3 The only alteration which appears to have been effected in the sanctioned Tusdeek is the reduction in the amount of the grant for festivals of Rupees 81 — 2 4 allowed for the performance of certain ceremonies denominated "Vennig and Dufter Poojah" which being conducted in the Pagoda Cutcherry under the immediate supervision of

5 The Most Noble the Governor in Council resolves

resolves accordingly to authorize the continuance of the foregoing payments until the arrangements ordered in Extract Minutes of Consultation dated 8th April last are completed, and to sanction the sums disbursed in Fuslies 1252, 1253 and 1254 amounting to Rupees 160852-6-9

6 The Civil Auditor is referred to the detailed Statements furnished by the Principal Collector dated 16th February 1842 No. 2 and 22d December 1845 which contain the requisite particulars respecting the number and nature of the Institutions and festivals, and the amount payable on each account and which will be his guide in future in auditing the charges.

7 His Lordship in Council observes that while the sum Total of the Jusdeck originally fixed corresponds with the aggregate amount payable under the Head of "Pagodas, Cuttrums and Poojahs" as shewn in the Board's letter of the 30th March 1846 and the Statement submitted by the Principal Collector on the 10th November 1845, there is a material discrepancy in details between the Statement of allowances for Religious Ceremonies furnished by Mr. Garrow on the 1st November 1808 and that forwarded by Mr. Wroughton on

This sum appears to have been taken from the amount allotted for Pagoda expenses, in which there is a proportionate diminution. The Board should have obtained from the Principal

Principal Collector an explanation of the discre=
pancies above noticed before submitting the subject
of these allowances for the orders of Government.

8. In reference to the money payment
authorized in para 5 to be continued His Lordship
in Council considers it expedient that the views
of Government on this subject detailed in the
Extract Minutes of Consultation dated the 8th
April should be fully carried out in Coimbatore
as well as in all other Districts, and he requests
the Board of Revenue will accordingly adopt

Relative the management of the Extra Sources of Revenue in the District of Canara for fusly 1254 A.D. 1844/45

Received 30th April 1846
No. 230.

Para 1

The settlement for fusly 1254 of the

the Extra sources of Revenue in the District of Canara amounted to Rupees 1,299,675-12-6 and compared

	Rs	
fusly 1253	1,367,222	14 —
" 1254	1,299,675	12 — 6
Decrease	67547	1 — 6

with fusly 1253 presented a decrease of Rupees 67547-1-6 which is satisfactorily accounted for by the Board of Revenue in the foregoing Proceedings

2.

The items in which the greatest decrease are apparent, are

Decrease	Rs	As	Rs	As
Sayer	11671	1	7

Abkarry	5809	"	"	
Tobacco	8661	3	9	
			101475	5
Nt. Decrease			67547	1 6

Sayer Sea Customs and Small farms. In the two former the decrease was caused by the abolition of the Transit duties and the general operation of the act VI of 1844 on the import of Salt from the Goa Frontier and on the export of the Articles of Betel, and

Rs 62385-5-9

Tobacco. The only item of increase in the Sea Customs branch was Rice owing to the large export and higher rate of duty imposed on the article, but this was more than counterbalanced by the diminution in the export of Cotton, arising from the state of the Bombay market, by which alone there was a diminution of Rupees 64034-6 11.

The

3 The increase of Rupees 87005-1-3 in the Revenue from Salt, was almost exclusively in the sales for inland consumption. The loss to which the Salt Trade of Canara is exposed from the free admission into the District of Goa Salt through the Southern Mahratta Country is, as the Board observe, a question of great local importance, and the Most Noble the Governor in Council would therefore wish to have the subject in all its bearings brought before Government with the least practicable delay.

4 The Collections within the year amounted to Rupees 1,29,283-4-2 and the Balance of Rupees 9392-8-4 outstanding at its close was reduced by subsequent Collections to Rupees 6089 8 3 on the 31st October 1845.

5 His Lordship in Council grants sanction for writing off in the accounts of the Canara Collectorate the arrears of Moturpah revenue for Fusslies 1251, 1252 and 1253 due by certain Fishermen which are reported to be irrecoverable, amounting to Rupees (99-3-9) Ninety Nine Annas three and pice Nine.

6. The Net Revenue after deducting charges in which there was the large Decrease of Rupees 1,19,598-7-7 especially under the Heads of Sayer and Sea Customs amounted to Rupees 97,437-10-7 and

To J. F. Thomas Esqre
Chief Secretary to Government
Fort St. George

Sir,

Para 1 I have the honor to acknowledge
the

the receipt of the Extract from Minutes of Consultation No. 44 of the 23d of January 1846, and with reference to my letter No. 36 of the 31st of December 1845 applying on the part of the Travancore Sirkar for a renewal of the lease of the Schangenchery Farm, desiring that the Collector of Malabar and myself should report "on the propriety of the measure, "and whether the evils of Tobacco smuggling "through this Village could be avoided on the "retransfer of the Revenues to the Company."

2. I have not heard what are the views of the Collector of Malabar on the question, but I do not perceive that a retransfer to the Company would be attended with any advantage to the British Government, while I much apprehend it would decidedly encourage and facilitate smuggling into the Sirkar territories of Tobacco and other articles of Monopoly, and might lead to collision and discussion between the inferior servants of the two Governments.

3. Attempts are frequently made along the whole line of coast to smuggle in Tobacco, and were the small site of Chaw-
-gencherry not under the Sirkar Control smug-
-glers would probably boldly anchor right off the

the place and avail themselves of the rights to land their Cargoes-

4. Of course the inducements are less now than they were at the date of the original grant of the lease in 1822 when there was a large Force at Quilon, but the temp-
-tations are still very great for while the Tobacco has fallen perhaps one half in price at the places where it is grown, the sel-
-ling price of the Sirkar has continued un-
-changed-

5. Were the place retransferred to the Com-
-pany probably a more expensive Establishment would be necessary than at present. The present Establishment consists of the following Police Ameen

1 Goomastah } on 5th Rupees
3 Peons -- } 7½ Months.

How far such Establishment is necessary or what may be the Amount of duty exec-
-uted, I have no means of judging as they are in no way under the Control or even Supervision of the President-

6 The Police Ameen is also vested on the part of the Sirkar with the sale of their Tobacco within the limits for which he receives a monthly allowance of

of 24 3/4 Rupees an union of duties that may not seem quite proper yet perhaps hardly avoidable in so small a place.

7. The Sirkar derive no pecuniary advantage from the Farm, they get no profit, their total receipts do not exceed 1600 Rupees per annum, while their expenses* are not less than 3600 Rupees, but the great object is the prevention of smuggling.

*Inclusive of the rent for the Farm.

8. At the period of the original lease, Colonel Newall estimated that about 800 Candies of Tobacco were annually imported into Changenacherry, although the annual consumption of the Inhabitants of the place did not exceed ten Candies. The Consumption now is about 15 Candies. The accompanying Sketch will shew the position and small extent of the place. The whole population does not I believe exceed above 2000 Souls of which not above forty or fifty are mixed descendants of the original Portuguese and Dutch.

Letter to Govt. 18th July 1822.

9. Some little difficulties are complained of by the Travancore Authorities because their peons have no authority to seize smugglers or smuggled articles within the limits of Changenacherry but perhaps some arrangement might be made between the Collector

Collector and Resident which would obviate such difficulty without in any way interfering with the liberty of the inhabitants.

Sir,

I take the liberty of enclosing an Extract from a Petition received from certain inhabitants of Tangachery and to request you will do me the favor to make any such remarks as you may deem requisite on their Statement. You will at once

ance see that my reason for troubling you is that the question of re-farming Tangachery to the Travancore Government is under Con-
-sideration and that it is necessary that any real grievances which may be felt by the Tan-
-gachery people in Consequence of the farming system as at present prevailing should be looked to prior to any orders being passed-

An early reply will much oblige me as I have been called on a second time by the Government for a report on the question generally-

Nor the Petitioners are permitted to get even sweet toddy drawn from their Cocoanut trees) while all the Travancore inhabitants are in habit of drawing it, for purpose of preparing any daily food, besides removed the Colonial Customs to Quilon in Travancore, and strong-
-ly surrounded this Colony and kept at watch by Nayer Sepoys and Peons of most barba-
-rous nature, to examine the Petitioners on

their passing to and from the Sircar terri-
-tory for their daily livelihood, and they are Consequently so much and so strictly oppres-
-sed that they cannot avoid from paying a duty or tax of 8 per Cent on any article (nothing but the trifling produce of their gardens) car-
-rying out and on every provisions &c. bringing in from the markets from the Sircar spot for their daily use, whereas 6 per Cent only being imposed and received from the Tra-

Sir,

With reference to the Extract from a Petition from certain Inhabitants of Tangachery received with your letter No. 634 of the 11th Instant, I have the honor to acquaint you that on referring to the Head Dewan Peishkar of Travancore for explanation, he states in regard to Toddy.

That it is always to be had like other ryots from the Arkaree Contractor, but

but of course that none in either case are allow-
-ed to draw it without permission.

2 In regard to the Nair Sepoys
and Peons they have always been so employed
to detect and prevent smuggling but that
if any acts of oppression have been at any
time practised they could have made their
complaints to the Travancore Authorities
or to the Company's Police at Tangachery.

3. An export duty of 2 and an
import duty of 5 per Cent are charged on
all goods entering or leaving Tangachery,
and that such duties have always been levied.

It does not appear to me
that any such duties should be charged
however and I have again addressed the De-
-wan on the subject. To more effectually
prevent smuggling from seaward, a Chow-
-key should be established on the western
extremity of the Fort, and then the other
guards and Peons might be discontinued.

I shall address you again
on hearing from the Head Peishkar.

I have the honor to acknowledge the receipt of your letter No. 881 dated the 23d Instant, containing certain remarks on the Tangacherry farming system.

2. With reference to remarks 1st I beg leave to state that in consideration of the inconveniences formerly experienced by the inhabitants of Tangacherry in procuring their supplies of Toddy and Arack from the Sircar's Godown at Quilon which was at some distance from the Farm, the Sirkar established the present Toddy shops close to the limits of the Farm but as the inconvenience in question does not appear to have nevertheless been obviated, the Sircar is willing to establish one within the limits

3 With respect to remarks 2d I beg to state that under the circumstances to which you advert, the Sircar has no objection to abolishing the Guards of Peons and Military Sepoys now stationed at the limits

8138 Fort St. George 22d June 1846

limits of Tangacherry between it and Quilon, and in that case the Sea beach Guard could be placed on a more efficient footing.

4 Referring to remarks 3d I beg to inform you that the duties of 5 and 8 per Cent on articles coming into and out of the Farm, were established in the year 989 but which likewise the Sircar has also no objection to abolish altogether if you think it necessary, in the event of Tangacherry being reformed to the Sircar.

5 The Statement called for in the concluding para of your letter under acknowledgment, I beg to enclose herewith.

Sir

In considering a proposition

Fort St. George 22d June 1846

proposition of the Travancore Government to renew the lease of Changachery farm at Quilon which expires on the 12th July next the Government express a desire to have my opinion as to the propriety of the measure, and whether the evils of Tobacco smuggling thro' this Village could be anoided on the retransfer of the revenues of Changachery to the Company.

2. I beg respectfully to express my opinion that it is in every point of view advisable to renew the lease in question. The amount paid by the Travancore Govern=ment is in excess of what would be received were the Village under our own management They pay in fact liberally for their own security, and to anoid the incessant annoyan=ces and loss to which they were exposed so long as Changachery was to them as the French port of Mahe is now to us a Con=tinual thorn in the side from the facilities it offered to the Contraband trade.

3. I am not aware of any circumstances which would make it easier to put down that Contraband trade now than it was 24 years ago.

4. Should the Government think

Fort St. George 22d June 1846

think it injudicious to alienate the revenues of the Village for so long a period as 24 years they may perhaps give a lease for only 12. Mr. Vaughan the Collector under whom the first lease was given seems to have thought that a more limited period than 24 years would have been advisable, but the Revenue Board saw no objection to the term.

P.S. I enclose my letter to General Cullen and his answer which shews that all these grievances whether real or assumed will for the future be removed.

To The Chief Secretary to Government

Sir

To the Chief Secry. to Government

I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation 16th June 1846 Communicating to them letters from the Resident of Travancore and Cochin and from the Collector of Malabar dated 27th April and 6th June 1846 respectively and requesting their opinion in regard to the term for which it would be desirable to renew the lease of the Chenganacherry Farms-

In reply the Board direct me to state that it appears to them that the period for which the Chenganacherry lease should be renewed may properly be fixed at (12) twelve years-

To T. Pycroft Esqre. Secretary to the Board of Revenue Fort St. George.

(23)

Sir,

From the Collr. of Ganjam - -

I have had the honor to receive this day your letter dated the 21st and dispatched on the 23rd Instant regarding the enquiry directed by the Board of Revenue to be

Fort St. George 22nd June 1846.

be made in respect to the alleged minority of Mo. Ramiah the adopted son of the late Proprietor of the Polakey Estate in this District and desiring that within three days after the receipt of your Com=munication I will inform them how far the enquiry has been prodecuted- when it may be expected to be closed- and the Causes which have hitherto prevented its being brought to a Conclusion-

2. The Boards instructions to me make an investigation into this affair dated 15th December 1845 reached me on the 23rd of that Month, but it was not until towards the end of the follow=ing month that the Petitioner Ramiah and his advisers made their appearance and submitted the documents and accounts of the witnesses being upwards of two hundred in number whom they wished to be examined in support of their alle=gations- The investigation has since been going on- The greater part of the witnesses belonging to the Southern Talooks of this District or residing in the adjoining Villages of Vizagapatam where the young man Ramiah was born there has been much diffi=culty and delay in obtaining their attendance the parties being naturally averse to undertake a long journey at their proper Charge and in an Extra judi=cial inquisition of the nature of this now in progress there is neither any legal authority for enforcing the attendance of the parties or for awarding to them the escpences to which they are necessarily put in travel=ling to this Cutcherry-

3. As the Board appear to be impa=tient of further delay in receiving a report on this Case I shall now close the investigation and submit the result for their Consideration in the Course of a few days as soon as the requisite papers can be translated and prepared- I do not think that the absence of the fur=ther evidence offered will much prejudice the Case of the Petitioner for doubtless any additional evidence &c that might be brought forward on his behalf would be of the same Character and tendency as that which has been already recorded-

the usual Sale advertisement for publication in this Office the day of Sale being fixed for the 22nd of the present month. In transmitting this Advertisement the Collector however took occasion to observe that "he could not "concur in the estimate made by his Prede= "=cessor of the probable assets of the Zemindaries "under Management if well administered and "that he was not satisfied of the hopeless "insolvency of the late Proprietors estate"- In consequence of the above observation on the part of the present Collector and as it was perceived that of the total arrear 5,07,47-13-3 for which the sale of the estates was originally ordered the full balance of Fusly 1248- 2,17,69-15-11 or more than two fifths of the whole had been discharged since Mr. Arbuthnot's letter of 9th December last leaving the arrears for which the estates would have to be sold (about 3 Lacs of Rs) but little less than one years Peishcush the Board were induced to call upon Mr. Smollett for a fuller exposition of his opinion respecting the condition and prospects of the property. The Collectors reply 29th Ultimo to this reference is now submitted.-

Inf.on 4th Jany 1840.-

It will be remarked that

that in the late collectors letter of 9th Decem=
=ber 1845 the net surplus revenue of these
estates for the current and for future fusslies &
if the seasons proved moderately favorable was
estimated at Rupees 9000, at which rate it
would have required 6 years to clear off the
public debt upon the Zemindary which at
that time stood at Rupees 50747-13-3- From
Mr. Smolletts letter now forwarded it will
be seen that the net outturn of the present
year has been Rupees 16000 or nearly double
of that calculated by Mr. Arbuthnot- This
is in some measure to be attributed to the
present prevailing high prices but Mr.
Smollett considers that making allowance
for a fall in prices a surplus of twelve
thousand Rupees and upwards per annum
might accrue on the average for future
years and that the arrears now reduced
by the payment of the balance of Fusly 1248
as already stated Rupees 30000 might
be liquidated in two years and a half.
The Collector adds that there appears no
occasion to Calculate any provision for the
family because they have a small income
available for their support from other sources
and that many of the private creditors

would

=ah of Vizia=
=nagaram apparently Collectors Let=
=ter of 23d May Para 5.-

would remit Interest and be brought
to compromise their claims if proper
measures were taken for the purpose.
In a separate Communication Mr. Smollett
has brought to notice the peculiar
position of the minor heirs to the
Zemindary under present circumstances.-

4 The view taken by the
present Collector of the condition and
resources of the Cafsimcottah Zemindary
verified in part by the result of the pre=
=sent years settlements is so much at vari=
=ance with the opinion entertained by his
predecessor that the Board have felt it
their duty to submit Mr. Smolletts let=
=ters for such orders as the Most Noble
the Governor in Council may see fit to
pass upon them and to suspend the
sale of the estates until the pleasure of
Government be known upon the subject.-

Sir,

Para 1 I have the honor to acknowledge the receipt of your letter of 30th ultimo with an annexed copy of an order of Government dated 13th May 1828 requesting me or unless I have any reason to shew to the contrary to refund the amount of Extra Tent allowance drawn by me for a portion of the month of April, upon the ground that I occupied at the time the Travellers Bungalow at this place.

2 In reply I beg to explain that during the period alluded to, I provided a full complement of Tents for the accommodation of my Cutcherry, which I considered entitled me to draw Extra Tent allowance, altho' I availed myself of the Travellers' Bungalow in the vicinity of my camp, for personal accommodation while unoccupied by Travellers.

3 In the order noticed in your letter under reply I understood the provision of the "making use of the public Choultries or Bungalows," under which

Revenue

Revenue Officers are excluded from drawing Extra Tent allowance, as stated in contradistinction to their "not being provided with public accommodation for their Cutcherries," and "their furnishing suitable accommodation for their establishments in Tents," "the conditions" which entitle to this allowance, which latter conditions were fulfilled in the case under question.

I would beg also to submit

4 that this construction seems to have been entertained by the other Collectors under whom I have been subordinate in the District in cases similar to the present one.

I shall be most happy to

To, The Commissioner in Kurnool

Sir,

To the Commr. in Kurnool

Calling for further information regarding certain Ceremonials referred to in his letter of the 16th April last.-

Para. 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter, with Enclosures dated the 16th April last communicating the death of a Yeomeahdar in your District in the receipt of Rupees 4-9-1 per mensem, the Continuance of such allowance had been applied for by his Sirdar Hussain Meah and submitting also a Statement

Statement of the enam land in the enjoy=
=ment of the family.-

2 It appears from the 2d. para of your letter under reply that the allowance in question was continued to the deceased on the Assumption of the Country on the original terms of the grant viz.t. for the service of a Musjid in the village of Co:
=Carencha" and was so entered in the register of yeomiahs furnished to this office in your report dated 30th December 1843, tho' at the same time it would seem that there was no Summud forthcoming in support of the validity of the grant itself.-

In Cons.n 15th Jan.y 1844.

3. Adverting to the Extract Minutes of Consultation of Government dated 28th March 1843 No. 56 Secret department I am instructed to request that you will enter into further details of the nature of this grant explaining the Character of the service performed and the grounds for concluding that the grant was originally intended for the Service of the Mosque; you will at the same time state the practice hitherto followed on occasions of lapses of yeomiah of this description occurring in your district and whether you are of opinion that in the present case the grant should be continued to the applicant with reference to his means of support

In Cons.n 20th April 1843

and

and other considerations or should revert to Government.-

4 With regard to the enam lands mentioned in your letter as having been held by the family of the yeomiahdar I am directed to call your attention to the Proceedings of the Board under date 15th Instant and to the Cor=
=respondence from Government therewith Com=
=municated and to request that you will adopt measures for the disposal of the lands agreeably to the instruction of the Supreme Government on the subject of the rent free lands in your district pending the final investigation into the rights of the holders to the permanent possession of their lands.-

From the Collr. of Chingleput

Sir,

Stating his opinion of the Rules proposed for encourage=ging the plantation of public and private Topes.-

Para 1. I have the honor to acknow=
=ledge your Circular letter of the 26th January a=
=forwarding rules for encouraging the plantation
of public and private Topes and calling upon
me to report upon their applicability to this=
Collectorate.-

2. As a preliminary remark I beg to ob=
=serve that plantations of the description in
question are scarce in this District in Consequence
of the difficulty and expense of watering and
rearing young fruit trees. More numerous plan=
=tations are certainly desirable and it is therefore
advisable to encourage them by the promulgation
of favorable rules.-

3. With respect to public Topes it
appears to me that great advantage would be
derived from there being large shady plan=
=tations for troops and travellers to encamp
in at the different stages on the principal
roads. But as the arid soil and scarcity
of water make it difficult to rear trees
I would propose that more encouragement

should be given for attaining an end so beneficial
to the public by the planter being allowed to enjoy
the produce when the trees reach maturity the land
remaining rent free- The Regulation that such Topes
are to be planted on waste land only and with the
previous Consent of the European Authorities a=
would prevent any injury to the interests of Govern=
=ment, and the planter might still be allowed
in those instances where he was actuated by Chari=
=table motives only to assign the produce to the
support of an adjacent Choultry or other public
purpose.-

4. The rules for the encouragement of private
Topes appear to me well adapted to their purpose, but
under the circumstances of this District I deem it ad=
=visable that when private Topes are planted on waste land
with the previous Consent of the Authorities the land should
be allowed to remain rent free whether cultivated or not
until sufficient time has elapsed for the trees to attain
maturity.-

5. The proposed rule for allowing parties who=
plant avenues on the sides of the great public roads to enjoy
the produce without tax appears likely to be attended
with beneficial results.-

Sir,

From the Pl. Collr. of Madura

It having been brought to notice since the Settlement for the past fusly /1254/ that the Curnum of Congomputty in Meylare, wrongfully included in the accounts of that Village, for the first time, as disputed boundary, 17/16 Cawnies of Nunjah, and 14 1/2 Goolies of Poonjah land, tasced at Rupees

Rupees 17-9-5 appertaining to the Village of Sattanipully, endowment of Swaghery Devastanam, in Shevagunga. I caused a strict examination, thro' the Tasildar, from which it appears that the Curnum's Copy of the Survey accounts of Congomputty of fusly 1212, shews the land as waste and consisting of 763 18/16 Goolies whilst that of fusly 1215 shews it as consisting of 410 Goolies only which latter corresponds with the accounts in my Office and being satisfied from the discrepancy of the accounts, added to the fact of its long enjoyment by the Ryots of Sattanipully with insertion in the Survey accounts of that Village of the right of the institution to it, I beg to recommend that the above tax of Rupees 17-9-5, additionally included in the Settlement accounts of Congoomputty for fusly 1254, and remaining uncollected, from objections on the part of the Ryots, because of their having paid the same to the Swaghery Devastanum, may be permitted to be written off from the accounts of Government.

