

Fort St. George — January 1846.—

Diary.

23rd January. Received the following letter

To T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

(1)

From the Collector of Tinnevelly — Sir,

Reporting the destruction by a Storm of many thousands Palmirahs and other large trees and requesting the Board's sanction for any sum they may deem proper to recommend for the purpose of re-planting fresh topes of Palmirahs and other Trees.—

I regret to report to the Board that a very severe Storm passed over this District from the North East on the 2nd Ultimo, occasioning loss of lives and property to a considerable extent the accompanying list comprises the topes yet brought to notice.—

The Storm caused so great

2.

a destruction of Timber, of all kinds, (before scarce in Tinnevelly) that it is a matter of more importance than ever to encourage its replanting; with reference to my letters of 15th and 28th February 1844, and to the present destruction of many thousand Palmarahs, besides vast numbers of Mango, Tamarind, and other large trees of 50 and 60 years growth, I would respectfully request the Board's sanction for any sum, they may deem proper to recommend, for the purpose of planting fresh Topes of Palmirahs, and other

Trees

Fort St. George — January 1846.—

Trees, on behalf of Government.—

3. As I would propose to plant only the more valuable kinds all yielding tax, the outlay will not only generally benefit the District at large but be in due time returned with advantage to Government, it is a measure beyond the means of the Ryots themselves, though they will doubtless gladly give their willing aid for such an object, congenial to their ideas and wants. The present is the best season for planting and if 500 Rupees only were allowed, I would undertake to make a most satisfactory and beneficial use of it; it would be without doubt, means well applied, and is, I believe, occasionally sanctioned in other Districts though it never appears to have been here where it is so greatly needed.—

4. Since the Storm I have visited several of the localities, and seen personally the devastation caused, and the vast number of Palmyrahs and other trees destroyed.—

Proceedings thereon, (1-2)

Ordered that the foregoing letter from the Collector of Tinnevelly describing the injury occasioned to the trees and plantations of his District by the late Storm, and applying for such sum as it may seem proper to grant for the purpose of planting fresh tops of Palmirah and other useful trees be submitted for the orders of the Most Noble the Governor in Council.—

2. Under the circumstances represented by the Collector the Board beg to recommend that as a present measure Rupees 500 be allowed to him for the purpose stated. Mr. Thomas will be requested to report at a future date in what manner the Amount has been applied, and whether any and what further assistance may be required.—

To The Secretary to Government in the Revenue Department.

Sir, We have the honor to request that you will be good enough to inform us whether it will suit the purposes of Government to purchase from us a Cargo of British Manufactures Salt recently arrived from Liverpool in the "Sisters."

Madras, January 17th, 1846. (Signed) Barrow & Co.

Resolved that the Board of Revenue be requested to report on the subject of the foregoing letter after communication with Messrs. Barrow & Co. as to the price at which they propose to dispose of the Salt arrived in the "Sisters."

To Messrs. Barrow & Co. — Gentlemen,

With reference to your letter to Government of the 17th Instant tendering for sale a Cargo of British manufactured Salt arrived by the "Sisters," I am directed by the Board of Revenue under instructions from Government to request that you will inform them of the price of the Salt if delivered at the Sea Custom House (free of import duty) and of the quantity of which you wish to dispose.—

reply beg to state that we shall be happy to dispose of the Cargo of Salt now on Board the "Sisters" being 700 Tons or thereabouts, at the mere cost and charges, which we calculate at Rupees 15,000 such price being for the Salt as it is on Board and duty unpaid.—

As the Collector of Sea Customs refuses permission for the landing of the Salt unless duty be first paid, we trust the Board will not object to direct that Officer to allow the landing of the Cargo in bond pending the decision of the Board as to the purchase and under the peculiar circumstances of the Ship having been Chartered for conveyance of Emigrants to the West Indies, the time for which Service is drawing fast to a close.—

that the terms on which you propose to dispose of the Cargo of Salt now on Board the "Sisters" will be communicated to Government.

In reference to your request to be allowed to land the Cargo in bond, they direct me to inform you, that it does not fall within the province of this Office to issue orders to the Collector of Sea Customs on the subject of bonding goods. Your letter will be laid before Government, but the Board would suggest your addressing Government direct upon the subject, explaining more in detail your peculiar position, and the course which you would wish to pursue in regard to the Salt.—

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an order of Government 24th January 1846 No. 101 requesting the Board, after communication

To the Chief Secy to Government—
Submitting with reference to the orders of Government dated 24th Inst. & 26th Inst. a correspondence with

communication with Messrs. Barrow & Co. to report on the subject of a letter addressed by those Gentlemen to Government dated 17th Instant, tendering for Sale a Cargo of British Manufactured Salt arrived by the "Sisters."—

2. In reply the Board instruct me to submit the accompanying correspondence with Messrs. Barrow & Co. from which it will be seen that those Gentlemen state that they shall be happy to dispose of the whole quantity of Salt on Board the "Sisters" estimated at 700 Tons for the mere cost and Charges calculated at Rupees 15,000, this price being for the Salt as it now is on Board the Vessel. landing charges to be borne by Government.

3. The price mentioned by Messrs. Barrow & Co. is 21 Rupees per Ton or (at say 4 Tons to the Garce) 84 Rupees per Garce. The cost to Government of the Emore Salt delivered at the Madras Cotaurs does not exceed Rupees 20 per Garce. With this explanation it is scarcely necessary to add that the Board cannot advise the purchase of the Salt.—

Note
a Garce is more than 4 Tons.

4. In regard to the request preferred in Para 2 of Messrs. Barrow and Co.'s letter the Board have informed those Gentlemen that their letter will be laid before Government but that

that it does not fall within the province of this Department to issue orders to the Collector of Sea Customs on the subject of Bonding Goods. The Board have also suggested to Messrs Barrow & Co. the propriety of their making a further application direct to Government explaining more in detail the "peculiar circumstances" alluded to in their letter and the course they would wish to adopt in regard to the Salt.—

Fort St. George.

Sir,

In the Report submitted to Government

Fort St. George 26th January 1846.—

by the Commissioners for resuming charge of Tranquebar, of whom I was one, a proposition has been made for the transfer of the Head Quarters of the Establishment of the Collector of Tanjore from Negapatam to Tranquebar. It seeming desirable that some more detailed information, regarding the proposed transfer than it was expedient to give in a general report, should be afforded to enable the Most Noble the Governor in Council better to judge of the expediency of the measure, I now take the liberty of making some remarks on it. In transferring my treasury and Head Quarters 18 Miles North of Negapatam the distance for the transit of the Monthly remittances will be increased for three Talooks only, decreased for 4, and scarcely altered for the remaining 8.—

Vide Plan No. 3. of Commissioners' Report.

The late Government House at Tranquebar I should convert into a Record Room, for which it is admirably suited and will give space for the accumulating records for the next 50 years. It will also afford accommodation for the English Accountants Department. The arched Bombproof range in the Castle or Citidel is well adapted for the

the Treasury, and the Western and some of the Northern rooms of the Square of the same building will be sufficient for the Sheristadars and Moonshy Departments.-

The Southern range of buildings (arched roof) will answer for the reception of a small gang of about 60 Convicts which it will be necessary to keep up for the preservation of the roads and cleanliness of the Town. The upper rooms will afford offices for myself and Assistants, and enable me to make over to the Civil Engineer an Office for himself and his Establishment, and a place of Security for his Plans and Records, which he very much requires. Besides these the Citadel will afford suitable guard rooms for the Treasury guard.-

Vide Plan No. 4 of Commissioner's Report.-

The house hitherto occupied by the Medical Officer may be rented & the Assistant Surgeon, who will, it is presumed, be transferred with the Cutcherry.-

A spacious and comfortable Hospital is one of the buildings received from the Danish Government.

and

Fort St. George 26th January 1846.-

and it appears to me it will provide without expense to Government what my experience at Negapatam has shewn me to be much wanted, Viz.t a depôt for the reception of sick European Soldiers from the Garrison of Trichinopoly for whom sea air and change of climate are recommended cots with bedding for 13 men from part of the Hospital furniture made over.-

The Government Garden House at Poriar if not sold will answer for a Traveller's Bungalow, and being on the high road from Madras to Ceylon, one is much wanted. The Police Officer or Moonsiff may be also accommodated on these Premises.- I do not propose making any alteration in the present charge of the Sub Collector. My own duties must keep me many Months of the year in the Western and Southern parts of the District. The Head Assistant Collector in the event of the transfer would reside as at present at Negapatam in charge as at present of the Revenue and Police of the Taluk in which it is situated and continue the Superintend-

of

of the Sea Custom Department, of which the more important part is at Negapatam and Nagore. The present Hoozoor Cutcherry is not sold, besides giving room for the Head Assistant's Office, would serve for the Cutcherry of the Tahsildar of Kee=valoor, whose Cusbah Negapatam would in future become, and who at present holds his Cutcherry in a Mundapum belonging to a Pagoda, the Trustees of which claim to obtain possession. Another part of it would be available for a hospital saving a rent of 14 Rupees a Month and it would be a more convenient site for a jail than the present building rented at 17½ Rupees per Mensem. It would be necessary in the event of the removal of the Medical Officer to provide Medical aid for the Head Assistant, his Establishment, the jail, Small Sepoy guard and the few residents of Negapatam Europeans and descendants of Europeans, but this might be done by the Station=ing a Apothecary there and placing him

him under the orders of the Assistant Surgeon at Tranquebar, whose duty it might be made periodically to visit Negapatam. This arrangement would not however be an increase of expen=diture consequent on the change of the Head Quarters of the District for it will be impossible for the English Government to leave the people of Tranquebar, among whom are several respectable Danish families, without Medical advice to which they have been so long accustomed, and therefore a Medical Officer must be stationed there if the proposed occupation of it is not carried out.-

Tranquebar as the Head Quarters of the Revenue Establish=ment will in no respect be in my opinion a less convenient situation than Negapatam. It will on the con=trary be nearer Madras and diminish the journey of Treasure detachments to the Residency, the facilities for the embarkation of Troops and Treasure are greater and in re=spect of the accommodation for the department and there=

Fort St. George 26th January 1846.-

Extract from a letter from the Commissioners at Tranquebar dated 28th November 1845.-

Para 2. By a list of Suits received and disposed of in the Civil Courts handed to us by the Honorable Mr. Hansen we ascertained that at the date of transfer only 3 original Cases were pending- In accordance with the Provisions of the Treaty an Officer has, with our concurrence, been specially nominated by Mr. Hansen to dispose of these cases, and we are informed that the file will be clear by the middle of December. The number of Suits in appeal is Two- These are before the late Governor and will be disposed of by the middle of next Month- No fresh Suits have been admitted since the Transfer, nor has any notice of appeal against Decrees passed been received.-

4. The Territory of Tranquebar, possession of which was given to us on the 7th Instant consists of the Town of Tranquebar itself, and 16- Villages- It is bounded on the East by

by the Sea, on the North and West by the Tanjore District, and on the South by the French Settlement of Karrical. By the accounts furnished by the Officers of the Danish Government the Revenue actually realized has on an average of Ten years from 1835 to 1844 amounted to 26,097 Rupees per annum. The items from which this Revenue has been derived are shewn in detail in the following Statement. To it is added the Demand for 1845 of which as Rupees 1,500 the Kists of November and December, alone remain to be collected.-

5. The First and chief Item of Revenue is the Paddy Tax corresponding with the land Revenue Tax of the Honorable Company's Dominions.- This Revenue is derived from about 4,000 acres of Paddy Fields, and is taken in kind from all wet lands not free at rates varying from 45 to 25 Per Cent on the actual produce of the Crop reaped under the Superintendence of the Government Servants, the Grain so received being first stored and then disposed of by the Government by retail.- "Poonja"- or Dry land, and "Bagayet" or Garden land are free of all tax- The produce of about 190 acres of Tope land, the exclusive Property of the Crown, yields also a Revenue under separate rents.-

The 2d Item differs only in some trifling respects from the System of the abKarry rents in the Companys Dominions.-

Vide Items 7. 8. and 11.

The 3d Item is composed partly of the rent of thirteen shops the Property of the State within the Town of Tranquebar, but chiefly of the renting to the highest bidder of the right of taxing certain

certain Bazars in the adjacent Village.-

The 4th Item is the Profits obtained by the issue of Copper Coins manufactured by the Government and forced into circulation at a rate above its real value. This Coinage ceased with the Danish Rule.-

The Duty on Betel, forming the 5th Item, is levied by an Establishment separately maintained for the purpose, on the Import of the leaves from the neighbouring Territories, at 54 Per Cent on a Pariff valuation regulated every Fortnight.-

The Revenue from Tobacco forming the 6th Item in the Statement is derived by making that article a Government Monopoly the Government giving contracts for the supply required and selling it retail at rates varying according to the Demand. The cultivation of Tobacco within the Settlement is prohibited, exceptions being sometimes allowed in favor of persons growing it in small Quantities for their own consumption.- These articles Betel and Tobacco are with very trivial exception imports from the Tanjore District.-

Items

Items 7. 8. and 11 are the produce of Trees bearing oilseeds and fruit growing on the lands and Gardens the exclusive Property of the Crown.-

Items 9 and 10 require no explanation.

The item of sundry sources of Revenue includes fines for stray cattle, sales of fallen trees and of old building materials.- a Tax amounting annually to 60 Rupees levied on certain persons for the exclusive privilege of measuring Grain.-

The last Item No. 13 is obtained from a fee to Government of 2 annas for every trip of a Masula Boat from the shore to a Vessel in the roads.-

Having this explained the nature of the Revenues as we have found them to exist in the Settlement, we venture to give our opinion as to their retention or modification under the British Rule.-

The objections to any Settlement founded on a Division of the Crop raised and reaped under the Superintendence of the Servants of the Government are so universally admitted that it is only necessary for us to say

that

Fort St. George 26th January 1846.

that measures should be taken for the speedy introduction of a more whole=some System. Lands, the exclusive Property of the State, after being assessed at a moderate rate should be disposed of by Auction to the highest bidder and placed on the same tenure as other lands of the Settlement.

Items Nos. 3.

8. The thirteen Shops belonging to the State within the Town should also be sold to the highest bidders and the Rents of the right of taxing certain Bazars without, should be discontinued and the petty Traders occupying them relieved from the arbitrary demand of the renter.

9. The Duty on Betel and the Monopoly of Tobacco being opposed to the Policy at present pursued in the Company's Dominions, and the heavy burden they impose on the growers as well as consumers, added to the harassing method of Collection by the Revenue is realized render the speedy abolition of these items highly desirable so obnoxi=ous are those Taxes considered by the inhabitants of the newly acquired Territory, that we

Fort St. George 26th January 1846.

we only refrained from taking upon our=selves the responsibility of discontinuing them from the comparatively large amount of Reve=nue they yield, and the impression that the imposition of such new taxes as may be decided on will be the more readily received when accompanied by the abolition of these.

average of 10 years
Betel 2658
Tobacco 4138
Total 6796

10. The sale of the Topes whence the Items 7. 8. and 11. are derived may slightly affect the future annual income.

11. The blank Farm terminates with the year 1845, and in future will be merge into that for the entire Tanjore Coast.

12. The existing Boating System being accompanied with forced labor, cannot be continued, and by the assimilation of this Port in respect to Boats with the other Ports in the Tanjore District + fees to Government giving this Revenue will cease.

