From the Chief Secy. to Govt

Transmitting Copies of Despatches from the Honorable Court of Directors dated 23d Sept. and 23d October 1845 Nos. 38 & 42 and conveying instructions for the Supervision of the great Lines and Trunk Roads of this Presidency.

Extract from the Minutes of Consultation Under date the 27th January 1846.

The Most Noble the Governor in Council proceeds to pass orders upon the Despatches in the Public Department from the Honorable the Court of Directors dated the 23rd September and 22nd October 1845 Nos. 38 and 42.

Para 1. Under the sanction granted by the Honorable Court of Directors in this Despatch, the Most Noble the Governor in Council resolves to relieve the Board of Revenue in the Department of Public Works from the Supervision of the great Lines and Trunk Roads of this Presidency.

2. The great Trunk Roads noted below, with all extensive lines of Roads, will now be

placed permanently under the charge of Captain Best, who was appointed Superintendent of Roads on the 21st April 1845, whilst the branch roads from them with other Minor District Roads will continue under the charge of the Collectors and District Engineers as heretofore.-

1st The Western Road to Mysore.
2nd The Southern Road to Trichinopoly
3rd The Northern Road with the connecting line to Cuddapah.
4th The Sumpajee Ghaut Road.

3. The Superintendent will be provided with an Assistant, and an Establishment, and as it is intended that the Office of Superintendent of Roads shall be a permanent appointment, the officer holding it, will not be removed for other duty.-

4. The Services of Assistant to the Superintendent will be made available for the inspection of particular roads either in the course of execution or already completed,- and generally for any duty connected with the Road Department.-

5. The Superintendent will immediately propose the establishment which he may require for keeping the accounts of his Department,

Department, writing Reports, and copying Plans &c. for the sanction of Government.- and the Accountant General will be pleased to lay down the forms in which the accounts of the Department should be kept.-

6. The Salary and allowances to be assigned to the Superintendent and his Assistant will be framed on the principle of retaining the Officers in the Road Department, and will commence from the date of their respective appointments.

7. The expenditure upon the great Trunk Roads and the Lines of Roads as pointed out in the Minute of the President quoted in this Despatch is never to exceed the sum of (4) four Lacs of Rupees Annually. This Amount will be held for this purpose at the disposal of Superintendent, and he will be responsible that it is on no account exceeded.-

I would propose to ask the Honble Court to sanction the execution of the Lines proposed and to give authority to this Government to expend Annually a sum not exceeding three to four Lacs of Rs. for that purpose?-

8. This sum, (Viz.t 4 Lacs of Rupees) will include charges of every description connected with the great roads- Such as actual disbursements for Repairs, Salaries of Superintendent and Assistant, Charges of Establishment, &c.- But it is not intended to include in the charge for forming and for keeping in due repair, the Minor and branch roads, confined to a District itself and which

are

are made chiefly for District purposes, or to communicate with the great Lines. These will continue to be defrayed from the general Revenues as heretofore, and not from the four Lacs now authorized for great Lines or Trunk Roads. On this point, the instructions of the Honorable Court will however be further solicited in order that there may be no misapprehension of their instructions.—

9. All sums already authorized for Road work on the Lines of Road whether under the orders of this Government or the Government of India, still in course of execution, will be included in the sanctioned Amount of 4 Lacs.—

10. The above sum having been placed at the exclusive disposal of this Government by the Honorable Court, all estimates from the Superintendent within this Amount, will, if approved, be passed by the Governor in Council, without reference to the Government of India.—

11. Estimates for the opening of new Lines of Communication, or for new projects connected with Roads, if greatly exceeding

10,000 Rupees will be submitted in the first instance with full plans and specifications for the approval and sanction of the Honorable Court of Directors.—

12. The Board of Revenue will be requested to instruct the Collectors to submit with their Annual Reports on the Extra Sources of Revenue of their respective Districts a separate report on the Roads and communications and to point out distinctly the actual advantages to the Foreign, or to the Home Trade of the Country, arising from the improved means of transport. They will also make such suggestions for the formation of new Lines and for the extension generally of the means of communication throughout their Districts, as may appear to them to involve important results.—

13. In order to secure the timely repair of branch Roads, it will be the duty of the Civil Engineer of the District to make an annual examination, and submit a general Report upon their condition. His attention should be specially directed to those on which there has been a considerable expenditure of Public Money.—

14. In proportion to the extent and cost of the original work, Collectors are authorized

Fort St. George 19th February 1846.

authorized during the Monsoon season to dis=
=burse to the Civil Engineers of the District,
on the responsibility of the latter for the ne=
=cessity of the expenditure, a fixed annual
Amount for emergent repairs, or for keeping up
a temporary Establishment for the preservation
of the roads, and especially of the Ghauts.
On the distinct understanding, that such
charges are to be confined within the nar=
=rowest limits, or emergency demands, and are
never to exceed fifty Rupees the Mile, and
are reported without delay for the sanction
of Government.—

15. His Lordship in Council
considers it to be essential to efficiency that
one uniform system of Road making should
be laid down, suitable to the different soils
and localities which should be carried out
both on the roads under the management of
the District Engineers, and on the great Trunk
roads or lines of Road of the Presidency. He
desires therefore, that the Superintendent of Roads
be consulted in the formation, the keeping
in repair, and in the improvement of the branch
roads, and whenever the public Money is ex=
=pended on Roads.—

Fort St. George 19th February 1846.

The Superintendent of Roads—

16. will correspond direct with the Government
on all matters connected with his Department
whether in respect of Roads immediately under
him, or under charge of the Collectors and
Civil Engineers.—

17. He will furnish periodical
reports of progress on the completion of every
five Miles of all Roads under his charge now
forming, and at the commencement of each year,
a general Report of the works executed, and dis=
=bursements made in the past year. This Re=
=port should shew the amount actually expended
within the year, as also the further sums re=
=quired to complete the lines of Road sanctioned
and in progress. He will also in communication
with the Board of Public Works, forward from
the local Revenue and Engineer Officers an
account of the sums expended in the past year
on branch Roads, that the Government may
have before it in one Statement a clear view of
the total annual outlay on the Roads of the
Presidency.—

18. The Board of Revenue in the
Department of Public Works, will be requested
to furnish the Superintendent with whatever
information

Fort St. George 19th February 1846.

authorized during the Monsoon season to dis-
burse to the Civil Engineers of the District,

20. The Superintendent of Roads will be guided in the conduct of the duties now devolving on him, by the instructions already furnished to him on the dates noted in the Margin, by the instructions and views of the Honorable Court of Directors in the Despatch under consideration and by the orders now communicated in the Memorandum annexed.—

Memo. of President annexed.

21. The Superintendent of Roads will give his attentive consideration to the concluding para of the Honorable Court's Dispatch respecting the employment of Overseers, and report the arrangements he would propose, for the employment of this class of Sub. Officers.—

22. The Board of Revenue

will

Fort St. George 19th February 1846.—

will require from the Superintendent of Roads such information and Statements as may be necessary, for the completion of their Annual Report of disbursements made and Estimates sanctioned in the several branches of the Maramut and Civil Buildings Departments.—

23. Ordered that the Honorable Court's Dispatches and the orders passed thereon be communicated for the information and guidance of the Board of Revenue, in the Revenue Department and Department of Public Works,

Fort St. George 19th February 1846.

Works, and in view to the necessary instructions being issued to the local Revenue and Engineer Officers, and that a copy be also transmitted to Captain Best Superintendent of Roads for his guidance with a Copy of the Memorandum of the President.—

To
J. F. Thomas Esqre
Chief Secretary to Government
Fort St. George

Sir,

Dated the 19th July 1845.

I am directed to communicate for the information of the Most Noble the Gover=nor in Council the Procedure which in the opinion of the Right Honorable the Governor General in Council it will now be expedient to adopt for the extinction of Human Sacrifices by the Khond or other Races of Orissa who practice that horrible Rite.-

2 The practical measures to be pursued to repress the crimes of this superstition are questions of the deepest interest to humanity in which these character of Indean Government is

Fort St. George 19th February 1846.-

is concerned. and its efforts ought never to cease until it has succeeded in extirpating such abominable Customs.-

3. Considering the nature and the extent of the Country in which they prevail, the condition of the wild Tribes who inhabit the unhealthy fastness of Orissa and the small num=ber of Individuals employed in the suppression of these sacrifices there is reason to be gratified to find that so much has already been accom=plished with such very slender means.-

4- Almost all the Officers of ex=perience who have written on this subject are unanimous that the extinction of the Meriah Sacrifice must be obtained by gradual and vo=luntary operations- That force and intimida=tion ought not to be resorted to as in all probabi=lity the attempt would be attended with much loss of Life, and little chance of ultimate succes=s- The risk would be incurred that the Khond Tribes would take opportunities of sacrificing their victims in secret and if force were employed there would be the same unsatisfactory results as those which attended the Madras Army in the Goomsur Campaign when the losses and suf=ferings of the Troops were great in consequence of the insalubrity of the Climate.- There

5. There is also a general concurrence of opinion that the efforts of the Government ought to be made under one system and one influential agent; that his Coadjutors should conduct their proceedings simultaneously with him and in subordination to him. That by thus entrusting to one controlling authority the management of this difficult undertaking, there will be a better chance of success, than if the authority continue divided, as it has hither to been between Bengal and Madras Officers.-

The expediency of unity of System is exemplified in the Declarations made in January 1844. by the Tribes who had been prevailed upon to give up the practice, namely that the change effected could not be maintained unless the apparent distinction in the Policy carried on by the two Governments, were to cease, and a general System be substituted.-

6.- The Governor General in Council is satisfied that the object will be best attained by the formation of an agency extending over the whole tract of Country where Human sacrifices prevail which agency shall be under the general guidance of the Government of India.-

The Agent as exercising his powers within Districts of two different Presidencies would be nominated to his Office by the respective

respective Governments, according to local limits, and his subordinates the same; the territorial jurisdiction of the Sudr Courts in regard to the administration of Civil and Criminal justice remaining virtually as they are.-

I am directed to transmit a Copy of a Draft Act for empowering the Governor General in Council to regulate this matter, and to request that the Governor in Council will favor the Supreme Government with his sentiments respecting its provisions.-

7. The Governor General in Council would propose in the first instance to remove from the Jurisdiction and superintendence of the Commissioner and Superintendent of Tributary Mehals in Cuttack the Estates of Dusphallah and Boad and place them under the Jurisdiction and Superintendence of Captain Macpherson as Agent for the Suppression of Meriah sacrifices in the Hill tracts of Orissa under Act. 1845 that Officer and his Subordinates to be guided by the same Rules in all Departments of the administration as the Commissioner and Superintendent of Tributary Mehals in Cuttack and his Subordinates would be required respectively to observe in the same limits, if these were the local Functionaries; except that where persons

of

5. There is also a general concurrence of opinion that the efforts of the Government ought to be made under one system and one influential agent- that his Coadjutors should conduct their proceedings simultaneously with him and in subordination to him- That by thus entrusting to one controlling authority the management of this difficult undertaking there will be a better chance of success than if the authority continue divided as it has hitherto been between Bengal and Madras Officers.-

The expediency of unity of system is exemplified in the Declarations made in January 1844. by the Tribes who had been prevailed upon to give up the practice, namely that the change effected could not be maintained unless the apparent distinction in the Policy carried on by the two Governments, were to cease, and a general System be substituted.-

6.- The Governor General in Council is satisfied that the object will be best attained by the formation of an agency extending over the whole tract of Country where Human sacrifices prevail which agency shall be under the general guidance of the Government of India.-

The Agent as exercising his powers within Districts of two different Presidencies would be nominated to his Office by the

respective

respective Governments, according to local limits, and his subordinates the same; the territorial jurisdiction of the Sudr Courts in regard to the administration of Civil and Criminal justice remaining virtually as they are.-

I am directed to transmit a Copy of a Draft Act for empowering the Governor General in Council to regulate this matter, and to request that the Governor in Council will favor the Supreme Government with his sentiments respecting its provisions.-

7.- The Governor General in Council would propose in the first instance to remove from the Jurisdiction and Superintendence of the Commissioner and Superintendent of Tributary Mehals in Cuttack the Estates of Duspallah and Boad and place them under the Jurisdiction and Superintendence of Captain Macpherson as Agent for the suppression of Meriah sacrifices in the Hill tracts of Orissa under Act- 1845 that Officer and his Subordinates to be guided by the same Rules in all Departments of the administration as the Commissioner and Superintendent of Tributary Mehals in Cuttack and his Subordinates would be required respectively to observe in the same limits, if these were the local Functionaries; except that where persons

of.

of the Hill Races on persons identified with the Hill Races by residence and customs are concerned special Rules will be provided by the Governor General in Council for the guidance of the Public Officers.-

In like manner the Governor General in Council would remove in the first instance from the Jurisdiction and Superintendence of the Collector of Ganjam exercised by him as Agent to the Governor of Fort St. George under Act XXIV of 1839 the undermentioned tracts of Country Viz t.-

1- The Khond Tract included in the assumed Zemindary of Goomsoor.-

2. The two Jungle Mootahs of Bereeste and Punchgoda in Goomsur.-

3. The whole or so much of the Mootahs of Bingigheire and Pareya in Goomsur as shall conveniently include the Chief marts for Khond produce.-

4. The assumed Zemindary of Souradah-

5. The Zemindary of Coradah and place them under the Jurisdiction and Superintendence of Captain Macpherson as Agent for the suppression of Meriah sacrifices in the Hill Tracts of Orissa under Act- 1845 that Officer and his subordinates to be guided by the same rules in all Departments of the administration as the Collector

and his subordinates would be required to observe if they were the local functionaries except that when persons of the Hill Races and persons identified with the Hill Races by residence and customs are concerned special rules will be provided by the Governor General in Council for the guidance of the public Officers the difference only in other respects being that the Khond Agent and his subordinates shall receive their instructions from the Government of India through the Government of Bengal in matters in which the present Functionaries would be guided by the directions and decisions of the latter authority and by the Government of Fort St. George respectively.-

It will be convenient that the Agent address to the Bengal Government all letters on matters connected either with the Madras or the Bengal Territories of which the Supreme Government will take cognizance and that he receive all orders of the Supreme Government through the Bengal Government- Copies of all the correspondence will be transmitted to the Madras Government.-

The Governor General in Council would not propose immediately to act on the provision of Section IV in respect to any portion of the Rajahmundry District.

The

8.- The number of persons assisting the chief Agent appears to the Governor General in Council to be too small. Captain Macpherson's health has on more than one occasion failed and the Establishment should be so organized that an accident occurring to an Individual should not arrest the progress of the experiment.-

9. In addition to the services of a Assistant Surgeon Cadenhead whom the Governor General in Council would continue in the Agency as first assistant the Governor General in Council will be prepared to sanction the employment of any other qualified Officer available in the Madras Establishment. Medical skill is a great desideratum. The Khonds are stated to suffer greatly from the ravages of small Pox and from blindness. The introduction of Vaccination might be extended by Native Doctors and as there are only three months of the twelve during which their personal services would be required in the Khond Country these Officers might be spared from their ordinary duties during the cool season being liberally remunerated for the short period they would be employed in the Khond Country.-

10.- To limit year after year the operations of two or three Officers to the District which each could superintend for three Months

would

would be most detrimental to the success of the plan where the extent to be operated upon consists of a wild tract of Country of 300 Miles in length by 100 Miles in breadth.-

11.- The Governor General in Council is of opinion that the European Agents to be placed in charge of Districts should at least consist of 5 or 6 well qualified assistants each having under him 2 or 3 Native individuals of intelligence and integrity the whole acting strictly on one plan laid down in the instructions which will be prepared for their guidance.-

12.- As soon as a Zemindary shall no longer require to be under the Khond Agent it should be restored to the ordinary Collector with precise instructions from the Government that the system which has been found efficacious in reclaiming the Khonds from their sanguinary superstition and the practice of Female Infanticide (the extinction of which is to go hand in hand with the extination of human Sacrifices) shall continue to be acted upon. Our intercourse with the Khonds would thus be perpetuated and the risk of a relapse obviated.-

13. The Governor General in Council would not recommend the employment of regular Sepoys except in the smallest numbers required

required for an Escort in attending upon the Officers when they will visit their Districts.-

14.- As regards the effects to be produced by opening out roads of communication through the Country for purposes of traffic there are not sufficient grounds for expecting any good result by incurring the expence. But it may be advisable to repair the Caurmungala Ghaut the road thence to Sohunpore having been much frequented while it continued open. The Governor General in Council would therefore have the 5000 Rupees which has been appropriated to this object by the Madras Government placed at the disposal of Captain Macpherson and a party of Sappers with an Officer or Serjeant capable of forming a Road attached to the Khond Agency nesete cold weather for this duty.-

15.- The Governor General in Council requests that the Madras Government will state whether there will be any objection to placing the whole Company of Ganjam Sibundies with its Sirdar at the disposal of the Agent when he may require their Services, and will make arrangement to enable the agent to command the Services of the Paiks of Goomsur in the Hill Country

according to the tenure on which those men hold their lands.-

16.- It will be necessary to direct the Magistrate of the District of Ganjam to give effect to Sentences of imprisonment passed by the Khond Agent and his subordinates in conformity to the rules prescribed for their guidance as if passed by the regular Tribunals.-

17.- I am directed to observe that the proposed Act is ordered to be reconsidered at the first Legislative meeting of the Government of India after the 31st. Proximo and it will be satisfactory to the Governor General in Council to be in possession of the sentiments of His Lordship in Council relative to the provisions of the act at as early a time as may be convenient.-

Fort William
The 19th. July 1845.-

To E. P. Thompson Esqre.
Secretary to the Govt. of
Fort St. George

Dated the 13th. September 1845.-

Sir,

Para 1.- I am directed by the Right Honorable the Governor General in Council to acknowledge the receipt of your letter No. 993 dated the 22d. ultimo with

Fort St. George 19th February 1846.-

with an Extract from the Consultations of the Government of Fort St. George of the same date and Copies of Minutes dated the 9th and 15th idem by the Most Noble the Governor, relative to the proposed operations for the suppression of Human Sacrifices in the Khond Country.-

2. The Government of India would have deferred the further consideration of the Draft Act respecting the Agency to be established for extinguishing these sacrifices at the request of the Government of Fort St. George, but for the near departure of the Governor General to the North Western Provinces, which has made it very expedient for the saving of time, that the Law for the appointment of Agents and for the determination of their Jurisdictions should be passed without further delay.-

3. It is likewise important that the Officers to be employed should be placed upon their duties at the very opening of the season most favorable for communicating with the Zemindars and Khonds.-

4 The Law according to the Draft forwarded with my letter of the 19th July has therefore been this day passed by the Legislative Council.-

The

Fort St. George 19th February 1846.-

5. The Governor General in Council is most desirous of seeing a cordial cooperation with the Local authorities in the difficult and deeply interesting undertaking the general Policy of which was explained in my letter of the 19th July and consistently with those views it will be in his power, in giving effect to the provisions of the Law, to conform to any suggestions and sentiments of the Government of Fort St. George on the report called for from the Acting Agent in Ganjam whenever they shall be received I am directed to request that the services of the following Officers of the Madras Establishment may be available for the duties to be performed under Act No. XXI of 1845.-

Captain S.C. Macpherson 8th Regt N. I. to be appointed by the Government of Fort St. George Agent for the suppression of Meriah Sacrifices in the Hill Tracts of Orissa to be placed by the Governor General in Council under his jurisdiction and superintendence within the limits of the Presidency of Fort St. George.-

Mr. Assistant Surgeon John Cadenhead to be appointed by the Government of Fort St. George Principal Assistant to Do. Do.-

Lt. J. McVicar 41st Regt N. I. to be appointed by the Government of Fort St. George an Assistant to Do. Do.

6. It is intended that the proceedings under

under Act XXI of 1845 against the practices of the Meriah sacrifice and female infanticide in the Hill Tracts of Orissa shall commence with the establishment of an Agent and three Assistants Viz.t.-

Captain Mc. Pherson Agent.

Mr. Assistant Surgeon Cadenhead Principal Assistant.-

Lieutenant G. W. S. Hicks 8th. Regiment Bengal N. I. Assistant.-

Lieutenant J. McVicar Assistant

The appointments made by the Most Noble the Governor in Council for the limits of the Madras Presidency should include that of Lieut.t Hicks These Officers will receive allowances on the following scale.-

The Agent 1600 Rupees a month and a travelling allowance of 500 Rupees a Month.-

The Principal Assistant 900 Rupees a Month.-

The other Assistants 600 Rupees a month each.-

The Principal and other Assistants will receive 250 Rupees a month for travelling allowance and the travelling allowances of this Agency will be drawn only when the Officer or Officers are absent on the duties of their Offices from their Head Quarters.-

7- The Governor General in Council will be glad if the Madras Government issue

orders on all points noticed in paras 13. 14 and 15 of my letter of the 19th July that may not require further reference to the Government of India

Fort William - - }

Secretary to Government.-

No. 3.-

Extract from the Minutes of Consultation under date the 30th September 1845.-

From the Acting Agent to the Governor of Fort St. George (Here enter 6th Sept.r 1845 No. 152)
in Ganjam.-

From the Secretary to Govern=ment of India.- (Here enter 13th Do.- - - " 611)

Minute by the Most Noble the President.- (Here enter 30th Do.- - - " 1387)

Para 1- Resolved that the appointments proposed in the Minute recorded above be made and notified in the Official Gazette Viz.t

Captain S. C. MacPherson, 8th. Regiment N. I. Agent for the Suppression of Meriah Sacrifices and Female Infanticide in the Hill Tracts of Orissa.-

Assistant Surgeon J. Cadenhead Prin=cipal Assistant to the Agent.-

Lieutenant G. W. S. Hicks of the 8th. Regiment

Regiment Bengal N. I. and Lieutenant J. Mac Vicar of the 41st Regiment N. I. to be Assistants to the Agent.-

2. The allowances assigned to the above Officers under the Orders of the Government of India are:-

To the Agent Rupees (1600) One thousand Six hundred per Month, and Travelling allowance of Rupees (500) Five hundred a Month.-

The Principal Assistant (900) Nine hundred Rupees a Month.-

The other Assistants (600) Six hundred Rupees a Month each.-

The principal and other Assistants will receive Rupees (250) Two hundred and fifty a Month for Travelling allowance, and the travelling allowances of the Agent and his Assistants will be drawn only when these Officers are absent from Head Quarters on duty.-

3. The agent will be directed to pay due attention to the instructions of the Government of India that regular Sepoys should not be employed except in the smallest numbers required for an Escort in attending upon the Officers when they visit their districts.-

4.- The Sum of Rupees (5,000) Five thousand sanctioned under date the 10th December 1842

No 1846 for the construction of the road from Nowgam to Sawangada by the Sawunghia Ghaut will be placed at the disposal of Captain MacPherson, and the Accountant General will be requested to issue instructions for that purpose.—

5 Instructions will also be issued through the Military Department for attaching to the Khond Agency as early as possible a part of Sappers with an Officer or Serjeant capable of forming a Road, for the above work.—

6 As the Company of Silladies attached to the Ganjam Agency and Collectorate is reported by the Governor's Agent in his letter of the 6th September 1845 to be required for Police and Public purposes, it cannot be spared for the Khond Agency. Captain MacPherson will therefore be instructed under the Orders of the Government of India to raise the number of men he may require from among the Paiks and report the arrangements which he may make.—

7. The Magistrate of Ganjam will be directed to give effect to sentences of imprisonment passed by the Khond Agent and Subordinates in conformity to the rules prescribed for their guidance, as if passed by the regular Tribunals, and to facilitate the operations of the Agency generally.—

Fees

Fort St George 19th February 1846

His Lordship in council ob-
8. serves that the Report of the Acting Agent in Ganjam has been forwarded direct to the Supreme Govern-ment, and as the Draft Act for the suppression of Meriah Sacrifices has been passed into Law it is now unnecessary to do more than communi-cate to the Government of India the arrange-ments ordered at this Presidency.

