No. 13.

To,

Da Cu Lovell Espre

Acting Sub Collector of

North Arcot.

Sir,

Para 1. I have the honor to submit the usual Annual report on the Revenue of the Sub Division for Fusly 1254 with the necessary explanatory accounts.-

2. The Settlement was commenced on the 20th March by Mr. Binning in the Trivettoor Talook and was concluded in Poloor by the end of July- The Settlements of the Trivatoor Wunderwash and Arcot Talooks were made agreeably to the instructions laid down in the Boards Proceedings on Review of the Summabundy Report for Fusly 1253 / 1843/44 in Paras 15-16-17- The Settlement of the Poloor Talook from unavoidable circumstances was carried on rather differently as there was no European Officer present at the Settlement of accounts which was made by the Native Officers of the Sub Collectors Cutcherry and such of the Ryots as were willing to sign the Chittahs before the Tahsildar did so the rest did so afterwards in my Cutcherry- The whole of the Puttahs being distributed to the Ryots in my presence in the beginning of August

3 The Season was a very unfavorable one being little better than Fusly 1252 and inferior to 1253, there is a decreade in the Revenue for Fusly 1254 below 1253 of Rupees 4,6130-5-7, but an increase over Fusly 1252 of Rupees 6754-5-4- This is attributed to the want of rain in May, June, July August and part of September by which the Poonjah cultivation of Cambo Kedar yelloo &c. and the Nunjah cultivation of Kar and Sumbah was almost altogether prevented- In September some rain fell which enabled the Ryots to cultivate but again from the want of rain in October and November and the heavy fall in December the produce of the Crops were exceedingly scanty. The fall of rain in December and January however was advantageous to the cultivation called Navaray and Muddungul under both which heads there is an increase over previous Fusly.-

4. In regard to health the Season was better than the last though Cholera

has prevailed to a considerable esctent in may of the Villages of the Sub Division.-

5 Enclosure No. 1 is a Comparative Statement of the Cultivation in Fuslies 1253 and 1254 agreeable to the Classification of Crops and shews a decrease both in Cuddr and Cayee of Rupees 17220-10-11- and an increase in Indigo of Rupees 1431-9-0-

6 The decrease in the Poonjah Cultivation is solely attributable to the want of rain which only fell slightly in October and abundantly in December when the Season for Cultivating this description of land was passed.-

7. The Nunjah cultivation also shews on the aggregate both in Har and Sumbah a decrease of Rupees 75296-13-6, but in the Arcot Talook there was an increase in Sumbah of Rupees 4352-15-4, and from an increased rate of teerwah in the Har in Poloor there was an increase of Rupees 250-12-9 or a total increase in the two Talooks of Rupees 4603-12-1 but a Net decrease in Har and Sumbah in the 4 Talooks of Rupees 70693-1-7. The decrease in the Talooks of Poloor Wundiwash and Trivattoor was occasioned by the failure of rain from May to September in the Sub Division the Arcot talook however did not feel this being supplied with water by Channels from the Palar river.-

8 The Navery was a full crop and shews an increase throughout the Division of

of Cawnies 2714 62/64 and teerwah Rupees 27153-0-10- In Mudangal also there is an increase of Cawnies 124 20/64 or Rupees 1460-15-0 being a Net increase over Fusly 1253 of Rupees 28634-7-10- In Pettah gardens in Arcot there is an increase of Rupees 35-7-5 against a decrease in the other 3 Talooks of 60-0-7 but in the Cultivation of Sugar Cane there is an increase in the 4 talooks of Cawnies 256 11/64 or Rupees 2694-2-6- In the Cultivation of Plantain Vcu. Vea. there is a decrease in Poloor of Rupees 6-7-3 against an increase in the other Talooks of Rupees 109-4-4.-

9. The chief increase in the Cultivation of the Sugar Cane has taken place in the Arcot Talook (principally about Timmery Vcu.) there being an increase in the Cultivation over the previous Fusly in Arcot alone of Cawnies 137 24/64 or Rupees 1049-5-1 making a total in Arcot of Cawnies 635 41/64 and teerwah Rupees 6357-4-7 against Cawnies 254 17/64 or teerwah Rupees 3347-9-0 in the other talooks The quantity of Sugar exported from the Sub Division during the Fusly amounts to Maunds 93019 which may be valued at not less than Rupees 110,223-12-0.-