13. Presuming that it is contemplated to annex Tranquebar to the Tanjore Province, we propose that the following Taxes should be imposed.

1st Tax on Pooniga and Garden

From 1808 to 1815.

Garden land. This Tax existed during the period the Danish Territories were held by the British Government, and was only abolished in 1831 the collection of the heavy Duties on the English Frontier being the grounds for the boon. The Frontier Customs having now under the authority of Government been discontinued, there re imposition of the Poonja and Garden land tax seems unobjectionable and just.

2d The introduction of a House and Loom Tax on the well defined Principle and at the moderate rates prevailing throughout the Tanjore District is also a measure free of objection.

14. Not included in any one of the above accounts, are the Gardens attached to the two Country Residencies of the Governor. Of these one situated at Tillary, consists of 3½ acres of wet and 7 acres of dry land, besides some productive trees. This Property we recommend to be sold and placed on the same footing as other lands paying Revenue to the State. A small thatched Bungalow contain=ing one circular room stands on it.—

Vide plan Enclosure No. 7.

The Garden attached to the other Resid=ence consists only of about 5 acres of dry land, and can be sold with the house or rented without it according as the buildings are or are not made available for public purposes.—

15. The abolition of the Custom Chowkies on the Frontier of the English Territory on the 8th Instant was made simultaneous with the Esta=blishment of a Sea Custom house at Tranquebar, and of two new stations for the Collection of Duties under Act VI of 1814 on that part of the Tranquebar Territory adjoining the French settle=ment of Karikal.—

The

and to this must be added the sum of 16,000 Rupees gained by ceasing the pay=ment for the non Manufacture of Salt, making a Gross total of 50,000 Rupees. The prosperity of the Territory will however greatly depend upon the continuance or otherwise of it as a European station, and the Revenue may be expected to increase considerably or probably somewhat to de=crease according to the determination of Government in this respect.—

comprise every requisite for the Collectors
and Magistrates Establishment, and
are of such substance as to make the
keeping them in repair easy for the
next fifty years. We beg to refer to the
accompanying report of the Engineer
on them. Negapatam the present Head
Quarters of the Collector of Tanjore, and
where is the Treasury of that populous
and wealthy District, is deficient in
suitable accommodation for the
Government Establishments, and in
other respects professes no other advan-
=tages of Position that would not be
equally secured at Tranquebar. The
distance from Trichinopoly is the
same, and there is an equally good road
to both places from that large Military
station. Without the removal of the Head
Quarters of the Collector to Tranquebar,
we see no means of averting the
utter ruin of these five and useful Build-
=ings, and at the same time the ruin
of the private Property of many poor
Danish Families to whom the
transfer of the Territory to British
Rule is a grievous misfortune.

The

Fort St George 26th January 1816.

The healthiness of the place is proverbial, and now that the duties are equalized and the Territory is no longer Foreign there can be no reasonable doubt entertained of the speedy revival and spread of Commerce and of the Town being the resort of Families from the Interior for recovery of health and of European Merchants, provided it has the advantage and security that would attend the Cusbah station of the Collector. On the score of Economy we would also recommend this arrangement, for by it an immediate saving of 2000 Rupees would be effected by there being no longer necessity for the new record Room at Negapatam just sanctioned, and we are satisfied that if Tranquebar be deserted the Public Buildings will not be worth the materials of which they are constructed, and will not sell for as much as would be realized by the disposal of the present Cutcherry at Negapatam, the sole Property of the Government at that station should it not still be required for other Public purposes

Fort St George 26th January 1816.

purposes, to which it may be converted and thereby cause a small monthly reduction of office rent.

It may perhaps be observed that in regarding the interests of Tranquebar we have overlooked those of Negapatam. But we submit such is not the case, in consequence of the difference that exists between these Towns. Negapatam is a large Native Sea Port Town deriving but little benefit from its neighbourhood to the Collector's Cutcherry situated nearby two miles distant from it. Merchants are already well established there having extensive warehouses on its beach. The more important duties of the Collector at Tanjore and other parts of the interior of the district make his residence at his Head Quarters of short duration in the course of the year. They may therefore be regarded as a depôt for his records and for his Treasury and it is of primary importance that these should be placed in suitable buildings. The opportunity of the advantageous occupancy of Buildings so superior

superior to those usually at the disposal of moofussil authorities should not we are of opinion, be lost and we therefore strongly recommend that Tranquebar be immediately made the Head Quarters of the Establishment of the Collector of Tanjore whose occasional resid= =ence in it with the means at his disposal will preserve this well and regular built Town, having roads and Bridges branching from it to the interior made at considerable cost and all in excellent order, and prevent the almost national disgrace of its ruins being the only remnant of its once flourishing existence previous to English posfession—

19. We have the honor to Enclose No. 10 submit a list of the Native Esta= =blishment which we consider neces= =sary efficiently to carry on the Reve= =nue and Police duties, amounting to 340 8 0 Rupees per Mensem. This it is hardly necessary to state, we have framed with regard to economy and it will be remembered it is to supersede one much more extensive

entertained

entertained by the late Government and placed under the immediate control of several European Officers. We also submit Encls: No. 11 for sanction a list of the proposed Sea Custom Establishment, a merely corres= =ponding reduction having been effected in the Frontier Chowtey Department, an actual increase of only 5 3/8 Rupees per Rs 5 a 6 Mensem is solicited, and as this is chiefly occasioned by increasing the pay of the Manager, whose duties will be much more responsible and arduous than in his old capacity we believe that the small Increase to his pay now recommended will meet with approval.

We propose to provide 20. for Civil Judicial business by the Esta= =blishment of a Moonsiffs' Court on the Scale named in the Margin. The duties of the Moonsiffs of Keevalore and Mayaveram, whose Jurisdictions lie near est to Tranquebar, are already more than they can well perform, and will not allow of further additions. The Popu= =lation of the Territory by the last census taken in 1810 is given at 23,435 and the people

people of Tranquebar accustomed for a series of years to easy access to Courts presided over by the European Judges will feel the hardship of having to proceed to a distance for the settlement of their disputes under laws and procedure foreign to their habits.

The number of suits filed on an average in the 3 years preceding 1845 is 884, and in 1845 up to the date of Transfer 698 were instituted. We consider that in justice to the inhabitants of the Territory, a Moonsiffs Court should be established, and as some knowledge of the occurrences in the Danish Courts in late years will be desirable in the Officer to preside over it we further propose that a Moonsiff be selected from those servants of the late Government who have held office in the Danish Courts. It will be observed that the Establishment proposed is on a very limited scale but we believe it will be sufficient for the duties required.

21. The Records of the Courts both in Criminal and Civil Cases and many of the Revenue accounts being in Danish, a Danish Translator is essential

essential, and we recommend that an allowance of 20 Rupees per mensem be sanctioned for a person to perform the Joint duties of Record Keeper and Translator. This last situation may after a time be abolished and it may be a matter for future enquiry whether a portion of the jurisdiction of the Moonsiffs of Mayaveram might not be added to the Moonsiffs' Court of Tranquebar thereby relieving the former to some extent of his present too onerous duties.

2 - The proposition in paras 6 at 16 and 19 - for the future collection of the Revenue are also approved under existing circumstances with the exception of the Loom Tax - This Tax - though levied in Tanjore, is not in the opinion of His Lordship in Council an advisable impost, and the smallness of the amount Rupees 600 per Annum, to be drawn from Tranquebar would lead the Government to desire that it should not be imposed at present - Unless it shall be found that this immunity from Tax tends to the removal to any extent of weaving Capital and labour from other parts of the District -

3 - The Court of Directors and the Government of India having required a special report on this tax with a view to future measures the Government resolve to request the instructions of the Supreme Government as to the immediate imposition of the loom tax in the ceded Danish districts

4- The Betel and Tobacco Reve=nue * which it is proposed to relinquish formed about one fourth of the whole revenue collected by the Danish Govern=ment and these articles which in Tanjore are not necessaries but luxu=ries are, in the view of His Lordship in Council, much more legitimate sub=jects of taxation than looms. Any evils which now exist in the mode of Col=lection, would, it is probable, be rea=dily obviated by farming or by a Sys=tem of Licenses, as followed in the Collection of the Abkarry revenue which is still retained. His Lordship in Council will therefore request the attention of the Government of India to this point and if the Betel and Toba=co taxes cannot be now continued under the provisions of Act VII of 1844 it appears to deserve consideration whether the Government should not be empowered by a legislative enactment to substitute them generally whenever they may see fit for the loom or other. Returns of a questionable character. In the meantime the Collector will discontinue these taxes and await further instructions before imposing the loom tax.

This sum added to that in the 1st Paragraph, will make the total Monthly charge on account of the ceded territory Rupees 6,148-

6- His Lordship in Council has given full consideration to the arguments of the Commissioners and to the remarks contained in the Collector's letter of the 15th Ultimo, on the removal of the Collector's Huzzoor Cutcherry from Negapatam to Tranquebar, and he is satisfied that this measure is in every point of view expedient. 1 × × × The Most Noble the Governor in Council has again had under his consideration the Rules framed by the Board of Revenue for encouraging

Fort St. George 26th January 1846.

encouraging the Plantation of Topes and Trees in the Provinces of the Madras Presidency submitted in their Acting Secretary's letter dated the 11th July 1844 No. 288 in connection with the correspondence which has been received on the subject from the Governments of Bombay and the North Western Provinces and proceeds to record the following observations -

D/ to Consultation	8th Nov.	1844 No. 31-32
Do	25th Jany	/45 No. 17-18
Do	1st July	" " 11-12

Para 4 of 11th July 1844 -

2 - The proposition "not to interfere with the system prevailing in respect of the Assessment on existing Topes or Plantations excepting in so far as the correction of anomalies of the description pointed out in para 4 of their letter of the 11th July 1844 viz:- by the substitution of one rate of tax on each description of Tree, in place of the many now in force, and restricting the Public demand to the more valuable species of Fruit Trees, and exempting those planted for Ornament, or for the timber they yield for domestic or agricultural uses," is approved and is ordered to be adopted -

3 - In regard to the more important

important portions of the Rules which have for their objects the encouragement of planting trees - in future, His Lordship in Council doubts whether the same Rules are applicable uniformly to the different districts. From the Statements which have been furnished it would appear that in the districts of Madura, Tanjore, Coimbatore, as well as Malabar and Canara, the Government would not advocate the same measure of indulgence nor are the same rules required to ensure the object in view as in the Districts of Bellary Guntoor, Salem, Nellore, and from its peculiar circumstances Tinnevelly, where it is of much consequence to promote general and extensive planting -

4 - Of the Rules which have been submitted by the Board the 1st 4th 5th 6th and 7th call for no observation -

5 - In the second it is presumed that by the ground to be held rent free is implied waste or unoccupied land; if so, it seems desirable that it should be distinctly so stated -

6 - Rule 3 is not sufficiently clear and distinct

distinct - The Government however understand the recommendation of the Board to be that parties planting Topes for their private benefit in waste lands, shall be allowed to cultivate the same if in addition to their Putcut at ½ Teerwah, and if left uncultivated free of Tax - The present wording of the rule might be understood to imply that the waste land if in addition to parties putcut was to bear ½ Teerwah and if the parties held no other land then free of Tax -

7 - The Rule of the Agra Presidency which is referred to by the Board in para 5 of their letter of the 15th September, of subjecting land taken up for Plantations for Public benefit to assessment until the Trees attain such size as to be of public benefit, although holding out less inducement to the planter has notwithstanding the advantage of making the planters take care of the Trees and promote their growth as much as possible, and His Lordship in Council thinks that this point should receive the further consideration of the Board -

8 - His Lordship in Council considers.

Fort St. George 26th January 1846.

considers it of importance that a defined and regulated system such as that proposed by the Board is highly advisable in lieu of the arbitrary and capricious rules in force and he thinks that subject to the modifications which the views recorded above may suggest no time should be lost in carrying them out. The Board will call for the opinion of the Collectors, and report whether any greater indulgence than that recommended by the Board or modification is necessary in those Districts where it is of most importance to encourage general planting.

9. In reporting upon the subject the Board of Revenue will submit a revised set of Rules for the approval of Government.

Circular

To all Collrs except Madras

Sir,

Forwarding a set of rules drawn up with a view to encourage the plantation of trees & topes in the Provinces under this Presidency and requesting their opinion as to how far they may be suited to the circumstances of the district under their charge.

Referring to the Circular from this Office of 9th inst directed by the Board of Revenue to forward to you the accompanying set of rules which have been drawn up with a view to encourage the plantation of trees and Topes in the Provinces under this Presidency and to request your opinion at an early date as to how far they may be suited to the circumstances of the District under your charge. The Board are aware that the circumstances of several Provinces under the Madras Government differ considerably both as regards the need of such plantations and the difficulty of forming them. If the rules now forwarded should seem to offer more favorable terms to the Planters of Topes and Trees than are required in your District, you will be pleased to state what alteration should be made in them as respects Ganjam so that any unnecessary sacrifice of the interests of Government may be avoided. If on the other hand from the local

local peculiarities of the District under your charge great encouragement appears to you to be called for than is afforded in these rules you will be so good as to state what additional inducement should in your opinion be offered.—

You will understand that the rules now sent to you are intended to apply to future plantations only and not to those now existing.—

Rules for encouraging the practice of planting Topes and Trees.

1. Every party desirous of planting a tope for Public utility and convenience shall first communicate with the Local European Revenue authorities and obtain their Sanction if he neglect to do so, his plantation shall be liable to be taxed at the rate chargeable for Private Topes. A register shall be kept of such applications

2. Parties who, after sanction shall have been previously obtained as

as directed in Rule 1 may plant Topes in waste land on the road side, near a Choultry, or near any place of public resort for general accommodation and convenience, or other beneficial purpose, shall be allowed to cultivate the ground rent free until the tope becomes productive in addition to their usual holding, as a compensation for the trouble and expense incurred in forming the plantation. When the trees shall have come into bearing, the tope shall be entered in the Accounts as a Public Tope free of all Tax, and its produce liable to be sold by the Officers of Government, and the proceeds applied in support of the Choultry, repair of the Road, or other municipal purpose.

3. Parties wishing to plant topes for their private benefit in waste land shall be allowed land for that purpose. If before the trees come into bearing, the land be cultivated in addition to the ryots usual holding, it shall be charged with half the land assessment; if left uncultivated, it shall be held free of tax. When the tope comes into bearing the full teerwa of the land only shall be charged

If the tope be planted in Sheical land or land usually under cultivation, ground so appropriated shall be assessed with the full teerwah from the time the trees are planted, whether it be cultivated or not

4. A term of years shall be fixed for each description of trees at the expiration of which they shall be severally considered to have reached maturity and the topes composed of them shall be classed as Productive.

5. The produce of trees or avennues planted by the road side, in such manner as the District authorities shall approve, shall be enjoyed free of tax by the individuals or village communities, who may have planted them.

6. The produce of single trees to be hereafter planted in Cultivable land shall be enjoyed free of Tax, by the party by whom the land is cultivated. Such trees shall be taxed only when the land is left waste.

7. The foregoing rules shall not apply to the Cocoanut or

areca Palms, or to Palmyra and Date Trees.