9. The Acting Agent and Collector in Ganjam will be requested to report fully in reference to para 43 of his letter of the 6th September 1845, the considerations which suggest-ed to him, the expediency of filling the appoint-ment of Principal Assistant to the Agency in Ganjam from the ranks of the Civil Service.

10. Ordered that a copy of the fore-going Resolutions be furnished to Captain MacPherson for his information and for communication to the Officers subordinate to him.

11. Ordered also that a copy be furnished to the Acting Agent and Collector in Ganjam and paras 4 & 5 to the Accountant General and Civil Auditor for their information and guidance respectively.

No 1.

To J. F. Thomas Esqre
Chief Secretary to Government
Fort St George

Dated the 6th December 1845.

With reference to your Letter No 1225 dated the 30th September last, with its enclosure I am directed to transmit for the information of the Government of Fort Saint George the accom-panying copy of a Resolution this day pas-sed by the Honorable the President in Council relative to the limits in which the authority of the Agent for the suppression of Meriah Sacrifices shall be exercised in the Ganjam District and to the Establishments which may be necessary for carrying on the operations of this agency.

2. The President in Council has stated in the Resolution the reason which has recommended the transfer of some portions of the Ganjam District to the authority of the Agent under Act XXI of 1845 and he hopes that no inconvenience will be experienced therefrom but if it shall appear otherwise to the apprehension of the Most Noble the Governor in Council or any contrary result hereafter be experienced, the Government of India will be ready to attend to any suggestions that may be made upon this

Fort St George 12th February 1846

this subject by the Madras Government. In the mean while I am directed to solicit that the necessary instructions be given to the agent under act XXII of 1839 to give early effect to the Resolution of the Government of India in connexion with Captain MacPherson and to cooperate with that Officer as much as possible towards the attainment of the objects of this affair.

3. His Honour in Council desires me to beg attention to the remarks in the Resolution respecting the Sebundies.—

Fort William
The 6th December 1845 } Signed G. A. Bushby
Resolution. Secretary to Govt of India

Home Dept.
The 6th Decr 1845 } 1. The Honorable the President in Council has had under his consideration the recent correspondence with the Madras Govern-ment and communications have been held with Captain Macpherson, relative to the limits in which the authority of the agent for the suppression of Meriah sacrifices shall be exercised in the Ganjam District and to the establishments which may be necessary for carrying on the operations of this agency.—

2. The Report of the Acting Agent to the Governor of Fort St George dated 6th Septr of which a copy was sent direct to the

Fort St George 19th February 1846

Supreme Government in compliance with the Orders of the Governor in Council of Madras has also been considered.—

3. The Governor General in Council having determined that the measures to be adopted with the Khonds in order to influence them in regard to the abandonment of their practices of Human sacrifice and Female Infanticide, shall be pro-secuted without violence, and that their alien-ation from these savage rites shall be effected by gradual and voluntary operations in which it is obvious that there must be with the Khonds a sence of benefits obtained through the im-provement of their relations with the Govern-ment for these purposes it is deemed necessary to vest the Agent and his assistants with a jurisdiction adequate to the protection of the Khonds in their intercourse out of their own immediate haces and residence.—

4. The President in Council therefore re-solves to constitute the agency, in the first instance in accordance with the proposition in the Letter to the Madras Government dated the 19th July next and to vest Captain Macpherson with an Official character and authority in the Estates of Dusputtah and Boad now within the jurisdiction and Superintendance of the Commissioner and

and Superintendent of Tributary Mehals in Cuttack and in certain portions of the Ganjam District now within the jurisdiction and Superintendence of the Collector of Ganjam exercised by him as Agent to the Governor of Fort St. George under Act XXIV of 1839—

5. In pursuance of the provisions of Section 1 Act XXI of 1845, the President in Council is pleased to remove Hillah Joormoo alias Dusputtah one of the Tributary Estates specified in Section 2 Regulation X of 1816 of the Bengal Code, from the jurisdiction and Superintendence of the Commissioner and Superintendent of Tributary Mehals in Cuttack, and to place it under the jurisdiction and Superintendence of the Agent for the suppression of Meriah Sacrifices and his subordinates to be appointed by the Government of Bengal in that behalf.—

6. The President in Council is pleased also to resolve that the Estate of Boad, now within the jurisdiction of the Commissioner and Superintendent of Tributary Mehals in Cuttack shall be annexed to the jurisdiction and Superintendence of the Agent for the suppression of Meriah Sacrifices and his subordinates to be similarly appointed.

7. And in pursuance of the provisions of Section III Act XXI of 1845, the President in Council is pleased to remove from the jurisdiction

and Superintendence of the Collector of Ganjam, exercised by him as Agent to the Governor of Fort St. George under Act XXIV of 1839, the undermentioned tracts of country and to place them within the jurisdiction and Superintendence of the Agent for the suppression of Meriah Sacrifices and his subordinates appointed by the Government of Fort St. George or who may be appointed in that behalf viz.

1. The Khond Tracts of Goomsur above the Ghauts—

2. The seven undermamed Mootahs of Goomsur below the Ghauts—

1. Berecole
2. Punch guddatolo
3. Gallery
4. Jacksobady
5. Aeter gudda tolo
6 Duketrun guddatolo
7. Wonagherry.

3. The Hill Zemindary of Boradah with its related Tribes—

8. It is the intention of the Supreme Government in establishing a special Agency to confide to it a more comprehensive plan of operations than has heretofore been pursued in respect to the Meriah Sacrifice and female infanticide, and to constitute the Agency

Agency so that it shall be capable of extending itself over the whole tract of the Orissa Country where these practices prevail.

9. The Agency will Act under the general guidance of the Government of India.

10. The Agent as exercising his powers within the Districts of two different Presidencies will be nominated to his Office by the respective Governments according to local limits and his subordinates the same, the territorial jurisdiction of the Sudr Courts in regard to the administration of Civil and Criminal Justice remaining virtually as before.

11 Ordinarily the Officers for the suppression of the Meriah Sacrifice will succeed to such duties as have been performed by and will have like powers with those Officers from whose jurisdictions the portions of Country in which they are employed have been removed.

12. Where Khonds are concerned or Persons identified with them in Customs and domicile, respect must be had to the state of these people and the patriarchal institutions by which they are governed.

13. It will be the duty of the Agent to establish his influence and the authority of the British Government with the Zemindars and the Khond Tribes without making

Force or intimidation the Instruments of his Mission.

14. In respect to the Estates separated from the authority of the Commissioner and Superintendent of Tributary Mehals in Cuttack. The Agent will exercise the powers hitherto vested in the former Functionary and shall be competent to delegate to his subordinates his Civil powers, except in respect to claims of Right of Inheritance or succession in Estates under Regulation XI of 1816, and in like manner his Criminal powers, provided that his subordinates to whom such powers have been delegated shall not award for any offence a punishment exceeding three years of Imprisonment, provided also that in any case tried by a subordinate, if the latter shall be of opinion that the punishment of imprisonment for three years would not be adequate to the offence of which the Prisoner has been convicted, he shall refer the proceedings to the Agent with his opinion to that effect and a Statement of the grounds thereof and the Agent on a review of the proceedings shall be at liberty to award punishment on such conviction not exceeding seven years of Imprisonment, or if of opinion that an award of Imprisonment for seven years would be an insufficient sentence of punishment for the

Agency so that it shall be capable of extending itself over the whole tract of the Orissa country where these practices prevail.

9. The Agency will act under the general guidance of the Government of India.

10. The Agent as exercising his powers within the Districts of two different Presidencies will be nominated to his Office by the respective Governments according to local limits and his subordinates the same, the territorial jurisdiction of the Sudr Courts in regard to the administration of Civil and Criminal Justice remaining virtually as before.

11 Ordinarily the Officers for the suppression of the Meriah Sacrifice will succeed to such duties as have been performed by, and will have like powers with those Officers from whose jurisdictions the portions of Country in which they are employed have been removed.

12. Where Khonds are concerned or Persons identified with them in Customs and domicile, respect must be had to the state of these people and the patriarchal institutions by which they are governed.

13. It will be the duty of the Agent to establish his influence and the authority of the British Government with the Zemindars and the Khond Tribes without making

Force or intimidation the Instruments of his Mission.

14. In respect to the Estates separated from the authority of the Commissioner and Superintendent of Tributary Mehals in Cuttack. The Agent will exercise the powers hitherto vested in the former Functionary and shall be competent to delegate to his subordinates his Civil powers, except in respect to claims of Right of Inheritance or succession in Estates under Regulation XI of 1816, and in like manner his Criminal powers, provided that his subordinates to whom such powers have been delegated shall not award for any offence a punishment exceeding three years of Imprisonment, provided also that in any case tried by a subordinate, if the latter shall be of opinion that the punishment of imprisonment for three years would not be adequate to the offence of which the Prisoner has been convicted, he shall refer the proceedings to the Agent with his opinion to that effect and a Statement of the grounds thereof and the Agent on a review of the proceedings shall be at liberty to award punishment on such conviction not exceeding seven years of Imprisonment, or if of opinion that an award of Imprisonment for seven years would be an insufficient sentence of punishment for the

the offence, the agent may refer the case for orders in the same form to the Governor General in Council. The agent may call up a case at any time from the Courts of the Subordinates and investigate it himself or he may modify or annul their decisions.—

15. In respect to the tracts of country separated from the authority of the Collector of Ganjam, the agent will exercise the powers hitherto vested in the former functionary as agent to the Governor of Fort St. George administering to Hindoos and Mahomedans by birth and customs the Civil and Criminal and Revenue Laws of the Presidency of Fort St. George as they are at present administered by the agent to the Governor of Fort St. George under the supervision of the Madras authorities, except in Civil Suits in which the interests of persons of Hill Race or of persons who have adopted their customs or become domiciled with them are concerned; in such cases, administering law according to Equity and usage under the supervision of the Governor General in Council, and except in Criminal business affecting persons of Hill Race or persons who have adopted their customs or become domiciled with them to all of these Criminal

Criminal justice shall be administered in accordance with the spirit and principles of the general Regulations of the Government and with a due consideration for the condition and usages of the Hill races.—

16. The Agent in respect to Offences of the last mentioned classes shall exercise his powers under the supervision of the Governor General in Council, and shall have the same power of punishment as in the Estates separated from Cuttack. He shall also be competent to delegate his powers Civil and Criminal to his subordinates as in these Estates.—

17. The President in Council is pleased to resolve that in the tracts of country included in the Agency for the Suppression of the Meriah Sacrifice and Female Infanticide the awards of the Agent and of his subordinates in the exercise of the Authority committed to them by this Resolution or in conformity to this Resolution, shall not be voidable by reason of any defect of form or deviation from the course of proceeding established for the Civil and Criminal Courts in the Regulation Provinces so that substantial justice be done in these Tracts of the Officers employed the usual forms being nevertheless to

to be adhered to, so far as they are compatible with the circumstances and condition of the country. This rule will apply equally, to matters of Revenue and to the correspondence of the agent with the Board of Revenue of Madras

18. The Agent will receive his instructions from the Government of India through the Government of Bengal in matters in which the former Local authorities would have received theirs directly from the Governments respectively of the Presidencies under which they were serving. The Agent will address to the Government of Bengal all Letters on matters connected either with the Bengal or the Madras Territories of which the Supreme Government will take cognizance. The orders of the Supreme Government will be transmitted to him thro' the Bengal Government and copies of all correspondence regarding the Agency will be forwarded to the Madras Government.

19. In regard to Establishment a native agency must be organized and instructed and when that has been effected separate Offices will be required for the different Assistants to whom special powers may be entrusted. The President in Council authorizes the Agent to entertain gradually and experimentally an Establishment for Khond

Khond operations on the scale appended to this Resolution. The total estimated cost of which will be 1069 ℔ a per mensem, if as His Honor in Council hopes will be found to be practicable a reduction be effected in the Sebundy Company attached to the Ganjam agency as therein contemplated. His Honor in Council understands that the Paiks raised for the Sebundy Company are the only people capable of the Police service necessary for the objects of the Khond agency in the Hills, and that fifty or half of the Company with its Sirdar were placed at the disposal of the Principal Assistant Agent in Ganjam for Khond proceedings by order of the Madras Government dated the 10th November 1812. The Sebundies are for the most part stationed in the tract which the Hill agency will now include. It seems therefore desirable that as many of the men as possible should be left with the new agent and if indispensable that their places be supplied by new levies where experience in Khond operations is not of primary consideration. His Honor in Council suggests this arrangement for the determination of the Governor in Council at Fort St George, and also with a view to as much economy as can be effected would request the Madras Government to Order the

the Collector of Ganjam to make over all the ordinary local establishment to the agents authority, and in every other way consistently with the principles of procedure prescribed, to aid in the objects of the Khond Agency—

20. The President in Council sanctions the construction of a Cutcherry Bungalow in the quarter of Souradah at a cost not exceeding one thousand Rupees—

Ordered that a copy of this Resolution be communicated to the Government of Fort St George with reference to the Despatch from that Government dated the 30th September and that a copy be transmitted to the Government of Bengal with reference to the Letters of Mr Secretary Halliday of the dates noted in the Margin—

25th September 1845 No 1191 with Encls
1st July 1845 — 1097 Do
23rd Do 15th Do 1045 Do
25th June 1845 — 1121 Do

Ordered that the Government of Bengal be requested to appoint and Gazette the Officers of the Agency for the suppression of

of Meriah sacrifices and Female Infanticide in the Hill tracts of Orissa in the Bengal Presidency and to forward to the Agent a copy of this Resolution for his information and guidance and also to forward a copy of the Resolution to the Commissioner and Superintendent of Tributary Mehals in Cuttack who will take the necessary steps to make known in Dusspullah and Boad the jurisdiction to which these Estates have now been transferred—

The Order in Council in this Resolution respecting the jurisdiction of the Agent for the suppression of Meriah Sacrifices is to be published in the Calcutta Gazette—

From the Secy to Government Transmitting Copy of a letter from the Accountant General with its inclosure requesting the Board to report the most convenient Head of Account under which the Collections & Charges of the Ceded Danish Territories can be exhibited.

Extract from the Minutes of Consultation under date the 2d February 1846.

Read the following letter.

To J. F. Thomas Esqre
Chief Secretary to
Government.

Sir,

I have the honor to forward to be laid before the Most Noble the Governor in Council, the accompanying copy of a letter received from the Collector of Tanjore dated the 10th Instant, and, with reference to the order in Council dated 2d January 1846 published in the Fort St. George Gazette of the 6th Instant, directing that the limits of the Zillah of Tanjore be altered, so as to include the Town of Tranquebar and its dependant Districts, to request to be furnished with instructions, whether it is the intention of Government, that the Collections and charges of that Settlement, and its dependencies should be exhibited in the Accounts of the Collector of Tanjore, under the Head of "Nagore" and included with the Collections and charges of the Nagore District, or whether they should be shown in his Accounts under a separate head of "Tranquebar and its dependencies" as they cannot be included with the Collections of Tanjore proper.

From the Secy to Government transmitting Copy of a letter from the Accountant General with its inclosure requesting the Board to report the most convenient Head of Account under which the Collections & Charges of the Ceded Danish Territories can be exhibited.

Extract from the Minutes of Consultation under date the 2d February 1846

Read the following letter

To J. F. Thomas Esqre
Chief Secretary to
Government

Sir,

I have the honor to forward to be laid before the Most Noble the Governor in Council, the accompanying copy of a letter received from the Collector of Tanjore dated the 10th Instant, and, with reference to the order in Council dated 2d January 1846 published in the Fort St. George Gazette of the 6th Instant, directing that the limits of the Zillah of Tanjore be altered, so as to include the Town of Tranquebar and its dependant Districts, to request to be furnished with instructions, whether it is the intention of Government, that the Collections and charges of that Settlement, and its dependencies should be exhibited in the Accounts of the Collector of Tanjore, under the Head of "Nagore" and included with the Collections and charges of the Nagore District, or whether they should be shewn in his Accounts under a separate head of "Tranquebar and its dependencies" as they cannot be included with the Collections of Tanjore proper

Read again Extract

from the Proceedings of the Board of Revenue dated 28th April and entered

entered in Consultation 3d June 1845 No. 708.

Read also the following papers.

From the Secretary to the Board of Revenue

(Here enter 6th June 1845 No. 361)

Extract from the Proceedings of the Board of Revenue

(Here enter 22d December 1845. No. 767)

Para 1 The Most Noble the Governor in Council has had under his deliberate consideration the circumstances communicated in the Proceedings of the Board of Revenue dated 28th April 1845 respecting the past history and the present condition and resources of the Bezwarah Zemindary in the Masulipatam District, and the proposition of the local Officers for a reduction of the Peishcush fixed on it as well as the recommendation of the Board for its immediate sale for arrears of public revenue on a suitable provision being made for the widow proprietor.

2 His Lordship observes from the Board's proceedings that for nearly 30 years,

12 years of which the Estate was under the Collectors management, the Peishcush was punctually realized, and this fact sufficiently proves, as the Board remark, "that the Zemindary had not been over assessed and that its deterioration was to be attributed to other causes than over assessment," and that its present depressed condition is to be traced" to the mismanagement of the Zemindars and evils inseparable from Zemindary management aggravated by the inefficiency and rapacity of temporary Establishments deputed to manage the property."

3 Even if the reductions proposed by the Collector in his letter of the 16th November 1844, were made in the Peishcush, His Lordship in Council is of opinion that the same would not have been paid regularly and Mr. Potter's subsequent communication of the 18th December, reporting that the payments then made for fusly 1254 fell short of the fixed Peishcush by Rupees 27,139, and less by Rupees 16,571 than the reduced Peishcush suggested by him confirms this opinion.

4 The Most Noble the Governor in Council resolves therefore that the course of proceeding directed in Extract Minutes Consultation 20th January 1846 No. 98 to be pursued in regard to the Zemindaries of the Guntoor District, should be adopted

entered in Consultation 3d June 1845 No. 708.

From the Collr of Canara — Submits a Statement of the prices of Grain and reports on the present condition and prospects-

Sir,

I have the honor to forward the accompanying Statement of the present Prices of the principal kinds of Grain as required in your letter of the 31st Ultimo-

With regard to the 2d para of your letter under acknowledgment, I beg to state that the rains set in on the 5th May and continued till August following in sufficient quantities but a long drought during the Months of September and October proved injurious to the crops of the Betts or 3d Class of land- The Crops on the whole are considered to be near the averages-

The price of Grains in the course of the present season have been higher than at the same period in the preceding season and it is believed, will make up any deficiency

Fort St. George 19th February 1846-

deficiency in the crops- The Statement in the Margin will shew the ratio in which each kind of grain has risen in value- This enhancement of the prices is attributable to a failure of the Grain Crops in Mysore and to an increased demand for the same from Arabia, Muscat, Dutch and other Countries in that direction, where some failure of crops and consequent scarcity is said to exist-

	Prices in February 1845-			Prices in February 1846-			Increase in 1846-		
Seera per Corge	94	8	"	105	"	"	20	8	"
Beltigay	73	8	"	94	8	"	21	"	"
Muskutty	68	8	"	84	"	"	15	8	"

Sir,

From the Collr of Rajahmundry

Proposing to commence the Manufacture of two lacs of Maunds of Salt to afford employment to the Salt Manufacturers & tend greatly to benefit the Native Shipping if the Board see fit to apply for reduction of the prices

In consequence of the orders received in your letter dated 10th July 1845 regarding the sale of Salt for exportation to Calcutta whereby the ready Money necessary to be paid by the Merchants here, has been greatly increased, I have the honor now to bring to your notice the circumstance that the heavy duty has completely stopped all exportation and I beg to submit for the consideration of the Board a proposition by which the trade may to some extent be restored to its former footing.

There are at present in store 2,55,000 Bengal Maunds in two Salt Farms in this District; sufficient for the Home consumption only for 18 Months, and it was not intended to manufacture any Salt this year. The owners of the Native Craft who generally carried the Salt to Calcutta are however great losers by the Cessation of the trade. Formerly they paid on an average 46 Rupees Gge and received 70 Rupees on delivering it at Calcutta. now they are obliged to pay 315 Rupees for the

Fort St. George 19th February 1846.

same quantity, and very few of them possess sufficient ready Money to afford to load an ordinary sized Doney. If however the Board see fit to apply for any reduction of the present price, I propose to commence the manufacture of 2 lacs of Maunds this Month, which would afford employment to a Number of the usual Salt Manufacturers and tend greatly to benefit the Native shipping. As the matter admits of little delay I will immediately on receipt of the Board's answer send in the usual estimate for Salt to be manufactured for exportation.

I may also observe that if the quantity of 1,50,000 Maunds advertised in the Fort St. George Gazette dated 19th September 1845 as available for exportation, should by chance be bought up by any European Merchants, there would not be sufficient for home consumption although there is every reason to expect a large supply of spontaneous Salt this year.

Rajahmundry District
Cauhera purroo
4th February 1846.

(Signed) J. Prendergast.
Collector

Ordered

Fort St. George 19th February 1846.

Ordered that the following letter be sent in reply.-

38-39

To the Collr of Rajahmundry

To,
The Collector in the Zillah of
Rajahmundry.