10. The entire net Cultivation was Cawnies 35469 49/64 assessed at Rupees 3657137-9-0 being a decrease in Fusly 1253 of Cawnies 3226 34/64 or Rupees 39306-3-4.-

11. The kotacal or Garden Cultivation shews an increase in Poloor and Wundiwash of Cawnies 6, or Rupees 172-1-3 and a decrease in Arcot and Trivattoor of Cawnies 6 33/64 or Rupees 136-11-0 or a Net increase of Rupees 33-6-3.-

12. The quantity of land assessed as Fusly was Cawnies 6883 54/64 realizing Rupees 5163-1-2 being an esccess over the previous Fusly of Cawnies 75 43/64 or Rupees 1101-5-10 the following Statement shews particulars.-

13 With reference to the remission allowed to lands cultivated by means of Wells, I would remark that under the practice hitherto recognized it is difficult to refuse remission to any who irrigate their lands by well water whether the well is situated in their land or the land of another, or of Circar, whether the well is wholly or jointly theirs. For instance A may dig a well in his own land but afterwards sells or rents (or says he does) share in it to B. C. D. E. and F. who all claim remission as also do A. B. and C. who jointly may dig a well in the Puttah land of A. B. or C. again A. long since dead, may have dug a well in his Puttah land 50 or 60 years ago B. and C. his sons divide the Estate but both of them as also D. and E. F. and G. their children maintain their right to the well though they have none to the land in which it is and claim remission Again A. digs a well in his Manieum land but sells shares to B. C. and D. who immediately claim the well as theirs and demand remy and lastly A. irrigates his land from a well situated in Circar Nunjah or Pormbokc land to which he can have no right but yet he claims remission stating that the well was sic dug

dug by him or his ancestors - From the 11th Para of the Boards' Proceedings I would infer that it is their wish that the System as in practice in Bellary should as far as is possible be introduced into this District. From what I have been able to learn it would appear that remission on land in Bellary watered by wells does not ex= =tend beyond the very plot in which the well may be situated - This statement may not however be correct though I re= =ceived it from a Bellary Tahsildar I have issued instructions to enquire into the owner= =ship of such wells regarding which there is any doubt, and as yet have generally found several who claim a share in them - I have not however thought fit generally to ac= =knowledge their right merely granting remission on lands possessed by the ac= =tual owner of the land in which the well is situated with regard to wells the property of undivided or ever divided families I have not interfered, indeed I know not how for what I have done will meet with the Boards' approbation or has been in accordance with their wishes -

14 Under the head of Chicker Poolie there were Cawnies 1117 53/64 assessed at Rupees 6769-9-1 being an increase in Fusly 1253 of Rupees 3179-11-6 - The total quantity of land of all descriptions taken up for Cultivation was Cawnies 75447 bearing with the Item of Fuzle Fusly an assessment of Rupees 51422-7-2 being a Net decrease below the previous Fusly of Rupees 50760-13-6 -

17 With reference to the Cawnies granted in Cowle by Mr. Bourdillon in Fasly 1250 to four Roman Catholics for 300 Cawnies of Waste land in the Wundinash Talook- It appears that in Fasly 1253- 3 of them absconded that at the request of the remaining one Mr. Shubrick struck out the land entered in the Cowlenamah that had not been brought under Cultivation and gave a fresh Cowle to him for the rest, that shortly after the Cowldar petitioned the Board to be relieved from the Cowlenamah stating that the share of the other 3 had been forced upon him, which was unfair and the Collector was desired to enquire into and report upon the Petition which he did and re- =ceived in reply a letter dated 5th December 1844 from the Secretary to the Board stating that "under the circumstances the Board are of "opinion either that the other Copartners should "be held to the terms of their agreement if "they should have given Security, or if not "that the party who purchased their engage- "ment should be called on to fulfil it "and that the Petitioner should only "be Compelled to make good the proportion to which he is immediately liable."-

From

8014 Fort St. George 18th June 1840.

From a personal investigation of the matter I have learnt that no security was demanded from the Cowldars and the Statements as that three of them sold their engagement is also doubtful: of the 3 persons to whom it is said to have been sold 2 deny that they bought it and the 3rd person who is said to have given the money is dead his heirs have been called upon to state their Claims The whole of the Cowldars in my presence represented their inability to abide by the terms of the agreement and all begged that the Cowlenamah might be Cancelled altogether and the land resumed by Circar- To this effect I took a deposition from them and I would recommend that their request be acceded to as they are unable to meet the demand against them, and no one will take the land if obliged to cultivate it and if sold to satisfy the demand it would not realize one half of it.-

2. This decrease is owing to the Renters of the present Fusly having sustained losses consequent on the unfavorable state of the season: and there being few competitors for the ensuing Fusly.