(58) From the Collector of Malabar.-

Sir,

With reference to the Extract of the Board's Proceedings under date the 16th of April last calling for further explanation as to the Princess who is to succeed to the rank enjoyed by the Ambandy Kovilagum Tumbran whose demise was reported in my letter of the 17th of March last, I have the honor to state, that the Senior Tambrautty of the Padinjar Kovilagam is not to continue in the receipt of the 7,500 Rupees which her Highness was in the receipt of hitherto, in addition to the 4000 Rupees to which she has now succeeded, but is to receive only the latter amount, the former sum

sum devolving on the Tumbrutty next in rank to the Senior Tambrautty above mentioned who at present enjoys no specific rank or Malikanah. It may seem extraordinary that a person who receives an allowance of 7500 Rs. per Annum should be willing to give it up for 4000, but the explanation is, that the former sum has to be shared among a large body of claimants, while the latter sum is enjoyed by the Princess alone. The subject would be more clear if the names of the several Princesses could be stated, but they are most unwilling from local prejudices to make their names public, and it would be considered an extreme unkindness were they urged to do so.-

and orders of the Most Noble the Governor in Council the accompanying correspondence with the Collector of Malabar, relative to the death of the Ambady Kovilagum Tumbooratty and the succession of the Senior Tumbooratty of the Padingar Kovilagom to her rank.-

2. It will be seen that the deceased was in the receipt of a Malikanah of 4000 Rupees per Annum, and that the next in rank to her has succeeded to her title and allowances. the Successor was also in the enjoyment of a Malikanah of 7500 Rupees per Annum which falls to the Senior Member of the same family.-

In Cons 22d June 1846.

3.- In Mr. Conolly's letter of 1st June he explains the apparent anomaly whereby a person receiving an allowance of Rupees 7,500 per annum is willing to relinquish it for one of Rupees 4000. from which it will be observed that the former sum is devided among a large body of sharers whilst the latter is enjoyed by the recipient alone.-

4. The Board beg to recommend that the successions reported above may receive the sanction of Government to have effect from the 14th. February last.-

To the Secretary to the
Board of Revenue

Sir

I have the honor by order of the Military Board to acknowledge the receipt of your letter dated 21st Ultimo together with the log of Sisoo wood therewith forwarded, and to state that they feel thankful for the same.-

Sisoo is a valuable wood well known and much used in the construction of Gun Carriages in Bengal and will prove a very great acquisition to the Manufactory here if it can be obtained in large quantity and of far greater scantling than the Specimen sent for report.-

Military Department

Sir,

With reference to the orders of Government

Fort St. George 25th June 1846-

Government No. 1656 dated the 7th Ultimo I have the honor by desire of His Excellency the Most Noble the Commander in Chief to forward the accompanying Copy of a Report from the Officer Commanding the Ceded & Districts on the Climate of Ramanamallay, and the best means of testing the same previous to the Establishment of a Sanatarium on the said Hills and to convey His Lordship's recommendation that the Medical officers therein mentioned should be authorized to visit the proposed location for the Sanatarium at intervals of two months for the period it may be considered necessary that the investigation should last- and that Surgeon Godfrey M.D. and Assistant Surgeon Balfour should perform this duty without prejudice to their appointments respectively, as their absence will not at any time exceed a week and their duties at Bellary can easily in the mean time be performed by the next Senior Medical officers available, without any additional expense to Government.

To The Quarter Master General
of the Army
Fort St. George

Sir,

Para 1. I have the honor to acknowledge the

Fort St. George 25th June 1846-

the receipt of your letter No. 973 of the 16th Instant, with the Copy of an order of Government No. 1656 - dated 7th Idem, and Extract Minutes of Consultation No. 372 dated 2d April 1846. the whole of which, as desired, are herewith returned, and in obedience to the orders of His Excellency the Most Noble the Commander in Chief, that I should report on the best means of fully testing the Climate of Ramanamallay, beg to state that I am not aware that any more satisfactory measure could be adopted for the purpose of obtaining the fullest information, and the most conclusive testimony on the question at issue, than that suggested in the 2d

* That a Board of Medical Officers be appointed under such instructions for its guidance as the Commander in Chief may deem proper to investigate and report on every point connected with the proposed Establishment of a Sanatarium on the Table Land of Ramanamalay.

Clause of the 5th Paragraph of my letter to your address No. 324 dated 15th October 1845- But the selection of Medical Officers for this duty being a point of great importance, beg to recommend that those of the greatest experience and most approved judgment may be employed, and would suggest that the Superintending Surgeon Macdonell ceded Districts be appointed President- Francis Godfrey Esqre. Garrison Surgeon of Bellary and Assistant Surgeon Balfour of the 6th Regiment N. I. Members of the Board-

The

Fort St. George 25th June 1846

2 The Board of Medical officers so constituted to assemble at Ramanaz-mallay as often as may be deemed necessary, to collect all the information which it may be possible to obtain, calculated to throw light on the point at issue, and extending over the whole period the table land has been occupied by Europeans, down to the date on which it may be deemed expedient the Board should give in their report - stating also the advantages if any - which would be derived by Establishing a Sanatarium on the table land, as well as their approval of the site already selected for the Sanatarium, or of another which in the opinion of the Board, would be more suitable -

3. It may not be irrelevant to the question under Consideration to state, that having resided on the table land of Ramanmallay upwards of five weeks and up to the present date in Tents, my opinion of the salubrity of the Climate and its invigorating influence is such that I cannot help earnestly soliciting that no time may be lost in deciding whether in the opinion of such Judges as Government may Consider competent to determine the question, the benefits

Fort St. George 25th June 1846

benefits contemplated in my report to you of the 15th October 1845 would be realized in the event of such an Establishment as was then recommended being sanctioned -

4, In Conclusion I beg leave to add that my residence here since the 17th of last Month, has enabled me to select a far more eligible site for a Sanatarium, than that at first Contemplated, and that I believe that which I have now selected, is the very best that could be chosen for the purpose -

A copy of my letter to the Collector of Bellary to which I have not yet received a reply, is herewith transmitted - Mr. Meller and the Rajah of Soondoor are now at Ramanaz-mallay - and as soon as I receive the reply of the former, it shall be transmitted to you -

To A. Meller Esqre
Collector of Bellary

Sir,

Having this day received a Communi-cation from Army Head Quarters, Consequent on your report No. 16 of the 19th February last to the Board of Revenue relative to the Establishment of a Sana-tarium on Ramanamalay, I have the honor to inform you that

Fort St. George 25th June 1846.

that a residence here of nearly five weeks has convinced me of the undesirableness of placing such buildings as would be required on the Lower range of the Hill, should my suggestions at any future period be carried out. I have therefore the honor to request that in Communication with the Rajah of Soandoor, you will do me the favor to reserve the Spot of ground between the allotments of Brigadier General Anderson and Lieut. Arbuthnot*, and extending to the westward as far as the Hoospett Road for the above special purposes.

Order thereon (1-2)

Ordered to be communicated to the Collector of Bellary with reference to the Board's Proceedings dated 18th April last.

Extract from the Minutes of Consultation under date the 5th June 1846.

Read the following letter from the Civil Auditor -

To J. F. Thomas Esqre
Chief Secretary to Government

Sir,

From the Secretary to Government Directing the Board to obtain from the Collr of Coimbatore a List of the Civil Armed Establishment employed in that District and to submit it to Government with their opinion whether the portion not included in the fixed Margin Jubitah is absolutely necessary and if so whether it may not at once be brought on the permanent establishment.

Para 1. With reference to the order of Government in the Revenue Department No. 1191, dated 23d December last, I have the honor to forward for submission to Government Comparative Statements for Fasslies 1251 - 1252 / 1841-42 - 1842-43 and 1253 / 1243-44 and 1254 / 1844-45 of the Civil Armed Establishments maintained in the Districts noted in the Margin, made out in Conformity with the instructions contained in an Extract from the Minutes of Consultation in the Judicial Department under date 23d August 1841, exhibiting the total number, as well as the expense of the Establishment in each District, compared with the previous year, and the mode in which it is employed, also the authority under which the charges are admitted.

with reference however to "the means which I offer for the reduction of the Fisco" in any of the Districts, I beg to suggest that the Board of Revenue may be called upon to report on that particular, as it is one which falls entirely under their Cognizance.

2 It will be observed from these State=ments that in all the Districts excepting Coimbatore, the entire amount of charge on this account has either been periodically sanctioned by Government, or the Establishment is included in the fixed Moyenzalitah of the District. In Coimbatore however it is found that only that portions of the Establishment is included in the fixed Moyenzalitah of the District which is employed in preventing the Smug=gling of Tobacco while those portions of it which are engaged for the prevention of ravages by Elephants and for escorting the monthly remittances to the Neilgherries, not being so included the expence on their account has been incurred under the head of "Extra Revenue Charges," and, as was usual with other disbursements under that head, were submitted by the Board of Revenue for the special sanction of Govern=ment. The separation of the charges referred to as

Fort St. George 25th June 1846

as not being included in the fixed Moyenza=litah of the Coimbatore District from the numerous disbursements entered under the head of "Extra Revenue Charges" sanctioned through the Board of Revenue, has oc=casioned them to remain without the special sanction of Government, which, therefore, I beg to solicit may now be grant=ed, for the following sums on account of the Kandachar Sibbendy entertained for the purposes abovementioned in that District viz.

Para 1. The Most Noble the Governor in Council sanctions the charges remaining unadjusted on account of that portion of the Kundachar Sibbendy which is not included in the fixed Moyenzabitah of the Coimbatore District amounting to Rupees (34,188-12-8) thirty four thousand, one hundred and eighty eight Annas twelve and Pice eight.

2. It is observed that the Sibbendy employed in this District in checking the ravages of Elephants and the smuggling of Tobacco, as well as in escorting the monthly remittance from Coimbatore to the Nailgherries a portion is included in the Permanent Establishment and admitted as a fixed charge; and the remainder, nearly one-half of the aggregate cost, is entered under the head of "Extra Revenue Charges," for which the sanction of Government has hitherto been obtained partly through the Audit Office and partly through the Board of Revenue.

Para 2 of Civil Auditor's letter and remarks in the Statement so submitted.

8244. Fort St. George, 25th June, 1845.

3. It is the desire of Government that uniformity of practice should be observed in respect of the whole of the Sibbendy returned under the head of "Civil Armed Establishments" and thereby obviate the confusion and irregularity which frequently follow different modes of proceeding. The Board will accordingly obtain from the Principal Collector a List of the Establishment employed in the Coimbatore District for the purpose above stated, showing distinctly under each head the number and description of Servants and the amount of pay of each, and submit it to Government with their opinion whether that portion not included in the fixed Moyenzabitah is an absolutely necessary and if so, whether it may not at once be brought on the permanent Establishment. The Board will also ascertain and report for what period this Establishment has been maintained in the District at its present complement.

*See remarks of Govt on the letter from the Board of Revenue dated 8th Dec. 1845 No 745.

4. The Establishments entertained in the Bellary and Cuddapah Districts will no longer be returned under the head of "Civil Armed Establishment," as their permanent employment which was sanctioned by the Government of India under date the 7th October 1843 and 1st March 1845 has

From the Collector of Masulipatam.... Para 1.

Submitting the information called for by the Board in regard to the Sale or transfer of patches of ground in the Fort of Masulipatam.

Sir, With reference to an Extract from the Boards' Proceedings dated 30th October last, in which information is called for relative to the practice in regard to the Sale or transfers of patches of ground in the Fort of Masulipatam as well as the terms on which they are held, I have the honor to State that the records of this Office shew that an enquiry on the Subject was instituted in the year 1833 by Colonel Hanson Quarter Master General of the Army as well as by the then Collector of Masulipatam whose reports will be found recorded in a letter from the Board of Revenue to the Chief Secretary to Government dated 18th November 1833, and the Minutes of Consultation of the 12th of that Month, and which appear to afford full information. The orders conveyed in Mr. Secretary Elliotts letter of the 3rd December following to the Board shew that the Governor in Council saw no objection to the removal of houses recently erected without permission, and without any title to occupy the ground, but as far as my information goes it does not

appear

appear that any attempt has hitherto been made to dispossess holders of Ground on the plea of invalid titles or other Causes

2. Since the receipt of the Board's instructions I have made enquiries on the points referred for my report, and find that the practice in regard to the private and Public sales or transfers of Ground held under certificates, as well as without them, has existed for a long time past: and that the General order limiting the possession of Ground to a period of 21 years or the rule relative to the forfeiture of land lying waste for one year as provided in some of the Certificates granted by the Chief and Council of Masulipatam from 1779 to 1785 has never been enforced - The total number of patches of Ground held under Certificates and inhabited by individuals is 342: those uninhabited being 12 - Those for which the owners have no Certificates and which are inhabited are 346 and 58 uninhabited. The Grand Total being 758.-

3. I beg to forward Copies of few Certificates held by the proprietors as given by the Chief and Council for the Board's information -

Sir

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation dated 25th October last transmitting for report a correspondence from the Quarter Master General of the Army relative to the possession of patches of ground by Native occupants within the Fort of Masulipatam, and in reply am instructed to submit for the information of the Most Noble the Governor in Council the accompanying letter from the Collector of that District from which it will be seen that an investigation into the tenure of land of the description adverted to, was instituted by both the Military and Civil Authorities in the year 1833.—

2. On referring to the correspondence which on that occasion passed thro' this Office, and which for easy reference is quoted in the Margin, it appears that a very large portion of the sites occupied by Natives within the Fort

Fort limits were held upon Grants conferred by the late Chief and Council at that station as well as upon Bills of Sale from individual proprietors or from sales by the Judicial authorities, and in some cases also upon old Mahomedan Grants, and it was further added that many of the house holders posseſsed no documents of any kind.—

3. In recording their orders in the Extract from the Minutes of Consultation of the 3d December 1833 Govern- in Cons. 9 Dec. ment observed that they were "not "prepared to sanction any general Measure "for removing the Native houses from the "Fort, which would involve considerable "expense, but that they saw no objection "to the removal of houses recently erected "without permiſsion and without title "to occupy the ground;" In advertence to which Mr. Porter states in his letter now submitted that as far as he has been able to ascertain the fact he is not aware of any attempt having hitherto been made to dispoſsess holders of ground on the plea of invalid title or other causes.

4. With respect to the points more particularly noticed in the letter from the Brigadeer Commanding Ma- =sulipatam to the Deputy Aſsistant Quarter Master General of the Northern Division bearing date the 20th of August last the Board called upon the Collector to explain what the practice hitherto has been in regard to the sale or transfer of patches of ground held under Government Grants within the Fort, in his reply Mr. Porter states that public and private sales or transfers have existed for a long time past, both for ground for which Certificates could be produced as well as for such as were held without documents of any kind, and that it has never been customary to enforce the General Order limitting the poſsesſsion of ground to a period of 21 years only, or to visit the nonfulfilment of the condition frequently attached to the Certificates granted by the Chief and Council of Masulipatam, as shewn in the Enclosure submitted with his letter with forfeiture of poſsesſsion in the event of the ground not being built upon

within

within the prescribed period of 12 Months from the date of the issue of that document It would therefore appear that the possession of ground by natives within the Fort upon whatever document held has hitherto been confirmed to them, and that in some cases when the parties have been unable to produce any deeds in support of their claims, they have been permitted to remain in undisturbed enjoyment altho' doubtless in such cases, recently erected houses would be liable to removal on the payment of a trifling compensation under the orders of Government above noted — With regard to the practice of disposing of their holdings by sale or transfer, it may also be remarked that the custom has been generally observed for many years and would appear to have been tacitly recognised no objection having at any time been raised on the part of the Government to the Proceeding — the Board however observe that a small disbursement was authorized for the purpose of purchasing out on moderate terms the inhabitants when the removal

Sir,

I have the honor to request instructions for My guidance under the following circumstances.

2.

A service Yeomiah of Rs. 7-8-0 stands registered in the name of Mulkee Shaw, and in 1842 on a complaint being made by some relations that they were entitled to a share of the Yeomiah orders were issued dividing the allowance as noted in the Margin. Mulkee Shaw however did not approve of the arrangement and refused to receive the portion allotted to him, which he has since kept in deposit. In 1843 Mulkee Shaw left the District for Madras and Bangalore and has not been since heard of. under the circumstances of the case the payment of the Yeomiah was stopped in March 1845 with the view of ascertaining whether Mulkee Shaw was in existence or not, but this information has not been obtained and the other Sharers now pray that the allowances formerly made to them may be continued, as the Durgah service has been performed by them since the departure of Mulkee Shaw and being of a nature the performance of which the mussulmen consider necessary I request the order of the Board may be obtained on the subject.

The result of the comparison is a decrease of Rupees 1,388 below Fusly 1255 A.D. 1845/46 owing to the Renters of a few Saloones such as Adoni, Bellary &c. having sustained losses from the unfavorable season of the Fusly about to expire.- There was no competition for these Saloones, and tho' their Rents were sold at a comparatively trifling sacrifice, yet, the aggregate amount of the present Beriz of the District is on an average of 10 years or from Fusly 1240 to 1249 A.D. 1830-31 to 1839/40 an increase of Rs. 66,700-- or Rs. 66,171-- above Fusly 1250 a result which I doubt not will meet the approval of the Board.-

Sir,

From the Asst. Collr of Cuddalah

Furnishing the information called for in the Extract from the Minutes of Consultation dated 13th February 1846 regarding the work performed by the Establishment employed for Recopying the Pymash and Parwarry Accounts.

Para 1. I have the honor to furnish the information called for in the Extract from the Minutes of Consultation dated 13th February copy of which accompanied your letter of the 2d Ultimo, regarding the work performed by the Establishment employed for Recopying the Pymash Chittahs and Parwarry Accounts and as required by your letter to explain the cause of the great delay in the transmission of these Accounts 8 years and upwards having elapsed since "Mr Greig the Principal Collector stated that the 2d Copy was then under preparation for the Board would be completed in about 4 years"-

2. The annexed Statement shews the number of years the Establishment has been entained for the above purpose the progress of the work up to the present time, the amount of Charges Actually incurred and the probable period at which it will be completed- and the Calculated further expenditure- Sanction from the Board of Revenue

Fort St. George 25th June 1826

Revenue dated 21st September 1826 having been obtained for entertaining an Establishment for Copying four sets of these Accounts. Mr. Thompson the Principal Collector on the 21st October 1826 Nominated one on a Monthly charge of Rupees 168 and decided that three sets of the Pymash and Tarwary Accounts should be at first recopied One for transmission to the Board of Revenue, the 2d for the use of the Collector and the 3d for the Tahsildars Cutcherries.

		Pay per mensem Rs a p
1	Moccatasur	20 — —
10	Goomastahs at 14 Rs each	140 — —
1	Dusterbund & Ructawan	4 — —
	Mussalchee and Sweeper	4 — —
	Total Rs	168 — —

3. The Copy of the several Tahsildars was Completed in 7 years Viz. from 21st October 1826 to 20th October 1832 Mr. Thompson required that each Goomastah should Copy daily 100 Numbers of the Pymash Accounts, or not less than 150 Numbers of the Tarwary Accounts and Compare the same with original. The work was carried on at this rate for three Months but was found to be too arduous and severe for the Goomastah who were either knocked up or fell sick.

4. Mr. Agilvie in charge of the

Fort St. George 25th June 1826

the District as Sub Collector at the time reduced the number of the Pymash and Tarwary Accounts required to be daily written by each Goomastah to 80 or 125 respectively, and directed that each Copy of a Talook when completed should be compared, this work progressed in this Manner for one year and 4 Months from 21st January 1827 to 20th May 1828 when Mr. Dalzell who succeeded to the District thought it preferable that the work performed should be compared daily, and with this view he reduced the required Numbers of Pymash and Tarwary Accounts to 60 or 120 respectively. The 1st Copy was in this manner Completed on the 20th October 1832.

3. The 2d Copy of the above Accounts for transmission to the Board of Revenue was Completed in 8 years 6 Months and 15 days, Viz. from 21st January 1834 to 5th August 1842. It was written on finer Paper and took a longer period to complete, as more pains was taken in the writing &c. The rate of remuneration fixed for the Goomastahs for recopying this set was in accordance to that granted in Bellary Viz. 1¼ Annas for every 100 Numbers in the Pymash

Fort St George 25th June 1816.

Pymash and 4 as 8 — 8 for the same number in the Fasewary Accounts Copied. The Numbers required to be Copied by each Goomastah to entitle him to his previously fixed Salary of 15 Rupees per Mensem were 1,600 of the former and 4800 of the latter accounts. If two Goomastahs were deputed solely to examine and Compare the accounts Copied they were required to get through 300 Numbers of each. The Moctasur also assisted in Comparing the accounts with a Goomastah when he was not engaged in making corrections.