Sir,

Para 1.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 4th Instant, on the subject of the export of Salt to Calcutta, and in reply to inform you, that no indent for Salt has yet been received from the Bengal Government, and it seems doubtful whether any Salt will be required at Calcutta on indent during the present season. As regards the importation of Salt into Bengal on private Trade, the Board also see no reason to expect that any reduction will be made in the present rate of import duty in Bengal, 3 Rupees per Maund. The Board therefore regret that they cannot authorize the manufacture of Salt at your pans for exportation by sea during the Current year.-

2. The Board presume that the quantity 150,000 Maunds referred to in the

last

To the Collr of Rajahmundry — Informing him that it is doubtful whether any Salt will be required by the Bengal Govt on Indent during the present Season and that as the Board see no reason to expect that any reduction will be made in the present rate of import duty in Bengal they cannot authorize the Manufacture of Salt at his pans for exportation by Sea during the Current year. In Corr 19th Feby 1846.

Fort St. George 19th February 1846.

last Para, forms part of the 2,55,000 Bengal Maunds mentioned in Para 1 of your letter. There appears to the Board to be little prospect of any considerable proportion of this Salt being purchased for exportation by Sea, and they therefore authorize you to set apart any quantity of 150,000 Maunds, not exceeding two thirds, for sale for home and inland consumption, deducting such quantity from your next return of Salt available in your District to purchasers on account of private trade.-

3- In your letter you state, that the owners of Native Craft are now obliged to pay 315 Rupees per 100 Maunds, and that very few of them possess sufficient ready Money to afford to load an ordinary sized Dhonie. The Board think it necessary to call your attention to my letter of the 16th July 1845. in which it is stated that the export of Salt to Bengal on private trade is not to be allowed on board of the common Native coasting Craft, but it is to be confined to such Vessels only as "being square rigged and of not less than 200 Tons burden are of such a class that they must necessary either take Pilots on entering the Hooghly or

Fort St. George 19th February 1846

or vitiate their insurance" - You will be careful to bear this in mind in delivering Salt for exportation to Bengal on private trade -

Reporting the purchase of the Kurtulla-pully Villages on account of Government for Rupees 3160 & requesting sanction for the same -

Rs. As. P.
Arrear 2118-14-3.
Current 195-14-2.
2314-12-5.
Interest 797-4-8.
Total 3112-1-1.

Sir,

Para 1. With reference to the Board's Proceedings dated 20th November last, I have the honor to report for their information that the Village of Kurtullapully has been put to sale according to advertisement and purchased on account of Government for the sum of Rupees 3,160 exceeding the Government demand outstanding on account of Current and Arrear inclusive of interest by Rupees 47-14-11- only -

This Village formerly appertained to Padapatam Mootah, but on the sale of that Mootah for arrears of revenue the Village was transferred by private agreement to the late Proprietor - From its locality it appeared to me to be very desirable that it should be re-annexed to the Estate from which it was separated and which is now the Government property & I have therefore ventured to bid for it a trifle above the Government Demand which was rendered necessary by the competition of Nabob Noormiya Beegum whose last bidding was Rupees 3,150 - - -

Rs. As. P.

Under those circumstances I request that the Sanction of Government may be obtained for the purchase of the Village on their account and for paying to

Fort St. George 19th February 1846.

to the heirs of the late Proprietor the surplus of the purchase money amounting as above shewn to Rupees 47-14-11.-

Masulipatam. Coll.r Cutcherry. 5th February 1846.

(Signed) R. T. Porter. Collector.

Ordered that the foregoing letter and the previous correspondence on the subject be submitted with the following address—

(42-43)

To, The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to request that you will submit for the consideration and orders of the Right Noble the Governor in Council the accompanying correspondence with the Collector of Masulipatam on the subject of the Surtallapully Estate in that District and recommending that sanction may be granted for its purchase on behalf of Govt and for paying to the Heirs of the late Proprietor the Surplus of the purchase Money amounting to Rupees 47-14-11-

To the Chief Secy to Government—

Submitting a correspondence with the Coll.r of Masulipatam on the subject of the Surtallapully Estate in that District and recommending that sanction may be granted for its purchase on behalf of Govt and for paying to the Heirs of the late Proprietor the Surplus of the purchase Money amounting to Rupees 47-14-11-

Para 1.

From Coll.r 5th in Cons.s 19th Feby 1846.

Estate in his District.

2-

From these papers it will be seen that the Proprietor of Surtallapully died on the 10th February last, his Village having been attached on the 8th April 1843 for an arrear of Rupees 1,075-9-7- and kept under Sircar Management since that time.

Fort St. George 19th February 1846.

On his death bed, he addressed an Argee to the Collector requesting that on his demise the Village might be made over to his Wife Seetamah- After his decease, Seetamah herself presented a Petetion to the Collector praying that she might be put in possession of the Village and allowed to manage its affairs thro a person of her own choosing- The Collector in reply called upon her to state what arrangements she would propose for the liquidation of the arrears which had accumulated against the Estate amounting upt to 22d September last to Rupees 2,156-15-1- as shewn in the Margin- In answering to this requisition, Seetamah solicited that the arrears which accrued under Management might be remitted and the remainder received by Annual instalments-

Fasly	1254	347	14	2
"	1253	535	9	10
"	1252	474	3	10
"	1251	222	6	2
"	1250	576	13	1
Total		2,156	15	1

The proposal made by Seetamah appeared to the Collector to be inadmissible and he therefore recommended that the Village should be at once brought to sale for the realization of the public demand against it- The Board authorized the sale and the property was accordingly sold on the 26th Ultimo and purchased on

2430.

Fort St. George 19th February 1846.

on account of Government for the sum of
Rupees 3160 — " — exceeding the total demand
of Government, on account of Current and
arrear including interest by Rupees 47-14-11.
4. The Board beg to recommend
that Sanction may be granted for the purchase
of the Village on behalf of Government, and
for paying to the heirs of the late Proprietor
the Surplus of the Purchase Money Amounting as
above stated to Rupees 47-14-11.

Q. Is there one account
to show the number of 20 years
the Journ for to year is entered
here?

4. In all the Divisions except Six Islands, and Caldindy, I found that several Villages had been rented out by Ramanadha Bauboo. Of these some have been attached in consequence of the renters having failed to pay their Rents, and some have been kept under Aumany.—

5. The Estates having been attached in July $\frac{1254}{1844/45}$ after the season had far advanced, those which were found to be under rents up to that period were continued on the same terms, and others were settled on the Estimated resources of the year. The details of the settlement will be reported upon hereafter.—

6. The Estates of Innoogoodoo and Aukoolamunnadoo, as well as Six Islands have been settled by me on rents, the two first for a term of 5 years from July $\frac{1254}{1844/45}$ and five Villages of the latter for 5 years from July $\frac{1255}{1845/46}$ but this I thought it advisable to defer reporting to the Board till the Settlement of the Hundegamah Estates had been effected in order that the result of the whole Settlement might be at once submitted.—

7. For the above purpose I

proceeded to Hundegamah and have effected a Settlement with the Villagers on the spot upon the following principle.—

8. Of the 43 Sary Villages in the Hundegamah Purganah, after deducting those which had been leased out by Ramanadah Bauboo, the term of which has not yet expired, the remaining Villages as well as those in Chintalapauty Veetoo were settled on rent for July $\frac{1255}{1845/46}$ with reference to the Estimated quantity of preceding Fasl and the prices then prevailing.—

9. The Villages of Paroogunchepole and Botavole Purganahs, and Kamaly Poodah being situated on the frontier of this District, it appeared to me that it would be better to rent them for a Number of years than for a single year with the view of giving encouragement to the Renters to improve the Lands and induce Cultivators to resort to them from the Nizam's Country.— I have accordingly concluded a Quinquennial lease from July $\frac{1255}{1845/46}$ for 33 Villages with the Villagers themselves with reference to the Current Year's resources and the average revenue of former Years. The Renters of the

Fort St George 19th February 1846

The Villages of Pondicherry and Karikal

Inquired to submit Statements which
will afford the necessary information

1

The following Statement will
show at one view the Revenue of the several
Villages of the Estates for different periods
and the Amount of present Rents

12 It will be seen from the foregoing, that with the exception of Six Islands the amount of the lease exceeds the Revenues of the different periods therein shewn The rents of the Six Islands which were reduced to a poor condition tho' they exhibit a decrease below the average of 20 and 10 years respectively, nearly correspond with the average of 5 years from 1238/39 to 1842/43. It was not without great difficulty that the Settlement now reported was effected, and I think it would be better that it should be confirmed than to keep them under Attachment, while the surrounding Villages of Beeny and Davercottah are settled on rents.—

13. For the reasons above stated, I beg that the Board will grant early sanction for the above rents. I have further to state that some time previously to the attachment of the Purganahs, of this Estate in fusly 1254 A.D. 1844/45 19 Villages Viz.th 4 in Nundegamah 8 in Panoogunchpole, 2 in Batavole, 3 in Namaly Mootah and 2 in Innoogoodroo had been rented out under an order signed by the Tahsildar of Ramanada Bauboo in that fusly.-

14.- Of these Villages, 8 which had been leased for a term of 3 years and 11 for 5 years, appeared on a consideration of the average Sists of former years as well as of the Sist with reference to the resources of fusly 1255/1845/46 to have been rented much too low, and it was therefore a matter for consideration whether they should not have been at once resumed - but as the management of these Villages had already been carried on for some time by the renters, it seemed advisable that the rented Bareez of all the Villages settled during Ramanadha Bauboos time should be confirmed, but only for fusly 1254/1844/45 and

said Villages- The accompanying Statement No. 4 exhibits the number and names of Villages rented out by Ramanadha Baubo, the terms of which have not yet expired. On the expiration of these leases, I shall use my endeavours to renew them, and also to effect a settlement for a term of years in Nuzzidegamah and Chintalapaty Vuntoo from the next year.-

16. The Villages of Candapully Purgunah having been rented out by Ramanadha Baubo to one Kotekapoodye Ablaiah for a term of 10 years from fusly 1254- 1844/45 for the amount of Barees noted in the Margin, and the renter having accordingly carried on the Management for some time in that fusly, the rents of the said Villages as settled by Ramanadha Baubo have been confirmed, but only for the fusly- an enquiry is now pending as regards the Barees fixed for the unexpired portion of the rent, and as regards the securities offered already tendered by the renter regarding which some objections have been raised in various quarters. The result of this enquiry will be reported in the

the pay of the appointment being the same as that then held by him, in answer to th order an arzee was written stating that "water of the Sub Division did not ag with him" that he was then sick and req :ed 2½ Months leave to recover. In answ to this he was ordered to join the Sub Col Cutcherry and if sick he would get lea again he wrote that his arzee could not have been properly read to me or unders or such an order would not have been the result of his application. For writ in such a disrespectful manner he was fined 5 Rupees and again ordered to jo and represent his circumstances, and on a further Arzee from him similar to the preceding ones, he was told that un :til he obeyed orders the person doing his duty would receive the pay of the appoint

2

of reference was then mad to the Talook and the report was that the was little or nothing the matter with the man and this he must have felt quite sur would have been ascertained by his appearin

Fort St. George 19th. February 1814

at Ramiapatam. since the beginning of October, I have heard nothing of the Tahsildar's pro: :ceedings from himself till within a few days since, when he writes very coolly from Cum: :bum in Cuddapah that "as soon as his health permits he shall rejoin the District."

3

Ramiapatam whether he was directed to proceed and report him: :self was but 30 Miles or less from Cal: :gherry. if his illness was such as to pre: :vent him journeying there the distance to Cumbum which must be considerably more than double ought to have been more impracticable. Still however this step was adopted without any report to me on the subject. In truth I believe that there was nothing whatever the matter with Streenevasa Row, he disliked the appoint: :ment to the Sub Division where he would be at the Hoozoor Station and more under the eye of the European authority and hoped to get off by pretending sickness and obtain: :ing leave. During 2 years and upwards in Tanjore while Acting Collector I had occasion to complain of one Tahsildar only, I trust therefore the Board will not look upon me in the light of

Fort St George 19th February 1846

of a wanton persecutor of these Officers in re
viewing the number I have compelled to bring
forward for punishment since my arrival in
Nellore.-

Nellore District Davaroypully, } (Signed) J. F. Bishop

Ordered that the following
letter be sent in reply.-

To

The Collector of

Nellore

Sir,

(46-47)

To the Collr of
Nellore ... }

I am directed by the
Board of Revenue to acknowledge the re
ceipt of your letter of the 16th instant reporting
the misconduct of Bhooputty pully Streenivas
Row Tahsildar of Buddapoody in your Distric
and in reply to inform you that under the cir
cumstances stated they think it unnecessary
that the Tahsildar should be formally
dismissed, but they authorize you to consider
his appointment at Buddapoody vacant from
the date on which he ought to have joined
it and to make arrangements for the appoint
ment of another party accordingly.-

Revenue Board Office,
Fort St George,
19th February 1846. } (Signed) J Pycroft
Secretary

Fort St George 19th February 1846

Read the following letter

To, J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St George

(48)

Sir

From the Commissioner
of Kurnool ... }

Adverting to Paras 27 to 29
of the Extract from the Boards Proceedings
dated 16th of October 1845, I have the honor to
annex a Statement of the balances outstanding at
the end of the Fusly and subsequently collected
for the Fuslies noted in the Margin.-

Annexing Statement of the Balances outstanding at the end of the Fusly and subsequently Collected for the Fuslies 1250-51-52 - for Land Revenue.-

Fusly
1250
1251
1252

2. The Board require me to
state distinctly if there is a prospect of any
portion being liquidated. Much of the balance
which existed at the end of each Fusly has
since been collected as will appear from
the annexed Statement and had the present
season been a good one, a further portion
would have been realized, but from the
failure of the rains and the distress which
already exists, I anticipate great difficulty
in collecting the Revenue of the current year
and I am bound to say distinctly that I have no hope
that any of these balances can be paid with
out having recourse to measures which would
destroy

48-49

Proceedings

Regretting the Commissioner of Kurnool to make further enquiry relative to the outstanding balances of Land Revenue in that District from Fusly 1250 to 1252 both inclusive as well as on the balances outstanding up to December last on account of Fusly 1253.-

Proceedings 16th Oct 1845 Para 27 & 29.

Para 2

Fort St. George 19th February 1846

thereon.

From the Statement submitted with the above communication it appears that the aggregate amount of the Balances due at the close of these Fusslies was at the termination of Fusly 1252 Rupees 3,50363-13-9 that the Collections since realized amounted to Rupees 1,72,808-14-1 exclusive of a remission of Rupees 40,000 on account of the demand for Fusly 1251 thus leaving a total balance of Rupees 1,37,554-15-8 still outstanding for the three years under consideration.-

2. In reply to the Board's requisition for a distinct opinion as regards the future liquidation of this heavy arrear, the Commissioner states that although a considerable part of these balances have at intervals been since brought to account his expectations of realizing any further portion have been frustrated by the adverse nature of the present season which will render the collection of the Current demand a matter of difficulty and that consequently he has "no hope that any of these balances can be paid without having recourse to measures injurious to the resources of the defaulters and have generally a very bad effect on the whole District as tending to discourage the Cultivators."-

3 In the 33 Para of his annual

Fort St. George 19th February 1846.

report for Fusly 1252 the Commissioner adverting to the unsatisfactory state of the then outstanding balances stated his intention "to make a strict scrutiny into the balances of each Village during the ensuing Summabundy" the Board however are not informed whether such investigation has been instituted or whether the results now furnished were obtained by an enquiry into the balances individually or Villages. With the exception of the brief Statement which accompanies his present report Mr Scott has rendered no accounts explanatory of the particulars of the arrears due for the three years in question and in the absence of which the Board have no data before them upon which to form an opinion or to adopt measures in view to their final adjustment.-

The Commissioner would appear in his present report to consider the balances now outstanding to have accrued in to great part on Lands left waste the consequence of the mode in which the Villeware was conducted in those years this has probably been the case to some extent but it must be remarked that of the balances due for Fusslies 1251-52- the amount on account of waste lands in those years respectively as

51. 66,368
52. 66,090

48-49

Proceedings

Requesting the Commissioner of Customs to make further enquiry relative to the outstanding balances of Land Revenue in that District from Fusly 1250 to 1252 both inclusive as well as on the balances outstanding up to December last on account of Fusly 1253.-

Proceedings 16th Octr 1845 Para 27 & 29.

Para 2

Fort St. George 19th February 1846

thereon.

From the Statement submitted with the above communication it appears that the aggregate amount of the Balances due at the close of these Fuslies was at the termination of Fusly 1252 Rupees 3,50363-13-9 that the Collections since realized amounted to Rupees 1,72,808-14-1 exclusive of a remission of Rupees 40,000 on account of the demand for Fusly 1251 thus leaving a total balance of Rupees 1,37,554-15-8 still outstanding for the three years under consideration.-

2. In reply to the Board's requisition for a distinct opinion as regards the future liquidation of this heavy arrear, the Commissioner states that although a considerable part of these balances have at intervals been since brought to account his expectations of realizing any further portion have been frustrated by the adverse nature of the present season which will render the collection of the Current demand a matter of difficulty and that consequently he has "no hope that any of these balances can be paid without having recourse to measures injurious to the resources of the defaulters and have generally a very bad effect on the whole District as tending to discourage the Cultivators."

3 In the 33 Para of his annual

Fort St. George 19th February 1846.-

report for Fusly 1252 the Commissioner adverting to the unsatisfactory state of the then outstanding balances stated his intention "to make a strict scrutiny into the balances of each Village during the ensuing Summabundy" the Board however are not informed whether such investigation has been instituted or whether the results now furnished were obtained by an enquiry into the balances individually or Villagewise. With the exception of the brief Statement which accompanies his present report Mr Scott has rendered no accounts explanatory of the particulars of the arrears due for the three years in question and in the absence of which the Board have no data before them upon which to form an opinion or to adopt measures in view to their final adjustment.-

The Commissioner would appear in his present report to consider the balances now outstanding to have accrued in to great part on Lands left waste the consequence of the mode in which the Villwvare was conducted in those years this has probably been the case to some extent but it must be remarked that of the balances due for Fuslies 1251-52- the amount on account of waste lands in those years respectively as

51.66368
52-66090

Fort St. George 19th February 1846

(as appears from the accounts which accompanied the annual reports) amounted to Rupees 17,248- and Rupees 55,064- great portion of which the Board were led to understand was imposed upon those Ryots who were extensively aided by the Cultivation of Enam Lands.

5 It would therefore appear necessary that a rigid enquiry should be made into the details of the arrears and should the investigation by the Commissioner already referred to have been instituted and completed, the Board would wish them to be enquired into individually as far as circumstances will now admit and the result submitted in the accompanying form.-

6. In addition to the arrears due for the three years now reported as there appears on reference to the Demand Collection and Balance Statement furnished up to October last to be a considerable sum amounting to Rupees 27,965 outstanding on account of Fusly 1253. The examination into the above balances may also be conducted simultaneously with the

Fort St. George 19th February 1846

the enquiry to be made into the previous arrears and the entire result submitted at once with a distinct opinion from the Commissioner with respect to each item- The Board will be prepared to support the recommendation of the Commissioner for the remission of such sums as on due enquiry he should satisfy himself are irrecoverable or the collection of which would in his judgment tend to cripple the resources of the defaulters to the prejudice of their means of future cultivation and the welfare of the District generally.-

57-58

Order thereon.

57-58

To the Collector in the Fort St George Publication.

Sir

I do myself the Honor to transmit herewith for your information a Copy of a Letter from the Secretary to the Board of Revenue Fort St George dated 16th Instant with reference to Mr Dent's Letter to the Collector of Salem.

59

I am Sir
Your most obedient Servant
(Signed) J. A. Hudleston
Collector.

From the Proceedings of the Board of Revenue dated 19th February 1846 forwarding for information of the Collector of Salem a Letter from Mr Dent dated 16th Instant with reference to the Sale of the Lands belonging to the Salt Chowkies in the Salem District.

Revenue Department, the 26th February 1846.

Read and Ordered that a Guard be placed by the Salt Agent over the Salt Chowkies in the Salem District, and that the Collector be informed accordingly.

Fort St George 19th February 1816

it would be attended with inconvenience to me, to proceed to Ossoor for the sale at that place - I therefore propose putting up the lands for sale at Darumpoory. ——

Salem Zillah
Razipoor -
Collrs Cutcherry
5th February 1816

} Signed W. C. Lockhart
Collector -

59-60 Resolution thereon - The Board see no objections to the sale of the lands referred to in the foregoing letter taking place at Daramporey instead of at Ossoor, as proposed by the Collector - The necessary alteration has been made in the advertisement published in this Office. ——

61

Sir,

From the Collr of South Arcot - - } Ally Khan the Shrotriem-

Reporting the death of Ally Khan the Shrotriemdar of Vepery and recommending his son Abdulla Khan -

dar of Vepery in whose name the said Village was Registered by the authority of the Board having died on the 21st October last, I have the honor to submit the following circumstances for the consideration of the Board and orders of Government as directed in the Minutes of Consultation dated 26th April 1815 -

From Bd 19th Octr 1805
To Board 25th Novr 1814
To Board 2d July 1805
From Board 13th do -

2 It appears from the Purwanah granted by Government that in Consideration of the long and faithful Services of Burrah Khan a Subidar in the Honorable Company's service this small Village was conferred on him as Shrotriem on perpetual tenure - He dying prior to 1815 without male issue, and having adopted his Nephew Ally Khan the latter person was allowed to hold the Village according to the terms of the grant - The family left by him being clearly shewn in the enclosed Genealogical Tree, further explanation seems unnecessary - The estimate Bairz of the Village is Pagodas 63-36- or Rupees 223-2-11 -

Item No 7 in the Register sent to the Board 17th Feby 1815

No 8

3 Abdoollah Khan the Son of the deceased appears to be the legal heir and head of the family - Should the Board approve of his succession, they that the Sanction of Government may be procured for renewing the grant in his name -

1253 - - - - 1 4 6

Board's Proceedings para 3

3. So far it seems the Comparative Statements, which the Board Complain of as being drawn up on different plans, have been drawn up on one and the same. But it is true that Statement 5, which accompanied my Report in fusly 1253, did, inadvertently, embrace the Cunnewady Revenue.-

Board's Proceedings para 6

4. In reference to the call for detailed information as to the present practice

Fort St. George 19th February 1846.

Ordered that the foregoing letter be submitted with the following address.

61-62

To The Chief Secy to Government

To The Chief Secretary to Government

Sir,

Para 1. I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter from the Collector of South Arcot reporting the demise on the 21st October last of one Ally Sultan the Shrotriumdar of Tiyery in his District and requesting sanction for registering the village in the name of Abdoollah Khan the son of the deceased.

+ From Govt 18th Sept. in Con. 10th Oct. 1838
From the Coll. 2nd in Con. 13th July 1835
Board's Proceedings 13th July 1835.

From the Correspondence noted in the margin it will be observed that the Village was originally granted in perpetuity to one Burrah Khan on Shrotrium tenure for services rendered to the state as Sobahdar in the Army and that on his death it was continued in the name of Ally Khan his adopted son and Nephew His person being now dead the present claimant his son is the legal heir and the head of the family.

