From the Sec.y to Government. } Extract from the Minutes of Consultation dated 3d March 1846.

Transmitting Copy of a letter from the Sec.y to the Govt. of India stating that the practice of the insolvent Court at Calcutta in regard to the payment by the Clerks &c. in Govt. employ of the deduction from their salaries decreed by it is to order the party individually to make the payment to the Assignee and on failure to commit him for Contempt of Order.

To C. P. Thompson Esqre
Secretary to the Government of
Fort St. George.

Sir

I am directed to acknowledge the receipt of your letter No. 8 dated the 2d Ultimo, with its enclosure from the Board of Revenue at Madras, enquiring whether the order of the Honorable the Court of Directors communicated in their dispatch No. 12 dated 6th August 1845. Authorizing the deduction made by the Insolvent Court from the Salary of any Civil or Military Servants to be paid to the party who may be

Fort St. George 12th March 1846.-

be appointed by such Court to receive the same is to be understood to apply to Clerks and other Subordinate Servants.-

2. In reply I am directed by the President in Council to state for the information of the Most Noble the Governor in Council that the practice of the Insolvent Court at Calcutta in cases of the nature referred to is not to require the interference of the Government or the Heads of Offices, but to order the party individually to pay to the Assignee the deduction or instalment decreed and on failure to Commit him for contempt of order.-

To
G. A. Bushby Esqre
Secretary to the Government of
India

Sir,

1- Referring to your letter No. 846- dated 20th September 1845 I am directed by the Most Noble the Governor in Council to transmit Copy of a Communication from the Board of Revenue, requesting to be informed whether the Order of the Honorable the Court of

Fort St. George 12th March 1846.-

of Directors therein communicated, authorizing the deduction made by the Insolvent Court from the Salary of any Civil or Military Servant to be paid to the party who may be appointed by such Court to receive the same is to be understood to apply to Clerks and other Subordinate Servants.-

2. His Lordship in Council is disposed to believe from the expression in which the Order has been conveyed, that it had reference only to the Covenanted Servants and Commissioned Officers of the State, and that the Honorable Court did not contemplate the Government should exercise any jurisdiction over private individuals, merely from the circumstance of their being employed, and aid the Insolvent Court in the recovery of its demands. such a construction is it is believed, contrary to the practice in England and would be objectionable in this Country. as, if admitted the Government might with equal propriety be called upon to interfere with the powers now vested in local and Mofussil Courts and aid in the execution of their Decrees.-

3. His Lordship in Council is however willing to adopt the practice which

which may be in force in Bengal and he requests with reference thereto to be furnished with instructions for his guidance.-

Collr of Rajahmundry }

I have the honor to report that
having moved the Civil Court as directed by your
letter of the 27th of November to overrule the
order of the Sub Court refusing to include me
as a Defendant in the Suits instituted by the Rs.
Proprietors of Cauza and Mogulla against the
Ryots for the balances that accrued previously
to the attachment of the Estates for arrears Re-
=ceived intimation that the cases were called
up for decision in the Civil Court but the result
of a reference on the subject to the Sudr Adalat is
that they have been again transmitted to the Sub
Court. I am in daily expectation of hearing that
a Decree has been passed in favor of the Rs Proprie-
=tors, for the Sub Court have already delivered an
opinion on the subject and a modification of that
opinion can hardly be expected. If the Proprietor
obtains a Decree in his favor there will immediately
be filed a Number of similar Suits by the Rs Proprietors
of the other Estates that have been purchased
by

Affording the refusal of including the Collr as a Defendant in the Suits instituted by the Rs Proprietors of Cauza and Mogulla- Mr. Mr. Mr.

ly. Government during the last 12 years.-

2. Seeing that the Government authorized me to bid for the estates when sold by auction to the full Amount of the balance outstanding against them with the understanding that those balances should never be demanded from the Ryots, the conditions of the Contract have been violated by the Ex Proprietors and that willingly and designedly. The interests of Government are evidently compromised and ultimately it will be advisable to sue for the Amunlment of the Sale. But as this measure will be most agreeable to some of the Ex Proprietors and as it will lead to the loss of at least one very valuable estate now held by Government it is desirable that some scheme of general application should be devised for saving the Ryots from prosecutions of a similar kind; for so many estates have been lately bought in on account of Government that the Revenue may be seriously affected by Decrees of Court granting to Ex Proprietors the right to recover the old balances.-

3. In the mean time I propose to send for the Ryots of Cawja and Moogullas as soon as the Decrees may be passed against them and to urge them to appeal so that they may at least have a hearing. They allowed the cases

cases to proceed Exparte anticipating that I should move the Court on their behalf or that the Amaldar who was made a Defendant also, would probably bear the brunt of it.-

4. I enclose the Extract from the Proceedings of the Sudder Court from which it will be seen that the refusal of my application to be admitted as a Defendant has met with their approval. On the strength of this decision the other Ex Proprietors who contemplate following the example of Streepaty Prakaasha Row may be expected to go into Court with their Plaints immediately without even awaiting the issue of the Defendants appeal to the Civil Court. I feel anxious therefore that the subject should meet with early attention from the Board.-

5. It may be remarked that the privilege which has been exercised by Government of remitting the former balances when an estate was bought in on their account must of necessity have originated in a conviction that those balances were due to the Government and not to the Ex Proprietor. If this supposition can be maintained an action will lie against the Ex Proprietor for the sums that may be Decreed to him and in

Fort St. George 12th March 1846.

in other instances of Ex-Proprietors putting forth similar claims. a counter suit against the same Ryots would have the desired effect of preventing Decrees from being passed in their favor. But the question whether the balances are due to the Government or to the Ex-Proprietor has been prejudged by the Sub-Court. One point that seems to have influenced their judgment on my motion was that the balances were no longer due because they had been written off in the Government accounts. The sum which I was authorized to bid for each Estate, it is true, was the identical sum that the Ryots owed but this sum was never paid up by the Ryots nor received by the Circar. If I had not been required to bid to that amount the Estate might have fallen to Government for Rupees 100- or Rupees 10- or Rupee 1. and the Ex-Proprietor would have been responsible to Government for the balances and the Ryots to him. But in practice the Government have been pleased on obtaining possession of an Estate sold by auction, virtually to remit all the balances to the Ryots by remitting them to the Proprietor with the understanding that

Fort St. George 12th March 1846.

that he shall not attempt to collect them from the Ryots. Some years ago the Pippara Estate having been sold for a sum lower than the amount of the balance the Ex Proprietor proceeded to sue the Ryots for the balances due to him and the Collector straightway received permission from the Board to sue for the property of the Ryots and to proceed against him for the recovery of his balances. The Ryots of Cauza and Mooggulla are equally entitled to the consideration of the Board and in spite of the accounts wherein the balances are written off it must be maintained that they have not actually been paid off. But as an acquittance has been expressly granted to the Zemindar his suit is good in law. In equity however he is not entitled to sue the Ryots and since he has broken his agreement with the Government it would not be unjust to seize the Ryots property with a view to their protection. But as it appears from the Motion that I have presented to the Sub Court that I have actually remitted the balances to the Ryots the Court will not recognize such a proceeding for

they

they assume that I have no authority so to do and they concede a priore the right of the Zemindar. The question whether the balances are due to the Government or the Ex Proprietor remains therefore to be decided by a Civil Suit hereafter, but the subject is one of so much importance that I beg to submit it for the consideration of the Board.—

No. 1

Extract from the Proceedings of the Sudr Moulut under date the 26th January 1846.—

Read letter dated the 23d Ultimo from the Civil Judge of Rajahmundry.

Adverting to objections raised by the Subordinate Judge against the exercise of such power, the Civil Judge submits for determination by the Sudr Moulut, whether it is competent to a Civil Court to direct a Subordinate Court to admit a party to defend a Suit, or should the Plaintiff refuse to include such party as defendant to strike the Suit off the file.—

The

The circumstances under-
2. which the question has arisen are stated to be these.— Certain Defaulter's Estate having been sold for arrears of Revenue and bought by Government for a sum equal to the arrears due at the date of sale, the Collector relinquished all Demand against the Defaulter, and issued an order, cancelling all demands by the Defaulter against his Ryots.—

The Defaulter having sued
3 in the Subordinate Court certain of those Ryots, who plead the Collector's order absolving them from that very document, the Collector has moved the Subordinate Court to be included as a Defendant, with which request the Subordinate Judge refused to comply.

The Collector having appeal-
4. -ed to the Civil Court, the Civil Judge has directed the Subordinate Judge to admit the Collector to defend the Suit, or should Plaintiff refuse, to dismiss the case, but the Subordinate Judge has questioned the right of the Civil Court to dictate to him the mode in which a Suit is to be disposed of.

In

Fort St. George 12th March 1846.-

5. In order to remove the difficulty, the Civil Judge reports that he has called the Suits up and placed them on his own file; but as the authority of the Civil Court has been formally denied, he thinks the question requires the decision of authority.-

6. The Judges of the Sudr Ada. but consider it clear beyond doubt that the Civil Judge has exceeded his powers in dictating who should be made Defendant in a Suit not under trial before him, and they regard the Civil Judge's arbitrary instructions calling up from the Subordinate Court and placing the Suit on his file, as illegal and highly improper.-

7. As regards the merits of the point actually in discussion between the Civil and Subordinate Judges, the Court of Sudr Adalut think there was no necessity to include the Collector, as his interests were not involved in the Suit which was between the Plaintiff and the Ryots- and the acts of the Collector, whether they were valid or not as affecting the claim against the Defendants was a question which could be judged without his being a party to the Suit.-

At

Fort St. George 12th March 1846.

8. It may be a question how far the Collector was justified in absolving the Ryots from the Plaintiff's demands, but as the case stands, the Plaintiff's claim lies against them alone, and the Civil Judge had neither authority to direct his being included in the Suit, nor the power to withdraw it from the Subordinate Court, to which it must be returned.-

Ordered that Extract from these Proceedings be forwarded to the Civil Judge of Rajahmundry for his information and for communication to the Subordinate Judge.-

Submitting the usual accounts of the Settlement of the Government Estates for fusly 1254 A.D. 1844/45.

