Fort St George 2d May 1840.

Diary.

Received the following letter.

12th May

To, The President and Members
of the
Board of Revenue

(1)

From the Chief Secy.

Gentlemen,

Govt. I do communicating to you
the appointment of Mr. J. Goldingham late Acting
Communicating the appointment of Mr. Goldingham Officiate as a Member of the Board directing that the several important questions before them be matured and submitted to Government without delay.

Member to Officiate as a Member of your Board until further orders; I am directed by the Most Noble the Governor in Council to point out to you, in reference to your Secretary's letter of the 30th Ultimo No. 23 that it is the wish of His Lordship in Council that the several important questions before your Board, be matured and submitted to Government without delay.

2. His Lordship in Council is of opinion that this can be done within a limited period by the said Mr. J. Goldingham will be enabled to afford the Board: and he would suggest that arrangements be made by which the several important questions under the review of the Board be

Fort St. George &c. May 1840

be taken up by different Members-one by one Member, one by another for the considera=tion of the Board and eventually of Govern=ment; and that the Current and ordinary business be carried on by such Members of the Board as may be practically connected with particular Districts, and not by the whole Board of four Members.-

3 The Board will be pleased to report the arrangement made under these orders also the progress actually made in their review of Mr. Cotton's reports- His Lordship in Council observes, that it was stated by them three years back (see Board's letter of the 6th April 1843) that the sentiments of the Board would be laid before the Government without unnecessary delay.-

4 His Lordship in Council also calls the attention of the Board to the 7th para of their report on the Coorg case furnished under date the 22d September last. it is the further information respecting this case there promised which the Government desire to have before them at an early period.-

Fort St. George
12th May 1840

[Signed] J. F. Thomas
Chief Secy.

Fort St. George &c. May 1840

In pursuance to the foregoing Appointment, Mr. J. Goldingham has Assumed his seat this day as officiating Member, and subscribed the following Oath According to Section II Regulation I of 1803.-

(2)

13th May

Oath Subscribed by Mr. J. Goldingham

Oath of Mr. J. Goldingham

I Mr. J. Goldingham do promise and swear that I will to the utmost of my endeavors well and faithfully execute and discharge the duties of an Officer of Revenue reposed in and committed to me by the East India Company and that I will not demand take or accept directly or indirectly by myself or by any other person for my use or on my behalf of or from any Rayah or Zemindar Talookdar, Poligar, Farmer, Renter, or Ryot, or from any person paying or liable to pay any tribute, Rent or Tax to or for the use of the said Company any sum of Money or other valuable thing by way of gift, Presents or otherwise, over and above or besides and except the actual tribute Rent or tax authorized to be taken by and for the use of the said Company and that I will justly and truly account

For

for answer and pay all the Rents, duties and other revenues, and sums of Money which shall come to my hands, or to the hands of any person or persons in trust for or employed by me, as an Officer of the Revenues of the said Company, under the said Company.-

So help me God.

[signed] J. Goldingham

Sworn before me this thirteenth day of May 1846 at Madras.-

[signed] G. D. Drury
Justice of the Peace.

Ordered that the foregoing Oath be submitted with the following address

(3)

To The Chief Secretary to Government

To the Chief Secy. to Government

Sir,

I am directed by the Board of Revenue to report that J. Goldingham Esq. has this day assumed his seat at the Board in pursuance of his appointment as Official Member having first taken and subscribed the Oath herewith transmitted.-

and
J. Goldingham Esqre. Officiating Member.

Minutes of the last Meeting read and approved.

Read the following Extract

(4)

From the Secy. to Government transmitting for report copy of a correspondence with the Bengal Govt. on the subject of ascertaining the utility of a measure for salt in preference to weighment.-

Extract from the Minutes of Consultation under date the 21st February 1846.-

Read the following letter.

No. 1009 dated 1st October 1844 and 3 Enclosures
No. 1287 dated 5th November 1845 and 3 Encls.

To C. S. Thompson Esqre.
Secretary to Government
Fort St. George

Sir

Dated 24th January 1846.

I am directed to acknowledge the receipt of the letters of the 1st and 8th dates noted in the Margin communicating the desire of the Most Noble the Governor in Council to assimilate the practice at Madras to that which is said to obtain at Bombay for conducting the sales of Salt Petre by employing the place of the Indian Maund weights measures calculated to hold 3200 Tolas weight of Salt.-

Before

Fort St. George 14th May 1846.

2.

Before replying to this proposition I am directed to transmit for the information of His Lordship in Council the Enclosed Copy of a correspondence that has taken place with the Bengal Government on the subject of the effect produced on the measure as a regulation of account by the partial manner in which it may be used independently of the objection to it on account of variation in the grain and density of Salt with reference to which the Government of Fort Saint George may wish to have the matter referred to their Officers for further consideration

× To Secy to Govt Bengal No 879 dated the 30th November 1846. From Board of Customs Salt and Opium No 456 Dt. the 8th Dec 1846 with Enclosures.

The Honble Sir T. H. Maddock Kt
Deputy Governor of Bengal

Dated 3rd December 1846.

Honble Sir

Salt

With advertence to the communication from Mr Under Secretary Beaden No 3229 dated the 27th December last requiring for the information of Government a report as to the advantage of using a dry measure for Salt in substitution of the present system of weighment we have the honor to submit herewith the letters as per Margin from the several Salt Agents containing their opinion in this matter together with a Memorandum laid before us by our Secretary embodying those opinions in an Abstract form reviewing the question as discussed in the past Proceedings of our Board and shewing the results of experiments tried as well by

From Salt Agent Midnapore No 28 dated 4th July last
From Salt Agent Tumlook No 69 dated 6th Idem
From Salt Agent 24 Pergs No 46 dated 28th March with 1 Enclosure
From Salt Agent Chittagong No 30 dated 28th July

by the Local Officers as by our Secretary for practically testing the utility of a measure for Salt, in preference to weighment.—

2d. As an entry into details here would necessarily be a recapitulation of points noticed in the above Memorandum, we deem it unnecessary to do more than beg a reference to that paper and to observe that on the grounds therein stated we feel ourselves justified in advocating the present system of weighment considering the use of a dry measure unsuited to the receipt and delivery of such an article as Salt.—

We solicit the return of the Enclosures when no longer required.—

Fort William the 29th Dec. 1846

By Order of the Hon'ble the Deputy Governor of Bengal
Signed C. Beadon
Under Secy to the Govt of Bengal

To.

To Henry Torrens Esqre
Secretary to the
Board of Customs
Salt and Opium
Fort William.

Sir, I have the honor to acknowledge the receipt of your Circular letter No. 97 of date the 28th Ultimo transmitting for report a copy of a Despatch from Mr. Under Secretary Beadon 3229 of date the 27th Ultimo suggesting the use of a dry measure for Salt in substitution of the present system of weighment, and request ing that in stating my opinion as to the Measure proposed I would embody the results of any experiment which might have been instituted in this Agency on the subject.

2d. I do not find that any reply was sent to the Board's Circular letter No. 998 of date the 4th of November 1837, forwarding a copy of the proceedings of the Committee directed by Government to assemble for the purpose of taking into consideration the state of the Department but I am informed that the results of the

Fort St. George 14th May 1846.

the experiments made by the late Mr Barlow with the view to ascertain the correctness of weight by measure in this Agency — sufficiently proved the inaccuracy of such a test and the result of an experiment made by myself when officiating for — Mr T. P. Marten at Tumlook was, — as far as I can recollect, also strongly against the adoption of the Maund Measure —

3. In so extensive a Salt manufacture as this Agency presents, and the various interests both as respects Government and individuals which it involves, — it is of the last importance that accuracy in the weighment of the Salt both in its receipt or delivery should as far as possible be observed — It appears to me that there would be a much greater opening for fraud in the use of the Maund Measure than exists under the weighment system particularly since the introduction of the new lever action scale frames which are made use of both in the Bhaugah and Purtat in this Agency, and which secure accuracy in weighment as far as it is possible to secure it —

4th — The frauds which would be

Fort St. George 14th May 1846.

be attempted in the use of the Maund. Measure by shaking the Vessel intended to hold a Maund without pressure and by afterwards pressing it down into a dense Mass, it is unnecessary scarcely to point out to those conversant with the details of Salt manufacture nor am I prepared to devise any means by which — frauds under such circumstances could be prevented or guarded against — The view taken by the Board in the 3d Para of their Circular letter No 998 of date the 10th Novr 1837 I need scarcely say entirely corresponds with my own or is it necessary to add that my sentiments are entirely opposed to the adoption of the measure proposed.

Signed H. C. Barwell
Salt Agent.

Vidgelly
Salt Office
The 4th Feby 1845

To The Secretary to the
Board of Customs
Salt and Opium
Fort William

Sir — I have the honor to acknowledge the receipt of the Boards Circular letter No 97 dated 28th Ultimo with its — enclosure

6423. Fort St. George 14th May 1846.

Mr. Underbee enclosing Bengal Despatch No. 322 dated 27th December 1845 covering Mr. Secy Davies Confl. Letter to Mr. Secy Halliday No. 597 of 30th Novr. 1846.

enclosure noted in the Margin respecting the introduction of a dry measure for Salt in substitution of the present system of weighment.

On reference to the records of the Office I find that Mr. Barnwell reports as follows on the subject of the Boards Circular No. 998 dated 4th November 1837 adverted to in your present communication.

"Two Maunds fresh salt from the Molunghees Goodars were carefully "weighed: one was placed in a box containing exactly one Maund and the other "in a bag, the mouth of which was carefully "sealed up. Both were exposed to the same atmosphere, and at the expiration of 14 "days they were again weighed".

"The results of this experiment exhibited the following facts Viz. that Salt "contained in a Maund Measure from the "increased moisture which it imbibes "from atmospheric causes condenses itself "into a Mass which would render it "difficult to ascertain the exact quantity "provided this mode of measurement instead "of weighment as at present observed were adopted.

6424. Fort St. George 14th May 1846.

"adopted. It is likewise liable to the additional objection of the trucks which might "be practised by Byals and parties who "might be interested by putting a larger "quantity into the measure and pressing it "down independent of the damp state in which "the Salt would be thrown into heaps in "the Golahs and the increased wastage "that would take place inconsequence "of drainage before the Salt was cleared "out of them.

"For the reasons above stated "I am decidedly of opinion that the present "mode of weighing would be preferable to "that Measurement"

2d. In this conclusion of Mr. Barnwells I entirely concur. Great as would be the advantages in dispatch and economy which would follow from the introduction of a system of measurement instead of weight into the transactions of this Department. Yet on the other hand there are in my judgment so many serious and practical objections to the suggested arrangement that I unhesitatingly advocate the continuance of the present system in preference to innovating the risk of

of total derangement to the operations of the Department which the proposed alteration seems calculated to effect.

4th When at Chittagong in 1838 I tried, I beg to observe, several experiments with the view of testing the applicability of a dry measure system and the result has left a strong conviction on my mind, that apart from the consideration of the inexplicable variations to which Salt is liable equally in bulk as in weight, there exists a far greater opening for fraud in the receipt and delivery of Salt by Pherah Measurement than as at present by weight.

5th In conclusion I may mention, that as Agent of Chittagong I introduced a wooden Pherah for the purpose of casting the Salt in the Aurungs in lieu of the Basket measure then in use. These Pherahs were constructed with great accuracy and were of uniform dimensions yet upon the receipt weighment of the Season's Salt by the Ghat Officers, it was ascertained that the comparative average weight of the contents of the Casting Pherah as rendered by the

Mo Ram

Mo Ram or Woodah. Makeweights varied from 1 to 10 Seers per Pherah. In some Mo Rams the average out turn of the Pherah was at the Ghaut weighment found to be as high as I think 38 and 39 Seers whilst in others it did not exceed 28. Again these Pherahs were contructed with the view of containing and were capable of containing 43 Seers of old dry Saraccan Salt whereas when filled up with new Salt from the Chur Golahs the weight as taken at the time, was found to vary if I rightly recollect, from 33 to 35 Seers and not to exceed 37 Seers. Much useful information on the subject of the Board's present communication might I think be obtained from Mr. Bruce of Chittagong who I have heard yet holds the situation of Superintendent in that Agency and under whose immediate supervision the experiments in 1838 were chiefly conducted.

In giving the above results I am fully aware that they are wholly at variance with the opinions of Mr. Baker as embodied in

in his Minute Marked E and dated 12th of October 1837 including in the correspondence and proceedings of the Salt Committee

Tumlook Salt Office the 6th Feby 1845

Signed C. Bury
Agent.

To.

H. Torrens Esqre
Secretary to the
Board of Customs
Salt and Opium.

Sir.

I have the honor to acknowledge the receipt of your letter No. 97 dated the 28th January last with its enclosure from Mr. Secretary Beadon and in reply to observe that the question of the advantages or otherwise of the dry or Ferrah measurement came under my notice or discussion many years ago, when I had the contract of the Sulkea Golahs. Though at this distance of time I am unable to refer to dates, still I remember furnishing more than one report to the Board, on the subject of complaints preferred by English Importers of Salt, on account of short deliveries at Sulkea, as contrasted with receipts of the article when

when shipped by them, and I considered at the time that the discrepancies in the weighments alluded to, were mainly attributable to the inaccuracies of the mode of weighment by Ferrah or dry measure made on the Coast.

2d. I am of opinion that even when the greatest care is bestowed upon such weighment and personal scrutiny observed by the parties interested, no corresponding weight will be given by any two measurements made in one and the same box or Ferrah, and that such a mode of measurement may be made to differ largely, or the reverse according to the caprice of weighmen as they may be disposed to favor or injure parties.

3d. I have however thought it proper to have the matter again tested, and for this purpose I deputed my uncovenanted Assistants to make the experiment at Ghaut Naranpore both with the dry and moist descriptions of Salt, furnishing them with proper Ferrahs or wooden Boxes.

4th. I also personally made a similar experiment and the results of the

the respective measurements by myself and
-cers, will be seen in the Statement which ac-
-panies this report, they fully corroborate my fore-
impression of the inapplicability of such a
of weighment to our Ghauts in substitution fo
Scales and weights -

3d. I do not hesitate to affirm that no in
would be safe, under such a system of measure
-ment adopted - Chicanery might be practis
every hour without detection, Government
suffer loss on the one hand, and Importers or
other, whilst the responsible Ghaut Officers
would run much risk from the practices
their subordinates when any ill will existe
between them - Neither would the Merchant,
the Sajoonials be satisfied with such a sys
of weighment - The Ferrah is of course mu
-ch to the Measurement of particular arti
of commerce where no responsibility attaches
the buyer or seller, but it cannot be used in
the receipt and deliveries of Salt where liabil
are numerous, and many interests involved
Whether with reference to outturn clearances
Golahs for which the Ghaut Officers are ac
-countable, or those of Importers and purcha

To

Fort St. George 11th May 1846

To

Henry Torrens Esqre
Secretary to the
Board of Customs
Salt and Opium
Fort William

Sir

I have the honor to acknowledge your letter No. 97 dated 28th Ultimo forwarding a copy of a letter from Government No. 597 dated 30th November 1844 regarding the substitution of measurements for weighments in the receipt and delivery of Salt and requesting me to report my opinion on the subject and the result of whatever experiments were made in pursuance of the Resolution of the Salt Committee of 1837 dated 17th October -

2. The experiments alluded to were made here in 1838 under the Management of Mr. Superintendent Bruce, and I annex a copy of a report now drawn up by him regarding them dated 14th Instant and of a Statement dated 5th March 1842 detailing the result of various other experiments besides those mentioned in his present report - I have every reason to believe that they were conducted with care

Fort St. George 11th May 1846

care and accuracy, but their results are too conflicting and the information afforded too meagre and unsatisfactory to admit of any conclusions being drawn from them -

3. An accurate view of the question under notice can only be derived from experience, and I regret I have not given sufficient attention to it to enable me to form any decided opinion as far as I am able to judge - However I think there is reason to believe that the proposed change might be adopted without much difficulty and that considerable benefit would result to Government -

4th The Chief difficulty to be apprehended is in regard to new Salt i e during the first 8 or 9 Months after manufacture during which period it is unquestionably subject to considerable alteration both in bulk and weight - and I may add that owing to peculiarities pointed out in my letter to your address No. 79 dated 16th March 1843 the difficulty in that respect would be felt much more in this Agency than elsewhere - On this point I am able to judge from the experience afforded -

The difficulty of transit makes it expedient to store the Salt immediately after manufacture and therefore in a very moist state

*The Phera is an open Box containing about a Maund of dry & from 50 to 60 Seers of raw Salt and used for estimating the daily Manufacture in each Chokkie.

afforded by the use of Phera* Measure-
-ment in checking the manufacture and
transportation of Salt in and from
the Bruncs. I may state for example
that I have often observed that new
Salt has lost 10 or 12 per Cent in bulk
by removal from one Boat to another
within a day after its first measure-
-ment on the shore at the Molunghee
Golah and in transit from the shore
to the Sudder Ghaut the loss in
bulk is generally from 18 to 24 per Cent.

5th. I may here mention that Salt
of recent manufacture which was being or
which had been stored at the Sudder
Ghaut was used for the experiments
detailed in the accompanying report and
Statements and the following deduction
from them will illustrate the unsatis-
factory information they afford—

Sheap of Salt weighing	340 lbs 200 200	measuring	350 225 229	Lost in about 4 Months	12½ per Cent in weight 8⅔ Do. 7½ Do.	8⅔ Do. 10⅔ Do. 7 3/7 Do.	in bulk Do. Do.

6th. A further difficulty will
be found to arise from a circumstance
alluded to by Mr. Parker in his Minute
Marked 6 dated 17th October 1837 Regt.
the

*The experiments detailed accompanying Statements confirm the truth of this remark.

the variation in the weight and density of
Salt from different Chokies and another—
from the density and bulk of Salt—
being materially effected by the manner
in which the measure is filled, as—
pointed out in my Superintendents
report.

These remarks refer chiefly
to new Salt. they would I believe be in
a great measure inapplicable to Salt—
from which the moisture had been al-
lowed to drain off for six or eight—
Months, and it is under this impression
that I consider it likely that the plan
under report might be adopted with
success. At present however as already
noticed I do not feel qualified to form
any decisive opinion, but should the—
Board or the Government be desirous
that any further enquiries be made I
shall be happy to undertake a serious
of experiments in which case I shall hope
to be supplied with any further information
that may have been obtained since the—
period the matter was formerly discussed

Chittagong Salt Agency Office The 26th February 1845.

Signed R. Trotter

To.

To

R. Trotter Esqre

Salt Agent

Chittagong

Sir,

In reply to your note re=
=garding the experiments made at the Sudder
Ghaut and the practicability of introducing
measures instead of weights into the Salt
Golahs I have the honor to forward the
results of several experiments made
under my Superintendence at the Sudder
Salt Golahs. I took the greatest care
to have all the Ferrahs filled in exactly
the same manner and the results
shew a difference in weights and a
loss of bulk.

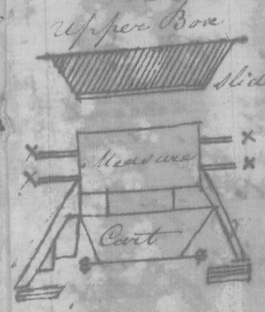

It is my opinion that the
great objection to measurement arises
from the difficulty experienced in filling
the measure always to the same extent
and conceive that a much greater dif=
ference may be made by lightly or heavily
filling the measure than can be effected
by any dishonesty at the scales where the
receiver is allowed to see every scale as it passes.

To shew the difference in
quantity arising from the manner of

filling the measure it is only necessary to
state that a Ferrah lightly filled will
hold about 29 Seers and if heavily filled
34 Seers being a difference of about 16
per Cent. This I state from the out-turn
of the Dholye Ferrahs at the Ghaut
Amdanee weighment. The accompany=
=ing Statement shews the difference
when the greatest care is taken.

To ascertain what would be
the difference in several measures if
packed as hard as possible I made a
strong Box of one Cubic foot inside. I
chose this size as shewing the weight
of a Cubic foot of Salt. Here the re=
sults are nearly the same.

I considered that the great
thing to be attained in the use of a measure
would be a method of throwing in the Salt
with the same degree of force and from the same height.
for this purpose I constructed a Box on 4 legs. I do not now
recollect the size of the said Box. It is
I believe still at my house. The principle
was as follows.

It was made square and
had a sliding top and bottom and over
the

Fort St. George 11th May 1846.

the top was placed another box wider above than below and grated at the bottom. The upper slides were drawn out and the lower ones being shut, the Salt was thrown into the Upper Box on the grating which was expected to equalize the fall of the Salt into Boxes which being filled the upper slides were to be pressed into their place excluding the excess, and average being taken by weight of the contents of the Box by several measurements. The Box was raised on legs for the purpose of admitting a small Cart under it of sufficient size to hold the contents of the Box and it was proposed to work this Cart on moveable wooden rails - when the Cart was placed under the Box the lower slides being drawn, the Salt would fall into it. as many Carts would be required as would allow the work to proceed with dispatch.

The Box was tried and found not to answer in consequence of the slides being made of wood their thickness rendered it very difficult to

press.

Fort St. George 11th May 1846.

press them together through the Salt. so it was not tested what would be the result on any given quantity of Salt. It appeared to me then that Iron slides would answer the purpose.

Fort St. George 14th May 1846

Abstract of correspondence relative to introducing a dry measure for Salt in place of the present systems of weighment.

Mr. Under Secretary Beadon's Memorandum of 27th December 1845 forwarded to the Board for report copy of a letter from the Secretary to the Government of India (Home Department) enquiring whether in place of supplying scales and weights to Salt Agencies it might not be convenient to substitute a measure to contain a Maund of dry Salt.

The Board thereupon under date the 28th January 1845 addressed a Circular to the Bengal Salt Agents requiring their opinions on the question and requesting them to embody in their reports the result of any experiments which may have been instituted in the Agencies, consequent on the Boards Circular No. 908 dated 6th November 1837 at which time the subject of employing a measure, instead of weight in the receipt and delivery of Salt had come under consideration of the Salt Committee then assembled.

In reply to the above Circular

Fort St. George 11th May 1846.

of 28th January 1845 the several Agents have reported as follows—

The Midgellee Agent submits it as his opinion "that there would be a much greater opening for fraud in the use of the Maund measure than exists under the weighment system particularly since the introduction of the new lever action scale frames which are made use of both in the Bhangah and Purtub in the Agency and which secure accuracy in weighments as far as it is possible to secure it."

"The fraud he adds would be attempted in the use of the Maund Measure by shaking the Vessel intended to hold a Maund without pressure and by afterwards pressing it down into a denser mass."

The Jumlook Agent reports of experiments made by his predecessor Mr. Barwell in Jumlook and by himself at Mr. Bury in Chittagong, and submits it as his opinion that "great as would be the advantages in dispatch and economy which would follow from the introduction of a system of measure instead of weight into the transactions of this department, yet on

+See Letter from Salt Agent of Midgellee No. 11 dated 4th Feby. 1846

+See letter from Salt Agent of Jumlook No. 59 dated 6th Feby. 1845.

"on the other hand there are so many seri-
"-ous and practical objections to the suggested
"arrangement that he / Mr. Bury / "end-
"-eavours to advocate the continuance
"of the present system in preference to
"incurring the risk of total derangement
"to the operations of the Department which
"the proposed alteration seems calculated
"to effect." Referring to the experiments
"made by him at Chittagong he adds that
"a part from the Consideration of the in-
"-explicable variations to which Salt
"is liable equally in bulk as in weight
"there exists a far greater opening for
"fraud in the receipt and delivery of Salt by
"Sherah Measurement than as at present by weight."

The Salt Agent of the 24 Pergunnahs reports results of experiments made by himself and his assistants and expresses himself decidedly opposed to the introduction of the proposed measurement system in substitution for scales and weights. "No interests" he ob-
-serves "would be safe were such a system
"adopted. Chicanery might be practised
"every hour without detection. Government

+See letter from Salt agent of 24 Pergns No 46 dated 22d March 1845.

* Dry Salt put in by Sherah in a Box measuring 1/10½ / 1/10 / 19 was found to weigh Md. 1-23-32

Do. filled } 1 26 3
Salt and drawn out the Box }

"would suffer loss on the one hand and
"importers on the other whilst the respon-
"-sible Chaut Officers would run much
"risk from the practices of their subordinates
"unless any ill will existed between them."

The Salt Agent of Chittagong reports the results of several exp-
-eriments made in 1838 and since, under
the management of Mr. Superintendent Bruce, and observes that he has "every
"reason to believe that they were con-
"-ducted with care and accuracy, but that
"results are too confined for
"information afforded too meagre and
"unsatisfactory to admit of any conclu-
"-sions being drawn from them." The
Agent remarks however that although
he is unable to form any decided opinion
still as far as he can judge, there is
reason he thinks to believe that the
proposed change might be adopted
without much difficulty and that
considerable benefit would result to
Government.

+See letter from Salt agent of Chittagong No 270 dated 26th May 1846.

The difficulties to be apprehended would

"on the other hand there are so many serious and practical objections to the suggested arrangement that he / Mr. Bury / "hesitatingly advocates the continuance of the present system in preference to incurring the risk of total derangement to the operations of the Department which the proposed alteration seems calculated to effect." Referring to the experiments made by him at Chittagong he adds that "apart from the consideration of the inexplicable variations to which Salt is liable equally in all weights there exists a far greater opening for fraud in the receipt and delivery of Salt by Pherahs measurement than at present by weights."

*the letter from Salt agent of 24 Pergs. No 246 dated 22nd March 1845.