6. In explanation of the cause of the delay in the transmission of the Set recopied for the Board of Revenue I beg to state that a portion of the Fasewary and Pymash accounts of certain Villages, it appears, were missing in the Hoozoor Record, and that some of the accounts were illegible owing to the decayed and torn state of the Paper. It was necessary in order to make the set Complete and free from any imperfections and omissions to send for such missing accounts from the several Talooks, and in the event of their not being forthcoming from the Talook records

Fort St George 25th June 1816

records, to Cause the Villages the accounts of which were missing, to be surveyed according to the former System. The Copy was in this manner finally Completed and made perfect. The Pymash Numbers in this District 99,057 and Fasewary Do 9,455 have been Copied in 298 Books which will be dispatched to your Office by the first available opportunity on a remittance being sent either from this or from the Bellary District.

7. The Board will perceive that at the time Mr Gleig stated that the 2d Copy would be Completed in about 4 years this Set had been under preparation for yrs mo D 3 — 8 — 1 and as it has taken 8 — 6 — 15 to complete it as far as Copying from the Hoozoor records was Concerned, the period occupied in excess of that Calculated by Mr Gleig is 10 Months and 14 days.

8. The 3d Copy to be kept in the Collectors Cutcherry is under preparation the work is now being performed in the manner fixed by Mr Dalzell, the Goomastahs being required to Copy a specified number of Accounts daily. This Copy will at the rate they are now going on with, be Completed in 2 years

9 Months and 25 days. A Statement is submitted shewing all particulars as regards the progress of this Copy.—

9. The Sanction of Government dated 7th August 1826 conveyed in a letter from the Secretary to the Board of Revenue dated 21st September 1826 authorized four Copies to be made of five of the Beriz Accounts the additional ones which have not been copied are the "Sela Sela Beriz," "Statement of demand and Collections" for 20 years and the Tarum Jamabundy. The 4th Copy in excess of these Accounts was intended for the Offices of Curnums. The remaining three sorts of accounts are unimportant and taking into consideration the great expense already incurred in Copying & the charges to be hereafter incurrable to complete the 3d Copy of the two Accounts a work which has already kept the Establishment on employment for 22 years and upwards, I think they can be dispensed with as also the Copies of any of them for the Curnum's Office.—

10. I have the honor to note in the Margin the correspondence that has passed on the subject.—

Fort St George 25th June 1846.

Ordered that the following letters be sent in consequence.

To The Acting Collector of Cuddapah

Sir, I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 5th Ultimo on the subject of the establishment maintained in your Dis- trict for recopying the Pymash Chitta and Tarwary accounts.

Referring to the concluding part 2. of P. C. of your letter the Board request that before despatching the Copy of the Pymash and Tarwary accounts to this Office, you will cause your Seal to be affixed to each leaf of it.

The Board agree with you 3. that it will not be necessary to take Copies of the Sela Sela Baruz and Tarwar Jamabundy nor to prepare a fourth Copy of the Pymash and Tarwary accounts at the public expence for the use of the Curnums- They direct however that you will cause the Curnums themselves to take Copies of these two last named accounts for their respective Villages when the Copies are completed they should be examined

examined and compared with the Talook accounts and if found correct should be marked with your seal and given back to the Curnums who should thenceforth be held responsible for their being preserved from injury and kept in good order. By this means the Village records will be rendered complete, but without further charge to government.—

To The Chief Secretary
to Government

Sir,

With reference to Para 3 Extract Minutes of Consultation 13th March 1846 calling for information in regard to the establishment maintained for recopying the Pymash Chittahs and Tarwary accounts of the Cuddapah District I am directed by the Board of Revenue to submit the accompanying report from the acting Collector showing the period from which this establishment was entertained, the amount of Charges incurred to Fusly 1254, the progress of the work and

To. The Chief Secretary to Government
Submitting with reference to Para 3. Extract minutes of Cons. 13th March 1846 a report from the Act. Collector of Cuddapah shewing the period from which the establishment maintained for recopying the Pymash Chittahs & Tarwary accounts of that District was entertained & the amount of charges incurred to Fusly 1254.
Rec'd 2d April 1846

"the progress of the work and the probable period at which it will be completed and transmitting copies of the correspondence which has passed on the subject between the Board and the District Authorities.

and the probable period at which it will be completed.—

2 From this it will be perceived that this establishment was appointed by the Principal Collector on the 21st October 1826 in virtue of the sanction of Government of the 29th August of the same year. It was originally intended that four accounts should be recopied. Viz. the Pymash Chitta. The Tarwary account the Sela Sela Barij or Statement of demand and collection for 20 years. and the Tarum Jamabundy. Of these accounts it was proposed that four Copies should be made. One for the Talook Cutcherries, the second for the Office of the Board of Revenue the third for the Collectors Hoozoor Cutcherry and the fourth for the Village Curnums. It was further arranged that as the Pymash and Tarwary accounts were those of the greatest importance, they should be recopied first.

Note. The Sela Sela Barij & Statement of demand & Collection tho' considered by the acting Collector to be separate accounts are merely different names of the same account.

The first Copy of the two

3. accounts referred to, or that for the Talook Cutcherries was commenced 21st October 1826 and furnished 20th October 1832 having occupied seven years. the second or that for the use of this Office was begun on the 21st January 1834 and as regards the recopying was concluded

Fort St. George 25th June 1846

concluded on the 5th August 1842 It has not yet been sent to the Board, some delay having occurred on account of the necessity of supplying some deficiencies in the ori=ginal District Accounts but the acting Col=lector states that the whole has now been com=pleted and will be transmitted to Madras by the first opportunity The third Copy on that for the Collector's Cutcherry had up to the 31st March last been on hand nearly four years and would it was expected be finished in about 2 years & Nine Months more. The expence incurred in the preparation of the three copies Calculated to the end of Fusly 1254 amounted to Rupees 4,171-10-4 the further charges to the end of March last were Pr. 1,572 " 8. the estimated amount required to com=plete the third Copy now in hand is Pr. 5,992-3. 3. Thus the total cost of recopying three sets of the Pymash and Tarwary accounts may be given at about Rupees 11,736-9-3

4. Adverting to the expenditure already incurred and time occupied in preparing the three Copies of the above accounts Mr. Cochrane has expressed himself of opinion that the Copies of the two remaining accounts, Viz. Sela Sela Bariz and Tarwar Jama=bundy which are of minor importance together with the fourth Copy of the Pymash and Tarwa

Tarwary accounts for the use of the Curnums may be dispensed with - In this view the Board concur and they have instructed the Acting Collector accordingly - but they have at the same time directed him to cause the Curnums themselves to take copies of the Pymash chitta and Tarwary account of their respective Villages - when these are Completed, they are to be examined and compared in the Taluk Cutcherries and when found correct the Collectors Seal will be affixed to them, and they will be returned to the Curnums who will be held responsible for their being kept carefully and in good order By this arrangement the Village records will be rendered complete but without involving any further cost to Government -

25th June 1846.

5. as directed in the concluding part of P. 3. Extract Minutes of Consultation 13th March 1846 I am desired by the Board to submit copies of the correspondence as per Margin, which has passed on this Subject between this Office and the District authorities -

Sir,

In returning the Petition No. 604 of the current Year forwarded with your letter of the 14th ultimo I have the honor to State that the shop complained of has not been newly opened in the village of Tundalum, but has been established there during the last nine years, and I do not consider that any general public advantage would be gained by its removal to another site at the end of the present fusly if the consent of the abkarry renter was obtained.—

letter of the 6th instant reporting upon the Petn. No. 604 of 1846 addressed to this Office by Jaghire-dar of Tundalum.—

From your letter it appears that the arrack shop of which the Jaghiredar complains has only been established in his Village for the last 9 Years. The removal of the shop to another site may not indeed be called for on public grounds but as it appears to be a source of much annoyance to the Jaghiredar, his application for its transfer elsewhere may the Board think under all the circumstances be acceded to and they request that you will make arrangements for the purpose from the commencement of the approaching Fusly.—

Endorsement on Petition 604 of 1846.—

Petitioner is referred to the Acting Collector to whom instructions have been sent in his case.—

Secretary to the Board of Revenue
Fort Saint George

Sir,

In returning the Petition No. 533 of

of the current year received with your letter of the 1st Instant. I have the honor to make the following observations.—

2. The Petitioners were punished by me as Magistrate for a riot, it being proved that they assembled to the number of above 150 persons, many of them armed with sticks, and carried away the crops from certain fields which according to the evidence of the Village Curnum, Tallairie and others had been cultivated this year by other parties under the direc-tions of the Merassidar— The Petitioners were further found guilty of assaulting the Merassidar's Goomasta, and some Police Peons who were sent to the spot by the Tahsildar when he heard of the disturbance.—

3. For this Offence 11 individuals were sentenced by me to pay fines varying from 15 Rupees downwards, and in default to be imprisoned in the Zillah Jail for one Month— The Tahsildar was directed to warn the other parties concerned in the disturbance that punishment would

visit them also on any future breach of the peace.—

4. The parties punished by me appealed to the Sessions Judge, by whom the Sentence was confirmed, and it has since been carried into execution, the parties paying the fines severally imposed upon them.—

Order thereon (34-35)

Ordered that the following Endorsement be passed on Petition 533 of 1846.—

From the report of the acting Collector on this Petition it appears that the Petitioners have been punished by that Officer in his capacity of Ma-gistrate for riot and assault and for having forcibly carried off the produce of certain lands cultivated by other parties— It seems further that the Sentence has been confirmed on appeal by the Sessions Judge— The Board can pass no orders in this case— If the Petitioners consider themselves to have a right to any lands or Crops in the possession of

of other parties, they must, as already intimated to them in the Board's Endorsements on their Petitions 1180 and 1600 of 1845 and 120 of 1846. have recourse to the Civil Court.—

From the Act. Collector of Chingleput Reporting the attachment of the Abkarry Farm & requesting authority for Continuing the farm to the Sub renters on the present terms for the 2 unexpired years provided they give due Security otherwise for inviting new tenders for the farm for 3 years from the Commencement of the approaching fusly.—

Fort St. George.—

Sir,

Para: 1. I have the honor to state that in consequence of the arrears into which the abkarry renter had fallen it became necessary for me to attach the farm— I should have earlier addressed the Board on the subject had there not appeared a prospect of the renter making arrangements for releasing the attachment and continuing the Management of the farm. but he has appeared before me to day to represent his inability of doing so.—

2. This individual Seldanki Veerasawmy Chetty. took the farm in July last on an Annual Lease of Rs. 85,310 for 3 Years. two of which remain unexpired at

at the close of the present fusly — The renter is a Merchant of Madras. and his inexperience in the business joined to the disadvantages of an unfavorable season have caused the difficulties which he has experienced.—

3. The under renters will apparently be willing to continue the farm on the same terms as Veerasawmy Chetty for the remaining two years. but as the close of the fusly is so near I am induced at once to request that the Board will be pleased to authorise me to enter into such an arrangement with the Sub renters taking the usual Security for the performance of their engagements in their respective Talooks. or that in the event of the Sub-renters not agreeing to these terms. I may be authorized to invite fresh tenders for the Abkarry farm for a term of 3 years commencing with the ensuing fusly.—

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 15th Instant reporting the attachment of the abkarry Farm of your District and requesting authority to continue it to the Sub renters on the present terms for the two years which it has to run on condition of their furnishing due Security. and in the event of their not agreeing that you may be permitted to invite fresh tenders for the Farm for the Years from the commencement of the approaching Fusly.— In reply I am instructed to inform you that the Board do not consider it advisable to continue the present renting the Farm of the Sub Renters, but think it preferable that fresh tenders should be at once invited and the Farm for the next 3 Years be put up to public auction at as early a day as may be convenient.—

From the Collector of Madras submitting explanatory Statements of certain arrears of Land Revenue which have been recommended to be written off as profit & loss, and stating under what circumstances the Sale of land for the recovery of Dust Rent considered & the objection allowed

Sir

Para 1 With further reference to your letter under date the 11th December last, I have the honor to transmit herewith, for submission to the Board of Revenue, four Statements with all necessary explanation, as follows.

No 1 Statement of Dust Rent due on Houses in ruins Vca amounting to Rupees 1703 10 2

2 Do. on Gardens partially Cultivated, amounting to 197 0 1

3 Do. on lands remaining uncultivated, Do. 3048 15 10

6869 10 1

4 Do. of Ground rent 1314 3 2

8183 13 3

2. Adverting to Para 2 of your letter, I beg leave to explain that, as regards the Amount included in Statement No 1, it is customary, in this Collectorate, to allow the Demand on Houses in ruins Vca to continue unadjusted for a few years, as, from the smallness of the amount payable in each case, it happens frequently, that, on a building in decay being put in a State of repair,

or

or on one which has been shut for a considerable period being re-opened, this Office has the means of recovering the whole of the outstanding arrears, either from the Owner, or from the first occupant, without much difficulty.

3 With respect to Gardens that have been but partially Cultivated, or to lands that are gone out of Cultivation, as per Statements Nos 2 and 3, from the Quit rent assessed thereon being generally at + 5/16 Rupees per Cawny, the accumulation of arrears for a few years does not always prevent the owner from making some necessary improvement, so as to render them productive of an income to them-

4. This Office, therefore waits, in all cases, for a few years, as an opportunity may offer, in the interim, for the recovery of an arrear of revenue, besides what is obtained on those portions which are let to Pyacarries, by affording due accommodation to the owners, to admit of payment being made by instalments if it cannot be enforced at once. It is not, consequently advisable to recommend the demand being written off in the very year succeeding that in which it is payable, but the arrears should not, at the same time, be permitted to swell to such an amount as to throw insuperable difficulties in the way of

+ Note The sum entered in Statement No 3 Rs 3018. 13. 10 is correct. Through oversight, it has been stated in Para 8 of the Collectors report dated 21st August 1846 to be Rs 3118. 1. 10, although the total amount of Quit Rent therein referred to, viz Rs 6887. 10. 1 corresponds with the entry in the former and present Accounts.

proprietors; for it is within my knowledge that the non-realization of the Annual Quit Rent, in many of the cases now under review, is attributable to the want of facilities for the irrigation of the lands, (a considerable portion of them being wholly dependent on the periodical rains from their having no wells or Tanks whence they can obtain a supply of water,) and to the inferior nature of the soil.

5. The Ground rent referred to in Statement No 4, which is the Amount payable for 2 years, does not call for any explanation other than that afforded in Para 7 of my report of date the 21st August last. It is a Monthly charge on Ground belonging to Government, which is occupied in Bazars Viz.

6. To enable me to offer an opinion on the question as to whether the lands on which the balances referred to in the present Statements are due are not saleable, and, if so, whether the proper course would not be to expose them to sale on account of the outstanding demand, I have perused the Correspondence on the subject of the right of Government to attach and sell lands within the limits of the Supreme Court

for

for the non payment of Quit Rent.-

7 The opinions expressed by the Law Officers of Government, as well as by the Board of Revenue, are, I find, opposed to recourse being had to the extreme measure of selling lands for arrears of Revenue. The recent discussion relative to the right of distraint has placed on record the fact that, even

From B.t & Sel.t at Calcutta, the same course of proceeding is observed
1844 as that which obtains at Madras; the practice which prevails in both places having merely the Sanction of Custom.-

8 It does not appear that the sale of land is resorted to at the Outer Provinces. At Madras there is another difficulty that presents itself, which

From B.d Jany probably does not exist at Calcutta since 1829, with
1829 the view of legalizing the demand for Quit Rent, Deeds, in a particular form, but founded, in principle, on long established usage, are being executed in two parts, one to remain with Government and the other with the holders of land, and, under them, this Office is empowered to distrain only the personal property of a defaulter. Each Deed being issued, under the Company's Seal, for an indefinite term it may be taken in the light of a permanent grant declaratory of the relative rights of the Government and the holder.-

9 It is, thus evident that the exercise of any power unauthorized by the conditions of the Deeds in question would be incompatible with the existing state of things. I do not, in consequence, think that I shall be justified in recommending the sale of lands for the realization of the balances of Quit Rent outstanding against them.-

These lands are at present un cultivated.

Paddy is cultivated since 1843. but the produce is insufficient for the payment of Arrears. The Current demand is alone collected every year.

All tho' the Soil is good, the owner did not cultivate on account of the high Assessment, Viz. Rupees 10 1/2 per Cawny. The adjoining lands being assessed at 5 1/4 Rupees, the same rate has been recommended to the Board, and which the owner is now paying. The remission of the arrears is, therefore recommend: ed. —

Ordered to be sent again in Circulation.

Order thereon. (Read again in Cons. 22 July) (40–41)

To,

J. Dycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir.

From the Collector of Madras

Reporting upon a petition from Sutchmee Ummall & Neelatachee Ummall relative to certain premises on the North Beach taken possession of by Government in 1805 and for which they claim compensation.

1. I have the honor to acknowledge the receipt of your letter under date the 9th February last calling upon me, by order of the Board of Revenue, to report briefly on the subject of the petition from Sutchmee Ummall and Neelutachee Ummall of Madras therein enclosed, No. 161 of 1846.

2. The petitioners state that on the 9th December 1805, a House and Ground on the North Beach belonging to the late A. Collengaroy Mudelly were taken possession of by Government for the formation of a road, but that the value thereof Pr. 1565-7-40, remains yet unpaid, which they say they are entitled to receive with Interest at 8 per Cent, according to letter from the Honorable Company's Solicitor bearing date the 23d of the same Month.

took place. The property is entered as
No. 37 in the abstract which accompani-
ed the Actg. Secretary Wayte's letter
to this Office dated 1st June 1805, the
valuation being therein stated to be
Ps. 1565-7-40 and the proprietor's name
S. Condapah Mudelly.-

4. The public records shew
that on the 21st December 1805 Mr. Disney
as the attorney of Cundapah Modelly applied
for payment through the Honorable Com-
pany's Solicitor, who recommended that
"an offer be made to him to retain the
"purchase money in the hands of Government
"at an Interest of 8 per cent, until he can
"procure the Title Deeds, and get a legal
"Conveyance made to the Honorable
"Company". The Collector, on the same
day, authorized the adoption of the
proposed arrangement.-

5. The arrangement is
adverted to in Para 2 of the Collectors
report to the Board dated 2d May
1806, as well as in the Statement
No. 1 therein enclosed, the heading of
which is as follows.-

"Amount to be paid with
"Interest at 8 per cent from 1st January 1806

"for three Houses the Title Deeds of which
"are to be delivered to the Collector on the
"settlement of certain disputes in the Supreme
"Court"

6. The matter is particularly
alluded to again in Para 2 of the Collectors
letter to the Board dated 28th July 1806,
and in the statement A which was sub-
mitted with it.-

7. The originals of the pa-
pers marked No. 1/6/7/8 & 11 and re-
ferred to in Paras 2/10/11/12 & 14 of the
present petition, have been produced before
me, and Copies of No. 1 & 2 referred to in
Paras 2 & 3 are entered in one of the old
Books of this Office.-

8. From the paper No. 7 referred
to in Para 11, it will be observed that on the
11th November 1820, Collengaroy Mudelly
informed the Collector that he was only
then put in possession of the said premises
by regular transfer" from the Guardian
of T. Sundredumbra Mudelly, who was the
Grandson of T. Cundapah Mudelly, and
that the reply to it under date the 29th of
the same month was that the Collector could
not make any payment without "a Decree
of the Supreme Court or until the Minor
T. [illegible]redumbara Mudelly (was) of age to act

for

"for himself."

9. On a further petition presented by Collengaroy Mudelly on the 10th January 1821, the Collector stated, on the 1st of that month, that he still adhered to his decision of date the 29th November 1820.

10. The petitioners revived the claim in 1842, as the representatives of Collengaroy Mudelly, and, on the 8th March 1843 Mr. Roberts informed them that, "before the Collector "(could) proceed further in an enquiry," "they "must point out the precise spot for which "they ask Compensation." In consequence of petitions presented subsequently I gave orders that the plan of the different spots of Ground taken possession of in 1805 be searched for amongst those which were in the custody of the Surveyors but without success. I even sent him to your Office with an Official Memo. to be allowed to take a Copy of the plan submitted by the Collector with his report of date the 22d may 1806, but the Surveyor informed me that that plan was not to be found there.