Sir,

Para. 1. I have the honor to submit for the information of the Board of Revenue the usual accounts of the Settlement of the Government Estates of this District for

fusly 1254 A.D. 1844/45.

Situation of the District.

2. This District is divided into three parts, the first lying on the west of the Vasistah and Akkundah Godavery, comprises Mogultoor, Woondy, Pungondah, Tavookoo, Covoor (attached to the Rajahmundry Taluk) Tandymulla and Tandavoy Vas Government Estates and Gostalah, Polavarum Vas Proprietary Estates; the second part lying between the Vasistah and the Gautamy Godavery, comprises Nagarum, Pauly, Moongondah, and Andapoor Government Estates, and Crawfah, Casanacorroo Vas Proprietary Estates, and the third part lying on the east side of the Gautamy Godavery comprises Gotah, Pamachandrapooram, Peddapore, Pittapore Cottaum Vas Zemindary Estates, and Caupavarum and Cottapully Government Estates of these Cottaums, Caupavarum Cottapully Gootalah, Polavarum Tandymulla Vas are the hilly parts.

In

Season - 3. In the months of May, June and July there was a scarcity of rain. In the months of August and September there was rain throughout the whole District and rather an excess in some places: but since then there has been very little except in the Woondy and Mogultore Talooks in the Month of October. After the Month of October there was no rain at all. The Season was favorable for the Crops (excepting the Poonasa or first Crop) in the Talooks lying on the west and South of Cocanadah but the raine was insufficient for the wet Crops in the Talooks bordering on the Hills, in the North east, East, North, and West, namely Caipavarum, Cottapully, Gootalah, Polavarum, Tandymulla &c. The Tanks were only partly filled. The heavy freshes of the Godavery came down in the Months of August and September and overflowed the Country, but as they subsided within two or three days, there was no damage done to the Crops. On the contrary the floods were advantageous for the wet Crops in Woondy and Mogultore Talooks, and in some Villages of the Pyppara Estate. In this District nearly one half of the lands are under irrigation. The other half produces by paddy and Jounalos in abundance besides Singily oil seeds, Cornalos, Chanalos &c. In this year the Poonasa or first Crops yielded only one fourth of the expected produce, owing to the unfavorableness of the Season at

its commencement. The dry Paddy and Jonna Crops was on the whole very good. The wet Crops produced to the extent of 3/4 of an Ordinary Season having suffered from the want of the North East Monsoon in the Months of October and November. From the same cause the Pyra or 3rd Crops yielded only one fourth. The result of the year's harvest was scarcely more than three fourths of a good year's produce.

Prices 4. The average price of Grain was rather higher in this Fusly than in 1253 as shewn by the Statement in the margin exhibiting the prices of the four principal products of this District. The failure of the North east Monsoon; and the large exportation of Paddy and rice led to this rise, but unfortunately it did not occur till after the Ryots had sold their produce. In the Months of November December, January and February the price of white paddy was low that is at 51 to 53 Rupees per Madras garce, but it rose shortly afterwards to Rupees 58 - 1 - 0.

Health. 5. There was no diseases of consequence amongst the People during Fusly 1253. but during last Fusly they lost a great number of Cattle by an epidemic.

The

Mode of Settlement.

6- The Marginal Statement shews the number of Villages settled under different modes during the two Fusties It will be observed that the in Fusly 1253 the number of Government Villages was increased by 404 reverted in Fusly 1254 Villages 159 having wholly reverted to Government the total number of the Villages for Fusly 1254 was 563 of which 27

by the Zemindar of Pettapore in satisfaction of the advances made to him to satisfy the Decrees of the Courts during his minority. All these 21 Estates have been included in the Government Jaloaks to which they adjoined as will be seen by the marginal Statement in Para 6. When the Bheemana fully Mootah which has been since ceded to Government was under management as a part of the Pettapore Zemindary, 3 Villages were entered in the Accounts, but as one of them called Pundah Porah Mollatamagah pays no peishcush Cist but only Motuloo for which remission was allowed to the Zemindar at the rate of Rupees 681-14-3, and which is now received by Government since the Estate reverted to them, the Statement given in Para 5 shows one Village less than that given in this Para.

8. The abstract noted in the margin shews the number of Villages in the Government Estates including those newly reverted in this Fusly, also the amount of their Permanent Assessment. It will be observed in the Report of Fusly 1253 that the Permanent

Permanent Assessment of the Estates held by Government up to that Fusly was Rupees 730903-0-5. The Statement now given exhibits Rupees 731946-2-5 thereby shewing an increase of Rupees 982-12- which is occasioned by entering for Fusly 1254 in the Column of Permanent Assessment the increased Cist of Policole, Contairoo &c. Estates, for which no Permanent Assessment was originally fixed.

9. The Settlement was made under three Systems namely, Veesabady, Asparah, and joint Rent. The settlement of the Veesabady Villages was the Amaracum Cist after deductions for Sanderwared and other usual items as in Fusly 1253, and remission was granted for Crops destroyed in only two Villages in the Tadesa-Cairoo Mootah, which has newly reverted to Government in this Fusly.

10. The Settlement of Veesabady and Asparah Villages was made and the Puttahs were distributed by Mr. Bird the late Acting Collector, in all except the Nagarum and Mogultoor Jaloaks, the Settlement of which was made by Mr. T. I. Knox, the Head Assistant Collector. The Settlement was made at the various Cusbahs of each Jaloak. It was began in December and concluded in April.

11. The annexed Statement exhibits the Amaracum Cist, the remission allowed at the time of Settlement, and the remaining net Settlement of the Veesabady Villages for Fusly 1254 as Compared with the Settlement of the preceding Fusly.

Fort St. George, 12th March, 1845.

It will be seen by the above Statement that no other deductions were made from the Amaraeum List of the Veesabady Villages than the usual remissions and Village Charges including Pagoda allowances, and Sundrawarad for the Estates held under Government during the two fusles 1253 and 1254, and that the net Settlement of the latter fusly exceeds that of the former by Rupees 2423 14 11 as per margin-al note. This arises partly from some rented Villages in fusly 1253 having been settled under Veesabady at a higher cost and partly from augmenting the Veesabady List itself in all the Estates, ex-cepting Caupavarum, the trifling decrease of which needs no remark being only Rupees 1 5 5 p.c. upon the Amaraeum. The settlement of the newly reverted Estates is not compared with that of fusly 1253 as they were then in profession of the Proprietors. In Vadisalairoo Estate the cultivation of many Villages was prevented from want of rain, especially in two Villages, called Caupavarum and Balabhadrapooram. During the Settlement, Mr. C. J. Bird deputed two Huzzoor Sheristah Muddutgars, to enquire into the State of these Villages and

and found it necessary to grant the Remission quoted in the margin from the Amaraeum Cost of those two Villages for Crops destroyed. The Ryots of the other Villages of these Talook as well as those of other Estates represented at the time of Settlement that a part of their lands were left uncultivated and that their Crops were partly destroyed from want of rain, but it was not then practicable to institute an enquiry with a view of granting remissions as they had already cut and carried their Crops.

The annexed Statement shews the State of Ajsarah Settlement for fusly 1254 as compared with fusly 1253. The net increase in the Estates of Rupees 1074 3 10 is the difference between the increase of Rupees 1180 8 5 (arising from the produce of Kerayte lands and Cuttoobady Crops at Tandy-mullah where the late received a full supply of water, and of the land near the Godavery Bank at a Veesabady Village called Vasuntavadah) and the decrease of Rupees 106 4 7 which arose from some lands having been left uncultivated in Mo-gultore and Amalapore owing to the distressed State of the Ryots. The Baraeje of the Ajsarah pro-duce amounting to Rupees 1853 6 10 in the newly reverted Estates for fusly 1254 is the Assessment of a newly formed Island called Westalankah near Rajah-mundry, of the Wet lands in the Villages of Tandas-mundry Dist. and of similar lands in Pulloo Cuddah in the Moogundah Estates.

which was Settled in the preceding year under Veesabady and Aparah and transferred to Rent in Fusly 1254 in all Rupees 7,215-13-3. This increase is attributable to the Settlement having been formed upon the Permanent Assessment, and the Cost and Collections of preceding Fusalies, while the Settlement of Fusly 1253 was very low owing to the losses caused by the overflow of the Godavery and to the failure of rain. No comparative Statement can be given of the Villages of the newly reverted Estates as no Government demands had been made upon them in the preceding year while under attachment but the Settlement was founded on the Lists that had existed during their attachment, and exceeded those of Fusly 1253 for Attely Kundaweilly, Pengondah and other Estates which suffered from the Godavery freshes.

Statement No. 1. The increase in the Amount of Agraharums has arisen from two Agraharums of Tandoovoy and one of Pavoommutra Estates having been comprised in the newly reverted Estates in the fusly under review.

15. The Abstract quoted in the Margin exhibits the Settlement of all the Items of Revenue for fusly 1254 Compared with that of 1253 and with the Permanent Assessment. The increase of Rupees 70,844-6-5 for fusly 1254 upon the Estates held at the end of fusly 1253 is Rupees 14-15-" per Cent. The causes of which are set forth in the foregoing Paras regarding the Veesabady Assarah, and Renting systems. The decrease of Rupees 146720-7-11 upon the same Estates in comparison with the Permanent Assessment is Rupees 19-14-4 per Cent. but in detail one of those Estates Pawley shows an increase of Rupees 17-6-10 per Cent. The decrease of Rupees 3677-6-7 upon the Estates newly reverted in this Fusly bear the small percentage of Rupees 1-6-6 through in detail six

Fort St. George 12th March 1845.