3. Adverting to the terms of the original Puduvanahs which declare the Grant to be hereditary the Board beg to recommend that the Collector may be authorized to renew the grant in the name of the present claimant Abdoolla Khan.

63

From the Coll. of Trichinopoly of the 18th Instant.

Sir,

With reference to your letter of the 31st January 1846 I have the honor to state that the cost of repairing the walls of the Pagoda of Iyalore is estimated at Rupees 1487-3-0 according to the accompanying details noted in the accompanying Memorandum while the surplus funds of the Pagoda amount only to Rupees 973-1-2 a moiety of which according to instructions recently received is to be contributed towards the Construction of the Cauvery bridge. It remains for the Board to decide whether the other moiety is to be made over to the Managers of the Pagoda.

From the Pr. Coll. of Madura - Replies to Board's Proceedings of 6th March 1845 on settlement in Fuslies 1252 and 1253.

Sir,

On the 30th I have the honor to receive the Board's proceedings of the 6th March, in review of the settlement of the two preceding fuslies Viz. 1252 A.D. 1842/43 and 1253 A.D. 1843/44 and proceed to give such explanations as seem called for in regard to the last year's settlement-

2. The average selling prices of paddy from January to June, both inclusive in the Madura market was

In fusly 1251 Rupees 1-2- per Collam
1252 - - - 1-4-
1253 - - - - 1-4-6

Board's Proceedings para 4.

3. So me it seems the Comparative Statements, which the Board complain of as being drawn up on different plans, have been drawn up on one and the same. But it is true that Statement 5, which accompanied my report in fusly 1253, did, inadvertently, embrace the Cunnewady Revenue-

Board's Proceedings para 5

4. In reference to the call for detailed information as to the present practice

Board's Proceedings para 6-

practice of converting Punjah into garden land, and its effects, in the two Divisions of the Collectorate, I understand that much money has been, and continues to be, expended on wells in Dindigul, both before and since the survey. the tax was fixed at the survey according to the Capacity of the land; and when excessive remissions were made; On lands so converted since the survey a tax is fixed, in reference to that on neighbouring garden land. and both pay half garden tax, when Cultivated only with punjah product according to the Survey rules. They continue to form part of the total arable Punjah of the Survey. but are expressly specified in the accounts.

5. In the Madura Division, except in Maroongapoory, and Nuttom of Meylor, there are no durable wells, wherefrom to raise superior garden produce. The usual produce of Chillies of Brinjals is raised on banks of Channels; within the waterspread of tanks; and in small spots in the midst of rice fields, watered by temporary wells or Channels, by aid of baskets and

Chatties to raise the water. They are entered in the Survey accounts as "Punjah garden;" and Clapsed as "Karsul" or Padoogay as the Case may be. They give only one Crop a year and have always paid the Poonjah tax, when Cultivated with Punjah; and garden tax, at the Survey rate, when Cultivated with garden produce. They are included in the total of the arable Punjah of the survey; and when cultivated with garden produce are entered as "Punjah garden". The only difference in the two divisions is that garden land, Cultivated with Poonjah, in Dindigul, pays half garden tax; whilst in Madura it pays only the Poonjah tax; and this difference is sufficiently warranted by the difference of circumstances.

The wells to which Columns 6, 109 and 110 in Statement No. 1 refer, have been constructed by Ryots at their exclusive expense. The garden lands under the former pay tax to Government according to the Standard of Mr. Collector Hardis, whilst the wells included in the latter, are used only by the people for their own drink and for their Cattle. The entries in Columns 105 to 113 in the Statement for

Fort St. George 19th February 1846

for fusly 1253, are incorrect; and I will endeavor to rectify them in the accounts for fusly 1254.

7, All Punjah lands. Cultivated with Punjah, also pay according to the Standard of Mr. Collector Burdis.

Board's proceedings para 889.

8, In reference to revenue to be derived from the Ramagherry grass tax, in my report of the 20th June 1842 I shewed the difficulties to be surmounted and how they were to be surmounted. but in the mode the Board did not agree and I look upon that as one cause of the small revenue hitherto derived: Six months afterwards I was suspended for 7 Months, and it does not seem Messrs. Drury, Morehead, or Elliot took any care in the matter, nor was it likely they should: the excessive arrears I found on my restoration at the end of fusly 1252 the many reports that Ser was called upon for;- and the continued running defence of my conduct, that I had to keep up after the Government condemnation of it, till the end of 1844. Viz. the 27th Decr ber, when I submitted my answer to the second and

Fort St. George 19th February 1846.

last batch of communicated charges, laid against me, in the report of the 10th May 1843, by Messrs. Commissioners Drury and Morehead, and which were received by me on the 23d September, with your letter of the 16th Idem, and which have yet failed to satisfy, or obtain the notice of the Noble Governor in Council; and the heavy labor of introducing an entire new form of Accounts, have entirely prevented my personal attention to the subject, on the spot; but I have drawn the Tasildar's attention to it, and

see para 15 of that report dated December 1845.

it will form a brief notice in my report for the settlement of the last fusly; It was not to be expected to take full effect in a single year with every Care and every aid, the Board's instructions on the matter have been or are being, fully carried out.

9, During my suspension for the last half of fusly 1252 the administration fell to Messrs. Drury, Elliot, Morehead and to Mr. Elliot again; and it can hardly be matter of surprise that there was great backwardness and procrastination in the important duty of examining accts

Board's proceedings para 11

Fort St. George 19th February 1846.

into the claims for remission for wither
Crops:- This duty ought to have been co
-pleted / there are always partial exceptio
in March; as late as the 15th June the
remained no fewer than 14 Villages in
Meylor unexamined, when, on the Tahsilde
report that the Stubble had been eaten o
by Cattle / and is it to be expected a Ry
can watch his field, undefended by any
for such a length of time? Mr. Elliot sent
him and being satisfied of the inability of th
Ryots to pay tax for this land he referred the ca
to me on my restoration, and the accompanying
translate of my Original † order will shew my

Board's Proceedings para 11

Fort St. George 19th February 1846.

I have confined myself to the strictest co
severity of the Board's wishes and orders.

Understood from the des
11
-patch of the Honorable Court of Directors

Board's Proceedings. para 12-

that no land cultivated with sugar Cane
should pay more than it would if Cultivated
with rice- There was no difficulty in obeying
such an order.- The Dindigul survey in which
division a very small quantity of Cane is
raised, has no distinction of one and two Crop
rice land; and there is no record to shew what
is assessed as tho' it could produce two, and
what is assessed as able to produce only one
Crop of paddy, but two Crop land, as shewn in the
next para, seems from a Tamil Memorandum
in my records, to have been taxed in different
places at 12 different rates leviable whethe
the ground yields one or more Crops. The
Board remark that some lands must,
at the survey have been considered
capable of producing two Crops, and some
only one; and directed that "to all single
Crop land should be added 80 per Cent
to form the tax for sugar Cane Cultivation;

basing

Fort St. George 19th February 1846

basing it on the instance of land of one rate only which had been submitted to them by me on the 8th December 1837 and 17th March 1838. The land, as I said before, is in the Sub Collector's Division, and I have instructed him to give the fullest obedience to the Board's wishes, which I hope his report will shew he has done in adding 80 per Cent to all rice land; not taxed at higher rate than 20 Cully Fanams, per Goontah which is to be assumed as the criterion for Single Crop land, but confining the demand to 30 Cully. fanams, where application of this Arbitrary rule would increase the tax beyond that limit.

12. The original assessors in 1799 seem, from the Tamil Accounts to have made a gross estimate of produce, from which deducting a certain sum for "Common expenses" the remainder formed the tax, as per Copy submitted to the Board in No. 5, with other Statements connected with discretionary reductions, under Date 24th October 1831 from which they will see Nunjah two Crop lands have 12 different rates varying from 5 Cully Chukroms to 2 Chm. 2 Ps. 7 per Goontah, and of which

Fort St. George 19th February 1846

which Mr. Collector Peter altered by making 30 fanams the common rate for all, in preference to Continuing Mr. Hurdis' variations from 27 to 50 fanams per Goontah.

She 12 rates are here shewn for reference.

Rate.	Gross produce per Goontah of first Crop.	Gross produce per Goontah of second Crop.	Percentage of decrease in produce of second below the first Crop.

And it only remains to say that, up to the end of fusly 1248, Sugar Cane tax was Collected at the rates fixed by Mr. Peter for Sugar.

Sugar Cane land; and subsequently to that period, at Mr Burdis's survey rates.

Board's proceedings para 13.

13. When Mr Collector Peter reduced the standard tax in Villages where he found it too high, proprietors of lands partly alienated in the same Villages, made similar reductions in their portion, but this reduction did not extend to the portions Kept in their own occupancy; and on all such lands the favorable tax was levied, till the end of fusly 1252, at one fifth of the Cultivation, as originally fixed by Mr Collector Burdis, after deducting proportion of the tax, as reduced by Mr Peter. From beginning of fusly 1253 the full quit rent, or favorable tax has been reverted to, under the Board's orders for general reimposition of the taxes reduced by Mr Peter. In entire Maniem Villages the quit rent, or favorable tax, is unvarying as refers to reduction of tax, but variations will be found in Statement No 16, in as much as that favorable tax depends upon the extent of Cultivation.

14. Statement No 9 particularises

land

land set on special agreements and the deficit to the Standard tax will be found under the two heads of "Discretionary reductions" or "Farm Commee", and reductions on "special agreement;" or "Cowle Naffi" the latter of which having been granted previous to the former; the tax under agreement was given in the Statement to facilitate comprehension of the particulars. It no way affects the tax under agreement, nor was any alteration made in the Statement for fusly 1253. The first reduction now merges in the second. There are no other than the remissions particularised in Statement No 4.

Board's proceedings paras 14. & 15.

15. In reference to the arrears of 1252 and 1253, on account of the reimposed tax, there is now only a balance of Rupees 424–5–9 for the former fusly; and of Rupees 572–7–1 for the latter. The parties are being incessantly prest for payment. The balance of 1 price in Saudicombo has been realised by the Subordinate Collector.

15 & 24 inclusive

16. The want of a clear and continuous report, on vernacular State-ments in explanation, have, from the beginning even to this day, prevented my perfect

Fort St. George 19th February 1846.

perfect understanding the nature of the settlement made on the Pylnery hills, by the Sub Collector; and his vexatious mode of using the term Munnady in his very many lengthy letters on the subject; sometimes meaning Ryot only; some times Ryot and Renter; again Ryot, renter and Head man; and again Ryot renter Head man and Nattamgar, has always prevented me giving him positive instructions regarding Collection of arrears; but further than this I do not think I impeded Mr. Cotton for most Certainly on the 28th September 1844, I reminded him that I had given him express permission to act on his own responsibility tho the Board inform Government that I did not; and I called repeatedly, and in vain, for such a report as would enable me to test the settlement, but could not procure it. I took the only course left me and recommended Mr. Elliot's removal equally in vain.

Para 6 Clause 1 or 2

Para 23

17

The Board direct Mr. Elliot should rigidly exact any sums Collected by the Munnadies from the Ryots, and should even displace them if necessary

Para 21

Fort St. George 19th February 1846.

If such self nominated Munnady proves to be a Ryot only the Board's first order can only be effected by a suit in Court, and the second will be necessarily a dead letter.

Mins. Cons. 28th Augt. 1845 Para 15

The Government in taking

18,

into review the Board's Proceedings, and papers submitted, have no hesitation in pronouncing the hill Settlement a clear failure. With great submission and really with hesitation, my opinion is the Settlement is no failure; but the report upon it is so confused, and contains so much as to preciating it than I am. but I will not enter into the question of this hill settlement till I receive Mr. Elliot's report on the general settlement for the last fusly 1254 further than state that I continue, as far as he has helped to enlighten me, as much in the dark as ever, regarding it, except that the Collection of the money tax induces me greatly to doubt the settlement being a failure. I have abstained, as far as possible, from interference with Mr. Elliot in this matter, and have contented

Fort St George 19th February 1846.

Contented myself with forwarding to him, without delay, the Commands of the Board and Government as soon as received. and I have subsequently reminded him of the necessity to shew the hill Statements perfectly distinct from the general ones, when I found from the vernacular Statements submitted to me, by one and two at a time, that he had blended all together in a way that it was not possible to separate them in my Office-

19- I trust the Sub Collector

Para 25 will attend to the Board's Commands for insertion of Children of all ages into his population returns for the past fusly.-

20. The Board's objections to

Para 26 the imperfections of Statements 2-3 and 6 are admissable, but they are wrong in supposing them so easy of correction.- The Survey field marks have been so obliterated and lands of different Classes so blended together, that the specifications required could not be given without a remeasurement of spots, in Comparison with the survey accounts.- I Commenced this labor in

Fort St George 19th February 1846.

fusly 1243, and have succeeded in bringing it to a certain degree of Completeness for the accounts of the past fusly generally. but still the particulars of spots and different kinds of Cultivation is wanting, for the survey accounts do not specify the Crop in each particular spot, but afford only an abstract of the different totals of Cultivation. In view to obtain these particulars, if possible, I must give these Abstracts to the Curnoms, but have hitherto had so little success that Statement 6 will be drawn up much as usual with remark to that effect as desired by the B.

Board's proceedings para 27

21. Difference between the total extent of land on Comparison of one year with another, does not arise from transfer of one description to another, as supposed might be the case by the Board's observation of discrepancy, in Statement № 2, between fusles 1252 and 1253; but because of the annual measurements in Cuin and Maniem, bringing to light excess portions, or deficient measurements of the survey and because of the transfer of protempore Cuin to Zemindary.- I

Fort St. George 19th February 1846

Board's proceedings para 28.

22 I hope the entries, for fusly 1254, in Statements 3 and 4, of lands for (on) which the Ryots enter into written responsibility (Puttum or Caboolia) may satisfy the Board. Columns 300 and 325 do not agree with Columns 296, for the two former exhibit the full tax of the land taken under written responsibility, whilst the latter exhibits it, with deduction of Mr. Burdis's original reduction, and Mr. Peter's subsequent discretionary reduction of tax in the Dindigul division - and, further, all land brought under Cultivation, subsequent to the acceptance of the written responsibilities, enters into Columns 300 and 325, but has no business with Column 296.

Board's proceedings para: 29.

23. Statement No. 15 shall accompany the Settlement report of fusly 1254.

Board's proceedings para: 30.

24 The individual settlement of one Village (Village Chittah) of Madura as well as of Dindigul, shall accompany the report on fusly 1254; and, I hope, without the omissions animadverted upon by the Board.

25. The Bellary form of

Fort St. George 19th February 1846.

Board's proceedings para 31.

accounts, liable of course to misapprehension and inaccuracy, has been introduced for all the Madura division in fusly 1254 - The difficulties attending this Change shall be shewn at large in the 5th & 9th paras of my report on the Settlement, now long over due. - That it was introduced into Maroongapoory in fusly 1253, and not into the other three talooks, is owing to the comparative facility Maroongapoory (affsing with the Dindigul talooks: and an approximation having been made to this mode of accounts in Maroongapoory, prior to my seven Months suspension. and the excessive harassing labor imposed upon me subsequent to my restoration, and the want of Co-operation I experienced from my Sub Collector and Assistant, which I cannot but attribute to the indignity I had been subjected to by that process, and words of order for restoration, and by subsequent call for defence of my Conduct from the dishonesty charged upon me by the two Commissioners, never eliciting the decision of those who had suspended, and restored me, if my Conduct had

had been that of an honest man or a rogue, tho' a year has now passed since my answers to the last Communicated Charges against me were given — Part of these are the Causes that prevented the Bellary form of accounts being introduced into 3 of the Madura Talooks in fusly 1253. —

Board's proceedings para. 31

26. The Sub Collectors' suspicious character made him attribute to the chicane of the Curnoms, in collusion with the servants of my Office, his inability to prepare the accounts after the Bellary form, but the fact of non-preparation was the only proof he gave of this sweeping damnatory opinion on many an honest man / an opinion, however, confined to the Curnoms of my division, to servants of my Office / — and the Boards' experience induces them to agree with him in opinion — I have reflected on it with the respect due to their high rank and body, and could I have brought myself to the same way of thinking I should not have hesitated in my duty to recommend a very extensive removal of my Office Servants, and transfer of

of the Meerassy of every corrupt Curnom to a new family — They were indisposed to the measure from their foresight of the heavy labor it would entail upon them which it now has entailed upon them, and which it will continue still to entail upon them, and from their ignorance how to commence the work, and from terror of punishment at any errors, misrepresentable into wilful ones — under a suspicious master, they might commit in its progress. —

Board's proceedings para. 31.

27. I am sorry that in the comparison of the labor of Mr. Commissioner Drury and of Mr. Elliot, when respectively in Charge of the Collectorate, with mine, they are satisfied with the exertions of the two first, whilst they charge me before Government with not having used "the efforts they had a right to expect to carry out the reforms they had directed" — But I will not dwell on this till I have to answer the Charges the Government direct them to bring against me if they think it desirable to proceed in it. —

Board's proceedings para 32 —

28. Each Ryot signed his rent roll in presence of Native Servants generally,

generally, and sometimes in my own, Pains were taken to make them Comprehend.— My questions to many afterwards confirm me in the Report I made on fasly 1253 that few do understand what they Sign, and I lay a stress upon this, not to mislead the Board— The poor hard worked, ill fed and ill clothed ryots of very many parts of this Collectorate have more confidence in their tax gatherers than knowledge of their rights— and time cannot serve to answer their objections and stupidity was it to be encouraged in each individual. Whole Villagers will mark their rent roll accounts as fast as they can be read to them without a demur or question.— Others, with no valid objection at all will waste ones time for hours, when, at last, you find the only object was to get a tank or Channel cut to improve their lands at the Government expense.

Board's proceedings para 33. Min. Con.

29. The Government do not acquiesce in the Boards' belief of the rapidity with which rent rolls may be distributed to Ryots, so I need not repeat

my own partial concurrence with Mr. Elliots observations on that subject.—

Boards' Proceedings para 34

30. It has always been, and continuous, Customary for the European Officer, attended by one of his Sherestadars and the Tasildar of the Taluke, to deliver the rent roll (pottah) by the hands of the Curnom to the Ryots, and any Complaint Relative to the Settlement, or disputes for land, are then immediately orally settled, in presence of the assembled Villagers.— Unless the Board repeat their order that the rent roll shall pass from the hand of the Sherestadar to the Ryot, to which there are many strong objections, this practise will continue to be followed— The rent rolls of resident Ryots, not in attendance, are given to the Tasildars for subsequent distribution.—

Boards proceedings para 35.

31. In reference to my returned unanswered Communications, dated the 30th June 1844, the Board tacitly acquiesced in exempting me from answering their proceedings on fasly 1251 (A.D. 1841/42), a labor which, by right, devolved on Mr. Drury, Mr. Morehead or Mr.

Fort St. George 19th February 1846

generally, and sometimes in my own. Pains were taken to make them Comprehend — My questions to many afterwards confirm me in the Report I made on fasly 1253 that few do understand what they Sign, and I lay a stress upon this, not to mislead the Board — The poor hard worked, ill fed and ill clothed ryots of very many parts of this Collectorate have more confidence in their tax gatherers than knowledge of their rights — and time cannot serve to answer their objections and stupidity was it to be encouraged in each individual. Whole Villagers will mark their rent roll accounts as fast as they can be read to them without a demur or question — Others, with no valid objection at all will waste ones time for hours, when, at last, you find the only object was to get a tank or Channel cut to improve their lands at the Government expense.

Board's proceedings para 33. Min. Con.

29. The Government do not acquiesce in the Boards' belief of the rapidity with which rent rolls may be distributed to Ryots, so I need not repeat

Fort St. George 19th February 1846.

my own partial concurrence with Mr. Elliots observations on that subject —

Board's Proceedings para 34

30. It has always been, and continues, Customary for the European Officer, attended by one of his Sherestadars and the Tasildar of the Talook, to deliver the rent roll, (pottah) by the hands of the Curnom to the Ryots, and any Complaint Relative to the Settlement, or disputes for land, are there immediately orally settled, in presence of the assembled Villagers — Unless the Board repeat their order that the rent roll shall pass from the hand of the Sherestadar to the Ryot, to which there are many strong objections, this practise will continue to be followed — The rent rolls of resident Ryots, not in attendance, are given to the Tasildars for subsequent distribution —

Board's proceedings paras 35.

31. In reference to my return of unanswered Communications, dated, the 30th June 1844, the Board have tacitly acquiesced in exempting me from answering their proceedings on fasly 1251 (a.d. 1841/42) a labor which, by right, devolved on Mr. Drury, Mr. Morehead or Mr.

Fort St. George 19th February 1846

Mr. Elliot the respective locum tenens during my seven Months suspension, but even if that return has passed into their record, without their observation, I trust the many subsequent communications will have left nothing in them unanswered. If the letter from Mr. Elliot, which the Board require, be that of the 10th October 1843 - a Copy is herewith sent, marked No. 2. —

Madura, 17th December 1845. } /Signed/ J. Blackburne.
Principal Collector. —

No. 1

Translate of an order dated 17th August 1843. from the Principal Collector of Madura to the Tasildar of Meyloor. —

Mr. Elliot having personally intimated to me that from the neglect of the Ryots to preserve the stubble of the withered paddy for fusly 1252 - the Government servants deputed to inspect them had, under the general order of Mr. Commissioner Drury of the 23d February, included all Crops, the stubble of which was left in proof for examination, as "perished" Carrying to the head of harvest all destroyed by, and cutaway for Cattle, the stubble whereof was

Fort St. George 19th February 1846.

was not left, and that you had severally informed Mr. Elliot both in person and by addresses of the inability of the Ryots to pay the tax on those Crops, and of the impolicy of exacting it by distraint, as it would cripple their means of Cultivation for the Current year, and recommended their remission. — and that you had orders from him to prepare an individual account in lieu of the Abstract of proposed remission in 14 Villages to amount of Rupees 4468-11-9. you will, on getting that Statement ready, carry to the Settlement the withered Crops below 10 per Cent of a Ryots Puttah, according to the orders of the Board of Revenue, and after deducting from the accounts all the remissions granted, prepare puttahs as quickly as you can, and inform me of the date on which they will be ready for distribution to the Ryots, taking care to realize the Government dues. —

/Signed/ J. Blackburne
Principal Collector.

To

Fort St. George 19th February 1846.

No. 2—

To The Principal Collector of Madura—

Sir,

1. In reply to your Memorandum of the 1st Instant, I have the honor to state that a reply to the Extract from the Proceedings of the Board of Revenue, was drawn up by me some months since, but as it included the whole Extract, I have in the following reply restricted myself to those paragraphs adverted to Viz. 23 — last part / 31-32 - and 33 —.

