion of the salt having been stored and sold in an improper place Raised Platforms are provided near the Pans on which the Government salt is to be stored and where alone for obvious reasons the sales are to be carried on. The accounts received from Conelong made it appear that the prescribed usage had been followed this year but it was elicited during the enquiry that a portion of new salt had not only been stored, but sold below the Platform on the spot where numerous heaps of unmeasured new salt were lying.

In

Fort St. George 22d January 1846

6 In explanation of this breach of orders the servants state that it would have given the manufacturers extra labour to store the salt on the Platforms but this excuse is quite inadmissible. The Platforms have been constructed close to the Pans for the convenience of the manufacturers, and I found from personal inspection that they were in a fit state to receive the salt Moreover, had any obstacle to storing the salt in the regular way occurred the servants ought to have made a report and requested orders, but they departed from the prescribed course without permission and forwarded accounts making it appear that the storing was going on in the usual manner.

7 From an inspection of the place and the enquiries made by me I can come to no other conclusion but that the conduct of the servants arose from a desire to conceal their malpractices. Had the salt been all stored on the Platforms it would have been less easy for them to sell without discovery such salt as had been clandestinely manufactured. They therefore stored some of the Government heaps below the Platform in order that when selling the salt not brought to account they might conceal their proceedings

from

from papers by, by thus removing the distinction which it is intended that the Platforms should always make visible between the salt which after being duly measured and stored is entered in the Public accounts and the heaps of unmeasured salt which are temporarily left on the edge of the pans to dry.

8. This unfavorable conclusion at which I was forced to arrive is supported by other circumstances recorded in my enquiry. but had such corroborating circumstances been wanting I should not have felt justified in retaining these servants in their situations after they had systematically and unnecessarily except for their own purposes violated those rules which are established to prevent fraud and which honest servants conscious of the suspicion to which employment in the Salt Department exposes them would have been careful in observing.

9. On the general subject of adopting measures to prevent such frauds in future, it appears to me proper to leave to the consideration of the higher authorities the question of the propriety —— —— ——

of

788 Fort St. George 22d January 1846

of reducing the price of salt so as to check smuggling by diminishing its present profits

10. I shall also abstain from the question of establishing more strict rules regarding Rowanahs as the Board have expressed themselves disinclined to put any fetters on trade, and it appears to me preferable that the interests of Government should be protected by a careful guard of the Pans during the season of manufacture and by a vigilant controul over the conduct of the servants entrusted with the sales.

11. This leads me to the third point which has occupied my attention - the strength of the present Establishments and the rates of salary. The pay of the superior servants appears to me low in reference to the value of the property placed in their charge, and the temptations to which they are exposed; but I am unwilling to recommend any measures entailing additional expense at least until I am better acquainted with the District, and have had more opportunities of judging how

for

Servants Monthly Pay
Paikhar at crooking 38
Dr at other places 28
Nellindah ——— 10

for the present salaries offer an inducement to respectable persons to solicit employment.

12 I propose therefore with the Boards' approval trusting during the next season of manufacture to an active control and an enforcement of the precautionary rules which were broken through at Covelong in the present year. I also propose punishing the manufacturers at Covelong/ the Kalumbaukum Pans/ and at Pyanoor where smuggled salt was also seized by temporarily suspending their privilege of manufacture, and I trust that these measures joined to the example which has been given to the dismissal of the Covelong servants will prove successful in protecting the public interests

13 In conclusion I beg to express an opinion that much advantage would be derived if salt was sold by weight instead of by measurement, as under the present system so much difference can be made in the quantity of salt by varying the manner of measuring that frauds and disputes occur

788. Fort St. George 22d January 1846

occur which there are no means of preventing or satisfactorily adjusting.

14 The Government however appears to me the chief loser as my experience shews and I believe the fact is general that on all the salt stored on sea[illegible] really exists while on the heaps being sold a deficiency is invariably reported. Making allowance for loss by wastage it appears to me that the salt servants make regular embezzlements in this manner varying from 5 to 10 ℔ Cent, and if attempts are made to suppress these malpractices they drive the purchasers to other stations by overstating on the measurement hoping that the falling off in the sales which thus occurs will prevent the enquiries being proceeded with & rebated

Of

Fort St. George 22d January 1846.

15 If the salt was sold by weight these disorders would cease and I am not aware of any objection to such a measure as the retail trade would be carried on in a similar manner, and any difference in the weight of different descriptions of salt would not be as great as the difference which the manner of measuring at present produces.

16 One important result would be obtained viz. that the salt of the preceding year would be more in demand than the new in consequence of the difference of weight being rather in its favor a material check would thus be given to the frauds which led to this report, as they are now rendered easy by its being generally necessary to resort to the sale of new salt during the season of manufacture.

