From the Collr of Bellary } Sir,

Submitting with reference to the Extract from the Proceedings of the Board of Revenue dated 13th November 1845 explanation as to the Principle on which the 5 years Estimate of Veesabady of the Bellary District is framed.

I had the honor to receive an Extract from the Minutes of Consultation of Government dated 25th October 1845 No 1238, together with the Extract from the Proceedings of the Board of Revenue thereon, bearing date the 13th November calling for explanation as to "why the Estimate of the Veesabady of this District for the "next five years submitted in my letter of the "5th September last, has been framed merely with "reference to past receipts and not in the manner and on the Data prescribed by Section 38 "Regulation IV of 1818 accompanied by a demand "for information as to the principle on which the preceding Estimates of Veesabady submitted from "this District for former quinquennial periods "from the first imposition of the tax appear to "have been prepared.

In reply, I beg leave to state for the information of the Board and Government that subsequent to the promulgation of Regulation IV of 1818 the late Principal Collector Mr Robertson's letter to the Board dated 18th August 1836 was

14th Sept. 1830
18th Dec. 1835
24th Sept. 1840.

I believe the very first application that was submitted from this District with reference to Section III of that Regulation, soliciting the Sanction of Government for the amount which was considered proper to fix as the maximum of the assessment of Veesabady for the 5 years from Fusly 1240 to 1244. This as well as the subsequent quinquennial Estimates have invariably received the Sanction of Government as noted in the Margin.—

3. In the year 1806 an Estimate had been framed by the then Principal Collector in the manner and on the Data prescribed by section III of the above Regulation, but no document of similar description would appear to have been ever prepared by his successors in Office, who in fixing the aggregate amount of Veesabady have taken the Collections made up to the time as the Data to go upon, giving due consideration to the circumstances of the time and the profits of the trade. The same principle was followed up by Mr Robertson and by others after him.—

4 The Estimates thus framed are sent to the respective Talooks where the Merchants apportion or assess the amount amongst themselves according to the extent of each persons trade the same being done in the presence of the Amildar.

5 There has been no alteration in the principle usually employed in fixing the standard, but only in the figured Statements accompanying the last application for the Estimate forwarded in my letter of the 5th September last differs in form with former returns, and contains four headings instead of one as heretofore. The nature of the information which

the additional columns convey has I imagine led to the observation now under reference.—

6 To set the matter before Government in its true light and to exhibit the difficulties attending this interpretation of the Rule, I beg to submit the following observations. The latter part of clause 1st Section III says that the amount of Veesabady shall be regulated "with reference to the Accounts of exports and imports, the Population, the produce and consumption and the usual profits of trade combined with a consideration of the General circumstances of the several descriptions of Persons liable to the payment of tax" with regard to Imports and Exports the abolition of the General Inland Town and mostly of the Frontier Duties has left public authorities in entire ignorance of the amount of Trade carried on in or passing through their respective Province. Even the imperfect accounts which formerly existed were discontinued simultaneously with the abolition of the Establishment of Chowkedars in the different branches of Sayer Revenue by whom they were kept and there is at present no means of ascertaining the real Magnitude of Trade except of the portion passing to and from the Nizam's Dominions, which is comparatively insignificant. Of knowledge of the produce and consumption is under existing circumstances impossible.—

7 Again, it is enjoined in the latter part of the 2nd Clause of Section III, that the amount when fixed shall not be liable to alteration oftener than once in 5 years; but it is not rendered by this provision imperative on the Collector to make an alteration every 5 years in the Estimate or enter without cause into an examination of the data upon which it is founded. The present system of Individuals assessing themselves every year or when the demands of Government depend should be left untouched; nor should any alteration be made in the amount proposed to be assessed on them unless by their complaint

complaint the present system and amount should be proved burdensome or there should be reason by an examination of authentic evidence to suppose that the aggregate amount is too small. There appears to me no good grounds for arriving at either of these conclusions, and the Regulations evidently deprecates change by rendering an alteration oftener than once in 5 years illegal and no where declaring a quinquennial examination necessary.-

8 Regarding the propriety of the continuance of this Tax, I have already given my opinion in my report to the Board under date the 24th May 1845 No 26.-

The Board request that you will explain in detail as far as the information to which you have access will enable you the method followed by the Principal Collector in determining the amount of Veesabaddy in 1806 and will give the authority on which you have stated that the Estimate then framed was prepared in the mode and on the data mentioned. You will also be so good as to forward that Estimate or copy of it with copies of any papers and accounts serving to elucidate the principle on which it was made.-

The Board hope to receive a reply at an early date.

of the accompanying Petition No 322 of 1846 which accompanied your letter of the 26th Ultimo, I have the honor to state that I have in the 6th Para of my letter dated 31st January last reported on the death of Abdool Mahabutkhan late Jagheerdar of Talcopool and adoptive Father of the Petitioner and on the claims of the Parties to succeed to the Pension The Pension was granted by Government on the resumption of the Jaghire. The amount of Pension with the exception of 14 Rupees a Month which was granted to Katoo Beebee the step Mother of the deceased under a separate sanction of Government dated 25th June 1839, has been kept in deposit since the death of Abdool Mahabutkhan dated 5th May last as also in arrears for March and April (the Pension for which Months had not been drawn) pending the decision of Government.

Ordered that the foregoing letter be submitted with the following address.-

To The Chief Secretary to Government

(19-20)

To the Chief Secy to Government submitting a correspondence with the acting Collr of Chingleput respecting certain Choultries which were founded by the late Veraperma Pillay between 60 and 70 years ago, in the Village of Shelvalemunga-lum on the great western road, and at Tottapetta North of Pulicat in that District, the estimated cost of which is stated to have amounted to about 40,000 Rupees and to have been defrayed out of the private fortune of the Founder.-

Sir, I am directed by the Board of Revenue to request that you will submit to the Most Noble the Governor in Council the accompanying correspondence with the acting Collector of Chingleput respecting certain Choultries which were founded by the late Veraperma Pillay between 60 and 70 years ago, in the Village of Shelvalemunga-lum on the great western road, and at Tottapetta North of Pulicat in that District, the estimated cost of which is stated to have amounted to about 40,000 Rupees and to have been defrayed out of the private fortune of the Founder.-

2.- It will be seen from Mr. McAlby's report under date the 14th of February last, in which the history of these institutions is fully detailed, that for the support of the Choultries established by this individual the grant of the Village of Tummanoor, in Enam Tenure was made by the late Mohomedan government. This however was resumed on the death of the adopted son of the original

Fort St. George 4th May 1846

original grantee in the year 1793 the grant having been restricted to the life of the then incumbent by the British Government on the accession of the Country. From that date no further renewal of the grant appears to have been made, and the family of the late incumbent, who left 2 Widows one of whom still survives having fallen into reduced circumstances the repair of the buildings was neglected as the Charities gradually discontinued until the year 1841. when a descendant of the Founder P. Appasawmy Pillay with the consent of the surviving widow undertook the management of the Choultries and at a personal expenditure of 7000 Rupees extended and repaired the original Choultries at Shelvalemungalum adding at the same time a new spacious building in addition to those already erected there besides entertaining a due Establishment of Servants and providing a suitable accommodation consequence to numerous bodies and distinct Castes of Travellers. Hindoo

Mussulmen and Europeans, who frequent the great thoroughfare of the Western Road. The Acting Collector further observes that its local position, being 10 Miles from Streperumatoor renders it more resorted to by all classes than either of the two intermediate Choultries situated at a distance of 6 Miles on either side — namely Rajah Choultry and the Choultry at Puntamellore, to which latter Choultry it may be observed the Village of Timmasamoodrum was formerly granted on a 99 years lease at full rent.