The Salt Agent of the 24 Purgunnahs reports* results of experiments made by himself and his assistants and expresses himself decidedly opposed to the introduction of the proposed measurement system in substitution for scales and weights. "No interests" he observes "would be safe were such a system adopted. Chicanery might be practised every hour without detection, Government would

"suffer loss on the one hand and the importers on the other, whilst the responsible Chaut officers would run much risk from the practices of their subordinates when any ill will existed between them."

*the letter from Salt agent of Chittagong No 270 dated 26th May 1845.

The Salt Agent of Chittagong reports the results of several experiments made in 1838 and since, under the management of Mr. Superintendent Bruce, and observes that he has "every reason to believe that they were conducted with care and accuracy, but that the results are too conflicting and the information afforded too meagre and unsatisfactory to admit of any conclusions being drawn from them." The Agent remarks however that although he is unable to form any decided opinion, still as far as he can judge, there is reason he thinks to believe that the proposed change might be adopted without much difficulty and that considerable benefit would result to Government.

The difficulties to be apprehended would

* Dry Salt put in Cyl. Hy in a Box measuring 1/10½ 1/10 1/9 was found to weigh Md. 1-23-3½
Do. filled Salt and thrown in the Box Do. pressed in Do. Do. Vo. Vo. 1-31 " 1-763

Fort St. George 14th May 1846

would in the Agents' opinion be first in regards to new Salt, ie during the first 8 or 9 Months after manufacture when it is subject to considerable variation both in bulk and weight - Secondly in regard to the variation in the weight and density of Salt from different Churs and thirdly from the density and bulk of Salt being materially affected by the manner in which the measure is filled - The above objections the Agent believes would not be applicable in a great degree to Salt from which the moisture had been allowed to drain off for 6 or 8 months, and it is under this impression that he considers it likely that the plan under report might be adopted with success, Mr. Superintendant Bruce's report and a Statement shewing in detail the results of the experiments made are attached to the Agents' letter -

The Board will perceive from the foregoing Abstract that the Salt Agents of Hedgellee Tumlook and 24 Purgunnahs are decidedly adverse

Fort St. George 14th May 1846

to the introduction of a system of measure instead of weight in the receipt and delivery of Salt and that the Salt Agent of Chittagong entertains doubts in some points and is unable from the want of sufficient information to form a decided opinion on the subject - All the Agents are agreed in considering the chief objection to the measurement system to consist in the difficulty of filling a measure with an article like salt always to the same extent it being obvious that the greater or less quantity fill the measure according as the Salt is heavily or lightly thrown into it Mr. Superintendent Bruce of the Chittagong Agency thinks that this objection might be removed by a Sliding board or grating being used to break and equalize the fall of the Salt into the measure and he gives the sketch of a plan of measure constructed by him for the purpose but observes that on trial it was not found to work well in consequence of not having been finished with sufficient nicety -

On

Fort St. George 14th May 1840

On referring to the papers of 1837 herewith put up the Board will observe that the question of the expediency or otherwise of receiving and delivering Salt by measure instead of weight came under the consideration of the Salt Committee and that the Board adverted to the subjection in the 6th Para of their address to Government of 19th October 1837. A little subsequently Viz.t on 4th November 1837 the Board addressed a Circular to the Salt Agents, wherein in Connection with the subject they remarked para 3 that the matter had been considered theoretically by several scientific Gentlemen who were almost unanimous in opinion that the maund measure would offer a greater opening for fraud than the weighment system. "They say" the Board further observed, "that atmospheric Causes will have more effect on measure than on weighed Salt, that is to say a Maund Measure of damp salt will only be (say) Seven eighths full when it becomes dry, while a maund weight of the same damp salt will not lose so large a per Centage of its weight by becoming dry." This the Board added was the "chief point for "determination as also whether any practical

means

Fort St. George 14th May 1840

"means can be devised for preventing the "frauds which will of Course be attempted "by shaking the Vessel intended to hold a "maund when filled without pressure, "maund which will hold very much more "but which will hold very much more "if the salt is shaken into a denser mass."

The reports now laid before the Board shew that the experiments made in the agencies in Consequence of the above Circular of 4th November 1837 and the subsequent Circular of 28th January 1845 have not been Conducted scientifically or with any view to determine the question of the Comparative degrees in which salt is affected in bulk and in weight under like atmospheric influences of absorption and evaporation. The question for the most part of the expediency or otherwise of using a "maund measure" instead of weights has been simply and practically considered with reference especially to frauds likely to be practised; and it is clear that the opinions submitted by the Agents on this point would not warrant any recommendation in favor of the suggestion for introducing into the Agencies a system of measurement instead of weighment in the receipt and delivery of Salt.

26th November 1845.

Fort St. George 14th May 1846

I submit this abstract very clearly and creditably drawn up by Mr. Welsh, and beg only to observe that as the Board know I was myself four or five years ago taken with the dry measure scheme and invented and had constructed a two Maund tub on wheels / with their sanction / uniting the idea of a truck and measure, and thus doing away with both porterage and weighment - The experiment failed so very signally that it was not thought necessary to record its results and the machine was sent to the late Mr. Barlow at Vidgellee who tested and proved its total inutility - Had I professed practical experience of the department I might have seen that as salts differ essentially in grain the same weight of one could not fill the same bulk, and that as a regulator of account dry measure in salts would be analogous to the accuracy of dry measure in shot in which a maund No. 1 can never weigh a maund of No. 2. As account would be the object in measuring and the accounts on measurement must be incorrect it is better to hold to weight -

/ Signed / W. Torrens
Secretary

The tub swung between two uprights on supports placed below its centre of gravity hence it was incapable of being used except when held up by a catch or pin in this state it was filled and drawn to the spot required there the catch being removed it emptied itself -

N.B. Apart other drawbacks.

No. 1 in 2.

To C. H. Townsend Esqre.
Secretary to Government Bombay.

Sir,

I have the honor to acknowledge

Fort St. George 14th May 1846.

acknowledge the receipt of your letter No. 463. dated the 29th January last, with accompa-
= niments, on the subject of the relative advantages of the practices of weighing and measuring salt for determining the quantity liable to duty, and calling for my opinion as to the expediency of extending the latter throughout the range of the Collector of Customs and Excise.—

2d. From the accompanying letter No. 961. dated the 28 Ultimo, from Mr. Jackson, to whom I made a reference on the sub-
= ject, the Honorable the Governor in Council will perceive that the practice of measuring is already in force at those salt works under him from which the exports by sea are extensive, and that, owing to the salt ex-
= ported by land being packed in bags, the measuring process does not posess in respect to it the same advantage of expe-
= dition, over that of weighing as in the case of exports by sea, and is therefore not resorted to or desired by the traders. For this reason Mr. Jackson is of opinion that the respective processes in either case should remain as at present, in which opinion I concur.

As

Fort St. George 14th May 1846.

3 As regards the facilities for fraud, I also agree with the Collector in thinking that, when the disposition to it exists, they are not much greater under the one system than the other.—

4 The Officer whose communi-
= cations were transmitted with your letter do not advert to the distinction pointed out by Mr. Jackson between the effects of the two processes in sea and land ex-
= ports, but this may be accounted for from the sphere of their duties limiting their observation to the former.—

Revl. Commrs. Office,
Poona, 18th August 1845.

(Signed) R. K. Pringle
Revl. Commr. N. D.

To R. K. Pringle Esqre.
Revenue Commissioner N. D.

Sir, I have nothing to add to the information contained in the accompaniments to your letter in regard to the respective merits of the system of delivering salt by means of a measure of capacity or by weight experience shews that in regard to salt shipped on Board of Vessels the use of the measure of capacity is greatly more expedi-
= tious than that of weight, and is therefore preferred

No. 322 dated 13th March 1845.

Fort St. George 14th May 1846.

preferred by all shippers, while in regard to the Salt exported by land the same being filled in bags, the preference is given to weighment, each method, therefore, has its advantages, and it will be difficult to extend one system to both modes of export without creating greater delay in the instance of Export by sea than now takes place and in both instances without giving rise to discontent, neither do I think the one mode more open "to fraud" than the other, if the Salt can be thrown in with greater force in the measure of capacity representing the Bengal Maund, thus occasioning loss to the Revenue. The smallest inaccuracy in the adjustment of the steel yard either by accident or design is at least just as likely to cause false weight, and to lead to fraud, in either case we are greatly dependent on the honesty of our Establishments, and if they choose to be dishonest they can be so with a very good chance of escaping detection, but as the check in regard to export by land is perhaps more efficient than that at command in regard to export by sea the facilities for defrauding the revenue by the land route are

Fort St. George 14th May 1846.

are perhaps less than they are by sea. The chief means of checking the latter consist in the check of re measuring which we can command at the Port of destination when the same is within the jurisdiction from whence the Salt was exported, and also by what is called the "Dolut Map," that is the re measurement of the Salt from one Vessel to another on good grounds of suspicion that a greater quantity has been shipped than is entered in the Tol kurdas" in either case, the outer Daroga or Sir Carkoon checks, and if there is collusion between the Officers people, and the Establishment of the inner Daroga fraud may in either case be practised without the fear of detection.

2. As far as the interests of Government are concerned, it signifies in my opinion but little whether the one or the other mode of ascertaining the quantity of Salt is adopted - I cannot see that there is less security in the one than in the other mode, but it is beyond doubt true that to exporters by sea it will make all the difference in the world if Salt is

is delivered by weighment instead of by mea=
=surement, unless the Establishment of
Salats is vastly increased.—

3. I should not omit to inform
you that Salt is exported by Sea in large
quantities from no other places than
Salsette and Caranjah, and lately from
Bassein Panwell, and Allibaugh, and
it is only at these places the measure of
Capacity, as fixed by Mr. Young after vari=
=ous experiments, is used.

4 — On the whole Jam respectfully
of opinion that the adoption of one general
system whether it be, that of weighment or of
measure will lead to much inconvenience and to
little if any practical good. and it will be the most
safe plan to continue both systems, the measure
for exports by Sea, and the weighments for
exports by land, in the former instance —
when the parties are willing to have re=
course to it.—

5. In fact the latter mode in —
regard to export by land could not be
superseded by the system of measurement
without entailing the greatest inconvenience
possible to all parties: to the exporters as
well

as to the public establishments both
inner and outer.—

6. Should extensive exports
by Sea ever take place from other portions
of this Collectorate besides those places
named, it will be necessary in this case
by experiment to fix a measure of Capacity
which will be equivalent in weight to the
Bengal Maund, the Salt is so different
from that produced in Salsette, Penn,
Caranjah, Panwell, and Allibaugh, that it
would be necessary to make experiments
similar to those made by Mr. Young for
determining the true standard of measure.

No. 2.

To E. H. Townsend Esq.re
Secretary to Government

Sir, I have the honor to acknowledge
the receipt of your letter No. 4798 of the
31st Ultimo, and respectfully to state, for the
information of the Honorable the Governor
in

Fort St. George 14th May 1846.

in Council, that my observations and enquiries lead me to judge very favorably of the operation of the system of measuring instead of weighing salt, which was introduced by my Predecessor, and described in his Report of the 11th December 1840.

2d. By economizing time and labor, and facilitating the delivery of salt from the Pans, it conduces to the benefit and convenience of the manufacturer as well as of the Exporter: while it enables the present small Establishment stationed at the works to discharge the duties, for which, if the salt had to be weighed, a larger number of persons would be requisite.

3. There is at the same time every reason to believe that the full amount of Revenue derivable from the Excise on salt is realized: as the correctness of the measures is tested first before each is brought into use, by the quantity of salt each is capable of containing being ascertained to amount in weight to 3200 tolas: and afterwards, from time to time, by the weighment of a percentage of the salt delivered from the Pans by measurement.

Ordered that the following letter be submitted in reply.-

4-5

To the Chief Sect. to Government
Stating that the Board adhere to their opinion that the System of regulating the receipt and the sale of Salt by measurement is the best adapted to the circumstances of this Presidency.
In Con. 14th May 1846

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No. 219. 21st February 1846 forwarding to them for their consideration and report in reference to the proposition contained in their Acting Secretary's letter of 27th June 1844, certain papers received from the Government of India and from the Bombay Government on the relative advantages of the System of regulating

regulating the receipt and the sale of Salt by measurement and that of receiving and delivering Salt by weight.-

In reply the Board instruct me
2 to state that they have given their best attention to the communication of the Calcutta Board of Customs, Salt and Opium, and to the letters of the various Salt Agents in Bengal on this subject, but they still feel themselves constrained to adhere to the opinion expressed in their last letter upon the question, that the measuring System is that best adapted to the circumstances of this Residency.-

The principal objection urged by
3 the Bengal Salt Agents against the receipt and sale of Salt by measure is that the measuring System affords greater opening to fraud than that of weighing. On this point however the Board cannot but state their entire concurrence in the opinion expressed by the Bombay authorities, that where the disposition to fraud exists it may be indulged to the same extent under either system, where deliberate dishonesty is purposed any regulations for conducting the sale of Salt by weight would be no less disregarded than those

those for selling it by measure. The chief security against fraud must depend upon the checks which can be exercised by the European authorities. One of the principal checks now in force at the Madras Pans consists in the examination from time to time by the Collector or his Assistants of some of the salt heaps at the several Cotaurs for the purpose of ascertaining that the due quantity and no more than the due quantity be stored in each heap. As weiging is a far more tedious operation than measuring salt a smaller number of heaps could be examined in a given time under the former than under the latter system, and one of the main safeguards against illicit practices in salt would therefore pro tanto be diminished.

4. Further objections which have been advanced against the receipt and delivery of salt by measurement are that the actual quantity measured will vary according to the size of the grain of the salt and that atmospheric causes will have more effect on measured than on weighed salt, the measured maund losing more in bulk

Note Abstract of Principal Uncovenanted Assistant 26th November 1845 last para

bulk than the weighed maund does in weight on both becoming dry. This latter objection does not appear to have been established, and as regards the former though it may hold to some extent it is not the Board think, of itself of sufficient importance to necessitate any change in the present system.

5. Under all circumstances the Board are of opinion that the weighing system at the Cotaurs under this Presidency would not in point of accuracy and freedom from fraud be superior to the present mode of measurement. The question it appears to them should be decided by considerations of expedition and economy of time, labor and expense both to the Government and to the purchaser and in these respects the system of measuring which now obtains, has, as shewn by the Board in their letter of 27th June 1844, so greatly the advantage over that of receipt and delivery by weight that they feel constrained to adhere to the recommendation contained in that communication viz. that the practice of regulating the home and inland salt transactions by measurement be

Fort St. George 14th May 1846.

be continued, but that a measure calculated to hold a maund weight of dry Salt be substituted for the marcal now in use.—

T. Pycroft Esqr
Secretary to the
Board of Revenue
Fort Saint George

(8)

From the Collector of Rajahmundry

In reply to Board's orders of 10th April 1845, submitting information regarding the Sale of the Estate Zemindary and recommending a monthly allowance of 400 Rs to be granted to the Zemindar of that Estate—

No 172

Sir,

Para 1. With reference to the Proceedings of the Board of Revenue dated 10th April 1845 whereby I am required to give effect to the orders of Government under date the 28th March 1845 granting as a temporary measure a monthly allowance of Rupees 400 to the Estate Zemindar and directed to communicate with him with a view of ascertaining whether he will surrender his Estate to Government accepting in lieu of it a reasonable annual allowance, I have the honor to state that I have caused the monthly Stipend to be duly paid to Jeggannadrazu from the 28th of March 1845—

The accompanying translations of two Arzees (one of which is enclosed with copy of the other) addressed by him one to the Government and the other to myself explain his sentiments on the subject of giving up his Estate— His relative Rama chendrarazu in the Sister Estate of Ramachendrapoor has received so much consideration from the Government that Jeggannadrazu naturally asks for similar indulgence— But the Board and Government are already aware of the irretrievably embarrassed condition of his private affairs— His creditors were so

forgiving

Fort St George 15th May 1846.—

pressing that it became necessary in 1844 to assert the right of Government to his Dairy and Garden lands of which they were endeavouring to obtain possession through the Agency of the Civil Courts— He was reduced to a state of indigence from which the bestowal of Rs. 100 a month has been a great relief altho he is by no means satisfied with it even as a temporary provision for his family.—

2. It is not to be expected even if the balances be remitted that he can conduct his affairs free from the interference of his creditors— It seems the more eligible course therefore to sell the Estate by public auction on account of the arrears and to grant the Zemindar an allowance of Rs. 400 per mensem— This will put him almost on an equality with the Zemindar of Ramachendrapoor. The latter has some dairy lands and Gardens in his possession, but his family is larger and he requires more for his support than his Cotah Zemindar. In considering whether the Cotah Estate should be delivered up to Juggannadraze or not it should be borne in mind that he is now only proprietor of one half, the other half having been purchased by the Cundemullavar a family to whom the Government cannot be expected to show the indulgence which they are disposed to extend to the ancient Zemindars. Their Petition (copy and translation of which accompanies this letter) prays that half the Estate may be assigned to them by Government and the balances wholly remitted

* Vide Mr. Bird's report of 27th January 1845.

* No. 3. an original Petition addressed by them to Board. No. 189 of 1845 is also herewith returned

Fort Saint George 15th May 1846

remitted, but when it is considered that the mismanagement of the Estate by their relative Damuara Venkatrow caused a great increase of the arrears, this proposition need not for a moment be entertained— Their demand that one half of the Estate should be given to them unincumbered and that Juggannadraze should be held responsible for all the arrears is most unjust— Shir Sirah requests that Government will be pleased to pay them the amount, principal and Interest, due by Juggannadraze, but there are other creditors to be considered besides these Petitioners and they are in no way entitled to ask so great a boon, merely because their speculation in the Estate has proved a failure— The cession of his zemindary to Government by Juggannadraze would entail the necessity of paying a large sum of money to his Creditors one party has a mortgage on it— for Rupees 4,260 and the claims of another are still higher— The sale of the Estate on the other hand by public auction on account of the balances outstanding to the amount of Rupees 1,36,656 as P. 14-4 is a measure to the justice of which I can see no objection— The demands of Government will be satisfied and those of the Creditors on the Estate may afterwards receive such consideration as the Government may

Dowlaiswaram 8th April 1846

Signed J. Broadegast
Collector

No. 1.

To

The Honorable Government
Fort Saint George

An urzee from Sree Rajah Cankerlapoody Sree
Jaggannadhraniza Bahadar Zemindar of
the Talook of Cotah &c.a—

The Collector of Rajahmundry
sent me an Enaetnamah on the 28th April last
stating that the Government had directed him
in their Minutes of Consultation under date 28th
March 1845 to pay me an allowance of 100 Rupees
per mensem as a temporary arrangement accord-
ing to the recommendation of Sir H.C.
Montgomery Bart, and had ordered that as it
was inexpedient owing to my debt to the
possession of the Cotah Estate he should
ascertain from me and make a report whether
it would be better that I should surrender
the Estate to Government and receive a suitable
allowance or that it should be sold by
public auction for the arrears of Revenue
I now in consequence beg leave to state the
following circumstances—

1. The Circar having taken the accounts from the year Parabavah to of Coulayuktty for the two estates of Cotah and Ramachendrapooram fixed two thirds of the average collections amounting to Rupees 12,400 as the permanent assessment to be paid to the

the Circar and one third Rupees 6200 as profit to the Zemindar, and granted a Terumbareet to the Zemindar and grand father Rajah Vada Cowle to my grand father Rajah Vada Juggunnadharanzo. agreeably to the Decision of the Court of Sudr Udalut, my uncle Rajah Ramachendra Jrange, took possession of Rama-chendrapooram Estate & took possession of the Cotah Estate, in Fusly 1248. But in consequence of the adverse season, the Estates did not produce even half the Circars Peiz and were therefore placed under attach-ment for arrear of Revenue.—

2. The Government were pleased to advance Rupees 47,000 upon Rama chendra-pooram Estate to discharge a debt due to the Cundimullawar family and though the amount of arrears inclusive of the said advance due from Ramachendrapooram Estate exceeds that due from my Estate, by eighty thousand Rupees, yet the Government are pleased to retain that Estate under attach-ment, and grant Ramachendraranzeen an allowance of 5,000 Rupees per annum, permit-ting him to enjoy the Saury lands held by him, as recommended by Sir H.C. Montgomery Bart.

3. Though the amount of arrears due from my Estate is below that due from Ramachendrapooram Estate, by Eighty thousand Rupees as above stated, the Government at the recommendation of Sir H.C. Montgomery Bart are pleased to grant me an

allowance

6473 Fort Saint George 14th May 1846.—

allowance at the rate of only 100 Rds per mensem as a temporary measure— The Collector returned five months ago under zeroyty the dairy lands and Gardens which I held and wrote to the Board to grant me the allowance, but the Govern-ment sanctioned it for the present at 100 Rupees per mensem, which is insufficient for the maintenance of 4 brothers and 2 sisters with children, dependants, servants &c.

As the Circar held the Ramachendrapooram Estate under attachment granting allowance to Ramachendrarazu permission to enjoy his dairy lands I also beg you will be pleased to return my Co-tah Estate (which is equal to Ramachendra-pooram) under attachment put my dairy lands in my profession, and grant me the same amount of allowance as is paid to Ramachendrarauze.—

I do not hesitate to cede my estate to the Circar receiving a suitable al-lowance but as I shall not have the means of applying for an increase of the allowance which is to be continued permanently, I beg to be informed what amount of allowances you intend to fix and then I shall agree and surrender the Estate to Government.—

I beg you will be pleased to peruse the above thoroughly and consider the 4th and 5th Parad: so that I may thereupon give

6474 Fort Saint George

my consent— When these two Estates were held under Circar's Management in the year Eswarah, an allowance was granted at 20,000 Rupees per mensem— You are pleased to offer this arrangement through favor towards me as an ancient Zemindar with a view to grant me an allowance for my support resuming the estate which is in a desperate condition;— but if you were inclined to sell it by public auction for arrears of revenue, it was not necessary to ask my opinion. As you are supporting many Zemindar like me, I beg you will keep favor upon me and adopt measures so that my wife and dependants may not be in distress for want of food and raiment. Please to ponder

Dated 26th June 1845

To
J. Prendergast Esqre
Collector in the Zillah of
Rajahmundry

From arzee from Sreeg Rajah Bhattherlapooty Jugguradharauzee Bahader Zemindar of Estate Jalook &c.

Lately when I visited you at Peddapoor I only answered you on the subject I was called for but I did not inform you of the circumstances

Fort Saint George 14th May 1816.—

circumstances of my Estate for want of time, consequently I beg of you will be pleased to take the following circumstances into full consideration, and protect me by recommending the same to the Board of Revenue.—

1. In consequence of the failure of rain, the storm and the inundation of the sea during the three years from fasly 1248 (when I was put in possession of the Cotah estate) to fasly 1250, the estate suffered great loss, and fell into arrears of Public revenue to the extent of Fifty thousand Rupees: but I did not misappropriate the Collections— The then Collector though fully aware of this circumstance placed the estate under attachment for the arrears of revenue — The estate has for these five years been managed by the Circar but from the unfavorableness of the seasons it has fallen into a further arrear of Fifty Thousand Rupees and no part thereof has been discharged.—

2. With regard to my Debt of 42,000 Rupees to Cundemullavar which was contracted upon the joint registry of the estate the term of it has expired this year but they have agreed now that I shall keep the Estate as joint property for a further period of 10 years on paying every year the Circar's proportion & making over to them half the profits to discharge their debt and appropriating the other half for my own expences— They also consent to relinquish

Fort Saint George 14th May 1816

relinquish the interest altogether my debt to both Puttabheramanow seems large because it is an old balance and composed of interest, presents, &c. The principal thereof is but a small sum,— I will therefore arrange with the said Puttabheramanow to strike off the interest and determine the principal, so that I may liquidate it by 10 yearly instalments— I have not pledged my estate for this debt, and the Court of Adt. did but issued a Precept that the Estate should not be sold for other debts without their order previous to the discharge of the money due to Cundemullavar. I have no other debts except these two I shall if directed get Cundemullavar to present Yekarar Arzee, consenting to the above terms. By this you will perceive that the Estate if delivered to me will meet no harm from my creditors.—

3. The Government and Boards are afraid that the Estate will be seized by my creditors if it be made over to me with the arrears remitted. This is through favor to me because I am an ancient Zemindar.—

My ancestors acquired this Estate long ago, and enjoyed as Zemindary from five or six generations, paying the Circars permanent Peishcush without any hurt to their character— The arrears in question accrued merely from adverse seasons not from any misappropriations of mine. The pargunds and

and Gardens enjoyed by us for a long time past were resumed under zaroyty last year and the Gift from certain ryots who occupied them. There was sanction to grant me an allowance of only 100 Rupees pr mensem while my uncle Rajah Ramachendraraze who equally divided with me the Estate of Ramachendrapooram received an allowance of 400 Rupees per mensem, with the enjoyment of the dairy lands, Gardens, &c. &c. Notwithstanding the arrears (including of the advance made by the Circar) due from that Estate exceed those due from my Cotah Estate by Eighty Thousand Rupees. The allowance of 100 Rupees is not sufficient for the maintenance of us four brothers married sisters with Children, dependants, Servants, &c. &c. It is only equal to the Salary which you give to a servant. The Zemindar of Vizianagrum named Poosapaty Narayen Gojapaty Maharajah my relation, has supported me hitherto but as he has lately died at Benares I have lost his protection.—

Therefore beg you will be pleased to peruse these circumstances and recommend to the Board of Revenue either to put me in possession of the Estate as I have shewn that it will meet no harm from the Creditors, or to grant me the same amount of allowance as is given to my Uncle Rajah Ramachendraraze with

permission

permission to enjoy the dairy lands, retaining my Cotah estate under Circar's attachment like the said Ramachendrapooram estate also you will be pleased to protect me without depriving me my estate. Please to peruse

Dated 18th February 1846.