The families of three shares of the original pension appear to be in the enjoyment of this allowance, and in the two cases objected to by the Civil Auditor, the stipends have been continued without sanction to the heirs of the deceased incumbents. These grants having been particularly reported upon, and disposed of in the correspondence noted in the margin, they ought not considering the nature of the service performed, viz. "the offering up prayers for the prosperity of the State," to have been continued on the occurrence of lapses without the special authority of Government. As the present incumbents, however, have long been in the receipt of the stipends, his Lordship in Council resolves to sanction the payments on the distinct understanding that the respective shares of the parties, as noted in the margin will lapse to Government on their demise.

An unfavorable season tended to

to diminish the revenues of the Ramnad Zemindary rather considerably during fusly 1253, both wet and dry crops suffered for want of rain and deficiency of irrigation, but a slight rise in prices in some measure compensated in the wet lands paying in Kind.

The Settlement amounted of under all heads to Rupees 4,79,878-11-0 and was below fusly 1252 in Rupees 49,861-4-2, and of this demand there was a balance outstanding of Rupees 75,593-0-9 on the 31st December 1844.

The total Collections of the Estate, including arrears, Interest on Bonds &c. amounted to Rupees 6,63,124 7 7 of which Rupees 3,31,565 8-0 were paid in full of Peishcush, One lac invested in the Bengal loan and after defraying charges of management &c. there was a balance of Rupees 13,150-12-5 yet remaining in the Collectors Treasury on the 11th July 1844 which ought also to be invested in the public securities for the benefit of the Estate.

The large sum outstanding on account of old balances extending over a period of 26 years and amounting to the large Sum of Rupees 27,1922-8-5 has of course received the attention of the Principal Collector

Each Mootah must be put up to sale separately for the amount of the Government demand, of arrears, interest, and current, outstanding against it respectively, and the Collector is authorized to bid on behalf of Government for each to the extent of the balance due upon it. He will not however bid to this extent unless competition should render it necessary, and if he should succeed in buying in each Mootah at a price considerably within the Public Demand against it thus leaving a balance outstanding against the proprietor, the same may be written off hereafter on his executing an agreement to forego all demands on his late tenants. In reporting the result of the sale the Collector will be so good as to favor the Board with his opinion as to the provision which he would recommend for the Zemindar on the principal suggested in their letter to Government 28th July 1845 Para 8. Mr. Porter is further requested to return the enclosed Petitions No. 1641 and 1987 of 1845 to Soucar Virjee Mohumdas and communicate to him the Orders of Government respecting the Mootahs.

To, The Chief Secretary to Government

To the Chief Secy. to Government

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Order of Government No. 46,- 10th January 1846 requesting them to submit their report and opinion upon the subject of the reference which accompanied their Proceedings of 22d. December last.-

Stating with reference to the Order of Government dated 10th Instant requesting the Board to report on the subject of the letter from the Collector of Masulipatam of the 17th Dect. last that from the general terms of Section IX & Act VI of 1844 it appears that it is open to a party to pay duties to any Customs Officers whom he may prefer and to pass his goods thro' any Frontier Chokie

Read 20th Instt.

The question referred by the Collector of Masulipatam in his letter of 17th December, submitted with the above Proceedings is whether it be competent to parties to pay Customs Duties to, and receive Certificates from the Custom Officers of

one

Chokie whether in that or any other district upon the certificate granted by that Officer.

nor District, and to pass their goods under Cover of such Certificates thro' the Frontier Chokies of another District.-

3 The question is not without its difficulties. The Board however observe that by Section IX Act VI of 1844, "the Governor in Council is empowered to appoint such Officers as he may think fit to receive money on account of Customs duties and to grant certificates of the payment thereof" that (Section X) "the Officers so appointed shall on receipt of money tendered as Customs duty be bound to give to any Merchant or other person applying for the same a Certificate of payment-" and again Section IX that "such Certificate being delivered to any Chokie Officer shall entitle the goods to cross the Frontier." From the general terms here employed it appears to the Board that it is open to a party to pay duties to any "Customs Officer" whom he may prefer and to pass his goods thro' any Frontier Chokie whether in that or any other District upon the certificate granted by that Officer. Thus in the case which led to the present reference payment of duty to the Sub Officer in

in Borrumpollem would entitle the Merchant to a certificate which would clear his goods thro' the Masulipatam Frontier Chokies.-

4. The Collector of Masulipatam lays some stress upon the expression in Section X of the Act. Officers appointed to receive Customs duties on goods crossing the land Frontier as tending to prove that such duties should be levied by the Officers in the vicinity of the Frontier line to be crossed. The term "goods crossing" appears however to the Board to mean in the Section above alluded to not goods actually in transit across, but those which it is intended to send across the Frontier. This view is supported by Section XI which admits of a delay not exceeding thirty days between the time on which the certificate is taken out and that of the actual passing of the goods thro' the Frontier Chokie.-

5 Again Mr Porter (Para 7) refers to Section XII of the Act which directs that goods brought to any Chokie established on other routes or passes than those published in the Official Gazette under the Act shall if provided with a Certificate be sent back if unprovided shall

shall be liable to confiscation - and he argues that "the passage "routes or passes other than those prescribed by public notice in Official Gazette, is meant to apply to those which are prescribed for each District" The Board however observe that no such specification is to be found in the act and that in their opinion the other routes or passes here referred to, and which in Section XIV are termed prohibited routes are those on which Chowkies have been placed with a view to close those routes to the transit of Merchandize altogether, to the intent that it may be confined to the main and more generally frequented routes and the facilities for Smuggling thereby diminished. This will further appear from the consideration that goods brought to such Chowkies and provided with a certificate are to be sent back without distinction, and whether the Certificate be issued by the Customs Officer to whom the Chowkies is subordinate or by any other.-

+ Note Chowkies of this class have been established on the frontiers of some Districts.-

6- In Para 6 of his letter the Collector of Masulipatam states, that the Merchants assert that they were

compelled to pay the Custom duties at Borrumpollem by the Rajahmundry Sayer Servants such proceeding the Board would remark was irregular - it should have been left to the Merchants to pay the duties at Borrumpollem or at Guggiahpet as best suited their own convenience.-

From the Collector and Agent to the Governor in Ganjam.

Submits information as to the extent and sufficiency of the Security tendered by the Zemindar of Chicacolly for the discharge of the arrears outstanding against his Estate.-

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 8th Instant directing me to furnish information as to the extent and sufficiency of the security tendered by the Zemindar of Chicacolly for the discharge of the arrears outstanding against his Estate, under the arrangement proposed by the acting Collector in his letter of the 28th December 1844.-

2. The proposal was to the effect that on the demand of all interest being foregone, the Zemindar should liquidate the principal of the arrears then due amounting to Rupees 97,590-11-10 by instalments Rupees 25,000 being payable together with the Current Peishcush during fusly 1254, and the remainder by annual instalments of 12,000 Rupees, until the whole should be cleared off, which arrangement was approved of, on the condition that adequate security should be obtained from the Zemindar for the fulfilment of his engagements.-

3. The Zemindar being unable at-

at once to give security for the discharge
of the whole balance according to the several
instalments fixed for the successive years, was
permitted, in the first instance, to tender
security for that part of his engagement re-
ferring to fusly 1254. Viz.t for the payment
of that year's Peshcush together with the sti-
pulated sum of 25,000 Rupees of Arrears, it
being further agreed that at the commence-
ment of the next, and of each ensuing,
fusly, he should furnish approved security
for his liabilities within each year, accord-
ding to the terms of the original engagement
4.

The whole of the Peshcush for
last fusly was accordingly paid in full by
the securities, together with the stipulated
amount of arrears, but it appears that from
these payments were first deducted Ameens
Charges amounting to Rupees 819—8—" and certain
pensions payable under decrees of the Agents
Court to Members of the Chegutty Family
amounting to Rupees 1,500—"—" so that Rupees
22,675—"—" only were credited to the head of arrears
leaving Rupees 2,325—"—" still outstanding
of the 1.st instalment. This the Zemindar
has promised to discharge immediately,
and had the accounts been correctly kept
nothing

would have appeared due under that
head. Upon being called on to produce secu-
-rity for payment of the 2.nd instalment of ar-
-rears fixed at Rupees 12,000, and the Peshcush
for fusly 1255. the Zemindar waited on the Acting
Collector, and on the 13.th ultimo executed an
agreement to pay the current jummah together
with 9,000 Rupees of arrears, upon certain dates,
engaging within 25 days to procure the execution
of security Bonds by Byanee pandy Kadungah
and certain others, who were securities for
him in the previous year, or other approved
parties; and with a view to their convenience
permission was given for the execution of
the Bonds before the Tahsildar of Itchapoor-
It appears that Mr. Smollett thought it
expedient to allow of a diminution to the
extent of 3,000 Rupees in the amount Origi-
-nally fixed as the demand for arrears in
fusly 1255. on consideration of the loss of Crops
which he was satisfied has been sustain-
-ed in many Villages of this Zemindary ow-
-ing to the failure of seasonable rains-

failure that the principal party proposed as security had fallen sick, and promising that the requisite Bonds should be executed when he became convalescent, but not being satisfied as to the validity of the excuse offered, and other procrastination at a period when the harvest was nearly ready to be commenced upon being inadmissible, I deemed it necessary to depute an armed Establishment to attach the Zemindary. Previously however to the Orders for the attachment taking effect, the Tahsildar reported that Security Bonds had been executed before him on the 15th Instant by the other securities in person, and by the brother of Byanee pandee Kadungah duly authorized on his behalf, whose sickness still prevented his attendance. Considering that payments to the extent of Rupees 10,150—0—0 have been made in pursuance of the agreement entered into by the Zemindar, as above mentioned, and that the delay in furnishing the security now appears to have arisen from accidental causes, I have thought it right to confirm that arrangement made by Mr. Smollett with a full knowledge of the means of the Proprietor

Proprietor to meet his engagements in the present year, and I have accordingly cancelled the order for the attachment of the Zemindary.

The principal Security for the Cheeguttey Zemindar in the past as well as for the present year named Byanee pandy Kadungah, is a man of some substance and good credit in the District, who trades largely in Grain and other produce, and owns two native Vessels besides possessing property in houses goods and stock to a considerable amount. He has hitherto been punctual in the fulfilment of similar engagements, and in conjunction with the other parties who are joint-Securities with him, I consider the security to be sufficient, and probably of as substantial a nature as, under the circumstances, it is in the power of the Zemindar to furnish, there not being, I believe, more that two or three individuals in the District who, from their own means, could make good a sum to the extent of the liabilities in the present instance.

Proceedings thereon. (32-33) Ordered that the foregoing letter be submitted for the information of the Most Noble the Governor in Council in reference to the Extract Minutes of Consultation 25th March 1845.

In Cons. 27th March 1845.

2. It will be perceived that of the arrears (principal) outstanding against the Cheguity Estate at the close of Fusly 1253 being Rupees 67,690-11-10 the stipulated instalment for Fusly 1254 Rupees 25,000 was duly paid within that year. Of the Rupees 2325 & were carried to other heads and Rupees 22,675 only credited to the head of arrears. It will further be seen that for the discharge of the instalment of the current Fusly the Proprietor has given security, the nature of which, Mr. Bannerman has explained in detail and which he considers to be as substantial as under the circumstances it is in the power of the Zemindars to furnish.

3. Under these considerations the Board beg to recommend that the acceptance by Mr. Bannerman of the security tendered for the present year may receive confirmation. The Collector will be instructed to take due security for the next instalment that of 1255 at an early period of the ensuing Fusly.

the Fusly in question was 120,000 Maunds while the Quantity actually manufactured was 135750 Maunds exhibiting an increase of 15750 Maunds.

8. The quantity of spontaneous Salt gathered in the Fusly exhibits a decrease of 8511 below that of the preceding Fusly. The quantity estimated for Fusly $\frac{1254}{1844/45}$ was 240,000 but the actual outturn amounted only to 212784 owing to an unexpected fall of heavy rain in the Month of June last which arrested the gathering of a large quantity as was at first expected and caused the actual quantity to fall below the Estimate by 27216 Maunds.

9. In the Innergoodroo Cotaur the Salt manufactured during the Fusly under review exhibits an increase of 45502 Mds. 1600. above that of Fusly $\frac{1253}{A.D. 1843/44}$. The actual quantity manufactured exceeded the Estimate for the year by Maunds 10,320. From the North Easterly winds during the latter end of November and the beginning of December 1844. the Swamps received a large supply of sea water which has been particularly favorable for the production of Spontaneous Salt which exhibits an increase over that of Fusly $\frac{1253}{A.D. 1843/44}$ of 12397 - 1600. The actual quantity gathered in.

Fort St. George 26th January 1846.

in the year Viz: 44,029 — 1600 exceeded the Estimate by 32,029 — 1600. The total quantity of Salt collected in both Cutcherries amounted to 467,683 — 1600 exceeding that of the year preceding by 90,738. and the Estimate by 30,883 — 1600.

12. On reference to Statement No 2 it will be observed that there was a large increase of Rupees 20,537 — 8 — 10 in the duties collected in the Juggiahpett Division on Clothes, Opium, Ghee and other articles but a decrease of Rupees 3,103 — 4 — 9 in those on Tamarind and Dying flowers as well as on Sundry other articles which have been exempted from duty. If the latter be set off against the former the net increase amount to Rupees 17,434 — 4 — 1.

13. The duty collected on Tobacco and other articles in the Tirwoor Division exhibits an increase of Rupees 260 — 14 — 5. There was a decrease of 1513 — 0 — 6 on Cloths, Oil as well as on Sundries from which the above increase at Rupees 1252 — 2 — 1

14. In the Frontier Chowkies appertaining to Bezoara Division there was a small increase of Rupees 50 — 1 — 11 in the duties collected on Tobacco and other articles, but a decrease of Rupees 150 — 5 — 3. in those on Cloths, Ghee &c. shewing a Net decrease of Rupees 100 — 3 — 4.

15. In the Frontier Chowkies appertaining to Nundegamah Division.

owing to the large Importation of Europe Cotton Thread, Alum, Metals, Paddy and Sundry articles from Calcutta as well as Pepper from the Port of Achan.

22. There was a decrease of Rupees 756-13-10 in the duties on imports in consequence of the non importation of Borax Camphire, Dry Ginger, &c. in such large qualities as in the preceding year the decrease being deducted from the above increase the Net increase amounted to Rupees 3313-3-8. From the large number of Passengers who availed themselves of the Government accommodation Boat for landing from the Vessels which came into the Masulipatam Roads there was an increase of Rupees 59-13-0 in the Collection of hire. The total increase was Rupees 4710-10-11 and the total decrease Rupees 2235-6-0 giving a net increase of Rupees 2475-4-11.

23. The Collections under this Head including Extra items during the Official year under report amounted to Rupees 11,560-14-1- exhibiting an increase of Rupees 3468-0-4 while the charges amounted to Rupees 2267-15-10 shewing a decrease of Rupees 42-2-1 owing

24. From Statement B 4 it will be observed that the Abkarry demand exhibits an increase of Rupees 978-11-6 above that of the preceding fusly.