3. Exclusive of the disbursements of 7000 Rupees laid out by P. Appasawmy Pillay in restoring the buildings at Shelvalemungalum to their present state, the Principal items of annual charges of this Institution are estimated by him to amount to Rupees 300 irrespective of expenses for repairs and Extra items, viz. 126 per annum as specified in Memorandum appended to the Report, the whole of which it is stated is defrayed by

himself

himself with the exception of the small sum of Rupees 17½ the produce of a Tope attached to the Choultry.

4. Adverting to the undoubtedly high Public utility of the Shelvalemungalum Choultry and the great extent of accommodation which has been afforded to all classes of the public who in such great numbers traverse this great Trunk road, the Acting Collector submits it as his opinion that the support of Government might therefore be beneficially extended to it as a special case either by the grant of an annual sum of money or by a grant of the Village of Shelvalemungalum on lease to Sr. Appasawmy Pillay on terms that would leave him an equivalent surplus, the amount suggested to be granted, being Rupees 200 per annum.

5. The Board fully concur in the view taken by Mr. Maltby for the reasons stated by him, that the ordinary Rules for the Endowment of Choultries are inapplicable in this case considering the Magnitude and importance

Pulicat men and Europeans who frequent the great thoroughfare of the Western Road. The Acting Collector further observes that its local position, being 10 Miles from Streperumatoor renders it more resorted to by all classes than either of the two intermediate Choultries situated at a distance of 5 Miles on either side namely Rajah Choultry and the Choultry at Puntamellore, to which latter Choultry it may be observed the Village of Timmasamoodrum was formerly granted on a 99 years lease [illegible] rent.

himself with the exception of the small sum of Rupees 17½ the produce of a Tope attached to the Choultry.

4. Adverting to the undoubtedly high Public utility of the Shelvale=mungalum Choultry and the great extent of accommodation which has been afforded to all classes of the public who in such great numbers traverse this great Trunk road, the Acting Collector submits it as his opinion that the support of Government might therefore be beneficially extended to it as a special case either by the grant of an annual sum of money or by assigning the Village of Shelvalemungalum on lease to P. Appasawmy Pillay on terms that would leave him an equi=valent surplus, the amount suggested to be granted, being Rupees 200 per annum.

5. The Board fully concur in the view taken by Mr. Stalkby for the reasons stated by him that the ordinary Rules for the Endowment of Choultries are inapplicable in this instance considering the Pagodas and in=

of the institution in question, and the as a special case some Extra Endowment of the nature suggested by him might be conferred for its support, they therefore beg to recommend that the Village of Thevalemmungalum may be Conferred upon P. Appaswamy Pillay subject to the repayment to Government of all Surplus revenue according to the fixed annual Peruz of the Village in excess of the sum of Rupees 200 that amount being appropriated for the support of the Choultry exclusively, with the expressed understanding that in the event of any misappropriation of the proceeds of the prescribed grant from the objects for which it is conferred, that the Government will be liable to immediate resumption and forfeiture.

6. The Statement B furnished with the Collectors report shews the annual Peruz of this Village from Fasly 1195 to 1954 inclusive and exhibits on those 10 years an average annual Peruz of Rupees 295 4 2

Adverting

7. Adverting to the remarks of the Acting Collector contained in paras 9 and 11 of his Report in respect to the less important Choultry founded by Veraperma Pillay at Vittoopetta and which is also under the management of P. Appasawmy Pillay I am instructed to observe that under the circumstances therein represented it does not appear to the Board that any indulgence is called for on behalf of that institution which is not provided for under the provisions of the ordinary rules for endowing buildings of the Charact of the Choultry in question.

From the Collr of Salem
Relative to the Collr's dispute with Chellumba Goundu and requesting permission to put him in possession of it with a view of compromising the matter hereafter.

Sir,

With reference to Extract from the Board's Proceedings under date the 9th Instant directing me to commence with Chellumba Gounden with a view to effect a compromise with him in the matter of Suit No 71 of 1815 on the principles laid down in Para 9 of the Extract from the Minutes of Consultation therein conveyed, I have the honor to state that the land in dispute is of the best quality and is situated in the bed of a Tank there is also a well in it constructed at the expense of the Ryotts consequently he cannot be expected to agree to take up any waste land in lieu of it. He may be willing to exchange for land of a similar quality. As the plaintiff is not likely to withdraw his complaint

Instructions have been issued to the Tahsildars to put a Stop to the practice of permitting the Ryots to Cultivate in the bed of Tanks, or to grant Toolvachit to that effect, but it is to be apprehended that the decision in this case if generally known may embolden other parties to resist these orders—

Letter thereon. It does not appear to the Board that the desired Compromise with Chalumba Gounden would be in any way facilitated by his being reinstated in the land in dispute—They think it better that the Collector should endeavour to make an adjustment with him at once, offering him lands as nearly equal in quality to that of which he has been deprived, as possible—If further Compensation be necessary the Collector will inform the Board of its nature and Amount—

Fort St. George-

Sir,

I have the honor to acknowledge the receipt of an Extract from the Minutes of Consultation under date the 24th Ultimo, calling upon me to explain under what circumstances I considered myself at liberty to reinstate in the Public Service Vetcha Lutchmiah, a person who had been twice convicted of corruption and dismissed on the latter occasion; and in reply beg to state, for the information of the Most Noble the Governor in Council, that I am not aware that any such stigma as rests

Fort St. George 7th May 1846.-

rests upon the character of Vetcha Lutchmiah:-

2. In the years 1812 and 1817 respectively he was allowed by Mr Oakes to resign his situation, which on the latter occasion was that of Sherishta-dar of the District. There was subsequently some correspondence between Mr Oakes and the Board of Revenue on the subject, and their final decision will not I believe, be found to be prejudicial to his character-

3. He was subsequently re-employed in the Rajahmundry District in several important situations, and latterly in that of Guntoor. In the year 1838 he was dismissed by Mr Goldingham, but on his appealing to the Board of Revenue, the charge against him was declared to be not proved, and the Collector was instructed to re-employ him when a suitable opportunity occurred; and it was in obedience to those instructions that Vetcha Lutchmiah was re-employed by me in 1842.-

Transmit Collr. of Kurnool Copy of Circular Letter dated 1st June 1843 regarding the Cavil Fees in the Palliem Cottah Jaghire &c. &c. &c. 7th May 1846.-

To T. Pycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George.