No 3

To

J. Prendergast Esqr
Collector in the Zillah
of Rajahmundry.—

Sir Agzee from Sirar Rajah Cundemullah Veerastyah and Ramiah Joint Zemindars of Cotah Talook.—

With reference to an Agzee from Rajah Cancumbapoody Jugguna Varaze the Joint Zemindar of the said Talook to the Board of Revenue requesting an allowance for his maintenance, we addressed an agzee to the late acting Collector on 26th January 1845 stating that we have an equal interest in the said estate with the said Jugguna Varaze and praying that in consequence of our distressed circumstances arising from the lapses in the rents &c. an allowance should be fixed for us also, but that gentleman rejected our agzee with an endorsement on the 30th of that month that our prayer could not be taken into consideration

Consideration. We therefore beg leave to submit the following circumstances —

We are now informed that upon your recommendation the Government have granted to Rajah Juggunnad Iharanze a temporary allowance of 100 Rupees per mensem and required a report as to what measures should be adopted with reference to the circumstances of the estate, and whether the said Juggunnad Iharanze would consent to surrender the estate upon receiving an allowance, and that an Enaimanah was issued to Juggunnad Iharanze requiring his opinion on the subject, as we find that we cannot get redress and are lately to suffer loss we cannot lose this opportunity of stating our case —

1.

When the two Estates of Cotah & Ramachandrapooram were united, they were ordered to be sold under a decree of the Court of Sudr Udalut in satisfaction of the debt of Rupees 2,12,000 and odd due from Rajah Ramachandraranze to Sangay Pudmanabharanze — In the meantime with the consent of the then Collector Mr P Grant, and by request of the Rajah Ramachendraranze, we purchased half of the two Estates for Rupees 96,000 and paid the amount to Ramachandraranze and obtained from him the Permanent Zemindary Kraya Sasun or Deed of sale — The Estates were also registered in the joint names of ourselves and the said Ramachandraranze pending the Subdivision I have further taken a Kararnamah duly registered in the Court stipulating that the said sale was to be conditional for a period

period of five years from 6th October 1836 to 6th October 1841 Fasly. The copies of these documents were sent to the Government & other then local authorities through the Board of Revenue. The Provincial Court of the Northern Division in their proceedings of 14th June 1841 and the Court of Sudr Udalut in their proceedings of 23rd September 1839 and 28th December 1841 observed that the above was a public debt on the purchase of a moiety of the two Estates —

Rajah Ramachendraranze

2.

applied to the Government to advance him 94,000 Rupees for liquidating our debt and closing our joint interest in his estate, promising that he would discharge the same to the Circar — The Government accepted this request but in the mean time, the Court of Sudr Udalut having directed the delivery of the Cotah Estate to Juggunnad Iharanze the Government advanced to Ramachendraranze Rupees 47,000 for satisfying his moiety of our debt, due upon Ramachandrapooram, and caused this latter Estate to be registered in his sole name without our interference; as for the other Rupees 47,000 due to us upon the Cotah Estate, Juggunnad Iharanze presented an agzee to the Collector engaging to pay us the amount within the term agreed to by Ramachendraranze — The Collector by orders of the Court and Board of Revenue required us to be as joint sharers with Juggunnad Iharanze in the Cotah Estate. We agreed to this, and the Cotah Estate has been accordingly registered in the joint names of ourselves, and Rajah Juggunnad Iharanze as the term first agreed upon — Expired in consequence

of

of Juggunnadharanze's inability to discharge the principal and interest, and there was a condition that we should on the expiration of that term enjoy half of the Botah Estate as seperate Zemindars the said Juggunnadharanz entreated us very much to allow him a further term of five years. We accordingly agreed, and a motion was presented in the Court by both parties fixing a further term of five years up to 6th October 1845. This term also will expire in four or five months, but there is a condition in the said motion, that we are entitled to seperate and enjoy our half share of the estate without reference to the term, provided Juggunnadharanze withholds the payment of any of the Circars Kists or fails to pay us the amount of interest in the intermediate period.—

3 Vutchavoy Soorie Narain Jugchapaty ranze &c. having presented petitions in the Zillah Court and Provincial Court for the other debts due from the said Juggunnadharanz the latter Court ruled on the 15th of June 1841 that the Botah Estate should not be liable to attachment for any other claims until he had discharged the debt due to us.—

4 Ever since the Botah Estate was seperated from Ramachendrapoorum and established as joint Zemindary of Juggunnadharanze and ourselves in Fusly 1238, the unavoidable adverse Seasons, the failure of rains the famine, the storm and excessive floods of the Godavery, also the low prices of Grain caused every

every year the accumulation of large arrears both during the Management by Juggunnadharanze himself, and since the Estate came under Circar's attachment, but no part of the debt due to us amounting both principal and interest to Rupees 14,260 has been discharged.—

5. As the Estate has fallen into large arrears of revenue, and placed under Circar's attachment and as Juggunnadharanze has no other resources our debt remains altogether unpaid. There does not appear any way for the recovery of our money & the second term agreed to is now about to expire. It is also clear that we are entitled to seperate such portion of the permanent as may be established by the Circar thereupon. It is moreover agreed among the conditions between us and Juggunnadharanze that he should be liable to pay to the Circar whatever arrears might be outstanding among the whole estate, when we took possession of half the estate, upon the expiration of the term agreed. For copies of the Documents of this affair, the correspondence that passed between the Collector, the Board of Revenue and the Government, and the Proceedings of the Zillah Court, Provincial Court and Sudr Adalut are lodged in the records of your Office, consequently we trust you will be convinced of the truth of our Statement on the perusal of the same.

Since

Fort Saint George 14th May 1846

6. Since we have a right to half the estate as shewn by the Public registry in your Office if the whole estate be resumed by the Circar, and an allowance given to Juggunnadha-rauze according to his desire without bringing our case into consideration we shall experience much injustice, and in addition to the loss we have sustained, we shall be exposed to great trouble and expence in our efforts to obtain justice.—

7. The loan we made is not like that made by the sowcar. We gave the money upon the purchase of half of the Estate as we are thus equally interested in the Estate with Juggunnadharauze it is not just to neglect the consideration of our case and to resume the estate under Circar at the sole request of the said Juggunnad Rauze

8. The responsibility of discharging the arrears now outstanding against the estate rests with the said Juggunnadha-rauze only, without our concern but under his present circumstances he is unable to dis-charge either the whole or part of those arrears, which have occurred partly in consequence of the loss from the famine and storm in fusslies 1248 and 1249 during

the

Fort Saint George 14th May 1846

the management by the Zemindar and partly after the estate was placed under Circar's attachment in fusly 1250 owing to the short produce and distressed state of ryots from the failure of rain in fusly 1250, from the partial rain and low prices of Grain in fusslies 1251 and 1252, and from the excessive floods of Godavery in fusly 1253 - but the part of the balances has arisen from mis-appropriation of the Collections by Juggunnad-harauze. Consequently we beg you will be pleased to recommend to the Government and obtain their permission to remit the said balances and to put half the estate in our possession & the other half in his, according to the four conditions fixing the above Permanent assessment on each portion without regard to the Subdivision formerly made. By this we shall not only obtain justice, but the memory of the favorable assistance afforded by you will be preserved during the existence of the sun and moon, as this is our principal prayer, we beg you will be pleased to grant it, in which case we shall annually pay the permanent assessment on our portion of the estate and merit the favor of the Government.—

9. Should the Govern-ment not consent to strike off the above arrears the

Fort Saint George 4th May 1846

the said Juggunadharanze only must be held answerable to pay the whole of it according to the conditions agreed to between us and him as established by the judicial authority, consequently we beg that our portion of the estate should be made over to us with reference to the former subdivision and that the Circar should either recover the arrears from the other portion of Juggunadharanze, or take that portion in satisfaction of those arrears as they may deem most proper.—

This is our second prayer.

If you and the Board of Revenue and Government think that the whole estate should be answerable for the arrears, we beg to state that as we lent the 4,000 Rupees, for the especial purpose of relieving the estate from sale by satisfying a private debt under the precept of the Court, upon the purchase of half of the Estate, through the consent of the authorities and as it is not just to make us the losers of our Principal and interest. I beg you will be pleased to intimate to the Government and pay us the principal and interest amounting to about 7,260 Rupees and then you will be pleased to recover the arrears upon the whole of the estate in such manner as you may deem most proper with or without the consent of the said

6485

Fort Saint George 4th May 1846.—

Juggunadharanze. This is our third prayer.

Should the Government & you be desirous to adopt some other measures than what we proposed for, we beg to observe that it is not just to allow us to lose our Principal loan of 4,000 Rupees and its interest, or the half of the Cootah estate mortgaged to us. We therefore trust that you will be pleased to cause to be paid the Principal and interest due to us, and proceed as the Government may deem most proper regarding the arrears of the Estate. This is our fourth prayer.

We also beg to state that when you shew favor to the ancient Zemindar Rajah Juggunadharanze, for his support, by remitting the arrears of disastrous fusslies or adopting some other measures you will be pleased to see that no less measures to us.— We have on the 25th May 1845 addressed Petitions to Mr C. J. Bird. Late acting Collector both in Gentoo & English mentioning the above circumstances but as Juggunadharanze has not sent them in his answer, and as you arrived a short time afterwards, there was not sufficient time to afford us redress, we hope you will also peruse those Papers as they are

Fort Saint George 11th May 1846—

are on your records — as we now represent all our circumstances we beg you will be pleased to submit the present address to the Board and Government with your recommendation and afford us redress.—

We humbly beg you will be pleased to take the above into kind consideration and afford us justice in any one of the ways above prayed for — We cannot ergo over the sea of injustice, under our present distressed circumstances without the assistance of a large ship of your favor for conferring on us the justice with facility — Trusting that you will be pleased to pardon us for giving trouble with this address, containing the repetitions of our distressed circumstances. Reasons to peruse

Collector

Ordered that the foregoing letter and the previous correspondence on the subject be submitted with the following address.—

To.

Fort Saint George 11th May 1846—

To
The Chief Secretary to
Government.—

(8-9)

To the Chief Secy to Government

Submitting letter from the Collector of Rajahmundry and recommending that he may be instructed to bring the Cotah Zemindary to sale for arrears and to bid for it on behalf of Government stating that the Board concur with the Collector in regard to the sum of Rupees 4,00 ten members proposed to be granted as the provision for Chunderlapoody Jugguinadhum Rauze.—

Recd 30th April 1845

3d on Secy 8th March 1845

Sir,

Para 1. In Extract Minutes of Consultation 28th March 1845 the Board of Revenue were directed to ascertain and report to Government if the Zemindar of Cotah in the Rajahmundry District were willing to surrender his Estate to Government, and accept in lieu of it a reasonable annual allowance and in communication with the Collector to state at what amount that allowance should be fixed — They were directed to offer their opinion to Government, whether this course of the sale of the Estate in satisfaction of the demands of Government would be all the circumstances the preferable measure: and they were further desired to obtain if possible more detailed information respecting the parties who had received from the Zemindar the presents mentioned in the 7 of the Report of the Commissioners for the Northern Circars — The letters from the Collector of Rajahmundry herewith forwarded are the replies of that Officer to the references made to him by the Board on the above subject.—

From the Enclosure No 1

2. in Mr Prendergasts letter of the 8th ultimo it will be seen that the Zemindar (pauvah) has expressed his hope that his estate may continue under Circar attachment, and that he may be put in possession

Recd 30th January 1846—
Recd 14th May 1846—
1183

Copies 14th May 1846—

possession of his saving lands, and receive the same amount of allowances / Rupees 400 / as is now paid to the Ramachendrapoorum proprietor - If the first part of his request cannot be granted he however seems perfectly willing to cede his Zemindary to Government on condition of receiving a suitable provision in lieu of it. The Collector has given it as his opinion that it would be better that the estates should be regularly sold for arrears than that it should be surrendered to Government without a sale - and he recommends that the allowance to be made to the zamindar in the event of the sale should be fixed at Rupees 400 per mensem being the pension enjoyed by his uncle Ramachendraraz proprietor of the sister zemindary of Ramachendrapooram.

3. The Board entirely agree with the Collector in advising the sale rather than the cession of the Cotah Estate. The Government appear fully to concur in the opinion of the Commissioner that it would be altogether inexpedient that the Zemindary should be restored to its proprietor, and in this case can be of no moment to that individual whether he be deprived of it by sale or by surrender - If the estate be simply ceded or transferred by the zemindar to Government, it may be doubted how far the Government by accepting the proposal would render themselves liable for the private debts due upon it - Under any circumstances such

such a procedure might be productive of inconvenience and embarrassment - whereas the sale of the estate for arrears of public revenue in the regular course of Law could occasion no difficulties - Moreover the zemindar Jaggannadharazze is not the sole proprietor of Cotah, which is held in part by the Cumdemullawar Family who have a mortgage upon it, who would not be likely to concur in its surrender unless some compensation be made to them and who have no claim upon the liberality of Government. The Board therefore beg to recommend that the Collector of Rajahmundry may be instructed to bring the Cotah zemindary to sale for arrears, and to bid for it on behalf of Government to the full extent of the balance outstanding against or if necessary to any higher sum not exceeding the probable value of the property. They beg also to express their concurrence with that Officer in regard to the sum proposed to be granted as the provision for Cantherlapoody Juggannadharazze viz: 400 Rs per mensem on the understanding that it is for life only and open to revision on the decease of the present Grantee. The pension is the same as that which Government have lately assigned for life to the Ramachendrapooram proprietor. The Ramachendrapooram and Cotah Estates are equal subdivisions of the same ancient zemindary and the claims of the zemindar of Cotah seem to be as deserving of consideration as those of the late holder of the other moiety of the property.

Extract Minutes of Consultation 14th April 1816 Para 22.

The

6489 Fort Saint George 14th May 1846.—

4. The Board have already adverted to the members of the Kundemullaiwar family Straw Rajah Kundemullaiwar Cracostriah & Ramiah Mortgagers and Coproprietors of Cotah— The Collector has forwarded an address from these parties in which they request — that the Government demand upon their moiety may be remitted or that the whole arrear be made chargeable on and be recovered from Juggunnadharangi's share of the property — their own share being exempt from the demand — or lastly that the Government will discharge the debt due to them by the zemindar. The nature of the connection between these parties and the Cotah estate has been explained in P3 of the Commissioner's Report— Their requests appear to the Board to be altogether inadmissible — The whole estate is liable for the public arrear due upon it which indeed is more than it is likely to be covered by the sale of the entire property and there can be no reason why the Government should forego their just dues or any part of them in favor of the Mortgagers — nor any why they should burden themselves with the payment of the zemindar's private debts.—

1st March 1844	Rajahmundry	7th instt

From the Collr of Masulipatam Submitting report on the Settlement of Government Estates for Fasly 1254 in the District of Masulipatam

Sir,

Para 1. I have the honor to submit my report for Fasly 1254 A.D. 1844/45 on the Settlement of the Government Estates and Villages in this District noted in the Margin accompanied by the Statements enumerated below illustrative of the several items of which it is composed.

Paduah Mootah—	
Padapalam Dr—	
Cuppaladdy Villages	
Maddaca — Dr—	
Poodraseram — Dr—	
Kytapully — Dr—	
Vemnacottah Purganah	
Goodavadah — Dr—	
Padapandee Mootah	
Pallaly Pippah appertaining to the Fort of Masulipatam.—	

No 1. Abstract Jamabundy Settlement for Fasly 1254.—

2 Comparative Statement for Fasleis 1253 and 1254.—

3 to 5 Accounts Current for Fasly 1254.—

In Native Language 6 Statement shewing the increase and decrease in the Settlement of each Village for Fasly 1254 Compared with Fasly 1253.—

2. The Settlement of these Estates and Villages for Fasly 1254 A.D. 1844/45 it is satisfactory to observe exhibits a Net increase above that of the preceding Year of Rupees 32.246-47 as shown in the following Abstract.—

Estate

Fort St. George 14th May 1846

3 The total demand shewn in the foregoing Abstract is Rupees 254-3-5 above that entered in the Demand Collection and Balance Statement for 11th July 1845 in consequence of the latter being the "Corvoy" or probable amount of Settlement whereas the former is the actual Jumabundy of the year.—

	C Rs. a P
As per Demand Collection and Balance Statement —	3 92984-9-"
as per foregoing abstract —	93241-12-5.
Increase —	254-3-5

4. The four Estates last mentioned in the Abstract have been added to the Government Estates since the last report — the three first were purchased on account of Government when sold for arrears of revenue, the last is a small hamlet situated on the Swampy Marsh in the vicinity of the Fort of Masulipatam. In the year 1825. Certificates were obtained on application made by Residents thereof for lands adjoining their Dwelling houses, which up to that period had been appropriated for the pasturage of Cattle. It has lately been brought to notice that the holders of these certificates, as well as others who held none were gradually bringing these spots of ground under Cultivation — enquiries were therefore instituted on the subject and it was found that a Crop of Ratcheny was raised in Fusly 1254 (1844/45) which led to the assessing of those Lands such as are fit for future Cultivation with Crops of a similar description

Fort St. George 14th May 1846.

Note. The Land entered above as this Settlement for Fusly 1253 in the Statement already submitted for Fusly 1253 in the Dewanny Year which took place in October last being under the Settlement of Fusly 1252 Viz. 93241-12-5 the Land entered in the account rendered for the Year 1253 Viz. 93545-10-5 being 303-13-" more than the Settlement of Fusly 1252 as above stated for the reason mentioned in the orders thereon in the accounts of Masulipatam &c.

Fort St. George 14th May 1846.

description have also been since subjected to an assessment of revenue, the particulars of which will be noticed in the report for fusly 1255/1845/46. The hamlet is of a recent origin and does not appear to be included in the accounts of the Circuit Committees - Such being the case, the revenue derivable from this Source is considered to belong exclusively to Government and accordingly so entered in this report. -

Season

5 The Season of fusly 1254/1844/45 was in general favourable for wet Cultivation, and an adequate return was derived from the Poonassa Crop - In July the rain was partial, but in August and more especially in September and October, the rains were heavy - In November there was a failure, but afterwards at the commencement of the North East moonsoon which Set in, in December, rain fell in abumbance which was then very beneficial to the Paddy Crops, at that time coming to Maturity, and good for the Cultivation of the Pyra or the last Crop of the Year. The effects of the Season in the Several Estates forming the subject of this report were not however the same in all - The wet lands in the Vinnaco and Goodevadah which are dependant for irrigation on the Poollaroad as well as those in Padanah, Padapatam and Kytapully received much benefit, but in Padapandoo the rain fell after the Season had far advanced and all the tanks in that estate received a supply to a certain extent from the freshes of the Vamelair, yet the failure

Fort St. George 14th May 1846.

of rain in November had an unfavourable effect on the Crops then coming to Maturity. -

6 Another cause also operated to diminish the resources of this Estate, Viz.t the lands in the Vicinity of Collain not having received irrigation from that lake to so great an extent as formerly in consequence of the Stagnant water having turned out brackish and thereby become for the present until renewed by fresh supplies from the river freshes, almost useless for purposes of Cultivation. -

Dry land Settlement Padanah &c.

7 Under date 28th June last I reported that rents had been concluded for the dry lands in the Padanah and other Estates - The amount of rent for fusly 1254/1844/45 which was determined with reference to the actual produce as ascertained at the time of Settlement was Rupees 2,454, to which a Sum of Rupees 48-1-8 has since been added, being the amount of certain items not included in the rent amounting in the aggregate to Rupees 2,502-1-8, being less by Rupees 162-10-4 than the Settlement of the dry lands for the previous year as shown in the Margin. -

1253	3309
1256	3309
1254	3309
1258	3309

8. Notwithstanding the above decrease of revenue for fusly 1254/1844/45 it will be observed that the remaining period of the lease commencing with that year will exhibit a marked increase - The first on wet lands for the year under review was settled on Estimate. The extent of land Cultivated and the quantity

quantity of produce yields therefrom is shewn in Statement No. 2. from which it will be seen that the total amount of Settlement on Wet lands is Rupees 2,564 — 1 — 8, exceeding that of the preceding year by Rs. 1058 — 14 — 8 as shewn in the Margin.—

3-11-4

19 There was an arrear of Rupees 3-11-4 due from this Village up to the end of Fusly 1253/1843/44 of which Rupees 1-10-a P-4 on account of Fusly 1251 has been Collected, and the remainder will be realized hereafter.—

Statement No. 1 Col. 23½

20. The Tuccavy advance amounting to Rupees 325. has been recovered in full.—

Vinnacottah and Godewadah

21. The arrangements made for the Settlement of Vinnacottah and Godawadah were reported in my letter of the 28th June last. These Estates consist of 91 Sary and 62 Mokeassa and aggraharam Villages, the latter having been originally alienated on

on a favourable quit rent, On 34 of the former rents were concluded for both wet and dry lands for a term of 5 years some commencing with Fusly 1253/1843/44 and a— others from Fusly 1254/1844/45 the total demand on these for Fusly 1254/1844/45 was Rupees 35,555-7-6.—

Vide Statement No. 1. Col. 14½.

22 The Village of Vanoctooroomilly was rented for the sum of Rupees 500 for a term of 25 — years by the ex. Zemindar in Fusly 1253/1843/44 and the rent conferred by the Board as shewn by the correspondence noted in the Margin, and two Villages — Boosanagoula and Baunnoloor, are held under permanent rents concluded by the father of Pauptah-Row for the sum of Rupees 429 to this the sum of Rupees 254-3-9. on account of the items Viz^t Gilladars Tafereek and tax on Palmira trees not included in the rent being also added, the total demand on the 37 Villages abovementioned become to Rupees 36,936-11-3, shewing an increase of Rupees 13,521-7-2 in — favour of Fusly 1254/1844/45. In the remaining 34 Sary Villages the wet lands were settled on an estimate of the produce for the year. The extent of land Cultivated was Cuttees 520-3-12 both wet and dry, and the produce yielded according to Estimate was Candies 6,439-14-10½ shewing an increase in the former of 146-8-8 in the latter of 293 0-9-4 7/4. The total Assessment on these Villages including that on Seeravut and Pagayet lands amounted to Rupees 32,449-1-3, which was raised by the sum of Rs. 307-9-4 being

Ditto — No. 186.

									Net Decrease			17284	3	8

Fort St. George 14th May 1846.

34 It will be observed from the foregoing that the Settlement of the year in the first mentioned 6 Estates exhibits a decrease below the Peishcush of little less than one half. In Vinnacottah and Goodewadah the decrease is comparatively small, but in Podapaudoo the falling off exceeds one half.—

35. In the Minutes of Consultation dated 13th February last on the review of the Settlement of Fusly 1253 / 1843/44 it is remarked, that an equally deteriorated condition and falling off of revenue in other parts of the Northern Circars had recently been traced to other causes than the effects of bad seasons and low prices to which the depressed condition of these estates has been ascribed, such as fraudulent practices, alienation of Lands, defective System of management &ca. and an enquiry is

Fort St. George 14th May 1846.

was in consequence ordered with a view to ascertain the extent to which other causes may have operated to occasion the remarkable decrease therein Shewn.—

36 In Para. 1 of the Minutes of Consultation above referred to a comparison between the Settlement and Original Peishcush of the Estates in Fusly 1251 / 1841/42 and 1253 / 1843/44 is drawn, which shews that in the latter year the Settlement was far below that of the former, the cause of this I still consider to be mainly attributable to the unfavourableness of Season and the falling off of prices as I shall immediately explain. In elucidation of the Subject more clearly a statement shewing the quantity of Circar Share of produce, the prices and the amount of revenue derived is subjoined, which will at one view shew how far the causes above stated have operated to diminish the resources of the Estates for the Fusly under report independently of other causes.—

First Jn. George 4th. May 1846.

It will be observed that the Collec-
37. tions as taken by the Circuit Committee, with
reference to which the Peishcush was determined
or where these could not be procured, the
average Collections of 10 years prior to Fusly
1247 / 1832/33 amounted to Rupees 15,371 - 2 - 5 - omitting
other items from this sum as hereafter
explained - The average of the Circar quantity
of produce from A. D. 1776 to 1784 settled on
a division amounted to £ 476 - 4 - 15½ s. d. giving a
sist of Rupees 9,517 - 6 - 9 - at the average en
price of Rupees 19 - 15 - 9. In Fusly 1254 / 1841/42 it
was £ 25 - 13 - 19 15/16 s. d. the prices of which calculated
at Rupees 12 - 1 - 4 produced a revenue of
Rupees 7,559 - 11 - 1 In Fusly 1253 / 1843/44 it was £ 6. s. d. 181 - 7 - 3 3/4
which at Rupees 11 - 5 - 1 per Candy Yielded a
sist of Rupees 2052 : 14 : 2. This result will
shew that notwithstanding the abundance
of produce in Fusly 1251 / 1841/42, Yet the Settlement
fell below the Peishcush demand from the
great fluctuation in the price which has
fallen from 20 to 12 Rupees per Candy - In
Fusly 1253 / 1843/44 both the produce and the prices
have operated injuriously on the result
of the Year - Independently of this, the
first mentioned period comprehends
a period of good and bad seasons,
whereas Fuslies 1251 / 1841/42 and 1253 / 1843/44 being
single years are ill adapted for
comparison.

First Jn. George 4th. May 1846.