Extract from the Proceedings of the Board of Revenue Para 23—

2. The omission of ponds and Channels in the Sub Collectors' report on his division for fusly 1251 which had been hitherto entered amongst the sources of irrigation will be carefully avoided in future.—

3. It was intended to make Tanks and Lakes synonymous, but how the word Lakes became coupled with Annicuts cannot be traced. It is however an accident which can best be rectified by erasing the former of those words, which it is requested

Fort St. George 19th February 1846.

may be done. The annicuts referred to in no way differ from the usual stream or River dam.—

Para 32.

3. Some years back a Grazier proposed taking the waste lands of the 32 hamlets appertaining to the Village of Taudicomboo for his sheep. This has remained for some years, if not during the whole period, at Rupees 5-4-10 which is not perhaps a tithe of its nature, or what the rental would amount to if regularly or fairly fixed on the extent of land, value of the flocks or by Competition, and altho' this sum is in itself insignificant in consideration of its forming the only rented pasturage of the district, it forms at least a proof that the tax is not universally disliked.—

Para 33.

Full tax is paid for the first year of planting Cotton, but should any Ryot wish to keep the plants for one or more years, without further Cultivation or attention thereto, only half tax is demanded according to the Hookoomnamah, without any special reference to the produce. No separate heading

Fort St. George 19th February 1846

heading appears in the accounts for the half tax allowed on the Nunjah lands specially agreed for at full assessment by certain Bramins of the Mailmungalom Village attached to the Talook of Tengare but on their representation they were permitted by the Principal Collector to pay half tax - There are two parties in Mailamungalom the Bramins and Soodras. The former claimed the right to hold at pleasure, Cultivated or not, the whole of the Nunjah lands of their Village, but there appeared little likelihood of their Cultivating, as they were not sure of enjoying more than one Crop on the whole extent, whilst they felt certain of a double Crop on the portion they had selected the tax in one Case but the Crop in the other being double - To ensure or which profit for the future years even if they lost it in a season of competition they voluntarily signed agreements to pay for the whole land desired to be Cultivated by the Soodras whether fallow or not - The Bramins however, as expected, failed to Cultivate, but further refused to satisfy the demand they had voluntarily incurred, without a prior reference to the Principal Collector who was pleased to require only a moiety of the tax on the land engaged for, to be paid - During the present year a similar experiment has been made, but not with equal success as the whole tax has been already realized. —.

Para. 34. Comment on the Extra sources of Revenue in the Jummalabundy report will be avoided in future - With respect to the Tobacco Contract, however some plan appears necessary for the protection of the Contractor and the Revenue, but to avoid repetition, I beg to refer to my letters of the 13th April and 12th of May last. —.

From the Pl. Collr. of Madura. —

Reporting on the Settlement of Fusly 1254 —
A. D. 1844/45.

A & B
C D & E
F & G

In elucidation of the Settlement for Fusly 1254 I have the honor to submit the following 21 Statements 2 Abstracts Comparative of Village Settlement Viz.t One Madura and one for Dindigul individual rent rolls of the 3 Villages of Pummery in Madacolum, Codattoor in Tandi- comboo and Parethyoor in Tyempully, and rent rolls of two individuals, all in Kindoovy -

No. 1. Statement of Villages, population &c.
" 2. Ayacut or Total extent of land -
" 3. Abstract Settlement -
" 4. Abstract of each Talook -
" 5. Increase and Decrease upon each item of the Talooks in comparison with Fusly 1253 -
" 6. Detail of the gross increase and decrease in comparison with Fusly 1253 for Principal Collectors division only; no Statements received from Sub Collector -
" 7. Register of lands held on sanctioned Cowle -
" 8. Special Cowle -
" 9. Lands granted to the Sibbendy Peons of Rammad -
" 10 Statement Comparative of increase and -

and Decrease in the Cowle lands of each Taloo.

No. 11. Rates of per Centage of Remission granted on withered Punjah Crops.

" 12. Cultivation of Sugar cane in Dindigul.

" 13. Histbundy of the Land Revenues.

" 14. Histbundy of the settled and unsettled Zemindaries.

I Statement of the Pylney hill Villages population &c.

II. Pyotwary Settlement.

III. Tax roll with particulars of Cultivation measured by a chain of 180 Eng. Feet in square, making 1 Gully.

" 15. IV. Service maniems proposed as per the Statement prepared for Fusly 1252.

V. Individual produce of one of the 5 Villages for Fusly 1250, as prepared by Government Cumums from subsequent enquiry amongst the ryots.

VI Similar Abstract for all five Villages.

" 16. Extent of Enam lands and Cultivation.

" 17. Statement of land revenue and extra Sawes in comparison with fusly 1253.

" 18. Statement comparative of Demand, Collection and Balance of Land Revenue.

" 19. Abstract Settlement of Oolapanaikoor in fusly 1253.

Abstract

No. 20. Abstract Settlement of Kullemonthai for fusly 1254.

" 21. Settlement of the 55 Villages in which full tax was reimposed in comparison with the two preceding fusslies.

and with respect to the Board's observations in para 5 of their proceedings, dated 6th March, and some previous letters, that Statement No. 5 had not hitherto been properly prepared, I am sorry that I must for this fusly, at least, request it may be received in the same form as before for reasons shewn at large in my answers of this days date to the Board's above proceedings

Para 20 of the 6th March, that it cannot be prepared according to the form prescribed for want of survey data, but I trust a satisfactory substitute may be ready for the report on next, or next fusly but one Viz. 1256 or 1257.

Between July and September of

State of Season See letter to B: 2nd Dec. 1845.

No. 2. the fusly under report, there was so little or no rain that in few villages only was any Punjah seed sown. Heavy showers fell at the end of September and a small supply of water in the Vegkay, in the beginning of October, enabled prosecution of Punjah cultivation to some extent. Advantage was taken of the rain to sow Punjah seeds, whilst, at the same time they

Fort St. George. 19th February 1846.

they revised and saved much of the little that had been already sown, but from want of after rains the harvest of the principal crops of Cholum, Varagoo &c., were poor and unsatisfactory. In Theroomungalum the cumboo crops entirely perished. The Ryots applied earnestly for remission but I was sorry to think myself obliged to refuse. Tho' the October freshes in the Vighay afforded water to the Tanks dependant thereon, those Dependant only on the falling rains and jungle Streams received sufficient only for 2 and 3 months, the subsequent partial rains of the earliest part of December were of much use where they fell, but in other Villages the cultivation suffered greatly from drought, but the partial showers from the 18th turning into heavy rain during the last three days of the Month, simultaneous with freshes in the Vighay was of very great benefit, where the previous drought had not been exceedingly destructive; but they also caused the bursting of very many tanks. There was no rain during January and February. In March there were but two partial showers, which however brought down freshes in the Vighay of much use to the cultivation of Cotay or mid summer Crops. There was no rain in April

Fort St. George. 19th February 1846.

April. In May it fell partially, but was of no use to the cultivation, but subsequent rains in June promised to be of much advantage to the Punjah cultivation for fusly 1255.

State of harvest. 3. The rains scanty in season, and subsequently, in great and injurious excess, was naturally followed by short crops, as well of Punjah as of Punjah, in so much that the Ryots were obliged to buy grain even for their own subsistence, which increased the price of paddy from Rupees 1-4-8 of the previous year to Rupees 2-3-8 per Cullum causing great distress to the poorer classes, and benefitting the few who had some stock of grain, and the trading community; and the home market was much dependent on neighbouring Districts for its supply.

Price of Paddy - average Price of paddy per Cullum

	Rs	a	P.
Fusly 1251	1	2	1
1252	1	4	11
1253	1	4	6
1254	2	3	8

Health. 4. During the year under Report no disease generally, and particulary Cholera was not more severe than ordinary, but the scarcity of grain and hope of high wages induced many to emigrate to Ceylon.

Settlement account for fusly 1264. 5. Preparation of the Settlement accounts individually, according to the Bellary form, so easy to be directed but so difficult to be executed, was almost insurmountable from obliteration of the survey field marks, and from the long neglect of bunds to

Fort St. George. 19th February, 1846-

to keep the cultivation returns with reference to those survey field marks, having been in the habit long before I was sent to this Collectorate to keep them only according to each Ryots' cultivation- With great exertions on my restoration to office after 7 Months suspension from the commencement of fusly 1253 I succeeded in attaining during that fusly, by renewed measurements in reference to the survey, the desired perfection of accounts in only 11 Villages: and by continued, and increased labour and Vigilance, from the beginning of the fusly under report, I have generally attained my object to a degree that I trust may be satisfactory to the Court of Directors-

Original Survey of Madawa-

5. Mr. Collector Hurdis effected the Survey of the Madaveelum, Theroimmungalum and Seyloor Talooks in fusly 1211. thro Village Cummums and Nattamgars: Punjah lands were measured by a chain 100 feet in length, the square of which became the standard contents of one Ecoly, whilst the Punjah was measured by a rod of 24 English feet which multiplied by ten gave 57,600 square feet as the standard contents of a Cawny- The classification was made by persons expressly nominated aided by the Talook servants at the same

25600 Square feet-

Fort St. George. 19th February, 1846-

time and each mans contiguous holding of land of one and the same tax was denominated a "Mullum" hence its measurement varies from 1/16 of a Cawny to 200 Cawnies Punjah and even more, but never exceeds ten Cawnies Punjah- These then are the standard

Original Survey-

7- of the Settlement for the following fusly (1212.) survey accounts, but they were not completed in time to form the basis of the Settlement of that fusly, which was made as had been usual in the Nawabs time: It was the basis but in it the particulars of the cultivation were not entered in the accounts, but only the abstract totals- These accounts were left in Cadjans without any transcription on paper or any copies deposited in the Talook, or Collectors Offices, and it is supposed one fourth are not now in existence-

Mr Parish's Survey-

Mr. Collector Parish, doubting 8- the fidelity of survey accounts prepared only by Village Officers, recommended a revision, at an expense of 50000 Star Pagodas, which being sanctioned, he proceeded with the work in fusly 1215. thro Managars, who commenced by measuring Perambohs and other waste and uncultivated arable lands,

postponing

year to prevent the great labor imposed upon the Government Officers by cultivation of only portions of fields or "Mullums" without reference to the survey bounds, requiring that no portion of a Nunjah field, or Mullum, not exceeding half a Cawny, or of a Punjah one not more than 2 Goolies in size, should be left waste and for contempt of this order I have enforced the penalty of payment for the waste portion to the amount of Rupees 1,825-8- which I have carried to the settlement account in Column 499 of Statement No 4-

Board's Proceedings 9th March 1845. Para 28- Allotments of land.

12 In attempted obedience to the Board's wishes regarding what they call Dittum and Caboolial" and which they represent as a successful practice prevailing in other Zillahs, by which a ryot is obliged to pay for all lands he undertakes to cultivate whether so cultivated or waste, except under certain discretionary circumstances, the necessary orders have been given since June 1252; That the power should be in the hands of the Collector to meet a continued vexatious opposition by neglecting to cultivate one's self or allowing another to cultivate it good: but in reference to this Collectorate I look upon its rigorous enforcement

enforcement and prescriptive entry in the Accounts unnecessary and therefore injurious, as also vexatious. Exceptions excepted a Ryot of Madura will always cultivate as much ground as he can there is much more ground than there are cultivators to occupy and consequently as far as they can, they will cultivate the most remunerating ground and this assertion I look upon as proved by the Statement sent to the Board of Revenue on the 27th December 1844, when trying to refute 6 Paras of Charges of my mal. revenue administration made by Messrs Drury and Morehead on the 10th May 1843, during my seven months suspension, by which I showed that the average of cultivation in 16 years or Mr Peters time, under whom Mr. Drury was an Assistant, gave an average of Rupees 15,87,361, whilst in the 9 years of mine, up to my suspension it gave an average of Rupees 17,35,650; Annual increased revenue Rupees 1,48,289. The allotment of land, then, or undertaking of cultivators to be responsible for a certain portion has never been more than nominal like and I think I have shown it necessary towards the keeping up, or increasing the standard of the cultivation. It is vexatious in musters at the time of the Government Servants from the Office to those in the Village, & in vexatious

Commissioners Report 16th May 1843. Vol 82 both inclusive. Para 15 Statement 4.

in raising the fears and irritating the minds of the cultivators, amongst whom angry passions are always to be found, ready to be responsible for ground refused by one on conviction it will not remunerate; and who himself is only praying for the vexation he is imposing upon his enemy. (I have a distinct case of the Sub Collector introducing a Mussulman into the neighbouring lands of Bramins whilst there was unoccupied land of similar kind in that Mussulmans own hamlet of the same Village.) It is true Government obtain their revenue by this means but should a Government stoop to means that would be construed by the individual Gentleman and which will in the end prove injurious? The successful cultivation of Nunjah and Punjah lands depends on the falling rains, and on the capacity and supply of tanks; and it cannot be expected a man will be responsible for revenue without a fair probability of return to himself. The Seasons are extremely variable and to make the measure full as light as it could on the cultivator, I have assigned from the 1st July to the 31st October for closing these forced voluntary responsibilities. And still so backward has been this Season it could not be completed with any degree of justice within that time.

13. Such is the opposition to the system here

here that a Ryot will not indicate his offer of responsibility; and to endeavour a literal obedience to the Boards' commands in the present low state of the cultivators I have no hope to see the spirit of their orders attained / the Curnums and Nattungars write out a list of the land they think will be of advantage for the Ryot to hold and by constructual pressing and the threat on refusal to give the land to others, they obtain his desperate and reluctant mark of assent before the Tahsildar or Moozoomdar But even by this means the assent has not been any where attained in the fifty five Villages on which the Board remposed full tax after the holders had enjoyed it for 29 Years on the reductions granted, with the knowledge, but without the assent, of the Board, by Mr. Peter, and by an erroneous hasty order of mine, which has been corrected for the current Fasly, the cultivation of the year before last has been entered for these Villages in Column 156. Statement No. 4, as tho' they had undertaken its cultivation which they did not, and which should, therefore, have been entered in the next column but one No. 158, shewing lands cultivated although the responsibility

Ryots cultivation in Fasly 1253.

responsibility was not undertaken and with this addition the Ryots have become responsible for tax to the Amount of Rupees 134,805 9 5, — not one fraction of which is recoverable, and — which is shown in Column 4th of the above Statement; and of which Rupees 35,196 3 is entered against the above 55 Villages.

Remissions

No. The tax on withered Crops as calculated on the former System, amounted to Rupees 24,724 9 9; but under a rigorous obedience to the Boards instructions of the 6th. March I refused to grant Rupees 8005 10 — the portion of which had been necessarily so long protracted that the Ryots had ceased to preserve the stubble and I similarly refused to grant Rupees 6,668 1 — as falling within 10 per Cent of the Ryots total roll. In the year under report the remission was not given on the whole Amount of lost Crop, even when exceeding 10 per Cent of the rent roll. but only upon the loss in excess of the 10 per Cent. Thus keeping the total remissions on this head at Rupees 10050 — 11 — 9. Their short returns and the heavy prices they had to pay for grain for their own sustenance how borne very heavy on the poorer and greater class of cultivators.

Ramgherry grass tax

15. In answer to the Boards answered: versions of the 23d. March 1813, that there had not been

been realized the hopes I held out to them, on the 20th. June 1812, in respect to the pasture land of Ramgherry Pollium, I take the liberty to remind them I deemed a certain outlay in the shape of efficient temporary Servants necessary, but this they would not hear of; On the 25th. April 1813, during my 7 months Suspension, Mr. Elliot directed levy of quarter tax on all lands reserved for grass; whether the ryot had undertaken the responsibility or not, provided only there was grass; full tax on all lands for which the Ryot had signed to the responsibility, whether the cultivated, or only manured and [illegible] or in part cultivated; and full tax upon all spots not exceeding 2 Gullies in extent in which any, however small, a portion, had been reserved and in part reserved for pasture; and full tax upon all spots not exceeding 2 Gullies in extent in which any, however small, a portion, had been cultivated. In May the Ryots refused to pay for the grass land, under the above order, in consequence of which their consent to relinquish them was taken in writing on the 11th. and 13th. June and on the 21st. I deem, Mr. Acting Principal Collector Morehead authorized, exclusion of this above from the Settlement of Fasly 1222, directing that, at the ensuing season for allotment, they should be required formally to

responsibility was not undertaken and with this addition the Ryots have become responsible for tax to the Amount of Rupees 134,805 9 8, — not one fraction of which is recoverable, and on which is shown in Column 472 of the above Statement; and of which Rupees 35,496 3 is entered against the above 55 Villages.

Remissions 11th. The tax on withered crops as calculated on the former System, amounted to Rupees 24724 9 9; but under a rigorous obedience to the Board's instructions of the 6th. March I refused to grant Rupees 8005. 10 the examination of which had been necessarily so long protracted that the Ryots had ceased to preserve the stubble and I similarly refused to grant Rupees 6,668 1 as falling within 10 per Cent of the Ryots total roll. In the year under report the remission was not given on the whole Amount of lost Crop, even when exceeding 10 per Cent of the rent roll. but only upon the loss in excess of the 10 per Cent. Thus keeping the total remissions on this head at Rupees 10080 11 9. Their short returns and the heavy price they had to pay for grain for their own sustenance has borne very heavy on the poorer and greater class of cultivators.

Ramgherry grass tax. 15. In answer to the Boards enquiries of the 23d. March 1843, that there had not been

been realized the hopes I held out to them, on the 20th. June 1842, in respect to the pasture land of Ramgherry Pollems, I take the liberty to remind them I deemed a certain outlay in the shape of efficient temporary Servants necessary, but this they would not hear of; On the 25th. April 1843, during my 7 months suspension, Mr. Elliot directed levy of quarter tax on all lands reserved for grass; whether the Ryot had undertaken the responsibility or not, provided only there was grass; full tax on all lands for which the Ryot had signified to the responsibility, whether the cultivated, or only manured and unplowed, and in part cultivated and in part reserved for pasture; and full tax upon all spots not exceeding 2 Gullies in extent in which any, however small, a portion, had been cultivated. In May the Ryots refused to pay for the grass land, under the above order, in consequence of which their consent to relinquish them was taken in writing on the 11th. and 15th. June and on the 21st. I dem, Mr. Acting Principal Collector Morehead, authorized, exclusion of this demand from the Settlement of Fasly 1252, during that, & the ensuing season for — allowance, they should be required formally to

Fort St. George 19th. February 1826.

to give up all land for which they would not then become responsible, respectively for cultivation and for pasture: and the land thus relinquished be directed to be given to any one willing to become responsible: and for any that was left be directed quarter tax to be levied from any Ryot whose Cattle pastured upon it, and for that Fusly (1252) the tax was levied accordingly.—

16. In Fusly 1253 full tax was levied on all lands for which the Ryots signed their responsibility, only if cultivated, and on all spots not less than two Gulies; that they cultivated in part, leaving the rest of it waste, or reckned for pasture; and of the remaining lands, which had not been taken by other Ryots on the owners declining full tax responsibility, a quarter tax was levied on their signed responsibility for it for pasture. The same rules have been followed in the Fusly under report, and the Revenue derived from the quarter tax land Amounts to Rupees 1190 2; and that it was not more is fairly attributable to the small quantity of rain that fell. The practice has been introduced and it must take time to developpe itself.—

17. In my letter of the 17th. Instant para twelve I have shewn my general view of the Sugarcane taxation. It must be looked for in the Sub Collector's report how he has enforced the Board's instructions.

Ootapanaikenoor Zemindary.

18. The Ootapanaikenoor Zemindary; which had been under sequestration since Fusly 1230, having been restored to the proprietor during the Current Fusly, on payment of arrears, its assets no longer appear in Statement — its accounts no longer appear in Statement No. 6, but a separate one accompanies numbered 10 for comparison with its particulars in Fusly 1233.

19 In my letter of the 17th. Instant para Six, I have shewn in detail the state of wells and admitted the former error of headings or entries of Columns 105 and 110 of Statement No. 1, which raised such doubts in the Boards mind. The wells entered in 110 are of no service for irrigation, but only for drink to man and beast.

20. The increase in the total of land, exhibited in Statement No. 2, is the addition discovered & measurement of the Aiar and Puncima cultivation, for which tax has been duly levied and from inclusion of the Pyleny Tolls in the Year under report, which the decrease follows

Fort St. George 19th. February 1816.

follows the restoration of Cotapanaiker to the Zemindar. The particulars will be seen in the Abstract foot of the Statement.

21. Under the Board's orders I have had during the year, the laborious task of changing to the Bellary form the Accounts of the three largest of the four talooks of my division and to enable me to do it at all the exceeding labor of an almost entire re measurement (See paras 5 & 9 both inclusive); and for this purpose the Curnums assembled at my Office in Madura instead of, as usual and as in Maroongapoory, at the Cutcherry heads of their own talooks; and there was consequently a suspension in the labor from the 18th. March to the 2d. June; nor could the Accounts be Completed before the 15th. August. The distribution of Pattahs commenced on the 28th. May in a variety of places, as much suited to the convenience of the Ryots as the advanced periods would admit and before the end of the Fasly the delivery to 363 Villages had been been made by me. My head Assistant neglected my instructions to perform the same duty, to the South, during the same time, because some Villages were too incomplete to allow all to be done on one Circuit, but from the 12th. June till

Places of preparation of Settlement.

Distribution of Pattahs.

Fort St. George 19th. February 1816.

till the 26th. July he distributed in 322 Villages. To 41 large Villages in different talooks they were distributed by me, between the 6th. and 21st. August; and in 1 Villaye in Meyloor they were distributed by the Tahsildar only on the 12th. September. —

22. In the 55 Villages where the Board have not imposed the full tax, the cultivators of 13, refusing to sign the Accounts or accept the Pattahs and of 2 others, refusing to sign the Accounts though they accepted the Pattahs the former were consigned to the respective Tahsildars who eventually succeeded in collecting the demand.

23. Each Village was warned of the danger incurred by tumultuous resistance of public authority; and of the necessity to register all their deeds and contracts as soon as made, as the registry of a subsequent transaction of this nature would bar the prior right, — the registry of which had been omitted; and they were shewn the course, and particularly encouraged to complain against the Collector when ever they thought they had any ground of complaint against him; and the three points were reduced to writing, and in presence of all the Villagers, and

Distribution of Pattahs in Villages in which full tax had been reimposed.

Fort St. George 19th. February 1816.

and with their particular attention called to it, was delivered with the Abstract rent roll of the Village to its head.