Sir,

I have the honor to acknowledge the receipt of your letter on the subject of the Cavil Fees in the Palliem Cottah Jaghire.-

2. The Board appear to have

concluded from the Statements transmitted with my former letter, that the Maniem lands alone are subject to these fees, and that the Ain lands are exempt. These Statements however were founded entirely upon the depositions of the Curnums of the several Villages, to which I stated in my letter, that little credit could be attached they produced no Accounts in support of their assertions, to shew by whom or to what amount the cavil Poroopoo had been paid- and as they received no payment from the Circare but had long been dependant upon the Ryots for subsistence, it may be supposed that they would be likely to give their evidence partially and in their favour. There is no apparent reason why Ain land should have been exempt from Cavil fees in this Jaghire; such is not the case in any other part of the District in the Southern Talooks the whole of the lands are chargeable with a fixed Sum under this head, proportionate to the Bariz, and the Amount of Cavil Poroopoo formerly levied on all lands in the 10 Hooloos Talooks was consolidated at the time of Survey with the

Statt. No. 3-

Ain

Ain Teervah. Notwithstanding therefore that the Curnums have made it appear by their Statement that Enam lands only were chargeable with Cavile Poroopoo, there seems to be much reason to doubt the fact.-

3. With regard to the discrepancy noticed in the 3d Para: of your letter between the sums entered in Cols 12 and 23, and the results shewn in Cols 24, 25, 26, 27, the Curnum accounted for it, by saying that the former shewed the amount per Cawny of cultivated Manieum, actually paid to the Cavilgar, & the latter the estimated value of the Cavilgar's income, annually entered according to custom in the Summahbundy & Enam Accounts.-

4. The ready money fees were stated by the Curnums to have been fixed upon the Villages, in the aggregate, & without reference either to Nunjai or Poonjai, and they were unable to produce any accounts of collections, as stated in the column of remarks, which might have shown how much was paid by the cultivators of Nunjai and Poonjai respectively, & upon

and upon what principle it was charged. it appears however from the amounts distributed between the Arasa and Odeyar Enam, that this was divided with reference to the quantity of Enam land found under each of these heads-

5. It is true that the Cavil fees do not seem to have been imposed in accordance with any fixed principle, and if they were to be levied on the Enam lands alone, they would be, as observed by the Board, both unequal and in some cases exorbitant but I proposed that the amount fixed upon each Village should be paid by the cultivators of all the lands, both Ain and Enam, of that Village, either in proportion to the Bariz or to the extent of land cultivated by each Ryot. In some few Villages the amount being heavy in proportion to the extent of land, would require to be reduced; I would recommend that it should in no case exceed 1 Anna per Rupee of the present Bariz the Amount of reduction which would be made on this principle is shewn in the Margin with

6. With this modification the tax would not be oppressive and it appeared to me to be just that a tax which is levied in every other part of the District, should not be remitted in this Jaghire only. If such a remission be granted the inhabitants of the Collamalay Jaghire, will doubtless demand a similar exemption in the ensuing Fusly when the triennial lease will espire.

R. 513-2-1.

7. I should observe with reference to Para 5 of your letter, that the Enam lands are not now treated as Maniems, but have been since Fusly 1252 incorporated with the dry lands as directed by the Board and Government, and taxed accordingly.

8. Should the Board after the foregoing explanation still desire that the arrears of the Cawl Paroopoo in the Paliemcottah Jaghire should be remitted, and the collection of these fees for the future discontinued, I request that authority for not bringing this item to Summah, may be conveyed to me.

Requesting him to submit certain information regarding the Cawl Fees in his District.

In Cons 7th May 1846.

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 14th March last submitting further explanation regarding the Cawl Fees of the Collamalay Jaghire in reference to the Board's letter of 26th February.

In this letter you state

2. that although from the Statements which accompanied your previous communication of 26th November last it might be concluded that the Cawl Fees in question are levied only on the Maniem lands of the Paliemcottah Jaghire and that the dry lands are exempt, yet that those Statements were prepared solely from the depositions of the Curnums of the several Villages on whose assertions little reliance can be placed. There is no reason, you observe, why dry lands should be exempt from Cawl

Fort St. George 7th May 1846.

Cavil fees in the Saghire. such is not the case in any other part of the South Arcot District. in the southern Talooks the whole of the Landsare chargeable with a fixed sumon under this head proportionate to their Bariz. and the amount of the Cavil Pooripoo formerly levied on all lands in the 10 Hooloos Talooks was consolidated at the time of survey with the Ain Teerwah. you therefore proposed that the amount fixed upon each Village in Paliencottah should be paid by the Cultivators of all the lands both Ain and Enam of the Village either in proportion to the Bariz or to the extent of land cultivated by each Ryot. the rate of fee where too heavy to be reduced so that it may in no case exceed 1 anna per Rupee.

3. In reply the Board direct me to observe that however suspicious may be the testimony of the Curnums it is clearly impracticable to charge the ain Cultivators of the Paliencottah Saghire with additional payment to

Fort St. George 7th May 1846.

to the sircar under the head of Cavil fees unless it can be shewn by other than mere presumptive evidence that these fees were really paid by the ain Ryots to the Poligar prior to the resumption of his emoluments in Fusly 1252. At present there is direct testimony, such as it is, to all the other way. you will therefore be pleased to explain the nature of the proofs whether derived from the Accounts or from other sources by which you would propose to establish the liability of the ain Ryots that the Board may determine how far they would be warranted in enforcing the demand.

4. From the Account submitted to the Board with the Principal Collector's letter of 19th December 1831 it appears that the value of the emoluments of the Woodiarpolliem Poligar in the Mannargoody and Chellumbrum Talooks amounted to Rupees 19172-3-4 Viz. 16227-15-4 in land and Rupees 2944-4 in fees. The Board request that you will furnish them with a return in the

accompanying form shewing the particulars of these emoluments and the settlement made of them in each of the three Fuslies 1252-3-4 since their resumption - If the Poligar was in the habit of deriving any fees from the Ain (i.e. not Sagbire) Villages of these two Talooks you will be pleased to explain particularly by whom these fees were paid whether by the Cultivators of the Poligar's Mauniem only or by the Ain Ryots also- and in what manner these fees have been dealt with since the resumption of the Poligar's previleges in Fusly 1252.-

20th in Cons. 25th Jan.y 1844 No.