11. The petitioners are in possession of certain Title Deeds, the first of which is a Sheriff's bill of sale dated 18th March 1786 conveying a

a House and a piece of Ground, the extent of which is shewn to be 1 Ground and 1085 3/4 Sft. in favour of Chinnatemby Mudelly and Moodoo Kistna Mudelly the second is their assignment under date the 2d June 1786 to Chengulroy Mudelly, the third is his bill of sale of the 11th December 1800 to T. Cundapah Mudelly, and the fourth is a bill of sale from T. Vadachella Mudelly Guardian to Sevacheddumbara Mudelly the Grandson of T. Cundapah Mudelly dated 1st December 1819, in favour of Collengaroy Mudelly, but as the original of the alleged order of the Supreme Court dated 31st January 1826, which is referred to in Para 15 of the petition, is not now forthcoming it may, perhaps, be deemed requisite, in the event of its appearing to the Board that the petitioners claim is entitled to favorable consideration, to make a reference on the subject to the Law Officers of Government, to ascertain, in the first instance, whether the original suit of Sevacheddumbara Mudelly against Collengaroy Mudelly was as they say dismissed, and whether, in that case, they are in a condition, under the circumstances set forth in the

petition

petition, complied with what is to be collected from the Correspondence of 1805 and 6, and by Virtue of the Title Deeds which they produce to make a valid transfer of the premises to Government, on receiving due compensation for the same.-

12. With regard to the Amount to be paid as compensation, I think that the petitioners ought not to get more than the Amount fixed by Government in 1805 Viz.t. Ps. 1565-7-40. In respect of the claim to Interest, a very considerable delay (which certainly could not have been contemplated by the parties concerned at the date of the arrangement,) having occurred in m.ng out a case, it would appear to be inadmissible, particularly the Offer made in 1805 through the Honorable Company's Solicitor to Mr. Desney having had reference exclusively to S. Candapoolu Mudelly, it being then stated that the purchase money would be retained "in the hands of "Government at an Interest of 8 per "Cent until he can procure the Title "Deeds, and get a legal Conveyance "made to the Honorable Company"

It is, at the same time, of importance to

to bring to the notice of the Board that the sums of Ps. 453-3-55 and Ps. 1260-9-49/2 respectively referred to in statement No. 1 which was submitted with the Collectors letter of date the 22d. May 1806 as stated in Para 5 above, appears to have been paid, the first on the 2d. October 1818 and the second on the 23d. April 1807, without any Interest whatever. If however, it be decided that some payment should now be made on that account to the petitioners, I am of opinion that it should not exceed the rate at present allowed by Government Viz.t. 4 per Cent

Principal Ps. 1565-7-40
Interest at 4½ 7004-12-0
4069-19-40

Principal Ps. 1565-7-4
Interest at 8½ 5008-24-0
6573-31-40

At this rate, it will be Ps. 2504-12-0 for 40 years, or from 1st. January 1806 to 31st. December 1845 making an aggregate of Ps. 4069-19-40 or Rupees 14,243-0-3 whereas, at 8 per Cent it will be Ps. 6573-31-40 or Rupees 23,007-15-4.-

13. The petition, with its enclosures received in the letter now under acknowledgement, is returned herewith-

Sir

I am directed by the Board of Revenue to inform you that a plan submitted by the Collector of Madras in his letter to the Board of 22d May 1806 and "shewing the progress which he had made in carrying into effect the Orders of Government respecting the ground between the North Esplanade and the Sea Custom House" appears to have been forwarded to Government by the Board with their Secretary's letter of 12th September 1806. The Board beg to request that they may be favored with this plan and with any others which may be on the records of Government or of the Engineer Department connected with the improvement made on the North Beach in the years 1805 and 1806 for the purpose of assisting them in disposing of a claim which has lately been preferred by certain parties for compensation on account of property taken by Government on that occasion.-

From the Collr of Madras Submitting a Table of Tolls to be levied on Cochrane's Canal prepared in pursuance of the Board's instructions together with a Statement of certain articles on which a reduction in the rates is proposed and stating that if the alterations & modifications now suggested are approved another Table will be prepared accordingly, and submitted with translations in the Tamil and Telugoo languages for publication in the Fort St. George Gazette.- Enclosure 2

I have the honor to acknowledge the receipt of your letter under date the 16th April last, and to transmit herewith for submission to the Board of Revenue, a Table of Tolls to be levied on Cochrane's Canals prepared in conformity with the instructions conveyed in Paras 2-5-6 excepting that in respect of the amount charge-able on all articles not specifically provided for, I have entered 1 Anna, instead of 11 Pice per 'Cooly load'- In the present Table the toll is 60 Cash equal to P. C. 11-20. it is easy to adjust the demand in the old Currency; but when payment is to be made at 11 Pice the old Copper pieces being still in circulation the owner of the Goods will in many cases meet with difficulty, to obviate which he would much rather pay 1 Anna. This circumstance and the desirableness of taking all necessary precaution against the collection of any unauthorized sum induce my recommending, for the Boards consideration the

the substitution of the Toll of 1 anna for 11 Dcs per 1 Coolly load.-

Para 3 2- In item N: 14, there was a mistake owing to the Table having been copied from the one prepared for submission to the Board on the 4th November 1837. The error has been now rectified.-

3 With reference to Para 4. of

Enclosure B I enclose a Statement shewing the Quantities of the several sorts of Goods from 10 to 24 both inclusive, which have passed down the Canals, and the Collections thereon, for the last 3 years, together with the average of the Revenue being Rupees 8,420-7-2 per annum on the 5 Articles which alone have paid the Toll out of the 15 entered in the Statement.-

11- Chunam
13- Malabar leaves
14- Bratties
17- Piece Goods
18- Salt fish
20- Saffron
21- Soap nuts
22- Long sticks
23- Rattan
24- Boat hires

4 Of the articles enumerated in the Margin "Malabar leaves" and "Soap nuts" have been imported rarely, and in very small quantities, whilst "Salt fish" came in frequently; but the toll was levied on the whole by the "Coolly load" which accounts for there being no Revenue exhibited in the present Statement, the entry in it being applicable to Imports in large quantities. Viz:- 40 Bundles and "20 Bags". The toll Revenue has

has not however sustained any injury by the course observed in the cases under review; for as regards "Salt fish," for instance, the total of different parcels has actually yielded, at 11-20 each P Cs the full amount provided for by the Table for "20 Bags" Rupees 1-2-8. On the other Articles no collection whatever has been made since the Canals came under the management of the Collector of Madras.-

5. Adverting to the Board's desire that I should report whether some reductions might not be effected in the rates of toll on the Articles in question without prejudice

To C.R. Cotton Esq: Member of the Bd of Revenue dated 15th May 1837.

to the Canal Revenue I beg leave to observe that as the Measure in use at the Basin of Cochrane's Canal for measuring Shells, which is called a double Parrah, contains an excess of 2½ Mercalls and as the Revenue derived from the Articles is large, the toll leviable thereon, as well as on Chunam (items N: 10 and 11) may, in my opinion, be reduced in the proportion of 12½ per Cent, whilst on N:s 12-13-16-18-19- and 21 the reduction may be 25 per Cent, and on N:s 14-15-17-20-22-23- and 24- 50 per Cent.-

6 As Shells are brought down the

Fort St George 25th June 1846

the Canal for merely being converted into Chunam, I do not propose a larger reduction on Chunam itself than that recommended for Shells lest there should be a loss of revenue by the over importations of Chunam on lower terms to the detriment of the Revenue on Shells.-

7. A reduction on Salt fish is proposed, in the hope that it may induce the importation of the Article in larger quantities. When brought in small parcels it will continue to pay as at present, 1/- anna per Cooly load.-

Vide Enclosure B. 8. It will be observed that at the proposed reduced rates, if the quantity of Goods were the same, the loss to Government in the actual Collections would have been Rupees 1360-4-5; but I am led to expect that the relinquishment of so large a proportion of the toll as that which I have recommended will prove beneficial to the Revenue.-

Para 1. 9 The distance from the Basin to Cautoopilly is 18 Miles. the length of the Canal between Cautoopilly and Caulegee is

Fort St George 25th June 1846

is 2½ Miles and the distance from the Basin to Caulengee is thus 20½ Miles. The Principal Village near Cautoopilly is Poolooduvaukam.-

10. At Cautoopilly there are 40 Huts with 300 inhabitants and at Caulengee 30 Huts with 200 inhabitants.-

1843-Rs 53-8-9
1844 -- 62-8-7
1845 -- 37-10-9
153-12-1

11 The Collections at Cautoopilly for the last 3 years have amounted to Rupees 153-12-1, the average being Rupees 51-4-- per annum- The toll was levied on Paddy, Straw, Palmeira leaves and Sundries, the charge being at only 1/5th of the amount fixed for Cochrane's Canal. This rule was adopted in 1830, for firewood with reference to the correspondence noted in the Margin, as it was discovered that, from the favorable terms adopted for the Cautoopilly Canal, the Importers of firewood used it for some time singly and avoided Cochrane's Canal entirely to the detriment of the interest of the lessee. The one having been excavated expressly for securing an adequate Revenue on the other it was decided by Government that all consignments of the Article landed at Sadiencoopam, that is after passing the Cautoopilly

From Bd 13th May 1830.
To Do 30th June.
From Do 27th Sept.

Cautoopilly Canal shall pay a proportion of the toll leviable on Cochranes Canal. The rates proposed by Messrs Arbuthnot and Co to carry out the orders of Government amounted to 1/5th of the charge made at the Basin. On other articles landed at any place between the two Canals it has been customary to enforce the same proportion of toll. It may, therefore, be requisite now to insert an additional Para at the foot of the Table as follows:-

"All Goods passing the "Cautoopilly Canal and landed at "any place between Cautoopilly and "Sadiencoopum, to pay 1/5th of the "amount of toll which is leviable there"on reaching the Basin of Cochranes "Canal."

12. I find by the Cowle that as up to 1802 the River from Cautoopilly to Caulengee was not all seasons of the year navigable, it became necessary that a Canal should be cut between those two places, and that

that such Canal was afterwards cut on the party who obtained the Cowle "being "allowed to receive a toll at the rate of "Six fanams" "for all Boats Barges "and Vessels having Merchandize or "Passengers on board passing and "repassing on the said Canal from "Cautoopilly to Caulengee".

13 Should the Board approve of the alteration and modifications, now submitted for their consideration I shall prepare another Table accordingly forward it with Translations in the Tamil and Telooguo languages for publication in the Fort St George Gazette.

To the Collr of Madras
Desiring him to prepare a Table of tolls to be levied on Cochrane's Canal with certain alterations and to forward it with translations for submission to Government.
In Cons 25th June 1846.

To The Collector of Madras.

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letter of 5th Instant with its enclosures on the subject of the revision of the present table of tolls levied on Cochrane's Canal.

2. In reply the Board direct me to inform you that they approve the substitution of 1 anna per Coorly load in place of 11-20 per cent. they also approve the reduced rates which you have proposed for the articles Nos 10 to 24. but with some slight modifications which you will perceive from the entries in red ink in Statement A and which have been made with a view to avoid fractions of an anna. The Board would suggest to you a revision of the other items enumerated in Statement A on the same principle provided it can be effected without loss of Revenue or hardship to the Public.-

3. In Paras 9 to 12 of your letter the Board understand you to state that formerly all goods passing on the Canal between Cattoopilly and Caulengee paid at the uniform rate of Six fanams per bat load - but that of late years all commodities brought by the Cattoopilly Canal and landed at Cattoopilly or at any place between that Village and Saaiencoopum are charged with one fifth of the toll leviable on the same articles at the basin of Cochrane's Canal. If this be not your meaning you will be pleased to address the Board again upon the subject, but if it be the first foot note in Statement A should be omitted and the following substituted.-

"All goods brought by the Cattoopilly Canal and landed at Cattoopilly or at any place between Cattoopilly and Saaiencoopum are to pay one fifth of the amount of Toll which is leviable thereon on reaching the Basin of Cochrane's Canal."-

You will be pleased to prepare a table of Tolls with the alterations above referred to and with any other that may occur to you on further consideration and to forward it with translations for submission to Government.

Sir

I have the honor to transmit herewith for submission to the Board of Revenue Copy of a Correspondence with the Commissary General from which it will be observed that in November last, in consequence of a liquor different from that usually supplied to the licensed retail dealers having been received from his Depôt. I endeavoured to convince that Officer of the Hardship of forcing upon them Spirits such as their Customers were perfectly unwilling to purchase. ——

public stores since the year 1815, "Batavia Arrack" was to be substituted, in the first year, without any previous communication with me.

3. The Board will find that

13th Nov. 1845. the Commissary General states that Batavia Arrack is "proverbially superior" to Colombo Arrack, and that being a Spirit of unexceptionable quality, it was supposed it would be highly prized by the Consumers of Spirits, but he, at the same time, affirms that "the Troops having for years been habituated to the use of Colombo Arrack it is imperative that their wants should be first attended to." This, I think, sufficiently justifies the complaint preferred to me by the retail dealers that their Customers refused to buy any "Batavia Arrack" at all, as they also gave the preference to "Colombo Arrack." To meet, however, my wishes as much as possible, the Commissary General states that only "only one third of Batavia was subsequently put to two thirds of Colombo Arrack." ——

4. As even in its mixed state, the retail dealers were unable to sell the

liquor

liquor I made a further representation to the Commissary General, and requested to be informed whether he would have any objection, during the period that he might be unable to furnish me with pure Colombo Arrack, to supply it, at least "in quantities not exceeding an average of two thirds" of those usually furnished, as it was my intention to apply to the Board for sanction to purchase, from private individuals, Colombo Arrack, only sufficient to make up the remaining one third, but the Commissary General stated immediately after receiving my communication, that on further examination of the stock, he was happy to find he could meet my wishes by supplying me with pure Colombo Arrack as usual," and would commence issuing it forthwith. ——

5. The facts elicited in the correspondence of November 1845 as to the consequences of substituting one description of spirits, for another would, I thought have induced, the Commissariat Department to take timely precautions against a recurrence of the evils which attracted such particular notice at the time, but it

will

will be seen that liquor resembling the "Batavia Arrack," so much objected to only 7 Months ago, has again been issued in the present Month. Having addressed the Commissary General relative to it, he states that the liquor alluded to "is from a Vat of pure genuine Colombo Arrack of superior quality hitherto reserved for issue when superior quality was required for presents to England, the greater part of its contents having been in store since 1816," and that "with the exception of this Vat, there is no Arrack in store except, in Batavia. ——

6. I beg leave to refer the Board to my letter to the Commissary General of date the 10th instant, as it is therein explained that my best exertions to induce the retail dealers to accept the liquor now supplied have been unsuccessful. The dealers call particular attention to the fact that the objection to it is not made by them but by their Customers, who complain of its unwholesome quality, and being by no means equal to that which has been sold heretofore as Colombo Arrack. ——

7. The principal Shop-keepers, who

who were spoken to on the 10th having retired they, in a body appeared before me again, and presented a petition, in which they pray that, instead of Colombo Arrack, they may be supplied with Putta Arrack, or that they may be allowed to pay for any quantity of the new Spirit that they may actually sell every day without the Dowle being fixed, and that if neither of these propositions can be acceded to, the contract they have entered into with Government may be cancelled, and their deposit of 10 days Dowle returned. ——

Dated 10th June 1846.

8. The adoption of the 1st proposition will lead to a serious loss of Revenue, inasmuch as the price at which Colombo Arrack is supplied to the retail dealers is 44 fanams per Gallon, and Putta Arrack 38½ fanams only. Besides, Colombo Arrack being a stronger spirit than Putta Arrack, those who are in the habit of consuming the former will, no doubt, resort to the different parts of Madras where illicit sales of Brandy are being carried on.

9. The adoption of the 2nd proposition will be equally injurious to the Abkarry Revenue, and will

Fort St George 25th June 1846-

by other evils which it is not requisite to enter upon more minutely, at this place.——

10. But I hope that, without troubling the Board with any further reference about the petition in question, I shall have it in my power to make an arrangement consistently with the security of the Revenue and the protection of the interests of the fair dealer, for it would seem that the Commissariat expects fresh supplies of Colombo Arrack at an early date that is in a Month hence.——

11. My object in now bringing the circumstances of the case to the Board's notice is that, if they are satisfied that the alleged facts render the course assailable, it may be submitted, for the consideration of Government, whether it will not be proper, in order that a quantity of the ordinary description of Colombo Arrack fully adequate to the purpose may always be kept in store for the future, to draw the special attention of the Commissary General to the Correspondence of 1814/15, whereby it was decided that the provision and Custody of the supply of it for the Collector of Madras should be entrusted exclusively

Sir

1. I have the honor to observe that the

the Arrack conveyed to my Offices from the Commissariat stores for the last two days appears to differ most materially from that usually supplied on my Indents, and that the licensed dealers object in consequence, to receive it, from the consumers not being willing to purchase any. As the Revenue payable by them is very considerable, I am induced to bring the circumstances of the case under your Consideration, with a request that you will be good enough to cause Batavia Arrack of the same quality as that issued heretofore to be furnished, to guard against a serious loss of Revenue. On hearing from you in reply to this, I shall return 2½ Casks of the Spirit received on the 30th and 31st ultimo, and now remaining in store. Having given orders that a quantity previously obtained from your Depôt be issued, instead, to the retail dealers. I beg to forward herewith Musters of the different descriptions of the liquor referred to above marked as follows.—

Sir,

Since dispatching my letter to you under date the 1st instant, I received for some days, Arrack such as was usually supplied from the Commissariat Department. I have the honor now to bring to your notice that several of the principal retail dealers have just waited upon me, and complained of a difference in the quality of the liquor issued since Sunday the 1st instant, which is most injurious to their sales, the consumers expressing themselves dissatisfied with it. The weather and the extensive sale of Beer and Brandy have interfered in no small degree with the profits of the fair dealer, whereby a loss of revenue is being occasioned to Government. It is therefore, the duty of this Office to afford the licensed dealers all practicable aid for the protection of their interests. Under the peculiar circumstances of this case, I request the favor of your taking such notice of the present complaint as you may consider them entitled to, it being evident that their representation is well founded, in as much as the two Musters

Sir,

I have the honor by desire of the Commissary General to acknowledge the receipt of your letters and to inform you that the arrack alluded to, as "No. 1 old Batavia Arrack" was Colombo Arrack, such as has heretofore been issued, and Nos. 2 and 3 issued on the 30th and 31st October was "genuine Batavia Arrack of Superior quality." ——

10th Nov. 1845 -

2. The supply of Colombo Arrack which has come into this Market of late years has been so so very small, that the stock in Depot ran so low that the Department had to resort to other Markets, and Batavia Arrack being proverbially superior, a quantity of it was procured and on the 30th ultimo it was issued to you, and being Spirits of unexceptionable quality, it was supposed it would be highly prized by the consumers of Spirits, but with the desire to meet your wishes as far as possible,

Fort St. George 25th June 1846 -

possible, only one third of Batavia, was subsequently put to two thirds of Colombo Arrack -

3 The Troops having for years been habituated to the use of Colombo Arrack - it is imperative that their wants should be first attended to, and I regret that in the present state of the Arrack Depot, the licensed Dealers cannot be supplied with pure Colombo arrack - Any loss of Revenue that may arise from the issue of mixed Colombo and Batavia arrack, or pure Batavia, cannot be very great, as it cannot exceed the value of the Spirit usually supplied to you, nor can the Health of the consumers suffer, as one spirit is equally wholesome as the other -

1. I have the Honor to acknowledge the receipt of your Assistant Captain Robertson's letter under date the 13th instant, and to express regret that I should have been unable to convince you of the necessity of

3. It is therefore my intention to adopt a plan so as to meet present difficulties - To enable me to carry it out readily, I request that you will be good enough to inform me, as soon as you conveniently can, for how many days or Months issued Spirits similar to those which have been received here since Friday last will continue to be issued from your stores, whether you would have any objection to furnish me during the same period, with Columbo unmixed with Batavia Arrack, in quantities not exceeding an average of two thirds of those heretofore indented for, and whether for only a few days, that is for 1 to 2 Weeks

Weeks from the date on which I may be favored with your reply to this, there will be any difficulty in your supplying such pure Columbo Arrack to the full extent of my Indents as at present. —

4. I shall only add in conclusion adverting to the latter part of Para 3 of the letter now under acknowledgement, that the dealers in Columbo Arrack alone pay into this Office an annual Revenue exceeding 175000 Rupees.

Sir,

I have the honor to acknowledge the receipt of your Assistant Captain Robertson's letter under date the 8th Instant and to observe that, having required the principal shop keepers, to appear at this Office this day they were informed of the difficulty of procuring any Columbo Arrack of the same quality as that which they obtained before, and of the advantage of receiving that which is now being issued from your Stores, but they all say that the objection is made not by them but by their Customers, who refuse drinking any Spirit of the kind alluded to, on account of its being injurious to their health, and who consider Batavia Arrack to be a more wholesome Spirit - They further say that having in November 1845, objected to receive any liquor but such as they have always had from the Public Stores

stores, they were led to expect that this Department would not again have put them to any inconvenience as the Revenue payable by them is very large - I am quite at a loss how to remedy the evil complained of - but I wish to try whether I could not arrange with at least, a few of the dealers to accept "Batavia Arrack", although all those who came here to day are entirely against the issue of it for consumption in their shops - To enable me, however, to carry out, my views, I request that you will be good enough to let me have a

Sir

It having appeared to me from the reply to my communication to the Commissary General under date the 10th instant, & which is referred to in my letter to your address of date the 12th that that officer was not convinced of the difficulties this Department met with, from the objectionable quality of the liquor furnished by him for supply to the retail dealers, I considered it expedient to enter into further particulars in the hope that he would see the absolute necessity of taking effectual measures to obtain, at an early date, arrack such as it has been customary to issue from his stores. as the letters I have addressed in consequence advert to certain facts which it is proper I should bring to the notice of the Board of Revenue also, I have the honor to transmit herewith, for submission to them, Copy of the Correspondence noted in the margin, being in continuation of that which accompanied

2 As this Department has no other arrack except Batavia, and the Vat of old Colombo objected to by your Department, and does not expect any fresh supplies of Colombo arrack for upwards of a month, the Commissary General trusts that the retail Dealers may be induced to receive them, as their objection to them cannot be considered valid.

Commissary Generals Office, Madras 11th June 1846 — — — } /Signed/ James Robertson Asist Commy General

To Lieutenant Colonel A Tulloch. C. B. Commissary General

Sir I have the honor to acknowledge the receipt of the Bottle of "Batavia arrack" forwarded with your asistant Captain Robertson's letter under date the 11th instant, and to acquaint you that having offered to the licensed retail dealers to supply them with liquor of that description in substitution of the spirit furnished of late, they expressed themselves perfectly unwilling to take it on the ground of the Consumers considering it to be a more pernicious liquor than the other.— Being in a manner, forced to supply themselves with the old Colombo arrack, which is now being issued from your stores, they say that they experience the greatest inconvenience, from their inability to convince the public that it is a wholesome spirit.—

To

2. To satisfy myself however whether the dealers representation was or was not well founded, I sent some servants in disguise, on the nights of Saturday and Sunday last to their shops, and from their information, it is evident that the generality of the people find great fault with the liquor in question. Some of them would seem to have been so much dessatisfied that they threatened to complain at the Police office of the Shopkeepers having adulterated the common spirit of the country with a view to their own benefit.