Further in the Estates of Padawah
38. Padapatam and the Village of Cuppalatotty
certain items of Revenue were included in
the assets of the Circuit Committee Viz. Kotuga
Sadur Durbary, and Zemindars Paraoom -
The former is now included under the head
of professional tax, and the two latter are not
at all collected now they were probably given
up during the Zemindars Management - These
items which amount annually to Rupees 1318 - 13 -
2. ought to have been deducted from the profes
Collections of the Circuit Committee. In Padawah
the revenue from Chayroot which is entered
in the accounts at Rupees 1,843 - - - - has now con
fallen to Rupees 752 owing to the diminished demand
for the article from the smallness of trade in
Chay goods.

In the Circuit Committee accounts
39. another item Viz. tax on the uncultivated
lands which at that time was supposed would
be brought under Plough is entered amounting
to Rupees 1855, but this is not now collected
notwithstanding that the extent of land uncul-
tivated is nearly the same as that entered
in the Committees accounts.

The Settlement by a division
40. of produce having been repeatedly depre-
cated by the Board and Government as an
less objectionable mode of Settlement
by Village Leases for a term of years
and on an Estimate of the produce as pre:

con- d.

commended by the Board, has since my taking charge of the District, been introduced gradually and the rents for dry land effected in Dancreottah and Deeny, which show an increase above the Jummy Jist as noted in the Margin, were confirmed by the Board.

28th June 1845.

reported to the Board, but the principles of them not having been generally approved of and individual settlement having been recommended by the Board, their orders with as far as practicable, be carried into effect

42. In Para: 4 of the Minutes of Consultation above quoted, Government desired to be informed in reference to the instances of default in Paras: 29. 30. and 32 of my report on the settlement, whether good and adequate security was obtained from the renters for the fulfilment of their engagements. On a reference to the Paras in question I do not find that any allusion is made to any instance of default on the part of the renters. I shall however be prepared to afford explanation on being informed in what particular instance it is required. With reference to Para: 7 of the same Minutes of

To the Board 21st August 1846 Bds Proceedings 4th Sept. 1846 To Bd. 15th Oct. 1846 Bds Proceedings 22nd Dec. 1846

of Consultation, I beg to observe that the Estate of Weyore has been restored to the Kooreed Zemindar on his paying Rupees 20,000 and the past Kists of the current fasly agreeably to instructions conveyed in the correspondence noted in the Margin.

The information called for in the same Para: regarding the Nundegamah Zemindary will be submitted in my report on the Settlement of the Estates attached for arrear of revenue.

43. The following Abstract will shew the gross demand, Collection, and balance of Peishcush in the Jary, Jusfty and Minor Estates in this District.

Items.	Estates in possession of Proprietors		Estates belonging to Minors.		Estates under attachment for arrears.		Total.					
	C R	a	p	C R	a	p	C R	a	p	C R	a	p

44. Statement A will shew in details the demand of Peishcush on the several Estates in possession of the proprietors for fasly 1254 Fasly 1844/45 the Collection within the fasly and subsequently thereto, together with the balance due against each.

45. The Demands on the said Estates amounted to Rupees 3,44,153-5-6; of which Rupees 2,26,532-6-10. were collected within the fusly, and Rupees 41150-9-10. subsequently up to the end of March last, making the total Collection amounted to Rupees 267683-4-8. and leaving a balance of 76470-4-10 on the Estates noted in the Margin.

	C.Rs. a. p.
Nedadavole	26706-8-4
Pentapaud	21768-5-7
Bezwara	20138-5-1
Coroocelloo	7051-2-1
Tungellamoody	630-1-6
Mootah	
Bulleparro	175-14-4
Total	76470-4-10

46. The first of the above Estates was put in possession of the Zemindar at the commencement of the fusly, and at its close there was a balance outstanding of Rupees 54890-5-9. for the payment of which the Zemindar was repeatedly called upon, and the principal causes assigned by him for its non-payment were the scantiness of produce combined with low prices. He was plainly given to understand that it would be for his interest to be more punctual in his engagements and a sum of Rupees 28183-13-5 has since been paid by him, by which the balance is reduced to its present amount.

47. In a late personal interview with the Zemindar I strongly impressed on his mind that the present balance should be discharged forthwith, & unless he does so within a reasonable time, measures will be adopted to place the Estate under attachment.

48. The Estate No 2 was put in possession of the Zemindar of Rayaud in fusly 1253 1843/44. The badness of the season the principal cause assigned by the Zemindar for the accumulation of the arrears left unpaid. His other Estates also were attached for arrears, the Management of which he has

just presumed he has hitherto made no satisfactory proposals for liquidating the arrears due upon this Estate it will therefore be attached unless he enters into some arrangement without further delay.

49. The affairs of the Estates of Bezawara and Coroocelloo were reviewed at great length in the Board's Proceedings dated 19th February last, and as these Estates are now advertized for sale for the whole arrear including the balance for the year under review, no further notice is necessary at present. For the payment of the Balance on Tungellamoody the Zemindar has been repeatedly called upon, and if no arrangement is made for the liquidation of the same within the fusly it will at once be attached. The balance due on the Village of Bulleparro belonging to the Minor Proprietor has lately been realized in full.

50. The causes by which the balances due from the Minor and fusly Estates still remain unpaid will be explained in the reports on the settlement of those Estates respectively.

51. The following Abstract will show the total arrears of Peishcush due on account of fusly 1253 1843/44 from all Estates in the District.

Items.	Estates in possession of Proprietors.	Estates belonging to Minors.	Estates under attachment for arrears.	Estates already sold.	Total.

53. The observation already made in regard to the Current balances due on account of Current Peishcush on Pentapauds Bezara and Corocollo will apply equally to the arrears outstanding against those Estates, and therefore no particular further explanation appears necessary.

54. The arrears on Sirmoor will be collected from the Proprietor who has been lately informed that unless they are discharged immediately the Estate will be taken under Management. The Particulars of the arrears due on the Minor and Zuftly Estates and the

Fort St. George 14th May 1846.

the causes by which they are still outstanding will be noticed in the reports on the Settlement of those Estates.-

Masulipatam Zillah

from the Public Treasury. I would likewise recommend that the late Tahsildar be exempt from the liability attached to him by the said Decree, especially as he was an old servant of Government, and was permitted to retire from the service on a pension in consideration of age and the impaired state of his health. He is at present very unwell.—

For the recovery of Rupees 1239-9-2½ as per being the amount of produce 7th as well as possession of lands yielding annually Rupees 111-2-2 and of a

a House valued at Rupees 95—

1 Plaintiffs represent that lands in question, viz. Sundry Parambas held on kanom from Jenmee and two Parambas Edapadakel Pudekootaya their Jenmom property, being attached in 1010 on account of arrears of Revenue by 3rd Defendant, the Adikary, were, after various delays, ordered to be restored to their father Paveroo since deceased, on his giving Security for payment of Revenue. Upon his seeking to enforce this order one Ramoony Panikar represented that the lands had been placed in his possession, whereupon he was ordered to restore them, and sue Plaintiffs father if he had any claim, which he did in 204 of 1843 which suit upon his death, was struck off for default. Plaintiffs father Paveroo also died and on Plaintiffs petitioning for possession they were told by 1st Defendant on 6th June 1844 to bring suit, which they now do, for possession, rent and arrears as detailed.

2. Having complied with the usual requirements Plaintiffs were admitted to sue in forma pauperis.—

3 1st Defendant in answer pleads exemption under section XXVIII Regulation XXVII of 1802, and further represents that Plaintiffs father not having paid Revenue for 1013 or given security as required for 1014, the Tahseldar (2nd Defendant) on the 9th October 1838, represented that Ramoony Panikar the jenmee had applied to have the lands delivered to him saying he would pay the Revenue 7th whereupon

th

the said Pavroo Plaintiffs father was summoned before the Assistant Collector and an agreement taken from him that he would produce security in 20 days and order was issued to the Tahsildar on 25th October 1838 that on his failing to do so land might be made over to the Jenmee, which security not being given, was done accordingly.—

4 1st Defendant further represents that the said Pavroo having again petitioned in 1018, a report was called for from the Tahsildar who on 10th June 1843 represented that the Jenmee was in possession and also that he the Jenmee, stated that he had received from Pavroo the old Deeds and Deed of acquittance &c.— and that the said Jenmee had assigned the lands to others and that the said Jenmee had filed an Adawlut suit in order to cancel the claims of the said Pavroo and have the question set at rest.—

5. ——— 2nd Defendant Exparte.—

6. ——— 3rd Defendant Adikary, avers that lands in question were attached by order of Collector and further that he was not the Adikary and claims exemption.—

7 4th and 5th Defendants hold portion of land in question from Jenmee since 1014 on Kanom Regt. Nos 1 to 9 when it came into his possession as stated in answer.—

8. 6th Defendant younger brother of the deceased Pavroo and 7th Defendant his (6th Defendant) son say the Plaint is true, and that they are entitled to a share which Plaintiffs must give on recovery of property, and also admit that they are in possession of Nos 10 and 11 of the disputed lands which they received from an Adikary Chatoo Nair and pay revenue at Rupees 6. 3. 3 annually.—

9. 8th Defendant is a younger brother of Plaintiffs whom they include as Defendant because

he does not come forward as a Plaintiff he was exparte.

10 9th 10th and 11th Defendants are said to be the heirs of the deceased Ramoony Panikker the alleged Jenmee. They refused to sign the notice and were exparte.—

The replies and rejoinders contain

11 nothing material.—

12 1st Defendant by motion amended his answer with drawing his plea of exemption

13 Plaintiffs produced 3 witnesses who were examined touching their readiness and ability to have given the required security on account of Plaintiffs father and the capricious rejection of it by the 2nd Defendant.—

14 1st Defendant filed 2 Documents Right 1 order of 24th October 1837 directing immediate restoration of lands to Plaintiffs father 2 order of 25th of October 1838 that if security was not given in 20 days, lands should be given up to the Jenmee.

On consideration of the pleadings

15 and evidence in this case, the Court is of opinion that the delivery of the lands to the party calling himself the Jenmee, under the order of 25th October 1838 was illegal and contrary to the provisions of Clause first Section X Regulation XXVII of 1802. On default of security the lands might have been attached, but should not have been delivered to the Jenmee— a principle which seems fully admitted by the previous order directing the Jenmee to bring a suit for the establishment of his claims, which after all appears very doubtful the suit brought to establish them having been suffered to go by default, and the heirs of

Fort St George 14th May 1846

the said Paviroo Plaintiffs father was summoned before the Assistant Collector and an agreement taken from him that he would produce security in 20 days and order was issued to the Tahsildar on 25th October 1838 that on his failing to do so land might be made over to the Jenmee, which security not being given, was done accordingly.—

4 1st Defendant further represents that the said Paviroo having again petitioned in 1018, a report was called for from the Tahsildar who on 10th June 1843 represented that the Jenmee was in possession and also that he the Jenmee, stated that he had received from Paviroo the old Deeds and Deed of acquittance &c.— and that the said Jenmee had assigned the lands to others and that the said Jenmee had filed an Adawlat suit in order to cancel the claims of the said Paviroos and have the question set at rest.—

5. ——— 2nd Defendant Exparte.—

6. ——— 3rd Defendant Adikary avers that lands in question were attached by order of Collector and further that he was not the Adikary and claims exemption.—

7 4th and 5th Defendants hold portion of land in question from Jenmee since 1014 on Kanom Viz: Nos 1 to 9 when it came into his possession as stated in answer.—

8. 6th Defendant younger brother of the deceased Paviroo and 7th Defendant, his (6th Defendants) son say the Plaint is true, and that they are entitled to a share, which Plaintiffs must give on recovery of property, and also admit that they are in possession of Nos 10 and 11 of the disputed lands which they received from an Adikary Chatoo nair and pay revenue at Rupees 6-3-3 annually.—

9. 8th Defendant is a younger brother of Plaintiffs whom they include as Defendant because

Fort St George 14th May 1846

he does not come forward as a Plaintiff he was exparte.

10 9th 10th and 11th Defendants are said to be the heirs of the deceased Ramoony Pantier the alleged Jenmee. They refused to sign the notice and were exparte.—

11 The replies and rejoinders contain nothing material.—

12 1st Defendant by motion amended his answer with drawing his plea of exemption

13 Plaintiffs produced 3 witnesses who were examined touching their readiness and ability to have given the required security on account of Plaintiffs father and the Capricious rejection of it by the 2nd Defendant.—

14 1st Defendant filed 2 Documents viz 1 order of 24th October 1837 directing immediate restoration of lands to Plaintiffs father 2 order of 25th of October 1838 that if security was not given in 20 days, lands should be given up to the Jenmee.

15 On consideration of the pleadings and evidence in this case the Court is of opinion that the delivery of the lands to the party calling himself the Jenmee, under the order of 25th October 1838 was illegal and contrary to the provisions of Clause first Section X Regulation XXVII of 1802. On default of security the lands might have been attached, but should not have been delivered to the Jenmee— a principle which seems fully admitted by the previous order directing the Jenmee to bring a suit for the establishment of his claims, which after all appears very doubtful the suit brought to establish them having been suffered to go by default, and the heirs of

of the jenmee declining in this suit to come forward— There appears moreover on the face of the proceedings much reason to think, that the Plaintiffs father was very harshly dealt with by the 2nd Defendant an impression which was certainly entertained by the then Collector when he issued his order of October 1837. The Court therefore decrees that the Lands be restored to Plaintiffs, Viz.t from Nos 1 to 9 by 4th and 5th Defendants and Nos 10 and 11 by 6th and 7th Defendants.

16. The 1st Defendant might and at first did claim exemption from this suit under section XXVIII Regulation XXVII of 1802 but by motion requested and obtained permission to withdraw that plea and to substitute a simple admission that the Lands were made over to the supposed jenmee by the 2nd Defendant under the orders of his superior— and as from this act of the Revenue authorities the whole of this litigation has arisen the Court awards that the 1st and 2nd Defendants do pay their cost and those of the Defendants except the 6th and 7th who will pay their own costs.—

17 The Court has further to settle the amount which the Plaintiffs are entitled to recover from the heirs of the alleged jenmee on account of Patum unduly received by them. They the Plaintiffs have laid claims to a large sum on account of produce house &ca which is totally unsusceptible of proof and most improbable— the Court will award them no more than the proper and fixed Patum

Pattom Viz.t Rupees 201- 3- 1 which must be paid by the 9th 10th and 11th Defendants to the Plaintiffs, Viz.t

Yearly Patum Rs. 35-10 as 10 Ps for 8 yrs - 10 m. - 15 Days - 316-12-9½ Ps as a P

Ditto Revenue to be deducted @ Rs. 13-11 as 5 Ps — 115-9-8½

Rupees — 201-3-1

In regard to Nos 10 and 11 the jenmom property of the family, they having been placed in possession of 6th and 7th Defendants, Members thereof and no Patum having been received but merely the Revenue collected from them the family must settle any claims they may have among themselves.

To the Chief Secy to Government

Sir

With reference to Extract Minute in Consultation 8th September last, I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council

H. Con. 11th Sept. 1846

Fort St George 11th May 1846.

In Con. 14th May 1846.

the accompanying letter from the Collector of Malabar dated 16th Ultimo, submitting Copy of the decree passed in Suit No. 176 of 1844 instituted by Eddapadiekal Cenhayen Cootty and his Mother against the Collector and others from which it will be seen that the Court has adjudged that the Collector and the Tahsildar of Calicut do pay their own Costs, and likewise those of Seven other defendants. —

2. The cause of the action appears to have taken when Mr. Clementson was Principal Collector of Malabar the present Head of the District. cannot therefore be held personally responsible — Mr. Conolly also recommends that the 2d Defendant the late Tasildar be exempted from the liability attached to him, as he was an old servant of Government who has since retired on a pension in consequence of age and infirmity. He appears also to have acted under the orders of his superior. —

3 Under the circumstances stated the Board beg to support the Collector's recommendation that the amount of Costs adjudged against himself and the late Tahsildar be disbursed from the public Treasury. —

Fort St. George 18th May 1846.—

Read the following Letters & Extracts.—

Read the Minutes of Consultation

Extract from the Minutes of Consultation dated 15th May 1846.

Revenue Department Under date 14th May 1846.

Read again the letter from the Secretary to Government dated 14th ult. requesting the sanction of Government to the arrangements recommended by the Board of Revenue in their Proceedings dated 2nd April 1845 and 23rd March 1846 for the payment of the Arrears due to the Yeomin[illegible]dars of the Southern Division of the Ceded Districts.

Read also the following further Letter from the Secretary to the Board of Revenue dated 15th April 1846.

Reporting to the Government that he has communicated with the Collector of Madura on the subject of the Yeomin[illegible]dars of the Dindigul Division.

Read also the Letter from the Collector of Madura dated 28th ult. forwarding the Petitions of the Yeomin[illegible]dars of the Dindigul Division.

Submitted by the Board of Revenue with their recommendation that the Petitioners should be referred to the Collector of Madura.

Letter of the 14th April 1845 from the Board of Revenue to the Collector of Madura on the same subject.

Read the Letter from the Collector of Madura dated 29th April 1846 in reply to the above.

Read also the previous Instructions of the Government of India on the same subject.

Read the information now laid before Council as the result of the Inquiry instituted by Government.

The Council is pleased to approve the General recommendations contained in the Proceedings of the Board of Revenue dated 2nd April 1845 and 23rd March 1846 for the adjustment of the dues of Yeomin[illegible]dars for the Southern Division of the Ceded Districts, and for the payment against the Peishcush now that Government have resolved on the Reduction of the Peishcush carried into effect.—

The Government of India having decided

2.

decided that the Zemindar is entitled to receive compensation for the discontinuance of the "Durbary Curchalos" at the whole estimated value of that source of revenue, less the expense of collections at 10 per Cent, the sum allowable on this account in arrear from Fusly 1230 when the tax was abolished will be Rupees 17,140 per annum, instead of Rupees 12,696 as authorized in para 3 of the Extract Minutes of Consultation dated 30th March 1844 No. 278. and His Lordship in Council desires that under the authority now granted the claims of Government on the Davercottah Zemindary on account both of the arrears of Peishcush and the Bonded debt of the Zemindar, may be adjusted by compensation at the increased rate to the date on which the Estate may be restored to his possession, and any surplus remaining on that date applied to the satisfaction of his private debts.—

Estimated by the Circuit Committee	Rupees 19.044
Deduct 10 per Cent	1.904
Remainder	17,140

Rs Seventeen thousand one hundred and forty

3. The Desmook Refsoomship or "Durbary Curchalos" must now be regarded as finally abolished, and His Lordship in Council sanctions in consequence, a reduction of the Peishcush of the Zemindary in the Amount

Amount of the Compensation allowed on that account, the demand will hence forward be fixed at Rupees 85.550 per annum which the Zemindar will be required to discharge punctually for the future.

4. His Lordship in Council desires that under the foregoing instructions the necessary adjustments may be expedited and the Estate restored to the Proprietor as soon as the accounts shall have been made up.—

From the Secy. to Govt.

Extract from the Minutes of Consultation Revenue Department under date the 28th April 1846

Read the following papers.—

Extract from the Proceedings of the Board of Revenue

/ Here enter 30th October 1845 No. 668.—

Petition from Rajah Cavamadana Paupiah Row, Zemindar of the Purgannahs of Vinnacotah and Goodewada in Charmal district in Masulipatam.—

Para 1. The report furnished by the Board of Revenue on the general condition and resources of the Vinnacotah and Goodewadah Purgunnahs of the Charmahal Zemindary in the Masulipatam district, has satisfied the Government that the course recommended by them for the disposal of this Property is under all circumstances the

Agreeing with the Bd. that the restoration of the an Vinnacottah & Goodewadah Purgunnahs to the late Proprietor is impolitic and would be unjust. desiring the B. to ascertain and report the causes which affected the prosperity of this Zeminda: ry and transmitting a Petn. from Dasso Gungarauze on the subject of these Purgunnahs & desiring that the express object and prayer of the Petr. and his connection with the family be ascertained & reported also desiring the Bd. in communication with the Colr. to propose &c. to

Fort St. George 18th May 1846

to Govt. a liberal provision for this Ancient family—

best which can be adopted.—

2. Consideration for the family it is observed had already induced a large sacrifice of the public demands against these Estates, and no less an Amount of arrear than Rup. 155,663 were remitted in 1831, and the Estate restored to the Management of the Proprietor with the Peishcush reduced from Rupees 9,729 to Rupees 81333. under which it was hoped he could advance his prospects, but it is shewn that both in the five years of the Proprietor's Management and eight years of the Collector's charge, the average annual assets to meet the reduced demand fell short respectively in the sums of Rupees 23491. and 35833 per annum, notwithstanding in the interim that population and agricultural Stock had increased and large sums laid out on works of irrigation for the improvement of the revenue.—

Paras 3 & 11 Colr's letter.

+ Rs. 22,654-12-7.

3. The Zemindary was originally attached on the 22d April 1830 / fusly 1245 / for a balance of Rupees 1,1133 which increased under the Management of the Officers of Government to Rs. 179,976. for this Amount the Estate was brought to sale and purchased on the 20th November 1832. / fusly 1253 / on account of Government, for Rupees 3 lacs leaving a balance of Rs. 179976. still

para 6 Colr's letter.

Lie

due, the recovery of which in the present circumstances of the ex. Zemindar would seem to be hopeless and must be regarded as a further loss to Government. It must not however be overlooked that although the Estate was under attachment, the Proprietor drew from its resources an annual allowance of Rupees 6000 for the maintenance of himself and the family.—

Dy. to Cov. 16th. Jany 1838 No. 5 ¶ 6.

4. The Government concur in the view taken by the Board of the proposition of the Collector for a temporary abatement of the Peishcush which was originally Rupees 92729 to Rupees 48000 for six years, to be eventually reduced permanently to Rupees 60,000, to enable the Zemindar to recover from his embarrassments, and Considering that the family have already received every indulgence that it is reasonable to grant without any beneficial effect, it would seem useless now to entertain that proposition.—

5. The Government are aware that the Honorable the Court of Directors have always Manifested a disposition to protect this family, and the Most Noble the Governor in Council would be willing to follow out these views if measures could be devised to

Rev. Desp. 13th. May 1835 No. 7. p. 25 @ 35 — " —
— " — 6th. July 1836. No. 10 p. 9. — " —
— " — 19th. Augt. 1840. No. 12 p. 53—56. — " —

to secure this end Compatible with the interests of Government and the welfare of the people.—

Public No. 47997 3-10. Private No. 108208-8-a

6. But the reduced resources of the property the extent of the late Proprietors embarrassments both public and private, and the dissensions of the family preclude the hope that the restoration of the property would prove beneficial to the Ex. Zemindar while it would certainly be injurious to the Ryots.—

Dy. to Cov. 12th. March 1846 No. 3 ¶ 10.

7. Under all circumstances His Lordship in Council is disposed therefore to agree with the Board that the restoration of the Vinnacottah and Goodewadah Purgannahs to the late Proprietor, is impolitic and would be unjust, and he desires that he may be informed, that although the Government have not complied with his request, ample provision will be made for the family, with which he should remain content.—

8. The great deterioration in the resources of this Zemindary since July 1841 is, under the favorable circumstances noticed in para 2, not satisfactorily Accounted for, and the Most Noble the Governor in Council deems it of importance, now that the property has reverted to Government by purchase, that the Board of Revenue should

give

due, the recovery of which in the present circum-
=stances of the ex. Zemindar would seem to be hope-
=less and must be regarded as a further loss
to Government. It must not however be overlook-
=ed that although the Estate was under attach-
=ment, the Proprietor drew from its resources
an annual allowance of Rupees 6000 for the
maintenance of himself and the family.

Dft. to Cont. 18th Jany 1838 No. 5 & 6.

4. The Government concur in the view taken by the Board of the proposition of the Collector for a temporary abatement of the Peishcush which was originally Rupees 92729 to Rupees 48000 for Six years, to be eventually reduced perma-
=nently to Rupees 60000 to enable the Zemindar to recover from his embarrassments, and Considering that the family have already received every indulgence that it is reasonable to grant without any beneficial effect, it would seem useless now to entertain that proposition.—

5. The Government are aware that the Honorable the Court of Directors have always manifested a disposition to protect this family, and the Most Noble the Governor in Council would be willing to follow out these views if measures could be devised to

to secure this end Compatible with the interests of Government and the welfare of the people—

Public Dft. 4799 dt. 3-10 Private do. 108208-8-"

But the reduced resources of the property, the extent of the late Proprietors embarrassments both public and private, and the dissensions of the family preclude the hope that the restoration of the property would prove bene-
=ficial to the Ex. Zemindar while it would certainly be injurious to the Ryots.

Dft. to Govt. 5th March 1844 No. 39 & 40

6. Under all circumstances His Lord-
=ship in Council is disposed therefore to agree with the Board that the restoration of the Vinnacottah and Goodewadah Pur-
=gunnahs to the late Proprietor, is impolitic and would be unjust, and he desires that he may be informed, that, although the Government have not complied with his request ample provision will be made for the family, with which he should remain content.—

7. The great deterioration in the re-
=sources of this Zemindary since Fasly 1241 is, under the favorable Circumstances noticed in para 2, not satisfactorily Accounted for, and the Most Noble the Governor in Council deems it of import-
=ance, now that the property has re-
=verted to Government by purchase, that the Board of Revenue should

give

give their immediate attention to this subject and after causing a searching investigation to be made as to the Causes which affected its prosperity, furnish a full report of the result.-

No. 123 of 1826. 8. The Petition of Dasoo Gunga Panauze on the subject of the above Purgunnah will be forwarded to the Collector of Masulipatam through the Board of Revenue in view to the express object and prayer of the Petitioner and his Connection with the family being ascertained and reported upon, and the Board will in Communication with the Collector propose to Government a liberal provision for this ancient family which the Government will be prepared to sanction subject to the approval of the Court of Directors.-

From the Secy. to Govt. communicating observations and orders on the Board's Proceedings relative

Extract from the Minutes of Consultation Under date the 9th May 1846.-

Read the following Extract from the Proceedings of the Board of Revenue.- Relative to the Settlement of

relative to the settlement of the Land Revenue in the District of Cuddapah for Fusly 1254.