Six of those Estates Viz. Cauzah, Vankatispah Vadavalaroo, Tuntecondah Moongondah and Alley, shew an increase of Rupees 7-10-11 per Cent.—

16 The following Abstract shews the Settlement of Fusly 1254 on the Estates newly reverted in the same Fusly in comparison with the Cist of the former Year. The increase on the Estates from Nos. 1 to 10 in the 1st. part has arisen from the Villages thereof having been either rented at a higher Beriez or Settled Under Veesabady at the Kham Cist, whereas most of these Villages were rented out in the preceding fusly at a reduced Cist in consideration of the peculiar circumstances of the season. The decrease on the two Estates Nos. 11. and 12 is occasioned by the high Assessment of the lands, by the Scarcity of ryots, and by their having left some of the best lands unoccupied. Among the five Estates in the second part (which were held in past Years by their Proprietors) Nos. 3 and 5 shew a decrease in consequence of some Cunkah lands having been covered with sand. The increase in the other three arose from the bringing certain waste lands into Cultivation, and from an abundant supply of water in the Tank of Tandoovoy for the irrigation of the Assarah lands.—

17. The Statement annexed shows the Demand for Fusly 1254 the Collections made within the fusly and subsequently down to the end of September. The remaining balances shewn Per: centage of Rupees 5 — 11 — 10 upon the Demand. It will be seen that the said Demand is composed chiefly of the Bariz of the Rented Villages to the extent of Rupees 83 — 10 — 1 per Cent of which the balance now outstanding Viz.t Rupees 27802 — 11 — 8 is Rupees 3 — 11 — 9 per Cent. The balance of Veesabady Rupees 20841 — 13 — 5 Amounts to Rs. 18. — 12 — " per Cent. The balance of Cuttoobady &c.a Viz.t Rupees 1674 — 6 — 2 is Rupees 7 — 7 — 9 per Cent. The Demand of Asaarah Settlement was fully realized. As there were large balances at the end of the Fusly, I visited several of the Talooks in the Months of July and August a Season in which the country is generally one sheet of water and after instituting the necessary enquiries collected Rupees 3071 — 3 — 7 I also arranged that a further sum of Rupees 3971 — 7 — 1 should be recovered and this will most likely be realized also. On reference to the Accounts it appears that the Estates of Amalapore, Nagarum, Canpaveram, Tannookoo, Vankatippah, and Endrungey have the largest balances against them. The balance against the rest is only Rupees 3 — 6 — " per Cent. The balances

+ Up to the end of January 1846.

balances in Amalapore, Canjaveram, Tanookoo, and Vankatiippah are mostly due from Estates newly reverted in this Fusly, which have been included in those four Estates. The high Assessment of the land and the want of rain in Vadivalaiyo and Vankatiippah Mootahs (in the Canjavaram Talook have created these balances, besides which much land was left uncultivated owing to the poverty of the Ryots. The same cause operated in the Village of Undrungey in which the Veesabady System prevails also. In Nagarum and some other Estates many of the Ryots in the Rented Villages undertook to cultivate the Carnal or waste lands but left them uncultivated pleading their want of means and the badness of the season. This being reported by the Amuldars orders were issued to them to enforce the Moochulcahs, and the result has been that the Wealthier Ryots have been forced to make good the deficiency. This has produced a little reluctance on their part to rent the Villages again but so many instances have been found in which they made collusive arrangements for the purpose of rendering the Moochulcah a dead letter that it was necessary to show them that they could not tamper with the Rights of the Circar with impunity.

With reference to the accompanying Statement No. 1 the abstract hereto entered exhibits the arrears of former fuslies outstanding at the Commencement of Fusly 1256 the Collections within the fusly, and the balance outstanding. The Government in their Minutes of Consultation dated 30th June 1845 para 26 having required a Report on the subject of the arrears, orders have been issued to the Amuldars to institute a rigid enquiry and submit their reports, most of them have been sent in, but it seems advisable that I should make a personal enquiry during the Jamabundy Settlement of fusly 1255, and I shall therefore reserve my Report for a future occasion.

Fort St. George 12th March 1846.

Tuckavy granted to the poorer ryots in the Woondy and Nagarum Estates. Orders have been issued to the Amuldars to collect this sum as soon as possible.

20. The following explanations are submitted as required by the Board in their Proceedings of 3rd April and by the Government in their Minutes of Consultation of the 30th of June 1845 on the Settlement of the Government Estates for fuslies 1252 and 1253.

21. In Para 11. the Board observe that there was a decrease of Rupees 2005-5-5 for fusly 1252 on 16 Villages in the Woondy Talook which had been settled under Aswarah both for that fusly and the preceding one, while there was an increase of Rupees 2217-5-1 on 36 Villages which were held under Rent in fusly 1251 and settled under Aswarah in fusly 1252, and they require to be informed whether those 52 Villages partook of equal advantages in respect of irrigation. With regard to the decrease in the 16 Villages, I beg to State that 4 of them named Gollalacodaroo &c. were settled at an increase of Rs. 689-12-10. while the other 12 Named Bheemavarum &c. showed a decrease of Rs. 2695-2-3. This was caused chiefly by the impoverished condition of the Cultivators who were for the most part Payacaries or inhabitants of

The increase on the 36 Villages mentioned in the Margin owing to the introduction of the Asparah instead of the renting System under which the Ryots had held their lands at a low Cist in the preceding fusly. These Villages possess advantages over the 16 Villages above mentioned in consequence of their lands being on a lower level and thus receiving a more certain supply of water.

22. The Board in Para 15 wish to know why a remission of Rupees 71-4-0 was made for fusly 1252 on the hamlet Narandrapooram which was settled for fusly 1251. at Rupees 524-4-0 when it is stated that the kham Cist of the Tandemullah Estate to which it appertains was not reduced. In this Village there was no actual reduction of the kham Cist. The Cist of the hamlet had been increased under the renting System during the time of the Proprietor but as it lies close to the Hills the ryots would not agree to occupy the lands at the Proprietors rate of Assessment and therefore it was settled under Veesabady for Fusly 1252. at the usual Cist.

In

23 In Para 23. the Board require to be informed why the Village of Dirsoonurroo was rented for fusly 1253 at a rate below that of former fuslies, especially of 1251 and 1252. This Village had never before been under any but the Asparah System. It was rented in fuslies 1248 and 1249 for Rupees 475 which sum was not fully realized but a balance of Rs. 49-8-0 was left outstanding even after extreme measures had been adopted in disposing of the property of the Renters and sureties. It was settled under Asparah in Fuslies 1250, 1251 and 1252, at the Assessment noted in the Margin which was realized in full. It was rented in fusly 1253 at the reduced Cist of Rs. 260-8-0 in consequence of the great flood of the Godavery having destroyed most of the Crops. A reference to Arrowsmiths Map will shew that the Village is situated in a Swamp and therefore liable to be flooded earlier and longer than other places. The rented Cist for fusly 1254 Amounting to Rs. 402-8-0 which corresponds to the average of 10 Years have been fully realized, and it has been rented for the current fusly 1255 for Rupees 442-0-0. It will therefore be apparent that no permanent decrease in that Village has taken place.

24 The Board in Paras. 24, 32, and 33 Require to be informed how many Villages were rented in fusly 1253 before and how many were rented after the great floods of the Godavery with the causes of the increase and decrease what Villages were given in Rent for 2 Years, and why that Arrangement was resorted to at a period when the resources of the Ryots were diminished by the overflowing of the river, also to be furnished with a Statement distinguishing what portion of the balances is due on Villages rented before and subsequently to the Godavery freshes; and what balances if any are due on the Villages rented by the Commissioner when in charge of the District, with the causes of such balances. The Annexed is a Statement affording the Required information regarding the Villages rented in fusly 1253 Excepting Jagapatynagarum which was given in rent for a term of five years under orders of the Board. In fusly 1253. Mr. Smith rented for one years.

they did not suffer so much as the Villages entered in Nos. 2 and 3. The balance therefore amounts to only Rupees 5 — 11 — 7 per Cent. The Bareeze of 83½ Villages in No. 2 which were rented after the Godavery freshes for only one year shows a decrease of Rupees 2674, or 2 — 6 — per Cent below that of fusly 1252. The greater part of this decrease Viz. Rs. 2309 occurred in 4 Villages named Goonoopoody &c. in Moondy Talook (and the rest in 12 Villages in Mogultore, and Nagarum Talook) in which considerable Loss had been sustained. The remaining 67½ Villages were rented out at the same Bareeze as in fusly 1252 without making any allowance for the losses occasioned by the floods and the balances outstanding against them amount to — 8 — 13 — 2 per Cent on the rented Bareeze.

The Board having been pleased to authorize the Commissioner in charge under date 11th September 1813 to rent Villages for two fusslies, the 184 Villages in No. 3. which were most damaged by the floods were rented out accordingly in fusly 1253. for a term of two Years. some by Sir. H. C. Montgomery and some by myself. The Bareeze of these Villages for Fusly 1253 shows a decrease of Rupees 63,122 — 9 — 10 below that of fusly 1252.

Chiefly.

chiefly in consequence of the great loss sustained in the fine Estates of Raley, Mogultore, Moondy, Nagarum, and Pengondah as will be seen in the Marginal Statement. As I found that no accounts had been procured from the Amuldars showing the precise amount of the losses sustained in each Talook I was placed in this difficulty that I must either relinquish the renting system which the Board so strongly recommended in their Proceedings of the 21st December 1813 or else make a settlement for a sum equal to that actually obtained by the Rents. The former course appeared to me to be the one best adapted to the circumstances of the District, and as it was then impossible to repair the difficulty that arose from the want of an accurate account of the damage done by the floods, I carried into effect the Orders of the Board renting out the Villages for that Year ab-

ab a reduced shist wherever there appearent to be reason to believe that losses had really occurred. The principle by which I am guided in the arrangement of the rents for those Villages in which the term extended to two fuslies was that the temporary loss occasioned by the freshes of the river should not be allowed to affect the future condition of the ryots. It will be observed that the average of the rents in those Villages for fusly 1254 is above that of former years. The balances outstanding on the three different sets of Villages for fusly 1252 are shown in column 4 of the said Marginal abstract and Amount to Rupees 46,370-2-1 or Rupees 9-4-5 per Cent on the barcaze These balances will form the subject of a separate enquiry and report.—

25 In paras: 28 and 31 the Board advert to the Balances due on account of the enam Fasaie or tax levied on ryots who cultivate Manumm lands for fuslies 1252 and 1253. The annexed Statement shows the balances outstanding for each of those Fuslies. one reason for the large balance on this Item was that most of the produce of the Enam lands had been cut and carried away by the ryots before the Settlement and therefore there was a difficulty in

Fuslies	Demand	Collection up to the date of last Report	Subsequently levied	Total Balance

in ascertaining the extent of Manniam land cultivated by each of them. But the loss sustained by the circar on this item is a necessary consequence of the damage occasioned to the crops by the river floods. Regarding these balances I shall make a diligent enquiry during the present Settlement and report what amount of it may be recovered hereafter.—

In Para: 36. the Board directed that 26. the kham Cist should remain unaltered till superseded by the new survey Assessment, orders were therefore immediately issued to the Amuldars to discontinue the temporary Cist and introduce the kham Cist in the Amaracum for the current fusly 1255. The Board are probably aware that a great variation has taken place from time to time in the Amount of the kham Cist. The Proprietors found it convenient to raise the Assessment with a view to deriving all possible benefit during a prosperous season, and the kham Cist fixed upon by them in the year during which they fell into arrears and had their Estates sold has generally been maintained in the circar accounts. This Assessment being much heavier than the ryots could bear, the late Collector Mr. G: A: Smith proposed a temporary reduction in consideration of the unproductiveness of the lands and the lowness of the price of grain. The same causes being still in operation the ryots gladly

glady consent to rent their Villages on the principle of individual responsibility rather than expose themselves to the heavy demand of the kham Cist.