25. The Abkarry Revenue of Vellore Samut, Weyore, Moonegal and Pongaghery Coroccollo Mootah &c. having been leased out on advantageous terms in the fusly under review caused an increase of Rupees 393-8-0. There was likewise an increase of Rupees 68-14-0 in the rents of Avadaroole, Pentapaud, Bahurzully, Vunnacottah and Goodewadah Purganahs, and Rupees 21-10-6 in Davercottah Jamelavy and Madoor Ghutt retained under Sumany, but a small decrease of Rupees 5-5-0 in Chavendra Mootah and Chintalapoody Purganah also under Sumany. The net increase after deducting the said decrease amounted to Rupees 978-11-6.

charges there was a decrease of Rupees 51-14-1 in consequence of the Nesasarole, Pentapaud and Bahur, Zilly Purganahs under dumany on last year having been settled on rent in the year under review. The net revenue amounted to Rupees 35817-12-11 being less by Rupees 585-8-5 than the net revenue of Fusly 1253. 1843-44.

27. Statement No 5 shews an increase of Rupees 419-15-8 in the demand of this branch of revenue above that of the preceding Fusly chiefly in consequence of some of the Moturfa Ryots having been taxed with the Maximum rates in the year under review, the total increase under this head amounts to Rupees 1452-11-3 Viz. Rupees 1140-5-11 being the portion assessed on Ryots who emigrated from other Villages Rupees 284-11-7. being on account of the Maximum rates assessed in some cases in the year under report, as also Rupees 27-9-9 in the Collections derived from washing Greer, from which the sum of Rupees 1032-11-7 on account of the deceased and distressed ryots being deducted the net increase amounted to Rupees 419-15-8.

33. It will be observed on reference to Cols. 7 and 9 of Statement A that of the Demand of Rupees 449132-5-10- including extra items the sum of Rupees 445773—14—10 was collected within the fusly, leaving a balance of Rupees 3358-7-0 Of this, the sum of Rupees 1514-7-7. on account of Sayer, Rupees 1416-8-3. on account of Abkarry and Rupees 240-7-11. on account of Moturfa, has since been collected, leaving a balance of Rupees 186-15-3 as shewn in the Margin.—

34. Of the above balance on account of Abkarry the sum of Rupees 72—3—1 is due from the renter of Bunder Division comprised within the Civil limits who claims a remission on the ground that the amount of rent which he was bound to make good included the revenue of the Jaghire

Fort St George 26th January 1846.

Jaghire Village of Pollapandoo situated in the Goodoor Purganah now resumed by the Nizams Government.—

35. To enable me to decide the question, I was under the necessity of collecting information regarding the history of the Village.— The Abkarry revenue of this Village which, it appears, was not included in the cession from the Nizam to the Company has, since fusly 1218 / 1808-9 from which period the accounts are forthcoming been collected under annual Management by the Collector of Masulipatam or rented together with that of the other Villages of the Purganah.— The Village itself was rented by the zemindar of Goodoor in this District from fusly 1225 / 1815-16 for a series of years the term of which expired with fusly 1253 / 1844/45 and the Village was resumed by the Nizams Government after the commencement of fusly 1254 / 1844/45 but not till the usual Cowles and Cabooliats were exchanged with the Abkarry renters.— The Cowle granted to the zemindar shews that the whole revenues of the Village together with Abkarry are included in the rent consequently there can be no doubt but that the renter is entitled to a remission of the revenues which he was not allowed to collect, the amount of

of which for fusly 1254 / 1844/45 according to the Settlement concluded by the renter with his under tenants has been ascertained on enquiry to amount to Rupees 67—0—0 for the remission of which from the present balance of Rupees 72—3—1 I request that the authority of Government may be obtained.—

36. On referring to the Statement B, the Board will observe that there was an arrear of Rupees 15,245—15—4 up to the close of fusly 1253 / 1843/44 under the Heads noted in the Margin.— Of which, the sum of Rupees 859—8—0 on account of Salt revenue, and Rupees 376—3—4 on account of Sea Customs and Rupees 10 on account of Sundry Small farms and Licences have been since collected.—

From the Commissioner in Kurnool } I Adverting to Para 15 of the Extract from the Board's Proceedings dated 16th October 1845 and to the Circular letter relating to the assessment of lands Cultivated with Sugar Cane, which accompanied the Extract, beg to be favoured with the instructions of the Board as to whether it is their desire that the rate of assessment suggested in the last Para of the abovementioned Circular letter should be adopted at once in the case of lands already Cultivated with Cane, or whether it is to come into operation only on lands so Cultivated in future.

Requesting instructions as to whether the rate of assessment suggested in the last Para of the Board's Circular dated 13th Novr 1837 should be adopted in the case of lands already cultivated with Cane or whether it is to come into operation only on lands so cultivated in future.

2. Very little Sugar cane is grown in the District, no doubt on account of the heavy additional tax to which that species of Cultivation is subject. There is no determinate rule by which this additional tax is regulated, the amount is not the same in any two Villages, the present rate of assessment on such lands, on rather Crops, varying from 10 to 56 Rupees

Rupees an acre. The demand of the late Government states indeed that when the Manual made an investigation into the state of the land Revenue about fifteen years ago the additional tax on a crop of Sugar Cane was fixed at 50 Rupees a Coodoo, this however has certainly not been adopted as a universal rate, and in fact could not be, as the size of the Coodoo differs in every village. From my own observation, I am led to think that no fixed rule was observed, but that the additional tax was put on, as occasion required, with reference to the quality of the land, and the certainty or otherwise of the supply of water, taking into consideration the facilities for irrigation, and so far it was all fair enough, the objection is that in some cases the tax is too high and I have not the least doubt that the rate recommended by the Board will tend greatly to extend the Cultivation.

In such case the land under Cane should be assessed with 2 Crop teerwah for the first Fusly or that in which it is planted, and 1st Crop teerwah in the next Fusly or that in which it is cut and if it remain in the ground during such period of the second Fusly as to prevent the raising of a second Crop 2d Crop teerwah should also be charged for the second year. Enclosures A & B

Para. 1. I have the honor to lay before the Court of wards the accompanying two Statements shewing the Cultivation, produce, Collection and Charges of the Minor Estate of Cottoocand for fusly 1254. It will observe that altho the Revenue realized considerably exceeds the Kist payable to Government, it has fallen below the Revenue of the preceding year by Rupees 578-3-. This decrease arose from an insufficiency of rain during the season of Cultivation, which prevented the Ryots from bringing under the plough as much land as in the preceding fusly.

2. It will be further observed on reference to statement B that the net profits of the past fusly deducting the Kist, maintenance, and Sibbundy come to Rupees 1654-1-7 to which the profits of the preceding year being added, the aggregate profits amount to Rupees 3309-15-. From this sum, Rupees 270 the charges incurred on account of Sibbundy and maintenance from July to November during the Current fusly 1255 being deducted the remaining surplus now in deposit is Rupees 329-15-. Further sums will have to be disbursed from this amount for the same expenses until the Collections of the Current fusly commence, and I have therefore retained Rs 638-7- for this purp-. investing the remainder or Rupees 2491-8- in Government Promissary Notes according to the instructions of the Court of wards under date the 18th April 1844.

The

3- The deduction of Cowle granted by the Mootahdar of the Poovvoosotrooma Aggrar division on 10 years average collections amounts to 1 Rupee and 8 Pice per Cent- This Cowle Remission has been allowed by the Mootahdar on account of the bad quality of lands.-

4- The granting of this Cowle is optional with the Mootahdar so long as the Mootah is in his professions.-

5- On comparing from Col-87 to Col-128 in the above Abstract No. 3 in which the average collection of 10 years are shewn in the Statement No. 5 sent with the Subdivision Report in the year 1841 when the entire Mootah was subdivided there appears a difference from Col 95 to 106 in the sources of irrigation such as Tanks Channels &c as hereunder shewn.-

From Fusly 1240 to 1249-

Land	Tanks Teervah	Land	Channel Teervah	Land	Total Teervah.	
91	30 1	27 6	9 3	37	34 3	As running alum Subdivision as per Statement No. 5 forwarded in 1841-
231	8 6	129	30 4	508	1 9	
90	31 "	27 0	6 10	38	39 4	As per present Abstract No. 3-
237	10 "	129	30 4	508	1 9	
"	" "	"	" "	1	6 1	Increase
6	25 "	"	" "	"	" "	Decrease.
1	6 1	6	25 "	"	" "	

Thus-

This difference occurred in consequence of certain spots of land irrigated by Channels having been added to those irrigated by Tanks in some Fusbies there is however, no difference in the aggregate amount- The Statements now forwarded are correctly prepared.-

From the report of the Tahsildar dated 25th July 1845 it appears that the above 2 divisions are not likely to come under Annamy they being pro. -fitable Estates The Mootahdars executed a Moochelkah to the Circar binding themselves to be answerable for any future misconduct on their part under Regulation I of 1819 and there appears to be no dispute exciting regarding the boundaries and water belonging to those 2 divisions The Curnums of the divisions have also given their Moochelkah to the Tahsildar regarding the correctness of the accounts and non existence of any dispute whatever in the divisions in question- for instance when one of the Subdivisions named Aycondumcottapatty was sold by Audenaryan to another individual the Amount of the sale was equally divided between himself.

himself and his brother, the above named Venkattaramanien Mootahdars of Astamum=galum division. There is no material dif=ference in the Bariz and profit of these two divisions and the accounts now sent are prepared with reference to the Accounts of the Subdivisions that took place in the year 1841 and to the accounts of the above divisions.

Accounts of Collections from Fusly 1240 to 1249. Do. Do. from 1250 to 1253.

7. The Enam Jodigy of the former Aumany average as shewn in the Abstract No. 3 Col. 74 - Rupees 8 — 10 — 1 - the average shewn in Col. 118 of the Abstract Statement of the Subdivi=sion that took place in 1841 is Rupees 9 — 12 — — which is equal to that now shewn in Col. 160 of the Abstract No. 3 there is a difference of Rupees 1 - 1 - 11 — between the former and the present average the cause of which has been stated in the Refsool submitted on account

of the Subdivision, dated 20th. November 1841. I therefore request the Board's permission to have this Subdivision re=gistered in the name of Sudenarian, as there appears to be no objection to it.

Sir

From the Collr of South Arcot— Submitting Correspondence between him and the Civil Auditor regarding a Charge incurred in the Salt Department on account of Roofsoomdars and request if necessary to obtain a general Sanction—

Para 1. I have the honor to forward Copies of correspondence between myself and the Civil Auditor respecting a charge of Rupees 1926-10-5 entered in the accounts of this Collectorate for fusly 1252, incurred on account of the Roofsoomdars in the Salt Department retrenched by that Officer for the orders of the Board of Revenue—.

2. The individuals to whom these payments were made are Village Servants of the several Pans, most of whom are the descendants of the original Meerasdars. The appointment and dismissal of these Servants being vested in the Collector of the District, I think it unnecessary to obtain fresh Sanction whenever a person succeeds to an office by lapse or other cause, as required by the Civil Auditor—.

3— Altho the original list, shewing the rates of the Roofsoomdars is not to be found among the old Records of this office, yet the rate at which it was originally paid, is still continued—.

4. From Board 14th March—1826

To Board 22d October—1838
From Board 17th January—1839
To Board 15th November—1839
From Board 20th January—1840

I further beg to refer the Board to the correspondence noted in the Margin, sanctioning the continuance of the above Roofsoom but should they consider a fresh sanction necessary as the sum will vary according to the extent of Salt Sold in each year, I propose a general sanction being granted to enable the Civil Auditor to pass all such Charges as heretofore which will be communicated to that Officer—.

2. On referring to the correspondence which formerly passed on the subject the Board find that in the year 1806 an application was made to Government for sanction for the Establishment of Servants recommended to be employed by the General Salt agent and which received the concurrence of Government on the 18th of June in the same year—In the total amount of expenditure then authorized for the whole of the Salt districts the amount allotted to South arcot was Pagodas 70-31-72¼ in which was included a Sum of Pagodas 23-31-72¼ per mensem or total Rupees 995-12 per annum on account of Roopoons allowed to certain individuals.—

stated to be village servants of the description included in the original sanction most of whom are also said to be the descendants of the original grantees whose allowances being deemed hereditary were guaranteed under Section IV Regulation I of 1845.—.

4. In reply to the Civil auditor's requisition the collector states that the records of his Office do not contain the original list and rules of the Rufsoom but that the old rates is still continued to the present servants, the particulars both as regards the parties interested and the sales upon which the allowances were computed and paid being set forth in an abstract account furnished with his letter.—.

5. The Board see no objection to the disbursements as therein shewn and which appear in all respects regular and in conformity with sanction of Government above quoted subject of course to the fluctuation in amount consequent upon the increased sales of salt and they therefore beg to recommend that the Civil auditor may be authorized to pass the charge and further that that Officer may be permitted to admit all similar disbursements incurred for Rufsooms in future years without the necessity of obtaining renewed sanction annually.—.

Reporting regarding the Maniums disputed by Co-parcenary Petitioner as mentioned in the Boards Proceedings of 13th May and No. C. 1st May 1845.—

Sir,

Para. With reference to the Board's Proceedings and the Minutes of Consultation which accompanied them. I have the honor to enclose a Statement shewing the extent of Maniums land in the possession of the whole family, and the right by which they possess it.

2. On a further enquiry, I now find that the Petitioner does not claim any portion of the Sunnud Manium (which is only of a charitable nature) his share being already in his possession and which may be disposed of according to the pleasure of Government when lapses occur among the present incumbents.

3. Of the total quantity of Taraputty Manium which has been entirely given up for religious purposes, the only Petitioner claims his own share which the defendants refuse to give him. As the Manium falls under Regulation VII of 1817. I have informed the Petitioner, that

1143.

that the orders of Government is not necessary to enable him to prosecute his claim in a Civil Court.

4. As Government may wish to be informed if the party performs the service for which the Enam was originally granted, it would appear upon enquiry that the Petitioner, and in general all the other incumbents enjoy their Inamums without performing any duty whatever, it is therefore vested on Government under the above Regulation, to nominate others competent persons to perform the duties for which the Inamums are granted, it not being their intention to resume endowments of this nature.

Sir.

Para- I am directed by the Board of Revenue to acknowledge the receipt of an Extract Minutes Consultation 1st May 1845, in which, in reference to their letter on Petition No. 94 of 1845, it is requested, that the Collector of South Arcot may be instructed to ascertain and report, whether there is any ground for allowing the grant referred to in that Petition at all, it not being clear from the Collectors report, that either of the claimants professes any claim to the land in question-

In reply I am directed by the Board to submit the accompanying letter from the Collector of South Arcot from which it will be seen that of the Maniem alluded to Vaf. 11-1/2 Cawnies assessed at 90-11-8: 3 Rs a/c Cawnies bearing an assessment of Rupees 40-4-= are summed and the remainder (8-1/2-50-7-8) Vaydoor the Enam-

It is stated in Mahazanamahe at- Summed Enam- 3- tested by the cazee of Ellavenasore 9th dated 29th Shaval 2nd 3. Court- 40-4- of Hezera 1200 A. D. 1784 that the original Purwannah granting the Summed Enam was destroyed by fire- the present family seem however to have enjoyed it since that date- The Collector states, that, on further enquiry it appears, that the Petitioner does not claim a larger portion of this Enam than he now professes the disputes between him and his opponent being confined to the Vadaverty Maniem- Adverting to the length of time during which this summed Enam- niem would appear to have been in the family of the existing incumbents, the Government may perhaps be of opinion that no immediate interference is called for. On any lapses occurring among the present holders, the case will be reported under order of

5. Vadavuthy Nauniem or Village Nauniems for reading and teaching the Vedas, common in many districts under the Madras Presidency appear to the Board to be of the nature of the endowments mentioned in Section II Regulation VII 1817 as "endowments in land granted for pious purposes." It seems therefore that the Petitioner may under Section XIV of that Regulation be left to settle his disputes as regards this part of the family Enams with his opponent by a suit in the Civil Court.