Proceedings thereon. Para.s

Recording observations and orders on a letter from the Acting Collector of Chingleput reporting the result of his enquiry into the frauds which have occurred in the Cooking Salt Pans in his District.

In the beginning of the month of October last, and shortly after taking charge of the Chingleput District the Acting Collector received information that extensive frauds were being carried on at the Covelong Salt Cotaurs in his District. The necessary precautions were adopted and seizures of smuggled Salt made in the course of a few weeks to the extent of more than 10 Garce value Rupees 1200. some of the Salt was found buried in the vicinity of the Pans the remainder intercepted whilst being conveyed without Rowannahs under Rowannahs which did not belong to it, or in excess of the Rowannah quantity. In the whole has been confiscated under Orders of the Board and some of the parties concerned

concerned in the illicit transactions have been committed to the Criminal Court and punished by that Tribunal. The acting Collector has made the conduct of the Salt servants at the Covelong Pans the subject of special investigation and the result of his enquiries is contained in his letter of 20th December above recorded.

2. In this communication, it is clearly shewn that the most obvious and necessary precautions in regard to the custody and storing of the Salt were grossly disregarded by the Salt servants at Covelong, and were so neglected evidently with a view to give scope and cover to their malpractices. The storing of the Salt which remained unstored at the time when the manufacture ceased on the 27th August might have been accomplished in a fortnight, but was purposely and without any valid reason protracted for many weeks. The new Salt was stored and sold below the platforms on spots where numerous heaps of unmeasured Salt were lying and false accounts rendered to the Huzzoor intended

intended to convey the impression that the storing and sale were being conducted in the usual manner. Such glaring misconduct and disregard of their duties on the part of Salt servants could not be passed over, and the acting Collector has the full approval of the Board for the dismissal of the two Naykindahs and Shroff and of the Peons employed at the Pans from which the Salt was fraudulently conveyed. The Board also entirely concur in the proposed punishment of the manufacturers at Covelong and Pyanoor by the temporary suspension of their privilege and trust that this example may have its effect upon the Salt manufacturers in the District generally.

3. In paras 13, 14, 15, 16 of his report Mr. Maltby recommends that Salt be henceforth sold by weight instead of by measure. The present mode of selling by measure affording, in his opinion, room for fraud, on account of the difference which can be made in the quantity of Salt delivered to the purchaser by varying the manner of measuring and making it difficult to check the now common practice of

of storing a surplus quantity in each heap. but reporting a deficiency in the outturn of its sale. The proposed change would also he thinks have the effect of giving the old salt the preference above the new. and thus render it unnecessary to have recourse to the sale of new salt during the season of manufacture.

4. The Board observe that the plan of substituting weight for measurement in the sales of salt has been tried in some of the Madras Districts and in Bombay but was abandoned on account of the greater delay and expense which was found to attend it. If the measal or Para be struck, as the Salt Rules require, and not heaped on any grounds which can occur from the different modes of measurement will not be considerable, and cannot it is evident be to such an extent or of such a nature as those which are brought to light in this report. It would also be in the power of the Salt Servants to attract purchasers to or deter them from the Pans by giving excess or strict weight, as they now give more or less favorable measurement. The best check to the irregularities on which the Acting

Acting Collector has remarked will be found in the occasional inspection and measurement of the heaps by the European revenue Officers in the prompt punishment of the Salt servants if undue quantity be found to be stored, and in prohibiting the sale of the new salt as far as possible until that of the previous season has been disposed of.

5. The Board will be prepared to give due consideration to any proposals which, after further acquaintance with the circumstances of his District, the Acting Collector may wish to make in regard to raising the pay of the superior Salt servants, whose present salaries have certainly been fixed at low rates. They have observed with satisfaction the care with which Mr Maltby has investigated the causes which have given occasion to the frauds lately detected at the Coelong and do not doubt that he will adopt all the precautions requisite to prevent the recurrence of similar irregularities in future. He will be pleased to visit the several places of manufacture as often as his other duties.

Fort St. George, 22nd January 1846.

duties will allow, and to cause them to be frequently visited by his Assistants especially during the season of manufacturing and storing. His attention is also drawn to the rules for regulating the Salt Department issued from this Office 7th June 1819.

Ordered that the following Endorsements be passed on Petition of No. 1708 of 1845.

"From the report of the acting Collector it is clearly shewn that gross frauds have been carried on at the Cotaurs under charge of the Petitioner and that the proceedings of the Salt servants were such as to give cover to and opportunity for such frauds. The Board consider the dismissal of the Petitioner to have been deserved."

On No. 7 of 1846.