It has not been the practice in this District to grant a remission at the time of the Settlement for lands entered in the Amaracum as cultivated but actually left waste, whether from the inability of the ryot or from failure of the usual supply of water. This will account for the balances that have from year to year accumulated to so large an Amount. The kham Cist is undeniably too high in some Estates and I would therefore suggest that although it continues to be entered in the accounts as the standard the poorer ryots in dumany Villages should have the benefit of having their balances remitted after due enquiry and reference to the Board in all cases in which they may have paid up the Cist to the full amount of the produce of their lands that they have cultivated, and that in those cases in which they have left a portion of their lands waste either from want of water or from other uncontrollable necessity, their should be remission granted to them at the time of the Settlement. This latter course I have adopted during the present Settlement and I trust it will meet with the approbation of the Board.

27 In Para 24 of the Minutes of Consultation above

above alluded to it is remarked that in the Woondy Talook where considerable improvements have taken place in the irrigation, those Villages which had been settled in fusly 1252 under the disadvantageous system of asparah were rented in fusly 1253 at a further loss of Rupees 28656-10-6. and that the Collector ought to have paused before introducing a system which was nearly certain to entail large losses on the Government. In fusly 1253. this Talook in consequence of its low level was completely submerged by the Godavary and the damage done to the crops was so great that the Commissioner in charge of the Collectorate considered it more advantageous to Government that the Villages should be rented than that the Asparah System should be maintained. Thus with the exception of the Villages of Soonguroochum, the whole Talook was rented in fusly 1253 both for that, and the following fusly.

Fusly 1252 -	98417	—	3.
" — 1254 -	96559	2	9.
Increase	1112	2	6.

The Marginal Note will show an increase of Rupees 1112-2-6 in the Bareeze of rent for fusly 1254 in comparison with fusly 1252. It will further be observed that though the Amount of rent for fusly 1253. was very low the Bareeze of fusly 1254 exceeds that of any of the preceding fuslies. It may be expected that under the renting System the Revenue of this Talook will gradually increase for the lands are generally of fine quality and since an abundant supply of water has been brought by the Bhoopiah channel they have become very productive.

30 Referring to the unfavorable Settlement of fusly 1253, the Board are aware that Irreemes charge of the District under disadvantageous circumstances. Two Months had elapsed since the Godavery had flooded the country. Yet no accounts had been received from the Tahsildars of the Amount of damage sustained by the crops. The fact that the flood waters of the Godavery mingled with those of the Kistna shows that the loss must have been neither partial nor small. much consideration was necessarily shewn to the ryots lest their means of cultivation for the ensuing season should be impaired. The renting system was carried out to a great extent as directed by the Board and strict orders were issued to the Amuldars to see that the lands were fairly apportioned among the Ryots. The latter were also assured of their right to demand an equitable arrangement of the Cist. I shall not fail to keep my attention fixed on this important subject as an essential for the realization of those benefits which the renting system is calculated to confer on the people.

Sir,

From the Collector of Guntoor ... 3

I have the honor to enclose an address to the Most Noble the Governor in Council from Mannar Vencata Gopalrow Zemindar of Suttanapully with translation. The Zemindar complains of the late decision of Government to pay to his Mother 50 Rupees monthly out of his allowance on the ground that no evidence has been taken to establish the truth of his Mothers representations. It would seem however that the fact of his Mothers applying for this arrangement is itself sufficient to shew the absence of that mutual confidence which would render the separate payment unnecessary. Presuming however that the Government do not contemplate the withdrawal of the 50 Rupees in the event of his Mothers decease, I would suggest that an assurance should be given to this effect. I proposed the sum of 300 Rupees for the Monthly allowance of this Zemindar to place him on a par-

No. 1.

To The Right Honorable the Governor in Council Fort St. George.

Petition addressed by Rajah Manoor Venkata Gopaulrow Zemindar of Nuzzendah Talook or Mouzoomdar of Moorttoojanuggur Circar &c.

My Mother is under my protection, and by the ill advice of some of my enemies (to whose words she has listened not having known sufficient in affairs;) caused a petition to be presented to the Collector of Guntoor, stating that I would not maintain and support her, and that therefore a separate maintenance of Rupees 120 per Mensem should be fixed and granted to her from my allowance, from the time my Talook was attached. The Collector informed me of these circumstances by an Enquetwaud and

and directed me to give an explanation on the subject, I represented not only by argee dated the 24th and 27th November 1845 to the Head Assistant Collector in charge of Guntoor, that my Mother simply caused that petition to be written and submitted by the ill advice of some evil disposed persons, that I requested enquiry to be made by documentary and oral evidence to ascertain the circumstance if ever my Mother went away or not, and resided separate at any time, Of her being as heretofore still supported by me from the time my Talook was placed under attachment, Of its being my imperative duty, as her lawful Son to support her hereafter also as long as she is alive; Of her being at this time under my protection or not, and that the particulars of my petitions may be made known to the Higher authorities, but often made similar requests whenever I visited that Gentleman. However that Gentleman does not appear to have taken the circumstances stated in my argee into consideration, for no manner of examination has been made about the protection I gave my Mother; My case has not been reported in a true light to the superior authorities, for much has been concealed, when your Honorable Government were pleased

at

Fort St. George 12th March 1846.

at first to sanction an allowance of 300 Rupees to be granted a Month, I received an Enoyetnamah No. 3 dated 15th November 1845 directing me to present a receipt accordingly and receive the Money and soon afterwards another Enoyetnamah - No. 4 dated 25th November the same year, wherein it was intimated to me, in quite a different strain than the first, that the whole amount would not be paid to me, but that I should receive part of the sum as an advance, the amount due to me as my allowance as sanctioned by your Government has not been paid to me, and it was merely on a single representation of my Mother for an allowance, that the Head Assistant Collector placed reliance on her representations, and that having an Exparte Statement in the case the Head Assistant Collector in charge wrote as he thought proper with a view to mislead the higher authorities, for that Gentleman subsequently wrote an Enoyetnamah to my Mother informing her that sanction has been obtained for a Monthly allowance of 50 Rupees for her, that she had to get Rupees 1785 - 7 - 9 - from my allowance from the time the Estate was attached up to the end of December 1845 that Rupees 50 - " - "

per Month would continue to be granted to her hereafter, & that she should receive the amount due to her - I also received an Enoyetnamah intimating to me that I should receive the balance of my allowance, even after I received an Enoyetnamah, in that strain, I again addressed a petition dated the 21st January 1846 to the Head Assistant Collector in charge that enquiry should be made into the circumstance of her being under my protection and justice done, and that as I, who have sustained injustice in this case would represent my grievance to higher authorities, the amount should not be paid to her until their orders are received, but that it should be kept in deposit in the Cutcherry, even at that stage my case was not enquired into, nor has any reply been made to my argee. Even after my Mother presented an argee with a receipt for the Money, I wrote another argee on the 7th February that the sum should be paid after my representation had been duly enquired into, but no investigation was made accordingly, nor has that argee been replied to. while I was considering about the injustice done and about the numerous troubles with which I am beset

and how I could get redress. Hartstone arrived and took charge of the Office I then thought that I would at least get redress from that Gentleman, consequently before the Company paid the money to my Mother, I wrote an Arzee, detailing all former particulars on the 9th February 1846, and stated further that enquiry should be made into the circumstances of my having up to this time supported my Mother or not, and of the injustice I sustained, by a separate sum having been deducted from my allowance in arrears for such years as she has been under my protection, and granted to her. I not only

forwarded that Arzee, but spoke on the subject to that Gentleman when I paid him visits, even after that I wrote an arzee No 14 dated 12th Febry 1846, which was read over to the Collector, and returned to my Vakeel, with instructions by an enoyetnamah dated 12th February 1246 that he (the Collector) would act according to the sanction of Government, and that he was not willing to comply with such requests as I had made, after that also fearing lest the Money would be paid to my Mother, I addressed another arzee on the 14th February on the same subject. When the Head Assistant Collector in charge wrote to the Board regarding my Mothers allowance, I also wrote to the Board on the 28th November and 4th December 1845. but received no replies thanks from that authority. I was anxiously waiting, thinking that the Head Assistant Collector in charge would be ordered to make enquiry as requested by me, into the circumstance of my having supported my Mother, but nothing of the kind has been done. The Board also appear to have placed reliance on the subject represented by the Head Assistant Collector in charge who made no enquiry whatever into this subject, and whereby they were induced to recommend the case favorably to the notice of Government. The Board did not discover the

real

real state of the case before they applied to the Government. It is not known how the Board so recommended the case to your Honor, but one thing I know that the Board wrote to the Collector here informing him that it was with the concurrence of your sanction, that 50 Rupees a Month should be separated from my allowance and paid to my Mother from the date of my estate being attached. The Head Assistant Collector in charge did not pay me 300 Rupees a Month as first sanctioned by Government, to be paid to me as my allowance but laid aside that sanction. The Collector here or even the Board have not entered into the merits of my case, and have dealt so that I have sustained injustice, and as Mr. Stokes also has been pleased to say that he is unable to over rule the sanction of Government, I have now thought of an alternative which is that now at least I should lay the whole particulars before your Honor, when I may get redress, therefore I beg to represent as follows to your Honorable Government the ambit of Justice -