6. In regard to the observations of the Collector in the last Para of his letter, it may be remarked that services of the description referred to, are usually but negligently and imperfectly performed. The Board could not however advise that Government should interpose in the manner suggested by the Collector.

7. I am directed to add that as the Acting 2d Member is not of opinion that the Vadavuthy Nauniem herein referred to comes within the scope of Section II Regulation VII of 1817 and considering the opposite view of the question incurred in by his Colleagues as highly injurious to the rightful expectations of Government he has recorded his sentiments at large in a separate Minute.

I do not understand that the Veda Vrithi Nunyum referred to by Mr. Davis is of the Nature of the endowments of Land Mentioned in section II Regulation VII of 1817 "as granted for pious and beneficial purposes."

The Regulation above cited has for its object the protection and due application of all endowments in Money or Land, or the produce of land granted for the support of certain Edifices therein described. throughout the whole of the Provisions of that Regulation attention is restricted to Public Institutions, Buildings, Foundations, or Establishments and to the Trustees, Managers, and Superintendents of those Institutions.

Stating that he does not understand that the Veda Vrithi Manyem referred to by the Collector of South Arcot is of the Nature of the endowments of Land mentioned in Section II Regulation VII of 1817 as "granted for pious and beneficial purposes."

I do not understand that the Veda Vrithi Manyum referred to by Mr. Davis is of the nature of the endowments of Land Mentioned in section II Regulation VIII of 1817 "as granted for pious and beneficial purposes."

The Regulation above cited has for its object the protection and due application of all endowments in Money or Land, or the produce of Land granted for the support of certain Edifices therein described. throughout the whole of the Provisions of that Regulation attention is restricted to Public Institutions, Buildings, Foundations, or Establishments and to the Trustees, Managers, and Superintendents of those Institutions.

of

Fort St. George 26th. January 1846.

The additional resources which would in season, and without infringement of vested Rights, or the claims of present incumbents, thus accrue to the state are at present incalculable. a careful revision would amply repay the Cost of a separate Establishment; so long as its maintenance might be required, and in process of time, as population increases, and the means of subsistence are wanted. aided by the improved circumstances of the people, and a greater outlay of Capital on Land, the gradual reversion of alienated lands throughout the Country would place at the disposal of Government a fund of additional revenue which would in some measure compensate for the abandonment of the Transit Duties, and the desired abolition of the Tobacco Monopoly and Moturpha Taxes. I merely allude to these expectations, distant I admit, to shew that the question arising out of a consideration of the nature of these grants is one fraught with great financial importance, and therefore deserving of the profoundest attention. It is to the Land and to the husbanding of this great source of income that Government must look

Fort St. George 26th. January 1846.

look hereafter. Other auxiliaries such as Excise Duties on certain articles, and Licenses, may for a time be resorted to; but these, besides being in their own nature objectionable in many cases, are as drops to the ocean compared with the Revenue from the Land, and the encouragement of its varied products. The latter is in fact the only mine of wealth on which Government can rely, the alienation, or recovery, of the smallest portion of which, ought to be equally watched with jealousy by all Public authorities in India.

So long as the Provisions of Regulation IV of 1831. are held to be applicable to them, the control and disposal are in the hands of Government, but if those of Regulation VII of 1817. are deemed more so, I fear the permanent alienation of much Land, and Land Revenue, that ought to revert to the source from whence they spring in the natural course of time and events, will be the consequence.

The Board regret that they are unable to accede to the request of the Collector in behalf of the defaulter Gopalakristnyen. The sales of land for arrears of public revenue, are it is true by the terms of the advertisements dependent on the confirmation of the Board, but that confirmation should in their opinion, be withheld in those cases only in which there has been any irregularity in the conduct of the sale. whereas in the present instance

instance the sale has been formal and regular, to cancel it would in their judgment tend to shake the confidence of the public in such sales and to encourage defaulters in evading or protracting the payment of the dues of Government.-

4. In the Survey accounts in my Office, in the talook accounts and in the Maniem Registers, the land inquestion is uniformly entered as Vencata Soobiah's Chettrum Maniem and from Vencata Soobiah's usual residence in another Maniem Village Viz.t Kapamputty, in which however he had no share I erroneously named - that Village, instead of Cunnoodayam putty, in my report of the 13th October - The object of the grant can only be guessed at from the mode of entry in the accounts, as petitioner does not profess to have any documents to support his claim but relies upon uninterrupted enjoyment since a very long time back, and thro many administrators and he has never ceased to oppose its sequestration.-

the rate charged being that usually levied on lands held under Government Grants viz 5/4 Rs per Cawny. The matter was brought before this Office when it was found that the premises in question were not held under Grant and were therefore chargeable only with the land Assessment- as the orders of Government contained in Para 4 Extract Minutes of Consultation 13th August 1839- have been understood not to be retrospective, the demand for the land Assessment should also not have been carried back beyond that date. The Principal Collector has been requested to revise the demand upon Ramanath Sing upon the above principle and it will be seen from the enclosure in his letter of 29th ultimo, that the overcharge Amounts to Rs 620-5-11- This has already been collected and carried to account and the Board beg to recommend that the Principal Collector may receive authority for refunding it to Ramnath Sing.-

Statement

Fort St. George 26th January 1846.

Para 5.

1. It is observed that under the head of Kunjey there has been a gradual though small increase during the last five years in Malabar on an average of 2,335 Rupees per annum, irrespective of unavoidable remissions. The items of increase in Fusly 1254 / A.D. 1844/45 amount to Rupees 6,815 ; whilst those of decrease or remissions are Rupees 3,646-3-9. These items are distinctly explained in the Collector's Report and are of the usual character. A large portion is stated to fall to the Koothnâd and Chowghât Talooks. Mr Conolly expresses his anxiety to keep down the amount of remissions as much as possible and the Board have every confidance in the exercise of the discretionary power which must be left in his hands. The necessity for these remissions would seem to be chiefly confined to the two Talooks already mentioned, and to a part of the Pedingânâd Talook, where in many instances owing to the irregularities of the assessment the whole Rent is absorbed by the Government Demand, and where a redundancy or want of Rain are equally prejudicial. To these evils have of late been added the ravages of Cholera and Small Pox. Under these circumstances and with

with the Assurances given by Mr Conolly of the careful scruting to which each case has been subjected, the Board doubt not but that as he states there was only the alternative of irrecoverable Balances, or remissions.

5. Although the extent of the Rice Land and Revenue referred to in these Paras are insignificant, and may be held to be isolated cases the Board are wholly averse to surveys being carried on without their sanction, and Mr Conolly will in future abstain from any new ones. Under existing circumstances the preferable course for effecting the settlement of lands, the survey of which might otherwise be desirable would be to leave them in the possession of parties desiring to hold them on such terms and for such periods, as may be agreed upon, subject of course to the introduction of any Modification that may hereafter be made under the orders of Government.

Para 10 6. The decrease under the head of Dry land Rupees 2281 10 at all times a precarious Crop in Malabar, is satisfactorily explained by the Collector, and requires no further notice.

Para 11. 7. The increases and decreases under

under the head of Gardens, and resulting in a Net decrease of Rupees 806 10 10 are sufficiently accounted for by the Collector with reference however to the re-inspection of 1,913 Gardens, adverted to by the Collector, the Board deem it their duty to express a hope that whilst granting remissions in all cases of well proved hardship or distress, and whilst old and decayed Trees are annually excluded from the Summa, due care and attention be paid to the annexation to the Revenue of all young and fruit bearing trees particularly in Gardens others than those nearly formed, belonging to rich as well as poor Coodians or Ryots. The latter will doubtless always be foremost with their complaints having little to fall back upon but the case is likely to be different with rich Proprietors who will only complain when the result of an inspection of their entire Gardens is not likely to be attended with advantage to themselves. Government having signified their willingness to afford relief in all cases of failure of Garden produce, it behoves the local Officers to see that whatever is justly due to Government is scrupulously brought to account.

The

Board see no objection to his assistant Mr Wedderburn drawing extra tent allowance during the period he was in charge of the Principal Sudr ameen's Court at Cochin and that if he consider himself entitled to any further remuneration he can apply to government direct.

of Revenue to acknowledge the receipt of your letter of 29th ultimo forwarding one of the 27th idem addressed to the Secretary to Government in the Judicial Department by your assistant Mr. Wedderburn in which that Gentleman requests that he may be permitted to draw some extra allowance for having in conformity with the wishes of the Civil and Sessions Judge at Calicut proceeded to Cochin and taken charge of the Principal Sudr Ameen's Court during the interval between the death of the late Mr Taynton and the arrival of Mr Cullen 1st Ast from 18th October to 14th November last you have suggested that he may be allowed an Assistant extra Tent allowance during the time he was so engaged.

2. In reply the Board direct me to inform you that they see no objection to Mr Wedderburn drawing extra Tent allowance for the period alluded to. No reference to Government seems necessary. The Board will pass the charge if entered in the usual manner in the annual extra Tentage Statement should Mr Wedderburn consider himself entitled to any further remuneration he can if he think fit apply to Government but it does not appear to the Board that his application should be forwarded thro the channel of this office.

From the Collector of Malabar

Sir,

I have the honor to acknowledge the receipt of your letter of the 22d ultimo in which it is remarked that I have omitted to express my opinion either in regard to the sufficiency of the assurance given by Saporgee Hergee that he will expend a large sum in erecting Cotton Screws (at Cochin) or in respect to the terms on which the property might be granted to him.

2 After what I had said in my first letter of the 7th October last I had not thought it necessary to make any remark on the second point alluded to, nor did it strike me that my opinion was desirable on the other. But I will repair my omission after a visit to Cochin which I purpose to make in about a Month more.

Sir,

From the Collr. of Madras

Reporting on a Petition from one J. Soondra Moodelly relative to certain Grounds at Veysarpandy which he requests may be put in his possession as the Grandson of the late Nagamany Moodelly.

I have the honor to acknowledge the receipt of your letter under date the 27th ult. transmitting, for my report a petition from one J. Soondra Moodelly No. 1468 of 1845.

2 The petitioner states that a piece of Ground at Veysarpandy held under Grant No. 954 is his hereditary property and has been in his uninterrupted enjoyment, which is proved by the Quit Rents having been always paid by him; that it is true that Cundapah Granny in 1812, received from the petitioner's Grand father Naganany Moodelly, the Grant of the Ground but he did not actually purchase it by paying the purchase Money; as is verified by the Quit Rent being collected from the petitioner to this day, upon bills drawn up in the name of Naganmany Moodelly; and that to dispose of him of his long enjoyed right before Mr. D'Silva (the Mortgagee) or the heirs of Cundapah Granny establish his or their claim by a regular action is unjust adding that, while so the Collector has unjustly attempted to make the Ground

Fort St. George 26th January 1846

Ground over to Mr. D'Silva from the petitioner's possession; and that he therefore, prays that Officer may be instructed "to put the petitioner in possession of the Ground which had been in his undisturbed enjoyment."

3. I am induced to quote in the above Para the very words used by the petitioner in order to shew, at one view how much his Statement is opposed to the real circumstances of the case. In the first place, it is proved by the records of this Office that the Ground has never been in the petitioner's "possession" for on account of its being unoccupied for a considerable number of years, all Quit Rent Bills from 1815 to 1835 were, under due sanction, cancelled and the order of Government having been received to discontinue the assessment of the usual demand on Waste lands, no bills were made out for 1836 and 1837.

4 In 1838 on an application from an individual of the name of Arnachellum Moodelly to cultivate the Ground on terms similar to those on which lands under Circar Zuft for arrears of Revenue are let to Pycarries, he was put in possession in that

Fort St. George 26th January 1846

that year, on the usual agreement being entered into with this Office. The done continues still in possession. From 1838 to 1842 Quit Rent Bills were made out and the sale proceeds of the produce equal to the Malawarum share of it, were credited to Government, although they formed but a small proportion of the annual demand.

5. In 1842 enquiries were being made as to who were the owners of some waste lands to induce them to appropriate the same to some profitable purpose by recommending a reduction of Quit Rent when the Petitioner having come to the knowledge that bills were issued in his Grand father's name for certain land at Veyserpandy requested by a petition under the signature of his Gomastah V. Sookiah, dated 18th September 1842, to reduce the Quit Rent upon it from 1/2 to 1/2 Pagoda per Cawny. In 1843 a Memorandum was sent by the officers of the Cutcherry notifying simply that the demand for that year would be reduced to 1/2 P the Cawny and the amount for 1843 and 1844 was paid by the petitioner, who came forward of his own accord to do so, although not in possession of the ground. The Collecting Conicopillay having heard that he was the grand son of Naganmmany Moodelly, did not hesitate to receive payment from him. For the same years the amildar who is in charge of all lands under Arear attachment for arrears of Revenue without any report being made to me and

J.P.

Fort St. George 26th January 1846

and without any order, discontinued taking the annual agreement from the Pycary Cultivator in favor of Government. He should have informed me that such an agreement was no longer necessary, the party who claimed the Ground having offered to pay the full amount of the bill at the reduced rate. I should then have called for the production of the Title Deeds to authorize my treating with him as the proprietor, and causing Arnachellum Moodelly to put him in possession of the spot. The Amildar is much to blame for this neglect of duty and he has been duly admonished.

6. On the 17th February 1844 one M.r D'Silva requested he might be put in possession of the Ground stating that he held the original Grant as the Mortgagee from P. Cundapah Granny and offering to pay Quit Rent at 1/ Pagoda per Cawny. On the Grant being produced it was shewn by an Endorsement that Naganmmany Moodelly had actually assigned over his interest in it on the 6th October 1811 to P. Cundapah Granny and that the transfer was registered in this Office by the then Collector Mr. Ellis his signature being attached to the entry on the Grant. A Corresponding entry was made at the same time in the proper Register of transfers but not in the Register of Grants.

7 This omission led to Quit Rent bills being continued in the name of Naganmmany Moodelly even.

even after 1811 but only two bills thus erroneously drawn up were delivered out of the office, and one of them is appended to the present petition. The necessary entry having now been made in the Register of Grants the Quit Rent bill for 1845 has been prepared in the name of P. Candapah Gramany.

8. The fact of the Grant having been transferred by Nagummany Moodelly to Candapah Gramany in 1811 and the transaction registered in the same year in this office appears to me to be sufficient to invalidate the claim set up by his Grand son on the alleged Agreement of 1802. When therefore I was personally applied to lately "to put him in possession of the Ground" a request which the petitioner repeats in his petition to the Board dated 16th October last No. 1342 of 1845, I informed him, by an endorsement of date the 18th August last, that his application was inadmissible.