5. In Para: 21 of your settlement Report for Fusly 1252 you refer to an increase under the head of Cavil Fees amounting to Rupees 1400-14-3, occasioned by transferring from the Enam account to the Ain Summah the Amount of Cavil fee in the Villages of Colamalay and Paliemcottah Sagbire The Board wish to be informed how the sum originally entered as

as the amount of these fees in the Enam account was obtained, and they request that you will furnish them with an Extract of so much of the Enam account as relates to the Woodear pollium allowances both in the Ain and Sagbire Villages.—

6 In the account given by the Principal Collector of the Dutta Mauniem alienations it is observed that those to the Pagodas include Rupees 120 derived from 7 Villages- you are requested to state how that account was obtained- and in what manner those fees were assessed and paid both prior and subsequent to Fusly 1252 ——

Mr Blair's reference respecting this sum was replied to in the Board's proceedings dated 31st July 1845, and it has not in consequence since been included in the accounts forwarded to the Account-ant General and Civil Auditor —

Sir,

I have the honor to request that you will obtain for me the Board's orders on the subject of the Village of Elungachary in the Talook of Ordiarfollieem which is entered in the Register of Shrotriems prepared by Mr Travers an Extract from which accompanies this — as being said to have been granted for service to certain Caulgars.

6270 Fort St George 7th May 1846 -

Caulgars and as being necessary to be enquired into —

2. In Fusly 1836/37 A.D. 1846. an arrangement was attempted to organize a System of Village watching in the Talook in question, and the lands and other emoluments of the Caulgars were taken under the Circar management. The proceeds however not being sufficient to defray the charge of the establishment which it was desired to maintain the project was ultimately abandoned —

3. The Village of Elungachary was amongst the assumed Villages, and the repre-sentatives of the original grantee now seeks its restoration —

4. It will be perceived from the accompanying translation of a deposition that there are no documents connected with it and that the present claimant is the Grandson of the original grantee. He does not perform the duties of Caulgar and does not maintain any establish-ment but I have no doubt that the grant was made as a mere Caul-

fee.——

5. Under these circumstances it would seem proper to incorporate the Village with the Agen lands.——

6. A statement of the revenue derived from the Village while under attachment is herewith transmitted. The proceeds Cudjeonsand of the shrotriem two years applied to defray the Cost of the Cowlgar dyetem during the ensuing Fasseli.

Proceedings thereon.

Requesting the Collector of Trichinopoly to furnish some further information on the subject of the Shotriem Village of Elungachary in the Codiarpolliem Talook.

Fort St George 7th May 1846.

Before proceeding to issue any definite instructions regarding the future disposal of the Shotriem Village of Elungachary in the Codiarpolliem Talook the Board are desirous of receiving some further information on the subject. The Collector will therefore be good enough to state in whose possession the Shotriem is at present - whether the individual now claiming its restoration on the plea of hereditary descent has ever been in the actual enjoyment of the proceeds of the Village and for what period, and also what may be his means of support exclusive of the Inam Cauil Grant in question. —

2. Adverting to the remarks in the 2d and 3d paras of the above recorded letter the Board would wish to be informed under what authority the lands and emoluments of the Cauilgars in this District were taken under Circar management in Fusly 1246 on the occasion of an attempt being then made to organize a system of Village watchers, and what has become of the other Villages in Codiarpolliem which

which were assumed at that time. The Collector will state whether they are still retained under management as in the case of Elungacharry and the proceeds kept in deposit, or whether any compensation was granted to the Cavilgars in lieu of their resumed privileges—

3. In the instance immediately under consideration there appears to be no documents forthcoming of any description in support of the grant and no copy of any summud or grant seems to have been registered as even as far back as the year 1814 when the Register was prepared by Mr. Travers - it is also remarked by the Collector that the present claimant does not perform the duties of a Cavilgar or maintain any Establishment - these circumstances would tend to throw some degree of suspicion upon the validity of the claim now advanced, the more so as the application for its restoration would seem to have laid dormant for a long period, the assumption of the Village having occurred about 10 years ago. the applicant should be called upon to

to explain under what circumstances he postponed the assertion of his right to succeed to the Village until recently and from what sources he has maintained himself during that interval-

4. In furnishing the additional information now required the Collector will supply any new light which may be forthcoming in elucidation of the nature of the Grant sought to be restored and state his opinion whether it is probable that any further claims may be expected to arise of a character similar to the present from other dispossessed Cavilgars.-

6279 Fort St. George 7th May 1840

it may be satisfactory to the Board to know I think there is no reason for reduction of Peshcush; that the demand for interest in arrears was only resorted to after very re=peated warnings were in vain, and after a settled belief that his annual compulsion of sequestration of part of his estate was unnecessary and fraudulent, and a general unsatisfactory report from the Sub Collector leads me to believe the Zemindars' Claim on Report of Shan=Churn in which he has not been supported by the Sub Collector, are are unjust independent of not having claim to such support from neglect to interchange rent rolls and consent to them: I have been apprized of the Sub Collectors further sequestration of 2 others Villages on the 17th Instant in order to meet the accumulating arrears of Peshcush.-

From the Collr. of Malabar

Sir,

With reference to the instruc-tions conveyed under date the 13th ult. October last I have the honor to fur-nish further information on the subject of the possession of lands by public servants in my District.-

With reference to the Boards Proceedings of the 13th October 1845 submits his replies to the queries of Government on the subject of the possession of lands by Public servants in his District.

This information will be partly found in the lengthened Statement which accompanies, but I have deemed it well to give Specific replies to the Government queries and for Convenience of reference have put those queries and my replies in parallel Columns.-

1 Whether the Public Servants shewn as Nos. 1. 25-33. 36-40-47-61-65-75-100-109-111-124-125 and 126 in the first return from Malabar dated 23d November 1844 and as Nos. 6-26-45-63-65 and 70 in the supplemental Return dated 10th April	Only No. 1 the present Head Serishtadar was introduced from another District. The other Nos. those foreigners so far as birth is concerned, are to all intents and purposes natives of

april 1845, to have acquired landed property subsequent to their employment under Government were introduced from other Districts or are natives of Malabar.?	of Malabar inasmuch as they were brought into it from other Countries when mere Children.-
2 Whether the acquirement of the lands held by these servants has been in any way aided by their official position.?	I have no reason to suppose so. The majority of the parties indicated are shroffs. parties of no particular influence.-
3 By whom is their property now managed.?	Partly by themselves and partly by tenants as shewn in the accompanying Statement.-
4 Whether the enforcement of the orders of the Honorable Court would in respect of them be attended with	Any act which would tend to deprive the services of No. 1 my present Head Serishtadar would

with "inconvenience and embarrassment to the Public service"?

would cause much inconvenience and embarrassment."

The proposal might be changed without any loss to any but themselves.

5 Whether any and what Nos. in the Revenue Servants Land Canals in Malabar are introduced from other Districts?

Only two Numbers of the original List dated 23d November 1844, were introduced from other Districts.—

Whether

The

6. Whether any and what Number of the Revenue Servants holding lands in Malabar are Natives of the place?

The whole of the Revenue servants 222 given in the original and supplemental Lists forwarded to the Board on the 23d November 1844 and 10th April following with the two exceptions above shewn, are Natives of Malabar.—

7. What is the nature and quality of the interest they possess in the lands as "Members of the family"?

The undivided estate is managed by the Head of the Family for the joint benefit of all belonging to it. Their interest varies according to their Relationship &c.—

8. What portion of the possessions of the Public Servants of Malabar has been acquired subsequent to the circular order of the Board of Revenue dated 7th August 1826 prohibiting the purchase of lands by Revenue Officers?