3. Several have made a deposit of 25 per cent on their offers, from whom no further security is required, but the Tahsildars have been directed to report upon the competency of the Securities given by the parties that have made the usual deposit of 15 per cent. As the Fusly is near its Close they to be favored with the Board's early instructions, to enable me to put the Renters in possession of their rents on the 12th Proxima.

4. The Board will observe that there is a decrease in the offer for the Balaghaut Viz.t the Talooks of Ossoor and Donkenotta of Rupees 3750. a person of the name of Shenkeruppa an Inhabitant of Bangalore has this day made an offer before me of 3000 Rupees more which I enclose, together with the deposition and translations. I thought it necessary to take from him in consequence of his having been

been present at the public sale on the 5th and not having made a bid for it on that occasion. The Individual is unknown to my Head Cutcherry servants but I shall write to the Superintendent of the Bangalore division to ascertain his character. In the meantime pending reference he undertakes to deposit a Bongal promissary note as Marginally described.

1st May 1832 No 15508 4 per Cent Government loan for 9,800 Rupees

5 I have every reason to believe that the parties who offered at the time of the sale, and the same who have taken the rent for the last 3 years could not have made any profit last year from the peculiarly unfavorable season, they maintain that their loss was considerable. They are respectable people, and came forward in the year 1842 to raise the rent

Question- Did you hear the Dun-

affixed to it yours?

Answer- I heard it and the signa-
-ture is my own-

2- Why did you not make an
your offer on the 8th Instant when Ine-
-quired that higher Dunkhasts should be
made than the amount of Rupees 19,250 offered
by

Fort St. George 18th June 1840-

by Soobboo Chetty and Venkatrama Chetty for
the Arrack and Toddy Rent of Bysoor and
Dunkhast that Talooks whom the Con-
-tract was put up to sale?

Venkatrama Chetty Soobboo
A. Chetty and many others who were pres-
-ent at the sale told me that a loss
of 2 or 3000 Rupees would occur in purchas-
-ing the Rent of the above two Talooks
and it would be better that I should not
make Dunkhast I therefore was frightened
and remained silent-

It appears from the high
2- offer now made by you after the deposition
of the assembly that you also connived
with those who are said to have frightened
you, and remained silent without mak-
-ing an Offer higher than the above and
that you tendered this offer after being
disappointed or separated from them; on
what have you to say to this?

I was first frightened by
A. what they said and remained silent,
but when I afterwards enquired regarding
it, I was informed that there is a profit
of 5 or 6000 Rupees in the rent of the
above two Talooks which would however

of my purchasing the rent, in consequence of its being safer than carrying money on the road, and he at the same time told me to tender it in lieu of Javanat, which can be afterwards paid, and the Bond redeemed when the Durkhast is confirmed. If the rent will be confirmed in my name, the Javanat money will be paid at 25 per cent and the Bond redeemed. Venkut Row, mentioned in the Bond, is now dead, but as the Bond is now in possession of Bauboo Row he gave me the same. Bauboo Row is brother to the deceased Venkut Row.

give a remuneration over after paying the Circar dues. this has given me encouragement to make an offer of 3000 Rupees above the said Durkhast.

Q. Did you bring Money to pay your Javanat on the amount of Durkhast Rupees 22,250. If you did, do you wish to pay 15 per cent by producing security for the Remainder, or do you intend paying 25 per cent?

A. I brought no ready cash with me, but brought a Company's Bond for Rupees 10,000 Sicca that the Bond may be accepted in lieu of Javanat at present, which I will redeem by paying at 25 per cent. The amount of the Bond is Sicca Rupees 9,300. which makes 10,000 Company's Rupees.

Q. On Examining the Bond I find, that it is in the names of Venkutrow and that the Interest thereof is payable to Bauboo Row. It is not your own but how did you get possession of it?

A. The Bond on which Bauboo Row draws interest was given to me by himself when I requested him to lend me some money for the purpose

Sir,

From the Coll.r of Trichinopoly — Para 1 — With reference to the Extract from the Proceedings of the Board of Revenue under date the 9th February last and the Extract from the Minutes of Consultation of the 20th January last, I have the honor to submit the following explanations relative to certain Yeomiahs in this District.