9. At the close of the enquiry which was instituted by my order, it was my intention to require the present Cultivator who was originally put in possession of the Ground by this office, to quit it after the Crops reared in the present year were reaped, without any formal recognition of the right of either of the

two claimants as whoever is hereafter found to be in possession will be liable to pay the future Quit Rent. It now rests with the Board to decide whether the arrangement I had in contemplation should be carried into effect at the proper time.

10. Petition No. 1168 of 1845 is returned herewith.

Madras 10th December 1845. } Signed J. A. Hudleston Collector.

Proceedings thereon. 1. Before taking any further steps in the matter discussed in the Communication recorded above the Board wish to be informed of the nature and contents of the agreement referred to in para 4 which is stated to have been entered into with Arnachellum Moodeliar on the occasion of that individual undertaking the Cultivation of the land in dispute in the year 1838, and also what is the Custom prevailing within the Collectorate with regard to depriving a Pyacaree of land in his possession under that document, and further in adverteence to the concluding para of the Collectors letter whether Arnachellum Moodeliar is himself disposed to relinquish the further occupation of the land in question if required so to do after the present Crops may have been gathered, and if so

Under date the 10th January 1846-

Read the following papers from the Secretary to the Board of Revenue-

(Here enter 15th September 1845 No. 563)

\+ \+ \+

Para 1 It is stated in the foregoing correspondence that an individual of great respectability named Appasawmy Naick has constructed at Coilpetty in the District of Tinnevelly a stone Choultry for the convenience of Native Travellers, of the Brahmen and Soodra Classes, and capable of accommodating 200 people with their families, expending from his private funds a Sum exceeding 20,000 Rupees for the building and for the Gardens, Topes, wells, &c attached thereto, and endowed it with lands the proceeds of which are applied to its Support.-

2- It is also stated that the individual intends erecting another Choultry "for Muselmen, European soldiers, East "Indians, Pullers &c" as they could not use "the other in common with the higher castes "for whom it was chiefly intended," and further "That he eventually intends to make over the

"the whole the Choultry with its endowments, "to the care of Government to ensure after "his demise their efficient management "and secure them from misappropriation"-

3 The object of the Board of Revenue in bringing the subject of this building to the notice of Government at present, is to obtain for the founder Appasamy Naick some public acknowledgement of his praiseworthy conduct, and they propose that a slab be raised at the public expense at a cost not exceeding 100 Rupees, over the Gateway with a short but suitable inscription indicatory of the approbation of Government They suggest also whether the building might not deserve a place among those works of public convenience and utility lists of which are periodically published in the Official Gazette.-

4- There is a further proposition made by the Collector which is to apply the surplus funds of the Enam Village attached to a Pagoda to the benefit of the Chuttrum to which the Board of Revenue have refused their support.-

5- Referring to the instructions contained

contined in the Resolutions of the Govern

6. Under the instructions of the Government of India referred to above, this Choultry will be included in the periodical lists of works of public utility constructed by Private individuals, for publication in the Official Gazette, when the Board of Revenue will be careful to add the testimony borne by the Government to the munificence of the Founder.-

7. The Government fully concur with the Board in the objections they have urged to the proposition made by the Collector of ap=propriating the surplus proceeds of the Enam Village attached to a Pagoda to the benefit of the Chultrum-

8. In regard to the further propo=sition which is incidentally mentioned as likely to be brought before Government, Viz.t the intention eventually to make over the whole Choultry and endowment to the care of Government, His Lordship in Council doubts the propriety of the Government undertaking the Charge of a Building under rules which exclude whole classes of the Native Commu=nity and thereby identifying the Government with the religious usages of the people- and he resolves pending the fulfilment of the

intention of the Founder to refer the subject with the Minutes which have been recorded on it by the Members of Government for the consideration and orders of the Honorable the Court of Directors. The point for decision will be the general question whether Endowments founded upon Rules which have received the sanction of the Honorable Court, should not hereafter be conditional, involving the prineiple laid down in the letter to Government of India dated 28th March 1845 Viz. that Choultries built for public convenience and connected with the Government are not to be confined to particular classes.-

Relative to the Settlement of the District of Nellore for Fusly 1254 A.D. 1844-45. (Here enter 22 Dec.r 1845 No. 768)

Para 1. The season of Fusly 1254 in the District of Nellore was far less favorable than that of Fusly 1253 and operated preju-dicially to both Cultivation and produce but more so in the Wet than in the Dry or Garden lands. Prices though higher than those of Fusly 1253 were yet below the com-mutation rates, but still the rise is

Para 4 stated to have afforded great relief to the ryots and facilitated the relization of the public revenue.

2. The extent of land engaged for cultivation was less by 3,510 Goortoos, while the actual cultivation fell short by 7,198 Goortoos below Fusly 1253.

6. The collections on account of the demand on Zemindaries amounted on the 15th September to Rupees 393523-8-8 and the balance of Rupees 24,291-0-7 then outstanding was chiefly due on the Venkatagherry Zemindary but on the 17th October, the date of the Collector's report, the amount had been reduced to Rupees 591-9-2.

7. Of the demand for Quit rent on Shrotriems there was a balance of Rupees 12,355-14-3 outstanding on the 15th September for the most part on Shrotriems under attachment. Para 25.

8. Sanction is granted for writing off in the accounts of the Nellore District the balance of Land revenue for Fusly 1253 reported to be irrecoverable in consequence of the death, desertion, or poverty of the Ryots, amounting to Rupees 81,910-8-10 eighty one thousand nine hundred and ten annas eight and pice ten. Extract from the Minutes of Consultation under date the 26th January 1846

Read the following Extract from the Proceedings of the Board of Revenue

Here enter 15th December 1845 N° 7561

Para 1 The season of Fasly 1253 in the Province of Tanjore was from the variableness of the weather, and scantiness of the Freshes in the Rivers in august and September, and their failure in the two following Months unfavorable both for Wet and Dry cultivation.

Remissions
Fasly 1252 Rupees 91760
" 1253 " 111557
Increase 19797

Settlement
Fasly 1252 Rupees 3628131-10-6
" 1253 " 3779766-12-6
Increase 151635-2-"

2 Deducting remissions which were in excess of Fasly 1252 by Rupees 19797 — " — " the net Settlement amounted to Rupees 3779766-12-6 being above Fasly 1252 in Rupees 151635-2-" this

this was owing almost entirely to the increase in prices, which are represented to have risen 32 per cent above those of last year and 3 1/16 per cent above the standard price

3 The Collections of the above demand within the Fasly amounted to Rupees 36,27,598 9-5. and subsequently Rupees 119572-11-1 were realized leaving a balance of Rupees 32,595- of which the greater proportion it is supposed will prove irrecoverable. There was a large collection besides on account of arrears amounting to Rupees 118628 14 9 making the total collections to Rupees 38,65,800-3-3.

4 The progressive improvement in the wet cultivation from the upper annicut which has been annually brought to the notice of Government, sufficiently establishes the importance of that work, although from a depression in prices no corresponding amount of Revenue has been realized, as exemplified in the Statement appended to para 2 of the above Proceedings. In the year under review the increase had extended to Valies 5,723 above the average of the past 6 years at a standard Peiz of Rupees 1,82,853 and producing an actual Revenue of Rupees 1,10,024 but in consequence of bad prices the amount of

of the Settlement has fallen 6 per cent below the standard Beriz. The great difference however which is apparent in the Cultivation of these lands as contrasted with Fusly 1251 amounting to Valies 506 bearing an assessment of Rupees 36,848, re= =quires explanation, which the Board of Revenue have properly called for.

5 From the observations recorded by the Board in paras 10 & 13 the Most Noble the Governor in Council is inclined to the opinion that the extensive transfers of land which take place in the Tanjore District are occasioned more by the certain value which land has there acquired as a property especially after the improvements to the irrigation effected at the expense of Government than to the necessities of the people compelling them to part with their property in satisfaction of the Government demands.

From the Collector of Rajahmundry

Sir,

I have the honor to report for the information of the Board that I have found it necessary in the Police Department to suspend Baudeda Bhoojunga row Amuldar of Amalapoor Talook for 3 Months owing to his having omitted to examine one Boochy Kistnum razu in whose house it was reported to him that a rabbery having occurred he had caused his servants to be tortured and that one of them had thrown herself into a well in conseguence. The person for whom he shewed so much consideration is the wealthy Proprietor of Kasavacoorroo whom I have held to security on suspecion of having caused the

the woman to be put to death. The Annuldar was in the Village two whole days without making any inquiries at all and when he did take some depositions he allowed himself with extreme facility to be convinced that the marks of violence on two of the servants were produced by other causes and that the person who was said to have been tortured and killed and whose body was found buried under most suspecious circumstances 15 days afterwards had gone, as the witnesses deposed to the Vizagapatam district some weeks before and died there. The heirs of the deceased were persuaded to tell the same tale and there seems to have been a general determination to defeat the course of Justice. At one time I thaught there were sufficient grounds for a Criminal prosecution against the Head of Police but I was afterwards satisfied with inflicting the punishment of a short suspension.

in consequence of the high price of grain.

3. The Renter made no deposit of any value at the time he took charge of the Farm for the present fusly. Such deposits are only required when there is a probability of the Renter failing to give security, and as Buswagoud had rented two of the talooks in fusly 1253 and 1254 and was generally supposed to be a man of considerable substance no deposit was demanded of him.

4. The Renter named as his security his Father Iyahgoud, he resides in the Bellary District, is a man of property and the security was taken from him through the intervention of the Collector of Bellary by whom the competency was ascertained. Father and Son have not divided their property.

5. Buswagoud though he certainly sustained a loss last year, met his Kisto with tolerable punctuality there was a balance against him at the end of fasly 1253 of 2,000 Rupees, which has been cleared off. The Collector of Bellary informs me that he is not in arrear

Fort St. George 29th January 1846.

arrears for his Bellary rent.

6. My reason for recommending a continuance of the Rent is simply that as competent security has been given for the whole amount any balance that may eventually remain at the end of the fusly can be realized. If the Board shall decide upon cancelling it, I am of opinion that it will be better to put it again up to auction, and then to be guided by the amount of the biddings as to whether it will be most advantageous to rent it or Keep the Farm under Amany.

7. The Moochilkah taken from the Renter is a translation of the one forwarded with Extract from the Board's Proceedings dated 8th of July 1844, and as in the last Para in Form No. 1, a breach of any of the "foregoing stipulations" in which the regular payment of the Kisto is one insures the annulment of the Rent I conclude there is no obstacle to that course if the Board consider it desirable to adopt it.

The balance against the Renter at the end of the December Kisto is Rupees 6,339-13-9.

Resolution thereon.

(35-36)

Under the opinion expressed by the Commissioner in Para 6 of the foregoing letter that competent security has been given for the whole amount of the Ab Karry rent and that any balance that may eventually remain at the end of the Fusly can be realized and adverting to the extent to which the Balance due on the 17th October has been reduced by the end of December the Board authorize the continuance of the Farm held by Baswagoud for the present. The Commissioner will bring the circumstances of the Farm again to the notice of the Board if necessary with his own opinion as to the course to be pursued. Referring to Para 3 the Board observe that it was altogether irregular to place Baswagoud in possession of the Farm without taking from him any deposit.

of Kuttanelore in this District to have his name registered with that of his brother, — I have the honor to submit the following circumstances for the consideration and orders of the Board of Revenue.

2. The Shrotrium in question was enjoyed during the late Mahomedan Government by the Ancestors of the present incumbents who held the Office of Nauttawar and it was continued by the British Government on the abolition of that Office to Streenevasa Iyengar, and his heirs under a Purwanah bearing date the 31st August 1802 a copy of which is herewith submitted for the Board's perusal. The Stipulated Annual Rists payable to Government is —

Rupees 210-3-7.

3. Anunta Iyengar the brother of Streenevasa Iyengar the said Purvanahdar sued him for a share in the Shrotrium in 1819 in the District Moonsiffs Court at Conjeveram and obtained a Decree in his favor. This Decree was afterwards confirmed in Appeal by the Registers Court of Chingleput as will be seen from the enclosed copy of the Appeal decision passed in the year 1820. The Merasy right belongs to the

Vide Enclosure B.

the Cultivators and as the Court did not decide the Village between the litigant parties Anunta Iyengar has since enjoyed half the general Mailwaremm.

4. The Shrotriumdar disputes the justness of the Courts decision and states that he and his own heirs alone are entitled to the Shrotrium. The same argument is contained in the accompanying Petition presented by him to Government and it is in consequence of this dispute on his part, that his brother Anunta Iyengar is now desirous of having his name entered in the registry with a view to secure to himself and his heirs the uninterrupted enjoyment of the half share decreed to him by the Civil Courts.

Vide Enclosure C.

5. It appears to me that while the present Shrotriumdar as head of the family is entitled to the management of the Village no valid objection exists to registering Anunta Iyengars name as co-partner in the Shrotrium for the half share decreed to him by the Civil Courts. and I request the instructions of the Board on the subject.

Moonsiff's Court ..... No 103 of 1819

Appeal ..... No 26 of 1819

Appellant.	Respondent
Seenevasiengar of Kuttanellore	Annuntiengar of Sevaram

(L.S.)

The Decree of the Register's Court.

This Suit was instituted on the 5th March 1819

before

Fort St. George 29th January 1846

before this District Moonsiffs of Conjeveram and Chingleput by Plaintiff Sununtiengar of Sevarum against Defendant Seenevasiengar of Kuttanellore for the recovery of half of the Shotriem Village of Kuttanellore, annually yielding Rupees 168 — The Parties are Brothers, and their ancestors having acquired the Village as a Shotriem from Government enjoyed the same during their life time, after which the Defendant being Eldest son to the father of the Parties, inherited and renewed the Village in his name, since which time the parties living jointly in one family have enjoyed the same in common, But the Parties now being separated the Plaintiff claims half of the Shotriem Village as his share.

The Defendant in his answer before the District Moonsiff states, that, although the Village in question was acquired by their ancestors as Shotriem, the Defendant has had the same renewed in his name on account of his good conduct and services and refuses to give any share to the Plaintiff.

The

Fort St. George 29th January 1846

The Moonsiff passed his Decree on this Suit on the 23d March 1819 by which he ordered the Defendant to give up to the Plaintiff half of the Shotriem Village it being procured by their ancestors and costs of Suit payable by Defendant.

The Defendant being dissatisfied with the Decision of the Moonsiff appealed therefrom to the Zillah Court, and the Petition of appeal was on the 27th April 1819 presented before the Judge read and filed on record in his Court on the 1st May 1819, and on the 13th March 1820 referred to this Court.

The cause was brought on for trial on the 26th June 1820 Vakeel Ungamoottoo Moodely appeared in behalf of the appellant, and Vakeel Runga Row for the Respondent both duly authorized by the respective parties.

The record consists of the Plaint and answer together with the document

No 6 Copy of a Decree in No 1397 of the Zillah Register filed by Defendant

No 9 Deposition of Coopaniengar witness of Plaintiff

No 10 Do of Seenevasiengar Do of Do

No 11 Do of Ramanoojah Charry Do of Do

No 12 Decree of the Moonsiff

The

The parties in this case are brothers, the Respondent sued his elder Brother before the Moonsiff for the recovery of half of the Shotriem Village of Kullanellore which he states to be inherited from their ancestors and to have been enjoyed by them in common till a Dispute arising between them, they separated, and he now claims his share of the paternal property.