24 The Board's Proceedings of the 5th. March and of the Minutes of Consultation of the 28th. August were duly and immediately forwarded to the Sub Collector for his guidance and though he has persevered in his newly introduced Ryotwary Settlement of the Pydney hills I cannot but approve his neglect of the orders of his superiors, from my conviction those orders were framed in ignorance for which he is blameable, of the real circumstances of the case and his report on last Fasly, ex. which accompanies this will I trust satisfy them also of the propriety of persevering in the Settlement already made and make them regret only the

Settlement of Pydney Hills.

Fort St. George 19th. February 1816.

the insufficiency of report afforded them last year; The explanatory Statements of which are marked I. II. III. IV. V. and VI of No. 15 and as the Sub Collectors report enters into detail of the particulars and mode of Settlement it will be sufficient for me to note any brief objections. In his Settlement the Sub Collector has allotted 10 per cent of it to the Village Officers Viz. 3 to the Curnums 3 Nat. Curnums who should not be distinguished as Munnadies only, and 4 to the Madaraj, Shetti Sundelgar, and Cavilgar Dutt it was found necessary to select Curnums from the low Country in 1837 at a fee of 7 Rupees a Month for each of the five, and I confidently prefer a money payment to an assignment

Pay of Village Curnums.

Fort St. George 19th February 1846.

assignment of land; and I am equally inclined to think that
rate of pay is fair, and when the family becomes domici-
ciated on the hills, it will be considered high. But consi-
dering the necessity for the Children to be educated in
the low Country it will not be too much; and in the
absence of heirs it enables the Collector to secure another
efficient Servant in his place.

Pay of 5 Cuttunums at 7 Rupees a Month	420	"	"
Pay of Dº at 3 per Cent of Settlement of Fusly 1251	180	3	3
Deficiency	239	12	9

By two Hill Peons dismissed

25. From the 63 para of the Sub Collectors report it seems he would reduce the number of Pagodas from 107 to 67. and their disbursements from Rupees 1272-9-3 to Rupees 332-6- but he neither shews the principle of his reductions nor the calculations on which he he has formed his recommendation of a yearly money payment; he seems further to recommend abandonment of Sornadayam (three six) percent instead, that does not shew its Amount at present, or to what it will probably hereafter rise. With the insufficient information thus lamely given I can offer no opinion except against abandonment of Sornadayam Revenue, and must await the promised further report.

&c.

Fort St. George 19th February 1846.

26. The average revenue of 5 years from Fusly 1247 to 1251 both inclusive according to the rents and due realization was Rupees — 3,325-7-2 whilst the Cumums gave one shewing the capabilities according to their calculations of Fusly 1250 at Rupees 7,356-1-10 but this — last cannot be relied upon —

27. I take the liberty to recommend a general approval of the settlement, open to correction on further experience, but the principle and rate of taxation to be declared unchangeable for three years Viz. till end of fusly 1257.

Sub Collectors report 28th November 1845. Para 55. Kullemanthai Moottah.

28. Statement Nº 20 gives the abstract settlement of Kullemonthai, and the Sub Collector proposes to report on it in detail after the harvest of the current Fusly 1255.

55 Villages on which full tax has been reimposed.

29. Statement Nº 21 gives the abstract settlement of each of the 55 Villages in which the Board reimposed the full tax, after —

enjoyment

enjoyment of the reduced rate from 17 to 29 years Viz.t from fusly 1224 A.D. 1814/15 to fusly 1236 A.D. 1826/27. between which periods they were made. The Board finding it impossible to pass their order on the subject on the very confined and partial report of my predecessor of the 20th. August 1843 called for a fuller one, which finding unattended to, I made to the best of my ability, on the 29th. August 1836. On the 23d. January 1843, during my seven Months suspension, they pronounced that report elaborate and without grounds whereon to form any judgment, and declared that tho' one of my predecessor was quite sufficient to warrant it they at once ordered immediate reimposition of the reduced tax in every instance. The hardship of the measure being pressed on their attention by petitions the Board ordered on the 26th. June 1843 that the reimposition should not take effect till after the end of the fusly then growing to a close, because of the late period at which their orders had reached the Commissioner in charge, and which must have been on the 1st. or 2nd. February.—

30. The revenue derived from the 55 Villages in fusly 1252, was Rupees 121,984. If the discretionary remissions had been enforced, the

demand would have been Rupees 156,708. In fusly 1253 it was Rupees 134,876 of which Rupees 29,374-97 were the reimposed reductions. and the fusly under report the revenue has been only Rupees 116,596 of which the amount of reimposed reductions cannot be shewn from want of such separate account.—

31. There is no balance due prior to fusly 1252 and for the balances of

Fusly	1252	Viz.t Rs.	424-5-9
	1253	" "	572-7-1
	1254	" "	294-9-6
		Total	1291-6-4

after vain attempts to recover by other means resort was had to offer of lands for sale in the three Villages of Nelligoor Velacherry and Angady mungalum, but for land in the first Village only could a bidder be found to whom it was knocked down at a low rate and the purchaser had been pressed to come forward from amongst the mercantile class. The Board may attribute the falling off to the non resisting abstinence of the Ryots and to the badness of season with shew of probability, and they will be right in persevering, for some years to see if they are right or not, since the measure if a mischievous one has performed its task. But I am assured that several of the Ryots found the relief of reduced tax so barely sufficient, that with it their mesrafsies had been extensively mortgaged and sold, and now have been driven to emigration whilst in other of the smaller Villages the reimposition has been borne without any visible bad effects. and this I think I anticipated in my report of the 29th. August 1836.—

The increased revenue from Punjah Garden is in Dindigul - that from Nunjah and Punjah and Nunjah Garden from Madura - The scarceness of Grain from adverse Season, shewing itself in the preceding fusly and continuing in the one under report, forced the Ryots of Sheroomangalam to Nunjah and Punjah Cultivation, taking advantage of the light rains of March to raise food for their cattle, in substitution of the Cholum Straw, which was usual to them but which the season prevented them raising - The increase from Sugarcane is only the increased rate of taxation -

In

Fort S.t George 19.th February 1846

In considering the variations in the year under report and the preceding one recollection must be held of the incorporation in the former of the hill Villages of Pylney.-

34 Abstract land Revenue settlement including Zemindaries in comparison with fusly 1253.-

	Fusly 1253			Fusly 1254			Increase			Decrease		
	Rs	a	p	Rs	a	p	Rs	a	p	Rs	a	p
Permanently Settled Zemindaries	6,33,468	2	-	6,33,468	2	-	-	-	-	-	-	-
Unsettled D.o	1,26,187	-	2	1,28,770	15	6	2,583	15	4	-	-	-
Ryotwary	10,09,646	9	-	9,51,399	14	10	-	-	-	58,246	10	2
Total	17,69,301	11	2	17,13,639	-	4	2,583	15	4	58,246	10	2
									Net Decrease	55,662	10	10

Average of 5 years from fusly 1249 to 1253	1,78,3538	8	2
Decrease in the Current year between the average	69,899	7	10
Decrease below last year	55,662	10	10

The increase under the head of unsettled Zamindaries is entirely occasioned by transfer of the Ootapanaickanoor pollium to the Proprietor, and that same transfer affects, as far as it goes, the decrease under the head "Ryotwarry".-

Advances for Cultivation

37. In reference to the Boards' Circular of the 27th February last I beg to state that of advances made in the Village of Paramay, in Fusly 1252 in consequence of extensive conflagration. there remains a balance of 46½ Rupees which however is only due according to their engagements. in the Current fusly /1255/, and Rupees 158 due from Thamoar for an advance, made in the fusly under report. No other advances were made during the fusly under report.—No other remains uncollected.—

18th November 1845.

38. My Sub Collectors' /accompanying/ speaks for itself. I have had no Assistant since July; I am perfectly satisfied with my Sheristadar, Kistna Row. as I expressed myself in my report for fualy 1253 - and I am better pleased with my Deputy Sheristadar, Trimul Row than I have ever been before It may not be here out of place to record my perfect satisfaction with my head Writer, Coopiah whom I should be inclined to recommend

for.

Fort St. George 19th February 1846.

IX. Individual account of the Village of Callatoor in the Talook of Tadicamboo, according to the plan adopted this year in the Principal Cutcherry.—
X. Fysul Chittah of Do.
XI Abstract of Cultivation in Do.
XII. List of Pattahs in Do.
XIII. Copy of a single Ryots puttah
XIV. Individual Chittah of Paratyoor in the Talook of Dyempilly according to the forms laid down in the Proceedings of the Board of Revenue dated 6th February 1843
XV Fysul Chittah of Paratyoor.

4. The statistics of the 4 Talooks forming the Sub Division, may be glean-

Statistics

-ed from the following accounts—

Fusly

5. The increase in the Tanks and other means of irrigation, is the result of private enterprize. The increase to the revenue from each item, may be gathered from the following Statement.-

		Land	Ain tax	Fazl Jasty	Total
		Cows As	Rs a p	Rs a p	Rs a p
Punjah	Baghayet in cultivation Land	117 3/4	193 9 11	413 15 2	607 9 1
	Baghayet in immemorial waste	3 15 1/2	" " "	23 2 10	23 2 10
	Total	121 1/2	193 9 11	437 2 "	630 11 11
Shunjah	Dry Cultivation converted into Paddy fields &c.	33 3/4	67 1 8	91 6 1	158 7 9
	Immemorial waste changed to Paddy fields	5 1/4	" " "	23 10 3	23 10 3
	Total	38 1	67 1 8	115 " 4	182 2 "
	Vainpyree into dry lands	" 4	" 3 8	3 15 8	4 3 4
	Total	38 5	67 5 4	119 " "	186 5 4
	Grand Total of Punjah and Poonjah	167 133/4	260 15 3	557/4 15 11	834 15 2

6. The increase in houses, is about one percent.-

7 The population accounts have been drawn up in conformity with the instructions of the Board of Revenue. I beg to apologize for omitting to issue the necessary orders, last year, for the enbry of all ages.-

8. Although not immediately connected with a Jummabundy Report on the ain lands. It may be desired to see occasionally the population of the Zary Zemindaries in the Sub Division, for which purpose, I beg to submit the result of the reports sent to me according to my instructions.-

Statement

Fort St. George 19th February 1846

9.- The increase in the cattle is satisfactory. During the hottest parts of the season, and during a scarcity of pasture, many are stated to have died in the Talooks of Tadikumboo and Nellacottah. But still there was an increase in their numbers, though trifling compared with the other two Talooks. Their increase may in part, be attributed to the improving state of the Cultivator who has been enabled to increase his stock by purchase. The season was, however on the whole, favorable, to the cattle.-

10. The increase in ploughs, appears to have kept pace with that of cattle and of Cultivators.

11.- The decrease of partners may be attributed to the inducement, from high wages, to resort to Columbo, and also to some having themselves become Pattadars.

12. Comparative Statement showing the difference between the Dittam Cultivation and Waste, for 1253 and 1254.

2699

Fort St. George 19th February 1846.

To

The Board of Revenue.

Gentlemen,

I have the honor to state, that for the Fusly year 1253 the Dittam waste brought to account was Cbs. 390 2 6 and the Dittam waste remitted Cbs. 8684 2 3, leaving a balance of Cbs. 381706 15 3 to be collected. For the Fusly year 1254 the Dittam waste brought to account is Cbs. 135 13 6 and the Dittam waste remitted Cbs. 41102 2 1, leaving a balance of Cbs. 367605 13 5 to be collected. The Cultivation independent of the Dittam for the Fusly year 1253 is Cbs. 29904 7 10 and for the Fusly year 1254 is Cbs. 51502 11 10, showing an increase of Cbs. 21597 12 0 in favor of the latter year. The Waste after the Dittam brought to account for the Fusly year 1253 is Cbs. 338 14 1 and for the Fusly year 1254 is Cbs. 161 " 7, showing a decrease of Cbs. 177 13 6 in favor of the latter year. The total of Columns 3, 5, 7 & 8 for the Fusly year 1253 is Cbs. 412600 2 1 and for the Fusly year 1254 is Cbs. 419379 2 7, showing an increase of Cbs. 6779 " 6 in favor of the latter year.

I have the honor to be,

Gentlemen,

Your most obedient Servant,

Sd/- Thomas Pycroft

Collector of Tanjore.

Certified.

certain extent a clashing of interests in the wet and dry Cultivation. All the Ry= =ots means being in simultaneous demand a great portion of land, which would otherwise have been taken up is probably abandoned. But the lateness of the season, has not a tendency to affect the body of Ryots to the extent it does the Cartar. The latter may be said to lose directly the amount of rent on the abandoned lands whilst the former will probably gain by improved prices more than they would by extended Cultivation with a Comparatively over stocked market.

14. The season for Nunjah was influenced by the lateness of the rains nearly as much as the Punjah. A good supply was received during October but in some instances, so suddenly and to such an extent as to damage several tanks and dams, whilst other tanks did not receive their wanted supply. In Tengare the greatest loss occurred, and on the whole Division, there is a decrease under this head of Rupees 5,601—8—3.

15. The season for Punjah Baghoyet

was good, particularly for the 2d Crop, as from February to June and there appears an increse under this head of Rupees 5,896—15— 2 — In Nunjah Baghoyet there was also a slight increase of Rupees 152—13—10.—

The above sums are exclusive of the hills.—

I am happy to state that no sickness prevailed, and that the whole of the last year was generally healthy.—

Prices.— 16. Throughout the season, prices were high, and in certain villages, where the crops were most favorable, and grain most plentiful, the prices were highest. This arose from the merchants crowding to such Villages, and withdrawing the greater portion of the produce for distant markets. A list of prices for 1253 and 1844 and 1254 / 1845 of the chief kinds of grain and pulse, is hereunder given.—

Prices

Fort St. George 19th February 1846.

Prices Current of the chief Kinds of Grain & Pulse produced and consumed in the Dindigul Division per Kallam of 60 measures, each of 16 pallams.

18 Amongst the items of reduction stands first Hooloos Maf, which is a per=manent remission made by Mr. Collector Hurdis on the Hooloor or Circar share of the produce as previously fixed by him. The 2d item is Munasib Cummy or discre=tionary reduction made during the time of Mr. Collector Peter on the Hooloor Maf, but although there is no reason to doubt that the land rent bore more heavily on the means of the Ryots in one place than another neither the amount reduced the plan adopted, nor rate of the reduction granted, have ever been formally sanction=ed by the Board of Revenue. An anomal=ly is discoverable in this latter reduc=tion in some of the rates being actually increased. The following statement will tend to shew the percentage on the land tax of these two items of remission, and also on those granted during the present Fusly.

One

Fort St. George 19th February 1846

20. On the 4th of April last I had the honor to receive the Extract from the Proceedings of the Board of Revenue dated the 6th of March on the Settlement of the Province of Madura, for Fusslies 1252 / 1842/3 A.D. and 1253 / 1843/4, and on the 28th April received your letter of the 26th trusting that I had taken steps to collect an addition of 80 per cent on all single crop Paddy land employed in the cultivation of Sugar cane. But up to that date, not having been favored with any instructions, or even having it in my power from the records in this Office to ascertain what was the limit of tax on single crop land, I had not done so. On receipt of the said communication however although the season was far advanced, I ordered the extra collection to be made. The Sahsildars observed there were no accounts to shew what was single and what double crop. Depositions were taken from persons likely to be acquainted with the subject, and from them it was gleaned that no single crop land was in excess of 20 fanams the goontah whilst there exists no want

of

Fort St. George 19th February 1846

of instances of only 10 fanams, and even of 2 fanams being only demanded for two full crops, An instance having been found of 20 fanams being demanded for certain land which only pro-duced since the settlement time a single crop per annum, that was taken as the utmost extent By taking 20 fanams as the limit, however there appeared to arise an anomaly for whilst it was the instructions of the Board of Revenue to levy 80 percent on single crop land, to make the same equal to the tax demanded for two crops it was evidently not their pleasure that more than that should be collected, but by adding 80 percent to 20 fanam land the result was fanams 36, or 6 fanams above the highest rate of double Nunjah crop land throughout the Sub Division, I took upon myself therefore to carry out the orders of their Board, by fixing 20 fanams land as the highest tax on single crop land, and added 80 percent, deduct-ing however the amount in excess of the highest tax on double or treble crop land, My communication of the 7th of July to your address submitted copy of my

Fort St. George. 19th February 1846

my final instructions to the Talook authorities explaining the particulars of the limitation, and which I trust will meet your approbation, as the spirit of the Board's instructions has been fully carried out. If with the addition of exactly 80 per cent it is desired to keep the amount payable within the sum demanded for double crop land, then 16 fanams which was 20 before the Munasib would appear to be the cor-rect limitation certain lands which at the Fysal time were settled at single will now perhaps have double crop, but only pay the fixed tax, should Sugar cane be cultivated, however 80 per cent is added. A slight reference was made to the addi-tional tax on lands occupied by Sugar cane, in the 20th Paragraph No. 3 of my Report on the Settlement of the District for Fusly 1252 / A.D. 1842/3 dated 15th November 1843.

Fort St. George 19th February 1846

21- Tuttwa cummy is the reduction on lands occupied by a different and inferior produce to that at the Fysul time. Betel and Plantain gardens Sugar cane &c changed to Paddy fields. Tobacco &c changed to Kodê and Punjah, are all included under the said heads

22 Amongst the reductions appears a new item, Viz. Gardens taxed with half rent for a single crop. The creation of this item appears to have been the consequence of the Fusly having passed, and the heavy rains being over, some Ryots proposed to take up old and abandoned gardens if they were allowed to hold the same on half tax, seeing that they could have but one crop and be at the expense of repairing the old water-works. Had this been for lands under cultivation during the previous year, I should have been unwilling to comply with their request but on condition that they

Vide Proceedings of the Board of Revenue dated 17th Sept. 1835 Para 13

Fort St. George 19th February 1846

they repaired the wells &c and that the land had not been under cultivation for 2 years, they were allowed to hold such lands at half rent for this year only - The whole tax being entered in the Jummabundy, half the rent has been entered as remitted. In those Villages where the rate on any Punjah exceeded the half tax the highest Punjah was taken instead of half rent tax. The Ryots have enjoyed a remunerating crop, the markets being better supplied when they most required it, the Circar have benefitted by the tax levied, and the repair of wells otherwise abandoned which will produce during the following year the full assessment.

The

Fort St. George 19th February 1846

23. The following Statement will exhibit the particulars of the tax levied on the lands alluded to in the foregoing Paragraph.

No.	Talook	Villages	Cultivators	Mills	Cultivation Land Tax	Remission	Remainder carried to account
					Canvies Rs. a P.	Rs. a P.	Rs. a P.
1	Tadikamboo	25	67	70	95 3/16	560 44	260 34 300 1 0

The

2718

Fort St. George 19th February 1846

27. The observations contained in the 13th Para. No. 11 of my settlement Report on the District of Madura for Fusly 1252 (1842/43) and the 13th Para. No. 7 of my Report on Dindigul for 1853 on Potapoty or land taken up for cultivation by that species of Darkhast, were not I fear sufficiently explicit, to save me from the appearance of introducing or upholding an arrangement tending neither to the advantage of the Revenue nor the cultivator. It was my wish to be understood as advocating a system precisely coinciding with that laid down by the Board of Revenue at the commencement of the 7th Para of their Proceedings dated 6th of March last, Vizt. the "taking "care that land is not idly kept waste by one "Ryot when others are able and willing to cul "tivate it." The word Potapoty is generally used to signify bidding, and hence it might be supposed that the bidding was for land on another's profession, but this is not, and should not ever be the case. It is always for fallow land or old waste, and could not therefore be cosidered as the property of any particular Ryot. The word was intended merely to explain the special engagement entered into by a Ryot for the payment of land whether cultivated or not which appeared only necessary

till

till the entry in the settlement of dittum tarse should be the practice of the District which is not yet the case. At the dittum time a Ryot will engage for any quantity of land even though he may be perfectly aware of his inability to cultivate it, because he is not called upon for payment the demand being limitted to that portion of his Reifeut under actual cultivation Potapoty is the special request of a Ryot after the dittum time to take up certain fallow land on which occasion a reference is made to the village to know if there be any objection to the request being granted; if it is referred to reference to the village and special engagement of either Durkhastdar or objector, constitute Potapoty. It is an offer with the special promise of payment. It is a bid for fallow lands without augmentation of rent or as a Cowle without any progressive increase or decrease of land tax. All potapoty comes by Durkhast, and all Durkhasts are decided by the process I have endeavoured to explain by the term Potapoty. When the Ryots are liable to have the lands left fallow by them without sufficient cause entered in the Jumma, as is the case in some districts. dittum tars or Cabuleatty bunjah and Potapoty tars will be synonimous. at

at present it is otherwise. The former is never entered in the settlement the latter is resembling therefore the Pathat tars of the Baramahl Talooks of the Province Salem, and it was the evasion of such entry without the slightest reason which induced my detailed observations in the 6th Para of my letter to your address dated the 28th October 1844. The plan adopted by me is simply a practical application of that village courtesy recommended by the Honorable the Court of Directors in the 55th Para of their General letter dated the 28th of July 1841 No. 8.

28. The settlement was made at the Cusbah station of the several Talooks and the Puttahs were distributed by me to the cultivators at the following places.—

Sadikamboo.	Iyempilly	Sengaree	Nellacottah
Dindigul	1 Palaneyat 10 Dr.	1 Cusbah Sengaree at 2 Drs.	1 Cusbah Nellacottah at 1 Dr.

The Hills

30. It was with great regret I read in the Proceedings of the Board of Revenue dated 6th of March last their Board's disapproval of the sudden and radical change carried out by me, with reference to the settlement of the Palney range of hills There

could be no doubt of the propriety and even the necessity of laying the plan fully before the Board, before assuring the Ryots of its permanency or putting the same into execution but I was favored with instructions, to carry out which to the best of my ability appeared my chiefest duty and care. To lay before you therefore the orders received and the manner in which such were obeyed, altho' attempted to be explained in my former Reports will form the main object of the following Paragraphs and this will perhaps be better understood by a short outline of the inducement to bring the said hills under the immediate management of the circar and will too, I trust, tend to clear up any supposition of the cultivators being in any way friendly to the system of rentals or in the least opposed to the taxes newly introduced. I have very few records to refer to but will endeavour to place the proceedings in order and afford such information as I have been able to obtain in conformity with the request contained in the 2d Para of your letter dated 14th ultimo.

31 In the extract from the Proceedings* of the Board of Revenue, on the Madura Settlement Report for 1241 / 1832 dated 18th

*Not in the Dindigul records.

18th October 1832 / 23d and 24th Sarahs / orders were issued to bring the collections of the Wills from the Surnadhayem to the Ayen and to make an Individual settlement according to the wishes of the Ryots.