Replying to Extract Board's Proceedings dated the 9th February last and the Extract Min.s Cons.n dated 20th January last and Submits explanations relative to Certain Yeomiahs in the Trichinopoly District.—

Minutes of Consultation Para 4— Anoomantha Charry—

2 The documents herewith transmitted No.s 1 to 7 are translations and Copies of papers relating to the Yeomiah enjoyed by Anoomantha Charry Rs. 14 per mensem. The original yeomiadar appears to have been one Runga Charry to whom an allowance of 4 Gopaul fanams a day or 14 Rupees a Month was granted under a Purwanah from the Nabob Anawurdy Khan for his Subsistence and other expences. Document No. 2 is a translation of a Wareesynamah a Certificate of hearship given to Anoomantha charry the Son of the original grantee by the Udalut Court of the Musselman Government. No. 3 is the translation of a question put to the Nabob Hoofsanewal Moolk on the death of

of Rungacharry as to whether the allowance was to be continued and the Nabob's reply in the affirmative in favor of the abovementioned Anoomunta charry and Rungammal the widow of the deceased. No. 4 is an Extract from the Register of Yeomiahdars prepared by the former Collector Mr. Wallace and forwarded Board on the 29th December 1801 the name therein inserted being the of Rungammal the widow of the original grantee Anoomuntha Charry's his sons name being omitted - and it will be perceived that it is expressly stated that a "Purwanah is to be granted for life"

3 On the 22d april 1812 Mr. Travers addressed a letter to the Board in which he recommended that certain Yeomiahdars should be struck out of the list - in these is included the name of Rengammal who is stated in the Column of remarks in the list which accompained the latter to have died - and the Board issued orders in their letter of the 2d May 1812 /para 3 and 4/ accordingly. On the 12th March 1813 Mr. Travers addressed another letter to the Board on this subject which was accompanied by a list of the yeomiahs which had been struck out of the Register and in this list is the Yeomiah in question.-

4 From the documents referred to in the above Statement it appears that the yeomiah originally

originally granted in the name of Rungacharry was discontinued at the death of Rungammal in the year 1811 - and there are no traces of any claims having been preferred to it from that time till towards the close of the year 1820, when Anoomantha Charry the present grantee addressed a petition to the Collector Mr. Lushington whereupon the Correspondence noted in the Margin ensued and on the representation of Mr. Lushington that the allowance was for the performance of a service the yeomiah was renewed - and a certificate of which the accompanying /No. 7/ is a copy was granted. If was under these circumstances that in the explanatory Statement which accompanied my letter of the 26th September 1845 the yeomiah was stated to be for service.-

5 It only remains to state that Anoomantha Charry performs the service for which the grant was made by celebrating ceremonies at the Pagoda of Hanoomanthadoo situated within the great Pagoda at Seeringham.-

6. Shaick abdool Cawder was the original Yeomiahdar and died during the former Government - From the accompanying translation of the Purwanah granted to him it would appear that the grant was only for life - From Mr. Wallaces' register of yeomiahs the grants would seem to have

have been continued to Hanfiz Syed Ally "as an object of Charity he being a Priest" an Enoyatnamah granted by Ameer ool Oomrah for Continuing the allowance as a Mottalir=quan grant being set aside being under the orders Contained in the Board's letter of the 21st January 1813 invalid.-

7 Mr. Travers struck the Yeomiah out of the Register as the person who claimed them Hanfiz Syed Ally had no sufficient de=
=cuments" in his own name" and was "not an object of Charity."-

8 From 1812 till 1821 the allowance on account of this Yeomiah was to be discontinued in the last mentioned year.- Mr. Lushington recommended its renewal on account of its being hereditary and for service and the Board acquiesced. A certifi=
=cate was accordingly granted of which a Copy is sent. Hanfiz Syed Ally Continues to perform the duties of Hateb at the Mosque of Begum Saiba in the Fort of Trichinopoly he is old and infirm.-

9 This Yeomiah was continued by the Board as for service- see the Correspondence noted in the Margin. These persons Continue to perform the duties of Hateb at the tomb of Ameer ool Omrah in

Translate of a Muchulkah granted to Anoomanta Charry by the Nabobs Udawluth on the 2d Rabeeoodanee Hygree 1211.-