"From Petitioners own statement it appears that he refused to afford the acting Collector any information in regard to the frauds in the Cooloy Pans although he could not but be Cognizant of them. The Board see no reason to interfere on his behalf."

Ordered

Fort St. George, 22nd January 1846.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to the Acting Collector of Chingleput for his information and guidance.

Read the following Report.

To
J. Pycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George

Sir.

(33)

From the Coll.r of South Arcot.

Reporting on the settlement of Land Revenue of South Arcot for Fusly 1254 and forwarding the usual Statements. State of Season.

(23)

Para 1.

I have the honor to Submit my report on the Settlement of the Land Revenue of this District for the expired Fusly 1254 (1844-45) accompanied with the usual Statements, enumerated in the enclosed List of Packet.

2. I beg to offer a few brief remarks upon the state of the season. In the month preceding this Fusly the early rain was partial, and insufficient for the dry cultivation, and in July 1844. there was a total failure of rain throughout the District, owing to which, not only the young dry crops suffered much injury, but the extension of its cultivation was greatly impeded specially in the western part of the District. also in the following Month of August the fall of rain was equally partial and almost failed in the western direction; during September rain fell in all parts of the District, which proved beneficial to the dry crops on the ground, and served in a great measure

measure to carry on the wet cultivation to the usual extent.

3. In the succeeding month there was no rain in any part of the District, nor did any freshes in the Pennar come down as is usual at this period of the season. These circumstances have not only checked the extent of the wet cultivation, but threatened the safety of both the wet and dry crops already cultivated. The want of rain was seriously felt chiefly in the Northern and Western Talooks. No change for the better took place till the latter end of November when from that period, and from the beginning of December heavy rain fell throughout the District; and tho it was too late for extending the wet cultivation; still it proved extremely beneficial to the crops that were then perishing for want of water. There were a few showers in the early part of January, and march; but none in February. this last supply tended to preserve the young Indigo crops together with wet crop lately cultivated.

4. This result of the season it

will be seen has been equally unfavorable to the wet and dry cultivation. In some portion of the District the early failure affected the Cumboo cultivation in the western Talooks, and the subsequent failure has also diminished the Varagoo cultivation in the Northern and Western Talooks. the rain was more partial in some Villages than in others.

Produce 5. During the whole year the freshes in the Coleroon were ample and moderate whilst those in the Pennar and Gadelum Rivers not coming down till a later period in the season impeded the cultivation usually derived from these resources.

6. The dry crops have in general been scanty in all parts of the District, but the wet tho not very rich, have not sufferred so much injury as the former from the effects of the season.

Price. 7. In the margin is shewn the average selling price of white Paddy for the whole year in the principal Towns

Fasly	Average price of the whole year per Garce	Average price for the last 6 months per Garce
1253	78 — 7 — 1	71 — 12 — 1
1254	84 — 5 — 8	83 — 12 — 3

Fort St. George 22d January 1846.

Towns in this District, and the average price for the last 6 months of the year, when the heavy Kists became due. From the circumstances of the rise in the price of grain to some remunerating extent, as well as from the increased demand for Indigo, and for the Home Manufactured cloths, the staple articles of this District, the Ryots have been better able than in the preceding two years to dispose of their produce readily and profitably.

8. The District has not been severely visited with that disease the Cholera which prevailed to a certain extent during the year.

Poonjah. 9. The total Poonjah cultivation in the expired year including that of the resumed Saghire villages under amanie was cawnies 276,821 yielding a teeruah inclusive of Plough and axe Taxes of Rupees 10,12,360. which in the preceding Fusly 1259 was cawnies 279,300 or Rupees 10,13,786 and exhibits a net Decrease of Cawnies 2479 of Rupees 1,426 in the year under review.

	Cs	Rs
1253	279,300	or 10,13,786

Decrease	127	

The small increase in the Saghire Talooks being very trifling it does not appear to call for any particular remark.

11.

No. 1 in A

On referring to the account particular, the Board will observe that the gross decrease in the dry cultivation of the Tyen Talooks chiefly in the westerly direction where the effect of the failure of rain was more felt, amounted to Cawnies 7,691 or Rupees 21,234. the small increase of cultivation made in the other Talooks to the extent of Cawnies 5141 or Rupees 19,935 where the season was less unfavorable being deducted reduced the gross decrease to Cawnies 2550 or Rupees 1,298. The increase in the Talook of Cuddalore is to be attributed simply to the circumstance of two of the Maotah Villages having been incorporated into the Tyen Talook, on their

	Net Decrease	2550 - 1298	

Fort St. George 22d. January 1840.

their being purchased by Government in public sale for arrears of Revenue.