32 In the 31st Para of their Boards Proceedings on the District Reports for Fusles 1242 / A.D. 1832/3 and 1243 / 1833/4 the Acting Principal Collectors statement is recorded to the effect that "the people had suffered greatly "for the last few years from the exactions of the "Renters" &c. The renting system itself was represented to be "certainly oppressive to the "people." Upon which it was observed in the same paragraph:- "The Ryots have expressed a "desire to have an Individual settlement "and the Board have directed a compliance "with their request." The 25th Para of the Board's Proceedings on the settlement of 1244 / 1834/5 31st of March 1836, also directs an Individual settlement to be made.

Not in the subCollectors Cutcherry

33- The late sub Collector Mr. Lockhart, in his Report[x] on the settlement of the Dindigul Division of Fusly 1246. / 1836/7 remarks that the system of rentals had its advantages in the security of the Revenue

[x] Dated 18th August 1837 - - -

and facility of collections, but adds "These "however were more than counterbalanced by "the poverty and hardship entailed upon the "inhabitants, by the extortions they were sub "-ject to by the Renters, which rendered all "chance of their ever bettering their condition, "or raising the Revenues, hopeless. The Board, "with a view to alleviate the condition of the "inhabitants, state that they wish the expe- "riment of an individual settlement to be "fairly tried." "The accounts of the Renters I "could of course, put no confidence in, it being "obviously their interest to under-rate the ca- "pabilities of the soil and extent of production "but I have every reason to believe they have "found their contracts very profitable from "the anxiety they displayed to review the rents "and to deter the hill people from making any "settlement direct with the Circar."

34 In consequence of the above and similar statements during 1837, 5 Curnams were appointed to the same number of hills- and submitted the statistics of some of the hill villages to the sub Collector who forwarded them to the Principal Collector as they were drawn up

35- In a demi official to the address of the Principal Collector by the Acting Sub

sub Collector, dated 11th June 1842, it appears that the total yearly produce of the Sandicooddy hill, in Tengare was Rupees 3,001. out of which the Renter took Rupees 1,014 as his own share, besides a levy of Rupees 310 said to be for the Devastanams, and also grain for his own house-hold. some persons examined by the Acting Sub Collector did not recollect the amount levied, but a sum was demanded, "and "the villagers had to produce it the best way they "could." The Curnam stated "The hill people "have been taught to believe by the Manady "that were they to lose him as Renter they "would have to pay much heavier taxes to "Government." "But the Curnam is of opinion "that they would rejoice at the change." It appears from the same communication, that the tax on each plough varied from Rs. 2 - 4 - 0 to Rs. 3 according to the following account furnished by the Village Curnam.-

Village	Ploughs	Levy on each		Total	
		Rs.	As.	Rs.	As.
Sandicooddy	22	2	4	49	8
Panneklad	48	2	12	132	"
Cannanore	15	2	4	33	12
Pallapatoor	18	3	"	54	"
Total	103	"	"	269	4
Tax on Hatchets				40	12
				310	"

35 Now the Curnam must have known this statement to be false for this is the exact amount of rent paid to the Circar by the Manady and the items were merely coined by him to make up the amount. The Curnam gave another account for 117 Ploughs at an average of Rupees 2-10-. The Acting sub Collector naturally did not credit the above statement, as the late sub Collector found from personal examination, that the Ryots paid from 5 to 7 per plough. Taking the average then at 6 Rupees, the amount would be much more than double the amount given by the Curnam or 117 Ploughs × 6 Rs = 702 Rs besides taxes on hatchets, monoties village amusements fines and mulcts Rs. unrecorded.-

36 On the 5th of July 1842 during a visit to Syempillay, the Ryots of Vilpaty and Veerupakshy again earnestly petitioned the Principal Collector for the annihilation of the rentals and for the tax to be fixed by the Circar at certain rates the Devastanam and Village Sibbendy being defrayed by the Government.-

37 In the 33d Para of my Jamabundy Report on the settlement for Fasly 1251 dated 2d August 1842 the subject of the tyranny and annoyance experienced

× Not amongst the Sub Collectors Records.

Min. Cons. 20th December 1842 Para 9

experienced by the hill Ryots, is slightly alluded to, and on the 24th of the same month, the Principal Collector addressed a letter × to the Board of Revenue signifying in the 5th Para his intention to abandon the system (of rentals) and introduce a Ryotwar settlement This proposition met the approval of Government on the 20th of December following.-

39 On the 21st of september 1842 a Tamil Memorandum was addressed to the Principal Collector submitting a Hookumnamah drawn up and proposed by me for the guidance of the Carnams stationed on the hills 4 years previously, the abstract of which was as follows.

1st Clause To send every ten days a Progress account of measurement &c.

2nd Clause To devide the land into suitable parcels.-

3rd and 4th Clauses- To explain the Kinds of cultivation seeds sown &c. in the measurement accounts.

5th and 6th Clauses To send certain accounts to the Tahsildars, retaining copies for themselves.

7th and 9th Clauses. To send an Ephemeris of his proceedings counter signed by the Natamgar a respectable cultivator and the owner of the examined field.-

8th Clause. To enter in the measurement accounts the names of the parcels on three sides of each field.

10th Clause Fixing the tax per Guntah upon.

Gardens at	6	Dry lands at	2	Plantain and Turmeric	10
Wet lands.-	4	Padugah "	1	Wheat	6.

11th Clause To enter seperately the Manadies lands, which they called Manem.-

12th Clause- To shew what land tax &c. each Ryot paid under the system of Rentals.-

Para 39 On the 29th of the same month the Principal Collector was pleased to approve of the said Hookumnamah, and directed the lands to be brought under Amany, and the tax to be fixed moderately, and collected accordingly-

40 On the receipt of those instructions, the Hookumnamah was forwarded to the respective Talooks, and 10 days accounts were submitted to this Cachery; and on the replies of the Carnams the particular request of the Ryots themselves and the acquiescence of the inhabitants at the period of the Settlement, the taxes were fixed, subject to the approval of the Board of Revenue,- The Ryots of those villages, in which the Manadies were present, took put-tahs and paid their rents: but in the others, the fear of the Manadies deterred those very inhabitants who had previously petitioned against their Tyranny and oppression, from embracing the best opportunity of preventing its recurrence- As the Manadies were stated to have collected some of the money due by the Ryots to the Circar, and they had absented themselves, it was impossible to make any collections direct from them- Their absence retarded

Fort St. George 19th. February 1846.

retarded the measurements of the lands, and as they did not return, or were not discovered the time pafsed, and the arrears accumulated. They not failing, through agents and friends to hold out threats to the Ryots, and also afsurances of the speedy return to the rentals when the Ryots must have felt afsured — nothing would have been left untried to make all those perfectly miserable, who had for a moment evinced a disposition to advocate the Amany management and lighter taxation. —

43. I have thus endeavored to shew that the Ryots, for 10 or 12 years, had never ceased to Petition that their lands should be taken under the immediate charge of the Circar, that the rents, with the solitary exception of the article Plantains, were fixed by the cultivators themselves: that their request was afproved by the Board of Revenue and Government, that the Individual settlement was directed by Higher authority: and that the amount of taxation was afproved of by the Principal Collector — these has not been at any period one difsentient voice, save that of a Manady, a relative, or a protegé, who finding a tax on their land substituted, for their hitherto power or custom of extortion, could scarcely be

Fort St. George 19th. February 1846.

be expected to embrace the new system with any avidity or pleasure — But it was scarcely necefsary or desirable on that account to abandon or even to modify it — The objection or selfinterested contumacy of 4 or 5 Manadies, could alone offer no sufficient proof of the advisability of rejecting the Ryots prayer, nor did the amount of the uncollected taxes form any criterion of altered sentiments in the cultivator — They were fully aware of the orders that had been ifsued, and they felt their best interests were being carefully watched over, whilst many, disregarding the Manadys' threats, willingly accepted their Puttahs, and paid the rent — The appeal to the higher authorities, seemed to form the crisis in the buoyed-up hopes of the self-constituted hill chiefs, and its rejection perfectly undeceived those who had been induced to believe the renewal of the rental system had been ordered — The Manadies themselves soon afterwards paid their rents, and the other cultivators gladly came forward to accept Puttahs for the favorable rates settled on their lands. —

42. I had endeavored in my reports on the Settlement of the District, for Fasly 1252 A.D. 1842 13 and those on the Sub Division, for the following

* Dated 15th Novr. 1843 Para 21 to 28.

Fort St. George 19th February 1816

* Dated 28th August 1844. Paras 19 to 22 — and 28th October 1844 Paras 11 to 17.

following year* to explain in abstract the only obstruction or difficulty in making the collection, Viz.t the 5 Renters or Manadies I was unable to act freely as regarded those Renters, from their absence &c.a whilst they were busied in keeping up an uninterrupted stream of Petitions, not against myself or the rate of taxation, but simply for the restoration of those immunities which, 10 years previous, had been directed to be abolished — The Ryots themselves never urged the slightest objection to the Amany arrangement, nor was there any room for disapproval or complaint — The introduction of that system like the rate of taxation, being their own particular and repeated solicitation — Nothing I acknowledge could be more unfortunate for my arguments, or less favorable in appearance to the new system than the amount collections, or account of the Balances submitted by me, but the true and only causes viz.t the contumacy and absence of the Renters, some of whom were Circar servants or Village Officers,† were not probably known —

† Natamgars — 43

One of the last Petitions for the revival of the rentals, referring to every documents in favor of his claims, was presented to

Fort St. George 19th February 1816

to Government by the Vakeel of Mangala Manady Renter of Tandekooddy in the Talook of Tengare His vouchers were three — The first pretended to be a note from one Nattada Khan to one Mangala Manady, to give assistance to his Duffadar — It was dated 1st July 1804, but the signature was written on a separate piece of paper and pasted above the said writing —

No. 2 was an agreement taken from one Mangala Manady and others, dated 1797. that they would desist from joining any further riot or disturbance in the District, It was taken before and countersigned by Mr. P. G. Ravenshaw when Head Assistant —

No. 3. was a puttah for Fusly 1247 / A. D. 1837/8. These were intended to shew that the Petitioner Mangala Manady and his ancestors had the right from time immemorial and in perpetuity of renting the village of Tandekooddy — The proof was not convincing, and the endorsement on his Petition explanatory of the value set upon the said documents was sufficient to deter him from repeating any similar application —

44.

I had however discovered a Mottah-puttah dated 8th April 1801 given

Fort St. George 19th February 1846.

given to the Natamgar of one of the hills, as is still the invariable custom in the low country which tends to shew that the Veerupakshy had at least was then under the immediate management of the Circar, during part of that year. It is therein stated that according to the Individual cultivation account given by the Carnum, the land tax, Soornadhayem, and sundry small taxes amounted to 110 Chuckrams (Rupees 233-5-2.) that 30 Chuckrams having been drawn by the zemindar, the remainder or 80 Chuckrams (Rs 169-11-2.) was for that year to be collected by three instalments, or they would be fined. The identical Coins given by the Ryots were to be carried to the Treasury, and receipts were to be given to the Ryots- and signed by the Carnums and Natamgars, who would be punished for over-collections, that the present Motah-puttah was not permanent or fixed but subject to alteration by the Board of Revenue- The lands of the Ryots not to be changed- no new inams to be allowed, and if the Carnams increased their lands, they should pay rent for the same- This Puttah is signed by Mr. Hurdis, and from the same it appears there

+ Probably before the Government took possession of the Hills-

* The Village officers—

Fort St. George 19th February 1846.

were Carnams on the Hills doing duty with the Ryots 45 years back, so that their re-introduction is no real novelty- but to the restrictions in the said document, unintentionally put into my hands with other Cadjans, may be attributed the desire of the Natamgar or Manady to make the account of ploughs and taxes levied thereon exactly coincide with the amount of his rental, as stated in Para 35 of this Report.-

45. To shew the irregularity or inconsistency of the Manadies System of taxation, and how fraught with favoritism, the following specimen, given by themselves and entered in my letter to your address, of the 5th of July last, will perhaps be sufficient though many more might be added,-

Name.

Fort St. George 19th February 1846.

Name	Cultivation Gantahs	Produce Cullams &c.	Tax paid Rs A P	Remarks.

Fort St. George 19th February 1846.

It could scarcely be supposed that their Andy Manady, Mopar Manady, or Andy Monegar would prefer the Amany System to their favorite Rentals, but they would certainly also object, and with far greater justice, to the imposition of an average plough or hatchet tax with Devastanums and other presents such as they themselves placed on the Ryots. I would respectfully offer it for consideration, whether if the taxes fixed by the Manadies, were to be permanent, or those to be collected by the remission on all lands occupied by the said Manadies and certain of their friends, since they had never hitherto paid any rent. such could scarcely have been contemplated by the Board of Revenue nor do I believe, their Board would for a moment have permitted the grain or money exactions of the Manadies for the benefit of Devastanums, mummers, monkey showmen and other itenerant vagabonds, to be collected independent of the plough and hatchet tax which alone to the body of Ryots, is stated by themselves, to have been less favorable than at present. With

Extract Board's Proceedings 6th March 1845 Para 17 and 8.

Fort St. George 19th February 1846

46. With reference to the rate of tax &c adopted by me in the formation of a Ryotwar Settlement, I beg - respectfully to state that no reference was intended to be made to the old - system, further than for the sake of comparison to shew that those rates - were not exceeded, whilst the Government derived a great accession of Revenue - The new rate, like the - commutation itself, was the special solicitation of the cultivators. The only exception they immediately - acquiesced in as exhibited in the subjoined account - The new Karnams had already been 4 years on the Hills, measuring the lands, and gaining all the information they were able, on account of which the Ryots could scarcely feel any hesitation in transacting business immediately - with the Officers of Government -

Boards' Proceedings 6th March 1845. 20th Para.

47. With the intention of putting into execution as far as lay in my power the Boards' instructions to the effect that the amount payable by each defaulter should be calculated according to the old system of taxation, and the remainder considered as a balance, I sent for the Curnams and others, and took Depositions from them, the abstract result of the whole being that the new tax was particularly favorable being less than the old rates, and that the Ryots who were perfectly contented and happy had themselves never objected to pay it. The Manadies had induced them by threats to absent themselves on the approach of any Circar Servant, and they had therefore no opportunity of satisfying the demand. Some had paid their rents others were only waiting to be asked for the amount but they stated they would never consent either to return to the system of rentals or to pay the amount of taxation hitherto demanded of them.—

48. It further appeared that the Manadies had taken money with them to

to assist in their speculation for a return of the rentals that they levied, whatever amount of tax they pleased either in Persons, hamlets or ploughs whereas the tax was now only 7/10 of the former nominal amount and half of what the Ryot was altogether called upon to pay. Even the chief villagers made the same annually The Natamgar of Pombarey deposed that levied were sometimes made in the name of Pagodas and any one objecting was not allowed the use of the village servants (washerman barber &c.) that the Lands were now measured the demand regular taxed less. and people happy.

Yettoor Parea Manady stated the tax to be lower than when he was Manaday.

Vilputty Palaneyandy stated his preference to the present system.

Corippandy stated they were threatened by the Renter if they dared to take a puttah from the Circar but having declared the rentals would be continued the Ryots feared they would leave to pay twice but he having failed, they were all determined

to

to pay the balance due to the Circar-

The Natamgar Coopa Ma:
=nady stated that besides their Rents each
house had to pay half a rupee, one cullam
of Paddy and one talam of Onions. Total
about 3 Rupees for the Pagoda, besides
taxes for mummers tumblers dancers &
monkey exhibitions and other shows, about
10 to 15 Rupees each Village visit, that each
had to pay half a Cullam of grain and
one talam of onions to the Village watchers
and the same to the Sandal: each house
paid 3/4 cullam to the Ironsmith, about the
same to the Carpenter for each plough and
1/2 a cullam to the Barber besides the Washer:
=man and other similar characters. They
could never consent to a return to the
rentals or the rate of taxation under
them that the Manadies only objected
because they had to pay for land they
hitherto held free-

49- The falsity of the assertion
made by the Manadies that the people
of the Hills were absconding is I trust
as anticipated in the 15th Para of my letter

to your address dated 28th October 1844-
amply exhibited by the number of Ryots
being steadily on the increase as here=
=under shewn and that notwithstand:
=ing the prohibition of the Manadies
to the Ryots cultivation-

2745

Fort St. George 19th February 1846.

The amount of land cultivated for fusly 1251 / A.D. 1841/2 has not been exactly ascertained but chiefly on estimate and the renters statement. The Collection for that fusly was through the Manadies, the Hills being under their management when they levied what they pleased for the Devastanums sibbendy &c.

For fusly 1252 / A.D. 1842/3 the sum of Rupees 418 — 7 was deducted from the settlement on account of Village sibbendy as alluded to in my Report for that year dated 15th November 1843. Para 25 No deduction was made for the Devastanums as no creditable accounts had been received.

For fusly 1253 / A.D. 1843/4 besides the Village sibbendy an omitting to Rupees 467 — 6 — 4 the sum of Rupees 332 — 6 — apparently within 5 percent of the Collections was deducted for the Devastanums in lieu of the Enams &c stated to have been heretofore appropriated by the Renters and cultivators for that purpose.

For fusly 1254 / A.D. 1844/5 the amount deducted for service Enams was Rupees 420-7-4 and that for Devastanums the same precisely as for the previous year.

The following Statement is 52-
exhibitive of the Demand Collection and Balance for the five hills after deducting the Village service and Devastanums Enams for the last year of the Renters and 3 years of Amany management

Rented

Absent Ryots		" " "	13 8 5	
Deceased Do.		47 9 6	29 15 4	
Indigent		9 15 11	12 8 "	
Total		177 6 4	353 10 5	

Particulars of the Balances.-

The

The above balance is chiefly attributable to the incompetency of the Curnum who from want of due attention or investigation entered in the Settlement accounts certain Topes and lands which had been abandoned or left fallow - True amount therefore entered as balance for the fusolies 1252 and 1253 amount irrecoverable, and I beg to suggest that they be accordingly struck off the accounts There is no balance due by any of the Hill Ryots or Inamdies for fusly 1254 A.D. 1844/5.-

With respect to the subject of

53.

Devastanums and the Enams pretended to be devoted to the same at the time the Hills were brought under the immediate Management of the Circar the Curnum gave the following account to which is added that allowed to be retained by them subject to the sanction of the Board of Revenue.-

Hill.-

Fort St. George 19th February 1846-

Hill	Entry according to the Ryots Statements-	Permitted subject to Sanction	Decastannum	Rs.	A.	P.	Deo.	Rs.	A.	P.

T. Pycroft Esqre
Secretary to the
Board of Revenue.
Fort St. George-

(70)

From the Pl. Colr. of Madura } Sir,

In reply to the Board's Pro-
ceedings of the 29th Ultimo just received
sanctioning sale of Certain lands and altering
the proposed date from the 16th Current to the
9th Proximo I have the honor to request it may
be postponed till the 23d Proximo as the late
period of the Board's orders does not permit
without great inconvenience to change
arrangements for my absence from Madura
on the day fixed by them- Your silence
on this matter will be construed [illegible]

into the Board's Agent.-

Madura } /Signed/ J. Blackburne.
7th February } Principal Collector.
1846 }

To. The Board see no objection
Resolution thereon.- to the sale of the land referred to by the
(70-71) Principal Collector being postponed till
the 23d Proximo- The necessary alteration
has been made in the Advertisement
published in this Office.-

Read the following letters

(72)

To T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

From the Pl. Colr. of Madura } Sir,

Admitting the unacceptable-
ness of sufficiency of Rules proposed for planting topes & Trees in reference to the Collectorate & submitting some humor modifications.-

On the 8th Instant I had the honor to receive Your Circular of the 26th Ultimo requiring my opinion at an early date how far seven rules of which Copy was enclosed proposed for encouraging planting Topes & trees are suitable to this collectorate & beg to state my belief that they are sufficient and unacceptionable-

I take the liberty to suggest that

2-

the words "in addition to their usual holding"

in the second rule is objectionable inas

much as it may be construed into withholding the

benefit

Fort St. George 19th February 1846

benefit of the rule from all except cultivators whereas the class of men from whom such planting may be expected are Bramins merchants and artizans who have no holding of lands.

3. In the same second rule I would suggest in substitution of the words "in support of the Choultry repair of the road or other municipal purpose" at the sole will of Government" or "the sole will of Government for municipal "purposes in the Village in whose limits they "are planted after decease of the planter & leave "the tope under his charge till the period of "his demise with authority to enjoy one half the "produce and to have execution of the other half under sanction of the local authority.

4. In the 3d rule I would suggest the excision of the words "in addition to the ryots usual holding"

5. In the 4th rule I would suggest that the terms of years at which each description of tree was to be considered productive should be fixed before the publications of the rules.

6. In reference to the 5th rule I would suggest very particularly that Cocoanut or arekanut Palms Palmyra and Date trees if planted in avenues by the road sides as approved by the District authorities should like any other tree be exempt from tax and the rule exists so at present in this Collectorate.

7. Rule 7 should be declared not to have reference to palms planted under rule 5.

Madura
10th February 1846

(Signed) I Blackburne
Pt. Collector

Fort St. George 19th February 1846.

73

From the Collr of Tinnevelly. Suggesting alterations in the Rules forwarded for planting Topes and trees.

To S. Pycroft Esqre
Secretary to the
Board of Revenue.
Fort St. George.

Sir,

In reply to your letter of Para. 26th Ultimo, desiring me to suggest such alterations in the Rules forwarded as appear necessary I would beg to observe as regards Tinnevelly with reference to para. 2 of the proposed Rules for planting that I fear the encouragement to plant in waste lands will not be sufficient, nor the inducement to protect rear, and water the young trees, unless the planter ultimately enjoys one half of the produce of the trees - the other half to go to the Choultry Road - almost any tope will be 10 or 15 years before it comes into any bearing and a man can hardly be expected to plant, fence, water and protect it (without all which the mere planting is of little use), for so long a time, unless with some share in its ultimate produce.

With reference to para 2.

I beg to append a scale of the usual periods required in Tinnevelly in ordinary land, for Topes to reach maturity.

The other Rules appear desirable and suitable for Tinnevelly.

(Signed) E. B. Thomas
Collector.