Forty three of the Public Servants shewn in the accompanying statement acquired their possessions subsequent to the order of the Board of whom only five appear to have done so with the permission of the Board. The reasons assigned by the others for not having complied with the Board's orders, are very unsatisfactory.—

9. Whether the practice of individuals employing two names obtains in Malabar as in some other Districts?

Yes.—

10. Whether any steps were taken since the receipt of the Board's circular order above alluded to, to procure from the Village Officers reports of transfers of land to Public Servants either in their own names or those of their relations or dependents?

I do not find that any steps were so taken. Circular Orders have now been sent on the subject.—

Read again also letter from the Principal Collector of Canara dated 17th November and entered in Consultation 1st December last.—

Ordered that the foregoing letters be submitted with the following address.—

To

The Chief Secretary to

Government

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the minutes of Consultation 15th September 1845 in which further information is required upon certain points connected with the holding of lands by native Public Servants in the Districts of Malabar and Canara and to forward for submission to His Lordship in Council the accompanying replies which have been received from the Collectors of those Districts in answer to references made to them by the Board upon the subject.—

From Canara 17th November.
In Cons 1st December 1845.
From Malabar 26th March
In Cons 7th May 1846.

2. In Para 2 of the Extract now under acknowledgment it is observed that there are many instances in Malabar and still more in Canara in

To the Chief Secy. to Govt. Submitting with reference to Extract Mins of Cons dated 15th September 1845 letters from the Collrs of Malabar and Canara furnishing information upon certain points Connected with the holding of lands by native Public servants in those Districts with the Board's opinion on the subject.

which public servants not "possessing an inherent" landed property as "member of the family" have acquired such property subsequent to their employment under Government, and the Board are directed in communication with the Collector to report whether these servants have been introduced from other Districts or are natives of those Provinces, whether the acquisition of the lands held by them has been in any way aided by the Official position by whom held by the enforcement of the orders of the Honorable Court would in respect to these parties be attended with similar inconvenience embarrassment."

From Mr. Conolly's letter 26

3. It will be seen that as regards Malabar only one of the Public Servants referred to viz. the Head Sheristadar has been introduced from another District. the other parties tho' foreigners by birth being virtually Natives of Malabar in as much as they were brought into it from other Countries when mere children. There is no reason to suppose that any of these persons have been in any way aided by their Official position in acquiring their lands. most of them being

shroffs parties possessed of no particular influence. Their lands are managed in part by themselves and partly by tenants. The enforcement of any order which would tend to deprive him of the services of his Head Sheristadar would, Mr. Conolly states, occasion him much inconvenience and embarrassment. The removal of the Shroffs would be productive of ill only to themselves.

4. As respects Canara the Principal Collector has replied both in reference to the query in Para 2. of the Extract Minutes of Consultation and to a similar question in Para 3 that there is not as far as he is aware, a single native Servant now in the Revenue Department who has been introduced into Canara from another District. He is led to believe that instances of lands acquired thro improper official influence are rare in Canara the people being well aware of their rights, and having always shown themselves ready to act in support of them. The lands are for the most part cultivated by Tenants, who pay the rent either direct to the proprietor or

Fort St. George 7th May 1816.

or to an agent, a relative appointed to receive them.

5. In Para 3 of the Extract now acknowledged a report is required from the Principal Collector of Canara, whether he could without detriment to the public interests dispense with the services of the natives of Canara who hold lands in the Province. Mr. Blair's opinion on this subject is given in Paras 5 and 7 of his letter now submitted. He states that such a measure could not be carried into effect without the greatest possible injury to the public interests. He explains that there are very few public Servants in the District above the rank of a Peon who do not possess some landed property either in their own name or as members of a family. To remove all these servants from the Head Sheristadar down to the Talooke Sheristadars and Shanabogues and replace them by Servants from other Districts unacquainted with the Languages spoken in Canara (two of these dialects the Tooloo and Concanny

unknown in any other part of the Madras Presidency) with the Character of the people and peculiarities of the Country would throw the whole District into confusion, and almost put a stop to the transaction of public business. The possession of landed property is considered by the natives of Canara as the Chief mark of respectability and any person whether in the service of Government or not invests his savings as a matter of course in the purchase of land which affords the best security and gives generally a fair return for the investment of Capital." To debar the public Servants of Canara from such means of providing for their families would in the principal Collector's opinion be a great and unnecessary hardship. such a measure would either give rise to every species of deception in order to evade the rule, or it would have the effect of depriving the public Service of the most respectable men in the Country whose place must be supplied by needy adventurers, on whom little dependence could be placed.—

6. Mr. Blair further mentions it as a circumstance worthy of remark that the only Tahsildar who has for many years past been convicted of improper

improper practices in his District was a man introduced into it from Trichinopoly. This individual with the object in view of making all the money he could in as short a time as possible and returning with it to his own country caused a deed to be forged with a view to deprive a young boy of some land. Complaint however was soon made the fraud detected and the party guilty of it punished with 7 years imprisonment by the Circuit Court.

In Para 4 of the Extract Minutes of Consultation now under reply the Board are requested to ascertain from the Collectors of Malabar and Canara whether any and what number of Revenue Servants holding lands in their respective Districts are from other Districts or are natives of the place, and what is the nature and quality of the interest they possess in the lands as Members of the Family. The Principal Collector of Canara, as already shown, has stated that not one of his Revenue Servants is from another District. The Collector of Malabar that of his Revenue establishment two

two parties only are so circumstanced. In re: gard to the nature of the interest in such lands, it is explained that the undivided estate is managed by the Head of the Family for the joint benefit of all belonging to it Their interest varies according to their relationship.

8. The Board are further called upon for their opinion as to the measures they would suggest to meet the views of the Court of Districts in regard to those parties who being natives of the Western Districts have acquired property or professed an interest in any prior to their employment in the public Service. On this point the Board beg to state in respect to such servants, as also generally in respect to all natives of Malabar and Canara in revenue employment in those Provinces that adverting to the sentiments so strongly expressed by the Principal Collector of Canara in his letter now under submission and to the similar views of the Collector of Malabar as shown in his letter of 23d. November 1814 in regard to the results which would attend the following out of the Honorable Courts

orders to their full extent. they can only repeat the suggestion contained in their letter of 11th. April 1814. They would recommend that in the case of Talook Servants the holding, acquiring or professing an interest in lands should preclude their employment within the Talook within which such lands are situated. This rule would of course not affect Dooz-eer Servants. the acquiring, holding or having an interest in lands wherever situated on the part of such servants, should, the Board think, under the very pecu: liar circumstances of the Malabar and Canara Provinces be allowed. but there as indeed all Talook Servants should be required to register in the Collectors Cut: cherry all lands which they may hold or in which they may have an interest and any changes in such interests which may from time to time occur should also be registered. No public Servant should like: be allowed to purchase lands or to acquire them in any manner (except as member of a family) without previous permission

In Para 6 the Government Q. inquire what portion of the possess: ing

of the public Servants of the Western Provinces has been acquired subsequent to the Circular Order of the Board of Revenue 7th. August 1826. whether the practice of individuals employing two names obtains in Malabar and Canara and whether since the receipt of the above Circular order any steps have been taken to procure from the Village Officers reports of transfers of land to public servants either in their own names or those of their relations or dependents. Statements shewing the extent of lands acquired by the public Servants of their Districts subsequent to the order of the Board have been forwarded by the Collectors of Malabar and Canara. Owing to the destruction of the records the return from the latter District is incomplete. The employment of two names is common in Malabar. the Principal Collector of Canara has omitted to answer this question. In neither Province does it appear that any steps have been taken to ascertain the transfers of lands to public Servants since the Board's orders of August 1826

It

Fort St. George 7th. May 1826.