12. On summing up the result of the Syen and Saghire Saloks there is a net decrease of Cawnies 2479 or Rupees 1426. The average Poonjah Seerwah of the whole District is Rupees 3-10-6 per Cawny and varies from Rupees 4-7-6 to Rupees 2-8-0.

Nunjah

13. I beg next to state that the total cultivation of Nunjah land during the Fasly under review including the Amane portion of the Saghire, was cawnies 99,830 or Rs. 9,57,667 which in the preceding year were cawnies 107,052 or Rupees 10.10.470 exhibiting a net decrease of Cawnies 7221 or Rupees 52,803 as particularized in the Margin, nearly the whole of the Decrease in the Saghire Saloks, Amounting to Cawnies 1541 or Rupees 7593 is nominal and has solely been occasioned by renting out in Fasly 1254, the whole of the wet Villages of the Collumalay Saghire, hence a corresponding increase is to be found under the head of the

	Syen Saloks	Saghire Saloks	Total Rupees
1253 —	103,365	3,686	10,7,051

Fort St. George 22d. January 1840.

No. in A

the "Bareez of the rented Villages."-

14. On reviewing a wet cultivation in the several Syen Saloks a considerable gross decrease of Cawnies 8386 or Rupees 76,729 will be observed. In six out of the thirteen Saloks where the failure of rain and the effect of the adverse season were more seriously felt, the increase in Cuddalore is to be attributed to the incorporation of the two Nootah Villages in the Syen Saloks for the reasons already stated

Decrease	Cs	Rs
1 Tindevanum	2,683	26,649

the increase in the other Saloks as owing to the season being less unfavorable in them. thus the increase of cultivation amounting to cawnies 2706 or Rupees 31,519 being deducted, reduced the gross decrease to cawnies 5680 or Rupees 45,209. The average Nunjah Seerwah per cawney on the whole District is Rupees 9-9-2½ varying from Rupees 11-5¾ to Rupees 7-13-¼. The

Fort St. George 22d January 1840.

15.

The late rain in the season being insufficient for any new wet cultivation, the Ryots in many places availed themselves of the water in their Tanks to cultivate crops of inferior quality in the lands, in which their first cultivation did not arrive at maturity. If the Ryots had not adopted these means of compensation, much difficulty and hardship would have been experienced in collecting the revenue of those lands they cultivated in the early part of wet cultivation season.

16.

Much attention being given by the Board and Government to the wet land Revenue of the two Southern Talooks dependent on the Coleroon irrigation, I think it proper to refer the Board to a statement of the wet land Revenue of these two Talooks (exclusive of the Jaghire which being partly rented and partly under Amanie in the same year) from Fusly 1247 in which the Vadavar Amicut was built, from which it

No. 2 in A

23. In reference to the orders of Government the Board are

Fort St. George 22d. January 1846.

J. are referred to the Statement respecting the State of the Land Revenue arrear outstanding from Fusly 1240 to which Rupees 71,921–7–11 of 1253, amounts to Rupees 16,283–9–6 have been recovered from the commencement of the current Fusly. The chief part was realized from the Ryots in the Manargoody Talook by adopting active measures, who by combination, as well as thro' the neglect of the local Officers, kept back a large sum of the recoverable arrears, and more is still under collection. a separate report on the state of the irrecoverable arrears up to end of Fusly 1249 shall be submitted as soon as the necessary detailed Statements from some of the Talooks, are received.–

24. I beg to annex a Table shewing at one view the settlement of all branches of revenue for the expired Fusly 1254, and the collections made prior and subsequent to the close of the year, together with the arrears still remaining uncollected up to the date of this report.–

Fort St. George 22d. January 1846.

25. In consequence of a sum of Rupees 19897-15-9 being the amount of the Cavily receipts of the Codiarpolliam Cavilgar from Fusly 1249 to 1251 having been adjusted to the Credit of Govern-
*Vide Letter to Board 17th Octr. 1844. -ment, a larger sum under the head of Extra Revenue is to be attributed.-

26.- Of the amount of Tuccavy advance, Viz. Rupees 64,600 sanctioned for the expired Fusly, a sum of Rupees 61,884-8-" was issued to poorer Ryots for cultivation, the whole of which was recovered without leaving any arrear.-

27.- I settled the nine Talooks noted in the margin, when the Puttahs were regularly distributed to the Ryots in my presence, and all disputes and objections raised by them were fully and invariably enquired into personally by myself, and disposed of on the spot.-

To W. D. Davis Esqre
Collector of
South Arcot

Sir,

A Air Jummah-
bundy Statement-
B Abstract Dr
C Comparative Dr
D Sevoy Jumah-
B Extra Collections.-