From the Collr of Malabar }

Sir,

I have the honor to acknowledge the receipt of your letter of the 26th Ultimo conveying a set of Rules for encouraging the plantation of trees and topes in the provinces under the Madras Presidency —

Malabar as explained in my letter of the 17th June 1843 in answer to a Circular of the Board of the 2d idem would not appear to require any encouragement of the nature now proposed — Avenues and gardens, to say nothing of forest trees, are abundant generally —

76

From the Collr of Tinnevelly — } Submitting further information, Connected with the Manieums mentioned in Boards' Petitions No. 8468-892 of 1845 —

Sir,

In reply to your letter of 20th October last. I have the honor to forward explanation in detail of the circumstances connected with the Manieum in question — and to remark briefly, that the main and prominent ground of the Grafting of the Manieum, either by my Predecessor or myself has been the non production, to this day of the Grant, in which it is professed to be held and which I well assured that the only one that could now be shewn, would prove to be a forgery defrauding the Government in the first place and making a partial division among the sharers in the Second —

2. I was wrong in releasing Mr. Thompson's sequestration at all but was induced to it from a desire to settle a case which has been left "undecided" in arrears for the last 6 years: when I was endeavouring to work off all such old arrears of Office. this Manieum

came

Fort St. George 19th February 1846.

came before me for Settlement and it was not till after its release, that any of the obstacles in the way and the suspicions attaching to it, became known to me, on the petitions of Vengoryen and the subsequent enquiries thereon.—

3. A few strong points against its release which I only subsequently learnt, are shewn in the documents marked.—

A Mr. Thompsons Yadast to Sub collector 11th June 1838 & 14th April 1840.—

A

Translation of a Yadast addressed to the Sub Collector of Tinnevelly by Mr. Thompson Collector under date the 11th June 1838.

Having been given to understand that one Venkatasuara Iyen residing in the Village of Gopalasamoodrum enjoys a Maniem of 400 Pons a year in two Villages Vizt. 200 Pons in Gopalasamoodrum in Shermadavy, and 200 Pons in Kadaganelloor in Nelliambalum Taluk. It occurred to me, on the ground of a co-

Fort St. George 19th February 1846.

Maniem to so large an amount being enjoyed by a single Individual that the Maniem should be carried only after it is ascertained 1st for what purpose the Maniem was granted and 2d what Document is forthcoming in support of the Maniem, and accordingly an order has been passed from this Office to the Nelliambalum Tahsildar directing him to collect the amount of Maniem for Fusly 1247 in Kadaganelloor Village attached to my Division, and to remit it to Kuzzoor for being held in Deposit under the Head of Saharar. Therefore you are requested to issue similar order to Shermadavy Tahsildar in your Division, to collect the amount of Maniem in Gopalasamoodrum, and remit it to Treasury to be held in Deposit. It is further requested that you will call for the Documents in the possession of the incumbents of the Enam, and after instituting an Enquiry into it, inform this Office of the result together with the Documents in question.—

Translation

Fort St. George 19th February 1846.

Translation of a Yadast sent by Collector Mr. E. P. Thompson to the Sub Collector of Tinnevelly under date 14th April 1840 No. 70.—

A former Yadast sent from this Office to ascertain and inform on what ground Venkataswara Iyen of Gopalasamoodrum is enjoying a ready money Manieum of 400 Pons a year in the Villages of Codaganellore and Gopalasamoodrum in the Sheunadanye Talook and what Document the grantee posses-ses in support of the Manieum, and that un-til that is ascertained, to send the amount of Manieum for Deposit.— Upon which Mr. Murray investigated the affair jarried the Manieum for Fusly 1249 and sent a Yadast in answer requesting to transmit for delivery to the grantee what amount of Manieum then remained in Deposit. On sending for and perusing the Proceedings &c. held during the investigation upon which the Manieum was jarried, it was mentioned that in the Enam list prepared in Fusly 1209, it was stated that the said Manie-em was granted in Fusly 1173 in the name of the 2d Venkatasewara Iyan, and that it so conti-nued till Fusly 1209.— On reference to the above list, it appears that the Manieum was not disbursed in continuance as above mentioned, but that for some

Fort St. George 19th February 1846.

some time, it was not jarried, and to the Register which bears the Entry of the Manieum in question, the signature of the then Collector has not been affixed— and besides it is mentioned in the re-mark that the Manieum was jarried in 921 an-dos or Fusly 1155. that the Document in sup-port of the grant had been consumed by fire: whereas during the present investigation the heir of the grantee has deposed that the Docu-ment has been pledged in the Bankers hands but has not produced the Document Moreover it is not known for what purpose the Manieum was granted, besides as some parts of the Pro-ceedings contradict each other, there is ground for suspicion— Therefore I request you will send a Sakeed to the Sahsildar, in conformity with the former order to enter the Manieum under the Head of "Sakarar" (or disputed), remit the amount for Deposit, and in case the Manieum of Fusly 1249 has been already disbursed, to re-cover that amount and to send it also to be credited under the Head of "Deposits"—

B

Translation of a Deposition given before the Collector of Tinnevelly on the 12th May 1845 by Mootoosawmy Pillay of Sanjore now residing at Stroomygoondum.—

2.— What do you know regarding the investigation of Soondramyen held by Venkata Row the late Head Sheristadar regarding the maniem enjoyed by the people of Gopalasamoodrum?

A. During the investigation held by the said Head Sheristadar regarding the Maniem he (the Head Sheristadar) asked Soondramyen to produce the Purwanah to which Soondramyen answered that the Purwanah was not at hand but in the hands of the "Chanady Kars" or Private Bankers and that he would produce it in the course of 30 days I remember this.

C

Translation of a Deposition given before the Collector on Solemn declaration on the 15th April 1845 by Soobien alias Samoovien son of Venkatasawmy Iyen of Puttamaday Village in Shermadavy Talook. Bramin caste. Siva sect. a cultivator aged 33 years.—

2.— Have you any share in the Maniem of 400 Chuckrums possessed by Soondramyen of Gopalasamoodrum?

A. Yes. I am a sharer I am entitled to one third of 50 Chuckrums.

2.— Where is the Purwanah issued by the Nabob for the Maniem?

A. I was told by tradition that a Purwanah was granted and it was under pledge but I do not know where it is.

2.— Do you know where the Purwanah was when Soondraniens house was searched?

A. I was told that peons came to search his house at 2 P M and as it was too late they were prevented from entering into the House that night and that Soondramyens wife Venkoomall secretly removed the Purwanah from the house and concealed it & next noon while I was at the bathing place at Saroovie this

was

was told me by the Bramins bathing there—

2. Do you know the names of persons who heard this?

A. There were the Bramins who usually resort to the Bathing place, but I do not recollect their names.—

2. Did Veerarayavien say anything to you about the Purwanah?

A. Veerarayavien told me "after you all went away peons came and searched the house yesterday" this is all that he told me.—

No. 1.

Explanation of the Circumstances connected with the Maniem mentioned in Boards Petitions No. 846 & 892 of 1845.—

Boards letter.—

Question—Explain the nature and Value of the Maniem?

Answer—In the Hanumanthapooram list of Maniems prepared in fusly 1209. mention is made of the nature and

and value of the Maniem in question as follows.—

Nauttoomahajana Maniem in the Village of Gopaulsamoodrum in Sha-

-penmahdavy Salook to the amount Pt.

of Chuckrums . . . . . 200—"—"

Ditto in the Village of Kodaganelloor . . . 200—"—"

Total ready money Maniem per annum 400—"—"

No further information, of its nature or object is afforded.—

Q. By what authority the Maniem was originally conferred on whom the date &c?

A. A Register of all Maniems was made by Mr. Cotton in the year 1817. In this Register, no mention of the Maniem allowed in Kodaganelloor Village is found, but the Maniem in Gopaulasamoodrum is entered in the Register, in which it is also mentioned" that this Maniem was granted to "Sitharamien" by the Nabob Mahomed "ally, that the Purwanah is said to have been "consumed by fire and that it was conferred in "Fusly 1155 (Month and date not mentioned)".

It is to be remarked, that this entry in the Register has not received the Signatures of the then Collector as all preceding and following entries of

of other Maniems have: when it was inserted, is impossible to say.—

2.— What are the terms and purpose of the Grant?

A. It is impossible to know the purpose and terms of the Grant, in the absence of any document to that effect, or any mention of such in the accounts forthcoming from the Records. In the Register above alluded to, there is a Column for specifying the terms of the several Maniems, which as respects the Maniem in question is left blank.—

2. State the manner in which it has been entered in the public Accounts since the Sinnavelly District has formed a part of the Company's Territories?

A. In Fusly 1211, when Sinnavelly came into the possession of Government, the Maniem to the amount of Pons 400 was entered in the list of Maniems signed by Mr. Cushington, in the name of one Venkatasawara Syen — since that period the amount is deducted in the Jummabundy of every year.—

2.— Give an account of the parties by whom the Maniem has been hitherto

A. The Maniem was entered (when the Sinnavelly District was assumed

hitherto enjoyed? assumed by the Company) in the name of Venkatasawara Syen, the son of the Original Grantee Sitharamien, and afterwards in the name of 5 individuals, said to be the heirs of Venkatasawara Syen, subsequent to this the above parties having given in a Statement that their Cousins have also enjoyed the Maniem, the following arrangement was made i.e. the Maniem was carried in the name of 14 persons Viz.t 3 persons issue of the Daughter of the son of the Original Grantee Sitharamien by his 1st Wife.—
6 Ditto of the Male line of the Original Grantee by his 2d Wife.—
5 Ditto from the family of both the Brothers of the Original Grantee.—
14

2. What are the reasons which induced Mr. Thompson to order its sequestration in 1838?

A. A detailed list showing the names of the several parties and the Shares in which they enjoyed the Maniem, is herewith Sentiment. Mr. Thompson issued an order on 11th June 1838. to sequestrate and hold the amount of Maniem in deposit. "till "the purpose of so large a grant, "and the contents of the Docu- "ment under which it was enjoyed, should

"should be forthcoming and the document produced" different accounts of it having been given by the parties - at one time deposing that it had been "burnt" at another that it was "mislaid"

2. On what ground was the Moniem released? It appears that the large Sum in Deposit in 1844. directed?

A. On the Complaint of the parties, that the Moniem was entered javry in the Register kept in fusly 1211 by Mr. Sushington, and had been since continued yearly and as the objection that the amount of Moniem is large, was partly accounted for by the Number of incumbents, 14 persons; and as the Concealment of the alleged Purwanah in Support of the grant, was not then known, and the parties constantly and earnestly importuning for the release, and Mr. Thompson's order only laid the case over "for further Enquiry" an order was passed on 10th February 1844. for the release of the Moniem from attachment, and disbursement of the amount held in Deposit by which I then believed, I was only restoring a Moniem long withheld from the proprietors, as being merely "under Enquiry" Mr. Thompsons order being only to keep it in deposit pending further enquiry. Subsequently true information having been

been received, that a Purwanah in support of the Grant was in existence, that it contained particulars regarding the Division of Shares, and that it was concealed (consequent on the Knowledge by the holders, that its production would prove fatal to the continuance of the Moniem) an order was passed on the 14th May 1845. to continue the former Sequestration and collect back the amount lately disbursed from Deposit Mr. Murray Sub Collector while in charge, was induced to order a similar release of the Moniem in January 1840 which was set aside by Mr. Thompson on his return in April 1840, and the Sequestration maintained - It is to be remarked that the Head Sheristadar under whom the Theft took place in Mr. Thompsons time, had the reputation of a peculiarly able and efficient public Servant, and one not likely to concur in such an arrangement, but under full Conviction of its propriety.

H. Vincent Rous

Sir,

From the Coll.r of Tinnevelly }
2d Instant on Petition No. 1646 of 1845 from
Vengoonien. I have the honor to inform you
that the explanation called for has been
supplied in my letter of the 10th Instant—

(Signed) E. B. Thomas
Collector

Tinnevelly - - - }
19th January 1846 }

Read again letters from the Collector of Tinnevelly dated 19th & 20th September and 7th October 1845, and 19th January 1846—

Inbound 20th Octr 1845
Inbound 20th Do.
Inbound 19th Febr 1846
Inbound 19th Do.

From the letters of the Collector & Proceedings thereon, the papers submitted with them, it appears that the Maurieam in question is paid by deduction from the Jumabundi of two Villages, 200 Pons on each— It is entered to the full amount of 400 Pons as Maurieam in the Register signed by Mr. Lushington in 1800, when Tinnevelly came into the possession of Government— In the Register made by Mr. Cotton in 1817, the Maurieam on one Village only for 200 Pons is entered— and it is stated that the summud is said to have been consumed by fire— This entry is not however

Directing the claimants of a certain Maurieam in Tinnevelly to produce before the Collector of that District the Summud under which it was conferred—

7/78

+ Summud returned

however signed by the Collector as are all those which preceded and followed it. On inquiry instituted regarding the Mauniem by Mr. Thompson, different accounts were given by the chief sharer Soondramyen regarding the Purwanah. At one time it was stated to have been burnt at another time to have been mislaid - Soondramyen also admitted before the Head Sheristadar that the Purwanah did exist had been pledged, and promised to produce it - This was in 1838 - Mr. Thompson then ordered the Mauniem to be sequestered until the Sunnud was produced - It was kept under attachment (save a brief release by the Sub Collector Mr. Murray) until 1844. when the present Collector released it - Subsequently a party claiming to share in the Mauniem, complained to the Collector, and asserted that the document was still in existence & search was made for it in the house of Soondramyen, and one of the sharers in the Mauniem has deposed that he heard the Purwanah was in the house prior to the search, but had been clandestinely carried off by soondramyens' wife - She Maniem-

was in consequence reattached pending the production of the sunnud - The Collector is of opinion that the sunnud has been purposely kept back because if produced it would prove only to be a life grant already lapsed and shew that the parties who claim it have no valid title -

Ordered that the following Endorsement be passed on Petition No. 846 of 1845. also on Petitions No. 892 - 1146 and 1646 of 1845 and 138 of 1846 -

The Petitioner is directed to produce before this Board the sunnud or other document under which the Mauniem to which he lays claim was conferred -

Para 1.

Submits information on certain points connected with the allowance of Pg. 1390-13-4 granted for various native Festivals in the District -

To S. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

Sir

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 18th November 1846. requesting information on certain points connected with the allowance of Rupees 1390 - 13 - 4 granted for various Native Festivals in this District -

These Festivals appear to have existed

2.

existed in the time of Tippoo Sultan and to have been continued up to the year 1835. when under the orders of the Board dated 13th June 1836. they were suspended the renewal of a greater portion of these disbursements was however authorized by them subsequently and the Charges now defrayed by Government on this account amount to Rupees 1309-11 a year annum (a reference to a Copy of a Statement which appears to have been transmitted to the Board under date 1st November 1808 exhibits that lands valued at 1003 Z. 4 c. 4 or Rupees 3,512-8-2 were allotted for the observance of "Sundry Ceremonies" of which the cultivation amounted only to Rupees 342-5 - - Mr. Garrow however from some causes not specified, having resumed the whole of these lands substituted money payment at Rupees 390-13-4 per Annum. Copy of the said Statement is enclosed for the information of the Board, but the letter which accompanied it is not recorded in the Office.

3. Amongst these Festivals A.Nos 1-2-3-and 4 are performed exclusively by the Natives-

Natives A.No 5 is for the support of Chettrum at Nadoo-canvel which has existed nearly 40 years for the convenience of Travellers, the payment of the allowance for its superintendence being made by Government A.Nos 6 and 7 were for the performance of certain ceremonies denominated Duffer Poojah and Venaig Poojah in the Cutcherry under the immediate supervision of the Public servants but these have been discontinued since 1836 under the Board's orders above quoted: As it now appears to be their object "to revert to Mr. Garrow's Tusdeek as closely as is compatible with the entire severance of Government from Native Religious Institutions" I have selected Trustees from among the respectable Native Inhabitants for the purpose of undertaking the manggement of the various ceremonies the natures of which as well as the names of the Trustees and other particulars appear in the accompanying Statement A.No 2.

4. The allowance of Rupees 219 alluded to in para 3 of the Boards Proceedings under reply is paid to the Trustees of the Pagodas at Coimbatore for the purpose of being appropriated to the maintenance of the Gopaurs-saumy Pagodas as proposed by them.

5. The Elephants adverted to in para 4 of the above Proceedings are now kept up by Government the expences incurred on their account being debited to the head of "Extra Revenue charges.

6. The Board will observe that in the Number of Pagodas for which the allowance of Rs 53053-3-0 is granted two Chettrums are included for which Trustees have likewise been nominated in conformity with the orders of the Board contained in the 2d Para of their Proceedings the names of these Trustees also appear in the abovementioned Statement.

7. A Memorandum of alterations in the list of Trustees which have become necessary from casualties & other causes subsequent to the date of my previous communication is transmitted herewith.

Chettrums at Pagodas in the Rupees - - 533-3-0 per Annum
Chettrum at Coimbatore - - 526-0-0 Do.
Allowance - - - 10,58-3-0

Fort St. George.

Sir,

80

From the Dpy. Collr. of Coimbatore — Para 1. In reply to your letter of the 18th Instant requesting information regarding the Charges noted in the Margin connected with the Pagoda and Mosque allowances in this District, I have the honor to acquaint you that these sums were paid for the maintenance of the Chuttrum at Nadoocaurl as entered in Mr. Garrow's Tusdeek list.

2 The explanation required in para 2 of the Boards' Proceedings dated 18th November 1814 has been submitted in my Communication dated 22d Instant No. 109.

Coimbatore — 29th December 1815 } (Signed) H. Wroughton
Dpy. Collr.

Ordered.

To. T. Pycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George

82

From the Sub Collr. in charge of Canara — Sir

Submitting explanation of the delay which took place in the sale of certain lands in satisfaction of arrears of Revenue as Called for in Boards Proceedings dated 5th Instant.

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 5th Instant and to submit the following explanation of the delay that has taken place in the sale of the lands referred to —

With regard to No. 2 2

I beg to state that no one having come forward to bid on the date fixed for its sale, the Tahsildar subsequently on a tour through the Talook assembled some people, and induced them to bid for it at four annas only above 16½ Rupees the amount of arrears.

No. 2. was destrained by the subordinate Court at the same time with the Revenue attachment and the Court undertook to effect a sale

sale and pay the amount of arrears but after the lapse of some time it was obliged to leave the sale to the Revenue Department. The delay from the 15.th September to the 5.th December is owing to this cause-

The delay in the case of N.o 8 Amounts to 21 days from the 15.th September to the 6.th October - The land in question was put up to sale at the Village on the day fixed, but as no offers were made on the spot above 300-"-" Rupees the Tahsildar was induced to assemble a larger number of people on another day when the highest bid was made for it at Rupees 306-"-".

The above explanation in regard to N.o 22 and 2 will I trust be considered satisfactory. With respect to N.o 8 I beg to observe that the proceeding was agreeable to the practice that had hitherto obtained in the District, but the orders

of the Board of the 2.d October last will hereafter be strictly complied with.

Collectors Cutcherry
on Circuit Cooley

Fort St.e George-

(86)

From Coll.r of Madras-

Sir

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 22.d ultimo, and of the Extract Minutes of Consultation adverted to in it, transmitting, for my report, copy of a letter from the Chief Magistrate and Superintendent of Police dated 23.d December last, relative to the right of Collecting Cowdung on certain spots of ground which belong to Government and in reply to submit Copies of two Communications which I considered it expedient to address to that Officer, together with copy of the Correspondence with the Chief Engineer therein referred to-

Submitting Copy of Correspondence with the Chief Engineer & Copies of 2 Letters addressed to the Chief Magistrate & Superintendent of Police & suggesting that the Cow Dung Contract for the entire Spot on the Western Esplanade on which up Country Carts are now Congregated be put up at the Cutcherry and given to the highest bidder on a good security the Grass Contractor under the Chief Engineer not being entitled to interfere-

To Chief Engineer 15.th Dec.r 1845
From do 17.th D.o -
To Chief Magt.e & Supt.t of Police 19.th D.o
To D.o - - 20.th Jany 1846

2

It will be observed that on the removal of the up Country Carts from the site of the old Land Custom House on the banks of the Cooum, I procured the consent of the Chief Engineer to the Contractor with this Department being permitted to appropriate for his own benefit, the Cow Dung collected in the

Fort St. George 19th February 1846—

the plat form within the Western Esplanade on which those Carts are now being congregated and that I informed the Chief Magistrate and Superintendent of Police on the 17th December of the arrangement thus made by me, in order that he might take the necessary measures to give it due effect.

3 It will further be observed that on the 20th Ultimo, in Consequence of a representation from the Contractor that he met with some difficulty, arising from the interferonce of another individual, Moonoosamy Chetty, I suggested that the Contract might be put up again for the entire spot, if the measure were deemed unobjectionable. My letter remains yet unanswered, but the proposal in the letter to Government now under reference appears to me to accord with that which I offered for the consideration of the Chief Magistrate and Superintendent of Police and I fully concur with him in opinion that the Grass Contractor under the Chief Engineer can have no right whatever to levy any tax on the portion of the Esplanade which is used at present by the Carts from the interior, from its having been

Fort St. George 19th February 1846—

been, for many years past, a complete swamp, and never having afforded a blade of grass, from which he could have derived any benefit whatever

The Contract for the last 10 years has yielded a progressive Revenue, the average being Rs. 804-1-3. per annum It included the Compound of this Office and the site of the old Land Custom House. In Fasly 1254, the amount was reduced to Rs. 751-8-0 owing to the Carts importing articles liable to duty not being required to halt within the Cutcherry Compound since the provisions of Act No. VI of 1844 came into operation. The Contract for the Current Fasly for the site of the old Land Custom House only is Rupees 891-0-0

Fasly	1245	Rs. 692-4-0
	1246	557-11-10
	1247	685-2-1
	1248	768-0-5
	1249	771-6-8
	1250	852-0-0
	1251	984-0-0
	1252	987-11-1
	1253	1041-4-5
	1254	751-8-9
Total		8040-12-6
Average		804-1-3
"	1255	891-0-0

On the general principle

5 that Collections such as the one referred to above can be made only by the local revenue authority, I submit that the Cart Duty Contract in question should be formed exclusively by this Office, it being in the usual manner put up by Auction, and given to the highest bidder on good Security.

Madras — 3 / Signed J. A. Huddleston
4th February 1846 3 Collector.

Fort St. George 19th February 1846-

No. A

To

Lieut. Colonel A Lowe
Chief Engineer
Fort St. George

Sir

I have the honor to bring to your notice that the site of the old Land Custom House near the Suspension Bridge was rented out for several years past on an engagement, renewable at the expiration of each year, which the renters entered into with this Office to pay about 1000 Pagodas annually, for the privilege of Collecting Cawdung and selling it for his own benefit- The up Country Carts, which halted upon it in large numbers — having been removed a few days ago to the western Esplanade in the vicinity of the Elephant Gate, the Contractor has applied to me for Compensation on account of the loss which he must sustain, by his being deprived of the means of getting any dung for the ensuing — seven Months- the date up to which — his Contract is to be in force being the 11th — July/46 - I therefore request that you will be good enough to allow me to make —

arrangements

Fort St. George 19th February 1846-

arrangements with him, so as to enable him to appropriate for his own benefit the whole of the dung that is being dropt on the platform on which the up Country Carts are now congregated- and to Continue the rent, according to the usual practice — in favor of such parties as will enter into the necessary engagement for the payment of a reasonable sum to Government-