Referring to the support of my Mother I have to say that I am still maintaining her as before from the time my estate was attached, and as she has a right to continue under my service, I do not see the necessity of a separate allowance being allotted to her from my allow

allowance she does not understand the state of affairs and has in this instance been led away by the ill advice of some who were formerly in my employ at the time I had management of my estate, and who have since left my service, and entered into my Mother's employ, with a view of securing to themselves some means of livelihood, and have caused such useless argues in her name to come before the Circar at such a time as that in which we are at present situated, the argues are such as to mislead the authorities, relative to the real circumstance of her being under my support, she is to this day maintained by me, although the Collector in charge, and the Board have not made enquiry according to my request, into the circumstance of my having maintained my Mother yet, if your Honor would be pleased to give an order that investigation should be made in the subject, ample proof will be adduced in the enquiry as to the mode in which I am supporting my Mother, and should your Honor take my case into deliberate consideration, after that, it will be evident that the Head Assistant Collector in charge and the Board brought the subject before Government without making any enquiry whatever into the matter, & what injustice I am subjected to, by such an omission

Fort St. George 12th March 1846.

omission, and that the affair is such as should be thoroughly sifted. Besides this when your honor sanctioned 1500 Rupees a Month to Rajah Vasereddy Ramanauta Raulo, and 250 Rupees per Mensem to Manekarow Jangana Row, it was sanctioned that their Mothers should get a separate allowance, besides the above amount recommended to be enjoyed by them, an allowance of 300 Rupees was sanctioned to me, and the instructions were that the Collector should act accordingly, nothing was said about any deduction being made from the allowance of Zemindars and the same paid separately to their Mothers. The allowance allotted to me is such as has been granted to me in remuneration of my having surrendered my estate to Government, and as it is not an allowance subject to diminution, I request that I also may be dealt with in a similar just way as the two other Zemindars alluded to. It is no just that justice should be meted to 2 Zemindars in one way and a different course pursued towards me. Further I beg to state that when Mr. Stokes first recommended the allowances, it was after due consideration that 250 Rupees was allotted to the Zemindar of Rajah

and

Fort St. George 12th March 1846.

and 50 Rupees to his mother, for the sist leviable from the Rayapully Estate consisting of 60 Villages, is equal to only 1/3 of the sist leviable from my Estate of Suttanapully which consists of 80 Villages and the sist of which equivalent to 1/4 of the sist as compared with the preceding Estate, and whereby an allowance of 300 Rupees was recommended to me. I often represented heretofore to your Government the Board and the Collectors here, that the above sum was insufficient for me and that it was under the conditions of a suitable maintenance being granted to me that the Cowles were surrendered to Government and Kararnamahs obtained from me. If it was the Head Apistant collector's opinion, in fixing an allowance for my mother and in recommending the same to you, that something else should hereafter be done in the subject, he should have fixed a separate allowance as that granted to the mother of Rajah

manekarow

manekarow Jungamarow and recommended the same to Government. This has not been done, nor have the circumstances of my case been examined into by that Gentleman who has no favor on me, and it is thus, that 50 Rupees per. month out of my allowance has been arranged to be paid to my mother, If the single circumstance of under what precedent as regards the extent of estate Pcn. the Hd. asistant collector has thought it incumbent to recommend the allowance, without making any enquiry, is taken into deliberate consideration by Government in a favorable light, the result will be evident to the Government. While the Head asistant Collector in charge is granting a separate allowance to the mothers of the abovementioned Zemindars and pays Ramanadababo and Jungamarow their respective allowances without making any deduction it is but just that I should not be excluded the benefit of the full enjoyment of the sanctioned amount of 300 Rupees

Rupees first granted to me, the course was pursued is that a deduction has been made from my allowance, for the maintenance of my mother who has up to this time been under my protection, thereby lessening my amount of allowance, and all this was brought about by the Head asistant Collector's recommendation which has evidently misled the Government. there is nothing whatever to shew that he recommended this step, after having taken any just course to do so in reference to the extent, and income of my Estate, although that Gentleman wrote in that strain, yet the Board also owing to the unfavorable times on my part, without looking into the truth of the case, might have brought the affair in a favorable light to the notice of Government, who thereon directed that the Course suggested should be continued, However as you were pleased

pleased to grant sanction accordingly without taking our case into consider=ation, as stated above, I solicit that your honor would be pleased, under the reasons specified, to withhold payment to my mother of the amount in arrears previous to the date of sanction for this arrangement, while no enquiry has been made, and that I may be allowed to receive 300 Rupees a Month accord=ing to the previous sanction of Government. all these things are such as your Honorable Govern=ment should again review with deliberation, consequently I solicit that this subject may be duly considered and if it is your inten=tion to grant a separate allowance to my mother, I trust it may be done, not out of my allowance, but by ordering a separate provision for my mother similar to that enjoyed by the Mothers of the other zemindars, for this can easily be done, and I rest assured that this course will be pursued.

If

If it is still the intention of Government to grant my mother a separate allowance out of the 300 Rupees granted to me, I trust it may be under such views as that, while the Rapully Zemindar is in the receipt of 250 Rupees, with a separate allowance to his mother and in whose Zemindary there are only 60 Villages and which was duly considered by Mr. Stokes at the time that Gentleman recommended the rate of allow=ances, My Sultanapully Zemindary consists of 80 Villages, therefore it rests with your Government to consider that taking the extent of that Zemindary as a precedent, I should be entitled to enjoy a higher rate of allowance than that fixed, and this exclusive of any allowance which may be granted to my mother. The injustice done to me will then be evident, while I am the only Zemindar who has thus sustained injustice on no account whatever

whatever, under the British
Government, it rest with your
Government alone the emblem
of Justice, to see that I am not
unjustly dealt with and to
annual all acts detrimental to
me, - I do not see any course
I can pursue here whereby
I may get redress. who can I complain
to - who are my protectors - I only see your
Honorable Government but no others,
from whom I can get such redress as
that looked for, and who have heretofore
meted out justice in many ways. The
course I pursued in a former in-
stances of presenting a Petition direct
to your Government having been pointed
out

out to me as irregular, I now follow the
instructions given of first laying my
grievance before the Collector, and then
to the Board, and that if I were dissatis-
-fied with such orders as may be given by
those authorities. I should then lay the case
before Government with copies of such endorse-
-ments as may be made. Therefore when
I first represented the case to the Collector
in charge to the Head Collector, and to
the Board, and refrained from deviating
the course pointed out to me of not address-
-ing the Government direct. I have
not received any reply even to my
petitions, nor have I sustained redress.
The Head Assistant Collector in charge
wrote as he thought proper regarding the
allowance to my mother, and his view of
the case having been approved of, and
instructions given by the higher authorities
for the Course to be pursued, whilst the cir-
-cumstances mentioned in my Petitions
do not appear to have been thought of by the Board
whereby I could have got redress. Had the Board
laid before your Government the real facts of
the case, justice would undoubtedly have been
done by you, the emblem of justice. If your
Government would but Consider and call for
an explanation as to whether the report made
was

was after due investigation, or not, into the subject of my having maintained my mother, and about the truth or otherwise of my petitions, it will be evident that a report was made without any enquiry whatever, The Regulations and Orders prescribed by Government regarding Complaints, I say that as a primary Course the witnesses and documents of either party should first be enquired into and then report the subject to the higher authorities, and the second course at least the witnesses &c.a on behalf of the complainant but nothing of the kind has been done in this instance, I am not aware of how reliance has been placed on the mere statement of my mother that I had not maintained her, whilst I repeatedly stated in my petitions that I would prove by documents and witnesses that I am still maintaining her, and that enquiry should be made, but which latter course the Head Assistant Collector in charge did not think it necessary to pursue, thereby laying aside my assertions as false, and if your Government would but reflect deliberately it will be seen that partiality has been shewn, If the authorities themselves lay aside the legal course and do injustice to me in this way, How can we get redress? The Head Assistant Collector in charge and

and Mr. Collector Stokes also informed me by Enoyetramah's that the Government had been pleased to instruct them to deduct from my allowance the sum of Rupees 1,785-7-9 in arrears from the date my Estate was surrendered up to the end of December 1845 and to have it paid to my mother. I therefore request that strict orders may be issued about enquiry being made respecting my having supported my mother up to this day from the time my Estate was attached, as I did previously. and I will then prove by documentary and verbal evidence the circumstance of her having all along been supported by me. The allotment without enquiry of a separate maintenance to her in arrears for the years she has been supported by me, has its imperfections, for while she was with me from the time the Estate was attached I supported her to this day, by contracting debts, and now it is so arranged that notwithstanding the debt contracted for her maintenance, she is to get money as an allowance in addition thereto, while I am left to liquidate such debts as she may have contracted. she has not yet received the Amount of her allowance in arrears, therefore, I solicit that this Arzee will be considered as the contents of many Arzees put together as a final representation, and that the Arzees presented by

me

me regarding this subject, to the Collector and the Board may be sent for and perused deliberately, and find out what enquiry has been made by the authorities on them, I hope the Govern=ment at least will befriend me, who have sustained injustice many ways - and direct that the assertions of my having maintained my mother or not may be thoroughly examined into, and that if it be proved that I maintained her all along I bind myself as in filial duty that I should still further support her as long as she lives, I therefore hope that orders may be given without delay directing that she should be made to remain under my protection, that if she is not willing to do so, she may be allowed a separate allowance in common with the Mothers of the other Zemindars, and not that her allowance should be deducted from mine, and I further hope that it may be ordered that I may (until my allowance be in=creased as requested by me) be allowed to receive 300 Rupees a Month, in arrears, as recommended by Mr. Stokes, and as first sanctioned by Government - Please to perusе this, dated Saturday the 3d Bahoolum of the Month Maghane year Visvavasoo or 14th February 1846

Sir,

I am directed by the Board of Revenue to submit for the orders of Government the accompanying letter from the Collector of Guntoor trans=mitting an address to the Most Noble the Governor in Council from the Sutta=napillay Zemindar in which that individual remonstrates against the separate payment to his Mother of 50 Rupees Monthly out of his allowance (300 Rupees) according to the arrangement sanctioned

21st Feby in Con. 12th March 1846

Fort St. George 12th March 1846.