I have the honor to forward the Statements noted in the margin relative to the Settlement for fusly 1254 of the four Talooks under my charge Viz.te Verdachellum, Bowangherry, Yellavanasore, and Cullacoorchy.—

The Annanee Land Revenue in the preceding fusly 1253 amounted to Cawnies 131.752 15-3/8 or Rupees 6,98,452—2—10. which after deducting Rupees 2,933—6—1. as the amount of the three Rebahuts Viz.te Manawaree Remission to Ryots for drawing water by means of Pecottah, and Poligars punnium or half teeroah, left the Sum of Rupees 6,95,518—12—9. as the Beriz of that fusly.—

The land Revenue including Poonjay, Nunjay and Tatacal in the fusly under 2. Report 1254 amounted to Cawnies 133.410-1/4 as or Rupees 7,10,447—2—7 from which deducting Rupees 3,232—12—4 on account of Rebahuts as above stated, the Sum of Rupees 7,07,214—6—3 remains as the Beriz of fusly 1254. the net increase therefore in the land Revenue for the present as compared with the preceding fusly is Cawnies 1,657-7/8 or Rupees 11,695-9-6 as particularized in the annexed Statement.—

Carthigay	"	"	"	"	"	735	15 3/4	5625	4	6

5. Total amount of Land Revenue for fusly 1253 as per Comparative Statement C amounted to Rupees 6,59,874—4—5 and that of fusly 1254 to Rupees 6,71,385—11—7 exhibiting a net increase of Rupees 11,571—7—2

6. There is a decrease in the Extra Collections on account of disputed boundaries of land in fusly 1254 of Rupees 26—7—5 as shown in the margin. this decrease is to be attributed to a smaller portion of disputed land being Cultivated in the present fusly 1254.—

1253—377-4-6
1254—350-13-1
26-7-5

There

1253 – 13230 – " – "
1254 – 12668 – 11 – "
561 – 5 – "

7. There is a decrease in the Abkarry Revenue for fusly 1254 of Rupees 561 – 5 – " owing to the lower rate at which this branch of Revenue was rented out by public Auction.

1253 – 553 – 14 – 11
1254 – 682 – " – 2
128 – 1 – 3

8. There is an increase in the sundry Collections of Rupees 128 – 1 – 3 arising from the higher rate of tenders for Havadai &c. in fusly 1254. –

9. Sayer Collection amounted to Rupees 41,231 – 3 – 1 for preceding fusly 1253. In the present fusly no Collections have been made in consequence of the abolishment of the inland duty. –

1253 – 18237 – 9 – "
1254 – 29353 – 1 – 5
11,115 – 8 – 5

10. The Increase in the proceeds of Sale of Salt amounting to Rupees 11,115 – 8 – 5 is to be attributed to a greater quantity of Salt manufactured in the Commencement of fusly 1254 in the Pagavelly Salt pan in Beruwaly Taluk. –

11. The following Abstract Statement exhibits at one view the nett amount of Increase and decrease in all Sources of Revenue above referred to

(38)

From J. C. Wroughton Esqre
Principal Collector of
Coimbatore

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 13th October last relative to the sale of the Abkarry Farms in this District.

2 In the unintelligibleness of a decrease in the amount offered for the rent of the Farm of Andicoor the proposal tendered in the first instance was merely conditionally accepted. In the meantime, the Tahsildar of the Taluke was also directed to invite fresh proposals, and the individual who first offered Rupees 2,700 having again agreed to retain the rent on an advance of Rupees 45 or for Rupees 2745 per Annum his second proposition was accepted, subject to the ratification of the Board. The demand of Fasli is adjusted punctually, and the amount of the increased offer has also been included in the demand under these circumstances and as the second offer is in every way advantageous

914

Fort St. George 22d. January 1846.

I request the Board will be kind enough to authorize its confirmation

3. The instructions conveyed in Para 3 of the communication under reply regarding the charge of interest on the unliquidated portion of the balance due by the Abkarry Renter of Ootacamond will be carried out from the ensuing year.

4. A revised list of alterations in the number of Arrack Shops and Stills is transmitted herewith.

Coimbatore 10th December 1845.