Fort St. George 18th May 1846.

of Land Revenue for the District of Cuddapah (Here enter 20th April 1846 No. 198)
for Fusly 1254
A.D. 1844/45.

Para 1. The seasons of Fusly 1254 in the District of Cuddapah is represented by the Board of Revenue in the foregoing proceedings to have been "variable, partial and deficient" and to have produced different results in different parts of the District the Harvest on the whole yielding from ¼ to ¾ of a full one. The Healthiness of the District was affected by Fever, Ague, Small Pox and Cholera from which the loss of human life was great. The loss among the Cattle was also Considerable.

2. In the extent of land actually cultivated there was a decrease in comparison with Fusly 1253 of Acres 517-8-11½ and in Assessment of Rupees 18708-4-11. The total land revenue Settlement of Fusly 1254, inclusive of Peishcush on the Pongunoor and Venkatagherry Estates amounted to Rupees 2043384-10-6. This amount Compared with the demand for Fusly 1253 exhibits a decrease of Rupees 8667 but relatively to the average revenue of the ten years preceding presents an advance of Rupees 91508.

	Rs.	a	p
Fusly 1253	2052052-	0-	4-
" 1254	2043384-	10-	6-
Decrease	8667-	5-	10.

Average demand from Fusly 1244 to 1253 — 1951876-7-11.
Fusly 1254 — 2043384-10-6
Increase 91508-2-7.

3. The Collections within the Fusly amounted

Fort St. George 18th May 1846.

amounted to Rupees 1997147-0-6, and the Balance of Rupees 46237-10- was reduced by subsequent Collections to Rupees 2814- the greater portion of which it is supposed will prove irrecoverable.

4. The Most Noble the Governor in Council grants authority for writing off in the Accounts of the Cuddapah Collectorate the arrears of Land revenue reported in para 10 to be desperate Amounting to Rupees 1486 2-1/ One thousand four hundred and Sixty four Annas two and Pice one.

5. The value of Cultivable land in the District belonging to the Government is stated at Rupees 4264111 of which Rupees 2323105 or nearly 54½ per cent has been actually cultivated in Fusly 1254. The value of Cultivable Enam land is 2225696 of which Rupees 1655629- or 74 per cent (which is about the average) has been cultivated during the same period. The different classes of Enams Comprised in the above amount are.-

	Rs.	a.	p.
Belonging to Religious Establishment	76006-	14-	6
Charity Enams	564086-	10-	3
Village Officers Enams	886785-	4-	4
Cuttoobadies Devasundums &c.	557283-	14-	8.
Surva Enam and Sodighy Villages	141533-	6-	7
	2225696-	2-	4.

6. The cultivation of Cotton is stated to be about 10 per Cent of the whole Cultivation of the District, this is, it is presumed the Cultivation on the Circar lands alone; and the produce in the proportion of 8 per Cent to the Grain produce - The Cultivation of Indigo is general throughout the District and the proportion these Crops bear to the produce of the District is under 10 per Cent - The prices of these two description of produce it is observed have fallen off especially in Cotton which has decreased nearly 36 per Cent in the course of two years - It will be useful if a Statement is added to future Reports, shewing in some detail the extent and assessment of lands applied to the Cultivation of Cotton and Indigo with information as to the relative proportion of produce and prices prevailing.

7. The Condition of some of the works of irrigation in this District which formed the subject of observation in para 7 of the Extract Minutes of Consultation dated 19th July 1845 No. 861, does not appear to have been noticed by the Acting Collector and his attention should be again called to it.

it - It is observed from the Statement No. 2 accompanying the Acting Collector's report that the following number of works were in need of repair -

Tanks	1253.
Nullahs	231
Wells	1087
Do. decayed	3514
Anicuts	26 -

8. His Lordship in Council fully coincides in the views of the Board of Revenue recorded in para 16 of their Proceedings on the importance of encouraging the Cultivation of Sugar and the more valuable products and of affording additional facilities to Cultivators and Proprietors to effect their remittances, and approves of the attention of the local Officers being directed to the subject -

9. The Board have properly called for further information on the circumstance brought to notice by the Sub Collector of the existence of fields in which both Circar and Inam property prevails without any division of their respective rights - The inconvenience likely to arise from such a state of things is obvious, and the means of overcoming it will probably suggest itself when the subject is fully reported on, upon which

the

the Government would desire to have due notice.

10. His Lordship in Council observes that it is now nearly ten Months since the attention of the Board of Revenue was called to the subjects referred to in the 8th and 9th paras of the Extract Minutes of Consultation dated 19th July 1845 on which early information from the Collector with the opinion of the Board was expected by Government.

(14-15) Resolution thereon.

From the Dep. Secy to Government -

To J. F. Thomas Esqre
Chief Secretary to
Government.

Dated 20th June 1845

With reference to the Extract from the Minutes of Consultation in the Public Department No. 64 I have the honor by order of the Medical Board, to report for the information of Government, that S. Iyen Moodelly, C. Dunnarayen Moodelly and S. Perriatumbee Moodelly, who receive a Conditional pension on the Establishment of the Secretary to the Board of Revenue, were this day carefully examined by the Board, who find these persons unfit for further effective service, from advanced age and defect of vision.

Fort St. George,
7th May 1846

(Signed) Geo: Pearse M. D.
Secretary Medical Board.

Resolved

Fort St. George 18th. May 1846.

Resolved that the Pensions additionally granted to P. Iyen Mudelly, C. Dummareyen Mudelly, and T. Periatumbee Mudelly on the 19th. April 1845 be confirmed, and that the Board of Revenue be requested to return the Pension Certificates Nos. 1128. 1129 and 1130 granted to those individuals in order that the necessary entries may be made in them.

(Signed) E. G. Clarke
Dy. Secy. to Govt.

Ordered that the following letter be submitted in reply.

To the Chief Secry. to Government. — Sir, With reference to the Extract from the Minutes of Consultation dated 16th. Instant, I am directed by the Board of Revenue to return the original Pension Certificates Nos. 1128-1129 and 1130 granted to the individuals as noted in the margin.

of Arrears amounting to Rupees 18,670 15 6 accumulated on that account.

2. The Mootah of Chavendra has become the property of the Zemindar of Noozeed under the arrangements concluded between him and the Nedadavole Zemindar, on which, as well as on Pentapandoo and Goomdoogalanoo Purganahs, a Sum of Rupees 68,000 was fixed as the probable Amount of Peishcush subject to the final determination thereof on the completion of the Subdivision accounts which are now nearly brought to a close. The proportion which falls on the Chavendra Mootah will be Rupees 5172 a/2 which Simhadry and Venkadry Apparow agree to pay direct into the Treasury from the Current Fusly, and request that the Estate may be registered in their names.

To the Bd. 23d. June 1813.

3. I am aware of no objection to a compliance with the proposed arrangement which has been effected with some difficulty, and as it will moreover prevent any further complaints which I have had repeatedly preferred to me, relative to the non payment of the Noozeed Zemindar of the allowance or the arrears thereof, I beg to recommend the same for adoption, and to

Fort St. George 18th May 1816.

be favored with the Board's instructions for registering the Mootah in the joint names of the transferees receiving the proportion ate Peishcush thereon from them.

No. 1.

Translation of an Arzee addressed to R. J. Porter Esqre Collector in the Zillah of Masulipatam by Rajah Sobanadry Apparow Bahadur Zemindar of Noozeed &c.

Dated 15th March 1816.

Agreeably to a Samakhia Paper or Deed of Assent entered into by us before the Honorable Adam Governor, (when he had come to this part of the Country on his Circuit) under date 4th February 1835 engaging in it, that I will continue to pay to Rajah Simmadry Apparow and Venkatadry Apparow, the Sons of my uncle the late Rajah Narsimma Apparow; a Monthly allowance of 200 Rupees and a sum of 2000 Rupees for the performance of their Marriages, the Amount of Rupees 26,670 15 6 is due by me for the period of

Fort St. George 18th. May 1846.

of 11 Years, 1 Month, and 11 days from the afore: said date up to 11th. March 1846 on account of the Monthly allowance at 200 Rupees per Month as well as the sum of of 2000 Rupees on account of their matrimonial ceremonies — amounting together to Rupees 28,670—15—6, from which the Sum of Rupees 6,200 paid by me in the Huzoor Treasury at different times, which has already been received by them, being deducted, there remains a Sum of Rupees 22,470—15—6. due by me on that account, besides the Monthly allowance at 200 Rupees per Month to be paid hereafter. Of which the terms stipulated both by me and the said Rajah Simmadry Apparow and Ven: katadry Apparow for the Settlement of this case are as follows.—

1st Of the arrears of allowance fallen due by me to Rajah Simmadry Apparow and Venkatadry Apparow up to 11th. March 1846. being Rupees 22,470. 15—6. I have entered into an agreement with them with conditions that I will pay to both of them a Sum of Rupees 4000 " " by two instalments Viz. 2000 Rupees on 15th. July of this year, and 2000 Rupees on 15th. July 1847. and that in lieu of paying in ready Cash the re: maining Sum of Rupees 18470—15—6, as well as

Fort St. George 18th. March 1846.

as the allowance at 200 Rupees to be paid by me in every Month hereafter, I have with my free will, alienated to them the Inoolah of Chavendra, consisting of 6 Villages, Viz. Chavendra, Penjendra, Gonnoor, Gunnavarum, Tandegadapah, and Penamakoor (inclusive of Sevars or Hamlets and Gardens dependent thereon) appertaining to Pentapaud Zemindary belonging to me, to be continued to them permanently as a Zemindary from Fusly 1255 that they will pay the Cirkar Peishcush payable on that Inoolah themselves, consequently we both have now exchanged Pareekutts or Deeds of Acquittal between us on this very date, agreeing that Rajah Simmadry Apparow and Venkatadry Apparow, their descendants, heirs or their Successors, shall cease for ever to advance any claim against me, my descendants, heirs, or successors regarding any transaction of whatever Kind or for the allowance in question in any way whatever. I affixed to it my seal and Signature, got the same attested with the signatures of competent mediators as witnesses, and exchanged the Deeds in the presence of the said Witnesses consequently we both have agreed that on

we

we shall have no more claims on each other under the pretext of any demands. A copy of the said Deed of acquittal is herein enclosed for your Honors perusal.

2. We have agreed that no claim on account of the Interest due on the said arrears of allowance, can be brought by them, which circumstance will be made known to your honor by their Arzee of this date.

3. We have also agreed that Rajah Simmadry Apparow and Venkatadry Apparow shall collect the sum of Rupees 1667-7-0 being the sum remaining due from the Ryots of the said Mootah while under my Management in Fuslies 1253. and 1254. as per Hisaub Q.ou. accounts in possession of the Cumums, after deducting the receipts already collected on account of Sist, that they shall reimburse the said sum to me in the Amount of the 2d. Instalment of 4000 Rupees agreed by me to be paid to them in ready Cash, further that I will make good myself to the Circar the proportionate Amount of Arrears of Peishcush which may be fallen due on this Mootah after deducting

deducting the Amount collected on account of Peishcush due on Pentapaud Zemindary during the said 2. Fuslies.

4. We have also agreed that as the said Mootah has been put in possession of Rajah Simmadry Apparow and Venkatadry Apparow from Fusly 1255. if there remains any surplus in the Collections in my possession, which were already collected by me in this year on account of Current Sist, after deducting therefrom the Amount of Tuckavy advances made to the Ryots, the Charges on account of repairs to Tanks, Tanah Sibbendy Salaries and the other occasional expenses required for the Revenue Management, the same will be reimbursed to them by me; that in case of the Collections already made by me, be inadequate to meet the said Charges, they should make good the same to me; that out of the Peishcush of 68000 Rupees now fixed on Pentapaud Zemindary, the proportionate Amount which may fall against Chavendra Mootah, shall from Fusly 1255 be paid by themselves for the

the present and the correct amount of a Peishcush which may be stipulated in future on the said Chavendra Mootah by a Settlement of Sub division accounts, shall be paid by themselves in every year.

5. As we have entered into the said engagements for the purpose of avoiding any future dissensions, we beg leave to request that your honor will be pleased to submit our Prayers to the Board of Revenue and obtain their sanction, to get the right of the said Chavendra Mootah registered in your Cutcherry in the names of Simmadry Apparow and Venkatadry Apparow and continue to receive the Annual Peishcush due thereon from themselves, allowing it to be enjoyed by them from generation to generation.

(Signed) Rajah Sobanadry Apparow.

No. 2.

Translation of an Arzee addressed to R. T. Porter Esqr. Collector in the Zillah of Masulipatam by Rajah Simhadry Apparow Bahder Zemindar and Venkatadry Apparow Zemindar of Ellore &c.

Dated 15th. March 1846.

1. As we have advanced a claim

from the time of our father for the recovery of a share according to justice in the Nedavole and Noozeed Estates, the Honble. Governor Sir Frederick Adam when he came on his tour to this Northern part of the Country, received Samakheya a paper from both Zemindars on the 4th. February 1835, agreeably to the terms therein stipulated, the Honble Government on the 2d. May 1843. directed in their Minutes of Consultation, Extract of which was forwarded to your honor through the Board of Revenue, that Rajah Sobanadry Apparow Bahader Zemindar of Noozeed, should pay to us a Monthly allowance of Rupees 200 and Rupees 2000 on account of Marriage Ceremonies. From which time, notwithstanding your honor issued Enoyetnamahs to that Zemindar, independently of your personal injunctions, the allowance &c. due to us from him not having been regularly paid to us, your honor having Subsequently under the instructions received from the higher authorities, issued Enoyetnamahs to him and personally ordered him while you were at Weyore, as regards the payment

Fort St. George 18th. May 1846.

payment of the same, he (Rajah Soobbarawdy Apparow) satisfied us as follows. with re-
respect to the payment of the Arrears
being the balance due to us by him on ac-
: count of the allowance &c. as well as the
Monthly allowance of Rupees 200 to be enc-
: forward paid to us.

2. Of the Sum of Rupees
28,670-15-6. Viz. Rupees 2,670-15-6. on account
of the allowance to be paid to us at Rupees 200
per Month from 4th. February 1835 up to 11th.
March 1846. being 11 Years 1 Month and 11
days; and Rupees 2000 determined to be
paid for the performance of our marriage
Ceremonies, the Amount of Rupees 6,200
-- which we have already received through
your Treasury into which he paid the
same at different times, being deducted,
the remaining amount of Arrears being
Rupees 22,470-15-6. and the Monthly
allowance of Rupees 200 to be paid to
us hereafter being due to us by him,
he (Rajah Sobhanadry Apparow) has
this day agreed to pay to us by two
instalments the Sum of Rupees 4,000
Viz. Rupees 2,000 on the 15th. July of the
Current

Fort St. George 18th. May 1846.

Current year, and Rupees 2,000 on the 15th. July
1847. ensuing, in liquidation of the Amount
of the said Arrears, being Rupees 22,470-15-6,
and so executed to us an agreement to that
effect.—

3 We in order to prevent the
necessity of paying to us in ready Cash the
Amount of the balance on account of Arrears
Rupees 18,470-15-6. remaining after deducting
the said 4000 Rupees surrendered to us in lieu
of the same with his free will and en
consent, the Inoolah of Chavendra comprising
6 Villages, Viz. Chavendra, Periyendra, Gonnoor
Gunnaveram, Tandegadapah, and Peramankoor
appertaining to the Pentapandoo Zemindary
belonging to him, with a view to our
enjoying in perpetuity the said Villages and
their hamlets inclusive of the Gardens from
generation to generation as a Zemindary from
fusly 1255. paying ourselves the Peishcush
Amount thereon due to the Circar and we, as
well as Rajah Sobhanadry Apparow have
accordingly caused two Pauree†kuts to be drawn
out stipulating in the one that we, our le-
: scendants, and successors shall cease for
ever to make any demand in future
in any way whatever from Rajah
Sobhanadry

†deeds of acquittals.

Fort St. George 18th. May 1816.

Sobhanadry Apparow Bahadur, his descen:
dants or Successors, whereas in the other
that neither Rajah Soobhanadry Ap:
parow nor his descendants and successors
shall for ever in any manner whatever
make any demand from us, our descendants
and successors as regards the right of the
said Chavendra Mootah and we have
affixed our seales and Signatures on the
same and also got them attested with the
signatures of respectable and credible
witnesses in whose presence we have
exchanged them Copy of the Pauchut
in question is herein enclosed for your
perusal - We have further engaged to
forego the claim on the said Zemindar,
on account of the interest of the arrears.

4 We have moreover determined
that we ourselves should collect the Sum
of Rupees 1667-7-- being the balance out
standing on account of the Sist due
to him (Rajah Soobahanadry Apparow)
according to the Beisaib Accounts in
profession of Curnums, by the Ryots of
the Villages of Chavendra Mootah in
Fuslies 1253 & 1254 during which he had

managed

Fort St. George 18th. May 1816.

managed, that the said amount should
be remitted by us to him, in the Amount
of the second instalment stipulated for
paying to us the sum of Rupees 4000 --
agreeably to the Agreement entered into by
him as alluded to above and that the
proportionate Amount of the balance out:
standing on the Chavendra Mootah due to
the Circar on account of Peishcush for the
said Fuslies 1253. and 1254 on the Peishcushdoo
Estate should be paid by him (Rajah
Soobahanadry Apparow) without any occa:
sion for us to pay the same.

We have likewise resolved
that as the Management of Chavendra Moo:
tah having been carried on by him from the
commencement of fusly 1255. up to this time,
he must remit to us the surplus Amount
should there be any on account of the
Current Sist which he had been collected, after
deducting the Amount of the Tuccavy
advances made by him to the Ryots
for the Current year, the outlay paid on
account of works of repairs executed
to the Tanks &ca as well the wages of the
Establishment entertained for the said

Mootah

Fort St. George 18th. May 1846.

Inootah, as any other emergent expenses attendant on the security of the revenue management that in the event of the Amount of Collection not being adequate to cover the charges above adverted to, we should remit the same to him; and that we must continue to pray to the Circar from the commencement of fusly 1255 or at present, the Amount of the Peishcush that may be fixed on the Chavendra Inootah composed of the said 6 Villages the Annual Peishcush fixed on the Pentapandoo Estate being at present Rupees 68,000 as well as in every year from the time the Peishcush Amount might be fixed on the Inootah in question with reference to the Peishcush that may be hereafter determined according to the Subdivision Accounts.

6. As Rajah Soobanadry Apparow Bahadur has this day addressed an arzee to your honor representing that she made us consent as above set forth and requesting your honor to communicate this circumstance to the Board of Revenue and obtain their sanction to put the

Fort St. George 18th. May 1846.

Villages in question in our possession, to Register the Right of Chavendra Inootah in our names in your Cutcherry, and receiving from the Peishcush Amount payable to the Circar on the said Inootah, to allow its right to descend to our posterity from generation to generation, we duly agreed to carry out the above matters into effect, and beg to represent these circumstances to your honor through this humble Arzee.

7. We therefore humbly beg to solicit your honor that you will, after perusing the said two Arzees, submit your kind recommendation to the higher authorities and obtain their sanction to bring the foregoing into force.

8. We have moreover to represent that

Fort St. George 18th May 1846.

that in the event of any objection being raised to violate the due execution of any of the terms above referred to, as to the constitution of the right of Chavendra Mootah upon us, your Honor will consider that our claim which has hitherto been hanging over Rajah Sir Simhadry Apparow on account of the Amount of Allowance &c due by him to us, continues inviolate, the Paureekutts drawn out by him and us being considered null and void without being brought into force. Please to comply with our request.

Collector

Fort St. George 18th May 1846.

No 3

Translation of a Paureekutt or Deed of Acquittal jointly executed by Simmadry Apparow, Sobanadry Apparow, and Venkatadry Apparow. Dated Sunday the 2nd of Decreasing moon, Paulgoonum of the year Vismaavasoo or Fusly 1255.

Simmadry Apparow and Venkatadry Apparow state that

Agreeably to the Samakhia Paper or Deed of Assent presented before the Honorable Adam Governor when he came to this part of the Country on his tour of Circuit under date 4th February 1835, engaging in it that you will pay to us a Monthly allowance at 200 Rupees to us every month, and a sum of 2,000 Rupees for the performance of Marriages, from the Aggregate Amount of Rupees 28,670-15- &c due by you, Viz. 26,670-15- &c on account of the Monthly allowance fixed to be paid to us every month at 200 Rupees for the period of 11 years 1 Month and 11 days from the above date up to 14th March 1846, and the sum of 2000 Rupees on account of Marriages, the sum of &c 200 Rupees paid by you heretofore at different times in the Treasury of the Collectors Office and which has already been received by us being deducted, the arrears on that account still due to us amount to Rupees 2270-15- &c besides the allowance of 200 Rupees payable to us hereafter every month, of which the Settlement amicably effected between us and the Conditions stipulated for that purpose are

Fort St. George 18th May 1846

are as follows.

1. Out of the 2 2,470-15-6 being the arrears of the Monthly allowance remaining due to us by you, as you have agreed to pay to us 4 000 Rupees in ready Cash by 2 instalments, Viz.t, 2 000 Rupees on 15th July of this year and 2,000 Rupees on 15th July 1847, and on this very date as you have executed a Kararnamah to that effect in both our names, and for the payment of the remaining arrears of Rupees 18,470-15-6 - as well as the Monthly allowance of 200 Rupees p.r Month, as you have satisfied us without being under the necessity of paying to us the said sum in ready cash and in lieu whereof you have alienated to both of us the Mootah of Chavendra appertaining to Pentapand Purgunah which is Composed of 6 Villages, Viz.t Chavendra Village of Ennacottah Purgunah, Penjendra Village of Goodevadoo Gonnoor Village of Culdindy Purgunah, Gunnavaram Village of Pittorzully Purgunah, and Tandegadoo and Punamakoor Villages under Madoor Purgunah including Senars or Hamlets Gardens &c.a dependent thereon, we have also given our consent to these conditions, so that ourselves, our Heirs, descendants or successors may cease forever or at any time to advance any claim against yourself, or your Heirs, descendants or successors regarding the allowance, or any other transaction of any kind whatever, and in pursuance to the said conditions, Arzees have also been addressed by us in the name of the Collector in the Zillah of

Fort St. George 18th May 1846-

of Masulipatam on this very date

2 We have also relinquished the claim on account of Interest due to us on the said arrears of allowance, and so we have stated the same in the said Arzee addressed by us to the Collector of Masulipatam-

3 We have likewise agreed to Collect ourselves the sum of Rupees 1,667-7-" being the arrears of last remaining due by the Ryots of this Mootah on account of Fuslies 1253 and 1254, while it was under your Management and to reimburse the same to you in the amount of the 2.nd Instalment due by you to us in ready Cash on account of the 4000 Rupees make good to the Circar yourself the arrears of Peishcush which may fall on this Chavendra Mootah according to the proportion on account of arrears of Peishcush due by you to the Circar for Fuslies 1253 and 1254, but we can have no concern to pay anything on this account-

We further agree that as the said Chavendra Mootah has been put in our possession from Fusly 1255, we will take possession of the Resources thereof, and should there remain any excess collections in your possession on account of the sums collected by you from the current resources of these Villages after deducting therefrom the Tackavy advances the charges of Repairs to tanks &c.a and the salaries

Fort St. George 18th May 1846-

salaries of Tanah Sibbandy, as well as other occasion-
-al expences connected with the Revenue
management, we will receive the said sum
of excess collections from you, and in case
of the Collections already made by you on
account of the Current Fisli be inadequate
to meet the charges referred to, we will
make good the same to you, also that exce-
-ing to the proportion of 6 & 000 Rupees of
Peishcush temporarily fixed on the Pentapo
Purgunah, the amount of annual Peishcush
which may fall due on Chavendra Mootah
will from the present time or from Fuoly 1255
be paid by ourselves, as well as the correct
amount of Peishcush which
be fixed on it by the settlement of Sub division
accounts every year successively-

5 As we have entered into conditions
referred to above for the purpose of avoiding any
dissensions for the future, we have agreed
for these conditions with our free will, and
will attend to act pursuant to these
conditions.-

Sobanadry Apparow states, that
as I agreed with all my heart to all the
conditions herein above prescribed and made
over to you the Zemindary right of the 6 Villages
of Chavendra Mootah, I, my heirs, —
and descendants will never advance any
claim for ever at any time in any way whatever
against you, your Heirs, and descendants —

Ordered that the foregoing letter be
submitted with the following address.

34-35

To the Chief Secretary to
Government
Sir

With reference to the correspondence noted

To the Chief Secy. to Govt. Submitting a letter from the Collector of Masulipatam Communicating certain arrangements entered

Fort St. George 18th May 1846.

entered into by the Nozeed Zemindar and his Nephews Timbadry Apparaw and Venkatadry Apparaw and recommending that the measure may receive the sanction of Govt and that the Mootah of Chavendra proposed to be transfered by the Zemindar to his Nephews be registered in the joint names of Timbadry Apparaw & Venkatadry Apparaw—

noted in the margin I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter (21st April 1846) from the Collector of Masulipatam communicating the arrangements lately entered into by the Nazeed Zemindar and his Nephews Timbadry Apparaw and Venkatadry Apparaw.