See Report of Commissioner on Rajahmundry D.s of D.s on Guntoor

It should however at the same time be stated that this order has been but very imperfectly enforced in some other Districts.

The Board are lastly called on to state whether there is any difficulty in giving effect to the orders of the Honorable Court in other Districts of this Presidency and what measures have been taken for the purpose. In reply I am instructed to state that in their acting Secretary's letter of 11th. April 1826 the Board informed the Government that they had deferred acting upon the Honorable Court's orders until the pleasure of his Lordship in Council should be known as to the course to be pursued in regard to the Western Provinces.

The Board are aware of no reason why the Court's orders should not be put in force in all other Districts than Malabar and Canara, and the holding of land wheth actually professed by a candidate for employment or subsequently acquired by an Officer constitute a disqualification for revenue employment within the District in which such land is held. Some consideration would however appear

due to those Revenue Servants who since the Circular from this Office of August 1815 have acquired land with the permission of the Board, such parties should either be allowed to retain their lands or be allowed a reasonable time within which to dispose of them.

asst is doubtful whether the Cotton cultivated in the Palnaud could be considered of superior quality for the English market to defer the distribution of Medals and requesting to know if the Medals contain any inscriptions—

From Gte Dno 11th May 1846

Correspondence noted in the Margin and the accompanying Copy of a letter addressed by me to the Secretary to the Agricultural Society dated 11th February last, I have the honor to explain that the only part of this District in which I found samples of Cotton likely to come under the description given in the orders of Govt of the 6th of December last Viz. "not only the best Specimen produced in the Talook but in itself a superior product and cultivated to some extent" is the Palnaud and that tho' the Cotton there is in good estimation by native weavers it is doubtful whether it could be pronounced a superior Article for the European market—

2. Under these circumstances and as it is now so late in the Season it seems better to defer the distribution of medals till next year—

3. In the mean time I should wish to be informed whether the Medals contain any and what inscriptions—

Secretary to the Agricultural Society

Sir,

With reference to the advertisement at Page 51. of the Gazette of January last, I have the honor to state that though Translations of the Society's rules have from time to time been duly circulated in the District yet the intentions of the Society are still very imperfectly understood by the Ryots and the Tahsildars report that none wish to compete for the proposed rewards in the Current Season—

2. If however it is the intention of the Society as I understood it to be under the rules modified according to the suggestion of the Revenue Board to allow Collectors to award a Medal for the best sample of produce exhibited in each Talook without limitation to quantity, I would beg to be furnished with Medals for the five undermentioned Talooks for Cotton being the only Article entitled to reward given in this Collectorate I am about to proceed on Circuit into those Talooks and can explain personally to the principal

Proceedings thereon. The Board acquiesce in Mr. Stokes' proposal to defer the distribution of Medals for Cotton until next year.-

(1-3) The Medals which the Board intended to send to Guntoor were to be of a large size containing about 12 Rupees Silver the inscription of one side in English "Government Prize for best Cotton Guntoor A. D. 1846." surrounded by a wreath of Cotton leaves and flowers on the reverse the same inscription in Telugu. As however the Medals have not yet been put in hand the Board will be happy to receive from the Collector any suggestions on the subject which may occur to him. it being their wish that the Medals should be of such description as would be most attractive to the Native Cultivator.-

From

Oomday Rajahah.-
Rajah Bomraz Bahadar Zemindar of Cavettee Nuggrum Zemindar of Mastanum in the Zillah of Cuddapah North Arcot.-

To The Most Noble the Governor in Council. Fort St. George.

My Lord,

I take the liberty to bring the following circumstances to your Lordship's

the Collector of Chittoor to enquire into the nature of my Debts and that the Collector in pursuance thereof addressed notices to all my creditors requiring them to appear before him. Some of my creditors did so appear. Sat. Mr. Seth Saw, Umbale Sunker Davay Son of Pooroshotum Davay and Balasoondrum Moodelly did not do so.

After my Zemundary had been released I likewise addressed the last named creditors amongst others to call upon me to come to an adjustment in respect to their claims. Some of my creditors thereupon did come to an arrangement and were paid what was justly due to them, but the last named 3 Creditors refused to do so.

The 1st and 2nd Instalments on account of Paish Kist during the July 1255 have notwithstanding the want of rain been paid in full.

The last named 3 Creditors by virtue of the said Razeenamahs have collected the Revenues of the Mortgaged Villages to an amount exceeding their claims and as they wholly refused to come to any account with me and as they are not liable to be sued in the Zillah Court of Chittoor being inhabitants to

inhabitants of Madras certain suits in Equity have been commenced by me against them in the Supreme Court. This parties instead of answering the charges made against them in my Bills thereto which nothing could have been easier for them to do, attempted to take advantage of certain legal difficulties and filed Demurrers thereto. These Demurrers having come on for argument during the last term, the Judges of the Supreme Court on the fullest consideration overruled every one of them with Costs. Umbale Sunker Davay and Balasoondrum Moodelly then obtained 6 weeks time to answer and Mr. Saw has appealed from the decision of the Supreme Court to Her Majesty the Queen in Council.

The last named parties have lately applied to the Sudder Adawlut Court for the sale of the mortgaged Villages under the Razeenamahs although there is no provision thereby made for the sale thereof.

I have been informed that the Sudder Adawlut Court has lately issued an order to the Civil Court of Chittoor to sell the mortgaged Villages and that the Judge of the Chittoor Court has addressed a letter to the Acting Collector of Chittoor

Chittoor to be informed whether he had any objec-
tion to such sale and that the Acting Collector
addressed a letter to the Board of Revenue that
he was of opinion that the said mortgaged Villages
should be sold and that the Board of Revenue
have written to the Acting Collector signifying
that they were of the same opinion and the
sale of the said mortgaged Villages as under-
stand is very shortly to take place.-

Under these circumstances I throw
myself upon your Lordship's kind protection.
The debts as your Lordship will see have
not been incurred by me! every endeavour has
been made on my part to pay these Creditors
what is justly due to them. They have ob-
tained Razeenamahs from me under cir-
cumstances which if I went into them, &c
would satisfy your Lordship that they
ought not to be permitted to be enforced, &c
they have received the Revenues of my
Villages over and above their claims and re-
fuse to account to me and now they insist
upon the sale of the said mortgaged Villages,
when no provision for any sale was ever made.