Hanoomanta charry appeared before us and stated that his father Renga Charry who was in the receipt of 4 Gopally fanams a day under a Purwanah dated 6 Rumzan Hegree 1178 died and that he has left no other relatives than himself and his mother. This statement is proved by two witnesses named Narayen and Runga Charry. It is now proved before us that a son and a daughter of the late Runga Charry are now living. This document is therefore given to Hanoomantha Charry by the Udalut Court of the Nabob.-

Sir,

From the Collr. of Madura, Para 1.-

As the offence proved against

against the Curnums Vyrapiermal Pillay and Vadamalay Moodely, entered in my return of persons charged with offences under Regulation IX of 1822, for March last, was one of magnitude, and as they have suffered their imprisonment and been released I trust the Board will no longer think desirable the enquiry proposed in your letter of the 18th received yesterday into their means of living independent of the small emoluments of this Curnumship.-

2. I have generally considered Regulation IX of 1822 provided very heavy penalties for misdeeds of Curnums tho fully aware of their small emoluments, in consideration of their facility of execution and great difficulty of discovery: and I do not think the Sub Collector has been too severe in the case in question, the elucidation of which included dismission of a Zillahdar.-

3- Unless I receive a more formal prohibition against severity of punishments in such cases I shall be contented with keeping this rule in mind without however shackling my judgements by it.-

As it appears from the above report that the Curnums therein referred to have already undergone the term of imprisonment awarded in lieu of the fine of Rupees 100 to which they were respectively sentenced under date the 25th of June 1845. The Board will dispense with the further enquiry directed to be instituted in their letter above quoted.-

The Board would observe however that the Principal Collector should bear in mind and also take an early opportunity of directing the attention of his subordinate Functionaries to the general rules laid down in that communication by which under ordinary circumstances of guilt the amount of fine hereafter to be inflicted upon Village Servants convicted under Regulation IX of 1822 should be regulated.-

Ordered that the foregoing letter and the previous communication on the subject be submitted with the following address.-

To The Chief Secretary to Government

Sir

To the Chief Sec.y to Gov.t

Submitting a Correspondence with the Revenue Authorities of the Canara District regarding on application made by Mr. Lascelles Civil and Sessions Judge of Honore for a grant of the land on which the house occupied by him at that Station is situated with the Board's sentiments on the subject.-

Para 1. I am directed by the Board of Revenue to Submit for the Orders of the Most Noble the Governor in Council the accompanying Correspondence which has passed between this Office and the Revenue Authorities of the Canara District on the subject of an application made by Mr. Lascelles Civil and Sessions Judge of Honore for a grant of the land on which the house occupied by him at that Station is situated.-

From Coll.r 9th May in.s 15th June "

2. The ground in question appears to belong to Government there being no trace of its having been granted to any one - From Mr. Parkers' letter of 9th January 1840 there seems reason to believe that the Bungalow which &c stands upon it is also Government

Para 3. property

Fort St. George 18th June 1840

property or at least that no other party is likely to be able to establish a valid title to it. It has been successively inhabited by various Revenue and Judicial Officers who have severally made the repairs or additions required to it during their respective periods of tenancy. The building is now much dilapidated and in part at least uninhabitable. Mr. Lascelles in his letter of 25th August 1845 proposed either that he should be permitted to make the necessary repairs at the public expence in which case he would rent the house at whatever might be deemed a fair rental or that he should be allowed to purchase the buildings Valued by the Engineer Department at 500 Rupees and that the land on which they stand should be given him on grant at the usual quit rent, in which event he would make the requisite repairs at his own cost. Subsequent to this application Mr. Lascelles from the ruinous condition of the present building and the approach of the Monsoon had thought

Fort St. George 18th June 1840

thought it advisable to erect an additional Bungalow the cost of which when complete will be about Rupees 1000.-

3. From Mr. Parkers' letter already quoted it will be perceived that the ground in question is the only site available at Honore for the residence of the Judge of that Station. It is therefore of importance that the land should not be allowed to pass absolutely grant into private hands. under these circumstances the Sub Collector in Charge has recommended that in place of the present building a suitable house should be built by Government and let to the Judge for the time being at a fair rent. He is of opinion that such a house might be erected for less than Rupees 5,000. and if the rent were fixed at 50 Rs. per mensem the expence of repairs and interest of the money expended would be fully covered. If this proposal be not approved he has suggested that on payment of 500 Rs. into the Treasury as the Value of the present buildings

a grant of the land be made to Mr. Lascelles who could then provide accommodation for himself on condi= =tion however that after that Gentleman may have quitted his present appointment each of his Successors shall be at liberty either to purchase or rent his house the amount in the event of any disagree= =ment between the parties being settled by a Committee to be appointed by Government.-