3. An old shop yielding a comparatively large revenue was given up two days ago, and the holder of another on account of the insult which the coolies are constantly offering him is about to relinquish his contract. Those who presented the petition referred to in the M. P. to my letter to you under date the 10th instant may probably follow his example, in the event of the answer which I promised to give them after due consideration, proving unsatisfactory.—

4 It is my duty to bring the circumstances of the case to

notice as the loss of revenue from the beginning of this month, whatever it may come to will be attributable wholly to my inability to procure Colombo Arrack of the kind usually furnished for supply to the retail dealers.—

To Lieutenant Colonel A. Tulloch. C.B.
Commissary General
Fort St George

Sir.

1 Referring to my letter under date the 16th instant, I have the honor to bring to your notice certain facts connected with the annual sale of the Arrack Shops for the ensuing Fusly which commenced on Wednesday last pursuant to an Advertisement published in the Official Gazettes.

17th June

2 At the prescribed hour the whole of the Shopkeepers appeared at this Office, but on the 1st Shop in which Colombo Arrack is alone saleable, being put up, they wished to be informed whether it was my intention to supply from the 12th proximo, pale arrack such as it has been

been customary to issue to them from the pub: lic Stores, as they stated that, in the event of their getting even their liquor similar to that now furnished, they would not enter into arrangements on the same principle as in former years. They stated, moreover, that, unless a distinct Clause declaratory of my decision on these points were inserted in the Agreement, which they were to sign immediately on each of the Shops being Knocked down, they would not bid at all.—

3 I informed the Shop Keepers of the intimation contained in Captain Roberts letter of the 8th Instant that the usual kind of Colombo arrack was expected in about a Month, and at the same time I endeavoured, but without success, to assure them that it was evident, from the comm: = unication addressed to me from your Office, that the liquor they so much objected to was good; but they persevered in the line of conduct they pursued at first; and observed that, although they were themselves willing to take the liquor yet they found it almost impossible for them to convince the Consumers that it was unexceptionable.—

J.

4. I therefore, deemed it expedient to enter a fresh clause in the Agreement to the effect that, if I should have to supply arrack of the same description as that now furnished, subsequently to the 11th July I would take into further consideration the Shopkeepers alleged difficulties and con= = sequent loss, in order to see what should be done to afford them relief.—

5. The Shopkeepers then asked me for an indulgence, which they knew, I could not allow without interfering with the established usage, They wished that, in the case of any person whose Shop may be given away to another, inconsequence of the high offers = = made at auction, the quantity of arrack which he does not now receive on account of its objectionable quality (but the value of which is being deposited every day so as to entitle him to retain possession of his license) he may be permitted to take to any new Shop that he may succeed in getting from future supplies, on arrack of the usual Kind being obtained from the Commis= = sariat Depôt This arrangement also I have been induced to agree to, for it appeared to me that it would be a hardship to require = = individuals

Fort St George 25th June 1846

individuals to pay for what they are unable to sell, from causes over which they have no control 6. It was not my intention to trouble you so soon again on the subject of the Arrack supplied from your Stores; but the Shopkeepers who attended the auction to-day, have just pre= =sented to me a further petition, requesting an answer as to the extent of the remission, if any which I would allow them on account of the loss they have already sustained, since the beginning of June, owing to the inferior quality of the liquor. I referred them to the new clause in the agreement, and with difficulty prevail= =ed upon them to bid for the shops and make the usual deposit before entering upon the other question. —

7. Adverting to the circumstances of the case, I request that, if practicable, you would do me the favour to take such steps as may be requisite to obtain a supply of Colombo arrack of the ordinary kind at an early date, to enable me to issue it to the retail dealers, at least from the 12th July, and to afford thereby se= =curity to an important branch of the Abkarry Revenue.

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 14th May 1846 No. 241)

Paral. Under all the circumstances represented by the Board of Revenue in the foregoing letter, the Government concur with them in considering that the most expedient course to be adopted in respect of the Cotah Zemindary in the Rajahmundry District is to bring it at once to sale on account of the arrears of the Public revenue due upon it. The Board will instruct the Collector accordingly and desire him to bid for the Estate on behalf of Government to the extent of the amount of the probable value of the property.

As

2. As a provision for the family will depend upon the purchase of the Property on account of Government the proposition for an adequate maintenance will receive consideration when the result of the sale is reported.

3. The claims of the Condemullawar family are altogether inadmissible.

Resolution thereon.

(3-4)

In Con.n 14th May 1846.

Resolved that a Copy of the foregoing Extract from the Minutes of Consultation and of the Board's letter to which it relates be transmitted for the information and guidance of the Collector of Rajahmundry with reference to his letter dated 8th April last.

Mr. Prendergast will be pleased to submit for publication in this Office an advertisement for the sale of the Cotah Zemindary the day of sale should be fixed for such a date as will admit of the publication of the advertisement in this Office for the full period of 30 days. The Collector will be at liberty to bid on behalf of Government for the Estate to the extent of the arrears outstanding against it but he will not bid to that amount unless competition should render it necessary, but will buy in the property at a price considerably within the public demand leaving a balance against the proprietor to be written off hereafter on his executing an agreement relinquishing all demands upon his former tenants.

4. The decrease under the head of Moodut Rent was chiefly caused by the reversion of four Villages to Jeroyetty on the expiration of their leases, and from other causes which need not be enumerated upon.

5. There was a Net decrease on the lands headed Jeroyetty amounting on the whole to Rupees 10,662-9-11-4. The rented portion of the demand had been increased by Mr. Arbuthnot's having, on conviction of the advantages that had attended it carried out still further the principles of renting the lands to the Villagers. On this Rented Bariz there were no deductions - but the reduced demand was altogether in that portion of the settlement made direct with the Ryots.-

6. Out of the settlement effected, amounting, under every head to Rupees 778,155-11-2 the collection within the Fusly year amounted to Rupees 677,812-9-2 leaving a balance outstanding of something more than one lac of Rupees. In comparison with the preceding year there was a Net decrease in the Collections of Rupees 157694-5-10 shewn in the accompanying Statement.-

9. The large Rented Balance may possibly be quoted as shewing the failure of the Renting system and as a proof of its intrinsic worthlessness. I regard the result as a true evidence of its success even under the most discouraging circumstances.

10. Under a Ryotwar settlement of speaking in round numbers Rupees 38,907-8-3 * an abatement of Rupees 14,8959-14-1 was made at the settlement, and a balance of 14,380-2-5 remained desperate at the close of the year, or upon the whole a deficit of Rupees 1,03,340-1-4 is shewn in Rupees 38,907-8-3 whereas upon a Rented demand of four lacs and fourteen thousand Rupees, on which no remissions were granted, nor deductions allowed the balance was only 17,000 Rupees, of which ten thousand Rupees were safe and of easy realization.

* as per Statement No. 6.

11. Many of the Renters were persons of property and substance, who paid their kists in this year out of their own separate means. A great proportion of the defaulters were Villagers who had undertaken the lands at a high average Rent preferring their own management to the yearly interference, and obnoxious meddling of hired Numeens and their attendants.

12. I have said that the returns from Rented portion of the Zemindary were successful even under discouraging circumstances. by this expression the discouragement of a

Fort St. George. 29th June 1846.

highly adverse season is not alone adverted to, but the disastrous system followed of not defining the limits of Collections by fixing the demand, and of not allowing remissions to parties who required them and who hold under a lease for one or more years. The Villagers who have jointly undertaken the Cultivation of their Village lands and the payment of Rent, are as much entitled in my judgment to remission in seasons of dearth, as individual Ryots who have separately contracted for their own fields.

13. If then such remissions had been granted to the Villagers renting their lands as upon full enquiry seemed proper, and if such deductions from the Rent had been made that necessity dictated there is little reason to doubt that the receipts would have been larger and the Rented balance trifling even in this year. In all Countries Land lords give remissions to farmers of Revenue when Circumstances require them to be made, and they find it their interest to do so. The Officers of Government alone make no Reductions, and endeavour to realize all that they can get. A system than which nothing can be worse.

16 The debts due by the Estate, independent of the Balances of Peishcush amounted at the close of the Fusly to Rupees six lacs and ten thousand bearing interest at 6 per cent per annum.

17 The Board in Para 7 of the Proceedings under date the 20th October 1845 have requested to be furnished with Copy of a Cowle granted to a Village Renter. These instances will tend
20 to shew that the Rented portion of the Estate was not leased out on low terms or even upon an average of the Annamie Collections as erroneously assumed by Mr. Arbuthnot in his report in Fusly 1253. but at high rates estimated on 1243/44 the actual productive capabilities of the Villages in good seasons - It will also prove the necessity that exists under such Circumstances of granting Remissions, more especially to Villagers farming their own lands on occasion of years of Scarcity and dearth -

In my letter of the 21st Inst. I informed the Board that Decrees had
by last I informed the Board that Decrees had
been passed in favor of the Ex Proprietors of
Cauzah and Moogoolla against the Ryots
of those Villages awarding to them the
amount of the balances outstanding
previously to the attachment and sale of
those estates by auction. I have now the
honor to forward copy of the Sub. Courts' decree
in original said No. 71 of 1845 in which the
question is discussed whether the Government
"possessed the right of remitting to those Ryots
"the balances which accrued which the
"estate was in the Zemindars hands" &c.
directed by the Board, I have caused ap=
=peal Petitions to be given in by the
Ryots, and Security to be deposited for
the eventual costs at the expence of
Government to the amount of Rupees 30-8-
0 for the value of Stamps papers Rupees.
Total Rupees 95-0-0 for
which

which sum, I request that the sanction of Government may be obtained. The Civil Court is now adjourned and will not reopen till the 2nd of June. The requisite pleadings will be prepared and forwarded for the approval of the Board in a few days. In the mean time I have to report that the Ex-Proprietor of Inavelly in an Urzee addressed to me on the 14th Ultimo has declared his intention of filing similar suits against his former ryots & that the late owners of eight other estates, one of which is the valuable Mootah of Rawly, are about to institute similar proceedings. I therefore beg to submit to the Board that some steps should be immediately taken to ward off the evil that threatens the Ryots, unless they are of opinion that the following answer to the question of the Sub: Court will be satisfactory to the Appeal Court.—

When an estate is sufficient for arrears of revenue preparatorily to its being put up for sale by public auction, the Proprietor is entirely at the mercy of Government. He is barred by Regulation XXVII of 1802, from taking any steps to recover from the Ryots their arrears of Revenue or

have pointed out, and the whole management is transferred to the Collectors upon the orders of Government are issued for the sale of the estate they are free to direct the Collector to bid either the full amount of the sum due by the Zemindar or any portion of it that they may be pleased to fix upon. This power of bidding a small portion is in reality the power of remitting to the ryots the arrears due by them to the Ex Proprietor, for, by bidding a sum less than the amount of the balances they retain his name in the accounts with a balance outstanding against him, and they retain the power of suing him if he sues the ryots. To relieve him from this unpleasant situation, to remove an unsightly item of irrecoverable balances from the accounts and at the same time to liberate the ryots from the ever pending demands against them, the Government established the custom of bidding the full amount of the balances, acquitting the Ex Proprietor and Ryots from all their respective liabilities and writing off the balance in the accounts. There is obviously an implied Contract between the Zemindar and the Government. The Zemindar having fallen into arrears is ousted from his estate, which is bought either by Government

or

or some other party- If by Government they bid at once the full amount of the balances merely in order that they may write off the full amount in the accounts that the Government may bid the whole or a part at their pleasure- By bidding a part they effectually prevent Ex Proprietors from filing suits like those now under consideration but an inconvenient balance remains in the accounts which they have no intention of collecting- By bidding the full amount they enter into a contract with the Ex Proprietor relieving him from the demands impending over him on condition of his abstaining from legal proceedings against the ryots- That this was their intention is manifest from their having declared the ryots' balance to have been freely remitted to them- It is clear then that Government had the power of remitting the balance and actually exercised it in accordance with long established usage- The Sub Court maintain that the Ex Proprietor alone had the right of collecting or remitting those balances, But it has been shewn that the Ex Proprietor was at the mercy of his creditor the Government and that the latter gave them an acquittance

acquittance with the understanding that he should not sue the ryots- He has now been guilty of a breach of faith and the contract between the Government and him is annulled by his act.

Therefore the acquittance granted to him may be cancelled and he then becomes liable to an action for the recovery of such sums as he may receive from the ryots, by virtue of the Decrees now passed in his favor-

2 If the Board consider that in equity the right of the Government as now stated is unquestionable, they will not be apprehensive of the result of an appeal to the Civil Court and of a Special appeal to the Sudr Udalut but if the argument I have used is not conclusive some measures should be adopted to secure the ryots of Rawly and other estates from the demands of the Ex Proprietors who threaten to file suits against them as soon as the Courts are reopened.-

3. In conclusion I would put it to the Board, whether the sentiments of the Sub Judge are conceived or expressed in a proper Spirit- In a case in which I move the Court on behalf of Government on public grounds he finds a parallel for my proceedings in a shabby transaction in horse dealing, and

I

I am also taunted for using the word "liberality" in a manner distasteful to that Gentleman functionary—

Rajahmundry District
Cumbuldeevee 5th May 1846 } Signed J. Prendergast
Collector

Zillah Rajahmundry Subordinate Court
Original Suit No. 71 of 1845.

Plaintiff — Versus. — Defendant
Streepaty Pracasarow — Copenede Gantaloo

The Plaintiff an Ex-proprietor of Cauza seeks to recover from the Defendant a Kyat balance of Kist accruing during the time he held the estate—

Plaintiff states he purchased the Estate of Cauza in fusly 1251 for Rupees 4,650 that he continued to Defendant his land at the established rent of 35 Rupees a year, Exchanging puttah and Moochilka with him, that Defendant became in arrears of rent to him for 1251 fusly Rupees 28 As. 6, for 1252 fusly 3—10—0 and for 1253 fusly Rupees 20— As. 12 in all 52 Rupees 12 As. principal and Rupees 10 As. 6 interest, that Plaintiff having fallen into arrears his Estate was attached on the 10th April 1843, but the Ameen appointed did not collect the rents due to him nor take the all necessary doing so, consequently his Estate for which he

had given 4,650 Rupees three years previously was sold by the Collector for arrears into which he had fallen, from the rents not having been paid him and bought in by the Collector for Rupees 3,154 As. 8 P. 5 being the full amount due to Government—

Notice on 19th January 1845 was served on Defendant who failed to appear— Exparte trial was ordered on 11th February— Plaintiff produced Ex. 1 dated 1st April 1842 a Moochilka by Defendant to the Plaintiff—

For Plaintiff were examined—

1 Gotedy Beemarauze—
2 Auchunta Raumunnah
3. Custoory Visumrauze
4 Gotedy Venkanah

The Collector applied in this cause by several Petitions for the dismissal of the Case, and secondly when the case was closed for his being admitted to defend the suit— the Subordinate Judge has fully entered on the several pleas set up by the Collector in disposing of the several petitions presented by him and it is needless here to recount the several objections to the present suit, and those in No. 72 and 73 further than may be requisite to justify this decree—

The balance against the kyat Defendant is established it is only necessary to

to consider the question of the legality of Plaintiff's in his present position recovery from him

The Plaintiff Proprietor of an Estate had balances due to him by Defendant and other Ryots, he paid the Peishcush upon the estate to Government from private resources as long as he was able, but not having received from the ryots the Amount of their Kists he was unable to continue paying the Peishcush due upon his estate, 600 Rupees was due by him, his Estate was attached by the Collector under whose management the debt increased to upwards of three thousand Rupees in about sixteen Months, the season had been a bad one, still the Ryots were legally indebted to the Plaintiff the full amount of the balance of Kist in August 1814, the Collector had a claim against the Estate including interest of Rupees 3,154 As 8 Ps 8, the Estate was brought to sale at a bad time, and was bought in by the Collector for the exact sum due to Government, being about 1500 Rupees less than Plaintiff himself paid Government for the Estate three years previously, this is the liberality for which the Collector (Scott) not speaking according to his own feelings takes credit and in consideration of which

he declares the Suits of these Proprietors to recover from the Ryots that which has been remitted to them to be most iniquitous."—

It is not quite clear on what ground the Collectors Mr Bird and Mr Prendergast object to the present Suit, one plea urged was the Collectors Absolution, whether that absolution was defended on the ground that the balances formed a part of the Estate purchased, or whether on the ground that the Collector was vested with authority to absolve the ryots independant of right by purchase was not clear, both were stated.

Another position taken up was that under Section X Regulation XXVII of 1802 defaulting proprietors could not collect arrears of revenue due to them, and that ryots were prohibited from paying such arrears to them, much more were Ex Proprietors debarred from recovery—

In regard to the first objection the Subordinate Judge directed that the Collector should lay before him proof that he had become entitled to the old balances by purchase 2nd[ly] that he should shew that he had authority for absolving the ryots, in regard to the 3d Objection be remarked that although a defaulting Proprietor could not recover arrears of rent as long as

Fort St. George [illegible] January 1846.

as he remained a defaulter yet after he had fully satisfied all claims against him he was no longer precluded from recovering from his debtors any longer justified in withholding direct payment of their arrears. Arrears of rent are recoverable as debt, and it is not necessary that a man should Contin[illegible] to be a proprietor to enable him to recover such debts. The debarring the Zemindar from collecting sums due to him at the time he continues a defaulter, is obviously that the Ameen may be enabled to appropriate to the liquidation of the Government claim all proceeds of the estate. The Collector remarked that on the sale of an estate for arrears of Revenue, it had been usual to declare all balances due by Ryots irrecoverable, this duly adds to the injury for what greater premium can there be to the Ryots unjustly to withhold their rents than the knowledge that if they succeeded in ruining the Proprietor they would have their debts wiped off. It was very well for the ignorant to be deceived by this, but because they through ignorance or others from other motives may have waived rights it does not preclude others from recovery. It had

Fort St. George 19th June 1846.

not been shewn either that the Collector purchased the old balances, or that he had any authority from Government for the resumption of the rights of others & giving them to the ryots. The Collector argued that "under section XV Regulation XXVI of 1802 purchasers of estates at auction succeed to all the rights and property of former possessors in the lands," but this has nothing to do with arrears due to them, nothing can be more "iniquitous" to use the Collectors own term, than to hold a Zemindar responsible for the Revenues of land & Compelling from him payment of every fraction with interest, and then to pronounce him debarred from recovering from his tenants by whose default the Zemindar has been reduced.

It is very true that there is no Express provision of the Regulation authorizing such Collection by an Ex Proprietor, but the Subordinate Judge has shewn that there is none disallowing it, a man cannot be debarred from recovering a just debt except under some express provision, or from neglect of some requisite observance, his claim may be good in equity and bad in law, but where the law does not oppose an equitable claim it is recoverable.

The

The principle laid down in the concluding part of Section XXIII Regulation XXVII of 1802, may be justly applied to Executors & Administrators as well as of Executors—

Had the old balances been sold with the land the Plaintiff would have received their value, and his title to them would have passed to the purchaser, but the Courts cannot sanction the arbitrary dispossession of any man of his property—

The Collector asserts that no Ex Proprietor, of an estate sold for arrears of revenue has ever asserted a claim to balances due to him by ryots, during the time the Estate was under them, the decree in Suits Nos 217 218 219 & 220 of 1843 Pengondah D. C. file in which the former proprietor of this very Estate was Plaintiff show this Statement to be incorrect

The Collector has quoted the case of certain Talooks given over by the Pottapore Zemindar in consideration of Government remitting to him all arrears accruing during his minority on his Estate, in which by proclamation Government relieved the ryots from all further responsibility—this instance does not apply, the arrangement was a private one perhaps the Collector

warranted

regulated by the conditions of transfer perhaps it was not.

The Collector alludes to the detriment to the country which a decision for the Plaintiff would cause by encouraging similar suits, the Court has nothing to do with this, if the Collector for a series of years have not been at the trouble to take measures for avoiding such suits by providing for a sale of arrears as part of the assets of the defaulting proprietor, and if a system has been allowed to grow up by which arrears are kept hanging over individual ryots, and if a System which has led to estates frequently passing through the hands of one proprietor after another has multiplied instances of this nature the blame, if any, does not attach to the decree but to those whose neglect gave an opening to the action, and to those who have fostered a system which has occasioned the multiplication of the instances— As for the liberality towards the Zemindar, for which the Collector takes credit the Subordinate Judge must say he cannot perceive it to be such as should warrant the Collector in insisting on the Plaintiffs forgiveness of his ryots debts in return for it— The Collector

says

says, there were no bidders & it was "liberal" in
Government to bid so much it was just as
much the Subordinate Judge granted as if he were
to allow it to be known generally that he intended
to give a Certain sum at Auction for a house
in a small station, where he was known &
where it was supposed he would do so and
where to bid that sum, no other bidders
having attended as they had not previously
made up their minds to bid more, what
would be thought of him if he bid less, than
he gave out he was going to bid under such
circumstances, or to bring the matter closer,
what would be said if this were done by a
landed proprietor in England, who took, say
400 £ premium on the lease in perpetuity of
a farm at 300 £ a year the farmer underlets
the farm and leaves the landlord to recover
the rents, he pledging himself to do so, instead
of which from Compassion for the under farmer
or his apparent or real want of means he
does not do so, at the end of the year the
landlord brings his tenants lease to sale to
meet his demand for rent, it is known that
he will himself give 300 £ for it, he is a
man of influence and no one comes to

bid against him in his "liberality" he does give 300
£ for the lease which thus falls in, and he then
says to the under tenant "now dont you go and
pay any tenant from whom you rented it
"I'm quite Satisfied, dont go and sell
"your farm Stock to pay him (between ourselves that will interfere with your ability
"to meet my claim for rent next year)
"had I not chosen to give 300 £ for the lease,
"my tenant poor fellow might have been put
"in Jail and I might have recovered from
"you his debtor" Now unless the tenant could
be expected to Confess the Landlord to be
liberal and in return to forgive his debtor
The Subordinate Judge cannot expect the
Plaintiff in these cases to place any great
value on the "liberality" for which the Collector requires him to renounce all title to
old balances nor can he take it into consideration in the decree

The Subordinate Judge has
been obliged to enter thus fully on the matter
of the several petitions connected with these
Suits in his decree, altho' the Collector was
not admitted as a party to the Suit, he
has under instructions from the Board of
Revenue forced his pleas on the notice of the

Sir,

With reference to my letter of the 6th Ultimo, I have the honor to enclose my proposed petition of Appeal for the Suit therein referred to, together with copies and translations of an Arzee addressed to me by the Government Vakeel of Rajahmundry, of the motion presented to the Civil Court by the Ex Proprietor of Nuggoola, and of that Courts proceedings thereon. These papers I have received by to days tappal, and as they seem to be of some importance, I forward them without delay. I will only observe at present, that the exception taken by the Ex Proprietor to the jurisdiction of the Civil Court, may with equal reason be taken to that of the Sudr Court, for if the former committed themselves to an opinion in favor of the right of Government to be a party to the Suit, the Sudr Court have committed themselves to the adverse opinion. The English law as respects the offence of maintenance, does not extend to this country, yet it seems probable that the Sudr Court will

will disapprove of the [illegible] afforded to the ryots in making this appeal.—

No. 1.—

To

The Civil Court of
Rajahmundry.