Sanctioned by Government on the 2d January last.

The Board agree with the Collector in thinking that the representations of the Zemindar are not of any weight - as however they presume that it was not the intention of Government in giving their sanction to the measure to make that portion of the Zemindars allowance which is to be separately paid to his Mother, resumable at her death, they beg to support Mr. Stokes's suggestion that an assurance to that effect may be given to the Proprietor to remove any apprehensions, which he may entertain on the subject.—

From the Collr of Bellary — Sir, Para 1.

Submitting the report called for in the Bd's Circular letter of the 31st Jany 1846 on the present Condition of the District & its prospects of the Current Fusly the results of the Settlement of the Taloks already made the Character of the Monsoon state of Crops & the ravages of Locusts &c which render remissions necessary ——

I have the Honor to submit my report on the season of Fusly 1255 — A.D. 1845-46 — in Conformity to the Board's instructions contained

contained in your Circular letter of the 31st January 1846 and with reference to my letter of the 16th Ultimo in which I had the Honor to transmit a Statement of the Prices at which the principal Species of Grain are sold in the Market Towns of this District, prepared from the reports usually furnished by the several Taloks once in 15 days. In this Statement I have constrasted the prices of the 1st fifteen days of January with those of the same period in the preceding year (1845). ——

2. Bellary and Adwanie being the most populous Towns in this District I annex an Abstract of the selling prices of the staple Grain (Rice and Jowary) at these places. ——

Towns	on the 15th January 1845 Fusly 1254.				on the 15th January 1846. Fusly 1255.			
	Rice		Jowarie		Rice		Jowarie	
	Seers per Rupee	Amount for Garce	Seers per Rupee	Amount for Garce	Seers per Rupee	Amount for Garce	Seers per Rupee	Amount for Garce
Bellary	26	184½	84	57 2/16	14	342	35	137 2/16
Adwanie	26	184½	72	66 10/16	16	300	34	141 3/16

3. It will be observed from the prices entered in the above, that the state of the season is more unfavorable than any that has occurred during the last seven years or since I have been appointed to this Collah.

Zillahs - The light Red Lands sown at the commencement of the first rains not having had any of the later showers usually falling yielded no return - With regard to the Black lands we had a slight fall in the middle of September but not enough thoroughly to moisten the Ground, the hopes entertained of a future fall were disappointed, for there has been no rain since nor has the usual Cold season been experienced - The fields sown earlier have from the effect of the East wind put out ears of corn though of small size - The Fields sown at the proper season failed, and the produce of those fields which have produced is irregular, and light -——

4- These disastrous circumstances have mostly affected the Regud land which bears a proportion of 55 per Cent on the whole land Berij of the District - The Ryots on thes description of land have, on the demand for the 2 first kists being made, come forward with complaint of their inability to pay and I have informed them that due enquiry would be made, I lost no time in commencing a course usually observed by my Predecessors at such seasons in the middle of December last, I issued to the Black land Talooks instructions for Revenue servants in the respective Talooks to

to minutely examine the fields and make out their Statements and produce them for consideration at the Jummabundy, so that I may be able to judge of the circumstance of the respective claimants - In the Regud Talooks the damage sustained by Bellary Adwanie and Goollem is most serious :——

5. The Board are aware that in last year the Tanks not having received a proper supply the Berij fell, in the present year the supply of water being still less a corresponding decrease will be the result -——

6- The Cultivation under Nullahs and Wells will I trust keep up to its usual Revenue, and the advantage in the price of Grain can only be taken advantage of by the Wet land Cultivators - The produce of the Dry lands will be absorbed in the kists and the means of existence be the Price what it may - The Cholum stocks is now sold at the enormous rate of one Rupee to 2. Bundles each measuring 4½ Cubits in Circumference, and it will no doubt be still higher in a few days - The loss among the Cattle will be very great - The Cholera which spread over the District last year also continues its deadly ravages -——

7. I shall adopt the plan which has been usual in this Province for years in giving remission and which was

Fort St George 12th March 1846.-

was adopted / and so highly approved by the Board / in Fusly 1248 - A.D. 1838-39 / I have taken advantage of the Cool season to traverse a great part of the Province - The loss was so inconsiderable in Gooty Yadakee Tadputry and Punchapollem that I made the Settlement without difficulty I crossed the Country to the south over what are called the 40 black land Villages - and made the Settlement at Radroog - I then proceeded to Adwanie - I was compelled however to break up my Camp at this place in consequence of Cholera and I have now returned to Bellary where I intend making the Settlement of this Talook. From Goontacul on the Gooty road to Amedial I found Miles of Cholum and Cotton Crops quite uninjured by the weather but in Adwanie the appearance of every thing is miserable in the extreme - I trust however that I have gained sufficient information to enable me without sacrificing the Interests of Government to do justice to the People -

Reporting lapses in three Cases of Polygar Pensions for the consideration and orders of the Bd of Revenue -

1. I have the honor to report lapses in three Cases of Polygar Pensions for the consideration and orders of the Board of Revenue -

2. An annual Pension of Rupees 5833 - 5 - 4 entered in No 15 of Mr Roß's Register X was granted by Government on the 10th September 1813 to Ragoonaicooloo Naidoo in lieu of resumed privileges enjoyed by him in Ghuttoo and 10 other Villages in the Goorumcondah Talook - He died on the 18th November 1827 and his Pension was under Authority of Government dated 14th May 1830 divided into 4 equal shares of Rupees 1458 - 5 - 4 and allotted to each of the four sons left by the deceased by four different Wives -

3. One of these branches of the Family Veerappa Naidoo died on the 5th January 1839 and his share of the Pension was continued to his dependants under sanction of Government dated 27th December 1839 -

4. Ramappa Naidoo another branch of the family whose demise on the 20th November 1845

I have

Fort St. George 12th March 1846-

I have now the honor to report Ras left a widow and four sons Vizt two by his 1st and two by his 2d Wife also a daughter who is a widow and who has been supported by her late Father.—

The 1st son by deceased 1st Wife and the two sons of his 2d Wife represent that for the last four years they have lived separately consequent on some disagreements among the Members of the Family and that their father allowed them 8 Rupees each per Mensem for their support and pray that the Pension may be divided among them all in four equal shares- Rayanaicooloo Naidoo the 2d son of the deceased by his 1st Wife claims more than his share of 1/4 of the Pension on the plea of his having to support his Mother and Sister, but to this the other Brothers are unwilling to consent- stating that they will make some provision for their Mother and Sister by a private arrangement among themselves on their Fathers Pension being divided among them in four equal shares. I am of opinion that some separate allowance should be allotted for the support of the Widow and daughter of the deceased with a view to prevent contentions hereafter among the Members of the family, the more particularly as the parties are not on good terms with each other- I would therefore propose that the Mother and daughter should be allowed

Fort St. George 12th March 1846-

7 Rupees each per Month and that Rayanaicooloo Naidoo should receive this amount Vizt Rupees 168 per Annum in excess as long as his Mother and Sister lived with him- The Pension would according to this arrangement be divided as follows-

	Rs	a	p
1 Narasimha Naidoo	322	9	4
2 Rayanaicooloo Naidoo	490	9	4
3 Wolul Naidoo	322	9	4

	Rupees 1458	6	4

6 An annual Pension of Rs 1050- was entered in the Pols Register No 18 was under sanction of Government dated 14th May 1830 granted to Abdool Mohabut khan- the Jaghеer of Tulpool held by his Father Abdul Hakeem khan having been resumed at his death- Abdool Mohabut khan died on the 5th May 1845 having left no heirs- His Step Mother Hantoo Beebee to whom Rupees 14 per Mensem has been separately paid out of this allowance under sanction of Government dated 25th June 1839 has two daughters Luktobee and Khulsoobee who have each a son, and the claims to succeed to the Pension are disputed by the 2 Nephews of the deceased Pensioner Vizt.—

1 Abdul Majeed khan— aged 12
1 Abdul Summut khan.

The Mother of the former Luktobee married the younger Brother of the late Pensioners own Mother and claims the Pension

Fort St. George 12th March 1846.