/ Signed / Jo. C. Wroughton
Principal Collector

Revised

915. Fort St. George 22nd January 1846.

Revised List of alteration in the Number of Arrack and Toddy shops ——— and Stills in the District of Coimbatore

Name of place	Proposed spot	Remarks
1 Toddy Shop in the House of Coopparnoopen at Coimbatore	North of the House of Weaver of Showda Chetty	There is another shop close to the one shewn in Chunnu first which the Renter requested should be removed to the proposed spot situated at a greater distance the Tahsildar of Coimbatore reports that this arrangement is unobjectionable
1 Toddy Shop in the House of Puttymoopen in the Town of Coimbatore	1 Toddy Shop and one Arrack D: near the Bridge on the Road to Paroor	To be established for a period 3 days in each year during the Festivals at Paroor. The Tahsildar considers this proposition also unobjectionable
1 Arrack Shop in the House of Vurdapspah in the Potters street	In a place South of the House of Rungah a Washerman	Reported also unobjectionable by the Tahsildar of Coimbatore
1 D: D: in the House of Gouramennah	In a place belonging to one Mooddagounden in the Butcher's street	Ditto Ditto
1 D: D: in the House of Valayee	In a place belonging to one Sellamennah at Hunoopurpolliem	Ditto Ditto
In the House of Lutchmunnah at Coimbatore 1 Arrack Shop 1 Still	In the house of Mooddagounden north of this place 1 Arrack Shop 1 Still	The owner of the House and the Renter are not on good terms and consequently the proposed change is considered necessary and unobjectionable by the Tahsildar.

Fort St.e George.

(42)

Sir,

From the Sub Collector in charge of Canara - - - - }

Requests authority to defend at the public expence a suit filed by Ollaul Narsayah against his Predecessor.

Para.a 1- I have the honor to forward, to be laid before the Board of Revenue, translation of Plaint and Supplement, together with the draft of an answer which I propose to file to a Suit No.r 143 of 1843 brought by one Ollal Narsaya against my Predecessor and others for the recovery of a spot of Ground of which he asserts himself to have been deprived by an order of the late Sub Collector Mr.r Forsyth.

2- The circumstances out of which the present suit arose are fully stated in the 3rd and 4th Paras of the answer. In further elucidation of the case I beg to forward also a copy of Mr.r Forsyths order.

3- If the Board should approve of the defence I request that they will be pleased to obtain the requisite sanction for its being conducted at the public expense.

/ Signed / R. D. Parker.
Sub Collector in charge.

No.r 1-
No.r 143 of 1843-

To The Zillah Court of
Canara.

Bill of Plaint filed Narsiya of Ollaul in the Mangalore Talook under date the 24th March 1843.

The

The following is my complaint against Mr. Forsyth Sub Collector of Canara, 2 Eshwentuppa the Tahsildar of Mangalore, 3 Vausteva of Oollaul Mhutt, 4 Shanaya Shanbogue of Oollaul Mogany, 5 Krishnaya Potail of Oollaul, 6 Oograny Devappa, 7 Kristna Reiny of the same place, 8 Hufsanaba of Cuckay tota, 9 Coottyummy Hajee, 10 Nursappa adopted son of Hofsappa, 11 Timmappa Bunga of the Said Oollaul, 12 Bella Rama, of the same place, 13 Gainga Rajah, 14 Billa Unnappa, 15 Someshwar Soobbiya Caranthas son Sankra narayana, 16 Malayalum Billaway Timmury and 17 Timma Poojaree.—

Myself and my ancestors enjoyed from time immemorial a piece of Ground 26 Coles wide and 27 long appertaining to our Estate and registered in the name of our ancestor Venkuteisha, paying a Beriz of Hoons 54- 3- 11- and bounded on the east, South, and west by paddy fields and on the north, by a garden and a paddy field, of the same Murg. Last year I improved it by planting it with Cocoanut, areca, Plantain and Cajoo trees The 3d Defendant being borne by envy and wishing to take possession of the Ground, gained over the Defendants from the 4th upwards who were evil disposed towards me and friendly to him and removed a fence which I had raised round it. I thereupon preferred a complaint to the Head Assistant Collector on the 18th October last and the 3d Defendant presented

presented a counter complaint laying claim to the Ground as his own and charging me with having removed the fence. Both complaints were examined by the 2d Defendant and I fully established my claim by evidence, The 3d Defendant however seeing no means whereon to found his claim to the Ground, resorted to the theft of asserting that it was public property and accordingly the 4th Defendant, during my absence, obtained a Mahazurnamah from the 5th to 11th Defendants and made a report to the same effect, in consequence of which and the Defendants from 12th to 17th having deposed falsely that the 3d Defendant had brought it under Cultivation, the 2d Defendant made a report to the 1st Defendant, without looking at the Cocoanut plants and the situation of the Ground without a view of testing the accuracy of the Mahazurnamah, the report and evidence notwithstanding I had presented a petition requesting such to be done. The 1st Defendant without ascertaining whether there were any grounds for believing that the Ground belonged to the Sirkar, and any reason why while the surrounding land belonged to me, a little piece in the centre should belong to the Sirkar which was a very important point, issued an order to

Fort St. George 22nd January 1846.

to the 2nd Defendant under date the 24th February last and No. 720 declaring the Ground to be Sirkar property and observing that it was but just that it should be granted to the 3d Defendant. On being informed of this I presented a petition to the 1st Defendant praying for a full inquiry to be made but this was not done. As I have been consequently deprived of a piece of Ground appertaining to my Warg and improved by me. by the same being unjustly confirmed by the 1st to the 3d Defendant. on the irregular proceedings of the rest of Defendants, I have brought this action against all the Defendants in order to obtain redress. I accordingly pray that the Defendants may be examined and the order of the 1st Defendant which unjustly interferes with my possessing the said piece of Ground producing Rupees 5 as before cancelled.-

No. 2.