A proposed separate Pleading from Coppineedy Guntatoo. Appellant against the Decree in Original Suit No. 71 of 1845 on the file of the Subordinate Court of Rajahmundry.—

I beg leave to submit the following reasons under which the decree in the Original Suit passed in favor of the Pltff. or Respondent Mootapaty Pracasarow late Proprietor of Caja, should be reversed.—

1. The respondent sued me in the said Original Suit for the recovery of the balance of Cist Rupees 21-6-0 for fusly 1251, Rs. 3-10-0 for fusly 1252 and Rs. 20-12-0 for fusly 1253 and interest Rs. 10-8-0 in all Rs. 63-1-0. The Subordinate Court passed a decree adjudging the payment of the Amount together with subsequent interest and cost of Suit. No Puttahs and Mutchelkahs were exchanged

Fort St. George 29th June 1846.

exchanged according to the provisions of Regulations for the fusslies for which the Respondent demands the balances from me. The Statement of the respondent that he had received Mootchellah from me and granted me Coule on 1st April 1842 for fusslies 1252 and 1253 is not true. The Village was held under Circars attachment till the Middle of fusly 1251 and then made over to the Proprietor the Respondent, who retained it in his possession till the end of April in fusly 1252, when the Collector placed it under attachment for arrears of revenue. The village was held under Circars attachment for fusly 1253. Since the respondent took possession of the Village from the Middle of fusly 1251 till April in fusly 1252, he managed it himself and collected the Money recoverable from me. The great flood of the Godavery having injured my crops in fusly 1253, the Amuldar collected from me as much as the value of my produce, the Village then being under attachment.

2. It has been usual for the Zemindars and Proprietors in this Country to augment the Cist upon the Zeroyty lands to advance Tuccavee for carrying on Cultivation to collect Money.

Fort St. George 29th June 1846.

Money to the extent of the value of the produce and to retain in the accounts the balance of the Cist against the Ryots in order to keep them under the jurisdiction. The respondent managed the Village from the Middle of Fusly 1261 until the end of April [that is the end of the time for making Collections] in Fusly 1252 consequently it may be presumed that he collected without indulgence what Money could be recovered up to the date of the attachment. The Fusly Servants also collected as far as the means of the Ryots admitted leaving only those balances which were entirely irrecoverable from want of means.

3. In the said three Fuslies I paid away the full amount of the produce yielded by my Zemindaree Cultivation without reserving any produce for my own use. For this reason the respondent has not stated in his complaint that I misappropriated any produce.

4. The village was subsequently

Fort St. George 29th June 1846.

sold by public auction and bought in on account of Government for the sum of Cl. Pagodas 2154 8-5-. The Government sanctioned the purchase and the Collector on behalf of Government issued orders that the balances standing in the accounts against me and other Ryots up to that time were remitted. The regulations no where conveyed the right of collecting former balances to the ex-proprietors of Estates that have been sold but this right is vested in Government who purchased the Estate under Section XV Regulation XXVI of 1802. The Collector therefore remitted those balances as above stated, and presented motion to the Court under Orders of the Board of Revenue requesting to be permitted to conduct the defence in the Original Suits brought by the respondent against me & other ryots for the recovery of the said remitted balances. Your Court will find that it is not just for the Subordinate Court to pass a decree adjudging me to pay to the respondent a sum which the Collector on behalf of Government had remitted especially when he is willing to become a Deft and prove his right to remit the Money.

5. The Subordinate Court admit

Fort St. George 29th June 1846.

admit in the Original decree that expro-
-prietors are not expressly authorized by the
Regulations to recover the Old balances. The Regula-
-tions prescribe that the usage of the Country should be
attended to in the administration of Justice. If the expro
-prietors by usage had any right to the Old
balances, they would have brought many
Suits before the Courts for similar ba-
-lances outstanding in all the Estates that
have been sold for arrears of Revenue.
Your Court will find on enquiry, that no
Suits of the Kind were ever brought before
or decided by any European tribunals. The
Subordinate Court instances the 4 Suits of
this description, which were decided in
1843 by the District Moonsiff of Pone
-gonda, but as no other public officer
had them brought to his notice they
received no further consideration and they
carry no weight with them.

6. When the Respondents
Estate of Cauza and certain other
Estates were sold by auction in August
1844, for arrears of revenue no bidders
were found for them, in consequence of
their low condition. They might have
been purchased for a very small sum, if the

Fort St. George 29th June 1846.

the Collector under Authority of the Board
of Revenue, bid a sum equal to the full
Amount of arrears. The purchase of the
Estates by Government nominally but not
virtually for the full amount of the arrears
is a scheme introduced with a view of
striking them out of the public accounts
and at the same time of relieving both
the expropriators and Ryots from all future
demands, and exempting the expropriator
from the penalty to which he is liable
under Section XIII Regulation XXVII of 1802.
Respondent has not received from the
Collector an absolute unconditional discharge
of his arrears; he has not paid the Money
and he holds no receipt. It is true that
his balances have been written off and
the ryots balances have been remitted and
a sum equivalent thereto appears to have
been paid. But that writing off the
balance and crediting the Amount as
if it had been received into the Trea-
-sury was a mere form adopted for the
purpose of effecting a speedy adjustment
of Accounts with the understanding
that the expropriator should make
no attempts to recover the balances
from the ryots. Thus there was an
implied

Fort St. George 29th June 1846.

implied contract between the co-proprietors on the one hand and the Collector on behalf of Government on the other and if "whatever is expected" but not stated "and known to be so expected by the other "is to be deemed a part of condition of a "contract", the co-proprietors cannot be considered entitled to a discharge from his arrears unless he fulfils his obligation to leave the ryots unmolested.

7- The latter part of the Section XVIII Regulation XXVII of 1802 is clearly applicable to farmers but your Court will perceive that it does not extend to defaulting Proprietors.

8- Considering that the Amildar was a Defendant with me I knew that my cause would be upheld by the Cuicar and therefore considered it unnecessary to present my answers to the Sub Court but as the interference of the Collector has not been permitted I am forced into this appeal.

9- Under all these circumstances I pray the Court will be pleased to examine my witnesses and documents and reverse the decree of the Subordinate Court

Fort St. George 29th June 1846.

Court and pass a judgment directing the Respondent to pay all the charges incurred by me.

Rajahmundry.

Sir, I have received from Vaudravoo Condiah Government Vakeel.

For the charges required for petitions in the Civil Court on behalf of Guddem Dorapah Dr. Venkatroydoo, Suttem Ramanah and Naidoo Pauspoodoo Jenvytee Ryots of Moogallah from the decrees passed by the Sub Court in No. 17-40-&41 of 1845 in favor of the late Proprietors Chillapilly Ramakistnamah & Dr. Wasoomanloo Plaintiffs, who prosecuted them for the recovery of the arrears, I sent for 60 Rupees from the Amildar of this Talook all the Ryots except Naidoo Pauspoodoo have come in person, accompanied by one Achanah on behalf of the said Pauspoodoo I obtained a Vakaleetnamah from this man in the name of the Pleader and caused the brief appeal Petitions to be filed in the Sub Court yesterday before the time expired. The stamped papers.

papers cost Rs. 2 a. 2 and a sum of Rs. 21 a. 2 was deposited on account of the charges to be incurred by the opponants in all 32 Rs. 14 Annas. An account Particulars will be sent at the end of the Month.

The Plaintiffs in those Suits presented a motion to the Sub Court yesterday in which as far as it came to my ear when it was read before the Court, I found that they stated that on a reference being made to the Sudr Adalut they ordered that regarding the claims on the ryots for the recovery of arrears the Collector ought not to be admitted as a supplemental Defendant; that while decrees were passed in their favor on inspection of the accounts sent for from the Collectors Office the Collector has now laid out money for the Ryots and caused them to make appeals contrary to the Government orders passed in 1843 & 1844; that the Civil Court lately issued a Precept that the Collector was not to be taken as a supplemental Defendant in those Suits; that by Regulation I of 1829 it appears objectionable that the Civil Court should interfere in these appeals, that they enclose copies of

Fort St. George 29th June 1846.

of their Petitions to the Government and to the 2d and 3d Members of Council to afford them justice by aiding them to recover the arrears due to them by the Ryots and that reference should be made to Sudr Court in consequence of the objection above stated to the Civil Court (But it must be remembered that I have not seen or read their motion). Whereupon the Sub Court wrote a letter to the Civil Court wherein I understood it was stated, that respecting the appeal Petitions, the Plaintiffs presented a motion stating that the Collector had laid out money, that if this be proved, it is contrary to the Laws of England, that they objected to the proceedings quoting certain orders, that as the Civil Court interfered in the original Suits, it is objectionable for that Court to enter into the appeals under Regulation I of 1829 and that therefore it should be considered whether it was necessary to write to the Sudr Court on the subject. The brief appeal Petitions and Copy of that motion were sent to the Civil Court with that letter.

This day the Plaintiffs presented a motion to the Civil Court.

Extract from the Proceedings of the Civil Court of Rajahmundry. Dated 3 June 1846.

Petitioner objects to certain appeals Suits wherein he is respondent being tried by this Court which he says he thinks has already committed itself by an opinion, and he prays that the Suits may be referred to the Court of Sudr Udalut. He also states that the Collector instigates those appeals and prays the rejection of the Appellants, which he prays may be held to vitiate the appeals.

The matter of this petition is for the Court of Sudr Udalut to decide upon. Being in fact a petition to them, a reference therefore will be made and till the result is known proceedings will be stayed.

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 4th Instant forwarding for their consideration draft of the proposed appeal Petition in Original Suit No 71 of 1845. together with certain communications on the subject of the objections taken by the exproprietors of Cawyak to the trial of the appeal by the Civil Court of Rajahmundry and to the support afforded to the appellants by the Collector.

2. The questions raised by the exproprietors having been submitted by the Civil Judge for the determination of the Court of Sudr Adawlut, no further measures can be taken until the decision of that Court be known. You will be pleased to inform the Board of the [illegible] the application as soon as you [illegible]

have been made acquainted with it, & when instructions will be sent for your guidance. You will at the same time report how many suits have already been decided by the Subordinate Court in favor of the expropriators and the Amount decreed in each case and will also state, if you can obtain the information what suits of a similar nature are still pending in that tribunal and what is the amount under litigation.-

3 From the urgie of the Government Vakeel to your address the Board learn that the preliminary expenses attendant on the appeals in Nos 17- 40 and 41. being Rupees 34-12-0 have been defrayed by an advance from the Select Treasury. The Board think it proper to point out to you that in their letter of the 12th March last you were directed to advise with the Defendants upon the appeal to be presented by them from the Judgment of the lower Court- but that you are not authorized to

advance on their behalf any money required for the prosecution of the appeals, and you will be careful to make no further disbursements on this account for the future.-

In Con. 2nd July 1846

In the proposed appeal Petition No 8. it is stated that the appellant considered it unnecessary to present any answer in the Subordinate Court as the Amildar was a Defendant with him and he trusted that his cause would be upheld by the Circar "and on referring to the Copy of the decree in the case forwarded in your letter of 5th May last the Suit is found to have been tried exparte- It is observed that the trial exparte was ordered by the Court so far back as the 14th February 1845, & before you had received the Board's instructions of the 9th October last whereby you were directed to advise with the Defendants on the lines of defence to be adopted by them, and indeed before institution of these Suits and the peculiar circumstances connected with them had been brought

brought by the acting Collector to the notice of this Office. It is however to be understood that other parties should not neglect to defend themselves under the same expectations as would seem to have been entertained by the appellant in the present case, and the Board therefore request that you will distinctly inform persons against whom actions for arrears claimed by exproprietors are pending or may hereafter be instituted that they must not look to Government for the defence of such suits or for the discharge of any damages which may be decreed in them- but that they must act for themselves and conduct their own defence, abinitio to the best of their power.-

As far as can be gathered from the accounts now forthcoming and Doombullahs in possession of the petitioner, the Village appears to have been held on this tenure up to Fusly 1241. including the period during which the Estate was under Management of the Court of Wards. In the accounts rendered by the Chilkaloorpaud proprietor when the estate was attached in Fusly 1242, the Village is entered as a Zuft Agraharam and a remark is entered to the effect that the profits from it should go to the liquidation of the balance due by Doda Venkatappa Reddy on the Villages of Curralapolem and Epoorpallium rented by him. 4. Since Fasly 1242 the Village has continued to be enjoyed by the Ryots as a Fusly Agraharum at a quit rent of 200 Rupees exclusive of Charges, and the collections when in excess of this sum have gone to the liquidation of the balance, which is shewn in the Margin.

5 In the Desapandy accounts Nereddapully appears as a Sery Village and is included in the Assets of the Permanent Settlement. The Settlement of the Village for the 3 years preceding the Permanent Settlement, are noted in the Margin. The total area as per the Goodemtta accounts is 29 Cootchels, of which 19½ is available for cultivation. The Settlement of the Village for the last year is shewn in the Margin. The out turn was much augmented by the Water from the Toongabhadra Channel.—

6 The petitioner can produce no document to shew that the Zemindar's Grant which was made about a Month before the permanent Settlement was made under Sec VIII Reg: XXV of 1802, save if so made that the provisions of that Section with regard to the Registry of the grant at the Collector's

7. Under the above circumstances and especially as the proprietary right of the Zemindary has been purchased by Government, it appears to me that the original grant by the Zemindar, of this Village, must be considered merely in the light of a private arrangement between himself and the petitioner, having no legal validity, and that the Village should now be declared a Sery Village assessable at the full usual rates.—

Reporting the Lapses of Enam of the Classes specified in Regn IV of 1831 agreeably to Extract from the Minutes of Consultation under date 26th April 1845.

Agreeably to the Extract from the Minutes of Consultation under date 26th April 1845. I have the honor to report for the orders of Government the following lapses of enam of the Classes Specified in Regulation IV of 1831.-

Poonganoor Talook Cundoor
Venkatappa Chetty
Enamdar deceased.
Enam - 14 - 11 - 7

2. The Ranee of Poonganoor Samustanum reported the demise on the 5th December 1845 of Venkatappa Chetty Enamdar of Candoor in the Poonganoor Talook. The Enam hitherto enjoyed by the deceased amounting to Rs 14-11-7 in entered in his name in the Poymash as well as in the Enamaty Accounts prepared in Fusly 1220-1810-11. There is no sunnud or grant for the Enam in question, and it cannot be ascertained when and by whom it was granted or who was the original grantee. The deceased has left behind him.-

The

4- The widow of his elder Brother and
3 Daughters.-
1 Younger Brother.
1 Wife to the above.-
2 Their two Children.

The above who were dependent on the deceased are reported to be in indi-gent circumstances and to have no other means of subsistence beyond the allow-ances afforded by the Enam in question. This description of Enam was granted to Individuals at the Head of a Cast in a Village with a view to their set-tling disputes among Parties about Castes and causing the necessary ceremonies to be per-formed on these occasions. It may therefore be considered to fall under Regulation IX of 1831 being a grant of Land Revenue conferred in consideration of Services rendered to the State and it has usually been considered hereditary. The Heirs of the deceased have been put in possession of the Enam Lands sufficient security having been obtained from them for the full demand of Govern-ment on the lands being eventually re-sumed if required.-

From

Coilgoontla Talook- Donnepaud Bhatwarty- Enam Rs 50-9-1-

From the Proceedings submit-ted by the Tahsildar of Coilgoontla Talook re-porting the demise on the 29th September 1845 of Subboroyaty Cawaramma an inhabitant of Donnepaud in the same Talook it appears that Bhatwartee Enam lands amounting to Rs a p 50-9-1 lately enjoyed by the deceased were entered in the Pymash and Enamaty accounts in the name of Timmall Row the father-in-law of the deceased. This Enam was originally conferred by the Mysore Govern-ment as a charitable allowance but the period when granted is not known nor can it be ascertained who was the ori-ginal grantee. The deceased has a grand-son Kristna Row (the son of her Daughter) aged 28 who lives with his Father- Enam lands are enjoyed by the Son in law of the deceased in the Villages of Donnepaud and Kristnapaud as follows.-

	Rs a p
Enam land in the Village of Donnepaud assessed at Rupees	67-1-0
D° D° in the Village of Kristna-paud	14-5-1

In addition to the above it is reported that this Individual has other Enam Lands in Sattella Talook in the Kurnool Territory.

It

It appears that the deceased having n
son has transferred his Enam Lands
pertaining to Donnepaud to her gra
son by a deed of gift executed to h
on the 15th Maghas hood khum year

coming in support of the Enam which
has been made over to the grandson
the deceased sufficient security
taken from him for the full demand
of Government on the Lands being ann
ally made good if required. This d
scription of Enam has usually been
considered hereditary.-

Coilgoontla Talook

Bhatwurtee Enam
Rs 37-0--

5 The demise on the 3d
October 1845 of Bhatavartee Enamd
Indracantee Sungumbattoo late resi
dent of Donnepaud in the Talook
Coilgoontla who was in the enjoyment
of Enam lands amounting to Rupe
37 has been reported by the Talookdar
of the above Talook. In the Fymash
and Enamaty Accounts lands alsessed
at Rs 13-11-10 was entered in the name of
Christnumbattoo the Father of the deceas
and 23-4-4 in the name of Veranasee
Ramaswamy

Ramaswamy Poshkoolos the Brother of deceaseds
grand mother. The former Enam land viz.
amounting to Rupees 13-11-10 was formerly
held by one Vengumbattoo the Grand father
of the deceased by his Fathers side, but
when and by whom and to whom origi-
nally the grant was made cannot be as-
certained. The latter Enam amounting to
Rupees 23-4-4 was formerly in possession
of one Seetaramiah to whom the deceased
is related as the son of his Douchatroodoo
or grandson of his daughter, but when
and by whom the grant was made or
whether he was the first grantee or not,
it is not known. It was transferred by
a deed of gift to Christnumbattoo the fa-
ther of the deceased, about 50 years ago
and have since been in his enjoyment
and latterly in that of his son the deceased.
There are no Sunnuds or grants in support
of either of those Bhatwartee Enams. The de-
ceased has left behind him.-

1 Younger Brother
1 Widow
1 Daughter in law of an uncle deceased

The above are reported to be indigent having
no

no means of support beyond what is afford by the above Enam. The brother of the de ceased has been put in possession of the Enams sufficient security having been taken from him.-

Codgeonilla Talook Sondardinny Shyratee Enam Rs 10-15-7-

6. Peddyah Shyratee Enam dar is reported to have died on the 6th August 1845. The amount of Shyratee Enam entered in the names of the dec ed and one Tippabattodoo in the Enam and in the name of the latter in the Pymash accounts only is Rupees 10-15- Of this one half is in the enjoyment of Nadeepyah a relative of Tippabattoo and the remainder was in the possession of the deceased Peddyah. The Enam was granted by the former Government but whether Venkatsawmy, the paternal Grand father of Peddyah, who from the Proceedings of the case appears to have formerly had possession of it, was the originally grantee cannot be ascertained, no Sunnud or grant being forthcoming.-

7. The deceased has no heirs but a nephew named Allahanuny in whose favor he executed a deed of gift in 1835-36 transferring to him all his Estate

Estate and Property. The deceased had some Shroff Enams in the Villages of Koilgoontla Meeraproor and Gobbanoottoola amounting to Rs 34-2-3- to which his nephew has succeeded ed on the strength of the above document and thereby obtains his livelihood. This Enam is considered of the same description as Bhatwurty being entered only in the Accounts by a Hindoostany appellation, and has therefore been usually con sidered Hereditary. The nephew of the deceased has produced the deed of gift above referred to executed on unstamped Paper, the validity of which has been proved, and the Tahsildar has reported that the Shroff Enam above alluded to has been in the possession of the nephew for several years. Orders have been issued for the realization of the full demand of Government upon the lands and for keeping the same in deposit, until the pleasure of Government in regard to the disposal of the Enam shall be made known and the nephew of the deceased has in the mean time been put in possession of the land.-

Reporting a case of lapsed Enam as required in the Board's Circular letter dated 29th September 1845.-

Para 1. With reference to the Circular letter from the Board of Revenue dated 29th September 1845. I have the honor to report the following Case of a lapsed Enam the same having been originally granted for the support of a Religious Institution. The demise of Gowen Enamdar Pardasee on the 27th June 1845 has been reported by the Tahsildar of Gooramconda. The deceased late a Resident in Rompechercla in the above Talooke was in the enjoyment of Enam amounting to Rupees 23-10-3.-

2 From the Proceedings submitted it appears that the Enam in question was entered in the name of the Father of the deceased also by name Pardasee and in the Pymash Accounts in that of the Grandfather of the deceased Pottanagoud The Enam was originally granted by a Poligar Balakrishna Naidoo, but when and to whom it is not known; no Sunnud being forthcoming. The purposes for which granted was the supply

supply from the Grantee of sheep to be sacrificed during the celebration of an annual Festival to an Idol which takes place in the Village, also when cultivation is commenced upon, and when the Tank is commenced supplies of water. The Tahsildar reports that there is no Pagoda in existence, but that the annual festival is still performed, and from the Proceedings it appears that formerly the Enamdar used to supply 19 sheep annually for the purpose abovementioned, but that now as the value of the produce which the Enam land yields is estimated at one half of the Assessment thereon, the late Enamdar continued to supply 12 sheep the value of which being 6 Rupees, the residue of the proceeds of the Enam the Enamdar enjoyed himself.-

3. The deceased has left the following relations.-

1 Widow Gungee.
4 Sons Viz.
Elder son Pottoogandoo, 1 Wife 3 Grown up Sons and 1 Daughter.-
2d. Son. Ajungandoo 1 Wife 3 Grown up Sons and 1 Daughter.
3d. Son. Anopathoogandoo 1 Wife 1 Grown up Son and 1 Daughter.
4th Son. Gavadu Pathoogandoo 1 Wife 1 Grown up

up son and 1 Daughter.