I would take the liberty of remind-
ing your Lordship that I am descended

of

of an ancient Family and humbly pray there-
fore that your Lordship will be pleased to
take into your humane consideration that there
is no provision or agreement in the said Ra-
zeenamahs that the said mortgaged Villages
should be sold and that unless the Transfer
of such Villages was registered, the same
was not valid in pursuance of the said Sun-
nud, and that the proceedings commenced
by me against the said Creditors in the
Supreme Court are still pending and un-
decided and that until the said Court
shall have made its Decree in the afore-
said Suits and on the grounds and for the
reasons last mentioned, your Lordship
will be pleased to give the necessary direction
to the Board of Revenue or other proper
authority that the said mortgaged Villages
may not be sold.-

of Revenue on the management of the Extra sources of revenue of the District of Coimbatore for fusly 1254, and of the causes which produced the fluctuations in the several branches, leaves little for observation from Government beyond the financial results of the year.—

Settlement

	Rs	As	Ps
Fusly 1253	33,876	12	—
1254	23,587	11	11
Decrease	10,289	—	1

2- The total demand for fusly 1254 amounted to Rupees 23,587-11-11; for the year preceding it was Rs. 33,876-12-— and the decrease of Rs. 10,289-—1 was owing chiefly to the branches of Sayer and Stamps which were affected by the Act XI of 1844. In these two items alone the Board have shewn a diminution of Revenue to the amount of Rupees 13,388-9-7, while under every other head of Revenue the increase in the aggregate amounted to Rupees 33,099 9-6

Sayer & Stamps Decrease	13,388	9	7
other items Increase	33,099	9	6
Net Decrease	10,289	—	1

3- The Collections within the fusly amounted to Rupees 22,450 — — 1 and the balance of Rupees 1137-11-10 outstanding at its close was reduced by subsequent Collections to Rupees 986-5-3. The Net Revenue amounted to Rs. 22,658-9 and presented on a comparison with fusly 1253 a decrease of Rs. 10,984-11-7.

Explaining why it is necessary that Chucrapany Row should continue

Sir

In your letter of the 26th March you communicate the orders of the Board on mine of the 28th of February. The Board do not think it expedient to comply with the application

Fort St George 11th May 1826.

Continuance in charge of the Cuddapah Talook of the Situation of Shirastadar shall be filled up until the result of the arrangements proposed in the Letter of the 27th April is known.

Superintendence of the two Palnaud Talooks to Chuckrapauny Row in addition to the revision of the Survey, and decline to sanction the appropriation of any part of the Naib Serishtadar's undrawn pay, in remuneration of the services of the Dotchapully Peishcar, and they direct that special sanction should be applied for, for the entertainment of any establishment that may be required for the purposes of the Survey. I have already noticed this latter in reporting about the Palnaud Survey on the 18th Instant; but as a more decisive reply seems called for I have now the honor to state that there are several reasons which in my opinion render it particularly desirable that at least for a few months the situation of the Timmarecottah ameen should not be filled up and that Chuckrapauny Row should continue in charge of it. The Board will easily understand the difficulty at present of finding in this District eligible persons for the situation of Ameen and if there be a probability of the arrangements proposed, for reducing the number of Tanahs being carried into effect, some of the present Ameens will be thrown out

Fort St George 11th May 1826.

out of employ and it seems therefore unwise to fill up a Situation, the vacancy which will not only not injure but materially promote the interests of the public service. Besides the important business of introducing the Ajeefment of wet lands and attending to the Survey, he has already brought up most of the arrears of business which accumulated in Timmarecottah under the two last Ameens. I have therefore in the hope that the Board will be pleased under these circumstances to dispense their objection, allowed him to continue in charge on the pay of the Tanah.

With respect to Chuckrapauny Row's eventually returning to Dotchapully, my belief is that none of the servants in this District are better qualified for the situation of Naib Serishtadar; but at the same time I wish if possible to secure the services of a first rate accountant versed in the System of the Ceded Districts, and I have applied to the Collector at Bellary for such a person, but the negociation cannot be concluded until the pay of the situation has been settled, and on the

the mean time the office of Naib cannot be filled up.

3 The establishment which I think will be required for completing the Palmyra Survey is shewn in the 15th para of my letter of the 18th Instant.

4 The Datchapully Peishcar's conduct has not been particularly meritorious, but I thought it fair and in analogy with the usage of the service to allow him a portion of the salary of the higher situation of Ameen in which he acted for about 5 months.

From the Collr of Trichinopoly Reports on petition No 2446 of 1846 from Hoosain Ally Sahib

Sir

With reference to the Standing orders indorsed on Petition No 2446 of 1846, from Hoosain Ally sahib (herewith returned) I have the honor to state that a Mysore Pensioner Shaik Mahomed died in this District in the year 1827 and that under the orders of Government, dated 28th September 1827, a pension of 20 Pagodas a Month was continued to his two Surviving sons Nuttoo Hoosain and Fareed Oodeen. The correspondence which took place on the subject is noted in the Margin and copies transmitted.

2 A deposition, a translation of which is sent, has been taken from Nuttoo Hoosain who alone of the two brothers is at present alive from which it would appear that the petitioner is the natural son of the Original Pensioner Shaik Mahomed and was not considered entitled to a share in the pension and there is no allusion to him in the proceedings which took place on the death of Shaik Mahommed.

Sir,

Para 1 On the 6th of June last Shaik Mahomed one of the dependants of the late Tippoo Sultan, who since the year 1801 had received a monthly pension from this treasury of Star Pagodas 24.13.60 died, on which occasion his two sons, Nuttud Hoossain, and Furrud Oodeen, presented a Petition to me praying, that as they possessed no other means of support I would address the Government soliciting a continuance of the pension in their favor.

2 I required these persons to produce witnesses to their having been acknowledged by the deceased Shaik Mahomed as his sons and being of opinion that they had proved that to be the case, I submitted their prayer to the Accountant General from whom I have received a letter informing me that the records of his Office do not point out the course which ought to be pursued on the occasion.

3 I do myself the honor of requesting that you will submit the case for the consideration and orders of the Honorable the Governor in Council, the two Petitioners are very distressed altogether destitute

2 What situation was held by your

Shaik Mahomed in Mysore Province what made him to come to Trichinopoly and how in what manner your father got his livelihood in this place-

A My Father held the situation of Meenmeera under the late Tippoo Soollan at Seringapatam after the Assumption of the Country by the British Government General Wellesley was pleased to grant my father a Pension of Star Pagodas 24 Janams 13 and Cash 60 per mensem, with which my father proceeded to Trichinopoly; after my father's death in the year 1827 Mr. H. Dickinson the then Collector was pleased to allow me a Pension of 15 Pagodas per month and 10 Pagodas to my deceased younger Brother.