The Appellant as Defendant before the Moonsiff admits the Village in question to have been possessed by their Ancestors, but asserts that the Shotriem was renewed to himself personally by Government on account of his services, in confirmation of which he has produced in evidence a Decree of the Court, in a former Suit respecting the Village in question. But this Decree does not refer at all to the right of his Brother the Respondent, and therefore is of no use in the present case, and he has not produced any other evidence in his favor.

By the evidence of the witnesses for the Respondent before the Moonsiff it appears that the Village in dispute was acquired as a Shotriem many years ago by

by the Grand Father of the Parties and has always since been enjoyed as such by the family, there is no evidence that the appellant at any time acquired any peculiar title to this Village exclusive of his Brother, on the contrary it appears that they have lived together and enjoyed the estate in common till the cause of this action arose by their separation. The Court therefore on a consideration of the whole of this case does not see cause why the Respondent should be deprived of his legal right of inheritance, and accordingly confirms the Decree of the Moonsiffs Court.

And the Court do further Decree that the appellant do pay the Costs incurred in this Court according to the following Statement

Statement of the Costs of Suit payable by the appellant in appeal

Increase	84	345	43	125	8171	7 "

Salt.- 4. The increase of Garees 84 — Mercalls 345 in the quantity of Salt Manufactured arises from the favorable Season and the increase in the quantity sold may be ascribed to the deficiency in the quantity manufactured in the former year.-

Sayer. 5. There is a decrease in the Collections on account of Land Customs to the

Fort St. George 29th January 1846.

the Amount of Rupees 115244-3-7 arising from the discontinuance of the Sayer Duties from the 1st April and the abolition of the Frontier Sayer Chowkies as ordered in the Board's Proceedings of the 17th March 1845.-

Abkarry. 6.- The Decrease in the Abkarry revenue is Rupees 12050—" —" arising from the very high sum paid in the former year.- The Revenue in Fusly 1254 exceeded the average of the last Ten years considerably.-

Sundry Small Farms and Licenses. 7. The increase in the Revenue derived from Sundry small Farms and Licences Rupees 462-5-" The particulars of which are exhibited in the following Table.-

Sir,

From the Collr of Trichinopoly - -

Under the provisions of Clause first Section VI Regulation VII of 1828, I have the honor to forward an Appeal Petition from Valoydum Pillay the late Curnum of the Village of Mallathancolum, in the Talooka of Arrealoore against the decision passed by me under Regulation IX of 1822, together with the original proceedings held in the case.

Trichinopoly, Collectors Office, 7th November 1845.

B.

Judgment of the Collector of Trichinopoly under the provisions of Regulation IX of 1822.

Plaintiff
1. Enaysey Royappen of Mullatancolum in the Arrealore Talook.
2. Royappen.

Defendant
Valoydum Pillay Curnum of the said Village.-

The Defendant is charged with having in Fusly 1254, received a bribe of Rupees 13, from the Ryots for having deducted waste from the Accounts also with having misappropriated to his own use 3½ Rupees from the Collections of Circar List made in fusly 1253. - 1½ Rupees in Fusly 1254 and in the same Fusly 2 Rupees from the salary of the Puttamoniagar - and with having cut down the fig trees which were in the lands of the deserted Royets and made 30 planks of it valued at Rupees 15.-

Also charged with having fraudulently deducted from the Accounts the 3/16 Cawnies of Iyen land cultivated by Cawder Saib as Poolcar Stala Maniem and received from the said Cawder Saib 1½ Rs for

Fort St. George 29th January 1846.

for 3 Fuslies Viz: 1251 to 1253, & appropriated it to his own use.-

The Curnam in his deposition stated that he took charge of the Office of Curnam only in Fusly 1252. on account of the Summabundy he does not therefore know any thing about it, but the Ryots thro' enmity combined together and made the complaint- and he moreover states that he purchased the Adakala tree for ½ Rupee and made planks of it.

The Tahsildar of the Attavalore Talook enquired into the complaint and examined the undermentioned Witnesses.

Witnesses

Colagappen	1	Ambala Mootrien	9
Murda Moottoosawmy Puttadar	2	Armoogum	10
Poosary Sidumbaram Puttadar	3	Valeyan Eneyasee	11
Veeraputren	4	Royappa Savery: Mootoo	12
Vetty Sadran	5	Palancy Mootoo	13
Thillandy Arooloper	6	Eneyasey	14
Subbapatty	7	Cawder Saib	15
Moottoosawmy	8	Maurigy Savery	16

From the deposition of the above witnesses it appears first that in Fusly 1254 the Ryots gave a bribe of 13 Rupees to the Curnam for the purpose of deducting waste

Fort St. George 29th January 1846.

Land from the accounts but as the evidence is contradictory particularly as regards the amount of bribe it is not sufficient to warrant the Curnams conviction.- The 2nd instance is that the Curnam mis-appropriated to his own use Rs. 3½ out of the Collections made by him in Fusly 1253. Rupees 1½ in Fusly 1254 and Rs. 2, from the Monegar's Pay for Fusly 1254. Total 7 Rupees has been fully proved by the Witnesses. he is therefore sentenced to pay double the amount.-

The Curnam it is alleged cut down a fig or Attee tree for planks from the Garden of a Pokoody Ryot. the owner of which should complain against the Curnam for the value of the tree. but the Curnam being a Circar Servant did the deed in the absence of its owner and took it away for his own use. he is therefore guilty of the charge.-

A person named Cawder Saib cultivated 3/16 Cawnies of Land the Teerwah of which at 1½ Rupees a year for 3 years amount to 4½ Rupees. this amount the Curnam deducted from the Circar Accounts as being Mauricem land belonging to a Poliar Covil and

of 20 Rupees being double the amount stated to have been embezzled or misappropriated. He also recorded his impression of the guilt of the Curnum as regards the 2nd of the original Charges.

5. On reviewing the depositions taken in the first of the above cases in which Velloydum Pillay was arraigned for misappropriating 3½ Rupees of the Collection of Fusly 1253 and a further sum of 1½ in 1254 it appears to have been sufficiently established that the above sums were abstracted from the Collections of the respective years previously to their remittance to the Talook Treasury by the Curnum, in the presence of several of the witnesses who depose to the facts and altho' no accounts are produced or stated even to have been referred to in support of the oral evidence of the deponents the Board have no doubt of a fraudulent intention on the part of the accused to appropriate the items for his own use at that time and they resolve therefore to confirm the Collectors decision imposing a fine of double the amount improperly deducted from the Collections in

in charge of the Curnum.

6. With respect to the second of the above noted charges Viz. misappropriating 2 Rupees out of the Puttah moneys salary in 1254 the Board would observe that the evidence is not sufficiently conclusive in their opinion to justify the conviction of the Curnum and they accordingly reverse the decision of the Collector and direct the repayment of the fine of 4 Rupees should it have been levied in pursuance of the decree already passed.

7 In the third charge under the above head the Board remark that it does not appear from the documents before them that any of the Village accounts calculated to elucidate the charge have undergone scrutiny during the investigation held before the Tahsildar or subsequently, and further that there is no evidence forthcoming in support of the imputed offence other than the bare statement of Cawder Saib himself who acknowledges that the payment made by him to the Curnum Velloydum Pillay was concealed from the knowledge of any other party. in the absence therefore of any collateral proof

Fort St. George 29th January 1846.

proof of the guilt of the accused as regards this particular charge the Board must consider the case to have fallen to the ground for want of evidence and they therefore resolve to annul the previous sentence passed by the Collector and direct the restoration of the amount levied from the Curnam under that decision.

8- Upon the whole the Board do not moreover think that the circumstances of the case are such as to call for a further infliction of punishment than the levy of the Amount above confirmed- on payment of which the Collector will restore the appellant to his situation with an intention that any future instance of misconduct in the execution of his duties will render him liable to be permanently removed from his Office.-

Ordered that copy of the foregoing Extract from the Boards Proceedings be forwarded to the Collector of Trichinopoly for his information and guidance.-

Ordered also that the following Endorsement on Appeal Petition No. 170 of 1844.- "The Board of Revenue having perused the Petitioners address together with the evidence taken in the investigation to which he had rendered himself subject under Regulation IX of 1822 have issued instructions to the Collector and to whom the Petitioner is referred."-

From the Collr. of Trichinopoly

Sir,

With reference to the remarks opposite to the name of Anunta Soobien in the list of the lands sold in the Lalgoody Talook, which accompanied my letter of the 9th Instant. No. 1405, I have the honor to state for the information of the Board that the Defaulter above alluded to paid on the 11th Instant the whole of the amount of arrears due by him, Viz. Rs. 163-5-8.-

2 Under these circumstances I beg to propose that the sale of his lands be cancelled.-

Resolution thereon (51-52)

The Board of Revenue sanction the sale of the lands entered in the advertisement which accompanied the letter above recorded. Monday the 9th March has been fixed for the day of sale.

The Board request that the Principal Collector will be pleased to commence with the sale of the lands of those of the parties mentioned in the Advertisement who have shewn themselves most contumacious in resisting the demands of Government. After a few sales shall have taken place it is hoped that the example will have its effect and that the owners of the remaining lands may be brought to make arrangements for the discharge of their balances. in which case the Principal Collector will not proceed with the other sales.

Reporting the death of Soondra Pandia Yemmondy Yera Vumpayy Naig Son of the original Pensioner of Nagalapooram and requesting sanction for the continuance of the Pension to his Brother Sattooruppa Yemmondy Yera Vumpa Naig and another within mentioned.

Sir,

Para 1 In reporting the death on the 14th August last of Soondra Pandia Yemmondy Yeravenuppa Naig son of the original Pensioner Satooruppa Naig, who was the son of the deposed Zemindar of Nagalapooram by his first Wife, I have the honor to inform you that Satooruppa Yemmondy Yeravenuppa Naig his Brother has appeared in person, and addressed a Petition soliciting the Continuance and transfer in his name of the Family Pension paid to his deceased Brother.

2. His Zemindary is one of those alluded to by Mr. Eden in Para 2 of his letter to Board of 19th November 1836. The family of the late Zemindar received for their maintenance an allowance of Pons — 1 — 5 3/4 per day or Rupees 100- 3-8 per Months. The head of the family Satooruppa Naig Father of the late Pensioner died in 1829 and although no sanction or authority for the Continuance

of the Pension in the name of the deceased incumbent is forthcoming from the Records of this office & still the claim of the deceased appears to have been undisputed as will be seen on reference to the correspondence noted in the margin+

3. The enclosed is a list of the 7 Individuals composing the family of whom Sathoorappa Yemmoody Yeramappa Naig is at present the Head and appears to have fair claim for the transfer of the Pension to his name- The list has also been examined by the Zemindar of Yettiapooram and reported to be correct-

4 Of the sum of Rupees 100-3-8 above alluded to Rupees 23-5-4 are received by Sathoorappa Naig son of the deposed Zemindar by his second Wife, agreeably to the Extract from the Minutes of Consultation of 31st Augt. 1836 and the remainder Rs. 76-14-4 as & have been paid to Soondra Pandia Yemmoody Yeramappa Naig deceased up to the date of his death-

5. The case in question appearing to come within the scope of the orders of the Court of Directors alluded to in the Proceedings of the Board of Revenue of 29th August 1842

1842 I have the honor to request the sanction of the Board for the disbursement of a Monthly Pension of 60 Rupees at the reduced rate of 2 Rupees per diem, to the 7 Individuals named in the list abovementioned-

6 The Civil Auditor requiring Special Sanction for the family Pension having been continued in the name of Soondra Pandia Yemmoody Yeramappa Naig deceased and in that of Ettiapa Zemindar Sathoorappa Naiken son of the deposed Zemindar by his 2nd Wife I request you will be good enough to obtain the necessary sanction for the amount disbursed to them up to Fusly 1254 and for the continuance of the Pension of Rupees 23-5-4 per Mensem to the Ettiapa Zemindar still living-

Sir

I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Tinnevelly dated 26th ultimo reporting the death on the 11th August last of Soundra Pandia Yemmoody Yeravuttpa Naig son of Satooruttpa and Grandson of the deposed Zemindar of Nagalapooram and recommending the continuance of a portion of the pension (60 Rupees per mensem) in the name of Satooruttpa Yemmoody Yeravuttpa Naig brother of the deceased for the maintenance of himself his family and that of the late Zemindar in all seven persons.

2. From Mr. Thomas' letter and the correspondence therein referred to, it appears that the Zemindary of Nagalapooram was with four others sequestrated in 1799 for rebellious proceedings on the part of the then Zemindar towards the Government and was together with the other Estates subsequently disposed of by public auction. The deposed Zemindar was transported to Bencoolen, and the family received for their maintenance, an allowance of Rupees 100 - 3 - 8 per mensem.

From the Collector of Madras ---

Reporting upon a petition from one Salabuddy Pillay of Chinnadrepettah praying to be relieved from the payment of Ground Rent for his House in that Village.

Para 1 I have the honor to acknowledge the receipt of your letter under date the 8th Instant transmitting a petition from one Salabuddy Pillay of Chinnadrepettah No. 1556 of 1845 and to report for the information of the Board of Revenue that for some years past no Certificate for any House or Ground held under a private bill of sale in that Village has been issued excepting on the owner producing an acquittance from the Shrotriemdar to the effect that there was no arrear of Quit rent outstanding against it and if held under an old certificate a bill or receipt for the current demand in pursuance of the Rule laid down in the Extract from the Board's Proceedings dated 1st June 1837.

2 In the present case both the Shro:=triemdar and the Petitioner having appeared before me at a recent date the former stated that he was unwilling to accept the sum offered by the latter in liquidation of the current demand in consequence of an arrear of ground rent on some of his Bazaars being unpaid but as the Petitioner applied only for the renewal of an old

Fort St. George 29th January 1846

old certificate and not therefore for any extent of ground beyond that originally included in that instrument, I observed to the Shrotriemdar that the Petitioner had good grounds to complain of his proceedings for, if it were true that he had any unadjusted demand on account of ground rent, he might have resorted to the measure usually had recourse to on similar occasions for its recovery.

3. The Quit rent bill for 1844/45 having now been presented by the Petitioner I have directed that the Certificate requested by him be prepared forthwith the Quit rent being the same as that the House was subject to before it became his Viz. 2 4 fs per Annum.

4. The Shrotriemdar is not at liberty to raise his demand for Quit rent at pleasure. He is authorized by his Cowle to receive 2 fs per Annum on each House 1 fanam on each Hut, and 1 fanam on each shop. he is also authorized to let out and dispose of the Gardens, Paddy fields and other vacant Grounds in the said Pettah as it seems Convenient to him for the benefit of the Pagodas thereof. Should any person wish to occupy any vacant Ground on which he does not pay the established rent for stacking firewood &c. or for holding a Bazaar for the sale of the same, he must make an arrangement with the Shrotriemdar, who is authorized to charge a rent on such ground.

From J. A. Huddleston Esqre
Collector of
Madras

Sir,

Para 1. With reference to the Endorsement under date the 1st Ultimo on the enclosed Petition presented to the Board of Revenue by certain Toddy Shop keepers No. 1485 of 1845 I have the honor to report that the Petitioners, and several of the arrack Shop keepers waited on me repeatedly in October and November last, and complained personally, as well as by petition, of the difficulty of fulfilling their engagement with the Circar in consequence of the loss they sustained by the establishment of Beer shops in the most populous parts of Madras where their own sales were carried on.