From this it will be seen that in lieu of the monthly allowance of 200 Rupees and of all the arrears Rupees 18,470-15-6- due to them the Zemindar has engaged to pay to them in perpetuity the Mootah of Chavendra forming part of the Pentapaud Peryaniah lately transfered from the Zemindary of Neddadavole to that of Nozeed Timbadry Apparaw and Venkatadry Apparaw have on their part consented to receive the 4,000 Rupees and the Mootah in full of all demands upon their whole past and future and the necessary agreements have passed between the parties. The Peishkesh which as has been ascertained from the sub division accounts of Pentapaud now nearly completed will be fixed upon the Chavendra Mootah is Rupees 6,172 and Timbadry Rao and his brother have undertaken to discharge this assessment from the Current Fusly. The Collector recommends that the arrangement be confirmed as calculated to prevent any further disputes between the parties, and requests orders for registering the Mootah of Chavendra in the joint names of Timbadry Apparaw and Venkatadry Apparaw.

The Board beg to advise that the measure may receive sanction and the Mootah be registered accordingly. It should however be explained that the balance of Revenue for Fushies 1253 and 54 at present outstanding upon the whole Pergunnah of Pentapaud Rs. 43,263-9-1 ar[illegible] if this be apportioned upon Chavendra in the proportion borne by its proposed assessment to that of the whole Pergunnah, the arrear against the Mootah would be Rupees 3290-9-2.

The Nozeed Zemindar has engaged to liquidate this balance but in making the Mootah over to its new proprietors it should be distinctly intimated to them that the transfer does not free the property from any of its former liabilities and that should the Zemindar fail to discharge the arrears upon Chavendra as he has promised that estate itself with any other property belonging to its new holders will be answerable for the balance.

(36)

Sir,

From the Collector of Guntoor—

With reference to my letter of the 1st Instant para 2 I have the honor to report for the information of the Board that the Mutrazand Chilkaloorpaud Zemindars have sent in agreements in the forms prescribed relinquishing all demands upon their former Subtenants—

2. The Suttenapully Zemindar after being twice written to replied in a long irrelevant and disrespectful Arzee that there was no necessity for requiring such an agreement. I have however again written to him to send it.—

3. The Repally Zemindar was also twice written to and in reply to the last Enquiry he has professed himself ready to conform to any instructions that may be given him but after giving a long string of reasons for not sending the agreement, concludes without sending it.—

4. The Vaspreddy Zemindar in an Arzee dated 22d April says he is ready to sign

Fort St. George 18th May 1846.

sign the agreement but proposes at the same time to assign his personal effects to the Government to prevent their being seized by private creditors. A motion made by the Government Vakeel to assert the prior claim of the Government on the Zemindars effects attached as reported in my letter of the 18th February was rejected and the Warrant ordered to be executed - I have written to him to know whether he wishes his personal effects to be attached on account of Government.-

5- The result of the renewed call upon the Zemindars who have not signed the agreements shall be duly reported.-

Guntoor Collector's ----- Cutcherry on Circuit ---- Dindy 25th April 1846 } (Signed) H. Stokes Collector

Resolution thereon.- The Board of Revenue will await the result of the renewed call made by the Collector upon those Zemindars who have not signed the agreements but it is desirable that the issue of this further application should be communicated to this office at an early date.-

Resolution thereon (38-39)

The Board direct that the sums referred to in the foregoing letter be carried to the credit of Government.

Read again letter from the Collector of Bellary dated 3rd March and entered in Consultation 4th Instant.—

Ordered that the abovementioned letter be submitted with the following address.

To

The Chief Secretary to Government

(40)

To the Chief Secretary to Government

Submitting with reference to Extracts Minutes of Consultation dated 25th October 1825 requesting the Board to explain why an estimate of the Veesabaddy of the Bellary District for the next 5 years founded on past receipts has been substituted for one based on the useful and important data contemplated by Regulation IX 1818 a letter from the Collr. of that District on the subject

Sir

I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes Consultation 25th October 1825 requesting them to explain why an estimate of the Veesabaddy of the Bellary District for the next five years founded on past receipts has been substituted for one based on the useful and important data contemplated by Regulation IX 1818 and in reply to submit for the consideration of the Most Noble the Governor in Council the accompanying Answer given by the Collector of Bellary to the reference made to him by the Board upon the subject.

2. It will be seen that Mr. Mellor states, that in the year 1806 an Estimate was formed by the then Principal Collector in the manner and on the data prescribed by section III of the Regulation, but no document of a similar description

subject & recommending for the stated reasons that the estimate may be sanctioned.

description would appear to have been ever prepared by his successors in Office who in fixing the aggregate amount of Veesabuddy have taken the collections made up to the time as the data to go upon. This principle was followed by Mr. Principal Collector Robertson in the estimate submitted by them 18th August 1830 being it would appear the first application made from the District in regard to the Veesabuddy maximum after the promulgation of Regulation IX 1818. The same course was pursued in regard to the quinquennial estimates submitted at two subsequent dates November 1835 and August 1840 and these as well as that framed by Mr. Robertson have received the sanction of Government.

Sub con 30th Augt. 1830

From Coll. 24th Nov. in Cons. 7th Dec. 1835

From Coll. 19th Augt. in Cons. 10th Sept. 1840.

3. The Collector of Bellary next remarks on the difficulty of framing the Veesabuddy estimate precisely upon the data referred to by Government Viz. "the Exports and Imports, population produce and consumption and the annual profits of trade combined with a consideration of the general circumstances of the several descriptions of persons liable to the payment of Sasc." The abolition of the general Inland Town, and of most of the Frontier duties and discontinuance of the Accounts connected with

them has he observes left the Revenue authorities of the Bellary District in almost total ignorance of the amount of trade carried on in, or passing through it, a knowledge of its produce Exports and Imports and of the extent of its trade is under existing circumstances impossible.

Regulation IX 1818 Section 4.

4. Again it is Mr. Mellor remarks enjoined that the amount of Veesabuddy when fixed shall not be liable to alteration oftener than once in five years but it is by no means imperatively required that a revision of the preceding estimate or examination of the data on which it was founded should take place at every quinquennial period. It is desirable indeed that changes should be made as rarely as possible, and only when there are grounds for supposing that the amount is either so high as to be burdensome to the contributors or lower than justice to the Government would demand. It does not appear that the amount of the Veesabuddy which has been realized in Bellary during the last five years is open to either of those objections and there consequently would seem no reasons why the same amount to be demanded for the ensuing five years.

years should differ materially from the Collections of the preceding five Fusslies.

5. The principle on which the Veesabuddy Jaze was originally assessed in the Ceded Districts, & the changes which have taken place in it since its introduction will be discussed in the Board's report upon the general question.

Fusly.	Rupees			
1240—44	112600	14	11	in Cons. 16th September 1830
1245—49	112000	15	11	in Cons. 24th December 1835
1250—54	112000	24	11	Sept. in Cons. 5th October 1840.

Meanwhile they would beg to remark that as shewn in the margin the amount of the several estimates for the Veesabuddy of the Bellary District sanctioned by Government for the three last quinquennial periods is the same and that the fluctuations which have taken place in the settlement of this branch of Revenue during the last 15 Fusslies have been altogether inconsiderable. That this settlement has not been excessive may be inferred from the regularity with which it has been realized. There is no balance under this head upto Fusly 1253 and the total amount of remissions both of Veesabuddy and Motarpha

Fusslies	Settlement

Average of the 15 years	110657	9	1

6676 Fort St. George 18th May 1846.

Motarpha conjointly from Fusly 1240 to Fusly 1253 was only Rupees 1629-2-4- The estimate lately laid before Government is of the same Amount as those sanctioned in Fusly 1240-1245-1250- respectively, and as this demand does not seem unreasonable, as the Regulation does not require a revision unless some cogent cause be shewn, and as from the discontinuance of the Inland Custom returns the revision would be a matter of great difficulty the Board beg again to recommend Mr. Mellor's estimate for sanction- They would further submit that a remission of this tax would at the present moment at least be unadvisable. It will be seen from the Collector's letter of 5th September last that the late abolition of the Motarpha

From Coll.r 5th in Cons.r 22d Sept.r 1845.

In Cons.r 22d Sept.r 1845.

Fort St. George 18th May 1846.

under Act. LXIX of 1846.

Moturpha in the Bombay Presidency has given rise to a feeling of discontent and opposition to the Ves=sabuddy on the part of the Merchan=ts in the frontier Talooks of Bella=ry adjoining the Dharwar and Bel=gaum Districts any change therefore or any enquiries tending to attract public attention to this source of Revenue in Bellary wou=ld under present circumstances appear to be ill timed and inexpedient.—

From the Collr. of Bellary ---

Sir,

Submitting for reconsidera=tion of the ex=pediency of Establishing the sale of arrack at Cudbah Gooty Copy of a Cor=respondence with the Bri=gadier General Anderson Com=manding C. D. on that Sub=ject and Re=questing early orders thereon.—

From the Collr. of Bellary to the Bd. dated 29th June 1844.
Board's Proceedings thereon 8th July. Do.
Do. Do. 14th July 1845.

Referring to the Correspondence noted in the Margin I have the honor to submit for the reconsideration of the Board Copy of a letter which I addressed to Brigadier General Anderson and of his reply thereto, relative to including in the Abkary rent the Cudbah Gooty.—

2 General Anderson concurs with me in opinion that the prohibition of the sale of Arrack at Cudbah Gooty is of no advan=tage whatever in preventing the Troops from obtaining Liquor in any quantity and states that he thinks it would be advisable to establish the Abkary contract there, and that the Re=venue to be derived therefrom should go to the State as Appointed such instead of en=riching Clandestine dealers.—

3 As it is not advisable that the Government should loose some thousands of Rupees fairly offered by the intending Contractors and as I wish to save it for the benefit of Government I request I may be informed of the result of

Fort St. George 18th May 1840

of the reconsideration of the matter as early before the ensuing sale of the rent in the Commencement of June next as may be practicable.-

Bellary District Collrs Office on Circuit Ramanadroog 20th April 1840

/Signed/ A. Mellor
Collector.

No. 1.-

To,

Brigadier General L. Anderson
Commanding the Ceded Districts.
Ramanadroog.

Sir,

1 With reference to the letters noted in the margin and to the correspondence which has subsequently passed I have the honor to request your reconsideration of that matter.-

2 The total prohibition of the sale of Arrack at Casbah Gooty is a clear loss of Revenue of about 2000 Rupees to Gouernment and I believe is not of the slightest advantage whatever in preventing the Troops from obtaining arrack in any quantity they require. It has I believe been long conceded that when spirituous liquors are sold clandestinely there is a greater consumption than when under proper regulations the sale is conducted in an open manner. General Woulfe was not I believe very decided in his opinion

Ld. Woulfe dated 8th June 1844. No. 404 From Dr. 10th Dr. No. 100.

Fort St. George 18th May 1840.

and was probably induced to think a change unadvisable in consequence of the very short time for consideration which circumstances permitted I would therefore suggest that you will give the matter your consideration and should it be possible save the money to Government instead of allowing it (which I fear is now in a great measure the case) to enrich the clandestine dealers.-

Bellary District Collrs Office on Circuit Ramanadroog 30th March 1840

/Signed/ A. Mellor
Collector

No. 2.-

To,

A. Mellor Esqre
Collector of Bellary

Sir,

1 I have the honor to acknowledge the receipt of your letter of the 30th Ultimo, No. 291, and subject as per margin and having given the measure you propose the most mature consideration the conclusions I have arrived at are as follows.-

Regarding the Abkaree Contract at Casbah Gooty

1st That in so extensive and populous a place as Gooty it will be impossible to prevent the illicit sale of Arrack and Toddy which are procurable in great abundance in the vicinity and which being clandestinely introduced though not

Fort St. George 16th May 1840.

not exposed publicly for sale are always to be obtained in private dwellings as in many instances was recently proved and found to be so destructive to the health, morals and discipline of the Troops:-

2nd That while the Troops stationed at Gooty are individually located wherever they can obtain shelter throughout the Town altogether independent of Control. They must continue to be in a lesser or greater degree exposed to the temptation of indulging to excess and that whether the Abkary Contract at Cusbah Gooty be publicly sold and a revenue derived to the state of 2000 Rupees or more annually or whether that revenue be lost to Government and the present inefficient system be continued the injury to the health and discipline of the Troops must be much the same so long as they are scattered over the whole town and living without Control or supervision.

3d Under these circumstances and in the absence of any regulation which provides for the expense of locating the Detachment in Garrison at Gooty in Lines on an eligible site where they would be under the entire Control of the Officers and not exposed as at present to the evils adverted to I would earnestly suggest that Government

Fort St. George 16th May 1840.

be solicited to sanction the outlay of 1200 Rupees for the erection of lines for the accommodation of the Troops in a locality which I fixed upon when last at Gooty. The amount to be paid from the Abkaree revenue as realized in one two or three payments.-

4th The above sum would I conceive be sufficient to erect permanent lines for the Detachment and no further expense would be incurred by the public on that account as the occupants would be required to keep their houses in repair.-

5th Under any circumstance and concurring in opinion with you that the prohibition of the sale of arrack is of no advantage whatever in preventing the Troops from obtaining liquor in any quantity, I have no hesitation in stating that I think it would be advisable to establish the Abkaree Contract at Cusbah Gooty and that the Revenue to be derived therefrom should go to the state instead of enriching the clandestine dealers.-

6th In Conclusion I beg to add that as the subject of this letter is connected with the quartering of the Troops it will be my duty to forward a copy of it to the Quarter

0682 Fort St. George 18th May 1840.

Collector.

Ordered that the foregoing letter be submitted with the following address:-

To
The Chief Secretary to
Government

Sir

(41-42)

To the Chief Sec.y to Government

Submitting a letter from the Collector of Bellary and recommending that the privilege of retailing Arrack and Toddy in the Town of Gooty be rented out under the Provisions of Regulation I 1820 in the same manner as the Abkarry of the other Towns in that District.

20th April 1846 Rec.d 30th

I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Bellary recommending that the sale of Arrack be established at the Town of Gooty in his District and transmitting Copy of Correspondence which has passed between him=self and the Officer Commanding the Ceded Districts on the subject:-

2. Gooty has for some years ceased to be a Military Cantonment - but the retail sale of Arrack and Toddy has not been allowed within that Station from the apprehension that it might be prejudical

From Collector of Bellary
29th June 1844 Enclosure
No. 2
In Cons.s 8th July 1844.

0683 Fort St. George 18th May 1840.

to the health and good order of the few troops quartered there - In 1844 Major General Woulfe at that time Commanding the Division in reply to a reference made to him by the Collector expressed himself in some degree averse to the opening of Arrack and Toddy shops at the Station - Mr. Mellor has since brought the question under the consideration of Brigadier General Anderson at present in Command of the Ceded Districts and it will be seen that that Officer concurs with the Collector that while the prevention of the Public sale of Arrack in Gooty has been attended with an annual loss to Government of fully 2000 Rupees it has in no way conduced to the well being or discipline of the troops stationed there who have ample opportunities of procuring liquor from illicit sources.-

3. Under these circumstances the Board beg to recommend that the privilege of retailing Arrack and Toddy in the Town of Gooty be rented out under the provisions of Regulation I 1820 in the same manner as the Abkarry of the other Towns in the Bellary District.-

(43)

From the Collector of Bellary — Sir, Para 1.

Requesting with reference to the Boards Circular letter of the 30th March last information on certain points as regards Money allowances Yeomiahs Personal and Charitable grants deducted from the Kistbundy Beriz.

By your Circular letter of the 30th March last I am called upon to state whether besides the Ready Money allowances or Pensions more immediately referred to in the Boards' Circular letter of the 1st June 1839 there are any others in my District of the nature of yeomiahs personal and Charitable Grants with or without service annexed which have been paid by deduction from Kistbundy Beriz either of the Land Revenue or of any of the Extra sources. It is not clear to me what constitutes the Charitable Grants so here referred to. If the expression "Charitable Grants" is meant to refer to allowances granted to Pagodas Mosques or other Native Religious Institutions there are some of that description in this District deducted from the kistbundy Beriz. I therefore request early information on the above points.-

2

If the Boards reply be in the affirmative I shall submit a report on all such Grants detailing the particulars of each with a view to their being in future put on

Fort St. George 18th May 1840.-

the same footing with those numerous other Institutions which are at present in the receipt of money allowances issued direct from the Hoozoor Treasury and the payments of which allowances are subjected to the usual check and audit being entered in the monthly accounts.-

3. The few Grants above specified it will be observed are exhibited under Colm. 192 of the Statement No. 5 which accompanied my Summabundy Report for fusly 1254.-

Ordered that the foregoing letter be submitted with the following address.-

6687 Fort St. George 18th May 1840.

To,
The Chief Secretary to
Government.-

(45-46)

To the Chief Secy. to Government—

Submitting a letter from the Acting Collector of North Arcot on the subject of the Construction of a Dustwundum Tank in the Cavery pauk Talook by Mooneyapah Chetty and supporting his recommendation that permission may be granted to enable him to proceed in the execution of the work on certain specified terms and Conditions.—

Sir,

I am directed by the Board of Revenue to request that you will submit for the Orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of North Arcot on the subject of the construction of a Dustwundum Tank in the Cavery pauk Talook of that District by Mooneyapah Chetty and recommending under the circumstances that permission may be granted to enable him to proceed in the execution of the work on certain specified terms and Conditions

From the Acting Collector 9th April in Consn. 18th May 1840

From Collector 2d. in Cons. 15th August 1842.
To Collector 29th August.-

2— On a reference to the former correspondence noted in the margin which has passed on the subject it will be seen that the applicants request to construct the Tank in question was submitted to the Board thro' the Collector in the year 1842, when it was observed by him that the expence necessary to repair the former work of irrigation upon the site of which it was proposed to construct the Dustwundum Tank rendered it desirable that the work should be undertaken by Mooneyapah Chetty rather than by Government.- The Board concurred in considering that there was no obstacle under the explanation furnished by the Collector to the acceptance of Mooneyapah Chetty's proposals as soon as equitable arrangements could be made with regard to certain objections which were raised by the Ryots to the work and they thereupon authorized

authorized him to enter into engagements with the applicant as soon as the differences in question could be satisfactorily adjusted between the parties on the following terms Vizt. "that a Computation should be "made of the extent of land that the Tank would "suffice to irrigate, and one fourth of that extent "be given to the Dustuandadar, the Calculation of the "land and the consequent extent of the Enam to be "however liable to Correction if found erroneous "after one or two years trial - the remaining 3/4 of "the lands to be Cultivated and brought to account "in the same way as other Nunjah land irrigated "in the ordinary Methods."

To Collector 14th April 1845.

3 No further steps appear to have been taken until Mooneyappah Chetty addressed the Board by Petition when the Collector was called upon to state whether any objections existed to allowing him to proceed with the work on the terms above specified and also whether any expenses had been actually incurred for providing materials for the construction of the Tank.-

4. In reply the Acting Collector now states that under arrangements entered into with the Ryots all opposition to the work having been withdrawn and the Petitioner having actually laid out 450 Rupees for materials, exclusive of other Charges incurred by him he begs to recommend compliance with his request to construct the Dustuandem Tank upon the terms already conditionally authorized.-

Infons 25th June 1844.

5. The Board are aware that Government in Extract Minutes Consultation under date 13th January 1844 directed that in future the rules previously in force for regulating Dustuandums should not be applied to new works but that henceforth they should cease even in Districts where they hitherto obtained - adverting however to the Circumstance that in the case under Consideration the application was made and favorably

entertained by the Collector and the Board previously to the receipt of the late orders of Government just quoted, and referring also to the fact that a considerable outlay has been incurred for the purchase of Materials and other expenses incidental to the work, the Board beg to support the Collectors recommendation that as a special instance the sanction of Government may be granted for the performance of the undertaking upon the terms and conditions above mentioned, on the understanding that in the event of any failure or neglect by Mooneyappah Chetty to keep the Tank in due repair or otherwise non fulfilment of the terms of the grant that the Enam will be permanently resumed and the repairs entrusted to the Maramut Department.-

6. In the event however of the Most Noble the Governor in Council being of opinion that the prosecution of the work on the terms now recommended is open to objection the Civil Engineer might be called upon to report upon the project and if advisedable, instructed to purchase the materials provided by Mooneyappah Chetty at a valuation.-

From the Asst. Coll.r of North Arcot

Sir,

Para 1

With reference to the Extract from the Proceedings of the Board of Revenue bearing date the 15th May 1845, giving cover to an Extract from the Minutes of Consultation of the 5th April 1845, No. 1546 and its accompaniments I have the honor to report that the Village of Maungaud in the Arcot Taluk enjoyed by the late Subadar Major Mahomed Surwur Khan has been registered in the name of his son Goolam Mootoozah-

2. I have the honor to request with re-ference to the correspondence noted in the margin the instructions of the Board of Revenue regarding the right therein reserved "to effect a new settle-ment for the extent of Cultivation in the waste land of the Village of Maungaud with Mahomed Surwur Khan Bahader Hamdar Jungs' successor" It will be seen the late incumbent held the Village on payment of the difference between the amount of his original Enam Rupees 886-8-0 and the average net revenue at the time the Village was made over to him amounting to Rupees 1631-5-8-

Reporting that the Village Maungaud in the Arcot Taluk enjoyed by the late Subadar Major Mahomed Surwur Khan has been registered in the name of his son Goolam Mootoozah and requests in-structions for a new settle-ment of the waste land-

Proceedings thereon-

(47-48)

The Board are of opinion that the party who has succeeded to the enjoyment of the Village of Maungaud should pay annually the difference between the Value of the original Family Enam Rupees 886-8-0 and the average net Re-venue of the Village for the last nine years of for the period that it was held by the late Subadar Major Mahomed Surwur Khan Bahadur- and that this settlement should be liable to revision at the pleasure of Government at the expiration of a certain term of years- Previous however to their bringing the subject before Government, they will communi-cate with the present incumbent Goolam Moo-zah and give him an opportunity of submitting any observations which he may wish to make on the proposed change in the settlement- The Acting Collector will also be pleased to furnish the Board with a statement in the accompanying form show-ing the Cultivation and Revenue of Maungaud for the last 9 years- Mr. Lovell has stated that the ayacut or total annual Value of all the lands of the Village brought under Cultivation is Rupees 3214-5- It is presumed that by this is meant the total of land susceptible of being brought under Cul-tivation not of that which has actually passed under the plough- This ayacut however does not agree with that given in the Statement which accompanied the Principal Collectors letter of 9th January 1836- and the difference should be explained-

Collectors Cutcherry
17th April 1846

A

Translation of an answer proposed to be filed in the O S No. 1 of 1846 instituted in the subordinate Court in the zillah of Salem by the Plaintiff Goorooviah for the recovery of Rupees 148 — 13 — 3. —

The Plaintiff on July 1251 was appointed to conduct the duties of the Carkoon of Barpor Division in consequence of the suspension of the Carkoon of that place named Veerien a few days after his removal from the said Office he addressed Mr Greig the late Principal Collector that the Curnums

Fort St. George 18th May 1846.