Supplement to Plaint No. 181-1843.

To The Subordinate Court from Plaintiff Nursaya dated 8th August 1844.-

The first Defendant Mr. Forsyth to suit No. 181 of 1843 having been appointed to other post and having quitted the district I was directed to file a supplement against the Officer who may be conducting his duties. Mr. Thompson is in charge of the Mangalore Talook of which Mr. Forsyth Superintended the details. I therefore pray that Mr. Thompson may be substituted for the first Defendant, and my prayer as stated in the Plaint granted.-

Sub Collr. in charge.

No. 3.

Draft of answer to Suit No. 143 of 1843.-

The Plaintiff brings the
1.
action for the recovery of a small spot of Ground which he alleges to belong to his Estate, assessed with Pagodas 54. 3 1/2 - 1/4 of which he states himself to have been deprived by order of the said Collector Mr. Forsyth.-

The 1st Defendant begs
2.
to submit the following answer.-

The

3- The Ground in question is situated near a Pagoda at Oolaul in the Mangalore Talook lay waste till very recently- a house was built on a small part of it some years back, which is occupied by one Timma and pays house tax to the Government. The Ground is not, as asserted in the Plaint, sorrounded on all sides by cultivated land but has waste and houses on the South and west.-

4- In consequence of a dispute between the Plaintiff and the 3d Defendant in regard to the possession of this piece of Ground a careful enquiry was made by which it appeared to have been held by the 3d Defendant, but as it appeared also that neither party had a proprietary right, the Sub Collector rejected the claim of both as of right, but continued the possession to the 3d Defendant, fixing at the same time an assessment on the land.-

5- Under these circumstances it is submitted, in the first place, for the consideration of the Court, whether as "Possession" was not

disturbed, but confirmed to the Party holding it the decision of the Sub Collector may not be considered to have been passed under the Judicial authority vested in the Revenue Officers by Section II Regulation V- of 1822- If so the Sub Collector does not appear liable to a suit in consequence, but Plaintiff if dissatisfied should have either appealed to the Civil Court within the period of a month or brought a suit against the Possessors of the land only.-

6- If however it be alleged, that the circumstance of an Hossagamee assessment having been fixed on the land on behalf of the Government and the wording of the Sub Collectors' order deprives this order of the character of a simple Judicial decision, it is submitted that the Revenue authorities are authorized to assess lands subject only to the control of the Board of Revenue to whom it is competent to the parties assessed to appeal, but that recourse can be had to the Civil Courts for possession only and that as this possession has not been disturbed by the Sub Collector there is no reason for including the Revenue authorities among the

Fort St. George 22d. January 1846.

the Defendants. The suit should be brought against the 3d. Defendant alone for possession, and if that should be awarded to the Plaintiff by the Court he could appeal to the Board of Revenue regarding the imposition of an assessment.

The Court will not fail to observe, that the Plaintiff has most unfairly included among the Defendants all the witnesses in the case who have no personal interest in the matter. It is trusted that he will not be allowed to gain the obvious object of this irregular proceedings.

/ Signed / R. D. Parker.
Sub Collector
in Charge.

No. 4.

Translation of a Takeed No. 720 from Mr. Forsyth to the Mangalore Tahsildar 24th February $\frac{1252}{1843}$.

Your arzee No. 702 is perused. Plaintiff Nursaya of Collal complains that Defendant Vasteva Bhutt removed the hedge raised by him round a Pudpoo or waste spot on which he has planted Co-coanut trees forming part

Fort St. George 22d. January 1846.

part of his ancestors estate. The said Vasteva Bhutt, on the other hand alleges that he set plants on the Ground in question as it belonged to the Mullicharjoon Pagoda of which he performs the Poojah, and enclosed it with a hedge which he accuses Collal Nursaya of having removed. Both these individuals advanced claims of the same nature having reference to one and the same Ground you have now submitted the result of your inquiry into the matter.