Deceased's younger Brother Potoogandoo has a wife and 5 Grown up sons Viz.t.

The 1 Son Garoodegandoo his wife. 2 Grown up sons and 2 Daughters.

2d Son Garedegandoo 1 wife & 2 Grown up sons.

3d Son Agungandoo has 1 wife 1 Grown up Son and 1 Daughter.

4th Son Anapathoogandoo has only wife.

5th Son Chinna Ajjegandoo has only wife.

4. The abovementioned family live conjointly and their present circumstances it is represented are poor, as they have no other Enam or any Puttah lands. They earn their livelihood by cultivating the Puttah lands receiving a certain share of the produce for their trouble. The Enam which has usually been considered hereditary has been made over to Potoogandoo the eldest son of the deceased, sufficient security having been taken from him for the full demand of Government upon the lands being realized should Government so decide as to the disposal of the Enam.

To the chief Secy to Govt. submitting Letter from the Acting Coll.r of Cuddapah, reporting the Lapses of certain Enams in his Dist.t with the Remarks of the Board on each case.

Para 1. With reference to Extract Minutes of Consultation 26th April 1845 I am directed by the Board of Revenue to forward for the orders of Government the accompanying letters from the Acting Collector of Cuddapah reporting the Lapses of certain Enams in this District.

2. The particulars of these several Enams are fully explained by Mr. Cochrane, it will therefore only be necessary for the Board to remark briefly on each case.

Condoor Pedda Enam Shetty

3. The first case of those brought to notice in the acting Collectors letter No. 1748 is that of a Shetty Enam. The Shetty is the head of a caste or the chief municipal Officer of a pettah or trading Village in the same manner as a Patel is the head of an agricultural Village. his Office is consequently of the nature of an hereditary Village Office. The Board are therefore of opinion that this Enam should be continued.

Tammiraud Bhatmurlie Enam No. 50 of 1.

4. In the second case reported in the same letter the Enamdar lately deceased

deceased was a female and obtained the Enam from her fatherin law. It is pretended that she has transferred it by deed of gift to her grand son. the son of her daughter. Hereditary mamariems cannot be transmitted in the female line, and as this Enam has passed from the family of the party in whose name it is entered in the Survey Accounts the Board would recommend its resumption.-

Of the two enams which fall under the third case the first or that of Rupees 13-11-10. having descended to the deceased from his father in whose name it is entered in the Pimash, accounts, should in the opinion of the Board be continued to his brother. The other Enam, Rupees 23-4-4 having devolved upon the deceased the female should be resumed.-

6.

In the fourth and last case mentioned in No. 1748. the party whose decease is reported was a joint holder of the Enam at the time of the Survey, and the Enam being Kirate is hereditary. the title of the nephew must, the Board conceive, depend on his being next of kin to the deceased, and being the nephew by the male line.-

In the single case reported in No. 1749 the Enam is of the nature of a religious endowment, and as it continues in the family of the incumbent at the time of the Pymash, and the service is still performed, the Board are of opinion that the mamiem should pass to the eldest son of the deceased.-

Submitting a letter from the Acting Collector of North Arcot forwarding one from Mr Turner late Abkarry renter of that District expressing his willingness to accept the sum of Rupees 6g10 in full satisfaction of his demand for compensation on account of the Arrack Shops

Sir.

With reference to my letter of the 18th Instant on the claim to Compensation advanced by Mr Turner late abkarry renter of the District of North Arcot, I am directed by the Board of Revenue to forward for the Orders of the Most Noble the Governor in Council the accompanying Communication from the Acting Collector giving cover to one from Mr Turner in which that individual expresses his willingness to accept the sum of Rupees 6g10 in full satisfaction of his demand.

Shops and Toddy Topes improperly held by the Vellore Military abkarry contractor within the limits of Mr. Turner's Civil Farm and recommending that the amount may be granted to him in full of his demand upon Government for the whole period of his lease.

In Con. 28th October.

It will be seen from the letter of the Acting Collector to the Board 7th October 1845 forwarded to Government with the correspondence which accompanied my letter of the 18th Instant that this sum of Rupees 6910 is the amount of Net Revenue realized on an average of five years from the arrack shops and Toddy Topes improperly held by the Vellore Military abkarry contractor within the limits of Mr. Turner's Civil Farm. The Board were prepared to recommend to Government the disbursement of this sum to Mr. Turner but he refused to accept it alleging that his compensation should not be calculated on an average of years, but but on the very years in which the encroachments on his farm had taken place. The Board then directed the acting Collector to ascertain the actual profits of the arrack shops and Toddy Topes for Fusly 1252 which were found to be Rupees 6720, but this as stated mentioned in Para 3 of my letter of 18th June last Mr. Turner declined to accept. He has now however agreed to take the average sum first proposed to him, and as this differs little from the actual net receipts of Fusly 1252, the Board beg to recommend that the amount Rupees 6910 be granted to him in full of his demand upon Government for the whole period of his lease.

3rd Collr. Inclosure 3 in Revenue Letter 1816

Read Report from the Collector of Tinnevelly on the Settlement of Land Revenue for Fusly 1254.

Relative to the Settlement of Land Revenue in the District of Tinnevelly for Fusly 1254 1816-17 S.

Para 2.

The Rains during the Cour season were partial throughout the District, and the supply of water obtainable from Rivers and Channels by no means abundant. The result was a decrease in the Wet cultivation. Drought and short produce were the consequences of a failure of rain in the earlier part of the season, or from June to August inclusive.

Para 3

2. The Season was also unfavorable for the Pesharum crop, owing to the scanty and partial falls of rain in September and October. which caused a large decrease in what are termed / Punnacolum / Rained wet land and dry land. The increase under the head of / Aganut / Channelled was produced by the abundant supply of water afforded by the freshes of the Tamberpoorny River: or main supplys of the District. The supply of water in January and February was quite insufficient, producing in some cases an entire failure and in others scanty produce.

There

8506 Fort St. George 29th June 1816.

P.L. 5. b.

3. There was little change in the respective denominations of Villages. There were added to the head of Wolungoo from Nunjey Palom and Poonjey. causing an identical and corresponding decrease under the latter.

" 7 8

4. The extent of Cour and Pesharum cultivation in the Oolungoo & ca. unsettled Villages fell below that of Fusly 1253 respectively to the extent of 4,496 and 2,386 Seed Cottahs making a total decrease of Seed Cottahs 6,882. The total extent of Nunjey mail Poonjey and Vanpyre lands under cultivation in Fusly 1254 A.D. 1844/45 exceeded that of Fusly 1253 A.D. 1843/44 by Seed Cottahs 2,580 the Season being more favorable for this species of cultivation, than to that of Nunjey. Under the head of Poonjey there was a decrease of Hotel Chains caused by the state of the season.

" 9

" 10

5. Scanty produce as well as diminished cultivation, combined with high prices in the adjoining Districts owing to corresponding failure of Periodical Rain, occasioned a rise in the settled prices of Fusly 1254 A.D. 1844/45 above those of Fusly 1253 A.D. 1843/44 amounting to 15 3/8 per cent. The Board suggest that in future the comparison exhibited in statement No 3 should embrace the standard or Oolungoo prices as well as the current and

Settled

settled prices. On referring to Statement B 91 and 92. it is observed that in the current year the difference between the two latter is very slight

Para 11 6. The Settlement of the Land Revenue of $\frac{12,54}{1815/16}$ viewed in contrast with that of Fasly $\frac{12,53}{1813/14}$ exhibits an increase of Rs. 90927 5.

7. This large amount of increase is observable amongst the Nunjey Varapud Villages in which whilst there was a decrease of cultivation amounting to Seed Cottahs 5565, there was an increase of Beriz Amounting to Rupees 111078 mainly attributable to the augmentation of Prices already adverted to.

8. In the Ommany Villages whilst there was a decrease in cultivation, as well as produce to the extent of Rupees 1696 11 5 the net increase owing to the same cause as above, resulted in the sum of Rupees 7550.

9. Under the head of Pallom there was a small deficiency of Rupees 382 11 3. caused by a decrease of cultivation.

10. Owing to the same cause there was a decrease under the head of Poroopoo amounting to Rupees 1117 13 11.

11. Under the head of Nunjey mail Poonjey cultivation assessed with full Nunjey Teerwa the total cultivation amounts

amounts to Seed Cottahs 2167. yielding an increase above that of the previous fasly by Seed Cottahs 826 giving a Revenue of Rupees 772-11-10. This result is attributed to the high price of grain as well as to the supply of water in certain Tanks, tho' not sufficient for wet cultivation to the fullest extent contributed to increase that of the Nunjey mail Poonjey and partly to a reduction in the Amount of difference between Nunjey Teerwa and the usual Nunjey mail Poonjey Teerwa allowed in the fasly under consideration.

12. In Statement No. 10 Nunjey mail Poonjey and Vanipye assessed at the original P. 17. Nunjey mail Poonjey Teerwa, or that which is fixed with reference to produce and as not used, embracing three items, is exhibited shewing a net Increase, after deducting loss by decreased rates of Teerwa amounting to Rupees 2039-12-6. The increase and Decrease under these items are sufficiently explained by the Collector, but the Board are of opinion that in future these different kinds of cultivation should be shewn separately. The Collector, will therefore be pleased to assign separate Heads and Columns to the Nunjey mail Poonjey and Vanipye cultivation

In

Para 18. 13. In the 4 settled Villages there was an increase of Revenue amounting to Rupees 320 in excess of that of the previous Fusly occasioned, it is stated by a greater extent of land being employed under 2d or additional crop than in Fusly 1253 / A.D. 1843/44. In the Statement No. II b it is observed that under the head "Bariz under additional crop raised" the half of the Amount entered in the preceding column Rupees 1230—9 is represented by the figures 629—9—2 whereas it ought to be 615 4 6; and almost next below these figures there is an entry of 36. 12. 1 or double the Amount instead of that entered in the preceding Column. The attention of the Collector is requested to these items. It is probable the former may be a clerical error, but with regard to the latter the Board request explanation.

14 The Board are not surprized to see that the privilege of being allowed to cultivate a 2d Crop on payment of ½ Teerwa of 1st Crop is already recognized in the Timmerelly District by the Ryots as a beneficial change from the former system.

15. Under the circumstances stated by the Collector in Para 21 the Board will not disapprove of the indulgence shewn to certain Ryots

Ryots who left small portions in entire fields waste. The Net amount remitted was on Rupees 166—7—9 and as the Ryots have given full assurance that similar irregularity shall not again occur, and as it has only been conceded to those who suffered loss from drought, and in needy circumstances, it is confidently trusted a similar laxity will not hereafter occur and be made the groundwork of a similar application.

16. In the unsettled Villages the Poonjey Revenue fell short of that of Fusly 1253 by Rupees 5,908. this is accounted for in part by diminished cultivation and by the cultivation of a greater proportion of lightly assessed lands. The loss by Decrease in cultivation is stated to be Rupees 4,082 and that on the average of Teerwa Rupees 1826. There was an increase of Poonjey Bariz of Rupees 613 in the Turm or settled Villages. The number of Villages of this description is however too insignificant to enable the Board to hazard any decidedly favorable opinion, as suggested by the Collector, regarding the extent to which the introduction of the Survey has tended to encourage cultivation.

The

Para 24. 17. The Nelumony Beriz which is dependent on the Nunjey cultivation fell short, as did the latter in the Sum of Rupees 589 13 -

18. The decrease in the Jopa Revenue

" 25 is accounted for by deficiency of produce and by a number of Trees having failed to bear fruit any longer. There was however a Net

" 26 increase of Rupees 836 under the head of Palmiras. There was a deficiency of the

" 28 Revenue derived from Thorn Trees Amount: ing to Rupees 594. owing to causes incidental to the growth and management of these trees.

19. The total amount of Remissions

" 30 in Fusly 1254 was Rupees 33,938 whilst in the preceding Fusly it was only Rupees 6,116. The total Beriz or demand against the Ryots who received the foregoing large Amount of Re: missions was 45,963 Rupees. They thus re: ceived an abatement of 73 27/32 per cent. Deducting

29. At the conclusion of his Report the Collector has given the result of a "third examination of the Ayacut accounts of each village" exhibiting a Decrease of Seed Collas. 2,116 13/16 in the extent of land under cultivation after deducting various Increases under the Heads Porumpoke, Enam, and Waste Land. The Board notice these results for the purpose of giving them an opportunity of observing that as this examination of the Accounts has been unaccompanied by any measurement of the Lands it affords no scope for useful remarks.

Ordered that a Copy of the foregoing Extract from the Boards Proceedings be submitted to Government and a transcript of the same be forwarded to the Acting Collector of Tinnevelly for his information and guidance.

Submitting explanation called for in Boards Proceedings of 12th January 1816 on the subject of Yeomanies

Sir,

1- I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings of 12th January 1816 and to submit the explanation called for in Paras 2-4-5-11-12 and 15 of the Minutes of Consultation of Government which accompanied it.

In explanation of the discrepancy noticed in Para 2 I beg to state that the persons entered as No 7 and 20 in Mr Cotton's Register are the same as those numbered as 36 and 23 in Mr Hepburn's List of Yeomiahs sanctioned on the 5th January 1813. The difference in the name as entered in No 7 of the former and 36 of the latter is the prefix in the latter of the word "Cody" signifying a flag and entended as a mark of distinction. In No 23 there were originally

originally two Grantees Chand beebee and Fathimabeebee and the aggregate amount of allowance granted to both was C. Chuckrums 24-8 or Rupees 62-2-11 one of them Chand beebee being dead her share has lapsed to Government. The survivor's share of the survivor Fathimabeebee are therefore alone entered in No 20 of the list now under consideration.

3. The difference between the amount of Pension enjoyed by the descendants of the late Syed and that entered in Mr Hepburns list of 1813 is owing to the subsequent death of one of the sharers by which 10-4-11 lapsed to Government.

Syed Mudoom Cauzee and that his name will be found entered in Mr Hepburns list under the Head of old Mosques, as Cauzee Shaik Mudoom and the amount of the grant as C. Chuckrums 138-8-9 or Rupees 289-9-11. It should be here remarked that the name of Syed Mudoom which is a correct one as ascertained by Mr Cotton and entered in his Registers was erroneously entered in Mr Hepburns list as Cauzee Shaik Mudoom. In Mr Cottons list the above amount is divided between Nos 14-15 and 16, of which Nos 15 and 16 amounting together to C. Chuckrums 43-8-36 or Rupees 93-4-11 being considered to be really attached to Mosques have been entered and sanctioned in the list of Mosque allowances No 14 amounting to 195-8-11 was entered by Mr Cotton as a subsistance grant in the enjoyment of 4 Persons 2 relations of the original Grantee and 2 servants of the Mosque.

One of these is dead and his Sanction Rupees 49 2 a has lapsed to Government and for the remainder 47 5 a drawn by the 3 Survivors sanction is now requested.

5. In reply to Para 11 of the above Minutes I beg to state that the allowance Rupees 47 11 a was drawn in equal shares by Mahomed Allee in whose name it is registered, and his Brother Abdul Kader, and that the latter being dead and his share resumed by Government sanction is requested for the remainder 23 13 5 received by the survivor Mahomed Allee.

Amount sanctioned to Shaik Mahomed Shaikbelium son of the Original Grantee of the same name No 14 in Mr Hepburn's list and No 240 in Mr Cotton's Register and enjoyed by himself and his 2 Brothers is C Rs 22 4 39 equal to Rupees	47	11

P. In reply to Para 12 I beg to state that Shaik Mahomed Shaikbelium the Original Grantee died leaving 3 sons the name of the eldest of whom only was entered in Mr Hepburn's list as No 14. But the Pension of Rupees 47 11 was enjoyed by himself and his 2 Brothers whose names are also entered in Mr Cotton's

Register

8520. Fort St. George, 29th June 1815.

7. In reply to Para 15 I beg to state that in Mr Hepburn's list the name of the Original Grantee, Shaik Mahodeen Cabeersur is entered in No 242 without the Shaik and Cabeersur the former a distinctive name of the Caste and the latter an honorary title usually conferred on the literate. His name stands in Mr Cotton's Register as No 242 The amount sanctioned for the Original Grantee is Rupees 35 5 of which Rupees 18 2 4 enjoyed by Mahodeen Saadar the son of the Original Grantee reverted to Government on his death and the remainder Rupees 18 2 8

for which sanction is requested, is now en-
drawn by his surviving son

8. The Copy of the Cowmah required by the Board of Revenue in support of this grant is herewith forwarded. It is a Copy of a Copy in this Office. The original Puttah and the Copy per Dowl are stated by the Incumbents to have been lost long since. The grant through a subsistence allowance was erroneously included under the Head of "Nauguee of Emam Shaw" which had no number prefixed to it in Mr Hepburn's List, the subsistence allowances alone having a number attached to each Item. The amount of the grant was Rupees 328 4 8

On the death of the original Grantee Mahomed Khan, the allowance was divided between 5 disciples whose names are entered in Mr Cotton's Register in No 40

9. Of these 3 are dead. The share of one of them Sulaiman Shaw has reverted to Government that of Meer Essoof is drawn by his son Meer Abdul Kadur and that of Mahomed Khan by Enayet Khan

Para 1. I have the honor to state that the Suspension of Soobba Row the Tahsildar of Pungahmal Talook having been already under date the 28th April last, reported in the Return of Persons Suspended or dismissed during the Quarter ending 31st March last, I have now the honor to state that the Tahsildar has been as shown in the accompanying Copy of a report from the Criminal Court convicted of the charge of having allowed the ill-treatment of certain Prisoners and sentenced by the Offg. Principal Sudr. Ameen to simple imprisonment for 6 months and to pay a fine of Rs. 200 commutable on default to 6 Months further imprisonment in Jail under Section VII Regulation X of 1816 and this decision has been confirmed on Appeal by the Sessions Judge — As the re-appointment of the Tahsildar to his former situation or others of inferior emoluments cannot under the above circumstances be made without Sanction, I have the honor to request the orders of the Board of Revenue on the subject.—

2. I beg to express my opinion that his re-employment in this District would be attended with injury to the Public Service but that as he is a servant of 22 years standing and has, I am informed, up to the day of the present charge maintained an unblemished character his employment in another District may I think be permitted.—

Further that the 7th Prisoner kicked out two of her teeth while the 8th Prisoner gave her a blow with his hand, the 9th Prisoner being present.— The 3d Prosecutor states that the 1st 2d 3d 4th 5th and 6th Prisoners beat and illused him (and his wife the 1st Prosecutrix) from morning till night of the 20th Feby the 7th 8th and 9th Prisoners being present.— The 4th Prosecutrix states that the 9th Prisoner ordered her to be beaten and that the 3d accordingly put her down held her hair with his feet and struck her on her face and breast, and that the 2d Prisoner held her cloths and the 5th applied a kitty to her hand, and the 6th Struck her with a stick.— The 5th Prosecutrix states that the 9th Prisoner ordered her to be beaten, that the 1st 2d 3d and 4th Prisoners beat her with Cudgels that the 3d Prisoner applied heated tongs below her right knee, and burnt the hair of her head on the Morning of the 20th February.— The 6th Prosecutor states that the 1st 2d 3d 4th 5th and 7th Prisoners beat and illused him, and that the 6th Prisoner encouraged them the 9th Prisoner being present. The Prisoners plead not guilty.— The 9th Prisoner, the Tahsildar further pleads that the 1st 3d 5th and

8526 Fort St. George 29th June 1846—

and 6th Complainants were seen by the Head Assistant Magistrate between 5 and 6 on the Evening of the 20th February, and that they then made no Complaint to that Gentleman which he urges they would have done, had they had just Cause . —.

The Head Assistant Magistrate having been examined — confirmed the statement of the 9th Prisoner by declaring that the 3d 5th and 6th Complainants (the 1st the wife of the 3d and daughter of the 5th not having been able to appear before the Court during this examination in Consequence of severe indisposition is not mentioned) had not only not complained of any illtreatment when he saw them in the house of the 3d, whether he had gone to cause it to be searched for Stolen property supposed to be concealed by the inmates, but that their persons to appearance exhibited no marks of injury . —.

The 9th Prisoner however admits that these Complainants were again taken into his Custody after the Head Assistant Magistrate had seen them and that they remained in it until they appeared before the Joint Magistrate . —

Admitting as a probability established by the testimony of the Head Assistant Magistrate, that the 1st 3d and 6th Complainants had not been illused up to between 5 and 6 on the evening of the 20th February, it is unquestionable that they had marks of injury on their persons when they subsequently appeared before the Joint Magistrate, as certified by the Native Dresser under that Officer, and in the intervening time they had been in the Custody of the Police, as admitted by the 9th Prisoner, the Head of Police . —.