Pension in behalf of her son who she states, was adopted by the deceased while Kulsombee the mother of the latter as well as the said Hautobeebee his grand mother set forth claims in his favor on the plea of his being son of the late pensioner's Cousin - the boys Father Abdool Rakeemkhan being the son of the paternal Uncle of the deceased - I am not inclined to think that the claim of one party is in the least stronger than that of the other adoption not being considered to hold good in cases of this nature - Both claimants are grandsons to the Original Syhedar Abdool Hakeem Khan and have equal claims - as it appears there are dissentions in the family from Hautoo Beebee leaning in favor of one of her grandsons the son of one of her daughters, her other daughter having married the Maternal Uncle of the deceased with both of whom she has been at variance for some time which led to the separate allowance of Rupees 4 a month being allotted to her. I beg to recommend that she may be still allowed this sum out of the amount of Pension during her life and that the remainder be divided equally between her two grandsons.———

7. A Pension of 4-13-9 per Mensem entered in Mr. Ross' Register No 6 was granted to Hadeseppa Naidoo late Resident of Cudda Madaga a Pollium in the Muddenpully Talook. He died on the 20th November 1845 and has left 5 sons Viz -

The Collector reports that Ramassa Naidoo, another son of Ragoonaicooloo Naidoo already mentioned, and head of another branch of the family died on the 20th November last, leaving a Widow, and 4 sons, two by his first and 2 by his Second Wife, also a widowed daughter who has been under the protection of her late father.—

5. The first son of the first Wife and both sons of the second Wife request that the pension enjoyed by the deceased may be divided among his four sons in four equal shares but Ragoonaicooloo Naidoo the second son of the deceased by his 1st Wife claims more than a fourth for himself on the ground of his having to support his mother and sister. The other brothers object to this, and state that they will make some separate provision for these females by a private arrangement among themselves. The Collector considers however a separate allowance for the maintenance of the Widow and daughter of the deceased necessary to prevent any contentions hereafter among the members of

Fort St. George 17th March 1846

of the Family as the parties are not on good terms with each other he proposes therefore that 7 Rupees a Month be allotted to each of these females and that Ragoonaicooloo Naidoo should receive this sum, amounting to Rupees 168 in the year, over and above his own share as long as his mother and sister live with him and that the rest should be divided equally among the 4 brothers as noted in the Margin—

Narsimma Naidoo	322-9-4
Wolmal Naidoo	322-9-4
Bungaroo Naidoo	322-9-4
Ragoonaicooloo Naidoo 322-9-4 + 168—	490-9-4
	1,458-8-4

The Board approve of this arrangement with the understanding that on the death of either Widow or sister the disposal of her pension shall again be brought under consideration and accordingly recommend it for the Confirmation of Government.—

6. An annual pension of Rs 1050 entered in Mr Ross' Register No 18 was continued to one Abdool Mohabut Khan in lieu of the resumed Jaghire of Tulpoal enjoyed by his father Abdool Mohabut Khan died on the 5th May last leaving no issue. His step Mother one Kauttoo Beebee, to whom Rs 14 per Mensem has been separately paid out of this allowance under the orders of Government, is stated to have two daughters who have each a son, and the claims to succeed to the pension are disputed by these two Nephews

Nephews of the deceased Pensioner - The
Mother of the one claims the pension on behalf
of her son who as she states was adopted by the
deceased while the mother of the other and
Kautoo Beebee set forth claims in his
favor under the plea of his being the
son of the late Pensioner's first cousin
The Collector is not disposed to view
the claim of the one party as more
valid than that of the other - He
adds that both the claimants are the
grandsons of the original Pensioner
and as such have equal claims to a
participation in the allowance - Under
these circumstances he recommends
that Kautoo Beebee, who has been for
sometime at variance with one of her
daughters and the deceased and
which led to the necessity of a separate
allowance of 14 Rupees being granted
to her may be still allowed that
sum during her life, and that the re-
-mainder be divided equally between
her two grandsons. —

7. The Board beg to recommend
that this arrangement likewise may

receive the sanction of Government —

8. The Collector next reports
the demise on the 20th November last of
Kaderuppa Naidoo who was in the enjoyment
of a stipend of Rupees 4-13-9 per
mensem as entered in No. 96 of Mr.
Ross' Register - The deceased left five
sons and the Collector proposes that the
allowance may be continued in the name
of Kistnama Naidoo the eldest of the
five, all the brothers having signified their
Consent to the Arrangement - The Board are
not aware of any objection to this proposal. —

9. It should be added that
all the pensions mentioned in the
preceding Paras being in lieu of
resumed offices and emoluments have
always been considered as hereditary. —

Sir

From the Agt. Coll. of Chingleput — Para 1. I have the honor to acknowledge your letter of the 12th July last enclosing a Petition from P. Appasawmy Pillay of Madras, and calling for information regarding the present condition and utility of the Choultries built by the late Veeraperma Pillay said to have been recently repaired and extended by the Petitioner, together with my opinion on the expediency of their further endowment. —

Reporting on the Works and repairs executed by Petitioner to P. Appasawmy Pillay to certain Choultries of the late Veeraperma Pillay and submitting his opinion on the propriety of endowing them. —

No 852 of 1845 herewith returned

2. The Choultries referred to by the Petitioner are situated in two places — The first at Shelvalimangalum on the Great Western Road, and the second at Pettaspetta on the Road from Madras to Nellore by Pulicat. —

3. Regarding the former building it appears that about 70 years ago Veeraperma Pillay a near relation of the Petitioner, Constructed 3 Choultries and a Tank, as shewn in the enclosed

Enclosure A

enclosed Plan, for the accommodation of Travellers of all sects at a Cost Calculated at upwards of 30,000 Rupees. Of these buildings No. 1 which is a large one was constructed of Brick in Chunam and Covered with Tiles, and No. 2 and 3 of black Stone the pillars and roofs consisting of the same material Veeraperma Pillay also planted a Garden or Tope of trees near these buildings to shelter Travellers during the day, and supplied food to the poorer Classes. After the death of Veeraperma Pillay in 1797. his adopted son Colundaveeraperma Pillay, continued the Charities and maintained the Choultries in repair he died in 1823 without issue leaving two Widows of whom one only is now surviving. —

For the support of these and other 4. Choultries established by Veeraperma Pillay, the late Mahomedan Government granted the Village of Tummanoor on Enam tenure, and when the District of North Arcot to which Tummanoor then belonged was made over to the Company, the Government of Fort St. George issued a Purvanah† continuing the Grant, but limiting it to the life of the then incumbent Colundaveeraperma Pillay. On his death in 1823 the grant was resumed, and it appears from the Correspondence noted in the Margin that in consequence of the Widow of the deceased applying for a renewal of the grant the

the Board called upon the Collector Mr. Vieash to report on the condition of the Choultries — and give his opinion regarding the propriety of renewing the grant either wholly or in partially Mr. Vieash recommended the continuance of the Enam, but the Board considered this objectionable, though they stated that they would be prepared to recommend to Government the grant of an allowance for the support of such of the buildings as should be kept up for the convenance of the Public on their being informed that the deceased had not left sufficient funds for the purpose, and they further requested Mr. Vieash to forward an Estimate of the repairs which the Buildings required —

5. Mr. Vieash in reply reported that the family were unable to contribute to the expense of the Choultries and that the sum required to put them in order amounted to Rupees 1,358–13–11. He recommended at the same time that establishments should be allowed to the Choultries at Shelvalemungalum and Tettoopettah on a Monthly Charge of 8 3/4 Rupees each. No orders appear to have been passed on this report owing it is presumed to the Widows being unwilling to

to resign the management of the Choultries to Government as represented in the Petition —

6. In consequence of the resumption of the Enam Village from the proceeds of which the Choultries were chiefly maintained, and the poverty into which the family had fallen the Charities were gradually neglected and the buildings had partly gone to decay when the Petitioner in 1841 undertook their management with the consent of Neelayadachy Unnial the surviving Widow and his sister in law — He has rebuilt the large building No. 1 with fresh materials (Brick, Teakwood &c.) repaired and extended the two others. No. 2 and 3. and cleared out the Tank — He also erected the large new Building No. 4. exhibited in the Plan — These new Buildings have been appropriated to distinct classes of Travellers. Hindoos. Mussulmen and Europeans, and the Petitioner entertains an Establishment of servants to clean them, to keep lights at night, and attend upon the Travellers who make use of them — In consequence of its convenience of situation and spacious accommodation this establishment is much resorted to by Travellers and is undoubtedly of great public utility — The amount of Money laid out by the Petitioner for these beneficial purposes is estimated at 7,000 Rupees. — It —

7. It appears that the fruit trees in the Tope or Garden adjoining this Choultry yield a small income of 17½ Rupees per Annum. With the exception of this trifling sum, the Charges of this Institution are defrayed by the Petitioner and the principal items are stated by him to Amount to Rupees 300 per annum exclusive of repairs.—

8. There are two Choultries on each side of Shelvalemungalum at a distance of about 4 Miles—Rajahs' Choultry on the West, and the Suntavellore Choultry on the East But these Establishments are too small to accommodate the numerous passengers passing by this great route and Shelvalemungalum being at a distance of 10 Miles from the next stage Streepermatoor, is the place at which Travellers mostly halt. Neither the Rajahs' Choultry nor that at Suntavellore enjoys any Maneum from Government, but the latter has been allowed* the long lease of the Village of Tinnasamoodrum for 99 years at its full rent.—

*To B. 28th June 1815
From Dn. 11th July Do.

9. The Choultry at Tettoopettah referred to in the 2d Para is situated North of Pulicat, and the building which Comprizes 3 separate

separate divisions has a partly tiled and a partly terraced roof—It was constructed by the same Veeraperma Pillay about 60 years ago at a Cost now estimated at 10,000 Rs. Although a portion of the third division of this building has become damaged the remaining parts are in good order and afford sufficient accommodation to the Travellers passing by that Road—A servant is also employed to superintend the Choultry and to assist Travellers—The Proprietor planted a Garden of 12 Cawnies in extent in the vicinity of this Building and it contains some Tamarind, Co-coanut and other Trees, the produce of which is valued at 42 Rupees per annum, a sum not sufficient to defray the monthly Charges—Mr. Maclean in reporting on the Estate of Streekareecottah brought to the notice of the Board the utility of this and two other Choultries, adding that they properly come under the rules enacted for the benefit of public endowments, which proposition supported with their recommendation was submitted to and approved by Government but no further steps appear to have been taken, perhaps in consequence of the unwillingness of the Parties to resign the management of the

Vide letter to Board 18th August 1835 Para 31—

the Establishment. There is no other Choultry within 10 Miles in either direction.—

10. Having thus detailed the condition of these Choultries, I beg to advert to the subject of their endowment, and enclose a Petition lately addressed to me by P. Appasawmy Pillay, in which after pointing out the expense which they entail, and the inadequacy of a grant under the ordinary rules, he requests that the small Village of Shelvalemungalum may be assigned to him on Enam tenure for their support. A Statement of the Revenue of this Village, contrasted with Pummanoor which the Petitioners' ancestors enjoyed for the same purpose, is enclosed for the Board's information

Enclosure B.