Curnums of the Village of the said Division had concealed some lands and that he would if permitted, prove the same— upon this a Taker was given in the names of the Plaintiff and the Tahsildar to that effect when he, the Plaintiff proceeded to the Villages and proved the concealment before the Tahsildar, and when the proceedings held in the cases were examined in the Huzzoor, Rupees 393—5—1 were ordered to be collected from the Ryots of which Rupees 337—6—5 were collected up to the Month of December 1844 and sent to the Treasury and carried to account, consequently the Government was required for the payment of the reward to the Plaintiff Rupees 84—5—9 which is the one fourth of the amount mentioned above and for which the late Principal Collector wrote to the Board on the 11th January 1845. The Board in their Proceedings dated 13th February 1845 thereupon wished to know whether the Plaintiff was in the public employment and what were the circumstances under which he was enabled to discover the concealment of cultivated lands. On the 1st May 1845 a report was submitted stating that the Plaintiff was in the public employment in Fusly 1251 as a substitute for the Carkoon of Baroor Division, when he might have been able to acquaint himself with the

Fort St. George 18th May 1846

circumstances of the concealment above referred to and that he, the Plaintiff, a few days after his removal from the said situation addressed Mr Gleig to permit him to point out the concealed cultivation and accordingly obtained permission to that effect.— In their proceedings of the 8th September 1845 the Board state that under any circumstances Goorooviah, the Plaintiff could have no claim to the reward allowed in Para 47 of the new Hookoommawah as to the time when the alleged concealment appears to have come to his knowledge he was temporarily in Government employ as acting Carkoon, and it was his duty to have brought the matter forward without hope of reward as soon as it came to his notice, and that the concealment of the Cultivation had taken place in the previous year and not in the year in which he detected it. The Plaintiff made the discovery of the concealed cultivation when he was in Government employ, but he did not bring it to the notice of the authorities until some time after he had left it with the view of obtaining a reward, and consequently the Board disapproved of his claim. The Plaintiff was personally made acquainted with the Board's decision on the subject, although he was fully aware of the whole of these circumstances yet

Fort St George 18th May 1846

yet he has instituted this frivolous suit against the Collector. The Defendant therefore requests the Court will take all these circumstances into consideration and non-suit the Plaintiff with the costs.—

Darumpoory
17th April 1846 } (Signed) W. E. Lockhart
Collector

Translation of a Plaint instituted in the Subordinate Court of the Zillah of Salem by Goorooviem son of Venkatramien residing at Cusbah Salem against W. E. Lockhart Esqr Collector in the Zillah of Salem.—

I institute this Plaint for the recovery of Rupees 148—13—3 as per Vouchers from the Defendant, the Particulars of which are as follow, Vizt. The general Hookoomnamah furnished by the Board to all the Collectors specifies that, when Chapavany lands enjoyed by the Ryots thro' the connivance of Curnums are brought to the notice of the Circar and is fully proved, the informer will be entitled to half or one fourth of the amount that may be levied by the Circar on account of such concealment when I was a Hoomaudwar I addressed Mr Lyleig the late Principal Collector stating that I was informed of certain Chuppavany that existed in the Kistnagherry Talook and requested that if the usual reward should be-

Fort St George 18th May

be granted to me to prove or discover the same Mr Lyleig accordingly gave me a Takeed on the 1st June 1842 to detect the concealed lands in question, and on my proving the same in the said Talook, Mr Lyleig and the Defendant, his successor, collected from Curnums and Ryots on that account the sum of Rupees 595—8—5 one fourth of this sum Rupees 148—13—3, should be given to me by the Defendant agreeably to the practice and instructions contained in the Hookoomnamah. The practice in the Collector and Sub Collectors Cutcherries of this District is to issue orders to the Tahsildars to pay the rewards due to the Complainants from the amount collected in all cases of concealed land, and remit the remainder to the Treasury or some times the reward is to be given in the Cutcherries. This practice is sanctioned by the Board but as the Public servants in the Huzzoor did not properly inform the Collector the Defendant of this practice and explain the purport of my argee addressed to him, an endorsement was given to me promising payment showing at the same time a difference in the amount actually due to me. The Defendant who gave an endorsement stating that in consequence of

6699

Fort St. George 18th May 1846.

a Takeed being sent to remit the whole amount collected in cases of Chupparvany to the Treasury quite contrary to practice the amount was sent to the Treasury and carried to account and that he would write to the Board, and obtain their sanction for the disbursement of the same - The Defendant in his letter to the Board having erroneously mentioned that I detected the Chup= =parvany in question when I was in the Teircar= situation the Board up to this day withheld the payment of the reward due to me - I request the Court will be pleased to recover from the Defendant the amount of Rupees 148 — 13 — 3 legally due to me. On the 29th December 1845 when I again requested the Defendant to write to the Board explaining the case properly so as to remove the misunderstanding created by the first letter and get their sanction for the payment of the reward in question the Defendant personally told me that he would not do it

Collector

Ordered that the foregoing letter be submitted with the following address-

To

The Chief Secretary to Government

Sir,

I have the honor to be directed by the Board of

(49-50)

To the Chief Secy to Government — Submitting

6700

a letter from the Collector of Salem forwarding translation of Plaint No. 1 of 1846 filed against him in the subordinate Court of Salem and recommending that he may be remitted to defend the suit at the Public Cost. —

19 April in Govt Sl. 14 May 1846

Fort St. George 18th May 1846.

Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Salem forwarding translation of a plaint filed against him in O.S. No. 1 of 1846 of the subordinate Court of Salem with draft of the answer which he proposes to put in and requesting authority to defend the action at the public cost.

It will be seen that the Plain= =tiff Goorooyah gave information to the late Principal Collector of Salem that frauds had been committed in certain villages of the Kotnagherry Talook. On inquiry taking place some lands were proved to have been omitted from the public accounts the teerwah on these for the three Fusslies 1249 — 50 — 1251 was collected and carried to account and the informant, the Plaintiff, preferred a claim for one fourth of the sum so realized under C. 47 of the Salem Hookoomnamah - It appeared however to the Board to whom the Principal Collector referred the subject, that the circum= =stances of the Case were not such as to entitle the Plaintiff to the remuneration sought and they therefore refused to admit the claim. The present action has been brought for the recovery of the amount of the reward so with-held - The Board have modified Mr Lockhart's

Lockharts proposed answer so as more fully to exhibit the grounds on which the Plaintiffs claim to the reward was rejected and they beg to recommend that the Collector may be permitted to put in the amended answer and to defend the suit at the public cost.—

Secretary

A

Draft of an answer proposed to be filed in the O. S No. 1 of 1846 instituted in the Subordinate Court in the Zillah of Salem by the Plaintiff Goorooveah for the recovery of Rupees 148-13-3.

The Plaintiff in Fusly 1251 was for the space of 3 months appointed to Conduct the duties of the Carkoon of Baroor Division in the Kistnagherry Talook in consequence of the suspension of the Carkoon of that place. A few days after he had been relieved from the said acting appointment he addressed Mr Gleig the late Principal Collector stating that the Curnums of the Village of the said Division had concealed some lands; and that he would, if permitted, prove the same. Upon this a Takeed directing enquiry to be made was given

given in the names of the Plaintiff and the Tahsildar. The Villages were examined and it was proved that some land had been omitted from the Public accounts— The investigation was prosecuted in 17 Villages and extended over a period of 21 years or from Fusly 1230 to 1251 it was carried into very minute detail embracing plots of ground measuring only a few Goontahs of an acre. Ultimately the demand for the Cultivation not brought to account for the fusles previous to 1249 was foregone by the District authorities — and Rupees 337-6-5 not 595-8-5 as stated in the Plaint was collected from the Ryots- The Principal Collector of Salem brought the circumstance to the notice of the Board of Revenue and requested that one fourth of the sum realized or Rupees 84-5-9 might be disbursed to the Plaintiff as the informer. The Board however disapproved of the mode in which the enquiry had been conducted and considered that under the circumstances of Plaintiff had no claim to any reward

+ Rupees 337.6-5

Clause 47 of the Salem Hookoomnamah on which Plaintiff rests his claim runs thus- "If any information shall be given at the time of Jummabundy settlement relative

"relative to the frauds committed by the Curnum
"and if it be proved, such Curnums shall be
"dismissed and the Informant shall receive
"a reward of 50 per Cent of the amount of the
"embezzlement which may be recovered. If such
"information be given after the Summabundy
"is concluded, the informant will be allowed
"only 25 per Cent of the amount of embezzle=
="ment received".—

It must be evident that this clause applies only to information given of frauds in respect to the Cultivation of the Current Fusly. It contemplates those cases in which parties whilst the annual settlement is in progress or after it has been concluded give information in any particular Fusly in regard to the non entry in the Village accounts of Cultivation carried on in such Fusly. If the information be given whilst the Summabundy is being settled so that the concealed land may be entered in the regular settlement accounts. the proportion of the amount realized which is to be given to the informer is greater if it be deferred until the settlement be furnished and when the amount recovered will have to be brought into the Sewaye Summa account as Casual Revenue the proportion

will be less. This distinction would have no meaning if the Clause in the Hookoommamah be supposed to apply to the frauds of preceding Fusles, which must of necessity be reported long after the settlements of those Fusles have been closed. In the present case the Plaintiff gave information that frauds had taken place in certain Villages. An enquiry was made it was pushed to, what the Board of Revenue have considered, an improper length. Some irrega=larities were certainly discovered, but in reference to the extent of Country and period of time over which the investigation extended these irregularities were very inconsiderable. The clause of the Hookoommamah appealed to by the Plaintiff was not intended to apply to cases such as these nor to give encouragement to such enquiries.—

If however it be urged that under any circumstances the Plaintiff is entitled by the terms of the Hookoommamah to one fourth of the amount collected from the Ryots for Fusly 1251 the year in which the information was given the Defendant begs to submit in regard to the Plaintiffs claim for this year, as indeed in regard to his claim generally, that the Plaintiff was during a part of that very Fusly employed as Acting Carcoon in the Talook in which the concealed cultivation was carried on that it was in that capacity that he had an opportunity of gaining information in regard to the frauds in question and that as soon as he knew, or had reason

reason to suspect fraud, whether committed in 1251 or in the previous Fuslies, it was his duty to have brought it at once to the notice of his superiors - The clause of the Rookoonmanah was clearly never intended to apply to parties circumstanced like the Plaintiff but only to Ryots or others unconnected with revenue employment and who consequently could have no cause nor inducement to bring forward such information beyond the pecuniary advantage which they might obtain in consequence - Were it otherwise a direct encouragement would be held out to Revenue Servants to neglect their duty and to connive at or overlook the omission by Village Officers of land from the accounts for the purpose of detecting and deriving a reward from such fraudulent practices afterwards.

Lastly the Defendant would submit that the terms of the clause in the Rookoonmanah on which Plaintiff relies are not to be regarded as binding the Revenue authorities absolutely and unconditionally to the payment of the reward specified whatever may be the circumstances under which information may have been given or as depriving the Collector of the District Acting under the orders of the Board of Revenue from exercising his discretion in deciding upon the merits of any claims which may be advanced - It must be for the revenue authorities to determine in each case whether the claim to remuneration preferred under the clause do or do not rest on valid grounds and their refusal to admit such claims can furnish no cause for Civil action. For these reason the Defendant begs to submit that the present action should be dismissed with Costs

(53)

From the Coll. of South Arcot submitting explanation on the several points noticed by the Board regarding the Yeamiah grants intended for the support of religious institutions and that of the general tenure of Service Yeomiah -

Dated 2d Sept. 1846

Sir,

Parat. With reference to an Extract from the Proceedings of the Board of Revenue

I have the honor to submit the following explanation on the several points therein noticed -

2. All the Yeomiah grants which are intended for the support of religious insti-
-tutions similar to that under discussion though not expressively declared as heridit-
-ary, yet they have always been considered not resumable, and according to this view numerous claims for succession have been hitherto recommended by several of my predecessors which meeting with the support of the Board were invariably sanctioned by Government in every instance -

3d. It is true that Shaik Ally's name age, and other identifying particulars are entered in Mr. Ravenshaw's Certificate as was done in all other Yeamiah Certificates but in the said document it is clearly shewn that it is intended for the Ceremony to be performed on an Anshroo Shaw at

Fort St. George 18th May 1846.

at Vellopoorum and may therefore be inferred that the grant is of a Service tenure.—

4. The nature of the ceremony to be performed is to read the customary prayers at the said Aushoorkana during the Mohorum festival and the expence to be defrayed from the yeomiah is to purchase Oil for lights and to provide other incidental charges at this festival.—

5. In the translation of Mr. Ravenshaw's Certificate forwarded to the Board the word "Durgah" was inadvertently mentioned instead of an "Aushoorkana" which led the Board to suppose the existence of a tomb.—

6. Regarding the general tenure of Service Yeomiah, my opinion on that point having been submitted as required by the Board's I beg leave to refer them to the 17th Para of my letter.—

x 3d April 1846.

7. My recommendation for the renewal of this yeomiah founded on the precedents heretofore observed, but should the Board now be inclined to consider it in a different view it remains for them and Government to decide in what manner similar claims should in future be disposed of.

South Arcot—
Collr's Cutcherry
Cuddalore
14th April 1846

/Signed/ W. D. Davis
Collector

Fort St. George 18th May 1846

Ordered that the foregoing letter and the previous communication on the subject be submitted with the following address.—

To
The Chief Secretary to
Government

Sir,

(53-54)

To the Chief Secy to Government

Submitting correspondence with the Collector of South Arcot on the subject of a Mushrooty Yeomiah of the estimated annual Value of Rupees 3-3.— entered in the name of the late Shaik Ally and supporting his recommendation that it may be continued in the name of Goolam Mustapha the Son of the deceased.—

I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying correspondence with the Collector of South Arcot reporting on the subject of a Mustrooty Yeomiah of the Estimated annual value of Rupees 3-3- entered in the name of the late Shaik Ally and recommending its continuance to his son Goolam Mustapha in Arrear from the date of his Father's death which is stated to have occurred on the 31st January 1843 but not previously communicated from an oversight.—

From Coll. in Cons. 2d February 1846.
Board's Proceedings 2d February—
From Coll. 19th February in Cons. 2d April—
Board's Proceedings 2d April—
From Coll. 11th April (abstract) 18th May—

2. The Yeomiah in question appears from the documents furnished by the Collector to have been granted for the support of an Aushoorkana at Villapooram and to have been confirmed under the seal of the Nawab Walajah in an Enoyatnamah dated Hegyree 1204. This document however

Fort St. George 18th May 1846.—

however is not now forthcoming but the grant was entered in the Statement prepared from the Duftar of the Nawab of the Carnatic after the assumption of the Country and transmitted by the
2 October 1806 Board to the Collector with instructions to institute a careful investigation into the pretensions of the several parties therein referred to, and to grant new Sunnuds to the valid claimants. Pursuant to these directions a Purwanah was issued by Mr. Ravenshaw under date 1st January 1808 to the deceased Shaick Ally confirming to him "One Porto Nove Chuckrum and fifteen Cutch Seers of Ginjelly Oil for the performance of a certain Ceremony in the Durga at Villapooram" or its annual value Viz. 40 Single fanams 7/8 Cash being equivalent to 3-3- per Annum".

Read Aushoorkana

3. From the circumstance of none of the documents connected with the grant, declares expressly that the original grand was intended to be hereditary the Board were lead to question the propriety of the recommendation for its continuance in succession to the deceased's son and they therefore called upon the Collector to state the precise value of the ceremony to be performed, and whether in his opinion the allowance should not be considered as a life and not a Service grant.

Fort St. George 18th May 1846.—

4 In reply the Collector remarks that the Service consists of reading the customary prayers at the said Aushoorkana during the Mohorum festival and for providing for incidental expences from the yeomiah and in respect to the character of the grant he observes that all yeomiah grants for the support of religious institutions similar to the present tho' not expressly declared hereditary have always been considered to be such and that their renewal when recommended has invariably been sanctioned by Government in every instance.—

5 It may further be remarked that the grant under consideration is entered in the Register [illegible] for charitable allowances for South Arcot for fusly 1224 as a Mushrooty or service yeomiah and as it appears from Mr. Davis' report that all grants for the support of religious institutions have been considered hereditary in the district hitherto, the Board would beg to support his recommendation that in this instance also the yeomiah should be continued in the name of Thatha alias Goolam Mustapha who has succeeded his Father in rendering the

Service

Fort St. George 18th May 1846.

Service performed in the Aushoor Kanah and that the amount should be paid in arrear from the death of the late incumbent's demise

Agreeably to the orders of Government dated the 26th April 1845. I have the honor to report the death on the 28th January last of Syed Bahoodeen Yeomiahdar in the Volcondapoorum Talook No. 8.—

2. The yeomiah enjoyed by the deceased is not hereditary, and in the letter of the 22d October 1829 the Board observe that "in the event of his death the whole pension "according to the terms of the grant will of "course revert to Government, subject to renewal "or otherwise, as the circumstance of the families "may appear to merit the consideration of the Govern= "ment." I have accordingly caused an enquiry

enquiry to be made regarding the circumstances of the family, and I find that they consist of the 7 persons named below, and that they have no ostensible means of support beyond a right to 1/3 of the produce of 8 Cawnies of Ponjah land. They seem to receive some assistance from their relations. One of the Sons named Syed Mahomed aged 7 years, and one of the daughters named Mayaha Beebee being supported by relations at Madras. Beejan Beebee aged 24 is a Widow and lives with the family at Volcondapoorum.—

It will thus be seen that the family is very poor and it remains with the Government to determine whether or not to continue the pension.—

Trichinopoly Collr. Cutcherry 24th April 1846. } Signed A. P. Onslow Collector

Received

Fort St. George 18th May 1816.—

Ordered that the foregoing letter be submitted with the following address.

57-58

To The Chief Secretary to Government

To the Chief Secy. to Government

Submitting a letter from the Collector of Trichinopoly communicating the death of Syed Bahoodeen a Yeomiahdar in that District who was in the enjoyment of an allowance of 8 Pagodas per annum and recommending that one moiety or 4 Pagodas per annum be granted in the name of his Widow Sarah Beebee for the support of the family during her life but to revert to Government at her death.—

From Coll. 23d Sept. in Cons. 11th Sept. 1814

Sir,

Para 1 I am directed by the Board of Revenue to submit for the orders of the most Noble the Governor in Council the accompanying letter from the Collector of Trichinopoly dated the 24th Ultimo communicating the death of Syed Bahoodeen a Yeomiahdar in that district who was in the enjoyment of an allowance of 8 Pagodas per annum.

2. On reference to former correspondence it appears that the Father of the deceased possessed a Yeomiah of Pagodas 114-29-6- per Annum, which ceasing by the terms of the grant on his death, the Collector recommended that a portion of that amount to the extent of 8 Pagodas per Annum, should be continued to his two Sons Syed Bahoodeen and Syed Yussain, as being, from bodily infirmity objects of Charity.— In compliance with the Boards request Government were pleased to Authorize payment to these parties and to the Survivor of them of the proposed annual pension of Eight Pagodas.—

To Govt. 11th in Cons. 11th Sept. 1817.

From Govt. 24th Sept. in Cons. 2d October 1817.

From Coll. 23d Sept. in Cons. 28th Dec. 1820

3. Agreeably to these instructions

Fort St. George 18th May 1816.—

the full allowance was made over to Syed Bahoodeen on the death of his Brother subject to certain annuities and payments for the support of his deceased Brothers family.—

From Bd. to Coll. 23d Oct. 1820.

In sanctioning the arrangement proposed for this object, the Board observed that in the event of the death of the survivor Syed Bahoodeen "the whole of the pension according to "the terms of the grant would revert to Government subject to renewal or otherwise as the circumstances of the families might appear "to merit consideration."—

4 With reference to this point the Collector now states that the surviving members of the family consist of 4 individuals who are possessed of no ostensible means of support beyond a right to 1/3 of the produce of 8 Cawnies of Poonjah land, in addition to which he observes that two of the members receive support from relations at Madras.—

5. Adverting to the state of poverty the family would thus appear to have been suddenly reduced to, by the discontinuance of the allowance which they had so long enjoyed as well as to the fact that 4 of the surviving members are females 2 others being Sons

Fort St. George 18th May 1846.

sons also of the deceased of tender age, and incapable of providing for their own support. The Board beg to submit the point for the favourable consideration of Government with the suggestion that should the Most Noble the Governor in Council deem the circumstances of the case to be such as to warrant the continuance of any indulgence that one moiety or 4 Pagodas per Annum of the whole pension received by the deceased be granted in the name of his widow Sarah Beebee for the support of the family during her life but to revert to Government at her death.

From the Collr of Trichinopoly

Requesting the Board to confirm the dismissal of the Carnum Annooty manigalum in the Talook of Vellore cully

Sir,

Paral. The Carnum of Annooty manigalum in the Talook of Vellorecully having been convicted by me of wilfully and fraudulently omitting to enter in his accounts the, by no means inconsiderable extent of 43 Cawnies of land which was brought under Vacam cultivation

Fort St. George 18th May 1846

cultivation I sentenced him to pay a fine of Rupees 50, and dismissed him from Office. He appealed from my decision to the Board who in their proceedings of the 19th Ultimo recorded their approval of the conviction but directed the mans restoration to Office.

2. I venture most respectfully to solicit the reconsideration of these orders by the Board for the following reasons.

3. The Carnum is utterly without excuse for this barefaced fraud. If the Village had been situated in a hilly jungly or unhealthy tract of Country he would certainly be entitled to the benifit of any doubts to which such circumstances might give rise in his favour - but the Village in question has scarcely a foot of waste ground in it - it has from time immemorial been under cultivation, and no difficulty whatever exists to prevent every part of it from being thoroughly examined.

4. If under these circumstances this man is to be restored to Office it will be an encouragement to others to follow his example for the sum he has already received in all probability will go far towards paying his fine

and

and he will take care to make up for it hereafter.

5 I most urgently request the Board therefore to confirm his dismission and if they think proper to remit the fine. his restoration to office will be a triumph which will have the worst possible effect in the District.

(63)

From the Pl. Collr } Sir
of Madura } Para 1 In reply to the Board's Proceedings of the 12th received on the 23d February, calling for further information on the claim of Kistinen of Mayloor for a Puttah, in his name for a portion of Brimmadayem land therein referred to. I have the honor to inform you the claimant had been in possession of the land for 12 years, from 1826 to 1838, when it was assumed in behalf of Government, the small quantity of grain and cash Viz. 1 anna shewn in the Concluding para of my letter of the 6th January is all the surplus receipts since 1839: and is still due at the Village in which the maniem land is.-

Madura
6th April 1846
63-64

(Signed) J Blackburne
Pl. Collector

Proceedings thereon; Para 1. It will be seen from the above correspondence that an original grant of a Brimmadayem maniem was confirmed to the then occupant by Mr Hurdis in July 1212 and enjoyed by the grantee and his son up to the year 1826, when a portion of the land

Reporting an application from Kistnen for the transfer of the Puttah of a certain portion of a Brimmadayem maniem in the District of Madura.

4/4 13 1/16 Goolies

land is stated to have been purchased by one Kistnien who remained in possession from that time upto 1838 when on applying for transfer of Puttah in his own name the request was refused "in consideration "it is remarked of the length of time "viz. 12 years which had elapsed — "and the land was in consequence assumed

2 The question would appear to have continued in this state until

1845 the past year when on the applicant Kistnien repeating his request for the Puttah further enquiry was instituted, this the Tahsildar of the Talook whose report stated that the original grantee and his son were kept in possession of the Maunieu on the sole ground of long enjoyment there

there being no documents in their possession of the original alienation

3. The Principal Collector however states that instances are not unfrequent in the District of Maniem Lands of this description having been sold and the Puttah transferred in the names of the purchasers, a case of the Kind presenting itself in the sale of another portion of the Maniem under consideration having taken place also in the year 1826, and being now held by the buyer with Puttah in his name, and that Lands so acquired were looked upon as hereditary and he therefore begs to

Fort St George 18th May 1846

Ps a P
3-9-1
6 — " — 2 m paddy Cultivation

to recommend compliance with the applicants request and the disburse= =ment of the surplus funds — as per account rendered —

4 In reply the Board observe that the applicant Kistnien has produced no documents to prove that the purchase ever took place or that it was a bonafide transaction between the then incumbent (since dead) and himself. Had he been able to substantiate his claim it is to be presumed that he would have done so in making his former apple= =cation to the Collector in the year 1838 when his claim was rejected and the land assumed.

5 The renewal of his request unsup= =ported by any evidence after a lapse of 7 years — during which time the land has been fully assessed to Government without any attempt having been apparently made to substitute the alleged right leaves the Board no alternative but to reject the claim put forward in behalf of the Petitioner Kistnien to the possession of the 4 1/4 Goolies of Manieam land and the surplus remaining in excess of the Quit rent due thereon and which the Principal Collec= =tor will therefore carry to the credit of Government. —

16th March 1840. } Principal Collector

To the Principal Collector
of Madura

Sir,

I have the honor to acknowledge the receipt of your letters of the 5th and 16th Instant requiring the proceedings in the case of Chockapah Naiker of Jerridiputty on account of his Petitions dated the 2d and 11th Idem which I beg herewith to submit.-

2 One Jogi Naiker on behalf of Chokapah Naiker states to the effect that one Sevadingu Balaswamy possessed a share under the Varadar and

Fort St. George 18th May 1840

*Coronapputty in the letter under reply.-

and at the Village of Gurruvapatty of which he sold 3/4 to the Appellants for 63 3/4 Rupees, of which sum 30 Rupees had been duly paid, when the remaining 1/4th was sold to him for 21/4 Rupees; and he paid the whole balance: total 85 Rupees- He laid out money on the tank and paid the Kist to the Circar, whilst the Puttah and land are still in the possession of the said Balaswamy- He hoped therefore the proceduce would be directed to be kept in deposit.-

3. It appears on referring to the Record, that on the 21st of March 1844 Sivadingu Balaswamy stated in a Petition to me that their father had excavated a Channel and spent 100 Rupees on the same 3/4 of which they sold to Chokkapah Naiker for 63 3/4 Rupees who during their absence in Tinnevelly had appropriated the whole land and taken a Puttah in his own name for the same whilst in the Agreement it was mentioned that they were to have Puttahs for their respective shares; that Petitioner had cultivated other land at the same place but the Curnum had made out a puttah in favor of Chokkapah Naiker alone.-

4. The Muzumdar of Tengarai reported on the 27th of May that Chokkapah Naiker denied the

Fort St. George 18th May 1840

the genuineness of the said agreement and pro-
=mised in a week to produce the real document,
and if he failed to do so would resign his
claim that the said individual had not
produced any document.-

5. On examining all that had
occurred in the case an order was issued† to the
effect that as no formal Razinamah had been
given or Registry taken place the Puttah
should not have been changed from one
party to another, that the Puttah should re-
=main in the names of Sivasingoo and Balaswamy,
and that if the Defendant disagreed he
should apply to the Civil Court.-

† 29th June 1844.

6. Although Chokkapah Naiker had
agreed to give up his claim in case of his not
producing what he pretended to be the true
document, so extreme a measure was not allow-
=ed to be acted up to, as part of the land had
been confessedly sold to him. A further Order more
full and explanatory was sent on the 29th of
the following month, in which it was men-
=tioned that whilst the Puttah was to be in
the names of Sivasingoo and Balaswamy, the
purchased land was to remain with Chokka-
=pah Naiker that as it was acknowledged
money

Fort St. George 18th May 1840

money was still due to Sivasingoo and
Balaswamy the latter should apply to the
Zillah Court for recovery.-

7. On the 16th of January 1845 the
Muzumdar reported that Chokkapah Naik
agreed to the Puttah being in the name of
the other party provided he held the land
but that the former owners having the Puttah
wanted also the land. After referring to the
former Order one was sent on the 16th of
February stating that they were to be acted up
to, but the Muzumdar seemed to consider
them at variance probably on account of
that of the 29th of June directing one party to the
Civil Court whilst that of the 29th July directed
the other party to the same Tribunal and
the latter containing particulars not men-
=tioned in the former one; but the Order of the
29th of June merely directed Chokkapah Naik
to the Civil Court in case he objected to the
Puttah being in the name of the opposite
party whilst that of the 29th of July direct-
=ed Sivasingoo and Balaswamy to the Courts
of Law for recovery of the Balance due to
them on the sale of their land.-

8. On the 1st of May last Sivasingoo
and

Fort St. George 18th May 1840

and Balaswamy presented a Joint Petition, exhibiting as proof of the falsity of Chokkapah Naiks former statement respecting the existence of another Bond for the purchase of the whole land to the amount of 45 Rupees, that Chokkapah Naik had actually requested him to enter into a new Bond for 120 Rupees on account of the said land and that the same had been executed and money paid that this had been done to screen his former statement. An order was sent to the Tahsildar to enquire whether the case were so, and he replied that it was true but that Plaintiffs stated his right to the produce for which if he had any claim he should move the Civil Court.