Submitting copy of a correspondence with the chief Magistrate and Superintendent of Police relative to the loss of revenue in the abkary Department occasioned by the Establishment of a considerable number of Shops for the retail sale of Beer and suggesting the expediency of early measures being taken to prohibit altogether such sale except under license, the Police authorities not having the power to interfere under the existing Regulations

2. There being nothing in the Regulations which would warrant my taking any steps for the purpose of affording prompt relief to the Petitioners I addressed one or two demi-official communications to the Chief Magistrate and Superintendent of Police, to ascertain whether he could interfere, but he assured me that neither he nor the sitting Magistrates had any power to do so. As very soon afterwards, however many old Toddy Shops were given up, which occasioned a serious loss of Revenue, I was anxious to devise some

some plan, whereby the pro-gress of the evil could be arrested. With this view, I as a preliminary measure instructed three of the Native Heads on my Establishment to inspect the places re-ferred to by the Petitioners, and to inform me of the number of Beer shops recently opened there-

3 On the 15th November, I obtained a report to the effect that the number of old Shops was 29 and of the new ones 76 total 105. On the 24th it was brought to my notice that the number increased to 117.

4 In some streets in Black Town, it appears that more Houses than one were engaged in which one or two Casks of Beer, with a table, a few empty bottles and mugs, were kept at the entrance. The Consumers were supplied with Beer just drawn from the Cask, at from 40 to 60 Cash per quart bottle to be drunk on the spot. Some of these shops had a sign board similar to that to be seen in front of the licensed Arrack and Toddy Shops

5 I have ascertained from the Acting Collector of Sea Customs that 4,85,116½ Gallons of Beer and Porter were imported in the past year and that the quantity imported in the previous year was only 3,41,770 Gls whilst the quantity sold by auction at his Office in 1845 was 6,50,42½ Gls and in

From Actg Collr of Sea Customs 23d December 1845

in the previous year 23,372½ Gls the average selling price of the former being A.4:2 per G. and the lowest A.1-9 per G. or about 20 Cash per bottle, and the average selling price of the latter A.5-11 per G. and the lowest A.2-3. I am credibly informed that a considerable quantity of Beer sold at the different Auction Rooms within a recent period, out of the stock of 1844 and 1845 realized nearly the same rates as those obtained at the Sea Custom House in the past year. The Venders have, therefore, a remunerating return by selling it even at so low a rate as 40 Cash per bottle, and the sale is, no doubt, extensive from its injurious effect on the Abkarry Revenue.

6. The lowest price at which Batavia arrack can be sold by the retail dealer is 50 fanams per Gallon, Puttah 40 fanams, and Toddy 4 fanams. These rates which yield a reasona-ble profit to the Vender beyond the cost of the liquor and the excise duty, were established with the view of checking the vice of drunkenness and of affording security to the revenue. That these objects have been fully realized I have shewn on more occasions than one, but the present unre-stricted sale of Beer will, it is evident, defeat the important ends which have been so successfully attained if measures are not taken against a result

result so much to be depreciated as the cheapness of Beer cannot but supplant in time, the consumption of Toddy, and in some measure that of Arrack also, if the European Market can continue to supply it at the reduced price at which it has now overstocked the Indian Market.

7 The number of Toddy shops which have been shut owing to the Establishment of the Beer Shops is 47, settled at a Double of Rupees 78-7-9 per diem or Rupees 28646-12-9 per annum. It is known to the Board that Batavia arrack is sold at the licensed Shops in its unmixed state, and that the use of any ingredient to add to the intoxicating quality of Toddy is punishable by Regulation, but as regards Beer, to induce the lower orders of the people to resort to the places at which it is sold, the Venders, I understand, mix certain noxious drugs sufficient to cause sickness, and to lead in some cases to more serious consequences.

8. To carry out my plan, I addressed the Chief Magistrate and Superintendent of Police Officially on the 24th November, and adverted succinctly to the different points noticed above I concluded my letter as follows.

"It is not, perhaps, proper for me that this Office should dwell much on the nuisance

"nuisance which is being occasioned by the Beer "Shops or on the way in which sour or adulterated Beer must ultimately affect the health of the consumers but, as a Revenue question, having put you in possession of all the information I could collect, "I submit for your consideration, whether it is "not desirable that some remedy should be applied "by the interposition of your authority on any "grounds that the Police Regulations or the established usages would justify, and thereby ensure the realization of a great public good as regards both the Government and the people.

9 Having previously applied to the Chief Magistrate and Superintendent of Police for his assistance in the suppression, also, of the illicit sale of European Spirits he on the 23d Ultimo, replied to my letter on that subject and stated, at the same time, that he took the "opportunity of mentioning that the Magistrates "were prepared to try the first case which might "be brought before them of adulterated Beer "being sold, and to convict if on analysis it proved "to be drugged" as will be seen by the enclosed copy of my correspondence with that Officer I shall endeavour to procure proof such as to bring home the charge of adulteration to the guilty party but after all, the punishment however severe it may be will

"will be only one for an offence against the &c
Police Regulations, and can have little or no
influence on the object more immediately con-
-nected with Revenue, Viz.to that of restraining
the immoderate use of adulterated, sour or
damaged Beer at such a price, when sold in
retail as to interfere with the sale of the dealers
in Arrack and Toddy. I therefor think that &c
the time has now arrived for the enactiment of
some Regulation which would embrace both objects.

10. Beer is now being sold by retail
precisely in the same way as Toddy. Whilst the
retail sale of Toddy is subject to the payment
of a high excise duty, the retail sale of Beer
is perfectly free from it. I am aware of the &c
difficulty that would attend any effort that
may be made to obtain authority for the &c
imposition, at an early date, of a similar duty
on Beer. That is therefore a question on which
I would refrain from offering any observation
at present. It is now only requisite, in my opinion
to prohibit altogether the retail sale of Beer
without license, the imperative necessity for &c
the adoption of such a remedy being sufficiently
obvious. Should the principle be recognized I would
submit that the grant or refusal of a
license for that purpose should be dependent-

on

on the character which the applicant bears,
a point on which the Police is fully competent
to form an opinion, and should, in Consequence,
be left chiefly for its consideration, but no
license should be granted to any person who
has not entered into an engagement with &c
this Office that his Shop shall never be
placed so near to interfere with their sale
and that the sale shall commence before
10 Oclock in the Morning nor continue after
5 in the evening. It should further be left
to the Collector to determine what number of
licenses can be granted in a year, as is now
the case with regard to wholesale and Tavern
licenses for the sale of European Spirits.

11 I am not acquainted with &c
the Rules if any which may now obtain in
Calcutta: but from the acts published since
Act No. XVIII of 1840 1834, I find that there is one under which
the Collector of Land Revenue and &c
senior Magistrate of Police in Bombay
are jointly empowered to grant licenses for
the sale of arrack Toddy and other spirituous
Act No. XIV 1842 - Sec VIII and fermented liquors, and another under which
"no person" is "to keep a coffee Shop eating
"House or any place of public resort other &c
than

"than a legally licensed Tavern or Spirit
"Shop, without the permission or license of
"the Court of Petty Sessions, which Court is
empowered to grant such permission or
"or license in writing, and which may be
"revoked by the said Court on good and
"sufficient cause".

12 Should the measure appear
feasible, I shall only further submit that
in any act which may be framed for
Madras similar in substance to the above
the words "Beer Shop" be substituted
for "Coffee Shop"
"Madras, and the Chief Magistrate and
"Superintendent of Police" for the Court of
"Petty sessions" with such other additions
or amendments as local circumstances
may render requisite.

13 The proposed new system
cannot bear hardly on the fair dealer
but must, on the contrary, be taken for
one that will, in its working, effectually
protect his own interest, nor can it
militate against the good of the consumer as the
employment of persons of decent character in the
trade must, in point of fact, be advantageous
to

to him, whilst the dealers in Arrack and Toddy
will feel that security which a well regulated
plan is intended to confer, not only on those
who pay revenue to Government but on
the community at large. I therefore
take the liberty strongly to recommend
that measures may be taken to bring
some rules such as I have suggested,
into operation at as early a date as may
be practicable.

Sir,

1. I have the honor to bring
to your notice that information having
reached me that clandestine sales of
European Spirits were carried on in
different parts of Madras to the detri-
-ment of the Abkarry Revenue, I obtained
a list shewing the names of the parties
and their places of residence, and
of which a translation is enclosed for

Enclosure A

To

To afford me proof of its correctness some persons were sent to purchase liquor there, and, when removing it my Peons seized them. The case having been referred to the Police Office the Magistrates found the charge of unlicensed sale proved, and punished the Offenders accordingly.

2. I therefore now request the favor of your giving such instructions as you may consider proper to the Police at the different places indicated in the present list, to co-operate with the Revenue Peons, as in the event of your approving of the arrangement, I shall issue corresponding Orders

Orders to my Peons, to act in concert with the Tannah Peons, not only with a view to the protection of the abkarry Revenue but to the maintenance of the public peace, it being difficult, I presume, to calculate the extent of mischief which would be likely to arise from sales of spirits over which there is not any control whatever.

Sir,

I have the honor to bring to your notice that, for several days past I received complaints from the Arrack and Toddy Shopkeepers that they were unable to effect sales to the extent of their Dowle in consequence of the Establishment of a considerable number of Beer Shops, at which the sale was carried on at such a reduced rate as to interfere most materially with their own interests.

On this subject I addressed you, about a Month ago, a demi Official communication. The representations made to me repeatedly after that period, and the relinquishment of several old Toddy Shops induced me to depute three intelligent and confidential publick Servants to make a tour of the whole Collectorate, and to furnish me with a report as to the number of Beer Shops recently opened if any.

The report thus furnished shews that, up to the 15th Instant, the number of old Beer Shops was 29, and the number of new Shops 88, total 117. I understand that the additions made since have raised the number to 117.

These Shops are generally established in the immediate vicinity of the arrack and Toddy Shops, so as to attract the attention of those who are in the habit of drinking those liquors only. Beer being sold at from 40 to 60 cash pr bottle, it is preferred to Arrack and Toddy by the poorer classes of the people although it is a well known fact that arrack and Toddy are sold in their unmixed state, and are in consequence comparatively wholesome. Sir,

In reply to your letter of the 19th Instant I have the honor to inform you that the Police men have received orders to act in concert with your Peons for the detection and (when legal) for the apprehension of parties who sell spirits without license. By a recent augmentation of the European constabulary force I have been able to appoint a constable to each Division, and they have received particular instructions with respect to unlicensed sale of Spirits. I take this opportunity of also mentioning that the Magistrates are prepared to try the first case which may be brought before them of adulterated Beer being sold, and to convict, if on analysis it prove to be drugged.

Report of the Proceedings of a Committee held by order of the Medical Board to examine and analyze the contents of two Bottles containing Beer and Porter respectively delivered to them sealed by the Acting Medical Storekeeper at his Office on the 9th January 1846.—

The Committee having assembled pursuant to order find the seals of the two bottles entire.—

The bottle containing the Beer was little more than half full— The liquid

Fort St. George 29th January 1846

liquid was of a darker colour than usual, but clear and deposited hardly any Sediment. Its taste was bitter and disagreeable, but, in the opinion of the Committe not more so than Beer of an inferior quality frequently is— It was tested for nux vomica without any result, and there being no chemical tests for any of the other substances whose presence might be suspected, and no unusual deposit being present, the Committee conclude that the Beer had not been adulterated.—

The Porter was dark and turbid and had a perceptible narcotic odour and disagreeable taste— It was found to deposit a copious sediment— A portion of it was filtered, and the deposit having been dried, appeared to consist entirely of vegetable matter, which, to the Committee, appeared identical with the bazar Ganja (or dried and bruised plant of the Cannabis Indica or Indian Hemp— From the smell and flavour of the liquid, and of the deposit, the Committee are also strongly inclined to suspect the presence of stramonium: but this substance cannot be perfectly identified from the absence of any known test— A portion

portion of the Porter and also of the deposit was submitted to the tests for nux vomica without any result.—

The Committee need hardly state that both Ganja and Stramonium are of a highly deleterious nature.—

Ordered that the following letter be sent in reply

To The Collector of Madras—

57-59.

To the Collector — } Sir,
of Madras — — — }

In Cons. 29th Jany. 1846.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 2d Instant bringing to their notice the number of Beer Shops recently opened in Madras, and the great quantity of Beer and Porter in many cases sour or adulterated with noxious ingredients, sold in them to the injury of the health of the consumers, and to the prejudice of the Abkarry revenue, and suggesting that the retail sale of those liquors without a license be prohibited, and all retail venders be required to take out licenses from the Magistrates of Madras under such restrictions as may seem advisable. I am also directed
In Cons. 29th Jany. 1846. to acknowledge the receipt of your subsequent letter 17th instant connected with the same subject in which you report the result of the analysis of some Cheap Porter and Beer made at your request by a Committee under Orders of the Medical Board.—

2. In reply the Board instruct me to observe, that the increased consumption of

Fort St. George 29th January 1846.

of Beer and Porter which you have brought to their notice, has doubtless proceeded from the over-importation of those liquors in the past year, which has reduced their price to such a degree as to admit of their being offered to the native consumer at lower rates than Toddy and Arrack— This state of things is necessarily but a temporary and will cease when the import of Beer is contracted within its former limits— The sale of adulterated Beer will also, the Board do not doubt be checked, as far as possible, by the Police Magistrates who have expressed their readiness to deal with any such cases as may be brought before them—

3. In respect to the observations contained in Paras 10 13 of your letter the Board remark, that they are not aware, whether the issue of licences to the venders of Beer and similar fermented liquors, would confer upon the Police greater powers of control than they can at present exercise over such parties, or whether any additional powers are required— It is probable that if more extended powers are necessary, the further steps to be taken will from the subject of a representation from the Police Magistrates to

Fort St. George 29th January 1846.

to Government— It does not appear to the Board that the excise system as now applied to Toddy and Arrack could be extended to Beer, nor that the sale of that liquor could be interfered with for the mere purpose of protecting the Abkarry revenue or subjected to any other restrictions than those required, in a Police point of view for the prevention of drunkenness and irregularities— There is indeed no reason why parties keeping Beer shops should not pay some tax to Government for the privilege but the Board apprehend that this arrangement could not be carried out without an Act for the purpose and it will be for your consideration whether the revenue likely to be derived from a Moderate tax on such shops will be of such an amount as to render such an Enactment advisable—

4. You will be pleased to state whether in your opinion the licensing system now in force as regards Taverns where European spirits are retailed could be extended to Beer shops and a tax in the shops of a license fee be imposed upon these latter without an act for the purpose— what will be the probable number of such shops, in what manner they should be classed, what rates should be charged for the licenses—

Fort St. George 29th January 1846.

licenses and what will be the aggregate amount of revenue which may be expected to be realized from the measure — referring also to Para 7 of your letter the Board wish to be informed from what date the 47 — Toddy shops therein mentioned have been closed, whether any have been or are likely to be reopended, and what will be the probable loss of revenue for the current Fusly — They request also that you will state — whether the sale of "Arrack" has been affected by the late increased consumption of Beer and if so to what extent. —