11. As I am called upon to give my opinion of the propriety of endowing these Establishments, I beg to state that the Choultry at Pettoapetta does not appear to me to call for any extra indulgence: and I consider that if the Petitioner applies specially for an endowment, after putting the building in entire repair, Assistance might be granted within the Ordinary rules.—

12. The Choultry at Shelvalemungalum is of far higher public utility both from its

Fort St. George 12th March 1816.

its situation in the greatest thorough fare in the Presidency and from the extent of accommodation which it affords to all classes of Travellers. The support of Government might therefore it appears to me be beneficially extended to it as a special case either by the grant of an annual sum of money, or by assigning the Village of Shelvalemungalum on a lease to the Petitioner on terms that would leave him an equivalent surplus, the lease being liable to revocation if the Choultry was not duly maintained.

13. The sum which might, in my opinion, be granted annually is Rupees 200 One-half on account of the expences of repairs and one half on account of the maintenance of an establishment. The allowance for the latter purpose proposed by Mr. Vincash was Rupees 8 3/4 per mensem and though this amount would not cover the monthly expences for servants, lights &c. in an establishment comprizing four buildings it seems to constitute as much aid as the founder should look for from the Government. Should it be thought fit to place the Village in the hands of the Petitioner, no objection would I believe

Reporting that the arrangements suggested in Mr. Mellor's letter regarding the appointment of Village Moonsiffs under Regulation IV of 1816 have been introduced in this District several years ago and requiring such measures for further improvement as the subject.

With reference to the Board's Proceedings of the 29th January last and to the Minutes of Consultation which accompanied it, I have the honor to state for the information of the Board that by two letters addressed on the 1st and 30th January 1817, by Mr. Ryde to the Commissioners, who were revising the Judicial system, a Copy of which is herein enclosed, it will be seen that not only Copies of Regulations IV of 1816 were furnished to all the Village Moonsiffs in the District then reported to have been appointed but also a transcript of Regulations V, VII and XI of the same year relating to the Punchayet and Police duties was supplied to each of them.

In the year 1832 printed copies of instructions deduced from the above Regulations, and also from Regulation IV of 1821, for the guidance of the Village Moonsiffs, were received from

from the Board, these were duly distributed in the following year to the Moonsiffs of all the principal Villages, and Manuscript Copies thereof to those of the smaller ones. Moreover during the annual Assembly of the Ryots for the Settlement, a Notification is invariably read to them in each Tallook, in which the advantages of preferring Complaints of petty offences and theft to their respective Village Moonsiffs, instead of to the more distant Superior Authorities, are fully explained to them, and they are personally encouraged to submit their Civil Actions for the decision of the same tribunals; from this it will, I trust be satisfactory to the Board and Government to learn that the arrangements suggested in Mr. Mellor's letter have been made several years ago in this District, and that every encouragement has been, and continues to be afforded, to induce the people to avail themselves fully of the benefits contemplated by Government in the establishment of Village Moonsiffs.

the sentiments of Government and the Court of Directors, relative to the advancement of the Village System, I have done all that is in my power to promote it. My letters to the Board have fully explained the nature of the obstacles, which in my opinion prevent that System, from operating to any thing like the extent, that is desirable, and which, it is in the power of the Board and Government only to remove: namely the difficulty of finding persons qualified either by their education for the moral advancement of the important duties to be performed, and the want of adequate remuneration held out for people to qualify themselves.—

From the Collr of Tanjore

Sir,

In reply to the Extract from the Proceedings of the Board dated 12th Instant I have the honor to state that the reason assigned by Condapah Naick for not Claiming his Cavil Pension for six years is that during that period he was on a Pilgrimage.-

I beg to apologize for not explicitly giving my opinion as to whether the case of Condapah Naick is deserving of special consideration but as I did not on his application to me recommend it- and such it would I suppose be inferred that I saw no good grounds for special indulgence- a deviation from the rules for the payment of these Pensions laid down by the Board and Sanctioned by Government unless in very peculiar Cases should in my opinion be avoided.-

Collector that the case of Condapah Naick is not such as calls for special indulgence- or justifies a deviation from the rules sanctioned by Government under date the 31st December 1837. The Board Consquently decline applying for the sanction of Government for payment of the arrear claimed by the Petitioner for the period antecedent to the Commencement of Fusly 1254 from which date it would appear that he has received the Amount of Pension to which he is entitled.-

Reporting with reference to the Board's proceedings of the 2nd Febuary regarding the Enam of Sembut and Cottapatti.-

Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board under date the 2nd Instant regarding the Enam of Sembut and

Fort St. George 12th March 1846

and cottah put in which I am directed to state whether the Enam is not of that des= =cription denominated Shyrutee.-

2. In reply I beg to state that I have no means of judging what denomina= =tion is applicable to the particular Enam in question other than what I have already submitted to the Board- From the terms of the "Purwanah" it is certainly to be inferred that the intention of the granter was to provide for the subsistence of the Grantee, and under this view of the case that the grant was intended to be personal not hereditary- But in the "Enamah" no reservation whatever is made the tenor of the grant are that it shall continue from generation to generation- It is not for me to interpret this expression- the British Government by considering it as conferring an inalienable title to lineal descendants have probably treated such cases more liberally than any Asiatic Government would have done I cannot however see any thing in the present deed which excludes it from the same liberal Construction which has been put upon others of a similar nature- provided of Course it is a genuine

Fort St. George 12th March 1846

genuine document- which Mr. Travers seems to have doubted but which I am altogether without the means of deciding.-

3. As regards the Circumstance of Arrokium Pillays being one of the possessors of the Enam in question I beg to state that the Coo-demarum and 1/4th of the Mailwarum of the enam was sold by a decree of Court in satisfaction of the claims of suitors against members of the family of the grantee; Arokium Pillay thus became possessed of 1/4th of the Mailwarum and one Abram Pahib of 1/4th- and it is to recover her rights thus alienated that the present petitioner wishes to institute a suit in the Civil Courts- I submit that it is not competent to the Courts thus permanently to dispose of the Mailwarum, the right to collect which can only belong to the Circar and those to whom the Circar may delegate their right- This right had been delegated temporarily, by sufferance at least in many instances to creditors of grantees establishing their claims in Courts of law, but I conceive that

that no decision of a Court can make over the Mailwarum of any land in the Country to any one who has not a title to it under a deed of grant - except tempo=rarily - This Case will perhaps shew the Board how necessary it is that Courts should be required to give notice of the sale under their decree of land of whatever description - In the present instance the transaction occurred without the Collectors having any Cognizance of it -

From the Pr. Collr of Coimbatore - No. 3 Para 1. Affords the explanation called for in the Secretary's letter of the 18th December 1845 relative to the Maturpha tax in this District.-

Sir,
I have the honor to acknowledge the receipt of your letter of the 18th December last requiring further information relative to the Maturpha tax in this District, and also your subsequent communication of the 23d Ultimo, calling attention thereto.-

With

Fort St. George 12th March 1846.

2. With reference to para 2 requesting explanation as to the data upon which the average fixed rates were proposed, I beg to observe that these averages were taken with reference to the various rates which regulate the levy of Town Tax keeping of course in view the profits of the several contributors as well as the interests of Government - and of this, the accompanying Statement marked A will afford detailed information - The amount of profit derived by the Weaver under the present mode of taxation is shewn in Column 6 and it has been estimated with reference to the proposed arrangement is exhibited in Column 12.

3. I do not consider that the application of the principles of the Vedasabuddy laid down in Regulation IX of 1818 will be productive of any advantage the Natives are generally averse to the introduction of any kinds of taxation, and subverting the present system of levying Moturpha which has existed for years past, and become quite familiar to the Weaver, will, in my opinion, tend to impair that confidence which they now

pass

Fort St. George 12th March 1846.

have on Government for the regulation of Vedasabuddy in the first instance will be a matter of great difficulty and create discontent among the Parties - and under any circumstances, I consider that the introduction of any new system is not called for until the advantages produced by the abolition of the General Inland Transit and town duties under Act 3 & VI of 1844 have been fairly tested in this District.

The same observation equally applies to all the other clauses, and no further explanation seems therefore called for.

5. I Statement B exhibiting the several rates upon which the averages proposed in para 8 of my letter of the 26th August 1845 were obtained is transmitted herewith - The averages were fixed upon no other data than with reference to the various rates which govern the Collectors of Moturpha - If any more simple and efficacious principle can be suggested I shall be prepared to carry out the orders of the Board.

Adverting

Fort St. George 12th March 1846.—

6.— Adverting to para 6 of the letter under reply requiring explanation of the circumstances under which so high a rate of 29 Rupees is fixed for Calacutchadavurry, I take leave to state that this disproportionate rate of taxation appears only in Fasly 1252 subsequently it has fallen into disetude— This impost properly speaking, is not a tax, fixed by Government but rather, the amount of rent which the contributor agrees to pay— By Calacutchadavurry is meant a temporary tax on trade only prevailing during the time of Harvest conducted on the threshing floors— the Petty traders rent the privilege of selling in retail sundry articles, such as Curry Stuffs— Betel nut, Tobacco, &c and the amount offered fluctuates according as there are competitors or otherwise— this rent from some mistake has for years past assumed the character of an impost, and is included among the other items of Moturpha

7.— The item "Ferry men" is not the toll collected from Passengers— it is the amount paid by Parties who rent the privilege of crossing

Fort St. George 12th March 1846.—

crossing travellers over the River this is rented annually and the amount of the highest offer is accepted— It has usually been incorporated with the Moturpha tax under which head it still continues.—

8.— As observed in para 7 of your letter under acknowledgment, the Layer Murree, was certainly a consumption duty, but upon what principle it was levied, I have not the means of ascertaining— On the assumption of this Province by our Government, the agricultural classes were relieved from this impost, but a similar indulgence was not extended to the contributors of House tax from whom it is still demandable, as it would appear that when this taxation was regulated the Layer Murree was also added to the amount of House tax as stated in para 10 of my letter dated 20th August 1845, and under this circumstance it requires modification that is the maximum rate should not exceed Rs 1-8-0 and the Chamers and Dhers should be altogether exempted from payment— the loss to Government by such an arrangement will not exceed Rupees 5,436-10-5.—

9.— A Statement C. exhibiting the present rates of House tax is transmitted herewith.—