4 The Board cannot advise the adoption of the latter of the alternatives proposed by the Sub Collector, because it appears to them that the condition annexed to it tho observed by Mr. Lascelles himself could not be made binding upon his representatives or upon any other parties into whose hands the property might ultimately pass- under the very peculiar circumstances of the present

present case, it would doubtless be well if Mr. Parkers' first suggestion could be acted upon and a suitable residence be built for the Judge of the Station on the spot in question at the public expence such rent being imposed as would amply reim= =burse the Government but the Board are not aware how far this proposition may meet ap= =proval- Should it not be concurred in as the Board cannot advise that the Ground be given or grant to Mr. Lascelles or

8103 Fort St. George 18th June 1840

or to any other party they can suggest no other course than that in consideration of the expense which that Gentleman would appear to have incurred in making additions to the present buildings he should be allowed to occupy the premises free of Charge so long as he may remain in the Honore Court.-

Sir

From the Collr. of Malabar } Calicut 9th June 1840 }

With reference to the Extract from the Proceedings of the Board of Revenue under date the 12th February last, I have the honor to forward Copy of a Correspondence which took place between the President of Travancore and myself by which the Board will no doubt be glad to observe that the Cochin Sirkar have come to the determination of entirely abolishing the Land Frontier Chowkies towards Malabar and Coimbatore. It would be satisfactory if the proposed arrangements could be carried out on the termination of the present Fusly year - Viz. on the 11th July next. Perhaps the Board will express this opinion to the Government.

No. 1

To Major General Cullen
British Resident
Travancore & Cochin.

Sir,

You are no doubt aware that

Fort St. George 18th June 1846

that I have been desired to place myself in communication with you on the subject of the removal of the Cochin frontier land Chokies to the intent that the object contemplated by the Court of Directors in their despatch of the 12th November last of placing that state as far as possible in the position of British Territory may be carried out- I do not know what more I can do than quote an Extract from the Minutes of Consultation which was furnished me by the Revenue Board in conveying the instructions above adverted to.-

"His Lordship in Council
"observes, that the annual amount drawn
"from the Company's Chokies on the Cochin
"Frontier, is very small, and it is probable
"that the sum received by the Cochin Sirkar
"is also insignificant- and as the revenue
"of that petty state exceeds the public de-
"mands, a trifling sacrifice of revenue
"can be readily made to meet the object con-
templated by the Court of placing this
"State as far as possible in the position of
"British Territory- If it shall be found
"that the Sea Customs Revenues of Malabar

* 18s 2700 per Annum-

Fort St. George 18th June 1846-

are seriously affected by the abolition of the inland Chokies the Government can at any time remedy this by their re-establishment or by an arrangement with the Cochin Sirkar."

Will you kindly inform me if the observations here made are considered sufficient to lead to a reconsideration of the opinion expressed in your Communication of the 12th September last, that the Cochin Government should not be required to abandon its Chokies in interchange of the abandonment of ours- For me to press the matter on you would be indecorous. Your own excellent judgment and experience will no doubt lead you to form a just conclusion- I may merely say that I shall be very happy if it is such as I am certain your personal inclinations would lead you to prefer-

for the entire abolition of the land Frontier Chowkeys towards Malabar and Coimbatore.

The Government will no doubt be fully sensible of the enlightened and liberal view which has been taken by the Cochin Sirkar in this matter. I feel sure to be pardoned in expressing in my inferior position my acknowledgments for a relinquishment which will greatly tend to the advantage and happiness of the District over which I have the honor to preside.

which has passed between himself and the Resident of Travancore and Cochin.

2 From this it will be seen that the Cochin Government have assented to the removal of all their inland Custom houses on the Frontiers of the Malabar and Coimbatore Districts, and under these circumstances the Board cordially support Mr. Conolly's recommendation for the immediate withdrawal of the Company's Chowkies on the Cochin Frontiers.

3 Adverting to Para 2 of the Board's letter to Government 11th December 1845 the Collector will be directed to watch the effect produced by the removal of the Frontier Chowkies upon the Sea Custom revenues of his District and in the event of any considerable loss being experienced to bring the subject under the notice of this office, suggesting the remedial measures which should in his judgment be adopted.