9. On referring to the final Order perpared in the Sheristadars department it is discovered that the produce of the whole land is given to Sivasingoo and Balaswamy but although their right to the produce of the 1/4th share for Fuslies 1251-1252 and 1253 is undoubted, they have no right whatever to any subsequent to the period of the last Sale Bond unless a Crop was standing at the time but even for that and for the produce of the former years it is probably preferable to direct Sivasingoo and Balaswamy to

Fort St. George 18th May 1840

to the Civil Court notwithstanding it is fully shewn that Chokkapah Naik was guilty of great false-hood and evidently contemplated Forgery; and independent of his usurpation of the Petitioners 1/4 share of land under the Varadar in the village of Gurravapully.

10. Part of the Record being at Dindigul and part on Circuit has caused some delay in forwarding this record to the Principal Collector.

Dindigul 31st March 1840

[Signed] W. Elliot
Sub Collector.

To,
W. Elliot Esqre
Sub Collector
Dindigul.

Sir

1. I have had the honor to receive your letter of the 31st Ultimo No 126 which it is equally difficult to comprehend in its explanation or to make accord with its accompaniments.

2. From the latter I find that the land of Gurravapully in question after being 4 years waste was for three years in the possession of Chokkapa Naik and in the two first the puttah has been issued in his name, when on the 29th June 1844 you directed its puttah to be given to

to his adversaries Sevasing and Balaswamy on the 29th July you amended your order by leaving possession to Chokapanaik but Confirming the puttah in the name of the adversaries; on the 18th February 1845 you Confirmed your two former orders which the talook authorities Could not make accord: on the 23d October you issued an order prepared by your Sheristadar awarding the produce of the whole land to Sivasing and Balaswamy, the much injustice of which you admit in your letter; but do not shew what you now deem would be a correct one.--

3. I am of opinion that Chokapak Naiks purchase of the land is a bonafide transaction; that part of the money has been paid and part unpaid; but that he has had possession of the land and must be kept in possession with a puttah in his name leaving his adversaries to sue him for the balance of purchase money if they please; and request you will be so good as to furnish him with my endorsement on his petition.- The other documents are returned also.-

Madura ---

Defendants

John Blackburne Esqre Principal Collector and Magistrate of Madura and 6 others of Madura.

Vakeel for 1st Defendant Sooba Rao.-

Plaint abstracted

The Plaintiffs sue for the recovery of 873 Coorkums of Punjar land yielding an annual produce valued at Rs. 1325-8. which has been placed under

6742. Fort St. George 18th May 1846.

under attachment by the orders of the 1st Defendant and of damages 205-3 being the assessment of the above land collected by the orders of the first Defendant during Fasles 1250, 1251 and 1252 or 1840, 1841 and 1842. The two Villages of Matoorkunmoy Potoorkunmoy and Settyendal, the great boundaries of which are specified in the plaint, belong to the Plaintiffs; the former by right of gift and the latter by right of purchase. The lands of the above Villages were some of them cultivated by the Plaintiffs and some were leased out by them. The Village of Marooda Kunmoy belongs to the 2d and 4th Defendants. In consequence of a dispute between the Plaintiffs and the 6th and 7th Defendants they induced the 2d 3d 4th and 5th Defendants to join them and in the name of the 2d Defendant to bring forward a claim before the 1st Defendant, to 87 Coorcums (boundaries specified in the plaint) which are within the limits of the Village of Matoorkunmoy Potoorkunmoy, and to 26 Koorkums (boundaries specified in the plaint) which are within the boundaries of Settyendal, alleging that the above lands were contained within the boundaries of the Village of Marooda kunmoy. The above complaint was referred by the 1st Defendant

for

6743 Fort St. George 18th May 1846.

for enquiry to the Amarauty Police Ameen who wrote a fraudulent report on the subject to the 1st Defendant, who crediting the above report, caused the land then claimed to be placed under attachment on the 9th of December 1839. The 6th and 7th Defendants moreover caused the 2d Defendant to present on the 10th December 1841 a Petition to the 1st Defendant claiming 760 Coorkums (boundaries specified in the plaint) which are within the boundaries of the Village of Settyendal alleging that they were attached to the hamlet of Peturayan-dal of the Village of Vettyoor. This complaint was referred to the Police Ameen of Terovegumputtoo for enquiry, who on the 25th January 1842 made a report to the 1st Defendant which was favorable to the Plaintiffs. The 1st Defendant subsequently ordered the assessment of so much of the above land as was cultivated, to be collected and kept in deposit.

Filed on the 22d February 1843

Answer of the first Defendant.

In consequence of the 1st Plaintiffs and his party, the inhabitants of Settyendal disputing regarding the right to 9½ Coorookums of Poonjay land with the fourth Defendant and his party the inhabitants of Marooda kunmoy

and

Fort St. George 18th May 1846.

and in consequence of neither party producing satisfactory of right to the land in question, the 1st Defendant under Section 5 Regulation XI of 1816 caused the same to be placed under attachment. In consequence of a dispute between the inhabitants of Retyendel and Retrendel Villages 27 9/20 Coorookums were under similar Circumstances placed under attachment no other lands have been attached. -

Filed on the 7th November 1843.

In his answer the 2nd Defendant alleges that the 8 and 26 Coorkums first mentioned in the plaint were attached to the Village of Marooda kunmoy which belongs to the 4th Defendant. The remaining 760 Coorookums of land claimed belong to the Villages of Marooda kunmoy and Retteryendel.

Filed 26th June 1843. -

In his answer the 4th Defendant alleges that of the lands claimed, those contained within the boundaries specified in the 2nd 4th and 5th instances amounting to about 300 Coorkums are entitled to the Village of Marooda kunmoy - all the other lands claimed are attached to the hamlet of Retrenendel. The Village of Marooda kunmoy belongs to the 4th Defendant. -

Filed on 26th June 1843

Fort St. George 18th May 1846.

The Case was set down for exparte as far as the other Defendants were concerned.

The Reply and Rejoinder were respectively filed on the 4th of April and 5th June 1844. -

Twenty four exhibits were filed for the Plaintiffs and three for the 1st Defendant. Four witnesses were examined for the Plaintiffs alone. -

Here enter particulars and names/

Petitions were received from the Plaintiffs and from the 4th Defendant in which the latter resigns his claim to the land in dispute in favor of the Plaintiffs. -

Filed 20th September 1845. -

The heirs of the 2nd Defendant presented a Petition withdrawing their claim to the land in dispute. -

Filed 4th November 1845. -

Decree.

The Plaintiffs and the 4th Defendant are the only parties really interested in this Suit. Of the 873 Coorkums of land claimed by the Plaintiff the 4th Defendant at first urged that 413 were included within the limits of his Village Marooda kunmoy. He has however since waived his claim in favor of the Plaintiff

The

6746 Fort St. George 18th May 1846.

The remaining 460 Cooroukums the Plaintiffs have fully proved by documents and witnesses to be attached to their Village of Ketyendul. The Subordinate Judge therefore decrees that the Plaintiffs be put in possession of the lands claimed and that the money in deposit in the Principal Collectors Office be paid to them (the 1st Defendants costs being first deducted, he having improperly been included as a Defendant.)-

The other parties to bear their own costs.-

No 1.

Advertisement. —

Notice is hereby given that on Para 1.
until the 26th May 1846 proposals in one Company's Rupees will be received at the Office of the Collector of Tinnevelly for renting the Chank Fishery on the Coast of the District of Tinnevelly for one, two or three years to commence on or about the 15th October next. —

A

6750. Fort St. George 18th May 1846.

2. A public bidding for the rent will take place on the 26th May 1846 at the office of the Collector of Tinnevelly and the rent given to the highest bidder† or subject to the approval of the Board of Revenue.—

† or to the party who shall offer the highest proposal

3. The name of the purchaser of the rent to be made known at the Office of the Collector on the 26th May 1846 the validity of all security to be established on the day previous to that date.

4. Each proposal to be accompanied by a distinct reference for the security and after examination of the title deeds and other documents connected with the said property tendered as security the moochilkah of the party who may be approved must be registered in the Court agreeably to Regulation XVII of 1802 and Act IX of 1837 otherwise the proposal will be rejected.—

5. In the event of a Pearl Fishery occurring either at Manaar or on the coast of Tinnevelly no remission will be granted on that account if the rent amounts to 5000 Company's Rupees Yearly only, but if the rent exceeds 5,000 Rupees, a remission in that case of 30 ℳ per

6751. Fort St. George 18th May 1846—

Cent for 3 months / the longest period a Pearl Fishery was ever held / will be made to the Renter for the number of days in which the Chank Boats may have been engaged in the Pearl Fishery at the Manaar in that Year, and in the same manner, a remission of 10 per Cent for the same time will also be made for the number of days on a Pearl Fishery occurring on the Coast of Tinnevelly in that year.—

6. Persons offering for the rent are to bind themselves under a penalty of 11750 Rupees / One thousand seven hundred and fifty Rupees annually to keep apart all the Chanks which may prove to be under the proper size determined by the Collector, and to throw them back into the Sea on the Chank banks, in the manner which has been hitherto customary in this respect the size of the Chanks to be returned into the sea may be ascertained on application to the Collector.—

7. Persons desirous of paying a fixed amount for every thousand Chanks actually fished are at

6752

Fort St. George 18th May 1846.

at liberty to make an offer to that effect.—

8. The most favorable tender will be accepted, subject to the approval of the Board of Revenue.—

Sinnevelly — Tirchendoor — 1st May 1846 — } [Signed] R. D. Parker
Acting Collector

Resolution thereon,

(69-70)

It appears to the Board that the day proposed by the acting Collector for the sale by auction of the Chank Fishery will hardly allow sufficient time for the due publication of the advertisement in the Fort St. George Gazette. The day of sale has therefore been attended to the 16th June, and the advertisement with this alteration in the date and a slight modification in C. 2 and 4 has been sent to the Gazette Press for insertion

(71)

From Collector of Malabar

Sir,

In retransmitting the accompanying Petition from Rave Verma Rajah and his younger brother Kunalah Verma Rajah which was referred to me for report, I have the honor to submit for the information of the Board, Copies of two reports to Government dated respectively the 15th June 1843 and 8th March 1845, as containing all the particulars traceable from my records respecting the non-payment of the Maulkanah allowance claimed by the said Rajahs and which is suspended in consequence of the final determination of Government on the subject not being yet known.

Retransmitting a Petition from Rave Verma Rajah and his younger brother Kerala Verma Rajah & Submitting copies of 2 reports addressed to Govt respecting the non-payment of the Maulkanah allowance claimed by the said Rajahs

To

G. D. Drury Esqre

Chief Secretary to

Government

Fort St. George

Sir,

With reference to the Resolution of Government contained in an Extract from

Fort Saint George 18th May 1846.

from the Minutes of Consultation under date the 9th January last, I have the honor to transmit herewith a Memorandum containing such information as could be traced from the records of this Office respecting the changes which have occurred in the Colastri family, since the period of the original grant of pensions to them, and the authority under which the payments appear to have been modified on the failure of certain members.—

/Signed/ H. V. Conolly
Collector

Memorandum

The Commissioners of Malabar in their letter to the Resident of Anjengo under date the 26th of February 1799 direct that the following allowances be paid to the Chenga Palace Rajah and his family from the Company's Treasury at Anjengo.—

	Rs.	gs.	rs.
Senior Chenga Palace Rajah	115	1	10
Junior or third Rajah	36	2	—
Sumboorattis /princesses/	83	1	8½
Total monthly	235	—	9½
Total annually	2822	3	30

* This is equal to 2822. 4. 10 but only 2822. 4. — appears to have been paid

2. In this amount however is not included the sum of Rs. 190 — 3 — 30 which was annually paid from the Southern Division Treasury

Fort Saint George 18th May 1846.

of Malabar to another branch of the said Rajah's family — Inclusive of this sum, the whole amounts to 2993 - 3 - — It is not clearly known how long these allowances were received and enjoyed by the senior Rajah and others in the same proportions as fixed by the Commissioners, but it appears that a dispute arose in the family previous to the year 991/1815 as to the proportion which each should receive, and that Kerola Varma Rajah who was then senior in the family and who was living in Malabar wrote a letter under date the 21st March 1815 to his relations Rauma Varma Rajah and Rama Varma Rajah / the latter since dead / living in Travancore authorizing them to receive upon their joint receipt the allowances from the Anjengo Treasury, amounting annually to Rs. 2822 - 3 - 30 and to divide the same in the following proportions.—

To be taken by Rama Varma Rajah for his own expences and those of his family living in Manvally Kurra in Travancore :— Rs. 1200 — —

To be paid to the Sumburatis Princesses /living in Cochunkottaro Palace in Travancore/ 593 3 —

To be taken by the Rauma Varma Rajahs for his own and families expences 600 — —

Remainder to be transmitted to him Kerola Varmah Rajah living in Malabar 429 — 30

2822 3 30

Fort Saint George 18th May 1846.

To this if the Rs 170 - 3 - 30 paid from the Northern Division Treasury, be added it makes the total Rs 2993 - 3 - " as above specified.

3.

On the 26th of Kombhum 9th March 1816 the said Rama Warmah Rajah and Warmah Rajah appear to have entered into an agreement between themselves to the effect that the whole amount of allowances Viz. Rs 2993 - 3 - 10 should be divided into 3 shares of which one amounting to 998 Rupees should be given to the Samboodah Princesses living in Cochin Kottaroms and the remainder Rs 1997 - 2 - 20 be equally divided by him (vide last para) being paid from the appropriated by Ravy warmah rajah. It is inferrible tho' it is not stated in very clear terms, that this agreement was made with the priority of Kerola warmah rajah

4.

In 1002 / 1826 Kerola warmah rajah died in Malabar, and his share was received by his cousin Ravy warmah Rajah for some time, and after his death by his nephew the present Kerolah warmah Rajah.

5.

In 1013 / 1837 the Samboodah Princesses who were living in Cochin & Kottaroms dying without direct heirs Rama Warmah Rajah and the present Kerola warmah Rajah began

6757

Fort Saint George 18th May 1846.

to dispute the former urging that as the senior deceased Kerodah Warmah Rajah had at first directed that the whole amount of the allowances should be received in five shares the share that was before drawn by him (the senior Kerola Warmah rajah up to the time of his death and that which was drawn by the Samboodah rattins in the Cochin Kottaroms should be divided in equal shares between the surviving three branches of the family and the latter contending that according to the agreement passed between this Uncle Ravy warmah Rajah and this very Rama Warma Rajah, the latter had no claim to the senior Kerola Warmah Rajah's share and that the 120 Rupees used to be drawn by the Samboodah Princesses in Cochin Kottaroms, should be equally divided between him and Rama warmah Rajah alone.—

× Vide para 2 the 120 Rupees assigned to Rama warmah Rajah was for 2 shares

Mr Thompson on looking over all the papers connected with the case, and finding that the Chenga Palace Rajah's family was originally comprised of three branches, of which Rauma Warmah Rajah, and those living in Iranvally Kovil descended from our grand mother the senior Kerola Warmah Rajah and his

6.

his cousin Rany warmah Rajah from another Grandmother and the Samboorattie's (Princesses) who were living in Cochin Kottamuna, from a third Grandmother, passed a decision to the effect that according to the agreement above mentioned Rama Warma Rajah was only entitled to receive Rs. 326 - 3 - 85 and that unless the two Rajahs made a settlement between themselves within two months with regard to the 720 Rupees that was before paid to the Samboorattie's (princesses) in the Cochin Kottamuna, the same should be carried to the credit of Government.

Vide Para 3.

7. Ramah warmah Rajah having refused to come to any terms within the period fixed it was thought hard that Kerola warmah Rajah should suffer from his obstinacy and accordingly a letter was written under date the 28th of July 1841 to the Resident of Travancore and Cochin requesting him to pay half of the said 720 Rupees to Kerola warmah Rajah, and to keep the remainder in deposit - The Resident having replied that the amount paid from the Anjengo Treasury to the Samboorattees (princesses) in the Cochin Kottamuna was only Rs. 719 - 8 - 12 - 7 an answer was sent under date the 9th September 1841 requesting him to pay a moiety of that sum

to

to Kerola warmah Rajah and thus the matter rests at present.—

8. It does not appear that any reference was made to the Board of Revenue or Government on the subject of the payment of this Malikanah after a failure of part of the family - It seems to have been considered unnecessary with reference to former practice in the District, under which it had been ruled, that when one branch of a family died without heirs, the Malikanah that was before received by the deceased members should be divided between the surviving members.

9. It may be well to elucidate this fact. In the year 989 / 1813 when the Rajahs of Kowmaskery Palace in the Cherical Talook adopted a young prince and princess from the Padignara Palace, the Rajahs belonging to the other two Palaces of the family named Chenga Palace and Iewanagaat Palace objected to the adoption on the ground that their previous consent was not obtained.—

10. In this case Mr Warden the then Principal Collector referring to a decree passed by Mr Richards the former Principal Collector and First Judge under date the 6th August 1803 to the effect that the Rajahs of the Padignara Palace Iewangaat Palace and Chenga Palace had an equal right

to

Fort Saint George 18th May 1846.—

that portion of Malikanah to which Kawanashery Palace Rajah was entitled, declared his opinion in a letter addressed to the Sewangaat Palace Rajah under date the 23rd of Koombhum 989 that as in the events of one of the said four Palaces becoming extinct, the remaining Palaces had an equal right to the property and Malikanah attached to the family, it was necessary that the consent of the Rajahs in the Chengas Palace and Sewanagaat Palace should have been obtained previous to the said prince and princesses being adopted by the Kawanashery Palace Rajahs.—

February or March 1813

11. In a similar case which occurred in Mr Sheffield's time and in which a princess of the Sewangaat Palace took by adoption a young prince and two young princesses from Chengs Palace, the Rajahs of Padeyanna Palace and Kawanashery Palace contended that the adoption was illegal since it was not done with their consent. In this case Mr Sheffield passed an order in accordance with the opinion expressed in the foregoing letter from Mr Warden under dates the 4th February 1828 and 18th September of the same year stating that unless the prince and princesses were adopted filed a suit in the Civil Court within six weeks, the disputed

property

Fort Saint George 18th May 1846.—

property of the Sewangaat Palace would be made over to the remaining three Palaces Viz. Padeyanna Kawanashery and Chengs Palace

Signed/ H. L. Conolly
Collector

Calicut
13th June 1843.

To
J. V. Stonhouse Esqr
Secretary to Government
Fort St George

Sir,

The Government under date the 18th July 1843, forwarded some papers relative to the circumstances of the Chiefs family and desired me on communication with the Rajah of Travancore to furnish a list of the names, ages and Pensions of the surviving members and to state whether their pensions might not be practically diminished as casualties occurred. In obedience to an opinion a copy of an order of Government was furnished directing the courts to be pursued with regard to carnatic Jaghirdars pensions which are subject to various deductions on the death of the original incumbent and finally cease after a specified contingency

I

Fort Saint George 18th May 1816.

I lost no time in communicating with the Resident of Travancore but was not favored with his sentiments till the 19th days last. I had them to make, one or two references to my Sub Collector, and have not received till very lately the information necessary to enable me to reply to the Government calls.—

1/

2/ The accompanying statement A shews the names, ages and amount of pension drawn by the family. It is divided, it will be seen, into two principal branches, one of which is located in Malabar and one in Travancore the 1st consisting of 5 persons receiving 1100 Rupees, and the latter consisting of 4 persons, 1300 Rupees out of the 2400 which was allotted for the support of the family in 1801. The exact amount allotted to each individual or member whether residing in Travancore or Malabar is not known. It is and always seems to have been dependant on private arrangements between themselves. The Government alone I think

Fort Saint George 18th May 1816.

thinks can determine whether any deduction can properly be made in the amount of the aggregate stipend. I would respectfully express my concurrence in General Bulle's opinion, that it is questionable how far the case of a Carnatic Jaghirdar can be held applicable to that of a family which shortly before the time of our assumption of that country, held the rank of an independant power - but with the view of enabling this Government to form a opinion.

I beg to forward all the mention that can be found on my records of the circumstances under which the pension was originally given. It was it will be seen, on the score of the Cotiote Rajah being after some experience found held in but little estimation among his subjects and possessed of little or no authority to make the necessary revenue collections. Why the Rajah was pensioned in place of being allowed like the other chieftains of Malabar (many of whom seem to have been as incompetent as himself to the duties required of them) I am unable to ascertain. Two other Rajahs of the same House it will be seen by the paper marked B were granted annual pensions which they still enjoy of 1750 Rs each under the usual designations of Malikanah, Pattoune Rundo &c, 2 jin 8 or 10th

5th/ Lt. Col. Conolly.
Collector
Statement

1/ Ext. from Malikana statement forwarded to Board of Revenue with Major Macleod's Report dated 16th June 1802.

B
Mr Rickards letter to the Bd of Revenue dated 9th May 1813 Board's Ord 26th Do. Board 16th August 1805 From Board 5th July

Mr Rickard's letter dated 9th May 1803
The exact amount paid for each Rajah appears from the earliest accounts for the coming in any after that of 1806 to be Rs 750 or half 500 viz 1 at 587 3/55. as shown in the accounts of the Collectorship of Malabar & Canara for the year 1805 & 6 & 7 & 8 & 9 & 10 & 11 & 12 & 13 & 14 & 15 & 16 & 17 & 18 & 19 & 20 & 21 & 22 & 23 & 24 & 25 & 26 & 27 & 28 & 29 & 30 & 31 & 32 & 33 & 34 & 35 & Fort Saint George 18th May 1846.—

Proceedings thereon,

71-72

The Board do not gather sufficient information from the inclosures in the Collector's letter to enable them to pass orders upon Petition No. 1117 of 1845. From the Collector's letter to Government dated 15th June 1843, it would appear that Rowe warriah Rajah and Kiroolah Warmah Rajah disputed regarding their respective shares of the Malikhanah: and that half the Amount 179 enjoyed by the (deceased) Tumburattie was ordered to be paid to the latter the other Moiety it would seem remaining in deposite— The suspension of the allowances complained of by the Petitioner would however appear to date from the death of their brother on the 5th April 1844 and the 26th Inam 1019 connection between the subject of the Petitioner and the circumstances stated in the Collector's letters is not very apparent. Mr Conolly is requested to furnish some further explanation in regard to the particular allegations continued in No. 1117 of 1845.—

To the Collector of Malabar - }

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 21st Ultimo forwarding copy of a communication addressed to yourself by Dr. A. H. Magrath on the subject of certain lands held by him in Wynaad and requesting to be informed whether his case is to be considered as falling within the exceptions to the rule prohibiting the retention of land for Farming

In Fort St George 18 May 1846

purposes

~~Fort Saint~~ George 18th May 1846.

purposes by Government Officers as published in the Official Gazette of the 7th March last, on the plea of the sanction of the Governor in Council having been granted as far back as the year 1840.—

In reply I am instructed to request that you will place yourself in communication with that Gentleman and report the terms and conditions of the sanction of Government to which his letter refers, ascertaining at the same time from him the amount of expenditure laid out upon the land as well as the extent brought under Cultivation and still left waste.—

To the Collector of Salem

Con. 20th Nov. 1845

To The Collector of Salem.

Sir,

In the statement shewing the lands held by European Company's officers which accompanied your letter of the 14th of November last, it is stated in reference to the land entered in the name of Captain Glover that "a puttah is made in his name for the ground that he cultivated it with Ryots, but in Fusly 1254 left it uncultivated" it is not clearly apparent from these remarks what is the state of the land at present whether it has been abandoned by Captain Glover or is still retained by him for farming purposes.

2.- The Board request that you will be so good as to institute further enquiries upon these points and communicate the result for their information - at the same time they wish to be informed of the nature and terms of the grant stated to have been obtained by Captain Hill for a portion of the land entered in the statement as in his occupancy, also whether any and what stipulations were attached to the grant in question when originally conferred and further what may be the extent of the lands so obtained actually brought under cultivation and still left waste.

To the Principal Collector of Madura

To the Prin.l Coll.r of Madura

Sir

In the case of Arnuma Vyra=
=permal Pillay, and Vadamaliy Moodely
entered in your Return of persons charged
with offences under Regulation IX of 1822
for March 1846, the Board remark that the
fine of 100 Rupees imposed by the sub Collector
on each of the Individuals appears heavy for
persons holding the situations of Curnums and
receiving only Rupees 17-12-10 Yearly. The Board
have usually ruled that the amount of fine in=
flicted upon Village servants should not be
greater than from 6 to 12 Months Salary — unless
such parties have other resources whence the fine
may be recovered. You will be pleased to explain
whether the Curnums now alluded to have any
means a part from their official emoluments
and to give your opinion upon the case generally