2 Q Is Hussanully who preferred a Complaint to Government related to you-

A My Father kept a concubine of whom he was born, he and his mother lived together in my House, but 5 years ago he quarrelled and separated from me as he wanted a share in the Pension as if he was a legitimate son of my father I refused to grant him any share in the Pension-

I have the honor to acknowledge the receipt of an Extract from the Minutes of Consultation under date the 31st Instant

and beg respectfully to explain that in consequence of long exposure in tent during the past year and 2 Months of the present season I have contracted a malady of a feverish sensation in the head which, notwithstanding the judicious measures adopted for its removal, I still suffer daily and although the same no hindrance to the performance of my duties the pleasure of the regns. site labor is greatly diminished, whilst there is little prospect of improvement without some change of air or a brief respite from Official labour during the present heat. I therefore addressed the Civil Auditor requesting the favor of his opinion as to whether I might be considered entitled to 3 Months leave of absence on private affairs under the new rules and having been informed that with the permission of Government I might be so entitled I prefer to requesting leave on those grounds to obtaining it on account of ill health whilst I had no desire to avail myself of more than 8 or 9 weeks which I considered sufficient for the purpose whilst I could not similarly limit myself under a Medical Certificate an application for which I wish if possible to avoid under the circumstances of the case there being

The Village officers and Kazzoor Gomastahs are engaged in the Talooks preparing the accounts and collecting the Rents my presence can therefore easily be dispensed with as the material for the Samabendy Report cannot be ready within my return or be the least delayed by my temporary absence.

Sir,

Para. 1 I have the honor to inform you that an Offer has been received by me for the purchase of the Chanks hitherto fished, as well as those which shall be fished during the remainder of this Fasly at Rupees 2 . 9 . 0 a hundred, but as this offer if accepted, would entail a loss of about 2500 Rupees, as shown in the accompanying Memo. I have not thought it Expedient to dispose of them at the proffered rate but have informed the Broker that the Offer would be communicated to the Board of Revenue.

2 As it is quite uncertain whether any better offer will be obtained, and as the one now made is not an unfavorable one and exceeds the rate at which they are Estimated in the Memo accompanying my letter of 23d February last, as well as the amount of an actual sale last year though inadequate to make up the large amount at which the Chank Fishery was taken

To The Chief Secy to Government — Submitting a letter from the Sub Collr in charge of Tinnevelly reporting that an offer of Rs 4-9-0 per 0 hundred had been made for the entire Stock of Chanks which had been fished up to March last during the current Fusly 1255 and also for such further quantity as shall be fished until its close and recommending that authority may be granted to accept the tender carrying the proceeds to the credit of the renter who will be held responsible for the difference which may remain at the close of the Fusly between the net amount so realized and the liabilities of the Original Rent

Sir,

I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Sub Collector in charge of the District of Tinnevelly reporting that an offer has been made to him by a certain party for the purchase of the entire stock of Chanks which had been fished up to march last during the current Fusly 1255 and also for such further quantity as shall be fished until its close at the rate of 4 9 per hundred

2 It will be in the recollection of Government that the Chank Fishery in this District was rented from Fusly 1253 to 1255 at the annual sum of Rupees 14867 but that the renters having declined to continue the rent after the expiration of the first two years of their term it was taken under attachment during the third or current Fusly

3 The number of Chanks fished during the periods of management and in deposit no sale having taken place are stated to amount to 360,650 in addition to which 150,000 are expected to be obtained before the expiration of the Fusly the value of

Fort St. George 11th May 1846

of which at the amount now offered for them is Rupees 23298-6-6 which being subject to the Estimated charges for Brokerage and collection Rupees 10977-10-10 would leave the net proceeds of the sale Rupees 12320-11-8 or Rupees 2516-4-4 below the full rent of the Fishery for 1255-

4 As the terms now offered are represented as not unfavourable and better than are likely to be obtained elsewhere the Board beg to recommend that the Acting Collector may be authorized to accept the tender carrying the proceeds to the credit of the Renter who will be held responsible for the difference which may remain at the close of the Fasly between the net amount so realized and the liabilities of the Original rent-

Fort St. George 11th May 1846

showing the purposes to which it is intended to apply the advance solicited-

of a Pagoda at Gengycondan, I have the honor to enclose a Statement showing the purposes to which it is intended to apply the advance solicited, as also the amount considered adequate in the Hoozoor Cutcherry

2 It will be observed that of Rs 11739-6-3 Estimated by the Petitioners Rs 3265-15-3 only would be expended in repairs, and of Rs 8473-4-0 in the attendant ceremonies and that if the Hoozoor Estimate were adopted 2900 Rupees would be expended in repairs and 4200 in ceremonies-

3 In his letter of the 24th November last Mr Thomas stated, that he had frequently seen the Pagoda, and that the daily ceremonies are not hindered by its present condition nor any repair urgently needed, and he therefore recommended, that no expenditure should be sanctioned pending the settlement of the general question of the Deposit Funds. I myself have not seen the Pagoda, and am unable therefore at present to do more than repeat my predecessors opinion-

Continuance in charge of the Cuddapah Talook of the Situation of Shirastadar shall be filled up until the result of the arrangements proposed in the Letter of the 27th April is known.

Superintendence of the two Palnaud Talooks to Chuckrapauny Row in addition to the revision of the Survey, and decline to sanction the appropriation of any part of the Naib Serishtadar's undrawn pay, in remuneration of the services of the Dotchapully Peishcar, and they direct that special sanction should be applied for, for the entertainment of any establishment that may be required for the purposes of the Survey. I have already noticed this latter in reporting about the Palnaud Survey on the 18th Instant; but as a more decisive reply seems called for I have now the honor to state that there are several reasons which in my opinion render it particularly desirable that at least for a few months the situation of the Timmarecottah ameen should not be filled up and that Chuckrapauny Row should continue in charge of it. The Board will easily understand the difficulty at present of finding in this District eligible persons for the situation of Ameen and if there be a probability of the arrangements proposed, for reducing the number of Tanahs being carried into effect, some of the present Ameens will be thrown out

out of employ and it seems therefore unwise to fill up a Situation, the vacancy which will not only not injure but materially promote the interests of the public service. Besides the important business of introducing the Ajeefment of wet lands and attending to the Survey, he has already brought up most of the arrears of business which accumulated in Timmarecottah under the two last Ameens. I have therefore in the hope that the Board will be pleased under these circumstances to dispense their objection, allowed him to continue in charge on the pay of the Tanah.

With respect to Chuckrapauny Row's eventually returning to Dotchapully, my belief is that none of the servants in this District are better qualified for the situation of Naib Serishtadar; but at the same time I wish if possible to secure the services of a first rate accountant versed in the System of the Ceded Districts, and I have applied to the Collector at Bellary for such a person, but the negociation cannot be concluded until the pay of the situation has been settled, and on the