The proceedings shew that the Ground in question belongs to neither of the litigants, but that it is a Sircar Ground, altho from its being situated near the Pagoda the Defendant Vasteva Bhutt appears to have enjoyed it and planted and enclosed it with a hedge It is therefore liable to be assessed with a Hossagamy Beriz but as it is Sircar Ground and fit for cultivation, the object of these complainants in asserting each his right to it is to usurp it as ones own. Under these circumstances the claim advanced by each of them is dismissed. As the said Vasteva Bhutt may have commenced to cultivate the spot in question and the Ground is situated near the Pagoda in which he performs the

Fort St. George 22d. January 1846-

the service it is deemed proper to make it over to him with a Hoissamy Beriz fixed on it. You will therefore have the same surveyed and Chitta drawn out showing the amount of Beriz assessible thereon and if the said Vastava Bhutt should offer to take it, you will take proper durkhast all which you will submit together with your opinion on the same.-

Sub Collr. in Charge.

-Ordered that the foregoing letter be submitted with the following address-

To.
The Chief Secretary to
Government.

(42-43)

To the Chief Secy. to Government.

Sir,

I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter with enclosures from the Sub Collector in Charge of the District of Canara submitting translation of the Plaint in Original Suit No. 143 of 1843 brought against the late Revenue

Fort St. George 22d. January 1846-

Revenue authorities of the District and others, and forwarding also draft of the answer which he proposes to file in the case.-

The Suit is brought to recover a piece of land of which the Plaintiff states himself to have been deprived by order of the 1st Defendant the late sub Collector of Canara. The proposed answer is in substance that that Officer did no more than maintain in possession the party the third Defendant who appeared to be the actual occupant and that Plaintiff should therefore confine his action to that individual only the Officers of Government being in no degree responsible. This defence appears to the Board to be sufficient. They therefore beg to recommend that the Sub Collector in charge may be allowed to put it in and that the suit may be conducted at the public expence.-

Revenue Board Office,
Fort St. George.--

Secretary to the
Board of Revenue
Fort St. George

(44)

From R. D. Parker Esqre
Sub Collector in Charge of
Canara.----------

Sir,

I have the honor to forward a

Fort St. George 22d. January 1846.

a Memorial addressed to the Most Noble the Governor by Assistant Apothecary John Dean attached to the Sub Collectors Establishment at Sircee — praying for an increase to his allowances in consideration of the extent of his Duties.—

2- Never having had opportu=nity of observing the amount of Duty which usually devolves on Assistant Apothecaries, I am unable to express an opinion as to the degree of claim which Mr. Dean posseses to the indulgence he solicits.—

Collectors Cutcherry,
Mangalore, - - - -
31st December 1845,

/Signed/ R. D. Parker
Sub Collr. in Charge.

No. 1.

Lieutenant General The Most Noble George Marquis of Tweeddale K. T. & C. B. Governor of Fort St. George Madras.

The humble Memorial of Senior Assistant Apothe=cary John Dean attached to the Civil Establishment at Sircee.—

Respectfully Sheweth.—

That your Lordship's Memo=rialist was in November 1844 appointed to the

Fort St. George 22d. January 1846.

the Civil Establishment at this Station, con=sisting of a Sub Collector's Establishment, a Sudr. Ameen and Moonsiffs Courts — and the Talook Establishment in all about 300 persons to whom your Lordships Memorialist has to afford Medical aid as well as to the Superintendent of Roads and his Establishment.—

In addition to the above your Lordship's Memorialist has the Medical charge of the two Companies Infantry, doing duty at the station, with their Officers and all authorized public followers.—

Your Lordship's Memorialist begs most respectfully to state that your Lordship's Memorialist draws no extra allowance for the unusually large and respon=sible charge, but the bare Regimental pay and allowances of his Rank.—

Your Lordship's Memorialist begs most respectfully to observe that during the heavy rains which prevail in Canara for Six Months, your Lordship's Memorialist is denied the assistance or advice of any of the Medical Officers within a hundred Miles of this place, from the difficulty experienced in travelling

travelling during the Monsoon in these Parts of the Country and in consequence the responsibility of his charge is doubly felt by your Lordships' Memorialist.-

Your Lordships' Memorialist begs further respectfully to observe, that during the wet weather your Lordship's Memorialist is obliged to keep a conveyance to meet the exigencies of the service which your Lordships' Memorialist is hardly able to effect, out of his bare pay and allowances.-

Your Lordships' Memorialist most earnestly and respectfully implores your Lordships in Council to take his case into consideration and grant your Lordships' Memorialist "Head Money" or Conveyance allowance which-ever your Lordship in Council may see fit. and for which act your Lordships' Memorialist as in duty bound.

"Will Ever pray

(Signed) Jno. Dean