It is certain therefore that the injuries of which the marks were seen on the persons of these Complaints (the 1st 3d and 6th) were done to them while in the Custody of the Police; and in Corroboration of this fact, the 6th and 7th witnesses depose that at the time of lamp lighting they heard the wailing of persons in a

Mandapam

8524 Fort St. George 29th June 1846.—

Mandapum adjoining the Tahsildar's Catcherry.—.

The Certificate of the Native Dresser attached to the Joint Magistrate and that of the Zillah Surgeon describe the injuries on the persons of the 1st 3d and 6th Complainants as having the appearance of having been caused by the modes of treatment complained of, and the Prisoners have not attempted to assign a different origin to them.—.

The object of the illtreatment appears to have been to induce the Complainants to discover property supposed to be in their possession, pertaining to a plunder committed in Trichendoor regarding which 7 Prisoners (including the 3d 5th and 6th Complainants in this No. have since been sent up to the Court.—.

There is no evidence beyond that of the Prosecutors themselves to establish the particular part taken by each of the Prisoners in the perpetration of these injuries, but considering the difficulty of finding positive evidence for every instance of the abuse of Police authority, committed as it will often be in the presence only of those interested in preventing an exposure, the Statements of the Complainants corroborated by the appearance of personal injuries, is considered sufficient for their conviction. These Statements in respect of the 1st 3d and 6th Complainants involve the accusation of the 1st 2d 3d 4th 5th 6th 7th and 9th Prisoners.—.

The Statement of the 2d Prosecutrix against the 1st 2d 3d 4th 5th and 6th Prisoners are supported by the Marks of injury on her person, and further certified by Medical Certificates.—.

The 1st 2d and 3d Witnesses saw the 2d 3d and 6th Prisoners do the several acts imputed to them by the 4th Prosecutrix. They declare that no other Prisoners were present at the time.—.

These Witnesses also speak to having seen the 2d Prosecutrix weeping and her right breast in bleeding state. The 1st witness moreover discovered a kitty in the Cutcherry and was requested by the 3d and 4th Prisoners not to expose it and presented with a pair of earrings produced before the Court to bribe him to silence.—.

The Statements of the 5th Prosecutrix are unsupported by any evidence whatever and she has no marks of injury.—.

To

8528

Fort St. George 29th June 1846.—

To the fact of the 9th Prisoner having been present at the ill-treatment complained of there is the evidence of only the Complainants themselves, but the 1st 2d 3d 4th and 5th Prisoners being Peons, and the 7th a Royasom, on his establishment, and the injuries sustained by the Complainants having been perpetrated on them while they were in his Custody, are circumstances that afford strong presumptive proof of the 9th Prisoner having at least permitted if he did not actually order the illusage of the Complainants— But the Off. Jr. Prin.l Sudr. Ameen sees no sufficient reasons for rejecting the evidence of the Complainants to the Tahsildars' presence.—

The 1st 2d 3d 4th 5th 6th 7th and 9th Prisoners being thus convicted on the evidence of the 1st 2d 3d 4th and 6th Complainants, corroborated as it is by the Marks of injuries on their persons and by the testimony of the 1st 2d 3d 6th and 7th Witnesses they are sentenced, the 1st 2d 4th 5th and 6th Prisoners to 3 Months imprisonment, with labor without irons, and to pay a fine of 15 Rupees each, commutable to 3 Months further imprisonment, the 3d Prisoner a Duffadar to 4 Months imprisonment with labour without irons and to pay a fine of 25 Rupees commutable to 4 Months further imprisonment, the 7th Prisoner, a Royasom to 4 Months imprisonment without labour or irons and to pay a fine of 50 Rupees commutable to 4 Months further imprisonment, and the 9th Prisoner a Tahsildar to 6 months simple imprisonment and to pay a fine of 200 Rupees commutable to 6 Months further imprisonment in Jail under Section VII Regulation X of 1816.—

The 8th Prisoner is released.—

Sir,

I have the honor to acknowledge your letter

Fort St. George 29th June 1846—

† Herewith returned

letter of 25th February last calling for a report upon a Petition addressed to the Board of Revenue, No. 17 of 1846, by one Venataramacharry claiming the Office of Monigar of the Village of Comboopalliem in the Carcor Talook.—

It appears that Petitioners Elder Brother Sreenevasa Moorthee Archar was one of the Monigars from 8th April 1829 till about the middle of November 1830— when he was superseded by another person— The case is not very clear but from the best information I can obtain, the truth seems to be that Sreenevasa Moorthee Archar obtained a Months leave of absence on the 21st August 1830, which he over-staid and before his return, he became involved in an order from this Office dated 16th November 1830, dismissing all the Monigars and the Curnum of the Village for contumacious conduct at the making of the Dittom— At this late period however, the circumstances of the case cannot be very accurately ascertained— and it seems to me that if any real injustice or hardship had been done towards Sreenevasa Moorthee Archar, he would at once, or long before now

Fort St. George 29th June 1846—

now, had made it a subject of complaint— He is alive still, and, I believe, has never taken any steps to be reinstated— Petitioner, his younger brother, tells me that he himself once spoke to Mr. Anstruther, when that Gentleman was sub Collector of Coimbatoor, who referred him verbally to the Tahsildar— But Petitioner allows that at that time he did not take the trouble of attending before the Tahsildar to make out his case— He also asserts that he once petitioned Mr. John Bird, my immediate Predecessor, on the subject.— but the only Petition presented by Venkataramacharry at the time he names is found, by the records, to relate to quite a different matter.—

I am of opinion therefore that the time is gone by for the prayer of this Petition to be attended to— more especially because Petitioner's

From the Collector of Mala[bar]

Sir,

On the 18th to 21st September 1845, Supporjee Herjee, a merchant of Cochin expressed an intention of erecting Cotton Screws on a piece of Government Ground on the banks of the Cochin river which he had held for some years on a rent of 240 Rupees per annum, and solicited that the rent should be reduced to 17 Rupees per annum in consideration of the benefits which would arise to Cochin, and the public from such an establishment. In forwarding this application I pointed out that the indulgence solicited would amount at the end of 99 years (the term for which the lease was asked) to nearly 2,000 Rupees, and expressed my opinion that there was nothing in the circumstances of the case to call for special indulgence.

On the 30th October following the Board desired me to report what

Submitting with reference to the Board's letter of the 22nd December last his further opinion on the subject of a piece of Government ground at Cochin which Supporjee Herjee holds on a rent of 240 Rupees per annum & which he solicits he may be hereafter permitted to hold on a reduced rent of 17 Rupees per Annum in consideration of the benefit which would arise to Cochin & the public from his erecting Cotton Screws thereon & forwarding also a plan of the Ship building ground at Cochin with a memorandum of particulars relative thereto.

Received 3rd July 1846

what security Suspurjee could produce for the fulfilment of his proposal to lay out a large sum on account of the Cotton screws.-

On the 9th December I forwarded a reply from Suspurjee Jerjee to the effect that he had already, trusting to the liberality of Government Commenced the erection of his Screws and that the work was so far advanced as to ensure it's not being abandoned.-

The Board on the 2nd December desired my further opinion on the matter, and in reply on the 7th January last, I stated I would address them again after a visit which I had it in view to make to Cochin- Circumstances prevented my carrying out my intention till lately when I passed 6 days at that place- One of the first visits I made was to the Cotton screws- I found the walls of a very extensive masonry building already erected and Covered with a temporary thatch roof- The Cost of this building when Completed I understood would be some 20,000 Rupees- Two screws I found already at work- two more were to be put up shortly- The Cost of these I cannot

ascertain- They would probably Cost as much as those erected at Madras- The Completion of the whole establishment may be considered certain- This being determined it remains for the Board and Government to decide whether any, and if so what indulgence is to be shewn to Suspurjee Jerjee on account of his having been the first person to erect a work of the nature on this Coast.-

For myself I am compelled to abide by the opinion originally expressed that none is requisite- Suspurjee Jerjee cannot be looked at here in the light of a enterprising native who has ventured on a bold and hazardous speculation from which the public will, at least temporarily, benefit, by a novel demand for labour, whatever his fate may be Suspurjee Jerjee is not the only party Concerned in the affair- He is a partner as regards it with European Gentlemen one of whom is the head of a Mercantile house at Bombay. Now, it seems evident to me from the way in which the work has been Carried on without waiting for the Orders of Government,

=ment on the reference made that the reduction of rent on the Cocking Ground was a matter which on[illegible]ered cursorily into the Calculations formed and from what I saw and heard at Cochin I have every reason to consider that the parties engaged will not be deceived in their expect=ation of the Cotton Screws turning out a good Speculation, although they continue to pay the rent for the land on which they stand at the rate which has been always hitherto exacted and which, were the Ground unoccupied and vacated the Government could without doubt get from other persons now. In strong Corrobora=tion of my opinion I beg to remark, that so lately fixed as are parties at Cochin that Cotton Screws will pay and well, that there is believed serious intention of building others in rivalry or as supplementary to those already erected: although no Ground can be obtained for their erection at a cheaper rate than the[illegible] now pays.-

It was for the purpose of erecting screws to press Cocoanut Husks that this very Ground was applied for in 1839 by Messrs. Wilson Archer & Co. of Colombo at a rent of 240 Rupees for 15 years. The arrangement was not completed owing to Mr. Archers death.-

In compliance with the instruc=tions contained in the latter part of the Board's letter of the 22nd December I beg to forward herewith a plan of all the ship building grounds at Cochin with a Memorandum containing various partic=ulars relative to each of them.-

No. 1 Plan.-

No. 2.-

Memorandum of the Building yards of Cochin.-

The yards are 10 in number - and are all on the banks of the river - Their dimensions and situation were fixed by Mr. Lensington, an Assistant to the Collector of Malabar some 25 years ago - Their leases as a general rule, are resumable at the Government pleasure - In some few instances a more definite period has from time to time been fixed - Further particulars will be found attached to each Number.-

No. 1. Comprised an area of 345 feet in length and 155 feet in breadth - From the present depth of water in its vicinity it is not adapt=ed for building large Vessels on - It could be made so by reclaiming the Land which has been

8539. Fort St. George 29th June 1840.

been encroached on by the renter (vide letter from the Fiscal of Cochin dated 30th September 1845 and one from Captain Cotton dated 19th November 1845) at no great expence, but it had for some time past been looked on as more valuable for warehousing purposes than for ship-building. It was taken up in 1835 by Mr. Caldecott on a lease of 5 years at the tariff rate of 240 Rupees per annum, but before the expiration of that period he proceeded to England and transferred it to Messrs. Archer Wilson & Co. These Gentlemen proposed to the Collector to continue in its occupation for 15 years at the same rate (240 Rupees per annum) with the view of erecting sheds for expressing Cocoanut husks. The arrangement was broken off by Mr. Archer's death and the Ground was transferred to Sapporjee Herjee. The lease was renewed by this individual for two years successively after the termination of Mr. Caldecott's term of 5 years on the same rate as had been paid by that Gentleman and afterwards by Messrs. Archer & Co. Its renewal for a third year

8540 Fort St. George 29th June 1840.

in conjunction with No. 2, was declined on the ground of Sapporjee Herjee not having acted fairly in throwing up two less valuable Spots of Ground No. 7 and 9, so abruptly that they were not let again without much delay and loss. The details of the case will be found in the annexed letter. The question was not finally adjusted, tho' temporarily so when Sapporjee Herjee made his application to be allowed the use of this Ground No. 1 for 17 in place of 240 Rupees per annum in consideration of his erecting Cotton sheds on it.

To Sapporjee dated 12th January 1845.

No. 2 Comprises an Area of 190 feet in length and 170 feet in breadth. This Ground will admit of large Vessels being built on it. It has been held by Sapporjee since 1837 at a rent of Rupees 190 per Annum, being 10 Rupees in excess of the tariff rate.

Nos. 3-4-5 & 6. Comprise Areas of 110 by 150, 63 by 135, 45 by 120 and 45 by 105 feet respectively as per Plan. The tariff rates for these Grounds were fixed at Rupees 120, 40, 30 and 30 per annum but during a time of depression, in 1831, they were taken up at the reduced rates of Rupees 4-2,

11

8541 Fort St George 29th June 1840

Rs a Rs as
11, 6-12, and 8-12 per annum by certain petty Merchants, who use them merely as Compounds for their shops and residence on the condition of being given up whenever called for by Government - These rates I consider far too low, considering the present demand for river Ground, - and have warned the present tenants I intend to increase them -

Nos 7 & 9 Comprise Areas of 180 by 85 feet, and 290 by 130 feet respectively - These like No 1 were taken up by Mr Caldecott in 1835 for 5 years at the tariff rate Rupees 180, and Rupees 300 per Annum, and on his departure for England transferred to Sapparjee who, at the expiration of the 5 years renewed the lease for two years Successively - His application for their renewal for the third year, was also Complied with but without assigning any sufficient reason he Suddenly declined to Continue renting them (as already mentioned in my remark in No 1) - They laid untenanted for some Months before they were leased out again - The present tenant has offered to take them in conjunction with No 8 (Vide next No) for 5 years more, at the full tariff rates, but I think it better to invite public tenders for them -

Neither

8542 Fort St George 29th June 1840

either of these numbers are fitted, without a few alterations, for repairing large ships and are more suited for warehouse purposes -

No 8 Comprises an Area of 225 by 140 feet - The tariff value fixed for this yard by Mr Kensington was Rupees 300 per annum, a sum which of late years has been regularly realized and will no doubt be realized for the future (vide notice on last No) -

No 10 Comprises an Area of 390 by 250 feet, since the time it was marked out by Mr Kensington it has been in the hands of Mr Roney Queiroz, a Ship Builder who has always paid the tariff rate fixed on it of 240 Rupees per Annum - It was originally sufficient to build 2 large Vessels on, but from encroachments by the river there is now only room for One - Offers have lately been made however to restore it to its former condition at an expence of from 3 to 4,000 Rupees and it is probable this will be arranged without any deduction in the original rent - It is possible indeed as there are competetors, that the rent will be increased instead of diminished, notwithstanding the large outlay -

No. 10 it will be seen from the plan is in the vicinity of No. 1.-

To,
Sapporjee Sherjee Esqr.
Cochin.-

Sir,

I have been led to look into all the circumstances connected with your holding building Grounds at Calvetty.-

It seems that the Grounds No. 1. 7 and 9 were rented to Mr. John Caldecott for a term of 5 years in 1835 and made over by that Gentleman to you on the conditions on which he had taken them from Government. Viz. to pay the rates fixed by Mr. Kensingtons tariff.-

No. 2 was rented by you direct from Government for a term of 5 years Commencing from March 1837 at a slight advance on the rate fixed in the Tariff. On the expiration of the term of the leases of No. 1, 7 & 9 you requested that these Spots of Ground should be allowed to remain in your hands for a further period of one year, as it would be very difficult to clear them before that time of ship building and other materials No. 2.

You

8544 Fort St. George 29th June 1840

requested a wish to retain for 3 years more.- you expressed

In order to suit your Convenience, orders were issued to give you a years further lease of all these Grounds- you availed yourself of this permission so far as the more valuable Spots No. 1 and 2 were concerned, but threw up the inferior lots No. 7 and 9 in a manner, that it was not without much delay and considerable Comparative loss that I was able to get them leased again.-

You now request that altho' the term for which you were allowed to retain No. 1 and 2 is fully expired, you may be permitted to hold them without any limitation but that of your own Convenience at the same rates you have hitherto paid for them.-

I am fully aware of the annoyance and (probable) loss to which you will be exposed in having to evacate these good spots No. 1 and 2, and am well disposed to deal liberally with you- But I am bound to look to the Government interests, as well as to yours, and feel that I should be chargeable with great neglect were I to allow the Inferior Grounds to be held at the easy tariff rates while the inferior grounds are held at rates very far below the tariff- If you will take the

8545 Fort St George 29th June 1840

the four Grounds Nos 1 2 and 9 at the tariff rates, well and good, if I can have them for any number of years you may propose. If not I must make such arrangements as will preserve Government from loss. In other words I must put Nos 1 and 2 to auction with the full belief that the extra sums obtainable from their privileged situations will reimburse Government for the loss incurrable from the inferiority of Nos 7 and 9.

No 4.

To,
H. V. Conolly Esqre
Collector of Malabar

Sir,

With reference to your Order of the 23d Instant and its enclosure being extract of a letter from Sapperjee Kerjee to the Chief Secretary to Government dated 11th Instant respecting the building Ground No 1 I respectfully beg leave to report that having taken the accompanying deposition from Mr C. C. Poney Gueizelar Master Ship Wright it appears that in the year 1824 H. W. Kensington Esqre the then Assistant Collector of Cochin deputed him to sound the river, and with reference to

8540 Fort St George 29th June 1840

to the depth of water he in fixing the rent of the several building Grounds fixed Rupees 240 for the building Ground No 1 which is now in Sapperjee Kerjees possession for that rent. The sea has since encroached and washed away about 90 feet of Ground if this be reclaimed Mr Gueizelar entertains a fair hope that the said rent of Rupees 240 per annum can never be diminished because the Ground will then be available for building a Vessel of 600 and another of 300 Tons together. To reclaim the Ground washed away I think will cost about 300 or 400 Rupees at the utmost.

Messrs Wilson Archer & Co proposed in the year 1839 to take the said building Ground No 1 for the Tariff rent of 240 Rs per annum for the purpose of putting up a Screw for screwing the bales of Cocoanut husks for the English market on the terms and conditions specified in the accompanying paper, but the agreement was not entered into owing to Mr Archers subsequent death at Colombo.

The Ground of the late Mr Schaler has been given on a quit rent of Rupees 23-2-- as per annum as specified in the Grant No 1563 dated 13th October 1819 but not for Rupees 17-- as

as stated by Sapsporjee Ground
No. 1 is situated at the edge of the
river and being well adapted for
building Vessels the rent of it was
fixed by the Master Ship wright
at 240 Rupees per annum but the
others situated to the southward of the
high road are rented on different
terms and conditions for building
shops and Warehouses, therefore
there must be a vast difference
both in value and estimation between
the building Ground No. 1 and
the Ground for building shops
and Warehouses.-

Under the above circumstance
I humbly presume that considerable
loss will sustain by giving the
building ground No. 1 to Sapsporjee
Sherjee for Rupees 17 per
annum.-

Sir,

I beg to apologize for not
having sooner answered your letter
No. 1598 dated
9th October 1845 regarding the building Ground at
Cochin (No. 1) applied for by
Sapsporjee Sherjee as a site for build-
ings in which to erect Cotton screws,
but having expressed my opinion
to you verbally I considered the
question disposed of.-

I examined the Ground
when at Cochin and agree with the
opinion given by the Fiscal and
Mr. P. Gueizelar as to its value as
a building yard and have no doubt
of doubt that a rent of 240 Rupees
a year would be given for it even
in its present condition but I
would

would recommend a line of Stakes being immediately driven not only to reclaim the Space lost but also to save it from further injury, the cost of which should not certainly exceed 300 Rupees an exact Estimate for this by measurement could not be prepared by me, but can be furnished by the Fiscal at any time.

Submitting for orders letters from the Collr of Madura on the subject of the late change in the description of arrack furnished by the Commissariat Department to the offices for the supply of the retail abkarry dealers of Madras.
19 Jan 1846 No 25 1918.

I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letters from the Collector of Madura on the subject of the late change in the description of Arrack furnished by the Commissariat Department to this Office for the supply of the retail abkarry dealers of Madras.

2. From this it will be seen that the arrack usually issued by the Commissariat for the supply of the retail dealers is Columbo Arrack - but that in November last Batavia Arrack was substituted - This latter liquor was objected to by the Dealers who complained that their Customers would not purchase it and after a representation on the part of the Collector the issue of Batavia Arrack was discontinued and Columbo Arrack supplied as before. In the commencement of the present Month the retail vendors again complained of the quality of the Arrack furnished to them and on reference to the Commissariat it

8552 Fort St George 29th June 1846.

it was ascertained that the liquor supplied altho Columbo Arrack was of a different kind from that hitherto usually issued - that there was no other Arrack in store except that objected to and Batavia Arrack that no more Columbo Arrack was expected for a months and that its receipt even then was uncertain This change for the second time in the Arrack supplied to them has caused much dissatisfaction among the Abkarry Shopkeepers who state that their Customers will not purchase either Batavia Arrack or the kind of Columbo Arrack recently issued - Some of the dealers have paid their Dowle on the price of the quantity of liquor which they are under engagement to take daily but have declined to receive the spirits - One old shop yielding a comparatively large revenue has been given up - a second is about to be relinquished - and the holders of several others may not improbably follow the example - The Collector has experienced great difficulty in relotting the Arrack shops for the approaching Fusly and has only succeeded by making certain concessions which he explained in his letter to the Commissary General of 22d June 1846 and which may involve a sacrifice of the public revenue. —

The

3. The Board observe that the duty of furnishing the Collector of Madras with the arrack required for the supply of the retail venders has been vested in the Commissariat since the year 1815, and it does not appear that any inconvenience similar to that now represented, has been experienced from that time to the present Instly. The failure of the supply of arrack of the usual quality on the present occasion is probably owing to accidental causes, and will it is trusted be shortly remedied Meanwhile the Collector has been directed to procure if possible by purchase from private partees the arrack required for the use of the Abkarry Department until the receipt of the further supply expected by the Commissariat. As however it is obviously of much importance that arrack of the description which their customers have been in the habit of drinking should be regularly supplied to the Madras Abkarry Shopkeepers, both on account of the revenue derived from the retail sale of Columbo arrack in Madras which is shown by the Collector to average annually nearly two lacs of Rupees and also to prevent the irregularities which may be expected if the native consumers of spirits are forced to have recourse to illicit

illicit sources of supply, the Board have been induced to lay the Collectors letters before the Most Noble the Governor in Council for such orders as he may see fit to pass upon them-
